NEW TREATY WITH FRANCE.

Reciprocal Trade Arrangement
Regarding Large Number
of Commodities.

SIGNED THURSDAY.

Trade Between Canada And
France Now on a Much
Wider Basis.

Ottawa, Sept. 20.—The commercial relations of Canada and France now rest upon a new basis. A commercial treaty, binding the two countries, has been signed in Paris by representatives of the British, Canadian and French governments. The Finance Minister announced the conclusion of negotiations, which have been proceeding for some time, in the following message, which was received yesterday afternoon by Sir Wilfrid Laurier:

Paris, Sept. 19, 1907. The new treaty respecting the commercial relations between France and Canada was signed at the foreign office yesterday afternoon. The plenipotentiaries appointed by King Edward to sign the treaty were the Right Honourable Sir Francis Bertie, British ambassador at Paris; the Hon. W. S. Fielding, Canadian minister of finance; the Hon. L. P. Brodeur, Canadian minister of marine and fisheries. The French plenipotentiaries were Mr. Pichon, minister of foreign affairs; Mr. Caillaux, minister of finance; Mr. Doumergue, minister of commerce; Mr. Ruau, minister of agriculture. The treaty of 1893, which is now superseded, was one of very limited range, dealing with but a few articles. The new treaty is of a more extensive character, providing tariff concessions on both sides covering quite a list of articles. It also deals with general relations affecting the commercial relations of the two countries. The details of the treaty are not to be made public at present and may not be published until laid before the French chamber and the Canadian parliament. The ministers will leave Paris in a day or two for London and will sail from Liverpool by the Victorian September 27.

(Signed) FIELDING. Paris, Sept. 20.—The treaty signed yesterday is more comprehensive than that of 1893. It not only provides for a reciprocal arrangement on a large number of commodities but also commits itself to a general reciprocal doctrine designed to cover possible contingencies in the future. Canada is unable to give France a more favorable duty on champagne than was allowed in 1893, but she grants a special tariff on silks and in return gets a minimum tariff on certain farm and foreign products.

LABOR CANDIDATE.

London, Ont., Sept. 18.—A meeting of the Traders and Labor Council to-night decided to place a candidate in the field to contest the seat in the Commons made vacant by Mr. Hyman's resignation. It was also decided to call a mass meeting of labor unionists to name the candidate. The time and place are to be decided by the Executive Committee. No names have been mentioned as possible candidates.

FOUND DEAD IN DITCH.

Unknown Man Found Smothered
In Mud Near St. John City
Saturday.

UNIDENTIFIED.

No Robbery Committed;
Death Probably
Accidental.

St. John, Sept. 23.—Lying face downwards in the gutter about 100 yards beyond the three mile House the body of an unknown man was found on Saturday afternoon by George Cody and Herbert Lobb as they were hauling a load of coal to Rotheray, Coroner Berryman was notified and after viewing the body gave orders to have it removed to the morgue.

The finding of the body is best told in the words of George Cody, one of the men on the team. He said, "Lobb and I are employed with J. S. Gibbon & Co. and were on our way to Rotheray with a load. About 4.30 o'clock just as we had passed the Three Mile House, Lobb said, 'Look at that man there on the side of the road.' I said 'Go 'way, you're dreaming,' but I looked down and sure enough there on the left hand side lay a man's body. He was lying face downwards and his head was buried in mud and water."

"I went back to the Three Mile House and telephoned the coroner. We then went to Rotheray and on our return found that the coroner had left word for us to bring the body to the city, which we did." Though a large number visited the morgue yesterday no one seemed able to throw any light on his identity and it may never be disclosed. The man is described as five feet five inches in height, weighing 150 pounds and about forty-five years of age. He was of dark complexion, with dark mustache and dark heavy hair. He had been clean shaven on Saturday. He wore a mixed brown and black coat and vest, nearly new, and dark trousers. A small sum of money was found on his person. Among those who called to identify the body was a man whose own name is not known but who said he thought the body was that of a man who worked on a farm near Anthony's at Red Head.

PRESBYTERY OF MIRAMICHI Met in St. James' Hall Yesterday— The Delegates.

The Presbytery of Miramichi convened in St. James' Hall, here yesterday morning at eleven o'clock. There were present:—Revs. J. G. A. Colquhoun, Millerton, Moderator; Dr. A. F. Carr, Campbellton; J. M. MacLeod, New Mills, Secretary; F. C. Simpson, Douglastown; J. M. MacLean, and D. Henderson, Chatham; J. R. MacKay, Tabusintac; A. D. Fraser, Loggieville; A. J. W. Myers, Black River; R. H. St. Vert, Harcourt; Jas. Wheeler, Bathurst; W. M. Townsend, Bass River; Geo. Tattrie, New Carlisle; S. J. MacArthur, Newcastle; and R. A. MacDonald, catechist, Doaktown. Elders Alex. McKinnon and James Edgar, of Chatham, also attended.

The chief item of business at the morning session was arranging for ordination and designation of Mr. A. T. Firth as missionary to Trinidad. The ceremony will take place in St. Andrew's church, Campbellton, to-night at 7.30. Dr. Carr will preside; Rev. Mr. MacArthur will address the minister; and Rev. Mr. MacLeod will present Mr. Firth a Bible on behalf of foreign mission committee; and Supt. Ross is expected to give an address on Missions.

A full report of afternoon and evening sessions will appear in our next issue.

THE CELEBRATED MURDER CASE.

Collins Tried the Third Time For
the Murder of Miss
McAuley.

NEW EVIDENCE.

The Jury After Been Hours Absent
Return A Verdict of
Guilty.

The verdict of the jury in the Collins case, yesterday afternoon, was "Guilty".

The jury to try Collins has been completed after one hundred talesmen had been examined. The jury is composed of:—

- 1.—Sherman Martin, farmer, Elgin.
- 2.—Wilmot E. Cochran, carpenter, Hopewell.
- 3.—Owen Ryan, farmer, Hillsboro.
- 4.—Alvin Colpitts, farmer, Coverdale.
- 5.—Alpheus Turner, farmer, Hillsboro.
- 6.—Worden Collier, farmer, Elgin.
- 7.—Howard Stevens, farmer, Hopewell.
- 8.—Leonard Martin, merchant, Alma.
- 9.—Newman Berryman, farmer, Harvey.
- 10.—Renforth Mitton, farmer, Elgin.
- 11.—Sanford Colpitts, farmer, Coverdale.
- 12.—William J. Milburn, stevedore, Hopewell.

Very little new evidence was given in the trial till Saturday when Prof. W. W. Andrews showed the undoubted presence of blood stains on splinters taken from the priest's closet door which had been broken in with an axe, this not having been previously demonstrated. The professor Saturday made 34 separate tests of articles submitted to him. Prof. Andrews was the first witness called on Saturday and reported having made additional tests of articles submitted to him. He first referred to the priest's hall door on which he tried a blow with the MacAuley axe, finding it made an incision similar in width to that already made. The door was shown in court. The witness next proceeded with the blood tests made with gum guaiacum, which he explained very plainly to the jury and showing the presence of blood on the small chips taken from the priest's hall door, and also on the bright spot on Father MacAuley's axe.

