CHATHAM TO HAVE NEW I. C. R. SERVICE

Mr Butler Promises Construction of Desired Line

Plans Approved by Public Meeting and Citizens Offer the Railway Free Entry Over All Town Property.

CHATHAM, N. B., May 31.—At a large meeting of citizens this morning, T. W. Butler speaking for the I. C. R. Board of Management, practically promised that the long expected railway diversion was actually decided upon. He said that there was little or no opposition to the town's claims in this respect, and if owners did not attempt a land hold-up a street would be made at once. Surveyors for the final route would be put through and the land damaged assessed. A plan of the proposed diversion was shown and outside of a desire to have the line follow further along the deep water river frontage, it was very satisfactory.

Mr. Butler stated that ample room was provided for freight sheds and station houses at the site opposite Haymarket Square were taken. On motion of W. B. Snowball and D. F. Macdonald the citizens present unanimously passed a resolution favoring this site. On motion of J. L. Stewart a resolution was carried to give the railway free right of way over the streets and property owned by the town. The commission will send a publicity agent here to look into Chatham's facilities and natural resources for industry, and in conformity with the new system adopted will bring all such facts to the attention of those looking for sites for industry. Citizens are much pleased with the outlook for division of the line and feel the commission gave their case full care and attention.

Str. Ingham, which sailed from here yesterday for England, is aground at the mouth of the river, and a tug has been sent to her assistance.

Louis Paulin, aged one year, son of Joe Paulin, of Newcastle, died Sunday from scarlet fever. There are about eight cases of the fever in Newcastle at present.

ANOTHER BODY FOUND AT FREDERICTON

It is Believed to be That of Solomon Tracy

Who Was Drowned at Little Chute River Some Weeks Ago—No Suspicion of Fool Play.

FREDERICTON, N. B., May 31.—The body of a man was found floating in the river a short distance above the Star Line wharf at an early hour this morning. The discovery was made by the deck hands of the tug Hero at an early hour this morning. The discovery was made by the deck hands of the tug Hero which was tied up there for the night. The remains are those of a man, weighing over two hundred pounds. The head was badly split in the back and one eye badly swollen. This clothing was that of a lumberman and was in good condition, and in his pockets were found four dollars and some odd cents. He was a heavy light moustache and of middle age. Coroner Weaver was summoned and had the body removed to Undertaker John McAdams. A inquiry was empanelled and an inquest will be held tomorrow evening. There is no foul play suspected, the injuries to head being caused, it is presumed, by coming into contact with logs. The man has not yet been identified but there is every reason to believe that he is Solomon Tracy, who was drowned at Little Chute River, Victoria County, on May 11th last. Tracy was engaged on that day in constructing a ferry and fell into the river and has been missing ever since.

GRAVEYARD NEEDS POLICE PATROL

Another Instance of an Unaccompanied Woman Being Annoyed and Insulted.

The old burying ground seems to need more attention from the police than it seems to be getting. Numerous stories are told of women being annoyed and insulted in this vicinity although the place is right opposite the windows of the police station.

The latest instance occurred on Saturday evening when a young woman who is employed as a domestic on Elletts Row, was held up while going through the graveyard. She tried to slip away from the man who was annoying her but he pursued her and she fled down the street arriving at the house where she lives in a condition bordering on hysteria. Another eye light and better police patrol would make women less nervous about passing this vicinity after dark.

WIDOW OF WEALTHY BREWER MARRIES AN ITALIAN PRINCE

NEW YORK, May 30.—Prince Giovanni del Duca, a scion of one of the oldest Roman families, was wedded in the Church of the Sacred Heart, Brooklyn, to Mrs. Josephine Schmidt, widow of August Schmidt, founder of the Lion Brewery, which Mrs. Schmidt has controlled since her husband's death. Mrs. Schmidt is popularly supposed to be one of the wealthiest women in the United States. When August Schmidt died, in 1889, the Lion Brewery was valued at \$2,500,000. Recent estimates of the value of the property run from \$10,000,000 to \$20,000,000. Some idea of the income derived from the brewery may be gathered from the fact that during one year when the concern was in the hands of a receiver the profits were in excess of \$500,000. Besides, Mrs. Schmidt is known to have made investments in real estate that has enormously increased in value. Mr. Schmidt will appoint his widow the sole executrix of the estate, with the power to dispose of it as she sees fit. One-third of the property was

to go to her and the rest to the two children when they became of age, the profits of their share during their minority to be set aside and added to the principal. One child, a son, died. The other, Pauline, was in a convent when her father died, and came of age in 1892. The year before she had been married to Hugh A. Murray, of the firm of Flower and Co. In January, 1908, Mrs. Murray brought suit against her mother to recover her share of her estate, which she estimated at several millions dollars in value.

A NEW INDUSTRY FOR SAINT JOHN

Collection and Sale of Dog Tags Pays Well.

Men and Boys Steal the Tags and Sell Them at Something Less Than the License Fee.

A new industry has sprung up in St. John during the last few weeks. The only tools required by a person engaging in the new business is a pair of wire nippers and a limited amount of nerve. As the cash returns are a piece of wire and it is an easy matter for anyone who wants to do so to clip or unfasten the wire and steal the tag.

As the tags on dogs to a dollar and on bicycles two dollars, there is a ready sale for these tags which when transferred to another canine gives it the freedom of the city and all the rights and privileges appertaining thereto. The tags are finding a ready sale for sums running up to fifty and sixty cents.

The new law has stirred up unusual activity among dog owners, and more licenses than usual have been taken out in the time that has elapsed since the first one was issued. The news that a dog catcher was to be appointed a little later in the season made those who wished to evade the license fee think up a new method of dodging. In other years if the owner escaped the license taken by the police for which there were many methods, he was safe for another year. Now that every untagged dog is liable to be captured and sold or destroyed if not reclaimed, puts a different complexion on the matter. As the tag or the lack of it is the only guide the dog catcher will have it looked like an easy way to evade the tax was simply to steal a tag or buy one from someone who had stolen it.

A MONUMENT NOW ON THE FIELD OF GETTYSBURG

Memorial Day Parade Being Shortened as the Veterans Grow Old.

BUFFALO, N. Y., May 31.—Memorial Day was very generally observed here today. The parade of grizzled old soldiers which becomes more impressive as each year rolls by, was carried out today but over a much shorter route than heretofore. At the cemetery flowers and flags were placed on the graves and in the churches special services were held.

GETTYSBURG, Pa., May 31.—The memory of the regularly enlisted men in the United States army who gave up their lives and fought in the Gettysburg campaign of 1863, was perpetuated in granite on the famous battlefield today when the monument erected by act of Congress was unveiled in the presence of the President of the United States. The great shaft is one of the most conspicuous in the field, where the hottest action in that struggle occurred. The old town of Gettysburg is gaily decorated for the event, and the streets are crowded with people.

LADIES MEET HERE FOR PRESBYTERIAL

First Session Will be Held Tomorrow Night.

St. Andrews Church Scene of 20th Annual Gathering in Interests of Missions—The Program.

