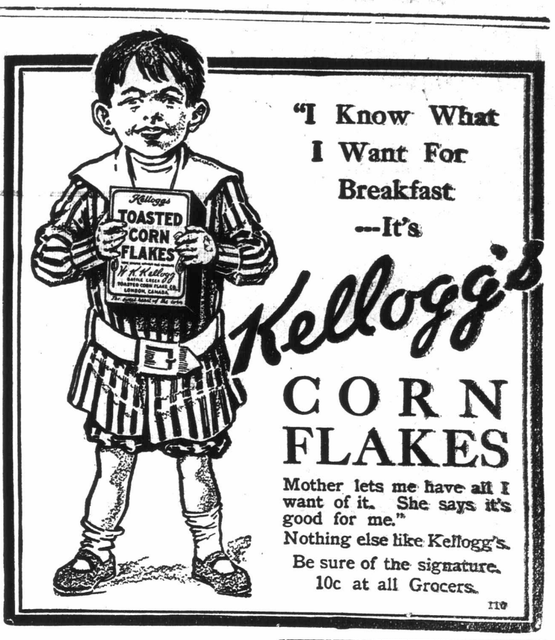
ALMOST FAINTED IN THE STREET



In Daily Fear Of Death—Until "Fruit-a-tives" Brought Relief.

CHATHAM, ONT., April 3rd, 1913.

"Some two years ago, I was a great sufferer from Indigestion. One day my eye caught a billboard of "Fruit-a-tives" and I said to myself "if Fruit-a-tives will build me up like that, it is good enough for me". I bought some. After taking these wonderful tablets for only three weeks, I found myself wonderfully improved. In a short time longer, I cured myself entirely. My case was no light one, either, Gas would often form in my stomach and I was in daily fear that it would get around my heart and kill me. "Fruit-a-tives" is the only remedy for Indigestion".

C. T. HILL.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

"I Know What I Want For Breakfast —It's Kellogg's CORN FLAKES

Mother lets me have all I want of it. She says it's good for me."

MARS-LA-TOUR POINT OF INVASION.

Paris, Aug. 4—German troops today crossed into French territory near Mars-La-Tour, where one of the most important battles of the Franco-Prussian war was fought August 16, 1870.

A German aeroplane last evening dropped three bombs on the French fortified town of Luneville to the southeast of Nancy. Some property damage was caused, but there were no casualties.

The Germans have also penetrated French territory at Longlaville, in the department of Meurthe et Mozelle a part of old Lorraine, near Longwy and later invaded Cirey Sur Vezousi in the same department.

The German entry into the Duchy of Luxemburg was headed by thirty-five automobiles filled with officers, this being followed by cavalry in force.

SERVIAN MONARCH AGAINST WHOM AUSTRIA IS MAKING WAR.

King Peter of Servia, whose ancestry in the royal line is probably the shortest of any European monarch.

Peter I was born in Belgrade in 1846, the son of Alexander Karageorgevic, who was the Prince of Servia from 1842 to 1858. He came to the throne of Servia in 1903, following the bloody murder of King Alexander and Queen Draga by officers of the Servian Army. His reign has been beset by many troubles, among them the actions of his eldest son, George, who finally resigned from the succession under pressure.

King Peter is descended from the great Karageorge, a peasant who was the leader of the insurrection against Turkey in 1801, when Servia gained her freedom. The first Karageorge reigned as Prince of Servia from 1801 to 1813, when he was supplanted by the Obrenovic line, who ruled until 1903. King Alexander was the last of the Obrenovics and after his murder King Peter was recalled from his exile in Switzerland.

AUSTRALIA READY WITH 20,000 MEN

Sydney, N.S.W., Aug. 4.—The government is proceeding with a partial mobilization of Australian troops at critical points in order to be prepared if war should affect the integrity of the Commonwealth Cable and wireless stations are being placed under guard and the militia force is being brought up to an effective strength. The demands for men have been met chiefly from permanent forces, while 700 members of the Citizens' Force are being called out to make up the balance. All vessels entering the ports of Sydney, Melbourne, Adelaid?, Hobart, Newcastle, Brisbane and Thursday Island must submit to an examination, while Sydney Harbor is being closed immediately after nightfall and during fogs. All vessels must have pilots and the pilot exemption has been suspended. Rigorous orders have been issued to stop any unauthorized connection with the shore and to prohibit any approach to government vessels.

It is rumored that the federal elections, which were to have been held in September, have been postponed.

The Prime Minister has announced that the government has resolved in the event of war to offer an expeditionary force of 20,000 men of any combination which might be suggested by the home office in London. The cost of despatching and maintenance of this army will be borne by the Commonwealth.

Mr. Cook's attention was called to a report that Canada was intending to detain foreigners and ships immediately upon the outbreak of hostilities. Asked if Austria would do likewise he shook his head and remarked that he had nothing to say about that.

Mrs. Jno. Ewing of Nicol street, returned last night from a visit to relatives in Vancouver.

Mrs. J. McCain and Miss McCain, returned home last night from a visit to friends in Vancouver.

Conkey's Chicken Remedies, Fly Knocker and Disinfectants are the most reliable. Brackman-Ker Milling Co. Phone 485.

Mrs. W. S. Bentley returned last night from a visit to relatives in the interior.

PARISH PRIEST KILLED

Paris, Aug. 4—A German detachment entered today the village of Momeville in the department of the northeast Moselle. A parish priest was killed.

According to an E. & N. advertisement appearing in this issue the new extension to Courtenay will be opened on Thursday, August 6th. Trains will run from Nanaimo to the new northern terminus on Tuesday, Thursdays and Saturdays, leaving here at 12.45. Trains from Courtenay and Parksville will arrive here on Mondays, Wednesdays and Fridays at 2:35.

The C. P. R. liner Empress of Russia, Captain Wellesley Davison, R. N. R., retired, has been ordered to proceed to Hongkong as soon as possible and report to the senior naval officer there for service with the British China squadron. This intimation was received by the C. P. R. authorities at Vancouver yesterday.

HERALD'S WAR NEWS TUESDAY

Turkey informed Great Britain that forces of the Ottoman Empire are being mobilized. Turkey explains that the mobilization is only as a precautionary measure as Turkey will remain absolutely neutral.

Algiers, Aug. 4—According to an unofficial report the French fleet has captured two German cruisers, the Goeben and the Breslau.

London, Aug. 4—Great Britain today sent a practical ultimatum to Germany demanding to have a satisfactory reply by midnight on the subject of Belgium neutrality.

London, Aug. 4 — The government has decided to guarantee war risks on flour and wheat shipped from Canada or the United States to Great Britain.

London, Aug. 4—According to the Times some Cabinet changes are immediately expected, and it is virtually settled that Premier Asquith will entrust the portfolio of war to other hands, probably to Field Marshal Earl Kitchener.

London, Aug. 4 — The House of Commons today voted five hundred and twenty-five million dollars for emergency purposes.

They also passed several other provisional war appropriations in five minutes without one dissenting voice.

The British warship Shearwater immediately cleared for action and left at full speed for the west coast of Mexico.

Berlin, Aug. 4—A bill was introduced in the German Imperial parliament today providing an appropriation of one billion, two hundred and fifty million dollars to meet the expenses of war.

Rome, Aug. 4— Germany today made a strong appeal to Italy to assist her as a member of the Triple Alliance. Italy however intends to remain neutral.

Berlin, Aug. 4 — A German military force captured at Stuttgart this morning twenty million dollars in gold going to Russian banks under the care of a small Cossack force.

Paris, Aug. 4 — A squad of German cavalry invading France intending to destroy telegraphic lines at dawn this morning, north of Nancy, was completely annihilated, fifty being killed and seventy-five taken prisoners.

London, Aug. 4—Reuters announce that it learns that a state of war exists between Germany and Britain.

London, Aug. 4—An order was issued this evening giving the government control of all the railroads in Great Britain.

GERMANS ARE STRICT

Washington, Aug. 4.— No Americans can leave Germany for the present. Through the German embassy at Newport the state department has been informed that during the progress of mobilization no foreigners will be permitted to depart.

JAPAN WILL NOT HESITATE TO STRIKE

Tokio, Aug. 4—A proclamation by the Japanese government, dealing with the European situation expressed the hope that peace would be speedily restored. Its own desire will be to remain neutral but if at any time Japanese interests should be endangered it will not hesitate to strike.

B. & K. Rolled Oats and Canadian Wheat Flakes are the best and freshest in the market. Brackman Ker Milling Co. for quality. Phone 485.

STATEMENT FROM JAPAN.

Tokio, Aug. 4—The Japanese foreign office today issued a statement that if the war extends to the Far East and England is involved in it, Japan may find it necessary to participate in the fulfillment of the Anglo-Japanese alliance.

Big Naval Battle in the North Sea

LONDON, Thursday, Aug. 6—The Harwich correspondent of the London Daily Chronicle has telegraphed his paper that a big naval battle is in progress in the North Sea.

The hospital ship Virago has received a wireless message to be in readiness to receive two hundred wounded prisoners.

FIVE OF GREAT POWERS AT WAR

Theatre of War is Cut Off From Communication With Outside World and but Little News Leaks Through.

London, Aug. 5.—Although five of the great European powers, Austria, England, France, Germany and Russia, are at war and millions of men on land and sea are under arms and ready to strike, developments of prime importance were few today. The cutting of the German telegraph and telephone lines and the severance of the German trans-Atlantic cable virtually cut off Germany from communication with other countries. Reports from France, Belgium, Holland and Russia showed that Germany's armies were steadily moving forward east and west and that her advanced posts were in contact with the opposing Russian and French armies.

In England preparations were rapidly completed for naval activities after the declaration of war last night but the authorities would not permit any leakage of news as to military or naval movements.

Several German ships in British waters, including the Belgia, with 73 German reservists and a quantity of foodstuffs on board, were declared prisoners of war. The Maria Leonhardt, in the Thames, suffered a similar fate.

The British government today commandeered the horses belonging to the express companies and big departmental stores, thus causing almost a suspension of business.

On the coast of the North Sea, where it had been reported erroneously that a naval battle was in progress last night, the British government has taken over all schools and other buildings for conversion into hospitals in readiness to receive the wounded men and after the expected important naval encounter between German and British fleets.

Volunteers were requested for the British army and this was taken as an indication that an expeditionary force was to be sent out, but no authentic information on this point was obtainable. In Frence the minister of war declared mobilization to have proceeded satisfactorily and everything to be in readiness with General Jeffre, commander-in-chief at the frontier.

As the Black Sea has been tightly closed by Turkey's shutting the Dardanelles and Bosphorus in order to maintain her neutrality, the Russian fleet there has no difficulty in making captive many German and Austrian vessels.

Austria and Servia appear to have stopped their activities, or at least to have put a strict censorship on the news of any important events, as no news dispatch of importance reached the British capital from those two countries.

LLOYDS LOCAL AGENT ADVISED

Mr. J. S. Knarston Asked to Advise All British Shipping o' Presence on Pacific Coast of German Cruisers.

Mr. J. S. Knarston, sub-agent for Lloyds in Nanaimo has received from Mr. Gardner Johnson, of Vancouver, B. C., agent for Lloyds, the appended telegram which is self explanatory:

J. S. Knarston,
Nanaimo, B. C.

I have received two cables today from the Secretary of Lloyds as follows: "Warn British shipping two German cruisers operating on the west coast of North America and Canada. Notify British shipping Admiralty advises abandon regular tracks and inform other British ships."

I will be glad if you will give these two cables as much publicity as possible.

GARDNER JOHNSON.

WANT RESERVES FOR CANADA'S NAVY

Ottawa, Aug. 5—The Dominion government is calling for reserves to return to the navy in order that the Niobe and the Rainbow may be manned to their full strength.

Seattle, Aug. 5—The Iquique and Antafogasta, the submarines constructed at the yards of the Seattle Construction & Drydock Company, under contract with the Electric Boat Company of New Jersey for the navy of Chili, have been sold to the Dominion of Canada, and are today practically, in service to protect the west coast of Canada against possible attack from German ships of war. They are now at Victoria.

AMERICANS IN DENMARK

Copenhagen, Aug. 5.—The American legation here was practically in a state of siege today. Nearly 1000 American citizens have reached this city from Hamburg, whence they intended sailing for America on the Imperator and other liners. Most of them left their baggage in Germany.

Some of the Americans will endeavor to reach America by way of England, while others will sail on the Danish liner United States.

WILSON OFFERS HIS SERVICES

President of the United States Addresses Note to Rulers of Nations Now Engaged at War in Europe.

Washington, Aug. 5—President Wilson has offered his good offices to all the European powers involved in the war. The president has sent the following message to Emperor William, Emperor Nicholas, Emperor Francis Joseph, President Poincare and King George:

"As official head of one of the powers signatory to The Hague convention, I feel it to be my privilege and my duty under article 3 of that convention to say to you in a spirit of most earnest friendship that I should welcome an opportunity to act in the interest of European peace either now or at any other time that might be thought more suitable as an occasion to serve you and all concerned in a way that would afford me lasting cause for gratitude and happiness.

(Signed) "WOODROW WILSON"

The proffer of good offices was forwarded by Secretary Bryan to the American embassies in the nations involved and through them transmitted to the governments.

It was said at the White House that no intimations had been received that such an offer would be favorably received. President Wilson took the position that the European war was so stupendous, and that its effect on the world was liable to be so lasting that the United States, as one of the few large neutral powers could not do otherwise than at least offer to be the means for bringing about peace.

The proffer of good offices was not sent to the governments of Servia and Montenegro because these countries are not parties to The Hague convention.

Secretary Bryan has called a conference of representatives of all the European powers for late today, when it is believed messages will be delivered supplementary to those of President Wilson, urging an acceptance of the tender of good offces.

A hope that the president's offer might be accepted was prevalent in official circles, because it is not necessary for any of the warring powers to change the present military status if they accept it. Article 7 of the Hague convention provides: "The acceptance of mediation cannot, unless there be an agreement to the contrary, have the effect of interrupting, delaying or hindering mobilization or other measures or preparations for war.

"If it takes place after the commencement of hostilities, the military operations in progress are not interrupted in the absence of an agreement to the contrary."

Germans Suffer a Disastrous Defeat

German Army of The Meuse Attempted to Capture Liege But is Hurled Back by Belgian Army with Loss of Over Two Thousand Dead and Wounded.

Brussels, Aug. 5—Several thousand dead and wounded is the toll paid by the German army of the Meuse in the attack upon Liege, Belgium. The Belgians made a heroic defence, repulsing the German's after heavy and continuous fighting. The fortified position of Liege felt the shock of the German attack, but the Belgian forts resisted the advance fiercely and did not suffer the loss of one Belgian squadron. One hundred wounded Germans are being transferred to the city of Liege.

Paris, Aug. 5—Two regiments of Uhlans were destroyed by the Belgian army according to an official announcement given to the French War Office.

The Hague, Aug. 5—Martial law has been declared in all parts of Holland.

Brussels, Aug. 5—The Le People asserts that in the fighting between Belgians and Germans near Vise a platoon of Prussian cavalry was almost annihilated by the deadly fire of Belgians from a building on the river bank. The Prussians in revenge fired on civilians at Flemalle near Agentna, A Belgian force surprised a body of Prussians and killed seven out of ten officers and eighty men. The Belgian losses were two officers killed and ten wounded.

Brussels, Aug. 5—French troops are reported to have entered the province of Hamault, a frontier post of Belgium and joined the Belgian army.

Brussels, via Paris, Aug. 5.—Official despatches report that the Belgians have repulsed all attacks by the Germans in the neighborhood of Liege. The Belgians delivered a vigorous counter attack, routing and killing all the Germans who had passed the Eugene forts. The Belgian aviators proved to be every bit as good as the Germans.

London, Aug. 5.—It has transpired that in the German attack on Liege 40,000 Germans were opposed by 25,000 Belgians, yet in spite of this disparity in numbers, the Germans suffered a disastrous defeat. During the progress of the battle four German aviators were killed.

Brussels, Aug. 5.—German troops have crossed the Belgian frontier at three points. A fight is said to be now going on between the German and Belgian forces for the possession of a small town six miles from Liege.

St. Petersburg, Aug. 5.—The Russian Ambassador and his staff in Berlin are reported to have been subjected to much abuse and some ill usage when leaving the German capital today. One member of the Ambassador's suite was struck a severe blow on the head while leaving the embassy. According to an eye witness, the embassy was surrounded and the ambassador and his suite had to be protected by mounted soldiers. Abuse was hurled at them from the mob and they had the greatest difficulty in getting away.

Brussels, Aug. 5.— The French troops have joined the Belgians in repelling the advance of the German army into Belgium, and it is reported here that Great Britain will send reinforcements.

Brussels, Aug. 5.—Germany is pushing her advance through Belgium and is meeting with strong opposition around Liege by the Belgian forces, according to official advices reaching Brussels.

London, Aug. 5.—Premier Asquith in the House of Commons today after giving a summary of the war news already published stated the Belgian government had invited the cooperation of French troops with the Belgian army.

Paris, Aug. 5.—Official advices say that Germany declared war on Belgium yesterday. German troops have entered upon Belgian territory between Aix La Chapelle and Liege. Several dirigibles hovered over Brussels last night and the capital is in a state of exasperation.

Brussels, Aug. 5.—General van Enich, commanding the German army of the Meuse has issued the following proclamation.

"To my regret the German troops have been compelled to cross the frontier of Belgium because Belgian neutrality was first violated by French soldiers who crossed into Belgium disguised as German soldiers."

CANADIAN TROOPS.

Ottawa, Thursday, Aug. 6.—It has been definitely decided to send 21,000 Canadian troops to England. The troops will leave as soon as Sir Thomas Shaughnessy can arrange transportation.

REPORTED ATTACK ON GLACE BAY

Ottawa, Aug. 5—The war is coming nearer home. There was a wire received at noon that a German cruiser was shelling Glace Bay, Nova Scotia where the wireless station for Canada is located. The government is making strenuous efforts to verify the story. It is feared that the despatch is correct. The aim of the Germans is evidently to destroy Canadian wireless connections with Great Britain. If they destroy Glace Bay the Germans will doubtless endeavor to shell Canso, the headquarters for cable lines for Canada, and cut the cables, cutting off all communications with the motherland.

READY FOR BUSINESS.

St. Petersburg, Aug. 5.— Russian troops have established contact with the enemy along the greater part of the Russo-German frontier in Northeastern Prussia.

KITCHENER IS WAR SECRETARY.

London, Aug. 5.—Field Marshall Lord Kitchener was today sworn in as Secretary of State for war.

Mexico City, Aug. 5—Hostilities have been suspended and a general armistice it is expected will be declared at an early date.

GERMANY SENDS AN ULTIMATUM

Italy is Now in Receipt of a Note From the Emperor William, Terms of Which Are Not Known.

London, Aug. 5.—Germany has sent an ultimatum to Italy. The terms of the ultimatum are not known but it is believed here that Germany is demanding to know why Italy is not standing by the terms of the Triple Alliance. The opinion in British government circles is that Italy has no love for Austria and that is the reason why she will not stand by Austria in the present struggle, a struggle caused by Austria as one of aggrandisement.

WIFE OF PRESIDENT WILSON IS DYING

Washington, Aug. 5.—Mrs. Woodrow Wilson, wife of the President of the United States, is on the point of death. Four months of nervous ailments, following upon Brights Disease, have sapped the vitality of the first lady of the land, and the end is now regarded as only a matter of a few days, perhaps only of hours.

Her three daughters are already at her bedside and the relatives of the family have been summoned. Physicians have been in consultation for days and it is admitted that there is no hope.

HEAVY FIRING HEARD

Copenhagen, Aug. 5.—Heavy firing was heard at various points today in the North Sea. Denmark is isolated telegraphically, all communication by telegraph having ceased.

AUSTRALIA WILL SEND HYDROPLANES

Sydney, Australia, Aug. 5 — The government of the Commonwealth is arranging to send hydroplanes as part of an expeditionary force of 20,000 men to assist Great Britain in its war against Germany. Nothing has yet been done in the way of purchasing the hydroplanes, action being held pending the acceptance of the offer by the Imperial government.

The Emperor of Germany has revived the ancient order of the Iron Cross.

A HEAVY TOLL.

Brussels, Aug. 5 — Several thousand dead and wounded is the toll paid by the German army of the Meuse for its attack on Liege.

Mazatlan, Mex., (delayed in transmission)—The German cruiser Leipzig sailed from here today (Monday). Nothing is known here of the whereabouts of the other German cruiser Neurmberg.

SIR JOHN FRENCH TO COMMAND ARMY

London, Aug. 5.—By a proclamation, the government took control of the railways, which are to be operated by a commission. The complete preparedness of the government to apply all the machinery of the war footing (Germany had been supposed to be far ahead of her neighbors) is a revelation to the people who in ordinary times are chronic kickers over the supposed backwardness in military organization.

Vice-Admiral Sir John Jellicoe, in whom the nation reposes the utmost confidence, has been gazetted commander of the British fleets. Field Marshal Lord Kitchener will undoubtedly take charge of the land forces.

Field Marshall Sir John French, after a brief estrangement from the army as a result of the Ulster incident, has been appointed to take charge of the army in the field, as inspector-general.

The mobilization of the army reserves and territorials has been conducted principally by motor buses, many of which left London for strategical points, crowded with soldiers and territorials. The City of London Yeomanry has offered itself for foreign duty. Some of the territorial regiments will do the same.

The channel steamers arriving today, were packed with refugees. There is considerable anxiety over several ships in Norwegian waters with summer tourists aboard.

JOHN DUNBAR PASSED AWAY

Well Known Young Man of Nanaimo and Wellington Died Last Evening After a Lengthy Illness.

The death occurred at 9:30 last evening of John Dunbar, death occurring at the residence of his sister, Mrs. C. F. Bryant, Franklyn street, after an illness extending over a period of several months.

The deceased was a native of Wellington, aged 28 years, and had spent all his life on the Island. He was one of the best known young men of Nanaimo and Ladysmith and general regret will be felt at his death so early in life. "Jack" as he was best known by the boys was one of the most popular members of the Nanaimo Gun Club, and though not a participant in other lines of sport nevertheless took an active interest in almost every line of outdoor amusement.

The deceased was the son of Mr. and Mrs. George Dunbar, well known residents of Wellington district, and besides his parents is survived by his widow and two children. He also leaves to mourn his loss, six sisters, Mrs. McNeil, Glace Bay, N. S.; Mrs. Geo. Merryfield, Nanaimo; Mrs. F. E. Clarke, Victoria; Mrs. C. F. Bryant, Nanaimo, and the Misses Georgina and Jessie, also of Nanaimo, and two brothers, James and George.

The funeral will take place from the residence of Mr. and Mrs. C. F. Bryant, Franklyn street, Saturday morning, services being conducted at the St. Peters Roman Catholic church. Funeral arrangements are in the hands of Mr. A. E. Hilbert.

WEDNESDAY'S BASEBALL.

BIG BATTLE EXPECTED.

London, Aug. 5.—Fighting along the French, German and Russian frontiers today was merely skirmishing, and it is believed it will be a week before the main armies of France, Russia and Germany get into position for a big battle.

QUIET ALONG THE FIRING LINE

Our Wednesday's Despatches Contained But Little of the Movements of The Rival Armies And Navies Now Fighting in Europe.

At the time of writing there is still silence from the Servian frontier and from the North Sea where the first great naval battle of the war is expected to take place. There have however, been skirmishes and single vessel fights and the air and the cable are loaded with rumors. The most persistent of these is that heavy cannonading can be heard in the North Sea.

Among happenings reported is the sinking of the German cruiser Panther by a British warship and the capture of other two cruisers by the French fleet off the coast of Algeria. The Germans sank a British mine-laying ship.

The British in return sunk a German liner which had been fitted out for the same purpose, and a French gunboat captured a large German steamer. Several other German ships have been seized in British ports.

On land the German invasion of Belgium has been fiercely and successfully opposed. The German army operating on the Meuse has been checked both at Liege and Namur.

A French army has invaded Germany just north of the Swiss frontier between Belfort and Basel, and German and Russian patrols are in touch almost the whole length of the Russo-German border.

Nothing has been heard today of the German army in Luxemberg, and the German attack on Longwy has not been renewed,

Liege is the capital of the province of the same name in Belgium, and has a population of about 160,000. It sits on the west bank of the River Meuse, about 20 miles from the German frontier. It has often been besieged and was captured by Marlborough in 1702. It is strongly defended today by a ring of modern forts,

Namur is the capital of the province of the same name in Belgium, and is situated at the junction of the Rivers Meuse and Samber. 25 miles southeast of Brussels and a little more from the German frontier. It has a population of over 30,000. Its fortifications were demolished in 1866.

MANY LOCAL MEN VOLUNTEER

Ranks of Seaforth Highlanders, Eighty Eighth and Sixth D. C. O. R. Strengthened by Addition of Nanaimo Men.

An astonishingly large number of Nanaimoites have signified their intention during the last few days of joining the 88th Victoria Fusiliers, the 72nd Seaforth Highlanders of the 6th Regiment, in case Canada decides upon a general mobilization of her forces.

Tuesday the 88th Victoria Fusiliers were the favorites with local men who wished to enlist in case of necessity but yesterday quite a number of men signed the list for the Highlanders.

Lists are open at the barracks and at The Herald office.

Drills are being held at the barracks for all men who wish to sign the lists the officers making drill squad arrangements so that the men can be accommodated at any hour of the day or night.

AT OUTS WITH EVERYBODY

Paris, Aug. 5.—It is reported from Montbeliard, in the department of Douba, that the Germans have violated the neutrality of Switzerland.

POSITION IN B. C.

There is naturally a good deal of speculation as to the effect the war in Europe will have on trade and business generally in British Columbia. Now that Great Britain has become a combatant the question is being asked with greater insistence than ever. It is impossible, of course to give more than a barely speculative answer. No one can tell absolutely just what the effects will be. At the same time there is no obvious reason for fear or worry over the situation. There will inevitably be some inconvenience and possibly some financial embarrassment. It may be that there will be some halt to development work, and to the general progress of the country. But it will only be temporary, and these represent the worst of the inconveniences. British Columbia will be called upon to suffer. There is little likelihood of the country being invaded, so that we need to anticipate no interruption to business. To come right home the war will not affect the coal market. The mines will continue to operate and this secures the business of the city. There will be some increase in the cost of living, but even in this respect British Columbia should be lightly hit. Such products as are grown and manufactured in Canada should not increase in price during the war. If there was a fair profit in the prices charged before the war there ought to still be the same profit after the war. If prices are raised it simply shows that the manufacturers or handlers of such products are ready to fatten on their country's extremity. There could be no lesser form of treachery, and there ought to be a law to prevent it. The men who do it should be exposed and branded as traitors to their country. With the empire engaged in a life and death struggle, it is for us all to make whatever sacrifices we can to share each other's burdens and to meet the occasion in the true spirit of loyalty and patriotism.

GERMAN SOCIALISTS

With many local Socialists, who have grown accustomed to hear war described as murder and all militarism denounced as a crime, patriotic sentiment is rending all their high-spun theory. There is one aspect of the present situation which these men should not overlook. The Germans have supplied them with their principles of Socialism. There are alleged to be more Socialists in Germany than in any other European country. Yet Germany has remained the most martial of all the world powers, and it is Germany today which is forcing this great war on Europe. Its armies will be composed proportionately of Socialists, which means, according to local Socialist claims, that more than half of the soldiers will be Socialists. It will be noticed that Socialist sentiment has done nothing to abate militarism in Germany, nor have the Socialist leaders of Germany, to our knowledge, taken any active part in the peace movement. It would seem that Germans, even when they are Socialists, still remain German patriots, ready to fight and die for the German flag. There is something in this for British Socialists on the coast to ponder over. Professedly they will recognize only the red flag of revolutionary Socialism. Meantime the men who taught them Socialism, formulated its principles, and defined its doctrines, are following the Kaiser in his attempt to crush the British Empire. If the comrades on the Pacific Coast lived under the flag of the men who supplied them with their political ideas and doctrines, they would have to serve a military term and they would have to fight if called on. The situation could hardly be more curious.

For a nation of shopkeepers who take even their pleasures sadly, and are content to be ruled by trader kings, Britons can develop an amazing burst of enthusiasm on occasions. One of these occasions occurred on Tuesday night, and the Kaiser can at least boast that he has kindled such a flame of loyal enthusiasm as the world has never before seen.

SOCIALIST'S CONSCIENCE.

(London Daily Express)

When a Socialist comes into a fortune his creed never prevents him from accepting the money.

An instance is furnished by Mr. John Muirhead, one of the twelve Halifax people who have just received a windfall of £2,000 each under the will of an uncle who died in America.

Mr. Muirhead is caretaker of Halifax Socialist Hall, a member of the Independent Labor Party, and a well-known Socialist.

"It does place me in rather an awkward predicament, doesn't it?" he said in an interview. "But there are many rich Socialists. I may tell you at once that I shall accept the money.

"It is the system that is wrong, and if I were to forego the windfall that has come to me the good my individual case would do would be out of all proportion to the harm it would do to me and my family.

"I shall not touch the principal. I shall invest it—and that is where part of the trouble comes in. We as Socialists are opposed to all rent, profit, and interest, because they always come out of the working class. But, as I have said, my individual sacrifice could do no good until the system is altered, and I shall take this interest."

Of course he will! And he will probably cease to be a Socialist.

AUSTRIA'S SINISTER RECORD.

(Montreal Evening News)

Historically, Austria has a miserable record.

She faltered when the Flemings and the Dutch groaned under Philip's exactions.

She shared in the rape of Poland, although a great Polish general drove the Turks from the gates of Vienna.

Frederick the Great won out against her under tremendous odds.

The First Napoleon shivered her gigantic forces in his Italian campaigns.

The lesser Napoleon, afterwards driven from France by Germany under Von Moltke and Bismark, made head against her in the war he waged in 1859.

Austria's policy has been one of provocative greed. The intransigeants of the filched Italian territory hate their status.

The Hungarians raised up Kossuth against degrading exactions.

Bosnia and Herzegovina are Austria's only through a policy of repression and a determined effort to stamp out their national spirit. The boasted prosperity of these provinces is accomplished by artificial means.

The Austro-Hungarian invasion of Servia, in the face of that minor power's desire to meet the insolent demands up to the point of national degradation, is wanton and unprovoked. The terrible responsibility incurred well warrants the reported message of the pope to Francis Joseph, that in his last days he should not dip his hands in blood.

It looks as if the "curse of the Hapsburgs" were designed to become also an internatianal scourge.

AMERICAN RED CROSS OFFERING SERVICES

Washington, Aug. 5.—The American Red Cross decided yesterday to formally tender its services to all the nations involved in the European war.

The international relief board will meet today to consider ways and means.

WHILE CRISIS CONTINUES.

London, Aug. 5—The Daily Telegraph's lobby correspondent asserts on a very high Unionist authority, that an arrangement between the government and the opposition leaders absolutely forbids any attempt to take further steps with either Home Rule or Welsh Disestablishment bills so long as the present crisis continues. Hence neither measure will be submitted to the King even if parliament prorogues.

FAVOR BRYAN'S PEACE PROGRAMME.

Washington, Aug. 5—As an influence for peace in such a time of war in Europe the Senate foreign relations committee today ordered favorably reported Secretary Bryan's twenty peace treaties with foreign nations, urged for ratification by President Wilson before Congress adjourns.

CRUISER ORDERED OUT.

Tokyo, Aug. 5.—The Japanese cruiser Chiyoda which is now at Kure, has been ordered to proceed hurriedly to South China waters.

Minard's Liniment Cures Garget in Cows.

GILLETT'S EATS LYE DIRT CLEANS-DISINFECTS

PILOT JOHN C. PORTE TO JOIN BRITISH NAVY.

New York, Aug. 5—John C. Porte, British navy lieutenant, who was to have piloted the Wanamaker flying boat America on its attempted trans atlantic flight, decided today to return at once to England, as he is a reservist.

He booked passage today on the steamship Lusitania, due to sail for England at midnight tonight.

The announcement of Lieut. Porte's withdrawal as the America's pilot was made tonight after a meeting at the Aero Club of America.

It was stated that Glenn H. Curtiss will pilot the America on the flight if it was attempted.

WANTS DISCRETION USED.

Ottawa, Aug. 5.— Colonel Sam Hughes, Minister of Militia, has addressed a long letter to the press of Canada, asking it to use discretion in the publication of all news relating to the war.

SOCIALIST IN THE BELGIAN CABINET

Brussels, Aug. 5—Premier Charles de Broqueville announced in parliament today that Emile Vandervelde, the great Socialist leader, who was one of the chiefs in the general political strike and is regarded as one of the most able of the opponents of the Clerical ministry, had joined the cabinet as minister of state.

The premier also stated that all men trained in the last fifteen years had been called to the colors. He read the Belgian reply to the last German note, which informed this government that if Belgium raised difficulties against the passage of German troops through Belgium the necessary force would be used by Germany to accomplish her end.

MANY SPIES ARRESTED.

Paris, Aug. 5.—It is believed that several thousands of Germans and Austrians are still in Paris. There were more than 80,000 on the police register before the war broke out and it is thought impossible that all left the city.

No fewer than 42 Germans of both sexes have been arrested as spies since last Saturday.

This is to certify that I have used MINARD'S LINIMENT in my family for years, and consider it the best liniment on the market. I have found it excellent for horse flesh.

DARDANELLES CLOSED.

Constantinople, Aug. 5.— The Dardanelles and the Bosphorus were closed today in order to preserve the neutrality of Turkey.

Vice-Admiral Warrinder, who commands the second division of the British fleet now in the North Sea, was twenty-five years ago a lieutenant on H. M. S. Amphion when that warship was stationed at Esquimalt. He was a very popular officer, and his rise in the service has been rapid. Captain Scott, who perished in the Antarctic, was a fellow officer of Admiral Warrinder on the Amphion.

NOTICE

Take notice that E. E. Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

E. E. BROWN,

June 20, 1914. 2m

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise.

royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

AUSTRALIANS AND CANADIANS PREPARE FOR FIRST ELIMINATION IN DAVIS CUP SERIES.

Left to right, top: R. B. Powell, captain of the Canadian Davis Cup team, and P. B. Schwenger, one of the star players.

Left to right, bottom: Anthony F. Wilding, A. W. Dunlap, Norman E. Brookes, captain of the Australian team, and Stanley Doust composing the team representing the Antipodes.

Australia defeated Canada in the elimination contest and will now meet Great Britain for the right to challenge the United States for the Davis Cup.

Canada to Mobilize 21,000 Strong

Ottawa, Aug. 5.—Orders for mobilization at Quebec of a Canadian Army division numbering 21,000 men, of which about 15,000 will be infantry, were issued today. The remaining 6000 will be artillery, engineering corps, signal corps and other branches. Enlistment will be absolutely voluntary for all ranks, although it is provided in the case of whole regiments or companies unity will be preserved as far as possible. Enlistment will start at once.

Belgians Scored a Sweeping Victory

Brussels, Aug. 5.—Belgian forces are reported to have scored a sweeping victory near Spa, a town 20 miles south east of Liege. Two regiments of Germans are said to have been decimated during the engagement.

The Belgian troops engaged had been hurried forward from Liege to reinforce the border police patrols. The Germans advanced along the railway in an armored train. The Belgians posted artillery in a position to command the railway, and in addition had mined the track at a point where it crossed the road by means of a culvert. Just as the train had crossed the culvert the mine was exploded completely destroying the locomotive. The ruined culvert was filled with German soldiers and the Belgian artillery poured a deadly fire into the disordered and demoralized troops. The carnage was fearful.

The Germans were unsupported by artillery and sullenly retreated toward the border.

GERMANY BLAMES RUSSIA FOR WAR

Berlin, Aug. 5—In Parliament yesterday Chancellor Bethmann-Hollweg outlined the procedure of Germany in an endeavor to maintain peace, saying:

"From the very outbreak of the Austro-Servian conflict we worked to confine the hostilities to Austria and Servia. All the cabinets, particularly Great Britain, used the same endeavor. Russia alone declared that she must have something to say as to the solution of the conflict and thereby raised the danger of European complications.

"As soon as the first definite news was received regarding the Russian military preparations we directed a friendly but strong communication to St. Petersburg, pointing out that warlike measures against Austria-Hungary would find us on the side of our ally; that military measures against us would force us to corresponding counter measures and that mobilization would not be far removed from war. Russia assured us in solemn fashion of her wish for peace and declared she would not enter into any sort of military preparations against us.

"We deliberately had abstained up to that time for the sake of the peace from calling a single reservist to the colors. Should we have waited patiently until the powers between which we are wedged in were in a position to choose the time to deliver their blow. To have exposed Germany to this danger would have been criminal.

"Therefore, on July 31, we demanded of Russia the demobilization of her troops as the sole measure which could yet preserve the peace of Europe. The Imperial German ambassador in St. Petersburg was given the commission to declare to the Russian Government that in case of rejection of our demands, we should be obliged to declare a state of war.

"When the allotted time expired the German Emperor was compelled to, Aug. 1, order the mobilization of our troops. We were compelled at the same time to make sure what attitude France would assume in the situation. To our definite question whether she would remain neutral in the German-Russian war she answered that she would do what her interests bade her.

"We are now acting in self-defence and necessity knows no law."

Just prior to the adjournment of the Reichstag to Nov. 24, Chancellor Von Bethmann-Hollweg, in a short address, commended the action of the members of the House, who, he said, had displayed a spirit of unity. "Whatever our lot may be," the chancellor added, "the 4th of August, 1914, will remain through eternity one of Germany's greatest days."

MANY KILLED IN TRAIN WRECK

Kansas City, Mo., Aug. 5.—A passenger train from this city dashed into a motor car near Clifton as a result of which many passengers were killed and injured. The car was smashed to pieces and the gasoline caught fire. Some of the people pinned beneath the wreckage begged to be killed rather than suffer the slow torture of death by the flames.

SECRETARY SUMMONED

Washington, Aug. 5.— Secretary Redfield has been summoned back from his vacation to take charge of measures to restore transatlantic shipping.

RAISE IN PRICES CAUSES A RIOT

London, Aug. 5—There is a shortage of food in many places of the provinces, or at least this is the reason alleged for raising prices. The public did not take kindly to it and there were disturbances. A riot occurred in one store and an infuriated crowd of women were stripping the store when the police arrived.

RESOLUTE WINS CUP IN SENSATIONAL RACE.

Newport, R. I., Aug. 5—The America's cup defenders in the annual race for the Astor cup today sailed their most sensational contest since they met off Sandy Hook early in June. The Resolute won by three minutes and five seconds in elapsed time and fine minutes and nineteen seconds in corrected official time. In a moderate, but fairly steady breeze the Resolute outran and outreached her rival, while the Vanitie for the first time in a square test beat the Resolute in a thrash to windward.

BEAUCHAMP TO SUCCEED MORLEY

London, Aug. 5—Earl Beauchamp was appointed to Viscount Morley's position as president of the council today and Walter Runciman to take the place of John Burns as president of the local government board.

LIPTON WILL NOT COMPETE

London, Aug. 5.—Sir Thomas Lipton has issued a statement saying that on account of the declaration of war by Great Britain he has withdrawn his yacht Shamrock IV. from the races to be held off New York for the America's cup.

TO THE RESCUE.

Washington, Aug. 5.—Colville Barclay, charge d'affaires of the British Embassy, today asked that the United States take over British diplomatic interests in Berlin. Secretary Bryan instructed Ambassador Gerard to do so.

STEAM FAST FOR SHELTER

Philadelphia, Aug. 5.—The North German Lloyd liner Brandenburg docked here today after running for the last two days under forced draught and without lights. The Prinz Oskar of the Hamburg-American line also arrived today. Both ships were a day ahead of their schedule. The Brandenburg sailed from Bremen on July 23, with 380 passengers for Philadelphia and 385 for Galveston. The Prinz Oskar sailed from Hamburg on July 22 with 360 passengers.

IF SEAS ARE CLOSED.

Toronto, Aug. 5—Millers here have not advanced flour prices further and state that if the highway of the seas is not kept open by the British navy supplies will pile up in Canada to such an extent that prices will drop and the bottom go out of the markets.

BILL PASSAGE POSTPONED.

Washington, Aug. 5—Because of a desire of several senators to study the bill ammending the Panama Canal Act to admit foreign built ships so that international complications might be impossible, passage of the emergency bill was postponed until tomorrow.

Minard's Liniment Cures Distemper

Minard's Liniment Cures Distemper

FRENCH TROOPS AID BELGIANS

London, Aug. 5—Premier Asquith, in the House of Commons, giving a summary of the news already published, said that the Belgian government had invited the co-operation of the French troops with the Belgian army in repulsing the invasion of the German troops.

AMBASSADOR RETURNING.

Stockholm, Aug. 5—The German ambassador to Russia, with his staff arrived here yesterday from St. Petersburg on a steamer flying the American flag. They proceeded to Berlin.

London, Aug. 5—The German ambassador to Great Britain is not expected to leave London before tomorrow. It was reported today that a British cruiser might be placed at his disposal to insure his safe passage across the Channel.

WEDNESDAY WAR BULLETINS.

Officially announced tonight that the British cruiser Amphion has sunk the Hamburg-American line steamer Koenigin Luise which had been fitted out for mine laying.

A French gunboat towing a large German steamer has anchored in the Roadstead under the guns of the Castle at Guernsey, Channel Islands.

The German Far Eastern squadron has sailed from Tsing Tao to the north waters.

Canada's naval forces have been placed at the disposal of His Majesty.

The Bank of England rate will be reduced to six per cent. tomorrow.

Earl Beauchamp has been made president of the Council to succeed Morley.

RIFLEMEN ARE READY

North Bend, Aug. 5.—At a well attended meeting of the Rifle Association here Monday night the members were unanimous that the full strength of the club be kept up in readiness for active service on the coast should they be needed, and pledging their hearty co-operation with the other clubs in any movement in which they can be used.

ALL GERMAN LINERS HURRYING FOR PORT.

New York, Aug. 5—With war formally declared between England and Germany, there was keen interest in marine circles tonight regarding the movement of transatlantic steamships, particularly the German liners which are scurrying to port to avoid possible capture by warships of hostile nations.

The arrival of the treasure-laden Kronprinzessin Ceile at Bar Harbor, Maine, today, led to the belief here tonight that another North German-Lloyd liner, which has been missing, the Kaiser Wilhelm II. hours overdue in New York, may turn up unexpectedly in some other American port.

This vessel, which ought to have arrived here today, should have reported her position two days ago to the wireless station at Cape Race. She has not been heard from since July 29. If she has not been captured her agents suggested that she may not have defined her position by wireless for fear she would be taken, as the Kronprinzessin Cecile's captain reported the proximity of the French warships.

The German steamship agents here are taking every precaution. it was learned tonight, to prevent any hostile movement being carried out against their vessels in this port. The Vaterland of the Hamburg-American line is closely guarded by city police and private detectives at her Hoboken pier. It was admitted that the company's officials are adopting measures to frustrate any attempt to blow up the vessel. The German consul in New York today directed that the French waiters on the Vaterland be dismissed, and, it is said this order will be extended to other German ships in port.

HEAVY FIGHTING REPORTED

Paris, Aug. 5—Official advices say Germany declared war on Belgium yesterday. German forces moved on Belgium from the territory between Aix la Chapelle and Rydet and there has been fighting around Liege and in the vicinity of Brussels. The Germans were completely repulsed and were unable to renew their attack on Liege.

London, Aug. 5—Confirmation has been received of the report that the French warship captured the German steamship Porto.

GET FOREIGNERS OUT

London, Aug. 5.—The French Government, according to Americans arriving from the area of war, is doing everything it can to get foreigners out of the country.

The ports of the French coast are crowded with Americans and Englishmen waiting an opportunity to cross the channel.

Many Americans who have been motoring on the continent have arrived at Boulogne. While they can find room for themselves they can not obtain accommodation on the steamers for their cars. The steamers that leave France with crowds of American and English passengers, return with an equal number of Frenchmen and Swiss who are on their way to join their colors.

Washington, Aug. 5.—Mobilization of a portion of the land and fleet forces of the United States is in progress. The reason given for this step is the necessity of guarding the Panama Canal. A number of gunboats have been recalled from foreign waters.

A big lawn social will be held by the St. Andrew's Church on Tuesday evening, August the 11th. Ice cream, and cake will be served and games indulged in.

BEATON-LOWTHER WEDDING WEDNESDAY

On Wednesday afternoon, August 5 a quiet but pretty wedding took place at the home of the bride's parents, Mr. and Mrs. J. Lowther, Nicol street, when their eldest daughter Jennie was united in marriage with Mr. Donald Beaton, of Vancouver. The Rev. Dr. McLennan of St. Andrew's Church performed the ceremony in the presence of a few intimate friends.

The bride who was unattended, was given away by her father and wore a becoming suit of wedgewood blue silk ratine with hat to match. After refreshments had been served Mr. and Mrs. Beaton left for Seattle. On their return they will reside in Vancouver.

'Robin Hood," four reel picture at Bijou Friday only.

The government of New South Wales has decided to establish a state fish supply agency with a view of providing the people with cheap fish. Three trawlers will be purchased at an estimated cost of £8,000 each and depots will be established for the sale of fish.

Plans for providing relief work during the coming winter for those urgently in need of it were talked over by a sub-committee of the Vancouver civic health committee, on Monday afternoon. The committee gave out the announcement that the work provided under its department would be only for Vancouver men; those coming from outside points could not be taken care of during the winter.

The name of Murray Martindale was inadvertently omitted from the promotions of Division III., Quennell School.

Have The Herald print your visiting or business cards. Large stock of cards and numerous type faces to select from.

"Million Dollar Bid" in five parts Opera House Saturday.

DEFENCE AGAINST GERMAN ATTACK

Ottawa, Aug. 5—The Canadian navy is being got together as quickly as possible under present circumstances. The purchase was made a few days ago before the actual declaration of war of two submarines built for the Chilean government at Seattle and the two boats are now in Esquimalt. Steps are being taken to man the ships with naval reserves. With the Rainbow which is now in commission these two submarines will form a very valuable defence against any possible attacks of German ships which may be detached from the German Pacific squadron.

ANOTHER NEUTRALITY PROCLAMATION.

Washington, Aug. 5—Another neutrality proclamation including Great Britain and Germany, not included in yesterday's pronouncement, was prepared for issue today.

NO OPPOSITION IN ENGLAND TO WAR

London, Aug. 5 — Crowds gathered about the government offices during yesterday and cheered the ministers whenever they appeared, or pressed around the motor cars. The railway depots were filled with army reservists and territorials in uniform, but there were no flags flying on the buildings and the great mass of the people went about their ordinary business with serious faces. The first effects of the war are found in the increased prices of the necessities of life, but the people expected this and are reconciled to it. Opposition to the war has been almost dissipated by the events of the past 24 hours, except from a section of organized labor.

The Liberal papers, "The Chronicle" and "The Daily News," have come into line and are supporting the Government. This is believed to be due to Sir Edward Grey's speech outlining the attitude of the Government and giving details of the situation in the House of Commons yesterday. "The Manchester Guardian" and the Labor papers are virtually alone in opposing the Government's policy.

"The Guardian," representing the great commercial interests of Lancashire continues its vigorous opposition. It says:

"It is mockery to throw on the House of Commons at a moment's notice and in circumstances of great excitement the responsibility for deciding on a policy that has been maturing for years."

Viscount Bryce, former American ambassador, heads the signers of a manifesto expressing the hope that the government has not exhausted the possibilities of diplomacy. But these voices are drowned in the deep tide of popular belief that England's interests and her national life compels her to resort to arms.

Mr. David Lloyd-George, Chancellor of the Exchequer, announced in the House of Commons his scheme for insuring shipping against war risks.

The Imperial defence has labored on a plan for more than a year, he said. Its aim was that in case of war British commerce should not be interrupted by inability to secure war risks and to insure that insurance rates would not go high as to cause any considerable crisis in prices.

HURRIES BACK HOME.

Ottawa, Aug. 5 — One of the Japanese secretaries from the Japanese Embassy at Washington who has been spending his vacation here has cut short his holiday to hurry back to his duties at Washington.

NO CHANGE IN MAILS.

Ottawa, Aug. 5—No intimation of any change in the mails has been received by the post office officials. Everything is going on as usual. The British and ocean mails will be despatched as usual, and so far as is known at present there will be no suspension of the regular mail service.

POSTAL ORDERS LEGAL TENDER

London, Aug. 5—An order has been issued from the Post Office making Postal Orders legal tender.

SWEDEN WITH BRITAIN.

Washington, Aug. 5.—Diplomatic dispatch indicate Sweden will join Great Britain, France and Russia if she finds herself unable to remain neutral.

CANADA'S DETERMINATION

Ottawa, Aug. 5—The Duke of Connaught on behalf of Canada this morning sent the following message to His Majesty King George:

"In the name of the Dominion of Canada I humbly thank Your Majesty for your gracious message of approval. Canada stands united from the Pacific to the Atlantic in her determination to uphold the honor and traditions of our Empire."

ARREST MANY SPIES

London, Aug. 5—Reginald McKenna, the home secretary, announced today that twenty-one spies had been arrested in the British Isles during the past twenty-four hours, chiefly in important naval centres.

The home secretary introduced a bill in the House of Commons to restrain the movements of undesirable aliens with the object of facilitating the removal of spies. The measure was immediately given a second reading.

GERMANS IN THE ORIENT.

Shanghai, Aug. 5 — Guns were mounted today on the North German Lloyd steamship Prince Eitel Friedrich at Tsing Tau.

The Far Eastern squadron of the German fleet, accompanied by a number of merchantmen, left Tsing Tau today, and it was reported that the warships were proceeding northward.

Large numbers of Chinese coolies have been forced to work under armed guards on the defenses of Tsing Tau.

PATRIOTIC CADADIAN.

Montreal, Aug. 5—It is reported that J. K. Ross, a Montreal millionaire and a captain in the Fifth Royal Highlanders, has offered to equip and transport the entire regiment to the seat of war at his own expense.

STEAMERS REACH NEW YORK.

New York, Aug. 5.—The North German Lloyd steamer Kaiser Wilhelm II., arrived here today with mails and 1250 passengers.

The Cunard liner Lusitania sailed today with 250 passengers. She is in communication by wireless with boats which will convoy her across the Atlantic.

Berlin, Aug. 5—An embargo was today laid on Russian balances at the great banks in Germany. These funds are considered by Germany as property belonging to a hostile force.

"Robin Hood," four reel picture at Bijou Friday only.

Sallie Harris, a colored woman, of Vancouver, has been placed under arrest by Detective Killeen and is alleged to be the woman who stabbed B. Lindstrom after robbing him in an alleyway on Friday night. Lindstrom has identified the woman as being his assailant. He is recovering from the wound which was inflicted just above the heart.

German Far Eastern Fleet Bottled Up

LINE OPENED TO COURTENAY

First Train Over E.&N On Railway Extension Passed Through Nanaimo Yesterday Noon.

The first train over the east coast extension of the E. and N. Railway to Courtenay left Nanaimo yesterday noon. The locomotive which was gaily decorated was in charge of Engineer M. Fagan and the train of Conductor W. F. Fletcher. The inauguration of the service took place without any formal ceremony, however, that function being timed to come later when the international situation is easier. In the unavoidable absence of General Superintendent Beasley, Superintendent Goodfellow accompanied the train.

The return trains today, Monday, and Wednesday will leave Courtenay at 11:35 a. m., reaching Nanaimo at 2:35 p. m.

The line is now fully opened for freight as well as passenger traffic, the general superintendent states, and consignments will be accepted at the local offices for points north of Parksville.

The line has been about 18 months under construction, and this period has been largely due to the desire of the company to erect permanent steel bridges across all the rivers, instead of temporary wooden trestles, so that early renewals might be avoided. It is 44½ miles long from Parksville junction to Courtenay, or 68 miles from Nanaimo. The company has now operating on the Island about 200 miles of road, apart from the Osborn Bay subdivision.

When the first train left the Esquimalt & Nanaimo railway depot yesterday for the town of Courtenay, a connection with perhaps the richest agricultural country on Vancouver island was completed. The Comox valley has been celebrated for half a century for its remarkable productivity, but its progress has been limited by transportation difficulties.

From the time that the E. & N. railway was opened by the Dunsmuir interests in 1886, surmise and expectation have anticipated that construction would be begun of the line north ward towards Seymour Narrows, but only today has a regular passenger train competed with the steamboat service which has hitherto had a monopoly of the traffic to this fertile valley.

Notable events in the history of the E. & N. are as follows:

Line from Esquimalt to Nanaimo opened August 13, 1886, last spike being driven near Shawnigan Lake by Sir John Macdonald:

Line from Wellington to Port Alberni opened (section to Cameron Lake being already in use) by Vice-President Bosworth, Dec. 30, 1911.

Line from Duncan to Cowichan Lake opened June 18, 1913.

Line from Parksville to Courtenay opened Aug. 6, 1914.

PROGRESS LODGE INSTALLED OFFICERS

Last evening Bro. Wm. Waugh, G. S, of J. W. of I. O. G. T. assisted by James Dawson as installing marshal and Sister Margaret Brodie as installing deputy marshal, installed the following officers:

P. C. T.—Sister Isabelle Johnston.
C. T.—Geo. Waugh.
U. T.—Sister May Lindsay.
Chaplain—Sister Edith Bendle.
Fin.-Sec.—Bro. Dave Dobeson.
Treas.—Bro. Herb Thorne.
Sec.—Sister Maud Haddow.
Marshal—Bro. James Hickman.
D. Marshal—Sister Agnes Young.
Guard—Bro. Dick Little.
Sentinel—Bro. James Warring.

After installing, tea, coffee and cake were served and an interesting evening spent.

London, Aug. 6—The Bank of England today reduced its discount to six per cent.

NORWAY OPPOSES GERMANY

Paris, Aug. 6.—It is officially announced that Norway has notified France that she will defend her neutrality in spite of German threats.

GERMAN STEAMER SEIZED.

London, Aug. 6.—The German steamers Crown Princess Cecille and Prince Adelhert have been seized by British cruisers. The German schooner Glacey from the Rio Grande to Falmouth was also captured today.

TO RESCUE KARLUK MEN

Nome, Alaska, Aug. 6—The Russian Government ice-breaking steamer Taimyr arrived at Nome yesterday and will leave tomorrow for Wrangel Island to take off the twenty-one men and one woman who found refuge there after the wrecking of the Stefansson expedition ship Karluk on the North of Herald Island last January.

The United States revenue cutter Bear sailed for Wrangel Island via Point Barrow July 31 After she sailed news was received that the ice about Wrangel Island was firm and the Russian Government decided to send the powerful Taimyr, which can cut a way through where the wooden Bear would be helpless.

The Taimyr did not know of the outbreak of the war until her arrival here.

ONE BILLION OF WAR CREDIT

Huge Sum Voted by Parliament Which Heard Stirring Remarks by Premier Asquith Yesterday.

London, Aug. 6—The House of Commons this evening unanimously passed a war credit of $500,000,000 for the purpose of further increases of British Army. This is the second war credit passed by the House, $525,000,000 having been voted two days ago. The Premier said that Lord Kitchener also wanted power to increase the British Army to 500,000.

Chancellor of the Exchequer Lloyd George announced today in the House of Commons that the government had decided to proclaim a general moratorium for a month. Wages, salaries, rates and taxes, government payments and national insurance transactions are not to come within the scope of the moratorium.

Premier Asquith told the House that the white paper issued by the Government showed how strenuous and unremitting had been the efforts of Sir Edward Grey, the British foreign secretary, to secure for Europe an honorable and lasting peace.

After reading Sir Edward Goschen's despatch saying that Germany had made "a strong bid for British neutrality," the Premier remarked that Germany's suggestion amounted to "the infamous proposal that we should give her a free hand to annex the whole of the extra-European possessions of France."

He continued: "If Great Britain had accepted, what reply could she have made to the Belgians' appeal? She could only have replied that we had bartered away to the power threatening her, our obligations to keep our plighted word. What would have been Great Britain's position if she assented to this infafous proposal, and what was she to get in return? Nothing but a promise by a power which at that moment was announcing its intention of violating its own treaty."

GERMANS WERE ROUTED.

Paris, Aug. 6—Official information has been given out that in the battle around Liege the Belgians had routed the enemy.

SOUTHAMPTON PORT CLOSED.

London, Aug. 6 — The port of Southampton has been closed to merchant vessels. The American liner St. Louis has been ordered to depart.

WOMEN OF CANADA ASSIST

Subscription List will be Opened For Supplying of Hospital Ship by the Women of Canada.

Victoria, Aug. 6.—At a meeting of the Provincial executive of the Imperial Order Daughters of the Empire held in the Alexander Club today a telegram was read from Mrs. Gooderham, national President of the order stating that a meeting of the executive of the I.O.D.E. would be called to decide what steps the order should take in the event of England being drawn into war. The message was read suggesting that the women of Canada should offer a hospital ship. This suggestion was enthusiastically received and unanimously adopted, and the work of organization will begin at once. The suggestion is that the ship should be fully equipped and placed at the disposal of the British Admiralty, through the Canadian Government.

It is felt that this will be an opportunity for every Canadian woman to show her loyalty and devotion to the Empire, most fitting as it is the women's part to minister to the sick and wounded. Your services most gratefully accepted and signed.

MARY S. GOODERHAM.

The message had been followed by one from His Royal Highness, the Duke of Connaught, as follows:

"His Royal Highness desires to express his warm approval of your proposal to equip a hospital ship and to congratulate you upon your patriotic suggestion."

(Sgd.) COL. FARQUHAR.

Details of the proposed hospital ship are given. A tonnage of over 4000 tons being considered advisable by competent authorities to house the number of nurses and orderlies necessary to care for 500 patients on ship board. One hundred nurses in field hospitals would be required and the fact that graduates were eligible for this work, was emphasized. The total cost would be roughly $100,000, which would be divided proportionately among the provinces. It was decided to call a general public meeting in the Royal Victoria Theatre Friday evening. At this meeting Sir Richard McBride will take the chair at 8:30 o'clock.

As many in Victoria have begged to contribute towards relief work it is considered advisable to open a subscription for the war fund which will be devoted not only to the proposed hospital ship but to the necessary relief work connected with those in the military and naval service.

BRITISH CRUISER SUNK BY MINE

London, Aug. 6—The fourth class British cruiser Amphion was sunk this morning by striking a mine. One hundred and thirty men were lost. The Amphion was a light cruiser of 3340 tons and carried 292 men.

FIRST WAR COUNCIL

London, Aug. 6.—Field Marshal Earl Kitchener called his war council early this morning and was loudly cheered by crowds in the streets as he drove to the war office.

BRITISH READY TO ATTACK

Germany's War Fleet Off Wilhelmshaven Is Guarded By Dirigibles and Land Forts Callaghan To Attack.

Sunderland, Eng., Aug. 6.— Germany's war fleet is reported off Wilhelmshaven guarded by dirigibles and under the protection of land forts. Preliminary fighting between the naval forces is confined to running fight ing between destroyers and scout cruisers. One German and one English ship were sunk. Despite the secrecy of the admiralty it is considered certain the British war fleet is about to strike. With the German armada protected by land forts it will be suicide for Admiral Callaghan to attack in force and he may undertake a feint with his destroyers and possibly submarines against the German base which triangle with Wilhelmshaven, Kiel and Heligoland.

COMMANDS FRENCH ARMY.

Paris, Aug. 6—France's great army has been placed under the supreme command of General Jos Joffre, who enjoys great popularity with his men and with the French nation.

CAPTURE OF CARGOES AT SEA.

London, Aug. 6 — The Morning Fost proposes that Britain resume her rights of capturing all cargoes destined for hostile countries under whatever flag the vessels may be sailing.

WILL NOT COME WEST.

Vancouver, Aug. 6 — Sir Wilfrid Laurier has been compelled for the present to postpone his trip. A telegram to this effect was received yesterday by F. A. Wade, to whom Sir Wilfrid wired as follows:

"In consequence of present situation my duty is to stay here. God Save The King."

(Signed) WILFRID LAURIER.

TO COMMAND HOME ARMY.

London, Aug. 6—According to the Telegraph, General Sir Ian Hamilton, inspector-general of the overseas forces, will command the home army.

MONEY ORDERS STOPPED.

Ottawa, Aug. 6—Money orders in Canada on Germany, Austria and Hungary have been indefinitely postponed.

BIG DIRIGIBLE IS DESTROYED

One Of Germany's Biggest Dirigibles Struck By Explosive Bullet and Destroyed —Fifty-six Men Killed.

Brussels, Aug. 6—Germany lost one of the biggest dirigible baloons this afternoon. It was attempting to pass over the Haroe Plateau in Belgium when it was struck by an explosive bullet in the middle of the envelope of the gas bag, the gas exploding. The dirigible fell to the ground a mass of wreckage. Fifty-six men were killed by the wreck.

Battle of Liege Was Sanguinary Engagement

Brussels, via London, Aug. 6—The Gazette publishes today what it says are the facts so far as known regarding the repulse of the German forces by the Belgians in the Liege district yesterday. The German losses are estimated at 8000 men, while the Belgians suffered far less. The alleged rout of the German Seventh army corps is not confirmed in its entirety, however, says the Gazette, which adds:

"The Belgian Eleventh brigade, after successfully resisting the German attack, pursued the fleeing Prussians with such energy that the general commanding the Belgians was obliged to order our troops to turn back, as they were getting outside the range of the guns of our forts. The enthusiasm of our troops was magnificent."

Stories of the great battle between the Belgian troops and the German soldiers yesterday in the vicinity of Liege tell of terrific slaughter among the German forces.

The attack on Liege was executed by one German army corps while the Belgian force consisted of a mixed brigade supported by the artillery of the forts. The battle was fought along a wide front and partially in the open fields. The Belgian troops carried out several fierce counter attacks, throwing the Germans back and pursuing them up to their original positions. Not an inch of ground was gained by the Germans during the fighting, and they suffered severe losses in dead and wounded.

A night attack on the Belgian positions was awaited with great assurance by the Belgian troops, who had been strongly reinforced.

Further German troops were supposed to be on the way to reinforce the regiments which suffered so severely in yesterday's attack.

At about noon yesterday the German infantry attempted to carry by assault Fort Barchot, to the northeast of Liege. The attacking infantry crept up under cover of a heavy artillery fire, but the Belgian defenders reserved their fire until the Germans had come to close quarters, when at a given signal the Belgians opened with a perfect hail of bullets from rifles and machine guns, which wreaked havoc among the Germans.

The attackers soon lay in heaps of dead and wounded around the fort. At the same time Fort Chaudfontaine, to the southeast of Liege kept up a hot fire on another body of Germans, who had seized a neighboring castle. The Belgian artillery reduced the building to a mass of smoking ruins.

The Germans finally retired all along the line. One newspaper says the German losses amounted to between 4000 and 5000 men, while they abandoned seventeen machine guns.

A squadron of Belgian Lancers, according to another report, was completely wiped out, after it had killed 150 German Uhlans.

A force of 20,000 Germans passed through Manhay, Luxemburg, on Wednesday in the direction of Aywaille, Belgium.

A number of wounded Germans fled to Dutch territory, and this gave rise to the report that the army had been completely routed.

At four o'clock in the morning the German Tenth army corps attacked the Chaudfontaine and Boucelle forts from the southeast, while their artillery bombarded the fort at Flemalle, on the opposite bank of the River Meuse, five miles southwest of Liege. The Belgians captured seven guns and several prisoners.

It was thought here today that the Germans would have to begin a regular siege of Liege, and it was pointed out that their howitzers were being brought up. Experts are of the opinion that if the Belgians could hold out for a short time at Liege, one of the sanguine battles of the war might be fought there.

A force of German Uhlans made a brilliantly courageous but fatal attempt to capture the Belgian general staff here last night. Belgian troops swooped down on them and annihilated all.

The Uhlans had penetrated the city as far as the Rue Sainte Foi, where the Belgian headquarters had been established, when the Belgian soldiers came on the scene. The roar of artillery was incessant since before midnight all around Liege. German shells wrecked and set fire to many houses in the suburb of Bressoux.

The Days War News From Many Quarters

German Far Eastern Squadron Cornered At Tsing Tau —British Fleet Under Admiral Jellicoe Reported Driving German Squadron Onto Coast of Holland.

Tokio, Aug. 6—An authentic report has reached Tokio to the effect that the German Far Eastern squadron has been bottled up at Tsing Tau by the British Far Eastern fleet.

TROOPS FROM INDIA.

London, Aug. 6—Two divisions of British troops from India are to be brought to England at once.

ATTEMPT TO DYNAMITE.

Ottawa, Aug. 6—An attempt was made to dynamite the Canada Northern Railway at Fielding station, Parry Sound today and a military guard has been placed along the line.

FLEETS IN BATTLE.

London, Friday, Aug. 7.—An authentic report states the German squadron was given battle in the North Sea this morning. Details are not to hand.

RUSSIAN SHIPS CAPTURED.

Tokio, Aug. 6.—It is reported here that a German cruiser has captured a vessel of the Russian volunteer fleet.

TO STOP ROBBERY.

London, Aug. 6.—The governments of Great Britain and Canada will take action if any attempts are made to send up the price of food stuffs.

KING'S SON FIGHTING.

London, Aug. 6.—Prince Albert, the second son of King George is on board the battleship Collingwood as a midshipman.

GERMAN PRISONERS

London, Aug. 6.—Londoners have had brought home to them some of the real facts of war for Londoners who live in the suburbs on going home last night were surprised to see 250 German prisoners guarded by Kentish regulars with fixed bayonets. The prisoners were German reservists who were captured when on their way to join the German army.

CHASING GERMAN SQUADRON

London, Aug. 6.—Admiral Jellicoe is said to be chasing a German squadron onto the coast of Holland.

Hull, Aug. 6.—A man claiming to be an American artist was arrested here today while sketching. He is suspected of securing information for the enemy.

London, Aug. 6.—The British fleet was engaged with the German fleet on the high seas and British warships are reported to be driving Germans toward the Dutch coast. Press Association claims it is advised of a fight between the fleets by the Admiralty. The Admiralty however, refuses to deny or confirm that a battle is in progress. While Belgian soldiers are holding in check an army of more than 100,000 Germans commanded by the Crown Prince, driving them back with heavy slaughter, British and French warships are sweeping the seas clear of all German merchantmen and already the monetary loss of German shipping is in the millions. Seventy-five prizes of war are in British ports according to the Admiralty and a score in French ports. The German steamer Elbe was brought to Falmouth by a British battle fleet cruiser and was captured by the third destroyer division.

Hull, Eng., Aug. 6.—Hospital forces of Hull have received orders to prepare to receive 250 wounded in the North Sea engagement. Shipping firms are informed that the east coast is now clear from Hull to London and coastwise services are resumed. Fishing vessels are free to proceed to Iceland.

GERMANY NOT COURTEOUS

Paris, Aug. 6 — The French ambassador to Germany, Jules Cambon, according to official information, was not provided with any means of transportation for his return to France when he received his passports at Berlin. He was obliged to use his own resources and to go to Denmark, where he remains.

WARLIKE MERCHANTMEN ARE TO BE DETAINED

Washington, Aug. 6.— Merchant ships found fitting out for war in the United States will be held. This announcement was made today by Secretary Daniels, who said a careful watch would be kept on all ships of the warring nations in order to prevent violations of neutrality.

EMPEROR ISSUES ORDER

Berlin, via London, Aug. 6 — The Emperor has issued an order to the Germany and navy in which he says that after 43 years of peace he calls all Germans capable of bearing arms to defend the most sacred rights of the Fatherland as they are surrounded by enemies on all sides.

ONLY FIRING PRACTICE

Hull, Eng., Aug. 6—In anticipation of probable events, the police today issued notices stating that there may be "firing practice off the Humber tomorrow," and warning the people not to be alarmed by it.

Paris, Aug. 6—A French mine ship captured and towed into Cherbourg a 5000-ton German steamer.

RUSSIAN CABLE CUT.

London, Aug. 6—The cable connecting the Russian Embassy here with St. Petersburg has ceased working this afternoon. The cause has not yet been ascertained.

LOCAL CORPS TO BE ORGANIZED

It is understood that authority has been received by the members of the local Militia Club to organize an independent company of the Canadian Militia with head quarters at Nanaimo.

This being the case the company will be organized without delay. There are already a great many men in the city who have signified their intention of joining a local corps and it is not anticipated there will be any great difficulty in recruiting the company up to full strength—war strength if necessary.

BOY SCOUTS CAPTURE GERMAN OFFICER

Brussels, Aug. 6.—Belgian boy scouts while patrolling yesterday captured a German cavalryman and arrested two German engineers believed to be spies.

Public subscriptions have been opened for the relief of the families of those who have fallen in the fighting.

Further German troops were supposed to be on the way to reinforce the regiments which suffered so severely in yesterday's attack.

DID NOT RETIRE.

Berlin, Aug. 6.—It is announced that the report that the German troops operating on the Belgian frontier had been compelled to retire is unfounded.

GERMANS DESTROY RUSSIAN CAVALRY

Berlin, via London, Aug. 6 — A force of Russian cavalry was destroyed by Germans today in a desperate battle fought in East Prussia. A second Russian cavalry division also suffered loss and is retiring in the vicinity of Neidenberg.

THE WAR SITUATION.

The news from Europe was even more meagre yesterday than on any day since Great Britain became a participant in the war. There is still no news from the North Sea and it seems safe to conclude that no decisive naval engagement has taken place. The main German war fleet is bugging the shelter of fortified harbors, and the British armada has found no opportunity of attacking in force. There have been individual encounters between scouting cruisers, but no general engagement of the two hostile fleets. Meantime German shipping has been left utterly unprotected and already seizures have been made by France and Russia amounting to millions of dollars. As for the affairs on land Germany is still being held in check by the Belgians. So far Liege has withstood all the attacks of the invading German forces, and the German plan of advance has been entirely upset. If the Belgians can manage to hold back the German advance another day or so, they will receive French and British support and the Germans instead of driving back the allies towards Paris may themselves be placed upon the defensive. From the Russian frontier nothing but outpost skirmishes are reported, and there is no word at all as to Austrian movements. Meantime there are all kinds of rumors, and reports are coming over the wire which are obviously erroneous. It is evident that the news of the war is to be more strictly censored than in any previous European conflict, and with the absence of real news rumors are being reported for what they are worth. The only thing to do is to wait for official announcements.

A CURIOUS SITUATION

In discussing the question of Asiatic immigration we have frequently pointed out that in any national emergency Canada would find this type of settler a positive menace rather than a help. The outbreak of war in Europe has revealed another source of danger in the immigration policy of the Dominion. In the desire to settle the vast prairies of the country and to develop its vast resources emigrants have been welcomed from all parts of Europe. Very little thought was taken of the future. We watched the growing rivalry between Germany and Great Britain, and all more or less recognized the possibility of a great war in which the Empire might have to battle for its existence. The war has come, and come with such suddenness as to take the whole world by surprise. The situation, about which there has been so much controversy and so much speculation, is now actually upon us. The British Empire is once more battling for its existence, and the Dominions over the seas stand or fall with the flag. It is in this connection that a very curious situation has arisen in Canada, the result of the unrestricted immigration policy of the country. Great Britain is at war with Germany and Austria, and as an integral part of the Empire so is Canada. Yet it is estimated that there are approximately 200,000 Austrians in the Dominion. Of course there is a big proportion of these Slavs from the Hungarian provinces, but they are all subjects of the Austrian Empire. It is, indeed, estimated that, of this number, there are at least 25,000 Austrian soldiers. There are also said to be 50,000 German settlers in Canada, and half of them have come within the last ten years. It is reckoned that of these Germans from five to ten thousand are liable to be called for service by Germany. Of course it is not very likely that they will be allowed to leave Canada. The point is, however, that they are no help to Canada in this time of Imperial stress. On the contrary, they are a menace to the Dominion. If they returned to Germany they would bear arms against Britain, and might even be pitted against a Canadian contingent. Many of them will be kept in the Dominion against their will, and should the emergency arise could never be called upon to the defence of Canada or the Empire. It is rather a unfortunate situatian, one which in some of its phases will call for the exercise of tolerant tact and discretion. It should be remembered that patriotism is not an exclusive British quality. The German's love of the Fatherland in just as natural and just as strong as the Briton's love of the mother country. There are thousands of Germans and Austrians who have become Canadian citizens and will remain loyal to the country of their adoption. Their families are Canadians and hold them to Canada, even if they cannot restrain altogether their sympathies of blood and country. It is for us all to make a difficult situation as easy as possible by mutual forbearance and consideration.

ITALY AND THE KAISER.

The Kaiser is not through with ultimatums yet. Italy is the latest object of Imperial wrath. The Emperor is apparently determined to force Italy into the war, in spite of the decision of that country to remain neutral. It is hardly likely that any threats the Kaiser can now make will avail to move Italy from its fixed policy of neutrality. It is one thing to become a member of a triple alliance. It is another thing to allow a second member of the same alliance to force the first and third members into a suicidal war. Germany is entirely responsible for the war now raging. The Kaiser has pursued a crazed policy and it is for his allies to say whether or not they will go with him. Not only did he embroil France and Russia, but he invaded neutral states directly under the protection of Great Britain. Italy surely cannot be blamed for refusing to share the responsibility for such a suicidal policy as this. Now that the Kaiser has hurled his defi at three of the greatest powers in Europe he would force Italy to his aid. Italy is not seeking self-destruction, and Germany is in no condition to enforce its threats. It has committed itself to a war against overwhelming odds, and has not even been able to find a casus belli. The Kaiser may believe that the growth and prosperity of Germany have earned it the chronic ill-will of the other European nations. Had the Kaiser travelled more he would have known better. Even assuming it were true there has been no manifestation of it sufficient to justify him in drawing his "shining sword," and he has now stirred up too many enemies to find many friends.

The German Kaiser has effectively dissolved whatever big political differences there existed in Canada. The French-Canadians are at one with the British element in the population of the Dominion in their loyalty to the Empire in the present struggle. Even in so far as it has gone, the war has shivered many fine-spun political theories as to the relation of the Dominions Overseas to the Mother Country. In any war Great Britain and the British Dominions are one; if the former is at war so are the latter. The "Mailed Fist" of Germany has driven this fact home as nothing else could and we do not expect it will ever be in dispute again.

STIRRING SCENE IN FRENCH CHAMBER

Paris, Aug. 6.—The Palais Bourbon added the most impressive chapter in its history, yesterday afternoon, at the assembling of the Chamber of Deputies. At 3 o'clock President Deschanel walked in in such silence that his footsteps were heard in the crowded galleries. Occasional coughs sounded like cannon shots. The entire Socialist bench on the extreme left was empty (the Juares bench). When M. Deschanel referred to Juares at the opening of his speech, everybody stood and remained standing throughout his reference to the late Socialist leader. Cheers swept the Palais as Premier Viviani entered at 3:15 and read President Poincare's message, citing France's forebearance and Germany's crushing responsibility for the war. When he referred to the friendship of Britain he was loudly cheered. He concluded with "Hearts up; Vive La France." The deputies made an impressive demonstration of real patriotism and a united front.

The Premier then cited and denied the charges made by Germany against France in the letter of Ambassador von Schoen. When he referred to the British fleet, all stood and saluted the ambassador's box, where sat the British ambassador, Sir Francis Bertie. Then followed the passing of the necessary credit bill, providing for the war. President Deschanel read them rapidly. As he finished each he asked "any objections?" and added, "then the bill is passed." The entire number of bills were rushed to the Senate who passed them in the same fashion. Thus did France place the war upon her statutes.

All the deputies rose to their feet in support of a bill to confer French nationality on natives of Alsace and Lorraine enlisting in the French army.

BUSH FIRES STILL RAGE IN INTERIOR

Victoria, Aug. 6.—"No improvement in the fire situation in the interior." This was the way in which Mr. H. R. MacMillan, chief of the Forest Branch of the Provincial Government, summarized conditions in Cranbrook and adjacent districts, where huge conflagrations have devastated the timber areas for the past few days.

"All telegraphic reports agree that conditions are worse than at any time in the last twenty years," said Mr. MacMillan. "Probably over 5000 men in Cranbrook district are out fighting the flames at many widely-separated points.

"Weather conditions are alarming in the extreme. Temperatures remain very high, accompanied by strong winds.

"No further news has been received bearing upon the fate of the greater part of 500 men who were on Monday reported to have been surrounded by a wall of flame in the Bull River section. Telephone communication not yet being restored, it is impossible to hear from the rescue party who went in from Fernie.

"There are big fires raging at Waldo, Corbin, Baynes Lake, Perry Creek and other points, and they are all reported to be beyond control.

"In respect to the situation in the Coast districts there are about twenty fres, but they are not as yet out of hand."

MERCHANT MARINE GROWING

New York, Aug. 6.—Fourteen steamers belonging to the International Mercantile Marine Company will be placed under the American flag when Congress has passed the amendment to the Panama Canal Act, repealing the six months' notice of change and the five years age limit of steamships. The transfer of these ships will add a tonnage of more than 150,000 to the American merchant marine.

ONLY TARGET PRACTISE

New York, Aug. 6.— Heavy firing heard off the Jersey coast on Wednesday is accounted for by target practice at the local forts.

DEATH OF PRES. WILSON'S WIFE

Washington, Aug. 6—Mrs. Woodrow Wilson, the President's wife, died today.

Members of the family were constantly at her bedside. The President who has been with her every moment he was not demanded elsewhere by the European crisis and the resulting situation in the United States, cancelled all engagements today and remained within call of the sick room.

Sympathy for President Wilson and hope for the recovery of Mrs. Wilson was expressed in a resolution passed by the House immediately after it convened. The resolution was presented by Representative Kincaid of Nebraska and was passed in silence.

Throughout the day members of the diplomatic corps called in a steady procession at the White House to leave their cards and express their sympathy.

