

BISHOP LEBLANC TO CONDUCT SERVICES

Dedication of Memorial Chapel at Grand Pre on Wednesday—Many Prominent Men Expected.

(Halifax Chronicle)

Acadians from all parts of Canada and from the United States will assemble at Grand Pre, N. S., on Wednesday next, to consecrate the chapel which is being erected at that historic spot as a shrine to the memory of the Acadians.

ROYAL YEAST CAKES. As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the vitamins which the diet may lack.

ALLEGED DRUG RING BETRAYED BY GIRL

Young Addict from Chicago Leads Detectives to Peddlers and Four are Held.

New York, Aug. 15. — Four alleged drug peddlers were arrested by detectives on the staff of Special Deputy Police Commissioner Carleton Simon, in charge of the narcotic division, as the result of information given the commissioner by a young woman from Chicago who has become a drug addict since her arrival here several weeks ago.

MORE AT MAGEE'S. The dollar does double duty here tomorrow—for men, for women—because we have cut our summer sale prices again to make a Dollar Day spread extraordinary.

articles collected will be written up and a guide book printed containing a list of the articles.

would bring about a straight two-party parliament and that, to my mind, is most desirable," said Mr. Baxter.

MERRY MAKERS AT OPERA HOUSE CONTINUE SUCCESS

The Fourth Week of Record Business.

Pleasing entertainment in the nature of a musical comedy, with plenty of comedy, music and dancing, is offered as the bill for the first half of this week by Orth & Coleman's Merry Makers at the Opera House.

The new show is full of screamingly funny situations which result from the supposed trip to the mountains of a husband of a jealous wife, who has become entangled in a flirtation with a vampire, who follows him to his home, where she is found in the arms of the loving husband by the jealous and enraged wife.

Both Abie and Mickey, in the role of husband and friend, furnish many laughs, especially in the scene where they compel the deacon to let them so as to extract them from a domestic quarrel.

Miss Lillian, in the role of the wife, displays some genuine dramatic ability, while Bessie Fox, as the vampire, creates a volume of laughter.

A LADY FROM INDIA.

The Rotary Club has seldom listened with more appreciative attention than was accorded a cultured daughter of India yesterday. Miss Lazarus is not only highly educated, representing the third generation in a Hindu Christian family, but she is a fluent and charming speaker of the purest English.

REGRETTABLE LOSSES

The Mount Allison Record devotes its last issue to "information concerning the three hundred former Mount Allison students who are now resident in the United States."

TORONTO HARBOR

Hon. Dr. King, minister of public works, was in Toronto last week, and the Globe reports says: "Political hatchets were temporarily buried in the joint furtherance of Toronto's waterfront improvement when well-known Liberal and Conservative members of the Dominion and Provincial parliaments were represented yesterday at the luncheon tendered by Hon. Dr. J. H. King, minister of public works, by the Toronto Harbor Commissioners at the Royal Canadian Yacht Club."

THE IRISH AMERICANS

There is a decided change in sentiment among most Irishmen in the United States in regard to Ireland. Mr. Francis O. Lowe, secretary of the Irish Free State, has written a letter to Mayor Hylan of New York, urging him to call a halt on some of these Irish agitators who still insist on stirring up trouble on the Irish question."

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

Lesson No. 77. METHODS OF PREVENTING INTERFERENCE. Many users of radio receiving sets are not getting the best possible results from their equipment and are enduring the unnecessary discomfort caused by signals from other stations interfering with the broadcast being received.

FOR CHARGING BATTERIES

In many localities the electric companies require that a separate circuit be provided in residences to provide electric current for household devices such as electric stoves, vacuum cleaners, electric irons, etc.

HOW TO BUILD AND INSTALL A SIMPLE RECEIVING SET.

The simple receiving set to be described can be constructed by anyone who is handy with tools at a cost of about seven dollars. The telephone receivers must be purchased at a range in cost from four to twenty dollars depending on their quality and sensitiveness.

Besides the telephones the installation consists of the antenna, the ground connection, protective switch and the receiving set itself. The antenna should consist of 75 feet of number 14 bare or insulated copper wire one end supported by a porcelain insulator in the building in which the set is to be located.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, AUGUST 15, 1922

### RECENT DEATHS

**The Late Mrs. Michael Adams.**  
The death is announced of Mrs. Agnes Adams, widow of Senator Michael Adams, of Newcastle. Mrs. Adams was a daughter of Simon Neale, who at one time was engaged in the dry goods business in King street, St. John, near Prince William, and later, for years, was in business in Fredericton. She was Senator Adams' second wife, her marriage taking place in 1882. One daughter, Mrs. Thomas J. Gallagher, lives at Moncton. Mrs. Adams' home was at Fitchburg (Mass.). The body will be interred at Newcastle. Senator Adams, a popular public man, who has been dead twenty years or more, entered the provincial legislature as a member for Northumberland when he was twenty-five years of age, was a member of the Conservative government which was defeated by the Blair party in 1882 at the polls, and was elected to the federal house of commons, and in 1896, a few months before disaster befell the Conservative administration, was appointed to the senate. The funeral will take place at Newcastle today.

**Mrs. Margaret Ketchum Parks.**  
Mrs. Margaret Ketchum Parks, widow of John H. Parks, and daughter of the late Edwin and Margaret Anne Ketchum, died at her residence, 62 Parks street on Monday, Aug. 14, at noon, after a short illness. Mr. Parks was identified with what was formerly known as the Parks Cotton Mills. Many will learn of Mrs. Parks' death with great regret. The funeral will take place on Wednesday afternoon from her late residence.

### SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and pure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Finishing and squeezing only cause irritation, make large pores and do not get them out after they become hard. The peroxide powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

### PUBLIC REQUESTS IN CALAIS WOMAN'S WILL

Calais, Aug. 15.—The will of the late Miss Laura Burns, which was probated and allowed at the last term of Probate Court, in Washington County, Me., by its terms brings lasting good to our community and her benefactions show wonderful foresight. She founded two scholarships at Dartmouth College, one of \$2,000 to be known as the George Blodgett Burns Scholarship for the benefit of students who are graduates of Calais, Me., Academy. To the Trustees of the Diocesan Funds, State of Maine, \$3,000. One half of this gift is to be known as the Laura Burns Fund and the income is to be used for repairs to the church building of St. Anne's. The other half is to be known as the Elizabeth Blodgett Burns Fund and the income is to be paid to the House of the Good Shepherd, Gardiner, Me., towards the maintenance of one child preferably, but not necessarily, from the Parish of St. Anne's. The Bishop of Maine, corporation sole, is given \$2,000 and the income is to be applied toward paying the hospital, surgical and medical expenses of such poor patients as may be admitted to a hospital in Calais or St. Stephen on the order of the Rector of St. Anne's and one physician of Calais. She also gives to the Bishop \$10,000 for the founding of the Kate Armstrong and Laura Burns Fund and the income is to be used in payment of salary and services of a trained nurse who shall visit and relieve the suffering of the poor of St. Anne's Parish, but if at any time there is not sufficient work among the poor of St. Anne's, her services shall be free to the poor of the city generally. The homestead is also given to this fund with authority to the Bishop to rent all of it, or a part of it, retaining

**McROBBIE**  
Foot St. John 50 King Street.

rooms for the use of the nurse, or to sell it and add the proceeds to the fund. One hundred dollars is given to the City of Calais for the perpetual care of her burial lot. Her personal effects are given to friends and the residue of her estate eventually becomes a part of the Kate Armstrong and Laura Burns Fund. Attorney James M. Beckett of Calais and Attorney Guy Murchie of Boston are named as executors.

### SCHALK OBSERVES THIRTIETH BIRTHDAY AND TENTH YEAR AS BIG LEAGUER

Chicago, Aug. 15.—The White Sox Browns game on Saturday marked the tenth anniversary of the arrival of Catcher Ray Schalk from the Milwaukee American Association Club and the famous catcher's thirtieth birthday. Schalk in those ten years includes catching 1,283 contests and pinch hitting in twenty-seven others, with a grand batting average of .354 and a grand fielding average of .980.

Pearl Ware is pearly grey inside and out and has two coats of special SMP enamel fused to shapes of open hearth steel.

Do you know that the Diamond or Pearl Ware pot or pan that sold last year for \$1.50 can now be bought for 90 cents?

### A CANADIAN NATURALIST

Ernest Thompson Seton Revisits His Early Haunts Around Toronto. (Toronto Globe.)