The twentieth annual meeting of the St. John Presbyterian will be held in St. John commencing tomorrow evening and extending over Wednesday and Thursday. All the sessions will be held in the Presbyterian church. An invitation is extended to all local members of the auxiliaries and mission bands to attend the day sessions at 8 o'clock.

The Presbyterian is the governing body of the Women's Missionary societies in the Presbytery of St. John, which covers the southern half of New Brunswick. Its delegates represent a membership of over one thousand members of auxiliaries and almost as many members of junior mission bands. Forty-five different places will be represented at the meeting. The programme is as follows: First session—Tuesday, 1st June, 8 p. m. Public meeting a Korean evening. Address by Rev. D. M. MacRae and Dr. Kate McMillan, both of Korea. At the close the ladies of St. Andrew's and St. Stephen's churches will both hold a reception for delegates, members of local auxiliaries and officers of local mission bands. Second session, Wednesday, June 2nd, 9.30 a. m. (Continued on Page 7)

ZEPPELIN BREAKS ALL PREVIOUS RECORDS

Remarkable Flight of the Giant Airship

A Four Hundred Mile Journey Yesterday, and the Return is Being Made Today.

SCHWEINFURT, Germany, May 31.—The airship Zeppelin II, passed over Schweinfurt at half past three o'clock this morning on her way back to Friedrichshafen from Sittard. The vessel left the floating shed on Lake Constance a little after 9 o'clock Saturday night. The objective was Berlin, where Emperor William yesterday awaited the arrival of the Count. But the dirigible only got as far as Bitterfeld, some 400 miles from the starting place, and there decided to return. There are on board Count Zeppelin himself, two engineers and a crew of seven men. The airship has now been sailing aloft for something over thirty hours without stopping.

WURZBURG, Germany, May 31.—The Zeppelin airship passed over Wurzburg at five o'clock this morning, flying low in a southerly direction. The early workers in the fields were astonished at the sudden appearance of the ship and turned from their labors to watch it disappear in the direction of Friedrichshafen. HEILBRONN, May 31.—The Zeppelin was sighted here at ten minutes past eight o'clock this morning. STUTTGART, May 31.—Zeppelin II, with the Count and his two engineers and a crew of seven men on board, came down in a meadow near Untertuerkheim this morning. The landing was most successful. The airship came down lightly, but immediately rose again and continued its journey towards Friedrichshafen. It passed Englingen at 9.05 a. m. GOETTINGEN, Germany, May 31.—The Zeppelin airship ran into the branch of a tree at the Goettingen Railroad Station, between here and Stuttgart. The forward compartment of the balloon was damaged but how seriously has not yet been determined. It is presumed, however, that the airship will be able to continue on to Friedrichshafen as the machinery and all the compartments, except the forward one, appeared to be intact at the time the despatch conveying this information, was sent from Gospingen.

TOO MANY REVOLVERS AROUND THIS CITY

Small Boy Found Flourishing One on Charlotte Street on Saturday Night.

There are too many revolvers carried in St. John. One young man paid the penalty of careless handling of firearms by getting a bullet in his leg last night and another instance of the same thing was witnessed on Saturday night on Charlotte street. A small boy who could not have been more than twelve years old was playing in front of the pool room opposite the Dufferin Hotel when a dog which came up the stairs from the pool room caught him by the leg and gave him a rather severe bite. The boy howled and the dog disappeared again. After recovering from his fright the boy was observed to draw a small revolver from his hip pocket and place it in a more convenient one. Keeping his hand upon it he approached the stairway and tried to induce the dog to come out again carrying a revolver in his hand. The dog was not to be taken of trying a shot at it. The dog did not come and the boy did not have the opportunity of doing some promiscuous shooting. The story is vouched for by a well known laborer and another man who witnessed the occurrence. There is a law against carrying concealed firearms, but what seems to be more needed is a law restricting the sale of revolvers.

GOT HIS YOUNG SON TO PUT METAL ON RAILS

Boy Testifies Against Father at Edmundston

Young Michael Tells How He Was Persuaded to Put Pieces of Iron on Track Before Trains Came Along.

EDMUNDSTON, N. B., May 31.—At the opening of the court Saturday there was a large number on hand to hear the case against Ubaldo Michael and his son, charged with placing obstructions on the Tenimiscouia Railroad. The heading of the information against the father Ubaldo, was first taken up before Magistrate Hector Madden, M. D. Coroner of Michael & Corrier, appeared in the interests of the defendant, while Stevens & Northrup of Edmundston, headed the case for the railroad authorities. About ten witnesses were examined for the prosecution. There was no direct evidence against the defendant, but it is probable that as the trial progresses the charge will be substantiated. Mr. Michael is at present charged with placing obstructions on the railroad track with the intention of damaging the road. The trial was resumed this morning. The only witness examined was the 14-year-old son of Michael, who was arrested with his father. The boy said that on a number of occasions his father had requested him to place pieces of iron on the railway tracks and he refused, saying that it was dangerous and might cause persons to lose their lives. At last he was persuaded to do so, and on the 25th of April just before the three o'clock express came along, he took a piece of iron plate which his father gave him, and placed it on the rail. And then just before the evening train came along his father gave him an iron spike which he placed between the joints of the rails. The court adjourned until this afternoon.

A BABEL OF TOWERS NEAR BOSTON TODAY

Descendants of the Immortal John Are Celebrating

A Thousand Who Claim Pilgrim Ancestry Hold the Tercentenary of Their Progenitor's Arrival at Higham.

BOSTON, Mass., May 31.—Nearly a thousand persons, all named Tower, are today crowding the hotels and boarding houses of Higham and adjacent towns to commemorate the memory of America's first Tower, John, who came here from Higham, England, in May, 1637. The celebration is called The John Tower tercentenary, and it is the first three hundredth anniversary to any American. The Canadian provinces are expected to be well represented. Already Clarence Tower, of St. John, has arrived and is registered in the Tower register. The headquarters of the reunion are in the house several times of the same site, built by John Tower, when he came here as a pilgrim, and later fought hand to hand battles with King Philip, of Indian fame. The well that John Tower built with his own hands is still intact on the grounds and is being used today by his descendants. Church services were held yesterday in the church in Higham, which he also helped erect. Of all the family reunions held in New England this Tower reunion is attracting the most attention. Every train brings new Towers into the city and special trains convey them to Higham. Ex-Governor or Long, formerly secretary of state, is taking a prominent part. The oldest Tower is a man 88, and the youngest is an infant of a few months.

John Keefe and A. P. Barnhill, K. C. the Canadian members of the St. John River Commission, leave for Van Buren tomorrow to inspect the log jam and inform themselves as to the local conditions. Definite arrangements for another meeting of the commission have not yet been made but it is probable that the United States commissioners will join their colleagues at Van Buren and that a session may be held before the return to St. John.

There was a good sailing breeze on the river yesterday and a number of the yachtsmen enjoyed the day. One yacht in charge of a half dozen young men became disabled in Grand Bay and was taken in tow by S. P. Geroy with his steam yacht Lolita and taken to the disabled sloop's moorings at Mill-Hilgrove. The young yachtsmen were very thankful for Mr. Geroy's assistance as it was drawing on towards night and they were in a rather awkward predicament.

