MILLERAND CALLS ON LEYGUES TO FORM NEW MINISTRY BRITISH COAL MINERS' STRIKE CALLED FOR TODAY IS POSTPONED

GERMANY FACING HUGE DEFICIT MAY CONFISCATE COAL MINES IN EFFORT TO OBTAIN FUNDS

Herr Wirth, Minister of Finance, Forces Cabinet To Take Action To Overcome Gigantic Losses—Charges That Bad Conditions Are Due To Maladministration—Total Debt of Country Is 242,700,000,000 Marks.

Berlin, Sept. 24.—Under a threat of resigning his post and thereby precipitating a crisis, Herr Wirth, minister of finance, yesterday not only succeeded in forcing the cabinet to take action to overcome the problem of the nation's tangled finances, but also obtained for himself an ascendancy in governmental affairs.

At an extraordinary session of the cabinet, Herr Wirth presented an unfinished analysis of Germany's financial condition, hurling billions of marks at the nation's treasury, and charging that the "wretched finances are but an expression of maladministration."

As a result of his frank exposition of finances, the cabinet unanimously voted to take up immediately the problem of the confiscation of coal fields, and ordered the minister of economy to prepare the draft of a law, based on the report recently compiled by the national commission for socialization.

Germany's total debt, including the funded debt of 11,000,000,000 marks, amounts to 242,700,000,000 marks, Herr Wirth declared.

The deficit in the current budget, according to Herr Wirth, will reach a total of 55,700,000,000 marks. Germany is facing claims for indemnities to subjects growing out of the war and the peace treaty totaling 131,000,000,000 marks.

POLES-GIVE 10 DAYS TO ACCEPT TERMS OF TRUCE

In Case of Refusal Bolsheviks Will Start Winter Campaign.

PEACE PROSPECTS BRIGHT

Soviet Conditions Eliminate Plans Designed To Bolshelize Poland.

Riga, Latvia, Sept. 24.—Adolph Joffe, head of the Soviet peace delegation at today's session of the Russo-Polish peace conference, proposed an armistice, which he said must be accepted by the Poles within ten days or the Russian winter campaign would be inaugurated, which Joffe declared the Soviet Government desired to avoid.

The Soviet armistice terms decided upon yesterday eliminate virtually all conditions designed to sovietize Poland and abandon the Russian claims regarding Galicia, Joffe said.

M. Joffe's proposals made the prospect of peace much brighter than hitherto.

Wrecking of Bank Buildings Will Be Commenced Immediately.

The Benson-Hines London Hotel Company, has just received from the Benson-Hines architects, Montreal, the drawing of the new hotel to be erected on Richmond street.

An accurate idea is afforded in this drawing of the majestic appearance, which will be in operation, according to all plans and expectations, within one year.

The building, it is promised, will be one of the most imposing in the country and placed in an ideal situation, will be convenient to all railway stations and to the business district.

As matters stand, the site is that at present occupied by the Merchants Bank and the Bank of Montreal, which is an ideal situation, will be convenient to all railway stations and to the business district.

London's Splendid New Hotel

Some idea of the imposing proportions of the new hotel to be erected on Richmond street, may be gained from the above illustration. It will be a ten-story structure, and will be modern in every way. Work on wrecking the bank buildings at present occupying the site will commence as soon as possible.

THREATENED COAL MINERS' STRIKE IN GREAT BRITAIN IS POSTPONED; DECISION FOLLOWS CONFERENCE

Meeting Between Representatives of Triple Alliance of the Unions and Lloyd George Results in a Week's Suspension of Notice Calling For a Walkout On Monday.

London, Sept. 24.—The coal miners of Great Britain will not go on strike next Monday, as threatened, it developed today. As a result of a meeting between Premier Lloyd George and representatives of the triple alliance of unions, the coal strike notices previously handed in have been suspended for one week.

HAMONIC ANCHORED 5,000 NAMES ADDED TO LIST

Approximately 25,000 Voters Are On the City's Roll.

Five thousand names will be added to the municipal voters' lists in London this year according to an estimate of the City Clerk Baker today, based on some of the subdivisions which are being completed.

The list of names added to the roll will include many of the new residents who have moved into the city since the last election.

LEYGUES IS ELECTED PREMIER OF FRANCE BY PRES. MILLERAND

Newly Appointed Official Will Be Asked To Form a Ministry.

MAJORITY ARE PLEASED

Millerand's Elevation To the Presidency Meets With General Approval.

Paris, Sept. 24.—George Leygues, minister of marine, was elected today to the presidency of the French Republic, after a long and arduous campaign.

Leygues, who has been a member of the Chamber of Deputies since 1884, was elected by a large majority of the voters.

The election of Leygues was a surprise to many, as he was not considered a strong contender for the presidency.

Leygues' victory was attributed to his long record of public service and his popularity among the French people.

MEIGHEN GOVERNMENT SHOWS ITS GRATITUDE BY "ERING" MALE CRIPPLED BY GREAT WAR

Soldiers Who Were Making Good At Their Work in Local Grand Trunk Shops Are Turned Adrift By Orders From Ottawa—Pleas Made by Superintendent Are Given a Deaf Ear.

The following letter to The Advertiser is a striking testimony of what the men who fought and suffered while overseas may expect at the hands of Premier Meighen and his followers:

To the Editor:—If you can spare me a few lines in your paper I would be pleased to have this published. In every paper you pick up you read what the Government is doing to aid the returned soldiers.

Well here is a case just the opposite. I am a returned soldier, with a crippled arm, and have been employed by the Grand Trunk, a Government road, at the roundhouse as night electrician. I was given satisfaction in this position, and was promoted to the position of night electrician.

This morning I was kicked out by the workmen's compensation act, all because I was a returned man and crippled. Now if that his helping the returned men we might just as well get out of the country. My case is not the only one. I think this state of affairs has gone just a bit too far.

Yours respectfully, E. S. GOODHAND.

Another returned man, who has been let out, is Charles Garside, who went overseas with the 63rd Battery, and lost his left arm in the service of the empire. "This injustice is purely and simply up to the Government," said Mr. Garside to The Advertiser today. "The officials of the G. T. R. are powerless. I know that Mr. Clark made not one but several efforts to retain the services of the men who have been let out because they are crippled, but Ottawa says no. This is fine treatment for men who are permanently crippled fighting for Canada and the Empire."

It is understood that the various soldiers' organizations in the city will take up the case of the local men who have been turned out of their positions by the Government, and ask for justice.

DRUGLESS HEALERS

REFUSE TO PUBLISH TALK ON QUARANTINE

Secretary Will Not Give Details of Discussion—E. T. Essery, K.C., Speaks.

EQUAL RIGHTS TO ALL

Says World Big Enough For Everyone—Dr. Schultze Claims Misunderstandings.

The discussion regarding the recent board of health order that all drugless physicians attending contagious diseases should be quarantined, at the meeting of drugless healers in Hyman Hall Thursday afternoon was not made public, the secretary refusing to give out any details at all. This order was strongly denounced by the drugless healers when it was first announced in the city.

E. T. Essery, K.C., counsel for the association, made an appeal to those of the public interested in drugless healing to uphold the profession, and condemn the Government in not recognizing the drugless physicians in the same manner as the medical profession. Mr. Essery said that the world was big enough for every one to live in, and surely such men as the drugless physicians were equal to the rights of other professions. Dr. Schultze, M.D., D.C., of Chicago, said that many people had the impression that drugless healers had not a good education. This, he said, was not true, as a great many of the drugless healers were university graduates. They, too, had to possess a diploma and pass an equally as stiff an examination as medical men.

At the evening session Dr. Schultze outlined the principles of the drugless healers' profession. His talk conveyed the idea that administering medicine was filling the system with a certain amount of poisons and that operations could be avoided by adjustments. He mentioned the spine as being the main shaft of the body, and said that in years gone by little regard was paid to the spine, whereas now it is as vitally important to both medical and drugless physicians alike.

At the afternoon session he addressed the local practitioners, including delegates from Hamilton, Windsor and Toronto, on various diseases, their technique, and laid particular stress on the scientific aspect of all treatment.

The association decided to hold the annual meeting in this city on January 30, 1921.

MEET RAIL OFFICIAL RE LEVEL CROSSINGS

Civic Committee Wants This Action Taken—Superintendent Advises Conference.

W. D. Robb, vice-president of the Grand Trunk Railway, will be asked to confer with the level crossing committee of the city council on plans for reducing the level crossing menace. The committee met Charles Forrester, local superintendent of the railway, last night, and on his advice decided to take up the matter with Mr. Robb. They will go into the matter of a subway at Rectory street, costing \$250,000, and another one at Ridout street. City Engineer Brazier was asked to submit an estimate of the cost of the latter proposal. Subways at Colborne and Waterloo streets also were considered, but the cost was thought to be prohibitive. Mr. Forrester stated that complete track elevation would cost nine million dollars, and was out of the question at the present time.

PINE LAWN HOUSES ARE FOR INSPECTION

Will Be Opened To Public On Thanksgiving Day—Grading Promised.

In order to give the public some conception of the work of the Housing Commission that body last night decided to rush completion of two of the Pine Lawn houses. These will be completely furnished and thrown open to inspection Thanksgiving Day.

City Engineer Brazier promised to have grading work done on the new streets in that vicinity so that prospective purchasers will be able to see the houses to advantage. The lawns will be graded and other details of that kind attended to.

Miss Elliott of the Humane Society asked the commission to build a house on the isolation hospital property as soon as possible for the use of Inspector George Tustin. The commission promised to do so, but could do nothing for Mr. Tustin in the meantime. City Clerk Baker assured him that the hospital could be used as a residence temporarily and that if he had to vacate because it was needed for a case of contagious disease that the Housing Commission by that time might be able to furnish him with a temporary dwelling until his own was completed.

VALUABLE DIAMONDS TAKEN FROM A LOCAL JEWELER

"But he got the cash." Four persons from one of the side shows of the Western Fair entered a local jewelry store, and after very close inspection went out with diamonds worth over a thousand dollars. At the close of the deal, one of the men who seemed to do all the choosing made himself acquainted with the proprietor, and he turned out to be a jeweler who was located in the Arcade in Cleveland. He said we visited other jewelry stores, but you landed the money. I just came in to help these people select their diamonds. John A. Nash thanked him, but said: "No, sir, did not sell you; the diamonds themselves did the trick." "There's a difference," John A. Nash, my jeweler, said only Blue White Perfect Diamonds that have that winning way. His store is 206 Dundas street, "where you will eventually buy." "Diamonds enter Canada duty free."

