Bolton, Ont., July 4.—At 2 o'clock this morning fire broke out in Decke's foundry here, and before the flames were subdued $25,000 damage had been done. The insurance is $5,000.

FIRE MENACE AT DEPARTURE BAY

Forest fires cause an immense property loss in Canada every year, and this loss is all too frequently accompanied by loss of life. The great majority of the fires which leave such awful destruction in their wake are preventable. They are due to foolishness, or as it might be still more truly expressed, to criminal negligence. They originate largely from the burning over of cleared land in dry weather, from fires left unextinguished by campers and from cigar and cigarette butts and matches thrown down alight.

What might have developed into serious fires, had they not been extinguished in time by people living in the vicinity, have occurred twice within the last month near the cable house at Departure Bay. In both cases they started from fires left burning by picnickers.

In British Columbia there are excellent laws dealing with the prevention of forest fires, and heavy penalties are liable to be incurred by those who have not the common sense or common decency to see that their camp-fires are absolutely extinguished before leaving them.

KILLED BY DYNAMITE.

Dayton, Pa., July 4.—An explosion of dynamite here killed William Clever, aged two, and so seriously injured Fred Clovack, aged 4, and his sister Grace, age 4, that physicians said they would not live. John Wargney lost his right hand.

OBITUARY

WILKINSON

The death occurred yesterday morning at the residence of Mrs. James Tunstall, Victoria Road, of Margaret Wilkinson, daughter of Mr. George Wilkinson, Chase River. The deceased was a native of Nanaimo aged 8 years and 7 months and had been ailing for some time, her illness taking a turn for the worse several days ago. The funeral will take place Monday from the home of Mrs Tunstall, Victoria Road, Rev. Mr. Green officiating, funeral arrangements being in the hands of Mr. A. E. Hilbert. The pallbearers will be May Wilcox, Beatrice Lister, Mary Ridley, Maggie Mawhinney, Louise Waters and Irene Waters.

KIRKPATRICK

The funeral of the late Robert Kirkpatrick who met his death by drowning at Page's Lagoon Wednesday, took place yesterday afternoon from the family residence on the Five Acres, Rev. W. E. Cockshott conducting the burial services. Messrs. R. Yates, P. Aitken, J. Aitken, T. Hough, W. Mossey and J. Cochrane acted as pallbearers.

STEPHENS

The funeral of the late John Stephens took place yesterday afternoon from the family residence on Five Acres, in the presence of a large number of friends and sympathizers. The Rev. Mr. Green conducted burial services at the home and graveside. The following acted as pall-bearers: J. Malpas, J. Leonard, J. Haeger, A Fraser, A. McLennan and J. Crutchley.

Mr. A. E. Hilbert was in charge of the arrangements.

The appended list of floral tributes is acknowledged:

Pillow—The family.

Crescent—Mr. and Mrs. C. Nicolls.

Cross—Mr. D. D. Le Neven, Duncan.

Sprays—Mrs. Miles and Miss Glady Miles, Mr. and Mrs. J. Pollard, Mr. and Mrs. Jas. Gillespie, Mr. and Mrs Jas. Crutchley, Mr. and Mrs. Thos. Bennett, Mr. and Mrs. A. Wheatcroft Mr. and Mrs. J. Malpass, Mr. and Mrs. Cuthbert, Mr. and Mrs. Jas. Farmer, Mr. and Mrs. A. Fowler, Mr. and Mrs. M. Lewis, Mr. and Mrs. F. Turner, Mrs. Jones, Mrs. Hodgins, Mrs. Bate, Mr. and Mrs. J. Muyleart, South Wellington.

Wreaths—Officers and members of the Mariam Rebekah Lodge No. 3. Mr. W. Thrall, Mr. and Mrs. R. Hamilton and family, Mr. and Mrs. C. E. Smith, Mr. and Mrs. John Leonard, Mr. and Mrs. James Jackson, Mr. and Mrs. A. LeCoque, Mr. A. Brown and family, Mr. Oswald Wardill.

Boquets—Mr. and Mrs. R. Hirst. Mrs. W. J. Adams, Mr. and Mrs. V. Janey, Mr. and Mrs. J. Heagar and family.

Globes—Mr. and Mrs. A. McLennan Mr. and Mrs. Wilson McLennan.

BOWSER ANSWERS FOSTER'S CHARGES

The Attorney General Explains Why Some Miners Are Still in Jail. Although Covered by Agreement, They Had Been Enjoying Liberty On Bail.

Before leaving on his trip through Northern British Columbia, Friday night Hon. W. J. Bowser made a statement to the Province regarding a complaint voiced by Mr. Robert Foster of the United Mine Workers. before the Trades and Labor Council on Thursday evening. Mr. Foster alleged that some of the miners sentenced after the riots in Nanaimo have been held in jail beyond the legal time. Mr. Foster said he had complained to the Attorney-general by letter but had received no reply.

"I have wtitten to Mr. Foster, but doubtlessly, he had not received the letter when he addressed the Trades Council," said Mr. Bowser, last night. "I am quite sure there has been no mistake by the warden of the provincial jail," continued the attorney-general. "It is to our interests to get rid of the prisoners. We want to get them away. If an error was made it would be the easiest thing in the world to get them out on habeas corpus. I have no doubt that Mr. Bird, counsel for the miners, would quickly see to that.

"But apart from the legal side of it, I would like briefly to outline the facts. All the men sent to the provincial jail have been released except five. It was agreed between Mr. Taylor for the crown and Mr. Bird for the miners, at the time sentences were passed that the terms for four of these men should be figured to commence on December 15, 1913, so their year dated from that date. with two months good conduct time off. The fifth man started, I think, on September 13, so he comes out sooner. But these four have been out on bail from a date shortly after their arrest until their trials. Recently several men likewise sentenced to a year were released because they never were out on bail and were counted as serving the time they had already spent at Westminster during the autums months before the trial. Here the misunderstanding has arisen. Some of the year men are out, why are not all out? Mr. Foster asks. The answer is that a man on bail can not be serving his term at the same time. If that were so a man night serve his whole year technically sentenced, but really enjoying freedom on bail. I have nothing against these men. I would be willing enough to see them released, but we could not allow one man to serve his term free of bail while his poorer fellow is actually under detention," concluded Mr. Bowser.

OUTRAGE BY TURKISH FLEET

Greek Transport Bombarded by Turkish Squadron and the Passengers Drowned—Monastery Also Bombarded and Destroyed.

Athens, July 4.— The Athens papers today print news from the island of Chios in the Aegean Sea to the effect that a Turkish squadron had bombarded and captured a Grecian transport ship and drowned all the passengers.

Despatches also state that the Turkish squadron bombarded the island of Gotin and destroyed a monastery there. The Greek government is making a thorough investigation into the reports and if they are found correct, strong measures will be taken against the Turkish government.

BANK CLERK COMMITTED.

Montreal, July 4.—Vassal Delmego, former clerk of the Merchants Bank, who is accused of stealing funds amounting to about $100,000 was committed by Judge Leet yesterday, to stand trial on two of five counts, stealing sums of $761 and $344. He will come up for voluntary statement of these two counts on July 9.

INSPECTED LOCAL SCHOOL GARDENS

Mr. J.E.T. Powers and Mr. C. Bate, judges of the School Garden Competition, made their first inspection for points yesterday. Both gentlemen were more than surprised at the results the scholars have obtained. Principal Archer visited the Vancouver school gardens and says that the local scholars have far outstripped the Vancouver pupils despite the fact that they had to work under more adverse conditions and with larger plots to look after.

The final inspection will be made towards the end of August so it rests with those in the competition to give close attention to their plots during the next few weeks.

At yesterday's inspection what some of the plots lost in bloom they will make up at the next inspection when their plots will be seen to better advantage.

Inspection is made on the following basis: bloom 40 points, design 30 points, and upkeep 30 points.

CLUB SUES NEWSPAPER

The Rosedale Lacrosse Club of Toronto, has entered action for libel against the Toronto News, alleging that the paper injured their gates in a statement regarding the close game at Montreal against the Shamrocks. The club claims it was stated that they "laid up" to let the Shamrocks make it close.

FRACAS OCCURS IN AUSTRIAN COLONY

Boise, Idaho, July 4.—A serious fracas took place in the Austrian colony here today over a dispute arising out of a discussion regarding the assassination of the Grand Duke Ferdinand and his consort. As a result of the fracas five Austrians are in the hospital slashed with knives, two of the number being fatally injured.

CHINESE DROWNED.

Canton, China, July 4.—Reports received here say that 10,000 persons have been drowned in the West River floods which this year are worse than usual, and that deaths from starvation in the affected districts have been numerous.

PLAGUE IS COSTLY

New Orleans, La., July 4.—The cost of the campaign for the eradication of Bubonic plague here will be from $20,000 to $25,000 a month and six months time will be required to stamp out the contagion, according to a statement made today by Dr. Rupert Blue, surgeon general of the United States public health and marine hospital service, before a citizens committee.

NANAIMO RELATIVES AT EMPRESS FUNERAL.

Mr. P. L. Spruston, of Fernie, B. C., whose sister Mrs. Morton and her husband and two children were victims of the Empress of Irelanh disaster, desires to thank the C. P. R. officials, who have extended him courtesies and assistance in locating the body of his sister. The bodies of Mr. Morton and children have not yet been recovered. Mr. Spruston has left descriptions and photographs of Mr. Lowther Morton and the children with Mr. Seymour, which will aid in identifying the remains should they be recovered. The body of Mrs. L. Morton was taken to Fernie, accompanied by her brother, and was conveyed from the undertaking parlors to the Methodist church where the Rev. Mr. Perley delivered a most impressive and appropriate address. After the church service the funeral cortege re-formed and, preceded by a Coal Creek Band playing the Dead March in "Saul," wended its way to the last resting place on the Hillside. The mourners included her brother R. L. Spruston, of Michel; J. Wilfred of Nanaimo; Mrs. Joyce, of Fernie; Mrs. W. V. Bell, of Nanaimo, also Mrs. R. L- Spruston and Mrs. Walter Joyce.

The coffin carried many wreaths betokening the respect in which the deceased lady and her husband were held. The pall-bearers were Messrs. Milburn, Buchanan, Graham, Williams, Birkett and McMillan.

Victoria Conservatives will hold their annual picnic at Goldstream. on Saturday, August 1. It is believed that Sir Robert L. Borden will be present.

LOCAL ORANGEMEN TO VISIT VICTORIA

The local Orange Lodges numbers 1619 and 109, are running a big excursion to Victoria on Saturday. July 11, the date of the big country Orange celebration in that city, the twelfth, the date of the regular Orange celebration, falling on Sunday this year.

The Orangemen have engaged a special train for the excursion which will leave Nanaimo at 7 o'clock in the morning, returning leaving Victoria at 8:30 p.m. The fare for the round trip has been set at $2.05. children $1.05. With these unusually low rates in existence for the day the excursion will no doubt be well patronized.

MANY KILLED BY BOMB

Appalling Loss of Life Results When Bomb Exploded in New York Tenement House Yesterday.

New York, July 4.—A bomb of terrific power exploded either on the Tremont, a six-storey flat house in Harlem today, wrecked a third of the building, killed at least 50 persons and injured many others. One of the dead was Arthur Carson, a machinist and a leader of the Industrial Workers of the World. The two other known dead are women.

The explosion was at first attributed to dynamiting in a nearby subway excavation, and the excitement attendant on the collapsed building. Estimates of the dead run as high as 50.

Inspector Egan, chief of the bureau of inspectors, said the bomb was powerful enough to have wrecked the entire neighborhood if properly placed.

Persons across the street were blown from their beds and window-glass was shattered for blocks.

Whether any of the occupants of the building were buried in the ruins it was at first impossible to determine. The building, a brick structure, was inhabited mostly by Jewish families.

All available ambulances in the city were sent to the scene. a chance passer-by on the street was decapitated.

Later it was reported that the death list was much larger than at first supposed. Eight bodies were recovered.

The Tremont was a brick structure and housed 15 families.

SEARCHING FOR PERSON WHO KILLED MRS. BAILEY

Freeport, N. Y., July 4.—Representatives of the district attorney's office and county detectives today renewed their search for the revolver with which Mrs. Louise Bailey was murdered while consulting Dr. Edwin Carman in his office here Tuesday. They began to interview every person in the Carman office directly after the murder. The inquest will be resumed Monday.

BURNED TO DEATH.

Wilson Creek, Wash., July 4.—J. T. Friend, a civil war veteran was burned to death yesterday in his home here, which was consumed by flames. The victim was a pioneer of this county and about 75 years old.

Postmaster Horne draws attention to the tendency on the part of many people to neglect putting enough postage on mail matter. The postal authorities are commencing to authorize a strict censorship on mail so posted and as a result many people have had their mail delayed and in the end have had to pay twice what the original postage would have been had they taken the trouble to have had it weighed at home or at the post office. Should the practise continue the postmaster threatens to close all outgoing mails a half an hour earlier in order that his staff may carefully check all letters and packages.

DILLON WINNER.

Kansas City, Mo., July 4.—Jack Dillon, of Indianapolis, was awarded the decision over Ed. (Sailor) Petroskey, of California, at the end of a ten-round bout here.

LOCAL COMPANY IS REORGANISED

Keystone Wine Company Has Completely Reorganised Hughie McMillan New Manager in Charge.

The Keystone Wine Company on Wallace street has been recently completely reorganized and while continuing to do business under the same name as formerly it will be under entirely different conditions.

The company is composed of local capital throughout. Several well-known business men recently took a large interest in the concern so that the company is now on a sound financial footing.

Mr. Hughie McMillan, well and popularly known throughout the city and district, has been appointed manager. A large quantity of new stock has been ordered and shipments are arriving daily and the company now claim to be in a position to supply the largest orders without loss of time.

Mr. McMillan says that prompt service will be the slogan of the company and that all the best known and most popular brands of wines, liquors, etc., will be carried in stock. While the company will be pleased to accept family business, and are well situated to handle it, they are catering specially to the interests of the trade.

At the competition for the world's typewriting championship, held at Toronto, Miss Owen, of New York, the holder of the title, maintained her supremacy writing 125 words a minute for half an hour. Miss Rose Fritz of New York, was second with 122.3 words, and Miss Bessie Friedman, also of New York, was third with 122 words.

The Provincial Police have received information to the effect that Thomas Morse, who has been reported as missing for three weeks, was seen Friday in the vicinity of the Millstream and is believed to be living the life of a recluse. Provincial police searched along the banks of the Millstream, but failed to find any trace of Morse.

The Steamer Thor finished her cargo yesterday, and sailed for San Francisco. Other boats which have been coaled at the wharves of the Western Fuel Company the latter part of the week are the Santa Anna cargo; Commodore, cargo, and Sadie scow. At the wharves of the Vancouver-Nanaimo Coal Company there were coaled the British Columbia, cargo; Muriel, bunkers; Constance, bunkers; and Etta White, two scows.

The "golden spike" will be driven on the Grand Trunk Pacific Railway on August 15, states Mr. Collingwood Schrieber, general consulting engineer of the Dominion Government Sir Robert Borden, who is coming to the coast next month, may officiate at the ceremony. Mr. Schrieber will leave for the east tonight.

Weston Lee, the twelve year-old son of Edward Lee, of Ucuiet, met death by drowning in the Ucuiet harbor Tuesday evening about 7 o'clock. The lad, with his cousin Miss A. Lyche, had been out in a launch and was trying to make a landing in the face of a strong wind when he was upset. A wave swept him beyond reaching distance of the launch and he disappeared from view before there was time to rescue him.

The S. S. Princess Royal relieved the Patricia yesterday on the Vancouver-Nanaimo run. There was a large number of passengers on last evening's trip, among the number being Mrs. Peters, Mr. and Mrs. Angus McRae, Mr. and Mrs. J. M. Shields, Samuel Mottishaw, Frank Wing Wah J. Abbott, S. Alexander, Miss Stephenson, Robt. Smith, Mrs. Snowden and Mrs. James Yates.

Mrs. James Yates, of Vancouver, is visiting relatives in Nanaimo.

Dr. Grant, of Victoria, a survivor of the Empress of Ireland disaster, visited relatives in Nanaimo yesterday.

Mr. "Jack" Munroe, formerly of the Canadian Bank of Commerce staff in Nanaimo, now connected with the Portland branch of the Bank is renewing old acquaintances in the city.

POLITICAL INDEPENDENCE.

Reference is often made to the weaknesses and disadvantages of the party system in politics. The one inevitable tendency of the system is to reduce politics to a game, in which each side is more concerned with its own success than with the interests of the country or of good government. One party gets into office, perhaps because of its espousal of some great political principle or big measure of practical reform. The defeated party becomes the Opposition, and very soon it becomes a case of this party opposing everything the Government proposes. The merits of the proposals are only a secondary consideration. It is sufficient that they are put forward by the party in office to secure the bitterest opposition from the party out of office. It is all to a very large extent unavoidable, and at the same time all very absurd in its extremity. Good trade and bad trade, and even good weather and bad weather are seized hold of and turned to party advantage. Certain newspapers, for example, are convinced that the world-wide trade depression and financial stringency of the last two years is entirely due to the fact that Sir Wilfrid Laurier was turned out of office. This may be dismissed with a smile, but it is rather regrettable that the party spirit and the party point of view should be carried to such extreme lengths. It does not make for good government and discredits politics. We get too much of the game, and too little honest and genuine endeavor. The politician is looking for votes. If he is among the "Outs" he will promise anything to get in, and if he is among the "Ins" he will promise anything to keep himself from being numbered with the "Outs." He is ready to seek his own advantage rather than promote the interests of the constituency he represents. And so the game goes on from the seat of government to individual constituencies.

Of course the system has its compensations and its advantages. We are merely pointing out a few of its weaknesses and it may be abuses. And every once in a while there are exceptions. Some man rises superior to the necessity of compromise and conciliation and the fear of consequences and fearlessly hammers out the truth. A fine example occurred the other day in the United States House of Representatives during the debate on the Clayton anti-trust bill. Labor organizations are exempted from the operation of the measure, and boycotting and picketing are also legalized. It was on this amendment that a Pennsylvania representative, J. Hampton Moore, by name, made a fine, lofty and yet vigorous protest. The Progressive leader had taunted him with not being present when the vote on the labor exemption amendment was taken, the inference being that he had deemed it politic and expedient to stay away. His reply was straight to the point. "If a vote of Aye yesterday," he said, "would have meant exemption of a special class of people from the operation of any law then I would have voted No."

Then fixing his eyes on the gallery where sat Secretary Morrison and representatives of the labor federation's executive committee, Mr. Moore, pointing first at Mr. Murdock and then at Mr. Morrison, said:

"I have not waited for a nod from the gallery to tell me how to vote. I should feel myself despicable indeed if I stood here as a representative of the people and voted to exempt Samuel Gompers or Frank Morrison or any of the others up there in the gallery from the operation of the criminal laws of the country and made a special class of them, or any hundred of them, I would not exempt John D. Rockefeller from the operation of the criminal laws, nor would I exempt Andrew Carnegie; but before and within the law I would hold each man responsible for his own acts, the man who employed and the man who was employed alike. I would not make fish of one and fowl of the other.

"And if it be a crime, in the presence of labor representatives who have been in the galleries dictating legislation for the last ten days to make this declaration in favor of the rights of the working men of this country regardless of union or non-union, then I stand convicted before them. But before the people and before my conscience I am grateful for the opportunity to say that I would not vote for special legislation exempting crime, nor for the amendment offered by the gentleman from Kansas, who is playing politics and who has been playing to the galleries from one end of this debate to the other."

Mr. Moore, it will be seen, was not playing the game. It was not necessary for him to come out in such a flatfooted manner. It was poor diplomacy, and a blunt denial of every form of expediency. It was just a fearless expression of manly independence and a few more examples of this kind would do much to clean and sweeten politics. In the end it is men who count. The representative who submits to the dictation of organized labor is no better and no worse than the representative who obeys the nod of organized capital. The labor organizations which hold a big stick over a representative's head are no better and no worse than the capitalist trusts which force a representative's vote. Intimidation is no more defensible when it comes from labor than when it comes from capital. It takes a man to stand up to it and it is the representative who is man enough to stand up against it who is going to stick. It will be a sorry day for any country when combinations of either labor or capital stifle political independence, and secure legislation through and with the big club of money or intimidation.

CITY CHURCHES

ST. PAUL'S CHURCH.
Rev. W. E. Cockshott, M. A., Rector.

Sunday Services
Holy Communion—Every Sunday 8 a. m.
First Sunday in month 11 a. m.

The Perfection of the Phonograph as a real musical instrument

I should like all music lovers to hear the instrument, in perfecting which I have spent the last three years
Thomas A Edison

All the words in the dictionary couldn't convey to you the really wonderful effect of Mr. Edison's latest invention. All the statements anybody could make regarding it wouldn't go more than half way in making you value it fully.
You must hear it. Whatever your musical tastes, this new instrument will satisfy them. It is for all music lovers at all times. The

Edison Diamond Disc Phonograph

itself tells the most convincing story in the world of music. We shall be mighty glad to play the selections you like best if you will call on us to-day or at your convenience. Don't miss it. Satisfy yourself.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

NEWS OF SPORT

MARTIN TO PITCH FOR LOCALS TODAY

The Kelly Douglas "Nabobs" of Vancouver, will visit Nanaimo today and play an exhibition game of baseball with Manager Benedict's Federals, the game being played on the Caledonian grounds commencing at 2:30 sharp.

With the exception of one or two games the locals have played good ball this season, the feature of the year being Harry Martin's no-hit game against a Vancouver aggregation. Martin will be on the slab today for Nanaimo and if the team supports him with any kind of class he should win the fixture even though the visitors are at the top of their Vancouver League.

In today's game Nanaimo will field the following team:

Piper, 3b.; Little ss.; Killeen, 2b.; Boyce, c.; Beattie, c.f.; Shepherd, r.f. Martin, 1b.; Weeks, l.f.; H. Martin, p. Reserves, Drake and Thompson.

LOCAL CRICKETERS BEAT THE GARRISON

The local cricket club once more defeated a Garrison eleven on the Caledonian Grounds yesterday afternoon by a score of 157 to 129. The game was always interesting, the fortune of play favoring one side and then the other. Paul and Jepson made a good start for the home side there being 61 runs on the board when Jepson fell to a good catch by Kent off Goult. Shepherd failed, and then Leighton and Paul again collared the bowling, the telegraph board showing 90 runs when Paul was caught off Trendall. Leighton after making 29 in good style was caught in the long field off Williams, and with the exception of Curry and Hindmarch the other bats did not do much.

Paton and Williams started well for the Garrison, the latter being taken in the long field off Jepson with the score at 18. Hobday and Paton continued to bat in good style and the score had been taken to 43 when the former was clean bowled by Leighton. Paton was bowled by Hindmarch and then Lt. Jessop and L. C. Hobday hit out very freely before the latter was beaten by the same bowler. The score was then 80 for 4 and it was anybody's game. Some fine trundling by Shepherd pulled the game around, although Pte. Goult continued to score very rapidly. He was splendidly taken in the slips by Shepherd and an interesting game ended in favor of the locals by 28 runs.

For the Garrison, Williams took 4 wickets for 48 runs and Simpson 4 for 41. For the home side Shepherd got 3 for 21 and Hindmarch 3 for 33.

The full scores are as follows:

TORTURE RELIEVED RHEUMATISM CURED.

Superintendent Of Sunday School In Toronto Says "I Am Pleased To Tell You That I Am Cured", After Taking "Fruit-a-tives".

R. A. WAUGH, ESQ.

55 Dovercourt Road, TORONTO, Oct. 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy "Fruit-a-tives". You may publish this letter, whole or in part, if you wish to do so. I have lived in this city for more than 12 years and am well known.

I suffered from Rheumatism, especially in my hands. I have spent a lot of money without any good results, until I used "Fruit-a-tives". I have taken "Fruit-a-tives" for 18 months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 18 months. I am very grateful for what "Fruit-a-tives" has done for me".

R. A. WAUGH.

Rheumatism of any kind—whether in hands, arms, feet, legs, joints or back—is caused by uric acid in the blood. Uric acid is formed when there is any stomach trouble, coupled with any disturbance of the kidneys, bowels or skin, which prevent these organs from properly ridding the system of waste matter. This waste, or urea, acted upon by an acid condition of the stomach, forms uric in the blood. The only way that Rheumatism, Sciatica and Lumbago can be cured, is to cure the kidneys, regulate the bowels and improve the digestion and skin action. "Fruit-a-tives" cures Rheumatism because this wonderful fruit medicine gives new strength and vitality to the stomach, liver, bowels, kidneys and skin—purifies the blood and prevents the formation of an excess of uric acid. Rheumatism is as tubborn disease, but "Fruit-a-tives" will always cure it when faithfully used according to directions.

50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

VANCOUVER RETAINS THE MANN CUP

The V. A. C. lacrosse team successfully defended the Mann trophy against the Brampton challengers yesterday afternoon defeating the Easterners by six goals to two, giving them the victory on the two games of ten goals to seven. It was a good game throughout and the superiority of Western methods over Eastern was demonstrated. The Easterners tried hard to draw the V. A. C. defence, but without success. While Brampton held the ball the greater part of the time they could not score. V. A. C. home on the other hand bored in and took a chance on losing the ball.

The referee was lenient and in the opinion of Eastern sympathizers, allowed the V. A. C. to rough it too much.

HARVARD WON BIG RACE AT HENLEY

Henley-on-Thames, Eng., July 4.—The fourth and last day of the royal regatta attracted a large attendance. In the final heat of the Grand Challenge Cup, the two United States eights, the Union Boat Club of Boston, and the Harvard university second crew, met for the possession of the valuable trophy.

Leander saved the Stewards' Challenge Cup for England by defeating Mayence Rowing Club. The German oarsmen cracked and stopped, leaving Leander to finish alone in 7 minutes, 52 seconds.

Harvard second eight captured the Grand Challenge Cup by beating the Union Boat Club of Boston, in the final heat.

Guiseppe Sinigaglia, of the Lario Rowing Club, Como, Italy, to-day carried off the Diamond Sculls by beating C. M. Stuart of Trinity Hall, Cambridge, in the final heat.

WALTER HOLKE FIRST WITH HUNDRED HITS

Walter Holke, first baseman of the Spokane Club, is the first Northwestern League player to make an even hundred hits this season. He and Emil Frisk, the league's champion hitter, had a hot ract to the mark, and last Wednesday they were tied with 96 hits apiece. Since then Frisk has made but two bingles, while Holke has cracked out five, the latter's total yesterday reaching 101. Dode Brinker is third in the list with 92 hits. Holke is crowding Frisk for the honor of champion batsman, the latest figures compiled up to today showing Frisk leading with .336, and Holke next with .332.

NEWS OF SPORT

MARTIN TO PITCH FOR LOCALS TODAY

The Kelly Douglas "Nabobs" of Vancouver, will visit Nanaimo today and play an exhibition game of baseball with Manager Benedict's Federals, the game being played on the Caledonian grounds commencing at 2:30 sharp.

With the exception of one or two games the locals have played good ball this season, the feature of the year being Harry Martin's no-hit game against a Vancouver aggregation. Martin will be on the slab today for Nanaimo and if the team supports him with any kind of class he should win the fixture even though the visitors are at the top of their Vancouver League.

In today's game Nanaimo will field the following team:

Piper, 3b.; Little ss.; Killeen, 2b.; Boyce, c.; Beattie, c.f.; Shepherd, r.f. Martin, 1b.; Weeks, l.f.; H. Martin, p. Reserves, Drake and Thompson.

LOCAL CRICKETERS BEAT THE GARRISON

The local cricket club once more defeated a Garrison eleven on the Caledonian Grounds yesterday afternoon by a score of 157 to 129. The game was always interesting, the fortune of play favoring one side and then the other. Paul and Jepson made a good start for the home side there being 61 runs on the board when Jepson fell to a good catch by Kent off Goult. Shepherd failed, and then Leighton and Paul again collared the bowling, the telegraph board showing 90 runs when Paul was caught off Trendall. Leighton after making 29 in good style was caught in the long field off Williams, and with the exception of Curry and Hindmarch the other bats did not do much.

Paton and Williams started well for the Garrison, the latter being taken in the long field off Jepson with the score at 18. Hobday and Paton continued to bat in good style and the score had been taken to 43 when the former was clean bowled by Leighton. Paton was bowled by Hindmarch and then Lt. Jessop and L. C. Hobday hit out very freely before the latter was beaten by the same bowler. The score was then 80 for 4 and it was anybody's game. Some fine trundling by Shepherd pulled the game around, although Pte. Goult continued to score very rapidly. He was splendidly taken in the slips by Shepherd and an interesting game ended in favor of the locals by 28 runs.

For the Garrison, Williams took 4 wickets for 48 runs and Simpson 4 for 41. For the home side Shepherd got 3 for 21 and Hindmarch 3 for 33.

The full scores are as follows:

TORTURE RELIEVED RHEUMATISM CURED.

Superintendent Of Sunday School In Toronto Says "I Am Pleased To Tell You That I Am Cured", After Taking "Fruit-a-tives".

R. A. WAUGH, ESQ.

55 Dovercourt Road, TORONTO, Oct. 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy "Fruit-a-tives". You may publish this letter, whole or in part, if you wish to do so. I have lived in this city for more than 12 years and am well known.

I suffered from Rheumatism, especially in my hands. I have spent a lot of money without any good results, until I used "Fruit-a-tives". I have taken "Fruit-a-tives" for 18 months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 18 months. I am very grateful for what "Fruit-a-tives" has done for me".

R. A. WAUGH.

Rheumatism of any kind—whether in hands, arms, feet, legs, joints or back—is caused by uric acid in the blood. Uric acid is formed when there is any stomach trouble, coupled with any disturbance of the kidneys, bowels or skin, which prevent these organs from properly ridding the system of waste matter. This waste, or urea, acted upon by an acid condition of the stomach, forms uric in the blood. The only way that Rheumatism, Sciatica and Lumbago can be cured, is to cure the kidneys, regulate the bowels and improve the digestion and skin action. "Fruit-a-tives" cures Rheumatism because this wonderful fruit medicine gives new strength and vitality to the stomach, liver, bowels, kidneys and skin—purifies the blood and prevents the formation of an excess of uric acid. Rheumatism is as tubborn disease, but "Fruit-a-tives" will always cure it when faithfully used according to directions.

50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

VANCOUVER RETAINS THE MANN CUP

The V. A. C. lacrosse team successfully defended the Mann trophy against the Brampton challengers yesterday afternoon defeating the Easterners by six goals to two, giving them the victory on the two games of ten goals to seven. It was a good game throughout and the superiority of Western methods over Eastern was demonstrated. The Easterners tried hard to draw the V. A. C. defence, but without success. While Brampton held the ball the greater part of the time they could not score. V. A. C. home on the other hand bored in and took a chance on losing the ball. The referee was lenient and in the opinion of Eastern sympathizers, allowed the V. A. C. to rough it too much.

HARVARD WON BIG RACE AT HENLEY

Henley-on-Thames, Eng., July 4.—The fourth and last day of the royal regatta attracted a large attendance. In the final heat of the Grand Challenge Cup, the two United States eights, the Union Boat Club of Boston, and the Harvard university second crew, met for the possession of the valuable trophy.

Leander saved the Stewards' Challenge Cup for England by defeating Mayence Rowing Club. The German oarsmen cracked and stopped, leaving Leander to finish alone in 7 minutes, 52 seconds.

Harvard second eight captured the Grand Challenge Cup by beating the Union Boat Club of Boston, in the final heat.

Guiseppe Sinigaglia, of the Lario Rowing Club, Como, Italy, to-day carried off the Diamond Sculls by beating C. M. Stuart of Trinity Hall, Cambridge, in the final heat.

WALTER HOLKE FIRST WITH HUNDRED HITS

Walter Holke, first baseman of the Spokane Club, is the first Northwestern League player to make an even hundred hits this season. He and Emil Frisk, the league's champion hitter, had a hot ract to the mark, and last Wednesday they were tied with 96 hits apiece. Since then Frisk has made but two bingles, while Holke has cracked out five, the latter's total yesterday reaching 101. Dode Brinker is third in the list with 92 hits. Holke is crowding Frisk for the honor of champion batsman, the latest figures compiled up to today showing Frisk leading with .336, and Holke next with .332.

NOTICE

VOLUME XIV | NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, TUESDAY MORNING, JULY 7, 1914 | NUMBER 103

NO CONCESSIONS SAYS COUNCIL

City Council of Nanaimo Refuses Requests of District Motor Bus Company of Victoria Re Bus Service Here.

The City Council met in regular session last evening, present Ald. McKenzie, McKinnell, Ferguson, Young, Killeen, Forrester, Busby and Cavalsky; His Worship, Mayor Planta, presiding.

In reference to a proposed new bridge over the Millstream river, City Engineer Owen wrote the Council as follows:

Gentlemen,—In accordance with the instruction of your honorable body, delivered to me on May 26th last, I have had surveys made and have prepared plans for a reinforced concrete bridge to take the place of the present wood trestle over the Mill Stone River.

The length of the new bridge will be 144 feet, the total length of the bridge between extremes of the wing walls will be 235 feet. The centre span will be an elliptical arch 50 feet in width and 16 feet rise from the springing point, with two smaller spans on either side of 10 feet. The smaller spans help considerably in releasing the tidal water which amounts to 870,000 cu. feet at high tide, and are also needed in connection with the architectural appearance.

The deck of the bridge is figured for the standard street pavement and has a four-foot sidewalk on either side, the sidewalks being corbelled out for a distance of 30 in. from the main wall of the bridge. Sufficient conduits have been allowed to look after all piping, a 33 in. coping has been allowed with raised brackets placed over the small arches for three light electroliers.

The deck elevation of the new bridge will be five feet higher at the south end and two feet higher at the north end, thus decreasing the grade from Comox road to the bridge and also from the end of Stewart avenue to the bridge.

The estimated cost of this work is Twenty-Two Thousand ($22,000) Dollars.

I beg to remain,

Your obedient servant,

W. A. OWEN,

City Engineer.

Ald. Forrester moved the report be referred to the Street Committee for investigation and report. Ald. Killeen seconded the motion which was adopted.

The appended communication was received from Mr. Andrew Tait:

Dear Sirs,—In the matter of the regrade of Nicol street I wish to call your attention to the northern half of Lot 4, Block "AA" situated on the west side of Nicol street, the present entrance from Nicol street, to the premises is now two feet above street lepel and is inconvenient and detrimental to business, and as the former grade was given by Mr. Allan Waters, the then official city engineer on July 25, 1911 as permanent the receipt for the same being in my possession. I therefore request that the City Council, at the expense of the city take steps to remedy the grievance as early as possible.

Lot dimensions are: frontal 25 feet 4 inches, rear 25 feet, north side 62 feet, south 65 feet 8 inches.

I am, yours respectfully,

ANDREW TAIT.

Nanaimo, B. C.

On motion of Ald. Forrester, the communication was referred to the Street Committee for investigation and report.

The City Engineer reported an expenditure in wages of $272.90 on Streets account, and $755.00 on Waterworks account during the past week. The Engineer also reported the total expenditure on Nicol street regrade to July 6th was $2683.80.

Fire Chief Parkin reported three fires during the month of June.

City Clerk Gough in the capacity of Returning Officer, reported he had taken a vote of the ratepayers on the proposal to borrow the sum of $30,000 for sewerage purposes and the proposal had been endorsed by the ratepayers.

On motion of Ald. McKinnell, the $30,000 Sewerage Loan was finally adopted and the City Clerk instructed to sign the same and affix the Corporate Seal thereto.

Ald. McKenzie reported the Street

(Continued on Page 2)

CHAMBERLAIN IS LAID TO REST

Birmingham, Eng., July 6.—The body of Joseph Chamberlain was buried today in Hookley cemetery in the constituency he long represented in the House of Commons.

The memorial service was attended by the Lord Mayor of Birmingham, the members of the city council and other civic dignitaries.

Apart from the civic element, the mourners of both the church and the cemetery consisted solely of members of the Chamberlain family, as the late statesman had expressed the desire that his funeral should be free from everything of a public nature.

Nothing, however, could prevent a great crowd of the citizens of Birmingham, among whom Joseph Chamberlain was a popular hero, from lining the route along which the funeral passed from the dead statesman's residence at Highbury to the church and from there to the cemetery. As the procession went by the men reverently uncovered.

London, July 6.—Simultaneously with the burial in Birmingham, memorial service for the late Joseph Chamberlain was held in St. Margaret's church, Westminster. Premier Asquith, the members of his cabinet, many of the late Mr. Chamberlain's colleagues in the House of Commons, and members of the House of Lords and of the foreign diplomatic corps attended. Hon. G. H. Perley represented the Canadian Government.

NOTED LAWYER DEAD

Hamilton, Ont., July 6.—J. Wallace Nesbitt died early this morning after a long illness. He was a brother of Wallace Nesbitt, K. C., of Toronto, and E. W. Nesbitt, M. P., for Woodstock. He was one of the most distinguished barristers in Canada and in his early days a noted criminal lawyer.

MEXICO REELECTED HUERTA PRESIDENT

Mexico City, July 6.—The elections for President, Vice-President, Deputies and Senators were held yesterday in that portion of the republic controlled by the Huerta Government. Indifference was manifested everywhere. President Huerta, it is reported, received a virtually unanimous vote of confidence. The returns indicate the re-election of all the present members of the Chamber of Deputies and the Senate.

Vera Cruz, July 6.—The fuse leading to a powder mine under Huerta is lit. Yesterday a contingent of foreigners from Mexico City reported the flight of Querido Moheno, the resigned minister of commerce in Huerta's cabinet. He is probably accompanied by Jorge Huerta, son of the dictator, and Gen. Joaquin Maas, a nephew of Huerta by marriage. The informant says a special train, consisting of a Pullman and two troop cars, left on Saturday. It is believed the party went to Puerto Mexico.

The special stuck close behind the regular train, apparently fearing an attempt to dynamite it. The special halted at Cordova at the intersection with the Isthmus road, leading to Puerto Mexico. The blinds were down and it was impossible to see the occupants of the special.

Thomas Moore whose sentence of 30 days for assault was upheld recently by a Court of Appeal will complete his sentence today and will be released from custody. With Moore's release Hotel de Munro will have but ten enforced guests.

Mr. and Mrs. Fred Jarrett leave today on a visit to friends in Cumberland.

The date of the visit of the Duke and Duchess of Connaught to Vancouver was officially announced to Mayor Baxter yesterday morning in a letter from the Governor-General's private secretary. They will reach the Pacific Coast early in the morning of August 17, and will stay until 11 o'clock on August 20, when they are to leave for Victoria. The Duke and Duchess will be accompanied by the Princess Patricia.

Mayor Planta returned yesterday from a business trip to Victoria.

Mrs. R. Hilbert of this city is visiting in Victoria.

The Murdered Archduke Francis Ferdinand of Austria. He is a nephew of Emperor Francis Joseph.

DAVID SCOTT PASSED AWAY

Resident of Nanaimo for Forty Years Died Sunday at His Home on Haliburton Street —Funeral Today.

The death occurred Sunday morning at his residence on Haliburton street of David Scott, aged 63 years.

The deceased was a native of Cape Breton and came to Nanaimo forty years ago being employed for nearly all that time in the local mines. He leaves to mourn his loss a wife and one daughter.

The late Mr. Scott was one of the best known men in the city. He was in every sense of the word a good citizen. Upright to a degree, a man with the courage of his convictions, clean living and conscientious, he was the stamp of a man that was a credit to the city and to himself. He was a staunch supporter of the Presbyterian church and took a keen interest in church work. He had many friends in the city who will regret to learn of his death, the result of a cold which developed into pneumonia, death coming after a long struggle with the disease.

The funeral will take place this afternoon from the family residence at 2 o'clock, the Rev. Dr. McLennan officiating. The funeral arrangements are in the hands of H. McAdie.

BAPTIST CONVENTION WANTS INVESTIGATION

Vancouver, July 6.—The Baptist convention early this afternoon passed a resolution endorsing the policy of the management of the Okanagan Baptist College and the Baptist churches of the province will be asked to clear off the indebtedness which amounts to approximately $50,000, and to raise $150,000 for endowment purposes. The convention held a special session on Saturday night to discuss this matter and the report which was presented this afternoon is the result of the special session.

The committee on resolutions brought in its report at this morning's session. One of the principal items on the report was one which will be sent to Hon. T. W. Crothers, minister of labor, asking him to appoint a royal commission to investigate the strike and labor conditions on Vancouver Island.

Mr. Ralph Johnson, a well known resident of Nanaimo for a number of years intends opening a confectionery and fruit store in the new building being erected by Mr. J. B. Nicholson on the Crescent. Mr. Johnson was over to Vancouver yesterday purchasing stock, etc.

SECOND READING AMENDING BILL

House of Lords Gave Second Reading to An Important Measure by a Big Majority —Committee Stage Wednesday.

London, July 6.—The debate in the House of Lords on the second reading of the Home Rule Amending Bill concluded tonight, the bill passing the second reading by 273 to 10, and the committee stage will begin on Wednesday. Amendments will be inserted to exclude all Ulster from the operation of the main bill for an unlimited time. Other amendments may come from Irish Unionist peers such as Lord Londonderry and Irish Liberal peers, such as Lord Dunraven and Lord Macdonnell. The ameaded bill may be sent to the House of Commons next week. Conciliation is now the government's policy and the question now foremost in the thoughts of the country is, how far Premier Asquith will have Mr. Redmond's support in making efforts to placate Ulster.

ALAMEDA POLITICIAN DEAD

San Francisco, July 6.—James T. Brennan, a well-known politician of Alameda county, was killed to-day when his automobile crashed into a tree.

GOVERNMEET POSITIONS FOR UNIVERSITY MEN.

Ottawa, July 6.—For some time Sir George Foster has had under consideration the question of raising the status of Canada's trade commissionerships in other countries. He proposes to appoint to these positions as vice-consuls the best available university men, but before going to their respective posts they will undergo a special training in the department of trade and commerce at Ottawa, and will be given opportunity to study the needs and necessities as well as the industrial conditions of Canada from coast to coast.

DROWNED IN LYNN CANAL

Thirteen Were Drowned When Launch Capsized on Way From Skagway to Juneau to Attend Fourth of July Celebration.

Skagway, Alaska, July 6.—Thirteen persons were drowned Saturday in Lynn Canal by the capsizing of the gasoline launch Superb, which, while bound from Skagway to Juneau, with twenty persons aboard, was struck by a heavy southerly gale.

The dead are: Henry Bernholfer, of Skagway; Oscar Carlson, of Seattle; Robert Saunders, of Seattle; J. H. Bell, of White Horse, Y.T.; S. Radowich, of White Horse; Otis Oakes, Joseph Logan, T. Lynch, M. Price, T. Donovan, J. Logan, M. Montuerien and a Negro woman, known as Hyrtle, from Haines.

The saved are: Jud Matthews, Kossuth Cassidy, George Boone, Tom Running, H. Orchard, Stanley Dillon and Peterson.

The Superb set out from Skagway on Friday night, carrying passengers to attend the Fourth of July celebration at Juneau. Fifteen miles south of Haines the storm struck the launch. The little craft was turned about and ran for Skagway.

About 4 o'clock Saturday morning when the Superb was three miles from Skagway, a huge sea hit the stern at an angle and threw the launch into the trough of the waves. The passengers were thrown to one side of the boat, which heeled almost to a tipping point.

A second large wave struck the Superb broadside on and turned her over. Nearly all the passengers were thrown into the icy water. Six clung to the bottom of the overturned craft. The other survivor, Tom. Running, swam 400 yards to shore and clambered over the rocks to Skagway with news of the disaster. Boats that put out from Skagway rescued the six persons clinging to the launch and also recovered the body of Logan.

THE PRINCESS OF HOHENBERG.

The second victim of the assassin at Sarajevo, Bosnia. She was the morganatic wife of the Archduke Francis Ferdinand and the position she would have occupied had her husband ever become Emperor was long a matter of doubt.

HINDUS OBEYED REID'S DEMANDS

Two Minutes Given Gurdit Singh in Which to Lower Gang Plank and Take Escaped Hindus Back Aboard Komagata Maru.

Vancouver, July 6.—Under dramatic circumstances the five Hindus who escaped from the Komagata Maru on Saturday were taken back to the ship today. Upon arrival alongside the steamer Immigration Officer Reid called for Gundit Singh and demanded he lower the gangway so that the five Hindus might be taken back aboard the ship. Singh was given two minutes in which to comply with the demand and it would have been interesting had he not complied. The plank was lowered however, the five Hindus placed back aboard the steamer and officer Reid returned to the shore.

There were three interesting developments today in connection with the Hindu problem viz, the placing of the five escaped Hindus back aboard the Komagata Maru; the offer of Mayor Baxter to Immigration Officer Reid of the use of the city police force and the decision of the court of appeal at Victoria dismissing the Hindu appeal and upholding the validity of the steps the immigration officials took in preventing the landing of the Komagata Maru.

The test case which the Court of Appeal gave a decision on this morning was that of Munshi Singh. The court had upheld the validity of the order-in-council followed by the immigration authorities in attempting the deportation of Munshi Singh on the following grounds: (1), That the Hindu is a native of India, an immigrant of Asiatic race, and does not possess, in his own right, $200.; (2), That he is an immigrant who has come to Canada otherwise than by continuous journey from his native country; (3), That he is an unskilled laborer.

The court further ruled that except in the case of persons who are Canadian citizens or have a Canadian domicile, there is no power in any court to review or quash any order made by a board of enquiry, as set out in section 23 of the Immigration Act.

All of these points the five members of the court—Chief Justice MacDonald, Hon Justices Irvine, Martin, Galligher and McPhillips—were unanimous.

WAS BURNED TO DEATH

Port Arthur, July 6.—With her flesh partically cooked after her clothing was ignited, when she attempted to light a fire using coal oil in the kitchen stove, Miss Jean Blackwood of Schrieber, died as she was being rushed to a Port Arthur hospital on the C.P.R. train.

NANAIMO MANUFACTURER IS IN AUSTRALIA

Sydney, N. S. W., July 6.—Hugh Watson, trolling bait manufacturer, of Nanaimo, B. C., who is here on business was interviewed today as to the prospects of opening up a trade in fish between Canada and Australia. Mr. Watson expressed himself favorable to the proposal and recommended that North American fish be brought to Australia.

PROMOTION FOR HINTON

Toronto, Ont., July 6.—It is expected in railway circles here that W. F. Hinton, of Winnipeg, assistant passenger traffic manager of the G. T.P., will shortly be appointed passenger traffic manager of the entire G.T.P. system.

LIPTON'S CAN NO LONGER SUPPLY BRITISH ARMY

London, July 6.—Baron Lucas, a representative of the government, formally announced in the House of Lords today that Liptons Ltd., had been removed from the list of contractors for the Brirish army. This step was taken as a consequence of the recent scandal in connection with the army canteen contracts, for which several army officers and civilian employees of Liptons Ltd., were convicted on charges of receiving and giving bribes.

The congregation of the Wallace Street Methodist Church will give a reception this evening on the lawn in front of the Parsonage to the Rev Frank W. Hardy and Mrs. Hardy, commencing at 7:30. All members and adherents of the church are cordially invited to attend.

Attend the Orangemen's excursion to Victoria Saturday. Special train leaves Nanaimo 7 a.m., returning leaves Victoria at 8:30 p.m. Tickets adults $2.05 and Children $1.05 can be had at the station after 6 o'clock Saturday morning. td

MAJORITY OF ELEVEN.

Forest, Ont., July 6.— Returning Officer Carr, in his official count on Saturday, gave R. J. McCormick, Liberal, a majority of eleven over Dr. J. R. Martyn in the East Lambton contest in connection with the recent provincial elections. Martyn was declared elected at the time by a majority of nine. A recount is being demanded by the Conservatives, and it will probably be held by the county judge this week.

KILLED IN EXPLOSION

Colon, July 6.—The explosion of a large quantity of dynamite today at Mindi, about five miles from Colon, shook the entire district, causing something of a panic in the towns and villages. As far as can be learned only one man was killed.

CLERGYMAN IS CANDIDATE

London, July 6.—Rev. Dugald MacFadden, F.R.H.S., son of Dr. J. A. MacFadden, former president of the Congregational Union, has been chosen as Liberal candidate in West Somerset.

IN AID OF NEW HOSPITAL FUNDS

Much interest is being taken in the Pierrot performance which is to be given on Newcastle Island on Thursday evening July 23. The proceeds of the entertainment will go towards a fund for a new hospital for Nanaimo.

Between thirty and forty people will take part, and being a novel performance under novel conditions, it is sure to attract a large crowd. The arrangements are in the hands ficient guarantee that everything will of Mr. E. F. Beech, which is a sufbe well carried out. Among the singers who have already consented to take part are Mrs. Drysdale, Mrs. Jones, Mrs. Grieves and Miss Chiswell; and Messrs Shuck, Hyslop, Beech and others. Andrew Dunsmore will conduct a twenty-piece orchestra and Mr. McGillivary of the Civil Aid Forces will be one of the pipers.

The grounds, near Echo Bay, will be illuminated for the occasion and the Nanaimo Boat House fast launch will make trips to the scene of the performance. The entrance fee including boat return trip, is 35 cents.

FATAL ACCIDENT VICTORIA ROAD

Five Year Old Son of Mr. and Mrs. Woodcock Killed by Bricks From Falling Chimney Sunday.

Mr. and Mrs. Thomas Woodcock, of 413 Victoria road, will have the sympathy of the entire community for the loss they sustained in the tragic death of their five-year-old son Henry Ivan Sunday evening, by being struck by falling bricks when the chimney of the wash house collapsed. Little Henry in the company of a number of other children were playing ball in the yard when the braces which held the six-foot chimney gave way, the falling debris striking Henry on the head and neck causing instant death.

The funeral will take place from the family residence on Wednesday afternoon at 3:30, Rev. S. J. Green officiating. Funeral arrangements are in the hands of Mr. D. J. Jenkins.

OFFIGERS INSTALLED BY DORIC LODGE

An interesting session of Doric Lodge No. 18 A.F. and A.M., was held last evening when officers were installed by R.W.D.D.G.M. Alexander Warwick, of District No. 5, assisted by Past Grand Master J. M. Rudd and Grand Stewart Capt. A. F. Yates of the grand lodge of British Columbia, A.F. and A. M., as follows:

I.P.M.—E. W. Harding
M.M.—Geo. A. Beattie.
S.W.—James Crossan.
J.W.—Richard Isherwood.
Treas.—A. C. Anderson.
Sec.—W. A. Wood.
M. of C.—J. A. McDonald.
S.D.—A. Hannay.
J.D.—W. N. Anderson.
Organist—James Bryan.
S.S.—W. H. Herdman.
J.S.—J. Lee.
I.G.—Chas. McCallum.

After the ceremonies the brethren retired to the ante room where refreshments and a social time were enjoyed.

PREMIER DENIES ELECTION STORY

Victoria, July 6.—Premier McBride gave an unqualified denial today to the story that there would be an election in British Columbia in the autumn, probably in August.

"There is absolutely no truth in the story," declared Sir Richard.

This denial is taken to indicate that the government will adhere to its original proposal to take at least one more session and quite possibly two. It is not required to go to the electors until after the session at the beginning of 1916, although in certain quarters it was suggested that there might be an election in the autumn of 1915. At all events it is realized that a provincial redistribution bill will be passed before the next British Columbia election.

CHARGES EXPLODES

The charges made by Mr. Robert Foster, the president of the local branch of the United Mine Workers of America, that some of the miners sentenced in connection with the disturbances here last August, are being illegally detained in prison, has been promptly exploded by Attorney-General Bowser. In a statement given out to the Province he clears up the whole business. There was an agreement between counsel for the crown and the defence, and the dates of the sentences were set according to the time each of the convicted men had been out on bail. Besides as he points out if an error had been committed it would have been an easy matter to have got the men out by habeas corpus proceedings, and he was right in presuming that Messrs Bird, and Darling, counsel for the men would have quickly seen to this. It comes to this that the men who were refused bail were liberated as soon as they had served the time of their sentence. Those who have not yet been set at liberty are the men who were granted bail. This says Attorney-General Bowser, is in accordance with the arrangements come to by the opposing counsel at the assizes. President Foster himself was the constant advisor of the men's lawyers, and, as we have always understood, was a party to the agreement. In other words he always knew what the Attorney-General has now announced through the Province. Even if he did not know of the arrangements he had the men's counsel to consult. In a sense his charges are a slur and reproach upon the goodwill and capacity of the lawyers. But with a big labor convention in view, at which the plight of the United Mine Workers of America is to be a sorrowful topic of discussion, it was necessary to provide some strong meat for agitation. Hence these charges of the illegal detention of some men in prison. If it were true then Foster has obviously fallen short of his duty as president of the Nanaimo local. He would rather play a game with the labor councils of the province. The Councils of New Westminster, Victoria, and Vancouver have all been duped and doped in the past, and it will not be the fault of Messrs Foster et al if they are not victimized again.

GAMES

The Colonist in an interesting article on "Sport" in its Sunday's issue, rather deplores the fact that cricket is not a more popular game in Canada. It is not to be expected that cricket will ever be the popular game with spectators that football or baseball is. It does not provide the action and tension that the former does, and does not permit of the "barracking" and badgering of the latter. In baseball, indeed, it may be said that the crowd supplies its own excitement. There is no fair comparison to be made between these two games. Cricket will always appeal chiefly to those who have played the game. The man who comes out of baseball into cricket will find it just as difficult a game to play with any satisfaction to himself, with perhaps even more angles to master in the batting department. There are just as strenuous moments, and equally as much nerve and more patience and restraint needed while at the wicket. A man stands or falls absolutely on his own merits and his own nerve and skill. And the game in itself has many features to make it popular with its devotees. The Colonist does not seem to realize that actually, from a playing standpoint, it is one of the most popular games in Victoria. There must be over 200 men and boys actually playing the game every Saturday, and these 200 have several more hundred friends all keenly interested in the results. As a game it does not receive the support it deserves. In the first place it requires a ground to itself. The undue obtrusion of a public right has spoiled one ground in Victoria, and a second team has the greatest difficulty in arranging dates for the ground it uses. In Nanaimo the few enthusiasts who play the game have been compelled in their own protection to purchase the Caledonian grounds. And it is not as the Colonist assumes an inexpensive game to play. The player has to provide himself with a full playing rig-out, and to pay a stiff subscription fee to keep the club going. Then there are travelling expenses which in the course of a season amount to no inconsiderable sum It is indeed the expense which keeps so many men out of the game out on the coast and which ought to secure for it better support than it receives.

The Bishop of London in the course of a long letter to the Times states that forcible feeding "is incompatible with Christian civilization." There are many other things done today which can be condemned on the same grounds. His Lordship is apparently unable to suggest any other course for the authorities to take. The burning of houses, destruction of property, mutilation of works of art, and the general defiance and violation of the law are all incompatible with Christian civilization. Society has ordered certain forms of punishment for these offenses. Perhaps punishment of any sort is incompatible with Christian civilization. Militant offenders simply start a hunger strike in order to escape the punishment prescribed by the law for these particular offenses. The Bishop would not have the authorities allow the hunger strikers to starve to death, and the only alternative is to give them their liberty. Any other lawbreakers would be entitled to the same consideration. The beginning of the whole trouble is that the burning of churches and the dymaniting of property is incompatible with Christian civilization. The suffragettes themselves are the Christian incompatibles.

The big salaried officials of the United Mine Workers of America are suffering the same fate as other unfortunate possessors of too much wealth. They were all given a very nice increase of salary at the last international convention. Now they find themselves the victims of misrepresentation and the objects of downright denunciation. So many resolutions of condemnation have been drafted by local unions that the big trinity have found it necessary to send out a circular to all the local unions explaining just how it all happened. From their point of view there was neither good judgment nor proper behaviour in the convention. Unfortunately this is exactly what the disgruntled locals are complaining of, and a thousand dollar increase in salary cannot be explained away with a stroke of the pen.

"All reports to the contrary," says Frank Farrington, "the United Mine Workers of America will not atttmpt to escape any responsibility, and, if circumstances justify their doing so, will continue to finance the strike on Vancouver Island indefinitely." Even Farrington has fallen to the use of "Ifs."

NO CONCESSIONS SAYS COUNCIL

(Continued from Page 1)

Committee had met a committee of the Board of Trade in reference to the proposal of the District Motor Bus Company to inaugurate a Motor Bus service in Nanaimo, provided the City gave them certain concessions, including a franchise for ten years, free water for ten years, exemption from taxation for the same period, and a site for a garage not less than 100x150 feet. The proposal did not appear to the committee to be a very great one for which to give any guarantee and the Committee had nothing to recommend to the Council. The committee of the Board of Trade pointed out that new mines were being opened outside the city and the Bus service would be the means of bringing the outside people to town, thus keeping trade in the city.

Mayor Planta thought there were some concessions the City could grant without being a burden to the ratepayers.

Ald. Busby remarked the biggest thing he could see was the request that the City put the streets in proper repairs. The question is what the company would call proper repairs.

Ald. Forrester remarked the matter had been referred to the Street Committee, and hs could not see why the Committee did not get together and make a report.

Ald. McKenzie, in reply stated the Committee had got together and had reported, but had no recommendations to make.

Ald. Forrester remarked there was only one thing the Company neglected to ask for and that was that the City purchase the motor cars for them. Their proposal was a ridiculous one and if the company had nothing better to offer he considered the Council should not waste time considering it. The company was asking too much for a paltry outlay of $35-000.

Mayor Planta remarked it all depended upon how a person looked at it. To him $35,000 looked like a fortune and personally he would not like to invest it in a Motor Bus service in Nanaimo with the idea of making any money. This company was asked to come to Nanaimo and look over the ground. They found the city scattered and ask but little in the way of concessions as the water would cost but little and the taxes would be practically nil. There were many ways in which the Council and the Board of Trade could help the Company and as the venture would probably be a losing one for some time he had suggested that the business men of the city who benefitted by a Motor Bus service should contribute to make up what loss the company experienced. He could not agree with Ald. Forrester that $35,000 was a paltry sum as the company would have to purchase at least four motor busses and would have to undertake a big risk. He would sooner see the Council go on record as opposed to granting any concessions rather than enter into negotiations with the company and have their minds made up to kill the proposal before it was even considered.

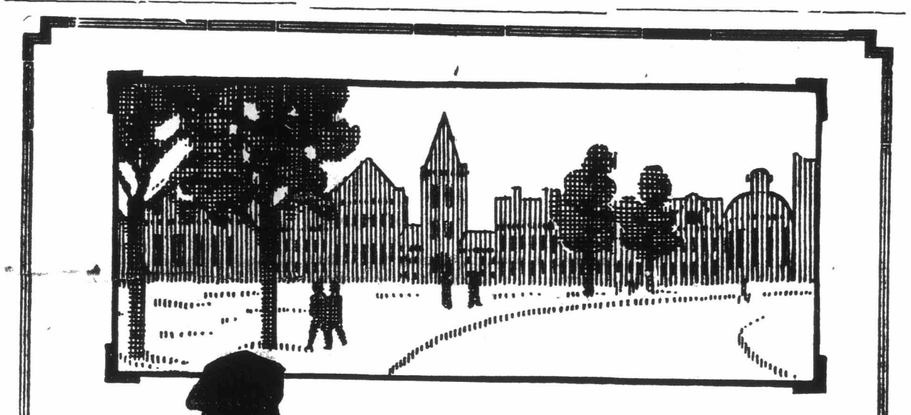
After considerable discussion on the subject Ald. McKenzie moved the Council communicate with the Board of Trade stating it was not willing to grant the concessions asked by the company, but would be willing to negotiate on any other proposition the company might submit.

The motion was adopted by the Council.

Ald. Forrester informed the Council merchants of the city had complained to him of being compelled to pay the street sprinkling rate when the streets were not properly sprinkled.

During the course of the discussion on the subject it was learned that during the month of June but $60 had been collected on the Street Sprinkling rate, whereas it had cost $139 to sprinkle the streets, also that a large number of merchants had failed to pay their quota, and in consequence the matter is to be inquired into and all delinquents will probably be called upon to pay up.

Acting upon the suggestion of Mayor Planta, the Council upon motion of Ald. Young instructed the Street Committee, City Engineer and City Assessor to prepare all preliminary work necessary to the paving of certain streets of the city.



Ald. McKinnell asked if the Sewerage Bylaw had yet been amended by the City Solicitor so that it could be made workable, and in reply City Engineer Owen stated the bylaw had just been returned by the lawyer on Monday morning and would be ready for the Council at its next meeting.

Letterheads

LETTERHEADS is one of our specialties in our Job Printing Establishment. We keep all the leading bond papers in stock, and samples of the newest and most correct things in modern business stationery. If you want a letterhead that gives "tone" to your business, see us.

Minard's Liniment Cures Diphtheria

The Poor Man's University

"JONES knows more about motor cars than any other man I know," said a man to his friend. "He has obtained his knowledge chiefly from motor car advertisements, and the catalogues and booklets circulated through them."

"All I know about photography," declared a well-known amateur, "I have learned from the men who advertise cameras, plates, papers and films."

Advertisements have been well called "The Poor Man's University," but other than poor men have been schooled thereby.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Much of what the average individual knows concerning personal and domestic hygiene, modern office methods, books and authors, electricity, precious stones, investments, and almost everything else, he has learned from advertisements.

Advertisements have stimulated our intelligence, added enormously to our knowledge, and given us aspirations which have raised us to higher levels of thinking and living. Advertising is indeed "The Poor Man's University."

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

ARCHDUKE FRANZ FERDINAND WITH HIS WIFE AND FAMILY

The ill-starred royal house of the Hapsburgs has again brought to the attention of the world the hoodoo which it seems can not be shaken, the Archduke Francis Ferdinand, nephew of Emperor Francis Joseph and heir to the Austro-Hungarian throne, and his consort, the Countess Sophie Chotek were assassinated while driving at Serjovo. The fact that Archduke Franz Ferdinand met his death in the capital of Bosnia, the annexation of which to Austria has been attributed to his initiative, and that the crime was committed by Slavs, who have bitterly resented this extension of Austrian territory at the expense of Servia, leads to the belief that the crime was an act of revenge for the success coup in 1908. The assassinated couple are herewith shown with their children.

BRITISH EMIGRATION

London, July 6.—Emigration from and immigration to the United Kingdom established a record last year. According to today's return, outward passengers totalled 1,800,000, or over 150,000 less than the previous year, while inward passengers totalled 1,600,000, nearly 200,000 more than the previous year.

SEEKING MISSING SISTERS.

The investigation department of the Canadian Pacific Railway has been asked to locate two sisters named Marston, who were supposed to be in the employ of the railway company in Vancouver. The inquiry came from the offices of the C. P. R. in London, and stated that relatives of the young ladies were anxious to learn of their whereabouts.

"It's Always Fair Weather!"

"SUMMER is here I'll Save Money by cutting out my Advertising." Thus a few merchants still delude themselves. They thereby confess

themselves beaten by the weather.

But most merchants, in these times of keen business, would scorn to make such a move. The more obstacles—whether in the form of weather conditions or other handicaps—the more earnestly they strive for our patronage.

For the merchant to cease advertising as soon as the weather is a little warm, is to take his "bark of trade" out of the channel of good business and beach it on the sands of business dullness to await "fair weather." But with the modern type of merchant it is always fair weather. His is an "all-year-round" store—a store ever ready to serve you and serve you well.

He is a believer in all-year-round advertising. He does not take his advertisement out of the newspaper the first day of warm weather. He knows you may be in the market for something he can sell you—in July as well as in January.

He invests his money in newspaper space—every week in the year—to let you know he can serve you—and it's safe to assume that he "has the goods" in the fullest sense of the phrase.

You can obtain helpful advice on advertising free of cost and without obligation by consulting the business Department of The Daily Herald.

News of Sport

NANAIMO LOST TO VANCOUVER NABOBS

Kelly Douglas' Nabobs, of Vancouver, defeated Nanaimo Sunday by a score of 3 to 1 in one of the best baseball games of the season, which was witnessed by a fairly large number of fans. Not one of the four runs were earned and the reason why Vancouver scored more runs than Nanaimo was that the locals were liberal with errors, allowing the visitors to cross the plate three times in the third when not a man should have got beyond second base. Both pitchers were effective, each allowing but five hits. Martin was a trifle wild hitting a batter and walking one but apart from this he had good control and the hard-hitting Nabobs could not solve his delivery with any degree of certainty.

Manager Rube Benedict was conspicious in his new uniform which fitted him admirably and his coaching was a feature (?) of the game which was full of exciting incidents from start to finish. Mr. Hollingsworth umpired the game, the feature of which was Earl Martin's unassisted double play and a double by H. Martin to Killeen to E. Martin.

Here is the box score:

Vancouver.	AB.	R.	H.	PO.	A.	E.
Ward 2b	4	1	1	2	1	0
Moss, lf	4	0	0	2	0	0
Doyle, c	3	0	1	7	1	1
Van 1b	4	0	1	10	0	0
Stewart, 3b	4	0	0	0	3	2
Wintemute, ss	4	0	0	1	3	0
Scott, cf	3	1	2	2	0	0
McGeer, rf	3	1	0	0	0	0
Thurston p	2	0	0	0	1	0
Totals	31	3	5	27	9	3

Nanaimo.	AB.	R.	H.	PO.	A.	E.
Fiper, 3b	4	0	1	4	2	2
Little, ss	4	0	0	2	2	1
Killeen, 2b	4	1	1	4	4	0
Boyce, c	4	0	0	3	2	0
Beattie cf	3	0	1	0	0	0
Shepherd, rf	3	0	0	0	0	0
E. Martin, 1b	3	0	1	12	0	0
Weeks, lf	3	0	1	0	0	1
H. Martin, p	3	0	0	2	4	0
Totals	31	1	5	27	14	4

Score by Innings:

Vancouver.										
Runs	0	0	3	0	0	0	0	0	0	—3
Hits	1	0	2	0	0	1	1	0	0	—5
Nanaimo.										
Runs	0	0	0	1	0	0	0	0	0	—1
Hits	1	3	0	1	0	0	0	0	0	—5

Summary: Three-base hit, Killeen; Bases on balls, off Martin 1; Struck out, by Martin 3, Thurston 5; Left on bases, Nanaimo 3, Vancouver 3; Double plays, E. Martin (unassisted) H. Martin to Killeen to E. Martin; First base on errors, Nanaimo 2, Vancouver 4; Hit by pitcher, Doyle by Martin; Stolen base, Doyle.

The Five Acre Stars defeated the Nanaimo Red Sox, Sunday, at baseball by a score of 15 to 14. The pitching of Foster for the winners was the feature of the game.

A team representing the A. R. Johnston Co. of this city, will play an exhibition game of baseball on Thursday next with Nanaimo River Consolidated, a team selected from the fans of Nanaimo River, South Wellington, Cedar and vicinity. The game will be played on Raine's field commencing at 3:30, the River team to include Halloran, Mahle, Coleman Hollingsworth, Smith, A. Johnny, York, Pickering and Quennell.

CLABBY WINS ON FOUL

Sydney, N.S.W., July 4.—Jimmy Clabby, of Hammond, Ind., won on a foul from Eddie McGoorty, of Oshkosh, Wis., the title of middleweight champion of the world. The foul occurred in the eighth round. The battle was hard fought from the beginning.

BROOKS WINS TITLE.

Wimbledon, Eng., July 4.—Norman E. Brooks, of Australia, won the All-comers' lawn tennis singles championship today, wresting the title from Anthony F. Wilding, of New Zealand, the holder, in straight sets, 6-4, 6-4, 7-5.

Mrs. R. Lambert Chambers once more won the ladies' singles lawn tennis championship today by beating Mrs. Larcombe, the challenger, 7-5, 6-4.

HAWAIIAN LOST

San Francisco, Cal., July 4.—Duke Kahanamoku, of the Hui Nalu Athletic club, of Hawaii, was beaten last night in the first half-mile race in which the Hawaiian ever entered: the winner, Ludy Langer, of the Los Angeles Athletic club, breaking his own Pacific Coast record of 12 min. 17 4-5 sec. Langer's time was 11 min. 44 1-5 sec.

The bath in which the race was held is 11 2-3 laps for the half-mile, and Langer's time was said unofficially to be a world's record for a bath of this size.

KEEN COMPETITION FOR LOCAL COMPETITORS

In Sunday's shoot of the Nanaimo Gun Club, W. Hoggan was high gun for the Sloan trophy with a score of 23. In the McRae and Lucier trophy W. Martin was high with 20 and M. McArdle with 19 was high score for the Armstrong and Chiswell trophy.

The present standing for the Hoggan trophy is as follows: Hoggan 127 Cheatwood 126, R. Eastham 126 and W. Graham 125.

The following are the standings for the various trophies:

Sloan Trophy—
R. Eastham, three wins.
W. Hoggan, two wins.
C. Cheatwood, one win.

McRae & Lucier Trophy—
W. Martin, four wins.
R. Carr, two wins.

Armstrong & Chiswell Trophy—
J. J. Cottle, three wins.
M. McArdle, three wins.

SUNDAY'S BASEBALL

Northwestern—
Tacoma 11, Victoria 0.
Spokane 1-4, Portland 9-1.
Seattle 3, Vancouver 2.

Coast—
San Francisco 4-7, Sacramento 1-3.
Portland 4-4, Venice 1-2.
Oakland 5-1, Los Angeles 5-1.

National—
Cincinnati 7, St Louis 0.

American—
Chicago 6, Cleveland 3.
St. Louis 6-2, Detroit 5-0.

MONDAY'S BASEBALL

Northwestern—
Tacoma 4, Spokane 6.
Seattle 10, Victoria 7.
Vancouver 4, Portland 3.

American—
Boston 0, Washington 1.
New York 0, Philadelphia 2.

National—
Brooklyn 1-0, Boston 3-1.
Philadelphia 4-7, New York, 5-2.

THREE KILLED IN THE GRANBY MINE

Phoenix, July 6.—One of the saddest accidents in the history of the Granby mine occurred here about 10 o'clock yesterday morning when a fall of ground caught three men and an electric ore train in No. 2 tunnel of the mine, J. F. McDougall and William Tatham, two shift bosses, and Frank Riordan, a motorman, being the unfortunate victims. About 1000 tons of earth covers the men and electric cars.

The news spread like wildfire through the town and in a short time the entire hill was covered by anxious people. As soon as the accident occurred the Granby officials with C. M. Campbell, superintendent, at the head, began the work of removing the ground and put their big electric shovel at work as well as every man that could be used.

J. F. McDougall has been with the Granby company for nearly twelve years and was held in high esteem by the company for his faithful and efficient services. William Tatham had been a resident of the camp since it started and leaves a family to mourn his loss. Frank Riordan, the motorman, had also been with the company for a long time, an exceptionally bright and popular young man.

TOMMY MORSE LED LIFE OF HERMIT

"Tommy" Morse, a well known character in the city for many years, and who has been missing from his usual haunts for some weeks, was found by the Provincial police yesterday afternoon on the old Foresters' picnic grounds on the Millstream near the Caledonian grounds.

It appears that the unfortunate man since practically June 1 has lost his memory. He does not know his name or where he has been lately. From what the police can make of the case he has been sleeping out in the bush for some time but what he has subsisted upon is a mystery. As a matter of fact he has had little if anything to eat and is in a deplorable condition. He was taken to the provincial jail yesterday and Dr. Ingham, as soon as he saw him, ordered him to the hospital. Owing to his exposure and mental condition he is in a serious condition.

Morse will be remembered as the wharf hand for years on the C. P. R. wharf.

VIOLIN

MR. J. V. HASSLER

late of Hedley's Symphony Orchestra of Seattle, is prepared to take pupils on the violin. A through instruction in the German school of classic interpretation will be given. For particulars phone 195.

Wire Wounds

My mare, a very valuable one was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

EFFICIENCY

To the Trade:

WE want your business and in addition to giving you the usual value for value received we are going to do a Little Bit Better. Promptness in filling and delivering your orders, a careful study of local conditions in order to be prepared to help you meet its demands, studious care in buying the kind of goods—these and other things we hope will make for "Efficiency" on our part.

If there is anything within reason you want, ask us. We are prepared to serve you in a way that will bring you back again.

The Keystone Wine Co. service will be known for its Efficiency. Phone 494 and let us talk over your requirements.

We will have some interesting announcements to make from time to time.

BRIEF MENTION

The regular meeting of the Nanaimo Board of Trade will be held this afternoon at 4 o:clock and as business of importance is to be discussed, a full attendance of members is requested.

Mrs. D. G. Dailey left yesterday afternoon on a visit to relatives in Vancouver.

Mrs. Ward Bell, of Vancouver, who has been visiting her mother, Mrs. W. McGregor, Selby street, returned home yesterday afternoon.

Mr. William Sampson, local agent for the Ford Manufacturing Company visited Vancouver yesterday on business.

A meeting of the directors of the Nanaimo Agricultural and Horticultural Society will be held in the Board room on Thursday, July 9th at 7:30 p.m.

Messrs. Albert Faulkner and Harry Smith, of the Windsor Hotel staff, left yesterday on a two-weeks' holiday trip to Prince Rupert, Skagway, Stewart and other northern points.

Bijou Theatre

The feature of today's program of moving pictures at the Bijou Theatre is a two-reel European production entitled "The Buried Crime" a dramatic story of a stolen secret. Other pictures on the program are an Edison drama entitled "Ben Wilson" or the mystery of the Amsterdam diamond; an Essenay comedy-drama entitled "A Snakeville Romance" and a Pathe comedy "The Joking Bricklayers."

Birth—In this city on Sunday, July 5th, at the residence of her mother, Mrs. B. Westwood, Comox Road, the wife of Mr. A. H. Soule, Vancouver, of a son.

Corns removed quickly and painlessly. 240 Skinner street. 103-6*

The congregation of Wallace Street Methodist Church will give a reception this (Tuesday) evening on the lawn in front of the parsonage to the Rev. Frank W. Hardy and Mrs. Hardy, commencing at 7:30. All members and adherents of the church are cordially invited to attend.

Try Nymo Ice Cream, manufactured by Nanaimo Dairy and Suppl Co.

Mrs. Gilbert Gordon and sister Miss Freer left yesterday on a visit to friends in the Terminal City.

Board of Trade today 4 o'clock.

Messrs. J. W. Wallis and Geo. A. Hardy, two popular Nanaimoites who recently moved to Victoria, have taken over the business of the Prince George Hotel, on the corner of Douglas street and Pandore avenue, Victoria, and will be pleased to see any of the Orange delegation for the celebration on July 12th, which will be held next Saturday. Messrs. Wallis and Hardy were formerly of the Palace Hotel and the Wilson Pool room, and had previously conducted the Ritz Hotel in Victoria.

Messrs R. Kaplansky, Hugh McMillan and Thos. S. Fulton left yesterday by auto on a business trip to Courtenay and Cumberland.

"Micky" De Coeur of Cumberland, is in Nanaimo on a business trip. He expects to return home today.

Mr. and Mrs. Henry McAdie, Albert street, returned home last evening from a visit to relatives in the Terminal City.

Mr. P. Harris left yesterday for Victoria where in future he will reside.

The Nanaimo Leek Club will meet on Wednesday evening at 7:30 o'clock in the Provincial Hotel parlors.

Mrs. McKay, of Cameron Lake, is visiting Mrs. Knight, Union avenue.

Board of Trade today 4 o'clock.

Kozuyoshi Malda, a Japanese, 24 years of age, was killed on Friday at Powell River by a log falling on him. The remains were taken to Vancouver by the steamer Selma and taken to the parlors of Greene & Merkley.

Buy your footwear at Watchorn's. Best goods at lowest prices. tf.

Miss Florence Pearson left on the Patricia yesterday afternoon on a visit to friends in Vancouver.

While working aboard the rock crusher yesterday Mr. Storey Burn was struck in the face by the handle of a windlass, receiving a severe gash under the eye.

There will be a regular meeting of the First Nanaimo B. P. Girl Guides this afternoon in the Assembly Hall at 3 o'clock.

LOW EXCURSION FARES are being offered on the Grand Trunk Pacific Steamship six-day cruises to the Alaska Coast (Stewart) for the month of July only. $38.00 includes means, berth and all expenses. Write to C. F. Earle, Passenger Agent, Victoria, B. C., for illustrated booklet and sailing list.

CARD

Mr. George Wilkinson and family, and other relatives wish to thank those who sent floral tributes and in other ways sympathized with them in their recent bereavement.

In the production of sulphur the United States is rapidly gaining on Italy, which leads the world.

Careful buyers read the ads. Ask any of them you know if this is not so.

If you do not study the ads in The Herald you do not realize that buying is a business matter.

The Pythian Sisters hold their annual basket picnic Thursday, July 9, boats leaving the Nanaimo Boat House at 9:30 a.m. and 1:30 p.m. All sisters can invite a friend. 3t

The annual picnic of St. Paul's Sunday School will be held on Newcastle Island on Thursday next. There will be the usual charge for adults, but children of the Sunday School will be taken free. The first boat will leave Shaw's Boat House at 10 o'clock, other boats following as required.

GREAT MERCANTILE CRASH

Large Chain of Stores Thrown in the Hands of Trustee.

One of the greatest retail mercantile failures known in Western Canada occurred recently when a Trustee was appointed to take charge of the affairs of the B. C. Clothing Co., who operated a chain of stores throughout British Columbia. This well known concern who catered to the working class with popular priced lines of men's and boys' wearing apparel were forced into the hands of the trustee after a long uphill fight against big odds which were financial stringency, exorbitant rents and other unpleasant features that go hand in hand with hard times. The entire stock must now be liquidated for the benefit of the creditors. Therefore a huge sale will shortly be inaugurated at the Nanaimo branch, known as the Cut Price Store, 83 Commercial street. This great disaster will be a big surprise to the many friends and patrons of this well known store who since they have located in Nanaimo have done a great deal to lower the prices of Men's Wear. Any one caring to save money on wearing apparel should watch The Herald as further particulars of the sale will appear shortly in this paper. (Adv.)

The Ladies Guild of St. Paul's church will meet on Wednesday (8th inst.) afternoon in the residence of Mrs. Walter Thompson, Winfield Crescent.

In order to Introduce:
Shamrock Pure Lard

into every household in Nanaimo and vicinity we will sell during July at the following prices:

3lb pails at 40c
5lb pails at 65c
10lb pails at $1.30
20lb pails at $2.60

WELSH DEFEATED WILLIE RITCHIE

British Champion Awarded Worlds Lightweight Championship at Close of Twenty Round Contest in London.

London, July 7.—Referee Eugene Corri today awarded the decision to Freddie Welsh over Willie Ritchie at the close of their 20-round contest.

"Father" Boudier climbed through the ropes shortly before 8 o'clock in his clerical garb and announced the names of the contestants in the first of the preliminary bouts.

The great revival of interest in pugilism in Great Britain was evidenced by the big assemblage of all classes which congregated in the great arena of Olympia. The newspapers had predicted a large attendance of women but there was only a small sprinkling of bright faces in the cheaper seats around the sides of the arena, which filled first before time was called. Before the three preliminary bouts had been finished the majority of the prominent London sporting men had gathered about the ring, as well as 200 or 300 Americans, some of them well known.

There were not more than a hundred women altogether, most of them in evening dress, who occupied the section reserved for the royal family and prominent society people during the show.

Welsh entered the ring at 9:58 amid lusty singing of the Welsh hymn "God of Our Fathers," by hundreds of his countrymen. The betting was 7 to 4 on Welsh. George Considine placed two thousand dollars at these odds.

Willie Ritchie appeared at 10.03. Hearty applause greeted him.

Round 1.

Welsh wins the toss and kept the corner he originally entered. Welsh got in a few blows in the clinch which immediately followed. Ritchie responded with a straight left to the jaw. Infighting followed with Welsh getting the better of the argument. When they squared off, however, Ritchie delivered several body blows.

Round 2

Ritchie swung hard with his right and missed. He was cautioned by the referee for holding in the clinches. Welsh got in some vicious jabs in the in-fighting.

Round 3.

Ritchie opened with a left swing, but in a clinch Welsh landed on the body in close quarters. Welsh got in a couple of jabs, Ritchie retaliated with a left to the jaw. Welsh followed with a right to the same spot. The round ended with Welsh landing lightly on the face. Ritchie was again cautioned for holding.

Round 4.

Welsh fought for the body. Then in a clinch he gave Ritchie two or three left hooks on the jaw, followed by a right swing on the same spot. Welsh appeared the fresher of the two, smiling when the gong sounded.

Round 5.

Ritchie got one to the face. Welsh replying with a left to the jaw. Ritchie forced the fighting, but was repeatedly cautioned for holding.

Round 6.

Ritchie's left eye seemed to be

(Continued on page 3.)

REGULATES MOVING PICTURE SHOWS

Official notification of the coming into effect of the act to regulate theatres and kinematographs has been given out. The new act came into force on July 1 and under the regulations a license of $75 or $100, according to seating capacity, is collected anually from the motion picture theatres by the provincial government; it is payable half yearly. All operators of moving picture machines are now charged a license of $1 and must be over 18 years of age and of strictly temperate habits. No children under the age of fourteen years, unless accompanied by their parents, will in future be allowed in motion picture theatres at the evening performances, but will be allowed to go unattended to afternoon matinees between 3:30 o'clock and 6 o'clock, when school is open. All other times they may attend at any time before 6 o'clock. It is stated that the provisions of the act will be strictly enforced.

STEEL IS LAID TO COURTENAY

Important Epoch in History of Railway Development on Vancouver Island—Formal Opening at End of Month.

At four o'clock yesterday afternoon steel was laid into Courtenay thus marking a new and important step in the railway development of Vancouver Island. There is still a large amount of ballasting to be done, which will postpone the actual completion of the extension for some weeks more, but the bulk of the work is completed and everything will be in readiness for the formal opening of the line at the end of the present month.

While the exact date for this important function has not yet been definitely fixed, it is pretty certain that July 29 or 30 will be the date chosen.

Mr. H. B. Ames, M.P. for St. Antoine division, Montreal, and Mrs. Ames, who are making a leisurely tour of Western Canada, left Vancouver yesterday for a cruise up the coast in company with J. K. Kennedy who is an old Montrealer. Mr. Ames expressed himself as much impressed with the appearance of the West. He will travel over the Grand Trunk Pacific as far as Smithers in order to get a view of the interior of British Columbia.

Mrs. William Thomson and son, of Fitzwilliam street, left yesterday morning on the train for Victoria, en route for Seattle, Portland, and various other cities in the States. Mrs. Thomson is also accompanied by her sister, Miss Annie B. Laird, of Vancouver.

The funeral of the late Henry Ivor Woodcock, who met his death under such tragic circumstances, will take place from the family residence on Victoria Road this afternoon (Wednesday), at 3:30 o'clock, the Rev. S. J. Green officiating.

MEXICAN FEDERAL TROOPS REVOLT

Expected That General Huerta Will Send Punitive Expedition Against The Mutineers Along Border Line.

Vera Cruz, July 7.—Word of a revolt on the part of a large number of the federal troops stationed along the line in front of the American outposts reached constitutionalist agents in this city late last night. The advices conveying the information also expressed the fear that General Huerta would send a punitive expedition from Corboba against the mutineers.

In order to prevent a clash between forces loyal to Huerta and those reported in revolt near the American lines, which might result in complications with the American outposts, Octavio Campero, Carranza's agent here, appealed to General Funston for permission to pass the lines in order to instruct the mutinous troops to move rapidly away from the neighborhood of Vera Cruz into territory held by the constitutionalists.

General Funston, who already had been informed that unusual developments of some kind were taking place within the federal lines, had given orders to the outposts to maintain unusual vigilance. Campero and other constitutionalist agents have been allowed to pass the American lines. They plan to point the revolting federals, and hope to be able to avoid any action which might bring about firing within range of the American lines.

Washington, July 7.—Brigadier-General Funston in a dispatch to the war department today confirmed reports of a mutiny among General Huerta's forces before the American outposts at Vera Cruz. General Funston reported the Mexican commander had informed him of the uprising and of the threat of the mutineers to attack the American lines. If an attack should be made, in view of the Mexican commander's action in notifying General Funston it rwould not be regarded as an attack under orders.

Carranza's action in dismissing General Felipe Angeles from the constitutionalist army, with its prospects of causing another break with Villa was the principal topic of discussion today among the constitutionalist agents here. Charles A. Douglas, General Carranza's counsel, declares openly that Angeles must be removed from the situation before peace could be brought about between Carranza and Villa.

According to one personal message from Villa received here today from Torreon, differences between himself and Carranza are being satisfactorily adjusted. No mention was made of Angeles.

SCHOOL BOARD HELD MEETING

Vacancies on Teaching Staff of Nanaimo Schools Filled —Heating Plant to be Installed at the North Ward School.

Vacancies on the teaching staff of the Nanaimo Public Schools were filled by the Board of School Trustees at a meeting held yesterday afternoon, there being present: Chairman A. E. Planta, Mrs. Skinner, Thos. Hodgson, John W. Coburn and John Shaw.

A communication from the superintendent of education in reference to an inspection of the night school conducted by the Nanaimo Board was received and filed.

Principal R. M. Archer reported an attendance at the city schools during the month of June of 1037 and that the school gardens conducted under the supervision of the Industrial Development League had been fairly well kept. The report of the principal also contained a requisition for kindergarten supplies, the requisition being referred to the Building Commitee with power to purchase the supplies if required.

On behalf of the Building Committee, Trustee Shaw reported carpenters were busy making necessary repairs to the schools, and City Engineer Owen had prepared plans for an overhead water heating system for the North Ward School, for the installation of which tenders would be called in the near future.

The resignation of Mr. Anderson from the teaching staff was accepted and vacancies on the staff filled by the appointment of Mr. Feast, Mr. Bwyer, Miss Fisher, Miss Alice Milk, and Miss Olga Rowa.

DOLLAR NOT FOR CANAL

Contrary to anticipation the British steamer Robert Dollar, which recently loaded 5,000,000 feet of lumber at Genoa Bay for Toronto, will not be the first ocean-going steamer to pass through the Panama Canal from the Pacific side. By this time she has reached San Diego, where she was to proceed to await orders before steaming south to Balbo. By all accounts it would seem that the Panama Canal will not be ready for steamer traffic by the time the Robert Dollar is off the canal mouth, and it is possible that Captain Morton will have to take his vessel farther south and make the Atlantic via the Magellan Straits route. This will nearly double the length of time it will take her to reach New York.

FINALS IN MEN'S DOUBLES TODAY

The finals in the men's doubles in connection with the tournament held by the Nanaimo Tennis Club will be played on the clubs' courts, Caledonian grounds, this afternoon at 3:30. The contestants in today's fixture are A. Leighton and F. Barrington Foote versus F. M. Bressey and R. F. Hunt. The match promises to be an interesting one and should draw a good attendance of tennis enthusiasts.

Miss Rose Munro, daughter of Mr. J. W. Munro warden of the local and Victoria jails, was given a farewell reception last evening by her sister members of the local lodge Daughters of Rebekah, and presented with a pearl brooch together with an address. The address was read by Mrs Irene Aitken and the presentation made by Miss M. Crew, the evening being spent in games and a musical program.

THE HINDU PROBLEM ON THE COAST

While the whole of Canada watches with interest the outcome of the efforts of the Hindus who arrived at Vancouver on the Komagata Maru, it is the cities of Vancouver and Victoria that are most vitally interested. The majority of the turbanned immigrants are Sikhs.

One of the four Hindu women in Canada.

DEVELOPMENT WORK ON VANCOUVER ISLD.

The grading of the Patricia Bay branch of the Canadian Northern Pacific Railroad, as well as that of the main Vancouver Island line, has advanced to such a stage that preliminary arrangements are being made for the laying of steel. It was announced yesterday that tenders would be invited in a few days for the construction of a large wharf at Union (Patricia) Bay, for the accommodation of the material which will be utilized in the final operation necessary to put the line in shape for use.

While the structure, on which a start will be made without delay, is to be only of a temporary character, it will measure 40 feet in length by 64 feet in width. Capable of handling at low water a vessel drawing 24 feet it will be possible, through this medium, to land at the bay in two shipments all the rails, angle bars, bolts and spikes which will be put into 115 miles of road. With the arrival of this track material, a full equipment of modern track-laying plant will be brought from the Mainland, an efficient gang employed, and the project will go through without interruption and with all possible haste. It originally was the intention to land the supplies at Sidney, using the V. & S. right-of-way to transport it to the Company's yards at Union Bay, but by the building of such a wharf as has been described, there will not be as much handling of steel, and it will be possible to make better headway.

The material named is being obtained from the Dominion Steel Company, Cape Breton. It is being brought to Union Bay by a specially chartered vessel, which will make the trip around Cape Horn. In order that the wharf may be ready by the date of her arrival, one of the stipulations of the contract about to be awarded will be that it shall be completed within ninety days. In that period the first cargo, approximately 7,000 tons of steel, will be landed, and the final stage of construction will be initiated. Before the supplies are exhausted another shipload will have arrived, which will permit the road to be finished to Mileage 115. By the time this large section is ready for the inauguration of a regular service plans will have been completed for the continuance of the line, for its Northern terminal, etc.

In connection with the latter point it is stated that Sir Donald Mann is expected to visit Victoria this month and it is thought likely that he may have something of interest to say with regard to the Company's plans for railway development on the Island.

The Nanaimo branch of the W. C. T. U. will hold a public meeting on Friday night at 8 o'clock in the Bible Class room of the Wallace Street Methodist church. Delegates to the recent convention at Victoria will submit a report on the work of the convention, and an interesting program will be given. At the conclusion of the business meeting refreshments will be served and a social time spent. Although a woman's organization, men as well as women are invited to Friday's meeting.

BOARD OF TRADE HELD MEETING

Will Petition the C. P. R. to Construct Sidewalk For Exclusive Use of Pedestrians on Approach to the Local Wharf.

The Nanaimo Board of Trade met in regular session yesterday afternoon, President Jno. Shaw presiding. Probably the most interesting question discussed was the proposal of the District Motor Bus Company, of Victoria, to install a Motor Bus service in Nanaimo, provided the company could secure some concessions from the city, including a franchise for ten years, free water and exemption from taxation for 10 years and a free site for a garage. The proposal of the company was submitted by the Board of Trade to the City Council which body replied to the Board as follows:

Dear Sir,—The Municipal Council of this City has directed me to inform you that they cannot entertain the proposals of Messrs. Baynes & Gray relative to the establishment of a Motor Bus service in this city and district, as outlined in your letter of the 29th June last, but they are prepared to consider any other proposals that the company may be prepared to submit to the Council.

Respectfully yours,
S. GOUGH, City Clerk.

The communication from the Council was received and filed, and the secretary instructed to write Messrs. Baynes and Gray informing them of the action taken by the Council, and that the Council was prepared to consider any other proposal the company was prepared to submit, also suggesting representatives of the company visit Nanaimo and take the question up directly with the Council.

The question of requesting the C. P. R. to construct an approach to its wharf for pedestrian travel only, was brought before the meeting, it being pointed out that during the wet weather it occasioned great inconvenience to the travelling public who had to wend their way through the mud, and vehicles lined up on the wharf approach, in going to and from the Vancouver and Cumberland boats.

The meeting was of the opinion the public would be convenienced if a sidewalk were constructed on the north side of the approach and the secretary was instructed to write Captain Troup of the C. P. R. requesting that the company construct such an approach for the use of foot passengers only.

Two applications for membership were received and favorably acted upon.

FUNERAL OF THE LATE DAVID SCOTT

The funeral of the late David Scott took place yesterday afternoon from the family residence, Haliburton street, the interrment taking place in the Nanaimo cemetery. A beautiful service was conducted at the home by Rev. Dr. McLennan, several favorite hymns of the deceased being sung by the friends assembled, the singing being lead by several members of St. Andrews' church choir. There was a large attendance of friends as the last sad rites were administered, the pallbearers being Messrs T. R. Jackson, James Aitken, R. Good, J. W. Coburn, J. D. Stewart and Alex. Warwick.

The floral tributes were many and beautiful, and were as follows:

Cross—Mrs. Thomas Glaholm.

Wreaths—Mr. and Mrs. A. McKenzie, Wm. Reid, Mr. and Mrs. J. C. Ward Bell (Vancouver), Mr. and Mrs. J. M. Brown, Mr. and Mrs. Wm. Sloan, Mr. and Mrs. J. Meakin, Mr. and Mrs. C. Trawford, Mr. and Mrs. J. Morrison (New Westminster), Mr and Mrs. J. W. Coburn, Mrs. J. W. McKenzie, Dr. and Mrs, E. McGregor Mrs. M. A. Rowe, Ladies Aid of St. Andrews' Church, Mrs. J. Gray, Mr. and Mrs. M. J. Robertson, Mr. and Mrs. D. Elliott, Mr. and Mrs. E. G. Taylor, Mr. and Mrs. T. R. Jackson, Mr. and Mrs. Ben Baker, Mr. D. Beaton.

Sprays—Mr. and Mrs. J. Gillespie, Friend, Mr. and Mrs. W. Raines, Mr. and Mrs. A. H. Andrews, Mr. and Mrs. James Young, Mr. and Mrs W. Neave, Mr. and Mrs. T. Cunningham Mr. and Mrs. J. J. Lowther, Mr. and Mrs. J. D. Stewart, Mrs. Wm. McGregor, Dr. and Mrs. Ross, Mr. and Mrs. W. Lewis, Mr. and Mrs. James Aitken, Mr. and Mrs. Archie Cowie.

FINE RECORD OF THE PATRICIA

The Nanaimo Gulf Flyer Has Steamed Sixty Thousand Miles in Two Years—Made Over One Thousand Trips.

During the two years the fast C. P. R. turbine steamer Princess Patricia has been operating in the British Columbia coast trade she has steamed 60,000 miles, exclusive of the excursions she has made. This great distance has been logged on two trips each day in the summer between Vancouver and Nanaimo and one trip each day during the winter months. There is no other vessel on the coast which could perform the work which the Patricia does.

Chief Engineer Anderson who came out from the Clyde on the vessel and is still standing by her, says that up to Friday last the Patricia had completed 1,038 trips between the Terminal City and Nanaimo. The chief has kept particular tab on the performance of the Patricia and has worked out the average speed which she has made. During the summer when she has to make two trips each way between the ports the flyer has averaged a speed of 19.1 knots for two summers and for the two winters she has been operating she has made a speed of 17.3 knots.

The Patricia is a remarkable improvement over the connection which was provided before her arrival on this coast. The old steamer Joan and later the Charmer made one trip a day, summer and winter, leaving Nanaimo early in the morning and getting back at 5 o'clock in the afternoon. They used to take a good three hours to steam across the gulf, where as now the Patricia goes from dock to dock in two hours.

Although the men on the larger flyers think they can outsteam the Princess Patricia, they never measure up with her. Chief Engineer Anderson says that there is nothing on the coast that can touch her in regard to speed, and he thinks he can "show up" either the Charlotte or the Victoria.

MUCH PROGRESS IS BEING MADE

Work on New E. & N. Station and Bank of Commerce Block is Being Rushed to Completion.

Work on public buildings at present under construction in Nanaimo, shows satisfactory progress. Contractor Madden has been rushing work on the new Bank of Commerce Block and before many days have elapsed the building will be in the last stages of completion. A force of men are now at work putting on the finishing touches to the exterior, the heavy cornice which extends completely around the exterior top being placed in position.

The contractor in charge of the work of erecting the new freight sheds for the E. & N. Railway is also losing but little time. A force of ten to twelve carpenters are at work daily on the structure which is now beyond the initial stage as the heavy foundation sills are all in place, yesterday marking the erection of studdings preparatory to roofing the structure. It is expected that inside of a month the building will be well on the road to completion and when ready for occupancy will be utilized for passenger as well as freight traffic until such time as the present station is replaced with a modern edifice work upon which will be started with the least possible delay.

At the close of last night's meeting of the Ashlar lodge No. 3 A.F. and A.M., the members adjourned to the ante room and tendered a farewell reception to Mr. Mark Bate, who leaves Nanaimo on Thursday with Mrs. Bate on an extended visit to the Old Country.

WHY WASHINGTON FAVORS TROUBLE

District Delegates Protest Calling Off Strike on Island as it Would be Detrimental to Washington Men.

The Seattle Union Record publishes every week a page for the miners. In its issue of July 4th, it contained a paragraph which surely has its significance for Herald readers. The item is as follows:

Black Diamond, June 28, 1914.

Meeting of the delegates of sub-district No. 2 of District No. 10 called to order at 3 p. m. by Isaac Skidmore, of Local No. 2257. Geo. Marshall, of Local No. 1853, was elected secretary.

M. F. Myers, of No. 2610, and R. W. Davis, of No. 2264, were elected on the scale committee of the coming convention.

The following resolution was adopted and forwarded to the Executive Board of the U. M. W. of A.:

"Resolved, That we protest against the calling off of the strike on Vancouver Island at this time, knowing it would be a detriment to District No. 10 as our agreement expires on August 31, 1914, and in case of a disagreement at the coming convention it would mean death to this District, as we know Vancouver would supply the demand of this state.

"Signed: Isaac Skidmore, Chairman; Geo. Marshall, Secretary.

"R. W. Davis, Reese H. Davis, Dorm Navaria, A. Seliger, Jess R. Ross, I. O. Myers, M. F. Myers, committee."

The men still out of work in Nanaimo will kindly note the reason why they are to remain out of work. If they returned to work then it would be all off with the Washington men. Hence the calling off of the strike is promptly protested.

It is just as well that the full significance of this resolution should be fully realized. Remember that The Herald was branded as a liar by the international board member for this same Washington district for stating that Washington coal was supplying the Nanaimo markets. There was no difficulty in proving that the lying was coming from officer Harlin. He was absurd and fatuous enough to deny the obvious and the undeniable. It is moreover curious that from Black Diamond, the place of this meeting, coal was shipped direct to the Western Fuel bunkers at San Francisco. Having benefitted thus far the Washington men would still have the trouble continue here.

This has been a crucial factor in the whole trouble. The men have ttubbornly refused to believe that the Washington trade had anything to do with causing the strike. There was stubbornly refused to believe that the island must be organized, not in the interests of the men on the island, but in the interests of the men of Washington. There was no doubt of the benefits both the operators and miners of Washington gained from the tie-up of the island mines.

And now there is this frank statement that the trouble on the island must continue in the interests of the members of local No. 10. There is no humbug about fraternal obligations or of blessed solidarity. It is pure unadulterated self-interest and grasping selfishness. The men here have been duped and victimized from the beginning and they are still to be made to serve and suffer for the interests of the men of Washington.

ENGLISH TENNIS

Wimbledon, Eng., July 7—Norman E. Brookes of Australia, and Anthony Wilding of New Zealand yesterday won the all-comers' lawn tennis doubles championship by defeating the English players, H. Roper Barrett and C. Dixon. The score was 6-1, 5-7, 8-6.

Miss E. Ryan of California, and Miss A.M. Morton captured the all-comers' ladies' doubles lawn tennis championship from the holders, Mrs. Larcombe and Mrs. Hannam, whom they defeated by 6-1, 6-3.

RACE POSTPONED

Newport, R.I., July 7.—Stormy weather caused a postponement today of the first of the Newport races for the America's cup yachts Resolute, Vanitie and Defiance. The race will be sailed tomorrow under the auspices of the Eastern Yacht Club.

Miss Louise Grant is visiting friends in Vancouver.

MOTOR BUS SERVICE

The City Council at its meeting on Monday night, practically made an end of the proposal to establish a motor bus service in Nanaimo and district. There will be little surprise at its action. The proposed service was not of a kind to generate much enthusiasm. At the same time it is to be regretted that the City Council is unable to approach a question of street transportation without bias or prejudice. Moreover it is always inclined to act as a principal, and not as the agent of the citizens which is its actual position. When the last proposal was before the Council, not only had there to be rails, but these rails had to be even heavier than the rails used on the E. & N. Railway. It was all rather absurd. The Council simply exceeded its functions. Nanaimo will have many years to wait before it gets an electric street railway. Yet with some of the aldermen it is a street railway or nothing. That may be all right, but it is certainly not right that they should prevent the citizens whose representatives they are from saying what they would like. The real fact Nanaimo has to face is that without some system of transportation the district is going to be built up at the expense of the city. This is rather a serious thing to sacrifice on the fetich of a street railway. We do not consider that the Victoria Motor Bus Company asked too many concessions. The assistance they asked would have amounted to nothing as against a satisfactory system of transportation. The position of the Council and of the citizens generally, now is that the question will have to solve itself. This is not as it should be.

KOMAGATA MARU

It is announced from Vancouver that the Komagata Maru will sail for Japan within the week, taking its load of Hindus back whence they came. There is really no other sensible alternative. The decision of the Court of Appeals leaves no hope of the government's orders-in-council being upset. The case could, of course, still be carried to the Supreme Court, but there is not the slightest chance of anything being gained by such a course. Canada has the right and the power to frame and regulate its own immigration laws. The government had taken measures to prohibit such immigration as that attempted by the Hindus on the Komagata Maru. The whole enterprise was therefore ill-advised. There were other methods of protesting such legislation without attempting to force a shipload of Hindus into British Columbia. The incident has served not to weaken but to strengthen the sentiment in favor of total exclusion of Asiatics. An Eastern divine, speaking from the security of his pulpit finds the attitude of the people of British Columbia neither fair nor just. If he were here, he could not deny that the people were dictated by motives of self-protection. There are other questions which it would tax all his Christian philosophy to answer. Would he have the Hindus treated as equals? They would not help his church, and would he and his followers welcome them as settlers and trade competitors and invite them to their homes? Would they trust them with their womenfolk, and receive them into their families as eligible sons-in-law? This is what equality amounts to, and if there can be no intermingling of the two races they can never become Canadians. We do not want two people and two civilizations in Canada. We want one homogeneous population. The position today is that there is not work enough for the white settlers now in the country. Our first duty is to ourselves, and against this consideration all academic discussions of ethics and abstract justice are besides the point.

Alderman Forrester, on behalf of some of the merchants, complained at the Council meeting on Monday night that the streets were not being properly sprinkled. It then came out that not half the merchants were paying their sprinkling rates. Now that both complaints are tabled we may get better service on both sides.

The House of Lords dropped its opposition to the amending bill of the home rule measure on the second reading, and the bill passed this stage with only ten dissentients. Several amendments will be proposed in committee however. One of these provides for the exclusion of the whole of Ulster without either election or referendum. This is surely an amazing proposal at a time when both sides to the dispute are supposed to be trying to find a peaceful settlement. There are counties in Ulster which are just as overwhelmingly in favor of Home Rule as others are opposed to it. On no principal of justice or fairness could they be automatically or arbitrarily excluded from the operation of the act. They have indeed the same rights to demand inclusion as the others had to stand out for exclusion. The time has long since passed when such amendments as these could be proposed with any propriety. The Home Rule bill has passed. the thing to be done now is to make its provisions as acceptable as possible to the people of Ulster. If anything material is to be accomplished along these lines then something more reasonable in the shape of amendments than this from the House of Lords must be proposed. To the outsider at any rate it appears that the situation in Ireland cannot be so serious as it is reported when the Lords continue to play such a political game as this.

Sir Thomas Lipton's challenger Shamrock IV will leave Southampton on July 20 for New York. It is estimated that four weeks will be occupied in crossing, and no towing will be done unless it is absolutely necessary. The challenger will not go through any private speed trials in English waters.

NEW WORLD'S RECORD.

Stockholm, Sweden, July 7.—A new world's record for throwing the javelin was created today at the Baltic Games by F. Myyrae of Finland, who threw 63 metres 29 centimetres, or approximately 207 feet, 7 1-2 inches. The American record hitherto has stood at 189 feet, 10½ inches. The world's record made at the last Olympic games was 200 feet 7 11-20 inches, by J. J. Saaristo of Finland.

NOTICE

Notice is hereby given that on the 3rd. day of August next application will be made to the Superintendent of Provincial Police for a transfer of license for the sale of liquor by retail in and upon the premises known as the Somerset Hotel, situated at Wellington district, in the province of British Columbia, from Frederick George Jarrett to Joseph Emerson Carr of the said Wellington district province aforesaid.

FRED. G. JARRETT
Holder of License.
JOSEPH E. CARR
Applicant for Transfer.

Dated this 2nd. day of July, 1914.

Wire Wounds

My mare, a very valuable one was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

F. M. DOUCET.

Weymouth.

NOTICE.

Applications are invited by the undersigned up to Monday, July 13th, for the operating of the City Road Roller, Rock Crusher and Concrete Mixer, also a limited amount of general work. All applicants must possess fourth class stationary engineer certificates, and state daily wage wanted.

W. A. OWEN,
City Engineer.

IT IS EASIER TO SAVE THE HAIR YOU HAVE

Than to Grow New

The tendency to put off until tomorrow what we should do today accounts for most of the bald heads we see in the front row.

Newbro's Herpicide stops falling hair and prevents baldness. The dandruff is destroyed by its use and a condition of health maintained in the hair and scalp.

Nearly everyone has hair troubles of some description which Herpicide will correct. Don't wait until it is too late.

It is conceded to be the standard hair remedy and is recommended and applied by all the best hair dressers and barbers.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

FRED C. STEARMAN, Druggist, Special Agent.

ENGLAND WINNER IN FIRST MATCH

London, July 7.— The first singles match in the preliminary round between England and Belgium in the Davis cup tournament went to England today, T. M. Mavrogordato defeating P. De Berman, 6-1, 6-2, 6-1.

J. C. Parke defeated A. G. Watson of the Belgian team, 6-2, 6-2, 6-0.

The matches between England and Belgium are being decided today, tomorrow and Thursday. The English team is composed of J. C. Parke, N. Roper Barrett, A. R. F. Kingscote and T. M. Mavrogordato. The Belgian team consists of H. de Boran (captain), W. H. Duvivier, C. Trasenater and A. G. Watson.

CARPENTIER AND CLABBY

Sydney, N.S.W., July 7.—George Carpentier, middleweight champion of France, has been cabled an offer of $20,000 to meet Jimmy Clabby, of Hammond, Ind., claimant of the middleweight championship of the world. The offer was made by promoters of the stadium here.

Clabby's latest victory was on the fourth of July when he won from Eddie McGoorty, of Oshkosh, Wis., on a foul in the eighth of a scheduled twenty-round fight.

COMPLETELY BROKEN DOWN

Another Lady Thinks "Fruit-a-tives" Greatest Tonic In The World.

HAGERSVILLE, ONT., Aug. 26th. 1913.

I can highly recommend "Fruit-a-tives" because they did me an awful lot of good. About four years ago, I commenced taking "Fruit-a-tives" for a general break-down and they did me a world of good. We bought a good many dollars' worth, but they did all that your advertising claims for them, and as I said before, I cannot speak too highly for them. Their action is so pleasant, compared with other medicines, that I am glad to say so and I trust that some other woman may start taking "Fruit-a-tives" for I know the results will be all that you claim".

MRS. W. N. KELLY.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

BRITISH SOCCER TEAMS MADE MONEY

That soccer football is a paying proposition is indicated by the splendid returns during the past season. The successful season that Liverpool enjoyed ending in their appearance in the final tie of the English Cup, resulted in a record profit of $43901 part of which has been invested in players. After giving up the proceeds of three players games, amounting to $8,844, to three players entitled to a benefit, Sheffield made a profit of $15,838, which enables them to pay five per cent dividend. Of the London clubs West Ham United made a net profit of $11,000, also paying out five per cent to their shareholders. The combined incomes of the five Glasgow professional teams—Celtic, Rangers, Third Lanark, Clyde and Patrick Thistle—amounted to $272,910.

The Ladies Guild of St. Paul's Church will meet this afternoon at 3 o'clock at the home of Mrs. W. Thompson, Winfield Crescent.

BIG BEN is coming watch for his announcement. 1t.

FAMOUS HOOSIERS $1.00

CLUB OPENS TO-MORROW MORNING

Your opportunity has arrived. Tomorrow you and a few other women who come early can own a Hoosier Kitchen Cabinet on payment of $1.00. You can have it delivered at once to use and enjoy, just by joining our Hoosier Kitchen Cabinet Club.

Only $1.00 is the membership fee—weekly dues are $1.00. Membership fee and weekly dues both apply to the price of your cabinet—there are no other payments—you pay not a penny extra by joining.

Furthermore, this club is under the direct supervision of The Hoosier Manufacturing Company which fixes the standard low price of Hoosier Cabinets the world over---a low price made possible by low cost of manufacture from enormous sales.

Only 25 Hoosier Club Members

As the announcement of the opening of the Hoosier Club is the signal for membership applications to pour in, a prompt visit to our store is your only insurance against disappointment.

IS IT NOT FOLLY TO GO WITHOUT the Hoosier when you can get it on payment of $1.00 and pay for it at the rate of 14 cents a day? Why delay? Can you hesitate? Ownership means cooking made easy, and hours saved for rest and recreation.

IT MEANS A PLEASANT KITCHEN, orderly and peaceful, and the constant satisfaction of comfortable and convenient working conditions.

Made of handsome, sturdy oak, finished perfectly by skilled master cabinet maktrs, the Hoosier is a piece of furniture that ornaments your home. It stands far above all other kitchen furniture of any name.

IT IS WORKING MIRACLES now in half a million homes, saving steps, health and strength for half a million women.

Saves Miles of Steps—Hours of Time, Hours of Weary Standing

TIRED FEET, BACKACHE, weariness and old-time discouragement become a thing of the past the moment a Hoosier comes into your kitchen.

It stops the miles of useless steps that old-fashioned kitchen arrangements require—it stops the weary walking back and forth between pantry and cupboard and kitchen table getting things out and putting them away again. Instead of standing and walking all day doing your work, you sit down and reach the things you want. No more aching feet and broken backs.

THE HOURS YOU SAVE in time give you a chance to do the things you want to do, keep you rested—enable you to be contented and happy. Think how quickly these few Hoosiers will be taken, and come in Tomorrow Morning Early and enroll yourself on our club list. You know in your heart how you hate the eternal drudgery part of kitchen work. Banish it forever. Now!

YOU CAN HAVE YOUR CABINET BY NIGHT—make its acquaintance when you are getting dinner—know at once the comfort of having everything you use in cooking within reach of your arm —the joy of perfect order.

LET OTHER THINGS WAIT TOMORROW MORNING. Come early. See for yourself. Benefit by an early selection. Make up your mind now to be a Hoosier member.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Meat May Be Injurious and Is Expensive!

Some people may eat lots of meat without injury to their health, but it's hard on their pockets. Others should avoid meat almost entirely, yet they eat it daily—these pay in both health and purse.

Either class will benefit by eating less meat and more Kellogg's Toasted Corn Flakes.

It gives much more nourishment than its cost in meat, is infinitely more easy to digest—consequently better for you.

Ask for

Kellogg's

CORN FLAKES

It's the original. 10 cents per package. 104

UNION BANK OF CANADA

Open a Housekeeping Account and Pay Your Bills by Cheque

There is a decided advantage in depositing your housekeeping money in the **Union Bank of Canada,** and issuing Cheques for your expenditures. You avoid the risk of keeping a considerable sum in your home or carrying it when shopping, and each Cheque, when cashed, becomes a Receipt.

Thomas S. Fulton, Manager Nanaimo Branch

WARNING—A dark iron grey horse was taken from a lot on the Esplanade Wednesday morning and unless the same is returned at once the culprit will be prosecuted. D. C. Shields, 99 Nicol Street. 1-3t.

NEWS OF SPORT

WELSH DEFEATED WILLIE RITCHIE.

(Continued from Page 1)

slightly swollen. Welsh's left eye was also damaged. Ritchie played for the bad eye, Welsh dodged a right swing aimed at the bad eye. Welsh's footwork was much quicker but his blows seemed to have less steam than the American's.

Round 7.

Half of the round had passed before Ritchie began forcing the fighting. He landed two smart blows on the face. Welsh responded but the American covered up well and the round ended in his favor.

Round 8.

The work of both fighters thus far had been very constant and sharp. Most of the hitting had been body fighting, ending in clinches. Welsh appeared to be beginning to husband his strength in the clinches. He then put on more steam and gave the American one good body blow and seemed the fresher at the end than at the beginning of the round.

Round 9.

Welsh forced the fighting, opening with the left to the face, an operation which he quickly repeated. Ritchie's blows continually falling short Welsh set a furious pace and got several in on the body and the best of the in-fighting. This was Welsh's round.

Round 10.

Welsh forced the fighting, scoring repeatedly on Ritchie's jaw. He then eluded one of Ritchie's famous arm blows. Welsh had the better of the fight thus far.

Round 11.

Welsh, who came up smartly, landed a sharp left on the face. Ritchie repeatedly led out hard left handers, but Welsh was always too quick for them. The Welshman scored three or four punches in this round, but they seemed to make no impression on the American, who showed great stamina.

Round 13.

Ritchie smartened up and landed two straight rights on the face and a sharp uppercut. The American forced the fighting all through the round. Welsh slowing up considerably. It was a good round, all for Ritchie.

Round 14.

The American got in a short hot left on the body. Later he repeated with the right. The fighting was fast and fierce to the end of the round. This, like the preceding round, was Ritchie's round.

Round 15.

The first half of the round was a hugging match, with both Hen working hard in the clinches, Welsh trying to wear his opponent down. There were a couple of rallies, but no damage was done. The round was even.

Round 16.

There was more infighting, each receiving a good tap on the face. The Welshman ducked a terrific right-hander. The fight continued a fine exhibition of boxing by Welsh, who played entirely on the face, while the American tried for a body knockout.

Round 17.

The men again went into a clinch at the sound of the gong. Upon breaking, Ritchie landed a hard left hand swing on the face and followed it with a series of sharp body blows. Ritchie rushed the fighting and appeared stronger. Welsh covered up well and was too quick for his opponent.

Round 18,

Ritchie bled from the lip. This was a very fast round in which strength against quickness continued to be displayed, but the Welshman got a little the best of it.

Round 19.

Welsh was getting all the applause being the favorite, but Ritchie was doing the fighting. Welsh landed a right to the face and got one in return. There was a smart rally, and the honors were even.

Round 20.

Both men mixed it freely and struck out with both hands. Welsh landed a right uppercut and towards the end of the round forced the American to the ropes. Welsh was carried out of the ring on the shoulders of his admirers when the referee proclaimed him the victor.

VOLUME XIV | NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, THURSDAY MORNING, JULY 9, 1914 | NUMBER 105

NANAIMO CLERKS TO AFFILIATE

Local Retail Employees Met Last Night and Agreed to Affiliate With Provincial Organization.

The members of the Merchants' Employees' Association of Nanaimo met last night to consider the advisability of affiliation to the Retail Employees' Organization of B. C., and upon a secret vote being taken at the end of the meeting it was decided that a branch of the Provincial organization should be created by affiliation.

The general secretary, Dan W. Poulpard, in setting forth the claims of the association, said that they were formed for the purpose of obtaining a weekly half-holiday and a limitation of hours by means of legislation and that the policy of the organization was to carry on its work in such a way that the best relationship might be retained between employer and employee. In all their endeavors, he said, they had always taken into consideration the intimate relationship which must exist between man and employer in the retail trade and because of this if for no other reason it was most desirable that the present good feeling shall continue.

In reference to the effort of the clerks in Victoria and Vancouver Mr Poupard said that they had it clearly demonstrated that legislation controlling the hours of employment in stores was more than desirable and that employer and employee were agreed on this point. The claims of his organization was that in order for effective appeal to be made to the Provincial Government it was necessary for the request to come from the retail employees in every part of the Province.

Mr. Poupard also pointed out that the advantages of affiliation were many and he directed the attention to the influence exercised by the professional associations towards the efficient and high moral conduct of their members. The doctors, solicitors, dentists, architects and other bodies had by organized effort brought their professions to a high degree of perfection and there was no reason in the world why the retail employees should nor raise their occupation to a much higher standard.

Mr. Herdman, a local employee, in contributing to the discussion in favor of the affiliation stated that he considered that the clerks of Nanaimo thoroughly appreciated the splendid way in which the local merchants had responded to the request of their employees and he considered that they enjoyed conditions not equalled in any other city in the Dominion of Canada they should do all in their power to assist the employees to obtain that which they were seeking. Personally, he said, he thought that it was highly desirable to obtain legislation, by so doing every clerk would be assured that no matter where he might seek employment there he would find conditions calculated to allow a reasonable amount of leisure with corresponding opportunity for personal development.

After several members of the clerks association had contributed to the discussion the vote was taken, the result being that the local employees will extend a helping hand to their less fortunate brothers in other cities.

The meeting closed with a hearty vote of thanks to Mr. Poupard for a very interesting address. In replying Mr. Poupard said that he was very favorably impressed with the local conditions in the stores and with the fine type of employees with whom he had come in contact during his all too brief visit.

WALKED IN SLEEP.

Washington, July 8.—Col. Frank L. Denny, retired, of the marine corps was almost instantly killed early today when he fell over a balustrade in his home to the floor below. The report to the police said he was walking in his sleep.

DR. COLERIDGE DEAD.

Woodstock, Ont., July 8.—Dr. Jas. Bruce Coleridge, former mayor of Ingersoll and a lifelong resident in Oxford county, died today. Ill-health necessitated that he give up the Conservative nomination for the legislature in South Oxford.

SPAIN VOTES SECOND NAVAL SQUADRON

Madrid, July 8.—Despite strong opposition by Socialist and Republican deputies the Lower House of Parliament passed yesterday by a large majority a bill providing for the construction of a second squadron consisting of four battleships and several minor vessels, to be completed in five years.

Premier Dato stated that the purpose of the government was mainly to keep the navy yards at Ferrol working, as any suspension in the naval programme would put several thousand men out of work.

TAKES OVER THE PATRICIA ROOMS

The dining hall and rooms of the Patricia Hotel, Haliburton street, have been taken over by Mrs. M. Logan, recently of Duncan and formerly of Scotland. There are thirty rooms in the Patricia, the majority of which are located in the annex, erected during the past year, and as a consequence are new and modern in every respect. The whole premises have been thoroughly renovated and Mrs. Logan expects to be ready to accept boarders by Monday at the latest, her rates being the popular charge of $1.00 per day.

Mrs. Logan should meet with success in her undertaking for she has had considerable experience in that particular line, having been proprietress of the Lennox Arms near Glasgow for a period of 23 years.

$200,000 FOR SALEM

Washington, July 8.—An amendment offered by Senator Hollis to the sundry civil bill, appropriating $200,000 for the relief of the Salem fire sufferers, was adopted by the senate without a dissenting vote.

TO RUSH RAILWAY WORK.

Ottawa, July 8.—The work of completing the National Transcontinental railway is to be rushed in order that the line may be ready for operation when this year's crop is ready for shipment.

DECREASE IN BRITISH TRADE

London, July 8.— The June statement of the Board of Trade shows a decrease of $187,000 in imports and $12,817,500 in exports.

KING JAMES POEMS

London, July 8.—At the Huth library sale today $405 was paid for a collection of poetical exercises by King James 1. Nearly seven hundred lots are catalogued for the four days' auction.

HON. GEO. CLARE ILL.

Ottawa, July 8.—Word was received today of the serious illness of Hon George Clare, M. P. for South Waterloo. He is to be taken to Battle Creek, Michigan, for special treatment.

MISSING MEN RETURN.

Oak Point, Man., July 8.— J. J. Millidge and Jahn Hines, the two well known Brandon men who went adrift in a small boat on Lake Manitoba Sunday, arrived here this morning safely.

PROMINENT AVIATOR KILLED IN LOOPING

Saumur, France, July 8.—Georges Le Gagneux, one of the best known aviators, was killed yesterday while attempting a double loop in the air. He had completed the second loop when the propellor broke as the aviator was finishing a glide on the wing, and the machine plunged into the river Loire.

SHIPBUILDING YARDS CLOSED.

Melbourne, Australia, July 8.—The strike at the All-Red graving dock has closed the state shipbuilding yards. The strike is the result of an old grievance against the harbor trust which refused to recognize the men's union. Three hundred men are affected.

EIGHT ARE ARRESTED ON ELECTION CHARGES

Haileybury, Ont., July 8.—Further arrests in Porcupine for alleged offences against the election act have taken place and a recount will be demanded. To date eight men have been arrested in connection with the election and it is understood that informations are now ready for the arrest of as many more.

WOULD DESTROY BURNS' COTTAGE

Members of Militant Suffragettes Place Bombs Against the Doors and Windows of Burns' Birthplace—Caught in The Act.

Glasgow, July 8.—An attempt to destroy the cottage at Ayr, where Robert Burns, the poet, was born, January 25, 1759, was made just before daylight today by two members of a militant suffragette "arson squad."

The two women were surprised by a night watchman as they were in the act of placing large bombs against the doors and windows of the poet's birthplace, which is venerated as a shrine by the Scottish nation. The man captured one of the militants, but the other escaped.

The women wore stockings over their shoes in order to deaden the noise and hide footprints.

The arrested woman gave her name as Janet Arthur. She created a scene when arraigned at the police court, fighting the wardens and shouting quotations from Burns' poems. She was remanded.

London, July 8.—The brief respite in the militant suffragettes' agitation ended today when Mrs. Emmeline Pankhurst resumed command of the forces of the Woman's Social and Political Union, at her London headquarters. Mrs. Pankhurst, who reoccupied the offices at noon, was, however, permitted to remain in active command of the militants for only a brief period.

When she emerged from her headquarters to go to lunch the police pounced on her and took her to Holloway jail.

Simultaneously with the reappearance of Mrs. Pankhurst, a violent scene was created in the Central Criminal Court, where Mrs. H. F. Alice Hall, Miss Grace Roe, Miss Julia Jameson and Miss Ellen Armes were brought up for trial for conspiracy. The charge against them was "conspiracy with others maliciously to commit damage and injury and to spoil certain real and personal property of the subjects of our lord the King."

SIMPLON TUNNEL FLOODED

Brigue, Switzerland, July 8.—The Simplon tunnel was inundated today by a subterranean stream which burst through the retaining wall, and flooded the tunnel to a depth of two feet. A train was derailed in the middle of the tunnel, but no one was hurt. The passengers were obliged to walk several miles to Iselle.

Workmen are now engaged in repairing the tracks and pumping out the water, and it is hoped that traffic will be re-established tomorrow.

The Young Ladies' Club of the Wallace street Methodist Church will meet at the home of Miss L. Morton, Alert street this (Thursday) evening at 7:30.

Mr. David Mottishaw returned yesterday from a business trip to the Terminal City.

PROFESSIONAL LACROSSE IS DEAD ON COAST

Vancouver, July 8.—Professional lacrosse came to an end far some time at least on the Coast today when the V. A. C. team of this city decided to hang up their sticks for the rest of the season. A meeting was held here tonight to consider the situation. The Royal City delegates wanted to continue the season, but the V. A. C. stated it was impossible for them to field a team. New Westminster expects a couple of challenges for the Minto Cup in the Fall, and will keep in condition for these fixtures.

TWO MORE BODIES FOUND

Quebec, July 8.—Diver Chinchen today, while working on the sunken Empress of Ireland at Rimouski, recovered bodies which have been identified as those of Brig.-General Hunter and his son. Divers Devine and Tucker also went down to make final arrangements for the drilling preparatory to the removal of the other bodies.

FUNERAL OF HENRY IVOR WOODCOCK

The funeral of Henry Ivor, the five-year-old son of Mr. and Mrs. T. Woodcock, Victoria Road, who was accidently killed by a falling chimney on Sunday last, took place yesterday afternoon from the family residence, Rev. Mr. Green conducting the services at the home and graveside. The pallbearers were five little boys, viz, Richard Jackson, Thomas Mawhinney, Robert Mawhinney, Leslie Mottishaw, Redvers Tunstall and Fred Quaggan and the floral tributes were many and beautiful expressing the widespread sympathy with the bereaved parents. The following floral tributes are acknowledged:

Wreaths—A. Spencer, Friend, J. Graham, Family, Daughters of Rebekah, Silver Leaf Temple Pythian Sisters.

Boquets—Mrs. Rowan, Mr. and Mrs W. J. Waters, Friend, Mrs. J. Perry, Mrs. Wilson, Mrs. Prime, Mrs. Edmindston.

Sprays—Fred. Robottom, H. Wal, bank, A. Tunstall, Mrs. H. Devlin, Mrs J. Weeks, Lily Adams, Friend, Mrs. Beck, Mrs. Wilson, Mr. and Mrs Philips, Mr. and Mrs. Boyce, Mrs. G. Johnson, Mr. and Mrs. H. Patterson Master R. Jackson, Mr. and Mrs. Austin, Miss L. McAllister, Mrs. W. Neave, Mr. and Mrs. S. K. Motti shaw, Leslie, Evelyn and Lillian Mottishaw, Mr. and Mrs. J. Gillespie, Mr. and Mrs. J. Devlin, Mrs. M. A. Rowe, Mr. Morgan (Vancouver), Mr. and Mrs. M. Robertson, Miss Hall Neen.

Globe—George Morgan and family.

KARLUK PARTIES BELIEVED LOST

Two Advance Parties of Eight Men Are Thought to Have Perished on Ice in Arctic Regions.

Ottawa, July 8.—According to a report just received by the naval department from Captain Bartlett, written from Nome, eight men of the lost Stefanson expedition steamer Karluk may have perished. These eight men left the Karluk in two parties of four each after the steamer was crushed. They were advance parties making for Herald Island, sixty miles away from where the Karluk was abandoned. Neither party rejoined the main party of fourteen which set out later and reached Wrangel island safely after great hardships. The advance parties were to have united with the main party at Wrangel Island, but when Captain Bartlett left Wrangel Island at the end of March for the Siberian coast, neither of the advance parties had been heard from, although it was hoped that they might have reached another part of the island and be in safety.

Until the relief ship goes to Wrangel island at the end of the month the fate of the eight men will not be known. In the first party of four which set out for Herald Island on January 21, were:

First Officer Alexander Anderson, of Fifeshire, Scotland.

Second Officer Charles Bartlett, of Victoria.

Seaman John Brady, of Victoria.

Seaman Archibald King, of Victoria.

In the second party which left the Karluk wreck on February 5, were:

Henry Beuchat, of Paris, the anthropologist of the expedition.

Surgeon Allister F. McKay, of Edinburgh.

L. Murray, of Noxfield, Hants, England, oceangrapher.

Seaman Thomas Morris.

Both parties were instructed to make Herald Island and thence cross the ice to Wrangle Island where they would prepare camp for the main body which started out on February 24. The main body took sixteen days to reach Wrangel Island after a very hard trip. Then they found drift wood for fuel and game for food but there was no trace of either advance parties.

Before Captain Bartlett left Wrangel Island it was arranged that a search party under Chief Engineer Munro should go to Herald Island to seek traces of the Anderson and McKay advance parties. No further news is expected until the relief ship returns in September.

ULSTER IS ON VERGE OF REVOLT

Greater Part of Province is Governed by Unionist Volunteers in Defiance of Premier Asquith.

London, July 8.—The Belfast correspondent of the Times writes as follows:

"I suppose the people in England think that Ulster must be following the debate upon the amending bill with intense interest. This is not so. These debates attract less attention here than they do in England. They are not regarded as having any influence upon the situation. The final and deciding word is neither with the Unionists at Westminster nor with the Liberals. It is with Devlin, Redmond and Dillon. I am asked every time I offer a discussion of the proceedings in Parliament:

"What is the use of these speeches and offers and amendments? They mean nothing so long as the Prime Minister us in the power of men openly hostile to his country.

