IN SUMMER TIME. Little young Timothy how he grew,
Timothy Grass of the meadow;
He grew in the rain, he grew in the wind,
In the sunshine and in the shadow.

At last he was up so very high— So sturdy and tall and stately— He looked all over the big, wide world, And found himself pleased with it greatly. And looking, one day—one sweet June day, So dreamy and soft and hazy, He spied—what was it so fair and bright? A dear little happy young daisy, How fair she was—fairer than moon or cloud? How gently, her face and cheery! He grazed at her fondity all day long, And never once was he we rry.

And when all the tired little meadow-flowers, And the birds and the bees were sleeping, And only the owl in the far-off wood His night-watch lonely was keeping. So bright she shone through the dim, still night, In the eyes of her longing lover, She seemed to be one of the gleaming stars, Dropped down from the sky above her. So Timothy wooed her his very best, Till her heart with true love was filling: And at last with a sly little flutter and shake, She answered him back, "I am willing."

Se a wedding gay, one bright, sweet day, Set all the lily bells ringing; The breezes came floating from over the hill, The breath of the clover bringing.

DRESS MAKERS recommend it as being the best Corset to fit a Dress over, because it is cut in such a manner that the front and back soams fit like seams to a dress. It is superior to ony other Corset now in use, because its peculiar style of cutting gives sufficient full ess at the bosom, without folding as the top: gradually and closely fitting to, and over the hips; is longer fron and back than ordinary Corsets; and in fact, is the Only Corset Cut in This Form!

BACHELOR'S CONSOLATION. A Romance of the Needle. BY ROCKAFELLOW.

In a snug little cot, not a thousand miles off, Lived a lonely, contented old "bach," Who cocked his own grub and dined by himse, And had no one to sew on a patch. With his cat, and his dog, and his little pet mouse, Our hero, 'twas said, wanted nothing; But needles were sharp, and would freque

So he oft went with holes in his clothing. There no doubt were misses and maids quite Who would fly to relieve his distresses, saut he oft had declared he could never abid. The appearance of hoopskirts and dresses.

Now, this lucky old bachelor heard by a friend, Or read in his morning journal, Of the wonderfel stitching of sewing machines, And considered the matter necturnal.

For some thought the "Wheeler & Wilson".
best.
And others the "Wilcox & Gibbs,"
While others affirmed that the agents of both
Were too much inclined to tell fibs.

and a few for the "Florence" were ready to figh While most liked the "New Family Singer; nother one swore the "Osborne" was best, The last one, I think, was a shaker. So first to the "Wheeler & Wilson" he went,
Where he found them making a shirt,
At the end of each seam they used needle and
thread. And by experience he knew they would hurt

Then down to the agent of "Florence" he went,
And told him the part that was slack,
So the "Florence" a certain advantage had By the feed that could make it sew back. But our Bachelor friend was dissatisfied still, For the "Florence" so complicate seemed, He feared the minutis might "get out of fix," And could never be wholly redeemed.

Then they told him another advantage they had Over other machines in the West.

That four different stitches with it they could And from four he might sure get the best.

Our hero replied, "What's the use of the our!
If one of the stitches is beet,
Why that is the right one to use all the time,!
And what will you do with the rest?" The "Howe" and the "Wilson" both vainly h too light, And the "Osborne" broke down on a fell.

The "Finkle & Lyon" or "Victor" he tried,
The "Ætna," "Blees," "Leavitt" and "Weed,"
Till worried and vexed with his fruitless research,
He scarce hoped in the end to succeed,

After trying in vain many other Machines,
Without any hope of success,
He called where the "Singer New Family" w
kept,
And they quickly relieved his distress. For here half a dozen machines were engaged In stitching of different sorts, Which they did so complete, and with so little He acknowledged the truth of reports.

In lightness of running, in stillness and speed,
In construction so simple, yet strong.
Sure none but the "New Family Singer" would Though he'd searched through the infinithrong.

Then the stitch was so neat, so elastic, so strong
That he vainly endeavored to break it,
And so many advantages in it combined
That he quickly decided to take it. J. D. LAWLOR, Manufacturer of the New Singer Family, feb 25 40 King street

Graterul incusanus prociaim vin-EGAR BITTERS the most wonderful In-vigorant that ever sustained the sinking No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkan-sas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannau, Roanoke, James, and many others, with their vast tributaries, throughout our eutire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitatation of the Heart, Inflammation of the Lungs, Pain in the region of the Kid-neys, and a hundred other painful symp-toms, are the offsprings of Dyspepsia. For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder,

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VIN-EGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. gaged in Paints and Minerals, such as

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermituges, no anthelminites will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of wo-manhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.