TWILIGHT RECITALS.

NEWS

—On Sunday next, the pulpits in the various city churches will be occupied by representatives of the Men's Brotherhood Association.

GENERAL MANAGER HERE.—General Manager A. Price of the C. P. R. paid an official visit to this city on Thursday.

SENDING DELEGATES.—London will be represented at a meeting of the Canadian Deep Waterways Association to be held in the Toronto city hall, October 4 and 5, Mayor Little said today. The appointment of delegates likely will be made at the next meeting of the council.

TRAFFIC HEAVY.—Local officials of the G. T. R. report that business out of the tunnel is expected to be at the present time. The daily average business is running from 500 to 700 cars out of eastbound through freight alone. In normal times 400 cars are considered a good day's business.

HOLD SITTINGS OF COMMISSION.—Ottawa, Sept. 24.—Canadian Press.—Dr. S. J. McLean, assistant chief commissioner of the railway commission, accompanied by one or two other members of the commission will hold a sitting in Windsor on Friday, October 1, and at St. Thomas on October 2.

SPECIAL SERVICES.—Harvest thanksgiving will be recognized by the Salvation Army next Sunday, when all the corps will hold special services. The meeting will be specially decorated with fruit and vegetables. Adjutant Martin of the local command of the Salvation Army has returned from Toronto, where he accompanied General R. H. Harrington, commander of this division.

JOINT MEETING.—On Tuesday next a joint meeting of the Methodist and Presbyterian churches will be held on the co-operation scheme will be held. The meeting will be held in the progress made in connection with planning this co-operation scheme between the smaller churches which are scarcely self-supporting.

PLAN PICNIC.—The local housing commission will have a picnic, Thanksgiving Day in Pine Lawn Park. It purposes having two or three of its houses equipped with furniture, so that all who attend the outing may see the kind of houses for sale, and what the interior looks like when furnished. A hydro stove will be loaned by the utility commission and women will cook supper on it.

SOCIAL EVENING.—On Wednesday evening Keith Alway, assisted by Miss Kelle James, entertained a merry company of friends at the home of his parents, 56 Becher street. A very enjoyable evening was spent in music and games. At midnight a dainty luncheon was served, after which the guests enjoyed a hour of singing and dancing. The house was tastefully decorated for the occasion with pink and white flowers.

TO HOLD CRUSADE.—The Young Ladies' Mission Circle of Dundas Centre Church held an enthusiastic meeting on Thursday evening, to see the president, Mrs. Reybourne Houd, was in charge, and after the opening exercises plans for the year's work were discussed. It was decided to hold a "Crusade" meeting in October, when a special program will be given, and a "drive" made for new members. Various matters relating to finances, programs for future meetings, etc., were voted upon. The circle members are looking forward to the best year yet.

POWER SHORTAGE.—London reports to Bradstreet's say that shortages of power in this city have recently caused some trouble to manufacturers. Breaks in equipment were said to be the cause. It is possible that steam plants will have to be called back into duty this winter if the shortage keeps up. Some of the milk condensers in the adjacent districts have been forced to shut down. Business at wholesale and retail houses is generally good, although here and there there is a little tendency to speculation. Trade at rural centres hereabouts is quite satisfactory. Industry is active and there is little need for anyone who wants to work, being unemployed as there are places of some kind open. The outlook is good, although some smut and shrinkage is reported in some of the grain in the districts southwest of here. Collections are good.

LEFT ESTATE OF \$51,532
Will of the Late A. E. Miller is Probated in Court.

The will of Alfred Edwin Miller, late managing editor of the London Free Press, who died at his summer home in Bayfield on August 5, was probated in the surrogate court here today, and the amount involved is \$51,532.31. Of this sum \$20,000 is life insurance, and \$1,600 is real estate. The residue is stocks, bonds, mortgages and cash.

To his daughter, Helen Ruth Miller, the legatee assigns \$5,000, and a similar amount to a second daughter, Olga Alice Miller, on attaining her 21st birthday, the income to maintain her in the meantime, and such portion of the principal as deemed expedient by executor and executrix. The balance is to be given to his widow, three months after his death, who is executrix of the will, and in case of her death the two daughters share it equally on their 21st birthdays. The will was drawn up on January 27, 1917, and in addition to his widow the Canada Trust Company acts as executor.

DEATHS AND FUNERALS

FUNERAL OF MRS. THOMPSON.
The funeral of Mrs. Maria Thompson, who died at her home, 73 Dundas street, on Wednesday, was held from the family residence at Mount Pleasant Cemetery Thursday afternoon. Rev. G. Dewey of Empress Avenue Methodist Church conducted the services.

Deceased was one of the oldest residents of Canada, and was born County Fermanagh, Ireland, coming to Canada with her husband, the late Robert Thompson, 57 years of age. She is survived by three sons, James of St. Catharines, John and Robert of this city, and one daughter, Mrs. A. Finch of Lambeth.

BURIAL AT WOODLAND.
The funeral of Charles Cowan was held this afternoon from his residence, Hamilton road, to Woodland Cemetery. Rev. J. E. Holmes conducted the services. Mr. Cowan was one of London's oldest businessmen, having conducted a flour and feed store on Talbot street for twenty-five years, which he gave up to go to Vancouver. He returned recently and purchased a grocery business on the Hamilton road. He is survived by his wife, one daughter Flossie at home, and one sister, Mrs. Border of South London. Dr. Cowan of Colborne street is an uncle.

DEATH OF MRS. WILSON.
Oakville, Sept. 24.—Following an illness of about three months, Mrs. Wilson, wife of Lieut.-Col. Alex. Wilson, former commander of the 23rd Battalion, is dead here. For many years she was a resident of Seaforth. Besides her husband she is survived by three daughters, Mrs. Parkes Ansell of Washington, and Mrs. W. A. Holt and Miss Harriet Wilson of New York, and by one son, Reginald Wilson, of New York.

RUTH'S 50TH HOME RUN.
New York, Sept. 24.—Babe Ruth of the New York Americans, made his 50th home run of the season in the first inning of today's game with the Washington club at the Polo grounds. In doing so he equalled the record for which he was striving.

FIRST GAME OF SERIES.
The first game for the city baseball championship will be played at Queen's Park tomorrow afternoon at 2, the Grand Trunk, undefeated winners of the Manufacturers' League, and Ontario, champions of the Inter-Club League will be the opponents.

SAYS HUGGING RUINS DRESSES

Amusing Explanation Is Given by Dealer in Division Court Case.

The troubles which occur when young girls attempt to dress beyond their means were revealed in a first division court case at the court house today in a rather amusing manner. The girls, who are sisters, work six days a week and are paid \$8. Love of fine clothes prompted them to visit a store where they could purchase dresses on the installment plan. The proprietor showed the girls the finest clothes he had in stock. A nice looking black dress was selected by one girl, the quality being apparently the best. She paid \$10 down and agreed to pay \$2 each week until the dress was paid for.

But after a motor trip to Stratford with her parents she had another tale to tell. Before she was able to return to the Forest City she was forced, she alleged, to purchase a waist on account of her \$44 dress falling to pieces. She then refused to pay her weekly installments, and the proprietor of the store took action to recover the amount due. Judge Judd compromised in the case, and awarded the plaintiff \$15 and court costs in each case.

The plaintiff showed the quality of the goods by attempting to tear them. He also offered the judge a strip of thin white cloth, which he said was of the goods which he handled. It was not accepted.

When was asked what would cause the dress to go in the manner in which it did, he threw out his arms, which he said, "hugging," which provoked much laughter from the court.

BISHOP TELLS OF CONFERENCE

The Executive Committee of Huron Diocese Holds Quarterly Meeting.

The quarterly meeting of the executive committee of the Diocese of Huron met yesterday afternoon with a large attendance. Many matters of importance came up and the bishop reported several interviews with the New England company took place while he was in England. The proposition is that these missions shall be taken over largely to the care of the Missionary Society of the Canadian Church, while the New England Company will continue its connection and general support.

Proceedings of the Lambeth Conference of the Anglican Communion, which was held in London last year, were discussed in full and general satisfaction was expressed regarding its action and proposed measures for the advancement of the church and of church unity.

On motion of Canon A. Carlisle and Archdeacon J. Richardson, a great pleasure was expressed on the return of the bishop, who has also been present at the General Conference, and his active share in the doings of the conference.

The bishop made an eloquent reply. He reviewed at length the main features of the conference and expressed his satisfaction in finding the diocese in such a good position on his return.

E. G. Henderson of Windsor, a member of the executive for many years, was reported to be seriously ill, and a resolution expressive of sympathy for him was passed by a standing vote.

On motion of Charles Jenkins of Peoria, resolutions of regard and esteem were passed by the standing vote to the late Verachovy Cronin, who has been chairman of the diocese ever since its foundation in 1857.

Most encouraging reports were received from every mission of the diocese regarding increases in the stipends of clergy.

RATEPAYERS WILL VOTE ON ANOTHER PLAYGROUNDS BYLAW

Several Sections of City Not Yet Provided For.

Londoners will be asked to vote on another playgrounds bylaw in January. Jared Vining, chairman of the playgrounds committee, stated today.

Although it was believed in some quarters that the bylaw passed last year, authorizing the expenditure of half a mill on this work, was intended to apply to ensuing years as well, such was not the case. If the playgrounds work is to be continued another bylaw must be passed this year.

Mr. Vining thinks that the work accomplished by the playgrounds committee with only half the appropriation which was authorized for them, gives the citizens every reason to support a second bylaw. Now that the work has been commenced, the hardest part of the task has been accomplished. Subsequent expenditures can be used to develop the playgrounds already in existence and to equip new ones when necessary.

Several sections of the city still are without adequate playground facilities. One in Queen's Park is not entirely so. It is located too close to the street and to several residences to be considered an ideal playground. The playgrounds committee would like to find a more suitable location for this one and would also like to open playgrounds for the northern section of the city.

THISTLE CLUB TOURNAMENT.
The weekly Saturday afternoon tournament will be held tomorrow at the Thistle Club, commencing at 2:30.

SAYS INDIA WANTS SELF-GOVERNMENT

Loyalty to Britain Is Unquestioned, Says N. Chavre of Bombay.

India does not want her independence, but on the contrary is intensely loyal to the British Empire, according to N. Chavre of Bombay, who is spending two days in the city under the auspices of the local Chamber of Commerce. Mr. Chavre is a member of the Brahmin caste or student class, and is conversant with every phase of Indian life. He has made a special study of the needs, the history and philosophies of the country. He returns to India in one month in an attempt to establish greater trade between India and the western world.