Mrs. Wilson's pet measure before Congress, a bill for the reclamation of pest spots in the slums of Washington, was hurriedly reported on favorably today by the House district of Columbia committee. Every effort will be made to have it passed as soon as possible.

Last night while the President was sitting at Mrs. Wilson's bedside she recalled her interest in the slums and mentioned it would add much to her happiness if the pending bill could be passed.

The President mentioned the matter to Secretary Tumulty and today's action by the committee resulted.

Months of constant illness, which began with a nervous breakdown, then a fall from the White House floor with an injury to her spine and following that, brights disease, had so weakened the patient that the White House physicians, with whom were some of the ablest specialists called in consultation today reluctantly admitted they had little hope for her recovery.

HIS SERVICES ACCEPTED

Ottawa, Aug. 6.—Captain Demers, wreck commissioner, has volunteered his services as a naval lieutenant on the Niobe at Halifax, which has been accepted.

OUTBREAK IN CHINA

Tokyo, Aug. 6.—Reports that revolutionists in China are showing signs of activity, focus attention here. It is feared that the European war will inspire an outbreak in China.

VANCOUVER MILLING & GRAIN CO. LTD. VANCOUVER, CANADA

HARDTACK biscuit which the young bride has made famous is very often caused by using flour made from germinated wheat, that is, wheat which has sprouted.

Before buying any grain we test a small sample in our laboratory; then we grind it into flour in a miniature mill; lastly we bake bread with that flour. If that bread is light creamy white and velvety, we O. K. the wheat; otherwise it is rejected.

To be certain of good bread or biscuits ask your grocer for

PERTINENT QUERIES ANSWERED
By J. H. WARDILL
Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"

?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

A BIG SALE SENSATION

Armstrong & Chiswell's Great Experiment

Don't Wait--Don't Procrastinate A Bug Under a Chip Gets Nowhere--Don't Be a Bug--Get a Move On.

Everybody Loves a Bargain Get Yours Now And Here.

A Test To Determine

If	The public will take advantage of the biggest values for the smallest prices we have ever made.
During	This the dullest month in the year--to secure the greatest benefits they have ever known—If during
This Sale	The people who appreciate bargains-- the biggest ever offered in this section---will embrace this opportunity.

The Superb $30,000 Stock of High Class Merchandise of Armstrong and Chiswell

All to Go Without Reserve at Prices That Beggar Description and Stagger Belief.

The Sale That Is Different

You have seen others, but in all this section no sale like this. A sale of vast importance to every family near and far. A stock of merchandise, fresh, clean, crisp, equal to any on which prices are slashed to make a bargain holiday. Noteworthy and astonishing.

The Compelling Power

of low prices in these days of high cost of living, appeal with vital force to every family. This sensational sale makes it possible to lay in supplies that will astonish for their lowness. A money saving opportunity that should not be overlooked. Bargain possibilities beyond the dreams of avarice. The money we save you will talk eloquently in your purse. See the point.

The Sale Opens Saturday A. M.

August 8th. at 9.30 o'clock.

Store closed all day today, Aug. 7th, to hammer down prices and arrange stock for this sensational sale.

If	Money saving be worth your while, big values for little prices be worth your consideration---Let us show you the big benefits of this sensational sale---its magnificent possibilities for economizing
But	To secure the greatest results, you will have to hurry. Those who are early at the feast partake of the choicest viands. Don't wait for the second table, hurry, hustle and get your share of the bargains.
Perhaps	You are just a little skeptical, just a little doubtful. If so we invite a thorough investigation of our offerings. Our promises will be rigidly kept. More for your money than you have ever known is our slogan.

We Quote No Prices

in this ad—But is this good enough for you—We will save you 50 per cent. of your purchase price on many lines of our goods--We will sell you many others at even a greater discount. The appeal of this is to the intelligent buyers. To look. To see. To investigate. Nothing is more satisfying than a personal inspection. There's a great surprise awaiting you. Don't miss it.

Don't Put Your Wishbone Where Your Backbone Should Be--Obey the Impulse--Get It Now.

You May Expect Much--You Will Not be Disappointed.

Let This Sink

into your interior consciousness. You do not need to be urged to save money. Its your impulse. "Do it now" is your one best bet. Opportunity knocks at your door. Will you take advantage of the time to save. While saving is good will you do it? If not, why not? Remember it does not take a big roll to get the benefits of this sensational sale at Armstrong & Chiswell's.

DEPENDABLE MERCHANDISE

ARMSTRONG & CHISWELL

MONEY SAVERS TO THE PEOPLE

TWO SINNERS

There was a man, it was said one time,
Who went astray in his youthful prime:
Can the brain keep cool and the heart keep quiet
When the blood is a river that is running riot?
And boys will be boys, the old folks say,
And the man is the better who's had his day.

The sinner reformed; and the preacher told
Of the Prodigal son who came back to the fold,
And Christian people threw open the door
With a warmer welcome than ever before.
Wealth and honor were his to command,
And a spotless woman gave him her hand.
And the world strewed their pathway with blossoms a-bloom,
Crying, "God Bless ladye, and God bless groom!"

There was a maiden who went astray
In the golden dawn of her life's young day;
She has more passion and heart than head,
And she followed blindly where fond love led.
And love unchecked is a dangerous guide
To wander at will by a fair girl's side.

The woman repented and turned from sin,
But no door opened to let her in.
The preacher prayed that she might be forgiven,
But told her to look for mercy—in heaven.
For this is the law of the earth, we know;
That the woman is stoned, while the man may go.
A brave man wedded her after all,
But the world said frowning,
We shall not call."
—Ella Wheeler Wilcox

A married man who owns an automobile is in a position to acquire a lot of experience.

AN UNPRIZED LYRIC.

"They say my lady's face is hard
Who never saw her eyes,
Or deep with tender love and hope,
Or raised in sweet surprise.

They say my lady's heart is cold,
Who on a bed of pain,
Ne'er felt her pitying touch of hand,
That eased the sick again.

I hold the charm and I can call
The dimple to her chin.
Or wake the gentle mirth that lurks,
Unknown, her eyes within.

'Tis I who keep the golden key,
And tread the hidden way,
That leads where her dear soul joins mine,
And bids me kneel and pray."

AFRAID SHE WAS DYING

Suffered Terribly Until She Took "Fruit-a-tives"

ST. JEAN DE MATHA, JAN. 27th. 1914.

"After suffering for a long time with Dyspepsia, I have been cured by "Fruit-a-tives". I suffered so much that I would not dare eat for I was afraid of dying. Five years ago, I received samples of "Fruit-a-tives", I did not wish to try them for I had little confidence in them but, seeing my husband's anxiety, I decided to do so and at once I felt relief. Then I sent for three boxes and I kept improving until I was cured. While sick, I lost several pounds, but after taking "Fruit-a-tives", I quickly regained what I had lost. Now I eat, sleep and digest well—in a word, I am completely cured, thanks to "Fruit-a-tives".

MADAM M. CHARBONNEAU

"Fruit-a-tives" is the greatest stomach tonic in the world and will always cure Indigestion, Sour Stomach, "Heartburn", Dyspepsia and other Stomach Troubles.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

MATTY NO TERROR FOR HANS WAGNER

Christy Mathewson is the king of the National league pitchers and Honus Wagner is the king of the National league swatters. For 14 years these marvels have batted away and the verdict is in favor of the husky Pirate.

When a batter swats to a .300 average he is regarded as having owned the advantage over the pitcher. That's the comparison between Wagner and Matty. In 14 years Wagner has bumped the "fade-away" to the tune of .324.

In the 14 years Hans has dropped below .300 but four times. In 1905 he hit for .231, in 1909 it was but .111, the next year .231 and this season in four attempts Honus has failed to get a wallop off of "Big Six."

The big year for Wagner was in 1908. Wagner compiled a .470 average, getting eight hits in 17 times up.

Although Wagner is a regular fence-buster and yearly gathers in his share of the long drives he has not been able to bump Matty's curves to the walls. Just one home run in 14 seasons is Honus' record while the triples count but seven and the doubles 13.

Wise men used to come from the East, "United Canada," an Ottawa publication remarks: "The late Mr. Joseph Chamberlain was another really able man who lost his way, and left nothing." Such colossal ignorance even about an opponent seems incredible.

FLOWER HOLDERS

With the profusion of flowers that the gardens of a country home generally produces added to the beautiful wild flowers that one is always tempted to bring home from a walk or drive, it is often a difficult matter to take care of them all, and this duty is apt to fall to the daughter of the house. Of course she can take it as a burdensome task but she need not do so; it can be made a real pleasure. One thing that helps to make it enjoyable is to have plenty of vases ready for use.

A specially convenient and effective way to arrange many flowers is to hang them up around the living room and porch, and one of the best ways to do this is to make raffia holders for vases and deep bowls. Any girl can make these herself. She can buy charming bowls and vases at any pottery or Oriental shop in dark green or ox blood red, and make the covers of the natural raffia, which will give a very pretty contrast.

To make a cover begin by knotting together at the bottom a number of strands of the raffia. Draw them up over the vase, knotting two or three together in a fancy knot. Then separate these and knot them with the next group on each side, in this way making a network all over the vase. At the top draw all the strands together and tie them firmly far enough above the vase to hang it up and leave room for the flowers.

Under the workmen's compeneation law, which has gone into effect in New York state, the ball player is recognised as a "workman" engaged in a hazardous occupation and ball clubs are taxed accordingly in order to insure him his livelihood in case of mishap. Not alone are the baseball clubs of the state to be taxed, but visiting clubs as well, and a neat sum will be exacted from the National, American, Federal, International and New York State league teams. The eight clubs of the National league, for instance, each will have to pay $4,500 to insure the players their compensation in case of injury, it is said, which would take from that league alone about $40,000 each year. The law is compulsory and leaves the club no option in the matter of insuring its players.

AQUATIC SPORTS BY SWIMMING CLUB

The Nanaimo Swimming Club will hold the following program of aquatic events on August 8th:

75 yards race for boys, 15 years and under, $3, $1.50.

100 yards for boys, 18 and under, $5, $2.50.

Under water for boys, 16 and under $3, $1.50.

Men's 100 yards for the late Mr. Ben Forcimmer cup, for which competitors must have resided in Nanaimo district for at least six months. The trophy must be won three years in succession before becoming the property of the winner, first, cup and $7; second, $5.

High dive for boys, 16 and under, $3, $1.50.

Quarter mile for A. E. Planta Cup on same conditions as the 100 yards. First, cup and $8; second, $4.50; third $2.

Old man's race, 45 years and over, 75 yards, $5, $2.50.

High diving for men, $3, $1.50.

One mile, first, silver cup; second, $8; third, $5; fourth, $2.50.

Diving for plates, $3, $1.50.

Novelty race, 50 yards, $5, $2.50. Competitors must wear clothes and hats and carry an open umbrella, which they must keep dry.

Water polo game, $12, $6. Must be three teams or no second prize.

Under water for men, $3, $1.50.

200 yards relay, four men in each team, $8, $4. Must be three teams or no second prize.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at leas once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working o the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

OLD COUNTRY CRICKET.

London, Aug. 6.— Gloucestershire beat Somersetshire by one wicket at Bristol in a county cricket match started Monday.

Essex won by an innings and 131 runs from Derbyshire at Derby.

At Manchester, Yorkshire beat Lancashire by ten wickets.

CHESS TOURNAMENT IS STOPPED BY WAR

Mannheim, Aug. 6.—Owing to the war the international chess tournament has been stopped, the prizes being awarded to the chess masters holding the leading scores, as follows:

First, Alechine, St. Petersburg, 9½; second, Vidmar, of Prague, 8½; third, Spielmann, of Munich, 8.

Marshall, of New York; Breyer, of Budapest; and Retti, of Vienna, were tied for fourth, fifth and sixth places with seven games each. Janowski, of Paris, was seventh, with 6½ games.

CONNOLLY WILL TOUR WESTERN PROVINCES.

Vancouver, Aug. 6—Pat Connolly has a new manager. Yesterday R. D. Hohn, who promoted the wrestling contest here Monday night between the heavyweight and Doc Roller, made arrangements with Pat for a handicap bout in Bellingham with Polly Grimm, of Seattle, next Wednesday night, and he will look after the interests of the big fellow when he is across the line. The British champion has undertaken to throw Grimm twice within ninety minutes or forfeit the long end of the purse. Pat will leave along with his new manager this afternoon and will complete his training for the bout in Bellingham.

It is quite possible that Connolly will go to Winnipeg from Bellingham for the purpose of tackling Jack Taylor, of Moose Jaw.

SMITH AND AHEARN

London, Aug. 6—Gunboat Smith, the American pugilist, will meet Young Ahearn instead of Georges Carpentier August 18. Carpentier is obliged to return to France to join his colors.

BRINGING IN THE WOUNDED GERMANS

London, Aug. 6.—A despatch to the Standard from Brussels says that between 500 and 600 wounded Germans are being brought to the Belgian capital. Herve, Peppinster and Remouchamps are occupied by Germans, but a large Belgian force is advancing against them.

A message to the Standard from Namur, Belgium, reports that twenty or thirty persons were killed during the German bombardment of that place.

The Standard's correspondent at Liege sends a story of a duel between a Belgian aviator named Fornau, and a German airman. The two exchanged revolver shots while manoeuvring for the top position. Finally both planed to the ground.

CHINA APPEALS TO UNITED STATES

Washington, Aug. 6—The government of China yesterday appealed to the United States to intercede with the warring powers for the purpose of assuring the maintenence of peace in the Far East.

While this government has not yet made its final answer to the Chibese Government, there is every indication that the Chinese Government will be informed that this government does not consider it practicable or desirable to take the step requested.

It is possible, however, that the United States will undertake to make representations to the European powers with a view of securing the exemption of the foreign concessions in China from becoming the scenes of conflict. Provisions in the treaty of 1868 between the United States and China afforded a basis for such restricted representations to the powers by the United States, but it is not believed China's proposition will be viewed favorably.

WORK OF SUMMER SCHOOL FOR TEACHERS

The following description of the work done at the Summer School for teachers in Victoria by Mr. T. Bryant, written in the form of an interview, will be read with considerable interest:

I believe you have been spending a part of your vacation at the Summer School for teachers, in Victoria? Yes. In common with most of the public school teachers of the province I had the opportunity of enrolling for one of five of the following, viz, Rural Science and School Gardens, Manual Training, (for men only); Manual Arts, Household Arts, (for women only); Art, Vocal Music, and as the object of these courses was to give teachers an opportunity of supplementing their general knowledge and professional training, with the view of fitting them to introduce or to carry on more successfully in their respective schools whichever branch of study, demanded in their judgment, special treatment, taking into account the needs of the city or district in which the school is situated, I unhesitatingly enrolled for the art course, viz, Rural Science and School Gardens, although I must confess that taking into account the state of my own health, and the scope of the course, as outlined by the Department of Education, I was a little dubious about the wisdom of trying to crowd into a four weeks' course 13 or 14 subjects, any one of which might very reasonably demand a month's study at least in order to acquire even an elementary acquaintance with it. However, I am back again, I believe, none the worse in health or professional efficiency, but rather the contrary.

Could you tell me why you attach so much importance to this subject, especially as it is not specifically mentioned in the ordinary course of study?

Certainly. Whilst it is not so described in the course of study yet Rural Science and School Gardens is Nature Study pure and simple, and I suppose that there is no subject which is more perplexing to the average teacher of intermediate and senior pupils than that of Nature Study as prescribed in the course of study. Owing to the impossibility of most schools being able to provide suitable schools being able to provide suitable apparatus and material, the text book placed in the hands of senior pupils, fails as a medium of instruction in that subject, inasmuch as although the lessons may be read by teacher and pupils yet unless the interest of the pupil is aroused there can be no permanent advance in knowledge, simply because the lesson is lacking in demonstration and experiment. And therefore after reading the prospectus of the prescribed course, I felt that my view of Nature Study was considerably widened—that the mere study of a text book under the most favorable circumstances was not sufficient, but that a garden should be provided, as an outdoor class room, with individual plots as blackboards, that occasional excursions should be taken by teacher and pupil in order that collections of plants, insects, minerals etc., might be made. This course might not appeal to the teacher of a city school so strongly, as it appealed to me, and yet I am glad to find that our own city school trustees and teachers are turning their attention to this. But in our rural districts, where the population does not increase in the same ratio as in the cities, it is of paramount importance that the teaching in our schools shall have as its objective, that of making the youthful population more contented with their environment, giving them a greater love for nature, which will invariably respond to scientific investigation, and give up her secrets to those who are brought into sympathy with her. I am sure we are going on wrong lines if we are simply trying to exhaust any subject, but if we can lead our pupils to know the underlying principles of soil cultivation, of plant study, of bird and insect life, of the live stock industry with its allied branches, and dairying and poultry raising, of horticulture and floriculture, farm husbandry, weed and weather study, forestry and bacteriology, if, I repeat, we can impart to our pupils a love for research and investigation in these directions, we shall have accomplished a greater work for the pupil and for the country than if we were simply trying to get them to pass an examination, Nature Study will then be like the "hub" of a wheel, and such branches as I have mentioned would be the "spokes" radiating therefrom. Of course, at my time of life, I cannot hope to accomplish much towards bringing about this reformation in our educational system but we should never consider ourselves too old to learn, and it was in this spirit that I enrolled in this course. I believe the Education Department are fully alive to the importance of having this subject taught, not as an additional burden, but as tending to a unification of the school subjects, and laying more stress upon correlating Rural Science and School Garden with most of the other branches of school instruction. That this can be done was demonstrated to the teacher students and it was a significant fact that instead of there being from 30 to 40 teachers enrolling in this course, as the department anticipated there were nearly 300. J. W. Gibson Esq., M. A., was the instructor, assisted by quite a number of specialists, and I understand Mr. Gibson has been appointed Director of Elementary Education for this province.

ARMAGEDDON, THE WORLD'S FINAL STRUGGLE.

(Contributed.)

All the world is ablaze with war. As far as we can judge by appearances, the long dreaded struggle for the supremacy of the world is upon us and the whole world is marshalling its armies for the conflict. If for some reason the wars should suddenly cease tomorrow and all the world should make peace, the cause of the fight would not and could not be settled and the war would only come again in the very near future. The war is, from the nature of the thing, inevitable. Why should these things be? What effect will they have on the future?

The bible clearly foretells such a war as this and the word Armageddon, used in Revelation 16:16 to describe this war, has come into general use by great statesmen who felt that the world is facing such a crisis as it never faced before. The statesmen of today are clearly puzzled as is foretold in Luke 21:25 which says there shall be "Upon the earth distress of nations, the sea and waves roaring; men's hearts failing them for fear, and for looking after the things which are coming upon the earth."

The prophet Joel gives us an account of this also in the third chapter which reads, "Proclaim ye this among the Gentiles; prepare war, wake up the mighty men. Let all the men of war draw near. Let them come up. Beat your plowshares into swords and your pruning hooks into spears; let the weak say I am strong. Let the heathen be wakened and come up to the valley of Jehosaphat for there will I sit to judge the heathen round about." How vivid a picture the prophet gives us of our own times! But have we not been told that an era of peace was coming upon the earth during which war would cease and all disputes between nations would be settled by arbitration? That is what we have been told and the prophet Isiah foresaw this as is recorded in chapter 2. "And many people shall come and say, 'Come ye and let us go up to the mountain of the house of the Lord. . . . .and he shall judge among the nations and shall rebuke many people and they shall beat their plowshares and their spears into pruning books. Nations shall not lift up sword against nation, neither shall they learn war any more." The prophet declares the people would be saying this. Has it been true? 1 Thessalonians 5 says "But of the times and the seasons brethern ye have no need that I write unto you for yourselves know perfectly that the day of the Lord so cometh as a thief in the night for when they shall cry peace and safety, then sudden destruction cometh upon them and they shall not escape.

And how sudden it has been! A month ago we little thought our nation would be so soon plunged in a war and fighting for its very existence. The verse says that the day of the Lord cometh as a thief in the night when they shall be crying peace and safety.

All around us we hear people jesting at the idea of the Lord coming. "How do you know this," they ask. "Where are the signs of his coming." They quiet themselves by saying that all things are like they were in the beginning and that there is no reason to expect them to change. They call for a sign. They themselves are giving us another sign of the end when they talk this way, for this is given as a sign of the last days in II Peter 3:3 to 4. "Knowing this first that there shall come in the last days scoffers, walking after their own lusts and saying, "Where is the promise of his coming? For since the fathers fell asleep all things continue as they were since the beginning of the creation." They ask the very questions that prophecy says they will ask and we can safely say we are living in the very time mentioned in the prophecy. Revelation II:18 says "And the nations were angry and Thy wrath is come and the time of the dead that they shall be judged."

The nations are angry; from the least to the greatest. Where then are we living? The history of this world is soon to close. "Let us not sleep as do others but be watchful and wait."

CRUISERS DID NOT PURSUE LUSITANIA

New York, Aug. 6—A rumor was circulated todat that Captain Hessig of the steamer Uranium, had intercepted a wireless message from the Lusitania stating that two German cruisers which had been pursuing the Lusitania had been sunk by British cruisers. The story was immediately afterwards officially denied. No such wireless message was ever received.

Uranium line officials who saw Captain Hessig after his arrival here, said today the captain had not reported intercepting such a message and that they were unable to confirm it.

The wireless station at Sayville, to which the message from the Lusitania was said to be addressed, said today it had not received the message.

The message, Captain Hessig said contained additional information that the Lusitania was continuing her trip to England.

The Lusitania sailed from New York with darkened lights shortly before two o'clock yesterday morning.

HUNGARY PLANS A REVOLUTION

New York, Aug. 6 — One hundred thousand Hungarians in America have pledged themselves to raise a fund of $10,000,000 to finance a revolution in Hungary, according to Louis Tareai, editor of the Hungarian Daily Elore. Tareai says that such a revolution now is regarded as inevitable by many Hungarians who are determined to eliminate the Hapsburg dynasty, but he does not believe it will take place until the $10,000,000 is raised.

"The war started by Austria will so impoverish the Hungarians that they will have no alternative except revolt," he said.

Minard's Liniment Cures Distemper

CANADAS OFFER IS FORMALLY ACCEPTED

Ottawa, Aug. 6.—The British government has formally accepted Canada's offer to send an army division to her assistance. This means that one and perhaps more Canadian regiments will have to be organized. The Canada will probably be held for their transportation to England.

SHIPS NOT SEIZED.

Tokyo, Aug. 6.—The government denies a report that Germans had seized the Japanese merchantmen Yellow and Za.

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

Dated at Nanaimo, B. C. this 4th day of August, 1914.

A5 1m. A. J. GARRETSON

LONGSHOREMEN ARE IDLE.

New York, Aug. 6.— George H. Bowen, business agent of the Sailors Eastern and Gulf Association, estimated that about 20,000 longshoremen had been made idle through the war. Many seamen were idle, too, but having signed on the other side of the Atlantic for the round trip, they will be cared for by the companies.

WEATHER FORECAST FRIDAY

Victoria and vicinity stormy winds or gales, mostly westerly to southerly, generally fair, not much change in temperature. Lower mainland, light to moderate winds, generally fair, not much change in temperature.

In Italy there are about 2,500 murders annually, Russia about 2,400 and Spain about 1,600.

Territory around Punta Arenas, at the extreme south of Chile, has a healthful climate. Much cattle and sheep raising is done, and the district is rapidly building up.

A French electorial device for curling women's hair is said to be so efficient that the hair retains its shape for months.

"Robin Hood," four reel picture at Bijou Friday only.

It is stated that Canada's woodlands and forests exceed eight hundred and sixty-five million acres in extent. For many years the operation of the lumber industries were reckless in the extreme; nevertheless the wooded areas have not been depleted to an irreparable extent, and lumber specialists say that even a century's operations on a vast scale will fail to deplete utterly the forest wealth of the Dominion.

BRITISH STEAMER ASHORE.

New York, Aug. 6—The British steamer Chester Hall which sailed June 26th for Valparaiso is aground in the straits of Magellan.

WAR SPIRIT STRONG.

Saffron, Eng., Aug. 6—A hostile crowd tonight broke up a peace meeting in the market place, stoned the windows of the independent labor quarters and hauled down the red flag and burned it.

BRIEF MENTION

A special meeting of the City Council was held yesterday morning at which several money bylaws were reconsidered and finally adopted.

Mr. David Renwick left for his home at Union Bay yesterday.

Among the Nanaimoites who left for Courtenay yesterday on the first train to go over the new line was Mr. Joe Shields, local manager for the Vancouver Milling & Grain Co.

Mrs. Ashley and Miss Chiswell have returned from holidaying in Vancouver and Miss Chiswell is now ready to resume her classes in pianoforte and singing. Intending pupils please phone 464.

APPLEGROWERS—Wrap your apples in paper. Get the papers from Beattie & Hopkins, Wharf St. 2r.

"Robin Hood," four reel picture at Bijou Friday only.

Mill and Kindling Wood

H. H. Weeks Phone 9-3.

"Robin Hood," four reel picture at Bijou Friday only.

On Tuesday of last week a fire, supposed to have been started by two campers, broke out two miles from the head of Cowichan Lake and in quick time the whole side of the mountain was ablaze. The area affected is in the Empire Lumber Co.'s limits.

James Ross, who had been employed on Strathcona park improvement work, returned to Port Alberni yesterday. He says most of the work has been suspended on account of dry weather.

The regular meeting of the Nanaimo Nest Brotherhood of Owls will be held tonight at 8 o'clock.

DUCAL HOUSE FOR RED CROSS.

London, Aug. 6.— The Duke of Devonshire has offered his historic town house as offices for the Red Cross Society.

Mr. Osmond Dobeson returned last evening from a business trip to Vancouver.

Mrs. Richard Hilbert returned home yesterday from a visit to friends in the Terminal City.

Particular people are now having their private stationary printed. Have The Herald print yours.

Mr. Sherman Stuhl returned last evening from a business trip to the Mainland.

"Million Dollar Bid" in five parts Opera House Saturday.

Miss Mary McFadden of Victoria is visiting her sister. Mrs. Charles Beadle, Commercial street.

The law placing a prohibitive tax on the manufacture and sale in the United States of matches containing white phosphorus becomes effective July 1.

Mr. and Mrs. Jno. Renwick, jr., left yesterday on their return to their home in Honolulu.

Mrs. G. A. Sims of Saskatoon and two children arrived yesterday to join Mr. Sims who recently took up his residence in the city. Mr. Sims has disposed of his extensive dairy business in Saskatoon.

On Friday, Aug. 14. The I.O.G.T. lodges will hold a joint picnic on Mr. Waugh's farm, Five Acres. Particulars will be published later.

As announced before, the Ladies of St. Paul's Church are holding a garden social at the home of Mrs. Ben Westwood, Comox Road, next Wednesday, Aug. 12th from 3 p. m. Admission free in the afternoon, 10c in the evening. Tea, coffee and ice cream will be sold.

Nanaimo United held an enjoyable smoker last evening to wind up the season which was a fairly successful one, even though the local club lost the Canadian championship to the Northfield Violets. The smoker was held in the Assembly Hall and was presided over by Mr. William Burnip. During the course of the evening refreshments were served and a program rendered.

After a tour of Northern British Columbia and a portion of the Yukon, Mr. E. H. Fletcher, post office inspector, has returned to Victoria. He said yesterday that, in the course of his visit to different centres in the districts named, he found business flourishing. Several of the large mines were employing large forces of men and making regular shipments. Inspector Fletcher was in Atlin a few days rearranging postal facilities, a step rendered necessary because of the fire of a short time ago.

Mr. Day of the Gamewell Fire Alarm Co., Seattle, is in town, superintending the change of the automatic bell hammer and accompanying mechanism to the new concrete tower on the Fire Hall, which is nearly completed.

MAURETANIA DOCKS AT HALIFAX

Halifax, N. S. Aug. 6—The Cunard liner Mauretania, arrived at noon today, having been convoyed to the mouth of the harbor by the British cruiser Essex, which picked her up south of Sable Island. The Mauretania carried 1,400 passengers, all of whom probably will be landed here.

The Cedric, of the White Star line, has put into Halifax with passengers.

New York, Aug. 6—Officials of the Cunard line here announced today that the Mauretania had put into Halifax under orders from the British cruiser Essex. They stated that she would be held at Halifax to await instructions from the British admiralty.

It is probable that, owing to imperial conditions at the present time the conventions arranged by the Canadian Forestry association to take place at Halifax early in September will be indefinitely postponed. H. R. MacMillan, chief forester of British Columbia and one of the three directors in British Columbia of the association, this morning received a telegram asking him for his view on the matter. There is reason to believe that the majority of opinion will be in favor of the postponement. The other directors of the association in British Columbia are A. C. Flumerfelt, of Victoria, and John Henry, of Vancouver.

MORE STEMERS SEIZED.

Middlesborough, Ang., Aug. 6 — Two German steamers have been seized in the North Sea.

PRESENTATION MADE TO CLASS TEACHER

A very pleasant evening was held last night in the Sunday School rooms of St. Andrew's church when the girls class of Mrs. (Dr.) MacLennan gave a presentation and social evening to Miss Johnston, who has had charge of the class during Mrs. McLennan's absence in the east.

Miss Eliza Barrie occupied the chair and a good program was given by members of the class including a trio by Misses Barbara Pough, Eliza Barrie and Janet Waugh. Miss Grace Piper read the report of the class while the address to Miss Johnston was read by Miss Eliza Barrie, who presented an exquisite boquet of white flowers. After supper games and other entertainment held sway until 10 o'clock.

The action of X.rays on the spleen is the treatment of tuberculosis tried by Doctor Manoukhin, of St. Petersburg. The remarkable effects reported are attributed to destruction of the excessive number of white blood corpuscles formed by thos organ.

FOODSTUFF PRICES IN NANAIMO

Prices Affected by War But More Discretion Shown in Buying Than in Other Places.

Nanaimo is taking the war scare better than Vancouver, Victoria or New Westminster as far as buying supplies is concerned. In those places people are laying in very heavy stocks of staple supplies, retailers are working their staffs until midnight and wholesalers are putting on extra men.

Nanaimo merchants are selling flour at $7.50 and $7.60 a barrel owing to the raise in price by the wholesalers. As far as the local merchants are concerned this means no big profits to them as the same flour is being sold to the trade in Vancouver at $7.35 a barrel. None of the local merchants carry any big supply of flour on hand as it can be gotten from the wholesalers in such a short time.

Sugar has gone up 60c a 100 pounds since the declaration of war and oatmeal is also raised or going to raise in price to the retailer, although few if any of the local men have raised it.

Nanaimo merchants deprecate any extensive laying in of supplies as they see no occasion to warrant it.

Vancouver, Victoria and New Westminster, grocers sold as much flour and sugar during the first three days of this week as they ordinarily sell in three months, and the stores are practically bare of these necessities, and in some cases orders cannot be filled for some days. This frenzied buying and storing of supplies induced by fear of huge war time prices, is declared entirely unwarranted by the grocers themselves, who insist they have not increased their margin of profit and that the increases have all been made by the wholesalers. The wholesale price of flour has advanced in the last three days $1.05 per barrel, and the rise in retail prices has been in proportion. Sugar had advanced 60 cents per hundred lbs. in two days, and yesterday morning all prices were withdrawn in New Westminster, Victoria and Vancouver, wholesalers accepting orders only to be filled at the price prevailing when received. Grocers are not quoting prices on sugar, as they do not know what they will have to pay for it, and as in the case of flour orders which they were unable to fill when received will lose money, as they will fill the orders at the prices quoted on receipt of the orders.

In the places mentioned oatmeal and all cereals and grains have advanced materially, and the retail price has followed. New Zealand butter has advanced about 3 cents per pound, due to the advance in the exchange rate, and this will not only increase the retail price of New Zealand butter there, but will undoubtedly tend to advance the price of local butter.

According to a New Westminster report received in Nanaimo yesterday it is likely the flour business in that city will be put on a strictly cash basis, one of the big milling companies already withdrawing prices and filling orders only on C. O. D. terms.

The Nanaimo grocers themselves deprecate hasty buying of provisions in such quantities that they will likely spoil before being used, and assure their customers that there is no reason for such alarm as has been felt by householders.

CHEERED BY THOUSANDS.

Halifax, Aug. 7—Amid the cheers of thousands of people lining the wharves and house tops, H. M. S. Essex steamed out of the Halifax harbor at 6:10 this evening her band playing Rule Britannia, which the citizens sang as she glided down the stream.

NANAIMO MILITIA UNIT ORGANIZED

The Nanaimo Militia Unit has been authorized by the Militia Department of Canada. All men desirous of joining this local unit should attend at the Connaught Barracks on Monday night between 7 and 8 o'clock for enrollment.

The main object in forming this unit is to get a number of men from this vicinity drilled and prepared as a fighting force so that they can be used at the discretion of the Militia Department. For further information application may be made to Capt. Carpenter, Dr. O'Brien, Harold Johnston, R. M. Archer or the Daily Herald office.

SCHOOL TRUSTEES IN SESSION

Proposal to Build Addition to South Ward School is Dropped — Accounts for July Ordered Paid.

The Nanaimo Board of School Trustees met yesterday afternoon, there being present Chairman A. E. Planta and Trustees Mrs. Skinner, Jno. Shaw, Thos. Hodgson and J. W. Coburn.

Principal Beech of the Public Schools submitted his report containing several recommendations which were adopted by the Board.

The proposal of the Board to erect an addition to the South Ward school has been abandoned for this year, and it is now proposed to rent the Needham street Mission for the Fall term.

Accounts for the month were received and referred to the Finance Committee to be paid if found correct.

CONVOYED BY JAPANESE

Yokohama, Aug. 7 —The C. P. R. steamer Empress of Japan under charter of the British Government, sailed from Yokohama today for Hong Kong convoyed by a Japanese warship.

BALTIC IS SAFE.

London, Aug. 7—The White Star liner Baltic which left New York July 30 for Liverpool, arrived at Queenstown at 9:30 o'clock this evening.

SECRECY OF ADMIRALTY

London, Aug. 7.—Not a word has been given out by the government regarding the actions of the British fleet in the North Sea outside of Winston Churchill's statement in reference to the blowing up of the fourth class cruiser Amphion by a mine.

NO POLITICS NOW.

Ottawa, Aug. 7—A formal announcement has been made at the headquarters of the Liberal Party. Sir Wilfrid Laurier emphasizes the fact that the present time of crisis there should be a truce from party strife.

AUSTRALIA CAN STAND A SIEGE

Melbourne, Aug. 7—The Commonwealth according to the Prime Minister has enough foodstuffs to last longer that the possible duration of the war. Upon its arrival at the port of Freemantle a German steamer was taken over by the authorities the captain being unaware of the declaration of war.

FRIDAY'S NEWS OF THE WAR

Bavarian Corps Defeated by French---Admiralty Denies Report of Big Naval Battle in the North Sea.

BAVARIAN CORPS DEFEATED

London, Aug. 7.—A Brussels despatch to the Exchange Telegraph Co. says that a Bavarian Corps has been defeated by the French.

OFFER FROM INDIA.

London, Aug. 7.—The War Office announces that the Maharagah of Nepaul has offered his entire military resources of his independent kingdom to the British government, totalling 30,000 troops.

CANADIANS FOR THE WAR.

Quebec, Aug. 7.—The Allan liner Victorian with 600 reservists and the Empress of Britain with 1000 reservists will sail Saturday for England. It is understood that a cruiser will convoy the ships across the Atlantic.

ORGANIZE FOREIGN LEGION

Paris, Aug. 7.—The French War office is arranging to accept foreign volunteers to August 11. They will be organized into foreign legions.

GERMANY EXPLAINS.

Berlin, via London, Aug. 7, 6.25 p.m.—The official German account of the siege of Liege says on Wednesday the German advance guard penetrated along the entire Belgian frontier. A small detachment tried a coupe de grace with great force. Some of the cavalry entered Liege with the intention of seizing the commander of the Belgian forces who saved himself by flight. Our attack on the forces was unsuccessful.

CANADA PREPARING.

Ottawa, Aug. 7.—The Militia Department is rushing with all possible haste the preparation of the camp at Valcartier, where the Canadian force will be mobilized before leaving for the Old Country.

HEAVY FIRING REPORTED.

New York, Aug. 7.—Heavy firing of great volume and at short intervals, lasting more than an hour, was heard at 8 o'clock this morning, sixty miles south of Scotland lightship by the officers and crew of the steamer Scottish Prince, which reached here this afternoon from Trinidad.

PUBLIC WAS AGITATED

London, Aug. 7.—Persistent reports of an important encounter between the British and German fleets manoeuvring for strategic positions in the North Sea, kept the British public in a state of agitation throughout the forenoon. The excitement was not allayed until the First Lord of the Admiralty made the official announcement in Parliament that stories of fighting and losses other than those of the British cruiser Amphion and the German mine-layer Koenigen Luise, were unfounded.

RUSSIAN FLEET HEMMED IN

Stockholm, Aug. 7.—Via London, 8:15 a. m.—A Finnish sea captain who has arrived here reports that the Russian navy is bottled up at Helsingfors, while Reval and Libau have been taken by the Germans after a furious battle and are burning. The report is not credited by the best informed here.

The captain of two Swedish steamers report that a Russian cruiser is ashore near Hangoe, Finland.

QUEEN REVIEWS TROOPS

Rotterdam, Aug. 7.—Queen Wilhelmina left The Hague early today to inspect her troops in the field west of Rotterdam.

NO CORRESPONDENTS

London, Aug. 7.—A St. Petersburg despatch to the London Times says that not a single correspondent will be allowed with the army or headquarters staff. This decision has been reached after mature consideration and by stringent orders from the Emperor to the minister of war there will be no departure from it.

ROYAL NAVAL RESERVES

Ottawa, Aug. 7—The naval department requests prominent publication of the following:

"All Royal Naval Reserve men desiring information as to transportation are to apply direct to the civil service."

HOLLAND DECLARES WAR.

London, Aug. 7—It was reported here today that Holland declared war on Germany.

ITALY ORDERS GERMANS AWAY

In Pursuance of Italy's Neutrality German Warships Must Leave its Shores---British Fleet is Waiting.

Rome, Aug. 7—In pursuance of its proclamation of neutrality Italy has ordered all German warships from its ports. The British squadron with headquarters at Malta is reported waiting for the German cruisers now in the harbor of Messina. The officers of the German warships have made their wills and left them in the hands of the German Consul.

Rome, via Paris, Aug. 7.—The German embassy is using its best endeavors to have Italy change its plans in regards to its declaration of neutrality. A direct appeal has even been made to King Victor Emanuel but in vain. It is asserted that Italy having declared her neutrality intends to maintain it. The general opinion seems to be that the Italian people would never permit an act of hostility against France and Great Britain In Rome there has been frequent cries of "Long Live France" and "Long Live Our Latin Brothers," and the Marsellaise is being sung in cafes and on the streets. The French embassy here is daily receiving offers from men to join the French forces.

ITALY SEIZES GERMAN SHIPS

London, Saturday, Aug. 8.— The London Daily Chronicle has received a despatch to the effect that the Italian government has issued orders for the authorities to seize all German vessels in Italian ports.

London, Aug. 7.—A despatch similar to that of the Chronicle says the authorities at Genoa have seized two German trans-Atlantic vessels, the Moltke and the Koenig Albert.

VANCOUVER ISLAND BELGIANS WANTED

Mr. W. S. Terry, Counsel for Belgium at Victoria has received the appended telegram:

"General mobilisation in Belgium. Let this be known to the Belgians in your jurisdiction."

CONSUL GENERAL,
Ottawa.

Also will you please add that I should like to have all Belgians on Vancouver and Queen Charlotte Islands send me their names and addresses.

Yours truly,
T. J. S. TERRY,
Consul for Belgium at Victoria, B.C.

LORD DUNDONALD FAVORED

Toronto, Aug. 7.—Military men here today heard and are inclined to believe that Lord Dundonald will be invited to take command of Canada's army corps for war service.

TAG DAY FOR LOCAL HOSPITAL

Nanaimoites Will Be Asked Today to Contribute to fund in Aid of Nanaimo Hospital.

Today is hospital tag day.

This means that a number of ladies who devote considerable time and work to the interests of the Nanaimo Hospital will be on the streets with tags which will be pinned on every man who gives something towards the support of the hospital work. As a general rule ten cents entitles you to a tag but larger contributions to this most meritorious work will not be refused.

On former occasions tag day has netted a good sum towards the work of the hospital and there is no reason why today's efforts should not mean much to the hospital.

In giving to the hospital you are giving to a good cause. You are really giving something to yourself or your fellow man and if you are giving to the latter it is well to remember that it is more blessed to give than to receive.

Here's hoping that today's tag day will be the biggest in the history of the Nanaimo hospital.

UNDER SEALED ORDERS

Boston, Mass., Aug. 7—The armored cruiser North Carolina left Boston tonight under sealed orders. It was generally expected that she would join the Tennessee which left last night with gold for Americans stranded abroad. No confirmation of the report that the North Carolina carried $70,000 in gold could be obtained.

RICHARD CROCKER PATRIOTIC

London, Aug. 7—Richard Crocker, former American political boss, presented John Redmond, Nationalist leader with $250 subscription to a volunteer fund and offered his residence and grounds at Glencoe for the accommodation of the wounded during the European war.

CURATE VOLUNTEERS

Ottawa, Aug. 7—The Rev. T. L. Bruce, curate of St. John's Church has volunteered his services as chaplain to the Canadian troops going to Europe. Mr. Bruce was formerly stationed in Australia.

AMBASSADOR STOPPED.

Paris, Aug. 7—Jules Camuban, the French ambassador to Germany while on his way from Berlin to Copenhagen was stopped at a station inside the German frontier according to official despatches here today.

REDUCE WORKING FORCES.

Ray, Ariz., Aug. 7.—As a result of the unsettled conditions caused by the general European war, copper mines in the Ray district, reduced their working forces to half time. Two thousand men are affected.

FRENCH ENTER ALSACE

Paris, Aug. 7.— The minister of war announces that French troops have occupied Vic and Moyen Vic, two small German towns in Alsace-Lorraine, just over the border and about seventeen miles east of Nancy.

An official statement issued by the minister of war at midnight says that quiet reigns along almost the whole of the frontier, mobilization concentration of the French forces are proceeding satisfactorily. The Belgians have captured twenty guns from the Germans.

London, Aug. 7.—The Brussels correspondent of the various dailies all devote a lot of attention to the Belgian defence of Liege. It was not expected that serious resistance would be offered yet the Germans had not only been held in check but had actually been repulsed. The German losses had been enormous. The infantry had advanced in close order and the casualties had been unusually heavy as a consequence.

LONDON POPULACE FRIENDLY TO ITALY

London, Aug. 7, 6.25 p. m.—A remarkable demonstration of friendliness occurred in front of the Italian Embassy today. Hundreds of members of the aristocracy joined in the cheering until the ambassador and his wife appeared on the balcony and bowed to the populace, acknowledging the manifestation of friendliness of the British people to Italy.

THE KAISER ANGRY.

Berlin, Aug. 7—Emperor William has resigned all the positions he holds in the British army. He says he would not disgrace himself by wearing a British uniform.

DAUGHTERS OF THE EMPIRE

Large Mass Meeting in Victoria Last Night Starts Fund For Equipment of Hospital Ship for Service in War.

Victoria, Aug. 7.—Two resolutions one endorsing the National Chapter of the Daughters of the Empire in its proposal to start a fund for the purpose and equipment of a hospital ship for service in the European war, and the other enthusiastically approving of the local chapter's enterprise in starting local subscription lists to aid such a movement and to care for the families of those who go to the front were presented to a large mass meeting at the Royal Victoria theatre last evening.

Sir Richard McBride occupied the chair and addresses were delivered by Hon. E. G. Prior, Mr. J. J. Shallcross, Mr. Clive Phillips Wolley and others. Their references to unity of the British empire in the present crisis roused those present to frequent patriotic demonstrations. A telegram was read from Alberni announcing the forwarding of $100 as the start for the hospital ship fund. The Daughters of the Empire were congratulated on their enterprise and their proposals were unanimously endorsed. The campaign for the financial assistance needed to carry out the projects will start today.

BRITISH FOR BELGIUM.

New York, Aug. 7.—A London cable this evening says the Admiralty will use twenty-one of the steamers seized in transporting troops to Belgium. Undoubtedly both France and Britain have been urged to hurry reinforcements forward, and the first of the British contingent will leave tonight, and others will follow tomorrow.

GERMANS ARE BURYING DEAD

German Army In Front of Liege Has Withdrawn to Less Exposed Position to Recuperate.

London, Saturday, Aug. 8, 3:30 a. m.—A despatch to the Post from Brussels says that the Belgians have granted the armistice of 24 hours requested by the Germans and the latter are now collecting their wounded and burying their dead. The Germans have withdrawn to a less exposed position where they can recuperate.

London, Aug. 7—An Exchange Telegraph Company's despatch from Brussels says the German troops at Liege acknowledge the loss of 25,000 men. The agency says this statement is official.

One hundred and twenty thousand German soldiers were hurled on Liege today. It was the third desperate attempt to take the forts and the city. Before the infantry got into action, fifty-seven German batteries stationed along the Meuse shelled the forts. Under cover of the artillery, the German infantry dashed forward and captured the suburb of Bressaux, which is only a short distance from Fort Fleuron. There was desperate hand-to-hand fighting. The Germans were unsuccessful and asked for an armistice during which to bury their dead. A Brussels despatch received here says that the Belgian war office has announced that General Von Emich, commander of the German army has asked for the armistice.

A Paris despatch says that the German troops have entered Liege, but the forts are still holding out. The fighting was of the most violent and bloody character when the Germans appeared in the streets. The slaughter is reported to have been terrible. Paris has not yet heard of any application for an armistice.

Another despatch to the Exchange Telegraph Company from Brussels says the French army has now entered Belgium and has advanced well into the country.

Brussels via London, Aug. 7 — Details of last fighting at Liege are still lacking but the newspapers give brilliant feats by the Belgian defense up to Tuesday night. According to the press the German invaders expecting a weak defense were greatly surprised at the splendid fight made by the Belgians who themselves suffered severely in resisting the German assaults. Another assault by the Germans upon the chateau Langres under cover of a heavy artillery fire was defeated by the Belgians who blew up the chateau.

RAINBOW LEFT 'FRISCO.

San Francisco, Aug. 8—The Canadian cruiser Rainbow was allowed sufficient coal here today to take her to the nearest Canadian port. After coaling, the Rainbow left port and proceeded northward.

Canada's Forces Being Mobilized

Ottawa, Aug. 7—Official instructions were issued this morning from the Militia Department for the mobilization of the contingent that will represent Canada in Britain. Detailed information has been supplied the commanding officers in the various military districts throughout Canada regarding the class of men to be enrolled, together with their physical fitness and other restrictions. The arms of the force to be enlisted will include artillery, cavalry, infantry, transport and the various minor divisions of a complete army corps. The following orders were issued to the various officials in command throughout Canada:

Regulations to govern raising of contingent for overseas dominions to be Imperial with status of the British army. Enrollment to be voluntary. Physical qualifications 5 ft 3 in., chest measurement 33½ inches and over. High standard of musketry required. Time of service to be governed by duration of the war. Single men to be selected first, then married men without families, then married men with families. Officers to collect names of volunteers. The rolls must be in Ottawa and reach militia headquarters by Wednesday, Aug. 12. The forces are to be mobilized at Valcartier, Quebec, where the first contingent will be selected.

(Signed) ADJUTANT GENERAL.

THE KAISER ANGRY.

Berlin, Aug. 7—Emperor William has resigned all the positions he holds in the British army. He says he would not disgrace himself by wearing a British uniform.

DAUGHTERS OF THE EMPIRE

Large Mass Meeting in Victoria Last Night Starts Fund For Equipment or Hospital Ship for Service in War.

Victoria, Aug. 7.—Two resolutions one endorsing the National Chapter of the Daughters of the Empire in its proposal to start a fund for the purpose and equipment of a hospital ship for service in the European war, and the other enthusiastically approving of the local chapter's enterprise in starting local subscription lists to aid such a movement and to care for the families of those who go to the front were presented to a large mass meeting at the Royal Victoria theatre last evening.

Sir Richard McBride occupied the chair and addresses were delivered by Hon. E. G. Prior, Mr. J. J. Shallcross, Mr. Clive Phillips Wolley and others. Their references to unity of the British empire in the present crisis roused those present to frequent patriotic demonstrations. A telegram was read from Alberni announcing the forwarding of $100 as the start for the hospital ship fund. The Daughters of the Empire were congratulated on their enterprise and their proposals were unanimously endorsed. The campaign for the financial assistance needed to carry out the projects will start today.

BRITISH FOR BELGIUM.

New York, Aug. 7.—A London cable this evening says the Admiralty will use twenty-one of the steamers seized in transporting troops to Belgium. Undoubtedly both France and Britain have been urged to hurry reinforcements forward, and the first of the British contingent will leave tonight, and others will follow tomorrow.

GERMANS ARE BURYING DEAD

German Army In Front of Liege Has Withdrawn to Less Exposed Position to Recuperate.

London, Saturday, Aug. 8, 3:30 a. m.—A despatch to the Post from Brussels says that the Belgians have granted the armistice of 24 hours requested by the Germans and the latter are now collecting their wounded and burying their dead. The Germans have withdrawn to a less exposed position where they can recuperate.

London, Aug. 7—An Exchange Telegraph Company's despatch from Brussels says the German troops at Liege acknowledge the loss of 25,000 men. The agency says this statement is official.

One hundred and twenty thousand German soldiers were hurled on Liege today. It was the third desperate attempt to take the forts and the city. Before the infantry got into action, fifty-seven German batteries stationed along the Meuse shelled the forts. Under cover of the artillery, the German infantry dashed forward and captured the suburb of Bressaux, which is only a short distance from Fort Fleuron. There was desperate hand-to-hand fighting. The Germans were unsuccessful and asked for an armistice during which to bury their dead. A Brussels despatch received here says that the Belgian war office has announced that General Von Emich, commander of the German army has asked for the armistice.

A Paris despatch says that the German troops have entered Liege, but the forts are still holding out. The fighting was of the most violent and bloody character when the Germans appeared in the streets. The slaughter is reported to have been terrible. Paris has not yet heard of any application for an armistice.

Another despatch to the Exchange Telegraph Company from Brussels says the French army has now entered Belgium and has advanced well into the country.

Brussels via London, Aug. 7 — Details of last fighting at Liege are still lacking but the newspapers give brilliant feats by the Belgian defense up to Tuesday night. According to the press the German invaders expecting a weak defense were greatly surprised at the splendid fight made by the Belgians who themselves suffereh severely in resisting the German assaults. Another assault by the Germans upon the chateau Langres under cover of a heavy artillery fire was defeated by the Belgians who blew up the chateau.

RAINBOW LEFT 'FRISCO.

San Francisco, Aug. 8—The Canadian cruiser Rainbow was allowed sufficient coal here today to take her to the nearest Canadian port. After coaling, the Rainbow left port and proceeded northward.

Canada's Forces Being Mobilized

Ottawa, Aug. 7—Official instructions were issued this morning from the Militia Department for the mobilization of the contingent that will represent Canada in Britain. Detailed information has been supplied the commanding officers in the various military districts throughout Canada regarding the class of men to be enrolled, together with their physical fitness and other restrictions. The arms of the force to be enlisted will include artillery, cavalry, infantry, transport and the various minor divisions of a complete army corps. The following orders were issued to the various officials in command throughout Canada:

Regulations to govern raising of contingent for overseas dominions to be Imperial with status of the British army. Enrollment to be voluntary. Physical qualifications 5 ft 3 in., chest measurement 33½ inches and over. High standard of musketry required. Time of service to be governed by duration of the war. Single men to be selected first, then married men without families, then married men with families. Officers to collect names of volunteers. The rolls must be in Ottawa and reach militia headquarters by Wednesday, Aug. 12. The forces are to be mobilized at Valcartier, Quebec, where the first contingent will be selected.

SLOW NEWS.

The first decisive blow in the war of nations has yet to be struck. For the last two days there has been a complete hiatus in the news from Austria, Germany and France. The only fighting which has so far been reported is that which has taken place in the neighborhood of Liege. There are rumors galore of desperate battles in the North Sea, but not a line of news from the Admiralty. It is not to be supposed that because we are not hearing of anything, nothing has taken place. The only thing to be inferred is that a mighty strict censorship is being exercised. We have to bear in mind that Germany and Austria took the aggressive. It follows that they were both ready to take the field, and the early successes of the campaign should in the natural course of events fall to their arms. Germany it is true has suffered an unexpected check in Belgium, the result of which may be a complete disarrangement of its plans. Even allowing for this Germany should be in a position to strike the first blow Our interest naturally centres chiefly in the North Sea. Several days have elapsed since the British fleet was sent out to find the German foe. Here again the greatest surprise is felt that there is no news. The fact is that is one thing to find an enemy and another thing to find him where he can be got at. There is one thing sure and that is that as soon as there is news to give out the British authorities can be depended on to give it out, matterless whether it is good news or bad news. Meantime there is nothing to do but learn the lesson of patience.

A CURIOUS POINT.

The Manchester Guardian, perhaps the biggest and most influential of English provincial dailies, makes rather a curious point in stating its opposition to British participation in the war. The Guardian it should be said not only represents large cotton interests in Lancashire, but has always been consistently opposed to militarism and aggressive policies. It is not satisfied now with the methods used by the government in committing the country to war. "It is mockery," it complains, "to throw on the House of Commons at a moment's notice and in circumstances of great excitement, the responsibility for deciding on a policy that has been maturing for years." The Guardian does not state what other plan the government could have pursued. It does not even take up the point of whether delay was possible or not. Besides if a policy had been maturing for years it surely does not matter how it was presented. It would have succeeded in any case, and here we have to consider a particular case. It has not been the policy of Britain to foster enmity against Germany. The German Empire has been built up on the blood and iron principle. The present Kaiser, not content with his military supremacy, issued a challenge to Great Britain's naval preeminence. As a result armaments have increased by leaps and bounds, until the various European nations are staggering under their financial burdens. The Kaiser has been appealed to to desist. Great Britain has made several suggestions to the German government for calling a halt, but the result was only an acceleration of the competition. It was evident that the matter could only be settled by a test of strength. The only policy followed in England has been to be ready for this trial when the time comes. And Germany has set the time. It was not a question of Sir Edward Grey throwing on the House of Commons in an hour of crisis the issue of war or peace. A nation, no more than an individual, cannot escape the necessity of forming an immediate decision on occasions. An emergency was thrust upon Great Britain and its action could not have been delayed. Even the Guardian does not say that the King's Minister could have taken any other course, and Sir Edward Grey is the last man to throw his responsibifities on the House or anywhere else.

RUMOR

It may be impossible to tell just how a rumor starts, but we have all had experiences of how it spreads and how it grows in the spreading. A powerful British fleet was despatched to a secret rendezvous in the North Sea shortly after war was declared between Britain and Germany. Since then the world has been consumed with curiosity as where it was and what it was doing. This curiosity just naturally bred rumors. First there was heavy firing heard in the North Sea, indicating that a big naval battle was being waged. Next the battle was located, here, there and everywhere until the North Sea was peopled with phantom fleets. Finally yesterday morning came the story of a big decisive battle. To give it circumstance the British flagship was cited as among the warships that had been destroyed. A few hours later the report is flatly denied by Churchill in the House of Commons. No action of the kind, he stated, had taken place, and there had been no losses other than those that had been already announced. This circumstantial story and all the other various rumors are simply products of a tense situation.

Authority has been received from Ottawa to organize a militia unit in Nanaimo, and the business of enrolment will be proceeded with on Monday evening. It if had not been for some unfortunate misunderstanding the local corps would have been organized several months ago. However the events of the last few days can only have quickened interest in the militia, and there should be no trouble in getting the required number of men. All over the Dominion Canadians are rallying to the Imperial flag, and Nanaimo will be no whit behind its neighboring cities. The first meeting for enrollment will be held at the Connaught Barracks on Monday evening, and it is expected that there will be a big initial turn-out.

REFUGEES HAVE HARROWING TIME

London, Aug. 7—The Berlin correspondent of the Daily Telegraph who has reached Stockholm, sends the following despatch:

"The scene witnessed at Sassnitz, a famous watering place on the east coast of the German Island of Rugen, in the Baltic Sea, baffled all descriptions. Some five thousand Russian refugees turned out on the quay, were left to struggle for access to a steamer which was reached only by a single gangway.

The vessel was obliged to sail, leaving 3000 of them in despair, believing the last chance to return to their country had gone.

"One family had a letter of credit af 20,000 roubles ($10,000), but were on the verge of starvation. Some of the refugees were half mad with hunger, thirst and lack of sleep.

"They were like poultry in crates," the correspondent adds, "without food or drink, and almost without air for fifteen hours at a time. During the nights when they were not in the train they were turned into cow sheds at the slaughter houses. Everywhere they were subjected to a continuous fire of insults from the troops, especially the officers. Women of delicate breeding were openly threatened with violence and all before the declaration of war.

CAPTURED BY BELGIANS

Brussels, Aug. 7.—A dramatic sequel to the famous "Zabern incident" of last November and which then almost precipitated hostilities between France and Germany was enacted here yesterday when Lieut. Baron von Forstner was captured by Belgian troops. Lieut. von Forstner, now experiencing the humiliation of captivity in a Belgian city, had in his turn last November subjected the Alsatians to a similar humiliation in enforcing the stern regulations of the Kaiser's military orders in Alsace-Lorraine.

CALGARIAN IS SAFE.

London, Aug. 7.—The admiralty announces that the British warship Vindictive had captured the German steamer Schlesin and taken her to Plymouth. The British consul-general at Antwerp reported that the oil tank steamer San Wilfredo has been destroyed by mines off Cuxhaven.

The steamer Calgarian has reported by wireless that she is out of danger near Cape Race.

The Cunard liner Carmania, carrying $11,148,000 in gold arrived safely today at Queenstown.

DON'T GROW BALD

It's Quite Needless. Nourish the Hair Roots--Remove Dandruff —Use Parisian Sage.—

If your hair is getting thin, losing color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished. These are the main causes of baldness or dry, brittle and unsightly hair.

Parisian Sage applied daily for a week and then occasionally, is all that is needed. It is a scientific preparation that supplies hair needs. It gets to the hair roots, nourishes them, and furnishes the elements necessary to make it grow. It removes dandruff with one application; almost immediately stops falling hair and itching head; cleanses, cools and invigorates the scalp. Equally good for men, women or children—everyone needs it.

Parisian Sage not only saves the hair but beautifies it. Thin, dull, stringy hair is made soft, abundant and radiant with life.

This delightful and refreshing hair tonic can be had at any drug or toilet counter in 50 cent bottles only. Parisian Sage is always sold with agreement to refund the money if you are not satisfied.

Get a bottle at once—use it every day for a week and you will be surprised with the result. Delighted users say Parisian Sage is the best and most invigorating hair tonic made.

CONTRABAND OF WAR

Washington, Aug. 7—Great Britain's contraband of war proclamation was cabled to the State Department today by Ambassador Page.

It places arms, ammunition and all distinctly military supplies on the list of "absolute" contraband, and designates food, grain, money, horses and general supplies as "conditional" contraband.

Everything under the latter becomes subject to seizure when intended for the use of a power with which Great Britain is at war.

STIRRING ADDRESS TO BELGIUM ARMY

Brussels, Aug. 7.—Before departing for the front, King Albert addressed a proclamation to the Belgian army saying: "Without the least provocation on our part our neighbor, proud of its forces, has torn up treaties bearing its signature, and broken in on the territory of our fathers because we refused to forfeit our honor.

"An attack has been made on us, and the world marvels at our loyal attitude.

"Be comforted by our independence.

"Our menaced nation shudders, and its children have bounded to the frontier.

"Brave soldiers I salute you in the name of Belgium. You will triumph because your strength has been put to the service of the right.

"Glory to you soldiers, defenders of the liberty of our menaced fatherland."

GERMAN SPY SHOT.

Newcastle-on-Tyne, Aug. 7.—A German spy was challenged on the Tyne bridge today. He refused to stop at the order of the sentry and when attempting to escape was shot dead.

PROVINCIAL SUNDAY SCHOOL CONVENTION

Arrangements are being completed for the next annual Provincial Sunday School Convention, which is to meet in the City of Victoria on October 14, 15 and 16.

A program of exceptional strength is being arranged and special workers of International fame are to be present. Mr. W. C. Pearce is the Associate Secretary of the International S. S. Association and also Bible Class Superintendent. Mr. Pearce is one of the greatest men's leaders on the continent and under his leadership Men's Bible Classes in the International field have grown to the enormous strength of five million. Mr. Pearce is a platform speaker of great power and charm and his messages will undoubtedly inspire to greater purpose, the workers of British Columbia.

Mrs. Mary Foster Bryner is the International Elementary Superintendent and is the most popular Sunday School worker in North America. Mrs. Bryner finds it impossible to fulfill half of the applications which are put in for her services, and when she was here four years ago she delighted her audiences and instructed the workers in a wonderful way. In addition to these great leaders, Rev. Geo. T. Pratt of Platform speaker of Western Washington and Chas. E. Phipps of Oregon will be in attendance and these are two workers who have lifted Sunday School work in Washington and Oregon up to a remarkable stage of efficiency. They will both specialize in the Teen Age Departments.

In addition to these workers there will also be the great leaders of our own Province and altogether it is expected to produce the most helpful and inspiring Convention ever held in British Columbia.

DECLINE SUBSTITUTES

WOUNDED BELGIANS REACH BRUSSELS

Brussels, Aug. 7, 8.25 p. m., via London.—Trains filled with wounded fugitives and non-combatants arrived this morning from Liege. The troops appeared to be in the best of spirits when the trains left Liege, the Belgians having fought gallantly. The Belgians rifle fire was deadly, Germans being mowed down by the hundreds. In certain places on the fighting line the ground was covered with dead and dying and it is said it will take at least a week to remove the bodies.

CANADA IN STATE OF WAR

Ottawa, Aug. 7.—The machinery of organization of enrolment of an emergency division was formally put in motion yesterday when an extra of the Canada Gazette declaring the Dominion to be "in a state of war" was issued. This having been done, the commanders of all militia units throughout the country were formally notified by telegraph of the conditions of enlistment as set forth in the mobilization orders issued by the militia department yesterday.

MUSICAL INSTRUMENTS!

Columbia Grafonolas

A complete stock of these beautiful Instruments always on hand at prices ranging from

$20 to $650

ON EASY TERMS

Come in today and hear some of the new Columbia Records just issued. We are always pleased to play them for you, whether you buy or not.

Columbia Records TRADE MARK Note the Name

CANADA'S BEST

Piano is the Gerhard Heintzman. The same sincerity in every stage of manufacture marks the Gerhard Heintzman instrument you buy today as marked those that came from the hand of the young masterbuilder in the late sixties. Gerhard Heintzman, still ambitious, oversees the construction of every piano that bears his name.
In case architecture, finish, style,

THE GERHARD HEINTZMAN PIANO

Has kept pace with the best of the new ideas; the action is the same superb action, with modern refinements, that won first place for this piano in the beginning. The tone is rich, sweet, pure and LASTING.

When you think of buying a piano think of Gerhard Heintzman and his life work. The Gerhard Heintzman Piano is the piano you will admire above all others. The price is less than that asked for many inferior makes.

We are Sole Agents for this Wonderful Instrument

Edison Disc Phonographs

All the words in the dictionary couldn't convey to you the really wonderful effect of Mr. Edison's latest invention. All the statements any body could make regarding it would not go more than half way in making you value it fully.

You must hear it. Whatever your musical tastes, this new instrument will satisfy them. It is for all music lovers at all times. The Edison Diamond Disc Phonograph itself tells the most convincing story in the world of music.

We shall be mighty glad to play the selections you like best if you will call on us today or at your convenience. Don't miss it. Satisfy yourself.

200 yards relay, four men in each team, $8, $4. Must be three teams or no second prize.

ISLAND FOOTBALLERS REMAIN WITH UNION

Vancouver Island footballers at a meeting held in Victoria on Wednesday evening decided to make it plain that they would not break away from the amateur union to join the Dominion Football Association.

Two points were brought up, one of the necessity for safeguarding the interests of the Island association against interference from the Mainland, and the other the advisability of preserving their present friendly relation with the British Columbia branch of the Amateur Athletic Union of Canada.

A week from Saturday evening next a meeting of the council of the B. C. F. A. will be held at Victoria and the Victoria delegates to that meeting will be instructed to insist that the B. C. F. A. come to some agreement with the Amateur Union and that in cases where the Island body's constitution comes into conflict with the British Columbia body's the former shall govern locally. Should either of these two demands be refused the Victoria footballers will have nothing to do with the B. C. F. A.

CALIFORNIAN WILL CHALLENGE WINNER

Al. Rogers, the California middleweight, will be at the ringside on Monday night next with a challenge to the winner of the Barrieau-Weeks' contest. Rogers has an unbeaten record in the south, and is anxious to make a start against the Canadian middleweights.

Both Barrieau and Weeks are working hard. Barrieau has no weight to make and is working leisurely, while Weeks is drilling hard to make the required poundage of 155 pounds a couple of hours before the fight. There is considerable speculation on the bout at "evens."

McDonald, a recent arrival from the East, may meet Billy Wright in the preliminary. Sammy Good and Wright are unable to agree on weight and the promoters will substitute McDonald, if no settlement is reached. The preliminary is scheduled to go ten rounds and the main event fifteen.

LONGBOAT READY TO SERVE HIS COUNTRY

Toronto, Aug. 7.—Tom Longboat, the world famous Indian runner, wants to be with the first Canadian contingent that leaves for the front. He has joined a city company of the 36th regiment.

"I do not want any married men yet," said Captain Hodges.

"That does not make any difference I want to serve my country," replied the Indian, who was determined.

"Take him on," suggested Major Heron, whereat Longboat looked immensely pleased. He took the oath and signed the service roll, remarking that he was ready to start any time.

A BIG PARADE

One of the very big features of the 6th annual exhibition which the Vancouver Exhibition Association will hold this year September 3 to September 12, is the big Industrial and Labor Parade. This parade which is being organized by Mr. F. T. de Wolfe of Vancouver, will include several unusual features, such as cowboys, attractions from range boys, bands, calliopes, big floats and several bands. 31-1t

BRITISH ARMY ESTABLISHMENT OVER 700,000

The British army establishment regular forces, home and colonial, including special reserves, is 167,808, Colonial and Native Indian corps number 8765; army reserves, 145,100; special reserves, excluding regular establishment, 78,714; Channel Islands, 4166; Malta and Bermuda volunteers, 2894; British territorial forces, 315,438; Isle of Man volunteers, 126; officers training corps, 1069.

The total home and colonial establishment number 723,160, and the regular forces of the Indian establishment number 75,897 additional.

THE CALL TO ARMS.

Britons, to arms! The sound of war
Has reached by bow each distant shore:
The trumpet's blast, the cannon's roar,
A summons making.

Unsought by us the conflict came,
We strove to quench the kindling flame,
And proud ambition's flights to tame,
All Europe quaking!

But now we can no more refrain,
The hard-pressed Motherland again
Will find her sons across the main,
Their places taking.

And cursed be those whose devil's arts
Will bring such grief to countless hearts
Ere grim old Mars once more departs,
His sceptre shaking.

Soon may the hell-boro struggle end;
The present tale of carnage mend,
And old-time foe be future friend,
His rage forsaking.

—LEWIS WHARTON.

NEWSPAPERMEN WELCOMED

Mr. H. S. Rolston, general manager of the Vancouver Exhibition, today extended a hearty welcome to all newspapermen resident or visiting in British Columbia to attend the fifth annual exhibition which the Exhibition Association will hold, September 3 to September 12 inclusive. A special room will be arranged for the convenience of the press and every facility lent to their collection of news during the fair as well as their own personal enjoyment. (Note: Not necessarily for publication). 31-1t

CHIP TO MEET McCOY.

George Chip will get a chance to regain the middleweight title from Al McCoy of Brooklyn. Having come to the conclusion that another bout between McCoy and Chip would be a great attraction, Johnny Weissmantel, manager of the Broadway Sporting club of Brooklyn, secured them to meet at a ten round bout at his club in three weeks. Danny Morgan signed the articles of agreement for McCoy, and they call for a guarantee of $3,000.

RECEIPTS FOR BIG FIGHT.

Dick Burge in promoting the Carpentier-Gunboat Smith fight in London, in a letter says that the gross receipts amounted to $72,500, over double the sum ever recorded for a fistic battle in Europe. McDonald also states that Carpentier received a guarantee of $20,000, instead of $17,000, and that Smith's end was $10,000.

M. L. Masters' Mid-Summer CLEARANCE SALE

Union Brewing Co.

LIMITED

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NOTICE

Notice is hereby given that on the 3rd. day of August next application will be made to the Superintendent of Provincial Police for a transfer of license for the sale of liquor by retail in and upon the premises known as the Somerset Hotel, situated at Wellington district, in the province of British Columbia, from Frederick George Jarrett to Joseph Emerson Carr of the said Wellington district, province aforesaid.

FRED. G. JARRETT
Holder of License.
JOSEPH E. CARR
Applicant for Transfer.

Dated this 2nd. day of July, 1914.

GERMAN CONSUL LEAVES

Winnipeg, Man., Aug. 7—The German consul in Winnipeg, Baron Rudt Von Collenburg, has been handed his passports by the Dominion Government and will leave Winnipeg tomorrow for the United States. His staff will follow him. The baron received a communication from Ottawa asking that he leave Canada within twenty-four hours, and the German consulate is closed.

LESSARD MAY LEAD CANADIANS

Ottawa, Aug. 6.—General Lessard, district officer commanding the Toronto military district, is mentioned as the probable commander of the first Canadian army division. General Lessard had a fine record in South Africa, and is all the more likely to be chosen because the officer commanding must possess a good knowledge of French. It is extremely unlikely that Hon. Col Sam Hughes will take command of Canada's expeditionary forces as it is the desire of the Prime Minister that he should remain at his post in Canada.

A report that prisoners of war taken by Great Britain will be brought to Canada is not authoritative, but it is quite a probable development of the war. The sending of the prisoners to Canada would remove them a long distance from the scene of strife, and besides they could be more easily and cheaply fed in Canada during the period of war.

The privileges extended to general shipping will not extend to merchant ships should they show by their build that they are intended for conversion into war ships for the enemy. Merchant ships allowed to depart will be provided with a pass indicating the port to which they are proceeding, and the route they are to follow.

WINNIPEG HAS A WAR RIOT

Winnipeg, Aug. 6.—When the troops paraded tonight and street orators made warlike speeches, a mob stoned the offices of the German and Austrian consuls. Squads of police were placed about the Austrian and German embassies.

WILL HONOR HEROES.

Montreal, Aug. 6.—The presidents of the C. P. R., the Grand Trunk Pacific and the Grand Trunk Railways have announced that the places of any men going to the front will be kept for them on their return.

JAPANESE COMPANIES EXPECT TO BENEFIT.

All Japanese lines expect to reap a rich harvest at the expense of the other transportation companies whose services have become more or less demoralized since the declaration of war by England against Germany.

Now that the services of other lines on the Pacific have been partially disrupted by the charter of vessels for naval service, representatives of the Japanese lines are looking for a big increase in passenger and also freight business.

In the passenger business the Japanese lines have practically a free hand, as the C. P. R. service has been completely upset by the charter of the Empress of Asia, Empress of Russia and Empress of Japan for Government service on the other side of the Pacific.

CONVOYED BY CRUISER.

New York, Aug. 6—The Cunard line steamer Carmania and the British steamer Kumeric, loaded with cargoes of wheat arrived here today convoyed by a cruiser.

GERMAN CONSUL ARRESTED

Sunderland, Eng. Aug. 6—The German Consul was arrested here today at the instance of the military authorities. The charge against him has not been divulged.

COMMISSIONS FOR CADETS.

Kingston, Ont., Aug. 6—It is reported that two cadets of the Royal Military College, who were in the second year class last year have been offered commissions in the Canadian contingent which goes to war.

NOT READY FOR PEACE.

Washington, Aug. 6—No word has been received today from any of the European capitals as to whether the tender of good offices by President Wilson had been received.

Minard's Liniment Cures Garget in Cows.

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

Dated at Nanaimo, B. C. this 4th day of August, 1914.

"ADMIRALS ALL"

Effingham. Grenville, Raleigh, Drake,
Here's to the bold and free!
Benbow, Collingwood, Byron, Blake,
Hail to the Kings of the Sea!
Admirals all, for England's sake,
Honor be yours and fame!
And honor, as long as waves shall break,
To Nelson's peerless name!

Admirals all, for England's sake.
Honor be yours and fame!
And hanor, as long as waves shall break,
To Nelson's peerless name!

Essex was fretting in Cadiz Bay
With the galleons fair in sight;
Howard at last must give him his way,
And the word was passed to fight.
Never was schoolboy gayer than he.
Since holidays first began;
He tossed his bonnet to wind and sea,
And under his guns he ran.

Drake no devil nor Spaniard feared,
Their cities he put to the sack:
He singed his Catholic Majesty's beard,
And harried his ships to wrack.
He was playing at Plymouth a rubber of bowls
When the great Armada came;
But he said, "They must wait their turn, good souls,"
And he stooped and finished the game.

Fifteen sail were the Dutchman bold.
Duncan he had but two;
But he anchored them fast where the Texel shoaled
And his colors aloft he flew.
"I've taken the depth to a fathom," he cried,
"And I'll sink with a right good will,
For I know when we're all of us under the tide,
My flag will be fluttering still."

Splinters were flying above, below,
When Nelson sailed the Sound;
"Mark you, I wouldn't be elsewhere now,"
Said he, "for a thousand pound!"
The Admiral's signal bade him fly,
But he wickedly wagged his head.
He clapped the glass to his sightless eye
"And I'm damned if I see it," he said.

Admirals all, they said their say
(The echoes are ringing still),
Admirals all, they went their way
To the haven under the hill.
But they left us a kingdom none can take,
The realm of the circling sea.
To be ruled by the rightful sons of Blake
And the Rodneys yet to be.

Admirals all, for England's sake.
Honor be yours and fame!
And honor, as long as waves shall break,
To Nelson's peerless name!

PERTINENT QUERIES ANSWERED

By J. H. WARDILL

Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"

?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

WARDILL'S BICYCLE WORKS
60 Victoria Crescent

The Beginning Of The End

THE Last DAYS

of the Great Bankrupt Sale commencing Saturday, August 8th at 10 a. m. A herculean effort will be made to sell out the balance of the Stock in SEVEN DAYS. Prices or no prices the whole Stock MUST AND WILL BE SOLD. The order of the Trustee Mr. H. J Perrin is to liquidate the Stock and turn it into money in the shortest possible time. Therefore a Gigantic

WAR HAS BEEN DECLARED

on all prices—Nanaimo will be bombarded with the (money-saving) ammunition from the bargain guns that will tear down and demoralize all high prices. This will be the Super-Dreadnought of all Clothing Sales. A bomb-shell will be hurled into the camp of high prices that will go down in history as one of the greatest victories ever won by the people to buy dependable merchandise at prices that will hardly cover the cost of production.

STORE HAS BEEN CLOSED

Thursday and Friday making preparations, undergoing important changes for battle which commences Today, at 10 a.m. It behoves every man to save his money and wait for this great event — It will not be an ordinary Sale, but an extraordinary occasion to save money. It's a life and death struggle between the creditors and the B. C. Clothing Company, operating a chain of stores (Cut-Price Store included). When the concern operating the stores was placed in financial difficulties a settlement was reached whereby the B. C. Clothing Company was to pay 60c on the dollar in monthly installments on all outstanding debts, July being a quiet month in Vancouver and Victoria. The B. C. Clothing Company is several thousand dollars behind, so orders have been issued to the Nanaimo Branch to sell the goods—Get the money no matter what the loss may be. COME, don't let anything keep you away, prices will surely reach their lowest limit. Read the few items below then follow the crowds. Extra sales people will be here ! !

NANAIMO FEDERALS PLAY ALL STARS

On Sunday afternoon the Nanaimo Federal Baseball team will play an exhibition game with an All-Star team picked from the Vancouver Commercial League. The All-Stars which are visiting Nanaimo under the management of Mr. McCullough recently defeated the champions of the Commercial League by a score of 11 to 7 and coming here with the avowed intention of taking the measure of the local aggregation. For Sunday's game Manager Benedict will have the honor of his team in the hands of Piper, 3b; Little s.s.; Killeen, 2b; Boyce, c; Beattie, c. f.; E. Martin, 1b., W. Shepherd, r. f.; H. Shepherd, p.; with H. Martin, Drake and Thompson in reserve as pinch hitters.

DISCOUNT SIX PER CENT.

London, Aug. 7 — The rate of discount at the Bank of England today was six per cent.

FRIDAY'S BASEBALL.

WHITE BEAT AZEVEDO.

San Francisco, Aug. 7—Referee Griffin stopped the fight between Charlie White and Joe Azevedo tonight in the 18th round and awarded the decision to White. Azevedo was helpless and was certain to be knocked out.

STEAMER NIAGARA DELAYED.

Vancouver, Aug. 7 — The immediate cause of the delay in the sailing of the Canadian-Australian liner Niagara from Vancouver for Sydney and Auckland was the arrangements which Lloyd's had made re war risks.

AUSTRALIANS WIN IN TENNIS DOUBLES

Boston, Aug. 7.—The Australians were victorious in the doubles at the Longwood courts today. The Australians took the first set six games to one, principally through errors of the Britons. The points were 27 to 15. The feature was the daring work of Mavrogordato at the net. The second set was even easier for the Australians, the score being 6 to 0 and the points 31 to 17. Brookes and Wilding both put up a sterling defence at the net, which neither of the Britishers could penetrate. One game went to eighteen points, but the other five were quickly over.

The Australians took the third set and match, six to four. The points were 32 to 30. The Britons rallied in the last set and after the score was four to nothing against them, they ran three straight games. Then the Australians steadied and on Brookes' service clinched the contest and won the right to challenge America for the Davis Cup. The match was unusually short being played in forty-eight minutes with only seven deuce games.

