DELIBERATE ATTEMPT AT SUICIDE IN CANAL

Was Out of Work and Despondent - Hamilton Street Cars Collide at Turn.

HAMILTON, June 12 (Special).—W. J. Gilbert of Mitchell, Ont., made a deliberate attempt to commit suicide this morning in the Dundas Canal. He was seen to walk into the water and go under. His struggles brought several people to the scene, and one of them, George Larmer, the well-known local boxer, went in after him. He succeeded in getting Gilbert, who was unconscious when reached, back to land, and then, with the aid of others revived him by artificial respiration. Gilbert says he had been out of work for some time and had become despondent. He had also been drinking. Last week he tried unsuccessfully to get work in Toronto.

Two street cars collided at the corner of King and James-streets on Saturday afternoon. Both were trying to get round the bend in the tracks from opposite directions at the same time. Nearly all the windows of both cars were shattered and their inmates badly shaken up and frightened. Some were slightly cut by falling glass.

When Thomas Branton of Winona woke this morning he was horrified to find the dead body of his wife beside him. Mrs. Branton was working up to last night and her death was due to heart failure. She was in the 73rd year of her age. The death took place at the city hospital to-day at Hamilton, Ontario, aged 73. The funeral will take place on Tuesday at Waterford.

Between 1 and 2 o'clock this afternoon fire broke out in the home of John Davis, on the Beach-road. As there were no fire fighting appliances in the vicinity the house was rapidly consumed. Mr. Davis loses everything he had, as he was not insured. A defective stove is supposed to have started the blaze.

MURDERER CAPTURED

Shot Foreman of Factory Because Pay Cheque Was Shaved.

LACROSSE, Wis., June 12.—Matt Heusinger, slayer of John Studier of Amsterdam, N. Y., foreman of the Wisconsin Pearl Button Works, was captured by the police in the woods near the scene of the murder, after an all night search thru the swamps. He was confessed that on Studier because the foreman shaved his salary check as cutter in the factory, claiming that Heusinger was not entitled to full amount for his workmanship.

PAPAL NUNCIO PROTESTS AGAINST ROYAL DECREE

Spanish Premier Intimates That Negotiations With Vatican May Be Broken Off.

MADRID, June 12.—Monsignor Vico, the papal nuncio, has formally protested against the royal decree, issued yesterday, authorizing edicts of non-Catholic religious societies to display the insignia for public worship at official ceremonies, on the ground that the government should maintain the status quo pending the result of the negotiations which are being conducted with the Vatican.

Realty and Building

One outstanding fact in favor of the real estate situation in Toronto at the present time is that parties looking for lots for building purposes are making special efforts during the half holiday on Saturdays to see properties which have been put on the market. This has been the case since the winter when the dealers in Toronto, and what with automobiles and expert salesmen, they are in a position to show intending purchasers just what they are seeking and in a very short time after they have seen the property to get them back to their homes.

Ontario, Toronto, Montreal and Quebec are now having the same experience and every year there are being sent to friends and parents large sums of money by younger members of families, who have taken up business in the west.

SHOT THE SHERIFF

MONROE BRIDGE, Mass., June 12.—While trying to arrest Silas Phelps an assault charge early to-day, Sheriff Edward P. Haskins of Colmont was shot and killed. An armed posse of several hundred officials and citizens has searched the woods all day for Phelps, who is armed with a double-barrelled shotgun.

GOULDING SMITH BURIED DURING HEAVY RAINFALL

Last Sad Rites Simple Yet Impressive - Brief Service at Convocation Hall.

With that simplicity which characterized all his acts thru life, the obsequies of Dr. Goldwin Smith, LL.D., D.C.L., philosopher, historian and litterateur, were carried out Saturday afternoon. There was an entire absence of ostentation or display, but withal there was an added dignity and reverence that was felt by every one present. It was peculiarly fitting that the public service should be held within the walls of the great university to whose development and growth he had given so much of his learning and wisdom; all the more so because his death occurring at a time when the supreme event of the academic year was being observed cast a pall over the gates of commencement.