In the opinion of Mr. Chavre, as expressed to The Advertiser, all the trouble and unrest in India are not due to disloyalty, but to a great desire for self-government similar to that established in Canada, Australia and South Africa. The people of all classes are striving to gain this end, and as the British Government does not seem prepared to grant this freedom, clashes naturally follow.

Mr. Chavre believes that India is prepared to govern itself. He said that in many parts where the provinces are under the direct control of the Indian princes there is greater prosperity than in those parts ruled entirely by the British. The world, he says, is apt to judge the conditions and civilization of the east by western standards. India has an older culture and philosophy than either Europe or America.

India is grateful to England, he said, for bringing her in touch with the western world and establishing her commerce. England has helped develop India.

Mr. Chavre was inclined to laugh at many of the white man's ideas of India's customs. These ideas, he said, were mostly myths. He says Indian women do not throw their babies to crocodiles, nor do they destroy themselves at their husband's death.

Few Veterans Have Purchased Coal

Mayor Little Is Endeavoring to Have R. H. Harrington, Fuel Controller for Ontario Meet a Special Delegation of the Central Veterans' Council to Discuss Purchasing Coal for the Returned Soldiers of the City.

Mr. Harrington will come to the city, although it is expected that it will be before the middle of October.

F. B. Lavender, secretary of the Central Veterans' Council, stated to The Advertiser today that the fuel situation in the city, as far as returned men are concerned, is becoming grave. He said hardly any of them have bought coal, and if some measures are not taken shortly he can see nothing ahead but a fuel famine.

WIVES NOT ELIGIBLE FOR THIS ALLOWANCE

Ottawa Makes Ruling Following Complaints of Imperial Pensioners

Imperial pensioners resident in London have complained to J. W. Cunliffe, local secretary of the G. W. V. A., that they are not in receipt of allowances for their wives, where their disability pension is less than 20 per cent. This matter was referred to W. E. Tuley, provincial secretary of the G. W. V. A., and the following notice was received by Secretary Cunliffe.

"Imperial pensioners whose disabilities are assessed at less than 20 per cent are either awarded a gratuity or final weekly allowance in respect of themselves and children under 16 years, no allowance being issuable in respect to wives. Supplementary pension from Canadian funds is not issuable to an imperial pensioner of the rank of N. C. O. or private who was resident in Canada on August 4, 1914, as these pensioners are given the option of pension under either the imperial or Canadian regulations, at Imperial Government expense. All imperial pensioners eligible for Canadian rates are sent a declaration of option. If they choose Canadian rates, their accounts are adjusted, and they are subject to exactly the same regulations as long as they reside in Canada or the United States of America, as if they had served in the Canadian Expeditionary Force."

SEPTEMBER WEDDINGS

THOMSON-CAMERON.
Hespeler, Sept. 23.—The marriage of two popular Hespeler young people took place at high noon today at the residence of the bride's parents, Mr. and Mrs. John Cameron, Queen street west. Miss Mary Cameron, soloist at St. Andrew's Presbyterian Church choir, was married to Rex Thomson of the Hespeler Herald. The ceremony was performed by Rev. J. L. Small, pastor of St. Andrew's Presbyterian Church. The bride-maid was Miss Myrtle Thomson, sister

of the groom, and the best man was Peter Cameron, brother of the bride. After the wedding service Mr. and Mrs. Thomson left for Montreal, where they will spend their honeymoon. On their return they will reside on Silver Heights, Hespeler.

STONEMAN-ARMSTRONG.
Hamilton, Sept. 23.—A pretty house wedding was solemnized this afternoon at the home of Miss A. Armstrong, 347 James street north, when her niece, Vera Victoria, second daughter of Mr. and Mrs. J. F. Armstrong, was united in marriage to Alfred Stoneman, son of Mr. and Mrs. Robert Stoneman, Rev. E. Wright of Victoria Avenue Baptist Church officiated. Mr. and Mrs. Stoneman left on the 5:45 train for London and Detroit. They will be at home to their friends after October 5, at 556 Wellington street north.

MACINNIS-MELVILLE.
Simcoe, Sept. 23.—A pretty autumn wedding was solemnized in the Anglican Church at St. Williams, Ont., of Ada Thompson Melville, eldest daughter of Mr. and Mrs. Alex. Melville of Edinburgh, Scotland, and Robert Andrew, youngest son of the late Dr. MacInnes of Victoria.

The ceremony was performed by Rev. R. S. Mason of Toronto, brother-in-law of the groom. The bride, who was given away by Dr. Andrew MacInnes, wore a gown of ivory crepe de chine and bridal veil with coronet of orange blossoms and white heather, and carried a bouquet of sweetheart roses, and a reception at the home of Dr. Andrew MacInnes followed the ceremony, after which Mr. and Mrs. MacInnes left for Detroit.

On their return Mr. and Mrs. MacInnes will reside at Aberfoyle, St. Williams.

MCPHAIL-HARRIS.
West Lorne, Sept. 24.—A very pretty early autumn wedding took place at the home of Mr. and Mrs. R. J. Harris, when their youngest daughter, Mary Margaret, became the bride of John Leyle McPhail, P.M.B. of St. Thomas, Rev. J. P. Falconer of the Presbyterian Church officiated. Promptly following the ceremony, Miss Jean McGregor of Rodney, the groom took his place under a white-laced arch, banked with ferns and cut flowers. Immediately following came the bride, leaning on the arm of her father wearing a gown of ivory-headed georgette over silk and embroidered puritan veil with orange blossoms and real lace and carrying her bridal bouquet of Ophelia roses.

TOASTIES

Little Marion Carson, niece of the bride, a charming flower girl, dressed in a dainty white French or-gandie dress, with pale blue trimmings. During congratulations and the signing of the register, H. G. Mistle of Waterloo, brother-in-law of the bride, sang "O Promise Me," after which a dainty wedding dinner was served to 20 guests by four civil friends of the bride. The groom gave the bride a handsome Victoria, the pianist an onyx bar-pin, the soloist a gold bar tiepin, and the flower girl a gold locket and chain. The happy couple left on the evening train for points east and Toronto, the bride traveling in a midnight blue tulle-trimmed suit, with hat of French blue velvet faced with Japanese rust tulle-trimmed and trimmed with an ostrich quill. The bride and groom were at home to their friends after October 1.

Among the out-of-town guests were Dr. and Mrs. J. F. Armstrong of Hamilton, Russell Harris of Detroit, George Harris of Toronto, Mr. and Mrs. H. G. Mistle of Waterloo, Miss Hessemauer of Kitchener, Miss Owen of Chatham, Miss Madge M. Millan of London, Miss Mueschmidt of Essex, and Mr. and Mrs. Carson and daughters Marion and Lois of West Lorne.

SCOTT-DOW.
The wedding took place quietly at the manse at Nalra on Wednesday of Elmer Scott and Dorothy Dow, daughter of Mr. and Mrs. J. R. Dow, when the bride was given away by her father. Mr. and Mrs. Scott will reside in Fullerton.

WHITTLE-FRITZ.
Kingville, Sept. 23.—The marriage of Isaac W. Whittle and Luella M. Fritz was solemnized in the Olinda Universalist Church, Fair House, on Wednesday. They were attended by Mr. and Mrs. Glen Dawson.

LEES-DALE.
The home of Mr. and Mrs. Thomas Dale of Lucan, was the scene of a pretty wedding on Wednesday, when their daughter, Edith Maude, a graduate of Sam's Hospital, was united in marriage to William H. Lees of Windsor, by Rev. E. G. Powell of Lucan.

The bride, who was unattended, wore a dress of white satin and georgette crepe, also a platinum bar set with diamonds, the gift of the groom. After congratulations and the signing of the register, a sumptuous dinner was served in the dining-room, which was beautifully decorated in green and pink.

The young couple motored to London, where they took train for Toronto, Montreal and eastern points. The bride traveled in a navy blue tulle-trimmed suit and hat to match. On their return they will reside in Windsor. The groom is a member of Mocha Temple Shriners, London.

JACOBS-SCHULTZ.
Centralia, Sept. 24.—A quiet but pretty wedding took place at the home of Mr. and Mrs. Frey at Centralia, when Miss Nettie Schultz, daughter of Mr. and Mrs. J. L. Schultz, was united in marriage to Milton Jacobs, of Stephen. The ceremony was performed by Rev. A. Sinclair in the presence of the immediate friends of the contracting parties. Following the ceremony, a sumptuous dinner was served after which Mr. and Mrs. Jacobs left by auto for Listowel and from there will go to Brantford, Hamilton and other places.

ANOTHER REDUCTION
OF ONE CENT A POUND
IN PRICE OF SUGAR.

Carloads of American Sugar
Are Offered Away Below
Canadian Figures.

"Grocery markets are holding fairly steady, although a few commodities show slight advances and others are shaded lower," says Canadian Grocer this week. "Business in retail circles is reported brisk, although orders to wholesalers and manufacturers are not as large as the season warrants. Retailers are apparently confining themselves to immediate requirements."

"Montreal.—There are a number of special features to the market this week. Lard is dearer and there appears to be a rather a shortage. Strictly fresh eggs demand still higher prices. Creamery butter holds firm at the high prices. The cheese market shows signs of brightening up. Meats hold firm and the shortage existing on beef cattle shows little improvement. Sugar declines another cent per pound. Cereals on the whole much cheaper. Package oats are going to be lower. The rice market is upset and lower prices on tapioca are recorded. The trade for the fall shows much improvement and the return of the many people to the city is quite evident through the grocery trade."

"Toronto.—Sugar continues to be the centre of interest in general groceries. A decline of one cent per pound occurred last week. There is still second-hand sugar offered, but not quite as freely as in the week before. A couple of cars of American sugar arrived, and it is stated that it was laid down at several dollars below Canadian refiners' prices. There is practically no sugar moving from the refineries. This condition, coupled with the fact that American sugars are being brought in may tend to further reduce quotations on Canadian refined. The high cost of cartons and labor is counteracting the lower cost of grains, and manufacturers of breakfast foods are generally of the opinion that lower prices are not likely. However, the package oats are likely to decline to the level of a year ago. Allotment of sockeye salmon to jobbers are very small and are rapidly moving into retailers' hands. A few home-made hams are on the market, but other species are unchanged. Opening prices have been named on Oregon prunes and are several cents below those named by the California association. Spot stocks of California raisins are fast becoming depleted, and there is every indication that the high prices named for new crop will be maintained in view of the great demand in the United States for beverage purposes. New crop Amalia cereals are expected to arrive in a week. Lower grade India and Ceylon teas are weak, but the highest grades, for which the public both in this country and Great Britain are showing a decided preference, are holding at high prices and are becoming difficult to procure. New crop shelled almonds are quoted lower than last season. Peas are easier and lower prices quoted. The rice market is steady under a quiet demand. White sage is reduced one cent per pound. Some shipments of New Zealand honey have arrived and are lower. Canadian onions have declined. It is reported that there is a large crop

and that prices will be much lower than they are at present.

