RURAL CREDITS BILL PASSES IN THE SENATE

Liberal Measure Goes Back to Commons for O. K. on Amendments

Ottawa, June 30.—Rural credits bill passed the Senate yesterday, with amendments. The measure, which recently passed the Commons, sponsored by the Mackenzie King government, now goes back to the Commons for the concurrence of that chamber in the amendments which the Upper Chamber has made in it.

Senator Foster, chairman of the Banking and Commerce Committee, on the third reading of this bill, explained the various amendments and the reasons for them. He pointed out that the two principal changes made were the removal of the limitation of one per cent for expenses and leaving the amount in the judgment of the board, and placing responsibility for all expenses incurred in a province on the province in which they were incurred.

PROVINCES' RIGHTS

Senator W. B. Ross, Conservative leader, had moved at an earlier stage that the act should not come into force until the majority of the provincial legislatures had by legislative enactments signified their intention of participating in this scheme.

Senator Ross said that he did not intend to intrude on the field of the provincial. He would leave the whole system of rural credits to the provinces, and predicted they would be in agreement over this measure. He said the bill was not needed, as the provinces which had already rural credits were making profit.

Senator Schaffner said that to make it compulsory to have five provinces in the scheme before it could be operative, was a good way to kill it.

AMENDMENT OPPOSED

Senators Dandurand and Willoughby opposed the amendment. The bill was for all Canada while it was primarily to help western farmers. The time might come when the east would need such a law.

Senator Beque spoke in favor of the bill. It carried out a duty the east owed to the west. Agriculture in the west had become a greater feature than in the east, and it required capital to properly feed that industry. He considered the question connected with the problems of immigration, and he hoped eastern provinces, for this reason, would join in.

Senator Gordon opposed the bill. Senator Robertson said for withdrawal of the amendment, and Senator McLennan felt that the measure was based on false premises.

Senator Laidlaw spoke against Senator Ross' amendment. The object of the bill was to give farmers money on such terms as to prevent interest charges becoming unbearable. He predicted would come into the scheme.

Senator Ross withdrew his amendment and the bill was given its third reading.

LONDON, June 30.—The Earl of Pembroke aged 46, one of the best known of the British peers, has been officially declared a bankrupt.

Aside from the immense burden of estate, similar to that paid by the other great landowners, the Earl lately has lost much money in speculation in cotton. During the bankruptcy proceedings, it was stated that his partners owed Lord Pembroke £63,873.

June Weddings

Youngclaus-Macaulay
Carmarthen street Methodist church was the scene of a very pretty wedding this morning when Rev. A. D. Melrod united in marriage Miss Marion Ethel Macaulay, daughter of Mrs. Frank P. Napier of this city and Harold Glasgow Youngclaus, son of the late Mrs. Youngclaus and William Youngclaus now of Boston and formerly of Saint John. The church was very prettily decorated with palms, white lilies and snapdragons. The bride, who was given in marriage by her stepfather, Frank P. Napier, looked charming in a gown of Province blueorgette with hat of the same color. She wore grey shoes and stockings and a silver fox fur and carried a bouquet of Ophelia roses. Her little niece, Miss Betty Macaulay, made a dainty flower girl in a dress of pink organdie. She carried a basket of sweets. The ushers were Walter Banks, a cousin of the bridegroom, and William Macaulay, a brother of the bride. After the ceremony Mr. and Mrs. Youngclaus left on the Governor Dingley for a honeymoon trip to New York, Boston and other U. S. cities. On their return they will take up their residence for the summer at Fair Vale and in the fall will move to 285 Germain street.

Many handsome gifts received testified to their popularity. Included articles of cut glass, silver and linen. From H. G. Rogers and L. M. Paquin, members of the firm of H. G. Rogers and Sons, with which the bride had been employed, a beautiful mahogany chest of silver was received. The gift of Mr. and Mrs. A. R. Campbell of the firm of A. R. Campbell & Son, with whom the bridegroom is employed, was a handsome silver canteen. The bridegroom's present to the bride was a substantial check, to the flower girl a gold bracelet and to the ushers, cuff links.

She carried a bouquet of sweetheart roses. Her bridesmaid was Miss Edith Frausley, who wore blondeorgette with blonde hat and carried pink roses. Harry Ryan was groomsmen.

After the ceremony a wedding breakfast was served at the home of the bride. Clusters of roses and carnations decorated the drawing room, and in the dining room white ribbon streamers were draped from the chandeliers.

A JUDICIAL COMMISSION.

The political situation has clarified somewhat within the last twenty-four hours. After a preliminary review, presumably intended by the Progressives as a warning to the new Government that the real power still remains with them, the Stevens amendment, amended by a sub-amendment, has been passed.

PROHIBITION IN POLITICS.

Prohibitionists are evidently going to make an attempt to barter their support for promises of dry legislation. A manifesto was issued in Toronto stating in part that "the revelations at Ottawa prove that the arch-offender against national decency is the reign of alcohol in certain sections of the community."

NOT A STRENUOUS AGE

"The strenuous life of the present day" is a phrase which we often hear. That and similar phrases conveying the same meaning are often referred to as the cause of there being so many "wildish young men," so much indigestion and so many nervous breakdowns in modern society.

POEMS I LOVE BY CHARLES YOUNG

"The Path That Leads Nowhere," by Corinne Roosevelt Robinson.

THE author of this hauntingly beautiful poem is the sister of the late Theodore Roosevelt. She has found time, in the midst of a crowded life, to express herself lyrically—the Roosevelt energy again, like many of her poems, but this of all.

There's a path that leads to Nowhere In a meadow that I know, Where an inland island rises And the stream is still and slow;

There it wanders under willows, And beneath the silver green Of the birches' silent shades, Where the early violets lean.

Other pathways lead to Somewhere, But the one I love so well Has no end and no beginning— Just the beauty of the dell.

Just the wind-flowers and the lilies Yellow-striped as adder's tongue, Seem to satisfy my pathway, As it winds their scents among.

There I go to meet the Springtime, When the meadow is aglow, Margolds and the marshes— And the stream is still and slow.