The evidence of blood on the priest's overalls was also declared to be very pronounced, the presence of blood being always shown by a blue color developing, as the witness demonstrated, by a practical test before the jury.

To Mr. McCown the witness said that a faint bluish color might also develop after long exposure, but when blood was present the change was almost instant, so there would be no trouble in divining the presence of blood in ordinary judgment.

The witness could not positively identify the axe as the one that made the cuts on the door. Sheriff Lynds also told of searching the priest's bedroom in company with the detective, but had no recollection of seeing the commode. It did not seem possible to him that it could have been there and he did not see it, but he could not say anything regarding it as he remembered nothing concerning it. The detective remarked when they left the room that "it," referring to the axe, "was not there."

The Crown closed its case on Monday. Monday afternoon, Jas. Sherren, counsel for the defence, opened the case for the prisoner.

Collins did not take the stand this time.

Contrary to expectation, there were no witnesses for defence. The case went to the jury yesterday noon.

EXHIBITION GRAND SUCCESS.

Attendance At Big Show in
Fredericton Larger Than
Ever Before.

26,448 TICKETS.

Large Sums Paid Out in Prizes
But a Surplus is
Expected.

Fredericton, N. B., Sept. 23.—The best exhibition in Fredericton's history closed Saturday evening. The total attendance for the week amounted to 26,448 as compared with 24,376 in 1905 and 25,615 in 1903. The attendance in 1903 exceeded by far any previous fair held here, and that was beaten this week by 833. Over \$7,000 was paid out Saturday in prizes. The number of paid admissions for the last day came to 1,327. Though the attendance at the past exhibition exceeded all others, it is felt that it by no means came up to expectations when it is taken into account the large amount the executive spent in advertising, the time and energy given by those in charge and the fine weather that prevailed throughout that thousands of more would have passed through the turnstiles.

Much disappointment is expressed at the small percentage received from St. John. The horse races brought a few hundred from the outside city, but outside of this the number of St. John visitors was comparatively small, a very few indeed of its merchants or manufacturers giving their presence.

The result of the financial part will not be known for some days yet, but it is expected that the present fair, as with the past, will prove a financial success. Saturday night the different exhibitors were kept busy in removing their exhibits, and to-day the buildings and grounds assumed a deserted appearance.

Several special trains left here during the day, Halifax, where the next exhibition will be held, being their destination.

The executive are confident of being able to make ends meet without having to call upon the government guarantee.

Wedding Bells.

WATHEN—WILSON.

A very pretty marriage took place in Harcourt Methodist church on Wednesday at 11.30 a. m. when John A. L. Wathen and Miss Stella G. Wilson were married by the Rev. C. H. Manaton. Mr. and Mrs. Wathen left on the Maritime express for a tour through the province.

MARTIN—CASSIDY.

A very pretty wedding was solemnized at 5.30 Monday morning in the Chatham Pro-Cathedral when Miss Mamie Cassidy, daughter of Charles Cassidy, was united in marriage to John Martin. The ceremony was performed by Rev. M. A. O'Keefe. The bride looked very pretty in a suit of dark red poplin and white picture hat. She was attended by Miss Katie Kenny who also looked charming in a suit of brown, and brown hat. The groom was supported by his brother, Harry Martin. After the ceremony Mr. and Mrs. Martin left on the 6.50 train for St. John and Halifax.

FITZGERALD—FORAN.

At St. Mary's church yesterday morning at 7 o'clock, Mr. John Fitzgerald and Miss Julia Ann Foran, daughter of Mr. and Mrs. John Foran, were united in the bonds of matrimony by Rev. Father Maguire. The bride was tastefully gowned in a suit of blue and was attended by her sister, Miss Elizabeth Foran, who was also dressed in blue. The groom was supported by his cousin, Mr. Michel Fitzgerald of Seville. Mr. and Mrs. Fitzgerald left on the accommodation for their future home in Springfield, Mass., followed by the best wishes of their many friends.

KENT CO. BAPTIST S. S.

Successful Meeting of Eighty-Seventh Annual Convention.

PROCEEDINGS

Will Meet Next Year With Grangeville Congregation.

On September 14th and 15th the eighty-seventh session of the Kent County Baptist Sunday School convened with the St. Mary's Sunday school, McLaughlin Road. A very pleasant and profitable time was spent. Delegates were present from seven different schools. The services were all well attended, especially the afternoon and evening sessions.

The convention opened by devotional service led by Bro. Van Idestine. After the scripture reading and singing, prayers were offered that God's blessing might rest on the convention and some unsaved soul be brought to God, after which the president, Pastor Bynon, took the chair. After some very impressive remarks, the president spoke of Rev. J. Hardy and his work in the foreign land, followed by Pastor Bamford, who prayed that God's blessing would rest on the missionary and his work. Words of welcome were extended by the president, Supts. Hicks and West and Bro. Wm. Gaddis, responded to by Brothers Hyslop, Jonah and Hicks.

The following officers were elected:

President—Rev. R. M. Bynon.
Vice President—Bro. H. W. B. Smith.
Second Vice-President—Bro. E. H. Hicks.
Secretary—Sister Mrs. F. H. Hicks.

Treasurer—Brother E. H. Hicks. After a few remarks from the president, thanking the convention for the honor of his re-election he introduced Pastor Bamford, who spoke some encouraging words about our Sunday school work.

Reports of the different Sunday schools were received. All were very encouraging, a new one being organized at East Grangeville. An invitation from Grangeville Sunday school was extended to the convention to meet with them in the summer of 1908, also donating the sum of \$1.00 to the convention.

Pastor Bynon next spoke of the possibilities of Sunday school work in Gallagher Ridge, McLeans Settlement and Canaan. A committee was appointed to see about this work. This session was closed by prayer.

The evening session was opened by praise service led by Bro. Mills. Minutes of last session read and adopted.

During the singing of "All Hail the Power of Jesus' Name," Rosefield Division, Sons of Temperance entered and gave a short program. Temperance speeches were made by the following: Brothers Mills, Geddis, Hyslop, Ayer, Van Idestine, Scott, Hicks and Pastor Bynon. Solo by Pastor Bamford. After reading and prayer by Rev. R. M. Bynon, Pastor Bamford spoke from the text found in Rev. 7:14.

Sunday morning praise service, led by Sisters Jonah, Bailey and the President, was very impressive the spirit of God being felt throughout the congregation.

The three systems of Sunday school teaching was taken up. The Lecture system by Bro. Mills, Story system by Sister Ward and question system by Pastor Bynon. Golden texts by Brothers Hyslop, J. West, Wm. West and Geddis.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the local.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissues, and all blood elements.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, easing nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Recitation by Ida Morton.

Music and singing by Mr. and Mrs. C. Ward and Mr. and Mrs. J. Ward.

Recitation by Katie E. Jonah.

Recitation by Clara West.