That the city is to embark upon an advanced program, and a permanent street construction is now fairly well assured. Recently it was given out that Germain street would be paved during the coming summer and Saturday it was learned that Union street will also be paved. While it is thought that a concrete pavement of some sort will be used on Germain street, it has been definitely fixed that the macadam will be the pill that Union street will be required to swallow.

It is thought that a large number of citizens will be in attendance at the Board of Trade rooms this afternoon for the purpose of taking part in the organization of the St. John Association for the Prevention of Tuberculosis. A large number of invitations have been sent out setting forth the purposes of the association and asking for the general support of its aims. That these will not fail in their mission is eminently assumed and the interest with which the men active in the movement are girding themselves for the fray bespeaks volumes for the success of the campaign.

Rev. David Lang and Rev. A. A. Graham will leave this evening for Hamilton where they will attend the meetings of the Presbyterian General Assembly. Rev. James Ross, who is also one of the commissioners, will not leave until this afternoon—whether he can go or not. S. R. Jack, one of the elders appointed a commissioner, will leave this evening. Rev. Mr. Graham will be away from the city for a month and during his absence the pulpit of St. David's church will be filled by Rev. Dr. Isaac MacDonald of Burns Church, Mossa, in the Presbytery of London, Ont. Rev. Dr. Campbell will preach in St. Andrew's church next Sunday.

LONGBOAT DEFEATED A FOUR MAN RELAY

W. K. Vanderbilt's "Oversight" Won Big Stakes at Paris—Martin Sheridan's New Mark With Discus—Yacht Captain's Narrow Escape

PARIS, May 30. — W. K. Vanderbilt's "Oversight" won the Prix Lupin (Produce stakes) at Longchamps today. The distance was ten and one-half furlongs.

TERRE HAUTE, Ind., May 30. — Tom Longboat defeated a four-man relay team at Athletic Park today in a twelve mile race in 1:32, taking the world's record for that distance by barely a minute.

QUINCY, Mass., May 30. — Harry Henderson, skipper of the yacht "Whisper," was captured while cruising in Quincy Bay today and had a narrow escape from drowning. He was seen clinging to the bottom of his boat by members of the Squantum Yacht Club and William and Walter Field, and Clifford Bean went to his rescue in a power boat. Captain Henderson was nearly exhausted when rescued but revived soon after reaching the club house.

NEW YORK, N. Y., May 30. — Martin Sheridan, the American A. C. champion discus thrower, threw the discus 144 feet at the New York post office clerks' games held at Celtic, Long Island, but owing to the absence of a steel measuring tape, the record will not be recognized by the officials of the Amateur Athletic Union. Last Sunday Sheridan threw the discus 138 feet, 11.4 inches, making a new record.

NEW YORK, N. Y., May 30. — Although Phillips-Exeter Academy has won a majority of the dual track meets with Phillips-Andover since their inception and took last year's meet, she hardly looks for a win Monday when her athletes go down to Andover.

EXETER, N. H., May 30. — Although Phillips-Exeter Academy has won a majority of the dual track meets with Phillips-Andover since their inception and took last year's meet, she hardly looks for a win Monday when her athletes go down to Andover.

EXETER is weak in the field this year and hardly hopes to overcome the handicap even with a strong string of fast sprinters and middle distance runners. In a summing up of the meet, Coach Conner, allowing Andover the benefit of doubtful events, believes Exeter may hope for 46 points and allows Andover 59.

HARVARD AND CORNELL CREWS MEET TODAY

ITHACA, N. Y., May 30. — The Cornell and Harvard crews rested in their quarters today in preparation for the race on the lake. The Cornell crew rowed. Graduates and hundreds of others have already arrived to witness the contest.

The two crews had the best practice of the week last night, both going out on their four mile course and sprinting the back stretch. The Harvard crew seems to be in better trim on account of its long practice, but the Cornell men are rowing like the leaders of the Courtney style and appear in good condition.

Harvard will have a light practice tomorrow morning, but Coach Courtney will let his men rest until the race which will be started immediately after the Pennsylvania-Cornell baseball game in the afternoon, if the wind is not too strong. A race between the Harvard-Cornell freshmen eight will follow.

Judging from conditions today, the weather tomorrow promises to be ideal. Either one of three courses along the east side of the lake, all in full view of the observation train, may be used.

SVANBERG CAPTURES THE INTERNATIONAL MARATHON

CHICAGO, May 29.—John Svanberg, the Swedish champion, won the International Marathon Derby today against a field of eight of the world's best long distance runners. The champion's time was 2 hours, 45 minutes and 11.5 seconds. This was more than 8 minutes slower than Henri St. Yves' time in the New York Marathon. St. Yves led the race today until the fifteenth mile was passed and then he was forced to drop out of the race on account of a blistered foot.

St. Yves was 50 seconds ahead of Svanberg. The Swede passed him in a sprint and St. Yves fell. It looked as though Svanberg had tripped the Frenchman, but St. Yves explained after he limped off the track that he could not have run any further anyway.

Johnny Hayes finished second in 2:52:18. Fred Appleby, the Englishman, finished third in 3:01:15. Tom Longboat dropped out of the race after the fourteenth mile. He explained that he felt the effects of an old sunstroke and did not dare run any more.

The others who finished in order were: Mat Maloney, fourth; Simpson, the Canadian, fifth; and Alex. Tibbest, the Chicago amateur who turned professional for this race, last.

The crowd poured on to the track and carried the winners away on their shoulders. James J. Jeffries led the pistol. The track was eight laps to the mile.

Early Saturday morning Richard Magee's barn at Nauyasvevuk was totally destroyed by fire. Mr. Magee is a railway mail clerk and cannot get the cause of the fire. The loss is considerable, as the contents of the barn, including farming implements, carriage and a horse, were destroyed. The horse was a valuable one and was only saved by Mr. Magee from Short Brothers' stable on Union street.

ATHLETES WANT A. B. SOCIETY

Movement Launched Saturday MEETING HELD

All Favor Formation of Society to Control Local Athletics

At a meeting in the Y. M. C. A. rooms on Saturday evening the first move in the formation of a New Brunswick society to control athletics and sport in general was taken. Representatives attended from the leading athletic societies in the city and the gathering was a most enthusiastic one.

Several of the gentlemen present expressed views on the matter and a resolution was passed whereby a organization of a provincial association. However, before the complete formation of such a society could be made other provincial towns must be consulted.

The meeting was called to order about 9:05 o'clock. The following were in attendance: D. B. Donald, Frank White, John Bradbury, Marathons; P. L. Grierson, Algonquins; A. W. Covey and J. Humbert, Every Day Club; Charles McCormick and E. J. Mahoney, St. Peter's; A. W. Robb and E. J. Robertson, Y. M. C. A.; William Gillespie, A. Howe, J. McBride and D. Ritchie, Clippers.

On motion, A. W. Robb was elected to the chair and D. B. Donald, secretary.

Mr. Robb explained the object of the meeting. He stated that three years ago the Cape Breton Amateur Athletic Union was formed and affiliated with the M. P. A. A. at Halifax. Mr. Robb had personally filled the office of secretary treasurer of the Cape Breton Association.

