

CASEMENT HANGED IN PENTONVILLE PRISON

GERMANS UNABLE TO SHAKE OFF GRIP OF ALLIES

OFFICIAL LIST OF KNOWN DEAD IN NORTHERN ONTARIO FIRE

SURREPTITIOUSLY "TAPPED" LINES OF LONDON ELECTRIC; MAY FACE CHARGE AS RESULT

City Hydro Service Took Energy From Rival's Lines to Light Postoffice Without Permission, and Jeopardized Whole System by Exemplification of Prussianism.

Prussian disregard for the rights of others as practiced by those in high authority in the hydro-electric system was exemplified on Tuesday night when the wires of the London Electric Company were cut, without request or permission, in order to give power and light to the London postoffice. The whole system of the London Electric was thereby jeopardized.

A hydro lineman named Jackson, armed with authority from some greater power—no doubt the All Highest himself—altered a pole in front of the postoffice and cut down the electric feed wires, strapping a service wire from them to the postoffice switch.

This was all done secretly, and an effort was made to keep the London Electric in the dark concerning the act. The postoffice being lighted caused several to ask how the staff was getting its light, and Manager Charles T. Barnes of the London Electric was notified. He went to the postoffice and asked one of the staff there where the building was being lighted.

"Don't Tell Anyone," the hydro people tapped the London Electric with an electric torch found it secret, so don't tell anyone," was the somewhat incongruous request made to Mr. Barnes.

The postoffice employee was somewhat taken aback when Mr. Barnes revealed his identity.

Later the manager climbed the pole, and with an electric torch found the place where his company's wires had been cut and the postoffice service connected up.

Again the following morning he visited the spot and found that the "special" wire had been disconnected and tape bound over the place where the London Electric wires had been cut. Not a word was heard from the hydro authorities, either by way of explanation or thanks. The trick was done surreptitiously and until the present time, when this article appears, it is believed that the hydro authorities are still of the opinion that they stole so much power from the London Electric without being found out.

"If the hydro people had asked us

to light the postoffice we would have been glad to do so and would not have charged a cent," said Mr. Barnes. "We would not have been willing to do anything in our power to cut down the inconvenience or render places like the hospital less susceptible to danger. But the whole thing was done in such a sneaky way that we are seriously considering taking action which will show the public just what manner of competition we have to put up with."

"Hydro Uber Alles." "The hydro authorities appear to think that they are 'hydro uber alles.' They would not be decent enough to ask us for the power because they would not acknowledge that they were forced to come to us. We understand that it was more desirable to have light at the postoffice, but we do not want the thing done in such an underhanded method, so suggestive of methods adopted in other quarters."

Jeopardized Whole System. "If I were to go to Sir Adam Beck's stable and take a horse out without his permission he would have me up in court, and properly so. But he feels free to take our power without asking, and to jeopardize our whole system. There was not danger that our whole system would be grounded by this tampering with our wires by a man who does not know our system. If such a thing had occurred we would have lost our whole system, and the city would have been in complete darkness."

Will Proceed Further. "I mean to take this case further. We have stood enough in the way of despotism and such methods as these hydro people are using. It is nothing short of contemptible." The advertiser is informed that when a certain high authority was consulted regarding the situation at the postoffice, he said: "Cut in on the London Electric." A hydro lineman was immediately sent to the place, and with the understanding that hydro was to do its questionable tricks in the dark, cut the wire and followed this up by endeavoring to conceal the act.

A charge of theft may be laid as a result of the action, or a civil action may be commenced.

PAYS THE PENALTY FOR HIGH TREASON

ROGER CASEMENT.

SPECIAL TAKES FIRE FIGHTERS TO ENGLEHART

Every Effort Being Made to Stop the New Outbreak.

RELIEF IS ON THE WAY

Thirteen Cars of Provisions and Clothes Shipped to Fire Zone.

NORTHERN BELLE IS SAFE

Rumor Had It That Boat With 300 Aboard Had Gone Down.

Toronto, Aug. 3.—Word has been received here that all women and children were ordered to leave Englehart last night.

North Bay, Ont., Aug. 3.—Twenty-five men left by special train this morning to fight a fire in the vicinity of Englehart, which broke out yesterday. A wreck occurred at Mileage 34 this morning, on the Temiskaming and Northern Ontario railway, demolishing several cars. The line has since been cleared. The cause is said to have been defective rails.

Rev. J. Ferguson of St. Andrew's Presbyterian Church was out in charge of a relief train, which left North Bay this morning for the afflicted district. Complaints have been received at headquarters that supplies have been distributed indiscriminately by irresponsible persons, and Mr. Ferguson will set this right. The minister was put in charge of twelve tons of provisions.

Help From C. P. R. General Superintendent Skully of the Lake Shore Division of the Canadian Pacific Railway, has rendered every assistance possible. This morning he forwarded, on behalf of his company, five hundred mattresses, blankets and pillows to the sufferers. Mr. Skully has kept in touch with the needs of the north, with many more to follow. The urgent need at present is women's and children's second-hand clothing.

Shipped 1,000 pairs of socks, 500 pairs of towels, 500 suits of underwear, 200 hats, 500 towels, 500 yards of cotton yarn and cooking utensils for 500 people and continued on page 3, Col. 6.

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 87; lowest, 48.

The official temperatures for the 24 hours previous to 8 a.m. today were: Highest, 72.5; lowest, 59.

TOMORROW—FAIR AND WARM.

Today and Friday—Moderate south to southeast winds; some light showers or thunderstorms, but generally fair and warm.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations. High. Low. Weather.

Victoria. 60. 52. Fair.

Calgary. 52. 42. Fair.

Winnipeg. 52. 42. Fair.

Port Arthur. 56. 46. Cloudy.

Toronto. 56. 46. Cloudy.

Port Stanley. 56. 46. Cloudy.

Buffalo. 56. 46. Fair.

Toronto. 56. 46. Fair.

Kingston. 56. 46. Cloudy.

Ottawa. 56. 46. Cloudy.

Montreal. 56. 46. Cloudy.

Quebec. 56. 46. Cloudy.

Father Point. 56. 46. Cloudy.

Weather Notes.

Rain has fallen heavily again in many parts of Saskatchewan, while a few light scattered showers have occurred in Alberta and Ontario.

FOE BEHIND GAS WAVES TRIES TO REACH SLAVS; SENT BACK TO TRENCHES

Midnight Attack of Germans in Region of Smorgon Preceded by Waves of Gases, Fails to Make Impression on Russians—Turks Forced From Fortified Position on the Euphrates.

[Canadian Press.] Petrograd, August 3.—"On the night of August 2 in the region of Smorgon," says the official Russian statement issued today, "the enemy launched gas attacks on both sides of the railway. The attack opened at 1 o'clock in the morning, and the gas was released six times, with intervals between the waves. The gas attacks finished at 6 o'clock in the morning."

"The use of gas was discovered in good time, with the result that the Germans, who were following the

gas attacks, on attempting to advance, were met with rifle and machine gun fire and suffered severe losses.

"The enemy did not even succeed in getting outside of his own wire entanglements, and he rapidly returned to his trenches."

"Caucasian front: In the direction of Karput, in the region of the village of Nark, our detachments made an advance and forced back the enemy from his fortified position on the right bank of the River Euphrates at Murutchala."

OFFICIAL LIST OF DEAD BY NORTHERN ONT. FIRES; KNOWN VICTIMS NUMBER 150

[Canadian Press.] North Bay, Ont., August 3.—An official list of dead in the forest fires is furnished by Commissioner Lee of the T. and N. O. Railway. The total number of known dead is given as 150, missing 7, injured 26.

The names are as follows:

At Onagong—Joseph Deldieu, wife and three children, Joseph Vignault, Alex. Aubin, Joseph Cavanne, total 8.

Troquois Falls—Alex. Laporte, wife and two children, Mrs. J. Vignault, total 5.

Three at Cochrane. Cochrane—Baby Merolla, Baby Palmer, an unknown baby, total 3.

Larouque P. O.—L. Prou, wife and four children, Mrs. John Pearce, Mrs. N. Roy and two children; total 10.

Porcupine Junction—John Saunders, wife and two children, A. McDonald and Mr. S. (uncle), relatives of J. McChesney, M.D., Frank Coleman, wife and baby; Miss Wilkinson, visitor from Toronto; total 10.

Ramsay—Ed. Prou, wife and three children; Mrs. A. Prou and three children; Mrs. Z. Clement and three children; total 13.

Many at Nushka. At Nushka—A. Gullmette and wife, Mrs. Hortie, Mrs. Silvia Hortie, Miss L. Laporte, Miss Labelle, A. Seguin, Joseph Houle, wife and child, Mrs. Art Guinard, Miss A. Guinard, Dora Guinard, Lionel Gagnon (parish priest), Mr. Perrault, wife and seven children, Mrs. Art Chalmouss and two children, Mrs. Ed

Duchane and three children, Mrs. S. Amotte and six children, Miss Maria Amotte, Edgar Amotte, Maxine, John and Joseph Gaudier, O. Dupuis, wife and three children, Mr. Gen, an unknown man; total 42.

The Matheson List. Croesus Mines, Matheson—R. E. Hill, Clifford Cox, Mr. Robinson, Mr. and Mrs. Martel, Mr. Steyer, an unknown Chinese cook, Dupont, wife and two children, John Audekirk, O. Joyette, A. Mitchell, Mr. Smith, G. Chisholm, J. Carter, Mr. and Mrs. Elvin and two children, Mr. and Mrs. Schmidt and child, Mr. Schmidt Sen, Mrs. Robinson and four children, Mrs. Boyd and three children, Mrs. Small and two children, Thomas Little, L. C. Presse, R. Wildman, John Wildman Sen, J. Switzer, Mrs. Olway, J. Joind, Norman Throop and wife, J. D. Gralonde and two sons, George Woods; total 60.

At Kelso—Dr. Reid, J. B. Mitchell; total 2.

Missing—Mr. McLaughlin, A. Throop, Mr. and Mrs. Stuperty, son and grandmothers, Baby McWaters; total 7.

Injured—At Nushka, George A. Short, Mr. Quackenbush, wife and two children, Edna Bannerman, A. DuRoi, Roussin, W. H. Coleman, O. Clement, Joseph, W. H. Thompson, C. R. Kealey and wife, A. Small; total 20.

Recapitulation—Total number of "known" dead, 150; missing, 7; injured, 26.

ONTARIO GOVT. BARS CHANGING THE NAME OF BERLIN, ONTARIO

Counter-Plot to Prevent the Adoption of "Kitchener."

[Special to The Advertiser.] Ottawa, Aug. 3.—In Canada, Berlin is still Berlin. The proper way to address your letter is not to Kitchener, but to Berlin.

The people voted to call their town Kitchener, but there is a quiet counter-plot on to prevent the name changing. As a result the Ontario Government has failed to take the action required to give effect to the popular vote. The Dominion Government says it cannot take action until the Ontario Government takes action. This is made clear by a message from the postmaster-general to the mayor of Berlin, which runs:

Ottawa, Aug. 4, 1916. Edward Smyth, Berlin, Ont.: On my arrival from Europe I find your telegram in reference to the change of name of Berlin to Kitchener. This department can take no action in the matter until it has been officially notified that the change has been legally made. No notification of such a nature has as yet come to the department.

(Signed) T. CHASE CASGRAIN, Postmaster-General.

[Canadian Press.] London, Aug. 3.—With the approval of King George the £100,000 which His Majesty presented to the nation some months ago, will be devoted to general purposes in connection with the war, according to a statement made today in the House of Commons by Premier Asquith.

CHOLERA ABOARD. Yokohama, August 3.—The Japanese steamship Hawaii Maru, bound from Oriental ports for Tacoma, Wash., has been indefinitely quarantined at this port owing to an outbreak of cholera on board. Fifteen cases of the disease were found in the steerage, four of them proving fatal.

It is declared that most of the passengers embarked on the Hawaii Maru from Baltimore, in her entire trip from Baltimore, Capt. Hirsch of the tug Timmins, declared.

ALLIES HOLD FIRMLY ALONG SOMME LINE; FOILING FOE

Haig Consolidating, Despite Heavy Artillery Fire.

FRENCH REPULSE GERMANS

Several Attempts To Regain Lost Ground Frustrated by Joffre.

[Canadian Press.] Berlin, Aug. 3.—Viv. London, 5 p.m.—French troops have penetrated the German lines on Monaca Farm, in the region of the river Somme, and have taken a trench section to the north of that position, says the official statement given out today by the German army headquarters.

In the region north of the fortress of Verdun, the announcement adds, the French have recaptured a trench section which they had lost in the Lauffe Wood.

[Canadian Press.] London, Aug. 1.—"During the night we continued the work of consolidating the ground which we had gained and in opening up communication trenches," says the British official statement issued today. "Our guns were active and the enemy's artillery retaliated briskly during the evening along our front from Maltz farm to Longueval, also on the woods of Mametz, Fricourt and Becourt and the village of Pozieres. His fire slackened off at dawn."

"The enemy exploded a small mine near Souchez. It caused no casualties and did little damage."

[Canadian Press.] Paris, August 3.—12:15 p.m.—North of the River Somme several German attempts last night against the French position on Monaca farm were repulsed, it was officially announced by the French war department this afternoon. The French troops organized their new positions between Monaca farm and Hem wood.

South of the Somme, a German counter-attack south of Estrees failed.

Several violent German counter-attacks on the trenches taken by the French yesterday on the right bank of the River Meuse, the statement adds, were everywhere repulsed by the screen of infantry fire. In this region, which is north of the fortress of Verdun, the French made substantial progress to the south of Fleury. Since the 1st of August the French have captured 1,100 Germans on this bank. On the left bank of the Meuse an intense artillery duel continued.

Continued on page 3, Col. 5.

NO WARSHIPS SEEN AS DEUTSCHLAND ENTERS ATLANTIC

Merchant Submarine Submerges a Mile Off the American Coast.