There has been much urban development in these parts since Ernest Thompson Seton first studied tracks in the snow in the Don Valley or the Rosedale Ravine, but the return of that distinguished naturalist to his former haunts for a brief visit today cannot but create a thrill among those who appreciate the volume and significance of his nature studies. There may be no welcome for him from a descendant of "Red Rush," the Don Valley partridge, or from "Silver Spot," the Rosedale crow, but the efforts of Mr. Seton and other nature writers in the last generation have made the life of the "Red Rush" and the "Silver Spots" distinctly safer. Mr. Seton was one of the pioneers among the interpreters of animal life—the men who have instilled in childhood of today a greater understanding of the wild things of the forest. As a consequence of these efforts many a boy is more interested in his book of natural history than in carrying a gun or catapult to the forest, bent on needless destruction.

Mr. Seton, who is now in his early 60's, explored the countryside around Toronto as a young man. Some of his observations were made at Clendon and Lorne Park, where for some years he owned a fine piece of woods. Hints of these early tours are seen in the early book, "Wild Animals I Have Known," which has a chapter on "The Springfield Fox," the locality being now known as Etobicoke. It was here that he first became a naturalist for the Manitoba Government.

To this naturalist the life of animals throws further knowledge on the life of man himself. "This thought," says Mr. Seton, "lends new interest to the doings of animals in their home life, and I have sought among those, our lesser brethren, for evidences of it in the rudiments of speech, sign, language, musical sense, aesthetics, amusements, home-making, social system, sanitation, wed-laws, morals, personal and territorial property laws, etc." The fruits of years of observation and writing, illustrated by a keen and sympathetic hand, after study of art in the Canadian National Museum to pronounce Mr. Seton's "Life Histories of Northern Animals" as "by far the best work ever written on such a subject." Mr. Seton is also a fine lecturer, with a quaint and direct manner of illustrating his point.

FILIPINOS APT ON STAGE.  
Soon Will Be Exporting Stars, Says Manila Theatrical Man.

Atlantic City, N. J., Aug. 15.—Stage stars soon will be coming here from the Philippines, according to F. S. Churchill, a theatrical producer of Manila, who, with Mrs. Churchill, is making a stay in Atlantic City.

"For the past twenty years American vaudeville has been exceedingly popular in the Philippines," said Mr. Churchill, "but the distance we are from the United States has made it an expensive proposition for us to offer Occidental amusement. Therefore, of necessity, we have had to train the local talent, and I must say they have proved able entertainers. They are most apt in singing and dancing acts. Each year they grow more clever, and American and European stages will be invaded by Philippine artists before long."

## I. CHESTER BROWN,

32-36 King Square-Next Imperial Theatre

**CAPT. AND MRS. OWENS TO LEAVE**  
Staff Captain Elms M. Owens, of the Salvation Army here, has received orders to take quarters in Montreal. He will say farewell here on August 16. Both Captain Owens and Mrs. Owens have

made many warm friends here who will regret their departure, but will wish them success in their new field.

#### INSECT BREEDING SPOTS.

Mosquitoes are not long distance travelers. When they invade your home, you can count on the fact that there is

a breeding place not far away. They breed in stagnant water, in tin cans, pails, gutters, mud puddles, and anywhere that water is allowed to stand. The best way to eliminate mosquitoes, therefore, is to clean up these foul breeding spots.

The house fly breeds mostly in garbage piles and stables. It is said that this insect is rapidly becoming less numerous, especially in large cities, owing to the elimination of stables.—The Thrift Magazine.

**LUXURIES COME HIGH.**  
Statisticians in the electrical industry are authority for the statement that more money is spent by women for jewelry, perfumery, silk stockings and other luxuries than for the light, heat and power furnished by all the light, heat and power companies in the United States.—The Thrift Magazine.

'GOOD WOMEN' WINS AT QUEEN SQUARE THEATRE

Robertson-Cole Picture Directed by Gansler Deals With an Up-to-Date Problem.

'Good Women' From the Story 'Good Women' By C. Gardner Sullivan. Directed by Gansler. Released by Robertson-Cole. At the Queen Square Theatre.

THE CAST: Katherine Brinkley...Rosemary Theby Nicolai Brouevitch...Hamilton Revell Inna Brouevitch...Irene Blackwell John Willett...Earl Schenck Sir Richard Egglethorpe...Wm P. Carleton Franklin Shelby...Arthur Stuart Hull Natalie Shelby...Rhea Mitchell Mrs. Emmeline Shelby...Eugenie Bessever

'A photodrama of the conventions and might well screened.' This, to quote critics who have seen it, sums up on 'Good Women,' the big Robertson-Cole super-special production, which pleased a large audience at the Queen Square Theatre yesterday, where it began a run of two days.

'Good Women' has everything necessary to the successful production. There is perfection of cast and story. It has the guarantee of perfection on the label which reads 'Directed by Gansler.'

The scenario was written by C. Gardner Sullivan from his own story of the same name. 'Good Women' answers the question with regard to just how far a woman may go in disregarding modern conventions. Just how far she may transgress and then, through mental expiation, be received again within the realm of decency.

Katherine Brinkley, played by Rosemary Theby, believes that slavishly following the conventions of modern society is unworthy of the freedom which is woman's birthright. Following a series of adventures in New York's gay Bohemia, she eventually runs away with Nicolai Brouevitch, a Russian pianist, under the impression that she has at last met her soul mate. Brouevitch is a married man.

The pianist, who is vain, emotional and shallow, tries of the girl at about the time she discovers the mistake she has made. He returns to his wife and Katherine finds herself facing the cold notoriety that she has brought upon herself. It is then she realizes how little actual freedom she possesses and the real reason for following the conventions.

Shown for the last three times today.

THE MAIDEN'S LAMENT. (After 'Locksley Hall.') Comrades, leave me here a little, while I muse on many things; Leave me here, and when you want me, sound the banjo's dulcet strings.

Let me cast my roving optic down the vista of the Past, Meditate on all my follies, from my first act to my last.

All the list of weary blunders had their origin and start From the day I first determined I would give myself to Art—

From the day I perpetrated an umbrella stand much varnished, 'Twas a drain-pipe with scrap pictures neatly pasted on and varnished.

But this kind of decoration speedily went out of style, So I turned me round and painted daisies on a sky-blue tile.

Then a red-legged stork I painted, 'mid some rushes on a panel; Next I made a lovely study of some cat-tails worked on flannel.

I have 'etched' a dozen doyleys, painted four depressing plaques, Covered with Kate Greenaway children, ment pasteboards by the stacks.

Done 'drawn-work,' made ribbon roses, burnished plaster things with gilt, Sketched paper's face on the soap, and have made a 'crazy quilt.'

Then, as if this list of objects didn't 'write me down an ass,' I must needs with all the others, madly try to hammer brass.

Comrades, I am very weary, and my heart is sorely vexed, Is this game of Art 'most finished? If it isn't, what comes next?

Must I try to do wood-carving? Must I learn to model some? Hark! the banjo calls me onward, Comrades, wearily I come. —Bessie Chandler.

'For the Home' Hotpoint The Hotpoint Iron has taken all the drudgery out of ironing, and made it one of the most pleasant of household duties. It is comfortable to use, owing to its perfect balance and highly polished lace which never sticks. The exclusive Quick Rest makes it easy to guide the iron into pleats and tucks, and sets the steam, giving a steady temperature.

HOTPOINT SERVANTS FOR THE HOME 'Made in Canada' Sold by Electrical Dealers everywhere. Canadian General Electric Co., Limited. Head Office, Toronto. Sales Branches in all Large Cities.

Imprisonment Faces Second Offence Men

The case in which Harry Doherty is charged with having liquor in his beer shop in Union street and also with obstructing the prohibition inspectors in the discharge of their duty, was resumed yesterday afternoon in the police court. The defendant withdrew his plea of not guilty through his counsel, J. A. Barry, yesterday, and entered a plea of guilty on both counts. Mr. Barry then addressed the court and said that the defendant had since sold out his business and that he was leaving the city on the harvest excursion on Friday.

In view of these circumstances the defendant's counsel asked for leniency from the magistrate in imposing the fines in the two charges. The case was then postponed until Wednesday morning to allow the magistrate to consider the plea.

W. M. Ryan, who appeared for the prosecution, announced yesterday afternoon that he had been instructed by the prohibition authorities to enter a second offence charge in the case of any person being brought before the court where there was already a conviction. He declared that since this carried a penalty of nine months' imprisonment without the option of a fine, he wished to announce the fact so that the first man thus charged would not consider that he was being discriminated against.

So genuinely good is its reputation in our Home Provinces here in the East, folks who like good Tea are wont to say: 'We use RED ROSE TEA.' RED ROSE TEA 'is good tea' The fine quality of RED ROSE COFFEE will please particular people.

