

MILLINERY - - - OPENING.

As we announced some time ago, we will open a Millinery Department in connection with our Store. Miss Richards of Fredericton, N. B., is in charge of this Dep't. We will exhibit our New Stock of Spring and Summer Millinery, Novelties and Pattern Hats, on

Thursday, Friday and Saturday,

APRIL 9th, 10th and 11th,

Commencing Thursday at 2 p. m.

HUMMING BIRDS

They have arrived, but are a little different from the smallest of birds that we occasionally see in the summertime. They came in the shape of Dry Goods, secured at some very special prices and can be called HUMMERS in every sense of the word. Note the following ---

GROUP 1.

White Cottons.—322 lbs. of Remnants direct from the mill. They consist of different quantities of white cottons in short lengths from 1 to 5 yards each. Come and pick them over.

24c the lb. or 6c the yard.

GROUP 2.

Prints.—40 pieces of light and dark prints in good qualities. You will really be surprised when you see them. Navy blues, reds, blues, browns and pinks.

5 1/2c the yard.

GROUP 3.

Embroideries.—486 yards of new embroideries, 1 1/2 to 3 inches wide and worth at the regular price not less than 10c the yard, on the counters now at

4 1/2c the yard.

GROUP 4.

Gloves.—5 dozen only Antelope Undressed Kid Gloves, greys and tans. These splendid gloves should be sold at \$1.45 the pair. For the Easter trade only we will sell at

\$1.00 the pair.

GROUP 5.

Stock Collars.—11 dozen by express and placed on the counters today. These surpass in beauty and style any that we have seen before. Every color of the rainbow and right up-to-date.

PRICES 25c to \$1.50 each.

GROUP 6.

Lace Curtains.—House cleaning time is here and we advise our women friends to buy new curtains instead of trying to do the old ones up. Our large importation of Nottingham curtains placed in the front rank as to values and we are showing to-day good curtains from

45c the pair up.

R. N. WYSE,

NEWCASTLE, N. B.

Wholesale and Retail.

NEW SPRING GOODS

Black and Blue Serges and Twills,

\$15.00, \$16.00 and \$17.00,

BEAUTIES.

Fancy Suitings all prices. Fancy Trouserings all prices. Fancy Vests \$5.00 per Vest. Leave your Measure Early.

McMURDO & CO.

After the Engagement

Comes the Wedding Ring

Our rings are right in STYLE, QUALITY, and PRICE.

Should you desire something special we can make it for you at a low price.

LEGISLATURE.

Debate on the Address Finished

FREDERICTON, April 3.—In the absence of the speaker by illness, Mr. Allen took the chair.

On motion of Mr. Hazen, the report of the committee on the Winding Ledges dam resolution passed yesterday was ordered to be transmitted to the premier of Canada and the minister of railways.

Mr. Pugsley introduced a bill limiting the time of action against physicians for malpractice; also a bill to amend the Juror License Act of 1886. He explained that the first section of the last mentioned act was to provide for the removal of commissioners before their term had expired. The second section was to cure a defect in the act relating to the parish of Beresford from which the word wholesale had been omitted.

Mr. Copp introduced a bill to incorporate the C. P. Backus Light and Power Co.

Mr. Hazen gave notice of an address for returns of the transactions of the government with the banks during the year, also of the enquiry in regard to the Restigouche and Western railway, and Mr. Smith gave notice of enquiry in reference to the case of Daniel Bell, a lunatic.

Mr. Pugsley, in reply to Mr. Hazen, as to how many criminal prosecutions he had personally conducted during the past year, said that he was not then prepared to answer the question fully. When the question was handed to him he had taken it to mean how many criminal prosecutions he had given his attention to, but he now saw that the question was limited to the number he had personally conducted. He had given his attention to a great many criminal prosecutions during the year, perhaps from 75 to 100. He would give the figures later. In fact there was scarcely a case to which he had not given his personal attention, although he had not personally conducted a great many in the courts. He would obtain the details from St. John and answer in a few days.

Mr. Osman, resuming the debate on the address, endorsed the government's course. He declared he severed his connection with the conservative party because he was opposed to the Monoton convention.

Mr. Burns praised the government. The government got all the stumps and everything they were entitled to out of the lumber industry. The lumbermen support the government not for favors received, but because they had confidence in its administration of affairs.

Mr. Dunn again took occasion to say that Mr. Morrissey's statement about uncollected stumps was incorrect.

Mr. Hart followed in criticism of the government. He thought the stumpage should be raised to \$1.25.

Mr. Sweeney said the policy of the government with regard to the farmers had produced excellent results, and the outcome of the election showed that the farmers appreciated it. He took issue with what had been said with regard to leaving the care of the fisheries to the Dominion government. The province was entitled to its share of the fishery award and also to the interest upon that sum, and he trusted that the money would be obtained. There was no connection between the payment of the award and the bounties to deep-sea fishermen. He thought it the duty of the Dominion Government to give these bounties irrespective of the Halifax award. The shore fisheries belonged to us, but the right to make regulations is in the Dominion government.

Mr. Tweedie challenged Mr. Morrissey to formulate charges regarding the lumber operators and sealer, and severely attacked that gentleman. He regretted the defeat of his colleagues in Northumberland. However, he had thirty-five good men behind him who have the utmost confidence in him. Mr. Tweedie again went over the questions in dispute with the Dominion government. The fisheries matter had been discussed with the minister of marine and at an early day the matter will be settled. In regard to the question of redistribution of seats, we have already taken the House into our confidence. Our opinion is that we should not lose a member and that also seems to be the opinion of the leader of the opposition at Ottawa, who is to introduce a resolution on the subject. He was opposed to any redistribution that would join Albert into Kings or Restigouche to Gloucester.

The address was put and carried without a division.

Mr. Tweedie introduced a bill to authorize the leasing and development of the water falls at Grand Falls.

The House adjourned at six p. m. until Monday.

FREDERICTON, April 4.—There was quite general exodus last evening and this morning of such members of the legislature as are able to get to their homes to spend a day or two and to return to Fredericton by Monday. No legislative committees met to-day and but few members were about the House.

Of the bills before the House, that intro-

TOWN COUNCIL.

Regular Meeting Held Wednesday Evening.

BOARD OF TRADE

Meet Council and Discuss Bonus for Proposed Industry. Other Business.

The regular monthly meeting of the Newcastle Town Council met in the Town Treasurer's office last Wednesday. In the absence of Mayor Morrison, Mr. Hickson occupied the chair.

Alde. Hennessy, Ritchie, Williston, Stables, Pedoin, Hinney and Fish.

A communication from C. Mitchell, asking for a special permit to connect with water and sewer systems was read and referred to the Public Works committee.

Applications from W. J. McNeil and W. J. White for position as power house were read and laid on the table.

The council of the Board of Trade were then heard and the matter of granting a bonus or loan to proposed industry was discussed at length.

S. W. Miller was also heard in reference to the matter of the Miller Tank.

Council Adjourned.

Mr. Copp to incorporate the C. P. Backus Electric Light and Power Co. will probably provoke some discussion. The charter members of the company are Charles P. Backus, Albert D. Tutman, Frederick A. Kennedy, of Danielson, Conn.; Winthrop B. Field, of Boston, and Allen W. Chapman of Dorchester. The capital stock of the company is \$20,000 and the bill gives authority to increase the capital to \$50,000.

The company proposes to manufacture and sell electricity for lighting, heating and mechanical purposes and to erect poles and wires along the streets in the parishes of Dolchester and Sackville. The bill contains a provision that before entering upon or breaking up any streets the company must first obtain the written consent of the warden and secretary treasurer of the municipality of Westmorland. Power is given to erect poles and wires along the streets and the same side of the street that may now be occupied by other telephones or electric light company. Authority is given the company to borrow from time to time not exceeding \$10,000 by the issue of bonds or debentures and the municipal council of Westmorland is authorized to exempt the company and its property from all taxes except district school taxes for a period of ten years.

Mr. Grimmer has introduced a bill to authorize the councilors for the parish of St. David, Charlotte county to sell the almshouse and farm and public hall situate at Oak Bay, if being represented that the same are unprofitable and going to waste. The proceeds of such sale are to be applied to the support of the poor of the parish.

FREDERICTON, N. B.

In the legislature today the leader of the opposition, called the attorney general's attention to a report in the press regarding the redistribution bill which report makes Sir Wilfrid Laurier to say in reply to Mr. Borden that the government had a delegation from the Maritime Provinces opposed to any decrease of representation of the lines laid down in 1882 and 1892 were correct and that the Premier of New Brunswick, P. E. Island Nova Scotia and Ontario would require to lose in their representation.

The Attorney General said the government were moving as rapidly as possible in the matter and were ready to take the initiative if necessary. A case can be stated for the Supreme Court to be agreed in May long before the redistribution bill becomes law. Mr. Leggie made a motion favoring a change on the election act where by there would be less bribery and more secrecy. It was under discussion when the house adjourned.

FREDERICTON, N. B.

DOMINION PARLIAMENT.

OTTAWA, April 3.—Mr. Monk moved that the speaker issue his warrant for a election in St. James's division, Montreal. Carried. Mr. Borden read from a newspaper the views held by Hon. Mr. Pugsley in opposition to any reduction of the representation of New Brunswick under the late census; also a telegram from Mr. Blair, which said the Dominion government would consent to a reference of the case to the Supreme Court. Mr. Borden asked if the premier had anything to announce on the subject.

Sir Wilfrid Laurier said that in February last the government received a delegation from P. E. Island and New Brunswick, opposed to any decrease of representation. The government told them the lines laid down in 1882 and in 1892 were correct and that the provinces of New Brunswick, Nova Scotia, P. E. Island and Ontario would require to lose in their representation. The delegates asked for a reference to the Supreme Court. We told them that we were quite willing to consent to that, but we could not delay our bill. He had no correspondence with New Brunswick. He had some correspondence with the Island, and it would be brought down. He was ready to bring the matter before the Supreme Court.

