THE ALLIES NOT DISCOURAGED BY INITIAL REVERSES

ALLIES DETERMINED TO FIGHT TO A FINISH Not Discouraged by Initial Reverses in Belgium

British and Russians Will Fight to the End in Order to Crush Common Enemy in Europe—Full Realization of the Hard Task Before Them—The Situation at Present

Namur, the Belgian fortress, has fallen into German hands, according to an announcement made by the official Press Bureau in London. Details of the fighting around the fortress were not given out, but the English newspapers agree the fall is inexplicable.

ALLIES WILL FIGHT TO A FINISH

The English newspapers declare that both the British and Russians are determined to fight to a finish, whatever the outlook may be at present.

In other parts of Belgium, fighting is still in progress, and a report from Ostend says 30,000 Germans have attacked Malines, 13 miles from Antwerp.

Charleroi has also been the scene of fighting, this between the French and German troops, and a fresh encounter is believed to have begun there.

RUSSIANS URGE CAUTION

Russian reports relate the advance of the Russian armies in Eastern Prussia and the surprisingly rapid movement of the troops.

Newspaper despatches assert that the Austrian fortified port of Cattaro, Dalmatia, has been destroyed by the allied fleets.

A Swiss business man reports the garrison of Strassburg, where of sustained an appalling total of casualties at Schirmeck, where of 5,800 Germans who went into the engagement only 1,800 returned.

Despatches from Nish, dated August 15, said Austrian troops had succeeded in forcing an entry into Sabac after heavy fighting all along the line.

GREAT SUFFERING ALL OVER BELGIUM

Economic Situation is Disastrous, Says Correspondent

INDUSTRIES RUINED

Not a Single Factory or Coal Pit Operated in Three Weeks—Germans Tell of Burning Villages as They Pass Along

London, Aug. 25.—(2.59 a.m.)—The Ostend correspondent of the Chronicle says that Belgium's losses so far are estimated at 40,000 killed.

The economic situation throughout Belgium is disastrous, says the correspondent. Industry everywhere is at a standstill.

There is nothing but dire poverty, distress and stagnation, even in the areas untouched by the fighting.

Provision for the feeding, housing and other care of refugees is being pushed forward feverishly.

Yesterday civilians from a church were being shot on their way to the front.

A Rotterdam despatch to the Daily Telegraph quotes a letter written by a German officer to the Dusseldorfer Tageblatt, in which he says:

"We are being compelled to burn villages, because civilians, especially women, shoot at our advancing troops.

Yesterday civilians from a church were being shot on their way to the front.

"Whenever we are fortunate enough to capture French snipers we hang them up on the trees along the road."

of Brussels by the Germans, already has been paid.

It is reported that the Germans in Brussels blew up a tramway station because the directors of the street railway refused to grant certain requests.

On Both Sides of Allies.

London, Aug. 25.—The Central News circulates a despatch from Paris saying that an official communication given out in that city declares that German cavalry is operating on the extreme right and on the extreme left of the position of the allies.

Zeppelin Over Antwerp.

London, Aug. 25 (11.35 a.m.)—A despatch received here from Antwerp says that a German Zeppelin airship flew over Antwerp last night.

Kaiser's Nephew a Prisoner.

Paris, Aug. 25.—A despatch to the Excelsior from Courtrai says that the Emperor's nephew, Count von Scherff, has been taken prisoner.

Milan, via Paris, Aug. 25 (5.10 a.m.)—A news despatch from Cattaro says that all of the fortifications there have been destroyed by the allied fleet.

French Police Aiding.

London, Aug. 25.—The French police are very active in stopping people on the street, in order to make sure that all foreigners are provided with permits of residence, and that no Frenchmen are left in Paris, who should be with the army, says the Paris correspondent of Reuters Telegram Company.

Last night they questioned more than 3,000 persons in the Montmartre section of Paris alone.

Several suspects were arrested. It is said that despite the prohibition of the exportation of corn, the French supply is amply assured both by the home crops and imports from the United States.

Thinks Germans Are Exhausted.

London, Aug. 25.—(3.18 a.m.)—German officials claim that 300,000 Germans have been taken prisoner.

Some of the troops seemed in excellent condition physically and in good spirits, but the general impression is that the great bulk of German troops is exhausted and demoralized.

"Owing to the vast amount of food commandeered by the Germans there is a great scarcity of bread and other supplies, and famine is threatened.

