BAUGH ON THE STAND CONTRADICTS GARIEPY

Denies Having Fixed Books or Destroyed Cheques of Col. Stimson.

MOTHER IS A WITNESS

Swears Son Was in Hamilton Instead of Making Survey of Stimson's Office.

Yesterday morning's session of the trial of E. L. Baugh, the Montreal broker, was taken up with further evidence of Albert J. Gariepy, crown witness, who testified against Baugh on Tuesday. After Gariepy had completed his evidence and undergone cross-examination by Stimson's counsel, Mrs. Florence Baugh, mother of accused, was called to give her evidence. After Mrs. Baugh gave her statement Baugh was placed in the box. Several hours of the afternoon hearing was taken up with Baugh's evidence and at 6:30 court adjourned to take the latter half of Baugh's statement that he was not ready to go any further until the books were in his hands. He said that the books had been wired for and would be in hand when court opens this morning.

In her testimony Mrs. Baugh stated that on Tuesday, May 18, when it is alleged her son made a survey of Col. Stimson's office along with his former stenographer, Gariepy, her son was in Hamilton, in company with her. She said that they went to Hamilton to see a monument that had been erected on a daughter's grave. The letter sent by her to her son inviting him to go to Hamilton was produced, but the crown contended that Baugh's reason for coming to Toronto was to take the letter books from Stimson's office.

Flat Contradiction.

When Baugh took the stand he flatly denied that the evidence of the crown witness, Gariepy, was true, and gave his defence. Baugh avowed that he only received three cheques from the Stimson company, two of which he produced; the other he claims was held by the bank. He denied having ever fixed the books and also stated that he had never destroyed any Stimson cheques. Baugh showed how he had lost \$21,000 in a Porcupine mining deal. Out of this amount he claims Col. Stimson got \$18,000, and in his opinion what Gariepy said was "just a conspiracy."

Acting on advice of his counsel Baugh said he was not getting enough evidence from Stimson and that is why he took criminal action against Stimson in the courts at Montreal. He said that he had never seen the typewriter which Gariepy claimed the forged letters were typed on, and that in October Gariepy came to him and asked for the loan of \$100. Baugh said he refused him, but later lent him \$50. On June 1 he received from Gariepy in Toronto some extracts of letters out of Col. Stimson's office.

"Gariepy came to me and said that he had completed arrangements with a clerk named Cummings in the Stimson office, who would give the necessary information for \$1000, whereby I could get back my money from Stimson which he had got out of me by misrepresentation," Baugh was later denied by Cummings when placed in the box. Cummings denied ever having discussed such a proposition with Gariepy.

Sleuths Off the Job.

Baugh declared that he had met the

OWEN SOUND MURDERER ARRIVES AT KINGSTON

Herbert T. King Unconcerned at Reprieve. From Hanging Granted by Government

Special to The Toronto World.

KINGSTON, Dec. 22.—They would never hang a crazy man. This statement was made by Herbert T. King on arriving here this morning, the very day which had been set for his execution, for the murder of Eddie N. Nicholson, a 12-year-old boy at Owen Sound. He will spend the remainder of his life in the penitentiary. That he had such a narrow escape from the gallows appeared to have no concern for him whatever.

Well-Known Dominion Civil-Servant Promoted by Government.

By a Staff Reporter.

OTTAWA, Dec. 22.—An order-in-council has been passed appointing B. W. Sherwood of the auditor-general's branch to the position of assistant accountant in the house of commons. The vacancy was caused by the superannuation of Mr. Chamberlain, and the promotion of D. W. Cameron to the position of accountant. Mr. Sherwood who is a native of King's County, New Brunswick, has been for many years a well known civil servant.

WILL USE MOTOR FEES FOR UPKEEP OF ROADS

Government Announces Diversion of License Moneys to Public Works.

UNDER MINISTER'S CONTROL

Big Revenue Now to Be Expended by the Highways Branch.

For a number of years Ontario motorists have requested the Ontario Government to apportion the revenue from motor licenses to the construction and upkeep of good roads, and yesterday the government announced a change in the control of the motor license department which will bring about the desired reform.

Whereas, previously, Provincial Secretary Hanna has been in control of the motor license department, after the new year the office will be controlled by Hon. Mr. Macdormald, minister of public works, and will be under the direct supervision of the Ontario highways department. Previously the big revenue from motor licenses went into the general funds; now the highways department will be credited with such revenue and use it for highway improvement.

The minister of public works said yesterday that there would be no change in the location of the department altho he realized that it was one of the busiest in the buildings and might well occupy a more conspicuous place.

GO-BETWEEN ARRESTED IN TEUTON CONSPIRACY

Edward Justice, Formerly of Cork, Ireland, Spied on Troops Embarking at Quebec.

NEW YORK, Dec. 22.—Edmund Justice, a nightwatchman employed by the Atlas Steamship Company, a subsidiary of the Hamburg-American Line, was arrested by federal officers this afternoon charged with being a party to the conspiracy directed from this country against the entente allies by Paul Koenig and other German agents. With his arrest the authorities believe they have found the "missing link" in the Koenig case.

It is charged that, at Koenig's direction, Justice accompanied Frederick Metzler, who is also under arrest, to Quebec, and there sought to determine the number of troops being sent to the United Kingdom, what ships they would sail on, together with details of artillery equipment and other supplies being sent abroad.

It is alleged that such activities were part of a military plot directed from the United States, and as such violated federal statutes.

Justice, officials said, was born in County Cork, Ireland, and came to this country eight years ago. He is now a naturalized citizen.

The grand jury in the Koenig case finished its work today, but no indictments are expected until after Christmas.

"I went to Canada, but did not know it was a violation of neutrality," Justice told reporters.

Justice was released on \$30,000 bail, which was furnished by a surety company.

PLANING MILL BURNED.

LAKEFIELD, Dec. 22.—The saw and planing mill at Buckhorn, owned by D. N. Stewart, was completely destroyed by fire of unknown origin, at a loss of \$4000, today. A quantity of lumber was also burned. The insurance amounts to \$2500.

KINGSTON ARTILLERIST COMMITTED FOR TRIAL

Pte. Frank Bennett Accused of Forging Cheque on Orphans' Home.

Special to The Toronto World.

BROCKVILLE, Dec. 22.—Pte. Frank Bennett of the Royal Canadian Horse Artillery, stationed at Kingston, was committed for trial in the police court today on a charge of forging a cheque for \$45 on the superintendent of Fairknowe Orphans' Home. Bennett comes from Junctown, and he came to Canada from Scotland four years ago.