Mr. Ralph Smith called attention to the labor troubles in British Columbia. He mentioned particularly the closing of the Wellington mines owned by Premier Dunsmuir, because of a dispute between the mine owners and the miners over the refusal of the owners to recognize the union. He pointed out that the company which owned the mines got 1,900,000 acres of land and minerals from the Dominion parliament about 20 years ago. The land was free from taxation for all time and, in addition to this, \$750,000 was given to the company for 500 miles of railway. He asked for a commission to investigate the matter.

Sir William Mulock said he would consider the question of appointing a commission.

The conservative members of the redistribution committee will be Borden, Haggart and Monk. The liberals are not yet appointed, although they are likely to be Fitzpatrick, Sutherland, Hyman and Davis (Saskatchewan).

Mr. Logan has given notice for correspondence connected with the Chignecto Marine Transport Railway Company.

In answer to Mr. Fowler, Mr. Sutherland stated that during the year ending January 1st, 1903, \$2,176 had been expended on the army at Sussex. Details will be brought down later on, and when that is done Mr. Fowler promised to call the attention of the ministers to the serious conditions in connection with the work.

Mr. Fowler proposed a resolution that \$300 has been proposed for a Nappan experimental farm. No new buildings will be erected.

In considering Ontario estimates, Mr. Bennett called attention to the cost of maintaining Ottawa buildings. Last year bills were paid amounting to \$160,000. Plans for private buildings, used by the department have gone up to \$14,000. The government was criticized for the expenses being paid in repairing these buildings.

Mr. Wilson, on the item for Rideau Hall suggested that Canada should have more fitting quarters for the governor general. The amount spent for repairs during past years would have paid for a creditable building.

Mr. Sutherland expressed his intention of making a reform in bringing down the public works estimates in full instead of in instalments, as heretofore.

Mr. Leonard on Monday will move a resolution favoring further protection for market gardeners.

The House will adjourn from Wednesday, which is, to Tuesday, 11th inst.

Mr. Lennox will ask for particulars of George Robertson's resignation as cattle-guard inspector, whether it was voluntary or otherwise, a list of his papers, and his appointment and retirement will also be made.

Dalhousie-Gaspé Service

Mr. Connolly's New Steamer.

MONTRÉAL, April 2.—Mr. Haggart, Canada, who has just returned from England, announces he has purchased a steamer in England for the Dalhousie-Gaspé service to replace the old Admiral. The steamer, which is not to say now, has been in the Chamell service between England and France, and has had an accommodation for fifty passengers, but this will be enlarged. She is 25 feet in length, with 51 feet 6 inch beam, a capacity of from 900 to 1,000 tons, and a speed of twelve to thirteen knots. She is a fast class ship, being fitted with steam winches, steam cranks, steam steering gear and electric lights. This ship is expected to arrive about April 8th.

Y. M. C. A.

Another large audience assembled in the room of the association on Sunday afternoon. The meeting was for men only and there were about 30 or 35 present. J. Ritchie fell again took charge of the service. After singing a solo "What will you do with Jesus" he proceeded to address the audience, taking as his subject "Pilate's problem and yours," the address was powerful and impressive, and carried conviction.

Next Sunday the service will be at the same hour 7 o'clock.

A POSTAL CHANGE.

OTTAWA, April 4.—On and after today the rate of postage on third class matter, except seeds, cuttings, bulbs, roots, bedding plants, and grafts, shall be one cent for each two ounces, or fraction thereof, and one-fourth class matter the rate shall be one cent for each ounce or fraction thereof.

DIED.

At Newcastle, Friday, April 3rd, William Edmonds, a native of England, aged 70 years.

LOCAL LEGISLATURE.

Against the Winding Ledges Dam.

Only Seven Members Favored the Scheme.

FREDERICTON, March 31.—Mr. Dunn, in reply to Mr. Hazen, this afternoon, said since the publication of the Hickman hand book another book had been prepared giving information in regard to the province and its resources. It was written and compiled by Doctor Hannay and printed at the Gazette printing office. The number of copies published, 15,000, were distributed in England, also from the Immigration office, St. John, and the department here. The cost of publishing was \$7,167 and \$650 was paid Doctor Hannay for preparing it.

Mr. Pugsley, in reply to Mr. Flennings, read a statement of the amount paid by the province on account of small pox in 1902 and 1903. The total in 1902, \$23,663.85; in 1901, \$13,943.37; in 1902, \$18,927.57; in 1903, \$2,208.47; total, \$55,743.26. A large amount is still unadjusted. The bills were paid out of current revenue and the Legislature gave authority to issue debentures for \$60,000 to pay them.

Mr. Labllois, in reply to Mr. Smith, said the toll collected by the directors of the Hartland Bridge Company for the past fiscal year was \$1,860.00.

Mr. Labllois, in reply to Mr. Glasier, said a contract had been awarded for the erection of a permanent substructure across the Oromocto river to T. T. Baird for \$10,940. Notices have been issued, calling for tenders for the superstructure.

Mr. Pugsley, in reply to Mr. Hazen, made a statement in regard to the negotiations with reference to representation of this province in the House of Commons, disclosing no new facts.

Mr. Morrissey, continued the debate on the address. He criticized the government in reference to wheat raising, importation of stock, and the fishery award would provide money for "some of the rotten bridges in Northumberland" and said the lumber regulations as to 25 year leases were not being complied with. Mr. Morrissey mentioned incidents which occurred three or four years ago of 3,000,000 of lumber being cut while stumpage was paid on only 300,000. In a recent federal election in Northumberland a liberal conservative candidate had the support of the liberal party leader in New Brunswick. He also had the support of the provincial government and he received more rebate on stumpage than any other man in the province. If a committee of this House be appointed he (Morrissey) was prepared to prove these facts. As a representative of the Irish Catholics he thanked the government for recognizing their rights by taking Mr. Sweeney into the cabinet, and hoped it would not be long before he was promoted to a higher position.

Mr. Dunn, asked Mr. Morrissey to name one man who had paid only 30 cents stumpage.

Mr. Morrissey—Appoint a committee of the house, and I will move my charges.

Mr. Dunn—I would ask the Hon. member to name one sealer who does not make proper returns. Mr. Dunn said it is easy to make a bold assertion that the crown land was receiving 30 cents instead of \$1 stumpage, but no importance can be attached to any such assertion, when a member, on being questioned, refused to furnish names. Referring to the granting of crown lands for settlement, Mr. Dunn said an applicant was never refused lands suitable for farming. The member for Northumberland had nothing left to stand on his remarks were most unfair.

McGrimmer criticized the government for the management of its agricultural work. He also expressed surprise that the speech from the throne did not contain any reference to the mining development of the province. In Charlotte county five square miles were held by one man in St. Stephen since 1893 and he had simply paid the annual amount required to hold these leases.

Mr. Pugsley and Mr. Grimmer indulged in a discussion over this matter, and then the Hon. Mr. Hill took the floor against Mr. Grimmer, after which the Legislature adjourned.

FREDERICTON, April 1.—Mr. Pugsley, in reply to Mr. Smith, stated that the amount paid George Robertson, M. P. P., for his services in connection with the royal visit was \$1,500.

Mr. Tweedie introduced a bill to legalize certain marriages. He explained that a minister in Charlotte county, the Rev. Mr. Coburn, had performed the marriage ceremony in certain cases without being registered, in ignorance of the laws. The only way to remedy this was to legalize the marriages.

Mr. Hazen asked if the Attorney General had any other statement to make in regard to the representation of New Brunswick under the redistribution bill. He noticed by the papers that this bill was introduced yesterday and under it New Brunswick was only to have 13 members. He quoted from the speech of Sir Wilfrid Laurier in introducing the bill, in which he said that protests had been made by certain provinces against losing any part of their representation, but that the point had been debated and determined by such able jurists as Sir John A. MacDonal, Hon. Edward Blake and Sir John Thompson, and that there was no doubt in regard to the law. He (Hazen) desired to call the attention of the Attorney General to this statement for if a case was to be submitted to the Supreme Court it should be done at once.

Mr. Pugsley said his attention had been called to the report of Sir Wilfrid Laurier's speech, but he had not been led by reason of these remarks to retract anything he had said in regard to this matter, or to have any doubts as to the strength of the position the government had taken. The statement in the speech from the throne in regard to the reference of the question to the Supreme Court was based on the following telegram from the Minister of Railways to the Premier:

OTTAWA, Ont., March 23, 1903: Hon. L. J. Tweedie, Chatham, N. B.

You are warranted in stating that while the Dominion government has not agreed in opinion with views expressed on behalf of the provincial government on the subject we talked, it is prepared to co-operate with you in securing an early decision on the question from the Supreme Court. You may state this fact in any way you prefer. (Sgd.)

A. G. BLAIR.

Having received this despatch, the government was resting easy, confident that the promise made in it will be carried out. He was not at all concerned because the author-

Miss Alice M. Smith, of So. Minneapolis, Minn., tells how woman's monthly suffering is permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel the making an exception in this case. For two years every month I would have two days of severe pain and could find no relief, but one day while visiting a friend I ran across Lydia E. Pinkham's Vegetable Compound, and she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain, and only had to use a few bottles to bring about this wonderful change."

Many women suffer silently and see their best gifts fade away. Lydia E. Pinkham's Vegetable Compound makes the entire female organism healthy. FREE ADVICE TO WOMEN. Mrs. Pinkham will give every ailing woman expert advice entirely free. She has helped thousands. Address Lynn, Mass.

ADVERTISING MANITOBA IN ENGLAND.

Manitoba is being well advertised in the old country these days. Special correspondents are writing articles to the leading newspapers, and large quantities of pamphlets describing the agricultural possibilities of the country are being distributed by the transportation companies. The best advertisement that Manitoba has ever had, however, was the selection of Ogilvie's flour for use in the household of His Royal Highness the Prince of Wales.

At Ottawa took a different view of this question from that of the provincial government. It had been their experience to have such differences with the Ottawa people, who, after confederation, took a very low view of the rights of the provinces.