All German requisitions for food are payable in scrip, which is being printed freely for the use of officers. Most of the troops are quartered in the barracks, while the officers generally have put up in private houses in parties of seven or eight.

"Characteristic of the detail illustrating the German thoroughness is the fact that they have ordered the use of German instead of Greenwich time.

Expect Italy To Enter War On The Side of The Allies

New York, Aug. 25.—A cable from London to the Tribune says: "While it is impossible to obtain definite information, it is generally believed that Italy will announce her participation in the war on the side of the allies."

Austrians on Italy's Frontier.

Rome via Paris, Aug. 25.—The Secolo says that notwithstanding the denials of the Austrian government certain Austrian troops are massing on the Italian frontier.

The movements were discreet at first, but orders from Vienna in the last forty-eight hours compelled precipitate action, the effects of which were visible at Trent, where there is an incessant movement of troops.

The paper adds that there are also 80,000 Austrian troops at Innsbruck.

Zeppelin Airship Brought Down After Dropping Deadly Bombs On City of Antwerp

London, Aug. 25.—(4.30 p.m.)—The correspondent at Antwerp of the Evening News telegraphs that a Zeppelin airship was brought down by Belgian artillery fire at Hemizem six miles outside of Antwerp.

The Zeppelin exploded with terrific force, and threw the inhabitants of Antwerp as having been down over the city last night.

DESTROYED HOSPITAL.

Another despatch from Antwerp says this Zeppelin, before it was brought to earth, succeeded in dropping seven or eight bombs into Antwerp.

One of the bombs exploded with terrific force, and threw the inhabitants of Antwerp into a condition of semi-panic.

There is intense indignation in Antwerp at the attack upon the hospital which was lying in the Red Cross flag.

GERMAN AND AUSTRIAN RESERVISTS ARRESTED IN NEW YORK AND ONTARIO

Buffalo, N. Y., Aug. 25.—A company of military arrived at Bridgeburg, across the Niagara River, from here, early today to guard 26 Austrians and Hungarians who had been taken from east-bound trains during the last few days.

The foreigners were bound for New York, where they intended to pass to their native country.

The number of prisoners increased so rapidly that the village authorities were doubtful of their ability to hold them and asked for the militia.

Niagara Falls, Ont., has 19 prisoners of war, including Germans, Austrians and Hungarian reservists.

CATTARO FORTS DESTROYED BY THE ALLIED FLEET IS REPORT

Milan, via Paris, Aug. 25 (5.10 a.m.)—A news despatch from Cattaro says that all of the fortifications there have been destroyed by the allied fleet.

hundred hostages, but later withdrew the order."

No Mobilization in Italy.

London, Aug. 25.—(4.40 a.m.)—A despatch to the Times from Rome says the Italian premier, Signor Salandra, assured a committee of deputies that no mobilization was imminent in Italy and that if it did occur later it would not mean any abandonment of Italian neutrality.

Removing Art Treasures.

London, Aug. 25.—(4 a.m.)—A Paris despatch to the Standard says that the authorities at the Louvre have removed the Venus de Milo and other art treasures, gems and state jewels to the vaults.

They have also strengthened the roofs of all the picture galleries with sandbags and other protection against an aeroplane bomb attack.

Wallace, who is a native of Scotland, enlisted for the overseas service with the 19th Field Battery and, preferring a drive through the country to military drill, made a sensational departure from the city on Sunday, accompanied by a P. E. Island young woman.

It is alleged they passed themselves off as bride and groom in Albert County.

HARRY FIELDING ALSO GOES TO THE FRONT

Son of Hon. W. S. Fielding in Belgium When the War Started

Montreal, Aug. 25.—Harry Fielding, only son of Hon. W. S. Fielding, who was in Belgium when war broke out, has gone to the front with the army reserve corps.

Wallace, aged 18, was arranged in the police court this morning charged with the theft of a horse and wagon from a local livery stable.

Wallace, who is a native of Scotland, enlisted for the overseas service with the 19th Field Battery and, preferring a drive through the country to military drill, made a sensational departure from the city on Sunday, accompanied by a P. E. Island young woman.

It is alleged they passed themselves off as bride and groom in Albert County.

last night the cloping couple were captured near Alma by Constable Fullerton and Police Magistrate Peck.

They were brought back to Moncton and lodged in the police station.