"NEWSY" EARNS SALARY

"Newsy" Lalonde draws a big salary from the Nationals. It is said to be $2500 for the season and a bonus if they win the championship. It is a lot of money, but as the Nationals have not lost a game since "Newsy" joined the team at the end of last season it looks as if he was doing the best he could to earn it.

SITUATION BECOMING NORMAL.

London, Aug. 7—All banks and the people generally have nearly reached their normal balance following the flurry with the first announcement of the declaration of war.

WILL GET FULL PAY.

Toronto, Aug. 7—All civic employees on the regular staffs who are joining the Canadian military forces are to receive full pay while they are on active service. This has been decided on by the Board of Works and agreed to by the mayor, subject to the ratification of the council.

PARTY POLITICS STOPPED

Melbourne, Aug. 7—The example of the Mother Country in dropping all party lines and unitedly facing the war crisis has found its proper echo in Australia as well as in Canada and New Zealand. All parties in the Commonwealth are working together and party lines have been entirely forgotten.

REWARD FOR FLAG CAPTURE.

Paris, Aug. 7.—A substantial cash prize will go to the French soldier who captures the first German flag taken in the war. Paul Charnier, manufacturer of flags in Paris, yesterday offered a reward of 5,000 francs for each rank, who wrests away ($1,000), to the Frenchman, no matter from its bearer the first Teutonic standard. He posted the money in cash with a daily newspaper. Great enthusiasm was aroused by his offer.

In view of the conditions brought about on this Coast by the outbreak of war and their effect on the strength of the cricket clubs, many of whose players are withdrawn from the possibility of playing, it seems quite possible that the tournament of the Pacific Coast Cricket Association, which was to have been held in Victoria towards the end of this month, will not take place.

Particular people are now having their private stationary printed. Have The Herald print yours.

CAPTURE GERMAN STEAMERS

London, Aug. 7.—The capture of more German steamers today by British cruisers lead the authorities to think that the war will shortly drive German commerce from the seas.

PRESENTATION TO MR. AND MRS. ROBSON

A very pleasant time was held last night at the home of Mr. and Mrs. Thomas Robson, Rosehill Avenue, Newcastle Townsite. The occasion was a presentation on the part of the Knights of the Maccabees to the young couple, who were only recently married. The Knights, who were accompanied by their wives, invaded the Robson household, much to the surprise of the occupants, who were, however, equal to the occasion and proved themselves very efficient host and hostess.

The feature of the evening was the presentation to the newly married couple of a handsome hall mirror by Mr. Robson's fellow brethern. Sir Knight J. E. Russel made the presentation for the brethern and Mr. Robson made a very fitting [illegible] although completely taken by surprise.

Good wishes were extended by a number of the brethern with hopes for a long and happy married career.

A whist drive and the usual forms of entertainment held sway until a late hour.

ASKS CANADIANS TO SUPPORT AUSTRIA

Yorkton, Aug. 7—A very enthusiastic and largely attended meeting of the citizens of Yorkton was held last night to consider the manifesto issued by Bishop Bulla of the Greek Catholic Church calling on the Canadian Urbanians to return to Austria to fight for that country against Great Britain, and a resolution carried by an overwhelming majority condemning Bishop Bull's action and directing the attention of Premier Borden to the same with the request that he take action in the matter.

LIEGE POPULACE FEAR EPIDEMIC

Brussels, Aug. 7—Many of the people of Liege have made their way to this city fearing an epidemic at Liege. German prisoners who arrived here acknowledge the courage and tenacity of the Belgian troops who are now opposing the German advance. The German prisoners were treated with consideration, and on their way to Brussels were supplied at stations with beer and bread.

Excitement in Brussels since the arrival of the wounded has increased if such is possible.

OTTAWA JOURNAL'S OFFER

Ottawa, Aug. 7—The Ottawa Evening Journal has announced to its employees that anyone who wishes to volunteer to service in the army will be given leave of absence for whatever term may be required. His position will be kept open. Full salary will be paid to his family during the first month of absence and half salary thereafter.

DIED

In this City, on Wednesday, August 5th, 1914, JOHN DUNBAR, aged 28 years and 9 months, a native of Wellington, B. C.

FUNERAL NOTICE

The funeral will take place from the residence of Mr. C. F. Bryant, Franklyn street, August 8th, at 8.30 a.m. Thence to St. Peter's Church, where service will be conducted at 9 o'clock.

Friends and acquaintances are respectfully invited to attend.

Big Victory For French Arms

45,000 Dead and Wounded in Battle of Altkirch

French Army Is Invading Germany

First French Victory of The War Was Capture of Altkirch in Alsace---French Army Lost Heavily---French Troops Enter Muilhausen near Strassburg.

Brussels, Aug. 9., via London—The minister of war announces that the Germans suffered 30,000 causalties and the French 15,000 in the battle at Altkirch, which resulted in the capture of the Alsatian village by the French troops.

Paris, Aug. 9—An official report of the capture by the French of the village of Altkirch in Alsace says that the French advance guard arrived before the place before nightfall Friday. The town was defended by a strong earthwork and occupied by a German brigade.

The French in about equal numbers carried the breastworks in a fierce bayonet charge. The Germans broke abandoning the trenches. The force of the French dragoons pursued the Germans in the direction of Wallheim inflicting further heavy losses.

Paris, Aug. 8—News of the first French victory of the war, the capture of the village of Altkirch, in Alsace, near the Swiss frontier, which probably was much more important that the first official announcement indicated, was received here with extraordinary enthusiasm. Shortly after the war office issued the bulletin newsboys rushed through the streets waving leaflets with the huge headliners, "Victory for the French in Alsac."

Observers in Paris were prepared to hear that the French had been obliged during the first days of the fighting to give way before the German advance. The rejoicing was all the greater therefore, because the first important engagement had been fought in German territory and the French had obtained a footing in Alsac.

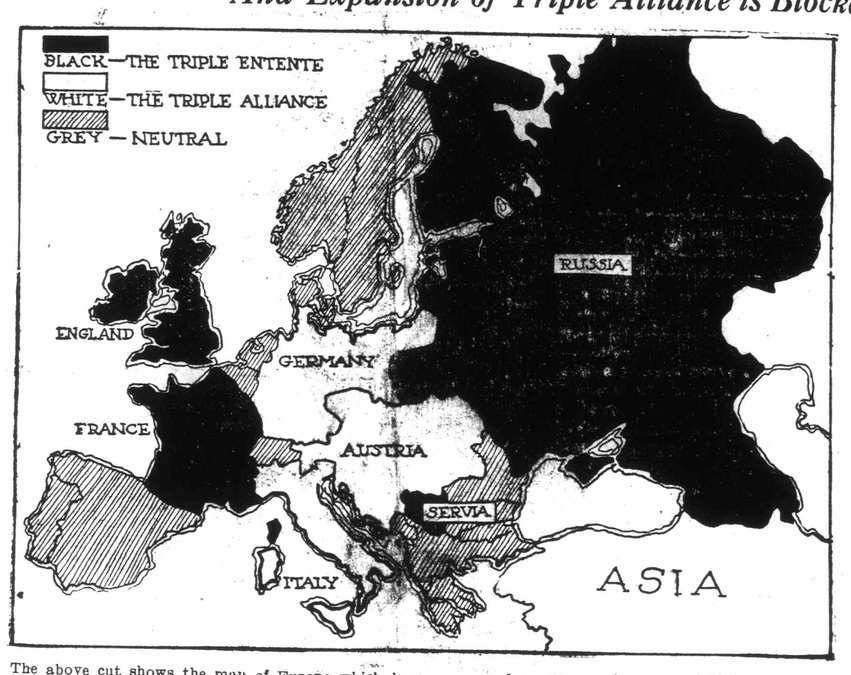
The capture of Altkirch appears to have taken place two or three days ago. The French army has now penetrated the enemies country considerably further.

There was no official statement of the losses, but they are believed to have been heavy.

Military authorities had been convinced that the French would assume the offensive. The instructions in tactics have always been to go forward.

Paris, Aug. 8—It is officially reported that French troops have entered Muelhausen. Muelhausen is the second largest town of Alsace-Lorraine and a distance of 16 miles south of Strassburg. It became a free city of the German Empire in 1213, and in the 15th century it entered into an alliance with them which lasted until 1798 when the city became French. It was taken from the French in September 1870 and was ceded to Germany with Alsace in 1871,

Muelhausen is garrisoned by a full infantry brigade, comprising about 9000 men and a full cavalry brigade of about 2700. It has a population of about 100,000 and is the principal seat of the country of western Germany.



Paris, Aug. 8—The inhabitants at Altkirch, which the French troops captured after a fight on Friday, received the victors with great rejoicing. The older men embraced the soldiers as they entered the town. After the place was occupied, the French proceeded to Mulhausen which they entered without resistance.

General Joffre, commander of the French forces, issued the follow proclamation at Muhlhausen:

"After 44 years of sorrowful waiting French soldiers once more tread the soil of your noble country. They are pioneers in a great work of revenge. For them what emotion it calls forth and with the stride to complete the work which they have made this sacrifice of their lives.

"The French nation urges them and in the folds of their flag are inscribed the magnificent words:

How Europe is Divided Into Rival Leagues And Expansion of Triple Alliance is Blocked

The above cut shows the map of Europe which is now engaged in the greatest war of history. On the one side in the great conflict are Russia, France, Great Britain and Belgium, and opposed to them are Germany and Austria. The above map shows Italy on the side of Austria and Germany, but since the map was made Italy has announced her neutrality and refuses to join in with Germany and Austria. Belgium and Holland which appear on the map as neutral have been invaded by the German army and in consequence declared war on Germany. There is no doubt that after the war the map of Europe as it appears above will be considerably changed.

Reported Naval Fight Off 'Frisco

Cannonading Heard Off California Coast at Early Hour This Morning and It is believed Cruiser Rainbow Has Engaged German Cruiser Leipzig.

San Francisco, Aug. 9.—Residents of San Mateo, a suburb of this city reported at 1:15 a. m. today cannonading off the coast. San Mateo is seven miles inland, but a strong breeze from seaward made five reports clearly audible.

San Francisco, Aug. 8.—The German cruiser Leipzig is reported by unofficial sources to be lying some distance off the Golden Gate for the purpose of convoying to within a safe distance of this port a number of German oil tankers, and of intercepting several in-bound British coal carriers, presumably to replenish her supply of coal, which is said to be depleted.

Coincident with the reports comes a new version of the German steamer Alexandria's dash early yesterday to make San Francisco Bay without interference from the British cruiser Rainbow. According to this, the Alexandria, for the greater part of her run up the southern California coast was convoyed by the Leipzig, which had left Mazatlan August 3. Holding a course barely four miles off the shore, the steamer laden with a $600,000 cargo, was followed at a distance of several miles by the cruiser, the fog aiding both.

Ottawa, Aug. 8—That the two Canadian submarines recently purchased from Chile and located at Esquimalt had left under sealed orders to meet a German cruiser reported to be off the Pacific Coast was the statement made here tonight.

The Rainbow, which was in San Francisco harbor yesterday, is also steaming for Canadian waters, so that there may be a fight off the B. C. coast. There is considerable anxiety as to the safety of the Rainbow.

The call for naval reserve men for the Niobe has been widely answered, and she will be able to go into commission and put to sea next week.

Berlin Says That Liege is Captured

Amsterdam, Aug. 8—via London, 11.50 p. m.—In Berlin there has been great rejoicing over the report that Liege has fallen. A despatch received from the German capital says:

"The news of the fall of Liege spread with lightning rapidity throughout Berlin and created great enthusiasm. The Emperor sent out an aide de camp to announce the capture of the city to crowds that assembled outside the palace."

Paris, Aug. 8—(6:05 p. m.)—Official despatches from Liege received at noon today announce that the German forces rested in their positions since yesterday and that the Belgians continue to hold their forts and positions.

Brussels, Aug. 8, via London—(9 p. m.)—The three German army corps which attacked Liege remain in their position but it seems that they must soon cross the Meuse by passing around the forts toward Vise and between Liege and Huy. An extensive movement of the troops has already been observed in the neighborhood of Huy and it is presumed that they intend to attack the Belgian army before the arrival of the French reinforcements.

BRITAIN AWAITS NEWS OF FLEET

All England Looking To The Navy for Big Events—London gives Demonstration to King and Queen.

London, Aug. 8—England is waiting quietly and confidently for naval and military battles which are believed to be impending. Except for the cries of newsboys calling war extras the movement of the troops and an orderly demonstration in front of Buckingham Palace this evening which again brought the King and Queen and the Prince of Wales out to bow their thanks, London has assumed her usual every day appearance.

The rush on the banks for currency came to an end today when issuing of small notes began, as did also the unusual demonstration at the shops for provisions. People are going about their work as they did before the crisis arose, stopping only to pick up reports of battles, most of which proved false. There is some disappointment at the success of the German cruisers Goeben and Breslau in eluding the British fleet in the Mediterranean, which naval men describe as a piece of splendid seamanship on the part of the Germans if true.

The seizure of the Togoland and the penetration of Alsace by the French troops, together with the strong opposition of the Belgians to the German advance, brought some consolation to Englishmen, but it is to the navy that England looks to far big events.

PARADE THIS MORNING

An important parade of all volunteers will be held on the Barracks grounds this (Sunday) morning at 10 o'clock.

WORLD NEWS OF INTEREST

News Items of Peace and War Over the Herald's Leased Wire For The Herald Readers.

A large steamer believed to be a North German Lloyd liner, has been captured by British warships in the North Sea, off Alderburg.

Word is received from the Balkans of a case of cholera among the Servian and Austrian forces.

Prince Rupert has been peculiarly affected by the outbreak of war. The pipes for the city's hydro-electric system were ordered from Germany some time ago and it is feared that the vessel in which they were shipped has been captured by the British. In any case it means the tying up of the work.

According to a statement of Mayor Newton Prince Rupert is to seek protection from the Provincial government against the possible attack of a German cruiser.

A despatch from Ottawa states that the naval authorities are re-

(Continued on page 2.)

NAVAL BATTLE IN ADRIATIC

Milan Reports Engagement with One Hundred Wounded —Battleship on Fire Drifting Toward Austrian Port.

London, Aug. 9—(4:20 a. m.)—A Milan despatch to the Daily Chronicle says that a steamer which has arrived at Trieste reports an engagement in the Adriatic Sea. One hundred wounded, according to this report, have been conveyed to Pola, the great naval port of Austria.

London, Aug. 9—(5.20 a. m.)—A despatch to the Exchange Telegraph Company from Rome says that a message from Ancona, Italy, reports that a battleship on fire has been sighted drifting toward Pola, a naval port of Austria in the Adriatic sea. The Nationality could not be determined.

ENLISTING FOR THE WAR.

Ottawa, Aug. 8—The men for the Niobe are being enlisted for the period of the war. It is a war service that is being organized and only naval men will be taken.

WEATHER FORECASTS SUNDAY.

Sunday; Victoria and vicinity—light to moderate winds, generally fair, stationary or higher temperature. Lower mainland—ditto.

The Dominion Fisheries cruiser Alcedo left port yesterday with supplies for Esquimalt.

RUPERT WARNED OF GERMAN STEAMERS

Vancouver, Aug. 8—The Prince Rupert arrived in Vancouver over five hours ahead of her scheduled time. Mayor Newton said that on Friday the captain received a wireless from Vancouver to put on all possible steam and to be on the lookout for German cruisers.

As a result, on Friday night the vessel ran at full speed with all lights out so as not to attract attention. The passengers were informed of the reason and there was no excitement. During the trip down the passengers were on the watch for the sister ship, the Prince George but when she was not sighted it was felt.

UNITING TO MARCH ON MEXICO CITY

Saltillo, Mex., Aug. 8.—General Francis Villa was instructed yesterday by General Carranza to start his division south to take part in the campaign against Mexico City.

The joining of Villa in the campaign will present a force before Mexico City estimated at about 85,000 men. Military men in close touch with Mexican affairs assert they expect the armies will realize the futuility of resisting.

WILL NOT AFFECT PUBLIC WORKS

Ottawa, Aug. 8, (Special).—The following official statement was issued today by the government:

"There is no authority whatever for the statement appearing in certain papers that the Dominion government's intention to fight will reduce capital expenditure throughout Canada. The existing large program of works under construction will be maintained. New works will also be undertaken from time to time as required as the International financial situation clears. The Dominion's present excellent financial position is due to the large loan of twenty-five million dollars floated by the minister of finance in June, which could under normal conditions, with the ordinary revenue, have carried the Dominion until the end of the year. The revenues for August have been keeping up reasonably well, having regard to the interruption of International trade."

ITALY THREATENED.

Rome, Aug. 9—Germany and Austria threaten Italy with the declaration that if Italy persists in its stand of neutrality they consider themselves free to declare war and Austria will invade Venetia and bombard Venice.

SERVIA DECLARES WAR ON GERMANY

London, Aug. 9.—A Vienna despatch to the Daily Telegraph reports that Servia has declared war against Germany. This step, it is explained, had been taken, in order to be rid of the German minister at Belgrade.

THE EIGHTY EIGHTH.

The 88th Fusiliers has received orders to mobilize the full regiment and local members of the force will leave Nanaimo for Victoria this afternoon. Any Nanaimoite who intends joining the 88th must be at the Barracks this (Sunday) morning at 10 o'clock.

GERMAN LOSSES IN TWO DAY'S FIGHTING

St. Petersburg, Aug. 8, via London.—It is officially stated that Germany has lost 100 men killed and many wounded and prisoners in two days' fighting near Eydkuhnen, East Prussia.

A degree has been issued suspending gold payments and authorizing a large issue of paper money.

NANAIMO CORPS IS AFTER VOLUNTEERS

Quite a number of names have been received by Captain Carpenter of those interested in the organization of a company of militia at Nanaimo. The authority for organization has now been received and those desirous of joining the company should hand in their names at once. As there is likely to be more men ready for enlistment than there will be places for, no delay should be made in communicating with Capt. Carpenter.

EXCHANGED ASSURANCES

Stockholm, Aug. 8, via London.—Norway and Sweden have exchanged obligatory assurances with the view of preventing hostile measures being taken by either against each other because of the war.

The French arrived before Muelhausen on Saturday afternoon but found that the town was not occupied by Germans.

CANADA'S OFFER ACCEPTED

London, Aug. 9, 9 a. m.—The Admiralty has accepted the offer of the women of Canada to provide a hospital ship for the British navy.

S. S. PRINCE GEORGE AS A TRANSPORT

Seattle, Aug. 8.—The G. T. P. steamship Prince George was requisitioned today by the Canadian government as a transport and left Seattle for Vancouver to enter the government service. It is supposed she will carry troops to Prince Rupert and other northern British Columbia ports which might be attacked by a roving German cruiser. The Prince Rupert of the same line will arrive here tomorrow and tie up till required by the British government as a transport.

WILL BE ENROLLED IN FRENCH ARMY

Paris, Aug. 8—It is officially announced that citizens of Alsace-Lorraine are to be enrolled in one of the foreign regiments being organized to help France.

Immediately upon signing for the declaration of the war, such volunteers become of French nationality and may then be transferred to any regiment. The Russian embassy at Vienna has been turned over to the Swiss consul and is coming to Paris.

The French military administration the same as Belgian.

THE WAR SITUATION

The news from the seat of war was even more meagre last night than at any time since the war broke out. There is nothing from the North Sea and nothing as to the operations between Austria and Servia. At Berlin there is a report of the fall of Liege; but from all other sources the Belgian city is holding out as doggedly as ever. So far the defence of Liege is the outstanding feature of the war and there is nothing in the reports so far received to indicate that the Liege forts are even in danger of falling. Despatches received late last night indicate that the French have fought their way into Alsace. There are conflicting reports of the actual fighting, but it would appear that the French have triumphed over all opposition. There appears to have been heavy fighting and the French drove the Germans back. Austria has joined Germany in trying to force Italy to depart from its attitude of neutrality, and the former particularly has made specific threats of what it will do in the event of Italy refusing to join with them. The only reply to the ultimatum so far received is the report of a naval engagement in the Adriatic. The message is sufficiently meagre, and does not even specify who are the combatants, but it is very unlikely that Italy will alter its decision. Apart from the attack on Liege and the French movement into Alsace nothing decisive has yet taken place in the war.

LIEGE DEFENCES.

A great deal of surprise has been felt at the stubborn opposition offered to the German advance by the Belgian troops around Liege. It should be borne in mind, however, that the splendid gallantry of the Belgians is supported by modern fortifications. The city of Liege itself is built on both sides of the Meuse, just where the latter river is joined by the Ourthe. No fewer that five lines of railway run into Liege, and no doubt this is what makes the Germans so resolute to take it. The Belgians in view of its strategic importance in time of war, have ringed it round with forts and defences. The circle measures about thirty-one miles, and there are twelve forts set as nearly as possible two and a half miles apart. On the east, that is fronting the German frontier, are the Barchon, Evegnee, Fleron, Chaudfontaine, Embourg and Boucelles forts, of which Fleron and Chaudfontaine are the strongest. On the west are Pontiese, Liers, Lanlin, Loncin, Hollogue and Flemalle. The forts are situated on encircling hills, and are supplied with modern guns. With these facts understood it is not to be wondered at that the Germans have been held in check, or that they have suffered severely in their attempts to force the position. Defended as it has been by the Belgians, with desperate courage, Liege will only be taken at the cost of tremendous sacrifices by the Germans.

THE HUMBER STORY

A New York despatch yesterday stated that four British warships had been sunk in the Humber by a flotilla of German torpedo boats. The report was stated to tally with the declaration made by the Admiralty that the first news of the war might be unfavorable. This is obviously a mistake. What the First Lord of the Admiralty announced in the House of Commons was that there had been no engagements and no losses other than the foundering of the Amphion. At the time of writing there is no further news of this incident, but it is very improbable that a flotilla of German torpedo boats could cross the North Sea and more improbable still that warships would be anchored in the Humber.

The French troops are reported to have reached Muhlhausen. Muhlhausen is described as the second city in Alsace, and is 16 miles south of Strassburg. The French, it will be remembered, assembled on the frontier between Belfort and Basel, to the north of the Swiss frontier. There are conflicting reports of their advance, but the French claim to have won an important victory.

WAR BULLETINS.

The Herald has many inquiries these days asking if such and such a report from Europe is true. To tell the truth we know no more than our inquirers. The most of the news received in Canada from Europe is supplied by the Associated Press. This news organization has correspondents all over the world, usually well-trained newspapermen. The news these correspondents gather is cabled across the Atlantic at great cost, and is sold to the newspapers of Canada. None of the newspapers using the service can vouch for the accuracy of every item they receive. It may be taken for granted that the reports are sent out in good faith, just as they are made public without prejudice by the newspapers here receiving them. With a stricter censorship now exercised in Europe than the world has ever known it is inevitable that rumor shall very largely take the place of real news, especially as regards the actions of the hostile fleets and armies. The stories cannot be confirmed, and must be accepted for what they are worth, until authentic news is received. Every report is bulletined and published as received, and this is the only guarantee newspapers can give.

The Dominion government has announced that effective measures will be taken to prevent any abnormal raising in the prices of flour and food stuffs. This will be assuring news to the consumer. There has as yet been no reason for the advancing of prices, and it is just as well that the government should declare now that corners in flour are forbidden.

The China Squadron of the British Navy is composed of three cruisers, three light cruisers, eight destroyers and sixteen other vessels of different types. It is in command of Vice-Admiral T. Jerram. The sphere of the China Squadron extends from the Straits of Singapore to the West of Japan and includes New Zealand, the China Seas and the East Indies.

The monument to the late Joseph Mairs will be unveiled at the Ladysmith cemetery this afternoon.

FOREIGN TOURISTS ARE LEAVING EUROPE

London, Aug. 8—The situation so far as Americans in London are concerned has about righted itself. Six thousand left here today on board the steamers Virginia, Laconia, Finland and Nieuw Amsterdam, sailing today and Sunday, the Virginian and Laconia from Liverpool, the Amsterdam from Rotterdam and the Finland from Antwerp.

A large party of English and American tourists arrived from Switzerland. They travelled part way on cattle trains and were exactly a week en route. They were obliged to spend three days on the Franco-Swiss frontier and rain which fell continually caused much suffering among the women and children. All were kindly treated by the French and Swiss.

THOUSANDS ARE JOINING COLORS

Recruiting Officers Throughout Great Britain Are Besieged With Men Wanting to Join the Colors.

London, Aug. 8—Recruiting officers throughout the country are besieged by men desirous of joining the colors in response to the appeal of Lord Kitchener, secretary of state for war in which he stated that 100,000 men were wanted immediately.

The streets of London have assumed the appearance of a military post. Every other man is clad in khaki uniforms, while public offices are guarded by territorials, the national guard of England.

The appeal of the Prince of Wales for funds to relieve distress has received splendid response. The total amount received in London up to tonight was $2,000,000. The Duke of Westminster has subscribed $75,000, and a large manufacturing firm $125,000, according to the committee's report.

Queen Mother Alexandria has subscribed $25,000 to the Red Cross fund.

In London and in the provinces the authorities continue to arrest Germans on some of whom incriminating papers have been found. This afternoon a man was caught trying to dynamite a railway bridge near Reading. All German reservists arriving on incoming ships are being detained. A fleet of trawlers has started to search the waters around England for mines.

FUNERAL OF MRS. WILSON MONDAY

Washington, Aug. 8—Funeral services for Mrs. Woodrow Wilson, wife of the President, will be held Monday afternoon at 2 o'clock at the White House, in the East Room, where a few months ago she witnessed the marriage of her daughter Jessie to Francis B. Sayre. The interment will be on Tuesday afternoon, at Rome, Ga., where Mrs. Wilson spent many of her girlhood days, and where her mother and father are buried.

Myrtle Hill Cemetery at Rome a beautiful shaded spot, will be the final resting place of the wife of the President. Many telegrams were received at the White House today from girlhood friends of Mrs. Wilson expressing their sympathy and hoping that she might "be brought back home."

The services at the White House will be private, but will be attended by members of the Cabinet, a few relatives and intimate friends, and the committee from the Senate and House. Rev. Silvester Beach of Princeton, N. J., who married Mrs. Sayre and Mrs. W. G. McAdoo in the White House, probably will officiate, and it is possible that Rev. James H. Taylor, pastor of the Central Presbyterian Church of Washington will assist.

MEXICO PREPARES FOR DEFENCE

Two additional Army Divisions Organized For Defence of Capital Against Carranza's Invading Rebel Army.

Mexico City, Aug. 8, via Galveston—After a cabinet meeting tonight Senor Santibanez, private secretary to President Carabajal, announced that the Carbajal government has not yet decided to resist the Caranza invasion by the force of arms. This is official, he added. The secretary said that the cabinet was in full accord with the president and that whatever step was taken the inhabitants of the capital would be assured protection.

Despite this statement, preparations for a military defense continue on a large scale. The war department decided today upon the formation of two additional army divisions and in the event of an attack General Jose Velasce will supercede Medina Barron as supreme commander. Tonight and tomorrow ten thousand additional troops will reach the capital in obedience to the general concentration plan.

The government today suppressed El Radical, Les Successes and La Libertad, opposition papers. Secretary Santibanez said that for the present the government did not contemplate declaring martial law. The city is absolutely quiet.

WORLD NEWS OF INTEREST

(Continued from Page 1)

ceiving numerous offers from ex-naval men for service either with the Dominion or with the Empire. Two hundred alone offered from Toronto.

An Ottawa despatch states that when the government purchased the two submarines for service on the coast here, it got the men to run them. The crews were a part of the bargain, so that the craft are in experienced hands.

London, Aug. 9.—A British warship has captured a German merchantman.

Nish, Servia, Aug. 9, via London 4.30 a. m.—The German minister Baron Von Griesinger has left Nish after entrusting the affairs of the German legation to the American minister Charles J. Vopicka.

New York, Aug. 8.—Several thousand Socialists attended a mass meeting held here tonight to protect against the European war. The meeting in Union Square was presided over by Edward F. Cassidy, who contended that the war would have been averted by the working class if the situation had not arisen so suddenly.

Neosho, Mo., Aug. 8.—In an effort to place the blame for the collision of a Missouri and North Arkansas railroad motor car and a Kansas City Southern passenger train at Tipton Ford, Mo., last Wednesday night in which forty or more lives were lost, an investigation was started here today by the states public state utilities commission.

Niagara Falls, Aug. 8.—Declaring that she is the murderer of Mrs. Louise Bailey who was shot in the office of Dr. Edward Carson, at Freeport, N. Y., on June 30, a woman who gave her name as Mrs. Mary Cohen, of New York, surrendered to the police here tonight.

Watertown, N. Y., Aug. 8.—At the present time there is only 12 days' supply of news print paper on hand in all the news mills of this county, according to Frank E. Moore, of this city, president of the American Paper and Pulp association.

Baltimore, Md., Aug. 8.—The Norwegian steamer Camelle, which arrived here today from New York reported having sighted a German warship just before daybreak on Thursday. At that time the Camelle, was between Atlantic City and Barnegal.

Berlin, Aug. 8, via London, 10.30 p. m.—Austrian cavalry has occupied the town of Olkusz and Welbrum in Russian Poland.

POLICE CHIEF DISMISSED.

Panama, Aug. 8.—L. Pretelt, chief of police of Panama, has been dismissed by President Perras. Pretelt was offered the post as postmaster of Panama, which he declined.

POSITONS HELD OPEN.

Rossland, B. C., Aug. 8.—The mining managers announced that the positions of all volunteers going to the front will be held open for them.

FRONTIER GUARDS ATTACKED

Berlin, Aug. 8.—German frontier guards in upper Alsace were attacked by the French marching from the direction of Belfort. The advance of the French troops stopped near Altkirch and they returned in the direction of Belfort.

Paris, Aug. 8.—Mrs. Wilson Howe, a sister of President Woodrow Wilson accompanied by her daughter and grandchild, left today by automobile for Havre, where they will embark on the steamship France for New York.

Los Angeles, Aug. 8.—Unaware that anything but peace prevailed in Europe, the British steamer Cloughton arrived in Los Angeles harbor tonight with a cargo of corn from Buenos Aires. Coming up the Mexican offshore a German cruiser believed to be the Nuremburg, but the cruiser could not see the Britisher in the fog. The Cloughton left Buenos Aires July 17.

Columbia Records TRADE MARK Note the Notes

CANADA'S BEST

Piano is the Gerhard Heintzman. The same sincerity in every stage of manufacture marks the Gerhard Heintzman instrument you buy today as marked those that came from the hand of the young masterbuilder in the late sixties. Gerhard Heintzman, still ambitious, oversees the construction of every piano that bears his name.

In case architecture, finish, style,

THE GERHARD HEINTZMAN PIANO

Has kept pace with the best of the new ideas; the action is the same superb action, with modern refinements, that won first place for this piano in the beginning. The tone is rich, sweet, pure and LASTING.

When you think of buying a piano think of Gerhard Heintzman and his life work. The Gerhard Heintzman Piano is the piano you will admire above all others. The price is less than that asked for many inferior makes.

We are Sole Agents for this Wonderful Instrument

Edison Disc Phonographs

All the words in the dictionary couldn't convey to you the really wonderful effect of Mr. Edison's latest invention. All the statements any body could make regarding it would not go more than half way in making you value it fully.

You must hear it. Whatever your musical tastes, this new instrument will satisfy them. It is for all music lovers at all times. The Edison Diamond Disc Phonograph itself tells the most convincing story in the world of music.

We shall be mighty glad to play the selections you like best if you will call on us today or at your convenience. Don't miss it. Satisfy yourself.

ONE MILLION BAGS OF FLOUR

Ottawa, Aug. 8.—The Canadian government has made the magnificent offer of a million bags of flour as a gift from the Dominion to the United Kingdom. The offer has been accepted. The government has already made arrangements for fulfilling the offer and shipment will start in the immediate future. The offer was made on August 6, when the following message was sent to the Imperial government through His Royal Highness, the Duke of Connaught:

"My advisers request me to inform you that the people of Canada through their government desire to offer one million bags of flour as a gift to the people of the United Kingdom to be placed at the disposal of His Majesty's government, and to be used for such purposes as they may deem expedient."

Today the following reply was received:

"On behalf of the people of the United Kingdom, His Majesty's government accepts with deep gratitude the splendid and welcome gift of flour from Canada, which will be of the greatest use for the steadying of prices and relief of distress in this country. We cannot forget the prompt attitude of this gift and patriotism from which it springs."

Fresno, Cal., Aug. 8.—Two firemen were killed and several are reported to be seriously injured in a fire which was still burning at Fresno, Cal. The men Carl E. Parson and A. V. Rucker were in the Fulton hotel, when the walls fell in on them.

NEWS OF SPORT

VANCOUVER ALL STARS PLAY HERE TO-DAY

On the Caledonian grounds this afternoon the Nanaimo Federals will meet the Vancouver All Stars in an exhibition game of baseball which promises to be a well contested battle.

Nanaimo will be lined up at full strength for today's encounter and with the All Stars being the best Vancouver can produce, fans should not fail to be present today at 2:30, at which hour the game is scheduled to commence.

The locals today will field the following:

Third base—Piper.
Short stop—Little.
Second base—Killeen.
Catcher—Boyce.
Centre field—Beattie.
First base—E. Martin.
Right Field—W. Shepherd.
Pitcher—H. Shepherd.
Reserves—H. Martin, Drake and Thompson.

CHELS CORNISH WON BIG TROTTING RACE

Chelsea Cornish's "Farmer Boy" driven by himself won the free for all trotting sweepstake yesterday on the three-quarters of a mile straightway course near Bowater's farm, Cedar. There were four entries in the event, viz., McGuire, Carson, Gibson and Cornish. The race was run in heats, Cornish and Carson being drawn in the first race, Cornish's horse "Farmer Boy" driven by W. Turner winning easily by two lengths. The next heat was between Gibson's horse driven by Tom Weeks and McGuire's trotter, the latter crossing the line several lengths in the lead, an easy winner.

Nearly one thousand spectators witnessed the races and everyone expected the final between Cornish and McGuire to be a thriller, but in this they were disappointed. McGuire objected to W. Turner driving for Cornish in the final so Cornish himself took hold of the reins and had the race in hand from the jump. McGuire's horse broke at the quarter the driver being unable to bring him back to his stride and Cornish finished the race alone.

Considerable money changed hands as the result.

SATURDAY'S BASEBALL.

AUTO DRIVER BROKE TWO WORLD'S RECORDS

St. Louis, Aug. 8.—Louis Disbrow lowered two world's records at the automobile races here today. He made a mile on a circular dirt track in 46 1-2 seconds, one fifth of a second below the world's records and he made two miles in 1:32 3-5. The former time was 1:33 46-100.

DEFAULTED FINAL GAMES TO ENGLAND

Boston, Aug. 8.—Having gained the right to play America in the challenge round for the Davis cup, the Australian team defaulted the two singles matches which were scheduled to have been played with the British Isles team today. This left the final score between the two teams 3 to 2 in favor of the Australians.

The defaults were those of N. E. Brookes and A. F. Lowe, and A. F. Wilding, to J. C. Parke. The other two members of the Australian team, S. N. Doust and A. W. Dunlop played exhibition games with Lowe and Parke, but the day was far too sultry for fast tennis. Lowe won the first match of his set with Doust 6-4, and had dropped the second 4-6 when with the games seven all in the third set, the Australian threw down his racquet and declared that he had enough.

Then Parke and Dunlop took the court but neither felt like tennis, Parke winning about as he pleased, 6-0, 7-5, 6-3.

SATURDAY'S WAR BULLETINS TO HERALD

Germans beaten back from the French frontier.

Heavy firing reported off the Washington coast and it is believed the Rainbow was giving battle to the German cruiser Leipzig.

British troops disembarking on French soil were greeted with enthusiastic cheers.

Portugal declares to stand by Britain and ordered the mobilization of three military divisions.

German forces retired from Liege on the arrival of Belgian reinforcements.

Belgian Government siezed 34 German steamers and 2 sailing ships at Antwerp.

Austrian merchant steamer "Stella" captured by Russian warship.

Reported that German torpedo boats sunk four British warships in Humber waterway to Hull. Number of attacking torpedo boats lost.

German cruiser Augusburg bombarding Russian port of Libau sunk by Russian torpedo boat.

Trenches round Liege filled four to five deep with German dead.

German Cruiser reported off Pacific Coast. The two submarines recently bought by Canada from Chili left Esquimalt under sealed orders, ostensibly to attack the cruiser.

Twenty thousand British troops landed in France.

SAW NO GERMANS.

Southampton, Aug. 8— The White Star Liner Oceanic which left New York Aug. 1st, arrived in Southampton this afternoon. No German warship was sighted. German reservists aboard the Oceanic were detained here but the other passengers were not molested.

Yesterday was Tag Day and the Woman's Auxiliary of the Nanaimo Hospital succeeded in collecting a respectable sum for the Nanaimo hospital.

MR. GEORGE WILTON IS LEAVING NANAIMO.

Mr. George Wilton, of Machleary street, who has been in Nanaimo for the last three years, leaves on Monday to take up a position with a Red Deer company, Alberta. During his residence in the city Mr. Wilton has made many friends who will deeply regret his departure. Mr. Wilton has taken an active part in the work of St. Paul's Church, and has been a prominent member of the Nanaimo Cricket Club. He was honorary secretary this year for the second time and the club lose in him an active member and zealous worker. His many friends will wish him all good fortune in his new sphere.

MR. H. N. FREEMAN STILL MANAGER

Mr. H. N. Freeman, manager of the Jingle Pot Mine of the Vancouver-Nanaimo Coal Company, returned last evening from Vancouver where he attended a meeting of the Directors of the company at which changes were made on the Board of Directors.

The directors in charge at present are Messrs. H. W. Maynard, president and J. L. G. Abbott, vice-president, both of whom have been connected with the company since its inception and have been residents of the province for the last 25 years.

On account of the reorganization, Mr. Freeman has withdrawn his resignation and will continue in his present position as manager of the Jingle Pot Mine.

LOCAL POSTMASTER RECEIVES INSTRUCTIONS.

The following instructions have been received by Postmaster Horne regarding the issuance of money orders to Great Britain and other European countries:

The Postmaster is informed that instructions have been received from the Postmaster General advising that the money order business has been suspended with the United Kingdom and through countries, and all other countries in Europe until rates of exchange are on a more permanent basis. Further instructions will be sent by mail from the department. In the meantime the postmaster will discontinue issuing money orders as above.

Mr. A. McIntosh, principal of the Richmond High School is the guest of his sister, Mrs. Green, wife of Rev. Mr. Green of the Haliburton Street Methodist Church.

CZAR NICHOLAS ADDRESSED DUMA.

St. Petersburg, Aug. 8, via London, 9:50 p. m.—The Russian Emperor with Grand Duke Nicholas received today the members of the council of the Empire and the Duma in assistance at the winter palace. Addressing them, the Emperor said:

"In these days of alarm and anxiety through which Russia is passing, I greet you. Germany, following Austria, has declared war on Russia.

"The enormous enthusiasm, the patriotic sentiments and the love and loyalty to the throne—an enthusiasm which has swept like a hurricane through the country—guarantee for me as for you, I hope that Russia will bring to a happy conclusion the war which the Almighty has sent us.

"It is also because of this unanimous enthusiasm, love and eagerness, every sacrifice even life itself, that I am able to regard the future with calm firmness. It is not only the dignity of our country that we are defending, but we are fighting for our brother Slavs, co-religionist, blood brothers. I see also with joy the union of the Slavs with Russia progressing strongly and indissolubly.

"I am persuaded that all and each of you will be in your place to assist men in spirit, and that all beginning with myself, will do their duty. Great is the God of the Russian fatherland."

PERTINENT QUERIES ANSWERED
By J. H. WARDILL
Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus, and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"

?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

DISCUSSES HIGH COST OF LIVING

City Council Debates Resolution Passed by North Vancouver Council About Increase in Foods.

The Council at last night's meeting discussed the question of the high cost of living, and particularly the increase in prices since the commencement of the war.

The matter was brought up for discussion upon receipt of a communication from the City Council of North Vancouver, inclosing the following resolution:

"That this Council strongly deprecates the recent unwarranted and arbitrary increase in the price of staple articles of food such as flour, sugar, etc., in North Vancouver and vicinity, which, if permitted to continue, and possibly extend to supplies generally, will add very materially to the already high cost of living and thereby impose an additional hardship on many of our citizens. We are further of the opinion that there is no plausible reason or necessity for any material increase in the price of food supplies in Canada, while there are many excellent reasons why there should be a considerable reduction in prices to a scale corresponding very closely to the reduced scale of wages and the products of labor generally; therefore, we beg to petition your Honor that adequate steps be taken by the Dominion Government to prevent abnormally high prices of food supplies in Canada, either by reasonable regulation of the prices charged by dealers or by such other means as the Government may determine.

Ald. McKenzie moved the communication be received and filed, the motion being seconded by Ald. Young.

Ald. Ferguson thought the Council should take the matter up. Prices had gone up in Nanaimo, particularly sugar, flour and butter and some action should be taken to stop a further advance in prices when there was no reason for the same.

Ald. Young remarked it was useless for the Council or the Government to talk about regulating prices and the Council would be only a parcel of idiots to pass such a resolution; as the rise or fall in the price of food stuffs was governed by the law of supply and demand, and could not be regulated by law.

Ald. Killeen disagreed with Ald. Young and contended the Government could regulate prices if it seen fit. The present rise in prices was nothing short of legalized robbery.

Mayor Planta was of the opinion that the public would regulate prices in the present instance, for if the public believed prices were being unreasonably advanced they would undoubtedly raise a protest and hold an indignation meeting.

Ald. Cavalsky stated the people themselves were to blame for the raise in prices for as soon as war was declared people rushed for flour with the result the stores were sold out in two days and had to order more from the wholesalers, the extraordinary demand causing the increase in cost.

The motion of Ald. McKenzie was then put to the meeting and carried with but two dissenting votes.

The lawn social which was to have been held tonight by the Ladies Aid of St. Andrew's Church, has been postponed on account of next Saturday being Tag Day for the War Hospital Ship.

HERALOGRAMS

Paris, Aug. 10—The Austrian ambassador, Count Szeczen von Temerin, left Paris tonight.

Montreal, Aug. 10—The port of Montreal was ordered closed today by Hon. J. D. Hazen, minister of marine. Only two small grain vessels are now in port.

Montreal, Aug. 10—Four Germans, suspected of being spies, are being held, according to orders issued by R. S. White, collector of customs for the port of Montreal. These four men are believed to be reservists and were taken into custody on the waterfront today.

London, Aug. 10—The Prince of Wales joined his regiment today. He motored to the headquarters of the Grenadier Guards, reported to the colonel in charge and was assigned to his company. The young Prince is commissioned as a lieutenant. He will bunk with the men.

The British cruiser Essex has captured the North German Lloyd steamer Kron Prinz Wilhelm.

Martial law has been declared in Italy.

Rome, Aug. 10.—The Tribuna today reported that the Pope was indisposed, suffering from a slight influenza, but this was denied.

New York, Aug. 10.—The National Foreign trades council held a special meeting here today to take measures for the relief of foreign commerce due to the European war.

Brussels, Aug. 10.—The war minister has issued a proclamation that every German and Austrian who does not declare himself within 24 hours will be considered a spy.

Brussels, Aug. 10.—Since the Finlanders provinces were placed under martial law two days ago, more than 2000 spies have been arrested.

Brussels, Aug. 10.—Forty thousand volunteers have been enrolled and have been formed into 20 regiments of two thousand men.

Paris, Aug. 10.—The train service between Brussels and Paris was resumed today.

Mexico City, Mex., Aug. 10.—A two hours' cabinet council was held today and it is believed details of the transfer of the provisional government to the rebels was the chief theme.

Birmingham, Eng., Aug. 10.—The admiralty has informed the mayor of Birmingham, that the cruiser Birmingham sank the first German submarine of the war, the U-15.

Marshfield, Ore., Aug. 10.—Thomas W. Infield, employed in the Harris Tie Camp near here while fighting a forest fire Sunday, was crushed to death when a burning tree fell across his body.

San Luis Posti, Mexico, Aug. 10.—Surrender of Mexico City was formally demanded of President Carbajal yesterday by General Obregon.

London, Aug. 10—Mrs. George Law, of New York, left London today by steamer for Havre. It is her intention to join the French Red Cross.

Glasgow, Aug. 10—Leading Scotch manufacturers are of the belief that they will sustain ruinous losses as a result of the war.

Tokio, Aug. 10—Count Okuma, the premier, in an address today to the newspapermen in Japan, urged them to refrain from sensational rumors and inflammatory articles.

HOW THE KAISER'S SOLDIERS TRAIN FOR WAR.

German field artillery during manoeuvres traversing rough country with a field piece.

The Kaiser's vast army has been in a constant state of preparedness for war, and the general European conflict has found the German army ready, trained by constant drilling to withstand the hard ships and rigors of war.

Heavy Sacrifice to Capture Liege

London, Aug. 11—The Daily Telegraph's correspondent who witnessed much of the Liege fighting says that the German artillery was excellent, but expresses surprise at the infantry fighting in close order. Battalion after battalion was thrown into the field in solid formation, but he adds the estimate of 25,000 losses was an exaggeration.

Most of the captured Germans were from 18 to 24 years old. Their gray uniforms were stripped of all insignia and their helmets were covered with gray cloth.

The civilians of the town, says the correspondent, showed the greatest courage under bombardment and in the face of alarms brought in by frightened refugees.

The German shells did a little damage to the city in the angle between the rivers Ourthe and Meuse. The factories and coal mines were in operation throughout the fighting.

The correspondent writing on Sunday, predicted that the Germans could not take the forts without enormous sacrifices, which would cripple their right wing. He expressed the opinion that the German plan of sweeping down the Meuse to Sedan must be abandoned because it has already been so long delayed.

New York, Aug. 10—Heat caused the death of three persons in New York today. Nearly a dozen others were overcome.

Globe, Az., Aug. 10—Twenty-five were injured none fatally, in a pitched battle between Austrians and Servians here tonight.

London, Aug. 11 (5.50 a.m.) — The Admiralty announces permission may now be obtained for the shipment of coal from England to Norway and Italy. This is taken to indicate that there is no danger from foreign warships.

Paris, Aug. 10—Detachments of the Tours of native troops from the French colony of Algiers penetrated Alsace today.

Ottawa, Aug. 10—An offer of $500,000 to be applied for defence purposes in any way that the government deems fit was received today by the minister of militia from a prominent Montreal millionaire, whose name is not yet disclosed. The offer has been accepted.

GERMAN MINISTER DEPARTS.

Nish, Aug. 10—Via London—The American consul here has taken over the German interests, the German minister having departed.

BIG BATTLE IS IMMINENT

Franco-Belgian and German Armies Open Big Battle On The Meuse South of Liege —Fighting has Commenced

Amsterdam, Aug. 10.—The Franco-Belgian and German forces are said to be now engaged on the Meuse, south of Liege.

The battle, it is reported, was opened today by the German troops after they had been heavily reinforced. It is reported one hundred thousand Germans and 140,000 Franco-Belgian troops are engaged.

Brussels, Aug. 11—via London, 3.40 a. m.—The pause in the fighting around Liege since Saturday appears to be the lull before the storm. There is little doubt that an engagement on a scale not yet witnessed in this war is imminent.

The people of Brussels are extraordinary watchful against spies.

London, Aug. 11; 3.35 a. m.—The correspondent of the Daily Telegraph telephones a message from Maastricht that there has been heavy firing along the line between Liege and Longres. The Germans are placing heavy guns before Liege and Namur.

SCUTARI REPORTED TAKEN.

London, Aug. 11—A Rome despatch to the Daily Mail says it is reported that the Montenegries have occupied Scutari.

AUSTRIANS RETREAT BEFORE SERVIANS

Rome, Aug. 10—The Servian army which invaded Bosnia is driving the Austrians before it, according to a despatch received here today. Servians have reached Vichigard on the frontier of Herzgovina where the Austrians are entrenching and preparing to make a stand.

PRINCE GEORGE AS HOSPITAL SHIP

Victoria, Aug. 10—Equipped as a hospital ship the Grand Tronk Pacific steamer Prince George which has been chartered by the naval authorities for service on this Coast, is being held in readiness to sail from Esquimalt at a moment's notice under sealed orders. The destination of the Prince George has not been disclosed.

The Prince George was last night fully equipped with hospital supplies and a number of nurses recruited from various institutions of the city are reported to have boarded the steamer while she was lying at Esquimalt. The Prince George, with Captain C. H. Nicholson, manager of the G.T.P. Coast service, on board, arrived in Esquimalt harbor early yesterday afternoon from Vancouver. Previous reports indicated that the Prince George was under orders to proceed to Seattle to lay up for an indefinite period.

Upon her arrival at the Esquimalt naval wharf the Prince George was immediately taken over by the naval officer in charge and fitted out for a protracted voyage. Within the short space of a few hours the vessel had been fully provisioned and stored with hospital supplies.

She is commanded by Captain D. Donald, who has been connected with the G.T.P. service for many years. The regular officers and crew were under orders to remain by the vessel while under charter of the Government. A special naval officer has been assigned to act with Captain Donald.

SHOT HUNDRED GERMAN SPIES

Brussels, Aug. 10—(via Paris).—Belgium has been covered with a network of German spies. Six hundred already have been arrested and one hundred were shot today. Some of those captured were wearing uniforms of Gendearmes, civic guards, soldiers officers of the Belgian army. Many were armed with bombs and revolvers and were riding in automobiles bearing false numbers. They also had in their possession telegrams and letters with the counterfeit signature of the Belgian minister of war.

Just before and after the fighting began private signs were discovered on brigades, military works and aqueducts indicating that the structures had been blown up.

Severe precautions have now been taken by the military authorities and no one is admitted at the railway stations without military permits.

REACHED HALIFAX.

Quebec, Aug. 10—The Empress of Britain and the Victorian are reported as having made port in Halifax.

A RICH PRIZE

London, Aug. 11, 4.10 a.m.—The Hamburg-American line steamer Cap Ortegal, with $5,000,000 in specie aboard, has been captured by the British, according to the Daily Mail. The liner sailed from Buenos Aires on July 16 for Southampton.

LIEGE FORTS ARE STILL INTACT

Brussels, Aug. 10 — The commander of the forts at Liege, according to an official announcement, reports that all the forts are intact. The soldiers manning them are in fine health and spirits and are amply supplied with provisions and ammunition. There is no cause for alarm.

NANAIMO PEOPLE ASKED TO HELP

The local branch of the Daughters of the Empire, an imperialistic order are appealing for contributions for the fund which is to be used by the order in Canada for buying a hospital ship to be presented to the British naval authorities. The ship will cost $100,000 and in case of the several naval actions which are sure to occur during the present war should prove a very useful gift.

The details of the ship and the undertaking of the movement were described in a recent issue of The Herald. What is to be borne in mind more particularly is that British Columbia is to give $10,000 of the $100,000 required and this within a week. The time is short and the local members of the order have already commenced to visit local people who may be interested. Mayor Planta has headed the list with $25, and several others contributed various amounts yesterday. A full lits of contributions will be published in a day or two.

LOCAL VOLUNTEERS OFF FOR SERVICE

On Sunday evening a number of Nanaimo boys left for Victoria, having volunteered their services for the war in which Great Britain is now engaged.

The names of the Nanaimo volunteers who responded to their country's call are Oswald Peto, Ernest Clarence Mesher, Horace Reginald Beckley, Albert Brown, John Hill Brownlee, Harold Leslie Appleby, Alfred Jones, William Thomas Stokes Charles Stevens, Dennis Wyndham Price, John Thomas Buck, Arthur Davidson, George Albert Davidson, Thomas Edmund Nicholson, Henry Brown, Lionel Beevor-Potts, Eric Keighley, Harry Pearson Greaves, Horace Reginald Hickling, George Archibald Brown, Arthur Donovan Corker and Cyril Randall Jarrett.

BRITISH COLUMBIA UNIVERSITY.

Vancouver, B. C., Aug. 10 — The board of governors of the university of British Columbia announce the appointment of Dr. H. A. Ashton, B.A. D. Litt (Paris) as assistant professor of French, and as professor of classics and head of the department Dr. Henry Rushton Fairclough, M.A., Ph. D.

Royal Northwest Mounted Police

WANTED FIVE HUNDRED EX-MEMBERS Royal Northwest Mounted Police to re-engage for one year's service. Age not exceeding forty-five years pass medical examination. Men re-engaging will be given rank held on discharge. Apply room 1, 523 Pender street west, Vancouver, B. C. A. E. Snyder, Major, recruiting officer.

MUST PAY LOCAL WATER RATES

City Council Decides to Take Action to Collect the Water Rates Now in Arrears--Council in Session Last Evening.

The City Council met in regular session last evening, the full board being present with the exception of Ald. Forrester.

The appended communication was received from the deputy minister of public works:

Sir,—Referring to your communication of the 28th ultimo, I beg to advise that no provision for this bridge has been made in the bridge vote, therefore the work suggested cannot be undertaken this year, but might be considered in the next estimates.

Yours obediently,
J. E. GRIFFITH.
Deputy Minister of Public Works.

The communication was received nd filed.

A communication from the B. C. Telephone Company in reference to repairing of certain streets, the pavement on which had been taken up by the Company during the progress of construction work, was on motion of Ald. Young received and filed, request granted and the matter left in the hands of the Street Committee.

A communication was received from the Canadian Public Health Association, requesting the Council to send delegates to the annual convention to be held at Port Arthur, Ont., on Sept. 10, 11 and 12th. On motion of Ald. Busby the communication was received and filed.

A communication was received from Mrs. Thomas Dobeson and family, conveying to the Mayor and Council their thanks for the sympathy extended to them in their recent bereavement.

The Finance Committee presented the Warrant Book for the month of July carrying the following accounts:

Public Works	$ 863.56
Water Works	5937.45
City Offices	457.20
Police Dept.	887.30
Schools	35[illegible].50
Fire Department	2324.93
Cemetery	242.65
Street Lighting	476.30
City Council	260.00
Nicol Street Regrade	1286.10
City Engineer's Office	69.84
Miscellaneous	1785.46
Total	$18.087.76

The Water Works Committee submitted the following report.

Gentlemen,—Your Water Committee deem it their duty to inform the Council as to the peculiar situation in regard to collections of water rates.

In the abnormal conditions prevailing in the past year, it was inevitable that water rates should sometimes be hard to meet, and that there should be some defaulters. However, arrears are accumulating and are now considerable. This is not only unjust to the ratepayers who pay promptly, but the unwillingness of your Committee to inflict hardships by shutting off the water, as the bylaw allows, has encouraged the belief in some quarters, that the Council has not the power or dare not do so.

In too many cases not only have consumers refused to pay, but have grossly insulted our collectors. Your committee are agreed that forebearance has ceased to be a virtue, and that prompt action is necessary to remove the growing misapprehension as to the powers of the Council

(Continued on Page 2)

German Submarine Sunk In Battle

London, Aug. 10, 1.30 a. m.—The admiralty has announced that one of the cruiser squadrons of the main fleet was attacked yesterday by German submarines. None of the British ships were damaged. One German submarine was sunk. No details were given as to the place at which the fight occurred.

London, Aug. 10, 10.30 a. m.—The submarine sunk by the British fleet was the U-15, which was built in 1912 and displaced 300 tons. She carried a crew of 12 men.

Thousands Reported Killed in Battle

Paris, Aug. 10.—Thousands of French and Germans are reported killed in a mountain battle between two armies of the warring powers in the Passes of the Vosges range, separating Alsace from the eastern French army. The German troops endeavored to stop the French advance. Fighting at close range followed, ending in hand to hand conflict and the defeat of the Germans. The latter fell back to the forts of Neubreisach, and the French are now before the city.

CANADIAN HOSPITAL SHIP

We have little fear that the local members of the Daughters of the Empire will meet with a liberal response to their appeal for funds towards a Canadian hospital ship. One hundred thousand dollars are required to fit out and equip the ship, which will be immediately handed over to the Imperial authorities for use in the home waters. The ship, it should be said, will be manned by Canadians, and already has a full complement of nurses. The proposal originated with the Daughters of the Empire, and has been taken up with the greatest enthusiasm all over the Dominion. British Columbia's share in the scheme is ten thousand dollars, and Nanaimo will not fall behind the other cities of the province. If all those who can afford it, will give a little the total will be quite satisfactory. The members of the local branch of the Daughters of the Empire are canvassing the city, so that all will be asked to contribute. The Imperial authorities have already stated that the gift of a hospital ship will be highly valued, and it is necessary that it should be ready for service as soon as possible. For this reason the subscription will close on Thursday and the work of the canvassers should be made as easy as possible. The person who can not give one dollar can give fifty cents or even twenty-five cents, for it is a case in which every little helps It is manifestly our duty to provide hospitals and nurses for those who are injured in the fight for our common rights and common heritage, and we bespeak a hearty response to the appeal of the Daughters of the Empire.

THE FLEETS

There has been a good deal of speculation as to what would be the naval tactics pursued in the North Sea. The two greatest fleets in the world are now lined up against each other in these home waters, but day after day passes without a general engagement. The general impression is that the German fleet is sheltered behind land fortifications, and the question most commonly propounded is will the British Admiral be obliged to force a fight? Assuming that it is true that the German fleet has sought shelter it is not necessary at this juncture for the British navy to force the issue. Germany is suffering enormous losses through the inactivity of its navy. Its merchant marine is being swept from the seas and its ports are absoultely closed to all shipping. Germany cannot stand such a situation as this for any length of time. Its importations last year amounted to $2,670,000,000, of which agricultural products and foodstuffs aggregated $1,675,000,000. Not all of these imports may be shipped into Germany, but a very large proportion of them are. Again her foreign commerce is being practically wiped out, and industrial paralysis will stalk over the land. This is too big a price to pay, and the German fleet will be forced to take the offensive. This at any rate is one view to take of the situation. It is Germany and not Great Britain which must seek an engagement at all costs.

GERMAN ISOLATION.

It would be strange if the reckless aggression of the Kaiser should result in the isolation of Germany in the present struggle. The situation as it now exists is sufficiently curious. Austria has not yet declared war on Russia or any other member of the Triple Entente. The French and British Ambassadors are still at their posts. Italy has declared its neutrality and the threats of Germany have not availed to move it. The exact terms and conditions of the Triple Alliance are not known, but no alliance would survive the headlong methods of the Kaiser. Italy has very wisely refused to be used as a pawn in Germany's war policy. Austria, also, is staggered at the vast coalition of powers which has been raised against it. The Emperor and his government posibly counted upon a war with Russia, but could never have foreseen that they would be left alone with Germany in Europe. For this they have to thank the Kaiser. Great Britain, France, Belgium and Russia are now in the field, and with the exception of Bulgaria every other country in Europe is ready to take the field. It is even possible that Japan may take the offensive in the Orient. It is not surprising that Italy should refuse to join in such a contest, and it is not improbable that Austria will back out in the face of the odds which have been raised against it by German bullying. Austria has so far moved very slowly, and its defection would leave Germany battling in desperate isolation.

THE SITUATION.

The war situation in Europe remains pretty much the same. No decisive action has yet been fought in the North Sea. The British Admiralty announced that a cruiser squadron had been attacked by German submarines. None of the British vessels were damaged, and one German submarine was sunk. The location of the engagement is not given. On the continent the French troops appear to be continuing their advance towards Strassburg. No details of the actions so far fought in this theatre of the war have been received, but the French have driven the Germans back Austria is reported to be sending reinforcements, and it is probable that the next big engagement will be fought in the neighborhood of Neu Breisach between Muhlhausen and Strassburg. No fresh fighting is reported from Liege. The German forces which outnumber the Belgians three to one, have occupied the city itself, but the forts are still held by the Belgians. It is now a question of whether the French and British reinforcements will get up in time to continue the fighting at Liege, or whether the allies will concentrate at Namur. Some reports state that the Belgians have destroyed all the railways from Liege back to the frontier, and that the German army is short of provisions. There is no news from the Russian frontier, except a brief message from Vienna stating that a Russian attempt to invade Austria had been repulsed. The latest combatant to take the field is Montenegro. A Montenegrin force is reported to have invaded Herzegovinia, and a late message announced that another division had captured the port of Scutari. There is no news from the far east, and nothing fresh from the Adriatic. British warships are reported to be in pursuit of the German cruisers Breslau, Goeben, which are trying to join the Austrian fleet. The outcome is still in doubt.

The call to arms was not sounded in vain in Nanaimo- Several young Nanaimoites left home Sunday with the 88th Regiment, volunteers for any service they may be called upon to perform. Others have joined the Sixth and the Seventy-Second Regiments, while others again have enrolled in the local militia unit. There are more ready to offer their services should the occasion demand it, and altogether patriotism never ran more strongly in Nanaimo.

REGIMENTS RECRUITING.

Toronto, Aug. 10.—Recruiting by the Toronto regiments for the contribution to the first contingent for active service in Europe proceeded steadily today, and there will be no lack of men for selection. The Highlanders have added 450 men to their strength and the Queens Own Rifles are practically up to war footing.

MILLIONS IN GOLD.

London, Aug. 10—The Bank of England today received $10,970,000 in American eagles and $2,100,000 in bar gold.

NO ALUM MAGIC BAKING POWDER READ THE LABEL

MUST PAY LOCAL WATER RATES

(Continued from Page 1)

in this regard as well as to safeguard our collectors from insult and abuse and to prevent the further growth of the list of delinquents and arrears.

Your Committee has decided to enforce the By-Law to the letter. in all cases, and will take immediate steps to collect all arrears, failure to pay will involve shutting off the water. Your Committee wish the approval of the Council to this course of action, and this given, there will be no delay.

Respectfully submitted,

Waterworks Committee

On motion of Ald. McKinnell the report was adopted and the action of the committee approved.

City Engineer Owen reported an expenditure in wages during the week of $443.90 on streets account and $714.00 on Waterworks Account. The engineer also reported that up to August 9th the expenditure on the Nicol street regrade and amounted to $3837.40.

On motion of Ald. McKinnell the Sewer Rental and Connection Bylaw was reconsidered and formally adopted. On motion of Ald. McKenzie the Council went into committee with Ald. Busby in the chair to consider the Albert Street Regrade Bylaw, further consideration of the bylaw to be had at the next meeting of the Council.

Ald. McKenzie informed the Council that he had posted notice of his intention to introduce a bylaw to borrow a sum of money to construct a new bridge over the Millstream. In view of the letter from the Deputy Minister of Public Works he felt there was no use in going ahead with the scheme of a new bridge at the present time, but that the Street Committee should be empowered to make temporary repairs to the bridge at once.

On motion of Ald. Young the Street Committee was instructed to report on the condition of the bridge at the next meeting.

Ald. Busby, chairman of the Finance Committee sounded a note of warning that owing to the condition of the money market the Council would have to go light on its expenditutes and all city work must be curtailed.

Mayor Planta called attention to the loss which Ald. Forrester had sustained in the death of his brother William and Ald. Busby moved the sympathy of the Council be extended to Ald. Forrester and family in their hour of bereavement. The resolution was unanimously adopted.

JEALOUSY CAUSED A TRIPLE TRAGEDY

Rossland, B. C., Aug. 10—Word has just reached here of a tragedy occurring on Sunday in Washington state just across the boundary line from Waneta, B. C.

W. R. Dingman killed Edward Sanborg with a shotgun, then went to another neighbor's ranch and battered J. Brunn with a hammer. Brunn later died. Dingman then went after another neighbor named Snyder but before he reached him he blew the top of his own head off.

Jealousy is given as the cause of the crime.

WILL RELEASE SUFFRAGETTES.

London, Aug. 10—In the House of Commons this afternoon Home Secretary McKenna announced that King George had ordered the release of all suffragettes serving terms in the British prisons as the result of the militant tactics.

The suffragettes declared a truce and ordered cessation of all militant tactics.

BRITISH ARMY RESERVISTS WANTED

Ottawa, Aug. 10.—The imperial authorities have advised the government that all British reservists in Canada are required at home to join the British army. There are between four and five thousand reservists in Canada, mostly in the west, more particularly in Brtish Columbia. The militia department this morning mailed letters to all the reservists in Canada informing them that they must at once respond to Britain's call. It is expected that within a week all British army reservists will be on their way to Great Britain.

RISKS ON SHIPS DURING THE WAR

Ottawa, Aug. 10—An important announcement was made today in connection with war risks. In dealing with a government scheme this plan deals first with ship risks which are to be worked through the war risks assurance association of ship owners already existing, and all those who desire to come in. The object is to secure as far as possible the maintenance of it in time of war overseas. The government entering into an agreement to insure the extent of eighty per cent all of the King's risks, upon the following terms:

1. On voyages current at the outbreak of war, reinsurance is without premium.

2. Directions as to route, port of call and officers must be complied with.

3. Voyages began after the outbreak of war, a premium will be charged, amounting to not less than 1 per cent. and, not more than five per cent. on a voyage, the rate to be fixed by the government.

4. Such voyages must be governed by the direction of the government and the association as to route, port of call, etc., nor must such voyages be started if the government says them to be stopped.

ALL TROOPS IN B. C. ORDERED TO MOBILIZE

Ottawa, Aug. 10—All the troops in British Columbia were ordered tonight to mobilize at their respective regimental headquarters. Several thousand men are affected by the order. They will be kept under arms and in training pending the developments of the war. This is one of the most important announcements made by the minister of militia, Col. Sam Hughes, tonight. As a further evidence of what British Columbia is doing in the way of defence of the Pacific Coast, Col. Hughes stated that the two new submarines purchased in Seattle from the Chilean government were bought by Sir Richard McBride, acting for the provincial government. The Premier of British Columbia knew that the federal government was in communication with the Imperial authorities in regard to the matter but in view of the fact these negotiations could not be concluded before war actually was declared. Sir Richard precipitated matters by making the purchase through his government. By this prompt action, the submarines were secured two or three days before the actual outbreak of the war. Had there been any delay the United States could not have allowed them to be taken from an American port in breach of the neutrality law.

RUSSIAN POLAND IS NOT INVADED

Paris, Aug. 10—Foreign office officials deny the reports that the Germans have invaded Russian Poland and that the Poles have arisen in aid of the invaders and joined forces with them. An official said that the Russian mobilization is proceeding perfectly and that the Russian invasion of Austria is already in progress.

STEEL PLANT CLOSES.

Halifax, N. S., Aug. 10.—President Harris, of the Nova Scotia Steel Company announced tonight that as a result of the financial situation created by the war, it had been decided to close down a part of the plant at Wabana mines, and the blast furnaces at Sydney mines have been temporarily closed.

The net emigration from the United Kingdom during the last 30 years aggregated 3,406,000.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NEWS OF SPORT

NANAIMO LOST TO VANCOUVER "STARS"

Inability to hit Biddle and seven juicy errors were the reasons why Nanaimo was defeated by Vancouver's AA-Stars Sunday by a score of 2 runs to 1. For the first six innings there was nothing doing on either side but in the eighth Shepherd walked the first man up and before Nanaimo finished throwing the ball away, Vancouver had put two runs over the plate. Nanaimo's only tally came in the seventh, when Boyce walked and scored on errors by Pasco and Cavanaugh. Biddle for Vancouver pitched a magnificent game, striking out 13 and allowing but two hits. Shepherd also pitched a splendid game accounting for ten of the opposing batsmen and allowing but four safe bingles.

Summary.

Two base hits, Westwood (2), Little; First on balls, Nanaimo 1, Vancouver 1; Struck out by Shepherd 10 Biddle 13; left on bases, Nanaimo 5, Vancouver 7; Double Plays, Boyce to Martin; Wild pitch, Biddle; Stolen bases, Boyce; Sacrifice hits, E. Martin, Weeks.

SUNDAY'S BASEBALL.

LOCAL CRICKET CLUB'S LEAGUE PERFORMANCE

The local cricket club has finished the season so far as Vancouver Island Cricket League is concerned. Of eight games played they lost 5 and won 3, while two games were defaulted to them. Thus the club is credited in the League table with an equal number of games lost and won.

Everything considered this is not a bad performance for the first season in league cricket. The performance is even better when it is considered apart from the results. Only on one occasion, in the game with the Albions at Victoria, were the locals decisively defeated. In the match with the Victoria eleven they lost by one run, and in the two games with Cowichan the difference in the scores was 9 and 11, while the Incogs got home by a bare 20 runs. With the one exception of the game with the Albions the team played very consistently throughout the season.

The bowling has always been reliable and occasionally very effective. The batting, if anything, has been a little better than in previous seasons, taken it on the whole. Some of the batsmen failed to get going, but the side was always able to muster a fair score. The fielding has been most at fault. Dropped catches were responsible for losing three of the games, and the ground fielding was never up to the mark. Altogether the season may be regarded as very satisfactory. In is worth recording that the team made 4 trips to Victoria and never defaulted a game.

Batting Averages.

The following are the individual batting averages. Harry Jepson and Barrington Foote are high men and both batted very consistently all through the season.

	I.	R.	T.N.O.	A.
Barrington Foote ..	6	176	0	29.5
H. Jepson - - - - -	9	256	0	28.4
R. Hindmarch . . .	10	96	5	19.1
W. Newbury	8	133	0	16.6
A. Paul	7	104	0	14.8
A. Leighton	10	123	1	13.6
F. Jepson	6	71	0	11.8
R. Battey	9	96	0	10.6
H. Curry	8	55	1	8
L. Shepherd	6	32	1	6.4
W. Rivers	4	16	0	4
W. Mitchell	8	30	1	4.3

Bowling Averages

The bowling average is again taken by Leighton and it is doubtful if any trundler in the province can show as good figures:

	Runs.	Wkts.	Av.
A. Leighton	471	53	8.88
R. Hindmarch	193	17	11.35
W. Newbury	183	11	16.6
H. Jepson	178	11	16.1

LOCAL DONATIONS TO NANAIMO KENNEL CLUB

The Nanaimo Kennel Club are pleased to publish a list of Cups, Medals, Trophies, etc., which have been very kindly donated by the citizens of Nanaimo. Isherwood. $1.00; W. Wheatley $1.00; Globe Hotel, $1, R. E. Cape, $1.00; R. Adam, $1.00; Jas. Bevan $1.00; W. Thorpe, $1.00; R. Naylor, $1.00; F. A. Armitage $1.

NANAIMOITE GAVE GOTCH HARD GO

If you would ask Frank Gotch, the world's champion wrestler, what was the hardest tussle of his career, his memory would doubtless rove back over scores of terrific combats on the mat to his struggle with Dan McLeod at Vancouver, B. C., a decade ago, August 6, 1904. The Iowa farmer had triumphed over Tom Jenkins, Jim Farr and Farmer Burns, and stood at the top of the heap in the wrestling game. There was just one weak point in his record that had been wiped out by victory, and that was his defeat by Dan McLeod at Luverne, Ia., in 1899. It is true that when Frank first struggled with McLeod he was a novice at the game, and, even so, McLeod had found the Hawkeye State man the hardest customer he had ever met. Indeed, Dan openly declared after the bout that Gotch, if he took care of himself and trained properly, had the makings of a world-beater. It was a different Gotch who faced Dan in the arena at Vancouver on that August day in 1904. He was champion, supremely confident and trained to the minute.

The big crowd favored McLeod, as he had been a miner at Nanaimo before he took to the mat. Scores of his old friends of his mining days cheered Dan as he entered the gladiatorial arena, and wagered their last cent on their former champion. At that they came mighty near winning, and Gotch had a narrow escape from losing his new crown. No more sensational mat battle was ever witnessed. The first encounter was hair-raising from start to finish. McLeod sent the Iowa man down within a minute or two, and repeated a little later, while the miners raised the roof with their cheers. Fighting like Roman gladiators who had their lives at stake, the men wrestled on for a little more than half an hour, when the champion found his shoulders pinned to the mat and Dan arose to receive the plaudits of the crowd.

And plaudits they were, too! Pandemonium reigned—to coin an original phrase—but the cheers soon died out, for when McLeod came up for the second bout it was soon observed that he was shaky on his pins. Dan was an oldtimer at the game, and, compared with Gotch, an old man. Youth had to be served, and, although the veteran labored valiantly, and at one time came near to pinning Gotch to the mat again, the second bout ended in Gotch's favor. The third encounter was comparatively easy for Gotch, and his championship was secure.

COLLECTED NEARLY FIVE HUNDRED FOR HOSPITAL.

Nearly $500 was realized by "Hospital Tag Day" on Saturday. This is just $10 short of "Tag Day" last year and even then it is said $10 was contributed to the amount to make it reach the $500 mark.

The handsome contributions of Saturday will come in very useful to the hospital during these times.

The names of the ladies at the various stations on the streets and the amounts collected are given below.

Mrs. Brown $62,00; Mrs. Weigle, $50.75; Miss Elsie Grant $46.20; Mrs. Beech $46,00; Mrs. Randle and Powers $39.85; Miss Cunningham $37.20; Mrs. Slater $[illegible].80; Mrs. Mahrer, $28.40; Mrs. Arnold $26.05, Miss F. Kenyon $22.80; Nameless $21.00; Mrs. Ashley $20.75; Miss Layley $13.20; Miss K. Beech $13.40; Flag Money 29.00. Total $490.00.

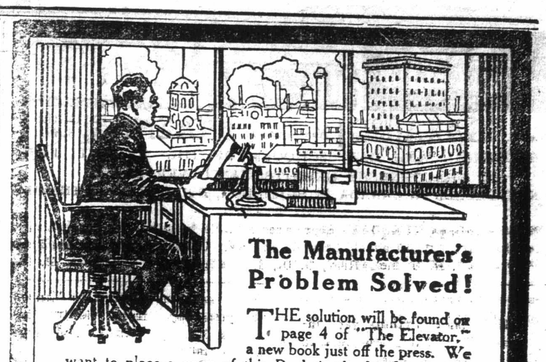
FRENCH BULLET WOUNDS.

Belfort, Aug. 10—The French surgeons who have been caring for the wounded in the fighting in lower Alsace, report that the French bullets appear to make more serious wounds than those of the Germans.

NURSES RAISE $1,000.

Toronto, Aug. 10.—The graduate nurses of Toronto at a meeting tonight decided to raise $1000 towards the funds for the hospital ship to be presented by the women of Canada to the British government.

MINERAL ACT.
(Form F.)
Certificate of Improvements.
NOTICE



Gillis, Dolphin and Iron Pirate mineral claims, situated in the Nanaimo Mining Division of the Coast (Range two) district.

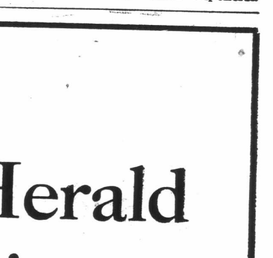
Where located—On the south side of Seymour Inlet, about four miles from its head.

TAKE NOTICE that Dalby B. Morkill, British Columbia land surveyor, of Vancouver, B. C., acting as agent for Colin F. Jackson, Free Miner's Certificate No 81258B, intends sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action under 85, must be commenced before the issuance of such certificate of improvements.

Dated this sixth day of July, 1914. 133—60 dys.

The Manufacturer's Problem Solved!



THE solution will be found on page 4 of "The Elevator," a new book just off the press. We want to place a copy of this Book in the hands of every progressive manufacturer in the country.

It may prove to be worth hundreds of dollars to YOU. In its pages appear many illustrations and suggestions for manufacturers, retailers, jobbers and wholesalers, any one of which may be the solution of your individual problem. The successful manufacturer owes much of his success to the intelligent arrangement of his plant and the elimination of needless effort and wasted energy. This Book points the way to bigger profits and greater efficiency. Write to-day for YOUR copy.

Offsetting Competition

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail-order departments.

The poorest way to offset this competition is for our local merchants to remain silent. For them not to "speak up" is to give the mail-order houses a better chance to get business from this community.

A WORD TO THE PULIC

When you send your money out of this community, you enrich the great shops and impoverish this community. Strengthen, not weaken, the merchants of this community. It will all be returned to you in the form of better service and better values.

Be Loyal to Your Own Community

ORGANIZING FIFTH LINE OF DEFENCE

London, Aug. 10; 10.45 p. m.— Recruits for the army are enlisting at the rate of several thousand men a day. The business men are organizing their employees into a fifth line of defense. A majority of the able bodied men of the country are drilling in their home organizations.

Queen Alexandra, who started the soldiers and sailors relief fund, has consented to fuse her fund with that of the Prince of Wales. Queen Alexandra and former Queen Marie Amelie, visited today the headquarters of the Prince of Wales fund, where they were informed that it had reached $2-506,000. The manager of this fund is C. Arthur Pearson, who is lending his great ability as an organizer to the great work with remarkable success.

SECOND ARMY OF 100,000 MEN

London, Aug. 10—In the House of Commons today Premier Asquith announced that Lord Kitchener, the minister of war, has directed the raising of a second volunteer army of 100,000 men. This announcement is interpreted as meaning that the entire available British army is now under orders for service on the continent and that a good position of it is already there.

AUSTRIAN TROOPS ASSIST GERMANS

Paris, Aug 10.—Via London, 8:30 p. m.—Announcing the breaking off of relations with Austria the French foreign office made the following statement:

Contrary to assurance given by Austria to the French minister of foreign affairs that the Austrian troops were taking part in the Franc German war, the French government has ascertained beyond any possible doubt that certain Austrian troops are at present in Germany, outside the Austrian frontier.

PORT OF HALIFAX TEMPORARILY CLOSED

Halifax, Aug. 10.—The port of Halifax has been temporarily closed. Naval officials announced today that no ships in port will be allowed to sail until the order has been countermanded. Any British ships arriving off the harbor will be convoyed in after their examination but once in port they will not be allowed to leave. One vessel was given clearance papers this morning, but they were hastily recalled.

Coastwise ships now in the port will be affected by this order. Fishing vessels and others from points along the eastern and western shore are not allowed to sail. The Cunard liner Mauretania is among the ships in Halifax harbor.