Mr. Hill continued his debate on the address. He took issue with Mr. Grimmer, that \$8,000 paid to agricultural societies was the most important item for the farmers. In his opinion no money expended in the department of agriculture proved so little benefit. The amount of \$4,000 paid out in salaries, which his colleagues had objected to on the ground that it helped nobody, was the most valuable part of the grant because its results were educational. The member for Northumberland informed the House that he was in favor of running the elections on party lines, but his faith and works do not go together. He ran as a liberal on a ticket with a conservative and he is now in harness under a conservative leader. He had also brought in the religious question, which he regretted. Mr. Hill dealt with Mr. Hazen's views on the fishery award and with the subsidy matter, differing from him. The Attorney General had referred to his (Hill's) withdrawal from the government. He was absolutely correct in all he had said. He was

Nervous Headaches

Mrs. Bailey, 632 Queen's Ave., London, Ont., whose husband is with the Globe Casket Co., states:—"My nervous system was in an exhausted condition. I could not sleep well and suffered a great deal from headaches. Experience has proven to me the remarkable value of Dr. Chase's Nerve Food. I have found it a splendid tonic and can now say that I am free from headaches. I rest and sleep better than I have for a long time and feel real well in every way."

Nervous headaches can only be permanently cured by enriching the blood and setting the nervous system in perfect order. Dr. Chase's Nerve Food is not a relief for headache but a thorough and lasting cure. It creates new, rich blood and nerve force and makes the weak and sickly strong, well and vigorous. It is nature's greatest restorative. 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Dr. Chase's Nerve Food

fully in accord with the acts of the government up to the time of his withdrawal, and nothing had occurred since then to shake his confidence in the administration.

Mr. Loggie took issue with the Attorney General in regard to the fishery award. The latter did not state on what basis he claimed \$2,000,000 of it for the province. He also claimed interest at 4 per cent, making up another million. This claim was a most unfair one, for the Dominion government had paid over about \$155,000 a year ever since to the fishermen in the payment of bounties for the encouragement of the fisheries. He was not in favor of the government undertaking to administer this money. He agreed with the leader of the opposition that if we get \$130,000 more from the Dominion government it would be coming out of our own pockets. He desired also to refute the slander of a portion of the press in regard to the ballot boxes being stuffed in the parishes of Alnwick and Hardwicke.

Mr. King moved the adjournment of the debate.

Mr. Osman presented the report to the committee of the Winding Ledges dam. It is to the effect that this project should be opposed as injurious to the general interests of the provinces.

Mr. Burgess opposed the acceptance of the report. He claimed that the dam would not be an obstruction.

Mr. Tweedie favored the report and approved of the action of the government with regard to it.

Mr. Claire said that this was a business question and that it was the desire of the people of Madawaska to have mills erected at which lumber could be manufactured.

The vote was then taken on the report which was agreed to on a division as follows:

Yeas—Pugsley, Dunn, Labllois, Farris, Sweeney, Hill, Whitehead, Scovil, Osman, Jones, Carpenter, McLatchey, Burden, Gogain, Barnes, King, Ryan, Tweedale, Purdy, Robertson, Hazen, Smith, Grimmer, Burns, Lantain, Clarke, Morrissey, Glasier, Loggie, Hartt and Morrison—31.

Nays—Young, Johnson, Poirier, Burgess, Legere, Claire, Gagnon—7.

Mr. Hazen's resolution to petition the Dominion parliament against the scheme was then carried by the same vote.

Mr. Pugsley introduced a bill to revise and consolidate the general public status of New Brunswick. The bill was read a second time and referred to a committee of nine, Messrs. Pugsley, Tweedie, Allen, Hazen, Clarke, Copp, McLatchey, Purdy and Burns.

Mr. Pugsley, on a question of privilege, read a paragraph from the Globe in which it was said:—"The government of New Brunswick, if not actually resisting, has been delaying action proposed to be taken against this legislation by the Legislature." Instead of delaying the Winding Ledges dam matter the government had hastened it in every possible way. It was grossly unfair for the Globe to make statements of this character.

Mr. Hazen gave notice of inquiry in regard to the St. John hospital commission.

Mr. Loggie gave notice of motion with regard to the method of voting by ballot.

A FAMILIAR NAME
In the homes of Canada and the United States there are few names more familiar and more reverently spoken than that of Dr. A. W. Chase, the great physician and receipt book author. He is blessed for the suffering he has relieved and the diseases he has cured; his remedies are used and endorsed by the best people in the land; they are popular because they cure when others fail.

Sunday School Teacher—And it took Noah 160 years to build the ark.
Street Arab—What was the matter? Was there a strike?

If you know anyone with a chronic cough advise him or her to use Park's Perfect Emulsion.

What have you in the way of beefsteak today? asked the cheerful customer who didn't paid his bill.

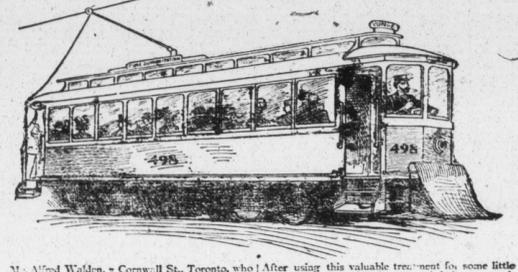

Well, replied the frank butcher, I reckon about the only thing in the way is its price.

Lifobony Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

THRILLING EXPERIENCE

Of Motorman Waldon, in the employ of TORONTO STREET RAILWAY COMPANY.

DID NOT WANT TO GIVE UP WORK BUT WAS FORCED TO DO SO—TELLS HOW FOR EIGHTEEN MONTHS HE HOVERED BETWEEN LIFE AND DEATH, TREATED BY THE BEST PHYSICIANS IN TORONTO AND HIS CASE PRONOUNCED SO SERIOUS THAT HE WAS ADVISED, AS A LAST RESORT, TO USE THE DR. SLOCUM TREATMENT—IS NOW IN GOOD HEALTH AND BLESSED WITH THE DAY HE HEARD OF THIS MARVELLOUS REMEDY.

Mr. Alfred Waldon, 7 Cornwell St., Toronto, who has been in the employ of the Street Railway Company for a number of years as motorman, informs us that he had an attack of typhoid fever, followed by typhoid pneumonia, and after many weeks of suffering he was in a condition of throat and lung troubles. During this illness he was under the care of one of the best physicians in this city who pronounced it a very serious case and advised him to stop work, which he was finally compelled to do. Mr. Waldon heard about the Dr. Slocum Remedy and commenced their use and after using them but a few weeks he noticed a great improvement.

A New Discovery that Cures Consumption.

The Dr. Slocum System Presents a Positive Cure for Humanity's Greatest Foe. Four Marvellous Free Remedies for all sufferers reading this paper. New Cure for Tuberculosis, Consumption, Weak Lungs, Catarrh, and a Rundown System.

Do you cough? Do your lungs pain you? Is your throat sore and inflamed? Do you spit up phlegm? Does your head ache?

Is your appetite bad? Are your lungs delicate? Are you losing flesh? Are you pale and thin? Do you lack stamina?

These symptoms are proof that you have in your body the seeds of the most dangerous malady that has ever devastated the earth—consumption.

You are invited to test what this system will do for you, if you are sick, by writing for a

FREE TRIAL TREATMENT

and the Four Free Remedies will be forwarded you at once, with complete directions for use.

The Slocum System is a positive cure for Consumption, that most insidious disease, and for all Lung Troubles and Disorders, complicated by Loss of Flesh, Coughs, Catarrh, Asthma, Bronchitis and Heart Troubles.

Simply write to the T. A. Slocum Chemical Company, Limited, 179 King Street West, Toronto, giving post office and express address, and the free medicine (the Slocum Cure) will be promptly sent.

Persons in Canada seeing Slocum's free offer in American papers will please send for samples to Toronto. Mention this paper.

A Giant Entertainer.

There is no instrument on earth can bring into a home the entertainment and enjoyment the Berliner Gram-o-phone does, because it is not only one instrument—but every one. It reproduces every sound with wonderful fidelity to the original.

The Berliner Gram-o-phone

is made in Canada and guaranteed for five years. That means you don't pay any duty on it and we'll see that it gives you satisfaction for five years anyway.

Prices \$15 to \$45. Can be bought on the instalment plan, \$1.00 cash and \$2.00 per month for 8 months. Write for catalogue.

E. BERLINER,

2315 St. Catherine Street, - MONTREAL.

EMANUEL BLOUT, General Manager for Canada.

On hand and to arrive

500 tons, best screened house and steam coal; viz:
Acadia and Drummond egg, Pictou, Mine Sydney and Reserve, Cape Breton, Albion Mines, (Blacksmith) and

ANNOUNCEMENT.
 In the future the publishers of the Advocate will render all advertising accounts monthly.
The Union Advocate,
 ESTABLISHED 1867.
 NEWCASTLE, APRIL 8, 1903.

CIVIC ELECTIONS.
 The civic elections are to take place on Tuesday, April 21st. Nominations to close at 6 o'clock of Friday, April 17th. At the present writing it looks as if the Board which is now in power will be returned by acclamation. This is not due to any lack of interest in civic affairs but to the very general feeling that the gentlemen who now hold power and who have successfully installed our public works, and thoroughly understand them, will be the most competent to put them on a paying running basis and wind up the whole business to the best interests of the town generally.

The Advocate is heartily in accord with this view and we have not a doubt but that the gentlemen who now have control of the civic business are the only ones who it would be wise to trust with the business which will come before the council during the coming year. Every member has taken great interest in the works installed and know just the proper course to pursue.

BOARD OF TRADE.
 That the Board of Trade is a factor in a town's welfare has been demonstrated by the success of that body in its negotiations for the establishment of an industry for Newcastle. But it is a matter of regret that more of its business men do not associate themselves with this body and enter into the work with spirit. The Newcastle Board of Trade has at present about forty members, but still there are many times that number of gentlemen in our midst eligible to become members and affiliated with it and this is a good pity. Especially at this time does the Board need the assistance and strength of all to aid in carrying its work to a successful issue.