Three Toronto officers, Capt. Seymour Bullock, Lieut. J. H. Price and Corp. J. Mori of the 97th Canadian Battalion, are spending some time in Brockville, in a campaign for enlisting men of American parentage who desire to go to the front in the American Battalion.

LORD DERBY'S REPORT CONSIDERED BY CABINET

LONDON, Dec. 22.—Apparently there is no prospect of the results of the Earl of Derby's recruiting campaign being known until parliament re-assembles on January 4. Lord Derby's report was under consideration by the cabinet today, but Premier Asquith told the house of commons that he would be unable to make a statement regarding it before the adjournment tomorrow, adding that the information would first be given parliament.

An interesting collection of pictures is on view at the studio of F. M. Bell-Smith, 336 Jarvis street.

moving picture man Haines, who is alleged to have offered to get Gariepy to Buenos Ayres for \$5000. He made an appointment with Haines at the corner of Queen and Bay streets. Two private detectives were engaged by Baugh to watch Haines when they met that they could testify against him. Baugh said he met Haines outside the Hippodrome in the afternoon and they walked around the block several times, but the sleuths according to Baugh, were not on the job.

J. Cleveland, a local mining man, was called by Mr. Robinette. He said that he saw Baugh on Nov. 18 walking up Coburn street with Haines. Mr. Greer sharply cross-examined the witness, who is an intimate friend of the accused. Mr. Greer asked Cleveland if he was sure that he had seen Baugh on the 18th. He replied yes, but later said it was on a Friday. Greer said that Baugh had not been released from jail until late in the afternoon of Nov. 18, and after some little discussion between the some litigator and Mr. Robinette, the matter was allowed to pass.

DOMINION MAY DOUBLE EFFORTS TO WIN WAR

Sir Robert Borden Delivers Inspiring Message to New York Canadian Club.

NEW YORK, Dec. 22.—Sir Robert Borden, prime minister of Canada, was the guest of honor today at a luncheon given by the Canadian Club in the Hotel Biltmore. Two hundred members of the club and their friends were present.

J. Emery McLean was toastmaster. Sir Robert Borden spoke of his visit to Europe last spring.

"My visit to the front in France left on my mind many impressions which will remain forever," he said. "Canada," Sir Robert said, "has sent forward very large forces, indeed, but our efforts may have to be doubled. What we have done in the past may be taken as a token of what we are prepared to do. I bring to you this firm assurance that whatever sacrifices this struggle may entail, we are prepared to carry them to the end. And we are all the more ready to assume and undertake them because we do, in truth, believe that they are not only necessary to the life of Canada and of the mother country, but that in making them we serve the cause of humanity and civilization and the future of the world."

Lieut. J. J. Brown, who is here in command of the detachment of Australian Cadets making a tour of the country, said that the same spirit which animated the Canadians to be found also among the Australians and the other dominions of Great Britain.

A joint toast to the President of the United States and the King of England was drunk standing.

VELVET IS FAVORED FOR MIDWINTER WEAR

Most Model in This Material Have Jumper, or Over-bouse, Cut Sleeveless.

DARK SHADES POPULAR

Russian Green and Joffre Blue Share Honors With Black in Popular Esteem.

Velvet suits are made with coats quite long, skirts gored, yoked and short, and most of the best models have jumpers or over-bouses cut sleeveless and low to display the pretty new features of the soft blouse worn with this effective costume. Velvet has always been the favorite material for mid-winter street suits, for the combination of this handsome material with any amount of good fur is sure to result in an attractive out-door costume. As in previous seasons, black is very popular this winter, but shares the honors with several attractive dark shades—namely, Bordeaux and Garibaldi red, Russian green, dark brown and Joffre blue. In colors at large the military note is constantly emphasized and frequently hinted at, in trimmings of broad buttons and coat ornaments. Conditions Affair Styles.

Styles too, are influenced by present conditions and some of the most charming modes now being shown feature Russian and French notes in separate coats and suits, while peasant designs and souave jackets distinguish floor frocks of authorized design. Fur of course is the trimming paramount for both indoor and outdoor costumes, but braid is very popular and appears in many widths, designs and modes of application, to enhance the faultless and swagger cut of the season's best creations. Cloth buttons are not as much used as those of bone, and novelty designs but pierce buttons of fur are favorites at present.

SIX NATIONS WOMEN THANKED BY QUEEN

Her Majesty Acknowledges Gift of Hundred Dollars to Patriotic Cause.

TOYS FOR CHILDREN

Women's Sportsmen's Patriotic Association Arrange for Big Christmas Distribution.

The thanks of Queen Mary have been sent to the women of the Six Nations' Patriotic League, for their gift of \$100 sent thru H. R. H. the tomorrow to thousands of children and the wives of men who are off preparing to answer the call of King and country.

Tickets have been distributed, and a Christmas tree and seasonal entertainment will make the recipients feel that they are not forgotten, and the burden of separation will be lightened at least for the time being by the purchase of a bed in a hospital. Compliment of the thanks is a message of appreciation of the services of the late Lieut. Cameron D. Brant in the interests of the Empire.

Yesterday the members of the ladies' committee of the Sportsmen's Patriotic Association, who have been working at Massey Hall during the past week, put the finishing touches to the parceling and labeling of the thousands of toys and other good things that are to be given away today and thought of those who initiated the festivities.

Queen Visits Hospital. In a cable from Col. Hodgkiss to Col. Noel Mansel it is said that Her Majesty Queen Mary, accompanied by Lady Evelyn Cook, visited last Saturday the King's Canadian Red Cross Hospital, which is in process of reconstruction. Her Majesty was presented a supply of games for the recreation room. Her Majesty was received by Sir H. Kepple, Sir Douglas Dalton, Surgeon-General Jones and Col. Hodgkiss, the Canadian Red Cross commissioner in England.

TO ADMIT WOMEN. By a three-fourths majority vote the Architectural League of the United States have voted for admitting women to their ranks on equal terms with themselves.

SPIRIT OF CHRISTMAS AMONG THE SHOPPERS

Last Minute Purchasers Good-Naturedly Overlook All Petty Annoyances.

TWO MORE DAYS LEFT

Wild Rush of Tardy Purchasers is Trying for Those Behind the Counters.