As Wallace did not remove his uniform or make any effort to conceal his identity he is not charged with desertion, but merely with "being absent without leave," for which offence he may be dealt with by the local military authorities.

NAMUR FALLS INTO HANDS OF GERMANS

Military Experts Fail To Find Reason For Its Sudden Capitulation

Blunt Fact Remains That it is Fine Stroke For Enemy to Rush Place Under Eyes of Allied Forces—England and Russia Must Stick to the Fight Until Germany is Pulled Down

London, Aug. 25 (3.52 p.m.)—The official war information bureau says: "It is announced that Namur has fallen."

The above despatch, as indicated, was filed in London at 3.52 o'clock Monday afternoon, and received in New York at 6.10 a. m. this (Tuesday) morning.

Its transmission was probably delayed by the censorship.

TOWN, OR FORTS, OR BOTH.

London, Aug. 25 (7.50 a.m.)—Beyond the bare statement made late yesterday, that it was announced that Namur has fallen, the official war information bureau has issued nothing on the subject.

It is not yet known definitely here, whether the fall refers to the town or the forts, or both.

YET TO BE EXPLAINED.

London, Aug. 25 (5.15 a.m.)—Commenting on the fall of Namur before the Germans, the "Times" says it is one of those inexplicable events which makes war the gamble that it is.

That Namur should have fallen in two days, will require a dose of explanation, the "Times" adds.

The "Times" military expert says that it is too early to say that the line of the Meuse south of Metziers must be abandoned, but the outlook is not favorable, and the development of the situation in the next few days will be watched with legitimate anxiety.

THE FEELING IN BELGIUM.

"There are reports that the townspeople and even the garrison of Namur, were less well disposed than the men of Liege, to offer a strenuous resistance, and so bring upon their town the punishment meted out by Germans to Liege.

There is undoubtedly some slight feeling among Belgians that they have not been adequately supported by the allies, and that they have borne the whole brunt of the war in the north, but we cannot believe that the Belgians did less than their duty and we expect to hear that they were attacked by overpowering numbers.

FINE STROKE FOR THE GERMANS.

The possession of Namur was vital for Germany, and it was a fine stroke for the Germans to have reaped the place under the eyes of the allied armies. We still hope and believe, that our country offensive in the north is postponed and not abandoned.

Reviewing the situation the "Times" military experts point out that the allies in Belgium are meeting the full shock of the German army.

He says that it is essential for Germany that she should deal a paralyzing blow in this quarter in order to gain time to detach troops to resist the Prussian attack on the Prussian frontier.

WHAT FALL OF NAMUR MEANS.

Commenting on the loss of the Belgian stronghold, the Chronicle says:—"The news today is decidedly bad," adding that if the allies, "forces have been heavy" we may yet see before long the Germans march in earnest upon Paris.

Namur is a fortress of great strength, which its defenders could possibly hold several months. We do not imagine that it was taken by a rush. More probably a breach made elsewhere in the line of the allies imposed on them the alternative of leaving a large force to be invested in Namur, or withdrawing from it altogether.

THE BLUNT FACTS.

"The blunt fact remains that in a really first class battle the French troops occupying a secluded position of singular strength were driven out by the Germans after not more than two days' fighting.

This speaks volumes for the power of the German attack.

"England and Russia must stubbornly resolve that come what may, to France, they will never surrender to Germany, but will stick to her as they stick to Napoleon until they pull her down.

As long as we hold the sea we cannot ourselves be vitally struck."

The fortifications of Namur and Liege formed the finest examples of the work of the famous Belgian military engineers, General Henri Alexis Brialmont, whose reputation was world-wide.

The defensive works of Namur were not so strong as those of Liege, but the position of the city, was much better for military purposes.

The forts are nine in number, the four most important being St. Herbert, Audoye, Suesarie, and Cognelle, while the connecting forts of less strength are Daves, Hazeerel, Malones, Marchewelle and Emines.

All are protected by hardened steel domes, generally eight of them in each fort, and the artillery consisting of modern heavy disappearing guns, is very powerful.

"We have to face this situation with unshaken confidence. We have to remember that the battle is not yet over. Our way through to France.

"We have to remember that this is only the first great encounter of a war which plainly is destined to be a long one. For the allies it is a phase; for the Germans it is vital. They are dealing their blows with tremendous vigor, but the issue in Belgium still hangs in the balance, in spite of the unfortunate events at Namur.