AUSTRIANS REPULSE RUSSIAN ADVANCE

Vienna, Aug. 11, via London.—Five thousand Montenegrins last Saturday advanced against the Austrian frontier post to the east of the fortified town of Trebinje, Herzegovnia. The Austrian losses were one officer and twenty-one men while the Montenegrins lost 200 men killed.

The Russians have made strenuous efforts to enter Austria, but have been repulsed. The Austrian frontier troops have carried out successfully several reconnoitering expeditions.

DEATH OF WM. FORRESTER.

Alderman Forrester has just received word of the death of his brother William Forrester, which took place at Price, Utah, where the deceased occupied the position of Superintendent of the Cameron Coal Mines, Ltd. He was 45 years of age, and leaves a wife and family of six to mourn his loss.

The late Mr. Forrester had many connections and friends in Nanaimo district, having resided here for some time previous to nine years ago. Mrs. Forrester was formerly Miss Aitken, of Gabriola Island, and is the sister of Mrs. Jas. Grey, also of Gabriola.

PERTINENT QUERIES ANSWERED
By J. H. WARDILL
Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"

?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

South Wellington Wiped Out by Bush Fire

Fighting General Throughout European War Zone

Civil Aid Force to Leave Nanaimo

In a few hours the Civil Aid Force of Nanaimo will cease to exist. This is the force of Canadian militia that came here a year ago August 14 on the request of the authorities.

On request of Mayor Planta this force will be withdrawn by the District Officer Commanding.

The force at present consists of detachments from the 88th Victoria Fusiliers, the 72nd Seaforth Highlanders of Vancouver and the 6th Regiment of Vancouver. While here the men have earned the respect of all whom they have come in contact with. Their duties have not been pleasant but they have performed them in a manner highly creditable and it is doubtful if there is a single individual in the city or district who can conscientiously raise the least objection to their actions while here. They have performed their duties as soldiers and they will leave with the entire respect of every citizen of Nanaimo.

A year makes a big difference in one's attitude towards many things and every man, woman and child in Nanaimo will join in thanking the members of the Nanaimo Civil Aid Force for their services on their behalf.

Nanaimo Suburb Suffers Total Extinction by Fire

Sixty Houses Destroyed and Three Huudred and Fifty Persons Rendered Homeless by Fire Which Swept Through Little Village of South Wellington Yesterday—Property Loss Will Reach $100,000.

Three hundred and fifty persons were rendered homeless, sixty homes, two stores, a pool room and the Alexandria Hotel were destroyed by a fire which swept South Wellington yesterday afternoon, licking up everything in its path, not even a blade of grass remaining in the path of the devouring flames. Where the little mining camp once stood there now remains but six houses and the Union Hall, on the ground floor of which is located Bateman's store.

The property loss will reach nearly $100,000 with less than $20,000 of insurance, the fire leaving almost the entire population in destitute circumstances and provision of some kind will have to be made to keep them from starvation.

The fire which wrought so much havoc had its origin in a bush fire which first started about half a mile to the northwest of the South Wellington mine of the Pacific Coast Coal Company. At 12 o'clock Manager Roaf called his men away from work to fight the fire and after two hours hard work succeeded in saving the mine property and the major portion of the Company's houses located near the mine. Despite the efforts of the fire fighters, however, four houses were destroyed near the mine, including Ward's Boarding House and homes occupied by Allan and Newman. After passing the mine the high wind carried the fire along at a mill race speed and in less than half an hour had leaped through woods a distance of a half mile, into the old town of South Wellington. The first building to ignite was the Alexandria Hotel, a three storey frame structure which caught fire on the roof. Human effort could not stay the destroyer which leaped from house to house with lightning rapidity, the inhabitants barely having time to escape with their lives, being compelled to leave behind them practically all their household belongings.

It is given to very few to witness such a fire as the one yesterday which wiped out the town of South Wellington. The town was built in a narrow gulch, one side of which is sheer bluff. Yesterday there was a strong wind sweeping through this gully, varied occasionally by fierce gusts, the effect of which was immediately visible on the raging flames.

The road from Nanaimo touches the highest point on the bluff and then drops straight down into the town. This point made a great vantage point from which to view the fire. Twice within a couple of hours a raging inferno of flames swept the length of the gulch, while all around was the crackling of flames in the brush, and over all dense driving clouds of pungent aerid smoke.

The fire took curious twists and played strange pranks. It developed from a very small beginning. Nobody dreamed there was much danger. Then a spark on the roof of the Alexandra Hotel and the whole town was licked up by diverse currents of destroying flames. Once the fire swept along the low side of the street from the hotel, eating up every house and shack in its path, and after rounding the bend splitting up into several courses.

The people living on the high side of the street nearest the bluff breathed more freely, the danger having passed them by. But an hour later the fire again started from the north end of the gully and swept down alongside the bluff. The wind was blowing gustily, and again the flames cut a clean swath, leaving

(Continued on Page 2)

Nanaimo To Be A Garrison Town

While the members of the Nanaimo Civil Aid Force are to be withdrawn from Nanaimo, the city is not to be without its military. In addition to the newly organized company of local militia it is said Nanaimo is to be made a garrison city until after the present war.

This is for the obvious reason that Nanaimo is one of the most important centres in the scheme of coast defence on account of the coal mines being situated here, the city being the distributing point for Vancouver Island and the Australian cable crossing the Gulf at Departure Bay. In view of these important features of the city the authorities have decided that Nanaimo needs protection during the course of the war.

According to very good information at least three hundred or so members of the Canadian Militia will arrive here in a very few hours and will be stationed here until the close of the war.

It is probable that the new arrivals will take over the equipment of the departing Civil Aid Force.

London, Aug. 11—The Cunard liner Lusitania, which sailed from New York, early Wednesday last, arrived safely in the Mersey this evening.

WILL BE MARRIED THIS MORNING

At the Wallace Street Methodist Church at 8 o'clock this morning Mr. J. H. Cooper of this city, formerly of Chicago, will be united in marriage to Miss Agnes Stella Anderson, daughter of Mr. and Mrs. Alex. Anderson, Kennedy street.

The bride who will be attired in a blue tailored travelling suite and wearing a white felt hat, will be given away by her father and will be attended by her sister Miss Edith Anderson, and the groom will be supported by Mr. W. H. Anderson, brother of the bride.

The ceremony will be performed by Rev. Mr. Hardy, after which the newly married couple will leave for Portland, Oregon, on a honeymoon trip. On there return they will take up their residence in Nanaimo.

HOLLAND IS AFTER GERMANY

Brussels, Aug, 11—Holland is about to make a demand on Germany to withdraw her troops from the Dutch frontier. Already an explanation of the massing of the German army on her boundary has been demanded.

The foreign office here tonight announced that its advices from The Hague were that the Dutch government is preparing to tell the Kaiser that the failure of the Germans to withdraw from the frontier will be considered a casus belli.

It is stated that while Queen Wilhelmina has refrained from taking any steps against Germany, she has now realized that the anti-German feeling is spreading rapidly throughout Holland and that if she temporarizes longer she will be in danger of losing her popularity.

London, Aug. 11—Lancashire beat Hampshire by an innings and 26 runs in a country cricket match at Liverpool which started Monday.

CRUISER BATTLE IS REPORTED

Boston, Aug. 11.—A battle at sea between a British cruiser and a German cruiser, about 250 miles north of San Salvador, was reported by Captain Terjeson, of the Norwegian fruit steamer Lovland, which arrived tonight from Banes, Cuba. The German warship finally was forced to flee before the British broadsides, according to the captain, who said several shells fell near his ship.

CANADA'S AID TO THE EMPIRE

Ottawa, Aug. 11—Although an offer by the Daughters of the Empire, from headquarters in Canada, for a hospital ship has been accepted by the Imperial government, it is understood that in the opinion of experts the necessary funds might be devoted to more practical purposes at the present time. The hospital ship in Canada will, it is expected be somewhat impracticable, in addition to a more expensive way of looking after the sick and wounded, than the regular army hospital. The authorities here would prefer to have funds raised by volunteer subscription at the present time rather to looking after the families who may be left in need as a result of the men going to the front, and for similar purposes. At the time of the South African war a patriotic fund of nearly half a million dollars was raised for these objects. It was not all needed at the time, and it is understood that about $150,000 remains to the credit of the trustees. This balance will probably now be devoted to the formal use of a protective fund.

Attend the lawn social on Wednesday evening at St. Paul's Church grounds. Dancing, games and other attractions, including refreshments.

RUSSIAN ARMY ADVANCES.

London, Aug. 11—The war office press bureau today confirmed the report that the Russian invasion of Austria is in progress. It states that Russian arms are advancing through the Styr River valley towards Lamburg.

FIRED SHOTS AT CANADIAN STEAMER

Charlottetown, P. E. I. Aug. 11—The Black Diamond steamer Mowena which arrived in port this evening from Montreal on her way to Sidney and Newfoundland, had an exciting experience coming down the St. Lawrence. She left Montreal Friday night. When off Quebec at 8 p.m. Saturday two shots were fired at her from the Levis shore. The captain kept her full speed ahead, not understanding the reason for the shots. When off the Island of Orleans two more shots were fired, the projectiles whistling over the steamer and falling about 100 yards beyond.

Shortly after the government cutter Bellechaz came into view and signalled the ship. The result was the Mowena was ordered to put into Quebec. She was fired upon because the captain did not call at Quebec to have his clearance papers examined and endorsed there. This a new rule adopted since the war and Captain Holmes was not informed of it when clearing at Montreal.

GERMAN CRUISER OFF FARALONES

San Francisco, Aug. 11.—Captains of several vessels making port today and tonight asserted positively they had seen both the German cruisers Leipzig and Nurnberg cruising in a radius of thirty miles of the Farallone Islands today. The Nurnberg was supposed to be in the Far East.

HERALDGRAMS

Paris, Aug. 11.—Berlin newspapers are printing stories to the effect that Paris is in a state of anarchy.

Ottawa, Aug. 11.—A conservative estimate places the number of volunteers from Ottawa, who will go into training at Valcartier, preparatory to embarking for service in Europe at slightly more than seven hundred men.

Ottawa, Aug. 11.—In connection with the Niobe and other vessels at the navy yard at Halifax, the naval department calls for tenders for paint white lead, etc., Brandam, Henders and Company, Halifax, responded with a patriotic offer of forty thousand pounds of white lead free of charge.

Ottawa, Aug. 11.—Sir George Foster is on his way to Ottawa, the Dominion's Royal Commission with which he was travelling having finished its work in Nova Scotia.

Toronto, Aug. 11.—The rumor that a branch of the Bank of England would be established in Ottawa created a great demonstration among the bankers here.

(Continued on Page 4)

SERIES OF ENGAGEMENTS

Paris, Aug. 11—The war office announces that French and German troops and now advancing twenty miles along the frontier and that engagements are taking place at Longwy Longuoin and Marville in France and at Virnen in Belgium.

GERMANS RETREAT FROM LIEGE FORTS

Brussels, Aug. 11; 10 p. m.—The following official announcement was made tonight:

"The Germans have evacuated the Longdon fort at Liege and it has been re-occupied by the Belgians. The Germans also appear to have retreated at other points.

"The condition of the Belgian army is unchanged. There was no fighting today."

BELGIAN GOVERNMENT ASKS HOLLAND

Brussels, Aug. 12, via London, 4:50 a.m.—Anticipating an attempt by Germany to enter Holland from the north by closing Dutch Limburg, which would oblige the Belgians to cover the frontier on that side, the Belgian government has asked Holland to give assurances of her intentions in the event that Dutch neutrality is violated.

Royal Northwest Mounted Police

WANTED FIVE HUNDRED EX-MEMBERS Royal Northwest Mounted Police to re-engage for one year's service. Age not exceeding forty-five years pass medical examination. Men re-engaging will be given rank held on discharge. Apply room 1, 523 Pender street west, Vancouver, B. C. A. E. Snyder, Major, recruiting officer.

BELGIANS WITHSTAND THE GERMAN ATTACK

London, Aug. 12 (2.25 a.m.) — The correspondent of the Standard at Brussels says:

"All twelve of the forts surrounding Liege remain intact. Each fort thus far has been able to resist the frequent attacks of the German investing force, although out-numbered ten to one at every fort.

"The forts are being shelled day and night. Artillery action is followed by daring infantry attacks."

OTTAWA IS KEPT INFORMED BY WIRELESS

Ottawa, Aug. 11—The transfer of the wireless telegraph plant from Petawawa to the port of Woods Building, where the militia department is located, has proven to be a good move. Many interesting messages have already been picked up. With the equipment right at hand, the headquarters staff is able to learn of the movements of shipping in the St. Lawrence, and along the Atlantic seaboard. The equipment has a range of five to six hundred miles for sending, but can receive a message from a greater distance. Working in conjunction with the station at Glace Bay, the operator in Ottawa is able to keep the department informed on all movements along the Atlantic coast.

FOREIGNERS FORBIDDEN

Washington, D. C., Aug. 11.—Reports that Great Britain has forbid the landing of all foreigners on her shores caused Secretary Bryan tonight to cable Ambassador Page instructions to investigate and if he finds the report true to lodge an urgent protest with the British foreign office.

Nanaimo's Pound Keeper made a big haul yesterday when he captured thirty head of cattle grazing inside the city limits.

REPORT ISSUED ON HILLCREST RELIEF

Calgary, Aug. 11.—The committee in charge of the relief fund for the widows and orphans of those killed in the Hillcrest mine explosion on June 19 last has issued its report which shows that $29,554 was received for this purpose. The report states that the $50,000 grant from the Dominion government and the $20,000 from the C. P. R. have not yet been paid.

CRUISER RAINBOW OFF CAPE FLATTERY

Seattle, Aug. 11.—The steamer Nome City arrived from San Francisco today, reported sighting off Cape Flattery two vessels believed to be the British submarines purchased in Seattle. The submarines were accompanied by a tug which seemed to be acting as their parent ship. The British cruiser Rainbow, which left San Francisco Saturday was reported off Cape Flattery tonight.

The British steamer Colusa, which was ordered laid up here last week, went to Tacoma today to load for the west coast of South America. When the Colusa came off drydock recently she was painted grey but the agents declared this had no significance.

RELIEF FUND FOR FIRE SUFFERERS

In view of the disastrous fire at South Wellington yesterday there is no question but that the residents of the town will suffer considerably In order to provide immediate relief Mayor Planta, on behalf of the citizens of Nanaimo, has taken prompt steps to provide assistance by opening a subscription list which a properly constituted committee will see is properly administered. Donations to this list may consist of cash, provisions, or clothing and contributions may be left at The Daily Herald office, the Free Press office or the City Hall.

The Mayor has headed the fund with a donation of $25. All contributions will be acknowledged in the Daily Herald and the Free Press.

Ottawa, Aug. 11—The city of Ottawa will send to the Motherland a machine gun battery of four guns, mounted on a rapid motot trucks and equipped with steel shells. It will require thirty men to operate and will cost $10,000.

British Admiralty Makes Announcement

London, Aug. 11; 11.30 p. m.—The admiralty and the war office information bureau gave out the following tonight:

"There is good reason to believe the German cruisers Breslau and Goeben have taken refuge in the Dardanelles and will be dealt with according to international usage.

"There is also good reason to believe that the mass of German troops on the western German frontier are distributed between Thionville (a fortified town in Lorraine, 17 miles north of Metz) and Liege, and that Lorraine is held comparatively light farther south.

"There is every indication that the Austrians have entered Alsace. It is believed the forts at Liege have not been taken."

According to international custom in time of war if the Goeben and Breslau have taken refuge in the Dardanelles they will be compelled to coal within twenty-four hours and put to sea or else be interned until the end of the war. These two cruisers were reported from Athens as rounding the southern extremity of the Morea, Greece, at full speed this morning. In what direction they were headed was not stated.

Armies Strengthen For Big Battle

Paris, Aug. 11.—The war office made an official announcement today to the effect that the French at Muhlhausen have been compelled to fall back before an overwhelming force of Germans and had evacuated Muhlhausen, but were holding the town against the German advance.

Later a supplementary bulletin was issued by the war office in which it was stated that the French troops with General Joffre had been placed in front of Muhlhausen, were withdrawn. Reinforcements are being brought up and it is anticipated that the biggest battle of the war so far will be fought either there or a little further south.

Reinforcements for the French are being rushed from Belfort and across the Vosges mountains and the army of the Vosges, it is expected, will attack the German right flank. The French line of retreat is covered and the French hold the passes across the Vosges mountains.

War office officials here state that the withdrawal from Muhlhausen was part of General Joffre's plan of campaign if the German army proved numerically superior as it has done, and they express confidence as to the outcome of the big fight now impending.

SOUTH WELLINGTON FUND.

The wiping out of South Wellington by fire yesterday has left about 350 men, women and children homeless and destitute. In many cases not even the household effects were saved and some provision must be made at once for sheltering the homeless women and children. Mayor Planta has opened a public subscription fund, and in the pressure of this unlooked for disaster there will no doubt be a liberal response. It should be understood, also, that whatever is done ought to be done at once.

DURATION OF THE WAR.

The probable duration of the war is at present causing the keenest speculation, and it is rather remarkable to find how general is the view that it will be all over in six months. It may be that it is a case of the wish being father to the thought. Six months is a very short time in which to decide a struggle of the magnitude of this which is now being waged. The people who take this view naturally assume the defeat of Germany. This will no doubt be the outcome of the war, but it is too much to expect that Germany will go down in an uninterrupted series of disasters. It is true that her advance has been unexpectedly checked in Belgium and that the French have pushed their way into Alsace, driving the Germans before them. The campaign has, indeed, started most inauspiciously for the Kaiser. Still it has to be borne in mind that not a single decisive engagement has yet been been fought. The fleet is intact, and both fleet and army will go down fighting. If once the war gets past the initial state it will be a fight for existence Victory for Germany means the end of the British Empire, just as victory for Britain and her allies means the end of German dominance in Europe. Neither Empire will give in until famine and exhaustion have made farther resistance impossible. And it is just from these causes that Germany is likely to suffer most. Unless her fleet can reduce the British odds or her armies can force the fighting on to foreign soil, Germany is liable to collapse. The London Observer strongly emphasizes this point, and those Herald readers who take the view that six months will see the war ended, will find confirmation in the following observations:

"The cost is stupendous, now and for Germany it will soon be found to be insupportable. A couple of million men at least, have been supplied in every way. In Germany, more than any other country, the working of the railways is diverted to military traffic. The bulk of export trade is stopped altogether. Imports of raw materials and food into Germany have ceased, or are severely reduced, and all ocean shipping is suspended. The sufferings of the whole working population will be worse than in any other country. Austria not excepted, and far worse than in agricultural Russia or France for whom the British navy will keep the seas open."

WAR PRICES

The City Council on Monday evening spent a little time discussing the subject of inflated prices, and the remedy for such a condition of affairs. It is a live subject outside the Council, and the Dominion Government has already pledged itself to take measures to deal with it. There may or may not be a reason for the increase in prices that has already taken place. It may be that consumers themselves sent up the price of flour by the raid they made upon the available supplies when war was first declared. We rather have the impression that the price was raised before war actually broke out, and as a matter of fact it was flour bought at the ante-war rates, before even there was a thought of war, which was raised to the consumer. It was not strictly a matter of supply and demand. It looked more like the beginning of a gamble on an emergency, and it is well that the matter should be thoroughly agitated. It is inevitable that the cost of the necessaries of life should go up during the war. It is, however, only reasonable to assume that the increase will be less in Canada than in any of the other countries. The fact that grain and flour shippers will be able to get a bigger price from European importers will also tend to raise prices in the Dominion itself. The point is to determine what is right and what is wrong. War has always found a few soulless money-gamblers ready to wring profits out of the last extremity of their country. They should be dealt with just the same as other traitors in time of war. The Government has already announced it will permit no corner in flour, nor allow merchants to make excessive profits out of the situation created by the war. The public should do the rest, and they are doing something now by keeping the matter to the front. So long as they do this the government will have an easy task in regulating prices.

MILLSTREAM BRIDGE

The Council has decided to defer action on the building of a new bridge across the Millstream. The reason for this step is that no assistance can be looked for from the provincial government this year. The Council had taken the view that inasmuch as the proposed new bridge would be of service to the district as well as to the city the government ought to contribute some share of the cost. There is no doubt that the government will meet its obligations in the matter, but the business must go through in the usual way. It will be impossible to take it up until the next estimates came up for consideration, and so the Council has decided to postpone action for the present. The bridge can be temporarily repaired in the meantime and the project taken up again at a more favorable time.

NEURALGIA SETTLED IN HER LUNGS

No Relief From The Pain Until She Took "Fruit-a-tives"

CAMPBELLVILLE, ONT., MAY 5th. 1913.

"I cannot speak too highly of "Fruit-a-tives". For over thirty years, I have suffered from chronic Neuralgia and Constipation, experiencing untold agony. The Neuralgia settled in my lungs and I took bottles of medicine without relief. The doctor told me I would not get better but "Fruit-a-tives" proved that the doctor was wrong by giving me quick relief and finally and completely curing me.

"I would not have my present health if it were not for "Fruit-a-tives" and I am glad of this opportunity of giving you this letter about such a splendid remedy as "Fruit-a-tives".

MRS. NATHAN DUNN.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

SUBSCRIPTIONS FOR THE HOSPITAL SHIP

The local Daughters of the Empire started their canvass yesterday morning for subscriptions towards the Dominion Hospital ship which Canada is to give to the Imperial authorities. The ladies engaged in the campaign were highly gratified with their reception, and the canvass will be continued today. The subscription must be forwarded to Victoria this evening, and the work of the ladies should be made as easy as possible. If they are as successful today as they were yesterday the total subscribed will be a very satisfactory one

In addition to the collection a concert has been hastily organized for Thursday evening on the waterfront. The Nanaimo Musical Club, the Welsh Choir, the choirs of all the city churches, the Girl Guides, reinforced with all the local instrumental talent available, will all take part. The music will be largely of a patriotic character and the concert ought to prove a great success and materially help the subscription fund.

To create the proper spirit and keep things moving the Boys Brigade Band, assisted by members of the Musical Club, will open the proceedings at 7 o'clock, while the big concert proper will commence an hour later.

The Herald has been requested to publish the list of subscriptions which up to date is as follows:

Mayor Planta	$25.00
Thos. R. Stockett	25.00
Herman Mahrer	15.00
Nanaimo Free Press	7.50
Mr. Knarston	10.00
W. W. Lewis	5.00

WOMEN DEFENDED VILLAGE

Paris, Aug. 11—According to a special newspaper despatch the woside of Liege, defended the village men workers in the Belgium national arms factory at Herstal, just outagainst the German attack.

NANAIMO SUBURB DESTROYED BY FIRE.

(Continued from Page 1)

nothing but charred ruins in its wake. Thus the flames twice ran the whole length of the gulch and each time licked up the entire side of the street.

Towards the end the heat even on the bluff was blistering. Large sizable houses were reduced to ashes in less than five minutes. Before the fire had reached its zenith in one house the one next to it was in flames. A whole block was wiped out in less than half an hour.

Watching the fire from the vantage point of the bluff a house would be seen standing distinct through the eddying haze of smoke. The next minute smoke would be seen rising from the roof, and almost at once it became a seething mass of flames. Blazing sparks were carried in all directions from the maelstrom of flames consuming the houses, and in all directions other flames broke out. Every once in a while the flames from some burning house roared and spurted into the heavens as though thrown from the crater of a volcano. From 3 o'clock to 5 the scene up and down the gulch from the head of the bluff was one which nobody who saw it will ever forget. A large number of chickens were roasted alive, a pig sharing a similar fate and chickens could be seen hurrying hither and thither with charred feet in a vain attempt to save their lives from the death dealing element.

The biggest loss as the result of the fire was caused by the destruction of the old South Wellington Lumber Mills which had been recently purchased by Mr. Gray and other New Westminster capitalists. The new purchasers had made a number of improvements wieh the intention of reopening in the near future, and their loss will approximate $30,000.

The second largest loss was Alexandria Hotel, owned by Mr. Joseph Guffalo of Nanaimo, and occupied by Messrs. John Muhleart and Joe. Carpenter. There was but little insurance on building or stock and their loss is exceptionally heavy.

The loss of Mr. George Taylor is also large. He had a large stock of groceries, drygoods, etc., and carried $3000 insurance on a $10,000 stock. Joseph Taylor who is postmaster at South Wellington and also keeps a general store also lost heavily. He had a large stock and carried but little insurance.

The occupants of the buildings destroyed, which in the majority of instances are also the owners, are as follows: McFarlane (single); Tom Jones (married); Loblin (single); D. Haggerty (married); Ed. Anderson, (single); Mrs. McLellan (widow); Len Richardson (single); William M. Brown (married); Andy Parker (married); John Watson (married); "Bill" Gibbons (single); Gomer Williams (married); Joe Young (married); J. Brown (single); T. Harker (married); Joe Taylor, store and post office; D. Haggerty (married); Chinese Store, barn and cabin; Geo. Taylor, General store; Alf. Wall, (married); Old Church and butcher shop; Bill Evans (married); Charles Rice (married); Nick Buddich(married); Tony Turk (married); Georg Richardson (married); Joe Laskarvitch (married); Louis Tassina's store (married); Brighton's Pool Room, Bob Smith (married); Mike Prendergast (married); T. Lawson, (married); Bob Wright (married); Herb. Robinson (married); Albert Crosetti (married); Bob Plasket, (married); Tommy Carty (married); Richard Taylor (married);, William Shepherd (married); John Hunter (married); Ed. Fielding (married); John Copeland (married); Dobbins (married); Joseph Hosko (married); John Mulheart (married); J. Harrison (married); Robert McKay, (married); Mike Agnew (married); Peter Lush (married); Andrew Doumont, (married); Van Ruchwelt (married); Samuel McMurray (married); Rutledge (married); W. Brown, (married) O:Connell, married; Leathwaite, (married); Thomas Hayton (married) Walter Smith (married); Matthew Gornich (single); Alex Bracika (single); William Bennett (married).

BUILDINGS SAVED,

The buildings saved were the Union Hall and Bateman's Store and residences of Amos Freers, W. Dare, Ed. Roberts, Louis Neunthal, Alf. Davis and Sam Brighton.

AUSTRIANS ADVANCE.

London, Aug. 11—A Central News despatch from Vienna via Amsterdam says that the Austrian troops have occupied Mirchow, in Russian Poland ten miles within the border, after defeating a body of Cossacks, whose losses are given as 400 killed and wounded, while those of the Austrians are said to be 140 wounded.

FRENCH AND GERMANS CLASH.

London, Aug. 11—A despatch from Paris to the Exchange Telegraph Co. says the official announcement was made today that engagements had taken place between German and French troops at Longwy just inside the French border at a place where Belgium, Luxemburg and German Lorraine meet.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

Dated at Nanaimo, B. C. this 4th day of August, 1914.

A5 1m. A. J. GARRETSON

NOTICE

Take notice that E. E. Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

E. E. BROWN,

June 20, 1914. 2m

I. O. O. F.

Black Diamond Lodge No. 5 meet every Wednesday at 7:30 o'clock in the Lodge Room, Commercial street, Nanaimo. Visiting members are cordially invited to attend. E. G. Cavalsky, Secretary.

NOTICE.

Take notice 30 days after date I, E, Brenton, occupation farmer, intend to apply to the Provincial Government for permission to lease the following described land situate in Oyster Harbour, Vancouver Island, B. C. in the district of Oyster. Commencing at the northwest corner of Oyster lease No. 21 situate at Oyster Harbor, thence north 8 chains, thence N. 81 deg. 30 min. E 11 chains and 66 links, thence south five chains, thence west eleven chains and ten links to place of commencement containing about 7¼ acres for the purpose of oyster culture.

E. BRENTON,

119-30t. Nanaimo, July 24.

Sprinkling Notice

The public are hereby notified that sprinkling is allowed from 7 a. m. to 9 a. m. and 7 p. m. to 9 p. m. each day. Any person found using sprinklers outside of these hours will have their water shut off.

By Order,

W. A. OWEN,

Minards Liniment Co., Limited,

Gentlemen:—I have used MINARDS LINIMENT on my vessel and in my family for years, and for the every day ills and accidents of life I consider it has no equal.

I would not start on a voyage without it, if it cost a dollar a bottle.

CAPT. F. R. DESJARDIN,
Schr. "Storke," St. Andre, Kamouraska.

Offsetting Competition

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail-order departments.

The poorest way to offset this competition is for our local merchants to remain silent. For them not to "speak up" is to give the mail-order houses a better chance to get business from this community.

A WORD TO THE PULIC

When you send your money out of this community, you enrich the great shops and impoverish this community. Strengthen, not weaken, the merchants of this community. It will all be returned to you in the form of better service and better values.

Be Loyal to Your Own Community

THE TIME TO SAVE YOUR HAIR IS NOW

Newbro's Herpicide is the one remedy on your druggist's shelves which may always be depended upon.

Instead of complaining to your friends and mourning over your loss of hair, call upon your local druggist and purchase a bottle of Newbro's Herpicide.

It is the first and original remedy, guaranteed to kill dandruff, stop itching and check falling hair.

You can save the hair you have much easier than you can grow new. The time to save your hair is now. The remedy for doing it is Newbro's Herpicide.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

The same opportunity never comes but once.

Applications at good barber shops. FRED C. STEARMAN, Druggist, Special Agent.

AUSTRIANS DRIVEN FROM SERVIAN SOIL

London, Aug. 11—Not a living Austrian soldier is now on Servian soil, according to the Servian legation in London. An official of the legation added that seven attempts by the Austrians at different points to invade Servia had failed and the Austrians had abandoned the offensive and were hurriedly entrenching themselves on the frontier in the expectation of a Servian counter attack.

A telegram from Nish today says that a decree in the Servian official gazette announced all existing treaties between Servia and Austro-Hungary.

It was officially announced that the Montenegrin forces had joined the Servians and the latter had captured a number of small places on Austrian territory.

GERMANS CREMATED BY THE WHOLESALE

London, Aug. 12, 3.40 a. m.—A despatch to the Standard from Maastricht describes the wholesale cremation of bodies of German soldiers killed at Liege as told by a fugitive arriving here.

During three successive nights after the fighting at Liege the Germans collected their dead in heaps of thirty. Funeral services were held and military salutes were fired over each heap which was then burned.

The officers explained to the men that this was necessary to prevent the bodies from becoming a menace to the living.

Many other bodies were thrown into the Meuse to float seaward.

AUSTRIAN ARMY IS IN ALSACE

London, Aug. 11.—The official war bureau of information issued a statement tonight saying that there is every indication that the Austrian army corps which penetrated Switzerland has succeeded in entering Alsace.

This is accepted as the real reason for the French retirement from Muhlhausen. If they had remained they would have been in danger of an attack by the Germans from the front and by the Austrians from their right flank.

SERIOUS RIOTS IN BERLIN

London, Aug. 12, 3.50 a. m.—A Copenhagen despatch to the Daily Mail says travelers from Berlin assert that serious riots are occurring there daily in consequence of the rise in prices of food.

Fruit, bread, potatoes and salt are among the foodstuffs, the price of which have bounded up tremendously Many shopkeepers have been arrested and their shops closed by the police. Paper is being refused everywhere and food can only be purchased with gold and silver.

London, Aug. 11.—A despatch to the Exchange Telegraph Company from Paris, says that the correspondent learns from a reliable source that the Russians have obtained an important victory over the Austrians, capturing many prisoners and war munitions. The scene of the battle is not disclosed.

ERWIN LEADS THE NATIONAL LEAGUE

Chicago, Aug. 10.—Erwin, just released by the Brooklyn club, holds the lead in the National league, with .348. Then follow Grant, New York, .342; Dalton, Brooklyn, .330; Becker, Philadelphia, .330; Byrne, Philadelphia, .315; Magee, Philadelphia, .319; Burns, New York, .310; Wingo, St. Louis, .310; Magee, St. Louis, .310; Phelan, Chicago, .304; Daubert, Brooklyn, .304.

Brooklyn is on top in club batting with .270 and New York next with .265.

Herzog Cincinnati, leads in stolen bases with thirty-eight.

Among pitchers, Mathewson, New York, with nineteen and five; Bill James, Boston, fourteen and five; and Doak, St. Louis, eleven and four, are ahead.

Kauff, Indianapolis, leads the Federal batters with .368.

In club batting, Indianapolis, with .285 and Brooklyn with .276 are ahead.

Kauff leads in stolen bases with forty-two.

Among the pitching leaders are, Ford, Buffalo, with fifteen and five; Quinn, Baltimore, with seventeen and seven, and Seaton, Brooklyn, with nineteen and eight.

CANADA MOBILIZED IN TWO WEEKS

Ottawa, Aug. 11.—Colonel Sam Hughes announced that the first contingents of the Canadian militia force will leave for Valcartier about the middle of the week. The whole division, it is expected, will be mobilized within two weeks. Recruiting is proceeding and Toronto, the minister stated, has furnished enough men for the whole contingents.

Garnet Hughes, son of the minister is to go with the contingent, as is Hon. Frank Cochrane's son and Hon. A. E. Kemp's son-in-law, so that the cabinet will be well represented.

RUSSIANS GAIN A BIG VICTORY

London, Aug. 11—A St. Petersburg despatch to the Post says the Russian fleet is scouring the Baltic Sea. Twenty captured merchant vessels have been taken to Cronstadt and their crews will be taken to the interior as prisoners of war.

AUSTRALIA STIRRED BY CANADA'S EXAMPLE

Melbourne, Aug. 11.—Stirred by the cabled reports of Canada's intense patriotism and her generous gift of one million bags of flour for the use of the British people, the Australian government has decided to offer horses for the British cavalry up to any number.

Volunteers are coming forward in large numbers and the women's organizations are doing everything in their power to help the country. A patriotic fund has been opened and is being liberally supported.

GERMANY HAS ENOUGH FOOD TO LAST A YEAR

London, Aug. 11—That Germany has enough food on hand to last one year, even though all communication with the outside world is cut off, was admitted today. It was announced that a report to that effect has been made to the Kaiser by the Commission appointed for that purpose.

The Kaiser has contributed from his personal fund $200,000, of which one half goes to the Red Cross and the remainder for the relief of the families of soldiers killed in action.

PROVIDE FOR FAMILIES OF THE VOLUNTEERS

Ottawa, Aug. 11.—The complaint having been made that at Montreal and other points many men eager to enlist have not done so because of lack of information as to what is to be done for those dependent upon them, the militia department desires to repeat the assurance given a few days ago that the families of those who volunteer will be well looked after.

FORCES IN CONTACT

Paris, Aug. 12 (1-30 a.m.) — The French troops along the entire frontier are in contact with the Germans. At Mangemisse, northeast of Virdon, the Germans attacked the French on Monday evening. The French, reinforced by reserves, then took the offensive and repulsed the Germans with considerable losses.

MINERAL ACT.

(Form F.)

Certificate of Improvements.

NOTICE

Gillis, Dolphin and Iron Pirate mineral claims, situated in the Nanaimo Mining Division of the Coast (Range two) district.

Where located—On the south side of Seymour Inlet, about four miles from its head.

TAKE NOTICE that Dalby B. Morkill, British Columbia land surveyor, of Vancouver, B. C., acting as agent for Colin F. Jackson, Free Miner's Certificate No 81258B, intends sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action under 85, must be commenced before the issuance of such certificate of improvements.

Dated this sixth day of July, 1914. 133—60 dys.

The death accurred Monday morning at Errington, near Parksville, of Ralph S. Day, aged 22 years. The deceased who was subject to fits, fell in the barn belonging to his stepfather Mr. Elijah Dudley, with whom he lived, inflicting fatal injuries. He was a native of London, Eng., and for two years has resided in Canada. The body now lies in D. J. Jenkins' undertaking parlors here, and interment will take place in Nanaimo cemetery.

Mrs. C. J. Machin left yesterday afternoon for her home in Vancouver after spending a few days with Mrs. J. Corlette, Nicol street.

No better flour than "Purity Flour" for making more bread and better bread. Read guarantee on sacks. Brackman Ker Milling Co., Phone 485.

While the population of France increased in 1913 by 41,901, that of Germany increased by about 800,000.

The Committee of the Nanaimo Musical Club make an earnest appeal to all the members who are in town to be present at the concert which the Boys' Brigade Band, under the leadership of Mr. C. W. Pawlett, are giving on the waterfront on Thursday evening, Aug. 13th. Patriotic songs will be sung in which all are asked to take part, led by the choirs of the city churches.

FANNY J. SKINNER, Pres.

ORANGE LODGES HOLD PICNIC ON THURSDAY

The Orange Lily Lodge and L. O. L. No. 1619, meaning the local ladies and men's Orange lodges, are holding a big picnic on Newcastle Island on Thursday afternoon. The first boat leaves at 10 a.m., the second at 1 o'clock and the last boat at 6:30 p.m. All members are invited to attend and they have the privilege of bringing a friend. The Orangemen and ladies are sure to have a good time and no doubt the picnic will be very largely attended.

Captain Foulkes, of Victoria, was in the city over night. Captain Foulkes is an old rugby player and during his stay looked up Ald. McKinnell, Chief of Police Neen and other former Hornet players. Captain Foulkes' visit was in connection with departmental militia affairs.

OPPOSING CAVALRY MET IN BATTLE

Tierlemont, Belgium, Aug. 12 (via London 1:30 a.m.)—Fighting occurred near here Tuesday between German and Belgian cavalry. Seven Belgians were killed and a few wounded. It is said that four thousand Germans are in the neighborhood, but the Belgians seem to have the situation in hand, and the town is perfectly calm. At five o'clock there was no sign of the enemy except for an aeroplane which flew over the station. The Belgians fired at it but without effect.

Brussels, Aug. 11—Hostilities began Monday between German cavalry and the Belgian cavalry outposts in the Hesbaye district. This district is to the west of Liege and north of the Meuse and forms part of the provinces of Liege, Lamburg and Namur.

The Germans have begun a systematic reconoitering of Hesebaye in order to discover the positions of the Belgian field army. The cavalry patrols are followed by infantry detachments. On Sunday German cavalry passed the outside of Lixhe, following a route to the south.

Brussels, Aug. 11.—The newspapers here announce that an aeroplane flying over Namur was brought down by the fire of the forts and that two officers in the machine, uninjured by the fall, were taken prisoners.

Six thousand German troops it is reported siezed the station at Langon, west of Liege, and stopped a train fram Brussels. They permitted the passengers to go, but destroyed the station, removed the rails and drove out twenty employes. The passengers were compelled to return on foot to Tierlemont. According to fugitives from Langon, the Germans burned many bridges, giving the inhabitants of the places half an hour for flight.

(Continued from page 1.)

Ottawa, Aug. 11.—The picked battalion which Hamilton Gault, of Montreal has offered to assemble, equip and send to the seat of war at his own expense will be known as the Princess Patricia light infantry.

Ottawa, Aug. 11.—Representatives of the shipping companies met here today and arrangements were completed for transportation of Canada's gift of flour to the motherland and the three cargoes of oats purchased by Canada for the British government.

Copenhagen, Aug. 11 (via London, 12 a.m.)—The Russian mobilization will be completed about August 21.

Regina, Aug. 11—According to the estimate of the department of agriculture for Saskatchewan, ten per cent of the wheat, five per cent of barley and 15 per cent of oats are now cut.

Newport, R. I., Aug. 11 — Report that a British cruiser and two French warships were seen off the coast of New England were received here. Their names could not be learned.

London, Aug. 11 (11:40 p.m. —The war office information bureau makes the following statement:

"The mobilization of the territorial force is at the point of completion. Some of the units of the force have accepted liability to overseas service. Volunteers are being asked to follow their example."

Brussels, Aug. 11, via Paris, Aug. 12—Ten thousand German cavalry with gattling guns and followed by infantry are operating. This seems to indicate a change in the German tactics, and turning movement to the north.

Brussels, Aug. 11, via London Aug. 12—According to an official statement issued here, the situation at the seat of war was unchanged tonight.

Moosejaw, Sask., Aug. 11—The Canadian Pacific Railway police arrested an Austrian whom they found hidden under the C. P. R. bridge across the Moose Jaw river, where the main line enters the yards.

Regina, Aug. 11—All the Japanese residents in Regina are eager to join in the defence of the British Empire and have applied for enlistment in the 95th regiment.

Paris, Aug. 11—According to latest advices the Germans made a determined attempt to take the forts occupied by the French outside of Muhlhausen but failed. The Germans did not enter the town.

San Francisco, Aug. 11.—"Official participation of France remains assured," cabled the chairman of the French national exposition commission to the officials of the Panama-Pacific Exposition today.

Brisbane, Australia, Aug. 11.—Jimmy Clabby, middleweight, lost a decision here today to Dave Smith, Australian heavyweight, who outweighed him twenty-two pounds.

Ottawa, Aug. 11.—Louis Gurofsky, a wealthy broker of Toronto, has written the minister of militia, offering to raise a regiment of his countrymen at his own expense.

Ottawa, Aug. 11.—Colonel Sam Hughes, minister of militia, stated tonight he had received enough offers from American citizens in various parts of the United States to compose four regiments to go to the front.

HELD AS HOSTAGES.

Paris, Aug. 10.—7:25 p.m. via London—It is reported from Belfort that in view of the execution of the French subjects by the Germans, several prominent residents of the German town of Montecue Vieux, just over the frontier have been taken by the French as hostages.

UNION BANK OF CANADA

Are Your Children Learning to Save Money?

Each maturing son and daughter should have a personal Savings Account in the **Union Bank of Canada,** with opportunities to save regularly, and training in how to expend money wisely. Such an education in thrift and saving will prove invaluable in later life.

Thomas S. Fulton, Manager Nanaimo Branch

LANCERS ATTACKED.

Brussels, Aug. 11.—Important forces of German cavalry with gatling guns attacked on Tuesday regiments of Lancers near Tirlemont, twelve miles southeast of Louvain. The latter routed the enemy at first, but later retired before strong reinforcements.

PERTINENT QUERIES ANSWERED

By J. H. WARDILL

Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"

?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

Britain Declares War on Austria Hungary

Infantry Company At Nanaimo

Ottawa, Aug. 12.—Militia orders issued today authorize the organization of an eight company regiment of infantry with headquarters at Fernie B. C., and company headquarters at Fernie, Cranbrook, Elko, Golden, Fort Steele, Hosmer and Michel.

An independent company of infantry is to be organized with headquarters at Nanaimo. Another military unit to be formed in the west immediately a squadron of cavalry at Victoria.

The re-organization of Earl Grey's Own Rifles, of military district to 11, as four company regiment is authorized.

Military rifle associations have been authorized in the west at follows:

11th Regiment, Irish Fusiliers of Canada, Vancouver, B. C.; D Squadron 30th Horse, Kelowna, B. C.; "B" squadron 31st Horse, Eburne, B. C.

HERALDGRAMS

St. Petersburg, Aug. 12.—Application for the restoration of his commission in the Russian army has been made by Father Bulatovitch, a former officer of the guards.

Paris, Aug. 12.—Americans at Havre waiting for the French line steamer San Francisco and Chicago to sail for the United States are deserting the vessels and returning to Paris or going to England.

London, Aug. 12.—Post Wheeler, recently appointed secretary of the American embassy at Tokio and Mrs. Wheeler, who were compelled to turn back at Berlin while on their way to Japan, arrived at Hull today from Copenhagen.

Montreal, Aug. 12.—The steamer Carolina, belonging to the French line, reached Montreal today. She will embark 1300 French reservists for Havre, her sailing port at the end of the week.

Another arrival was the C. P. R. steamer Mount Royal from Antwerp.

St. Petersburg, Aug. 12. (via London 1.30 a. m.)—It is announced officially that German aeroplanes have been carrying out extensive manoeuvres along the Russian frontier.

New York, Aug. 12.—The steamer Crisbal, which arrived tonight from Panama has the distinction of being the first vessel of any considerable size to navigate the Panama Canal in both directions.

New York, Aug. 12.—The S.S. Crisbal sighted the British cruiser Suffolk at four o'clock this afternoon. The warship was then about five miles southeast of Scotland Lightship, near the New York harbor channel.

Berne, Switzerland, Aug. 12, (via Paris)—The Dowager Empress Maria Fredova of Russia has arrived here seriously ill and it is said, will undergo an operation.

Montreal, Aug. 12.—Prices are now going into effect as regards food. A survey of local conditions indicates that in a majority of cases prices have been raised without due cause.

London, Aug. 12.—With the purpose of terminating the present deadlock in the money market and to enable trade and commerce to reach their normal courses, the government has agreed to guarantee the Bank of England from any loss it may incur in discounting bills of exchange in either home or foreign banks on trade accepted prior to August 4th.

Mexico City, Aug. 12.—Arrangements for the peaceful entry of the rebels army into Mexico City were made today by the foreign diplomat who went to Teeloyucan and conferred with General Carranza.

Ottawa, Aug. 12., (special)—It was announced tonight that Colonel Currie, of Victoria, had been offered the command of a brigade in the Canadian contingent and had accepted.

Edmonton, Aug. 12.—Tonight three hundred recruits of the Princess Patricia Light Infantry leave for Calgary, en route to Quebec. The men are of the finest physique.

Wynyard, Sask., Aug. 12— Three Austrians arrived today from Mooseomin looking for transportation to Austria. Constable McNamee located them in the harvest field and placed them under guard.

(Continued on Page 4)

FATALITY AT RESERVE MINE

James Berry Fire Boss Fell Down Shaft Yesterday Morning and Met Instant Death —Body Was Badly Mangled

The second fatality at the Reserve Mine since the commencement of operations in that district occurred at an early hour yesterday morning, when James Berry, a fire boss fell to the bottom of the shaft, a distance of many hundred feet and met instant death.

From what can be learned of the accident it appears that Berry and Andrew Klarsch, the shift foreman were being hoisted up the shaft in the regular bucket, both men being inside the bucket when it started away from the shaft bottom, but on the way up Berry got out of the bucket, plunged to the shaft bottom and stood out on the edge of the bucket. Just how he came to fall off is not known but his companion states Berry made a movement as if he was going to get back inside the bucket and at this moment he must have lost his hold and falling off the bucket plunged to the shaft bottom. Death must have been instantaneous for the body was terribly mangled.

The deceased was well known in Nanaimo coming here from Michel two years ago.

The late Mr. Berry was thirty-seven years old, and resided at Chase River. He leaves a wife and little girl to mourn his loss. Other relatives include his brothers-in-law, Mr. Hugh Bennett, of Nicol street Nanaimo, Messrs. Thomas, Hugh and James Mason, and Mr. John Pauche all of Vancouver. He was a member of the local Oddfellows and the Knights of Pythias, and these lodges will take part in the funeral.

The funeral will take place on Friday afternoon, under the direction of Mr. A. E. Hilbert, leaving the residence of Mr. Hugh Bennett, Nicol street, at two o'clock for St. Paul's church where a service will be conducted by the Rev. W. E. Cockshott, and thence to the Nanaimo cemetery.

HEAVY FIRING OFF ATLANTIC COAST

Isles of Shoals, N. H., Aug. 12.—Heavy firing at sea directly east of here was distinctly heard late this afternoon. The only vessels visible were a large two funneled steamer, apparently an ocean liner, twelve miles to the southeast, headed for Boston and a fishing vessel. The firing apparently came from a distance of 15 miles. Several guns seemed to be discharged at short intervals.

An hour later the firing was resumed apparently from the same point as before. It lasted for five minutes. The watch in the observatory of the United States life saving station at Appledore Island reported that at 5.30 he could see no vessel.

GRAIN ELEVATOR BURNED.

St. John, N. B., Aug. 12—The Intercolonial Railway elevator here containing 75,000 bushels of grain was destroyed by fire early this morning.

A PORTION OF ENGLAND'S AERIAL NAVY.

Here are two of England's dirigible balloons, the Gamma above and the Beta below. These air-craft, although not as large or as powerful as the giant German Zeppelins, are much speedier and more easily handled. They are of the non-rigid type, the bags being collapsible so that they may be easily stored on board a warship.

THE GOEBEN AND BRESLAU

London, Aug. 12.—The Daily Mail says it understands Turkey has assured the British government the German cruisers Goeben and Breslau which are now in the Dardanelles, will be disarmed, but there is reason to believe that Turkey has purchased and intends to put the two cruisers into commission.

This in the opinion of the Daily Mail, would be a grave breach of neutrality.

"If Turkey intends to enter the war as Germany's ally or to pay off her old scores against Greece," the Daily Mail continues, "she must be warned that in either case retribution will be swift and certain.

"It appears that Germany offered to sell the Goeben to Turkey some time ago, but that the deal fell through because Turkey stipulated that the vessel should be handed over with her crew.

LEFT DESTRUCTION IN ITS WAKE

The residents of South Wellington were busy yesterday collecting the few articles of furniture etc., saved by them from the disastrous conflagration which swept the village Tuesday afternoon destroying in all, eighty houses and rendering over three hundred persons homeless.

In addition to the destruction wrought at South Wellington, four homes were also burned at Morden, the houses destroyed being tenanted by Seth Burnley, Percy Turner, Jas. Gaunt and Albert Wesley.

DRAGOONS REPULSED.

Brussels, Aug. 12.— A regiment of dragoons coming from the direction of Liege and attempted to surprise the Belgians at Ainsffe in the province of Liege were driven off leaving 15 dead and 12 prisoners.

Uhlans have taken upwards of $400,000 out of the bank of Kasselt, capital of the province of Limburg.

BRITAINS WAR SCOPE WIDENS

Foreign Office Informs Austria That a State of War Exists Between Great Britain and Austria Hungary.

London, Aug. 13.—The foreign office announces that a state of war exists between Austria-Hungary and Great Britain as from midnight and official arrangements have been made for the Austro-Hungarian ambassador and staff to leave this city tomorrow. The foreign office states that diplomatic relations between France and Austria being broken off, the French government has requested his majesty's government to communicate to the Austro-Hungarian minister at London a declaration outlining the steps which preceded the rupture with France. The foreign office statement continues:

"Communicating this declaration accordingly to the Austro-Hungary ambassador, His Majesty's government has declared to his excellency that the rupture with France having been brought about in this way, they feel themselves obliged to announce that a state of war exists between Great Britain and Austria-Hungary as from midnight."

A Paris despatch received at midnight says that the United States ambassador Mr. Herrick, has taken over the Austrian embassy.

Royal Northwest Mounted Police

WANTED FIVE HUNDRED EX-MEMBERS Royal Northwest Mounted Police to re-engage for one year's service. Age not exceeding forty-five years pass medical examination. Men re-engaging will be given rank held on discharge. Apply room 1, 523 Pender street west, Vancouver, B. C. A. E. Snyder, Major, recruiting officer.

A Terrific Battle Opens For The Possession Of Liege

Paris, Aug. 12—It is stated that the forts around Liege are still holding out against the Germans and that the troops which defended the city have reformed to the west and assumed the offensive. It is said that the Belgians have blown up bridges and destroyed railroads in the route of the German forces, cutting off their supplies.

London, Aug. 12—The Exchange Telegraph Company's Brussels correspondent, telegraphing Wednesday says:

"The Belgians have routed the Germans in a fierce encounter between the Belgian left wing and massed German cavalry, infantry and artillery. The Belgians displayed wonderful control under fire and their victory has aroused the liveliest interest along the whole line of the allied troops."

Brussels, Aug. 12 (By Dr. Dillen, special war correspondent of the London Daily Telegraph)—It is impossible to throw any light on military operations which may culminate on Thursday or Friday in a terrific collision between forces of disruption and those of civilization. Never before, not even in the Japanese war against Russia, have movements of an army been shrouded with such impenetrable mystery. Considering the number with the audity and the ingenuity of German agents still in Brussels, these precautions may be indispensible.

Brussels, Aug. 13 (3:40 a.m.—The first battle in open country is reported in the following official communication:

"After having passed the night (Tuesday) in the position they had reached after their route yesterday, the Germans this morning advances in force towards a point in our dispositions which they thought was not held. Our staff, however, was alert and informed by cavalry reconnoissances, was able to give the necessary orders with the result that the army found their advance checked. An engagement took place in which our troops were successful. Ten thousand men took part in the fight. This was the first action of our troops in open country and their conduct is a good augury for the future. Apart from this the situation, to all appearances, has undergone no change.

ADMITS HEAVY LOSSES

London, Aug. 13; 3 a. m.— A Berlin despatch to the Daily Telegraph says the German staff admits heavy losses on the Russian frontier.

FIRE THREATENED WATERWORKS LINE

City Engineer Owen and Waterworks Manager J. Shepherd saved the city considerable loss Tuesday by prompt action after discovery of a bad bush fire raging in the vicinity of the Boulder Creek bridge. The pipe on the South Forks line crosses this bridge and when the city officials made an inspection there they found the fire had actually crept under the bridge. Ten men were kept at work all night until the danger had been averted. Had the bridge been burned the city water would not have been shut off for two weeks at least as there is that much supply down in the dams at present.

BALMORAL AS HOSPITAL.

London, Aug. 13 (2.55 a.m.)—King George has offered Balmoral Castle as a hospital for wounded soldiers.

GIFT OF WOMEN TO THE EMPIRE

Toronto, Aug. 12—The Canadian committee of the Canadian Women' Hospital ship fund states that the offer of the ship has been accepted by the British admiralty, but that if the British admiralty should prefer to change the form of the gift the original resolutions provides that if the ship is not required during the present war the money contributed shall be used for naval and military hospital purposes under the direction of the British admiralty by trustees appointed by the central committee.

BRING AMERICAN FLEET

Washington, Aug. 12—All the battleships of the Atlantic battle fleet will be withdrawn from Vera Cruz and brought north by September 1.

AUSTRIANS CHECKED.

Paris, Aug 12; 11 p. m.—A despatch from St. Petersburg to the Matin says' "The Austrians have suffered a check on the Dniester river. Four regiments of Austrian infantry and eight regiments of Uhlans were routed. The approaching big battle will probably be a decisive one."

RUN OVER BY FREIGHT TRAIN

Mr. T. E. Woolstone of Newcastle Townsite Had Foot Crushed by E. & N. Locomotive Last Evening.

Mr. Thomas E. Woolstone of Newcastle Townsite was run over by a freight train on the E. & N. Railway last evening and injured so badly that upon his removal to the hospital it was found necessary to amputate one leg just below the knee.

Mr. Woolstone was walking along the track in the direction of home when he was struck by the freight train. The injured man was placed aboard the engine and the train shunted back to the station from which point an ambulance conveyed Mr. Woolstone to the hospital where his injuries were attended to by Dr. McPhee. Despite the severe shock to his system Mr. Woolstone is reported to be doing as nicely as could be expected.

FORMER ENEMIES CONFER.

London, Aug. 13 (4:30 a.m.) — The St. Petersburg correspondent of the Times says that much interest has been excited by the conferences recently held between the Japanese ambassador Baron Moetono, and the Russign foreign minister, M. Sanonoff.

The Times regards as a fact the report of the purchase of the German cruiser Goeben by Turkey. The Turkish embassy here also believes this news to be correct.

COMMUNICATION INTERRUPTED.

Tokio, Aug. 13; 3 a. m.—Telegraphic communication between Japan and Europe is interrupted.

WILL HOLD INQUIRY FRIDAY AFTERNOON

Coroner Thomson will hold an inquiry Friday afternoon at 2 o'clock into the circumstances connected with the death of James Berry at the Reserve Mine yesterday morning.

Messrs. G. A. Beattie (foreman), Warren Hygh, F. L. Reynolds, J. L. Ward, Douglas Porter and David Mottishaw, were yesterday empanelled as a jury by the coroner, and after viewing the remains at Hilbert's Undertaking parlors adjourned to Friday afternoon at 2 o'clock.

FRENCH WOUNDED SHOT

Paris, Aug. 12—The following official statement was issued tonight:

"A French cavalryman at Masieres declares he saw a German cavalryman shoot a wounded Frenchman. He says he heard five or six other shots and saved himself by feigning death.

"The Germans are wearing uniforms taken from Belgians killed in battle."

CRUISER LEIPZIG AT SAN FRANCISCO

San Francisco, Aug. 12.—The German cruiser Leipzig is steaming into this port for coal.

San Francisco, Aug. 12.—As the customs house closed at 6 p. m., formal application for coal cannot be made by the German consul until tomorrow. The Leipzig is expected to arrive in the harbor about 8 p.m. and will lay at anchor through the night.

San Francisco, Aug. 12.—From reports received early tonight it was learned that the German cruiser Leipzig is bound into the harbor of San Francisco for the purpose of coaling. However, at a late hour, marine lookouts had failed to sight the warship, spoken 35 miles from port yesterday.

Owing to the dense fog off the heads, lookouts do not expect to sight the Leipzig until about to enter the Golden Gate, but it is thought she will arrive about midnight and will lie at anchor in the stream until morning, when the German consul general formally will ask the collector of the port for the coal desired.

WANTS BELGUIM TO STOP FIGHTING

London, Aug. 13; 3 a. m.—The Daily Mail says it learns that on Monday, after the fruitless assault by the Germans on the Liege forts, the German government again approached Belgium through Holland as intermediary, pointing out that Germany had no quarrel with Belgium and no desire to be at war with her, and asked the Belgian government to reconsider its refusal to allow the German army to traverse Belgium in order to save useless expenditure in blood and treasure.

The Belgian government, according to the newspaper, made reply again refusing the German request.

CANADA PRODUCES 100,000 VOLUNTEERS

Ottawa, Aug. 12.—From any one of three out of the nine military divisions of Canada enough men have enrolled for active service to form the required aggregate of 21,000 men for the Canadian army division which is to be sent abroad on active service. One of these three is Winnipeg and one is Toronto. This was the announcement made by Colonel Hughes minister of militia, tonight, from advices received from the commanding officers of all over Canada who had been busy for the last days enrolling volunteers.

It is estimated that at least 100,000 men have handed in their names, although the definite figures will not be known for two or three days.

J. S. H. MATSON

CONTRADICTORY STORIES.

The German and French authorities are giving out very contradictory reports of the fighting on the Alsatian frontier. It will be remembered that the despatches stated that a big engagement had been fought, and that the French had driven back the Germans with heavy losses. The French advance guard first occupied Muhlhausen and then moved on towards Neu Bresach, where it was expected that the first decisive battle of the war would be waged. Since that time news has come that, owing to the superior number of the Germans, the French had withdrawn from Muhlhausen, and had taken up a defensive position to the south. The German version of these movements is entirely different. The Berlin papers describe the news from Muhlhausen as brilliant. They admit the swift entry of the French into Altkirch, but claim a victory for German arms in the subsequent fighting. Indeed they say the German triumph was even more important and decisive than the first battle in the campaign of 1870. What is the real truth of the situation may only be guessed at. The British system is to chronicle events as they occur. Defeats and disasters are reported just as faithfully as victories and successes. The British people demand the truth. They do not lose their fortitude in the hour of disaster, and their loyalty and enthusiasm never require to be kept alive by doctored and diluted news. So far at least as the despatches we have received indicate, the Germans were actually driven back in Alsace. There has been nothing authentic as to the fighting which preceeded the French occupation of Muhlhausen. Whatever fighting there was must have been in favor of French arms. The French found Muhlhausen undefended, and they in turn have withdrawn from it. The fact seems to be that it is an open city which could not very well be defended. The point remains that the French are in Alsace, in German territory, and it may be taken for granted that they only effected their entrance by force of arms. Whether they will be able to hold what they have gained may depend upon which army can soonest be strengthened by reinforcements. Austrian troops are reported to be moving to Germany's assistance, and the French general's movements will naturally be directed to cope with the new situation. Meantime he must be credited with first blood.

BELGIUM.

Belgium, upon which Germany has declared war is the most densely populated, and one of the most prosperous of European countries, says the Toronto Star. Her area of 11,373 square miles, not much bigger than two or three Ontario counties, supports a population of 7,423,000. The government spends in the neighborhood of $150,000,000 a year. The imports amount to $900,000,000, the exports to $750,000,000. The army has a peace strength of 45,000 men, and a war strength of 175,000 men. The navy is non-existent. There are 6401 miles of railways and 25,000 miles of excellent roads. Two cities—Antwerp and Liege—are very strongly fortified.

WAR AND CONDITIONS.

There is at present no reason why the war should interfere with the ordinary routine of business in Nanaimo. The first excitement of the news has now worn off, although all feel the strain of waiting for the news, and cannot altogether forget the gravity of the issues at stake. Still all should endeavor to carry on their business as usual and so avoid the creation of an abnormal state of affairs under which all alike will suffer. The Empire has at present a sufficient number of defenders, and we are all praying that it will emerge triumphant from the struggle. The best way to help it is for each man to follow the daily routine of his life just as he did before the war. By pursuing this course he will be the better prepared to meet any special call should the occasion for that arrive. We are particularly fortunately circumstanced in Nanaimo. Our staple industries are mining and ranching, and there is little likelihood that the war will interfere with either of them. This should ensure the general business of the city continuing as briskly as ever, and there is no reason for either pinching or panic. Pay-day last Saturday saw the streets as busy as ever, the same busy throng of shoppers, and the same general air of prosperity. There is nothing to indicate that the war will ever effect this state of things, and everybody should govern himself accordingly.

The North Sea will soon be a terror to foreign shipping. The Germans marked the declaration of hostilities by the indiscriminate laying of mines Their action was rather a breach of international rules; but in view of the great preponderance of British shipping, they were probably prepared to take the risk. Now Great Britain has announced that in view of Germany's policy it feels constrained to protect its harbors and ports by mines. This will make the North Sea dangerous waters for any but British snipping.

The Herald has been asked to utter a note of warning about the careless throwing away of lighted matches. The disaster at South Wellington should surely be an object lesson to every one using matches. We do not mean it to be inferred from this that the fire at South Wellington was caused by a lighted match carelessly thrown into the bush. But the disaster sprang from a small bush fire, and it is much easier to start a fire than to stop it. With everything now as dry as tinder, extra caution should be displayed. A delivery waggon man the other day threw down a match in a rancher's yard, and a disastrous fire was only narrowly averted. In the country just now matches cannot be too carefully handled, and perhaps this word of warning will not be taken amiss.

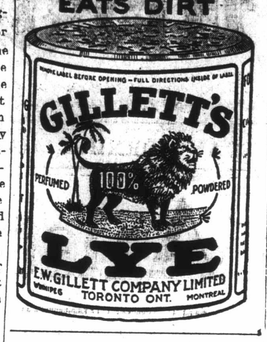
An influential German newspaper, "The Lokal Anzeiger" makes rather a curious boast about the German troops. It detracts nothing from the oddness of the reference when it is explained that it occurred in an article describing the French advance into Alsace as a victory for German arms. Referring to the French withdrawal from Muhlhausen it states that "naturally the French would have fortified the positions at Muhlhausen, with earthworks, but an army like that of Germany which takes fortresses by assault, would find themselves little troubled by such trifling obstacles." This is a strange mixture of humptiousness and deceit. Why should the French have fortified Muhlhausen since the Germans had not. Moreover, the experiences of the Germans at Liege have shown that they are not the soldiers which can take fortresses by assault. "The Anzieger" it must be confessed, makes rather a bad break.

QUEBEC ARRESTS GERMAN SPIES

Ganaoque, Ont. 12—While at the railway office inquiring as to the time of departure of trains to Ottawa, four Germans, only one of whom apparently could speak English were arrested today on suspicion of being spies. They said they were from Clayton, N. Y., and came across the river in a small boat, using paddles made out of pieces of boards.

When arrested they had two modern rifles, two revolvers and one shot gun, besides a quantity of ammunition, and a box of antiseptic cartridges. In the bottom of the box there was a quantity of fuse.

NIGHT LETTERS MOVE AGAIN



New York, Aug. 12 — Deferred cables, cable letters and week-end letters for points in the British Isle were accepted today for the firs time within a week by the Western Union Telegraph Company where such messages had the full name and street addresses of the addressee an the full name of the sender. Such messages were accepted at the sender's risk subject to delay.

PRES. CARBAJAL FLEES

Mexico City, Aug. 12—A persistent rumor is in circulation that Provisional President Carbajal left the capital for Vera Cruz and that the Federal power has been turned over to Eduarde Iturbide, governor of the Federal district.

At a late hour tonight all the department of state officials had declined to see representatives of the press.

GILLETT'S LYE EATS DIRT

CONTRIBUTIONS FOR HOSPITAL SHIP

The following contributions to the Hospital Ship Fund are in addition to those published in yesterday's issue of The Herald:

$25.00—Union Brewing Co.

$20.00—J. M. Rudd.

$10.00—Keystone Wine Co., S. Louise Wright.

NEWS SENT OUT BY WAR OFFICE

London, Aug. 13 (4:15 a.m. — The admiralty and war office information bureau issues the following:

"An engagement is in progress northwest of Hazaltine, the province of Limburg, between a Belgian cavalry division supported by the infantry and second German cavalry division, 2500 strong supported by a battalion of infantry and 12 pieces of artillery.

"The German fourth cavalry division is reported moving towards Jodoigne in the Brabant province of Belgium.

"No German infantry is known to be left on the bank of the Meuse river. The Germans are constructing batteries north of Liege, preparatory to a siege. Heavy guns have already been heard. The Germans are constructing a railway between Viss and Homburg paralell with the frontier of Dutch Limburg. They are also entrenching themselves in Liege.

"Huy, Marche and Houffalize ar points held by German cavalry."

HINDUS DISPLAY LOYALTY

Victoria, Aug. 12—A meeting of the local Hindus was held this morning and resolutions of loyalty to Great Britain passed. One hundred men, all ex-service men, have volunterred for service.

CANADA'S FORCES CLOTHED IN KHAKI

Ottawa, Ont., Aug. 12 — Canada's overseas force will be clothed in khaki of thicker quality than that worn in the South African war, and will be prepared in the matter of clothing for a winter campaign in Belgium, France or Germany. The entire force will be furnished with latest pattern of Ross rifles, mark III and the factory at Quebec will be in a position to arm a second division with the same arms if another division is sent.

WINNIPEG'S INFANTRY MAY GO AS UNIT.

Ottawa, Aug. 12—It is altogether probable that the 90th infantry regiment, like the 48th Highlanders and Queen's Own Rifles of Toronto, will preserve its identity in the oversea force. Thirty officers and about 900 men of the regiment have volunteered and if they are all or nearly all accepted, Winnipeg's oldest infantry unit may go into the fight practically intact for the first time since they earned the title of "The Little Black Devils" in the fight at Batoche, during the rebellion of 1885.

FIGHTING RESUMED BEFORE LIEGE FORTS

London, Aug. 12—The struggle between the Belgians and Germans for the Liege forts recommenced today. The forts are being fired upon and are returning the fire of the Germans with vigor.

The German troops are in movement with the evident intention of crossing the Meuse. Convoys have been sighted proceeding in a town southwest of Liege.

CRUISERS PROTECTING THE TRADE ROUTES

London, Aug. 12 (7:10 p.m. — The admiralty has sent out cruisers which will ply the Atlantic to protect trade routes. The French government also sent out warships to search for German cruisers known to be in the Atlantic.

"The enemy's ships," says the official admiralty report, "will be hunted continuously, although some time may elapse before run down, they will be kept busy."

Ottawa, Ont., Aug. 12—The arrival of the powerful fighting ship Drake has brought considerable comfort to the Canadian authorities, who have been anxious about shipping on the Atlantic coast.

With six efficient cruisers, including the Niobe scouting the waters of the north Atlantic, it is hoped that the German cruisers may soon be picked up and captains of the ships relieved of the anxiety which has haunted them since the beginning of the war.

WON ADMIRATION OF HIS TROOPS

Paris, Aug. 12.—The undying activity of General Jos. Joffre, commander in chief of the French army, has won the admiration of his troops. Since the first day of the mobilization, he has travelled thousands of miles in his motor car and appears to be everywhere at one time. His chauffeur is the famous racing motorist Geo. Boilott, who three times won the French Grand Prix.

CANAL TO OPEN SATURDAY

Panama, Aug. 12 — Preparations for the official opening of the Panama Canal next Saturday are being hastened. Orders already have been issued for all craft to remain outside the channel in order not to impede the steamer Ancona, which will be the first vessel to make the trip.

GUNS IN THE BELFRIES.

Cologne, Aug. 12 — The spires of the Cologne Cathedral and other churches are being transformed into aeroplane defence stations. Aeroplane guns are being mounted on the belfries of the churches.

Minards Liniment Co., Limited,

Gentlemen:—I have used MINARDS LINIMENT on my vessel and in my family for years, and for the every day ills and accidents of life I consider it has no equal.

I would not start on a voyage without it, if it cost a dollar a bottle.

CAPT. F. R. DESJARDIN,
Schr. "Storke," St. Andre, Kamouraska.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

Dated at Nanaimo, B. C. this 4th day of August, 1914.

A5 1m. A. J. GARRETSON

NOTICE

Take notice that E. E. Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

Offsetting Competition

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail-order departments.

The poorest way to offset this competition is for our local merchants to remain silent. For them not to "speak up" is to give the mail-order houses a better chance to get business from this community.

A WORD TO THE PULIC

When you send your money out of this community, you enrich the great shops and impoverish this community. Strengthen, not weaken, the merchants of this community. It will all be returned to you in the form of better service and better values.

Be Loyal to Your Own Community

BEAT FLOWER OF FRENCH ARMY

Berlin, Aug. 12—via Copenhagen and London.—The Lokal Anzeiger, in an article dealing with one German victory at Muhlhausen Alsace, says:

"The silence of the western frontier following the brief but swift entry of small forces of French into Altkirch, has been broken by the brilliant news of our first battle at Muhlhausen, the Weissenburg of 1914. But this fight was much more important than was that of Weissenburg in 1870, when the Germans won their first battle of the Franco-Prussian war, considering the number of contestants engaged.

"We understand the French had three divisions of about 55,000 men. Two division belonged to the seventh army corps and also contained a portion of the Rensancon corps, whose members are among the best of the French army.

RUSSIANS MINING HARBOR.

Seoul, Aug. 12—Germans arriving here from Valdivostock report that several Russian cruisers, ten torpedo boats and eight submarines are engaged in mining the harbor of Valdivostock. They also say that 150 German reservists and 100 non-combatants have left the city, but that 350 other Germans, mostly women and children still remain there by permission of the authorities.

COBB SIGNS THREE-YEAR CONTRACT WITH TIGERS

Detroit, Mich., Aug. 12.—Tyrus Cobb, star centre fielder of the Detroit Americans, today set at rest reports that he intended to jump to the Federal League by signing a contract to play three more years with the Tigers.

The contract does not contain the maligned ten-day clause. Neither does it carry an increase in his salary, which is said to be $15,000 a year. The contract under which Cobb is now playing contains this clause, but it will expire at the end of the present season.

When Cobb completes the three seasons for which he has just signed he will have played thirteen years with Detroit.

CROSS WINS DECISION AFTER HARD STRUGGLE.

Los Angeles, Aug. 12.—After one of the hardest fought contests witnessed at the Vernon Arena in months, Leach Cross of New York was awarded the decision over Joe Rivers, of Los Angeles at the end of their 20-round fight tonight. Cross had every round after the tenth.

Rivers fought stubbornly. His lip was cut in the fifth round, and gave much trouble during the latter part of the contest. The local fighter had the better of only four rounds in the early part of the bout.

OFFER OF $15,000 FOR PLAYER REFUSED

London, Aug. 12.—Chelsea Soccer Football Club, not content with eleven internationals in their team for the coming season that cost them altogether $80,775, recently made a desperate effort to secure another Scottish player. They bid above the record price of $15,000 for Gordon of the Rangers, but his club refused to part with him.

Albert Shepherd, one of the greatest centre forwards who has ever played for England, was transferred during the week from Newcastle United to Bradford City for $7,500. An accident which prevented him playing for nearly the whole of last season was the cause of a slump in the price of his transfer fee, but now he is reported to be quite well.

CHRISTY MATHEWSON CHANGES STYLE, AGAIN.

A unique feature to Mathewson's pitching this year is that he has changed his style in many ways, and nobody appears to have noticed it. This season he has given more base on balls and has hit more batters than in any previous one. He has dropped his old system of control first, last and all the time, and as a result thereof has the boys guessing. Instead of putting the ball over the plate every time, he is putting more stuff on the ball, and the occasional bursts of wildness only accentuate his control when he needs it. For years batters have been able to face Matty, feeling assured that he would make no wild pitches or give a base on balls. They would step right in and hit at the first one, feeling pretty sure that it would be over. This year things are different. The beaning of several batters has helped to keep them away from the plate.

JACKSON NOW LEADS IN AMERICAN LEAGUE

Chicago, Aug. —Joe Jackson has assumed leadership of American league batters. The Cleveland slugger, with an average of .356, and Eddie Collins, Philadelphia, with .345, are ahead of Cobb, the Detroit star, with .342. Next come Baker, Philadelphia, .338; Fournier, Chicago, .328; Cree, New York, .328; Speaker, Boston, .324; Crawford, Detroit, .320; C. Walker, St. Louis, .311; McInnes, Philadelphia, .310.

Philadelphia with .266 and Washington with .249 lead the clubs in batting.

E. Collins and Maisel, New York, are ahead in stolen bases, with 38 each.

Leonard, Boston, with sixteen wins and three defeats; Bender, Philadelphia, with nine and two, and Plank of Philadelphia, with twelve and three lead the pitchers.

SCOTTISH LEAGUE TO OPEN SERIES SATURDAY.

In the opinion of Coast football officials who are in close touch with the Old Country leagues, the war will not interfere with the opening of the Old Country football season, although, doubtless, it will affect the attendance at the games. The Scottish League series is scheduled to open next Saturday and the English leagues will get away on September 1.

BROKE WORLD'S RECORD

Salt Lake City, Utah, Aug. 12 — Teddy Tetzlaff, in a 300 horsepower racing car, drove a half mile on the natural salt bed at Saldure, about a hundred miles west of here, this afternoon, at the rate of 25 1-5 seconds for the mile, which is one second under the world's record, established by Burman at Ormond Beach, Fla. Today's test was sanctioned by the American Automobile Association and official.

GERMANS CAPTURE MANY PRISONERS

London, Aug. 12 (12:55 p.m.) — The German troops near Muhlhausen have captured ten French officers, 500 men four guns, ten wagons and many rifles.

According to the report German territory has been cleared of the French. It is also stated that at La Garde the German troops made more than 1000 prisoners, about one sixth of the two defeated French regiments.

KOOTENAY MEN MAY GO TO THE FRONT.

Rossland, B. C. Aug. 12—The earnest efforts by the Kootenay district of being represented in the first contingent of troops to sail from Canada have been successful. Through the assistance of R. G. Green, M. P., Kaotenay will send 100 men of whom about twenty will go from Rossland. The volunteers, who are all eager to go are being immediately medically examined and will leave for Quebec in a day or two.

GERMANS REPULSED

St. Petersburg, Aug. 12 (via London)—An attempt by Germans to occupy Eydtkuhenen, east Prussia, one of the points which Russian troops were sent early in the war, has failed. The Germans, consisting of a detachment of infantry with artillery, were repulsed with loss.

MINERAL ACT.

(Form F.)

Certificate of Improvements.

NOTICE

Gillis, Dolphin and Iron Pirate mineral claims, situated in the Nanaimo Mining Division of the Coast (Range two) district.

Where located—On the south side of Seymour Inlet, about four miles from its head.

TAKE NOTICE that Dalby B. Morkill, British Columbia land surveyor, of Vancouver, B. C., acting as agent for Colin F. Jackson, Free Miner's Certificate No 81258B, intends sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action under 85, must be commenced before the issuance of such certificate of improvements.

Dated this sixth day of July, 1914. 133—60 dys.

March, "King Cotton" (Sousa)
Waltz, "Ye Old England" (Tobani)

FOR RELIEF OF SOUTH WELLINGTON SUFFERERS

The following have been appointed as a committee to receive and distribute all relief forwarded to those suffering in the above fire zone: John Ovington, Wm. Evans, Jas Bateman, Sec., D. J. Thomas, Geo. Taylor, D. W. Richards,, Corporal Buchan, D. G. O. R. All communications and relief should be sent to and addressed to Jas. Bateman, secretary, South Wellington. The committee beg to thankfully acknowledge the assistance of Capt. Napier, D. G. S., Mr. Geo. Thomson, government agent and others who so kindly came forward promptly to our aid, also the Nanaimo Co-Operative Association for their prompt food supply and all teamsters who placed their conveyances at the disposal of those in distress. There are 80 homes destroyed and 147 children 70 women and 125 men left destitute. As these people are nearly all left as they stand, any assistance in the way of food, clothes and shoes and bedding or financially will be acknowledged by the press.

JAS. BATEMAN, Sec.

VEIL DRAWN OVER THE FRENCH ARMY

London, Aug. 13.—The Daily Mail's Paris correspondent comments on the rigor of the censorship prevailing in France, which has thrown an impenetrable veil of mystery over the operations of the French frontier with the results that the French are more ignorant of what is happening than it was when Napoleon was fighting a century ago.

When the soldiers now depart for the front, says the correspondent they leave no trace, having no means of communication and are obliged to entrust letters to the minister, and perhaps receive the statement from the minister: "Your son has fallen on the field of honor."

I. O. O. F.

Officers and members of Black Diamond Lodge I. O. O. F. are requested to meet in the lodge room Friday afternoon at 1:30 o'clock for the purpose of attending the funeral of our deceased brother, James Berry

HARRY McKENZIE, Sec.

Heraldgrams

(Continued from page 1.)

Fort George, B. C., Aug. 12.—There is wild excitement over a rich strike of free milling gold on the Benson claim, four miles southwest of this place. Nuggets brought in last night leave no doubt of the existence of gold in large quantities.

Ottawa, Aug. 12.—The naval department has ordered all wireless stations not operated by the government to be completely dismantled at once. This applies to all amateur stations as well as those used for commercial purposes.