Only two more Christmas shopping days. The snow has just come along in time to give the additional Christmas feeling, and already the stores are crowded from early morning until closing time, with a feverish collection of men and women, buying as if their last hour had struck.

Street cars and sidewalks are crowded with fathers and mothers, old folks and young folks, all bent on the same errand. The spirit of Christmas abroad, and country cousins invade the city stores in batches.

Scrap of anxious conversation that float across the aisle of the downtown cars are: "I haven't the faintest idea what to get John for Christmas; you know, he never wore those ties I got for him last year, and I have been down four times already to try and find something."

John is evidently going to be responsible for some late shopping here! Men Also Shopping. Men seem to do a great deal more shopping nowadays than a few years back. Women do not by any means predominate in this Christmas rush. At this season, every store, small and large, gets its share of patronage, and there is much scrambling and hurried selecting, the crowds are wonderful, indeed, what a difference the Christmas spirit makes, an extra squeeze in the elevator, or a bump from someone rushing past, which at other times would call forth a sharp comment, is met with a smile, and an apology. Everyone is carrying some

MEMBERS IN KHAKI BOY SCOUTS' GUESTS

Those With City Regiments Entertained at Headquarters Last Evening.

At the headquarters of the Boy Scouts, corner of Bloor and Sherbourne streets, a social, tree and easy reception was given last evening to scout members who have enlisted in the various regiments.

A great number of scouts have already ready to go to the front. These were each sent a parcel of Christmas cheer, and the association felt it would be good to do something for those who are still in the city.

A glowing log fire welcomed the men as they entered the reception room, with plenty of magazines and easy chairs. In another room a generous buffet overflowed with all the good things dear to the heart of every scout, big or little. Junior scouts acted as waiters. Cigars and cigarettes were provided for those who smoked, and candies for the non-smokers.

With speeches and various entertainment a very happy evening was spent by all present. Scout Douglas Stanbury sang several songs.

The reception committee was composed of the following: Scout Commissioners H. G. Hammond, Garfield Gibson, A. T. Brown and Sir John Eaton.

GIFTS FROM CANADA TO SECOURS NATIONAL

Contributions Reach Substantial Sum of Three Hundred and Fifty Thousand Francs. The sum of 350,000 francs has been contributed by Canada to the Secours National, the organization for the relief of the French people. The society has received a total of 10,500,000 francs, of which 9,000,000 was contributed by France. The sum of 600,000 francs has been expended on meals, employment for women and assistance for children. In addition 200,000 francs were appropriated for the invaded departments. Most of the donations of clothing have been received from the United States and Canada, and make in all a total of 200,000 garments. The Secours National is caring for the prisoners returned to France early in the war, and who are in a wretched condition of want.

DECIDE ON BRIDGE FOR MOUNT PLEASANT ROAD

Board of Control Adopts Steel-Concrete Construction and Saves Money.

RAPID TRANSIT REPORT

City Orders Two Thousand Copies Printed for Distribution.

Will Mount Pleasant road bridge be constructed of reinforced concrete or concrete and steel? That question bothered the members of the board of control to some extent yesterday, but the result of the debate was that the board decided to recommend the cheaper structure, steel and concrete.

The bridge matter has been before the board on numerous occasions, and a majority yesterday felt that the whole thing should be cleared up at once. Mayor Church favored the concrete bridge, even though it would cost some \$12,000 more than the other, but Controller Foster strongly objected to the heavier expense. Controller O'Neill pointed out that the extra money meant some \$600 in interest every year, and for that reason opposed the mayor. Controller Spence and Thompson also favored the least expensive. The steel and concrete bridge, such as recommended by a majority of the board, will cost \$23,098, while the concrete would cost \$15,489.

It was decided to have 2000 copies of the rapid transit report printed at a cost of \$4000. These will include volume two containing the plans. Controller Thompson was of the opinion that the people should have all the information necessary on the scheme in order to properly judge their merits when a vote is taken. For the information of the general public 4000 more copies will be printed on a cheaper paper than the first at a cost of about \$600. There will be two plans with these copies, and it was arranged to have the other plans in committee room number two, where the public may inspect them.

A deputation consisting of Ed. Wakefield and C. Cumming, representing the Ward Seven Ratepayers' Association, asked the board of control to refer back to the property committee a clause in the latter's report regarding the proposed change in the location of the Humber boulevard. There was no discussion and the request was granted.

IT'S NOMINATION DAY EXCITEMENT NOT KEEN

Candidates for Mayorality and Board of Control Announced This Morning—Others Tonight

To-day is nomination day. Those who have made up their minds to be candidates in the coming elections will have their names announced today, and if it is to be a quiet day, the public will know who, why and wherefore this morning.

The candidates of all the parties are the most important of the year for those seeking municipal honors, and although there has not to date been a great deal of interest manifested in the elections, the program will go a long way towards kindling a greater interest.

Tonight, in the various wards, those who have decided to run as aldermen and school trustees will be proposed, and it is in ward five that the greatest excitement is expected.

GENEROUS REDUCTION

Hydro Commission Holds Conference and New Rates Will Be Known Soon

The Toronto Hydro-Electric Commission held a conference yesterday afternoon and it is understood a reduction in rates was discussed. However, no information was given as to the conclusion of the meeting, although it was stated that the amount of the rate will be announced within a short time. The new rates are to go into effect Jan. 1.

CITY HALL NOTES

It was announced last night that Joseph Nottidge, the well-known bass singer, will be a candidate for aldermanic honors in ward four.

Two thousand dollars is wanted by Mayor Church for publicity purposes to push the hydro-railway bill. At that he is asked for \$2500, but the \$500 was the offer.

It was announced that there will be a banquet at the Hotel Hamilton, Harry W. Woodcock being the guest of honor, for aldermanic candidates. The banquet will be held at 11 Lake Street, New Beach.

There were 240 marriages in Toronto during 1915, compared with 242 in 1914 and 206 in 1913. There were 227 deaths, a decrease from 191 year.

At the Council's office yesterday that of William G. Woodcock had not been received with him, and it could not be ascertained why the same had not been received.

George Birdwood, a former member of the board of control, is a candidate for aldermanic honors in ward five. Mr. Birdwood is a well-known figure in the city, and his nomination is expected to be a surprise.

NON-RESIDENT PUPILS PRACTICALLY BARRED

School Management Committee Favors Keeping Them Out of High Schools.

BUILDINGS MISUSED

Chairman Hodgson Urges More Care in Permitting Use of Schools to Outsiders.

