If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

## FORMAL OPENING OF HOTEL DIEU

**Large Number of Citizens Inspect New Hospital Building Sunday.**  
The formal opening of the Hotel Dieu Hospital, Campbellton, took place on Sunday afternoon, when the public generally were invited to attend, the opening taking the form of an inspection of the building. A large number of citizens took advantage of the occasion and proceeded to the hospital on Sunday afternoon when they were shown through this well appointed and up-to-date building by numerous lady ushers. All the visitors expressed entire satisfaction with the provisions made for the care of the sick when taken through this up-to-date hospital. The building itself has been substantially erected and is a credit to the contractors and all who were interested in its erection.

As the visitors were shown through the various rooms they were fully convinced that the Hotel Dieu Hospital, Campbellton, was not surpassed by any on this continent. The public wards of which there are four are large and airy as are also the private wards, and all are handsomely furnished. The operating, x-ray and sterilizing rooms contain everything known to science to bring them up to the required standard. Two handsome sun rooms for convalescent patients have also been provided. The kitchen, dining room and laundry are furnished with everything required for the proper handling of this kind of work.

The dispensary is well provided with all necessary requisites. At four o'clock in the afternoon a service was held in the Chapel of the hospital at which Bishop O'Leary, Administrator of the Diocese of Chatham presided, when the Benediction of the Blessed Sacrament was carried out after which there was the usual Procession of Corridors and Wards. Bishop O'Leary was assisted in this service by Rev. Father Gregory of Restigouche, Rev. Father Heart of Dalhousie, Rev. Father Melanson of Campbellton, Rev. Father Pelic of Restigouche, Rev. Father Lanteguiere of Athol and Rev. Father Sivert of Campbellton.

In the evening at 7:30 in the Church of Our Lady of Snows there was the Erection of the Way of the Cross and the Benediction of a Calvary. This service was conducted by the Rev. gentlemen taking part in the afternoon service, Rev. Father Cox of Montreal delivering the sermon.

The hospital was visited by some two thousand people in the afternoon, and the service in the evening was attended by some 1,500 citizens.

It is with greatest satisfaction the citizens of this town find the management of the Hotel Dieu Hospital in their new quarters, their labors for the suffering during the past ten years having been carried on in temporary quarters under most trying conditions, yet there was no let up in the best services they were rendering nor was there one word of complaint concerning the difficulties under which they labored.

## NEW RULES FOR LEMON EXTRACT

**No More Dollar Bottles—Strict Regulations for Sale of Such Extracts.**  
Fredericton, N. B., July—In pursuance of an announcement made by Premier Foster to a delegation of wholesale grocers that the provincial government would make regulations governing the sale of extract, essences and tinctures the Royal Gazette contains notice of the rule and regulations.  
These are made under the Intoxicating Liquor Act of 1916 and reduce the quantity of extract which may be retailed in any one container to two and one-half ounces and provide several penalties for infraction of any of the rules and regulations. This action, it is said, is taken on account of the use of extracts for beverage purposes and the recent prosecution of wholesalers at St. John under the prohibition act for having extracts for sale.

It is provided that every manufacturer, wholesale merchant or broker, before he shall manufacture, compound, purchase, receive, keep for sale or sell any tincture, essence or extract of ginger, lemon, vanilla or any other flavoring extract containing alcohol, must first notify the inspector by registered letter at Fredericton of his intention.

No extracts, essence or tinctures shall be sold except in containers or bottles containing not more than two and one-half ounces and all persons selling such must keep a record book showing the names and addresses of all persons buying, the dates of sale and the quantities of all sales. A true copy of such record must be furnished any inspector upon demand and the book must be open to inspection by any inspector.

The regulations however will not prevent the sale of such extracts in a bottle or container containing more than two and one-half ounces, to a druggist or manufacturer of confectionery or similar commodity or to a person in any trade or business in which any such article is commonly used for legitimate purposes, or to any public institution or to dealers for resale to any of the persons mentioned in the proviso.

Record books for such sales must be kept and every person so selling shall have reasonable ground to believe that such sale is for legitimate purposes.

Preparations containing less than two per cent of proof spirits do not come under the provisions of the rules and regulations.

No peddler or transient trader is permitted to sell or dispose of any tincture, essence or extract mentioned, no sale for beverage purposes is authorized, no retailer shall sell to any one person in one day more than two and one-half ounces, except as provided.

Any person, firm or corporation, his clerk, servant or agent selling for beverage purposes shall be liable. Penalty for a first offence \$10 fine, for second offence a fine from \$20 to \$40. In default of either penalty the accused is to go to jail for a period not to exceed one month.

## RETURN THANKS FOR ASSISTANCE

**St. Quentin Fire Relief Committee Grateful for All Assistance Rendered.**  
Saint Quentin, N. B., July 20th, 1920  
To the Director of the Graphic:  
Will you do us the honour, Sir, to give us a small space in the columns of your paper, to permit us to fulfill a duty that has already too long been delayed. The mark of sympathy that you have always shown us, makes us hope you will devote your columns for this publication. You will not doubt remember these words in the Gospel: "He who gives to the poor, lends unto God."  
The terrible fire that destroyed the most prosperous part of our village in the month of May last, and also destroyed several of the farmer's holdings on the ranges which forms our Parish, touched the sympathy of the people of our Province and also the commercial centers in other Provinces. The trials were certainly difficult to bear, because of the awful ruins that the fire caused, but it would have been doubly hard if the generous people had not come to our succor, uplifting at the same time, the morale of the sufferers by consoling words, and also by aiding materially to stop famine. To all those that so nobly responded to our need we publicly offer our sincere thanks.

It is our duty to thank in particular the following towns and villages—Edmundston, Chatham, Bathurst, Sussex, Marysville, Dalhousie, Saint John, Shediac, Milltown, Northumberland Municipality and Arsenau Sidings.

To this list we must add the following associations and persons who have also furnished material help, and to whom we feel special mention must be made—The Red Cross Society of Montreal, St. John, Fredericton and Milltown, The Star Tinsmith Co., Ed. Desjardins, St. A. St. Denis, St. Joseph, Messrs. D. A. Stewart, D. Champoux, P. M. Shannon, Campbellton; Pius Michaud, Edmundston; Rev. F. Dugal, Drummond; Rev. E. Delagardie, Nash's Creek; M. Roy, watch maker, Campbellton.

The Provincial Government through the help of our local members, Messrs. A. T. LeBlanc and Wm. Currie, has shown themselves very generous for our regard.

To each and to all, once more we express our cordial thanks.  
The Fire Relief Committee for St. Quentin.  
REV. E. MARTIN, Chairman

## WEDDING ANNIVERSARY HELD AT RICHARDSVILLE

On the evening of July 7th, a very pleasant event took place at the home of Mr. and Mrs. Irvine Campbell, Richardsville, when Mrs. Campbell's father and mother, Mr. and Mrs. John Cochrane celebrated the golden anniversary of their wedding.

Although the weather was very disagreeable, the rooms were filled to overflowing and a very happy group sat down to the bountifully laden tables where all did justice to the good things which were provided.

After the supper a very pleasant time was spent in social chat, music and dancing.

The presents received were beautiful and valuable, among them being \$97.00 in cash, \$52.00 of this being in gold.

About ninety-five guests were present among which the following from outside places: Mrs. Marston, Mr. and Mrs. Cochrane's daughter of Boston, Mr. and Mrs. John Miller and Mr. and Mrs. R. J. Miller, Blacklands; Mr. and Mrs. D. W. Miller, Charlo; Mrs. Mary MacKenzie, River Charlo; Mr. Robert Cochrane and Mrs. Angus Campbell from New Richmond; and Mrs. Alex. Langille and Mrs. R. Socke of Malagask, N. S. The gathering broke up in the wee sma' hours of the morning, all those present having spent a very enjoyable time.

## A BONE DRY PROVINCE SOON

**Temperance Workers Now Out For Referendum on Importation Matter.**  
St. John, N. B., July 21—With the prestige of their majority vote in the recent prohibition plebiscite vote in New Brunswick, prohibition workers are now out for the referendum on the matter of importation of liquor into this province. At a meeting of the prohibition central committee of this city last night, a resolution was adopted requesting the Provincial Government to summon a special session of the Legislature to pass the necessary resolution preparing the way for a referendum on this question. It also passed one urging the Provincial Government at once to bring into force all the sections of the amendments to the Provincial Prohibition Act providing for government control of the sale of liquor for legal purposes and that the commission appointed be one sympathetic to the administration and enforcement of the law.

If you could save the daughter of the man you loved, only by disgracing yourself, what would you do? See Alice Joyce in "The Winchester Woman."

How long does a man retain his fascination for women? See "The Winchester Woman."

## CAMPBELLTON TO MATAPEDIA

As will be seen by advertisements elsewhere an auto stage service has been established by Mr. J. G. Scott between Campbellton and Matapedia. Three round trips every day, except Sunday, will be made. There is no doubt this service will prove of great benefit to Campbellton. The hours of departure from Campbellton will be 8 a.m., 11:30 and 3:30 p.m. From Matapedia, 9:15 a.m., 1 p.m. and 4:45 p.m. These hours will be most convenient for both Campbellton and Matapedia residents. Campbellton people may leave here in the morning at 8 o'clock and enjoy the day at Matapedia returning here at about 5:30 in the afternoon. This stage service will also enable Matapedia residents to do their shopping in Campbellton the stage leaving here at 9:15 in the morning at 1 and 4:45 in the afternoon. Parties living along the route between Campbellton and Matapedia will also find this stage service of inestimable value.