There I find my fair oasis, And with care-free feet I tread For the pathway leads to Nowhere, And the blue is overhead!

All the ways that lead to Somewhere Echo with the hurrying feet Of the Struggling and the Striving, And the way I find so sweet Bids me dream and bids me linger, You and I, and the blue above, On the path that leads to Nowhere I have sometimes found my soul!

Queer Quirks of Nature

CAT RETAINS POWERS OF WILD ANCESTORS

OF ALL the animals domesticated by man the cat has shown herself best able to retain the peculiar powers and abilities of her wild ancestors.

As far back as history is recorded, we find the unmistakable features of Tabby portrayed in the sculptures which record man's progress. So ancient are the earliest of these records that not even the approximate period of man's conquest of the cat, or her conquest of him, can be conjectured.

It appears reasonable that some races of the cat which still persist in the wild parts of Europe and Asia were drawn upon to furnish the animal that in the ancient days of Egyptian civilization, and which to this day has a hold on the affection of mankind rivalling that enjoyed by the dog.

But the cat, though for unnumbered centuries she has accepted man's bounty, has given practically nothing in return for the food and shelter which she demands.

Every cat, if afforded a reasonable amount of freedom, lives a double life. By day a docile, languid pet, seemingly lying only to eat and sleep, she changes at nightfall to a creature as alert and self-sufficient as any on the earth.

As such it is an economic measure, and nothing except an economic measure. As such it should be supported. But let us not expect it to accomplish what it is not designed to accomplish.

"THEY" (Detroit Saturday Night). So it has come to pass that "they" direct our way of life more and more. "They" dictate the day on which we shall put on straw hats and the day on which we shall take them off. "They" tell us how we are to cut our hair and what shape of shoes we are to wear. "They" set the style for our clothes and naturally in time we will all learn to think alike. When standardization of thought follows standardization of action and standardization of the factory, what a dull world we will have. And oh, how we dread what "they" may say about us if we fail to conform!

Home From College. (Exchange). "Eid's college course certainly was a great benefit to her."

"Yes, I've noticed how polished she appears to be."

"Why, that girl knows enough to correct all of one's mistakes in pronunciation."

"And, thank goodness, she knows enough to not."

Family Ties. (Christian Science Monitor). Roscoe: "May I borrow your knif?"

Edwin: "Certainly, but why all this formality of asking?"

Roscoe: "I can't find it."

Hard to Understand. (Manitoba Free Press). It's amazing how flies, toads and golfers are able to live through the winter.

Thought It Was Worse. (Toronto Star). Dad: Is there anything that could be worse than being old and bent?"

Son: "Yes, being young and broke."

REACTION. OF COURSE ya gotta worry, and ya gotta fret a bit. They'll say yer just not human jest ya sometimes throw a fit. Yer due to battle trouble and, at times, yer bound to frown. Ya just can't help but feel that way, when things er up-side down.

Ya can't expect the bright side to be always shinin' through. There's plenty of the wrang side and a part of it's for you. Fer instance, when yer plannin' gets a setback for a spell, it's easy, mighty easy, to be feelin'—not so well.

But, shucks, don't let that down you, 'cause it clears up after while. Ya soon get sick of grouchedness—and then bring forth a smile. The pleasant side is better than the blue side, by a mile, but remember that the blue side makes the other seem worth while.

Opportunity may knock—but it doesn't seem to give a rap for some people.

DINNER STORIES

A KIND-LOOKING old gentleman was stopped by a tramp, who asked for money to get a night's lodging.

"Well, look here, my man," the old gentleman said, "what would you say if I offered you work?"

"Bless yer life, sir," came the reply. "I wouldn't mind a bit. I can take a joke same as most people!"

A GENTLEMAN was once escorting an English friend about Boston. They were reviewing the different objects of interest and came finally to Bunker Hill. While they were viewing the splendid monument, the host remarked: "This is the place, sir, where Warren fell."

"Ah!" replied the Englishman, evidently not familiar with American history. "Was he seriously hurt by his fall?"

The host looked at his friend. "Hurt?" he asked. "No, sir. He was killed, sir."

"Ah, indeed!" the Englishman replied, still eying the monument and in his mind computing its height. "Well, I should think he might have been—falling so far."

Concrete is the ideal pavement both for industrial and for residential sections

Shawinigan Falls Paves for Industrial Growth

Hydro-electric development has brought rapid industrial growth to Shawinigan Falls, Quebec, and advanced municipal improvements are setting the pace for this growth.

Such progressive policy is largely due to the careful planning of local authorities, part of whose program has called for an extensive system of permanent street paving.

The city now has over 125,000 square yards of concrete streets and their true, even, light gray surface is as neat and clean as the concrete curbs, in-drives and walks they adjoin.

All of these streets provide non-skid safety, meet the other needs of modern traffic, and are unaffected by changing weather conditions.

More and more Canadian towns and cities are adopting concrete as their standard street pavement.

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., WEDNESDAY, JUNE 30, 1926

NEW GOVERNMENT WINS IN TWO HOUSE DIVISIONS

Meighen's Temporary Cabinet in Minority of One on First Test When It Appealed Ruling of Speaker Lemieux

LENGTHY DEBATE ENDS EARLY TODAY

Many Progressives and Henri Bourassa Lineup With Conservatives on Critical Division Over Move to Appoint Judicial Inquiry Body

OTTAWA, June 30.—The new government secured a majority of 12 when the House this morning rejected by 119 to 107 a Liberal sub-amendment to the Customs Report. The sub-amendment had been moved earlier in the day by Fernand Rinfret, Liberal for St. James, Montreal. The Stevens amendment, carrying censure of the former King government, shortly afterwards was carried by a vote of 119 to 109, a majority of 10 for the new government.

OTTAWA, June 29.—The tables were turned in the House today. A Conservative administration was in office. Liberals from Opposition benches opened their attack on the new Government and in the first division, with Liberals wildly cheering, the Meighen government was on the losing side.

"Resign," shouted the Liberals, amid a furious pounding of desks.

