

approved of what was said. What the people of his parish needed was a good wharf and he hoped that the Board of Trade of Newcastle would assist them in pressing their claim.

Mr. Russell said that what town wanted was something to create labor, something to give employment to laborers. He suggested that a company be formed to try and establish some industry, or that a subsidy in the shape of a free site and freedom from taxes be offered in order to induce a company to locate here. In regard to the railway he suggested that a company be formed and incorporated to take the matter in hand. He would like to see a delegate appointed to see Mr. Blair when he comes to Chatham and impress the railway scheme upon him.

After several other speakers had discussed the various topics, Mr. M. Russell moved that a delegation of three be appointed to ascertain what the government will do in regard to the railway to Tracadie, the connecting link between Blackville and Inverness, the building of necessary wharves, the improvement of the channel of the Northwest. Carried. The following gentlemen were appointed: P. Hennessey, Allan Ritchie, J. D. Creaghan.

D. Morrison moved that a committee of three be appointed to act with a committee from the Chatham Council to press upon Municipal Council the necessity of putting a license upon peddlers. Carried. The following were appointed: J. D. Creaghan, T. A. Clarke and M. H. McMillan.

Thos. Russell spoke in reference to the steamer Miramichi staying in Chatham all night instead of Newcastle which is the natural terminus and hoped this matter would be impressed on the members of the local government. He moved that a committee be appointed to interview the local members of the county and urge upon them the necessity of getting the steamer, Miramichi to complete her trip to Newcastle. Carried. Messrs. T. Russell, J. D. Creaghan and Geo. Stothart were appointed. The meeting then adjourned to meet on Thursday evening at 8 o'clock.

President Hennessey called the meeting to order at 8 o'clock and briefly explained the object of the meeting. The secretary read the minutes of the previous meeting.

At this meeting it was moved that the committee appointed to wait on the Minister of Railways be enlarged to eleven instead of three. Carried. The following gentlemen were added to the former committee: C. E. Fish, M. Russell, Hon. John P. Burdick, W. H. Wagon, of the Dominion Pulp Co., John Menzies, Esq. Hutchinson, John Morrisey, Wm. A. Hickson.

Mr. M. Russell moved that the committee be asked to wait on the Hon. Mr. Tweedie and ascertain what could be done in regard to the local subsidy. Whether it had expired or not and if it would be renewed. Carried. The motion in a few remarks.

The President then brought up the matter of Incorporation. Mr. D. Morrison said that there is no doubt that Incorporation would make a great improvement in numerous ways to our town.

Mr. John Morrisey said that as there were a number of representatives of the county present he thought that it would be better to discuss something of interest to the whole county.

Mr. Murdoch of Chatham who was present was asked to explain the peddler act in force in Chatham. He said that the act in force in Chatham would not work for the county, as these taxes were levied in different ways, they can get a license for one day or more and then there were different rates for different kinds of traders. Mr. John Campbell said that he did not think it fair to place a tax on the local traders who went through the county, it would be a great injustice to the small traders.

Comm. Sullivan of Hardwick said he had heard the peddler called a nuisance. He did not altogether agree with this. He lived in the country near the Kent county line and found them of great assistance to him in rural districts as it saves them many a journey to town. In dealing with these peddlers he had always found them civil and good traders. He believed that a just tax should be imposed on them. Do not crush them out of existence.

Several other speakers were called upon and discussed the subjects brought up after which the meeting adjourned.

Some Plain Questions

Have you catarrh? Have you offensive breath? Have you bronchitis? Have you slight symptoms of consumption? Then read for a free sample of the new medicine. What is Catarrh? Not a sniff, wash nor ointment, but an odorous gas, which is carried by air directly to the diseased parts. It penetrates wherever air can go, and never fails to cure. We do not ask you to believe this until you have tested it for yourself. Send for a trial bottle gratis to N. C. Fossor & Co., Kingston, Ont.

Weak and Run Down, With Head and Kidneys in Bad Condition—Restored by Hood's Sarsaparilla.

"I was very much run down, having been sick for several months. I had been trying different remedies which did me no good. I would have severe spells of coughing that would leave me prostrate. I was told that my lungs were affected, and my heart and kidneys were in a bad condition. In fact, it seemed as though every organ was out of order. I felt that something must be done and my brother advised me to try Hood's Sarsaparilla. I procured a bottle and began taking it. Before it was half gone I felt that it was helping me. I continued its use and it has made me a new woman. I cannot praise it too highly." Mrs. BRUCE-WILKS, 217 Ossington Avenue, Toronto, Ontario.