Promptly at three o'clock Rev. R. J. Moore, vicar of St. George's Church, announced the hymn, "O God, Our Help in Ages Past." Dr. Smith loved the reading of the beautiful Hymn from the Anglican ritual, Newman's immortal hymn, "Lead, Kindly Light," was sung, after which Rev. W. Harris Wallace, pastor of Beverly-street Baptist Church, read the Scripture lesson from I Corinthians xv. 20.

NEW LINE OF RAILWAY WILL ENTER CALGARY

St. Paul Syndicate Said to Be Behind Big Development Deal in the West.

NELSON, B. C., June 12.—An important railway and development deal, that has been maturing for a couple of years, has been disclosed by Gardner and Carny Bros. of Kaslo, turning over to St. Paul syndicate, which is said to have unlimited capital, an option on coal and iron deposits near Cowley for a quarter of a million dollars. The ore is magnetic and assays 55 per cent.

EATON'S DAILY STORE NEWS

Our New York Letter

(From Our Own Correspondent)

New York, June 9.—All things come to him who waits, and now it is the belt-makers who are happy. During the Directoire vogue their faces were long indeed, and with the advent of the high-waisted skirt with which no belt was necessary their hopes fell flat. Now, however, belts are back again with a vim, and as the fancier the belt, the smarter the costume, there seems to be plenty of scope for the belt-makers' long-unused originality.

Even the foulard silk dresses have patent leather belts at the waist instead of the girdles or other finishes once deemed correct; and the coat that has not a belt, or the suggestion of a belt, is really the exception. Black varnished leather belts with dashing touches of red are very smart with black and white checked costumes, and there are Persian belts in lovely color blendings, for wear with dainty silk costumes. When there is a dash of red in the belt, it is repeated most fetchingly in parasol, pocket-book and some other belonging—may be the veil, and quite possibly the stockings, or "socks," as the woman of fashion now calls her hosiery.

The Frenchwoman, who sees to it that every least detail of her costume is equally chic, pays special attention to this belt question now, and from Paris come wonderful belts with inserts of silk under cut-out sections of leather, and with gay trimmings in the shape of buttons, clasps and buckles. Sometimes these clasps and buckles are worth a pretty little sum all in themselves, and a belt set comprising clasp and slides for the back, all mounted in a dainty leather case, makes a charming gift. Cut steel ornaments are especially handsome, and though these steel trimmings cost a bit more at the start, they may be used in dozens of ways as dress and hat trimmings in other seasons. Jeweled ornaments make some of the French belts positively Oriental in effect, and when these jeweled ornaments are combined with Persian beltings the result is very beautiful.

With white linen or duck skirts and white blouses the gay belts are especially smart; but such a belt should be worn only by the woman with a long and slender waist, the plain leathers being best for the stouter woman. Very handsome plain belts are of undressed kid with buckles covered to match, the only metal appearing on the belt being the little tongue of the buckle which passes through the eyelets. The stout woman also wears with her white skirt and waist a white linen belt with a pearl buckle, as in other years. These new lingerie belts are very dainty, and many of them are shaped so that they make the waist appear smaller than it is. The white linen belt should be laundered without starch, and should be large enough to fit around the waist without stretching the embroidery pattern.

A Far Cry From Sun Dial to the Wrist Watch.

In Ye Olden Time only the rich could indulge in the luxury of a timepiece, and even then it had to be built on a solid foundation to meet the sun always at the same angle. No allowance could be made for the northerly Summer sun, and consequently the sun dial was more or less of a faker—approximate, not accurate.

NOT SO THE MODERN TIMEPIECE
The wrist watch, the smallest type of timepiece in general use, is strictly accurate. We have them in guaranteed movements at prices running all the way from \$5 to \$25, and from that again up to \$100.

In the Former Class are silver-cased watches on silver mesh wrist bands, with a pretty Roman dial, at \$6.00

In Green Enamel, with a green strap, the case penciled with white and the enamel dial marked with Arabic numerals; has a 15-jewel movement \$20.00

Quaint "Demi-hunting" Cases, in gold, have a closed face, with a tiny circle cut from the centre of the lid, showing the position of the hands by an enamel dial on the outside of the case. \$16.00

Wrist Watches, on gold and gold-filled bracelets. Cost from \$7.50 to \$100.00

Special Watches and Watches of Other Classes we have in profusion, and you will find our prices extremely low, and our guarantee more than satisfactory. —Main Floor, Yonge St.