## LAW-PARKER

At the Baptist Parsonage, July 20th, by Rev. W. Camp, Mr. James Law of Campbellton, formerly of New Glasgow, was united in marriage to Miss Ida Parker of Campbellton, N. B. They will reside in Campbellton.

## HARVEY-IRVINE

At the Baptist Parsonage, July 21st, by Rev. W. Camp, Mr. Mitchell William Harvey of Campbellton was married to Miss Laura Elizabeth, daughter of Mr. and Mrs. Daniel Irvine of Mann's Settlement. The happy couple will reside in Mann's Settlement.

## JUMPED OVERBOARD AND WAS DROWNED

Quebec, July 20.—The C. P. O. S. liner Scandinavian from Liverpool docked here to-night at 11:10 o'clock. The vessel was delayed for three hours at the quarantine station at Grosse Ile, owing to one of the third class passengers committing suicide by jumping overboard. The victim was James A. Giles, born in England, aged 31 years.

## STABBED AND ROBBED ON MONTREAL STREET

Montreal, July 21.—Stabbed in the back and robbed by three assailants at the corner of University and Dorchester streets, at midnight, John J. Joyce, 28 years of age, of Boston, Mass., who is stopping in Montreal, suffered a severe wound and was taken to the General Hospital in a serious condition last night.

Is the power of the press greater in the making or destroying of characters? See Alice Joyce in "The Winchester Woman."

## INSULT TO FRANCE WAS STUDIED

**Military Authorities Mad Carefully Planned as**  
July 18.—Further details of the incident at the ceremonial reparation for the insult to the French flag at the embassy show a prearranged insult was intended by the German military authorities. Apart from the condition of the German troops in singing "Deutschland Ueber Alles" there was carefully studied mimicry.

For such an occasion full parade dress, of course, should have been worn, but instead the whole company was in field grey even to the caps which long ago had been abolished for the whole garrison troops of Germany in favor of helmets. Further, the uniforms were old, evidently dug out for the occasion, and the high clumsy boots were unpolished.

The appearance of this ragged regiment was greeted with appreciative laughter and cheers by the crowd in the streets. Near eye-witnesses say the presentation of arms was carried out in anything but the proper ceremonial manner.

Reactionary papers vigorously protested against the summary dismissal of Major Haut, of the military police, who is held responsible for the flag incident.

## AN INTERESTING STORY.

Have you ever read "In Secret" by Robert W. Chambers? Well, it is going to be presented at the Opera House in serial form starting this Friday and Saturday and the management is urging all patrons not to miss the opening chapter.

The picture version which is entitled "The Black Secret" features Pearl White, heroine of several successful serials in the past.

Mr. Christie is very enthusiastic regarding "The Black Secret" and claims it is going to be the best liked and most closely followed serial which the Opera House has yet presented.

Unlike most serials, "The Black Secret" has an intensely interesting and exciting plot as a basis for the story and instead of the usual meaningless reliefs from week to week is worked out in a highly absorbing and entertaining manner. Patrons will find a new turn in the direct story each week instead of the usual ruse with the promise of revealing the entire story in the next two or three chapters and then proceeding from "cliff-hanger" to "cliff-hanger" until the close.

## FOR CEMETERY WORK.

At a meeting of the committee appointed to attend to the Protestant Burial Ground at Fundland it was decided to invite men interested in the work to be at the cemetery Monday morning, 20th July, with teams and implements for clearing the grounds. Mr. Daniel Adams of Glenelg was appointed to supervise the work of the volunteers.

Suppose you had been tried as a slayer, and acquitted, should you care to have it known? See Alice Joyce in "The Winchester Woman."

## MOTHER AND CHILDREN BURNED TO DEATH

Jersey City, N. J., July 21.—Mrs. Andrew Polski and her three young children were burned to death while asleep in their home here last night. The fire started in a saloon conducted by Mrs. Polski's husband on the ground floor of a three story frame building in which they lived.

Which is the more ingenious sex, man or woman? See Alice Joyce in "The Winchester Woman."

365 Days a Year Service

All motorists, especially those who use their cars for business purposes, must have steady service. They soon learn that correct lubrication is vitally important to uninterrupted service and that Imperial Polarine gives adequate thorough lubrication.

Imperial Polarine keeps the engine running smoothly and quietly by establishing and maintaining a perfect piston-to-cylinder seal, which holds all the power of the fuel charge behind the piston.

Imperial Polarine thoroughly lubricates and cushions every rubbing surface with a wear-resisting oil film. When used exclusively breakdowns are infrequent, depreciation is low, fuel costs reduced.

One of the three grades described below is specially suited to your motor. Look for the Imperial Polarine Chart of Recommendations where you buy your oil and learn which grade to use.

Imperial Polarine is sold in one and four-gallon sealed cans, steel 124-gallon kegs, steel half-barrels and barrels, by dealers everywhere.

GASEPE COAST RAILWAYS NOW

Want Government to Take Over Management and Link Up With C. N. R.

The public will read with interest the following two letters addressed by the Quebec Board of Trade to the Hon. Charles Maclell, M. P. for Bonaventure and the Hon. J. D. Reid, M.P. Minister of Railways and Canals:—

Quebec, June 16th, 1920 Hon. Chas. Maclell, M. P., Chambre des Communes, Ottawa.

Dear Sir:— I beg to enclose a copy of a letter addressed to the Quebec Board of Trade to the Hon. the Minister of Railways, advocating the acquisition by the Government of the two railways between Matapedia and Gaspé, the operation thereof by the Government Railway System, and the creation of cold storage facilities at different points on the Baie des Chaleurs, so as to enable Canadian cities to be supplied with fresh fish from these inexhaustible fisheries, just as all the cities in Great Britain are supplied with fresh fish from Aberdeen and Grimsby, on the North Sea.

A beginning has been made in this direction by the carrying of fresh fish in refrigerator cars from Halifax by the Government railways, but it is to be observed that Halifax is a long distance from the fishing banks, whereas the fish supply of the Baie des Chaleurs touches the railway itself, and that the distance from Halifax to Quebec by rail is nearly twice as great as that from Paspébiac to Quebec.

We would earnestly request your urging upon Parliament the great importance of this question, involving, as it does, cheap food for the people. It is quite as important to the building of new railways in the grain districts as to the western people.

If the difficulty of raising money should be urged by the Government, we would suggest that it might be possible to obtain control of these roads by rental or by the Government guaranteeing their securities to an extent that might be agreed upon.

Yours truly, (Sgd.) T. LEVASSEUR, Secretary, Quebec Board of Trade.

Following is the letter to Hon. Mr. Reid, Minister of Railways and Canals:—

Quebec, June 11th, 1920. Hon. J. D. Reid, Minister of Railways, Ottawa.

Dear Sir:— The Quebec Board of Trade under-

I SUFFERED FIVE YEARS

Finally Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Paris, Ont.—"For five years I suffered from pains caused by displacement of my organs and in my back. All of this time I was unfit for work and was taking different medicines that I thought were good. I saw the advertisement in the papers of Lydia E. Pinkham's Vegetable Compound and took it faithfully. I am now in perfect health and do all my own work. I recommend it to others, and give you permission to publish this letter in your little books and in the newspapers as a testimonial."

—Mrs. Cassie M. Paul, Paris, Ont. Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound. For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been afflicted with such ailments as displacements, inflammation, ulceration, irregularities, etc. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**EAT What You Want** without distressing after effects. There is no reason why you should not, now that you know there is a medicine that will unfailingly counteract dyspepsia and other stomach troubles.

**HAWKER'S DYSPEPSIA REMEDY**

gives quick relief to stomach troubles, regulates and invigorates the digestive system, and permits proper eating without distress and pain. Give Hawker's Dyspepsia Remedy a chance to relieve your suffering. Sold at all drug and general stores. 50c. The Canadian Drug Co. Limited, St. John, N.B.

NOTICE OF SALE.

To Ferdinand Belanger of the Town of Campbellton in the County of Restigouche and Province of New Brunswick, Hotel Keeper, and to the heirs, executors, administrators and assigns of Bernice Belanger, late of the Town of Campbellton, deceased, deceased, and all others whom it may concern:—

Notice is hereby given that under and by virtue of a Power of Sale contained in a certain Indenture of Mortgage bearing date the first day of November, A. D. 1912, made between Bernice Belanger of the Town of Campbellton in the County of Restigouche, with of Frederick and Belanger, in her own right, and the said Ferdinand Belanger, Merchant, of the first part, and David A. Stewart of the same place, contractor, of the second part, and duly registered in the Office of the Registrar of Deeds in and for the County of Restigouche as No. 13847 on pages 250, 251, 252 and 253 in Book "O2" of the said records, there will be for the purpose of satisfying the money secured by the said Indenture of Mortgage, default having been made in payment of principal and interest thereof to be sold at public auction in front of the Post Office, Campbellton in the County of Restigouche, on Friday the twentieth day of August, A. D. 1920 at the hour of twelve o'clock noon all the lands and premises described in the said Indenture of Mortgage bounded and described as follows:—

Commencing on the northern side of Water Street at the southeast corner of a lot of land owned by Henry Bernard and from thence running northerly along the eastern boundary line of said Bernard lot a distance of seventy-three feet to the rear of said Bernard lot a distance of thirty-one feet, six inches to the eastern line of J. Levesque lot, thence running northerly along the eastern line of J. Levesque lot a distance of twenty-seven feet, thence running easterly a distance of sixty-four feet, thence southerly a distance of one hundred feet to the northern side of Water Street, thence running westerly along the northern side of Water Street thirty-two and a half feet to the southeast boundary line of the said Bernard lot or place of beginning. Buildings thereon and rights and membership privileges and appurtenances to the said lands and premises belonging or in any manner appertaining.