"The produce and provision markets are slightly firmer this week. Smoked bacon and hams are quoted higher. Barrel pork is also marked up. Butter and eggs are firm, but quotations are unchanged. Cheese is steady. Lard and shortening are in a strong market with a tendency for higher prices. B. C. frozen fish is quoted higher, due partly to the long haulage and increased freight rates."

TOWN PLANNING
MEETING TONIGHT

Lively Discussion May Feature Proceedings This Evening.

While members of the town planning committee assert that there is no special importance attached to the meeting of that body which has been called for tonight, it is nevertheless a meeting which will be watched with some interest. The last meeting of the committee ended in a heated discussion between the chairman, Ald. E. R. Seabrook, and John Cottam, one of the members, as to the activities or inactivities of the committee.

A meeting which was called subsequently failed to attract a quorum of members. Following this Mr. Cottam addressed two letters to Mayor Little, in which he alleged that a deliberate attempt was being made to block town planning.

The meeting called for tonight is the first one since these letters were published, and it is possible that there may be some discussion of them.

DIES OF INJURIES.

Lindsay, Sept. 24.—Emmett Milloy, 11 years old, of Downsville, was caught yesterday in the wheel of a motor spreader, thrown on to a prong which pierced his eye, and died this morning from injuries sustained to his brain. He was the son of Frank Milloy of Downsville.

"BABE" RUTH IN HOME TOWN.

Baltimore, Md., Sept. 24.—"Babe" Ruth, returning to his home town here yesterday, where 10,000 fans hoped to see him produce at least one circuit clout, struck out twice, the last time with the bases full. The Orioles won, 1 to 0.

Ruth last night wrote a check for \$2,500 for the benefit of St. Mary's Industrial School, where he learned baseball, to help replace the buildings destroyed by fire.

ONLY TABLETS MARKED
"BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is of "Bayer Tablets of Aspirin" which like Sterling on silver. It positively identifies the only genuine Aspirin—Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally, for over nineteen years and now made in Canada. Tin boxes of 12 tablets cost but always buy an unbroken package a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoclonal Aspirin. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

GUERRILLA WARFARE BY IRISH RADICALS MAY FORCE ACTION

General Sir Neville Macready Explains Position of Military in Ireland—Acts of Reprisal by Black and Tans Only Human Desire To Avenge Murder of Popular Officer—Result of the Breakdown of the Processes of Law in Ireland.

[Associated Press.]
 Dublin, Sept. 23.—Gen. Sir Neville Macready, commander of the military forces of Ireland, in an interview today denied that the reprisals for the assassination of police taken at Balbriggan by the "Black and Tans," and elsewhere by the regular police or military, were actuated by any set policy formulated by the Government. He declared, however, that if the guerrilla warfare of the Irish Republican army continued the situation might become such that reprisals would be necessary.

He made clear the position of the military forces in Ireland, saying that they had nothing to do with the administration or operations of the Royal Irish Constabulary and its British auxiliary, the "Black and Tans" other than to give them necessary support in carrying out their police duties.

A Mistaken Impression.
 "When I came to Ireland," Gen. Macready said, "the idea got abroad that I came in the capacity of a kind of 'Pooch-Bah,' with supervision over the police as well as the military. There was an entirely mistaken impression. It was not asserted by Gen. Macready that there have been reprisals by the military. On the contrary, he explained why reprisals occurred, saying that an army officer would understand exactly the spirit which led to them.

Reprisals Only Human.
 "It is the desire of every officer," he went on, "to have his soldiers go over the top, and their officer killed, they go on with the determination to avenge his death on the enemy. Formerly in Ireland, when a police officer was killed there was no thought of direct reprisals in the minds of the Royal Irish Constabulary. They thought only of bringing the murderer to justice, confident that he would be dealt with quickly and adequately by the courts. But now, the processes of law having broken down, they feel there is no certain means of redress and punishment, and it is only human that they should act on their own initiative.

"Punishment for such acts is a delicate matter, inasmuch as it may be interpreted as setting at naught the hoped-for effect of the training the officers have given their men.

Popular With Police.
 "Take the case of Balbriggan. Inspector Burke, who was killed there, had been the instructor of many of the 'Black and Tans' stationed at Gormanstown. He was very popular with the young police recruits he trained, and when they heard of his death it was human nature that they should feel the ought to avenge him, knowing that the organization responsible for the crime would shelter, rather than give up the culprits.

Only Selves to Blame.
 Discussing the Government's attitude toward the Cork hunger strikers the general said: "The Irish Republican army having disorganized not only the machinery of justice in this country, but also the transport of mail, have themselves to blame if more time than usual has been lost by the Government in taking the steps required to bring to trial the men accused of murder and sedition."

He pointed out, however, that less time had elapsed in preparing the cases for trial by court martial than if they had come before the regular courts in the old way, and he declared, further, that the Cork prisoners would be a source of receiving impartial justice before a court martial than before ordinary courts, where the self-interest of the attorneys was a consideration.

SIX CONSTABLES KILLED.
 He said the Cork prisoners were about 20 or 25 suspects, the others having been weeded out when an investigation showed there was no chance of successfully prosecuting them. But against the eleven hunger strikers the Government considered it had a strong case in each instance and every case involved the taking of life.

HISTORIC CASTLE BURNED.
 LONDON, Sept. 23.—As a reprisal for the shooting of policemen near Lahinch, says a dispatch to the Central News from Ennis, a party of uniformed men during the night set fire to eighteen houses in Milltown, Malby, Lahinch and Ennistown. Three civilians were shot dead.

Castle Mary, the seat of Colonel Longford, was set on fire and destroyed by raiders last night. The raiders gave the occupants of the castle ten minutes in which to leave the building.

 Presidential Candidate Talks of Ireland For the First Time.

MARION, O., Sept. 23.—Setting forth his views on the Irish problem for the first time since his nomination, Senator Harding, Republican candidate, declared in a public statement today that it was not "a question for official America" and would be classed as "internal and domestic" under the league of nations covenant.

The statement, in which the senator discussed the Irish question directly for the first time since his nomination follows: "There are two phases of the so-called Irish question in America. Individual sentiment is one thing, and it is recognized that there is a wide spread sympathy here for the cause of Irish autonomy. We voted an expression of that sympathy in the Senate at the time the peace delegates were conferring in Paris.

men near Lahinch was more serious than was previously announced. Six constables were killed, while three others were wounded. The police allege that they saw four of them drop. The police allege that their assailants used dum-dum bullets, and that the wounded were fired upon and killed.

SAGE TEA TURNS
 GREY HAIR DARK

It's Grandmother's Recipe To Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. Sage tea, taken three times a day, turns grey or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture, you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it restores so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the grey hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

AFTER SUFFERING
 A WHOLE YEAR

Mrs. King Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Iola, Kansas.—"I was a constant sufferer from female trouble for about a year. I had pains in back and stomach, in fact all over me, and was all rundown. A friend of mine was cured of the same trouble by Lydia E. Pinkham's Vegetable Compound. I took it and it gave me health and strength and made a new woman of me.

I cannot praise you enough for the good you have done. I will publish my testimonial as it may be the means of helping some other suffering woman."—Mrs. IRENE KING, 105 West Campbell Street, Iola, Kansas.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, ready to bring you health and may save your life.

WILL NOT PERMIT MEETING OF SINN FEIN SYMPATHIZERS

Police Authorities Decide That Prevention of Possible Trouble Is Best Plan.

TORONTO, Sept. 23.—No meeting of sympathizers with Sinn Fein will be permitted in this city, according to an announcement made this afternoon by Acting Police Chief Dickson. As a result of many protests against a meeting, which the Self-Determination League in Canada proposes to hold here

next week and a suggestion from Mayor Church that it would not be advisable to allow the meeting, the board of police commissioners today definitely decided to put the ban on it. Would Start Trouble.
 Acting Chief Dickson, in making the announcement to this effect, said: "It was decided that as it is likely to lead to a breach of the peace the meeting will not be permitted. The commissioners feel that owing to the unrest in Ireland and the feeling existing everywhere over the Sinn Fein problem that any attempt to hold a meeting in Toronto would start trouble."

COAL STRIKE SITUATION VERY GRAVE

British Miners and the Govern-
ment Fail To Reach An
Agreement.

MAY BEGIN SATURDAY

Walkout May Also Involve the
Transport Workers.

(Canadian Associated Press.)
London, Sept. 23.—The coal sit-
uation tonight is very grave, hopes
entertained earlier in the week of an
amicable settlement not having been
realized.

Interviews between the Government
and the miners have had no result,
and unless there is some eleventh-
hour surprise a strike will commence
on Saturday, which may involve all
transport workers as well as miners.
The miners' executive today reject-
ed a proposal to take a second ballot
on the proposal of premier Lloyd
George yesterday for an impartial in-
quiry on the wage demand of the
scheme of adjustment by output.
It is known there is considerable
opposition to a strike.
The public manifests little anxiety.

LONDON, Sept. 23.—(By Associated
Press.)—Premier Lloyd George made
another appeal to the miners to accept
the Government's proposal and refer
the question of an increase in wages
to an independent tribunal, or, as an
alternative, to meet the owners and
agree upon a scheme increasing the
output, which the Government believes
would give the miners more wages than
they are demanding.

But the premier's appeal was futile.
The miners insisted that their demand
of a two-shillings increase should be
granted immediately, and passed a
resolution refusing to withdraw the
strike notices which expire Saturday.

Miners' Idle Monday.

Thus, unless the Government relents
within the next 48 hours, the miners
will, after the last shift on Saturday,
lay down their tools and the mines
will be idle Monday.

At a meeting of the miners' repre-
sentatives during the day, Robert Smil-
lie reported on the position taken up
by the premier and his offer. He said
the committee could not recommend
the acceptance of either of the Govern-
ment's proposals. A lengthy discus-
sion ensued as to whether the Govern-
ment's proposal to submit the question
of wages to an impartial tribunal
should be referred back to the dis-
tricts and a vote was taken.

Mr. Smillie, as president, submitted
a resolution to do this, but on a card
vote it was decided that nothing had
happened which required such refer-
ence back.