The division was on a private member's motion. Fernand Rinfret, Liberal for St. James, Montreal, had proposed a sub-amendment to the Stevens amendment to the Customs Report. Sir Henry Drayton, acting Government leader, objected that the motion was not in order.

Speaker Lemieux ruled against him.

G. R. Geary, Conservative for Toronto South, appealed on the ruling and the House divided.

In the vote the Speaker's ruling was sustained by 115 to 114. Liberals supported by the main body of Progressives, the two Independents and the two Labor men formed the majority. Conservatives, supported by Progressives, Messrs. Lucas, Boutillier, Coote, Fansher and Campbell, formed the minority.

The Liberal sub-amendment would have stricken from the Stevens amendment (as amended by the Fansher sub-amendment) the censure on the King government. It provided further:

(1) That a judicial commission be appointed to investigate the Customs administration further. The commission would consist of three judges; one nominated by the Prime Minister, one by the Leader of the Opposition, one by the Leader of the Progressives.

(2) That the commission have power to examine former Ministers of the Department of Customs and Excise "with respect to any matters which in the opinion of the commission may reflect on their administration."

(3) That the commission have power to make findings and recommendations and to report the same to Parliament next session with the evidence taken.

In the first division, Progressives split evenly. Ten went with the government, ten voted with the Liberals.

The ten Progressives who voted with the Liberals were:

Messrs. Forke, Progressive leader, Owen, King (North Huron), Jolliffe, Gant, Bird, Beaubien, Stedman, Lovie and Miller.

With the Liberals also voted Messrs. Woodworth and Heaps, Labor and Neil Independent.

The ten Progressives who voted with the government were Messrs. MacPhail, Messrs. Coote, Garland (Bow River), Spencer (Progressive), Gardner, Campbell, Lucas, Boutillier, Fansher, Henri Bourassa, Independent also voted with the government.

E. N. Garland (Progressive, Bow River), then made a sub-amendment that the proposed judicial commission consist of a judge to be selected by the two judges of the Eschequer Court. Both Liberals and Conservatives accepted the Garland sub-amendment. It was adopted unanimously.

Speaker Lemieux then put the Stevens amendment to the Customs Report, as amended by the Fansher plus Garland sub-amendments.

Progressives voted, as they voted before, 10 with the Government and 10 with the Liberals. Mr. Bourassa, however, changed his vote, voting on this occasion with the Liberals, thus reducing the majority from 12 to 10.

Subsequently the House, on the same division, accepted the report of the customs committee as amended.

Put more simply, the House has adopted the recommendation of the customs committee for improved administration of the Customs Department. It has appointed the commission to investigate the King Government and of Hon. G. H. Bolvin, ex-Minister of Customs; it has recommended the appointment of a judicial commission to investigate customs administration further, this commission to consist of three judges, one to be appointed by the two judges of the Eschequer Court of Canada.

Conservatives cheered loudly when the results were announced.

Miss Edith Leveson arrived in Saint John yesterday from Montreal and is visiting her uncle, M. Budovitch, and Mrs. Budovitch at their country cottage, Gondola Point.

PERMIT TO MISS HANSON ORDER OF CITY COUNCIL

Request Made for City Work and Water Main Is Mentioned

The passing of a resolution that the building inspector be requested to issue a permit to Miss P. K. Hanson allowing her to repair her building in North Market street, and a petition that the council authorize bond issues for work in the water and sewerage department in order to provide employment for men out of jobs, featured the council meeting held yesterday afternoon.

The passing of the resolution regarding the restoration of the building in North Market street ends a warfare of more than a year's standing between the owner of the building and the building inspector.

The matter was brought up in a communication from E. P. Raymond, solicitor for Miss Hanson, who said that the commissioner of safety had not replied to a letter from him and he did not think he intended to reply. He asked that the council pass a resolution granting Miss Hanson the authority to make the necessary repairs.

ASSUMES RESPONSIBILITY Commissioner Frink said he must assume some responsibility in this matter as he had told Mr. Raymond that the council had informally agreed that repairs might be made and he moved that the building inspector be asked to grant the permit.

This was seconded by Commissioner Bullock and passed without a dissenting voice.

A petition signed by a large number of caterers claiming to be out of employment by the curtailment of work by the city, urged that the council approve of bond issues for necessary works in the water and sewerage department. One of the jobs named was that of the new main from Marsh bridge to Little River.

Commissioner Wigmore said that last month he had laid off 20 men and 20 more men would have to go very soon. Among the works which he considered necessary now was the replacing of the old No. 1 24-inch main to Little River and the extension of the 16-inch main down Union street and along Crown street.

The communication was referred to the committee of the whole.

The report of the commissioner of finance recommending the payment of the following departmental accounts: Treasury, \$28,774; public safety, \$1,722.88; public works, \$2,260.26; water and sewerage, \$1,965.13; harbors, ferries and public lands, \$8,110.94; and the report of the comptroller of all accounts coming to him properly certified up to the 9th day of July next, was adopted.

Many Autos Are Counted On "Avenue"

SOME idea of the large numbers of automobiles on the city streets in the evenings may be gleaned when it is known that a Douglas avenue resident, between the hours of 7:40 and 8:40 one night this week, counted no less than 245 cars passing his house. The cars were bound to and from the city. At one time, when the Douglas avenue railway gates were shut to protect automobilists and pedestrians from a passing train, this resident counted 41 cars waiting on both sides of the gates.

SECOND READING PASSES REICHTAG

Socialists and Nationalists Reserve Attitude on Ex-Ruler's Compensation Move

BERLIN, June 30.—The Reichstag approved yesterday the second reading of the bill regulating the proposed settlement of claims of former German rulers. The reading was marked by an evident attempt by both Nationalists and Socialists, not to show their cards and to keep everybody guessing as to their attitude in the third, decisive, reading of the bill on Friday. On most of the paragraphs of the bill, Nationalists and Socialists, together or alternately, abstained from voting.

Wilhelm Kuelz, Minister of the Interior, declared: "In the event of no passage of the bill, the government will take necessary action."

This was interpreted as a threat the government will ask to dissolve the Reichstag.