TYPHOID FEVER APPEARS AGAIN Three cases of what is believed to be typhoid were admitted at the General

Public hospital yesterday and all three came from the north end of the city. The department of health had not been notified yesterday as the cases had not from localities scattered throughout the city.

make certain of their nature. There were already in the hospital six other typhoid patients who were on their way towards recovery. These six cases came from localities scattered throughout the city.

ARE CHARGED WITH KILLING A MOOSE

L. A. Gagnon, chief game warden, left St. John last evening for Salisbury to prosecute three cases of alleged violation of the game laws of the province which will be tried there today before Police Magistrate Judson E. Foster. Two men, Herbert Hopper and Whitney Reiker, of Nixon Settlement, Albert County, are being charged with killing a cow calf moose, and J. Magee, of Turle Creek, Albert County, is charged with having moose meat in his possession illegally. These cases all arose out of the one offence and were begun on August 3.

Two convictions were obtained at Woodstock on August 8, against two men for killing a moose in the vicinity of Kilmarnock Lake, Carleton county, in the month of June. The St. John tern schooner Ada A. McIntyre, recently ashore, afterwards floated and towed to Meteghan for repairs, is now on the marine railway. The damage sustained by the vessel when it struck on the Grand Manan coast is quite extensive and the craft will require a complete new keel, nineteen streaks of planking on the port side and twenty-five new planks on the starboard, together with a complete caulking from stem to stern.

Something New at Wilcox's Dollar Day

Most all the stores are trying to get rid of old stock on Dollar Day, but we are offering you NEW FALL CLOTHING for Men and Women at manufacturers' prices for one day only—you can save from 20 to 30 per cent on your new Fall Suit or Coat.

ADMIRAL SIR W. PAKEMAN

who was on board H. M. S. "Raleigh" when she ran aground off the wild coast of Labrador. A dozen lives are reported lost.

CENTRAL HEATING PLANT IN NORTH BATTLEFORD

(By M. D. Cadwell, Supt. of Utilities, North Battleford, Sask.) The Central Heating was first introduced into commercial circles in North Battleford in the summer of 1916, when the steam main was laid from the power plant to the new Public Library on Main street, 750 feet distant. The service was so successful that it was decided to extend the system to serve the business section of the city after the

close of the war, provided ways and means could be arranged to finance the initial cost of the installation. A very comprehensive research was conducted by the Superintendent of Utilities for a period covering nearly four years, relative to the merits of central heating and its adaptation to local conditions prevailing in North Battleford.

Finally, in the summer of 1920, it was decided that the proposed installation would prove advantageous and profitable to the community, and the city council signified its willingness to proceed at once with the installation, provided the patrons would finance its cost. An advance deposit, representing the fixed figure on a unit basis, and proportional to the requirements of each consumer, was agreed upon, and tenders were called for the supply of necessary material.

A portion of the installation was made in the fall of 1920, but, due to the lateness of the season, less than ten consumers received service during the season of 1920-21.

Meanwhile, materials were received from time to time and in the spring of last year, practically all supplies requisite for the completion of the system were on the ground prior to the date on which excavation could be commenced. By the end of September last, thirty consumers were receiving steam service and the installation of the distribution service was completed.

The popularity of the service and the ever increasing demand for steam necessitated the installation of a new and larger steam main to supplement the original one to a point opposite the Public Library, from which point the main distribution system was commenced in the fall of 1920. This installation has been operating since November 26 last. The complete installation now com-

prises over 5,000 lineal feet of piping. Practically all underground piping is of genuine wrought iron, a considerable portion of which was imported, as it is not made in Canada above certain sizes. All piping is thoroughly insulated and enclosed in circular casing manufactured in the City of North Battleford, except the Exhaust steam from the generating plant, which has been graded with an engineer's level, and all lines were set with the transit.

Complete and perfect drainage has been provided for all piping placed below the ground level. The estimated life of the plant is fifty years. The total cost of the system as installed approximates \$35,000, and it has been financed by the patrons of the plant, in addition to certain lines of credit which were arranged with two of the firms who submitted the lowest tender for a considerable quantity of the materials required.

The complete system was designed by the writer and was installed by the employees of the Utilities Department under his personal supervision.

There are now upwards of forty consumers, and this figure will exceed fifty in the near future. During the inclement winter weather, upwards of seventy-five tons, or 150,000 lbs., of steam were delivered to the patrons every twenty-four hours.

Exhaust steam from the generating plant and ideal central heating plant—the source of heat. While the City of North Battleford now owns and operates a comprehensive and ideal central heating plant—the first municipally-owned plant in Canada to date—it has not cost the rate-payers a single farthing and is greatly augmenting the revenue from the utilities. Meanwhile, the operation of this new utility is being watched by engineers and other interested municipal officials from coast to coast, and it is sincerely hoped that the example set by this municipality will in the near future result in similar installations elsewhere, and that the comfort and convenience now being enjoyed by the patrons of the North Battleford heating plant may soon become the privilege of many in other urban centres.

ALEXANDER GRAHAM BELL

(New York Evening Post)

Alexander Graham Bell lived to see his name on blue and white signs everywhere he went, to know that his major contribution to telephony had been an important element in the building of the modern world and to be acclaimed as a grand old man who deserved well of humanity. Few, indeed, are the lives that thus draw serenely to their close amid plenty, fame and applause unmingled with envy. So many inventors have died in obscurity and poverty that it is good to dwell upon the comforts and universal acclaim which surrounded this ancient of applied science in his declining years.

Bell made his chief contribution to knowledge before he was thirty. He "arrived" early, but he had the true scientific spirit and kept experimenting almost to the end. His curiosity was insatiable. Unlike so many eminent specialists in applied science, he refused to be bounded by his specialty. He was at home everywhere in physics; the problems of light and sound interested him most, but the mechanics of flight and even those of domestic economy received the attention of his searching mind. One of his later articles contained suggestions for conserving household

heat and applying it to the hot water system. Another sets forth measures by which an old man somewhat tried by the heat of Washington summers contrived to keep himself cool by conserving cold air.

First and last, Alexander Graham Bell was a practical person. To him life was life and not merely a laboratory in which interesting things could be discovered. His idea was to make know-

TWO BOYS DROWNED

Liverpool, N. S., Aug. 14.—Word has been received by W. H. Sterns of the death by drowning of two young sons of his brother, Robie, of New York.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their bonds as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING, Minister of Finance.

**Francis & Vaughan**  
19 KING STREET

Put one on--  
the pain is gone!

Dr. W. S. Carter, chief superintendent, wrote that the government had deducted a half day's pay from the teachers' grant in view of the fact that only one-half day's teaching had been given on the day of the national skating championships in St. John. Dr. Bridges was asked to take up this matter with Dr. Carter, as the board felt that the teachers should not lose their government grant because the day had been declared a civic half holiday. The grade teachers would lose forty-three cents, and four of the High school teachers \$1 if the deduction was made.

Mr. Rutherford, of Partridge Island, wrote asking for supplies, eight desks, blackboards, maps, dictionaries, etc., for the island school. It was said the school was equipped a short while previously, and Dr. Bridges was asked to obtain further information.

Mr. Day announced that Maitland Mowry had been appointed janitor of the Lorne school at \$800 a year and was at work on the building. This action was approved.

This announcement re-opened the consideration of giving preference to returned soldiers.

Judge McKeown suggested Mr. Macnam was asked to keep the board advised as to returned soldiers wanting work and the class of work which they could do. On Mr. Green's motion, the chairman's suggestion was ordered carried out.

Mr. Day suggested the members of the board should visit the Lorne school a few days before the schools opened, and this was agreed.

New Albert School.

Mr. Smith reported the contractors making good progress with the new Albert school and said the building would be ready for the laying of the cornerstone by the middle of next month. He hoped the members would go over to West St. John to see the school. With Mrs. E. R. Taylor and the architect, F. Neil Brodie, he had inspected the site and observed the need of curbing and a retaining wall on Gullford and Duke streets. The architect had prepared plans for this work which would call for an expenditure of about \$7,000, not included in the construction estimates. On his motion this matter was referred to the chairman, the superintendent, the chairman of the buildings committee and the visitors to the school with power to act. Mr. Ingham said the work was an absolute necessity.

On Mr. Green's motion it was decided that Trustee H. C. Smith should lay the cornerstone of the new Albert school, and it was suggested that a school day session be chosen and the children attend the ceremony and contribute to the programme by singing choruses.

The New Brunswick Protestant Orphanage directors wrote asking for extra equipment for the school in the West St. John orphanage and for repairs to the school room in the Wright street home. The superintendent and visitors to the buildings were authorized to act in the matter.

School Medal Winners.

Dr. Bridges announced the winners of the school medals and pointed out that in three cases the pupil next highest had made marks very little below the medal winner. The matter of providing special prizes for these pupils was left with the superintendent and the chairman with power to act. William Wallace Donohue with 233 marks, and Fred Harrington with 229 marks nearly ap-

proached the marks of Miss Lillian Clark, who made 266 in mathematics and captured the Parker silver medal, and these two were also included in the matter of the consideration of special prizes.