New York, Aug. 12 — The French line steamer Rochambeau, which was to have sailed today, with 1500 passengers, mostly army reservists has been held until further notice, under instructions from the home office in Paris.

Sydney, N. S., Aug. 12—All Frenchmen liable for duty at the front have been ordered to return to France, the instructions having been cabled from Paris to the various consular agencies in the Commonwealth.

New Caledonia, Aug. 11 — Offers of mutton, cocoa and horses for use of volunteers at the front have been made by firms in many parts of Australia. Some firms are offering to freeze carcasses in their plants free of charge, and railways are offering free transportation to the troops.

Paris, Aug. 12—The bombardment by the Germans of Pont-a-Mousson, in the department of Murtheet Moselle, about 20 miles north of Nancy, commenced yesterday morning. Shells of large calibre fell in the town, killing and wounding a number of the inhabitants.

Paris, Aug. 12—Several hundred German prisoners passed through the Champigny station near Paris today on their way to Poictiers, where they will be placed under guard.

London, Aug. 13; 2.55 a. m.—A Brussels despatch to the Daily Chronicle says that the Emperor is reported on his way to take personal command of the German army in Belgium.

Montreal, Aug. 13.—It is anticipated that about five thousand men will be in parade of the Montreal garrison at 8 o'clock Friday night when they will be reviewed by Colonel Sam Hughes. The hour was fixed at Colonel Hughes' request as he wishes to return to Ottawa immediately after the review.

Brussels, Aug. 12.—The food supply here is abundant, the government having bought an enormous quantity.

London, Aug. 13.—A despatch to the Daily Chronicle from Brussels says the Duchess of Sutherland has been placed in charge of the Red Cross work in Brussels.

Sydney, N. S., Aug. 12.—About two hundred French reservists from Sydney and district left by tonight's train for Montreal, where they will take passage for France.

London, Aug. 13; 4.40 a. m.—A St. Petersburg despatch to the Daily Mail says it is reported in the newspapers there that Germany has formed 25 reserve divisions, each of 25,000 men and six batteries with 31 reserve cavalry regiments, which will constitute the main part of the German forces on the Russian frontier.

London, Aug. 13; 4.52 a. m.—The Telegraph's military correspondent at Paris declares several German army corps are assembled around Metz and extend in the form of a triangle from Metz to Treves and Luxemburg while a still stronger force is stretched across the Belgian, Luxemburg and Namur province.

London, Aug. 13.—A despatch to the Daily Mail from Brussels says that a German spy was caught in close proximity to King Albert, who is at Louvain.

BALKAN ALLIES INVADE AUSTRIA

London, Aug. 12 (7.45 p. m.)—The Exchange Telegraph Company's Nish, Servia correspondent says a combined Servian and Montenegrin invasion of Bosnia from Plevlje, northwest of Novibazar has been made in three columns. General Radomir Patnik, chief of the Servian army has taken supreme command.

THREE ARE KILLED IN ELECTRIC STORM

New York, Aug. 12 — An electric storm, accompanied by a strong wind and a brief but heavy downpour of rain swept suddenly over the city and vicinity late yesterday. Three persons were killed and twenty injured, lightning striking in several places and the shoring of a new subway caving in upon fifteen laborers.

Honest Bargains

Masters' Great Clearance Sale is still on. The usual honest Masters' bargains will prevail. This means new goods, correct styles and at prices that are cut to cost. Come in and see if these statements are not correct.

No sensational advertising—no exaggerated statements—simply the usual honest Masters' prices and the usual Masters' goods.

M. L. Masters

GERMAN ARMY NORTH OF LIEGE

Brussels, Aug. 12—The German army has moved north of Liege and is advancing into the heart of Belgium. It is difficult to determine its objective. There is a screen of cavalry in extraordinary force along the whole frontier of the allied armies. The new grmy corps is investing Liege. The French cavalry is engaged in sharp fighting. Both the German and allied armies are feeling their way,

Newark, N. J., Aug. 12.—John P. Holland, inventor of the submarine boat which bears his name, died of pneumonia at his home here after a month's illness. He was 72 years old.

GERMANY CHANGES PLAN OF ATTACK

Brussels, Aug. 12—The Germans appear to be commencing a fresh phase of the war, their attack through central Belgium having failed they are entrenching along their Maastricht-Liege front and are employing a number of peasants on the roads south through the province of Liege and Luxemburg, foreshadowing an attempt to force their way to the south of the river Ourthe and towards the upper Meuse in France.

Montreal, Aug. 12.—Six men were today added to the 50th Royal Highlanders enrollment of 500 for active service; 45 were added to the Victoria Rifles of 250, and 65 to the Grenadier Guards' enrollment of 350.

PERTINENT QUERIES ANSWERED

By J. H. WARDILL
Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

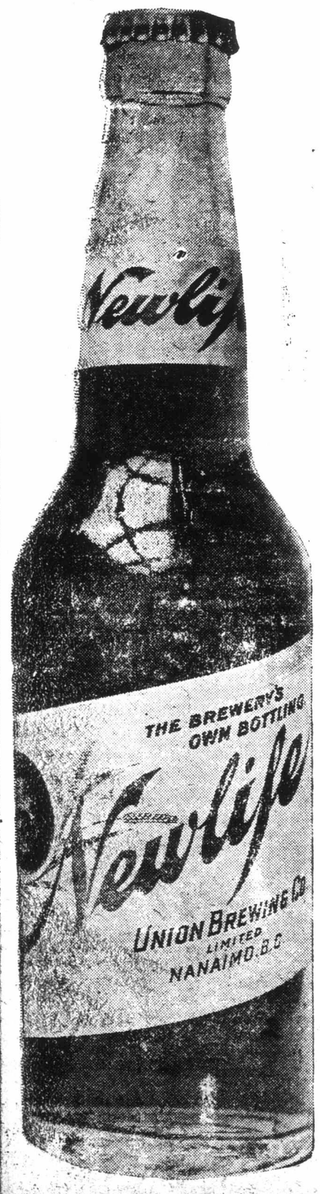
?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"



?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

Two Million Men in German Advance

German Cruiser Beaten in Running Sea Fight

Huge Armies Sparring For a Death Struggle

London, Aug, 13—The hour of the great battle which will have much to do with settling the future of Europe, is apparently near.

Reports of engagements, which when the main armies meet will be considered insignificant have been coming in all day, showing that the cavalry screens, sometimes accompanied by infantry, whose duty it is to find out what is going on behind, have come into contact in northern Belgium, near Haelen and on the French frontier near Othain. The meeting of these reconnoitering parties in force has resulted in some pretty severe fighting, in which in the French and Belgian official accounts, the allies scored further success.

The other side of the story is still to be told, for Berlin remains silent. In fact, the German war office has had little to say since it reported the capture of the city of Liege. The position around the fortress is veiled in something of mystery. The Germans have resumed their attacks on the forts, but how they are progressing has not been communicated to the outside world.

Brussels had a report tonight that the forts had succeeded in silencing all the big German guns, but little credence is placed in this. It may be that for the moment the invaders have stopped their onslaught, either to review or adopt some means of gaining their object.

Lorraine for the present seems to have been left out of the fighting, while Alsace, like western France, is the scene of engagements between the advance guards of the main French and German armies.

The Austrian armies have commenced to move on Russian Poland. No news has come from the Russo-German frontier, but much the same is going on there as in the other theatres of war. The Russian and German cavalry are busy trying to discover what the main armies are doing.

The British navy has virtually cleared the trade routes of German and Austrian ships, or has at least got them so closely watched that the admiralty advises shipowners to send out their vessels as usual.

Ships from all parts of the world arrived at English ports today, and what is more important, steamers with provisions are coming from the Scandinavian ports.

KING of ITALY

KING of ENGLAND

KING of SERVIA

Sovereigns of Europe whose armies are now engaged in the greatest war in the world's history.

Naval Duel Fought in The Mid Atlantic

Halifax, N.S., Aug. 13—For half an hour last Thursday night H. M. S. Bristol, the smallest British warship in the North Atlantic fought a long range duel with the Karlsruhe, the largest and fastest of the German cruisers which have neen trying to intercept British shipping on the north Atlantic.

Fleeing from H. M. S. Suffolk, which interrupted the Karlsruhe coaling at sea from the North German Lloyd steamer Kron Prinz Wilhelm, the German cruiser was intercepted by the Bristol southwest of Bermuda and for half an hour a long range running fight took place in the blackness of a semi-tropical night.

Racing through the heavy swell at a terrific clip, the ships exchanged broadsides without inflicting much damage, the conditions being very unfavorable for accurate gunnery. Although the Bristol's consorts were at least 100 miles astern, the German would not stand and fight. Altering his course, the German gradually drew away from the Bristol owing to superior speed, and after half an hour was out of range of the British ship's six-inch bow chaser. All through the night the chase lasted, but somewhere in the darkness the German doubled and made off to San Juan, where he put in for coal, some days ago. Details of this action, the first single ship in which British man-of-war has engaged in the waters in a hundred years, were brought to Halifax today by the Suffolk the flagship of Rear Admiral Craddock, commanding the fourth cruiser squadron.

The information given out here on the arrival of the Suffolk showed that in the past ten days the fourth cruiser squadron has made the North Atlantic absolutely safe for British shipping. Not a hostile ship is north of the West Indies now, and they are encountering tremendous difficulty in keeping the sea and procuring supplies, owing to the entire absence of coaling stations. It can only be a short time until Karlsruhe and Dresden are either sunk, captured or interred.

The fine work of the Mediterranean fleet in putting the German battle cruiser Goeben out of commission has materially helped in clearing the Atlantic. Had the Goeben succeeded in getting through the Mediterranean she would have proved a most formidable enemy. Single handed she could have destroyed all the cruisers of the fourth squadron, for against her ten eleven-inch guns, her twenty

(Continued on page Three)

NAVAL BATTLE IN FAR EAST

Two British or French Cruisers Badly Damaged and Carrying Many Wounded Arrive at Hong Kong.

Shanghai, Aug. 14—Two warships, each with four funnels, badly damaged and carrying many wounded, entered the harbor at Hongkong yesterday. Their identity has not been learned here, but the vessels are believed to be either the British armored cruisers Minatour and Hampshire or the French armored cruisers Duplex and Montcalm. They are reported to have had an engagement with the German cruisers of the same type, Scharnshorts and Gneisenau.

GERMAN PRISONERS BROKEN IN SPIRIT

Paris, Aug. 13—An official communication of information received tonight says:

"German prisoners who have been questioned give the impression that they are broken in spirit and physically weak from hunger. They seem not to have been informed concerning the reason for the mobilization and one man asked why war had been declared.

According to this German's opinion this is not a people's war but an officers' war.

Detroit, Minn., Aug. 13—A quarter of a million dollars worth of property was damaged by a fire which started at 12:15 this afternoon and which burned thirty business klaces and two residences and threatened to wipe out the entire city.

SPLENDID CONCERT ON WATERFRONT

The concert given last night on the waterfront in aid of the contribution to the Hospital Ship proved a big success. There was an immense crowd of people lined up on Front street, and spread out on the green, and all there found the concert very enjoyable. The programme it may be said had been very hastily arranged, and the music throughout was naturally of a patriotic type. The crowd might very well have shown its appreciation a little more by joining more heartily in the choruses of the songs and national airs, but there was no doubt of their enjoyment of the various numbers rendered. Considering that the concert was arranged on short notice the response by local artists, as well as the attendance by the public was both satisfactory and creditable. Those responsible for its promotion are to be congratulated on the success they achieved, and they in turn desire to thank all the singers who so willingly gave their services and the others who did so much to make the concert the great success it was.

German Defeat at Battle of Haelen

Brussels, Aug. 13 (via Paris).— An official statement issued today says:

"The Germans lost three-fifths of their men in yesterday's battle. The Belgians had a division of cavalry and a mixed brigade engaged but their losses were comparatively light only a few of the cavalrymen being killed.

"The beaten Germans advanced this morning, apparently to pick up their wounded abandoned yesterday."

London, Aug. 13; 8.30 p. m.—The Germans engaged in the battle of Haelen, according to late details to the Exchange Telegraph Company from Brussels, numbered more than 10,000 men, composed of cavalry, artillery and a small force of infantry. The Belgian force numbered about 7,000.

"It is believed," says the despatch "that the object of the Germans was to take a position north of the Sedro neread at Tirlemont, from which they would be able to execute a turning movement against the Belgian army.

"The cavalry reconnoitered, the Belgian commander obtained accurate information of the movements of the attacking force. To reach Diest the Germans had to cross the river at Haelen and it was before this place that the Belgians took up their principal position, erecting barricades, building entrenchments, and placing guns where they could be most effectively employed.

"The Germans came into sight about eight o'clock in the morning and soon after that the artillery on both sides came into action. The German fire had little effect. The Belgian fire was deadly, even at a range of 2000 metres, and played havoc with the German cavalry, which notwithstanding continued to advance.

"The Belgian cavalry repeatedly charged, but owing to the formation of country, which is intersected with hedges and hillocks, could attack only in small numbers. Germans again and again hurled themselves at the barricades, but were mowed down with deadly Belgian fire.

"The attacks on the bridges spanning the river was equally fierce. German officers could be seen urging their men to the attack, to almost ly in small groups. The Germans a certain death from the Belgian guns. Men and horses fell like flies. When almost shattered, the order to retreat was given at six o'clock in the evening.

"The German defeat was complete, their loss amounting to more than one thousand and they retired in the greatest disarder. At nightfall they were making their way hastily to-

(Continued on page four.)

GERMAN ARTILLERY DESTROYED.

London, Aug. 13—All the heavy German artillery has been destroyed by the extraordinary accurate fire from the Liege forts, which are still intact, according to a despatch received this evening by the Exchange Telegraph Company from its Brussels correspondent.

THE LION'S WHELPS RESPOND NOBLY

St. John, Nfld., Aug. 13.— New Foundland will contribute to Great Britain a force of 5,000 men fully equipped for land service, will increase the naval reserve from 600 to 1,000, and will enlist an auxiliary force of 300 men for defence of the island colony.

Action to this effect was taken at a public meeting at which enthusiasm ran high.

DUTCH TROOPS READY.

Rotterdam, Aug. 13, via London 6:30 p.m.)—Sixty thousand Dutch troops are on the line of the frontier. Large areas of land have been flooded to a depth of three feet as a precautionary measure.

ITALY TO CONFER

Rome, Aug. 13 (via Paris) — The foreign office today summoned home the Italiam ambassadors in Paris, St. Petersburg, London and Berlin, as the government desires to consult with them concerning the war situation.

HERALDGRAMS

Rome, Aug. 13 (via London 5:55 p.m.)—Vice-Admiral Leon Vial, was appointed minister of marine today to succeed Enrico Mille, who retired from the ministry owing to ill health.

Amsterdam, Aug. 13 — Fighting in the neighborhood of the Belgian town of Tongres to the north of Liege, was resumed today, according to the correspondent of the Telegraph at Maastricht.

London, Aug. 13 — A special despatch received here today from Rome says that Emperor William, who, it is reported intended making a visit to Aix-la-Chapelle, near the Belgian frontier, has been persuaded not to make the journey.

Ottawa, Ont., Aug. 13—At the department of finance today it was stated in connection with the arrangement with the Bank of England that the position of the minister of finance is wholly that of trustee, and that he will have nothing to do with regard to fixing rates of exchanges or other charges.

Ottawa, Aug. 13—The suggestion that Canada pay for two dreadnoughts taken over by the admiralty is not a new one, but it is understood that there is no intention just now of making such an appropriation as is required.

Ottawa, Aug. 13—Preparatory to the opening of parliament next week the cabinet is sitting morning, afternoon a,d evening, and the legislation which is to be submitted will be embodied in two or three bills.

Ottawa, Ont., Aug. 13—A militia order issued today authorizes the organization of a battalion of infantry with headquarters in British Columbia, "A" and "B" companies at Nelson, "C" company at Rossland, "D" Company at Kalso, "E" company at Grandforks, "F" company at Greenwood, "G" campany at Creston and "H" company at Proctor is authorized.

London, Aug. 14 (1:10 a.m.) — Should the report that Turkey has purchased the German cruisers Goeben and Breslau prove true, it is said that Great Britain will make a remonstrance to the Porte.

(Continued on Page 2)

FOREST FIRES RAVAGE NORTHWEST

Portland, Ore., Aug. 13.—From a score of points throughout the Northwest reports came today of forest fires which in some cases were doing heavy damage. A pall of smoke so dense as to render objects indistinguishable at a distance greater than 300 feet overhung this city.

The nearest serious fire reported was one which broke out directly west of the city, menacing MacLeay Park, itself a dense natural park. A force of men fought this fire all day.

Fire was reported threatening the Bull Run forest reserve, which is the source of Portland's water supply. Fifty men fought it back all day.

Two bridges were destroyed in Douglas county and a hard fight was in progress against fires in Coos and Curry counties.

From eastern Oregon came reports of a big fire in the forests of Union county.

ARTILLERY DIVISION OF CANADA'S ARMY

Ottawa, Aug. 13.—The details of the artillery division of Canada's expeditionary force, was announced tonight by Colonel Morrison, director of artillery. It will consist of three brigades of eighteen-pounder guns each, making a total of 54 guns, with one heavy battery of four sixty-pounders additional. The total force will be 23 officers, 772 men and 746 horses for each brigade, making a grand total of 69 officers, 2,316 men and 2318 horses for the three brigades. The heavy battery for the sixty-pounders will be taken from the Montreal heavy brigade and will consist of six officers, 191 men and 144 horses. In addition to this there will be a divisional ammunition column of 15 officers, 553 men and 709 horses. The batteries have all been ordered to mobilize at once at the brigade headquarters in Ottawa, Montreal and Toronto, respectively. They will be equipped and placed upon a war footing at each of these centres before they are sent to Valcartier.

LORD ROBERTS ON DECK.

London, Aug. 13.—The King has appointed Lord Roberts, colonel-in-chief for such overseas forces as may come over to England.

IN THE GERMAN LINES BEFORE LIEGE

Paris, Aug. 13.—Jean L'Hermitt, a French newspaperman, was on a train going from Brussels to Liege when it was stopped by Uhlans at Landaa. All the passengers were obliged to get out. They were told they would not be molested if they behaved themselves, if they did not they would be shot. They were allowed to stay in a cafe.

Tired of waiting they asked an officer if they might not go on to Tirlemont.

"Yes," he said, "if you are not afraid of bullets, because you will march in front."

They decided to remain with the lesser evil, and sat all night trembling in a back room, listening to the German cavalry and artillery rattling and rumbling past.

"Fifty thousand must have gone through," says the correspondent, "towards one o'clock in the morning cannon began to roar, the Germans were attacking Orsmael. The firing lasted for hours and after dawn we learned that the Germans had lost 1200 killed, more than 1500 wounded and 300 prisoners, and the Belgians 150 killed and wounded.

"At 12 o'clock all seemed quiet and we ventured out. We found the Germans had gone. A storekeeper told us the German officers had bought much paying liberally. They seemed to be loaded with gold.

They said that before the end of the week more than two million Germans would pass through Landan."

Mr. William Glaholm visited the Mainland yesterday on business.

REBEL ARMY TO ENTER CAPITAL

Elaborate Preparations Made For Reception of Triumphant Rebel Army Into Mexico City.

Mexico City, Aug. 13.—Preparations for the reception of the triumphant rebel army in the capital are under way. The committee consisting of senators and deputies of the old Madero congress has been appointed to meet General Carranza as he enters the city, both houses have been requested to decorate, and arrangements have been made for women to strew the path of the incoming army with flowers.

The departure of President Carbajal and his caqinet caused no interruption in the normal life of the capital, but for the first time in its history, Mexico finds itself without legislative, judicial or executive powers.

When the rebels enter the city they will find it without money, arms or ammunition. A visit to the barracks and arsenals today showed that rooms which were stored with guns, cartridges and shells yesterday were empty. The taking away of so much war material by the federals is causing some uneasiness here.

Although the destination of the federal army was carefully guarded, it is believed that Puebla City is the point to which it is proceeding, General Vilasco, minister of war, will head the retreating forces.

Berlin On Verge Of Revolution

London, Aug. 13.—The Daily Citizen, organ of the Labor party says it was learned from a reliable authority that Dr. Karl Liebnicht, the German Socialist leader, has been shot for refusing to do military service.

The Citizen says the story was brought to London by a German refugee, who reported that Berlin, owing to the shortage of food, was in a virtual state of revolution.

Dr. Liebnicht was an officer of the reserves and was called upon for service. He refused to respond on conscientious grounds, whereupon, according to the story, a detachment of soldiers was sent to his residence. He was taken to the military barracks and courtmartialed. After a short trial he was convicted and shot by a platoon of infantrymen.

It is also reported that Rosa Luxemburg, the noted Socialist writer, who declared that soldiers were maltreated in the army had been shot.

Seattle, Aug. 13—The Canadian converted yacht Aquilla, fitted with small guns, the Canadian fisheries cruisers Galiano are doing patrol duty off Cape Flattery, watching for German merchant vessels, according to reports brought by incoming vessels.

AMONG THE DEAD

London, Aug. 14—A despatch to Daily Chronicle from Amsterdam says that a brother of Prince Von Buelow, former German chancellor has been killed in the attack on Liege.

J. S. H. MATSON

THE SITUATION

While there is no definite news as yet of a big general engagement there are indications that two opposing forces are about to engage in a deadly struggle if they have not already commenced in Belgium. For the time being the Germans appear to have given up the attempt to reduce the Liege forts. The attacking army has split into two sections. One is operating to the northwest of Liege with the object apparently of moving towards Brussels. The other has advanced down the valley of the Meuse towards Namur, and the German line now extends from Longres to Namur and thence on to Nancy and Longwy in French territory where the German division that first occupied Luxemburg is now in position. Further south again French and German armies face each other in the Alsatian Vosges. The main advance, however, is taking place through Belgium and for a distance of two hundred miles the allied forces and the Germans are in touch with each other. Already there has been considerable fighting and so far as the despatches already received the Belgian troops have been uniformly successful. The London press takes the view that the first decisive battle of the campaign is now impending, and there are detached reports that it has already begun. No news, however, has been given out from the British war office, and it is not known where the allied forces are now massed against the German advance. Nothing has been heard of the British force since its landing on French soil was chronicled except that wounded British soldiers are now being landed at Southampton. This is indication that in the fighting that has already taken place the British troops have been engaged. With this exception the whereabouts of the British force is as much a mystery as the present location of the British fleet which steamed out into the North Sea under sealed orders. The general opinion is that as soon as the land forces engage in a vital contest, the German fleet will give battle to the British armada. This is the position to-day in which all the indications point to the imminence of the greatest land and sea fights the world has ever known.

RAINBOW IN PORT.

There have been alarming rumors concerning the Rainbow and the two British sloops of war, the Algerine and the Shearwater, these last few days, and much anxiety was felt as to their safety. It was known that the two British boats were on the Mexican coast when the war broke out, and that between them and Esquimalt were the two German cruisers the Leipzig and Neurnburg. The Rainbow left Esquimalt, steaming south, and for days nothing was heard of her. As usual the situation developed a plentiful crop of wild and disturbing rumors, some of which were published in the local press. Then came the story from San Francisco of the finding of wreckage at the Golden Gate and it was feared that either the Shearwater or Rainbow had been sunk. It is all the more reassuring therefore to know that both the vessels have safely reached Esquimalt. No details of the cruise have been given out. Meantime it is reported that both the Leipzig and Nurnburg are lying off San Francisco, the former having made application for coal. The latter was reported some time ago to have coaled at an American port, and, according to international law, should have made for a home port. Why these vessels should linger on the Pacific Coast is decidedly puzzling. They are not in a position to take prizes seeing that they have no port to which they could convoy them. Provided they could penetrate the Straits they could make it very uncomfortable for British Columbian coast cities. That is about as much as they could do. If they landed men here then they would be violating the Monroe Doctrine, the great national policy of the United States to which Germany has agreed. It is difficult therefore to see what these ships have gained by cruising in local waters. Coal is the chief factor in their safety, and the longer they remain the less chance there is of them reaching a German base.

WILL CONTROL FOOD PRICES

A despatch from Ottawa announces that the government will submit a measure to Parliament on its assembly with the object of controlling the price of foodstuffs during the war. The bill which will be introduced by Minister of Labor Crothers, will follow the lines of the British Act which was recently passed for the same purpose. The bill will doubtless be passed without opposition. Investigations have been held at various places already, and no justification has been found in present conditions for some of the advances that have already been made in the prices of foods and other necessaries of life. There is nothing surprising in this conclusion. There has been no change in conditions to warrant increased prices being charged to the consumer at present. The bulk of foodstuffs are sold in large stocks, and in many cases consumers are paying an increased price for goods which were sold before there was any sign of war. The government is to be commended for the prompt steps it has taken to deal with this situation in the interests of the general consumer.

WAR NAMES.

The correct pronunciation of a number of names now constantly figuring in the war despatches has been exercising many Herald readers. The Colonist gives the following list from Lippincott's Pronouncing Gazetter, and our readers will find it very convenient:

Liege: liej or leayashe.
Huy: hoi.
Verviers: verveay.
Tongres: tongr.
Maastricht: maystrik.
Louvain: as spelled.
Brabant: as spelled.
Luxemburg: as spelled, with a short u, as in luck.
Lorraine: as spelled, although some times as if the final e were omitted. The word is French.
Alsace: alsass.
Vosges: vozh, the o being long, as in low.
Nancy: nonsee.
Mulhausen: moolhowsen.
Leipzig: lipsiz, the i being long, as in kite.

TWO PICTURES.

The San Francisco newspaperman who specializes in shipping news and tales of the sea is clearly possessed of strong German sympathies. It would not be at all surprising if he boasted a strong German name. If such should be the case it would at least explain and to a certain extent justify the stories he is sending out. The other day he depicted the Commander of the Algerine as praying an American captain not to divulge his whereabouts to the Leipzig as he was too small to fight. He even conveyed the impression that the British naval captain "wigwagged" the American boat to approach in order to make this prayerful request for protection. Yesterday he painted an entirely different picture of the officers of the Leipzig. They were going to sink the Rainbow, the Shearwater, the Algerine, the French cruiser Montcalm, two Australian cruisers (names unknown) at the rate of one per day. What they would do after this the correspondent does not say, but most likely they would sail home by way of the Rockies.

Heraldgrams

Geneva, Aug. 13—Italy has mobilized between 200,000 and 250,000 troops on the Swiss and Austrian frontiers as a precautionary measure. All the high passes over the Alps, such as the Theedule above Zermatt are strongly held.

London, Aug. 13—A telegram from Paris to the Central News says the German troops today shot the mayor of Igeley, a village between Luneville and Arricourt on the Franco-German frontier.

Paris, Aug. 13—To encourage commerce during the war, the French government, it is announced, will cover war risks on importations and exportations by sea.

Brussels, Aug. 13—When a patrol of soldiers first signalled the approach of the German troops yesterday at Haelen, the Belgians manned the trenches and a hot fire greeted the Germans. The German guns were brought to bear and swept the trenches with such a deadly hail that the Belgians were obliged to fall back on the town of Haelen.

HIS HEALTH IN A TERRIBLE STATE

"Fruit-a-tives" Healed His Kidneys and Cured Him

HAGERSVILLE, ONT., Aug. 26th, 1913.

"About two years ago, I found my health in a very bad state. My Kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen "Fruit-a-tives" advertised, I decided to try them. Their effect, I found more than satisfactory.

Their action was mild and the result all that could be expected.

My Kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today, I am enjoying the best health I have ever had".

B. A. KELLY

"Fruit-a-tives" is the greatest Kidney Remedy in the world. It acts on the bowels and skin as well as on the kidneys, and thereby soothes and cures any Kidney soreness.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for $2.50, trial size 25c. or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Fargo, N. D., Aug. 13—The Fargo fire department rushed to Detroit, Minn, fifty miles east of here this afternoon to help fight a fire that was reported to be destroying the entire town.

Merritt, B. C., Aug. 13—The ladies of the Nicola Valley have collected over three hundred dollars for the hospital ship.

St. Petersburg, (via London), Aug. 13.—Seventy-three German and twelve Austrian steamships have been seized by Russia.

London, Aug. 13.—The French embassy has received the following official communication from the minister of foreign affairs at Paris:

"At no point, notwithstanding repeated efforts have the Germans been able to break the French line of defense. In outpost fighting the superiority of the French artillery continues to assert itself."

London, Aug. 14; 5.40 a. m.—A despatch to Reuters from Brussels says that a rumor is in circulation there that General Von Emmich, commander of the German artillery corps before Liege, is dead.

London, Aug. 13.—Following engagements at Hasselt, Haelen and Diest, to the south of Louvain, the German army, it is reported, reached Louvain and opened an attack on that city, which is about 16 miles from Brussels and in line with Namur, the second line in the Belgian defence.

Quebec, Aug. 13—The German bark Beltas, which was seized at Rimouski a few days ago while loading for Price Bros., was towed into port here this evening. She has a crew of 20, most of whom are Portuguese.

London, Aug. 13.—A Lloyd despatch from Sidney, N. S. W., says the following German vessels are detained there:

"Steamers Melbourne, Osnabruck, Grimmania, Sumatra, Stolzenfels, and Tiberus, and the sailing vessel Athens."

London, Aug. 13.—A Vienna despatch to the Reuter Telegraph Company, received by way of Amsterdam says the Austrian troops have advanced into Russian Poland.

Toronto, Aug. 13.—A notice has been posted on the black board of the Massey Harris Company informing the 2300 employees of the company here that the works will be closed a week from Saturday for the usual summer stock-taking, but that it is impossible to say, owing to the present conditions, when business will be resumed.

Toronto, Aug. 13.—The Toronto regiments, in accordance with instructions from Ottawa, are still holding their recruiting lists open. The Highlanders have added 150 men in the last two days and the Queen's Own Rifles has added 75 men to supplemental list. The engineers have enrolled 175 men since recruiting opened.

Washington, D. C., Aug. 13,—President Wilson was confronted today with the problem of whether American bankers shall be permitted to float loans in the United States for any of the countries engaged in the European war.

Toronto, Aug. 13—By the end of the week 290 men will be patrolling the C. P. R. line in this province to guard against any possible destruction of property. Thirty-eight new recruits for the Princess Patricia regiment, all ex-service men, left tonight.

Minards Liniment Co., Limited,

Gentlemen:—I have used MINARDS LINIMENT on my vessel and in my family for years, and for the every day ills and accidents of life I consider it has no equal.

I would not start on a voyage without it, if it cost a dollar a bottle.

CAPT. F. R. DESJARDIN,
Schr. "Storke," St. Andre, Kamouraska.

UNION BANK OF CANADA

Foreign Exchange

By far the most satisfying way to make remittances to Great Britain and foreign countries is by Bank Drafts in the currency of the payee's country. We sell these at lowest current rate of Exchange, payable at par in any part of the world.

Thomas S. Fulton, Manager Nanaimo Branch

PERTINENT QUERIES ANSWERED
By J. H. WARDILL
Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"

?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

WARDILL'S BICYCLE WORKS
60 Victoria Crescent

SOCIALIST PARTY'S ATTITUDE CONDEMNED

Seattle, Aug. 13—Because of war risks, rates on every commodity carried by steamers between Seattle and Europe were advanced approximately 25 per cent today.

New Westminster, Aug. 13—A communication from the Socialist party of Canada to the Trades and Labor Council of this city, read at the regular meeting this evening, and condemning the present war, which it declared to be fostered by capitalistic interests in order to more strongly bind the fetters of the "working slaves," was consigned to the waste paper basket on motion of Secretary Maiden. The epistle was characterized as "buncombe" and "claptrap." Every speaker declared it to be his opinion that Britain was justified in the action she was taking.

By a vote of 16 to 3, the sympathetic strike in support of the Nanaimo miners, proposed by the B. C. Federation of Labor, was condemned. Several delegates did not vote, as they had no instructions from their unions.

Delegate Yates of the B.C. Electric Railway Workers' Union reported that the threatened strike against the company had been averted, the company having agreed to the men's interpretation of the disputed clause in the agreement submitted by the conciliation board.

Trade conditions were reported to be generally bad.

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

Dated at Nanaimo, B. C. this 4th day of August, 1914.

A5 1m. A. J. GARRETSON

COLTS WOULD PLAY NANAIMO FEDERALS

Piper, c; Shepherd, p.; Kemp, 1st b.; Graham, 2nd b.; Wilkinson, 3rd. b.; Gordon ss.; Harrison, lf.; Ramsay cf.; Bowen rf.

The above is the team which will represent "Shorty" Graham's Colts under the management of Riley Merritt in a game with the local Federals, should Manager Benedict accept the challenge issued by the Colts for a game on Thursday next or any date convenient to the 'Feds.' As will be noted from the Colts' line-up Riley has secured two of the Federals' best men and has completed his team with several past masters of the game, old war horses who still think they retain the knack of bringing over runs and outgussing their opponents at every stage of the game.

BATTLING FOR TENNIS HONORS

Forest Hill, N. Y., Aug. 13.—The opening matches in the contest between the United States and Australia for the possession of the Davis cup, the world team championships, played here this afternoon, resulted in one victory and one defeat for each nation.

A. F. Wilding of the challenging team defeated R. N. Williams of the American defenders in straight sets 7-5, 6-2, 6-3. Not the least disturbed by the defeat of his teammate, M. E. McLoughlin evened the days score by defeating N. E. Brookes, champion of the Australian quartette and considered the world's master at tennis, in three stirring sets by scores of 17-15, 6-3, 6-3.

As a result the winner of the trophy and championship cannot be decided before Saturday.

The Brookes-McLoughlin match marked a history making epoch in the game before 13,000 spectators. For one hour and twenty minutes these two masters of the game battled through the first set under a broiling sun before Brookes was forced to acknowledge that he had met his superior in skill and endurance."

WIRELESS STATIONS SEALED

San Francisco, Aug. 13 — Orders to seal all amateur radio stations on the Pacific Coast and to silence the wireless apparatus aboard the ships of belligerent nations while these ships are in Pacific coast ports were received from the navy department at Washington today by Rear Admiral Pond.

"The radio stations of the commercial companies are not included within the order although they are under a strict censorship."

NAVAL DUEL FOUGHT IN MID ATLANTIC.

(Continued on Page 4)

eight knots speed and her sixteen-inch armor belt, none of the ships of the class of which the fourth squadron is principally made up could have done anything with their six-inch batteries. However, there is lots of work ahead of these warships in destroying hostile commerce and the first prize taken in these waters has already fallen to the Suffolk in the German tanker Leda which was captured off Bermuda on Saturday.

A big fleet of British cruisers is now on the way to Halifax to assist in guarding trade routes. They are mainly ships of the Drake class, of about 15,000 tons displacement, mounting a main battery of 9.2 inch guns with a heavy secondary of six-inch battery. The first of these ships, the Goodhope, will be at Halifax tomorrow.

"We were steaming north on Thursday morning last. The crew had just been ordered to general stations when from the fore-masthead came the hail "Enemy on the port bow," said the officer of the Suffolk, in giving out an official statement of the chase of the Karlsruhe to the press today.

"As soon as we knew war had been declared, the ship had been prepared for battle. Fittings, all woodwork and everything that might be at all inflammable we pitched overboard and the sea for miles around was strewn with debris. Under the circumstances there were little to do when the order to clear for action was given. The gun crews went to the battle stations and the stokers were double-banked. Off to the port bow, 11 or 12 miles away we could see the Karlsruhe, and the Kron Prinz Wilhelm. The Kralsruhe had her boats out, coaling from the North German Lloyd ship and as we hurried down towards her it was in the hope she would run short of bunkers that we could catch her. As soon as the Germans sighted us they took to their heels. The Karlsruhe did not even stop to pick up her boats. Her men clambered aboard as best they could and she hustled away to the northward while the Kron Prinz Wilhelm steered off to the east.

"We knew that the Karlsruhe had heels of us. Our only hope was that she was short of coal and could not keep up her steam, but this hope was fruitless.

"Nineteen thousand yards was the closest that we could get to her. The Bristol was to the north of us and the Berwick to the south. We called both of them by wireless and ordered them to aid in the chase. The Berwick tried to cut off the Kron Prinz Wilhelm, while the Bristol took a position to intercept the Karlsruhe All afternoon we raced after the flying German. By five o'clock her smoke had disappeared and then all our hopes centered in the Bristol picking her up. At nine o'clock that night the welcome news came through the air from the Bristol: "Enemy in sight."

"A few minutes later came the message: 'We are engaging the enemy.'

"Although we must have been fully 100 miles astern of them, we raced on for all we were worth. We had no fear of the result if the German had stood up to the Bristol for we were all aure that our fellows could whip the Karlsruhe easily at close range but we wanted to be in at the finish ourselves.

"The Karlsruhe had the heels of the Bristol too. They were in action for just about half an hour. For a few minutes the German stood up and the ships fought broadside for broadside, the Bristol using her two 6-inchers and the five 4-inchers on her broadside against the Germans five 4-inchers. After a few minutes, however, the Karlsruhe turned and ran, the Bristol chased her, firing her forward guns of six-inchers. It was difficult to make anything like good shots. It was pitch dark and the sea was heavy. Not one of the German shells landed anywhere near the Bristol, but our chaps think they got some shots aboard the Karlsruhe. However, in long range fighting under these conditions, it is pretty difficult to do much and the Karlsruhe's speed saved her again.

The Suffolk, Berwick and Bristol cruised together for several days but could not get any trace of German ships. Finally we heard that she had put into Porto Rico for coal.

"We got the prize Saturday morning. The Leda is a fine oil tanker, and was coming up from Baton Rouge for New York. She did not know that war had been declared, and was very much surprised when we ordered her to stop with a blank shot across her bows. However, they took their capture with very good grace. We put a prize crew on board and convoyed her to Bermuda, where we turned her over to the examination service and continued our voyage north."

The Suffolk reached port about noon today. Soon after her arrival it became known that her men would gladly appreciate a short rest after sleeping practically at stations for the last ten days and a detail of two hundred men of the Sixty Third Rifles coaled the ship this afternoon, the music of the ship's band, while the tars stood by and watched in huge delight.

Several Canadian midshipmen who have been doing duty on various craft connected with the naval service, were ordered to the Suffolk here and joined the cruiser tonight. All have seen service in the fourth cruiser squadron in the West Indies and in the Mediterranean.

COLTS WOULD PLAY NANAIMO FEDERALS

Piper, c; Shepherd, p.; Kemp, 1st b.; Graham, 2nd b.; Wilkinson, 3rd. b.; Gordon ss.; Harrison, lf.; Ramsay cf.; Bowen rf.

The above is the team which will represent "Shorty" Graham's Colts under the management of Riley Merritt in a game with the local Federals, should Manager Benedict accept the challenge issued by the Colts for a game on Thursday next or any date convenient to the 'Feds.' As will be noted from the Colts' line-up Riley has secured two of the Federals' best men and has completed his team with several past masters of the game, old war horses who still think they retain the knack of bringing over runs and outguessing their opponents at every stage of the game.

BATTLING FOR TENNIS HONORS

Forest Hill, N. Y., Aug. 13.—The opening matches in the contest between the United States and Australia for the possession of the Davis cup, the world team championships, played here this afternoon, resulted in one victory and one defeat for each nation.

A. F. Wilding of the challenging team defeated R. N. Williams of the American defenders in straight sets 7-5, 6-2, 6-3. Not the least disturbed by the defeat of his teammate, M. E. McLoughlin evened the days score by defeating N. E. Brookes, champion of the Australian quartette and considered the world's master at tennis, in three stirring sets by scores of 17-15, 6-3, 6-3.

As a result the winner of the trophy and championship cannot be decided before Saturday.

The Brookes-McLoughlin match marked a history making epoch in the game before 13,000 spectators. For one hour and twenty minutes these two masters of the game battled through the first set under a broiling sun before Brookes was forced to acknowledge that he had met his superior in skill and endurance."

A. J. PICKMAN,
Hon. Secretary Nanaimo Amateur Operatic Society. 1t

GERMANS DEFEAT AT BATTLE OF HAELEN.

(Continued from Page 1)

wards Longres."

London, Aug. 14 (3:10 a.m.) —The Daily Mail's Brussels correspondent describes the engagement at Haelen as showing that the Belgians have passed another good test. He says that intermittent booming of heavy guns was audible all morning. This was punctuated at about 11 o'clock by the sharp detentations as the Belgians blew up the bridges over the river Geere just in the nick of time. They were under sharpnel fire and the German cavalry was just debouching to cross.

In the meantime a squadron of Mecklenburg Dragoons, with rather reduced effect, endeavored to penetrate the town of Diest at a gallop. About a mile from the town they dashed into a barricade of waggons lined by Belgian infantry.

The Germans had their revolvers drawn and charged directly at the barricade. The Belgians behind the barricade opened a murderous fire and all the dragoons were either killed or captured. The Germans tried to reduce resistance at this point by a cross fire from a battery but after an interval ceased firing and withdrew in disorder, according to some accounts, to the other side of the Geere. Only two Belgians were wounded. In front of the barricade the Germans lay like a hedge of flesh. The frontal attacks of the Germans are apparently contributing to the loss of morale among their troops. This is believed to be the reason why individual Belgians have been able to receive the surrender of so many of their adversaries. At Diest on Wednesday a non-commissioned Belgian officer took ten.

WILL CONTROL THE PRICE OF FOOD

Ottawa, Ont., Aug. 13—Control of food prices will be asked of Parliament by the government as soon as the session opens.

Hon. T. W. Crothers, minister of labor, is having a bill drafted along the lines of the British act. It is held that there is no justification to be found in present conditions for some of the advances which have been made in the prices of food and other necessities.

COPENHAGEN DEFENDED

London, Aug. 14 (7:50 a.m.) — A despatch to Reuters Telegram Company from Paris says the Danish minister there has notified the French government that Denmark has mined Koetee Bay and the waters between Zeeland and Amager Islands with the purpose of guarding Copenhagen from a surprise attack by Germany.

RAINBOW AND SHEARWATER ARRIVE AT ESQUIMALT

Victoria, Aug. 13.—The arrival here today of the British sloop of war Shearwater, in convoy of the cruiser Rainbow clears up the naval situation on this coast. It is now positive that the flotsam cast up outside the Golden Gate in the past three days was woodwork jettisoned by the Rainbow when she cleared for action after leaving San Francisco last Saturday.

Week - End Bargains

During the week we find that we have a number of odds and ends in nearly all departments that will have to be cleared out to make room for incoming fall stock. Naturally we will make very attractive prices on these odd lots to be sure and sell them. Better come in and look them over.

The usual honest Masters' goods at the usual Masters' honest prices.

Japan Will Declare War on Germany

Stirring Speech By Col. Sam Hughes

Montreal, Aug. 14.—Colonel Sam Hughes, Minister of Militia, made one of his characteristic speeches tonight on the Champ De Mars after he had reviewed 5000 volunteers from the Montreal Garrison. The parade of the troops was one of the most inspiring turnouts ever witnessed in this city, and many thousands of people cheered as the men passed and manifested such interest in them as could be expected only during war times.

Colonel Dennison was the officer in command. The patriotism was not dampened by a heavy thunderstorm which came just as the soldiers were formed up on Champ De Mars, though the soldiers and spectators were drenched.

"If Germany succeeds in this war" said Colonel Hughes, in addressing his troops, "Belgium and Holland and probably Denmark will be annexed; Great Britain will become a second rate power; France will be wiped off the map, and we shall, in all probability, become subjects to that nation which denies the people that measure of liberty which they should enjoy. But it is not the intention of Canadians that we should become slaves. We all know that our liberties are at stake and to a man we Canadians are ready to do our duty.

"I called for volunteers—volunteers mark you. Not a man will be accepted to leave Canada on this service, but on his own accord and free will, and if I know it, not a married man shall go but with the consent of his wife and family. And when the Canadians meet the enemy—as they are going to do—and vanquish them—as they are going to do—they are going to do it fighting as free men, as free subjects of His Majesty."

Colonel Hughes intimated that twenty more Canadian contingents would go to fight for the Empire if they should be needed. Of course he did not anticipate this.

INQUIRY INTO MINE ACCIDENT

Coroners Jury Finds Death of James Berry Was Accidental—The Jury Submits Recommendation.

"We, the Coroner's jury, empanelled to enquire into the cause of the death of James Berry, after hearing the evidence touching the same, find that the deceased came to his death by accidentally falling from the rim of the bucket while being hoisted up the Reserve Shaft of the Western Fuel Co. mine. And we are of the opinion that orders should be posted at the shaft head and bottom to the effect that riding on the rim of the bucket is strictly prohibited. And we are of the opinion that a clause to this effect should be embodied in the Coal Mines Regulation Act."

The above is the verdict of the jury which last evening conducted an inquiry into the death of James Berry which occurred at the Reserve mine of the Western Fuel Co. on Tuesday morning. The principal witness was Andrew Klarsch, shiftboss, who stated that he was with Berry when the accident happened. Berry and he were being hoisted up the shaft in a bucket. They signalled the engineer to stop at No. 3 landing where there was a pump. Berry got out of the bucket and stopped the pump. Returning to the bucket he did not get inside but stood on the rim and gave the signal to hoist away. When nearing the surface Berry attempted to get inside the bucket, but what happened witness could not say, but deceased fell down the shaft.

In his opinion Berry was getting inside the bucket because he knew it was against orders to ride on the rim. In answer to Inspector Newton witness stated that the instructions from the manager were to ride inside the bucket and not on the rim, and for not more than four men to ride in the bucket at one time. The orders were generally understood by all the employees working in the mine. It was the first time that Berry had ridden on the rim of the bucket.

G. Wilkinson, manager of the mine, stated that there were standing orders that no man should ride on the rim of the bucket and that only four men should be hoisted at one time. The penalty for disobedience was dismissal.

Inspector Newton expressed himself as satisfied that the Coal Mines Act had been lived up to.

The jury, which was composed of George Beattie (foreman) and Messrs. F. L. Reynolds, D. Mottishaw, Warren Hygh, Douglas Porter and J. L. Ward brought in a verdict as above.

Allies Have Ring Of Steel Around Germany

London, Aug. 14—Pushing forward by mere weight of numbers the German advance across Belgium is slowly but steadily proceeding and soon must come in contact with the allied armies, which according to an official communication from Brussels tonight, are in battle order at some point unnamed.

The Belgians in the outpost skirmishing are said to have inflicted severe checks on the German forces but on the whole the German wing has kept on its way and has reached a line from north of Namur to Haelen, which suggests that the first big battle will be fought some where between Louvain and Diest, where the allies will try to block the roads to Brussels and Antwerp and prevent the German attempt to make North Belgium untenantable.

Farther south French troops have entered Belgium through Charleroi, going to the relief of their neighbors and aid in any attack directed towards Namur, while in the East the French are reported to have secured possession of ridges in the Vosges mountains and to hold the passes of Le Bonhemme and Saint Marie Au Mines, through which important roads pass and which, it is asserted, gives them great strategic advantage.

The Germans are again hammering away at the Liege forts, and according to their accounts, one of the forts—Pontisse—has fallen. This, however, is denied by the Belgians, who tell of another slaughter of the invaders who, they say, attempted to rush the fortress.

Military strategists are of the opinion that the Germans are meeting with delay with which they did not count on. Every day the Belgians keep them fighting means an increase of Russian forces on their eastern frontier. They express the belief that unless Germany soon dispose of Belgium and France, she will have to choose between withdrawing a great part of her army from the west, or leaving the road to Berlin open to the forces of the Emperor of Russia.

Already hordes of Russians are reported to be marching towards Prussia on the one side, and to Austrian Galacia on the other. In the latter country they are said to be advancing towards the Stirr river, which is on the route to Lemberg.

The official news bureau of the army and admiralty has issued a warning to the public against placing the slightest reliance in the many rumors current daily regarding alleged victories or defeats, or concerning the arrival of wounded soldiers or disabled ships to Great Britain.

JAPAN WILL ENTER STRUGGLE

Japanese Navy Has Put to Sea and Will Cooperate With The British Fleet in The Pacific.

Paris, Aug. 14.—The Journal tonight states it is absolutely certain that Japan will declare war against Germany.

London, Aug. 15.—The Daily Telegram learns from a diplomatic correspondent that the Japanese government intends to carry out to the full its obligations under the Anglo-Japanese treaty. The correspondent adds that the Japanese navy has put to sea and will co-operate with the British and are taking effective action against the enemy's ships in the Pacific.

Ottawa, Aug. 14.—The Japanese at the coast are anxious to get into the fight to aid their ally, Great Britain. The Japanese Canadian Association of Vancouver, which represents the ten thousand odd citizens of the flowery kingdom, who are living in Canada, has wired Sir Robert Borden offering their services. It is understood they are willing to raise a Japanese company or several of them. The question of making use of this offer is under consideration.

HOSPITAL SHIP FUND.

The following donations to the Hospital Ship Fund are in addition to those already acknowledged :

Mrs. W. H. Philpott	$3.50
Mrs. Egdill	1.00
Randle Bros.	3.00
W. H. H. (Westholme)	2.00

ALLIED TROOPS IN BATTLE ORDER

London, Aug. 14.—The Brussels correspondent of the Exchange Telegraph says the transportation of French troops into Belgian territory is now complete, and that all the troops that had been expected are in battle order at a place fixed according to the plans of the chief of staff.

The French and British armies cover a front of more than 250 miles from the North Sea ta Switzerland. Among the several millions of men each officer and each soldier is lost. He is given over to the impressions of the moment and of the place where he is and is without news of the others and without news of the war.

WAR IN AFRICA

London, Aug. 14.—It is officially announced from Nyassaland, British Central Africa, that the government steamer Gwendolin yesterday surprised and captured the German armed steamer Von Wissonar, on the east shore of Lake Nyassa.

TELLS OF THE HORRORS OF WAR

Brussels, Aug. 14—(By Dr. E. J. Dillon, special war correspondent)—A two hours' motor ride from Belgium's capital takes one to a world of grim realities and sinister contrasts.

Over the country between St. Trond and Tirlemont but yesterday rich in corn fields and carefully tended gardens, the withering breath of war has passed. Approaching the village of Dormael, unmistakable tokens of desolation meet the view, shattered windows and domestic utensils flung among the cabbages in the gardens. The capito prattle in subdued tones; there a mother leading two or three orphaned little ones from the still smoking ruins of their homes; everywhere is the loathsome squalor of war.

Belgians who dealt with them at close quarters at Dormael declare that the Uhlans fought with the bitterness of personal fury. Many corpses have their hands raised and their elbows on a level with their shoulders. Horrible wounds were inflicted with weapons fired at a distance of a couple of inches from the mouth or breast. The Uhlans seized two million francs belonging to the National Bank of Belgium at Haselt, the bank being a private concern, this act of piracy constitutes a violation of the fifty-third article of the laws and customs of warfare put down in 1870.

Rev. Dr. McLellan, Mrs. McLellan and daughter Miss Grace were passengers from Vancouver last evening on the SS. Princess Patricia.

Belgians Repel German Attacks

London, Aug. 14, 9.50 p. m.—A despatch to the Exchange Telegraph Company from its Brussels correspondent says that Fort Pontishe and its neighborhood forts to the west of the city of Liege are resisting extremely well the fierce German attak. The Germans have been trying to rush Pontisse by main force, no longer relying upon siege artillery. They have been unable, however, to get beyond the Glacis of the fort, where they have been mowed down by the fire of the defenders.

The besiegers are provided with bundles of wood and mattresses with which to fill up the ditches about the fort, but they have been unable to make use of them. Fort Liers, which is just west of Pontisse, has lent efficacious aid to the latter fortifications.

The object of the Germans obviously is to seize the forts on the left bank of the Meuse, which in the hands of the Belgians would be terrible weapons against the invading forces should the Belgian main army march towards Liege.

On the other hand, these forts in the hands of the Germans would serve as a base for action directed against the Belgian center and for defense against the Belgian attacks.

London, Aug. 14.—A despatch from Brussels to Reuters Agency says that a battle near Eghezee, north of Namur, which occurred yesterday at Neville Taviere, on the Namur-Tirlemont railroad line, was very hotly contested.

The Germans, according to the despatch were mostly cavalrymen. They were surprised by the Belgians and sustained severe casualty. Eventually they fell back on Huy, between Namur and Liege.

The despatch adds that three German aeroplanes flying over Diest, were brought down by the Belgian artillery. Two of the aviators were killed by being dashed to the earth and the third was terribly injured.

PUBLIC WORKS ENGINEER IN CITY

Mr. Shaw of the engineering staff of the Public Works Department at Victoria, was in the city yesterday looking into complaints that have been made regarding the use which is being made of the Farmer's Landing by private launch-owners. The landing was built for the use and convenience of farmers from the Islands bringing their produce into town. Lately so many private launches have been tied up to the landing that the bona-fide settler was unable to use it. Mr. Shaw is investigating the matter and it is likely that as a result of his visit drastic measures will be issued by his department.

BRITISH STEAMER CHASED

Havana, Aug. 14—The British vessel Salt, with a load of provisions, entered Guantanamo Bay this evening. Her captain reported that his vessel had been chased by the cruiser Kralsruhe, which is now believed to be cruising off Guantanamo.

HERALDGRAMS

Regina, Sask., Aug. 14 — Regina's tax rate was lowered to thirteen mills today. Civic officials who draw $3,000 a year or over will have their salaries cut twenty per cent., and those under $3,000 fifteen per cent.

Portland, Ore., Aug. 14—Mrs. Johanna Dawson, who has been held in jail as a material witness since her husband died of poisoning July 15, was released today, when the grand jury returned a report exonerating her.

Amsterdam, Aug. 14—Two German naval aviation officers were arrested and disarmed today on the Dutch island of Schiermonnikoog, off the coast of Friesland.

Sydney, N. S. W., Aug. 14 —Local Syrians have indicated their wholehearted support of Britain in the war against Germany and Austria-Hungary by enlisting in British regiments, some of them destined to go to the front.

Sydney, Aug. 14—The North German Lloyd liner Roon, overdue at Treemantle, is reported as having reached Java. Her passengers are being transferred and will come to Sydney on a Dutch steamer.

Montreal, Aug. 14—There are now sixty-six nurses and 21 doctors who have volunteered in this city for service at the front, and all of their names have been forwarded to Ottawa for approval.

Oetawa, Ont., Aug. 15—As a result of the war it is considered certain in official circles in Ottawa that Prince Alexander of Teck will not come to Canada at the time expected this Fall, and that the Duke of Connaught's term will be extended.

Philadelphia, Pa., Aug. 14 — Half a million bushels of flour, hundreds of cases of canned vegetables, shovels and medical supplies are included in the cargos of three trans-Atlantic liners which are scheduled to sail from this port tomorrow for English ports.

London, Aug. 14—The Bank of England again today discounted heavily bills of all classes and all dates, at five per cent and upwards. The joint stock banks loaned and discounted lightly on yesterday's terms. Large sums were disbursed in accumulated dividends and floating supplies were thus included.

Willemstadt, Curacao, Aug. 14. — The German cruiser Karlsruhe entered port here today and later was followed by a German merchantman which had lain at anchor outside and at first was believed to be a transport.

London, Aug. 15 (1 a.m.)—A despatch to Reuters Agency from Paris says that the twenty-year-old son of the Russian ambassador, being unable to return to Russia has enlisted in a French regiment on the eastern frontier.

Rome, Aug. 15 (2:15 a.m.)—Serious troubles in Albania are causing anxiety. Insurgents are threatening Durazzo and Valonna.

Paris, Aug. 14—Camille Blanc, the race horse owner, has sold his whole stable for army remounts. The rate of 1,000 francs ($200) a piece was the maximum price allowed. One horse was valued at fifty thousand francs.

Geneva, Aug. 15.—Mme. Favre Schwarz, of Basel, a young and beautiful Swiss lady married to one of the richest men in Lorraine, was shot today after a court martial. She was accused of attempting to blow up an important tunnel on the railway line near Leopoldsthall.

Paris, Aug. 14.—Advices received here say the German cruisers Goeben and Breslau are still anchored in the Dardanelles. The Turks are said to be supplying them with coal, and Turkish torpedo boats to be scouting and reporting the results of their movements to the German commanders.

New York, Aug. 14.—Thirty-five German stokers of the crew of the United Fruit steamer Zacapa, which reached here today from Columbia, Colon and Kingston, are prisoners of war at Kingston instead of being on their way to Germany as reservists because of Captain Lowell's refusal to obey the command of the German consul at Colon and send the stokers ashore.

The members of the Nanaimo Militia Unit who intend taking part in today's rifle practice are requested ta meet at 698 Franklyn street at 3:30 to receive rifles and ammunition.

CRUISER LEIPZIG IS NOT COMING

San Francisco, Aug. 14.—After a northerly cruise to the Mendocino coast, the German cruiser Leipzig has turned, according to information received tonight and is cruising slowly towards this port, which she can enter should the immediate replenishment of her coal bunkers become necessary.

At 1.20 p. m. today the Leipzig was reported sighted off Point Reyes by a weather bureau lookout, but it is thought that the war vessel has turned out to sea as the lookout at Point Lobos has not sighted her up to a late hour.

AEROPLANE DESTROYED

London, Aug. 14.—A despatch from St. Petersburg says a message has been received there from Vienna stating that a German aeroplane, which was making observations of the military movement in the Polish government of Swaki, was fired upon and brought down with a crash. Its occupants, four German officers, were killed according to the despatch.

FUNERAL OF LATE JAMES BERRY

The funeral of the late James Berry, who was accidentally killed at the Reserve Mine of the W. F. Co. on Tuesday morning last, took place yesterday afternoon from the residence of Mr. Hugh Mason, Nicol St. services being conducted at St. Paul's Church and the graveside by Rev. W. E. Cockshott. The funeral was held under the auspices of the local lodge I. O. O. F. and Knights of Fythias, the pall bearers being Messrs. Cavalsky, Murray, Cheatman West, Shaw and Houston.

The following floral tributes are acknowledged:

Globes and Wreaths—Mr. and Mrs. J. Mason, Mr. and Mrs. T. Mason Mr. and Mrs. H. Bennett, Mr. and Mrs. J. Mason, jr., Mr. and Mrs. H. Mason, Mr. and Mrs. J. Pausche, Family, Geo. S. Pearson & Co., Mr. and Mrs. W. Roper, Mr. and Mrs. A. Bennett, Mr. and Mrs. George Wilkinson, Mr. and Mrs. Thomas Green.

Sprays—Mr. and Mrs. Jas. Bell, Mr. and Mrs. Fred Buxton, Mr. and Mrs. W. Stubbart, Mr. and Mrs. Thomas Bennett, Mrs. E. Stevens, Mr. and Mrs. T. Jones, Mr. and Mrs. W. Atkinson, Mr. and Mrs. Murray, Friend, Mrs. Litzler, Misses Annie and Ruth Derbyshire.

MADE BIG CAPTURE SINGLE HANDED

London, Aug. 15 (3:15 a.m.) — A despatch to the Morning Post tells of the capture of three hundred German Uhlans single-handed by an Alsatian locomotive driver. He was moving a train carrying Uhlans to the frontier and purposely diverting it to another track, ran the cars full speed into France. He stopped at the first French station and handed over the whole trainload of Germans with their horses and equipment to the French soldiers.

NAVY STOKERS WANTED.

Ottawa, Aug. 14.—All ex-naval stokers are urgently requested to telegraph names and addresses, charges collect to the department of naval service Ottawa if willing to report for special coaling duty at Halifax N. S.

THE GERMAN ARMY

There are no exact figures obtainable of the German army. From an English exchange we learn that the approximate total war strength is 4,350,000 men. This includes the field army and its reserve formations, the landwehr (1,800,000) and the trained men of the landsturm (800,000). This total does not exhaust the number of men who may be called on now that the war has begun. Some authorities place this second total as high as nine millions. However, according to the exchange we are quoting from, the first line, composed of highly trained men in the first vigor of youth, would not exceed 1,500,000. The regular fighting force consists of 651 battalions of infantry, 555 squadrons of cavalry, 633 batteries of field artillery, 226 batteries of heavy and fortress artillery, and 46 pioneer battalions. The exact number of men at present in the field and their disposition in the theatre of war, are matters of pure conjecture. We know that there is an army in Alsace, and no doubt there is another large force guarding the Russian frontier. But the bulk of the Germans are converging on the French frontier through Belgium and Luxemburg, and some estimates place the number of this force at not less than 1,500,000. This is an approximate description of the huge fighting machine with which the Kaiser is challenging European civilization, and which presumably he has created for this very purpose. The Emperor believes, apparently, that it is strong enough to secure German domination, and establish the world reign of German militarism. Arrayed against him are all the forces in Europe that stand for peace and justice and progress in liberty and civilization.

THE WAR SITUATION.

If any big engagement has taken place on the French frontier no news of it has been given out. There is still an unbroken silence from the North Sea, and so far as Europe is concerned we may conclude that either nothing of moment has occurred, or the authorities do not consider the time opportune to make an announcement. So far as we are permitted to know the situation remains unchanged. At home some excitement was caused by the news that the German cruisers Leipzig and Nurnberg were steaming northwards from San Francisco at the rate of twenty knots an hour, their objective presumably being a British Columbia port. That the news came from San Francisco discredits it to a very large extent, and at least the cruisers had not been reported in the Straits at the time of writing. The most important development of the last twenty-four hours is the announcement that Japan is to declare war on Germany, and that its fleet has already left for the high seas with the object of clearing the Pacific of German ships of war. Whether or not this action on the part of Japan will materially affect the war situation in Europe remains to be seen. It had not been shown that the British and French fleets required any assistance to sweep the Pacific Ocean clear of German warships. Rather the contrary is indicated in the despatches received from the Far East. The gross result of Japan's action will therefore be to pile insuperable odds against Germany and Austria on the sea, and render their naval position even more hopeless than it already was.

TURKEY'S NAVAL DEAL.

It begins to appear that the adventures of the German cruisers Goeben and Breslau are far from finished. These two first-class fighting ships were lying in a Sicilian port when Italy declared its neutrality. They immediately left, and eluding the British and French warships which were on the look out for them steamed into the Dardanelles. This was taken to mean that they were out of commission. However, news came later that the two ships had been sold to Turkey. A Rome despatch last night not only confirmed this story, but added the information that the greater part of the officers and crew had been retained for purposes of instruction. If this intelligence is correct, Great Britain and her allies will be compelled to take action against Turkey. According to the law of nations a warship that seeks the protection of a neutral port for a longer period than twenty-four hours must be dismantled and remain interned during the rest of the war. In other words the vessels are practically lost to the power owning them. In this case Germany is receiving a cash equivalent for two boats which international law declares were lost to her. A heavy war loss is thus compensated by a big cash subsidy. There is the further probability that Turkey itself may yet be involved in the war. It has already mobilized its forces, and any day may join Bulgaria in an attack on Servia, Greece and Montenegro. The advantage the possession of two such cruisers as the Goeben and Breslau would be to Turkey in such a contingency as this will be readily realized. The transaction is one which Britain and her allies might very reasonably have objected to, and in view of this latter possibility it is very unlikely that they will permit it. Turkey would have done better to keep out of such a deal.

"Bobs" is again on deck. The King has appointed him Colonel-in-chief of all the Overseas Dominion forces which may be sent to England. No doubt the men from overseas will appreciate such a signal honor.

The Vancouver Sunset hands out some very pointed advice on the general situation arising out of the war. "The British Empire is at war," it says, "and Canada is at war. What of it? There are only two things for a man to do—go to war or stay at home. Either way he may serve a useful and even noble purpose. It is the man who remains at home who must provide the munitions of war, and who must keep the country on an even keel." He can only do this by going about his ordinary business in his ordinary way.

The San Francisco newspapermen who has been spinning such rousing yarns of the sea, has succeeded in getting his paper in wrong with the American naval authorities. The "Examiner" has been notified that in taking a tug out to the Leipzig, and furnishing newspapers to its officers and crew, it violated the President's proclamation of neutrality. This means there will be no more diverting tales of the sea.

DONATIONS TO THE HOSPITAL SHIP

We, the I. O. D. E. thank the public and the Girl Guides for their patriotic and hearty support in the collection raised this week for the Hospital Ship Fund, also Mr. Pawlett and Mrs. (Dr.) Davis of Victoria for their services in connection with the concert Thursday evening.

So far the sum of $838.10 has been raised, but donations are still coming in. Anyone wishing to subscribe might leave their subscriptions at the offices of The Herald or of the Free Press.

AUSTRIA BLAMES BRITAIN FOR WAR

London, Aug. 14—The Exchange Telegraph Company's correspondent sends the outline of an official announcement from Vienna to Rome, notifying the Italian government of Great Britain's declaration of war on Austria. The note says:

"Austria has declared war against Servia, an independent state, and for a cause which did not affect international politics and could not be considered as the cause for the present European war.

"Great Britain's note to Austria," the statement continues, "fails to point out the fact that Austria was obliged to declare war against Russia because Russia's mobilization threatened Austria. It is denied that Austria sent troops to the frontier, a fact," the statement says, "which France already knew from the Austrian ambassador."

"It is evident," the note says in conclusion, "that Great Britain's alleged reasons for declaring war not only are arbitratory alterations of facts, but dliberate lies. England has thus lightly broken her traditional friendship with Austria in order to support France, but, nevertheless she will not find Austria unprepared."

ROYAL YEAST MAKES PERFECT BREAD

WAR CONDITIONS IN MONTREAL

Montreal, Aug. 14.—One man was shot dead and another is in the General Hospital suffering from a rifle wound, the outcome of a misunderstanding between the dead man and a sentry at the Craig street armory about five o'clock this afternoon, and indicates that war conditions prevailing earnest in Montreal. The dead man, Antoine Notter, a French reservist, arrived in the city this morning from Cape Breton. He was having his photograph taken by an itinerant photographer on the street close to the Craig street armory and was waiting for it to be finished when ordered away by Sergeant Hooten of the Garrison artillery. Notter either did not understand the order or was perverse and would not obey it. It is said he could not speak English. The Sergeant attempted to expedite his order by shoving the stranger away with his rifle, which was clasped between his extended hands, whereupon the stranger displayed anger at such treatment. Then the sergeant, it is said, put his rifle to his shoulder and fired without further parley. The bullet entered Notter's groin, passing out through his body. He was being hurried to the hospital when he died.

The man wounded in the fracas is Theodore Corbeil, a cigar maker, who was standing by. It is said the bullet which went through Notter's body is the bullet which caused Corbeil's wound, and a peculiar feature that Corbeil was hit in the groin also. He is in the hospital, but his wound is not regarded as serious.

PANAMA CANAL OPENS TODAY

Panama, Aug. 14—The Canal was the scene of activity tonight in preparation for its opening tomorrow. On board the steamship Ancon officers and men were busy setting everything in shape for her start early in the morning on the first voyage of a big ocean going steamship through the new highway, the Ancon, 10,000 tons register, owned by the United States war department and leased to the Panama railroad for the initial trip.

PERTINENT QUERIES ANSWERED

By J. H. WARDILL

Crescent Bicycle Works

If Nanaimo doesn't want Motor Buses, what is the answer? Get a Bicycle.

WHY? Because it beats the Bus and lands you at your own door, wherever you live.

?—Because what it might have cost in bus fares will soon buy your Bicycle.

?—Because it will quickly earn its cost in time saved to and from your work or business appointments.

?—Because it saves its cost in the healthy exercise ensured by pleasant spins over the splendid roads of Nanaimo vicinity.

?—Because it eats nothing, requires no attention, no gasoline no garage or stable room.

?—Because it is the most useful, economical and pleasant means of locomotion the age of invention has produced.

?—Because there are lots of other answers and they are all correct. Think them over, you will ask yourself "Why did I not get a Bicycle before?"

?—Because probably you thought they cost too much. This does not apply at present.

?—Because we luckily secured a shipment of Standard English made machines thrown on the Vancouver market by failure to meet payments. Only a few left at $30.00 CASH.

This is about one-third the price of same machine a few years ago, and lower than ever offered in Nanaimo before. Secure one quickly at

BEAUTIFUL HAIR--A CLEAN, COOL SCALP

Use Parisian Sage. It Makes the Hair Soft, Wavy, Abundant —Cleanses and Invigorates the Scalp.

If your hair is anything short of perfect; if it is losing color, too dry, brittle, thin, or if the scalp burns and itches, immediately begin the use of Parisian Sage. The first application removes dandruff, cools and invigorates the scalp, and beautifies the hair until it is gloriously radiant.

Parisian Sage supplies hair needs and does not injure either the hair or scalp. It contains the exact elements needed to make the hair soft, wavy, glossy, and to make it grow thick and beautiful. It is delicately perfumed—not sticky or greasy. Sold in fifty cent bottles only at all drug and toilet counters.

Parisian Sage acts instantly—one application stops the head from itching and freshens up the hair. Use it daily for a week and you will be surprised and delighted. Parisian Sage is one of the quickest-acting hair tonics known. Everyone needs it.

MONEY IN HELMET.

Brussels, Aug. 14.—Prince William of Lippe, who fell at Liege, is reported to have had in his helmet 10,000 marks in German bank notes.

GERMANS WERE FOOLED.

Brussels, Aug. 14—The Belgians are repeating with great gusto the story to the effect that when a member of the diplomatic corps at Brussels expressed surprise that the German minister had not left the Belgian capital promptly after the declaration of war, the minister replied:

"It is not worth while, tomorrow the Germans will be here."

The Belgians have pointed out that ten days have elapsed since the alleged conversation took place.

MINERAL ACT.
(Form F.)
Certificate of Improvements.
NOTICE

Gillis, Dolphin and Iron Pirate mineral claims, situated in the Nanaimo Mining Division of the Coast (Range two) district.

Where located—On the south side of Seymour Inlet, about four miles from its head.

TAKE NOTICE that Dalby B. Morkill, British Columbia land surveyor, of Vancouver, B. C., acting as agent for Colin F. Jackson, Free Miner's Certificate No 81258B, intends sixty days from the date hereof to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action under 85, must be commenced before the issuance of such certificate of improvements.

Dated this sixth day of July, 1914. 133—60 dys.

E. & N. Ry.

Effective On and After August 6th, 1914

Trains will leave Nanaimo as follows

Victoria and points south daily at 8:30 and 14.35.

A basketball club under the auspices of the Wallace St. Epworth League was organized on Thursday evening, the following officers being elected: Pres. Rev. F. W. Hardy; Vice. Pres. W- Corlett; Sec.-Treas. A. Hitchin. Thursday was selected as practice night when all intending players are requested to meet at 6:30. Matches are being arranged which will be announced in the near future.

TRADE NOT AFFECTED.

Ottawa, Aug. 14.—Selections will not be greatly affected during the Fall trade by the war in Europe, according to leaders in the shopping district. Imports in many lines had already been received and were on the sea at the time of the declaration of war.

FOURTH SHAMROCK LEFT BERMUDA.

New York, Aug. 14 — Sir Thomas Lipton's challenger, Shamrock IV., with which he expected, prior to the declaration of war between Germany and England, to race for the America's cup this fall, left Bermuda at noon yesterday on the last leg of her trans-Atlantic voyage. She is expected to arrive here Sunday.

Advices announcing Shamrock's IV.'s departure were received today by the company which will place her in trim for racing. As soon as she reached port it was said she will be placed in drydock, her racing masts will be erected, her hull scraped and all other work necessary to get her in racing trim will be hurried.

TRAINING THE TURKS.

Rome, Aug. 14, via Paris.—Advices received here from Constantinople are to the effect that the officers and crew of the German cruisers Goeben and Breslau disembarked apparently with the object of returning home, but that in reality only the unessential men were replaced by Turkey. All the German officers, engineers, mechanics and sailors, it is said, remain aboard the two cruisers for the purpose of training the Turks.

RECEIVE FULL PAY.

Ottawa, Ont., Aug. 13—The order-in-council has been passed providing that members of the civil service who accompany the Canadian expeditionary force across the Atlantic shall receive full pay during their absence. It is pointed out, however, that considering the needs of the several departments in order to efficiently carry on the public service, it will not be possible to grant all applications for leave of absence.

AUSTRALIANS TAKE TENNIS DOUBLES

Forest Hill, N. Y., Aug. 14.—In a doubles match that ran from sensational to mediocre tennis, Norman E. Brookes and Anthony F. Wilding defeated Maurice McLoughlin and T. C. Bundy, in straight sets, 6-3, 8-6, 9-7 here this afternoon, putting the Australians in the lead for the Davis Cup two matches two to one.

The final contests for the trophy will be played tomorrow and to retain possession of the cup McLoughlin must defeat Wilding and Williams must defeat Brookes in the singles, a feat which experts predict is most unlikely.

The Australian victory was well-earned and without a flaw. The team work of the visitors was that of master racquet wielders who thoroughly understand each other's play and tactics, both at net and on the deep court.

STEAMERS HELD UP.

Honolulu, Aug. 14.—The Union Steamship Company's liner Marama from Australia for Vancouver, arrived here today, two days late. She had made a wide detour, with her lights out, and her port holds shrouded. By order of the British admiralty, she will remain here until further notice. The Niagara, of the same line bound in the opposite direction, also was held by the admiralty.

TO LOOK AFTER CANADA'S VOLUNTEERS

London, Aug. 14.—A crowded meeting of Canadians, both permanently and temporarily resident here, was held today under the presidency of Hon. George H. Perley, acting high commissioner of Canada, in the Canadian room at Westminster, where fifty years ago the Canadian Confederation was concummated. The object of today's meeting was to form an organization to attend to the comforts of the Canadians who will serve in Europe. Nearly every Canadian now in London attempted to get in the meeting room which would hardly have been large enough had it been double its size.

The speeches were brief and eminently practical, and the business was despatched with the keenest efficiency.

German Army in Alsace is in Retreat

Japan Sends Ultimatum to German Government

Equipment Received By The Local Militia

As it will be remembered nearly a year ago a movement was started in this city towards the formation of a regiment of citizen soldiers, and during September, October and November regular drills were held, Sergt. Major Fred Curtis, of Vancouver, very generously taking up the work of instructor, also running classes for non-commissioned officers until he was called away to Vancouver. The movement has ever since been kept alive by the militia club with headquarters in the Board of Trade rooms at the City Hall. Only a week ago a telegram was received by Capt. Carpenter from Ottawa conveying the information that the formation of a corps was authorized, when lists were opened, and quite a number of men have enrolled themselves to serve for three years. Yesterday the men were pleased to learn that the equipment, consisting of uniforms, rifles, belts, shirts, etc., had arrived. On Tuesday evening between 7 and 8 o'clock the lists will be open, and a parade held at Connaught Barracks.

This is a chance for Nanaimo men to identify themselves with a movement which is very popular in every city of the Empire, and which gives a young man a training which is a lasting benefit through life.

Some people ask what chances will Nanaimo men have to see service at the front in the war with Germany? The chances appear to be rather slim however, when contingents are made up, every member of a regiment has the opportunity to volunteer for foreign service and provided he has the proper measurements his application is considered and may possibly be accepted, but a comparative few of the many applicants secure places on the contingent.

The many members of the local militia club who are now training at Victoria, joined the 88th Fusiliers with the understanding that they may transfer to their home regiment at Nanaimo which at that time was not authorized.

That the local corps will have a good start, is assured. A band of some fifteen pieces will shortly take up their work. A number of buglers and drummers are needed, boys who have learned the bugle or who wish to, will apply to Capt. Carpenter. A rifle shoot was held by the recruits yesterday on Wakesiah range.

Panama Canal is Open to the World

Panama, Aug. 15—The Panama Canal is open to the commerce of the world. Henceforth ships may pass to and fro through the great waterway which establishes a new ocean highway for trade.

The steamship Ancon, owned by the United States War Department, with many notable people on board, made the official passage today which signalized the opening of the canal. She left Cristobal at seven o'clock this morning and reached Balboa on the Pacific end at four o'clock this afternoon, having navigated the waterway in 9 hours.

The Ancon did not anchor at Balboa but proceeded into deep water in the Pacific, where she anchored in the channel of the canal until her return to Balboa when she landed her passengers.

The Ancon will remain at the Balboa docks for some time discharging her cargo, this being the first commercial voyage through the canal.

The canal having been officially opened, it will be used tomorrow for the transfer of four cargo ships which will thus shorten their routes. The private yacht Lasata, owned in Los Angeles, will be transferred to the Pacific, homeward bound.

The trip of the Ancon was the fastest yet made by a large steamer the locking operations being quicker owing to greater experience. The steamer went through Gatum lock in seventy minutes, a record never before equalled.

Colonel Goethals, governor of the canal watched the operations closely and was manifestly pleased at the improved handling of the locks. He declared that even this would be made much better with time. Captain Hugh Rodman, superintendent of transportation, who directed the trip voiced similar sentiments.

Servian Armies Are Invading Austria

London, Aug. 15 — Communication with the armies has virtually come to an end, and the commanders in Belgium and along the Franco-German frontier are preparing for a trial of strength which promises to develop into the greatest battle in history.

It is known that the Germans are attempting to swing their right wing towards Brussels and Antwerp, with what success nobody outside of the field of operations knows. The same applies to the attack on the Liege forts, one of which, Pontisse, is essential to German success, as it is near to the bridge over the Meuse which the invaders are using to bring troops into Belgium.

Silence envelopes the operations in other parts of the little country which is playing such a big part in the war. On the Alsatian frontier the French claim another victory in the capture of the Saales pass in the Vosges mountains. Here the French official report says, the Germans again lost heavily by their tactics of close formation, to which, from all accounts they are still adhering.

Two other small countries, Servia and Montenegro, are playing important roles, for, if accounts can be believed, they are not only offering strong resistence to Austria, but have actually invaded Herzegoviba, where they are certain to be assisted by the friendly population. This will divert some of the Austrian forces from the French and Russian borders.

Russians are appearing in greater strength in Eastern Prussia and Austrian Galacia and are busy destroying railways and otherwise hampering the movements of German and Austrian troops.

Germany and Austria are maintaining silence regarding the movements of their troops, so there is really only one side of the picture given.