Mrs. Wm. M. Parks left on Saturday to visit her son, B. H. Parks, and Mrs. Parks, Yonkers, N. Y., and will also spend a few days visiting friends and relatives in Boston and Atlantic City.

J. P. POWELL, 102, OF MONCTON, IS DEAD

Was Native of P. E. I. and Spent Several Years in United States

Special to The Times-Star MONCTON, June 30.—J. Patrick Powell, probably Moncton's oldest citizen, died Monday in his 102nd year, after an illness of only two days. Mr. Powell, who had resided the greater part of his life in Memarook, was a native of Prince Edward Island and had lived in different parts of the United States, including Philadelphia and Boston.

Until a very short time ago he recalled the fullest use of all his faculties and followed the events of the day with greatest interest. He had many interesting reminiscences of the earlier days in the provinces, particularly with regard to agriculture and the primitive means of transportation, when there were not even roads, but mere trails through the forests on which pack horses were driven.

The funeral was held yesterday morning, mass being sung at St. Bernard's Catholic church, with interment in the cemetery in Shediac road.

To Attend Postal Clerks' Conference

Bernard A. McCarthy, treasurer of the Saint John branch of the Dominion Postal Clerks' Association, will be the only representative of the local branch at the Maritime conference of the association which opens tonight at Moncton with an entertainment by the Moncton members for the visiting delegates.

On Thursday the business sessions will be held. Methods of proposed improvement, both for the postal clerks and the general public in the local branch, are expected that several resolutions along these lines will be made and sent to Ottawa to be brought before the Dominion conference when it meets in the near future.

Mr. McCarthy said last night that he expected the conference to be brought to a close Thursday evening. Delegates are expected at Moncton from Fredericton, Halifax, St. John, Sydney, Charlottetown and Moncton.

Revival Meetings Held In Graveyard

PHILADELPHIA, June 29.—What is believed to be the only series of revival meetings ever held in a graveyard began here last night when the Rev. Dr. F. F. Bosworth of Chicago, preached in a tent erected in an old burial ground.

The site is that of the graveyard of the old Blackley Baptist church, erected at what is now Fifty-third and Market streets more than 100 years ago. Excavations were made at the graveyard to a depth of ten feet and bodies of more than 4,000 bodies removed where the tent for the revivals, with a seating capacity of 6,000, will be pitched.

AN INTERNAL BATH DAILY RECOMMENDED

A prominent physician made the remark recently that if people were half as particular in regard to their personal cleanliness as they are about external appearance three quarters of our ordinary ailments would be eliminated. This medical man said people did not stop to think of the importance of keeping the system just as clean as one is careful to keep hands, face and body. The result is that the intestinal tract becomes clogged and waste material which should leave the body daily stays there for an indefinite period doing a harm few people realize. So many ills are traceable to these clogging poisons! An internal bath sounds novel, but it is much easier to take than any other kind! A spoonful of Sal Lithol before breakfast (or any other meal), dissolved in a glass of tepid water acts as a gentle cleanser of the bowels—provides a soothing internal bath that rids the body of dangerous toxic poisons and gives one that feeling of freshness, vigor and well-being. A further advantage of the internal bath lies in the fact that a healthy body ensures an alert and active mind which makes for greater efficiency and happiness in

SEPARATION OF PRESBYTERIES IS DISCUSSED

Saint John and St. Stephen Distinctive Units After July 6

ALLOCATION GOES TO 2 COMMITTEES

General Matters of Church Taken Up at Afternoon Session

The separation of the Presbyteries of Saint John and St. Stephen was discussed at the meeting of the Saint John Presbytery, held yesterday in Centenary church.

A committee of the two bodies will decide what portion of the total allocation of \$85,000 for the church maintenance and extension fund each will assume.

STATISTICAL STATEMENT. The annual statistical statement showed church properties were valued

Miss Mathilda Houghton, daughter of Ambassador Houghton, has won for herself a definite and thoroughly successful place in London society, says London folk. Her fondness for sports has served particularly to increase her popularity with the young English set.

at \$1,906,700 and the total amount raised for all purposes had been \$182,886, the number under pastoral care was 15,096 and total church membership, 7,222, total in Sunday schools, 1,263; raised for maintenance and extension fund, \$31,200.

It was reported that the following 14 congregations had either raised their full allocation for the maintenance and extension fund or exceeded that amount: Hammonds River and Rothesay; Hampton Wesley church, at St. Andrews; former Methodist church, at St. James; Scotch Ridge, Centenary, in Saint John; St. David's, in Saint John; United church, East Saint John; West Side Kirk; Silver Falls; Chalmers church, Sussex; Wesley church, Sussex; the Kirk, St. Stephen, and Waverley congregation.

COURTESIES EXTENDED. The courtesies of the court were extended to Rev. Dr. James Ross, of Halifax, superintendent of home missions, Rev. W. W. Malcolm and the students, N. J. Thomas and J. S. Nickerson, who were present.

Leave of absence for an additional year to continue their studies was granted Rev. S. R. Prince and Rev. W. W. Malcolm.

The commissioners to the general council gave reports. Hon. J. G. Forbes presented statistics showing the united church members totaled 700,000 and the people ministered to were upwards of 2,000,000, the church school colleges had an enrollment of 6,500 young people, the missionaries in ten foreign lands numbered 840 and in the home mission field in Canada there were more than 1,000 ordained missionaries and students.

T. H. Sommerville and Rev. H. C. Rice also reported on the general council meeting. Rev. F. T. Bertrand and Rev. H. C. Rice were appointed to draft resolutions with reference to the death of Rev. J. J. Pinkerton, Rev. Arthur Whitehead and John Jamieson, an elder of Norton congregation and a member of the presbytery.

AFTERNOON SESSION. The report of the commission on boundaries was open once more for reconsideration in the afternoon session. It was agreed that boundaries of the Cods and Norton circuits should remain as outlined, but that care of Stewart should be placed directly under the home mission committee. It was decided to withdraw Mechanics from the Waterford field and place it in Eglin field.