The medal awards were as follows: Corporation gold medal, grade II, matriculation—Harriet Roberts.

Parker silver medal, mathematics, grade II—Lillian Clark.

St. Vincent's alumnae gold medal—Lillian Clark.

Ellis gold medal, St. Vincent's, grade II—Lillian Clark.

Governor-general's silver medal, grade IX—Margaret Stewes.

High school alumnae gold medal, grade IX—Frances Gilbert.

Chairman's gold medal, High school entrance—Winnifred Doberty.

Gershen Mayes' gold medal, High school entrance—Winnifred Doberty.

Second highest, grade X, High school—Nan Coleman.

Second highest grade IX, High school—Frank Christiansen.

Second highest, grade VIII, St. Peter's boy—Joseph Owens.

At a teachers' committee meeting after the board meeting, Fred A. Patterson was appointed as teacher of the new class of grade IX to be opened next term. Mr. Patterson was the alumnae gold medalist in 1919 and won the Devonshire gold medal in 1920, and has taught for one year in Campbellton.

## A Fashion Show and a Sale

Today's master designs of Paris, of Fifth Avenue, or our own veteran originators, are revealed to you here tomorrow at threefold savings. Our opening becomes a sale to point the wisdom of choosing early with a wider selection while the furriers at their leisure can produce for less, a sale to emphasize the wonderful styles and savings possible when the pelts are bought direct from the hunters.

Come to see what's what in Vanity Fair at its best, to take advantage of manufacturer's prices pruned down further to provide a pre-season sale.

- MAGNIFICENCE IN MINK**  
The full-grown beauty of but eight large & striped skins gives this coat with deep shawl collar and flare cuff a sweep of 40 inches, a length of 40 inches. Eight others of matching size and lustre make the 18 inch collar. Eight more with the 12 inch border. All-round sash belt and buttons of self complete the richness of the effect, with a lining of woven gold on a riotous brocade of deep oriental hues. \$1400 value marked down for opening sale to \$1245. Others equally reduced to \$720, \$540, \$650.
- A MUFF-COLLARED SEAL**  
Fashion finds new fancies, new comforts in a silken Hudson Seal where the sweeping collar drops in a pocketed panel, the flare sleeve becomes a broadly turned back cuff and the border everywhere a twin line of reversed fur to create striking contrasts in tone. Lined with turquoise blue crepe handkerchiefs with chinal embroidery or to your preference. Repriced for opening from \$700 to \$625.
- A NEW MUSK RAT TRIM**  
No less than 175 skins of special choice combine lightness and dash in this deep collared model with the latest edging of reversed self fur. The two skin border has a sweep of 72 inches. Repriced for opening from \$175 to \$150.
- THE VOGUE OF PONY**  
Deep shawl collars and bell cuffs of such becoming trims as Beaver, Raccoon, Seal, Australian Opossum and self afford every opportunity in Pony—and after all these years, here is the real dependable Russian Pony. Of special lightness and grace, long-lasting and low-priced. Repriced for opening sale only from \$250 and \$200 to \$225 and \$175.
- BEAVER TRIMMED HUDSON**  
Girdled or belted, either gathered or rippling at the back, this 40 inch Hudson Seal with natural Canadian Beaver shawl collar and cuffs is one of the most stunning models of the season. Lightly and luxuriantly hung and lined in finest crepe of a giant pink rose motif. Repriced for opening sale from \$475 to \$425.
- NOT ONLY FURS**  
Advance Autumn Style Secrets in Millinery, Frocks and Tailored Top Coats will be announced in exclusive models marked lower to bid you special welcome. Come!

Scotch Molester Cravats capable of a dozen tricks and trims make their bow at special prices from \$40.50 to \$22.50. Hudsons as well. Silver-tone Raccoons in large all-round choker effects remarked to \$31.45. Siberian Grey Squirrels, satin lined or all-round \$18, \$13, \$50. In fact our display is so teeming with new ideas you must come to see for yourself.

**WILL LEAVE TOMORROW.**  
The ten young men who recently finished their first novitiate at St. Peter's and became members of the Congregation of the Most Holy Redeemer, will leave tomorrow for Mount St. Alphonse Seminary at Esopus, on the Hudson, where they will resume their studies. Among the students are two St. John boys, Austin McGuire and James Gran-nan.

**ORPHAN GARDEN PARTY.**  
On the Martello grounds, tomorrow evening and Thursday, from 2 p. m. to 10 p. m., is a public effort to assist in financing the three N. B. Protestant Homes. The orphans are ways of contributing to its success even for those who cannot attend. Think it over. Grounds decorated and illuminated. Refreshments, games and competitions, etc. Band concert both nights. Home open to public, Thursday, from 2 to 10 p. m. Admission 10 cents. Supper Thursday only 25 cents. Street cars pass the grounds. 8-16

**A HAPPY REUNION.**  
After a separation of twenty-two years a happy family reunion was held recently at the home of Mrs. J. F. Hersey, 289 Guilford street, West St. John when four generations were present. Mrs. Elizabeth Ewing, who makes her home with her youngest daughter, Mrs. Hersey, was the senior present. Others were Mrs. Bernard H. Morrell of Cambridge, Mass.; Mrs. C. B. Watson, also of Cambridge, and daughter, Jeanette Elizabeth, named for her two great-grandmothers; Mrs. C. A. Israel and daughter, Mary, and Gertrude, of Danvers, Mass., accompanied by Miss Phyllis Drinkwater of Salem, Mass. Needless to say, a very happy time was spent in talking over other days and other people whom the older ones present knew. The visitors left for their homes on Saturday.

**ALWARD-BLIZZARD.**  
A very pretty wedding was solemnized this afternoon at three o'clock in the Anglican church at Westfield when Miss Dorothy A. Blizard, daughter of Mr. and Mrs. F. W. Blizard, Orange street, was united in marriage with William Wallace Alward, son of the late Dr. Silas Alward and Mrs. Alward, formerly of this city but now of Montreal. The ceremony which took place in the presence of a number of invited guests, was performed by Rev. W. Craig Nichols, rector of Westfield. The bride, who was given away by her father, looked very charming in a bridal gown of white georgette embroidered in pearls and crystal, with train of white satin falling from the shoulders and veil of antique Filigree lace caught with orange blossoms. She carried a bouquet of sweet peas, bride's roses and white-stalk. She was attended by Miss Catherine McAvity as maid of honor and Miss Kathleen Coster and Miss Edith Schofield as bridesmaids. Miss McAvity was handsomely gowned in a lace dress of cornflower blue with draped hat of blue lace caught with French roses in blue and gold coloring. She carried Ophelia roses. The bridesmaids wore dresses of gold colored lace and georgette and hats of white and gold lace over cornflower blue and carried bouquets of cornflower and white streamers. The Ophelia roses with gold streamers. The groom was supported by Vernon Wilson of Pennsylvania, a college friend. The ushers were Don Skinner and Cyrus Inche. Harold Peters and Cecil Alward, brother of the groom, completed the bridal party. The church was beautifully decorated with popular and pyrrum esculentum the whole combining to make a very pretty effect. After the ceremony a reception was held at the "Greenlands", the summer residence of the bride's parents, where the bride received her guests on the lawn in front of the house. Mr. and Mrs. Alward left on the afternoon train for a honeymoon which will be spent along the Saguenay after which they will return to their residence in Montreal. Going away the bride wore a suit of blue broadcloth with trimmings of periwinkle and hat to match.

**RENFORTH PLANS SAFETY MEASURES**  
Boat, Life-belts and Grappling Irons to be Secured—Placed in Convenient Locations.

During an intermission in the dance in the Renforth club house on Saturday evening, Fred J. Nisbet, the president of the Athletic and Outing Association, spoke a few words of sympathy for the relatives of Captain A. W. Howard, who was drowned at Renforth on Wednesday evening. In this connection he said that this should prove a lesson to the residents, both the swimmers and the parents of the children who went in swimming.

It had brought the lesson home to the club, he said, that some life-saving apparatus was necessary for the community, and arrangements had been made to secure two life belts and two sets of grappling irons, as well as a boat, to be kept in condition for emergencies. The life belts would be placed where they could be easily reached in a hurry, one on the wharf and the other on the side of the club house. The grappling irons would be kept in the club house, and the boat would be rigged so that it could be taken out in a hurry. He asked the co-operation of the residents in keeping the boat ready for emergency uses and requested that it should not be taken away from its moorings under other circumstances.