Patent Leather Belts the Vogue in New York

Arrayed in Fashion's most select styles, hundreds of fashion folk daily promenade Fifth Avenue. One of the prominent dress accessories noted was the patent leather belt.

The soft, shimmering, foulard dress was finished at the waist with a patent leather belt—Rajah suits, cream suits and wash suits were belted in with them, fancy coats used them in various novel ways, and with the separate skirt and waist they were seen everywhere.

In our stock, which ranges in price from 25c to \$1.00, are many that are shaped and curved, which, when properly adjustable to the figure, give an indescribable finish to figure and costume. Some are perfectly plain, others are in patent and dull leather combinations, others are in pleated effects or in fancy stitched styles, in medium and wide widths, all finished with neat black or gilt buckles. Select now, while assortments are here, and it's just now, when wraps are being laid aside, that you want a pretty, fresh belt. —Main Floor, Centre.

Culinary Comfort

If one may judge by the social columns, the community seems possessed of but two ideals—weddings and departures from town. Parents who are not busy marrying their daughters are intently engaged in moving their families to the Summer cottage. The annual exodus to the Island, to the Beaches, to Long Branch, to Oakville, to Roche's and Jackson's Points has begun in earnest. The warmth of the past few days has conjured up a picture of shady woods and cool, glistening stretches of lake, and any who can are preparing to hie themselves thither, in answer to the vision's call.

Gentle anticipations are invaded by a sense of practical requirements. Thoughts turn to the machinery that runs these happy retreats. The Summer commissariat demands close and careful consideration. The principles of haphazard picnicking work havoc on the temper and the health, not only of the housekeeper, but the household. Invention has perfected the question of equipment for the Summer kitchen in civilized or primitive regions. It is not necessary to relinquish the comforts of home in acquiring the delights of the rural abode.

Convenience

The Store has made a particular and comprehensive study of the question in the Store. The basement provides endless suggestion to those in search of convenience and excellence. From ranges to pie plates the list is complete.

The ranges are of two kinds—gas and oil, the former offering a line of choice from the splendid little two-hole stove, with oven, at five dollars and seventy-five cents, to the larger variety, with oven raised to one side, and shelf for pans arranged beneath, at twenty-five dollars, and including an ideal production with four top burners, broilers and oven, at fifteen dollars.

For the dwelling or camp beyond the reach of gas pipes, the reformation wrought in recent years in the oil stoves makes the lack to be little felt. The wickless blue flame stove, in which the oil generates into gas, providing an exactly similar effect, is a truly wonderful achievement. Small two-wick stoves by the addition of an extension plate are rendered capable of accommodating a large supply of pots and kettles, while an alcohol stove, free from odor or smoke, is an excellent appendage for picnics or motor expeditions.

Many Devices

A roomy, galvanized ice-box at two dollars and seventy-five cents is a capital device for the cool and safe-keeping of food where a more commodious contrivance is out of the question; a charcoal iron answers the need of many rusticated laundresses; a portable sink is appreciated by those whose cottage leaves much to be desired in the way of modern convenience, while the whole large and attractive display of Elite enamel ware fulfills every requirement of durability and cleanliness in the line of kitchen utensils.

The Ideal Cupboard

Taking the elevator to the fourth floor, the customer will be shown all that scientific manufacturing has achieved in the building of a sanitary and reliable refrigerator. "The Challenge," at twelve dollars and seventy-five cents, is a good example of the merits derived from cleanable flues, circulation of air, and adjustable shelves. On the same floor the latest word in kitchen cabinets is to be found, and capital repositories they are for flour, sugar, spices, essences, and all the sundry accessories of baking, including ample table space for mixing, paste rolling and general working.

Montreal Tied the Blue Shirts But Torontos Won in Overtime 6-3

Torontos Were Ahead 3 to 0 to Last Quarter, When Montreal Scored Three and Tied Score.