Music and singing by Maude Van Buskirk and Bessie Ingram.

The convention closed with singing, "What Would Jesus Do."

At the business session the minutes of all the sessions were read and with a few corrections were adopted.

It was moved and seconded that a vote of thanks be tendered to all the helpers as well as to the people of the place for their hospitality.

A number expressed their opinion that this was the best convention that has ever been held. The spirit ruling the sessions being "God's Love." The invitation to Grangeville for the summer of 1908 was heartily accepted.

The amount of offerings during the sessions was \$25.39.

As a result of the convention four expressed a desire to come to Christ.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. In the eyes of young men and women Home should be the most attractive spot on this earth. For the parent it is usually so. But how frequently is it far from being so for the son and daughter. What per centage of the young men and women of to-day make a practice of spending their evenings at home? The per centage, we fear is not a large one. For many, if not for the majority, the attractions of this world lie on the outside of the front gate. It is there they seek the pleasures of life. It is there their hearts are weaned from family companionship. It is there they learn to regard Home as one of the dull places in which to pass the evening hours. How often do we hear young men, but more particularly young women, lament the inclement state of the weather because it hinders them from going here or going there! Many look up on a quiet evening at home as nothing short of a hardship. The prospect of such an evening fills them with dread. They are unconscious or forgetful of the fact that they, too, will likely be fathers and mothers some day, and that the habits to which they are yielding themselves, are tending to unfit them for the responsibilities and duties which will be theirs. But should we blame the son and daughter when the atmosphere of the home is uncongenial and even oppressive to them? Can we justly, in most cases, set it down to an inherent desire to be on the go? We scarcely think so. The inability of the son and daughter to appreciate Home is, often, far too often, the fault of the parents. While each and every inmate of a home should contribute toward making it cheerful and comfortable, the responsibility for making it so rests with mother and father. Parents do not ignore your children in the social conduct of your home. Consult their wishes, adopt their ideas and strive to please them in every manner possible. You do not do this in too many cases. You allow your children to shift for themselves and conduct your home according to your own ideas. You do not take your children into your confidence. You do not try to persuade your children that they are a power in the conduct of the home. In many cases you do not place yourself on terms of familiarity with them. As a consequence the son and daughter go into the outer world and mingle with those with whom intimacy is an easy matter. Remember that the future of your child is shaped at the old fireside. It is there that the character of your child is moulded and whatever of good or evil it may do in this world it owes to a large extent to those with whom it first comes in contact—the father and the mother. Do not humor every little whim or

caprice of your child. That is a mistake. You can make the home-life of your children attractive without doing that. And you owe it to yourselves, fathers and mothers, and to your children and to the world to make it so. Do not turn out young men and young women who will become burdens to society. Instil this into your minds that nine times out of ten the child who is a force in the home becomes upon maturity a force in the world. Permit, may encourage your children to indulge in any innocent pastime at home they may desire. Remember that in many cases the pleasures which are denied them at home they seek elsewhere, and when they find them, they often, only too often, pursue them in an iniquitous way. Extreme restraint breeds extreme relaxation. We sometimes profess to be greatly shocked when we read in the newspapers lurid accounts of the immoral conduct of men and women, yet we know all of us, that immorality is by no means uncommon, even in this puritanical Canada of ours, and that no home, no family is immune from it. It is here, and here it is to stay, so long as young men and young women shun the sacred precincts of the home and begin their evenings by pursuing pleasure elsewhere. What care, what devotion is lavished upon the child if ten years! We take the greatest pains to protect it from all danger. But, let it be said, fathers and mothers, that there is no danger menacing the little child, half so great as that menacing the son and daughter, budding into manhood and womanhood. If you bestow care upon the infant, bestow double care upon the youth, both male and female. Take your boy and your girl into your confidence. Have no secrets from your child, and your child will have no secrets from you. But ignore, neglect your child and your child will ignore, neglect you. Do not make hard and fast rules for your children to be governed by. Give them lots of scope. Discipline is a very good thing, but confidence is a much better thing. Confidence establishes discipline and creates cheerfulness, and cheerfulness is the thing to be desired. Remember this.

THIRTY-TWO DEAD

IN TRAIN WRECK.

Thirty-three Others Injured—Say Disaster Was Caused by Engineer Disregarding Orders.

Mexico City, Mex., Sept. 19.—There has been a disastrous wreck on the Mexican Central Railroad. A freight train and a passenger train came into collision at Encarnacion, near the city of Aguas Calientes, and it is reported that thirty persons were killed and many injured. The passenger train was the regular El Paso express, which left that city Tuesday.

No train from the United States has come to-day over the Central but one is expected to-night.

It is impossible to get further details of the wreck at this moment. The railroad officials here admit that the wreck has occurred but refuse to talk of the matter.

Authentic reports receive, here say that thirty-two persons were killed and thirty-three sustained injuries. There are no prominent persons among the killed or wounded. It is said that the Pullman cars were badly damaged. The two engines and some first, second and third class coaches of the passenger train were demolished. The disaster is thought to be due to the engineer of the train disregarding orders.

Wednesday of last week, the mill owned by the Calhoun Lumber Co. at Barachois was totally destroyed by fire and in addition three million feet of lumber. The smaller of the two mills was saved. It looked for a time as if the large mill owned by the Sherbrooke Lumber Company would also go, as the wind blew all day in that direction, but by hard fighting it was saved. The fire started in the lumber yard, rapidly gained headway and in a short time the mill was ablaze. There was a heavy wind blowing and the efforts to save the mill were fruitless. It is believed the flames were started by a spark from a passing tugboat. The loss is partly covered by insurance.

From Girlhood to Womanhood

Mothers Should Watch the Development of Their Daughters—

Interesting Experiences of Misses Borman and Myrtle Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffles physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in the back or lower limbs, eyes dim, desire for solitude when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First letter.)

"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and backache, and as I have heard that you can give helpful advice in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second letter.)

"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—

"Before taking Lydia E. Pinkham's Vegetable Compound my periods were irregular and painful, and I always had such dreadful headaches.

"But since taking the Compound my headaches have entirely left me, my periods are regular and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—
Interesting Experiences of Misses Borman and Myrtle Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffles physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in the back or lower limbs, eyes dim, desire for solitude when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First letter.)

"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and backache, and as I have heard that you can give helpful advice in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second letter.)

"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—

PANDORA

Owing to the flue construction of most ranges it is a rather difficult feat to cook and bake successfully at the same time.

But the arrangement of the Pandora flues differs considerably from others. They are so constructed that the draft for baking is also the best for cooking, the heat circulating around the oven twice and under every pot hole before passing up the chimney.

The Pandora bakes and cooks perfectly at the same time.

Do you know of another range that does?

If your local dealer does not sell the Pandora write direct to us for Free Booklet.

THIS IS SAID

TO HELP MANY. Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative issues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood.

Some persons who suffer with these afflictions may, not feel inclined to place much confidence in this simple mixture yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommend it as harmless.