Dated at Campbellton in the County of Restigouche this 20th day of May, A. D. 1920. DAVID A. STEWART, Mortgagee. H. A. GARR, Solicitor for Mortgagee. May 17-3-mos.

ROAD BUILDING IN GASEPE REGION

Highways Have Been Constructed in Several Very Difficult Sections.

The Department of Roads is now carrying on important works in the different sections of the Province, building highways in all centres, where it is thought necessary. Engineers have been sent to all districts and according to reports received work carried out is very efficient and already roads are being used with great advantage by the farmers and different industries. In the Gaspé region, highways have been built in very difficult sections, but now the new thoroughfares will be ready to be used shortly on long portions. While in that section Hon. Mr. Perrasault, Minister of Colonization, will inspect the new roads and on his return here will make suggestions to the Minister of Roads on the opportunity of building certain portions of roads for the settlers and farmers.

stands that the people of the counties of Bonaventure and Gaspé petitioned the Government to take over the two railways forming the shore line of communication on the Baie des Chaleurs between Matapédia, on the Canadian National Railways, and Gaspé, a distance of 202 miles, because the service is very defective and unsatisfactory.

The Quebec Board of Trade would strongly endorse this petition, for the following reasons:—

The counties of Bonaventure and Gaspé are two of the most important counties of the Province of Quebec, sustaining a population of about 80,000 people which is rapidly increasing owing to their great natural resources. The soil of this district is of the very best, the climate good, permitting of the cultivation of wheat, fruit, and of anything that can be grown in other parts of the Province. The dairy industry is flourishing, and the country abounds in lumber which gives work to many saw mills and to some very large industries in the making of pulp and pulpwod. This business could be vastly increased if the grades and physical condition of the railway would permit of the hauling of freight trains of average capacity, so that freight rates could be made more reasonable.

While the agricultural and lumbering resources of this splendid country are as important as those of any other part of the Province, the Gaspé peninsula has a greater source of wealth in its fisheries. The waters of the Baie des Chaleurs, that great arm of the sea, nearly 200 miles in length, and of the Gulf of St. Lawrence adjacent thereto, literally teem with fish of the best quality. Salmon are caught in abundance and also cod-fish, haddock, herring, halibut, lobsters, etc. The fisheries of the Baie des Chaleurs have been noted for more than two centuries. They have been carried on by wealthy firms from Jersey during that time and latterly by fish merchants of Gloucester and other places in the United States, who take away and re-pack this valuable food, and then send it all over the continent as being the product of their own fisheries.

The Jersey firms export their fish dried or salted to the Mediterranean, West Indies, Brazil and other places in South America. The result is that the Canadian fisherman gets a mere pittance for his fish, not to be compared with the price paid to the fishermen in British Columbia, whose fish, put fresh into refrigerator cars at Prince Rupert, gives him three times the price paid to the Gaspé fisherman.

The completion of the railway to Gaspé should have changed this situation, and should have made these rich fisheries a source of food supply in fresh fish of the finest quality for the people of Eastern Canada. But it has not done so, because the railway has not had the financial ability to put in the necessary plant nor to give a quick service to Canadian cities. In England and Scotland the fisheries are utilized to provide cheap food for the people by means of good facilities at Grimsby, Aberdeen and other points, with a fast train service which puts the fresh fish into every important centre of Great Britain a few hours after it is landed, so that poor people can have this food at one-third the price of meat.

The high cost of living makes this article of diet just as important for the people of Canadian cities. The Quebec Board of Trade would therefore most earnestly recommend that the Government should acquire the railways between Matapédia and Gaspé, improve them, put in cold storage facilities at Gaspé, Port Daniel and Paspébiac, and in refrigerator cars with fresh fish to the markets of Quebec, Montreal, Ottawa and Toronto.

We respectfully contend that it is quite as important for the country to develop this source of cheap food supply, as it is to develop the wheat growing districts of the West. Yours respectfully, (Sgd.) J. T. ROSS, President, Quebec Board of Trade. True Copy (Sgd.) T. LEVASSEUR, Secretary.

### EDITOR'S MAIL.

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.

July 19th, 1920.

Campbellton Graphic, Town.  
 Dear Editor:—  
 Kindly allow me through your paper to ask a few questions which I would be glad to have answered either in next week's Graphic or privately by members of the Fire Brigade, Mayors or Town Council.

Has the New Fire Station any manure shed, or land near it to build one on?

Was it because the Chief of the Fire Department was in the employ of D. R. McKee that this land was bought by the town?

Was it at the Baptist prayer meeting that the committee elected by the Fire Brigade, Messrs. O'Donnell, Bates and Carter decided to drop the Royal Exposition Shows?

Is a prayer meeting of less than twenty persons the best place to decide an issue of interest to the whole countryside?

Why did the police stop the game of throwing rings at games on the Orangemen's grounds, July 12th?

Are Mr. John Devereau of the police committee and Mr. Chas. Gray, policeman, both Orangemen?

Was this a mean, underhand and long round about way to hurt the Bazaar to be held in aid of the Hotel Dieu?

Had Mr. Farrar orders from the Council to turn off the electric lights and force the showmen to work all night in the dark, packing and hauling away, or did he take it on himself to jump on a man that was down?

Allow me to add that I worked for Leo Bistany, manager of the Shows, his dealings with me were upright, and I claim the same right to say a word for my employer that Mr. O'Donnell had the time of the land deal.

I was through every part of the Show and saw nothing out of the ordinary, but the same as I have seen at a number of shows of this kind not only in different parts of United States, England and Scotland but in our own towns of Fredericton and

### FRIDAY NIGHT'S BASE BALL GAME

K. of C. Trim the G. W. V. A. By a Score of Ten to Six.

The ball game last Friday evening was witnessed by about 400 fans. It was very exciting from start to finish. The Vets were badly crippled having to play Troy and Matthews, the former injuring one of his fingers badly before the game and the latter just out of bed after being ill for about two weeks. Never the less they did well. The K. of C. had their usual team and Ghanpoux was in good form, practically winning the game for the K. of C's by striking out 19 men out of 1. Paradis pitched a good game but his support was not up to the mark.

Are the base ball fans only going to pay their admission?

Where is the man, men or merchants who are going to donate a Cup for the winners of the league. Here is a chance for some person or persons with a big heart. Where is the buy-at-home league? The old ball fans secured the hall field. Come across now and be a sport. Some years ago one of the merchants put up a Panama hat for the first home run and we haven't forgotten about it. He is still in town. Let someone else do it this time.

Do you know how to darken your memory against evil recollection? See "The Winchester Woman."

Is it possible to hide forever the secret of one's past life? See Alice Joyce in "The Winchester Woman."

Chatham, New Brunswick.

No broad minded man of any creed will boycott either Opera House, Pool Room, or Bazaar in aid of Hotel Dieu because of this very unfortunate affair, we want all the amusement our slow town will allow.

Live and let live.

OLIVER DEWAR.

### CROP OUTLOOK IN NEW BRUNSWICK

Improvement in Hay Crop Reported—Potato Crop Shows Failure in Spots.

Fredericton, July 20—New Brunswick's hay crop which some time ago was expected to be almost a complete failure, will be only 25 percent less than last year, according to the latest official forecast by the provincial department of agriculture.

The report issued to-day also indicates satisfactory grain crops but losses of from 25 to 60 percent of the prospective potato yield in certain sections of Carleton and Victoria Counties, the big producing district of the province.

The first unfavorable reports on the fruit crop was also issued to-day and indicates that in some orchards there will be a "very light crop."

Mr. David Mott.

The death of Mr. David Mott of Head Tide occurred at his home last Friday. The deceased who had reached the age of 83 years was highly respected and much esteemed. For years he was the owner of Long Island opposite Flatlands, where he made his home. Disposing of this island a number of years ago to his nephew, Mr. W. D. Ducan, he moved to Head of Tide where he has since resided. He had been an invalid for a number of years past, being totally blind, and was the last surviving male member of the Mott family. He is survived by two daughters, Mrs. Murray Duncan of Head of Tide and Maud at home, and one sister, Mrs. F. Antell of Metis Beach.

The funeral services which were held on Sunday afternoon, Rev. Mr. Salter officiating were largely attended. Interment was made in the Campbellton Rural Cemetery.

### NOW DISCUSSING WATER QUESTION

Council Taking Up Matter of Improved Service and More Water.

An informal meeting of the Town Council was held Tuesday evening at which the matter of improved water service was the chief subject discussed. Engineer F. W. Holt of St. John was present and will make a report on conditions to the Council, making recommendations and giving estimates of cost, etc.

Mr. Tremblay of Montreal was also present and spoke strongly in favor of the town purchasing a motor fire wagon for the Fire Department. No action was taken on this.

NO POTATO BUGS ON NORTH SHORE

George F. Sanders of Annapolis Royal, N. S., and M. A. McLeod, Supt. of Agricultural Societies have just completed a two weeks' tour learning on "Potato Spraying." King's, Westmorland, Restigouche, Gloucester and Northumberland Counties were visited, twenty-four meetings being held, with an average attendance of fifteen. Mr. McLeod reports that the North Shore is absolutely immune from potato bugs this year and that on the whole the crops look very well, in the counties visited.