Aeroplanes are being used everywhere to ascertain the positions of the opposing armies and according to reports are doing splendid service in striking comparison to the feeble attempts of their predecessors, captive balloons.

No definite statement has been given with regard to the attitude of Japan, but Italy is maintaining a strict neutrality.

GERMAN STEAMER CAPTURED

Boston, Mass., Aug. 15—The capture off Gibralter on August 6, of the new German steamer Scheafels, from Calcutta to this port with a cargo valued at one million dollars, was announced today by A.C. Lombard and Sons, local agents of the Hansa line, owners of the steamer. No details of the capture are given.

NEUTRALITY OF U. S. INFRINGED

San Francisco, Aug. 15—A launch bearing a representative of the German consulate and two officers of German freighters was stopped today by a tug sent out by Collector of the port, J. O. Davis, as the launch was making out to sea in search for the German cruiser Leipzig. When told that the United States considered such an act an infringement of this country's neutrality, the consular representative turned back with out protest.

RUSSIAN CZAR APPEALS TO JEWS

London, Aug. 16 (2:30 a.m.) — A Copenhagen despatch to the Reuter Telegram Company says:

"Copies of several German newspapers have reached here. The Berlin Morgen Post for Thursday reproduces the Austrian commander-in-chief's proclamation to the Poles, calling upon them to join the Austrian-Germanic army, as Austria brings them freedom from Muscovite rule.

"The Frenkfurter Zietunge says that the Russian Emperor has issued a manifesto addressed to 'my beloved Jews' in Russian and Yiddish reminding the Jews of the benefits they have received from Russia and from the House of Romanoff in particular.

"In return the Jews are promised permission to live in districts hitherto forbidden them. The newspaper comments:

"The Jews are somewhat backward in responding to this invitation."

"The Berlin Tageblatt reproduces a letter from Konigsberg telling of disaffection among the Cossacks, who declared that they did not wish for war and did not want to fight against the Germans and Austrians. The same paper gives the number of French prisoners at Muhlhausen at 15,000.

"The Tagelische Rundschaub prints a statement declaring that Germany's financial condition is satisfactory."

TURKEY ACTS IN ARBITRARY MANNER

London, Aug. 16 (1.30 a.m.)—The Mitylene correspondent of the Reuter Agency who has just returned to his post after spending five days in the Dardenelles aboard the Italian steamer Roma which the Turks are detaining in hopes of inducing her officers to surrender her cargo of flour, sends the following despatch:

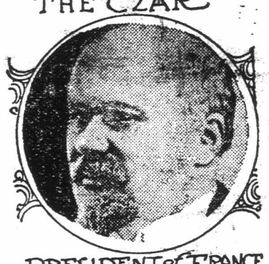
"I transferred to a small American vessel which left yesterday and arrived here this (Friday) morning. The German cruisers Goeben and Breslau, after escaping the British fleet, entered the Dardenelles Monday night. German officers from the cruisers boarded several ships the next morning and gave peremptory orders that they should not move. The Germans smashed the wireless installation on the French liner Saghalien which had aboard six hundred reservists. Turkish officers visited the cruiser. I saw them through glasses fraternizing with the Germans.

"The Goeben proceeded eastward Tuesday. A rumor was circulated that she had been purchased by the the Turkish government and that she was seen in the Sea of Marmora Thursday flying the German flag. The Breslau also flying the German flag was still in the Dardenelles on Thursday. According to reliable information the Porte apologized to the Powers for the arbitrary proceedings but no explanation was forthcoming as to why the cruisers were flying the German flag.

"The Turks are acting most arbitrarily in the Dardenelles, detaining for days vessels belonging to the countries of the Triple Entente and Constantinople.

Italian vessels without explanation. A strict military censorship exists at

JAPAN WANTS KIAU CHAU.



Tokio, Aug. 16 (2:30) p. m. Japan has sent an ultimatum to Germany demanding that she withdraw her warships and evacuate Kiau Chau. Unless Germany unconditionally accepts by August 23, Japan will take action.

THE KAISER

THE CZAR

PRESIDENT of FRANCE

EMPEROR of AUSTRIA

VAN HORST IS NOT TO HANG

New Westminster, Aug. 15.—Frank Van Horst, under sentence of death at the provincial jail here will not hang on Wednesday morning, word having been received from Ottawa this morning that the minister of justice had commuted the sentence to life imprisonment. Van Horst was found guilty in Vancouver some months ago of murdering a Japanese fisherman in the Gulf of Georgia, the most incriminating evidence against him being the confession of a man named Lester, who died shortly after.

Van Horst has been trying to secure a new trial ever since he was sentenced and when advised today of the clemency shown him, expressed his disappointment that he was not to have a new trial. He said he would just as soon hang as spend all his life in prison.

QUEEN PRACTISES ECONOMY.

London, Aug. 16, 2.40 a. m.—An Amsterdam despatch to the Daily Chronicle, says that Queen Wilhelmina has decided to institute more economic regulations at the Dutch court, so that there may be larger funds available for relief work. The usual Royal visits to Amsterdam and other places have been abandoned and the court functions of the coming autumn have been abandoned.

GERMAN WOUNDED REACH MOSCOW

London, Aug. 16 (1.10 a.m.— German wounded are beginning to arrive at Moscow, says a Reuter despatch from St. Petersburg and they are being well cared for. Several members of the Tolstoi family, including Tolstoi's widow have offered their services to the government for red cross and other work.

The Austrian and German consuls have left Riga.

The semi-official communication is published denying the charges that Russians have sacked the Armenian districts bordering on Russia and that the Russians have massacred many Musselmen.

SIGHTED DEBRIS OF THE ALGERINE

Seattle, Wn., Aug. 15.—The captain of the British freight steamer Riverforth which arrived here today from Fortland, reported that last Thursday, while near La Push, north of Grays Harbor, he sighted large quantities of wreckage, including lifeboats, tables, doors, etc. He picked up some of the wreckage and found it marked "H. M. S. Algerine" and supposed the ship had been wrecked. Later in the anchorage off the Indian village, he sighted the Algerine, and hove to at the request of the warship The Algerine's captain said he was almost out of fuel, and had stopped and cleared for action by heaving all his woodwork overboard.

THE COMING BATTLE

Paris, Aug. 15—The conditions under which the great battle between the Germans and the allied forces probably will be fought, are made the subject of an official communication issued by the French minister of war this afternoon. By its development and the nature of the ground on which the battle will be waged, the communication says, this vast engagement will differ profoundly from the battles of other times.

ROSSLAND HAS A DOUBLE TRAGEDY

Rossland, Aug. 15.—Shortly after six o'clock tonight Louis Bianchi, an Italian grocer here, was shot twice through the back by an unknown assailant. He died ten minutes later. He leaves a widow and five children. The assailant made his escape.

Ten minutes after this tragedy, a block away fire broke out in the Collins building, Washington street, which was completely destroyed. The firemen and citizens fought the flames for an hour and a half to save the block of closely built frame structures. The Hoffman building was partly destroyed.

A POPULAR WAR.

London, Aug. 15, 8.50 p. m.— The correspondent of the Exchange Telegraph Company in Rome says a message from Berlin asserts that Germany has sent to France and Belgium, through neutral powers a note stating that reports received from the German army leave no doubt that France and Belgium have organized a popular war against Germany in which private citizens, not wearing uniforms, are firing upon German troops.

GERMANY MASSING TROOPS.

London, Aug. 16 (3.10 a.m.) — The Brussels correspondent of the Weekly Despatch, writing under the date of Saturday morning says:

"It seems as if hostilities after yesterday's calm may start soon in the neighborhood of Diest, Belgium. The Germans are said to be massing troops in that direction as much of the infantry is being brought up. The Belgians at Diest and Haelen have enjoyed the advantage of fighting on lines of their choice.

Germans Checked All Along The Line

London, Aug. 16, 6 a. m.—A Reuter despatch from Paris announces that it is stated officially that the offensive movement which was begun last night in great force along the line from Saarbourg on the Franco-German frontier to Luneville in the department of Meurthe-et-Moselle has been continued today.

London, Aug. 16, 3.50 a. m.—A Reuter despatch from Diest timed 8 p.m. Saturday, says:

"The night passed quietly here without attack. It is said that the Germans are advancing in the direction of Aerschot, to the west of Diest where an engagement has occurred at Landen and that the Germans were driven back.

"A German aviator flew over Tirlemont in the direction of Diest at noon today. A shell brought him down."

London, Aug. 15.—The Paris Temps according to a Reuter despatch thus summarizes the military situation:

"The German forces stretch from Liege to the Muelhausen district, with marked density north.. Their front seems to follow the course of the Ourthe river, then the frontier, which crossed at Longwy and Circy. A large part of this front has been brilliantly carried by the French, and the German columns are now falling back, they left behind many dead and wounded, in addition to prisoners.

In upper Vosges, the French troops also continue to make progress and the Germans are retreating."

"Brussels is very quiet during the proximity of the war. There was a steady flow of wounded and prisoners and there are other signs of combat such as motor cars with bullet marks over them which are drawn up outside the cafes.

"The Germans pursue regular tactics with their aeroplanes. Six leave Cologne daily. Three go to reconnoiter points of attack with the Belgians in the field. The other three make a methodical circle over the towns and the rear of the troops. They are very regular and can almost be timed.

"It is very difficult for airmen to distinguish the presence of troops on the tree-lined roads, but one Belgian airman brought news to his commanders of German dispositions two and a half hours before fighting began and it was possible to dispose the troops accordingly."

Paris, Aug. 16 (4.15 a.m.)—An official communication issued this afternoon by the French minister of

(Continued on Page 4)

French Advance In Upper Alsace

Paris, Aug. 15, 11.35 p. m.—Official despatches announce that the French offensive movement began in great force along the line from Sarrebourg on the Franco-German frontier to Luneville in the department of Meurthe-Et-Moselle last evening. It continued throughout the night will full success and this morning a German standard was captured.

The French continue to advance to the upper Vosges, the Germans giving way before them.

"In Upper Alsace we have re-taken Thann.

"Prisoners affirm that General Von Dielming, commanding the 15th army corps at Thann was wounded. At St. Blaise, in the valley of Bruche, a German flag was taken."

"By reason of the abandonment of the attack which the Germans planned against Nancy," says the communication, "our concentration has been carried out with regularity and in its entirety, and thus the whole of the French army will battle with the whole of the German forces, with the exception of both German troops concentrated on the eastern frontier of the Empire.

"The violation of the neutrality of Belgium has extended the Belgian and French lines to the frontier of Holland. The next battle, therefore, will be from Baslene Maastricht with several millions of men on each side.

"It is this enormous extension of effectiveness and of front which will characterize the battle and it will be profoundly different from all other battles.

"When two adversaries engage in battle along a front of from 20 to 30 kilometers (13 to 20 miles), the engagement is characterized by two features—it is rapid and immediately decisive. With a front extending over 400 kilometers (266 miles) it is not likely to be the same.

"It would appear impossible, from all the evidence, that one of the adversaries would be able to gain decisive advantage upon this front of 400 kilometers. The operations along so great a line would have varying fortunes. We will have an advantage at one or several points, the Germans will have an advantage at other points and the line of battle will continue to be modified until one of the adversaries succeed by co-organization of movement.

"These observations has for the object the preparation of the public for a battle in a new form and without precedent in history."

Fifteen Killed in Fight with Bandits

Williamson, W. Va., Aug. 15.—After surrounding the five bandits who yesterday killed three guards and stole $15,000 payroll of the Glen Alum Mines, the posses of deputies and mine employees ran into each other in the darkness and killed six of their own men, according to reports tonight.

Judge Damron reported that two of the bandits were killed by the pursuing posses, but three probably escaped.

The mortalities thus far number about 15, including the three men slain when the payroll was stolen, two deputy sheriffs killed today when the bandits ambushed the posses, two robbers killed today when they were surrounded and the six pursuers killed when the posses became disorganized in the darkness and fired into its own ranks.

The posse will remain at Wareagle until morning then try to run down the two bandits there. A posse has been formed to search for Prater at Glen Alum.

TRANSPORTS ENGAGED

Sydney, N. S. W., Aug. 15 — The Australian and New Zealand governments have engaged eight transports for service in connection with the war.

Robert Sword, well known in Nanaimo, was arrested Friday in Victoria by Detectives Murray and McDonald on a warrant charging him with having forged a document—a receipt for $37—having signed it in the name of A. M. Gillis.

A PROBLEM IN NUMBERS.

There are various estimates of the size of the hostile armies now massed against each other on the Belgian and French frontiers. The most conservative of these place the combined strength of the two armies at two millions, while others put it as high as three and a half millions. These are stupendous figures, something the world has never before seen or had experience of. It has yet to be shown whether or not such immense masses of men can be effectively handled and controlled. The line of front stretches for hundreds of miles, and concentration applied to such multitudes can only bear a relative meaning. Experience has yet to show whether a conflict between two such contending forces increases or minimises the chances of disaster. No single commander can direct such huge armies and the means of communication will have to be unusually perfected to enable him to keep in touch with all that is going on. The task alone of maintaining such an army in the field is too stupendous to realize. Apart from the initial difficulty of transportation think of the work involved in the victualling and sheltering of one to two millions of men, and the army of non-combatants it will call for. It may be possible to organize a system to cope with such a situation but if ever it breaks down disaster is the inevitable result.

THE FRENCH ARMY.

The French army is very little inferior to that of Germany in point of numbers. The first line effective on a war footing totals 2,500,000 and there are two millions more who could be placed in the field. All these men have had military training, so that soldier for soldier France and Germany are very near equally matched. The active army consists of 535 battalions of infantry, 31 battalions of chasseurs, 12 battalions of the Foreign Legion, 24 battalions of Zouaves, 24 battalions of Algerian tirailleurs, 5 battalions of African light infantry, 91 regiments of 32 squadrons each of cavalry, 618 field batteries of artillery, 59 fortress batteries, 30 coast batteries, 21 field howitzer batteries, 15 mountain batteries and 16 batteries of horse artillery. The infantry is armed with the Lebel rifle, and the artillery with the famous 75 mm. quick-firing gun and the Rimaiho howitzer. According to these figures France should be able to place a-long her frontier man for man with German. If there is any discrepancy it should be made up by the assistance of British and Belgian troops. The check the Germans have sustained at Liege will have been of incalculable benefit to the allies, and the big frontier engagement when it does come should be all the more decisive.

A SOCIALIST MANIFESTO

Perhaps the most amazing announcement yet made on the war is contained in a manifesto just issued by the Socialist party of Canada. The chief executive of the party has been moved to this step by the efforts of the capitalist press to stir up a war fever in Canada, to the end that Canadian workingmen will be induced to take up arms in defence of the interests of their masters." As to the manifesto it has nothing more original or nearer the case to state than that "all modern wars have their origin in the disputes of the international capitalist class. Just how this particular war started, or what are the issues involved, is no concern of the Canadian Socialist party. "The motive of the struggle in Europe," it declares, "is of no real interest to the international working class." After warning the workers against being carried away by frenzied clamorings or the blare of martial music it states that "in no conceivable manner, shape or form could the interests of the workers of any of the nationalities involved be furthered or protected by their participation in the conflict."

This manifesto gives a vivid indication of the calibre and character of the men at the head of the Canadian Socialist party. In ordinary times such extravagant nonsense might be passed over with the contempt it merits. But just at this juncture it was not to be thought that even the Canadian Socialist party would fall to such depths of disloyalty and folly. The workers of Canada do not need this manifesto to tell them the origin of the European war. There is not a tittle of evidence to show that it was caused by the intrigues of international capitalists. It is the result of one's man vaulting ambition And Canadians know that Britain kept out of it as long as it could and did its utmost to keep out others and maintain peace. It only stepped in when Belgium whom it had contracted to protect, was invaded by Germany.

This point surely deserves some consideration. Labor in Belgium is well organized and Socialism widely spread among its people. Canadian Socialists would leave their Belgium comrades to be trampled underfoot by German militarism and expose the British Empire to the same fate. The labor leaders in Belgium, who have opposed militarism with all their power and influence, are still Belgian patriots, ready to fight and die in defence of their homes and of their liberties. One of them, M. Vandervelde, was even given a position in the Cabinet after the invasion of his country by the Germans. "The workingmen of Belgium," he declares, "will defend their country when attacked, with the same ardor with which they have defended their liberties in the past." And contrast this precious manifesto of the Canadian Socialist party with the following statement made by "Le Pemple," the organ of the Belgian Labor party.

Why do we, the irreconcilable anti-militarists, applaud those who offer themselves in defence of their country? It is because it is necessary to protect our hearths, homes, and families and our ancient freedom at the price of our blood.

Go, sons and workers! Register as recruits. We prefer to die for progress and solidarity to living under a regime of brutal force and savage violence.

Further comment is unnecessary.

THE SITUATION.

Another day has passed without any news of the expected engagement between the allied forces and the Germans in Belgium. One despatch states that all communication with the troops at the front has been cut off, indicating that the first great battle of the war had commenced. So far, however, no news from this particular theatre of the war has been received. Despatches from Paris on the other hand state that the French forward movement in and on Alsace has been resumed. The troops in the lower extremity of Alsace have again taken the offensive and are reported to have captured Thann, to the west of Muhlhausen. Simultaneously with this movement the French troops have advanced from Luneville, and are reported to have carried Circy and Avricourt by assault. According to the messages received this advance lasted all night and was entirely successful, the Germans being beaten back. The French are apparently advancing along two lines with Strassburg as their objective, and the significance of the news lies in the fact that it indicates the Germans are being forced to retreat in their own territory. If the news received is correct, then both in Belgium and in Alsace the German plan of campaign has seriously miscarried, and nowhere have they been able to advance according to schedule.

The death is reported of General Von Emmich who had been in command of the German forces in front of Liege. How he met his death is not stated, and it is very probable he paid with his own hand the penalty of failure. The German military principle has no place for failures, and it looks as though General Von Emmich is the first victim of the bloodless system of which he was a part.

NO PROTEST TO SPAIN.

London, Aug. 15—The Madrid correspondent of the Reuter Telegram Company says the Spanish cabinet has agreed to the suppression of customs duties on flour, corn and coal and to a decrease in the import duties and maize and rice.

The government also has agreed to advise the national bank of Spain to assist foreign bankers.

The Spanish premier denied today that he had received a protest from Germany because the Spanish government forbade a German steamer anchored in Vigo harbor to use its wireless apparatus.

A HEALTH MESSAGE TO THE WORLD

The Discovery of "Fruit-a-tives" Has Brought Health and Happiness to Thousands of People all over the Dominion.

FRUIT JUICE CURES MANY SERIOUS DISEASES

"Fruit-a-tives" Is the Only Medicine Made from Fruit Juices. It is Pleasant to Take and Acts Gently on the Whole System.

FRUIT Juice consists of 91% water and 9% solid material. This solid material consists of about 8 parts sugary substance and one part of an intensely bitter substance, which is the medicinal or curative principle of fruit. In order to get the full benefit of fruit in the ordinary way, one would have to eat huge quantities of fresh fruit. By the discovered process of making "Fruit-a-tives", the bitter material in fruit juice is made to grow or increase and thus a stronger fruit juice is created. Then, this stronger fruit extract is mixed with valuable tonics and antiseptics and made into tablets. Thus, we have concentrated and intensified fruit juices, and the practical use of Fruit as a medicine is brought within reach of all.

Like fruit juice, "Fruit-a-tives" acts on the great blood purifying organs of the body—the liver, bowels, kidneys and skin—and stimulates all these parts to renewed activity. "Fruit-a-tives" is the most powerful liver stimulant in the world, and by it the kidneys and skin are stimulated to do more work. The splendid nerve tonics and antiseptics incorporated in "Fruit-a-tives" make this medicine the finest of nerve restorers, while germs in the stomach and bowels are destroyed.

"Fruit-a-tives" will cure Indigestion or Weak Digestion, Dyspepsia, Kidney Disease, Constipation, Biliousness and Liver Trouble, Backache, Rheumatism and Rheumatic Pains, Sciatica, Lumbago, Neuralgia, Headaches and all indications of impure Blood.

Remember, that "Fruit-a-tives" is the only medicine in the world that is made of fruit. There is nothing else as good, because there is no other preparation anything like "Fruit-a-tives". If you cannot get "Fruit-a-tives" right in your neighborhood, we will send you a supply postpaid, on receipt of price — 60c. a box, 6 for $2.50, trial size, 25c. Fruit-a-tives Limited, Ottawa.

BRITAIN STILL WILL OCEANS RULE.

All maps of land may change and change,
And kings may rise and rule and fall;
And lakes and streams forget their names,
And listen to another's call;
And flags all new can be unfurled,
And sway a race, then droop and rot;
Even races may decline and die,
And lie by Time's rough hand forgot.

CHORUS.

Tho' states may rise and states may fall:
No dynasty can rule forever;
And change may come to men and tongue,
But to the British sea map, Never!

The map of Europe will be changed,
And that of far Africa too;
Some states will force a wider range,
And some by war be cut in two;
But still will Britain rule the seas,
No matter who may press her fall,
And she'll e'er rule because she's just,
And rules but for the good of All.

—T. HODGSON.

Nanaimo, B. C., Aug. 15, 1914.

DEATH BY COURT MARTIAL.

Paris, Aug. 15.—The first sentence of death by a French court martial in the present war was announced today. It was pronounced on a French tradesman whose name has not been disclosed. It proved that he sent reports on the defenses of the country and on the wireless telegraph stations on Eiffel Tower to a French secret service agent, believing him to be a German spy.

WIFE OF PRESIDENT OF UNITED STATES WHO DIED AUG. 6.

Mrs. Wilson's Life one of Simplicity. Was noted for her Charitable work in the Capitol.

So passed a typical American woman. Amiable, helpful, beneficient To the thoughtful it may seem that her life would have been longer than the space of half a century, would have been more placid, had not her husband lifted her to an altitude that fevered her pulse thitherto. Mrs. Wilson's career as Mistress of the White House was notable. Charitable objects occupied her. She entered with activity into the work of the Southern Industrial Society for the Education of the Mountaineers of the South and the Woman's Department of the National Civic Federation.

GERMAN GENERAL COMMITTED SUICIDE

London, Aug. 16 (2:15 a.m.)—A despatch to the Central News Agency from its Paris correspondent says that General Deimling, commander of the German 15th army corps, is in a hospital at the front, owing to a bullet which passed through his neck.

The Brussels correspondent of the Star says a Belgian officer who escaped from Liege brought details of the death of General Von Emmich. The officer declared that Von Emmich committed suicide. The correspondent says it is stated that General Von Emmich's unlimited care in the German army and its style of fighting was shattered by the events around Liege.

SHIP'S CREW STRIKES.

London, Aug. 15—The sailors, firemen and stewards of the Atlantic Transport line steamer Minnewaska, when about to leave London today with 250 passengers for New York, went on strike and demanded "danger" money on account of the risk they were taking in crossing the Atlantic. The trouble was arranged and the ship sailed.

DRIVEN ACROSS THE FRENCH FRONTIER

London, Aug. 15, 9.20 p. m.—The Germans have expelled two thousand residents from Metz and have driven them across the French frontier, according to an announcement made tonight by the official press bureau of the British admiralty and the war department. The residents were expelled on the ground that otherwise they would have to be fed.

French aeroplanes have gained several successes on the western frontier.

NEWS OF SPORT

LOCAL FEDERALS PLAY VANCOUVER TODAY

On the Caledonian Grounds this afternoon the Nanaimo Federals will play an exhibition game of baseball with the Godfrey baseball team of Vancouver. These teams have already met this season and in that encounter the locals came off victorious after a closely played contest. On that occasion Godfrey's team was without its regular pitcher, but today will have their slab artist in the box and expect to secure revenge for the defeat of several weeks ago. Nanaimo will be lined up at full strength, however, and Manager Benedict is confident of repeating with another victory.

Today's game will be played on the Caledonian Grounds commencing at 2.30, the Nanaimo team playing the following: Piper, 3b.; Little, ss.; Killeen, 2b.; Boyce, c.; Beattie, cf.; E. Martin, 1b. Weeks, lf.; Drake, rf.; Shepherd, p. Speres, H. Martin, Thompson and Dickinson.

VANCOUVER KEEPS THE MANN CUP

New Westminster, Aug. 15.— Vancouver keeps the Mann Cup secure for another season, the New Westminster team falling down this afternoon on their last chance to gain possession of the trophy. There is still a small hope that Victoria will be able to beat the champions at their next encounter, but that possibility is very small.

Seven goals to three leaves no doubt as to the superiority of the Vancouver's today. Drom the start of the play until the final ring of the bell the Vacs had the best of the game, with the exception of a furious rally in the second quarter when Westminster stormed the V. A. C., scoring three times.

The Vancouver team played a splendid game all the way and their victory was well deserved. The Westminster fielders were not up to their usual form and let many chances go by.

AUSTRALIA WON TENNIS HONORS

Forest Hill, Aug. 15—After a 12 months' stay in the United States the Davis Cup, the trophy which carried with it the world's team tennis championship, has resumed its international travels.

While the greatest gathering of tennis enthusiasts that ever assembled for an international tennis match looked on. Brookes defeated R. N. Williams, 6-1, 6-2, 8-10, 6-3.

The victory, added to those of Wilding over Williams on Thursday and Brookes and Wilding over McLoughlin and Bundy in the doubles Friday gave Australia three out of five matches necessary for possession of the championship trophy.

Following this contest McLoughlin defeated Wilding 6-2; 6-3; 3-6; 6-2, but the result has no international bearing, being merely a masterful exhibition of the game such as only players of this calibre can give.

HERALDGRAMS

Geneva, via Paris, Aug. 15, 10 30 p m.—There is declared to be no reason for undue anxiety in the United States concerning the welfare of Americans in Switzerland.

Galvesto, Tex., Aug. 15.—The British steamer Zillah which had been held in port because her captain refused to sail until the wireless outfit on the German steamer Navarra was sealed, cleared today for Buenos Ayres with 190,000 bushels of wheat.

Sydney, N. S. W., Aug. 15.— The steamers Orvieto and Omrah of the Orient mail steamship company fleet, and the liner of the Aberdeen line, have been chartered by the admiralty and will immediately be converted into troop ships.

Valdez, Alaska, Aug. 15.—Miss Dora Keen, of Philadelphia, and her exploring exped tion left today by launch for Harriman and College Fiords, Prince William Sound, to study the advance and recession of the glaciers and to map a portion of the Chugach mountains.

Washington, D. C., Aug. 15.—In response to inquiries from foreign born residents of the United States in all parts of the country, Secretary Bryan announced today that "the United States is not a party to any treaties under which persons of foreign origin residing in this country may be compelled to return to their country of origin for military service.

@Copenhagen, via London, Aug. 16, 3.10 a. m.—According to a special message from Berlin, 23 Russian generals and admirals, including the former commander in chief of the Black Sea fleet, have been interned by the German authorities.

London, Aug. 16. 1.55 a. m.—A despatch to the Central News Agency from Copenhagen says that Prince Aage of Denmark, who recently was arrested by Germans as a spy and later was released, arrived there Saturday night.

Washington, D. C., Aug. 15.—Mail to Europe is proceeding expeditiously, notwithstanding the paralysis between the United States and the war zone.

WARNED BY GERMANY.

Berlin, Aug. 15.—Germany gives notice that from today every Belgian or French private citizen who fires on German troops, or tries to interfere with communication between the port of invasion and the rear guard or to interfere in any way with the advance of the German army will be shot. The note adds that if the war thus assumes a brutal character it will be the fault of France and Belgium, and not of Germany.

NOT READY FOR PEACE.

Rome, via Paris, Aug. 15 — The Generale D'Italia commenting on the news from America that Washington is being urged to intervene in the European war in favor of peace, praises the movement but thinks that any initiative in the matter by President Wilson will be possible only after a decisive battle has shown to which side victory inclines.

CANADA'S AID TO THE MOTHERLAND

Ottawa, Ont., Aug. 15—Sir Rodmond Roblin, premier of Manitoba, will arrive in Ottawa tomorrow to consult with the Dominion authorities as to what manner his province can best aid the Motherland in the present crisis. Manitoba offered to raise and equip a regiment, but for the present the government has all the men it requires and the imperial authorities have intimated the money might be spent to better advantage. One suggestion for Manitoba to use its appropriation to supplement the Federal gift of a million bags of flour.

Colonel Hughes, Minister of Militia who is showing almost superhuman energy at the present time, left tonight for Valcartier, where he will make a final inspection of the mobilization camp. Troops will start to pour into Quebec Monday and it is expected the whole of the 25,000 will be at Valcartier by the end of the week. There will be a weeks training before the expeditionary army leaves for Belgium. The independent regiment known as the Princess Patricia Light Infantry are mobilizing here. Two hundred and fifty men have already arrived and five hundred from Alberta will reach the capital Monday.

The advance guard of the members of parliament have reached Ottawa. The session will be a brief business one. There will be no social ceremonies. The Duke of Connaught will open the house and will have the customary escort, but they will not be in "full dress" uniform, but in Khaki. There will not be many bills and they will all be of a character to give the government power to deal with an emergency in regard to the army and defences; the finances of the country and the food supply. There will be amendments to the criminal code to deal with local outbreaks.

VANCOUVER MILLING & GRAIN CO. LTD. TRADE MARK VANCOUVER, CANADA

WHEN you smell hot bread round our mill, know that it's "baking day" in our laboratory.

Peep in and you will find our head chemist minutely examining a whole row of bread he has just baked. These loaves are the final result of exhaustive analytical tests of both wheat and flour.

He only calls his flour ROYAL STANDARD after it has made golden, creamy, white, velvety, bread.

To make bread like that simply say to your grocer—

ROYAL STANDARD FLOUR

The Ladies' Aid of the Haliburton Street Methodist Church held an enjoyable picnic at Iris Camp, Departure Bay, on Thursday last.

Mr. J. W. Munro arrived in the city last evening from Victoria.

Particular people are now having their private stationary printed. Have The Herald print yours.

There will be a meeting of the members of the Nanaimo Leek and Vegetable Club on Wednesday night at 7:30 in the Provincial club. All members are requested to be present.

Mr. J. O. Erlandson of this city leaves today for Seattle where he is to act as best man at the wedding of Mr. A. Colquohoun, a former Nanaimo boy, to Miss Mable Lund, of Seattle.

Mr. Frank Redmond of this city an army reserve man, left for England yesterday to rejoin his old regiment, the 17th Lancers.

The Union Brewing Company, Ltd. has recently put on the market a new rice beer known as "Newlife." This is brewed from the best imported hops, Yale barley malt and rice and is a decided innovation on the local market in the way of a beer. It is sold in pint and quart bottles at all bars and can also be had by the case from the brewery. It is brewed particularly to appeal to the taste of those who like imported beer and should do much to encourage the patronage of home industry, supplying as it does a long-felt need in the way of a table beer.

Mr. W. A. Wood returned yesterday from a visit to Harrison Hot Springs.

WAR MAPS—In convenient folder form. Only 25 cents. Jepson Bros.

GERMANS CHECKED ALL ALONG THE LINE

(Continued from Page 1)

war reviews the situation to date. It says:

"In order that opinion in France and elsewhere can have a just view and not be lost in the details of news, it is of advantage to lay down in broad lines and without seeking to judge in advance the development of events and to classify the results required.

"We know from the declaration of German strategists such as Bornhardi, Falkenhayne and Von Bogoltz that the German plan provided for a quick attack of the first line upon our covering troops to the north of Nancy.

"We know equally well without any doubt that a second sharp and quick attack was to have been made by passing through Belgium and then immediately striking at the French frontier. A positive proof of the truth of this double plan is found in the individual cards of mobilization directing the German reservists from the fifth to the fifteenth day of mobilization to join their regiments in French cities such as Voerdun,, Chattons-Sur-Marne and Rheims.

"This double quick attack failed. That started at Nancy was not attempted in its entirety, the Germans finding our forces too strong, renounced the plan.

"We know also that the failure of this quick attack through Belgium because of the resistance of the forts at Liege, the Belgium army and intervention of our cavalry, has kept the German forces eight days up in the Meuse. The first results are these checks to the German plan."

London, Aug. 16, 2 a. m.— The Brussels correspondent of the Reuter Telegram Company says that the correspondent of the Brussels paper Peuple writing under date of August 15, gives the following account of a skirmish between French and German troops on the banks of the Meuse Saturday morning.

"The Germans having been repulsed from a bridge last night, commenced a rifle and artillery fire this morning against the French position on the opposite bank. The French infantry and artillery responded well with a sustained fire against which the Germans made no serious attempt to advance. The losses in the engagement are not known.

London, Aug. 16, 2.40 a. m.—According to a Brussels despatch to the Reuter Telegram Agency timed 9.30 p. m. Saturday, an official statement has been issued, saying:

"The situation of our army continues excellent. Victorious engagements against the Germans have strengthened its morale and the strategic dispositions remain advantageous for us. Explosions heard in different directions indicate that our enemies are at work destroying bridges.

"Contact was made today between the French and Germans, with advantage to the French. The forts continue to hold out and do all possible damage to the Germans.

"On the main roads around Brussels entrenchments have been thrown up for the return of any German cavalry detachments which may approach the capital. This step has been taken as a police measure, not as a heart of the military operations."

The correspondent says he has no means of verifying the report of the death of General Von Emmich.

TRIESTE FEARS BOMBARDMENT

Rome, Aug. 15—Advices from Trieste, Austria, says the population is in a panic. Besides the rigor of the police they fear a bombardment which may be followed by a landing.

All means for transportation have been requisitioned and all citizens from 18 to 40 years old have been called to the colors. Three hundred million dollars which was in the city has been taken to Vienna. Troops are gathering in the mountains surrounding the city.

JAPAN NEEDS NOT TO EXPLAIN

New York, Aug. 15.—Cable despatches from Tokio to the East and West News Bureau, a Japanese news agency, are as follows:

"A high official of the foreign office says Japan has received no note whatever from the American government in connection with the present crisis. Even in case a necessity arises for Japan to take up on herself the duty of discharging her treaty obligations to Great Britain, Japan sees no need of any explanation for such an action, for she shall act with a clear conscience in conformity to justice. We are confident that the United States understands full well this position of Japan, and consequently we cannot think for a moment that our good neighbor, America, shall be swayed by any uneasiness by the attitude of Japan."

AMERICANS STRANDED

London, Aug. 15—Hundreds of Americans who signed a petition urging that a transport be sent over here for them have already returned to America and with 48 vessels sailing during the next three weeks to the United States and Canada, the citizens committee here considers it unlikely there will be any need for a transport. The German committee has been assured by British Home Secretary McKenna that he will be glad to help in the relief of German non-combatants as well as the women and children.

The Saturday night special pictures at the Opera House are becoming popular. Last night there was a good sized crowd all night taking in the special war pictures. The house was cool and comfortable and several audiences went away thoroughly satisfied with the performance.

WILL REPAIR TOWNSITE BRIDGE

City Council Decides Not to Erect Permanent Structure Over The Millstream but Will Repair Present Bridge.

The City Council met in regular session last evening, present his Worship Mayor Planta, Ald. McKenzie, McKinnell, Ferguson, Young, Killeen, Forrester, Cavalsky, Crossan and Busby.

A communication was received from the comptroller of the household to H. R. H. The Duke of Connaught as follows:

Dear Sir,—I am desired by their Royal Highnesses The Duke and Duchess of Connaught to send you their photographs, signed, for the City Hall at Nanaimo.

Kindly acknowledge receipt to me.

Yours faithfully,

H. C. BULLER, Capt.

On motion of Ald. Forrester, seconded by Ald. Busby, the communication was received and the gift accepted and the secretary instructed to forward a suitable reply.

At the suggestion of Ald. Crossan the Council decided the pictures will be framed and hung in the Council Chambers.

Mr. J. Isherwood, secretary of the Nanaimo Agricultural Society, wrote

to whom was assigned the tremendous task of seeing that all of the immense fighting fleet of Brisain was ship for ship in its proper place at the recent review at Spithead. Capt Harper was Designated Master of the Fleet.

BRITAIN TRUE TO HER FRIENDS

For this reason it is necessary to make it clear that any attempt against the entente will be met with absolute and decided firmness not by Russia and France alone, but by Great Britain also. She stands true to her friends, resolved to uphold the cause of justice and peace.—From the London Daily Mail, July 27.

Great Battle Is Now Being Fought in Belgium

London, Aug. 18 (3.30 a.m.) — A Brussels despatch to the Daily Mail says:

"Sharp fighting has been in progress since Monday morning."

London, Aug. 18 (3.30 a.m.) —The Daily Express says:

"There is little doubt that a great battle is now occurring in Belgium between the Germans and the Belgian and French allies.

"Our correspondent in a cryptic despatch from Ghent indicates that the Germans are advancing on the historic battle ground of Waterloo and that events of the greatest importance are in progress."

London, Aug. 18—A Daily Mail despatch Monday at 3:30 p.m. says a battle has been in progress since this morning. The Germans are said to be fighting the Belgian and French troops. No news of the battle is at hand.

London, Aug. 18 (4:10 a.m,)—The correspondent at Brussels of the Daily Mail, telegraphing at 8 o'clock Monday evening says:

"Fighting is reported from Gembloux, ten miles north of Namur. A German force is said to have been caught between a French column and Belgian troops marching up from Namur. The German losses were very heavy."

London, Aug. 18 (3 a.m.— A despatch received by the Havas Agency from Brussels gives the following statement issued last night by the Belgian government:

"German troops which last night failed in an attempt at a forward movement, are returning today without fighting in the direction of Hannult. The reverse sustained by the German cavalry at Haelen made them more cautious both Sunday and Monday. They are moving more prudently, retiring without coming into any serious engagement. All the German troops recently seen before our army are adopting a purely defensive attitude and entrenching themselves.

"Today passed without any fighting." The correspondent adds that "according to the reports a fairly important engagement occurred in the neighborhood of Melvart, near Jodoigne Sunday, in which the Germans are said to have suffered heavy casualties."

Admiral Sir. Geo Callaghan.

who has charge of one of the divisions of Britain's fighting fleet. His flagship is the great Iron Duke, probably as powerful a super-dreadnought as there is afloat.

FRANCE GAINS IN ALSACE

German Troops Continue to Retire Before Advance of French Invading Army—Gaining All Along The Line.

Paris, Aug. 17—An official statement issued tonight says:

"The situation continues good. We are making methodical progress in upper Alsace. The German forces are retiring in great disorder, some towards the north, others to the east. This is proved by the enormous amount of guns, wagons and provisions abandoned.

"The Germans also lost much more heavily in the region than we at first thought. This is proved by the number of bodies found.

"We are making the same progress in the valleys of Sainte Marie and Ville. Our troops, strongly based on the Danon position, are marching down the valley of Bruche towards Strassburg. Everything goes to show that the Germans in this region are completely disorganized.

"Our troops are gaining ground along the line of Lorquin, Adondadonge and Marcal. We have gained ground varying from ten to twenty kilometers (6 to 20 miles) along the frontier from Belfort to Chamberey and have established ourselves solidly in Alsace and Lorraine."

London, Aug. 18 (12:45 a.m.)—The Paris correspondent of the Reuter Telegram Company sends the following despatch:

"In review of the military situation, the Temps points out that the French troops cannot debouch on the plain by the valley of the Bruche, which is barred by the fortress at Molsheim in Alsace, twelve miles southwest of Strassburg, but says it has been necessary to occupy the valley as otherwise it might be utilized by the Germans.

"The Temps suggests that the fact that heavy artillery has been found in that region may be construed as indicating that the Germans are massing troops behind the Rhine, preparing to force the passes of the Vosges mountains.

House of Commons in Session Today

Ottawa, Ont., Aug. 17—The session which opens tomorrow will be devoid of the usual splendor which usually attends the first day of parliament. No preparations have been made for the accommodation on the floor of the Red Chamber of the usual galaxy of beautifully gowned women.

His Royal Highness, the Governor General will appear in his field marshall's uniform. His aides will be garbed in service khaki instead of in full dress parade scarlet, while others will be attired also in keeping with the state of war which exists in Canada.

The speech from the Throne will deal entirely with war measures—a declaration of loyalty to the Throne: a war budget of from fifty to seventy-five millions to defray the expenses of military preparations; the sending of an overseas expedition; the enactment of a moratorium act; emergency bank legislation, and amendments to the Criminal Code necessary to restrain and prevent disorders during the present crisis.

The state drawing room, state dinner and state ball which have been features of all openings since confederation, have been tabooed.

Parliament will get right down to business at once and any lengthy debate on the address will be discouraged.

Leaving Canada to Fight For Empire

Winnipeg, Man., Aug. 17—Pathetic scenes marked the departure this afternoon of sixty British reservists who left for the East on their way to England at 5:40 p.m. Practically every member of the little company had one or two members of his family at the depot to say farewell and in two instances the wives had infants in their arms. There was a large crowd to see them off, but there was no display of enthusiasm, everyone seeming to feel the seriousness of the event.

Quebec, Aug. 17—Among enthusiastic cheers and applause, over 1,000 reservists of the French army left here tonight for Montreal to join their compatriots there enroute to France. There was a public demonstration in Jaquce Square.

Winnipeg, Man. Aug. 17—Considerably over $3000 was realized tonight for the St. John Ambulance War Fund at a patriotic parade and sale of buttons. Over fifty automobiles from which buttons were sold, were in line. Union Jacks were in evidence everywhere. The money will be devoted to the care of the families of the men who go to the front.

BRITAIN'S ARMY IS IN BELGIUM

New York, Aug. 17—English papers received here today give details of the composition of the British expeditionary forces under command of Field Marshal Sir John French. The field force is composed of three army corps, each comprising two divisions, and there is an extra cavalry division under command of Major General Edmund Allenby.

Each army corps is formed of 24 infantry battalions of about 1000 men each on a war footing, six cavalry regiments each with batteries of horse artillery of six guns each, eighteen batteries of field artillery of six guns each, eighteen batteries of field artillery, two howitzer batteries and troops of engineers, signal corps army service corps and other details.

The British field force therefore should contain 72 infantry battalions 18 cavalry regiments, 24 batteries of horse artillery, with 144 guns, 54 batteries of field artillery with 324 guns, six howitzer batteries and the usual details, according to the latest British list issued at the end of July.

The first army corps is commanded by Lieut. General Sir Douglas Haig, the third by Major General W. P. Putteny and the second was led by Lieut. General Sir James Grierson, who died suddenly today and has been replaced by another general.

A detachment of 47 men from the Sixth Regiment D. C. O. R. arrived at Nanaimo last evening from Vancouver to fill the places of the men who have been stationed here on garrison duty and who have volunteered for active service.

FILLING UP RANKS OF CANADA'S ARMY

Ottawa, Ont., Aug. 17.—The ranks of Princess Patricia Light Infantry are rapidly filling up and within the next few days there will be a big regiment of ex-service men at Lansdowne Park. About 125 men arrived from Edmonton this morning to join the regiment'

Most of the men who are joining not only have been drilled in the British army, but have seen active service either in the South African war or other lesser wars in which the Empire has been engaged. Another detachment from Toronto is expected very soon and this will complete the Toronto Company of about 300 men. The Winnipeg volunteers and those other cities in the west are expected tomorrow and the men from Edmonton state that there is another patch of volunteers from that city who left before they did but were taken by a longer route.

From all parts of Canada these men are coming, and a sturdy regiment it will be when recruited up to 1,000.

The men are being supplied with uniforms today.

BRITAIN AND JAPAN ARE IN ACCORD

London, Aug. 17—The British official News Bureau issued the following statement tonight:

"Great Britain and Japan having been in communication with each other, are of the opinion that it is necessary for each to take action to protect the general interests in the Far East contemplated by the Anglo Japanese alliance, keeping especially in view the independence and integrity of China as provided for in that agreement.

It is understood the action of Japan will not extend to the Pacific beyond the China seas, except as may be necessary to protect Japanese shipping lines in the Pacific, or in Asiatic waters westward of the China seas, or in foreign territories, except territory in Germany's possession in the continent of Asia.

JAPAN HAS NO ULTERIOR MOTIVES

Tokio, Aug. 17—Following a meeting today of the Seiyaki party, considered the strongest personal organization in Japan, which was called to discuss the situation between Japan and Germany, a member who was present quoted Count Okuma, the premier, as having said that Japan would touch no German territory except Kiau Chau.

London, Aug. 18 (4 a.m.)—The Daily Mail says that Japan has given Great Britain formal assurance that she will restore to China the German colony of Kiau Chau and that this formal undertaking will dissipate anxiety in the United States and Australia over the possibility of Japan seizing any land in the Pacific.

IMPORTANT CAPTURE

Paris Aug. 17—The war office today announced that the French troops have occupied the important peak of Donen, where they have captured 500 Germans

The peak of Donen is in the northern Vosges, and commands the most northerly pass into France.

LEIPZIG LEFT 'FRISCO.

San Francisco, Aug. 18—At 12:30 the German cruiser Leipzig weighed anchor and steamed slowly out of this port.

CHINA'S ULTIMATUM

Pekin, Aug. 17—China has sent an ultimatum to Japan threatening war unless Japan allows China herself to recover territory now held by the Germans.

HERALDGRAMS

Rio Janeiro, Aug. 17—The British cruiser Glasgow has captured the Hamburg-American steamer Santa Catharine which sailed from New York July 25 for South American ports.

San Diego, Cal., Aug. 17—The Japanese cruiser Idzuma practically stripped for action, sailed from here at 5:30 p.m. for San Francisco.

London, Aug. 17—The following statement was issued tonight by the British official press bureau:

"Any action Japan takes against Germany will not extend beyond the China Seas, except in so far as may be necessary to protect Japanese shipping lines."

London, Aug. 17—A Reuter despatch from Brussels says:

"The seat of government has been moved to Antwerp. Measures have been taken for the defence of Brussels because of the approach of German cavalry."

Ottawa, Ont., Aug. 17—The government has received a cable message from Hon. Mr. Asquith, stating that owing to the vigorous action taken there to deal with the financial situation, particularly in regard to bills of exchange, conditions have become much easier and credit has greatly improved. Every hope is felt that the trade, both home and foreign will rapidly resume its normal course.

Paris, Aug. 17.—It was announced officially this afternoon that Russia will treat with special consideration any prisoners from the German province of Alsace and Lorraine who may be captured by her forces. France on her part will show equal considera-

(Continued on Page 3)

NAVAL FIGHT OFF CANARY ISLANDS

London, Aug. 18.—A Paris despatch to the Daily Telegraph says:

"It is reported that an engagement between a British and German warship has occurred off Canary Island. It is stated that a German cruiser has been sunk and also that a British cruiser captured a German ship collecting munitions of war."

BETTING ON THE WAR.

London, Aug. 17—Estimates were made today in the insurance market as to the length of the war. At Lloyds the Underwriters were insuring risks of war continuing to the end of the year, of policy reading "To pay total loss in event of no declaration of peace before December 31." The net premium was fifty guineas per cent.

CALLED TO THE COLORS.

London, Aug. 18 (4 a.m.) — The Daily Mail's correspondent at Basel, Switzerland, says it is reported that notices have been posted in the German frontier towns calling to the colors all men trained and untrained between the ages of 39 to 45. Such men, the correspondent adds, number about 100,000.

ANTWERP SEAT OF BELGIAN GOVERNMENT

London, Aug. 18.—2:45 a.m.—A Havas despatch from Brussels says:

"It is expected that the legations will follow the government to Antwerp, but the French minister will remain here, sending the councillor to Antwerp to keep in close touch with the Belgian government.

"The Soir says that according to news which arrived Monday afternoon which is confirmed by the war office, the Belgian infantry in conjunction with the French cavalry, have brilliantly repulsed a German attack. The location of the engagement is not mentioned."

London, Aug. 18.—The Belgian minister of war, finance and foreign affairs and the French and Russian ministers of Belgian have left Brussels for Antwerp, according to a despatch received here by the Exchange telegraph. The affairs of France and Russia were left by their respective ministers in the hands of Spanish legation, the despatch adds.

OFFER FREE RENT.

Montreal, Aug. 17—A Montreal landlord who owns many tenements at Point St. Charles, has posted the following notice on all his properties:

"Mr. —— wishes to announce that if the bread winner of any family living in one of his houses volunteers for active service, the family may remain in their present dwelling free of rent during his absence. This offer is good for one year from date."

Board of Trade today 4 p.m.

WANT MOTOR CARS

Ottawa, Aug. 17—The Ottawa Valley Motor Car Association has issued a request to its many members to supply their cars to the militia for general use in transporting troops about the city and province, and in cases where the owners find it impossible to supply drivers, their cars will be placed under the care of experienced men.

OFFER ACKNOWLEDGED.

Washington, Aug. 17.—Germany has acknowledged the receipt of President Wilson's proffer of good offices in mediation or arbitration. All the warring nations except Russia have now replied.

DIRECTOR BROCK RESIGNS

Ottawa, Aug. 17—Professor R. W. Brock, director of the Geological survey of Canada and deputy minister of mines, has tendered his resignation and it has been accepted. He is to become head of the applied science department of the University of British Columbia. Mr. R. J. McConnel has been selected as acting deputy and will likely be confirmed in that position.

Tells Story of big German Defeat

Brussels, Aug. 17 (By. E. T. Donoheu)—I have just returned from an automobile tour in eastern Belgium where I found the popular new national game of Uhlan hunting in full swing. Stray parties of German cavalry which have lost themselves in the country between Warem and the Belgian lines were being chased from pillar to post by Belgian scouts who took considerable number of prisoners. Some of the captives, all of whom were suffering from acute hunger, had not the slightest idea of their whereabouts. Many, indeed were under the impression that they had reached France.

The reconnoitering forces seemed to be wholly unprovided with comforts. One German patrol, which ran into a Belgian outpost, was quite convinced until it was fired on that it was making its way back to the German position whence it had started two days ago. The horses and men were thoroughly exhausted.

A great deal of desultory fighting took place along the northern lines on Sunday. There was an engagement in the country southeast of Louvain. I arrived at that spot in time to witness the end of an encounter in which the cavalry on both sides were fiercely engaged. The forces of Prussian cavalry, consisting of Uhlans and Hussars, with a mounted machine gun section, the strength of which I estimated to be from 1000 to 1200 men came from the direction of St. Trond, with the intention, apparently, of effecting a surprise. I am informed that they have recoursed to a ruse of war which, if true, is worthy of condign punishment. The advance guard of the party were wearing the uniforms of Belgian gendarmes. It is supposed these uniforms were taken from gendarmes who were taken prisoners when the Germans entered the city. The Germans were consequently able to appear close to the Belgian line without exciting suspicion.

A number of inhabitants of the district joined the Belgian soldiers and several parties were picnicking in the woods close to the outposts. Suddenly a fire was opened by the Germans who were advancing under the guise of friends.

The dismounted Belgian cavalry were thrown into momentary confusion by the suddeness of the attacks. They rallied at once, however and with drawn swords charged the enemy.

The Germans turned and fled, leaving the brunt of the fighting to be borne by the dragoons and hussars, the latter belonging to the seventeenth regiment. The gallant Belgians literally cut their way through the Germans, piercing the enemy until they came under the machine gun fire of the enemy, but, quite undismayed, they re-formed and wheeling about, dashed again into the German cavalry battering them right and left. It might have gone hard with the Belgian horsemen, but at the physological moment a battery of artillery came into action in support of the cavalry.

The guns fired on the Germans who being absolutely without cover, were in a few minutes thrown into complete disorder and retreated pell-mell. The Belgian squadrons, thirsting for a fresh rush at the enemy, could not be restrained and followed up their early brilliant charge by sabering the rear ranks of the Germans.

In this last dash the Belgians cut off and made prisoners a number of Hussars who apparently had enough of the encounter and finding themselves cut off, raised their carbines.

THE CENSORSHIP.

In no war in history since the time that newspapers began to play an important part in the national life, has the news censor held so absolute a sway as in the present European struggle. Whether this is a good thing or not, will be determined only at the conclusion of the war, when there is brought to public light all the sidelights on the daily warfare now so religiously withheld by the authorities. In a democratic country such as England, the present rigid censorship is not liable to be abused as under autocratic rule. A democratic government is very much amendable to public opinion, and is not likely to exercise the power of censorship to the point of misuse, having always in mind the people who will pass the final judgement of their actions.

In an autocratic government there is little, if any, regard for what the people may think of the power the government has put into effect to serve its own ends. Already we are told that the German people are being led to believe that they are winning everywhere. The grossest, deceptions it is said, are being practised on the German people. If this is so it is a bad condition. It gives rise to a state of affairs where there may easily be a great and useless sacrifice of life. It may readily be perceived that it is most important that there should be such a censorship of war news that movements of troops and other secrets vital to the interests of an army or fleet should not become known to the enemy, but every country has a right to know with what successes or defeats her defenders are meeting.

In regard to Great Britain, no matter how we may chafe at the lack of news from the front there is no fear that the censorship will be abused. In France it is interesting to note that the war minister is having a daily bulletin printed for distribution among the troops, an idea which will do much towards stimulating the French soldiers to greater efforts. This in itself is a remarkable tribute to the value of news, and the place it has taken in the daily life. That in the midst of warfare and carnage it should be considered advisable to keep the participants informed on the news, places a high rating indeed on news as a vital factor in life.

Speaking of news censorship, that was a good idea suggested in the Vancouver Sun, of yesterday, to the effect that the Canadian government owed it to the women of Canada that they should be kept well informed on the general health and conditions of the Canadian troops going to the front. The women are the real heroes of the war. They give up husband, brother son and sweetheart with a smile on their face and an ache in their heart, to be sacrificed on the altar of war. The least a country can do is to keep them posted on every detail compatible with modern warfare on their men folk. They will want to know how their health is. If there is an engagement they will want to know how many are killed and wounded, and their names. Nothing is to be gained by withholding such information. They do not care where they are—that is for the war office to know—but in lieu of letters home they will want to know everything it is possible to know without giving away strategic information to the enemy. No doubt the government will grant them this concession.

After coaling at San Francisco the German cruiser has again put to sea. Her captain is still as bellicose as ever, and declares he will tackle anything that shows up. The last time he talked he outlined a schedule whereby he was to sink the Rainbow and other unidentified British cruisers at the rate of one a day. Messages received late last night state that the Japanese cruiser Idzuma is waiting off San Francisco for the Leipzig to come out. It is also reported that the French cruiser Montcalm is also on the lookout and both of these vessels are bigger and more heavily armed than the Leipzig. Whether the Idzuma would engage the Leipzig before Japan has declared war on Germany remains to be seen, and there is no certainty that the Montcalm is anywhere near San Francisco. At the same time the Leipzig cannot escape a battle much longer, and neither can the news be withheld if it takes place. The censor is not working in the United States, and we ought to get news of any fight that takes place between Cape Flattery and Samoa.

With the censorship more rigidly exercised than ever it is impossible to say what change, if any, has taken place in the war situation. There is absolutely no news from the North Sea. A report was received of an engagement in the Adriatic, but it lacks confirmation. At the same time the allied powers are said to have cleared the Mediterranean for their shipping. On land a number of smaller engagements have been reported, and the French are said to have been successful in a general advance. No news of any fighting has been received, however, nor does there seen much chance of getting any. The Belgian war minister is leaving Brussels for Antwerp, and reading between the lines it appears as if the Belgian capital is menaced by the Germans. For what has actually happened we must wait the will of the military censors.

CEMETERY BOARD HELD MEETING

At the close of last nights regular meeting, the members of the City Council met as a Cemetery Committee to receive a report from the Cemetery Committee, which reads as follows:

Gentlemen:

Your Cemetery Committee begs to report that matter of the position of caretaker of the cemetery has been under consideration for some ti and your committee has decided to recommend that in view of the increased duties imposed on the caretaker in order to keep the paths in decent shape, that the salary be at the rate of $20. Per month the year round, from the present time, being an increase of seventy dollars per year.

Respectfully submitted,
P. KILLEEN
W. J. FERGUSON
A. FORRESTER
Cemetery Committee

In speaking to the motion that the report of the committee be received and recommendation adopted, Ald. Killeen, chairman of the Cemetery Committee, informed his colleagues that Mr. Tippett the present caretaker of the cemetery had been on the job over ten years and during that time while the wages of all civic employees had been increased his remained stationary. Mr. Tippett had been a faithful and efficient servant and was entitled to consideration. During the past year his total renumeration had amounted to but $855.50 which figured up to less than $3.00 a day, by reason of his having to employ an assistant at different times. It was not a question of Mr. Tippett wanting to hold up the city remarked Ald. Killeen, for he was willing to resign his position but he (the speaker) had prevailed upon him to reconsider his decision and promised to see what could be done for him. Accordingly the committee had brought in the recommendation hich spoke for itself.

Ald, Busby remarked that Mr. Tippett was too good an official to lose, and seconded the motion which was unanimously adopted.

MANY LIVES LOST WHEN JUNK SANK

Through being overloaded with passengers and freight the junk Wingloo, operating between the Chinese river ports of Canton and Sunchong was sunk on July 25, according to information brought to Victoria by the C.P.R. liner Empress of India, which berthed yesterday from Hongkong. The reports which reached Shanghai before the white liner cleared from there, stated that 250 lives were lost in the catastrophe.

The Wingloo left Canton for Sunchong with 350 persons on board besides a heavy cargo, which weighed the craft well down to the water's edge. The junk started to fill when it got out into the river and the passengers jumped overboard to try and swim ashore. Two hundred and fifty failed to reach the shore and were drowned. The terrible disaster brought about a great deal of hard criticism against the authorities for permitting river craft to leave port in an overloaded condition.

But better not lose—SEE.....

ARMSTRONG & CHISWELL

PARDON GRANTED ARMY DESERTERS

Ottawa, Ont., Aug. 17.—A despatch has been received from the war office requesting that the widest publicity be given the foreign army. His Majesty the King, has been graciously pleased to approve pardons being granted to soldiers who were in a state of desertion from the regular forces on August 5, 1914, and who surrender themselves in the United Kingdom on or before Sept. 4, 1914, or at any station abroad where there are regular forces on or before October 4, 1914. They will forfeit all service prior to date to surrender but such service may subsequently be rested in the condition laid down in the King's regulations for restoration of service forfeited under section 79 of the army act.

Deserters who enlist before Aug. 5 and Oct. 4, 1914, both days inclusive, in any colonial corps which may have been or may be placed at the disposal of the Imperial government for the war, will be granted a free pardon, and at the expiration of their service in such corps will not be claimed for further service in the regular forces of the United Kingdom. They will appear, forfeit all service rendered in the regular forces of the United Kingdom prior to the date of such enlistment.

AUSTRIA INVADES RUSSIA

London, Aug. 17—Several Austrian army corps have invaded Russian territory, according to the Vienna correspondent of the Reuter Telegram Company. The Russian advance on Brody and Sokal, in Galacia, close to the Russian frontier has been checked.

THE KAISER APPLAUDED

London, Aug. 17.—A Reuter dispatch from Berlin says the German Emperor's departure for the front has occasioned patriotic outbursts by the newspapers of all parties.

The National Zeitung has an editorial entitled "War" in which it says: "The monster is the advancing autocrat of all the Russians, who has always remained deaf to the cry for help of those who languish in Siberia. His heart goes out to the Servian regicides. His behavior is against all logic and against every glimmer of sane, human intelligence."

HAD EVENTFUL VOYAGE

Boston, Mass., Aug. 17.—The White Star Liner Marquette with 113 passengers from the European war zone arrived tonight from Antwerp. She was halted six times on the voyage by British warships. Three times she was brought to by shots across her bow, the last time within a short distance of Boston Light, at six o'clock this evening.

SHORTAGE OF TEA

Montreal. Aug. 17.—That there is four months' supply of tea in England and only three weeks supply in Canada, was the statement made this morning by George Mann, manager of the Montreal branch of a tea company.

"The British embargo in tea will be raised yet," he said. According to the latest advices from our office, which quotes the official notice sent out by the government, as follows:

"It is not proposed to relax the embargo on tea for the present. Developments will be closely watched in case it may prove possible to effect such relaxation at a later date in the year."

TOLD TALE OF AWFUL SUFFERING

"One after another the men died until eleven out of the fifteen had gone and we put the bodies overboard, after taking off the coats to keep ourselves warm."

In these tragically simple words Seaman Oscar Kindell told before a Board of Trade inquiry at Caxton Hall, London, of the result of fourteen days of awful suffering and hard ship after the Columbian had been lost by fire in the Atlantic.

There were fifteen in the boat, and the second officer was in charge. Two steamers were sighted, and although frantic efforts were made to attract attention the signals were not observed. He added:

"We did not know where we were drifting. We rowed for two hours at a time to keep ourselves warm. The water beaker was three-quarters full and we had biscuits. We were given fresh water in half pints by Mr. Thiele, who served it out very carefully. He gave us two biscuits a day at first, and then we had one.

"We could not keep warm, for we were wet all the time, and our clothing stiffened up with the cold. The men died from starvation and exposure. The first one died from drinking salt water. Then one night we had a heavy rain and we got some rain water, and one man died from drinking too much of it.

"When we were rescued we just had a few crumbs left, which we had mixed with shoe leather. There was a little water left." Witness said he had not quite recovered from his terrible experience. Several of the counsel refrained from questioning him, and offered him congratulations on his miraculous escape from death.

POWER OF ENGLAND

The sympathy and support which Great Britain is receiving from her Overseas Dominions show the advantage of the colonization scheme undertaken by Great Britain in the last century. Among the ten or twelve chief modern world powers the English-speaking nations are the most important both from a numerical and industrial standpoint. The ten or twelve chief nations of the world number 450,000,000 people. About 30 per cent. of these or 150,000,000, speak the English language; about 90,000,000 speak Russian; 75,000,000 German; 55,000,000 French; 45,000,000 Spanish; 35,000,000 Italian and 12,000,000 Portugese.

An illustration which shows the progressiveness and intelligence of the English-speaking people is the fact that two-thirds of the letters that pass through the world's post offices are written and sent by English speaking persons. In other words while only one-quarter speak the English language two-thirds of the correspondence is in that tongue. Although 90,000,000 speak Russian, the letters in Russian amount to less than one-tenth of those mailed in Great Britain alone—which has less than half the Russian population. English is the language of commerce of finance and of industry.

Minard's Liniment Co., Limited.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,
A. E. ROY,
Carriage Maker
St. Antoine, P. Q.

MONTREAL LOAN FLOATED.

Montreal, Aug. 17—Mayor Martin and Controller Herbert this afternoon announced that the city had succeeded in floating a loan of $7,300,000 in New York at a more advantageous figure than the loan in 1913, notwithstanding the war and the general stringency.

LATE ADMIRAL DRURY.

London, Eng. Aug. 17—The late Admiral Sir Charles Drury left an estate valued at $34,000. He left interesting heirlooms to Colonel Drury of the Canadian artillery, Halifax, including a diamond stud presented to his uncle by King Edward when visiting Canada as Prince of Wales. He also left several bequests to naval charities.

GERMAN CRUISERS DAMAGED.

Rome, Aug. 16—The commanders of Italian steamers arriving from the Orient state that the German cruisers Goeben and Breslau did not escape unmolested. They were attacked several times by the English cruisers, which, however, were not able to overtake them. It is believed that the Germans took refuge in the Dardenelles only after being damaged.

ITALY'S STAND.

Rome, Aug. 16—It is announced that the foreign office is preparing a green book to further demonstrate the efforts made by Italy throughout the negotiations and until the last moment to prevent a conflict. The book will also justify Italy in her neutral standing.

ISLAND CRICKET LEAGUE.

Standing of Clubs in Both Divisions at Close of Season—Victoria and Civil Service Head Divisions.

Mr. Crawford Coates, the honorary secretary of the Island League Cricket Association, in announcing the standing of the various clubs in the two divisions of the Island League to the close of the season on August 2, requests that if secretaries find anything in the following table that does not tally with their own records, they will notify him, giving particulars of the games as to which differences occur.

Mr. Coates also stated that in several instances awards of matches have been made to certain clubs as wins where the other side failed to keep their engagements, and in such cases the game is debited to the club so failing as a match played and lost.

"A" DIVISION.

	P.	W.	L.	Pts.
Victoria	9	8	0	25
Cowichan	11	8	3	24
Nanaimo	11	6	5	18
Incogniti	8	4	3	13
Albion	11	5	6	15
Garrison	9	2	7	6
Oak Bay	5	0	8	0

Victoria and the University Incogniti gained one point each for their drawn match. Cowichan was awarded two matches, or six points for matches in which the other side failed to play. Nanaimo was awarded one match, or three points, and the opponents debited with the matches as lost.

Morton 3, Kilmarnock 1.
Motherwell 1, Raith Rovers 2.

GOLF CHAMPIONSHIP

Chicago, Aug. 17—Nearly all the 132 golfers entered in the National open championship, including all the leading professionals and several well known amateurs of the United States and Canada, today swarmed over the links of the Midlothian Country Club in final practice play. The first qualifying round of eighteen holes will be played tomorrow. Sixty-four players will take part.

At the Olympic games held at Stockholm in 1912, the quick recording of the camera was used as an official guide with great success in determining doubtful finishes in the various track contests.

A GOOD CHANCE.

Grand Rapids, Mich., Aug. 17—At least one "white hope" is willing to work, as was proved when the application of Al Kubiak, former heavy weight pugilist, was received by the board of fire and police commissioners on Saturday for his old job as a patrolman.

Kubiak was a Grand Rapids policeman before he started in to vindicate the Caucasians in the padded arena. The board will admit him when he has passed a physical examination. The board did not mean this as a slam at the physical prowess of the white heavyweights. It was simply a matter of form.

Toronto, Aug. 17—Mayor Hockin held a conference with several insurance experts regarding the proposal to insure the lives of the Toronto members of the Canadian contingent. Quotations already received place the minimum at $100 for each $1000 policy.

Minard's Liniment Cures Diphtheria

Heraldgrams

(Continued from Page 1)

tion towards any Polish prisoners she may take. The two countries have reached an understanding to this effect.

Paris, Aug. 17.—According to official reports made public today, a German aeroplane reconnoitring over Gives, in the departmen of Namur, Belgium, was met with a strong fire from the Belgiums. The machine fell near Hastier.

Brussels, Aug. 17—At Dinant, a party of ten Uhlans encountered a detachment of Belgiums. Seven of the Uhlans were killed and three captured.

Montreal, Aug. 17—"I strongly approve full pay," said Controller Cote "that all civic employees who leave their positions to go to the front and fight the country's battle should be allowed full pay by the corporation."

Montreal, Aug. 17—Sergt. George Hooton, of the artillery, will not be court martialled for the killing of Antoie Notter, the French reservist, in front of the drill hall on Craig street on Friday afternoon.

Regina, Sask., Aug. 17 — Regina women have raised $2500 towards the Canadian hospital ship fund.

Montreal, Aug. 17—Instructions were sent out from police headquarters today to the captains of the stations throughout the city that hotel and restaurant keepers through out the city were to be instructed that no liquor was to be served to soldiers in uniform after 8 o'clock at night.

Ottawa, Ont., Aug. 17—The Minister of Militia has issued a statement calling public attention to the fact that at present it is urgent and necessary for strictly guarding all the stores of arms and ammunition and other munitions of war and that therefore due regard should be given to the fact that no one should approach such places without permission of the sentries on guard.

Ottawa, Aug. 17—In regard to the shooting of a French reservist named Notter by Sergt. Hooton at Montreal on Friday last, Colonel Hughes has written Mayor Martin that Sergt Hooton will be surrendered to the civil authorities for trial. The minister notes that since martial law has not been proclaimed, the civil law is supreme.

New York, Aug. 17—The British cruisers Drake and Good Hope are now on duty off the Atlantic coast, according to announcement at the British consulate here tonight.

It was stated that word had been received from Admiral Craddock in charge of the British fleet in these waters, that these cruisers had arrived since Saturday.

London, Aug. 17.—9:25 p.m.—The British army council has decided not to allow the correspondents to accompany the expeditionary force for the present. Some passes had been issued, but these were revoked.

Fairbanks, Alaska, Aug. 17.—Constant rain during the last week has caused a flood in the Tanana Valley and today the river was higher than it has been since the high water of 1905. The Turner street bridge, which connects the business district with the Tanana Valley railroad yards of Garden Island, was washed out today.

London, Aug. 18.—1:30 a.m.—An Exchange telegraph dispatch from Hainz says that the German Emperor, accompanied by three of his sons, including Crown Prince Frederick William, has arrived here.

Ottawa, Aug. 17.—Unless provisions for same is made by the Dominion government, Ottawa will likely, in addition to furnishing a battery of machine guns, insure the life of each of the members of the overseas contingent from Canada for $1,000.

London, Aug. 18.—3:10 a.m.—The Daily Mail's Copenhagen correspondent says the German general staff has refused to allow newspaper correspondents with the army. Only the general staff will be permitted to give out news of the operations.

Montreal, Aug. 17—Six hundred dollars was added tonight to the fund for families of Canadian soldiers who are going to fight for the Empire, this being the amount obtained from "free illustrated lecture" in Windsor Hall, under the auspices of the Canadian Club of Montreal, on the British navy.

Berlin, Ont., Aug. 17—Three local trunk making firms have received from the militia department to manufacture seven thousand sets of Oliver equipment; two thousand rifle buckets and five thousand rifle slings.

Five shoe manufacturers will make twenty thousand pairs of men's shoes and a local shirt factory will make up ten thousand service shirts.

Japanese Cruiser After The Leipzig

San Diego, Cal., Aug. 17— Under orders to follow the German cruiser Leipzig, the Japanese cruiser Idzuma left the harbor here late this afternoon with decks cleared for action. Captain Moriyama, commander of the warship, made no secret of his plans.

"We are going to San Francisco," declared Captain Moriyama, just before his ship left. "If the Leipzig remains near San Francisco, we shall remain there too. If the Leipzig leaves for Samoa or for the Canadian coast we shall follow wherever she goes. The Japanese consul general at San Francisco will keep me informed by wireless as to the German ship and its movements."

Shortly before the Idzuma sailed the United States torpedo boat destroyer Hull left the harbor at a fifteen knot clip. Off Point Loma, however, the American warship slowed down and it is believed the Hull's commander has orders to watch the Japanese cruiser in order to protect American neutrality.

San Francisco, Aug. 17.—"We shall engage the enemy whenever and wherever we meet him. The number or size of our antagonists will make no difference to us. The tradition of the German navy will be upheld."

Such was the parting speech of Captain Haun, of the German cruiser Leipzig tonight to a group of newspapermen aboard the warship, which, with 575 tons of coal in her bunkers sufficient to carry her to Apia, Samoa, the nearest German port, lies at anchor in this port ready to put to sea before her 24 hours of grace shall have expired an hour after midnight.

Today has been a busy one aboard. Fresh meat, various provisions, 105 tons of fresh water and a quantity of lubricating oil have been taken aboard since she dropped anchor at 1 a.m. The only hitch in the proceedings occurred when collector of the port Davis ordered coaling stopped until written application had been made by the German vice-consul Henry Von Schack. This formality having been accomplished, coaling the ship began in earnest at 10:45 a.m., and continued until after sun down.

Austria Checked by Servian Armies

London, Aug. 18—The Daily Chronicle learns on high authority that although the Austrian forces took positions on the Servian frontiers as long ago as July 24, they have not made any serious headway since.

The chief of the Servian general staff reckons that the Austrian forces on the Save and Danube, will exceed 250,000, the greater part of which is concentrated opposite Belgrade and commands the Danubian fort of Sumatra. A considerable force is also on the Save and Drina on the extreme northwestern frontier of Servia. At seven different points on the Danube and the Save, the Austro-Hungarian troops attempted to pass these rivers but in all cases were repulsed. More success attended their efforts at Shazate and Loznitza, on the Save but as these places are entirely unprotected and offered parctically no opposition.

So cautious are the Austrian commanders that they make no attempt to proceed to capture of the fortified position behind Loznitza. On the other hand, the Servian troops, emboldened by the apparent slowness of the Austrian forces have crossed the frontiers of Bosnia and Herzengovina at several points and already have penetrated at Sinsantrude and Forca where they were in touch with the forces of Montenegro, which have been marching northward along the Drina. Their object, of course, is to prevent the Austrian forces from Sarajevo being commanded along the great military road from the Servian frontier through Pledit to Novibazar.

Rumors are already current that the gradual movements of the Russian arms on the Galican frontier is compelling the Austrian to move some of their best troops from the Servian border.

BABY DASHED TO GROUND AND KILLED

London, Aug. 18—1:20 a.m.—A Reuter dispatch from Rennes, France, says: Madame Guillon, a wealthy resident of Combourg, a town a short distance southeast of Saint Malo, has arrived here, and told how her husband and baby were killed by a mob in Hanover, Germany. The grief stricken women said:

"....e were expelled on August 2 nd. from Kolberg (a town of Prussia in Pomerana) and tried to reach France through Switzerland. But we were turned back before we reached the German frontier and compelled to retrace our steps and go by way of Holland."

"On arriving in Hanover, my husband and myself were arrested as spies and stoned by a mob, despite the efforts of the police. My husband unfortunate-y lost his self control and cried "long live France" and "long live England," whereupon he was shot.

"Two friends who tried to intervene also were killed. Our baby, which wore a cape bearing the word "France" was torn away from me dashed to the ground and killes.

"My brother-un-law was thrown into prison at Bentheim. I escaped and after various adventures succeeded in reaching Holland."

WHEAT CROP IS NORMAL

London, Aug. 17—An illustration of the normal wheat imports is shown in the 2,400,000 cwt. imported last week against 2,500,000 cwt. a year ago.

BELGRADE SUFFERS FROM BOMBARDMENT

London, Aug. 18.—1:15 a.m.—A despatch to the Reuter Telegram Company from Milan says that Corriere Della Serra has received an account of conditions in Belgrade in consequence of the bombardment of the city by the Austrian on the opposite bank of the Danube.

The streets are silent and deserted the article says, and the people of the town are living in cellars. Three thousand shrapnel shells have fallen in the city during the lasr week. As yet little damage has been done to the property, but a shell falling on the Central Electric Works put half the town in darkness. The stables of the Royal Palace are in ruins. Up to the present fifteen citizens have been killed, while many others have been injured.

WILL GIVE THE JEWS LIBERTY

London, Aug. 18.—2:45 a.m.—The Paris correspondent of the Exchange Telegraph Company learns that the Russian Emperor will sign a proclamation at early date giving the Jews in his dominions equal civil and personal rights with his other subjects.

ROOMS OF NANAIMO HOTEL CHANGE HANDS

Mr. and Mrs. Robert Smith, former residents of Nanaimo, recently of South Wellington, have taken over the rooms of the Nanaimo hotel.

Messrs. Wilkinson & Merryfield, proprietors of the premises, have recently completely renovated the rooms in connection with the hotel with the result that the Nanaimo hotel today affords accommodation second to no other hostelry in the city. There are 35 rooms on the premises, the majority of which are located in the new addition to the block and are all fitted with the most modern conveniences.

Both Mr. and Mrs. Smith are well known in Nanaimo and district and as they are thoroughly competent to conduct the premises on first class lines should, and no doubt will, receive a fair share of the public patronage.

DIACK—SPENCE

At St. Andrew's Presbyterian Manse last eveninb Rev. Dr. McLennan united in marriage Mr. Adam Diack, late of Aberdeen, Scotland and Miss Jessie Spence, recently from England. The couple were attended by Mrs. McLennan and Miss Jean Bullock.

After a honeymoon trip to the mainland Mr. and Mrs. Diack will take up their residence in South Nanaimo.

WOULD MAKE PEACE WITH BELGIUM

Berlin, via Copenhagen, Aug. 17—The German government in a note to the Belgian government intimated that the Belgians had so brilliantly proved their honor in arms that the German government after taking Brussels would be willing to conclude any arrangements compatable with the conflict between Germany and France and would evacuate Belgium as speedily as war conditions permitted. The Belgian government on August 13 again refused the German proposition.

MOBILIZING AT VALCARTIER

Quebec, Aug. 17—There was little ordinary route at the Valcartier mobilization camp today. The work of preparation is being rushed, but it is not likely that many troops will be received until the water service is completed which will hardly be before the end of the week.

TELLS STORY OF BIG GERMAN DEFEAT.

(Continued from Page 1)

Scouts uppermost, in token of surrender.

Great indignation was expressed by the soldiers who took part in the days engagement at the deception practiced by the Germans in their attempt to surprise the Belgian position. I, myself, did not actually see the Germans dressed in Belgian uniforms but I am assured by several officers who were present at the beginning of the fight that the advance guard of the Germans was unquestionably composed of men in Belgian uniforms. Everybody expressed profound regret that none of the military decoys were taken prisoners, for the Belgians would have been within their rights in ordering their summary execution. The prisoners whom I saw belonged to the Seventh Hussars. All seemed very glad to find themselves safe in the Belgian lines. They ate ravenously of the food offered them. All told the same story of being utterly sick of the war, the why and wherefore of which they knew nothing about. One prisoner, a corporal, admitted that the German supplies were short, food was scarce and the troops were consequently on short rations. He told me that the regiment which fought on Sunday had been absent from its supply base for over two days, and had been considerably harassed by the Belgians. In the meantime they had existed on what little food they could pick up in their wanderings. Their horses too, had had little rest and were on their last legs. Neither men nor horses were able to withstand the shock of the Belgian charge The wounded were all cared for and the prisoners whether injured or whole, are humanely treated by the captors.

One of the Germans who was taken said that he had been told that the Belgians killed every prisoner they captured. His astonishment and gratitude may be imagined on learning that no harm would befall him by Belgian hands. The same prisoner asserted that the German cavalry had been assured by the officers that the Belgians would run away at the first appearance of the dreaded Uhlans.

BRIEF MENTION

Board of Trade today 4 p.m.

Mr. J. S. Knowlton, formerly of Nanaimo, now of Vancouver, was in the city yesterday on a business trip.

Mr. Henry Crew left for the mainland yesterday afternoon on a business trip.

A meeting of the Women's Auxiliary of the Nanaimo hospital was held yesterday afternoon when the business in connection with Tag Day was settled.