"Already the greater part of the province is, for practical purposes, governed by Unionist volunteers. In defiance of the supposed authority of Premier Asquith, they have become an unconstitutional army which marches illegally through the public streets with arms brought in against the law and Premier Asquith admits feebly that he can do nothing.

"What if in addition to the reality of power the form of power should be seized also. The strain, as I have said, grows more galling. Leaders want to get back to their professions and business men are impatient. They have got their rifles. They are asking when they can use them. It is impossible for the "wait and see" period to last much longer. The thread can not be stretched more easily. The breaking point is near."

New York, July 8.—A London cable says:

"Advices from Belfast and Dublin are to the effect that keenest tension prevails. Both the volunteer forces are showing great activity and this has given rise to numerous alarms in several parts of Ulster that fighting is imminent.

RAINSTORMS IN GERMANY

Berlin, July 8.—Heavy rainstorms have caused great damage all over Germany. In Berlin the fire department was called out yesterday many times to save persons living in cellars from being drowned by the floods. The rain fell incessantly for twenty hours in this city, and portions are under water. In the central districts of Germany several persons were killed by lightning.

The Nanaimo Tennis Club will play the Parksville Tennis Club on the local courts Saturday, the local club being represented by the following playtrs: F. W. Brassey, Mrs. Rigby, R. E. Horsford, Mrs. Peto, R. F. Hunt and Miss Rose.

James Kelly, the oldest ex-prizefighter, died the other day of dropsy at Crenau, N.J., in his ninety-second year. He is credited with having fought a 101-round battle in Australia, finally winning the decision.

WELSH IS READY FOR ANY FIGHTER

London, July 8.—After the championship yesterday Welsh said: "It has been the aim of my career to win the world's championship. I have been patient and have made every concession to get the battle. I would have met Ritchie before, but he said I was a novice. I knew I was his master and I proved it. I will meet any fighter in the world, but I will be the dictator."

Ritchie said: "I am defeated, but not humbled. A good sportsman always wants the best man to win. Welsh earned the decision. I know I disappointed my friends, but I could not get going right. The strong arc light over the ring was too dazzling and I could not measure distance. I never fought before under such a glare and it affected my judgment. I am sure I can beat Welsh. He did not hurt me with a single one of his blows. I can punch him, and the result will be different next time."

ORANGE EXCURSION VICTORIA SATURDAY

The members of the local L. O. L. and Orange Lily Lodges will leave on Saturday morning next to take part in the Provincial celebration of July 12, which is to be held in Victoria on the eve of the famous anniversary. A band parade will take place through the streets of the Capital, and a program of sports will be held during the day. A special leaves Northfield at 6:50 a.m., Nanaimo at 7 a.m. Tickets: Adults $2.05 and children $1.05 can be had at the station after 6 o'clock Saturday morning.

WINNERS IN LOCAL TENNIS TOURNAMENT

The following are the results to-date of the tournament being held by the members of the Nanaimo Tennis Club:

Men's Doubles (final)—Brassey and Hunt beat Leighton and Barrington-Foote 6-4, 6-2.

Third round of Men's Singles—Brassey beat Horsford 6-2, 6-1.

Mixed Doubles (semi-final) — Miss Rose and Hunt beat Mrs. Rigby and B. G. Wickings-Smith 6-4, 6-1.

Result of Ladies' Singles (final) — Mrs. Rigby (owe 15) beat Miss Teague (scratch) 6-4, 6-2.

Miss Priestley and Brassey play Mrs. Leighton and Horsford Thursday afternoon.

Mrs. Rigby and Miss Teague (owe 15) meet Mrs. Leighton and Miss Rose (scratch) in the final of ladies' doubles on Friday.

CONSIGNEES WEDNESDAY.

J. H. Good, A. R. Johnston, D. Spencer, Daily Herald, Rawlinson & Glaholm, Tong On, A. J. Smith, L. Manson, D. H. Beckley, E. Quennell, P. Burns, Thompson & Cowie, Union Brewing Co., Workman's Co-Op., J. Gordon, Hayward & Dods, Beattie & Hopkins, Ed. Devlin, M. A. Rowe, H. Vaughan, Jancowski Bros., Randle Bros., P. Bennett, J. Hirst, Van. Nan. Coal Co., W. Hoggan, City Nanaimo, J. A. Hyndman, G. S. Pearson, Daily Herald, G. Cohen, Tom Long, Nan. Cafe, W. H. Morton, W. H. Ganner, Thompson & Cowie, M. A. Rowe, W. J. Pollard, J. Sampson Union Brewing Co., Hygh Bros., J. Madden, W. Seigler, Nan. Hardware, Rawlinson & Glaholm, J. S. Brown.

FOR NATIONALIST VOLUNTEERS

London, July 8.—Fully seventy per cent. of the funds for the Irish Nationalist Volunteers are coming from the United States, according to the London Standard. The financial end of the movement will be controlled systematically from the headquarters in New York. A committee of wealthy Irish-Americans will shortly tour the south of Ireland with the object of obtaining first-hand knowledge of the home rule army.

TO REMOVE DEATH PENALTY.

Sydney, N.S.W., July 8.—The governor's speech at the opening of the New South Wales Parliament contained probably the most comprehensive list of subjects ever presented in any Australian State Parliament in recent years. Two interesting proposals are the abolition of the death penalty, and the removal of sex disability for representative institutions including Parliament and municipalities.

ORANGEMEN'S CELEBRATION

Members of Nanaimo L. O. L. and Orange Lily lodges have completed arrangements for their visit next Saturday to Victoria, which will be the Mecca of Orangemen of British Columbia this week, representatives from practically all provincial centres assembling there on that date and dispersing Sunday night. Arrangements for the appropriate celebration of the 224th anniversary of the Battle of the Boyne have been made by the local management committee, and the present indications are that it will, as in former years, be a pronounced success.

BARRED FROM PICKETING

Stockton, Cal., July 8.— Labor unions today lost the first round in the labor fight now going on in this city when Judge C. W. Norton in superior court decided in favor of two restaurant men who had asked for a permanent injunction preventing labor men from picketing their establishments.

BUTTE MINERS ARE ARRAIGNED

Crowded Court Room Hears Six Miners Charged With Participating in the Recent Rioting—Prisoners Heavily Guarded.

Butte, Mont., July 8.—In a crowded court room, six of the men recently arrested on charges alleging participation in one form or another in the recent disturbances and riotous conduct in and around the miners' union hall appeared before District Judge Michael Donlan for arraignment. The prisoners were brought into court in two squads, under a heavy guard of deputy sheriffs.

"Red" Foley, who was arrested on a charge of grand larceny in having taken $1,000 said to have been in the Western Federation of Miners' safe after it had been dynamited by a mob informed the court that he had no money to employ an attorney. The court then appointed one. Bond of $5,000 was fixed and Foley sent back to jail. The court informed Foley, as he did the others, that he would have until the first Saturday in August to enter his plea.

The cases of James Allen and Tom Nolan, arrested on a charge of participation in a riot, were continued, as a question of jurisdiction was involved. Both are out on bail.

William Usury had his little child in his arms when he entered a plea of not guilty to a charge of carrying concealed weapons.

John Tomich pleaded not guilty to a charge of robbery, and his bond was fixed at $5000 Mike Milir pleaded not guilty to a similar charge.

The two, it is alleged, on the night of June 23, entered the Stewart mine and stole a quantity of dynamite, which, it is alleged, was afterward used in the wrecking of the miners' union hall.

The condition of Mayor Lewis J. Duncan, who was stabbed last Friday in an attempted assassination, tonight was reported as worse, although the attending physician said that the patient's condition was not yet dangerous.

An open verdict was returned tonight by seven members of a coroner's jury in the case of Ernest J. Noy, who was killed in the rioting of June 23, when the local headquarters of the Western Federation of Miners was destroyed by dynamite. The verdict was that Noy met death from the effects of a bullet fired from a gun held in the hands of persons unknown to the jury.

A supplementary verdict, filed by four members of the jury, a majority of the body of seven, read as follows:

"We, the undersigned, a majority of the jury, further find that said unknown person stood at a window of the second story of Miner's Union Hall, city of Butte."

The jury had been hearing evidence in connection with the killing of Noy since June 27. Everybody who entered the coroner's chamber was first searched for arms.

GERMANS TO COMPETE FOR THE DAVIS CUP.

Berlin, July 8.—The German lawn tennis league has decided again to take part in the competitions for the Dwight F. Davis international lawn tennis trophy, and will send a team to the United States to meet the Australians.

Early in the year Germany sent in a challenge for the cup, but a few weeks later notified the United States National Lawn Tennis Association that it would withdraw the challenge.

This caused much disappointment and Otto Froitzheim, the German champion, who is in the best form, is now endeavoring to induce Robert Kleinschroth to accompany him to the United States if Frederick Rahe and Henry Kleinschroth should be prevented from doing so.

ALASKA RAILROAD LAW REPEALED FOR NEW TAX

Washington, July 8.—The Alaskan railroad license law was repealed by the senate today and an income tax of one per cent. on gross earnings in addition to the normal income tax was enacted. The bill has passed the house and awaits the president's signature. Penalties running into hundreds of thousands of dollars under the old law were annulled.

BOARD OF TRADE

The Board of Trade is to be commended for the concessions it has obtained from the C. P. R. officials. For some time now it has been in communication with the company in reference to the facilities for shipping and unshipping automobiles at the local wharf. There is quite an automobile traffic through the city in summer. A large number of visitors come from the mainland, and their general itinerary is either to cross from Vancouver to Nanaimo, and then make the tour of the Island, or land at Victoria and return to the Mainland from here. The facilities for landing or shipping an automobile at the company's wharf were, however, inadequate and inconvenient. It was only at certain stages of the tide the operation could be effected. This was not only a great inconvenience to the motorists but a drawback to the city. The Board of Trade, accordingly took the matter up and better facilities are to be provided which will make it an easy matter to land or ship a car at any state of the tide. With this accomplished, the Board of Trade has now taken up another complaint connected with the approach to the wharf At present hacks, taxis, automobiles, and expresses all drive right down to the wharf, and among them pedestrians do not get very much consideration. The Board of Trade is now suggesting that the company put down a special approach to the wharf for pedestrians only. Such an approach is provided at Victoria, and if it is possible no doubt the company will put one in here. If for any reason at all the suggestion is impracticable then something might be done in the way of regulating the vehicular traffic. Neither at Victoria nor at Vancouver are vehicles allowed on the wharf itself, and pedestrians thus get a clear right of way. In any case it is a matter which required to be taken up, and the Board of Trade is to be congratulated on its good work in the public interest.

HILLCREST INQUIRY

The investiagtion which is being held into the explosion at the Hillcrest mine has so far elicited nothing in the shape of a satisfactory explanation of the disaster. Counsel for the miners has been trying to ascertain from the witnesses the exact number of men at work in the four sections of the mine. His object apparently is to find out whether or not the ventilation was up to the standard required by the Coal Mine Regulation Act. If there is any point to this line of inquiry then the mine must have been ventilated very close to the margin. It should be very easy to account for all the men in each section with the exception of a few company hands, whose whereabouts it might be very difficult to place. There has on the other hand never been any complaint of the ventilation recently, and there ought to be records both of the amount of air circulated in each section and the number of men dependent upon it. There also seems to be an impression outside that the mine was exceptionally dusty. There has been nothing in the evidence to support this. At the same time we have not noticed that there was any system of watering or sprinkling. This is rather strange in a field which is generally credited with making considerable dust. There is little chance of ever learning exactly how the explosion occurred. It should be established, however, whether the normal condition of the mine was such as to render an explosion extremely improbable. If this can be established before the board of inquiry then the only conclusion is that some abnormal change in the usual conditions must have been rapidly developed for such a terrific explosion to have occurred. In this case the cause is more or less wrapped up in mystery and mining knowledge and science are at fault. If, on the other hand, the mine was dangerous under the best conditions, the need of more stringent regulations and precautions stand out more than any thing else. It ought to be possible to prevent such terrible disaster as that at Hillcrest.

THE IRISH TANGLE

The Asquith Government received another disagreeable shock on a division on the finance bill. The shrinkage in the majority was caused by the deliberate abstention of over twenty Liberal members. These are said to belong to what is described as the "millionaires cave." The true inwardness of their action has not been explained. It looks as though these insurgents are the same who forced the amendment of the Budget. They have presumably paid as much for whatever political principles they possess as they are going to do. With mutiny threatening from within and the Irish question dragging and drifting no man knows whither Asquith occupies anything but an enviable position. Lord Roberts declared in the Lords that in certain circumstances the army cannot be depended on. The Carson forces have succeeded in smuggling in a cargo of machine guns, and the Nationalist volunteers are increasing in numbers every day. Possibly no man would be more relieved over Asquith's defeat than himself. Upon the Unionists would devolve the settlement of the Irish question. They would be handicapped by all the precedents they have established. The liberty and license they have claimed for the Covenanters they could not refuse to the Nationalists. If it is right to fight to the death against Home Rule it is just as right to fight to the death for it. The army, we are told, cannot be depended on to effect the coercion of the Ulster. This can hardly mean that it can be depended on to effect the coercion of the rest of Ireland. The Unionists would be in even worse case than Asquith. The whole situation is hopelessly tangled up, and it certainly would prove no easier for Balfour than it has done for Asquith.

Scottish militants are reported to have attempted the destruction of the Ayreshire cottage in which Burns was born and which has been kept as the shrine of the great national singer. They were surprised in the act of laying fire bombs against doors and windows and one of them was captured. Had the attempt succeeded Ayreshire and indeed all of Scotland would have been a very unhealthy place for militants.

Professor Charles J. Bullock, of Harvard University, has been in Vancouver looking into the operation of the system under which improvements are exempted from taxation. He calls it the Vancouver system, which is not fair to Nanaimo, where the system origionated, or to the dozen or more municipalities that have adopted it.—Colonist.

Australia is living up to its reputation as the home of experimental legislation. The present government among other things proposes to abolish capital punishment. This, of course, is not so very original, and the wonder is that Australia has not tried it long ago. Another measure to be brought before Parliament will be the removal of sex disability for representative institutions. If the bill passes Australia will have not only women voters but women members of Parliament and women councillors. This is an experiment which will be well worth watching.

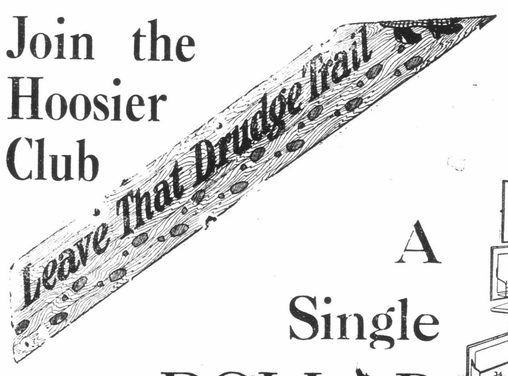
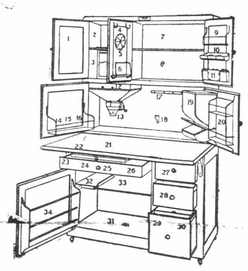
WILL REMODEL THE HOUSE OF LORDS

London, July 8.—With the announcement made in the House of Commons yesterday by Premier Asquith that the plans of the government for the remodelling of the House of Lords would be presented to parliament before the end of the present session, considerable interest has been revived regarding the lines that the proposal takes for the constitution of a new second chamber to take the place of the House of Lords. It is not expected that any attempt will be made this session, following the introduction of the proposals, to translate them into law, but they are being made in accordance with a promise made in the king's speech at the opening of parliament.



While the scheme is not yet complete it is known that the hereditary principle, which even many Unionists oppose, will be largely or entirely eliminated, and that the other churches of the kingdom will be given similar representations to that now enjoyed by the Established Church of England. What the Liberal party, except those opposed to any second chamber at all, aims at is to secure that the new second chamber shall, to a large extent, be in union with the House of Commons In order to obtain this it is probable that every freshly elected House of Commons will have the right to nominate a certain proportion, perhaps one-third of the second chamber. Thus if a House of Commons is Liberal, so will the other branch of the legislature, and, if, on the other hand, it should be Conservative, it will be able to constitute the second chamber in harmony with its own views.

As the house of Commons is becoming more and more a house of groups, it would follow that the various groups would have representatives in the second chamber, and England may yet live to see Laborites, Socialists and even Irish Nationalists seated on the benches now sacred to the peers of the realm.

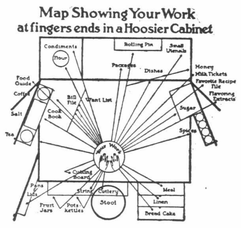


LABOR LEADER COMING

London, July 8.—Phillip Snowden the well known labor leader and member of parliament for Blackburn will, with his wife, sail for Canada on the Virginian.

Join the Hoosier Club

A Single DOLLAR



Admits You and 22 Others

The famous Hoosier Cabinet saves you miles of steps. It is insect-proof and mouse-proof. Every part can be scoured—every part can be sunned—every corner can be reached. You don't WALK for things—you simply REACH for them.

Two members have enrolled their names already and paid their enrollment fee of $1.00. This club fee of $1.00 entitles members to a Hoosier Cabinet in regular order of enrollment. Payments of $1.00 are made each week until the full amount of the special club price is paid.

The "Hoosier" Store has permission to form a Hoosier Cabinet Club of members, each of whom gets these SPECIAL FACTORY MADE TERMS AND PRICES. Enroll your name and become one of the twenty-five members. $1.00 secures the delivery of a Hoosier Cabinet immediately when you join the club. The Hoosier Company supervises this sale. The demand for Hoosier Cabinets on this remarkable offer has been so great that our entire allotment will be gone long before we expect it. Only those who come early and enroll their names quickly will get the advantage of this sweeping opportunity.

Map Showing Your Work at fingers ends in a Hoosier Cabinet

You and Your Kitchen Book Free

A limited shipment of the famous "Model Kitchen Book" has been sent to us. Each lady who visits the store before this supply of books is gone will receive one of these famous books without charge, regardless of whether she joins the club or not.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
N. B.—Unauthorized publication of this advertisement will not be paid.

Wire Wounds

My mare, a very valuable one was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Reid advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo, or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.

DISMANTLE CHALLENGER

Gosport Eng, July 8—Dismantling of Shamrock IV., Sir Thomas Lipton's challenger for the America's cup began today. The designer expects that the yacht will be ready to start on her voyage across the Atlantic two weeks from today.

Sealed Tenders addressed to the undersigned and endorsed "Tender for Quay Wall and Excavation at Victoria Harbor, B. C.," will be received at this office until 4.00 p. m., on Monday, July 27, 1914, for the construction of a Quay Wall and Excavation at Victoria Harbor, B. C.

Plans, specification and form of contract can be seen, and forms of tender obtained at this Department and at the offices of the District Engineers at Victoria, B. C.; New Westminster, B. C.; Confederation Life Building Toronto, Ont. and Shaughnessy Building, Montreal, P. Q.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

NOTE:—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of $25.00 made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.

PROTECTION OF FORESTS

A perpetual timber supply, resulting from systematic methods of cutting is commonly, and correctly, supposed to be the chief purpose of making forest reserves.

Another purpose, scarcely, if at all inferior, is that of regulating the run-off from the water-sheds of rivers on which, on account of the fact that the land is unsuited for farming, through its being too poor in quality or too rocky, or being at too high a level and so exposed to frosts trees form the most profitable crop.

Forests maintained for this latter purpose are called 'protection forests.' Possibly the best example of such a forest, and certainly the largest protection forest in the world, is the Rocky Mountains Forest Reserve in Alberta, which now has an area of 20,896 square miles.

Fortunately the Dominion Government early recognized the value of such protection forests, and, by the creation of forest reserves in the west the great rivers of the plains having their source in these water-sheds, were saved from the disastrous floods the low-water stages, and the filling up of the river-beds with eroded soil so characteristic of the rivers originating in the denuded water-sheds of the eastern United States.

In this latter region many areas in the Appalachian mountains, which cover a large part of Pennsylvania, Virginia, the Carolinas and other States were very severely cut, and have been repeatedly swept by fire, so that the forests have been repeatedly destroyed. When rain falls on such an area, the water runs off almost immediately; if, on the other hand, the area were covered with forest, the soil would be more spongy and able to retain water, and the water would be hindered in running off by the tree-roots and the debris on the ground. Moreover, the water, in its rapid run-off, gradually takes with it the soil, and, where the soil covering the rocks is thin, it is apt to be washed away entirely. Hence there is lost any possibility of growing a new forest on the now bare rock. The soil carried away eventually found its way to the larger rivers and harbors, and did actual harm by silting these up. The increased irregularity of flow in the streams—excessively full in spring and as scanty in midsummer—greatly lessened the value of the water-power situated on them. Accordingly an agitation sprang up to take steps to reafforest such areas as above referred to, and after some years the Weeks bill was finally passed in 1911, setting aside $11,000,000 'for the purpose of conserving the navigability of navigable streams,' by buying up and ultimately re-afforesting the denuded areas on important water-sheds. At present over five and a half million acres in the Appalachians have been purchased or approval for purchase.

The right of the Federal Government to expropriate such lands by purchase hinged on the power of promoting navigation, given by the Constitution. In Canada the Dominion Government was also given the regulation of navigation by the British North America Act of 1867, and it has been suggested that, in those parts of eastern Canada where waste water-sheds clearly exert a detrimental influence on the navigability of rivers, the Dominion Government should co-operate with the provincial governments in these establishing and conserving forest growth. Such a water-shed is that of the Trent river, where, according to a report lately issued by the Commission of Conservation, as the result of repeated fires, about 150,800 acres are practically desert land. The Trent Valley canal which passes through this region has already cost the Dominion Government upwards of $10,000,000, and, as the above report points out, the re-establishment of a forest cover on this denuded water-shed for the conservation of water-supplies is one of paramount importance to the canal. The remedy for the many evils following deforestation as pointed out in this report is the carrying out of a policy of conversation under Dominion, provincial or municipal control.

FRENCH OPEN TITLE

Le Touquet, France, July 8.—The French open golf championship was won yesterday by a young and practically unknown player, J.B. Edgar of Newcastle-on-Tyne, England, whose score was 288 for 72 holes.

Harry Vardon, British open champion, finished second with 294; Edward Ray, former open champion of Great Britain, third, with 295; John H. Taylor, British open champion for 1913, fourth, with 296, and . James Braid, fifth, with 301.

Marty O'Toole appears to be valued at 30 cents, marked down from $22,500.

Practical Fashion Hints

By Alice Gibson

Soft shirts will be favored by men this season more than ever before. They are being made up in the usual shirting materials and silks, crepe de Chine, China silk, etc., instead of the plain colors to which we have so long been accustomed, many of the new shirting silks show rather bright stripes on plain grounds; blue, pink, lavender, etc., on white.

This model No. 5848 is simply cut and may easily be made at home. It has a yoke back, detachable high or turned-down collar and the sleeves are finished with French cuffs.

To make this garment in size 34, requires 3 yards 36-inch material.

Pattern is cut in 11 sizes: 24 to 46.

This Is a Perfect Pattern.

In selecting this pattern, one must be governed entirely by the neck and breast measurements.

The pattern may be obtained by sending name and address, pattern No. and size and fifteen cents to DAVID SPENCER, LIMITED.

VOLUME XIV — NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, SATURDAY MORNING, JULY 11, 1914 — NUMBER 107

A NEAR RIOT IN CHINATOWN

Row in the Nanaimo Chinese Theatre Results in Yick Chong Being Put Out of Commission--Hurry up Call For Police.

Quong On is the manager of a theatre in Chinatown.

Thereby hangs a tale, a tale that had its origin last night in a near riot in Chinatown, a call for many policemen, a doctor, cabs, and other accessories of things exciting.

It appears that Chinamen have their likes and dislikes regarding things theatrical, and Nanaimo's Chinatown is no exception to the rule Last night some sons of the Orient threw eggs of ancient vintage at some of the performers in the Chinese theatre, much to the delight of one faction of the audience and the chagrin of the others.

Quong On, as becomes a good theatrical manager, deeply resented this and started out to find the culprit. Rightly or wrongly he connected Yick Chong with the unfortunate incident and, it is alleged, went after Yick in approved modern fashion. After the smoke had cleared away Yick had a scalp wound and a fractured rib.

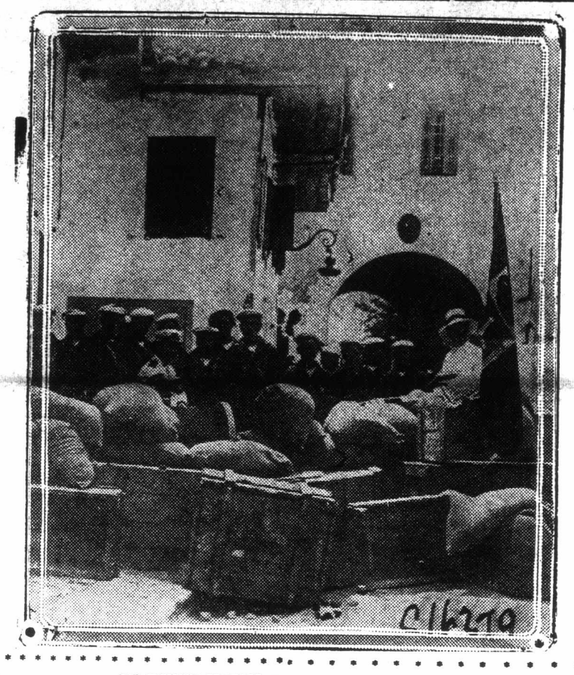
Yick Chong is some "potatoes" in Chinatown and likewise some mogul in Nanaimo by reason of owning considerable downtown Commercial street property. At any rate as a sequel to the affair a hurry-up call came for police, doctors and cabs. All three signals of distress left for the scene of activity where arrival at Chinatown found conditions somewhat disturbed with several hundred Celestials crowding the streets and conditions generally unsettled. Dr. McPhee, who was picked up by the minions of the law in their rush to the scene of active riot repaired Yick Chong and the police finally succeeded in restoring normal conditions.

All of which shows that the life of the manager of a Chinese theatre in Nanaimo is somewhat strenuous and not without its romantic features.

What the aftermath of the affair will be is left to delightful surmise, but it will probably be aired in the Police Court as Yick threatens to have Quong arrested for assault.

GIRL GUIDES MADE GOOD IMPRESSION

The concert given in the Assembly Hall last night by the Nanaimo Corps of Girl Guides was an unqualified success, both in attendance and the showing made by the Guides in their work.



Rev. Dr. McLennan was chairman of the evening, the program being carried out as advertised in these columns in yesterday's issue.

During the course of the evening Miss New read an excellent paper explaining the work of the Guides and outlining the routine of camp which will commence next Sunday at Parksville.

HENRY REIFEL IN AUTO ACCIDENT

Mr. and Mrs. Henry Reifle and their small son were severely bruised Thursday night when the automobile in which they were riding collided with a car driven by Dr. J. R. Atkinson at the corner of Heather street and Twelfth avenue, Vancouver. Construction work at the hospital, it is said, prevented the occupants of either car seeing the other, and made the accident unavoidable. Mr. Reifle's car overturned and he, Mrs. Reifle and the boy were thrown to the ground. They were removed to their home at 1272 Twelfth avenue, where they received medical attention. While pained the injuries received in the accident are not serious.

Provincial Constable Taylor was injured last night when the horse he was riding stumbled on Commercial street throwing the rider heavily to the ground. While the constable was not seriously injured his bruises were most painful.

IN REVOLUTION R IDDEN ALBANIA

The western hemisphere is not alone in the honor of nursing a rebellion in her midst for Europe is the scene of revolt as well. The new King of Albania, Prince Willi am of Weid, is having a difficult time in remaining on his throne. Almost from the time he landed at Durazzo, the Albanian capital, str ife and discord in the little kingdom has been rampant. The pho tograph shows a company of Italian soldiers throwing up a tempo rary brestwork in front of the Italian legation in Durazzo, before the last attack which the rebels made on the city.

ULSTER ARMY IS READY

Ulster Volunteers Give Carson a Free Hand to Take Whatever Action He May Think Necessary.

Belfast, July 10.—"The provisional government" formed by the Ulster Unionists at its first meeting today gave Sir Edward Carson a free hand to take whatever action he may think necessary in calling the Ulster volunteers to arms. The men were declared ready for mobilization at a moment's notice.

Sir Edward, in a speech, said the time had come for the loyalists of Ulster to translate their words into action. He said something must be done to compel the British Government to make up its mind. Ulster, he concluded, was anxious for peace, but was not going to accept peace with surrender.

London, July 10.—At this moment the provisional government of Ulster is in session at Captain Craig's residence near Belfast. It is expected that an important declaration will be forthcoming, probably asserting the authority of the junta in the provinces. This may be made Sunday July 12th, or even earlier. Grave fears are entertained of a clash between the Imperial forces and the Ulster volunteers.

London, July 10.—Sir Edward Carson, before leaving London last night for Belfast expressed deep regret that he was going to Ulster without any token of peace and good will from the government. He further said he had received extremely alarming reports of an intense desire in Ulster for immediate action, and he will judge for himself how near it is to the breaking point.

Hon. Walter Long, who went with Sir Edward Carson deplored the fact that the government, "have made no effort in the debate in the House of Lords to meet the situation."

"I look upon all this talk of the government now as a sham," he said "I am glad to be going to the north of Ireland where we are up against facts. The only solution I can see is a general election."

The following vessels have coaled at the wharves of the Western Fuel Co. during the week: Alert, bunkers; Czar, bunkers; Tepic, bunkers and scow; Forest, scow; Celtic, bunkers; Moonlight, bunkers and scow; Haro, bunkers; La Touche, cargo; Flamingo, bunkers; Westham, bunkers and cargo; Eastham, cargo; Setos, bunkers; Gray, bunkers and cargo.

For carrying invalids over stairs a New York man has patented a chair with handles on top of the back and near the bottoms of the front legs.

PROVINCIAL APPOINTMENTS

Police Magistrate W. H. Whimster, of Fernie, has been given jurisdiction in the small debts court for that city. John Mahoney and Allan P. Grant are appointed registras under the Marriage act in Vancouver in place of A. B. Pottenger and J. E. Dockerill. The appointment of F. W. Vincent, A. C. Fraser and Wm. Blakemore as members of the board of directors of the Jubilee hospital for the year ending June 30, next, is gazetted this week.

BIG STORM AT GUAM.

Washington, July 10.—A typhoon which was the heaviest in the harbot at Guam for years and caused cobsid rable damage to crops was reported today in dispatches to the navy department from Captain William Maxwell, commander of the naval station and Governor of Guam. No lives were lost. A shortage of rice and corn is expected to result.

"KIDDO" WILSON RELEASED

Spokane, July 9.—Fielder Jones, president of the Northwestern Baseball League, announced today, the release of Umpire Wilson, familiarly known as "Kiddo" Wilson. He formerly was a Northwestern League pitcher.

AUSTRALIA TO SEND WARSHIP.

Sydney, N.S.W., July 10—The minister of defence has requested the American government to notify him definitely of the date of the naval parade in honor of the opening of the Panama Canal and the place at which the fleet will assemble, as Australia intends to send a warship.

FITTING NEW KING'S PALACE

Berlin, July 10.—A dispatch from Nenweid to the National Zeitung today says the palace formerly occupied by Prince William of Weid is being refitted. Large quantities of furnishings have been received there during the last few days from Durazzo, Albania.

GLUTTED LABOR MARKET

Brokenhill, July 10.—The local branch of the Australian Miners' Association has passed a resolution saying that it is desirable to prevent Englishmen and others from coming to Australia and flooding a labor market that is already glutted.

The A. R. Johnston & Co's baseball team visited Nanaimo River on Thursday and defeated Nanaimo River Consolidated by a score of 28 to 8. W. Martin and Harold Johnston were the battery for the victors.

MAYOR FORBIDS PARADE

New York, July 10.—A parade proposed by Alex. Berkman, the anarchist, and his associates, in honor of the three men who lost their lives in the east side tenement house explosion last Saturday was forbidden today by Mayor Mitchell.

Mrs. J. M. Greenshields, of Nanaimo is visiting relatives in Courtenay.

OPERA HOUSE IS REMODELLED

Will be Reopened Tonight After a Several Weeks Close Down During Which Time Extensive Alterations Have Been Made.

The Opera House will reopen tonight after extensive alterations through which the appearance of the house has been entirely changed. While everything will not be completed by any means tonight still enough will have been done so that patrons will hardly know the place. When the plastering has entirely dried out and the decorations finished the place will present as pretty an interior as any in the city.

Tonight a full orchestra will be present and pictures will be shown. In addition to this there will be singers. On Monday night the Vim Moore Stock Company will be here for a week's engagement. Popular prices will be charged and no doubt the house will do a big business.

Mr. Nichols has had a small army of men working day and night to get ready in time to handle the pay day crowds. Work was carried on all last night and the place should be in shape tonight.

ROWBOAT SINKS; FOUR DROWNED

While Crossing A River Boat Sprung Aleak and Occupants Were Precipitated Into Water—Four Were Swept to Death.

Brantford, Ont., July 10.—Details have come to hand of the drowning accident at Onondoga, ten miles from here, late last night. Thomas Garnet, a prosperous farmer with his two children, Mansell, aged 8, and Leona, aged 6, and a friend, little Myrtle Reid, of West Brantford went out in a rowboat on the Grand River. A hired man, a foreigner, went in for a swim at the same time and was half way across the river when the boat, skringing a leak, went down and threw all the occupants into the water. The hired man made for the boat and rescued one of the little ones. He started for shore but was forced to let go, being exhausted.

TO CHANGE NAME TO PARKSVILLE

In deference to the request of the residents of Parksville and in order to avoid confusion with McBride, a growing point on the line of the G. T. P. railway, the Esquimalt and Nanaimo railway will abandon the use of the name McBride junction for the point where the west coast line leaves the east coast, and the depot will be known as Parksville junction.

Steel having entered Courtenay this week, and the ballasting gangs having kept close behind, the actual completion of the line will be made in a few days. Application has been made for inspection by an engineer of the Railway Commission on Wednesday, and formal notice of approval, so that a passenger service may be inaugurated, will follow shortly.

The line is in good condition and fast time will be made from Parksville. The depots at Qualicum Beach Union Bay and Courtenay are well advanced, these points being the principal stopping places. It has not yet been finally decided what other depots will be established, as the company's officials want some further data on the amount of traffic which is likely to offer. Meanwhile flag stations will probably be inaugurated by the beginning of August.

A public temperance meeting will be held in the Good Templar's Hall Wednesday next at 8 p.m. Rev Dr. McLennan of St Andrew's Church will address the meeting, and all are cordially invited to attend.

Mr. Alex Fraser of West Nanaimo returned yesterday from a business trip to the mainland.

NEW HEIR TO AUSTRIAN THRONE

The Archduke Charles Francis Joseph of Austria, who by the assassination of his uncle the Archduke Francis Ferdinand becomes the heir to the Austrian throne. The Archduke is shown in the photograph with his wife, the Archduchess Zita, formerly the Princess of Parma, and their two children. The boy standing in the photo is the older son now about two years old, and will inherit the succession from his father. The children of the late Archduke Francis Ferdinand, cannot inherit the succession because of a promise he made to the Emperor when he contracted a morganic marriage with the Princess Sofie of Chotek. The Archduchess Zita is an accomplished musician and linguist and the favorite of the aged Emperor Francis Joseph.

SHERIFFS OF PROVINCE

In accordance with the statutory requirements for publication during the month of July of the full name and post-office address of each of the sheriffs in British Columbia with the limits of his bailiwick, the current issue of the B. C. Gazette contains this information in regard to the eleven sheriffs who have jurisdiction in the eight judicial counties of the province.

TRUST COMPANIES

Westminster Trust company, New Westminster, has been registered under the Trust Companies Act. Armstrong-Okanagan Land Company Ltd; London and Vancouver Investment Company Limited, and Sterling Security Company Limited, which were all doing a trust company business formerly, have decided to eliminate that feature of their business hereafter.

PICNIC THURSDAY

The Presbyterians and Wallace street Methodists of Nanaimo are uniting to hold their annual picnic at Nanoose Bay on the 16th of July. This will be the picnic of the season. The E. & N. Railway are making arrangements to handle 3000 people, and will have more cars available so as to have no crowding if all Nanaimo goes. There is plenty of room on the grounds for thousands.

To all Sunday Schools of Nanaimo also Brechin and Wellington, kindly take this notice as an invitation to this picnic. All children who belong to any Sunday School will be allowed to compete in the sports of which we have a good programme. Hot and cold water on the grounds free to all.

Trains will leave Nanaimo at 9:30 a.m. and 1:30 p. m., stopping at Northfield and Wellington. 1t

The regular monthly meeting of the Nanaimo Agricultural Society was held on Thursday evening. Routine business was transacted and the society intends to put up a building for dog shows, 100 x 32 feet, building to be started immediately. Prize list and entry forms will be out in the course of a few days and can be had by applying to Joseph Booth, president, and J. Isherwood, secretary, and also to the Nanaimo Creamery for the benefit of farmers residing in the district.

TRACED BY FINGER PRINTS

Chicago, July 10—Finger prints on the axe with which four persons were killed Sunday night as they slept in their home at Blue Island, a suburb, today strengthened the belief of the police that the crime was committed by Peter Buchankow, who escaped feom an insane asylum July 3.

FEDERALS LOSE STRONGHOLD

Important Seaport on Mexican West Coast Fell Into Hands of Rebels---Unnecessary Slaughter Prevented

Saltillo, Mex., July 9.—Via Laredo, Tex., July 10.—Guaymas, one of the most important seaports on the Mexican west coast, was evacuated by federals today, according to advices to General Carranza.

The Constitutionalist commander investing Guaymas was authorized to agree to an armistice until the federals should leave the city by boats, the truce being to save property of noncombatants and unnecessary slaughter.

General Carranza has authorized Alvarado to establish a municipal government immediately at Guaymas. It is understood the terms of evacuation announced here in advance yesterday were carried out, by which the American naval vessels in the harbor guaranteed the armistice with a promise also that after it was over the federal gunboat would not bombard the newly-established constitutionalist garrison.

Mr. L. Warn, of the Warn Land Co. returned last night from a visit to the Pitt Meadow oil fields where he inspected the property and drilling operations of the Pitt Meadow Oil Co., of which he is the local agent. Mr. Warn says he thoroughly satisfied himself that extensive operations are in progress there and that the people behind the venture have faith in their project and every expectation of meeting with great success.

ALASKAN SUICIDES WHEN PROPOSAL IS REFUSED.

Fairbanks, Alaska, July 10—Benjamin Howland, for 14 years a resident of Alaska, committed suicide by taking poison early yesterday morning on the street in front of the residence of Miss Barbara O'Conners, a nurse at St. Matthew's hospital, after she had refused his proposal of matrimony.

ROBLIN GOVT. IS SUSTAINED

Incomplete Returns Indicate Return of Conservatives to Power in Manitoba—Was a Brisk Campaign.

Winnipeg, Man., July 10.—While complete returns are not yet in there is no doubt the Roblin government has been sustained by a small majority. At midnight the Liberals claim a tie of 21 seats each, with four seats still in doubt and three deferred. The Conservatives at midnight claim the election of 25 Conservatives and admit the return of 21 Liberals with three elections deferred.

It is almost a foregone conclusion the three deferred elections will go with the Government.

The campaign was a bitter one. The usual charges of impersonation were made by both sides. At the instance of the Liberal scrutineer, William Davis was arrested on warrants charging him with perjury. He took the oath when challenged, it is alleged, and voted under another name.

Both parties are getting the vote to the poll early today all over the province, and no less than fifty per cent of the registered voters had cast their votes in the city of Winnipeg before noon.

The new Manitoba House will have 49 seats as against 42 in the last legislature. The standing following the election of 1910 was: Conservatives 28, Liberals 13, but the government strength was increased by the addition of Dr. Orok, elected by acclamation for the new constituency of Le Pas. There have been seven by-elections since 1910, government candidates in each case being victorious. Four of these by-elections went by acclamation.

Many changes have been made in constituencies by redistribution of January, 1914. In Winnipeg, four constituencies have been merged into three and two members have been granted to each. The added territory is also given increased membership. Le Pas, which embraced the whole of the northland, being split into Le Pas, Norway and Split Lake and Nelson and Churchill.

NANAIMO GARRISON TO MANOEUVRE

The recent manoeuvres in which the Civil Aid Forces of Nanaimo and the 88th Regiment of Victoria took part were so successful and educative to those participating that Colonel Hall has decided to engage in another series of manoeuvers next week. The principle of next week's movement will be about the same as those held arounh Dominion Day and over practically the same ground There will be an attacking force from the Ladysmith direction and a force defending Nanaimo.

NANAIMO W.C.T.U. MET LAST NIGHT

Nanaimo local of the W. C. T. U. held a most successful meeting last evening in the Wallace Street Methodist Church, there being a good attendance, and considerable interest was evinced in the work.

Delegates to the recent convention at Victoria, reported on the proceedings of the meetings, addresses being made by Mesdames Bradfield, Reilley, Irvine, Priestley, Diamond, White, Hunt and Wilson. The meeting passed a resolution of condolence to Mrs. (Rev.) Thompson a former member of the Nanaimo Local, who recently suffered a bereavement in the death of her mother. Four new members were enrolled and the meeting decided to hold the annual picnic of the Union to Newcastle Island on Tuesday, July 21st.

A pleasant feature of the evening was the serving of ice cream and cake under the supervision of Mrs. Diamond.

SELLS ESTATE

London, July 10.—Lord Wimborne, who brought back the polo cup from America, has just sold his Cardiff estate in South Wales for $500,000.

HILLCREST DISASTER

It is inevitable that there should be a good deal of theorizing as to the causes of the explosion at Hillcrest mine. This is all right and may possibly be helpful, but care should be taken that a wrong impression is not given of the condition of the mine in the attempt to make circumstances fit a particular theory. Another expert witness before the commission has advanced a perfectly plausible theory of the disaster, but it is one which sets up such conditions in the mine that its operation could not be other than a crime. The seam evidently lies on a big pitch, and the coal is lowered down to the levels in chutes. These raises, stated the expert witness, were ventilated by hand fans. The mine had been idle the two days previous to the explosion, and this witness assumes this hand fan was not kept running. Gas was reported in two or three places on the morning of the explosion, and the expert assumes that all the raise ventilated by this fan after two days idleness was full of gas. As soon as this fan was started the gas would be distributed in the air current, and produce a highly dangerous atmosphere which would be rendered even worse by the dust from the coal in the shutes. There are all the elements for an explosion requiring only some slight ignition to start it. But if the raise referred to by this witness was full of gas it would have been reported by the firebosses. And sure no mine boss would ever distribute a big body of gas into an air current already partially charged with gas. Altogether the conditions required for this theory of the explosion are unthinkable. The whole of the evidence upon which it is based is presumptive, and it ought to be possible to find out whether this raise was full of gas or the air in the returns showed a gas cap. Certainly no mine should ever be operated under the conditions this witness assumes to have existed.

THE LEMIEUX ACT.

A British commission has been inquiring into the causes of labor unrest, and considering various suggestions for the prevention of strikes. The commission fought shy of compulsory arbitration, both because of its possible interference with individual liberty and of the difficulty there would be in forcing the acceptance of an unsatisfactory award. For example, supposing a mining dispute had gone before the Board, and the decision handed down was not acceptable to the miners, it might well tax the powers of the authorities to enforce it. Curiously enough the commission saw most to hope for in the Canadian Industrial Disputes Act. It made two mistakes, however. In theory it is true the act makes it a punishable offence to call a strike before trying to negotiate whatever matters there may be in dispute. In practice there is nothing of the kind. A strike was called in Nanaimo in April, 1913 without regard to the wishes of the men and without warning or notice to the operators, and there were no prosecutions. Whether this was because of a defect in the act, or of negligence on the part of the department we cannot say, but this particular provision of the bill was not invoked. Indeed, we have never heard of a single case in which this part of the act has been forced. The commission is thus led astray in its conclusions. It finds that the act has operated very satisfactorily in Canada. In a sense it has, but from another point of view it has been found very inadequate and unsatisfactory. It has no preventive merits. Until it is so amended as to compel the operators and men to get together in conference in the case of a dispute before resorting to strike or lockout it is deprived of its best features and most valuable provisions.

This is the teaching of labor troubles in Canada, and has been our own particular experience in Nanaimo. Just because the preventive portion of the Lemieux Act was regarded as imperative, neither a living agreement nor the most favorable conditions sufficed to avert a disastrous strike. The lesson thus taught has not apparently been acted on by the Department of Labor. Commissioner Price made certain recommendations towards amending and strengthening the preventive provisions of the Lemieux Act, but that is as far as the matter has gone up to the present.

The London Times still continues to thunder upon the side of Canada on the question of Hindu immigration. It strongly supports the attitude and action of Canada in the matter and asserts that the whole fabric of civilization is in danger. It emphasizes the point that in young and growing communities "alien influences and the inevitable corrosive action of social materials that resist assimilation" must be excluded. The language is rather lofty, but it expresses the same contention that British Columbians have so often advanced in the plain and pithy Doric of the Pacific Coast. It shows also that The Times is able to visualize the point of view of this province, and is ready to lend Canada its hearty support. Here is another instance that the Komagata Maru affair has proved a blessing in disguise.

Colonel Roosevelt and Henry Savage-Landor are still at loggerheads concerning the former's alleged discovery of the River of Doubt in Brazil. The English explorer has stoutly refused to take the ex-President at his face value or even at his current value. He very rudely describes Roosevelt as a "fakir" and a windbag. Colonel Roosevelt states he has not a word to say about Savage-Landor, but while this is his conclusion he calls him "a preposterous absurdity." His conclusion ought properly therefore to have been that he had not another word to say about him. And not all these fiard words are adding to the dignity of either men, or doing anything to put the River of Doubt upon the map.

BODY WAS HEADLESS.

Concrete, Wash., July 10.— George Harolampopulis was found dead near the rock cut on the Great Northern right-of-way near Faber, a point about four miles east of Concrete yesterday morning by his brother and members of a searching party. Harolampopulis had been employed in the Washington Portland limestone quarry. He was last seen June 22, with Sam Lepipas, a countryman They were purchasing poultry for the markets of Concrete.

When found, the head was severed from the body, and there were also two bullet holes in the body.

SUFFRAGETTES OF EMPIRE

London, July 10.—a British Dominions Women's Suffrage Union has been formed here. Mrs. Leathes of Canada at its inaugural meeting protested against the treatment of women in the new naturalization bill.

A Public Sale!

ALL ABOUT
BIG BEN

You've been wondering why we call this a Big Ben Sale. Surely, you know Big Ben, the alarm clock that wakes you every morning or that you have seen advertised in all the magazines. Well, he's the fellow that's euning this sale, and this is how he does it. Every day of this sale the Big Ben Alarm goes off at 10 and 10:30 a.m. and between these two alarms you or anyone else can buy one line of goods at a price even below regular whole sale cost. See the big square below for full particulars.

Crowds can be Promptly and Carefully Served

The Time is Short, Hence the Prices will be Extremely Low

You have the word of McRae & Lucier, that this is something more than an ordinary sale. The reason is the necessity for reducing the stock a great deal quick in order that we can carry out some contemplated changes in our business w thout delay. The time is short—quick action is what we want and must have—hence prices will be extremely low—ptobably the lowest you have known in years. Don't douby—investigate the truth of this statement—Don't hesit te—come quick and find out that this is the

Greatest Money Saving opportunity of the Times

The Store will be closed all day Friday, July 10, to enable us to get the goods all marked down to Big Ben Bargain Prices and rearrange the stock. When the sale opens at 9 a.m. Saturday, July 11th, everything that could be done to make the prompt and satisfactory handling of the crowds possible will have been done. We will have plenty of good competent trustworthy clerks who will take pains to see that you are satisfactorily served. Everything will bear a ricket with the sale price marked in plain figures, and this will be the l owest price ever quoted on an article of equal worth. $19,000.00 wosth of goods must be sold in 8 days. We know there is only one way to do it—make the prices so rediculously low that people will come from far and near and supply not only their immediate needs, but future needs for many months to come ar well.

At 9 a.m. Saturday, July 11th we will

GOODS ALMOST GIVEN AWAY FOR ONE-HALF HOUR EVERY DAY OF SALE

Commencing at 10 a.m. every morning when you hear Big Ben's loud clarion ring, we will sell one line of goods during the next half hour only at a rediculously low price—a price ro low that you'll scarcely believe your own eyes. These prices will be in effect, only until Big Ben announces that it's 10.30. Everu day it's something different for the half hour Big Ben Bargain Special.

We are making these sacrifices on shese goods to draw big crowds of people every day, who will see the many attractive bargains all over the store and so buy a great many goods taht they would not think of getting if they did not see with their own eyes what unusual bargains were offered. The people who come one day will go home and tell their friends and neighbors about the extraordinary chance to save money, and so the daily crowds will increase.

Don't forget these daily half hour specals 10 to 10:30. Anyone can take advantage of them who has bought 50c worth of any other goods in the store on the same day. This is the only condition upon which you will be entitled so get so much value for so little money as these Big Ben half hour Bargain Specials offer.

Now we don't want anyone to be d sappointed because they can't get waited on during any of these half hour Specials, if we can help it. We will have all the extra clerks we can use, and will wait on you all just the very best and quickest we can.

NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo, or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.

Department of Public Works,

THE BIG BEN SALE

of the McRae & Lucier Stock of Clothing and Furnishings starts Saturday morning, July 11th.

McRae & Lucier are going to make some distinct changes in their business necessitating an immediate reduction of the stock. As announced by their advertisement in this issue, the Sale opens Saturday, July 11th.

McRae & Lucier inform us that the time being short they will have to do an enormous amount of business the next eight days and uncommonly low prices is the power depended upon to accomplish all they have set out to do.

The feature of the Sale is what they call "Big Ben Half Hour Bargain Specials." McRae & Lucier explain it as follows: "Realizing that to sell $19,000 worth of our stock in eight days, we must do something out of the ordinary. We put the question to one of our clerks one day. 'I'm willing to sacrifice all profit and some of the cost of the goods if we can sell $19,000 worth before July 20, but what can we do to make the public believe that we will actually cut prices that much?' He answered 'Offer them some article of well known value at a ridiculously low price every day—a price so low that they will surely come. Once they are here, they'll look around the store at the other bargains offered and when they see with their own eyes the unusual bargains presented, you will have accomplished what you wanted—convinced hundreds of people that this Sale offers really extraordinary bargains. The clerk's idea appealed to me, so every day for eight days, from 10 to 10.30 a.m., we are going to lose money on some one line of merchandise for the sake of getting people here in large numbers to see and buy many other goods besides.

"'Big Ben' alarm clocks will announce the opening and closing of each Half Hour Special. That's why we call them "Big Ben Bargains.'"

To attract a large crowd at the opening of the Sale, $1.00 cash is offered to the first ten people who enter our store when the doors are opened at 9 a. m., Saturday, July 11 The entire stock is included in the Sale.

Wire Wounds

My mare, a very valuable one was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT WHITE as is most always the case in hoge wounds.

Weymouth. F. M. DOUCET.

FOUND NO EVIDENCE

Goderich, Ont., July 9.—Declaring that he could place no confidence in the evidence of J. B. Hunter, the informant, and that he could find nothing to support the charge, Magistrate Kelly today dismissed the charges of conspiracy and bribery against Dr. A. H. Macklin and Rev. Joseph Elliott in connection with the Centre Huron provincial election contest.

LEADERS GO TO BELFAST.

London, July 10.—Sir Edward Carson, Hon. Walter Long and Ronald McNeill left London last evening for Belfast. Sir Edward stated that he hoped to be back in parliament by Tuesday. General MacReady, whose name figured prominently in the recent debates upon the military phases of the Ulster question, has been in town some days and has been a frequent visitor at the war office.

SISTERS SHOT BROTHER

Sterling, Ill., July 10—E. Byers was shot and killed in his hay field today by his sisters, Mrs. Leo. Hutton and Miss Lillian Byers. Each woman, it is charged, fired two shots from the same revolver, and left their brother lying on the stubble. Ill feeling among the three, who are the children of David Byers, a wealthy land owner, has existed for years.

PITCHERS FOR RED SOX

Boston, Mass., July 10.—President Jas. J. Lannin, of the Boston American league team, today announced that he had purchased Pitchers Ruth and Shore from the Baltimore Club, of the International League. Pitcher Egan was also included in the same deal. Mr. Lannin said that the three players represented an outlay of more than $25,000 for the Boston Club.

JAMES CONMEE'S WILL.

Port Arthur, Ont., July 10.—The will of the late James Conmee probated June 30, shows the estate to be worth a total of $246,000 made up of $149,000 personal, and $97,000 real.

The bulk of the estate is divided among the children of the deceased.

ROGERS WILL DECIDE

Ottawa, July 10.—Sir Robert Borden returned at noon today from his visit to Halifax and attended a meeting of the cabinet council. It is undecided whether he will take a trip to the west until Hon. R. Rogers and Hon Dr. Roche return from there.

$40,000 MILL BURNED

Lethbridge, July 10.—The Ellison mill and elevator at Magrath was burned to the ground this morning with a total loss of about $40,000. Twenty-two thousand bushels of grain were destroyed.

PICNIC PARTIES SHOULD READ THESE HINTS

Prospective picnic parties and campers should see W. H. Morton's stock of picnic baskets—just the kind you need—acetylene cigar lamps, the very thing for reading, fishing or boating at night. Baskets from 50 cents upwards, lamps $1.25 each. Many other camping accessories carried. (Advt.)

LOW EXCURSION FARES are being offered on the Grand Trunk Pacific Steamship six-day cruises to the Alaska Coast (Stewart) for the month of July only. $38.00 includes meals, berth and all expenses. Write to C. F. Earle, Passenger Agent, Victoria, B. C., for illustrated booklet and sailing list.

OTHERS RECEIVE $15 TO $60 WEEKLY. WHY NOT YOU? Write immediately for full particulars, sample picture, literature, etc. Experience unnecessary. Enclose 10c to cover cost. Clifford C. Mitchell, P. O. Box 3, Edmonton, Alberta, Canada. 8-30t.

Are You Tired When Evening Comes?

You cannot realize how many miles of steps you take every day in your kitchen preparing three meals and clearing up after them.

Why not have a Hoosier Cabinet Help You?

A DOLLAR IS ALL YOU PAY

You never miss that a dollar to enroll your name in the Hoosier Club; balance you pay in small weekly dues of $1.00. The Cabinet is delivered at nearest wharf or R. R. Station.

You don't have to spend a lot of money at one time. You never miss the few weekly dollars, and you give your wife a present of which she will be proud all the rest of her life. You want her to have this Hoosier Cabinet now. Don't delay. There are only

15 HOOSIER CABINETS LEFT

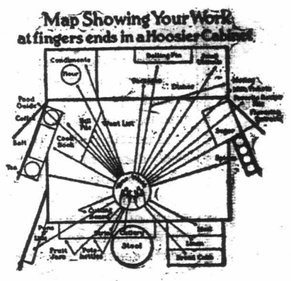
The Hoosier Company has complete charge of this sale. They have limited the number to 25, although we tried hard to get them to allow us 50. They have fixed the price everywhere, so you pay only the small cash price to get the benefit of these club terms. The demand is so enormous that this small number of cabinets will vanish almost immediately—perhaps tomorrow may be too late.

YOUR WIFE WANTS ONE BECAUSE IT SAVES MILES OF STEPS

You don't want your wife to work so hard if she can avoid it. You don't want her to spend most of the afternoon in her kitchen when a neighbor is able to devote those hours to recreation and pleasure, because she has a Hoosier Cabinet in her kitchen.

Nothing that has ever been invented saves so much time and labor for a woman. The Hoosier Cabinet goes right into the kitchen and saves work where work is drudgery. It saves miles of steps by putting cupboard, pantry and table in one compact space so that she no longer needs to walk for things. She can merely reach for them.

Will You be a Hoosier Member?



This is your last opportunity for months to be a Hoosier member. If you are early enough you can join the vast army of half a million whose homes already contain Hoosier Cabinets. You can give your wife the leisure that she needs and wants.

Why You Should Join Now

It is an easy thing to join the Hoosier Club now. A single dollar brings the cabinet to your home. If you delay, you will miss this opportunity, as we can get no more Hoosiers for months to come.

CLUB TERMS APPLY ONLY DURING THIS SALE AFTER THAT, OUR REGULAR TERMS WILL PREVAIL.

The Hoosier Cabinet Makes an Ideal Wedding Present

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in un surveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

Ask for Minard's and take no other.

Victoria, July 9.—Robert Powell and Bernard Schwengers, the two Victoria players on Canada's Davis cup tennis team, leave for Chicago on Saturday morning. They will play against Australia at Lake Forest, Ill., on July 23, 24 and 25.

A Real Lever Simulation

GOLD WATCH FREE.

A straightforward generous offer from an established firm. We are giving away Watches to thousands of people all over the world as a huge advertisement. Now is your chance to obtain one. Write now, enclosing 25 cents for one of our fashionable Ladies' Long Guards, or Gents' Albertz, sent carriage paid to wear with the watch, which will be given Free (those watches are guaranteed five years), should you take advantage of our marvellous offer. MANY ARE AFTER WELSH'S TITLE

By this time Freddie Welsh will not only be receiving congratulations from his many friends, but he will also be getting challenges from many American lightweights who are anxious to win back the title for the United States. It is probable that Ritchie will be given a return fight with Welsh. Should the clever Briton again win it is probable he will give Jimmy Duffy a chance to secure the laurels. Duffy is the Buffalo boy who has beaten everything he has met. He had a popular verdict over the new champion at St. Louis in a ten-round bout. Duffy outboxed Welsh and floored him, but as the state law did not permit a decision the Briton did not have a loss chalked against his record, although all the newspapers gave Duffy the verdict.

Young Saylor, who is at present in Australia, is another boy who will be hot on the trail of the Britisher. Saylor fought Welsh in Winnipeg. Though Welsh had a lead on points, Saylor dropped him and the Britisher was given the fight on a questionable foul. Some Victorians who were at the ringside at the time stated that the blow landed in the pit of the stomach and was a clean knockout.

Young Shugrue and Charlie White will also challenge the new title-holder. White, by his defeat of Ritchie recently, deserves a chance. Shugrue is cleaning up all the boys in the Antipodes, and has a good record in the United States. Joe Rivers the Mexican, and Leach Cross are out of the running, both having lost to Welsh in California. Tommy Murphy was to have met Welsh, but the bout fell through. The Harlem veteran has been promised a date later with the champion.

KILBANE OUT WITH CHALLENGE TO WELSH

Cleveland, July 9.—James Dunn, manager for Johnny Kilbane, featherweight champion pugilist of this city issued today a challenge to Freddie Welsh of England, now lightweight champion, for a bout between Kilbane and Welsh for the lightweight championship. Dunn asks Welsh to meet Kilbane at 133 pounds ringside, the regular lightweight limit.

ISLAND LUMBER COMPANY HAS SMART CLERK

An Irishman was newly employed at the Island Lumber Co., Duncan office. The employees of the company desired to have some fun with the new Irish hand. Patrick was duly left in charge of the office, with instructions to take all orders which might come in during their absence. Going to a nearby drug store they proceeded to call up the lumber company's office, and the following conversation ensued:

"Hello, is this the Island Lumber Co.?"

"Yes, sir. And what would ye be havin'?"

"Take an order will you?"

"Sure. That's what I am here for"

"Please send us up 1000 knotholes."

"What's that?"

"One thousand knotholes."

"Well, now an ain't that the bloomin' shame? I'm sorry, but we are just out."

"Just sold them to the SILVER SPRING Brewery."

"To the brewery? What does Harey Maynard want with them?"

"By golly, an' they use them for bungholes in barrels."

RESOLUTE WINS FIRST RACE FROM THE VANITIE.

Newport, R. I., July 9.—After leading throughout the contest the cup class yacht Vanitie lost the first of the actual trial races for the defence of the America's Cup, sailed off here today, the Resolute winning on her time allowance by one minute and 19 seconds.

Three miles from the finish of the 30-mile windward and leeward course the Vanitie had the race apparently well in hand, but the Resolute, bringing up a freshening breeze, cut the lead off the Cochran yacht to 30 seconds at the line.

The Defiance, the third cup candidate, broke down this forenoon when she was scarcely outside the harbor. She probably will race tomorrow.

EVEN MONEY OFFERED ON BAYLEY-O'LEARY GO

Even money is being offered on the O'Leary-Bayley contest for the Canadian lightweight title which will take place on Saturday at the Brighouse Arena. O'Leary yesterday wagered $500 on his chances at even money. His supporters are also holding out for evens on the contest and are finding a lot of takers.

The Pittsburg club has purchased a young shortstop named Jimmy McAuley, whom other big league clubs were after and who has been doing big things to uphold the fair name of Waterloo, Iowa. It is not believed the new man from Waterloo will make Honus Wagner grouchy. That member of the old guard never surrenders.

SIR THOMAS LIPTON'S FOURTH TRY FOR CUP.

Sir Thomas Lipton has lost in his first three attempts to lift the America's cup. In 1899 the Shamrock II suffered a similar fate in its three trials against the Columbia. In 1903 when his last attempt was made with the Shamrock III, the Reliance won in three straight races. The America's cup passed into possession of the New York Yacht Club in 1887, when it was presented to the club by George L. Schuyler, the then sole surviving owner of the cup won by the yacht America at Cowes, England, on August 22, 1851.

Below is the America's cup record since 1876:

1876—Madeline beat Countess of Dufferin twice, 10 min. 59 sec, and 27 min. 14 sec.

1881—Mischief beat Atlanta twice, 28 min. 20½ sec., and 38 min. 54 sec.

1885—Puritan beat Genesta twice, 16 min. 19 sec, and 1 min. 38 sec.

1886—Mayflower beat Galatea twice 12 min. 2 sec, and 29 min. 9 sec.

1887—Volunteer beat Thistle twice 19 min. 23½ sec., and 11 min. 48½ sec.

1893—Vigilant beat Valkyrie 11 three races; rules changed to three out of five, 5 min. 48 sec., 19 min 35 sec., and 40 sec.

1895—Defender beat Valkyrie 11. once, Valkyrie disqualified for fouling afterwinning race and withdrawing after winning third race.

1899—Columbia beat Shamrock three times, 10 min, 8 sec., sail over after Shamrock disabled, and 6 min 34 sec.

1901—Columbia beat Shamrock II. three times, 1 min. 3 sec, 3 min. 19 sec. and 41 sec.

1903—Reliance beat Shamrock III three times, 7 min. 3 sec., 1 min. 19 sec., Shamrock did not finish the last race,

RECOUNT IN LAMBTON.

Watford, Ont., July 10—County Judge McWatt has granted P.J. McCormick's application for a recount in connection with the East Lambton provincial election contest, and it will be held at Sarnia Monday next.

PARTY OF SCIENTISTS LEAVE ON THE MAKURA

Vancouver, July 9.—When the Canadian-Australian liner Makura left port at midday yesterday for Sydney and Auckland, via Honolulu and Suva, she carried with her 2600 tons of varied cargo and a considerable passenger list. Her passengers included Prof. E. Goldstein, an eminent German scientist, Mr. and Mrs. C. P. Ogilvie, Miss D. Dickenson and Mr. E. Buck, all of whom are going to attend the British Association meetings, and Miss Townsend, one of the survivors of the Empress of Ireland disaster. The liner's cargo included 30 automobiles, 150 tons measurement of paper from Powell River, a large quantity of lumber crates for Suva; salmon, laths, cash registers, sewing machines, rubber goods, a quantity of flour, oil cases and general merchandise.

Victoria, July 9.—Seattle and Vancouver yachts and motor boats are expected here on Saturday for the annual regatta of the Royal Victoria Yacht Club to compete for the Hath away and Martin cups, the former from Seattle and the latter from Vancouver, finishing at the Cadboro Bay anchorage of the R.V.Y.C.

VETERAN PLAYER DIES.

Philadelphia, Pa., July 9.—Ossie Schreckengost who won fame as the battery partner of the late Rube Waddell when the latter was the star pitcher of the Philadelphia Athletics died here today of a complication of diseases. He was 40 years old.

FALLING HAIR AND ITCHING SCALP

Entirely Needless—Use Parisian Sage. It Quickly Removes Dandruff—Your Head Feels Fine.

Now that Parisian Sage—a scientific preparation that supplies hair and scalp needs—can be had at any drug or toilet counter, it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly the hair, how badly it is falling, or how much dandruff, just spend a few minutes each day for a week and rub a little Parisian Sage into the scalp and through the hair. All dandruff is removed with one application, the hair roots are nourished and stimulated to grow new hair, itching scalp and falling hair cease—your head feels fine. Best of all, the hair becomes soft, fluffy, abundant, and radiant with life and beauty.

Parisian Sage is one of the most pleasant, invigorating and refreshing hair tonics. No cheap perfumery odor—no disagreeable concoctions—but a daintily perfumed tea-colored liquid that proves its goodness the first time it is used.

You will be surprised and delighted with Parisian Sage. Try at least one fifty cent bottle. The purchase price will be returned if you are not satisfied.

Look for the trade-mark—"The Girl with the Auburn Hair"—it's on every package—accept no other.

STAR PITCHER FOR NANAIMO SUNDAY

President Johnston of the Nanaimo Baseball Club visited Vancouver yesterday and secured from Manager "Bob" Brown of the Beavers, the temporary transfer of a professional slab artist for Sunday's game here with the Vancouver Nationals.

The Beaver twirler who will pitch for Nanaimo Sunday was secured by the Vancouver professionals from a California college, and has pitched his team to victory on several occasions. He will come over with the visitors on Sunday morning's boat and as he is in splendid form local fans should witness some shutout ball played Sunday.

The match will be played on the Caledonian grounds, commencing at 2:30.

BRITISH SOCCOR TEAMS TO TOUR DOMINION.

Montreal, July 10.—President Tom Watson, head of the Dominion Football Association, is authority for the statement that in some form or other a tour of Canada by a party of British association football stars will be arranged for next year. Just what arrangements will be made is problematical as yet. Mr. Watson's pet scheme calls for an English and a Scottish team to play exhibition games against each other, but this may not be materialized for the simple reason that the Scottish F. A., may not be able to see its way clear to assenting to the plan. The Football Association, however, has already agreed to give its consent to the bringing of one or two English teams here and failing the original proposition, the plan is likely to take this shape.

In any case and whatever the final arrangements may be, the tour will be a big boost for the kicking game here. We have not had a visit from a crack English team since the Corinthians came here during the first year of P.Q.A.A's existence. Since that time association football has gone forward more rapidly than any game in the Dominion. Nothing is easier then to boost something that is already on the rise and for this reason alone next year's visit promises to be the most successful yet.

Tom Cowler, the Nanaimo heavyweight, thinks that he can dispose of Chet McIntyre, the Vancouver boxer and yesterday afternoon he issued a challenge to McIntyre to box fifteen rounds at Brighouse. Cowler also states in his challenge that he will not take a cent if he does not stop the genial Chester inside the limit. McIntyre thinks he can beat Cowler and time so it looks as if the pair would put up a good argument.

In token of a very pleasant shooting trip in this province last year, Major C. P. Bradshaw, late of the Sixth Dragoon Guards, has forwarded to the game department a handsomely mounted head of a Stone's sheep. The animal was one that fell before Major Bradshaw's rifle while shooting in the Cassiar district. The head was taken by Major Bradshaw to London to be stuffed and mounted, and now forms part of the permanent collection at the game warden's offices in the courthouse.

Minard's Liniment Cures Diphtheria

Plumbing

Is just as useful and just as much a necessity to a home in the country or the small town as it is to the palace in the city.

The city water pressure and sewage system are no longer essential to a perfect working plumbing installation. A few words with us and you will be convinced that we can give you every convenience at the same low prices that prevail in the city.

Hot Water Heating

Is not expensive to install. It is the most satisfactory and in the end the cheapest method of heating any building from the cottage to the mansion. A properly installed system of this kind will cut down your heating bills and your house will be much more comfortable.

This system can be installed in houses that are already built—or if you are building get our prices before you decide on your heating system.

Let us know your requirements and we will help you solve your plumbing problems—Just drop us a line. Remember we charge nothing for advice. Remember that we sell direct from Supply House to Consumer and save you all middlemen's profits.

CALGARY OIL STOCKS

It is agreed by the best experts from all over the world that Calgary District is a great oil field, but at the same time it must be admitted that there are a great many wild-cat companies on the market and that the investor cannot be too careful in the selection of a company.

After several weeks careful investigation the Granby Oil Co. and the Dakota Sands Oil Co. were selected from among over sixty companies as two of the best buys in the oil fields.

The points considered in the selection of these stocks were: the personell of the officers of the companies, low capitalization, the number and location of their properties.

The companies hold many properties, all along the oil belt, among the best properties in the oil field, all selected by oil experts. Everything has been done to eliminate the chances of failure in striking oil. Several strong companies are drilling close to several of these companies' properties and are getting down to the oil bodies. It is considered only a matter of days or, at most, weeks until the oil will be struck and as soon as this occurs the stocks of the Granby and Dakota companies will rise rapidly. These companies are waiting for results from drilling of the other companies, to show which are the best properties to drill on.

Now is the time to get stock, before any strikes are made. Now is the time to get in on the ground floor with a good, reliable company. The closest investigation is invited.

Prospectus and further information can be had from the office of May, Tisseman & Gemmell, 11, Bastion street, (corner Front).

GREAT CROWDS ATTEND BANKRUPT STOCK SALE

Nanaimo and vicinity turns out en masse for the reopening of the doors of the bankrupt sale at the Cut Price Store, 83 Commercial St, which has been closed for the past month. The opening was a signal for a terrific rush. Hundreds of people were greatly surprised at the wonderful bargains that were offered at this unusual sale, one of the best of its kind ever held in Nanaimo, and we hold that this sale will be the last one as this concern was very unfortunate in being caught during the financial stringency with a chain of stores and insufficient capital to weather the money-stringency gale.

The inevitable happened. The firm was thrown into the hands of the trustees, therefore this large sale was inaugurated to liquidate the stock for the benefit of the creditors. The sale is taking place opposite the Herald office. (Advt.)

STORSTAD BLAMED FOR THE DISASTER

Commission Held That Disaster to Empress of Ireland Was Due to Third Officer Changing Course of Storstad.

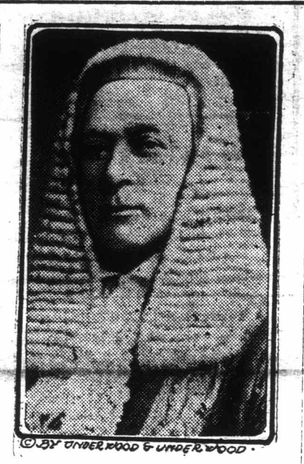
Quebec, July 11.—The collier Storstad is held to blame for the Empress of Ireland disaster, in the findings of the wreck commission, handed down today. The commission holds that the disaster was due to the Storstad's change of course ordered by the third officer, without instructions from the first officer, who was in charge of the collier at the time. The Empress was sunk in the St. Lawrence river on May 29, with a loss of more than 1,000 lives.

The report of the commission was read by Lord Mersey this morning. On the question of blame the report said: "We think that Capt. Kendall would have been better advised if he had given the Storstad a wider berth and had navigated his ship so as to have passed the Storstad at a greater distance on his beam than he originally intended. We do not think, however, that his stopping, which was really done for greater caution, can be said to have been an unseamanlike act, nor do we consider his failure to give the wider berth a contributory cause of the disaster."

Dealing with the porting of the Storstad's helm, the report says:

"The commission is unable to accept the view that it was done to counteract the effect of a current and as an act of prudent navigation. We are of the opinion that Chief Officer Tufness, of the Storstad, was negligent in omitting to call the captain when the fog was coming on. "The captain is the man who ought to have been there. Mr. Tufness says that he thought there was no danger and therefore it did not matter. He was wrong, there was danger, and anyway it was his duty to obey the order which he had received to call the captain when the fog came on.

We can come to no other conclusion than that Tuftness was wrong and negligent in altering his course in the fog, as he undoubtedly did, and that he was wrong and negligent in keeping the navigation of the vessel in his own hands and in failing to call the captain when he saw the fog coming on.



The section closes with the remark that the disaster is not to be attributed to any characteristic of the St. Lawrence route. The recommendations of the commission include the closing of all water tight doors in foggy weather and wherever practicable. All water tight doors and portholes below the water levels should be closed at sunset and kept closed to sunrise. Also that rafts be placed on deck in such a position that they will float automatically when the ship sinks.

The most important section of the report, that dealing with the blame for the disaster, reads: "The question as to who, if any one, is to blame for the collision in this case depends largely on which of the two stories put forward by the respective owners of the vessels is to be accepted. The main difference between the two is to be found in the description of the way in which the two vessels were approaching each other at the time the Empress of Ireland changed her course after having obtained an offing from Father Point.

A feature of the camp was the presentation of a shield to the first Central School company of Victoria for being the best drilled company of Cadets in greater Victoria. This shield was presented on behalf of the British Campaigners Society by Major Wilson of the Blackwatch, one of the survivors of the Relief of Lucknow.

©BY UNDERWOOD & UNDERWOOD.

LORD MERSEY

Chairman of the Wreck Commission which has made known its findings placing blame for the Empress of Ireland disaster on the collier Storstad.

MANITOBA RESULTS STILL IN DOUBT

Winnipeg, July 11.—St. Rose was taken out of the doubtful column today and is lined up behind Premier Roblin with a majority of 72 for Joseph Hamelin over J. A. Campbell, Liberal. This makes the standing of the parties, 24 Conservatives and 21 Liberals, with St. George still uncertain and three deferred elections, the prospect of several recounts still further complicating the possible outcome.

Elizabeth Robertson, daughter of City Constable Robertson, had a narrow escape from drowning at Departure Bay on Friday the young lady being rescued after some difficulty by Messrs. Hiram Gough and A. F. Joyner. Miss Robertson was leaning over from a small boat to take a basket of provisions from a launch, and losing her balance fell headlong into the waters off the bay.

IS LIBERAL CANDIDATE

London, July 11.—Bernard Leslie Richardson, who has recently returned to England after several years' residence in Canada is the future Liberal candidate for Hythe.

Mr. George Williams, Albert street, was removed to the hospital yesterday. His condition is said to be serious.

PORTLAND WINNERS IN BIG REGATTA

Portland, July 11.—In the annual regatta of the Pacific Northwest Rowing Association contests here today, Kennedy of Victoria won the senior singles, with Goss, of Portland, third.

Portland won the senior fours with Victoria second and Vancouver third. In the 140 pound class Portland was first, Victoria second and Vancouver third.

Portland took the honors in the regatta with 13 points, Victoria second with 12 points, and Vancouver third with 3 points.

INITIAL SHOW OF LOCAL KENNEL CLUB

The Nanaimo Kennel Club will hold its initial Two-Day Show on September 16 and 17 in connection with the Agricultural Exhibition, which is being held at the Agricultural Grounds.

The Dog Show will be held under Canadian Kennel Club Rules.

Premium lists will be issued by the Nanaimo Kennel Club at a later date, publishing the judge appointed for the show.

FRENCH BANTAMWEIGHT

Paris, July 11.—Charles Ledoux, bantamweight champion of France, today defeated Eugene Criqui, also of France, in the twelfth round of a twenty-round match. Criqui refused to respond to the call of time.

Mr. John Bennie left yesterday on a visit to friends in the Terminal City.

ANNUAL MEETING SCHOOL BOARD

Harewood School District Met Yesterday—Elected School Trustees and Transacted Other Important Business.

The annual meeting of the Harewood School District was held yesterday afternoon in the Harewood school house, the meeting being the largest attended of its kind in the history of the school, Mr. Thomas Cunningham being appointed chairman.

The report of the trustees upon the work of the past year was placed before the meeting as was also the balance sheet, both reports being adopted as satisfactory.

The proclamation as printed in the Provincial Gazette, setting forth the boundaries of the new district was read and the election of trustees under the new order of things was proceeded with, resulting as follows:

W. H. Jones, term .... 3 years
J. T. Pargeter, term .... 2 years
Jas. Malpass, term .... 1 year

A circular in reference to voting a double assessment was on motion received and filed and the secretary was instructed to obtain a list of taxes paid to June 30th, 1914 and also a list of delinquent taxes at the end of 1913. The meeting also took up the question of taxes for 1915 and after considerable discussion the sum of $2,000 was voted as School Board expenses for the year.

A hearty vote of thanks was extended the retiring Board for their generous services during their term of office, especially in so successfully negotiating the present project for the building of the new school.

Before adjourning, the meeting appointed Mr. James Malpass chairman, and Mr. W. H. Jones secretary of the new Board.

NANAIMO CADETS RETURN HOME

The Nanaimo Cadet corps returned from camp last night looking bronzed and healthy with the sun and sea breezes of Macaulay Plains. The week's work was most instructive and pleasant. Lieut.-Col. Leckie of the 72nd Seaforth Highlanders was in charge of the camp. He was ably assisted by a most efficient staff consisting of Quarter Master Capt. Harvey, of the University school; Major Belson, O. and I. Cadets; Lt. Mulcahey of the permanent militia, who had charge of the brigade and ceremonial drill, and others among whom may be mentioned Dr. Brydon-Jack and Rev. Mr. Henuage.

There were about 1,000 cadets in camp. Every morning they paraded at 9 o'clock for prayers and brigade drill. There were three parades per day during which the boys were exercised in attack and defence. One night Battalion 1 made an attack on the camp which was gallently repelled by Battalion 2, of which the Nanaimo and Cowichan boys formed a part. The excitement was intense and the slaughter terrible, but eventually the Highlanders were driven back with severe loss. On Monday there was a grand review of all the cadets. Every Cadet was dressed in his best with boots and buttons shined to meet Sir Richard McBride. The boys formed up in hollow square to hear the address delivered by Col. Leckie and the Premier. The latter gave great praise to the Cadet movement and made a good impression.

On Friday the sports were held. W. H. Pollard and V. Mackenzie formed portion of the team which won the tug-of-war from all other teams winning honors for Nanaimo in this event and also in the tent pitching competition. V. Mackenzie and G. Coombs won silver cups for first prize in 100 yard contests. The prizes were presented by Lieut.-Col. Leckie, who took a keen interest in the welfare of the boys. Any spare time that the boys had seemed to be fully occupied with swimming and the consumption of ginger pop. The Nanaimo boys drank enough of this liquid to float a modern man-o'-war. Luckily it was harmless.

CARD.

Mr. and Mrs. Thomas Woodcock, Victoria Road, wish to thank the kind friends who sent floral tributes and in other ways sympathized with them in their recent bereavement.

MANY NANAIMOITES WERE EXCURSIONISTS

The Orange celebration in Victoria yesterday was as usual a great success. Favored by ideal weather there was a great gathering of Orangemen, and the parade was one of the best seen in many years. A big contingent went down from Nanaimo by special train, a tired but joyous crowd reaching home about midnight.

LOUIS BLANK PASSED AWAY YESTERDAY

The death occurred in the city yesterday after a lingering illness of Louis Blank, a resident of Nanaimo for nearly ten years.

The deceased was a native of Germany, aged 52 years. During his residence in Nanaimo he was engaged in the real estate business and also as salesman for some time with the Geo. A. Fletcher Music Comoany. He had resided in British Columbia for 25 years being enagged in the music business in Victoria and other parts of the province for a number of years. He is survived by his widow and a family of six children.

The funeral will take place from A. E. Hilbert's undertaking parlors, Tuesday afternoon next at 2.30, Rev. Dr. McLennan officiating.

FIGHT ENDED IN A DRAW

Joe Bailey and John O'Leary Battled Fifteen fast Rounds at Brighouse Arena Yesterday Afternoon.

Brighouse Arena, July 11—Joe. Bailey, the Victoria challenger, put up a fine battle this afternoon when he met Johnny O'Leary, newly-made champion of Canada, here today. By a decision of Referee Hume McDonald, Bayley got a draw in the 15-round contest with the Seattle boy.

O'Leary outboxed Bayley and apparently had a good margin on points but Bayley by aggressive tactics caught the eye of the referee and the fancy of the crowd. There was a fair-sized crowd out. O'Leary faught a very clever battle. Bayley had a shade the better of the argument in the first round, making good use of his left, but the second round was even. Both drove home the right frequently. O'Leary's left found a frequent mark on Bayley's face in the third round.

About half a minute before the end of the round Bayley ran into a hard left hook and went to the floor. He was up instantly but was shaky on his legs. He tried to cover until the bell.

Joe came out aggressively for the fourth and held O'Leary even during the round. Johnny's straight left gave him the edge in the fifth but the sixth was even. The seventh was the best round of the battle, being characterized by terrific fighting. Bayley had a slight edge.

Joe stopped a hard left to his nose in the eighth and feigned logginess, but the champion refused to be fooled. It was O'Learys round.

The ninth, tenth and eleventh found Joe going much easier, with O'Leary having the better of the argument.

Joe rallied in the twelfth and the exchange of punches was about even. Bayley was aggressive in the thirteenth, but O'Leary's cleverness gave him another even shake. The fourteenth was O'Leary's.

In the fifteenth Bailey came out of his corner working both hands and stayed on top of O'Leary until the finish of the battle. Bayley tried hard to win with a punch in this round and made O'Leary back up and cover throughout. It was Baileys round.

In the fifteen rounds, O'Leary was credited with seven, Bailey had four while the remainder were even. The decision of the referee was not very popular with the crowd, which favored O'Leary Bailey's margin in his rounds were wider than those of O'Leary's.

Johnny Moore and Kid Lee fought a six-round preliminary, the latter being given the decision.

SESSION IS NEAR CLOSING

Premier Asquith on Monday is Expected to Announce House of Commons will end Present Session in August.

London, July 11.—After a cabinet council on Monday the Prime Minister will make an important announcement as to the arrangements for the ending of the session. The expectation in ministerial circles is that the government will decide to bring the session to a close in mid-August and hold over until the new session to be summoned possibly in November, some minor bills and the revenue bill.

Andrew Bonar Law, leader of the opposition, will, after the prime minister's statement on Monday, inquire as to when the government proposed to take up the amending Home Rule bill. There is no possibility of the bill being considered next week, the whole of which will be devoted to the finance bill, but it may be taken up in the week following.

It is further asserted in quarters which ought to know something of the ministerial intentions, that the government may possibly decide not to proceed with the amending bill unless there is some reasonable likelihood of an agreement being reached In any event the Irish Nationalists, it is said, will not vote for the second reading.

The Daily Citizen (Labor) declares that the cabinet is divided into two factions over Home Rule, to say nothing of the revenue bill. One section is in favor of getting the Irish measure through at once while the other would like to put it off until the autumn session so as to give more time for negotiation.

Premier Asquith is said to favor the former course, while many members of parliament who are in favor of Home Rule, further asserts the Citizen, are anxious to avoid civil strife and will urge the government to offer further concessions to Ulster.

LOCAL PLAYERS DEFEAT PARKSVILLE

The Nanaimo Tennis Club played Parksville yesterday on the Nanaimo grounds the local team winning by a good margin.

Ladies Doubles.

Mrs. Rigby and Miss Rose (Nanaimo) beat Mrs Thwates and Miss Lipscombe, 6-4, 6-2.

Mixed Doubles

Mrs. Rigby and Mr. Bressey (Nanaimo) beat Mr. and Mrs. Chapman, 6-1, 6-2, Mr. and Miss Lipscombe, 6-1 6-3, and also Mr. and Mrs. Thwates, 6-2, 6-4.

Mrs. Peto and Mr. Horsford beat Mr. and Mrs. Chapman, 6-0, 6-3, and lost to Mr. and Miss Lipscomb, 5-7, 7-5, 0-6.

Miss Rose and Mr. Hunt (Nanaimo) beat Mr. and Mrs. Thwates, 6-3, 10-8, also beat Mr. and Mrs. Chapman 6-2, 6-4 losing to Mr. and Miss Lipscombe, - 5, 7-5.

Men's Doubles

Bressey and Hunt (Nanaimo) beat Phillips and Thwates, 6-3, 6-0. and also beat Lipscomb and Chapman.

Horsford and Wicking-Smith (Nanaimo beat Chapman and Lipscomb, 6-3, 7-5, and played Thwates and partner, the game finishing at two love when opponents had to leave.

NOTES ON THE GAME

Hunt played his usual driving game but was weak on strokes on the back lines. In the mixed doubles it would be better if this player remembered he had a partner.

Miss Rose, who plays a strong game and has a good service, played up to form. Mrs. Rigby and Mr. Bressey, who are both steady players were not disappointing, Bressey at times being almost brilliant.

Horsford, who has a tendency to be erratic, was at the top of his form today and played the game of the season.

Mrs. Peto, another strong player, also played well but appeared to tire towards the end of the game. This player perhaps would be able to take more balls by standing a little further from the net.

Wickings-Smith as usual proved very useful.

Mrs. West Stockand, of Cumberland returned home yesterday after visiting her mother, Mrs. Belton, this city.

Capt. Thomas Anderson

Master of the collier Storstad which has been held responsible for the collision which sank the S. S. Empress of Ireland.

SIX KILLED AT RAILWAY CROSSING

Rochester, July 11.—Six persons were killed near here today when a wagon in which a party was returning from a Sunday School picnic struck a train. The dead range in age from 14 to 18 years.

PRETTY WEDDING IN ST. PAUL'S CHURCH

St. Paul's church was the scene of a very pretty wedding yesterday afternoon, the principals in the happy event being Mr. Hugh Thomas Winsby, son of Mr. and Mrs. W. P. Winsby, Victoria, and Miss Gertrude Beatrice, eldest daughter of Mr. and Mrs. Mark Bate, jr., Victoria road, and a very popular young lady in Nanaimo.

The marriage ceremony was performed by the Rev. W. E. Cockshott. Mr. C. W. Pawlett, church organist, playing appropriate music as the bridal couple entered and retired from the church. The bride was given away by her father and was attended by her sister Miss Zeluna Dorothy Bate, the groom being supported by his brother, Mr. Sidney J. Winsby.

Mr. and Mrs. Winsby left on the S. S. Princess Patricia for Vancouver and will take passage on the C. P. R. excursion steamer Princess Alice on a trip to Skagway, Prince Rupert and other northern points, and on their return will take up their residence in Victoria.

Many Nanaimo friends of the bride and groom unite in extending congratulations and wishing Mr. and Mrs. Winsby much happiness and prosperity.

Mr. and Mrs. Ed. Hughes are spending Sunday in the Terminal City.

Ald. John Wilkinson, of Ashington, England, left Nanaimo yesterday on his return home from an extended visit to relatives to this district. He was accompanied as far as Vancouver by Mr. and Mrs. Harry Wilkinson, and Mrs. Albert Randle.

At the 1st Nanaimo B. P. Girl Guides' concert Friday night, second class badges were presented by Mrs Lewis in the name of the Imperial Order of the Daughters of the Empire, to the following guides: Patrol Leader Rowena Peto, Corporal Lanny Westwood, Guide Edith Jessop, Guide Mable Clarke, Guide Mollie Dixon, and Guide Chrystal Dunsmore. The officers of the corps wish to thank all those who kindly assisted in the programme and all those who in other ways helped to make the evening a success.

GOOD YEAR FOR NANAIMO CABLE

Nanaimo-Point Grey Cable was Opened for Traffic Just One Year Ago Yesterday—Is Most Satisfactory.

One year ago yesterday the Nanaimo-Point Grey cable of the B. C. Telephone company was opened for traffic. The enterprise was experimental, for never before had a cable of that type and that length been laid by any telephone company, but after twelve months' operation it has been found satisfactory in every particular. The new cable with land lines cost $250,000, and when the expenditure was proposed it was a question if the traffic would warrant it. The cable previously laid between Victoria and Bellingham was kept busy and the company believed that with additional means of verbal communication it would not be long before the long distance telephone came into greater use between Vancouver Island and the Mainland. Subsequent events have proved that this was correct. Nothing could more fully supplement the transportation facilities between the Island and the Mainland than the long distance telephone, and the two lines of communication have been factors in furthering trade relations.

While the B. C. Telephone Company maintains speedy service on all its long distance lines, special effort has been made during the past year to give exceptionally fast service over the cable lines to the Island. Much has been accomplished. During the three months immediately preceding the opening of the Nanaimo cable, the volume of traffic via the Gulf Islands made it difficult to handle and as a consequence an average of 8,3 minutes elapsed from the time a call was placed with the operator until the conversation started or until a definite answer was given that the party wanted could not be reached. During the past three months traffic over the new cable has been handled with an average of only 2.9 minutes, and no call was delayed longer than twelve minutes. It is expected to further reduce this time to an average of not over two minutes.

That the facilities between Vancouver Island and the mainland are appreciated by the public is shown by the fact that calls are constantly made from every office of the telephone company from Agassiz and Chilliwack on the mainland to points on Vancouver Island from Courtenay in the north and Port Alberni on the west coast to Victoria. Many calls are also handled from stations on the government lines on Ganges, Mayne and neighboring islands. It shows how excellent the talking qualities of the cable are when satisfactory service is given over such a wide range of territory.

Apart from the service given, a record has also been obtained for this province for enterprise and development in that the B. C. Telephone Co. operates more submarine cable than any other private telephone company in the world. The company did not start out with that object in view, however, but in furtherance of its policy to make the telephone a real utility to the people, and to reduce to the minimum any isolation that might have existed between settled parts of the province.

HOOSIER CABINETS ARE IN THE CITY

The Hoosier Cabinet Company, Randle Bros local agents, are conducting a sale of their famous cabinets in the city this week. The cabintes are a very convenient piece of furniture that can be set alongside of the range and has compartments and room for all articles ordinarily stocked in a large pantry. It is a great saver of miles of weary steps for the busy housewife, is sanitary, a good piece of furniture and invaluable in any well regulated household.

The cabinet saves much of the drudgery of house work and makes an excellent present from husband to wife It is something that all who can afford should have in their home. In order to place 25 cabinets in the city the company are making a special offer of $1 down and $1 a week. With the first dollar paid the cabinet is sent to your house. The cabinet may be seen at Randle Bros. store.

IMMIGRATION

According to the advises from Ottawa the emigration figures for Canada for the present year are likely to exceed the number of immigrants. This is a very unusual state of affairs and unprecedented for many years past. The fact is very easily accounted for, unusual as it is. The depression which has been general over Canada has stopped the most of improvement work in the cities and caused a slackening in the work of construction on the big railways. The casual laborer, as a consequence has found himself without employment and with little chance of getting any. There were thousands of casual laborers in Canada and naturally they have drifted out across the line. The stream of settlers has continued as steadily as heretofore, but, with the exodus of the transient laborers who follow big construction works, the number of emigrants has exceeded the number of immigrants. Signs are not wanting that the period of depression is nearing an end. But allowance has also to be made for the fact that the Grand Trunk Pacific is also nearing completion, and the army of men who have been employed on its construction will be forced to look for other employment. As a matter of fact these men could not properly be regarded as Canadian settlers. They drift from one big work of construction to another, and call no country their own. It may be some time yet before the tide of immigration flows as strongly as it did a few years back. Indeed too little attention was paid to the quality of immigrants allowed into the country. Now is the time to remedy this and as far as possible secure a good class of bona-fide set

THE LORDS

The House of Lords in its treatment of the Irish Amendment Bill has hardly established a special case against the limitation of its powers. It has done nothing to unravel the tangle in which the Irish question is now tied up. It was its attitude towards the Irish question which brought to the front the question of the reform of the Upper Chamber and which resulted in the present Parliament Act. Under the circumstances it might have been expected that an attempt would be made to deal with the whole Irish difficulty in a manner calculated to bring about a satisfactory settlement. What the Lords have done is simply to emphasize and clinch all the tighter the irreconcilable points which have developed in the situation. There is no ground in reason or fairness for the indefinite and arbitrary exclusion of the whole of Ulster. Half of the people of Ulster do not want to be excluded from the operation of Home Rule and more than the other half want to be excluded. The only concession that can be made is to give the same rights to both Ulster and National elements. In insisting on total inclusion the Lords are simply making a settlement of the question impossible. Without taking sides in the question at all, the utmost that can be allowed the covenanters is every possible protection for themselves. If the concessions they demand are stretched to include the Catholics of Ulster then protection for them becomes coercion for the others. This is the cue of the whole trouble, and the Lords have made no attempt to cope with it.

A GUARANTEE OF PEACE

The American Ambassador, Walter H. Page, speaking at the peace centenary celebrated at London, made a significant statement. The old arbitration treaty between the two nations is to be renewed, and a further treaty was now being concluded. By this second treaty a commission was to be set up to which would be referred any question arising between the two countries. Until the matter is investigated by the commission both governments pledge themselves not to begin hostilities. The plain meaning of this announcement is that a war between Great Britain and the United States is made almost impossible. This is in itself a solid achievement but it has an even wider significance than this. It marks a great step towards the ideal of universal peace. It were only fitting that two great nations closely blood and traditions and speaking a common tongue should take every possible means to guard against an outbreak of hostilities. It is not too much to expect that the efforts they are making to preserve their own friendship should gradually be extended to take in other countries. With France included in such a pact, the frenzied race of armaments of the last few years would cease of itself. The United States is more advantageously placed than Great Britain. It is free of the European imbroglio, and the jealous scramble for power which is continually going on. At the same time its blood alliance with the Old Country has secured it in its policy of the Monroe doctrine. Its statesmen are not more convinced of the agregious and enormous waste involved in the modern craze of stupendous armaments than the statesmen of Great Britain. They have a much freer hand, howwever. They are not driven to engage in a competition they would like to see ended by the presence of a rival neighbor. They can, however, help and strengthen the hands of the Old Country. This is an inevitable effect of the new treaty which Ambassador Page announces has been virtually concluded, and it is to be hoped that the day is not far distant when all the great powers will follow their example.

GIRLS GUIDES GO INTO CAMP MONDAY

The 1st Nanaimo B.P. Guides leave for camp at Parksville by the noon train on Monday. Each Guide will bring her fare, in addition to $2.00 paid for the week. Each Guide will come in uniform, and bring with her the following:

Piece of soap, brush and comb, a tooth brush, small towel and bath towel, change of underclothing, extra pair of stockings, extra dress to save uniform, pair of walking shoes or boots, pair of running shoes or slippers, coat or rain coat, apron or pinafore, bathing dress, 2 blankets and cushion, ball of strong string, 1 pot of jam, knife, fork and spoon, 1 bandage, night dress, pins, pencil, 1 exercise book. Please note—no white stockings.

The first afternoon will be spent in making camp beds with fir boughs.

The following is the camp routine, subject to alteration:

6:30—Cook's parade.
7:00—Reveille.
7:30—Breakfast.
8:00—Prayers and salute the flag.
8:15—Tidy up.
9.00—Guide work, ambulance work, bridge building, signaling, mattress making, tracking, etc.
11:30—Bathing parade.
12:30—Lunch.
1:00—Quiet hour.
2:00—Recreation: walks, berrying, outings, etc.
6:00—Supper.
7:00—Nature study, talks, rounding, occupations.
8:00—Camp fire yarns, singing.
9:00—Bedtime.
9:30—Lights out.
9:45—Silence.

Any parents or friends wishing to visit the camp will be welcome on Friday July 17th. The guides leave camp on Tuesday July 21.

Minard's Liniment Cures Diphtheria

CALGARY OIL STOCKS

It is agreed by the best experts from all over the world that Calgary District is a great oil field, but at the same time it must be admitted that there are a great many wild-cat companies on the market and that the investor cannot be too careful in the selection of a company.

After several weeks careful investigation the Granby Oil Co. and the Dakota Sands Oil Co. were selected from among over sixty companies as two of the best buys in the oil fields.

The points considered in the selection of these stocks were: the personell of the officers of the companies, low capitalization, the number and location of their properties.

The companies hold many properties, all along the oil belt, among the best properties in the oil field, all selected by oil experts. Everything has been done to eliminate the chances of failure in striking oil. Several strong companies are drilling close to several of these companies' properties and are getting down to the oil bodies. It is considered only a matter of days or, at most, weeks until the oil will be struck and as soon as this occurs the stocks of the Granby and Dakota companies will rise rapidly. These companies are waiting for results from drilling of the other companies, to show which are the best properties to drill on.

Now is the time to get stock, before any strikes are made. Now is the time to get in on the ground floor with a good, reliable company. The closest investigation is invited.

Prospectus and further information can be had from the office of May, Tisseman & Gemmell, 11, Bastion street, (corner Front).

OPERA HOUSE OPENED TO CROWDED HOUSES

The Nanaimo Opera House re-opening last night was the occasion for crowded houses. With his characteristic energy and progressiveness Mr. Nichols has effected changes in the house that elicited much favorable comment from the big audiences. The house is now very cosy, conveniently arranged and with a fine view of the stage from any section, upstairs or down. The best plays will now be able to show here without the drawbacks that existed at this house formally.

Beginning tomorrow night the Vim Moore Stock Company will commence a week's engagement at popular prices, 25, 35 and 50 cents. The company has been improved one hundred per cent since showing in Nanaimo last and will no doubt draw large crowds. They carry a six-piece orchestra which will be another attractive feature.

With such a comfortable house and the completion of further improvements now in progress, there is no reason why the Opera House should not rival the Bijou in popularity.

Make a Start Towards a Bank Account---

by depositing a small sum this pay day.

One dollar is sufficient and will not cause you any inconvenience.

You will be allowed 4 Per Cent. INTEREST which will be added quarterly.

When sufficient is saved for an investment, sound, safe securities are recommended, the same ones as this company holds for itself

BRECHIN TRUSTEES

Trustees were elected at the Brechin school last night. The meeting was noisy in spots but things were anything but amicable between the factions supporting candidates for office. The biggest contention was over the qualifications of voters. Inspector W. N. Winsor, who was present, explained the matter thoroughly after which things proceeded more smoothly. Messrs. Clyde, Newton and Stewart were elected members of the board.

NANAIMO PLAYS NATIONALS TODAY

The Nanaimo Federal baseball team, with Manager Rube Benedict in uniform doing the coaching, will try conclusions today with the Nationals of Vancouver, the game being played on the Caledonian grounds commencing at 2:30.

The game should be one of the best of the season. McWhinney who pitched a no hit game two weeks ago will be on the mound for the visitors, while Sabourin, a member of Bob Brown's Vancouver Beavers twirling staff will do the pitching for Nanaimo. Sabourin takes the place of Martin who was injured last week and who is unable to work in today's fixture. Sabourin has won several games for the champion Beavers and with him as an added attraction there should be a big turn out of the fans to witness today's battle.

In today's encounter Nanaimo will bat in the following order: Piper, 3b.; Little, s.s; Killeen, 2b.; Boyce, c.; Beattie, c.f.; E. Martin, 1b.; Drake, l.f.; Thompson, r.f.; Sabourin p.; Shepherd and Weeks, spares.

"NOT ON THE MAP.

The town of Yawn
On the banks of the River Slow,
Where blossoms the Wait-a-while flower fair,
Where the Something-or-other scents the air,
And the soft Go-easys grow;

It stands in the valley of What's-the use,
In the province of Let-it-slide;
The tired feeling is native there,
'Tis the home of the listless I-don't-care,
Where the Put-it-offs abide.

The New Westminster Citizens Excursion will go to Bellingham this year and not to Nanaimo as was at first expected.

CLOSING EXERCISES OF DENE SCHOOL

The summer term of the Dene School, Shawnigan Lake, closed on Wednesday, July 8th with an outdoor performance in the school grounds by the pupils.

The programme opened with a French Pageant written specially for the pupils and entitled "La Masque des Mois," in which they bore witness to their excellent tuition. This was followed by a farce, "A Pair of Lunatics" admirably presented by two of the older pupils. Tht dramatic persons were George Fielding, otherwise "He" and Miss Clara Manners known as "She." The former role was played by Phyllis Wallich, who thoroughly entered into the spirit of the part. The other role was played by Iris Burton, who made a very charming young lady.

The last item comprised national songs sung by all the pupils, interspersed with representative dances. "A Song for England," "The Egg Dance" by D. Stuart Whyte; "Scots Wha Ha'e," "Highland Fling," by Sheila Sheridan Bickers; "All Through the Night," Welsh dance, by Jean Petrie, Patricia Furlonge Polly Armstrong; St. Patrick was a Gentle man, Irish Jig, by F. Gooch and G. Cheeke.

The entertainment closed with God Save the King, sung very lustily by all present after which the parents and friends adjourned to the spacious school to partake of an excellent tea.

Phyllis Wallich, a pupil at the Dene School was among those who passed in the higher division in the recent examination in L. C. Rudiments of Music, held recently in Victoria.

The raspberry crop this year in the vicinity of Ladysmith is better than ever before. Wild berries are growing in great abundance, and pickers are returning every day weighted down with vessels filled with delicious fruit.

DEMENTED BANDIT DEAD.

Quebec, July 10.—Joseph Moraud, the demented bandit, who since he ran amuck with a gun and shot three men on Thursday last, has terrorized the village and district of Vilroy in the County of Lotbiniere, was found dead yesterday in a hut in the woods, according to information received yesterday here by the provincial police.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at leas once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

MIRACULOUS CURE OF ASTHMA

Suffered Terribly for 15 Years Until He Tried "Fruit-a-tives"

D. A. WHITE, Esq.

21 WALLACE AVE., TORONTO,
Dec. 22nd. 1913.

"Having been a great sufferer from Asthma for a period of fifteen years (sometimes having to sit up at night for weeks at a time) I began the use of "Fruit-a-tives". These wonderful tablets relieved me of Indigestion, and through the continued use of same, I am no longer distressed with that terrible disease, Asthma, thanks to "Fruit-a-tives" which are worth their weight in gold to anyone suffering as I did. I would heartily recommend them to all sufferers from Asthma, which I believe is caused or aggravated by Indigestion". D. A. WHITE

For Asthma, for Hay Fever, for any trouble caused by excessive nervousness due to Impure Blood, faulty Digestion or Constipation, take "Fruit-a-tives"

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

CUP STAYS IN CANADA.

Picton, July 11.—Outside Prinyer's Cove the Nirwana won from the Neagha in the deciding race of three for the George cup, and, and so again retains the trophy. The American boat lost by about five minutes.

The Pastor will preach both morning and evening.

The Vernon Jubilee hospital has to face the problem of a deficit of about $300 each month, and the directors at a recent meeting decided to press the city council for a maintenance grant, and to urge the provincial government to increase its present per diem allowance per patient. The present government allowance is 64 cents per patient, and the cost to the hospital is $2.70 per patient per day.

The new drill hall to be erected at Kamloops by the Dominion government will be a larger and more elaborate structure than was at first planned, according to the detail drawings and specifications received from Ottawa by Mr. Taylor, caretaker of the Dominion government buildings.

In an address to the nurserymen's convention at Vancouver, the Hon. Price Ellision, minister of agriculture says more effort should be made to supply the old country market with fruit.

The following vessels loaded coal at Ladysmith this week: Crosby and scow, cargo of coal; Capilano, cargo and bunker; Eureka, cargo; La Touch cargo; and Canadian, Olive, Stetson Red Fir, Nader and Plunger, bunker.

Ore running as high as $300 per ton has been found in the mines owned by the Lightning Peak Mining company at Edgewood, B. C. This property is said to have a showing of ten inches of clean galena at the bottom of the shaft.

Wire Wounds

My mare, a very valuable one was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

NANAIMO CRICKETERS DEFEATED OAK BAY

The local cricket club met and defeated the Oak Bay eleven in an Island League match yesterday afternoon. The match was played on the grounds of the Albion Club at Beacon Hill Park. The weather was splendid and an interesting game ended in favor of the local side by 116 runs to 85.

F. Jepson was top scorer for the home side with 34. Newbury also batted well for 23 and Curry showed good form for 13 not out.

For Oak Bay Freeman was the only batsman to make a stand, carrying out his bat for 34. He was beaten quite a few times and missed more than once but his inning was a very meritorious performance.

The wicket was on the slow side and it was surprising that the scores on each side were not bigger. For the Oak Bay eleven Westwood was easily the best bowler taking 7 wickets for 49 runs. For the home side Leighton took 6 wickets for 34 and Hindmarch 3 for 16.

The full scores are as follows:

NANAIMO

A. Paul, b. Westwood,	3
F. Jepson, b. Westwood,	34
W. Newbury, b. Childs,	23
Berrington Foote, c. Freeman b. Westwood,	0

NANAIMO CADETS WIN SPORT EVENT

Victoria, July 11.—The Cadets finished off their five days training with a glorious time yesterday. They were early astir for the sham fight, which took place soon after 9 o'clock and their handling by their officers, and which gave them an opportunity of showing their prowess in the field. Nos. 1, 4, and 5 batallions were instructed to defend the Smith Street hill, while Nos. 2 and 3 formed the attacking force, over a country which included every variety of ground and gave plenty of opportunity for skillfull and intelligent work on the part of both cadets, officers and non commissioned officers.

On their return from the fight, the instructors were inspected by Colonel A. Roy, the D.O.C., who was accompanied by Lieut-Colonel McSpadden, and as soon as the mid-day meal was finished the program of athletic sports was begun and lasted till a late hour in the evening. The following were the results:

Tug-of-war, won by No. 2 batallion.

Bandmen's Race—R. Bagley, of Vancouver; with J. Grode, second.

Cadet Officers' Race—1, Victor Mackenzie, Nanaimo; 2, George Stewart, Seaforths; 3 F.C.M.S. Fraser, Vancouver.

Instructors' Race—1, G. A. Coombs Nanaimo; 2, J. M. Thomas, N. Vancouver.

Class "A" 75 Yards—1, E. Slevin Vancouver; 2, J. Lent, Vancouver.

Class "B" 100 yards—G. Hutchinson, Esquimalt; 2, G. McPherson, Vancouver.

Class "A" 220 Yards—1, K. Price, Victoria; 2, McPherson, Nanaimo.

Class "C" 100 Yards—1, E. Sheasgreen, Vancouver; 2, V. Mackenzie, Nanaimo.

COWLER'S CHALLENGE EXCEPTED BY CHET

If Tom Cowler, the Nanaimo heavyweight is sincere in his challenge to Chet McIntyre in which he undertakes to stop the local boxer in fifteen rounds or surrender all the purse to his opponent, he will be accomodated in two week's time at the Brighouse Arena. Chet returned from a brief vacation at Bowen Island yesterday morning, and when apprised of the challenge accepted without any hesitation whatever.

"I would have sooner met him on an even basis and box for a straight decision if necessary," remarked the genial Chester this morning, "but seeing that Cowler is so confident of winning I am going to accept his proposition. I will be unable to go into the ring next Saturday as proposed, as I am a little fine now and need a few days before resuming hard training.

COUNTY CRICKET

London, July 11.—Yorkshire beat Northamptonshire today by an innings and 8 runs. Kent beat Somerset by 9 wickets.

Nanaimo Saw Mill Destroyed by Fire

Main Portion of New Ladysmith Lumber Company's Saw Mill and Dry Kiln Wiped Out at Early Hour This Morning. Loss Will Exceed $30,000; Covered by Insurance.

A destructive fire broke out at the New Ladysmith Lumber Company's mill on Bridge St. this morning, and at the time of going to press it was still burning. It is impossible as yet to give an estimate of the damage, but the sawmill and shingle mill with all their valuable machinery were completely destroyed as well as a large quantity of valuable lumber.

The alarm was turned in about 10 minutes to 3 and before the bell had ceased ringing the fire truck was tearing up Commercial street. It was unnecessary to ask where the fire was. From Commercial street opposite The Herald office there was visible a red lurid glare in the sky, which indicated that a fire of large dimensions was raging at the mill. Indeed when the fire truck arrived on the scene the fire was blazing the whole length of the sawmill and it did not need a second glance to show that this part of the mill was irretrievably lost.

Connections were made in smart time with the neighboring hydrants, and in a couple of minutes three streams of water were being played on the flames. The first care was to prevent the fire spreading to the planing mill and sash and door factory, and to protect the foundry property.

At this time the heat from the blazing sawmill was blistering at a distance of fifty yards, and five minutes after the arrival of the fire brigade the building was riddled through and through. The flames were travelling along the gangway to several carts of dressed lumber and the brigade turned its attention to this source of danger leaving the sawmill to burn itself out.

After three-quarters of an hour steady fighting the fire was thought to be under control. The sawmill had gone, and so also had the dry kiln. The danger to the sash and door factory was thought to be over and the foundry property was also safe. There was still quite a fire raging among the piles of lumber and the brigade was still busy when The Herald went to press.

A rough estimate of the damage was given as from $25,000 to $30,000, the loss being covered by insurance.

How the fire originated is not known. From the state of the fire when the brigade arrived on the scene it looked as if the blaze had started about the middle of the sawmill.

CITY COUNCIL IN SESSION

Street Committee Recommends Sidewalk Six Feet Wide be Constructed on Millstream Bridge—Was a Busy Session.

The City Council met in regular session last evening, present Ald. Busby, Cavalsky, Forrester, Killeen, Young, Ferguson, McKinnell and McKenzie; His Worship, Mayor Planta, presiding.

A communication was received from the secretary of the Union of Dominion Municipalities, stating the annual convention of the Union would be held at Sherbrooke, Quebec, on August 5, 6 and 7, and inviting the Nanaimo Council to send representatives.

On motion the communication was received and filed and the City Clerk instructed to send a suitable reply.

The B. C. Telephone Company asked permission to make repairs to certain of its lines within the city, and to erect new poles at various points in the city.

On motion of Ald. Busby, seconded by Ald. Young the request was referred to the Street Committee for investigation and report.

The Street Committee reported as follows:

Gentlemen,—We your Streets Committee beg to report that we have taken the matter of the width of the sidewalks on the proposed Millstone Bridge with the engineer and have had them widened to six (6) feet, this increases the estimate seven hundred ($700.00) dollars, making the total cost twenty-two thousand seven hundred ($22,700.00) dollars.

We beg to recommend that a bylaw be introduced and necessary steps taken to have the bridge built.

The report was adopted on motion of Ald. McKenzie, seconded by Ald. McKinnell.

The City Engineer reported an expenditure in wages during the week of $550.65 on streets account and $993.75 on waterworks account. The total cost of the Nicol street regrade up to date was $2983.30.

The Sewerage Committee recommended the sewerage system of the city be completed at an estimated cost of $30,925.

Ald. McKinnell moved, seconded by Ald. Killeen the report of the com-

(Continued on page 2)

NANAIMO FLAG ATTRACTED KING

King And Queen Pay Visit to Former Nanaimoites Attracted by Nanaimo Pennant Over Door.

An item of more than usual interest to Nanaimoites appeared in the Glasgow Herald under date of June 24, 1914. The King and Queen were visiting in the midland counties, and in the course of their tour they visited the Crown Farm Colliery village of Forest Town. In passing through the street, the attention of their Majesties was caught by a strange looking pennant hanging from the window of one of the houses. The flag, which was of dark blue silk, bore the word "Nanaimo" on it. It seems that the good man had been in British Columbia some ten years ago and this Nanaimo pennant was one of the things he took back home as a souvenir of his sojourn here.

While the name is spelt Mottershaw in the Herald item, it should really be Mottishaw, the man being a relative of the Mottishaws here. While in Nanaimo he resided on the Five Acres, and many people will remember him. The item reads as follows:

"The next call was at the Crown Farm Colliery village of Forest Town An industrial colony is settled here, and the village with its neat and trim cottages, has all the outward appearances of prosperity. Before the Institute was reached the King and Queen left their car and entered the cottage of a "butty" collier named Elijah Mottershaw, who is employed at the Mansfield colliery. According to the housewife's account the Queen stepped forward and said, "We have come to see you; may we come in?" She recovered her surprise sufficiently to murmur "Yes." Their Majesties then entered the neatly furnished and scrupulously clean little sitting room of the cottage. Near the window was a small table, on which was some ornamental China which the Queen very much admired. The Mottershaws are musical and both the King and Queen complimented them on the possession of a fine harmonium. To the kitchen the royal visitors next penetrated, and here they noted with appreciation an artistically conceived piece of work in the shape of a mantlepiece painted by a resident of the village. A number of small brass ornaments supplied a topic for further converse

(Continued on Page 2)

WILL DISPOSE OF AMENDING BILL

London, July 13.—In the House of Commons today Premier Asquith stated the Amending Bill would be dealt with before the House adjourned. The Cabinet is also determined to call the House together again before the end of the session.

STOCK COMPANY BIG HIT AT OPERA HOUSE

The Vin Moore Company opened their engagement at the Opera House last night to an enthusiastic audience and the play "Jim of the Mountains proved to be an excellent play. Some good specialties were introduced and the music by the Vin Moore orchestra was a feature. Tonight the play will be "What Happened to Smith." a merry comedy in three acts. During the Vin Moore engagement, there will be an entire change of program nightly.

The funeral of the late Louis Blank will take place this afternoon at 2:30 o'clock from A. E. Hilbert's undertaking parlors. The Rev. Dr. A. K. McLennan will officiate, the pallbearers being Messrs. George E. Fletcher, H. Vollmers, C. Reifle, John Black, Dr. K. Schwartze and Daniel Dailey.

PREPARING FOR EXHIBITION

Prize List of Nanaimo Agricultural Society in Connection With Big Show to be Held in September.

The prize list of the Nanaimo District Agricultural and Horticultural Society has just been turned out by the job printing department of The Daily Herald. The prize list is quite a pretentious affair this year containing over forty pages showing the growth of the society and the larger number of prizes being awarded this year over former years.

This year's exhibition will open on Tuesday September 15th., the several committees being as follows:

Fruit and Vegetables—C. G. Stevens J. Stewart, E. Toombs and R. Benson.

Field Produce and Dairy—T. Cunningham, W. Tippett, H. Hunter, F. W. Newberry and R. Lawrence.

Floral—A. E. Mainwaring, A. E. Planta and W. Newbury.

Fine Arts and Ladies' Work—Thos. Hodgson, Jno. Shaw, E. H. Bird, Mrs. Powers, Mrs. A. Randell, Mrs. A. R. Johnston.

Live Stock—Dr. Ross, P. Gordon, A. E. Mainwaring and F. W. Newberry.

Finance—E. H. Bird, T. Hodgson, and A. E. Planta.

Printing—T. Hodgson, Dr. Ross, W. Tippett and H. Hunter.

Grounds—A. E. Mainwaring, Dr. Ross, W. Iippett, C. G. Stevens and T. Cunningham.

$1.00, membership tickets admit members to the annual exhibition.

$1.50 membership (family) admits immediate family to the exhibition.

$2.50 membership admits member and his immediate family to the exhibition and free entry to all exhibits.

All members must present their tickets at the gate or pay the ordinary entrance fee.

No person shall be allowed to enter for exhibition more than one exhibit in any one section of a class unless the additional article be of a distinct named variety or pattern from the first.

This rule does not apply to live stock but to all kinds of grain, vegetables, produce, fruits, manufactured articles, etc., in which each additional article would be precisely similar to the first.

All entries must be made to the secretary on or before Thursday, September 10, at 6 p.m., on the special form of the Society, which can beobtained from the Secretary, and Jos. Booth, President.

All exhibits, except Division "K" must be in the Exhibition Building before 11 a.m. Tuesday, September 15 as the doors will positively be closed at that hour, except those arriving on the E. & N. train, which will be admitted immediately after arrival of train.

The exhibition of stock will take place Wednesday September 16, commencing at 9 a.m., after which hour no animal will be received for competition.

TAX RATE IS NINETEEN MILLS

Bylaw Introduced at Meeting of City Council Last Night Fixes Rate of Taxation For Present Year.

At last night's meeting of the City Council a bylaw to fix the rate of taxation upon real estate in the city for the year 1914 was introduced by Ald. Busby, chairman of the finance committee, and given the first and second readings. The bylaw fixes the general taxation at 19 mills on the dollar, this rate not including the taxes on work of Local Improvement and special debenture rates. The objects for which the several rates are levied are set down in the bylaw as follows:

1. During the year 1914 improvements as described upon the assessment roll of the Corporation of the City of Nanaimo, for the year 1914 shallbe exempt from taxation.

2. There is hereby settled, imposed and levied, and there shall be raised and collected an equal rate of 13 mills on the dollar upon all the land describedupon the assessment roll of the year 1914, of the Corporation of the City of Nanaimo, at its assessed valuethereon, for general purposes.

3. There is hereby settled, imposed and levied, and there shall be raised and collected a special rate of five mills on the dollar upon all land described upon the assessment roll for the year 1914, of the Corporation of the City of Nanaimo, at its assessed value for school purposes.

4. There is hereby settled, imposed and levied, and there shall be raised and collected a special rate of one mill on the dollar upon all the land described upon the assessment roll for the year 1914, of the Corporation of the City of Nanaimo, at its assessed value for Board of Health and Hospital purposes.

TOURISTS SPENT THE DAY IN NANAIMO

Nanaimo was visited yesterday by a party of 18 Los Angeles residents, who are on a tour of the country extending over a period of eleven weeks Those in the party included William Snowden, Mrs. Wm. Snowden, Geo. Snowden, Mildred Snowden, Sam R. McCreery, Mrs. Sam R. McCreery, Maurice McCreery, Walter McCreery, J. W. Carpenter, Mrs. J. W. Carpenter, A. L. Carpenter, E. E. Biles, Mrs. E. L. Biles, E. E. Biles, jr., E. A. Lewis, Mrs. E. A. Lewis, John Lewis and Elizabeth Lewis.

The party motored from Los Angeles through the Hood River Valley with the Dallas and on through Portland to Seattle, thence to Vancouver. They arrived in the city yesterday noon from Vancouver on the S. S. Princess Patricia and after partaking of luncheon at the Hotel Wilson, proceeded on to Cameron Lake to view the beauties of that district. They will return to Nanaimo today and proceed to Victoria, taking the boat at that point for Seattle, and continuing on their journey home by way of the Yellowstone Natural Park.

NANAIMOITES ARE WASTING WATER

At last night's meeting of the City Council Ald. Young sounded a note of warning to consumers of water in the city that unless the present waste of water was stopped the water committee would be compelled to place restrictions upon its use. In his remarks on the subject Ald. Young stated the committee did not want to impose any restrictions on consumers but the woeful waste of water both inside and outside the city was getting to be a serious problem and would have to be met, in order that the supply of water be conserved. Over half a million gallons of water per day was coming in from the South Forks but even this large amount did not meet present requirements and if the present waste was continued the committee would be compelled to draw from No. 2 Reservoir or put on restrictions. As the committee did not intend using water from No. 2, the only thing remaining was to restrict the consumption especially the big waste of water which is taking place daily.

ALDERMEN TALK MOTOR BUSSES

Representative of the District Motor Bus Company Has Conference With Council Re Service For Nanaimo.

Mr. Baynes, manager of the District Motor Bus Company, Victoria, was in conference last night with Mayor Planta and the members of the City Council on the question of a motor bus service in Nanaimo as outlined in the proposal submitted to the Council through the Board of Trade on Monday of last week. In addressing the aldermen last evening, Mr. Baynes stated the company did not figure on the investment being a paying proposition for some time and they should be given some consideration in return for an investment of some $35,000 in the city. The company would ask for a franchise for 10 years, free water and exemption from taxation for the same period, and a free site for a garage, the site to revert back to the city if the company failed to carry out its contract.

Mr. Baynes will put his proposal in writing in the form of an agreement and the question will in all probability be taken up for consideration at the meeting of the Council on Monday next.

Mr. James Craig, the well known farmer of Englishman's River on Sunday killed four panthers and captured a cub alive. The animals were discovered in a den by Mr. Craig's dog "Togo." The live panther may now be seen in the basement of the Newcastle House chumming it with some kittens. Jack Black is authority for this last statement and he says seeing is believing.

NUMBER ONE HAS A NEW TIPPLE

The mechanical department of the Western Fuel Company had a big rush job on over the week-end. The old tipple at No. 1 pithead was taken out, and a new one put in. The new one is the style of manufacture as the old one except that it is bigger. It will hold three cars the same as the other, and will give each car more room. This will enable the diggers to load up the cars more than they could do before, and they will thus average more coal per box. The company will get a bigger output and the diggers will draw down more wages.

During the last week, the following amongst others have been elected members of the Canadian Club, London: Sir Cavendish Boyle, K.C.M.G., James Buchanan, Esq., Sir Thomas R. Dewar, The Earl of Erroll, Baron de Forest, M.P., Moreton Frewen, Esq., M. P., R. Reid, Esq., agent general for Ontario, Hon. J. H. Turner, agent general for British Columbia.

RALPH JOHNSON STARTS BUSINESS

Mr. Ralph Johnston, weighman of the Jingle Pot Mine, and one of the best known miners in the city, is opening a tobacco and confectionery store Wednesday morning, on the Crescent, in the new Nicholson block. Mr. Johnston nas been a resident of Nanaimo for twenty-seven years and will no doubt receive his fair share of patronage. His personal acquaintance in the city should be a valuable asset in his new enterprise. He will, of course, devote his entire time to the store.

Miss Rosinda May Bennett, daughter of Mr. and Mrs. William Bennett, Kennedy street, and Mr. John Naylor son of Mr. and Mrs. Robert Naylor, Franklyn street, will be united in marriage at 6.30 this evening by the Rev. Mr. Hardy, the ceremony being performed at the Wallace Street Methodist church.

The House of Lords is expected to give the Amending Bill the third reading today.

TO HOLD PUBLIC TEMPERANCE MEETING

There will be a public Temperance meeting in the Good Templars' Hall, Wednesday evening at eight o'clock. Rev. Dr. McLennan of St. Andrew's Presbyterian Church, will be the speaker of the evening. The Rev. Doctor is an eloquent exponent of the Temperance question and his address will be well worth hearing.

The meeting will be held under the auspices of Onward Lodge No. 2 I. O. G. T. A short programme will be rendered during the evening.

The public are cordially invited to attend and hear the address by the Doctor in favor of Temperance.

OTTAWA FOUR MAY GO TO HENLEY NEXT YEAR

Ottawa, July 13.—The Britannia, champion four-oared crew in the event of a victory in the sen or competition at the St. Catharines Henley will be sent to the English Henley next summer, after the Stewards cup. The Stewards cup has already been won by a Canadian crew, Con Rieley's Winnipeg four capturing the prize a few years ago.

WEALTH OF THE NECHACO VALLEY

Former Nanaimoite Tells of Wonderful Possibilities of Undeveloped Section of Northern British Columbia.

Mr. W. J. McAllan, after spending a few days in the city left yesterday morning for Vancouver, en route for his home at Fort Fraser. Mr. McAllan is an old Nanaimoite and about nine years ago took over the Indian agency of the Fort Fraser district. His duties have taken him over something like 60,000 square miler of territory and he talks very interestingly of this great country.

The Herald has already published Mr. McAllan's impressions of this new British Columbia. There are thousands on thousands of acres of rich agricultural land in the valley of the Nechaco, a great part of which will require very little clearing, and which has only awaited the advent of the railway to open it up. There are besides vast mineral and coal deposits and great developments may be expected within the next few years.

The Grand Trunk Pacific passes right through the centre of the valley. The steel is laid and it is expected that trains will be operating next month. The rails were joined at Fort Fraser, and Mr. McAllan was present when the last spike was driven.

The track-laying gangs, with the latest track-laying machinery, were working towards each other. The gangs were stopped when they were a mile apart, until everything was ready for making the junction with proper and fitting ceremony. Then the signal was given, and from east and west the rails began to creep towards each other. Both gangs were trying for a record, and the western crew actually laid its half mile of track in 25 minutes. Ties were all in place, and the last spike driven in this remarkable time.

Since the line was joined there has, of course, been a good deal of ballasting to do, and this work is not finished yet. However, it is calculated that through trains will be running in August, and from then on there should be a rapid development of this great country.

WANTS FUNDS FOR LOCAL EXHIBITION

Secretary Jonathan Isherwood, of the Nanaimo Agricultural Society, will make a canvass of the city in the course of a few days for funds on behalf of the annual exhibition which will be held in September next.

This year's exhibition bids fair to be the banner one in the history of the association and as the Society is an asset to the city it is expected the public will contribute liberally to the appeal for funds.

FOSTER SPEAKS TO DELEGATES

President U. M. W. of A. District No. 28 Says That Persuasive and the Pleading Methods Have Failed.

Vancouver, July 13. — Delegates from labor unions in every part of the province assembled in the Labor Temple this morning in response to a call for a special convention by the executive of the Provincial Federation of Labor. Over sixty are representing unions in the cities of Victoria, New Westminster, and Vancouver, and forty others from other Island and interior points.

The convention was called to order by President Watchman, who introduced Mr. Robert Foster, president of District 28 of the United Mine Workers of America to explain why the call for a special convention was issued.

Mr. Foster stated that the miners now on strike on the Island were primarily responsible for the call, as they were satisfied now that a change of policy was needed in the methods to be adopted to bring this strike and consequent troubles to a finish.

Persuasion and pleading methods had, he stated, utterly failed to produce anything approaching a solution, and the miners desired to consult the members of other organizations in the province with a view to taking some common action.

President Foster reviewed shortly the history of the miners' strike, but dealt principally with negotiations and communications, which have been passing between government and union offices with a view to settlement.

He declared that no settlement was possible which would compel the striking miners to work alongside of incompetent men, who in hundreds of cases were unable to read or understand the regulations and notices. He maintained that the letter and the spirit of the Coal Mines Regulation Act was being violated wholesale and that the lives and limbs of the miners would be hourly endangered if they were to return to work under prevailing conditions.

Dealing with the Asiatic side of the question, Mr. Foster stated that the Mine Workers' Union was prepared to accept Asiatics as members, if competent, but that question of competency did not now trouble the mine managers and that at at Cumberland 200 per cent. more Asiatics were now employed than at the commencement of the trouble. He further pointed out that there were no white firemen employed anywhere at the mining camps on the Island, and as law requires a candidate for an engineer's certificate to have six months' experience as a fireman and no such positions were open to white men, that the logical result would be Asiatic engineers in the near future, unless conditions were altered.

President Foster further claimed that there were at least six men being retained in jail at New Westminster whose time, according to sentence, had now expired, and that letters to the Attorney-General of the province had failed to produce satisfactory replies. In regard to conditions even now at Nanaimo he said that no striker was allowed to stand anywhere on the public street when the strikebreakers were coming from work.

Appealing to the convention in a general way for assistance, he indicated that what they were now looking for was not new laws, as they had been unable to enforce what they had, but as the workers comprised 80 per cent. of the voters of the province, that combined action should be taken at the ballot box in order to ensure a satisfactory administration. Concluding, he offered this as a possible remedy for existing conditions and stated that in calling for a special convention, the object aimed at was to devise ways and means of taking joint action throughout the province in this direction.

The convention is in session again this afternoon, when the matter referred to by Mr. Foster will be under general discussion.

Vice-President Bancroft of the Trades and Labor Congress of Canada, was an interested listener this morning and he will address the convention at a later session.

Mr. Herman Young returned evening from a business t couver.

COMMISSION'S REPORT.