The management committee of the board of education yesterday refused to lend its patronage for fee-paying pupils to non-resident pupils in connection with a communication from Allan Sullivan asking the committee to endorse a motion to be shown at the Alexandra Theatre.

The recommendation that non-resident pupils be admitted to public schools on a fee of three dollars per month was adopted and non-resident children living with legal guardians will be treated the same as resident pupils.

Bars Non-Residents

There was considerable discussion regarding the admitting of non-resident pupils to high schools and as the high schools are pretty well crowded a motion practically prohibiting their attendance carried. It was put by Dr. Noble, who moved that the statutory provision be adhered to.

Trustee W. D. Dinch noted a vote of thanks to Dr. G. J. Steele for his work as chairman of the committee during the year, and following a number of complimentary remarks by several members of the committee the motion carried unanimously.

Owing to the overcrowding at Earlscourt school a proposal was made to extend the school boundaries of Regal road school so as to admit some of the Earlscourt children, and a report will be obtained.

On motion of Dr. Noble it was decided to recommend Miss C. Rutherford for an assignment to Winchester school in place of Mrs. D. C. Meade, who has

Buildings Misused

Chairman Hodgson urged that more care be taken in allowing the use of school buildings for meetings of various kinds, the matter having come up in connection with a request from the Women's Home Guard for the use of McMurich school. The chairman has investigated the use of the schools and stated that 15,000 meetings had been held in the public and high schools of the city during the year, not including games that have been held on the grounds. He thought a report should be obtained as to the conduct of those who are using the buildings, as in some cases officials had found that those having the privilege were playing leap frog, jumping over the desks and generally abusing the furniture. "We should be careful as to how much further we are going to extend the use of our schools," he said.

HOW TO STOP SPREAD OF MEASLES EPIDEMIC

Dr. Hastings, M. O. H., Gives Some Rules Which Should Be Followed to the Letter.

Directions for the care of measles patients have been issued by Dr. Hastings, of the department of public health, this presentation being taken on account of the epidemic that exists, there being about 2000 cases in the city this month.

Even when cases look just like a cold isolate the patient in a well ventilated room preferably with southern exposure. Keep patient warm.

that the Canadian people were determined with the rest of the world to stand on the side of a successful coalition.

In his opening remarks, Sir Robert Borden referred to the New Zealand expedition in 1915, and a descendant of New Zealand more than 170 years ago,

to colonize the Annapolis valley. Sir Robert sketched the history of that colony, which always maintained relations with the New England States. He referred to confederation, the expansion of the Dominion since that event, and the great progress which has been made in the Canadian West.

Speaking of the war and Canada's part in it he said:

"The Canadian people immersed in the pursuit of material development have little more than a year ago a call and a test which couraged and tried the spirit of the nation. Until then Canada had known little of the actualities of war for a century. The course which she should pursue was entirely within the judgment and disposition of her parliament and people. From the first there was not the slightest hesitation.

United to Defend Empire.

"Should I have to choose between 1914 I took the responsibility of the decision of my colleagues, and I am glad to see the British Government's message which expressed our united hope that a general coalition of international difficulties might be formed and our people desire to see that every possible step be taken to which we can contribute."

possibly sanction. For this supreme reason the empire is strong in the day of trial.

"The outbreak of war found Great Britain utterly unprepared for military operations upon the tremendous scale which has been found necessary. Communication between our scattered possessions is essential to unity and continued national existence. Thus the fighting power of the empire is concentrated almost wholly in the navy established with no aggressive intention, and maintained solely for self-protection and self-preservation. At no time has there been any intention of aggression against any great military nation under such conditions was utterly inconceivable, for our military power was relatively insignificant. Apart from every other consideration the absolute lack of adequate military preparation for this war speaks for itself and unambiguously proclaims that the dominions which were allegiance to the British Crown followed the same course and earnestly desired to avoid war."

Our authorized force is now 250,000 and more than 200,000 are already under arms.

"Had our national spirit been adequately responsive to the nation's needs? For courage and devotion I point to the Canadians at Ypres, at Postribert, at Ghenvy. For self-sacrifice, I see the women yielding their dearest all for country's call and consecrating their lives to all missions of mercy. For the loyal and generous of our people I point to the millions for the Patriotic Fund, two millions for the British Red Cross Society, three and a half millions for the Canadian Red Cross and kindred societies, more than two millions for the starving and suffering of Belgium, at least three millions in other patriotic contributions from provinces and individuals, five millions in food products and other supplies useful in war, and the resources of the Dominion and the provinces at the disposal of the British Government. Men of great historical experience believed that subscription by the public at large to the recent war loan of fifty millions would result in a total of one hundred million, and exceeded fifteen. The public added seventy millions to the fifteen and the total subscription now stands at one hundred and ten millions.

New Epoch in History.

"I have spoken of all these things in order that you may truly comprehend what our course has been in this war and that you may perhaps believe that Canada has indeed been a living principle in a finer way than ever before. And our empire seems to us something greater than it was a year ago, when mighty armies from the dominions and dependencies arrayed themselves in its battle line. It is realized that the great policies and questions which concern and govern the issues of peace and war cannot in future be assumed by the people of the British Empire alone. Realizing to the full the tragedy of this war, we in Canada pray that the whirring loom of time may weave the highly events of the next twelve months into an abiding peace. But there is with us the most intense conviction that the cause for which we fight does truly concern the freedom of the world and that there can be no enduring peace until it fully prevails. In view of this conviction is an equally intense and unflinching determination to spare no effort and shrink from no sacrifice necessary to make so great a cause triumphant. Finally we have faith that this war heralds not the 'dies irae' but the resurrection of our civilization founded as it is upon so many centuries of aspiration, endeavor and sacrifice, with the humanity's struggle against the attainment of 1900 about which will be in vain."

ANXIOUS TO HEAR.

Professors at the University of Toronto have been asked to investigate the possibility of a new type of engine, which would be a hybrid between the internal combustion engine and the steam engine.

The investigation is being conducted by the Department of Mechanical Engineering, and it is expected that the results will be published in the near future.

The new engine is expected to be more efficient than the internal combustion engine, and it is also expected to be simpler in construction and easier to maintain.

THURSDAY MORNING, DEC. 23.