Gross Receipts $506.25
Expenses 25.40

Net Receipts $480.85

Votes of thanks were passed to the following: Mr. Beech and assistants for $100.00 from concert on Newcastle Island, Mr. Langton for donation of $10.00, Mr. Beattie for printing tags, the Bijou Theatre and the daily papers for advertising Tag Day.

No better flour than "Purity Flour" for making more bread and better bread. Read guarantee on sacks. Brackman Ker Milling Co., Phone 485.

Miss Sadie Boyce, Victoria Road, returned last evening from a month's visit to friends in Seattle.

There will be a meeting of the members of the Nanaimo Leek and Vegetable Club on Wednesday night at 7.30 in the Provincial club. All members are requested to be present.

Carpenters wanted immediately. Estimates for the erection of Store Fixtures. Apply Old Country Store. 1t

Mrs. H. Hasenfratz, Comox Road, returned last night from a visit to friends in the Terminal City.

Mrs. W. Lightfoot, Haliburton St., returned last night from a business trip to Vancouver.

Onward Lodge, No. 2. I. O. G. T. will meet tomorrow evening at 8 o'clock. The Grand Chief Templar will visit the lodge to confer the District Degree.

Miss Myrle Wanborn returned home to Vancouver yesterday after spending a vacation at Wekneadarest Kamp.

NATIONAL BOARD MEMBERS GO EAST

International Board Member Harkin left on Thursday morning in company with Pettigrew, holding the same position in District 28, for Indianapolis, called there to attend an International Executive Board meeting. The former will be back in time to attend the reconvened convention. —Seattle Union Record.

LOCAL SUBSCRIBERS TO HOLD A MEETING

Nanaimo subscribers to the South Wellington Fire Relief Fund are requested by His Worship Mayor Planta to meet in the Council chambers on Thursday afternoon of this week at 4 o'clock for the purpose of discussing matters in connection with the distribution of the fund.

Further donations to the fund are as follows:

Onward Lodge I. O. G. T. $30.00
Friends (Collected by J. McLeod) 12.50
Mrs. W. E. Webb 10.00

STILL LOYAL TO THE OLD FLAG

That the war is filling the thoughts of Britishers living outside the flag is shown in a letter from Mr. Hugh Aitken, an old Nanaimoite to Mr. C. H. Beevor-Potts. Mr. Aitken is now living in Los Angeles, and in the course of his letter after discussing the origin of the war and the issues it involves he says:

"Sympathy down here is entirely with Britain and France with the exception of the German element and many among them express the opinion that the Kaiser has gone crazy. I hope sincerely it will not be necessary to draft Canadians but should it be necessary I should be willing to fight for Britain in this war."

Among the passengers from Vancouver on the SS. Princess Patricia last evening were J. Fee, E. S. Hoskins, Dr. F. S. Reynolds, Miss E. Waugh, Mrs. W. Lightfoot, D. H. McGillivray, Mrs. H. Hasenfratz, Miss P. D. Dick and J. Davidson.

WILL REPAIR TOWNSITE BRIDGE

(Continued from Page 1)

requesting the usual donation to the annual exhibition of the Society.

On motion of Ald. McKinnell, the usual yearly donation of $150 was granted.

Ald. Forrester wrote the Council thanking it for the resolution of condolence in connection with the recent death of his brother.

The Street Committee reported as follows in reference to the Millstone River bridge.

Gentlemen,—We, your Streets Committee beg to report that we have had the City Engineer examine the present Millstone Bridge and in view of his report to us we beg to recommend the following repairs be undertaken at once.

The tearing up of the present upper deck and a new two inch deck built replacing the same. That all necessary bracing needed be new be employed and that all hand rails be braced and parts renewed where necessary. The estimated cost of this work is $385.

Respectfully submitted,
H. McKENZIE,
J. R. McKINNELL,
W. J. FERGUSON,

On motion of Ald. McKenzie, seconded by Ald. McKinnell, the report of the committee was received and the recommendation adopted.

Ald. Forrester remarked he did not see the advisability of spending so much on repairs which was practically one third the cost of a new bridge and he would prefer the erection of a new structure.

Ald. Busby was of the opinion the finances of the city would not allow of a new bridge at the present time, and in order to guarantee the safety of the public repairs would have to be made at once.

His Worship suggested that a cribbing be built at the approaches and filled in behind with ashes, gravel, etc.

City Engineer Owen reported an expenditure in wages during the week of $402.10 on streets account and $142.05 on water works. He also reported the Nicol street regrade had to date cost $3991.60.

In reference to the Wentworth St. sidewalk assessment Ald. Cavalsky informed the Council he had interviewed the solicitor on the matter and he could not give any further information than the Committee had given at the last meeting of the Council.

The Council was not satisfied with the decision of the city solicitor and decided to seek further advice, the committee being granted a week's further time to report in the matter.

On motion of Ald. McKenzie, the Council resolved itself into a committee of the whole to further consider the Albert Street Regrade Bylaw. The bylaw was reported complete from committee and given the third reading.

Council then adjourned.

CIVIC EXPENDITURE DURING THE WEEK

The civic expenditures during the past week totalled $544.15, the principal items of expenditure being as follows:

Nicol street	$154.15
Cavan street	35.40
Kennedy street	30.40
Robins street	18.00
Hecate street	5.00
Commercial street	7.60
Haliburton street	12.00
Bastion, Com'l and Church	18.00
Fire Hall	106.55
Miscellaneous	15.00
Water Works	135.80
Service Work	6.25
Total expenditure on Nicol street up to Aug. 15	$3991.60

GRAIN FOR ENGLAND.

Boston, Aug. 17—A shipment of more than 600,000 bushels of grain to England in five British steamers will be made from this port during the present week.

WAGNER SAYS HE WILL LAST FIVE YEARS MORE

Old Honus Wagner doesn't talk overmuch as a rule, but recently he unlimbered a bit and speculated on the future. Does Honus think his days as a ball player are about through? He does not.

No; the wonderful Teuton opines that he has five years more of big league ball in his system, and that he will again lead the National League in batting.

AUSTRIAN CRUISER SUNK.

London, Aug. 19 (1.20 a.m.—An official message received in Rome from Vienna says the Austrian cruiser Zenta was sunk in a naval battle off Antivari last Sunday, according to a despatch to the Exchange Telegraph Company.

The cruiser Zenta, which was built at Pola in 1897, was 303 feet in length and a displacement of 2,264 tons.

Canada Will Vote Fifty Million Dollars

Ottawa, Ont., Aug. 18—The war appropriation will be fifty million dollars. Notice was given by Sir Robert Borden this afternoon that on Thursday he would move in committee of the whole a resolution granting fifty million dollars to His Majesty towards defraying any expense.

The defence and security of Canada.

The conduct of naval and military operations by Canada.

The promoting of the industry and business, whether by means of insurance of indemnity against war risks or otherwise.

The carrying out of any measure necessary or advisable by the governor-in-council in consequence of a state of war."

The resolution further authorizes to raise such monies as are required by loan.

This step is taken to mean that at present at least there will be no war taxes, but that the money required will be raised by loan and added to the public debt.

Ottawa, Ont., Aug. 18—The preliminaries in connection with the opening of the war session of the Canadian parliament were quickly disposed of this afternoon. They were both brief and impressive. It was exactly twelve minutes past 3 o'clock when the black rod tapped on the door of the Commons chamber and summoned the faithful commoners to the upper house, there to hear His Royal Highness, the Governor-General, read the speech from the Throne.

By half past three the impressive proceedings in the upper house had terminated and the members were back in their places. At 3:45 o'clock

(Continued on Page 4)

Germans Repulsed By French Artillery

London, Aug. 18—A Reuter despatch from Brussels says that the Germans made another attempt to cross the Meuse today by a bridge not far from Dinant, where cannonading was resumed. The French artillery repelled the attack with considerable loss.

London, Aug. 18—A Paris despatch to the Exchange Telegraph Company says:

"Senator Paul Doumer, former French minister of finance, who has returned from the fighting line in Belgium, says that three Zeppelin dirigibles wh ch were reconnoitering over the war zone were destroyed, and one fell into a forest and was wrecked.

"The spirits of the French soldiers, according to M. Doumer, is strengthening by the feeling that the artillery is superior to that of the Germans."

London, Aug. 19 (12:50 a.m.—In a despatch from the Brussels office, the Exchange Telegraph Company's correspondent says:

"The German movement towards the Belgian centre seems to have been checked at Landen and Gembloux. Further movement of the enemies troops have been observed. The German prisoners in Belgium will be sent to England."

Paris, Aug. 18—The French authorities and other officials here continue to warn the public that it must be prepared for bad as well as good news, as it is evident that along such an immense front the horrors of war must carry. Granted they say, that the German army has not the strong inspiration of the allies—and the accumulation of details of outrages on defenceless villages indicate that they are to some extent demoralized before the campaign is fully developed. It is only an untrained imagination that thinks an enormous army of today can rush to a sudden and universal victory."

Germans Hemmed in By Hostile Armies

London, Aug. 19 (3.50 a.m.)—The Daily Express' correspondent, a Belgian who was expelled Monday according to the Belgian government's decision to allow no outside newspapermen in Belgium, arrived in Ostend yesterday, and sent the following despatch:

"The great battle may be said to have been started on Saturday when an attack was made on a French position south of the river Meuse. This feint attack, without much weight, was beaten back. On Saturday the real German attack began in an attempt to strike toward Waterloo and France. The battle started with the pushing forward of cavalry supported by infantry and artillery,

"This entire force, as soon as it came in contact with the Belgians, was virtually surrounded and its advance guard exterminated. The shattered fragments fell back on the massed armies awaiting to attack.

"Later on Sunday the main German attack began from St. Trond, eleven miles east of Tirlemont. The fighting was tremenduous, heavy losses being suffered on both sides.

"By sheer weight of numbers the Germans finally forced the Belgians back on their second line. Then the French came up and heavy firing was heard all along the line all day yesterday at Wavre. They cut across these, using the smaller roads. The Germans were unable to operate their heavy artillery.

"The outstanding fact in the developments of the present week is the dramatic abandment of Brussels, which was an act of self-abnegation by the Belgians. The Belgian state leaders almost broke down and wept in the council chamber when they decided, for the good of Europe, Belgium must allow the Germans to enter Brussels.

"Brussels is being held out to Germany as a bait. Germany may destroy Brussels, but the deeper she strikes the more surely does her head enter the dog's mouth. On the front and on all sides Germany will find hostile armies.

"History is about to repeat itself. A second emperor is about to meet his Waterloo."

KILLED BY AUTO.

Seattle, Aug. 18—Captain Andrew Welding, 55 years old, commander of the revenue cutter Rush, died in the city hospital tonight of a fractured skull received Saturday night when he was struck by an automobile driven by Mrs. C. H. Wharton, wife of a dentist.

WILLING AT FIFTY-TWO

London, Aug. 18—The Brussels correspondent of the Daily Telegraph says in a letter received from St. Wandville Abbey that Maurice Maeterlinck asks what corps of volunteers he can join, despite his 52 years. The enemy of mankind must be fought at all costs.

NAVAL BATTLE IS REPORTED

London, Aug. 19 (1 a.m.)—A despatch to the Central News from Harwich says that an engagement occurred early Tuesday morning in the North Sea about 100 miles off Harwich. The statement of the correspondent is not confirmed by the official bureau.

REGINA IS LOYAL.

Regina, Sask., Aug. 18—The city council decided tonight by an unanimous vote to hold open positions, or guarantee others just as good to all civic employees who go to the front in the first local contingent. The sum of $100 for the purchase of field comforts was voted.

More than 400 men, members of the Regina contingent for foreign service, are now encamped at the Exhibition grounds.

PAID MILLION FOR SUBMARINES

Ottawa, Aug. 18—Copies of orders-in-council passed since the outbreak of the war and tabled in the Commons this afternoon show that the government paid $1,057,000 for the two submarines purchased from Chile. An order was placed with the Ross Rifle Company for 30,000 rifles and bayonets at $33.25 for each rifle complete, aggregating approximately $1,000,000 and that a third war expenditure was an order to the Canada Tool and Specialty Company of New Glasgow for the conversion of 10,000 long Ross rifles and sights to correspond woth the present mark III rifle at $3.50 each. This work is to be completed by April 1, 1915. Total expenditures on these three items is about $2,100,000. The expen diture of the submarines which had to made at once, was issued by a governor-general's warrant.

The dimensions of the submarines are given as follows:

Displacement 313 tons; length 134 feet and 152 feet respectively, beam 15 feet; speed 13 knots submerged. The order-in-council ratifying the purchase was passed on August 7, or three days after war had actually been declared by Great Britain.

MUTINY OCCURS IN AUSTRIAN ARMY

London, Aug. 19 (2:20 a.m.)—It is officially stated in Paris that the mobilization of the Austrian army was accomplished by much disorder and even mutiny in many places owing to the unpopularity of the war among many classes of the people. This information is conveyed in a Paris despatch to the Daily Telegraph, which continues:

"In many parts of Austria enthusiasm for the war is completely lacking and the people complain bitterly against spending blood and money in the case." The official adds that a large number of Czech soldiers have been shot at Prague for refusing to fight and that during the night of August 9 a whole Serb regiment of the Fifteenth Austrian army corps mutinied. A similar mutiny occurred in Bohemia."

ROWAN--KNEEN WEDDING TUESDAY

A pretty wedding took place last night at the residence of Mr and Mrs. Jno. Rowan, Victoria Road, when their daughter, Jane Stewart Rowan was married to Harold Kneen. The Rev. Dr. McLenn performed the marriage ceremony in the presence of a large number of friends of the bride and groom. Miss Margaret Rowan, sister of the bride acted as bridesmaid, while the groom was supported by his brother George W. Kneen. After a short honeymoon Mr. and Mrs. Kneen will take up their residence in Nanaimo.

GENERAL F. L. LESSARD

who will command the first Canadian troops to go to the front.

HERALDGRAMS

Paris, Aug. 18—President Poincare will sign a decree tomorrow authorizing the race track authorities to pay over a part of the proceeds of the parimutual betting to the Red Cross Fund.

Montreal, Aug. 18—Eight hundred French reservists will sail from Montreal tomorrow, according to information at the French consulate here today. Many of the men have lived in Canada. Others have come from the United States and Mexico.

Rome, Aug. 18—Pope Pius is not in so serious a condition as was expected, according to information issued here today.

Paris, Aug. 18—The Paris Bourse was somewhat more animated today. The list of transactions included 120 varieties of shares and bonds. Curb trading which was resumed yesterday also took a wider range today.

Paris, Aug. 18—The American volunteer corps has up to date a total of 120 names on its rolls.

These American volunteers purposed to fight for France and will be commanded entirely by French officers.

London, Aug. 18—An official despatch to the French embassy says:

"The Germans have abandoned Saarebourg, where they were strongly established with heavy artillery."

London, Aug. 18—An official statement issued by the French embassy in London tonight says:

"The Liege forts are still holding out. Not one of them has been captured."

Paris, Aug. 18—A German monoplane which had hoisted the French flag, today dropped three bombs on Luenville, 16 miles east of Nancy, from a height of 4500 feet, according to an official announcement issued this evening. The missles exploded in a public garden. No one was hurt and only slight damage was done to property.

MEXICO CONTROLLED BY REBEL ARMY

Mexico City, Aug. 18.—Perfect order has been maintained in the capital since its occupied by the rebels. The call for the delivery within eight days of arms in the possession of inhabitants is meeting with general acquiescence.

It was decided today to resume the passenger and freight train service leaving the capital.

General Carranza's headquarters are being moved to the outskirts of the city in preparation for triumphal entry into the capital of the new provisional president next Thursday.

STEAMER IN DISTRESS.

Victoria, B. C., Aug. 18—A wireless message from Digby Island says: "Picked up distress signals from the SS. Prince Albert at 9:20 p.m. Boat breaking up on Butterworth rock in dense fog. Prince John and Lillooet advised and are rushing to assistance."

GERMANY REPORTS LIEGE CAPTURED

London, Aug. 19 (4 a.m.)—A despatch to the Daily News from Namur says it is reported there among the soldiers that the Belgians have blown up and abandoned some of the forts at Liege.

London, Aug. 19 (3.53 a.m.)—A Brussels despatch to the Mail says it is learned on the highest authority that on Monday the Liege forts were still holding out. They were cut off from the Franco-Belgian field forces and surrounded by Germans but continued their resistance.

Rotterdam, Aug. 19 (4 a.m.)—It is asserted here that the forts at Liege were dynamited by the Belgians after they had been evacuated, the action of the Belgians being due to the arrival of Germany's heavy motor batteries.

London, Aug. 19 (3.30 a.m.)—The Belgian minister, according to a Brussels despatch to the Daily Mail, announces that the report of the fall of the Liege forts, "appears to be false, as nothing has been heard of it by the ministry."

CANADA'S FORCE FOR THE WAR

Ottawa, Ont., Aug. 18—An order-in-council providing for the Canadian expeditionary force of one army division defines the number of officers and men in the various units. The total embarking strength of the force is to be 22,218, although upwards of 25,000 men will mobilize at Valcartier. Commanders and staffs number 90; cavalry 157; artillery, 3,888; engineers 442; signal service 698; army vetrinary service 11; ordinance corps 18; army pay corps 2; postal corps 15.

In addition to this there will be 1750 officers and men at the overseas base and 2393 in the administrative units available for reserve for reinforcing purposes, infantry 12,195; army service corps 567 and army medical service 698.

CANADA BUYS AEROPLANES

Ottawa, Aug. 18—The militia department has acquired several aeroplanes of recent design for use in connection with Canada's expeditionary force, if on trial they are found to be up to expectations.

ARMY RESERVISTS LEAVE MOOSEJAW

Moosejaw, Sask., Aug. 18—Officially bidden goodbye and God speed by the heads of the civic organization and the Board of Trade, 18 British army reservists left here this afternoon on the Winnipeg Express. They are all residents of this city and district. They were given an enthusiastic send off by three thousand people. The band of the sixtieth regiment of Canada and the whole rank and file of the overseas contingent from that regiment were at the station to see them off. While shaking hands with the men Mayor Pascoe handed over a portion of the $500 voted by the city council for the comfort of the reservists, militia and legion of frontiersmen that will represent Moosejaw on the battlefields of Europe.

WAS A MOST BRILLIANT WEDDING

The home of Mr. and Mrs. Bing Kee, Skinner street, was the scene yesterday afternoon of a pretty and interesting marriage ceremony, when their eldest daughter, Miss Gladys, was united in marriage to Mr. Benjamin K. Wong, son of Wong Sai Wong, a prominent chinese merchant of Victoria. The wedding and reception were most elaborate and were done in the English style, the ceremony being performed by Rev. Mr.

(Continued on Page 3)

HEAVY FIRING HEARD

London, Aug. 17—3:30 a.m.—The Amsterdam correspondent of the Post says a telegram has been received there from Texel Island, reporting heavy gun fire Tuesday morning in a westerly direction.

Texel Island is in the North Sea and is the southernmost of the Frisian Islands, forming part of the province of North Holland.

Kitchener Appeals To British Soldiers

London, Aug. 18—Field Marshal Earl Kitchener's soldierly homily to the men of the British expeditionary force, which he directed that every soldier should keep in his active service pay book, was textually as follows:

"You are ordered abroad as a soldier of the King to help your French comrades against the invasion of a common enemy.

"You have to perform a task which will need your courage, your energy and your patience.

"Remember that the honor of the British army depends on your individual conduct.

"It will be your duty not to only set an example of discipline and perfect steadiness under fire, but also to maintain the most friendly relations with those whom you help in this struggle.

"The operations which you will be engaged in will be in a friendly country and you can do your country no better service that showing in yourself in France and Belgium the character of a British soldier by being invariably courteous, considerate and kind.

"You are sure to meet with a welcome and to be trusted. Your conduct must therefore justify that confidence and that trust.

"Your duty cannot be done unless your health is sound, so keep constantly on your guard against unwise excesses.

"In this new experience you must find temptation both in wine and women. You must entirely resist both temptations and while treating all women with perfect courtesy, you should avoid any intimacy.

"Do your duty bravely. Fear God and honor the King.

(Signed) Kitchener, Field Marshal"

London Says War is Only Starting

London, Aug. 18—The Chronicle takes the occasion of the announcement of the relative British expeditionary forces to reduce to their true proportions the engagements so far fought.

"It is a great misfortune," it says "that a large section of the British public are getting the impression that the Germans are already beaten. This impression is quite premature. The military calculations at the outset of the war was that Germany would probably win the first ground, but if our nation and the French could go on after that without panic they would with pressing persistance pull her down. This is still probable. The calculation is that the first round has not yet been fought; it has not even begun. There has so far only been sparring."

The Chronicle's editorial referring to the official publication of the news of the landing of the British expeditionary force on French soil says:

"The announcement shows that under Kitchener's direction the nation is now in a position to assert what influence its small but highly trained army can have on the military fortunes of war. It does not show more, nor should it at this stage when all must still be in secrecy in preparation for the great blows which have not yet been struck."

Will Cast Mukden Into Insignificance

Loadon, Aug. 18—As far as the corden of secrecy which the combatant nations have drawn around the Franco-German frontier will permit, the battle which is to cast Mukden into insignificance has not yet occurred. Encounters which military historians a month from now may describe as "reconnoissances in force" are proceeding all along the border. They are heralded by both sides as battles and victories.

The German government has announced that the Liege forts have been destroyed and the defenders buried beneath the ruins.

The French government declares that the forts are still holding out.

From Brussels word that the German movement towards the centre of Belgium has been checked, while from the French embassy in London, the statement has been issued that the Germans have retired from the important outposts of Saarbourg.

An ironclad veil of the unauthorized intelligence from Belgium which the war office frankly communicated to the papers last night that the three allied armies had agreed upon has been enforced to the letter.

The censorship of the British offices follows closely that enforced by the Japanese during the war with Russia, with the exception of one unique detail. Field Marshal Kitchener communicated to the press "for your private information" the details of what is officially termed the British expeditionary force, with the understanding that the information shall be published only when the government thinks it judicious it should be.

Two acute factors remain to be weighed and demanded and until some real battle shall have given some light on them there will be no settled frame of mind in this country. These are whether the French army is better than it was in 1870, and whether the Russian army is better than it was in the Japanese war. There is great confidence here for the French general staff and great interest in the adaptibility the French have shown in the last decade for sport, and keen respect for French bravery.

Whether the stolid endurance and enormous numbers of the Russian masses will enable them to hold their own against the traditionally superior brains of the German general staff is another question. So far as their own progress is concerned the British feel deep satisfaction that the navy has proved sufficiently equal to its work up to date to make it possible to land on the continent a large army before a naval battle has been fought, with the same precision and lack of casualty as if it had had manoeuvres instead of actual warfare, and to clear the Atlantic so that commerce can pursue its peaceful way and food supplies can be brought from the Scandinavian coast over the North Sea.

AMEND IMMIGRATION ACT.

Ottawa, Ont., Aug. 18—Hon. C.J. Doherty, minister of justice, and acting minister of the interior, has given notice of a bill to amend the Immigration Act, by providing that no immigrants may enter Canada who are citizens of countries at war with Britain. This will apply to Germans and Austrians who seek to enter Canada from the United States.

CENSORED NEWS

There is really no reason for supposing that the rigid censorship now being exercised over war news has been adopted with any other object than that of cloaking the movements of armies and fleets from the enemy. It is against all the traditions of the British war office to suppress the news of a disaster, or to give out information of a victory when a defeat has been sustained. In some quarters the view is being expressed that war news is being suppressed because the allies have suffered some grave reverse. This is altogether unlikely. If Germany had won any decisive engagement the world would most assuredly have had the news. It is true that the most of the reports received up to the present have come from sources hostile to Germany. But this is not a sufficient reason for discounting the information. If Germany had not so far been uniformly unsuccessful there would not have been the same uniformity in the tenor of the despatches. It may fairly be concluded that all the fighting which has so far taken place has been of the desultory and preliminary character. At the same time Germany up to the present has been checked along the whole line of its advance. The Liege forts are still intact, and even if the German advance guard is moving towards Brussels, it is moving away from its real objective which is the French frontier, and, beyond that, Paris. The authorities know best what they are about in exercising such a rigid censorship, and they would hardly withhold the news of a decisive engagement either on land or sea.

JAPAN'S INTERVENTION.

The intervention of Japan in Great Britain's quarrel with Germany has been viewed with rather mixed feelings. The general sentiment seems to be that the European nations now at war should settle their differences without any outside interference. There is also the unformed fear that Japan's intervention might lead to complications on the Pacific. The fact is that Japan has done no more than live up to its treaty with Great Britain, and with this understood there is little danger of any untoward developments in the Pacific. It is nine years since Britain and Japan entered into their first alliance, and their agreement was renewed in an even closer form in 1911. The objects of the alliance are clearly set out. There was first the maintenance of peace in Eastern Asia and India, the insurance of the independence and integrity of China, and the preservation and defence of the territorial rights and special interests of the two countries in the same region. Article 2 of the agreement itself stipulates that if one nation should be involved in war in defence of its rights or interests the other will come to the assistance of its ally and will conduct with it. Japan is simply living up to the obligations incurred in its agreement with Great Britain. It is generally taken for granted that the Mikado's government is acting in accord with the British authorities, after a full and frank interchange of views. Japan was bound by its treaty with Great Britain to protect the rights and interests of the latter country which are now threatened as a consequence of the war with Germany. Japan has notified Germany that it means to assume its obligations and there is little doubt that in the action it has taken it had the concurrence and approval of the British authorities. It is a further penalty which the Kaiser must pay for his headlong defiance of Europe. Japan's note to the Kaiser means that Germany will not be allowed a footing in the Far East. Japan always protested the seizure of Kia Chau by Germany, but was never in a position to make it effective. Now as an ally of Great Britain she has ordered Germany to move out and what is more she is this time prepared to carry out the eviction herself. Certainly it is a curious twist of events that this task should have fallen to Japan by virtue of its agreement with Great Britain.

THE WAR

There is again only the most meagre news from the seat of war in Europe. The silence which has been maintained concerning the British fleet and its doings in the North Sea was broken yesterday for a brief interval. A skirmish between German reconnoitring cruisers and a British patrol was reported, but no damage was done. There is no news from the Mediterranean or the Adriatic, but two German cruisers are reported to have been taken into Hong Kong in a badly damaged condition. The Leipizig has left San Francisco, and when last seen was heading in the direction of Samoa. Regarding the land operations the most significant report is to the effect that any immense army of Germans is advancing down the Meuse towards Namur. The Liege forts are still reported to be holding out, and the German forces which moved around this Belgian city to the north are said to be moving on Brussels and Antwerp. The location of the allied forces is not given although there are still stray reports that a big engagement is in progress. The only definite news is the announcement that the British troops have all been safely landed. The French troops still continue the offensive in Alsace, and it is reported that large numbers of Austrian troops are being rushed to the assistance of the Germans. The Servian authorities announce that the Austrians are fleeing in disorder before the Servian troops after a large force had been annihilated at Sabac close to the frontier. There is no definite news from the Russian frontier but an official statement announces that the Russian troops occupy all the important positions.

According to a correspondent of one of the English newspapers, the Germans have entirely destroyed the Belgian town of Vise. The inhabitants were driven out at the point of the bayonet, and over the line into Holland. The town was then set on fire, and to ensure the work of destruction the town was burned a second time. Quite a number of the unfortunate fugitives died on the enforced march to shelter. The pretext for such barbarous treatment was that civilians had fired upon the German troops. The Germans have made this same complaint before, and threatened drastic action. The Belgians on the other hand allege that the Germans are only making this the pretext for methods of barbarism. They on their side charge that the Germans are flying their aeroplanes with Belgian flags and dressing their soldiers in Belgian uniforms, in order to take Belgians unawares. War is horrible enough in itself without these atrocious concomitants. Moreover there are sure to be reprisals. Germany is already feeling the foot of the invader, and in its own interests as well as the interests of humanity, such tactics should be discountenanced.

A VETERAN WHO WAS WITH LORD ROBERTS

Laid Low With Rheumatism—But Cured By "Fruit-a-tives".

CHATHAM, ONT., APRIL 3rd, 1913.

"I am a veteran of the Crimean War and the Indian Mutiny, volunteering from the Royal Artillery into the Royal Engineers, and served under Lord Roberts during the Indian Mutiny, and am a pensioneer of the British Government. Fierce hand-to-hand fighting and continual exposure left me a great sufferer from Rheumatism, so much so that my legs swelled up, making it impossible for me to walk.

"Fruit-a-tives". They cured me of both the Rheumatism and Constipation. In my regular employment, I walk thirty miles a day and enjoy perfect health".

GEORGE WALKER.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Last Friday The Herald published a despatch from Shanghai which stated that two British cruisers had limped into Hong Kong in a badly battered condition. The names of the cruisers were not given and it was not certain whether they were French or British. Now comes news that on the fifteenth two German cruisers were towed into the same port with funnels, masts and deckworks shot away. If the two despatches are correct they tell a story of a desperate engagement in Chinese waters.

The city council has decided to make temporary repairs to the Millstream bridge instead of going ahead with the proposal to erect a new structure. It is unfortunate that the city is not in a position to put up a modern bridge, but this can be done later when more normal conditions prevail. In the meantime the present bridge must be made safe for traffic and it is far better to spend a little money in this way with the view ultimately of building a modern structure than to put up another cheap bridge.

WESTERN VOLUNTEERS REACH OTTAWA

Ottawa, Aug. 18—The five hundred volunteers of the western contingent Princess Patricia Light Infantry, arrived at the Union station by special train. With whoops of joy the city was welcomed. As the morning lengthened the men detrained and marched to Lansdowne Park, where quarters had been prepared for them in the Machinery Hall. The western volunteers were a fine looking body of men. Five companies in all arrived. Edmonton with 129, Calgary 121, Moose Jaw 93, Winnipeg 71, Saskatoon 77, all under command of Major Duncan Stuart of Calgary.

FRENCH WELCOMED BRITISH SOLDIERS

London, Aug. 18—The Daily Telegraph's correspondent at Boulonge telegraphs the experience of the British soldiers there:

"The people have given over their ordinary possession to show hospitality to the men of the British army who are on their way to the front. A Scottish batallion which was first to leave for the battle line, was greeted everywhere with vast enthusiasm. All the town people have learned to use the English words "good luck" and "goodbye."

"As the Kilties swung down the hill towards the train the crowd pressed forward eagerly to shake the hands of each soldier and express delight at the Scotchmen once more fighting for France.

"As the soldiers approached the station to the sound of the bagpipes the crowd became more intent.

"The soldiers marched gaily and are not abashed even when some old woman or young maid rushes out to bestow a kiss. This frequently happens and amuses the crowd hugely. They call us "the die hards" and we shall live up to that name when we meet the Germans.

"As they leave the crowd sings "The Marsiellaies" to which the soldiers reply with "God Save The King."

GERMANS AT CONSTANTINOPLE

London, Aug. 19.—5 a.m.—A despatch to the Times from Constantinople says:

"The former German cruisers Goeben and Breslau arrived in port this morning and received their Ottoman officers and crews."

EXTENSION MEN GIVE LIBERALLY

No portion of B.C. responded more liberally to the appeal for funds for the War Hospital Ship that did the men employed at the mines of the Canadian Collieries Company at Extension and the residents of Ladysmith. Over $1000 was subscribed, the names of the donors being as follows:

$20.00—J. H. Cunningham.

$5.00—Thos. Strang, Jas. Strang, C. C. McLean.

$4.00—Jas. Dick, G. Morton, S. Thomson, W. Selby, J. Weir.

$3.60—R. Valentine.

$3.50—M. Matheson, D. Lambert, Geo. Thomson, J. Simpson, W. J. Goodlad, S. Docherty, J. Fagan.

$3.30—J. Davidson, E. John, D. Gordon, Wm. James, Owen Dabb, J. Campbell, sr., Elvin Meis, R. Davidson, C. Olsen, John McLeod, sr., P. Domenic, F. Passerini, Wm. Smith, R. Ewing, D. Bernard, W. Davenport J. Lapsansky, S. Barnsley, V. Marochi, J. Christie, W. Carrocea, D. Zapos, R. Houston, V. Santilla, R. Martin, N. Masscasi, L. Herrin, G. McMachon, S. Goyen, J. J. Jones, J. Vokelich, A. McLaughlin, H. Thick, A. Wright, A. Norman, J. Riciputo, A. Brown, L. Kish, Jas. Anderson, Arthur Watson, S. Dickson, F. Arvet, J. Watson, A. Argerio, J. Brown, A. Connellie, F. Thicke, W. Lister, J. Willie, A. Gelonase, G. Romeo, G. Morgani, F. Tomsick, H. Allan, N. Fattigati, N. Zindich, B. Valendi, J. Barclay, Matt Altin, P. Zello, J. Giacoma, A. Everitt, D. Gelonase, L. Lapsansky, E. McLean $1, Geo Clarke $1, Dr. A. C. Frost $5, W. W. Walkem $1.

CANADIAN NURSES.

Montreal, Aug. 17—Militia headquarters have so far received no advice from Ottawa concerning their intention of sending nurses to the front. The number of women who have offered their services in Montreal as nurses stands at 72 and doctors at 22. The number of volunteers for the voluntary aid detachments is also very large.

ACTOR A CONSTABLE

London, Eng., Aug. 17 — Cyril Maude, the famous actor who recently visited Canada is among the 10,000 special constables enrolled here. Several Anglo-Canadians also have joined.

TO AID RELATIVES.

Ottawa, Ont., Aug. 18—At the outbreak of the present war his Royal Highness, the Governor-General conceived the idea of starting in Canada a national fund for the aid, in case of need of the wives and families of officers and men who might serve in the army and naval forces of the British Empire during the war.

JOINED THE SERVICE

London, Aug. 18—Twenty-five members of the C. P. R. staff here, including Major Henry M. Kerzy, the ocean manager, have now joined the service. Sir Henry Norman, Liberal member of parliament for Blackburn and well known in Canada, has become wireless adviser to the government.

NOTICE.

Sprinkling Notice

The public are hereby notified that sprinkling is allowed from 7 a. m. to 9 a. m. and 7 p. m. to 9 p. m. each day. Any person found using sprinklers outside of these hours will have their water shut off.

By Order,

W. A. OWEN,
City Engineer.

City Hall, July 20. 1914. tf.

VANCOUVER MILLING & GRAIN CO. LTD. TRADE MARK VANCOUVER, CANADA

WHEN you smell hot bread round our mill, know that it's "baking day" in our laboratory.

Peep in and you will find our head chemist minutely examining a whole row of bread he has just baked. These loaves are the final result of exhaustive analytical tests of both wheat and flour. He only calls his flour ROYAL STANDARD after it has made golden, creamy, white, velvety, bread.

To make bread like that simply say to your grocer—

ROYAL STANDARD FLOUR

Minard's Liniment Co., Limited.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in ave hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,
A. E. ROY,

GERMAN FLEET SEEN IN BALTIC

London, Aug. 19 (3:30 a.m.)—The Daily Mail's correspondent at Copenhagen in a despatch dated August 16, says:

"The Berlingske Tidende states that part of the German fleet is in the Baltic Sea off the Swedish Island of Gothland. Twenty German ships have been located. They probably belong to the reserve fleet from Danzig.

"Near Kiel is a flotilla of torpedo boat destroyers and one cruiser and in the Kattegat, between Sweden and Denmark, is another torpedo boat flotilla with three small cruisers. The rest of the German fleet is understood to be in sight off Heligoland."

BROUGHT DOWN A GERMAN AEROPLANE

Paris, Aug 18—11:05 p.m.—"French troops have brought down a German aeroplane near Dinant, 14 miles south of Namur, Belgium. The pilot was killed and the observation officer taken prisoner. The machine was not damaged."

The above statement was issued here tonight, and to it was added the following:

"When our troops entered Balmont (department of Meurthe-et-mosell, France) a few days ago they found notices posted on the walls that the next morning the mayor and prominent residents of the town would be shot. The sudden arrival of the French and the disorderly retreat of the Germans, however, saved those persons from death."

PRINCE ALEXANDER TO THE FRONT

London, Aug. 18—Prince Alexander of Teck, governor-general designate of Canada, called at the Colonial office today. It is reported that His Highness intends proceeding to active service. He is a Major in the Second Life Guards, and formerly held a commission as captain in the Seventh Hussars and the Royal Horse Guards. He went through the Matabele campaign, being mentioned in despatches, and was again mentioned in despatches in the South African war, obtaining the D. S. O. and the Queen's medal with five clasps.

OVERSEAS CONTINGENT.

Koosomin, Sask., Aug. 18—The overseas expedition contingent at this point now numbers sixty men under Captain Currie and are awaiting orders to entrain.

The canvass for funds for the hospital ship fund has been very successful.

RUSH ON BANK

London, Aug. 18—The Bank of England for the second time in succession was obliged today to temporarily refuse to take discount bills owing to the inability of the staff to take care of the great rush. It is hoped that the arrears will be cleared off and discounting resumed tomorrow.

NEWS OF SPORT

SCHEDULE DRAFTED FOR CRICKET WEEK

Local cricket officials yesterday received the results of the draw for the championship tournament which will be held in Victoria next week. Should the whole schedule be finished off by Thursday night, August 27, the final between the two winners of the two divisions will be a two-day match, on the last two days of the week.

The clubs, which find themselves unable to send teams in consequence of the war are New Westminster, Brockton Point and Vancauver. The schedule follows:

A.

August 24—University Incogs vs. Victoria, University School Ground.

August 24—Burrard vs. Nanaimo, Jubilee Hospital Ground.

August 25—Victoria vs. Nanaimo, Jubilee Hospital Ground.

August 26—University Incogs vs. Burrard, University School Ground.

August 27—University Incogs vs. Nanaimo, University Ground.

August 27—Victoria vs. Burrard, Jubilee Hospital Ground.

B.

August 24—Cowichan vs. Seattle, Beacon Hill Ground.

August 25—Cowichan vs. Albion, University School Ground.

August 25—Seattle vs. Garrison, Beacon Hill Ground.

August 26—Cowichan vs. Garrison, Beacon Hill Ground.

August 26—Seattle vs. Albion, Jubilee Hospital Ground.

August 27—Albion vs. Garrison, Beacon Hill Ground.

ENGLISH SOCCER CLUBS OPEN TRAINING SEASON.

London, Aug. 18.—All the English soccer players reported at their respective clubs to commence 3 months hard training for the kick-off of the season on September 1. The Scottish teams played their first practice games on Saturday last in preparation for the start of their long league programme on August 15.

The players signing season is practically closed. Two important transfers were made this week. The English international forward Coleman, of Fulham, was obtained by Notts Forest, and Steel, the late captain of Tottenham Hotspur, will appear for Clapton Orient, Leicester Fosse has captured Anderson of Newcastle United, releasing Waterall, who goes to Watford, which also secured Edwards of Coventry City.

Queens Park Rangers also made a great addition to their defence by signing Millington, of Bury, while Brennan, of Bradford City, goes to Manchester City. Bolton Wanderers have obtained a fine goal keeper in Toone from Barrow. Southend United picked up a bargain in Longstaff, the Brighton and Hove full-back.

New York, August 18.—John J. McGraw, manager of the Giants, in trying to strengthen the fences around his championship, made a bid for the services of Heine Zimmerman, the slugging third baseman of the Cubs. McGraw offered Pitcher Art Fromme and either Milton Stock or Eddie Grant for the Bronx fencebreaker.

BLACKBURNE GOES TO FEDS

Chicago, Aug. 18.—Russell Blackburne, second baseman of the Chicago Americans, has signed to play with the Buffalo Federal League team next season, it was learned today.

HARRY STEINFELDT DEAD.

Cincinnati, Ohio, Aug 18—Harry Steinfeldt, former Major League ball player, connected with various National League clubs, died at his home in Bellevue, Ky., opposite this city, today.

Steinfeldt was a member of the celebrated pennant winning Chicago Nationals, and is the first of these former world's champion baseball club players, built up and handled by Frank Chance, to die.

Minard's Liniment Cures Diphtheria

WAS A BRILLIANT WEDDING.

(Continued from Page 1)

Hardy, pastor of the Wallace Street Methodist church, in the presence of relatives of the contracting parties and some sixty guests including visitors from Victoria, Vancouver and New Westminster.

The bride who was attired in pink satin silk trimmed with shadow lace and pearls, wearing a wreath of orange blossoms and bridal veil, was attended by Miss Mary Shing of New Westminster, beautifully gowned in a black satin skirt covered with shadow lace, with white silk waist and embroidered satin cap, the whole trousseau being made by herself. The bride was given away by her brother Mah Wye Bing Kee and had as flower girls her two sisters the Misses Far and Yock Bing Kee and Miss Clara Shing of New Westminster. The groom was supported by Mr. Cecil Lee, of Victoria, the regulation wedding music being rendered on the piano by Mrs. Reg. Hickman.

At the close of the marriage ceremonies the wedding party sat down to a most sumptious repast prepared and served by Mrs Thomas Hope, ably assisted by Mrs. Thos. O'Connell, the Misses, H., T., and E. Rogers and the Misses M. and C. Freeman. The health of the bride was proposed by His Worship Mayor Planta, and that of the groom by Mr. John Hilbert, the groom responding on behalf of himself and bride in a few well chosen remarks. A short address was also given by the officiating clergyman, Rev. Mr. Hardy, who referred to the bride and groom as both being native of British Columbia, and most highly respected by a wide circle of acquaintances.

Among those present at the wedding and reception were Mayor Planta John Hilbert, Mrs. Geo. Chapman and daughter, Miss M. Freeman, Miss C. Freeman, Miss Ethel Rogers, Miss Harriet Rogers, Miss T. Rogers, Mrs. Horth and daughter, Mr. and Mrs. James Stewart, Mr. and Mrs. Turner Miss Scoville, Miss Reid, Mrs. Johnson, Mrs. R. Hickman, Miss L. Hickman, Mrs. Thomas O'Connell, Mrs. Glaholm, Mrs. Hope, Miss May O'Connell Mrs. H. Skinner, Mrs. Rolt Adam, Mrs. T. Pearson, Mrs. B. Fisher, Rev. Hardy, Mr. Lee Jan, Mr. H. and Miss Grace Cumyon, Mr. Mah Hung Tong, Mr. and Mrs. F. Dickman, Mr. Cecil Lee, Mr. Edmund Lee, Mr. and Mrs. Shing Chong, Miss Sing Kee, Miss Mary Shing, Miss Ling, Mr. Ying Lip and Mr. David Chew.

Bride and groom were the recipients of a large number of beautiful and costly presents, among the number being the following.

Five twenty dollar gold pieces, Parents; Linen handkerchiefs, J. Brigham, Vancouver; Silk hand embroidered work bag, Mr. Lee Jan, Gold brooch and centre, Mr. and Mrs Ma Sung; cut glass bon bon dish, Mr. and Mrs J. Glaholm; embroidered tea cosy and centre, Miss Freeman; Silver salt and pepper, Mr. and Mrs. A. E. Planta; gold brooch, Grace and Harry Cum Yow; embroidered table mats, Misses Rogers; cut glass spoon tray, Mr. and Mrs. G. Johnson; cut glass vase, Mr. F. L. Randal; knives forks and spoons, Dan Yock Tong, Victoria; table cloth and napkins, J. Hilbert and family; embroidered cushion and blouse, Mah Chue Shue, Mah Doon Oak, Mah Doon Naim, Mah Shue Ank; gold ring, Mah Ten, Mah Yon Lee, Mah Pool Mah Ling; table cloth and lace centre, Mr. and Mrs. T. O'Connell; China tea set, Misses Sing Kee, Miss Ingra Shing, Mrs. T. C. Thom; table cloth, Mr. and Mrs. Fisher; embroidered pillow slips, Mr. and Mrs. T. Pearson; Chenille table cloth Mr and Mrs Shing Chong; sheets and pillow cases, Miss T. Reid; Roses, Mrs. F. Skinner; doilies, Mrs. R. Adam; string beads, Mrs. A. E. Planta; silver fruit spoon, Miss Chalacombe; silver fern dish, Yip Sang; table napkins, Mrs. Jas. Stewart; cut glass bon bon dish, Miss M. McKenzie; embroidered cushion top, F. Wing Wah; glass bowl, Mr. and Mrs. R. Hickman; fruit bowl, Mrs. F. Turner; cut glass vase, Cecil and Edmund Lee; doilies, Mrs. C. Horth; cream and sugar, Miss L. Hickman silver bread tray, Mr. and Miss Scoville; silver butter dish, Mr. and Mrs. Mah Yim; ivory fan and silver tea spoons, Mr. and Mrs. Mah June; gold ring, Mr. Mah Chong; gold ring, Mr Hung Foung; gold ring, Chin Ying Chong, and C. Yip Quong; gold ring, Mee Leun; opal ring, Mr. and Mrs. Dickman.

The reception over, amid showers of rice Mr. and Mrs. Wong departed for the S. S. Princess Patricia on honeymoon trip to Harrison Hot Springs, the bride being attired in a travelling suit of Copenhagen blue and wearing a cream hat. Upon their return to the Island they will take up their residence in Victoria.

Washington, D. C., Aug. 18—President Wilson tonight signed the amendment to the Panama Canal act under which foreign built ships may be admitted to American registry for the overseas trade.

Minard's Liniment Cures Diptheria.

Does the freshness of your food mean anything to you?

There's only one answer—a decided "Yes!" Then do you know that you can't buy a stale package of

Kellogg's CORN FLAKES

The reason? Because your grocer gets it right from the factory in small quantities—and because Kellogg's are quick sellers and do not remain long on the shelf.

We encourage merchants to place small orders often rather than large ones.

This is why you get Kellogg's Corn Flakes with all their oven-freshness.

10c per package. Look for the signature.

101

German Account of Liege Battle

Berlin, Aug. 18.—Via Copenhagen and London, Aug. 18—9:20 p.m.—A Reuter despatch says:

"Liege engagement is published from the headquarters of General Stine, according to which French officers and perhaps also French soldiers were sent to Liege before the war to instruct the Belgian troops in the defence of the fortifications.

"It was impossible to protest against this," says General Stein, but after the war began this conduct had to be regarded as an infraction of Belgian neutrality by France. We had to act with all speed and mobilized. Regiments were sent to the frontier and marched on Liege. Six weak brigades on a peace footing with some cavalry and artillery, took Liege.

"The brigades were mobilized at Liege and there received as first reinforcements their own reserves. Two other regiments came later. Our mobilization had just finished. Our enemies thought that 1000 Germans were at Liege, and owing to difficulties with the commissiarat were unable to advance. This, however was a mistake.

"Now the forward march can begin and our enemies will have an opportunity to convince themselves that the German force is well supplied with food and arms. The Emperor has given the word not to sacrifice another drop of blood to capture the Liege forts.

Russia Giving Her Subjects Liberty

London, Aug. 18—Ever since the Czar's promise of proclamation to Poland, reports have been current that the next step to be taken by the Russian government along the same lines of initiative will be a proclamation securing the Jews equal personal rights. A Paris despatch today goes the length of stating that such a proclamation is shortly to be issued.

From inquiries made in authoratative circles the Czar is about to state that while there is no official authority for such a proclamation, there is good reason to believe that some measure along the lines indicated will be likely. Both in France and England, Russia's reactionary policy is the only element which has aroused any misgivings regarding what it is hoped in the two first named countries will be the result of the war.

The enthusiasm aroused in France by the decree affecting Poland gives the measure of relief caused by the removal of the misgivings so far as one section of the non-orthodox subjects of the Czar are concerned. Deeper relief would be felt among a large and representative body of the British public were definite taken by the Russian government to remove the disability under which the Jews in Russia labor.

It is authoratively stated that steps have been taken to bring this point of view to the attention of the Russian government.

UNION BANK OF CANADA

A Valuable Feature of a Joint Account

opened with the Union Bank of Canada in the names of two persons, is that if one dies the family funds are not tied up just when they are likely to be most needed. The survivor can withdraw the money without delay or formality.

Think it over—then open a Joint Account.

MANY THOUSANDS SUBSCRIBED

London, Aug 18.—8:20 p.m. At the first meeting of the American Women's War Relief Society held today at the residence of Mrs. Wm. Leeds, $80,100 was subscribed. The subscriptions ranged from $2000 to a few shillings. Among those present at the meeting were the Duchess of Marlborough, who presided; Lady Churchill, Lady Paget, Mrs. John Astor, Mrs. Lewis Harcourt, the Duchess of Roxburgh, the Countess of Granard and the Countess of Essex.

To Herald Readers:

The Daily Herald has made special arrangements for keeping its readers informed of the war news. A special wire now enters The Herald office, giving the most up-to-date telegraph service possible to obtain on Vancouver Island. The Herald now receives exactly the same news service as do the morning papers of Vancouver and Victoria.

If you want to keep informed on the news of the day subscribe to The Daily Herald.

Plays the Piping Songs of Peace in the Stirring Times of War

No instrument that money can buy is better fitted to render songs of peace or war than Edison's masterpiece, the new Diamond-Disc. This is a time when those who enjoy the hearths that are being defended on hard-fought fields appreciate them to the fullest. Let the

EDISON

Diamond Disc Phonograph

greatest of all hearth-side companions have a place at your fireside now.

More New Edison Diamond-Disc Records

Good news for the owners of Diamond-Disc Edison instruments. We have just received a large shipment of the latest Edison Records for the new Diamond-Disc instrument. Moreover, it has been announced from headquarters that hereafter we are to receive at least six new records each week. Owners of Edison instruments should keep in touch with us right along now.

GERMANS WORSTED IN BORDER BATTLES

Paris, Aug. 18—The mobilization of the Russian army has been completed in perfect order, according to an official despatch from the Russian general staff.

The telegram adds that up to Aug. 14 Austrian and German troops had not advanced further than a line stretching by way of Wloslawsk, Sieradz, Andrejew, all in Russian Poland. The rest of the frontier has not been pierced by the invaders. On the contrary, in many places the enemy's territory has been occupied by Russian troops and all the engagements have ended in favor of the Russian army.

NAVAL SKIRMISH

London, Aug. 18—1:17 a m. The British official press bureau announces that some desultory fighting occurred Tuesday between the British patrolling squadron and German cruisers which were reconnoitering. No losses were reported.

DOMINION TRUST AND VOLUNTEERS.

The local branch of the Dominion Trust Company has received the following note from its head office:

"We beg to advise you that it has been definitely decided that where any of the members of any of the different branches of the company are going to the front for active service, the company in the case of married men, will pay the full salary for a term of six months, and in the case of unmarried men, half salary for a term of six months; and further the company will keep all positions open for these men until such time as they return."

Of 1478 prisoners in a Pennsylvania penitentiary, 1008 have signed a petition to the state legislature in favor of a state law prohibiting the sale of alcoholic liquors. The convict-editor of the prison newspaper says that 70 per cent. of the prisoners attribute their downfall to rum.

CANADA WILL VOTE FIFTY MILLION DOLLARS.

(Continued from Page 1)

Premier Borden moved the adjournment of the house until tomorrow when the debate on the speech from the Throne will be taken up. It is not expected that it will last much past the afternoon. The government will then proceed with the introduction of the four emergency bills which are required to give authority to deal not only with the present situation, but with any which may arise.

The gravity of the situation was relieved by but one incident when Sir Robert Borden rose to move the introduction of the time-first measure in regard to the administration, a bill which never gets past the first reading, but which is reiteration of the rights of the people over the king, he announced that it was seconded by Mr. Foster. At once there were cries of "Sir George, Sir George."

Mr. Foster smiled and blushed, while the premier laughingly accepted the correction. A minute later Speaker Sproule made the same error and the House with much gusto corrected him.

The scene in the senate chamber was not marked by the usual brilliancy. It was truely a "khaki" session. The Duke of Connaught, instead of his brilliant field marshal's uniform, was clad in a serviceable brown khaki, as were his aides and the local officers who were present. The ladies instead of being allowed to take the senate floor, had to be contented with seats in the gallery.

There were no evening gowns and none of the gorgeous costumes which are always a feature of the ceremonies of the senate.

In the morning it looked as though there would be a very slim attendance of members, but they poured into the city on the noon trains and when the house assembled there were but few vacant seats.

ROYAL PROCLAMATION

"His Majesty, the King has been graciously pleased to approve pardons being granted to soldiers who were in a state of desertion from the regular forces on Aug. 5, 1914, and who surrender themselves in the United Kingdom on or before Sept. 4, 1914, or at any station abroad where there are regular forces on or before Oct. 4, 1914. They will forfeit all service prior to date of surrender, but such service may subsequently be restored under the conditions laid down in the King's regulations for restoration of service forfeited under section 79 of the army act.

"Deserters who enlist between August 5 and Oct. 4, 1914, both days inclusive, in any colonial corps which may have been or may be placed at the disposal of the Imperial government for the war will be granted a free pardon and at the expiration of their service in such corps will not be claimed for further service in the regular forces of the United Kingdom. They will, however, forfeit all service rendered in the regular forces of the United Kingdom prior to the date of such enlistment, The provisions of this order will not be applied to men who have fraudently or improperly enlisted."

The above despatch was received from the war office last night with the request that it be given the widest publicity possible.

POPE PIUS PASSED AWAY

Grief Over The War in Europe Hastened the End of Head of Roman Catholic Church At Rome.

Rome, Aug. 20 (2:20 a.m.)—Pope Pius X died at an early hour this morning.

Rome, Aug. 19—Grief over the war in Europe caused the Pope much depression since its outbreak and several days ago symptoms appeared of the old bronchial affliction from which he had suffered in times past.

On Tuesday Dr. Marchiafava announced that the Pope was suffering from a simple cold and that possible complete restoration within a week.

The Pope's condition grew worse during the night, This was due to the diffusion of the bronchia to the lower orb of the left lung. Symptoms of heart-weakness became so evident at 10:20 a.m. that it was believed that his life was endangered. At 1:10 p.m. the symptoms were slightly improved but still serious.

Dr. Marchiafava was able to leave the Palace for a time owing to the change in symptoms. He said that nothing early in the morning had indicated that grave crisis, which had come on so rapidly. Shortly after he left Dr. Amici examined the patient. He explained that the sudden collapse was due to his age and the gouty affection which always combine to give bronchial catarrh of an acute nature almost serious character.

Dr. Amici explained that his diminished vitality caused by old age might render his illness fatal.

Giuseppe Sarto, who succeeded to the throne of St. Peter on the death of Pope Leo XIII in 1903, under the name of Pius X, was born at Riesa, a village in the diocese of Treviso, north of Venice, on June 2, 1835. He studied in the seminaries of Treviso and Padua and was ordained priest in Castelfranco in 1853. For many years he performed the ordinary duties of parish priest in several parts of the Venetian territory, which was then under Austrian domination.

It was not till 1875 that he was employed in subordinate diocesan offices in the diocese of Treviso. In 1884 he was made Bishop of Mantua by Pope Leo, who, in the consistory of June 12, 1893, created him Cardinal, and three days later appointed him Patriarch of Venice.

Cardinal Sarto's appointment as Patriarch gave rise to an animated dispute with the Italian government, a nineteenth century revival of the question of investiture. The government claimed the right, as the successor of the Republic of Venice, to nominate the Patriarch, while the Holy See denied the right. The government finally granted Cardinal Sarto the exequatur.

In appearance Pope Pius X was of medium height, with well-filled body, the clear skin of a healthy man, the enthusiasm and strength of one younger than himself and in manner undeniably patrician.

Despite the many printed stories to the contrary, the Pope fully realized the dignity of his great office. His brothers and sisters, nieces and nephews, when calling on him never overstepped the mark of decorum. He is survived by ten sisters and two brothers. One brother, Angelo Sarto, is a farmer in Grazie. Four of his sisters are married; two live in Riese, where they were all born, one of them is the wife of the keeper of the inn "Due Spade," and two in Saloano. Three maiden sisters, Anna, Maria and Rosa who lived with their brother in Venice, removed to Rome after his election as Pope, and have continued to occupy a little apartment in the Corso Vittorio Emanuele.

FOUR AUSTRIANS ARRESTED

Sault Ste Maria, Mich., Aug. 19—Four Austrians were arrested today at Sault Ste. Marie, Ont. and held as prisoners of war. They were charged with attempting to secure recruits for the Austrian army.

GERMANY IGNORES JAPAN'S ATTITUDE

Copenhagen, Aug. 19—via London—A despatch received here from Berlin says:

The Japanese ambassadors departure from Berlin is approaching. The police are guarding the embassy. The Japanese club is empty. All Japanese students in Germany have left. The Vossische Zitung says, commenting on Japan's ultimatum to Germany:

"One more declaration of war cannot frighten Germany and Japan's action is without importance."

STRIKE CALLED OFF

A mass meeting of the striking coal miners of Nanaimo was held last night, and while The Herald was not officially informed as to what transpired, it was generally reported at the close of the meeting that the strike which has existed among the members of the United Mine Workers of America in this district since May of last year, has been declared off.

FRANGE CONTINUES ITS ADVANCE IN ALSACE

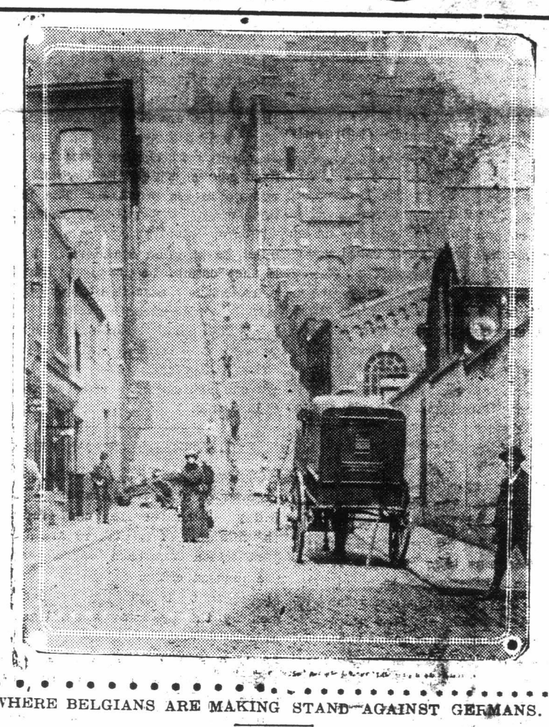
Paris, Aug. 19—The following official statement was given out tonight:

"Latest advices are to the effect that the French army has reached Morhange (Morchigen) in Alsace-Lorraine, 19 miles southeast of Metz. Our advance was very rapid in the afternoon beyond the river Seille, especially the central part of our lines. At the end of the day we reached Delma, on one side and Morhange on the other.

"There is little change in the situation in upper Alsace. We continue to advance in the Vosges. The Germans have retaken the village of Ville, where we had an outpost. Our troops, debouching on the Seille, have occupied Chatau Salins and Bieuse, but face well fortified and strongly held positions. Our progress at first was necessarily slow."

PRAGUE IN HANDS OF MUTINEERS

London, Aug. 20 (4:30 a.m.)—The Daily Mail's St. Petersburg correspondent says that a despatch received in St. Petersburg by the Novoevremy from Kiev reports the Czech residents of that city have received letters from relatives in Bohemia alleging that the Czech and Polish troops shot down their officers, shouting: "Down with Emperor William;" "Down with Austria;" "Long live Russia."



Prague, the letters said, for a whole day, was in the hands of mutineers. The next day, however, the Austrian troops having been reinforced, re-entered the city and indulged with reprisals.

Women and children, the despatch continues, were shot down and every Czech caught in the streets was killed. The finest monuments in the city were destroyed and the Austrians pillaged the shops. These cruelties called forth a new uprising two days later, which was followed by fresh reprisals.

It is reported that the Russian consul was executed.

INSTANTLY KILLED

Minneapolis, Minn., Aug. 19.—One man is believed to have been instantly killed, by eleven tons of steel that fell from the twentieth storey of the First National Bank building, Fifth street and Marquette Avenue, this afternoon. Another was so badly injured that he cannot live.

WHERE BELGIANS ARE MAKING STAND AGAINST GERMANS.

The long flight of 385 steps leading to the citadel at Liege, Belgium, where a force from the Belgian army is making a desperate stand against the invading Germans. On the citadel have been mounted several machine guns, from which a raking fire can be poured into the attacking German Phalanx. Liege, while not as strongly fortified as Namur, has been holding out remarkably well against the Germans.

Fighting Along the Whole Frontier

An official communication issued in Brussels acknowledged that fighting yesterday was proceeding between the allied armies and the Germans on the entire battle front from the Swiss border north to Diest, Belgium, a distance of 250 miles.

The communication also admitted that the Germans had gained ground on both the north and south banks of the Meuse river.

An official French communication said the French had penetrated to Morhange, in Alsace-Lorraine, a short distance southeast of Metz. The situation in upper Alsace was reported to be little changed. Large German forces were said by the communication to be crossing the Meuse river between Liege and Namur.

A Reuter despatch from Brussels reported German troops a short distance east and northeast of Antwerp.

The Japanese ambassador in Berlin is preparing to depart, according to a Copenhagen despatch.

A Russian force was reported to have been defeated near Stallupchlen in Prussia by the Germans.

An engagement was said to have been proceeding in northern Luxemburg, and an important Franco-German naval battle was expected to ensue.

The death of Pope Pius X is attributed partly to the war. His holiness had been greatly depressed over the conflict.

London, Aug. 20 (4 a.m.)—A Havas despatch from Brussels gives an official communication concerning the present state of operations in Belgium:

"After having lost much time and a great number of men, and besides important war material," the communication says, "the Prussian right wing has succeeded in gaining on both banks of the Meuse.

"The German troops on the north bank of the Meuse comprise sections of different army corps whose efforts have been engaged towards the capture of Liege and who are now disengaged.

"On the south the allied Belgian and French armies have been able to repulse them.

"In a word, the Germans have taken a number of our positions but have wasted fifteen days in arriving at this result which is greatly to the honor of our army.

"Fighting is proceeding on the whole frontier, extending from Basle, Switzerland, to Diest, Belgium, and in these numerous contacts the more the opposing armies approach each other and the nearer comes the deciding battle, the more one must expect to hear of an advantage on this side and of yielding on that."

Patriotic Speeches in The Commons

Ottawa, Aug. 19.—The speeches of Sir Robert Borden and Sir Wilfrid Laurier in the House of Commons today, speeches whose fervent patriotic eloquence thrilled the crowded galleries and drew constant and enthusiastic applause from the members of both sides, showed the absolute unanimity with which parliament stands behind the Government in all preparations for war already made, and behind Great Britain in the European struggle just commenced. Both leaders were tendered ovations and there was a total absence of the usual party division. The prime ministers earnestness and the conviction with which he pointed the facts, showing the justice of Britain's side of the cause, and the lengths to which she went to prevent war spreading, were matched by the stirring eloquence of Sir Wilfrid Laurier, strongly British, and dwelling upon the fact that it is a fight for all that is best in the civilization of the day.

Sir Robert Borden referred to the feeling throughout the Dominion that this country should do her utmost to aid the Imperial forces. He expressed the highest appreciation of the help offered to the government by the provinces and by many individuals. There was abounding evidence, he said of the determination of the people of this country and of the other British Dominions, to support the mother country in the crisis, and

(Continued on Page 4)

GERMANS ATTACK DIEST IN FORCE

Inhabitants Fled in Terror From The Heavy Artillery Fire of The Germans—Tirlemont Also Bombarded.

London, Aug. 20.—2:28 a.m.—A Brussels despatch to the Havas Agency says that according to The People, the Germans again attacked Diest on Wednesday afternoon. They appeared to have come back in force and bombarded the town, whose inhabitants fled in terror. The German artillery also is reported to have bombarded Tirlemont.

Another Havas despatch from Brussels, sent in very vague form, leads the belief that the Germans made a surprise advance close to the Belgian positions defending Brussels. Belgian aviator discovered their pos They encamped for the night but a ition and revealed it to headquarters in time. Cavalry was hurried forward and after some marching and countermarching the Germans retired.

LOAN OVER SUBSCRIBED

London, Aug. 19.—A sum of $75,000,000 in six months treasury bills required for war purposes, was offered to the public and met with a hearty welcome. The amount applied for was over $210,000,000. Lenders at 98 pounds, 1 shilling, 8 pence get about 48 per cent of their applications. Those above that figure were allowed in full. The average rate per cent was about 3 pounds 13 s.

GERMANS ADVANCE NEAR ANTWERP

London, Aug. 20 (3.30 a.m.)—The advance of German troops around and above Brussels and even into what are practically the suburbs of Antwerp is indicated in Reuter despatches from Antwerp which report that German cavalry have been encountered near Herethales, fifteen miles east of Antwerp, and also near Turnhout, which is twenty-four miles northeast of Antwerp and close to the Dutch frontier.

FOUR SONS AT FRONT

Paris, Aug. 19.—A women with four sons in the French army to-day walked slowly down the steps of one of the municipal offices where relatives are informed officially whether soldiers are dead, wounded or unreported. She was exceedingly white but her emotion was greater than could be expressed in tears. A friend came up quickly and said:

"Have you good news? I am so glad my Jean is safe."

"Yes, they are all safe," was the reply. "They are safe in the arms of the Father. I am proud to give all to the cause."

MEXICO HAS ANOTHER REVOLT ON HAND

Nogales, Ariz., Aug. 19—Tangible proof of the Carranza-Villa split and the danger of a new revolution in northwestern Mexico was received there today. General Villa telegraphed Carranza military officials in Sonora that if they combatted Jose Maria Maytorena, the elected governor of the state, Villa would invade the state with his forces which recently have been recruited and munitioned to war strength, in spite of the peaceful surrender of the former government at Mexico City. Sonora state is in the military zone commanded by General Obregon, who headed the Constitutionalists forces which recently entered Mexico City and apart from Villa's division.

PRINCE ALBERT A TOTAL LOSS

Prince Rupert, B. C., Aug. 19—The survivors of the Prince Albert arrived here this afternoon on the Prince John. The Prince Albert, travelling at a speed of 12 knots in a fog, hit Knob Tree, 35 miles from here. Her bottom was ripped out. In the lowering of one of the life boats the hook broke and five passengers mostly women fell into the water. All were saved except a baby of Joseph Dierdt. This infant was drowned in a foot or so of water in the bottom of the life boat. The Prince Albert is a total loss.

RUSSIANS BEAT AUSTRIANS

London, Aug. 20 (2:15 a. m.—Telegraphing from St. Petersburg, the correspondent of the Daily Telegraph sends a communication issued by the Russian general staff reporting a prolonged engagement about 20 miles northwest of Kamenetz, the capital of Podolia. It declares the Austrians were beaten back with heavy casualties.

MEN TO COMMAND CANADA'S CONTINGENT

Ottawa, Ont., Aug. 19—Announcement of the Camp Staff at Valcartier was made tonight by the Minister of Militia. The staff officers are as follows:

Camp Commandant, Col. Victor; A. S. Williams, Adjutant-General; General Staff Officers, Lieut. Col. H. E. Burstall, Lieut. R. A. Helmer. Major H. K. Betty.

Administrative staff: Col. R. E. W. Turner, Major G. B. Hughes, Major T. F. Dixon, Captain G. Hamilton; Camp Engineer, Major H. P. Deroche; Supply Officer, Lieut. Col. J. N. R. Gray; Transport Officer, Lieut. Col. W. C. Cowans; Director Medical Service, Lieut.-Col. H. R. Duff; Chief Ordinance Officer, Major W. Hallick; Paymaster, Major C. N. Shandy; Chief Veterany Officer Lieut. Col. W. J. Neill.

MOBILIZING ON ITALIAN FRONTIER

Rome, Aug. 20, via Paris 3:15 a.m.—A message received from Trent says that Austria, which hitherto has mobilized its troops with prudence is now openly mobilizing at the Italian frontier. A thousand workmen are engaged in constructing entrenchments. Families of Austrian officers at Riva have been advised to leave within twenty-four hours.

BRUSSELS OCCUPIED.

Paris, Aug. 20 (7:15 a.m.)—There is a persistent rumor here that the Germans have occupied Brussels but it cannot be confirmed.

NANAIMO BOYS OFF FOR WAR

Eighteen British Army Reservists Will Leave Nanaimo Today to Fight For Empire On Foreign Fields.

In addition to the Nanaimo boys who have already volunteered for service, nineteen more leave to-day. These are British army reservists and they all received their orders yesterday and passports to proceed at once to Quebec where they will embark for England to join their respective regiments now engaged in the European war.

The men leaving today are all of them splendid samples of British soldiers. Well set up, alert, active and loyal to the core, they are the kind of men who have fought the battles of the Empire with such good purpose on many a battle field for so many years. Each man who received his orders yesterday expressed himself as ready and willing to answer his country's call.

Such men are a credit to themselves and the Empire and it is fitting that the citizens of Nanaimo should give them a rousing farewell today. A large number of the Reservists met at The Herald office last night and decided that they would go away together, leaving the city this afternoon on the 3 o'clock boat. Mayor Planta is making arrangements to have the Boys Brigade Band turn out for the occasion and all members are asked to meet at the City Hall and play the contingent down to the boat. Reservists are also asked to meet at the City Hall and march down to the boat with the band.

Throughout Canada rousing sendoffs have been given to Canadians and Reservists leaving for England and the farewell in Nanaimo should be no less hearty than it is in other places. These men are going abroad to fight our battles and the least we can do is to bid them God speed on their perilous venture.

Some of the men who who are leaving for the front today are the following Reservists:

Pte. A. H. Hobbs, Middlesex Regiment.

Pte. T. B. Wallace, Border Regiment.

Pte. E. G. Hutton, Royal Horse Artillecy.

Pte. B. R. Bell, Royal Field Artillery.

Pte. J. Corcoran. 1st Batt. Irish Guards.

Pte. Frank Barker, Royal Field Artillery.

Pte. Fred. Banks, Royal Field Artillery.

Pte. Roger Darwell, Lancashire Fusiliers.

Let every Nanaimoite who can turn out today and give the boys a real old Nanaimo send-off.

TWENTIETH BUBONIC VICTIM

New Orleans, Aug. 19.—The twentieth case of bubonic plague was reported here today. The victim was Louis E. Welch.

CHEESE FOR ARMY

Quebec, Aug. 19.—At a special session of the Quebec provincial cabinet held at noon today, the Gouin Government decided to offer the imperial military authorities four million pounds of Canadian cheese for the use of the armies.

To Herald Readers:

The Daily Herald has made special arrangements for keeping its readers informed of the war news. A special wire now enters The Herald office, giving the most up-to-date telegraph service possible to obtain on Vancouver Island. The Herald now receives exactly the same news service as do the morning papers of Vancouver and Victoria.

If you want to keep informed on the news of the day subscribe to The Daily Herald.

TRADE OPPORTUNITIES.

The war in Europe has created an unprecedented situation in the trade of the world. Germany has been a strong bidder for the world's markets, and her exports have increased by leaps and bounds in recent years. Great Britain particularly has felt the effects of German competition, and the phenomenal growth in prosperity of the German Empire formed one of the stock arguments in the British tariff reformers. At one blow the whole of Germany's foreign trade has been suspended. Her shipping has been swept from the seas, and her commerce reduced to a standstill. Not a single German ship can enter a home port, and this means that Germany's immense export trade has come to a sudden end. Austria, although her trade did not reach the same volume, is in precisely the same position. British manufacturers and merchants are fully aware of the golden opportunity thus presented to them, and already they are planning to capture as much as possible of this trade. A few figures will illustrate the blow Germany has suffered and indicate the chances now open to manufacturers of the British Empire. For example Germany and Austria exported to Canada goods to the amount of sixteen and a half million. The trade of the German Empire alone with Japan totalled forty million dollars. Altogether the total value of German and Austrian exports is said to have exceeded five hundred and fifty millions, and this trade has absolutely ceased until the war is over. In other words a formidable British competitor has been wiped out at one stroke, and it is for British manufacturers to make the most of the fact thus established. Of course Great Britain will not have a clear right of way to these markets even now. The United States is fully alive to the opportunity now presented to extend their trading connections, and its manufacturers and traders will do all they can to improve it. But under the abnormal conditions at present prevailing the Imperial sentiment will to a large extent secure Imperial preference and the whole Empire will share in the benefits of a largely expanded trade and commerce. This at least in one consequence of the war from which the people of the British Empire can derive some comfort.

A GERMAN-AMERICAN DEAL

There is some talk of the big German steamship lines disposing of their fleets now lying in American ports to American companies. At present, with the fleets of the allies supreme on the seas, these ships cannot leave the ports in which they are lying. There is no telling when they will be able to leave, and they represent a dead loss to their German owners. In these circumstances the latter would no doubt be very glad of the chance to dispose of them to American buyers at any reasonable sacrifice. It is a splendid opportunity, on the other hand, for Americans to get hold of a fleet at bargain rates and become heirs to a valuable shipping trade. The trouble is that it is extremely doubtful whether or not such a deal could be made. There is no doubt at all that such a transaction would be a great relief and assistance to Germany. Indirectly it would be a violation of the United States' neutrality. These ships are virtually in a port of refuge. If they came out they would be liable to be captured by the cruisers of the allied powers. It is not even certain that the transfer of ownership while the war is in progress would exempt them from being made prizes of war. The United States government would at least have to set its registration seal upon the sale, and to do this it would have to repeal the law prohibiting the registration of ships not built in the country. Such action would be a severe strain upon the government's declared policy of absolute neutrality, and it is very improbable that the deal will go through. As a matter of fact it would rob Great Britain of the fruits of the supremacy of the seas and no doubt the United States government will take this view of it.

THE RESERVISTS FAMILIES.

This afternoon about twenty men will leave Nanaimo for Vancouver en route for the Old Country. These men are all army reservists whose services have been called upon in the hour of the Empire's need. They have all responded willingly to the call. There is not a man of them who, since the war was declared has not been anxious to join his old colors. Many of them, since they received their discharges, have married and not a few of them are leaving families behind them. In the case of these men the city should make it its duty to see that the wives and children of these reservists are properly looked after during the time the war lasts. The men have been called out in defence of our country, and it is the duty of those of us who stay at home to see that their dependents are properly cared for. The men are going willingly enough to whatever service may be demanded of them, and those of them who are leaving wives and children behind them will leave in all the better heart if they are assured that their families will be well taken care of during their absence.

GERMAN AEROPLANE IS DESTROYED.

Brussels, Aug. 19—A German monoplane was brought down by riflemen today at Sterrebek, only a few miles to the east of Brussels, The pilot and an officer had in his possession three revolvers, bombs and interesting military notes. His legs were broken by the fall, but notwithstanding his injuries he endeavored to discharge his weapons.

Communication

FOOD PRODUCTION

Editor Daily Herald,
Nanaimo, B. C.

Dear Sir:—

Everyons is looking around to see, if he can, what effect the great war, in which the British Empire is engaged, will have on our conditions. It is a period of turmoil when the regular course of things is upset Trade and business has to find new channels. We have to depend more on ourselves and less on monetary assistance from the outside. In the matter of foodstuffs we can do a great deal to support ourselves, by producing in our own country the food we need and by not sending our money out of the country to buy what we can grow here for ourselves. The Minister of Agriculture is reported to have recently stated at Penticton, B. C. that twenty million dollars worth of foodstuffs were imported into British Columbia in 1913 from the outside.

One effect of the war will be that there will be great demand for all the foodstuffs Canada can produce. We know something of hard times already, but if everyone used the vacant lots or pieces of land suitable for cultivation and produced something off them, a great deal of food would be created. Those who have more of one article than they want can exchange or sell.

Nanaimo sets a splendid example in this respect. So many homes grow a patch of potatoes, beans and other vegetables. But there is still some spare ground unused. Those who cannot use their land could lend it to others during the war for cultivation. Committees of expert gardeners might be formed to advise those as to what lands are best suited for the various plants, and how best results can be got. This after the war is over this city and neighborhood will have derived a permanent benefit from it.

Too much cannot be done to press forward the movement which is being enthusiastically taken up on all sides to make British Columbia independent of outside markets in all matters of its food supply, and to draw more wealth from our own soil to be spent among our own people.

Yours truly,
LINDLEY CREASE.

TO CARRY TROOPS

Sydney, N.S.W., Aug. 19—Several vessels have been engaged by the Australian and New Zealand governments as transports for the troops which will soon leave for active service in Europe. Several more large steamers will probably be chartered for this purpose in the near future.

It has been announced here that the Australian service to San Francisco has been suspended. The English mail service has been very irregular owing to the engagements of many of the mail line vessels as transports.

SIXTEEN KILLED IN RACE RIOT

Globe, Ariz., Aug. 19—Four Americans and twelve Mexicans were reported killed in a series of clashes in and near Ray today and tonight according to information received here late tonight.

Deputy sheriff Finn Brown and two Mexican horse thieves were killed today when officers and a band of Mexican outlaws first clashed. This fight occurred in Devils Canon near Ray.

Early tonight a third Mexican was killed by deputy sheriff Henderson when that officer and deputy Neill were ambushed by the thieves. Neill's horse was shot from beneath him.

Two more Americans and two Mexicans were killed during a fight between a posse and outlaws late tonight. The Americans killed were Earl and Frank Miller, brothers.

Infuriated at the news of the death of members of the posse, Americans of Ray invaded the Mexican section of the town tonight, driving terror stricken men, women and children of the section from their homes.

An American and seven Mexicans were killed in a battle caused by the Mexican residents resisting the attack on their homes. The others fled to the hills.

Reports said that many Americans were searching the hills near Ray tonight bent upon killing every Mexican they met.

Officers and citizens, who have been sworn in as deputy sheriffs were sent to patrol the entire section to prevent a spread of race rioting, if possible.

Regina, Sask., Aug. 19.—Between sicty-five and seventy French reservists from Regina and district have now left for the east, en-route to France. Every evening a number report at the offices of the French vice-consul.