"Germans be the upshot, Great Britain and her allies will face the outlook with dogged determination and continue the war until the spirit of Prussian militarism is routed out of Europe.

"Time fights on the side of the allies. With the Germans it is neck or nothing, but the French and the English have everything to gain by waging a delaying war.

"While the issue remains uncertain we may still maintain the stoutest hope. Should it go against us, we may remember that the allies have not, like Germany, staked all upon their first venture. Our ultimate success is certain and we will never sheath our sword until Germany has been finally beaten to her knees."

### How to Destroy the Dandruff Germ

BY A SPECIALIST

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair-growth after years of baldness. This prescription can be made up at home, or any druggist will put it up for you; 6 ounces Day Rum, 2 ounces Lavonia de Compose, one-half drachm Menthol Crystals. Mix thoroughly, and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.

### RECENT DEATHS

Charlottetown, P. E. I., Aug. 22—Robert E. Longworth, aged 62, a prominent farmer and stock breeder, died yesterday in the hospital from injuries received by falling off a load of hay the previous evening.

Rexton, N. B., Aug. 25—The death occurred at her home here this morning of Margaret Porteous, widow of John Kennedy, after a long illness at the age of eighty years and four months. Deceased lady was much respected and is survived by three sons and one daughter. The sons are John, James and Robert and the daughter Miss Jessie.

Mrs. Mina Young, wife of Dr. Young, of Oak Bay, Charlotte county, died yesterday afternoon. Besides her husband, Mrs. Young is survived by one brother, L. Johnson, a prominent lumberman of Vancouver. The funeral will be held on Wednesday afternoon.

### Discolored or Spotty Skin Easily Peeled Off

The freckling, discoloring or roughening to which most skins are subject at this season, may readily be gotten rid of, merely by retiring and removed in the morning with soap and water, completely free of the disfiguring skin. Get an ounce of Gurney-Oxford. This is the most effective way of banishing tan, freckles or any other skin defects. Little skin particles come off each day, so the process does not even temporarily mar the complexion, and one soon acquires a brand new, spotless, irresistibly beautiful face. Wrinkles caused by weather, worry or illness, are removed by a simple application of powdered Gurney-Oxford. Dissolved in water, bathing the face in this produces a truly marvelous transformation.

### Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST

So-called stomach troubles, such as indigestion, wind, stomach-ache, and inability to retain food, are in probability the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisulphated magnesia, probably the best and most effective corrector of acid stomach knowns should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisulphated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly, without being hindered by poisonous gas and dangerous acids.—M. F. P.

### A Stove You Can Always Depend On

The Gurney-Oxford has a nation-wide reputation for reliability.  
It's a thoroughly well made stove. During its long life it never fails to do its work.  
It can be depended to cook each meal with little trouble and no worry.  
The Gurney-Oxford Economizer (with which every Gurney-Oxford is equipped), enables you to keep the fire in perfect control always.  
The grates are designed for perfect combustion. The divided flues convey the heat from the fire to all sides and corners of the oven. The owner of a Gurney-Oxford does not know what it means to take a roast or a batch of biscuits from the oven with uncertainty.  
We want to demonstrate the features of the Gurney-Oxford that have gained for it first honors in everything that makes a stove valuable.

MUSICAL REVUE

COMPANY AGAIN DELIGHTS AUDIENCE

Welcomed by Large Crowd on Their Return to Opera House—Pleasing Features of the Performance

There were several outstanding features in last night's show at the Opera House, given by the members of Mack's Musical Revue upon their return after a four day's absence. They were heartily welcomed by a large audience which seemed to enjoy the performance and gave generous applause. The greatest interest seemed to center in a delightful patriotic number "Canadian All," sung by Frank Venette and chorus. This piece, which was well received last evening and accompanied by a striking patriotic tableau which was seen with enthusiasm, was written by D. H. Waterbury, with music by D. A. Fox and R. A. March. The piece went with a jaunty, tuneful swing which rendered it all the more appreciative.

The comic-dramatic sketch "The Blackmailers" in which there were some exciting scenes, and a few rich smiles, was another enjoyable feature in the evening's programme. It was written by James Carney as a western cattle man, Miss Elvise Wallace as the pretty young wife of a Mexican storekeeper, Ralph Austin as an English tourist, Walter DeLuna as the Mexican, and Miss Alice Russell as a new popular number "Aba Daba

rd Movement as Unsuccessful; Allies Fell Back

Losses Along Whole Battle Front Two Days Fighting - British Their Ground With Traditional Effort - Retired to Strong Holding Positions

French and British troops opposing the invasion of the German in Belgium have suffered a serious reverse, according to official announcements issued by the French war office.