One of the greatest and most exciting games ever played on any field, considering the conditions, Toronto won from Montreal a N. L. U. championship match yesterday afternoon. It took them 20 minutes overtime to do the trick, the score at full time being 3 all. The Blue Shirts had all the better of the early stages of the contest, leading at the end of the first quarter by 1 to 0, and at half time, 3 to 0, there was no scoring in the third quarter, which was the fastest played of the match. In the last quarter the Torontos grew careless, and the champions tied up in score with the locals had four men on the fence.

Two extra periods of ten minutes each showed their superiority, scoring the goal that broke the tie in several minutes. On changing ends, they scored two more, the Montrealers, who had led two men short at the time, Toronto scored to win on the field. Toronto had more speed all round than the visitors, and but for hard luck in shooting would have won inside the regular time. Fitzgerald's absence from the team weakened the attack, but Anderson played well and figured in the victory. Much of the credit of the win belongs to Kalk and Barnett, who did great work all day, the former, along with Dandeno doing the bulk of the goalkeeping. Toronto was invincible in goal, while Harshaw and Menary never played better. Finlayson was the mainstay of the Montreal defence, while the Scott brothers and Roberts were marked by a great deal of roughness, especially in the closing periods. The penalty list was lengthy with the champions suffering the most.

Conditions more adverse for lacrosse could hardly be imagined. The rain came down with torrential fury all through the game, and the field was so wet and sloppy that the players had all they could do to keep their feet. The game was a veritable slough of despond, and the individuals who were lucky enough to get into the game were mired to the ankles. Fitzgerald was unable to play, and a change in the Toronto line-up was necessary. Warwick was moved from outside home to first home, and Barnett placed in the former's position. Anderson was stationed at first home. Montreal lined up with their complete Minto Cup team, although Finlayson did not play. J. O'Keefe held down the point position, Dede figured on the home for the first time this year.

The teams lined up as follows: Toronto—Goal, Atton; point, O'Keefe; cover, E. Menary; defence, E. Powers, P. Stage, W. Braden; centre, Dandeno; home, Warwick; Anderson, R. G. Carter; outside, Barnett; inside, Kalk. Montreal—Goal, Tierney; point, O'Keefe; cover, R. Finlayson; defence, C. McKerron, Hamilton, F. Scott; centre, A. Kane; home, Layden; F. Hogan; R. Scott; outside, Dade; inside, Geo. Roberts.

Referee—W. McIntyre, Ottawa. Judge of play—Peter Murphy, Montreal. Referee—Goal umpires—C. Querrie, E. Graydon, Timmers—P. Thompson, Dese Brown, Penalty—P. Puncheon. Attendance, 2000.

The first game for the championship of the Brunswick League will be rolled on Tuesday night on the Brunswick Club, between the Brunswicks, champions of Section 1, and Night Hawks, champions of Section 2. An exciting time is expected, as both teams will have a strong bunch of rosters, as both captains are confident of victory.

I also will apply talking back to the fact that he had no right to be in the Polo Grounds here. D. Moran stood in front and made remarks in his own words. My rules Johnsons had Moran sit.

Barrett and Russell Win in the Foursome At Rosedale Golf

Inclined weather put a kink in the opening of the new Rosedale Golf Club at Bedford Park Saturday. About 1500 invitations were sent out, and had the day been fine the event would have been noteworthy in golf circles. Despite the weather, nearly sixty enthusiasts were present, most of whom donned old clothes, heavy waterproof boots, and followed the rounds played by the professionals, Barrett, Russell, Cummings and Locke.

The result of the two rounds of foursome, in which Barrett and Russell played against the other two, was a victory for the former by nine holes up and eight holes to play. In the first round the victors were seven holes up, Barrett having covered it with 70 strokes, and Russell with 71 strokes.