A request that presbytery should approve the home mission committee being asked to give favorable consideration to reimbursing the Oak Bay field for more than \$200 in which the contributions had fallen off because of reduction of congregation was accepted. Payment of \$133.50 to J. V. Bell for services in Charlotte county field was recommended to the Home Mission Board. Mr. Earle was appointed moderator of the Salina home mission field.

REQUEST FOR GRANT. A request for a grant and a loan from home mission fund for building a church for Quispamsis was held in abeyance as it was announced no grants or loans for this purpose could be made until November. It was recommended to the Home Mission Board that an

additional \$100 be granted to St. Martins field, making a total grant of \$600. All other matters for sustentation and mission fields were referred to the home mission committee.

The situation with reference to the mortgage on the former Presbyterian church in Milltown, which is not used as a building fund holds the mortgage. Authority was given to sell this property.

MAINTENANCE FUND. The report of the maintenance and extension fund committee was given by T. H. Sommerville. The Presbytery's allotment was \$53,000 but the committee only allocated \$31,615 among the congregations, an average of \$7 a family.

Rev. W. McN. Matthews reported that the Saint John Presbytery meeting in Sackville during conference had expressed belief that \$31,615 was all that could be allocated but had agreed to accept the \$53,000 allotment and had asked a conference committee to take action in dividing the allotment between Saint John Presbytery and the Presbytery of St. Stephen for Charlotte county territory, which is to be set up next week in St. Stephen.

Envoy's Daughter Popular In London

Miss Mathilda Houghton, daughter of Ambassador Houghton, has won for herself a definite and thoroughly successful place in London society, says London folk. Her fondness for sports has served particularly to increase her popularity with the young English set.

England on Sept. 17 and arrange for supply had been made. Mr. Smart said he was only asking for leave of absence from work in the Presbytery for the winter. This leave was granted.

The committee on religious education was asked to take action with reference to calling a conference on religious education in the presbytery. Rev. G. Ople, superintendent of former Methodist church, at St. James, agreed to receive a letter of introduction to the Woodstock presbytery to which he is removing.

REGRETS REMOVAL. A resolution of regret that Rev. Thomas Marshall was removing from the province, appreciation of his services and commendation of Mr. Marshall to those among whom he would reside, was unanimously passed.

The chairman and secretary were authorized to act in the matter of introduction to a minister has been called.

It was agreed the assessment for charges by students be \$3 instead of \$5 for the presbytery fund. The matter of grants to former Methodist churches was referred to the home mission committee with power to act.

NEXT MEETING HERE. When the date of next meeting was discussed it was suggested the meeting be held in a country centre but it was pointed out that the presbytery fund would be unduly drawn upon. The date to meet in St. Andrew's Kirk, the date to meet in the chairman and secretary.

The report of the committee to name standing committees was presented by Rev. W. J. Bevis and was adopted. Home missions—Rev. H. C. Rice, Rev. A. V. Morash, Rev. Hugh Miller, Rev. E. E. Styles, Rev. C. A. M. Earle, Hunter White and A. F. Bentley.

SUBURBS OFFER COUNTRY LURE TO CITY PEOPLE

Inviting Roads Will Have Many Auto Parties Dominion Day

WATER ROUTES AND RAIL FOR OTHERS

Many Attractive Spots About Saint John Will Draw Holiday Folk

Dominion Day is regarded as the principal summer time holiday in Canada, not only from the fact that it is the birthday of the Dominion but because Nature then has endowed the land with the best of her charms and has prepared the setting for many a happy outing free from the cares of business or the exactions of house-keeping.

Saint John and vicinity offer many opportunities for a day's run into the country by train or auto or over the glistening waters. A great many family automobile parties will be early on the move tomorrow morning over one or other of the inviting roads that lead from city to restful spots in the coun- try round about. Some will make an objective at one of the popular summer hotels to be found located at favored spots; others will make it an all-day run, with dinner eaten at the roadside from well-packed baskets arranged by thoughtful "Mother." There will be fishing rods taken along by many and lake and stream will be asked to give up some of their lively trout inhabi- tants.

SOME AUTO RUNS.

Rothsay and the nearby country, Hampton, Sussex, Gondola Point, or through the peninsula after crossing the ferry; lovely Loch Lomond, with Bernsville and other lovely spots along that highway; St. Martin, Black River; Red Head and on to Misp- eque—these and other places to the east- ward of the city will draw many for a day of change from the life of the city. Spruce Lake and on to Musquod- uoi, farther, on the westward run; West- field and the many coolly located places along the bank of the Saint John River will have their attractions for as many more. But, travel which way one will, always there will be scenic beauty un- surpassed and enjoyed the more be- cause it is a vacation day and there is naught to do but enjoy the glorious great outdoors.

TRAINS AND STEAMERS.

The trains, both of the C. P. R. and the C. N. R., will carry many other happy folk away from the everyday surroundings for pleasant hours of rest and recuperation. No doubt the C. P. steamship Empress will carry a large quota to Digby and return after a delightful day in the evening after a delightful salt water journey and a pleasant visit to the neighboring province.

Then there is always the beautiful Saint John River to win its favorite friends along its winding way through scenes that have gained it the name of the Rhine of America. The Kenne- becasis, too, will have its share of the holiday makers, journeying by way of the Millidgeville ferry. Then there are always the yachtsmen and the power boat owners who will be out in numbers on the waters of the river, glorying in the speed of their craft. Places to go are certainly not lacking for the people of Saint John. Here's hoping that the weather man will be kindly and give them a bright day of sunshine for the planned outing for themselves and their families or friends.

BUS LINES

The recently established bus services give opportunity to those who do not own autos to get to the country. The Saint John Motor Lines, Limited, have comfortable new busses running along the principal roads leading to the city's suburbs. Every other hour these busses leave on a scheduled trip to Westfield Beach and stops in between. Another one leaves for Gondola Point, stopping at any desired point along the road. A trip in one of these busses offers the pleasure-seeker a very enjoyable ride.