Geo. E. Corbitt, Esq., returned from New Brunswick bringing with him some sample specimens of ore which contain anything from the famous fields of Cobalt. These were picked by Mr. Corbitt from a recently acquired property in New Brunswick. The property has already been bonded by Mr. Corbitt to New York parties for a large sum for the space of four months.—Annapolis Spectator.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to all druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach causing dyspepsia, a weak Heart with palpitation or intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail samples free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by THOS. J. DURICK.

IMPROVEMENTS ON CANADA EASTERN.

It will not be until a year from now—the fall of 1908—if not later, when the Intercolonial authorities put on better motive power of the Canada Eastern branch of the road.

Before the heavier locomotives can run over the line there must first of all be heavier steel to carry them. The bridges at Doaktown, and Boiestown are being replaced with heavy steel ones which will carry any train which will come over the branch and by the time cold weather comes there will be about 60 miles of 67 pound rails laid.

The present rails on the branch are 56 pounds to the yard, and next summer the rest of the branch will be covered with the 67 pound rails, so that it can reasonably be supposed that by next fall the line will be ready for heavier locomotives which are needed to handle the traffic.

This season new water tanks have been erected at Loggieville, Chatham Junction, Blackville, Boiestown, Cross Creek and Gibson.

Each of these tanks have a capacity of 50,000 gallons, which is sufficient for twenty locomotives of the size now in use on the branch. The tanks have been placed on concrete foundations, while the tubs are of white pine.

This week, operations were commenced upon the erection of new tanks at Durham and Doaktown, and they will be run on the gravitation system, as it is at Cross Creek.

J. Kelly, provincial inspector of lighthouses and other lighting arrangements along the coast, was in the city yesterday enroute from Caraquet to Cape Tormentine, says the Moncton Times. Mr. Kelly while on his official trip to Caraquet, visited the coal seam recently uncovered there and says it is a particularly good one, being near the surface and four feet in depth.

The Advocate is pleased to copy the following tribute of Mr. Labllois from the last issue of Free Speech, Moncton:—A Cabinet which contains men like Messrs. Labllois and Farris must of necessity be a good and strong Cabinet. The veteran from Restigouche, although at the head of a Department which is always under a fire of criticism, has been a most successful administrator.

The fear of a prolonged strike at Springhill is causing some uneasiness to the Intercolonial management which gets the larger portion of its coal supply from these mines. It has usually purchased about one hundred thousand tons annually at Springhill. Recently it has been able to secure a quantity of coal from Cape Breton collieries, but there is some uncertainty about procuring a full winter supply from that source. Coal is at present being transported from Cape Breton to Levis by steamer, and hauled by rail as far as Campbellton. While there is no actual present shortage there is less stored than usual, and it is feared that unless the main source of fuel supply is in operation before the winter sets in, great difficulty may be experienced.

A sad drowning accident occurred at the little north shore town of New Mills last evening, the victim being little Josephine Mahoney, the fourteen-year-old daughter of Captain Mahoney of Parrsboro, N. S. The little girl had accompanied her father on the schooner Ladysmith, which was being loaded with lumber by the Prescott Lumber Company of New Mills. Yesterday afternoon a party came ashore from the schooner and were returning last night about ten o'clock. The little girl was steering the boat and as it neared the schooner, she tumbled over the side into the water.

A sailor—standing on the deck plunged into the water in an attempt to save the child but his efforts were fruitless and the little one sank to a watery grave.

An Absolute Cure for Rheumatism

If the skin or bowels are unhealthy, they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to the nerves—and causes Rheumatism.

Fruit-a-tives surely cure Rheumatism and Sciatica

because they act directly on bowels, kidneys and skin—and so strengthen and invigorate these organs that there is no urea and uric acid retained in the system to irritate the nerves and bring Rheumatism, Sciatica and Neuralgia.

THE FINANCIAL STRINGENCY

The trouble that Premier Robinson had recently in floating a short term loan for the province was very fully discussed in the Conservative press at the time, and has often been noticed since; but the same papers do not give as much attention to other as serious cases of financial stringency that are being daily brought to light. For example, Fredericton, which has for its chief magistrate the leading York County Conservative candidate for provincial honors, appears to have been in financial straits recently, but very little information was available from the journals which so conscientiously criticized the provincial crisis. The following from the Fredericton Herald will show that the New Brunswick executive is only one of a number of parliamentary bodies that have occasional difficulties with creditors.

"His Worship the Mayor and members of the finance committee of the city council, have been having more than their share of trouble the past few days. There is an overdraft in the Bank of Montreal against the city, and on Wednesday the climax was reached when the bank turned down a city check for an amount away up in the thousands. It was the first time such a thing has occurred in the history of the city, and it is not much wonder that Mayor McLeod, City Clerk McCready and the City Treasurer were much disturbed over the matter for a time. The check was redeemed soon after the bank refused to pay, but none of the parties concerned seemed willing to tell where the cash came from.

"The fact of the matter is that the city's account at the Bank of Montreal is overdrawn to the extent of \$100,000, the money having been advanced largely for permanent improvements, and city bonds deposited as collateral. The interest rate of the money market is high, the bank authorities do not look upon the investment as a snap and want their money. Even at the expense of being called unpatriotic the Herald feels bound to say that the situation from the standpoint of the city is pretty serious."

JUST LIKE NEW BRUNSWICK.

An Amherst paper says:—There are to-day about thirty schools closed in Cumberland for the simple reason that teachers cannot be secured. The demand is to-day greater than the supply. The lure of the West has attracted many of our best teachers to that part of the Dominion. The remuneration is greater, the work no more difficult and husbands more plentiful. It is, therefore, not astonishing that these inducements should have led many of our teachers to seek employment in the West.

It took to-day that the ordinary citizen throughout Cumberland would have to pay a little more henceforth for the education of his children.

If there was anything cheap in

Nova Scotia up until the present time, it was school teachers, but farmers cannot expect to get such fabulous prices for all their products and obtain pretty country school marmas at the rates that prevailed some years ago. It is simply a question of reciprocity.

CONSERVATIVES NOT UNANIMOUS.

As was to be expected, Mr. R. L. Borden's new platform is meeting with serious opposition among western conservatives, who are more noted for radicalism and freedom of thought than are their eastern associates. It seems that the vague and ambiguous planks regarding public ownership, evidently framed with the purpose of assuring the C. P. R. and the great manufacturing interests that their monopoly won't be interfered with while at the same time bidding for popular support, do not fully satisfy the party in Manitoba. The latter appear anxious to lay a convention called to settle the party principles, but Mr. Borden has already announced his Halifax platform as that of the party. Of course, the western constituencies are not yet very populous, but they are growing rapidly, and any party that expects to win must take notice of their demands.

PHYSICAL DETERIORATION.

The New York city investigation shows that there are 48,000 school children suffering from mal-nutrition, while 187,000 have enlarged glands and 230,000 cannot breathe properly. Taking these figures as a basis, it is calculated that there are in the United States schools 12,000,000 children with physical defects which should receive medical or surgical attention. The time seems to be coming when every big school will have a doctor on its staff to see that while the pupils' minds are improved, their bodies do not deteriorate.—Eastern Chronicle.