[Canadian Press.] Norfolk, Va., August 3.—Somewhere out in the Atlantic today the German merchant submarine Deutschland and allied warships were believed to be playing hide and seek as the undersize boat sped homeward after passing out of the Virginia Capes last night.

The Deutschland submerged a mile off the coast shortly before 9 o'clock, and so far as known here, was unobserved by the allied warship patrol guarding the capes against her escape.

The final dash was virtually without incident. Eighteen miles up the Chesapeake Bay, at the crossing of the Old Point and Cape Henry channels, the submarine began to gather speed, and was hurrying towards the Atlantic.

With only a slight delay after reaching the capes, she dashed into the sea and submerged. Only one warship, a United States torpedo-destroyer, was sighted by the submarine in her entire trip from Baltimore. Capt. Hirsch of the tug Timmins, declared.

CASEMENT GOES TO GALLOWS FOR CRIME OF HIGH TREASON; IS CALM AND BOLD TO LAST

Former Knight Executed This Morning at Pentonville Prison—Great Crowd Gathered Outside Walls Cheers at the Tolling of Death Bell—Arch-Traitor to Last Expected a Reprieve—London News Declares Execution Grave Mistake.

[Canadian Press.] London, Aug. 3, 9:13 a.m.—Roger Casement was hanged in Pentonville jail for high treason at 9 o'clock this morning. He was pronounced dead nine minutes after 9.

A large crowd gathered in front of the building at 7 o'clock this morning. There was keen excitement at 8:40, when a telegraph messenger arrived at the prison gate and an eleven hour reprieve was speculated upon.

Death Bell Tolls. The death bell tolled eight minutes before nine, and this was greeted with an outburst of cheering, which was repeated at intervals. When the clasp of the bell announced that the hanging was over many cheered, while others groaned. Father James McCarroll, who attended Casement during the hanging, told a representative of the Associated Press that the condemned man met his death courageously.

His Last Words. "Casement went to his death like a brave and bold man," said Father McCarroll. "Just before the black cap was adjusted he stood forward boldly erect and said in a clear, distinct, slow voice: 'Into Thy hands, O Lord, I commend my spirit.' Then, still standing at his full height, he added: 'Jesus, receive my soul.' The trap was sprung one minute after nine o'clock."

According to one of those present Casement's last words were: "I die for my country."

Twenty minutes before Casement mounted the scaffold the great prison bell commenced to toll. The sound was greeted with cheers from the crowd, mingled with some grans. At 8 o'clock the crowd had swollen to such proportions that it extended for two blocks from the prison front. At nine minutes after nine a single stroke on the big bell announced that the trap had been sprung. It was the signal for another yell from the crowd, which suddenly died away into dead silence.

The Last Rites. Casement met his death with calm courage, according to eyewitnesses. Early in the morning two priests of the Roman Catholic Casement and quickly the last rites in the cell of the condemned man and shortly afterward a little procession headed by the chaplain, followed by the priest, proceeded toward the execution shed, only five yards away. The priest recited the Latin of the Dying, Casement responding in low tones: "Lord, have mercy on my soul."

On the Trap. As the party reached the shed where the gallows was erected, the special executioner, a fair-dresser, named Ellis, approached Casement and quickly plied him. The two chaplains, the under sheriff of London and the under sheriff of Middlesex then took up the position in front of the gallows. Casement mounted the scaffold steps firmly, and commended his spirit to God.

GUNBOAT OF GERMANS SUNK BY THE BELGIANS ON LAKE TANGANYIKA

[Canadian Press.] Havre, Aug. 3.—The sinking of the German gunboat Graf Von Goetzen in a duel with the Belgian gunboat Netta on Lake Tanganyika, is announced in an official statement issued by the Belgian war office. The text of the statement follows:

"Lieut.-Col. Mouslet telegraphs that while cruising off the German shores of Lake Tanganyika, the Belgian gunboat Netta, commanded by Lieut. Lemaire, surprised on July 25 the German gunboat Graf Von Goetzen landing troops. The Netta immediately engaged her, and she sank in fifteen minutes, after having destroyed the enemy troops and porters who had just been landed. It is not known whether the crew of the Graf Von Goetzen was saved. The Belgians had no losses."

STROMBOLI AND ETNA
IN VIOLENT ERUPTION

Heat So Intense Sea Near Volcanoes Is Boiling.

[Canadian Press.] New York, Aug. 3.—A Journal dispatch from Rome today says: "The volcanoes of Mount Etna and Stromboli are in violent eruption, accompanied by underground rumblings. So intense is the heat from the flaming lava that the sea is boiling in the region of the volcanoes."

The volcanoes have been active for three days, during which time great volumes of lava, smoke and gas have poured from the craters.

PARADERS AT ZURICH DEMAND DEMOBILIZATION

[Canadian Press.] Geneva, via Paris, Aug. 3.—A Zurich dispatch says that a number of young men paraded the streets of that city on Tuesday night, bearing banners inscribed:

"We demand complete demobilization." The police were obliged to charge the crowd with drawn sabres before it would disperse. Several persons were wounded.

ZEPPELINS GIVEN WARM RECEPTION ON LATEST RAID

One of Them Apparently Hit, and In Badly Damaged State.

[Canadian Press.] London, August 3.—2:55 p.m.—Six German airships took part in the raid on the eastern counties of England this morning, according to an official announcement issued this afternoon, which says that 30 bombs are reported to have been dropped. Nine horses were killed, and three horses were injured, the statement adds.

[Canadian Press.] London, Aug. 3.—12:22 p.m.—The zeppelin airships which raided the eastern and southern counties of England this morning had a very warm reception from anti-aircraft guns, according to observers in the coast towns near which the airships passed. One of them apparently was hit, as on the last raid, she being seen in a badly damaged condition and lying low over the water.

One zeppelin, which crossed Dutch territory, also was fired on by Dutch gunners, but was not hit.

Four zeppelins were observed from Texel, the largest of the Frisian Islands off the mainland of North Holland, returning homeward, but apparently more than that number took part in the raid.

No details as to casualties, if any, or damage caused by the zeppelin bombs have yet been reported.

HIT BY DUTCH.

[Canadian Press.] Ymuiden, Holland, Aug. 3.—via London, 2:11 p.m.—The L-11, one of the zeppelins which flew along the Dutch coast, was apparently damaged. Her motors were working badly, and she had a heavy list. The Dutch coast-guard fired on her, and they believe that she was hit.

UNARMED COCKER LINER SUNK BY GERMAN SUB

London, Aug. 3.—The Cocker Line steamship Llanion, of 3,487 tons gross, has been sunk. It was announced at Lloyd's shipping agency today. She was unarmed. The British sailing vessel Margaret Sutton, 197 tons gross, also has been sunk.

The Britannia was 432 feet long, 43 feet beam and 24 feet deep. She was built at West Hartlepool in 1904.

ALL CAR LINES OF GREATER NEW YORK MAY STOP RUNNING

Strike of Crews Is Likely to Spread to Every Line.

[Canadian Press.] New York, August 3.—Despite the efforts of Mayor Mitchell and the public service commission to prevent a general strike on all the transit lines of this city, the danger of a tie-up is regarded today as imminent. Heads of the various traction companies are reported to be united in a decision to refuse to grant the demands of leaders of the Street Railwaymen's Union for recognition and increased pay. The union organizers are making every effort to extend their organization and the railway officials are preparing for a strike. The plan is said to be to bring thousands of strike-breakers from other cities, and they are reported to have sent agents to Philadelphia, Baltimore, Washington, Boston, New Haven and elsewhere to recruit conductors and motormen.

Only One Hope. The only hope held out today of avoiding a strike on the many surface lines operated by the New York Railway Company within 48 hours was the slender one that either the company or the union men would yield. The president of the company, however, issued a statement objecting to the unionization of its employees on the ground that they, as well as the company, were responsible to the city for the maintenance of its transportation system.

Officials of the city, the New York Railway Company and the labor union said that by tomorrow a strike order probably would be issued affecting every surface line in the boroughs of Manhattan and Queens.

Representatives of the union and of the street railway company attended a conference with Mayor Mitchell today in a final effort to reach an agreement.

1,200 MINERS WALK OUT AT THE THETFORD PITS

[Canadian Press.] Quebec, Aug. 3.—Some twelve hundred miners in the various mines at Thetford Mines walked out today on a salary question. No hostile manifestations as yet. The Dutch coast-guard fired on her, and they believe that she was hit.

It is expected that the strike will extend to the mines at Black Lake and Robertson.

REGISTRATION TO AID RECRUITING IN THIS DISTRICT

Delegates From Western Ontario Urge Government to Take Action.

NO NEED OF CONSCRIPTION

Col. Shannon Favors Change in the Present Methods.

YOUNG MEN HANGING BACK

Too Many Good Soldiers Out in Baseball Fields, Says Chairman.

"That we express our appreciation of the scheme for recruiting as laid before the meeting by the militia representatives, and promise our hearty co-operation to carry out the same.

"That this military district be organized with the head office under a chief recruiting officer, and that all other societies co-operate.

"We also feel that some system of registration is necessary, and that the Government should take speedy action, so as to give effect to the suggestion.

"That this meeting represent to the Government that it supply the necessary funds to carry out the proposed methods."

The above resolution was adopted by the delegates from the eleven counties representing Military District No. 1 at the recruiting conference held yesterday afternoon in the Masonic Temple to formulate a scheme to solve the problem of recruiting.

The resolution adopted will be presented in person by Lieut.-Col. Cecil Williams to Premier Borden at an early date for consideration.

The delegates were at variance on several matters concerning recruiting, but finally the resolution was formulated and moved by J. J. Hunter, editor of the Kincardine Reporter, seconded by Joseph Gibson, postmaster of Ingersoll.

The meeting was called to order at 2:30 o'clock by Canon Tucker, the chairman, who in his opening remarks and reasons for holding the conference.

Has Done Wonders.

"The present system of recruiting has done wonders in a great many ways, but the time has come when it appears to have served its usefulness, and we must look to other means to raise the necessary men," said Canon Tucker.

"Had we been told at the commencement of the war that Canada would have raised 300,000 men or more by volunteer methods, we would have been told we were dreaming," continued the speaker.

"I looked like a physical impossibility, but we destroyed the illusion as the great war has destroyed many illusions.

"Recruiting has called out some of our best men. It has called out men most needed, and left many men who we could have most spared. Men who would be splendid soldiers to meet the Germans in the trenches we see on the baseball field.

"Some of our men of greatest ideals have offered themselves. Others have remained quiet at home with their mothers, wives, sweethearts and aunts.

A Broader Policy.

"We must go beyond the present recruiting policy in order that there may be equality in each district in order to supply quickly the necessary men, as men must have by one system or the other, and that system we must now decide," said Canon Tucker in part in opening the meeting.

Men Are Needed.

Col. Shannon, the next speaker, opened his address by stating he was a man of few words but wanted to say a different system evolved than at present existed. In part he said:

"The time has come when we require some organization in order to secure troops and your presence here is to discuss the best means to get the men."

On the basis of 100,000 as asked it would mean one in sixteen or for Military District No. 1 36,700 men. We have raised 25,500 and we are still over 7,000 men short of what we require as the quota for No. 1 district.

"Organization and system will do the work. I am not much given over to comparisons, but I see districts that have done better than we have by the right methods.

We have sent recruits from No. 1 district to Toronto and Hamilton, but they are all for overseas whether with units in this district or otherwise. My wish is that something practical will result from this conference."

Urges an Appeal.

Lieut.-Col. George Williams, senior

chaplain at Camp Borden and of Military District No. 2, in his address advocated an earnest and persistent appeal to the higher ideals which he yet believed would bring the required number of troops.

"What we need in Canada today is a strong intellectual campaign. What might have been practical on the start is not practical now.

"I think Canada is to our benefit to introduce conscription now. No. 2 district has recruited more than its full quota of men by a strong, earnest and persistent appeal, and I believe we can do the same in this district.

"Bring the issues clearly, strongly and persistently before the people and you will get the results.

"In the country the men do not appreciate as quickly the requirements as the men in the city because they are not faced so strongly with the issue.

Want the Farmers.

"We want the farmer to see the issue clearly and we believe they will respond as never before.

"I think Canada can give the necessary 300,000 without necessarily disturbing our industrial life.

"We can do by systematic organization what other have done, and I believe it still unwise to talk conscription, because I believe the men will be forthcoming yet by the present system."

said Lieut.-Col. Geo. Williams in conclusion.

Lieut.-Col. Cecil G. Williams, chief recruiting officer of the Dominion, who came to London at the request of Col. Shannon, was next called to address the delegates.

He first asked for the roll call of the delegates, which showed every county in the district well represented.

"We are here to formulate a plan of recruiting that will be productive of a million and a half of available men, and surely it is not too much to ask one in three.

"I would to God that we could get our men here between the ages of 15 and 45 to realize the awful horror of this war.

"I do not believe in calling men slackers and cowards, and my instructions from Gen. Hughes were not to vilify anyone from the platform, as I believe we can still get the men by the right kind of appeal.

"Speaking of conscription, if we can become the one bright jewel to remain without it we will do something to feel proud of and I believe we can."

Men Will Come.

"I feel when the men of Canada know the price Belgium has paid, every man will say, 'here I am' and I don't believe conscription will be needed."

Canon Tucker, in speaking, again believed the general feeling of the people at large was for some system of registration.

The meeting was then opened to discussion, the first to move the platform being Joseph Gibson of Ingersoll, who came out and out for a registration of all eligible men for enlistment.

"We have played the present game until it has become a humiliation and I for one don't wish to waste any more ammunition on dead ducks," said Mr. Gibson.

Others who spoke were: Dr. Reaume, ex-M. P. of Windsor; J. J. Hunter of Kincardine; Judge Klein of Walkerton; John Northcote of Ingersoll; Samuel Ferguson of Stratford, and Col. Murty of Guelph.