The rainy weather proved very disappointing to the golf enthusiasts, who it was only the more ardent ones who put in an appearance. The weather conditions also proved very unfavorable towards good playing. A high wind prevailed all day, and the green itself was very heavy. The new Rosedale golf links are among the finest in the country. The area of the grounds is 126 acres, and the course is 5200 yards, or nearly three miles. The links are situated right opposite Melrose Park, on Yonge street, and only a five minutes' walk from St. 26, on the Metropolitan car line. The clubhouse is most attractive, consisting of a spacious dressing room, buffet, parlor, dining room and a large piazza, from which is a beautiful view of the ravine to the east and the links beyond.

Barrett and Russell represented the Lambton and High Park Clubs, respectively, and Cummings and Locke the Toronto and Rosedale Clubs. The trophy consisted of cash prize of \$50, the winners getting \$30 and the losers \$20.

A big dinner was held at the clubhouse in the evening, but owing to the small attendance it was practically called off.

EATONS BEAT WOODBRIDGE Big Store Win First Intermediates

In a pouring rain, with the field covered with mud and water, Eatons defeated the Woodbridge Wanderers in a C. L. A. lacrosse game Saturday afternoon at Diamond Park by a score of 3 to 1. The Eatons team won their first home game. The defence of the visitors was unable to hold the locals on the slippery field, and as a result the game went to Eatons.

The condition of the field made lacrosse absolutely impossible, and the game was nothing more or less than a burlesque with several mix-ups among the players and spectators to make things interesting. Eatons rushed the game from the start and also they had numerous chances to score, the first tally was not made in 10 minutes after play started, and was the result of a nice shot by Lillie. In this quarter the Woodbridge team had all kinds of chances to score, but seemed to be afraid to try to pass the heavy Eaton defence, and as their long shots went wild, they ended the quarter with no score to their credit.

The second quarter showed little change in the playing of the teams, most of the combination playing being done by the visitors, while they were still unable to score. Roland scored for Eatons after six minutes of play after a bit of team playing in which four or five men took part. In the third quarter the ball went from one team to the other, and the game was about evenly divided. Neither team was able to tally.

The last quarter showed little change in the playing of the teams, most of the combination playing being done by the visitors, while they were still unable to score. Roland scored for Eatons after six minutes of play after a bit of team playing in which four or five men took part. In the third quarter the ball went from one team to the other, and the game was about evenly divided. Neither team was able to tally.

FASHION PLATE WINNER KING JAMES RUNS THIRD

Muddy Track at Gravesend—Steeplechase a Farce—Close at Montreal.

GRAVESEND, June 11.—On a muddy track Fashionplate won the Brookdale Handicap, 1 1/2 miles, to-day, defeating a high-class field. King James was beaten, as the 138 pounds, which he was required to handle, was too much and third was the best he could do. The steeplechase was a farce, as the waterway had no contention after the other horses fell. Thistle-dale lost his rider on the last turn, but was remounted and finished second. The gentlemen's cup at about six furlongs, resulted in a victory for Charlie Hargrave, who won galloping by four lengths.

FIRST RACE—Purse, \$500 added, for three-year-olds and up, selling, 1 1/2 miles. 1. Peterson, 98 (Garner), 8 to 5, 3 to 5 and out. 2. The Peer, 95 (McCahey), 13 to 5, even and out. 3. Pines and Needles, 103 (Reid), 4 to 1, 3 to 1, 2 to 1.

SECOND RACE—The Empire State Steeplechase, purse, \$300 added, for four-year-olds and up, about 2 1/2 miles. 1. Waterway, 145 (Hewitt), 3 to 1, even and out. 2. Thistle-dale, 133 (Huppel), 1 to 1, 2 to 1 and 3 to 1. 3. Bello, 139 (Allen), 3 to 1, even, out. Time 5:08.5. Nestor and Blackbird also ran.

THIRD RACE—The Great American, purse \$500, for two-year-olds, five furlongs. 1. Babbler, 122 (Dugan), 4 to 5, 1 to 2, out. 2. Trap Rock, 123 (Garner), 4 to 5, 1 to 2, out. 3. Housemaid, 122 (Powers), 4 to 1, 6 to 5 and 1 to 2. Time 1:02.1-5. King Pin and Pivvius also ran.