RECEIVED DECORATIONS.

Mr. John C. Ferguson recently received from the Honourable the Minister of Militia and Defence the 1914-15 Star and ribbon, won by his son the late Pte. R. Currie Ferguson of the Canadian Mounted Rifles. Also a short note expressing regret that Pte. Ferguson did not live to wear the decoration which he so bravely won.

Mrs. Ferguson has received a sterling silver Cross, which is given to the mothers of the fallen boys. This is engraved on back with her son's name and number.

2 Weeks of Sensational Bargains 2

Local Items of Interest

Newsy Notes of Town and Country Happenings Gathered by Graphic Reporters.

FOR THE GIRLS. The Allison Herald says the boys are becoming convinced that a drug store complexion does not taste well, though it may smell sweet.

HISTORIC CANNON MOUNTED. The old historic cannon have been mounted at Liverside park and add much to the general appearance of the grounds. Now if the ground was leveled off and the walls laid out the park would soon take shape.

BAD FOR PARTRIDGE. Henry Braithwaite, the veteran guide, who returned to Fredericton a short time ago from an extended trip to the Miramichi woods, says that the present season has not been as favorable to partridges as last year. He says that cold weather in the early part of June was bad for the newly hatched birds and he thinks there was heavy mortality among them.

RECEIPTS INCREASING. An unofficial forecast was made last week by Hon. P. J. Veniot, Minister of Public Works, while in Fredericton, on departmental business, that the receipts from motor vehicle license fees this year would exceed \$200,000. Last year's receipts from this source were in the vicinity of \$116,000, and a larger amount was estimated for this year, but it is now said that the receipts surpass all expectations.

BOARD OF HEALTH NOTICE. The public are forbidden to dump refuse matter of any kind on the O'Keefe lot, Ramsay Street. Any person found guilty of doing this will be prosecuted to the full extent of the law.

G. E. ASKER, Inspector. July 18-2-wks.

FOLDED THEIR TENTS. The Royal Exposition Shows pulled up stakes, folded their tents and left town quietly on Friday.

WILL PREACH SUNDAY. Rev. F. E. Boothroy, who is to take charge of the Methodist congregation here will occupy the pulpit at both services on Sunday next. Rev. Mr. Boothroy is on his way to England and will return to Campbellton about September 6th to take up his residence here.

WHY NOT FOR US. In the N. S. papers we notice that Parrsboro, Digby and Glace Bay have received captured German guns. Where is the one or more for Campbellton. No town in Canada did more for the King and country, but unless we ask for a war trophy we certainly cannot expect to get one. Let us get busy.

AUTO ACCIDENT. A car driven by Jack Carr of Dalhousie, in which were a woman and another man went over the side of a bridge just at the junction of the main road and the road to Eel River Crossing, Friday. The car is a complete wreck, but fortunately in the drop of about thirty feet the occupants were thrown clear and escaped with minor injuries.

NORTH SHORE MOTORS, LTD. Albert McLennan, Charles E. Eldon and Walter C. McLoon, of Chatham, and Alexander McLennan of Campbellton, have been incorporated as The North Shore Motors Ltd., to take over and acquire the garage business of Albert McLennan, of Chatham, and to deal in automobiles, airplanes, hydroplanes, engines, etc. The capital stock of the company is \$45,000 and the head office at Chatham.

ZAM-BUK is the best remedy known for sunburn, heat rashes, eczema, sore feet, stings and blisters. A skin food! All Druggists and Stores—50c.

CARD OF THANKS. Mr. and Mrs. J. O. Berthelot, Cross Point wish to thank their friends and relatives for their kind sympathy on the occasion of the death of their brother, the late Geo. Carroll.

POSTMASTERS NEXT. Shorter hours, increased salaries and "time and a half" for overtime were resolved upon as the coming year's objective by the Canadian Postmasters' Association at the concluding session of their convention. In resolutions adopted included a request for participation in the civil service bonuses, a demand that special consideration be given the pay basis of postal officials at customs ports and to officials on night shifts transferring mails from train.

The Table oil that is always good APROL pressed from Apricot Kernels.

HAD SCRAP WITH BEAR. Uncle Henry Braithwaite, the veteran guide and trapper who returned recently from the Miramichi woods, tells of a lively scrap which he had with a bear a short time ago. The animal had been trapped and Mr. Braithwaite tried to despatch it with an axe. The animal however, was too quick for him and after fencing for a time knocked the axe from the guide's hand. Mr. Braithwaite then emptied a 32 calibre revolver into the carcass of the brute and left him for dead. When he returned the next morning the bear was very much alive and made at the guide with a rush. This time, however, the guide had a rifle and a well directed bullet settled his bearship.

PROFESSIONAL. Dr. A. Pierce Crooke, eye, ear, nose and throat specialist, of St. John, will be at the St. Louis Hotel, Campbellton, Friday, July 30th, where he may be consulted professionally. July 22-2-pd.

DIED. Tide Head, July 16th, 1920, David Mott, age 85 years.

# TRADE AT HOME AND BUILD UP YOUR TOWN

Do YOUR part in building a great City of Campbellton, and the growth of the Bay Chaleur County, by patronizing Campbellton and Bay Chaleur Merchants and Factories. Every dollar you spend in Campbellton and Restigouche county circulates and leaves a profit in every hand that holds it. Money sent away from here rarely returns—when you send it away you are deliberately tapping the life and strength of your community. To patronize home industries is a duty every citizen owes to himself and those he loves.

SOME SHARP-SHOOTERS REQUIRED.

Is there any way to stop this flight? How many communities are making an effort to check this stampede of money THAT FLIES OUT of their home town. What is OUR community doing? What would all this money mean to YOU and ME, if it were spent with our business men? The picture is no DREAM or FANCY. The artist has simply brought HOME to us the hard facts. Let us face them as they are. The group of men with rifles provides the right ACTION for US. Let us organize to stop this flight. Let each one of us REMEMBER: That HOME values increase in proportion as we spend our money at HOME. That HOME values disappear with every dollar sent away.

Campbellton, N. B. July 22nd, 1929.

#### ABOUT A TOWN MANAGER

The following from the Woodstock Citizen Sentinel shows what a Town Manager has done and is doing for Woodstock. We have a better town, but under the present dispatch method of conducting town business are not making the improvements which are needed to keep it up to date.

### The Riders of the Plains

(1) A Royal Canadian Mounted Policeman rides well.  
(2) A fully equipped Mounted Policeman.  
(3) A Mounted Policeman in winter uniform.

The noble traditions and fascinating uniforms of the Royal North-West Mounted Police are exclusively our own in Canada and it is fitting that its re-organization, that it should be named the "Royal Canadian Mounted Police." The existence of tribes of wild Indians, the quarrels of the interior and the vast body of settlers coming in, led the late Sir John A. Macdonald to take possession of the great land by establishing the police in 1873. The aim was to have detachments of well armed and disciplined men, patiently posted throughout central posts.

The first force consisted of 16 officers, 201 men and 214 horses. The troops travelled by way of Chicago to Fargo and marched across the plains. In 1874, three hundred police set out from Fort Garry for the junction of the Bow and Belly rivers and a portion was detached to Edmonton. An old trading centre, Fort Whoopie, near the present city of Lethbridge, was first reached. The second centre was an Old Man's river and Fort McLeod was established. The police found plenty of work with the whiskey traders and soon gained the respect of the settlers and even the Indians, for their fair treatment.

In 1875, a fort was established at Calgary. Colonel Jarvis with 40 men, in charge of Fort Edmonton, where a Hudson Bay fort had been established, since 1796. In 1876, Fort Saskatchewan was built, twenty-six miles from Edmonton. There were 13 forts established by 1881. In 1882, a fort was built at "Pile of Bones,"

superior education. They have always been of great physique. Partisan riders, unswerving scouts, accustomed to hardships and rough fare and schooled in all the arts of diplomacy. It has been truly said that "there is one thing on this planet longer than the equator and that is the arm of British justice, and the mounted police are the men who enforce it."

Early last year, the police force had fallen to about 400 men as the result of drafts for the various theatres of war. Enlistments since have brought it up and included in Dominion Police Force. Operations were extended to include British Columbia and various Eastern provinces. The latest post to be established is Barnard Harbor on Coronation Gulf. This copper mine district is important because of large developments. Herschel Island, guarding the Arctic coast, is the most northerly patrol.

The air ship and airplane may be used in the long patrol of Canada's Northern Hemisphere. The furthest patrol could be covered in 16 hours and it took the Klondike gold seekers eighteen months.

His Royal Highness, the Prince of Wales is now honorary commandant of the force, which will be brought up to a strength of 3,500 men. The men of the force are usually men of

#### WHAT A NEWSPAPER COSTS

Montreal Herald—A despatch from Ottawa states that the increased price of newspaper, which went into effect July 1, represents an increase in production costs for Canadian newspapers of \$8,000,000 per annum, while the increased tax in postal rates means another million. If anyone wonders why the price of newspapers is being increased in many parts of the country, and is not impressed by these figures, he might add for increased wages and increased cost of materials a still further and very considerable sum.

Does justice always survive the onslaughts of evil? See Alice Joyce in "The Winchester Woman."