The report of the Empress of Ireland Wreck Commission makes it abundantly clear that the disaster was in no way due to any peculiar circumstance of the St. Lawrence route. The commission finds that the third officer of the Storstad was immediately to blame for the accident and that the first officer was negligent in not calling the captain. The latter did not call his captain because he concluded there was no danger. He was wrong in this as after events only too tragically proved. The commission declares it was his duty to call the captain as soon as the fog shut down between the two ships. The captain was the man who ought to have been in charge and the first officer was culpable in not calling him. Then with the chief officer in charge, the third officer changed the ship's helm without instructions from the first officer. The commission finds in this unauthorized change of course the immediate cause of the collision. As for the Empress of Ireland, the commission expresses the opinion that the captain might have steered to give the Storstad a wider berth, although he was not called upon to do so by the rules of navigation. It also concludes that the stopping of the ship was not an unseamanlike action, and was carried out for greater caution. The disaster was caused by an error of judgment. The human factor cannot be eliminated from any creation of man, managed and handled by man. The most important part of the commission's report is, therefore, that which sets out the recommendations of the commission to provide additional safety and security for passengers. These recommendations suggest rules for the closing of port holes in a fog, and advocate rafts which would float off the deck in case of the ship's foundering. Possibly also this disaster to the Empress will lead to some structural alterations in the building of Atlantic liners. The foundering of the Titanic and the Empress of Ireland have established the urgent necessity of a more secure system of watertight compartments. There will always be fogs at sea, and always the danger of error by commanders and officers. What is required in the modern passenger boat, which carries thousands of souls, is a structural design which will make it as nearly unsinkable as human engenuity can devise.

HUERTA WILL RESIGN

President Huerta is tired of his job in Mexico. He is ready not only to resign but to leave the country. He is willing to take this action to save Mexico from the further horrors of civil war, and the capital city of the country from being sacked by a victorious army. It is not unlikely also that he is actuated in this decision by a natural desire to avoid facing a firing squadron. There is never any great permanence to the president's job in Mexico, and more often than not the occupant loses his job and his life at the same time. Huerta will best consult his personal safety by resigning at once and getting out of the country as speedily as possible. Nothing now can stop the victorious advance of the Constitutionalist forces under Villa. Carranza is so sure of his position that he declares he will enter into no mediation with Huerta delegates. It is also plain that the United States will do nothing to force Carranza to accept the mediation proposals. The Washington government has, indeed, stood out for a Constitutionalist appointee as provisional president. This practically means Carranza, and Carranza holds the position he does today largely because of United States [illegible] and the seizure of Vera Cruz [illegible] has been complicated [illegible]nd unexpected rise to [illegible]dit Villa. It is just [illegible] may yet upset all the calculations of President Wilson and defeat the ends of his whole Mexican policy. But in any case the end has arrived for Huerta. His only course is to get out. Villa and Carranza can then settle the question of precedence between themselves, and President Wilson resume his policy of "watchful waiting." There is just as much necessity for it now as ever there was.

The Orange celebration passed with out any serious outbreak in Ireland. The rival factions appear to have been wisely advised. The Protestant demonstrations were confined to the Protestant quarters and the Nationalists on their part neither sought nor gave any provocation. The situation still bristles with sinister possibilities. Both sides continue to get in arms and ammunition and the orations of the leaders hardly make for peace. So far, however, when a crisis has developed the leaders have shown discretion and moderation, and reasonable counsels may yet avail to remove the difficulty.

CITY COUNCIL IN SESSION.

(Continued from Page 1)

mittee be received and recommendations adopted. The motion was adopted.

The Finance Committee submitted the Warrant Book for the month of June, carrying the following accounts

Public Works	$1624.99
Water Works	8976.57
City Offices	320.50
Police Dept.	982.10
Schools	3950.79

Nanaimo Cemetery	123.00
Municipal Council	260.00
Street Lighting	477.00
Nicol street regrade	1547.05
Militia	286.93
City Engineer's Office	49.05
Miscellaneous	1445.82
Total	$20,493.00

Ald. McKinnell was granted permission to introduce a bylaw to amend the Sewer Rental Bylaw.

Ald. Busby was granted permission to introduce a bylaw to fix the rate of taxation for 1914.

On motion of Ald. McKinnell the Sewer Connection and Rental Bylaw 1914 was given the first and second readings and will be considered in committee at the next meeting of the Council.

On motion of Ald. Busby the Real Estate Tax bylaw 1914, was given the first and second readings and will be considered in committee at the next regular meeting of the Council.

Applications for the position of engineer of the City Rock Crusher and Road Roller were received as follows:

Bernice E. Smith, a day	$3.25
William Fox, a day	$3.75
Louis Vozza, a month	$85.00
Llewelyn Roberts, a day	$3.50
James N. Todd, a day	$4.00
E. Thorne, a day	$3.00
Francis J. Drake, a day	$3.25

Upon the second ballot E. Thorne received a majority vote and was declared appointed.

Sealed Tenders addressed to the undersigned and endorsed "Tender for Section 2 of the Jetty at Steveston, B. C.." will be received at this office until 4:00 P. M., on Tuesday, August 11, 1914, for the construction of Section 2 of the Jetty at Steveston, at Mouth of the Fraser River, B. C.

Plans and form of contract can be seen and specification and forms of tender obtained at this Department and at the offices of the District Engineers, at New Westminster, B.C.; Victoria, B. C. and on application to the Postmaster at Steveston, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by anaccepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract or complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

NOTE:—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of $50.00, made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By Order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, July 6, 1914.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department..—56586.

NANAIMO FLAG ATTRACTED KING

(Continued from page 1)

and the Queen moved on into the scullery. "Very convenient and very compact" was her description of this apartment. "They seem so very homely," was Mrs. Mottershaw's comment after their Majesties had departed. "The King is a very pleasant man," was a remark which followed, and being asked if she thought there was any particular reason why the King and Queen called, she could not go beyond a guess that the flag suspended from the bed room window might have had something to do with it. It was brought by her goodman from British Columbia ten years ago, was of dark blue silk, and bore the word "Nanaimo"."

WITH THE FIGHTERS

Chicago, July 13.—Packey McFarland lightweight fighter, and Miss Margaret Loughran, of Joliet, Ill., were married here Saturday.

San Francisco, July 13.—Jim Colfroth wants to arrange a heavyweight match for the championship of the world between Jack Johnson and Gunboat Smith, providing the gunner is successful in whipping G. Carpentier when they meet in London on Thursday next, July 16.

ALBANIAN TOWN TAKEN.

Durazzo, Albania, July 13.— The important Albanian town of Beral, 30 miles northeast of the port of Avlona, was captured today by the Albanian Mussulman insurgents who recently took Koritza.

CALGARY OIL STOCKS
It is agreed by the best experts from all over the world that Calgary District is a great oil field, but at the same time it must be admitted that there are a great many wild-cat companies on the market and that the investor cannot be too careful in the selection of a company.
After several weeks careful investigation the Granby Oil Co. and the Dakota Sands Oil Co. were selected from among over sixty companies as two of the best buys in the oil fields.
The points considered in the selection of these stocks were: the personell of the officers of the companies, low capitalization, the number and location of their properties.
The companies hold many properties, all along the oil belt, among the best properties in the oil field, all selected by oil experts. Everything has been done to eliminate the chances of failure in striking oil. Several strong companies are drilling close to several of these companies' properties and are getting down to the oil bodies. It is considered only a matter of days or, at most, weeks until the oil will be struck and as soon as this occurs the stocks of the Granby and Dakota companies will rise rapidly. These companies are waiting for results from drilling of the other companies, to show which are the best properties to drill on.
Now is the time to get stock, before any strikes are made. Now is the time to get in on the ground floor with a good, reliable company. The closest investigation is invited.
Prospectus and further information can be had from the office of May, Tisseman & Gemmell, 11, Bastion street, (corner Front).

NANAIMO PIGEONS MADE FAST TIME

The Nanaimo Homing Pigeons made good time Sunday travelling all the way from Victoria in one hour and thirty-seven minutes.

The occasion was the periodical race held by the Nanaimo and District Homing Society and 176 birds took part in all. All the birds arrived here in good shape the winning bird having a velocity of 1005.96, which means one thousand and five yards and a fraction of a minute.

The standing of the race was as follows:

1. P. Coulthard, velocity, 1005.95.
2. Coulthard and Douglas, velocity 1000.82.
3. L. Houston, velocity, 997.73.
4. P. Coulthard, velocity, 996.63.
Coulthard and Douglas, velocity, 996.47.
T. Naylor, velocity, 993.21.
Wm. Bowley, velocity, 951.91.
T. Harker, velocity, 951.28.
J. Thompson, velocity, 949.01.
Watson Bros., velocity, 947.32.
L. Westlake, velocity, 944.94.
J. Thompson, velocity, 650.40.

The birds were shipped down to Victoria Sunday morning, five baskets being sent on the train. They were liberated at 12.20 noon at Victoria and the first bird reached here at three minutes to 2 o'clock.

Melbourne, Aus., July 13.—Herb McCoy of Australia, won over Kid Lewis, of England, on points.

Minards Liniment for sale everywhere.

W. A. OWEN,
City Engineer.
City Hall, Nanaimo, July 4, 1914.
102-6t.

NANAIMO WON A HARD HITTING GAME

The Nanaimo Federals on Sunday found McWhinney for 16 safe hits and by reason of this heavy batting succeeded in defeating the National Biscuit Baseball team of Vancouver, by a total of 10 to 7. Twelve errors on the part of the visitors materially assisted in their defeat, the game on the whole being a poor exhibition.

Sabourin, of Vancouver, was on the mound for Nanaimo, and outside of the first two innings was invincible. In the last seven innings of the game the visitors secured only one hit off his delivery, besides striking out 10 batsmen and fielding his position in a brilliant manner. The visitors got away to an early lead, tallying twice in the opening inning and coming back with three more in the second, the five runs being secured by opportune hitting assisted by four errors on the part of the locals. Nanaimo came back strong in the fourth when after two men were down, Piper singled, followed by a single by Little; Killeen cleaning up the bags with a stinging three-bagger to centre field Two baggers by Martin and Sabourin and a single by Little, brought in three runs in the fifth, the total being added to by two in the seventh and a final score in the eighth. Nanaimo total should have been increased by at least three or four runs but for bonehead coaching and baserunning. Errors in the field are excusable but there is no excuse wnat ever for several of the plays made in Sunday's game by players on the local team who have been in the game long enough to know better.

Here is the box score of the game which was featured by big totals in every department:

Nanaimo.	AB.	R.	H.	PO.	A.	E.
Piper, 3b, c	5	3	3	7	0	0
Little, ss.	4	1	2	1	3	1

Digby, N. S.
Minard's Liniment Co., Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each onein fine condition. The Liniment is certainly wonderful in its working.

VOLUME XIV NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, WEDNESDAY MORNING, JULY 15, 1914 NUMBER 110

BUS SERVICE FOR NANAIMO

District Motor Bus Company Submitted Proposal to City Council at Meeting Held Last Evening.

Aldermen Forrester, McKenzie, McKinnell, Young and Busby were last night appointed a committee of the City Council to consider a proposal of the District Motor Bus Company, of Victoria for the installation of a Motor Bus service in Nanaimo, and report the same back to the Council at the earliest opportunity, most probably next Monday evening.

The question of a Motor Bus service in Nanaimo was again discussed at a special meeting of the City Council held last night, at which were present Ald. McKenzie, McKinnell, Ferguson, Young, Cavalsky, Forrester and Busby; His Worship, Mayor Planta, presiding.

The Mayor informed the Aldermen he had received a letter from Mr. Baynes inclosing rough draft of a proposed agreement between the Motor District Bus Company and the City of Nanaimo should the Council decide to enter into negotiations with the company in the matter. The outline of the proposed agreement is as follows:

WHEREAS the Council of the Corporation has requested the party of the second part to operate a motor bus system within the City of Nanaimo and from thence to any and all such places in the vicinity of the said city and other points as may be deemed advisable.

AND WHEREAS the party of the second part has expressed his willingness so to do upon the terms and conditions herein mentioned.

WITNESSETH THAT:

1. The party of the second part agrees to operate a half hourly service within the city limits.

2. That there shall be a five cent fare within the city limits.

3. That school children shall be carried for half fares to and from school excepting Saturdays, Sundays and all holidays.

4. That all workmen shall be entitled to eight tickets for twenty-five cents, and each of such tickets shall entitle the holder, being a workman, to one ride on any line within the city limits, provided that such tickets shall only be available to work-

(Continued on page Four)

GIRL GUIDES- WHAT THEY ARE

A Brief Essay on theAims of The Giri Guides of Which Nanaimo Has Enthusiastic Corps.

the title of an interesting address by "What are the Girl Guides?" was MissNew at a recent gathering of the Nanaimo Girl Guides. The address is published at the request of several who heard it. It reads as follows:

If any of the listeners here present want an interesting though somewhat embarrassing time, let them join a company of Girl Guides and go out with them in uniform through a town where Guides are unknown. The general opinion seems to be that we are Girl Scouts, and as such need to be looked upon woth a sort of patronizing interest by certain men and boys, and a shocked disapproval by certain women. Nothing could exceed the kindness always shown to us by those who know even a very little of our aims. For we are not scouts, neither are we in the least bit military.

Six years ago, in 1908, Sir Robert Baden-Powell started his splendid Boy Scout movement, hailed with delight by thousands of boys. Soon the boys' sisters became interested, and such remarks as these were heard, "I wish I were a boy." "Why can't girls get out camping and tracking?" "Girls could do cooking and bandaging better anyway." And then came a still bolder voice, "We will do it, so there!" And brothers' staffs were borrowed, very short skirts and boyish blouses were made by the girls. Off they went into the woods, "scouting". Patrols were

(Continued on page Three)

FRANCE CELEBRATED FALL OF BASTILE

Paris, July 14.—Half a million Parisians celebrated today the a sary of the fall of the Bastile at the president's annual review of the Paris garrison, saw twenty military aeroplanes rise at the far end of the Longchamps race course, and in perfect alignment of fours fly at full speed past the presidential stand.

A mighty roar of cheering swept over the grounds and kept on as thirty thousand troops, comprising cavalry, artillery, infantry and other branches marched in close order before the reviewing stand.

Another minute of excitement was provided, when at the close of the review, 2000 cuirassiers in bright steel breastplates and brass helmets, charged, swords in air, to within thirty paces of the president.

Brilliant weather brought out a large number of distinguished guests, including most of the diplomatic corps, the French cabinet ministers, the speakers of the chamber of deputies and senate and a host of society people.

The troops of all the garris France also paraded, and the military authorities calculated that more than 300 army aeroplanes were on the wing at the same time in various parts of the country.

Fireworks displays, military bands, public dances, free performances at theatres in Paris and all the other cities, towns and villages of France were provided at the expense of the government.

CANADIANS CANNOT USE ROSS RIFLE

Bisley Camp, Eng., July 14.—Shooting today continued under the same splendid weather conditions, and it is noticeable that it is the greatest gathering of overseas competitors since coronation year. New conditions and especially new targets have done a lot to revolutionize the meeting, and some of the old and tried riflemen have difficulty in getting down to their work. Today the three main competitions are at Aldershot, a service rifle team event confined to the Royal Navy units, and the Bass and the Edge, both match rifle events, single entries, the first consisting of 10 shots each at 1,000 and 1,100 yards; a number of Canadians are taking part in these. Most of them, however, because the Ross rifle has been disqualified from the meeting owing to Ross ammunition bullet having a hollow nose, this being considered as contravening the Geneva convention.

A new feature of the match rifle competitions is the introduction of a "central" counting six points. Its object being to minimize ties.

Shooting in the Bass this morning there was a tie between Morris Blood, an Ulsterman, and Captain Campbell, of Scotland. This tie took five shots to decide, Capt. Campbell winning with two centrals, and three bulls, while Blood dropped to an inner twice. Both marksmen made 110 out of a possible 120 at the two ranges.

The Canadians are practising at the 1100 yards, which is new, shooting in long range sweepstakes onder the trying conditions of wind, In the morning the best Canadian performance was that of Sergt. Martin, of the 103rd regiment, Calgary, who secured 33 in the 900 yards range sweepstake.

In the Waldergrave competition an open event and an aggregate shoot, ten shots at 900 and 1000 yards yesterday, F. W. Barnett, of the Ulster Rifles association, was first with scores of 58 at each range, an aggregate of 116. Capt. T.E. Leander of the M.C.R., Scotland, tied with M. H.S. Maxwell, of the same club for second placef Leander scored 56 at 1000 yards and 59 at the lower range Maxwell gett ng his high score, 65 and 57 at the 1000 yard range.

Stanley Leroux, a French Canadian logger in the employ of Messrs. Blodell, Stewart and Welch, and one of the best known boommen on the coast, was accidentally drowned on Friday night off Myrtle Point. Search is being made for his body, which so far has not been seen.

There is on exhibition in the office window of The Herald gooseberries frown by Mr. Hugh Morrow, Victoria road. They are magnificent berries, which for size have probably never been equalled in the city.

NEEDS OF LOCAL SEWER SYSTEM

City Council Adopts Report of Committee to Install Sewerage System in Parts of City Not Yet Sewered.

At monday night's meeting of the City Council the Sewerage Committee recommended that the sewerage system in the city be taken in hand at once and completed. The sections of the city not yet provided with sewers, together with the estimated cost of same were reported by the committee to the Council as follows:

Alley in Fry Block—350 feet—cost $490.00, per foot $1.40.

Alley in Young Block—300 feet—cost $420.00, per foot $1.40.

Victoria Road from Watkins street to Needham street—300 feet—cost $405.00, per foot $1.35.

Brisbane, Aus., July 13.—Al Morey of Australia outpointed Jack Daniels of England here Saturday.

BALKAN SITUATION IS MOST CRITICAL

Vienna, July 14—The political situation in the Balkans emphasized by the assassination of Archduke Francis Ferdinand and his wife, in Sarajevo, Bosnia, grows more critical.

Austria is firmly determined to destroy the dangerous "greater Servia" propaganda and to prevent the union planned between Servia and Montenegro which, it is believed, can not be attained without resort to force. Germany has declared her intention of backing Austria with her entire resources.

LOTS OF TALK AT CONVENTION

Miners Delegates Address Convention on Question of General Strike—No Vote Yet Taken Nor Resolution Submitted.

Vancouver, July 14—The special convention of the British Columbia Federation of Labor now in session here for the purpose of discussing the question of calling a general strike in sympathy with the striking miners of Vancouver Island, adjourned tonight without taking a vote on the proposal or even making a resolution on the subject. The day and evening sessions were entirely occupied with a general discussion of the situation developed as a result of the strike which has continued for over a year

This morning's session of the convention witnessed a continuation of the policy adopted yesterday, the delegates sitting as a committee of the whole and carrying on a general discussion.

Signs of restlessness were much more apparent this morning as the question of a choice of policy came nearer and definite resolutions as to future policy will not be very much longer delayed.

Delegate Shenton of Nanaimo, stated that the miners had not called for a special convention because the battle was lost, but because the time had undoubtedly come for the adoption of an aggressive policy in order to combat the combined forces arrayed against the workers and the miners in particular. He quoted figures to show that very little coal was now being mined on the Island as compared with the possible capacity and that the mines were all working at a loss where anything was doing at all.

Delegate Robertson of Nanaimo, said that those who prosecuted the miners in Nanaimo induced them to plead guilty in order to save expense and then "gave them hell in their own way."

Delegate Todd, also of Nanaimo, claimed that "members of the carpenters, moulders and blacksmiths' unions are scabbing on the miners on the Island.

Delegate Naylor stated that not more than four white men were "getting coal" at Cumberland and that Asiatics were working only eight or nine days a month.

Delegate Johns, a miner from Nanaimo, but working at the Jingle Pot mine where an agreement has been signed, stated that the men working at that mine were willing and ready to join in a general strike if this were decided upon.

Delegate Pettigrew, international board member for the island members, spoke strongly in favor of a general strike. He even stated that every miner on the Island wanted a general strike in British Columbia. He traversed the history of sectional and county strikes in Scotland and England, and wished to point out that only a general strike of all miners there had really been effective. Regarding the alleged riots on the Island, he said he had "seen bigger riots at a football match in Scotland."

Delegate Foster, president of the Island miners, rose to defend the attitude of international officers who might oppose a general strike. He pointed out that such policy was dictated by the laws made by their own individual membership and were laid down as instructions to the officers which must be followed. He deprecated the making of empty threats, which were worse than useless, and wanted rather to see action decided upon that every delegate and union man could follow and he was willing to throw off his coat and go to the country and advocate that policy. Regarding the "slamming of Asiatics" he wished to say that the worst "lickspittle strikebreakers" had been men of their own race—"Scotchmen in the lead; Englishmen next." Very few foreigners had broken away after taking union strike pay, he claimed.

COUNCIL AMENDS TEN BYLAWS

City's Share of Cost Cement Sidewalk Construction Will be Taken Out of The General Revenue.

The City Council met in special session last evening, present Ald. McKenzie, McKinnell, Ferguson, Young, Forrester, Cavalsky and Busby; His Worship, Mayor Planta, presiding.

The main object of the meeting was to amend ten money bylaws in connection with the construction of cement sidewalks on certain streets of the city, so that the amount necessary for the payment of the City's part of the work should be levied and raised annually by a special rate over and above all other rates on all rateable property in the municipality, rather than out of the general revenue of the city as at first proposed.

The several sections of work affected, together with the amounts to be levied in each case are as follows:

Easterly side of Kennedy street, from Franklyn to Wentworth street, and easterly side of Kennedy street, from Fitzwilliam to Wentworth streets, total cost of work $7859.49; City's annual payment $4.46.

Bastion street fronting lot 1 in Block 53, lot 9 Block 60, lots 8 and 9 Block 58 and lot 1 Block 57, total cost $608.08; City's annual payment $2.35.

Easterly side of Nicol street, from Grace street to city limits, and westerly side from Pine street to city limits. Total cost $6377.09; City's annual payment $10.20.

Both sides of Franklyn street from Wallace street to Machleary street. Total cost $4740.01; City's annual payment $26.59.

Southerly side of Wentworth street from Wallace street to Pine street. Total cost of work $5315.39; City's annual payment $18.00.

Easterly side of Milton street from Albert street to Victoria road, on westerly side from Victoria road to the northerly boundary of section B of lot 12 in block F, fronting lots 5, 6 and 7 in Block G and from Campbell street to Comox road. Total cost of work $4348.21; City's annual payment $7.51.

Both sides of Machleary street from Franklyn street to Comox road. Total cost of work $11,654.29; City's annual payment $16.30.

Both sides of Skinner street, from Bastion street to Commercial street. Total cost of work $1420.22; City's annual payment $1.65.

Both sides of Fitzwillian street from Machleary street to Kennedy street. Total cost of work $734.22; City's annual payment $5.91.

In each of the nine instances mentioned above a separate bylaw was required. These bylaws were all given the first and second readings, considered in committee, and given the third reading.

A bylaw was also introduced by Ald. Busby amending Bylaw No. 225, being a bylaw to consolidate the sums mentioned for certain Local Improvement Bylaws. This bylaw was amended by changing the figures from $43,000 to $43,057.00, the amended bylaw being given the three readings.

Word was received in Vancouver yesterday morning to the effect that Dr. R. E. McKechnie, of Vancouver, formerly of Nanaimo had been elected president of the Canadian Medical Association, which has just completed a successful convention in St. John N. B. It was also stated in the despatch that Vancouver has been chosen as the next convention city for the association.

A fine granite stone fence and house foundation has just been completed for Mr. John Weeks' residence on Milton street by Messrs. Squires and Billie. The stone comes from granite boulders on the Five Acres and the contractors have worked out very striking and pretty designs in doing the work.

FEWER CHINESE COME TO CANADA

Since the Dominion order-in-council went into effect prohibiting the immigration of Chinese for a period of six months, a great falling off in Chinese travel has been noticeable. The big transportation lines are beginning to feel the pinch of the new regulations. Many of the steamship companies that have hitherto transported large numbers of Chinamen are now using this space for the stowage of freight. The only Chinamen that are coming in at the present are those returning from a trip to the native heath, or the merchant or student class. What few return men are making, or planning to make, return passages appear to prefer the larger steamships, and consequently the Canadian Pacific has the monopoly. It is expected that within another month all the returning Chinese will have reached these shores. Chinese passengers will then be a rarity on steamships calling at this port from the far side of the Pacific.

According to the various agents, there are few Chinese aboard the steamers now en route from Hongkong to Victoria. The Empress of Russia, which sailed from Hongkong on July 8, has only 100 Chinamen aboard, against 800 on her maiden voyage. The C. P. R. white liner Empress of Japan, which is due here tomorrow, has thirty-five Orientals aboard, and the liner Monteagle has but twelve Orientals occupying the space that was designed for hundreds. The Osaka Shosen Kaisha liner Mexico Maru and the Nippon Yusen Kiasha steamship Yokohama Maru have no Chinese at all on their respective manifests.

PARENTS ANXIOUS ABOUT THEIR SON

The parents of Robin Stuart Wilson are very anxious to discover the whereabouts of their son, who left his home in Laurel Lane, St. Charles street, Victoria, Phone 5334-R. on July 5th. A reward is offered for information, which will lead to his discovery.

Robin, a High School pupil, left his home on June 30th and apparently intended to join his father in the Kootenays, for postcards in his handwriting were posted in Arrowhead on July 4th. But on the Sunday he must have arrived home again, while everybody was out, for he changed some of his clothes, leaving the old ones behind. He also packed a small grey grip, of the telescope kind, taking his sleeping suit and a revolver (Smith & Wesson Model) and cartridges.

The boy is tall for his age, almost fifteen years, dark, and has a very brown complexion. Though he is short sighted he does not wear spectacles. Taking rather long strides he has a somewhat slouching walk. He wore a dark brown Tweed suit and a white hard straw hat, with dark blue band. 10 6t

---

The committee in charge of the combined Sunday School picnic on Thursday have made arrangements to have tents put up on the ground for both men and women who wish to go bathing.

The following vessels have coaled at the wharves of the Western Fuel Company over the weekend: Superior Spray and Achades, bunkers; We Two scow; Commodore, Sea Lion and Clansman, bunkers, and Spray, scow.

Practically every one of the free miners' licenses expiring on May 31 has been renewed, and there have been issued in addition to these 169 new licenses. This means that so many additional men have gone out prospecting in the different mining districts.

Dr. Walkem's stories of pioneer life in British Columbia will appear in book form this week. They contain a vast amount of historical information that has never been made public before. In all probability there will be a great demand for the work.

DEATH FROM SUNSTROKE.

Berlin, July 14.—Two German soldiers died and over 100 others are ill today from sunstroke by which they were affected yesterday during military manoeuvres at Frankfort-On-Oder. The weather was the hottest experienced in Germany this year.

MILL FIRE LOSS IS $100,000

New Ladysmith Lumber Company is Heavy Loser by Reason of Big Fire at Local Mill Yesterday Morning.

The fire which at an early hour yesterday morning destroyed the sawmill of the New Ladysmith Lumber Company, was more serious than was reported in yesterday's issue, for at the time of going to press the fire was still raging and it was impossible to secure an accurate estimate of the damage already done or the loss which would result when the fire was got under control. After reviewing the ruins of the mill President Coburn estimates the loss at $100,000. Considerable amount of insurance is carried on the entire plant but until the insurance adjustors complete their work the actual loss of the company cannot be accurately stated, although it is believed the loss over above all insurance carried will amount to at least $50,000.

Hundreds of people visited the scene of the fire yesterday and viewed the ruins. The Fire Department was continually on the job from the time of the outbreak up to 5 o'clock last evening, Chief Parkin having seven streams of water playing upon the smouldering ruins all day. The ruins show a tangled mass of iron, pipes, chains and machinery of every description. That the heat was terrific is evidenced by the present condition of the machinery, as six-inch pipes are bent, coiled and twisted as if they were mere pipe stems. The machinery is practically a total loss and will all have to be replaced provided the company decides to rebuild, upon which point it is not yet decided. Mr. Coburn stated yesterday that he could make no statement as to the future plans of the company, and could make no announcement as to whether or not the mill will be rebuilt. The question of site has to be taken into consideration, he said, and there is a chance that the company will not rebuild here at all. In any case the matter rests with the directors, who will shortly be called together.

THIRD READING AMENDING BILL

House of Lords Passed Third Reading on Amending Bill —Will Now Go Back to The Commons.

London, July 14.—The Lords passed today third reading of the bill to amend the Irish home rule bill, and sent it across to the Commons for consideration.

In the closing stage of the upper house the Marquis of Crewe, the Liberal leaser, took part in the debate on the bill and indirectly promised that the attainment of an agreement in regard to the elimination of the time limit by which the counties of Ulster were allowed to vote on the question of their exclusion for a period of six years from the operation of the home rule would not prove difficult. He said, however, the area of the portion of Ireland to be excluded had been so greatly enlarged by the Unionists that it would be a vexed and critical question. The Unionists, he urged, had failed to find how they propose to meet the inevitable objections to exclusion of the Roman Catholic counties of Ulster and their friends elsewhere in Ireland.

The Marquis concluded by asking for the exercise of patience and forbearance, and firmly hoping for a successful solution.

The Marquis of Lansdowne, the Unionist leader, reiterated that nothing short of the Unionist amendments could avert the immediate peril that was threatening. He said this was his explanation of the demand of the total exclusion of the province of Ulster, and he complained that the government had given the Unionists no assistance whatever in the task of avoiding civil war.

At the suggestion of the Marquis of Crewe, the bill was read a third time without a vote being taken.

OPEN MURDER

It would be interesting to know how far the convention of the provincial Federation of Labor now sitting at Vancouver is really representative of organized labor. The bulk of the delegates are from Vancouver and Victoria and we are not questioning their right to be there, nor concerned with the methods by which they got there. What is more to the point is their authority to speak for organized labor, their fitness and capacity to express the views of organized labor. We should say that organized labor was unfortunate in its delegates. One Victoria man stated that he was willing to support any measure advocated by the miners down to "open murder." He thought he could also speak for some of his fellow delegates from the Capital City. Open murder as a part of union policy, openly advocated in a labor convention, ought surely to give pause to every genuine trade unionist. Such violent talk is a betrayal of labor and of the cause of labor. The surprising thing is that it should pass unchecked and unrebuked in a convention of labor delegates. This fact in itself reveals the anarchistic principles of the delegates in attendance. Another speaker declared he was strongly in favor of organizing for the ballot box, and also for the bayonet in case the ballot box did not accomplish what was necessary. The ballot box will never accomplish what such speakers as these deem necessary. Nor can we see how a minority at the ballot box is going to fare any better with the bayonet. The reason they are in a minority is sufficiently explained by such speeches as these. These men do not represent labor. They speak only for themselves and a few hotheads associated with them. They are presumably products of internationalism in labor, the first fruits of which are threats of assassination and open murder. Organized labor would do well for itself if it took a little more interest in the selection of its delegates.

MISREPRESENTATION AGAIN

The chief reason assigned for calling the labor convention in Vancouver this week is to discuss the situation at the mines on the island. In order to discuss the situation the convention was dependent upon the reports given by the local officers of the U. M. W. of A. In other words the attitude as well as the action of the convention will be shaped and determined by the accounts given it by these officers. Everything therefore, depends upon the truth, fairness, and accuracy of the reports thus submitted. These reports indeed constitute all the testimony before the convention, and under the circumstances one might have expected it to be subjected to some examination. This, however, is not the procedure of the provincial parliament labor. Every statement made by the delegates from the island is accepted at its face value, without any kind of question. Presumably organized labor in British Columbia is willing to take the most drastic action on the unsupported testimony of half a dozen delegates. The necessity of an investigation as a preliminary to any action that may be taken is never even suggested. The position is that the convention, which theoretically at least represents organized labor throughout the province, knows nothing more about the situation on the island than it was told by the delegates from Nanaimo. It is an easy matter to show that the information supplied it was utterly unreliable and crammed full of misrepresentations and misstatements.

The three chief United Mine Workers of America speakers were Messrs. Foster, Farrington and Pettigrew. The latter had nothing definite to say, and suggested nothing more than a general discussion. Foster and Farrington, on the other hand, both made detailed statements, but their details were utterly at variance with the truth. Foster, for example, began with the assertion that persuasion and pleading methods had utterly failed to secure a settlement. The only persuasion Foster has ever attempted was the issuance of his famous dodger a year past May. No one here needs to be reminded of the contents of that dodger. It was probably the meanest and most arbitrary document ever signed by a union leader and yet its author now talks of persuasion and pleading methods having failed. Foster again, in an interview with the Free Press, said they did not want a board of investigation or any outside interference at all. They were capable of looking after their own affairs and meant to do it. Again after Minister of Labor Crothers had been here he told the men they did not want Crothers and would not have him. If this is pleading for a settlement then Foster is right in saying that it has failed. He asserts further that the mines are being worked with incompetent men and that the Mines Regulation Act is being violated wholesale. This is all he does say. He does not produce an atom of proof in support of his statement. He is simply lying. He does not even specify the mines at which he alleges these things are going on. He simply makes a general statement which he cannot prove and which he knows to be untrue. In the same way he still claims that Attorney-General Bowser has failed to give a satisfactory reply to his charges that men are being kept in New Westminster jail whose sentences have expired. Why then have proceedings not been taken to get the men out? Foster was merely trying to get a little extra leverage to move the convention at the sacrifice of all decency and truth. He showed to what lengths he was prepared to go in his statement that no striker was allowed to stand anywhere on the public street when strikebreakers are coming home from work. Everybody in Nanaimo knows what a travesty of the truth such a statement as this is but the other delegates at the convention would accept it as truth. And this is the sort of information on which the convention will take action on the island situation.

Farrington placed himself in just as false a position. He denied that his organization was seeking for aid to save its face. He did not state that the men had already turned down his own proposition for a settlement. He charged as he has always done, and it is to be hoped that the provincial authorities will take note of it, that both the provincial and Dominion governments were arrayed against the men and with the operators. He even had the audacity to once more assert that the miners had tried to get a settlement under the Industrial Disputes Act. If the miners have tried to do this why should Foster deliberately deny that they ever did anything of the kind? How is it that the men refused all fair-wage officer McNiven's overtures to get an arbitration board appointed? The local executive even turned down Deputy Minister Acland's offer of mediation outside of a board under the Industrial Disputes Act. Farrington was equally wide of the truth in his remarks about picketing. There was never anything attempted in Nanaimo which could be remotely construed as peaceful picketing. There was no end of rowdy demonstration and noisy mob intimidation. And it was all fomented and engineered by Farrington and his lieutenants. The authorities would never have objected to peaceful picketing. They had no alternative but to put down disturbances. Farrington declared that no civilized country would stand for such a law. No civilized country will permit mob rule, and will see to it that its laws against violence and intimidation are enforced. So far as the proceedings have gone at the convention they reveal a deliberate conspiracy on the part of the local United Mine Workers of America to mislead and dupe organized labor. There is not a trick in the game of bluff and deceit these professional troublemakers are not willing to play, and not all their previous failures have taught them any better.

THE ONLY CURE FOR CONSTIPATION

Is "Fruit-a-tives"—That Wonderful Remedy Made From Fruit Juices.

AVON, ONT., MAY 14th. 1913.

"I have used "Fruit-a-tives" for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. When I first started about six years ago to use them, I took four at a dose but gradually reduced the dose to one tablet at night. Before taking "Fruit-a-tives", I took salts and other pills but the treatment was too harsh. I thought I might as well suffer from the illness as from these treatments. Finally, I saw "Fruit-a-tives" advertised with a letter in which some one recommended them very highly, so I tried them, and I have no hesitation in recommending them." ANNIE E. CORBETT.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

CHINA APPOINTS SAO KE ALFRED SZE TO LONDON

Peking, July 14.—Sao Ke Alfred Sze has been appointed minister in London. The appointment is cordially approved here. He was educated in America and graduated at Cornell university. He served in the Chinese legations in Washington and St. Petersburg, and was secretary to the Chinese commissioners at the first peace conference at The Hague.

Sealed Tenders addressed to the undersigned and endorsed "Tender for Section 2 of the Jetty at Steveston, B. C.," will be received at this office until 4:00 P. M., on Tuesday, August 11, 1914, for the construction of Section 2 of the Jetty at Steveston, at Mouth of the Fraser River, B. C.

Plans and form of contract can be seen and specification and forms of tender obtained at this Department and at the offices of the District Engineers, at New Westminster, B.C.; Victoria, B. C. and on application to the Postmaster at Steveston, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by a accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract or complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

NOTE:—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of $50.00, made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By Order,
R. C. DESROCHERS,
Secretary.

CALGARY OIL STOCKS
It is agreed by the best experts from all over the world that Calgary District is a great oil field, but at the same time it must be admitted that there are a great many wild-cat companies on the market and that the investor cannot be too careful in the selection of a company.
After several weeks careful investigation the Granby Oil Co. and the Dakota Sands Oil Co. were selected from among over sixty companies as two of the best buys in the oil fields.
The points considered in the selection of these stocks were: the personell of the officers of the companies, low capitalization, the number and location of their properties.
The companies hold many properties, all along the oil belt, among the best properties in the oil field, all selected by oil experts. Everything has been done to eliminate the chances of failure in striking oil. Several strong companies are drilling close to several of these companies' properties and are getting down to the oil bodies. It is considered only a matter of days or, at most, weeks until the oil will be struck and as soon as this occurs the stocks of the Granby and Dakota companies will rise rapidly. These companies are waiting for results from drilling of the other companies, to show which are the best properties to drill on.
Now is the time to get stock, before any strikes are made. Now is the time to get in on the ground floor with a good, reliable company. The closest investigation is invited.
Prospectus and further information can be had from the office of May, Tisseman & Gemmell, 11, Bastion street, (corner Front).

Digby, N. S.

Minard's Liniment Co., Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working.

JOHN R. HOLDEN.

Witness, Perry Baker.

THE GIRL WITH BEAUTIFUL HAIR

Uses Newbro's Herpicide

There is one sure and certain way for every woman to have beautiful hair, and that is to give it intelligent care, which includes the use of Newbro's Herpicide.

This remarkable preparation absolutely eradicates dandruff and prevents the hair from falling.

The prophylactic action of Herpicide keeps the hair free from disease, and with the scalp sweet and clean a natural hair growth is inevitable.

Herpicide hair scintillates with health and vigor, light and luster, produced only by the well-known scalp and hair dressing, Newbro's Herpicide.

Newbro's Herpicide in 50c and $1.00 sizes is sold and guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

All first-class barbers and hair dressers use and recommend it.

Opera House

A REAL COWBOY DRAMA.

Last night the Vin-Moore company presented "What Happened to Smith," a comedy that kept a large audience in good humor for over two hours. Tonight they play will be "The Cowpuncher", a western play with the scenes laid in Arizona. The company all have congenial parts, and new specialties between acts will be introduced. An entire change of play will be introduced. An entire change of play will be given every night during the Vin-Moore' engagement. x

GIRL GUIDES WHAT THEY ARE.

(Continued from page 1.)

formed like the boys; the boys' tests were carried out, and very unsuitable tests for girls some of them were too. There was no proper organization, sometimes even the girls would go scouting along with their brothers. The result was a poor imitation of Boy Scouts, that was no good to anybody, and a good deal of harm.

But the wise Chief Scout has a wise sister, who was once a girl, and who said, "The girls are right, all they want is guidance, and training, and they shall have it. We don't want bad imitations of boys to grow into, who knows what? We must have girls who will grow into womanly women, in fact we will have Girl Guides!"

So in 1910 the various patrols of girl scouts, and very good patrols some of them were, too, were transformed into Girl Guides. A special committee of capable women was formed quite separate and distinct from the Scouts, to have charge of all arrangements. In every district where companies are registered a similar local committee is formed. Nanaimo is particularly fortunate, being under the Imperial Order of the Daughters of Empire. Our headquarters committee in Canada is in Toronto. Our purpose in life is summed up, like the Scouts, in our short motto, "Be Prepared," and we aim to prepare ourselves to be useful girls now, and useful women in the future—as one of our songs has it:

"Be prepared to aid the weaker, to overcome the wrong;
And for duty's path a seeker, stern be numbered with the strong.
To our comrades ever loyal, ever ready in our place—
Gallant Guides, of courage royal, for the honor of the race."

You will have noticed our badge, the three-leafed trefoil, each leaf being a reminder of one of our three promises. So a Guide is always to be prepared to fulfill her three-fold duty towards God, towards others, and towards herself.

I promise on my honor to be faithful to God, and the King. Yes, a true Guide is a loyal citizen and a faithful Christian. In our First Nanaimo Company we have already Guides who are qualifying for the Scripture Students' Badge, which calls for intelligent, regular daily Bible reading. Besides this we seek to honor God by learning more of His wonderful works in the natural life around us in the woods and hills. A true Guide's attitude towards God seems to me best expressed in those Bible words. "Behold Thy servants are ready to do whatsoever my Lord the King shall appoint. I promise to help others. I think most of you know of the Guide's daily 'good turn.' A Guide in uniform ties a knot in the end of her tie in themorning, and unties it, when her good turn is done Out of uniform she can tie a knot in her handkerchief insteak. We have most of us met the well-meaning person who is always anxious to help, and yet has not the remotest idea whatto do, or how to do it. The Guides do not intend to be like that. Our ambulance work, fire-lighting, cooking, needle-work, swimming and life-saving, yes and signalling and tracking, what is it all but a preparation so that we as Guides may be able to help others when the opportunity arises? A company of Guides in Wales were going along the road, when they came upon some people standing round a boy who had just broken his leg. The doctor was three miles away, and it would take an hour and a half for him to reach the place. But one of the Guide examined the road and came upon the track of a non-skid tire, which she knew belonged to the doctor's auto. Observing the splash of mud she could tell he was going away from his home, and as the track was quite fresh they knew he could not have gone far. Another Guide knew of a home not far in that direction where the baby was sick. They followed the track and at the very house they found the doctor and his car. I often think the Good Samaritan a splendid example of one who was prepared. He not only used his skill in attending to the robbed and wounded man, but he was all ready prepared with ointment and bandages handy. So Guides should be.

And then. I promise to keep the Guide Law. That is a large order, very, and even the best of Guides, being human, falls short sometimes. But it is our ideal, and our working code. Imagine a Guide in an easy chair, with an interesting book. There is a meaw at the window and a scratching. The Guide looks up impatiently. Bother that cat Oh! a Guide is a friend of animals," and soon pussy is purring by a warm fire. To a true Guide a difficulty is an opportunity to show a Guide smile and a Guide's ingenuity to overcome it. We have no rules beyond the Guide Law. It is our standard of life and character and a girl failing to keep it shows that she is not a Guide, and does not deserve to wear her badge. It may be taken from her for a time or for always, according to the offence.

You have seen some of our second class work. This is just the beginning. As soon as a Guide wins her second class badge she is ready to go in for proficiency badges. These badges may be won for a great variety of subjects—first aid, cooking, needle-work, signalling, pioneer work artist, musician, and so on. Then there is the first-class badge, with more difficult tests. No proficiency or first class badge is awarded without a satisfactory percentage of marks in an examination by examiners appointed by the local committee.

Time forbids me to speak of the system of working in patrols, each with a flower emblem, under a leader, in which the leader is responsible for the girls in her patrol. Also the why of our uniform. An hour's work in the woods is enough to convince the skeptic. The material is strong and thorn-proof, the color is not easily seen, so is good for tracking, our pockets are invaluable, our belts make stretchers with our staffs, tie is a triangular bandage, our and I cannot begin to tell of what our staffs can do.

Sufficient it is to say that we in Nanaimo are doing the same work as Guides all over the world—all parts of Canada, the British Isles, Germany, India, South Africa, China, even in the Fiji Islands! They have a good company there of girls that used to be spoken of as unmanagable.

So now you will know what to say when someone asks you, "What are Girl Guides?"

Big Ben Says--

The man who fails to investigate the opportunities of life such as this great sale—has no one to blame but himself if he doesn't prosper.

Here now, every man in Nanaimo and district is offered the chance to buy goods he will surely need sooner or later, at prices way below what he has had to to pay formerly or will have to pay later. The shrewd men—those who are getting ahead—are quick to grasp such an opportunity as this. They realize that to take advantage of it is just like finding money.

Yes Sir,

Go where you will and when you will, you'll not find bargains like these. No merchant is going to sacrifice good merchandise in this way except under circumstances compelling drastic measures. McRae & Lucier must reduce their stock without delay in order to carry out their plans. Hence the remarkable bargains of which the following are a few:

Mr. Walter Alsopp returned home to Vancouver yesterday after visiting his parents, Mr. and Mrs. Hy. Alsopp, Nicol street.

BUS SERVICE FOR NANAIMO

(Continued from Page 1)

men, other than miners, in the mornings up to and before nine a. m. Also from twelve noon to one p. m., and in the afternoon between five and seven o'clock p. m.

5. Also that the party of the second part agrees to provide special transportation busses for the operators to and from the various mines within a distance of six miles from the centre of the city, at the rate of ten cents per head for one ride.

6. Also that all motor busses after dark shall be provided with proper lights in front of the cars and at the rear thereof, and such safety appliances shall be used as required by the Railway Act.

7. In consideration of the above-mentioned, the party of the second part requires the following considerations from the party of the first part:

1. A franchise guaranteeing to the party of the second part the sole right to operate motor busses for passenger service within the city limits for a period of ten years, subject to as satisfactory a service as may be agreed upon.

tion for the same period.

3. Exemption from all water taxation for the same period.

4. An undertaking on the part of the party of the first part to put into proper repair, and also maintain such streets as the party of the first part desire the party of the second part to operate a motor bus service thereupon.

5. That the party of the first part do agree to supply to the party of the second part a suitable site within the city limits, with an entrance both in the front and at the rear, adequate for driving the motor busses both ways, this site not to be less than one hundred by one hundred and fifty feet.

The party of the second part is willing to undertake to operate the above service within six months after the passing of a bylaw to the herein-mentioned considerations.

H. BAYNES.

Mayor Planta remarked it appeared to him the company meant business and he urged the Council give the propcsal its serious consideration and expedite matters toward a decision as soon as possible.

Ald. Forrester remarked the Council now had a definite proposal before it and he moved the matter be referred to a special committee to investigate into the proposal and report back to the Council at the earliest opportunity. The motion was seconded by Ald. McKenzie and adopted.

STRAIGHT TALK TO CONVENTION

General Strike Proposition Denounced by Frank Farrington—Charactirizes it as Simply Suicide.

In reporting the strike convention in Vancouver, yesterday's Vancouver Province says:

Mr. Frank Farrington was accorded the privilege of the floor, and in one of the most convincing speeches that has so far been made, he denounced the general strike proposition. Speaking as the representative there of the Mine Workers' International Union, he said that he had opposed the previous attempt to induce a general strike, and he had no reason to change his position. As the representative of 400,000 mine workers in every part of the United States and Canada, he had responsibilities towards the 398,000 who were not residing on the island, which compelled him to take the wider view. He failed to see what benefit a general strike in the province could bring to the miners on the island unless the strikebreakers could be persuaded to take part, which was not likely. Furthermore, as it was an honorable agreement the striking miners were seeking, what kind of consistency was there in asking members of other organizations as well as those of their own who were working under such agreements, to break them in order to assist in the making of another?

It is no secret, continued Farrington, that there were thousands of unemployed in the province, and an estimate of 15,000 unemployed was considered a conservative estimate of those in Vancouver alone. Add to that the number in Victoria and New Westminster, without considering outside points, and then take a look at the general strike proposition. He was one of these, he stated, who would be willing to invite the members of other crafts to commit industrial suicide on the plea that it would benefit the mine workers. It had already been stated that no appeal to the unemployed could be made effective in the event of a strike, and what had the workers in the miscellaneous trades in British Columbia to gain by the organized workers walking out and allowing the nonorganized to take their places immediately? What indeed, had the striking miners on the island to gain in view of such a possible result? He believed that it would be better to organize their crafts more thoroughly rather than to destroy what organization there was; and whatever was the result of their deliberations, his experience and judgment compelled him to advise the convention against taking steps to inaugurate a general strike.

The earlier part of this address was punctuated with heated interruptions, but the speaker held on his way in the most determined manner and left no doubt as to the sincerity of his convictions in the matter. This, the closing address of the session, had a telling effect and after adjournment the delegates lingered in groups outside and inside of the convention hall, holding miniature conventions and heated discussions that indicate that the end of the convention is not yet in sight.

MINERS CAUGHT IN DEADLY QUICKSAND

Iron River, Mich., July 15.—Seven miners were killed in the Balkan mine at the Alpha Location, near here, today, when sliding sand caused a cave-in.

The miners were drilling into a roof. The drill hit quicksand and with a shout the men thirty in number, began a rush for the mouth of the tunnel. Seven of the miners were overtaken and killed by the quicksand which filled every crevice in the mine.

The rest of the men ran for their lives, pursued by the sand. Two were caught while trying to reach a ladder One of these was compelled to shed his clothing. The other man lost his boots which became engulfed, and which he kicked off.

Mr. Joseph McPhee of Courtenay is in the city on a visit to his son Dr. McPhee. He is accompanied by his son Joseph.

LOCAL ODDFELLOWS INSTALLED OFFICERS

Black Diamond Lodge I.O.O.F. installed its officers last night. The installing officer was Deputy District Grand Master D. J. Jenkins. He was assisted by J. B. Nicholson, J. R. McKinnell, D. G. Dailey, W. H. Morton, J. R. McKenzie and P. Cain.

The following officers were installed:

N. G.—Jos. Brumpton.
V. G.—Wm. Carmichael.
Fin. Sec.—E. G. Cavalsky.
Rec. Sec.—H. McKenzie.
Treas.—R. McCourt.
Warden—W. Thompson.
Conductor—Jos. Sumpton.
R. S. N. G.—J. Aitken.
L. S. N. G.—J. R. McKenzie.
R. S. V. G.—J. R. McKenzie.
Chaplain—Matt Scurr.
I. G.—T. McCourt.

AUTO SKIDS, ONE KILLED THREE OTHERS ARE HURT

Vancouver, July 15.—Their automobile skidding at a street corner in Eburne, six miles out of Vancouver, five people were crushed under the overturned car at 1 o'clock this morning. Mrs. Peter Rinan was killed, her husband was badly hurt, as was R. P. Seward, the chauffeur, and F. Brady, another passenger. Seward had taken his employer's car out for a joy ride.

BUYS NEW YORK-COLON CABLE FROM ENGLAND.

New York, July 15.—To provide for the large increase in business expected to follow the opening of the Panama canal, a new cable will be laid from New York to Colon by way of Guantanamo before the end of the year. The cable, costing $1,500,000, is being constructed in England and will be much larger than the present cable.

Mr. J. Beverley Robinson, of Toronto, representative of "Opportunities" a publication of world wide renown, was in the city yesterday visiting representatives of the local Board of Trade.

MILL COMPANY WILL REBUILD

New Ladysmith Lumber Company is Opening East Wellington Plant Today and Will Rebuild When Conditions Warrant.

The New Ladysmith Lumber Company will today reopen its mill at East Wellington which has been closed down for some time. The plant is all complete and only needed some minor repairs to allow of its being again placed in operation. The mill will cut enough lumber to supply the demands at the present time, and as soon as conditions warrant the company will rebuild the mill destroyed by fire on Tuesday morning.

The new mill will be a modern plant in every respect, both as regards machinery and equipment, and will be the equal in many respects of any on the Island.

UNDER SURVEILLANCE.

Gulfport, Miss., July 15.—Two women under police surveillance here, suspected of being the missing sisters Mrs. Eloise Nelms-Dennis, and Miss Beatrice Nelms, of Atlgnta, Ga., evidently outwitted the officers detailed to watch them and left the city during the night. The police think they departed in a launch.

Yesterday's convention of the B. C. Federation of Labor in Vancouver, adopted a resolution favoring the total exclusion of Orientals from Canada.

Word has been received in the city of the death at Blackhill, Durham, England, on June 5th last, of Mr. Aaron Watson, a former resident of Nanaimo. The deceased is survived by his wife and one daughter.

A special meeting of the Women's Auxillary of the Nanaimo Hospital will be held in the Oddfellows' Hall Saturday afternoon at 3 o'clock for the purpose of arranging for Tag Day.

OLD PIONEER PASSED AWAY

Mr. Flewett a Former Well Known Rancher of the De Courcy Island Recently of Nanaimo Died Last Night.

The death occurred at a late hour last evening of William Henry Flewett a native of London, Eng., aged 82 years and for 40 years a resident of this district.

Despite his advanced years, Mr. Flewett had been enjoying the best of health and retired last night feeling hale and hearty, but two hours later passed away peacefully, death being due to heart failure at the home of his daughter, Mrs. James Malpass, Five Acres.

Besides his widow he is survived by four daughters, Mrs. Jas. Malpass, Nanaimo; Mrs. Sarah Raper, Vancouver; Wilhimena F. Young, Chicago; and Mrs. E. Rose, Seattle.

The remains now lie at McAdie's Undertaking parlors pending funeral arrangements being completed.

The late Mr. Flewett was an interesting and unique character in many ways. Despite his age he until recently was a very hale and hearty old gentleman who took a philosophical view of life. He was an old seafaring man, and in personality was the living personification of the part. For many years he was a marine engineer. After settling down on De Courcy Island he became as good a farmer as he was a sailor and many a Nanaimo family remembers his eggs and poultry and other farm products with pleasant recollections.

Mr. Flewett was a great lover of music and while perhaps not a finished technical player was sufficient of an artist to build himself a pipe organ with which he used to entertain himself and friends. Latterly he purchased one of the latest gramophones, and laid in a large stock of records and it was one of his chief pleasures to get his friends and acquaintances in Nanaimo to pay him a visit.

MR. CHAMBERLAIN ELECTED

London, July 15.—Rt. Hon Austen Chamberlain today was elected unopposed to his father's seat, West Birmingham.

MILITANTS ATTEMPT TO BURN HOUSE.

Durham, Eng., July 15.—Suffragettes made an unsuccessful attempt today to burn Cocken Hall, a fine residence, near the ancient town of Chester-Le-Street, belonging to Lord Durham but unoccupied. The caretaker discovered a staircase on fire but extinguished the flames. Petrol had been used abundantly. The suffragettes made their escape.

ALLEGED KILLING.

Invermere, B. C., July 15.—Indians and white police are hunting for Dominick Nicholas a half-breed Indian, who, it is alleged, fled to the mountains after killing his father-in-law, a Kootenay Indian named Honest Sam. The older man is said to have remonstrated with Nicholas, who is an athletic young fellow, when the latter was found abusing a horse. A fatal blow over the head is claimed to have been the response of the half-breed.

NEW GOVERNMENT DOCK

A new dock is being built by the Dominion government at Roy, P. O., of Loughborough inlet, and considerable repairs are being made to the old government dock at Lund. A new wharf is also being built at Savary island, reports Timber Inspector George D. McKay, who has just arrived back from an inspection trip in the North.

The provincial government is also carrying out extensive improvements to the roads in Strathcona park, Vancouver island.

NO BRITISH COMPETITORS.

London, July 15.—"The Daily Telegraph" says there will be no British competitors in the American open golf championship at Chicago next September. Various difficulties, the paper adds, have prevented the intended visit of Baird and Duncan, but Harry Vardon and some of the other best golfers in Great Britain are likely to go to America in 1915, and it is expected that one or two amateurs will attend the championship meeting on the Ekwanok course, at Manchester, Vt.

VANCOUVER WOMAN KILLED IN AUTO

Vancouver, July 15.—Mrs. Peter J. Rinds, 1023 Robson street, is dead and her husband and Reginald Seward, Frank Brady and J. Bottonley are in the general hospital as a result of an automobile accident which occurred at 1:20 o'clock this morning at the corner of Fourth St. and Townsend Road, Eburne. The automobile, a big touring car driven by Seward, skidded and turned completely over, throwing the occupants out on the road. Mrs. Rinds was instantly killed. The other members of the party were seriously injured. All apparently live at 1023 Robson street, with the Rinds family.

Brady will probably die. C. Seward may also fail to recover.

FRENCH SENATE DID NOT PASS BUDGET

Paris, July 15.—The Senate and Chamber of Deputies were in session throughout the day, but in spite of all endeavors the Senate failed to pass the budget of 1914 before adjournment at 11 o'clock tonight. The houses will meet, early tomorrow morning for the purpose of taking a vote in time for President Poincare to sign the decrees before leaving for Russia at noon.

Most of the differences which existed between the senate and the Chamber have been arranged and the delay in the Senate today was due to a heated debate on the question raised yesterday respecting alleged military disorganization.

Senator Humbert's charges were specific and made a strong impression on the House. He declared that millions had been wasted on national defence owing to bad organization in the army and he charged that the armaments, particularly the artillery, were inefficient. Accepting the assurances of Premier Viviani and War Minister Messimi, that everything necessary was being done to maintain the military forces at the highest state of efficiency the Senate finally ratified the non-recurring expenditures of 1,400,000,000 francs ($280,000,000) already voted by the Chamber of Deputies.

The Senate at the same time ordered that the army committee make a searching investigation of the charges preferred by Senator Humbert and submit its report after vacation.

THREE TO ONE AGAINST SHAMROCK

Gosport, Eng., July 15.—Everything is ready for the departure July 18, for the United States of the Shamrock IV., Sir Thomas Lipton's challenger for the America's cup. Her compasses have been adjusted, her ketch rig has been fitted and Sir Thomas' steam yacht Erin is waiting to convoy her across the Atlantic.

"Shamrock IV. has done all that has been asked of her," is the final word of Charles E. Nicholson, the designer. He admits, however, that the trial boat was in no way satisfactory, as the type of an opponent which would enable yachtsmen accurately to gauge the Shamrock IV.'s chances of lifting the cup. Underwriters at Lloyds are not so optimistic as Mr. Nicholson concerning the Shamrock's chances. Their estimate today was roughly three to one against the challenger. In other words, they are issuing policies at a premium of thirty-five per cent. to pay the total loss if the Shamrock IV should prove successful. A similar risk in connection with an aeroplane across the Atlantic during the present year is being covered at eight per cent.

The crew of the Shamrock IV., numbering more than thirty men, is to be divided during the voyage, half of the sailors taking it easy on board the Erin as far as the Azores, and then relieving their shipmates for the remainder of the trip.

STEAMSHIP KILLS WHALE.

Montreal, July 15.—The Donaldson liner Cassandra, which arrived in Montreal today, killed a whale 100 feet in length last Wednesday. The whale attempted to cut across the bow of the vessel, and was instantly killed. The impact caused the vessel to shake from stem to stern, but did no damage to her.

PASSED FIRST AID TEST

List of Successful Candidates of St. Johns Ambulance Class in Recent Examinations Held Here.

The following are the successful candidates for examination in First Aid work recently examined by Dr. W. F. Drysdale, under the auspices of the St. John Ambulance Association.

For second year voucher of the association: R. B. Fulton, J. W. Jemson, Geo. Yarrow and W. Neave.

For first year certificate of the association: R. N. Smith, John Mowatt, Matthew Gunniss, J. N. Smith, Arthur Newbury, John McGuckie, Albert Hobbs and L. Samann

Classes were held in the W. F. Co. Rescue Station and Dr. L. J. O'Brien was the lecturer during the season.

CONSIGNEES WEDNESDAY

A. J. Smith, Thompson & Cowie, Wing Wah, Union Brewing Co., J. E. McKenzie, F. S. Clark, J. S. Knarston, A. R. Johnston, P. Burns E. Quennell, J. Wagstaff, D. Spencer E. Devlin, W. Hoggan, P. Bennett, Cowie Machine Worke, S. Evans, L. Manson, W. Jarvie, J. Hirst, W. H. Ganner, J. Logan, J. Parkin, W. Brown, Vancouver Milling & Grain, Kwong ming Lung, J. Hardy, Hrs. F. Nicholson, Whitty Bros, F. E. West, J. Wardill, H. Gibson, J. H. Malpass, Nanaimo Electric Light, G. S. Pearson, S. Mandel, Mrs. M. A. Rowe, R. Laird, J. Bevan, F. Wagstaff, J. Sampson, Studebaker Garage, S. R. Jessop, Mrs. R. Yates, Western Fuel Co., Daily Herald, J. B. Hodgins, Ideal Plumbing & Heating Co., Pacific Biological Station, Beattie & Hopkins.

MEN AGREE TO DEAL SINGLY WITH COMPANY

Philadelphia, July 15.—Announcement was made today that the vote cast yesterday by the motormen and conductors of the Philadelphia Rapid Transit company resulted in the men deciding to continue for another year the present co-operative plan by which the men deal as individuals with the company, rather than through a labor organization. About 6,500 men are involved.

PARTIES IN MANITOBA

Winnipeg, July 15.— The official declarations of the result of the polling in Winnipeg last Friday in the election of Members for the Manitoba Legislature were made today.

Declarations were also made in a number of outside constituencies, but no radical changes from the majorities already given have been recorded.

The parties appear to stand: Government, 25; Opposition, 21, with three deferred elections and several recounts in prospect.

Winnipeg, July 15.—Official returns from St. George give Mr. Taylor, Conservative, 58 majority.

LIBERAL IN EAST LAMBTON

Sarnia, Ont., July 15.— County Judge McWatt tonight concluded his recount of the ballots in connection with the East Lambton Provincial election contest, and declared Mr. R. J. McCormick, Liberal, elected by a majority of twenty-seven votes. One hundred and twenty-three ballots were thrown out. Dr. J. B. Martyn, the Conservative candidate, has but two days in which to enter an appeal, and it is understood that one will be taken.

NINETY TOKIO RIOTERS GIVEN TERMS IN PRISON

Tokio, July 15.—The criminal court here today sentenced ninety participants in the anti-ministerial riots of February 10 to terms of imprisonment ranging from six months to a year.

The riots occurred during demonstrations against the ministers' attitude in connection with the recent naval scandals, for which a number of officers were dismissed from the navy on charges of having received illicit commissions for influencing the allotment of admiralty contracts.

HON. J. J. FOY IMPROVED

Toronto, July 15.—The condition of Hon. J. J. Foy, attorney-general of Ontario, is somewhat improved today. He is still in a very dangerous condition, however.

FORMER NANAIMOITE CREATES SENSATION

Vancouver, July 15.— Mr. W. Manson, M.L.A. of Prince Rupert, accompanied by Mayor Newton and City Engineer W. McG. Manson, of the G.T.P. terminus, passed through Vancouver today to appear before the executive council of the government at Victoria next Friday to oppose an application of the Prince Rupert Hydro-Electric Co., to enter the northern city with its wires and poles. The company is controlled by Eastern Canadian capitalists.

The argument of the question of the privilege of the company to enter Prince Rupert promises to be quite a lively one, for Mr. Manson appearing on Saturday evening before a large meeting of his constituents declared that he proposed to stake his political career on the issue of the power company's application.

"It is the parting of the ways for me," declared Mr. Manson to his hearers, "for if the McBride government does not meet the wishes of what I believe are the great majority of the people of Prince Rupert, I shall forfeit my support to that government and hereafter endeavor to represent you as an independent."

"We view with alarm the coming of a dual system," said Mr. Manson this morning. "With us," he continued, "it is not a passing fad of municipal ownership, but is based on the best engineering advice obtainable. It is obvious that for the present one system is sufficient. We do not want two systems of wires and poles on the streets. We are quite ready to have the company come to our gates with its transmission line and then make arrangements for the city to buy such current from the company as the city cannot generate from its own system, and distribute it."

WINNIPEG BARS WERE OPENED ELECTION DAY

Winnipeg, July 15.—Election day infringements of the liquor act have resulted in nearly 20 prosecutions being instituted by the provincial license department against Winnipeg hotels for having their bars open on Friday last. The act provides that bars shall be closed all day during federal and provincial elections, and contrary to this a number of local bars opened for business when the polls closed.

GENERAL HUERTA HAS RESIGNED

Carvagal Succeeds Huerta as President of War Ridden Mexico—Guaymas is Evacuated by Federals.

Mexico City, July 15.—General Huerta today resigned the presidency of Mexico and S. Carvagal was appointed provisional president of the republic.

General Huerta's resignation, it is realized, would not immediately compose the situation, but it would make possible parleys with the Constitutionalists through which a change of government could be accomplished peacefully.

Evacuation of Guaymas by the Mexican Federal forces was begun today with the arrival of the steamer Benito Juarez, according to reports to Rear-Admiral Howard. The first step preliminary to the general exodus of Federals began with the embarking of horses and cattle.

LANCASTER WILL NOT BE CANDIDATE IN LINCOLN

St. Catherines, Ont., July 15.—Because the sessional indemnity of the Dominion Commons is not high enough E. A. Lancaster, M. P. for Lincoln for the past 14 years, will not again offer himself for re-election. He told this to a deputation of his constituents last night, who presented him with an illuminated address.

WITNESS DID NOT WAIT IN CHICAGO BANK CASE

Chicago, July 15.—It was learned today that witnesses wanted by the federal grand jury investigating the affairs of the La Salle Street Bank while it was a national concern have fled from the city. One man, it was said, has gone to Los Angeles, but federal agents there as well as in other cities will be sent copies of the subpoenas and will try to serve them

REFERENDUM ON GENERAL STRIKE

Vancouver Convention Decides to Take Vote of Labor Unions on General Strike Throughout B. C.

Vancouver, July 15.—Within a few minutes of the adjournment of this morning's session of the B. C. Federation of Labor a decision was reached in regard to a proposed general strike, when a substitute for the whole of the previous resolutions, submitted by Delegate Pattinson was carried by a roll call vote of 48 against 36.

As several of those voting against the substitute motion were committed to the promotion of resolutions previously submitted in which the general strike was included, this vote does not exactly show the opinion of the convention as to the strike proposition.

The negative vote was almost entirely made up of the delegates from miscellaneous trades and crafts most of whom represent unions working under agreement.

The resolution as carried reads as follows. It is moved by Delegate Pattinson, Nanaimo, and seconded by Delegate McEwen, Vancouver:

"Whereas the mine workers on Vancouver Island, for 21 months and 14 months respectively, have been striking for the right of organization; and whereas, the government has assisted the coal operators to help defeat the miners by various ways, such as non-enforcement of the Coal Mines Regulation Act, the deception of workmen act and the new order-in-council regarding immigration to British Columbia, and by sending special police and militia to act as 'scab-herders'; and whereas, the miners have been backed by a powerful organization, and if they should suffer defeat there is no other organization that can stand against the combined efforts of capital and the government;

"Therefore be it resolved that this convention assembled advise labor in the province of British Columbia to engage in a general strike, and that a referendum be taken immediately and action be taken as soon as returns are in; and furthermore, that four men be sent out by this convention to propagate the idea of a general strike, and on an educational tour."

One of the statements made this morning by Secretary Wells was to the effect that there were 70 per cent of the building tradesmen of the province unemployed.

It was claimed by Delegate Pattinson that strikebreakers from both Britain and the United States had been admitted to the Island mines since the passing of the order-in-council prohibiting the entry of laborers and artisans to British Columbia.

Twice during this morning's sessions Mr. Frank Farrington was accorded the privilege of the floor to reply to statements made in regard to conditions among the miners.

In the few minutes remaining between the passing of the strike resolution and adjournment a resolution previously ruled out of order was again moved, which calls for opposition to the present provincial ad-

(Continued on Page 2)

TIRE COMPANY MOVES TO WINDSOR BLOCK

The Nanaimo Tire Company is now located in the basement corner of the Windsor Hotel Block. New vulcanizing machinery has been put in and the company is prepared to handle any kind of tire repairs including retreading and putting in new sections in casings. Mr Peters, an expert tire man, is in charge of the plant.

All motorists are cordially invited to use the company's free air and save themselves the trouble of pumping up their tires by hand.

HOTEL MEN FINED.

Winnipeg, July 15.—The twenty hotel keepers summoned for infractions of the Election Act on Friday last. July 10, Manitoba provincial election day, when their bars were open for the sale of liquor, appeared before a magistrate this morning. Twelve of them were fined $200 and the other eight remanded.

RUPTURE AND MUDDLE

The labor convention at Vancouver was reported yesterday to have voted in favor of a general strike. This does not mean that anything of the kind will take place. It only shows that a majority of the delegates attending the convention are in favor of this desperate action. The question has yet to be referred to the members of the various unions in the province. The referendum vote will at least show how far these delegates are really representative of organized labor. Meantime the opinion may be hazarded that the proposition of a general strike will be snowed under at the ballot. In the first place the convention has acted under an entire misapprehension of the situation on the island. There was indeed a conspiracy on the part of the island delegates to dupe and mislead the convention. And in the second place the motion itself was passed in the face of the dissapprobation of the responsible officers of the United Mine Workers of America. This is, indeed, the outstanding feature of an amazing convention. The call for the convention was sent out on the request of the local branch of the United Mine Workers of America, and then, after assembling, the convention took the matter out of the hands of its convenors. In doing this, however, the majority of the convention was aided and abetted by insurgents among the United Mine Workers of America delegates. The harmony and solidarity we have heard so much of exists only in the rank and file who must render unquestioning obedience to the leaders who are fighting among themselves.

The proposition is clear enough. Foster explained that his organization did not want and could not support a general strike. Irvine was equally clear and positive in his opposition to the proposal. Farrington, who has always billed himself as the officer in charge of the strike, also put himself on record as against a general strike. He told the convention that his organization would not permit the breaking of a working agreement, and he did not believe other organizations should be asked to do what the Mine Workers would not do themselves. Had he known that this was the real reason for calling the convention he would have opposed it. Against Foster Irvine and Farrington were Petti grew and Pattison and the other local delegates. The last two have always been closely associated as itinerant agitators and professional trouble-makers, and even as a newspaperman Pattison remains still a Mine Worker's delegate. The rules and constitution of the organization which is to bring the millenium to the island proved no restraint to them. They wanted a general strike in spite of anything or everything. The other local delegates were with them, and the majority of the convention supported them. The convention puts its hand and seal upon the rupture among the officers of the United Mine Workers of America.

The first consequences of the insurrection are that the local mine workers are in a hopelessly muddled condition. Farrington has emphatically stated that the organization will not permit the violation of working agreements. He will accordingly have to instruct the branches in the province that a strike is forbidden. The penalty for disobedience is the cancellation of the local charter. None of the organized mine camps of the province will therefore be able to join in the general strike. If they do the men will cease to belong to the Mine Workers. That being so then there would no longer be any cause for continuing the fight. There remains the question as to how the general strike is going to affect the situation on the island in any event. The men now working in the local mines are not greatly concerned with the action taken by the convention. They will continue their employment. So will the men at the other mines. They will get out the coal and the next step is to market it. A great part of the coal goes to the United States, and to be effective the general strike will have to be extended outside the province. The strike breaks down here at the outset. Then as regards the local marketing of the coal The same orators who starred in the convention have declared there are tens of thousands of men out of employment in the province. Can they keep these men from accepting work if the regular hands vacate their jobs? What the carpenters, bricklayers, printers, the streetcar men and other workers may do will have no effect on the situation. The main question is can the general strike be made effective? It cannot for a single day Moreover the responsible officers of the organization on whose behalf it is proposed to invoke the general strike have declared that their men will not be permitted to participate in it. These considerations may make no difference to the delegates attending the convention; but with the average worker who is asked to leave his work without an assurance that he will ever be able to return to it they will assuredly be paramount.

REFERENDUM ON GENERAL TTRIKE.

(Continued from Page 1)

ministration in every constituency at the next election.

Delegate Rees, representing the miners of Disirict 18 which comprises the unions in the Crows Nest Pass and in Alberta, speaking at the afternoon session on Tuesday, delivered a telling attack upon the general strike idea. "The time for long strikes is ended," he declared, and better methods must be discovered to further the interests of the workers generally. So far as the men he represented were concerned, he was not sure that they would look with favor on such a proposition, and in any case they would have to consider their own position. They had been through many strikes. The experience was not a new one to him or to those he represented, and just what the island miners could gain if the miners in the other districts or in other trades were to strike was not at all clear to him.. He pointed out that none of the crafts or industries were as fully organized as they ought to be, and while an appeal could be made to the unorganized there was little to hope for in that direction. In addition to that, the United Mine Workers would most certainly not countenance the breaking of the agreement under which they were working on any such pretext, and financial backing was necessary when a strike was undertaken. He maintained that there were other ways to strike that would be much more effective.

Delegate Pattinson, of Nanaimo, made an impassioned appeal for a general strike and was supported by Delegate Naylor of Cumberland, Delegate Gray of Fernie and Delegate Cochrane of Nanaimo.

Minards Liniment for sale everywhere.

Sealed Tenders addressed to the undersigned and endorsed "Tender for Section 2 of the Jetty at Steveston, B. C.," will be received at this office until 4:00 P. M., on Tuesday, August 11, 1914, for the construction of Section 2 of the Jetty at Steveston, at Mouth of the Fraser River, B. C.

Plans and form of contract can be seen and specification and forms of tender obtained at this Department and at the offices of the District Engineers, at New Westminster, B.C.; Victoria, B. C. and on application to the Postmaster at Steveston, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by anaccepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract or complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

NOTE:—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of $50.00, made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By Order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, July 6, 1914.

DEER AND SHOT HIM MISTOOK FRIEND FOR

San Francisco, July 15.—Mistaken in the thick underbrush by his hunting companion, Elmer Cox, jr., for a deer they had run to cover, A. I. Francis, a well known man of this city was shot and dangerously wounded last Sunday in Madera county. Word of the accident reached here today.

Assisted by the hunting guide, Cox and a fellow hunter succeeded in getting Francis to a hospital twenty-seven miles from the camp, the trip occupying more than 30 hours.

AMBASSADOR UNVEILS PORTRAIT OF McKINLEY

London, July 15.—A portrait of the late President McKinley, presented to the Wesleyan Methodist Central Hall in Westminster by J. C. Butler jr., of Youngstown, Ohio, was unveiled today by Walter Hines Page, American ambassador.

In order to Introduce:

FALLS 500 FEET AND IS KILLED

Udine, Italy, July 15.—While ten soldiers were holding a dirigible balloon by ropes today, a sudden gust of wind swept it from the ground. Nine of the soldiers let go, but the tenth was carried up. The crew of the dirigible made every effort to haul him aboard, but he fell from a height of 500 feet and was killed.

Digby, N. S.

Minard's Liniment Co., Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each onein fine condition. The Liniment is certainly wonderful in its working.

JOHN R. HOLDEN.

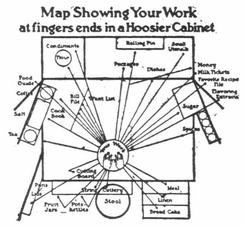
Now Let A
Hoosier Cabinet
SAVE YOU STEPS

How many times each day do you walk around your kitchen? From your range to your kitchen table? From your pantry to your sink, and then to your cupboard? After you study the above picture you will not wonder that so many women are anxious to join The "Hoosier" Store's HOOSIER CABINET CLUB. Think of the hundreds of needless steps a Hoosier Cabinet would save you by having everything centered in one spot.

WHY YOU SHOULD JOIN NOW

First—We have been allotted only 25 Hoosier Cabinets to be sold at a special club price by the manufacturers of this famous cabinet.

Second—The advantage of this club plan is to give you benefit of the great saving that comes from the enormous volume of Hoosier sales to the thousands, who, like 25 (Nanaimo) women enroll their names at once.



WILL YOU BE A "HOOSIER" MEMBER?

Third—The membership shall be limited to only 25 Hoosier Kitchen Cabinets, and they will be sold at the national fixed price on special terms of $1.00 cash membership; $1.00 weekly dues.

Fourth—Those who want a Hoosier Cabinet should enroll their names at once to avoid disappointment when the club is filled. Remember this offer closes when 25 members have joined.

Just a Single Dollar
ENROLLS YOU IN THE HOOSIER CLUB

Map Showing Your Work at fingers ends in a Hoosier Cabinet

The number is strictly limited by the greatest demand in the history of the Hoosier Mfg. Co. Not another cabinet can be had on these terms when these are gone.

OUR MEMBERSHIP OF 25 IS NEARLY FULL

Those who want to join this season, and begin saving from one to two hours daily are enrolling their names now. Be sure to get your name in before it is too late. Many months must pass before this opportunity can be presented again, perhaps a year. Why not avail yourself of this unusual offer now?

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

Ask for Minard's and take no other.

TENDERS.

Tenders are hereby called for by the undersigned for the installation of a hot water heating system in the high School, on Campbell street, Nanaimo. Plans and specifications may be procured at the Engineering Department, City Hall. All tenders must be in by noon Thursday, July 16th, The lowest or any tender not necessarily accepted.

W. A. OWEN,
City Engineer
City Hall, Nanaimo, July 8, 1914. 106-td.

NOTICE OF APPLICATION FOR TRANSFER OF LICENSE.

Notice is hereby given that at the next sitting of the Board of License Commissioners for the city of Nanaimo we intend to apply for a transfer of license to sell wines, spirits and intoxicating liquors by retail at the Globe Hotel, situated on lot 14 in block 55 city of Nanaimo now held by us to Henry Carroll and James Hodgson, of Nanaimo.

Dated at Nanaimo this 11th day of June, 1914.

NEWS OF SPORT

LEADING BATTERS OF THE NORTHWESTERN

Swain's quick return to the ranks of the heavy hitters is the most notable thing that has occurred in Northwestern League circles during the past week. Swain had dropped back dangerously close to the .200 mark during June, and his present average of .294 is comforting to the legion of Seattle fans who were used to see him clout the leather.

Huhn, Gipe and Killilay are all up in the ranks of the men who most worrythe pitchers. Huhn is chalked up with an average of .234; Gipe .276 and Killilay, .273. Frisk and Holke, both of the Indians, continue to lead the league, Frisk pulling down a .340 average, and Holke running him a close second with .336.

Cadman is running Cheek a close race to lead the catchers of the league. Cadman has played in more games than the Vancouver receiver and is two points behind him in percentage.

Kelly and Bonner, of Seattle, ar both in the perfect fielding average list. Eighty flingers in the league have made nary an error, and Seattle have more than their share of representation. Dell, of Seattle, has made two misses, but he has played in more games than most of the men with the perfect averages.

Manager Tealy is just ten points behind Butler, the Spokane shortstop the first four men in this position being closely bunched, and another week may change their relative positions considerably.

Swain stands up well among the league outfielders. Perrine and Fullerton, second sackers, are well down in the list. James, at third, is comfortable, but Duddy is trailing.

WEDNESDAY'S BASEBALL

Northwestern—
Vancouver 7, Victoria 9.
Seattle 0, Spokane 2.
Portland 9, Tacoma 6.

Coast—

Cleveland 0, Boston 4.

JOHNSON AND SMITH MAY FIGHT IN B. C.

San Francisco, July 15.—Jim Crofrath wants to arrange a heavyweight match for the championship of the world between Jack Johnson and Gunboat Smith, providing the gunner beats George Carpentier when they meet in London on Thursday next, July 16. To that end he has commissioned Jim Buckley to talk business with Johnson in Paris and has named terms which he is ready to pay the big black.

"I don't care to make the terms public at this time," said Crofforth tonight, "but if Johnson accepts I will guarantee to stage the bout. I would much prefer to have it take place in San Francisco, but if Johnson for any reason does not wish to visit California, or the United States for that matter, I can promote the contest either in British Columbia

OLD COUNTRY CRICKET.

London, July 15.—Playing at Coalville, Leicestershire scored a decisive victory over Worcestershire today, winning by an innings and 3 runs, due to the batting of J. Wing, who contributed 227 not out, Whitehead 103, Coe 96, and the splendid work with the ball of Geary, who captured six of Worcestershire's wickets for 57 runs.

Kent, playing at Tunbridge Wells, defeated Essex by an inning and 117 runs.

The Derbyshire-Lancashire match, although a draw, was a moral victory for the home team who had a handsome lead in the first innings, while Lancashire with only 4 wickets to fall, required twenty runs to avoid an innings defeat.

WILLIAMS HAS NO FOES IN SIGHT

Kid Williams, the 20-year-old Danish fighter, who won the world's bantamweight championship from Johnny Coulon at Los Angeles, is holding the bag. All that he gets out of winning the championship is the title and $1500, Coulon getting away with $7,500, even in defeat.

Furthermore, the Dane—real name John Gutenko—has defeated every bantamweight of note, so that none of the little fellows now in the ring will prove drawing cards against him Ledoux, the French champion; Jim Kendrick, the British champion; Eddie Campi, the only other American in Williams' class, have all suffered defeats. No more world's champions remain to be conquered in the same shape in which Abe Attell found himself for several years—with no opponents to face.

Gutenko will have to get out of his class, which means hard knocks and very few soft pickings, unless he happens to be good enough to work into the championship brigade.

Unless new talent develops speedily the new champion will have a very tame time and very scant pickings for himself. Coulon squeezed dry all the bantamweight lemons.

BOUT IS BILLED FOR HEAVYWEIGHT TITLE

London, July 15.—The fight between Gunboat Smith and Georges Carpentier is being billed as a combat for the world's heavyweight championship. It is urged by the promoters that Johnson has forfeited the claim to the title by refusing to meet the championship challengers and stalling through a number of years with only a couple of "near fights."

The Smith-Carpentier battle will be fought tomorrow in the Olympia, London, under the direction of Promoter Dick Burge, former English lightweight champion. The gate receipts have gone aver $50,000, which is the largest gate money ever taken for a European ring contest. By Thursday the seats sale will be even greater than the tremendous gate when Jeffries and Johnson fought at Reno.

WELSH-RITCHIE MATCH BROUGHT LITTLE MONEY

A London cable to a New York paper the day following the Welsh-Ritchie fight contained the following announcement:

"While all Europe is discussing the result of the fight the promoters are busy balancing the gate receipts, and great disappointment already has been expressed over the receipts. The sum total is $21,000. Ritchie received $15,000 of the guarantee and $10,000 as his share of the moving picture money, which had been deposited before the fight with Billy Gibson of New York. The fight was attended with tremendous expenses and after all items shall have been deducted it is said that Welsh received very little more for his share than the reputation which attaches to the winner.

TETZLAFF WILL GO AFTER NEW RECORD

With the arrival of "Terrible" Teddy Tetzlaff in Vancouver next Monday morning will also arrive some of the world's greatest speed demons to participate in the auto racing fiesta to be staged at Minoru Park on July 24 and 25. The big string of space eaters will come direct from the big Potlatch races which will be held in Seattle next Saturday and Sunday. Tetzlaff will bring along his giant 300 h. p. Blitzen Benz, with which he will reduce Bob Burman's record, made at Minoru Park last summer, a record which has stood against numerous assaults.

PITCHING DUEL

New Haven, Conn., July 15.—After the greatest pitching duel ever seen in the Eastern Association, Hartford won from the New Haven team in the twenty-third innings, 2 to 1, this afternoon. The previous record in this association, which is the old Connecticut League, was that in a game between Holyoke and New Haven a few years ago, which went 18 innings.

4 PIECE ORCHESTRA IN ATTENDANCE

JOHNSON IS OFFERED BOUT WITH FRENCHMAN

Paris, July 15.—An agreement was arrived at yesterday whereby Jack Johnson, world's heavyweight champion, is to fight Georges Carpentier, the idol of France, in Paris during October this year. Johnson has been guaranteed $20,000 by Theodore Vienne, who promoted the Moran-Johnson fight, plus fifty per cent. of the moving picture proceeds and 45 per cent. of the takings.

If Carpentier is beaten by Gunboat Smith on July 16, Johnson has the option of cancelling the match.

London, July 14.—Gunboat Smith is a slight favorite over Georges Carpentier for their bout here on Thursday night. Smith, if he wins, intends seeking a match with Johnson.

New York, July 14.—American canoeists are preparing to defend the international Canoe Trophy Friday and Saturday in Gravesend Bay. If other trial races are necessary they will be sailed next Monday.

Billy Weeks and Frank Barrieau are training hard at Nelson for their scheduled twenty-round contest which will take place in the Kootenay city on Friday night.

On July 16th there will be two ticket offices at the E. & N. station, so that you can get your tickets without delay. Trains will leave Nanaimo at 9.30 a. m. and 1.30 p. m. 2t

LOW EXCURSION FARES are being offered on the Grand Trunk Pacific Steamship six-day cruises to the Alaska Coast (Stewart) for the month of July only. $38.00 includes means, berth and all expenses. Write to C. F. Earle, Passenger Agent, Victoria, B. C., for illustrated booklet and sailing list.

Arthur Robinson says that Irvin Jones applied at the recruiting office to enlist in the regular army and go to Mexico. After being examined he was rejected on account of not having good teeth, and Irvin became indignant and said to the recruiting officer: "Great goodness, man, do you want me to eat 'em after I kill 'em?"—London, Ark., Democrat.

COMMISSIONER REES BURIED AT TORONTO

Toronto, July 15.—The grief and sorrow of the Salvation Army at the loss of the late Commissioner David Rees was expressed today at the funeral service held in the Army temple, which was crowded with mourners. It was a simple service. Massed bands played appropriate music as the staff entered the hall. Col. Gaskin addressed the congregation and after many tributes had been paid to the late leader and appropriate hymns sung the march to Mount Pleasant cemetery was begun. Thousands lined the streets through which the cortege passed.

Tickets for the Hospital concert on July 22rd, can be secured from Ellison's, Hodgins', Gray's, Dunsmores or Fletcher's.

On July 16th at the joint picnic a good time is assured to all, both old and young. 2t

VOLUME XIV — NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, FRIDAY MORNING, JULY 17, 1914 — NUMBER 112

NANAIMO HELD RECORD PICNIC

Joint Picnic of Local Methodist and Presbyterian Sunday Schools Was a Huge Success—Was Held at Nanoose Bay.

It took two trains of fifteen cars each with double-header locomotives, many automobiles, bicycles and rigs to carry all the people who attended the joint Sunday School picnic yesterday of the Wallace Street Methodist and the St. Andrew's Presbyterian churches. Between those who journeyed by train and auto from Nanaimo and those who attended from Wellington and other places fully two thousand men, women and children were on Mr. James Turner's grounds at Nanoose Bay.

The picnic was quite the largest that ever left Nanaimo and it is doubtful if a more ideal day could have been struck upon for the outing Cool breezes blew over the beautiful and spacious grounds at Nanoose and not an accident of any kind marred the day's pleasure.

The only damage done was to innumerable picnic baskets. Here the losses were heavy. At the refreshment booth where Mr. Hiram Gough, Miss Lizzie Waugh and other willing workers did their best to attend to the demands sixty gallons of ice cream were consumed, many cases of soft drinks, much fruit and other delicacies.

While the footing on the beach at Nanoose is not conducive to the comfort of one's feet, it has the great advantage of being entirely safe. One can wade out hundreds of yards and still be within the safety limit and hundreds of youngsters and grown-ups too, took advantage of the occasion for a swim. Back on the grounds are wide spreading trees well underbrushed, where it is cool and enjoyable and between the grove and the water is a large open space where sports can be held. All three places were scenes of great animation during the day.

Noteworthy in the sports program was the tug of war between the Presbyterian and Methodist Sunday school teams (eighteen and under). Much to the delight of the staid parents of Scotland, Glengarry, Grey and Bruce extraction the boys from the Kirk got away with four straight pulls from the enthusiastic Wesleyans. The porridge eaters had reason to feel chesty over their victory.

The committee in charge of arrangements worked hard during the day and hot and cold water were to be had in quantities at all hours. It took a team of horses all their time during the day to haul water in sufficient quantities from a near-by creek to assauge the healthy thirst of the multitude.

The first train left for the grounds at 9.30 in the morning and the second at 1:30 in the afternoon. On the return trip the crowd doubled up in one train of sixteen cars, the largest excursion train that ever pulled into the city. It was a tired but happy crowd of youngsters that reached the city just as darkness was falling and a relieved host of parents struggling with picnic baskets, babies in arms, little tots just walking, and older youngsters with a superabundance of spirits, for Sunday School picnics after all are not without their mixture of contentment and anxieties for Sunday school parents.

PYTHIAN SISTERS INSTALLED OFFICERS

Silver Leaf Temple No. 1, Pythian Sisters of Nanaimo met last evening and installed officers for the ensuing term. The new officers were installed by Mrs. Quaggan, Grand Chief, assisted by Mrs. Neave as Grand Senior and Mrs. Devlin as Grand Manager. After the lodge the members of the Temple adjourned to the Oasis and partook of tea and ice cream.

The new officers of the lodge are as follows:

M.E.C.—Mrs. Rivers.
E.S.— Mrs. Fisher.
E.J.—Mrs. Slaughter.
Manager—Mrs. Jolley.
M. of R. & S.—Mrs. Aitken.
M. of F.—Mrs. Ferguson.
Protector—Mrs. Muir.
G. of O.T.—Mrs. Prime.

RECALLS MEMORABLE VISIT TO NANAIMO

Masters Willie and Roland Smith, of Victoria, are the guests of their uncle in the city, Mr. Andrew Smith, Fitzwilliam street.

They arrived in the city a few days ago by wheel from Victoria. The boys are thirteen and nine years old respectively and they left Victoria at 4 o'clock in the morning, making the Herald office, Nanaimo, at 2 o'clock in the afternoon, remarkably good time for the ordinary cyclist of this decade and particularly good time for a youngster nine years of age.

Master Willie Smith has visited Nanaimo before. Looking over old files of The Herald it is noticed that Master Willie in 1905, then a little over three years of age, ran away from his home in Victoria, bent on seeing his grandmother, Mrs. Pearson, of Wellington. He boarded a train, and the train crew thinking he belonged to some of the passengers did not question him. The train in those days stopped at South Nanaimo and Willie hearing "South Nanaimo" called, got off and started to look for his grandmother. Naturally he lost himself but was found soon afterwards by Mrs. Cuthbert of the Five Acres. The affair created much notice at the time coming but two months after the disappearance of the Rogers and Jones girls whose remains were found in the woods near South Wellington many months after being lost.

Willie has grown to be a husky boy since that first memorable visit to Nanaimo, but still retains his desire to visit the city periodically.

REBEL GARRISON WIPED OUT BY FEDERALS

Columbus, New Mexico, July 15.—The annihilation today of the Constitutionalist garrison at Palomas, Chihuahua, by federal regulars, broke the peace of Northern Mexico, and revived reports of counter-revolution in the Republic. Three hundred guerillas under General Rodolfo Gomez, attacked the little border town in view of troops of the United States' army patrol. Every man of the village garrison was killed, it is reported.

Forty men under Captain Topete fought desperately from abode house in the town, but were overpowered within a few minutes. Seven men of the garrison kept up a fire from one of the houses which was not subdued by the federals until several hours later. It is belived that these seven survivors were captured and executed.

Gomez announced today that he would leave during the night and it is believed that he would make no attempt to defend the town from the advance of the troops from Juarez or Casas Grandes. It was believed that 200 men from the Pearson garrison, almost directly to the south, had been sent by General Villa with orders to retake the town.

Roque Gomez was second in command under General Ynez Salazar when the Federal commander of former anti-Madero rebels took Palomas in November, 1912. His men are Chihuahua ranchmen who have been in arms since the Madero revolution in 1910. Recently they have been terrorizing residents of the Casas Grandes district.

VETERAN PUBLISHER DIES

Boston, July 16.—John Gardner Beals, founder of the New York Newspaper Union, and at one time part owner of the Boston Post, died from heart failure at his home here today. He was seventy-eight years old.

H. B. DONLY
of the "Simcoe Reformer" retiring President of the Canadian Press Association.

CARPENTIER WON FROM "GUNBOAT"

French Champion Awarded Fight in Sixth Round on Foul—Was a Hard Contest With Honors Even.

London, July 16.—George Carpentier of France, today won the white heavyweight championship of the world when referee Eugene Corri awarded him the decision on a foul over "Gunboat" Smith of America.

At a quarter to ten Eugene Corri, the referee, stepped into the ring and was introduced. He was followed by Dick Burge, Frank Moran and others. Carpentier then entered the ring in a black silk gown amid great cheering.

Carpentier was kept waiting in his corner while Ahearn, Matt Wells and other fighters were introduced. Bombardier Wells was given a great reception when he announced that he would challenge the winner.

Smith appeared in the ring at 9:53. Cheering for Smith hardly equalled that given to the Frenchman.

Smith was dressed in a green gown Bob. Armstrong's black face looked him over in his corner.

The men shook hands at exactly 10 o'clock.

Round 1—Smith got two right jabs to the Frenchman's body. In the first clinch, which followed soon, Carpentier gave Smith a hard short hand drive on the cheek with the left. Both dodged right-handers. Smith gave the Frenchman a hard one in the face with the right. A right and left hand blow in infighting were Smith's offerings. Smith's blows were harder than the Frenchman's, whose footwork had not yet been in evidence.

Round 2—Carpentier took the aggressive but made no impression on Smith. Each man ducked hard right handers from each other. Smith landed on the kidneys with right in a clinch. Carpentier landed a left on the jaw. Carpentier sent a fast right to the face. Carpentier was playing for the body at short range Uhen the round ended. His lightning quickness was beginning to count.

Round 3—The referee warned Smith for fouling. Carpentier landed left on the face. Smith got in two body blows at close range. Carpentier barely missed a left which slid off his cheek. The round was mostly clinching.

Round 4.—Smith missed a left to the face. Carpentier reached Smith's face with a left, and repeated a similar operation a moment later. Smith again missed a body blow with his right. Smith was knocked down with a right on the kidneys. Smith took six count and was rising when the bell rang. Carpentier's swiftness seemed to be giving him the best of it.

Round 5.—Carpentier led with his left and exchanged short arm blows on the neck. Smith hooked a right hander and clinched. Carpentier gave him two short vicious lefts on the cheek. They mixed it furiously, playing for the face with rights. Smith got a trifle the worst of it. Smith landed with a right to the face which jarred the Frenchman. Honors were even.

Round 6.—Carpentier slipped when trying to land a hard right hander. Before the Frenchman arose Smith struck him on the face. Smith was disqualified in this round. Carpentier held his head, apparently in great pain, though it seemed Smith's blow hardly grazed him. The Frenchman's seconds took him to his corner, while the crowd hooted loudly. The referee decided Carpentier had won. Smith remained in the ring. He and his seconds protested against the decision.

When Smith left the ring after some seconds the crowd jeered and hooted him.

RE NANAIMO AND DISTRICT

Committees of Nanaimo Board of Trade Are Compiling Information in Reference to Trade of District.

Word has been received by the Secretary of the Nanaima Board of Trade from Secretary F.C.T. O'Hara that the Dominion royal commission will sit in Victoria for three days, October 8,9, and 10. In contradistinction to the methods of the commission on the cost of living, this body is making its arrangements in a most complete manner well in advance, so that the various public bodies and private individuals who have information to offer will be prepared for its coming.

The commission will in all probability hold its session in the Victoria Board of Trade rooms, and it is probable, as the request has been made, that two rooms in the same building will be set aside for the exclusive use of the members. The commission employs local stenographers at whatever town or city it takes evidence.

The Nanaimo Board of Trade is prepared in many and various ways for the coming of the Dominions' trade commission, and full information on every conceivable topic in connection with trade and commerce is being accumulated and tabulated by the special committees of the board.

WAS A VICTORY FOR WILSON

British Press Says Elimination of Huerta Marks Triumph of President Wilson's Policy.

London, July 16.—General Huerta's resignation of the provisional presidency of Mexico is regarded as a victory for President Wilson's policy and is welcomed by the British public, and in official circles here as a possible solution of the Mexican problem. A peaceful end to the complex situation is greatly desired here on account of the large British financial interests in the country. Most of the London newspapers, however, express doubt as to whether conditions will be better under Venustiano Carranza than when General Huerta was in power in Mexico City. The Pall Mall Gazette points out that if Francisco Carbajal, the new provisional president, surrenders to General Carranza as he is expected to do, it may soon be possible to exact reparation from General Villa for the murder at Juarez of William S. Benton, the Scottish rancher.

The Evening Standard says: "The Washington administration has won a diplomatic victory. President Wilson has been persistent and patient in his policy of non-recognition of General Huerta, but it is likely enough he will be met now by other obstacles just as hard to surmount as was General Huerta's obstinacy."

The Globe takes much the same view, saying:

"The elimination of General Huerta is a triumph of a sort for President Wilson, but it may be assumed that his difficulties and anxieties are by no means over. There is no reason to suppose that the real opinions of the Mexican people will have more opportunity to assert themselves under General Carranza than they had under General Huerta. The United States, however, has been warned by experience not to inquire too closely nor to inquire too much."

J. H. WOODS
of the "Calgary Herald" Member of the Executive of the Canadian Press Association.

DEATH OF MR. GEO. WILLIAMS

A Resident of Nanaimo for Thirty Six Years Died in the Local Hospital Yesterday Morning.

A well-known and prominent citizen of Nanaimo passed away yesterday in the person of Mr. George Williams. The deceased was stricken with illness some two or three weeks ago, and his condition became so serious that specialists were called in and he was removed to the hospital last week-end. Medical service could do nothing to stop the ravages of the sickness, and he passed away as stated after a comparatively brief illness.

Mr. Williams was born in Monmouthshire, England, sixty-two years ago and came to Nanaimo in 1878. For some time he worked in the mines at Wellington, but gradually he became interested in several business undertakings. All his investments proved very fortunate, and he died the owner of considerable property in the city and district.

While he did not take a very prominent part in public life, he was an active member of the B. C. Mining Board, and he was also one of the original charter members of Harmony Lodge, I.O.O.F., of Ladysmith.

He is survived by his wife and one daughter, Mrs. T. A. Morgson, of Vancouver.

The funeral arrangements for which are in the hands of H. McAdie, will take place from the family residence on Albert street, on Sunday afternoon at 2 o'clock, Rev. Mr. Hardy officiating.

MANY PEOPLE INJURED BY FALLING GALLERY

Winnipeg, July 16.—A serious accident occurred at the Winnipeg exhibition this evening. At the auto-drome of a carnival show a section of the gallery on which the visitors were standing collapsed and fourteen persons fell to the ground 12 feet below. Several were injured by striking the crossbeams in their fall, while others were hurt by being struck by other falling people. Mrs. Riordan, 15 Gunn Block, Winnipeg, had her left leg broken, and was conveyed to the hosoital, as was Mrs Arthur Howard, whose back was severely wrenched. Others rather seriously injured were Miss Lillian Eaton, Mrs. Lee and Mrs. R. Sodar, all of Winnipeg.

There were several other mishaps during the day. R. J. Richards was riding in a running race on the track when his horse fell and rolled on him. When picked up it was found that Richards has his collarbone broken.

Today was Citizens' Day, and there was a record attendaoce, the crowd being officially stated to be 62,670, which establishes a record for Winnipeg and all western fairs.

Some thirty more men were signed on at the Coal Creek Colliery on the Crows Nest Pass Coal Co., Ltd., last week. The mines here have only been working about four days a week, and the Hillcrest disaster temporarily closed the camp.

PROTECTS VANCOUVER ISLAND TIMBER

Further steps towards the protection of the timber on Vancouver Island, where the most valuable and the largest quantity of timber in the Dominion is to be found, are being taken by the forest branch, under Chief Forester H. R. MacMillan. The telephone service is being greatly extended, and will be not only of value to the department in the summoning of assistance in case of fires in the timber but in case of accidents in logging camps. The line to Valdez island has been carried on from Heriot Bay to Loughboro Inlet, sixty miles north, through the centre of the logging district where operations are in progress. Where the line has to be carried under water the cable is laid at a depth of 1,500 feet. The boy scouts at Metchosin and Sooke have formed a forest protection force for those districts, and will carry on patrols during the dangerous season which happens to synchornize with their school holidays. The chief forester is much pleased with this action, which will greatly help the department. The southern portion of the island has been very fortunate so far. Across the strait, however, there has been a fire raging for some days, as the pall of smoke indicates, and last evening the flames were clearly visible to those who were on the sea front.

C. N. R. TRUST DEED SIGNED BY GOVERNMENT

Ottawa, July 15.—The trust deed providing for the guarantee of the bonds of the Canadian Northern Railway Company to the extent of $45,000,000 was ratified by the cabinet this morning and signed by the government. The National Trust Company of Toronto and the British Empire Trust Company of London, England, were appointed trustees. In addition, the agreements between the Canadian Northern Railway Company and the subsidiary companies with the Government was signed, and forty million dollars of the stock, which comprises two-fifths of the capitalization under the new arrangement, was assigned the government and tonight rests in the treasury of the Dominion of Canada.

The new trust deed is a most voluminous document. It was prepared by Mr. Travers Lewis of Ottawa and Mr. James Bicknell of Toronro, and has been carefully gone over and revised by Sir Robert Borden, Hon. W. T. White and Hon. Arthur Meighen. Every possible care has been taken to protect the country in the agreement with the C.N.R., and an important feature of the trust deed is the provision which is made to prevent an increase of capitalization of subsidiary companies.

This was one of the strongest criticisms of the opponents of the bill. They claimed that while the stock of the parent company was set at a hundred million dollars there was nothing to prevent an increase in capitalization of the subsidiary companies and this stock getting it into outside hands. Not only does the trust deed provide that there shall be no increase in capitalization in the subsidiary companies, but it provides that the stock shall remain in the present hands.

The trust deed places in the hands of the Governor-in-Council, which means the cabinet, full control of the sale and the selling price of bonds etc. Provision is also made for the sale of a portion of the road if it should ever be found advisable. There is also provisions for the raising of money for the development of terminals. These are a few of the features of the trust deed, and it may be said confidentially that as in the origional agreement the Government drove an extraordinary hard bargain and in drafting the trust deed every possible protection has been secured the public, and the deed contains provisions which meet practically every criticism which was levelled against the agreement during the debate in the House.

MR. CROTHERS NOT TO RESIGN.

Ottawa, July 16.—"There is nothing in it. I have no intentions of giving up my portfolio." This was the answer given by Hon. T. W. Crothers to a report to the effect that he was to be appointed Lieutenant-Governor of Ontario, and be succeeded by Hon. W. J. Hanna as minister.

LOCAL MEN TO TOUR PROVINCE

Three Nanaimo Striking Miners Will Engage in Talkfest in Support of a General Strike.

Vancouver, July 16.—The special convention of the British Columbia Federation of Labor concluded last night the business for which it had been called together. The three question on the agenda of the convention were the island miners' strike conditions, unemployment and the Asiatic question.

The first and most immediately urgent of these questions occupied two and a half days and resulted in a decision to take a referendum of the provincial labor unions with a view to a general strike. The latter two subjects were disposed of at the afternoon and evening sessions yesterday.

The afternoon session opened with the discussion of a resolution calling for political action by way of reprisal for the alleged complicity of the government in producing the present state of affairs in the mining industry. This resolution after considerable debate, together with another of a similar character, were referred to the next regular convention which will meet in January next at Nanaimo. The resolution reads as follows:

Moved by Delegate J.E. Wilton and seconded by Delegate H. Neelands, "Resolved that the British Columbia Federation of Labor pledges itself to do all in its power to defeat the McBride-Bowser adminstration at the next provincial election. Further that the Federation organize and carry on an educational campaign to secure the defeat of every Conservative Candidate put in the field, and thus strike an effective blow at those who have proved themselves to be enemies of organized labor."

The reason given for the deferring of these resolutions was that there was not likely to be an appeal to provincial electors before the date given, and a doubt whether the constitution of the federation allowed for such action, and no amendment of the constitution being possible except at the regular convention.

Carrying out the provisions of the referendum resolution called for at the previous session nominations were called for to fill the positions of four organizers. On the first ballot Messrs Dykeman of Victoria, and Pattison, Shenton and Robertson of Nanaimo were elected, and will be sent out under the direction of the federation executive as funds will allow.

On the motion of Delegate Burkhardt these organizers will also urge the importance of patronizing the productions of union label in preference to others, through the advacacy of the union label.

GEORGE RAMMED BY HUGE WHALE

When steaming across Queen Charlotte Sound early Tuesday morning the G.T.P. steamer Prince George, Capt. Donald, was rammed by a huge whale. Except for a rude shock the ship was unaffected. The mammal, however, fared badly and the officers believe it was almost instantly killed as with a flop of its tail it went down many fathoms. The whale was travelling very fast and struck the Prince George on the starboard bow, just abreast of No. hatch.

It was a peaceful night and Chief Officer Naden was on watch. The men in the wheelhouse saw the whale rising to blow a good distance off and thought that they would pass it without trouble. But at 2 o'clock in the morning, just as the George had put Egg Island on her beam, the whale went tearing against the ship. The head of the creature hit hard against the steel plates. The whale was badly injured and the waters were immediately covered with blood. The last the officers saw of the biggest of deep-sea game was when it rolled over, threw its tail to the height of the forecastle head and went down. The men on board say that the dive was its last.

Harry Shepherd, the star southpaw pitcher of the Nanaimo Federals, returned to Nanaimo last evening from a several weeks' residence in Vernon, B. C.

THE MOTOR BUS SCHEME

The Victoria Motor Bus Company has submitted a definite proposal to the City Council for a motor bus service in Nanaimo and district. The proposition was passed over to a special committee which will in turn present a report to the Council on Monday evening. The proposed service does not differ in any material respect from that proposition which the Council had before it informally a couple of weeks ago. The company is prepared to establish a service on certain explicit conditions. The most important of these are exemption from taxation, free water, and the gift of a site within the city limits. The first two concessions do not amount to anything. Even the last is not an insuperable difficulty. The city could acquire a suitable site which, in the event of the service not proving a success and the company going out of business, would return to the city. The concessions asked by the company are reasonable enough, and certainly no bar to the acceptance of the proposition. The company is risking a good deal more than the city. The success of the scheme rests upon whether or not the service can be made satisfactory. It must be conceded that the city does not lend itself to a cheap street service. The grades on many of the streets are far from being easy, and the city limits are so circumscribed that even the cheapest rates come high when reckoned out in actual mileage. Then for any distance outside the city limits under six miles the fare is to be ten cents each way. This means that any miner from the Five Acres would have to pay twenty cents a day for transportation to and from his work This rate would not even include the men travelling back and forth to the Reserve Mine, and it is doubtful if it would not make the service unprofitable. Still it is the company which is taking the risk, and if it is satisfied to go ahead it is not for the city to say it nay. At the present time the proposal contains probably as good an offer as the city can expect to get. There can be no possible harm in giving it a trial. If it should prove a failure then the charter will become null and void, and the city would be in exactly the same position as before the experiment. The sensible thing to do in all the circumstances is to give the scheme a trial, and it is to be hoped that the Council will at least refer it to the ratepayers.

SIR JAMES AND THE CLERGY

Rather than admit that the Liberal defeat in Ontario was due to a blunder in tactics the party press is now asserting that Whitney was retained in office through his alliance with the liquor interests. It is quite possible that the liquor interests did support the Whitney administration. It is altogether untrue that there was any alliance. Sir James Whitney had given his people real temperance legislation. He had established legal machinery whereby the people could maintain or disperse with the bars as they desired. This is as far as any government can go, or has any right to go. It cannot go beyond the wishes of the electorate, or override the rights of the people. The cry to abolish the bar was at the best a mere political slogan designed to capture the temperance vote. The reason it failed is that the people of Ontario felt they had gone as far as they wanted in temperance legislation. They could at any time by means of the prohibition law abolish the bars. This measure of prohibition was the only alliance Sir James Whitney had with the liquor interests. His is the only government which had legislated against the liquor interests. This is what makes the attitude and action of the clergy as a whole so difficult to understand. Sir James himself has denounced their tactics in the election in no uncertain terms. His strictures called forth a protest from some of the clergy but Sir James meets their objections with a stinging reply. "It is suggested," he writes, "that previous to 1905 I called for the help of the clergy, and that it is inconsistent of me to object to their action now. Let us see. Ballots had been switched, burned and otherwise destroyed. Government maladministration of the liquor law had been undisguised, and general devilment had been abroad with reference to the conduct of elections. There was no question of opinion; the facts were known and had been proven in open day.

"What was the situation the other day? The evils of the liquor traffic and habit were undisputed, but men differed as to the methods to be used in dealing with it. Every person, clerical and lay, in the Province had an undoubted right to express his opinion on the subject, but our contention and the opinion of the vast majority of the people was and is that no clergyman was justified in going into his pulpit and denouncing in violent, intemperate and abusive language all voters who did not see eye to eye with Mr. Rowell as to the remedy which should be applied.

"It goes without saying that there is no analogy between the present situation when I asked that crimes proved to have been committed should be denounced, and the situation when it was a question of the judgment of the individual voter as to which method should be adopted in dealing with an admitted evil and as to the practical value of which the ordinary man in a congregation is—to put it mildly—quite as good a judge as the clergyman who denounced him."

Sir James concludes his reply to his clerical critics with an expression of satisfaction that the people had "shown unmistakably their objection to being dragooned by men who not only manifested their utter unwisdom but have struck a blow at the influences of the churches, the consequences of which very likely they do not realize."

This is straight talk, but no straighter than all the circumstances warranted. Perhaps the lesson will be taken to heart.

We would like to draw attention to Frank Farrington's remarks about the inviolability of a working agreement. He pointed out that it was an honorable agreement the striking miners were seeking. That being so what kind of consistency was there in asking members of other organizations, as well as those of their own, who were working under such agreements, to break them in order to assist in the making of another? There is neither reason, consistency or justice in such a request. We have labored this same point time and again. Farrington now himself confesses that his incursion on to the island was utterly indefensible. The strike he called in Nanaimo caused the breaking of three working agreements, and in his speech to the convention he admits the Herald contention that there is no reason why an agreement outside of the United Mine Workers of America should not be held as sacred and binding as one made with this organization. Farrington also establishes another point which the Herald has argued for over a year. This is that "no organization that mars its entry into the field by the violation of living agreements can ever expect to be able to demand the making of other agreements as an unquestionable right." As a matter of fact this has constituted the crux of the whole question in the dispute. The issue has never been one of the right to organize, but rather has been one of the recognition of an organization which entered the local field without warning and promoted a strike through the violation of a working agreement. Or Farrington's own reasoning his organization was out of court from the first day of the strike in Nanaimo, and another contention of the Herald is thus officially sustained.

THREE WOMEN DROWNED.

Bridgewater, N.S., July 15.—A triple drowning accident occurred here this afternoon. All the victims were women and they lost their lives while bathing in the lake a short distance from town.

The dead are: Mrs. Wm. Dagley, Miss Bessie Dagley, daughter of Mrs Wm Dagley, and Mrs. Teel, of Port Midway. The scene of the accident was Wallace Lake, one mile from Italy Cross, where the Dagley family reside. They went in bathing and Mrs. Teel got beyond her depth. In attempting to save her the other women lost their lives. All the bodies were recovered.

FORCED TO ABANDON ATTEMPT.

Boulogne, July 16.—Jabez Wolffe, English amateur long distance swimmer, was forced by a rising wind to abandon his attempt to swim across the English Channel today.

NOW UNDER ARREST

San Jose, Cal., July 16.—Eva J. Rinehardt, a nurse, sought for the alleged murder of her companion and partner, Mrs. Katherine Bluem, was arrested here today on a warrant issued in Placer County.

STRIKERS ATTACK MINE PUMPMEN

Steubenville, Ohio, July 16.—Two hundred striking miners marched today down from the hills, where they camped last night, to the mines at Bradley, Ohio, and attempted to drive off the pumpmen. Sheriff Huscroft with a strong party of deputies resisted the advance and several shots were fired, but none of the attacking party were hurt. Bricks and stones rained on the deputies, and Deputy Edward Lucas was seriously injured. Sheriff Huscroft finally drove off the strikers and made a number of arrests.

GERMAN STEAMER WRECKED

Buenos Ayres, July 16.—The German steamer Mendoz was abandoned today a total wreck. She went ashore July 11 in a fog off Magotas Point, on the Argentine coast. The passengers and crew were saved.

MEN WANTED FOR RAINBOW

Victoria, July 16.—The government has authorized Commander Hose to take naval volunteers to the number of fifty on the Rainbow during her six week's cruise in the Behring Sea. Mr. A. Lucas of Vancouver has been appointed acting lieutenant for the cruise. Twenty of the members of the Victoria corps have already volunteered.

Saturday last was general town clean-up day under the auspices of the Nakusp board of trade. Prominent members donned their discarded wearing apparel and with pick and shovel and other implements of war on untidiness attacked the hills of tin cans, lumber piles and other unsightly spots, accompanied by scavenging wagons. They did excellent work.

Digby, N. S.
Minard's Liniment Co. Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working.

Now Let A
Hoosier Cabinet
SAVE YOU STEPS

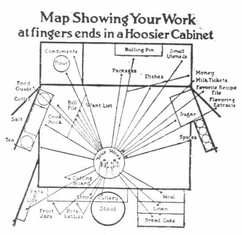
How many times each day do you walk around your kitchen? From your range to your kitchen table? From your pantry to your sink, and then to your cupboard? After you study the above picture you will not wonder that so many women are anxious to join The "Hoosier" Store's HOOSIER CABINET CLUB. Think of the hundreds of needless steps a Hoosier Cabinet would save you by having everything centered in one spot.

WHY YOU SHOULD JOIN NOW

First—We have been allotted only 25 Hoosier Cabinets to be sold at a special club price by the manufacturers of this famous cabinet.

Second—The advantage of this club plan is to give you benefit of the great saving that comes from the enormous volume of Hoosier sales to the thousands, who, like 25 (Nanaimo) women enroll their names at once.

WILL YOU BE A "HOOSIER" MEMBER?



Third—The membership shall be limited to only 25 Hoosier Kitchen Cabinets, and they will be sold at the national fixed price on special terms of $1.00 cash membership; $1.00 weekly dues.

Fourth—Those who want a Hoosier Cabinet should enroll their names at once to avoid disappointment when the club is filled. Remember this offer closes when 25 members have joined.

Just a Single Dollar

ENROLLS YOU IN THE HOOSIER CLUB

Map Showing Your Work at fingers ends in a Hoosier Cabinet

The number is strictly limited by the greatest demand in the history of the Hoosier Mfg. Co. Not another cabinet can be had on these terms when these are gone.

OUR MEMBERSHIP OF 25 IS NEARLY FULL

Those who want to join this season, and begin saving from one to two hours daily are enrolling their names now. Be sure to get your name in before it is too late. Many months must pass before this opportunity can be presented again, perhaps a year. Why not avail yourself of this unusual offer now?

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

Ask for Minard's and take no other.

TENDERS.

Tenders are hereby called for by the undersigned for the installation of a hot water heating system in the high School, on Campbell street, Nanaimo. Plans and specifications may be procured at the Engineering Department, City Hall. All tenders must be in by noon Thursday, July 16th. The lowest or any tender not necessarily accepted.

W. A. OWEN,
City Engineer

City Hall, Nanaimo, July 8, 1914. 106-td.

ST. BONIFACE DE SHAWINIGAN, QUE. Feb. 3rd. 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2½ years, I have been cured by "Fruit-a-tives". While I was a student at Berthier College, I became so ill I was forced to leave the the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take "Fruit-a-tives" and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take "Fruit-a-tives" for they are the medicine that cures".

MAGLOIRE PAQUIN

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for $2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

AMERICAN BOAT WON FIRST RACE

Seattle, July 16.—The Sir Tom, the defender of the Seattle yacht club sailed by Ted Geary, and the Turengo, the challenger of the Royal Vancouver Yacht Club, sailed by Ronald Maitland met today in the first race of the international series for the Thomas Lipton cup. The American boat won by 12 minutes and 29 seconds.

The defender outsailed the challenger on every leg of the course. The next race of the series will take place Friday.

KERMIT AND WIFE ARRIVE

New York, July 16.—Kermit Roosevelt and his bride, who was Miss Belle Willard, arrived today on the Imperator. Mrs. Nicholas Longworth was with them.

THE BRITISH COLUMBIA PERMANENT LOAN COMPANY

Dividend No. 32.

Notice is hereby given that dividend at the rate of 10 per cent. per annum has this day been declared on the Permanent Stock of the Company for the half year ending June 30th, 1914, and that the same will be payable at the Head Office of the Company, 330 Pender Street, Vancouver, B. C., and at the Branch Office in Victoria, on and after July 15th, 1914.

By JAMES LOW, Treasurer.

Vancouver, B. C., July 14th, 1914.

Minards Liniment cures Diphtheria

Sealed Tenders addressed to the undersigned and endorsed "Tender for Section 2 of the Jetty at Steveston, B. C." will be received at this office until 4:00 P. M., on Tuesday, August 11, 1914, for the construction of Section 2 of the Jetty at Steveston, at Mouth of the Fraser River, B. C.

Plans and form of contract can be seen and specification and forms of tender obtained at this Department and at the offices of the District Engineers, at New Westminster, B.C.; Victoria, B. C. and on application to the Postmaster at Steveston, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by a accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract or complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

NOTE:—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of $50.00, made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By Order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, July 6, 1914.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department..—56586.

NEWS OF SPORT

NANAIMO GARRISON BEAT LOCAL C. C.

A Garrison eleven scored another victory over a team representing the local cricket club yesterday afternoon. The home side batted first and the only batsmen to get runs were Jepson and Leighton. The former after getting an easy life from Hunt at mid-off before he had scored batted very briskly for 43. Leighton started very slowly, but later batted in splendid style carrying out his bat for 45. The innings ended for 120.

The Garrison did not start too well and Captain Cooper and Williams were both dismissed with very few runs on the board. However, Brassey who had started rather shakily, settled down to his game and hit all around for 43. Hobday also was batting very confidently when run out, and Goult went for everything in sight, hitting up 60 in great style. The innings aggregated 176. The following are the scores:

NANAIMO

H. Jepson c Cooper b Goult	43
A. Paul c Hobday b Hobday	1
F. Jepson b Hobday	7
H. Curry b Hobday	0
A. Leighton, not out	45
H. Thorne b Goult	4
L. Gurney c and b Goult	1
R. Hindmarch, run out	0
W. Rivers b Goult	4
G. Wilton st. Foote b Simpson	1
J. Thacker b Simpson	5
Byes	9
Total	120

GARRISON

Capt. Cooper b Hindmarch	6
F. Brassey b H. Jepson	43
A. Williams c Hindmarch b Leighton	9
P. B. Foote, run out	13
V. Hobday b H. Jepson	7
V. Hobday c Rivers b H. Jepson	60
R. Hobday, run out	20
R. Hunt c Wilton b H. Jepson	8
H. Kent run out	3
G. Gillespie, not out	0
C. Simpson b F. Jepson	0
Byes	7
Total	176

NANAIMO C. C. PLAY HERE SATURDAY

The Nanaimo Cricket Club is down to meet the University School Masters here on Saturday in an Island League game. The locals it will be remembered lost the away game with the Incogs by 20 runs. The defeat was more or less due to faulty fielding, and the home club is confident it can reverse the decision on Saturday. The following players will represent the home side and if any of them are unable to get away they are requested to notify Captain Hindmarch or Secretary Wilton at once: A. Leighton, F. Jepson, H. Jepson, A. Paul, R. Battey, H. Curry, L. Shepherd, W. Rivers, W. Newbury, Barrington Foote and R. R. Hindmarch (Capt.)

RAMBLERS TO PLAY NORTHFIELD BEAVERS

The Nanaimo Ramblers will play the Northfield Beavers on Sunday afternoon on the Caledonian grounds. The two teams are now tied and Sunday's game will decide which will play the Chemainus nine for the cup which the latter now holds. The meeting of the two teams should produce an interesting game, and a collection will be taken up to defray expenses.

THURSDAY'S BASEBALL

Northwestern—
Seattle 3, Spokane 0.
Tacoma 9, Portland 8.
Vancouver 5-5, Victoria 3-2.

Coast—
Sacramento 4, Oakland 1.
Los Angeles 3, Portland 4.

American—
St. Louis 4, New York 6.
Chicago 6, Philadelphia 10
Detroit 5, Boston 2.
Cleveland 2, Washington 0.

National—
Brooklyn 4-5, Pittsburg 3-2.
Philadelphia 6, St. Louis 3.

If it is speed Buck Herzog wants on his Cincinnati team he should have it in his new outfielder, Harry La Ross, from Battle Creek. La Ross has been leading his league in stolen bases, and last fall at a field meet, he won the 100-yard dash, as well as the long distance throwing contest.

Manager Dooin, of the Phillies, is giving a trial to a younger brother of pitcher Alexander. He is a pitcher also and said to be a dead ringer in looks and actions.

FINAL MESSAGE OF JOHN KRAFCHENKO

In his final message to the public John Krafchenko who was hanged at Winnipeg on July 9th. for the murder of H. M. Arnold, manager of the Plum Coulee branch of the Bank of Montreal, wrote as follows:

"Now my last words to the public shall be that there is no peace or happiness in an underground life. No matter how big or small the proceedings are, there is nothing in it. It will come back to you sooner or later. It is just like a masse shot in a game of billiards. I have been there and tried it, so I know what I am talking about. I made lots of money in my time and I cannot show a cent for all the work I have done in all my fifteen years of crooked life. And, again, nothing in it. I would advise all the boys that have any inclination to that kind of life to throw it up—the quicker the better. I know what it is like. I had more experience than most of the boys in that class of life. I runned my line to the end and found it rotten at the end—but it was rotten at the start, only I did not see it. So I can only say that there is nothing in it."

TRACES OF OIL SEEN AT PITT MEADOWS

Mr. Noel McFarlane who was over in Vancouver last Tuesday, joined the large party which went up to look over the Pitt Meadow Oil well. He was greatly impressed with the showing that is being made, and states he saw "the gailer lowered three times to the bottom of the well and each time on being emptied into the cluice box showed gas in quantities and oil. After the party had seen all that was of interest they adjourned to the wooden landing on the bank of the Pitt River where Mr. Innes Patterson addressed the party on the working of the well and the prospects he and the other directors thought there was in getting oil in paying quantities, continuing he said "the company is out to get oil and we are going to get it and from the showing today I think you will all agree with me that there is no doubt that we are nearing the oil bearing sands."

With regard to investing money Mr. Patterson was most emphatic and advised people not to borrow or mortgage their property, as oil stock was too much of a gamble, but any person who had a few dollars and cared to take the chance by putting it in their well, he was confident that they would certainly get a square run for their money as long as he had anything to do with the management "I am spending my own money and that of my best friends" and when he could not do that with a feeling of safety he would not spend the public's money.

The Warn Land Company who are selling agents for the Company in the city would like to state that any party who is interested and would care to visit the well, should call at their office and leave their names when they will arrange to have them go up on the next trip. Expenses paid from Vancouver. (Advt. 15.)

NATIONAL LEAGUE BRIEFS

As a matter of record Boston got out of the National League cellar position on June 25th by four points over Brooklyn, but dropped back the next day.

Eppa Jeptha Rixey, allowed to remain in college until mid-June, assured Manager Dooin, of the Phillies, he would report in the best of form, ready to go right in and pitch winning ball. If you believe Eppa Jeptha kept his promise look at what he has done since reporting.

Rube Oldring, the Athletics outfielder, is the only member of the White Elephant herd who slides head first on his stomach for a base. In fact, he's about the only big leaguer of anystanding who keeps to this ancient way of sliding. Yet, as long as he delivers the goods he will never hear a word of complaint from Manager Mack.

Washington has a new first baseman, though Chick Gandil is not worrying. He is Harry Klingman, a Pomona college athlete, who has been burning up California college circles and was secured for a trial under Clark and Griffith by Jack Dillon, manager of the Los Angeles Coast team.

J. J. FOY SOMEWHAT BETTER

Toronto, July 16.—The condition of Hon. J. J. Foy, attorney-general of Ontario, is somewhat improved today. He is still in a very dangerous condition, however.

Messrs. Mackenzie & Mann, Limited, are calling for tenders, which will be received up to Monday morning next for the construction of a wharf at Patricia Bay (formerly known as Union Bay), Saanich Inlet, a distance of approximately eighteen miles from Victoria.

UNION BANK OF CANADA

Frank Wing Wah & Company

Opera House

The Vin Moore Company in "The Man of The Hour"

Tonight the Vin Moore Co. will present Broadhurst's famous play, "The Man of the Hour", a play of the day, in four big heart-gripping acts. Only two more nights of this splendid company.

Bijou Theatre

A Melies photoplay entitled "The Curse of Gold" in five parts, reputed to be the greatest drama of the age, will be the attraction at the Bijou Theatre today, both afternoon and evening.

The play is most dramatic. The Marquis de Luscky, having dissipated his fortune secures financial assistance from Elias Webb, a money lender, who, however, declines to advance further sums when the spendthrift has no security to offer. The widowed Viscountess Kinsale is a very rich woman whose affections are bound up in Peter, her only child. De Luscky in his extremity, thinks he sees a way out of the difficulty. In only he can marry the Viscountess he will be able to restore his broken fortunes, and one morning contrives to fall from his horse in front of the Viscountess's motor car. Apparently he is severely injured and is taken into her house. The plot thickens and the play continues from one dramatic sensation to another until the boy accuses Webb of having caused him to be kidnapped and incriminating documents being found at his house, the marchioness is discharged from custody.

In addition to the four reel feature a comedy reel will be shown.

Mr. H. McAdie, the local undertaker, has received a letter from Messrs Bates and Dodds, undertakers of Toronto, containing the information that the body of the late John S. Hall, of Nanaimo, had been received by them and had been interred in a Toronto cemetery. The letter also stated the body of the deceased arrived in good condition and reflected great credit on the local undertaker for the way in which the body had been prepared for shipment.

If you can save TEN big, cold "samoleons" ob a suit of clothes at the McRae & Lucier Big Ben Sale. It closes Saturday night. 1t

VOLUME XIV NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, SATURDAY MORNING, JULY 18, 1914 NUMBER 113

MINES REPORT FOR THE YEAR

Annual Report of Mines Department Shows Decrease in Output of Coal in B. C. For Past Year.

The annual report of the Mines Department of the Provincial Government for the year ending December 31, 1913, has just been issued by the Provincial Mineralogist, Mr. W. Fleet Robertson. This year is a larger volume than ever before, containing no less than 459 pages. There are a large number of maps, line cuts and photo engravings. The extra size of the report is explained by the fact that it includes a large number of special reports dealing with field investigations made by the mineralogist last year, who covered a very wide extent of territory.

The statistics vary but little from those contained in the preliminary estimate issued on January 7 last. The total production was then estimated as $30,158,793; the figures are $30,296,398. In the various details the figures follow very closely those of the preliminary estimate.

The gross output of the mines of the province was over $30,000,000, $2,000,000 less than last year, but nearly $7,000,000 greater than for 1911.

In his report on coal mining in B. C., Mr. W. Fleet Robertson, provincial mineralogist, writes as follows:

During the year 1913 there was mined in the various collieries of the Province 2,570,760 tons (2,240lb) of coal, a decrease from the preceding year of 454,949 tons, equivalent to 15 per cent.

In spite of this great decrease, it neverless remains a fact that this year's production is the third greatest ever produced by the Province, being only exceeded by those of 1910 and 1912.

Such a falling-off in the output calls for an explanation, and it can be definately stated that the shortage is in no way attributed to the mines themselves, nor to, at that time, any diminished market, but has been caused entirely by labour troubles, which, started at the Canadian Collieries' Comox Mines, spread to all the Vancouver Island collieries and which during the whole year greatly retarded the production of all the collieries.

As the direct result of these troubles there was a decrease output from Vancouver Island collieries of 584,747 tons (2,240lb.)

While it is true, at the time the strike began, there was an ample market for the output of all the Island collieries, such was not the case at the close of the year, for the shutting off of the coal supply by the strike, and the uncertainty regarding it in the future, drove the consumers to seek other sources for fuel, resulting, in many important cases, in the substitution of California crude oil, so that, at the end of the year, while the strike is still theoretically on, the mines are operating with more than sufficient men to supply the remaining market and these collieries are now working full time.

The market having thus been alienated, it will be some time before it can be recovered and the loss to employer and employee will continue long after the origional cause and grievance may have been settled.

While the province as a whole shows a decrease, as already stated, it must be noted that this decrease is confined to the Vancouver Island collierics and for the reasons given, whereas the other districts each show a material increase; the Nicola-Princeton District of 59,285 tons and the Crowsnest District of 70,513 tons, together equal to an increase of 129,798 tons.

The total sales of coal made in 1913 was 1,797,120 tons (2,240lb), of which 1,169,605 tons was sold in Canada, practically British Columbia and the balance amounting to 627,515 tons, was exported to the United States, including Alaska.