FOURTH RACE—the Brookdale, \$3000, for 3-year-olds and up, 1 1/2 miles. 1. Fashion Plate, 106 (Reed), 7 to 1, 8 to 5 and out. 2. Pretend, 96 (Garner), 13 to 5, 8 to 5 and out. 3. King James, 138 (Shilling), 1 to 1 and out. Time 1:54.2-5. Fauntleroy and Firstrose also ran. Pretend an added starter.

FIFTH RACE—the Gentlemen's Cup, \$400 added, for 2-year-olds and up, selling, about 6 furlongs. 1. Charles Hargrave, 120 (Mr. Tucker), 4 to 1, 8 to 5 and 4 to 2. 2. E. B. 120 (Mr. Belmont), 5 to 1, 2 to 1 and even. 3. The Gardner, 143 (Mr. Cassidy), 5 to 1, 2 to 1 and even. Time 1:13.2-5. Miss Perigord, Balbek, Dull Care, Comedienne, Patriot and Lou-don Light also ran.

SIXTH RACE—Purse \$400, maiden two-year-olds, 5/8 furlongs. 1. Meriden, 119 (Powers), 4 to 1, 7 to 5 and 4 to 1. 2. Rogon, 110 (Dugan), 3 to 1, even and 2 to 1. 3. Fair Miss, 107 (Gilbert), 8 to 1, 3 to 1 and 3 to 1. Time 1:11. Garneau, Gauntlet, Barn Dance, O. U. Buster, Bertia, Sir Raymond, Compliment, Handrunning, Cloud and Jane Thorpe also ran.

Seventeen started and fifteen finished in the Vermont Athletic Club's 5-mile run Saturday. The course was ankle-deep in mud. The first ten to finish were: 1. H. Murray, V. A. C. 2. E. Phillips, First Avenue Harriers. 3. D. McGibbon, Guelph A. C. 4. F. McMillen, Tecumseh A. C. 5. W. Skinner, V. A. C. 6. J. Lloyd, V. A. C. 7. R. Atkin, I. C. A. C. 8. M. Chartier, Tecumseh A. C. 9. Charles Lees, Tecumseh A. C. 10. W. Henning, Tecumseh A. C.

Get the Ale you have always enjoyed

It should not be necessary to warn the public against imitations of O'Keefe's Special Extra Mild Ale. Most people think that there is only one Special Ale—and that O'Keefe makes it. As a matter of fact—when it comes to quality and flavor—there is only one, and O'Keefe brews it. But other brewers are now putting out what they call "Special Ale". Naturally, as the imitators have partly copied the O'Keefe title, you may be offered these substitutes for the genuine O'Keefe brew.

Alf Shrub to Run Again. At last we are to see the great little English runner, Alf Shrub, in action again. He has entered the 3-mile title race at the Island stadium next Saturday. Shrub will team up with that sterling little Swede, Gustaf Lundstrom. This brings together one of the fastest teams in the world, and Shrub, if running in any kind of form, will surely please his admirers, as this kind of a race should show him off to advantage, as in all his races he has at times shown relief him every lap or two there will be some fast work done, especially with the other fast teams hitting it up, the miles will be reeled in record time.

Vermont A. C. Run. Seventeen started and fifteen finished in the Vermont Athletic Club's 5-mile run Saturday. The course was ankle-deep in mud. The first ten to finish were: 1. H. Murray, V. A. C. 2. Rowdy Ball. June 11—President Lynch gave orders to wage a campaign on players to get on the field. I have suspended this player for arguing, but for curfew at 10 o'clock. The referee was suspended for not making up the trouble would have the arbitrators had to the limit to discipline the offenders. I also will apply talking back to the fact that he had no right to be in the Polo Grounds here. D. Moran stood in front and made remarks in his own words. My rules Johnsons had Moran sit.

THE HEART OF THE UNIVERSITY IS THE STAFF.

President Schurman in his address at convocation on Friday referred to the extraordinary growth of the university in recent years, and then went on to say to the audience, as reported in The Globe: "I congratulate you all on that growth and notably your distinguished president, who has contributed so largely to that result."