The camp of the 21st is claimed to be the equal of the best military camps in Canada. The tents are all floored, and frame mess and canteen buildings have been erected for the accommodation of the men. Every facility necessary for the comfort of the soldiers in encampments has been provided, and the regimental horse of the 21st is a most excellent one from the standpoint of military efficiency and civilian comforts that are denied soldiers in some camps because of lack of facilities, natural disadvantages and other causes.

A Splendid Camp.

The camp of the 21st is claimed to be the equal of the best military camps in Canada. The tents are all floored, and frame mess and canteen buildings have been erected for the accommodation of the men. Every facility necessary for the comfort of the soldiers in encampments has been provided, and the regimental horse of the 21st is a most excellent one from the standpoint of military efficiency and civilian comforts that are denied soldiers in some camps because of lack of facilities, natural disadvantages and other causes.

Active Recruiting.

Though the Scottish Borders, as the 21st is known, have been authorized for some time, it is only in the last week that active recruiting has commenced. The showing at the military district is expected that a goodly representation from this city and immediate vicinity will be found in the ranks of the Borders.

Our active campaign only started last Thursday, and we have a good nucleus, and hope to bring our battalion to strength as speedily as possible. It is intimated that a special campaign for recruits to form a London platoon, or even a London company, will be undertaken in the near future.

SEA FORTH PATRIOTIC DAY FOR BENEFIT OF 161ST

[Special to The Advertiser.]

THREE MEMBERS OF COMMISSION WILL ATTEND MEETING

Decide to Go to Scheduled Utilities Conference.

NO BUSINESS" SLATED

Hydro Break and Water Supply Apparently Considered of Little Interest.

Mayor Stevenson, Commissioners F. Mitchell and E. R. Dennis, will be in hand this afternoon attending a meeting of the utilities commission, which was scheduled but not called for this afternoon.

This is the regular day for meeting. It was called off because there was no business, it was reported. The commissioners mentioned were not expected to attend. Chairman Spooner will not be there, so it is expected that the session will be adjourned until Friday afternoon.

The three commissioners decided that they had been overlooked, and thought that they should attend.

May Be Interesting. The session today will be brief, but tomorrow's meeting may be interesting.

Mr. Mitchell stated to The Advertiser that he would look into the matter, and make inquiries this afternoon. The water problem, the break in the hydro, and the necessity of an auxiliary power plant are important enough in Mr. Mitchell's eyes to demand a session of the commission.

A lot of people are interested in these matters, and something should be done.

Should Be Meeting. There certainly should be a meeting, said Commissioner F. G. Mitchell. "I think these matters are of sufficient importance to warrant a meeting on the Macgregor walls, and other schemes for increasing our water supply. The loss of customers for the hydro is a matter of concern to the public, I am sure. I have not been notified that any meeting is to take place, although this is our regular meeting day. We will be there, and some questions will be asked, make no mistake. We are elected to do the business of the city, and we are going to do it."

CHARGED WITH SELLING LIQUOR TO SOLDIERS

Ernest Hicks Appears in Court, But Denies Guilt.

Ernest Hicks, charged with supplying liquor to three soldiers of the 16th (Bruce) Battalion, pleaded not guilty to the charge in police court today, and was remanded until Tuesday next for a hearing.

The evidence of the three soldiers will be taken at that time. Hicks is a common law witness to prove that he did not make the sale, nor had liquor in his possession for sale. The alleged offense is claimed to have been committed on Dundas street near Colborne.

Tax On Conduct. William Clark, charged with being drunk and disorderly, was fined \$5 or fifteen days in jail.

Getting Rest Cure. Harry Donnelly appeared on a charge of breach of liquor license, and will spend this week-end at the Soldiers' Club, to permit his system to recover from the effects of a "spree."

Dead Sailing. James Burns of Montreal, admitted having stolen several "schooners" coming across the bar.

"How did you get to London?" asked his captivity.

"Well, walk back then, and start quick, too," replied the scoundrel, as Burns recoiled for his hat.

HEAVY DAMAGE DONE BY HAIL IN SASKATCHEWAN

Marlboro, Gowan and South of Saskatoon Districts Suffer Greatly.

[Canadian Press.] Winnipeg, Man., August 3.—A number of dispatches have been received, telling of damage at different points in Saskatchewan yesterday from a hailstorm of unusual severity which struck the district south of Saskatoon.

At Marlboro, heavy hail, some of the size of golf balls, did considerable damage to the crops. At Gowan, hail of even in Nokomis district. At Marlboro, hail of even in Nokomis district. At Marlboro, hail of even in Nokomis district.

FOUR AUSTRIAN DEPUTIES SENTENCED FOR TREASON

[Canadian Press.] Vienna, August 3.—After a fortnight's trial before the landwehr divisional tribunal at Reichenau, four Austrian deputies have been sentenced to the high treason of the emperor.

Choe was sentenced to six years, and the other three to five years, and the fourth to one year.

PERSONAL

Rev. John Bannatyne and wife of Stuart were in London yesterday en route to Forest, where they will spend their holidays.

Arthur Ellis of the Petrolia Advertiser is visiting with friends in the city.

Mrs. George W. Humphreys of Chicago has returned after spending the past week with her parents, Mr. and Mrs. Walter Stevens of 312 Wellington street.

Miss Maude B. of Port Huron, Mich., is visiting in the city, a guest of Mrs. Walter Stevens of 312 Wellington street.

FLORENCE PATRIOTIC LEAGUE. FLORENCE, Aug. 2.—The ladies of the patriotic league of Florence have been given a pleasant surprise by the arrival of the Red Cross Fund, for the Red Cross Fund, for the Red Cross Fund, for the Red Cross Fund.

INFANTILE PARALYSIS CASE REPORTED LOCALLY BUT NO DANGER BEING ANTICIPATED

Disease More or Less Prevalent Here Every Summer, Says M. O. H., Who Advises All to Follow Provincial Board's Regulations to Prevent Spread.

London's first case of infantile paralysis for this year has been reported to Dr. H. W. Hill, the medical officer of health. The patient, a child of 15 months, is in complete convalescence, and is doing as well as could be expected, says Dr. Hill.

The medical officer of health declares that the development of this one case need occasion no unnecessary alarm, as the disease has been more or less prevalent every summer, and the presence of a few cases does not necessarily mean an epidemic, providing the public adopts the precautions laid down by the provincial board of health.

Infantile paralysis can be checked if parents will only consult a physician at the first sign of symptoms, and not permit the disease to become too far advanced.

Being a disease of a highly communicable character, the local department of health asks co-operation of all parents and citizens in observing the provincial regulations thereby eliminating, as much as possible, the chances of an epidemic, which will occur only in case of the failure of citizens and parents to observe instructions as laid down by the health board.

Provincial Suggestions. The following instructions regarding infantile paralysis are issued by the Provincial Board of Health:

Infantile paralysis, also called anterior poliomyelitis, is a communicable disease, chiefly of children between the ages of two and four years. Older children and adults may also be affected by the disease.

The cause is unknown. It is known, however, that the disease is caused by the virus of the disease, which is present in the intestinal tract from which it is spread.

The disease is epidemic in some United States cities and in at least one town in Ontario.

It is believed that infantile paralysis is spread from one child to another by direct transfer. It is possible also that it is spread by flies which have been in contact with intestinal discharges, and then come in contact with the mouth of another child.

It is possible that it is spread by flies which have been in contact with intestinal discharges, and then come in contact with the mouth of another child.

What to Do About It. 1. Every case must be quarantined for a period of six weeks.

2. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

3. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

4. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

5. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

6. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

7. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

8. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

9. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

10. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

11. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

12. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

13. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

14. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

15. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

16. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

17. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

18. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

19. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

2. Adult members of the family who are wage earners may be allowed to go about their work subject to the regulations of the provincial board, and in the discretion of the medical officer of health.

3. Where there is an outbreak, gatherings of children, such as picnics, parties, shows and playgrounds, should be prohibited.

4. The source of origin of each case should be carefully inquired into in order that proper quarantine may be maintained.

5. In houses where cases appear all doors and windows should be screened, premises kept clean, and no accumulation of garbage or waste permitted.

6. All cases should be at once notified to the medical officer of health, and by him to the chief officer of the provincial board.

7. Mild cases, showing slight headache, rise of temperature and vomiting, persisting for a few days, with slight muscular weakness and absence of paralysis, should be quarantined. These are probably one of the chief sources of contagion.

8. As infantile paralysis is a most serious disease, and in the present epidemic a high death rate is being caused, it is urged to second the efforts of the authorities in every way in order to prevent a severe outbreak in the province.

9. All materials, such as cloths, etc., carrying secretions and discharges from patients, should be burned, boiled, or disinfected.

10. If the disease shows any tendency to spread, special quarantine measures may be necessary.

Dr. H. W. Hill, in addition to advising citizens to carefully study the circulars sent out by the provincial health board, submits the following regulations and advice as a precautionary measure to guard against contagion.

These facilities for work, and in making a good thing of it, the interest of amateur photography.

Call In Physician. "Have a physician see it at once and determine what is the trouble," said Dr. Hill. "It is the responsibility of the health officer so that proper quarantine can be instituted and the prevention of the spread of the disease is insured so far as that may be possible. Every citizen should co-operate in this duty in all infectious diseases, as well as in poliomyelitis."

What to Do About It. 1. Every case must be quarantined for a period of six weeks.

2. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

3. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

4. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

5. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

6. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

7. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

8. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

9. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

10. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

11. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

12. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

13. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

14. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

15. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

16. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

17. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

18. All children who have been in contact with a case must be quarantined and kept under observation for a period of two weeks.

A REMARKABLE PICTURE

How the City Looked From the Roof of a High Building Tuesday Night.

A Remarkable Picture. To the Editor of The Advertiser: I enclose a print of a remarkable picture of the city of London on Tuesday night taken from the roof of one of the highest buildings.

I had some trouble in bringing up the fine points of the negative, but considering the fact that I am an amateur, I think I have produced a fairly faithful picture of the city under difficult conditions.

The picture shows the city from the roof of a high building. It is a remarkable picture, showing the city from the roof of a high building.

ALDERMAN'S AUTO IS STRUCK BY STREET CAR

Has Rear Wheel Sliced Off at Richmond Street and Queen's Avenue.

An automobile driven by Ald. W. A. Wilson, with several passengers, was struck by the Normal car, 148, at Richmond and Queen's avenue last evening about 8 o'clock.

The motor turned round on Richmond street, and it was thought that it would clear the tracks, but the street car struck it, tearing off a hind wheel, and turning the motor completely around.

The screams of the women drew a large crowd, but the passengers were not injured.

ITALIAN AEROPLANE FLEET HEAVILY BOMBARD DURAZZO

Austrian Destroyers Shell Defenseless Seaport on Adriatic.

[Canadian Press.] Rome, August 2.—Via Paris, August 2.—An official statement issued today says that two Austrian destroyers shelled Durazzo, an Italian seaport on the Adriatic near Bari. The text of the statement follows:

"Two enemy destroyers shelled Durazzo, a district which possesses no defenses. Six persons were wounded. Two of them, women, seriously. The material damage was slight."

The Italian aeroplanes bombarded Durazzo this week with great effect. A large number of bombs fell on wharves, buildings and the aerodrome. All of the aeroplanes returned safely to their bases, and had to land in enemy territory."

WELL-KNOWN GOLFER IS SLAIN IN BATTLE

Campbell White, Widely Known on the Pacific Coast, Fought for Britain.

[Special to The Advertiser.] SAN FRANCISCO, Aug. 2.—Campbell White, one of the best-known amateur golf players on the Pacific coast, was killed on the battlefield July 12, according to the cable here today.

He joined the British forces in Europe a year ago.

Many Secured Their MUSKETRY CERTIFICATES

List Announced in Camp Orders Lists Successful Ones.

The results of the course of the School of Musketry which was carried on at the Cove ranges under Major Baily from July 3 to July 22 are now announced in camp orders.

Practically all of those taking the course have qualified as musketry instructors to their various units. Nineteen were passed from each of the 11th and 16th Battalions, and twenty men from the 16th. The list of those qualifying follows:

11th Overseas Battalion—Sergeant D. K. Bartleman, Sergeant R. W. Bain, Sergeant F. White, Sergeant F. Anderson, Sergeant J. E. Lamb, Sergeant J. McMaster, Sergeant J. Bell, Sergeant J. Jardine, Sergeant J. Lumber, Sergeant J. Yates, Sergeant T. Bryant, Sergeant J. S. West, Sergeant H. Morel, Sergeant C. Pateman, Sergeant C. Thomas.

16th Overseas Battalion—Sergeant J. Clark, Lance-Corporal Whitehead.

Major Low, Sergeant Pinder, Sergeant Willard, Sergeant Scudamore, Sergeant Young, Sergeant R. C. Dyer, Sergeant E. Jones, Sergeant P. W. Sparrow, Sergeant P. R. A. Clifton, Sergeant J. F. Smith, Sergeant R. A. Spence, Sergeant J. A. Robinson, Sergeant A. McDougal, Sergeant C. G. Hamilton, Sergeant C. W. Woodcock, Sergeant P. Selbert.

ALLIES HOLD

tinues, but there has been no infantry action. In the Somme sector, the British have brought down two German aeroplanes, which makes a total of eight brought down by this aviator.

French Official Statement. The French official statement given out this afternoon, follows:

"North of the River Somme we repulsed last night several German assaults upon the Monacu farm, and organized our new positions between the farm and Ham wood."

"It has been reported that the German units engaged in the region of Monacu farm had to be relieved as a result of the heavy losses they have sustained since July 26."

"The River Somme a counter-attack upon our positions located to the south of Estrees failed under our fire."

Checked by Curtains. "On the right bank of the River Meuse the Germans delivered several violent counter-attacks upon the trenches which we captured yesterday. The fire of our infantry checked the efforts of our adversary, who suffered heavy losses. As for our troops, following up their advantage, they have made notable progress to the south of the river. They have reached the immediate surroundings of this important station. The number of prisoners made by us yesterday in the region of Fleury alone is in excess of 700. This raises to 1,000 the total number of prisoners taken by our troops since the first of August on the right bank of the River Meuse."