#### WHAT'S WRONG WITH CANADA

Seeking an answer to the above questions, Richard Irving in the "Farmer's Advocate" suggests that before we can make Canada an ideal and cheap place to live in, we may have to have:  
More overalls and fewer dress suits.  
More clay bricks and fewer gold bricks.  
More alarm-clocks and fewer "next morning" headaches.  
More aprons and less décolleté.  
More producers and fewer consumers.  
More democrats and fewer plutocrats.  
More bank accounts and less oil stocks.  
More real work and fewer "short-cuts" to wealth.  
More cheap coal and fewer diamonds.  
More old-fashioned Christianity and less class snobbishness.  
More real anxiety to assist humanity and less getting while the getting's good.

#### How fast does scandal news travel

without the use of the telegraph? See Alice Joyce in "The Winchester Woman."

#### Full and clear account and record.

7. An organized effort made in the development of public spirit and in securing new population and new industries.  
8. An effort to keep Woodstock on the map by publishing widespread the advantages of the town and in spreading the gospel of better business.

#### ALL OF WHICH HAS BROUGHT ABOUT A BETTER, MORE CREDITABLE AND ENTIRELY SATISFACTORY STATE OF TOWN AFFAIRS, AND WHAT IS MOST IMPORTANT THE TAX RATE IS \$1.66, THE LOWEST IN THE PROVINCE.

### SHOULD PRESS FOR ROAD REPAIRS

Tourists and Others Bound for Bay Chaleur Points Send Cars by Rail.

The need of a road down the Matapedia valley to connect with the New Brunswick highway at Matapedia was never more in evidence than this year. Three tourist parties the Graphic knows of, one of which came thousands of miles, were obliged to place their cars and come by car from Caspascap to Campbellton by rail.

It is said that there is one stretch of road about fifteen miles long which is impassable. If this short section was put in shape, cars could make the journey slowly. A few thousand dollars spent on this would mean much to the entire Bay Chaleur Country.

#### SERVICES AT PASPEBIAC AND NEW CARLISLE

Major Archdeacon Davidson of Peterborough, Ontario, will preach in the Church of England, Paspebiac and also in St. Andrew's Church, New Carlisle, on Sunday, July 25th.

#### Just Like a Man.

The Bride—But why do you look so blue, dear? You know papa has promised he will still buy all my dresses.  
The Groom—Yes, but I am wondering what the dickens we shall have to eat.

#### Consistency.

"Why don't you go to work?"  
"It would be highly improper for me to do so," answered the complainant. "My idea is that people should live without working; and I've got to see an example."

#### A One-Night Stand.

Mr. Ponderby had made a fortune during the war, and acquired a lengthy waist measurement.  
He was now striving to get a place in society, and with that end in view, volunteered to provide all the funds necessary for a local theatrical performance for charity.

The glee of the committee was however, damped when they learned that his one stipulation was that he himself must have a part in the play.  
"Why, he never can remember where his h's ought to be!" wept one lady in despair.

But Ponderby stood firm, and at last the committee gave way. They arranged that he should appear in the second act and just exclaim, with dramatic brevity, the word "Silence."

The great day arrived, and Ponderby was in a state of nerves, but all went well until the second act, when he was due to appear. With trembling lips and beads of perspiration on his forehead, he strode on to the stage, held up one beefy hand, and loudly exclaimed:—  
"Ush!"

"What a pretty girl old Greyson's got hold of!" exclaimed the envious young fellow to his friend, as they watched the skaters.  
"Yes," replied the other. "She certainly is pretty. But I think she must be his sister."  
"Why?"  
"Well, before they came on the ice I heard him ask her if she was never going to learn how to put on her own skates."

#### An Exception.

It was a model prison, and the warden was talking with his latest "guest."  
"Now, my man," he said, kindly, "have you a trade, or are you skilled in any line?"  
"Why, yes," the man replied.  
"Good. We always put men to work at their specialty. I'll do so with you."  
"I am afraid you won't, sir," the "Oh, yes, we will. What are you?" man replied regretfully.  
"Aviator, sir."

#### Local Items of Interest

Newsp Notes of Town and County Gathered by Graphic Reporter

**NO BALL GAME.**  
Because of the rain there was no ball game last evening.

**CORRECTION.**  
In Mr. M. F. Moore's adv. the item under "Ladies' White Canvas Shoes" should read "90 pr. White Canvas Shoes, regular \$2.50 for \$2.49."

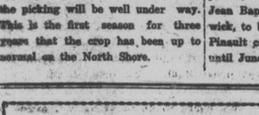

**PRIVATE DANCING LESSONS.**  
Arrangements can be made for private dancing lessons with Mrs. John Connolly at her home, Duke Street. Special attention is given to children's classes.

**BIG CITY ATTRACTION AT MURRAY HALL.**  
Bangor's Famous Jo-Mo-Ka, a novelty Singing Jazz seven piece Orchestra, conceded by Lewiston, Portland and Bangor papers to be the best Jazz Orchestra in Maine, will be at the Murray Hall, Campbellton on Friday evening, July 2nd, to play for any dancing party. Dancing from 8 to 1 a.m. Everybody invited to come.

**BUMPER BLUEBERRY CROP.**  
Everything points to a record blueberry crop on the North Shore this year. There was very little frost to harm the blueberries and the berries are reported very plentiful and ripening fast so that in about two weeks the picking will be well under way. This is the first season for three years that the crop has been up to normal on the North Shore.

**PROVINCIAL RESTIGOU.**  
St. Quentin is the place of Asparich; E. Jean Baptiste, to be Pisanit got until June.

**WE HAVE A BIG DEMAND.**  
Royal Household Flour, Oats, Shorts, Cream Barley Meal for pigs, Feed Wheat

There was very little frost to harm the blueberries and the berries are reported very plentiful and ripening fast so that in about two weeks the picking will be well under way. This is the first season for three years that the crop has been up to normal on the North Shore.

**STILL SILENT.**

The Town Clock is still silent. It is greatly missed, when will repairs be made?

**HEAVY DOWNPOUR.**

A very heavy rain storm prevailed last evening. The streets were flooded.

**UNION S. S. PICNIC.**

The union Sunday School picnic, the first since 1914 was held at Head Tide yesterday and was attended by a goodly number. Unfortunately several showers put a damper on the fun, but nevertheless an enjoyable day was spent.

**NEW BELL NEEDED.**

The crossing bell at the Fortin crossing is certainly a poor affair. It can hardly be heard at fifty feet distance, while the one at the Andrew Street crossing makes a loud noise. The Fortin crossing is the most dangerous in town and certainly should have a good loud bell.

**PROVINCIAL APPOINTMENTS.**

Restigouche—Napoleon Bergeron, of St. Quenon, to be chairman of revisers for the parish of Grimmer, in place of Arne Dube, who has left the parish; E. Labrie, of St. Quentin, and Jean Baptiste St. Laurent of Kedwick, to be auctioneers; Dr. Louis G. Flausit continued as school trustee until June 30, 1924.

**OBITUARY.**

**Mrs. A. W. Buckland.**  
It is with sincere regret that we report the death of Mrs. A. W. Buckland, which occurred last week at the Rectory, New Carlisle. Mrs. Buckland had been very ill for at least two years, which was the result of an accident received three years ago while doing duty overseas as a Canadian Red Cross visitor. While paying a visit to a hospital, the ambulance car overturned, the result was severe injuries to Mrs. Buckland for which, after two operations she succumbed. Mrs. Buckland was highly respected for her many excellent and Christian qualities and gifts. It is known that during the war she not only visited the soldiers in the hospital but did everything possible for her "disabled boys" and wrote their letters. While in hospital herself, soldiers on crutches and arms in slings, called to extend their sympathy and said, "You are one of us, disabled and wounded in the Great War."  
Mrs. Buckland's work will long be remembered and who for many months was one of Lady Bannasy's (Princess Patricia) fellow-workers.  
The funeral was largely attended in New Carlisle. The War Veterans, under Sergt. Major Dawson, acted as pall-bearers, while the flags in the town were at half mast. The Rev. Mr. Warren of Cape Cove, Rev. Eardley Wilmet of Shigawake, Rev. Hodgson of Port Daniel, took part in the simple, but yet beautiful services of the Church of England. The combined surpliced choir of St. Peter's Church, Paspébiac and New Carlisle, took part in the service.  
The floral tokens of love and affection to Mrs. Buckland were many.  
After the service at St. Andrew's Church, New Carlisle, the funeral cortege reformed and the body which was accompanied by Mr. Buckland, was entrained to Montreal where the remains were interred in Mount Royal Cemetery. Mr. A. E. Bouillon acted as director and which was ably carried out.  
Much sympathy is extended to Major Rev. A. W. Buckland in his great affliction.  
(Montreal Herald).