**BURIED TODAY.**  
The funeral of Mrs. Charlotte Thompson was held this afternoon from her late residence, 183 Ludlow street, West End, to Cedar Hill. Service was conducted by Rev. Dr. S. S. Poole, of the Germain street Baptist church, in the absence of a regular pastor from the Ludlow street church, of which she had been a life-long member. Appropriate selections were beautifully rendered by a mixed quartette consisting of Miss H. Sylvia Mills, Mrs. W. A. Brown, E. Clyde Parsons and Ralph J. Rupert. The funeral of Mrs. Jennie Costello took place this morning from O'Neil's undertaking room at St. Peter's church where the burial service was read by Rev. G. Coffin. Interment was in the new Catholic cemetery. Relatives were pallbearers and she received a large number of floral offerings.

**RETAIN DOUBLES CHAMPIONSHIP**

Short and Hollyer Win Out in the Challenge Round at Rothersey Tournament—A Great Match.

Hazen L. Short and John Hollyer, of the Rothersey Tennis Club, last year's Maritime men's doubles champions, had very little difficulty in holding their provincial titles this morning in the challenge round of the New Brunswick Tennis Association tournament at Rothersey against George Hudson and C. D. Fitzgerald, also of the Rothersey club, winning in straight sets, 6-4, 7-5, 6-2. The exciting, killing game of the champions was too much for their opponents and their swift smashes at the net almost invariably went for points. Short's serving was unusually good and saved many bad situations. Hollyer, as usual, showed great form in killing lob, both at the net and from farther back in the court. The match was featured by brilliant plays throughout and was probably the best tennis of the tournament.

The challengers went ahead at the start of the first set and had the score 4-2 in their favor when the champions took the next four games, starting their winning streak on Short's serve. This gave them the set 6-4. In the next set the score was close until it was reached but the champions smashed their way through the next two games and won, 7-5. The third set was won more easily, Short and Hollyer having a four game lead.

Hollyer was expected to be off form on account of his enforced absence for a great part of the season and his consequent lack of practice but he upset expectations and played a remarkably brilliant game. Taking the match as a whole the challengers were out-classed by the brilliance of the champions' game.

There is a good chance that Short and Hollyer will successfully defend their Maritime title in the inter-provincial tournament later in the week.

This afternoon Short will meet George Harley in the title round of the men's singles.

**GOOD RESPONSE FOR HEALTH CENTRE**

Taggers on the Street Today Meet With Generous Reception—Several Substantial Amounts Received.

The appeals of the taggers for the Health Centre fund today met with a good response. Some were so generous that they bought, not one or two, but three separate tags, paid for in different places. This kind of treatment from the public encouraged the workers to greater efforts.

Several checks for substantial amounts have been received and it is hoped that many more will find their way to headquarters. The generosity of the public's giving may be judged from the fact that fifteen banks were turned in to main headquarters in the Board of Health office before noon.

Very few refusals were met with by the taggers and an especially hearty response was received at the station.

The fund has been augmented by the money realized from the sale of ice cream at King square, Haymarket square and Market square, West Side, last night and this sale will be continued tonight.

The committee in charge were helped greatly by the loan of several motor cars, among them being those of John E. Moore, J. A. Pugsley, Miss Elizabeth Gorman, W. E. Cooper, Miss Culver, Miss Frances Stetson, J. H. Doody, Mrs. Thomas Stephen, Dr. Doris Murray and the board of health.

The committee in charge is as follows: general, Miss Harriet A. McKeljohn, Mrs. E. A. Young; tags, Mrs. R. J. Hooper; banks, Miss Alice Estey; automobiles, Mrs. J. H. Doody. This committee was assisted by members of the Pythian Sisters, Loyal Orange Benevolent Association, the Catholic Women's League, the Hebrew Women's League, the Salvation Army, the Women's Institute in suburban districts, the Free Kindergarten Association, the Ladies' Auxiliary of the G. W. V. A., the I. O. D. E. and many other organizations.

Mrs. W. Edmond Raymond was hostess at a luncheon for the committee today.

No estimate could be given at the time of going to press of the amount realized this morning but the committee is confident that they will reach their objective if the hearty response of the public continues.

**LANCASTER CUTS SCHOOL RATE 35c.**

Tax rates have a general tendency to climb, and of course tax bills follow suit. This has become such a general custom that most ratepayers almost expect an increase each year.

It is a pleasing announcement, therefore, that comes from Lancaster school district No. 2, that the rate this year in Fairville takes a decided drop of thirty-five cents. Last year the rate for the Fairville schools was \$1.60. The bills are now being prepared on a rate of \$1.25.

A readjustment of the boundary lines of the school district, taking in some extra property, is one cause of the gratifying showing, and the trustees feel that careful financing also had considerable to do with the lower rate, as the warrant preceding year, after allowing for \$1,000 to be put aside in the sinking fund.

With other taxes on the continual ascent, a thirty-five-cent drop in one department of public affairs in the county is no mean showing.

**THE HYDRO QUESTION.**

Mayor McLellan announced this morning that at the regular weekly meeting of the common council this afternoon he would move that the council resolve itself into committee to discuss his report on the hydro question.

**IS IMPROVING.**  
It was reported from the hospital this afternoon that Edward McNulty, injured on Saturday morning, was improving slowly.

Mrs. E. M. Norwood, buyer for F. W. Daniel & Co's Costume department, has returned from a very successful business trip to New York City.

FREDERIGTON NEWS

Fredericton, Aug. 15. (Special)—Hon. Duncan Macdonald, Ottawa, commissioner of agriculture for Canada, addressed the Fredericton Rotary Club this afternoon. He was formerly minister of agriculture for Alberta. This afternoon he was chief speaker at a picnic held at the Dominion Experimental Station.

JOINT PICNIC IN THE NORTH END

St. Peter's and Holy Trinity churches' annual Sunday school picnic is being held today on St. Peter's ball park. A large crew of workers were actively engaged this morning erecting booths, supper tables, etc., and making general preparations for the event.

THE NEW ARENA

The erection of the new skating arena on Dufferin avenue, north end, is proceeding favorably. This morning a crew of men were engaged pouring concrete for the foundation, while teams were conveying steel girders for the frame work of the new structure.

PRINCE WILLIAM ST. WORK

Concrete pouring was started on Prince William street this morning, and it is expected the western track section will be completed in a couple of days. Street Superintendent Price said that the entire track section could be completed in very few days if the cars were stopped running. This, he said, would be a great help in rushing the work through to completion. He said he expected to have work finished before exhibition week. The new rails are sixty-two feet long, replacing the old thirty-foot steel, and are much heavier.

SOME MINES MAY BE OPENED ON WEDNESDAY

Wage Scale Ready for Signatures of Soft Coal Operators and Miners—Same Wage as at Time of Strike.

LOCAL NEWS

Cleveland, Aug. 15.—A wage scale was ready today for the signatures of soft coal operators and miners and prospects were that some mines would be open on Wednesday. Formal ratification was set for the afternoon.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, AUGUST 15, 1922

## General Public Hospital More Thoroughly Equipped, And Improvements Continue

Report of the Superintendent, R. H. Gale, Read at Meeting Yesterday, Highly Encouraging

Work of X-Ray Department Shown to Be Important and Increasingly Profitable, and Student Technician is to Be Appointed—Social Service Department on Paying Basis Also—New Anaesthetising Apparatus to Be Purchased if Deemed Advisable, and an Incinerator May Be Installed—Precautions Against Typhus From Foreign Ports.

The General Public Hospital had an average number of 127 patients during the month of July, which was a high record for this season of the year. The report of the superintendent, R. H. Gale, read at the adjourned meeting of the board of commissioners yesterday afternoon and was the subject of congratulatory comment.

The work of the X-ray department was shown to be increasingly great and the appointment of a student technician for the department was authorized. The social service nurse was reported to have refunded any expenses in connection with her department through the collection of fees from patients and advice from the humanitarian aspect, her work was profitable to the hospital. J. King Kelley was asked to obtain information regarding the advisability and practicability of installing an incinerator, and the purchasing of a new anaesthetising apparatus was authorized subject to the discretion of Hon. Dr. W. F. Roberts. On Dr. Roberts' recommendation it was decided not to permit any cases of sailors suffering from infectious diseases to enter the hospital until the local medical health officer, Dr. William Warwick, had pronounced on the case. This step was taken as a precautionary measure guarding against the entry of typhus.

The Session in Detail.  
M. E. Agar presided and others present were Commissioners Mrs. J. V. McLellan, W. E. Emerson, Alexander McMillan, J. L. O'Brien and Hon. Dr. W. F. Roberts and R. H. Gale, superintendent.