"In the region of Vaux Le Chapitre and Chenois there has been continued intense artillery fighting, but without infantry participation. The night passed quietly on the remainder of the front, where we dispersed with rifle fire certain German patrols."

"On the front along the Somme, Sergeant Chabot yesterday had two aerial encounters with German machines, and in each case vanquished his adversary. These two new victories make a total of eight German machines which have been brought down by this aviator. Another German aeroplane, attacked at close quarters by one of our machines, fell to the ground and was wrecked at a point near Chauny."

WOODSTOCK MAY COPY FOUNTAIN IN LONDON

WOODSTOCK, Aug. 2.—When the late Andrew Pattullo died, about twelve years ago he made provision in his will for a fountain to be placed on the market square. In his will, \$1,000 was set aside. This amount, now reaching the sum of \$1,235, has been decided by the special committee of the council to go on with the purchase of a fountain.

REGISTRATION FAVORED BY EMERGENCY CORPS

Women of Local Organization Pass Resolutions on New Recruiting System.

The Women's Emergency Corps, at a meeting following the recruiting conference of Wednesday afternoon, passed two resolutions favoring registration. The members of the corps will form themselves into a body to assist in general recruiting. Other emergency corps will be formed in other cities at an early date to assist in the general scheme throughout military district No. 1.

The resolutions adopted were: "Resolved, that we place ourselves on record as favoring a system of registration and selection, and that efforts be made and power placed in the hands of municipal bodies to further stimulate a recruiting system to be backed by governmental sanction."

"The second resolution was worded along the lines that the Women's Emergency Corps would heartily co-operate with the military authorities in any movement that would tend to stimulate recruiting in any way."

The members of the corps will make up the necessary quota of troops from district No. 1."

63RD BATTERY TO PUT ON LOCAL FIELD DAY

Will Entertain Friends on August 7 at Richmond Camp.

In order that the friends and relatives of the men of the 63rd Battery may see the progress made in military training, the unit will hold a military field day. Wednesday, August 7, the day set for the event, and the men are training hard.

The field to the south of the camp has been secured and is being put in shape. The events start at 1:30 p.m., and include running and jumping events, tug-of-war on horseback, wrestling on horseback and similar military exercises.

In the evening the men will stage a concert, all those participating being battymen. It is claimed that the men are of excellent talent among the men.

As the affair is a semi-private one, only friends and relatives of the men are expected to be present. These are being given special invitations.

Lunch will be served by the men for their friends at tea time.

No further word has been received of the draft that was asked for from the 63rd and 64th Batteries. It is thought that nothing will be done this time, the men return from harvest tithing.

HERE AND THERE ABOUT THE CAMPS

Lieut. George Gray of the central fire station has received a letter from his station, Capt. Harold Gray, who went overseas recently as adjutant of the 70th Battalion. He had been ill for three weeks with tonsillitis, but went on a trip through Scotland and returned completely cured. He speaks enthusiastically of the generous treatment he received from the people who were unknown to him, but went to great pains to entertain him and make his stay a pleasant one.

SPECIAL TAKES

plenty of needles, buttons and thread. Much apprehension was felt here last night over the non-appearance of the steamer Northern Belle, which was expected to arrive from the front. It was reported this morning, however, that the steamer, though she had broken her propeller, was safe at Comfort Point.

A PAGE OF GENERAL INTEREST TO WOMEN READERS

Cynthia Grey's Mail-Box

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letter can be answered privately.]

Deserve Congrats.

Dear Miss Grey.—Say, ain't it awful hot these days, but we suppose you don't mind it now after that little shower you had last Tuesday. We think you might have shared up, as we have had no rain since June 15. It rains all around, but not here. We saw in the paper awhile ago where someone was asking how to raise incubator chickens. The best way is not to raise them at all. We have about 200 chickens hatch and have eight left. They just died and nothing seemed to ail them.

We wonder how "Twenty-One" likes the taste of salad at Camp Borden.

Now for some questions:

1. Was the lower school examination considered difficult this year?

2. What do you and the readers think of the girls cultivating corn and drawing in hay?

NUFF AND JOE.

P. S.—Everybody congratulates us.

We both passed the lower school this summer—N. and J.

Ans.—Let me be first to "N. and J."

Am glad to hear of your joint success. As to the rain—please don't blame me for I haven't been out with the weatherman, myself during the past month! That probably accounts for it.

Query 1. Is referred to those who know.

Re Query 2. I think girls who do this are BRICKS, and not spoiled by a little "book-learning."

Not "Mrs. H.'s" Fault.

Dear Miss Grey.—I am sorry to find that my letter with quilt block never reached you, and I come forward once more to say that if the letter was lost up for insufficient postage, the fault was not mine, as I had it weighed and properly stamped at the postoffice, and in any case, the postal authorities justified in keeping the letter and all inclosures without notifying anyone? Do you suppose there are any honorary colonels on the mail route who thought that quilt block was a million dollars? Or perhaps it just slipped down behind a crack after it reached the office. Someone move the waste-paper basket, please. I do not like to think of my letter (I forget what was in it now "wasting its sweetness on the desert air." And, believe me, if there are any of your readers who have quilt blocks, dimes and cents or postage to waste THIS year, it's not your friend.

MRS. HOMERBIRD.

Ans.—You do not feel one mite worse than I do, "Mrs. Homerbird," for I've been mourning to think of any of "Aunt Nannie's" blocks (to say nothing of dimes) going astray. Mail is handled in our office pretty systematically, and I honestly believe the fault is not with us. The business department of this office received several notices from the postoffice of insufficient postage on letters from Cynthia Grey, and of course, demanding double postage. Several were redeemed, but, naturally, the office "kicked," and I presume the letters went into oblivion. Whether for some reason you want to keep them company I cannot say, but the sad fact remains, I wasn't received by you. But, dear, don't waste writing because of that! We do want a nice chatty, chirpy letter from our own "Mrs. Homerbird."

Would Chloroform Hurt?

Dear Miss Grey.—I have come to ask you a few questions:

1. We have a mirror which has become scratched. Do you know of any way by which we could remove the scratch?

2. I am troubled with dandruff, and read to put a few drops of chloroform in egg shampoo. Would you advise me to try it?

Ans.—I, afraid I can offer no remedy for the scratch. Maybe a furniture dealer could advise you.

2. I don't know what effect the chloroform might have, so cannot advise. If any of our readers know that it is beneficial, please tell "Biddy" and me about it.

Wants These Songs.

Dear Miss Grey.—Please excuse pencil, as I am in a hurry. Miss Grey, could you or any of your readers send me the songs: "Three Cheers for the Boys of the Allies," and "Keep the Home Fires Burning," and oblige a reader? Will not ask you what you think of my writing, as I only went to school till I was nine years old, having to stop through sickness.

Ans.—Will someone be kind enough to send copies of these patriotic songs for "Reader"? I have given out all I had on hand. The other places you ask for, I chanced to have, and am placing them in your envelope.

Vacation Days Soon.

Dear Miss Grey.—I, too, work in an office. Miss Grey, isn't it hot these days? But I expect to get my holidays in a couple of weeks. My two favorite battalions are the 151st and 170th. Will you kindly give the meaning of Jean, Doris, Edith and Elton. What do you think of my writing? Thanking you for permitting me to

Daily Bible Question Club

By Rev. T. S. Linscott, D. D.

(All Rights Reserved.)

The six daily studies for this week constitute the International S. S. Lesson for next Sunday. Read the Bible Story on which this study is based, as you ponder the following questions:

The Greatest Thing in the World.—1 Cor., 13. (Temperance Lesson).

Golden Text.—Now abideth faith, hope, love, these three; and the greatest of these is love. 1 Cor., 13:13.

12. Verse 3. How can you conceive of a man giving his body to be burned for his sheep, with an impure motive or without love in his heart?

13. What is the only thing which recommends us to God in and of itself?

14. Verse 4-5. What proof can you give that love is long suffering and kind?

15. If we really love a person will we ever speak of him to his injury no matter what the provocation may be?

For him? A friend of mine has them very bad. She tried tincture of iodine which was recommended by one of our readers lately, but to no avail. It didn't seem to stop itching.

I am inclosing a sure cure for eczema: Get a piece of wood of white oak tree, and burn to ashes; make lye of the ashes, then add rain water and a little salt and rub on fat or tallow, and rub on whenever the eczema is bothersome.

Someone asked how to clean carpets, rugs, etc. I find this satisfactory: One 10-cent bar of pure white soap and 3 cents' worth of salts of tartar (it may be higher now since the war). Boil both in two quarts of water until dissolved, then add two quarts more water, and wash with a brush and rub dry with a cloth; clean a small place at a time.

Forgive me taking up so much space. ORANGE BLOSSOM OF SUNNY CALIFORNIA.

Ans.—You are ever a welcome visitor, "Orange Blossom," and I'm hoping that the finger will hasten to heal. Regarding "Aunt Nannie," other of our readers have also proposed raising a little fund to help. I am quite willing to receive any gifts for her, and send them promptly. Already the "quilt lining" has grown to quite a neat little sum.

For the caloused place, try bathing the feet in a basin of warm water containing a teaspoonful or so of methylated spirits. This is a poison, but don't be afraid to use it in bathing the feet. Write and tell us if it helps any.

Couldn't Keep Still.

Dear Miss Grey.—I have written with much pleasure the different letters on your page, and could keep still no longer when I read "Santa Cruz's" letter. She offered what I intended doing. "Santa Cruz" could you send me some pansy seeds, Canterbury bells, pimpernel and portulaca? In return I could send you some columbine (blue and white), zinnias, some lovely large primrose poppies (if you haven't them), hollyhocks, or marigolds. Or would you wish for croquet patterns? If so, I'll send them. Please state what you want. My address is with Miss Grey.

Enclosed are the songs, "The Blue and the Grey," "When Johnny Comes Marching Home," and "Where the River Shannon Flows," asked for by readers. Miss Grey, are the inclosed coupons of any use? It's all I could find just now. Have you any satin flags with flowers on them? Or would some reader send in some places? (Sample inclosed).

"Beautiful Doll" and "Mrs. Homerbird, also 'Stranger,' where are you? Do speak up. 'Deserted.' I think you were only putting up a bluff, eh? Such a long letter! I'm going!"

Miss Grey, how's the writing? Awful!

BLUE SILK.

P. S.—Speak up, "Kitty," friend.—B. S.

Ans.—I'm waiting for "Santa Cruz" to send her address (if she did so before, I've just lost it), and then I can let her have yours. Thank you for songs and coupons. I have a few flags like you wish, and will send them to you.

Boston Cream Is Lost.

Dear Miss Grey.—Would it be asking too much for you to repeat the recipe for making Boston cream? It was about three weeks ago, I think, I have lost this piece. Sorry to trouble you, but we do want a nice drink, and it is just fine; it was in your Cook-Book. Perhaps you would be a dear and print it soon. Thanking you, with best wishes for our page. This is my first visit.

A THIRSTY ONE.

Ans.—Of course, I'm a dear and ever so willing to oblige, but alas, I cannot locate the recipe. Perhaps the reader could find it in your book, and I'll gladly reprint. In the meantime, would this be considered "just as good"? One and a half pounds granulated sugar, 3 quarts water, 2 ounces tartaric acid, 2 eggs, 1½ teaspoons lemon essence. Boil the water and allow it to get cold, then stir in all the other ingredients (beating the egg-whites stiffly first), mix well, and bottle for use. Use a tarter half-filled with cold water, allow two tablespoons of the cream, and a pinch of soda added just before drinking.

Defame the Dead.

Dear Miss Grey.—I am just writing a few lines to the Circle to ask you the readers of this page their opinions of a person or persons who would maliciously and without any foundation whatever, except what emanated out of their own evil minds, defame the memory of a man who came from another country and gave his life, "Somewhere in France," a few weeks ago, in defence of Empire and civilization.

These people are a certain few who always make it a habit to belittle and decry anyone who does not conform to their own low standards of life.

They are to be found in almost any small village, and comprise those who are not for their country or anyone but their own contemptible selves.

A NEWBURY READER.

Nothing Is Left.

Dear Miss Grey.—Gee! I think I'll have to get a bucket to catch the perspiration! There's hardly anything left of me, but a greasy spot, which is sizzling for fear.

Just had an awful scare. Was ironing with the electric iron. When a flame shot up at the plug. I pulled it out in a hurry, but not quick enough to prevent it from burning the cord off.

You certainly have some very interesting letters written to your page. I really couldn't judge as to the best.

I think "Twenty-One" a splendid soldier, judging by his letters.

Am inclosing the stamped envelope requested for the Quaker Oats coupons which somebody was so kind to send in. I certainly am grateful for them. You may keep the envelope there for a while yet, in case somebody else

ADVERTISER PATTERNS

A PRETTY DRESS FOR THE LITTLE MISS.

1609.—Girls' Dress, With or Without Bolero, With Sleeve in Either of Two Lengths, and With High or Square Neck Edge.

White voile with lace and insertion is here shown. The dress is nice for the summer's wearing or crepe in pink, blue or cream, with embroidery or lace for trimming. It may also be developed in challis, lawn, dimity or silk, and is nice for serge, milled suiting, gingham, chambray and percale. The bolero may be omitted.

The pattern is cut in four sizes—4, 6, 8 and 10 years. It requires 3½ yards of 44-inch material for a 6-year size.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

ADVERTISER PATTERN DEPT.

Please send above-mentioned pattern, as per directions given below, to:

Name

Town

Province

Age (if child's or misses' pattern)

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is sent measure your waist and hips, and send whatever it may be. When in waist measure, 22, 24, 26 or whatever it may be. If a skirt give waist and length measure. When misses' or child's pattern, write only the figure representing the age (if not haven't them), hollyhocks, or marigolds. Or would you wish for croquet patterns? If so, I'll send them. Please state what you want. My address is with Miss Grey.