The coke sales of the Province for the year was 287,157 tons (2,240lb.), of which 236,531 tons was sold in British Columbia and 50,626 tons exported to the United States.

The death occurred at Nanoose Bay on Thursday of Mary Chief Bob, wife of James Thomas Bob, aged 30 years The remains will be interred at Nanoose Bay Sunday, funeral arrangements being in the hands of Mr. A. E. Hilbert.

FOUR KILLED IN TROLLEY CAR WRECK

Norfolk, July 17.—Four persons were killed and scores injured in a collision between an electric train on the Virginia Passenger and Power Company and a coal train on the Virginian Railroad early today at Fairmont Crossing about three miles from Norfolk.

Only two of the dead were identified. They were Samuel K. Cuthrell and Miss Annie Meenan of Norfolk.

Crossing trainmen say the safety gates were down and the electric train crashed through them into the freight train.

JURY FINDS DRIVER HAD BEEN DRINKING

Vancouver, July 17.—That Mrs. Peter J. Rinds came to her death as the result of hitting her head against the road when the car in which she was riding turned turtle, was the verdict returned yesterday by the coroner's jury enquiring into the death of the woman killed on Monday night on Fourth avenue. The car was the property of Mr. W. M. Montelius, 125 Georgia street. The jury found that Seward, the driver, was under the influence of liquor when the accident happened. Mr. Montelius testified that Seward had driven for him for two years and had never taken the car out without permission before. This was the first time that Mrs. Rinds had ridden in a motor car and she was nervous. The car was travelling at fifteen miles an hour when the accident happened.

GREAT BANKING FIRMS UNITE.

London, July 17.—The amalgamation was announced today of two historic banking firms, Coutts and Company, founded in 1692, and Robarts Lubbock & Company, founded in 1770.

One Paris motion picture plant produces an average of 3,000,000 feet of films weekly.

ANNOUNCES AN AUTUMN SESSION

Premier Asquith Announces There Will be Session of the House of Commons in November or December.

London, July 17.—The prime minister announced in the House of Commons today that the government had decided to hold an autumn session of parliament and fixed the date provisionally for the last week in November or the beginning of December. The cabinet today held the third meeting of the week to consider the Irish situation and the allocation of business for the remainder of the session.

Mr. Asquith, much to the chagrin of the opposition, refrained from any reference to the lines along which he would aim at a settlement of the Ulster problem when the House of Lords amendment comes up before the commons at the beginning of the week.

The press in general indulges in a great game of guessing as to the probable outcome of next week's debate, but even the Liberal backbenchers confess that they are entirely ignorant of the prime minister's plan and that the whole business is as uncertain as ever.

The government is assailed by a variety of counsels and even threats from the Nationalist leaders and the Labor party but although the opposition would be glad of an inkling as to the prime minister's intentions with the amending bill, Mr. Asquith has not allowed any but his cabinet members into his confidence.

The majority of the members of the Dominion Royal Commission sail today for Canada, including Sir Rider Haggard and the South African, Australian and New Zealand representatives. Sir Edgar Vincent, now Lord Daberon, goes later.

The greatest significance is being attached to the Canadian enquiry as one of the principal matters the commission intends thoroughly to thresh out the question of freight rates.

Immigration and empire telegraphy are also on the agenda, and it is stated that the commissioners are hopeful of forming a scheme of co-operation between Canada and Great Britain by which two British cables may be leased in the Atlantic.

COAL OUTPUT FOR THE YEAR

Report of Minister of Mines Shows Total Output of Coal of W. F Co. and Other District Collieries.

The report of the minister of mines for 1913 gives the following figures relative to the output of the various local collieries:

Western Fuel Co.

Sold for consumption in Canada	135,367
Sold for export to United States	50,846
Used for colliery boilers, etc	34,972
	221,185
Differences taken from stock during year	880
Output of colliery for year	220,295

Canadian Collieries Co.

Sold for consumption in Canada	353,709
Sold for export to United States	25,359
Lost in washing	137,615
Used under colliery boilers, etc	40,991
Difference (*added to) stock during year	*8,276
Output of colliery for year	565,950

Pacific Coast Coal Mines

Sold for consumption in Canada	69,490
Sold for export to United States	603
Lost in washing	39,002
Used under colliery boilers, etc.	11,985
	121,080
Difference taken from stock during year	41,434
Output of colliery for year	79,646

Jingle Pot

Sold for consumption in Canada	80,058
Sold for export to United States	19,519
Used under colliery boilers, etc	5,045
	104,622
Difference added to stock during year	2,980
Output of collieries for year	107,602

F. W. Weymouth, of Stanford University, California, is in the city.

BUSY MONTH FOR CLYDE SHIPPING

Glasgow, July 17.—The usual monthly shipbuilding statistics just issued show that during June there were launched all over Scotland 25 vessels of 77,490 tons. Of these 20 vessels of 73,680 tons were built on the Clyde, one of 3,100 tons on the Forth, one of 100 tons at Montrose, and three fishing vessels of 610 tons in Aberdeen and Moray Firth yards. In the corresponding month of last year 22 vessels of 54,478 tons were launched on the Clyde, and the total tonnage launched on the river for the half-year amounted to 127 vessels of 348,475 tons. The figures for this half-year are 129 vessels of 267,677 tons, so that there is a decrease for the six months of over 80,000 tons. This is accounted for very largely by the launching of the Aquitania last year, so that the work of the half-year may be considered satisfactory. The six months' aggregate is exceeded only by those of the three preceding years and of 1907 and 1906, while the output for the month of June is higher than that of any corresponding month in previous years since 1906, when the Lusitania was launched at Clydebank and the battleship Agamemnon at Dalmuir. With regard to trade prospects these remain clouded by the poor freight market and the possibilities of labor difficulties in the Autumn or early Winter. Several labor questions—notably those of the eight-hour day and the employment of non-unionists—threaten the peace of the industry, while in August wages may come up for reconsideration, on the initiative of either employers or men. A fair amount of new work was reported during June, and there were several interesting announcements regarding contracts recently placed and not previously intimated, particularly regarding the building of two additional geared turbine liners at Scotstoun West. Altogether, the month of June has been very satisfactory from the point of view of tonnage launched, and specially interesting from that of new work—more because of the character of the vessels ordered than because of their size.

QUARTZ MINING IN NANAIMO DIVISION

The following report of Mr. Geo. Thomson, government agent, dealing with the mineral work in this district, is taken from the report of the minister of mines for 1913 which has just been published. It is as follows;

I have the honor to submit herewith the annual report of the mining operations in the Nanaimo Mining Division for the year ending December 31st., 1913.

The mining operations in this Mining Division during the past year were confined to annual assessment-work.

Reports from Texada Island and Valdes Island are very encouraging; a few of the old claims which have been allowed to remain idle for some time are now being vigorously prospected and are showing up well.

The Marble Bay mine still continues to ship ore and is opening up new ground.

Office Statistics—Nanaimo Division.

SHINGLE MILL FOR NANAIMO

Messrs. C. G. Stevens and Wright Will Manufacture Shingles in City—Mill Located Close to Indian Reserve

Mr. Charles G. Stevens and his son in law Mr. Wright, of this city, are opening a shingle mill in the vicinity of the Nanaimo Indian Reserve, the mill to be ready for operation in about five or six weeks.

The mill will have both water and railway connection and will secure its supply of cedar bolts from the Western Fuel Company's holdings in Harewood district. Four machines will be installed with a capacity of 125,000 shingles a day, the amount of capital invested being in the neighborhood of $10,000.

OYSTER BED LEASES

In this week's B. C. Gazette appears three notices of intention to apply, within 60 days, for permission to lease lands in Oyster Harbor, Ladysmith, for the cultivation of oysters. All are in the name of Alfred G. King, as agent, and the applicants are Richard Grant Jessup druggist, for two areas, one of 11.11 acres and a second of 5.9 acres, and Philip Frenchie, of Ladysmith, for 7.5 acres.

VICTIM LEFT BIG ESTATE

Winnipeg, July 17.—In the matter of the estate of Mr. Mark Fortune, who lost his life in the Titanic disaster, application was made in the Surrogate Court before Judge Meyers today to pass the accounts and fix the compensation payable to the executors, the Standard Trust Co. This was the largest estate ever put through the Surrogate Court; it totalled $1,588,250.

KENNEL CLUB TO MEET THIS EVENING

The Nanaimo Kennel Club will hold its regular business meeting this evening at 8 o'clock in the parlors of the Lotus Hotel. As business of importance in connection with the dog show to be held in connection with the exhibition of the Nanaimo Agricultural Society will be discussed, a full attendance of members is requested.

GENERAL STRIKE NOT PROBABLE

Delegate to Recent Convention Says Affiliated Trades Will Treat General Strike Proposition as a Joke.

Vancouver, July 17.—Indication was given at the meeting of the Trades and Labor Council last evening that the proposal to institute a general strike as an expression of sympathy with the striking miners of Vancouver Island will receive little support among Vancouver trades unionists. The meeting received without comment the reports of the delegates sent to the recent sessions of the B. C. Federation of Labor.

Delegate Dunn expressed the opinion that the affiliated trades will treat the general strike proposition as a joke, such being the attitude of members of trades unions with whom he had discussed the project.

Delegate Hoover mentioned as significant that the miners and longshoremen seemed most interested in furthering the plan, and that Mr. Frank Farrington, international officer of the mine workers, had expressed opposition to the suggestion.

The election of officers resulted as follows: President, Mr. J. H. McVety; vice-president, Mr. F. L. Estinghausen; secretary, Mr. G. Barclay treasurer, Miss H. Gutteridge; statistican, Mr. F. A. Hoover; sergeant-at-arms, Mr. J. Sully; trustees, Messrs. W. R. Trotter, W. E. Curnock, and F. Knowles. All but the president and statistican were elected by acclamation.

Mr. Fred. Bancroft of Toronto, told in detail of the work among trades unionists in Ontario, which has resulted in the new workmen's compensation legislation, which becomes effective the first of next year; pointing out the benefits to those dependent upon wage earners killed or maimed in industry, and contrasting these benefits with those received in this province under the present acts in force.

President Watchman of the B. C. Federation advised the delegates to impress upon their respective unions the necessity of definitely expressing desire for an act in British Columbia similar to that of Ontario; asking that all organizations support the provincial body as one of the best means for obtaining the unity of action deemed essential by Mr. Bancroft. Hope was expressed that the unionists would work actively to have such legislation enacted at the next session.

Me. J. S. Wells, secretary-treasurer of the federation, advised support of the labor press as one of the means towards the desired end.

VICTORIA IS NOT COMING TODAY

Word has been received from Victoria that the University School eleven will not be up to keep 'their league fixture with the local cricket club this afternoon. This is a big disappointment to the home club. The Incogs asked the local side to change dates with them earlier in the season. This the home club did and felt sure the Incogs would honor the return date. However the masters have cancelled the game. In the circumstances a match will be played by two scratch elevens selected from Garrison and home players.

FINALS TODAY IN TENNIS TOURNAMENT.

The finals in the gentlemen's singles in the tournament being held by the Nanaimo Lawn Tennis Club will be held this afternoon commencing at 4:30, the finalists are Messrs. F. M. Bressey and T. Barrington-Foote. Both gentlemen are hard players and should put up a very interesting exhibition. In view of the great interest taken by tennis enthusiasts in the present tournament there will likely be a large attendance at today's matches.

Mr. and Mrs. C. B. Browne, of Burnaby Lake are making a short visit to the city.

Among the passengers from Vancouver last evening on the S. S. Princess Patricia were Geo. Pettigrew, F. John, Miss A. Jones, Mrs. H. Young, Frank Baker, and Mrs. D. G. Dailey.

AMMUNITION AND GUNS FOR HINDUS

Vancouver, July 17.—With three revolvers and 500 ropnds of ammunition secreted on their person three Vancouver Hindus were arrested today and are now in custody.

The authorities are convinced the arms and ammunition were for the use of the Hindus aboard the Komagata Maru.

BRITISH COLUMBIA SHOWS CONTINUOUS ADVANCEMENT

That continuous advancement is being made in every part of the province is shown by the statement of development published monthly in Telephone Talk, the magazine issued by the B. C. Telephone Company. Thirty-nine telephone exchanges are operated and gains are recorded in nearly every instance, with very perceptible progress in the larger cities. Another article details extensions of outside plant which are in hand as well as additions to equipment in several of the offices. These are all on account of new business, indicating a live growth.

One of the feature articles in Telephone Talk this month is descriptive of Grand Forks and district. This city is fortunately situated, having fine prairie-like farm lands in its immediate vicinity, and the illustrations show that it is up-to-date and progressive.

Mrs. William Crossan of Vancouver arrived in the city last evening to attend the funeral of her brother-in-law, the late George Williams, which takes place Sunday.

The funeral of the late William Flewett will take place from the family residence, Five Acres, this (Saturday) afternoon at 2 o'clock, Rev. S. J. Green officiating. Funeral arrangements are in the hands of H. McAdie.

CHICAGO HAS PISTOL BATTLE

Police Sergeant Killed During Pistol Duel With Gunmen in Vice District of Chicago —Four Wounded.

Chicago, July 17.—Stanley J. Birns a police sergeant in the detective bureau under Captain John Halpin, was shot dead in a pistol duel between two squads of detectives in the vice district last night.

Detective John Sloop Birns' partner; Jos. T. Merrill and Fred Amert detectives under M.L.C. Funkhouser, deputy superintendent in charge of the morals squad, and a fireman named Carroll were wounded. Sixty shots were fired.

Detectives Shubert and Cary, of the Twenty-second street police station, broke up the riot and took Amert, whose wounds were slight, to the station, where he is being held. The dead detective was a member of the regular plain clothes force. Sloop was shot through the thigh.

In the investigation of chief of Police Gleason two facts appeared to stand out, that the killing and wounding of the policemen was precipitated by a gang of levee characters and that many of the shots fired came from the weapons in the gangsters. It was thought that several of the crowd of vice district characters were wounded and had been hidden by their friends. The affray was possible because the moral squad men, Merrill and Amert had been policemen but a short time. They had just raided a disorderly resort and sent a wagonload of prisoners to the station. A gang of levee hangers-on followed and hooted Merrill and Amert as they walked away from the place.

Stones and bottles were thrown and the detectives drew their revolvers. Just then Birns and Sloop ran up to disperse the mob, and the shooting began. Merrill declared that the first shot was fired by a man in the crowd who dodged behind a woman. Another woman had just fallen, he said, having been hit by a brick. Merrill said he fired his revolver at the man.

Mrs. William Sharrocks returned yesterday from a visit to friends in the Terminal City.

ASIATICS IN ISLAND MINES

Annual Report of Minister of Mines Gives Accurate Figures of Orientals Employed in Mines of Province.

The number of Asiatics employed in the coal mines of the province was the subject of a great deal of comment at the recent convention of labor in Vancouver. Some surprising figures were quoted for Cumberland and one delegate stated that only four white men were getting coal at the mines there. The report of the Minister of Mines for 1913 which has just been published, gives figures up to the end of last year. Some change may have taken place since then, but as there has been more white labor available the last few months the percentage of Asiatics will probably have decreased. Here are the figures for the province as given in the Minister of Mines' report:

Number of Hands Employed Character of Labor.	
Supervision and clerical assistance	312
Whites—Miners	2,167
Miners' helpers	363
Laborers	1,728
Mechanics and skilled labor	1,195
Boys	213
Japanese—Miners	71
Helpers	46
Laborers	18
Chinese—Miners	118
Helpers	93
Laborers	491
Indians—Laborers	6
Totals	6,671

It will be seen that out of a total of over 6500 there were 135 Japanese and 702 Chinese, a total of 837. Of this number 434 were employed above ground.

The report also gives the figures for the collieries of the Canadian Collieries Company. They are as follows:

Supervision and clerical assistance	61
Whites—Miners	205
Miners' helpers	80
Laborers	129
Mechanics and skilled labor	142
Boys	56
Japanese—Miners	71
Helpers	46
Laborers	11
Chinese—Miners	118
Helpers	93
Laborers	196
Total	1,208

It will be seen that out of a total of 1208 there were 125 Japanese and 284 Chinese, an aggregate of 409. Of this number 126 are employed above ground, leaving the total number of Asiatics employed underground at all the mines of the Canadian Collieries Co. at 283. These are the figures as supplied by the department and can be accepted as correct.

CONSIGNEES FRIDAY

THE STRIKE CRUSADE

Preparations are going briskly forward for launching the local apostles of the general strike on a crusade through the province. They will not go out exactly as did the apostles of old. They are not going out into the wilderness, and it is understood that transportation is furnished them each way. With the balmy summer weather now prevailing in the province they can have a fine summer jaunt, and at the same time indulge their weakness for oratory. That the crusade will mean anything more than a pleasant outing for the four apostles no one for a moment imagines. The referendum will be taken among the members of the various unions affiliated with the Federation of Labor. These unions for the most part had delegates at the convention, and their members will get a full report of the proceedings. What the local crusaders will accomplish therefore is "wrop in mystery." And just examine their standing. They are going out to preach what they describe as solidarity, and are themselves rebels against the authority of their organization. The chief local officer of the Mine Workers, who has been in charge of the island during the whole trouble, has stated that his society will not permit the breaking of working agreements. There can be no general strike without the breaking of agreements, and therefore Farrington said there must be no general strike. It also appears that in a burst of candour during the stress of the debate he asserted that the strike on the island was broken. This is no news. There has been no strike on the island for months. The mines are producing more coal than they can sell, and cannot employ all the men seeking work. Their output is within two or three hundred tons a day of what it was before the strike. The apostles can give any version of the situation they choose to invent. The facts remain as we have stated them, and as they were acknowledged by Farrington. The position of the Crusaders then is that they start out with a denial of their own officer's statement and in revolt against his authority and the constitution of the organization. They are not even secure of their position on the island. It is an easy thing to defy authority in a convention. It is another thing to embark upon a revolutionary movement. For over a year the Mine Workers have paid for their incursion into the local field by supporting the men who joined the organization. The executive is still supplying the finances, and in return its chief officer in the field is openly flouted and his authority denied. After all the last word is with the executive and the crusaders may have to listen to it. And they will find that Farrington's speech at the convention will outweigh anything they can do or say. This has already been in evidence at the meeting of the Vancouver Trades and Labor Council, and one speaker expressed the opinion that the affiliated trades will treat the proposition of a general strike as a joke. It is just this, and a swell trip for the four insurgents. Naturally also the crusade does not take in the chief places concerned. Farrington himself pointed out that they could not hope to persuade the men now working in the mines to come out, and this is just what they most wanted. But even this drawback to the success of the scheme did not affect the mutineers. They wanted the general strike whether it would do anything or nothing. They are willing now to undertake the peripatetic propogation of the strike idea—at somebody's else expense—against Farrington, against their organization, and despite the mockery of other labor bodies. Apart from the farcical crusade, the honoring of agreements, and the defiant revolt against authority, no one has been able to show how a general strike would alter the situation on the island. No ordinary settlement is possible. In Nanaimo there are as many, if not more, men at work as there out of work. It was possible a few months ago to have effected a settlement which would have included all the men. Officers of the Mine Workers are entirely responsible for the fact that peace was not made. They have created a hopeless muddle, and would now spread their responsibility over the province. This explains the revolt and rupture in their ranks, but it does not acquit them of their responsibility. There are now three parties to the dispute, and in any settlement that may be proposed the men at work must receive equally as much consideration as the men out of work.

It was really a happy idea to turn a Defence Fund into a Crusade Fund. It is no use keeping money lying idle particularly when it can be used to give four modern crusaders, armed cap-a-pie with home-made facts and compressed oratory a dandy summer outing. Charity should always begin at home.

The battle for the heavyweight boxing championship between the Frenchman Carpentier and the American Smith has for the last two or three days overshadowed the Irish question in importance and in interest. With this question of supremacy settled, even though in a very unsatisfactory manner, the Home Rule difficulty again comes to the fore. There has been no change in the situation. The Unionists are still demanding the total exclusion of Ulster, and the Nationalists reply that they will never sacrifice the Catholic counties of Tyrone and Fermanagh. Meantime both sides continue to smuggle in arms and ammunition and continue their preparations for a fight. The government has not yet shown its hand with regard to the Lords amendments to the Amending Bill, so that nobody knows what is to come. If there is still a chance of a settlement by consent at least no news of any action has leaked out.

Two new women's institutes have been authorized by the minister of agriculture, one at Langford and the other at Atchelitz, near Sumas. Organization meetings are to be held in both cases on July 22, that at Langford in St. Paul's church hall at 3 o'clock in the afternoon.

Digby, N. S.
Minard's Liniment Co. Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working.

WEALTH OF HAIR

Parisian Sage Makes Thin Lifeless Hair Soft and Abundant.

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet so many of the fair sex who would be most attractive but for their streaked, thin and lifeless hair, go on thinking there is no remedy Quickly put aside such thoughts. Beautiful hair is largely a matter of a little care and attention. Parisian Sage rubbed into the scalp and applied to the hair with a sponge or cloth will work wonders. Do it daily for a week, then occasionally, and you will be surprised and delighted with the result—not only will the hair become abundant, soft, fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application and cleanses the hair of all dirt and excessive oil. It is not sticky or greasy, is delicately perfumed, and contains nothing to injure the hair or scalp. All drug and toilet counters sell it in fifty cent bottles. Look for the trade mark—"The Girl with the Auburn Hair."

Delighted users pronounce Parisian Sage the best, most pleasant and invigorating hair tonic made. Try at least one bottle. Your money will be refunded if you are not satisfied.

HAVE YOU got one of those Electric Water Heaters? Only $2.15, at Brown's Electrical Store. tf.

GOOD ROOMS AND BOARD— One Dollar a day; $27 per month. Wilson's Boarding House, Prideaux street. 111-6t

NEWS OF SPORT

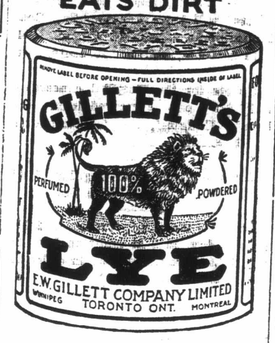
SEATTLE BOAT HOLDS THE LIPTON TROPHY

Seattle, July 17.—Ted Geary's creation Sir Tom, defender of the Lipton trophy again defeated the Vancouver challenger Turengo today thus retaining the trophy another year.

The Sir Tom defeated the Turengo by 1 minute and 54 seconds.

VICTORIA JUNIOR FOUR WINS AT NELSON.

Nelson, B. C., July 17.—Victoria oarsmen did fairly well at the regatta in connection with the Chahko Mika festival here. William Kennedy was beaten in the singles by Butler, of Toronto, by three lengths, after a strongly rowed race. Victoria won the junior fours and Nelson the junior singles. The other races will be rowed on Saturday.



The McRae & Lucier Big Ben Public Sale will save TEN "Big iron men" on a suit of clothes.

CALLAHAN SUSPENDED

Philadelphia, July 17.—Manager Callahan, of Chicago, was notified today that he had been indefinitely suspended for his trouble with Umpire Hildebrand yesterday.

Don't be misled—This Big Ben Sale is genuine to the core. We want the money and must have it. You save from one-third to one-half on everything you buy at McRae & Lucier's up to Saturday night. 1t

GILLETT'S LYE EATS DIRT

AFTERMATH OF SMITH CARPENTIER FIGHT

James Buckley, Smith's manager, said after the fight today: "It was highway robbery. Smith knocked Carpentier out with a right on the point of the jaw. The Frenchman went down and Smith, in making another punch, could not pull himself back and just hit Carpentier's face."

"After the first two punches I saw that we were going to get the worst of it. Corri told Smith to keep his hands up, although they were up all the time. He wanted to bother Smith.

"We have evidence that this was intentional and that he wanted Carpentier to win."

Smith confirmed this statement, but would add nothing to it. Smith has issued a challenge and is anxious to fight Carpentier again within two weeks or any other time.

Eugene Corri, the referee, is quoted by the Daily Mail as saying he had no alternative but to disqualify Smith. In his opinion, however, Smith was the strongest man of the two at the time and "might have well won the fight."

Dick Burge, the fight promoter, said: "I think the blow which caused Smith's disqualification merely glanced off the back of Carpentier's head and did him absolutely no damage."

Carpentier, in an interview in the Daily Mail, said: "He never hit me; when he missed me I slipped and the force of my blow threw me to the floor. Up to that time I was winning easily and was never in the slightest trouble. I feel that if we fight again I must be the winner."

The Sportsman describes "Gunboat" as an unlucky man because he was disqualified "for an infringement of the rules, if such it really could be termed."

The Sportsman adds: "Nineteen officials out of twenty would, in the circumstances, have passed over this with a caution."

COWLER-McINTYRE BOUT DATE CHANGED

The date of the Cowler-McIntyre fifteen-round bout at the Brighouse arena has been changed from Saturday afternoon, July 25, to the Friday night preceding at 8:30 o'clock.

There will be an eight-round preliminary between Sammy Good and Eddie Shannon, which will practically give a double card for the night. The winner of the Good-Shannon bout will be matched with Johnny O'Leary for the Canadian title.

Bernie P. Schwengers and Bobby Powell, the Victoria tennis players, left on Monday for the east, where they will play for Canada against the Australians in the Davis Cup series.

W. Turley Brookes, F.R.C.V.S.
Veterinarian.
offers professional service on horses, cattle and dogs. Animals boarded and medical supervision provided when required at Wildholme Ranch, Saltair, B. C. Postal address, R. H. D. 2, Ladysmith.

Opera House

The Vin Moore Company will tonight give their farewell performance at the Opera House when they present the famous Gillette comedy entitled "All the Comforts of Home." Tonight will be the last night of this popular company in Nanaimo and the play that has been selected for the final performance is one of the funniest of the company's repertoire.

GOOD SWIMMERS DROWNED.

Peterboro, Ont., July 17.—Late this afternoon Austin O'Toole aged 17 years, and Chas. Burgerine, aged 24, lost their lives by drowning in the river a few miles below the city. The young men and another, named Fowler, were rocking a canoe when it upset. Fowler swam to shore, about 25 yards, supposing that the others, who were good swimmers, were following, but when he looked back he saw only the upturned canoe, and no traces of the young men. Both bodies were recovered.

The smouldering ruins of the New Ladysmith Lumber Company's mill were fanned into flame yesterday by the wind, necessitating a visit by the Fire Brigade.

NEW PRESIDENT IS RESTORING ORDER

Vera Cruz, July 18.—Provisional President Carbagal has issued orders to the governors of all states that in future no one is to be executed without having had a proper trial. All constitutional rights suspended by Huerta have been restored.

MAKING AUTOMOBILE ROADS AT REVELSTOKE.

Revelstoke, July 18.—Fifty men are now at work on the completion of the automobile roads to the summit in the Revelstoke National Park.

The work is starting at the upper end of the completed portion of the road and ten miles will be completed this summer at an estimated cost of $27,000.

DIAZ RECEIVES NEWS.

Paris, July 18.—General Porfirio Diaz, former president of Mexico, was packing in preparation for his departure for Blarritz, where he is going to spend the season, when the news came that Provisional President Huerta had decided to resign. Neither the former dictator nor his son would make any comment, but it is known that he suggested to Huerta some months ago the advisability of retiring.

DIVERS TO INSPECT WRECK

Sarnia, Ont., July 18.—Acting for the underwriters, the Reid Wrecking Co. will on Monday have a diver make an inspection of the Chas. S. Price, which has been lying on the bottom of Lake Huron, thirteen miles from this port, since the disastrous storm of last November to see if the boat can be raised. It is believed in some quarters a number of bodies are in the boat

ACCIDENT FUND OF EXTENSION MINERS

Ladysmith, July 18.—The semi-annual meeting of the members of the A. & B. Fund was held in Gould's hall on July 12th, Vice-President Mr. A. McLachlan presiding. After the usual routine of business the following officers and committees were duly elected:

President—Mr. A. McLachlan.
Vice-President—Mr. J. Foster.
Secretary—Mr. P. Malone.
Fin. Secretary—Mr. James Dick.
Treasurer—Mr. C. F. Compton.
Committee—Messrs. Samuel Thompson, Alex. Michie, Wm. Devenport, Joe Watson, D. Campbell.

Following is the secretary's report for the term ending May 31st, 1914:

Mr. President and Gentlemen,—During the six months covered by this report from Nov. 30th 1913 to May 31st, 1914, nine accidents occurred, but none of a serious nature.

In April a special assessment of 50c was levied amounting to $108, with the regular assessment for the six months amounting to $330.38 and interest on deposit $39.56, brings the total income for the term of $477.94.

The expenses for the same period was $376.75, leaving a net gain for the term of $101.19.

In accordance with a resolution passed at a general meeting of the members on December 18th, 1913, a separate account was made with the 25c hospital assessment which amounted to $320. The amount paid out for hospital treatment, operations, and other expenses to April 30th was $177.40, with $29.60 due for hospital treatment for May, leaves a balance after paying all claims to May 31st, of $113.

A. W. BOWMAN PASSED AWAY

A Resident of Nanaimo For Eight Years Died Yesterday in New Mexico U.S.A. After Lengthy Illness.

Word was received in Nanaimo yesterday of the death in Abuquerque, New Mexico, yesterday morning of Mr. A. W. Bowman, a former well known resident of Nanaimo who during his residence in this city was engaged as consulting engineer for the Western Fuel Company.

The deceased, together with his wife and son, who survive him, resided in Nanaimo eight years. Ill health compelled Mr. Bowman to leave Nanaimo in September, 1912, and the family removed to the dry climate of New Mexico in the hope the change would prove beneficial to Mr. Bowman's health. For a time the change was helpful, and relatives and friends entertained hopes of a complete recovery. Recently, however, he suffered a decline and passed away yesterday morning as stated above.

The late Mr. Bowman was a native of California, aged 38 years and leaves many friends in Nanaimo who will learn with regret of his death so early in life, and who will also extend their sympathy to the widow and son in their hour of bereavement. Mr. Bowman was a man to know whom was to like. Of a kind and obliging disposition he made friends with all with whom he came into contact and the world is the poorer for his passing away. He was an engineer of exceptional ability, a local monument to his engineering skill being the Howe Truss bridge over the Nanaimo river, on the Western Fuel Company's railway to the Reserve Mine which a leading railway engineer stated was the finest piece of engineering work he had seen on the American continent.

Mr. R. E. Larmour, who has been divisional freight agent for the Canadian Pacific Railway at Vancouver for some time and who has been an important factor in the development of the freight business handled by the C.P.R. out of this port, has been created assistant general freight agent of the company with headquarters here. This information is contained in a circular just issued by Mr. W.B. Lannigan, freight traffic manager on the western lines of the company. Mr. H. A. Plow, who has been district freight agent at London, Ont., will succeed Mr. Larmour as district freight agent in Vancouver. (Van. Ex.)

GENERAL FRANCISCO VILLA.

*The Mexican rebel commander, walking through the streets of Torreon, Mexico, with his secretary Pablo Rooles, after his conference with the Carranza committee at which it was decided that Carranza remain at the head of the constitutionalist movement with Villa in charge of all military activities.

JOHN CONDON SUICIDES.

Parksville, July 18.—John Condon aged 50, an old resident of Port Alberni, committed suicide early today by shooting. He was found in his cabin with his head blown off. Mr. Condon was caretaker of the Golden Eagle mine, 18 miles from Port Alberni for many years. He was unmarried. Mr. Condon had been in ill-health for some time and had only recently returned to work after spending several months in the hospital.

PANAMA CANAL READY AT END OF THIS MONTH.

New York, July 18.—According to Frederick Alcock, general manager of the Pacific Steam Navigation Company, the Panama Canal will be ready for commercial traffic on or before July 31. Mr. Alcock, who returned yesterday from Colon, said that Governor Goethals would most likely inform Washington of this possibility within a few days.

VIN MOORE COMPANY CLOSED ENGAGEMENT

The Vin Moore Stock Company closed a week's engagement at the Opera House last night. The house will be dark for several days to allow Mr. Nichols to finish the improvements started some weeks ago and which, while still in an uncompleted state, have made a vast improvement to the house and given Nanaimo an Opera House to be proud of. It is likely the house will be open on Saturday evening only until arrangements are made for bringing some first class productions to the city.

FILES SUIT FOR TWO MILLION

Montreal, July 18.—In the two million dollar suit of the C. P. R. against the Storstad for damage in connection with the sinking of the Empress of Ireland, the plaintiff filed the statement of claims today with the Admiralty Court. Most of the allegations made are:

That a bad lookout was kept on the Storstad.

that the helm of the Storstad was improperly ported.

That the Storstad improperly failed to keep her course and passed the Empress on the starboard.

That the Storstad was navigated at an improper and immoderate rate of speed.

That those in charge of the Storstad failed to reduce speed and sound the whistle before the vessel ran into the fog.

That the engines were not slowed or reversed in time.

That no competent officers were on duty on the Storstad, those in charge of which neglected to comply with the articles of the rule of the road in force in Canadian waters.

B G BRITISH FLEET REVIEWED

Almost The Entire Strength of Britains Navy Gathered at Spithead For Annual Review by King.

Spithead, Eng., July 18.—The British home fleet, comprising almost the entire navy, today gathered in the roads here for its annual review by King George the commander-in-chief. His majesty, however, was detained in London by the political situation. It was announced that he expected to spend a couple of days with the warships before their dispersal. The programme of the review comprised flights of aeroplanes and airships attached to the royal navy flying corps More than 400 craft of all types are assembled, all fully equipped and manned, members of the royal reserves having been called upon for service.

LOCAL LIBERALS ATTENDED PICNIC

Messrs J. A. McDonald and Alex. Forrester of this city were among the local Liberals who attended the big Liberal picnic at Vancouver yesterday. They report the picnic a most successful affair in every respect. There was a very large attendance and the meeting was most enthusiastic. The gathering was presided over by Mr. Ralph Smith and was addressed by Hon. Senator Bostock, Charles McDonald, John Oliver and others.

WINS CANOE RACE

New York, July 18.—Leo Friede, representing the United States, successfully defended the International Sailing Canoe title today by defeating Ralph Britton of Canada, by a margin of 5 minutes.

KILLED BY COAL TRAIN

Dresden, Ont., July 18—Donald Martin, one of the best known residents of this country, was killed by a Sydney and Louisburg coal train here yesterday. The late Mr. Martin was 75 years of age.

British battleships of a new type will be armed chiefly with rapid fire guns that can be used against air craft and will have less draft than usual to present as small a target as possible for submarines.

A case of bubonic plague was discovered in New Orleans yesterday, the victim being a 10 year old girl.

The French navy has built an artificial island of concrete at Toulon for testing torpedoes and as an ammunition magazine.

WAS VICTIM OF BRUTAL ASSAULT

Mr. Luther Saville Attacked in Cowardly Manner and Badly Beaten Up Near Chase River Saturday Afternoon.

A brutal and cowardly attack was made yesterday afternoon on Mr. Luther Saville, a fire boss employed at the South Wellington mine of the Pacific Coast Coal Company, when on his way home from work. The attack was made in the vicinity of Chase River about 4 o'clock. Saville accompanied by two other workmen, were set upon by a number of men who daily congregate on the main road leading from the district mines to the city, hurling insulting remarks to miners and in other ways making themselves obnoxious. When the three South Wellington miners were attacked yesterday two of the number made their getaway but Mr. Saville was knocked off his bicycle, and beat up unmercifully. His teeth were knocked out by a kick, both eyes blackened, and he was cut about the head. His shoulder was dislocated and several injuries inflicted on his body.

Shortly after the assault Dr. O'Brien passed in his auto. He picked up the injured man and brought him to his home on Haliburton street where he was given every attention and his injuries attended to. While his injuries will not prove fatal they are most serious, and it will be some time before he will be in a condition to resume his regular employment.

Mr. Saville is able to identify at least four of his assailants and those guilty of the dastardly and cowardly assault it is expected will be brought to justice.

BALL POSTPONED

Duncan, July 18.—At a meeting of the ladies' committee of the Cowichan Agricultural association it was decided to postpone the opening ball in the new agricultural hall, Duncan, until October 7 on account of the heat.

REVENUE RETURNS.

Ottawa, July 18.—Inland revenue collections for the month of June totalled $1,715,007, a slight decrease as compared with June, 1913, when $1,785,230 was collected.

FIVE INJURED IN AUTO COLLISION

Vancouver, July 18.—Five names were added yesterday to the General Hospital records of patients whose precarious condition is due to automobile accidents on the Vancouver-Eburne route, the latest victims having been injured in a head on smash at Granville street and Dawson road at 3 o'clock in the morning. Eight men were injured in the crash, and of these physicians at the hospital express grave doubt of the recovery of at least one.

The victims, and their condition last night, are as follows:

Edwin Havens, 30 years old, manager-secretary of the Vancouver Press Club, who lived at 49 Lee Building—Fracture of the skull and wounds about the face and body. Some hemorrhage from base of brain, but condition improving.

Hillis Houston, 27 years old, son of Ald. Houston of Victoria—Skull facture. Revived in the afternoon and his condition such that physicians expect his recovery.

Samuel L. Burnett, 31 years old, salesmen of Chelsea, Mass—Right leg broken, scalp and face wounds.

James Boyd, 34 years old, driver employed by Western Taxicab Co.—Fracture of the skull and severe body injuries. Sank into profound comatose condition in the afternoon, and not expected to live.

Sanford Wolf, 27 years old, cigar salesman for his father, who lives at Robert Court, Fifth Avenue West—Right kneecap fractured.

John Brass, John Rennie and Jas. Smith, employees of the Carlton Cafe, suffered various cuts and bruises, but their condition was not serious enough to detain them in the hospital. Harry Seaman, a salesman living at the Alcazar Hotel, also suffered painful injuries.

COMING TO VANCOUVER.

Winnipeg, July 18.—Miss Knight formerly superintendent of nurses at the Winnipeg General Hospital, will leave on Monday for Vancouver where she will reside in future.

FIFTEEN DEATHS CAUSED BY HEAT

Chicago, July 18.—Fifteen deaths at least and scores of prostrations are reported in the East and Middle West as the result of the extreme heat wave and sudden electrical storms which are harrassing men and beasts.

In New York three men died and seventeen persons were temporarily overcome by the heat. Lightning struck an elm tree on the golf course in Van Cortlandt Park, and several women golfers fainted during the panic that followed. In Boston two men died and thirteen were prostrated.

Philadelphia reported six deaths and more than two score prostrations.

Although the temperature varied between 72 and 86 degrees, three deaths attributed to the heat were reported in St. Louis. A storm which broke a three months' drought in the vicinity of Marion, Williamson County, offset the benefit to crops by one death and considerable damage to property.

HAD DREAM; QUIT HIS JOB.

Courtenay, B. C. July 18.—A. B. Clayton, while superintending loading of logs at headquarters for Comox Logging & Railway Company, met with a serious accident. While loading a heavy log the cable snapped and one end flew round and struck Mr. Clayton on the head, inflicting severe injuries.

If dreams come true, it appears that the man holding the job as foreman had a vision the night before, warning him that an accident of some sort would occur and he gave notice of quitting the next morning.

TROOPS MARCH ON CAPITAL

Several Thousand Constitutionalists Ordered to March Toward Mexico City to Preserve Order in Case of Outbreak.

Monterey, Mex., July 18.—Several thousand constitutionalists were today ordered to march toward Mexico City to be ready to preserve order there in case of an outbreak.

The troops ordered to march toward the capital are under command of General Jesus Carranza, brother of the first chief of the constitutionalists and who has been operating in the neighborhood of Pachuca, which is only a few hours' ride by railroad from Mexico City, the constitutionalist officials claim to have 37,000 to 48,000 troops within 24 hours by rail of the capital.

Douglas, Ariz, July 18.—Constitutionalists under General Alvarado occupied Guaymas at daybreak today, according to unofficial reports received here. They received an ovation.

Puerto, Mexico, July 18.—It was announced today that General Huerta had decided to depart from this port on board the German cruiser Dresden, General Blanquet alone accompanied him.

SILVER TROPHY ARRIVES

New York, July 18.—The silver trophy symbolic of victory in the Olympic Games won in the 1912 games by America, was brought here today by James E. Sullivan, secretary of the American Amateur Athletic Union, who arrived today from Paris. It has thus far been held by France, England, Denmark, Sweden, Germany and the United States.

CONSERVATIVE ORGANIZER.

Windsor, Ont., July 18.—William G. Clydesdale, assistant immigration inspector here has been appointed Conservative organizer for Western Ontario. A. H. Birmingham of Toronto, present provincial organizer, will have charge in Eastern Ontario.

PREMIER SEES THE KING.

London, July 18.—Directly after the rising of the House yesterday, a second meeting of the cabinet was held, at which some of the Irish leaders were present. Later the Premier had an audience with the King at Buckingham Palace.

The Golden Board of Trade are at present considering the question of incorporation.

HINDUS SAIL THIS MORNING

Komagata Maru Leaves Vancouver With Ship Load of Hindus on Return to Orient Conference on Board.

Vancouver, July 18.—The S. S. Komagata Maru with its load of Hindus will leave port at 3 o'clock Sunday morning on the return voyage to the Orient after an unsuccessful attempt to land on the shores of Canada.

Extraordinary precautions have been taken by the authorities in case any trouble arises. A number of special constables have been sworn in and they will board the Komagata Maru and escort it to the three mile limit off Cape Flattery. A tug will accompany the steamer and bring back the special constables to Vancouver.

As a result of the conference this morning between immigration officials, Mr. C. Gardner Johnson, local agent for the owners, Japanese Consul General Hori and Captain Yamamoto of the Komagata Maru; the consul and the captain boarded the ship this afternoon to have a final conference with Gurdit Singh, and to talk to him like a pair of Dutch uncles. They were instructed this morning to tell him that steam must be up today. Otherwise no more provisions will be sent out.

The conference this morning decided that this was Gurdit Singh's last chance and that if he does not consent today to let the ship sail, the Komagata Maru will be completely isolated and the Hindus will be permitted to starve if they want to until they are in a more sensible frame of mind.

"There are plenty of provisions waiting to go aboard if Gurdit Singh decides to return peaceably to his native land," said Mr. Gardner Johnson after the 'confab' this morning, "but they will not go aboard if he does not listen to reason. We have given him his last chance and unless he decides to let Captain Yamamoto return, the provisions will stay where they are on board the launch Sea Lion. We intend to completely isolate the ship is he does not accept our offer to provision her and send her back to India."

The provisions, which are on board the Sea Lion waiting for Gurdit Singh to make up his mind were provided by the government, but the matter of whether or not they would be put aboard was left with Mr. Malcolm Reid. There is now 600 tons of fresh water on board the Komagata Maru which is plenty for the needs of the ship for some time and any statement from the Hindus to the contrary is only an attempt to gain the sympathy of the public, says Mr. Gardner Johnson.

BODIES OF MINE GUARDS DISCOVERED

Fort Smith, Arkansas, July 18.—The bodies of two mine guards were found today in the woods near here, having been killed in the recent battle with striking miners.

CONTROL FOREST FIRES

Toronto, July 18.—Word has been received here that the disastrous forest fires in the vicinity of Hearst are now under control.

MRS. PANKHURST RELEASED.

London, July 15.—Mrs. Emmeline Pankhurst, the militant suffragette leader, was again released from Holloway jail today.

DIES FROM HEAT.

Montreal, July 18.—A Polish laborer died from the heat in Montreal yesterday, when the temperature reached its highest mark of the past few days, 91 degrees. There were few prostrations.

CYRIL MAUDE TESTIFIED

London, July 18.— Cyril Maude, testified yesterday in favor of Mrs. Hissey, an actress in the "Grumpy" company, whose husband's petition for divorce was dismissed with costs. Mr. Maude said the defendant had given no cause for complaint either in her professional or personal character, while a member of his party in America.

FEDERATIONIST DISAPPROVES.

The crusade for a general strike in the province will be started under very discouraging circumstances. It is doubtful if any but the local apostles chosen by the convention would think of starting. Their mission is now banned by the British Columbia Federationist. No amount of egregious bluff can obscure the significance of this telling fact. The Federationaist is, or claims to be, the official mouthpiece of the British Columbia Federation of Labor, and may be presumed to know something of the sentiment of the workers of the povince. If there had been any chance of the general strike helping the cause of the miners The Federationist would certainly have supported it. As it is The Federationist endorses the views of the delegates at the convention that a general strike was neither practical nor possible. This is the attitude The Federationist takes in its leading editorial in the current issue. It points out that except among the miners delegates and a few others the proposal did not meet with enthusiastic support. Out of the 48 votes cast in favor of the motion The Federationist states that "about 20 were miners votes, leaving the other organizations standing at about 28 for to 36 against." It also points out that there must have been about 20 votes which were not polled at all. As we are informed of the proceedings this was due to the fact that the vote on the strike motion was delayed until something like 20 delegates had left for home. Had these delegates been allowed to vote it is doubtful if the motion would have carried. As it actually stands the motion was carried by the votes of the miners delegates, and these votes were cast against the authority of their officers and in violation of the constitution of their organization. The Federationist draws special attention to Farrington's speech and attitude. "Farrington," it states, "made no disguise of his opposition to the proposal for a general strike. He stated plainly that in face of the number of men out of work in all trades, it was folly to expect help from such a force. "On the policy of agreements between miners and owners, he was equally emphatic, and said that beyond question of doubt, their union had only been able to reach the powerful position which had enabled them to give such a huge sum of money to the island miners, as the result of their agreement policy . . . . he had to admit the general strike was in his opinion no proposal which carried with it any promise of success. The Federationist shares the same views, and endorses the action of the delegates who voted against the strike motion, for the reason that it "cannot see how a general strike of the few who are working could benefit the miners." The trouble with the Federationist, as with Farrington, is that it does not know what it is talking about. It does not understand the feeling and sentiment of the workers of the province. It does make it clear that the convention, if the miners votes are discounted, was against the motion calling for a general strike. The local crusaders who are also insurgents, are therefore committed to the task of converting a minority into a majority. In the locals they address they will have the majority of the delegates who attended the convention against them and the constitution of their organization prohibits their crusade. The Federationist rather hints that there may be a little gallery play in it all. There is at least a jolly summer outing for the crusaders, with perhaps the possibility of laying up some political kudos for future developments. The play's the thing.

The Federationist in its own superior way and with that air of finality and spotless virtue which only a labor publication knows how to assume takes The Herald to task for a reference it made editorially to the Hillcrest disaster. It does not show that there was anything wrong with our remarks on the Hillcrest explosion. It only uses our observations on that subject to charge that The Herald has not a shred of sincerity or it would deal with the enforcement of the Coal Mines Regulation Act of this province. The Federationist says the act has been reduced to a dead letter, that it is due to Premier McBride's refusal to apply the act that the strike started, and several other equally silly and absurd things. We have no intention of arguing the origin of the strike. The Mine Workers officers on the spot said that it was caused because a man was discharged for reporting dangerous conditions. The report of the man himself proves this to be a lying statement, and Farrington himself has stated in writing that when the strike began on the island the "mines were as safe as human hands could make them." The Federationist can deal with Farrington. "One thing at least," it states, "can be said about Hillcrest. The explosion was not due to Chinese who cannot pass the language test, of which there are 1500 working in the mines of the island and right under the Herald's nose." This is rather an ambiguous assertion to make if The Federationist will pause to think it over. As to its figures we may say for the information of The Federationist that there is not a single Chinaman employed in the mines at Nanaimo. Furthermore up to the end of the year at all the mines on the Island there were only 837 Asiatics employed in and around the mine in all capacities. At Cumberland whence have come all the complaints and stories which The Federationist has swallowed so avididly there were no more than 283 Asiatics employed underground and 126 above ground. Without discussing at all the question of their employment either in or around the mines these figures show how badly The Federationist has been gulled.

WANTS ADDRESS

July 18, 1914

Dear Editor:

About three weeks ago a party giving the name of Dr. Barr called upon me and after a lot of talk persuaded me to have my eyes tested free. He then scared me into buying a pair of glasses. I have tried to wear these glasses but I cannot as they cause my eyes to ache and the pain is intense.

Can you give me the address of this party as I want my glasses made right? I have not the time or money to hunt for him.

Yours very truly,
ARTHUR C. BISHOP.

NOTICE

Notice is hereby given that on the 3rd. day of August next application will be made to the Superintendent of Provincial Police for a transfer of license for the sale of liquor by retail in and upon the premises known as the Somerset Hotel, situated at Wellington district, in the province of British Columbia, from Frederick George Jarrett to Joseph Emerson Carr of the said Wellington district, province aforesaid.

FRED. G. JARRETT
Holder of License.
JOSEPH E. CARR
Applicant for Transfer.

Dated this 2nd. day of July, 1914.

Digby, N. S.
Minard's Liniment Co., Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each onein fine condition. The Liniment is certainly wonderful in its working.

JOHN R. HOLDEN.

Witness, Perry Baker.

E. & N. Ry.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

Ask for Minard's and take no other.

Advertising For a Purpose---

If you had a publication and a man came to you and said "Advertising with you is all right, my Ad. has paid for itself already," you would think you had a pretty good medium? That's what an advertiser said about the telephone directory the other day.

He has an article that very many people want. They might not want it just at the moment they read his Ad. but they see the announcement so often that when they do want what he has to offer they have no difficulty whatever in getting him on the telephone. They know just where to find his number.

That's what makes an Ad. count. An advertiser of a staple article is looking into the future. He is creating a demand by persistently suggesting the use of what he puts forward. He knows the time will come when people will want something of the kind, and naturally they will turn to where they have read about it.

If the Ad. is in the telephone directory, it can be referred to in a moment. The directory, being always kept in a known place is instantly available and the Ad. is located without delay.

The virtues of an advertising medium are: a large circulation, to bring the name prominently to the attention of many people and to be handy so that when an article is wanted the prospective buyer knows exactly where to locate information concerning it.

The Telephone Directory is just such an Advertising Medium!

NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

PAIN CONSTANTLY TORTURED HIM

Student Became So Ill, He Was Forced To Leave Berthier College. Suffered For Two Years Until Cured By Wonderful "Fruit-a-tives" Tablets.

MAGLOIRE PAQUIN, ESQ.

St. Boniface de Shawinigan, Feb. 3rd. 1914.

"It is a pleasure to me to inform you that after having suffered from Chronic Constipation for 2½ years, I have been cured by the use of "Fruit-a-tives". While I was a student at Berthier College, I became so ill that I was forced to leave College. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all. At times, I used to be for three or four days without a single motion of the bowels, and I became so sick that my digestion became paralyzed. Some one advised me to take "Fruit-a-tives" and at once noticed a great improvement. After I had taken four or five boxes, I realized that I was completely cured".

MAGLOIRE PAQUIN

Many famous physicians have stated that fully 50% of the cases of Kidney Trouble, Pain In The Back, Indigestion, Sour Stomach, Appendicitis, Nervousness, Headaches, Typhoid Fever, Rheumatism and Neuralgia, are found in people who habitually suffer from Chronic Constipation. Surely, you must realize the danger of Constipation "Fruit-a-tives" acts directly on the Liver; stimulates this organ to renewed vigor; enables the Liver to give up sufficient bile to move the bowels and insures the bowels moving regularly and naturally every day. "Fruit-a-tives" will positively cure every case of Constipation, no matter how severe it may be.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

NEWS OF SPORT

WINNERS IN LOCAL TENNIS TOURNAMENT

The last game of the tournament held recently by the Nanaimo Tennis Club was concluded yesterday. F. M. Bressey defeating F. Barrington Foote in straight sets. With yesterday's game decided the winners of the tournament are as follows:

Ladies Singles—Mrs. E. W. Rigby.
Ladies Doubles—Mrs. E. W. Rigby and Miss E. A. Teague.
Mixed Doubles—Miss L. Priestley and Mr. F. M. Bressey.
Mens Singles—Mr. F. M. Bressey.
Mens Doubles—Mr. F. M. Bressey and R. F. Hunt.

The club will probably hold an open tournament in August.

LONGEST GAME IN NATIONAL LEAGUE

Pittsburg, July 18.—Brescher's single and a home run by Doyle gave New York a 3 to 1 victory in a 21 inning pitchers' duel between Marquard and Adams yesterday. It was the longest game ever played in the National League. From the close of the third inning until the twenty-first inning, neither team was able to score, so effective was the pitching. Sharp fielding characterized the work of both sides. The work of Burns, Fletcher, Kelly and Mowrey was brilliant.

In the first inning, the Pirates scored their only run when Mensor was hit by the first ball pitched by Marquard, went to second on Mowrey's sacrifice and scored on a three-base hit by Wagner. The visitors tied the score in the third on singles by Brescher and Doyle and Burns' out.

During the next seventeen innings each team got on the bases but no runs resulted. Bescher singled in the twenty-first, after two were out. He stole second. Doyle then sent his home run blow to centre, scoring himself and Bescher. Adams did not give a base on balls and struck out six men. Marquard walked two men and struck out two. Manager Clarke and player McCarthy of the local team were put off the field for disputing a decision.

Upon leaving Portsmouth yesterday with the Shamrock IV. for American waters, Sir. Thomas Lipton expressed the belief that the next boat he would build would be a defender and not a challenger.

SCOTLAND WON CHALLENGE SHIELD

Bisley Camp, Eng., July 18.—The Elcho Challenge Shield competition for teams of eight from England, Scotland and Ireland respectively, 15 shots at 900, 1,000 and 1,100 yards, was won by the Scottish squad, repeating their victory of last year, securing 1,912, thirteen points ahead of England and 41 above Ireland. Centrals on the pull counted six last year, and this taken into account, the shooting was poorer than usual. Last year with the lower scoring, Scotland won with the record score of 1,732, 10 points above England and 63 above Ireland. The winning team consisted of Captain Campbell, National Rifle Club; Major Rankin, Lieut. Strachan, Ninth Royal Scots; H. Maxwell, Captain Lander, Lieut. Lander, G. E. Marder and George Eadie, all of the National Rifle Club.

The Astor County Championship Challenge Cup and seven silver medals, open to one team of six members from any one rifle club which has won one of the Astor County Challenge cups during the year ending June 20, seven shots per man at 200 and 500 yards, was won by the Lewisham Club, with the South London, winners of the seven bronze medals.

The Watts Challenge Bowl, open to one team of four cadets over 12 and under 18 years of age from any home cadet unit or any overseas cadet unit which the council of the N.R.A. may decide to admit as competitors seven shots per man at 200 and 500 yards, was won by the King's Royal Rifles.

The Chancellor's Challenge Plate, open to one team of eight members, qualified to shoot for the King's Prize, from the contingents of the officers' training corps of the universities of Oxford and Cambridge, was won by Cambridge, who defeated Oxford by 27 points.

The Hulton, a squadded competition, ten shots at 25, 50, 100 and 200 yards was won by F. Robinson, English Eight Club, cup and $20; Dr. Campbell, National Rifle Club, Scotland, second; R. W. Barnett, Ulster Rifle Association, third, and Morris Blood, the Ulsterman, fourth, each winning $12.

Jimmy Coffroth, the San Francisco promoter, is figuring on a bout between Joe Azevedo and Charley White The winner will meet Ritchie and then Freddie Welsh will be asked to defend the title against the winner of this match.

Around the Camp Fire

After the day is past, that is when music is desirable. It is then, of all times, the Columbia proves its worth as a camp pal. There is nothing to equal it, not even a whole brass band and a bevy of the world's greatest singers, because the Columbia brings to you "all the music of all the world."

"COLUMBIA"

There are many different styles of the Columbia instrument. Each different style has a price of its own, so that there is a Columbia to fit almost every purse and almost every taste. In the Columbia line there are several instruments whose general design and extreme portability render them exceptionally good camp companions. Go where you will among the best appointed camps in and around Victoria this Summer and you will find the Columbia a leading feature. If you haven't a Columbia at your camp, you don't know what you are missing this summer.

It doesn't require much of an investment; just a few dollars down and a few dollars a month, arranged on any basis that is agreeable to you, and you take the Columbia you choose and use it while you are paying for it.

You had better come in Monday and pick your Columbia

VOLUME XIV — NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, TUESDAY MORNING, JULY 21, 1914 — NUMBER 115

BUSY MEETING CITY COUNCIL

Residents of Prideau Street Petition For Retaining Wall —Petition Entered Against Regrade of Albert Street.

The City Council met in regular session last evening, present Ald. Busby, Crossan, Cavalsky, Forrester, Killeen, Ferguson, Young, McKinnell and McKenzie; His Worship Mayor Planta presiding.

A communication was received from Dan Gilles applying for assistance, he being unable to work any more. He asked for seven or eight dollars a week relief.

On motion of Ald. Forrester the request was referred to the Finance Committee for investigation and if the committee found the case to be a deserving one they grant the amount asked for.

Mr. John Dean wrote tne Council inclosing claim af $15 for compensation due to excavating in front of his property.

Ald. McKenzie informed the Council the Street Committee had already dealt with the matter. The Street Committee had not hired Mr. Dean and the Committee did not want everybody to go to work on their own account and send the bill into the city.

In reply to His Worship, Ald McKenzie stated Mr. Dean has done good work and the work was certainly needed.

On motion Ald. Busby, seconded by Ald. Killeen, the communication was referred to the Street Committee for investigation and report.

The E. and N. Ry. Company filed an objection to the proposed grading of Albert street on the grounds that the work would be no improvement to the Company's property.

Owners of property on Albert St. entered a protest against the proposed grading of Albert street as a work of Local Improvement, that had in the past borne their share of improving other streets of the city.

On motion of Ald. Forrester the protest was referred to the City Assessor for investigation and report.

Residents of Prideaux street between Albert street and the E. and N. Railway wrote the Council, complaining of the approach to the property being blocked by reason of the rock which had been piled up on the street, and they petitioned a retaining wall be built at once under the Local Improvement plan.

On motion of Ald. Forrester, the petition was referred to the City Assessor for attention.

The special committee to which was referred the proposal of the District Motor Bus Company of Victoria to install a service in Nanaimo in return for certain concessions, reported in the matter and recommended the concessions asked for by the Company be not granted.

Ald. Forrester moved the report of the Committee be received and recomendation adopted. Ald. McKenzie seconded the motion which was adopted.

The Street Committee submitted the following report :

Gentlemen,—We, your Streets Committee beg to report that the application of the British Columbia Co., Ltd, for the extension of their pole system and conduit system as submitted on plan is necessary on account of the extension of the Telephone business in Nanaimo, and we recommend that they be allowed to proceed with the work, subject, however, to the conditions enumerated in the attached agreement.

HY. McKENZIE,
JAS. E. McKINNELL,
W. J. FERGUSON,
Streets Committee.

On motion of Ald. McKenzie, seconded by Ald. Busby, the report of the Committee was received and recommendation adopted, and the Mayor and City Clerk empowered to prepare an agreement, sign the same, and affix the seal of the city thereto.

City Engineer Owen reported an expenditure in wages during the week of $494.80 on Streets account, and $89.75 on Waterworks account. He also reported the sum of $3247.95 had been expended to date on the local steeet regrade.

On motion of Ald. Busby the Council resolved itself into committee of the whole to consider the Real Estate Tax Bylaw, with His Worship Mayor Planta in the chair.

In committee Ald. Busby stated expenditure on the schools had increased year by year, the expenditure now being $40,000, while the grant amounted to only $30,000, leaving the city to raise $10,000. It would be necessary to increase the rate for school purposes and he moved the school rate be increased from 5 to 6 mills on the dollar, which would bring in an additional $2,800. The increase was endorsed by the Council and the bylaw was reported complete as amended, and given the third reading.

On motion of Ald. McKinnell, the Council resolved itself into a committee of the whole to consider the Sewer Connection and Sewer Rental Amendment Bylaw. Several clauses of the Bylaw were adopted after which the Committee rose, reported progress and was granted leave to sit again to further consider the Bylaw at the next regular session.

Council then adjourned.

RESTRICTIONS PLACED ON WATER SPRINKLING

It has come to the notice of the civic authorities that certain citizens are abusing the water sprinkling privileges watering at all hours of the day and with two and three sprinklers in use at a time.

At the present time the dams are very low on account of the waste of water so that it has become absolutely necessary to curtail its use. With this end in view the city has decided to impose the sprinkling restrictions which means that the hours of sprinkling hereafter shall be from 7 a.m. to 9 a.m., and from 7 p.m. to 9 p.m. Any person found using sprinklers outside of these hours will have their water service shut off.

HINDUS DID NOT LEAVE

Police Patrol Repulsed When They Attempted to Gain Footing Aboard Komagata Maru on Sunday Morning.

Vancouver, July 20—The S. S. Komagata Maru with its load of Hindus did not leave port Sunday morning as scheduled, for when the police attempted to board the steamer they were driven back by the Orientals, the following members of the police force being injured:

Captain Roberts, of the tug Sea Lion, cut over eye by flying glass through the pilothouse window.

Chief of Police McLennan (reported seriously.)

Inspector Scott knocked unconscious.

Detectives Rice and Scott were slightly injured.

Detective Tisdal, cut on face.

L. H. Taylor and G. L. Minnitt, both injured about the head. Taylor serious.

Detective McLeod hit on arm.

Detective McArthur fell overboard.

Inspector Wisher hit on the head, badly cut.

H. H. Stevens, M.P., who was on deck, officially, so to speak, at 8 o'clock Sunday morning, said arrangements had been completed for the delivery of a stroke against the unwelcomed immigrants that must be absolutely successful. It was later learned that the proposal is to bring the government cruiser Rainbow from Victoria and with regular troops from Esquimalt and other ports of the permanent forces, assisted probably by the local police to provide such an overwhelming force that the Hindus will be overpowered. Part of a new crew for the Rainbow, consisting of British tars sent from Devonport, Eng., and a contingent from the Niobe, and it is possible that they will be met by the Rainbow in Vancouver.

The general plan appears to be to go alongside with the cruiser which will afford an efficient fighting base and to poor into the Hindu ship so many men so quickly that resistance cannot last for more than a few minutes. The authorities think that the trained men of the regular troops under Col. Roy at Esquimalt assisted by the newly-arrived tars, will be able to cope quickly and efficiently with the situation.

English Bay beach is littered with logs and the remains of seven or eight boats as the result of the heavy westerly gale which came up Sunday evening and lasted through the night. Hundreds of people remained along the shore and saw some thrilling escapes and a gallant rescue from the boiling surf.

MR. T. C. NORRIS
Liberal Leader in Manitoba. He made big gains in the recent Manitoba elections.

WOMAN LEADER OF I. W. W. IS SENTENCED TO PRISON.

New York, July 20—Becky Edelson, a woman leader of the I. W. W., was sentenced today to serve three months in the workhouse for inciting a throng of her followers to riot in Union Square last April. Given the choice of a prison term or furnishing a $300 bond to keep the peace, she elected to go to the workhouse. Her friends say she will start a hunger strike.

ASSAULT CASE BEFORE COURT

Charge Against Thomas Ostle Withdrawn--Isbister Mercer and Fielding are Remanded For Eight Days.

In connection with the assault upon Mr. Luther Saville at Chase River on Saturday afternoon, Messrs. Edward Fielding, Robert Isbister, Robert Mercer and Thomas Ostle appeared before Mr. Thomas Richardson, J. P., in the Provincial Police Court yesterday morning.

At the request of Chief Constable Stephenson the charge against Thomas Ostle was dropped and the accused was dismissed from custody.

Owing to his injuries Mr. Saville was unable to appear in court, and Fielding, Isbister and Mercer were remanded for eight days. Mr. Arthur Leighton appeared for the accused.

NANAIMO REBEKAHS INSTALLED OFFICERS

At last night's meeting of Miriam Rebekah lodge No. 3 I. O. O. F., the following officers were installed by D. D. P. President Sister Benton:

Noble Grand—Sister Price.
Vice Grand—Sister Dendoff.
Rec. Sec.—Sister Mary Newton.
Fin. Sec.—Sister Woodcock.
Treasurer—Sister Dee.
Warden--Sister Dillsworth.
Conductor—Sister Dean.
Outside Guard—Sister L. Hathway.
Inside Guard—Sister E. Berrisford.
Right Supporter—Noble Grand Sis. Kirkpatrick.
Left Supporter—Noble Grand Sister Mitchell.
Right Supporter, Vice Grand—Sis. Harrison.
Left Supporter, Vice Grand— Sis. Riley.
Chaplain—Sister Z. McCourt.

RECORD OUTPUT OF CUMBERLAND MINE

No. 6 mine on Thursday put all previous records in the shade by hoisting 500 tons in 8 hours, No. 2 hovers around the 1,000 ton mark, No. 5 generally goes over 1,000 tons per day while No. 7 hoists between 700 and 800 tons per day, leaving No 8 a new mine, out of the question. The daily output for the Cumberland mines when working is not far off 3500 tons per day. With a generous supply of shipping it is easily seen what that means for this city. (Cumberland Islander.)

Mr. J. W. Coburn returned last night from a business trip to the Mainland.

ENTRANCE RESULTS HIGH SCHOOL

Olive B. Lawrence Won the Bronze Medal in Connection With the Local Examinations for Entrance to High School.

The results of the High School Entrance Examination, which was held on the 22nd, 23rd, and 24th ult, at seventy-one centres throughout the Province, have just been announced by the Department of Education. The total number of candidates was 3,124, out of which 2,063 succeeded in passing.

Miss Dorothy Blakely of the Henry Hudson School, Vancouver, who secured 930 marks, out of a possible 1,100, has the honor of securing first place.

The ten bronze medals, which are donated annually by His Royal Highness the Governor-General, and distributed by the Department among the head pupils of the ten cities having the greatest number of passes to their credit, were won by the following candidates.

Ethel A. Davis, Armstrong; Jennie Thomson, Chilliwack; George E. Fletcher, Kelowna; Olive B. Lawrence, Nanaimo; Ruth M. Carlson, Nelson; Lacey J. Fisher, John Robson School, New Westminster, Mabel A. Simmonds, Revelstoke; Dorothy Blakely, Henry Hudson School, Vancouver; Z. Mary R. Garnett, Ridgway School, North Vancouver; Dudley F. Pegrum, Boy's Central School Victoria.

The Nanaimo and District results are as follows :

Nanaimo, Div. 1—Number of candidates, 43; passed, 19; Clarence E. Grieve, 660; Maude Haddow, 637; Sybil Reay, 621; George H. Stearman, 613; Grace G. Walker, 608; Mary E. Holm, 604: Zelma D. Bate, 597; George McL. Waugh, 593; Ida V. Lawrance, 588: Ellen Norris, 588; Edith Jessop, 576; Walter Pryde, 573; James H. Hickman, 568; May D. Lindsay, 562; Walter Green, 554; M. Thelma Case, 551; Lewis Fox, 550; William W. Nash, 550; James Waring 550.

Nanaimo, Div. 2—Number of candidates, 36; passed, 13: Olive B. Lawrence, 666; David Dobson, 637; Andree S. Brunteau, 636; Isabell S. Johnston, 605; Mildred Planta, 601; James M. Quinn, 594; Enos C. Goodman, 580; Raymond P. Bennett, 573; Beatrice Rumming, 573; Dorothy M. Armitage, 562; Winnifred M. Thorne, 553; John B. McMeskin, 556; Wallace A. Coburn, 550.

NON-MUNICIPAL SCHOOLS

Cedar, East—Number of candidates 1; passed, 1; Elizabeth M. Brown, 574.

Departure Bay—Number of candidates, 1; passed, 0.

Harewood—Number of candidates 1; passed, 0.

Mountain—Number of candidates, 3 passed, 1; Viola M. Pettman, 650.

Northfield—Number of candidates, 3 passed, 0.

Wellington—Number of candidates, 3; passed 2: Margaret E. Rolston, 597; Sylvia E. Willey, 573.

PRIVATE SCHOOL

St. Ann's Convent—Number of candidates, 3: passed 3: Rosemary C. Downey, 748; M. Eileen Cain, 735; Hilda Jussula, 660.

PRIVATE STUDY.

Number of candidates, 2; passed, 0.

CUMBERLAND CENTRE

Cumberland—Number of candidates, 19 passed, 11: George Mordy, 693; Hazel J. Whyte, 672; John Liddle, 618; Josephine Balagno, 613; Mamie Potter, 600; William Rickson, 604; Andrew Anderson, 595; Edith W. Bickle, 588; Rhoda Bickle, 575; Doris Murray, 575; Christina Gray, 571.

NON-MUNICIPAL SCHOOLS

Comox—Number of candidates, 2; passed, 0.

Courtenay—Number of candidates, 8; passed, 3; Annie Carroll, 588; Thomas J. McQuillan, 570; George Millard, 550.

Denman Island—Number of candidates, 2; passed, 2; Stanley Dumaresq, 696; Joseph Dumaresq, 636.

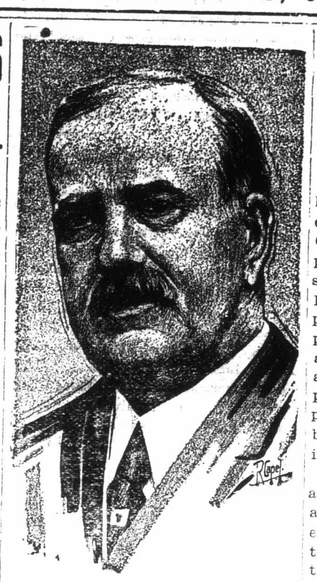
Fanny Bay—Number of candidates, 1; passed, 1; Irene Dixon, 570.

Sandwick—Number of candidates, 2; passed, 0.

Union Bay—Number of candidates, 7; passed, 1; Phyllis Partridge, 550.

LADYSMITH CENTRE.

Ladysmith—Number of candidates, 20; passed, 19: Harriet E. Thomson, 712; Charlotte O'Connell, 710: Winnifred P. Lauderbach, 704; Nina M. Wright, 681: Georgiana R. Tranfield, 657; Gladys S. Jones. 645; Stephen Brightwell, 628; Jane H. Gordon, 620 Horace S. Jessup, 603; Elsie M. James, 600; Joseph W. Nankivell, 593 Rosina Michaux, 590; Marion W. Dunse, 585; Alfred Spineto, 577; John Sharp, 575; Florence L. Weir, 575; Robert R. Hutchison, 570; Mary E. Bailey, 561; Violet Provis, 550.



PARKSVILLE CENTRE.

Montrose—Number of candidates 2; passed 2: Eunice I. Hardy 728, Barbara Craig 640.

Qualicam Beach—Number of candidates 1; passed 0.

Qualicum, Little—Number of candidates, 1; passed 0.

Parksville—Number of candidates 2; passed 0.

SIR RODMOND P. ROBLIN
Premier of Manitoba, whose Government has been returned to power with a greatly decreased majority.

CONFERENCE ON ULSTER CRISIS

Leaders of British Political Parties Meet at Buckingham Palace at Call of King to Discuss Home Rule.

London, July 20.—Premier Asquith at the opening of the House of Commons today announced that King George, in view of the grave political situation, has considered it right to summon a conference of the representatives of the political parties, both British and Irish, to discuss the outstanding points of the problem of Irish government. The premier added that the Right Hon. James Lowther, speaker of the House of Commons, would at his majesty's request preside over the conference.

In view of this development, Premier Asquith said he would not ask the house to discuss today the bill to amend the Irish home rule bill.

The invitations to the conference have been accepted by two representatives each of the regular opposition of the Ulster Unionists, of the Irish Nationalists and of the government.

Premier Asquith said he hoped the meetings of the conference would begin tomorrow.

Andrew Bonar Law, leader of the opposition, on its behalf remarked that it had loyally accepted the command of his majesty.

John Redmond, leader of the Irish Nationalists, scarcely appeared to regard the proposed conference as attractive. He said: "My colleagues any myself take no responsibility for the policy of calling this convention, and I don't think I am called on to express an opinion as to whether the result will prove useful or the contrary. The invitation came to John Dillon and myself in the form of a command from the king and as such we at once obeyed."

Lawrence Ginnell, a Nationalist member, interjected a warring note into the otherwise peaceful interlude by asking if there was any precedent for the premier advising the king to "place himself at the head of a conspiracy to defeat the wishes of the house."

The question was ignored and the house then proceeded with other business.

It is understood that the conferees will consist of Premier Asquith, David Lloyd George, chancellor of the exchequer; Lord Lansdowne, leader of the opposition in the House of Lords; Andrew Bonar Law, leader of the Unionist forces in the House of Commons; John Redmond and John Dillon, the Irish leaders, and Sir Edward Carson and Captain James Craig, leaders of the Ulsterites.

CUMBERLAND'S NEW THEATRE HAS OPENED

The new moving picture palace known as the Ilo-Ilo Theatre was opened on Thursday evening, says the Cumberland Islander, with a moving picture program showing the first installment of the great serial, "Lucille Love, the Girl of Mystery," making part of five reels of pictures. A three piece orchestra supplied the music and a large representative gathering attended the opening. Several were present who had never attended a picture show in this city before, the beauty and elegance of the new building having attracted their attention.

The Ilo-Ilo theatre is the largest and best equipped moving picture theatre on Vancouver Island with the exception of the Dominion at Victoria and reflects great credit upon the owners who put up the money for its erection, having faith in the future of Cumberland and its surroundings. Messrs. Mesher Bros., architects and builders of the huge structure, deserve praise for the manner in which they have completed the work surmounting all difficulties and finishing the building by the time specified.

The energetic management that has charge of the theatre for a long period should be commended for its enterprise, and must be satisfied that Cumberland is destined to be the centre of the Comox District around which all adjoining towns will revolve.

The new opera house with its 250 electric lights scattered all over the front of the building makes a beautiful illumination and an unusual attraction for the city.

MILITIA WILL MUSTER TODAY

Vancouver Irish Fusiliers and and Sixth Regiment Parade for Service Re The Hindu Trouble Today.

The Sixth Regiment and the Irish Fusiliers of Vancouver have been called out for duty this morning in connection with the proposed descent on the Komagata Maru. The Sixth has been called to be on hand at the drill hall at 7 a.m. They will then go on board the Rainbow which it is proposed will escort the Komagata Maru out of the harbor. The Fusiliers have been ordered by Col. McSpadden to report at the Grandview hall at 6 a.m. and an hour later they will join the Sixth at the drill hall. There is to be a full muster of nearly 1000 men of the regiments and they are ordered to be ready for action.

The Fusiliers are to receive their rifles at the Grandview headquarters before marching to meet the Sixth at the drill hall.

Vancouver, July 20—The D. G. Cruiser Rainbow left Victoria at 10 o'clock tonight for this city and is expected to arrive here in the morning. The Rainbow is fully armed and has 230 men aboard, including a detachment of the Canadian Garrison Artillery. Upon the arrival of the Rainbow an effort will be made to get the Hindus to get up steam and sail away peacefully but if they decline to do so sharpshooters will be placed along the deck of the Rainbow and pick off any Hindu who exposes himself. Under cover of the sharpshooters a detachment of bluejackets will board the Komagata Maru and place the Hindus under control by force if necessary.

A camping party, including Mr. and Mrs. Sydney Child, Miss Grace Miller Miss Etta Scott and Messrs. Erlebach and Trueman, of Victoria, passed through Nanaimo yesterday for Long Beach, Alberni, where they will camp for a fortnight.

WILL RAISE LEGATION

Washington, July 20.—The Chilean consul of state on Wednesday will approve a bill raising the legation in Washington to an embassy, according to a report today to the state department. The United States recently elevated its legation at Santiago to an embassy.

LOCKOUT IN PRUSSIA

Berlin, July 20.— Thirty thousand textile workers in the district of Forst, Prussia, have been locked out by their employers as a result of a strike of 123 fullers.

BUS COMPANY TURNED DOWN

City Council Refuses Concessions Asked For by the Victoria Company to Install Bus Service in Nanaimo.

The proposal of the District Motor Bus Company of Victoria, to install a motor bus service in Nanaimo and district provided the City in return grant the Company the use of a free site for garage, a franchise for ten years, free taxes for ten years and free water for the same period, was turned down by the City Council at last night's meeting. The committee of the Council to which the offer of the company was referred reported it had investigated the proposal and would recommend the concessions asked for by the Company be not granted. The report of the Committee which was adopted by the Council, reads as follows:

Gentlemen,—We, your special committee to whom was referred the matter of the Motor Bus Agreement, beg leave to report as follows:

After careful perusal and consideration of the Agreement as submitted by the company we find that it is to all intents and purposes, practically the same as was laid before the Council by the Board of Trade and rejected at that time.

We are therefore of the unanimous opinion that the advantages which might accrue to the City by the establishment of such a system are not sufficient to warrant the granting of the concessions applied for.

We would therefore recommend that the application as it now reads be refused.

We are yours faithfully,
A. Forrester, Hy. McKenzie, Jas. McKinnell, Jas. Young, F. A. Busby.

ESTABLISH MARTIAL LAW

Washington, July 20.—The Haitien Government has established martial law at Port au Prince, State department despatches say the government "appears to have complete control of the situation."

HERZOG GETS DANIELS.

Cincinnati, July 20.—Manager Herzog of the Cincinnati National League Club announced today that he had purchased Outfielder Bert Daniels from the Baltimore club of the International League. Daniels is expected to arrive here tomorrow, and will play in the New York series.

MME CAILLAUX NOW ON TRIAL

Paris, July 20—The opening today of the trial of Mme. Caillaux for the murder on March 16 of Gaston Calmette, editor of Figaro, was the principal topic of conversation. Proceedings started at noon in the palace of justice with Judge Louis Albanel acting as president of the court.

The dramatic setting of the affair involving political intrigues, in which the prisoner's husband, a former French premier and minister of finance, was a prominent figure, was just to the taste of the French public. Added to this was the rumored threat of royalist hotheads to create a disturbance during the trial and the extensive precautions taken by the government to prevent an outbreak.

Long before the opening of the palace of justice, crowds, defying the drizzling rain, had assembled in the vicinity and special forces were called out to keep them in order.

The only women present in court besides the prisoner were two barristers and several witnesses. The rest of the space was occupied by 147 reporters, twenty artists, seventy-five witnesses, about fifty barristers and possibly as many more republican guards, detectives and petty court officials.

On the table in front of the judges was a brown paper package containing the pistol with which Calmette was shot, and various other articles connected with the case.

Mme. Caillaux wept when the court clerk, while reading the indictment reached the words wilful murder, She shook with sobs, and looked around as though searching for a friendly face.

The clerk then called the list of witnesses, each of whom answered and left the court.

PRETEXTS.

The reason given for starting the strike on the Island a year past September was that a miner had been discharged by the Canadian Collieries Company for reporting Extension mine to be in a dangerous condition while serving on the men's gas committee. Investigation revealed that the report signed by this man did not even hint at a dangerous condition of the mine. On the contrary it positively stated the mine to be in a fair condition. So little attention was paid to the contents of the report that it was kept in the Mine Workers hall at Ladysmith for a matter of ten days before being sent to the Mines Department at Victoria. A year later Farrington himself, in a letter to the Minister of Labor, stated that when the strike began the mines were as safe as human hands could make them. The strike then was begun on a false and lying pretext.

Then came the extension of the strike to Nanaimo and the other camps. For six months after the trouble began at Cumberland and Extension the mines continued at work here. In order to induce them to come out the local leaders of the United Mine Workers of America alleged that so long as they continued to work they were helping to defeat their brethren of Cumberland. The men, they said, were indirectly scabbing against the men of Cumberland and Ladysmith. The coal they were producing was supplying the markets usually filled by the mines of the Canadian Collieries Company, and thus the men here were contributing to defeat the cause of the men on strike. This was lying pretext No. 2. The mines which had really benefited from the strike up to that time were the mines of Washington. The leaders who accused the men of Nanaimo of scabbing denied this, but, at the same time, promised if it were true, that the miners of Washington would be called out. The fact was established beyond all doubt by the returns of the Customs Department, but no attempt was ever made to call them out. Instead as soon as opportunity offered the men employed at the Jingle Pot who had been classed with the men of Nanaimo in April 1913, were returned to work. As a matter of fact in this very month of April, 1913, the output of the Cumberland mines was over 40,000 tons. The strike at Nanaimo simply gave another market to the mines of Washington which they held until the mines here resumed operations. The fact remains that the trouble here as at Cumberland was started on a false and lying pretext.

Now there is the proposal of a general strike. The output of the island mines has again reached a point which shuts out Washington competition, and the troublemakers would use the labor of the whole province to their ends. With their experience gained in the local and Cumberland fields they had no difficulty in manufacturing a pretext to help their object. They seek a political bias first of all by alleging that the government has assisted the coal operators to defeat the miners. One of the ways in which the government has done this was by sending in special police and militia to act as "scabherders." It is not necessary to argue why the militia were sent into the strike zone after the proceedings in the Assize Court at New Westminster. It is difficult to see what is to be gained from the Mine Workers point of view by denying established facts. Had there been militia here prior to the 11th of August last year there would have been no disturbances. The official Counsel for the United Mine Workers of America went so far as to lay the responsibility upon the government for the disorders for the reason that it had not taken stronger measures to ensure the law being observed. There is another point which the strike leaders in devising their coup of a year past April overlooked. They violated the vital democratic principle of trade unionism. When they refused men the right to ballot they sacrificed their own rights as leaders to direct them. As one of the general strike crusaders wrote at the time they ignored the just rights of the men, and the men were justified in using any means to defeat them. There is another point to be made in this connection. It is that if a union cannot win its fights by persuasion it will never win them by club law. The law lays it down, and the law in this case is based upon every consideration of personal liberty, that a man has an equal right to work or not to work—as he sees fit. He can exercise the right to strike, but that does not give him the right to prevent another man from working. The authorities, if they discharge their duties, will see that all citizens are protected in their legal rights. A union has no more right to club men away from work than a company has to bludgeon them into work. The government did no more than its duty and could have done no less. The Dominion government order-in-council restricting immigration into the province is also charged against the provincial government. Why this should be done, or how the order-in-council is helping to defeat the strikers heaven alone knows. It is again charged that the government is not enforcing the Coal Mines Regulation Act. The Federationist after listening to the statement of some of the delegates declares the administration of the law to be a dead letter. The truth is that there is no more in these assertions than in the lying pretexts put forward as the cause of the trouble. The government is being blamed for not enforcing provisions which are not in the Coal Mines Regulation Act. A man has not to be an Englishman or an English scholar either to get employment in a coal mine or to secure a certificate of competency as a coal miner. If an Asiatic can talk English so as to be understood and understand English when spoken to, he is eligible to sit for a coal miner's certificate. The regulations were not designed to restrict employment in the mines to Canadians born, Britishers, or Americans. It is no bar to a man's employment in the mines of this province, or anywhere on the North American continent, that he cannot write or read English If it were the United Mine Workers of America would not be as strong as it is today. The Coal Mines Act in British Columbia will compare with that of any province or any country, and an honest attempt is being made to enforce it by the mines inspection department. We know of no mining district in which the mines are so thoroughly or so frequently inspected or in which the inspection staff exercises such an effective supervision over the general management and operation of the mines. It is not the government but the mines inspection staff that the United Mine Workers officers are attacking in these charges. And the charges are made with neither sincerity nor with honesty. For the most part these men are Red Flag Socialists first and trade unionists only to serve their flag. It is strife not peace they are seeking to promote, and they have no scruples as to the methods they employ. That inasmuch as they have succeeded they have succeeded only at the cost of the men they have deceived and deluded does not deter them from making fresh efforts. They have got along from first to last on pretexts of one kind and another. As soon as one is exposed another is invented, and this last appeal for a general strike is just as insincere and dishonest as those that have gone before it.

TWO VICTIMS OF DROWNING ACCIDENTS

Oakville, Ont., July 20 — Two drowning accidents occurred here yesterday. The first victim was Charles Grinham, a young Englishman. He dived into the harbor and never came up. The body was soon recovered, but all efforts at resuscitation failed.

The second victim was W.M. Allen, a member of the Toronto-Hamilton Good Roads survey, whose relatives reside at Nelson, B. C. Allen attempted to swim out to the rescue of a man who was clinging to an overturned canoe. Two rescue boats outstripped him and in trying to regain the shore he sank. The occupant of the canoe was saved.

Port Stanley, Ont., July 20—Two young men, names and addresses unknown, were drowned off Richard Beach here yesterday afternoon in full view of hundreds of cottagers when their canoe capsized in a heavy sea. Neither of the young men could swim, and they had sunk before anything could be done in the way of rescue. Neither of the bodies had been recovered up to a late hour last night.

The Portland baseball club was transferred yesterday to Ballard, giving Seattle continuous ball. Poor support of the team by Portland fans was the reason for the change.

Local and American Beers

To the Hotel and Family Trade

The Keystone Wine Company, Limited, can supply the Hotel and Family Trade with local Beer, or if you prefer it, the best known American Beers at the same prices that obtain elsewhere.

To MICHAEL FOY,

TAKE NOTICE that you as one of the co-owners in the "Copper King" "Copper Queen" and "Logger" Mineral Claims, situate in the District of Nanaimo, Vancouver Island, about two (2) miles south of Elk Bay, have failed to contribute your proportion of expenditure on account of said Mineral Claims required by Section 48 of the Mineral Act and that this notice is published once a week for a period of ninety (90) days and if at the expiration of said period you should fail or refuse to contribute your proportion of the said expenditure (required by the said Section 48) together with all costs of advertising your interest in the said Mineral Claims will vest in manner provided in Revised Statutes of British Columbia 1911, Chap. 157, Sec. 28.

Dated 23rd day of June, A. D., 1914.

June 30. 1aw. H. McCORMICH.

YOUNG MAN ARRESTED ON SERIOUS CHARGE

A young man from Vancouver, about eighteen years of age, who is supposed to be an escaped inmate from the New Westminster Hospital for the insane is held by the provincial police authorities on a very serious charge.

The prisoner, who is alleged to be suffering mentally from the effects of a blow on the head received about two years ago, is said to have a mania for hiring livery rigs. Yesterday afternoon he hired a rig from a local stable and driving along Machleary street approached two youngsters, sons of a prominent citizen, and asked them to take a drive.

The elder boy, aged seven, declined and the man picked up the other a youngster not five years of age and whipped his horse up. The brother quickly gave the alarm and the police were not long in locating their quarry driving along Comox Road. The little fellow was badly scared but otherwise is not likely to suffer any serious consequences from his terrifying experience.

The addition to the Vancouver Island Power company's plant at Jordan river is all but completed and the two new units of 6,000 horse power each will be brought into service by the end of next month, giving a total capacity of 25,000 horse power at the plant. The last carload of machinery for the lastest addition has arrived at the scene and and is now being installed.

REVENUE RETURNS.

Ottawa, July 18.—Inland revenue collections for the month of June totalled $1,715,007, a slight decrease as compared with June, 1913, when $1,785,230 was collected.

SPECTACULAR GRAIN FIRE.

Walla Walla, Wash., July 20.— The biggest and most spectacular grain fire in the history of the Walla Walla district destroyed 1000 acres of standing wheat in the Ennes Estate ranch yesterday, defying efforts of hundreds of volunteer fighters for hours. The loss will be between $40,000 and $50,000 partly insured. The origin of the blaze is unknown.

The Dominion government has commenced large telephone and telegraph extension work aroung Kamloops, North Thompson and Shuswap Lake. The cost will be $110,-000.

McGOORTY TO MEET GEORGES CARPENTIER

Sydney, N. S., July 20—Eddie McGoorty, the American pugilist, has accepted an offer cabled him from London to fight Georges Carpentier in London in October for a purse of $10,000.

Sporting Life understands that a match has been arranged between Carpentier and "Young" Ahern, of Brooklyn, for August 7, at Stamford bridge.

JOHNSON ADMITS HIS FIGHT WAS FIXED

New York July 20.—Frank Moran's manager announced the other day that he had "double crossed" Jack Johnson in the recent fight in Paris. He declared that Johnson had agreed in writing that he would hand over 40 per cent. of the purse if Moran would stand for a knockout in the eighth round. Moran's manager, it seems, did not figure on Johnson's reply, and thereby laid himself open to a decidedly interesting attack. Yesterday's New York Evening Sun states that the negro champion has cabled to friends in this country that he did not suffer the "double cross," but as a matter of fact, he was sewed up by a private agreement to allow Moran to stay the twenty rounds limit.

CUBAN TWIRLING STAR.

New York, July 20.—Jose Acosta, a young Cuban pitcher of the Long Branch, N. J., team shut out the St. Louis Americans at Long Branch yesterday without a run or a hit. Only two of the Browns got on bases and only one so far as second. He did not issue a pass and only twelve balls were called on him. He had five strikeouts to his credit.

This is the third big league team Acosta has defeated. He beat the Browns once before and also the New York Giants.

EXPECT TO SETTLE RAILWAY DISPUTE

Chicago, July 20.—Hopes for a satisfactory adjustment of the wage dispute between the enginemen of the western railroads and their employers took definite shape today with the assembly of the Federal Board of Mediation, whose good offices have been accepted by both sides.

William L. Chambers, chairman of the Mediation Board, Martin A. Knapp, assistant commissioner of labor, arrived here yesterday to represent the government in the conferences in which the locomotive engineers will be represented by their grand chief, Warren S. Stone and the firemen and hostlers by W. S. Carter president of their brotherhood.

The managers committee of the ninety-eight railroads involved is headed by A. W. Trenholm of the Chicago, St. Paul, Minneapolis & Omaha railroad.

SMITH MAY FIGHT CARPENTIER

London July 18.—A purse has been promised for a return match between Carpentier and Smith. This contest however, is not likely to be brought off until the close of the year as Carpentier has first to meet Wells and then fulfill music hall engagements in France.

No waiters appear in the dining room of a new French hotel, the guests telephonning their orders from their tables, to which the food is delivered from a kitchen by electric elevators.

CARRANZA AGREES.

Washington, July 20—Consul General Hanna at Monterey reported today that General Carranza had definitely agreed to meet the three commissioners being sent to the front by Provisional President Carbajal to arrange for the transfer of government to Mexico City.

TO JOIN THE RAINBOW.

Montreal, July 20—J. B. Jenkin, lieutenant commander of engineers, and D. S. Lambert, assistant paymaster arrived here on their way to Vancouver, where, with the twenty marines who accompanied them, they will join the Canadian naval ship Rainbow.

EXCURSION CALLED OFF.

New Orleans, La., July 20—A proposed excursion from New Orleans to Pensacola, August 3, was cancelled today by the Louisville and Nashville Railroad because Pensacola health authorities feared bubonic plague might be introduced from New Orleans.

Of every hundred persons subject to military duty in Germany 58.9 per cent of the farmer lads are fit for service.

When the Prince of Wales celebrates his 21st birthday, he will receive the revenue of the Duchy of Cornwall, estimated at $5,000,000.

George P. Smith, founder of the town of Camrose, Alberta, is in New York City seeking ideas on the commission form of civic government.

Particulars have been made public in Lyons, France, concerning an artificial wood which, it is stated, will be of great value as a substitute for natural wood. The process consists in transforming straw into a solid material having the resistance of oak.

MACKINNON CUP WON BY AUSTRALIAN TEAM

Bisley Camp, July 18.—The Australians, by making the highest score at the 1,000-yard range, came out winners today in the Mackinnon Challenge Cup match, open to teams of 12, representing constituent units of the Empire, conditions being service rifle, fifteen shots per man at 900 and 1,000 yards. They had an aggregate of 1,531 at the two ranges. England also having a similar aggregate but by phenomenal firing at the long range, the Australians secured the trophy and left England in second place.

This is the second year in succession that Australia has carried off the Mackinnon cup, winning with an aggregate of 1,534 last year, or three more points than this year's total. Canada repeated her performance of last year by finishing in fourth place but made 28 points more this year having an aggregate of 1,487 against 1,459 last year. The Australians received hearty congratulations on this their second victory, from the other units as well as various prominent marksmen at the meeting.

Scores of Units.

The scores of the units at the 900 and 1,000-yard ranges, together with their aggregates, are as follows:

Teams.	900	1,000	Aggre.
Australia	786	745	1,531
England	791	740	1,531
Scotland	767	731	1,498
Canada	743	744	1,487
Ireland	742	727	1,469
India	719	687	1,408
Guernsey	694	676	1,370

Determined measures are now being taken by United States lake vessel owners to reduce to a minimum collision in fog and to insure a strict observance of the pilot rules by the master.

NOTICE TO CONTRACTORS
Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.
Depattment of Public Works,
Victoria, B.C., 6th July, 1914.
105-12t

Digby, N. S.
Minard's Liniment Co., Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each onein fine condition. The Liniment is certainly wonderful in its working.

JOHN R. HOLDEN.

Witness, Perry Baker.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

Ask for Minard's and take no other.

Make a Start Towards a Bank Account---

by depositing a small sum this pay day.

One dollar is sufficient and will not cause you any inconvenience.

You will be allowed 4 Per Cent. INTEREST which will be added quarterly.

When sufficient is saved for an investment, sound, safe securities are recommended, the same ones as this company holds for itself

MAY RECOVER

St. Louis, July 20.—Seven members of the Industrial Workers of the World, arrested in connection with the attempted assassination of Felix E. Anderson, assistant to President McChensey of the Terminal Railroad Association Saturday were released today when Anderson failed to identify any of them. Today physicians held out the first definite hope for Anderson's recovery. Anderson was shot by a man who entered his office.

DEPRECATE PROPOSED GENERAL STRIKE

New Westminster, July 20.—Local labor men deprecate the proposed general strike in sympathy with the Vancouver Island miners and announce that all union men here will respect their agreements with their employers. President of the Trades and Labor Council, D. S. Cameron, hazards the opinion that ninety per cent. of the labor men here would vote against a strike at this time.

William Riddock, night watchman at the B. C. Electric Railway yards at Fourteenth avenue, Vancouver, met death on Saturday evening in a terrible manner. Mr. Riddock had stepped in front of a moving car to throw a switch, when he was thrown down and the wheels of the car passed over his head, killing him instantly.

KILLS WOMAN.

Los Angeles, Cal., July 20.— Mrs. Edna Fikes, a widow, was shot dead at her home here today by Charles Haag, a contractor, Haag then shot and killed himself. Mrs. Fikes had refused to marry him. Her 6-year-old son Les witnessed the tragedy.

LOW EXCURSION FARES are being offered on the Grand Trunk Pacific Steamship six-day cruises to the Alaska Coast (Stewart) for the month of July only. $38.00 includes means, berth and all expenses. Write to C. F. Earle, Passenger Agent, Victoria, B. C., for illustrated booklet and sailing list.

LOYAL ORDER OF MOOSE.

Nanaimo Lodge No. 1052 Order of Moose will meet this evening in regular session at 8 o'clock in the Oddfellows' Hall.

EUGENE HEINEL,
1t. Secretary

Mr. Tom McMillan and Miss Agnes Colquhoun, formerly of Nanaimo were passengers on the Patricia yesterday afternoon after spending the week-end with Mrs. Alex. Rowan, Kennedy street.

A meeting of the Nanaimo United Football Club will be held tonight in the Central Hotel Parlors at 8 o'clock. All members are requested to attend.

Mr. and Mrs. Robert Potts and Miss Margaret McKinnell, left on the afternoon train to spend a few days with relatives in Victoria.

Mr. William Mitchell and daughter, Miss Jennie, of Larkhall, Scotland, left yesterday afternoon for Vancouver after spending the week-end with Mr. David Dobeson, Kennedy street. Mr. Mitchell and daughter are on a tour of the world and expect to reach home in about a month's time.

Dr. McPhee leaves today on a two weeks' holiday trip. During his absence Dr. Wilks will look after his practise.

More than a quarter of a million of distinct species of insects have been named and classified by entomologists, and every year brings additions to the lists.

Hungary treats her statesmen just as well as Great Britain does, allowing them £200 per annum. They have however, a liberal allowance for house rent, and can travel first class with second-class tickets.

The consumption of motor spirit in Great Britain, which in 1905 was only about 18,000,000 gallons, has increased to a very considerable extent the imports last year amounting to about 80,000,000 gallons.

Miss L. Michand left yesterday afternoon on the Patricia for Vancouver after spending the week with Mrs W. M. Wasser, S. & W. Apartments, Fitzwilliam street.

The regular meeting of Nanaimo Post of Native Sons will he held this evening at 7:30.

Nanaimo Lodge No. 4 Knights of Pythias will meet tonight at 7:30. At the close of the lodge meeting a social session will be held.

Buy your footwear at Watchorn's. Best goods at lowest prices. tf.

The funeral of the late George Williams took place Sunday afternoon from the family residence on Albert street, a large number of friends of the deceased attending to pay their last respects to his memory. The Rev. F. W. Hardy conducted impressive services at the home and graveside. The pallbearers were George Thomson, D. Stephenson, F. G. Peto, Jas. Caldwell, S. Shore and E. M. Yarwood.

Tickets for the Hospital concert on July 23rd, can be secured from Ellison's, Hodgins', Gray's, Dunsmores or Fletcher's.

On their way west Their Royal Highnesses the Governor-general, the Duchess of Connaught and suite will pass through Calgary on July 28. During their short visit there they will be the guests of Senator and Mrs. Lougheed.

The marriage will take place very quietly in London on July 22 of Violet Marie, youngest daughter of the late Mr. Ernest Edwards and of Mrs. Edwards, of Toronto and granddaughter of the late Mr. John O. Heward and of Mrs. Heward, to Mr. Guy Wolferston Thomas, of Montreal and of Mrs. Frederick Meredith, London.

The government is putting in a new bridge over the Qualicum River. The new structure is being built on the south side of the old bridge, and will be a great improvement on the old one.

Mr. George Davis of Union Bay, arrived in the city last evening from Vancouver, and left for home this morning on the S. S. Cowichan.

HOSPITAL MEETING.

The annual general meeting of the subscribers of the Nanaimo hospital will be held in the Board room of the hospital on Wednesday, July 22. at 8 p.m. Business will be receiving od reports of the retiring Board and election of officers.

tf. JNO. SHAW, Secretary

Bijou Theatre

The feature of today's program of moving pictures at the Bijou Theatre is an Essenay production entitled "Mystery Room 643," being the second adventure of Richard Neal's private investigation of crime, featuring Francis Bushman.

Included in the program is the Pathe Animated Gazette, showing a field day at Aldershot, a ladies' lacrosse match, England vs. Wales, won by the former by a score of 12 to 0, a Hyde Park Demonstration, and other current events of world wide interest.

Other pictures on the program are a Selig production, "The Sheep Runners" a western drama, and a Vitagraph film entitled "The Accomplished Mrs. Thompson."

Miss Grace Callander, of Vancouver, is visiting her cousin Miss Agnes Irvine, Milton street.

MURDERER MUST HANG.

East St. Louis, July 20.—H. Spencers, sentenced to be hanged on July 31 for the murder of Mrs. Mildred Allison Rexcoat, a Chicago tango teacher, was refused a stay of execution by justices of the Supreme Court who met here today.

LOCAL GIRL GUIDES ENJOYING CAMP

The local B. P. Girl Guides are having a great time in their summer camp on the Parksville beach. The girls expected to arrive back home today, but the commissariat department found it had provisions enough for two more days so the camp will not break up till Thursday. The girls have all written for permission for the extra two days, and as all have benefitted from their stay no doubt the permission will be given them. They have an ideal place for a camp. There is a fine sandy beach, and all the girls have availed themselves of the fine bathing advantages it offers. On Sunday they attended church twice in uniform, going to the Anglican church in the morning, and the Presbyterian church in the evening. There was quite a number of visitors to the camp Saturday and Sunday.

STRIKERS HELD ON MURDER CHARGE

Greenwood, Ark., July 20— Warrants charging murder, arson and rioting were prepared here today at the instance of Prosecuting Attorney Little for the arrest of a number of persons who, it is declared, participated in the attack last week on the Prairie Creek mines of the Bache-Denham company while the company's miners were on strike.

While conditions are reported quiet in these coalfields, the removal of families of miners from the settlements to the settlements of the larger towns and to Fort Smith continues.

COOP AND CHICKENS DESTROYED BY FIRE

At an early hour this morning fire completely destroyed a chicken coop together with 40 chickens owned by Richard Edwards, Haliburton street who is employed in No. 1 mine of the Western Fuel Company. The origin of the fire is a mystery, but it is in all probability of incendiary origin. There was no ash heap in the vicinity of the coop neither was any fire of any kind from which the coop could have caught fire. Nevertheless the whole building, some 10x12, was a mass of flames when first discovered, and it was impossible to release the chickens before the walls and roof fell in, and either killed the fowls or imprisoned them so that they could not escape from the devouring flames.

The department responded to the call and was quickly on the scene, the fire being extinguished before it could spread to surrounding property.

Actual construction work on the big drydock undertaking of the Dominion Shipbuilding company at Vancouver started Monday, when a gang of 500 men set to work on the wharves and slipways which will constitute part of the undertaking. The amount to be expended on the enterprise will be $2,500,000 and it will be a couple of years before the plant is prepared to handle ships.

The Russian army estimates for the year 1913 provide for an expenditure of £54,500,000, an increase of over £5,000,000 on the year.

Sprinkling Notice

The public are hereby notified that sprinkling is allowed from 7 a. m. to 9 a. m. and 7 p. m. to 9 p. m. each day. Any person found using sprinklers outside of these hours will have their water shut off.

By Order,
W. A. OWEN,
City Engineer.
City Hall, July 20, 1914. tf.

CONSIGNEES WEDNESDAY.

Mrs. Thos. Hope, Cowie Machine, E. Quennell, B. C. Fish Market, W. J. Brown, W. Hoggan, R. Phillips, Tinney & Humphries, P. Gaull, A. R. Johnston, J. Gordon, Armstrong & Chiswell, R. VOLUME XIV — NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, WEDNESDAY MORNING, JULY 22, 1914 — NUMBER 116

HINDUS MAY LEAVE TODAY

Komagata Maru Getting Up Steam Hindus Having Agreed to Government's Proposal—Expected to Sail This Morning.

Vancouver, July 22, (1 a. m.)—There was no serious developments in the Komagata Maru incident up to midnight and according to the present program the steamer with its load of Hindus will leave port shortly after 8 o'clock this morning for the Orient.

The Hindus aboard the Komagata Maru have accepted the original proposal of the government of provisions and medical supplies in return for which they are to get up steam on the vessel and leave port. At ten o'clock last night the Japanese skipper and crew were aboard the vessel and a start was made in getting up steam. It will take 12 hours to get up sufficient steam to enable the vessel to get under way and when everything is ready the Komagata Maru it is now expected will leave port, escorted by the Rainbow.

At 3:15 o'clock this afternoon a party of officials and Hindus who had gone out to the Komagata Maru about an hour before returned to the immigration wharf with word that Gurdit Singh had agreed to give up on certain conditions, which were really a repetition of his previous demands. The deadlock stood at four o'clock practically as it had since noon.

At 1:30 o'clock this afternoon Gurdit Singh sent ashore a reply to the ultimatum sent out this morning by the immigration authorities.

"We will obey the law if you give us sufficient provisions immediately and provide us with passages across the Pacific," was the gist of his reply. As nearly as could be learned from the letter, Gurdit appeared to be asking for the cash to purchase tickets back to India.

He made no answer to the demand of the officials that the Japanese on board be reinstated in command of the Komagata Maru. The reply was practically the same as that made to the authorities several days ago.

Just before 2 o'clock the letter was sent back to Gurdit Singh because a part of the epistle at least was so vague that it could not be understood.

Summarizing the whole matter of the letter, Mr. H. H. Stevens, M.P., said that it might be stated that Gurdit Singh was making demands which could not be met. With this delay in sight, it looked as if there would be further "stay of proceedings" for negotiations.

At 2 o'clock a heated conference was proceeding in Mr. Malcolm Reid's office between the Vancouver Hindu committee and the officials.

The conference concluded at 2:15 o'clock and the Hindu committee immediately went out with Inspector Hopkinson of the Komagata Maru, where they agreed that they would release the Gurdit party of all obligations which they owed the Vancouver Hindus in respect to the charter money they had put up. The position apparently is that the Gurdit people are supposed to be under obligation to stick it out in Vancouver in order to protect the local Hindus' money.

During the noon hours there was not much doing in the Battle of the Komagata Maru. Hon. Martin Burrell minister of agriculture in the Dominion cabinet, went out in one of the official boats and spent some time in conference with the local authorities.

An official who came in at noon said that the ultimatum giving him a few hours in which to surrender was delivered to Gurdit Singh by Mr. Hopkinson. At the time the Hindus aboard were repeating their familiar cries of defiance and there was no sign aboard of anything but a determined resistance. At 1 o'clock the Hindus were executing a war dance on the deck, which was taken as a serious sign.

The first warning given this morning following the official conference on the Rainbow, was that reprisals could be expected at noon. But this time was extended until 2 o'clock in order to give every possible chance for a settlement. A boat was sent ashore for the Hindu committee, whose seven members were reported to have desired to go out to assist in the negotiations, but several hitches occurres and before noon it did not look as if there would be much accomplished in this direction. The Hindus continued their attitude of saying that they would be good if the provisions were placed on board immediately. But when the officials insisted on a condition precedent that they give up their mutiny and allow the Japanese crew to assume control of the ship.

FIRE DESTROYS A FINE LIBRARY

Prince Albert, Sask., July 21. — Fire this morning gutted the McKay & Adam block, destroying the Manville Hardware Company stock, the McKay & Adam law offices, the office of McMaster & Christie, surveyors, the office of the West Lumber & Supply Co., and part of the furniture of the Carlton Club.

The blaze started from combustion in the basement of the hardware store and soon after there was a terrible explosion, which blew the plate glass fronts right across the street.

Mrs. Harry Walker, wife of the janitor of the building, was cut badly, as she had just come out of the building when the windows blew out.

O. B. Manville, president of the Manville Hardware Co., is in Europe. The losses are as follows: McKay & Adam block, $40,000, insurance $24,000; Manville Hardware stock, $40,000, insurance $25,000; McKay and Adam probably $25,000, not much insurance. The $10,000 law library of James McKay, M.P., was destroyed and there was no insurance on it. It was reported to be the best law library in Saskatchewan. Other losses of personal effects in the building will total over $2000, with little insurance.

ZAPATA IS AT MEXICO'S GATE

Mexican Federal Garrison is Being Strengthened to Repel Attack on Water Supply of Capital.

Mexico City, July 21—Up to an early hour today followers of Zapata, the rebel leader who has been operating in southern Mexico, had not attacked Xochimilco, a village twenty miles from the capital, which place they began to threaten yesterday.

Xochimilco, which is the gate to this city and is of great strategic value because the capital gets its water supply from the lakes there, is now defended by four thousand federals, the garrison having been reinforced last night by a large body of troops. Federal officials stated today that the place was perfectly safe and that fears of a Zapatista attack on the capital were groundless.

The federals who evacuated San Luis Potosi are concentrating in Gonzales Junction and Queretaro. The constitutionalist troops, it is stated here, have begun their advance south from San Luis Potosi. Reports received from Puebla say the governor of that state has sent delegates to confer with constitutionalist leaders in order to arrange for their peaceful entrance into the state capital.

The constitutionalists commanded by General Alvarado Obregon have arrived in Irahuato, about 160 miles northwest of the capital, and it is reported they are preparing to advance toward Mexico City. There have been no new developments in the political situation. The general belief is that nothing definite will be done until next Tuesday, when General Carranza or his delegates are expected to arrive here to confer with President Carbajal.

General Orozco and General Argumedo and other former revolutionary chiefs now serving with the government have offered their services to President Carbajal to check the advance of constitutionalists moving on the capital. President Carbajal has declined the offer.

FLOCKHART ARRESTED

Andrew Flockhart, a resident of Chase River, was arrested yesterday on a charge laid in connection with the assault on Mr. Luther Saville on Saturday last.

LIBERAL PAPERS CRITICISE KING

Say Constitutional Duty Was Overstepped When His Majesty Summoned Party Leaders to a Conference.

London, July 21—For the first time in his reign, King George criticized strongly, though respectfully, by some of the very important Liberal newspapers, which express the belief that if his majesty forced the holding of a conference on the Home Rule question he overstepped the constitutional duty of a limited monarchy and interfered with the rights of parliament and the responsibility of the cabinet. The Manchester Guardian says: "Any such transfer of the substance of responsibility and initiative, if it has actually taken place, is, of course, to be deprecated.

The Daily News takes a stronger attitude, saying: "There are profound misgivings on the Liberal benches, where impatience at the obstacles put in the path of the government is reaching the breaking point. It is asked with growing indignation whether the story of the last two years is to be the experience of parliament as every Liberal government is engaged in passing Liberal measures. Have we only escaped the domination of the House of Lords to discover that the aristocracy has equally formidable resources at its command to defeat the will of the country?"

According to the Daily News, which represents the section of the Radicals that resents the king's interference, the king intends to withhold assent from the home rule bill unless the amending bill is presented at the same time for the royal assent, the court view being that the king is entitled to take this course because the introduction of the amending bill has violated the procedure under the parliament act.

The Daily News believes that it was the difficulty thus raised which compelled recourse to the round table conference. It adds that the Unionist leaders at first refused to enter the conference except on the condition that there should be a general election in the autumn. This the government declined to accede to, whereupon the king's summons for a conference was put in the form of a command instead of a request.

The Daily Express sees grave constitutional issues involved in His majesty's intervention. "This method of government," it says, "is novel and high-handed. An innovation which strikes at the theory of cabinet responsibility cannot possibly be welcome to any member of the commons, while the notion that matters can be better managed at Buckingham palace than at St. Stephen's is equally unsatisfactory. The ministers, however, are alone responsible."

The Daily Citizen, the official organ of the labor unions, under the heading "Buckingham Palace Again" denounces the alleged interference of the throne and says: "The house of commons, and not some private room in a king's palace, is the proper place to debate and settle political differences."

KNIGHTS OF PYTHIAS INSTALLED OFFICERS

The new officers of Nanaimo Lodge No. 4 Knights of Pythias, were installed last night by Deputy Grand Chancellor R. Thomson, assisted by P. C., A. Stewart as Grand Vice-Chancellor; A. E. Bradshaw, as Grand Prelate, and A. J. Thomas, as Grand Master at Arms; the officers being installed as follows:

C. C., J. G. West; V. C., L. Houston; Prelate, L. Tower; M. of W., J. Nelson; K. of R. and S., H. Jones; M. of E., J. Isherwood; M. at A., J. Webster; I. G., A. McNeil, and O. G., H. Tyler.

At the close of the regular lodge meeting a social session was held, the following program being rendered: Song, W. Williams; song, A. E. Bradshaw; recitation, C. Wilson; recitation, J. G. West; song, R. Thompson step dance, Sid Smith; song, L. Houston; song, J. Webster; song, W. Thompson; song, H. Todd; song, A. McNeil; boxing bout; D. Tweedhope, H. Tyler.

TWO BURNED TO DEATH.

Ottumwa, Ia., July 21.— Charles Walkie, aged 28, and Charles Havner aged 16, were burned to death early today when a restaurant at Fairfield was destroyed by fire.

RELIEF MONEY IS DISCONTINUED

As is generally known throughout the city the U. M. W. of A., the organization for whom the many Nanaimo miners quit work over a year ago have announced that the strike pay will be discontinued in the island "strike" zone.

Seeing that the men still out of work quit work on the assurances that the U. M. W. of A. would pay relief as long as required, there is, to say the least of it, considerable dissatisfaction among the men affected.

Fifteen thousand dollars is on hand for emmergency purposes, and an appeal is being made by the local men effected to the organization to continue the relief pay until August 18 when it is expected that the vote on the general strike will be taken throughout the province. An appeal is also being directed to the British Federation of Miners for help.

The Herald agrees with the men who are the victims of the U. M. W. of A. that it is up to that organization to see them through.

Further comment is unnecessary.

MILL FIRE LOSS IS ADJUSTED

Total Fire Loss is Placed at $70,400 Company is Paid Insurance of $38,850—Will Not Rebuild at Present

Insurance adjustors who have been at work the last few days adjusting the fire loss at the New Ladysmith Lumber Company mill have completed their work.

The fire loss is placed at $70,400, and the company is paid $38,850. The mill was insured for 56 per cent. of its value. This leaves a net fire loss to the company of $31,550 to say nothing of the loss by interruption to business, loss of contracts, etc.

Company officials have nothing more to give out about rebuilding the mill.

The Dominion Trust company, it is said, carried $20,000 insurance on the plant through its various agencies. The insurance loss will be borne by some twenty companies all told.

VICTORIA IS REPAIR CENTRE OF E.&N.

Victoria has been made the chief equipment and repair centre of the E. & N. Railway Company's system, says yesterday's Colonst. All the work which has been done heretofore at the divisional point at Wellington is being transferred to this city. Practically the entire change already has been carried into effect. In the repair, car and engine shops, which have been constructed on the new local railway terminal area, a considerable section of the old Songhees Reserve having been set aside for that purpose, there are being twenty-five and thirty men employed at present. The majority of the members of this present staff are expert machinists and some of them have been in the service for years, with headquarters at Wellington. They have brought their families with them, and are making permanent homes here. As the extent of the Island railway increases the force will be added to. It is probable that such a move will be necessary at an early date, owing to the approaching opening of the line to Courtenay, and the consequent augmentation of rolling stock, etc.

The work on the East Coast extension of the road, from McBride Junction to Courtenay, is complete except for a few minor details. The ballasting gang has reached the tempory terminal. Its labors are so nearly finished that what remains can be disposed of in a few days. From information received from local headquarters yesterday there is nothing standing in the way of the inauguration of a service between Victoria and the East Coast points but a favorable report from the engineer representing the Board of Railway Commissioners of Canada. He has been delayed in Fort George, it has been learned, but is expected to reach the coast any day for the purpose of inspecting the new line. It is confidently expected that the railway management will be in a position to start the alternate through passengers service to Port Alberni and to Courtenay by August 1 at the latest.

It was stated yesterday, incidentally that the Board of Trade of Victoria has preparations for the excursion to Courtenay, which is to take place when the line is in shape for operation, well in hand. There is no doubt that there will be a large turnout of members to join with the up-Island centres in the proper celebration of the occasion.

IN AID OF LOCAL HOSPITAL

Splendid Program Prepared For Open Air Concert at Wardill's Camp Newcastle Island Thursday Evening.

A splendid program has been arranged for Thursday night's concert on Newcastle Island in aid of the new hospital building fund, and as upwards of two hundred tickets have already been sold a large attendance is assured. The concert will be held at Wardill's Camp, commencing at 7:30. The first boat for the Island will leave the Nanaimo Boat House at 6 o'clock, the fee for concert and transportation being 35c, seats on the grounds being 10 cents extra. Refreshments will be served on the grounds by the members of the Woman's Auxiliary and a splendid evening's enjoyment is assured.

The program is as follows:

Orchestra.

"Sweet and Low" (Barnby)
Mrs. Drysdale, Miss Chiswell, Mrs. Bentley, Messrs. Hyslop, Schuch, Bennett, Bentley, Woodward and Beech.

"Farewell in the Desert (Adams)
Mr. S. C. Bennett

Drums and Orchestra—Mr. L. Stockett.

"Sympathy," waltz song from "The Firefly"
Mrs. Drysdale and Chorus

"Stone Cracker John" (Coates)
Mr. D. Hyslop.

"The Banderlero" (Trombone Solo)
Mr. C. Raines

Song, "Come Sing to Me"
Miss Lillian Chiswell and Chorus
Orchestra

Humorous Song, "I Went to Sleep Again."
Mr. Beach.

Pipes and Dance—Pipers McKella, McDonald. Highland dances by Piper McGillivray.

Song, Selected—Mr. K. H. Schuch.
Orchestra.

"O, Canada,"—Full Chorus.
"God Save the King."

RIOTOUS SCENES IN LEGISLATURE

Paris, July 21—Although the Portugese have had four years' experience with Republican government, recent dispatches from Lisbon have indicated that the legislative machinery is still far from working smoothly. There is hardly a day when there are not riotuous scenes in the ancient parliament buildings. The galleries of both houses are filled with armed partisans who applaud, deride, denounce or hiss the utterances of the speakers.

The fact that the presidential and parliamentary elections, the second in the history of the new republic, are pending has lately brought the struggle for power to a high pitch of excitement. The decree of the government fixing the date of elections has not yet been issued, but it is expected that they will be held in the latter part of August or early in September. Dr. Manuel Arriaga, the first president under the new constitution, cannot be a candidate for re-election. The election of the president is made by the two houses of parliament.

The Democrats, led by Dr. Alfonso Costa, have a majority in the present house of deputies. A typical scene was witnessed there recently when the Revolutionists, whose chief is Dr. Almeida, accused the Democratic ministry of conniving at gross frauds in connection with a concession to Antonio Maria da Silva, formerly minister of public works, to exploit the water power of Rodman Falls, which engineers consider adequate to supply power and light to Lisbon and all of its surrounding provinces. Silva is now director of posts and telegraphs, and one of the triumverate ruling the powerful secret society, known as the Carbonaria with its 20,000 members.

LORD R. NEVILL VISITING PROVINCE

Victoria, July 21—Among the arrivals on the Canadian-Australian liner Niagara, when she berthed at the outer docks today, was Lord Richard Nevill, who has been for some years chamberlain of the household to successive governors-general of Australia, and prior to that time was secretary of the governors. He has been with them all from Lord Lintithgow onwards to the present governor-general, Sir Ronald Munro-Ferguson. He stayed on after Lord Denman's departure in order to place his successor in touch with matters prior to taking a holiday.

Lord Richard Nevill went to Australia as secretary to Earl Brassey when he was governor of Victoria, so that he has been associated with developments in that country for many years, and his official position has brought him in close touch with all the leading men of the Commonwealth since federation. Naturally he is unwilling to compare his chiefs and their influence on the country, but observed to a Times man that Lord Northcote was the only occupant who served out his full term Most of the governors-general have made brief stays at Melbourne, retiring before the expiry of their terms from various reasons.

CRISIS ON HOME RULE QUESTION

Great Crowds Assemble Outside of Buckingham Palace Where Conference is Being Held on Home Rule Question.

London, July 21.—So deep is the interest taken by the public of all classes in the crisis which has arisen over the Irish home rule question that great crowds assembled today outside Buckingham palace to witness the arrival of the various party leaders who are to participate in the conference, to bring about a peaceful settlement.

The Right Hon. James Lowther speaker of the House of Commons, who was chosen to preside over the conference, was the first to appear. He was followed by the eight men who represent the various parties—Liberal, Unionist, Nationalist and Ulsterite. All came in motor cars with the exception of the Marquis of Lansdowne, who walked.

King George, with Baron Stamfordham, his private secretary, received the statesmen in the chamber where the privy council always meets and he shook hands cordially with all of them.

Probably this was the first time that John E. Redmond and John Dillon, the Irish Nationalist leaders, had ever exchanged greetings with their sovereign, as it had been the practice of the Nationalist members of parliament to remain away from all functions where members of the House of Commons were likely to be brought into contact with royalty.

The meeting of the Conservatives and Liberal leaders on such intimate footing was apparently friendly, but could not have been cordial, as Premier Asquith and Andrew Bonar Law have been barely on speaking terms as Mr. Law practically accused the premier in the House of Commons of lying about recent government plans to suppress the Ulster volunteers.

The Marquis of Lansdowne, leader of the Unionists in the House of Lords, and David Lloyd George, chancellor of the exchequer, two of the other conferees, represent the most extreme aristocratic and democratic schools of British politics, and are generally believed to be better personal enemies.

At the same time the members of the Irish Nationalist and Ulster Unionist factions could not have felt much pleasure in finding themselves in such close association. Since personal feeling among politicians in the United Kingdom never ran so high as at present, the atmosphere of the gathering could not have been otherwise than extremely chilly and formal.

After a brief conversation, King George withdrew from the meeting.

The conference, after being in session for only about an hour and a half adjourned until tomorrow.

During the time the conferees sat around the table in Buckingham Palace, they found an opportunity to discuss many points of difference, and before adjourning touched on the question of exclusion of the county of Tyrone from the operations of the home rule bill, a point which everybody recognizes as the most thorny one of the subject.

FOUND SKELETON NEAR BRECHIN

May be Remains of Member of Capt. Vancouver's Crew Five of Whom Disappeared at Departure Bay in 1792.

While excavating on Brechin Point Monday, Mr. H. B. Greave unearthed the bones of a skeleton which he believes are those of a white man, probably buried over one hundred years ago.

Mr. Greave is camping out at Brechin Point. On Monday afternoon he was excavating for the purpose of installing a refrigerator when his spade uncovered a skeleton at a depth of three feet from the surface, the skeleton being surrounded by clam shells and other evidence of a clam feast. Over the grave was the remains of a large cedar tree which would make it appear that the body had been interred many years ago. Whether the skeleton is that of a white man or Indian can only be decided by a medical man. Mr. Greave is having an expert practitioner examine the skeleton and upon his examination depends the value of the find. Should the skeleton prove to be that of a white man it may in all probability be a member of the five members of Capt. Vancouver's crew who disappeared when that great navigator visited Departure Bay in 1791-92.

WHEAT BURNED

Walla Walla, Wash., July 21.—Five hundred more acres of wheat were burned today, making a total of 1500 acres burned in this immediate vicinity in two days. The monetary losses aggregate nearly $100,000.

ALASKA EARTHQUAKE.

Valdez, Alaska, July 21.— A sharp earthquake shock was felt here this afternoon; the shock was preceded by several lighter shocks. No damage is reported.

MORE WAR RUMORS.

London, July 21.— War rumors growing out of the strained relations between Austria and Servia caused a semi-panic in Berlin and Vienna today.

It is asserted by Austrian newspapers that an investigation into the recent assassination of Archduke Francis Ferdinand and his wife at Serayevo tends to establish at least the indirect complicity of Servia, and the Austrian Government will make strong representations at Belgrade on the subject.

YOUNG SHAH TAKES OATH OF OFFICE

Teheran, Persia, July 21.—Sultan Ahmed Mirza, the sixteen-year old ruler of Persia, on attaining his official majority today took the constitutional oath of office in the palace of the national council. The ceremony was brief and took place in the presence of the members of the national council, the royal princes, high state officials, foreign diplomatic representatives and their wives.

The little shah, accompanied by the regent, Abul Khan Nasser Elmulk drove to the palace of the national council in a glass coach drawn by eight white horses. The procession passed through the gaily decorated streets of the Persian capital, which were carefully guarded. Large bodies of police and troops were stationed in strategic positions and the route was lined by police and native gendarmes as well as the famous Cossack brigade. Mounted men surrounded the shah's carriage and also those of the court ministers and other officials who followed him.

On entering the palace of the national council the shah bowed to the assemblage and then pronounced the constitutional oath. Immediately after the ceremony he proceeded to the mosque for prayer.

Mrs. John Alexander arrived in the city last evening on a visit to friends.

MOTOR BUS PROPOSITION.

The City Council finally disposed of the proposal of the Victoria Motor Bus Company to establish a motor bus service in the city and district. We are not surprised at the action of the Council. It was evident some two weeks ago, when practically the same proposition came before it informally from the Board of Trade, that the Aldermen did not look upon it with favor. On Monday evening when the question was brought up in the regular way of business it was turned down with hardly a protest. It may be said that the proposal had not aroused very much public interest, and the action of the Council is not likely to awaken much criticism. Still there are two things which may be said altogether apart from the merits or demerits of this particular proposition. The first is that a system of transportation is urgently needed if the district is not to be built up at the expense of the town. The Western Fuel Company is rushing the development of its Nanaimo River mine and in the months to come there will be a constantly increasing force of men employed there. Without transportation of some kind is provided a new township will spring up around the mine, and Nanaimo will lose in its development to that extent. This is the first fact which neither this Council, or the Council preceding it, seems to have realized in all its gravity and significance. The second fact is that so long as the Council takes its present view of its functions there will never be any system of transportation in Nanaimo. Any proposition put up to the Council is really placed before the citizens of Nanaimo. In small and unimportant matters the Council acts as an executive committee and transacts the business for the citizens. More important matters they refer back to the ratepayers for their approval or condemnation. This transportation proposition is properly one of these matters in which the Council theoretically acts as the agent between the two principals. In view of everything at stake the Council exceded its rights in curtly turning down such a provision without reference to the ratepayers. If there had been any general expression of marked hostility to the scheme there would have been justification for its action and attitude. But to our knowledge there has been nothing of the kind and the Council on its own responsibility turned down a proposition without knowing and without caring what the majority of the ratepayers thought about it. The last Council did the same thing on a similar proposition and the inevitable result will be to stop transportation companies from offering to come in. The city could well afford to have granted the concessions asked for by the Victoria Motor Bus Company and at least the proposal might have been referred to the ratepayers.

The Komagata Maru affair has demonstrated the need of a Canadian naval force on the Pacific force. About four hundred East Indians came over on this boat seeking admission to British Columbia. The law of Canada prohibits their entrance, and an attempt to invalidate this law has failed. There was no other alternative for the East Indians but to return home. The trouble is that the East Indians do not understand the position. Nobody knows what inducements were held out to them to get them to embark on this enterprise. What they have made very plain is that they wanted to land in this country and did not want to return home. They seized the ship, and turned the attempt of the civil force to escort them out of the harbor into a painful fiasco. Clearly then if Canada is to pass exclusion laws against Asiatic countries it must have the means at hand to enforce them. The Province has pointed out that if, in fitting out this enterprise Gurdit Singh had shipped a small field gun, Vancouver would have been at the mercy of the East Indians after the police were driven off on Sunday morning. It would only have been for a few hours, but it would have been long enough for Vancouver to have suffered untold harm and horror. If then Canada is to legislate for a white Dominion it must take steps to enable it to enforce any legislation it may pass. At present the country is absolutely defenceless on the Pacific Coast, and for its general security is utterly dependent upon the Imperial fleet and the good will of the United States. It has no means of its own to enforce exclusion laws or other measures designed to secure its own national protection and well-being.

The expected has happened. The Executive of the United Mine Workers of America has announced that no more relief money will be paid on the Island. The announcement did not come without warning. Preliminary notice was served some weeks ago. Owing to additional burdens in the States the International union could not bear the strain, and there were other districts where relief was more needed. More than that the local leaders have defied the authority of Farrington, the officer in charge, on the question of a general strike. He stated plainly at the convention here a month ago, as he did at the Labor conference in Vancouver, that the United Mine Workers of America could not permit a general strike. The local leaders, however, were prepared to defy their organization. The first result is the stopping of the relief money. And there is no chance of getting a general strike. The Vancouver Trades and Labor Council regards the idea as a joke. The Federationist says it is neither practical nor possible. New Westminster labor leaders deprecate the proposition, and the President of the Trades and Labor Council declares that ninety per cent. of the labor men will vote against it. Still the insurgents have started out on their crusade which is a revolt against their organization. They are wasting money which is needed at home. They have antagonized the International Executive, and all for what? To get themselves a good, old summer holiday.

Servia has a new bank in Belgrade with $400,000 capital, which will organize an auto service between many now isolated towns.

TWO BURNED TO DEATH

Ottumwa, Ia., July 21 — Charles Wallace, aged 28, and Charles Hayner, aged 16, were burned to death early today when a restaurant at Fairfield was destroyed by fire.

Bail has been fixed by Justice Murphy in the sum of $10,000 in each case for William King, Arthur Quinn Larry Green, Thomas Sullivan and Thomas Christen, who are awaiting trial at Kamloops for the murder of Berryman, who was found dead by the roadside on the way to Lumby some weeks ago.

More than 7,000 men are now employed by the contractors for the construction of the Pacific Great Eastern railway along the route between Cheakamus Canyon and Fort George the present terminus of the line. The entire line is now in course of construction. Track laying has been started from a point 28 miles north of Squamish and practically all the grade between Squamish and Lillooet a distance of 120 miles, is completed.

Reports from the Vancouver General Hospital are to the effect that all the victims of the second automobile accident on Granville street on Friday morning are improving. Mr. Stevens is out of danger. Mr. Boyd, the driver of the Cadillac car is strong, while Mr. Houston, the owner of the Ford, is much improved. The others are also much better.