When he left there, the union had 300 men and probably the number had increased to 500 by the present time. The organization which it was proposed to form here, besides registering athletes would have the power of suspension, sanction and other prerogatives of a controlling body. Asked if some situations might not arise which could not be handled by the Breton Union he said that the Cape Breton Union had a right of suspension if they had more facts than the union, which was the case in the case of the Cape Breton Union.

Mr. Robb stated he was confident the M. P. A. A. could not refuse to register athletes from the Cape Breton Union. He stated that the secretary should be instructed to communicate with the outside clubs, asking their cooperation in this matter.

On motion it was decided that the secretary should be instructed to communicate with outside clubs and request them to send delegates to the formation of a New Brunswick union, affiliated with the M. P. A. A. under the C. A. U. with a strong recommendation that all the men now under suspension or professionalized be reinstated and that the secretary be authorized to communicate with the outside clubs, asking their cooperation in this matter.

The secretary was further authorized to communicate with the secretary of the M. P. A. A. A. asking that everything possible be done to raise the standard of the M. P. A. A. before the meeting. The question of professionals and amateurs playing together was thoroughly discussed. Some of the delegates at the meeting favored the playing together, while one or two preferred the exclusion of professionals in contests with the amateurs. No doubt the playing of both classes could be handled systematically should a New Brunswick organization be in control.

There was also considerable discussion as to the best way of raising the standard of the M. P. A. A. A. which course was favored by some of the representatives. However, the general feeling was that the new union would be affiliated with the M. P. A. A. A., as the latter body is at present affiliated with the C. A. U.

THREE DROWNED OFF MASS. COAST

QUINCY, Mass., May 30.—Two unknown men believed to have come from Brockton, were drowned in Hull Gut early today by the capsizing of a rowboat they had engaged for the day and in which they were towing about off Hull's Neck.

One man was drowned and five others narrowly escaped a similar fate by the capsizing of the South Boston schooner Lillian A. off Thompson's Island in Boston harbor late today.

The drowned man was Raymond Limburg, a cigar maker of South Boston.

The residents of Ben Lomond are not dissatisfied with the free mail delivery service and none have refused to pay the three dollars they contracted for as the Standard of Saturday would have the public believe. On the other hand from all those enjoying the service come an expression of satisfaction and the appreciation with which is greeted the efforts of the department in putting the system upon an up-to-date basis is general and unstinted.

NELSON KNOCKS OUT DICK

Saturday's Fight One of the Most Savage Ever Seen in a Frisco Ring—Fight Fairly Even Up to the Thirteenth Round After Which Nelson Took the Lead

COFFROTH'S ARENA, San Francisco, May 29.—Battling Nelson of Illinois knocked out "Dick" Hyland of California today in the 23rd round of a scheduled 45 round bout. The contest was one of the most savage ever seen in a local ring. The fight was fairly even up to the thirteenth round, after which Nelson took the lead. Hyland was knocked out by a left hook several times in the two preceding rounds.

TIME CALLED AT 3:10. Time was called at 3:10 p. m. Round 1—They rushed into close quarters. Nelson drove two short arm rights to the body and a moment later sent another hard right to the Californian's stomach. Hyland whipped his right at Nelson's jaw and they exchanged short arm jabs to the body. Nelson forced his map against Hyland's head and Nelson's left hand to the face and a left chop to the jaw with great force. Nelson swung a powerful right, catching Nelson flush on the jaw, but the champion only smiled.

Round 2—This was Nelson's round. He opened by landing on his opponent with a right and left to the head and two solid right punches to the body. Nelson then delivered some pile-driving rights with great force. Nelson, who clinched. Hyland swung his right over the kidney. Nelson swung right and left with great force. Nelson retaliating with a stiff punch to the jaw. Nelson then devoted his attacks to the body and landed several punches.

LOATH TO BREAK. Round 21.—The men were loath to break and had to be importuned repeatedly by the referee. They fought fiercely at close range, during which Hyland was sent down, more with a push than a punch. He came up at the speaker's call and fought Nelson to a standstill. Nelson sent his man to the floor again with a fearful right to the jaw. Nelson's knees began to sag and he came up glassy-eyed. Nelson landed a right and a left to the jaw with merciless precision. Hyland tottered on the ring, dazed and ready to quit when the gong rang.

Round 22—Hyland came up looking much distressed. Nelson watched sharply for an opening. Finally a right left caught the Californian on the jaw and a moment later two rights were sent to his stomach. He fought back gamely, but looked a beaten man. Finally a right hook sent him to the floor for the count of eight. He arose, only once more to be sent to the floor with a succession of rights and lefts to the jaw. "Hold on to him" came the injunction from his corner. This order again saved Hyland from defeat. The gong ended the round with the local lad almost out.

Round 23—Nelson went at his man determined to end matters once if possible. He rushed Hyland against the ropes and then into the centre of the ring. Hyland's knees began to sag and it required no effort for Nelson to send him down for the count of seven. Stepping back suddenly, Nelson hooked his left with all the power at his command, catching Hyland in the pit of the stomach and the Californian dropped. Before Smith grabbed Nelson by the shoulder, motioned him to his corner and declared the contest at an end. Hyland was lifted from the floor, where he lay prone, and carried to his corner.

SHOT HIMSELF IN THE LEG BY ACCIDENT

Fred P. Brown, a clerk in the Park Hotel, accidentally shot himself in the right leg last evening while standing in front of the hotel. He had a loaded revolver in his pocket and accidentally pulled the trigger. The bullet embedded itself in the fleshy part of the left thigh. Dr. Emery was summoned and Brown was sent to the hospital for treatment. The bullet was extracted and the young man will be around in a few days.

MARGARETHA FLOATED.

A despatch from Pictou yesterday says that the steamer Lady Sybil succeeded Saturday night in taking the Norwegian ship, Margaretha, off the shore at Bally's Cove, near Cape John Pictou, where she went aground in the gale of last Monday night. The Lady Sybil towed the Margaretha to Pictou Harbor. Divers will examine her bottom and she will then go to Belle Verte, if all right, and load for a mile ahead of Sherring.

SHRUBB A WINNER.

BUFFALO, N. Y., May 30.—Alfred Shrubbs, the English distance runner, easily defeated William Sherring of Marathon, in a fifteen mile race at baseball park this afternoon. The race was run on a six lap track on the turf. Shrubbs won by over three laps or half a mile in 1:35:05.

Sherring finished the first and second miles a yard or two in front of the Englishman, but after that never looked dangerous. There was a game struggle for supremacy in the third mile when Shrubbs went out to get a lead. Sherring followed him in every sprint, but the feet-footed Englishman steadily drew away, finishing the third mile 200 yards in the lead. The time for this mile, 5 minutes, 3 seconds, was the fastest of the race. Shrubbs made it a full lap in the third round of the fourth mile and started another in the ninth. In the fourteenth mile he gained a lap and finished with a sprint a little over half a mile ahead of Sherring.

SHRUBB A WINNER.

SHRUBBS—Mrs. Bugins is always complaining that she has so little to wear.

SHRUBBS—Well, I saw her at a ball last night and she seemed to be wearing it.

NOT TALKING FOR PUBLICATION.