The superintendent's monthly report contained the following information: Patients admitted, 198; died, 10, and remaining, 111; discharged, 224; average number patients per day, 127, the largest number ever cared for in the hospital. Operations in the out-patient department 108, in operating theatre 64. Miss Margaret Murdoch, superintendent of nurses, was on vacation. Paul Blanchet had completed the semi-annual audit of the accounts. Additional insurance amounting to \$2,000 had been placed on the epidemic hospital while under construction, bringing the total to \$6,000. The accident policy on the elevator in the nurses' home had been renewed for three years. The remodeling of the old epidemic was under way and in the meantime the services were being cared for in the isolation hospital. Improvements under progress included the laying of a concrete sidewalk, painting of the woodwork on the exterior of the hospital, the construction of the retaining wall in front of the hospital, the removal of old water mains in the basement and the placement of new mains.

Financial Statement.  
The financial statement showed receipts of \$6,183, including \$4,530 from paid patients, \$855 from seasons, \$698 from X-ray department. Expenditures were \$11,291.93 and the balance in the bank was \$6,011.93.

The report of the superintendent of nurses showed sixty-two nurses on the staff—graduates seven, seniors eighteen, intermediates twenty-eight, and fifteen. Miss Manchet and Miss Edith Shaw had returned from leave of absence.

In the discussion of this report the possibility of having the nurses receive maternity training in the city was spoken of but no action was taken.

The report of the medical board praised the work of internes and nurses and announced that a meeting of all doctors in the district had been called in order that the doctors might express their willingness to conform to the requirements of standardized hospitals which the General Public Hospital demanded.

Miss Hamon, dietitian, was authorized to obtain the services of a new pupil dietitian on the expiration of the term of Miss Kirkpatrick.

Miss E. J. Mitchell in her report told of staff appointments, the cleaning of various rooms and the supplying of 691 new articles to the nurses' linen.

The linen supervisor, Miss Sandall, reported 5,745 articles in service, and 109 replaced. No piece of linen was lost.

Social Service Report.  
The social service nurse, Miss B. Howe, reported seventy-eight visits, forty-seven visits to tonal and adenoid cases, sixteen of these cases able to pay for their services.

The executive of the United Organizations will meet this evening in the Y. M. C. A. building at eight o'clock. The recall petitions will be distributed to the members present and little time will be lost in getting them signed. A definite announcement in regard to the mayoralty candidate to take the place of the recalled mayor is expected to be made at the meeting. A prominent business man, one in whom the citizens can place the utmost reliance, has been pressed to accept the nomination and the chances are very favorable that he will consent.

The recall papers were drawn up by a prominent lawyer and have been received from the printers in good shape. The members are keen to get down to work as they anticipate it will require but a short time for them to finish their undertaking successfully.

The feeling among the majority of the citizens is that the United Organizations have taken the right stand in the matter of recalling Mayor McLellan and the members report that they are positive of very great success.

There will be a meeting of the common council this afternoon and it is expected that the commissioners will take advantage of the meeting and express themselves in regard to the policies supported by the United Organizations at the last election and so strikingly endorsed at the polls. Today has been set as the time limit for the commissioners to declare their hand and, while none of them have expressed themselves as asked to do by the United Organizations, there is a feeling that the attitude adopted by the commissioners on this vitally important subject.

His Lordship Bishop LeBlanc left this morning for Grand Pre where he will participate at the laying of the corner stone of the Grand Pre Chapel, which is to take place tomorrow. The chapel has been recently constructed on the site of the Church of St. Charles, which was destroyed by fire at the time of the expulsion of the Acadians. Rt. Rev. Mr. Philip Belliveau, of Grand Digue, and Father Henry Cormier, of Moncton, will accompany his lordship.

Rev. Angus McDougall, C.S.C., of St. Joseph's College, Memramook, arrived in the city last night on his way to the college.

Rev. Felix Verret, curate of the Cathedral at Chatham, is in the city on his way to his home at Edmundston (N. B.).

**Beauty Without Grit**  
 Without any harm to the teeth

Don't try to whiten teeth with grit that scratches the enamel. That's harmful. Use a soft polishing agent—the Pepsodent agent. Then combat the dingy film twice daily in this new, effective way.

That's what millions of people the world over are doing, largely by dental advice. Look about you and see the beautiful teeth that result.

Clouded by film  
 Teeth are clouded by a film. It clings to teeth, gets between the teeth and stays. Stains enter it, then the film, if left, forms the basis of decay. Film is also the basis of tartar.

Most tooth troubles are now traced to that film. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germ-breed by millions in it.

They, with tartar, are the chief cause of pyorrhea.

Stays on teeth  
 Under old methods, much of that film remained on teeth. It made teeth cloudy. Night and day it threatened serious damage. That's why so many brushed teeth discolored and decay. Tooth troubles have been constantly increasing.

Now dental science, after long research, has found two film combatants. Able authorities have proved their efficiency. Now leading dentists almost the world over are urging their daily use.

A new-type tooth paste has been created, based on five modern requirements. The name is Pepsodent. These two great film combatants are embodied in it for daily application.

Old ways wrong  
 Pepsodent also aids Nature in two essential ways. It multiplies the starch digestant in the saliva.

It multiplies the alkalinity of the saliva. That is Nature's naturalizer for the acids that cause decay.

Every use of Pepsodent thus gives manifold power to Nature's great tooth-protecting agents. Old-time tooth pastes had the opposite effect. They reduced mouth alkalinity, reduced the starch digestant with every application. That was due to their soap and chalk.

We urge you to see and feel these effects, then judge how much they mean.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch these delightful effects for a few days and you will always want them. Cut out the coupon now.

**Can You Answer This Puzzle? 25 Prizes Given**

Probably you know the names of most of the famous "stars" but just to refresh your memory, we mention below the names of a few of the most popular movie players.

CHARLIE CHAPLIN, CHARLES PAINTER, MARY PICKFORD, THOMAS HINCHAY, DUSTIN PERMAN, THEA SARA, JOHNSON PALMISTO, BLANCHE SWANSON, MABEL NORMAND, MARGUERITE CLARK, PAUL WHITMAN, WALTER HUBERT, WALTER BRADY, ANITA STEWART, PAULINE FREDERICK, DOROTHY GISH.

**ONLY 185 "POINTS" WINS AUTO**

For each name that you arrange correctly, you will receive 18 "Points" toward the OVERLAND Automobile, or 185 "Points" in all, if you arrange all names correctly. You can gain 40 more "Points" by "qualifying" your answer that is, by proving that you have explained the ten Superior Features of the VELVPOINT Fountain Pen to five people during this Big Booster and Advertising Campaign. The final 25 "Points" will be awarded by three independent judges on the basis of style, handwriting and spelling of your answer.

The answer gaining 185 "Points" (which is the maximum) will win the OVERLAND Automobile, or \$1,000 in cash. Second highest will win \$500; third highest, \$250, and so on down the list of 25 big prizes. In case of a tie, both winners will receive same prize. Rush in your answer TODAY. As soon as it is received, we will send you a circular telling about the 10 "Superior Features" of the VELVPOINT Fountain Pen.

**COSTS NOTHING TO TRY—YOU CAN WIN**

You will not be asked to buy a Velvpoint Fountain Pen, nor spend one penny in order to win. Just write your answer to the Puzzle on one side of the coupon and address in upper right hand corner. You can win—Don't Delay—Answer the Puzzle NOW and send your solution to:

**HUNTER THRILLED ON LION HUNT**

Lions Springs Into Motor Car, Meeting Death.

New York, Aug. 15.—Having a savage lioness spring into a small car with one is an unusual experience even in South Africa. H. A. Snow, the naturalist and explorer from Oakland, California, who recently has been staying in this city, gives the following account of this adventure on his recent tour:

"About twenty-five miles from Nairobi, in British South Africa, I had placed two camera men in blinds a mile apart, and thought it would be possible to make a detour of five miles in my automobile, and proceeding in a circle gradually drive some game toward the blinds. When I was about two miles from the blinds and passing over low rolling hills bordering the Theka river, I fired at a herd of gazelles and brought down a buck. I got out to get the animal when I noticed a lion stalking the herd.

"He was about 80 yards away, and presently disappeared. Thinking I had seen the last of him, I put the buck in the car. I looked again, and the lion raised his head. My blood was up and I meant to go after him. I made a detour around the hill, but coming over the top I found instead of one lion, six. They practically surrounded the car and I could not proceed. I halted the machine and left the engine running. Then I let fly at the biggest of the brutes. The shot went over his head, but the second shot brought him down.

"I had only three shots left and with them I brought down two more lions, and then saw behind me a lioness, evidently ready to charge. The only thing I could do was to start the car, and go straight ahead, for to turn around was impossible. But the first thing I knew the lioness came right over the top and into the back of the car. I ducked under the steering wheel and trusted to luck. The car gave a lurch and threw the lioness out.