WILL PLACE WREATH ON WAR MEMORIAL

Women's Service League to Pay Tribute to Soldiers Who Gave Lives

The Women's Service League of the Carleton G. W. V. A. as a Dominion Day observance will place a wreath on the war memorial in King Square this evening. The wreath is to be made of red, white and blue flowers with maple leaves and the accompany- ing card will bear this inscription: "Sacred to the memory of fallen Canadian soldiers of the Great War 1914-1918."

"Ye have not died in vain. Your flickering torch burns high again. A million hands, whate'er befall, Are pledged to guard it lest it fall, In memory proud that ye lie slain On Flanders Fields."

Mrs. J. S. Williamson, president and Mrs. E. H. Smith, secretary of the league, are to place the wreath this evening. Among its activities for the summer the league has undertaken to provide extra "smokes" for the soldier patients in the Lancaster Hospital.

NOVELTY SHOWER.

Members of the Sunshine Class and Sewing Circle of the Tabernacle Baptist church met last evening in the vestry and tendered a novelty shower to Mrs. M. E. Patiquen, who is to be married next week. Many gifts were received by the guest of honor. For the last 10 years Mrs. Patiquen has been the treasurer of the Sunshine Class. Dainty refreshments were served by Mrs. George Gray and Miss Pearl Needham.

Salute To Be Fired At Noon

The boom of guns will be heard at noon tomor- row in honor of the birth- day of Canada. There will be a salute of 21 rounds fired, beginning when the clock points to the hour of 12.

Camp Sussex Will Be An Attraction

Camp Sussex has the appearance of war days, as all the rural units and some local units are now under canvas there. On Dominion Day sports of all kinds will be indulged in. Tonight the infantry will give a dance, and on Thursday night the cavalry will be hosts at an assembly. PICNICS TOMORROW

Crystal Beach picnic grounds on the Saint John River will be the scene of a picnic given by the Saint Mary's Band on Dominion Day. This pretty camping spot is well known to every- one in St. John as an ideal spot to spend a holiday.

Rev. H. L. Coughlan's annual picnic will be held on the grounds of St. Joseph's church, Loch Lomond and promises, as before, to be an attrac- tion to many from the city.

The men of the Tabernacle Baptist church are to serve dinner tomorrow on the annual picnic of the society which is to be held at Grand Bay. There will be a baseball game between the team and a nine selected from the Sunday school. The trip to the picnic grounds will be made by train.

ICE

Actually Saves Money

Did you ever stop to think, Mrs. Housekeeper, how you could save money by using ice during the summer months?

You most certainly can. Think of the amount of good food you throw out just because you can't keep it.

Think of the wonderful dishes and relishes you can make for the evening meal from meats and fish that were left over from dinner.

Think of the fresh fruits and vegetables you can buy at the door and put away for Sunday.

Ice has made this possible and the cost is so small that during the summer months you save enough food to pay for the ice many times and buy more groceries.

Get your name on our list and be sure of a fresh supply every day.

Phone us and our team will call.

BACK TO American Anthracite AGAIN!

Since our stock of Welsh Coal is about exhausted, due to the miners' strike now in progress in Great Britain, we are obliged to turn back to where we were years ago, to the United States for Anthracite.

It will be remembered by thousands of Saint John people, the very high class of Coal we handled during the years 1913 to 1922, known as Radio Coal. Radio Coal is the choicest Anthracite we have located anywhere in Pennsylvania and was, until we imported Welsh Coal in 1922, the first preferred coal.

The steamer cargo of Radio Egg and Chestnut which we received a few days ago, is, with exception of a 600 ton cargo in 1913, the very finest lot of American Coal we have ever seen. We invite your inspection at our yards, 331 Charlotte Street. It is free from stone, of even size, and reasonable in price.

Place your order with us now.

Three juries tried in vain to agree on his case. Finally, with the help of many friends and able lawyers, the charges against Wan were null and void and he walked to freedom. The photo shows Wan, left, leaving the prison with one of his loyal friends.

ST. ROSES PROBABLY WILL ENTER RE-ORGANIZED CITY LEAGUE

START NEW SERIES WITH FOUR TEAMS

Meeting Friday Will Decide Matter—Campbell to Stay With Saint Johns

As the result of a meeting held last evening it was said this morning that the City League would be reorganized by taking in the St. Rose's team of the now defunct City and County League. A meeting of the City League will be held on Friday evening when plans will be formed to start a second series of the league, having the St. Roses, Trojans, Water Department and St. Johns, in the line-up. Games already played in the City League would be considered as the first series of the league. By virtue of being well out in front in the City and County League, the St. Roses would be entitled to enter the play-off for the championship. The Watermen also would be entitled to play-off, owing to the fact that they were last year's champions and because they won the first series this year. The St. Johns should be the Trojans or St. Johns in the second series there would then be four teams in the play-off for the championship, including the winners of the South End League.

At the meeting last evening, when representatives of the present three teams in the league and the St. Roses met and talked over the resignation of the City League, which it was expected would be made at Friday night's meeting, at which A. W. Covey, president of the league, was expected to be present.

Other players of the City and County League not wishing to throw their lot in with the Independents would be absorbed by the teams of the City League.

CAMPBELL STAYS

At a meeting of the members of the St. Johns last evening the players refused to consider the resignation of their popular manager, Tommy Campbell and the latter decided to remain with the team.

NEW LEAGUE WILL START TOMORROW

Independents to Play Double Header on St. Peter's Park

The St. Peter's and G. W. V. A. Independent amateur teams will meet in a double-header at St. Peter's park tomorrow. The morning game will start at 10:30 o'clock. The afternoon engagement is scheduled for 3 o'clock.

About 80 players were put through their paces at St. Peter's park last night. Several City and County League players are to be seen on the diamonds as they were given out last night.

On the St. Peter's roster are Dever, catcher; Potter, pitcher; the Shamrocks; Johnson and King, pitchers; McCann, formerly a member of the St. Peter's in the City and County League, first base; Barney Mooney, second base; O'Regan, third base; White, a former St. Peter's City and County League player, short stop; Doherty, left field; Howan, of St. Peter's, City and County, centre field; and Moore, right field. Dan Britt is the manager of this outfit.