GETS GOVERNMENT JOB.

Toronto, July 21.—Samuel Price, a leading lawyer of St. Thomas, and partner of Hon. T. W. Crothers, is said on good authority to be the man selected as chairman of the workmen's compensation commission by the Ontario government. The full personnel will be announced this week.

SHOOTS WIDOW AND SELF.

Los Angeles, July 21.— Mrs. Edna Fikes, a widow, was shot dead at her home here yesterday by Charles Haag, a contractor. Haag then shot and killed himself. Mrs. Fikes had refused to marry him. Her six-year-old son Lee witnessed the tragedy.

VANCOUVER BOY DROWNED.

South Vancouver, July 21.—James Shoesmith, aged 16, was drowned in the North Arm of the Fraser yesterday while attempting to swim to a boom of logs which was passing under the Fraser street bridge in tow of a tugboat. The body had not been found at 10 o'clock this morning.

GOING MAD FROM THE TERRIFIC PAIN

Prominent Merchant Thinks His Life Was Saved By "Fruit-a-tives".

DRYSDALE, ONT., JUNE 15th. 1913.

"I am a general storekeeper at the above address, and on account of the great good I have experienced from using "Fruit-a-tives", I recommend them to my customers. They were a great boon to me, I can tell you, for about two years ago, I was laid up in bed with vomiting and a terrific pain at the base of my skull. The pain nearly drove me mad. Doctors feared it would turn to Inflammation of the Brain, but I took "Fruit-a-tives" steadily until I was cured. I have gained fifteen pounds since taking "Fruit-a-tives", and I verily believe they saved me from a disastrous illness".

J. A. CORRIVEAU.

50c. a box, 6 for $2.50, trial size, 25c.—or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

The Panama-Pacific line is the first to announce a definite schedule of sailings and rates from New York to San Francisco via the Panama Canal. It will operate the steamships Finland and Kroonland.

OVERCOME BY GAS.

Red Cliff, Alta., July 21—Henry Betsford, a farmer, was overcome by gas while digging a well for water 60 feet below the surface of his farm a few miles west of town, on Thursday evening, and when brought up by neighbors was found to have been dead several hours.

NEW HAVEN LITIGATION

New York, July 21—Suit in equity was instituted here today in behalf of certain minority stockholders of the New Haven Railroad against the directors of the road and the corporation to compel them to answer charges of maladministration and misuse of funds.

TRIED TO BURN RACE TRACK

Montreal, July 21—Two deliberate attempts were made early Wednesday morning to destroy the stables, stands and other buildings at the Dorval Park racetrack, for which attempts as well as a charge of threatening to murder, John Rice, 36 years old, of 5 Wrexham Avenue, was taken into custody.

WILL BE DEPUTY GOVERNOR.

OFF TO HUDSON BAY.

Ottawa, July 20—W. J. Bowden, chief engineer of the Department of Railways and Canals, sailed today from Halifax on the government steamer Minto to inspect the work on the Hudson Bay Railway terminals at Fort Nelson. The Minto carries twelve lightships to the far north, to be installed along the shores of Hudson Bay.

TEACHERS OF THE EMPIRE

London, July 20—The invitation of Hon. R. A. Pyne, minister of education for Ontario, to hold the Imperial Conference in Toronto in 1915, was unanimously accepted at the meeting of the Imperial Union of Teachers held in Caxton Hall. Dr. Hughes stated that owing to the arrangements the government of Ontario could make, the trip would not cost more than $150 apiece, the delegates to be housed free on charge in the residences of Toronto University.

ABOT HAS VANISHED.

St. Petersburg, July 20 — Meliodorus, the former abbot of Tsaritsyn who was banished from St. Petersburg because of his opposition to Gregory Rasoutin, the mystic lay monk and advisor of the emperor of Russia, has mysteriously disappeared from Marginsky, near Rostov, where he resided under police surviellance. The reports are that Meliodorus was kidnapped or that he fled to avoid being implicated in the recent attack on Rasputin by a woman who stabbed him with a dagger in Rasputin's home town, Petrovsky, Province of Tobolsk. According to the newspapers the assault on Rasputin will be hushed up owing to his alleged immoral life.

Freeport, N. Y., July 20.— Mrs. F. Conklin Carman, under indictment of manslaughter in the first degree in connection with the killing of Mrs. Louise Bailey, left her home here today and is not expected to return until late in the fall for her trial. Mrs. Carman was accompanied by her husband, Dr. Edwin Carman, in whose office Mrs. Bailey was shot on June 30, and their 9-year-old daughter Elizabeth. Many women of the village called to say goodbye to Mrs. Carman shortly before her departure.

Vice-President Fred Bancroft of the Trades and Labor Congress of Canada is expected to address a meeting here shortly. He is carrying on a propaganda for the coming congress at St. John, N. B., and for the amendment of the present Workman's Compensation Act in this province.

To the Legal Representative of Agnes Gilbert, Assessed Owner of Lot 18, Wellington Dist.

Take Notice that an application has been made to register Elizabeth Rolston as the owner in fee simple of the above lands under a Tax Sale deed from the Deputy Assessor of North Nanaimo District, and you are required to contest the claim of the Tax purchaser within 30 days from the first publication hereof.

Dated at the Land Registry Office, Victoria, B. C., this 17th day of July, 1914.

NEWS OF SPORT

AUSTRALIA WON KOLAPORE CUP

Bisley Camp, England, July 21 — Australia won the Kolapore Cup today with an aggregate of 776. Canada was second with 774 and the Mother Country third with 770. India finished fourth with 747 and Guernsey last with 731.

At the first range, seven shots at 300 yards, with precisely the same score as last year the Mother Country and Australia were tied at the end of this range with a total of 258, while Canada also repeated her performance of last year, being third with 255, or one less than last year at this range. India occupied the fourth place with 250, and Guernsey was last with 241.

At the second range of the Kolapore, seven shots at 500 yards, the Australian unit pulled to the front by making a total at 263. England could only make 259 and the Canadians, shooting remarkably well, compiled 262, and Canada and the Mother Country were thus tied for second place. India made 250 and Guernsey 250. The totals for the two ranges stood as follows:

Australia	521
Canada	517
Mother Country	517
India	500
Guernsey	491

At the final range the scoring was as follows:

Australia	255
Canada	257
Mother Country	253
India	247
Guernsey	240

INMAN AND HOPPE TO PLAY WITH 2¼ BALLS

New York, July 21.—Melbourne Inman, the English billiard champion and Willie Hoppe the American champion, completed the final details for their international matches in conference yesterday. Hoppe made a concession to the Englishman in agreeing to use 2¼ inch balls in the English game instead of the 2¼ inch balls originally agreed upon.

The first two dates have already been fixed on the dates for the third match will not be announced for some time. The third match will be divided between Toronto, Montreal and Winnipeg.

The first match which starts in this city on September 28, will be played alternately in English and American billiards.

It is announced that the Federal Baseball league champions will challenge the winners of the world's base ball series. If ignored, they will stage a post-season's series of their own.

Guy Zinn, of the Baltimore Feds is out of the game for the rest of the season with a broken leg, the result of a base sliding accident. It occurred in an exhibition game.

Ted Sullivan, who arranged the round the world tour of the Giants and White Sox, plans to take two teams to Ireland this fall. He is already recruiting them.

NAPOLEON LAJOIE.

Starring through eighteen years,
Glittering above the mob;
Greeted with thund'rous cheers,
Rival of Tyrus Cobb;
King of the second sack,
Holding a magic sway;
Some say you're going back,
We say you're "there" today.

Wagner's another wreck,
Leach is a relic too;
Matty is done, by heck;
If, Larry boy, you're through.
Doubtless you've slowed a bit—
Time gets us one and all;
But 'long as you can hit,
We want you playing ball.

LANCASHIRE DEFEATED

London, July 21.—On a difficult wicket Lancashire fared badly at the Kensington Oval yesterday, being defeated by Surrey by an innings and 158 runs. For Surrey, Hobbs was top scorer with 142, while Harrison contributed 97; while Spooner headed the batting list for Lancashire with 67.

A WOMEN NEVER LOOKS BETTER THAN HER HAIR

HERPICIDE

Thousands of women owe their youthful appearance to Newbro's Herpicide. No matter what may be her age, a woman with a nice head of hair, hair that is soft, glossy and fluffy, always looks younger than she is.

Herpicide makes the hair beautiful with that sheen and shimmer which is so attractive and always indicates a healthy, natural growth. It keeps the scalp free from dandruff and the hair from falling out.

There are remedies said to be "just as good," but Herpicide is "the genuine original dandruff germ destroyer."

Newbro's Herpicide in 50c and $1.00 sizes is sold and guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Recommended and applications made by the best barbers and hair dressers.

FRED C. STEARMAN, Druggist, Special Agent.

SUFFOCATED IN SAND

Quebec, Que., July 20—While playing in a gravel pit where they had made a house of sand, three boys were buried and one of them, Homer Dassylva, died before help could reach him.

ROCK SAND DEAD.

New York, July 21.— News has reached here from Paris that Rock Sand, the famous stallion bred in England, for which August Belmont paid $125,000 in 1906, died there yesterday. He was fourteen years old. Mr. Belmont sold Rock Sand to a syndicate of Frenchmen and Americans two years ago for $150,000.

Digby, N. S.
Minard's Liniment Co. Limited.

Gentlemen,— Last August my horse was badly cut in eleven places by barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotter, and though I tried many kinds of medicine they had no beneficial results. At last a friend advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working.

JOHN R. HOLDEN.

Witness, Perry Baker.

LABORITES RESENT ACTION OF KING

London, July 21.—The parliamentary Labor party strongly disapproved King George's intervention in a political controversy, even with a laudable object of settling the Irish question, and have asked Premier Asquith to tell the king what they think of his action.

The Laborites held a private meeting in the House of Commons last night at which they passed a resolution which stated that they considered the king's action undue interference on the part of the crown and calculated to defeat the purposes of the parliament act.

Sir Edward Carson, leader of the Ulsterites, took the calling of the conference calmly. He told his colleagues that it could make no difference in his attitude. He added that he had yet to hear an answer to his challenge to the cabinet to "give us a clean cut or come and fight us," and that under no circumstances would he accept less than the exclusion of Ulster from the provisions of the bill. Sir Edward added that he could do nothing else, as he had given his promise to the covenanters, and intended to stay by that promise. It is believed that a majority of the Nationalist party is ready to offer some concessions to Ulster, but is held back by the section of the party led by John Devlin. These men who are members for Ulster constituencies, cannot look on with equanimity when there is a prospect of their constituents being left out of a home rule parliament.

They further put on record their surprise that two of the representatives are practically rebels under arms against constituted authority and regret this indication that in the future the organization of force is to be officially considered as most effective in industrial as well as political disputes. Sir Edward Carson and Capt. James Craig are the men referred to as practically rebels under arms.

NANAIMO TEACHERS SECURE CERTIFICATES

The annual examination of candidates for certificates of qualification to teach in the public schools of the province began on June 6 and was held simultaneously in many High School buildings throughout the province. The results for Nanaimo are as follows:

First Class Certificates—Dorothea Fisher, Winnifred Mary New, Lizzie M. Stephen.

Second Class Certificates— Edna May Hearns, Annie Kenyon, Widnell Dinsdale Knott, Jennie Hunter, Loudon, Olga Rowa, Oswald Wardill, Agnes Waugh.

Third Class Certificates (valid for life)—Edna Annie Cunningham, Percy Charles Feast, Gladys M. Ledingham.

Third Class Certificates—Cissily Victoria Freeman, Florence Kathleen Lawrence.

Third Class Certificates (renewed for one year)—Elizabeth E. Brown, Margaret M. Frame, Grace E. Gibson, Margaret Gibson, Isabel K. Haarer, Mary G. Ramsay, Margaret Ramsay, Annie M. Woodman.

SPENCER'S PLEA REFUSED

East St. Louis, Ills., July 21.—H. Spencer, sentenced to death for the murder of Mrs. Mildred Allison Rexroat, a Chicago tango teacher, was refused a stay of execution by justices of the supreme court, who met here yesterday.

The young man from Vancouver who, as reported in these columns in yesterday's issue was arrested by local police on a serious charge against a small boy, was taken over to New Westminster yesterday, it being discovered that he was an escaped inmate of the asylum.

VOLUME XIV | NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, THURSDAY MORNING, JULY 23, 1914 | NUMBER 117

THE KOMAGATA STILL IN PORT

Hindu Steamer Did Not Sail Yesterday as Scheduled But is Now Expected to Clear This Morning.

Vancouver, July 22—After numerous delays it is now believed the Komagata Maru will surely get away on the voyage to the Orient tomorrow morning at 5 o'clock. Considerable excitement prevailed through out the city this evening when it was rumored about the street the Hindus aboard the steamer had issued another ultimatum that they would not allow the boat to sail at the hour specified, but when the matter was investigated it was found the Hindus only wanted some delicacies sent aboard for the trip across the Pacific.

Many wild rumors were afloat throughout the day, one rumor being to the effect that the Hindus had thrown the Jap crew overboard. This rumor like all others was without the slightest foundation and evidently had its origin in the mind of someone who wished to create some excitement.

Vancouver, July 22—Captain Yamamoto has fixed the departure of the Hindu ship for 5 a.m, Thursday.

So certain were the Dominion immigration officials this morning that Gurdit Singh would keep his promise of last night and allow the Komagata Maru to sail for China now that it has been agreed to provision her, that none of the staff thought it worth while to appear before the usual 9 o'clock time for opening the office. At that hour the Komagata was still at anchor and a cable's length away lay the Rainbow in her dinghy gray last year's war paint. Smoke was issuing from the Komagata's funnel and apparently the vessel had steam up for her return passage. Last night the Hindus claimed to be hungry and their immediate needs were satisfied with food sent out by the officials.

The city police are feeling rather sore at the turn of events. There is a certain feeling among the officers that they were called on to take all the chances and were forced to take an awful beating under conditions where no other result was possible in the Sunday morning attack. For this the Hindus met no punishment they complain, and yesterday the immigration people were glad enough to resume negotiations with them as if nothing bloodthirsty had happened.

Mayor T. S. Baxter regards the incidents of yesterday's settlement as a huge farce. He thinks the Hindus jockeyed the officials at every turn. "The Hindus believe they have the authorities whipped into line," said the mayor. "Sentiment in the city is very strong that the authorities are making themselves ridiculous," added the city's chief magistrate.

The militia companies stood under arms at the wharf yesterday from 7 a.m. to 8 p.m. They never got further than the wharf.

Seven Vancouver Hindus have taken passage aboard the steamer Komagata Maru. They declare they are going back to India for the purpose of spreading revolution as a result of the trials of the Hindus in Vancouver.

All the provisions aboard the Sea Lion were at 9.30 o'clock this morning placed aboard the Komagata.

Ottawa, Jluy 22—Premier Borden is asking the British government to prevent further sailings of Hindus from India to Canada. He argues the Indian authorities can do what the Japanese government did at the request of Sir Wilfrid Laurier. Indian immigration is to be discussed at the next Imperial conference. New Zealand, Australia and South Africa have the same view as Canada.

FATALITIES AT CUCARACHA

Panama, July 22 — The premature explosion of 4,800 pounds of dynamite at Cucaracha slide yesterday killed five workmen, four of them white, and severely injured one white and seventeen negroes. The workmen were aboard the drill barge Teredo, which was wrecked and sank in the channel. The men has just completed charging the last of eight drill holes with 600 pounds of 60 per cent dynamite, when the explosion occurred. The charge was to have removed the last stone in the channel cut.

Mr. James Gray of Gabriola Island with ticket number 2389 won the gramophone drawn for Tuesday at Fletcher's Music store.

MOTORING PARTY VISITING NANAIMO

Mr. J. T. Billings and Mr. Logan of the D. Spencer Co., Ltd., Vancouver, accompanied by Mrs. Billings and daughter, arrived in the city by auto yesterday and this morning will leave on a tour of the northern part of the Island, including visits to Campbell River, Alberni and Great Central Lake. They expect to return to Nanaimo Sunday and return home by way of Victoria.

The party speaks in the highest terms of the class of roads on Vancouber Island and tne magnificent scenery along the Malahat drive. As one member of the party put it, "I have motored all over Southern California, but found nothing to equal Vancouver Island."

IMPROVEMENTS BY TELEPHONE CO.

Agreement is Being Entered Into Between Nanaimo City Council and B.C. Telephone Company.

The B. C. Telephone Company is planning extensive alterations to its plant and lines in Nanaimo and district. For the purpose of regulating the proposed changes inside the city limits an agreement is being entered into between the company and the City Council as follows:

WITNESSETH that the Telephone Company in consideration of the agreement herein made by the Corporation of the City of Nanaimo agree with the said Corporation as follows:

1. That permission is granted by the said Corporation to the said Telephone Co. to install poles for aerial transmission of their system along certain streets as designated on plans submitted by them, subject to the approval of the Streets Committee and all poles are to be erected 12 feet away from the property lines.

2. That in all conduit work, all excavation work done and refilling caused thereby shall be done to the satisfaction of the Streets committee.

3. That in the case of the conduit from Commercial street to Bastion street bridge, where the present asphaltum paving will have to be torn up and replaced. The refilling of the trench shall be thoroughly consolidated before renewing the concrete box, the concrete base shall be of a proportion of one part cement and six parts gravel and sand, the asphaltum top shall conform in analysis to the present pavement and shall be applied from a standard asphaltum street repairing plant, the whole to be cement brushed and rolled at completion, all materials employed must be approved of by the City Engineer and the whole section thus relaid done to the satisfaction of the Streets Committee.

AUSTRIA AND SERVIA MAY GO TO WAR

Berlin, July 22.—Undisguised concern prevails in Berlin over the possibility of an armed conflict between Austria and Servia and the possible ambroilment of the rest of Europe.

It is stated, on high diplomatic authority that an Austrian note will be presented at Belgrade at the end of the present week and that unless Servia unequivocably yields the situation will bristle with grave possibilities.

The Conservative Deutsche Tagaes Zeitung, under the heading "The Situation is very Grave," states that one of the most disquieting features is the possibility that Russia will rush to Servia's assistance.

In announcing the results of the local examinations for teachers' certificates in our last issue the name of Miss Cissily Victoria Freeman, should have been included among those who obtained third class certificates for life.

Mr. William Sampson, the Cornish evangelist, who was in Nanaimo several years ago is visiting in Vancouver. Since visiting Nanaimo he has been on a visit to the Old Country.

GURDIT SINGH

Leader of the Hindus aboard the Komagata Maru which was scheduled to leave Vancouver for the Orient at 5 o'clock this morning.

ON TRIAL FOR CALUMETTE MURDER

Paris, July 22.—Politics was the predominating factor today in connection with the trial of Mme. Caillaux for the murder of Gaston Calmette, editor of the Figaro.

The French Government was understood to be greatly concerned in regard to the diplomatic documents mentioned at yesterday's hearing as having been in the possession of the assassinated editor. These documents it was stated, were later handed over to President Poincare who passed them on to the foreign office.

Senator Bienvenu Martin, acting minister of foreign affairs, was up most of the night and an active interchange of telegrams took place between him and Premier Rene Viviani now in Russia with the President.

Joseph Caillaux, the prisoner's husband, and Fernand Labori, her counsel, made a vehement demand that the documents should be produced in court. It is understood that the Premier, anticipating such a demand left instructions with his substitute at the foreign office as to what course be pursued with the papers which are in the foreign office archives.

PROVINCIAL SHOOT AT RICHMOND RANGE

Vancouver, July 22.—At the Richmond range yesterday, at the opening day of the annual meeting of the B. C. Rifle Association, the Fiftieth Highlanders won all the honors:

Col.-Sergt. Smith won the grand aggregate sweepstakes and Lance-Sergt. Watson the short range aggregate. Sergt. Peacock and Pay-Sergt. Tapley were high up. Tapley was high up in the grand aggregate.

The Highlanders won 22 prizes Pte. Hughes won the 200 yards sweepstake and the following members of the battalion were placed:

500 yards—Ptes. Burton, Bugler Richardson, Watson and Smith.

600 yards — Pay-Sergt. Tapley, Sergt. Watson and Sergt. Peacock.

Aggregate—Watson, Tapley, Peacock, Richardson and Smith.

800 yards—Smith and Peacock.

1,000 yards—Smith and Tapley.

CONSIGNEES WEDNESDAY.

W. H. Ganner, Pacific Coast Coal Mines, Nanaimo Electric Light, Hayward & Dods, Workman's Co.-Op. Assn., Union Brewing Co., D. Spencer, F. S. Clark, H. E. Watson, W. Brown, M. A. Rowe, S. Evans, J. Madaen, Western Fuel Co., M. A. Rowe, Whitty Bros., Nanaimo Club Jim Rossi, W. M. Langton, B. C. Fish Market, A. R. Johnston, Nanaimo Sheet Metal Works, J. H. Malpass, J. H, Good, G. S. Pearson. W. J. Pollard, J. Hirst, Thompson & Cowie, A. R. Johnston, L. Manson, Island Lumber Co., Nanaimo Foundry, W. H. Morton, Imperial Laundry, A. J. Smith, E, Quennell, New Ladysmith Lumber Co., Randle Bros., P. Burns, Rawlinson & Glaholm.

DEAN GALBRAITH DIES

Toronto, July 22—Word was received this morning of the death at Gohome Bay, Parry Sound district. of Dean Galbraith of the School of Practical Science. No particulars accompanied the message. The dean was born in Montreal in '46 and was a noted civil engineer and educationalist.

ANNUAL MEETING OF HOSPITAL

New Board of Directors Elected at General Meeting Held Last Night—Mr. Jos. Booth Re-elected President

The annual general meeting of subscriters to the Nanaimo Hospital was held last evening when reports on the past year's work were received and a new Board of Directors elected.

Heretofore the Directors, nine in all, have been elected for one year with the result that each year an entire new Board was elected. A change in the regulations governing government controlled hospitals now states that three directors shall be elected for a period of three years, three for two years and three for one year, making it so that only three members are to be elected each year.

At last night's meeting the general public was conspicious by its absence which must mean the public has no fault to find with the manner in which the Hospital is conducted. As a matter of fact the affairs of the institution were never in a better condition as the cash statement and balance sheet showed, and the members of the old Board were unanimously re-elected, Mr. Thomas Cunningham being appointed to the Board in the place of Mr. John Graham who finds it impossible to continue on the Board owing to stress of business. Lots were drawn as to the length of time each director will serve on the Board, the draw resulting as follows:

For three years—Messrs. W. E. Rumming, Dr. Brown and Thomas Cunningham.

For two years—Messrs. Jno. Shaw, Peter Gordon and Joseph Booth.

For one year—Messrs. G. S. Pearson, J. M. Rudd and Dr. J. H. Ross.

At a subsequent meeting of the new Board of Directors, the following officers were elected:

President—Joseph Booth (re-elected).

Vice-President—Dr. G. B. Brown, (re-elected).

Sec.-Treas.—Jno. Shaw (re-elected)

Auditor—W. W. Mitchell (re-elected)

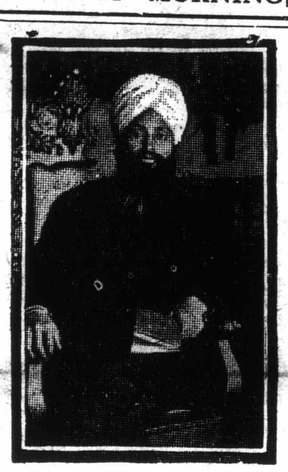
In addition to the above, the government has two appointees on the Board of Directors in the persons of Mrs. P. Weigle and Mrs. Arthur Randle.

The thanks of the Board was extended to the Woman's Auxiliary, the Red Cross Club, Union Brewing company, Western Fuel Co., Electric Light Co. and W. E. Rumming, for their generous support during the year, without which the Hospital would not have been on its present sound financial basis.

The thanks of the Board was also extended to all who had in any way donated to the Hospital during the past twelve months.

U. S. TROOPS FOR HAYTI

One Thousand Marines Are Being Mobolized for Service in Haytien Republic at the Direction of United States.



Washington, July 22—Plans for mobilizing at least one thousand marines within striking distance of Hayti and the Dominican republic, will move forward another step tomorrow with the arrival of the naval transport Prairie at Guantanamo from Vera Cruz. The Prairie will have the full completement of officers of the marines already at Guantanamo and will remain there to transport the force to Hayti should an emergency arise, while the Hancock is away for more troops.

With these preparations President Wilson's decision as to what action the United States shall take to quell the revolutions in the island republic and satisfy the pressure of European creditors will be awaited. War and navy officials are confident that peace can be restored on the island only by the active intervention of the United States, and are perfecting their plans.

Solon Menos, the Haytien minister, conferred today with Secretary Bryan abd urged that intervention would result in a number of counter revolutions, and bring about the dissolution of the present government and even the abdication of the president.

"I count on the spirit of justice of the American people," said Minister Menos, referring to intervention, "to restrain them from taking the step which would be so harmful to Hayti."

Present mobilization of marines in the vicinity of the islands, the minister stated, had been officially explained by the state department as a precautionary step taken to avert possible trouble, and was not he felt sure, an indication that plans actually existed for the landing of United States troops in Hayti.

TAJA SINGH

A Sikh leader in British Columbia who has been prominent in the public eye recently by reason of the Komagata Maru experiences.

POLITICAL LEADERS TO TOUR THE WEST

Ottawa, July 22—The announcement was made yesterday that Sir Wilfrid Laurier, accompanied by Hon. George P. Graham, Hon. Mackenzie King and Mr. E. M. Macdonald, would leave the last week in August for a political tour through to the coast. It is thought in Ottawa political circles that the Liberals were holding back the announcement of the Laurier tour until it was known just when the Premier intended to leave. With the West having twenty two additional seats by the new distribution bill, both parties evidently figure that the battle ground of the next election will be Western Canada.

The definite announcement that Sir Robert Borden and some of his ministers will spend the greater part of September and October touring the Western Canada makes it practically certain that Parliament will not meet until January. Owing to the amount of legislation left over from the last session the general impression prevailed in the capital that the House would meet in November. It is stated, however, that Sir Robert and his party will not be back to the capital until Oct. 22. This will not leave sufficient time for the ministers to finish the business which will accumulate during their absence and prepare the sessional program in time for a November session.

RUN INTO BELFAST.

Toronto, July 22.—A special cable from Belfast today says "Over four thousand rifles were run into Belfast last night and distributed through the city. together with a large supply of ammunition. Unionists are hopeful of an early dissolution of Parliament."

STEAMER CANADA FLOATED

Quebec, July 22.—The Gaspe line steamer Canada was floated at six o clock this morning with the help of the wrecking tug Lord Strathcona. She is unharmed and is now on her way to Quebec.

VILLA TAKES HOLIDAY.

Chihuahua, Mex., July 22.—General Villa, his wife and some personal friends left today for Guerrero to visit the home of Mrs. Villa for a week, it was announced.

The steamer Etona, 2495 tons gross is stated to have been sold to Japanese buyers for about £12,000. She was built at Stockton in 1890 by Messrs. Richardson, Duck & Co., with dimensions 297 feet by 40 feet by 19 feet.

Among the vessels passing through the Suez Canal in 1913, there were fifteen steamers with three screws two with four screws, fourteen with turbines, eighty-three using oil fuel and eighteen vessels with oil motors.

OUTBREAK IN INDIA FEARED

Calcutta, July 22.—The authorities here and elsewhere throughout India were exercising special vigilance yesterday on account of fears of violence developing from the Canadian immigration department's attitude toward the shipload of Hindus detained at Vancouver.

Anti-English agitators in India have kept the people well informed concerning the Vancouver situation, embellishing it with hair-raising stories concerning the cruelties they declare have been practiced to the immigrants, and have stirred up intense feeling in connection with the case. Officials say that if there had been any serious fighting at Vancouver, and especially if any Hindus had been killed, there might have been serious outbreaks in India.

BUSY YEAR FOR LOCAL HOSPITAL

Past Year Was Best in the History of Nanaimo Hospital—Finances in Splendid Shape.

The fiscal year ending June 30th, 1914 was the most successful in the history of the Nanaimo Hospital. The annual meeting of the subscribers of the Institution was held last night, the cash statement showing total receipts for the year of $20,8.7.61. Included in the items of receipts were Government Grant $8,377.31; Received from Pay Patients, $8602.35; Grant from City $1650.00; and Woman's Auxiliary $444.55.

The disbursments for the year totalled $20,805.43, the main items of expenditure being Salaries, $7149.83; Groceries $2668.93; Repairs, $1193.68; Milk $1236.20; Meat $1194.47; Furniture and Fixtures $1095.40 and Coal $965.80.

The assests of the Institution are placed at $31,501.38 with liabilities of only $350.60.

At last night's meeting the Lady Superintendent submitted the following report:

To the Board and Directors of Nanaimo General Hospital:

Gentlemen—The Annual report of the Nanaimo General Hospital for the year ending June 30th, 1914 is herewith respectfully submitted.

During the year there were several changes in the staff. Early in March Miss Robertson resigned after two and half years service in the Hospital. In June Miss Mellett, Head Nurse, resigned to take up a similar position in the Weyburn General Hospital, she was succeeded by Miss Eveleigh of the Vancouver General Hospital. The work for the past year has shown a decided increase over that of previous years. During this time 848 patients have been admitted to our Hospital. During the year there were 33 deaths. The total number of Hospital days were 13,115, Medical cases 346, Surgical 674, Obstetrical 156. During the year the kitchens have been renovated at considerable cost, a new engine in the laundry and the X-Ray repaired. The Nurses' Home has been renovated. The Macabees have done over their room (St. Cecelia) putting in a new Hospital bed. The Woman's Auxiliary supplied dishes for the patients, also considerable linen and a complete outfit of mattresses. The Board have put in twenty-five new beds which has added greatly to the comfort of the patients. The Red Cross Society are putting in a new Dressing Sterilizer. Our Nursing staff consists of Lady Superintendent, Head Nurse and the Narses in training. Five nurses graduated during the year, all having left but one to take up private nursing. I wish to extend to the Board of Directors and Women's Auxiliary my thanks for the help given me in all matters connected with the school and for much kindness to me personally.

Yours Respectfully,
PAULINE ROSE,
Lady Superintendent

President Booth's annual report as submitted to the annual meeting reads as follows:

In submitting my annual report for the year just ended, permit me to offer my congratulations to the Board of Management for the magnificent showing, even in face of the

(Continued on Page 2)

ARE LOBSTERS IN THESE WATERS?

Anyone Finding Lobsters Are Asked to Communicate With the Biological Station Officials.

The question as to how far lobster culture is possible in these waters is a live one with piscatorial authorities. Mr. V. McLean Fraser, in charge of the Biological Station at Departure Bay, is taking a keen interest in the matter and is anxious to obtain all the information on the subject he can which information will be used by the government in determining what steps they shall take towards fostering lobster culture on this coast. Mr. Fraser has contributed the following to The Herald on the matter:

Some years ago a number of Atlantic lobsters were brought out to the coast of Vancouver Island by the Dominion Department of Fisheries. Some of these were planted in a small bay in Mudge Island not far from Dodds Narrows. Apparently these thrived for a time at least but after three months a storm tore up the net that enclosed them so that they were allowed to escape. Since the Biological Station was established at Departure Bay a number of lobsters were hatched out and the lobsterlings liberated in the Bay.

There has been no evidence to show that all these, or even a majority of them have perished, but it is equally true that the Station has not been able to obtain any satisfactory evidence that many, or even any, of them survived. This, of course, does not necessarily mean that no one has since seen live lobsters on the coast. Numerous reports of lobster "finds" have been circulated, but in every case either the supposed lobster was not a lobster at all, or the catch had been made so long since that a sufficiently accurate description could not be obtained to serve as a record.

The Minister of Fisheries is anxious to send out further consignments of live lobsters to this coast provided that the Biological Board can favorably recommend the project. If lobster rearing in these waters can be made a success it must ultimately be of benefit to the whole province, hence the Board has no hesitation in asking the assistance of any one who can give information on the question.

In the case of the mature lobster there should be no difficulty in positive recognition as there is no indigenous crustacean on this coast bearing any great resemblance to it. As every one has seen lobsters for sale a description is not necessary except to say that lobsters are not red until they are cooked, hence dark green lobsters and not red ones should be looked for. It might also be added for those who are familiar with the European lobster and not with the American lobster, that these two bear a marked resemblance that any one who is familiar with the one could scarcely be mistaken in the other.

When the lobster is small it resembles several forms found on this coast hence, in general, little dependance can be placed upon any report concerning those of such size. The commonest mistake seems to be that of taking the common red sand shrimp for a young lobster. In the first place the young lobster is not the same color as the shrimp and in the second place it never burrows in the sand and is seldom found in sandy places.

Under any circumstances it would be very desirable to get any information concerning these lobsters but as the further planting depends on results, such information becomes much more important. In any case, therefore, if a mature lobster is caught and it is not an easy matter to bring it alive to the Biological Station, it might at least be possible to send word and keep the lobster alive in the meantime until it could be obtained. If Mr. McIndoo, Fisheries Overseer, were notified, if any other Fisheries officer could readily be reached or if the postal service could be used to send early enough notice, the specimen could be obtained so that accurate measurements could be made and recorded. No matter how much one may be convinced that information is trustworthy it will not do to make a record of location unless the animal itself can be seen and examined.

THE MINES ACT

It is a common thing for Socialist agitators and the Socialist press to attribute industrial accidents to capitalist greed. If there should be an accident in a coal mine it is at once set down to the cupidity of the operators. It is never necessary to wait for a full story of the accident or to examine the circumstances attending it. So far as the local Reds are concerned it goes without saying that whatever happens in the way of an accident is to be laid to the lust for dividends. Euclid himself never demonstrated anything more absurd. It would be foolish to deny that lives have been sacrificed on the altar of big profits. It is equally foolish to affirm that every life lost in an industrial accident is a victim of capitalistic greed. There will always be accidents in coal mines for which no one can be held responsible. There are other accidents which are preventable, and it is these accidents which are responsible for the majority of the fatalities in mining. For example in the coal mines of the province last year over 65 per cent. of the fatal accidents were caused by falls of rock and coal and many of these could have been prevented by the exercise of greater care and caution.

The government inspection department is seeking the co-operation of both operators and men to reduce as far as possible the number of these unfortunate accidents. To a considerable extent the efforts of the inspectors have met with a cordial response, but according to Chief Inspector Graham much more can be done. In his annual report to the Minister of Mines he refers at length to the special efforts that have been made to reduce accidents, and he makes this very significant statement:

"There is still room for much improvement in the maintenance of discipline in the underground work; in some collieries the officials are negligent in the enforcement of their own special rules and flagrant violations are overlooked, the Inspectors often being forced to prosecute for infractions of the rules where it was clearly the duty of the management to institute these proceedings, and in a few instances, I am sorry to say, after such proceedings were instituted by the District Inspectors, officials have not hesitated to make good fellows of themselves at the expense of the Inspectors' so-called busy interference.

"I most sincerely regret to say—inconceivable as it may seem—we have, in a few cases, been led to suspect concerted action between employees and company officials to defeat the enforcement of the provisions of the Act and of the companies' own special rules."

Too much publicity cannot be given to this statement of Chief Inspector Graham. During the recent troubles on the Island, the inspection staff has been subjected to merciless criticism. It is still being charged with non-enforcement of the Coal Mines Regulation Act. The official version of the strike as drafted by Pettigrew, and repeated in the labor press of the continent, amounted to a scathing denunciation of the mines inspectors. The truth showed that the inspectors had taken prompt action in the matter, and that uninvited and entirely on his own initiative, Chief Inspector Graham paid a visit to Extension mine to supplement the examinations made by Inspectors Newton and Morgan. This is all old ground with the Herald, but the point will be appreciated. Pettigrew committed the Mine Workers to a lying statement of its case, and in doing so cast the most sinister aspersions upon the honesty and efficiency of the inspection staff. The same miserably mean tactics are being pursued today. They may be disregarded. The Island has had all it wants of trouble for years to come, and the trouble-makers are a spent force. They accomplished their ends at the sacrifice of truth and everything that was decent, regardless of who was hurt, or of the suffering it might cause the men. In particular the exigency of their position forced them to either deny the efficiency of the mine inspection staff or charge it with corruption and graft. The graft has been all on their own side. Even the men they duped and deceived now realize this and they will admit that the mine inspectors are doing their best to enforce the regulations. Instead of receiving the hearty co-operation of men and mine officials in their efforts to secure greater safety the inspectors have been confronted with a combination against them. The day has gone past when looseness and laxity in the management of a mine will be tolerated in British Columbia. It is bad business for the operator, and folly on the part of the worker. It is the duty of all to assist and not to hinder the inspectors in seeing that the mines regulations are properly and fully observed.

It seems to be hoping against hope that the intervention of King George will bring about a settlement of the Irish difficulty. His Majesty brought all the leaders of the different parties together, and his appeal for a reasonable arrangement undoubtedly voices the feelings of the majority of his subjects on the question. But even if the representatives at the Royal conference arrived at an agreement there is no saying that the House of Commons would accept it. In Labor and Radical circles the King's intervention is bitterly resented, and, indeed, does not seem to have been welcomed in any quarter. If the conference only resulted in a solution of the difficulty no heed need be paid to the criticisms which have been launched against the King's action. The trouble is the hostile elements can defeat any arrangement agreed upon at the conference. It is improbable, however, that they will carry their resentment to such a point as this. If the conference summoned by the King can arrange a settlement satisfactory to the two Irish factions no English party could afford to block it. After all the immense gravity of the issue at stake ought for the moment to outweigh every consideration of custom and precedent. The chief point is whether the conference summoned by the King will succeed in arranging a settlement.

GOOD ROADS PROVERBS

The following good roads proverbs are sent out by the National Good Roads Association:

"If the roads around town are bad it might as well be on an islanh.

"You can have any kind of a road you are willing to pay for; the poorer they are the more you pay.

"Good roads mean that you can come in town with twice the load in half the time you used to.

"Good roads are easy on you, easy on your horses, easy on the wagon, easy on the harness.

"A farm ten miles from town on a hard road is nearer than a farm five miles from town on a soft road.

"Good roads will increase Health, Wealth, Happiness, Education, Morality, Civilization and Prosperity.

"Good roads will decrease Ignorance, Poverty, Discouragement, Back Taxes, Sheriff's Sales and Grouches.

"All talk and no work will not make good roads.

"Go to road improvement with the full realization that it is for your own personal benefit and profit, not merely a public duty."

It is rumored in London that several important shipping firms, who contracted for or purchased steamship tonnage at the high prices current a year ago, says the San Francisco Commercial News, largely on borrowed money, are already feeling the strain, and it is believed that unless the freight market materially improves in the near future the mortgagees will step in and take possession.

RUNNING IN RIFLES

Toronto, July 21—A special cable from Belfast today says: "A large American yacht is reported to have been seized by destroyers in Burtonport Bay, whilst running rifles for Irish volunteers. The rifles, it is estimated, number 10,000.

There is much excitement in Tyrone over the rumor that the country is to be included in the Home Rule area. The Ulster volunteers to the number of 10,000, will put up an independent resistance. Leave of absence for volunteers has been stopped save under exceptional circumstances.

The Provincial department has received word from Chief Constable Sutherland, at Golden, B. C., that Dominic K. Nicholas, wanted for the killing of another Indian, Kootenay Joe, on the reservation near Golden on the night of July 5, has given himself up and will be immediately placed on trial on a charge of murder. The two Indians became involved in a fight, in which Kootenay Joe was so badly beaten that he died a few hours later.

EATS DIRT GILLETT'S LYE CLEANS DISINFECTS

HUERTA WELL FIXED

Havana, July 21—President Huerta bought $375,000 exchange through the Bank of London and Mexico a few days before resigning, according to a passenger on the Alfonso XII, who says he was employed in the bank and purposes to publish a book showing how the various members of Huerta's Government managed to accumulate fortunes while in power.

HING PETER TO ABDICATE.

Vienne, July 21—The abdication of King Peter is expected very soon in Servian court circles. According to reports, the King, who is now staying at a Servian health resort, will transfer the crown to Prince Alexander before returning to Belgrade.

GOLD FROM ALASKA.

Seattle, July 22 — Eight hundred thousand dollars in gold bullion, the largest consignment received from the North this year, was brought from Nome, Alaska by the steamship Victoria, which arrived today. The Victoria also had $75,000 worth of furs.

McGINNITY INVENTS A DRYING MACHINE

"Iron Man" McGinnity, president of the Tacoma, Northwestern League club, formerly a big league twirler of renown, is enthusiastic over a ground drying machine he has invented. The machine is similar to a huge torch, and mounted on three wheels. Four distillate burners furnish the heat. After a hard night's rain McGinnity claims the machine will dry out the diamond in two hours.

BUSY YEAR FOR LOCAL HOSPITAL

(Continued from Page 1)

wave of financial and labor distress that swept over our district. The damage done to our institution a year and a half ago by the explosion of the SS. Oscar, has been completely renewed, but at considerable cost; the grounds and outbuildings have been improved; our kitchen which has long been too small has been moved to larger and better quarters; the interior of the Nurses Home has been completely renovated and put in a state of good repair, and the institution generally has put on an improved appearance.

A few months ago we were compelled to put in a larger and more powerful engine to cope with the extra work of the Laundry and the X-Ray Machine, and as a consequence we installed a 10-horsepower Electric Motor in the place of our 6-horsepower gas engine.

By the report of the Lady Superintendent you will notice a great change in our staff; in March our Lady Superintendent, Miss M. Robertson resigned her position and was succeeded by Miss Pauline Rose—late of the Vancouver General Hospital—a young woman of sterling ability and one well fitted to cope with the internal management of our institution.

During the month of May Miss Mellet resigned her position as Head Nurse, and was succeeded by Miss Eveleigh; four of our nurses graduated from our institution two months ago, and having received Diplomas as duly qualified nurses have stepped out to follow their profession.

The Provincial Government, through the kind offices of the Hon. Dr. Young, Provincial Secretary has again shown its kindness and generosity by coming to our aid at a moment of extreme necessity in the shape of a special grant of $2000. We have also been very materially assisted by the Women's Auxiliary, the Red Cross Society and several public spirited citizens, to all of whom I wish to convey the thanks of this institution. Our main building is becoming more and more depreciated each year and must in the very near future be replaced by one more in conformity with the progressive spirit of our city. I would again suggest to the incoming board the advisability of appointing a committee of ways and means to devise some scheme towards this end. In conclusion I wish to thank all the directors for the zealous manner in which the work of the year has been carried out.

JOSEPH BOOTH,
President

BITTERNESS IN AUSTRALIA

London, July 22 — Australian dispatches received today show that the approach of the Australian general elections, fixed for Spetember, is producing intense political feeling.

Ex-Premier Watt has brought action for libel against the Melbourne Age, the newspaper, claiming £5,000 damages.

Another Labor leader, J. Thomas, formerly Minister for External Affairs, is bringing action against Bennett, Liberal, who charged him with corruption when he was a Minister.

BRITONS AND GERMANS ARE ADVISED TO LEAVE.

SYNO[illegible]

PSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.

CONDUCTOR DISMISSED
ALL OTHERS ON STRIKE

St. John, N.B. July 22.—The members of local street railway men's union are on strike because of matters arising out of the dismissal of a conductor for alleged breach of the rules. They did report for work this morning following a decision reached after an all-night meeting. A few cars are running, and in one section busses are being operated by friends of the men.

MILITARY INQUIRY AT
OTTAWA NEXT MONDAY

London, Ont., July 22.—Word is to hand that a military court of inquiry is to sit in Ottawa on Monday morning next to investigate the finding of liquor in the tents of the Sixth Field Battery in the city recently, which resulted in Major Wood Leonard, head of the battery, being asked to resign by Col. Sam Hughes. Major Leonard will be present at the inquiry and probably a number of fellow officers of the battery.

NEWS OF SPORT

OUTFIGHTS FLYNN.

New York, July 22.—Battling Levinsky of New York outfought Porky Flynn of Boston, in a ten-round bout here tonight. It was a hard-fought battle. Levinsky had the better of seven rounds. Levinsky weighed 175 pounds and Flynn 191.

VANCOUVER BOAT SECOND.

Victoria, July 22 — The international Brentwood powerboat race resulted in a win for the Seattle boat Vamoose this morning. Yrrebienna, Vancouver, Captain Le Page, was second. The time of the Vamoose was 12 hours 29 minutes. Yrrebienna's time was 13 hours 13 minutes and 20 seconds, or, adding her handicap, 15 hours 8 minutes.

Kathleen III., of Vancouver, had the misfortune to break part of her machinery and finished her adventurous trip by being towed by the Vamoose for several miles toward the finish. Bad weather was encountered practically all the way.

FIELDER JONES WILL
TENDER RESIGNATION

Portland, Ore., July 22 — President Fielder Jones, of the Northwestern Baseball League, has announced that he would tender his resignation as head of the league on August 1, as a result of the transfer of the Portland franchise, to Ballard, Wash. Jones said he believed the president of the league should reside in a city that has a club, and that he was not prepared to change his residence.

BILLIARD EXPERTS AGREE
TO MEET IN SEPTEMBER.

New York, July 22—Melbourne Inman, the English billiard champion, and Willie Hoppe, the American champion, completed the final details for their international matches in conference yesterday. Hoppe made a concession to the Englishman in agreeing to use 2 1-8 inch balls in the English game instead of the 2¼ inch balls originally agreed upon.

The first two dates have already been fixed on, the dates for the third match will not be announced for some time. The third match will be divided between Toronto, Montreal and Winnipeg.

The first match, which starts in this city on September 28, will be played alternately in English and American billiards.

CROSS MATCHED.

Los Angeles, July 22 — Johnny Tillman, of Minneapolis, whose claim to fistic fame is based on an alleged 10-round victory over Ad Wolgast, will meet Leach Cross in a scheduled 20-round battle at Vernon July 28. He will substitute for Joe Rivers, who is reported to be ill of influenza. Rivers may meet the winner August 11.

BIG PURSE OFFERED
FOR WELSH-WHITE GO

Chicago, July 21.—Fight fans of this region may be the first to see Champion Freddie Welsh in action and either Charley White or Packey McFarland will be his opponent. The match will open the season in Milwaukee some time early in September unless the Englishman backs out of an agreement and decides to stick to stage work.

Tom Andrews, the Milwaukee promoter, who staged the Wolgast-Ritchie and Ritchie-White battles, got in touch with Welsh through his London representative yesterday, reminding him of an agreement he made to appear Milwaukee some time during 1914 against an opponent picked by the club in the original deal. Welsh was to get a guarantee of $5,000, but now, since he added champion to his name, Andrews is willing to double this amount and give him a privilege of 35 per cent. of the gross receipts.

EUCHARISTIC CONGRESS
IS OPENED AT LOURDES.

Lourdes, France, July 22.—Cardinal Granito di Belmonte-Genarro, who represents the pope at the international eucharistic congress, opened the first session today with a speech of welcome to the delegates. He expressed his pleasure at seeing such a large representation from foreign lands and alluded especially to the delegates from Canada and the United States.

MINER REWARDED FOR BRAVE ACT

Robert Henderson, a miner of Sheep Creek, was Monday the recipient, at the hands of the lieutenant-governor of the Edward medal for his exceeding bravery in saving life in a gas-filled mine in Natal eighteen months ago. The presentation was made in the presence of Sir Richard McBride, Hon. H. E. Young and others, all of whom congratulated Mr. Henderson very warmly on the honor which had been done him.

The act for which Mr. Henderson has received a decoration established by King Edward VII. and which is the equivalent of the Victoria Cross in the case of valor shown in mines, is thus described in the London Gazette:

"On January 11, 1913, a number of native 'boys' were engaged in building up the ends of old roads in No. 2 North Main Haulage of the Hatting Spruit colliery, Natal, in order to prevent the fumes of a gob fire from coming into the haulage. A brattice cloth screen had been placed across the road to keep back the fumes at one point while work was proceeding at other points. The air was quite pure outside the screen, but very poisonous on the inside. In the absence of Hepburn, who was in charge of the party, two of the 'boys" went through the screen, contrary to orders, to get a shovel, and as they returned, first one and then the other fell unconscious. Hepburn was informed, and with another 'boy' went in search of the two. His first search of the workings had no result, and he returned through the screen, thinking that he had been misinformed. On being assured that there was no mistake, he went in a second time accompanied by a native Mbuzimaceba, and an Indian named Munian, and found the two missing 'boys.' They dragged one for six or seven yards, when Hepburn collapsed and Mbuzimaceba carried him on his shoulder almost as far as the screen a distance of at least 100 yards. The attention of those outside the screen was attracted, and assistance arrived to carry Hepburn into safety. Mbuzimaceba became unconscious. Munian in the meantime remained behind with the missing 'boys.' Her burn, though suffering from the effects of gas, managed to tell Easton what had happened. Easton shouted for Henderson, who was near at hand, and both penetrated into the danger area and succeeded in bringing out the missing 'boys,' one of whom unfortunately died from the effects of the gas. They were able in their return down the working to discover a shorter way back to the screen, otherwise in all probability they would have lost their lives."

Minard's Liniment Co., Limited.

Gents,—I cured a valuable hunting dog of mange with MINARD'S LINIMENT after several veterinaries had treated him without doing him any permanent good.

Yours, &c.,
WILFRID GAGNE.

Prop. of Grand Central Hotel, Drummondville, Aug. 3, '04.

JOHN FENTON TAYLOR
per W. BELL-HETHERINGTON,
Ap. 26-2m. Agent.

TORONTO EXHIBITION
GRAIN COMPETITION.

(Open to the World.)

Conditions—1. Open to Province or State in any country.

2. All exhibits must be grown by the Exhibitor, and be the product of the crop of 1913 or 1914.

3. All exhibits must be sent through the Minister of Agriculture, Commissioner, or Secretary, of the Province or State, or officer in charge of the Agricultural Department.

4. Exhibits to be sent by express addressed, "J. O. Orr, General Manager, Canadian National Exhibition, Toronto, Canada," with a label enclosed stating the name and variety of the exhibit, and the name and address of the Exhibitor.

5. The exhibits will become the property of the Exhibition.

6. A statutory declaration must be made and forwarded to the Manager of the Canadian National Exhibition giving the date of the growth of the grain and sheaf, and stating that both were grown by the Exhibitor. This certificate must be forwarded at the time of making entry.

7. An exhibit shall consist of two bushels of grain in a sack accompanied by one sheaf of the same grain, tightly bound, and not less than 8 inches in diameter where tied. Sheaves not required for entry of Beans and Peas. Corn to consist of two bushels of 70 pounds each in the ear, crated.

8. In judging, the quality of the grain in the sack, the straw and grain in the sheaf will be considered.

9. No Government, Experimental or Demonstration Farms, or institutions receiving financial aid from a Government or Municipality, can compete.

10. Each Province or State can exhibit in one or all the sections.

11. Judges will be selected by the Minister of Agriculture of the Dominion of Canada.

Entries close August 15th.

BONDS OF KELOWNA
BRING GOOD PRICE.

Kelowna, July 22.—At the meeting of the council tenders were considered for recent issues of debentures under bylaws 158, 159 and 160, amounting in all to $17,500. Applications for the bonds were received from seven different firms and various prices were offered. The highest was from a local firm, the Okanagan Loan & Investment Co., who quoted $17,150 and accrued interest. This works out at 98. The bonds bear 6 per cent. interest, $12,000 of them being for a period of fifteen years and the balance for ten years. The loan company's offer was accepted.

Around the Camp Fire

After the day is past, that is when music is desirable. It is then of all times, the Columbia proves its worth as a camp pal. There is nothing to equal it, not even a whole brass band and a bevy of the world's greatest singers, because the Columbia brings you all the music of all the world.

"COLUMBIA"

There are many different styles of the Columbia Instruments—Each different style has a price of its own, so that there is a Columbia to fit almost every purse and almost every taste. In the Columbia line there are several instruments whose general design and extreme portability render them exceptionally good camp companions. Go where you will among the best appointed camps in and around Nanaimo this summer and you will find the Columbia a leading feature. If you haven't a Columbia at your camp, you don't know what you are missing this summer.

It doesn't require much of an investment; just a few dollars down and a few dollars a month, arranged on any basis that is agreeable to you, and you take the Columbia you choose and use it while you are paying for it.

The steamship Wyandotte, one of the cargo fleet operated by the Union Steamship Company, of New Zealand, is posted to sail from Brisbane on August 10 for Suva, and is due at Victoria about September 15. The steamer Canada Cape, of the same line, is to leave Vancouver today for Seattle and San Francisco.

Oil Stock Swindlers Prosecuted

The government of the province of Alberta is prosecuting several men who misrepresented facts in regard to the oil fields, and over 100 companies have been refused incorporation, owing to non-compliance with the laws.

We have secured for sale in Nanaimo and district a small block of Premier Alberta Oil Co. stock This stock should appeal to the conservative investor, as part of the company's holdings is within 600 yards of the Dingman No. 1 producing well, and less than 1500 feet from Dingman No. 2, which is down over 1208 feet and is producing wet gas from which gasoline is being distilled in paying quantities. It is expected that the main body of oil will be reached shortly. The Herron-Elder property is only 800 feet from the Premier Alberta Oil Co. Herron is the man who put the Alberta Oil fields on the map. All those properties are in the famous blue belt as defined by our own government geologists. The Herron-Elder Co. is capitalized at $1,000,000 and the Premier Alberta, 800 feet from it, is capitalized at $250,000. There are several other strong companies, such as the Black Diamond, the United Oils, the McDougall-Segour which are drilling around the property of the Premier Alberta. Several of these companies are down over 2000 feet and expect to strike oil any time in the next week or two, which will have a great effect on this area.

We strongly advise the purchase of stock before any more strikes are made.

This is a chance for the investor to get in on the ground floor with a good company, having good holdings in the centre of the defined oil area and with some of the most conservative Canadian business men at the head of it.

The stock is for sale at $1 per share, in blocks of $10 or more, by May, Tisseman & Gemmell, 11 Bastion street, Nanaimo, or A. R. Peters, 629 Kennedy street.

Bijou Theatre

Bijou patrons will today be treated to a diversified program of moving pictures, consisting of drama, and comedy, the feature being a two-reel American drama entitled "The Hermit."

"Mabel's Heroes" is a Keystone comedy of more than ordinary mirth provoking ability and is in addition to a Majestic drama entitled "Through the Sluice Gates," and "When Darkness Comes" a Thanhouser drama.

Opera House

The Opera House will be opened on Saturday night with a special program of moving pictures. The big attraction will be "The Battle of Waterloo," a stirring picture to all loyal Britishers and consisting of five reels of the best to be found in photoplays. "The Battle of Waterloo" pictures are reputed to be the best battle pictures produced and should draw a big house Saturday evening.

In addition to the feature a reel of comedy will be shown at popular prices.

It is estimated that 28,000,000 persons attended the 4,500 moving picture theatres of England eack week.

The canal authorities have found the chambers of the Gatum Locks to make admirable dry docks.

The salmon fishing on the Fraser River, between Hope and Lytton, and including the Coquahalla River, has been prohibited by the terms of an order issued from the Department of the Dominion Fisheries. This action has been taken, it is explained, to give the fish an opportunity to reach the spawning beds of the upper reaches of the waterway.

Sprinkling Notice

The public are hereby notified that sprinkling is allowed from 7 a. m. to 9 a. m. and 7 p. m. to 9 p. m. each day. Any person found using sprinklers outside of these hours will have their water shut off.

By Order,

W. A. OWEN,
City Engineer.

LARGEST NET PAID CIRCULATION OF ANY VANCOUVER ISLAND PAPER EXCEPTING VICTORIA PAPERS

VOLUME XIV — NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, FRIDAY MORNING, JULY 24, 1914 — NUMBER 118

NEW HOSPITAL FUND STARTED

Several Hundred People Contribute to New Hospital by Attendance at Newcastle Island Concert.

The first contribution to the fund of $60,000 or more that it is proposed to raise for a new hospital for Nanaimo was made last night. About five hundred people assisted in the contribution, the instrument being the pierrot performance given at Wardill's camp, Newcastle Island.

The affair was delightfully unique in every respect and the large crowd that attended coming over in motor boats, canoes and other small craft, thoroughly enjoyed itself. The place is eminently suitable for such an affair and between the pierrots in their striking costumes, and the crowd of people that wandered about the place a very picturesque scene was presented.

Great credit is due all those who worked so hard to make the affair a success, Mr. Beech, the Wardill boys the performers and the many ladies who helped entertain the visitors.

Mr. Andrew Dunsmore was the leader of the orchestra of some sixteen pieces that assisted in the performance, and a very creditable orchestra it was. The pierrots were all well known local musicians, including Mrs. Drysdale, Miss Chiswell and Messrs. S. C. Bennett, D. Hyslop, E. F. Beech, H. H. Schuch and others.

Mr. Bennett is a new singer in Nanaimo and a gentleman who possesses a splendid baritone voice. He was heard to great advantage. Mr. Beech was an inimitable pierrot both in appearance and with his humorous songs, which made a great hit. In fact all the performers did themselves proud and while open air does not improve the carrying qualities of the voice any, still the performance suffered little from this.

Piper McGillivary received a vociferous encore in his dances while Pipers McKella and McDonald entertained the audience with lively airs.

The orchestra played some lively two steps while many tripped the light fantastic on the grass. Mr. John Shaw of the hospital board, thanked those present for their attendance and the performers and made the welcome announcement that the concert would be repeated in the near future.

So great was the crowd that the launches had some difficulty in getting it away quickly, but the night was balmy, and the many young people delayed did not mind the inconvenience.

SIX DEATHS DUE TO EXCESSIVE HEAT

Chicago, July 23.—The whole Middle West and Great Lakes region again sweltered today in mid-summer heat that reached a maximum at Concordia, Kansas, with 100 degrees, and ranged generally above 95 at all points of observation. Phoenix Arizona, alone was hotter than Concordia.

Six deaths and as many prostrations were attributed to the heat here. Two of them were suicides believed to have been the result of mental derangement because of the heat. The temperature here was 96 degrees and there was no movement of air to give relief.

Cincinnati, Evansville, Memphis, Keokuk, Iowa, and Little Rock, Ark. also reported a maximum of 96 degrees. At Springfield, Ill., it was 98; Kansas City reported 98, and St. Louis 96 degrees. Milwaukee had a temperature of 94, and Decatur, Ill., had a record of 99.

Miss Alice Dendoff, Milton street, is visiting her sister Mrs. J.H. Warren, Port Alberni.

A joint installation will be held tonight (Friday) by Court Nanaimo and Court Sherwood A. O. F. The installing officers will be District Deputy Mrs. S. D. Tippett, assisted by P. D. C. R. Llewellyn Williams. A social session will follow the installation.

The many friends of Mrs. Noah Coundley, of the Esplanade, will be pleased to hear that she has so far recovered from her recent illness as to be able to leave yesterday on a few weeks visit to relatives and friends at Cumberland and Comox.

NOT SAFE ENOUGH FOR GREAT LINERS

London, July 23—That Queenstown harbor is not safe for the modern giant Atlantic liners was the opinion five expert witnesses gave before the Queenstown Harbor Commission yesterday. Rear-Admiral Herbert Cust, the admiralty hydrographer, said he considered the harbor unsafe for large steamers like the Mauretania and Olympic, and especially in rough weather. Captain Young adviser to the marine department of the Board of Trade, declared the harbor channel is too narrow for the Lusitania and Mauretania.

Commander Charles of the Mauretania says there is not sufficient anchorage ground for entrance in the channel. Commander Haddock of the Olympic testified that it is dangerous to take his ship into Queenstown.

ROMANCE ENDED IN SADNESS

Savanah, Ga., July 22—The romance of Florence Martha Pickard, daughter of Rev. Dr. W. L. Pickard, the new president of Mercer University, who eloped last Friday with her old sweetheart, Everett Harrison of Halifax, N. S., while her announced fiance, Karl Gustav Karsten, was on his way from London to wed her ended sadly in New York after a honeymoon of four days.

Mrs. Prickard received a communication from her daughter yesterday urging her to go to New York and bring back the bride. The information was hardly sufficient to determine whether Mrs. Harrison had been abandoned by her husband 'or whether she has merely grown dissatisfied with her choice. Mrs. Pickard will leave immediately.

Announcement of the engagement of Miss Pickard to Mr. Karsten was made July 12 and the marriage was to have taken place July 28. Mr. Karsten is a son of the late president of the University of Illinois. He was with Miss Pickard at the University of New Mexico. He won a Rhodes scholarship and went to Oxford to complete his education. He was graduated recently. On the day the engagement was announced Harrison arrived in Savannah and visited Miss Pickard. He was said to have been engaged to her once. Within five days Miss Pickard eloped with him. Karsten reached America on the same day.

GARAGE DESTROYED BY FIRE

North Bay, Ont., July 23.—Proctor's garage was destroyed by fire at Sudbury today. Fed by twenty barrels of gasoline made it so hot that the firemen could not approach the burning building. Eight automobiles were destroyed. Loss $10,000.

Mr. F. M. Garland, of Cobble Hill, accompanied by Mr. C. Dunckley paid a visit to the city yesterday, motoring up from Duncan. Mr. Garland, who conducts a builders' supply business besides his other enterprises at Cobble Hill, was in the city for the purpose of buying Nanaimo pressed brick, a considerable quantity of which he has already sold and which product is a great favorite in that district.

WARRING FACTIONS SIGN ARMISTICE

Mexico City, July 23—An armistice between the opposing parties in Mexico was signed last night and hostilities today were ordered suspended by both sides throughout the republic. The announcement that the armistice had been declared was made by General Eduardo Iturbide, governor for the federal district, in the name of President Carbajal.

When making the announcement the governor said the peace negotiations to be undertaken between the government and the constitutionalist parties are to be on the basis of full guarantees for safety of life and property to all in Mexico.

FARMER ENDS HIS LIFE

Port Dover, Ont., July 23 — John McArthur, aged 63, a well-to-do farmer living about three miles from Port Dover, committed suicide in a most determined manner yesterday, almost severing his head from his body with a razor.

ROYAL PARTY LEAVES OTTAWA

Duke and Duchess of Connaught and Princess Patricia Start on Farewell Tour of the West.

Ottawa, July 23.—His Royal Highnesses the Duke and Duchess of Connaught and Princess Patricia left Ottawa today on their western tour which will extend to Sept. 7th on which date they expect to return to the capital.

The Royal Party was given a rousing farewell this evening, there being a big crowd present to see them off. This will be their farewell tour of the west as they will leave Canada this Fall. On their tour of the west the party will spend two weeks at Banff.

STILL GOOD FRIENDS

Washington, July 23.— Secretary Bryan, encouraged by his latest despatch from Special Agent Carothers today issued this statement:

"Carothers, special representative of the state department telegraphs from El Paso that he considers as unfounded all rumors of another break between Villa and Carranza. Also states that border situation is much improved."

HAD VERMIN GALORE

New Orleans, La., July 23 — Four snakes, eighteen tarantulas, seventy rats, enough cockroaches to almost fill a barrel and "bed bugs" galore, formed part of the cargo of a freight vessel sailing tropical seas and which was fumigated here yesterday, in connection with the fight against bubonic plague. Two of the snakes were boa constrictors more than five feet long. The others were of a harmless Central American variety.

FOUR KILLED IN TROLLEY WRECK

Eastport, Conn., July 23.—Four persons were killed outright, another died later and twenty-one were injured, some seriously, in a head-on collision here tonight between a train of three trolley cars, carrying 279 Sunday school picnickers, and a trolley freight.

The dead:

Andrew Fisher, aged 16.
Raymond Fuller, aged 12.
Frank Nagry, aged 11.
Mabel Cleveland, aged 21.

All the dead were residents of Bridgeport.

According to Dr. Frank Powers, the town medical examiner, the motorman of the picnic train put on all speed down hill in an effort to reach a siding before the arrival of the freight, which he knew was coming. The brakes were not set.

KOMAGATA MARU LEFT VANCOUVER

Vancouver, July 23.—Without any fuss or confusion the Japanese steamer Komagata Maru sailed at 5:10 this morning for Hongkong with her 352 Hindu passengers who arrived here on the morning of May 23. Since her arrival the whole country has been kept on the jump and the history of the Hindus' struggle to enter British Columbia has been published all over the world.

After defis and threats, demands, evasion, the Hindus sailed this morning for the simple reason that the matter was to be taken over by the navy at 5 a. m. and the Hindus recognized that their day of procrastination was over. So the Komagata Maru sailed and the Rainbow is trailing her out to sea. The sailing was accompanied without any trouble whatever and the Hindus, with a few exceptions, smiled cheerfully at the white men who saw them sail. Their smiles too, came despite the fact that they failed to get the live sheep and chickens demanded by Gurdit Singh late yesterday as a condition to be filled before he sailed at the hour scheduled this morning. The Hindus however, received some extra grub furnished by the shore committee and their solicitor Mr. A. H. Macneil, K. C.

SIR LOUIS DAVIES
of the Supreme Court of Canada, who has been sworn in as Administrator of the Dominion during the absence of the Duke of Connaught.

ULTIMATUM TO SERVIA GIVEN

Austria Demands Satisfaction Within Forty Eight Hours—Russia May Ally Herself Behind Servia and Germany Behind Austria.

Vienna, July 23.—Austria has sent an imperative note to Servia, it is reported, demanding within 48 hours satisfactory assurances regarding the pan-Servian movement to which is laid the assassination of Archduke Francis Ferdinand and his wife.

This peremptory action followed the interview between Emperor Franz Josef and Count Ischl. The question of war with Servia is being freely discussed in the Vienna newspapers, some regarding it as inevitable. These newspapers provoked a panic on the bourse here, prices falling heavily.

The question of Russia's probable action in the event of a movement against Servia is being widely discussed. Russia regards herself as the natural protector of the smaller Slav nations and may look on an affront to Servia as an affront to herself. If Russia takes the side of Servia, Germany is certain to align herself with Austria.

NANAIMO SHOWS MOST INCREASE

Telephone Business of Nanaimo Shows Largest Increase This Year of Any of Larger B. C. Cities.

Mr. N. G. Fitchpatrick, district traffic superintendent for the B. C. Telephone Co., was in the city yesterday on one of his regular inspection trips. He found all reports favorable and the company's business progressing successfully here. Mr. Fitchpatrick makes a practise of calling directly upon subscribers during his trips and is thus enabled to get into close touch with the needs of the subscribers and the company requirements.

He announces that after July 26 important changes will be made in long distance tolls which will affect the exchanges outside of Nanaimo in this district, giving them a much cheaper rate than they have hitherto had. By the new changes which will be announced shortly subscribers will be able to talk twice as long by the night long distance for the same money as they now do. The company is also working towards a system whereby outside exchanges will have an emergency service so that in case of long distance connections may be had in emergency cases at any hour of the night.

Mr. Fitchpatrick is more than delighted with the progress Nanaimo is showing in her telephone business these days. Despite industrial and general financial conditions Nanaimo shows a larger increase of business this year among the larger centres than any other place in the company's system.

The increase in business in Nanaimo so far this year is thirteen per cent. In Victoria the increase is but 2.3 per cent; in Vancouver 2.2 per cent.; New Westminster eight-tenths of one per cent; North Vancouver 4.9 and Kamloops 7.

INCREASE FORCE AT NANAIMO

Victoria Times Says Drilling of Strikers And Stopping of Strike Pay is Cause of Serious Apprehension.

Rumor has it that the military force at Nanaimo is about to be increased, possibly doubled, according to Victorians who have recently been in and around Nanaimo, the striking members of the United Mine Workers of America have been engaging in battalion drill for some weeks past, and are said to have attained much facility in carrying out army manoeuvres, says yesterday's Victoria Times. The stopping of the strike pay was announced today.

Colonel Roy stated this morning that the question was under advisement, but was not prepared to make any announcement so far. He admitted that a day or two might bring changes in the attitude of those who are striving to keep order in the troubled area.

Victoria men who have been in Nanaimo recently state that the military men in the strike zone anticipate trouble unless another 100 or 200 men are dispatched to the district at an early date. The number of men who parade daily is approximately 270, and it is evident that experienced military men are in charge of the operations. The strikers have a perfect battalion organization, with companies and all the proper officers while the drilling is exactly that in use in the army. It is also believed that a number of rifles have been cached in the vicinity of South Wellington.

The provincial police have made no attempt so far to prevent the drilling, which the miners say is merely physical exercise. The fact that no threats are being made by the miners is believed in some quarters to be a sinister sign. Obviously they do not want the drilling to be interfered with, but what is their plan of action, if any, has not yet become evident.

The members of the local militia are not pleased at the prospect of being again called out for an indefinite period with the consequent absence from their offices in the city. The men at present in the field nearly all can afford the time, but if more were called out serious inconvenience would be occasioned in business circles.

If any action is taken by Colonel Roy it is obvious that it must be taken at once as the stopping of strike pay will place the miners in desperate plight. The fourteen months that they have lived on strike pay will have dissipated what savings any of them may have had, and the stopping of the meagre strike pay will reduce them to absolute poverty.

The mines have succeeded in finding enough men to run them at very nearly full blast, and it will be exceedingly difficult for any of the United Mine Workers to get jobs in the mines at all, even if they give up the strike. Under these circumstances the civil authorities at Nanaimo have grave cause for apprehension and are using all their influence to bring about an increase in the armed force in the district.

CONSIGNEES THURSDAY

ABDICATION OF THRONE DEMANDED

Durazzo, Albania, July 23.—A note threatening to destroy the capital of Albania unless Prince William of Wied tendered his abdication of the rulership, was handed today by the Mussulman insurgents to the representatives of the European powers here. The insurgents added that if the war ships fired at them they would spare neither the European nor other inhabitants of the city.

The abdication of Prince William is the only way to avert civil strife, they said, as they are determined to have a different form of government.

FIRE IN OREGON.

Portland, July 23.—Fire late today destroyed eight frame buildings in the Albina district of Portland, entailing an aggregate loss of $100,000. About half of the losses are covered by insurance.

TWO LOGGERS HURT NEAR COURTENAY

Courtenay, B. C., July 23.— While felling a tree at one of the Comox Logging and Railway company's camps two men named Shields and Brauss met with an accident. The tree fell across a stump and a large bough broke off and smashed Shield's nose and face and broke Brauss' arm also bruising him severely. Both men were taken to the St. Joseph hospital at Comox. This is the third serious accident at logging camps here in two days.

SIR R. BORDEN IN TORONTO

Toronto, July 23—Sir Robert Borden arrived in Toronto from Ottawa this morning. He did not leave his private car. Sir Robert had little to say to the press. "I have nothing to say about the vote in Manitoba," said he, "so far as I am aware, it has not made much diference to the Dominion Government.

HAYTIEN REBELS ARE EXECUTED

Washington, July 23.—About fifty Haytien rebels were summarily executed at Cape Haytien yesterday, after the government forces had won a fierce two-hour battle in the streets with 500 revolutionists who had gained entrance into the town early in the morning before the garrison was awake.

Possibility of American intervention in Hayti and Santo Domingo to restore peace continued today to be absorbing topic of discussion in administration circles. Late official despatches regarding the situation in the revolution-torn republics gave but little hope that the contending elements in the two countries would be able to restore order.

The freighter Cascade, Capt. McDonald, arrived in port yesterday from Vancouver with freight for local merchants.

TAG DAY FOR LOCAL HOSPITAL

The first contribution to a new hospital for Nanaimo was made last night when the fund from the Newcastle Island concert were turned over as a sinking fund for the work. The next big contribution will likely be made Saturday, August 8 which date the Woman's Auxiliary have practically decided upon to be observed as Tag Day in aid of the fund.

That a new hospital is badly needed in the city none deny, especially those in best touch with the situation. No definite scheme has yet been worked out for raising the money but this will come before long. In the meantime whatever monies are taken now for this object will be set aside as a sinking fund and now that an actual start has been made the realization of money sufficient to go ahead with actual building will not be as long coming as some might think. If half the money required for the work, say $30,000 is raised, it is likely that the government will provide the rest.

FOR RELIEF OF KARLUK

Revenue Cutter Bear Sailed For Arctic to Rescue Karluk's Crew Marooned on Herald Island.

Nome, Alaska, July 23.—The revenue cutter, Bear, with Captain Robert Bartlett, master of the wrecked Stefansson exploring ship Karluk, aboard sailed today for the Arctic to take off the eighteen white men and four Eskimos of Bartlett's command, who are marooned on Wrangell Island, where they sought refuge after the Karluk was crushed in the Arctic ice north of Herald Island last winter.

The Bear will carry provisions enough to last nine months. She will first take the mail to Point Barrow, the most northerly point of Alaska, stopping at all government stations en route. It is expected that twelve days will be consumed making the voyage to Point Barrow, after which the Bear will turn westward and try to make her way through the ice fices to Wrangell Island, off the northeastern coast of Siberia. Capt. Bartlett said today that the Karluk's men will run out of provisions about the middle of August, and the Bear will make every effort to reach them before their supply gives out, although they should be able to subsist on game, in which Wrangell Island abounds, if the rescue party is delayed.

The power schooner P. J. Abler, which arrived from the Arctic today with a big cargo of furs reported that ice conditions along both the American and Siberian shores of the Arctic are the worst ever known.

WILL FORCE SEPARATION

New York, July 23 — Civil suit to force the separation of the New York New Haven & Hartford Railroad Co. from its subsidiary rail, trolley and steamship lines under the Sherman anti-trust act, was filed in the Federal Court here today by Attorney General McReynolds.

ARSON SQUAD BURNS MANSION

Birmingham, Eng., July 23 — An "arson squad" of militant suffragettes set fire and destroyed today a large unoccupied mansion in that district. A quantity of cotton wool soaked with petrol had been distributed about the place and the flames were then set to it. A batch of suffragette literature was found in the vicinity.

FIVE STRIKERS KILLED IN RIOTS

St. Petersburg, July 23 At least five striking workmen were killed and eight seriously wounded during the fighting in the streets of St. Petersburg between strikers and Cossacks which continued throughout the night and ceased only at dawn this morning. Three police officials also are known to have been severely injured. The figures quoted are official, but it is generally understood that the casualties among the strikers were much heavier, as it is believed they concealed a number of their dead and wounded.

SERVICES AT NANOOSE

Presbyterian Church services will be conducted in Nanoose Bay Hall, Sunday, at 10:30 a.m. by Mr. N. D. Patterson. He will also conduct services at Departure Bay at 2:45 p. m. and Wellington 7 p. m. A cordial invitation is extended to all to attend.

STORSTAD'S PRICE IS PAID

Montreal, July 23.— A cheque for $157,500 was received from the Prudential Trust Company today by W. Simpson Walker, K. C., registrar of the Admiralty Court, representing the balance of the purchase price $175,000 paid for the steamer Storstad when it was sold at public auction Ten per cent. of the purchase amount was paid at the time of the sale.

Mr. John Stewart, of Stark's Crossing is laid up with a broken collar bone and two fractured ribs as the result of a fall from a fruit tree on Saturday, caused by the breaking of a limb. Mr. Stewart's many friends will regret to learn of his mishap, but will be pleased to learn he is getting along quite nicely.

UNIONS AND AGREEMENTS

One of the Jingle Pot delegates to the Labor Conference at Vancouver stated that while they had an agreement with the operators they were willing to join in a general strike. This statement has so far never been contradicted, and it begins to appear as if this delegate had the authority of his local to pledge the members to a general strike. It is an amazing development of trade unionism. The first effect of such an action is to utterly destroy the reliability of the union. The individual who will repudiate even a verbal agreement in regarded as a crook or at least as a man without honor and therefore not to be trusted. The company or society which will deliberately sanction the violation of a signed contract is at once dishonored and forfeits all right and title to considerate treatment. The men of the Jingle Pot prior to May last had an agreement with the operators. On the advice of the same men who are now advocating a general strike, they deliberately broke this agreement. Now the common sense view of such an action as this is that any individual, or any body of men who break an agreement cannot demand as a right the making of another. Indeed the man or the body of men who begins a dispute by not only repudiating an agreement but by breaking a living contract, automatically bars the door to any further dealings with the other party to the bargain. Circumstances may compel a departure to this common rule. It was so at the Jingle Pot. Although the men had deliberately broken their agreement with the operators they forced the latter to make a new contract with them granting them all their demands. Less than a year has passed, and in spite of the new agreement the men of the Jingle Pat, according to the delegate whom they sent to the Vancouver conference, are willing to join in a general strike. This means that they are again ready to dishonor their agreement. It means that the United Mine Workers of America cannot be depended upon as an organization with which to make an agreement. It means that the organization cannot impose its authority upon its members or rule according to its constitution. The union which cannot keep its agreements can no longer demand to make them. It means the ruin and disintegration of unionism. The peculiar thing in the situation is that the United Mine Workers of America has been paid back in its own coin. It is reasonable to suppose that Farrington was badly misled and deliberately deceived from the beginning. The man chiefly responsible for Farrington's incursion to the Island is first and last a Red Flag revolutionary, and is only in trade unionism for what it brings him. But even if he were misled and deceived Farrington is not excused for starting a strike with the breaking of an agreement. An agreement made outside the United Mine Workers of America is just as binding and equally to be honored as one made with that organization. It was a great blunder and the United Mine Workers of America has paid for it to the extent (so it is alleged) of over a million dollars. And its reward is that the men to whom they have paid it, or to be more correct, the men who plotted the trouble here and persuaded it to venture on to the island are defying its authority and in revolt against its rule. Should the insurgents get their way the agreements the United Mine Workers of America has executed in the province will be deliberately violated, and the organization brought into everlasting discredit. It is a form of nemesis upon the United Mine Workers Association, and a complete exposure of the character and calibre of the local labor leaders. They appealed first of all to the Mine Workers' union, and having used it so long as they could, would defy it and throw it down. Their defiance of the International Executive is neither more nor less than a betrayal of the miners throughout the continent who have subscribed the money for the strike. This is the actual position of the insurgents. They have thrown down the very organization for the recognition of which they tricked the men into a strike and have kept them out month after month. They themselves will now neither recognize its authority nor its constitution. They are in revolt against both. Here then is the end of all their high and mighty professions. They are at war with the people and with the organization who put them where they are.

There is more speculation than ever as to what is going to happen in Mexico. The prospects of peace do not seem to be any brighter with Huerta out of the country. The revolution was started to get rid of Huerta. Huerta has cleared out and now the revolution will not compose itself. Carranza, it is reported, will not grant an amnesty to the men who were associated with Huerta. This really gives the members of the provisional government no other alternative than to leave the country or continue the fight against Carranza to the bitter end. His chief lieutenant Villa, and through his command of the army, the real master of Mexico, is acting very shyly with him. There is no longer either confidence or friendliness between the two of them. To add to this complication Great Britain is ready to demand satisfaction for the murder of Mr. Benton; France has demands to make concerning the murder of two Frenchmen and Spain wants compensation for losses inflicted on a number of its subjects in and around Torreon. Unless the Mexican leaders can agree to sink all their differences peace is as far off as ever it has been.

WOMAN'S BEST MEDICINE

Mrs. Kelly Advises all Women to Take "Fruit-a-Tives"

HAGERSVILLE, ONT., AUG. 26th. 1913.

"I can highly recommend "Fruit-a-tives" because they did me an awful lot of good and I cannot speak too highly about them. About four years ago, I commenced taking "Fruit-a-tives" for a general break-down and they did me a world of good. We bought a good many dollar's worth, but it was money well spent because they did all that you claim for them. Their action is so pleasant, compared with other laxatives, that I found only pleasure, as well as health, in taking them. They seemed to me to be particularly suited to women, on account of their mild and gentle action, and I trust that some other women may start taking "Fruit-a-tives" after reading my letter, and if they do, I am satisfied the results will be the same as in my own case".

MRS. W. N. KELLY

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for $2.50, trial size, 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

ACCIDENTS NUMBER 593.

Ottawa, July 23—The number of people affected by industrial accidents during June was 593. Of this number 299 were killed and 294 seriously injured. Owing to the Hillcrest disaster the mining industry heads the list with two hundred killed and twenty-seven injured.

In future the department having jurisdiction over the establishment and maintenance of lighthouses and aids to navigation on the Atlantic and Pacific coasts of Canada will be known as the Department of Marine, and not as the Department of Marine and Fisheries, as heretofore.

In the opinion of Captain Robert Dollar, one of the most prominent ship owners of the Pacific Coast, the present controversy between shipping men and President Wilson of the United States in regard to taxing owners and charterers for deck load cargoes of lumber through the Panama Canal, will greatly affect the Province of British Columbia, whose resources of timber are so abundant.

MAJORITY IS INCREASED

Winnipeg, Man., Jluy 23 — E. L. Taylor, Conservative candidate in St. George riding, had his majority of sixty-five increased to 101 as the result of a recount of the ballots which took place today before Judge Prudhomme. Originally the count stood: Taylor, 1777; Sigfusson, 1112. It now stands: Taylor, 1138; Sigfusson, 1097. Bad counting was responsible for the numerous changes.

DUEL IN HAVANA

Havana, July 23—A duel was fought yesterday by Leon Ichaso, one of the editors of El Diaro de la Marina and Raoul Nunez, brother of the secretary of sanitation. Nunez was wounded in the arm. The duel was the outcome of an article published by the paper censurig the sanitary department in connection with the bubonic plague.

UNREST IN AUSTRIA

Berlin, July 23—Undisguised concern prevails in Berlin over the possibility of an armed conflict between Austria and Servia and the possible embroilment of the rest of Europe. An Austrian note will be presented at Belgrade at the end of the week, and unless Servia yields, the situation will bristle with grave possibilities.

The town of Hope on the Fraser River is threatened by a bush fire according to word received in Victoria yesterday by H. R. McMillan, chief forester for the province.

RAILROAD DISPUTE IS NOT NEAR SETTLEMENT

San Bernardino, Cal., July 23—No hope of settlement of the dispute between railroad managers and engineemen of Western railroads, now under mediation in Chicago, is held out in a telegram received here today by local officials of the engineers from Chicago.

"Prospects of settlem it unfavorable," the telegram reads "We may leave here any day. Mediators suggest arbitration. We decline."

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

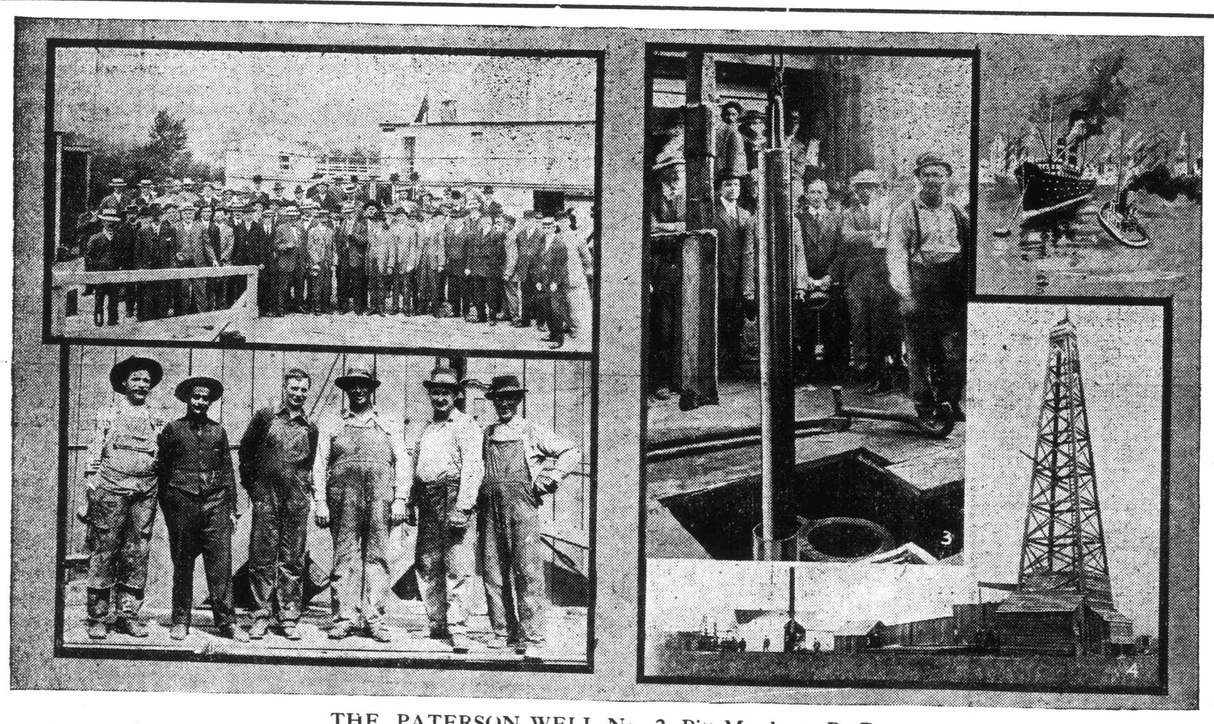
Royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.



N. B.—Unauthorized publication of this advertisement will not be paid.

CROWDS ATTEND CAILLAUX TRIAL

Paris, July 23 — Judge Albanel's court in the Palace of Justice, where Mme. Caillaux, wife of the former premier, is undergoing trial for the murder on March 16, of Gaston Calmette, editor of the Figaro, was crowded again today when the fourth day of the hearing started. Many of the people had come to see Joseph Caillaux confronted, according to the practice of the French courts, with former Premier Louis Barthou, who had been subpoenaed as a witness, and to hear the evidence of Mme. Gueydan, who was M. Caillaux's first wife.

Joseph Caillaux and his friend, Pascal Ceccaldi, had visited the prisoner before the hearing began. They found that the long strain was beginning to tell on her and that she felt exhausted and ill, but she showed strong determination to face her ordeal with calmness.

Mme. Gueydan, a slender woman of medium height, then came into court She seemed ill, but walked with calm dignity past her former husband, standing in front of the judges and the jury. The witness asked if she might refer to her notes, but the request was refused by the judge.

"There have been so many lies told," said Mme. Gueydan, "that my notes are absolutely necessary to fix dates. Was not M. Caillaux allowed to read from papers? I am confronted with a mountain of lies which I must climb and break to pieces one by one. I am alone. I have no husband to defend me."

In saying this, she cast a glance at Mme. Caillaux, who, however, did not look to her.

"You are not here to accuse," interposed Maitre Labori. "You will find nothing but courtesy and deference for yourself if your role is simply that of a witness. But if you come here to accuse, then you will find me in front of you as a defender of my client."

Mme. Gueydan: "If you have spoken of me to M. Caillaux, he will have told you that at least I have courage."

This was spoken in a challenging tone and called forth "Bravos" from the spectators whose sympathy she seemed to have from the moment she entered the courtroom. The judge then addressed the witness, saying: Disagreements arose in your home?"

BIG FIRE AT PORTLAND.

Portland, July 23 — Fire late today destroyed eight frame buildings in the Albina district of Portland, entailing an aggregate loss of $100,000. About half of the losses are covered by insurance.

The buildings burned were occupied as stores and small factories. The flames originated in the plant of the King-Fisher Mattress Company, and spread rapidly. Notwithstanding that more than half of the city's fire fighting apparatus was rushed to the scene, the flames were stayed only after a two hours' fight.

NEWS OF SPORT

DR. ROLLER LOST TO PAT CONNOLLY

Vancouver, July 23—Pat Connolly retained his title of world's champion heavyweight wrestler when he defeated Dr. Roller of Seattle in two out of three falls, before a big house tonight. Connolly took the first fall in 41 minutes with a toe hold. Roller took the second fall with a headlock and body hold in 20 minutes and Connolly took the third and deciding fall in 5 minutes with a body hold.

ESSEX CRICKETERS WIN OVER SOMERSET ELEVEN

London, July 23.—Essex triumphed over Somerset by nine wickets in a county cricket match at Leyton, started Monday. Douglass made 118 not out for Essex and McIver scored 50 not out. Stewart for Somerset hit up 110 and Pointz 44.

At Maidstone Kent beat Gloucestershire by 323 runs. Harding was in great form for the winners and made 119 in the first innings and 61 in the second. Woolley also contributed well for the winning eleven, with 120. Elythe was another factor in Gloucester's heavy defeat, for he took five of their wickets for 32 and four for 27 runs.

Yorkshire beat Notts by 97 runs at Leeds, Drake scoring 80 for the winners and Gunn 59 for Notts. Although bowling on the losing side, Ironmonger took six Yorkshire wickets for 28 runs.

STRUCK CARPENTIER TWICE

London, July 23—The pictures of the Smith-Carpentier fight in London of which a private view was given tonight, show that Smith struck Carpentier at least twice in the sixth round, as Carpentier was in the act of falling.

U. S. TENNIS TEAM.

New York, July 23.—Official announcement was made tonight that M. E. McLoughlin, R. N. Williams, T. C. Bundy and Karl H. Behr would comprise the American team to defend the Davis International Tennis Trophy.

MINTO CUP CHALLENGE

Toronto, July 23.—W. K. George, chairman of the Minto Cup trustees, has received the N. L. U. challenge for the famous silverware. Rosedales are through on August 29, while the D. L. A. is not finished until September 7, consequently the Toronto champions will receive the first dates and will leave early in September for the Coast.

BLACK JESTER WINS

Liverpool, July 23.— The St. George's stakes, £2,000, for three-year-olds, one mile and three furlongs, was won today by J. B. Joels brown colt, Black Jester, by Polymelus—Absurdity, who started odds on favorite at 6 to 5. Sir John Thursby's Cressingham, 8 to 1 against, was second, and L. Neumann's Nihilist, 9 to 4, third.

NEW WORLD'S RECORD

Cleveland, O., July 23.—In a special event this afternoon at the third day's grand circuit races at North Randall, Etawah III, owned by F. G. Jones of Memphis, trotting a mile in 2.04, established a world's record for a four-year-old trotter of either sex. The old record, 2.05¼, was made in 1893 by Directum. Geers drove Etawah and was placed by a runner. In the morning Geers drove Anvil, another Jones horse, a mile in 2.02¾, the fastest mile trotted this season. Anvil also became the fastest record trotter in training.

LANCASHIRE BREEDERS' STAKE

Liverpool, July 22—The great Lancashire Breeders' Produce stakes £1600 for two-year-olds, five furlongs run here today, was won by Mr. R. Hulton's Forloisk, by Gillinule-Jongleuse, 4 to 1. Sir E. Vincent's Thymain, 100 to 8 was second and Mr. J. E. Rogerson's Bethlehem, 6 to 4. was third.

Coveleski, of Detroit, who shut out New York twice earlier in the season was defeated yesterday for the second time in two years. He pitched good ball, but Caldwell was his master.

THURSDAY'S BASEBALL

Philadelphia 8, Chicago 15.
New York 13, Cincinnati 4.
Brooklyn 2, St. Louis 4.

CARPENTIER IS THE YOUNGEST CHAMPION

Georges Carpentier, the boss "white hope," owns the distinction of being the youngest fighter ever matched for a bona fide world's championship bout, being 20 years old last January. Sullivan was 24 when he beat Paddy Ryan; Corbett was 26 when he wore down that bloated hulk, John L. Fitzsimmons was 34 at the time he landed the famous solar plexus blow on Corbett at Carson City; Jeffries was 24 when he crashed through Fitzsimmon's middleweight guard for a knockout in the eleventh round at Coney Island; Marvin Hart was 26 when the retiring Jeff—for a $1,000 bonus—crowned him with the championship laurels for beating Jack Root; Tommy Burns was 25 when he trapped the ill-conditioned Hart into a battle at Los Angeles and won in 20 rounds; and Jack Johnson was 25 years of age when, after a chase all round the world, he finally cornered the titleholder and stopped him in 14 rounds.

AUSTRALIANS EASILY DEFEAT CANADIANS

Chicago, July 23—The Australian lawn tennis team took first honors today in the elimination games for the Davis Cup. Anthony F. Wilding of New Zealand defeated R. B. Powel of Victoria 6-1, 6-2, 6-2, and Norman E. Brookes won from B. P. Schwengers of Victoria in straight sets 6-1, 6-2, 6-2.

The Canadians were outclassed in every department of the game. To win out the Canadians will have to capture the doubles tomorrow and the singles on Saturday.

Two thousand persons witnessed the contests.

The Vancouver agency of the Allan Line announces that the Scotian which was delayed by fog, will arrive at Montreal today and her passengers are due at Vancouver on July 29. The Alsatian is due at Quebec today from Liverpool and her passengers are due on the Coast on July 29.

GEORGE BALDWIN DEAD

Los Angeles, July 23.—George Baldwin, nephew of the late E. J. ("Lucky") Baldwin, died last night from paralysis, at a hotel here of which he was the proprietor. He was forty-eight years old and had been ill four days.

Minard's Liniment Co., Limited.

Gents,—I cured a valuable hunting dog of mange with MINARD'S LINIMENT after several veterinaries had treated him without doing him any permanent good.

Yours, &c.,
WILFRID GAGNE.
Prop. of Grand Central Hotel, Drummondville, Aug. 3, '04.

LAND ACT

Nanaimo Land District—District of Nanaimo.

SUIT AGAINST TEDDY

New York, July 23—Chairman Wm. Barnes of the Republican state committee announced today that he had instructed his counsel to bring suit for libel against Theodore Roosevelt, based on Colonel Roosevelt's statement of last night attacking Mr. Barnes and endorsing the candidacy of Harvey D. Hinman for the nomination at the Republican primaries.

TRAVELLED 500 MILES WITH LEGS MANGLED

Fairbanks, Alaska, July 23.—William Moore, a merchant and trader of Fort Yukon, completed today a 500 mile trip in a rowboat from the Porcupine river to Fort Gibbon to have his legs amputated. Moore was repairing an engine in a small steamboat on the Porcupine river ten days ago when the machinery started, mangling both of his legs. He was placed in a rowboat and rushed 500 miles down the river to Fort Gibbon where Capt. Pierson, the post surgeon, amputated the injured man's legs immediately upon his arrival today. Moore died from the effects of his wounds.

Seven bar-tendees' licenses have been taken out in Port Alberni since the amendment to the Liquor License bylaw provided for such came into effect on July 15th.

NOTICE

Take notice that E. E. Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

E. E. BROWN,
June 20, 1914. 2m

I. O. O. F.

Black Diamond Lodge No. 5 meet every Wednesday at 7:30 o'clock in the Lodge Room, Commercial street, Nanaimo. Visiting members are cordially invited to attend. E. G. Cavaley, Secretary.

Constable Pellant, of Alberni, brought a prisoner to town yesterday who will serve one month for supplying liquor to Indians.

NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.
Depattment of Public Works,
Victoria, B.C., 6th July, 1914.

Oil Stock Swindlers Prosecuted

The government of the province of Alberta is prosecuting several men who misrepresented facts in regard to the oil fields, and over 100 companies have been refused incorporation, owing to non-compliance with the laws.

We have secured for sale in Nanaimo and district a small block of Premier Alberta Oil Co. stock This stock should appeal to the conservative investor, as part of the company's holdings is within 600 yards of the Dingman No. 1 producing well, and less than 1500 feet from Dingman No. 2, which is down over 1208 feet and is producing wet gas from which gasoline is being distilled in paying quantities. It is expected that the main body of oil will be reached shortly. The Herron-Elder property is only 800 feet from the Premier Alberta Oil Co. Herron is the man who put the Alberta Oil fields on the map. All those properties are in the famous blue belt as defined by our own government geologists. The Herron-Elder Co. is capitalized at $1,000,000 and the Premier Alberta, 800 feet from it, is capitalized at $250,000. There are several other strong companies, such as the Black Diamond, the United Oils, the McDougall-Segour which are drilling around the property of the Premier Alberta. Several of these companies are down over 2000 feet and expect to strike oil any time in the next week or two, which will have a great effect on this area.

We strongly advise the purchase of stock before any more strikes are made.

This is a chance for the investor to get in on the ground floor with a good company, having good holdings in the centre of the defined oil area and with some of the most conservative Canadian business men at the head of it.

The stock is for sale at $1 per share, in blocks of $10 or more, by May, Tisseman & Gemmell, 11 Bastion street, Nanaimo, or A. R. Peters, 629 Kennedy street.

BRIEF MENTION

Mr. Howard King, local representative of the Studebaker auto, returned yesterday from a business trip to the Terminal City.

Mrs. Harry Wilkinson, Nanaimo river, returned home yesterday from visiting friends on the Mainland.

"Mongrel and Master," a powerful political drama, Bijou tonight.

Mr. Lawrence Manson paid a business visit to Vancouver yesterday.

Conkey's Chicken Remedies, Fly Knocker and Disinfectants are the most reliable. Brackman-Ker Milling Co. Phone 485.

The half-yearly meeting of the members of the above will be held on Wednesday evening next at 7:30 p.m. to receive the half-yearly balance sheet and report. 118-6t.

Bijou Theatre

An Essanay masterpiece entitled "Mongrel and Master" is the special feature of today's program of moving pictures at the Bijou theatre. The subject is in three reels and is a powerful political drama featuring Francis Z. Bushman, reported to be one of the most stirring dramas ever produced in moving pictures.

In addition to this feature there will be a reel of good comedy shown.

LARGEST NET PAID CIRCULATION OF ANY VANCOUVER ISLAND PAPER EXCEPTING VICTORIA PAPERS

VOLUME XIV NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, SATURDAY MORNING, JULY 25, 1914 NUMBER 119

TRIBUTARY TO NANAIMO CITY

Rich District North End of Island Opened up by Extension of E. & N. Railway to Courtenay.

The Comox extension of the Esquimalt & Nanaimo railway will be opened from Parksville to Courtenay next week, according to Supt. H.E. Beasley, the exact date depending on the inspection by the government engineer of the line. The line has been under construction for some months, and has involved some considerable bridges over the rivers crossed by the railway. Track laying finished some time ago, and ballasting has been in progress for a considerable period.

The building of a line has been contemplated by residents for a quarter of a century. Comox is the most fertile valley on Vancouver Island, and up to the present the district has been entirely dependent on water transportation for its intercourse with the outer world. With the barrier removed the same development may be anticipated which marked the arrival of the steam locomotive at the Alberni in December, 1911. Already the government is calling for tenders for new public buildings at points served by the extension, and development has anticipated at one of the chief stations on the line, that at Qualicum Beach, where the hotel will be the centre of a new and handsome residential town, and where golf links are being laid out for the attraction of holiday makers. Some handsome summer homes have been designed and are in course of erection at this point, the first depot of importance after leaving Parksville, where connection will be made with the main line, and a junction effected with the Alberni trains on alternate days of the week.

A schedule of the train service will be announced in a few days, and generally speaking will be on alternate days to the routing through to the west coast. The three principal stopping places will be at Qualicum Beach Union Bay and Courtenay. Trains will return on the following days after reaching Courtenay.

The town of Courtenay is the business centre of the district to which Comox has given its name. It has occupied this position for some years, but so long as the only communication with the district has been by means of steamers arriving at Comox wharf, it has not been sufficiently realized. Courtenay is the natural

(Continued on Page 2)

SLIGHT DECREASE IN TRADE DISPUTES DURING JUNE.

The number of trade disputes reported to the Department of Labor during June was nine, one less than for the previous month, and two less than the corresponding month of the previous year. The total number of disputes in existence at the end of the month was twenty-one, as compared with fifteen during May. The largest disputes of the month were those of carpenters at Montreal, in which 1,000 employees were concerned, carpenters at London affecting some 200 men, and miners at Nordegg Alta., to the number of 300 directly and 600 indirectly.

COWLER KNOCKED OUT MC INTYRE

Vancouver, July 24—Tom Cowler, of Nanaimo tonight knocked out Chet McIntyre of Vancouver in the tenth round of a scheduled 15-round contest. The fight took place at the Brighouse Arena and was attended by only a small crowd owing to the wet weather. For a time it appeared the fight would not take place as both men were unwilling to go on for the small receipts.

The fight was fairly even up to the tenth when Cowler put over the knockout punch.

CARRANZA ADVISES LENIENCY.

Victoria, Mexico, July 23.—(Via Laredo, Texas, July 23.)—General Carranza today advocated leniency in "treatment of the conquered by the victorious Constitutionalists." His statement was made in a speech at a banquet tendered by Victoria citizens.

DRYGOODS FIRM ASSIGNS

New York, July 24 — Boessneck, Broesel & Company, importers and dealers in drygoods, made a general assignment today for the benefit of creditors. Attorneys for the firm declared that liabilities were approximately $1,250,000 and assets in excess of that sum. The assignment, according to the attorneys, was caused by the curtailment of the firm's foreign credits.

RELIEF FROM HEAT.

Chicago, July 24.—Moderate temperatures which succeeded yesterday's torrid wave throughout the central west continued today and was further freshened by showers. In this city the mercury stood at seventy-six degrees at noon, 23 degrees lower than the high mark yesterday.

TEDDY MORE ANGRY

Oyster Bay, N. Y., July 24— The reply of Col. Roosevelt to the $50,000 libel suit of William Barnes today was an attack on the Republican state chairman and a promise to move the suit forward. Col Roosevelt said he would not be deterred from attacking Mr. Barnes by the suit, but on the contrary would assail him the harder. He expressed the hope that he would have the opportunity to take the stand against Mr. Barnes before election.

ASSETS EXCEED LIABILITIES

New York, July 24—The temporary receivers for the H. B. Clafin company, drygoods merchants, declared today in a preliminary report that the total assets of the bankrupt firm exclusive of notes undiscounted, were $52,876,354, total liabilities exclusive of notes undiscounted of capital stock $44,842,253. The report showed an excess of assets over liabilities of $8,034,100.

PLANER MILL STARTS MONDAY

New Ladysmith Lumber Company Installs 35 H.P. Motor and Will Start Planer Mill Working at Once.

The Planer Mill of the New Ladysmith Lumber Company which has been closed down since the fire which destroyed the sawmill two weeks ago will be reopened today or Monday. A 35 h. p. electric motor was installed yesterday by the Nanaimo Electric Light, Heat and Power Company, this motor being the largest now installed in the city. The mill company would have installed a still larger motor but the Light company was not able to supply the necessary current and so the 35 h. p. machine was put in. This motor, however, will be sufficient to drive the Planer Mill, and on Monday the mill company will be in a position to handle any order which they may secure.

FIREBUG AT WORK ON FIVE ACRES

Fire yesterday morning destroyed a chicken house and 250 thoroughbred chickens owned by Mrs. John Stevens of the Five Acre Lots, the loss amounting to $1000. That the fire was the work of an incendiery, there is no doubt. Mrs. Stevens was bereaved of her husband only two weeks ago and Thursday evening Mrs. Stevens and her son Arthur, the only occupants of the house, retired at 10:30. During the early morning Mrs. Stevens was awakened by the crackling of flames and upon making an investigation discovered the Brooder House on fire. An alarm was given and neighbors assisted in preventing the fire spreading to the house and surrounding property.

Just a day or two ago Mrs. Stevens had separated the young chickens and placed them in the brooder house, all the 250 being destroyed with the building. Each chick was valued at between 35 and 50 cents. The chickens in the other building were saved.

The brooder house contained a quantity of new machinery, including a valuable Tancrede brooder, besides a large quantity of feed.

The loss will be a serious one to Mrs. Stevens as she did not have a cent of insurance on the property.

Mr. David Renwick of Union Bay passed through the city yesterday on a visit to Vancouver.

LOCAL COMPANY IS INCORPORATED

Nanaimo Transfer and Trading Company is Incorporated With Capital of Fifteen Thousand Dollars.

The Nanaimo Transport and Trading Company, Limited, has received a certificate of incorporation under the Companies Act during the past week. The new company is capitalized at $15,000, divided into fifteen thousand shares.

The following are the objects for which the Company has been incorporated:

(a) To acquire by purchase or otherwise, or to charter or hire, or to build and construct, or to order or procure to be built or constructed, any ships, vessels, tugs, lighters or barges, or other vessels of any description, or any share or shares there in, with all necessary or convenient engines, furniture, tackle, stores, and equipments, and to employ the same in the conveyance of passengers, mail cattle, produce, and merchandise of all kinds, and in towing vessels of all kinds and lumber between the ports and settlements of British Columbia and elsewhere, as may seem expedient and to acquire any postal subsidies;

(b) To carry on all or any of the business of ship-owners and shippers, carriers of passengers, freight, goods, wares, and merchandise by land and water, warehousemen, wharfingers, tug-owners, scow-owners, barge-owners, lightermen, forwarding agents;

(c) To construct, own, purchase, lease, or otherwise acquire wharves, piers, docks, and jetties, and to acquire by staking, purchase, pre-emption, or otherwise, and to hold, manage, work, improve, sell, and turn to account, any lands and hereditaments in the Province of British Columbia or elsewhere, and to subdivide sell, manage, lease, sublet, or otherwise dispose of the same or any part thereof, or any interest therein, and generally to acquire any real or personal property and any rights or privileges which the Company may think necessary or convenient for the purposes of its business, etc.

AFTER BRESNAHAN

St. Louis, Mo., July 24 — Roger Bresnahan, asked to supplant Mordecai Brown as manager of the St. Louis Federals, has refused, but refused in such terms that President E. A. Steininger of the Federals believes it is merely a matter of time before the big catcher will become a manager in St. Louis again.

James Baird, a striking miner who is out on suspended sentence in connection with the strike disturbances of August last, appeared before Magistrate Simpson in the Provincial Police Court yesterday on a charge of vagrancy, the alleged offence consisting in calling an employee of the local mines a "scab." Baird was remanded for eight days without bail.

Mr. William Martin, Newcastle Townsite, was operated on for appendicitis in the local hospital yesterday. He is reported as doing very nicely.

SNOWDEN SPEAKS ON HINDU TROUBLE

Winnipeg, July 24—Phillip Snowden, Labor M. P. for Blackburn in the house of commons, speaking on the Hindu question and troubles at Vancouver, said last night: "There is a funny side to that business, but from an imperial point of view it is a serious question. If the British empire means anything at all, it means equal rights for all within the empire. I don't think that you will ever be able to keep the empire together if you are going to erect an impassible barricade against the people of one part coming into another section of the empire. I do not want to be thought dogmatic on a subject so closely Canadian, but I fancy that the Hindus would be as easy to assimiliate as some people from eastern Europe that are freely admitted to the Dominion. And with respect to these people there is no question of imperial interests such as refusal to allow entry to the Hindus provide us with."

Mr. Snowden leaves on Saturday for the west.

The Duchess of Marlborough, speaking at the meeting of prominent women at the new tea house of Mrs. O.H.P. Belmont of Newport. One of the most remarkable and inspiring conferences of women ever held in America—a conference in which the Duchess of Marlborough sat beside Rose Schneidaman, leader of the East Side garment workers, and Mrs. O.H.P. Belmont, representative of the "enlightened rich," spoke with Maud Ballington Booth, apostle of the poor—was held Tuesday afternoon on the terrace of Marble House.

The Duchess of Marlborough delivered her first public address on this visit to America.

APPOINTMENTS

Notice is given in the current issue of The Provincial Gazette that His Honor the Lieutenant-Governor-in-Council has been pleased to make the following appointments: To be justices of the peace, Stewart Frederick St. George, of Sorrento; James Edward Paulding, of Craigellachie, and Cyril Warren Stirling, of Deer Park. George Jay, of the City of Victoria barrister-at-law, to be police magistrate for the municipality of Esquimalt. Thomas Webster Herne, Government agent at Fort George, to be district registrar of the Fort George Registry of the Supreme Court, from September 1, 1914. Lancelot Hull Sheffield, of the City of Victoria, solicitor, to be a notary public and a commissioner for taking affidavits within the province.

NANAIMO FORESTERS INSTALLED OFFICERS

The officers of Court Nanaimo Foresters Home and Court Sherwood, Ancient Order of Foresters, were installed into office last night by District Deputy Catherine Waters, P. C. R. assisted by Llewelyn Williams, P. D. C. R. after which an enjoyable social evening followed. The officers were as follows:

Court Sherwood of A.O.F.
C. R.—Sister Waters.
S. C. R.—Sister Roberts.
Treas.—Sister Tippett.
Sec.—Sister Rogers.
S. W.—Sister Simms.
J. W.—Sister Moore.
S. B.—Sister Barker.
J. B.—Sister Banford.

Court Nanaimo Foresters' Home
P. C. R.—Bros. James Bennett.
C. R.—Bro. Wm. Hart.
S. C. R.—Bros. O. Hasenfratz.
Treas.—Bros. Joseph Randle.
Sec.—Bro. Lamont Ross
S. Woodward—Bro. S. Thompson, Jr.
I. Woodward—Bro. John Hope.
S. Beadle—Bro. J. W. Handlen.
J. Beadle—Bro. L. Williams.

Falmouth, Eng., July 23.—Shamrock IV., with her convoy, the steam yacht Erin, the former under her own sail, left here today for the United States. It is expected that the next port of call of the challenger for the America's Cup will be the Azores.

AUXILIARY TO NANAIMO CABLE

The cable steamer Restorer arrived at Bamfield last evening to commence laying the new cable between Bamfield and Victoria. This new cable from Bamfield is an auxiliary to the cable across the island from Bamfield to Nanaimo s for use in case the land line breaks down.

COMOX EXTENSION NOW READY

New Line From McBride Jct. to Courtenay Will Soon be Carrying Nanaimo Passengers.

The Comox extension of the E. & N. Railway on Vancouver Island, from McBride to Courtenay, has been completed, and is now ready for traffic, it was announced yesterday morning at the office of Mr. R. Marpole, vice-president of the line. Train service will be started following an inspection by the engineer of the Dominion Railway Board.

The junction point now known as "McBride" will be changed back again to the former name of Parksville in order to avoid confusion with the divisional point on the Grand Trunk Pacific Railway, which has also been calleh after the Premier of British Columbia.

The new line opens up several fine agricultural and timber districts on Vancouver Island, north of Nanaimo. The extension is 45 miles in length. While it has been officially stated that the C. P. R. has no intention of extending the E. & N. Railway along the northwest coast, surveyors are now in the field checking up former proposed routes with a view to the construction later on a line from Campbell River ti Hardy Bay.

TWENTY ONE ARE KILLED BY HEAT

Chicago, July 24 — Chicago contributed four more lives today to the heat wave which killed four persons Tuesday and six Wednesday. The heat is spreading over all the country east of the Rockies and is especially severe in the lake cities. Twelve babies were killed in Cleveland and five persons died in Detroit. In other cities there were prostrations and death in smaller proportions. In Chicago eighty persons were adjudged insane and fifty-one cases were disposed of.

The death list was held down today by the low humidity. The official maximum was 98 a record for the season, but in the streets it ranged from 100 to 104. The humidity was only 44. Fifty cities in the United States showed a temperature of 90 or higher today and the only hope is for heavy thunderstorms and soaking rains.

The chicken thief is still at work in the district, Thursday night witnessing the raiding of Thomas Watson's hen coops when 80 chickens were stolen.

COMPANIES INCORPORATED

Notice is given in the current issue of The Provincial Gazette that certificates of incorporation have been granted to the following companies: The Beaver River Lumber Co. capitalized at $50,000, and head office at New Westminster; Charles A. Newhall Co., Ltd., Vancouver, $10,000; Governor Oil Co., $2,000,000; Nanaimo Transport & Trading Co., $15,000, Victoria; Vancouver Drug Co., $100,000; Vancouver Scale-Truck Co., $300,000; Westminster & Pitt Meadows Oil Co., $500,000, Vancouver; Windebank, Ltd., $400,000, Vancouver; Willow-Chilaco Land Co., $9000, South Fort George; Frank Waterhouse & Co., and the National Art Novelty Co., are incorporated as extra-Provincial companies.

GENERAL PRICE LEVEL UNCHANGED

The Department of Labor's index number of wholesale prices stood at 136.2 for June as compared with 136.2 in May and 136.4 in June, 1913. Advances in oats, barley, corn, flaxseed cattle, beef, lamb, dairy products, sugar, glucose, wool, cotton, hides and tallow, lead and anthracite coal, were offset by declines in wheat, hogs iron, brass, tin, silver, spruce, miscellaneous building materials, furs and raw rubber.

In retail prices the features of the month were a general advance in potatoes and the continued decline in butter. Several declines in mutton, lard and fish occurred but eggs were higher in many localities and sugar began to advance.

MULTI-MILLIONAIRE DIES

Santa Cruz, July 24—F. W. Billing multi-millionaire, died yesterday at his country home north of Santa Cruz. He retired apparently in good health Tuesday night, but was found unconscious the following morning and remained so until his death.

NEW BLOCK ON WALLACE STREET

Addison Block on Corner of Wallace and Fitzwilliam St. Will Have Three Large Stores on Ground Floor.

An important addition to the business houses of Wallace street is being erected in the Addison Block on the corner of Wallace and Fitzwilliam streets. The block is being erected for Mr. J. N. Addison by Contractor James Green, and for the present will be but one storey in height, but will be constructed so that it will be an easy matter to add an additional storey or so when conditions warrant.

The Addison Block will have a brick front and will have three stores, one a large one 45x45 and two smaller stores, each 24x45.

The marriage of Mr. James H. Philips and Miss Isabelle McRay, both former residents of Nanaimo, was solemnized in the Christ Church Cathedral, Victoria, on Thursday last. The happy couple are at present the guests of Mr. and Mrs. Jack Rowbottom, Haliburton street, and upon their return will take up their residence in the Capital City.

FIVE THOUSAND PERSONS IN DANGER

Brisbane, Australia, July 24—Ships were on their way today to rescue the population of Aoba Island in the New Hebrides, reported in danger of being swallowed by the ocean in a series of violent earthquakes. Its inhabitants number about 5000.

Mr. and Mrs. Stenhouse, who have been spending a two months' holiday with Mr. and Mrs. Law at their residence on Gabriola Island, left yesterday morning on their return to old Scotland.

Mr. Harry Shepherd, jr., the well known pitcher of the Nanaimo Federal Baseball Club is contemplating opening a Pool and Billiard parlor in the new Young Block on Victoria Crescent.

Mrs. Grahame returned home to Vancouver yesterday from visiting her parents, Mr. and Mrs. J. D. Stewart, Victoria Road.

EUROPE FACES GENERAL WAR

Situation is One of Extreme Gravity Over Austrian Ultimatum to Servia—Austria Faces Revolution at Home.

London, July 23—European diplomacy tonight faces a situation of supreme gravity, and it is not unlikely that war will occur between Austria and Servia. It is almost universally believed in the capitals of Europe that Servia will not comply to Austria's demands that an answer be sent to its ultimatum within twenty-four hours.

Russia is endeavoring on behalf of Servia to get the 48 hour time limit extended, but it is not known with what success. In the event of hostilities Montenegro has stated its intention of supporting Servia in which case Germany and Italy will support Austria with men and money, but with the probability of Russia backing up Servia, Austria faces the prospect of a revolution at home.

Vienna, July 24.—All Austrian and Hungarian reservists living abroad were warned by the army authorities today to be in readiness to join the regiments at twenty-four hours' notice.

Paris, July 24—The prevailing tone of the French press in connection with the Austrian note to Servia is expressed by The Temps today. That note says the document is without precedent for its arrogrance and unlimited demands, and considers that if Servia allows Austrian peace activities in Servian territory, the independence of Servia is lost.

Berlin, July 24.—Austrian reservists residing here were instructed today to hold themselves in readiness to return to Austria and join their regiments at the shortest notice.

The grave possibilities with the strong Austrian note to Servia, which virtually took the form of an ultimatum, demanding the suppression of the Pan-Servian movement and the punishment of those concerned in the assassination of the late Archduke Francis Ferdinand, are recognized today in official circles here. It is realized that further serious developments in Austro-Servian relations are inevitable unless Servia complies with the Austrian demands.

It is believed in authoritative quarters that the Servians will yield unless assured of support from outside, and for this reason official eyes here are today turned less toward Belgrade than to St. Petersburg, where the council of ministers is expected to settle the question of peace or war. It was stated that Germany had not been consulted regarding the Austrian note to Servia before its delivery but that she thoroughly approved of the step taken and was prepared for all the consequences that might ensue from it.

It was pointed out that should Russia take part against Austria, Germany would be fully prepared to draw the sword on behalf of her ally Italy, in accordance with the terms of the triple alliance between Germany, Austria and Italy. Comment in the German press today strongly supports Austria.

The stock market broke badly under the fear of general European complications. Securities in large amounts had been unloaded at the declines, and the breaks in Austrian and Russian specialties assumed almost a panicky form.

AUSTRALIA WON TENNIS DOUBLES

Chicago, July 24—Australia's great tennis team today earned the right to play the winners of the Great Britain-Germany matches to decide the challenging team for the Davis trophy, by defeating Canada in straight sets in the doubles. Brookes and Wilding won a clean cut victory by winning the singles yesterday and taking today's doubles from Powell and Schwengers 6-4, 6-3, 6-4.

The Canadians were outclassed but put up a game fight and won the plaudits of the 1800 tennis enthusiasts who witnessed the game.

Mr. Charles Graham of Coleman, Alberta, formerly of Nanaimo is in the city visiting relatives and friends.

LARGEST NET PAID CIRCULATION OF ANY VANCOUVER ISLAND PAPER EXCEPTING VICTORIA PAPERS

VOLUME XIV — NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, SATURDAY MORNING, JULY 25, 1914 — NUMBER 119

TRIBUTARY TO NANAIMO CITY

Rich District North End of Island Opened up by Extension of E. & N. Railway to Courtenay.

The Comox extension of the Esquimalt & Nanaimo railway will be opened from Parksville to Courtenay next week, according to Supt. H.E. Beasley, the exact date depending on the inspection by the government engineer of the line. The line has been under construction for some months, and has involved some considerable bridges over the rivers crossed by the railway. Track laying finished some time ago, and ballasting has been in progress for a considerable period.

The building of a line has been contemplated by residents for a quarter of a century. Comox is the most fertile valley on Vancouver island, and up to the present the district has been entirely dependent on water transportation for its intercourse with the outer world. With the carrier removed the same development may be anticipated which marked the arrival of the steam locomotive at the Alberni in December, 1911. Already the government is calling for tenders for new public buildings at points served by the extension, and development has anticipated at one of the chief stations on the line, that at Qualicum Beach, where the hotel will be the centre of a new and handsome residential town, and where golf links are being laid out for the attraction of holiday makers. Some handsome summer homes have been designed and are in course of erection at this point, the first depot of importance after leaving Parksville, where connection will be made with the main line, and a junction effected with the Alberni trains on alternate days of the week.

A schedule of the train service will be announced in a few days, and generally speaking will be on alternate days to the routing through to the west coast. The three principal stopping places will be at Qualicum Beach Union Bay and Courtenay. Trains will return on the following days after reaching Courtenay.

The town of Courtenay is the business centre of the district to which Comox lends its name. It has recorded its position for some years, but no longer as the only communication with the district has been by means of steamers arriving at Comox wharf, it has not been sufficiently realized. Courtenay is the natural

(continued on Page 2)

SLIGHT DECREASE IN TRADE DISPUTES DURING JUNE.

The number of trade disputes reported to the Department of Labor during June was nine, one less than for the previous month, and two less than the corresponding month of the previous year. The total number of disputes in existence at the end of the month was twenty-one, as compared with fifteen during May. The largest disputes of the month were those of carpenters at Montreal, in which 1,000 employees were concerned, carpenters at London affecting some 200 men, and miners at Nordegg Alta., to the number of 300 directly and 600 indirectly.

COWLER KNOCKED OUT MCINTYRE

Vancouver, July 24—Tom Cowler, of Nanaimo tonight knocked out Clet McIntyre of Vancouver in the tenth round of a scheduled 15-round contest. The fight took place at the Brickhouse Arena and was attended by only a small crowd owing to the wet weather. For a time it appeared the fight would not take place as both men were unwilling to go on for the small receipts.

The fight was fairly even up to the tenth when Cowler put over the knockout punch.

CARRANZA ADVISES LENIENCY.

Victoria, , Mexico, July 23.—(Via Laredo, Texas, July 23.)—General Carranza today advocated leniency in "treatment of the conquered by the victorious Constitutionalists." His statement was made in a speech at a banquet tendered by Victoria citizens.

DRYGOODS FIRM ASSIGNS

New York, July 24 — Boessneck, Broesel & Company, importers and dealers in drygoods, made a general assignment today for the benefit of creditors. Attorneys for the firm declared that liabilities were approximately $1,250,000 and assets in excess of that sum. The assignment, according to the attorneys, was caused by the curtailment of the firm's foreign credits.

RELIEF FROM HEAT.

Chicago, July 24.—Moderate temperatures which succeeded yesterday's torrid wave throughout the central west continued today and was further freshened by showers. In this city the mercury stood at seventy six degrees at noon, 23 degrees lower than the high mark yesterday.

TEDDY MORE ANGRY

Oyster Bay, N. Y., July 24— The reply of Col. Roosevelt to the $50,000 libel suit of William Barnes today was an attack on the Republican state chairman and a promise to move the suit forward. Col Roosevelt said he would not be deterred from attacking Mr. Barnes by the suit, but on the contrary would assail him the harder. He expressed the hope that he would have the opportunity to take the stand against Mr. Barnes before election.

ASSETS EXCEED LIABILITIES

New York, July 24—The temporary receivers for the H. B. Claflin company, drygoods merchants, declared today in a preliminary report that the total assets of the bankrupt firm exclusive of notes undiscounted, were $52,876,354, total liabilities exclusive of notes undiscounted of capital stock $44,842,253. The report showed an excess of assets over liabilities of $8,034,100.

PLANER MILL STARTS MONDAY

New Ladysmith Lumber Company Installs 35 H.P. Motor and Will Start Planer Mill Working at Once.

The Planer Mill of the New Ladysmith Lumber Company which has been closed down since the fire which destroyed the sawmill two weeks ago will be reopened today or Monday. A 35 h. p. electric motor was installed yesterday by the Nanaimo Electric Light Heat and Power Company, this motor being the largest now installed in the city. The mill company would have installed a still larger motor but the Light company was not able to supply the necessary current and so the 35 h. p. machine was put in. This motor, however, will be sufficient to drive the Planer Mill, and on Monday the mill company will be in a position to handle any order which they may secure.

FIREBUG AT WORK ON FIVE ACRES

Fire yesterday morning destroyed a chicken house and 250 thoroughbred chickens owned by Mrs. John Stevens of the Five Acre Lots, the loss amounting to $1500. That the fire was the work of an incendiery, there is no doubt. Mrs. Stevens was bereaved of her husband only two weeks ago and Thursday evening Mrs. Stevens and her son Arthur, the only occupants of the house, retired at 10:30. During the early morning Mrs. Stevens was awakened by the crackling of flames and upon making an investigation discovered the Brooder House on fire. An alarm was given and neighbors assisted in preventing the fire spreading to the house and surrounding property.

Just a day or two ago Mrs. Stevens had separated the young chickens and placed them in the brooder house, all the 250 being destroyed with the building. Each chick was valued at between 35 and 50 cents. The chickens in the other building were saved.

The brooder house contained a quantity of new machinery, including a valuable Tancrede brooder, besides a large quantity of feed.

The loss will be a serious one to Mrs. Stevens as she did not have a cent of insurance on the property.

Mr. David Renwick of Union Bay passed through the city yesterday on a visit to Vancouver.

LOCAL COMPANY IS INCORPORATED

Nanaimo Transfer and Trading Company is Incorporated With Capital of Fifteen Thousand Dollars.

The Nanaimo Transport and Trading Company, Limited, has received a certificate of incorporation under the Companies Act during the past week. The new company is capitalized at $15,000, divided into fifteen thousand shares.

The following are the objects for which the Company has been incorporated:

(a) To acquire by purchase or otherwise, or to charter or hire, or to build and construct, or to order or procure to be built or constructed, any ships, vessels, tugs, lighters or barges, or other vessels of any description, or any share or shares therein, with all necessary or convenient engines, furniture, tackle, stores, and equipments, and to employ the same in the conveyance of passengers, mail cattle, produce, and merchandise of all kinds, and in towing vessels of all kinds and lumber between the ports and settlements of British Columbia and elsewhere, as may seem expedient and to acquire any postal subsidies;

(b) To carry on all or any of the business of ship-owners and shippers, carriers of passengers, freight, goods, wares, and merchandise by land and water, warehousemen, wharfingers, tug-owners, scow-owners, barge-owners, lightermen, forwarding agents;

(c) To construct, own, purchase, lease, or otherwise acquire wharves, piers, docks, and jetties, and to acquire by staking, purchase, pre-emption, or otherwise, and to hold, manage, work, improve, sell, and turn to account, any lands and hereditaments in the Province of British Columbia or elsewhere, and to subdivide sell, manage, lease, sublet, or otherwise dispose of the same or any part thereof, or any interest therein, and generally to acquire any real or personal property and any rights or privileges which the Company may think necessary or convenient for the purposes of its business, etc.

AFTER BRESNAHAN

St. Louis, Mo., July 24 — Roger Bresnahan, asked to succeed Mordecai Brown as manager of the St. Louis Federals, has refused, but refused in such terms that President E. A. Steinin of the Federals believes it is merely a matter of time before the big catcher will become a manager in St. Louis again.

James Baird, a striking miner who is out on suspended sentence in connection with the strike disturbances of August last, appeared before Magistrate Simpson in the Provincial Police Court yesterday on a charge of vagrancy, the alleged offence consisting in calling an employee of the local mines a "scab." Baird was remanded for eight days without bail.

Mr. William Martin, Newcastle Townsite, was operated on for appendicitis in the local hospital yesterday. He is reported as doing very nicely.

SNOWDEN SPEAKS ON HINDU TROUBLE

Winnipeg, July 24—Phillip Snowden, Labor M. P. for Blackburn in the house of commons, speaking on the Hindu question and troubles at Vancouver, said last night: "There is a funny side to that business, but from an imperial point of view it is a serious question. If the British empire means anything at all, it means equal rights for all within the empire. I don't think that you will ever be able to keep the empire together if you are going to erect an impassible barricade against the people of one part coming into another section of the empire. FIVE THOUSAND PERSONS IN DANGER

Brisbane, Australia, July 24—Ships were on their way today to rescue the population of Aoba Island in the New Hebrides, reported in danger of being swallowed by the ocean in a series of violent earthquakes. Its inhabitants number about 5000.

Mr. and Mrs. Stenhouse, who have been spending a two months' holiday with Mr. and Mrs. Law at their residence on Gabriola Island, left yesterday morning on their return to old Scotland.

Mr. Harry Shepherd, jr., the well known pitcher of the Nanaimo Federal Baseball Club is contemplating opening a Pool and Billiard parlor in the new Young Block on Victoria Crescent.

Mrs. Grahame returned home to Vancouver yesterday from visiting her parents, Mr. and Mrs. J. D. Stewart, Victoria Road.

EUROPE FACES GENERAL WAR

Situation is One of Extreme Gravity Over Austrian Ultimatum to Servia—Austria Faces Revolution at Home.

London, July 23—European diplomacy tonight faces a situation of supreme gravity, and it is not unlikely that war will occur between Austria and Servia. It is almost universally believed in the capitals of Europe that Servia will not comply to Austria's demands that an answer be sent to its ultimatum within twenty-four hours.

Russia is endeavoring on behalf of Servia to get the 48 hour time limit extended, but it is not known with what success. In the event of hostilities Montenegro has stated its intention of supporting Servia in which case Germany and Italy will support Austria with men and money, but with the probability of Russia backing up Servia, Austria faces the prospect of a revolution at home.

Vienna, July 24.—All Austrian and Hungarian reservists living abroad were warned by the army authorities today to be in readiness to join the regiments at twenty-four hours' notice.

