LAWRENCE TOWN

November 30th—Miss Ruth Daniels entertained at a party on Friday evening.

Mrs. C. Harlow, of Deep Brook, was a week end guest of Mr. and Mrs. John Stoddart.

W. B. Bishop was the guest of Mrs. West on Sunday.

Mr. Clifford Messenger is ill of Scarlet Fever.

Mrs. Harry Bishop and children spent Sunday at the home of her parents, Mr. and Mrs. L. H. Stoddart.

The sale held in the Demonstration Building on Wednesday evening was very successful. The Hall was very appropriately decorated for the occasion. Many useful articles were on exhibition for sale, and tea was served.

The Baptist Choir held a Sing Song at the home of Mrs. E. Philo on Sunday afternoon for Mrs. Belton, who is making her home there during the winter.

Mr. Osmond Balcom, an aged gentleman, had the misfortune to scald his leg quite severely. Dr. J. H. Hall is visiting at the home of the latter.

Mrs. Ethel Shaffner, who has been visiting friends at Michelle has returned home.

The funeral of the late Mrs. John Morgan Sr., took place at her home on Thursday afternoon, conducted by A. H. Whitman. The friends of Miss Lizzie Morgan and Mr. John Morgan extend their deepest sympathy.

Mrs. Maxwell Shaffner has resigned her position as telephone operator and has been succeeded by Miss Lida Goucher.

The new bank manager, Mr. Harris and his wife, of Digby, have moved to Lawrence town and are occupying Capt. Morris' home. The citizens unite in welcoming this young couple to their town.

Miss Elizabeth Morgan, of Truro,

ITEMS OF INTEREST

Look girls! Want a nice doll for Christmas? You can get one very easily if you have to do it in 12 subscriptions to The Outlook, and bring the money to us. For every dollar and fifty cents secured, it will count as one subscription. If you collect three dollars from one person the count is two; if \$4.50, the count is three. For the amount collected we will give credit on our books for what ever it is. The dolls are \$5 in, ches tall, all dressed, can walk, say mama and goes to sleep when laid down. Wouldn't such a doll please you? Sure! It is quite easy, nearly everyone of your friends will help you whether their subscription is in advance or not, a year or two in advance won't hurt anyone.

The first annual poultry show of the Annapolis County Poultry and Pigeon Stock Association opened at Lawrence town on Tuesday and closes today. A large number of entries have been received and the show is a splendid one. A large number of people from Middleton and district took the show. Excessively lectures and demonstrations form part of the programme. The officers and members of the association deserve credit for their enterprise. We hope to have a full report for our next issue.

The Christmas rush is on, and we would ask our advertisers to get their copy in to us on Monday if possible. By doing so you will materially lighten the burden of the usual rush at this season of the year.

A gift inspired by sentiment and thus expressive of the true spirit of Christmas—Your Photograph. 7c

Thursday, Nov. 26th, the "Builders' Young People's Society of the United Church, paid a visit to the young people of Nictaux Falls United Church. The visitors took part in the meeting and gave as a program, reports from the Young People's Convention of Annapolis Presbytery recently held at Bridgetown. In presenting these reports the various speakers outlined the work to be undertaken by the young people of the United Church, and urged those present to assume their share of the responsibility of enlightening all the young people of this Presbytery in the work of the church. At the close of the meeting, the members of the Nictaux Falls Society to attend a social gathering to be held by the "Builders" this Friday evening.

The desk and filing cabinet, which is being donated by the Middleton Branch of the Great War Veterans, to the Soldiers' Memorial Hospital of this town, will be delivered tomorrow (Friday, Dec. 4th) at 4 p.m. Parties wishing to see this cabinet, or to have the privilege of the table, should call on Mrs. G. W. A. at her home in the hospital, and have been very liberal, giving what their funds will permit. This cabinet was secured through the efforts of the local branch through it best to patronize local industries when at all possible. It is a splendid piece of furniture of the best material and workmanship. When you want anything in woodwork, it is a good idea to always see what is available in the local wood-workers, and we will never have to fear depression.

UNITED BAPTIST MEN'S CLUB

The opening meeting of the Men's Club of the United Baptist Church, took place in the vestry, on Wednesday evening, November 25th, 80 men being present. The newly-elected President, G. F. Freeman, presided.

The first part of the evening's festivities was a formal banquet, prepared and served by the Ladies Sewing Circle. After the beautiful supper, President Freeman called for a Toast to the King. This was responded to by the National Anthem. A short business meeting then took place, after which the following program was rendered:

Opening Remarks, Pres. Freeman
Address, Brass Quartette
Solo, Miss Marjorie Parker
Address "Our Obligations", Pastor Wilson

Speeches: Stringed Trio
It was then moved by Gordon Goucher and seconded by Albert Coldwell that a hearty vote of thanks be tendered the Ladies for their kind and generousity in presenting the banquet to the men. Motion was adopted and carried out, replied to in a most speech by Mrs. Horace Reid, President of the Ladies Sewing Circle from the outside, it is not for us to say. We have faith in the directors to weigh all things well, and we feel that the quality of the grain, conditions is really the ideal place—all things considered.

The Executive of the Club is the following:

G. F. Freeman, Pres.
Albro Coldwell, Vice-Pres.
G. V. Jacques, Sec.-Treas.
Gordon Goucher
Leslie Beals

RECENT DONATIONS TO THE SOLDIERS' MEMORIAL HOSPITAL

ENGAGEMENT

ENGAGEMENT—Mr. and Mrs. Louis A. Dodge announce the engagement of their daughter, Katherine Mary ALewes, to Mr. Lloyd Edward Armstrong. The wedding to take place in December. etc.

WINDSOR OR MIDDLETON?