How is it that our so-called "prominent citizens" very seldom have any opinions? To every newspaper man is frequently brought home the realization that among the supposed thinking classes there is a deplorable want of thought or else an unfortunate antipathy to giving expression to what is in the mind.

It is not always apparent, but the fact remains that those to whom the bulk of the people look for guidance, from whom they are inclined to take the lead, are extremely reticent about committing themselves even to the most personal responsibility.

Permanent paving is, and has for some years been, another subject of importance, yet it is surprising to find even after all the time that has been spent on the question, so many citizens who are asked to give their views, had never considered the project—so they mope or else decline to give to express an opinion at that time.

Apparently those whose ideas are not popularly regarded as valuable, are the only ones who really think, and who are able to do so. The majority of the city will be of only secondary importance, are presumably almost the only men who devote a portion of their time to public affairs.

Surely it is not to be supposed that merchants and others capable of successfully conducting private enterprises, ready at all times to state their views on personal business affairs, are either absolutely indifferent to those matters which concern the city as a whole, or afraid to say publicly what they privately believe. It is inevitable that every man must have an opinion of some kind on every subject to which he has given attention; it is equally certain that no intelligent citizen can escape at least a reasonable understanding of projects which are placed before him daily.

The only alternative is that there exists a general desire against making public whatever opinions may be entertained, and in this condition, in view of the state of affairs in this city is greatly to be regretted. We need suggestions, need the help of men who are accustomed to thinking for themselves, and the wider publicity given to the opinions held by our foremost citizens, the more in accord with modern business methods will our civic administration be conducted.

Rev. H. Gratton Dackrell, a Baptist clergyman of Moncton, in his far-famed sermon last evening declared that two or three years he had spent in his church had been wasted. He was inclined to place a large share of the responsibility on that section of the congregation which, he alleged, had continually opposed his efforts. Rev. Mr. Dackrell's experience has not been peculiar. Other clergymen have found similar conditions to exist, and have given up the struggle. This is a phase of modern Christianity. We unite as congregations, assemble in churches to hear the teachings of the gospel, to spread the truth and to become, if we feel like it, almost Christians ourselves. This at least is the declared intention, but frequently other influences intervene. Half the Moncton congregation pulled one way, half the other way. Rev. Mr. Dackrell stood between. When the strain became too great he let go his hold, literally squeezed out of his pulpit by the force of later-day Christianity. Presumably those who supported him in his work are sore, probably those who opposed him are glad; perhaps in the realization of his failure the reverend gentleman understanding his own shortcomings may be tortured by the thought that he did not put into his work sufficient energy. At any rate he has resigned because those devoted Christians who sat under his ministrations were as to the true meaning of the gospel, were unable to live together as brothers, but preferred their personal wishes before the well-being of the church.

WELL STOPPED, SIR!

Halifax clergyman stopped the singing when he found the organist playing a tune nobody knew. More power to his elbow—Don't blame him a bit. Any Sunday in the week you may go in to any church right here in St. John and wish for a man of the same type. The preacher announces a hymn and adds that it is a magnificent, inspiring song of praise. "Let all the people sing," he begs, and the people, willing to be agreeable, clear their throats. But instead of the air they know so well, some new fangled ditty with trills and cadenzas glides from the organ. The choir valiantly struggles with the music, and the members of the congregation after a vain attempt to pick up the rhythm become mute. Would there were in St. John some ministers like Dr. McMillan, who has shown that even the autocrat of the pedals and ivories is no terror to him.

Ald. Elkin, who has returned from the pavement-inspection trip, expresses the opinion that it was perfectly right for himself and other aldermen to go away as guests of a contracting corporation. Ald. Elkin's views do not coincide with those of the men whom he represents, yet it is well to know just how he feels in the matter. His later observations on the subject of paving contracts will be all the more interesting.

THE DEARER SONGS.

Many birds have passed this way, Weaving all the seasons through the air, Madrigal and roundelay, Rhyme of rosemary and rue. Yet, for all their wisd'ry, Word on word in magic row, Dearer far those songs to me Whose strange tongue I may not know.

Carol, dowered of the dawn, Lifting lays of winds and dew; Pipe of some little woodland faun, Mortal eyes might never view. When the spring peeps through the trees, Waiving all their leafy lore, Bird and blossom, bee and breeze, Whisper at my open'd door.

When the summer letters by, All the sunny, sun swept noon, Lasting in the grass I lie, To the cricket's drowsy croon. And when autumn fingers chill, Mousing through each leaf's leaf, I can hear a sorrow-thrill At the dying blossoms' grief.

Though least music she endows, Even winter has a strain, Blowing from her leafless boughs Promises of spring again. This my Book of Prose, Pages spun on Nature's loom, Lyrics signed by bird and bee, Sky and breeze and soil and bloom.

AT THE BRIDGE. "A uttered a grave 'ords at the bridge as you shall see in a summer's day."—"King Henry the Fifth."

He played with most consummate nerve. Although he did not know the game; "No trumps," alone his turn would serve. Whether his time for dealing came 'Twas vain to fuss and fume and stammer. But though he put her skill to shame He uttered brave words at the bridge!

He could not catch a single curve. Wherever his strength she'd vainly proclaim; She smiled, and well did he deserve, That wrath his wooden head should maim. He "doubled," yet was not to blame, For Cupid's fletcher like a midge. And though they lost, yet just the same He uttered brave words at the bridge!

PASTOR AND ORGANIST DID NOT AGREE

HALIFAX, May 31.—Rev. Dr. J. W. McMillan, who recently arrived in Halifax and took charge of St. Matthew's Presbyterian Church, had an altercation with the church organist last evening. At the service he gave out the hymn "Nearer My God To Thee," saying he wished everybody to join in the singing. The organist chose an unusual tune for the words. After one verse had been sung, Dr. McMillan raised his hand and stopped the singing, saying: "Now, look here, we'll stop that right away. It's a very beautiful tune but I want the old tune, please."

The organist obeyed the mandate, but he played the old tune to "Nearer My God To Thee" at such a rapid tempo that the people found it almost as unfamiliar as the tune which had been suppressed, and the church authorities may have something to say about it when they meet.

GREAT RACING EXPECTED AT THE FREDERICTON MEET

FREDERICTON, May 31.—The most elaborate harness racing programme ever issued by race track in New Brunswick is that announced today by the Fredericton Park Association in connection with the Fredericton 1909 exhibition. The exhibition will run from September 14th to 23rd and racing dates are September 16th, 17th, 18th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, and 31st. For these five days ten races are on the card for a total of \$4,000. Three of the races are for \$500 purses, one of them being the \$500 free-for-all which attracts a grand number of fast record horses. The other two \$500 events are the stakes guaranteed by the management of the Fredericton Exhibition and are for the 2.21 pacers and the 2.35 trotters and paces.

Four of the other races are for \$1,000 purses and one of these, that for 2.30 trotters, has been guaranteed by Mr. V. Monahan, proprietor of the Barker House. The remaining three races on the programme are for \$300 purses and one of these, the 2.25 class for trotters and paces, has been guaranteed by the proprietors of the Waverley and Lorne Hotels.