A NEW INDUSTRY.
 Negotiations for the establishment of an industry in the town of Newcastle have arrived at a point where it is morally certain that such an industry will be established and unless something unexpected happens we hope by next week to give the public full details. The public will also be called upon to subscribe a large amount of stock and it is expected that the people of this town and throughout the county will respond cheerfully and to the best of their means. Of course such an industry as the one proposed cannot be launched successfully unless it has the support of the people behind it.

EDITORIAL NOTES.
 Two hundred and fifty settlers with 35 carloads of effects entered Canada at Port of, Assa, on Wednesday. According to Mr. Edwards, the new United States consul in Montreal who comes from the same section as these immigrants, the greater portion of them are former Canadians.—Ex.
 "I believe in the Monroe Doctrine with all my heart and soul," said President Roosevelt in Chicago last week. "I am convinced that the immense majority of our fellow-countrymen so believe in it, but I would infinitely prefer to see us abandon it than to see us put it forward and bluster about it, and yet fail to build up the efficient fighting strength which, in the last resort, can alone make it

Weak?
 "I suffered terribly and was extremely weak for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon feeling all right again."
 Mrs. J. W. Fiala, Bridgton, Ct.
 No matter how long you have been ill, nor how poorly you may be today, Ayer's Sarsaparilla is the best medicine you can take for purifying and enriching the blood.
 Don't doubt it, put your whole trust in it, throw away everything else.
 \$1.00 a bottle. All druggists.
 Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows about this kind of ailment, and will tell you that it is the best medicine you can take. Follow his advice and you will be well again.
 J. C. AYER & CO., Lowell, Mass.

respectful by any strong foreign power whose interests it may ever happen to be to violate it."

CALLED A MINISTER
 At a Large Congregational Meeting of St. James.
 A largely attended meeting of St. James' congregation was held in the church last Friday evening, Rev. L. Henderson, presiding. After discussion, a call was tendered to Rev. H. Arnott of Scotland, which was carried almost unanimously. We understand that an effort was made to make it unanimous but two or three persisted in acting against the popular choice of the majority. Mr. Arnott passed his last year of study in the Presbyterian College, Montreal, and has just received a cheque for \$60, a Hugh Mackay scholarship won by him at the final examinations. He took his arts course in St. Andrew's University.

ISAAC ALLAN JACK DEAD.
 St. John, April 5.—Allan Jack, B. A., B. C. L., D. C. L., K. C., one of the City's most prominent legal men died this morning at his residence, Craigleah, after an illness which had kept him confined to his house for several years. Mr. Jack was born in this city sixty years ago and was of Loyalist descent. He never married. He studied at the Collegiate School at Fredericton and after matriculating at Kings College, Windsor, where in 1863 he received the degree of B. A. and in 1887, B. C. L., and in 1884, D. C. L., he was admitted an attorney in St. John in 1896, and was appointed Recorder of the City in 1885 and again in 1899. He was created Q. C. in 1891.
 Mr. Jack belonged to St. Andrew's Society, Windsor, N. S., member of the Associated Alumni, Kings College, Windsor, and member of the Faculty of the Law School of St. John conducted in connection with Kings College. He was a member of the church of England. In politics he was a Liberal. Mr. Jack was a writer of ability and has contributed much to magazines and journals and learned societies.

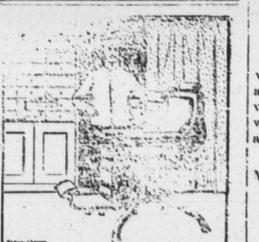

Sick Blood
 Feed pale girls on Scott's Emulsion.
 We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.
 The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.
 Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.
 Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.
 It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer.
 See some of the pictures in the wrapper of every bottle of Emulsion you buy.
SCOTT & BOWNE,
 Chemists,
 Toronto, Ontario.

FOLLANSBEE & Co
 Next door to H. Williston & Co.

NOTICE OF BILL.
 Notice is hereby given that application will be made at the present session of the General Assembly of this province, for an Act to provide for the issue of Debentures, by the Town of Newcastle, to the amount of Twenty Thousand Dollars, for the purpose of assisting by means of a loan some industrial company to be established in the said town.
 Dated this 7th day of April A. D. 1903.
 R. T. D. AITKEN,
 Town Clerk.

WE STAND PREPARED
 To do such dental work as may be necessary to make the teeth perfect in appearance and use and free from pain.
 We have perfected a system of CROWN AND BRIDGE WORK which has many points of superiority over that usually employed by dentists, yet it is considerably cheaper.
 This is used where several teeth are gone and some are left. When teeth on plates must be worn we can furnish absolutely perfect ones.

CARD.
 I beg to inform the public that I have severed by connection with the Lounsbury Co., and have gone into the farm machinery business for myself as a member of The Miramichi Farm Implement Co. I thank my numerous patrons for the trade they gave me in the past and which I have much appreciated. If my customers found me reliable in the past, I trust they will still continue to patronize me and will think well before buying from comparative strangers.
 In our Warehouse on Public Wharf, Newcastle, we have a full line of Frost & Wood farm machinery—second to none. For a full list of what we have now in stock or arriving, I would refer you to our ad. on page five of this issue. These goods will be sold at right prices and easy terms.
 Soliciting your continued patronage, I am yours respectfully,
SAMUEL MATHESON.

LOST.
 On Wednesday evening March 18th, in front of the Baptist Church, a pair of gold rimmed glasses in flat case. Finder kindly bring them to the Baptist Parsonage and will be rewarded.

SPRING PAPERING.
 We have just opened up the largest stock of
 Wall Paper,
 Borders etc.
 ever handled by us. These consist of various patterns and colors in all grades. A choice line of American Papers to arrive this week.
 We also have a full stock of roller blinds, Curtains, Curtain poles, Trimmings etc.
D. MORRISON
 NEWCASTLE.

VIM TEA IS A GREAT TEA

Great in VALUE, Great in STRENGTH Great in FLAVOR. Better try VIM TEA

The Country. An Epitome of Events Gathered by ADVOCATE Reporters

BATHURST.

After as pleasant a month of March as anyone could expect, and when we had begun to hope that winter had left us, the old beggar came back again on Friday and Saturday and the ground is again covered with soft snow, which will doubtless turn to flesh under the April sun. It is to be hoped it is this winter's last kick at us and that when this snow goes it will take what is left over from the considerable supply we had with it thus opening up our rivers and harbours and bringing along spring in earnest.

The ice in the Bay Chaleur is nearly all gone about the opening of the harbours but the harbour ice yet remains pretty solid up near the town and bridges. If we remember rightly the harbour was clear of ice on the sixteenth or seventeenth of April last year, possibly it may go as early this year yet.

The lumbermen all over the country are about ready for stream driving, waiting for the opening of the river. Under the present conditions of things with the improvements in the shape of clearing out of smaller streams and damming them, all of which have cost years of earnest labor and unknown expense, there is not now the same anxiety about our drives that prevailed in Gloucester particularly fifteen or twenty years ago. We can remember the anxious wait until the river ice gave the lumbermen an opportunity to stretch their landings and where the logs were piled along the head of a small stream, perhaps one of the branches of the larger river which was running free of ice and losing its head of water every day, while the logs were held like a vice in the narrow brook shut by hills which kept the ice solid until those interested thought it would never start, it was more than an anxious time. Now a good shot or two from the dam at the head of the brook breaks the ice and sends it crashing down to the main river and the stream drivers are able to take advantage of every rise of water to get their logs into safe water.

Speaking of dams we would advise anyone interested in such work to read the article in the February issue of Frank Leslie's Monthly by C. E. Parson, describing the great dam on the Hudson River near Glen Falls, N. Y. which is being built to supply electric power. The dam will probably be finished by June next and will be 1400 feet long, exclusive of the 400 foot wall of the canal built to conduct the water to the turbine wheels. The greatest height will be about 154 feet with a width along the top of seventeen feet. When it is explained that 150,000 barrels of cement were used in making the concrete in which the huge blocks of granite were laid, and that 400,000 tons of this granite were built into the wall, that 30,000 trees were cut for the woodwork, and 15,000 men labored for three years to complete this narrow barrier stretching across the river (Hudson) the ordinary individual may get a slight idea of the magnitude of this great work.

We trust that a work of a smaller character only of course on a smaller scale will be begun on our own Nepisquit before the time next year but we understand the bargain has not been exactly closed yet.

Business generally in Bathurst and Bathurst Village has been fairly good during the past week probably considering the fact that 30,000 trees were cut for the woodwork, and 15,000 men labored for three years to complete this narrow barrier stretching across the river (Hudson) the ordinary individual may get a slight idea of the magnitude of this great work.

We hear of considerable rivalry among the agents in Gloucester of the large agricultural factories in Ontario.

Messrs. Lonsbury & Co. represented here by Mr. Samuel Straley, is building a large new warehouse on King street and reports say this enterprise concerns has on the way from Ontario several car loads of farm machinery, buggies, farm waggon, &c., and are preparing for a big season of trade.

Mr. A. J. W. McKenzie who represents the McCreary Lumber Company also informs us that he has a large supply of his goods on the way and there is a rumor that this enterprising concern will also build a large warehouse in Bathurst. It is also said that Mr. John McCreary who already has a large business in this county in the main part of this county intends opening a branch in Bathurst. Then Mr. Joseph J. Roy who has the agency of the same Ontario firm is putting up a building nearly 100 feet long for his business.

It is a mystery to anyone who gives the matter any thought where all the machinery of this kind, which is continually coming into the county, goes, but it certainly shows that Gloucester is fast becoming one of the finest farming counties in the Province and when one thinks of the great extent of new land which is being broken up each year by the young men who have moved into the splendid new settlements in the country it is not such a mystery after all. There is not the slightest doubt that in natural facilities Gloucester is the richest county in the Province, with a coastline of nearly 200 miles along waters which literally teem with fish and a soil which has been fully pronounced by experts second to none in the Province and with forests rich in spruce, pine, cedar, hemlock and hardwoods, it is certain that if our people care to exert themselves riches should be theirs. Compare this county with the County, which is denuded of its trees and has no coast line, yet where the people, having nothing but agriculture to fall back on are comfortable and well to do and think of the possibilities of Gloucester. Why a farmer in Grand Anse told the writer that last summer he went out three evenings and caught enough fish to do his family all winter and this is nothing unusual.