There Must Be No Merger

The reasons against the proposed insurance merger grow in strength every day, and we do not see how the government at Ottawa, as represented by the treasury board, can allow any such merger, so unfair to Toronto and Ontario, to be consummated. It is not in public policy from the local point of view, and it is not a good general policy to encourage this merger business at best. There can be individual cases where mergers would be permitted, if not justified, cases where the trust funds would remain in the same city or province, and where the employment of the parties associated with the company would, more or less, continue to be in the same province, and there would be no dislocation of far as local interests are concerned. For instance, we can imagine cases where, of necessity, it would be in the public interest that a weak insurance company should be joined up to a strong one, or that a weak bank should be put in a first-class position by being taken over by another bank in the same city or district. And we can even imagine that if Mr. Goodenham wanted to dispose of his interests for personal reasons, in the Manufacturers' Life, he could have gone to an Ontario company like the North American Life, or the Confederation Life, or even the Canada Life, and no great fault found with such a course.

But for the business men of Toronto and the people of Ontario to spend years in building up an insurance company, largely in this province, with their own labor, and for a staff of insurance men to assist also in this work, and then to have it all transferred away from Ontario and located in another province, and the cash accumulations also taken away from Ontario, cannot be shown to be good from any point of view.

It is not good policy to allow one capitalist, who has control of great trust funds, by reason of his shares in the company, to sell that control to another company whose head is ambitious to add to the millions he now controls, and in that way make him a monopolist of trust funds that really belong to the public. The Sun Life has all the opportunity it wants to do business in Ontario under its present organization, and it will be given every encouragement in that direction; but it is high time a check be put on the grasping operations of any individual, or group of individuals, in regard to trust funds belonging to the people, or paid by the people, to a local organization, and who put their money into that organization because they had confidence in the management.

The treasury board, we believe, is made up of Hon. W. T. White (minister of finance), Sir George E. Foster (trade and commerce), C. J. Doherty (justice), Dr. Reid (customs), T. C. Chagrain (postmaster-general). And over them, and responsible to the people, is Sir Robert Burden, prime minister.

Brazen Assurance

Brazen assurance is the only solid quality possessed by one controller, who desires to be returned once more to the receipt of \$2500 a year, so that he may preserve his private estate intact and occupy himself on such pleasant labors as reducing the salaries of the \$15 a week man.

Advertisement Advertisement

"15 per cent. reduction on needless maintenance charges in departmental work at the City Hall, does not mean 15 per cent. reduction on workmen's wages," says Controller Tom Foster.

COMMITTEE ROOM, 301 CROWN BUILDING, Queen and Victoria Sts.

His latest appeal is on grounds of retrenchment. This means 15 per cent. of wages for the little men. Ten-dollar-a-week men will get \$8.50 after the controller begins to retrench. Fifteen-dollar-a-week men will get \$12.75. And if he gets elected—by the usual means—he will sit back and point out his successful retrenchment campaign as a reason for giving him another \$2500. This is about the only original plan for retrenchment that has occurred to him, except the one of taking the street car tickets from men who had to cover miles of territory every day.

All his retrenchments would not have saved more than about \$2500 a year in his small meannesses, and the quickest way of saving this to the city, or at least of employing the amount to better purpose, is to send him back to the superintendence of his extensive property holdings, in which the medical officer of health has already given him considerable and necessary assistance, and letting some better man, like Aid Dunn, or Aid. Cameron, take his place.

No Conflict Between Bylaw and Report.

Those who are afraid to come out openly and attack the hydro radial bylaw are doing so in the old fashion thru anonymous pamphlets. One of these which has reached us is headed: "Sir Adam Beck asks us to act first and think afterwards." Sir Adam gave a sufficient answer to this lampoon at the board of trade.

The bylaw has been on the statute books for a year, and those who pretend they know nothing about it have themselves to thank.

The one thing that is being depended upon to defeat the bylaw is the transportation report, brought in by Messrs. Harris, Gaby and Cousins. It is alleged that the report and the bylaw annul each other, or are antagonistic in policy. This we are unable to see. We said at first that we believed they might have to stand or fall together, and it seems more than probable that should the bylaw be defeated, it would also be an end of the transportation report. We do not discover any innate hostility in the two policies for each other. Certain details in the report would, under certain circumstances, be incompatible with the bylaw, but the members of the transportation committee who drew up the report have already had this under debate, disagreed about the details and agreed to let them lie over. It is merely a matter of detail, not of principle.

Mr. J. W. Woods of the board of trade has assured us that we are wrong to attribute hostility towards the bylaw to Mr. Harris, but we have not heard anything yet in support of the bylaw from Mr. Harris, and are more inclined than ever to believe our first impression correct. Should this be so it means that Mr. Harris would be willing to wreck both the bylaw and the report for a mere detail as to who should control the loop line over which the radials might run to the centre of the city. Sir Adam has already said that the city would control the lines, and the radials would pay car haulage over them for the privilege of using them. What there is to object to under the circumstances we cannot perceive.

The Telegram has spoken at last, and we must recognize it as the distinction of Controller Spence to have awakened the sleeping lion. The Telegram is quite satisfied with the arrangements for the control of the city's rights, and that being the case, why should any more jealous guardian denur?

The enemies of the bylaw are doing the best they can to confuse the issue, and they lug in the transportation report on every opportunity in order to misrepresent the situation. The report is not before the people just now and need not be discussed. The carrying of the bylaw will not disturb any essential feature of the report, the most important parts of which do not come into force till 1936, so there is no hurry and no need to worry. The bylaw is a matter of immediate action and should not be delayed.

Straight Policy Best All Round

Guileless people who have been of the opinion that the fire department takes no hand in politics, and especially in elections, should study what is going on in Ward Two and other parts of the city at present. We have no quarrel with the firemen whatever, but they would consult their own interests considerably if they declined to be led around by political manoeuvres and wire-pullers who are not doing anything for the firemen as a body, but are merely using them for their own ends. Think of the folly of the firemen getting organized to support a candidate for the controllership, whose declared policy is to cut their wages.

No man who attends to his duty and minds his business can have anything to do with the effort to reorganize the fire department. The whole system of favoritism and "pull" which it may advance an individual here and there, is fatal to the welfare of the men as a whole. They should keep clear of these intrigues, and vote for men who are independent and really honest.

Those who descend to machine politics in their own interests will resort to machine intriguing when it suits them against the interests of the men. Whether the men are willing to see this or not they should be able to understand that those who do not play fair by the city will not play fair by the city's employees.

