BAFFAELLE SMITH'S ADVENTURE.

A Rich Story.

Reffaelle Smith, the artist, cn one occasion feeling a sharp appetite, which he had no means of satisfying during his journey, fixed upon a plan by which he hoped to succred in getting a dinner. It so happened, however, that another person by the name of Smith was travelling in the same direction, though on a very different mission. How Raffaelle got into the wrong box will be learned as the details are unfolded. Raffaelle had no sooner brought his soliloquy to a satisfactory conclusion, than he