OLD AGE PENSIONS.

Every citizen of Canada who needs assistance in his old age ought to get it, no matter what his method of earning it had been, provided it was not criminal. The entire Canadian people with their vast amount of prosperity and their isolated cases of want can afford to ensure every member of their community from genuine want in old age. Organized labor shows its wisdom in taking up the cause, and it can compel the politicians to give heed to the demand if it pursues it with earnestness and sagacity.—Montreal Star.

WAKING UP.

The Chinese dependency of Tibet, the centre of Lamaistic Buddhism, and, until the British army occupied the capital a few years ago and re-established Chinese supremacy, the most exclusive country in the world, is to have a newspaper. The rest of modern civilization may be expected to quickly follow the introduction of journalism.

A FIFTH POLITICAL PARTY.

The Executive of the Asiatic Exclusion League purposes placing candidates in all the British Columbia constituencies for next Dominion election. As there are four political parties in the field now, the entrance of the new body will certainly give the Coast people a wide range of choice when voting.

ANTI-JAPANESE OUTBREAK AGAIN.

Portland, Ore., Sept. 21.—A despatch from Seattle says that 75 Japanese arriving at Atlin Thursday night to work in the mines were escorted to the river steamer Gleaner by three hundred white miners yesterday morning and started back to Vancouver. The whites served notice upon the Japanese that if they did not stay away violence would be shown in protecting the diggings against Asiatic labor. The Japanese are almost destitute and will be turned loose in Skagway, Alaska.

DERBY.

Derby, Sept. 21.—The work of the Superior School at Millerton, is progressing favorably under the efficient teaching of Principle Carr and Miss Weldon.

The new dwelling house for the station master at Millerton is near completion.

Miss Wilson is taking up studies at Rothesay.

The Methodist Church is undergoing repairs.

Dr. Wilson took a trip to the Fredericton exhibition.

Our new hair-trimmer is doing fairly good business.

The bridge is in a bad condition and needs repairs.

Mr. Rice, the photographer, has had plenty of work to do, and we wish him continued success.—Euphrosyne.

WHITNEYVILLE.

Whitneyville, Sept. 23.—Rev. and Mrs. I. N. Thorne and Mrs. John Forsythe visited the Fredericton exhibition last week.

Miss Ida B. Whitney returned to Boston Saturday morning after spending two weeks at her home in this place. Mrs. Horace Kethro, of Newcastle, accompanied her to visit her sister.

FIFTY YEARS IN THE MINISTRY

Rev. Dr. Douglas Chapman
Honored By His Brother
Ministers And Friends.

THRICE IN ONE FIELD.

Well-Known on the Miramichi,
Especially in Chatham and
Newcastle.

At Point de Bute, Westmorland Co., on the 19th, there was a large gathering in the Methodist church to commemorate the completion of the fiftieth year of the Ministry of Rev. Douglas Chapman, D. D. Dr. Chapman who is now retired, living in Amherst, was three times pastor on Point de Bute circuit. He is also well-known in this county, having been stationed here and in Chatham. His appointments have been in the following places: Wallace, Point de Bute, Bermuda, Richibucto, Stellarton, Fairville, Hillsboro, Pt. de Bute, Sackville, St. Andrews, Chatham, Newcastle, Baie Verte, Marysville, Woodstock, Pt. de Bute and Fredericton. He retired about five years ago. Dr. Chapman was presented with an address by the President and Secretary of the N. B. and P. E. I. Conference, Revs. Jas. Crisp and M. R. Knight.

WANTS HIS DAUGHTER BACK.

W. R. Stewart of Los Angeles Feels
Low His Kidnapped
Daughter to Dalhousie

STOLEN BY MOTHER.

The Girl's Aunt Has Possession
And the Courts Must Decide
Her Final Disposal.

Campbellton, N. B., Sept. 20.—In a case which promises to be one of the greatest sensations ever heard in a Restigouche court, the marital troubles of W. R. Stewart, an American journalist, and his wife, will in all probability be heard at Dalhousie in the near future.

The case is one in which Mr. Stewart seeks to have returned to his custody his pretty fourteen year old daughter, Winnie, now in the care of Rev. Mr. Bate, rector of the Episcopal church at Dalhousie. Mr. and Mrs. Stewart, who were married about fifteen years ago in Ontario, lived happily together during the greater part of their union. But a little over a year ago, disagreement sprang up between them. They were then residing in New York, where Mr. Stewart was engaged in journalism.

Mr. Stewart obtained a separation from his wife and the custody of their children, Florence and Winnie. Mr. Stewart took his children to Los Angeles where he continued his work. Mrs. Stewart remained in New York. About a year afterwards Mrs. Stewart appeared on the scene and kidnapped the children. The father afterward got possession of the younger child and learned from her that her sister had been sent to her mother's sister, Mrs. Bate, at Dalhousie, N. B. Mr. Stewart went to Dalhousie in August last, but Rev. and Mrs. Bate refused to give him his elder girl. A lively scene ensued and as a result action will be brought in the courts by Mr. Stewart for the possession of his daughter.

Mr. Stewart is about forty-five; his wife is younger. Both are natives of Ontario. Before going to New York, Mr. Stewart was on the staff of the Montreal Star.

"How beautiful this landscape is by moonlight! I think I could be happy forever amid such surroundings."

GENERAL BOOTH IN ST. JOHN.

The Old Hero Addresses Large
Crowds at Many Meetings
in That City.

SOME FIGURES.

Concerning What the Army is
Doing in This And
Other Lands.

On Sunday, General William Booth, founder and chief of the Salvation Army, addressed three large meetings in St. John. The general is 79 years old, but wonderfully enthusiastic and vigorous. In his afternoon address, he said, in part:—

"The question has often been asked: What would become of the Salvation Army when the general is dead? To this I always reply, Don't worry, the general is not dead yet. The general has made up his mind to live just as long as he can be of any use. If the angel of death should come to-night, however, the same message of electricity which would carry the news of his passing away around the world would take word of his successor. Arrangements, as complete as human mind could make them, have been made and the army is safe."

"When you ask is it worth while supporting? Is it worthy of existence? Remember the Army is only in its infancy. Forty-two years ago I stood alone, and we braved earth and hell, saint and sinner, and came out ahead. To-day our flag is unfurled in 53 countries and our story is told in 32 languages. Other countries are clamoring for us to come but we cannot, for want of men and money."

"We have 7,500 societies and 15,000 officers with 5,000 employees and 50,000 local officers. We print 25 different newspapers in 17 tongues. Our musicians number 20,000 and we have some of the best in the world."

"There are 700 great institutions and 130 rescue homes for girls to redeem them from the most horrible of lives. As many as 22,000 wretched ones of the earth are housed every night and encouraged to work for themselves. The Salvation Army is a success because it did something for the churchless crowds. In the city of London it is estimated that 2,000,000 people never crossed the threshold of a church."