It is, of course, not well to take seriously all that an American university president says about another academic potentate when he speaks in the little world of the latter. Such compliments are mannerisms which are largely discounted in academic circles in the United States where, however, this and other similar mutually advertising practices have had the effect of producing much lower ideals than those which prevail in English university life in which the life work of the professor or tutor is valued directly by the public and not as seen thru the too often refracting medium of a college president's report.

NO HURRY. The city council has no need to make any approach to the street railway today. Let us wait for the report on the tubes. It's coming. Besides, Mr. Fleming has neither the rails nor intersection parts to put down even if the city were agreeable. Let the city stand pat on the Whitney Mill.

WILL IT COME? The motor car for the steam railways, a simple, serviceable car, that will have its own motor (gas, steam or electric) and run thirty to forty miles an hour, requiring only a driver and conductor, having a baggage, mail and express compartment, and seats say for forty people.

This is the car that would revolutionize the railway service of the country; it would revolutionize the steam roads; it would give frequent service because it is cheap.

They have them in places in the States and in Europe; all that we have done in this direction is to "fall down" and yet Edison says he has invented such a car, driven by stored electricity.

What Canadian railway has made any ventures into it? All either the Grand Trunk or the Canadian Pacific has said about this kind of business is to swear at it, the public, and anyone who suggests it.

General Botha's refusal to reside at Cecil Rhodes' home at Grooteshuur, Rondebosch, near Capetown, is no doubt due to the strong Boer antipathy to the later methods and policy of that great empire builder.

would have been no crowd of students before 1906, and the province would not have come to the aid of the university to such an extent that its income now exceeds that of any other university in the empire. The people of the province recognized that in spite of inadequate financial support the professors and lecturers did splendid work, and students entered the university in crowds. How to provide for these students on an income of \$250,000 in a way that would now cost \$600,000 made the difficulty which the university board of trustees had then to meet.

It is late in the day to pay this tribute to the professor and lecturers who brought about the present situation in the university. The staff was not perfect, it never is in any university, and it was mercifully criticized by the Rev. J. A. Macdonald, among others, who in the columns of The Globe, demanded wholesale dismissals of members of the faculty. His violent denunciations had the effect of rendering the task of the university authorities many times more difficult than it should have been, and the result is a bitterness in certain quarters that will only pass with time.

This tribute to the staff is now given, and in all consideration for President Falconer. He is recognized as just and high-minded, and the language of Dr. Schurman must have made him feel uncomfortable. It is not as yet incontestably certain that he will ultimately measure up to the requirements of his position, which is one of incredible difficulty. He will succeed if he retains the loyalty of his staff, but to retain that loyalty he must be loyal to it, and Schurman's language must hereafter, therefore, be avoided in university gatherings.

The city council has no need to make any approach to the street railway today. Let us wait for the report on the tubes. It's coming. Besides, Mr. Fleming has neither the rails nor intersection parts to put down even if the city were agreeable. Let the city stand pat on the Whitney Mill.

Up Yonge Street

The effect of road improvement is already being witnessed in Deer Park, and motorists and others are gratified that a trestle has been made to fix up Yonge street. With high-class streets, many believe that the street railway will still stay away from the city.

Not only in the matter of road improvement is it the city's duty to extend its boundaries. Nobody will deny that in a few years at the most, the city will have to take in the territory of the future advantage of the city, it is well to look ahead. It is both expensive and unwise to allow small municipalities to grow up adjacent to a big city.

North Toronto is now wrestling with a water problem which can only be settled satisfactorily by connection with the city supply. The little municipality of Goldensville is struggling to open up streets east and west of Yonge street, which will lead into the city. Both of these projects are as vital to the city as any other.

Thousands of Toronto people have a desire to get up north. Present conditions, however, prevent them, and it is time that these were removed. The city need not fear that it will be burdened by the influx of the town. Its resources are in excellent shape, the assets of the town being largely ahead of its obligations.

BUGGY HIT BY RUNAWAY

And Young Man and Woman Were Hurled Into Street. A collision occurred between a hack and a light buggy in the Queen-street subway yesterday afternoon, and Rocco Williamson of 104 Clinton-street and Miss Rice of 187 Markham-street, occupants of the buggy, were thrown to the pavement. Miss Rice was stunned and received a bruise on the head.