The entry blanks for the races are being sent out this week and will be mailed to all horsemen in the Maritime Provinces and New England States. The Fredericton 1909 exhibition and races will have opposition during the race week at the Prince Edward Island exhibition, which has not taken its usual dates following the Halifax exhibition. However, at least one race is offered at the Fredericton exhibition races amount to \$4,000 as compared with \$2,000 offered by the Prince Edward Island exhibition. It is not expected that New Brunswick's provincial exhibition will be the one to suffer by the clash in dates.

The Fredericton Park Association's track is now the scene of much activity. Fifty thousand horned toads will now be trained here for the races here on June 20th, July 1st and July 2nd. The racing stables at present quartered at the track are those of Fred Dunstons, McCoy Bros., Sandy Stewart, Hugh O'Neill, L. B. C. Phair and Ald. Harry C. Jewitt. Several additional stables are expected to arrive here during the next two weeks.

SOME PLAIN TALK ON THE SOCIAL PROBLEM

Sentimental social-reformers lament the "incurability of vice," which they attribute to the brutal vices of men who change every Marguerite into a helpless heroine of a tender love-letters and an overweening attachment in their eyes the man is always a huge wolf of mature age and merciless fangs, and the woman is always an innocent lamb. It is just as well, if the slaughter! Unfortunately for this pretty poetry, mothers of sons know that the relations are oftentimes just exactly reversed, that the female wolf seizes with brute-rage the yearling male whom she can fence first and then devour.

HORNED TOAD PINS IS LATEST FAD FOR WOMEN

This is milady's latest conceit—a metallized horned toad mounted on a pin. Fifty thousand horned toads will now be trained themselves on woman's altar.

before the Chicago firm which is marketing this novelty gets through. Two thousand toads are just now going through the mill, and the rest of the lot is busy down in Texas hunting the rest of the 50,000, and shipping them as fast as they can be packed. Each toad is chloroformed before it is put into the ovens, so no operation is harmful.

GARNEGIE AGAIN OUT FOR DISARMAMENT

Five American Officers and Men Suffocated. Roosevelt at Churo—Blind Organist Dead—Body Found—Veterans' Reunion.

LONDON, May 30.—A special despatch from Paris says that Andrew Carnegie is sounding the European alarm to what sort of reception would be likely to be given to his suggestion that the United States call a conference to discuss the disarmament of Europe. In Mr. Carnegie's opinion, having become "dreadnought mad."

LONDON, May 30.—A special despatch from Manila to Hong Kong says that two officers, Larkin and Rapp, and three of the crew of the United States collier Nanahau were suffocated by noxious gases caused by the irush of water during a typhoon on the voyage from Manila to Hong Kong. Captain Carter was seriously injured.

NAIROBI, British East Africa, May 30.—Former President Roosevelt attended church here this morning and in the afternoon visited the Catholic mission. Owing to the number of skins of animals not yet packed, Mr. Roosevelt has delayed his departure from Nairobi, 44 miles north of Nairobi, until June 2.

WASHINGTON, D. C., May 30.—Dr. John W. Bluff, the blind organist of Washington, who lost his sight when two years of age, died early today. For the past 35 years Mr. Bluff has been considered one of the greatest composers and organists of this country.

ATHOL, Mass., May 30.—The more than five months' disappearance of Wm. P. Stowers, 73 years old of this town, was accounted for today when the skeleton of his body was found in a cart path in the woods on the outskirts of the town. It is believed that he was dead for some time before he was discovered.

READING, Mass., May 30.—The steering gear falling to work properly, an automobile owned and driven by John Glidden, of Beverly, ran off the highway near Perry's creek today, and turned turtle in the field beyond. Mr. Glidden suffered fractured ribs, his wife had one rib and her collar bone broken, and Mr. Glidden's mother had her wrist broken.

NEW YORK, May 30.—That fast dwindling body of grizzled men, the veterans of the Civil War, will unite in Greater New York tomorrow to pay annual military homage to the memory of fallen comrades. Today was really Memorial Day, and it was observed in church and cemetery, but being the Sabbath there was no parade of music and unfurling of banners.

WABINGTON, Vt., May 30.—A bolt of lightning during a severe electrical storm here last night and early today struck and set fire to the main building of the Huntington Pulp Company at Huntington Falls. The entire property was destroyed, causing a loss of \$50,000, part of which is insured. James Cartmel, assistant superintendent at the mill, had a leg badly crushed today while fighting the flames.

PHARMACISTS MEET HERE.

The New Brunswick Pharmaceutical Society meet here next month, and as it is their 25th anniversary large preparations are being made. Arrangements can be made the meetings will last but two days. While the programme has not been finally decided upon, it will likely be that the first day will be for business entirely, probably with a supper in the evening. The second day will likely include an excursion up river with a dinner in the Union Club in the evening. Arrangements are now in the hands of Secretary Charles F. Wade and a committee. The meeting will take place about the middle of June.

2,000 MEN TO PARADE HERE

Orangemen Further Plans Celebration on July 12 Will be the Biggest in Years

Plans for the monster Orange demonstration to be held in this city on July 12th were advanced a further stage Saturday night when at a meeting of the general committee held in the Orange Hall the reports of the several sub-committees were received and acted upon.

It was given out Saturday night that some two thousand Orangemen will be in attendance, and the parade, which will be the chief feature of the affair, is destined probably to be a memorable one.

Every band in the city, with one exception, has been engaged for the day, and besides these Moncton, Fredericton and St. Stephen are being asked to send theirs. The visiting lodges will be met at the Union Depot by the reception committee and escorted to the Victoria Rink, where the march is planned to start. All the principal streets of the city will be included in the route of parade, which being traversed a return will be made to the rink, where speeches will be delivered by a number of those prominently identified with the order.

Owing to the length and the expensive nature of the trip it is thought unlikely that the North Shore lodges will be able to attend, but it is thought that every other lodge of the province will be represented, as well as several from Nova Scotia.

While definite plans of the celebration are not in hand as yet the programme is assuming shape, and it is thought that but a few days will elapse before it is completed.

The several sub-committees are busily engaged with the work delegated to each and a general meeting is held every Saturday night, at which the results are given out and acted upon. It has not been finally fixed as yet as to who the speakers are to be.

TWO FISHERMEN LOST.

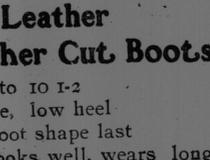

Word reached Richibucto yesterday of the double drowning at Point Sable, some miles from there. All that is known is that two lobster fishermen named Manguin, an elderly man, and Fred Delisle, a young man, are missing, while their boat with sails set and 1,000 lobsters aboard, came ashore yesterday at Point Sable.

It is taken for granted the men by some means were drowned. The supposition is they were fouled by lines which were set and were dragged overboard.

KIRK BROWN RETURNS TO ST. JOHN.

Contrary to his original plans, Kirk Brown will return to the Opera House for a special three days' stay, opening Thursday evening, June 3rd. For this special return engagement Mr. Brown will have his same company intact and will give the same high class scenic productions, using his entire scenic equipment in the stage production of each play to be presented. The opening performance will be "Sappho" Brunswick's oil and gas fields. Dr. Henderson, expert mining graduate, is a son of J. N. Henderson, prominent in South African developments.