As reported in another column a meeting was held in Windsor last Wednesday for the purpose of trying to secure the Appro Krip industry to locate there instead of at Middleton. The advertisement calling the meeting stated that Appro Krip was desirous of locating at Windsor. We wrote the company and asked if it were so, and in reply they stated they were not responsible for the advertisement. Anyway, we can gather a certain gentleman has offered to subscribe for \$20,000 worth of stock under certain conditions. These conditions if considered might possibly change the entire business. The directors of the company upon which it has been working. Part of these conditions, as we understand them, are: that the company locate at Windsor, that \$40,000 be subscribed by citizens of Windsor and district, and that the directors consist of those who subscribe \$10,000 or more stock. The conditions may seem all right, but are there not wholly dictatorial? Windsor close enough to the source of supply? And, what is going to become of the small investor? Of course Appro Krip knows its own business best, and not being well enough versed to tell an inside story, we have faith in the directors to weigh all things well, and we feel that the quality of the grain, conditions is really the ideal place—all things considered.

The Executive of the Club is the following:

G. F. Freeman, Pres.
Albro Coldwell, Vice-Pres.
G. V. Jacques, Sec.-Treas.
Gordon Goucher
Leslie Beals

CANADIAN BUSINESS CONDITIONS

The upward trend of business activity has continued during the past month and become more widespread with the effective increase in agricultural purchasing power. Tangible figures of production trade and transportation for October show general gains.

The total yield of wheat in Canada is now provisionally estimated by the Dominion Bureau of Statistics at 422,327,000 bush, an upward revision of 30,500,000 bush from the preliminary estimates, due chiefly to better estimates of the small investor. Of these 81.9 per cent have been Contract Grades. This compares with 51,644 cars inspected from August 1st to November 6th, 1924, of which 63 per cent were Contract Grades.

Western wheat growers have been the largest on record, and the movement of the crop has proceeded with almost unprecedented rapidity. From August 1st to November 6th, 36,836 cars of wheat have been inspected at Winnipeg. Of these 81.9 per cent have been Contract Grades. This compares with 51,644 cars inspected from August 1st to November 6th, 1924, of which 63 per cent were Contract Grades.

THE Vets' Column

Edited and controlled by the Middleton Branch of the G. W. V. A.

NOTEWORTHY COMMUNICATION

The following communication culled from the columns of The United Churchman was handed to us for publication in our column.

Dear Mr. Editor, I am sending these few notes to "The United Churchman" almost said "Wesleyan" - that our many friends among its readers may know where we are.

In this great city there are many things in connection with religion and the churches that one could write about. If time and space would permit, I would like to say a few words about Armistice Day.

L. DANIEL

Nov. 17, 1925

To remember the 11th hour of the 11th day of the 11th month must always be. It's a sacred duty.

LOCAL BRANCH NOTES

At last regular meeting held in the Armouries on Wednesday, November 25th, the regular routine of business was taken up and carefully dealt with, and was then followed by the Election of Officers for the new term.

Some of these speeches were of a good length, others were very brief, but they all expressed the desire, namely, to do their utmost to keep up the branch at the same high state of efficiency, that it at present enjoys.

SHOP EARLY

You like printing well done - then get it at The Outlook. You will be helping a local enterprise, and practicing the slogan you preach of buying at home.

branch, which was without exception, promised to them. Here, wishing the new Officers all the success, which we feel sure they are going to attain.

The Desk and Filing Cabinet which the local branch has donated to the Soldiers' Memorial Hospital of this town, has been completed and bears an engraved plate, which shows the names of the donor and the date of same. It will be conveyed to the S. M. Hospital on Friday, December 11th, by consular Dodge in the "Flying Express", and will be accompanied by the Executive of the branch.

Of course every comrade, who possibly can, plans to attend our next meeting on Wednesday, December 9th! Well, I should hope so! If you don't, you are going to miss an either of those "good times". There will be one of those alluring "smoker and feed events" on the program, and each member, who can be asked to bring something in the line of "eats", which will be properly "death wish". It has been rumored that our own cooks may make the "coffee", but we hope that this will keep no one away, for we took precaution to look at their credentials, and we found it certified that they could make coffee precisely as good as our famed army cooks used to make our "tea", and you know that was unparalleled!

The new Entertainment Committee was appointed and have promised to keep "things humming". So look out for "something doing" in the near future. Just as soon as the Christmas activities are over and the Committee get a chance to "heat themselves think" they are planning to drop something that they have up their sleeve. It is said they may not be able to hold their "brandy thought" till after Christmas, so be on watch for "something new, nice, and perhaps naughty" most any time.

Mothers Who Have Used Baby's Own Tablets

ALWAYS STRONGLY RECOMMEND THEM TO OTHER MOTHERS

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else - actual experience teaches her that there is no other medicine so equal for any of the minor ailments from which her baby or little one suffer.

When spring rolls round I'll take another chance, while the fringe grows longer on my one and only pants. Give my "spenders" a hitch and my belt another jerk. I'm as fit as a fiddle for a full day's work.

ANNUAL MEETING OF WOMEN'S INSTITUTE

The local branch of the Women's Institute held its annual meeting last Thursday evening in the United Church parlors. Owing to the illness of the president, Mrs. G. F. Freeman the meeting was presided over by the vice president, Mrs. W. R. Turner.

Officers for the ensuing year were elected as follows: President - Mrs. W. R. Turner. 1st Vice President - Mrs. G. W. Elliott. 2nd Vice Pres. - Mrs. P. R. Elliott. Recording Secretary - Mrs. J. D. McKennie. Corresponding Secretary - Mrs. E. S. Spurr.

Four directors were also appointed and conveners of the following committees: Home Economics, Home and School, Public Health, Artistic, Hospital and Program.

During the past year much of the work undertaken by the Institute has been devoted to the Soldiers' Memorial Hospital, and excellent assistance has been given this institution.

The Institute proposes to enlarge the sphere of activities during the coming year, to other phases of town and community life.

At the close of the business session, a jubilee program was "broadcasted" from the church kitchen by the local young ladies' ukulele orchestra.

Refreshments were served by the program committee of which Mrs. G. R. Beals is convenor.

Our Classified Adv. Section bring great results. Try them and be convinced.

A man of wit would be often much embarrassed if there were no fools.

