Valuable Information.

MR. H. R. STEVENS:

Dear Sir,—My only object in giving you this testimonial is to spread valuable information. Having been badly afflicted with Sait Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the advertised blood preparations, among which was any quantity if Sarsaparilla, without obtaining any benefit until I commenced taking the Verentra, and before I had completed the first bottle I saw that I had got the right medicine. Consequently I followed on whit it until I had taken seven bottles, when I was pronunced a well man, and my skin is smooth and entirely free from pimples and eruptions. I have never enjoyed so good health before, and I attribute it all to the use of Verentra. To benefit those afflicted with Rheumatism, I will make mention also of the Verentra's wonderful power of curing me of this acute complaint, of which I have suffered so intensety.