The French have abandoned those portions of Alsace and Lorraine which they had previously occupied, and now look for heavy fighting in French territory.

Detachments of German cavalry, operating on the extreme right, have reached Roubaix, a few miles north of Lille.

The London Times this morning announces the fall of Namur. At Tientsin, capital of Kiao-Show, the German protectorate in China, the German forces have prepared for a bombardment by the Japanese fleet by dynamiting all the tall structures there which might be of assistance to the attacking forces as sighting points.

They have also taken all possible measures to oppose the advance of a Japanese field army.

There is a report, emanating from Rome and Aviona, that the Albanian insurgents have entered Aviona and raised their flag. Emperor Nicholas of Russia is reported to have gone to the headquarters of the Russian army, which has taken the offensive in full strength and is said to be advancing rapidly in east and west Prussia.

A late despatch from Copenhagen gives further reports from Austria that Emperor Francis Joseph is in a grave condition. London, Aug. 24, 11 p.m.—This day of waiting has brought home the realities of war to the British home people.

The only information of events the country has had is contained in brief official bulletins, of a vague character, and these have not been cheering. Throughout London the people are tonight in much more serious mood than at any time since they faced the war.

There are no signs of gaiety in the theatres and restaurants tonight, and the crowded streets are very quiet.

This does not mean that there is any less determination on the part of Britons—only that the people are beginning to realize what this war may cost them.

Every boat from Belgium comes crowded with impoverished refugees, who have fled before the German invasion. An organization is being formed to care for these people and part of the Prince of Wales relief fund, which amounts to more than \$7,500,000 will be sent to Antwerp for sufferers who have taken refuge there.

Thousands of Belgians have crossed the French border for asylum, and a committee will arrange for their relief. England and France apparently propose to care for their smaller ally, who thus far has borne the brunt of the hardships which the war entails.

GERMANS OCCUPY FRENCH TOWNS. Paris, Aug. 24, 3:10 p.m.—An official announcement made this afternoon says that Lunéville, Amanville and Dieulouard, in the department of Meurthe and Moselle, have been occupied by the Germans. The French front otherwise has not been modified.

GERMAN ACCOUNT SAYS GREAT VICTORY. Washington, Aug. 24.—The German embassy today received the following message from the foreign office in Berlin: "The army of the German crown prince has won a decisive victory northwest of Biedenhosen over five French army corps. The retreat of the southern French wing on Verdun has been cut off. The French troops were repulsed across the River Meuse in complete rout. The crown prince's army, giving chase, took many prisoners, and it is declared the French troops are no longer able to face the terrific fire of the German infantry."

TERRIFIC ATTACK ON NAMUR. London, Aug. 24, 6:20 p.m.—A despatch received here from Paris says that according to official announcement in the French capital, the Germans are making a great effort against Namur, which is resisting vigorously.

All the Liege forts are still holding out. The entire Belgian army has been concentrated and entrenched at Antwerp.

LONDON PREPARED FOR BAD NEWS. London, Aug. 24.—The official announcement by the war office news bureau this evening that the allies had fallen back along the Sambre Valley to the French frontier, caused considerable sensation, but the public has been prepared to receive news of initial reverse in the great fight, and the anxiety caused by the formal announcement was less than it would have been had the news come without warning.

It would seem that the pressure from the German centre west of Namur had caused the allies to give way there. The Sambre Valley is the direct line from Namur to Maubourge, where the French second line of entrenched positions is held by large forces. The Germans have apparently forced their way past Charleroi.

If the reports of German successes from Hetz towards Verdun and from northwards at Neuf-Chateau are true, the line has been broken in three places, but there is absolutely no confirmation of these latter reports so far.

HEAVY FIGHTING AT CHARLEROI. London, Aug. 25, 2:50 a.m.—"Since yesterday the Germans have been attacking Charleroi, which the French are holding," says the Daily Mail's Ostend correspondent, telegraphing Monday. "The Germans invaded the town from the Montagny side and came out by the turning bridges in front of the railway station."