The funeral took place yesterday of the late Mrs. Buckland, wife of Major Rev. A. W. Buckland, rector of St. Andrew's Church, New Carlisle, Que., from the chapel of Joseph Wray, Mountain street, to Mount Royal Cemetery. Mrs. Buckland went overseas every three years ago, and while engaged in her duties as a Red Cross visitor to the Ontario Government Hospital in Kent, sustained injuries in an ambulance accident, from which she never fully recovered. Following two severe surgical operations, she died on Tuesday last at New Carlisle. Mrs. Buckland is survived by her husband, Major Rev. A. W. Buckland, who did duty as a chaplain in the Canadian forces overseas in both France and also in Montreal; also by two sons, Archie and Albert Buckland, the former having gone overseas with the 3rd Siege Battery; while a third son, Gilbert, who had also gone over with the Canadian Engineers, died in Montreal in the influenza epidemic at the end of 1918.  
Services both at the chapel and at the graveside were conducted by Colonel the Rev. John M. Almond, an old family friend. The funeral was largely attended, among those present being Major Buckland, W. Buckland, father-in-law; Joseph Buckland, brother-in-law; John Drummond, George Drummond, John Craig, Phillip Up-ton; James O'Neill and Charles O'Neill, Ottawa, brothers; Kenneth McEwen, of Perth, Ont., nephew. There were numerous floral tributes received from friends in New Carlisle, Quebec and Montreal.  
Mrs. Buckland was a daughter of the late Major John O'Neill, of Pakenham, Ont., who during the Fenian Raid raised two companies to repel the invaders.  
Mr. Geo. P. Carroll.  
The funeral of the late Geo. P. Carroll, took place from the home of his brother, Augustin Carroll on July 16th at 8 o'clock, interment being in the R. C. Cemetery at Maria, Que. and was very largely attended. The pall-bearers were Jas., Daniel and Edwin Sexton, cousins of the deceased, Oswald Campbell, Augustin St. Onge, and Lucien Cyr.  
The young man, who was in his 26th year and whose sad death occurred by drowning while bathing on the evening of July 13th, had been employed as brakeman on the C. N. R. yard at Newcastle.  
His death has cast a deep gloom over the entire community where the young man was both well and favorably known.  
His death has cast a deep gloom

**SENSATION AT CONSTANTINOPLE**

**Plot to Promote Uprising of Moslems Discovered and Many Arrests.**

Constantinople, July 21—Wholesale arrests were made here today in connection with an alleged plot to promote a general uprising of Moslems against foreign occupation.  
The confession of one plotter is reported to have implicated high officials of one of the Entente powers in the alleged conspiracy, which was directed chiefly against the British.  
London, July 21—A despatch from Egypt to the French authorities here today says it is reported that Emir Feisal, head of the Syrian state, has accepted the terms of the French ultimatum.  
There has not as yet, however, been any official confirmation of this report.  
Does an unworthy character ever rise above evil actions? See "The Winchester Woman."

over the entire community where the young man was both well and favorably known.  
He leaves to mourn his loss, three sisters and two brothers.  
Mr. Donald Campbell.  
On June 28th, 1920, occurred the death of Donald Campbell of Escuminac, P. Q., aged 79 years.  
Mr. Campbell was widely and favorably known and his passing is a distinct loss to the community. He is survived by Mrs. Thomas Harper, Oak Bay, Mrs. C. Fair, Point a la Garde and Mrs. B. Brown, Escuminac, sisters and by Mrs. Hazel Humville, Fleurant, a daughter, Angus of Escuminac and John of Dalhousie, Escuminac. One son Alexander, was killed overseas.  
... Mrs. James Muleoney...  
Our little town was saddened Saturday morning the 10th inst. when the news spread of the death of one of our old residents Mrs. James Muleoney, of Douglastown, at the age of 92 years. The old lady was a nurse for the last sixty-five years and was never known night or day to refuse any one when called upon in time of illness or trouble. She was of a kindly disposition, was loved and respected by all who knew her, and she will be always remembered in our little town for she was a mother to all, especially little children. She leaves to mourn her loss five sons Sea Captains Edward, Will, and Christian of Douglastown, also Tom and Walter of Montreal and three daughters Mrs. James McClaren of Haldimand, Mrs. Beady of Wisconsin, and Mrs. Hunter of Montreal.  
The funeral services took place on Monday, the Rev. Father Gauthier officiating when a large gathering of friends assembled to pay their last respects to the deceased. Among the mourners present were Mr. and Mrs. Gordon McLeod, of Montreal.

She leaves to mourn her loss five sons Sea Captains Edward, Will, and Christian of Douglastown, also Tom and Walter of Montreal and three daughters Mrs. James McClaren of Haldimand, Mrs. Beady of Wisconsin, and Mrs. Hunter of Montreal.  
The funeral services took place on Monday, the Rev. Father Gauthier officiating when a large gathering of friends assembled to pay their last respects to the deceased. Among the mourners present were Mr. and Mrs. Gordon McLeod, of Montreal.

... Mrs. James Muleoney...  
Our little town was saddened Saturday morning the 10th inst. when the news spread of the death of one of our old residents Mrs. James Muleoney, of Douglastown, at the age of 92 years. The old lady was a nurse for the last sixty-five years and was never known night or day to refuse any one when called upon in time of illness or trouble. She was of a kindly disposition, was loved and respected by all who knew her, and she will be always remembered in our little town for she was a mother to all, especially little children. She leaves to mourn her loss five sons Sea Captains Edward, Will, and Christian of Douglastown, also Tom and Walter of Montreal and three daughters Mrs. James McClaren of Haldimand, Mrs. Beady of Wisconsin, and Mrs. Hunter of Montreal.  
The funeral services took place on Monday, the Rev. Father Gauthier officiating when a large gathering of friends assembled to pay their last respects to the deceased. Among the mourners present were Mr. and Mrs. Gordon McLeod, of Montreal.

## OLIVEINE EMULSION

THE GREAT HEALTH RESTORER

South Brookfield, Queens Co., N.S., Oct. 1919.  
"Our little girl was very sick with Stomach Trouble and different foods were recommended, but everything failed until a nurse told me to give her OLIVEINE EMULSION. She is now a big, healthy baby and I would not be without it in the house. For coughs and colds and as a health builder. It is the best to be had. We recommended OLIVEINE EMULSION to quite a few who were suffering from the effects of influenza and they used it with good results."  
(Name on request)

OLIVEINE EMULSION is more than an ideal cough remedy, to pave the way for a quick recovery from heavy colds and deep-seated coughs. It is a body builder—gives strength to the weak—tones up and invigorates the whole system. It is pleasant to take and is agreeable to the most sensitive stomach.

Sold everywhere.

### ATHOL SCHOOL CLOSING.

The closing exercises of the Athol School were held on Tuesday afternoon, June 29th. After each department was examined in their various studies, both visitors and pupils assembled in one room where a short programme was carried out by the pupils and prizes were presented by Mr. F. P. Wetmore, Secy. of the School Board.

A vote of thanks to the Shives Lumber Co. for the prizes which they had given was moved and carried unanimously, also a vote of thanks to Mr. Napier for the interest he has shown in presenting to the school three bird charts, which were greatly appreciated by both teachers and pupils.

Mr. Wetmore and Mr. Hill then addressed the pupils and complimented them on the splendid work they had done during the year.

The National Anthem was sung in closing.

### ATHOL SCHOOL GRADING LIST 1919-20.

Teacher.

SCHOOL CONCERT.  
On June 28th, a concert and pie special was held in the Athol Opera House. The following programme was much enjoyed by the audience.

Opening Chorus—O Canada, the Beautiful.

Rec.—The Inventor's Wife.

Chorus—The Lovely Month of June.

Exercise—The Colors of Our Flag.

Dialogue—Dad Says So Anyhow.

Rec.—My Girl.

Solo.—The Bluebird.

Exercise—Canada, East and West.

Rec.—Alameda.

Chorus—There Was a Little Man.

Dialogue—The Trials of a School Teacher.

Tableau—The Gipsy's Warning.

Rec.—The Wreck of the Julie Plante.

Flag Drill.

Motion Song—The Robin.

Recitation—Caleb's Courtship.

Exercise—Britannia.

National Anthem.

GRAF—DICKIE.  
Miss Margaret May Dickie and Mr. Frederick Graf, both of Keene, N. H., were married at the Baptist parsonage, Wednesday evening at 9 o'clock.

Rev. D. P. Gaines officiated.

Mr. Graf is president of the International Narrow Fabric company and the bride is a well known trained nurse. Both have been residents of this city for a number of years.

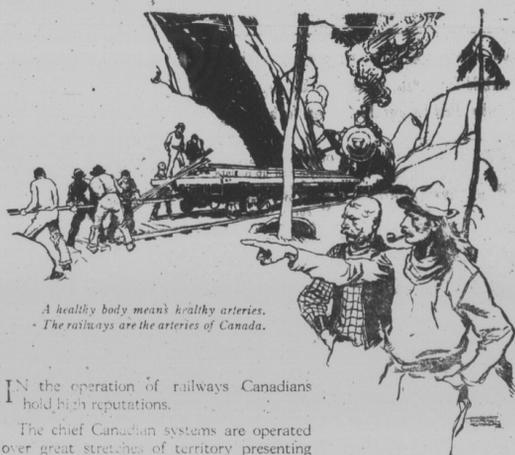

After a short wedding trip, Mr. and Mrs. Graf will reside at 387 Water street, where they recently purchased a home. The couple were attended by Ralph Reith, a business partner of the groom and Miss R. J. Thompson, a half-sister of the bride.

# MACDONALD'S NAPOLEON

ONE SIZE

15¢

A healthy body means healthy arteries.  
The railways are the arteries of Canada.

In the operation of railways Canadians hold high reputations.

The chief Canadian systems are operated over great stretches of territory presenting widely different problems.

Their traffic obligations fluctuate rapidly with the seasons.

Climate conditions are sometimes difficult. Unusual foresight, skill and determination are called for.

Yet the truly unflinching highways for the heavy traffic across the New World from China to France during the war—were Canadian railways.

Canada alone among the allied countries had no war-time transportation crisis. When foreign roads choked under their load, she relieved them of millions of tons. At a time when ships were the need of the hour no ship lost time in any Canadian port through failure of the railways to deliver cargoes at the docks.

Today the Canadian producer still commands the fastest, the most dependable and the cheapest railway service in the world.

But the foresight that made this record possible could do nothing without money! The skill that kept terminals unobscured had to be backed with MONEY! The determination that drove crippled engines ahead in the face of 40-below gales and mounting snow would in the long run have been useless without MONEY!