In Japan I found the people indifferent to their pagan worship. They seemed to be looking for something more satisfying. Now what is to be done? Are these people to be allowed to wander over the mountains and fall from the precipices in the darkness? We have done something to help them. Not because we were ordered or because we were paid for it, but simply for the love of God."

General Booth then spoke of the personal rescue work and told several thrilling stories of dangers faced and triumphs won in the way that only he himself can tell them. More than one eye filled with tears as he told of rescued drunkards, of sacrificed lives and miraculous conversions. The work for drunkards and the emigration work was also touched upon.

Addressing the audience directly the general went on: "You have heard what the Salvation Army is doing. What are you doing for the thousands who are going to hell in the shadow of your churches? You men, what are you doing for the drunkard? You women, what are you doing for the harlot? I ask you all to help the Salvation Army. Your answer will be that you have your own church to think of and that is right, but after all there will be something left for General Booth and the Salvation Army."

On Monday evening, General Booth addressed the Canadian Club in St. John. At the close of that meeting, he and his staff drove to the railway station, where they boarded the private car which has been placed at the general's disposal by the I. C. R. His car was attached to the 23.25 train for Halifax. He opened his campaign there.

Messrs. Stanley Treadwell and Richard Dunn spent Sunday in Redbank.

Messrs. Lawrence Mather, Percy McLean, Edward Crocker and John Rowe, attended the Fredericton exhibition last week.

Rev. H. C. Rice left on Monday to join Mrs. Rice and family in Moncton and thence proceed to P. E. Island for a few days visit.

Miss M. A. Beatrice L. Ellis, graduate nurse from Toronto Gen.

MILL BURNED.
The mill and wharf at Grand Bay, St. John, was burned on Saturday. The mill was formerly the property of Dunn Bros. and was sold about a year ago to George Dunn. It has not been running for three years. The mill was one of the older type of a saw mill and contained a gang saw, lath machine, patent edger and box machine. The capacity would be in the vicinity of 50,000 feet of long lumber and 35,000 lath per day. The mill formerly employed about sixty men. The origin of the fire is unknown. The mill was insured for \$11,000, as follows: Commercial Union, \$5,000; Norwich Union, \$2,000; Richmond and Drummond Co., \$2,000; Royal \$2,000. The mill was built in 1893 and with equipment cost about \$25,000. It was operated by Dunn Bros. under J. A. Gregory until 1904 when work was discontinued owing to litigation. About a year ago the property was put up for sale and was bid in by George B. Dunn, of Houlton, for \$8,000.

SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations.
Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Entry must be made personally at the local land office for the district in which the land is situated. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead conditions under one of the following plans:
(1.) At least six months' residence upon and cultivation of the land in each year for three years.

(2.) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person, residing with the father or mother.

(3.) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

"Made in Ontario"

If You Consider Food Value, You Will Surely Use "Beaver Flour."

First of all, "Beaver Flour" is a BLENDED flour. It is the heart of the finest wheat in the world. It contains all the food elements of two distinct soils—two different climates. The muscle-building Gluten—the brain and bone making Phosphates—the fattening Carbohydrates—are all perfectly balanced in

Beaver Flour

None of the health and strength forming elements have been extracted or injured by bleaching or electricity. The grade of wheat used requires no artificial treatment.

BEAVER FLOUR supplies all the wheat that is food, in its most nutritious form. Bread, Biscuits, etc., are valuable, nourishing foods when baked of BEAVER FLOUR.

"PITCH PENNIES"

"Pitch pennies?"
"Sure."
"Shoot crap?"
"Nope, we dassent; the big fellers takes our money."
Not the knowledge of wrong, but the fear of loss, is the deterrent. So the small boy bootblack utilizes his spare moments in "pitchin' pennies."

Like other street boys, the boot-black seldom plays the kind of games that other children do. If he cannot get a customer, and is too poor to "pitch," when trade grows dull he sits down gravely on his box, rests his head on his grimy fist and watches some other boy "shine." In his moments of business activity he is sprightly and alive, but in his moments of repose there is no healthy reaction, no play instinct, nothing but a dull lethargy.

From this lethargy he awakens, like other street boys, at the prospect of something that warms the blood and stirs that love of risk of which we boast in America. The dice rattle on the stone pavement and the child's heart leaps within him. He may not play, for "the big fellers takes our money;" but he will grow up some day, and then, ah! then he, too, can rattle the dice and see the nickels and even the quarters gathered in and added to his pile. Yes, he may lose, but he never thinks of that. It is win! win! win! to him—one glorious round of excitement seasoned with huge piles of cash. Something for nothing! As he watches the crap game, sitting huddled up on his little box, his head resting on his grimy fist, one eye on the dice and the other on the blue-uniformed minion of the law who stands on the corner twirling his stick, he dreams of that happy day in the future when he will have something for nothing, as a winner at "craps," as a scaler of back-porches, as an expert "cracksman"—or perhaps his aspirations go even higher than that, who knows?—Secretary of the National Child Labor Committee in the September Woman's Home Companion.

From this lethargy he awakens, like other street boys, at the prospect of something that warms the blood and stirs that love of risk of which we boast in America. He may not play, for "the big fellers takes our money;" but he will grow up some day, and then, ah! then he, too, can rattle the dice and see the nickels and even the quarters gathered in and added to his pile. Yes, he may lose, but he never thinks of that. It is win! win! win! to him—one glorious round of excitement seasoned with huge piles of cash. Something for nothing! As he watches the crap game, sitting huddled up on his little box, his head resting on his grimy fist, one eye on the dice and the other on the blue-uniformed minion of the law who stands on the corner twirling his stick, he dreams of that happy day in the future when he will have something for nothing, as a winner at "craps," as a scaler of back-porches, as an expert "cracksman"—or perhaps his aspirations go even higher than that, who knows?—Secretary of the National Child Labor Committee in the September Woman's Home Companion.

From this lethargy he awakens, like other street boys, at the prospect of something that warms the blood and stirs that love of risk of which we boast in America. The dice rattle on the stone pavement and the child's heart leaps within him. He may not play, for "the big fellers takes our money;" but he will grow up some day, and then, ah! then he, too, can rattle the dice and see the nickels and even the quarters gathered in and added to his pile. Yes, he may lose, but he never thinks of that. It is win! win! win! to him—one glorious round of excitement seasoned with huge piles of cash. Something for nothing! The Klark-Urban Company, which played "A Game of Craft," "The Diamond Bracelet Robbery," and "For Home and Honor," here last week, presented a lively and interesting programme each night and were well received. The acting was good, and their musical specialties fine.

The St. John team representing the 62nd Fusiliers, captured the Moncton citizens' shield in the competition open to provincial rifle teams on the Moncton range Friday. The ranges were 200, 500 and 600 yards. The St. John Fusiliers' total was 433, against Moncton first team, 431; Moncton second team, 410; St. John Rifle Association, 409.