Enclosed are the songs, "The Blue and the Grey," "When Johnny Comes Marching Home," and "Where the River Shannon Flows," asked for by readers. Miss Grey, are the inclosed coupons of any use? BIG AUGUST

CLEARANCE

Sale Starts Saturday August 5

OF SUMMER FOOTWEAR

Sale Starts Saturday August 5

We now commence our August Clearance Sale of Summer Footwear. Our object in conducting this sale is not profit, but to close out as quickly as possible, regardless of profit, all summer shoes in preparedness for fall. The prices we will name on our excellent shoes—shoes made by the country's best shoe-makers—will surpass anything in the way of shoe value-giving ever known in this city.

Men's, Women's, Boys', Misses' and Children's Footwear of all kinds come under the ban, and all must go. Plenty of time yet to wear summer shoes, but little time in which to sell them.

SHOE YOURSELF—SHOE YOUR FAMILY—RIGHT NOW!

We mention below only a few of the many Wonderful Bargain that await you here. Mail orders accompanied by sufficient postage for parcel promptly filled.

IN THE WIDE WORLD OF SPORT

Cleveland Now Has Its Chance at Connie Mack's Athletics.

ALEXANDER WINS TWELVE INNING GAME FROM CUBS

Allows Only Seven Hits and Holds Chicago Scoreless—Robins Get Twelve-Round Battle From Matty's Reds—Giants Win From Pirates.

BROOKLYN, Aug. 2.—Brooklyn and Cincinnati battled for twelve innings today, the former winning by a score of 5 to 4. The National League leaders pounded Schneider for 21 hits, but wasted most of them by reckless base running. All of Cincinnati's runs were gifts. Olson making three errors and McCarty throwing wild to bases. McCarty of Cincinnati, and Johnston and Cuthshaw of Brooklyn, made four hits each. Score: R. H. E. Cincinnati . . . 010 100 000—5 4 10 1 Brooklyn . . . 110 101 000 001—5 21 5 Schneider and Wingo; Pfeiffer and McCarty.

CARDS WIN IN NINTH. BOSTON, Aug. 2.—St. Louis scored three runs in the ninth inning and won the final game of the series with the Braves, 5 to 3. Blackburn, who was recalled from Providence of the International League, was on the receiving end for Boston today and played a fine game. Score: R. H. E. St. Louis . . . 0 0 0 1 0 1 0 3—5 11 1 Boston . . . 0 0 1 0 1 0 0 0—3 8 0 Ames, Williams and Gonzales; Tyler, Hughes and Blackburn.

ALEXANDER AGAIN. PHILADELPHIA, Aug. 2.—Philadelphia today defeated Chicago in a pitching duel between Alexander and Prendergast, which went twelve innings. The score was 1 to 0. Score: R. H. E. Chicago . . . 000 000 000—0 7 3 Philadelphia . . . 000 000 001—1 11 2 Prendergast and Wilson; Alexander and Kilfer.

ANOTHER FOR GIANTS. NEW YORK, Aug. 2.—New York made a five out of six from Pittsburgh today, winning the last game of the series by a score of 6 to 2. Mammox was hit harder than at any time this season, going out collecting 13 hits for 19 bases. Score: R. H. E. Pittsburgh . . . 0 0 0 0 0 1 1 0—2 5 1 New York . . . 1 0 0 2 1 0 1 1—6 13 1 Mammox and Schmidt; Benton and Rariden.

ROYALS WIN TWELVE INNINGS' TUSSLE

Neither Pitcher Hit Hard Except in First Inning.

MONTREAL, Aug. 2.—The Leafs and Royals battled twelve grueling innings today, the Royals finally sending over the winning run in the last half of the twelfth. Score, 5 to 4. Neither pitcher was hit hard, except in the first inning, when Herbert was touched up for three runs. Score: R. H. E. Toronto . . . 021 010 000—4 6 1 Montreal . . . 300 100 000—5 8 4 Herbert and Kritchell; Fullenweider and Howley.

Adioo Guy Wins Feature at the Rockport Meet

Polly Ann Gets Second in 2:10 Pace at Ohio Shortship Meet.

[Special to The Advertiser.] ROCKPORT, Ohio, Aug. 2.—Walter Garrison, who did things two years ago with Peter Stevens, put over a good winner today when he drove Polly T. to victory in the 2:17 trot. Evan Williams was a heavily played first choice, but Polly T., field choice, won in straight heats, trotting in 2:12 1/4. Evan Williams trotted the first quarter of the third mile in 3:14, but Polly was close up, and won the heat handily in 2:13 1/4.

NEWARK FINISHES STRONG. RICHMOND, Aug. 2.—McKenery weakened sufficiently in the eighth inning in today's game to allow the Newark Indians a cluster of five runs. Up to that time the game was close. Wilkison pitched a fair game. Score: R. H. E. Newark . . . 2 0 0 0 0 0 5 0—7 9 1 Richmond . . . 2 0 0 0 1 0 0 0—3 9 1 Wilkison and Schwert; McKenery and Egan.

HUSTLERS TRIM BISON. BUFFALO, Aug. 2.—Rochester defeated the Bisons here today 4 to 1. Buffalo had a slight advantage in the batting, but Levens kept the hits well scattered. Score: R. H. E. Rochester . . . 2 0 0 0 0 0 2 0—4 8 2 Buffalo . . . 0 0 0 0 1 0 0 0—1 9 1 Levens and Hale; Penock and Onslow.

INGERSOLL BOWLERS LOSE TO ELMWOOD CLUB

South London Bowlers Win Three Out of Four Games.

Four rinks of Ingersoll bowlers visited the Elmwood Bowling Club yesterday, and went down to defeat before the onslaught of the local bowlers, 135-125.

Four ten-end games were played, and the second one was the only one in which the visitors secured a lead on the South London bowlers.

Lunch was served on the grounds, and although defeated, the Ingersoll men expressed themselves as delighted with their treatment.

Rinks and scores: Ingersoll. Elmwoods. Dr. Coulter . . . 10 Taylor . . . 10 Dr. Williams . . . 10 Scott . . . 10 C. Schaffer . . . 10 E. Spelan . . . 10 D. W. Wood, sk. 5 . . . 10 F. E. Other game not scheduled.

J. M. FARROW'S RINK WINS AT ROWING CLUB

Large Turnout for Wednesday Matinee on the River Bank.

By winning four straight games with a score of plus 25, J. M. Farrow's rink carried off the prizes at the Wednesday bowling matinee at the London Rowing and Bowling Club.

The only rink that took the whole series of games, J. F. Laing and Sam Horn each piloted their quartet to three wins, the former having ten points to the good, and the latter breaking even on the score.

One of the largest Wednesday afternoon crowds of the season turned out, twelve rinks being entered.

The draw was made at 4 o'clock, and the first round games were played in the afternoon. A tasty supper was served on the grounds, and two additional games played in the evening.

J. S. McDougall and W. J. Swelgrove have been selected as skips to represent the London Rowing Club in the city championship games, which will be played at the Elmwood Club on Tuesday, August 22, and the Free Press silver shield. F. E. Silcox and C. C. Gordon have been selected by the Elmwood Club.

Yesterday's scores: J. W. Tucker . . . 3 Treblelock . . . 3 R. Henderson . . . 3 J. W. Mathews . . . 3 A. Hawthorne . . . 3 W. Turnbull . . . 3 J. M. Farrow, plus 25 . . . 3 W. J. Curran . . . 3 Rev. DUNDEE ARRESTED ON HOMICIDE CHARGE

NEW YORK, Aug. 2.—Joseph Carroza, better known as Johnny Dundee, a pugilist, was arrested on a charge of homicide tonight after an automobile he was driving had run down and killed a 12-year-old boy.

MABEL TRASK WINS PAPERMILL STAKE

Gets Feature in Straight Heats—Vanko Gets Fifth.

KALAMAZOO, Mich., Aug. 2.—Mabel Trask, driven by Walter Cox, won the \$10,000 Paper Mills purse this afternoon for 2:08 trotters, setting a mark of 2:03 1/4 for the event, and incidentally trotting the fastest mile of the present Grand Circuit season.

There were eight starters in the Paper Mills stake. The Cox mare was favorite and won in four heats, the purse being divided on that basis. Her winnings were \$4,500.

The 2:13 trot was a victory for Eapenover over a field of seven starters. The California mare was never distressed.

The 2:05 pace brought out a field of seven and was a hot five-heat contest.

Summaries: 2:13 Trot, Three in Five, Purse \$10,000. Eapenover, b. m., by Carlokin. (Durfee) 1 1 1 1 1 drescia, b. m. (Fleming) 6 2 2 George N. Patterson, blk. h. (Rutherford) 2 3 4 Echonore, blk. s. KALAMAZOO RACES

Kalamazoo, Mich., Aug. 3.—Three events, chief of which was the Burdick Hotel Purse of \$2,000 for 2:09 pacers, constituted today's grand circuit card. Among the eighteen horses originally nominated in the headliner were Young Todd, The Problem and Sir Anthony Carter. "Pop" Geers was expected to pilot the last named.

The other races were two \$1,000 events for 2:16 and 2:20 trotters. These two races were well filled. All of the day's races were three in five heats.

New York opens at Detroit today for a four-day series, and will be followed on Monday by the Athletics, Chicago, commencing September 15, and Secretary Jasper has already been re-nominated to line up the home opener. From present indications the promoters will have a hard row to hoe, as before the gates closed on the last meet, leading owners and officials decided that they would have nothing to do with it, and advised postponing it until next year. The bookmakers, who were big winners on the last meet, are behind the new move. However, as the meet in September will clash with the Kentucky meet, where pari-mutuel betting is legalized, it is more than likely that the best horse owners will want to go there. "There will be a fine bunch of goats grazing around Hawthorne if they open the gates again in September," said one Chicago horseman. "It is idiotic to expect the best horse owners to pass up Kentucky and come to Chicago. A race meeting in Chicago in September would better be called a bench show."

It is now feared that Guy Morton of the Cleveland Indians will never be able to pitch again. Morton strained a ligament in his arm late in the spring, after breezing along at a whirlwind pace. Since then every effort to put him back into shape has failed. The youngsters of the team have depended in the box, and up to the time he was injured had won eleven of his thirteen games, for an average of .845, and had allowed an average of only six hits per game.

The New York Americans have a catcher named Twilvers who is hitting like a fend and throwing magnificently. A few days ago this Twilvers twice caught the great Cobb trying to steal second, and caught him standing up. After Cobb had been nailed the second time, Hugh Jennings was seen making a bee-line for the outer gate. "Where you going, Hughie?" shouted Bill Donovan. "Not quitting the game this early, are you?" "To blazes with the game," barked Jennings. "I'm going to a telegraph office and send my sentiments to the scout who told me this Twilvers was too small for fast company and got me to turn him down!"

Weight are announced for the Dominion Handicap which will feature the opening card at Port Erie on Saturday. The Whitney horses Pennant and Regret have been allotted the top weights, and while neither will likely start, Borrow may be seen to fly at the big purse to which \$4,000 is added by the association. George M. Hendrie's colt Rancher/Boots, the imported horse, which won the Empire City Handicap last week; Runes, winner of the Fourth of July Stakes at the first Port Erie meeting and other good are carded to start.

The management of the Hamilton Jockey Club has announced that before the meeting next year a new paddock will be constructed. It is possible that the turf course will be turned into a dirt track, and the space between it and the grandstand turned into a lawn. The new paddock will be built about 40 feet below the present structure. Commandant's bad leg felled him in the Hamilton Cup race, which featured getaway day, and he finished last, pulling up lame.

The first public showing of the Willard-Johnson fight pictures in Canada or the United States was given at Camp Borden on Wednesday night. It was an open-air show given in the stadium, and was attended by thousands of the soldiers.

CHOFMAN GOES TO YANKEES. CHICAGO, Aug. 2.—Artie Chofman, former star of the Chicago Cubs, signed today to play with the New York American team. He will join the Yankees Friday.

THISTLE CLUB TO HOLD CIVIC HOLIDAY TOURNEY

Rinks From Other City Clubs Invited—Play Commences 9 o'Clock.

What is expected to be the largest of the local lawn bowling tournaments will be held at the Thistle Club on Monday, August 7 (civic holiday), commencing at 9 o'clock.

Invitations have been sent out by the committee for five rinks from the London Rowing and Bowling Club, five from the Elmwood Club and two from the Asylum. These, together with the players from the Thistle Club will provide enough rinks to occupy all the greens at the club.

All the clubs have been requested to send in the name of their rinks by Friday night so that the draw may be made and announced on Saturday.

Four twelve-end games will be played, and the rinks winning the most games will play off for the first and second events. Good prizes are being provided by the committee for the winning rinks.

H. J. McCALLUM'S RINK WINS THISTLE TOURNEY

Only Rink That Succeeded in Winning Three Games.

H. J. McCallum's rink was the only one that succeeded in coming through with three straight victories at the Wednesday bowling matinee at the Thistle Club, their score being 23.

Ten rinks were entered and the second high rink was skipped by F. Willgoose, their winning two games and finishing with a score of plus 18.

Rinks and scores: F. N. Allen 1 W. Anderson 1 Ivan Crawford 1 Percy Read 1 J. W. Finch 1 E. Barclay 1 H. J. McCallum, sk. P. Willgoose, sk. 23 Won 3, plus 23 23 C. K. Bluet 2 P. G. Browne 2 E. W. Gairns 2 Lorne Spry 2 W. E. Mortimore 2 A. J. McDuffin 2 W. Lashbrook, sk. R. McDonald, sk. 2 Won 2, plus 3 2 A. M. Trick 2 James Gray 2 A. S. McGregor 2 Alex McQueen 2 W. H. Rhodes 2 R. J. Tretheway 2 S. L. Taylor, sk. N. H. Keene, sk. 2 Won 2, minus 8 2 O. L. Gidley 2 B. Laster 2 Laur-Henderson 2 W. Burrows 2 W. E. Manness 2 Geo. A. Henry 2 G. C. English, sk. PETROGRAD CERTAIN KOVEL AND LEMBERG DOOMED TO CAPTURE

Foregone Conclusion That the Germans Will Retreat.