Mr. George Gilbert, who has been confined to his home for nearly a week with a severe cold is able to be out again.

Mr. James F. Byrne spent several days in the eastern part of the county on his business last week, returning on Saturday evening.

The many friends of Mrs. S. Carman are sorry to learn that she was severely injured a few days ago by being knocked down by a team. One of the horses having struck her. We are glad to hear that she is recovering.

Mr. and Mrs. D. T. Johnston are absent on a visit to Boston, they will probably be away for a couple of weeks.

Wm. Ryan, brother of the Hon. P. G. Ryan late chief commissioner was buried here on Friday. Mr. Ryan who leaves a wife and family, has been ill for a considerable time with consumption.

Miss Bessie Bishop is visiting friends in Chatham.

Miss Annie DesBrisay is visiting friends in St. John, and Master Rudolf DesBrisay is home from the Roxbury School for his Easter holidays.

We are glad to be able to report that Mr. Stewart Ellis of Bathurst, who has been very ill with pneumonia in Amherst is steadily recovering. His sister Eda who is nursing him in Amherst, has not yet returned home.

Miss Helen Meahan has moved into the large addition which she recently built to her store and the improvement is very noticeable.

We notice an addition to the largest lot of clerks in Messrs. W. J. Kent & Co's. Mr. Johnston of Miramichi we learn is the gentleman's name.

The building on Water Street occupied by the late Charles Meahan as a dwelling house and store is being completely rebuilt inside and made ready for a tenant.

We hear of a number of June weddings and shall report them later.

BLACKVILLE.

April 5—Not having seen any notes from this stirring place I thought I would write you a few.

Nearly all our young men have returned home from the woods.

Two tramps were seen in this vicinity on Sunday.

Messrs. Robert and James Urquhart returned home from Quebec and their many friends are pleased to see them.

James Manderville of Upper Derby paid a visit to his uncles on Monday.

Rev. Mr. Maxwell preached in the Baptist Church on Sunday afternoon and the service was largely attended but we are sorry to say we are not to have the pleasure of hearing him again until April 19.

We are sorry to hear of the illness of Mrs. Charles Arbo, but we hope through the skilful treatment of Dr. Wilson she will soon recover.

We are sorry to lose our natural bridge as some of our residents of the south side cannot keep their eyes on their own shore.

Mr. C. Rigon was the guest of J. T. Coughlan last week.

Our popular teacher Miss McDonald has much difficulty in getting to her school.

Miss Susie War on has again returned to Derby.

Miss Sadie Urquhart has come home from work owing to ill health.

We are glad to learn Miss Jamie Warren is recovering.

JANEVILLE.

Janeville, N. B. April 3rd 1903.—The weather still continues fine and the roads are good.

W. H. O'Brien is fitting up his mill at Janeville siding. He expects to be sawing in a few weeks.

Mr. T. Barnes has returned after paying a visit to his home and friends in Douglastown.

Mr. H. A. Cate and son Clyde paid Bathurst a visit on Wednesday.

Newton Jennings is home again attending school in Bathurst during the past winter.

Mr. W. J. Scott and Miss Bell E. spent last Tuesday evening in Clifton.

A great number of men from the woods at Ottawa and Three Rivers are passing through here every day bound for the lower end of the county. They always make quite a noise when going along.

We hear that the Salmon Beach Railway depot is to be rebuilt immediately on an enlarged scale. It would need to be larger as the other one is hardly big enough to accommodate the traffic of the place.

Mr. Albert Smith paid Bathurst a visit on Saturday last.

A Bad Breath

A bad breath means a bad stomach, a bad digestion, a bad liver. Ayer's Pills are liver pills. They cure constipation, biliousness, dyspepsia, sick headache.

27c. All druggists.

Want your hair to be a beautiful brown or black? Then use BUCKINGHAM'S DYE for the Whiskers.

The train ran off the track on Thursday morning and was delayed several hours.

Mr. Walter Daull spent part of last week in Bathurst.

We are pleased to see Miss Emma Smith around among her friends once more.

A. E. Chapman spent the past week at his home in Amherst.

We are glad to see Mr. Lorne Ellis home again after spending the winter in Portland, Me.

Mr. Albert Smith is busily engaged in selling pot strainers for which he is an enterprising agent.

Mr. J. Cornier is home again from the woods and it is rumored that we will soon have wedding bells.

Preparations are being made for the summer fishing which will not be long until it is commenced.

A. J. W. McKenzie and W. P. S. visited Bathurst several days last week.

The ice has all disappeared now.

TRACADIE.

Tracadie, March 30.—The tolling of the convent and church bells, Monday last, informed the village that Bishop Rogers had passed away from this world.

The narrative of his life and death, which appeared in last week's issue of the Chatham World, was greatly appreciated here by its numerous subscribers.

Rev. Alfred Trudell was at the convent last Sunday.

Miss Emma Rivers, of Pokemouche was here last Saturday, visiting her sister, Miss Maggie.

Mrs. John A. Ferguson left here last Friday in the train for Bathurst.

Mr. Wm. J. Robicheau, of this place has been employed with the Lonsbury Company for the spring and summer business.

Rumors are in circulation, stating that smallpox is in this place, but no houses are quarantined at the present time.

INDIANTOWN.

A party of young folk gathered at Mr. John Gerrish's Monday evening, dancing and other amusements were indulged in.

Mrs. Gerrish was presented with a handsome rocking chair. All pronounced they had a jolly good time and returned to her home in the wee small hours.

Miss Janet Foy returned home from Renous.

Mr. Thomas McLaughlin spent Sunday at the "Oaks".

The ice is melting out of the River slowly but driving will come and so will go it waves.

Remember A written guarantee goes with every Frost & Wood Implement sold.

We have a large stock of Frost & Wood Plows, Spring tooth, Spike tooth and Disc Harrows, Cultivators, One Horse Sealers, etc.—all guaranteed to do their work in the best possible manner or we will take them back and refund you your money.

Also in stock now two of the best Cream Separators made. Call and examine them.

UNION BLEND TEA.

HARRY W. deFOREST, St. John, N. B.

DOMINION PARLIAMENT.

OTTAWA, March 31—The redistribution bill was introduced in the house today by Sir Wilfrid Laurier, who explained it.

The bill provides for a House of 214 members after the next general election. Of these, 65 would be from Quebec, 86 from Ontario, 18 from Nova Scotia, 13 from New Brunswick, 10 from Manitoba, 7 from British Columbia, 4 from Prince Edward Island, 10 from the Northwest Territories and one from the Yukon. A committee will be selected from both parties and will consist of four liberals and three conservatives, chosen by the respective parties.

Hon Mr. Borden spoke in reply. Mr. Logan introduced a bill to incorporate the Grand Trunk Pacific Railway Co.

Mr. Monk gave notice that on Friday he will move for the issue of a writ for the election in St. James division, Montreal.

Mr. Costigan moved his home rule resolution. He asked that Canada's support be given to secure for Ireland a fair share of the freedom and self-government enjoyed by Canadians. He did not consider that the action of the British government in making an effort to solve the land question should stay the hand of Canadians from assisting towards the solution of a long vexed question. It was a problem which interested all sections of the empire, and it would be well to strengthen the hands of the home authorities in according Ireland more generous treatment in the matter of autonomy.

Mr. Hackett recorded the motion and strongly supported home rule. Messrs. Charlton, Robinson and Sprout opposed the motion, which was supported by Mr. Marcell.

Mr. Borden, leader of the opposition, thought a happier time might have been selected for the introduction of the resolution. He did not know that any good had resulted from such resolutions in the past. He asked how far the government was prepared to give substantial aid to home rule.

After Messrs. Porter, Bourassa, Belcourt, Wright, Murray, Hughes Kemp and Ross (Victoria) had spoken, Sir Wilfrid Laurier addressed the house. He intended to give the motion his hearty assent. Times had changed since Canada had been recommended to attend to her own affairs, and today he did not deem it impertinent for Canada to express herself on questions of interest to the state. No rebuff had been offered when Canada expressed her sympathy with the minority in the Transvaal. He felt that under home rule Ireland would prosper and become a credit to the Empire.

On division the motion was carried by a vote of 102 to 41, and the house adjourned. Supplementary estimates for the year 1903 amounting to \$300,000 were brought down to-day. The items were: Immigration, \$100,000; Yukon Mounted Police, \$150,000; Alaskan boundary commission, \$50,000.

HOUSE OF COMMONS. Ottawa, April 1—Mr. Guthrie introduced a bill to amend the railway act so as to fix responsibility on railway companies in case of accidents to employees.

He urged that every provision should be made to conserve the rights of railway men. A clause in the bill provides that it shall apply to government railways.

Sir Wilfrid Laurier stated that the government did not consider the time opportune for the introduction of an insolvency act. Mr. Bickerdike moved a resolution for prohibiting the importation, manufacture and sale of cigarettes. He referred to certificates from leading Canadian physicians to show that many evil results followed the use of cigarettes. Boys were cursed by the habit, and something should be done to put an end to the practice of cigarette smoking. In 42 states of the American union anti-cigarette laws were passed. In one year—1898 to 1899—this had resulted in the reduction of the sale of cigarettes by one billion. No business man wanted a cigarette fiend in his employ, and it was in the interest of the boys that they should be protected. After some discussion the motion was carried—103 to 48.

Mr. Fielding in answer to Mr. Ingram, said that the inspection of the Canadian Chartered banks was a voluntary inspection by the Bankers' Association. The government had nothing to do with it. To Mr. Scott (Regina) Sir Frederick Borden said that the government did not intend to make a grant of land scrip to Manitoba and Northwest volunteers who served under arms in South Africa.