HUNG HERSELF IN BATHROOM

Insane Woman Commits Suicide in Brockville Asylum. BROCKVILLE, June 12.—(Special).—A patient at the Eastern Hospital for the Insane named Mrs. Hawley of Inroquois, aged 54 years, died by her own hand this morning. She arose about 3 o'clock to go to the bathroom, taking with her a strip of blanket, which she tied around her neck, fastening the other end to a bar some distance from the floor. Stepping from the closet her feet barely touched the floor, and in this position she strangled to death.

CHARGED WITH DYNAMITING

Three Farmers, Arrested in Brockville, Face Serious Indictment. BROCKVILLE, June 12.—(Special).—Provincial Constable Stone rounded up at Algonquin after midnight three farmers, Herbert Easter, Grant Eastman and Kay Prue, their brother-in-law, charged with dynamiting the home of Mrs. Nathan Eviline in that village. It is alleged they desired to rid the community of Mrs. Eviline, taking this means of doing so. No serious results followed the explosion, beyond partially wrecking the house.

BANK OF AMERICA

The Functions of a Bank

The Primary Function of a Bank, as custodian of commercial funds, as a medium of collection, deposit and payment of money, while invaluable to the community, does not develop the country. The greatest possible service to Canada is rendered by the Bank with a broad policy, governing its treatment of commercial accounts.

The first call on the Thirty-five Million Dollars of assets of the Bank of Hamilton is the

legitimate financial requirements of merchants and manufacturers. The generally recognized liberality of the treatment extended its customers has won for the Bank its present reputation, solidity and staunch friends.

The accommodation it is prepared to extend to every business man is limited only by the soundness of his venture, his personal integrity, and the wisdom of his requirements.

PROSPECTS IN ONTARIO FOR VEGETABLE CROPS

Tomato Plants in Central Part of Province Suffering From Cold Weather and the Outcrop.

The reports received from the central part of Ontario, from the branches of the Ontario Vegetable Growers' Association at Ottawa, Toronto, Berlin and Brantford, indicate that the tomato plants show this year are suffering from cold weather and are somewhat damaged by the cut worm.

The acreage is about the average. The potato crop can scarcely be reported on as yet, owing to the backward weather, but the acreage is much the same as last year. Onions are slightly on the increase as far as the acreage is concerned, and the condition of the crop fair, also some damage is reported from root maggot. Early cabbage and cauliflower are slightly damaged by cut worm and injured by cold.

The reports from Eastern Ontario, from the branches at Ottawa, Kingston, Belleville and Picton, show that there is an increased acreage of matatoes with prospects good. Potatoes are an average acreage, and onions show a slight increase, with the plants looking well. In the eastern districts onions are nearly all transplanted.

With the early cabbage and cauliflower, the acreage shown is about the same as last year. Picton reports an increased acreage of corn sown for canning purposes.

Rosin—Steady, 7 1/2 to 8. Sarnia, Stratford, Woodstock and London the tomato crop shows a slight increase in acreage, also the planting was late. The potato and onion acreage are also slightly larger than last year, and the condition of the crops good. Early cabbage and cauliflower are reported by the branches at Hamilton, Dunnville, Ojibwa and Tecumseh, show that the tomato acreage is about as usual with the exception of Hamilton, which is 25 per cent less with the planting completed. In the potato crop the acreage is much the same as last year, but early planting damaged by wet weather. Second planting doing well in Ontario, Hamilton reports an increased acreage; Dunnville same as last year, and Ojibwa an increase. Early cabbage and cauliflower are doing well in this section, but the season is late and some fields slightly damaged with cut worm. The lettuce and radishes are a good crop.

THE Summer which seemed to hesitate at the beginning of the month, has decided to go ahead pretty much the same as usual. We didn't hesitate to go ahead with our Summer campaign, however, right from the first day of the month, and the momentum increases every day. Summer goods have been ordered to move out ahead of time. Prices have been adjusted so as to leave no reason for hesitation. With the warm weather in favor of Summer shopping our Summer sale becomes doubly attractive.

Are you sharing in these Simpson opportunities?