The Nineteenth Field Battery went into camp Tuesday 17th, at the Moncton Exhibition Company's grounds. This is the first artillery camp that Moncton has ever had. Twenty-eight bell tents and two marquees were put up on the grounds. There are one hundred and six officers and men in Field Battery 19. The majority of these were on hand for the two week's drill that opened Tuesday. Many of the members of the Battery are well versed in the mechanism and action of the twelve pound guns.

WOULD BE LADY CABMAN.

Scotland Yard Police Astonished By a Woman's Application For Cabby's License—Guarded Reply.

The suffragettes must take a back seat. They are quite outclassed. They merely make riots in the sacred Houses of Parliament, engage policemen in single combat, go cheerfully to prison, and demand votes.

But there is a lady in London—a young and a pretty lady—who wants to drive a hansom cab. She called at the Daily Mirror offices and mentioned her ambition as though it were quite an ordinary thing.

Miss Adela Maybury—that is the young lady's name, and she lives at Petherbert road, Highbury—has blue eyes and bright, fair hair. And yet "I don't see why I shouldn't be allowed to drive a hansom," she said.

A Vague Reply.
"But after an immense amount of trouble I have obtained from New Scotland Yard only this vague letter," And she produced the following illuminating missive:—

With reference to your letter, I am directed by the Commissioner of Police of the metropolis to acquaint you that Hackney drivers' licenses are granted or refused in accordance with the decision arrived at after inquiry as to the applicant's fitness or unfitness, etc.

I am, madam, your obedient servant,
C. G. BATHURST,
Chief Clerk.

"It has for a long time been my ambition to drive a cab," went on Miss Maybury. "When I was a little girl a woman used to drive a cab to Epson races, until the authorities stopped her. She was not allowed a cab-driver's license, but traded on the one held by her husband, a regular cabman."

"Now it occurred to me that if a woman could procure a license to drive a hansom in London she would be trusted by lonely women. And plenty of women, like myself, can drive as well as any man, and would be most unlikely to be reckless."

"Well, I paid a visit to the office of the Cabdrivers' Union in Garrard street, to enquire how I might obtain a license. The secretary and his colleagues seemed much amused at the idea."

"I don't think your proposal would be entertained for a moment," said the secretary. "No woman has ever been granted a cab license; but, of course, you can apply to Scotland Yard. The license cost 6s. and you will have to get a reliable householder, to certify that, among other qualifications, you are sober and have borne a respectable character for the last three years."

"The two last clauses amused me very much. I went to New Scotland Yard, and there I was informed by police-inspectors that I must approach the head of the department by a letter, which he would place before the Commissioner. So I went home and wrote the requisite letter, and after waiting three weeks got the answer from the chief clerk."

"I want to know what I am to do next. Of course, I should expect a good deal of chaffing from cabmen, but I am sure that quiet dignity and skillful driving would soon stop ridicule."

"One cabman asked me how I would get up into the 'dicky.' Well, I could wear special clothes, if necessary. I have always been fond of tree-climbing, and I just love horses."

"Meanwhile, till I get my license, I am learning London. For two hours every morning I study the map and Kelly's Directory. In the afternoon I ride up and down the less-known suburbs on my bicycle. In the evening I chat to a friendly cabman whenever I get the chance. I mean to drive a cab if they will let me."

Field Marshal Wolseley is Hard Up.

Field Marshal Viscount Wolseley, the hero of Tel-el-Kebir and a hundred other fights, whom a grateful country rewarded with \$275,000 and a peerage, is now in such straits for money that he is compelled to sell his magnificent collection of ancient arms and armor.

The collection, which includes some fine English armor from the times of James I. and Cromwell, besides many savage weapons which Lord Wolseley collected in the Sudan, Egypt and South Africa, will be sold at a London auction room.

Being a soldier and not a financier, Lord Wolseley has lost steadily in reckless commercial enterprises, with which he has occupied himself since he vacated his position as Commander-in-Chief. Mortgages have been piled upon his country house, Glynde, in Sussex, and he has been compelled to accept the King's grant of apartments at Hampton Court Palace, which is a kind of royal almshouse.

A Thrilling Cliff Accident.

Alum Bay, in the Isle of Wight, was the scene of a perilous adventure recently. A man and his son were standing on the top of the cliffs which fall a sheer 150 feet to the bay, when they stepped on a bed of sand, which gave way beneath them. They slid thirty feet down the face of the cliffs until their fall was arrested by a small ledge of hard sand. Bracing their backs against the cliffs, they waited in momentary fear of a further fall until they were noticed from the beach below. Three blue-jackets, who witnessed the accident, hurried to the top of the cliff with a rope which they lowered. The man fastened it round his son's waist, and he was drawn up into safety. The rope was lowered a second time and the man was rescued from his terrible position.

Held Back.
"That big fourtury over there can't get ahead very fast."
"Why not?"
"It's always casting anchors."

PLAIN TALK FROM THE DOCTOR

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success:

One ounce fluid extract dandelion;
One ounce compound salutaria;
Four ounces compound syrup sarsaparilla.
Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.
This mixture will, he says, positively cure any disease arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which if allowed to remain, cause lumbago, lame back, rheumatism and point, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost. This advice will undoubtedly be much appreciated by many readers.

Local and Provincial News

Of Special Interest to Our Readers, Gathered By Our Reporters from Many Sources, Whirl of the Town.

Messrs. D. J. & J. D. Buckley, of Rogersville, are building a new wharf at French Fort Cove.

On account of the pastor's absence, there will be no service in St. Andrew's Episcopal church next Sabbath.

Rev. Mr. and Mrs. Mitchell, of Redbank, will be home this week from Nova Scotia. Mr. Mitchell will preach in Redbank Sabbath morning at 11 a. m. and in Whitteville at 3 p. m.

Mr. L. A. Palmer has bought the stock and good will of the business lately conducted by W. R. Johnson, Bathurst, and has opened up for business with a large stock. No doubt he will make a success of the enterprise in that bustling town.

Postmaster Edwards, of Fredericton, reports that during the Exhibition week 15,000 one-cent stamps were sold. Most of these were used in mailing picture post cards, showing to some extent how far the post card fad has gone.

Scott Act Inspector Adam Dickson, late of Chatham, and for a little over a month in Moncton, has sent in his resignation. In Moncton he served twenty Scott Act papers, all of the parties being fined \$50. This means that the miscellaneous revenue of the city was increased by one thousand dollars.

Wesley Edwards, of Fleurant Point, Que., met with a shocking accident on Saturday morning by having one of his arms caught in a hay press which was operating. He was brought to Dalhousie and taken to Dr. Ferguson's office, where the injured member was dressed. No bones were broken but the muscles were badly torn and a part was removed.

Mr. John W. Miller's new automobile is a very important addition to the town's transportation department. It is a 120 wheel-base 40 horse power car, capable of going 60 miles an hour. It is a 6-cylinder Ford machine, from Walkerville, Ont., obtained through Anderson & Walker, agents at Fredericton. The car will carry seven persons and has great hill-climbing power.