"There was a hot fight for the possession of the bridges as well as for the railway station and other buildings. The German shells are falling in the town. The houses on the left of the Hotel Europe, as seen from the railway station, appeared to be seriously damaged. A mass of French artillery and troops in endless lines poured out, it is said, toward Chatelet, and the Germans were driven back with serious loss."

PROSPEROUS YEAR FOR NEW BRUNSWICK MASONS

Reports Submitted at Grand Lodge Meeting in Fredericton Today—The Grand Master's Address and His Reference to the War—The Finances

The year which has just closed has been a prosperous one for the Masonic Order in New Brunswick. Reports submitted at the Grand Lodge meeting in Fredericton today, show a considerable increase in membership and receipts. The reports are as follows:

Grand Master's Address. The grand master's address was as follows: "Brethren of Grand Lodge: It is, I am sure, a very great pleasure to all, that the forty-seventh annual communication should convene in the capital city of the province, where it meets for the first time in its history."

Other Jurisdictions. Our relations with other jurisdictions continue to be most harmonious. I received an invitation from the Grand Lodge of Ontario, to attend its fifty-ninth annual communication, and to join in a festival to be held in the Province of Ontario, to commemorate the centenary of our one hundred years of existence.

During the year we have been called upon to mourn the loss of many who have contributed to the masonic life of the province. From their bereaved families we have received many expressions of sympathy and condolence.

There died during the year: Thomas W. Allen, Woodstock Lodge, No. 11. Edward A. Preston, M.D., St. John's Lodge, No. 18. Joseph R. Sprague, Ashlar Lodge, No. 36.

Richard D. Southwood, Lodge St. John, No. 27. Gideon M. Duncan, M.D., Lodge St. John, No. 27. Frank N. Hall, Keith Lodge, No. 23. Thomas C. Donald, The Corinthian Lodge, No. 13. Robert J. McAdoo, New Brunswick Lodge, No. 22. Christopher P. Harris, Keith Lodge, No. 23. C. W. J. Upham, Zion Lodge, No. 21. C. W. J. Upham, Zion Lodge, No. 21. Joshua Peters, Keith Lodge, No. 23.

I have visited officially the following lodges—St. Andrew's No. 16; Miramichi No. 18; Northumberland No. 17; St. John, No. 27; Campbellton, No. 29; Keith, No. 28; Woodstock, No. 11; Ashlar, No. 36; Albion No. 1; Hibernia, No. 3; The Union Lodge of Portland, No. 10; The Corinthian, No. 13; New Brunswick, No. 22; Lebanon, No. 28, and Sunbury, No. 42. I have also paid many unofficial visits, particularly to lodges which meet in the city of St. John, east and west. My grateful thanks are due to the present and past grand officers who accompanied me, and also to the lodges, all of which entertained us most agreeably, and by which on each occasion we were cordially received.

After careful consideration of a petition signed by Masons of New Brunswick, Fredericton Junction, approved by Hiram Lodge, No. 6, I issued a dispensation to work under the name Sunbury, No. 42. Accompanied by Past Grand Master Walker, the Grand Secretary and the Grand Director of Ceremonies, I visited Fredericton Junction in June, and watched with pleasure the work exemplified on that occasion by the officers of Ashlar Lodge, No. 36. No doubt a report from the committee on warrants to new lodges, which will make recommendations regarding a warrant of constitution will be read.

Lodge of Instruction. F. G. M. Walker kindly consented to conduct a lodge of instruction in the city of St. John. A dispensation was accordingly issued, and many meetings were held during the months of February and March. R. W. Bro. Walker was efficiently assisted by Bro. W. George S. Dodge, and the advantage of attending each meeting, and an well assured that the time spent by these leaders was well spent.

ST. JOHN BRANCHES. 25 Charlotte St., 180 Main St., 180 Dalrymple St., 180 Dalrymple St., 180 Dalrymple St.

These organizations all responded to the request of Grand Lodge and placed their stock, amounting to \$8,460.00 in actual paid up value (the number of shares actually paid up was 482 1/2), as a free gift in the hands of Grand Lodge.

In view of the large amount given by these lodges, chapters and encampments, it is possible that you might feel disposed to consider the passage of a resolution assuring the payment of the former value of the stock, should circumstances hereafter bring about a sale of the building.

Last year, you authorized the board of general purposes to seek legislation to incorporate the Masonic Grand Lodge Corporation, consisting of all the present members of grand lodge, and their successors in office.