"I stood up and shot then, and brought her down, and then the next thing I knew I was stalled on a hillock with, I feared, my car out of commission. I expected any minute that some of the other lions would come right over the top and they had had enough of the fight. I finally got my motor started again and limped back to the blinds. There I got my son and the two camera men and we went back and picked up the lions."

**CIVILIZATION BORES GOES TO THE WILDS**

Woman Will Travel 500 Miles by Canoe and Guides.

North Bay, Ont., Aug. 15.—Claiming that she is tired of civilization, Mrs. Alexandra McKenzie, wife of Thomas McKenzie, a fire ranger of Northern Ontario, has left for her former home at Moose Factory on the shores of Hudson's Bay. Mrs. McKenzie is the daughter of a Hudson's Bay Company official and spent all the early part of her life in the far northern regions. She will journey almost half the entire distance of some 500 miles by canoe and with Indian guides.

**GETS GROUSE BY AIR**

London Has Birds for Luncheon on First Day of Season.

London, Aug. 15.—For the first time in the history of August 12, the date on

which grouse shooting begins, birds shot on that day arrived in London in time to be served at luncheon. Hitherto, the best record has been their delivery in time for dinner.

Airplanes were the means by which the feat was accomplished. From the

butts of the famous moor in Yorkshire the first birds shot were rushed by motor cars to the aerodrome and thence brought by plane to Hendon and distributed to the leading hotels and Covent Garden Market.

At Covent Garden dealers sold the

birds at £1 the brace. Prices charged at hotels depended on the headwaiter's estimates of their customers' characters. Passengers on the steamship Celtic, which sailed from Liverpool, had grouse for dinner.

DANGER SIGNALS OF THE DEADLY MUSHROOM FAMILY

At the top on the left the Destroying Angel (Amanita Phalloides) one of the worst of the man-killing mushrooms. Note the death cup at the base of the stem and ring or veil beneath the cup. On the right the Fly Mushroom (Amanita Muscaria) also deadly poisonous. Death cup and veil are also present in this dangerous fungus. In the center the Morel or Morchella Conica, which is edible and which was recently blamed for three deaths at the Soc, Ontario. Below can be seen the various forms of death cups, which nature places on the bases of underground poraglike type, Nos. 10 and 11 and the more or less fragile crumpled or scaly type, Nos. 1, 2 and 3. Mushrooms with this cup at the base should be avoided. They are deadly.

BULGARIA. "A country largely of peasants, scornful of idleness and pretence, yet producers of what is perhaps the world's best known symbol of luxury, attar of roses—such," says a bulletin from the American National Geographic Society, "is Bulgaria." The country has recently come into the public eye and its agrarian character has been more strongly emphasized by the meeting in Sofia, the capital, of a congress of small farmers to discuss the taking of even more radical steps toward making Bulgaria still more truly a peasant state. Bulgaria is often considered merely one of the Balkan states. But, whatever its faults and its virtues, it certainly is not colorless, and it deserves to stand on its own feet. The differences between the Bulgars and the Turks are obvious, and 600 years of domination by the latter did not serve to eradicate them. Mingled With Slavs. There is almost as much of a racial gulf between the Bulgars and the Greeks; and their differences are accentuated by an ancient enmity dating from the time when the Bulgars were a threatening spear-point against the Greek Byzantine empire, and later when for a space Bulgaria was tributary to that same Byzantium. The Romanians to the north are Latins and they, too, are racially distinct from the Bulgars. It is only the Serbs and other Jugoslavians that the Bulgars are related, and that relationship is not close enough to have brought about a friendship or lasting co-operation. In a phrase, the Bulgars are Slavs who are different. The very name Bulgaria is of non-Slavic origin. It was brought in by Tartar conquerors from southern Russia in 679. Relatively few in number, the Bulgars merged themselves with the Slavs and adopted the Slavic language and customs. They were but the spice which gives the Slavic Bulgarians of today the flavor that differentiates them from their brother Slavs. Their contribution to Bulgarian character seems to have been coolness, practicalness and tenacity. Limited Holdings. Agriculture has always held first place in the life of the Bulgarians. Turkish domination for half a millennium made farming still more general among the Bulgars, for practically no other calling was left open to them. By weeding out the upper classes, too, the Turks made Bulgarian agriculture more and more a peasant activity. And now, by legislation, the Bulgarians themselves are emphasizing farming on a small scale. A national law limits the estate that an individual may hold to a maximum of about seventy-four acres, and most of the holdings are much smaller. Another law aims to abolish a leisure class by requiring all adults between certain ages to work. The peasants are now almost completely in control of the political machinery, with one of their number holding the premiership and another the majority in the cabinet and the national assembly. Bulgaria long suffered not only from the tyranny of the non-Christian Turk, but also from the diplomatic intrigues of the Christian powers of Europe. Russia liberated the country from the Turkish yoke by the Russo-Turkish war of 1877-78, and proposed to set it up as an independent nation with considerably more territory than it has today. But other powers, fearful of a strong state in the Balkans, compelled

TRYING TO PACIFY TURKS AND GREEKS

Another Attempt to Arrange Peace Conference — Sultan Receives Allied Chief.

Constantinople, Aug. 15.—Another attempt to get the Turks and Greeks together for a peace conference is under way. The allied high commissioners here, acting under instructions from their governments, held lengthy discussions of the situation and have finally decided upon Venice as the site of the meeting. It is believed this will be acceptable to both belligerents. The sultan yesterday received Brigadier-General Sir Charles Harington, allied commander-in-chief, and the high commissioners, who retraced the assurances of their governments that no attack on Constantinople by the Greeks will be permitted. It is learned here that Greek airplanes have dropped thousands of Turkish translations of the British premier's speech on the near eastern question over the Turkish lines, in Asia Minor.

UNIQUE THEATRE

New Photoplay Depicts Military Life in South Africa. luxury and happiness. There is a message. Based on that hypothesis a picture was filmed by Universal and is presented at the Unique Theatre. Miss du Pont is the star, Paul Seardon the director and Vernon Steele, Landers Stevens, Ethel Ritchie, Chas. Arling, Harris Gordon and Nick De Ruiz the principal supporting players. "A Wonderful Wife" is the title, significant of the theme of the story: a woman striving to help her husband's advancement by vamping his superior officer and at the same time feeling the stir of feminine instincts outraged by lack of company and lack of occupation. Vamping isn't an occupation! At least it isn't a wholesome one. The play presents the star in a performance that is a worthy successor of her delineation of the leading feminine character in "Foolish Wives."

SAFE You Are Safe when you send your Furs here to be remodeled. You know this house is reliable in every sense of the word. Our workmen are experts in the FUR REPAIRING business. Why not have us repair or remodel your Furs before it gets much later in the season? H. MONT. JONES Manufacturing Furrier, St. John, N. B.

OFF TO BE SCRAPPED H. M. C. S. Niobe once the pride of the Canadian navy, is on her way to Philadelphia to be scrapped as Junk. Two powerful tugs are escorting her. She was purchased by a Philadelphia firm for \$40,000 dollars.

PENNSYLVANIA HAS SOFT COAL RESERVES TO LAST 290 YEARS Harrisburg, Aug. 15.—Pennsylvania's bituminous coal fields contain 43,830,860,000 short tons of recoverable coal, enough to meet the demands of the next 290 years at the present rate of consumption, the State Department of Internal Affairs announced in making public the results of a recent survey of the Bureau of Topographic and Geological Survey. The supply available is less than previous estimates, which had placed the amount recoverable at least 75,000,000,000 short tons. The survey fixes the original bituminous deposits at 75,259,655,000 tons, of which 6,518,778,000 have been mined. Waste and unrecoverable coal reduces the amount available to the total estimated.

HON. DR. ROBERTS MAKES APPEAL

Minister of Health Urges Citizens to Give Generously Today to Health Centre Fund.

Hon. Dr. Roberts, minister of health, delivered an address to the large crowd which attended the band concert which was given by the City Cornet Band in Victoria square last evening.

preserving the health and the lives of the people, and he urged everyone to give generously today. He expressed his appreciation to the officers and members of the City Cornet Band for their voluntary services.

HEALTH CENTRE APPEAL MADE AT A BAND CONCERT

The first appeal for the health centre was made last night at the band concert in Victoria Square when the Victorian

Order Nurses assisted by some of the student nurses of the general public hospital sold ice cream cones to raise funds for the health centre.

Ice cream sale and her committee of ten nurses and student nurses made industrious saleswomen. The sum of \$76 was realized which is a tidy amount to have on hand when today's big drive begins.