RUSS FORCES NEAR CITY

Only Ten Miles to Kovel, and Swamp Is All the Defence Enemy Possesses.

PETROGRAD, Aug. 2.—Via London, Aug. 3.—1:04 a.m.—The communication issued by the war office this evening says: "The situation on all fronts is unchanged."

SURE OF KOVEL AND LEMBERG.

PETROGRAD, Aug. 2.—Noon.—Via London, 1915 p.m.—The ultimatum Russian occupation of Kovel and Lemberg and the retirement of the Austro-German line of defence beyond the Bug River are now regarded here as a foregone conclusion. The armies of Gens. Von Boehm-Ermolli and Von Linsingen, which have been badly crippled by their efforts to hold back the advancing right wing of Gen. Brusilov's forces, have been forced to retreat to a point which leaves open the approaches to these two important centres, and the Russians in both regions have begun an encircling movement, which is slowly, but apparently irresistibly closing in upon the two cities.

Only Swamps in Way.

The German loss of the Stokhod crossings and the recently announced Russian crossing of the river leave no important line of defence before Kovel except a natural barrier, consisting of a wide swamp, which undoubtedly will retard the Russian progress. But this movement from the west along the route midway between the Sarny-Kovel and Rovno-Kovel railways, in conjunction with the Russian pressure from the south in the region of Vladimir-Volynsk, both of which are successfully developing, despite all German counterattacks, is considered as making the outcome assured.

Help Against Lemberg.

The operations against the Germans are also having an important effect in facilitating the advance against the Austrians defending Lemberg, since they enable the Russians to exert pressure against the Austrian left flank, and increase that brought upon Lemberg from Brody and from the south, where Gen. Leitchitzky's troops are successfully traversing the flooded Diester region, and are threatening the Galician capital along the route leading through Stanislaw and Halicz.

Premier of Ontario and Dr. Pyne Going to Europe**Will Study Military Matters of Importance to Canadian Soldiers.**

TORONTO, Aug. 2.—Military matters of importance to Canadian soldiers in England and France form the basis of a tour of these countries by Premier Hearst and Hon. Dr. Pyne, minister of education, who is announced to leave for Europe on Monday morning of the week. The prime minister, while he did not care to commit himself as to his itinerary, was hopeful of being granted the privilege of visiting a study of the trenches occupied by Canadians in Flanders. He stated that as he had recently taken under his personal control the Ontario government's study of the war conditions generally will be made with a view of ascertaining the best manner in which the Province of Ontario gives additional training to its possible that the question of establishing aviation schools in Ontario will be taken up.

CITY ARCHITECT OF TORONTO IS DEAD

TORONTO, Aug. 2.—Robert McCallum, formerly city architect, died at his residence, 187 Madison avenue, today. He was 65 years old. For 21 years he was the city architect of the Ontario Government as civil engineer, and entered the service of the city as architect in 1903, retiring a few years ago, owing to ill-health.

WHEN CUTTING TEETH

Babies are Subject to DIARRHOEA

When the baby starts to cut its teeth, then is the time that the poor mother is under the stress of great anxiety. For some reason or other the bowels become loose, and diarrhoea, dysentery, colic, cramps and many other bowel complaints occur: the gums become swollen, cankers form in the mouth, and in many cases the child wastes to a shadow. When the child gets into this condition the bowels must be looked after very closely, and for this purpose we know of nothing that can equal Dr. Fowler's Extract of Wild Strawberry. This sterling remedy has been used for teething children, for over seventy years, by thousands of Canadian mothers who will swear by its efficacy. Mrs. R. J. Waldruff, South River, Ont., writes: "Two years ago my little girl had diarrhoea while cutting her teeth. She got thin and very weak. I had tried different remedies, but all to no avail. A friend recommended Dr. Fowler's Extract of Wild Strawberry, so I procured a bottle at once, and after she had taken a few doses I could see a change, and by the time she had taken half the bottle she was cured. I think every home should keep it on hand."

The genuine "Dr. Fowler's" is manufactured only by Dr. T. Milburn Company, Limited, Toronto, Ont. Price 35c.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty.) Even a stubborn growth of hair will quickly vanish from the face, neck, or arms after a single treatment with elatone. To remove the hairs, make a stiff paste with a little powdered elatone and water, apply to hairy surface, and after about two minutes rub off, wash the skin, and it will be left free from hair or blemish. To avoid disfigurement, be quite certain you get real elatone—Advt.

RESOLUTIONS OF ECONOMIC CONFERENCE NOT AIMED AT NEUTRALS, DECLARES ASQUITH

To Show Enemy That Allies Are Resolved to Wage War in Unity, Both in Economic and Military Spheres, and to Prepare for Peace.

LONDON, Aug. 2.—4:50 p.m.—Premier Asquith on opening the discussion in the House of Commons today on the resolutions of the Paris economic conference said that the British Government had entered the conference with two objects in view. The first was to convince the central powers that the Entente Allies, whatever their views on the economic policy, were resolved to wage a united and determined economic war, and determination in economic as in military spheres. The second was to make preparation for the period following the declaration of peace, and of the known attitude and will of the Germans.

"Our eyes have been opened," said the premier, "as to the meaning of the manifold ramifications of the German system of economic penetration and commercial and financial control of vital interests and the use to which, with advantage, this system could be put in time of war."

Germany, Mr. Asquith said, would be animated with the same spirit when the war was over. The Germans are now organizing their industries for an attack on the Entente Allies, he said, and for a vigorous, if possible, attack on neutral powers.

The Germans would start with obvious advantages, the premier continued, through their action in destroying the vital interests of the Entente Allies, and through their action in invading countries, and because of the fact that they had a large maritime fleet safely interned in German and neutral ports. It was not necessary to make preparations for the coming of peace, and the resolutions of the conference represented the general policy which these preparations would proceed.

All Must Be Restored. Premier Asquith repeated that it was an essential aim of the conference to Belgium and Serbia be restored, not only politically, nationally and diplomatically, but materially and economically. The position in which they stood before the war. The devastated districts of France and Poland would be similarly treated.

Defining briefly with the measure proposed for the course of the war and during the period of reconstruction, the premier said it was the bounden duty of the Allies to take every step to secure for their own use the supplies produced by their own countries. As for permanent measures for mutual assistance and collaboration among the Allies these would be left to each country, consistent with the purpose of promoting economic independence of hostile countries among the Allies. He emphasized the point that the resolutions were not aimed at neutrals.

Outcome Is Bright.

As far as Great Britain was concerned.

FRENCH GET TRENCHES ON RIGHT OF MEUSE; TAKE SUPPORT POINTS

Every Counter-Attack Repulsed With Great Loss.

Paris, August 2.—The official statement issued by the war office tonight reads:

"North of the Somme there was no infantry action in the course of the day. According to new details received the fortified works captured by us between Hemwood and Monacq farm contained about one hundred German bodies. Up to the present we had cleared away four machine guns in that work."

"South of the Somme two enemy counter-attacks against the trenches which we conquered, northwest of Denicourt, were repulsed."

"On the left bank of the Meuse our second line south of Le Mort Homme were bombarded with shells of large calibre."

Took Several Trenches. "On the right bank of the Meuse we carried out several attacks by echelon, from the Meuse as far as Fleury. In the wood immediately east of Vacher-aux-Bois, to the west and to the south of the Thiaumont work, as well as in the ravine south of Fleury, our troops captured several German trenches, and organized points of support. We made in the course of these actions about six hundred prisoners and captured about ten machine guns."

"An enemy counter-attack in the region of Vacher-aux-Bois was repulsed with the grenade. In the sectors of Vaux-le-Chatelier, Chemois, the bombardment continued with increasing violence."

"Belgian communication—A heavy artillery action and bomb fighting occurred in the region of Dixmude."

AMERICAN WOMAN LAYS COMPLAINT AGAINST CANADA

Says She Was Deported at Own Expense After Being Held.

CHICAGO, Aug. 2.—Complaint of having been held prisoner for several days by Canadian authorities, forced to buy her own food, and then deported at her own expense, was made today by Mrs. Ella Wilson, to the United States authorities. H. D. Eby, acting head of the federal immigration bureau, said Mrs. Wilson was stopped at Sarnia, Ontario, while on her way to visit Canadian relatives. He added that local federal officials could take no cognizance of the case and that Mrs. Wilson's redress lay in appeal to the Canadian authorities.

FIREMEN BLOWN 20 FEET BY EXPLOSION—UNHURT

Loss of \$100,000 When Winnipeg Paint and Glass Factory Burns.

WINNIPEG, Aug. 2.—The mill and boiler house of the Winnipeg paint and glass factory, are a total loss as the result of a fire which broke out this morning. The loss is estimated at \$100,000, fully covered by insurance.

Three firemen were blown twenty feet by an explosion caused by gases and suffered minor injuries.

GOVERNMENT RAILWAYS TO TAKE SUPPLIES FREE

OTTAWA, Aug. 2.—Hon. Dr. Reid, acting minister of railways, has ordered that supplies for fire sufferers be carried free on Government lines, and that special trains be run, if needed.

HORWOOD SAYS HE SWORE FALSELY TO HOODWINK LIBERALS

Committed Act Under Instructions, He States.

FACTS KNOWN TO TORIES

Some of Public Accounts Committee Were Not To Be Deceived.

WINNIPEG, Man., Aug. 2.—W. W. Horwood admitted under cross-examination this afternoon, in the trial of the Manitoba ex-ministers, that he swore falsely when under oath before the public accounts committee of the Legislature early last year. He said he was the trickster of the committee. A. J. Andrews, K. C., chief of the defence counsel, gave the witness a busy afternoon, and asked many questions about his evidence before the public accounts committee, and at the preliminary trial of Sir Rodmond Roblin, G. H. Caldwell, and J. H. Howden. The crown counsel objected vigorously to much of the questioning, and R. A. Bonner, K. C., complained that Mr. Horwood was "trying to bulldoze the witness."

Horwood said that as provincial architect he took his instructions from the minister of public works, and never considered the public at all or that he had any duty to the public.

Building a Monument. Continuing his evidence, the witness, always assured him that, in the parliament buildings, he was "building a monument."

Horwood said that, outside the campaign fund, he was not a party to any scheme or conspiracy, or to any wrongdoing.

"The scheme was to get out of the extra sufficient money for a campaign fund," asked counsel.

"Yes," replied Horwood. He said that \$60,000 had been used in the campaign, and that he had not known whether this was a new sum or a total of \$100,000 on the caissons.

He had no recollection of how much was added to the steel extras. Horwood knew that the caissons were directed against the engineer, Cameron, attached to his office. He told Cameron to draw plans, making the caissons plenty large enough.

Did Swear Falsehood. "You committed perjury before the public accounts committee," asked Mr. Andrews.

Mr. Bonar objected that the witness could not know the legal definition of perjury.

"He's well versed in perjury," commented Mr. Andrews.

The witness said that at the preliminary, E. F. B. Johnston told him so many things about perjury he "got rather mixed."

"Did you go before the public accounts committee and make, under oath, statements you knew to be false?" asked Mr. Andrews.

"I did, under instructions," was the reply.

Mr. Andrews objected to the witness qualifying his answers.

"Did you not swear falsely, deliberately and knowingly, and intending to do so?"

To Deceive Liberals. "Did that happen many times before the committee?"

"Well, I used to go up to see Mr. Caldwell."

Mr. Andrews again objected, until the witness answered: "Yes."

"With intent to deceive the committee?"

"Only part of it," was the reply. Dr. Montagu and Mr. Caldwell, he said, knew the facts, and did not know if they were known by other members of the committee.

One day, he said, J. P. Foley, then member for North Winnipeg, told him he had been sent out to keep the clerk of the House out of the way from being called before the committee.

"Were you instructed to deceive the committee?" asked Mr. Andrews again.

"My own personal opinion is that they were not deceived."

The witness said he had been abused by Mr. Johnston at the preliminary. He was taken through much of his evidence on that occasion and his admissions of falsifying public documents, and of swearing falsely, were recalled. He said he was "in this conspiracy with the ones mentioned to defraud the province."

Wanted Books Altered. He denied having endeavored to have William Salt commit perjury in connection with the caissons records. He requested Salt, however, to alter his books to show a greater depth for the caissons. The intention of the alteration was that the province might be defrauded for the campaign fund.

"You instructed Salt to falsify a Government book and you were with him when he did it?"

"I instructed Salt, under my instructions," Horwood added that he looked up to the ministers and he did not feel that there was much wrong in it."

"What was the consideration for your participation in this fraud, these crimes of which you have spoken?" asked Mr. Andrews.

The witness said that Dr. Simpson had mentioned that Horwood should make a little out of it. He told him to kick Simpson out of his office and replied that his salary was sufficient.

The cross-examination will be continued tomorrow.

WOULD STRIP PEARY OF HONORS AWARDED

WASHINGTON, Aug. 2.—Rep. Halgesen of North Dakota, introduced a resolution today declaring that Rear Admiral Peary's claim to discovery of the North Pole had not been substantiated, and proposing that Congress repeal its act of 1911, promoting the explorer and tendering him the thanks of Congress.

PORT COLBORNE TO GET NICKEL REFINERY

OTTAWA, Aug. 2.—It is understood Port Colborne, Ont., has been selected as site for the Canadian refinery of the International Nickel Company.

OFFICIALS AT ENGLEHART. ENGLEHART, Ont., Aug. 2.—Hon. Howard Ferguson, Fred Danforth, and George Enghart, were met by special train at 3:30 this afternoon on their way to Matheson. The party previously stopped at Halleybury, Cobalt and New Liskeard and looked over the situation there.

K. OF C. OFFICERS Elected. DAVENPORT, Ia., Aug. 2.—The supreme convention of the Knights of Columbus today re-elected the four members of the board of directors whose terms expired, including Dr. N. A. Dussault of Quebec.

About 4,000 members of the order and visiting ladies are in attendance. Buffalo, New York and Old Point Comfort, Va., are the strong contenders for next year's convention.

NEW OUTBREAK OF THE FIRE FIEND IN THE NORTHLAND

Now Raging Fiercely Southwest of Boston Creek.