It is with unfeigned pleasure that I am able to tell you, that success has at last crowned their efforts, and that today you are sole owners of this valuable property, encumbered only by a bonded debt of \$22,000, which can be easily repaid, should the necessity arise.

I venture to suggest that steps be taken at once to have estimates prepared for thoroughly renovating the building. This to include modern heating apparatus for the shops, the remodeling of the ground floor, and providing an entrance from German street, as originally planned.

Since writing the above, a state of war has been declared between six of the greatest nations of the world, and, at the present moment, the continent of Europe is in a state of anarchy.

One of the missions of Masonry is to teach the doctrine of peace, because we are very near to the heart of the organization, and therefore a war such as this must bring grief to the whole world.

Our prayers go out to the Great God of Battles that from this war in which we are engaged, and from which we could not shrink, we shall emerge triumphant to carry again the wide banner of peace, and to bring the lift humanity amongst all races and classes of mankind.

Last year, I ventured to suggest to the grand lodge that it would be well to consider the purchase of stock in the company owned by those who for any reason, might be disposed to give up freely to this grand body. It was then pointed out that the ownership of stock was vested as follows:

1419 shares in Grand Lodge of New Brunswick. 482 1/2 shares by other Masonic lodges, chapters and encampments. 464 shares by persons and estates. Total, 2385 1/2 shares of par value or \$22,000.

You were good enough to adopt the suggestions then made, and authorized the board of general purposes to acquire the stock, if possible.

The board appointed a sub-committee consisting of Past Grand Master Walker, J. Herbert Crockett, grand director of ceremonies, and myself, to give effect to the wishes of the grand lodge.

A circular letter was addressed to each stockholder, and a transfer of stock invited. The circular plainly stated that while the transfer as a gift would be gratefully received, yet, if this was inexpedient, each stockholder would be paid, as mutually agreed.

The response to this letter was prompt and judicious, to the original intention to release, without consideration. In some cases, the committee believed it was fair and right to pay, and did not hesitate to do so, when this course seemed advisable. In this way, they expended \$1,074.89.

There still remained thirty-one shares of stock, standing in the name of those who could not be traced, or from whom no legal discharge could be obtained. Authority was given by an act of the Legislative Assembly of this province to deposit the par value of these shares, viz., \$2620.00 with the Receiver General, which was done. This money or any part of it is not claimed within three years, the amount unclaimed will be returned to the grand lodge.

It is difficult to express my appreciation of the action of so many Masons and their descendants, even in some instances to the second generation, who so willingly, freely, even gladly, responded to the invitation of Grand Lodge, and placed their stock at its disposal, speaking more eloquently than words could do of deep-rooted faith in this organization and its purposes.

I cannot help thinking it would be a grateful and Masonic act if the rules of the fund of benevolence were relaxed so that all of those whose names stand as beneficiaries in the Masonic Hall Company, and who transferred stock, should be eligible to participate in its benefits regardless of other conditions.

The stock transferred by Masonic bodies was as follows—

New Brunswick Lodge . . . . . 200 shares  
Albion Lodge . . . . . 100  
Union Lodge of Portland . . . . . 60  
Hibernia Lodge . . . . . 60

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consist of animal fats, Zam-Buk contains no trace of animal fat, or any mineral matter. It is absolutely herbat.

Remember that Zam-Buk is at the same time healing, soothing, and antiseptic. Kills poison instantly and all chronic sores, ulcers, etc. Test how different Zam-Buk is to the ordinary ointments. All druggists and stores at 50c. box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c. tablet.

I cannot close this address without conveying my cordial thanks to all grand lodge officers (especially the grand secretary) for welcome aid, ever given at my request, and for those thoughtful attentions bestowed by me so freely.

These add much to one's pleasure, while occupying the position of grand master, and will increase the recollections of pleasant intercourse when the grand authority is laid down. To each member of the grand lodge, to all with whom I have come in contact, may I express grateful appreciation of helpful suggestions rendered to me during my two years of office, which has contributed towards the welding together of the craft in a markedly harmonious manner, and to an increased membership, in which we all rejoice. It is my earnest hope that the emphasis placed upon the tenets of Freemasonry will result in the application of those tenets to our lives individually, so that the foundations of this grand lodge, laid so firm and ample, may support year by year a fairer and still fairer superstructure, until the finished building shall bear that outward mark of beauty which clothes an inward strength.