NOT TOO LATE YET.—We are glad to hear that it is not too late yet to secure that beautiful premium picture, "The Red Line," given to all subscribers of that great paper, the Family Herald and Weekly Star. The publishers have decided to issue twenty thousand more for those who renew, and for new subscribers received during January and February. This will be good news for those who have not yet subscribed to that great paper. From what we hear the "The Red Line" will be ten times more valuable next season, as the publishers have in view plans that will make this year's picture very valuable. Our advice to one and all is to secure the "The Red Line" and await further developments. One dollar pays an entire year's subscription to the Family Herald and Weekly Star and the picture "The Red Line." It is marvellously cheap.

SONG SERVICE.—A very pleasant entertainment was given Thursday evening in the Methodist church here. The programme was the same as given at Christmas time by the Sunday School pupils, being repeated by request.

A very pretty recitation "Star of Bethlehem" was given by five little girls, assisted in a musical chorus by the choir. Duet—"Where Is He?" by the Misses Atchison and McLeod.

Recitation by Miss Kate Troy entitled "The Master's Place."

Chorus by the choir, "Christmas Bells" by the choir. Miss Atchison took the solo part.

Recitation by Miss Nellie Murray, called "Baby's Resolutions."

The greater part of the programme without exception was the recitation "Merry Christmas Time" given by the infant class. The tiny little dots, all prettily dressed, marched on to the platform and formed in line, then each little one stepped to the front and recited so sweetly a short verse of scripture bearing on Christmas time. Miss McLeod deserves great credit for instructing them so well.

A very fine recitation was given by Miss Lina Clark, called "How They Saved St. Michael's."

A chorus and solo by the choir—"There Are Many Little Children." The solo part was taken by Miss George Harrison, who has a very sweet voice.

Recitation by Miss Nellie Lingley called "Dinah's Letter."

Another chorus and solo—"Remember the Poor To-day" by the choir, Mr. McMurdo taking the solo, was very fine. Before the closing piece "Glory to God" was given, Mr. Clark the superintendent, thanked the audience for their kind attention and patronage.

The entertainment was given in aid of the S. S. Library.

Beachurst Notes

(From the Courier.)

The bean supper, given by the ladies of St. George's church, in Masonic Hall, Tuesday night, was well attended notwithstanding the snow storm. The supper was nicely gotten up and did credit to the ladies in charge.

Miss D. Leahy, daughter of Mr. Thomas Leahy, Beachurst Village, died Tuesday afternoon, aged 21 years. She had been in poor health for the last two years. Mr. and Mrs. Leahy have the sympathy of the community in their bereavement.

PARTIAL PARALYSIS.

A SEVERE COLD BRINGS A WIFE AND MOTHER LOW.

Partial Paralysis Accompanied by Fainting Fits Follows—Doctors Fail to Bring Relief—Dr. Williams' Pink Pills Restore Health.

Brookholm, a suburb of Owen Sound, is fairly vibrating with interest in the wonderful cures effected in that place by the use of Dr. Williams' Pink Pills. A newspaper man of Toronto, spending some time in the vicinity, was directed to a house on the hill overlooking Owen Sound's beautiful bay, and was told that there he would learn something about a cure effected by Dr. Williams' Pink Pills. The bill was climbed and it is to Mr. J. F. Goodfellow, the genial owner and occupant of that pleasant house, that he is indebted for the following facts:—"My wife owes her good measure of health to day to Dr. Williams' Pink Pills," said Mr. Goodfellow. "On the 12th of July, 1895, Mrs. Goodfellow went on an excursion to Collingwood by boat and came home with a severe cold, which developed into a partial or slight attack of paralysis in the left side and limb. In addition, at times she would be seized with a dizziness which often resulted in sudden and severe falls. The paralysis made her unable to lift any weight with her left hand. She called in medical aid and for some months followed the advice and took the medicines prescribed. But it was only money wasted as she did not get any better. As Mrs. Goodfellow has three children and her husband to care for it was a deep trouble to the family for her to be so afflicted. For eight months these dizzy spells and the paralysis continued. Then some friend asked her to try a box of Dr. Williams' Pink Pills. To please the doctor she consented to purchase a few boxes. When these had been taken she felt decidedly better. The fainting spells came less frequently, her strength returned to her left side and arm and she was delighted with the result. After taking about six boxes, and feeling quite well again, she discontinued the use of the pills for a time, but later felt some of the old symptoms returning. She again procured a supply and recommenced their use, and was overjoyed to find that these valuable little pellets again gave relief. She continued taking them until she felt that she must certainly be over the effects of the trouble when she again ceased to take the pills. That is over a year and a half ago, and only once or twice since has she had any slight symptoms of the old trouble, and then a few boxes of the pills would give full relief. Mrs. Goodfellow is decidedly of the opinion that she owes her present health to Dr. Williams' Pink Pills, and is most enthusiastic in her recommendation of them to her friends and acquaintances."