THOROUGH TEST OF OIL AND GAS POSSIBILITIES

Dr. J. N. Henderson, of London, Eng., is at Moncton on a tour of inspection of the oil boring operations. Three new wells are being sunk, one near Moncton and which there are good indications of gas and two at Dover, some distance from those sunk by the old company. The new English company is proceeding energetically. Old machinery has been put up and several new and heavier drills have been imported. The best Pennsylvania methods have been adopted and the company will make a thorough test of New Brunswick's oil and gas fields. Dr. Henderson, expert mining graduate, is a son of J. N. YOU BUY A DRINK, THEN SELL SOME OF IT BACK TO THE BARKIE AGAIN

TROY, O., May 31. - "Speakeasies" have some of the best detectives in Troy. When a man buys a drink, under a new system just put into operation, he pays 25 cents for the drink. He pours a large drink. Then the bartender says to him, "Sell me 10 cents worth of that please." The drinker pours some of the liquor into the bottle and receives 10 cents in return. Then the customer is as blameworthy as the bartender because he, too, has sold liquor without a license. It is dangerous, after that, to "sneak."

HARD CIDER JAG ENDED IN MURDER

ROCHESTER, N. Y., May 31. - Morris Donovan, a wealthy Clyde, N. Y., farmer, was killed by his friend and neighbor, Beckwith Tremper, early today. The killing occurred at the home of Tremper, four miles from Clyde. Tremper, Donovan and Fred Hart, an employe of Donovan's spent Sunday night in Tremper's barn, where much hard cider was consumed. At an early hour this morning Tremper said: "Boys, it's time to go home. I want to go to bed." The reply was a refusal to depart and saying: "I've got something to hurry you." Tremper fired a shotgun at Donovan, killing him. Tremper was arrested.

MONTREAL, May 30. - The high constable of St. John's arrived at St. Vincent de Paul on Saturday forenoon accompanied by Mr. P. H. Roy, ex-speaker of the Quebec Legislature and former president of the Bank of St. John's, who entered upon his five years' incarceration at that institution for having presented false reports to the department of finance as to the standing of the bank which he had ruined. The prisoner chatted with every one on the train when he happened to meet, declaring although he was going to the penitentiary he felt that his honor was still intact and that he had done nothing of which he might be ashamed.

HAZERS MAKE GIRLS DANCE IN BARE FEET

New Students are Compelled to Go Through Many Stunts

INDIANAPOLIS, May 30. - Five young women who entered the University for the summer course, were captured by older students tonight and compelled to go through various stunts on the top floor of the dormitory. They were compelled to slide down banisters, dance jig in bare feet, mount to the top of a wardrobe and make speeches, give first impressions of the university and tell how much they admired the older girls of the institution. The high and broad jump in bare feet, the concluding act, aroused the matron, who routed the hazers.

BROTHER AND SISTER UNITED AFTER THIRTY YEARS SEPARATION

John Norton Has Confirmed Story That His Sister Whom He Thought Drowned is Still Alive and Well.

BOSTON, Mass., May 31. - "Harry" Barton, freeman on the Boston trolley, was united with her brother in St. John, who believed her drowned in a shipwreck thirty-six years ago, at a residence on White Street, St. John, N. B., on Sunday night. Harry Barton, who has been united at last to her brother, John Norton, janitor of the Bank of Commerce building, St. John, N. B., who has been under the impression that she was dead, as a little girl of eight when the White Star liner Atlantic was dashed to pieces on the rocks at Prospect, N. S., in the great storm on the night of April 15, 1873, and 535 of 511 people aboard perished.

TEXAS VILLAGE IS WIPED OUT

BROWNWOOD, Tex., May 30. - A tornado wrecked Zephyr, a village in Brown county, early today, killing more than 30 persons, seriously wounding many, and seriously hurting a score or more. Extreme darkness made a wide swath directly through the village and business quarter. The storm formed half a mile southwest of Zephyr and swept upon it. Nearly fifty houses were demolished. Lightning struck a lumber yard and started a fire which destroyed an entire business block. No effort was made to fight the fire, for the dead and wounded demanded all attention. A section hand pumped a hand-car two hours the Santa Fe railroad was speeding a special train to Zephyr with nine surgeons and twenty Brownwood citizens.

LOCAL NEWS

Miss Venia L. Hampton returned to Moncton this morning after spending a few days at her home in this city.

Tell it to your friends—make it known to your neighbors—"Pigeon" specials are the greatest shoe values ever introduced in St. John.

The monthly meeting of the Natural History Society of New Brunswick, will be held on Tuesday evening at 8 o'clock. The delegates to the Royal Society will give his report and the summer outing will be arranged.

A boxing bout is to take place at McAdam this evening in which several St. John men will participate. The principal event will be a ten round affair between Frank Neil, of St. John, and Young Moody, of Lower Town. There will be two preliminary bouts, one between Bill Kiser, of St. John, and Jack Thomas, of Hantsport, the other having as its principals John Miller and Frank Pierce, both of McAdam. The affair is to be held in Orange Hall, and Harvey McCoy, of McAdam, is to be master of ceremonies.

MAGISTRATE URGES

NEED OF PLAYGROUND

Discourses on Ball Playing in the Streets—Bozza Did Not Cure Rheumatism.

In the police court this morning George Jones, who only got out of jail last week, and was arrested Saturday afternoon on German street, near the station, before the magistrate. He said he had been working at Missoe and had an attack of rheumatism and came to the city to be cured. He was sent to jail for thirty days in default of paying eight dollars.

Edward Barry, an old timer, went to jail for ten days in default of a four dollar payment.

Minna Neirin, who pleaded not guilty to disorderly conduct a few days ago, was brought into court and remanded until tomorrow when she and a man named Conboy can be located as witnesses.

Charles A. Collins, who was arrested a few weeks ago on suspicion of having inflicted such severe injuries on Mrs. John Murphy, in a White street house, was remanded until tomorrow morning, when Mrs. Murphy will be enabled to leave the hospital and give evidence.

Ernest Bushan, George Hoctor and Geo. Dixon were charged with being disorderly on Union street near the Opera House a week ago last evening. The trio pleaded guilty and the magistrate said that both colored and white boys greatly annoyed people by their loud howling on the streets.

James McCarthy, a young boy, was charged with playing ball off Cliff St. and being one of a disorderly crowd. Policeman Marshall, who arrested the boy, said he had refused to give the names of the other boys. His Honor said that the law prohibiting ball on the street was made 60 years ago. Or late there had been many complaints made about boys making a disturbance on the streets. Complaints are made frequently, and there was at one corner 21 big and little boys in one case. A fine of \$5 was imposed.

In the case of young McCarthy the magistrate did not look on it as so serious as the others, and amply suggested that he had better go to Loch Lomond on Sunday, as a field in that vicinity seemed to be a prominent resort for ball playing. He suggested that the boys get their fathers and others to wait on the common council and get them to take over the ground purchased by Mr. Allison to be used as a boys' play ground. It is years since the land was purchased and this is the third time His Honor has suggested publicly that something should be done for the boys. It is situated to the right of the Gilbert's Lane entrance to the park.