F. J. G. KNOWLTON, Grand Master.

Grand Secretary's Report. J. Twining Hart, grand secretary, reported receipts as follows: initiation fees, \$1,168.00; affiliations, dispensations, sun dries, \$121.25; annual fees, \$2,283.40; total \$3,572.65, an excess of \$280.40 over the totals for the previous year which were the largest up to that time. The total membership on December 27, 1913 was \$519, an increase during the year of 192. Dispositions to the number of 2 were issued during the year.

The following brethren, nominated by M. W. Grand Master, have been appointed grand representatives by the several grand bodies stated, and their commissions have been received and delivered.

Representatives of this grand lodge appointed during the year are: R. W. Bro. William M. Porteous, nee Missouri.

Wor. Bro. Charles W. Cramer, nee Connecticut. Wor. Bro. Charles S. Jenner, nee Fort Rico.

As I have stated, an act was passed at the last session of the Legislative Assembly, which created the Masonic Grand Lodge Corporation. A copy of this act will be submitted to you, which it will be well to print as an appendix to these proceedings. Proposals for the

The offer of the British government to give five scholarships for Sandhurst Military college to Laval students has been eagerly taken up. Major Mercier has received twenty applications from members of the Officers Training Corps of the university, and will make his selection of the five best men within a day or two.

AS TO UNEMPLOYMENT

In parliament on Saturday, the prime minister said that the government would do all that was reasonably possible to prevent unemployment. It had already given an order for ten thousand tons of steel rails from the steel works at Sydney. The government had been asked to take steps if possible to prevent the railway companies cancelling orders which they had placed with the various steel works. The matter would be given consideration.

ASKED HIM QUESTIONS

E. P. Cliffe, a St. John sign painter, called at our office yesterday to tell of an experience he had with the Picton militia officers, who asked him for an explanation of his business here. "I suppose it was my own fault," said Mr. Cliffe. "I am very fond of sketching, and on Wednesday I was sketching toward the mouth of the harbor and yesterday was doing the same opposite the coal pier, so I suppose it was natural. I take me for a German spy. The militia men treated me all right and soon found out that I was a true Britisher and of Empire Loyalist blood at that. You might make an item of the incident for the benefit of my St. John friends." Picton Advocate.

THE BRITISH RED CROSS

London, Aug. 25.—The British Red Cross Society can call upon 60,000 persons, many of them highly trained, to undertake field ambulance and hospital work. If there is a serious demand for their services it is estimated that at least 95 per cent of this number will obey the call.

The society is the body officially recognized by the war department, and acts under the direction of the admiralty and war office, in conjunction with the hospital staff. Its present organization and status is due to the lessons of the South African war, when various independent nursing societies, some of them

BRITISH SOLDIERS WENT OUT TO WAR WITHOUT A WORD

There were no farewells nor pathetic scenes at Railway Station or Dock London, Aug. 25.—The strangest thing about Britain's self imposed twelve days' silence regarding the departure of the expeditionary force has been absence of farewells. When the troops went to South Africa the streets were thronged with cheering crowds, stations and docks saw many pathetic scenes day after day. This time the men realizing they are engaged on more deadly business are gone without a word. Only now postcards are trickling in announcing fathers, sons and brothers safe and well. Some reservists only told their wives they were making a trip to London. Britain's fighting men went out in silence.

WHAT IT WILL COST.

(The Canadian Courier). On the cost to Canada of this war the editor says in Reflections: A twelve-months' war will cost Canada a great deal of money. It is estimated that the first contingent of 22,500 men will cost Canada twenty-two million dollars. Privates will receive one dollar per day, corporals one dollar and ten cents, and sergeants one dollar and twenty-five cents. Officers get higher rates.

To pay these men for one year will take ten million dollars, or \$80,000 a day. To this must be added the cost of rifles, guns and other equipment, food, horses, and transport. So that the estimate of twenty-two millions seems to be about right.

A second division, whether it stays at home or abroad, will cost another twenty-two millions. And a second contingent is absolutely necessary. Then there is the purchase of two submarines, the refitting of the Niobe and Rainbow, the increase in coast armament and many other incidental expenses.

An appropriation of fifty million dollars is the very least that can be made, and parliament will no doubt vote that amount of money this week. Britain will assist us in raising the money, and in the meantime the dominion authorities will no doubt issue paper money in so far as it is safe to do.