King Cole ORANGE PEKOE THE EXTRA IN CHOICE TEA MELVERN SQUARE

Nov. 30 - Miss Anna Aldred spent the week end at Nictaux, the guest of her friend, Miss Maxine Morse. Miss Lilla Gates spent a few days at Berwick last week as a guest at the home of her uncle, Mr. Edward Woodworth. She was accompanied by her aunt, Mrs. T. Walker of Kingston.

Mr. and Mrs. Summer Brown and son, Alden, spent Sunday with Mr. and Mrs. H. Armstrong, North Kingston.

Mr. Stanley Gates and Mr. Fred Hunt made an auto trip to Bridgewater last week.

Rev. A. A. MacLeod preached his farewell sermon in the Baptist Church on Sunday evening last to a large congregation. He has accepted a call to the pastorate at Summerside, P. E. I., and expects to leave shortly to begin his new work there.

Mr. Minor Sproule and son Percy, spent Sunday in Middleton the guests of Mr. and Mrs. O. P. Goucher.

DOWN ON THE FARM

Down on the farm 'bout half past four, I slips on me pants an' sneaks up on the deer.

Out to the barn I run like the dick ens, To milk ten cows and feed the chickens.

Clean out the stable, curry Nancy and Higgie. Separate the cream, and stop the pigs.

Work two hours, then set like a Turk. And then, by heck, I'm ready to work!

I grease up the wagon and put on the rack. Throw a jug of water in the old grain sack.

Hit up the horses, hustle down the lane - Must soon get the hay in, it looks like rain.

Look over yonder, sure as I'm born, Cattle's on the rampage, cows in the corn.

Start 'cross the meadow, run a mile or two. Hearing like I'm wind broke; wet clean through.

Get back to the horses, then for re-compense. Nancy gets astraddle the barbed wire fence, Joints all a-crankin' and muscles in a jerk.

I'm as fit as a fiddle for a full day's work. Work all summer 'till winter is high. Like White, up the books and leave a great sigh.

Worked all year and didn't make a thing. Got less cash than I did last spring. Some people tell you there's no hell, But they never tried to farm, so they can't tell.

When spring rolls round I'll take another chance, while the fringe grows longer on my one and only pants. Give my "spenders" a hitch and my belt another jerk. I'm as fit as a fiddle for a full day's work.

ACROSS COUNTRY NOTES

British Columbia's whaling industry produces about 400 tons of whale bone meal and 900 tons of meat and blood for fertilizing purposes annually. This is exported mostly to the United States.

According to G. F. Tomsett, superintendent of the Saskatchewan Branch of the Employment Service of Canada, about 43,000 harvest hands were brought into Saskatchewan and distributed over the province to harvest and thresh the 1925 crop.

J. Stapleton, of Regina, ordered two springer spaniel puppies from a dog agent in Liverpool on October 9th. Thirty days later they were delivered to him after a voyage and journey totalling 4,500 miles, the shipment going at the rate of 150 miles a day. This constitutes a record for speed.

Constituting a record for Canada and probably for the world, 3,447, 524 bushels of all grains were marketed on the lines of the Canadian Pacific Railway in Western Canada on November 19. The nearest approach to this figure was the 3,406, 000 bushels marketed on October 18, 1918, in the year of one of the greatest crop harvests the Dominion has ever witnessed.

Reports received at Canadian Pacific Railway headquarters this week show that four more accidents occurred in cases where motorists drove their cars into trains already in the process of crossing levels. This brings the total of accidents of this kind up to thirty for the year. In all four cases the automobiles were damaged while the motorists escaped with minor injuries.

Eighty-seven black foxes, valued at about \$100,000, shipped in 44 crates, arrived at Montreal last week from Buffalo. Twenty-five of the animals were prize-winners at the Black Fox Exhibition which concluded last week, and were on consignment to the Borestone Mountain Fox Ranch at Onawa, Maine.

The Far East has heard about Canadian apples. The Canadian Pacific liner Empress of Asia carried 8,000 boxes of apples when clearing out of Vancouver last week. General trade conditions between Canada and the Far East are quite healthy as there was also on board the vessel 800 tons of Canadian flour, 100 automobiles and 160 tons of Alberta beef.

With each succeeding year Great Britain is relying more upon British colonies for agricultural supplies. In the seven months of 1925 ending July, Canada supplied Great Britain with 4,972,066 pounds of butter, compared with 154,234 pounds for the same period of 1924, and 40,458,544 pounds of cheese, compared to 20,153,504 pounds for the same period of last year.

Two bears, six coyotes and fifteen chipmunks were shipped to England on the Canadian Pacific liner Montclare last week from the Toronto Zoo to the London Zoo. In exchange, the Curator of these gardens has been asked to supply Toronto with Cereopsis, Bean, Magellan and bar-headed geese; shell ducks; a female Comb Duck; two Rheas (ostriches); four Jays; two young leopards; and a Barbary Sheep. A stiff order.

Six champion juvenile swine breeders, winners in Manitoba, Saskatchewan and Alberta, have been awarded medals and trophies by the Canadian Pacific Railway and are now the guests of the latter at the Royal Winter Fair at Toronto. The young people, who competed in clubs on Canadian Pacific lines in the West, are: Vern Johnson and Oscar Gudlason, Alberta; Louis Leggett and Fred Arzue, Rouleau, Saskatchewan; Mamie Cormack and Grace Ewert, Kenton, Manitoba.

"It's a Great Life." Say Titled English Farmers.

Upper left - Lord Montague, son of the Duke of Manchester, feeding the sheep. Upper right - Lord Rodney and his ranch house at Cottesmore Farm. Lower left - Lady Rodney and her son John. Lower right - Lady Rodney and her son John.

Some of the most ideal conditions in Alberta, and by ideal conditions is meant, practical conditions, where every acre on the farm is handled at some time or other by men born under some of the most famous titles of Britain.