Paris, July 24—The prevailing tone of the French press in connection with the Austrian note to Servia is expressed by The Temps today. That note says the document is without precedent for its arrogrance and unlimited demands, and considers that if Servia allows Austrian peace activities in Servian territory, the independence of Servia is lost.

Berlin, July 24.—Austrian reservists residing here were instructed today to hold themselves in readiness to return to Austria and join their regiments at the shortest notice.

The grave possibilities with the strong Austrian note to Servia, which virtually took the form of an ultimatum, demanding the suppression of the Pan-Servian movement and the punishment of those concerned in the assassination of the late Archduke Francis Ferdinand, are recognized today in official circles here. It is realized that further serious developments in Austro-Servian relations are inevitable unless Servia complies with the Austrian demands.

It is believed in authoritative quarters that the Servians will yield unless assured of support from outside, and for this reason official eyes here are today turned less toward Belgrade than to St. Petersburg, where the council of ministers is expected to settle the question of peace or war. It was stated that Germany had not been consulted regarding the Austrian note to Servia before its delivery but that she thoroughly approved of the step taken and was prepared for all the consequences that might ensue from it.

It was pointed out that should Russia take part against Austria, Germany would be fully prepared to draw the sword on behalf of her ally Italy, in accordance with the terms of the triple alliance between Germany, Austria and Italy. Comment in the German press today strongly supports Austria.

The stock market broke badly under the fear of general European complications. Securities in large amounts had been unloaded at the declines, and the breaks in Austrian and Russian specialties assumed almost a panicky form.

AUSTRALIA WON TENNIS DOUBLES

Chicago, July 24—Australia's great tennis team today earned the right to play the winners of the Great Britain-Germany matches to decide the challenging team for the Davis trophy, by defeating Canada in straight sets in the doubles. Brookes and Wilding won a clean cut victory by winning the singles yesterday and taking today's doubles from Powell and Schwengers 6-4, 6-3, 6-4.

The Canadians were outclassed but put up a game fight and won the plaudits of the 1800 tennis enthusiasts who witnessed the game.

Mr. Charles Graham of Coleman, Alberta, formerly of Nanaimo is in the city visiting relatives and friends.

THE ROYAL CONFERENCE

The Liberal press in England which so hotly denounced the intervention of the King in the Irish trouble has considerably modified its language since Premier Asquith assumed full responsibility for the conference. As a matter of fact a great deal of the criticism levelled against His Majesty was based on nothing more substantial than political hair-splitting. The talk of civil war has been in the mouths of the great majority of the King's subjects. It is not a question of who is responsible for this threatening situation. The King was dealing with a fact, and it is the blindest folly to deny the imminence of civil war. The situation is indeed so threatening that no one will quarrel with the methods used to bring about a settlement. No one in Great Britain but the King himself could have secured the present conference. And Premier Asquith declares that in summoning the conference His Majesty acted within his constitutional rights. The general feeling will be that he should be praised not blamed for his action, just as the general hope is that the conference will have a successful issue As to this almost the whole British press has been deceived. All the newspapers without regard to their political complexion were satisfied that the conference was on the eve of collapse on Wednesday night. Now they have to admit that there is still hope of a settlement being arranged. It would certainly say little for British statesmanship if the conference did not reach an agreement. The King was most emphatically right in his observation that the point at issue was one which permitted of a reasonable adjustment. This has been the feeling of the great majority of his subjects since first the present crisis began to develop. There is no doubt that the leaders now meeting in the King's Palace can adjust their differences. It is only a question of dropping politics far enough and long enough to do it.

SERVIA AND AUSTRIA.

War clouds are again lowering over the Balkan States. Austria has addressed a peremptory note to Servia demanding satisfactory assurances regarding the movement to which is attributed the assassination of Archduke Francis Ferdinand and his wife. It is difficult to see how Servia is to give the assurances demanded by its bullying neighbor. It is only natural that there should be a strong anti-Austrian feeling among the Servian people, and Austria itself is entirely responsible for it. Austria indeed is cutting a very inglorious figure. She took no part in the last Balkan war, but when the Turks had been defeated and peace declared took from Servia the provinces of Bosnia and Herzegovina. It was a blatant act of piracy. It was not only a violation of the good faith of nations, but a deliberate rupture of an international treaty. Servia had absolutely no redress. Russia was ready to support her against Austria, but Germany moved out behind Austria. Russia was in no condition to oppose the German Empire and had to withdraw with what honor and grace it could. Servia had to submit to the Austrian spoliation and bow to the bitterest humiliation that can be put upon a proud people. It was the first instance in many years of a big nation spoiling and robbing a weaker country. The surprising thing is that it should not have upset the concert of the Powers and convulsed Europe. Now it seems Austria is about to play the bully once again. It is not to be expected that the Servian people would readily forget their humiliation. It is only natural that they should cherish the bitterest hatred of Austria, and there is little doubt that the assassination of the Archduke and his wife was dictated by this anti-Austrian feeling. Austria is really asking for assurances against a wholly natural feeling of resentment which Austria itself created. Having first of all appropriated two provinces, Austria is inclined to use the hostility thus aroused among the Servian people as a pretext to crush the whole country. Servia's only possible source of protection is Russia. Yet if Russia moves to Servia's aid Germany will line up with Austria. Indeed it is even suspected that Austria's action is being inspired by German diplomacy. Whether this be so or not the position is that Servia has to submit to the browbeating and bullying of Austria, and that if Russia moves to her protection then there will be another European conflagration. Still if diplomacy has resolved itself into a game of chess the situation might be remedied. Not very long ago France and Germany were on the verge of war over a Morrocan incident. There would have been war but for the interference of Great Britain. British diplomacy moved the might of the Empire behind France, and Germany acknowledged the check. In the present situation a combined move by France and Great Britain would absolutely prevent any possibility of war. It is improbable that the people of Germany would favor a war in favor of such a piece of national piracy as Austria carried out against Servia. The strange thing is that Germany should be willing to support Austria in the spoliation of Servia even to the point of embroiling Europe in war. It is certainly a curious commentary on the Christian civilization of Europe.

NEW EXHIBITION BUILDING

Prince Rupert, July 23.—Work has started on the erection of the Exhibition Association new building on Acropolis Hill. This year the first wing of the building, giving 10,000 feet of floor space for industrial exhibits alone, will be completed. Both provincial and civic governments have given substantial support.

A porcupine wandered into a Prince Rupert residence the other evening, walked upstairs and finally climbed to the top of a partition in a suite of rooms. It appeared guided by the principle of getting as high as it could in this world.

An inquest was held by Dr. A. D. Morgan, coroner at Alberni on Saturday last, on the death of Jack Congdon, caretaker of the Golden Eagle mine, whose body was found close to his cabin by Peter Johnstone, Provincial fire warden, on Friday. The jury found that Congdon had taken his own life by shooting himself in the head with a rifle while temporarily insane. The body was buried on the premises.

ALLEGED SLAYER ARRESTED.

Montreal, July 23—Albert Leclare, the alleged slayer of Odona Guay, the coachman who was found a month ago with four bullets in his body and who died, was arrested in a Greek restaurant here today by a detective from Quebec.

ULSTER MAY START THE BALL ROLLING

New York, July 24.—A London cable says: "The rumor is current that the Ulster covenanters intend to set up a provisional government immediately the news comes of the failure of the palace conference. The difficulties of Sir Edward Carson and his friends will begin the minute they proceed to act, and while his majesty's ministers do not contemplate any offensive action against the covenanters, they will be bound to meet force with force, if the Ulstermen take the aggressive."

There were 3,846 firms or persons licensed for brewing in the United Kingdom last year, the license duty paid being £400,034. The quantities of materials used were: Malt, 52,287,637 bushels; unmalted corn, 91,068 bushels; rice, maize, etc., 1,611,556 cwt.; sugar, etc., 3,279,814 cwts.; hops, 62,911,376 pounds; hop substitutes 18,885 pounds.

According to a report brought south by Capt. Donald, master of the G. T. P. steamer Prince George, the sockeye salmon have commenced to run on the Skeena and Naas rivers. The fishermen are averaging 100 fish to the boat every day, and as the canneries are paying 15 cents a fish, the net-men are doing very well.

A Real Lever Simulation

GOLD WATCH FREE.

A straightforward generous offer from an established firm. We are giving away Watches to thousands of people all over the world as a huge advertisement. Now is your chance to obtain one. Write now, enclosing 25 cents for one of our fashionable Ladies' Long Guards, or Gents' Alberts, sent carriage paid to wear with the watch, which will be given Free (these watches are guaranteed five years), should you take advantage of our marvelous offer. We expect you to tell your friends about us and show them the beautiful watch. Don't think this offer too good to be true, but send 25 cents to-day and gain a Free Watch. You will be amazed.—WILLIAMS & LLOYD, Wholesale Jewellers (Dept. 150), 69, Cornwallis Road, London, N., England.

Information has reached the marine editor of The Vancouver Province that the Norwegian steamer Christian Michelson, which rumor has stated is near Cape Flattery with another complement of Hindus for Vancouver, is nowhere near this coast. In fact she is on the other side of the world for two weeks ago she was at the little Welsh coaling port of Penrath, having arrived there on July 1 from Rotterdam. She left Rotterdam on June 28. Penrath is four miles from Cardiff, the big coaling port, and it is understood the Christian Michelson was loading for Perim.

MARSHAL AND DEPUTY ARE KILLED.

Tuisa, Okla., July 23—Holmes Davidson, United States marshal for this district, and William R. Plank, deputy, were shot and killed here today by William Barber, when they attempted to enter the latter's residence to search it for contraband.

MILITARY CONSPIRACY UNCOVERED AT LIMA.

Lima, Peru, July 23—A conspiracy against the government was discovered last night and a large number of plotters were surprised and captured in the residence of Dr. Garardo Balbuena Barranco. The prisoners included seven militiamen, all of whom confessed that it was their intention to overturn the government.

TRIBUTARY TO NANAIMO CITY

(Continued from Page 1)

point from which the intending settler will begin his inquiries, and to which he will come to do business when he has found his home. Courtenay is situated on the banks of the Courtenay river, formed by the junction of the Puntledge and Tsolom rivers.

The agricultural advantages of the valley have been famous all through Vancouver Island's history. All fruits and vegetables do well, besides heavier crops, and dairying, for which the district is famous. At present the local demand from the mining town of Cumberland and the newly opened mining areas, such as No. 7 and No. 8 mines, where large towns are springing up, as well as from the logging camps, the sea-ports of Union and Comox, is greatly in excess of the supply. The amount of cleared land now being farmed in the Comox district is estimated at more than 10,000 acres. There is also a great deal of good land still uncleared and this is being rapidly taken up.

The mining and logging industry has always been a conspicious feature of the district. The two principal companies which are responsible for the payroll are the Canadian Collieries company and the Comox Logging & Railway company. The former have their headquarters at Cumberland, a town of 2,000 inhabitants, situated about six miles from Courtenay, and connected by about ten miles of railway with the company's coal wharves and foundry at Union Bay. The company operates five mines including that known as No. 8, connected with Union Bay by railway shortly to be electrified from the power plant on the Puntledge river. The coal company ships an average of 50,000 tons of coal per month, and their month's payroll, irrespective of supplies, is in the neighborhood of $100,000. They employ about 1,600 men.

The Comox Logging & Railway company is the supply point of the Fraser river mills at New Westminster. It is estimated that 60 per cent. of the entire cut of British Columbia comes from the Comox district, and there is sufficient timber to last the company for 50 years. The company, which is one of the biggest logging outfits in the world, runs eight camps and have about seventeen miles of railway connecting the headquarters of the various camps with the company's booms in Comox bay, from which about half a million feet of lumber is being put into the sea per day and towed by the company's fleet of tugs to New Westminster. This company employs about 600 men and their monthly payroll, exclusive of supplies, amounts to about $40,000. There are also several sawmills in the neighborhood.

YOUR HAIR NEEDS PARISIAN SAGE

It Quickly Removes Dandruff, Stops Falling Hair and Scalp Itch.

Just because your hair is full of dandruff, thin, streaky, dull, and never will do up to look pretty, do not think it must be so. Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is only a matter of a little care. Hair is like a plant—it needs attention.

A little Parisian Sage, one of the most helpful and invigorating tonics frequently applied, and well rubbed into the scalp, will work wonders. Just one application stops itching head, removes dandruff, cleanses the hair and scalp of all dust and excessive oil. It goes right to the hair roots stimulating them and furnishing the nourishment that is needed—the hair becomes soft, fluffy, abundant and radiant with life.

Parisian Sage not only saves the hair and stimulates it to grow long and heavy but gives it that incomparable gloss and beauty so much desired by both girls and women of all ages.

Get a bottle at once. Use it as directed and if you are not both surprised and delighted with results be will return your money.

Parisian Sage is faintly perfumed—no lasting odor—not sticky or greasy and is sold in 50 cent bottles at drug and toilet counters everywhere. There is no other "Just-as-good." Accept nothing else.

NOTICE

Notice is hereby given that on the 3rd. day of August next application will be made to the Superintendent of Provincial Police for a transfer of license for the sale of liquor by retail in and upon the premises known as the Somerset Hotel, situated at Wellington district, in the province of British Columbia, from Frederick George Jarrett to Joseph Emerson Carr of the said Wellington district, province aforesaid.

NEWS OF SPORT

VICTORIA ALL STARS PLAY HERE SUNDAY

A Victoria all-star baseball team will visit Nanaimo Sunday and try to lower the colors of the local Federals. Manager Benedict has been preparing for this invasion and has his team on edge for Sunday's conflict. The game will be played on the Caledonian Grounds, commencing at 2:30, the teams lining up as follows:

VICTORIA ALL-STARS

Catcher, Townsley; pitcher, Balcom 1st Base, Bray; 2nd Base, Moore; 3rd Base Milne; SS. Brown; C. F., Burns L. F. Potts; R. F. McGregor.

NANAIMO.

Catcher, Piper; pitcher, Boyce; 1st Base, Martin; 2nd. Base, Killeen. 3rd Base, Shepherd; SS. Little; R. F. Drake; C. F. Beattie; L. F. Weeks.

GRIZZLIES TO PLAY NORTHFIELD SUNDAY

A good exhibition of baseball will be given next Sunday afternoon, July 26th, at 3 p. m. on the Northfield grounds, when the Beavers will battle with the famous Grizzlies, of Nanaimo. The Beavers are prepared to go the whole distance as Manager Bennie is working his men, and hopes to pull off a victory for his team. He would like to have a game with the celebrated Parksville nine, in the near future if satisfactory arrangements could be made. Manager Bennie will line up the Beavers in the following order, so as to get a good line on the new players.

Catcher, H. Gerlock; pitcher, W. Wilgress; 1st base, H. Zaccerilla; 2nd base, Wm. Stolzenberg; 3rd base, A. McDonald; short stop, J. Clarkson; right field, E. Wilgress; centre field, A. Ross; left field, R. Zaccerilla; reserves, Neil Clarkson, W. P. Ferguson; manager, Sam Bennie.

Belfast, Ireland, has a municipal abattoir.

Minard's Liniment Co., Limited.

Gents,—I cured a valuable hunting dog of mange with MINARD'S LINIMENT after several veterinaries had treated him without doing him any permanent good.

HIGH SCORES IN PROVINCIAL SHOOT

Vancouver, July 24.—The scoring in the British Columbia rifle matches at the Richmond range yesterday was again very high. The weather was fine and warm, and the wind, although inclined to be unsteady at times, was, on the whole, more satisfactory to the marksmen than on Wednesday.

Three matches were competed for during the day, the Lieutenant-Governor's match (first stage), the Westminster match and the Victoria match and two ties were shot off.

In the Lieutenant-Governor's match the blue ribbon event, Captain T. Cunningham, 104 Regiment, New Westminster, was leading man with the magnificent score of 103 out of 105, including a possible score at 600 yards. This score wins him the B. C. R. A. silver medal. Five other competitors were successful in attaining the century mark.

The highest ninety-six competitors will compete in the second and final stage on Saturday. All competitors having a score of 93 or better are included in the second stage. As the 97th man had 92 there will be no shootoff for the final place. The scores in this match will be published at the completion of the second stage.

In the New Westminster match, ten shots at 500 yards, five competitors, viz, Color-Sergeant B. H. Anderson, 88th Regiment, Victoria; Sergeant-Major Doyle, 5th C. G. A., Victoria; Gunner McCallum, 5th C. G. A., Victoria; Major Sclater, 6th Regiment, Vancouver, and Lieutenant Thomas, 50th Regiment, Victoria, all tied for first places, each having the possible score. The tie was decided by firing five shots each at 500 yards on the completion of the day's firing. Gunner McCallum made 24 in the shootoff and wins the cup.

NOTICE.

Take notice 30 days after date I, E, Brenton, occupation farmer, intend to apply to the Provincial Government for permission to lease the following described land situate in Oyster Harbour, Vancouver Island, B. C. in the district of Oyster. Commencing at the northwest corner of Oyster lease No. 21 situate at Oyster Harbor, thence north 8 chains, thence N. 31 deg. 31 min. E 11 chains and 66 links, thence south five chains, thence west eleven chains and ten links to place of commencement containing about 7¼ acres for the purpose of oyster culture.

E. BRENTON,
119-30t. Nanaimo, July 24.

BRIEF MENTION

BIRTH—In this city on Thursday, Aug. 23rd, to the wife of Mr. John Duncan, Irwin street, of a son.

Miss V. Gibson returned home yesterday from a visit to relatives in Vancouver.

Mr. Henry Shepherd and son Harry returned last evening from a business trip to the Mainland.

Dr. L. J. O'Brien was over to the Mainland yesterday on a business trip.

Mr. George Rowland of Vancouver formerly of Nanaimo is spending a two weeks' vacation with friends in the city.

Mrs. Carmichael, Irwin street, returned last evening from a visit to friends in the Terminal City.

Chocolate Ice Cream at the Oasis every Saturday, 10 cts. a dish. tf

J. S. Robertson, one of the Nanaimo "Crusaders" trying to call a general B. C. strike on account of the local situation, addressed the Victoria Trades & Labor Council on Thursday. He will spend the next few days in Victoria.

Among the passengers on the SS. Princess Patricia from Vancouver last evening were Robert Smith, Geo Slater, Mrs. V. H. Watchorn, Mrs. J. M. Donaldson, M. McArdle and Mr. and Mrs. Fred Jarrett.

Mr. and Mrs. H. H. Welch, of Vancouver, formerly of Nanaimo, announce the engagement of their daughter Lillian to Mr. R. H. McAdam, the wedding to take place in September.

Dr. G. B. Brown left for the Mainland yesterday on a business trip.

Miss Margaret Taylor, a sister of the Hon. Thomas Taylor, Minister of Public Works, died at the Royal Jubilee Hospital, Victoria, on Wednesday evening last, following an attack of pneumonia.

Mrs. A. C. Van Houten has returned home from a visit to her sister, Mrs. Erb, Seattle.

Mrs. William Edminston and daughter left yesterday on a visit to friends in the Terminal City.

Mrs. William Crossan returned home yesterday from a visit to relatives in Nanaimo.

Mr. William John returned to Nanaimo yesterday from Vancouver where he met Mrs. John and family upon their arrival from the Old Country.

The campers along the gulf shore in the vicinity of White Rock had the unpleasant experience of being awakened out of their sleep at 3 a. m. yesterday by the fire wardens and told to leave their camps for fear of being enveloped by flames from the forest fires. Men, women and children turned out at short notice and retreated for a few miles to the south until the danger had passed.

In order to show the residents of Vancouver Island in an effective way just what goods are manufactured in British Columbia, the Manufacturers' Association of British Columbia is endeavoring to secure one of the old pattern observation cars of the C. P. R. to be fitted up as an exhibit car. It is planned, if satisfactory arrangements can be made for securing the car, to run it over the E. & N. Railway, stopping off for a few days at various points and thus showing the inhabitants what things they do not have to send out of the province for.

Messrs. Porter and Olsen, of Victoria arrived in the city last evening by auto.

Messrs. Barney Bolster, of the Wilson Hotel and Jos. Shields of the Vancouver Milling and Grain Co., returned to the city last evening from a business trip to Campbell River and Comox District.

Nymo Ice Cream—the best made. Hygenic, healthful and tasty. 1t.

In connection with the forthcoming Agricultural Exhibition to be held here in September, the Brackman-Ker Milling Co. are offering valuable prizes to be competed for by users of their well-known product "Purity Flour." The maker of the best loaves of bread entered in the competition will receive a prize of $12 The second prize will be $7.00 and the third a barrel of "Purity" flour.

RENDERED VERDICT RE HILLCREST EXPLOSION.

Hillcrest, Alta., July 24.—The commission of enquiry into the Hillcrest mine disaster made known its verdict tonight. The commission declares the disaster was caused by an explosion of gas and dust, and attached a rider to its findings to the effect the commission believed the company had infringed the Mines Act. The commission also recommended the government enforce an inspection at least once a month to see that no matches were taken into the mines.

Sprinkling Notice

The public are hereby notified that sprinkling is allowed from 7 a. m. to 9 a. m. and 7 p. m. to 9 p. m. each day. Any person found using sprinklers outside of these hours will have their water shut off.

By Order,
W. A. OWEN,

MEXICO SEES PEACE AT HAND

Understanding Will Soon be Reached Between Warring Factions---No Animosty For Murderers of Madero.

Washington, July 25 — Confident that peace was at hand in Mexico, administration officials today awaited the outcome from the meeting at Tampico between Carranza and Reginaldo Cepeda, envoy of the Carbajal government to arrange for the transfer of administrations in Mexico City. Belief was expressed that they would speedily reach an understanding.

All that the Carba'al government seeks is amnesty for political offenders and general guarantees for the people living in the territory once controlled by Huerta. Carranza is ready to grant that, but he will not give immunity to men involved in the plot that resulted in Madero's assassination. Probably Provisional President Carbajal will not object to that exception.

Anxiety over the position that Villa might take during the period of Mexico's reconstruction considerably was relieved by word from the northern general that he would do all in his power to inaugurate an era of peace and would co-operate with the other constitutionalist leaders. Emilio Zapata's southern rebels continued their operations in the small towns near the capital, but they were not considered as a serious menace, because Zapata has promised his co-operation in the task of pacification.

El Paso, Texas, July 25—A concession to export from Chihuahua state all the cattle owned by Luis Terrazas, sr., was consummated with General Villa today, according to an announcement by J. E. Garrett, of Corpus Christi, Texas. It was said the first shipment would total approximately 200,000 head, and that most of the cattle would be marketed at Kansas City, Fort Worth and Chicago, the remainder being taken to ranges in southwestern United States. Close Mexican observers here predicted that this deal ultimately would result in the release of Louis Terrazas, jr., who has been held a prisoner by General Villa on account of his alleged Huerta sympathies.

PRINCIPAL ARCH[illegible] SCHOOL [illegible]

The school gardener[illegible] interested to learn that Principal Archer inspected their [illegible] last night, as the result of which he addresses them the following letter:

July 25, 1914

My Dear School Gardeners,—I made an inspection of your gardens this evening and in many cases I was both pleased and surprised at the manner in which you have kept up the work during the vacation. Gardening can be made one of the pleasantest occupations of your lives. It keeps you out in the wind and sunshine. It makes you healthy. It gives you beautiful results. Persevere and learn by doing. I saw some lovely petunias, phlox and zenias. The judges will saon visit the gardens again. A few of the plots show signs of utter neglect in spite of the promises made to me on the 26th of June. Here are my notes made this evening:

Plot A—Insufficiently watered, surface hard in places.

Plot B—Surface nicely cultivated; not enough flowers.

Plot C—A late garden—improving very much.

Plot D—Dried out owing to want of water. This plot being so high should be watered daily.

Plot E—Some nice blooms in this garden.

Plot F—The petunias are beautiful and well tended.

Plot G—Flowers are scarce in this garden.

Plot H—A beautiful display of petunias here.

Plot I—Great improvement here.

Plot J—Needs cultivation very much.

Plot K—A nice garden.

Plot L—Not enough plants. Phlox good.

Plot M—A very nice garden.

Plot O—Plentifully watered but do not pour water on in floods; sprinkle it.

Plot P—Good zenias here.

Plot Q—Marigolds good and well cared for.

Plot R—Petunias good.

Plot S—Judgement bad care worse.

Plot T—The owners of this garden ought to be ashamed of it.

Plot U—This garden is like a graded road.

Your Affectionate Friend.

R. M. ARCHER

FOUR LIVES SAVED BY BOY SCOUT

Souris, Man., July 25.—Jack Sowden, a twelve-year-old boy scout, went in his canoe to the rescue of four people who were drowning at the bathing beach at the park landing on the Souris river and succeeded in saving them all.

AGAIN PRESIDENT OF WESTERN FEDERATION.

Denver, Col., July 25— The committee which canvassed the referendum vote for officers reported today to the conference of the Western Federation of Miners the election of the following:

President, Charles H. Moyer; vice-president, C. E. Mahony; secretary treasurer, Ernest Mills.

CONSIGNEES SATURDAY

Nanaimo Dairy, Electric Light Co., Union Brewing Co., Randle Bros., City Nanaimo, J. Hirst, Hygh Bros. A. R. Johnston, W. W. Gray, Workman's Co-Op., Hayward & Dods, J. H. Malpass, J. A. Humphries, Daily Herald, Thompson, Cowie & Stockwell, Geo. S. Pearson, New Lady. Lbr. Co., Harvey Murphy, F. Clarke, M. A. Rowe, Nan. Hardware, F. J. Ellison, J. H. Good, R. Isherwood, J. S. Knarston.

The many friends in the city of Mr. Joseph Parkin will be pleased to learn he has sufficiently recovered from his lengthy illness as to leave the Vancouver General Hospital. Mr. Parkin returned to Nanaimo last evening and proceeded on through to Comox where he will visit with relatives for a couple of weeks.

REBELS LOST BIG BATTLE

Adherents of Zapata Routed in Ten Hour Engagement--Two Hundred Killed or Wounded.

Mexico City, July 25—After a severe fight which lasted for more than ten hours, the Zapata adherents who attacked the town of Ozumba, thirty miles southeast of the capital, have been routed by government troops. According to official reports nearly 200 of Zapata's men were killed or wounded in the engagement.

The war office reports that Pascual Orozco is almost surrounded by government troops at a point near the Michacoan border. His capture, it was said, was expected at any moment.

General Eugenio Parez, general treasurer of the republic during the administration of President Huerta, cannot be arrested, as he is on board the British cruiser Bristol in Puerto Mexico harbor.

Ninety officers and 120 men, the only suvivors of the former Guadalajara garrison, arrived here Friday. They report that more than five thousand men were killed or wounded in the battle fought around Guadalajara.

The Quarterly Meeting of the Nanaimo Branch of the Society for Preventing Cruelty to Animals will be held on Tuesday evening in all probability. Further particulars will be announced later.

The provincial police authorities have been requested to locate the present whereabouts of Henry Edward Dowding, who left London, England, on July 4, 1911, en route for British Columbia, with the intention of taking up land. Since his departure his wife has not heard from him, and is now seeking assistance in her search.

Mrs. Herb. Hemer returned last evening from a visit to friends in Vancouver.

Europe On Verge Of a Terrible War

Servia Rejects Ultimatum of Austria and is Mobilizing Army for a Death Struggle—Austrian Embassy Leaves Belgrade for Vienna.

Russia Mobilizes Entire Army

German Populace Hold Big Demonstrations and Shout "Down with Russia" and "Down With Servia"—French Populace Throng Streets of Paris and Cry "On To Berlin."

St. Petersburg, July 26.—The mobilization of the Russian army will proceed immediately. Tonight the Emperor signed all documents necessary for the urgent gathering together of all forces of the Empire.

Berlin, July 26.—The German Foreign office is outward calm, but a feeling is displayed that Germany must at all hazards stand by the Triple Alliance.

Cettinje, Montenegro, July 26.—Austrian troops are on the move against Rajofa and 22 Austrian warships were seen today manoeuvring off the coast. The movement of the Austrian forces leads to the belief the first point of attack in the event of war would be on Mt. Lovchen, overlooking Rajofa.

Berlin, July 26.—A despatch from Budapest, states that Servia's Chief of General Staff was arrested today by Hungarian officers while on his way to Belgrade.

London, July 26.—An European war cloud appears on the horizon as the Servian government has refused to comply to Austria's demands which are considered here to be the most insulting made by any nation. At 5.50 tonight when the time expired for Servia to comply with Austria's demands Servia delivered an answer which was unsatisfactory and the Austrian minister immediately left for home. The terms of Servia's reply has not been made public, but it is understood that Servia expressed a willingness to comply with some of Austria's demands while others were absolutely refused.

Belgrade, July 26.—Diplomatic relations between Servia and Austria have been broken off and the populace believe war is a certainty.

Vienna, July 26.— Everywhere throughout the Empire demonstrations are being held, the populace clamoring for war against Servia.

Berlin, July 26.—Great demonstrations were held in many sections of Berlin tonight, and the strains of the German National Anthem were heard from time to time. The enthusiasm of the people could not be much greater even if Germany herself was going to war. About 2000 persons assembled in front the Austrian Embassy tonight when Servia's reply to Austria was made known, the demonstrators shouting "Down with Servia," "Down with Russia," "Hurrah for war."

Paris, July 26—The Ministers of Marine and Commerce, who are away on their vacations, have been ordered to return to Paris at once. Big demonstrations were held in Paris tonight the populace shouting "Long live the Army," and "On to Berlin."

Rome, July 26.—All Italy appears to be in concert with Great Britain in an effort to preserve peace in Europe.

Paris, July 25—That Austria's ultimatum to Servia has caused the gravest situation in which Europe has found itself for a long time is the opinion expressed by the newspapers this morning. Whether there will be a conflict it is agreed depends almost entirely upon the attitude of Germany and Russia.

Servia, says the Journal, will not allow itself to be strangled without appealing to Europe, but it adds that it regards the quarrel such as can only be regulated by cannon. Austria and Germany, according to the newspaper, are simply taking the assassination of Archduke Francis Ferdinand as a pretext to a design more grave and yast. It concerns the recognition by the free nations of Europe of the superiority of the Triple Alliance.

St. Petersburg, July 25—At yesterday's council of ministers Sergius Sasanoff reviewed the Servian crisis War Minister Soukhomlinoff explained the condition of the Russian army and the other ministers spoke on the internal situation and labor troubles. It was decided that the internal situation was not weighty enough to warrant Russia abandoning Servia to her fate. Russia, it was stated, was in far better military condition than she was in 1902 prior to the Japanese war. She has now thirty-one army corps and the most modern artillery and equipment.

It was the general opinion of the ministers that a nation with flourishing finances and such an army could not afford to permit the humiliation of a friendly state, and that Austria's action could only be regarded as a challenge to Russia. To this later opinion M. Sasanoff declared there could be but one answer. It was the opinion of the ministers that should Bulgaria venture to assist Austria she would be attacked by Roumania.

Vienna, July 25 — Although the peremptory character of Austria's ultimatum and the brief time allowed Servia to reply came as a surprise to the Austrian public, the government's action meets with approval.

Germans and Austrians have for several years attributed the bad trade in the monarchy and the crushing taxation caused by repeated mobilizations to Servian hostile intrigues and there is a feeling of relief therefore that matters have been brought to a head and that Servia will be called upon to settle once for all.

SERVIA MOBILIZES.

Vienna, July 25—Shortly before 6 o'clock the Austro-Hungarian minister at Belgrade presented a note to the Servian foreign office saying that the Servian reply was unsatisfactory. The Austro-Hungarian minister and the staff of the legation left Belgrade.

The Austrian Government refused all the requests of Servia for an extension of the time limit for the reply to its note.

A message from Belgrade says that orders for the mobilization of the Servian army were given at 3 o'clock this afternoon. The King of Servia, with his court and the garrison, are leaving the Servian capital. The Servian Government is to be conducted from Kraguyevatz, where there is an arsenal and an arms and ammunition factory.

ENGLAND WEALTHIER THAN GERMANY

London, July 25—England if $7,500,000,000 wealthier that Germany. At least this was the statement made at the meeting of the Royal Statistical society by Edgar Crammond, who read a paper on "The Economic Relations of the British and German Empires." After dealing in detail with the development of both countries since the accesion of the kaiser in 1888, Mr. Crammond said that though the ratio of increase of German wealth is now approaching that of the United Kingdom, Britain's national wealth may be estimated to exceed that of Germany by at least $7,500,000,000. The average wealth per head in the United Kingdom is much greater than that of Germany, and during the past 18 years, notwithstanding the wonderful advance that Germany has made, England's increase has been very much larger than Germany's.

Moreover, if the comparison of aggregate national wealth and national income be made upon the basis of the whole British Empire, it will be found that the national income of the British Empire exceeds $17,500,000,000, and the national wealth amounts to approximately $125,000,000,000, or $50,000,000,000 more than the wealth of the German empire. Attention was directed to the fact that whereas in the case of the United Kingdom $19,000,000,000, or 23 per cent., of the national wealth consists of capital investments in the overseas dominions and possessions and in foreign countries, only $5,000,000,000, or 6.6 per cent. of the German national wealth is invested outside the limits of the empire.

Miss Genevieve Cutler, of Vancouver, is visiting Mrs. S. Coburn, Richards street.

PROPOSED ATLANTIC FLIGHT POSTPONED

Hammonsport, N. Y., July 25.—Lieutenant John C. Porte will not attempt to fly across the Atlantic until October 1. This decision was reached today as a result of a conference between Glenn H. Curtiss, Lieut. Porte, Will Gasse, the personal representative of Rodman Wanamaker.

CANADA AND WORLD'S SUPPLY OF COAL.

America has the most coal of any of the five continents. This was shown in the report compiled by a special committee composed of G.G. S. Lindsay, Toronto; F. D. Adams, Montreal, R. W. Brock, of Ottawa; D. B. Dowling and Charles Fergie, of Nova Scotia; James McAvoy, of British Columbia, and J. B. Porter of Montreal, and appointed to study the world's coal area. Of the American continent's reserve, Canada has 2,158,000,000 tons of anthracite, or 1,234,769,000,000 tons of all three classes; the United States has 19,684,000,000 tons of anthracite, or 3,838,657,000,000 tons altogether; Newfoundland with no anthracite, has 500 million tons of bituminous and Central America five million tons altogether.

Coal Resources of Canada.

Taking the provinces of Canada the actual and probable reserves are stated as follows:—

Nova Scotia—Actual reserve bituminous, 2,188 million tons, probable reserve, 7,531 million tons.

New Brunswick—Probable reserve, 151 million tons bituminous.

Ontario—25 millions tons probable reserve sub-bituminous and lignites.

Manitoba—160 million tons probable reserve sub-bituminous and lignites.

Saskatchewan—54,700 million tons probable reserve sub-bituminous and lignites.

Alberta—Actual reserves: 668 million tons anthracite; 3,200 million tons bituminous; 384,908 million tons semi-bituminous and lignites. Probable reserves: 100 million tons anthracite; 194,883 million tons bituminous; 491,271 million tons semi-bituminous and lignites.

British Columbia—Actual reserves: 7 million tons anthracite; 23,764 million tons bituminous; 60 million tons semi-bituminous and lignites. Probable reserves: 1,343 million tons anthracite; 45,725 million tons bituminous; 5,132 million tons sub-bituminous and lignites.

Yukon—Probable reserves: 40 million tons anthracite; 210 million tons bituminous; 4,690 million tons semi-bituminous and lignites.

Northwest Territories—4,800 million tons semi-bituminous and lignites.

Arctic Islands—6,000 million tons semi-bituminous.

Mayor Burde of Port Alberni is in the city on a business trip.

SERGT. DEWAR WON THE KING'S PRIZE

Bisley Camp, England, July 25—After a shoot off with Pte. A. G. Fulton of the Queen's Westminster, Sergt. J. L. Dewar of the Royal Scots won the King's prize of 1914 today. At the conclusion of firing at the one thousand-yard range the two marksmen were tied with an aggregate of 309 each, but the shoot off for the prize went in favor of the Scotsman and he thus carried off $1,250 and the N. R. A. gold medal and badge. The aggregate this year is very low compared with previous years, due principally, no doubt, to the unfavorable shooting conditions which have prevailed throughout the firing for the prize.

Pte. Fulton won the King's prize in 1912 and was expected to carry it off again this year, when he won the silver medal for the best aggregate in the first and second stages. However, Sergt. Dewar fired remarkably well at the final range and brought the totals level, and after winning on the shoot off, he compelled Pte. Fulton to take second prize which consists of the N. R. A. badge and $250. McAllister, of Australia, was third; Halliday, of Australia, 4th, and Lt. Smith, South Staffordshire regiment, 5th.

Color Sergt. Stoddart, 91st regiment, Hamilton, made the highest Canadian aggregate of 285, and Gunner Noble, Montreal, was the next best Canadian with 279. Other Canadian aggregates were: Lieut. McLean, Hopewell, N. S., 278; Sergt. Martin, Calgary, 268; Staff. Sergt. Laman, Halifax, 262; and Lt. Brooks Okanagan Lanhing, B. C. 255.

The possible for the King's prize is 355, and when Staff Sergt. Hawkins won it last year his aggregate was 330 and Pte. Fulton won it in 1912 with 335.

FRENCH JUDGES TO FIGHT DUEL

Challenge to Fight Duel Arose Out of Incident in Trial of Mme Caillaux for Murder of Calmette.

When the discussion concerning the reading of Mme. Gueydan's letters seemed to be going unfavorably for the defence during yesterday's hearing, Judge Albanel announced that there would be recess. The Figaro affirms today that Judge Dagoury then said in low tones: "You dishonor us, sir." The two judges after going into their private room during recess, engaged in a heated discussion, it was said. This morning, however, a report of it was made public in the Figaro which left Judge Albanel no option but to send his seconds to his colleague.

Paris, July 25—A challenge to a duel was sent today by Judge Louis Albanel, presiding judge of the court trying Mme. Henriette Caillaux for the wilful murder of Gaston Calmette, to Judge Louis Dagoury, one of three other judges sitting on the bench with him. The quarrel between the two judges arose out of an incident which occurred at the palace of justice late last night but its nature could not be ascertained.

The seconds appointed by Judge Albanel are General Jules Dalstein, former military governor of Paris, and Amile Bruneau de Labori.

IMPORTANT CHANGES AT FOREIGN OFFICE

London, July 25 — Important changes at the foreign office are in prospect. Sir Arthur Nicholson, the present head of the permanent department, is likely to succeed Sir Francis Bertie, ambassador at Paris his place being taken by Sir Eyre Crowe, one of the assistant undersecretaries of state.

It is stated that Sir Edward Grey the foreign secretary, would have liked to see his private secretary, Sir William G. Tyrrell, who recently visited America, appointed Sir Arthur Nicholson's successor, but his promotion would have infringed all established rules of seniority.

Sir Arthur Nicholson's tenure of the post at Paris is not likely to be lengthy, as the embassy there is earmarked for Lord Hardinge at present viceroy of India, who may be succeeded by Earl Kitchener.

COLLAPSED IN COURT ROOM

Mme Caillaux totally Collapsed When Brought Into Court on Sixth Day of Trial on Murder Charge.

Paris, July 25.—Madame Henriette Caillaux soon after she was brought into court today for the sixth day's hearing of the charge of murdering Gaston Calmette, totally collapsed when the reading began of the letters handed in by Mme. Gueydan. She was carried insensible from the court.

The sitting of the court immediately suspended amid great uproar. As soon as the court had opened Maitz Labori began reading some of the Gueydan letters. He remarked when he took up the second one: "In this you will find burning love, but nothing indecent, as common rumor has reported."

In the letter, M. Caillaux, writing to the present Mme. Caillaux before his divorce from Mme. Gueydan, referred to the happiness he would feel when he would press "a million kisses over your dear body."

While the reading was going on, Mme. Caillaux, with her head bent low, was crying bitterly. Her sobs could be heard over all the court room.

Then with a sigh she fell prostrate to the floor. Two republican guards standing near raised her and carried her out of the chamber. The four judges at once arose from their seats and Judge Albanel announced the suspension of the hearing.

DREW TO COMPETE AGAINST APPLEGARTH

Springfield, July 25— In order to compete against England's premier sprinter, W. R Applegrath, in the Canadian track and field championships at Toronto, Howard Drew, Springfield's negro runner, will pass up the Amateur Athletic union's national championship meeting. At that time Drew, who is the present 100 yard and 200 yard champion, will be en route for the Pacific coast to resume his studies at the university of Southern California, and by competing at Toronto he will fulfill a promise made a year ago to run at the Canadian titular meet.

The Springfield sprinter, who will wear the colors of the Los Angeles Athletic club at Toronto, plans to compete in the Eagles' meet in the same city August 20 and in the Pacific coast championships at Fresno October 2 and 3.

Shanghai, July 25—Evidences of a great awakening of interest in athletics throughout China have been reaching Shanghai, which is to be the place of holding the far eastern Olympic games next October.

VICTORIA ALL STARS PLAY HERE TODAY

Nanaimo fans are looking forward with considerable interest to today's ball game between the locals and Victoria All Stars, an aggregation which has been assembled with the expressed object of humbling Manager Benedict's nine. The locals, however, have put in some good practice this week and feel confident of taking the measure of the All Stars even though they do embrace a number of semi-professional ball tossers.

The game will be played on the Caledonian grounds, commencing at 2.30, the teams fielding as follows:

VICTORIA ALL-STARS.
Catcher—Townsley.
Pitcher—Balcom.
First Base—Bray.
Second Base—Moore.
Third Base—Milne.
Short Stop—Brown.
Centre Field—Burns.
Left Field—Potts.
Right Field—McGregor.

NANAIMO FEDERALS.
Catcher—Piper.
Pitcher—Boyce.
First Base—Martin.
Second Base—Killeen.
Third Base—Shepherd.
Short Stop—Little.
Centre Field—Beattie.
Right Field—Drake.
Left Field—Weeks.

ALBERNI ROAD.

There has been some discussion in the Victoria press as to the best methods of keeping the roads in repair. We would like to point out that it might be better to agitate the matter of making roads. In our own district the road to Alberni is far short of what it ought to be in view of the traffic that goes over it. A great deal has been done to attract tourist traffic for the island. The road from Victoria to Parksville is in splendid shape. From Coombs on to Cameron Lake the road is not only in bad condition, but at one or two points is really dangerous. The hills, because of the condition of the road, are worse to negotiate than any single climb on the Malahat Drive, and the road generally greatly militates against this trip which for scenic attractions is second to none on the island. The road should certainly receive more attention.

PLAGUES AND GOVERNMENTS

The army worm is playing havoc with the crops of the eastern provinces, and particularly with the crops of Ontario. This is a new pest, and so far, unknown in British Columbia. According to what we read of it, it swoops down in myriads from nowhere, and at widely separated points and simply devours everything in its way. The Victoria Times sees in this new scourge another penalty for the election of the Borden party in 1911. Ontario was the chief of sinners in so far as the desertion of Sir Wilfrid Laurier is concerned, and by a poetic nemesis is suffering this new plague of the army worm. The Times is treading dangerous ground. Its only idea of the political game at present is to blame the Borden government for everything that has gone wrong, and for a great many wrong things that it has not yet had time to put right. If the "Times" begins to joke and romance with this one principle of its attack, it will find itself unable to place the responsibility for anything upon the government. It would be dreadful if the Times made a joke of itself with its own readers.

CONFERENCE FAILED

After all the British statesmen gathered round the King's conference board in Buckingham Palace were unable to come to an agreement on the Ulster difficulty. Premier Asquith in making the announcement of the failure of the conference would not give any particulars as to the precise points of the breakdown. Yet it may be said that such an abortive issue to the conference is a serious impeachment of the game of politics as played even in the Old Country. To the irreconcible religious differences in Ireland has been added the political intrigues of two great parties. The average man will agree with King George that there was nothing at issue which was not capable of reasonable adjustment. The Home Rule Bill has been passed by regular and constitutional means, after the question has been before the country for a generation. It may be a very objectionable measure to a large proportion of the electorate, but of what important measure of the last thirty years can this not be said. The first principle of democratic rule is majority rule, and it is signified that the aristocratic party is the first to revolt against it. Objectionable or not the measure passed the House of Commons, and then began the Ulster revolt. Nobody at first seems to have regarded the movement as anything but a political bluff, but there is no longer any disguising the supreme gravity of the situation. The government has always shown a disposition to seek an acceptable settlement by the consent of the two Irish parties. The trouble is that there was neither rhyme nor reason in the Unionist demands. The utmost the government could be asked to concede was the full and adequate protection of Protestanta in Ulster. To secure this protection the government offered the option of exclusion from Home Rule by county vote for a period of six years. As against this the Unionists have demanded the clean-cut exclusion of Ulster for an indefinite period. The time limit did not offer any serious difficulties. The government easily have made this concession. As for the other demand the Ulsterites might just as well have insisted on the exclusion of Dublin as on some of the counties in the province. The really serious difficulty in the way of an adjustment lay in the Ulster counties in which Protestants and Catholics are equally balanced. Even this difficulty should have been removed had there been a sincere attempt to reach a settlement. What will be the outcome of the situation now no one can tell, while all recognize its fearful possibilities. It may be that Sir Edward Carson and his lieutenants will set up their provisional government on Monday. This is, of course, an act of rebellion, fraught with the most serious possibilities. If it attempts the government of the whole of Ulster, of the Catholic as well as the Protestant counties, then nothing can prevent an outbreak. Perhaps this consideration alone will give pause to the leaders. Over everything and clear to everybody is the one great fact that there is nothing at stake, no one issue or series of issues, sufficient to cause civil war. No leader, and no party can afford to take the responsibility of causing or forcing an outbreak of hostilities. In this great political fact now lies the only hope of a peaceful settlement.

THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely Necessary To Health

"FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are The Best Of All Tonics To Purify And Enrich The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for $2.50 trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

The Victoria Trades and Labor Council following the action of the Councils of New Westminster and Vancouver, is against a general strike. At a meeting on Friday night it accepted the report of its two delegates who were both opposed to the proposal for a strike. The Crusaders must have an unco guid conceit of themselves to continue their mission in the face of such rebuffs as these, or, what is more probable, they are still determined to have as good a time as they can while the money lasts.

WARRANT ASKED FOR WINNIPEG GRAIN MAN.

Winnipeg, July 25 — Application made this afternoon to Judge Metcalfe for warrant for arrest and imprisonment of J. B. Campbell, former well-known member of Winnipeg grain exchange. He is accused of defrauding creditors out of a sum placed as high as $100,000, and then disappearing in the United States a month ago.

HUERTA IN JAMAICA

Kingston, Jamaica, July 25— General Huerta and the party of fugitives from Mexico accompanying him, arrived today on board the German cruiser Dresden from Puerto Mexico.

CAPTURED BY REBELS

El Paso, Tex., July 25 — Colima, capital of the state of that name and Manzanillo, important west coast seaport, have fallen into the hands of the constitutionalist troops under General Obregon.

THE LEADING BATTER

Emil Frisk continues to show the way in Northwestern League batting with Wilhoit, Holke, Boeckel and Brinker following in the order named. "Dutch" Reuther is still hitting the ball hard, being a nominal leader.

Swain of Seattle is the leading extra base hitter with a total of 55. Lewis and Killilay are tied in base stealing with 24 each, while Bennett is the leading sacrifice hitter with 36 to his credit. W. Butler is in second place with 24.

Doty is the leading pitcher of the league with 14 wins and 4 defeats and is followed by Gipe, who is credited with 10 victories and 3 defeats.

The Hillier's Conservative association was organized at a meeting held at Hillier's on Saturday night last and the names of twenty-four members, all of whom were present and took part in the proceedings, were entered on the initial roll.

ERECT WORKMEN'S COTTAGES.

Regina, July 25.—The Roman Catholic Episcopal Corporation, at Regina, has taken steps toward the erection of a block of workmen's cottages, at a cost of about $100,000, in block 216. It is expected that 300 men at least, will be employed in erecting these cottages, which will be rented to tradesmen and mechanics in Regina, at a low rate. The city has promised to instal the necessary water and sewer connections. The houses will be fully modern in every respect, containing seven rooms and bath and heated by hot air furnaces.

While the army worn has so far confined its attentions to Ontario, it is feared that a few more days of drought may cause considerable trouble in Victoria from grasshoppers. They are more plentiful than ever before, and increase in such numbers as to threaten the products of the garden, being vegetarian in their diet.

OFF TO LUMBER CAMPS

Ottawa, July 25—The annual rush to the lumber camps has begun and by August 15 firms in Ottawa and district will have working in timber limits adjacent to the Dumoine, Black, Chipuewa, Koko, Petawawa, Ottawa and other rivers of the Ottawa valley between thirty and forty thousand men. In less than two months the demand for unskilled labor will be in excess of the supply, say local lumbermen and employment agents.

FIRST PHOTOS OF WELSH-RITCHIE FIGHT.

Here is the secret of how Freddie Welsh gained the lightweight championship from Willie Ritchie at the Olympia in London on July 7. The photograph shows the new champion blocking one of Ritchie's dangerous right swings. Welsh himself says that in all the twenty rounds he devoted his skill and energy to avoiding Ritchie's right hand and fought a safe fight all the way through.

NEWS OF SPORT

NANAIMO C. C. WON CLOSE GAME

After a close game yesterday the local cricket club just managed to get in ahead of an eleven representing the garrison by 5 runs, the total being 86 to 81. The feature of the match was the excellent fielding of both sides. Except for two or three snicks behind the wicket every catch was taken, and the catches which disposed of Harry Jepson and Wm. Newbury, one on the leg boundary and the other at point, and both taken by R. Hobday were exceptionally smart. It was no doubt due to this keen fielding that the scores on both sides were kept so low. The home side batting last started very unluckily. Jepson was caught out with the score at 8 and three other wickets fell without any change on the telegraph board. There were 7 wickets down for 29 and Newbury was brilliantly taken at point with the score 46. Then Leighton and Hindmarch, the latter aided by a couple of lucky flukes made the winning stand. The full scores are as follows:

GARRISON

Capt. Cooper c H. Jepson b Newbury 10
V. Hobday c and b Leighton 7
Barrington Foote b Leighton 17
Horsford b Hindmarch 0
Goult c Newbury b Jepson 8
Bressey c Hindmarch b Jepson 7
Paton b Jepson 5
Jessop c Coles b Jepson 1
R. Hobday not out 3
Simpson run out 17
Robinson b Hindmarch 0
Byes 6
81

NANAIMO

H. Curry c and b Simpson 6
H. Jepson c Hobday b Simpson 2
Wm. Newbury, sr., c Foote b Hobday 0
Wm. Rivers c Goult b Simpson 0
G. Wilton l. b. w. Simpson 5
A. Paul c Jessop b Hobday 4
Wm. Newbury c R. Hobday b V. Hobday 8
A. Leighton not out 19
R. Hindmarsh c R. Hobday 30
F. Jepson c V. Hobday b R. Hobday 1
Coles b Simpson 11
Total—86

MIDDLESEX SUFFER THEIR FIRST DEFEAT OF SEASON.

London, July 25— Middlesex were beaten for the first time this season by the Kent eleven at Maidstone by an innings and 45 runs. Brilliant bowling by the Kent stars caused the downfall of the league leaders, Blythe taking seven wickets for 26 runs and Wooley (F.E.) seven for 54 runs.

INDIAN STAR JOINS GIANTS

Bloomington, Ills., July 25 — Jim Bluejacket, a Cherooke Indian pitcher of the Bloomington Three-I League team, who won his twelfth straight game yesterday, was sold to the New York Giants today to report August 27. Charlie Jackson, left fielder, was also sold to the Giants to report next season, and Pitcher Fred Marks was sold to the Cleveland Americans to report Aug. 15.

AMERICAN YACHT WINS.

Kenore, Ont., July 25—The America yacht Aloha, property of the White Bear Yacht Club of St. Paul, defending the D. C. Cameron Cup in the international regatta here today, defeated the Canadian challenger Beaver by two minutes, forty seconds in the first race. The Aloha's time for the Kenora course was one hour and thirty-five minutes.

CHELSEA SPENDS FORTUNE TO GET SOCCER TROPHY

London, July 25—Chelsea proposes to put a winning soccer football team in the field next fall if money can accomplish that purpose. An all star eleven has been purchased from various other clubs at a total cost of $80,000. Each man purchased is an internationalist, five having represented Scotland and six England. Londoners are looking forward with great interest to the result of the costly experiment. Chelsea naturally hopes to win the league champion ship and soccer enthusiasts are wondering whether the individual stars will develop the team work necessary to do this.

Germany will send fifteen athletes to the Panama-Pacific exposition track and field meet at San Francisco next year.

In recognition of his distinction as a poet and a writer Clive Phillips-Wooley, of Somenos, has recently been conferred with the fellowship of the literary division of the Canapian branch of the Royal society. This is perhaps the first distinction of the kind which has been given in this country.

AQUATIC SPORTS BY SWIMMING CLUB

The Nanaimo Swimming Club will hold the following program of aquatic events on August 8th:

75 yards race for boys, 15 years and under, $3, $1.50.

100 yards for boys, 18 and under, $5, $2.50.

Under water for boys, 16 and under $3, $1.50.

Men's 100 yards for the late Mr. Ben Forcimmer cup, for which competitors must have resided in Nanaimo district for at least six months. The trophy must be won three years in succession before becoming the property of the winner, first, cup and $7; second, $5.

High dive for boys, 16 and under, $3, $1.50.

Quarter mile for A. E. Planta Cup on same conditions as the 100 yards. First, cup and $8; second, $4.50; third $2.

Old man's race, 45 years and over, 75 yards, $5, $2.50.

High diving for men, $3, $1.50.

One mile, first, silver cup; second, $8; third, $5; fourth, $2.50.

Diving for plates, $3, $1.50.

Novelty race, 50 yards, $5, $2.50. Competitors must wear clothes and hats and carry an open umbrella, which they must keep dry.

Water polo game, $12, $6. Must be three teams or no second prize.

Under water for men, $3, $1.50.

200 yards relay, four men in each team, $8, $4. Must be three teams or no second prize.

The dead body of a big whale, with two cuts on its aft quarters, was found stranded on an island near Prince Rupert last Saturday. It is supposed to be the leviathan which rose up in front of the steamer Prince George at 2 o'clock on the previous Tuesday morning, when the G. T. P. liner was slashing along at a speed of eighteen knots off Egg Island. The tail of the monster as it prepared to make a hasty dive was visible above the forecastle rail of the Prince George just as the vessel struck the whale.

AUSTRALIA MADE A CLEAN SWEEP

Chicago, July 25—The Australian lawn tennis team has made a clean sweep of the series of elimination games for the Davis Cup. The two final games in the singles were played off today, Brookes defeating Powell 6-0, 6-1, 6-3. B. Schwengers of Victoria was defeated by Anthony Wilding in straight sets, 7-5, 6-3, 6-1. As in previous games the Canadians were outclassed, although they made a better showing today than in previous games and for a time it appeared as if Schwengers might win a set. During the course of the three days' play the Canahians did not win a single set.

Advertising For a Purpose---

If you had a publication and a man came to you and said "Advertising with you is all right, my Ad. has paid for itself already," you would think you had a pretty good medium? That's what an advertiser said about the telephone directory the other day.

He has an article that very many people want. They might not want it just at the moment they read his Ad. but they see the announcement so often that when they do want what he has to offer they have no difficulty whatever in getting him on the telephone. They know just where to find his number.

That's what makes an Ad. count. An advertiser of a staple article is looking into the future. He is creating a demand by persistently suggesting the use of what he puts forward. He knows the time will come when people will want something of the kind, and naturally they will turn to where they have read about it.

If the Ad. is in the telephone directory, it can be referred to in a moment. The directory, being always kept in a known place is instantly available and the Ad. is located without delay.

The virtues of an advertising medium are: a large circulation, to bring the name prominently to the attention of many people and to be handy so that when an article is wanted the prospective buyer knows exactly where to locate information concerning it.

The Telephone Directory is just such an Advertising Medium!

THE RECORD You Want may be in the AUGUST "COLUMBIA" LIST

Columbia Records

If you have not already made your selection from the August list of Columbia Double-Disc Records just to hand, do so at once, as the demand is exceptionally keen. The very record you want may be in this list. Columbia Double-Disc Records are always sold with a plain English guarantee by the Columbia Graphophone Company, which reads: "We guarantee that Columbia Double-Disc Records are unexcelled, in quality of tone, reproduction, surface and durability. They may be played on Columbia or Victor talking machines."

A Few More Titles From the August List:

"DO THEY LOVE IT?" (Abrahams). William Halley, baritone. Orchestra accompaniment.

"YOU CAN TANGO, YOU CAN TROT, DEAR, BUT BE SURE AND HESITATE" (Von Tilzer). Ada Jones, soprano. Orchestra accompaniment.

"MOOTCHING ALONG" (Gilbert and Muir). Arthur Collins baritone, and Byron G. Harlan, tenor. Orchestra accompaniment.

"THEY HAD TO SWIM BACK TO THE SHORE" (Monaco). Ada Jones, soprano, and Billy Watkins, tenor. Orchestra accompaniment.

"LOVE HAS WINGS," from "Sari" (Kalman). Grace Kern soprano, and Charles W. Harrison, tenor. Orchestra accompaniment.

"LOVE'S OWN SWEET SONG" from "Sari" (Kalman). Grace Kerns, soprano, and Charles W. Harrison, tenor. Orchestra accompaniment.

"COLUMBIA, THE GEM OF THE OCEAN" (Shaw). Columbia Stellar Quartette. Orchestra accompaniment.

"MEDLEY OF AMERICAN WAR SONGS (arranged by Maurice Smith). Prince's Band

"RAIN SONG" (Cook). Sung by the Afro-American Folk-song Singers.

"JESUS, REFUGE OF MY SOUL" (Martyn). Columbia Stellar Quartette. Orchestra accompaniment.

"WHAT A SAVIOUR!" (Bliss) Andrea Sarto, baritone. Orchestra accompaniment.

BRIEF MENTION

In the Herald report of the Foresters' Installation on Friday night it was stated that District Deputy Catherine Waters, P. C. R. performed the ceremony. This was a mistake. The name should have been District Deputy Catherine Tippett.

The death occurred in Victoria Friday morning of William Jensen, for many years a well known hotelman of the Capital. He was a native of Copenhagen, aged 74 years.

At the regular meeting of the Knights of Pythias on Tuesday evening there will be a candidate for the second rank. The meeting will commence as usual at 7:30 and all members are requested to be present.

Anything in the way of honey or bees see McDiarmid, Brookside, end of Albert street. 20-6t

Chinese have invaded the famous New Westminster market and last Friday saw five big stalls occupied by Oriental vegetable growers selling their own products.

Have The Herald print your visiting or business cards. Large stock of cards and numerous type faces to select from.

Mr. C. C. McRae, local manager of the local branch of the Royal Bank of Canada visited Vancouver yesterday on a business trip.

Mr. William Graham of the Central Hotel returned yestesday from witnessing the Cowler-McIntyre boxing contest at Brighouse.

BIRTH—To the wife of Mr. Gus Harder, Friday Harbor, San Juan Island, a girl.

Everybody is eating Nymo Ice Cream—hygenic and healthy. 1t

Miss Ethel McInnes, sister of Mr. A. G. McInnes, of this city, arrived in Nanaimo yesterday from London, and will take up her residence here. For the present she will be the guest of Idle Wilde Camp, Newcastle Island.

WORKMEN'S CO-OPERATIVE ASSOCIATION, LIMITED

The half-yearly meeting of the members of the above will be held on Wednesday evening next at 7:30 p.m. to receive the half-yearly balance sheet and report. 118-6t.

The Cowichan Leader says that residents along the Island Highway from Duncan through Somenos are complaining of the excessive speed at which some autoists are driving their cars upon that highway. According to one indignant resident of Somenos some autoists are taking advantage of the unusually high standard of the road to use it as a race-course for friendly speed contests which, when being run, subject pedestrians and horse-drawn vehicular traffic to great danger.

Mrs. W. S. Bentley left yesterday to spend the week at Hatzu with Mrs. McGillivray. She was accompanied as far as Vancouver by her husband.

The financial statement of the Ladysmith hospital for the year ending May 31st, showed total receipts of $7,195.80 and disbursements of $6,059.44.

EXTRA BARGAINS AT MASTERS THIS WEEK

Masters Store takes this opportunity of announcing that their Great July Clearance Sale which has been in progress all month will continue for the balance of the week, closing on Saturday night next. The sale has exceeded all expectations and the fact that many buyers have come back repeatedly shows that the inducements have been worth while. To clean up many lines that are over stocked some extra big bargains will be made during the week. Prices of all goods plainly marked in bargain figures. Come in and inspect them.—Advt.

LOW EXCURSION FARES are being offered on the Grand Trunk Pacific Steamship six-day cruises to the Alaska Coast (Stewart) for the month of July only. $38.00 includes means, berth and all expenses. Write to C. F. Earle, Passenger Agent, Victoria, B. C., for illustrated booklet and sailing list.

Tom Cowler, who defeated Chet. McIntrye at Vancouver Friday night in a heavyweight mill, returned to the city last night. A slight discoloration of one cheek bone is all the mark he bears of the battle.

Mr. D. Nicholson has left on a three weeks' visit to Dawson, where he will take part in a meeting of the Mystic Shriners in that city. Quite a number of Victorians are on the excursion.

Mr. Mat Storey returned yesterday from a several weeks' business trip to Calgary. Mr. Storey reports that almost everybody in the Northwest is talking and buying oil and the country appears to be on the eve of unbounded prosperity.

Hon. Joseph Martin returned this week to Vancouver, where he will resume the practice of his profession. He says British Columbia investments are not very popular in London just now.

The Epworth League Social Committee will conduct a song service at the close of this evening's service at the Wallace Street Methodist church. Those attending are asked to be prepared to announce their favorite hymns from the Torrey and Alexander hymnal. A quartette will be given by the following League members: The Misses E. Lythgoe and A. Dunsmore, and Messrs. J. Fee and Wm. Dunsmore.

Opera House

The Battle of Waterloo as shown in pictures last night at the Opera House was an intensely interesting evening of moving pictures. It was of particular interest to those well versed in their history and step by step the detail of the great battle was worked out on the curtain. The characterization of Napoleon was highly interesting and from what one has read of the Little Corporal very realistic. The arrival of the Prussians, the last stand of the Old Guard, the retreat of the French general, these and other interesting passages in the great battle were all well worked out.

Particular people are now having their private stationary printed. Have The Herald print yours.

Mrs. Thomas Weeks returned home last evening from visiting relatives in the Terminal City.

British Fleet in Readiness For War

Admiralty Issues Orders That Navy Be Kept on a War Footing—Fleet is Coaled and in Readiness to be Ordered to the North Sea England's Danger Point in Event of War.

London, July 27—It was reported that Sir Edward Grey, British foreign secretary, had made successful representations to Germany, Italy and France for a conference between the representatives of those countries in England on the Austro-Servian situation with a view to cooperate in mediation.

Sir Edward invited the governments of Austria-Hungary, Servia and Russia to suspend operations pending the result of the proposed conference, which would be held in London. His suggestion was that the French, German and Italian ambassadors in London should confer with him in the endeavor to find a means of solving the present difficulties. Until late this afternoon he had not yet received complete replies to his proposal.

Sir Edward Grey, in announcing in the House of Commons the steps to be taken to bring about mediation in the Austro-Servian controversy, said: "I understand that the German government is favorable to mediation in principle, as between Russia and Austria, but to out particular proposal to apply that principle by means of a conference the German government has not yet replied."

Sir Edward concluded by expressing the opinion that the failure to bring about a settlement would lead to the greatest catastrophe which would befall the concert of Europe and its consequences would be incalcuable.

At the Servian legation in London the view was held that some inprovement had taken place in the situation, and this was attributed to the influence exercised by Russia. Alex Georgevitch, the first secretary, said: "We have complied with everything that does not impair our sovereign rights. We hope that Austria-Hungary, in the interests of peace, will recognize that consideration is due to an independent state and so avert war. If, however, Austria wants war, she will have seen that we are prepared to act in the interests of the dignity of our state."

The fact that Austrian ambassadors abroad were willing to discuss the controversial points with foreign governments, and especially with Russia, led to the belief that an outlet for the deadlock would be found.

The British admiralty issued orders last night keeping the British fleet on a war footing. The leave which is generally granted to the crews after the annual mobilization of the fleet for excercises had been cancelled. The vessels began coaling yesterday with the expectation that they would be ordered to the North Sea, which would be England's danger point in the event of a European outbreak.

Washington, July 27—The gravity of the European situation was reflected in an official dispatch from St. Petersburg today saying the Russian minister of war had said he considered war between Russia and Austria almost inevitable.

This statement was made after Russian ministry had issued an official declaration that Russia was greatly disturbed and could not remain indifferent in the crisis that had arisen between Servia and Austria-Hungary. The order for the complete mobilization of the Russian army was confirmed.

MACCABEES SHOWERED A SISTER MEMBER

The Ladies of the Maccabees held a very interesting meeting last night. A linen shower was given Mrs. Naylor (nee Miss Mae Bennett) a member of the lodge and daughter of Lady Commander Bennett.

Another feature of the meeting was the visit of Mrs. (Dr.) Davis, of Victoria, formerly of Nanaimo, a Past Lady Commander and during her residence here one of the most enthusiastic members of the lodge.

A social session was held at which refreshments were served and in the draw for an umbrella No. 34 won the prize.

NANAIMO MOTHER PROUD OF DAUGHTER

Old Nanaimo friends of Mrs. A. Doris, 458, 17th Avenue, West Vancouver, formerly Miss Bell Dick, of Nanaimo, will be interested to learn that her seven months' old little girl took first prize Saturday at the big baby show held at the Vancouver Conservative picnic Saturday at Ganges Harbor. Although the youngster is but seven months old she weighs 25 pounds and in every way is what a healthy baby girl should be.

GREECE READY TO BACK SERVIA

Will Despatch One Hundred Thousand Troops to Aid Servia Should Austria Declare War Against Balkan State.

Constantinople, July 27.—The Greek minister here today declared that in the event of war between Austria, Hungary and Servia, Greece would be compelled to dispatch 100,000 troops the assistance of Servia.

Brussels, July 27.—Partial mobilization of the Belgian army was ordered today, raising the total of the active force to 100,000 men.

The international socialist bureau has telegraphed to its members to meet on Wednesday, when a general strike, as a preventative of a European war probably will be discussed.

Vienna, July 27.—Reports from Hungary state that Servian troops on board a steamer on the Danube, near Temes-Kubin, have fired on some Austrian troops. The Austrians returned the fire and an engagement of some importance ensued. It is considered probable that this is another version of yesterday's encounter.

Copenhagen, July 27.—Raymond Poincare, president of France, cancelled today his intended visit to Copenhagen. Owing to the critical European situation, M. Poincare has decided to proceed direct to Dunkirk, where he is due to arrive Wednesday morning.

Vienna, July 27.—M. Jovanovitch, Servian minister to Austria-Hungary left for Belgrade today.

Rome, July 27.—The Italian government today informed Sir Edward Grey that it accepted his invitation to join in a mediation conference.

London, July 27.—The Morning Post's St. Petersburg correspondent says he hears that Emperor William paid a secret visit to Stockholm, where he had an interview with President Poincare of France, in connection with Austro-Servian crisis. The correspondent adds that it is known that Emperor William desires peace, and that weighty results from the interview are expected. The general belief in St. Petersburg is that the influence of the powers will bring about a peaceful solution of the crisis.

The Times, in an editorial, says it considers, in view of the moderation of Servia's reply the way to a peaceful settlement ought to stand open. The correspondent at St. Petersburg of the Times says: "Russian diplomacy has noted certain indications of unwillingness on the part of all the powers, including Austria, to go to war if it can possibly be avoided."

THOS. DOBESON PASSED AWAY

Well Known Business Man of Nanaimo Died Yesterday Morning—Was Respected Citizen and City Loses by His Death.

The death occurred at the family residence on Stewart Avenue, yesterday morning, of Mr. Thomas Dobeson one of Nanaimo's pioneer settlers and the founder and proprietor of the Nanaimo Foundry Works.

Deceased who was within a few days of his seventieth birthday, up to a few months ago, enjoyed his usual strong and vigorous health. He then began to complain of pains and tried a trip to Halcyon Springs. He returned feeling much better, and attended the banquet to his old-time friend William Reid, and many of his acquaintances complimented him upon his appearance.

Unfortunately the improvement did not last. Indeed, he was hardly ever out again. The pains returned and he was confined to his room. Still there was no reason to fear a fatal ending to his illness until a week ago Sunday, when he suddenly took a turn for the worse. Since then it has only been a question of time, and the end came not unexpectedly yesterday morning when he passed peacefully away.

His death will be generally regretted, and the utmost sympathy will be felt for the sorrowing family. He had a host of friends in the city and district and a large circle of acquaintances. Of a genial temperament, bluff and hearty in his manner, fond of a joke and with a keen appreciation of the humorous, shrewd and intelligent, and with a heart bigger than himself, the more intimately he was known the better he was liked and loved. He had a great capacity for enjoyment, and until his illness came upon him remained fresh and active far beyond his years. After many years of struggle and endeavor he was keen on enjoying the evening of his life, and with characteristic zest and optimism had made all his plans ahead. It is this which makes his death such a hard blow to his family, and so painful to his many friends. To his family in particular will go out the sincere sympathy of

(Continued on Page 4)

ENGINEER DEAD AT POST

Sterling, Ill., July 27 — With his train speeding sixty miles an hour, Lou M. Van Vlack of Chicago, engineer on the Overland Limited of the Chicago and Northwestern Railroad, was found dead as his train sped through here today. His hand was gripping the throttle. Physicians said the engineer had been dead half an hour. He was sixty years old.

DR. ROCHE'S CONDITION

Rochester, Minn., July 27 — The condition of Hon. Dr. Roche, Canadian minister of the interior, continues favorable, and great hopes are expressed that the patient will fully recover from the surgical ordeal fully restored to normal health. Dr. Roche is still in a critical condition, but with no unfavorable turn, the indications are much in his favor. It will be a number of days before he leaves the hospital. Surgeons here declare the operation was a great success.

MRS. R. CHIPMAN SKINNER DEAD.

St. John, N.B., July 27—The death took place here yesterday afternoon of Elizabeth C. Skinner, widow of R. Chipman Skinner, formerly judge of probate. The deceased was one of the best-known women in New Brunswick on account of her philanthropic and social work. She had been a school trustee and was prominent in the Women's Council. Mrs. R. W. Hannington of Vancouver and Mrs. Walter Burrill of Hamilton are daughters.

MR. GOUGH HAS LONG RECORD

Thirty Four Years Ago Yesterday Since Nanaimo's City Clerk First Entered Upon The Duties of His Office.

It is 34 years yesterday by the day since Mr. Samuel Gough took the minutes of the first Council meeting he attended as City Clerk, and the thoroughly reliable and competent official has been at the job with but few interruptions since. Thirty-four years in the position of clerk of a municipality is a long time and it is doubtful if there is another city clerk in the whole of Canada who can boast of so long a record.

Mr. Gough entered upon his duties as City Clerk on July 25th, 1880, his predecessors in that office being the late C. N. Young who served from the incorporation of the city in 1874 to 1880, a period of five years. He was succeeded by Mr. Mike Manson, now Provincial member for Comox, who resigned after serving but a month and the duties of the office were taken by Mr. Gough. At that period in the history of the city the City Clerk was the whole office staff, including collector of dog, commercial travellers and all other taxes and even with so many offices combined in one the duties were not so erroneous for the hours during which the City Clerk was required to labor were from 2 to 4 p.m., only two hours. The members of the City Council at that time have now all crossed the Great Divide and were John Pawson (Mayor) and Aldermen J. P. Planta, John Hirst, Richard Nightingale, Richard Brown, T. Miller, William Wilks and James Harvey.

In his thirty-four years of service as Clerk of the Municiplaity, Mr. Gough has seen many Councils come and go and many changes in the civic life of Nanaimo. He has seen the city grow from small to fairly large proportions, a comparison of the work in connection with the City Hall at the time of his taking over the office and the present being most interesting. In the year 1880 the total revenue of the city was but $7,210.02, whereas last year the figures showed total receipts of $395,241.63. At the close of 1880 the assets of the city were but $1004.20 and at the close of 1914 the assets of the city had increased to $859,320.50. The total expenditure on public works within the Municipality during 1880 was but $2,895, whereas last year the expenditure in this regard footed over $80,000. These are only a few of the comparisons which could be made but they serve to show the change which has taken place during Mr. Gough's tenure of office.

CHARGE VIOLATION OF MANN ACT.

Los Angeles, July 27—Charges of violations of the Mann White Slave Act placed against C. A. Henson of Toronto, on the ground that he brought from Ontario to California Mrs. Harriet Willets, whose friends thought had been lost in the Empress of Ireland disaster, were dismissed today.

MINE FATALITIES LAST QUARTER

Statement Issued by Mines Department Shows a Decrease in Coal Mines and Increase in Metal Mines.

The Department of Mines has just issued the quarterly statement of fatalities in the coal and metal mines of the province as compiled by the Chief Inspector of Mines, Mr. Thomas Graham for the months of April, May and June. The statement shows a very satisfactory decrease in the number of accidents in the coal mines for this period, but unfortunately records a big increase in the number in metal mines.

Dealing with the coal mines the first table shows that there was only one fatality which occurred in April as compared with 12 for the same three months of last year. This single fatality occurred at Cumberland.

The table showing the number of fatalities, with the causes of the accidents for the past six months is as follows:

(Continued on Page 2)

CITY COUNCIL IN SESSION

Street Committee is Preparing Plans For New Bridge Over Millstream—Bylaws Considered in Committee.

At last night's meeting, the City Council, the City Council, on motion of Ald. McKinnell extended its sympathy to the bereaved family of the late Thomas Dobeson, and expressed regret at the loss the community had sustained in his death. The action of the Council was initiated by His Worship Mayor Planta, who in referring to the death of Mr. Dobeson which occurred yesterday morning, stated he had been a member of the Council for five years and during the early years of the speaker's career was chairman of the Finance Committee. He had served the city faithfully and well, was one of Nanaimo's most prominent business men, was public spirited and the city felt his loss and it was only fitting that the Council express its sympathy with the family in their bereavement.

Last night's meeting was a quiet one, only routine business being transacted. There were present Mayor Planta, Ald. Busby, Crossan, Cavalsky, Forrester, Young, Ferguson, Killeen, McKenzie and McKinnell.

City Engineer Owen reported an expenditure in wages during the week of $542.30 on streets account and $1465.55 on waterworks.

City Clerk Gough reported to the Council the petition of property owners against the work of regrading Albert street was not sufficient, and Ald. Forrester moved the report be received and filed and the Street Committee instructed to proceed with the work at once. The motion was seconded by Ald. Busby and adopted.

In reply to Ald. Cavalsky, Ald. Young stated the Water Committee had been unable to do anything with the petition of certain residents of the Five Acres for a supply of water as it was necessary to lay pipes through private property and the necessary permission to do this had not been secured.

Ald. Crossan informed the Council the Legislative Committee had gone into the matter of the retaining wall on Weatworth street, against the cost of which certain property owners had appealed before the Court of Revision, but was not quite ready to report. The Committee would go more fully into the matter and report to the next meeting of the Council.

Ald. Crossan reported the Finance Committee had looked into the matter of insuring City workmen against accident. The committee had got some good prices but wanted to look into the standing of the companies before reporting fully to the Council.

On motion of Ald. Busby the bylaw fixing the rate of taxation for the year 1914 was reconsidered, finally adopted, and the City Clerk instructed to have the same signed and the Corporate Seal affixed there to.

On motion of Ald. McKinnell the Council resolved itself into a Committee of the whole to further consider the Sewer Connection and Rental Bylaw 1914, further consideration to be given the bylaw at the next regular meeting.

Mayor Planta suggested that one of the Aldermen bring in a bylaw dealing with the question of a new bridge over the Millstream. The present structure was becoming delapidated remarked His Worship, was very much worn, and it would not be advisable to spend any more money on the bridge until the Council found if the public was prepared to put up a permanent structure. He felt sure the general opinion of the public was in favor of building a permanent structure instead of spending money each year on repairs to the old bridge.

Ald. Young thought the Government should be approached with the idea of assisting the city with a grant.

Mayor Planta remarked the Government had been approached some time ago on the subject but would not do anything.

Ald. Young thought there would be no harm to try again.

Ald. McKenzie informed the Council the Street Committee had the matter in hand and were negotiating along the lines suggested by Ald. Young. Blue prints of the proposed new structure were being prepared showing the extensive nature of the work, and he believed the reason why the Government had refused aid in the past was because no permanent structure was contemplated.

Mayor Planta remarked he had been on deputations which waited upon the Government and it was pointed out the Government could not support any scheme within the borders of a municiplaity, for it it lid there would be no end of demands from all over the province.

WILL REGRADE ALBERT STREET

Petition Against Work is Not Sufficient to Block Scheme—Street Committee Will Rush Job at Once.

The work of regrading Albert St. from Commercial street to the city limits will be proceeded with at once and the job rushed through to completion as rapidly as conditions will permit. This was decided upon by the City Council at the regular meeting last night after City Clerk Gough had reported that the petition sent in from property owners affected was not sufficient to prevent the work being done.

At the next meeting of the Council a bylaw dealing with the proposed regrade will be introduced by Ald. McKenzie, chairman of the Street Committee and as the bylaw is merely a formal one will be put through the necessary stages by the Council with the least possible delay so that no further obstruction will be in the way of having this much needed improvement gone on with.

The contract for the work of regrading was awarded several weeks ago by the Council to Mr. J. A. Baxter, at a figure of approximately $18,000 and as the contractor is in a position to proceed with the work as soon as the Council says the word, pedestrians who have occasion to use Albert street will soon find it a much easier task in mounting the grade on their return home from doing down town shopping..

SERIOUS RIOTING IN DUBLIN

Nationalists Incensed at Killing of Four Persons by Military on Sunday Stone Street Cars and do Other Damage.

Dublin, July 27—Serious rioting was begun here tonight and for a time the authorities feared they would have to call out the military. The rioting subsided however, the mob dispersing after having stoned a few street cars and committing minor depredations.

The city of Dublin and the greater part of Ireland was in a state of the greatest excitement today over yesterday's conflict between the regular troops of the British army and the Irish Nationalists, which resulted in the killing of four persons and the wounding of many others, forty of whom are in hospitals in a serious condition.

Dawn came before the police succeeded in dispersing the crowds marching through the streets, singing patriotic songs and looking for soldiers of the second battalion of the King's Own Scottish Borderers, on whom to inflict vengeance for the fatal events of yesterday, when the Borderers were ordered out to prevent the landing of arms and ammunition for the Irish Nationalist volunteers.

The crowd, finding that the soldiers had been ordered to remain in barracks, attacked the Royal Barracks, where the Borderers are stationed and clamored for the soldiers to come out. Finally the mob hacked down a gate of the barracks and fired several shots on which bugles were sounded, the police came on the scene and the crowd was dispersed.

The Nationalists leaders took the most serious view of the affair and will demand reparation from the government.

A novel feature of ships which are being built at Birkenhead for the National Steam Navigation company of Greece is a little church which has been fitted on board each vessel.

PUBLIC WORKS IN NANAIMO

Expenditure in Connection With the Streets and Water-Works of City Reaches Big Total Each Week.

During the past week the sum of $2007.85 has been expended on the streets and waterworks system of Nanaimo, this amount being but little in excess of the average weekly expenditure on local public works.

The expenditure on streets during the week ending Saturday last was apportioned as follows:

Nicol St. $223.75; Needham Street $3.00; Machleary $48.60; Dixon $3.00; Robart $32.80; Commercial $7.60; Bastion St. $24.00.

The expenditure during the past week on Waterworks account totalled nearly $1500, as follows:

Machleary Street	$ 6.50
Irwin	12.25
Grace	12.25
Agriculture Grounds	12.25
Haliburton Street	236.25
Maintenance and Operating	334.95
Grace St. Material	246.80
Irwin St. Material	315.10
Farquahar St. Material	189.20
Total for Waterworks	$1465.55

The total expenditure up to July 27th on the Nicol street regrade was $3471.70; on Crace street waterworks construction $3,24.05; Irwin street waterworks construction $791.95 and Farquahar street waterworks construction $305.70.

REDUCED RATES FOR NANAIMO SERVICE

Reduction in long distance telephone rates between adjacent exchanges has been put into effect by the B. C. Telephone Company. This does not apply between points far apart, but to the shorter distances only, the reduction ranging from 40 to 60 per cent., and applying to practically every exchange and toll station on Vancouver Island.

Rates for telephoning are based on a definite standard, set by experts who take all conditions into consideration. Under this principle, the minimum rate is twenty-five cents which applies to most of the exchanges operated by the B. C. Telephone Company. Establishment of long distance telephone equipment is costly, and the minimum rate decided on is not counted unreasonable. In adjacent exchanges, however, where interests are more mutual, the rate has been thought high, hence the reduction.

In setting out the limits of a telephone exchange district, the company always gives consideration to local conditions, but the boundary has to be placed somewhere and conditions arise which cannot be avoided. For instance, a subscriber living near the boundary of one exchange may be a neighbor of a subscriber living just over the boundary, but connected to another exchange. If one wants to talk by telephone to the other, the distance by wire is a long way round. In such cases, 25 cents appears high to the subscriber and prevents the use of the telephone except in emergencies.

To overcome such conditions, the B. C. Telephone Company has inaugurated the new schedule to apply to the lower mainland and Vancouver Island. It affects the rate between Nanaimo and Newcastle, Newcastle to Arlington, Arlington to Parksville and Coombs, and so on. It also applies from Nanaimo to Somerset, and also to Wellington. In short, the adjoining exchanges get the benefit, the reduction in most instances being from 25 cents to 10 cents.

This decrease is made in the hope that community interests will be better served, and that the telephone will be even more of a utility than at present. The telephone company expects to bring its facilities into wiser use, and as they are more utilized local interests will become more general, and people of a municipality or a community will be in closer touch with those living only a short distance away. Under the new schedule, long distance telephone facilities are put within closer reach of the ordinary subscriber.

Many physicians in France and Belgium are recommending horseflesh diet as a cure for anaemia and tuberculosis and as a preventative of cancer.

J. S. H. MATSON.

THE LATE MR. DOBESON.

In the death of Mr. Thomas Dobeson Nanaimo loses one of the most prominent and best known of its pioneer citizens. The deceased was a Tynesider born and raised and typified all that was best in Tyneside character. He had all the northcountryman's love and pride in his country, its history and its achievements. He had all a Tynesider's clannishness. By this we do not mean a blind regard and support for all thing Tyneside. Rather we mean that the late Mr. Dobeson felt very acutely, and was more than usually swayed by the bond of fellowship which stirs and welds together all those who have been reared on Tyneside, imbibed its influences, and respond to the sound of its peculiar Doric. Anything from the northcountry commanded his interest, and at the last Tyneside gathering in Nanaimo he naturally presided and delivered as usual an interesting and entertaining address. He had the bluff and hearty manner of the typical Tynesider, and the same directness of speech. Shrewd and hardheaded, he held tenaciously to his point and to his opinion and strove always to make his word his bond. Genial in temperament, he had a keen sense of humor and greatly enjoyed a good story, and made a jovial and entertaining companion. And to all these qualities must be added his independence of mind and bigness of heart. He was always his own man, and was kindness personified. What he could do to help any individual or any cause he did willingly and found a real pleasure in the doing of it. Straightforward in all his dealings, sincerity was the hallmark of his character. Four square he stood to all the winds that blew, neither flinched nor despaired in adversity, nor was unduly elated by prosperity. He lived worthily, and met death as he had faced life, as a true man with a smile and a brave, strong heart. And now that the spirit is quenched, his memory will live on in the hearts of his friends, rich in happy associations of pleasant times and kindly deeds, the memory of a goodly man who first and last lived man fashion.

ACCIDENTS IN COAL MINES

So far as the coal mines of the province are concerned there was a great reduction in the number of fatalities for the quarter which ended in June. According to a statement compiled by Chief Inspector Graham and published by the Mines Department there was only one fatal accident in this period. This is a very satisfactory record, and it is noteworthy that it follows upon the adoption of systematic timbering rules. Of course it is not claimed that these rules will altogether prevent the occurrence of accidents. There is, however, no doubt that if they are properly lived up to there will never again be as many accidents of this kind as there have been in the past. The results already obtained fully justify the inspection staff in asking the co-operation of the men and the mine management. Anybody with any practical experience of a mine knows how inured a miner becomes to dangers, and how natural it is for him to take risks in the haste to load a box. All the Inspectors are asking is that the men will take time to protect themselves as far as possible and that the officials will maintain a proper discipline and see that all rules are observed. With such gratifying results as this statement chronicles for the past three months the efforts of all concerned should be steadily maintained.

THE CASE OF NANAIMO.

The interview with Mr. J. W. Coburn, of Nanaimo, which we print this morning, says Sunday's Victoria Colonist editorially, justifies the statement that Nanaimo is a wonderful city. Notwithstanding the untoward events of the past twelvemonth, that city has gone along and had its full share of prosperity. No one would have been surprised if Mr. Coburn had had a very different story to tell. But the people of Nanaimo are made of the stuff which does not know defeat, and they can look back over a year which, while not without cause for serious apprehension at times, has on the whole been a good one.

We suppose the explanation of this gratifying condition of things is that Nanaimo is the centre of a region of very great natural resources. To our way of thinking it is far from having reached the acme of its importance. Other industries will be added as time goes on to those already located there, and large additions will be made to the cultivated areas in its vicinity. Nanaimo cannot be any more prosperous than the people of Victoria would like her to be.

BLANCHE YORKE, a young lady of Tamworth, near Kingston, who mysteriously disappeared a fortnight ago. Below is her fiance who is quite as puzzled as her distracted parents.

MAGIC BAKING POWDER READ THE LABEL NO ALUM

Communication.

Mr. Editor,—Apropos of the article under the heading of "Servia and Austria," appearing in your Saturday issue of The Daily Herald, may I be allowed to add the following, which seems to correct in one or two instances the article in question:

The causes of the present unrest and imminent danger are to be found in the history of South Eastern Europe. As the tide of Ottoman conquest has been rushed back, the nations of South Eastern Europe have been more or less set free. I say more or less, for Hungary escaped from Turkey only to become subject to Austria. Servia, early in the nineteenth century, gained a semi-independence from Turkey, and in the year 1876 Russia set her entirely free and has since safeguarded her from conquest by Austria. Besides the inhabitants of Servia, the inhabitants of Montenegro, of Bosnia and of Herzgovnia are Serbs.

In 1876 the inhabitants of Bosnia and Herzgovnia rose against Turkish misrule, and were aided by Montenegro, which has always maintained her independence. The present king of Montenegro had conquered half of Herzgovnia when Lord Beaconsfield and Salisbury and Prince Bismark by the iniquitous treaty of Berlin, ordered him out and left the two provinces nominally to Turkey, but handed them over to the "protection" of Austria.

The inhabitants of Bosnia and Herzgovnia objected as violently to the "protection" of Austria as to the government of Turkey. For two years they carried on a war unaided against the mighty forces of the Austrian Empire. Then they were crushed in seas of blood. Many of them fled to Servia and Montenegro. Since then till the whole Eastern question was recently reopened by Austria the conquered provinces remained sullenly quiet. Turkey being a dying empire, was no longer the enemy—the actual enemy was Austria, as was proved when the Jew banker, Count von Aeksenthal became chief minister of the Austrian Empire. In annexing Bosnia and Herzgovnia, the whole Eastern question was reopened by Austria. Turkey growled and Servia and Montenegro swore, and Bosnia and Herzgovnia shut their teeth, but no fighting took place. The Young Turks arose to reform Turkey and save it from further dismemberment, but the greed of territory had been reawakened by Austria, and when Germany seemed inclined to close on Morocco, France and Spain occupied its seaboard, and Italy seized Tripoli. But the great powers all hesitated to draw the sword against one another. The Young Turks became more jingo than Abdul, whom they had dethroned and began by attempting to Ottomanize the Albanians. Then the smouldering fires of the Balkans leapt into flame, and the two Balkan wars followed. Austria fired no shot in that conflict, but she stated her hatred of the Serbs by inducing the Great Powers to deprive Servia of access to the sea, and Montenegro of her most important conquests. She savagely crushed the demonstrations of delight in Bosnia and Herzgovnia, which followed on Servian and Montenegrin victories. And here is the connection with the present tense situation and also that of the recent assassination of the heir apparent to the throne of Austria. Rightly or wrongly, the Archduke Franz Ferdinand was credited with having brought von Aehsenthal from St. Petersburg to Vienna; rightly or wrongly he was credited with the policy of annexing Bosnia and Herzgovnia and with thwarting the passionate desires of Servia and Montenegro.

They are all Greek church, he was a devout Roman Catholic of the Ultramontane School. He had married a Cryech wife, and is said not to have hated the Slavs, but to have wished to bring them under Austrian rule. The full truth may not be made known to our generation. The ways of Austrian foreign policy are dark and devious. Certain it is they took a turn for the worse and became more hostile and threatening to the Slav races from the time when the aged Emperor ceased to take so active a part and the late Archduke became a power in the councils of Austria. But he was an unknown quantity, a determined, silent, strong man. He has paid with his life for his supposed policy. Yet it may not have been his policy at all. For the aged Emperor on his uneasy throne, which he has occupied for sixty-six years, nothing but the profoundest sympathy can be felt. His life has been one long tragedy. His brother was murdered in Mexico; his son died by an assassin's or his own hand—it is not yet clear which—in a romantic love affair; his gracious wife was stabbed to death on the peaceful shores of Lake Geneva, and now his heir and his wife die together by an assassin's hand in his closing days.

No Greek tragedy ever told so baleful a history as the history of the House of Hapsburg.

Yours obediently,
JOHN C. DAKIN.

16, Irwin Street.

The chancellor of the exchequer receives over £17,000,000 a year by way of duty on tobacco an amount altogether out of proportion to the value of the leaf or the manufactured article itself.

Grand Total	1	4	2	1	...	...		8	19

It is a hopeful sign that there should have been such a large reduction in the number of accidents from falls of roof and rock. It would tend to show that the special rules issued by the department as to timbering on the advice of Inspector Graham are producing good results. The record may not always be so good as in this last quarter, but if the rules are lived up to and fmen and mine officials co-operate with the inspection staff there is no doubt that this class of accident will be largely prevented.

The statement of the fatalities in and around the metal mines shows that there were 9 fatalities last quarter as compared with 4 in the same quarter last year. For the six months of the present year the number was 14 as compared with 7 for the same period last year.

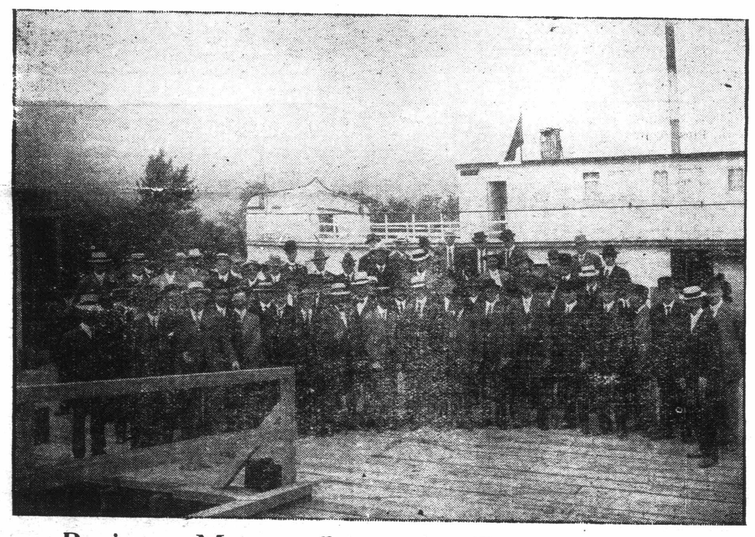
Pitt Meadows Oil Wells, Limited

"THE COMPANY THAT IS DRILLING."



Secure a few Shares in this Company before it is Too Late!

More than three hundred people visited the well last week and saw a small amount of oil and gas coming up in the baler as the well was being reamed out for the new steel casing.

The new casing is now at the well and is being placed in position to make the well dry.

Don't Wait a Minute longer, any Day may see this Stock go to a Very High Figure!

Remember the drill in Well No. 2 is only a short distance of the Oil Strata found in Well No. 1.

WONDERFUL INVENTION FROM LONDON, ENG. COMING TO NANAIMO

Machine That Cures Diseases to be Shown Working and Tested Free at the Oddfellows' Hall next Thursday Night

A chance of a lifetime for Rheumatic, Paralytic and Deaf Sufferers.

As will be seen by an announcement in the advertising columns tomorrow a popular Lecture-Demonstration of that wonderful British invention the Veedee, is to be given in the Oddfellows' Hall, Nanaimo, next Thursday evening, at 8.15 o'clock.

Such an unusual attraction is certain to draw large audiences all the more so as the short visit which the Veedee Demonstrator pays to Nanaimo is at the request of many of our citizens, who, after reading in the press, reports of the remarkable cures recently affected by the Veedee in Vancouver, Victoria and Seattle, sent numerous inquiries which have resulted in the Veedee company consenting to send here at great expense their best Lecturer and Demonstrator.

The Veedee is Not Electrical

and as it contains no electricity, it gives no shocks. So far from giving any shock, its action is always gentle and pleasant. It pours a stream of delightful thrill or pulsation, right through any limb, muscles or bodily organ it will—a stream of health-and strength giving vitality, stopping pain in two or three minutes, and permanently curing many cases of Rheumatism, Sciatica, Stiff Muscles or Joints, Catarrh, Deafness, Head Noises, Weak Eyes, Paralysis, Goitre by regular home treatments. In most cases the effect of the Veedee seems almost miraculous.

The VEEDEE cures in nature's way by sending largely increased blood circulation (and so nourishment) to the affected limb, muscle or organ. It cures by stimulating the nerves and blood. As a nerve tonic, it thrills new energy into you, and doubles your power and pleasure in living. It gives back even to aged of both sexes much of the vigor and health-joy of youth. It is the best and safest "General Tonic" ever yet devised.

The Veedee is recommended and employed by thousands of physicians in Europe and America. In one week 147 Veedees have been sold to medical men in the British Isles alone. Many leading physicians, including Dr. Mortimer Granville, Dr. M. F. Pilcrim and others, have written valuable works strongly advocating home use of the Veedee for stimulating blood circulation and for curative purposes.

The list of names of the thousands of private users of the Veedee who have cured themselves at home and write enthusiastically regarding the relief obtained through this marvelous machine would fill the space of a thick volume.

The Veedee is not used as a universal remedy capable of curing all and every disease. It will not reconstruct a part of an organ which has been destroyed, neither will it cure permanently in one single treatment chronic diseases of long standing, which often requires a course of home treatments before a permanent cure can be reasonably expected. Yet many sufferers who consider themselves incurable experience a marvelous improvement and relief even after one short application of a few minutes duration and the Veedee is often successful and beneficial when all other methods of treatment have failed and for many complaints, which are seldom cured by drugs.

Local sufferers should certainly avail themselves of this opportunity to test this remarkable invention and obtain a free trial at the Oddfellows' Hall next Thursday evening, when the admission and all seats will be absolutely free.

In order to give Free Interviews and Free Information to callers, the Veedee Demonstrator will remain in Nanaimo on the day following the Demonstration and will be in attendance at the Oddfellows' Hall in the morning from 10.30 to 12 and afternoon from 2 to 5 o'clock and evening from 8 to 9. (Advt.)

NOTICE

Notice is hereby given that on the 3rd. day of August next application will be made to the Superintendent of Provincial Police for a transfer of license for the sale of liquor by retail in and upon the premises known as the Somerset Hotel, situated at Wellington district, in the province of British Columbia, from Frederick George Jarrett to Joseph Emerson Carr of the said Wellington district province aforesaid.

FRED. G. JARRETT
Holder of License.
JOSEPH E. CARR
Applicant for Transfer.

Dated this 2nd. day of July, 1914.

NEWS OF SPORT

NANAIMO LOST TO VICTORIA ALL STARS

A foul drive by Brown which was allowed by Umpire Aitken to go for a two-bagger, followed by a three-base hit by Bray stretched into a home run by a wild heave to home plate by Little are the reasons why the Nanaimo Federals lost Sunday's game with the Victoria All-Stars by a score of 4 to 3.

The visitors started out in a way which spelt disaster for the home aggregation, when McGregor, the first man up, landed on the first ball pitched, for a home run. This initial success was only a flash in the pan however, for the visitors were retired in one, two, three order and it was not until the fourth inning that they added to their total with another tally, the game being put on ice in the eighth when, as above referred to, Brown got to second on a foul which was called fair by His Umps and came home on Bray's stinging three-bagger, the latter also crossing the pan on a wild throw by Little. This spasm netted two runs and gave Victoria the lead which they held to the end of the game.

Nanaimo first broke into the run column in the fourth when Killeen was given first by reason of getting hit by a pitched ball, stole second and came home on Beattie's timely Single. The locals took the lead in the Fifth when Weeks walked, reached Second on a poor throw of Robertson's and came home on Bray's muff. Martin singled over Second, pilfered the Keystone bag and scored on Piper's two-bagger to Right Field, Piper going to the grass with a badly sprained ankle received when rounding Second, causing the runner to collapse, in which condition he was caught off the bag and retired by Petticrew. This ended the scoring as far as Nanaimo was concerned, the next four innings witnessing the mowing down of Manager Benedict's Stars (?) by pitcher Townsley with a scythe like precision which boded ill for final victory. Had Manager Benedict a pinch hitter who he could have run in the Sixth when two were on bases the Feds might have won, but the hitter was not in evidence so the box score reads as follows:

VICTORIA ALL-STARS

Two new women's institutes have been authorized, one at Langford and the other at Atchelitz, near Sumas. Organization meetings were held in both cases on July 22.

Slot machines which automatically give receipts for coins that are dropped into them have been installed in several public places in Budapest by a savings bank to attract depositors.

CHAPEL AT SCENE OF MASSACRE.

Winnipeg, July 27 — Archbishop Langevin of St. Boniface, has given orders that a chapel be constructed at Fort St. Charles, Minn., on the spot where 179 years ago. Rev. Father Aulneau and nineteen companions were massacred by the Indians. A few weeks ago Archbishop Langevin visited the spot and held mass there.

SENATOR McMILLAN DEAD

Alexandria, Ont., July 27. — Hon. Donald McMillan, senator of the Dominion of Canada, died here at 8:30 o'clock last night, after a short illness. He was 80 years of age. The deceased was of Scottish ancestry and born in the township of Lochiel, Glengarry County, on March 5, 1835. He graduated as M. D. from Victoria University, Toronto, in 1865. He was called to the Senate by Lord Lansdowne in 1884. He was a Conservative in politics.

Minard's Liniment Co., Limited.

Dear Sirs,—This fall I got thrown on a fence and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good. One bottle of MINARD'S LINIMENT warmed on flannels and applied on my breast, cured me completely.

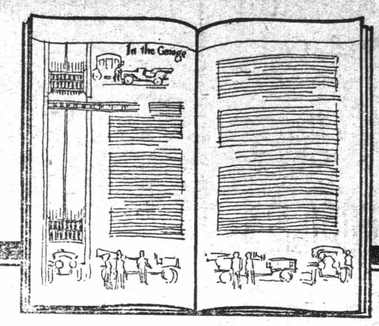
NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo; or the Department of Public Works, Victoria, B. C.



Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.
Department of Public Works,
Victoria, B.C., 6th July, 1914.

MEMORIAL TO WOLFE

Quebec, July 27 — Canon Scott's project for the erection of a memorial church in honor of General Wolfe has received the encouragement of the Duke of Connaught, who approves of it as a most inspiring theme, and promises to give it every support. Canon Scott says that under the new auspices he and those who are with him in the movement are now going ahead in real earnest. An organization committee will be formed in Canada. In England one already is being formed and it is headed by the Bishop of Willesden.

EUCHARISTIC CONGRESS ENDS'

Lourdes, France, July 27 — The Eucharist Congress closed its session yesterday following pontifical mass, a banquet and procession.

The Quarterly Meeting of the Society for the Prevention of Cruelty to Animals will be held tonight in the Wallace Street Adult Bible Class room at 7 o'clock sharp. All interested in the work are cordially invited to attend.

LOW EXCURSION FARES are being offered on the Grand Trunk Pacific Steamship six-day cruises to the Alaska Coast (Stewart) for the month of July only. $38.00 includes means, berth and all expenses. Write to C. F. Earle, Passenger Agent, Victoria, B. C., for illustrated booklet and sailing list.

Ald. and Mrs. Forrester entertained a large number of friends at a picnic at Departure Bay on Sunday afternoon in honor of their daughter, Violet.

The licensed lodging-houses and the casual wards of London together give accommodation to over 20,000 persons nightly.

Messrs. J. P. R. McGill, A. J. Randle, G. F. Wilson and H. McAdie jr., leave for Vancouver today to attend the Grand Post Native Sone of B.C. as representatives of Nanaimo Post No. 3.

Mr. and Mrs. E. Devlin returned last night from a visit to the Mainland.

Mr. Lawson of Lawson and Co., cutlery dealers of New Westminster, was in the city yesterday on a business trip.

A meeting of the Nanaimo branch of the W. C. T. U. will be held this evening in the Bible Class Room of the Wallace Street Methodist Church.

The Young Ladies Club of the Wallace Street Methodist Church will hold a Garden Party on the Parsonage grounds this evening at seven o'clock. Should the weather be unfavorable for a party an entertainment will be given in the School Room of the church.

Mr. Gee, manager of the Newcastle Lumber Yards arrived last night from a short business visit to the Mainland.

Mrs. A. Anderson, Milton street, arrived lest night from a visit to friends in Vancouver.

The Duke and Duchess of Connaught Princess Patricia and party arrived at Calgary yesterday and were given a royal reception.

Miss Constance Pollock entertained some thirty of her young friends yesterday on the occasion of the fourteenth anniversary of her birthday, at the home of her parents Mr. and Mrs. William Pollock. The home at the corner of Albert and Kennedy streets was the scene of much merriment which continued from 3 to 7, Miss Constance proving herself an able entertainer as those present report having had a royal time.

NICHOLSON BLOCK IS ALL COMPLETE

Messrs. Watson, Jacks and Anderson, the well known local contractors have completed the work of erecting the Nicholson Block on the corner of Cavan street and Victoria Crescent, the building being an important addition to the business section of the city.

In the erection of the Nicholson Block, owned by Mr. James B. Nicholson, the contractors have good reason to feel proud of their work. The building is constructed of brick and concrete, the brick used being the product of the Nanaimo Pressed Brick and Terra Cotta Company. The interior is finished in V joint, the front showing off to advantage by reason of three large plate glass windows which provide an abundance of light to two stores, one 18x35, already occupied by Mr. Ralph Johnson with a stock of tobaccos, fruits and confectionery and the other 22x60, not yet occupied.

THOMAS DOBESON PASSED AWAY

(Continued from Page 1)

the whole community in their great affliction and in part they will be sustained by the knowledge that after a long and useful life "Tom" Dobeson passed away honored and respected by the public and loved and admired by all who knew him closely.

The following sketch of the life and career of the late Mr. Dobeson appears in a recent volume published by the S. J. Clarke Publishing Co., entitled "British Columbia, From the Earliest Times to the Present." The work was published in 1914, and the following is from the section, "Biographical."

"As an important factor in building up an industrial Nanaimo, no name is more prominent or more deserving of recognition as a public-spirited and enterprising citizen than the subject of this sketch, Thomas Dobeson, who, coming from Newcastle-on-Tyne, thoroughly equipped by training and experience there, founded, about a quarter of a century ago, the extensive foundry and engineering works which he still successfully operates.

"Mr. Dobeson was born at Newcastle-on-Tyne, July 31st, 1844, of English parents, and is a son of George and Mary (Gray) Dobeson, his father having been a mechanical engineer and owner of an engineering works on the Tyne. Mr. Dobeson's early education was received in the public schools of his native city, completed by a course in the Science and Arts School of Newcastle and in the Durham University Extension classes, he afterwards being apprenticed in his father's works for four years. On the expiration of his apprenticeship, he spent three years in the North Eastern Railway Locomotive shops at Gateshead. After spending other three years in various marine engineering works in Newcastle, he, to fully complete his experience, then spent some years as marine engineer in the British coasting and foreign trade. Retiring from the sea he entered his father's works to become a partner under the firm name of George Dobeson & Sons, in which he continued for some sixteen years.

In 1889 he decided to try his fortunes in British Columbia, and in that year established the present foundry and engineering works, a plant well equipped to handle the varied business consequent upon the important mining and lumbering district, a specialty being made of stationary engines and heavy castings of iron and brass.

"Although no aspirant for public honors, Mr. Dobeson for five consecutive years was an Alderman of the the city of Nanaimo, was for two years a member of the Board of School Trustees, and served also for years as chairman for the Nanaimo Pilotage Board. He has long been a member of the Masonic fraternity, for many years holding the position of treasurer of Doric Lodge. Mr. Dobeson was one of the original members of the Northeast Coast Institute of Shipbuilders of Newcastle, which important body was founded in 1884.

"Mr. Dobeson was married in 1872 to Barbara, youngest daughter of the late John and Elizabeth Maddison, of Allendale, Northumberland and to them have been born two sons and five daughters, two of the latter having recently passed away. The sons Joseph William and John Osmon are actively engaged in their father's works. The living daughters are Elizabeth, Jane and Ursula, of whom Jane was married to the late Louis McQuade. Mary and Barbara are deceased.

The deceased will be laid at rest in the Nanaimo Cemetery, the funeral taking place from the family residence, Newcastle Townsite, Wednesday afternoon at 2:30, Rev. Mr. Cockshott officiating. Funeral arrangements are in the hands of Mr. D. J. Jenkins.

Save Money on Dry Goods

We are holding our Annual July Clearance Sale. This is a Sale during which we mark nearly everything in our store down to cost price in order to make room for fall shipments. These goods are not shop worn, soiled or damaged in any respect, but are all absolutely new goods for which a month ago we were asking very much more. Those who have attended our previous July Clearance Sales know that you can rely on our word when we say we have cut everything down to the lowest possible price. If you have never attended one of these Sales, come in and let us show you some of the Bargains we offer

VOLUME XIV NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, WEDNESDAY MORNING, JULY 29, 1914 NUMBER 122

Britain Ready at a Moment's Notice

Land and Naval Forces of British Empire in Readiness to Support Russia and France Should They be Drawn in Austria-Servian Struggle.

London, July 28—A high Government official declared today that Austria's declaration of war against Servia was one of the briefest documents of its kind in history. Germany paved the way for Austria by declining to participate in the conference proposed by Sir Edward Grey. That Germany is behind Austria in the war against Servia was fully demonstrated when Austria's declaration of war was issued within ten hours after Germany had declined to participate in the proposed peace conference. From the disposition of the Austrian forces it would appear as if Austria's intention was to first seize Belgrade and even this may now be an assured fact.

There is no outward feeling in England for war but a strong under current that Britain must stand by her alliance with France and Russia should both nations be drawn into war. The demands of the opposition papers for a general election have suddenly dropped as no one wants to see the possibility of the nation losing the services of Sir Edward Grey at this crisis. Britain's navy is now in readiness for all eventualities. All ships have taken on supplies, every man is aboard and the fleet is ready to take to sea at a moment's notice. There was in tense activity in army and navy circles today. Orders were given to have everything in readiness immediately and commanders of vessels were instructed to be in readiness to go to sea at a moment's notice. All shore leave is at an end, and the land and navy forces of th Empire are in readiness to respond to the call should the Government be compelled to take part in the gigantic struggle which appears inevitable.

Paris, July 28—The French Government is quietly and quickly preparing for war, the nation only waiting for Russia to be drawn into the conflict when France will be prepared to back her ally with all her forces of the Republic. President Poincaire will reach Dunkirk tomorrow when a meeting of the cabinet will be held and the situation discussed.

It is the general belief here that Austria will only enter Servian territory, being contented with holding the ground she occupies without making any further advances until Servia comes to time and meets Austria's full demands.

Berlin, July 28—The town is seething with excitement. Nobody questions the Kaiser's desire for peace, but the question is whether his intervention has come too late to prevent a general European war.

News from St. Petersburg is awaited in Berlin with feverish anxiety.

An official of the foreign office made this significant statement shortly before midnight.

"Germany's attitude depends on Russia. The least sign of Russia assisting Servia will be considered a caucus belli. Germany is ready for war, but wants peace."

The morning papers note the significance of the fact that Sir Edward Grey's proposal contemplated only mediation between Austria and Russia, not Servia and Austria.

Well informed circles assume that Germany is disposed to regard the British foreign secretary's proposal sympathetically, but to act within limits wholly agreeable to Austria. Any scheme of mediation distasteful to Vienna will forthwith be rejected as an attempt to exert undue pressure on Austria.

No confirmation has been received up to a late hour this evening, either by the German foreign office or the Russian embassy of the mobilization of various army corps in Russia, as reported in yesterday's dispatches to London.

A German official declared flatly that any Russian mobilization against Austria, partial or otherwise, meant war. German mobilization orders would then he said, be issued immediately, and when these once had been launched there would be no possibility of recalling them or of Germany resting on her arms while negotiations continued, as the strategic necessities of war of her two fronts would force Germany to strike immediately and hard.

The opinion was expressed in well-informed Russian circles tonight however, that partial mobilization of Russian troops along the Austrian frontier was quite probable as an answer to the Austrian declaration of war on Servia.

Servian officials here appeared to think that such a step could be undertaken without evoking a German counter mobilization.

Buda Pest, July 28—A great patriotic demonstration took place in the Hungarian Diet today when the royal rescript was read proroguing Parliament. The deputies cheered for the king, the country and the army. Speeches were made by prominent deputies during which every patriotic word was loudly applauded.

London, July 28.—Is Russia and therefore France, become involved in the Austro-Servian conflict, can Britain remain neutral? Englishmen are beginning to ask themselves this grave question. Some argue that Sir Edward Grey implied British participation when he said in the House of Commons, yesterday, that if Russia became implicated, the question then would be one of the peace of Europe, a matter that concerns us all. Leading Unionist journals certainly take the view that England could not stand aloof. Mr. J. L. Garvin, editor of the Pall Mall Gazette, says:

"The security of France is the first and chiefest British interest on the continent. If France mobilizes, we must mobilize. We must do it, not from lust of war, but as a guarantee of our firm determination, at all costs, if possible to maintain peace. Our watchword must be mediate but prepare."

The London Daily Express says. "It is a grim consolation to know that Austria has selected a moment that finds the British fleet still mobilized."

Lieut.-Col. Abager Pollock argues lengthily in The Daily Express that British neutrality in such a case would be analagous to suicide in order to escape being killed. He says: "The Triple Alliance, if victorious, would remorselessly trample upon France so that never again would she regain her place as a great power. Then would come the turn of the United Kingdom to be shorn, not only of her empire, but her independence. If, on the other hand, France and Russia succeed, without our aid, then anger and contempt for a faithless friend would find practical expression against us."

AUSTRIA WILL NOT ANNEX TERRITORY

London, July 28—Germany's definite decision against participation in the ambassadorial conference proposed by Sir Edward Grey, the British foreign secretary, in an effort to maintain peace, is regarded here as tantamount to a declaration of Germany's determination that Austria-Hungary shall have an entirely free hand in chastising Servia unless the Balkan kingdom accedes in full to the demands of the dual monarchy.

According to advices Germany's refusal was couched in terms of sympathy with Sir Edward Grey's object but contended that the suggested conference would place Austria-Hungary in the invidious position of appearing like the Balkan States before a European tribunal to explain her actions, and therefore likely to increase rather than decrease the difficulties of the situation.

Apparently authentic reports current here assert that Russia has been given positive assurances that Austria-Hungary has no intention of annexing Servian territory. If true, this might, it is believed help the efforts to localize the war.

Sir Edward Grey had requested the European powers to permit their ambassadors in London to confer with a view to a peaceful solution of the controversy. Italy and France at once consented to join their efforts to those of Great Britain.

Austria-Hungary in the interval had proceeded rapidly with the mob-

(Continued on page 2)

Strength of European Armies Compared

	Peace Strength	Reserve	war strength	Additional available for duty, but unorganized
Austria	390,000	1,610,000	2,000,000	3,000,000
Germany	870,000	4,430,000	5,200,000	1,000,000
Italy	250,000	950,000	1,200,000	1,200,000

France	720,000	3,280,000	4,000,000	1,000,000
Servia	32,000	208,000	250,000	60,000
Great Britain	254,000	476,500	730,000	2,000,000

GOVERNOR GENERAL IS WELCOMED TO EDMONTON

Edmonton, July 28.—Edmonton had ideal weather for the civic holiday and the visit of Their Royal Highnesses the Duke and Duchess of Connaught and Princess Patricia yesterday. The royal visitors were met at the station by His Honor Lieutenant Governor Bulyea, Premier Sifton and Mayor McNamara. A guard of honor was furnished by the 101st regiment.

Following the presentation of addresses by Premier Sifton on behalf of the province and Mayor McNamara on behalf of the city. Their Royal Highnesses were taken to the University of Alberta, where an inspection was followed by Their Royal Highnesses being shown around the city.

In the evening there was an official dinner.

MME CAILLAUX "NOT GUILTY"

Wife of Ex-Premier of France Found "Not Guilty" of Murder of Calmette, Editor of Figaro.

Paris, July 28—The jury tonight acquitted Mme. Caillaux, who was on trial for the murder of Gaston Calmette.

Paris, July 28—Mme. Caillaux, wife of the former premier of France, on trial for the murder of Gaston Calmette, efitor of Figaro, fainted in court again today while Maitre Chenu, one of the attorneys representing the family of the murdered editor, was delivering a cutting analysis of her actions on the day of the tragedy. Because of the defendant's condition Judge Albanel suspended the sitting.

Mme. Caillaux looked worn and ill when she entered the prisoner's enclosure of the criminal court of the palace of justice for the eighth day's hearing of her trial. The proceedings started with a speech by Edouard Seligman, one of the attorneys representing the family of the murdered editor. Mme. Caillaux had been becoming visibly weaker as the sitting continued and appeared unconscious of what was occurring in court. A hot water bottle was placed beneath her feet and a cushion at her back soon after she entered the courtroom. Meanwhile Maitre Seligman continued his address.

"The son of Gaston Calmette asked us to bring him to this court to seek justice," he said. "We refused to do so, but do not forget, gentlemen of the jury, with what anguish the orphans await your verdict. You have heard witness after witness speak in praise of the late M. Calmette. There has been only one discordant note, and that came from M. Caillaux. How many millions must a man have in order to permit his being assassinated with complete impunity?"

The jury was next addressed by Maitre Chenu, and his cutting analysis of the actions of Mme. Caillaux on the day of the tragedy was too much for the prisoner. She collapsed and fell in a heap on the floor of the prisoner's enclosure.

"I will speak of nothing except the assassination of M. Calmette," Maitre Chenu was saying. "I will ask the accused whether, when she spoke of her love for her daughter, she thought of the two children of M. Calmette, whose pictures never left him. I shall not attempt to go into the biography of Mme. Caillaux. She is a cool, sensible woman without emotion or pity. She has tears only for herself."

VANCOUVER BEATEN.

Portland, July 28.—The Waverley club, of Portland, turned the tables on the Vancouver, B. C., polo team, taking the second and final game of the series, 4½ to 4. The play was the fastest yet seen here.

CAPT. W. G. COX
who died on board his steamer Wayestre, near Parry Sound. He was stricken with apoplexy.

WOMAN RESPONSIBLE FOR POLITICIAN'S DEATH.

Stamford, Conn., July 28 — Mrs. Helen M. Angle is held criminally responsible for the death of Waldo R. Ballou, a prominent politician here, on the night of June 13, in a finding made today by Coroner J.J. Phelan.

STRIKERS WANT TO GO BACK TO WORK

Ladysmith, July 28.—The intimation that Saturday's strike allowance would terminate the sums paid to the island miners by the American labor organization came as a bombshell in Ladysmith, where for nearly two years the strikers have been living on the weekly international grants.

On Sunday the situation was eagerly discussed and the trend of opinion it is claimed, was in favor of a prompt resumption of work. The majority of Ladysmith miners are of Slavonic origin and socialism is very strong among them. A meeting was held on Sunday in the rooms of the Miners' Union to consider the altered position but the decision arrived at is being jealously withheld from outsiders. Even should the miners decide on an immediate resumption of work many hundreds will be unable to do so, as the mine owners will naturally refuse to oust the men who stood by them in their time of trouble.

The merchants of Ladysmith will welcome the settlement of the long-standing strike which has paralysed business in the little city.

DATE OF TELKWA FAIR IS CHANGED.

Telkwa, July 28—With the consent of the department of agriculture, the date of the Telkwa Fall Fair has been changed to September 18 and 19.

The Bulkley Valley Agricultural Association have in hand a lengthy prize list and the fair promises to be highly successful.

LOCAL BIRDS FELL BY THE WAYSIDE

The Nanaimo Homing Society held a race Sunday from Ballard, Washington. Seventy-one birds were liberated in the American city and so far but five of the number have found their way home.

The race was won by Adam Neen, the birds which arrived home and the velocity of each in yards per minute, being as follows:

Adam Neen	740.14
J. Coulthard	370.87
Wilkinson Bros.	369.81
Watson Bros.	367.71
Jonathon Thompson	332.51

PORTLAND WATERFRONT THREATENED BY FIRE.

Portland, Ore., July 28—In a fire here early today that for a time threatened to sweep the waterfront six frame buildings were destroyed and a number of persons had narrow escapes from death. Although it was believed that all the tenants escaped a search of the ruins was being conducted today. The damage was small, amounting to $10,000.

For an hour the firemen had a desperate fight keeping the flames from spreading to the wharves and ships along the banks of the William ette river. Practically all the occupants were driven from the buildings in their night-clothes. One woman was rescued by a policeman after she had been overcome by the smoke.

STRIKERS IN POLICE COURT

Messrs Fielding, Flockhart Isbister and Mercer Sentenced to Jail in Connection With Assault Case at Chase River

At the city police court yesterday morning before Magistrate Simpson E. Fielding, A. Flockhart, R. Isbister and R. Mercer were charged with incommoding passengers on the highway in connection with the assault on Luther Saville a week ago last Saturday at Chase River. Accused were all found guilty and sentenced the two former to three months and the two latter to two months imprisonment, but owing to a difference between counsel and magistrate it is probable that an appeal will be taken.

Relating the story of the assault, Luther Saville stated that he was riding home from his work at South Wellington on a wheel on Saturday, July 18th. He was riding behind two men, Cox and Beck, and about four o'clock had reached the "Black Road" leading up to Nicol street. He saw Cox and Beck stopped by a group of men. He rode up to the crowd and also got off his machine and just as he got off, Cox and Beck turned round and made off on their wheels down the road they had just come up. Flockhart then addressed witness, saying "Come here, you're just as safe as in heaven." Flockhart then grabbed the handle bar of witness' machine and held it between his knees. He was then accosted by Isbister, Flockhart and Mercer as to his working. To the first man he made a reply, but did not say anything to the other two. He tried to get through, and one of the men in the crowd made an attempt to get at him, presumably to hit him. Mercer kept this man back. He then tried to get away but just as he was in the act of mounting his wheel, Fielding struck him between the eyes, knocking him down, and commenced kicking him about the face, head and shoulders. The rest of the crowd had dispersed, and when he got up everybody had gone, and so had his cap and his cycle. He found his teeth had been broken and he was unable to move his arm.

Shortly after, as he got down to the end of the Black Road he met Cox. A car passed them and they hailed it, but the driver would not take him in. Dr. O'Brien then came along, and the doctor took him to South Wellington and attended to his injuries.

In answer to counsel for the Crown he thought there were five men and one woman in the crowd. He had never seen his cycle since.

The cross examination of Mr. Leighton was directed towards eliciting the nature of the crowd, and the methods of identification of the accused, especially of Isbister. Saville stoutly maintained that the crowd was intimidatory, and that he recognized

SERVIA CUTS OFF AUSTRIA'S ADVANCE

Great Bridge Across The Danube Between Belgrade and Semlin Blown up by Dynamite—Montenegro Has also Mobilized.

Vienna, July 28.—The Militkrische Rundschau repeats the report that the Servians have blown up the great bridge across the Danube between Belgrade and Semlin. It is said that the explosives in the bridge were discharged by pressing an electric button in Belgrade. It is also said that Servia has withdrawn her troops on the Albanian frontier.

Montenegro is reported to have mobilized her army. Great activity is being displayed in Lucien, a Montenegrin fortress overlooking the Austrian town of Cattaro. King Nicholas and his government have gone to Podgoritza.

Russia is declared to be taking special military measures at Vilna, Warsaw and Kieff. The Austrian railway, postal and telegraph services are being restricted.

Winnipeg, July 28.—Partial mobilization in connection with the Austro-Servian war will apply to western Canada. The Austrian consul here states there are 150,000 Austrians in Western Canada and those concerned will be notified individually by letter their corps have been ordered to the front.

St. Petersburg, July 28.—The Russian government has issued the following official communication to the numerous patriotic demonstrations the last few days in St. Petersburg and other cities which proves that the firm pacific policy of Russia finds a sympathetic echo among all classes of the population. "The government hopes the expression of feeling of its people will not be hinged on emnity against the Powers with whom Russia is at peace and with whom it wishes to remain at peace." While the government gathers strength by this wave of popular feeling it expects its subjects to retain reticence and tranquility which rests confidently on the guardianship of the dignity and interests of Russia.

Vienna, July 28.—With a great feeling of relief the people of the Dual monarchy look forward to war with Servia. Even certain knowledge that Russia will intervene would not now cause Austria to hesitate a moment or alter her course in the slightest. Vienna is absolutely without news.

Movements of troops the papers naturally are forbidden to print and a sharp censorship has been established over the press. All means of communication is closed but a quiet crowd of constantly increased numbers assembled before the War ministry. Papers here print the following inspired statement in well informed circles and the view held so far is Sir Edward Grey's proposal to localize the conflict between Austria-Hungary and Servia. The former can declare herself entirely agreed with Grey but regarding what he said regarding suppression of military operations affairs have proceeded much too far to allow anything to come in this direction. Advices from Belgrade say the Servian capital is now located at Nish where the Skupehtima (National assembly) met today. All Servians between 18 and 60 years able to bear arms have been called out and mobilization is proceeding rapidly although peasants will have leave to do harvesting.. Sharp fighting is reported along the river Dwina where Servian volunteers attempted to cross the river and were resolutely opposed by Austrian frontier troops. It is also reported the Servians fired on their own river transports in mistake, killing and wounding a number of Servian soldiers.

FEDERALS FIGHTING ZAPATISTS

Washington, July 28 — Brigadier-General Funston reported today that the Mexican Federal forces in Mexico City had taken the offensive against the Zapatists and driven them from nearby towns. He says there are 20,000 Federals in the Mexican capital.

The Nanaimo Tennis Club will visit Parksville Saturday and play a return match with the Parksville players. The following will represent Nanaimo: Mrs. Peto, Miss Teague, Miss Priestley, F. M. Bressey, R. F. Hunt and R. E. Horsford. Any of the above named players who find it impossible to make the trip are requested to notify the secretary at once.

AUSTRIA DECLARES WAR ON SERVIA

Minister of Foreign Affairs Berchtold Issues Declaration Which Plunged Europe Into Throes of Gigantic Conflict.

Vienna, July 28—Austria today formally declared war on Servia. The text of the declaration is as follows:

"The Royal Government of Servia, not having replied in a satisfactory manner to the note remitted to it by the Austro-Hungarian minister in Belgrade on July 23. 1914, the Imperial and Royal Government finds itself compelled to proceed to safeguard its rights and interests and to have recourse for this purpose to force of arms.

"Austria-Hungary considers itself therefore, from this moment in a state of war with Servia.

(Signed) BERCHTOLD

"Minister Foreign Affairs of Austria-Hungary."

Vienna, July 28—The Militaerische-Rundschau reports the active movements of both Servian and Montenegrin troops, which are in close touch at Priboj, near the frontier of Bosnia.

Berlin, July 28—Reports from the Austrian border today state that the transport of the Eighth and Ninth Austrian army corps from Bohemia toward the Servian frontier began yesterday, and there was no other traffic on the Bohemian railroad except that of troop trains.

Glasgow, July 28—Italian warships visiting the Clyde were ordered today to return immediately to Italian waters.

NOVA SCOTIA SHOOK BY EARTHQUAKE

Halifax, July 28 — Earth tremors, which violently shook the buildings and so alarmed the inhabitants that in one place they fled from their houses, fearing immediate collapse, were felt at noon yesterday on the southwestern shore of Nova Scotia, from Mahone Bay to Shelbourne.

The disturbances occurred a few minutes before noon and were in most places felt in two distinct shocks.

The earthquake came from an easterly direction and spent its force near Shelburne, where only one shock was felt.

Mahone Bay, Mader's Cove, the Narrows, all reported shocks severe enough to rattle dishes.

At Bridgewater the shock was very severe, but no damage was done. The distance from Mahone Bay and Shelburne is about 100 miles. At Sable River, which is half way between the two places, the shock was so severe that pictures were disarranged on the walls and houses shook so violently that people rushed into the streets fearing their buildings would collapse. It was in this vicinity, a radius of 20 miles, that the disturbances were greatest.

At Liverpool, which is the most important station east of Sable River, on the Halifax Southwestern Railway, there were two distinct shocks, one of twelve seconds and another following of six seconds' duration. All buildings in this town were more or less shaken but no damage was reported.

HORSES STOLEN FROM POUND.

Calgary, July 28 — Locks were smashed on the gates of the city horse pound early Monday morning and thirty horses stolen. Posses of city and mounted police are on the trail of the thieves, who are supposed to have gone north with the animals.

ADVERTISING MANAGER IN CITY ON BUSINESS

Mr. G. S. Curtis, manager of Hutcharm Limited, Victoria, the largest advertising agency in Western Canada and the only agency west of Winnipeg recognized by the Canadian Press Association, was in the city over night. Mr. Curtis, whose firm handles some of the best advertising accounts in Western Canada, states that no city in British Columbia enjoys a better business reputation in B. C. than Nanaimo not only on account of the way the city was held up during the recent industrial troubles but in comparison with other B. C. centres during a financial depression that has taxed the limits of the finances of the province generally.

ALBERT STREET REGRADE.

Contrary to expectations the scheme for the regrading of Albert street has been endorsed by the ratepayers. It was announced at the Council meeting on Monday night that the petition against the proposal was not representative enough to block the scheme. Accordingly a start on this important work of improvement will be made as soon as possible, and the job pushed to completion. This is good news. The ratepayers who opposed the work had doubtless good reasons for their action. In our view, however, it would have been a misfortune to the central part of the city had the scheme been blocked. In addition to the grading of the street there was the opportunity of connecting up with an important part of the Five Acres. This meant that Albert street would become one of the main arteries of the city. Had the scheme been turned down it is improbable that the same opportunity would ever have occurred again, as it required considerable property adjustment on the Five Acres to enable the connection to be made. It was therefore to the benefit of Albert street, even more than to the city or the Five Acres that the work should be carried out now. This was the view taken by the Council, but it was careful to leave the decision with the ratepayers and now with their consent the work is to be done. This is as it should be. There is no room left for dissatisfaction, and it is to be hoped that in the very near future events will prove to those who opposed the scheme that they were mistaken.

THIRTY-FOUR YEARS' SERVICE.