Controller Spence and the Bylaw

Controller Spence has done himself more harm in the last couple of months than in all his previous career. His wabbling on the radial bylaw is notorious. Before Sir Adam Beck left the board of trade meeting he seemed to be entirely in favor of it, and his first remarks followed in this direction. Then he began to conciliate the opposition element on the board, and it was clear he had no solid support for the bylaw in him.

His facts must be as misleading as those he brought up against the late Mr. Wickert, when that gentleman bowled him over with a few irrefutable points.

If Controller Spence is looking for support from the section of the board of trade council which hopes to bring in an adverse report against the bylaw, he is counting on poor material. Even should such a report be presented it would only help to carry Mr. Spence to defeat. We fancy Mr. James Simpson would attend to that.

A GOOD SUGGESTION.

Editor World: In view of the fact that recruiting in Toronto is becoming a troublesome problem, and in view of the fact that a large number of single fellows will have to be shamed into enlisting, new methods will have to be employed. It is by no means a new suggestion that I make, but it is one that has met with satisfaction in front. The sooner this innovation is made, the sooner the other fellow will get into the khaki, and, incidentally, will save those who are physically unfit from many sneering remarks.

GIVING PUBLICITY TO HYDRO RADIAL PLAN

Number of Meetings to Be Held at Which Scheme Will Be Explained.

Mayor Church is determined to give as much publicity to Sir Adam Beck's hydro radial bylaw as possible between now and election day, and has mapped out a series of meetings extending as far as Fort Credit. The suburban meetings commenced last night at Port Credit, where the mayor and T. J. Hannigan, secretary of the Hydro Radial Association, spoke. Other meetings include one at Etobicoke Schothouse No. 15, on Dec. 28, at which the mayor and J. W. Lyon will speak; one at Long Branch, on Dec. 30, when Mayor Church, Mayor Walters of Hamilton, T. J. Stewart and W. S. Davis, will give addresses.

On Dec. 28, 29 and 30, T. J. Hannigan and S. Carter, M.L.A., of Guelph, will give addresses in Toronto on the subject, and the Riverdale Business Men's Association, Earlscourt, Beaches and Canadian Ratepayers' Associations, will hold mass meetings.

CRUDE TARTAR EXPORTS TO STATES PERMITTED

Decree Stopping Shipments of Product Recinded by French Government.

PARIS, Dec. 22.—Upon the advice of Alexandre Ribot, minister of finance, the government has rescinded the decree prohibiting the exportation to the United States of crude tartar and its by-products, which are used to a large extent in America for bread raising. In ordinary years these articles are exported to the United States to the value of about 9,000,000 francs. The tartar comes from deposits in the wire casks. Its exportation was prohibited because it was believed to be an element employed in the manufacture of certain explosives, and it was suspected the ultimate destination of the tartar was Germany.

Premier Briand Receives Secretary Bernard of Society and Praises Work.

PARIS, Dec. 22.—In receiving Jean Bernard, secretary of the Society for the Protection of French Interests in Neutral States, today, Premier Briand gave assurance the French Government would lend its aid to the project. M. Bernard announced that a branch already was in operation at Copenhagen, and that others would be established soon at Zurich, Lisbon, Bucharest, Lima, Peru, Buenos Aires, Rio de Janeiro and San Francisco.

SIX THOUSAND PARCELS SENT FOR CANADIANS

Red Cross Remembers Men at Front, Sending Christmas in Trenches.

LONDON, Dec. 22.—Six thousand parcels were sent by the Canadian Red Cross this week; to the soldiers of the Dominion serving all over the war zone and in hospitals in England. Each one going to the front contains a pair of gloves. Each one sent to the hospital contains a jigsaw puzzle, one of the most popular of small gifts for wounded men. Guthrie Reid is sending Canadians on Christmas Day is almost embarrassing. Several hundred invitations received for entertaining Canadian soldiers on Christmas Day are being arranged to entertain on Christmas National Liberal Club will be repeated on a larger scale. Earl Grey has for a long time placed a box at Albert Hall at the disposal of the Canadian Red Cross, leave being granted fairly generously.

BERNSTORFF PEEVED AT PLOT EXPOSURES

Revelations of Conspiracies in United States Stagger Embassy's Assurance.

WASHINGTON, Dec. 22.—Continued prosecution of alleged plotters against American neutrality may prove a serious obstacle to complete settlement of the diplomatic questions at issue between the United States and Germany.

German embassy officials are discouraged at what they consider lack of fair treatment by the American press and the American public, that they profess they would not be sorry to see a breaking off of diplomatic relations with the United States.

It was said that Germany may not replace Capt. Boy-Ed and Von Papen, the attaches recalled on request of the United States, because of their feeing. The embassy is said to be particularly angered over newspaper attacks and attempts to "connect" German officials with plots against American neutrality.

OSLER RECREATION CENTRE.
After the regular junior gym class at the centre last night the boys took part in several ball hustles and relay races, concluding the evening with an indoor ball game, Plummer v. Kelly. These two teams put up a clever game. After five innings of strenuous play Plummer's team were returned winners, in the last innings his team cutting the ball hard and often. Osler looks decidedly strong in hockey this year, and when the different sections start expect to have four teams in action.

BELOW STANDARD MEN WILL DO GUARD DUTY

Military Authorities Will Use Them to Relieve Physically Fit for Overseas Service.

HIGHLANDERS' STAFF

Official Approval of Appointment for Lt.-Col. Duncan Donald's Battalion.

Many men who are not quite up to the standard required for overseas infantry service will now be accepted for enlistment, and given guard duty in Canada.

This new decision to have men do active service in Canada will apply to men who thru minor defects, such as flat feet, hammer toes or slight varicose veins are unable to qualify for overseas.

Enlistments This Week Active service enlistments totaled 48 on Wednesday.

DEFINING AN AMATEUR IN AMERICAN COLLEGES

Definition Will Provide Against Selling Goods and Writing Fake Articles.

NEW YORK, Dec. 22.—That the intercollegiate Association of Amateur Athletes of America is approaching with all seriousness the tremendous task of providing this country with a definition of an amateur that all governing bodies will respect, was proved by the documents on the subject issued yesterday.

These suggestions are comprehensive, and never may be regarded as merely a phase of the intricate question that has been the subject of so much controversy since the case of Lester B. Brooks and others came into public notice.

The suggestions were sent today to all the delegates who are to attend Monday's conference. They will have plenty of time to peruse them, and consider their adaptability to the particular sports they represent.