They are doing this on Cottesmore farm, 25 miles east of the city of Edmonton, in the rich Fort Saskatchewan district. Cottesmore farm is owned and operated by one George Bridges Harley Guest, who happens to be the eighth Baron Rodney, descendant of the famous Admiral Rodney whose victory over the French fleet in 1782 saved the empire of the Britons from the Bourbons.

Baron Rodney himself, and Lady Rodney, have gone through the throes of life as hired help on an Alberta farm, and are not putting others through their paces on their own rich and fertile farm overlooking the broad Saskatchewan river. Believing that in this day and generation agricultural life in Western Canada is a proper pursuit for those of noble blood they are leading these young aristocrats along the right path by putting them through every known job on a well-run farm. They have with them this year, which is the second year they have operated this school in farming, Montague, son of Lady Farquhar, the Duke de Nemours, descendant of the very Bourbons whom Rodney's illustrious ancestor helped to defeat, and others.

Everybody works on the Rodney farm. Lord and Lady Rodney themselves superintend the farm operations and actively participate in them. They know how. They have been through the mill. When they

first came to Alberta they hired out through the government employment bureau and took a real job on a real farm. Later they bought Cottesmore farm, the original holding of which belonged to Judge Fiset, Quebec. They farm 1,000 acres of the finest land in central Alberta, and their farm homestead stands on the brow of a high bank overlooking the Saskatchewan, providing one of the most beautiful views one could wish to see.

Visit the Rodney farm any day during the farming season and you will find the eighth Baron Rodney here, there and everywhere, doing any one of the tasks that come the way of a man who superintends operations on a 1,000 acre farm. You will find Lady Rodney in the kitchen doing her cooking, or out at the dairy barn where she takes an active part in the operations of the dairy end of the business, or out in her garden where she works herself. You will find the young Lord Montague feeding the hogs, or stocking grain, and young Farquhar and Stanley and the others driving teams or pitching sheaves or herding cattle, under the supervision of the instructor who is there to show them the right way to do things.

It is a case of everyone to his task and sticking to it at the Rodney farm. It must be that way on a farm which supplies, from its herd of 40 grade short-horns, all the milk and cream necessary for the big university hospital at Edmonton, where there are several hundred acres in crop, and a bunch of fine bogs to nurse. It is a real farm, run by real people, and the actions of British nobility like it. They say it is the life. They seem to care for no other. They are going to make good farmers.

OBITUARY

George W. Brown

On Monday, November 16, 1924, three passed away at Melvern Square, George W. Brown, a highly respected citizen, and a loving husband and father. Mr. Brown bore with christian grace and fortitude for more than a year the harrowing and wasting illness to which he succumbed. He was in his 68th year and had resided at Melvern Square thirty-three years. He was an active and faithful member of the United Baptist Church for many years.

The funeral was held on Wednesday afternoon, November 18th, and was largely attended. His pastor, Rev. A. A. MacLeod, conducted the service. The choir of the Melvern United Baptist Church rendered appropriate music.

He leaves to mourn their loss, besides the sorrowing widow, the following children: Sumner of Melvern; Freeman, recently home from California; Mrs. "George" Mason, Springfield, N. S.; and Mrs. "Mabel" Hoyt, Middleton. The Outlook joins with the friends of the community in tendering condolences to the sorrowing family.

MAJOR KENDALL

After a confinement of two weeks in the Sault Ste. Marie hospital, Major Kendall has sufficiently regained strength to enable him to return to his home in Toronto. He is, however, still very weak and unable to keep any appointments. The prospective revival campaign, which he and Mrs. Kendall were to have conducted at the Temple, has been postponed.

While at the "Soo" the Major's condition was very serious, indeed. At one time when a bit delirious, he gave utterance to some words which it would be well for us all to consider: "It's a good thing when you're down, to know that you did your best when you were up!" To which we say, "Amen!"

Pray for our much-loved Territorial Revivalists during this hour of testing.—Con.

It is an absolute necessity for a man of genius to play to stupidity.

A woman is her husband what her husband has made her.

The vanquished have their hope in hoping for nothing.

Confidence brings more to conversation than does wit.

He who swears easily, will as freely perjure himself.

THE PARTNERSHIP

By F. C. Whitcomb, The Canadian Bank of Commerce, Nelson, B. C.

The married state is a partnership "for better or for worse" between a man and woman. That is true in every case. But, as between the farmer and his wife, the partnership is one in fact; each attending to a certain department of the work and thus jointly contributing to its success.

Now, in a business partnership either member is at liberty to discuss present operations of the firm, the future, or even the delicate situation of just what would happen if the other died. Does this degree of candour exist in most marriage partnerships? My belief is no. It is something many women are almost afraid to think about—that awful contingency—and as for worrying their husbands about it, they have not the heart.

The situation is wrong, as unfair to partner wife, and doubly so unless, by gaining the facts and with a proper knowledge of obtaining "protection," it is not a difficult problem. The solution is "Life Insurance."

To get just what you want out of "life insurance" the important thing is to have the policy written in your own name. It is the lack of knowledge, I am convinced, which makes many who ought to long have the life agent. They are afraid they will be "let into something" in the dark. We all hate that feeling.

I will deal briefly with four common policies:

(a) Twenty-Year Endowment—These give protection against death, but they are intended also to accumulate "savings," and are therefore suitable for professional and salaried men. The premiums are high. A farmer should be able to make better use of his money in his own operations.

(b) Twenty Pay Life—The premiums are at a lower rate than (a), but higher than (c) and (d). For a young farmer doing well, a "twenty pay life" is a good policy. If the policy is drawn to share in profits, and these are not withdrawn, the policy will become paid up in about sixteen years, i.e. the protection continues without the payment of more premiums.

(c) Straight Life—If drawn "without profit," this type of policy will pay out as low as yearly premium payments, never becomes paid up. In this form it becomes a mere life insurance. If drawn with profit, and these are not withdrawn, the policy will become paid up in about sixteen years, i.e. the protection continues without the payment of more premiums.