With G. W. V. A. are Gonnell, catcher; Beatty, and Burgess, formerly of St. Peter's, City and County, pitchers; Moran, of Shamrocks, first base; Lowrey, second base; Boyne, third base; Gibbons, short stop; Mitchell, centre field; Garrett, right field; and Parlee, left field. Tommy Coughlan is manager of this aggregation.

Saturday it is expected a third team, as yet unnamed, will be seen in action.

Tennis Tournament To Start Saturday

The first official tennis tournament on the Rothsey courts this season is scheduled for Saturday afternoon, when the Rothsey club members will play a mixed doubles match. In order to make the matches more even the club has decided that the teams will be drawn up by the tournament committee which is composed of the Misses Viola McArthur, Alice Tilley, Elizabeth Armstrong, Walter Foster, P. J. Hallissy and Hazen Short.

Entries close at 8 o'clock Friday night and may be either given to any member of the committee or posted at the clubhouse before that time.

The One and Only A. SNOODGRASS LEADING BATTER

Now Tops Stirling in City League—Mountain Third—Results Last Night

By getting three hits out of four times up in the City League game last evening, Aubrey Snodgrass, first sacker for the Water Department, went out in front in the race for batting honors in that league, displacing M. Stirling, who is now in second place, with Jimmy Mountain third.

Following are the averages to date of the three leaders for ten or more games:

A. Snodgrass, W.	.12	40	19	442
M. Stirling, St. J.	.10	30	13	483
Mountain, St. J.	.16	84	21	389

To Aubrey Snodgrass, Waterworks' first baseman, goes the credit for his team's win last night. Snodgrass tripped in the seventh and last session and drove in the winning counter with the score tied at 2 to 2. Brilliant feasting by W. Bartlett, of the Saint Johns, and Latham, of the Watermen, featured the game. Hannah pitched for the Waterworks and held the Saints down to five hits. Earl Nelson, on the mound for the Saint Johns, was nipped for 11 bingles.

The Saint Johns played the game under protest. They declared Manager McLeod should have been on the Water Department bench.

By their 6 to 3 win over the Martellos last night on the South End diamond, the Nationals put themselves in a tie with the Martellos for first place in the league race. The game provided good ball until the eighth and final session when darkness caused a few errors to be tacked up.

REDS' HURLERS GOING STRONG

Cincinnati Again Trims Pittsburgh—Ruth Close to Famous Record

NEW YORK, June 30—Entrants in the National League race have their eyes on a hustling pair of Red Legs dimly discernible through the dust. Cincinnati is traveling fast and if the mighty corps of pitchers assembled in Redland can keep the power in their artful arms, some new bleachers will rise in their park in the near future—temporary structures that have been missing since 1919 when a somewhat infamous world's series was played. The Red Legs had no part in the infamy.

Where only a week or so ago the margin between first and six place teams in the circuit was only a matter of four full contests, it now lies and the Reds have a four-game advantage over the St. Louis Cardinals, in position. Yesterday Carl Mays shed the Pirates over-batter, the Reds' fifth victory over the champions. Mays scattered around nine hits to win by 6 to 4.

Brooklyn stopped the Philadelphia winning streak at five games by winning in the eleventh, 4 to 2. The New York Giants, playing ragged baseball, went down before the Boston Braves, 5 to 0, at 7 to 8.

Rube Ruth made another effort to catch up with the famous 1921 record by poling a homer at Philadelphia while the Yanks were besting the Mackmen, 7 to 8. It was the Babe's 29th and he now stands two games behind his past of five years.

Cleveland beat Chicago, 4 to 2, and threaten the second place team in the American League. Byron Harris pitched the best game of the day when he set down Washington with five hits and Boston won, 2 to 1. Lou Gehrig scored a 11 to 3 victory over Detroit.

AUSTRALIANS AND ENGLISH PLAY DRAW

Second Cricket Test at Lord's Indecisive—MacArtney and Collins Are Stars

LONDON, June 29—Resulting in an indecisive encounter but giving ample evidence that English cricket is as strong as ever it was, the second test match, played at Lord's today, ended in a draw. Only the determined batting of C. G. MacArtney, coupled with the stubborn caution of H. L. Collins, saved the touring Australians from what might have been a catastrophic defeat.

Today it was MacArtney's turn to run up a century, and this he did with great effect, contributing the fourth he has made in this match. He was assisted splendidly by his Collins, who secured his own run-getting ability towards the end of the day. The Australian captain contented himself with keeping his wicket intact, and allowed MacArtney to do the scoring. The moral effect of the second wicket partnership having a strong influence on the latter. For MacArtney, Collins played with such caution that he did not score a run. Finally he got a single off the bat, and drew ironical cheers from the throng and occasional considerable amusement among the spectators themselves. Collins grinned broadly at the hubbub.

Ludlow Defeated By St. Jude's Players

The St. Jude's softball team defeated the Ludlow aggregation by a score of 11 to 1 on the West Side diamond last night. The consistent pitching of Fowler, of the Saints, and Byles, of the Ludlowites, featured the game. A noteworthy feature of the Saints' three league games played to date is that they have been scored on only in one inning of each of the three engagements last night. Oxford won two of three events.

ENGLISH WIN ANOTHER

EDMONTON, Alta., June 30—The touring English soccer team scored another victory last night by defeating the Edmonton All Stars 5 to 0.

Hurler Fulfills Expectations

FLINT RHEM has lived up to all expectations. This young man who first started the baseball world 18 months ago, is making good in the way Branch Rickey, Rogers Hornsby and others predicted. Rhem broke across the baseball world in his first 11 victories. The heavy hitters of the National League seemed powerless before him. The batting average of his opponents, taken by and large, was under .200. His pitching has helped the Cardinals set a wonderful pace, especially of recent weeks.

Last year he won 8 and lost 15 games. His work, however, was much better than the averages indicate.