Telegrams were sent to the various
districts calling on all workers necessary
for the maintenance of the pumping and
coking plants and other machinery, and
the care of the horses to continue work-
ing until further notice.

Premier Explains.

At the meeting a letter was read from
the premier, explaining in detail his pro-
posal for a conference between the
miners, mine owners and officials of the
department of mines to secure a better
output.

President Smillie and Frank Hodges
replied in substance:
"Our executive repeat their assurance
that when the present wage claim is
disposed of they will be prepared to
undertake an inquiry into the whole
wage system."

The premier further replied urging
acceptance of his proposal, and pointing
out that if it was rejected "I would re-
mind you that a peaceful method of
settling the wage claim is still open
to you by a means similar to that
adopted by the railwaymen and a ma-
jority of your colleagues in the Triple
Alliance."

The premier meant by this reference
the industrial court.

A Day of Conferences.

This was a day of conferences. First
the Triple Alliance, composed of the
miners, railwaymen and transport
workers, met as one body; then there
were sectional meetings and finally an
another joint meeting lasting until mid-
night.

Many of the leaders favored concilia-
tion and further negotiations with the
Government, but so far as the miners
were concerned the majority decided
to endeavor to get what they desired
by means of a strike. This policy hav-
ing been adopted, it remained for the
Triple Alliance to decide what, if any
action the railwaymen and transport
workers should take to support the
miners.

Could Not Decide.

There were many speeches but the
long conference could not reach a de-
cision, and adjournment was taken
until tomorrow. This adjournment will
give the Government another oppor-
tunity to find a peaceful solution, and
Mr. Lloyd George and Sir Robert Horne,
president of the board of trade, are
remaining in town over the week-end,
in case their services are necessary.

The failure of the Triple Alliance to
reach an agreement also gives strength
to the influence working for a settle-
ment, and to a large minority of the
miners who have failed to hand in their
notices and who probably will refuse
to go out unless they are assured of
the support of their fellow trades union-
ists. This minority, according to a re-
port issued last night, consists of 34
per cent of the miners of South Wales,
38 per cent of West Yorkshire, and 40
per cent of Worcestershire and South Staf-
fordshire.

OBJECT TO SECOND BALLOT.

LONDON, Sept. 23.—The representa-
tives of the Miners' Federation, meet-
ing separately this afternoon, rejected
a motion by Robert Smillie, their leader,
to take a second ballot on the question
of striking, and submitting the miners'
demand for a two-shilling increase in
wages to arbitration.

STRAITFORD FAIR

MIDWAY EMPLOYEE

FOUND UNCONSCIOUS

STRAITFORD, Sept. 23.—A man
named Oatlander was found lying un-
conscious along the Grand Trunk tracks
Thursday morning shortly after the
Brown & Lyster train left Woodstock.
As he is a member of the midway
it is supposed he either missed the train
and tried to catch another, or was
struck with a car. He was taken to
the hospital and will soon be up again.

Elated with the success of the Agri-
cultural Society are boosting for a
four-day exhibit next year instead of
three-day fair. The attendance this
year is estimated up to 38,000. The
many industrial and business ex-
hibits have brought to the attention
of everyone the need for a manufac-
turers' building. President Orr and
Secretary Orr are both advocates of
a four-day fair.

RECORD ENTRIES

AT PETROLEA FAIR

Petrolea, Sept. 23.—The 44th annual
exhibition of the Petrolea and Ennis-
killen Agricultural Society opened here
today, and never in the history of the
fair has there been finer displays of
fruits, grains and vegetables. The entry
lists this year break all records, and
everything points to the fair being a
splendid success. Friday will be the
big day, and the races are a special
attraction, which are expected to draw
a big crowd.

butter amounts to 1,315,709 pounds.
Comparative figures show stocks of
creamery butter to have increased 22.7
per cent from last month and decreased
.28 per cent from last year.

Cheese stocks amount to 16,041,019
pounds, showing an increase of 45 per
cent from August 1, but a decrease of
27.45 per cent from 1919.

Egg stocks include 14,615,300 dozen
in cold storage, 784 dozen other than
cured, 263,563 pounds of cured.
Comparative figures show decrease in
stocks of all beef except that in pro-
cess of cure.

Beef stocks in storage and in process
of cure total 6,956,012 pounds, of which
2,346,370 pounds are frozen, 2,487,394
pounds unfrozen, 1,566,385 pounds
of broilers, 89,841 pounds of turkeys,
comparative figures show decrease in
stocks of all beef except that in pro-
cess of cure.

The mutton and lamb in store
amounts to 1,315,588 pounds, of which
1,129,295 pounds are frozen, compara-
tive figures show an increase of 52.36
per cent from last month and 15.65 per
cent from last year.

The poultry stocks total 376,391
pounds, which is made up of 14,483

MARVELS OF SKILL IN IVORY CARVING

The finest ivory carvings in the world are made in Japan. If your treasure should become broken and the pieces are not lost they can be repaired. The dismembered fragments must be fitted in place, and held there by a cement which is not affected by moisture. A cement which cannot hold its own in spite of moisture, is of no use, and for this reason—ivory must have water in order to preserve its beauty. Exposure to the dry air any length of time causes fine lateral cracks to appear, and when they come your masterpiece is ruined forever.

By wetting a bit of cotton flannel and wrapping it about your ivory carving you can close the cracks, but once the piece is exposed to the dry air again the cracks open. And just here is a case where "an ounce of prevention is worth a pound of cure." Keep your ivory carvings in a glass case in which there should always be a wet sponge or a saucer of water.

By way of illustration as to the possibilities of the Japanese expert restorer, suppose your ivory carving represents a hunter, his gun and game bag. A dead bird, too large for his game bag, is slung over his shoulder, while a wounded live bird is held by a cord tied around its leg.

The wounded bird is squalling with fear and pain. The skillful Japanese artist has been able to separate the upper and lower bills of the bird, showing clearly that the mouth is open, although the bills are not much thicker or wider than the point of a stub steel pen.

If by any accident one or both of the bills have been broken off and lost, the Japanese importer can send the piece back to his own country, perhaps to the very artist who made the carving, and in due time have the treasure returned to its owner in all its former beauty.

Now, this is what the Japanese carver has done: He has carved out a new bill, and with the tiniest dowl pin attached it. A correspondingly small hole has been made in the bird's head, and a joining of the two parts has been so skillfully done that the keenest eye cannot detect the break.

No American or European "restorer" would have either the ability or the patience to do this, but even if his patience and skill should be found equal to the demand, if he is an honest and well-informed man he would not undertake the work for you. He knows he could not live on the price for which you could get the work done if you sent him where to mend it. It is only in Oriental countries where living is cheap, that this is possible.

In Japan no carvings are made in

factories. The artist works in his own studio. At the bottom of the piece when it is finished the maker carves his name, initials or sign. In due time this distinguishing mark comes handy when the commercial value with art dealers, just as the name of a great writer has with editors and publishers.

In Tokyo there is an art school in which an average of about 500 pupils a year study art under different masters. In ivory carving there are native teachers, but in this the Japanese are but following out the rule which governs their conduct in all matters of education and progress. That is, the person who is best fitted for the profession is given the chair.

In other branches of art taught in the Tokyo schools European and American masters are employed, but for ivory carvings the Japanese, for the simple reason that they have no equals at that particular work. Moreover, the best ivory carvings, even in Japan, come from Tokyo and its environs.

It would be well for all those who are not connoisseurs in ivory to purchase these costly bits of a well-known and reputable dealer for near-ivory carvings are sometimes made of the bones of an enormous fish which is caught in the waters about Japan. This fish the Japanese call chachi. The bones of the chachi are not as hard as ivory, and consequently the most valuable carvings are not attempted on them, although they are used for a coarser grade of work.

The bones of the chachi will take on a fine polish, and where articles made from them are sitting on the same shelf with others made of real ivory, the resemblance is so close as to deceive all except experts.

The length of time which a Japanese artist must give to his apprenticeship work upon ivory before he can become sufficiently skilled to earn a living at his chosen profession depends upon a number of things, such for instance, as natural taste and industry.

In this, as in other arts, but few ever become great, but if a carver, after he shall have been under his master's instructions for five years, has reached the place where his works will sell, which by no means must be taken to imply that he can tell enough of them to live on the proceeds, he has no reason to be ashamed of himself or feel discouraged as to the progress he has made.

But the man must be made of that kind of stuff which loves art for art's sake, for his work will always be but poorly paid. Though a little piece not more than four inches high may retail in America and European art stores at a price ranging between \$50 and \$150, but a small part of this sum ever reaches the Japanese artist.

Those hair-fine carvings tell their own story of the weeks and months of patient labor expended in their making.

FILIPINOS GAIN NEW CONFIDENCE IN ISLAND RULE

Birth of a Nation is Seen At Manila.

Manila, Sept. 23.—To all intent and purpose the Filipinos today are self-governing—and, taking everything in consideration, they are doing a fairly satisfactory job.

Most of the work of running these scattered islands with their 11,000,000 people is in the hands of the Filipinos. There are still a few seats of American officials, but they are retained because the Filipinos themselves want them to remain. Of the different government bureaus, only those of education, audit, and science are headed by Americans.

Veto Seldom Used.

Governor-General Harrison has tremendous powers of veto, but he has exercised them very little. He and the other American Government officials here have attempted to carry out the full spirit rather than the letter of the Jones law.

There has always been a certain amount of silent pressure exerted which has tended to steady the local government and to smooth out the most glaring defects.

There have been and are great defects in the Philippine Government. In the first place, it is an autocracy, one party Government with the real power pretty well centered in two men—the president and the speaker of the House. Outside of the ranks of this one Nationalist party there has been little opposition and it has resulted in the party being the Government. The one thing that has tended to steady things down has been a silent, continued struggle for power between the two leaders, Quezon and Osmeña.

Filipinos Take Reins.

The Jones law, passed by Congress a few years ago, pledged independence to the islands when "a stable government" has been established, but, with the exception of strong veto powers of the governor-general, gave practical autonomy to the islands.

Following this law and the arrival of the present governor-general, the majority of the American officials either resigned or were shown the way out, and the reins of government were turned over to the Filipinos.

It is true that the Government has far too much favoritism and party loyalty, and there is unquestionably a good deal of bribery and graft and numerous election frauds. But these are all the ills of young countries, and there is no fundamental reason why the islands cannot eventually outgrow these evils.

Scheme of Government.

Under the Jones law, the islands are governed by the Philippine Legislature, consisting of an upper house of 24 senators, elected for six terms, and a lower house of 90 members, elected for three-year terms. Executive powers of appointment and veto are placed in the hands of the governor-general, who is appointed by the president of the United States.