The Moncton hospital board enquired further Friday night into rumors and reports that have been going round in reference to the management of the hospital, but secured nothing tangible to investigate or work upon. Two graduate nurses, Misses Sharpe and Miller, of St. John, reluctantly came before the board and refused absolutely to say anything. It came out that Miss Miller had made statements outside that she declined to make to the board.

James Evans, of the Richards Co., Campbellton, lacing a belt on Saturday afternoon, met with a very serious accident which may cost him the sight of both eyes. He was cutting the strings with a knife when the belt threw the knife, striking him in the eye. The fluid of the eye made its escape. Dr. Lunam was called in and did all that was possible under the circumstances. If inflammation does not set in there is a possibility of saving the sight of one eye at least. Mr. Evans will be treated by the best specialists in Montreal.

Mr. Frank Crocker, son of Mr. and Mrs. T. W. Crocker, of this town, who has been with the New Idea Pattern Co., of New York, has been promoted and transferred to the Chicago branch. Many friends here wish him success.

Many friends will regret to learn that Major T. W. Lawlor of Redbank finds it necessary to go to Bermuda for the winter, owing to the condition of his health. The Advocate trusts that he may return in the spring with renewed health.

Lumbermen seem to be scarce this season, but the prospects point to a better supply soon. The wage will not be as high as last year, so the employment offices state, and fewer men will be hired. Agents are at present offering \$30 per month for good men.

The Clydesdale stallion, Prince of Dovehill which was to have been offered for sale Friday morning at public auction at Fredericton was sold by private sale to J. D. Friar, manager of the Empire Separator Company, who will probably take him to Prince Edward Island. The price was about \$1,000.

In the suit of Turner against the Tracadie Lumber Co. and R. H. Wing, tried recently in St. John, the plaintiff claimed \$30,000 damages and held Mr. Wing in \$4,500 bail. Mr. Baxter acted for the plaintiff and Mr. R. A. Lawlor for the defendants. The suit was withdrawn and the bail discharged.

Hall's Creek bridge, Westmorland, which has been out for two years, was formally opened Thursday afternoon. The structure is 729 feet long, sixteen feet wide, is of steel with a draw and the cost is in the vicinity of \$20,000. The Westmorland members, Hon. Jas. Barnes, Senator McSweeney and others were present.

At Chatham, on Saturday, a new branch of La Société L'Assomption was instituted by Organiser J. H. LeBlanc, of Fitchburg, Mass. The charter membership is 26.

The officers are: Chancellor, Leandre Paulin; Pres., Clement Brénoir; 1st Vice-Pres., Eugene Doucet; 2nd Vice-Pres., Jean McGrath; Fin. Sec., Z. Brisson; Rec. Sec., Toussaint Bodeur; Treas., Urbain Babineau; Ordinateurs, Jos. Richard and Alex. Cyr; Directors, Val. McGrath, Pierre LeBreton and Henri DeMontreux.

There have been five or six Scott Act cases in the Police court this week. Chief Lawson is going through the list of regular dealers at the rate of one a day, and the complaints are for first offense. On his second round up, it is expected the charge will be for second offense, and on his third third offense. Then there will be weeping and gnashing of teeth.—Saturday's Chatham World.

The heaviest prize winners at the Fredericton exhibition and the amount of their winnings, are: Walter McMonagle, Sussex, \$378; W. W. Black, Amherst, \$272; McIntyre Bros., Sussex, \$221; Roper Bros., Charlottetown, \$278; Logan Bros., Amherst, \$250; J. Baker and Son, Barronsfield, \$135; R. A. Snowball, Chatham \$121. Altogether about \$10,000 was paid out in prizes.

OBITUARY

HAROLD DOYLE.
Harold, the four months old son of Mr. and Mrs. Andrew Doyle, of Nelson, died very suddenly on Wednesday last. Funeral services were held on Friday, Rev. F. C. Simpson officiating.

NANCY IRVING.
After an illness of five weeks, Nancy Irving passed away at Emerson, Kent Co., on the 15th instant. The funeral was conducted by Rev. R. H. Stavert on the 17th and was attended by a large number, including her nephews, John, James and Archie Irving, of Buctouche, also Mr. John Robertson, of Bathurst.

The much debated question as to which is the faster, steam or gasoline, would seem to have been settled Saturday when Frank Goodwin's steam yacht won from Frank Jordan's gasoline boat by about three minutes in a nine mile course. The boats which are about the same size, 35 feet, raced from Day's Landing to Indiantown. The contest created a lot of interest and has probably settled the question among Indiantown disputants anyway.—Evening Times.

A fatal shooting accident occurred in Enishone, near Grand Falls, on Thursday evening. Octave Albert took his rifle to a back field, where he was working. About 7 o'clock the report of a rifle was heard and when he did not return a search was instituted. He was found lying dead with a bullet hole through his breast. The deceased, a son of E. H. Albert, leaves a wife and family. The shooting is regarded as accidental.

Mrs. J. D. McAuley, accompanied by her son Frank and her daughter Trixy, left Monday night for the Western States, to visit her brothers and sisters. Her brothers are Messrs. W. A. Shackleton, of Arkansas, and W. H. Shackleton, of Kansas City; and her sisters are Mrs. C. Monroe, of St. Paul, Minn.; Mrs. Anna Ferris, of New Albin, Iowa; and Mrs. G. Richard Collins, of North Dakota.

Her son, O. G. McAuley, accompanied her as far as Montreal.

On the night of her departure, Mrs. McAuley gave a very enjoyable entertainment at her home, the Union Hotel. Those present were: Misses Kate Wiseman, Evelyn and Lily Williamson, Jennie and Annie Brooks, Maud Ronan, Florence Russell, Nellie Fitzgerald, and Josie McLellan, Mr. and Mrs. A. Forbes, Mrs. M. McLeod, Messrs Thomas Russell, M. E. Betts, D. T. Robichaud, John Mullin, Fred Locke, and Willie Borton. At 10 o'clock, an oyster supper was served at which Mr. Thomas Russell, in well-spoken words, wished Mrs. McAuley Bon Voyage and thanked the family for their kind hospitality. At 11 o'clock, the merry guests sang "God be with you till we meet again," and the gathering dispersed.

The Newcastle Cricket Club played a game in Chatham with the Miramichi Cricket Club of the latter place, last Wednesday afternoon. The Chatham team won with a slight margin, the Newcastle men doing very good playing. The total score was:—Newcastle, first innings, 18; second, 19. Miramichi, first innings, 21 second, 22, with three wickets to fall. The teams were: Newcastle—A. H. MacKay, Captain, C. Russell, G. G. Stothart, Allan Ritchie, R. Cory Clarke, Rev. F. W. M. Bacon, J. Davidson, L. Stephenson, Walter Maltby, Principal B. P. Steeves and T. H. Whelan. Chatham—B. S. Peacock, Captain, S. S. Stearns, D. Pow, D. G. Beveridge, J. B. Beveridge, W. H. Snowball, F. N. Beveridge, E. Messervy, R. Rideout, Dr. W. S. Loggie and Fred Heckbert.