The delegates will be asked to obtain an agreement on the vital questions before the sport in which he coached before an agreement on the vital questions before the sport in which he coached.

Club Swinging at Game When Wanderers Won

MONTREAL, Dec. 22.—Some oldtime scores were renewed by the players in tonight's scheduled National Hockey Association match between Wanderers and Caradinas.

The Wanderers were strengthened with the addition to their line-up of Gordie Roberts, until this afternoon one of the prominent holdouts of a hard game, was furnished when he appeared on the ice at starting time.

A general mix-up occurred when Sprague Coghorn and Neway Lalonde came together. Both the offending players were sent to the bench.

Wanderers won thru more accurate shooting. Play was generally even, but the Canadians appeared unable to find the goal.

COMMONS VOTED TO RAISE MILLION MEN

British Parliamentary Debate Dragged Wearily on Thru the Night.

SNORES IN EVIDENCE

They Interrupted Oratory Somewhat—Dalziel Joined Chorus of Critics.

LONDON, Dec. 22.—The debate in the house of commons on the supplementary estimate of the government providing for the raising of 1,000,000 extra men for the army continued until 1:30 o'clock this morning, at which hour the vote for the additional men was agreed to and the house adjourned.

The debate was carried on mostly by the opponents of conscription and those members who have been conspicuous for criticizing the government on the conduct of the war. Out of the small number of members present to preserve a quorum, many were asleep before 4 o'clock, the speeches being punctuated by loud snoring. Sir Arthur Markham complained humorously of these interruptions, asking at one point whether a Nationalist member was snoring at him.

Sir Henry Dalziel, in the course of a speech, declared that it had been demonstrated thruout the debate that there had been an unnecessary waste in the lives of the men by blunders made at headquarters.

TEUTONS SHIFT FORCES TO DECEIVE OPPONENTS

Aim Apparently is to Give Impression of Accession of Strength.

LONDON, Dec. 22.—Correspondents at British headquarters in France say that Dutch and Swiss reports regarding the coming German offensive in the west are received with indifference. They state that it is true that there has been much moving to and fro in the German armies lately, but it is believed that this can be interpreted as foreshadowing a general attack.

A staff officer is quoted as implying that the Germans are trying by constant movements to give the impression of a tremendous accession of strength. The correspondent of The Daily Mail says: "German preparations for a defence are much more conspicuous than those for an offensive."

The correspondent points to the erection of a new kind of field fortifications of considerable size.

ONE OF FORD PARTY DIED OF PNEUMONIA

Lloyd Bingham, Husband of Amelia Bingham, Actress, Victim of Voyage.

CHRISTIANIA, Dec. 22.—Lloyd M. Bingham, husband of Amelia Bingham, the well-known actress, and a member of the Ford peace party, died here today of pneumonia. He contracted pleuro-pneumonia aboard ship and was removed to a hospital the day after the Oscar II. reached Christiania. Arrangements are being made to ship his body back to New York.

The death of the party's chief entertainer threw a shadow over the Ford arrangements today, and it is possible meetings scheduled for this afternoon will be canceled.

AUSTRALIA NOT DISHEARTENED

Withdrawals From Gallipoli Have Not Shaken Confidence.

MELBOURNE, Australia, via London, Dec. 22.—George Foster Pearce, Australian minister of state for defence, in a speech delivered here, said that the Australians did not cavil at the withdrawal of the British troops from the Anzac cave and Suvla Bay regions of the Gallipoli peninsula. He declared that this move would neither lessen the determination of the Australians to see the war thru nor affect a new effort to raise men.

LYOYD GEORGE'S SPEECH AIMED AT KITCHENER
London Truth Believes One or Other Must Leave the Cabinet.

LONDON, Dec. 22.—The speech in the house of commons on Monday by David Lloyd George, minister of munitions, is characterized by Truth as "the last word in the keen struggle of the preceding months between him and Kitchener." The newspaper continues: "It obviously provokes or discloses a ministerial situation. It is not easy to see how, after this speech, Lloyd George and Kitchener can remain in the same cabinet."

SCHOOLS ARE CLOSED FEW HELD EXERCISES

Measles Keep Large Numbers From Attending Annual Christmas Festivities.

Children attending the schools of the city started on their Christmas holidays yesterday, and will not return until Jan. 4. Unfortunately the numerous measles cases spoiled a number of the school closings, as in many instances those who were to take part in the closing exercises were victims of the disease. During the last two months nearly 1000 pupils have been excluded from the schools on this account, no less than 210 incontinent cases having been discovered by the medical inspectors in that time.

It has not been necessary, however, to close any of the schools on account of the disease, and in the opinion of Dr. Mackay, chief medical officer, the regular morning inspection of classrooms has done more to prevent the spread of the disease than the closing of the schools would do.

KAISER IS A VICTIM OF BRONCHIAL MALADY

"Cellulitis" Compels Him to Remain Indoors—Illness May Prove Serious.

LONDON, Dec. 22.—An official dispatch from Berlin says Emperor William is ill and will be unable to make the visit he had planned to the western front.

"A slight inflammation of the bronchial system has obliged the emperor to stay indoors for a few days," said the announcement. A message received here today from Berlin describes Emperor William's illness as "zellenzuendung" (more frequently given as "bindegewebezuendung").

An authoritative medical publication gives the term as "cellulitis," and describes it as follows: "Inflammation of cellular or loose connective tissue, chiefly subcutaneous, but also of that between muscles and viscera, or surrounding various organs. It is characterized by the same spreading or atonic character as erysipelas, and is circumscribed or diffuse. The swelling is marked early by branching lines of lymphatics."

REITHORF'S CHARGES AGAINST HOTELMEN

Professor Says Chas. Knapp Refused Him Accommodation at Petersburg.

Professor Reithdorf of the Speakers' Patriotic League gave his evidence before the Ontario License Board yesterday in regard to his accusation that Charles Knapp, a Petersburg hotel-keeper, had refused him accommodation, threatened him, and used profane German language. The professor said that he was not the only man whom Knapp had refused to take in on account of his active interest in the war.

LIEUT.-COL. FEE WEDS.

OMBEKE, Ont., Dec. 22.—Lieut.-Col. Fee, officer commanding of the 19th Battalion, C.E.F., was married today to Miss Gertrude Grandy, youngest daughter of Mr. and Mrs. Hamill Grandy, at the home of the bride. The marriage was very quiet, only the immediate relatives being present.