Thus to-day the alarming fall in the net revenues of the railways is a menace to railway efficiency. It injures railway credit. It dissolves the reserves needful to meet the expanding needs of a growing country. It imperils national prosperity.

Increased freight rates are imperative therefore, not merely on behalf of railways but in the interests of Canada itself!

R. R. No. 1. LORRY, Ont.  
"For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit. Finally, I tried 'Fruit-a-lives'. Before I had used half a box I saw improvement, the pain was gone and the swelling started to go down. I continued taking the fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."  
ALEXANDER MUNRO.  
100c. a box, 6 for \$2.50, trial size 50c.  
At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

**NOTICE.**  
For some time past boys with boats have been picking up and taking away much of the lumber that falls from the slings into the water while being lifted into the vessels from the cars and the scows at the wharf, and before the men from either the ships or the stevedore's crew can pick it up.

Recently some of the same boys have been seen throwing lumber from the wharf and the scows into the water, and taking it away.

This is simply theft, and is in the same sort of thing that wharf rats do in the large ports of the world, and we have heretofore hesitated in prosecuting the boys out of consideration for their parents, who ought to know better.

It has now got to be such common practice that it has got to be stopped forthwith, and hereafter all persons continuing the practice will be liable to immediate arrest.

SHIVES LUMBER CO. LTD.,  
W. F. NAPIER,  
FIRM HAS LONG HISTORY.

The Story of the Home of the Sheffield Blade.

Sheffield's first claim to fame as an English city of note is, of course, its manufacturing. But it is interesting to recall that its castle was for twelve years the prison of Mary, Queen of Scots, and that before that Cardinal Wolsey was "entertained" there after he had fallen into disfavor with his king. Nothing remains of the castle to-day but the ruined walls of the manor house, a writer in the Christian Science Monitor tells of the present-day Sheffield.

Those who best know Sheffield, the home of the "Sheffield blade," in the West Riding of Yorkshire, are constantly forced to "re-administer" the fact that Sheffield, however it may be approached, is "of a terrible aspect." Leeds has its ever-brooding cloud of smog; Manchester, too, in this respect, is no whit behind; but Sheffield, in the density of its wonderful workshop, as seen from the main street, is a more wonderful sight. Chimneys there are great forests of them, on all hands, wild and uncultivated, and their smoke-houses crowd over the hills and dale right up to the sky.

All this only adds to the wonderful and wonderful fact that, even in this great town of England, known the world over, the factory chimneys seem to die in the air, and do not blow more quickly than the wind.

For the "man of the mountain," as he says to look at the Sheffield blade, he must go to the Sheffield blade, he must go to the Sheffield blade, he must go to the Sheffield blade.

Recalling Great Speech

Delivered by Gladstone

History repeats itself.

IN few things is the present world more remarkable than in the way history is repeating itself. Forty years or so ago, the great anti-Turkish movement which swept over Great Britain, occasioned by the nameless outrages of the Turk upon the Bulgarians and other Christian peoples in the Balkans, was led by Gladstone. In the early autumn of 1876 he suddenly emerged from the retirement into which he had recently withdrawn, and, with the publication of his famous pamphlet on the Bulgarian atrocities, embarked on a campaign against the pro-Turkish policy of the Government which ended four years later in the overthrow of Lord Beaconsfield, and Gladstone's return to power. This extraordinary effort, marked by three tremendous battles, the great denunciation through the pamphlet, a memorable speech in the House of Commons in the early days of the Russo-Turkish War, and the Midlothian campaign, many years afterwards, the impression that speech left on my mind. As a more recent effort in the following March had likewise failed, and Russia had declared war on Turkey, Mr. Gladstone was all for immediate action. His colleagues in the Opposition were all for delay. Mr. Gladstone was in a peculiar position. Two years before he had vacated his place as leader of the Liberal party. In fact, he had not regard himself as being, even technically, amongst the leaders of the party. He tried, therefore, first, to induce the official leaders to act in the matter, but, on their continued refusal, decided that considerations of humanity overrode all mere party considerations, and determined to introduce a motion in the House, which, if it had been accepted, would have completely reversed the country's Mar. Eastern policy. "This day," Gladstone writes in his diary, under date of April 27, 1877, "I took my decision, a severe one, in fact, of not having a single supporter in the upper circle. But had I in the first days of September asked the same body whether I ought to write my pamphlet, I believe the unanimous answer would have been, 'No.'"

**Overland**

Comfort WITH Economy  
The New Canadian Car

THIS Overland is built from the ground up to secure riding comfort, light weight and economy.

In every detail of its equipment from Electric Starting and Lighting to Speedometer, Overland is high-grade and complete.

Triplex Springs combine in a remarkable way, the economies of light weight with the luxury of riding, formerly possible only in a heavy car of long wheelbase.

The large Canadian factory and service organization behind the Overland are big factors in the success of this new car for a new Canada.

William A. Gallop. Dalhousie, N. B.

Head Office and Factories: Willys-Overland Limited, Toronto, Canada  
Branches: Toronto, Montreal, Winnipeg and Regina

**GERHARD HEINTZMAN**

Something Fascinating About It

THE joy of the dance—the laughing lilt of the latest rag—a bounding, resounding cataract of soul-stirring sound—isn't that the picture your mind calls up when you think of music?

Perhaps that's the phase of music you best appreciate—the gladness, joyful abandon, the vim and vigor of echoing melody.

Then—when you come to buy your piano it's the big feature you'll look for—the power to lift you out of yourself with the carefree, bountiful cheeriness of its song.

You'll be wise to hear first and foremost the flexible tone of **Canada's Greatest Piano**

Note how it responds to the happy mind, makes the last red

corpulse in your blood glow with animation.

And then listen to its delicate murmurs, its bold, deep, rich harmonies. As you contrast them with the thrill of its ringing echoes—

—truly you will say there is something fascinating about the tone of the Gerhard Heintzman.

Call at our store. Judge the merit of Canada's Greatest Piano. Compare its fascinating beauty—see the graceful lines, the richly finished cases of this famous piano.

Come and picture what it would mean to you to have this joy in your home—what an inspiration it would be to the children—how it would brighten home life, make entertaining so delightfully simple.

You'll be surprised that so great a lifetime possession can be bought on such easy terms.

## SAYS HIS FAITH CANT BE SHAKEN

Halifax Man Believes Tansic Will Rout Any Case of Rheumatism.

"Only those who have been racked with pain by rheumatism as I was, can really appreciate the way I feel about Tansic, the medicine that relieved me of all my pain and suffering, and made me a well man," said John T. Davis, who lives at 1 1/2 North Clifton St., Halifax, Nova Scotia. "I was in a mighty bad way before I started on Tansic," said Mr. Davis. "For three years I had suffered with rheumatism, and it seemed to be all over my body. But it troubled me most in the shoulders, they would get sore and stiff at times, that I couldn't raise my hands above my head, and when I moved my arms it was just as though someone was sticking a knife into them. I also had a dull, throbbing pain just like toothache in my arms and shoulders, that would keep me awake for hours, and sudden sharp pains in my legs and knees which would get so stiff that I could barely walk. I had little or no appetite, fell off in weight and got so weak and run down it was just about all I could do to stay on the job and I tell you that some days I felt like life was not worth living. "But now after taking seven bottles of Tansic I am a well man and happy at the wonderful relief it has given me. I've got a fine appetite and can eat anything that is placed before me. I've already gained twelve pounds in weight and just feel full of energy and go all the time. But best of all, the rheumatism has left me entirely. My shoulders and legs are as supple as ever and I haven't had an ache or a pain of any sort in my body. Nothing will ever shake my faith in Tansic after this for I've proved it myself, and have every confidence in recommending it to others." Tansic is sold in Campbellton by THOMAS WRAN, Druggist, in Archibald Settlement by S. McALLISTER, in Jasequet RIVER, by S. McALLISTER and in Chandler by ARTHUR NADBAU.

**HORSE AILMENTS** of many kinds quickly remedied with **DOUGLAS' EGYPTIAN LINIMENT**. The best all-around liniment for the stable as well as for household use. Cures thrush, grease, swelling, STOPS BLEEDING INSTANTLY AND PREVENTS BLOOD POISONING. Keep it handy. Price 25c. At all Dealers and Druggists. Manufactured only by DOUGLAS & CO., NAPAVEN, Ont.

### BLACK CAPES.

Mrs. Thomas Ellworth and children of Campbellton are spending the summer in Black Capes. Miss Essie McNair has returned from Toronto where she has spent the past year. Miss Bessie Burton has returned home from Oak Bay where she has been teaching school for the past term. Mr. Archibald Campbell returned on Saturday to Moncton to resume his duties with the T. Eaton Company Limited. Miss Eunice Pritchard has returned from Campbellton where she has been visiting friends. Mrs. Harris Hazley and daughter Hattie left last week for Albert County where they will spend some time visiting relatives. Miss Myrtle Campbell arrived from Montreal on Monday to spend the summer at her home. She is accompanied by her friend Miss Lang of Montreal. Miss Mary West and Master Edward West have returned from Toronto where they have been attending school. Mr. and Mrs. George Willett and little daughter Marion, have returned from a short visit to Port Daniel where they have been the guests of Mr. and Mrs. George MacDonal.

## BEAUTY SPOT OF ENTIRE TRIP

Scenery Between Campbellton and Dalhousie Described by Newspaper Man.