George Blair, is very ill at his home in Wallace, Cumberland county (N. S.) Mr. Blair's father is ninety-seven years of age and was born in Scotland and went to Nova Scotia when he was a year and a half old and he has lived there ever since. Mr. Blair left on the late train last night for Wallace.

**Summary—**Sacrifice hits, Doherty, Tanham, McGovern. Struck out, by Parlee, 4; by Hansen, 1. Double play, Mooney and McGovern. Passed ball, Dever. Left on bases, St. Peter's, 3; St. Johns, 6. Umpires, Howard and Smith. Time of game, 1 hour 8 minutes. Score, Carney.

**Local Games.**  
The North End Indians defeated the Millidge Avenue Stars on the Indians' diamond last night by the score of 9 to 3. The batteries for the winners were Gayton and Bickertstaff, and for the losers, Curran and White.

The Live Wires defeated the Red Clovers in a game of baseball on the Rockwood Park diamond last night by a score of 19 to 1. The batteries were as follows: For the winners, Cox and Phillips; for the losers, Stafford, Bonner and Cooper.

The Live Wires wish to challenge the Millidge Avenue Stars to a game on the Victors' diamond for Saturday afternoon at 2:30 o'clock and the Canadian Clovers for a game Thursday evening on the Rockwood diamond.

MONTREAL

The Murescos wish to challenge the Strait Shore Red Wings to a game of baseball to be played on the Queen Square diamond on Friday evening. The team challenged is requested to answer through The Times.

The Paradise Row Eagles wish to challenge the Live Wires to a game of baseball to be played on the Paradise Row diamond tomorrow evening at seven o'clock, answer to be made through The Times.

The St. Lukes and the Millidgeville All-Stars battled a five inning game to a draw last evening on the Millidgeville diamond. The score was 4 to 4. The hitting of Hannah and the pitching of Latham, both of the Saints, were features of the game. Latham had eight strike-outs against his opponent, Kerr's six. The batteries were: for the St. Lukes, Latham and Rourke, and for the All-Stars, Kerr and Nelson. After the game the players were treated to soft drinks through the kindness of Mr. Knox and St. Lukes were transported to the city by Roy Giggiey.

**St. George's Take Lead.**  
The St. George's took the lead in the City League series for the mayor's trophy by defeating the Commercial's last night in one of the best games ever played on the West End diamond. The Commercial's, with Kerr in the box and all their regular players back on the job, were out to win.

**Twilight's and Royals tonight.**  
The greatly anticipated game between the Royals and the Boston Twilight's will take place this evening at 6:45 o'clock on the East End grounds. The visiting team will arrive here today about noon on the Boston boat and they will have a short work-out this afternoon on the grounds. The local team will have Nelson, their star southpaw, on the mound, while the Twilight's will probably pitch Ralph Gerow, their leading twirler, although there is a possibility that Grant Beale, of the University of Maine, will twist them over for the visitors from the Hub. Samuels or Tyler will be behind the bat for the visitors. Charlie Lee, a Boston colored player who has already performed in this city this season, will line up with the Twilight's in the outfield. A fast game is expected tonight as the local boys are determined to take the measure of the Twilight's.

**East End Intermediates.**  
The East End Clippers defeated the East End Beavers in a fast seven inning game on the Rockwood diamond by a score of 10 to 5. The Clippers played a strong game. Davidson at short and Wannamaker on first starred for the winners, while Johnson and Hayes played a steady game for the losers. Batteries—Clippers—Davidson and Wannamaker; Beavers—McCluskey, Hayes and LeBlanc.

**Newburyport Ties Moncton.**  
Moncton, Aug. 14.—Newburyport and Moncton met in a two-all tie, in tonight's game and will meet again tomorrow evening.

Stolen bases, Cummings, Jones, 2. Errors, Mountain (2), Johnston, Terry, McCormack, Alcorn (2). Double plays, Mountain to Thomas; Steele to Lawson to Wilson. Hit by pitched ball, Burt Cummings. Left on bases, Sugar Refinery, 6; Indians, 8. Hits, off Terry, 4 in 2 innings; off Cummings, 7 in 6. Time of game, 1 hour 30 minutes. Umpires, Brittain and McDermott. Score, Kiley.

**Fredericton Wins.**  
Fredericton, Aug. 14.—Island Falls (Me.) was shut out here this evening by Fredericton. The score was 9 to 0. The visiting team won by its class, entirely on its own merits. Fredericton Mason pitched six innings and Walker two. All Fredericton hits were off Walker. Fredericton runs came late in the game and made little difference.

**Public Reception to Hilton Belyea.**  
In addition to the regular league game Thursday night on St. Peter's Park between St. John's and St. Peter's, there will be an added attraction, when a public reception will be given to Hilton Belyea, Canadian Champion Amateur Oarsman. The committee in charge have arranged for a band to be present along with prominent civic officials. During the evening a presentation will be made to the man who has accomplished wonders in placing St. John on the map by his remarkable rowing ability.

**Summerside to Challenge.**  
The Summerside baseball team, amateur champions of Prince Edward Island, are endeavoring to arrange a schedule with the champions of New Brunswick and Nova Scotia to decide the amateur championship of the maritime provinces. R. T. Dadds, the secretary of the Summerside club, who was in the city last evening, said that they had a very strong team and a short time ago defeated the Boston Travelers by a score of 9 to 5. He left for Fredericton last night and upon his return will meet A. W. Covey, president of the maritime provinces branch of the Amateur Athletic Union of Canada, with regard to a schedule of games for the maritime championship.

**National League, Monday.**  
Philadelphia, 10; Pittsburg, 1.  
Pittsburg, Aug. 14.—Several members of the New York Giants in the grandstand today watched Philadelphia defeat Pittsburg 10 to 1. This was the first victory for the Phillies over the Pirates this season. Gleason held the visitors to one hit in the five innings but then was driven from the mound.

favorable weather, he played tomorrow, deciding the championships. Only the men's singles and mixed doubles are being defended by last year's champions.

**RIFLE.**  
Ottawa, Ont. 15.—At the Dominion of Canada Rifle Association matches held here yesterday. The team competition in the Tyro match turned out unfortunately for Alberta who tied the score for first place but were disqualified for having entered one unqualified man. This was the first time in the history of the Dominion Rifle Association that a tie had been reached in the Tyro match.

**TENNIS.**  
The finals in the New Brunswick Tennis Association tournament on the Rockwood courts were played yesterday and the tournament will be completed today.

The championships decided are as follows:  
Ladies' singles, Mrs. Babbit, of Fredericton, defeated Miss Barbara Jack and Mrs. D. L. McLaren, of Rothesay; mixed doubles, Mrs. Babbit and George Harley, of Fredericton, defeated Miss Barbara Jack and Mrs. D. L. McLaren, of Rothesay. The men's singles championship and George Hudson and C. D. Fitzgerald, of Rothesay, will play Hazen Short and John Holley, of Rothesay, for the doubles.

George Holly, secretary of the provincial association, received a letter from the Nova Scotia players saying that they would probably be unable to arrive before Thursday.

Mrs. Percy W. Thomson has made arrangements to hold a dance in honor of the Nova Scotia players on the evening of the play for the maritime titles.

The Nova Scotia team this year is reputed to be very strong. The play is as follows:

**Final Rounds.**  
Men's Doubles.  
George Hudson and C. D. Fitzgerald, of Rothesay, defeated George Harley, of Moncton, and H. M. Wood, of Sackville, 6-4, 11-8, 12-4, 6-2.  
Men's Singles.  
George Harley, of Moncton, defeated George Hudson, of Rothesay, 6-4, 1-6, 6-3.  
Ladies' Doubles.  
Miss Barbara Jack and Mrs. D. L. McLaren, of Rothesay, defeated Miss Mary Armstrong and Miss Althea Hazen, of Rothesay, 6-2, 6-2.  
Mixed Doubles.  
Mrs. Babbit, of Fredericton, and George Harley, of Moncton, defeated Miss Barbara Jack and George Hudson, of Rothesay, 6-4, 6-2.  
Black to Meet Rice.  
Bridgewater, N. S., Aug. 14.—Playing perhaps the most finished tennis ever witnessed in a Nova Scotia tournament, Captain E. B. Black, of Lunenburg, a former British Davis Cup player, by his victory today over C. G. Laird, South End, Halifax, won the right to meet W. N. Rice, North Sydney, present title holder, in the challenge round of the men's singles which will take place tomorrow morning at 10 o'clock, score 8-7, 6-2, 6-2.  
James Butler, Bedford, and Phil Hallier, Truro, are the men's doubles champions for 1922, after winning today their final match with Rice and Volney North Sydney, 6-2, 6-3, 6-2.  
The finals in the ladies' singles, ladies' doubles, mixed doubles and challenge round of the mixed doubles, will, with