HORSEBREEDERS DISCUSS CONDITION OF MARKET

Dominion Commissioner Says Remounts in Bond Have All Been Carefully Inspected

At a meeting of the Ontario Horse Breeders' Association, at the Carleton Hotel yesterday, W. Smith, M.P., in the chair, called to discuss the conditions of the Canadian horse market. John Bright, Dominion Live Stock Commissioner, said that out of the 30,000 horses bought in Canada, and all the additional horses brought in from the United States in bond, only 300 had been sold in the Dominion, and that all horses brought in were under the most careful veterinary inspection, and every precaution was taken to prevent contagion.

A committee consisting of John Bond, Quenesville; R. Graham, Toronto, and W. Smith, Columbus, was appointed to confer with the minister of agriculture relative to the buying of remounts.

A resolution was passed to the effect that the minimum valuation of horses be \$100, also a resolution congratulating the horse buyers of the French Government, who, in purchasing horses suitable for the French army, had avoided such purchases as would impair our breeding stock.

U.S. MEN TO FIRE BACK AT MEXICAN SNIPERS

Orders Issued Troops to Retaliate for Fusillades Across El Paso Border.

WASHINGTON, D. C., Dec. 22.—American troops at El Paso, the war department announced today, have been given orders to "return vigorously any further deliberate firing" from the Mexican side of the border.

Gen. Pershing, in command at El Paso, has reported that the firing which resulted late yesterday in the death of an American car inspector, was the deliberate act of a squad of Mexicans who appeared half a mile east of the international bridge.

American troops, the report added, were covering the whole river front. During the rioting in Juarez, the report said, there had been little firing and none towards the American side.

High Grade Metal Sales at Highest Price in Eight Years in the United States.

NEW YORK, Dec. 22.—With high-grade copper selling today at 20 1/2-21 1/2 a pound, its highest price since 1907, Wall Street looks for another boom in that industry. Metal shares were the chief features of today's market, American Smelting being more prominent, if not the strongest, while Anaconda, Utah, Inspiration and a half dozen less conspicuous issues followed, all at substantial gains.

BUYERS FROM OUTSIDE RAISE PRICE OF HOGS

Pay as High as Nine-Twenty-Five Per Hundredweight on Toronto Market.

SUPPLY RATHER SHORT

Not Enough Butchers' Stuff on the Market to Supply the Demand.

Receipts of live stock at the Union Stock Yards on Wednesday were 23 cars, comprising 252 cattle, 450 hogs, 173 sheep and lambs and 58 calves.

Butchers' cattle: Receipts were again light, not quite enough to supply the demand, which called for relatively strong prices. A few more light, choice quality steers and heifers would have found ready sale, judging from the manner in which more of the heavy cattle were sold by Rice & Whitley and bought by Harris Abattoir Co. at \$7.90.

Stockers: Few of either class were offered, not enough to make a market, and values were unchanged. Hogs and springers: Not many of these were offered and values remained unchanged. Calves: Only 82 of these were on sale and sold from \$4 to \$10.

Choice heavy steers at \$7.50 to \$7.75; choice butchers' steers at \$7.00 to \$7.25; good at \$6.50 to \$6.75; medium at \$6.00 to \$6.25; cows at \$5.50 to \$5.75; yearlings, \$5.00 to \$5.25; heavy calves at \$4.50 to \$4.75; light calves at \$4.00 to \$4.25.

Choice heavy hogs at \$10.25 to \$10.50; best veal calves at \$9 to \$9.50; good at \$7.25 to \$8.50; medium at \$6.75 to \$7.50; heavy fat calves at \$5.75 to \$7; common calves at \$4.75 to \$5.25; grassers at \$3.75 to \$4.50.

Sheep and lambs: The coarse, heavy-wooled sheep and lambs predominated, with prices shaded accordingly. The top few lambs reported \$10.50, and \$7.25 for choice light ewes.

Choice heavy steers at \$7.50 to \$7.75; choice butchers' steers at \$7.00 to \$7.25; good at \$6.50 to \$6.75; medium at \$6.00 to \$6.25; cows at \$5.50 to \$5.75; yearlings, \$5.00 to \$5.25; heavy calves at \$4.50 to \$4.75; light calves at \$4.00 to \$4.25.

Choice heavy hogs at \$10.25 to \$10.50; best veal calves at \$9 to \$9.50; good at \$7.25 to \$8.50; medium at \$6.75 to \$7.50; heavy fat calves at \$5.75 to \$7; common calves at \$4.75 to \$5.25; grassers at \$3.75 to \$4.50.

Choice heavy steers at \$7.50 to \$7.75; choice butchers' steers at \$7.00 to \$7.25; good at \$6.50 to \$6.75; medium at \$6.00 to \$6.25; cows at \$5.50 to \$5.75; yearlings, \$5.00 to \$5.25; heavy calves at \$4.50 to \$4.75; light calves at \$4.00 to \$4.25.

MONTREAL LIVE STOCK.

MONTREAL, Dec. 22.—Receipts of live stock at the Canadian Pacific live stock market today were 400 cattle, 920 hogs and lambs, 900 hogs, and 125 calves.

There was no important change in the condition of the market today for the \$2.25; good at \$1.02, track, Fort Ontario for January-February shipment.

On spot a case of 1000 bushels No. 2 wheat was made at \$1.02, track, Fort Ontario for January-February shipment.

There seems little reason to expect a change in the condition of the flour or mill and market prices being well maintained in the advance of the winter.

The demand for butter is in line with the season and is quiet, while eggs are active and firm.

MONTREAL GRAIN MARKET.

Samuel Montagu and Co. in their letter dated 2nd December, say: Silver, in only six working days the price improved from 24 1/2 to 27 1/2, more than 2 1/2 per cent.

The advance was accompanied by some speculative interest, and a certain amount of rise. In the circumstances it was to mark time.

Natural fluctuations were quiet with a slight upward movement. The market was quiet, the following extract from Times seems to indicate that the short-run of the silver market is not so satisfactory.

The 'master of the royal mint' is appealing to the suppliers of gold and silver to return to the return of the gold in an active circulation as speedily as possible.

LONDON STOCK EXCHANGE.

LONDON, Dec. 22.—Money and discount rates were steady. American securities were only occasionally dealt in.

The closing tone was quiet, the portion of the treasury mobilization scheme announced last small amount of American securities placed at the disposal of the treasury.