It came out at the meeting of the City Council on Monday evening that it was thirty-four years ago that day since Mr. Sam Gough had taken the position of city clerk. This is quite a wonderful record. Municipal clerkships are not as permanent as they might be and ought to be. The city clerk is the servant of the citizens, but to a large extent is in the hands of the Council. Thus he finds his immediate master constantly changing, and his position becomes all the more precarious as a consequence. It says something for Mr. Gough's efficiency as a clerk as well as his sterling qualities as a man that he has been found satisfactory by all the changing councils during these thirty-four years. None of the men who composed the Council under which he first took office are now alive. All have crossed the great divide. Others who have followed them have also departed from this life, but Mr. Gough continues at his place, instructing new Councils in the business of the city. Thirty-four years ago Mr. Gough was the whole city staff. Now he has a number of assistants and various departments to control. It is time the Council took thought of giving him some fitting reward for his long and conscientious service to the city. As things are the Council, and after it the city cannot do without Mr. Gough. He has the whole business of the city at his fingers' ends, and in the natural order of things he has had to do a good deal more than he had any right to be asked to do. It would be as well for the Council to set the city's house in order. It is a shame after all his years of service that he should be worked harder now than ever he was. He is certainly not paid for it. Compared with the work he is asked to do, and the responsibilities placed upon him, he is very much an under-paid servant. It would be a fitting reward for all his faithful service to ease him of all actual clerical work. The Council and its committees need his advice on municipal business and require his knowledge of city affairs. There has been much talk of reorganizing the office staff, but it never seems to get any further than the appointment of an extra clerk. If a reorganization were made then it would give the Council the opportunity to do the gracious thing by Mr. Gough. He could be made general supervisor of the whole office, a position for which he has every qualification of knowledge and experience and one in which he would be able to render the city the most valuable services. Certainly Mr. Gough is entitled to this consideration, and the Council would do well to take the matter up.

WAR.

Austria has made a formal declaration of war against Servia. The declaration followed naturally upon the ultimatum served upon Servia. It was evident from it that Austria was resolved on war, and no one as yet can unveil the springs of her action. Sir Edward Grey's scheme of mediation fell down before this determination to force hostilities. Germany declined to join in any scheme of mediation, thus disclosing its intention of giving Austria a free hand and indicated that there is something much bigger than the Servian difficulty inspiring this aggressive movement. Austria's formal note, declaring war, states that Servia's reply to the ultimatum of July 23 was not satisfactory. As a matter of fact it was an impossibility for Servia as a sovereign state to render a satisfactory reply. That circumstance had no doubt been carefully considered when the terms of the ultimatum were decided on. Austria further declares that it is now compelled to safeguard its rights and interests by recourse to force of arms. The puzzle is to find what right and interests have been jeopardized. The fact is that war having been determined on any pretext will serve. The real causes and issues of the war can only be guessed at for the present and no one can say where the outbreak will end. The situation as it exists is the worst that Europe has ever known and demonstrates what a poor thing our boasted civilization is. So far as the evidence goes Servia has done nothing to justify Austria's attack, and it is only reasonable to conclude that there is some scheme afoot to carry out which its authors are ready to plunge all Europe into war. A very few days will determine what limits the struggle is to have, but at present it looks as if the whole of the Old World will be involved in one mighty death struggle.

It is not correct, as The Herald inadvertently stated, that Austria seized the provinces of Bosnia and Herzegovnia after the recent Balkan war. The seizure was made before the war. It reamins true all the same that the annexation tore a treaty to tatters; that Austria did intervene after the Balkan war to prevent Servia getting to the sea, and the ultimatum to Servia which has resulted in a declaration of war was as brutally provocative as it could be made.

CHICAGO WHEAT JUMPS SIX CENTS IN SESSION

Chicago, July 28—Immense expansion of the trade in wheat followed the announcement today that war had been declared. Within a few minutes the market touched a point about three cents a bushel higher than prices earlier in the season and 2½ cents above last night.

Wild fluctuations resulted. The rise in the market was soon more than doubled, the September delivery jumped up to 89¾, or 6½ above the minimum value near the opening of business.

KIDNEY TROUBLE AFFECTED HIS SPINE

Suffered For Forty Years Until He Used "Fruit-a-tives"

BRONTE, ONT., OCT. 31st. 1913.

"For about forty years, I was troubled with Lame Back brought on by Kidney and Bladder Trouble. I was never confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies which never did me any good. Then I saw "Fruit-a-tives" advertised and decided to try them. They did me more good than any other remedy.

My son suffered from the same trouble and frequently had to leave off working, but "Fruit-a-tives" remedied it for him. I would strongly advise anyone suffering from Kidney and Bladder Trouble to use "Fruit-a-tives".

H. DORLAND

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

COUGAR MAULS BOY

Vancouver, July 28—Fred Frederick son, of Bella Coola, aged 10, was attacked by a cougar yesterday. The lad was standing near his father's house in the woods. His cries brought help and the cougar, after mauling the lad, but not injuring him seriously ran away into the timber.

UP-TOWN "LID" OFF.

San Francisco, July 28—San Franciscans are to be permitted to dance again in the big up-town cafes. The authorities so decided last night. They refused, however, to lift the lid off the Barbary Coast.

AUSTRIA WILL NOT ANNEX TERRITORY.

(Continued from page 1.)

ilization of her great army. The entire railroad system was utilized for the movement of troop trains, the telegraph system was monopolized for government business and a strict censorship was imposed.

Servia also has mobolized her forces and withdrawn the garrison of Belgrade, the capital, to the interior as the chief city of Servia, occupied a position too vulnerable to be held.

Every war office and admiralty in Europe is occupied in preparations for eventualities. Even the smaller countries, such as Holland, Belguim and Switzerland, were taking precautionary measures.

POSTPONE HOME RULE AMENDING BILL

London, July 28—The first effect of the Dublin occurrence has been to change Premier Asquith's plans for taking up the amending bill. The premier announces that the question had been indefinitely postponed.

The Irish members are so exasperated over the killing of four persons and clash between the regular troops and the mob that they are not in a frame of mind to grant any concessions to Ulster. The Laborites and many Liberals support them.

The government announced in the house yesterday that Deputy Police Commissioner Harrell, who ordered out the troops, had been suspended, and that his superior commissioner, Sir John Ross, who expressed a desire to share the responsibility, has resigned his office. A special inquiry will be held, probably by a judicial commission,

In the meantime the demand for the removal of the Scottish Borderers from Dublin has not been granted, largely because an attempt to march them out would be the signal for attacks by the mobs. They will remain in barracks until the anger of the people has cooled.

The Nationalist members of parliament have had a meeting and showed more animosity. They consider that the viceroy, Lord Aberdeen's official family, is prejudiced against the Nationalists.

John Redmond demanded an impartial inquiry, also that the regiment should be removed from Ireland, that the proclamation against the bringing in of arms into Ireland should be withdrawn because it instituted a serious danger, and that the law be administered impartially. He called for the suspension of Sir John Ross, the police commissioner of Dublin.

NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo, or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.

Department of Public Works,
Victoria, B.C., 6th July, 1914.

Draft Drinks---

Many people prefer Draft whisky, port, sherry, etc., to the bottled goods. They claim that draft goods are purer, have a milder, more pleasing taste than the bottled goods and in every other way are better liquors, wine or beer to drink.

However that may be we wisth to inform you that the Keystone Wine Co., Ltd. has a very large stock of draft liquors, wines, etc., on hand. We claim to have the best draft brands on the market in stock. The proof of the pudding lies in the eating. Sample Keystone Wine Co's. draft goods and then acknowledge that you never tasted "smoother" goods and at prices that discount bottled goods.

Bottled Cocktails---

Every man and woman who appreciates a good drink likes a sparkling cocktail once in a while. The trouble with the ordinary man who drinks cocktails is that he seldom gets a cocktail of the same strength and flavor of the preceding one. To avoid this, drink Gold Lion Cocktails, both Martini and Manhattan, put up in quart bottles by the Cook & Bernheimer Co., of New York, and sold by the Keystone Wine Co., Ltd. Always snappy, equitable strength, tasty and satisfying.

NO MORE FALLING HAIR NO MORE DANDRUFF,

Nearly every one has dandruff, and must reconcile themselves to the idea of becoming completely bald or resort to the use of Newbro's Herpicide

The manufacturers have absolute faith in Herpicide to remove all traces of dandruff. So perfect is this belief that all dealers are instructed to sell the preparation with a "money back" agreement.

Such supreme confidence is the best evidence in the world of the merit of Herpicide. They know the result hence the guarantee. It protects the purchaser.

Used as directed, Newbro's Herpicide eradicates dandruff and prevents the hair from coming out. It stops itching of the scalp, which is so disagreeable.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops.

FRED C. STEARMAN, Druggist, Special Agent.

For restaurant purposes a coffee heater has been invented which injects a jet of steam into a cup of cold coffee just before it is served to save imparting its aroma by keeping it at a high temperature for hours.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NOTICE

Notice is hereby given that on the 3rd. day of August next application will be made to the Superintendent of Provincial Police for a transfer of license for the sale of liquor by retail in and upon the premises known as the Somerset Hotel, situated at Wellington district, in the province of British Columbia, from Frederick George Jarrett to Joseph Emerson Carr of the said Wellington district, province aforesaid.

FRED. G. JARRETT
Holder of License.
JOSEPH E. CARR
Applicant for Transfer.

Dated this 2nd. day of July, 1914.

NEWS OF SPORT

DEAD HEAT IN THE STEWARD CUP

Goodwood, England, July 28— The feature race of the opening of "Glorious Goodwood" today was the Stewards' Cup, a handicap of £632, six furlongs in which the favorite, W. Raphael's four-year-old bay colt, Lord Annandale, by Littleton-Overrated, and winner of the race last year, ran a dead heat with J. B. Joel's four-year-old brown colt Golden Sun, by Sundridge-Golden Lassie. The former started at 10 to 9 and the latter at 10 to 1. W. F. Stratton's Castellan, 9 to 1, was placed next.

The Richmond Stakes of £25 each with £500 added, for two-year-olds, six furlongs, was won by Sol. Joel's Pommern, by Polymelus-Merry Agnes who started at 10 to 1. His Majesty's Sammarco, 10 to 1, was second and J. B. Joel's Jove, 10 to 1, third

TENNIS CLUB WILL HOLD TOURNAMENT

The Nanaimo Tennis Club are arranging to hold an open tournament on their grounds from the 12th to the 15th of August. This club was only formed this year, and already have a large membership and own three clay courts situate on the Caledonian grounds. The events will be Men's Singles, Ladies' Singles, Men's Doubles, Ladies' Doubles and Mixed Doubles. Entrance fees are $1.00 for each person for each event, and all entries must be in the hands of the Secretary B. G. Wickings-Smith, Box 837, Nanaimo, not later than Friday August the 7th. Visiting players need not be ready to play until two p. m. on Wednesday the 12th. As this is the first annual tournament of the Club, it is hoped that there will be a good number of entries as no doubt it will give a great impetus to the game in and around the district. An admission of 25 cents will be charged to non-playing visitors. Refreshments will be served on the grounds.

INTERNATIONAL CHESS TOURNAMENT

Mannheim, July 28—In the sixth round of the international chess tournament, Bogojubow, Breyer, Tarrasch, Fahrni, Johan and Janowski defeated Carls, Flamberg, Post Duras, Tartskower and Alechino, respectively. Drawn games were recorded between Mieses and Krueger, Vidmar and Marshall, and Reti and Spielmann 5; Alchino and Vidman each 4½; Bogojubow and Reti each 4; Janowski, Marshall and Tarrasch, each 3½.

OPEN GOLF MEET.

Ottawa, July 28.—It is expected that practically every Canadian golf club will enter its professionals in the annual open golf club championship which will be played at the links of the Toronto Golf club, Long Branch on August 13 and 14. The championship will be decided by two rounds of a 36-hole medal play. A gold medal will be offered for the open championship, also for the two day's play Several American golfers, including Francis Ouimet, the present American champion, may be among the competitors.

Juarez, Mexico, July 28.—Johnny Dundee, of New York, won the decision over Grover Hayes, of Philadelphia in a twenty-round bout here today. Hayes was knocked down in the first round and was groggy at the end of the match. The boxers are lightweights.

STRIKERS IN POLICE COURT.

(Continued from Page 1)

Isbister without any prompting from Constable Attray. Mr. Leighton in dealing with this point thought that the constable should be kept out of the court and Counsel Harrison at once interjected that the defence witnesses should also be excluded. To this Mr. Leighton replied that he would only call the accused, and from this incident sprung the subsequent misunderstanding.

Dr. O'Brien described the injuries at Sapille when he came across him near the Black Road near Chase River. Saville, he said, was bleeding considerably from the mouth, his lip having been cut inside the cheek. His teeth were broken, and both eyes were considerably swollen and black, the under lids particularly being much swollen. His cheek also was slightly scratched, and he was unable to raise his arm.

To Mr. Leighton the doctor stated that paralysis of the arm was such as could not have been caused by a blow from a fist.

Richard Cox and William Beck both gave evidence of meeting the crowd on the black road. Cox was about 40 or 50 feet ahead of Beck, and Beck the same distance ahead of Saville. Both of them recognized Fielding, Flockhart and Mercer. Cox stated that the latter only reached the crowd as he got off his machine, and Beck testified that Mercer was in the back of the crowd. Beck said that his reason for running away was that he thought that they were in for a beating and it was up to them to make a getaway.

Mr. Leighton asked for the dismissal of Mercer and Isbister. He claimed that it had been shown by the man who reached the crowd first that Mercer only reached the place after the men had been stopped and ordered off their machines. Saville had testified that Mercer tried to help him, and counsel therefore asked for his dismissal.

Magistrate Simpson decided to hear the evidence for the defence.

As regarded Isbister counsel argued that only Saville had identified him as being present, and it was quite possible that in the excitement and bustle he had made a mistake. Cox who had stated that he knew Isbister well had not seen him in the crowd and neither had Beck.

Magistrate Simpson called for the defence to proceed.

Mr. Leighton called a witness when it was immediately protested that he had been in the court while evidence for the prosecution had been given. Mr. Harrison argued that Mr. Leighton had given an understanding that he would not call any witnesses except the accused, and Magistrate Simpson took the same view. The stenographer had taken no note of what had been said, and after a good deal of squabbling between counsel Magistrate Simpson refused to hear the witness.

Mr. Leighton protested the ruling and asked the stenographer to take a note of his protest.

Magistrate Simpson then sentenced the men as already mentioned.

The further charge against Fielding of assaulting Saville will be heard this morning.

Minard's Liniment Co., Limited.

Dear Sirs,—This fall I got thrown on a fence and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good. One bottle of MINARD'S LINIMENT warmed on flannels and applied on my breast, cured me completely.

Losing his balance while playing on a log in the head of False Creek near the foot of Scott street, Vancouver, Emil Delcourt, 12 years old, living at 260 Dufferin street east, was drowned at noon yesterday when he fell off into four feet of water. Although artificial respiration was applied for half an hour by a police officer hurriedly summoned to the scene by the boy's companions, it was without success, Dr. Wilson, who had been called, pronouncing him beyond hope.

CLOUDBURST DROWNS TWO

Telluride, Colo., July 28 — Two women were drowned, fifty families were rendered homeless, and fifteen business blocks, camprising a hundred buildings, were partially wrecked late yesterday when a wall of water ten feet high originating in a cloudburst at the top of the range, descended through Cornet Canyon, broke through a dam and flooded the town. The damage is estimated at $150,000. Several hundred residents are encamped in public buildings. The town is still partially inundated but the danger of a further rise is believed past.

SOL DUC Spring Mineral Water!

You can now enjoy all the beneficial virtues of the famous "SOL DUC" Mineral Water at your homes. Bottled under the supervision of medical experts. We do not advertise it as a 'cure all" but if you are suffering from Rheumatism, Gout, Diabetes, Bright's Disease, or Liver Afflictions just try a dozen bottles. If it don't cure you will at least enjoy it as a Table Water. Comes in both "Sparkling" and "Still."

Quart bottles, 25c each, $2.50 doz. Pints 15c each, $1.65 Doz

VOLUME XIV NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, THURSDAY MORNING, JULY 30, 1914 NUMBER 123

ALTERATIONS TO LOCAL BLOCK

Old Britannia Hotel Block is Being Fitted up For Hardware Store---Concrete And Brick Addition to be Constructed.

Ald. Jas. R. McKinnell is having the old Brittania Hotel Block on Commercial street altered and considerably improved, and when the proposed alterations are completed the building will be occupied by a Victoria business man who it is stated will open in the general hardware business.

The alterations to the Block consist of an addition of concrete and brick in the rear of the present structure, and a large basement is being fitted up for the accommodation of stock, etc. The front of the building will be moved back to the street line and a plate glass front installed.

The work is being done by Mr. L. C. Young and the contract is expected to be completed by Sept. 1st.

SEAT BY ACCLAMATION.

Le Pas, Man., July 29.—There will be no election at Le Pas. William Carriere, Liberal candidate, has placed his resignation in the hands of the returning officer, who declares Dr. Orok, Conservative, elected by acclamation. Mr. Carriere has left this section.

DUKE NOW AT BANFF

Calgary, July 19—The vice-regal party, including the Duke of Connaught, the Duchess and the Princess Patricia, left Calgary late last night after spending the day on the jump. They went from here to Banff, where the party will stay for two weeks. It is understood that the Duke wishes to do a good deal of fishing while in the mountains, and a camp will be pitched at one of the mountain lakes. After the stay at Banff the party will proceed to the coast.

WERE WEDDED AT ST. PETERS

Fred Killeen and Miss Mary Ellen Shaw United in Marriage Yesterday Morning—Will Reside on Kennedy St.

The marriage of two popular Nanaimo young people took place yesterday morning when Miss Mary Ellen Shaw, daughter of Mrs. Shaw, Haliburton street, was united in marriage to Mr. Frederick George Killeen, son of Alderman Killeen, Kennedy street.

The interesting ceremony took place in St. Peters church, the Rev. Father Heynan officiating in the presence of the immediate friends of the principals.

Miss Lillian Carrigan, cousin of the bride, was bridesmaid, while the groom was supported by the bride's brother, Mr. Lewis Shaw.

Following the marriage, Mr. and Mrs. Killeen took the steamer Patricia for Vancouver, being bid farewell on a honeymoon trip to the Sound cities by a large number of friends. On their return they will take up residence on Kennedy street.

The groom is very prominent in athletic circles in the city, being a valuable member of both the Hornets Rugby team and the Nanaimo Federals Baseball Club. Both ne and bride will have the best wishes for a long and happy married life of a large circle of friends.

FIREWORKS EXPLODED; MANY ARE KILLED

Tudela, Spain, July 29.—Twenty-five people were killed and fifty others injured, some of them fatally, by an explosion of fireworks during a local festival today. Most of the dead were decapitated by the force of the explosion..

Mrs. Thomas Bryant, Albert street leaves today on a visit to friends in Victoria.

EUROPE BUYS COAL FROM UNITED STATES

New York, July 29.—The possibility of Germany, Austria, Italy and France being shut off from the Welsh coal supply by England being drawn into the European war controversy, is held here responsible for the orders placed with American coal exporters.

A rumor current yesterday that the principal European powers likely to be involved in the Austro-Servian war had placed orders in this country for large quantities of coal for their navies was confirmed today by leading coal exporters.

MORE GUNS FOR NATIONALISTS.

Dublin, Ireland, July 29 — A consignment of four thousand rifles for the Irish Nationalist volunteers was landed during the night at Newcastle on the coast of County Wicklow. The gun-runners evaded the coast guards and police and conveyed the weapons to Dublin in motor cars. Two gunboats were in the bay at the time, flashing their lights. Another batch of 1000 rifles was landed near Kilcool, also in Wicklow.

LOCAL SERVIANS RETURN HOME

Forty Servian Residents of Nanaimo and Cumberland Left Yesterday to do Battle For Their Country.

The SS. Princess Patricia carried over to Vancouver yesterday afternoon forty Servians who are en route home to Europe to assist their country in the war against Austria-Hungary. Among the forty who departed yesterday were residents of Nanaimo and also of Cumberland. More are getting ready to go home to assist the Motherland which at no time needed its sons any more than at the present when it is attacked by one of the great powers of Europe.

From all parts of Canada Servians and Austrians are hurrying back to take part in the war. All Austrian-Hungarian subjects being classified as deserters, including those who left the Old Country to escape compulsory military duty will not be punished if they return home for the war according to an announcement made at Vancouver yesterday by Egon Ulrich, representing the Austrian-Hungarian consul.

A number of Austrians who are to go back home are now applying at the consulate office in the Rogers Building for necessary papers. They are all paying their return fares.

FUNERAL OF LATE THOMAS DOBESON

The funeral of the late Mr. Thos Dobeson took place from the family residence on Stewart avenue at 2:30 o'clock yesterday afternoon. The deceased had been a member of Doric Lodge, A. F. and A. M., and the funeral was conducted under the auspices of this order. There was a full turn out of members and quite a number of other mourners to pay the last mark of respect to the departed, the hearse when it left the residence being heaped up with floral offerings.

The Rev. W. E. Cockshott conducted a service at the house and also at the graveside, where also the fine and impressive ritual of the Masonic order was rendered. The pallbearers were Messrs. Wm. Sloan, A. S. Hamilton, F. Shepherd, M.P., Jas. Caldwell, W. Lewis and D. Stephenson.

There was a large number of floral tributes, among them being from the machinists of the Western Fuel Co., the Nanaimo Tynesiders Association, the Nanaimo Literary and Athletic Association, the Employees of the Nanaimo Foundry, and the Doric Masonic Lodge.

Alfred Prest, a logger, employed at the camp of Mr. Henry Moore at Belleisle Sound, was accidentally killed on Friday last by the fall of a tree. The trunk fell on the head of the deceased man, crushing it in. Coroner McBurney of Alert Bay, who investigated the occurrence, decided that an inquest was unnecessary.

Expect Russia to Hurl Her Forces Against Austria

Negotiations are Broken Off between Russia and Austria and Russian Army is Ready for Any Emergency—All Europe Expects The Czar to Hurl His Forces Against Austria at Once.

The British Army is Mobilizing!

British Fleet of One Hundred and Forty Ships Sailed from Portland Under Sealed Orders---Feeling that Britain Will Not See France or Russia Crushed by Triple Alliance---Belgrade Occupied by Austrian Troops.

London, July 29.—England's first big war fleet of 28 battleships, 14 battleship cruisers, 28 cruisers and 70 destroyers, left Portland today headed westward, under sealed orders. The departure of the fleet was signalized by a big patriotic demonstration on the part of the populace, which cheered and sang patriotic songs, giving the fleet a send off as if they were going into actual battle.

Today witnessed the rushing of troops from the interior of the country to the seaports, which has every appearance that mobilization of the army has commenced. The departure of the fleet is taken for a sign that mobilization will be in full swing tomorrow.

Berlin, July 29.—From the highest sources here today it is believed negotiations between Russia and Austria have been broken off.

London, July 29.—The London Times says if France is menaced we shall have to act. We can no more see France crushed by Germany or any other power any more than can Germany see Austria crushed.

Brussels, July 29.—One hundred thousand Belgian troops will be mobilized by tomorrow.

Berlin, July 29.—News continues to come into Berlin of the mobilization of the Russian army.

London, July 29.—In a statement to the House of Commons today Premier Asquith said the situation was one of extreme gravity, but there was still hopes that good results would come out of the Russian-Austrian negotiations.

Vienna, July 29.—The war spirit in the capital is supreme and great crowds thronged the streets all day cheering and holding patriotic demonstrations.

London, July 29.— The London Times says negotiations between Russia and Austria were broken off Wednesday.

A despatch received here today from Vienna states that after a heavy bombardment Belgrade was occupied by Austrian forces Wednesday.

London, July 29.—Partial mobilization of the Russian troops in the southern and southwestern districts was ordered by the Russian war office last night, according to dispatches received here.

It is argued in official circles that although this action dangerously diminishes the chances of maintaining European peace, it does not necessarily imply a rupture of relations between Austria-Hungary and Russia. The hope is still expressed that some European power may succeed in bringing about an understanding between these two states.

The present mobilization orders affect only the Russian frantier contiguous to Russia, and not the German frontier. It is confined to the military districts of Kiev, Odessa, Moscow and Kazan. The peace footing of each of these districts is four army corps, each numbering forty thousand men, or a total of 640,000 men. The command to mobilize doubles this total, so that 1,280,000 men are affected by the order.

German Regiments go to Frontier.

Berlin, July 29.—Military activity on the Russian side of the frontier is confirmed by many evidences which have reached the ears of German officials, but it was stated here today that no mobilization orders had been issued by the Russian war office.

Private reports from the Russian frontier say distinct indications of Russian military activity have been noticed there. The Russian regiments which have been moving forward to occupy such strategic points on the frontier as Wirballen, Russian Poland, have been served with three hundred rounds of ammunition per man, while hasty purchases of forage have been made for the cavalry.

A number of German regiments have been moved toward the frontier as a precautionary measure. The men wear the new grey service uniforms and carry their field equipment.

Brussels, July 29.—The Belgian cabinet decided today to call out immediately three classes of the army reserves.

London, July 29.—While Austria-Hungary was preparing today to strike at Servia, against whom she yesterday declared war, the rest of the European nations, although still hoping that the conflict would be localized, were getting ready for the greater war that must ensue in case Russia should intervene on behalf of the small Slav nation.

The state of the stock market in London showed that the situation was considered grave.

In the meantime dispatches from Vienna showed that the movement of the Austrian forces toward the Servian frontier was proceeding steadily but a strict censorship concerning the military movements prevented the exact destination of the troops from reaching the outside world. All the Austrian and Hungarian railways were taken over yesterday for military traffic, and transportation for the general public was suspended.

Servia, it was known, was just as active in moving her troops. Strong forces were dispatched to the fortified towns of Valyevo and Uzhitza, on the Bosnian frontier, and to Svilajnatz, in the eastern part of the country, while strong divisions of volunteers reinforced the regulars and were gathering along the river Drinav near Losnitz on the Bosnian frontier.

The Montenegrins were also making preparations and had stationed a brigade with a mounted battery near Priboj, where women were busy building earthworks.

Servian and Austrian aviators at the same time were flying along the frontiers trying to find the positions of the opposing forces.

As far as a general European war is concerned, diplomats in London, while they confess the situation to be most grave, consider there is hope of averting a conflict so long as the Austro-Russian conversations continue at St. Petersburg.

Reports have come through from Vienna that the Russian Poles have organized a revolution and blown up several magazines, but no confirmation of this has come to hand from other sources.

Premier Asquith referred to the international situation in the House of Commons, but all the information that he was able to impart was contained in a few words.

"The situation at this moment," he said, "is one of extreme gravity, and I can only say that the British government is not relaxing its efforts to do everything in its power to circumscribe the area of conflict.

"The British government has received no information as to an alleged revolutionary outbreak in Russian Poland."

BLANCHE YORK

AND HER FIANCEE

Tamworth, Ont., July 29.—The mystery surrounding the disappearance of Miss Blanche York, the 30-year-old dressmaker, who disappeared from her home here on the night of July 8, and for whose remains an exhaustive search was made, was cleared up at 6 o'clock this evening when the body of the woman was discovered in the cellar of the home of Dr. C. K. H. Robinson, the physician, who, it was learned, was the last to see her alive. The remains were covered with rags and a few inches of dirt.

The discovery was made through the seizure of furniture supplied to the doctor on credit by Taylor and Co. and Mr. W. B. Richardson.

Accompanied by the bailiff they went to the Robinson residence, and at once Mr. Taylor missed a new mattress which he had sold to the doctor. An examination of the bed in an upstairs room revealed blood stains, and the brothers of Miss York and two doctors were summoned. The furnace was examined, and in it was a piece of the missing mattress, soaked with blood. In another part of the cellar was more of the mattress covered with blood stains, and a further search revealed the body of the girl.

Dr. Robinson left Tamworth on July 15, and since then all attempts to locate him have failed.

Gibraltar, July 29.—Spain has ordered every available warship to assemble at the Balearic Isles in the Mediterranean and the battleship Playo and several cruisers are now proceeding from the Moorish coast. The cruiser Estremadura and a torpedo boat squadron are leaving Algeciras for the same destination.

Athens, July 29.—The Austrian legation has received the following telegram from Nish dated July 29: "During the night Belgrade was bombarded. Shells fell in various quarters of the town causing great damage. Several fell on the Franco-Servian and Revitch banks and both banks have lodged protests before the German legation. An artillery duel is proceeding at Vichnitza about three and a half miles down the river from Belgrade."

Vienna, July 29.—Servians at 1.40 this afternoon blew up a bridge spanning the River Save between the Austrian town of Semlin and Belgrade. Austrian infantry and artillery stationed at Semlin in conjunction with Monitors on the Danube fired on Servian positions beyond the bridge. The Servians retreated with trifling losses. A small detachment of pioneers in co-operation with customs officers captured two Servian steamers laden with ammunition and mines. Pioneers and revenue guards after a short sharp encounter overcame the Servian's crews and took possession of the vessels with their dangerous cargoes. Emperor Franz Josef will return to Vienna from Ischl tomorrow and may then go to Budapest in order to be nearer the scene of action.

Shanghai, July 29.—The British Far Eastern fleet is mobilizing at

(Continued on Page 4)

RUNAWAY ACCIDENT ON THE CRESCENT

A serious runaway accident occurred shortly after 10 o'clock last night on Victoria Road when a horse attached to a buggy bolted down the hill, being brought to a sudden stop when it collided with a telephone pole near the Crescent Hotel. The horse and rig which were owned by John Moore of Extension came to grief. The buggy was pretty well broken up and the horse sustained a fractured leg, necessitating the animal being shot by a police officer. The driver of the horse, Leon Valorz was thrown out of the rig onto the pavement and rendered unconscious. He was soon revived however and found to be suffering from no further injuries than a few cuts and bruises. The horse was valued at $250.

PRAY FOR RAIN

St. Louis, July 24.—A majority of the church congregations in this city will offer special prayers for rain tonight and for relief from the intense heat. The movement originated at a meeting of the St. Louis Bible training school.

FRANCE EXPECTS BIG STRUGGLE

Feeling in French Capital is That Russia Will Not Let Austria Hungary Defeat Servia.

Paris, July 29.—That a "big war" seems almost certain is the best French opinion last night. This is not yet altogether reflected in the press, but it is learned from the highest inside authoritative sources. The conviction is growing that there is a possibility that within ten days the Triple Entente and the Triple Alliance will be testing each other's strength. Gold has already been withdrawn by the Bank of France. Last night there were no signs of the yellow metal anywhere. It is impossible to secure anything but huge five franc silver pieces in exchange for banknotes.

An unobstructive movement of troops toward the eastern and northern frontiers is progressing rapidly. All leave has been withdrawn everywhere. Notice of mobilization is liable to be posted on the streets at any time. Already the main line railway stations are heavily policed to exercise surveillance over all persons travelling toward the frontiers.

However, the populace, aside from hoodlums, who have been creating nightly disturbances, is almost apathetic. The demonstrations on the boulevards in no way reflect the real feelings of calm security. There is no run on the savings banks as in Berlin. Everywhere are heard expressions of complete confidence in the preparations of the French army.

Prefect of Police Hennion last night determined to end what the Temps calls "disgraceful exhibitions" by giving orders to arrest everybody who "cries down with anything or anyone."

It is learned from high financial circles that they have secretly been given to understand that the outlook for peace is extremely hopeless. This feeling also is expressed in high foreign diplomatic quarters. The opinion of those in authority is that Russia, if she allows Austria to take any definite military action against Servia, will lose tremendous world prestige. They do not believe for a minute that she intends to lose it. Therefore the Triple Entente is bound to act. No one here believes Russia is unready to avenge the Austrian aggressive policy.

Vienna, July 29.—The semi-official Fremdenblatt says:

"War has been declared. To the people of Austria-Hungary there has been for days no doubt that it was inevitable and popular sentiment has given emphatic expressions to its ratification of the decision of the government.

"War is also a fact for Europe. There is something else now apparent to Europe. It sees that Austria-Hungary is not only a constitutional entente but also a national reality."

All the bourses in Austria-Hungary will reopen on Thursday after having been closed four days.

CHASE RIVER ASSAULT CASE

Magistrate Simpson Reserves Decision in the Case of Ed Fielding Charged With Assault on Luther Saville.

The Chase River assault affair again came before Stipendiary Magistrate Simpson in the city police court yesterday morning. The previous morning four men, Flockhart, Fielding, Isbister and Mercer were tried and convicted of incommoding passangers on the highway, and yesterday Fielding was summoned to answer a further charge of assault upon Luther Saville.

Mr. Leighton, counsel for the accused immediately entered a plea of autrefois convict, or previous conviction. His argument was that Fielding had been tried on the same offence under a different name. It was in connection with the same incident that Fielding was now called upon to answer a charge of assault. The facts, the circumstances and the evidence were all the same. The testimony given in the trial the previous day had been sufficient to convict his client, and that being so to try him again was tantamount to making his first conviction illegal. The code laid it down that where a conviction had been rendered on one charge in connection with an incident in which the facts and circumstances are in whole or in part identical it constituted a bar against any further proceedings. Fielding had been tried and convicted on a minor charge and now the Crown sought to enlarge it. This he submitted was prohibited by the code, and he quoted sections and authorities in support of his argument.

Mr. Harrison, who appeared for the Crown, argued that the plea of previous conviction only held in cases of cognate offences.

Mr. Simpson stated that the plea was new to him and he would take time to look into it. The evidence produced was the same as given in the trial the previous day, and His Worship adjourned the proceedings for a week in order to get an opportunity of fully considering the point of law which had been raised.

The Herald has been asked to correct a slight inaccuracy in the Free Press report of the police court proceedings in the case of E. Fielding yesterday. The evening newspaper credits Mr. A. Leighton, counsel for the accused with saying that Judge Morrison had held in the case of Jas. Baird at the New Westminster Assizes that it was "clearly a case of trying a man on practically the same charge under a different name." Mr. Leighton did not make this statement. He did put this statement in the form of an argument supporting his contention to Judge Morrison. The latter, however, gave no ruling and what Mr. Leighton stated in court yesterday was that the raising of this point had led to the dropping of all the cases in the assizes.

DISTRICT FEELS THE WANT OF RAIN

The hay crops of the district for the most part has now been cut for several days. While a fairly good crop, it is not as good as some other years on account of the extremely dry weather. Even at that, however, it is ahead of what many expected.

It is stated that this summer has been the driest the district has seen in thirty years. For that reason the crops will only be fair this year for rain now would be of little benefit excepting for the root crop.

The dry weather has been conducive to fires many of which farmers have had to fight in various places. Yesterday fire caught in the stubble on some Western Fuel land covering about thirty-five acres in less than an hours time. It was finally controlled without serious damage being done.

HEAVY FIGHTING IN HAYTI

Cape Haytien, July 29 — Heavy fighting has been in progress between the government forces and the revolutionists. The federals attacked the rebels at Trou to the south of Cape Haytien and forced them from their entrenchments, recapturing the town. The rebels also evacuated the village of Caracola, but fighting continues at several points.

THE COURTENAY LINE.

The opening of the new E. & N. extension from Parksville to Courtenay will take place within a week according to the latest advices from railway officials. The exact date of the opening has not yet been fixed; but, in any case it will not be later than the sixth of next month. The new line, it is pleasing to notice, will be opened with semi-public ceremony. A special train will make the initial run and in addition to carrying various members of the provincial government will be at the disposal of the various Island boards of trade and other publicity bodies. Nanaimo will no doubt be largely represented at this important function. To no city on the island will the opening of this extension mean more than to Nanaimo. In addition to the additional trade and business it will bring it will still further strengthen Nanaimo as a centre af passenger traffic. From Duncan north to Courtenay, and west to Alberni Nanaimo is the natural connecting point with the Mainland. It offers the quickest and most economical service to Vancouver, and as business warrants it, the service will be constantly improved. For all this large area of country just mentioned which is now all linked up with E. & N. steel, Nanaimo should become the natural distributing centre. The immediate effect of the opening of this new extension should be to quicken and increase trade and traffic in Nanaimo, and full thought should be given to turn it to the best advantage. The formal opening next week will mark a big step in the development of the Island, and Nanaimo should be worthily represented in it.

BRITAIN AND EUROPE.

It is very probable that the outbreak of war between Austria and Servia will tide Great Britain over the Irish difficulty. The tension of the situation in Ireland was greatly increased by the unfortunate clash between the military and the Nationalists in Dublin, and the most serious consequences were to be feared. Now it is realized than an even graver danger threatens the Empire from the outbreak of the war in Europe. It will all depend upon how far the fighting can be localized as to whether Great Britain will be involved or not. It cannot afford to see France crushed, or even to Germany and Austria combined become paramount in Europe. To remain neutral while such a development as this is being consummated is simply inviting its subsequent destruction. The security of all the European nations depends upon the maintenance of the present balance of power, or some equivalent. The development of a single day may compel Great Britain to enter the conflict, and in view of such an emergency all internal differences must for the time being be dropped. The Ulster difficulty had assumed the gravest proportions but even it must give way before a common outside danger. With the fate of Europe at stake Great Britain must be prepared to play its part in any contingency that may rise, and to do this there must of necessity be unity and harmony at home.

PARISIAN JUSTICE

After a trial lasting eight days Madame Caillaux, wife of one of France's leading statesmen, has been acquitted of the murder of Gaston Calmette, editor of "The Figaro." The proceedings at the trial have been marked by scenes of the most dramatic excitement, and form a striking contrast to the procedure observed in a British Court of the same kind. There was no doubt in the beginning as to the guilt of Madame Caillaux. She sought an interview with M. Calmette, and as soon as she was ushered into his presence shot him with a revolver which she had concealed in her muff. The only point to be decided therefore was whether or not the murder was excusable. The jury appointed to determine this point has decided in the affirmative, and Madame Caillaux is once more at liberty. Whether or not the jury's finding should be regarded as a miscarriage of justice is a matter for individual opinion. The jury cannot at least be blamed for the proceedings by means of which they arrived at their verdict. They were not, as in the case of English jurors, kept in seclusion during the trial. They enjoyed their full liberty, mingled with the public, talked with whom they pleased, and read all the newspapers they cared to. In the actual trial proceedings they had more than one judge to look to, and saw the judges themselves taking a part in the legal debate, questioning, defending, accussing and becoming so heated as to challenge each other to a duel. There is no protection for a witness, no rules of evidence. Everything goes, and even the spectators occasionally take a hand in the proceedings, interrupting both witnesses, counsel and judges. There is no restriction to the testimony which may be admitted, and a large proportion of it is entirely irrelevant to the point at issue. Whether or not justice is better served by such proceedings is open to question; but at least they should bring the jury to the heart of the tragedy with all its cross currents of motive, emotion and passion.

FAST MILE AT WINDSOR

Last week at Windsor Robert Bradley, carrying 105, and ridden by Jockey Claver, ran a mile in 1.37 4-5, a new record for the Windsor track, and by far the best time performance on any Canadian track this season. The old mark at Windsor was 1.38¼, by Edda, while the Canadian record is 1-37 3-5, by Cliff Edge, at Fort Erie. The mile record at Minoru Park is 1.39 2-5, held jointly by Folly L., G. M. Miller and Dangerous March.

HUNDREDS OF SHEEP BURN

Louisville, Ky., July 28 — Fire which broke out in the sheep pen of the Bourbon stockyards here last night caused damage estimated at $100,000. Hundreds of sheep were burned.

TO PARTNER McLOUGHLIN

New York, July 28.—Carl H. Behr will be tried out as the tennis doubles partner of Maurice E. McLoughlin for the international challenge matches for the Davis Cup. The arrangements were completed by R. D. Wrenn, of the Davis Cup committee.

SEVEN THOUSAND ON STRIKE

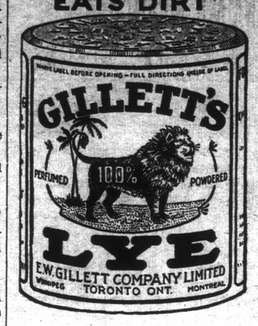
New York, July 28—About seven thousand members of the Inside Iron Workers' Union in this city went on strike yesterday demanding a wage increase of 20 per cent., a fifty-three-hour warking week instead of sixty or sixty-five hours: recognition of the union and more sanitary shop conditions. About 250 places where structual iron work is turned out were affected.

THREE MEN ARE SHOT

Toronto, July 28—Three men were shat on the construction work of the Trent Valley Canal as the result of a spree. The men are not dangerously wounded. William J. Campbell is alleged to have done the shooting and search is being made for him.

SEWARD COMMITTED ON CHARGE OF MURDER.

Vancouver, July 28—Reginald Seward, a chauffeur, was committed for trial today on a charge of manslaughter in respect to the death of Mr. and Mrs. Peter J. Rinds, who were killed when Seward's car turned turtle a week ago while turning a curve in Eburne, a city suburb.



THREE SHOT BY TRAIN BANDITS

New York, July 28.—Two men and a woman were shot on a New York, New Haven & Hartford express train from Boston, within the city limits last night, in a supposed attempt by a youthful bandit to hold up the passengers. With a red bandana handkerchief over his face, and brandishing a revolver, the youth, who later said he was Charles S. Parnell, 24 years old, of Brooklyn, rushed from the rear end of the last coach through the five coaches, firing indiscriminately.

After three of his shots had taken effect and with passengers and trainmen in hot pursuit as he ran toward the front of the train, he reloaded his revolver, pulled the emergency cord and jumped to the roadbed in an effort to escape.

A score of passengers pursued him, but he held them at bay until the arrival of policemen, to whom he surrendered.

GILLETT'S LYE EATS DIRT

RIVAL ARMIES OF EUROPEAN POWERS

In view of the declaration of war made by Austria on Servia which will in all probability lead to a general European war, a comparison of the fighting strength of the several powers of Europe will be interesting at this time.

On paper Austria has a very large army, the total number of men liable for service being greater than six millions. But the country could not maintain a third of that force in the field. Her navy comprises four dreadnoughts, twelve pre-dreadnoughts and nineteen cruisers, gunboats and destroyers. It is in an excellent state of efficiency.

The Balkan states, assuming that Roumania supports Servia, Greece and Montenegro, should be able to place an army of considerably more than a million men in the field, soldiers, by the way, who have had plenty of experience in modern warfare. They have shown themselves to be formidable fighters, and provided they are adequately equipped they will give the Austrians a tremendous struggle. Austria, moreover, will not be able to use all her effectives against the allies, as she will require a large force on her northern frontier to resist Russian interference. She will have no difficulty in taking Belgrade, the Servian capital, which is just across the border, but after that her troubles will begin.

Russia's available fighting strength is over 7,000,000, her peace footing being about 1,250,000. She already has a large force on the Austrian frontier and in Poland and is in an infinitely better sttategic and geographical position than she was in her war with Japan, when she had to convey her army and supplies over five or six thousand miles on a single track railway to Manchuria. Her navy, in process of rapid regeneration after her disastrous experience with Japan, is still a long way from being a menace to Germany. It comprises seven dreadnoughts, ten predreadnoughts, six dreadnought cruisers and a number of destroyers and mosquito craft.

France has a superb army with a force immediately available of more than 750,000 men. Her total military strength is 4,800,000. Her navy which suffered a decline a few years ago, has been considerably strengthened of late. It consists of seven dreadnoughts, twenty-two pre-dreadnaughts nineteen armored cruisers and a large number of gunboats, destroyers, and submarines.

Germany is credited with the most efficiently organized army in the world. Her total military strength is 5,500,000 and the force immediately at hand 850,000. Her navy was scheduled this year to consist of twenty-one dreadnoughts, twenty pre-dreadnoughts, nine armored cruisers, thirty-eight protected cruisers and a large number of destroyers, torpedo-boats and submarines. The strength of Italy's field army is put down at 500,000, but, of course, like the other powers, she has a much larger force upon which to levy. Her navy includes six dreadnoughts, eleven pre-dreadnoughts and nine armored cruisers. At sea, therefore, the Dual Alliance is hopelessly outclassed in tonnage at any rate. On land it has a numerical superiority, although none of the countries could support in the field the full strength with which it is credited. They all are well equipped with air craft.

A German Government engineer has invented a new system of canal traction, rails laid on the bottom of a can engaging rollers on bottoms of boats, which can be driven by steam or electricity.

NOTICE TO CONTRACTORS

Qualicum Beach School

Sealed tenders, superscribed "Tenders for Qualicum Beach School," will be received by the Honourable Minister of Public Works up to noon of Wednesday, the 29th day of July, 1914, for the erection and completion of a two-room school at Qualicum Beach in the Alberni District.

Plans, specifications, contract and forms of tender may be seen on and after the 8th day of July, 1914, at the office of Mrs. J. M. Frederickson Secretary of the School Board Qualicum Beach, B. C.; Mr. Geo. Thomson, Government Agent, Nanaimo; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10.), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Deputy Minister and Public Works Engineer.
Depattment of Public Works,
Victoria, B.C., 6th July, 1914.

Draft Drinks---

Many people prefer Draft whisky, port, sherry, etc., to the bottleh goods. They claim that draft goods are purer, have a milder, more pleasing taste than the bottled goods and in every other way are better liquors, wine or beer to drink.

However that may be we wisbh to inform you that the Keystone Wine Co., Ltd. has a very large stock of draft liquors, wines, etc., on hand. We claim to have the best draft brands on the market in stock. The proof of the pudding lies in the eating. Sample Keystone Wine Co's. draft goods and then acknowledge that you never tasted "smoother" goods and at prices that discount bottled goods.

Bottled Cocktails---

Every man and woman who appreciates a good drink likes a sparkling cocktail once in a while. The trouble with the ordinary man who drinks cocktails is that he seldom gets a cocktail of the same strength and flavor of the preceding one. To avoid this, drink Gold Lion Cocktails, both Martini and Manhattan, put up in quart bottles by the Cook & Bernheimer Co., of New York, and sold by the Keystone Wine Co., Ltd. Always snappy, equitable strength, tasty and satisfying.

FRENCH MOB DOES NOT LIKE VERDICT

Paris, July 29—The Figaro comments bitterly on the acquittal of Mme. Caillaux, calling it the verdict of shame and the greatest scandall of our epoch.

The paper follows this with an article on Gaston Calmette, headed "In Memoriam."

Demonstrations against the Caillaux verdict occurred in several places tonight. In the boulevard excited crowds discussing the merits of the case grew to large proportions, and when the jury's verdict became known there were shouts of derision and cries of "Down with Caillaux."

In one section the mob became so disorderly that mounted republican guards were hastily summoned to assist the police in quelling the disturbance. A large number of police and rioters were injured and many arrests were made. Maurice and Jean Rostand, sons of the dramatist were among those taken into custody.

The Figaro office also was the scene of a demonstration.

With her husband and a few friends, Mme. Caillaux, attired in a handsome evening gown, received a number of close acquaintances.

MEXICAN LEADERS SEEKING PEACE

Washington, July 29—General Carranza and Provisional President Carbajal have agreed on a base for the arrangement of peace in Mexico, according to a message received here today by Jose Castellot, personal representative of Carbajal.

Mr. Castellot showed Secretary Bryan his latest advices from Mexico City, which stated that General Gilla and Justice Allende, Carbajal's two delegates to Carranza, have been instructed to carry out in detail the general basis of peace already agreed on.

This was interpreted by Mr. Castellot to mean that through private channels and through Reginaldo Cepeda, advance delegate of the Carbajal government, now with General Carranza, a definite understanding has been reached for a peaceful transfer of the government at Mexico City to the constitutionalists.

General Lauro Villar and David G. Allende, Provisional President Carbajal's delegates to treat with Carranza in the transfer of the Mexican government to the constitutionalists will leave Vera Cruz today on the steamer Mexico for Tampico, Consul Canada has reported to the state department.

FOUND CAPSIZED BOAT IN GULF

When on a fishing trip up the Gulf yesterday morning, Mr. J. A. Goodall of this city found a copperplated boat floating bottom up, the boat evidently being motor propelled for in the vicinity was a large quantity of gasoline floating on the water.

The hull of the craft is painted green with a black stripe around the top, and is apparently a modern boat. Mr. Goodale found the boat about 3½ miles off the Seal Rocks between Sangster and Jenkins Island.

NEWS OF SPORT

SUFFRAGETTES TO PLAY IN NANAIMO

Preparations are now being made with the All-American girls' baseball club to have them play a game in Nanaimo at the Caledonian Grounds next Sunday. L. C. Figg, who is managing this aggregation, has written to local promoters for dates and Manager Benedict has arranged to give the "suffragettes" a battle. The All-Americans have been cleaning up pretty regularly in the States and they are rated one of the fastest semi-pro. teams that ever travelled through the Northwest. They have a veteran major league backstop, but the rest of the team are girls who know how to play ball, their hitting and base running being a real treat.

FEDERAL LEAGUE GETS GOOD PLAYER

Not only are the Federal league clubs grabbing off a lot of promising youngsters whom the big leaguers are trying to ship back to the minors for further seasoning, but they are making it practically impossible for the smaller clubs to sell players to higher leagues. Take the case of Kirby, the Mobile slugger. The Chicago Cubs offered the Southern Association club $10,000 for this star, but the Federals butted in, and by giving Kirby $4,000 as a bonus, they induced him to leave the Southern Association. The recent victories of the Federals in the courts enables the players to give their clubs ten days' notice and become free agents. They are then at liberty to sign with the Federal league because the reserve clause in the minor league contracts has been thrown out in the courts. This means a great deal to the individual player, but to the smaller clubs it is a death blow, for the majority of them depend upon their annual sale of players to declare a dividend on the season.

TENNIS PLAYERS AND FIGHTERS

There could be scarcely a greater difference in sporting circles than the gulf which separates prize fighters from the devotees of tennis, and it is something unusual for one section of a nation to produce both of these athletes in abundance. California has Maurice McLoughlin and a host of other stars in the tennis firmament. The sunny state has also produced some of the best padded artists in the world, among whom James J. Jeffries and Willie Ritchie are foremost. Of late California has depended more upon her tennis stars for publicity, and it would seen as if the athletic youth of that state were turning more to tennis, in their efforts to gain the favor of the sporting public. Tennis is rapidly becoming one of the greatest games of the age, and rightly so, for there is none other in which the all round development of the human body receives more benefit than in a stirring round of tennis.

TENNIS CLUB WILL HOLD TOURNAMENT

The Nanaimo Tennis Club are arranging to hold a tournament on their grounds from the 12th to the 15th of August. This club was only formed this year, and already have a large membership and own three clay courts situate on the Caledonian grounds. The open events will be in Men's Singles, Ladies Singles, Men's Doubles, Ladies' Doubles and Mixed Doubles and the handicap events will be Men's Singles, Ladies' Singles and Men's Doubles. Entrance fees are $1.00 for each person for each event, and all entries must be in the hands of the Secretary B. G. Wickings-Smith, Box 837, Nanaimo, not later than Friday August the 7th. Visiting players need not be ready to play until four p. m. on Wednesday the 12th. As this is the first annual tournament of the Club, it is hoped that there will be a good number of entries as no doubt it will give a great impetus to the game in and around the district. An admission of 25 cents will be charged to non-playing visitors. Refreshments will be served on the grounds.

Mr. D. Johnson, fruit commissioner for the Dominion Government, is on his way from Ottawa to visit the fruit districts of British Columbia. News of Commissioner Johnson's coming has been conveyed to Mr. R. G. L. Clark, the chief Dominion fruit inspector of this province.

NANAIMO BRANCH IN REGULAR MEETING

Nanaimo branch of the S. P. C. A. met Tuesday evening, the half-yearly report of the Society being submitted by the secretary as follows:

During the past half year considerable work has been done amongst the juvenile portion of S.P.C.A. Weekly meetings have been held, and general interest and active effort in the subject have been strongly marked. Reading, drawing, writing, recitation singing form part of the exercises, varied with an occasional picnic, outing or other diversion. We remember the slogan of the children in ancient Rome, "We shall grow up," and with them carry the love and admiration of all created things. With the information gathered from the best and authentic literature they will learn to treat all creatures wisely and kindly, as their trust and responsibility. Thirty new adult members have been gained. Their subscriptions, large or small, wait upon their ability and convenience. Personal aid counts for more than cash in the long run. We would draw notice to the fact that the director of the Biological Station is open to the public on one day in the week, when Dr. Fraser will explain and describe specimens of marine life and other curiosities. Throughout the empire one Sunday is set apart in the year, on which the needs and claims of the animal world are brought publicly before the people, an address given, the collection made in the interest of the Society of each city in which a branch is located. This is the custom in Victoria. Vancouver has a tag day and other functions. May we ask each family that is able to do so to place a mite box upon the table and encourage all to contribute as they are disposed, towards the funds for this work. We need special helpers to carry literature to different places, and shall be glad of volunteers. We believe in the main, animals are humanly cared for, but as no officer is detailed specially to give his whole time to oversight of all creatures here which are under daily human control and management, and since every person is in some degree responsible for the good of others, (our little brothers as Agassis or Stevenson calls them) would it not be wise to make a note individually of any instance of indifference, actual cruelty or neglect and make it known Education and training are potent factors along this line. Also we would be very glad to be able to offer prizes as heretofore, for the best cared for animals in this city. We have done what we could and it remains for others to take hold of this work.

We still need money to purchase some drinking troughs for dogs to be placed here and there in the city. Also one for horses near the hydrant City Park, Comox road.

Do Not be Content with Less than Canada's Best

—Canada's Best Piano is The Gerhard-Heintzman

The same sincerity in every stage of manufacture marks the Gerhard Heintzman instrument you buy today as marked by those that came from the hand of the young master-builder in the late sixties. Gerhard Heintzman, still ambitious, oversees the construction of every piano that bears his name. In case architecture finish and style.

The Gerhard Heintzman Piano

Has kept pace with the best of the new ideas; the action is the same superb action, with modern refinements, that won first place for this piano in the beginning. The tone is rich, sweet, pure and lasting.

When you think of buying a piano think of Gerhard Heintzman and his life work. The Gerhard Heintzman piano is the piano you will admire above all others. The price is less than asked for many inferior makes.

Mr. Harry McAdie, jr., returned last evening from Vancouver from Vancouver from attending the sessions of the Grand Post, Native Sons of B. C.

At Tuesday's session of the Grand Post of Native Sons of B. C. in Vancouver, Mr. A. J. Randle, of Nanaimo was elected Grand Chaplain.

Among the passengers from Vancouver last evening on the SS. Princess Patricia were T. Southern, Wm. Calverley, Mr. and Mrs. Lod Jones, Robt. Foster, F. Jarrett and Thos. Jones.

The American schooner Columbia, 584 tons, Captain Sprague, which has been chartered to load lumber at Hastings mill for Australia, sailed from Salaverry, Peru, on July 7. She will load 800,000 feet at Vancouver.

Mrs. J. Isherwood and daughter Beatrice leave this morning on a visit to Vancouver friends.

BIRTH—To the wife of Mr. Leaman, Haliburton street, on Wednesday, July 29, a girl.

The hygenic Ice Cream— Nymo Cream. Made by Nanaimo Dairy and Supply Co. 1t.

The Salvation Army has been asked to aid the relatives of Miss Julia S. Ridpath to find her. Her mother is seriously ill at Halifax. The young woman, who is a bookkeeper, is believed to be in Vancouver.

Mrs. Charles Meek of Departure Bay is visiting friends in Nancouver.

NANAIMO PUPILS IN VANCOUVER RECITAL

A piano recital by the pupils of Miss Margaret Creighton, assisted by the vocal pupils of Mr. Wesley Dorland was held in the Vancouver Piano Recital Hall, 824 Granville St. Vancouver on Tuesday evening of this week. Among those taking part in the program were two of Miss Creighton's Nanaimo pupils of whom Vancouver papers speak in the warmest praise. Little Tootsie Macdonald played very well, and the selection rendered by Miss Bessie Laird was excellent in tone, quality and expression.

The Hall was well filled, much enthusiasm being shown by reason of the excellent manner in which the program was rendered. The program was as follows:

PART ONE.

Piano Duet, "Melody of Love" (Engellmaey)
Misses McMillan and Hacker

Hunting Song .....(Spindler)
Gladys Uptaker

(a) "Feather Dance ..... (Ducelle)
(b) Valse in A flat ..... (Chopin)
Miss Elsa Sauerberg

"Somewhere a Voice is Calling"
Miss Dorothy Lester (Tate)

"Le Secret" ..... (Gautier)
Miss R. Grant.

"Salut D'Amour" ..... (Elgar)
Miss Bessie Laird

"Fantasie Rigoletto" ..... (Verdi)
Miss Martha Hacker

PART TWO.

"Waltz in B flat" .....(Godard)
Miss Cassie McMillan.

"Robin's Lullaby" .....Piano Duet
Miss J. Macdonald and R. Grant

Highland Fling .....
Garotte Mignon ..... (Thomas)
Miss Tootsie Macdonald

"My Heart at Thy Sweet Voice" ..... (Saint Saens)
Miss Olga Yardley.

"Pilgrim's Chorus" ..... Wagner)
Miss Clara Hacker.

(a) "Liebesträume" ..... (Liszt)
(b) Octave Study .....)Leschetizaky)
Miss Helen MacMillan.

"God Save the King."

EXPECT RUSSIA TO HURL FORCES AGAINST AUSTRIA

(Continued from Page 1)

Wei Hai Wei, on the north coast of Shan Tung province. The German fleet is mobilizing at Tsing Tao Abo about two hundred miles to the south.

St. Petersburg, July 29.—In Russian eyes the die is cast and only a political miracle can avert war. Russia does not swerve from its determination to support Servia and a partial mobilization has already been ordered. There is every indication that the whole vast military machinery of Russia will be soon set in action and an Imperial manifesto is awaited tonight, should as it is understood, Emperor Nicholas become generalissimo of the forces. Immense war enthusiasm will sweep over Russia. Politically, parties have sunk their differences. The general attitude is not jingoistic but a resolute confidence in the justice of the country's cause and a readiness to make any sacrifice. A proposal attributed to Austria to discuss terms when Belgrade is occupied is regarded as impossible as it is pointed out that before the opening of hostilities Russia proposed to Austria a direct exchange of views which Austria rejected. The foregoing St. Petersburg despatch passed the censor without revision, a fact considered highly significant.

London, July 29.—If events brought no relief of suspense nor any diplomatic achievements to restrict the Austro-Servian war to those two nations the feeling throughout England and continental Europe as reflected by correspondents of London papers is distinctly more anxious than yesterday. Two events made for pessimism viz, direct negotiations between Russia and Austria has failed and Russia is mobilizing against the Austrian frontier, four army corps each of four districts consisting of 280,000 men. Russia's resolve to stand behind Servia appears fixed. The Russian censor has approved despatches declaring that Russian sentiment is all for taking up arms. A manifesto by the Russian Emperor making Russia's policy clear is expected hourly.

DOG-TROUGHS TO BE PLACED ON STREETS

Realizing the necessity of having water troughs for dogs during the hot summer weeks, President Frank Sweatman, of the S. P. C. A. has ordered that a number of these troughs be placed at different points on the city streets of Vancouver. The troughs will, as a rule, be placed at points where faucets are already fixed in the front of buildings. The society is open to receive suggestions as to the placing of these troughs.

Mr. William Beveridge returned to Vancouver yesterday.

ANNUAL GARDEN PARTY AT WELLINGTON

A most interesting and entertaining garden party has been arranged to be held at the beautiful gardens of Mr. J. Loudon's, Wellington, on Tuesday, August 4. The programme for the evening promises to be notable for its bright and lively nature. Items are to be provided by Prof. Harvey's Orchestra and the Robertson Boys' Club of Grandview, Vancouver. The vocal part includes solos, duets, and quartettes by up-to-date and noted artists. Recitations and dialogues will also form a very important part of the programme. The members of the Wellington Presbyterian Church invite any friends who can beg, borrow or steal the evening for Tuesday next to join with them in their annual happy gathering. They are assured a hearty welcome at the garden of Mr. Loudon anytime from 6 p. m. Free lunches are to be served from that hour. The programme commences at eight. Admittance to these lovely gardens can be had for the moderate sum of twenty-five cents. A goodly gathering of local friends is anticipated, and all who are in the district are hereby welcomed.

PREPARING FOR EUROPEAN WAR

All German Reserves Are Ordered to Hold Themselves in Readiness---British Fleet and Army on a War Footing

London, July 30.—Preparations for a possible general European war went on steadily today in every country likely to be involved and the complications of the situation were augmented by a rumor that Japan also might join in the conflict.

Following the partial mobilization of the Russian army, a step which that country officially announced to Germany and Austria-Hungary, an order was issued by Germany to all the officers and men of her reserve forces, to hold themselves in readiness for a call to arms. Great Britain also has begun taking precautions. Her fleet has been ordered on a war footing and the scattered vessels of the navy are being brought back to their bases. The Mediterranean fleet, which reached Malta today, found lighters filled with coal which was at once taken on board the warships so that they could be moved to any quarter without delay.

All the members of the metropolitan police, which is a government force, have been recalled from leave, as the men will be required to guard the government dockyards and magazines in case the regular guards should have to join their regiments.

The stock markets throughout Europe, where they were not closed showed utter stagnation.

As to what is going on in the fighting zone, the strict censorship prevents any details coming through. Reports, however, were in circulation that a battle had taken place in Bosnia, on Austrian territory, between the Austrian troops and the Servians and had resulted in great slaughter. Another reported the fall and burning of the Servian capital. Still another told of an Austrian attack on the Montenegrins at Mount Lovchen overlooking Cattaro.

RUSHING TROOPS TO FRENCH FRONTIER

London, July 30 — All foreign pupils at the big German schools were informed yesterday that they must leave Germany immediately. A number of English students left last night and arrived here today.

One who came from Bonn on the Rhine said that between that town and Cologne the train in which he travelled on passed eight trains loaded with German soldiers going toward the French frontier.

The bridges and all lines were closely guarded and intense excitement prevailed in all the towns in the district where it was understood the schools were to be converted into military hospitals.

MINERS UNIONS VOTE ON AMALGAMATION

Denver, Colo., July 30—The proposal to amalgamate the Western Federation of Miners and the United Mine Workers of America was ordered to reach a vote today in the convention of the metal miners organization. The question was a special order of business at today's session, which was addressed by Frank J. Hayes, international vice-president of the United Mine Workers of America.

LOCAL ORPHANS GIVEN OUTING

The orphans from the convent were given an enjoyable outing yesterday afternoon at Kanaka Bay by a number of launch owners, including Mr. and Mrs. Fred. Spencer, Mr. and Mrs. George Merrifield and Sergt.-Major Perry.

About fifty-four youngsters were present and they will not soon forget the day. Sports were held, and many refreshments provided. The prizes for the sports and the bulk of the delicacies were provided by local tradespeople. The day was ideal and altogether the youngsters had just such a time as more fortunate kiddies have when they go picnicing with their parents. Among the little ones in attendance were six fatherless and motherless youngsters from the one family.

WELSH STEAM COAL FOR ESQUIMALT

Laden with a full cargo of the finest Welsh steam coal for the Esquimalt navy yard, the British barque Birkdale, Captain Walmsley, is now thirty-two days out from Barry, Wales. As it usually takes a coal laden windjammer 150 days to make the passage from the United Kingdom to British Columbia via the Cape Horn route, it is not anticipated that the Birkdale will show up off Cape Flattery before the latter part of November. The big British barque was taken under charter by the British government and her cargo is consigned to the navy depot at Esquimalt. Every few years a vessel is chartered to bring out cargoes of this nature, the last one to come here being the British barque Harold, which was in port about two years ago with Welsh fuel. The Birkdale is a vessel of 1389 net tons register. She is not very well known on the Pacific coast, having been engaged on other trade routes. After she has discharged her coal cargo at Esquimalt it is expected that the Birkdale will be taken to load a cargo of grain or lumber on this Coast for the return trip to the United Kingdom.

Master Murray Reynolds returned home last evening from a visit to his grandmother, Mrs. Cartwright, Vancouver.

Expect Russia to Declare War on Austria To-Day

St. Petersburg Despatches State Czar Nicholas Will Hurl Forces of His Empire in the Scale with Servia Against Austria—Heavy Engngement is Being Fought South of Belgrade.

Britain Awaits German Mobilization

Should Germany Announce Mobilization To-Day Premier Asquith Will Ask Parliament For Vote of Credit To Enable Great Britain to Support Russia and France—British Fleet in The North Sea.

St. Petersburg, July 31— Leading papers of St. Petersburg last night publish the news that Russia will declare war against Austria tomorrow and all eyes now centre on the Emperor who is expected to make the announcement which will plunge all Europe into a veritable inferno.

London, July 30—Early tomorrow will decide whether Germany is to mobilize, which act will in all probability decide whether Europe will be plunged into a general war. In the event of German mobilization, Premier Asquith will at once ask Parliament for a large vote of credit to enable the Government to mobilize its force at once and take whatever measures are necessary in support of the alliance with France and Russia.

Paris, July 31 — Any move on the part of Germany will be met by a corresponding move on the part of France. While both nations deny mobilization both are secretely gathering its forces together for any eventuality.

London, July 31—Little reliable news has come through regarding hostilities on the Austro-Servian frontiers, except the firing on Servian steamers on the river Danube. A heavy engagement is reported south of Belgrade in which hundreds have been killed.

All eyes are now turned on the German Emperor upon whom the peace of Europe hinges, and every nation in Europe is taking steps to be ready for any emergency.

Vienna, July 31—Austria's forces crossed the Danube 30 miles east of Belgrade today. Belgrade was occupied with but little difficulty, Austrian troops crossing the river on a specially provised bridge and over the bridge partially destroyed by the Servians, which had been sufficiently repaired to allow the movement of troops.

Berlin, July 30—The proceedings at the imperial conference at Potsdam yesterday under the presidency of Emperor William have been kept secret.

As to the Germay army, in addition to the precautionary movements of smaller units toward the Russian and the French frontiers, the men composing the supplementary reserves, which consists of those who escaped service in the army, are reported to have received instructions to report for drill three days after the mobilization in case it should be ordered.

Some officers in close touch with the situation expressed the opinion today that the next 24 hours would see a decision of the question of peace or war.

Major-General Erich von Falkenhayn, German minister of war, and Lieut.-General Count Helmuth von Molke, chief of the German general staff, had a long conference today with Dr. von Bethmann-Hollweg, the imperial chancellor; Prince Henry of Prussia, the emperor's brother, and several of the imperial ministers, who assembled at the chancellor's palace.

Rumors were current afterward that the first German army corps, with headquarters at Koenigsberg, had been mobilized and that a call had been issued for a session of the federal council, which is composed of representatives of the states of Germany.

Representative officials at the foreign office declared that the situation had grown worse today instead of better. They pointed out that the mobilization of the Russian army at a time when Austria-Hungary had not moved a man toward the Russian frontier could only be interpreted in one way, and that was that Russia was determined to support Servia. It was added that France also was known to be making secret military preparations and that although Germany had not yet mobilized it was questionable whether she could remain inactive much longer in iace of the military preparations on her borders.

Preliminary instructions were sent today by the German war department to all officers and soldiers of the reserve to hold themselves in readiness to join the colors.

The officers of the regular army had received instructions yesterday to hold themselves in readiness for the mobilizatian of their units.

The reserve officers of the guards army corps, whose headquarters are in Berlin, today received orders to mobilize.

All foreign pupils of the Biggerman schools were informed yesterday that they must leave Germany immediately.

The southern Austrian column in Bosnia remained stationary today awaiting the movement of the Montenegrin troops.

The ancient fortress of Belgrade was reduced by the Austrian artillery, which, however, caused only slight damage to other parts of the Servian capital. The British legation was struck by an Austrian shell. Servian sharpshooters greatly harried the Austrian artillerymen during the bombardment.

Servians Resist in Northwest.

A newspaper dispatch from Rome says resistance is being offered to the Austrian advance from the northwest by small detachments of Servian troops left to impede their progress. The news comes from Nish, Servia, by way of Salonika.

The Austro-Hungarian invaders followed the valley of the river Moravia and first encountered a body of Segvian troops at Semendria, on the Servian side of the Danube. The Servians held their ground until nightfall and then retired. Both Austrians and Servians sustained heavy losses, several hundred soldiers being killed.

Montenegrins Attacked by Austrians.

London, July 30—The strict censorship prevents any details coming through. Reports, however, were in circulation that a battle had taken place in Bosnia on Austrian territory, between the Austrian troops and the Servians and had resulted in great slaughter. Another reported the fall and burning of the Servian capital. Still another told of an Austrian attack on the Montenegrins at Mount Lovchen, overlooking Cattaro.

Paris, July 30—Every military preparation short of mobilization has now been made in France. The principal railroad stations and all the signal boxes and switches are today guarded by troops.

Rumors of the wildest nature were in circulation today that President Poincare, after an all-night council of war, had decided to call up 800,000 men of the French army reserves. A strongly-worded denial of this was issued, together with assurances that drastic measures would be taken against those spreading such reports. The government is working in close co-operation with the principal newspapers to reassure the public.

At the same time a veil is being kept over military operations, as during the war in 1870 when the Germans are said to have obtained a great deal advantage from the information printed in the French press.

Vienna, July 30—Scenes of extraordinary enthusiasm accompanied Emperor Francis Joseph's return to the Austrian capital today.

The Hague, Holland, July 30—Holland today called all army reserves, frontier guards and coast guards to the colors.

Berlin, July 30—State railway men armed with carbines and ball cartridges were placed on duty today at all the railroad bridges and culverts throughout Germany.

Rome, July 30—Official circles here appeared today to have abandoned all hope of the efficacy of mediation in the European conflict. It was stated that the moment had now come for Germany to show whether she wanted and still wants war and it was argued that she alone could influence for peace.

London, July 30.—The British navy is prepared for war at a moment's notice. The British army is quietly and swiftly preparing for war. The War Office throws cold water on the word mobilization and has issued another carefully framed notice in newspapers with the usual precautions. Nevertheless every step to place the land forces on a war footing except summoning the territorials to arms has been taken. All territorial officers have received orders to be prepared to the call of duty. A large section of engineers and staff territorials have been ordered on duty, consisting of electricians, mine

(Continued on page 2)

NANAIMO IS OPEN TO ATTACK

Coal Supply of Vancouver Island Would Fall an Easy Prey to Attack of Foreign Warship.

In commenting on the defenceless condition of British Columbia ports at the present time, yesterday's Vancouver Province says:

"If Great Britain and Germany are drawn into the European war, on opposite sides, what is going to happen to British Columbia? How will this defenceless province protect herself from raides by hostile cruisers? Can she prevent warships of unfriendly powers levying tribute on the coast cities?

This phase of the hostilities has begun to cause thought in Vancouver and Victoria for it brings home to the people of the Pacific seaboard the unpleasant fact that they are to all intents and purposes without any means of coast defence and that one light cruiser of a hostile fleet could do enormous damage.

"A week or two ago the Komagata Maru was anchored in Burrard Inlet. She was only an old Japanese tramp carrying 152 hostile Sikhs, Hindus and Mohammedans, but she baffled the authorities, stirred up public feeling, beat off a force of police and generally upset the community. It was an object lesson which has not been forgotten for if the Komagata Maru had been equipped with a few quickfirers she could have commanded Vancouver's waterfront and there would have been no means of redress.

Vancouver has no fortifications. There are no batteries which could shell a hostile ship, there is not even a field battery which could be used for defence. Twenty-five years ago when Rudyard Kipling passed through Vancouver he noticed what splendid sites there were for forts to protect the harbor and bay, and he commented on this on his book "From Sea to Sea." But those fortifications are still conspicuous by their absence. A hostile warship would not need to pass through the Narrows, which could be mined. She could ride out in the gulf and shell the port without any risk to herself. Vancouver could be bombarded, Nanaimo, Union Bay and Ladysmith lose their coal stocks. Prince Rupert wiped out and the small villages on the coast raided and the people of the Pacific coast would have no means of fighting back except through the militia regiments. But infantry ashore are hopelessly out of action against a naval force with long range guns.

"Victoria would have the best chance of defence for the capital is in a certain measure protected by the Esquimalt forts, but the Esquimalt forces are not strongly manned. When the Imperial troops withdrew a few years ago Canada undertook to maintain the defences at Esquimalt, and the manner in which the pledge was carried out is stifl an unpleasant memory. Guns rusted in ditches and the fortifications were neglected until public feeling asserted itself. Thereupon better work was put in and Canada recruited a permanent force of artillerymen but numerically it is small. However, Victoria has a smart force of militia gunners who are exercised in big-gun firing, but it is doubtful if the Esquimalt forts could hold a hostile squadron from passing up the straits. Once past Esquimalt the raiding cruisers would find themselves unopposed."

MALTA IS READY

Valetta, Malta, July 30.—Incessant preparations proceeding among the large British garrison and also among the vessels of the British fleet here throughout the night. All leaves for officers and men have been stopped.

The authorities issued orders for precautionary stage of mobilization and as a consequence great activity was apparent in the dockyards.

The following vessels have coaled at the wharves of the Western Fuel Company during the present week: British Columbia, bunkers and cargo; Clansman, Belle and Squid, bunkers, and Princess Ena, cargo.

COAL HOISTED AT MORDEN

New Shaft of Pacific Coast Coal Company Hoisted Coal Yesterday—New Field Will be Developed.

Coal was hoisted for the first time yesterday at the Morden shaft of the Pacific Coast Coal Company. It is the intention of the company to put a machine to work at once and drift a distance sufficient to allow for yardage at the shaft bottom, and other space necessary for the loading and unloading of cars on and off the cage.

Development work on the new field will be rushed with the least possible delay and it is expected that by the end of the year Morden will be shipping a fairly large quantity of coal.

The pit head at Morden is built of concrete and is considered one of the most modern and up to date on the continent.

CANADIAN FORCES MAY BE MOBILIZED

Ottawa, July 30—Col. Sam Hughes minister of militia, came back in a hurry from Lindsay to the capital this morning and was in conference with the officers of the department at noon today. Though nothing was divulged as to the character of the conference it is generally understood that the imminence of war in which Great Britain may be a participant and in consequence of which, Canada may be called upon to lend assistance as in 1899, was a topic for consideration. Col. Hughes seen afterwards by a press correspondent was extremely reticent and declared that he had nothing to say for publication. When asked what Canada might be called upon to do in case England was a participant, he remarked: "Have you any reason for believing that England will participate? What is the latest news this morning about the situation?"

Government officials generally are not inclined to discuss possibilities until the European situation has become more clearly defined. Premier Borden is still holidaying at Muskoka, but it is expected here that he may be called back earlier than he expected if the war situation becomes acute. Hon. Geo. E. Foster is acting Prime Minister, and there are in addition present, Hon. Bruno Nantel, Hon. Louis Coderre, Hon. Sam Hughes and Dr. Reid. The first meeting of the cabinet for two weeks was held this morning.

Should the situation develop into one in which Great Britain will be an active participant, it is considered possible that a special session of Parliament may be called to consider what part Canada shall take in affairs.

GERMAN FINANCES AT A LOW EBB

Berlin, July 30—Financial conditions in Germany grow graver every hour. They are now regarded as more so than on the eve of the Franco-Prussian war. In order to prevent further derangement of business, the banks and the bourse committee again deliberated early yesterday over the advisability of shutting down the stock exchange temporarily. They eventually decided that, for the present, they would only curtail operations by doing away the transactions in futures and making it impossible to do any trading until further notice, except on a cash basis.

The new plan was put in force as soon as the bourse opened. The effect was to cause almost complete stagnation, but the investing public's anxieties were sharpened instead of allayed by this unprecedented action.

The situation was made worse by the news that the banks were not only holding gold, but also restricting credits in an arbitrary manner. Loans were called right and left under penalty of extreme measures if they were not redeemed at once.

The runs on Berlin savings banks are still going on, though less energetically.

THE LINEUP FOR WAR IN EUROPE

With Servia

	Total land forces.	Total naval forces.
Russia	5,550,000	52,463
England	730,000	137,500
France	4,000,000	60,621
Servia	208,000	.....
Greece	150,000	10,000
Roumania	500,000	.....
Spain	350,000	10,165
Totals	11,488,000	270,749

Naval Equipment

	Battleships	Cruisers.	Gunboats.	Other Craft
England	67	122	10	370

France	32	31	6	310
Greece	5	1	8	27
Spain	4	9	...	33
	125	182	32	916

The Triple Entente.

The Triple Entente is the offset to the Triple Alliance. It embraces Russia, France and England. The details of the Triple Entente have never been made public, but it is accepted certain that France and Russia are absolutely bound in an offensive and defensive alliance. Just how firmly England is bound is not known. Spain has become a party to this agreement, but to what extent is conjectural. For Balkan reasons Greece and Raumania will support Servia as against Austria. Russia's support of Servia is a part of the Pan-Slavic program as against the Pan-Germanic expansion plans.

With Austria

	Total land forces	Total naval forces.
Germany	5,200,000	66,783
Austria	2,000,000	17,581
Italy	1,200,000	33,095
Bulgaria	380,000	.....
	8,780,000	117,459

Germany	39	61	7	218
Austria	13	12	3	86
Italy	16	20	5	128
Totals	68	93	15	432

The Triple Alliance.

The Triple Alliance is a compact entered into between Germany, Austria and Italy against Russia. It was formerly the Dual Alliance entered into in 1879, when Germany and Austria pledged themselves to joint action should either be assailed by another power. In 1883 Italy was admitted into the Dual Alliance and it became the Triple Alliance. The treaty provides that should Russia assist any nation at war with any of the signatories to the treaty the other signatories must come to assistance. The treaty is very specific in its terms and provides for a division of all territory acquired in a victorious war. Under this treaty the Triple Alliance must back Austria should Russia come to the assistance of Servia. In addition to the Triple Alliance powers, Bulgaria for Balkan political reasons, will support Austria.

HOME PRODUCTS

The Manufacturers' Association of British Columbia is making representations to the government urging that as far as possible provincial products should be used in the erection and furnishing of the new provincial university buildings. Attorney General Bowser through whom the representations were made expressed his sympathy with the association's desires and pointed out that it had always been the policy of the government to encourage home manufactures. At the same time the matter cannot be too strongly pressed upon the government. A good deal of the administrative work of the government is left to departmental chiefs and mistakes are made. It may be that in many cases the officers of the departments are led into these errors. In any case we see many government examples of how work should not be done, and there is one in Nanaimo today. The agitation in favor of home products might be extended to men as well as materials. Within the last few years important appointments have gone to outsiders which could have been just as competently filled by British Columbians. As regards the University particularly we hope to see not only home products utilized in its erection but wherever possible home talent employed in the faculty. For many many years the most important part of the university curriculum will consist of practical science as applied to commerce and industry. Students will seek instruction in the sciences covering the mining, lumbering, farming and shipbuilding industries, and in these and kindred subjects there ought to be many home teachers available. It is not the scholar with the biggest reputation who makes the best or the the most successful teacher. We have most of us had some experience of this truth. What is most required is scholastic competence, combined with the gift of teaching. In the case of the British Columbia University it is only fitting that as far as possible it should be a product of British Columbia, both in its building and in its equipment.

EUROPEAN CRISIS.

While considerable time has passed since Austria's formal declaration of war the only offensive movement so far reported is the bombardment of the undefended city of Belgrade. There may be some important reason for this unexpected delay in opening hostilities. Austria's action in forcing the war naturally led to the belief that it was prepared to strike at once. It is just possible that both Austria and Germany were risking a good deal on their dare to Russia. Russia backed away once before when Germany stood forth in shining armor beside its neighbor and ally Austria. The circumstances are different today, and it begins to look as though at all costs Russia will aid Servia against Austrian aggression and invasion. This fact may account for Austria's delay in striking, and, if so, there is still some hope of a settlement. Germany's tone is more moderate, and Austria's purpose more obscured than ever. The latter country has announced that it will respect the integrity of Servia, and is not even desirous of occupying Belgrade. What then is all the row about? No reasons have been adduced as to why Servia should be attacked by Austria or be asked to pay an indemnity. The only use we can see for such an assurance as this is that it might induce Russia to refrain from interfering. Not only Servia, but all the other Balkan states may be excused if they refuse to believe or accept such an assurance. To talk of the invasion of Servia as a punitive expedition is absurd. And even at that some cause should be shown for undertaking such an expedition. Without considering Russia, it is too much to hope that the war could be confined to Austria and Servia. Had it not been for the disastrous quarrel among the Balkan allies after the defeat of the Turks, it is doubtful if Austria would have acted as it has done. At the same time nothing could have been better calculated to wield them together into one great fighting confederation. Russia can accept Austria's assurance and await results. Such a policy has its obvious dangers. After Austria had disposed of Servia or any other of the Balkan states it could turn round and defy Russia. If Russia interferes now then Austria may give up the attempt to crush Servia. It is almost a foregone conclusion that the Russians will adopt this latter policy, and Europe is immediately divided into two great hostile camps. Forming the Triple Alliance are Germany, Austria-Hungary and Italy, while constituting the Triple entente are France, Russia and Great Britain. The three nations in each group are more or less closely bound together, and neither group can afford to see any great alteration to the balance of the powers. Great Britain's supreme interest in the situation lies in the maintenance of this balance of power, and any contingency threatening to disturb it would immediately involve it in the struggle. With so much at stake and such staggering possibilities to be apprehended surely European statesmanship can point a way to peace.

We have just received a copy of the Imperial Year Book for Canada for the years 1914-15. The book is the work of Mr. A. E. Southall, and is published from Montreal. It is a new style of Canadian reference book and will be published on Dominion Day every year, thus making it a mid-year annual. The work while giving special attention to Canadian matters and affairs, deals specifically with the whole Empire. In its present form it is a mine of useful information, and should establish itself as one of the most serviceable of Canadian reference books.

The Austrians are reported to have occupied Belgrade, the capital of Servia. The city was indefensible, and the first act of the Servian court and government was to withdraw when war was thrust upon their country. The despatches say the city was bombarded before being occupied which is the harder to understand in view of the fact that no attempt was made to defend it.

DESTROYED BY FIRE.

Ellendale, N. D., July 23.—The Dakota and Caldwell elevators were destroyed by fire at Merricourt, sparks from a passing locomotive firing the structures. The total loss is $20,000 on buildings and contents, there being considerable grain in both structures. Several small buildings also were destroyed.

ICE PACK CRIPPLES FISHERMEN

St. John's Nfld., July 28—The ice-pack along the Labrador coast continues to cripple fishing operations, making the season exceedingly 'backward.

ICE BREAKER COMPLETED.

London, July 30.— The new ice-breaking steamer built by Cammell, Laird's for service between Levis and Quebec will leave Birkenhead next week. She will carry passengers and freight trains at all seasons of the year.

ANY DYSPEPTIC CAN GET WELL

By Taking "Fruit-a-tives" Says Capt. Swan

Life is very miserable to those who suffer with Indigestion, Dyspepsia, Sour Stomach and Biliousness. This letter from Captain Swan (one of the best known skippers on the Great Lakes) tells how to get quick relief from Stomach Trouble.

PORT BURWELL, ONT., May 8th, 1913.

"A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. Loss of appetite and indigestion was brought on by Constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken "Fruit-a-tives" and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that "Fruit-a-tives" have helped me greatly. By following the diet rules and taking "Fruit-a-tives" according to directions, any person with Dyspepsia will get benefit".

H. SWAN

"Fruit-a-tives" are sold by all dealers at 50c. a box 6 for $2.50, or trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

EXPECTS RUSSIA TO DELCARE WAR ON AUSTRIA TODAY.

(Continued from Page 1)

layers, bridge builders, search-light and light house experts. Some of these forces are being sent to Ireland to replace engineers of the regular army all of whom will be withdrawn from that place in connection with land defences, particularly on the eastern coast. Every officer and private of the regular establishment on leave have been called, the only reason for absence accepted being serious illness. All police on leave will likewise be returned to duty, and some will replace soldiers guarding military stores and stations who are needed elsewhere. The forces at Aldershot have been reinforced by numerous detachments from other points. A battalion of the Duke of Cornwall's regiment which was about to embark for Hongkong was detained and searchlight stations on the eastern coast whose office is guarded against surprise of invasion usually manned by skeleton staffs is now fully manned largely by territorials. Coastwise steamers report lights all along the coast as being in operation last night playing shafts of light on every incoming and outgoing vessel. None but the admiralty which is in constant touch through wireless at Whiteball, knows the whereabouts of the first fleet but it is safe to presume the fleet is in position close to the channel where it can strike the North Sea in the event of hostilities. The crisis could not have arisen at a more convenient time for the navy. The fleet is just through review and is on a war footing. Notice has been issued virtually closing Portsmouth harbor to private craft, according to the Central News and certain anchorage may be used by vessels which may be fired on without notice if they move. They cannot enter or leave the harbor without permission and the ferry service may be stopped at any time. Two Germans suspected of being spies were arrested tonight at the Isle of Wight and are detained in jail.

Vienna, July 30.—The following despatch was received about midnight. Machine gun fire was opened from Belgrade in reply to Austria-Hungaria monitors which bombarded the city at one o'clock this morning. A powder magazine at Belgrade blew up at dawn, and Servians made another unsuccessful attempt to destroy bridges. As shots were fired from the Servian custom house on our troops, our artillery trained its guns on buildings which were quickly demolished. During the Servian attempts to blow up bridges sixteen Servians were captured and taken to Petervardien.

Belgrade, July 30.—Austrians opened a heavy cannonade in the second attack on Belgrade at 11 o'clock last night. The guns of Austrian monitors and batteries of Semlin fired until 2 o'clock this morning. Several buildings were damaged and an Austrian gunboat was badly damaged.

FRANCE HAS OVER MILLION SOLDIERS

London, July 30.—In view of the concentration of French troops near the German frontier, the London Times correspondent collected particulars as to the war strength of France. In the event of an European war, France would be able to put about 800,000 men into the field immediately. For some time past there has been a huge concentration of troops at Verdun, Toul, Epinal and Belfort, first-class strongholds forming the advance line along the German frontier, and the garrisons of the second line, such as Maubeuge, Lafere, Rheims and Langreset which contain large bodies of men, are ready to be moved forward at a moment's notice. Although the active section of men now with the colors are not yet thoroughly trained soldiers, they nevertheless have had enough military experience to form valuable fighting line material.

Should it become necessary to utilize the field army, the total strength would be about 1,300,000. There are twenty-one army corps, besides thirty-six complete reserve divisions, and some reserve cavalry. Though the French army is numerically inferior to Germany's, military experience considered, with their greater fighting value, the French unit compensates for that disadvantage.

FIRE LOSS AT NEW DUNDEE

Berlin, Ont., July 30.—A fire broke out at New Dundee yesterday afternoon resulting in the total destruction of Buck & Lauten's general store the branch of the Union Bank and the New Dundee Hotel. The fire started from some unknown cause in the millinery department of Buck & Lauten's store. The loss is estimated at $20,000, partially covered by insurance.

YOU CAN SEE NEW YORK CITY IN A DAY.

The Green Car automobile trips uptown, downtown, and "Seeing New York after Dark"—a night tour along "The Great White Way," through the Hebrew, Hungarian, Italian Quarters, and Chinatown, with the yacht trips around Manhattan Island constitute the most perfect Sight-Seeing Service in the world. SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NEWS OF SPORT

MAKES WEIGHT RECORD

Chicago, July 30—Patrick Ryan, of the New York Irish American Athletic Club, broke a world's record in throwing the 56-pound weight at the Irish American Athletic Club games at Federal League park. He made a distance of 42 feet 10¼ inches, standing in a seven-foot circle and using both hands. The former record of 40 feet 6 3-8 inches was made by M. J. McGrath in Montreal in 1911.

MAYS PITCHING STRONG

Carl Mays, last year with the Portland Colts, has won eight straight games for the Providence team and is leading the International League pitchers with nine wins and three defeats. Recently in a game against Rochester he lammed out a home run with one on and won his game, 3 to 1.

ANDRADA IS SOLD

Tacoma, July 30 — Senor Andrada who has pitched indifferent ball for the Tigers for several weeks past, has been sold to Moose Jaw, in the Canadian Twilight League, according to an announcement made by Russ Hall yesterday. Pitcher Boatman has also been released.

PITCHER SETS UP RECORD FOR SCORELESS INNINGS.

Appleton, Wis., July 30 — Fred. Trautman, pitcher for the Appleton team in the Wisconsin-Illinois league today holds the world's record for twirling consecutive scoreless innings. He wrested his honor from Walter Johnson, of the Washington team yesterday by pitching nine innings without a run being made against him. This game made fifty innings the young "phenom" has twirled without an opponent crossing the plate. John's record was 45 innings. In making his record Trautman pitched only four games. Two were thirteen innings and another fifteen.

SCHNEIDER MAKING GOOD.

Pete Schneider, who preferred to take a big league job while he was right, rather than wait for a spring training tryout when he might not be and who jumped the Seattle team in midseason, is now leading the National league pitchers in percentage of victories. He has won four and lost only one, a percentage of .800. The average of the "Mighty Matty" is 15 wins, four defeats, a percentage of .789. Bill James, who also went to the big league from Seattle is well up on the list with nine wins, five defeats, an average of .643.

SPORTING SPARKLETS.

Harry Pollok, manager of Freddie Welsh, writes from England that the new champion will take it easy for several months. He says that there is nothing to the yarn that Ritchie has everything set for a return battle..

With all the top-notch middleweights over in Australia, the California boxing critics are now hailing Sailor Petroskey as a wonder. The sailor is about a fifth rater, and is not considered a title aspirant outside of San Francisco.

The Vancouver A. C. track and field stars will compete in the Scottish games this week, and will later enter the B. C. championships, which will be held this year at Port Alberni.

"Gunboat" Smith wants to swim the English Channel. Carpentier would probably save him the trouble by going to England any time they offer in the neighborhood of $10,000.

Willie Ritchie is hurrying home from England, and will have several alibis to spring directly he sets foot on the U. S. A.

Being a native son is a great help to Californians, but this fact alone will not win or retain championships in the squared circle.

Ban Johnson still insists that the Federals are going out of business. Yes, just like Christy Mathewson is falling off as a pitcher.

Leach Cross says he can beat Watson any old time, because he has his number. And judging by the number of easy bouts he lands down in Los Angeles, "Leachey" has the public's number also.

Carl Morris, the Oklahoma fighter, is another heavyweight who is going to England to try and get some of the easy money there in twenty-round bouts. Billy Newman, who has looked after Carl's affairs since William Ufer, the wealthy mine owner of Salupa, Okla., let him go, received a cablegram from Harry Pollok, manager for Freddie Welsh the world's lightweight champion, asking him to send Morris over as soon as possible. Morris will sail for the other side on the steamship Oceanic on Saturday, Aug. 1, and will fight under Pollok's management.

Charley White, of Chicago, who has an excellent chance of meeting Willie Ritchie for twenty rounds either in San Francisco or at Vernon, Cal., has only realized about $25,000 out of his ring battles.

Mat Wells, the ex-lightweight champion of England, and Johnny Summers, the English welterweight, have been matched in England to fight a twenty-round battle at the welterweight limit in London in two weeks for a purse of $2,500, which has been offered by Jack Callaghan, an English boxing promoter.

While Packey McFarland is willing to take on Freddie Welsh, the world's lightweight champion, in a twenty-round battle for the purpose of bringing back the title to the United States, it is almost certain that he will never get that opportunity, for Charles Cochran, the English fight promoter, sent Billy Gibson a cablegram offering McFarland a match with Mat Wells, the English welterweight, to be decided at the Olympia in London in two months.

SURREY DEFEATS SUSSEX

London, July 27—Surrey beat Sussex by one wicket in a county cricket match at the Oval. D. J. Knight was high scorer for Surrey with 71 and Vincent for Sussex with 73.

McLOUGHLIN WINS.

Boston, Mass., July 30.—The custody of the fifth Longwood bowl, famous as a tennis singles trophy, was regained by M. E. McLoughlin, of San Francisco, after a brief and somewhat uninteresting match with the holder, W. M. Johnston, also of San Francisco. McLoughlin needs another victory to obtain permanent possession of the trophy. He won a leg two years ago, but defaulted last year to Johnston.

NEVILLE AGAIN VICTOR.

Grand Rapids, Mich., July 30.—Playing brilliantly yesterday afternoon, but unable to overcome the handicap of his poor work this morning, Jack Neville, of San Francisco, the champion of the Pacific coast, was eliminated from the western amateur golf championship tournament by E. P. Allis, of Milwaukee, Allis won the 36-hole match 2 up and 1.

THURSDAY'S BASEBALL

Northwestern:—
Spokane 12, Victoria 4.
Seattle 0, Vancouver 2.
Ballard 5, Tacoma 6.
Coast:—
Portland 6-5, Oakland 2-5.

Venice 1, Sacramento 9.
American:—
New York 3-8, Cleveland 2-6.
Boston 4, Chicago 6.
Washington 2, Detroit 3.
Philadelphia 4, St. Louis 1.
National:—
Chicago 1-5, Philadelphia 4-1.
Cincinnati 2, New York 0.
St. Louis 1, Boston 2.
Pittsburg 7, Brooklyn 2.

MILITARY INQUIRY AT OTTAWA IS CONCLUDED

Ottawa, July 30—The military court of inquiry into the case of Major Leonard Wood, of the London field battery, who was dismissed because beer was found in the mess of his regiment at Petawawa, has concluded its investigation. Upwards of twenty witnesses were examined. The court was asked to make findings on specific points, and in the course of a few days its reports will be submitted to the minister of militia.

CANAL FINISHED

Buzzards Bay, Mass., July 30.—The Cape Cod Canal was formally opened yesterday. Federal and state officials assisting in the dedicatory exercises, while crowds of sightseers lined the banks and a thousand more took their first trip through the new waterway. The canal unites Buzzards and Cape Cod Bays, and shortens by seventy miles the water route between New York and Boston.

BATTLE IN MOROCCO

Rabat, Morocco, July 24—In a battle with natives near Tazekra last Sunday the French forces lost 56 men killed, among them three officers and 90 men wounded. The tribes men killed numbered 150.

GIRL DIES FROM POISON DUE TO SCRATCH OF PIN

Winnipeg, July 30—Blood-poisoning arising from the pricking of her finger with a pin, caused the death of Susie Stuart Macdonald Gooderham, 12 years old, daughter of Mr. and Mrs. James Gooderham, 528 Stella avenue. Although it pained sharply for a while she soon forgot about it and no attention was paid to the matter until one or two days later, when she complained of a pain in her leg.

Dr. Phillips, the family physician, examined the girl and found that she had developed an acute attack of bloodpoisoning. She was a relative of B. J. Stuart, of Eleventh avenue, West, Vancouver.

GERMANS DEFEATED IN TENNIS GAMES

Pittsburg, July 30.—Anthony F. Wilding and Norman E. Brookes, representing Australia in the Davis Cup elimination trials disposed of the German athletes, Otto Froitzheim and Oscar Kreutzer in the first games of the singles played today. Wilding went against Kreutzer and beat his opponent in straight sets, 6-2, 7-4, 6-2. The Australian was much steadier than his opponent and won all the way. Brookes had a much harder time disposing of Froitzheim, who played brilliantly. Brookes took the first set 10-8, after a keen and thrilling struggle, but the German could not keep up the pace in the next two, and lost out, 6-1, 6-2. Australia only needs to win one more game in the doubles or singles to qualify to meet England.

VANCOUVER ARRANGES FOR ANNUAL SHOW

While Vancouver will itself contribute largely to the success of its fifth annual exhibition, a success which is already beginning to be apparent, many of the smaller British Columbia towns will contribute exhibits to that big fair as well as sending several thousand visitors to the terminal city during fair week there.

Special attention has been paid this year to the creation of a fair which will set a new standard in the west. The fair management has so far succeeded with its plans. The big buildings will probably be too small to accommodate all the exhibits which will be offered. But arrangements are being made to erect temporary structures to take care of the overflow.

The grand attractions will be better this year than ever before. Several unusually large features, new not only to Vancouver, but to the West, will be shown on the skid-road, the exhibition's highway of amusements. Range days, the Patterson shows, the motordrome, automobile and harness horse races, an automobile and horse show, all manner of agricultural, horticultural, live stock, timber, mineral and industrial exhibits and the many miscellaneous displays will combine to make up a splendid show

OVER A BILLION DOLLARS IN USE

Washington, July 27—With a billion and nearly three hundred million dollars in gold coin and bullion stored in treasury vaults and about $690,000,000 more of coin in circulation, treasury officials said last night the United States had no cause for alarm over the tremendous shipments of gold from New York to war clouded Europe.

Secretary McAdoo explained that the country never was in a better position to send some of its millions abroad, and declared there was nothing to fear from the drain to meet European demands. It was pointed out that while Europe just now was draining on America's gold supply, it would be only a short time before the money would be coming back to pay for the vast quantities of food and supplies Americans would be called upon to ship across the water.

Of the $1,286,216,783 in the treasury at the close of business yesterday, $495,411,806 was in the Denver mint, $318,940,929 in the Philadelphia sub-treasury and mint, $241,404,964 in the San Francisco sub-treasury and mint, $75,731,648 in New York, $79,903,627 in Chicago, $33,260,547 in St. Louis, with the balance scattered at eleven points throughout the country, including Washington, Boston, Baltimore, Cincinnati, New Orleans and Seattle.

HEAT CAUSES DEATH

Oklahoma City, Okla., July 30.—Extreme heat caused one death here yesterday. The official temperature was 104, the highest of the season and for the corresponding 24 years. Ardmore recorded a maximum temperature of 110.

IN CONVENTION

Regina, July 30.—Fire chiefs from the three prairie provinces are gathered in Regina for their annual convention, which opens tomorrow.

The Bastion Street "Pirates" took a double header in baseball yesterday from the Townsite "Beavers." The score of the first game was 14 to 12 and the second 9 to 2. Philpott and Cheatwood was the battery for the victors and Leicester and Watson for the vanquished.

The VEEDEE'S GREAT SUCCESS

ENTHUSIASTIC AUDIENCE, MARVELOUS RESULTS

Demonstrator Remains at Oddfellows' Hall Until To-Morrow at Noon—Free Trials To Callers

The wonderful Veedee results that were effected at the Oddfellows' Hall last night, and the many striking and sensational results won in sight of the large audience is the principal topic of the day and have spread the fame of this marvelous health-restoring machine called the Veedee throughout the city.

The lecturer started the proceedings by a short address, explaining the Veedee and the marvelous effects of the little machine, in relieving, without drugs or electricity, the pain of poor tortured sufferers from Neuralgia, Rheumatism, Lumbago, Sciatica, Gout and Neuritis, and other painful complaints. He also said that a large number of cases of Stammering Paralysis, Goitre, Deafness, Weak Eyes, Asthma, Bronchitis, etc., even in long standing, chronic cases, can in many instances be either completely cured or greatly improved by regular use at home of the "Veedee Blood Circulator," the curative value of which has been proved by tens of thousands of people from Royalty downwards.

The demonstration was then started and the machine was tried by many anxious people to obtain relief. Sufferers during the afternoon and also in the evening tested the Veedee with results that looked miraculous. Many local people who obtained relief used the instrument themselves for the first time. As each case was taken where pain was present that pain instantly vanished at the touch of the marvelous Veedee.

Numerous sufferers from Deafness, Head Noises, Catarrh, Weak Eyes, Paralysis, etc., stated that they experienced a most wonderful improvement and were delighted. The results were striking and convincing. The Demonstrator said repeatedly that a short course of Home Treatments with the Veedee would render the relief quite permanent.

Catarrh, Cold in Head Deafness Etc.

For Neuralgia, Head-ache, Face Massage Wrinkles.

Rheumatism, Gout, Sprains, Etc.

WHAT THE VEEDEE HELPS.

Rheumatism, Neuritis, Arthritis, Gout, Paralysis, Deafness, as well as the following troubles: Liver Troubles, Still Joints, Insomnia, Kidney Diseases, Catarrh, Swollen Glands, Indigestion, Eye Weaknesses, Constipation, Asthma, Bronchitis, General Debility, Goitre, Neuralgia and Stammering.

NOT A CURE ALL

If a cure is possible, you are sure to obtain it by a regular treatment with the Veedee. If, however, you are beyond a complete cure, you will at any rate obtain valuable relief and quick improvement from the home use of the Veedee.

WHY SO EASILY USED?

Because It Is NOT Electrical.

It needs no electric current; contains no electricity and cannot give sudden objectionable shocks.

Far from giving any shock its action is always gentle and pleasant. It pours a stream of delightful thrill or pulsation right through any limb, muscle or bodily organ at will—a stream of healthful and strength-giving vitality, stopping pain in two or three minutes and permanently curing many bodily troubles in a few regular treatments at home. In most cases the effect of the Veedee seems almost miraculous.

Wife or Sisters Using For Lumbago. General Tonic.

Lung Troubles, Asthma, Figure Development, Etc.

Indigestion. Constipation, Wind Troubles, Etc.

THE VEEDEE CURES IN NATURES WAY

by sending large increased blood circulation, and so nourishment to the affected limbs, muscle or organ. It cures by stimulating the organs nerves and blood.

Self Home Treatment

The book of directions that goes with each Veedee makes its proper use for all the troubles it is good for so clear and plain that even a child who can read can so use a Veedee in the home as to get from it the full extent of all its marvelous healing power.

The Veedee Demonstrator remains in Nanaimo until Saturday at noon and may be seen today, morning from 10 to 12; afternoon, from 2 to 6; evening from 8 to 9, also tomorrow morning from 10 to 12 only. Interview and information FREE, today and tomorrow.

The Veedee Is Easily Adjustable From Baby-Gentleness to Horse-Power Strength.

The Veedee being hand driven can be used everywhere at a moment's notice; it is always ready for use and lasts for twenty years without need of repairs.

Demonstrations Are Free.

The Veedee Demonstrator makes no charge for trying the machine and he demonstrates free of all charges the practical way of using the Veedee. He is not a doctor, and does not diagnose or treat diseases.

Trial is Free to Everybody at Oddfellow's Hall

THIRTY MEET ACCIDENT

Tacoma, July 29—Thirty persons mostly women, were dumped 5 feet into a hole yesterday afternoon, when the platform on which they were standing to be photographed collapsed, at the laying of the cornerstone of the County Tuberculosis Hospital. Several suffered minor injuries, one of the most serious being Mrs. A. V. Fawcett, wife of the Mayor of Tacoma. Following the accident the programme was carried out.

CANADIAN NORTHERN PLACES LARGE ORDERS.

Winnipeg, July 30 — The Canadian Northern railway has placed an order with Canadian firms for more than $1,500,000 worth of equipment, sufficient to put the most modern service between Toronto and Winnipeg by way of their new line from Port Arthur and Sudbury.

It is probable that through trains will run from Edmonton to Toronto as soon as this equipment is delivered.

BRIEF MENTION

R. H. Rogers, formerly a barrister in Vernon, is now secretary of a fox farming country in Prince Edward Island.

Miss Annie McRae and Miss Alma Leslie are spending a holiday in Nanaimo.

Rabies is still prevelant among the dogs in the Duncan district. At Glenora a mad dog was shot last week.

Mr. Walter Akenhead of this city has sold his Duncan business to Blackstock Bros.

Have The Herald print your visiting or business cards. Large stock of cards and numerous type faces to select from.

This year the apple crop in the Kootenay and Boundary will be over 100 carloads.

The fast C. P. R. steamer Princess Patricia, has been chartered for the Vancouver Y. M. C. A. and Y. W. C. A. moonlight cruise this evening and will leave at 8 o'clock for a three hours sail up Howe Sound, passing the summer camps of both associations.

The Provincial police authorities have been requested by Miss Ina E. H. Chattleburgh, Alfina Cottage, Tiptree, Essex, England, to seek to ascertain the present whereabouts of two of her brothers-in-law, Charles and Percy Chattleburgh, who, after residing some time in Alberta, came on to British Columbia.

The Dominion government is spending $150,000 dredging the Columbia. Particular attention will be paid to the narrow channel between the two Arrow lakes.

The church on the Indian reserve near Enderby was recently struck by lightning and burned to the ground, causing a loss of $3,000. The Indians believe that some bad white man caused the fire, as they are firm in the belief that God would not destroy a church.

The local employees of D. Spencer Ltd. together with friends, some 70 in all, enjoyed a picnic at Echo Bay yesterday afternoon.

LOW EXCURSION FARES are being offered on the Grand Trunk Pacific Steamship six-day cruises to the Alaska Coast (Stewart) for the month of July only. $38.00 includes means, berth and all expenses. Write to C. F. Earle, Passenger Agent, Victoria, B. C., for illustrated booklet and sailing list.

On account of the exceptionally hot summer Dr. Green of the New Westminster School Board is recommending that the school vacation this year be extended for one week longer. The board is writing for permission to do this to the educational department.

Clipping another six hours off her previous fastest transpacific time, the Canadian Pacific greyhound, Empress of Russia, steamed to an anchorage off William Head Wednesday night. The actual steaming time of the Empress of Russia from Yokohama to William Head was eight days twelve hours, a magnificent performance that could not possibly have been accomplished except under the very best of weather conditions.

Mill and Kindling Wood
H. H. Weeks Phone 9-3.

The Premier, Sir Richard McBride, returned yesterday from the Mainland, where he had spent some days. He visited relatives at New Westminster for a time. The Premier attended the picnic at Ganges Harbor under the auspices of the Conservative Association of Vancouver, and says he was much impressed with the enthusiasm which pervades the rank and file of the organization and the confidence they manifest in the fortunes of the party in this province.

Advance Temple No. 3 I. O. G. T. will meet Friday evening at 7 p. m. at the Farmers' Landing for a launch ride.

Messrs. R. Isherwood, Thomas Weeks and Richard Pollard, were passengers to Vancouver yesterday afternoon on the S. S. Princess Patricia.

Mrs. William Stewart, Fitzwilliam street, leaves Monday on a visit to Danville, Illinois.

Mr. William Brownlee has returned from Vancouver and will take up his residence at Wellington.

Mr. D. H. McGilivray, who for the past two years has been connected with the clerical staff of the New Ladysmith Lumber Co., leaves today to accept a position with the Oliver Scrim Lumber Company, of Vancouver.

Mrs. D. J. Jenkins is visiting friends in the Terminal City.

Mr. John F. Doyle left for Vancouver yesterday afternoon on a business trip.

Mrs. L. Hunter, Townsite, left yesterday on a visit to friends in the Terminal City.

The bigh freighter, the Thor completed her cargo of coal last evening and sailed for San Francisco.

With the Tyee salmon on the run amateur fishermen of Duncan and the district have been enjoying some fine sport at Cowichan Bay just lately. Some splendid catches with the troll are reported.

Mr. E. H. Fletcher, post office inspector, Victoria, visited Duncan on Tuesday to discuss with Mr. David Ford, postmaster, several matters connected with the opening of the new post office.

The Cowichan Creamery shipped 1300 head of chicken to Victoria on Thursday last. This constituted a record for one-day shipments.

Mr. F. T. Wilgress of Yakima passed through Nanaimo, accompanied by Mrs. C. Gardner Johnson and her chauffeur in her large touring Overland car. Mr. Wilgress intends fishing at Campbell River and will also endeavor to bag a large cougar that is reported at staying in the neighborhood of Parksville for some time. Mr. Wilgress has a good reputation for his marksmanship in the West.

PROTECTION AGAINST CHICKEN THIEVES.

In reply to correspondent regarding traps or pit-falls on private property near buildings, we state it is quite lawful to arrange anything which would only cause minor personal injury and give an alarm which might result in the capture of this class of thieves, but it is unlawful to construct on private or public property a trap which might cause serious injury or death to anyone.

ADRIEN HERBARD DEAD.

Paris, July 31.—Adrien Herbard, one of the leading journalists in France, died today, aged 80. He had been managing editor of the Temps since 1870. He was a senator from 1879 to 1897.

RESCUERS IN RACE.

Nome, Alaska, July 31.—Captain J. Koren, commanding the Smithsonian Institute's expedition on the power schooner Eagle, arrived yesterday from Siberia and reported that three Russian government steamers, the Tobol, the Waigatch and the Tymir, expected to sail today to attempt the rescue of the Stefansson ship Karluk's men, marooned on Wrangel Island. The Russians hope to beat the revenue cutter Bear which must stop en route to land mail.

During the first four months of the present year the imports into France amounted in value to £120,904,440, which is an increase of £7,840,000 as compared with the corresponding period of the preceding year. Exports amounted only to $88,899,360, which is a decrease of about £2,040,000.

TO AUSTRIANS IN CANADA

Winnipeg, July 31.—A special mobilization order in connection with the Austro-Servian war has been issued to apply to Western Canada. The order is dated July 25.

George Reimnghaus, Austrian consul, said yesterday there were 150,000 Austrians in Western Canada, and those concerned would be notified individually by letter that their corps had been ordered to the front.

Proclamation as to mobilization will be published in the German and Ruthenian newspapers of the West.

LARGEST NET PAID CIRCULATION OF ANY VANCOUVER ISLAND PAPER EXCEPTING VICTORIA PAPERS

VOLUME XIV NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, SATURDAY MORNING, AUGUST 1, 1914 NUMBER 125

AMBITIOUS PLAN OF NANAIMO MEN

Have Cheap Gas Which Can be Used in Supplying Victoria and Nanaimo and Intermediate Points.

After considerable time and practical experiment Messrs. W. Thomas and A. E. Mainwaring of the Nanaimo Gas Co. succeeded in manufacturing standard home coal gas of uniform quality from low grade coal mine refuse. The process is now an established fact and has been in daily operation at Nanaimo during the past six months. The proposition is so eminently successful and the results obtained so much in excess of expectations of the two Nanaimo citizens named that they have been consulted by far-seeing capitalists suggesting a larger field or sphere to take full advantage of the invention and benefit a larger population than is now served by the gas works in which the innovation is installed. It is proposed to erect a modern gas plant of large size at Nanaimo and manufacture gas in large quantities at very low cost and deliver gas by means of a pipe line to Victoria, supply the cities of Ladysmith and Duncan, the towns of Chemainus Westholme and all the municipalities to Victoria.

The delivery of gas to long distances is not new. In California 200 miles is not considered any great distance to transfer and supply manufactured gas. Washington and Oregon also deliver gas from the various cities to outlying towns and districts. A preliminary survey has been made of the proposed route and the interested parties found no physical difficulty throughout the whole distance, eighty miles, to hinder the installing of a pipe line at a very moderate cost.

At a glance it is hard to realize the great and lasting advantage which would accrue to the southern portion of Vancouver Island if the same was placed practically upon a natural gas basis. One has only to look at the interior of Canada, as at Medicine Hat where there is practically nothing but gas to warraut its existence as a town. Vancouver Island with its superb climate, its scenery which cannot be surpassed in any part of the globe, its vast resources in coal, timber and fish; not forgetting it is the sportsman's paradise, and this coupled with it many deep-water harbors and the vast possibilities with the opening of the Panama Canal, enjoys advantages almost unparalelled. With all these advantages to have an abundant supply of the finest quality of gas, superior to natural gas or oil in that the extent of the gas-making material is known and assured, who can estimate the value to the district along the route where gas can be easily secured for the suburban residents, of the finest quality to light his house or generate electricity cook his food, heat his house, heat his water, saw wood, pump water, chop feed, etc. It will be hard to beat country life on the Island when all can have the same and still have all city facilities under their own direction and control.

ATTEMPT TO BLOW UP CHALIFERT TUNNEL

Lagny, France, July 31.—A supposed attempt to blow up the Chalifert tunnel of the eastern railroads was made today. Three persons in an automobile with a loaded case perhaps containing explosives approached the sentinel and paid no attention to his challenge. He fired and they turned and fled.

RENT COKE OVENS.

Fernie, B. C., July 31.—The Crows Nest Pass Coal Company Limited has leased a number of the Hosmer coke ovens and slack is being taken from the Coal Creek mines to be converted into coke at that place.

BOYS' PLANS CUT SHORT

Fernie, B. C. July 31—A party of half a dozen boys ranging from 12 to 14 years of age, ran away from their homes with the intention of touring the world. On reaching Elko they were examining the machinery of the Canadian Pacific Railway turntable when Harry Eastwood got his foot caught and received a very serious injury.

CANADA PREPARES FOR THE WORST

in the Event of Britain Being Drawn Into the War Canada Will Send 30,000 Men to the Front.

Ottawa, Ont., July 31—Advices of an official character which have been received in Ottawa from Great Britain indicate extreme gravity in regard to the war outlook, and the militia council here is preparing for the worst. It is probable that in the event of war Canadian contingents comprising cavalry and artillery brigades, divisions of infantry and subsidiary corps to the number of 30,000 men would be sent to the front. Private communications directing attention to the situation and its all too imminent potentialities have been sent out to military authorities who are advised to be ready.

Col. Sam Hughes, minister of militia, proposes to be prepared in the event of Great Britain becoming involved in a general European war. The minister arrived yesterday from Lindsay, his home town, where he has been having a holiday, and immediately had a conference with officers of the militia department. With nothing given out subsequent to the gathering it is safe to assume that the department has already had inquiries from the British war office as to the whereabouts of imperial officers at present in Canada either on duty or away on leave of absence.

Sir Robert Borden is still in Muskoka, but in the event of developments involving Great Britain would undoubtedly hurry back to Ottawa as the matter of Canadian offers of assistance would immediately become pressing.

In such an event it is quite likely that a special session of parliament would be summoned. At any rate the house would meet in November or late October in order to give parliamentary sanction to whatever action the government might take.

In the event of a call for volunteers being sent out and volunteer units being organized, as was the case in connection with the South African war, the cost would be covered by the issuance of governor-general's warrants until parliament meets, when a special appropriation would be voted.

Discussing the existing situation as it affects Canada, the Evening Journal says: "What part is Canada to play in the terrible war drama threatening the world?

"Political, military and financial circles in the capital today are asking that question and guessing at the answer. The air is black with rumors and conjectures of all kinds. All eyes are watching London. In political circles there is a growing belief that Sir Robert Borden will cut short his vacation at Muskoka and return to Ottawa.

MICHAEL McMURRAY DIED AT LADYSMITH

The death occurred Thursday night at Ladysmith hospital after a lengthy illness, of Michael McMurray, at the age of 51 years. The deceased was an old timer in the district having lived in Ladysmith and Wellington for the past 22 years. The funeral will take place this morning at 9 o'clock from the Catholic church to the Ladysmith cemetery, the Rev. Father McDonald officiating.

Mr. D. J. Jenkins, the local undertaker is in charge of the arrangements.

CHILLIWACK HOSPITAL.

Chilliwack, B. C., July 31.—The report for the month of June from the superintendent of the Chilliwack hospital shows that a total of 16 patients were admitted during the month. At the beginning of the month there were eight patients under the care of the physicians and nurses making a total of 24. Sixteen were discharged cured and one patient died. Seven patients remained in treatment at the beginning of the month of July.

The city is calling for tenders for the erection of a class-room at the South Ward School.

Germany Makes Demands on Russia and France

Russia and France Must Cease Mobilizing at Once is The Demand Made by Germany—Russian Army Ready For Action and France is Only Waiting For Germany to Take Action.

German Fleet is Off Holland

Populace of Great Britain is Reconciled to War---Premier Asquith Making Final Effort to Bring About Peace Compatible to Interests of Both Russia and Austria.

Berlin, July 31—The German Emperor made a war speech today in which he stated he would show the world what it meant to provoke Germany. Parliament will meet tomorrow to vote an extensive war credit.

London, Aug. 1—Russia has authorized a general mobilization of her army, and Germany while not actually mobilizing its forces is taking steps that way. The French army is virtually mobilized and reports from Britain state that Germany is about to demand from Russia and France that they cease mobilizing at once.

Ottawa, July 31—Sir Robert Borden arrived in Ottawa today. It is believed at Ottawa that the offer of New Zealand to the Mother Country of men and money will be duplicated by Canada. It is reported in Government circles that assistance will be cabled Britain tomorrow and from twenty to thirty thousand men offered.

Berlin, Aug. 1—It is reported here that Russia and Austria have reopened negotiations looking toward a settlement of the Austro-Servian dispute.

St. Petersburg, July 31—Am Imperial ukase declares martial law in Finland and Finnish territorial waters. Great Britain is making a final effort to find a formula acceptable to the antagonists, but with little hope of success owing to Germany's attitude.

Ottawa, July 31—Premier Borden has issued an order to Commander Hose of the Rainbow now lying in Esquimalt harbor to cancel the sailing for Behring Sea for the present and remain ready for duty in the vicinity of Vancouver, Victoria and Nanaimo.

Copenhagen, July 31—Preparations for the mobilization of the Danish army is completed and a declaration of neutrality is expected tomorrow. Both German and English warships were observed today in Danish waters and German torpedo boat destroyers steamed close to the fortress in the Middle Frund, the warships retiring only after being commanded to do so, the commandant of the fortress threatening to recourse to force if they did not leave. A big German naval fleet is reported off South Holland. The Brussels-Belgian government tonight ordered a general mobilization.

Paris, July 31—France and Great Britain are making a final effort to find a way out, compatable to dignity in the interests of both Russia and Austria. This is why Premier Asquith has postponed making a further declaration in the British parliament. La Provence, of the French trans-Atlantic line has been requisitioned by the French minister of marine for service of the republic to be armed at once. La France will sail Tuesday for Athens and Montenegro. The Royal yacht Deglata was almost captured by the Austrian fleet blockading Antivari. The yacht was approaching port but when sighted by the blockading fleet turned and fled. She was pursued by Austrian destroyers but arrived safely at Corfu.

London, July 31—Facing the most perilous epoch in their history since it shivered before the spectre of a Napoleonic invasion the English, people, the calmest nation in Europe, yesterday felt the decision whether Great Britain would be drawn into a general European war is hanging in the balance today. They believe war is a probability rather than a possibility and there is no mistaking the fact with the exception of a minority of peace advocates whose voice is hardly heard and who seem to carry little weight, the nation is reconciled to war. There is no demonstrations or flagwagging, no music hall patriots, but it is apparent among all classes that there is a sober grim determination if the government declares the nation's interests and obligations require to take arms on the side of Russia and France to see the business through to the bitter end. The belief of the average man is that Europe is an armed camp, nervous and jealous, which could have but one culmination. If the hour of a general settlement has struck there will be no flinching. The chance which has swept over the temper of the country within a week has been marvelous. A week ago the people were wrapped up in prize fights and the Goodwood races. On the continent tonight they are asking can the British fleet play its part in protecting the Island isolation which means in the first instance can it destroy the German navy. They are concerned also as to whether food supplies will be maintained and to what extent private fortunes will be impaired by the financial upheaval of the war. The military situation stands where it did last night. Mobilization of the naval forces has been completed and the army is on a war footing except the calling out of the Territorials. Machinery for the mobilization requires only a word to set it in motion. The request of the war office to English newspapers to refrain from publishing Army and Navy movements has met with a patriotic response. The popular belief is that the English fleet is in the neighborhood of Flushing, in the North Sea. The truth is known only to members of the government. Dover and Sheerness are virtually on a war basis and protective measures are ready to be drawn around at a moment's notice on these and other harbors which are mined. Calais and Ostend steamers are likely to be transfered to Folkestone and Dover. A war council of the British cabinet composed of Premier Asquith, Sir Edward Grey, Viscount Haldane and Winston Churchill, the same ministers as directed the joint diplomatic military policy of the country during the Agadir crisis. Carson has announced that the majority of the Ulster volunteers are willing for home service and a large contingent are willing for any service where they may be useful.

London, July 31.—The momentous announcement was made by Premier Asquith in the House of Commons today that Russia had proclaimed the general mobilization of her army and fleet, and in consequence martial law had been proclaimed in Germany and a general mobilization in Germany would follow.

Premier Asquith's statement was as follows: "We have just heard, not from St. Petersburg, but from Germany, that Russia has proclaimed the general mobilization of her army and her fleet, and that in consequence of this martial law is to be proclaimed in Germany.

"We understand this to mean that mobilization will follow in Germany if the Russian mobilization is generally and proceeded with. In these circumstances, I prefer not to answer any further questions till Monday."

London, July 31.—A dispatch from Berlin to Reuter's Telegraph Company says that a state of war has been proclaimed in Germany.

The state of war proclaimed in Germany means, in other words, martial law under which the military authorities tave charge of the situation in conformity with paragraph 68 of the constitution of the German empire. The kingdom of Bavaria, however, is excluded from the operation of today's proclamation and will have to issue a similar decree if it desires to do so, as it is an independent kingdom.

The proclamation was signed by the German emperor as king of Prussia.

GERMAN MOBILIZATION NOT YET ORDERED

The German foreign office gave assurance this morning that no mobilization order would be issued in Germany today.

Berlin, July 31.—Official confirmation of the reported blowing up, by Russian troops, of the railroad bridge between Cranica, Russian Poland, and Szozakova and Galicia on the railroad from Warsaw to Vienna was received here this evening.

MILITARY MOVEMENT NEAR FRENCH FRONTIER

Paris, July 31.—Military movements on the German side of the frontier were very active today and French troops sent out outposts. A German patrol at one point crossed the French line, probably owing to a mistake.

In no case has any considerable force of French troops advanced closer to the German frontier than six miles.

The French foreign office officials were considerably more pessimistic today because, as they explained, the gravity of the situation was increasing with the lapse of each day. At the same time it was said that it must not be assumed that all hope of a peaceful solution had vanished. France, it was said, will not mobilize her army until after Germany has done so.

DEMONSTRATIONS IN RUSSIAN CAPITAL

St. Petersburg, July 31.—The population of the Russian capital kept awake throughout the night and the streets resounded with the din of patriotic demonstrations. A quick succession of special editions of the newspapers kept the excitement at a boiling point and the vendors had a hard time supplying those anxious to see the latest dispatches, which in many cases were read out loud to the public.

Great processions paraded the streets, the demonstrators carrying banners and portraits of the emperor and loud cheers were shouted for the emperor and the army.

Striking scenes were witnessed at the mobilization office, whither people of all classes flocked to register their names.

THOUSAND WOMEN TO BECOME NURSES

Vienna, July 31.—Popular enthusiasm in connection with the war against Servia shows no sign of abatement. An appeal for red cross nurses today met with an immediate response from 1,000 women and girls belonging to all classes. Archduchess Marie Theresa applied to Emperor Francis Joseph for permission to be enrolled as a red cross nurse. The po-

NANAIMO MEN OFFER FOR WAR

Members of Nanaimo Militia Club Offer Services to Canadian Government in Case of War.

The Nanaimo Militia Club have volunteered their services to the government in case they are required in the present crisis. For some months past the members of the club have been drilling and preparing for the time when authority shall have been received from the militia department at Ottawa to organize four companies of the Canadian Militia with headquarters at Nanaimo.

Although this authority has virtually been promised now for several months actual permission to go ahead and organize has not been received for some reason or other. In order to facilitate matters the club has now taken up the matter direct with the Hon. Colonel Sam Hughes, Minister of Militia. After a meeting held last night the following telegram was despatched to Colonel Hughes:

"The Hon. Col. S. Hughes,
Minister of Militia and Defence,
Ottawa, Canada.

We would respectfully draw your attention to letters dated February eleventh, April twenty-fifth, May twelfth and July eleventh in which the application of the members of the Nanaimo Militia Club for authority to organize four companies of Light Infantry at Nanaimo was referred. We are anxious to receive this authority as soon as possible and in the meantime we hereby volunteer for use at any place you desire in connection with the present Austria-Servia crisis.

The Nanaimo Militia Club,
Per John T. Buck, Sec-Treas.

SERVIA CHECKS AUSTRIAN ADVANCE

Forces of Austria Hungary Held Back by Stubborn Defence of Servian Army in Vicinity of Belgrade.

London, July 31—An Exchange Telegraph Company dispatch from Nish, Servia, via Saloniki, says that up till last night the Austrian invaders at Semendria had not succeeded in forcing the pass held by the Servian troops, possession of which would give them access to the Morava river valley and thus open up a direct road to Nish.

Another dispatch from Nish to the Exchange Telegraph Company says desperate fighting continues along the river Drina. Both Austrians and Servians have sustained heavy losses. The Austrian divisions after fighting fiercely all day failed to force the defile leading to Plevile and Priepolie.

Vienna, July 31—Austrian frontier guards repelled a strong attack by Servians near Klotievatz, on the Bosnian frontier without suffering loss. The Servians lost one officer and twenty-two men.

BELGUIM TROOPS MOBILIZE.

The Hague, July 31—Queen Wilhelmina of Holland this afternoon issued an urgent decree ordering the general mobilization of the Dutch army.

Ymuiden, Holland, July 31 — The commandant of the fortress here detained the Austrian government steamer Arod, when she arrived here today from Fiume by way of Algiers. She had on board thirty-one cadets from the Austrian navigation school, undergoing training for the navy. The commandant asked the government for instructions and in the meantime placed a military guard on board the vessel.

TO SELL LOGGED-OFF LANDS.

Wilson Creek, B. C., July 31.—In the near future two logged-off timber limits, one situated about a mile back from the Wilson's Creek Landing, and the other about half a mile from the Parksdale sawmill landing on Howe Sound, will be offered for sale at Vancouver by the British Columbia government. The former tract includes 18 lots averaging about 40 acres in extent, about 23 miles distant from Vancouver; the latter consists of five lots. The total area to be sold is 896 acres.

COAL OUTPUT MAKES RECORD

Output of the Local Mine of W. F. Co. For Month of July Totalled Over Thirty Thousand Tons.

The month of July which ended yesterday showed a record output of coal by the Western Fuel Company since the commencement of the labor troubles over a year ago. During the past month the output of coal from No. 1 mine totalled 33,500 tons, the output for the last day of the month totalling nearly 1200 tons, which is also a record for a single day's output.

While the output for the month showed such satisfactory totals it is pleasing to note that the prospects for the present month are even brighter and the output for August it is expected will amount to close on to 40,000 tons, and as the work of developing the Reserve mine progresses and the south section of No. 1 is reopened, the output of the local company will soon reach the mark of 50,000 tons a month.

HALF MILLION DOLLAR FIRE AT SEATTLE

Seattle, July 31—One man is known to have been killed, one was probably fatally injured, and several others were injured, three of them seriously last evening, in a fire which destroyed the Grand Trunk Pacific pier and damaged the Coleman dock and large passenger wharves, causing a loss conservatively estimated at $500,000. An unidentified body of a man was found by firemen when they entered the ruins last night Patrick Cooper a fireman who was badly burned, is in a serious condition at the hospital, and it is feared he cannot recover.

The seriously injured:

A. E. Frazier, J. C. Bowker and G. F. Littlewood.

The others, whose injuries are less important, are:

J. W. Stokes, a city fireman; Howard Lewis, a real estate dealer: J. Mead and T. J. Patterson.

All of the injured will recover.

The greatest loss was sustained by the G. T. P. Steamship Company, owners of the G. T. P. pier, which was valued at $350,000. The damage to the Coleman dock is estimated at $50,000. The rest of the loss is distributed among occupants of the Grand Trunk pier, and includes several hundred tons of freight stored in the warehouse.

The Pacific-Alaska Navigation Company's steamship Admiral Farragut was lying alongside the Grand Trunk Pier waiting to sail for San Francisco when the fire started. The liner, which had all her cargo and most of the baggage aboard, cast loose and escaped damage. She sailed for San Francisco late last night.

Many people in the offices on the second and third floors of the Grand Trunk pier had narrow escapes, some being carried down ladders by firemen, while others jumped into the bay, where they were picked up by boatmen.

The fire started near the end of the Grand Trunk pier and spread with remarkable rapidity.

The cause of the fire has not been ascertained.

SOCIALIST LEADER MURDERED IN PARIS

Paris, July 31.—Jean Leon Juares, the Socialist leader in the chamber of deputies, was assassinated today.