(d) Term Insurance—These policies can be taken for "ten-year" terms and the premium rates are very low, say \$12 to \$14 per \$100 per annum up to middle age. The policy never becomes paid up and there are no subsequent benefits, but it's protection against death, and this is the policy I urge for those who are hard up and want the largest amount payable at death.

SHOP EARLY

death for the smallest yearly premium.

To decide upon the amount of insurance to be carried, must depend upon circumstances in the individual case. The aim (as a minimum) should be an amount that would pay all "floating debts," funeral expenses and provide \$500 to \$1000 for partner wife to "carry on with." If the amount will also take up the mortgage debt, so much the better—but the wisdom of taking the partnership purse to that extent, must depend on the present of the mortgage encumbrance and the size of the purse.

Hints on Taking Life Insurance

1. Take out the policy with a strong company—there are many such in Canada.

2. Decide carefully which kind of policy (a), (b), (c) or (d) meets the requirements of the case.

3. Do not permit the agent to change the decision once made. Some field agents consider the basis of their commission rate rather than what the prospect needs. Do not take more insurance than you are convinced you can keep up.

I am contributing this article to the "New Letter" because I consider it a very important subject. I will go further and state that I hold "life insurance" to be the greatest invention of man for the protection of mankind. By which I mean man's partner—his wife. —Canadian Bank of Commerce News Letter.

THE FRENCH DEBT NEGOTIATIONS

The failure of the United States to reach an agreement with France produces widespread disappointment, since there is now general appreciation of the necessity for the return of France to a condition of financial stability. Whatever merit is attached to the plan that France shall pay \$40,000,000 a year for five years with remission of further interest during the period, lies in the suggestion that both countries are now more nearly ready to face the true situation. For France to reach the point where she is prepared to recognize her debts as far as her resources will permit, will constitute almost as much a step in advance as for the United States, possessing half the gold in the world, to recognize the real conditions in Europe and the necessity for the adjustments necessary to permit her to begin to pay the goods in which ultimate payments must be made. Like the "Texas Plan," this interim agreement bridges an awkward situation, and permits a lapse of time in which both peoples may be accustomed to the idea that further concessions are necessary.

France's capacity to pay may be even smaller than her own statements are willing to admit, constitutes one possibility which should be given careful consideration. So general is the recognition that France requires stabilization of her credit, that many well informed people thought that she might promise more than she could ever hope to perform in order to secure a settlement together with credits which would stabilize her finances and her money. At the last Mr. Callahan offered much more than most Frenchmen felt France could pay and it is quite possible that the ultimate settlement will be in some such terms as these which now seem too late in France and too small in the United States.

The fact that many financial and business periodicals such as the Chamber of Commerce Bulletin and the Magazine of Commerce, are beginning to give serious discussion to the possible methods of receiving payments from Europe, leads to the hope that this question will soon receive general serious consideration in the United States. All of the articles of the type point out that the present tariff barriers are so high as to preclude the possibility of substantial payments in terms of commodities helps to clear the situation. Owing to this very difference in price level, the measure by Europe of commodities at their present gold value would imply the return of a volume of goods nearly twice as great as the volume of the same kinds of goods secured from the United States with their present tariff. What is the obvious reluctance of the United States to admit imports other than raw materials, tropical fruits and manufactured goods which cannot be produced in the United States, it is not surprising that the negotiators feel that most obvious channels of payment have been blocked by tariff walls.

What is to be the ultimate solution is a matter that must be decided in the United States, but it is encouraging to realize that business men and bankers in the United States are giving their economic factors a careful consideration which may lead to new developments in the whole debt situation.

Had France and the United States arranged a permanent settlement, it is almost a certainty that it would have been accompanied by the revaluation and stabilization of the Franc. Without such an arrangement an settlement would have been considered satisfactory, and it might prove completely futile. Should the present arrangement result in a five years deferment of stabilization, and should the uncertainty due to the outcome of the present conference result in so undermining the credit of France that further inflation follows, the result must be considered most unfortunate. Without financial stabilization, certainly there can be little industrial improvement, and without increases in production there can be neither foreign payments nor internal harmony.—Royal Bank Letter.

Is Your Christmas Ad. Running Yet?

The Question of Water for Your Country Home

In planning your country home nothing is quite so important as the question of water. Formerly it was considered sufficient for the farm or country home to have a hand pump or windmill. But now the hand pump and windmill are as obsolete as the old unsanitary outhouse or chemical toilet.

Empire Duro Water Systems

made in many sizes and styles, enable any home anywhere, to have running water under pressure, all over the house, just like city water service.

Duro systems can be used with deep wells, shallow wells, cisterns or springs. They may be driven from high line current, farm light plant or gasoline engine.

A Duro system is a sound investment—it lessens labor and promotes health and cleanliness. It replaces drudgery and despair with comfort and happiness. And it is also a permanent improvement that adds to the value of your property.

Have your architect or builder ask for an estimate. Specify Duro.

MIDDLETON NOVA SCOTIA

Here and There

Wishing farewell and bon voyage to the celebrated writer of the Scarlet Pimpernel, a bouquet of scarlet pimpernels was presented to Baroness Orczy, when she embarked with her husband, Mr. Montagu Barlow, on the S.S. Montclare of the Canadian Pacific line, for England. The presentation was made on behalf of the company by Capt. Geo. Webster and President E. W. Beatty's card was attached. Baroness Orczy came out to Canada to assimilate local colour for a new book, which will be eagerly awaited here.

Motor tourists from the United States brought \$150,000,000 in revenue to Canada in 1923, according to estimates of government officials. This sum is equal to a quarter of the value of the Dominion's wheat crop and approximates the value of the annual mining output of Ontario, Quebec and British Columbia combined. More than 2,000,000 American automobiles, it is estimated, have crossed into Canada this fall. They carried in the neighbourhood of 9,000,000 persons, or a number equal to the total population of Canada.

C. B. Foster, passenger traffic manager of the Canadian Pacific, states that the success of the crop in the West this year will make money more free and is bound to stimulate travel between Canada and the Old Country. To handle the expected increased volume of traffic, his company, he states, will run special trains early in December connecting directly with the company's Atlantic liners, sailing from the winter port of Saint John, N.B. These liners sail on dates that are calculated to get passengers home to any point in British Isles or the near continent in plenty of time for Christmas.