Mr. Puttee (Winnipeg) drew the government's attention to the class of railway cars provided for the new citizens of Canada who are beginning to flock in from the old land, and the necessity for doing something to see that the thousands who come in the spring get better accommodation than the first three or four train loads of people who passed through here on Monday. Mr. Puttee said he had spent a good deal of time among them and found the transportation accommodation was simply scandalous. The coaches were merely short trip day coaches uncomfortable and ill-adapted for passing a night in.

Sir William Mulock said the government would bring pressure to bear in order that the accommodation shall be creditable and suitable to the services required. Mr. Monk asked if Mr. Prefontaine's announcement in regard to the appointment of a transportation commission the revision of the tariff by a ministerial commission during the recess and the construction of the Grand Trunk Pacific, was authorized.

Mr. Fielding declined to accept with authority any statement in regard to the governments policy unless it appeared in the Canada Gazette. Mr. Borden wanted to know if the Minister of Marine and Fisheries made those statements and demanded to know why such important announcements were made outside of the house when parliament was in session.

Mr. Prefontaine admitted that he furnished the information, but claimed that he had only stated it as an off-handed way, and in that vein he had mentioned certain names. He claim that all he said in regard to tariff revision was that justice would be done to manufacturers, but he might have said that it was intended to have it looked into by some ministers. He admitted saying there would be assistance given to the trans-continental project, but that was well known throughout the country.

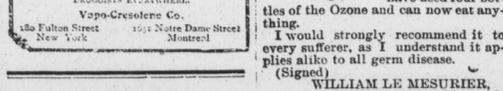

Mr. Borden pressed for an answer from government to allowing parliament to remain in the dark when announcements of matters of policy were being made outside the house. He asked if the government was ready to announce the policy as stated by Mr. Prefontaine. Mr. Fielding refused to say anything. Mr. Fielding called attention to Sir Wm. Mulock's statements concerning Mr. Prefontaine's announcement in regard to transportation. Mr. Pope reverted to the matter of the announcements by Mr. Mulock and Mr. Prefontaine, and asked for their expulsion from the cabinet on constitutional grounds. Adjourned.

Dyspepsia For Ten Years

Constantly Hungry, William Le Mesurier, of Montreal, Dare Not Eat, and Existence Became Truly Miserable.

Then He Heard of Powley's Liquefied Ozone—The Disease Germs Were Soon Destroyed and After Taking Four Bottles He Was Completely Cured.

Gentlemen,—I have been a great sufferer from dyspepsia for ten years. Sharp cutting pains and constant hunger made my existence truly miserable, while flatulency augmented the trouble. Despite all efforts to overcome this distressing condition it continued until August last, when I heard of Powley's Liquefied Ozone. I have used four bottles of the Ozone and can now eat anything. I would strongly recommend it to every sufferer, as I understand it applies alike to all germ diseases. (Signed) WILLIAM LE MESURIER, 126 Metcalfe St., Montreal.

W. M. LE MESURIER.

It Does Not Matter How Chronic Your Case of Dyspepsia May Have Become Ozone Will Certainly Cure You.

The action of Powley's Liquefied Ozone in cases of Dyspepsia is peculiar. With some there is almost immediate relief and the patient commences to get well at once. With others the first few doses cause nausea and the patient seems to get worse. This is merely an indication that Ozone is doing its work, but that the case is a severe one, and that there is greater difficulty in destroying the disease germs. Later the symptoms of distress become less pronounced and at fewer intervals until they cease altogether, when there is rapid improvement and the patient is soon entirely cured. There is one thing certain, however, and that is that it does not matter what the first effects of Ozone may be, if persisted in there is no case of dyspepsia that it will not cure, and when we say cure we mean a cure for all time to come. This is proven so often and so thoroughly that it has become an absolute certainty. The following are extracts from a few of the many letters received, testifying as to the curative qualities of Ozone:

W. J. ADAMS, 428 Wellesley Street, Toronto, says: "I had dyspepsia for years. Good physicians and advertised cures did me no good. I was advised to try Ozone. Three bottles cured me and now my digestion is perfect. I feel that it was a God-send in my case."

MRS. JOSEPH ROY, 205 St. Dominick St., Montreal, says: "For six years I was troubled with indigestion, heartburn and neuralgia and used many medicines without obtaining any relief. Two months ago I commenced using Ozone and after taking four bottles I am happy to say I am cured. I have an excellent appetite and can eat anything I wish."

E. J. DOYLE, 85 Percy Street, Ottawa, says: "For ten years I suffered from stomach trouble and indigestion. All sorts of treatments were thoroughly discouraged. It was, therefore, with considerable doubt that I was induced to try Powley's Liquefied Ozone. In a short time I was better and soon gained 22 pounds in weight. I am working every day and feel well and hearty, with not a trace of dyspepsia left. My wife and daughter were also much benefited by Ozone and I am sure it saved the latter's life."

MISS JESSIE THOMPSON, River Street, Toronto, says: "For four years I suffered from ulcerated stomach with frequent hemorrhages. I was treated by the best physicians besides taking many different remedies, but continued to get worse. I was advised to try Powley's Liquefied Ozone and did so, carefully following directions. In a short time there was a remarkable improvement in my condition. The hemorrhages ceased, my strength returned and I was much improved in every way."

"In buying be sure to get Powley's Liquefied Ozone. It is sold only by reliable dealers—never by peddlers. Price, 60 cents and \$1.00 per bottle. THE OZONE CO., Limited, Toronto, Ont.

Bladder Troubles, Kidney Disease. Old people are especially liable to diseases of the bladder and kidneys, and it is therefore not unusual to find them great sufferers from Dr. Chase's Kidney-Liver Pills.

Mr. John Allen, Woodchester, Trenton, Ont., states: "I am seventy years old and have been using Dr. Chase's Kidney-Liver Pills for some time. I have been troubled a great deal with my kidneys and bladder and at times would pass two or three days without passing any thing. Dr. Chase's Kidney-Liver Pills have proved to be exactly what I needed, and I owe it to them that I am in such good health to-day. They acted promptly on my kidneys and bladder with the most satisfactory result, bringing quick relief and setting these organs in perfect working order."

One pill a dose, 25c. a box, at all dealers, or Edmanston, Bates & Co., Toronto, on getting what you ask for and refuse substitutes.

Dr. Chase's Kidney-Liver Pills.

MATTHEW ARNOLD.

A Page From Lawyer Herman Charles Merivale's Recent Book.

Matthew Arnold's was, says Herman Charles Merivale in his recent book, the most evenly cheerful disposition I have ever known, never in high spirits, as I remember him, and never in low. Arnold was an amusing talker on the subject of the drama, caring admittedly only for the classic. He looked upon the contemporary drama as the most unpleasing and distressing of life, and had small sympathy with the living portraits of the Muse of Comedy, which had in them to him something of the nature of more caricature, at best. The plays of Aristophanes were in reality but satire in burlesque, and even the comedies of Moliere were to him but as weaker imitations.

I saw him one day on the opposite side of the street, pacing along and smiling to himself in the way I know so well. Amused, I went across to him and asked him what had happened.

"What is the fun?" I asked. "Have they been attacking you again in the 'Saturday'?" For a broad laugh, with that periodical was an amusement to both, Freeman, the historian, being reputed to be his adversary.

"Oh, no, my dear boy, not I went to Drury Lane last night." "Oh! to see Helen Faucit in 'Cymbeline'?" "Didn't you admire her?" "Oh, not that—poor dear lady!—his imitable longeurs, which could not be described as a draw!—she was charming, of course. But it's the play, you know, 'Cymbeline'—such an odd, broken-headed sort of a thing. It couldn't have happened anywhere, you know."

A Curious Point. One chapter, "Hannovian and Disgraces," will come home to him. He and many who also have suffered. The following extracts will suffice to give an idea of its tenor: I never shall and never could understand, says he, the principles on which I was educated. Why was I pitched into a bad private school at eight? Why was I made a fifth-form narrow boy when I was only a nervous child of twelve? Why was I withdrawn therefrom just when I was opening under Vaughan, to matriculate at Balliol when I was not quite eighteen? Why was I not discouragingly more consistently—say I was not to be encouraged—in all sorts of literary and theatrical bargains, when at 25 I was to be, by an expensive modernism, dumped down at a bar which from my heart and soul I loathed? Why was I permitted—nay, obliged—to live the extravagant life of an Oxford undergraduate of the day, with wines, and rides, and tennis courts, and all the rest of it, and then hauled severely over the parental coals because I left college with a few—a very few—small debts behind me? He complains that "money was spent on him like water," but, in spite of "years of costly training in nothing," he remained at the end a man self-educated, having taught himself, as best he could, what others' teaching left him time to learn.

Faith and Works. A Presbyterian minister in Scotland once got into a debate with a boatman while crossing a river about faith and works, his position being that faith without works was enough. "Na, na," retorted the boatman with much seriousness: "faith without works 'll no' do. I'll gie you an instance. We'll ca' this this our 'faith' and this other our 'works.' Very well, 'tak' 'faith' first." And while rowing with it along the boat went round and round. "Now," he said, "we can get over the water, and this is the only way that we can get over the troubled stream of the world; 'tak' the peace, 'tak' sheets of immortality."

NO UNCERTAINTY ABOUT IT. PAIN'S CELERY COMPOUND. The Spring System Cleanser and Health Builder Makes Sick People Well.