McCOOL VILLAGE GONE

Fears That Death List by Fires Will Be 400 at Least.

COBALT, Ont., Aug. 2.—The number of dead in the fire area of Northland Ontario is now placed at 400, although unconfirmed rumors from various points place it higher.

A report from Matheson received here today stated that 450 bodies had been found and identified. Five bodies arrived at New Liskeard for interment this afternoon.

A recurrence of the fire and the demolition of other settlements is feared. Reports from Boston Creek state that the fire is burning on both sides of the track and raging fiercely to the southwest, especially between Red Water and Tomika. To the west of Elk Lake a serious outbreak is feared. The men have been withdrawn from the mills of the Independence Mine, two miles from Boston Creek, and it is reported that many families near Round Lake in the same district have suffered severely.

OTHERS STARTING.

It is definitely known that twelve persons lost their lives at the Crossus Mine near Matheson. In the vicinity of Iroquois Falls the death list is growing as the rescue parties prosecute their search. Prospects are given up for lost. The Alexo Mine is safe. Reports state that Sekinika is on fire and that there is a serious outbreak in Morisset Township south of Kirkland Lake.

McCOOL WIPED OUT.

NORTH BAY, Aug. 2.—The T. and N. O. officials announced tonight that serious bush fires have broken out in the vicinity of McCool, a small hamlet situated at Mileage Four, on the Erie branch, near Earleton. The village of McCool is reported later as being entirely wiped out, but the loss of life is unknown.

Fire broke out today near Tomika, about 30 miles north of North Bay on the main line of the T. and N. O. Railway. No particulars have been received as yet. Several mining concerns are operating in the immediate vicinity.

NUMBER OF DEAD UNCERTAIN.

TORONTO, Aug. 2.—Any fairly accurate approximation of the number of the victims in the northern firestorm districts is impossible, until search parties in the outlying farms and settlements have completed their work. A dispatch from North Bay tonight states that the list received by the T. and N. O. officials gives the number of known dead at Nuskka at 150, the seriously injured at 20 and the missing 7. Yesterday's report stated that out of a population of 300 there were only 10 survivors. In the earlier reports injured were included among the dead.

ENEMY AVIATORS EAGER TO AVOID AERIAL COMBATS

But British Bring Down One Machine and Damage Another.

LONDON, Aug. 2.—11:25 p.m.—The British official statement issued this evening reads:

"There is no change in the situation. The day was comparatively quiet, except for hostile artillery activity in the region of the Trones wood. During the last 24 hours our artillery in co-operation with the flying corps, destroyed seven gun emplacements and six machine gun emplacements near Grand Court, and also further emplacements on other parts of the front."

"A few hostile aeroplanes crossed our lines for a short distance, but were quickly driven back. One was brought down and another damaged. The enemy appears anxious to avoid aerial combats."

Greyhounds. Express Steamers "Keewatin" and "Assiniboia" leave Port McNicoll every Tuesday, Thursday and Saturday for Fort William and Port Arthur. Round trip five days.

Tickets, information and reservations from Local Agent, or W. B. Howard, District Passenger Agent, Toronto, Ont.

2,000 Acres of Crops Wiped Out

SASKATOON, Aug. 2.—A hailstorm of unusual violence struck the country eight miles southeast of this city at 1 o'clock this morning. Two thousand acres of crops in the vicinity of Victor schoolhouse were wiped out completely. One farmer reports a loss of \$2,500, and many other farmers heavy losses. The storm appears to have been purely local.

Von Hindenburg Over All Armies of Huns in East

Kaiser Places Big Marshal Over Austrians and Germans.

AMSTERDAM, via London, Aug. 3.—4:58 a.m.—All of the German and Austrian armies on the eastern front have been placed under the supreme command of Field Marshal Von Hindenburg, according to a dispatch quoting a Berlin official announcement. This decision was reached during the emperor's recent visit to the eastern front.

A similar announcement, the dispatch says, has been made at Vienna.

SHRAPNEL SHELLS EXPLODE ON VESSEL AT NEW YORK

NEW YORK, Aug. 2.—One hundred shrapnel shells exploded during a fire on the four-masted schooner George W. Elzey, in Erie basin, late today, causing great alarm among thousands of persons in the vicinity. The only person injured, however, was a fireman, who was struck on the arm by a shell fragment.

BODY FOUND IN THE LAKE.

BARRIE, Aug. 2.—The body of Arnold Cross, who has been missing from his home on the 6th concession since Saturday, was found this morning in Lake Simcoe above Letroy. The body, which was fully clothed, was floating in three feet of water.

BRITISH FORCE ON ASIA MINOR COAST

MITYLENE, Greece, via London, Aug. 3.—2:10 a.m.—A British fleet has bombarded Moulebit, on the coast of Asia Minor and landed a small detachment.

YACHT IS MISSING WITH SEVEN ABOARD

[Special to The Advertiser.] ALPENA, Mich., Aug. 2.—The yacht idler of Drummond's Island, Lake Huron, has been missing since Sunday night, and is believed to be lost with her crew of seven.

The party spent Sunday at Detour, and started for Drummond's Island at night in the face of a heavy storm. Searchers combed the beaches from Cheboygan to Alpena without finding any trace of the craft.

Arrive—10:23 a.m., 4:00 p.m., 7:05 a.m., 11:05 p.m., 11:35 a.m., 6:28 p.m., 9:10 p.m.

CARRIED BABE THREE MILES THROUGH FIRE THEN BECAME INSANE

Tragic Story of Northern Ontario Fire.

LONDONER DESCRIBES IT

Writing From North Bay He Gives Insight Into Tragedy of Forest Holocaust.

A letter received by H. H. Penny, 642 Waterloo street, from his son, Arthur Penny, a commercial traveler, who was near the fire zone near Cochrane during the disaster last Saturday. Mr. Penny announces his safety and describes some of the scenes witnessed at Mattawa as the refugees from the fire-swept district poured into the town. The letter in part follows:

"There wasn't a great deal of sleep in North Bay last night. First we had some of the most generous sleepers on their way up north to help fight the fire, and then we had two trains of refugees from the burned district. They had been fairly prosperous up there, but escaped with only the clothes on their backs. In fact, some who came in last night were still in their night clothes and any old kind of boots and coats that people along the line had donated. I was particularly sorry for some of the foreigners. Their eyes seemed so fairly stand out in terror.

"The poor kiddies clung to their mothers like little frightened sheep, refusing food or help, or anything anyone offered them. There were eleven babies born between Matheson and Cochrane during the flight from the fire.

"One woman came through the fire three miles with a baby two days old. Her feet were burned almost to the bone. It was superhuman strength, because even strong men perished on the same road. The woman is now insane.

"It takes times like these to bring out the good in people. Everybody is trying hard to make the sufferers comfortable. The Government is giving them all to go. The trains were filled with them going to Montreal this morning. The people of North Bay filled large baskets with sandwiches, and I think they had enough to eat. They also made jugs of tea and coffee, and warm milk for the babies. It took a couple of nurses and doctors all their time to look after these.

"The people of Cochrane made a gallant fight to save their hospital. There were seventeen patients in it, and all were brought out safely. The nurses showed great credit; they stuck to their duty in the face of almost certain death and won out."

SAYS PUMPING DRAINS WESTMINSTER TP. WELLS

Correspondent Claims Macgregor Wells Are Exhausting Supply in Others.

A correspondent, who does not sign his name, writes to The Advertiser, stating that since the Macgregor wells have been pumped a large number of wells in Westminster, Toronto, and other places have gone dry. He declares that there will not be much water in the wells when the pumping is continued.

At the hydro office they have no particulars as to this fact. Cal S. Parker, who owns the well, and who he located to give his opinion on the subject.

195 LABOR RECRUITS

Local Unions Have Sent Good Percentage as Shown by Government Report.

The fifth annual report on labor organizations in Canada for 1915, just issued by the department of labor, shows 156 recruits from the labor unions of this city, three of these British recruits.

The trade unions of Canada furnished 11,972 recruits and 439 reservists, making in all a total of 12,411 members from the ranks.

MOTOR TRUCK ASSURED FOR "LONDON'S OWN" NOW

Women's Auxiliary Decided To Go Ahead With Purchase.

At a joint meeting of the Women's Auxiliary of the 142nd Battalion and the I. O. D. E. of the city today, it was decided to purchase a motor truck for the battalion at once, although the full amount for it has not been collected. Londoners have come forward generously and no difficulty is expected in collecting the remaining amount. It is intended to raise the amount to one thousand dollars, as several other articles are needed by the battalion.

The Campbell Becher Chapter has been one of the most generous donors. Besides donating \$25, it will turn over the proceeds from the band concert which is being held under its auspices on Sunday night.

Following is a complete list of donations:

Lord Roberts Chapter	\$200.00
John McChary	50.00
7th Regiment Chapter	50.00
Alexander Fraser	25.00
Mr. Stevens	25.00
Mr. W. B. Richardson	25.00
T. F. Kingmill	25.00
Campbell Becher Chapter	25.00
Mrs. F. Farncombe	10.00
Dr. S. Thompson	10.00
Dr. Moorehouse	10.00
Dr. Wishart	5.00
Talbot Street Mothers' Club	5.00
Mr. A. C. Cleghorn	5.00
A. E. Silverwood	5.00
Mrs. H. A. Boomer	5.00
Toronto friend	1.00

DEATHS AND FUNERALS

BURIED TODAY.

The funeral of William D. Edy, who died on Tuesday, was held this morning at 10 o'clock at St. Paul's church. Members of the family accompanying the remains to Oakland, where interment was made. The services were conducted by the Plymouth Brethren, of which he had long been a member.

William Edy was well known in Canada, as he assisted Alexander Graham Bell in the perfection of the telephone, and was one of the first photographers to adopt the practice of retouching negatives.

CENTRALIA MAN.

Edward Ryan, a well-known resident of Centralia, died in this city Wednesday. He had no near relatives, his wife having died three years ago. The funeral will be held from the undertaking parlors of E. C. Killingsworth Friday morning. Requiem high mass will be sung in St. Peter's Church at Centralia, and interment will be made in the Catholic Cemetery there.

The people of Cochrane made a gallant fight to save their hospital. There were seventeen patients in it, and all were brought out safely. The nurses showed great credit; they stuck to their duty in the face of almost certain death and won out."

SAYS CHICAGO RACING MEET WAS SUCCESSFUL

Chris. Fitzgerald, Presiding Steward, Praises Hawthorne Fixture.

Chris G. Fitzgerald, who was presiding steward at the race meet at Chicago, Ill., Monday in London, the guest of his father, Dr. Fitzgerald. He was on his way to Saratoga, where he will be in charge of the meet there. He stated that the Chicago meeting was a success, and that he had been accorded the very best treatment possible.

Mr. Fitzgerald is one of the big men in the racing game today, and his audience is improving the sport. He has done much to bring it to its present state.

Wounded:—132404 Pte. Reginald Flaville, England.

FORMER CHICAGO BANKER MURDERED IN MICHIGAN

[Canadian Press.]

Chicago, Ill., August 3.—Henry Pontorno, former private banker, jeweler and steamship brokerage agent in the West Side Italian quarter, was murdered Tuesday on a country road near Benton Harbor, Mich., by a very good friend today. It is believed by the authorities the murder was committed by two men who lost money when Pontorno's bank went out of business after an alleged robbery in February a year ago.

GENERAL STRIKE LIKELY IN ALBERTA COAL MINES

[Canadian Press.]

Calgary, Alta., August 3.—Dominion fair wage officers have made no progress in the negotiations between coal operators and miners, and it was feared last night that a general strike in the district, with the closing down of the mines, cannot be avoided.

WOODSTOCK CUSTOMS RETURNS.

WOODSTOCK, Aug. 2.—The collection at the local customs office for the month of July amounted to \$14,000, an increase of \$4,000 over last month.

LEADERS OF ALLIES SUPREMELY CERTAIN THEY WILL TRIUMPH

Optimistic Statement, Not Intended To Bolster Public Opinion.

[Canadian Press.]

New York, August 3.—A cable to the New York Times from London this morning says: In connection with the statements made for publication by the leaders of the allied countries at the beginning of the third year of the war, the New York Times correspondent is in position to emphasize the fact that there is general note of optimism struck therein is general, and not stressed for such a purpose as encouraging the allied populations.

The highest authorities are not only supremely confident of eventual triumph, but are convinced that the united efforts and effective combination of the Allies have in the second year of the war produced results beyond the utmost hopes entertained twelve months ago.

Continued From Page One.

CASEMENT GOES

to God as he stepped on the train. A moment later he was pulled.

Dead in Nine Minutes.

Immediately after the trap was sprung the engineer and physician descended into the pit where Case- ment was pronounced dead at nine minutes after nine. According to witnesses in the case of prisoners hanged for crimes similar to that of Case- ment, the body was buried in the prison yard, but probably no decision as to the burial will be made until after the inquest.

An Affecting Incident.

An affecting incident took place outside the prison wall as the execution was in progress. At the back of the wall a little distance from the crowd of about the gates was a group of about thirty Irish men and women. When the doomed man had paid the last of his debts to his family, he was taken to the prison yard, where his body was buried in the prison yard, but probably no decision as to the burial will be made until after the inquest.

In May, Case-ment was given a preliminary hearing, and was committed for trial on the charge of high treason.

In June the trial was begun. Case- ment denied the charge, but in the end he admitted that he had worked in Germany's interests, and that he had accepted German gold as a bribe.

The court found Case-ment guilty, and the sentence of death by hanging was after appeal by his counsel, confirmed by the court of criminal appeal, late in July.

The London press generally approved the legal fixing for Case-ment, but America persistent efforts were made to have Case-ment's sentence commuted. In Washington, a resolution was introduced in the Senate which would have pardoned Case-ment, and the British Government, and numerous petitions received at the White House from many sources asked for a plea for clemency be asked.