METHODIST MINISTERS

A meeting of the Methodist ministers was held this morning in the parlors of the Centenary Church, with Rev. Neil McLaughlin in the chair. Others present were: Dr. Flanders, E. J. Demerut, H. D. Mary, A. Crisp, Chas. Comben, and C. W. Squires.

Reports were received from the different churches. Zion Church reported four members having been received yesterday. The committee to arrange the reception for Sir Robert Perks, who arrives tomorrow, reported that everything was in readiness for the meeting in Centenary in the afternoon and the reception at night. The committee in charge of the arrangements will form a delegation to meet Sir Robert at the train.

BAPTIST MINISTERS

The Baptist ministers met at 10.30 this morning in the Baptist Mission rooms. There was a small number present.

In addition to the St. John pastors there were present Dr. H. G. Cousins, of England, who addressed three services in the city yesterday; Mr. J. P. Crabtree, of Wickham, N. B., who has just completed his pastorate in that field; and Mr. Clifford G. Clark, who graduated with honors last week at the U. N. B.

After a month's rest Mr. Clark will take up work for the Moncton field and at the end of the year he proposes to take a post-graduate course in theology.

The exchanges for the second Sunday in June are as follows: Germantown—Rev. D. Hutchinson, Brussels St.—Rev. G. Swin. Waterloo St.—Rev. W. W. McMaster. Tabernacle—Rev. A. B. Colton. Main St.—Rev. J. W. Keirstead. The ministers' meeting then adjourned until next fall.

FEW AMATEURS LEFT IN THIS PROVINCE

M. P. A. A. Tags Another Large Bunch.

St. Joseph's Professionalized—Maryville, Marathons and Competitors in Last Sports Suspended.

The number of amateurs in New Brunswick according to the standards of the M. P. A. A. is rapidly decreasing.

A short time ago a bulletin was issued professionalizing the members of St. John the Baptist and St. Peter's baseball teams for playing with and against third baseman Thomas Howe, of the Clippers, who is classed as a professional. This last one also suspends the Marathons and Maryville for playing with and against Ernest Bonus who was suspended in 1906, and has not offered for reinstatement. Bradley and Rootes were suspended last year and not suspended.

The bulletin is as follows: SUBSCRIPTIONS. The following baseball players are suspended for playing with and against men under suspension by this Association: Maryville B. B. Team, St. John, N. B.—Brooks, Boyce, McConnell, Haney, Downing, Cane, Bird, Robertson Boone. Marathons B. B. Team, St. John, N. B.—Eganney, Copeland, A. Malcolm, Bradbury, D. Malcolm, George Stubbs, Clawson, Rootes, Treacart. (Boone, Bradbury and Rootes being under suspension.)

Professionalized—The following members of St. Joseph's B. B. team, St. John, N. B., are hereby professionalized for playing against Thomas Howe, professional: Long, Small, Simpson, Bitt, Burkes, Donnelly, Lally, Taylor, Callahan.

F. W. MEYER, Hon. Secretary M. P. A. A. A. Out of the four teams in the Inter-society league three are now professionalized. These are the St. Joseph, St. John the Baptist, and the St. Joseph. The A. C. H. team has not been branded yet, but as they are playing with the others the announcement may be expected at any time.

The Marathons of St. John and the Maryville team being under suspension, the Monctons, the Clippers and the Frederictons are about the only teams of any importance which have not been placed under the ban. The Moncton team had a narrow escape as they were scheduled to play here on Thursday and if these are satisfactory they may be reinstated.

A letter received in St. John this morning, signed by President Libby, of the M. P. A. A., announced that all those who took part in the sports held by the Carleton-Cornwall Band last Thursday will be suspended as the events were not sanctioned. The penalty for this offence is suspension for every day.

George Stubbs, who won the fifteen mile race, is specially mentioned as among those suspended. The other who took part in the sports and who will share the suspension, are as follows: In the one mile walk—Hirsch, Condon, King and Barrett; in the boys' intermediate, J. Steen, Eric R. Hines, Charles Cromwell, Alfred Ritchie, E. A. Boding, Saul Gallet, J. W. A. Smith, Roy Mitchell and Gordon Hilder; in the fifteen mile run, E. W. King, Y. M. C. A.; George Stubbs, E. D. C. Steen, St. John's, T. G. H.; John F. Horseman, Y. M. C. A.; Charles Alcorn, Saul Gallet, A. L. Rees, E. D. C.; E. Clark, Hirsch and Wm. Woods.

The matter is beginning to look like a farce and those in the province who are interested in sports, are getting pretty thoroughly tired of the M. P. A. A.

It is understood that at the meeting held on Saturday night the sentiment was strongly in favor of breaking away entirely from the M. P. A. A. If all the clubs in the province would amateurs left in the province some action will have to be taken pretty soon.

Y. M. C. A. WILL HAVE A BOYS' WORK SECRETARY

W. H. Moor, of Toronto, Now Taking a Special Training Course, Will Enter on New Duties in September.

The staff of the local Y. M. C. A. will be augmented the fall by the addition of a Boys' Work Secretary. The great possibilities of this work are fully recognized by the directors, and in order to cope with the work they decided some time ago to secure a man to devote his entire time to it. Correspondence was entered into with the result that Wm. H. Moor, of Toronto, has been engaged to fill the position. Mr. Moor, although not in the work professionally, has been actively and prominently connected with the work of the Boys' Department of the Toronto Y. M. C. A. He has been very highly recommended. At present he is taking a course in boy's work at Silver Bay, Lake George, and will enter on his duties on September next.

DEATHS

MRS. ELIZABETH STEVEN.

The death of Mrs. Elizabeth, widow of the late Wm. Steven, occurred at an early hour this morning at her residence, 17 Elmwood street, at the advanced age of 89 years. Before her marriage she was Miss Elizabeth Boyer. She was of Loyalist descent and has lived in St. John nearly all her life, being born in a house on the site where Shaw's bakery now stands. Her

husband was a native of Glasgow. After their marriage they resided for a while at Cedar Bank, Torryburn, but moved again to St. John, where they had a wide circle of friends, and her death will be greatly regretted.

The funeral will be held on Wednesday afternoon. A service will be held at the house at two p. m. and then the remains will be taken to St. Mary's for the church service.

The County Court adjourned on Saturday until Monday, June 7th, at Chambers, when the remaining civil case, Charley vs. C. P. R., will be taken up.

Light, Smooth, Quiet Running Sewing Machines

One of our Sewing Machines would make a most acceptable gift for the bride-to-be. High-grade in every particular, doing all classes of work in the most perfect manner. Smooth, quiet and rapid of movement, they are ideal machines for home sewing.

The Emarney at \$28.50 surpasses in many particulars most machines sold at double the price.

The M.R.A. Special at \$21.50 we do not hesitate to assert is the equal of any of the leading machines usually sold from \$35.00 to \$40.00.

We guarantee the Emarney for ten years and the M.R.A. Special for five years. Our experience has been that the sale of either machine means many additional sales from the same vicinity.

The illustration shows that the appearance of these Drop Head Machines is placed at the highest possible standard.