The different provinces, corresponding to American states, have locally elected governors, while the 300,000 non-Christian people of the islands are ruled by governors appointed by the governor-general.

Present Policy Criticized.

Both in the matter of appointment and veto the present governor-general has bent to the wishes of the Filipinos. It is understood that he came under definite instruction from President Wilson to make the islands actually self-governing. This policy has brought down upon him the most intense criticism of the American businessmen here. But it has resulted in giving the Filipinos several years of practically full governing experience.

As they have been during the twenty years of American civil government, the islands are self-supporting. The Government of the United States has spent no money here except for the upkeep of the United States army and navy and for purely military purposes. What might be called the insular government has always paid his own bills out of Philippine revenues.

MARRIED MAN'S AMOURS

Letters From Girls He Deceived Whilst In Army.

London, Sept. 23.—Disclosures with regard to a married man's conduct whilst serving in the Army were made at Leeds during the hearing of a case in which Lily Kilbey, of Belmont place, Chorley-lane, Leeds, asked for a separation and maintenance order against her husband, William Kilbey. The parties had been married 12 years, and there are three children. On August 4, explained applicant, her husband received a letter and a photograph from a girl, and, after some words, he attempted to strangle her. Their daughter got him away, and she then left the house—Mr. Kilbey, representing applicant, read two remarkable letters defendant had received from two different young women—one at Portsmouth, and the other at Reading. One of them was as follows:

Dear Billy,—Your letter received this morning. You have been deceitful all the ten months you have kept me company. You knew you were married, and still you led me on, pretending to be a single man, keeping me from decent men. I suppose you will be surprised to know I have got a letter in my possession from your wife to you that you left behind at hospital when you left for Winchester. Well, Billy, you have been a scoundrel and I put all my love and confidence in you. I gave you all a good girl can give money on you, haven't I? I have suffered. Why not you? If you had any respect for your wife no other girl would trouble you. I don't see why you should call me darling, as you belong to another.—Yours truly,

The other letter read:

Dear Billy,—Just a line in answer to your letter, which I can assure you I was more than surprised to receive. Well, in the first place, I have heard too many tales about you since you left Reading. You always made out to me you were a man that had nothing to do with other women, which, of course, as I know myself, was absolutely untrue. You are a bad, wicked man, and, as you know, I am justified in saying so. I will say good-bye, and I hope, please God, you will get a better man.

The bench granted a separation, and ordered Kilbey to pay his wife 25s a week.

BABY CLINIC STAR FEATURE OF FALL FAIR AT WATERFORD

Long Line of Mothers Waited
Turns To Have Children
Examined.

SCHOOL YELL COMPETITION

Boston School Section Takes
First Prize in Novel
Noise Contest.

[By Staff Reporter.]
WATERFORD, Sept. 23.—A distinct innovation for fall fairs was featured here today, when a child welfare clinic, under the auspices of the Provincial Board of Health, was staged in conjunction with the Townsend exhibition. Miss F. May Bagshaw, government nurse, was in charge of the clinic, assisted by Dr. M. Shilton of Waterford in conducting the clinic, scores of Norfolk County mothers bringing their children to the big tent for free medical examination and consultation.

From early afternoon until late in the day a queue of mothers was drawn up outside the child welfare tent, and each infant examined by his or her mother, and the results of the examination recorded on a chart. There was no comparison of children, or physical development contest staged, but each mother was confidentially advised, when necessary, of the latest ideas in child welfare. The clinic proper was augmented by an exhibit of charts and literature, demonstrating the right and wrong way to care for the child. In addition, by means of models, practical examples of home care to the future generation were shown, and the proper clothing for the babies in various seasons was also displayed.

Fixture in Future.
The child welfare clinic at rural fairs will become a fixture in future, the Ontario Board of Health having authorized the same, and the success of this modern phase of public health was proven here by its introduction today. Twelve nurses under provincial jurisdiction have been deputed to continue child welfare work at the conclusion of the fall fairs, and each will be assigned to a certain district in which to carry on the good work.

With weather conditions on the favorable side the Townsend Fair held here today surpassed those of previous years, attendance figures totalling over 10,000 people. The exhibits were above the average, particularly the rural school entries, which were placed in a huge marquee, and reflected great credit on the pupils of the vicinity. The stock and poultry exhibits were also of the best.

During the afternoon a rural school competition was staged, in which all children of the district took part, a policy having been declared, the youngsters paraded before the judges and prizes were awarded on points for ability to march, arrangement, school yell and originality. Standard bearers for each school carried banners in unique designs and the pupils in each case wore uniform dress, distinctive for girls and boys.

Boston School Section 17 captured premier honors, no doubt due to the original yell, and physical culture exercises, demonstrated under the direction of Principal W. Sloman, a former Londoner. S. S. 23, under the leadership of Miss Maine, succeeded in obtaining second place, the pupils from this institution being garbed in rustic fashion, they boys carrying hand farm implements, while the girls were armed with kitchen utensils. S. S. 4, of which Miss Chess is the teacher, was awarded third place, and all contestants provided a difficult task for the judges picking winners.

Ball Tournament Played.
During the fair a soft ball tournament was played between picked teams from the district, and the field was flanked with hundreds of autos, which bore the crowd to the show grounds.

The Waterford brass band was in attendance to dispense music for the occasion, and at night the affair was concluded by a concert given by the Brunswick Trio of London in the town hall, which was packed by a capacity audience.

Following are the officials responsible for the success of this year's Townsend fall fair: President, Nelson Hall; first vice-president, Glen Whitham; second vice-president, Thomas Thompson; general superintendent, Hardie Collier; secretary-treasurer, H. A. Sanderson; directors, Henry E. Mason, William Siveley, J. H. Vivian, C. V. Mills, C. H. Vanloon, R. C. Erwin, Percy Brock, David Duckworth, Lorne Forest, Albert Denning, John Wright, Leonard Harrison, Dr. Trotter, Chas. Culver, Clyde Renner.

OFFERS \$15,000 FOR BOUT.
Chicago, Sept. 24.—An offer of a purse of \$15,000 for a bout between Jack Dempsey and Bill Brennan was wired to Jack Kearns, manager of the titleholder, in New York, last night by Floyd Fitzsimmons, Benton Harbor, Mich. promoter. The bout, if arranged, would take place at Benton Harbor the latter part of October.

BELGIAN PREMIER TO RESIGN.
Brussels, Sept. 24.—M. Delcroix yesterday told newspapermen that immediately after the return of King Albert from Brazil he would tender his resignation as premier. He added that another premier had been designated.

MRS. ETHEL HUGHES FINED \$500, COSTS

Convicted of Selling Liquor—
Obtained Cases Under
Friend's Name.

Mrs. Ethel Hughes, 579 Bathurst street, paid a fine of \$500 in the police court Thursday afternoon for unlawfully keeping liquor for sale. According to evidence given by License Inspector J. E. Keenleyside, she obtained five cases of whiskey in September. When the inspector and Sgt. Thomas Bolton searched the house on September 18 only 22 bottles could be found. The liquor was obtained under the name of Victor Babcock. Mrs. Hughes told the searchers that Babcock had taken the liquor, but admitted in court that this was not so. She admitted that her husband had obtained cases of whiskey on two other occasions, and that there were about six bottles left when she ordered the five cases. Her husband was out west on a harvester's excursion, and she ordered the whiskey because she heard that the price was going up. She asked Mr. Babcock's permission to use his name. She claimed that all the missing whiskey had been consumed by her friends.

as she had entertained a large number of these during fall week.

Magistrate Graydon did not consider the explanation plausible, and imposed a \$500 fine, with the option of four months of imprisonment.

WANTS COMMITTEE TO WATCH ERECTION

Trustees Promise Consideration of Request—Miss E. Sebrun New Dietitian.

Appointment of a building committee to superintend the erection of the War Memorial Children's Hospital was suggested to the hospital trust by a committee representing the I. O. D. E. on Thursday. No action was taken, but the trustees promised to consider it. Miss E. Sebrun was appointed dietitian in place of Miss Miller, who resigned recently. Superintendent T. H. Heard reported that 452 patients were admitted to the hospital during August. Four hundred and fifty were discharged. There were 20 births and 18 deaths. The free dispensary treated 419 patients. Cash receipts for the month were \$13,377.60. Accounts totaling \$19,200 were passed.

VEHICLE UPSETS; INJURIES FATAL

Mrs. Charles Betts of Wheatley Crushed Under Barrel of Gasoline.

[Special to The Advertiser.]
WHEATLEY, Sept. 23.—Mrs. Charles Betts, 36 years old, died today from injuries sustained two days ago, when she was driving home with a barrel of gasoline and the vehicle upset, the barrel falling upon her. Several ribs were broken, in addition to internal injuries suffered.

Mrs. Betts was a former resident of Port Stanley, from where she had removed recently, her husband purchasing a fishery near Wheatley. Besides her husband, a little son survives her. The funeral will be held on Saturday at Wheatley.

LOWER PRICES FOR OIL AND TURPENTINE

Garden Hose Will Also Be Cheaper—Dry Cell Batteries Higher.

Discussing the market situation this week, Hardware and Metal says: There are not so many price changes in hardware commodities as usual this week. Chain has been advanced in price, and the increase in price in changing steel coil chain and also steel and brass jack chain and cow ties, heel and trace chains, etc. Higher quotations all in effect on dry cell batteries and on ignition units. Cold shuts and repair links are advanced in price, and some makes of tools, hammers, wrenches, etc., are also increased in price. A slight advance is recorded in black oils. Rubber garden hose is being booked for next spring at slightly lower prices, and a little further reduction has taken place in lined oil and turpentine, which have been having a downward tendency during the past few weeks. Many staple goods continue to be very scarce and prices on same remain very firm.

Among commodities that are scarce are wire nails, especially the smaller sizes; bar iron, steel, wire and wire products, fencing, etc., while show very little improvement in deliveries, stocks in many cases being very low. Galvanized and black sheets and plates are reported to be coming forward in small quantities and but little change is seen in the situation. Canada plate is still very hard to procure and the supply of stovepipes this fall is quite a problem to dealers. Bookings for next spring's goods are reported to be very good, but present business is said to be a little quieter, with merchants and dealers buying more carefully than had been the case during the past year or two. Stocks generally are inclined to be low and the shortages in many lines would have that effect apart from any desire to purchase in smaller quantities. Collections are said to be coming forward.