Taking the North American motor over to Europe with a view to acclimating it in Northern Europe is in part the aim of Heinrich Carl, Count Schimmelmann, one of the largest land owners in Denmark. The Count and Countess were taken to the Cains river district, where they spent three weeks. During this time they walked an average of fifteen miles a day for twenty days, covering three hundred miles on foot, not reckoning the distance they traversed in canoe. They went to the woods of Northern Quebec for another shot at the elusive moose before sailing for home on the Canadian Pacific liner Montclair.

A recent epidemic of motor accidents, five of which occurred in one night, though luckily none of them proved to be fatal, elicited the following editorial comment from the Montreal Star: "That five drivers of automobiles should drive their cars into moving trains within a period of twenty-four hours in Canada would seem to indicate that carelessness is the main cause of accidents. The location of level crossings is either well-known or clearly indicated at a distance that gives even a fast driver ample time to stop. At many such crossings bells automatically ring as trains are approaching. At others, bar gales are let down. Some are open—these almost entirely in the country districts. But despite all safeguards, warnings, signals, and precautions, accidents continue to happen at level crossings with an alarming consistency. In some incidents, indeed, it almost looks as though the drivers were determined to defy all attempts to ensure caution." The paper calls for cancellation of driving license in cases like the above.

We must have reasons for speech.

Two Splendid Premiums

25-inch Mama Doll

This beautiful doll will gladden the heart of any child, in fact every person that has seen it proclaims it to be just wonderful, and "oh, how sweet." This is a genuine Mama Doll, is 25 inches high with moving eyes, natural hair, and open mouth showing pearly white teeth, composition legs, patent leather shoes and real stockings, all dressed up with hat to match. It is beyond us to describe the dolly—come and see it, then you will know how nice it really is. You will want it sure. A little time is all you need to spend to get one.

Procure only 12 subscriptions to THE OUTLOOK at \$1.50 (Canada only), or \$18.00 in all. Turn it over to us and you get a Doll. If you want another doll get 12 more subscriptions. In order to make it very easy for you, we will permit you to procure either new or renewals (most papers demand only new). So, for every \$1.50 collected, counts as one subscription. If you collect \$3.00 from one person the count would be 2 subscriptions and so on.

Get busy today, you'll want a doll for Christmas, and if we haven't got dolls enough to go around, we'll get them for you inside of ten days. See your friends at once—they'll all help.

Every person, young and old, are allowed the privilege of securing a doll. Maybe you want one for your daughter, sister cousin, or little friend.

What girl wouldn't like to earn a doll?
What mother wouldn't love to give her girlie one?
What boy wouldn't like to present one to his sister?
What father wouldn't rejoice in presenting one to his little daughter. *****

There is no time like the present to start Christmas Publicity

**A Long Distance Telephone
Call Gets an Answer
at Once**

Many a letter of importance to its sender is carelessly tossed aside by its recipient to be answered "later on", which, sometimes, may be translated as "never".

You may have sent a letter which met with such a fate, and can recall the irritation, inconvenience and, perhaps, loss the lack of an answer caused you.

All such worry and vexation can be avoided if, instead of sending your customer a letter, you adopt the plan of saying what you have to say to him by word of mouth over the Long Distance Telephone Lines.

In a talk with him, your minds get definitely together and his answer is forthcoming right away.

**Maritime Telegraph & Telephone
Company Limited**

Here and There

Lumber industries of British Columbia are sending spruce to Boston and New York, fir to Florida and Cuba, new markets created within the last few months. Demands from regular fir markets in Great Britain, Asia, Australia and South Africa are reported better than normal.

The demand for Canadian flour is increasing rapidly in the Orient. This year 347,760 barrels of flour were exported from Medicine Hat mostly for the East. Great Britain is Canada's best customer for wheat flour, having taken 130,000 barrels of the total of 684,698 barrels exported during the month of August.

The Canadian Pacific Rockies are not "shot up" yet. Following a 30-day hunting trip, Mr. and Mrs. Kollock, of Los Angeles, told of deer that walked right up to camp; bears that prowled all around in numbers; rams and mountain sheep in abundance; lakes full of trout caught with every throw of the line.

Despite alleged trade depression and "blue rule" talk, during the week ending October 31, 1925, 67 new companies were formed with authorized capital of \$151,658,000, as compared with 90 companies with \$112,614,875 capital the previous week and with 27 companies with \$7,668,000 capital, the corresponding week of last year.

During the 96 hours from Monday, November 9, to Thursday, November 12, the Canadian Pacific Railway loaded a car of grain every 56 seconds, the total being 6,150 cars. On Wednesday 1,806 cars were loaded and on Thursday 1,818, while the record for the year and for many years past was reached on Friday, November 13, when 1,894 cars were loaded.

Involving the use of 3 1/2 million tons of crushed rock, or about 70,000 carloads, approximately 1,000 miles along the Canadian Pacific Railway, Eastern Lines, have been ballasted with rock to date. Rock ballast is dustless and there is a very great increase in comfort for the passenger. Rock ballasting also increases the strength of the track and otherwise improves its physical condition as to drainage and other matters.

The Canadian Pacific Railway has announced the offer of three free scholarships to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees. The scholars cover four years tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University and are subject to competitive examination.

Taking steps in the United States toward a greater recognition of clean sportsmanship and the need of conservation of fish, game and forest resources, Osark Ripley, of Tennessee, editor of Field and Stream, Outdoor Life, Outing, announced at Montreal recently that catching game fish with worms had been banned in practically all states of the republic. Worm fishing is considered destructive as small fish returned to the water are too badly wounded to live.