The Senate refused to consider the petition, and the court of criminal appeal, late in July.

them exercised no little influence in political as well as literary circles. "As there was no sign of reprieve last night," this account says, "the condemned man became more morose and hardly spoke at all. He did, however, inquire about the zepplin raids and asked if any German airships had reached London. Soon afterwards he became resigned to his fate and after he had done a considerable amount of writing he retired to rest and slept soundly."

When aroused today Case-ment showed considerable nervousness. He was quiet collected and courteous, and the warders for the many little kindnesses he had shown him, while he occupied the cell.

Case-ment rose about half-past five this morning. From then until 7 o'clock when Pater MacCallum arrived, he spent the time reading the instructions of the court for assisting at mass, and the taking of the third year of the war, the New York Times correspondent is in position to emphasize the fact that there is general note of optimism struck therein is general, and not stressed for such a purpose as encouraging the allied populations.

BRITISH CAMPAIGN IN EAST AFRICA NEARING COMPLETION

Woodstock Nurse Writes That End Is Expected Soon.

EXPECTING A TRANSFER

Britishers Expect War to Soon Terminate, Says a Returned Visitor.

[Special to The Advertiser.]

WOODSTOCK, Aug. 2.—Mrs. E. Hammeton has received word from her daughter, Miss Lella, who is at present doing Red Cross work in East Africa.

Miss Hammeton states that the British campaign is expected to soon end there, and she expects to be moved elsewhere.

Two Sons in Navy.

Reuben Hampton has two sons in the British navy, and both have escaped injury up to the present. Samuel is on the battle cruiser Jupiter, and Henry, the other boy, is on the Erin, the boat given to the British by Sir Thomas Lipton as an auxiliary cruiser. Samuel was with the British fleet at the opening of the Kiel Canal, and received a leather cigar, presented as a souvenir by the Kaiser.

L. E. Lowman is back in the city from England, where he went with the 18th Battalion. He was present just before the first Battalion, which left Canada commanded by Col. Donald Sutherland, went to the front. He says the boys were disappointed at the battle, and being broken up, the general impression in England when he left was that the war would soon be over.

Mr. Lowman watched the bringing down of a zepplin at the mouth of the Thames.

COUNCIL MEETS BY CANDLE.

[Special to The Advertiser.]

TILLSONVILLE, Aug. 2.—There is a growing dissatisfaction among the users and manufacturers owing to the trouble occurring and which means that the city council will have to meet here which have had to shut down this week. Last night the town council met in regular session by candle light, and had to cut short owing to the inconvenience.

Signal to Stop Auto Prevented Accident

Two Women at L. and P. S. No. 2 Crossing Warned Autoists Just in Time.

Another accident was fortunately avoided at Spittogues crossing, No. 2 station, on the London and Port Stanley Railway, about an hour after James Vitti and his son were struck there. An auto was coming along the road, and almost on the track when some women were on the hill signalled the motorists to stop. They did so, a very few feet from the crossing. Immediately afterwards a London and Port Stanley car rushed by.

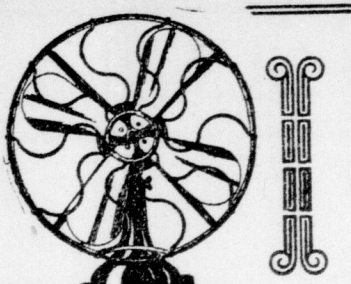

Had not the women been on hand the automobile would undoubtedly have been struck. The women were on the hill signalled the motorists to stop. They did so, a very few feet from the crossing. Immediately afterwards a London and Port Stanley car rushed by.

ANXIOUS FOR LONDONER WORKING IN FIRE ZONE

No Word Has Been Received From Victor Culbert.

No further word of Victor Culbert, a former London boy, who was working in the fire zone near Matheson, has been received. His brother, Orville Culbert, of 784 Wellington street, left yesterday on the 4:25 train for Timmins, where he will make further inquiries. Letters were received shortly before the disaster, but since then no word of any kind has been received. His name has not yet been placed on official lists of the missing.

J. Victor Culbert is a London boy, but he has been working in the north country for many years. He is at present employed as a geologist for the Canadian Mines and Finance. He has been away from London since last summer. He is a graduate of the School of Mines at Toronto.

A short time ago he was sent to the Croesus mine, which is situated about thirteen miles east of Matheson. He was to have returned to Timmins last Saturday.

CARD OF THANKS.

Mrs. and Miss Johnson, 657 Princess avenue, wish to thank the many friends for the kindness shown them at the time of their bereavement; also for the many floral tokens sent.

THOUSANDS OF MEN REQUIRED FOR HARVESTING

IN WESTERN CANADA.

Thousands of men are required to help in the great work of harvesting the Western crop. The task of transporting to the West this great army of workers will fall to the lot of the Canadian Pacific Railway.

Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about 36 hours, without change or transfer.

"Going Trip West," \$12 to Winnipeg; "Returning Trip East," \$18 from Winnipeg. Consult C. P. R. agents regarding transportation west of Winnipeg.

GOING DATES.

August 17th and 31st—From Toronto to Sudbury and East, but not including Smith's Falls or Renfrew, also from Main Line East of Sudbury to, but not including, North Bay.

August 19th and September 2nd—From Toronto, also West and South thereof. Further particulars from Canadian Pacific Ticket Agents, or W. B. Howard, district passenger agent, Toronto.

Constant Headaches

When the nervous system gets run down one of the most persistent symptoms is headache. Nervous headache has been described as the cry of the starved head for more blood.

Because of its remarkable blood-forming and blood-enriching qualities, Dr. Chase's Nerve Food ranks first as a means of overcoming nervous exhaustion. Nervous prostration, indigestion, sleeplessness, irritability and all the annoying symptoms of nervous breakdown are relieved by this food. It is not a mere relief, but thorough cure; for it rebuilds and reconstructs the wasted and depleted nerve cells.

50 cts. a box, 6 for \$2.50.

WHEAT TURNS OUT WELL IN COUNTY OF HURON

[Special to The Advertiser.]

WINGHAM, Aug. 2.—J. A. McLean, one of the most prominent farmers in this section, was the first to thresh this season. His crop of wheat is a No. 1 and runs on an average of 45 bushels to the acre.

The whistling of the steam thrasher is busy these days and the harvest is great.

The outlook for a second crop of clover is slim, however, unless this district is favored with a good rain.

The cherry and small fruit crops are about done for the season, which was short owing to the prolonged drought and heat. Apples, plums and pears appear to be a good prospect. Although the caterpillar had shown itself in the orchards, but many Huron soldiers are coming in on different trains to help reap the harvest.

MISS BOBBY MORGAN.

Miss Bobby Morgan, who appears as "Lola" in the "Miracle Show," part of the Con T. Kennedy carnival attractions now being shown at Queen's Park under the auspices of the L. O. D. E., is one of the most beautiful and talented girls of the company. Her work as "Lola" in the miraculous transformation of the Egyptian statue into living flesh and blood is exceptionally clever.

Miss Morgan also appears with Miss Maudie Helm in the "Acrobatic Dolls," a clever little feature act which opens the program. Miss Julie Keith Deno's "art poses" round out what is considered by many to be the best balanced program of any presented in the city.

The show is one of the cleanest and best on the Midway, and has now won universal commendation from those who have seen it.

DELIGHTFULLY COOL ON THE GREAT LAKES.

Port McNicoll, a few hours pleasant journey via Canadian Pacific Railway, is the gateway to the Great Lakes. Steamship Express leaves Toronto 2:30 p.m. each Tuesday, Thursday and Saturday, making direct connection at Port McNicoll with either steamship "Keweenaw" or "Assiniboia" for South St. Marie, Port Arthur and Port William.

Particulars from any Canadian Pacific ticket agent or W. B. Howard, district passenger agent, Toronto.

\$100 FIRE LOSS

Motor Partially Destroyed in Rubber Company Branch.

The burning out of a motor at the Kaufmann Rubber Company's branch at 342½ Richmond street, at 11 o'clock this morning, brought out all the city's fire fighting apparatus, and attracted a large crowd to the scene.

The motor was damaged to the extent of about \$100 by the burning of the insulation from the armatures. The cause is believed to have been due to a lack of lubricating oil, and the high speed at which the motor operated caused the motor to take fire.

The men from No. 1 fire hall were on the scene in a few minutes, and entered with the chemical extinguisher, the motor being on the third floor.

By shutting off the switch the fire burned itself out in the motor in a few minutes, and nothing more was used.

\$69,767 NET GAIN IN ASSESSMENT OF WARD 2 FOR 1917

Income and Business Taxation Lower.

POPULATION IS REDUCED

Enlistments of Young Men Given for Decrease of 177.

Assessment Commissioner Stephen Grant and his staff have completed the 1917 assessment of ward two, and there is a slight increase in the assessment, but a drop recorded in population.

The net gain in the assessment amounts to \$69,767, while the loss in population is 177. The population is now 9,702, as compared with 9,879. The boarding houses in this section have been considerably depopulated by the young men going to war.

The valuation of the land is fixed at \$1,703,510, as compared with \$1,493,545, a gain of \$209,965. The buildings are valued at \$4,075,250 for tax purposes, a gain of \$92,705 over the preceding year. The total land and buildings are fixed at \$7,778,850, an increase of \$102,670.

The business assessment is given as \$1,946,935, as compared with \$1,074,495 last year, a decrease of \$27,492. The income assessment amounts to \$505,193, as compared with \$510,894 last year, a decline of \$5,701.

The total assessment of the ward is placed at \$9,330,965, as compared with \$8,281,159 last year, an increase of \$1,049,806.

The loss in population is caused by the number of young men enlisting," said Assessment Commissioner Grant.

SAYS CONTROLLERS NOW HAVE ALL INFORMATION

Secretary of Board of Education Declares Available Estimates Were Furnished.

Secretary R. M. McEltheran, of the board of education, has received an official request from the board of control, asking for more detailed information relative to the construction of the technical school.

"All the information we have in our possession," he stated, "all that is lacking is the estimate of the furnishings. We do not know much of these will cost, as the amount depends on circumstances. I think we have been very fair in our dealings with the board of control."

FARMER AND HIS SON BOTH STRUCK BY CAR

Badly Injured When L. & P. S. R. Electric Car Strikes Their Wagon.

While driving across the London and Port Stanley tracks at Spettigue's crossing, about a mile and a half south of London, at 6:30 o'clock Wednesday evening, James Vittle and his son, James, jun., aged 14, residing on lot 20, concession 1, Westminster, were struck by a car, and badly injured.

The wagon in which they were seated was smashed and the horses were more or less injured.

Mr. Vittle received a badly lacerated hip, and his body was bruised considerably. The son was also hurt about the legs, and suffered greatly from shock. The horses ran away, and were out and bruised.

Mr. Vittle was cutting oats in a field east of the tracks, and had finished for the day. He had three horses, two of which were hitched to the wagon, the third being lead along-side.

When they got to the crossing there were no signals, and thinking the car had cleared he drove across. He had almost cleared the rails when the car from London crashed into the rear part of his wagon. He and his son were thrown out, and the horses, terrified ran away.

James Vittle was thrown on the ground, and dragged quite a distance before he managed to extricate himself.

The car was stopped and the injured cared for by Lieut.-Col. Dr. Seaborn was called and dressed their injuries at their home. The horses were caught some distance up the road.

The car was in charge of Motorman Campbell and Conductor McGinnis of this city.

Both the injured will recover, but they will be laid up for some time.

HENSALL NOTES.

HENSALL, Aug. 2.—The fall wheat is seasonally advanced and though the yield will be good the sample is somewhat shrunken, owing to the extreme heat.

Preparations are under way for Hensall's civic holiday, Aug. 7 and the big union picnic at P. Bell's dam.

George Brown was called to Golestang last evening, owing to the drowning of his nephew, George Blatchford.

Constant Headaches

When the nervous system gets run down one of the most persistent symptoms is headache. Nervous headache has been described as the cry of the starved head for more blood.

Because of its remarkable blood-forming and blood-enriching qualities, Dr. Chase's Nerve Food ranks first as a means of overcoming nervous exhaustion. Nervous prostration, indigestion, sleeplessness, irritability and all the annoying symptoms of nervous breakdown are relieved by this food. It is not a mere relief, but thorough cure; for it rebuilds and reconstructs the wasted and depleted nerve cells.

50 cts. a box, 6 for \$2.50.

Dr. Chase's Nerve Food

WHEAT TURNS OUT WELL IN COUNTY OF HURON

[Special to The Advertiser.]

WINGHAM, Aug. 2.—J. A. McLean, one of the most prominent farmers in this section, was the first to thresh this season. His crop of wheat is a No. 1 and runs on an average of 45 bushels to the acre.

The whistling of the steam thrasher is busy these days and the harvest is great.

The outlook for a second crop of clover is slim, however, unless this district is favored with a good rain.

The cherry and small fruit crops are about done for the season, which was short owing to the prolonged drought and heat. Apples, plums and pears appear to be a good prospect. Although the caterpillar had shown itself in the orchards, but many Huron soldiers are coming in on different trains to help reap the harvest.

MANY PIGNICS WERE HELD AT SPRINGBANK ON THE HALF-HOLIDAY

AT QUEEN'S PARK BY DELIGHTED CROWD

About Eight Thousand Saw Big Show Last Night.

FEATURE ATTRACTIONS

Children Are Delighted With the Races Put On by Monkeys.

Between 7,000 and 8,000 people were attracted to Con T. Kennedy's carnival shows at Queen's Park last night, breaking the record for attendance since the carnival opened under the auspices of the L. O. D. E. on Monday. That the shows are pleasing, is evidenced by the increased patronage.

The midway was thronged until it actually became a crush before 10 o'clock, and progress could only be made a few inches at a time.

Perhaps the show attracting the largest crowd last night was the "Garden of Allah," introducing several bejeweled maidens in Oriental dresses, whose efforts to please in this respect, met with approval.

The monkey races especially interest the children, who take particular delight in watching the diminutive simians on their auto speedway.

The other shows are good in every respect, presenting nothing in any way that would offend the taste of the most fast