MANY CASES ENTERED.
Ottawa, Sept. 24.—There are 222 cases instituted in exchequer court of Canada during the present month. The majority of these cases are for the recovery of taxes and penalties in connection with the Dominion income war tax act. Mr. Justice Audette rendered judgments yesterday in several cases originating in the Maritime Provinces.

SOAP-MAKING NEW CONTEST FEATURE, AILSA CRAIG FAIR

Farmers of District Expert in
Making Own Washing
Compounds.

[By Staff Reporter.]

AILSA CRAIG, Sept. 23.—More than 2,000 people gathered here today for the 52nd annual Ailsa Craig Fair. The fair was a record-breaker. The gate receipts totalled \$100 over that of last year.

In the evening an amateur concert was held. It was well presented and delighted the hundreds of people who crowded the hall. The Kineto Orchestra of Parkhill supplied the music. The Birt Brass Band was in attendance at the park throughout the day. President Reeve M. Clatworthy, and Secretary Treasurer C. Stewart were in charge, assisted by a number of the fair board directors.

Potatoes Fine Exhibit.
The exhibits were better than they have been in previous years, but were not so plentiful. The vegetable exhibits were ahead of last year, especially in potatoes. Henry Westcott, a well-known farmer in this district, captured three first prizes. Among the principal winners in field vegetables were J. D. McEwen, James Darling, Edward Hughes, Alexander W. Stewart, Dan Henderson, J. Hanson, John Crawford.

The flowers were exceptionally beautiful. Asters of every color and color were on exhibition. The fruit exhibits, although small, were of the best quality. J. Utley and G. L. Shipley were successful in capturing the majority of the prizes.

There was a large exhibit of butter and other domestic products. Mrs. James McFarlane was the principal prize winner in the butter exhibitions. **Soap-Making Contest.** A new feature of the fair was the soap-making contest. The high cost of soap has prompted many farmers to manufacture their own. The winners in contest were John Crawford and Alexander W. Stewart.

In the honey competition George Amos of Leury and Miss M. Wylie were the winners. The ladies' work exhibit was unusually large this year, due to a new prize list being used. The work attracted a great deal of attention from fair visitors. Mrs. George Amos, Mrs. D. Henderson, Mrs. J. Clark and Mrs. W. Leitch were the principal prize winners. The art work exhibits were larger than last year and of a better quality. Among the winners were Dan Henderson, George L. Shipley and W. Kennedy.

Leading Cattle Exhibitor. Alexander McLean captured the majority of prizes in the cattle exhibits. J. Utley was the principal winner in poultry exhibits. Mr. Utley captured 41 firsts out of as many entries at the Toronto exhibition. He was also a big winner at the Stratford fair.

A great deal of interest was taken in the horse races, which were the best that have taken place on the local track for many years. The results were as follows:

Free-For-All One Mile; Time 2:18;
Purse \$250.
Billie Bishop, J. Mullin 1 1 1
Hal T. I. T. Harz 2 2 2
Ego, T. Yearling 3 3 3
Green Race, Half Mile; Time 1:06;
Purse \$100.

GERMAN GUN NOW IN CORONATION PARK

Eighteen Pounder Reminds Parkhill
People of the Great War.

Parkhill, Sept. 23.—The German field gun, which was assigned to Parkhill by the war trophies committee, has been placed in Coronation Park. It is an 18-pounder, of 1918 make, and was captured on September 2, of that year by the 10th Infantry Brigade. It is little damaged by shell fire.

At the regular meeting of the chamber of commerce a resolution was passed asking that the town be granted a half holiday on October 1, so that citizens can attend the unveiling of the McGillivray Township Soldier Memorial.

Two carloads of women went to McKenzie's peach orchard near Theford on Monday to pick peaches for the Canning Centre.

Next Sunday is rally day in the churches here, and the children will figure largely in the services.

Henry Ellis, cattle drover, has purchased another 50 acres of land in West Williams.

Mrs. John Houston, who lived for over fifty years in Parkhill, at the home of her daughter, Mrs. McCann in Sarnia. The remains were brought to Parkhill for interment.

The Sylvan School fair will be held on the school grounds on October 1.

**OVERTURNED LANTERN
BURNS DEREHAM BARN,
SHED AND CONTENTS**

INGERSOLL, Sept. 23.—A serious fire loss was sustained last night by Thomas Burge, a well-known farmer on the 7th concession of Dereham Township. Fire broke out in his barn, driven from an overturned lantern, spread rapidly, and following a trail of oil, destroyed his automobile, stored in the barn, and was discovered many neighbors turned out in their automobiles and rendered assistance. They were successful in saving the granary and the main barn, but they worked for hours to accomplish this. The fact that there was a light wind aided their efforts.

The drive shed, a large barn and the hen house, together with their contents, were destroyed. Mr. Burge had his left hand and forearm badly burned. The loss is only covered by insurance. Considerable sympathy is felt for Mr. Burge, as he lost his right arm a few years ago.

Shoulder Bone Broken.
Alfred Bell of Dereham Township was the victim of a serious accident when he fell from a wagon and broke his shoulder bone.

Gerald Gill, who attending the Verchocyle school had his hand painfully injured by a piece of sheeting falling from the rafters of a wood shed. The wound required several stitches.

**LONDON WOMAN
GIVES INTERESTING
MISSIONARY TALK**

THORNDALE, Sept. 23.—A very impressive "thank offering" service was held in the East Nissouri Baptist Church on Sunday evening. The special speaker of this occasion was Mrs. T. J. Hill of London, a returned missionary. Vocal numbers included a solo by Mrs. Dunlop of Kintore, and a duet by Mrs. Twain Gleason, Thorndale, and M. McIntyre of Thornale. Several pieces of music were beautifully rendered by the Sunday school orchestra. The pastor of the church, Rev. M. P. Lockhart, in introducing Mrs. Hill, made reference to her long and faithful labors in Angola, Portuguese and West Africa. Mrs. Hill, in an interesting and able address, spoke of the "Ture of Africa" as a mission field, and urged the claims of that great country in view of the forward movement of Mohammedanism, also the challenge of the Christian church that, in the opening up of Central Africa to civilization, which is now taking place, the Christian gospel should be to the fore.

The ladies of St. Marys Baptist Mission Circles, headed by their president, Mrs. W. Richards, were present to the number of about twenty, on this occasion of the thank offering service.

WOODSTOCK MASONS VISIT THAMESFORD

Thamesford, Sept. 23.—Last night was a big night among the brethren of King Solomon's Lodge, No. 334, on the occasion of a fraternal visit paid the lodge by representatives from Oxford and King Solomon Lodge, Woodstock. The visiting lodges came about 40 strong, and a team demonstrated the third degree.

The Woodstock lodge boasts unusually strong musical organizations in their choir and orchestra, and a hundred men present were given a splendid program. After the work of the night the company visited the town hall, where at a long table they enjoyed No. 334's hospitality and good-fellowship. Lakeside, Thorndale, Embro and Ingersoll lodges were represented.

These staff of the public school are being congratulated on their work during the past two weeks in working up an enthusiasm for the annual school fair, held in Kintore. The pupils made a splendid showing, and in their exhibits and drill reflected credit on Principal Francis and his assistants, Misses Hosack and McFarlane.

The Women's Auxiliary of St. John's Church held a tea Wednesday afternoon at the parish hall. The harvest home services will be held Sunday next, Dr. Sage, London, will preach at both services.

NEW NOTHING ABOUT LIQUOR.

HAMILTON, Sept. 23.—The Hamilton hotelman mentioned in connection with the seizure of a Packard truck and 300 cases of whiskey at Belleville this morning denied positively that he knew anything about the shipment. Stanley L. Cruickshank and John Treacher, the visiting lodges came about 40 strong, and a team demonstrated the third degree.

The Woodstock lodge boasts unusually strong musical organizations in their choir and orchestra, and a hundred men present were given a splendid program. After the work of the night the company visited the town hall, where at a long table they enjoyed No. 334's hospitality and good-fellowship. Lakeside, Thorndale, Embro and Ingersoll lodges were represented.

These staff of the public school are being congratulated on their work during the past two weeks in working up an enthusiasm for the annual school fair, held in Kintore. The pupils made a splendid showing, and in their exhibits and drill reflected credit on Principal Francis and his assistants, Misses Hosack and McFarlane.

The Women's Auxiliary of St. John's Church held a tea Wednesday afternoon at the parish hall. The harvest home services will be held Sunday next, Dr. Sage, London, will preach at both services.

MADE FINE SHOWING IN CROP COMPETITION

Melbourne, Sept. 23.—The following is the result of the standing field crop competition conducted by the Melbourne Agricultural Society:

First, W. P. Cornell; 2, Fred Eaton; 3, Malcolm McNeil; 4, Malcolm McGugan; 5, H. A. Fletcher; 6, Gilbert Hyndman; 7, C. E. McLean. James Pullin of Woodstock judged the grain, which was white oats.

A large number of local people attended the school fair at Appin on Monday, and the exhibits were well worth seeing, and were a great credit to the children who took part.

Many farmers in this locality are threshing their grain, and the oats are turning out far beyond expectations.

Andrew McLaughlin has purchased the Wadsworth farm, situated one and half miles from Springbank. This is considered one of the finest farms in that locality.

The monster provincial motor oil tank along the Longwood road through the villages of Melbourne, Delaware and Lambeth recently, and was very much appreciated by the villagers, as this will keep down the dust during the remainder of the season.

INTERDEPENDENCE NOT INDEPENDENCE BEST FOR COLONIES

Says Ben Spoor, M. P., England, in Inspiring Address To Brotherhood Organizations—N. Chavre, High Caste Indian, Says Closer Relationship of Empire's Parts Desired by His People—Harry Whitehorn Here To Stay.

Men from every walk in life, representing eighteen brotherhood organizations of this city and several outside points, numbering nearly 1,000, crowded the great dining-room of the Masonic Hall to overflowing when the first annual banquet of the Men's Brotherhood of London was held on Thursday evening. Noted speakers among whom were Ben Spoor, member of Parliament for Labour in the British House of Commons, and Harry Whitehorn of the Westminster Gazette, addressed the assembly on the brotherhood movement.

The meeting is claimed to have been the greatest mass meeting ever held in London since the visit of Gypsy Smith to this city, for every chair in the room, which has a seating capacity of 750, was filled, while scores more stood and listened to the inspiring speeches from the corridor. The size of the meeting surpassed the expectations of the men who sponsored it, and the wonderful enthusiasm which was rampant was taken by them as an indication that the movement will spread until every church in this city has been listed.