Sugar beet production in Canada is increasing on a phenomenal scale while the value of refined beet sugar has increased about 100 per cent. In 1924, 31,111 acres were planted to sugar beets yielding 295,177 tons of beets, from which 85,770,709 pounds of sugar was refined with a value of \$6,192,845. In 1925 there was a yield of 169,200 tons of beets from 17,941 acres. The value of the 39,423,160 pounds of sugar refined was \$3,745,200.

MAINTENANCE AND EXTENSION

A message from Principal MacKinnon.

The United Church of Canada, Halifax, N. S., Nov. 2, 1925.

Dear Mr. Walker:

No one can easily forget the deep emotions of June 10th last, when the hopes and longings of many years were realized and the United Church of Canada was born.

Scarcely momentous - is the campaign of the coming week, which is going to determine whether the United Church can carry the burdens which she then assumed. Thousands of eyes are upon her from the eager waiting toiler on the far off firing line in the Mission Field to the unbelieving critic at our doors who watches her with scornful wonder.

What new hope will be born in all hearts? What new incentive will be given to every department of her work when it is announced that no single Home Mission Field will be abandoned, not a Foreign Missionary recalled, not a native helper dismissed?

The prospects are very bright. Never have our business men shown a keener interest. Never have special contributions been so willingly proffered. It remains for our churches to gather in the pennies that even the least may have a share in this great work.

I am enclosing "Report Bulletin" from headquarters, which contains some suggestions that I hope you may be able to follow.

Please send all reports by card or otherwise to Rev. J. W. McDonald, Amherst, as well as to Presbytery's Committee.

Praying that rich spiritual blessings may follow the gifts and sacrifices of your congregation, I remain,

Yours very truly,

Clarence MacKinnon,

President of Conference & Chairman of Maintenance Committee.

Reason on love, and you will lose your reason.

The art of pleasing is the art of deceiving.

DEANERY MET IN DIGBY TOWN

Annapolis Rural Clergy Held Two Days Session This Week
Digby, Nov. 25—The clergy of the Rural Deanery of Annapolis held their chapter meeting here on Monday and Tuesday, Nov. 23 and 24th, under the presidency of the Rev. W. Driffield, Rural Dean. All the clergy were present except the Rev. S. J. Woodroffe, in temporary charge of Annapolis, who was unable to attend owing to a drowning fatality in that parish.

After the short opening service the Ordering of priests was read as a solemn reminder of the vows resting upon the clergy. Then came the reading and translation of the second chapter of the Epistle to the Hebrews, followed by a critical and devotional paper by Rural Dean Driffield.

The Rural Dean welcomed Rev. J. D. Townsend as a new member of the Deanery, he having become Rector of Rosette, with headquarters at Round Hill.

In the evening, service was held in Holy Trinity Church, participated in by all the clergy present. Rev. A. Miller, Rector of Middleton, preaching.

Tuesday morning, the official Deanery service took place, when Holy Communion was celebrated by Rural Dean Driffield and sermon and clam was delivered by Rev. Canon Underwood.

The business session, on Tuesday, two papers were read: “The New Apologetic,” by the Rev. R. A. Miller, and “The Church in Crisis,” by Rev. A. W. L. Smith. Both papers were the subject of discussion.

Conference took place on matters connected with the new Deanery Magazine. The chapter then dined together at the Rectory and a social time was spent in the evening. Votes of thanks were passed for the hospitality extended by the Rector and Mrs. Driffield and by many of the parishioners.

The next meeting is arranged to take place in April at Round Hill.

BIG PRODUCTION
Eclipsing all October monthly production records in history, the Ford Motor Company of Canada, Limited produced a total of 9,200 finished cars during October 1925, an increase of 1,175 over the month of September, 1925, when 8,025 cars were manufactured.

Of the present month's production more than 5,000 were for export. In October 1925, 3,046 were sent abroad. The figures given are for the main plant at Ford City, Ontario and the eight assembly plants throughout Canada.

Ordinarily October is one of the driest seasons of the year in the province at this time is based on spores and did crop conditions, official say, coupled with the popularity of new models.

Only the dead need come back. The Classified Column is worthy of your attention. It's the place where buyer meets seller, and seller meets buyer.

The Interprovincial Home
By Rev. W. D. Wilson
The “Home” is a redemptive institution for young women. Any young woman over sixteen years committed to the Home for a term not exceeding two years.

Up to the present time there has been no provision made for Protestant girls of this class except common jail or the Home of the Good Shepherd, a Roman Catholic home, or they may be sent back to their old life and habits.

The “Home” aims at the redemption of the young womanhood by providing for wholesome occupation, cheerful surroundings and environment. To give to them a new outlook upon life through the agency of Christian teaching, training and influence and thereby break the old and harmful habits of life and in them to become useful members of society.

With this purpose in mind, the Board has gone on with the work of building the “Home” for which a special appeal is now being made. It is planned to have a formal opening of the “Home” on the 2nd day of February, 1926.

Can we keep in mind the Mission of our Master. Into the horrors and mess of life He came, into a world exhausted by debauchery. He breathed the revelation of a new life, the inspiration of a new strength. He changed the thoughts of men and women. He changed their lives. He changed their souls. He laid His healing hands upon the souls of the unfortunate and opened their spiritual eyes to something of which they never dreamed a new life.

This is the purpose of the “Home” in Middleton. Where women are honoured the Divinities are complacent. Where they are despised, it is useless to pray to God.

Ready For Christmas

The Best Gift Lines ever shown in Middleton will be completed by the first of the week. All new goods from the largest manufacturers in Canada. We handle Leather Goods from the Jullien Sale & Leather Goods Co. The up-to-date Under Arm Bag at popular prices, from \$2 to \$15.