There is nothing doubtful or uncertain about the working and effects of Paine's Celery Compound. It cleanses and purifies the spring system, cleanser and health builder. It cures the cause of sickness and disease in a way that no other remedy can do. Its first and most important mission is the purification of the life stream, cleansing its volume and quality. It then acts on the organs that work together, restores strength, removes toxins, regulates the kidneys, liver and bowels, and makes people well and strong. For these reasons Paine's Celery Compound is a spring medicine, and it does all other prescriptions and remedies that promise so much, and accomplish so little. Mrs. E. Coleman, Burlington, Ont., gives her experience with Paine's Celery Compound as follows:

"I am now sixty years of age, and have been ill for nearly twenty years. During my long illness doctors and patent medicines failed to cure me. At the hospital I was told that I was suffering from tumors; and often, no matter how I tried to cheer myself, I felt like putting an end to my life. I heard of your Paine's Celery Compound and commenced to use it, and it has done wonders for me. I feel better than ever before in my life, and my friends are surprised at the wonderful change in my health. Paine's Celery Compound is a grand medicine, and I will always recommend it."

UPPER NELSON.

The snow is on all gone, making travelling very bad.

Most of the boys have returned from the woods. We are glad to see them back again.

A. R. Parks has returned from Sydney where he spent the winter.

Mr. George Clarke has returned to the woods with Mr. Wm. Clif.

Mr. Wm. Walsh passed through the woods with a fine looking horse last week.

WHITNEYVILLE.

March 21st—The snow is fast disappearing and the road is in a very poor condition for travelling.

Mrs. Margaret Sherard, an old respected resident passed peacefully away on the 27th inst. She leaves three sons to mourn the loss of a kind and affectionate mother.

The funeral took place from her late residence on Saturday at 2 p. m. The remains were interred in the Presbyterian burying-ground at Red Bank. She will be greatly missed in the community.

Mr. William Young and family who have resided here for some

time have returned to their old home.

The Mill stream bridge is being repaired. The work is inspected by John Menzies Esq.

Miss Annie McKibbin has come to Newcastle where she intends spending some time.

Mr. Arthur Dorn passed through here on Saturday last.

Mrs. Moss Whitney who has been spending the winter in Newcastle has returned home.

Miss D. Crocker and C. Dorn were the guests of Mrs. Peter Menzies on Wednesday evening last.

Mr. and Mrs. Ashby Munn made a flying visit to Haldon last week.

We are glad to report that Mr. Collin Whitney is very much improved in health.

Messrs. Frank Menzies and Dan Dummett visited Lynton on Sunday evening.

Mr. Ben M-Tavish has returned from the woods.

MR DEERING, DYING, CONFESSES THAT SHE MURDERED HER HUSBAND

Says His Frightful Cruelty was the Cause of the Crime--Terrible Story of the Suffering Woman.

Bangor, Me., April 1—Whatever light was needed to clear up the mystery of the death of Wm. A. Deering in Bangor on the night of March 14, was furnished today by the wife of the dead man.

Mrs. Mary H. Deering, who is dying of a cancer, and who has been charged by a coroner's jury with having killed her husband, has made a statement under oath to County Attorney Smith and in this statement practically confesses that it was she alone and unaided who committed the deed. She does not clearly state how the fatal shot was fired, but says that she took the revolver from beneath the mattress of her bed and went to her husband's room with the intention of killing him and then herself. She says that her sister, Mrs. E. D. Jones knew nothing of her intentions until after it was too late.

Mrs. Deering deposes that she was married 21 years ago and that her life for the most part since then has been most unhappy. She says that Deering had beaten her unmercifully and has made life a burden for her for many years. Once when they were living at a Bangor hotel and again when in Buffalo,

he threatened to kill her saying that he would split her head open. She says he has entered her room in the dead hours of the night, seized her by the hair and dragged her from room to room. He has then stripped her clothing from her in sordid and dared her to move a muscle or to cry for help. On one occasion when he was slightly ill and in bed she was caring for him although she was herself very ill and weak. He asked her to bring him something. She did not respond immediately, whereupon he leaped from the bed and struck her with a heavy dining chair. From the effects of this blow she lay in bed three weeks unable to turn over. Her attending physician told her that three ribs were broken. Two years ago he struck her a fearful blow with his fist, causing great pain which became worse. A physician whom she consulted told her that the bruises would result in a cancer and it has. She is dying from the effects of the cancer.

Mrs. Deering is failing. She cannot live very long and County Attorney Smith has decided that the law can do nothing. No one will be allowed to take its course.

THE KENT COUNTY POISONING.

Mrs. Johnson and her Children are out of Danger.

Rexton, N. B., April 2—Mrs.

Not Only Relief; A Cure. ASTHMA. Many discouraged Asthmatics who long for a cure or even relief lack faith to try, believing a cure impossible. HIRROD'S ASTHMA CURE is truly a grand remedy and possesses a virtue unknown to other remedies that not only instantly relieves but cures.

Thos. Johnson, who on Tuesday made an attempt to poison herself and her two children by administering Paris green, is considered, out of danger, and the children, too, are in a fair way of recovery. This is due to the prompt action of Dr. F. W. Tozer, who was summoned as soon as it was known that the poison had been given. Mr. Johnson and family came here from Coatsville only a short time ago. Mrs. Johnson, through ill-health has been suffering from melancholia. Tuesday morning at breakfast she mixed Paris green with preserves and gave it to two children, and also took some herself. Her eldest daughter, a girl of 14, refused to take the poison and Mrs. Johnson did not give it to infant, 5 months old. Since her recovery from the effects of the poison Mrs. Johnson is violently insane and requires constant watching.

Mrs. A.—I'm surprised that your husband earns so little if he works as hard as you say. What does he do? Mrs. B.—The last thing he did was to calculate how many times a clock ticked in the course of 1,000 years.

If it wasn't for silly hens the fox would not have his reputation.

WHEN LIFE IS NOT LIFE "Without health life is not life; it is only a state of torment and suffering in the name of death." The use of Dr. Cass' New Kidney Food gives the weak, languid and nervous a new hold on life.

Have you any trouble in meeting your creditors, old chap? No difficulty whatever. I meet them everywhere, old boy.

Dear Sirs—This is to certify that I have been troubled with a lame back for fifteen years. I have used three bottles of your MINARD'S LINIMENT and am completely cured.

It gives me great pleasure to recommend it and you are at liberty to use this in any way to further the use of your valuable medicine.

Two Rivers ROBERT ROSS. Judge—What is your age, man? Witness—I'm at least five years younger than the neighbors think me.

A GUARANTEED CURE For All Forms of Kidney Disease. We the undersigned Druggists are fully prepared to give the following guarantee with every 20 cent bottle of Dr. Pettigill's Kidney-Wort Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys:

"Money cheerfully returned if the sufferer is not relieved and improved after use of one bottle. Three or six bottles will effect a permanent cure. If not relieved and cured, you waste no money."—F. R. Dalton, Newcastle, N. E.

Eight cooked potatoes, four tablespoonfuls of grated cheese, one ounce of dripping pepper and salt and a little milk. Mash the potatoes and mix the grated cheese together, pile up on a baking tin, sprinkle with bread crumbs and bake half an hour.

Minard's Liniment Relieves Neuralgia. It is a popular saying in Brazil that every ton of rubber from the upper Amazon cost two lives.

Good for 10 days only. Something new just discovered. I will be very glad to send you a sample of my NEWLY DISCOVERED REMEDY FOR NEURALGIA. It will cure you in 10 days. It is a sure cure for all cases of NEURALGIA, MIGRAINE, RHEUMATISM, BRUISES, SWELLINGS, INFLAMMATIONS, PAINS OF THE HEAD, NECK, SHOULDERS, WRISTS, ELBOWS, WRISTS, HANDS, FINGERS, TOES, AND ALL OTHER PAINS OF THE NERVOUS SYSTEM. It is a sure cure for all cases of NEURALGIA, MIGRAINE, RHEUMATISM, BRUISES, SWELLINGS, INFLAMMATIONS, PAINS OF THE HEAD, NECK, SHOULDERS, WRISTS, ELBOWS, WRISTS, HANDS, FINGERS, TOES, AND ALL OTHER PAINS OF THE NERVOUS SYSTEM.

Also repairing of all kinds. E. O'DONNELL. Newcastle, Mar. 16th.

CARD.

To the Electors of the Town of Newcastle: Ladies and Gentlemen,

At the request of a large number of the Ratepayers, we again place ourselves in nomination for the positions of Mayor and Aldermen of the Town of Newcastle.

It has been the desire of some of us to retire from office at the end of the present year and give place for new blood in the Council chamber. But we feel that it is only fair to the Town and to you that we should offer to continue our services until the Public works which we commenced a year ago are completed.

Our personal knowledge of, and intimacy with, the details of these Works, we feel sure, place us in a position to conduct them to a close, more economically and satisfactorily than a new council could do.

Should you elect us to represent you at the Council Board, it will be our care in the future, as it has been in the past, to conduct the Town Government in the most economic spirit and to give our best thought and attention to the interests of Newcastle.

We remain, LADIES AND GENTLEMEN, Your obedient servants, For Mayor

DONALD MORRISON, For Aldermen

PATRICK HENNESSY, ALAN RITCHIE, CHARLES E. FISH, FREDERICK L. PEDOLIN, JAMES H. PHINNEY, GEORGE STABLES, HOWARD WALLINGTON, WILLIAM A. HICKSON.

TENDERS FOR ORANGE HALL.

Sealed Tenders addressed to the undersigned and marked on the outside "Tender for Hall" will be received up to Friday, May 1st, 1903, for the erection of a brick or stone building in the Town of Newcastle, N. B. Said building is 95x47 on foundation and two stories in height. Excavation and foundation wall now complete. Tenders to state lowest figure for brick and also for stone. Plans and specifications may be seen at the office of Thos. Russell, merchant, Newcastle, also at the office of H. B. McDonald, architect, Chatham.

Each Tender must be accompanied by a deposit equal to five per cent of the amount of the Tender. This deposit may consist of cash or an accepted bank cheque payable to the undersigned, which will be forfeited if the person tendering neglects or refuses to enter into a contract when called upon to do so, or fails to complete the work satisfactorily according to plans and specifications. If the Tender is not accepted the deposit will be returned.

The lowest of any tender not necessarily accepted.

JOHN MENZIES, Chairman of building committee.

TENDERS.