CUT THIS OUT
OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness or else the disease may be driven down the air passages towards the lungs, which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Eucalypti (Double Strength). Take this and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Closed nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Eucalypti used in this way acts directly upon the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.

of humanity," was repeated again and again throughout the evening and formed a peg for many thoughts expressed.

The great address and message of the meeting was delivered by Ben Spoor, M. P. In a speech highly philosophical and yet with a vein of dry wit that was not lost, and delivered with wonderful oratory. Mr. Spoor painted the present condition of the world in all its grim realities, and then as his auditors were quite convinced that there was no hope for the world, he told of the wonderful future that was to grow, and of the convulsions that were gripping the world, and how it was to be brought about by the great brotherhood of mankind.

Save World.
"It is only the idea of brotherhood which is to save the civilization of the world from chaos if it is to be saved," he said. "Those who know of the fearful conditions which exist in Central Europe and Russia are asking if there is some force which will arise and carry the good that exists in the present order on into a saner and better order of things. Any movement that gives promise to do that is welcomed by the British people, and I believe that the brotherhood movement which will accomplish it."

After telling of the unrest and turmoil which exists in Ireland, Egypt and India, the speaker said that it was hard to be an optimist in face of so much trouble, and that it required much faith to believe that good was coming out of it. He said, however, that there were much hope and promise in the world, and that if there was no conflict, civilization would be dead. "The world," he continued, "is caused by that force which seeks to work out a salvation." It was, he said, the greatest epoch in the world's history in which the foundation for a great civilization was being laid.

Interdependence.
Mr. Spoor said that the world interdependence was greatly overworked. He did not want to see an independent England, Canada or India if it spelled isolation. He did not want independence but "interdependence."

All the great empires and the powers in the ages past failed because they were based on slavery. The brotherhood stood for freedom. It had a vision of a united world in which there was no white men, no colored men, no Britains, Canadians or Indians. Harry Whitehorn, who is to be in Canada during the winter actively engaged in the brotherhood work, expressed the belief that the salvation of the world rested upon the movement and on the spiritual force that created organized labor, and the British labor parties. The basic for any remedy that is to save the world must be formed from the ethical teachings of Christ preached in the Sermon on the Mount.

He said that there was on foot throughout Canada, the real spirit of brotherhood which would eventually bring about the dream painted by Mr. Spoor. He believed the new civilization would last, and that in spite of the difficulty in being an optimist in face of all the world's trouble optimism should be cultivated.

"It was said," he continued, "that the last war was fought to abolish war. Those who are critics laughed at the statement. But I tell you that we must make that the truth. It must never be possible for countries to line up millions of men to spill blood no matter how sacred the cause is claimed to be."

He urged the necessity of the brotherhood to bring about a salvation of the world and not leave the work to the materialist, who could never accomplish it.

Exploiting Must Stop.
Mr. Whitehorn lauded the best factions of organized labor, which, he said, was promoted by spirituality, by a feeling of brotherhood. What he said that the brotherhood movement did not stand for organized labor, it stood for fair play for everyone. The good things of life must be for all, not for a few. The exploiting of workmen and women for profits and dividends must stop.

Unselfishness was the great point the speaker emphasized. He preached "Crucifixion of Oneself."

Thomas Howell of Toronto, general secretary of the movement, spoke briefly. He said that Canada was stirring the United States by the progress she was making. There was nothing in making a country to touch the organization in Canada. He urged a great attendance of delegates at the World's Brotherhood Congress to be held in Washington on October 8.

One-Minute Talks.

Representatives of the eighteen different organizations were asked to give one-minute talks on their respective brotherhoods. One of the pleasant features of the evening was a visit of 20 members of the Brotherhood of the Good.

They were given a rousing reception. A musical program was provided. The men's chorus from the Midland Street Baptist Church, the Sarnia Men's Quartet, Mr. Russell of Sarnia, and Mr. McCullough of this city gave numbers. The many tables were bountifully prepared by ladies from the different churches.

It was announced that next Sunday was Brotherhood Sunday, and that it was to be celebrated in a majority of the churches as well as by a mass meeting in the Allen Theatre.

WOMEN ARE SOUGHT IN MYSTERIOUS MURDER CASE IN CALIFORNIA
Body of Los Angeles Capitalist Found in His Home.

Los Angeles, Cal., Sept. 24.—Discovery of the body of Jacob Charles Denton, aged 46, Los Angeles capitalist and mining promoter (who was last seen alive on August 10), buried under several tons of earth in a hermetically-sealed box in a cellar of a house here, brought to light what the police characterized as the weirdest murder mystery in the history of the city. The pistol with which, police believe Denton was shot to death, the room where he is believed to have been slain, and letters drawing attention to three women, for whom the police are searching, were found within a few hours of the time his body was discovered. Denton owned the house where the body was found, but tenants had occupied it for some time.

One chamber of the pistol contained a cartridge of the wrong calibre. Detectives said this indicates that the weapon had been used to shoot Denton, and then the discharged shell replaced hurriedly and carelessly with the one of wrong calibre. The location of the tragedy, they said.

There was a Bible in the room, which bore a record of two marriages of which Denton had been a party. According to his second wife and a son, an infant child had died, and he had divorced his first wife, but had continued friendly relations with her. He has a daughter, Frances Denton, by his first marriage, living in Phoenix, Cal.

Denton left a will with a local lawyer, and when the latter wished to consult his client about the instrument he was unable to find him. This led to investigation and the discovery of Denton's body by a private detective.

A preliminary post-mortem examination of the body last night disclosed no marks of violence.

Officers previously had expressed the theory that Denton had been shot or stabbed.

POLISH DELEGATES HAVE FULL POWER TO SIGN TREATY WITH THE REDS

Riga, Sept. 24.—Credentials held by Polish delegates to the peace conference here show that they have full powers to negotiate and sign an armistice against and preliminaries to a peace convention, but do not mention the fact that power has been given them to sign

a final peace treaty. In his message to Moscow relative to the conference here with representatives of Soviet Russia, Prince Sapieha, Polish minister of foreign affairs, stated specifically the Polish delegates would be given full powers to sign a final treaty. This message and the credentials borne by the Polish representatives are now on file at Bolshevik headquarters in this city. No representations have as yet been made to the Polish delegation by the Bolsheviks regarding this situation.

FRANKLIN CARS ARE REDUCED IN PRICE

Syracuse, N. Y., Sept. 23.—The H. H. Franklin Manufacturing Company today announced a reduction in the prices of Franklin automobiles ranging from 17 per cent to 21 per cent. H. H. Franklin, president of the company, in announcing this action disclosed the stand taken by Henry Ford for a general lowering of commodity

prices to a pre-war level. Wages at the Franklin plant will not be affected, but an effort will be made to secure lower prices for raw materials to correspond with those for Franklin automobiles.

CARRIED AWAY THEATRE SAFE.
ST. CATHARINES, Sept. 23.—Burglars last night entered the new Allen Theatre, removed the safe from the office, loaded it onto a truck, and dumped it down an embankment along the hydraulic raceway. The door was forced open with a sledge-hammer and crow-bar. After taking \$425.25 and \$40 worth of war-tax tickets, the burglars left the battered safe at the bottom of the hill. The theatre is located in the business centre of St. Catharines.

Orth's Move---

And it is a move for further expansion. This is mighty good news to our customers who have our welfare at heart—just as much as we have theirs in building our store larger to care for expansion trade, which fortunately has been coming our way during the past two years of our business career. Yes, folks, it is gratifying for us to know truly and honestly at heart that our store has been built up on truth, service and real merchandising—enough so as to attract one of the largest volumes of men's wear buyers in London today.

Two years ago we started out to build just such a service store to the people of London. And now that this has been attained we are going to build it to double its size during the next two years, with your co-operation. Our present store is too small, so, owing to our controlling the entire building, three stories high, we have arranged without one cent more rent to occupy Floor No. 2, with a supreme store of men's clothing. Think of what is in store for you—a clothing department without one cent of rent to be added to the cost of doing business! Our long-cherished hope has materialized—a store where we can sell clothes for less than any other store in Canada. Also, our present staff and our present advertising, insurance and taxes will be sufficient to carry on this new store for men. Not a walk-upstairs-and-save-money proposition. No, sir! Just a store where nothing is camouflaged—no niggers in the fence. Orth's guarantee holds good every day during the year. Satisfaction or money back.

Furthermore, this being our second anniversary week, we have decided to offer some real gifts in men's wear, commencing Saturday and continuing for seven days. We advise fall buying now at these prices.

There seems to be nothing in sight such as lower prices being possible until spring of 1921.

"CAMBRIDGE" AND "SANDFORD" MADE

Pure wool cloths, and any clothing store can guarantee these makers' garments to be highly tailored. Just as a starter for fall buying by Orth, real \$40.00 Winter-Weight Overcoats to go at this expansion sale at... **\$28.75**

"Hart Made", also Hobberlin Custom Garments

Famous for their high standard of tailoring. Many suits in the lot that could be sold for \$40.00. Rush-out Saturday offer of... **\$26.95**
Every man and young chap in London and district should see this collection of suits if he cares to save \$10 or \$15. Orth's guarantee of satisfaction or money refunded goes with every suit.

Special Mention! Hobberlin Custom-Made SUITS and OVERCOATS

To your own individual requirements, are sold by Orth to the men who have not purchased a Hobberlin Suit from us. Did you ever wear a Hobberlin-made garment, purchased, say, in the Toronto tailoring store, or elsewhere? And did you ever have a better made garment in your lifetime? We would like to meet the man with a grievance against Hobberlin-made clothes. If we couldn't refund his money, we would get a replacement for him. All Hobberlin-made garments are guaranteed absolutely. Do you know what absolutely guaranteed by Hobberlin stands for? If you ever wore a suit made by Hobberlin you would know.

All we ask is your inspection of our fine range of blue serges, grey worsteds, pin and hairline materials; also heavy winter overcoatings. We save you money on your tailored garments through our direct purchasing of English and Scotch wools and having them tailored by Hobberlin. You must see this point of advantage. If we retained an expensive staff of tailors during the busy and quiet months of the year we would have to add several dollars to each suit for overhead expenses. We let the other fellow worry about the quiet months, and are able to quote our customers the lowest possible prices, including absolutely no profit for the highest

grade tailoring we can give you at cost. Exactly all we sell is profit on 3/4 yards of material. Do you get the idea why so many men are wearing Hobberlin-made garments in London today?

The tailors employed are experts through experience. Amateurs and second-rate men are usually employed in small tailoring establishments.

Price for Suits from \$45 to \$85
Price for Overcoats from \$39 to \$65