Optometrist and Jeweler

New Strength For Weak Stomachs

INDIGESTION DISAPPEARS WHEN THE BLOOD IS ENRICHED
The urgent need of all who suffer from indigestion is a tonic to enrich the blood. Pain and distress attending eating is the way the stomach shows that it is too weak to perform the work of digesting the food taken. In this condition some people foolishly resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach, and it accounts for the speedy relief in stomach disorders that follow the use of Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills prove the value of these pills in cases of this kind. He says:—“A couple of years ago I had a bad attack of indigestion. I had little or no appetite, and what I did eat did not agree with me and caused me much pain. As a result of this trouble my general health broke down, and I finally had to give up work. I had taken doctor's medicine but it did not give me any relief. Then a friend advised me to give Dr. Williams' Pink Pills a trial, and I got six boxes. Before I had completed the third box I found that they were helping me and by the time I had taken the six boxes every symptom of indigestion had improved and I have since been in the very best of health. I look upon Dr. Williams' Pink Pills as a wonderful medicine for all who are run-down.”

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Come in and see the beautiful D-11s and Trays we have on display.

BRIDGETOWN'S FIRST MAYOR PASSES ON
Harry Ruggles, Barrister and Widely Known Citizen, Dies at Home on Sunday

Bridgetown, N. S., Nov. 29—Harry Ruggles, barrister, first mayor of the town, and at one time President of the Annapolis County Conservative Association, died at his residence here this afternoon. Mr. Ruggles, who was sixty-six years of age, had been in failing health for some time.

The deceased was born in Bridgetown, where he lived all his life with the exception of his college years. He was a graduate of Acadia University. Mr. Ruggles was an Anglican, and a funeral will be held from St. James' Wednesday afternoon at 2:15.

His wife, two sons and one daughter survive Mr. Ruggles. The sons are LeMoine, in business in Bridgetown; Dr. Jack, residing in Pishurst, North Carolina; and Mrs. Harry Rooce of Kentville.

You have friends away from home. Then, why not send them The Outlook? There is no gift that would be appreciated more. Imagine 22 visits from the old home town, for a very small sum. Let us hear from you at once. Gladden the heart of a friend.

Let us have your order for Christmas Stationery at an early date, so we can give it our best attention before the rush of that kind of work arrives.

WINDSOR MAY CAPTURE PRIZE

WINDSOR, Nov. 25—One of the largest citizens meetings ever held in Windsor was held this afternoon, when the Council Chamber, Civic Building was crowded to the doors in response to a notice of meeting sent out by the Board of Trade to discuss ways and means to induce the Apple Krip Company to locate in Windsor.

Mr. Comeau, (General Freight and Passenger Agent of the D. A. R.) was announced to occupy the chair, but he was called to Halifax on business, and the chair was taken by A. F. Armstrong, President of the Windsor Board of Trade. B. F. Smith acted as secretary.

The chairman outlined the object of the meeting, and the secretary read a letter from E. Collahaw, offering to invest \$20,000 in Apple Krip stock, with certain provisions, among which were that \$40,000 worth of stock be bought in and around Windsor, that the directors be men who held at least \$10,000 worth of stock, that the plant be located in Windsor, and a few other stipulations.

Mr. Ruggles, stock broker for the company, outlined the process of manufacture, referred to the stock as a good investment, and announced that B. T. Smith would receive applications for stock. A number of questions were asked, which were answered by Mr. Ruggles.

Mr. Smith, of the D. A. R., spoke of the Windsor rates and compared them to those of Middleton, showing that the company would benefit by locating in Windsor. Some questions were also put to the speaker and answered.

Judge Martell, H. D. Tremaine and H. C. Burchell also spoke on the proposition.

Mr. Ruggles was asked a number of questions referring to the company not locating in Middleton, as first decided. He stated that a clear title could not be obtained of the land, and if satisfactory arrangements could be made the company were willing to locate in Windsor.

Hydro rates and railway rates were further discussed, and it was stated that the section of railroad between Windsor and Windsor Junction, now being operated by the D. A. R., under a lease for 99 years had not been ratified by an act of Parliament.

Mayor Keedy was the next speaker, and stated that the town, as before, would take anything in their power to induce the company to locate here.

Dr. J. W. Reid also spoke favorably of the proposition, and hoped that the townspeople would do their utmost to induce the company to locate here. A committee consisting of B. T. Smith, T. B. Atkin and the Town Manager were appointed to assist Mr. Ruggles in selling stock for the company.

Title To Land Not Passed
Windsor, Nov. 25—The statement in today's chronicle relating to the Apple-Krip Co. Ltd., that a clean title could be obtained of the property at Middleton should have read: “No title had been passed from Town of Middleton to Apple-Krip Ltd.”

WEDDING BELLS
Lavers—Shears
On Thursday evening, November 12, a quiet wedding took place at St. Mary's Rectory, Auburn, when Miss Mable Ballantyne Shears, a charming bride from Ayr, Scotland, was united in marriage to Dr. Beverly De Wolf Lavers, son of Dr. F. C. Lavers, M.D., of New Ross, Lunenburg County, Rev. W. J. Bridgeman, Rector of St. Mary's Church, performed the ceremony, and Mrs. Waldo E. Palmer, organist of the church, gave the bride in marriage. The newly married couple will reside in Kingston, N. S., where Dr. Lavers has recently opened up a dental office.

WEST DALHOUSIE
November 23rd—Miss Lena Gillis and friend, Miss Anne Taylor, left on Saturday for Florida. The Missionary Entertainment held in the Baptist Church on Saturday evening was largely attended. The amount of \$9.50 was raised.

Miss Lizzie Morgan, of Lawrence town, spent the week end at the home of Mr. and Mrs. S. Hannam. Mrs. John Morgan passed away on Monday morning at the home of Mrs. S. Hannam after a short illness. The remains were taken to Lawrence town on Monday afternoon.

A Word of Advice to Our Merchants

Have you given your Christmas Advertising any serious thought yet? If not we earnestly advise you to do so at once. The time is drawing dangerously close. Many people do the bulk of their Christmas Shopping early and of course they will patronize the store where they are invited. Don't let the mail-order houses get away with all the cream, when you have the splendid chance of displaying your wares and inviting your customers through your local paper (The Outlook). We are ever ready to give you a real service, but can not promise a “real good, showy advertisement” if it is brought in “at the last moment.” Some of our wide-awake merchants are already on the job. Join the wise majority before it is too late.