In writing of their trip to Northern New Brunswick the editor of the Mount Carmel Daily Republic says: "Further on a beautiful vision of sparkling blue waters bursts on our vision, and we learn that we are now travelling along the coast of Chaleur Bay. "Probably most of you remember reading in your school readers Whittier's poem, "Skipper Ireson's Ride," in which is described the fate that befell Skipper Ireson, when because he sailed away and permitted a rival fishing vessel to perish "on deep and dark Chaleur." "Old Floyd Ireson for his hard heart was tarred and feathered and carried in a cart. "By the women of Marblehead." "Later in the afternoon we reached Campbellton, a beautifully situated town of 4,000, which is a great lumbering and shipping center. It is located at the head of the estuary of the Restigouche, river and ocean-going vessels come regularly to its wharves. A few miles up the river is the scene of a naval battle which was the final blow that destroyed French power in Canada. A French fleet which sought to render aid to Montreal after Wolfe had captured Quebec, fled for safety to the Restigouche, but the British followed and destroyed it. The Restigouche is one of the most famous salmon streams on the continent, and the fishing rights, which are very valuable, are held by millionaires. A short distance up the river, we were told, is a millionaire fishing club, membership in which costs \$20,000 and the annual dues are \$1,000. At that there is said to be a long waiting list. The Restigouche salmon is claimed to be the finest in the world not even excepting the Nova Scotia variety, and we had it served to us several times. It certainly is fine. From Campbellton we were taken in automobiles to Dalhousie at the mouth of the river, and here, so far as scenic effect is concerned, we had the gem of the entire trip. The Inch Arran Hotel is located on a narrow tongue of the land between Chaleur Bay and the river. Across the river is the province of Quebec and across the bay is the famous Gaspe peninsula. The view over the water is particularly inspiring, and the drive from Campbellton along the Restigouche almost rivals that along the Columbia river highway. We had with us here Harry Allen, New Brunswick's most famous guide. He had planned to give us a guide's dinner, but he was prevented from doing this, and was allowed to furnish only the beans, which were baked in a pit in the ground, the bean pots, resting on a bed of coals, being covered with earth for about 12 hours. Inasmuch as we did not see a bear while in Boston, and had been fed largely on a fish diet for weeks, the beans came as a welcomed diversion. After our dinner at the Inch Arran we had a pleasant drive from Dalhousie back to the junction, where we met our train again and sought our berths after a very pleasant day. I was told that I should be sure to get up early next morning so as to see the Matapedia valley, through which we would be passing after leaving Campbellton, which we did in the early hours of the morning, hence when I woke up at about 5:00 o'clock, I lifted the curtain of my berth and spent the time till the "first call for breakfast" in looking out upon the beautiful scenery, which greatly resembles that of our own Allegheny mountains, but hardly equals that of the White mountains, which we saw a few weeks ago. They were accompanied by Mr. and Mrs. George C. Ker and little daughter of Caplan. Mrs. William Johnston has returned from the N. B. side where she has been visiting relatives and friends. Miss Lena Carey and her sister, Frances, have returned from Carleton where they have been attending the convent. Mr. William Burton returned on Saturday to his home in Chandler. Mr. Arthur Cyr has recently returned from a trip to Campbellton. Mr. Ernest Burton of Chandler is a visitor in Black Capes.

Use B-H Paint—it Pays  
B-H Paint will withstand the severe "climate test" of many hard Canadian winters. Speaking more definitely still, there is one point that carries a 100% guarantee on every can.

**B-H PAINT** "ENGLISH" 70% Pure White Lead  
Famous for its covering capacity and durability. It has a base 100% pure, to which is added a fine turpentine and an exceptional linseed oil from the B-H mills. Some dealers can sell you paint which costs less per gallon than B-H, but it will not have the B-H guarantee of quality and permanence—neither will you have the certainty that a gallon will show the greatest covering capacity. Even at the slightly higher cost of B-H you will find when the job is done that the ultimate cost is lower—very much lower. Another thing, just look at any house that was painted, maybe years ago, with B-H and see the "finish" that still remains.

## MOTORIZING THE FARM

THE horse has been declared by Thomas Edison to be the most inefficient machine in the world. In return for the amount of food and care needed, the horse returns less in work than any other machine.

The average team of farm horses costs \$400, a good set of double harness \$100, a wagon without box \$115, making a total of \$615. A Ford Truck costs \$750 at Ford, Ont. A Fordson Tractor costs \$850 at Dearborn Mich. The initial cost of motorizing a farm is slightly greater than the cost of a horse outfit, but the lower cost of operation and upkeep of the tractor and truck and the greater amount of work done easily put the horse out of the running. Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour. A team of horses cannot plow more than two acres in a ten-hour day. At 8.7 cents per hour or 17.4 cents per acre for a team, the cost would be \$1.74, or 37 cents an acre. A Fordson Tractor plows on an average of seven acres a day. The cost per acre averages not more than 75 cents per acre for gas and oil. The Fordson does three and a half times as much plowing in a day at a smaller cost per acre. Suppose you are hauling produce to market or bringing out supplies. If the town is twenty miles away it will take you a whole day to make the return trip

with horses. If you have a heavy load and the weather is hot it will take you two days. If it took you twelve hours, the cost at 17.4 cents an hour for your team would be \$2.09. The average cost of running a Ford Truck, for gas and oil, is 4 1/2 cents a mile or \$1.80 for the forty miles. But with the Ford Truck you can make the return trip in four hours. The truck enables you to make three times as many trips and at a lower cost per trip. But this is not all. If you motorize your farm you can get up an hour later in the morning. You have no horses to feed, groom or harness. You start work after breakfast. When dinner is ready you stop at the end of the field, drive your tractor direct to the house, eat your dinner, and rest till it is time to go to work again. In the afternoon your motor works just as well though the sun is hot and the flies are bad. And at night when work is over you are through for the day,—no horses to rub down, feed or water. You are always free to leave your farm for picnic or vacation—no worry about horses left behind to be cared for.

Every way you look at it the motor has the advantage over the horse. It means shorter hours on the farm, more work done in less time and at less cost.

**BACK PAY CHECKS FOR CIVIL SERVANTS.**  
Total Amount to be Paid Next Two Weeks is About \$4,000,000.  
OTTAWA, July 7.—Back pay checks for fifteen months will be paid to civil servants in the next two weeks. The total amount, according to an announcement in the House of Commons, will be about \$4,000,000, that being the estimated cost of antedating the civil service classification. The individual amounts paid will be the difference between a civil servant's former salary and that awarded him by the classification schedules.

**CHANGE OF DATES.**  
The Great Bazaar in aid of the Hotel Dieu Hospital will be held on August 4-5-6-7th at the Campbellton Skating Rink, not on the dates previously announced. The committee in charge has been able to procure a clever aerial act, which alone will be worth more than the price of admission.

PERSONALS

Miss Liberty Hill is visiting friends in Newcastle.

Miss Jean McDonald of Fredericton is the guest of Mrs. Chas. N. Smith. Miss Ethel Murray is visiting in Bathurst, the guest of her sister, Mrs. E. P. Fries.

Mr. and Mrs. H. V. Ramsay are spending a few weeks in Summerside, P. E. I., and will also visit in Moncton and St. John before returning home. Miss Clara Kerr on Friday afternoon entertained a number of friends at her summer home, Maple Green.

Pure Bred Stallion, name Cairnston Pride No. 3968, sire Royal Cairnston, No. 4019, Dame Nellie of Brooklyn, No. 4769.

Stallion's Record in Canadian Clydesdale Book. Inspected on the 10th day of April 1919 and found to be a pure bred sound and of good type. Will stand at my barn for the season of 1920.

THOS. ELLSWORTH,

SHAMROCK WINS TWO HEATS

Irish Challenger Is Victor in First Two Races Sailed.

The Irish challenger Shamrock IV, has so far won two heats in the American Cup series, while the Resolute wins one on time allowance.

The race yesterday was very close, and was a dead heat so far as position of boats was concerned. The Shamrock lead from start to finish but the Resolute was declared the winner as she had a handicap of 7 minutes and one second. A twelve knot breeze prevailed throughout the race.

The next race will be sailed Friday.

Can a girl bury her past by changing her name and going to a new environment? See Alice Joyce in "The Winchester Woman."

OPERA HOUSE FRIDAY & SATURDAY There's Not One in a Thousand Like Her Alice Joyce IN VITAGRAPH'S "The Winchester Woman" Hounded by Her Past, Kicked by Cruel Fate, She Sacrifices Self to Save Those She Loves. A Heroine Who Lives and Dies Unknown. Thrilling Scenes! Intense Love Interest! Strong Plot! MONDAY & TUESDAY COME EARLY! To See the LAST Chapter of "The Perils of Thunder Mountain" AND Dorothy Gish IN "Nugget Nell" NELLIE was a lady. She didn't give a darn who knew it! And if clothes could help, she was out to get'em with a gun. But after a succession of startling hold-ups (and take-offs) that will make your eyes pop; after nifty Nell has saved the old stage coach and the young hero, and "licked" an army of bloody bandits, and everything; and after you have laughed yourself hoarse at this yip-yowling burlesque travesty on the Wild and Movie West—you'll say that Dorothy Gish is the funniest she-hero that ever captured a man. ALSO PEARL WHITE in "The Black Secret"—Chapt. I Our New Serial—A Corker Too! FROM THE STORY "IN SECRET", BY ROBERT W. CHAMBERS. And Last But Not Least FATTY ARBUCKLE In one of his old-time favorites.