CHANGE GIVEN TO TRAIN FOR COMING MEETS

Junior Athletes Urged to Accept Opportunity—First Events Tuesday

A series of weekly handicap track and field events will be conducted during the next few weeks by the Trojans and Y. M. C. A. in an effort to give local athletes proper training for coming meet. The events to be run off will include the following: 100 yds., 220, 440, 880, mile, five mile, hammer, javelin, discus, shot, running high jump, broad jump, hop, step and jump and pole vault. Five of these events have been carried for next Tuesday evening on the Allison grounds, commencing at 7 o'clock, with a similar number each Tuesday, and as soon as the list is completed it will be repeated in a like manner.

Junior athletes especially are urged to grasp this opportunity to get real worthwhile training as the events are open to everyone whether or not they belong to the above organization.

Handicaps will be given in each event according to the ability of the contestants.

YANKS HAVEN'T HIT EXPECTED SLUMP

NEW YORK, June 30—The Yankees continue to make a runaway race in the American League and injuries and bad breaks have not yet retarded the impetus of their sensational drive. A temporary slump or reversal of form is invariably predicted for a club which goes ahead with leaps and bounds. In all the cities of the American League circuit the fans have been waiting patiently for the Yankees to crack under the strain, but this they have refused to do.

With such a remarkable advantage at the season's half-way mark, the Athletics should be able to pass through a slump without disastrous results. It is another prediction, however, that Manager Huggins has manipulated his fingers with splendid judgment thus far and has made few mistakes.

The rush of the Yankees has been a big shock to the followers of the Athletics, for in Philadelphia they have been all set to welcome Connie Mack and another pennant as a feature of the city's Sesquicentennial Exposition. The White Sox, Indians, Browns and Cubs are all closely bunched and each time they tip their ears over the Yankees' benefit thereby.

Enough has not lessened the interest in the American League race, for at least five other clubs entertain strong hopes that the Yankees will crack and they will be able to rush to the front at the proper moment. The followers entertain no such notion. The Yankees are imbued with the spirit of the fight now and intend to stick to where they are.

GLACE BAY, N. S., June 29—Roy Chisholm, Maritime lightweight champion, suffered a technical knockout at the hands of Steve McDonald, of Boston, formerly of Glace Bay, here last night. Although McDonald was outweighed by four pounds, he shaded his opponent throughout, adding to his lead as the bout progressed. The Halifax boxer succeeded in winning one round, the third, after taking a count of nine in the second. He took a count of nine in the eighth and got up, only to be knocked down a second time, and his seconds stopped the fight.

Chisholm held the championship for only three months.

In the program laid down there will be a picnic and meal on MacLaren's Beach, Murray, and possibly an automobile trip if enough cars are offered for this purpose.

NEW PICNIC IDEA

Central Sunday School Gathering Deferred Until After Vacation

The executive of Central Baptist Sunday School has decided to defer the holding of the annual Sunday school picnic until the resumption of the scholars with the reopening of public schools in September. It is thought this plan will serve in the nature of an inaugural for the fall and winter work, and be a reunion after the summer vacation period. The decision is a unique one and the experiment, it is said, will be watched with interest, as it may point a useful purpose and give more assurance of large attendance.

They are located on a farm at the head of Long Reach, with the local government's officials. The Dutch folk are pleased with their new home and have made friends with their neighbors right off. As Hiram Sees It

THE SETTLEMENT—I went out for a walk this morning. Peter Clinch he told me walkin' was good fer heart trouble. Well, sir—I seen the prettiest bed of anemones alongside the road that I ever seen in my life. It just turned Old Hiram to a boy agin. I picked a bunch of 'em an' started on 'em all at once I seen flowers everywhere. I got some columbine—some buttercups—an' daisies—an' clover blossoms—an' wild roses—an' some more I couldn't name. I was as proud as Punch when I got back—an' I told Hanner she couldn't match that there bouquet in her garden all summer. When I looked at the clock I seen I'd been out walkin' and pickin' flowers more'n an hour—an' my heart wasn't worryin' me a bit. I callate-me an' Peter 'll hev a walkin' match afore fall. It beats all what a lot o' things a feller kin find to look at an' enjoy when he has time to turn his mind to it—an' the sun aint too hot.

COURT WARNS OF SERIOUSNESS OF LAMP BREAKING

More Than Violation of By-Law Involved in Case of Boys

The police are endeavoring to put a stop to stone throwing and smashing of electric lamps in streets by boys. The morning six juveniles were before Magistrate Henderson, having been reported by Detective Saunders in connection with lamp smashing in the Millidge avenue district. It developed that one little chap had admitted stone throwing and had named five other boys who he said were with him. The other boys, under oath, testified that they had nothing to do with the lamp smashing and were discharged. The sixth boy was held responsible for the damage and his parents assessed \$4.50 to pay for the loss to the Civic Hydro Commission.

Magistrate Henderson pointed out that aside from the offence against the law which lamp breaking entailed, the practice was a dangerous one, especially where lamps were located in corners and turns of streets, inasmuch as cars were liable to be wrecked in such places and lives imperilled. He also said that in addition to the infraction of the law by acts of vandalism, interference with electric property constituted a violation of the statute.

LOCAL ORCHESTRA IS WARMLY PRAISED

Imperial Players Receive Telephone and Telegram Tributes on Broadcast Program

Persistent electric disturbance due to the showery condition of the weather in this area, and the intrusion of powerful American stations with other programs, rather spoiled reception of the Imperial Theatre orchestral concert sent out of CNRA, Moncton, last night. However, in spite of these unfavorable conditions some of the program was caught by local radio fans. A telephone message to the studio during the concert stated that telegrams and phone calls were pouring into the station from many points—some quite distant in Canada and the United States, complimenting the Saint John musicians upon their renderings.

TAKE CARE IN WOODS

Officers Anxious That Holiday Makers Guard Against Fire

The outlook today was that the fire hazard in the woods on tomorrow's holiday would be less than usual, inasmuch as showers have been frequent this month and the ground is damp in most sections, except possibly on exposed city slopes. Others, however, to date this season there have been fewer forest fires in this province than for many years. In fact, the fire damage has been done in any county, as the government patrol has been alert and has extinguished several blazes before they gained much headway.