Juares was known as France's most terrific orator, a man of fiery, tumultuous and overwhelming eloquence. His most memorable discourses were made over Morocco, when in his sympathy for the Moors, he accused the French government of sending punitive expeditions to Africa for the real purpose not of punishing, but annexing. It was his coalition with Caillaux which overthrew the Barthou ministry a few months ago.

Dr. F. S. Reynolds returned last evening from a business trip to the Mainland.

B. C. AND THE WAR.

In the general speculation on the war situation in Europe questions are being asked as to our security in British Columbia. It has to be admitted that we are in an utterly defenseless condition. Supposing then that in the event of a general European conflict the whole of the Pacific coast of Canada would be exposed to the raids of hostile cruisers. This is the supposition set up by the Vancouver Province, and it is only expressing questions which have been in many people's minds. At the same time the only sound premise on which it is based is our own defenceless condition. The whole coast would be at the mercy of any hostile cruiser that reached here. The only thing is that it is very improbable that any warship of the enemy would reach this far. The three Powers forming the Triple Entente are much stronger in naval strength than the three nations in the Triple Alliance. The whereabouts of the fleets are pretty well known, and every available ship is needed for the struggle which is sure to take place in home waters. Practically every British ship has its opponent selected for it, and in the event of war, will be expected to get it. Then again the Triple Alliance could not afford to draw the United States certainly, and Japan, probably, into the league against it by any punitive raid against British Columbia. Without these considerations such a raid against a British domain would invite the severest reprisals against the aggressor. Should Great Britain emerge victorious from such a struggle any country which had raided the colonies would be made to pay smartly for it. If Great Britain were humbled in the fight then the Dominions might find the raiders their masters. And the Dominions, and particularly Canada, would have to take a large part of the responsibility for such a result. The most prosperous of all the overseas dominions, Canada has done nothing for Imperial defence. And now within a day or a week the fate of the Empire, of Canada as well as of the United Kingdom, may be decided in the North Sea. The questions raised by the Province will at least serve to bring home to all of us how greatly Canada has fallen short of its obligations. We are dependent upon the British fleet for our existence as a nation, and that fleet may be called upon at any hour to uphold its supremacy. Should that supreme hour arrive Canada will be a spectator in a life and death grapple on the issue on which depends her very existence as a nation. We could do with less politics and more patriotism.

THE MINES ACT.

It is constantly charged by the labor press of the province that the Coal Mines Regulation Act is not enforced in the province. The labor press makes these allegations because it accepts without question the assertions of a few agitators who have reaped a harvest of ease and well-being from the troubles of their fellows. The charges imply in the first case either an incompetent or a corrupt inspection staff. The fact is that British Columbia has an unusually able staff of inspectors, composed of men who have risen from the ranks in the mines, and whose one aim is to see that the mines are operated according to the laws of the country. The local trouble-makers never get beyond the statement of their charges. Such necessary things as proof are nothing to them. They are even now asking organized labor throughout the province to cease work because the Coal Mines Regulation Act is not being enforced. If the men making these charges had proof of them then why not lay informations against the responsible parties? The reason is that they have no proof while there is evidence on the other hand that the inspection staff is discharging its duties. In 1913 we learn from a tabular statement in the Annual Report of the Minister of Mines that the Inspectors brought 36 cases into court for violation of the Mines Regulation Act. Of these cases 7 were dismissed, and of these seven, 4 were against officials and company representatives. An analysis of the whole lot of cases shows that 17 were against mine officials, and in one case the president of the company was brought into court. Here is evidence enough that the mine inspectors are trying to discharge the duties of their office impartially, with the one object in view of securing as far as possible the safety of the mines.

UNITED BRITAIN.

A few days ago we pointed out that one of the immediate effects of the crisis in Europe would be to postpone further treatment of the Irish problem. Premier Asquith has already announced that all political hostility is suspended in face of the threatened outbreak of war in Europe. Asquith is not to be ranked as a great political orator. He lacks the necessary emotion and passion. But none of his contemporaries has the same gift of terse and finished expression. He seizes the very heart of his subject, and his every idea is clothed in words which are so nicely weighed and judged that they would not bear altering. His words in the House of Commons on Thursday will find a response in every British heart. "It is of vital importance in the interests of the whole world that this country, which has no interests of its own directly ot stake, should present a united front and be able to speak and to act with authority as an undivided nation." With these words all differences over the Irish question were dropped for the time being. Bonar Law, the Unionist leader, gave his hearty and immediate support and added an assurance for Sir Edward Carson. Even more significant was the attitude of the Nationalist members, who greeted the Premier's plea for unity with "hear! hear." If the members of the Triple Alliance counted on a divided Britain they will now know how badly mistaken they were.

SIGNS OF MILITARY ACTIVITY AT HALIFAX

Halfax, N. S., July 31—There were scenes of activity in military and naval circles in Halifax today. Officers were seen driving about in military automobiles, soldiers with haversacks marching towards the batteries at Point Pleasant and others assembling at King's wharf to take the steamer to the harbor batteries.

Military authorities when asked about the matter said there was nothing whatever to announce. From other sources, however, it was learned that orders had been given to man the forts and to take every precaution that is usually necessary in case of war. In Halifax, however, almost the same things could happen in ordinary times without even the slightest notice being taken thereof, as it is customary to have mobilization of the forces at various times for practise and even today it was stated that the movements of the men were taking place today on account of the war talk, instead of next week, when the regular mobilization had been called for.

The forts on the harbor are being manned in event of an emergency. The men of the Royal Canadian regiment who are away will be brought together in this garrison if their services are required, and should war break out, all the militia would be called to take garrison duty. At the dockyard there is some evidence of activity.

The Niobe is at the dock, but nearly all her officers and men have gone to join the Rainbow at Victoria.

CANADIAN HEATHER FOR THE ROCKIES

An unusual Government publication has recently been issued by the Dominion Parks Branch of the Department of the Interior. It consists of a small souvenir booklet artistically bound in duplex leather wild grass paper and tied with an olive green silk cord. The lettering is embossed in gold and a very unique design has been chosen for the cover. The latter is cut out so as to form a sort of frame and in this is inset a sprayof Canadian Heather from the Rocky Mountains Park, the purplish flowers of the heather against the wood-brown background, making a very attractive color combination.

It will no doubt be a matter of surprise to many to learn that Canada possesses a heather of her own. This plant is not as it has sometimes been called a "poor relation" of the Scotch heather, but has a family connection and standing of its own well recognized by botanists, and is nearly allied to the Heart of the Heart of the British Isles. The booklet gives an interesting account of the locality from which the souvenir was gathered, Simpson Pass, about thirty miles south of Banff, and of some of the legends and stories connected with the heather in other lands. Its main purpose, however, is to call the attention of Canadians to the National Parks of the Dominion, not only to the attractions they offer to those who are able to visit them, but also to their value in the national life. Their commercial potentialities are somewhat startling.

TAPS

A few light rubs with "Old Dutch" sprinkled on a damp cloth brings new lustre. Equally effective for cleaning and brightening sinks, wash bowls and bath tubs.

Keep It Handy Large Sifter Can—10cts.

GERMANY MAKE DEMAND

(Continued from Page 1)

lice authorities have forbidden the publication of extra editions of the newspapers and even the regular editions have not been permitted to refer to the occupation of Belgrade, which is still not generally known. The Austrian plan of campaign, it is understood here, is to attack Servia chiefly by way of Bosnia, while the armies on the Danube in the north simply occupy positions and remain temporarily inactive.

London, July 31.—It was officially announced here early today that conversations had been resumed between the Russian and Austro-Hungarian governments.

These conversations are being carried on in St. Petersburg and Vienna simultaneously and the fact aroused another flicker of hope in London that the opportunity for mutual explanation may form a starting point toward an improvement in the situation.

A report that Prince Henry of Prussia had gone to St. Petersburg was regarded as a strongly favorable sign as Emperor William's brother is believed to have more influence over the emperor of Russia than anyone else.

Official announcement of the resumption of the conversations at St. Petersburg and Vienna came today at a moment when pessimism had taken possession of all Europe. The hope that it might lead to a peaceable solution was grasped with desperation.

TRAINS SUSPENDED.

Brussels, July 31.—The German imperial railway administration today informed the management of the Belgian state railways officially that all international trains into Germany had been suspended.

St. Petersburg, July 31.—The mail train for Germany will not leave St. Petersburg tonight and the line of boats running to Stockholm, Sweden has been stopped.

Konigsberg, Germany, July 31.—The German military authorities have posted notices that the railroad station and tracks here have been placed under military guard. Nobody is allowed to approach nearer than 100 yards of the tracks and culverts and an order says that civilians disobeying the sentries' challenges will expose themselves to the danger of being shot.

WILL AID BRITAIN.

Wellington, N. Z., July 31.—William F. Massey, prime minister of New Zealand, announced today to parliament that the government proposed to offer the services of an expeditionary force to the imperial government if events necessitated. All the members thereupon stood and sang "God Save the King."

SPY ARRESTED.

Allenstein, Germany, July 31.— A Russian spy was arrested here today. He is said to belong to the St. Petersburg military intelligence department.

CZAR GIVES AUDIENCE.

St. Petersburg, July 31.—The Emperor of Russia today gave an audience to the German ambassador and subsequently presided over a full council of ministers, attended by the chief of the army general staff.

An imperial proclamation calling all the army reservists in St. Petersburg to the colors was placarded today.

GERMAN CENSORSHIP

Berlin, July 31.—The morning passed without a break in the heavy war cloud over the European horizon, and there was no relief to the almost despairing uncertainty existing in the German capital and excitement continued to increase.

All the dispatches refused by the authorities as objectionable are now being returned to the senders and a rigid censorship on telegrams to all parts of the world has been put into operation.

FRANCE TAKES STEAMERS

Paris, July 31.—La Provence, of the French Trans-Atlantic line, was today requisitioned by the French minister of marine for the service of the republic. She is to be armed at once and therefore has been withdrawn from the trans-Atlantic service.

The France, which is not an auxiliary cruiser, will sail Tuesday.

SWITZERLAND PREPARES

Berne, Switzerland, July 31.— The federal council today ordered the mobilization of all men between 20 and 48 years of age capable of bearing arms.

CHASE ROYAL YACHT.

Athens, Greece, July 31.—The Montenegrin royal yacht Deglara was almost captured today by the Austrian fleet blockading Antavari. The yacht was approaching the port, but when she sighted the blockading fleet turned and fled. She was pursued by Austrian destroyers but arrived safely at Corfu.

YOU CAN SEE NEW YORK CITY IN A DAY.

The Green Car automobile trips uptown, downtown, and "Seeing New York after Dark"—a night tour along "The Great White Way," through the Hebrew, Hungarian, Italian Quarters, and Chinatown, with the yacht trips around Manhattan Island constitute the most perfect Sight-Seeing Service in the world. A competent lecturer is in charge of every party. Write for beautifully illustrated 48-page historical booklet, printed in colors, with large map and list of theatres, hotels, rates, etc. Address Green Car Sight-Seeing Co., 958 Broadway, New York.

BRITISH NAVAL BASE IN CHINESE WATERS

Peking, July 31—Hongkong is to be made the British naval base in Chinese waters and in case of war the German possession of Tsing Tau is to be blockaded.

Wei-Hai-Wei has no fortifications while Tsing Tau is fortified on both the land and the sea sides. The Germans believe the fortifications will afford them ample protection.

Peking, July 31—The British fleet today deserted We-Hai-Wei and sailed at midday with sealed orders, thus fulfilling its long-standing orders. The British considered the place not worth defending.

DIFFICULT ROAD BUILDING

Revelstoke, July 31.—Over a mile and a quarter of addition to the road to the summit of Mount Revelstoke in the Revelstoke National Park has been built. Seventy men are at present employed. Some of the most difficult work has been completed and the second leg of the road has been commenced. For another mile the route lies through gravel and boulders, after which level benches will be reach-

GLORIOUS HAIR

Always Attracts—Use Parisian Sage. Thin Or Faded Hair Becomes Abundant and Radiant With Life.

Girls and women of all ages want to be charming, beautiful and attractive—it's their birthright—but unsightly, thin and characterless hair destroys half the beauty of a pretty face.

If your hair is not attractive, is falling out, streaky, full of dandruff, too dry, or if the scalp itches and burns, don't delay—use Parisian Sage Apply with a sponge or cloth, taking a small strand of hair at a time. Rub it well into the scalp. It will go right to the hair roots, nourish them and stimulate the hair to grow strong and luxuriant. Parisian Sage removes dandruff with one application and cleanses the hair of dirt, dust and excessive oil. It will cool and invigorate the scalp and make the hair doubly beautiful.

Parisian Sage is a scientifically made preparation that gives the hair just what is needed to make it soft, fluffy, thick and gloriously radiant. It is delicately perfumed—not sticky or greasy. Sold in fifty cent bottles only at all drug and toilet counters. Look for the trade mark—"The Girl With the Auburn Hair." Accept no substitute.

Delighted users pronounce Parisian Sage the best hair tonic. Get a bottle today—We will return the money if you are not satisfied.

ACCIDENT INSURANCE FOR NATIONAL UMPIRES.

New York, July 31—Officials of the National League have sprung something new in baseball by taking out accident insurance on all ten umpires employed by the league.

I. O. O. F.

Black Diamond Lodge No. 5 meet every Wednesday at 7:30 o'clock in the Lodge Room, Commercial street, Nanaimo. Visiting members are cordially invited to attend. E. G. Cavalsky, Secretary.

Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land: Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

E. E. BROWN,
June 20, 1914. 2m

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

COAST BANTAM TO SEEK MATCH IN PARIS

San Francisco, July 31.—Eddie Campi, the clever San Francisco bantamweight, is going to take a flyer into the boxing game in London despite the reverses that were handed to Willie Ritchie and Gunboat Smith George Engle, who will be remembered as the manager of Frank Klaus, will leave with Campi for London on August 20. He has signed with Dick Burge for three bouts. A match has also been offered him in Paris with Ledoux, and Campi figures to make a big hit across the pond with his cleverness.

MOTOR BOAT RACE FOR CHAMPIONSHIP

Lake George, N. Y., July 31.—With an average of 43 7-10 miles an hour over a course of 30 nautical miles, a record for this country, Baby Reliance V., owned by Commodore V. Stuart Blackton of the Atlantic Yacht Club, finished fisst in the first of the three-day series of motor boat races on Lake George, for the championship of North America.

AMERICAN FIGHTERS OFF FOR AUSTRALIA.

Milwaukee, July 31.—Gus Christie, a local middleweight, and Johnny Griffith, of Akron, Ohio, with his manager, Bernie Strapp, left on the Overland tonight for the Pacific coast to take the steamer Ventura for Australia, sailing Aug. 4. They are under contract with Snowy Baker to meet a number of Australian boxers.

PREPARING FOR REGATTA

Shawnigan Lake, B. C., July 31.—Preparations for the ninth annual regatta at Shawnigan Lake are proceeding apace. The four-oared shell is out regularly and everything promises well. At a meeting held in the S. L. A. A. Hall on Monday evening, committees were formed to take charge of the various sections of the day's entertainment. The full program will be announced next week.

MAKES SUCCESSFUL FLIGHT.

Stavenger, Norway, July 31.—The Norwegian aviator, Lieut. Gran, who was a member of Scott's Antarctic expedition made a successful flight over the North Sea today from Croudin Bay, Aberdeenshire, landing at Keip, near this place. He made the flight of 320 miles in four hours and ten minutes.

GERMAN FIREMEN THREATEN STRIKE

Hoboken, N. J., July 31.—If Austrian and Servian reservists are allowed to book passage on the German steamships which sail from here for European ports the German oilers and firemen on the vessels threatened tonight to strike.

Oilers and firemen on the Vaterland, a Hamburg-American liner, due to sail for Europe on Saturday, met tonight and appointed a committee to visit the ship's captain tomorrow and request him not to carry Austrians or Servians from this country.

The committee will make similar representations to the captains of the Kron Prinz Wilhelm III and Princess Ione of the North German-Lloyd line.

New York, July 31.—Servians gathered at the Servian consulate tonight seeking free transportation to Europe It was stated that negotiations are under way to have all who apply sent back, passage defrayed, on either Greek or Russian ships.

Several hundred Austrian reservists have arrived here from Wheeling, W. Va., Columbus, Ohio, and other Middle Western points and more are expected tomorrow from coal mining cities in Pennsylvania. These will sail tomorrow on the steamer Martha Washington of the Austro-American line.

At the Austro-Hungarian consulate here it was said today that about 3,000 subjects of the Empire had offered their services.

WARSHIPS LEAVE MEXICO.

Vera Cruz, July 31.—The British flagship Suffolk, with Admiral Sir Christopher Craddock aboard, left Vera Cruz today for home waters. The cruiser Bristol will sail from here tonight for England, leaving no British ships in Mexican waters.

WILLIAMS & LLOYD, Wholesale Jewellers Dept. 7, 86 Cornwallis Road, London, N.

Minard's Liniment Cures Distemper

ANNUAL REPORT OF THE GAME WARDEN

The ninth annual report of the provincial game warden has been issued from the government printing office and it reports that one of the most noteworthy features of the year has been the general abundance of birds, with ducks in greater numbers than for years past; pheasants were not as plentiful as the year before but grouse were exceedingly numerous and prairie chicken along the Cariboo Road afforded excellent sport. Although the gun licensing regulations were fairly well enforced there was laxity by some issuers of licences in issuing them to ineligible persons. There had been appeals for more game wardens and as close on 50,000 licences had been issued the approximate number of shooters to each 26 permanent deputies was 2,000. The report also suggested that it would be a good plan if a number of mountain goats could be captured and turned out on Vancouver Island. Anybody with a miners' licence could demand a free firearms licence and a good many merchants and barristers holding such licences had demanded free firearms licences though probably shooting for sport. A new Game Act is being prepared.

NAKUSP SCHOOLS GROW.

Nakusp, B. C., July 31.—The increase of pupils at the Nakusp school is over-crowding the new building and the old schoolhouse is to be renovated and painted for use in case of need.

MINE MANAGER IS A SUICIDE.

North Bay, Ont., July 31 — B. C. Wolfram, manager of the West Dome mine, at Porcupine, was found dead in his room in one of the hotels here last night, with a bullet wound through his head. The presence of a large revolver suggests suicide. Wolfram had been in the Cobalt camp for seven years as prospector and manager for Morgan R. Cartwright, in the Temiskaming and other mines. He was unmarried.

Nanaimo, B. C.

NANAIMO MAN TO GO AFTER FORTUNE

Mr. Fred Jarrett, of Nanaimo, formerly proprietor of the Somerset Hotel, Wellington, is leaving to seek a fortune in the South Sea. Mr. Jarrett has been appointed manager of a company of Vancouver, Victoria and San Francisco capitalists, who are fitting out an expedition which will leave San Francisco in the course of the next two weeks on a voyage to the South Pacific off the coast of Chili, where, according to tradition and sea-faring history is located a sunken reef, rich in gold, which can only be mined and exploited at low stages of the tide. The company, of which Mr. Jarrett is to be manager has charts showing the exact location of the gold reef and every member of the company is sanguine that the expedition will meet with success.

INDIANS GOING FISHING

Koksilah, B. C., July 31 — The Indians are leaving in large numbers daily for the Fraser River fishing. They will be away from six to eight weeks. The fine weather has given everyone busy haymaking. The crop, although not so large as last year is well above the average. The new school is nearing completion. The painters are doing the final touches inside.

RUN ON A BANK.

Brussels, July 31.—Upward of 10,000 people besieged the National Bank this morning to withdraw their balances but by mid-day the run had greatly subsided.

COMMUNICATION

Ladysmith, B. C. July 31st

The Editor, The Daily Herald,
Nanaimo, B. C.,

Dear Sir,—Might I make use of your columns to call attention to an expression appearing in your issue of today's date, I refer to the use of the word "England" when referring to the British Empire. Why an Empire which embraces such countries as Canada, New Zealand, India, etc. should be called "English" cannot be imagined by

Yours truly,
"IRISHMAN"

Provincial Appointments—The following appointments are announced in the B. C. Gazette: Henry M. Jenkins, Salmon Arm to be a justice of the peace; F. M. O'Brien, Skeena Crossing, to be a notary public; Basil C. B. Rennie, to be a clerk in the land registry office at Nelson; Henry S. Banwell, Fernie, to be a notary public and commissioner for taking affidavits; James B. Boyd, Vancouver, to be a commissioner for taking affidavits.

TRIED TO CUT RUSSIAN CABLE

Unsuccessful Attempt Made by Germany to Cut Cable Communication to Russia by Way of Denmark.

Copenhagen, Aug. 1.—German torpedo boat destroyers outside the Danish Sea territory made an unsuccessful attempt today to cut cable communication to Russia by way of Roedvig, Denmark.

Washington, Aug. 1.—Germany, Great Britain and France have formally asked the United States to take charge of their embassies throughout the theatre of hostilities "in case of emergency."

The United States will act for the powers involved and American ambassadors and ministers abroad are being instructed.

JOSEPH WATCHORN PASSED AWAY AT VICTORIA

The death occurred Friday, July 31 at Victoria, of Mr. Joseph Watchorn late of Morin Heights, Que. The deceased was seventy-one years of age, and came to British Columbia two years ago, residing in Nanaimo for some time with his son, Mr. V. H. Watchorn, the well-known business man of this city.

Besides a widow he leaves to mourn his loss three sons, Wm. J., of Courtenay; V. H., of Nanaimo, and Frank of Alberni, and two daughters, Mrs. F. D. McIntyre, of Vancouver, and Mrs. G. D. Christie, of Victoria; also two adopted daughters, Miss Edith and Miss Evelyn, both of Victoria.

The funeral will take place Monday afternoon at 2:30 o'clock, from the residence of his daughter, Mrs. G. D. Christie, 1032 Fairfield road.

STEAMERS RECALLED

New York, Aug. 1.—The North German Lloyd steamers Friedrich der Grosse, which sailed from Baltimore July 29, and the Neckar, which sailed from Galveston the same day, were recalled today by wireless. The line also instructed the steamer Willehad to leave Montreal, where she is now docking, go to Boston, and remain there.

SEAFORTHS OFFER A COMPANY FOR WAR

Vancouver, Aug. 1—There is a strong probability that in the event of Great Britain taking part in a general European war a service company, of men from the 72nd Regiment Seaforth Highlanders of Canada will be found fighting side by side with their brothers in arms, the 78th Imperial Seaforths, as part of that famous regiment.

When the first intimation was received that war was possible, Lieut-Col. R. G. Edwards Leckie wired to Sir Evelyn Bradford, commanding the 78th Regiment Imperial Seaforths at Shorncliffe Camp, England as follows:

"Would it be acceptable to you if we request the Dominion Government to offer the war office a service company from this regiment to be attached to your regiment in case of war?"

This morning Colonel Leckie received a wire from Sir Evelyn Bradford saying that the offer of a service company "would be most acceptable." The only thing that remains now to make possible the sending of such a company to join the famous regiment with which the Seaforths here are allied is the sanction of Colonel, the Hon. Sam Hughes. This has been applied for in a wire sent to Ottawa this morning. In this wire Colonel Leckie has also notified the Ottawa authorities that his regiment is ready for immediate service.

Two days ago Colonel Leckie wired to Colonel V.A.S. Williams, adjutant general of the Canadian forces, offering the services of all officers in his regiment, either individually or collectively, and his regiment in case of war.

If a service company is sent to join with the Imperial Seaforths it will consist of 200 men and about eight officers. To outfit these extra men and still have the regiment remain at its full strength the Seaforths have ordered 200 additional service uniforms by cable.

NANAIMO CREAMERY INSTALLS BIG CHURN

The Nanaimo Creamery Association received yesterday a large churn manufactured by the De Laval Company of Peterborough, Ont. The churn which weights 2500 pounds has a capacity of 1000 pounds at a churning and is one of the largest made.

The churn was placed in position yesterday and will be in operation Monday.

FRENCH CRUISERS DEPART

Vera Cruz, Aug. 1.— The French cruisers Conde and Descate left here yesterday under sealed orders. It is believed that they will remain in Mexican waters awaiting developments in Europe with special reference to the movements of German merchant vessels plying these waters. The Spanish cruiser Carlos V. is the only foreign warship now at Vera Cruz.

SAILINGS CANCELLED.

New York, Aug. 1.— The Russian-American Line announced today that all sailings of its ships between America and Russia have been cancelled. Two of the ships, the Russia and the Kursk, the line announced, had been requisitioned by the Russian navy. Both vessels are now at Libau.

SHIPPING IS SUSPENDED.

New York, Aug. 1.—The Hamburg-American Line's service between American ports and the West Indies, and Panama has been suspended. Seven vessels are affected by the order, which was issued today. The steamer Allemania, which sailed from here yesterday, has been recalled by wireless.

RELIEF OF AMERICANS

Washington, Aug. 1.—Active measures for the relief of many thousands of Americans in distress for lack of money or means to return home was begun by President Wilson and Secretary Bryan today.

RAINBOW CAN BEAT THE LEIPZIG

Ottawa, Aug. 1.—The Canadian government has been informed from London that there is on the western coast of North America the German cruiser Leipzig, a vessel of the third class mounting ten four-inch guns. If Great Britain becomes involved with France and Russia against Germany and Austria the only vessel available capable of protecting Canadian ports and British shipping on the Pacific is the Canadian cruiser Rainbow, which is now at Victoria, being overhauled and put into condition to develop her highest speed.

The Rainbow has a full complement of British naval reserves on board and has the advantage of the German boat in both speed and power.

RUSSIA TO FIELD FOUR MILLION MEN

London, Aug. 1.—The correspondent of the Times at St. Petersburg says: "Again mobilization has been ordered. Never within living memory has Russia gone through a day of such emotion. The government decided on mobilization on Thursday last."

This step was forced upon it when it became apparent that the Germans were purposely delaying their official notice of mobilization in order to place Russia in a position of inferiority. To have hesitated longer would have been to court disaster. Court notices signifying that the Emperor had decided to mobilize in the Empire about four million men and ordering the reservists without distinction to report to the nearest police station at 6 o'clock Saturday morning, have been posted at street corners.

"Brief notices inform reservists that sums of money will be paid to them for clothing and footgear.

"For several hours before these notices were issued, all telegrams, except official despatches, were intercepted and this message was permitted to pass only by courtesy of the Russian authorities. These precautions obviously are necessary during the important interval between the announcement of mobilization and the beginning of hostilities."

German Army Invades Duchy of Luxemberg

Following Upon Declaration of War by Germany Against Russia And General Order Issued by France For Mobilization of French Army And Navy German Army Advanced Into Luxemberg And Seized Government Offices and Telephones.

German and Russian Patrols Clash

First Engagement of War Fought Along Russo-German Frontier by Patrol Forces—German And Russian Fleets in Close Proximity in Baltic Sea—French Cabinet Meets in Protracted Session to Discuss France's Action And Replied to Germany's Demand With Order to Mobilize.

St. Petersburg, Aug. 1.—The German Emperor, in the name of his government, sent to the Russian Minister of Foreign Affairs at 7:30 o'clock a declaration of war.

Berlin, Aug. 1.—Emperor William signed an order mobilizing the German army at 5.15 o'clock this evening.

Paris, Aug. 1.—The Russian ambassador M. A. Iswolsky, called on Premier Viviana at 11 o'clock tonight and informed him that Germany had declared war on Russia.

Paris, Aug. 1.—The Council of State has been summoned to meet immediately at the Elysee palace.

Berlin, Aug. 1.—A German patrol near Prostken was fired on by a Russian frontier patrol. The Germans returned the fire. There were no losses.

BRITAIN'S FINANCES

London, Aug. 1.—The British chancellor of the exchequer had a prolonged interview today with several prominent bankers, as a result of which it is expected government will ask parliament Monday to take action to deal with the financial situation, or in other words to suspend the Bank Act.

London, Aug. 2.—The Germans have invaded the Duchy of Luxemberg and have seized the government offices and telephones.

London, Aug. 2.—News of a German invasion of Luxemberg has reached London in a Reuter telephone from Brussels. No details are given.

Luxemberg is an independent grand duchy of Europe, but included for commercial purposes in the German Customs Union. It is situated between France, Belgium Lorraine and Rhineland has an area of 997 square miles and a population of 236,543.

Antwerp, Aug. 2.—A despatch from Flushing, The Netherlands, to the Metropole, says that a tug met in the North seventeen ships of the German fleet proceeding to the Skagerak with lights out. Later they turned back.

Brussels, Aug. 2.—It is believed here that the German troops, which entered the Duchy of Luxemberg are moving towards the French frontier by way of Metz.

By the Treaty of London, signed 1867 the Grand Duchy of Luxemberg was declared neutral territory.

Berlin, Aug. 1—It was officially announced today that the time limit of the German ultimatum to Russia expired at noon today.

PREMIER ASQUITH,

Leader of the British Government who is directing the affairs of Great Britain during the present crisis in European affairs.

Rome, Aug. 1—The Messagero today says that the German ambassador has informed the Italian government that Germany has sent simultaneous ultimatums to Russia and France.

London, Aug. 1—King George has sent an urgent message to the Russian emperor in an effort to avert war.

Banff, Alta., Aug. 1—The royal party, after fishing all day yesterday at Castle Mountain, returned to Banff at 8 p.m. and immediately made preparations to depart at 10 a.m. this morning, going through to the Old Country without any stop-over.

Paris, Aug. 1—The Russian ambassador called on Premier Vibiani at 11 o'clock and informed him Germany had declared war on Russia.

Berlin, Aug. 1—A German patrol near Prostken was fired on this afternoon by a Russian frontier patrol. The Germans returned the fire with no losses.

Paris, Aug. 1—A council of Ministers was summoned to meet immediately at Elysee Palace.

Copenhagen, Aug. 1—Fehmarn Bell is crowded with German dreadnoughts and other big warships which are accompanied by transports. Russian vessels are also observed in the vicinity. Nearly all steamship lines between Germany and Denmark are stopped. Boats with a large military force are in concentration at Seeland, the largest and most important of the Danish Islands, containing the capital. The garrison has been increased by 20,000 for protection.

Copenhagen, Aug. 1—The Danish parliament met in extraordinary session and will pass legislation necessitated by the present situation. The German government has ordered the immediate return of all German automobiles numbering 400 at the Malone, Sweden exhibition.

Paris, Aug. 1—Diplomatic developments since yesterday afternoon briefly summarized are: Baron Schoen German ambassador to France called on the French premier and formally notified him that Germany had addressed an ultimatum to Russia desiring to know by 11 o'clock whether the St. Petersburg government would discontinue mobilization. Baron Schoen was instructed to ask what were the intentions of France should Russia's reply to Germany be a refusal. The German government has fixed before 1 p.m. as the period within which France must answer. Schoen called at 11 o'clock to receive the reply. Viviani made an earnest appeal to the German ambassador asking if Germany could yet do something to avert war. The baron promised to communicate with Berlin and return to the French foreign office, which he did. The German reply whatever it was was delivered to the French cabinet council and within a few minutes the general mobilization of the French army was ordered.

St. Petersburg, Aug. 1—Germany's declaration of war against Russia provoked in the Russian capital a wonderful demonstration of patriotic enthusiasm.

Washington, Aug. 1.—Official advices received at the White House today

(Continued on Page 2)

Italy Refuses to Endorse Triple Alliance

Rome, Aug. 1—The German government in its ultimatum to Russia asked her to suspend her mobilization within 12 hours.

In the demand sent by Germany to France the government at Berlin requests France to inform it within 18 hours whether in case of war between Germany and Russia, France would remain neutral.

The German ambassador to Italy also asked to be informed as to Italy's attitude in the event of war between Germany and Austria-Hungary on the one side and Russia and France on the other.

The Marquis di San Guilano, Italian foreign minister, said he would reserve his reply until he had consulted Premier Salandra.

According to the Messagero, during the interview which followed between the Marquis di San Giulano and Premier Salandra, the two Italian statesmen were in complete agreement as to the line of conduct to be pursued by Italy in the present crisis.

The Messagero declares that 'as it is not a question of a defensive war on the part of Germany and Austria-Hungary, the other two members of the triple alliance, Italy has decided to confine herself to pointing out to her allies that her treaty obligations with them do not oblige her to take up arms in the present crisis and that she will remain neutral. The newspaper adds that it is not certain this neutrality will last until the end of the war, but Italy will stand aloof from hostilities as long as she is convinced that her interests are not infringed.

London, Aug. 1—With the news from Rome being severely censored, it is nevertheless learned that in the political and financial worlds and among the populace generally no enthusiasm exists to direct Italy to assist Austria and Germany in the threatened war of many nations.

The Italian minister of finance, the minister of agriculture and the minister of commerce have held two meetings to consider the expediency of closing the exchange at Rome or to confine business to a cash basis, but the question is not yet decided. The present American and English exchange rates are the highest in five years.

A public syndicalist meeting was forbidden, but a large, disorderly crowd met yesterday evening in a

(Continued on page 2)

GOOD SUM FOR NANAIMO HOSPITAL

The party of local musicians who recently gave the entertainment on Newcastle Island for the benefit of the building fund for the new hospital it is proposed to build for Nanaimo, are enabled to report that the sum of $110.75 was raised. The total receipts were $167.50. The same parties interested with the help of one of British Columbia's most noted comiediennes will give another performance on the Island in a week or two.

THREATENS CARBAJAL

Guadalajara, Mex., Aug. 1.—General Obregon today telegraphed Provisional President Carbajal: "With my troops, I will begin marching on the capital tomorrow, disarming all federals and garrisons I encounter. I notify you if resistance is offered or attempt made to destroy railroads by federal troops under your orders I will give battle and hold them reponsible.

MONEY PANIC IN BRAZIL.

Rio de Janeiro, Aug. 1.—The financial situation in Brazil, which was already a very serious one, has been aggravated by events in Europe. The Brazil loan, which was being negotiated in Europe, has now been made impossible and it is said the government intends to issue treasury bills in order to meet urgent requirements.

The bourse is paralysed and the price of provisions is rising.

WILL REFUND MONEY.

New York, Aug. 1.—Suspension was on orders received from the home offices of the Cunard line and the International Mercantile Marine in England. Hundreds of persons had engaged passage. The companies announced the passage money would be refunded.

THRILLING SCENES OCCUR IN PARIS

Crowds Throng the Streets of Capital When Mobilization is Ordered and Cry "On to Berlin."

Paris, Aug. 1—Thrilling scenes were witnessed here today after the yellow post cards were published announcing the mobilization of French forces. Throngs appeared as though by magic and formed processions in the boulevards carrying flags and singing the "Marseillaise." Here and there in the marching crowd were groups of men who raised the cry "On to Berlin." At the hotels the news of ordering of mobilization caused the greatest commotion. Visitors began to leave the hostelries en masse but found it difficult to find conveyances.

ONE KILLED WHEN AUTO HIT STUMP

Everett, Wash., Aug. 1 — Mrs. T. Previous, wife of the mayor of Gold Bar, Wash., was killed and four injured when an automobile with a party from Everett to Gold Bar hit a stump near Monroe late last night. Forest fire smoke obscured the road. The injured are:

Mrs. Frank Freytaug, may die.

William Brady, arms broken near wrists.

Otis Dyre, knee badly cut.

L. E. Brown, Gold Bar town marshal, shoulder wrenched.

THOUSANDS OF RUSSIANS READY TO GO BACK

About 2500 Russians residents of all parts of the province have signified their willingness to return to to their native country to take part in the threatened European war. Most of these men are army reservists. So far in spite of a Russian mobilization no word has been sent for any of the Russians here to report for duty and those who go will do so on their own volition. The great majority of Servians and Montenegrins living in Vancouver are said to be ready to return and fight.

GEO. A. FLETCHER'S MODEL STORE

Nanaimo Business House Has Finest Ware Rooms in Province—Recital and Show Room Recently Completed.

Alterations just finished at the George A. Fletcher Music Company now give that firm the most modern and best equipped music show rooms in British Columbia. Certainly there is nothing in the province that will surpass the new piano show room just constructed on the second floor of the store. This room has a capacity of from twenty-five to thirty pianos. The new room is very nicely finished with six foot high beaver board running around the room the upper walls being finished in paper to match. The floor is of edge wood and makes a perfect sounding board for testing and trying out new pianos. The room will be used for a piano show room and recital hall exclusively for the Geo. A. Fletcher Music Company. This means that it will no longer be rented for private or public recitals.

The room is modelled after the famous music room of Kohler and Campbell which Mr. Fletcher visited while in New York last year. Back of the piano room are situated Mr. Fletcher's private office and a general business office and between these and the piano room is a reception room. Entrance to the upstairs of the firm may be obtained both by private outside entrance and from the interior of the store.

Downstairs has been entirely rearranged giving the company several rooms for gramophone display only. There is the Edison Cylinder room, the Edison Disc room and the Columbia Disc room. Sound from one room does not reach the other while entrance can be obtained from one room to the other. Ventilating, lighting and accoustic arrangements are all perfect.

The old office room of the company downstairs has been turned into a workshop.

Altogether Mr. Fletcher has the most up-to-date music house in the province and one that is certainly a credit to Nanaimo.

Mr. Beech was the contractor on the carpentering part of the alterations. Mr. J. H. Cooper looked after the decorating and the manner in which the work has been done reflects great credit to both.

EVACUATING MAZATLAN.

Mazatlan, Mex., Aug. 1.—Evacuation of Mazatlan is under way today Women, children and equippage of the federal garrison were embarked last night and indications are that the troops will follow them this afternoon.

POWERS MUST PAY $54,125,000 PER DAY FOR BIG WAR

The cost of a general war in Europe would be $19,755,625,000 a year. If such a war comes and lasts five years, the cost, without the indemnity claims, would reach the amazing total of $98,778,125,000.

These figures are based on the cost of a general war involving only Germany, England, France, Russia, Italy, Austria, Servia and Roumainia. The following figures show the daily cost of a war involving eight powers named:

Provisioning of troops, $12,500,000.

Feed for horses $12,000,000.

Pay for sailors and soldiers $4,250,000.

Wages (arsenals and harbors), $1,000,000.

Transportation, arms and foodstuffs, $4,000,000.

Mobilization $2,000,000.

Ammunition, $5,625,000.

Fitting out army, $4,000,000.

Ambulance service, $500,000.

Movement of ships, $500,000.

Requisitions, property damage, etc., $2,000,000.

Support for population without means, $6,750,000.

Deficit in taxes, $10,000,000.

Total cost daily, $54,125,000.

Annual cost for each man in the fighting forces: Austria, $186; France, $322; Germany, $326; England, $530; Italy, $279; Russia, $212.

WAR DECLARED

Europe, hovering for the past ten days on the brink of the precipice, has taken the plunge with the declaration of war made by the German Emperor on behalf of Germany against Russia. It is a situation fraught with such appalling possibilities that it cannot be viewed with equanimity. France will likely become embroiled, possibly Italy and it would be almost hoping too much to expect Britain to keep clear of the embroglio. Just what countries will become entangled no one can foresee.

A few short days ago it was hoped that the Austro-Servian conflict would be localized. Sir Edward Grey strove in every way possible to avoid a general European conflict. At the same time Great Britain, true to her policy of being prepared, despatched her navy to those waters where it would be of the most advantage to her in case of becoming involved. How wisely the British Sea Lords acted time will tell as time will also tell the true inwardness of the real cause of the gigantic struggle to which Europe appears committed.

In the meantime Britain is prepared for the struggle. Her army and navy were never on a better footing. Whatever internal conflict there has been within the nation has been forgotten, her people are united, and while not desirous of war, the nation having always been the greatest agency for peace in the world, the Empire awaits whatever the future has in store with confidence, believing that there can be but one inevitable end should she become involved—the supremacy of British arms.

After the present European war, What? Who knows but that in the end it may be the best thing that could have happened, although the attainment of that end may hold terrible possibilities? Perhaps this may mean the general disarmament of the European nations and the arrival at the conclusion that there is some way of nations settling differences other than by war and all the suffering, privation and disaster that this short word means.

COAL MINES REGULATIONS.

A good deal has been heard lately of the number of men employed in the mines on the Island who can neither write nor read English. The local troublemakers in particular have had a lot to say about it. Yet it is not a new condition, and in certain conditions occasions neither comment nor criticism. It all depends upon how these foreigners line up with regard to Socialist and union locals. The Socialist party in the province has derived a good deal of its strength from these foreign immigrants, and theoretically Socialism knows no boundaries of race and creed. In practice this attitude only exists so long as the Socialists professing it are suffering no opposition. The same class of men and race of men whom they welcome with open arms when they profess Socialism they will denounce as undesirables should they be opposed to Socialism. It is the same apparently with the United Mine Workers of America. So long as a man belongs to the organization it does not matter how much or how little English he knows. If he does not belong to the organization then he ought not to be allowed to work in the mines. There is neither honesty nor consistency in such an attitude, and its inevitable tendency is to perpetuate unsatisfactory conditions. Writing with some knowledge and experience of coal mining we believe that there should be some severer restrictions governing employment. There should be no Asiatics employed underground. Their employment above ground simply means an additional hardship and handicap upon the weak and the aged miners. All or a large proportion of the jobs that fell to the physically weak and worn-out miners in the Old Country are filled in this country by Asiatics. On the question of the employment of Asiatics underground there is common agreement, and, as a matter of fact, the company which employs them is simply laying up trouble, not only for itself but for other operators. The Privy Council has decided that the provincial government cannot interfere, and the matter should be forced upon the Dominion Parliament. There is the question of the safety and security of human life, as well as the usual economic issue at stake. With regard to the employment of foreign immigrants we believe it is an added danger to the operation of a mine to employ a man who cannot read English, and in some cases cannot speak it or understand it. Of course such a man is always sent along with another worker who is assumed to know enough to keep them both safe. When it comes to granting certificates of competency the applicant must show that he is reasonably conversant with the English tongue. He is not required to be able to write English, or even to read it. This provision ought, we think, to be amended. A man ought to be able to read English, for if he cannot he is unable to avail himself of the protection afforded by the Mines Regulations. He cannot even read for himself the special rules and notices posted around the mines. It is also of importance that he should be able to write a little English. The Mines Regulation Act might well be amended in this respect. If specific tests in English were used the work of the examining boards would be more uniform, and the act would better accomplish the purpose for which it was formed, and the general working conditions of the mines would be made safer and more secure.

In examining the position of the Coast in the event of a general outbreak of war in Europe one important factor has been overlooked. There is no part of the British Empire more fortified by resolution than the coast of British Columbia. Our Socialist friends are armed and equipped with copious and voluminous resolutions for every situation that may arise. They have entrenched themselves behind a string of "whereas's" against which the armies of the world may hammer in vain. It has been therefore resolved that the country is going to the bow wows and that the government is rotten; that nationalism is a delusion and patriotism a snare; that the militia is an unspeakable abomination and militarism a crime; that the only flag is the Red Flag of Anarchism. And they have an inexhaustible store of the same wordy ammunition. Should a cruiser from Austria or Germany or Italy steam up the Straits on plunder bent no doubt it will be met with a flying squadron of resolutions. Except among Socialists, however, the efficacy of a broadside of "Whereas's" to turn back a raiding cruiser is strongly doubted. The average Canadian would rather put his trust in men and arms, and if the pinch came it is not unlikely that many of the comrades would prefer one rifle to a column of resolutions.

Messrs. Bert Horne and James Fanning returned yesterday from a two weeks' outing at Saints Rest, Cameron Lake.

Sprinkling Notice

The public are hereby notified that sprinkling is allowed from 7 a. m. to 9 a. m. and 7 p. m. to 9 p. m. each day. Any person found using sprinklers outside of these hours will have their water shut off.

ITALY REFUSES TO ENDORSE TRIPLE ALLIANCE

(Continued from Page 1)

private hall where even lukewarm supporters of the government as to pledges in the Triple Alliance were branded as traitors to the eause. After stormy scenes the meeting was dispersed. There was singing of revolutionary songs, but no street rows occurred. The Premier has answered the demands of the laboring classes for the calling of a recessed chamber evasively, saying that he will be willing to consider the matter if the need arises.

The moderates urge calm, saying all is ready to meet the worst if it comes, but that the government is still working with England to avoid a European catastrophe. Travellers, mainly American teachers are hastening to depart, making the express companies and other agencies busier than at other times during the tourist season.

Dated July 28, and delayed in transmission, has come tonight a despatch stating that public opinion in Italy grows more and more unfavorable to Austria and that much popular resentment has been caused by the arrest at Nara of Mayor Cingra of Ragusa and another Austrian-Italian. There were troubles at Trieste during the ordered mobilization, as the Italians who were called under arms were hot in denunciation of the Slavonic soldiers for causing an unpopular war. Fighting occurred in the barracks, in which rifles were fired and several soldiers were wounded before peace was restored.

The government put out a call to the people to keep cool but to prepare for unpleasant developments at any moment, since war has been declared by Austria.

The Socialists were scheduled in this despatch to hold a big anti-war meeting the following night, but the Nationalists are said to support the government in its guarded attitude.

Ricietto Garibaldi, son of the hero issued an extraordinary appeal directly to the youths of Italy, calling on them to note that Austria's attitude is based on false ideas and is quite opposed to the principles of modern national liberty. It sets forth that Austria's grabbing of Bosnia was an outrage which Servia was justified in opposing in any possible way. It is further declared that Austria's reactionary attitude may now threaten Italian liberties at any moment.

In the name of his illustrious father, the author of the appeal then goes on to urge the youth of the country to join patriotic societies and to form new ones, the motto of which shall be: "Every nation shall be master in its own country."

A member of the military staff says Austrias invasion of Servia is fraught with difficulties and dangers owing to the intense enthusiasm of the Serbs and the heterogeneous character of the invading army.

He points out that there is an entire lack of railways, roads and provisions in the interior and that it is almost impossible to transport heavy artillery southward while the Serbs, who are in the mountain gullies, can massacre large numbers with small forces of their own.

Near the Danubian Valley, he said, invasion was an easy and simple mat ter, and that therefore the Serbs promptly evacuated it, copying the Russian tactics during the Napoleonic wars by which the battlefields were drawn away from the fertile provinces to the barren rocks and mountain territories like Rudnik and Nish, and also the Morova Valley, where the Serbs are making their stand. He says that the Servian hatred for Austria exceeds even that held for the Turks and that it has caused strange happenings at Nish, where men crippled in the last war, minus an arm or a leg or an eye, implored the government to send them to the front.

It is otherwise declared that if Austria should gain a big victory the formation of an Italian volunteer corps to aid Servia under Garibaldi is a strong possibility.

GERMAN ARMY INVADES DUCHY OF LUXEMBERG

(Continued from page 1.)

report the German ambassador leaving St. Petersburg. Ambassador Herrick at Paris reported that a proposal to place German interests in France in his hands was being discussed there.

Ultimatums were sent today by Germany to France and Russia.

Russia was ordered by Emperor William today to stop mobilization within 12 hours, expiring at noon, while France was given 18 hours to declare her attitude in certain contingencies.

Italy probably will remain neutral, as she regards the claim of her allies Germany and Austria, as an aggressive war in which case she is not called to intervene.

King George made final effort today to maintain peace by telegraphing to Emperor Nicholas to Russia.

The Bank of England discount rate went up to ten per cent. today —the highest level it has ever reached. Continental banks also raised their rates. France was reported to have ordered general mobilization of her forces, as the prospects of peace are thought hopeless.

Strict censorship in European countries kept back news of military movements.

Communications by telepgone between France and England is interrupted, the governments being desirous of preventing leakages of information.

Japan will not intervene unless British interests in the far east are endangered.

The German ambassador was reported to have left St. Petersburg.

Copenhagen, Aug. 1.—The Fehmarn Bell is crowded with German Dreadnoughts and other big warships which are accompanied by transports. A number of Russian vessels also have been observed in that vicinity.

Copenhagen, Aug. 1.—The Danish government met tonight in an extraordinary session. The German government has ordered the immediate return of all the German automobiles numbering 400 at the Malmoe Sweden exhibition.

WILL AFFECT CANADA.

Ottawa, Aug. 1.—Sir Robert Borden was closeted until a late hour tonight with Hon. C. J. Doherty and Hon. Dr. Reid. It is believed that immediately on the declaration of war as affecting England all shipping in Canadian waters of countries at war with England will be seized and possibly the St. Lawrence River and Canadian seaports closed.

STILL DELIBERATING.

Paris, Aug. 2.—At 2 o'clock this morning the Council of Ministers summoned by the premier, was still deliberating.

UNION BANK OF CANADA

With Cash in the Bank You Can Buy to Advantage

You know how everything costs more when you have to buy on credit. Why not practice self-denial a while if necessary, open a Savings Account in the **Union Bank of Canada,** and, with the money in hand, buy at Cash prices? The discounts will help to swell your bank balance, and you will have made a good start towards financial independence.

June 20, 1914. 2m

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in un surveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. Royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

PROVINCIAL SWIMMING MEET IN VANCOUVER

Vancouver, Aug., 1—All four provincial champions for a swimming gala in English Bay today were won by the representatives of Victoria, and to make their superiority all the more striking, Victoria secured ten places out of twelve. The best that Vancouver could boast of was a third in the junior 200 yards championship, a second in the 330 yards ladies' championship. Victoria won first, second and third places in the 220 yards senior championship, first second and third in the quarter mile championship, first and second in the junior furlong championship, and first and third in the ladies' quarter mile championship. It was the least successful day that swimmers can remember for some time and the only grain of comfort was that Vancouver won the water polo game against a picked team from Vancouver Island, but this was not a championship event. Vancouver will have to make an effort to retrieve the honor when the Spring events and the polo champions come along. P. McAdam retained the junior championship. Godfrey displaced C. Neill as the senior furlong champion but McNeill held tight to the quarter mile championship and Miss Griffin maintained her position as best of British Columbia's lady swimmers.

RESOLUTE BEAT VANITIE

New London, Conn., Aug. 1 — The yacht Resolute won a 54 mile race dead before the wind from the Vanitie today by two minutes and twenty-five seconds in elapsed time and by five minutes and thirty-five seconds corrected time.

MUCH IMPROVED.

Rochester, Minn., Aug. 1.—The condition of Dr. Roche is very favorable. He has so far recovered from the effects of his recent operation that he is able to leave his bed and sit up at short intervals. Physicians in attendance are optimistic and Dr. Roche's recovery seems to be but a matter of time.

CLASH IN ARIZONA TOWN.

Globe, Ariz., Aug. 1.— The first clash here between Servians and Austrians occurred on Broad street last night, resulting in many broken heads but no serious injuries. The feeling between citizens of the warring countries is tense and serious trouble is feared by the authorities.

RECEIVED BY BORDEN.

Ottawa, Aug. 1.—The news of Germany's declaration of war upon Russia was received by Premier Borden while at a conference of the cabinet, late this afternoon, the first intimation received being through the medium of a newspaper.

Amber is believed by the Turks to be an infallible guard against the injurious effects of nicotine, hence its extensive use for mouthpieces of pipes.

Minard's Liniment Co., Limited.

Dear Sirs,—This fall I got thrown on a fence and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good. One bottle of MINARD'S LINIMENT warmed on flannels and applied on my breast, cured me completely.

NEWS OF SPORT

NANAIMO C. C. BEAT THE GARRISON

Victoria, Aug. 1.—Nanaimo beat the Garrison today by 300 runs to 110 playing one substitute and only ten men. Harry Jepson 90, Leighton 57, Foote 68 and Batty 31 were top scorers for Nanaimo. H. Jepson followed his batting by bowling in fine form, taking 4 wickets for 39 runs Hindmarch also did well with the ball taking four wickets for 11 runs.

FEDERALS TO PLAY VANCOUVER TODAY

The Nanaimo Federal Baseball team will clash today on the Caledonian Grounds with the Mac. and Mac. team of Vancouver, champions of the City and Wholesale leagues of that city. The visitors are coming over in full strength and Manager Benedict is meeting it with the strongest aggregation that has so far represented Nanaimo this season. The game will commence at 2:30, the locals playing the following team:

Catcher, Boyce, Pitcher, H. Shepherd; First Base, E. Martin; Second Base Killeen; Third Base, Piper; S. Stop, Little; Left Field, Weeks; Center Field, Beattie; Right Field, W. Shepherd; Spares, H. Martin, Drake, Thompson.

VANCOUVER WON MANN CUP GAME

Vancouver, Aug. 1—Vancouver's Mann Cup defenders furnished another surprise today when they went out and decisively defeated the New Westminster twelve by 8 goals to 5 before a large crowd. Dad Turnbull and his stick wielders came over to take back the cup, but failed.

The Five Acre Grizzly Cubs yesterday defeated the Cat Stream Baseball nine by a score of 32 to 9. Wheatley and C. Foster was the battery for the winners, and Storey and Piper did duty for the losers.

CLABBY WON EASILY.

Sydney, Australia, Aug. 1.—Jimmy Clabby, the American middleweight, knocked out Dave Smith tonight in the first round. The fight which was billed for twenty rounds, lasted just sixty seconds, a heavy punch to the jaw did the work.

By his victory Clabby becomes middle-weight, light-heavy and heavyweight champion of Australia. Smith outweighed him ten pounds.

PARIS BOUT DRAWS $36,200

The Johnson-Moran fight in Paris drew $36,200. After deducting 10 per cent for the poor of France, Johnson received 50 per cent. of the remaining $32,580, or $16,290, while Moran and his manager, Dan McKetrick, and Promoter Vienne divided what was left, $16,290.

KILLER WON THE CHESTERFIELD CUP.

Goodwood, Eng. July 31—The feature event of the last day of "Glorious Goodwood" was the Chesterfield Cup, a handicap of £577, one mile and a quarter, which was won by J. S. Austen's 4-year-old brown gelding Killer, by Santoi Killiney, who started at the long odds of 100 to 6. J. B. Joel's Bluestone, the favorite at 4 to 1, was second, and L. De Rothschild's Ocydrome, 100 to 7, third.

A diaphragm and horn resembling those of a phonograph have been invented to make telegraph relay instruments audible and save the use of additional batteries.

MIDDLESEX LEADS OLD COUNTRY CRICKET

Middlesex continues to figure at the head of both county standing and batting averages in English cricket. J. W. Hearne and Tarrant, the Metropolitans' two professionals, have a comfortable lead on top of the batting table, with two Notts' professionals, James Iremonger and Hardstaff following up. Five batsmen, all pros., have scored their thousand runs for the season, and two others are on the mark. The bowlers are still having a tough season, with G. B. Davies and S. G. Smith now in the lead.

The fight for the county championship will rest between three in the London area—Middlesex, Surrey and Kent—and Warwickshire. This seems to be an off year with the Northern and Midland counties generally, Yorkshire's failures being especially noticeable.

BELGRADE RESISTING

Athens, Aug. 1.—Austrian monitors on the Danube this morning renewed the bombardment of Belgrade and its surroundings, according to a telegram from Nish, Servia.

SWEDEN NEUTRAL

Stockholm, Sweden, Aug. 1.— The Swedish government today issued an official notification of its strict neutrality in the European conflict.

AUSTRIA DOES NOT INTEND ANNEXATION

London, Aug. 1.—The Westminster Gazette says the Austro-Hungarian government yesterday sent a communication to St. Petersburg declaring that Austria-Hungaria had no intention of annexing Servia, extinguishing the sovereignty of Servia or re-annexing the sanjak (province) of Novihazar.

BEHIND THE SCENES.

Paris, Aug. 1.—Nothing was known among the general public as to what was going on behind the scenes which fell along the German frontier yesterday afternoon. Everyone supposed German mobilization was in progress and that the French government was taking the proper measures to meet the situation.

Many weddings were performed yesterday and today, having been hastened owing to the prospect of the bridegroom having to leave for the frontier.

The churches were full of worshippers, among them many women.

NEW COMPANIES.

New commercial and financial concerns which have been incorporated during the past week are as follows: Alberta-Victoria Petroleums, Limited, head office at Victoria, capital $150,000; Atlantic and Pacific Oil Co., Ltd., Vancouver, $100,000; Bench Lawn Tennis Club, Kelowna, under the Benevolent Societies act; Cranbrook Sadderley Co., Ltd. Cranbrook $10,000; Fresh Water Sand & Gravel Co., Ltd., Vancouver, $100,000; Fuel Oil Equipment Co., Ltd., Vancouver; $10,000; Variety Stores, Limited, Victoria, $15,000; Victoria Glass & Bottle Co., Ltd., $25,000.

TORTURED NO LONGER WITH ASTHMA

Sometimes, He Had To Sit Up All Night For Weeks At A Time—Suffered For 15 Years Until He Cured Himself With "Fruit-a-tives".

D. A. WHITE, ESQ.

21 Wallace Ave., Toronto, Dec. 22nd. 1913

"Having been a great sufferer from Asthma for a period of fifteen years(sometimes having to sit up nights for weeks at a time) I began the use of "Fruit-a-tives" These wonderful tablets relieved me of Indigestion, and through the continued use of same, I am no longer distressed with that terrible disease, Asthma, thanks to "Fruit-a-tives" which are worth their weight in gold to anyone suffering as I did. I would heartily recommend them to all sufferers from Asthma, which I believe is caused or aggravated by Indigestion".

D. A. WHITE

Asthma is a disease of the Nerves. It usually attacks those of a highly strung nervous system—those whose nerves are easily affected by any disturbance of digestion. This is why 98% of those who suffer with Asthma, also suffer with Indigestion, Dyspepsia or Constipation. In Mr. White's case, his Asthma was cured at the same time that his Indigestion was cured.

Why? Because "Fruit-a-tives" acts directly on stomach, bowels, kidneys and skin. "Fruit-a-tives" cleans the whole system of the poisons that are irritating the nerves. "Fruit-a-tives" sweetens the stomach, insures sound digestion and healthy appetite. "Fruit-a-tives" is a positive cure for Asthma and Hay Fever.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Washington, July 31—Drowning of more than three thousand persons and property losses of $4,000,000 resulting from great floods sweeping through twenty-nine districts in the province of Kwano Tung, China, were reported today in consular advices to the state department from Canton. Eight million persons are in want, the report added, crops been destroyed and the country is still under water.

The Center of HAPPY FAMILY LIFE---

To old and young alike the wonderful new diamond-point EDISON is the last word in musical enjoyment.

EDISON
Diamond Disc
Phonograph

No matter how many other music-reproducing instruments you have heard, you have no conception of what the New Edison is unless you have heard it. Actually reproducing, for the first time, tone-color, or overtones, it gets away entirely from the limitations of old-style instruments, and reproduces the tones clear and rich, and bell-like, as they were produced by the artist originally.

The New Edison is played by means of a diamond-point needle, which never requires changing. It uses records that are actually indestructible, and that play twice as long as any other record. It embodies an automatic stop device.

Rich in case design and finish, the New Edison is a marvelous instrument in every way. Don't fail to come in and hear it play, whether you intend to buy or not. You will not be pressed, and you will not be under any obligation.

Miss Fenton arrived in the city last evening to enter upon her duties as teacher of Domestic Science in connection with the Nanaimo Technical School.

The latest cruisers and destroyers of the German navy, including all built since and during 1909, are armed with the new 21.6 torpedo, which is about seventeen feet long and carries a bursting charge of no less than two hundred and ninety pounds. The range is seven thousand five hundred yards, and the explosive in the head is known as trinitrotoluene, which is far more powerful than the gun-cotton used in the old eighteen-inch torpedo. In fact, the Germans believe that a hit from the new torpedo would disable even the largest of the present Dreadnoughts.

WEATHER PROSPECTS.

Victoria, Aug. 1.—The barometer remains high in this province and fine weather is general, with intense heat in Kootenay and in the Prairie provinces. There are no indications at present of a change to cooler weather in the interior of the province.

McGUCKIE-ANDERSON.

At St. Andrew's Manse yesterday Mr. John Martin McGuckie, of this city, was united in marriage to Miss Annie Anderson, a nurse of the Nanaimo hospital. The ceremony was performed by Rev. Dr. McLennan, the bride being supported by Miss Mary Elizabeth McCourt, the groom being attended by Mr. Harry Vater.

Mr. and Mrs. McGuckie will take up their residence at 403 Kennedy street.

The Nanaimo Gun Club will hold a trophy shoot on the Cricket Grounds this morning at the usual hour.

The usual services will be held in the several churches of Nanaimo today, both morning and evening.

The regular meeting of the Nanaimo Board of Trade will be held Tuesday afternoon at 4 o'clock.

VOLUME XIV — NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, TUESDAY MORNING, AUGUST 4, 1914 — NUMBER 127

War Despatches to Herald on Monday

London, Aug. 3—The German emperor has instructed the German ambassador to demand his passports from France. The British parliament is still sitting and no decision has been reached on the question of war or neutrality. Sir Edward Grey, Bonar Law and John Redmond have spoken in favor of Britain standing by her obligations to France.

Brussels, Belguim, Aug. 3—All telegraph lines between Belguim and Germany have been cut.

London, Aug. 3—Earl Kitchener has been appointed Minister of War.

London, Aug. 3—Sir Thomas Lipton says he will call off the yacht races for the America Cup in September if war is declared by Great Britain.

London, Aug. 3—Important statements foreshawowing a declaration of war by Great Britain against Germany were made in the House of Commons this afternoon by Sir Edward Grey.

"Up to yesterday," he declared, "We had given no promise of anything more than diplomatic support to our allies. I was asked at the time of the Algeciras crisis if we would give our armed support to France. In reply I said I would promise nothing to any foreign power unless I should receive the whole hearted support of British public opinion.

"I told both the French and German ambassadors that if war was forced on France, the public opinion of the British Isles would certainly rally to France."

This part of Sir Edward's speech was received with tremendous cheering. The foreign secretary further stated that the British fleet had been mobilized and that the mobilization of the army is now proceeding. No engagement however, has as yet been made by the British government to send an expedition abroad.

"The French fleet," continued the minister, "is now in the Mediterranean, and the northern coasts of France are therefore defenseless. If a foreign fleet engaged in a war against France should come down and battle against these defenseless coasts, we could not stand aside. We felt strongly that France is entitled to know at once whether in the event of an attack on her unprotected coasts she could rely on our support, and we therefore informed the French ambassador last night that if the German fleet goes into the English Channel or North Sea to attack French shipping or the French coast, the British fleet will give France all the protection in its power. That answer is however, subject to the approval of Parliament. It is not a declaration of war."

Bonar Law, leader of the opposition, warmly supported the government plan outlined by Sir Edward Grey.

Wild cheering from all parts of the House greeted John E. Redmond, the Nationalist leader, when he assured the government that every soldier in Ireland might be withdrawn tomorrow, as the coast of Ireland would be defended against invasion by her armed sons, whether the Catholics of the south or the Protestants of Ulster.

The house adjourned until seven o'clock for consultation between the leaders of all parties.

RUSSIA INVADED

Berlin, Aug. 3—An invasion of Russia by German troops began today when the first batallion of the 155th regiment of infantry with machine guns crossed the border at Kalisz, Russian Poland.

WANTS BRITAIN'S AID.

London, Aug. 3—The King of the Belguims has made a supreme appeal to Great Britain to safeguard the neutrality of Belgium.

Stockholm, Aug. 3—A naval battle was fought yesterday between the German and Russian fleets of Aland Island in the Baltic Sea and resulted in the Russian fleet being driven back. The Russian war vessels took refuge in the Gulf of Finland.

GREAT BRITAIN HAS MOBILIZED

France Assured That Britain Will Not Permit the German Fleet to Enter North Sea or English Channel.

London, Aug. 3—Great Britain has mobilized and awaits the events of today. She is not either belligerent or neutral. The government assures France that England will not permit the German fleet to attack the coast of France, but has not yet pledged itself to contribute an army to a continental war. The British government has a deep distrust of the German destruction of Belgian neutrality and two days deliberations still leave the British people anxious. The German embassy in London is using all diplomacy to keep Great Britain out of the conflict and to bring public opinion to the German view. Counsellor of the German embassy make a strong appeal for neutrality and promised that the German fleet would not attack the northern and western coasts of France if Britain stayed neutral. He argued that England would gain by staying outside of an European war and use her influence for mediation at the right moment. Sir Edward Grey very sharply dispelled all doubt as to the Triple Entente in the minds of many Liberals by showing the different stages of negotiations. The element of doubt can only be a doubt as to the want of unanimity in the cabinet but that idea is disappearing.

MAILS MORE REGULARLY

New York, Aug. 3.—Mails to Europe have moved regularly thus far, according to a statement today by Postmaster Morgan.

EMPEROR FRANZ JOSEPH OF AUSTRIA AND EMPEROR WILLIAM OF GERMANY.

The nations over which these two Emperors rule are now engaged in a life and death struggle with Russia, France and Servia. Great Britain is liable at any moment to throw in her lot on the side of France and Russia.

French Arms Scored Big Victory At Peticroix

Uhlans Attacked French Force Strongly Intrenched and were Mowed Down by Fire From Machine Guns—Germans Retreated With Heavy Losses—Paris Celebrated Victory—German Armoured Train Destroyed by Bomb From French Airship.

Paris, Aug. 3—French arms scored a big victory today at Peticroix. The French who were entrenched behind the town were attacked by Uhlans. The defenders replied with machine guns and the German advance guard was mowed down. The Uhlans charged bravely but could not withstand the fire and retired in disorder. Several were left on the field, including some officers. The French took some prisoners. The scene of the fight was the custom port in Lorraine. The attacking Uhlans formed part of a German advance guard from Metz. News of the advance was brought by aviators. The French plan of action was carefully planned. The Uhlans engaged a frontier guard which fell back, then the main column which had been entrenched withheld its fire until the Germans were within range and their machine guns opened with a murderous fire. The fire was so deadly the German commander ordered a retreat.

News of the first victory of the French troops quickly circulated about the streets which were filled with rejoicing men and women. Impromptu processions carrying the French and Russian colors entwined. The crowd sang patriotic songs and went to the homes of members of the cabinet and cheered. French aviators from Nancy have mapped out the German advance in front of Longwye. Infantry and artillery are being hurled forward from Nancy.

The French army will take the initiative and drive back the invaders by sheer force. A French aviator from Nancy passed over the German advance and dropped bombs inside the German lines and it is reported that a German armoured train demolished thereby. The flight was made in the early morning and the aviator escaped injury.

DEPARTURE BAY CABLE GUARDED

Local Force Under Captain Turner in Charge of Island End of All Red Cable—Reserve Men in Nanaimo.

The war excitement has pervaded Nanaimo for the past three days. Army and naval reserve men of the British Army are on the qui vive waiting for orders. All naval reserve men have been asked to report and the army reserves have been notified to be in readiness. Of the latter there are a great many in Nanaimo and district and all are in a unit in offering their services for the Empire in case Great Britain declares war upon Germany.

All citizens agree with the message of Mayor Planta as published in another column that the services of Canada should unreservedly be at the command of Great Britain in case of war.

The rumor that the German cruiser Leipzig was in the proximity of Cape Flattery which later was disproven has stirred the authorities of Vancouver Island. Preparations are now going forward to prepare for the worst in case the cruiser should actually visit the Island on war bent. Every precaution is being taken to guard the cable station on the West Coast and this end of the wire on the Island at Departure Bay. At the present moment the Departure Bay end of the cable is under guard. The military authorities with headquarters at Victoria are taking other precautionary methods in case war should be declared. What these are, of course are kept secret but whatever can be done to be prepared is being done.

In Nanaimo itself there are hundreds of men ready to volunteer their services for the Empire and strenuous efforts are being made to have the Hon. Col. Sam Hughes, Minister of Militia give authority for the formation of one or more companies of the Canadian Militia here. If required for actual war contingencies, there is no doubt but that four or six companies would volunteer from Nanaimo for active service.

Army Reserve men in Nanaimo are requested to call upon Col. Hall at the Connaught Barracks and leave their name and address, so that when orders are received to mobilize Col. Hall can inform each Army reservists where to muster.

MEETING OF LOCAL RIFLE ASSOCIATION

A very special meeting of the Nanaimo Rifle Association will be held this evening in the Board of Trade rooms at 8.30.

All those interested in the formation of a militia unit for Nanaimo are invited to attend the meeting. This notice applies to members of the Nanaimo Militia Club who recently made application to the Minister of Militia for authority to raise four companies of the Canadian Militia in Nanaimo.

WILL BE NO BIG STRIKE

Railroad Managers Accepted Plan of President Wilson that Differences be Arbitrated---Old Rules to be Restored.

Washington, Aug. 3.—Managers of ninety-eight western railroads threatened with a strike of 55,000 engine-men and firemen have formed their answer to President Wilson's request that they settle the difficulty for the general good of the country in the present situation.

The railroad managers just before noon advised the president they would accept the plan proposed by the federal board of mediation, which has already been passed on favorably by the representatives of the engine-men and firemen.

The plan provides that the question of wages shall be arbitrated under the Newlands Act and that rules and regulations enforced prior to October 1913, shall be restored.

Immediately after the call of the railroad managers the federal board of mediation was notified of the favorable outcome.

Chicago, Aug. 3.—The wage dispute between the enginemen of the western railroads and their employers reached a critical stage July 16 1914 when, having failed to come to an understanding, the union chiefs and the managers' committee suspended negotiations and the labor leaders informed the managers that notice of a strike would be served immediately.

The men's original demands had been presented October 10, 1913, and negotiations had been going on about three months. Two days later, however, both sides agreed upon federal arbitration although the enginemen previously had refused peremptorily to consider it on the ground that the roads had refused to be governed by former arbitration court decisions. Matters with the men had praceeded to the taking of a strike vote, the result of which, announced July 14, showed that the men were almost unanimously in favor of backing their demands by a general walk-out.

Basing their demand on the increased cost of living, the men called for increases in pay and overtime allowances, which, they said, would just about cover the advance in the price of necessities in the past four years. In answer the roads declared the increases asked for would amount to $33,000,000 a year or a 50 per cent advance in wages and could not be granted.

Ninety-eight railroads were affected by the demands. They included virtually every line in the United States west of Chicago and also the Illinois Central Road. In Canada every line west of Fort William, Ontario, was affected except the Grand Trunk Pacific. One hundred and forty thousand miles of roadway and 55,000 engineers, firemen and hostlers drawing $67,750,000 annual wages were affected.

Brussels, Aug. 3—According to the newspapers Etoile Bege, the German troops have reached Vise on the river Meuse, only twelve miles northeast of Liege, Belguim.

SHORT MEETING OF COUNCIL

Albert Street Regrade Bylaw Given the First and Second Readings---Will be Given Committee Consideration Monday.

The City Council met in regular session last evening, present His Worship Mayor Planta, Ald. Busby, Crossan, Cavalsky, Forrester, Killeen, Young, McKinnell, Ferguson and McKenzie.

The meeting was a short one, there being no communications nor petitions.

A report of the Legislative Committee in reference to the Wentworth street sidewalk assessments was referred back to the committee for legal advice.

City Engineer Owen reported an expenditure during the week as follows:

STREETS, ETC.

Nicol Street	$202.50
Fire Hall	136.00
Robarts Street	24.25
Dixon Street	9.00
Commercial Street	34.50
Franklyn Street	5.95
Miscellaneous	33.80
Richards Street	7.85
Farquahar Street	7.50
Total—$471.45	

WATERWORKS

Machleary St. Construction...	$132.00
Haliburton St. Construction..	272.00
Maintenance and Operating....	279.00
Service Work	25.00
Total—$808.00	

Total expenditures on Nicol street regrade up to Aug. 1st $3684.20.

Ald. Busby moved as follows:

"That land in this city upon which taxes are due and in arrears since 31st day of December 1912 be sold by auction on Monday, Sept. 14th unless the taxes, interests and costs be sooner paid.

On motion of Ald. McKinnell the Council resolved itself into a committee of the whole to further discuss the Sewer Rental and Connection Bylaw. The bylaw was reported complete as amended and given the third reading.

Ald. McKenzie introduced a bylaw providing for the regrade of Albert street. The bylaw was given the first and second reading and will be considered in committee at the next regular meeting.

TWO LADYSMITH MEN MISSING

William Wallace and Jack Carmichael Left in Launch for Fraser River Two Weeks Ago.

Relatives and friends of William Wallace and Jack Carmichael, two men who left Ladysmith two weeks ago for the Fraser river, are alarmed for their safety.

The two men referred to left Ladysmith in a gasoline launch for the Fraser River to do fishing in that locality and have not been heard of since. The launch in which the men left Ladysmith had the hull painted green and tallies in every description to the launch discovered by Mr. J. A. Goodale of Nanaimo drifting hull upward off Lasqueti Island several days ago.

The provincial police have been notified of the disappearance of Wallace and Carmichael and a search will at once be made for the derelict launch discovered by Mr. Goodale.

THE OPINION OF NANAIMO'S MAYOR

Yesterday the Montreal Star wired all the mayors of the important cities of Canada the following:

"In the present emergency we would greatly appreciate a short expression of your opinion of what the attitude of Canada should be if Great Britain is involved in a European war."

Mayor Planta's reply despatched last night read as follows:

"Canada's services should be unreservedly placed at the command of Great Britain."

LORDS PASSES BILL.

London, Aug. 3.—The House of Lords passed, without discussion, the bill to suspend temporarily the payment of bills of exchange and giving the government power to declare a moratorium.

PORT ALBERNI AND ALBERNI VOLUNTEERS

Port Alberni, Aug. 3.—Captain W. T. Cunningham of the 88th Fusileers addressed a mass meeting of the citizens of Port Alberni and Alberni here tonight, the meeting being presided over by Mayor Burde, of Port Alberni. At the close of the meeting a call was made for volunteers to form a company and 40 men immediately responded. The volunteers are now awaiting instructions from headquarters as to the securing of their outfits, etc.

THE FIFTH MOBILIZED.

Victoria, B. C., Aug. 3— The whole of the Fifth Regiment was mobilized tonight and the 88th is standing by at the Drill Hall all night.

COSSACKS CAPTURED BY GERMAN GUARDS

Berlin, Aug. 3—Russian patrols encroaching on German territory were forced back by German frontier guards. The Germans made the first capture of war prisoners, when fifty Cossacks were surprised and overwhelmed by German frontier guards.

WAR IN EARNEST

Paris, Aug. 3.—Germany and France have broken off all diplomatic relations.

GERMAN STEAMER SAILS.

New York, Aug. 3.—The North German Lloyd steamer Kaiser Wilhelm der Grosse, taking no passengers, passed out past quarantine today on her way to the high seas.

MORLEY MAY RESIGN.

London, Aug. 1.—Hon. John Morley is considering his resignation from the British Cabinet.

30,000 HORSES WANTED.

Ottawa, Aug. 3.— Arrangements are being made to collect 30,000 horses in Canada for the use of the British Government.

Nanaimoites Liable for Military Service

Under Terms of Militia Act Every Man in Nanaimo Between 18 and 60 Years of Age Can Be Compelled to Take Up Arms in Defence of The Empire.

In view of a possible military emergency on both the Atlantic and Pacific coasts of Canada it is as well to bear in mind that the Canadian Militia Act provides for general compulsory service. Should the German cruisers sighted off the St. Lawrence, or the Leipzig which is reported to be steaming towards Vancouver Island, make any trouble the militia forces would in all probability have to be increased. The Militia Act provides for just such an emergency, and no doubt the following clauses will be found interesting. First as to liability to service, clause 10 enacts as follows:

"All the male inhabitants of Canada, of the age of 18 years and upwards, and under 60, not exempt or disqualified by law, and being British subjects, shall be liable to service in the Militia provided that the governor-general may require all the male inhabitants of Canada capable of bearing arms, to serve in the case of a levee en masse.

USE OF BALLOT

The Act goes even further than this, for it provides for the drafting of men by ballot to complete a corps for training, as set out in clause 26:

"When men are required to organize or complete a corps at any time, either for training or for an emergency, and enough men do not volunteer to complete the quota required, the men liable to serve shall be drafted by ballot."

EXEMPTIONS

The following exemptions are provided for in clause 11:

The following persons only shall be exempt from liability to service in the militia:

Members of the Kings Privy Council of Canada; Judges of all Courts of Justice; Members of the Executive Councils of Provinces; Deputy Ministers of the Federal and Provincial governments; Clergy and Ministers of all religious denominations; Telegraph clerks in actual employment; officers and clerks regularly employed in the collection of the revenue; Wardens and officers of all public

BRITAIN AND GERMANY.

The outstanding fact in the European crisis is that Great Britain is not yet a participant in the war. That it will be able to stay out is almost too much to hope. Germany's tactics have forced Russia and France to take up arms, and it is reasonable to suppose that it had also calculated on involving Britain as well. In one respect the whole trouble may be regarded as a challenge to the United Kingdom. It may be taken for granted that Germany is really responsible for the outbreak. Had it chosen to exercise its influence it could have prevented Austria's precipitate action against Servia. Had the Kaiser really cared to preserve the peace he would not have so curtly refused Sir Edward Grey's offer of mediation. France and Russia were both willing to join in a conference. Only Germany said no. The only inference to be placed upon its action and attitude is that it did not want peace. Its peremptory notes to Russia simply continued its policy to force the war, and having exacted a declaration of war from that nation it turned to France. First of all it violated the neutrality of Luxemburg, and later German patrols crossed the French frontier, with the result that the two powers are at war without a formal declaration of war. And now comes Great Britain. The British government first of all tried to prevent the war, and failing in this asked for assurances regarding Belgium. Germany would give no undertaking of the kind asked for, and it is clear enough that it has counted on involving England. As a matter of fact Germany's particular rival has always been Great Britain. For years the Germans have been challenging British supremacy at sea. The peace strain has become almost intolerable to both countries, although Great Britain was stronger under the huge financial burden. Germany had besides to maintain its army on a footing to cope with France and Russia, and of late years has seen the British Dominions take a hand in the argument. From the point of view of German national aspiration nothing could be gained by deferring the struggle. The Kaiser has been ready at any time these last few years, and only the prompt and decided action of Britain prevented an outbreak over the Moroccan incident. Since then Germany has realized that in any emergency it had England to reckon with, and every move and movement in the development of the present crisis simply shows that Germany meant to go ahead at all costs. As the principle author of the present division of the nations Britain was directly interested from the first move. The action of Germany is as much a challenge to the United Kingdom as to France and Russia. The issue is whether Germany alone, or all the powers jointly, shall dictate European policy and mould Europe's destiny. Great Britain could neither ignore the challenge, or overlook such an issue. Sir Edward Grey's speech in the House of Commons yesterday is tantamount to a declaration of war. It is a notice to Germany that if she moves her fleet into the North Sea it will find the British fleet in its way. In the temper it has so far displayed Germany will at once declare war. Great Britain has shown its hand. It will protect the French coast and French shipping. It has taken up its treaty obligations. On previous occasions such an announcement has been sufficient to dispel the clouds of war. It is possible that it may have the same effect now but it is very improbable. If it does not, then to all intents and purposes Great Britain has taken up Germany's challenge, and may be counted as one of the combatants.

The rapid development of the European crisis gripped the hearts and imagination of the people of coast cities as nothing before in the history of British Columbia has done. Since Saturday the province as a whole has awaited with the most profound interest the decision of the British government. At all the newspaper offices in coast cities where a bulletin news service has been displayed, big crowds have waited for the news from Europe. There is no mistaking the general feeling. It seems to be taken for granted that Great Britain cannot keep out of the war, and the common sentiment is strongly in favor of immediate and active participation. The news when it does come will evoke a national wave of loyal enthusiasm. Already there have been eager offers of service but these demonstrations will be nothing to what will happen if the news should come that Britain is at war. All classes realize how indissolubly the security of the overseas dominions is bound up with the supremacy of the Mother Country, and Canada is even now prepared to rally to the assistance of the empire.

NANAIMOITES LIABLE FOR MILITARY SERVICE

(Continued from page 1.)

prisons and lunatic asylums; Members of the naval militia; Members of the police force and fire brigade permanently employed in incorporated cities, towns and villages; Professors in colleges and universities and teachers in religious orders; Persons disabled by bodily or mental infirmity; the only son of a widow being her only support; Pilots and apprentice pilots during the season of navigation.

ORDER OF DRAFTING

Clause 15 gives the several classes of the militia and the order in which they shall be called out.

The male population liable to serve in the Militia shall be divided into four classes:

The first class shall comprise all those of the age of eighteen years and upwards, but under thirty years who are unmarried or widowers without children.

The second class shall comprise all those of the age of thirty years and upwards but under forty-five years, who are unmarried or widowers without children.

The third class shall comprise all those of the age of eighteen years and upwards, but under 45 years who are married or widowers with children.

The fourth class shall comprise all those of the age of 45 years upwards, but under 60 years.

These said several clauses shall be called upon to serve in the order in which they are referred to in this section.

PENALTIES OF REFUSAL

Once a man has been drafted he is compelled to serve. Clause 114 provides as follows:

Every person of whom information is required by any officer making any roll, in order to enable such officer to comply with the provisions of this act, who, when applied to by such officer:

(a) refuses to give such information or;

(b) gives false information, or;

(c) refuses to give his own name and proper information, or;

(d) gives a false name or false information, or; shall

(a) for such item of information demanded and refused;

(b) for each item of information falsely stated;

(c) for refusing to give his own name or proper information, or;

(d) for giving a false name or false information; incur a penalty not exceeding twenty dollars.

Clause 516 is as follows:

Every man drafted for service in the militia who refuses or neglects to take the oath or to make the declaration hereinbefore prescribed, when tendered to him by a justice of the peace or by any commissioned officer duly authorized for that purpose, shall on summary conviction before two justices of the peace be liable to imprisonment for a term not exceeding six months, and for every subsequent neglect or refusal to a further imprisonment not exceeding twelve months.

Minard's Liniment Cures Garget in Cows.

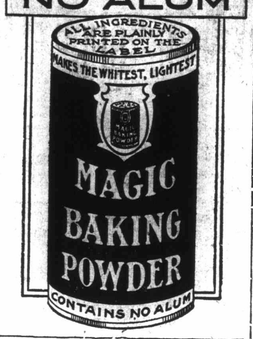
TRIED TO PUT POISON IN WELLS NEAR METZ.

London, Aug. 3.—Telegrams from the chief of German general staff received at the embassy here assert that a French doctor with two assistants tried to poison the wells near Metz with cholera microbes. The doctor was tried by court martial and shot.

Another French party, according to the same source of information, endeavored to blow up a strategic tunnel near Cochem, on the Moselle. All were shot.

Minard's Liniment Cures Distemper

CRUISER LEIPZIG IN MEXICAN WATERS

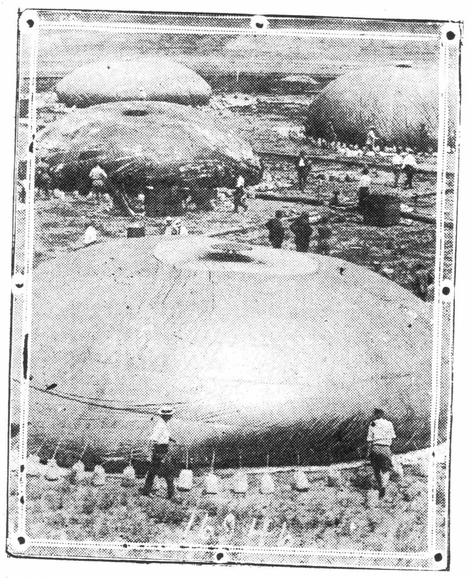


Vancouver, Aug. 3.— The German cruiser Leipzig is not steaming toward British Columbia with a view of getting coal. As announced last Tuesday, the warship is in Mexican waters and arrived at Mazatlan on Saturday to take in 900 tons of coal from the Cetriana.

Alec Eadie, of the Northern Steamship company, of Vancouver, owners of the Cetriana, informed a representative of the Times this morning that the Cetriana is now coaling the Leipzig at Mazatlan. He has receive reliable advices from Captain Minister, of the Cetriana, to that effect.

CANADA NOW TAKING GOLD FROM NEW YORK.

New York, Aug. 3—The enormous outlay of gold from the United States to Europe, one of the principal causes of the present strained financial situation, appeared today to have come to an end. The outflow to Canada, however, continued. Another engagement of $1,000,000 was made today, for the Dominion, bringing up the total since the middle of last week to about $8,000,000.



NO ALUM

STOPS DOWAGER EMPIRE.

London, Aug. 3.—Dowager Empress Maria Feodorowna of Russia, sister of Queen Mother Alexandra, was stopped today in Berlin on her way to Se. Petersburg and given the choice of returning to England or going to Copenhagen.

Washington, Aug. 3—Unofficial information reached here today that the United States Steel corporation was ready to offer the services of about thirty ships to carry American exports abroad and bring Americans from Europe. The offer is being investigated.

FILLING THE HUGE GAS BAGS BEFORE THE START OF NATIONAL ELIMINATION RACE.

Mr. R, A. D. Preston, pilot of the Goodyear, will be the third representative of the United States team in the race for the Coupe International des Aeronautes from Kansas City on October 6. His team-mates are Ralph Upson, also of Akron, and Capt. H.E. Honeywell, of St. Louis. Mr. Upson and Capt. Honeywell won their places on the team by their victories in the 1913 race for the Coupe Internationals des Aeronautes from Paris, in which Mr. Upson, with Mr. Preston as his aid, finished first with the Goodyear.

BRITISH GOVERNMENT'S BIG WAR LOAN

London, Aug. 3.—Belgium has rejected the ultimatum sent by Germany offering an entente provided Belgium would facilitate the movement of German troops.

England is expected to announce her stand today.

The Germans have invaded France at Luxemburg and Alsace on the Rhine.

There is a report that the British Government will apply to parliament for a war loan of $250,000,000.

TENDERS.

Tenders will be received by the undersigned up till Friday noon, the 7th of August, for the erection of a classroom at the South Ward School for which plans and specifications may be procured at the Engineering Department, City Hall. The lowest or any tender not necessarily accepted.

W. A. OWEN,
City Engineer

Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

E. E. BROWN,

June 20, 1914. 2m

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

CANADA PREPARED TO ASSIST BRITAIN

Ottawa, Ont. Aug. 3—If Britain declares war the government will at once establish a censorship over the telegraphic service of the Dominion. The department of naval service will take charge of the wireless stations and service, while the department of militia will establish a censorship over the land service. All messages passing from Canada will have to have an official government stamp indicating that they have passed censorship.

Ottawa, Aug. 3—This is a civic holiday at the Capital but it is no holiday for the ministers of the Crown or the officers of the militia, naval and marine departments. All are at their posts waiting anxiously for the latest advices from London and ready to do their parts should the word come that Great Britain has definitely thrown in her lot with her French and Russian allies. The cabinet council went into session at eleven o'clock, the additional ministers on hand being Hon. W. T. White Minister of Finance, Hon. L.P. Pelletier, Postmaster-General, both of whom arrived last night, and Hon. Sam Hughes who returned last night from an inspection of the citadel at Quebec. Hon. Robert Rogers is expected home this afternoon. His Royal Highness, the Duke of Connaught, will arrive at the capital between one and two o'clock of Tuesday morning. No credence is placed in the report that the Duke will proceed to England. It is regarded as more likely that the term of the Governor-General will be extended. The government had made several ineffectual attempts to get in touch with Sir George Foster who has been in Newfoundland with the Dominion trade commissions. The commission was due to arrive at Sydney today. The report that a German cruiser has been off Sydney has suggested the possibility that Sir George and the other members of the commission may possibly be in some danger of capture. At any rate his colleagues of the Cabinet are anxious to hear from them.

It is suggested here that steps be taken immediately for the manning of the Niobe which is now lying in Halifax harbor unmanned. The crew of this vessel was transferred to the Rainbow. The presence of the German cruiser Leipsic on the Pacific coast makes it impossible to retransfer them. It is believed here that if volunteers were called for the service on the Niobe thousands of maritime province sailors would offer their services. It is realized that of course a number of skilled officers and engineers would be required in addition but these it believed could be made up of naval reserves.

Montreal, Aug. 3—The local cable and telegraph offices announced this morning that no further cables would be received for transmission to Great Britain written in code. The sender must also sign his full name. This is on the order of the British censors and will materially effect banking and other across the sea business. It is estimated by local shipping men that 18,000 Canadians are caught in the continent at the present moment. No means has yet been devised to bring them home again.

More than 150 British naval reserve men were taken from their ships in the port this morning in response to the order from the British admiralty to rally to the colors by the first ship home. They will return to Great Britain on the Victorian which sails tomorrow morning. The naval reserve men include the captain, chief officer and third officer of the Alaunia and the Captain of the Monmouth. The Alunias officers will probably return on their own ship. Three vessels loaded with grain for continental ports have been held here since Saturday when they were ready to sail. They have not obtained their clearance papers.

At the headquarters of every militia in Montreal feverish preparations are being made for service in war. Special parties will be held tonight and the officers are flooded with applications for new men for enlistment.

This is to certify that I have used MINARD'S LINIMENT in my family for years, and consider it the best liniment on the market. I have found it excellent for horse flesh.

(Signed) W. S. PINEO.

NEWS OF SPORT

SUNDAY'S BASEBALL

Northwestern—
Victoria 4, Tacoma 2.
Spokane 6, Ballard 4.
Seattle 4, Vancouver 0.

American—
New York 3, Detroit 4.
Philadelphia 5, Chicago 2.

Coast—
Venice 4-0, Sactamento 0-2.
Portland 1-5, Oakland 0-5.
Los Angeles 3-5, San Francisco 0-2.

Bernard Schwengers announced yesterday morning that he would not take part in the Tacoma tennis tournament this week, and that he would rest up for the balance of the season. Schwengers found it hard to secure the time necessary for the Davis cup games, and he had to hustle back for the B. C. championships which were concluded on Saturday.

NANAIMO WON GAME.

The Gabriola Island Ranchers and the Owls played a game of baseball on the Island ball park on Sunday, the Nanaimoites winning by a score of 10 to 12. One of the most interesting features of the game was the home run by Bobby Howie of the ranchers. His sprint around the bases was something worth while. Incidentally three errors assisted his passage home. C. Peterson pitched for the farmers and Baird for the Owls.

LEADING SLUGGERS IN BIG LEAGUES

Chicago, Aug. 3.—Birdie Cree has celebrated his return to the major leagues by leading the batters of the American league with an average of .344. Next to the New York man are Cobb, Detroit, .342; Baker, Philadelphia, .341; Jackson, Cleveland, .339; Collins, Philadelphia, .327; Crawford Detroit, .323; Kirke, Cleveland, .321; Walker, St. Louis, .319; Speaker, Boston, .319; Fournier, Chicago, .317. Collins leads in stolen bases with 26. In club batting Philadelphia, with .285, and Washington, with .248, lead.

Leonard Leading Flingers.

Topnotchers among the pitchers include Leonard, Boston, with 14 victories and 2 defeats; Bender, Philadelphia, with 9 and 2; Plank, Philadelphia, 11 and 3.

Erwin of Brooklyn, sets the pace in the National league with .348. Then come Grant, New York, .342; Becker, Philadelphia, .340; Dalton, Brooklyn, .329; Byrne, Philadelphia, .326; Meyers, New York, .313; G. Burns, New York, .313; Wingo, St. Louis, .310; Daubert, Brooklyn, .308; Phelan, Chicago, .304.

Matty Still Going Some.

New York and Brooklyn are tied for club batting at .267. Herzog, Cincinnati, leads in stolen bases with 37 Mathewson, New York, with 18 and 4, Vaughn, Chicago, with 12 and 4, and Doak, St. Louis, with 10 and 4, lead the pitchers.

Steve Evans, Brooklyn, leads the hitters of the Federal league with .371. Indianapolis leads in club batting with .285. In stolen bases, Kauff Indianapolis, is ahead with 41. Best pitching is being done by Ford, Buffalo, with 13 and 3; Seaton, Brooklyn, 17 and 7, and Brown, St. Louis, and Kaiserling, Indianapolis, with 9 and 4 each.

NORWEGIAN CONSUL APPEALS FOR FUNDS

I have received a telegram from the Royal Norwegian Consul for Canada in which he refers to the present crisis as being the gravest in Norway's history and has requested me to open a subscription list amongst Norwegians residing in this vicinity, in aid of the Old Country now threatened with "famine and warfare." The Consul heads the list with one hundred dollars. I shall be pleased to receive subscriptions which will be acknowledged through the press from time to time.

A. E. PLANTA,
Vice Consul for Norway.

The above letter is self-explanatory and The Herald will be pleased to acknowledge subscriptions. The list has been opened as follows:

Finn Koren.....$100.00
A. E. Planta 10.00

Minard's Liniment Co., Limited.

Dear Sirs,—This fall I got thrown on a fence and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good. One bottle of MINARD'S LINIMENT warmed on flannels and applied on my breast, cured me completely.

C. H. COSSABOOM.
Rossway, Digby Co., N. S.

SEVERE FIGHTING ON THE RIVER DINA

Vienna, Aug. 3.—The Militaerischne Runschau states that serious fighting is in progress on the river Drina. Bands of Servian volunteers who are attempting to cross the river are opposed by Austro-Hungarian frontier guards.

The Servians fired on their own river boats, killing and wounding many men.

London, Aug. 3.—German cavalry today raided the French frontier near the fortress of Belfort and attempted to commandeer horses, according to dispatches from Paris. German patrols also twice attacked Joncherey, near Belfort.

FRANCE NOW REGARDED AS AT WAR.

Paris, Aug. 3.—The invasion of French territory by German troops is regarded in official circles here as making war between the two countries start automatically without a formal declaration.

PREPARED TO FACE CONSEQUENCES OF WAR

London, Aug. 3.—Toward the close of his speech in the House of Commons Sir Edward said: "We must be prepared, and we are prepared, to face the consequences of using all our strength at any moment, we know not how soon, in order to defend ourselves."

LUMBER VESSEL AFLAME.

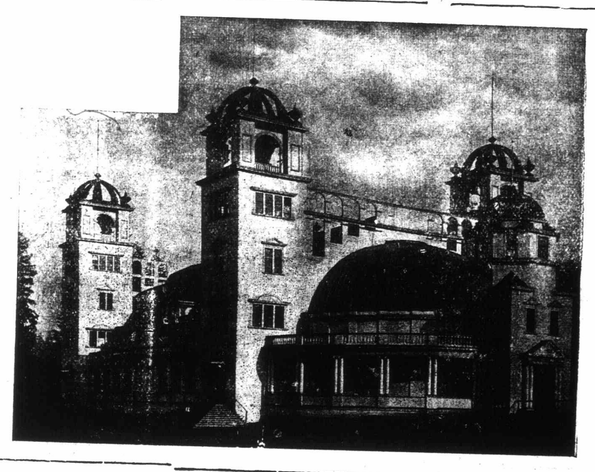
Duluth, Aug. 3—The large lumber-laden steamer Van Vleck was towed into Duluth harbor early today with a fire raging in the cargo hold forward. The Van Vleck left Duluth Saturday. No estimate of the damage has been made.

COALITION GOVERNMENT DURING PRESENT CRISIS

London Aug. 3.—The Evening Standard says there is every probability of the formation of a coalition government in the British Isles to ride over the present crisis. Andrew Bonar Law, the Marquis of Lansdowne, and Arthur J. Balfour, three opposition leaders, were in consultation with cabinet ministers today.

This Book Might Save You The Cost of a New Building

HAVE you ever heard of "Intensive Cultivation?" This principle applied to market gardening has resulted in a fourfold increase in yield, with a proportionate increase in profits.



Has it never occurred to you that the same principle might be applied to YOUR OWN organization, whether it be manufacturing, jobbing or retailing? Many of Canada's most prominent business men owe their success to this very thing. Cultivate your available floor space so that every square foot may be made to produce a profit.

This new Book, "The Elevator," will show you how. Write for it to-day. It may save you the cost of a new building by pointing the way to a better arrangement of your present floor space.

The Center of HAPPY FAMILY LIFE---

To old and young alike the wonderful new diamond-point EDISON is the last word in musical enjoyment.

EDISON
Diamond Disc
Phonograph

No matter how many other music-reproducing instruments you have heard, you have no conception of what the New Edison is unless you have heard it. Actually reproducing, for the first time, tone-color, or overtones, it gets away entirely from the limitations of old-style instruments, and reproduces the tones clear and rich, and bell-like, as they were produced by the artist originally.

The New Edison is played by means of a diamond-point needle, which never requires changing. It uses records that are actually indestructible, and that play twice as long as any other record. It embodies an automatic stop device.

Rich in case design and finish, the New Edison is a marvelous instrument in every way. Don't fail to come in and hear it play, whether you intend to buy or not. You will not be pressed, and you will not be under any obligation.

BRIEF MENTION

Mr. Harry Wilson, manager of the B. C. Telephone Cumberland branch, left on the S. S. Cowichan last night after spending the day in the city.

Miss Grace Coburn, Richard street, left Sunday to spend a couple of couple of weeks in Vancouver as the guest of Miss Genevieve Cutler.

Don't forget the picnic to Chemainus on Aug. 6th. Tickets $1.00 return.

Mr. J. B. Davies of the North Nanaimo Trading Co., corner Fourth street and Union avenue has been granted a license to sell postage stamps.

Meeting Board Trade today 4 p.m.

First Nanaimo B. P. G. G.—The regular meeting will be held this afternoon at 3 o'clock in the Assembly Hall. Model bridge building. Girls please bring some string.

Baptist Sunday School Picnic Thursday, Aug. 6th, 1914 to Taylor Bay. Boat leaves Nanaimo Boat House at 9:30 and 1:30 Tickets: adults 35c; children 15c. All welcome. 2t.

The Wallace St. Epworth League held its regular monthly consecration meeting Monday evening in the school room of the church. The president presided in the chair. Mrs. Hardy rendered a solo entitled "A Happy Day." Rev. Rickaby of Wellington was the speaker for the evening. A good response was given to the roll-call.

On Monday night a very interesting game of basket ball took place on Newcastle Island between the "Happy Go Lucky Camp" and the "Children's Home Camp" which resulted in a win for the former. The game was keenly contested and fortunately no bones were broken. The "Children" were sadly disappointed in their loss but threaten to do big things when they meet the Happy Go Lucky boys at football.

Meeting Board Trade today 4 p.m.

Miss McLean, principal of the Nanaimo Business Institute, left yesterday afternoon on a three weeks' holiday to her old home at Guelph, Ont. She will also visit Toronto and Hamilton before returning. During her absence Mr. J. V. Harrison will have charge of the school, classes being continued throughout the summer months.

Miss Armstrong, head milliner for D. Spencer Co., left yesterday afternoon on a three weeks' trip to Toronto and other Eastern points in the interests of her department. She will go as far as Montreal before returning and while away will visit all the leading wholesale houses on the look out for the new fall styles in millinery.

Mr. Thos. Scott, salesman for the Columbia Paper Company, arrived last night on the Patricia and will spend today in the city in the interests of his firm.

Warning notices of the extreme danger from forest fires on account of the dry weather have been sent out by Chief Forester H. R. MacMillan. The strictest regulations as to fire permits are being enforced. The danger is particularly noted in the East and West Kootenays and the Okanagan valley. A few fires have been reported in slashing but up to the present the fire rangers have been able to prevent these spreading to the green timber.

Meeting Board Trade today 4 p.m.

A bush fire is reported on Mosquito Island, outside Texada Island. From the amount of smoke on the gulf in that vicinity it is feared that the fire is a bad one.

Haliburton St. Methodist Church Picnic on August 6th to Chemainus. Return tickets $1.00.

MILITARY AUTHORITIES IN CHARGE AT QUEBEC

Quebec, Aug. 3.—The port of Quebec was placed today in charge of the military authorities. The northern channel off the island of Orleans was ordered closed to navigation, and it is believed to have been mined. All buoys and channel lights have been extinguished. The regulations forbid anyone approaching government ships or drydocks.

RUSSIANS SEIZE STEAMER.

Noverossiyisk, Russia, Aug. 3.—Russian authorities here seized today the German steamer Atlas and ordered the crew to disembark. They also sent vessels in pursuit of a German steamer which left port yesterday.

HUNTING FOR SOUTH AMERICAN GOLD

Mr. Fred Jarrett, formerly of Nanaimo, but now of Vancouver, is not going to the South Seas to look for gold in a sunken reef as was reported in these columns recently but is leaving with a company which has been incorporated under the name of the Anglo-American Exploring Co., for an uninhabited part of South Chile.

The company has a vessel fully equipped with provisions and material ready to sail from San Francisco and with it will go a picked body of men in charge of Mr. Jarrett. The expedition knows what it is after and intends to get it, and in the words of Mr. Jarrett are the kind of men what put the Empire on the map and hope to do most of their talking by deeds, not words.

FRENCH FRONTIER IS WELL FORTIFIED

Paris, Aug. 3—France has a coast line of 1760 miles, of which 1304 are on the Atlantic Coast and 456 miles on the Mediterranean Sea. Its land frontier extends over 1575 miles and this is the chief source of danger, this being open to attack by Germany. As a result of previous troubles and unending hostility, practically every foot of the land frontier has been constantly patrolled night and day for years.

Eleven hundred gnd fifty-six miles of this are along the German, Belgian, Swiss and Italian borders, and 419 along the Spanish frontier. Spain however, is neutral in the present war, so that strip is not giving the government any anxiety.

If the Germans invade France, as last night's despatches indicate they are attempting to do, they will have to take several points which are guarded by first-class fortifications. Each of them has numerous forts and are considered strong places. They have been equipped from time to time with the most modern defensive and offensive arms of war.

On the German fromtier are Verdun, Toul, Epinal and Belforte. These form what is termed an advance line. In the second line are Maubeuge, Lafere, Reims, Langres, Dijon and Besancon.

There are also a few isolated forts near Nancy, Luneville, Remistmont and Nice. According to last night's despatches, the Germans are choosing the line of least resistance and heading for Nancy, in preference to attacking the stronger points. It is announced that the French are hastening forces to strengthen the position at Nancy.

THE BRITISH NAVY IS MOBILIZED

London, Aug. 3—The British Admiralty has announced that the mobilization of the navy was completed at 4 o'clock this morning. This was due to the rapidity in which the Reserve men responded to the call of the Government.

A despatch has been received from Brussels that Germany has sent another ultimatum to Belgium and negotiations between the two countries are proceeding.

WELLINGTON NEWS
(Contributed.)

Arrangements for the annual garden party which takes place tonight at Mr. J. Loudon's have been completed. The members of the Presbyterian church have spared no time or effort in order to make it a success, and there is no doubt, whatever, but it will prove to be a very happy gathering. The chairman for the evening will be the Rev. A. K. McLennan D. D., the popular and talented pastor of St. Andrew's Church, Nanaimo. Free lunches will be served on the grounds (cakes from ladies gratefully accepted). An evening's enjoyment unparalleled in the history of Wellington and district is assured to all who may find it convenient to make an appearance at the garden party.

The problem of a warm church was solved Sunday night by Mr. N. D. Patterson. Services instead of being conducted in the church, were held outside on the beautiful church lawn. Mr. Patterson spoke on "Christ Dwelling Within," and a goodly gathering were present. A duet was sung by Messrs. Harold and Reginald Cribb. The services next Sunday evening will also be held outside weather permitting.

Mr. Harold Cribb, of Vancouver, spent the week-end with his parents at Ilfracombe ranch.

Mrs. Stone of Big Lake, is at present enjoying a holiday visiting friends in Vancouver and on the Mainland.

Mrs. Hueston and daughter are leaving here this week to make their residence at Parksville, B. C. All good wishes go with them.

Mr. N. D. Patterson will conduct services next Sunday in the new hall at Nanoose Bay, at 10.30 a. m. All are cordially invited.

BELGIAN SOCIALISTS DECLARE FOR WAR

Brussels, Aug. 3.—The council of the Labor party has decided to abandon the anti-war demonstrations and has resolved to issue a manifesto to Socialist workmen in which it is declared that by exercising the legitimate right of self-defence, they are fighting against barbarism and for political liberty and democracy.

The council has decided that the Socialist party in the chamber should vote the necessary war credits.

Antwerp, Aug. 3—Martial law was proclaimed here today, and all business was at once suspended.

Coblenz, Germany, Aug. 3 — Eighty French officers in Prussian uniforms attempted yesterday to cross the German frontier in automobiles near Walbeck on the Dutch frontier to the west of Geldern. The attempt was unsuccessful.

Rome, Aug. 3—Italy today formally proclaimed her neutrality in the European conflict.

GREECE GETS WARSHIP

Washington, D. C., Aug. 3.— Greek colors were hoisted today at Villa Franche on the former American battleship Idaho, which with the Mississippi recently was sold to Greece. The Idaho's crew was transferred to the battleship Maine.

The Mississippi, dedicated to the Greek service on Wednesday at Newport News, would be obliged to leave that port within twenty-four hours if Greece should become involved in a general European war. A Greek crew now is on the way to Hampton Roads to take the warship to Mediterranean waters.

Berlin, Aug. 3—The German border troops from Lubinitz, Silesia, after a short skirmish with Russians took Czenstocoua, Russian Poland. Bendsiz and Kalish, Russian Poland, have also been captured by the Germans.

(Continued on Page 3)

MAY EXTEND DUKE'S TERM

Ottawa, Aug. 4.—The Duke of Connaught's term as Governor General of Canada is likely to be extended and the arrival of the Prince of Teck deferred if the hazardous condition of affairs in Europe continues. It would now be unsafe for either the Duke or the Prince of Teck to cross the ocean.

CENSORSHIP IN RUSSIA.

St. Petersburg, Aug. 4.— A ukase imposing a military censorship was established today. Prince George Troubetsky, director of the near Eastern department of the foreign office, has been appointed minister to Servia.

RECEPTION TO FRED KILLEEN AND BRIDE

Mr. and Mrs. Fred Killeen who arrived home Sunday from their honeymoon trip were tendered a reception Monday evening at the home of the bride's mother, Mrs. Shaw, Haliburton street.

There were a large number of invited guests in attendance besides relatives of the contracting parties, and the evening was one long round of pleasure.

Mr. and Mrs. Killeen were the recipients of a large number of beautiful and costly wedding presents, including a Morris chair by the Nanaimo Baseball Club.

PRESIDENT POINCARE

Of France whose armies repulsed the Germans at three different points in battles fought Monday. Yesterday's despatches state three German cruisers were sunk in the Mediterranean by French warships.

PROTECTING EMBASSY

London, Aug. 5—The German Embassy in London is being protected by soldiers.

TO DRILL LOCAL MEN FOR SERVICE

Colonel Hall has now a large list of names of Nanaimo men anxious to serve the Empire in case of general mobilization orders throughout Canada. In order that these men shall be prepared as much as possible should mobilization take place Colonel Hall officers and men have agreed to lend their assistance in drilling them.

For this purpose drill classes are being opened at the barracks and from now on drills will be held day and night for the accommodation of volunteers. As a number of clerks cannot get out in the day time drill classes will be held at any hour in the morning before business hours for their accommodation. The same applies to those who cannot drill morning or day time and drill squads will be given instruction in the evening.

All men who have signed the lists or all wishing to sign are asked to leave word at the barracks what hour would best suit them for drill squad work.

MEMBERS OF SIXTH VOLUNTEERS SERVICE

Members of the Sixth D. C. O. R., stationed in Nanaimo have written to headquarters in Vancouver volunteering for service at the front. The offer has been accepted,, the appended letter being one of many that have been received in reply:

"I am pleased indeed to have your letter asking me, that in the event of hostilities breaking out, and the necessity arises for sending contingents to the front, that you wish me to do my utmost to get you enrolled on the first fighting line.

"I can assure you I appreciate your letter. It is only what I expected of you, and would expect from any member of the "'Fighting F.'"

"When the time comes you can depend on my doing my part to get you on the first contingent. It looks from reports this morning that we will be all in the fight and I am very sure that "Sharp Shooting Sixth" will not be behind in the number and quality of men volunteering.

"Give my best wishes to all the boys."

Location of the German Fleet Is Now Revealed

Destruction of British Mine Laying Crew Shows British Admiralty Where German Fleet is Mobilized —Big Naval Battle is Imminent and May Already have been Fought.

Nearly All Europe is Now at War

Three German Cruisers Are Sunk By French Fleet In The Mediterranean----German Invasion of France Repulsed At Three Points----Germany Hurls Army Into Belgium.

London, Aug. 4.—Great Britain declared war against Germany at seven o'clock tonight.

London, Wednesday, Aug. 4.—The Daily Chronicle has a special edition stating that England and Germany are at war.

Berlin, Aug. 4, (Flash)—Germany has declared war on Great Britain.

New York, Aug. 4.—The New York Herald is in receipt of a flash stating that Great Britain officially declared war on Germany and requested the German ambassador to ask for his passports.

London, Aug. 4.—The Reuters Telegram Co. announces that it learns that a state of war exists between Great Britain and Germany.

London, Aug. 4.—Great Britain will take over all the warships now building in British shipyards for foreign powers, including two Turkish Dreadnoughts which are about completed. Work is being rushed on all British vessels which are now in docks undergoing repairs.

Paris, Aug. 4.—A Havre despatch from Algiers says that French warships have sunk the German cruiser Panther.

Brussels, Aug. 4.—Word has reached here that the Germans are shelling Liege and Namur.

Algiers, Aug. 4.—According to an official despatch the French fleet has captured two German cruisers, the Goshen and Breslan.

London, Wednesday, Aug. 5 — The exact location of the German fleet is known, its whereabouts being revealed by reason of the destruction of a British mine laying ship. British experts agree that the sinking of the British mine laying crew was a mistake on the part of the Germans for by so doing they revealed their whereabouts, to the fleet under Sir Admiral Jellicoe which has orders to either capture or destroy it.

London, Aug. 4.—In a speech to a large and patriotic number of his subjects tonight, King George said he had no doubt Britain's navy would revive the traditions of the past.

Victoria, Aug. 4.—The Blue Funnel liner Protesilaus which has just reached here from the Orient has been chartered for a hospital ship by the British government.

The Hague, Aug. 4.—Queen Wilhemina reviewed the Dutch troops from the balcony of the palace amid scenes of great excitement.

Ottawa, Aug. 4.—The Duke of Connaught has received the following message from the Hon. Lewis Harcourt, Colonial Secretary this afternoon:

Please communicate the following message to your Ministers from His Majesty the King: "I desire to express to my people of the Overseas Dominions the deep appreciation and pride with which I have read the messages from their respective governments during the last few days."

London, Aug. 4.—Turkey has notified Great Britain that the forces of the Ottoman Empire are being mobilized. Mobilization declares Turkey is a precautionary measure and Turkey will remain absolutely neutral. In some quarters, however, it is stated this step is being taken by Turkey in the fear that the Russian Black Sea fleet will attempt to pass the Bosphorous, and that Russia may land on the Turkish shore of the Black Sea and attempt ro seize the forts guarding the Dardenelles.

(Continued on page 2)

CZAR NICHOLAS OF RUSSIA.

whose land and naval forces are now lined up with France and Britain in a mighty struggle with Germany and Austria.

The 88th Victoria Fusiliers, of which Colonel Hall, now stationed at Nanaimo, is commanding officer, has offered its services to the Empire for use anywhere the authorities may direct. The offer was despatched yesterday.

BRITAIN TAKES OVER FOREIGN WARSHIPS

London, Aug. 4—The British Admiralty officially announces that the government has taken over the two battleships, one finished and the other nearly completed, ordered in England by Turkey and two destroyers ordered by Chile. The battleships have been renamed the Erin and Agincourt.

TO FIGHT FOR EMPIRE.

Toronto, Aug. 4.—Gen. F. L. Lessard, commanding the second division, stated that seventy-five per cent of the militia had signified their willingness to be enrolled in the contingents which Canada will supply Many have also volunteered for the nursing staff. Large crowds cheering and singing patriotic songs surrounded the newspaper offices until a late hour last night and bands paraded the streets.

BRITONS CONFIDENT OF EMPIRE'S SUCCESS

London, August 4 — Extraordinary scenes have been witnessed all over England since it was announced that Britain and Germany were at war. While the utmost excitement and enthusiasm have been manifested it is realized that events of the most momentuous importance are taking place on the Russian and German frontiers, in the Baltic Sea and in France. Still the people are confident of the issue, and are ready for the struggle, the whole country being swept with a wave of loyalty and patriotism.

Brussels, Aug. 4—News reached here that the Germans are shelling Leige and Nanur.

NANAIMO MEN FOR WAR SERVICE

Large Number of Men Last Night Offer Services to 88th Victoria Fusiliers in Case of Canadian Mobilization Orders.

While soldiers were parading the streets last night, and crowds of people hung outside the Herald office looking for the latest returns a little scene was being enacted in the Board of Trade rooms that shows the temper of the British people when the Empire is at war. This was the volunteering of over fifty Nanaimo men for the Canadian militia.

The meeting was called under the auspices of the Nanaimo Rifle Association the only thing we have in Nanaimo pertaining to the militia and which is under the direct control of the militia department in case of emergency. Dr. O'Brien, captain of the local rifle association occupied the chair and Col. Hall, Captain Cooper and Capt. De Salis were present. The meeting was crowded, to the doors.

Col. Hall spoke at some length dwelling on the present crisis and stating that the order for mobilization of the Canadian forces was expected at any moment. He stated that men could sign the lists specifying any regiment they wished to join in case of mobilization.

After the Colonel's speech he and his officers withdrew and the meeting discussed what action to take. The application of the local Militia Club for authority to organize four companies of the Canadian Militia forwarded to the minister some time ago being not likely to receive immediate consideration at Ottawa at present owing to press of business the men decided to offer their services to the 88th Fusiliers of Victoria, Col. Hall, commanding officer, in case mobilization orders are issued. This the meeting did by motion as a whole and afterwards lists of the Rifle Association were opened, which were signed by a great many present.

Other lists are now open at the Barracks and at the Herald office for all three regiments represented at Nanaimo, the 88th Regiment "Victoria Fusiliers" the 72nd "Seaforth Highlanders of Canada:' and the 6th Regiment, "Duke of Connaught's Own Rifles." The lists read as follows:

We, the undersigned, agree to enlist in the regiment. In order to sign, the following columns in the lists have to be filled out: Name, address, age, married or single, previous experience.

These lists may be signed at the Barracks or at the Daily Herald office.

ALKI IN PORT WITH TOURISTS

The steamer Alki of the Northland Steamship Company of Seattle, arrived in port yesterday with a special party aboard on a cruise to Alaska. Included in the party were Mr. Bradford, an official of the company and Mr. W. A. Lancaster, postmaster of Fort Casey, Washington.

The party expect to be away a week or ten days.

Notice to Employees of Canadian Collieries

The appended notice which appeared in yesterday's issue of the Ladysmith Chronicle, needs no explanation:

NOTICE TO THE EMPLOYEES OF THE CANADIAN COLLIERIES (DUNSMUIR) LIMITED.

Owing to the grave situation which has arisen in Europe and the probability that Canada may call for the loyal support of the members of its Militia and Naval Reserve we desire to notify all of our employees that those who are now members of the Militia or in the Naval Reserve and are called for service, or those who may desire to enlist for service, have our full and hearty approval in doing so. Employees so called upon will register at the nearest office of the company. All who are so registered will be reinstated in their former positions when they shall have finished their service to their country.

(Sgd.) CANADIAN COLLIERIES (DUNSMUIR) LTD.

By J. R. Lockart and approved by H. F. Flemming, chairman Executive Committee.

FOR AMERICANS IN EUROPE.

New York, Aug. 4.—Three and one-half million dollars in gold was withdrawn today from the sub-treasury to be used for the relief of Americans in Europe who have been unable to have their letters of credit cashed. The gold was withdrawn by the Bankers' Trust Company. It was rumored that the government will be asked to transport the gold to Europe.

NANAIMO AMBULANCE MEN VOLUNTEER

There are in Nanaimo some 75 or 80 men who hold certificates of the St. John's Ambulance Association whose services will likely be used in connection with the present war.

Dr. L. J. O'Brien has telegraphed headquarters, offering his services, and he is desirous of having the Ambulance men in Nanaimo accompany him as a corps if a sufficient number will volunteer their services. He, therefore requests that any person holding an Ambulance certificate who is willing to offer his services inform him of the fact as soon as possible.

KING GEORGE TRIED TO AVOID WAR

London, Aug. 4—King George's telegram to the German Emperor in a personal effort to avoid war and the Kaiser's reply have been made public. The King expressed the opinion that there had been some misunderstanding to lead to the breaking off of negotiations.

The Kaiser stated that he had fought against war until he was worn out. We are not pushed on by the desire of conquest. He was following in the steps of his grandfather and he put his trust in the Almighty. As Germans they would stand or fall together.

WILL NOT ANSWER CALL.

Welland, Ont., Aug. 4.—A political club with 300 members has been organized by the Slavs of Welland, Russians, Poles and Croatians are subjects of Austria-Hungary and every member has agreed not to answer Austria's call to arms. About fifty have so far received notices.

"INSOLENT ATTACK OF ENEMY"

St. Petersburg, Aug. 4.—Emperor Nicholas issued today a manifesto in which His Majesty outlined the events leading up to the declaration of war by Germany and then says that "Russia will rise like one man and will repulse the insolent attack of the enemy."

GOVERNMENT'S ACTION.

There is a certain number of people who are opposed to war under any conditions. In theory at least they would not even oppose attacks upon their lives and property. In actual practice there are very few men of this type. There are, however, large numbers of men whose opposition to war and all the horrors that flow in its train is so strong that they are prepared to go to extreme lengths to preserve peace. It is at least possible to understand, and to a certain extent, to appreciate this point of view. But there are always exceptional circumstances to be considered, and peace at any price is a crooked policy, dishonest and immoral. Reports from the Old Country state that a large Liberal following wishes England to maintain its neutrality at all costs. Despatches received on Monday night state that Burns and Morley are to resign because they cannot support the government's war policy. MacDonald, the labor leader, could not see that England was required to interfere by her treaty obligations, and he was not convinced that the country was in danger. The general view is exactly the opposite. Great Britain has exercised a paramount influence in European affairs and actually determined its policy. It was British planning and British diplomacy that led to the formation of the Triple Alliance and the Triple Entente. Further than this in her own interests and for her own protection she has constituted herself the protector of smaller European nations, notably Belgium. It is not France and Russia that Germany in attacking, but the British policy which knit these two powers together. France and Russia have done nothing but live up to the obligations of their alliance with Great Britain. It is because they are members of the British alliance that they are being attacked. How then is Britain to keep out? She sees the policy she originated the cause of German aggression, and her allies attacked chiefly because they are her allies. Can Britain in honor remain neutral? She herself is being attacked through her policy, and France and Russia only for being identified with it. In this sense she is responsible for the attack on France and Russia. Moreover her guarantees to neutral states have also been set at naught by Germany. Self-interest and self-protection compelled England to set up the neutrality of Belgium. Millions of British money and thousands of British lives have been sacrificed to this same end in years gone by. It is of greater importance today than ever it has been in the past that Belgian independence should be maintained. Yet Germany has crossed the Belgian borders. It is futile on Germany's part to assure the British government that after the war the independence of Belgium will be restored. The question to be answered is what are Germany's objects in the war? There was no immediate cause for it. The war has been forced on both France and Russia by Germany itself. It is aimed at British paramountcy, and the object is to establish the supremacy of Germany. The danger to Great Britain is not only as great but infinitely greater than to France and Russia. Should Germany be successful against the latter two powers it is not to be expected that it would alter the map of Europe to suit British wishes or British interests. Germany's challenge in the last analysis is addressed to Great Britain. The war simply embodied the revolt of Germany against British policy and the preponderating influence of Britain in the councils of Europe. Lord Morley and the Liberal statesmen of his type have at least endorsed this policy, and now would disassociate themselves from its direct consequences. Their action is not only inconsistent but may be set down as an attempt to escape their responsibility. There is no question of British aggression. There has been no rampant jingoism, so signs of war fever. The supreme gravity of the situation has sobered the populace; but there is no disposition to shirk the issue. The very existence of the Empire is at stake, and there will be an Imperial response. In the Dominions the surprising thing is that the British government should have delayed action for so long, and the feeling over the whole Empire undoubtedly is that Britain cannot strike too soon.

BRITAIN AT WAR.

The inevitable has happened and Great Britain is now at war with Germany. The developments of the last few days left the United Kingdom with no alternative. The one fact that has emerged clearly is that the crisis is of Germany's creation and that ultimately the challenge was directed at Great Britain. This first became evident when Germany refused to act with Great Britain to maintain the peace of Europe, or even to localize the conflict. Since that time Austria has simple been a passive instrument in the crisis. It was Germany that forced war upon Russia, that invaded French territory, and compelled Britain to take action. Now the die is cast. Germany and Austria are arrayed against Russia, France and Great Britain, and we are on the eve of the greatest war the world has ever known. Throughout the British Empire it is realized that the very existence of the Empire is at stake. Victory for Germany means the disappearance of the British Empire, the greatest in wealth, in extent, and in influence the world has ever known. No delusions are cherished as to the nature and character of the struggle. Britain is to fight for its very existence, and Britons the world over are ready to do or die. There has never really been any hope that Britain could avoid the conflict, and with this feeling the whole Empire has been kept in a state of supreme tension waiting for the formal announcement of war. Now that the declaration has been made the feeling is one of relief from strain even though the colossal nature of the struggle about to begin is fully realized. The scenes in the streets of Nanaimo last night only typify what has occurred over the whole Empire. The Imperial government has done everything possible to avoid war and to preserve peace. In the supreme action it has taken it will have the loyal and enthusiastic support of the whole Empire. Cost what it may the war will be fought to the bitter end, until British supremacy has been once again established and the Union Jack waves unchallenged in all British possessions.

NO COALITION CABINET.

London, Aug. 4—The idea of a coalition war cabinet is repugnant to the Liberal newspapers, and, according to the Liberal chief whip, there is no intention to form a ministry of this sort.

WILL PROTECT FRENCH.

Vienna, Aug. 4—The United States embassy here has undertaken the protection of French citizens resident in Austria-Hungary.

LOCATION OF GERMAN FLEET NOW REVEALED

(Continued from Page 1)

London, Aug. 4—The British foreign office has issued a statement that owing to the summary rejection of the German government of the request made His Britannic Majesty's Government that the neutrality of Belgium be respected His Majesty's ambassador to Berlin received his pass ports and this government do declare to the German Government that a state of war exists between Great Britain and Germany from 11 o'clock p.m. August four.

The announcement that Germany assumed the responsibility for the conflict by declaring war on Britain first was received with relief by officials. England is ready and orders have already gone forth to the commander-in-chief of the British naval forces to wipe out the German fleet and it is believed if the fleet has not already done so it will within the next few hours.

Turkey has notified Great Britain that the forces of the Ottoman Empire were being mobilized as a precautionary measure but Turkey will remain absolutely neutral. It is believed this step has been taken by Turkey for fear the Russian Black Sea Fleet will attempt to pass through the Bosphorus and Russia may even land troops on the Turkish shores of the Black Sea and seize Constantinople.

The British Admiralty officially announces that the Government will take over two battleships, one completed and the other nearly completed.

King George has addressed a message to all British colonies expressing appreciation of spontaneous self-sacrifice and help given by them in the past and shall be strengthened in the charge of the great responsibility which rests on me and I feel confident in the belief that in the hour of trial the Empire will be united, calm, resolute and trusting in God.

The third resignation in the Asquith cabinet because of England's war policy came this evening when C. F. Masterman, chancellor of Lancaster resigned.

Ottawa, Aug. 4—The Government decided to summon Parliament to deal with the war situation.

The Duke of Connaught has received a message from Lewis Harcourt, Colonial Secretary: "Please communicate to your ministers the following message' His Majesty the King desires to express to my people of the Overseas Dominions my appreciation and pride of the messages I have received from my respective governments during the last few days."

Bordeaux, Aug. 4—Two German cruisers in this port were seized today.

Berlin, Aug. 4—The Kaiser told the Reichstag today he had fought against war till Germany's honor demanded he strike against Russia, when he opened the session of the German parliament today.

Minard's Liniment Cures Garget in Cows.

This is to certify that I have used MINARD'S LINIMENT in my family for years, and consider it the best liniment on the market. I have found it excellent for horse flesh.

NO TRUTH IN LEIPZIG STORY

San Diego, Cal., Aug. 4—The German cruisers Leipzig and Nuremberg captured the British steamer Queen Maud, off Magdalena Bay, according to reports received here today.

The British warship Shearwater immediately cleared for action and left at full speed for the west coast of Mexico. The British sloop Algerine and the Canadian auxiliary cruiser Rainbow had been on the lookout for the same German ships that have captured the Queen Maud. Commander Truesdale of the Shearwater is said to have notified the Japanese cruiser Idzume, which is assisting the Algerine and the Rainbow.

San Francisco, Aug. 4 — Wireless advices received here today from the American flagship California report that the German cruiser Leipzig was still at Mazatlan last night. Nothing has been heard of the German cruiser Nuremberg, which left Honolulu last week, supposedly for German Samoa.

RIVAL NAVAL STRENGTHS

In the event of war developing between the nations of the Triple Entente abd those of the Triple Alliance approximately 2,000 war vessels of all classes would be involved in the struggle. We have compiled the following tables, which will afford an estimate of the warships of the principal powers:

	Built.	Building
Triple Entente:		
Great Britain—		
Super-dreadnoughts	13	17
Dreadnoughts	16	..
Other battleships	48	..
Armored cruisers	34	20
Cruisers	72	8
Destroyers	215	36
Torpedo-boats	118	..
Submarines	77	19
Totals	593	100
France—		
Super-dreadnoughts	..	8
Dreadnoughts	2	2
Other battleships	27	..
Armored cruisers	23	..
Cruisers	15	..
Destroyers	84	3
Torpedo-boats	324	..
Submarines	78	19
Totals	552	32
Russia—		
Super-dreadnoughts	..	4
Dreadnoughts	..	7
Other battleships	13	..
Armored cruisers	6	8
Cruisers	8	6
Destroyers	59	45
Torpedo-boats	42	..
Submarines	31	18
Totals	159	83
Triple Alliance		
Germany—		
Super-dreadnoughts	..	3
Dreadnoughts	17	8
Other battleships	30	..
Armored cruisers	9	..
Cruisers	37	6
Destroyers	141	24
Torpedo-boats	47	..
Submarines	27	10
Totals	308	51
Austria—		
Super-dreadnoughts	..	..
Dreadnoughts	2	2
Other battleships	14	..
Armored cruisers	3	..
Cruisers	5	3
Destroyers	18	..
Torpedo-boats	63	27
Submarines	8	3
Totals	113	35
Italy—		
Dreadnoughts	4	2
Super-dreadnoughts	..	..
Other battleships	11	..
Armored cruisers	10	9
Cruisers	13	..
Destroyers	32	10
Torpedo-boats	97	8
Submarines	18	8
Totals	185	37

The foregoing figures do not include scout cruisers or the lesser miscellaneous ships of the several fleets. In addition many of the ships described as building have since these figures were compiled been placed in commission. It is impossible to obtain an accurate estimate of the commissioned strength of the different European navies, but the figures quoted afford a comparison which gives an excellent approximate idea of how the fleets rival each other in numerical strength.

Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

E. E. BROWN,
June 20, 1914. 2m

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. Royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

MARS-LA-TOUR POINT OF INVASION.

Paris, Aug. 4—German troops today crossed into French territory near Mars-La-Tour, where one of the most important battles of the Franco-Prussian war was fought August 16, 1870.

A German aeroplane last evening dropped three bombs on the French fortified town of Luneville to the southeast of Nancy. Some property damage was caused, but there were no casualties.

The Germans have also penetrated French territory at Longlaville, in the department of Meurthe et Mozelle a part of old Lorraine, near Longwy and later invaded Cirey Sur Vezousi in the same department.

The German entry into the Duchy of Luxemburg was headed by thirty-five automobiles filled with officers, this being followed by cavalry in force.