Sealed tenders addressed to the undersigned and indorsed "Tender for Side Chapel and Vestry, Stone additions," to the Catholic Church, Nelson, N. B., will be received at the Presbytery until Monday, 20th April, 1903, inclusively, for the work above mentioned according to plans and specifications to be seen at the priest's house, Nelson.

An accepted check on a chartered bank equal to five per cent. (5 p. c.) of the amount of the tender must accompany each tender. The check will be forfeited if the party decline the Contract or fail to complete the work contracted for, and will be returned in case of non acceptance of tender.

The Committee does not bind itself to accept the lowest of any tender. N. POWER, Pastor.

Tenders for Wood.

Tenders will be received by the undersigned up to Thursday, April 9th, for 100 cords of Merchantable hard wood to be delivered at School grounds not later than 20th January next. 50 percent of purchase money would be advanced if to parties Contracting.

JOHN DALTON SIMON McLEOD School Committee.

The WHIRL of the TOWN

SUBSCRIBERS will kindly watch the date opposite their names on the **ADVOCATE** each week, for two reasons—to note when they are in arrears, and help the Publishers by paying up promptly, and when paid up to see that the date is changed. If

The County court met here yesterday. The job was clear to Barnaby Island last Saturday.

Read Sam'l Matheson's card in another column.

Miss Mary Ingram holds her millinery opening in the Jas O. Fish store to-day.

Ladies' Misses' and children's rubber boots. McMillan's Shoe Store.

Rev. Mr. McLean will occupy the pulpit of St. James church next Sunday.

Old newspapers twenty five cents a hundred at the Advocate office.

All members of the Division are requested to attend on Thursday night, installation of officers will take place.

Mr. James O. Fish has removed from his farm to the residence recently purchased by him from Mrs. Lonsbury.

All the millinery openings of our milliners will be held this week. Read advs. in another column.

Friday and Saturday it rained hard, but Saturday night it turned cold and snowed. There was good sleighing Monday morning.

Men, women and children who require new boots for Easter, they are selling at the most moderate prices at Hannon's.

Notwithstanding the continued illness of the pastor of the Methodist church, there will be service next Sunday morning and evening as usual.

The Frederickton Gleaser says Mr. D. Morrison M. P. of Chatham. We assure the Gleaser that Newcastle is that popular M. P.'s home and that Chatham is not the whole thing of far as the Miramichi and Northumberland is concerned.

Send us 50 cents and have the Advocate sent to your address until Jan. 1st, 1904. This is the best offer yet. Try it. Tell your friends about it.

Those of our readers who are not regular advertisers should speak for their spaces for the spring and summer at once as we expect a larger run on our advertising space this year than ever. The Advocate goes into nearly 2000 homes and cannot but benefit your business.

R. E. Fitzgerald, plumber, of Bathurst was to town last week. Mr. Fitzgerald is considering the advisability of locating here. Any person contemplating having their plumbing done this summer should write him at Bathurst.

Frank Dorron, a young man who has been working at Sackville of late, was arrested at Rogersville Sunday night by Chief Tingley of Moncton on the charge of burglarizing Mr. David Richard's house, Main Street Moncton, last Thursday night.

The celebrated rabbit hunt is off—way off, owing to a peculiarity of the Bathurst rabbits have developed during the last few months, viz that of climbing trees, which habit we are informed by the well known Bathurst sportsman has taken all the enjoyment out of rabbit shooting. The rabbits sometimes pull the trees up after them.

The special services in the Methodist church continue with unabated interest. In spite of the rather bad state of the streets and the generally weathered guests, the meetings will close on Wednesday night, that being the last of the services. Mr. Bell leaves on Thursday morning for Wolford where he will conduct meetings. Everybody is cordially and urgently invited to attend the closing meeting to-night. Mr. Palmer pastor of the church is still confined to his bed with a rather serious illness.

In consequence with its name, the **NEW IDRA WOMAN'S MAGAZINE**, for May presents in my boys' dresses in dressmaking and in every department of domestic interest. It opens with a charming paper by Constance Fuller McFarquhar upon "The Marriageable Age." Emma A. Osborne writes about New York's "China town" delightfully. Katherine Louise Southwells of the new lad, "Cat Shows and Canteens." Nancy Hull has "The Living Poem" for her theme; and Eliza Bedford presents "Garden Gossip" in his authoritative manner. In addition to these special features, the several departments are attractively set forth, and in short stories and verse there is unusual variety and superior quality. The **New Idea** pattern office many tempting opportunities to the home dressmaker.

The sweetest thing in bonnets this spring are the rosy faces of pretty girls.

Miller brothers are hauling stone for the foundation of their new building on Castle street.

Mr. James Rundle is preparing to make some improvements to his office and wareroom on the public wharf.

The next meeting of the Board of Trade will be held next Monday night at 8 o'clock. All are requested to attend and we hope many new members will come in.

The ladies of St. Andrew's Guild, intend holding a *soiree* "At home" in St. Andrew's school-room on Tuesday, April 14th, from four to six in the afternoon. Admission, Tea and Doyley, 25c.

The electricians are hard at work wiring houses and places of business. The street lights are acknowledged by all to be the brightest and more steady than is usually the case with large arc lights. Our streets are now brightly lighted.

There will be Millinery Openings galore this week. The ladies should have their wants in this direction well supplied as there are no fewer than five millinery stores in town.

Shoes that fit the weather and your feet. That's the kind that receive our attention just now, strong and good. McMillan's Shoe Store.

The Waverly Hotel has been thoroughly renovated and many new improvements made. A hardwood floor has been laid in the office and writing room which is a great improvement, and last but not least the Advocate office has supplied the writing room with a quantity of up-to-date stationery.

The death of Mr. William Edmonds, of this town occurred at his home last Friday morning. The deceased was born in England, coming to this country when a boy, and has resided here ever since. He leaves a large grown up family to mourn the loss of a kind parent. Death was from cancer. Mr. Edmonds was for years the caretaker of the park, and to his attention was due the fine appearance of that popular resort.

While making some repairs to the house now occupied by F. W. James, opposite the Advocate Office, a sealed bottle was discovered in a recess of the large chimney. On opening it, the following was discovered written on a piece of paper.

Newcastle, June 23rd, 1862.

This house was erected by George Henderson in 1822 who died 1833, refitted by his widow Bessie Henderson who was the last one of the family. Her children, two sons and one lovely daughter all died of consumption at the age of twenty-one. We were members of St. James' church of Scotland.

BRISBIE HENDERSON.

This house was repaired by Alexander Murray, son of James Murray, native of Newcastle.

OBITUARY

The death of George Johnston of Red Bank, which occurred last Friday at Tacoma, Wash., U. S. A., March 20, 1903, came as a shock to his many friends. He left home a year ago last fall for Minn., where he worked all winter with Sauntry, Cain & Co., and in the spring left for Wash. with two of his friends from Red Bank, Mr. Ronald Gillis, who is now at home and Mr. Wm. Hyland who still remains in Wash. The deceased worked in the woods for seven months with James Hosford of Miramichi. The latter and deceased went for a cruise through British Columbia and visited his sisters Mrs. Robert Bennett, of Vancouver, B. C., and Mrs. Richard G. Langly, B. C. They returned to Tacoma on the 15th. Deceased went to work Wednesday morning on the Tacoma Eastern Railroad at Morgan's Lake camp No. 4. He had been at the camp only a day and a half when he first complained of feeling slightly ill, but refused to consider the proposition of going to Tacoma to enter the Hospital telling his campmates he would feel all right in the morning. Friday morning he still felt pain in the region of his side, back and lungs. Though not giving way entirely to his indisposition, he laid off work that morning. He whittled away for a short time talking with the blacksmith but feeling worse walked to the bunk-house and laid down. When approached about a half an hour afterwards he was found to be dead.

The remains were removed to Tacoma and taken to the undertakers on Tacoma Ave, where a portem examination was held by coroner Brown and Dr. Chase. The coroner decision was that death resulted from Aorta insufficiency, which name is given to a certain weakness of the valves of the heart which prevents a sufficient supply of fresh blood being sent through the circulation. Intermittent took place in the Tacoma cemetery. The pall-bearers were Messrs. James Hosford, George Wiet, and Bert, Clifford, Herbert and Percy Parks. The deceased was 20 years of age.

Social & Personal

Rev. Robert Falconer of Austr' is visiting his brother James, of this town.

Mr. J. Petrie has accepted the position of traveller for Baird & Peters, to succeed Mr. Fred Keator, who is obliged by ill health to leave the road.

Miss Bessie Bell has returned home after a six weeks' visit to friends in Sackville and Amherst.

They Stop = = The HEADACHE. = =

Thousands are more or less subject to headaches—subject to skepticism as to the value of headache cures also. There's plenty of reason for this, for many a life-time martyr has as yet failed to find relief.

Many, too, fear injury from a remedy that will in a few minutes banish a splitting headache. There need be neither fear nor doubt about

PERFECT HEADACHE POWDERS.

They Absolutely Cure Headache.

THEY CANNOT HARM.

If there is now and then a case that does not yield to the remedy, we desire to return the money.

PRICE 10c and 25c.

NEWCASTLE DRUG STORE,
F. R. DALTON, Proprietor,

Provisions

1000 bbls. Manitoba and Canadian FLOURS.

From which intending purchasers can select with the assurance they will get good value for their money. The thrifty house-keeper never buys flour at random and run the risk of having a sack flat loaf, she invariably buys the brands that have an established reputation such as are enumerated below.

FIVE ROSES, JERSEY LILY, TILSON'S PRIDE, QUEEN CITY, WHITE COAT, GILT EDGE, SUNLIGHT, LILY QUEEN.

Prices of the above brands range from \$3.50 upwards.

A full stock of Feed Stuff for Horses, Cattle and Hogs, including Fish's Shorts and Hen Feed, together with a complete line of Groceries.

All will be sold at the lowest price possible.

Wholesale and Retail. P. HENNESSY.

Lever's Y-Z (Wise Head) Disinfectant Soap Powder is better than other powders, as it is both soap and disinfectant.