AMERICAN SURGEONS OFFER

Ottawa, Ont., Aug. 13—An offer of eight American surgeons for service with the Canadian contingent abroad was received by Colonel Sam Hughes today. The offer came through Mr. Kendall of New York, secretary of the University of Edinburgh Club of North America, and was made on behalf of the Club.

IN THE TOILS

Montreal, Aug. 18—Vasil Delmege the absconding clerk of the Merchants Bank of Canada, who was charged with the theft of $7,814. from his employers, pleaded guilty to five charges laid against him in the court of special sessions this morning. He will be sentenced on Thursday.

The civil actions against Delmege will be dropped by the complaining parties and it is understood he will not be prosecuted for the return of the money he fraudently secured.

WAR SITUATION NEAR BRUSSELS

London, Aug. 19—An American military expert, reviewing the situation in Belgium says tonight:

"I left Brussels today. There was a good deal of agitation there as the people thought the Germans were very near, and there had been fighting at Tirlemont. A good many refugees are coming from Tirlemont and Louvain.

"The people kept very quiet, though they were filled with suspense owing to the rumors. The impression was that the Germans are making reconnoissances in force and scouting the country to the north of Brussels with cavalry, were about to advance in force on Brussels. The population has been told by the burgomaster that if the Germans came, they should remain indoors and go on as far as possible with their usual vocations.

"Brussels is an undefended city, but within the last three or four days every important street leading out of town has been barricaded. Trenches have been dug in the outskirts and barbed wire entaglements have been placed in front of them. These defences, however, are intended only for protection against a cavalry raid. They would be futile against any attack in force.

"A battle for the actual possession of Brussels will be fought outside in the direction of Wavre and Louvain. If the Germans take Brussels, it does not mean in any sense a military setback for the allies beyond its sentimental effect, and the opinion in Brussels was that owing to French successes in Alsace, and the check the German right wing has suffered in Belgium, something must be done in the form of success.

Brussels apparently is not unduly scared. The shops are open; the street cars and taxicabs are running and the newspapers are appearing regularly.

"There is no sign of alarm, and the staff states that the situation is excellent."

FUSILIERS AT RUPERT.

Prince Rupert, B. C. Aug. 1f—The Irish Fusiliers under Colonel McSpadden are doing duty here. Sentinels are posted at the drydock, wireless and marine stations, wharves, railway bridges, tunnels and at Port Edward. The old Premier hotel is the temporary barracks.

Berlin, Aug. 13—Via Copenhagen and London—The Wolff Bureau, a semi-official German News Agency, today gives out the following account of the battle of Mulhausen.

"One and a half French army corps entered upper Alsace while our troops were still concentrating. Nevertheless we attacked the enemy which was thrown back towards Belfort, but whose march afterwards continued.

A small section of artillery from Strassburg was defeated and two batteries which had been rendered useless were taken by the enemy, who then marched towards Schirmeck, eight miles from Saarles, Alsace.

"An investigation has begun to ascertain if any treachery exists among the local population."

SERVIA'S JOAN OF ARC AND HER FIANCE.

Nineteen year old Sophie Yovanovitch, the Servian Jean of Arc and her fiance. This girl with 40 women, led a charge which led to the capture of guns and prisoners without the loss of one of the women. She is a member of the famous League of Death, whose members are agreed to do anything, even to their own destruction, to further the cause of Servia.

4 PIECE ORCHESTRA IN ATTENDANCE

AFTER ARMY REMOUNTS

Ottawa, Ont., Aug. 13—General Benson, who has arrived in Canada to gather remounts for the Imperial forces, has been in conference with the members of the headquarters staff and as a result of an agreement reached, a maximum price has been fixed above which the General will not go in his purchases. The British government will not pay more than $175 for Canadian horses and they must be of good standard at that. If they cannot be procured for that price in the east then arrangements will be made to go elsewhere.

"If the dealers do not like this price," it was stated this morning, "then they can keep their horses. We can get all we want at reasonable prices."

VOLUNTEERS FROM WEST

Ottawa, Ont., Aug. 13—Sir Roblin, premier of Manitoba, is in Ottawa today. While here he conferred with the minister of militia regarding the part which Manitoba might play in the present crisis. Colonel Hughes stated that an independent offer of men by the province was not acceptable at the present time, but informed the premier that he would be advised later as to how best assistance could be given.

A similar answer has been given to the province of New Brunswick which offered an independent regiment.

LEGION OF FRONTIERSMEN OFF TO BATTLE.

Ottawa, Ont., Aug. 13—With the arrival this morning of several hundred volunteers from the west, was a Moose Jaw company composed of men belonging to the Legion of Frontiersmen and their determination to fight for their country is in the fact that even though their services had been refused by the government, they chartered cars at their own expense, had them attached to the train bringing the volunteers and came to Ottawa. All were in the South African war.

HERALDGRAMS

Brussels, Aug. 19—An engagement is reported to have taken places in Northern Limburg. An important Franco-German battle is expected.

London, Aug. 19—A despatch received today by the Marconi wireless press bureau from Berlin says that in an encounter near Satilupohen East Prussia on August 17, a division of the German first army corps defeated a Russian force, capturing 1,000 prisoners and six machine guns. Many Russian guns which could not be taken by the Germans were destroyed.

Paris, Aug. 19—The United States cruiser North Carolina arrived at Cherbourg today.

Paris Aug. 19.—Joseph Caillaux, the former premier and minister of war, who had the rank of sergeant in subaltern lieutenant. He is serving the reserves has been promoted to in the financial inspection department of the army.

Kingston, Jamaica, Aug. 19.—The governor has issued a proclamation forbidding the exportation of sugar from Jamaica. It is explained that the product is required for Imperial purposes.

London, Aug. 19—Eighty Japanese students who arrived in England today from Germany say some of their compatrotic were arrested and charged with espionage. Those arriving here declare they experienced considerable discomfort. all of them lost their baggage.

Minard's Liniment Cures Garget in Cows.

Minard's Liniment Co., Limited.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,
A. E. ROY,
Carriage Maker

RITCHIE WILL NOT MEET CHARLIE WHITE

San Francisco, Aug. 19—There is now no possibility of Charlie White and Willie Ritchie meeting in this city on a September date for the purpose of showing which is the superior fighter over a twenty-round route. Two serious obstacles prevented the match before the question of finance was touched upon.

Ritchie has a hunting trip arranged. He plans to make this a resting period, so that he will probably have the "hay" more than the briskly-bounding buck. Also Willie will not make 133 pounds for anybody, especially Charles White.

The champion found time yesterday to call on Promoter Coffroth. He has spent a couple of days visiting all his friends and explaining how he lost his championship title, which was quite a job and took up all his time until yesterday afternoon.

When Ritchie reached Coffroth's office he found Nate Lewis, manager of Charlie White, closeted with the promoter. The three talked about the date and Ritchie declared that he would not box in September. Then Coffroth suggested that as they might be able to get together at a later date the question of weight as well be discussed.

JACK JOHNSON'S GONE TO WAR.

Jack Johnson's ditched the fighting game
At so much dough per fight.
And signed to scrap the German troops—
(With not a purse in sight!)
Beneath the festive fleur de lis
For France he'll shoot and trench.
And we are full of sorrow—
We're sorry for the French.

There'll be no chance to frame this tilt;
There'll be no chance to stall.
Nor opportunity to toss
The nimble bull at all.
There'll be no luscious alibi,
And that's the reason we
Can't understand how Jack the Smudge
Was coaxed into the spree.

What boots his long and lanky left?
His deadly uppercut,
When someone dents a cannon ball
Upon his dusky nut?
What boots his footwork, sure and swift,
When soldiers burn and loot—
If it won't take him far away
You guessed it: not a boot.

Oh, what a wondrous spy he'd make,
This shifty Ace of Spade;
For he would be securely hid
If he would seek the shade.
And when the pall of night was down,
Why, he could roam at will—
For though the nights are dark in France,
Jack Johnson's darker still.

But calm your fevered blood, old top,
And scan the hectic scene:
Jack Johnson's safe (except his shins),
They cannot nick his bean.
And yet the French have got him now;
They can't (alas!) retrench.
They have him wished on them for fair,
And since it's summer over there—
We're sorry for the French.

VANCOUVER BEAT BALLARD.

Vancouver, B. C., Aug. 19—A batting rally in the eighth gave Vancouver four runs and today's game by a score of 4 to 2. Catcher Murray assaulted Umpire Burnside, the official having his eye blackened. Police escorted Murray out of the grounds. The score, Vancouver 4. Ballard 2.

SURREY WINS

London, Aug. 19.—Surrey beat Gloucestershire by an inning and 25 runs in the County cricket match at Cheltenham started last Monday. D. J. Knight, 58; Ducket, 54, and Hitch, 50, were the top scorers for the winning eleven.

LEAGUES' NEW PRESIDENT

Seattle, Aug. 19—The directors of the Northwestern League last tonight unanimously elected Ed. R. Hughes, sporting editor of the Seattle Times, president of the league to succeed Fielder Jones, who resigned to become manager of the St. Louis Federals. No other business of importance was transacted.

LAWN TENNIS RESULTS

Southampton, Ny., Aug. 19.—The feature of the afternoon of the tennis courts here was the defeat of Elia Fottrell, thr Californian, who was beaten by A. S. Dabney, 2-6, 6-3, 7-5.

Norman E. Brookes made his appearance in the doubles with William A. Larned as his partner. The two displayed ragged form, Larned piling up many nets. They were sufficiently good, however, to defeat Count Otto Salm and George Aranyi, the French-Austrian pair 7-5, 6-2.

Ottawa, Ont., Aug. 19.—The presen-

COWLER TO BOX AT TACOMA

Jim McMahon is keeping his stable of boxers busy. Tom Cowler, the heavyweight has been matched with Joe Bonds for a four-round contest in the Washington city on Sept. 3. Hector McDonald, who boxed with Billy Wright at Brighouse, will tackle Tex. Vernon over the four-round route on the same evening.

SOCCER GOSSIP

Leicester Fosse has signed Anderson, an outside left of Third Lanark. Before North, Anderson played for Newcastle United. He is very speedy and should do well for his new club.

Jack McQuillan, late captain of Hull city, has signed for Leeds city. He is 27 years of age and weighs 12 stone, and plays equally well at either left or right back.

Greneyer, Fleetwood and Galt should prove Everton's most likely half-back line to open the season with.

Danny Steel, the old Tottenham centre half, has signed for Clapton Orient for the coming season.

Billy Murray, the Everton forward has signed for Norwich Victorias.

Mr. Bramlett received 200 letters of congratulation on securing his new appointment as manager of Oldham.

No club can equal Middlesborough's love of local goalkeepers. They have, as last season, a trio of men engaged to occupy this role, and all three are of local extraction.

Tim Coleman, late of Fulham, has signed on for Notts Forest for the next season, and the Forest are lucky to secure such a prize.

Jerry Jackson, the old Burnley player and trainer has received a similar appointment with Lincoln City.

KBolton Wanderers' directors have done well to secure the services of whom they have transferred from another goalkeeper, Percy Toone. Barrow.

Walter Whittaker has succeeded in again signing on Bailiff, the Welsh international goalkeeper for Llanelly.

Forward All!

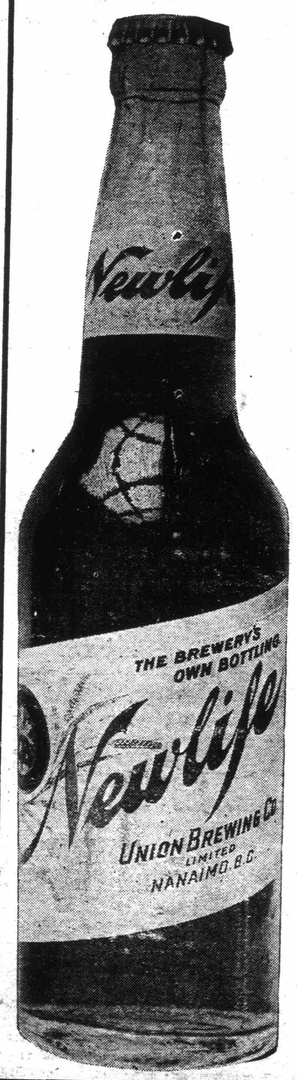
This is a time of crisis, a time for readjustment, a time for quick action, a time for greater efficiency—

But Not a Time for the Curtailment of Good Advertising!

Canadian advertisers are face to face with an opportunity. Sad it is that this opportunity is evolved through blood and tears; but not to take advantage of it is to fail in a real duty to the Empire.

Some businesses—chiefly those dependent upon imports—must suffer; but for every business that suffers, ten will prosper. Never has business been less interrupted by a great war.

Re-adjust your business to take advantage of new openings. Grasp now the markets that must look to you as never before. Make a more efficient use of advertising. Use the newspapers to better advantage. YOU can find YOUR opportunities in this situation IF YOU LOOK FOR THEM.



Efficient, carefully-planned and properly-prepared newspaper advertising will open the way for you.

The ladies of the Sunshine Circle will meet at the home of Mrs. Josneen, Nicol street, this (Thursday) afternoon at 2:30.

KEPT FACTORIES BUSY

Toronto, Aug. 19—To keep Canadian factories busy al' Winter is the object of arrangement that has been forwarded to Ottawa signed by many of the prominent manufacturers in Toronto. The scheme is to make it impossible for United States traveling men to do business here owing to demands for goods made in Canadian factories.

The Fifty-first Annual meeting of British Columbia District Ancient Order of Foresters will be held at Alberni, commencing Monday 24th. inst. Delegates from all parts of the province will pass through Nanaimo en route to Alberni towards the end of the week. The delegates from Nanaimo are Messrs. Lamont Ross and James Knight from Court Nanaimo and Miss T. Rogers from Court Sherwood A. O. F.

The proposal to raise in Vancouver a Foreign Legion 1,000 strong has "caught on," and the utmost enthusiasm prevails among local Servians, Russians and Montenegrians—not to mention Italians and Greeks whose countries have not yet entered the belligerent's arena—who are anxious to enlist in such a legion. The matter is now before the Federal and Imperial authorities, and a reply is awaited.

Plays the Piping Songs of Peace in the Stirring Times of War

No instrument that money can buy is better fitted to render songs of peace or war than Edison's masterpiece, the new Diamond-Disc. This is a time when those who enjoy the hearths that are being defended on hard-fought fields appreciate them to the fullest. Let the

BRIEF MENTION

The highest temperature yesterday was 82.8.

Mr. John Mowat of Victoria, and Dr. J. J. Millar of Chicago were in Nanaimo yesterday on a business trip.

Mr. and Mrs. W. E. Shields and daughter Doris, of Trail, B. C., left for their home yesterday after spending two days with Mr. and Mrs. D. C. Shields, Nicol street.

Mr. Henry Pollard, Ladysmith is spending a few days with Mrs. M. Woodburn, Nicol street.

Steamer Cowichan's trip on Aug. 24th inst to Denman Island, Union Bay and Comox and to Vancouver Aug. 25th inst. has been cancelled on account of cleaning boilers. 6t

Don't forget the final Parlor Show to be held in Assembly Hall Saturday evening, August 22. The four medals put up for competition will be awarded to the winning dogs at the close of the show.

Miss Alice McKelvie, Nicol St. left yesterday to spend a few days visiting friends.

Mr. and Mrs. Geo. Walker are expected to arrive home this week-end from their trip to the Old Country. They sailed on the 7th and if they travel according to schedule will reach Nanaimo on Saturday.

Mrs. A. S. Hamilton and daughter sailed for home on August 15th after spending over a year in the Old Country.

The following coal shipments have been made from the wharves of the Western Fuel Company during the week: The Belle, bunkers; Eastholm, cargo; Kildonan, bunkers and scow; A. G. Lindsay, cargo; Sadie, scow; Fingal, bunkers; M. C. M., bunkers and scow; Tepic, bunkers and scow; Kildonan, scow and Celtic, bunkers. The big freighter Candidate was also given 1300 tons bunkers.

A basket social will be held tonight in the Methodist Church, East Wellington, commencing at 8 o'clock.

The Vancouver Exhibition has announced positively that there was no truth in the story that the Exhibition would not be held in Vancouver this year. The Exhibition opens on September 3rd, according to schedule. Hundreds of American and Canadian exhibitors will be interested in this statement.

SOUTH WELLINGTON RELIEF FUND.

The following additional subscriptions to the South Wellington relief fund are thankfully acknowledged:

Union Brewing Co.	$25.00
Richard Hilbert	5.00
Thos. Miles	5.00
Mr. and Mrs. B. Fisher (clothing).	

Particular people are now having their private stationary printed. Have The Herald print yours.

A meeting of the subscribers to the South Wellington Relief Fund will be held in the City Hall Chambers today at 4 o'clock.

Mill and Kindling Wood

In the raffle for the pony and buggy by Mr. O. Hayes, Mr. William Baird with number 151 was the lucky winner.

WIVES HOLD HUSBANDS BACK FROM THE WAR

Ottawa, Aug. 19.—That many of the recruits for the Canadian overseas expeditionary forces are being withdrawn from the ranks of the units with which they are enlisted through the influence of their wives is the somewhat important announcement made this morning. The militia department has made it plain that no man who is married can go with the force without the consent of his wife. Apparently this is being taken advantage of by Canadian women, for during the last few days the wives of officers in particular, and also many of the men, have been exercising the privilege in large numbers.

MONTREAL BONDS.

London, Aug. 19—The Canadian financial community is much interested in the report received today that Montreal's 3½ per cent bonds have been sold in New York at 96. It is considered a very good rate and shows that Montreal and other substantial Canadian centres are not in an emergency dependent on the London market.

CANADA'S WAR MONEY.

Ottawa, Aug. 19—The Minister of Finance has given notice of an important run authorizing an increased issue of Dominion notes on the gold security now held in the treasury. This will enable the government to a considerable extent to finance the fifty million dollar appropriation for war purposes.

NANAIMO'S GIFT TO HOSPITAL SHIP.

The local Daughters of the Empire, who organized the recent public subscription towards the Canadian Hospital Ship, which received such a hearty support from the public of Nanaimo, have received the following telegram from the headquarters of the order in Victoria:

"Mrs. Lewis, Regent Bastion Chapter I.O.D.E., Nanaimo. Magnificent donation of $500 received safely. Please convey to all subscribers the grateful thanks of the Hospital Ship Committee. (Signed) Mary Croft, President Provincial Chapter I.O.D.E., British Columbia.

Mayor Planta has received a communication from the Provincial Secretary to the effect that an important meeting will be held in Victoria on Monday, August 25, which will be in the nature of a conference to discuss economic and other conditions given rise to the Province. Important organizations of the province are invited to send delegates.

It is stated on excellent authority that Sir Richard McBride and Mr. W. R. Arnold, managing director of the Dominion Trust Company, have been appointed honorary colonels of the 31st B. C. Horse. The appointments will be gazetted at headquarters during the present week.

Announcement is made by Mr. Morley Donaldson, vice-president and general manager of the Grand Trunk Pacific Railway, of the appointment of Mr. David B. Mulligan as general superintendent of the G. T. P. system of hotels.

London, Aug. 19—Sir William Plender was today appointed receiver and manager of the Canadian Agency in liquidation.

GERMAN CRUISERS DAMAGED.

London, Aug. 20 (4 a.m.)—The Daily Mail's Constantinople correspondent says that the former German cruiser Breslau's funnels had been severely damaged and that the Goeben had a considerable list, apparently having been hit on the water line by a projectile.

MERCHANT DROPPED DEAD

San Francisco, Aug. 19.—Hendricus Graf, secretary-treasurer of the City of Paris Drygoods Company dropped dead today in the London-Paris National Bank.

ROBERT SWORD IN THE POLICE COURT

Robert Sword was arraigned in the police court yesterday morning on the charge of having uttered forged receipts. He pleaded guilty on Monday and has been elected for trial by a higher court. In the case of the evidence given by the secretary of the Great West Fisheries Co., of which the defendant was president, it was observed by the magistrate that prosecution for conspiracy almost seemed warranted, and that it looked as though R. Wolff, who invested in the concern, had been victimized.

In revealing the details in connection with the organization and the operation of the company, its secretary, Cary Wood, intimated that practically all its cash support had been received from Wolff. The latter while on the stand, explained that Sword's position had been that of president and general manager. Early in February he had gone to Nanaimo where the company had some equipment. On his return he had produced some documents among which were the receipts alleged to be forged. Of these the chief purported to be an acknowledgement by "A. M. Gillis" of $35.00 for the hire of a scow and the placing of piles at the wharf. Later the witness said, he visited Nanaimo to inspect the plant. He found that there were no piles and that nothing had been done at the wharf.

Continuing, Wolff said: "I saw the accused in the office as soon as I got back. I called him a forger and told him point blank that no work had been done at the wharf at Nanaimo, and that the receipt must be a false one. I said I had seen Gillis and he denied entirely ever doing any work on the premises. The accused replied that he did not care if he did ten years in the pen."

That he had corroborated the statements made by Wolff and that had never suggested that the receipts in question should be shelved were statements made by Carry Wood.

The case was remanded to Thursday, in order that A. M. Gillis might be brought from Nanaimo. Bail at $500. in two sureties was allowed the defendant. —(Victoria Colonist.)

Minard's Liniment Cures Diphtheria.

Patriotic Speeches in The Commons

(Continued from Page 1)

it all showed that "the bonds of absolute British liberty and perfect self-government have proved to be the strongest possible ties that could be devised."

He pointed with pride to the fact that while the war had been started only two weeks ago, the British navy had already made the Atlantic safe for commerce, and the Pacific would soon be as safe. The contingent about to sail from Canada were going as free men from a free country, and said amid general authorization:

"All suitable provision must be made for the families of all men who are going to the front. The people and the government of Canada will not forget them."

The premier referred to the gift of a million bags of flour to the people of Great Britain and announced that the Canadian government had also offered to France a hospital of fifty beds to be provided, equipped and maintained in Paris or elsewhere.

Sir Wilfrid Laurier stated that all the measures proposed by the government for dealing with the present war situation would have the immediate assent of the opposition. When danger threatened the country or the Empire it was no time for criticism Canada, he said, "should hasten to help Great Britain and let the friends and foes of Britain know that there was one mind and one heart in this country, and Canadians would stand firmly behind the motherland, conscious and proud of the fact that the war was not due to the selfish motives of Great Britain, but that she must maintain untarnished her honor and the dignity of her name, fulfill her treaty obligations and save civilization from the unbridled lust of conquest and power."

This was not an ordinary contest Sir Wilfrid declared. It would stagger the world. England could have averted the war as far as she was concerned by withdrawing from the head of European civilization, sacrificing her allies, allowing Germany to violate the neutrality of Belgium, trample on Luxemberg and put the iron heel on continental Europe.

England could have secured peace but she replied that such peoples were infamous and, added Sir Wilfrid British subjects the the world over were prouder of their British citizenships because of England's determination not to accept these proposals. The appeal which the British people made, he said, was not to the God of battle, but to the God of justice and mercy.

During the course of his speech Sir Robert Borden stated that on the advice of the Imperial authorities, a meeting of an inter-departmental departments, together with Major General Hall, and Lieut M. L. Steele had been called in January of this year to draw up a general scheme of defence for Canada. A scheme had been drawn up and approved by the Premier and this had proved most fortunate indeed in the present emergency. The address was adopted and Hon. C. J. Doherty introduced his bill relating to immigration. The house rose shortly before six o'clock.

On Thursday Hon. W. T. White will make his financial statement and the debate will be adjourned until the following day.

Honors Rest With The Belgian Army

London, Aug. 19—An American war expert speaking today of the war, said the situation from the standpoint of the allies was excellent.

"As a matter of fact the general public had not yet heard the news which was rapidly spreading early this morning in official quarters.

"The people will submit to the Germans without any demonstration because the practical good sense of the Belgians, which teaches them that resistance after their army is driven back is fruitless and because of their supreme confidence that the British and French will eventually drive the Germans out of Belgium.

"The Belgian officials are warning the people not to attempt any reprisals on them. You can hear any kind of rumor in Brussels and if the Germans are determined to attack in force, Brussels, will be taken unless the Allies decide to resist for the sake of the possession of the town.

"The Germans have been using their cavalry with great audacity and sometimes with more audacity than skill. They have sent their cavalry scouts in all directions, and some reported battles have been no more than reconnoissances in force in which the Germans used the cavalry and infantry and some guns with either one or two purposes. They were either trying to cover their flank by these continuous threats or else they were ascertaining the Belgian dispositions with a view to an attack in force.

"The honors are with the Belgians in these combats. Their bicycle corps, pedalling rapidly on the fine roads, have responded to every alarm. The country is wholly unsuited to reconnoissances, as it is cut with hedges and sunken roads. There is rarely a field of ten acres which would permit a charge. Using telephones and automobiles which have come to be such an important adjunct of war, the Belgians are able to give the alarm instantly the Germans appear."

GERMANS FIRED INTO ITALIANS

Rome, Aug. 19—Notwithstanding the German official denials, Italian immigrants returning here today confirm the report that they were deliberately fired on by German troops at Mageburg.

They assert that about 6000 Italians were taken on cattle cars to Cologne, being 38 hours without food.

When they appealed for provisions at inns they say they were refused, the reply being that Italy, having declared her neutrality, they could die of hunger.

Surrounded by soldiers with fixed bayonets, the Italians were taken into the country and kept for two days and nights without shelter in the rain. Afterwards they were transported by train to Magdeburg, where they were given quarters in the dirty stables of the fortress. Potatoes and flour were served to them once a day. After being held three days the Italians were notified that they might leave for Italy. Filled with joy by the announcement, one of them cried "Viva Italy" which irritated the soldiers, who, it is said, fired into the unarmed crowd, killing one and wounding fifty.

Jack Dell, the old Everton and Celtic forward, has been appointed as coach to the Preston club. Bell finished his football at Deepdale six years ago. After leaving Preston, Bell had a cycle shop in Liverpool, but eventually came to Canada, returning home a week or two ago. He commenced his duties on August 3.

ROYAL PROCLAMATION

"His Majesty, the King has been graciously pleased to approve pardons being granted to soldiers who were in a state of desertion from the regular forces on Aug. 5, 1914, and who surrender themselves in the United Kingdom on or before Sept. 4, 1914, or at any station abroad where there are regular forces on or before Oct. 4, 1914. They will forfeit all service prior to date of surrender, but such service may subsequently be restored under the conditions laid down in the King's regulations for restoration of service forfeited under section 79 of the army act.

"Deserters who enlist between August 5 and Oct. 4, 1914, both days inclusive, in any colonial corps which may have been or may be placed at the disposal of the Imperial government for the war will be granted a free pardon and at the expiration of their service in such corps will not be claimed for further service in the regular forces of the United Kingdom. They will, however, forfeit all service rendered in the regular forces of the United Kingdom prior to the date of such enlistment. The provisions of this order will not be applied to men who have fraudently or improperly enlisted."

The above despatch was received from the war office last night with the request that it be given the widest publicity possible.

French Troops Capture Entire German Battery

LOCAL CUSTOMS RECEIVE ORDERS

Collector Smith Informed by Wire That Increase in Duties is Made to Provide Revenue For War.

Mr. B. H. Smith, the collector of customs for Nanaimo yesterday received the following telegram:

The Collector of Customs,
Nanaimo, B. C.

Take all customs entries subject to amendment. Coffee now dutiable, additional duty on cigars, ciragettes, tobacco, spirituous liquors, ale, beer, confectionery and various articles containg sugar. New duty on spirituous liquors, ale and beer applies to entries on and after seventh August. Notify outposts by wire.

JOHN McDOUGALD, Commissioner.

The following is an analysis of the tariff changes that are announced to provide war revenue.

Cocoa and chocolate paste, sweetened, general tariff raised from 4 to 4½ cents. Preferential tariff from 3½ to 4 cents.

Preparations of the same in powder form, general tariff 25 per cent. to 27½ per cent; preferential tariff 20 per cent to 22½ per cent.

Cocoa or chocolate (N. O. P.) and chocolate confectionery increased from ½ to 1 cent per pound in all tariffs.

Chicory, roasted or grounded, is unchanged in the general and preferential tariffs at 3 and 2 cents per pound respectively, but the intermediate tariff is raised from 2½ to 3 cents, coffee extract is raised from 3 to 6 cents in the general tariff and from 2 to 5 cents in the British preference.

Coffee, roasted or ground is increased from 2 to 5 cents in the general tariff and from one and half to four cents under the British preference.

Coffee, green, is now free if imported from the country of growth or purchased in bond in the United Kingdom.

Under the tariff changes it will pay three cents per pound as the general rate and 2½ cents under the British preference.

Coffee (N.O.P.) retains the present ad valorem duty of ten per cent, and there is an addition of three cents per pound under all three tariffs.

Refined sugar is increased from $1.07½ to $2.07 2-3, per cwt general, and 83 cents to $1.06 preference.

In the case of both raw and refined sugar, the estimate for the rate of duty are based upon the customary standard of imported sugars.

Sugar candy and confectionery retain their present ad valorem duty, and in addition there is imposed a specific duty of a half cent.

On cigars and cigarettes the specific duty is raised from $3 to $3.50 per pound, the ad valorem duty remaining unchanged.

Manufactured tobacco (N.O.P.) and snuff are increased from fifty to sixty cents per pound.

Ale, beer, porter and stout, not bottled, are increased from sixteen to thirty cents per gallon. In bottles the increase is from 24 to 42 cents per gallon.

Lime and fruit juices having not more than 25 per cent of proof spirits are placed under a duty of 75 cents instead of 60 cents per gallon. If the proof spirit is more than 25 per cent, the specific duty is raised from $2.40 to $3 per gallon, the ad valorem duty remaining unchanged at 30 per cent. Lime juice and fruit juice are increased from 20 to 22½ per cent. general and from 15 to 17½ per cent preference.

Alcohol is increased from $2.40 to $3 per gallon.

On acloholic perfumes in small bottles the duty is raised from fifty to sixty per cent, in larger bottles the specific duty is raised from $2.40 to

(Continued on Page 4)

FIRE AND SWORD.

London, Aug. 21—(4:20 a.m.)—A despatch to the Central News from Brussels says that a long line of burning villages marked the German advance.

Still No Germans On French Soil

London, Aug. 21 (1:20 a.m.)—The Germans have at last occupied Brussels, but in Alsace they seem to be making no advance. The latest report is that the French have recaptured Muhlhausen and is still seems true that after eighteen days of fighting there are no German troops on French soil.

On Germany's eastern frontier there has been considerable outpost fighting which would indicate that the Russians are completing their work of concentration. There has been no serious collision in this region as yet, however. Austria is too much engaged with Russia and with the need of helping Germany to make much progress in her war campaign against Servia. No news has been received of any naval movements, either in the North Sea or in the Mediterranean. The death of Pope Pius X will be made the occasion for another effort to bring peace.

It is stated that when the conclave meets in Rome to elect a new pope it will send an application to the warring nations for peace and will ask the United States to aid in bringing about tranquility.

According to the few items of news which have been allowed to come in from Berlin, something like normal conditions prevail in the German capital. The price of food is declining and now the troop movement has been completed, a resumption of general work on railways is being inaugurated.

Confirmation has been received from the report that Emperor William has ordered resistance to any effort that Japan may make to seize Kiau Chau.

Brilliant French Success in Alsace

Paris, Aug. 20.—11 p. m.—Along with the announcement of the fall of Brussels the official statement says:

"Our troops have met with brilliant success in Alsace, especially between Mulhausen and Altkirch. The enemy retreating along the Rhine left in our hands many prisoners and twenty four guns, six of which were captured by our infantry after a sharp struggle.

"In Lorraine the day was less fortunate for us. Our advanced troops found themselves faced by exceptionally strong positions. They were forced by attack to fall back in a body. which was established on the Seille and along the canal from the Marne to the Rhine."

Paris, Aug. 20.—An explanation of the Belgian field armies driven backwards towards Antwerp was given tonight n the following cabelgram from London made public by the British embassy'

"The Belgian field army, retiring on Antwerp, has fallen back in that direction in order to cover its communication with that fortress. In anticipation that this might be necessary, the seat of government has already been changed from Brussels to Antwerp. As Brussels is an undefended city and no longer the seat of government, the fact that the Germans may have occupied it is not of great importance. Moreover the present position of the Belgian field army is a menace to the right flank of any future German advance westward."

London, Aug. 21 (5:25 a.m.)— A despatch to the Havas Agency from Belfort by way of Paris says:

"The battles around Muhlhausen have been particularly bloody for the Germans, who, knowing that the French would spare as much as possible the Alsatians and their property, hid themselves in houses protected by the Red Cross, whence they fired on the French.

"The French directed a violent rifle and artillery fire on their assailants causing a viritable carnage. Every German leaving these houses was shot down.

"A battery of six guns with their caissons filled with ammunition were captured from the Germans. They were taken to Belfort where crowds of curious townspeople gathered to see them. Eighteen other guns captured today are expected to reach Belfort tomorrow together with six hundred prisoners."

England Fears Aeroplane Missles

London, Aug. 20—Adolpho Pegoud, a noted French aviator, has returned to Paris from the war zone to get a new aeroplane. According to a despatch to the Exchange Telegraph Company, the wings of Pegoud's old machine were riddled by bullets and two shells, when he made with a military observer, a flight of 300 kilometers (186 miles) into German territory.

He could not say just where he had been, except that he had traversed the Rhine for a distance of many miles.

Captain Fink, a military aviator, Pegoud said, had destroyed a hangar near Metz and wrecked a Zeppelin and also destroyed three tube aeroplanes which were in the hangar,

Aeroplanes now are playing the part in war which formerly only carrier pigeons could perform and seem to have greater possibilities than pigeons.

An official notification issued tonight to the people of England requests them to be watchful for missles dropped from aeroplanes, describes the peculiar wrappings which will enclose the missles and instructs the finder to forward them immediately to the addresses they bear.

French aeroplanes scattered messages to the inhabitants of Alsace in the early days of the war, and the Russians adopted the same method for announcing the proclamation of Emperor Nicholas to the Poles.

The German Fleet Bombarded Kronstadt

London, Aug. 20.—Nothing of importance has been heard of the operation of the German fleet in the Baltic since the beginning of the war and the reported occupation of Aland Island by the Germans. An English engineer who has just arrived back from St. Petersburg, and who is a competent authority on naval and military matters, reports that when he left the Russian capital seven days agos after the declaration of war, the ships of the German fleet were bombarding Kronstadt, Viborg and Reval. This is very important information because Kronstadt is a famous fortress and naval base at the approach of St. Petersburg. Reval is a great naval base at the entrance of the Gulf af Finland, and the place where large sums of money have been expended in forming docks and providing for all the requirements of an important naval establishment. Viborg is a port in Finland not far from the Russian frontier.

EXTENDS ITS LOCAL SYSTEM

Nanaimo Telephone Exchange Plans Installation of Lines To Accommodate a Large Number of New Telephones

Considerable plant extensions have been planned for the Nanaimo telephone exchange and the work is already underway with every prospect of it being finished before Christmas. When completed the local exchange will be enabled to handle a very much increased business with accomodations for several hundred additional telephones, if required. At the present time there are only twenty-one held phone orders and these will be filled just as quickly as the extensions are put in.

A large job in connection with the telephone company here has just been completed. This is the replacement of the present toll circuits that span the Nanaimo harbor and the placing of an additional circuit between the cable landing on Newcastle Island and the Nanaimo office of the company.

The work now being done in the city will include a new cable through Fraser street, supplying Comox Road and the Townsite, a new cable to the top of Fitzwilliam street at the corner of Pine, providing for the Five Acres and intermediate points, and a new pole line to the Five Acres looking after Pine, Milton, Prideaux and Selby streets.

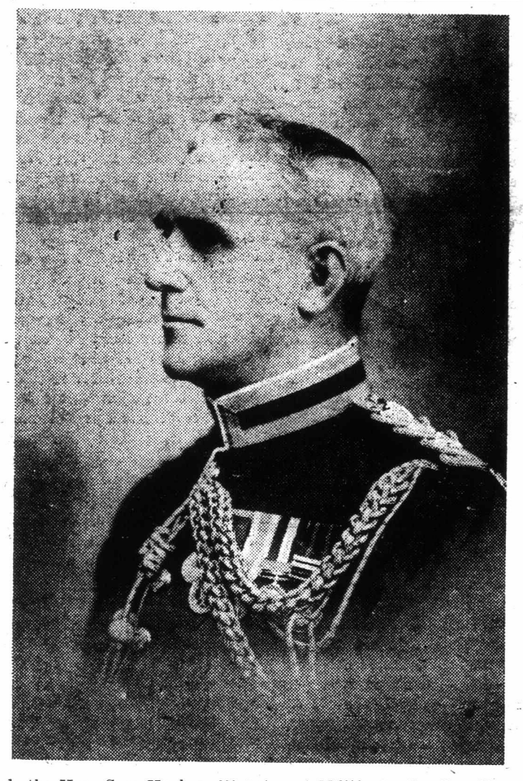
Despite what business may be in other parts of the country it is worthy of note that the telephone business of Nanaimo has steadily increased now for the past four years and there is no apparent slackening off of the new business offering.

MAY HAVE LOCAL RED CROSS SOCIETY

Ottawa, Ont., Aug. 20—The Red Cross movement in Canada for aid to the sick and wounded in the Canadian contingent on the continent was given a start tonight, when an enthusiastic meeting endorsed the objects of the campaign and promised support. Their Royal Highnesses the Governor-General, the Duchess of Connaught and Princess Patricia were present, and the Governor-General made his public pronouncement He said that everything possible had been done to prevent the war, and, since the beginning of hostilities, while it was deplored, the Empire was in honor bound to take its part.

The chairman announced that the Canadian Pacific and the Grand Trunk Railway's had arranged to carry all Red Cross supplies free and Hon. Geo. H. Perley had offered a residence in Ottawa for headquarters, and Colonel H. Burland had contributed one at Montreal for the province of Quebec.

It is hoped to have active Red Cross organizations in every city and town in Canada for the collection of subscriptions and supplies.



WANTS PROTECTION FOR COMMON PEOPLE

Ottawa, Aug. 20—"What about the common people?" is a leading question in an application sent by the Dominion Trades and Labor Congress to every member of parliament, issued tonight. Appeal is made for due consideration to the workers of Canada in which legislation will be enacted at the present session whereby they are likely to be affected.

"The maximum of protection is given to the great financial interests' states the communication, which is addressed to Premier Borden and members of the Dominion cabinet, and reads further:

"You have made legal tender the note circulation of the banks. The legislation is proposed to extend the credit of the banks enormously. You are about to suspend the redemption

(Continued on Page 2)

Colonel, the Hon. Sam Hughes, Minister of Militia in the Canadian cabinet, veteran of the South African War and Riel Rebellion, who is bending his energies toward organizing Canada's fighting force in defence of the Empire.

Contesting Every Inch of Belgian Ground

Paris, Aug. 21.—In conformity with a pre-arranged plan the Belgian field army retreated on the entrenched camp of Antwerp, after brilliantly fulfilling its duty as they were dictated by the strategical situation and delaying for a fortnight the German passage of the Meuse.

"Antwerp has a double role. It is formidably entrenched, fortified on most modern lines, and is the base from which the Belgian army can threaten the German flank and cooperate effectively with the allies.

"The Antwerp defence consists of three fortifications, whose power of resistence can be heightened by flooding a large area around the works. Antwerp is fully equipped with the most perfect appliances. To besiege the fortress, the Germans would have to detain imposing forces and a large siege train. This they are not likely to do. If they do not, they will be obliged to cover themselves against the operations of the Belgian army which is intact, thanks to the skilful retreat, and augmented by the Antwerp garrison.

"It is to be added that the Liege forts still hold out. Those at Namur have not yet been attacked. They are as strong as the forts at Liege and have been considerably strengthened in the past two weeks.

"From this it would seem that the advancing German armies are caught between the positions of Namur and Antwerp, a distance from each other of only thirty-five miles as the crow flies. The German situation is then a difficult one, since they lack a chief postulate of a plan of march through Belgium, namely a free passage of the Meuse, a route by Liege and Namur and inaction on the part of the Belgium army."

Military men describe the German army which is moving across Belgium as overwhelming, saying it consists of at least two or three army corps. The advance of this huge force is covered over the entire thirty mile front by a screen of cavalry. The Germans had no difficulty in taking Louvain, which was virtually indefended.

"In the high wooded country between Louvain and Brussels the Germans found an excellent defensive position. Having occupied Louvain the Germans pushed forward with great celerity, the cave opening out in fan shaped formation, spreading across the country.

"At one point they ran into a strong force of Belgian artillery and punished them severely. Later in the day a Belgian scouting force reached Louvain and found it unoccupied but received orders to fall back because of the danger of being outflanked and annihilated."

Russian Forces Continue Advance

London, Aug. 21 (5:20 a.m.)— The Times' St. Petersburg correspondent reviewing the recent fighting on the Russian frontier, says:

"If the Austrians decide to take the offensive it would be difficult to menace the Russian left flank unless, like the Germans they decide to violate the neutrality of a smaller state —Roumania. The position on the right invites the theory that the Germans are planning to use their warships to cover the landing of troops in the Baltic provinces."

London, Aug. 21 (5:30 a.m.)—A St. Petersburg despatch to the Daily Mail says the Noveo Vremya published an account of the fighting at Edykttkuhnen, east Prussia, by an eye witness, who says:

"The fighting here seemed to prove that the German armies' military qualities did not justify its reputation. The men in the skirmish lines huddled together, making excellent targets for our fire.

"The German cavalry avoided ours, retreating when the Russians advanced for the charge. The German infantry likewise retreated before our bayonet charges."

The Novoe Vremya comments on Japan's ultimatum as follows:

"The enemies of our enemies are our friends. The cry of the yellow peril is not justified. The yellow race, even as the white race, rises against Germany's violence."

STRIKING MINERS RELEASED

Ottawa, Ont., Aug. 20.—Sir Robert Borden announced in the house of Commons this afternoon that all the Vancouver Island strike rioters confined in prison will be released forthwith in view of the crisis confronting the country.

LOCAL RESERVISTS FOR THE FRONT

Nanaimo Turned Out in Force Yesterday and Gave Enthusiastic Farewell to British Army Reserve Men.

The war was brought home to Nanaimo very forcibly yesterday when several thousand people bid good-bye to nineteen reservists who the day previous received word to join their respective regiments in England without delay.

Although the call for a farewell was short the city turned out en masse to say au revoir to the boys who left yesterday for the front. The reservists took the afternoon boat and long before the time set for sailing the approach to the C.P.R. wharf was crowded with thousands of Nanaimoites anxious to bid God speed to the men who were leaving to fight the battles of the Empire on a foreign field. The Boys Brigade Band was in attendance and Mayor Planta was master of ceremonies. After the reservists had boarded the Princess Beatrice, Mayor Planta in a few well chosen words bid them God speed and called for cheers, for the men. These were given thrice over with a will and responded to in kind.

In his remarks the Mayor stated that all the married men could leave with perfect confidence that their families would be amply provided for in their absence by the citizens of Nanaimo. The expression was received with a chorus of applause by the big crowd on the wharf and with cheers from the reservists.

It was the origional intention to have the reservists meet at the City Hall and parade to the steamer behind the band. Only a few of the men reported at the City Hall, the others for the most part being men of family who took the last few cherished minutes left them in Nanaimo to spend with their own.

At the wharf hundreds pressed forward to shake the hands of the departing ones and wish them all success and a speedy return to the city of their adoption. The departing cheers were given with a will, but there was an entire lack of that superabundance of expression often witnessed on occasions of a similar nature everyone appearing to realize the very serious nature of the situation. The women—the real heros of all wars—brave hearted as ever kept a smiling face before they departing men folk although they felt their position keenly. Men friends assumed gruff voice and passed aimless remarks to hide the real feelings that required the stronger will to suppress. Of all the vast crowd the reservists themselves made the bravest showing bridging the chasm of intense feeling.

As the steamer pulled out the band played "God Save The King" while the reservists sang "Should Auld Acquaintance Be Forgot." Cheers and responding cheers resounded across the rapidly widening gulf of water between the men going to the front and those left behind, and in a few minuted the ship disappeared behind Protection, the thin trail of smoke marking the departure of Nanaimo's first contingent to "the front."

Nanaimo has reason to feel proud of the men who have gone forth to fight her battles and there is not a soul in the city that does not wish them all good health and a safe and speedy return to their own again.

All that is left for Nanaimo citizens to do now is to await the return of her own and in the meantime to take good care of the families of the warriors who have gone to the front. That Nanaimo citizens will do this and do it in a manner befitting a proud city there is not the least doubt.

ALL MEN CALLED.

London, Aug. 21 (6:55 a. m.—A despatch to the Exchange Telegraph Company sent from Vienna under yesterday's date. says that the Austrian government issued a final call to arms for all able bodied men from the ages of 20 to 42 years.

THE WAR.

The only definite piece of news from the seat of war last night was the announcement that the Germans had entered Brussels. This intelligence has been expected for the last two or three days. Indeed it has been recognized ever since the Germans began their movement to the northwest of Liege that if the advance was made in force, Brussels would have to be evacuated. The Government moved to Antwerp in anticipation of this eventuality several days ago. Still the gallant Belgium troops have hung upon the line of the German advance, fighting where possible and generally putting up an effective resistance. They have retired only in the face of overwhelming numbers, and Antwerp being a fortified town, they will be able to hold out there until the campaign has taken a decisive turn to the south and east. The Germans are still steadily advancing down the valley of the Meuse, but in this direction they will come upon the massed forces of France and Britain, and the troops now operating around Brussels simply reduces the army which is to be hurled upon the French frontier. With the news now being handed out it is impossible even to guess at the plan of campaign of the opposing forces. In Alsace and Lorraine the French are gaining ground, and the Russians are also reported to have gained an important victory in East Prussia. There is no news from Austria and Servia, and there is again silence as to the fleets in the North Sea.

GOD-SPEED

The reservists who left Nanaimo yesterday afternoon for the Old Country, there to join their own regiments, will long remember the send-off accorded them. Not for many a long year has there been such a moving and enthusiastic display of patriotism in Nanaimo. We may in the piping times of peace grow indifferent to the ties of the Empire, but once let danger threaten and the old flag calls us all. Practically all Nanaimo was on the streets yesterday afternoon to bid God speed to the gallant boys who have been summoned to the service of their country and the farewell scenes on the streets and wharf will linger in their memories and cheer them on in far-off foreign fields. The town is proud of them, appreciates the spirit in which they responded to the call of the flag, and Mayor Planta voiced the sentiments of the whole community when he stated that the city would only be too proud to care of their families while they are away at the front.

STRIKE CALLED OFF.

While as yet The Herald has received no official announcement it is generally understood that the miners on the island, who have been out of work, some almost for two years and others for over fifteen months, have voted to call off the strike. This is good news in itself, and is the best thing the rank and file of the men could have done. As a matter of fact this action should have been taken long ago. So long ago as last October the men were given a chance through the mediation of Deputy Minister of Labor Acland, of effecting a settlement of the dispute. The opportunity was not even given decent consideration. It was never referred to the rank and file as a proposition worthy to be ballotted upon. The position then was helpless so far as the men are concerned. It was a crime against the men to continue it. But the men's leaders cheerfully assumed the responsibility, and added one more to the many sacrifices they have enacted from the rank and file, in this long drawn-out struggle. We have no wish to continue the bitterness which has developed during the course of the strike. The sooner it is forgotten with all the unfortunate incidents which have attended it, the better it will be for the city and the people of Nanaimo. Still there are one or two points which may be properly emphasized at this juncture. The strike did not begin a year past May as the result of a general agitation among the men. It was started by a few outside agitators. The methods adopted by the agitators to secue their ends ruled the case of the men out of court. The trouble is that the rank and file of the miners did not realize this primary fact. They were led away by a few agitators who were not even working in the local mines. It is upon the shoulders of these few men that the whole trouble, entailing such incalculable loss to the city and community, such suffering to the rank and file of the miners, that the whole trouble must be laid. They proved utterly unequal to the task they assumed. They blundered on from muddle to muddle ending in open revolt against the organization in whose pay they were and in whose interests they professed to be working So far as this district is concerned these men have run their course, and it may be admitted that they have reason to be satisfied with their record as wreckers and trouble-makers. Now that their work has finished, the next thing is to make the best of the new situation. It will take time for the city to get back to its old normal conditions, and for the old harmonious relations in the community to be resumed again. If, however, the rank and file of the men will listen to the promptings of their own good common sense and allow all old differences to drop, the future will take care of itself.

A contemporary makes the point that Canada has come to the assistance of the Mother Country simply and only because her honor would not allow her to stand aside. The enemies of the Mother Country automatically became our enemies, although it may not be easy to explain why this should be so. It all depends upon the point of view. Canada has more at stake than her honor in this war. Her existence as a nation lies just as much on the hazard of the war as does that of Great Britain. If the United Kingdom was defeated by Germany, then there would be an end of the British Empire. Canada would cease to exist as a British Country. It is to continue her existence as an integral part of the British Empire and not alone to satisfy any point of national honor, that Canada is acting with the Mother Country in the fight against German domination.

WANTS PROTECTION FOR COMMON PEOPLE.

(Continued from Page 1)

of Dominion notes for gold. A great many workmen never earned enough to obtain a chance to purchase a home. Many, by struggles they themselves made, have purchased homes by a deposit of cash and assumption of mortgages. Their only means of revenue is the selling of their labor power. They pay interest and principle out of wages they earn. Now big industries are shutting down, adding to a fearful unemployed problem existing. Failure of the workers to be able to sell their labor means that they will be unable to meet the payments on the mortgages. The loss of the homes is inevitable if the great financial institutions and others take advantage of legal rights.

"Inasmuch as the government is protecting the great interests to an enormous extent, we desire the protection of the government shall be extended to the common people whose interests are as dear to them as are the interests of great corporations to the shareholders. We ask that you afford protection now to the common people at this session."

WANTS U. S. TO BE KIAO CHOW TRUSTEE

Washington, Aug. 20—Most significant of the days development in the European situation here was the enquiry of the Chinese government of the United States whether the latter would undertake the trusteeship of the territory of Kiao-Chow, transferring it immediately from Germany to China.

China's inquiry was understood to have been based on an acquiescence of Germany in such a plan, hoping thereby to avert a war with Japan. While officials were generally reticent to express any opinion, it was generally believed that the American government would not accept the proposal of China until both Japan and Great Britain assented.

President Wilson and Secretary Bryan have scrupulously avoided thus far involving the United States in any way in the situation and there is every indication that this attitude will be strictly maintained.

China endeavors to obtain the territory of Kiao-Chow, and at the same time preserve neutral clations with Germany, Japan and Great Britain were manifest in despatches from Pekin. In any eventuality, China indicated clearly her intention of remaining absolutely neutral.

CHIEF SECRETARY FOR SALVATION ARMY.

Winnipeg, Man., Aug. 20 — Albert Gaskin, formerly in charge of the Salvation Army in Western Canada and more recently filling the position of Field Secretary with headquarters at Toronto, has been appointed chief secretary of the Salvation Army in Canada. This position is next in importance to that of commander.

The new field secretary will be Brigadier Frank Morris of London, Ont. Brigadier Morris is well known in the west and on the coast. He was a survivor of the Empress of Ireland disaster.

OWES HER LIFE TO "FRUIT-A-TIVES"

Cured Both Stomach Trouble and Headaches

PALMERSTON, ONT., JUNE 20th. 1913.

"I really believe that I owe my life to "Fruit-a-tives". Ever since childhood, I have been under the care of physicians and have been paying doctor's bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old Stomach Trouble and distressing Headaches nearly drove me wild. Sometime ago, I got a box of "Fruit-a-tives" and the first box did me good. My husband was delighted and advised a continuation of their use.

Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied, "I am taking Fruit-a-tives". He said, "Well, if Fruit-a-tives are making you look so well, go ahead and take them. They are doing more for you than I can".

MRS. H. S. WILLIAMS.

"Fruit-a-tives" are sold by all dealers at 50c. a box. 6 for $2.50, trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

CONCLAVE TO ELECT A NEW POPE

London, Aug. 20—There will be no difficulty in holding a conclave to elect a new pope owing to the war, is the opinion of English catholics. A prominent catholic here said today that every cardinal, including those of the belligerent nations, will consider it an imperative duty to make every human effort to reach Rome within the ten days limit. But even if not a single cardinal except the Italians manage to reach Rome, the conclave will still be held and the election be binding. The conclave meets automatically ten days after the death of the Pontiff. If there is no quorum, those who get there with in ten days are locked up and proceed to elect a new Pontiff. It is his eminence's duty to go and he will do his best to arrive. We do not know what the French, German and Austrian cardinals are doing, but presume that they will do their duty and make every effort to get to Rome. Still we are all up in the air, as present conditions are unprecedented in the history of the church. It is understood that Cardinal Gasquet is also planning to make an effort to get to Rome.

It has been suggested that the belligerents may allow special conclave terms to cardinals abroad to pass through the lines, but in the event of a considerable proportion of the foreign cardinals being unable to get to Rome in time, there is a possibility that no foreign Pope will be elected.

BLIND BISHOP SHOT BY THE GERMANS

Paris, Aug. 20—La Croix, the Catholic newspaper declares that the blind bishop, Monsignor Kennengieser, alleged to have been shot by the Germans at Istien, in Baden was an Alsatian and anti-German. He was accused by the Germans of having in his possession plans of the fortress of Istein-Alotz, where a large German force is waiting the advance of the French army now marching through upper Alsace.

Istein-Glotz is regarded as almost impregnable and is the centre of a ring of German fortifications in that region.

SPRINKLING NOTICE.

Notice is hereby given that on and after this date, August 21st, sprinkling with garden hose or otherwise will be allowed between the hours of 7 and 8 p.m. only.

Anyone violating this regulation will have the water cut off without further notice and a fee of one dollar ($1.00) will be charged before it is turned on again.

By Order.

MEXICO WELCOMES NEW PRESIDENT

Mexico City, Aug. 20—It is estimated that more than 150,000 persons crowded the line of march of the new president and his followers which extended from the village of Atzcapotzal on the National Palace, a distance of six miles. There was not the slightest disorder as General Carranza and his staff passed through the cheering crowds which showered them with flowers and confetti and from which came cries of "Long live Carranza," "Long live the Constitutionalists."

At dawn today the Constitutionalists troops began forming at close intervals in a double line along the entire distance over which the victorious Constitutionalist leader was to pass. Back of the troops were ranged sightseers and on every roof and balcony were spectators.

It was near noon when General Carranza mounted on a horse and accompanied by his staff, and the generals of the northwest division, the central division and southwest division of the Constitutionalist army left Atzcapotzal, escorted by a squadron and the Fourth Sonora battalion of infantry which acted as the guard of honor.

On reaching the city limits the column was met by the mayor and the city council of the capital, who delivered to General Carranza the keys of the city.

After the ceremony the cavalcade proceeded to the historic Chapultepec castle where two batteries of artillery fired a salute in honor of the new chief executive. Here the parade turned towards the beautiful San Francisco Avenue.

GERMANS ADMIT 3,000 CASUALTIES

London, Aug. 21 (4:10 a.m.)—Telegraphing from Copenhagen the correspondent of the Daily Mail says that the third list of German casualtis aggregating about 3000 men killed or wounded, mainly infantrymen, has been published in Berlin.

GERMAN EMPEROR ORDERED SLAUGHTER

London, Aug. 20.—The Paris correspondent of the Exchange Telegraph sends a despatch originating in Christinia stating that Emperor William ordered the attack by the Germans on Liege and that General Von Emmich was not responsible for it.

Minard's Liniment Cures Diptheria.

Minard's Liniment Co., Limited.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,

London, Aug. 20 — The fight arranged between Gunboat Smith, the American heavyweight pugilist and Young Ahearn of New York has been cancelled. Smith sails today for America.

SWEEPSTAKES DISCONTINUED

NO MORE SWEEPSTAKES

Victoria, B. C., Aug. 20—Hon. W. J. Bowser, as attorney general, has ordered the instant suppression all over the province of the sale of sweepstake tickets.

Victoria, Aug. 20—"I think it imperative that this department should place the stamp of disapproval upon anything coming within its jurisdiction which incites people to be reckless with their hard-earned savings, and to that end I have issued such instructions as will, I hope, put an end to the gambling in sweepstake tickets."

This statement was made today by Hon. W. J. Bowser, attorney general. The decision means the instant suppression all over the province of the sale of tickets on the sweepstake basis for horse races held at points in England, which have had wide circulation for some years past. Two firms in Victoria, a couple in Vancouver and one in New Westminster, who have mainly been responsible for the large sale of such tickets will now require to immediately abandon this form of gambling. It is understood that already a large sale has been made of tickets for the St. Leger race on September 8.

"I am induced to take this attitude," said Mr. Bowser, "mainly for the reason that it is absolutely vital to the well-being of the people during the period of trial which is ahead of us that they should not be tempted to scatter their savings about in a reckless fashion. On the contrary, every one who can exercise any influence at this time, is I think under a solemn obligation to encourage their interest, economy and self denial."

OUIMET DEFENDING HIS GOLF TITLE

Chicago, Aug 20—Francis Ouimet, defending his title today made a splendid 69 in the first round of the 72 hole finals of the National Open Golf tournament at Midlothian Club within one of the course records.

Ouimet and Hagen both fell off in the second round, taking 75 and 74 respectively.

Hagen's total of 142 led the field of 65 in the first day's play and gave him a chance for the title.

Chas. Evans, jr., and Warren K Wood, former western title holders, finished well up in the list with 150 each.

The best five scores of the day were made by native Americans. Sixth on the list is Louis Tellier, formerly of France, who played a consistent game for 167. English and Scotch players were not so prominent as in years gone by.

GERMAN CAVALRY STRONG.

Paris, Aug. 20—Le Temps this afternoon explains why the seat of the Belgian government was transferred from Brussels to Antwerp. The statement, credited to a member of the Belgian cabinet, is as follows:

"The Belgian army has not sufficient cavalry to engage or resist the vast curtain of German cavalry which covers the two banks of the river Meuse and which is advancing towards Brussels. The capital was exposed to a sudden raid and it was simple prudence to retire."

Minard's Liniment Cures Diphtheria.

ARE ADVANCING ON HISTORIC WATERLOO

The historic battlefield of Waterloo, twelve miles south of Brussels, in Belgium, promises, unless the apparent plans of the Germans and their British, French and Belgian opponents change, to become the scene of another and immeasurably greater conflict under conditions considerably different from those which existed on that famous Sunday, June 18, 1815, ninety-nine years ago. At that time the actual battle line of the defending British and allied forces under Wellington extended a little more than two miles from a ridge on the road to Wavre to a series of heights in the rear of the chateau of Hougomont. Then the French were the attackers and the British, Dutch, Belgians, Brunswickers and Germans resisted the onslaught. Wellington prayed for Blucher's German reinforcements of fifty thousand men; Napoleon prayed for the arrival of Grouchy. Blucher came and Grouchy did not. Opinions differ as to whether Wellington would have been able to hold out had Blucher not arrived, while another debated point is whether or not the final French charge of the day, that of the twenty-six squadrons of the guards up Mont St. Jean, would have succeeded against the British squares had the advancing horsemen not come unexpectedly on the hollow way of Ohain in which hundreds of them were buried alive and the whole effect of the onslaught weakened. All these conditions would be absent should Waterloo again prove a great battlefield. Under the present circumstances it could only witness a small part of the general engagement, for the defending front, instead of extending only two miles, as in 1815, now stretches across practically seventy-five miles of territory. In 1815 the French attacked today the Germans are advancing. In 1815 the arrival of fifty thousand men helped to finally decide the battle in favor of the British and Germans, while today such a force would be able to make only a small impression at any one point along the front where millions of troops are opposed. In 1815 the hollow way of Ohain wrecked Napoleon's finest effort, the charge of the old guard; today such a thing would be impossible, the aeroplanes would have warned the commander of every indentation in the ground and behind Mont. St. Jean there would be no great, unexpected grave yawning to receive the flower of the advancing cavalry. Hougomont chateau, where the British grenadier guards with the Brunswickers, held out all day against the French artillery in 1815, would be wrecked now in 15 minutes by the powerful modern guns. In 1815 the Belgians fled; today they are standing their ground nobly. Even the face of the old battlefield is changed. The undulations of the plain on which the encounter between Wellington and Napoleon took place are no longer as they were on June 18, 1815. Where the huge pyramid of earth surmounted by the commemorating stone lion now stands, there was a crest, which on the side of the Nivelles road had a fairly easy ascent but which on the Genappe road side was almost impracticable. Thousands of cartloads of earth were used to build the mound for the Waterloo memorial, which is one hundred and fifty feet high and half a mile in circumference. This makes the Mont. St. Jean plateau now easily accessible by a gentle incline, but on the day of the battle in 1815 it was steep and abrupt. Along the centre of the crest of the plateau ran a ditch, the hollow way of Ohain, into which tumbled Napoleon's charging guards as they swept on to ensure the victory which their emperor believed within his grasp. There is no ditch there today. Instead on the left there stands the English tomb, on the right the German. "There is no French tomb," writes Victor Hugo. "For France the whole plain is a sepulchre."

PRINCE RUPERT UNDULY EXCITED

Prince Rupert, B. C.—Aug. 20—Much uncertainty exists here as to the reported presence of a German warship off this port. Unconfirmed story says a lighthouse keeper between here and Queen Charlotte Island sighted a cruiser. Local banks have been warned.

Ottawa, Aug. 20.—The naval department says it has received no information in regard to a threatened attack by a German cruiser on Prince Rupert. "It is possible, but exceedingly improbable," said the head of the department. Mr Hazen says he has sent no message to Prince Rupert of the character reported.

VANCOUVER MILLING & GRAIN CO. LTD. VANCOUVER, CANADA

"PASSED by the Board of Censors" is every particle of ROYAL STANDARD Flour.

Nothing escapes the eagle eye of our head miller in his laboratory as he tests sample after sample of grain from the Prairies, grinds them up in his miniature flour mill and then makes a batch of bread from each—the supreme test!

If that bread is extra fine he names the flour that made it

ROYAL STANDARD FLOUR

FIVE KILLED BY ELECTRICAL STORM

Wilkesbarre, Pa., Aug 20—Five persons were killed, seven seriously injured and forty others less painfully hurt in this city today when a severe electrical storm, approaching a cyclone in force swept the southern section known as the "Heights" and part of Wilkesbarre township.

Wilkesbarre, Pa., Aug. 20—A watchman and two of the dead girls lost their lives in a silk mill which was unroofed and partially collapsed. Several other girl employees at the mill were injured.

Between thirty and forty houses in Wilkesbarre were wrecked. A church was moved off its foundation. The cyclone came without warning and abated just as suddenly after working destruction over a limited area.

The property loss is put at hundreds of thousands of dollars.

UNDER THE TRICOLOR

Paris, Aug. 20—Grecian subjects to the number of 280, all of whom fought in the recent Balkan wars, as well as a large number of Italians offered their services today to the French military authorities.

So many men want to enlist under the flag of the Republic that it has been found necessary to extend the time limit on acceptances. Otherwise the maximum strength of many corps would be obtained immediately.

GERMAN CAVALRY OCCUPY BRUSSELS

Paris, Aug. 20.—11 p.m.—The German cavalry have occupied Brussels. The official announcement was made tonight. Strong columns are following up this move. The Belgian army is retiring on Antwerp without having been engaged by the Germans.

WAS INJURED AT NANOOSE BAY

Mr. Sargeant, a farmer of Nanoose was badly injured Wednesday evening by the premature discharge of a quantity of explosives. It appears that Sergeant was doing some blasting and after lighting the fuse it doubled back over onto the charge of powder exploding it before he could reach safety. Sargeant was more or less injured about the entire body, especially about the hips and arms. He was brought to the local hospital and his injuries attended to by Dr. Wilks.

ROYAL PROCLAMATION

"His Majesty, the King has been graciously pleased to approve pardons being granted to soldiers who were in a state of desertion from the regular forces on Aug. 5, 1914, and who surrender themselves in the United Kingdom on or before Sept. 4, 1914, or at any station abroad where there are regular forces on or before Oct. 4, 1914. They will forfeit all service prior to date of surrender, but such service may subsequently be restored under the conditions laid down in the King's regulations for restoration of service forfeited under section 79 of the army act.

"Deserters who enlist between August 5 and Oct. 4, 1914, both days inclusive, in any colonial corps which may have been or may be placed at the disposal of the Imperial government for the war will be granted a free pardon and at the expiration of their service in such corps will not be claimed for further service in the regular forces of the United Kingdom. They will, however, forfeit all service rendered in the regular forces of the United Kingdom prior to the date of such enlistment, The provisions of this order will not be applied to men who have fraudently or improperly enlisted."

The above despatch was received from the war office last night with the request that it be given the widest publicity possible.

BRIEF MENTION

Mrs. Arthur Akenhead left for Vancouver yesterday on a visit to her parents, Mr. and Mrs. Joseph Robinson, Vancouver.

Special constable E. E. Long, of Nanaimo, leaves today for Victoria to join the Legion of Frontiersmen consisting of Vancouver Island volunteers.

The public schools of the city will open on Monday next.

On Tuesday the 18th at 2:30 p.m. at St. Peter's, Qualicum, the marriage was solmenized of Miss R. M. Greaves-Banning, only daughter of Major Greaves-Banning of Taunton, England, to Mr. N. E. Gore-Langton of Cobble Will, son of the late Hon. H. P. Gore-Langton, of Taunton, Somerset.

Chocolate Ice Cream at the Oasis every Saturday, 10 cts. a dish. tf

The executive of the Nanaimo United Football Club will hold a meeting in the Central Hotel parlors tonight at 8 o'clock.

The weather forecast for the day will be found on the upper left hand corner of the front page of The Herald. This will be published day by day and will always be found in the same position in the paper.

Mill and Kindling Wood H. H. Weeks Phone 9-3

Mr. and Mrs. Abe Hickman, Kennedy street, left yesterday on an extended visit to Mrs. Hickman's sister, Mrs. T. Waring, Harbre, Mont.

A regular meeting of the Owls will be held tonight in the Oddfellows' Hall at 8 o'clock sharp. A full attendance is requested.

Chocolate Ice Cream at the Oasis every Saturday, 10 cts. a dish. tf

The Nanaimo Leek and Vegetable Club will meet at the Provincial Hotel on Saturday evening at 7:30.

Mr. John Shaw, president of the Nanaimo Board of Trade has received a communication from the Provincial Secretary to the effect that an important meeting will be held in Victoria on Monday, August 25, which will be in the nature of a conference to discuss economic and other conditions given rise to the Province. Important organizations of the province are invited to send delegates.

The Misses Grace and Margaret Isherwood left yesterday on a week's visit to friends in Vancouver.

Mr. John Thompson is reported seriously ill at his home on Newcastle Townsite. Mr. Thompson is the only adult male member of the company of pioneers who arrived in Nanaimo on the Princess Royal in Nov. 1854, now surviving.

Messrs. Hickling and Corker, two of the Nanaimo boys who enlisted at Victoria for service abroad were in the city over night having received twenty-four hours leave of absence from Esquimalt. They expect to entrain for Quebec in a couple of days. It is likely that about a dozen of the Nanaimo boys will leave with the first contingent from Victoria to Quebec.

The suit for $30,000 damages for alleged wrongful dismissal and breach of contract which Mr. John P. McConnell, late editor of the Sun' has entered against the Burrard Publishing Co. and Mr. F. C. Wade, K. C., president of the company, was yesterday morning discontinued against Mr. Wade. The notice of discontinuance followed the recent resignation of Mr. Wade from the presidency of the publishing company. The action still remains against the company.

NO GERMAN IN NORTH PACIFIC

Seattle, Aug. 20.—No information has been received by shipping men here to suppport the fear expressed by Canadian minister of marine Hazen that a German warship was approaching Prince Rupert to secure coal. As far as known no German man of war is in the North Pacific. The German cruiser Leipzig was last reported twenty miles southwest of the Golden Gate steaming in a westerly direction.

SIX DEAD, TWO MISSING.

Ray, Ariz., Aug. 20—Six men are known to be dead and two are missing as the result of the fighting between the authorities and a band of four Mexicans. Of those killed four were Americans and two Mexicans.

SOUTH WELLINGTON RELIEF.

HERALDGRAMS

Washington, D. C. Aug. 20 — Nine steamers, some of them already under way, have been chartered tonight by diplomatic officers of the United States as auxiliaries to ships of regular lines in moving war-bound Americans from Europe.

Southampton, N. Y., Aug. 20—J. P. Gardener, jr., and W. W. Washburn won their first places in the semi-final round of the tennis cup singles here today. Washburn created an upset by driving so steadily for the lines that he defeated W. M. Johnston, the Pacific Coast expert 7-5; 6-1; 7-5.

London, Aug. 20—The Prince of Wales, at the head of a detachment of Grenadier guards, marched through the streets of London today and was given an enthusiastic reception.

London, Aug. 20—The British Red Cross Service may be supplemented by another humane mission to the battlefield. The humane society asks for funds and volunteers for the Purple Cross to engage in relief work for horses. It proposes to send men to the front for the purpose of killing badly wounded horses and rescuing others.

Northbend, Ore., Aug. 20—Five persons were killed outright today when an automobile owned by J.B. Davis went through the railing on the county bridge across Font Point and dropped 20 feet. One other person was slightly injured and another escaped unhurt.

LOCAL CUSTOMS RECEIVE ORDERS.

(Continued from Page 1)

$3. The ad valorem duty remains unchanged.

Condensed milk is increased from 3½ to 3⅝ cents per pound on the general tariff and 2 and 2½ under the British preference.

Condensed coffee with milk from 30 to 35 per cent under the general tariff and 20 to 25 per cent under the British preference.

Milk goes up from 25 to 27½ per cent under the general tariff and from 17 to 2½ under the British preference.

Biscuits, sweet, go up from 17½ to 30 under the general tariff.

Fruits preserved in brandy are increased from 30 to 60 per cent. in all tariffs, if they do not contain more than forty per cent. of proof spirits. If containing more than that the increase is from $2.40 to $3.35, the ad valorem duty remaining at 30 per cent.

Canned fruits are increased from 2½ to 2½ cents under the general tariff and from 1½ to 1⅝ cents under the British preference.

Preserved ginger is raised from 30 to 35 per cent. general and 20 to 25 British preference.

Jellies, jams, preserves and condensed milks are increased from 3½ per pound to 3⅝ under the general tariff and 2½ to 2⅝ under the British preference.

Dissected cocoanut is raised from 4 to 4½ per cent general and from 2 to 2½ preference.

Raw sugar is increased 57½ cents to $1.37½ per cwt. under general and from 40⅝ to $1.05⅝ preference.

On spirits of nitre the duty is also raised from $2.40 to $3 per gallon.

Medicated wines the increase is from fifty to sixty per cent.

On malt flour a special war tax of 3 cents per pound is imposed in addition to the existing ad valorem duty of 35 per cent.

Chemical preparations, including patent medicines, when dry, remain unchenged, but on all others the duty is raised from fifty to sixty per cent. If they contain more than 40 per cent of proof spirits the specific duty is raised from $2.40 to $3 per gallon.

Paints and colors, ground in spirits, are increased from $1 to $1.25 per gallon.

The excise duties on spirits and tobacco are increased as follows:

Malt liquor from 10 to 15 cents per gallon; Malt from ½ to 3 cents per pound; Spirits from $1.90 to $2.20 per gallon; Cigars from $2 to $3 per thousand; Manufactured tobacco from 5 to 10 cents per pound.

AUSTRALIAN TROOPS LEFT FOR THE FRONT

Melbourne, Aug. 20—The first contingent of the troops that the Commonwealth is sending to the European battlefield, has left New South Wales. It consists of naval and military contingents and is a fine body of men comprising many ex-Royal navy men and South African veterans.

Great secrecy was maintained as to the date and hour of their departure.

The Australian Jockey Club, the great organization that regulates and controls horse racing in Australia, has made a gift of $5,000 to the Commonwealth fund while many wealthy residents individually contribute as high as $25,000.

The New South Wales parliament has introduced a moratorium, the bill has yet to go before the legislative council. The measure calls for moratrium to remain in force in the state until six months after the proclamation of peace.

War preparations are quietly going forward throughout the Commonwealth, and every assistance that patriotism can dictate is being afforded to the mother country. All news of the movements of the fleet has been suppressed and whether it is in Chinese waters as has been reported, or whether it is guarding the shores of Australia is unknown.

UNION BANK OF CANADA

A Strong, Far-reaching Organization

This local office of the Union Bank of Canada is but one of over 310 Branches of an organization whose Total Assets exceed $80,000,000. Our banking service covers Canada, and through our connections we are prepared to transact business in any part of the civilized world.

The confidence of Canadians in this Bank is attested by over Sixty-four Million Dollars of Deposits. Yours would make a wise and welcome addition.

Good Times Ahead

THE sudden breaking out of war caused many to "run to cover." Like the chicken on whom the rose leaf fell, some of us became a prey to fear and were ready to declare "the sky is falling."

Now our vision is clearing, our alarm has fled, we have recovered our poise and our courage. We are seeing, also, our opportunity. Swiftly and almost overwhelmingly has come to us the perception of the fact that the competition of Continental Europe has been taken away. We are faced with a condition and an opportunity both tending to our advantage as a country of industry, agriculture and trade. Good times are ahead, if Canada and Canadians see and seize the present opportunity for enlarging their industries and trading.

We must be careful We must have courage

Austrians Were Defeated in a Four Day Battle

Italy Decides to Enter Into the European War

SERBS GAIN BIG VICTORY

Austrian Army of 150,000 Men Completely Defeated By Serbs in Desperate Battle Near Losnitza.

Rome, via Paris, Aug. 22 (1:25 a. m.)—The newspapers pring the 'following despatch dated from Nish, Servia, Aug. 21.

"The general staff announces the complete victory of the Serbs in a four days battle near Losnitza. The Austrians to the number of 150,0000 fought an equal number of Serbs. The losses on both sides were enormous. The victors captured great booty and several thousand prisoners.

HONOR DUE UNCLE SAM.

London, Aug. 21—The Economist, referring to the opposition of the American government to allow a French loan to be floated in New York, says:

"The United States government has done honor to itself and a service to the world by maintaining neutrality in its strictest sense by refusing to allow bankers to take profit by prolonging the carnage in Europe."

CONDITIONS AFFECT A LOCAL MINE

A notice posted at the Jingle Pot Mine yesterday caused a report to be s read about the city last evening to the effect that the Vancouver-Nanaimo Coal Company was making a ten per cent. reduction in the pay of its employees. Upon inquiring The Herald learned the foundation for the report lay in the fact that a notice has been posted by the company asking its employees "if at the present time and owing to existing conditions it was not entitled to a voluntary reduction in wages on the part of the men."

It is probable a meeting of the Jingle Pot employees will be held in the near future to discuss the proposal.

PIONEER BUSINESS MAN VISITS CITY

Mr. David Spencer, sr., of Victoria and head of D. Spencer Co., arrived in the city last night in company with his wife and Dr. and Mrs. White. The party are on a motor tour of the Island and this morning will leave for Alberni. Before returning to Victoria they will visit Cumberland and Courtenay and spend a little time at the Qualicum Inn.

Mr. Spencer, despite his eighty odd years, still takes an active interest in the business of the company and although he has not visited Nanaimo in fifteen years is thoroughly in touch with all local conditions, being a close reader of the local papers. His age does not prevent him from paying closest attention to many details of the Spencer organization, including those affecting the Nanaimo store.

LEVIED WAR TAX.

Paris Aug. 21—"German cavalry forces passed through Brussels today going westward. They were followed later by a army corps.

"A war tax of $40,000,000 has been levied on the city of Brussels by the German general.

The retreat of the Belgians continued today without incident."

GERMANS OVERRUN BELGIUM.

London, Aug. 22 (2:30 a.m.)—The Daily Mail's Ostend correspondent telegraphing Friday evening at six o'clock says:

"The Germans are over-running northern Belgium. They are now believed to be within striking distance of Ostend.

"Fifty thousand Germans marched through Brussels and are now in Ghent.

Italian Army is Being Mobilized

Paris, Aug. 22 (5.15 a.m.)—A general mobilization in Italy has been decided and will be proclaimed in three or four days, according to a message which the Rome correspondent of the Eclair succeeded in smuggling through to his paper.

The correspondent asserts that King Victor Emmanuel, until recently felt obliged to renounce all idea of Italian intervention in the conflict, but was won over by the arguments of his ministers.

Marquis Antono Di Sangiulano, minister of foreign affairs, alone of the cabinet, held to a contrary opinion.

London, Aug. 21.—The Rome correspondent of the Exchange Telegraph Company says:

"Italy has asked for a friendly explanation from Austria regarding the landing of a large shipment of Austrian arms at Meduca, an Albanian seaport, on August 15. The Servian minister protested, alleging that the Austrians were arming the Albanians against Servia."

Cruiser Leipzig Off California Coast

Seattle, Aug. 21—The first definite information of the whereabouts of the German cruiser Leipzig since she left San Francisco early Tuesday morning was brought to port today by the American tank steamer Catania, which arrived from Port San Luis and reported that she had been halted Tuesday by the Leipzig 150 miles north of San Francisco.

Captain Canty of the Catania said he was running along without displaying his colors when the Leipzig bore down upon him at full speed from the southwest. When within a mile of the Catania, which paid no attention to the approach of the German cruiser, the Leipzig displayed her colors and hoisted signals which read: "Heave to; show your colors."

The Catania stopped her engines, while the quartermaster ran up her signal letters and displayed the American flag at the stern.

Apparently satisfied the Leipzig signalled the Catania to proceed and turning about put to sea.

Captain Canty's account would indicate that the Leipzig still is hovering off the California coast, apparently seeking prizes from which she can obtain fuel. The Leipzig took on 575 tons of coal at San Francisco Monday and cannot visit an American port again for three months.

Murdock Residence Destroyed By Fire

The home of Mr. Andrew Murdock, Wesley street, was the scene of a destructive fire shortly after 2 o'clock this morning, which practically destroyed the house together with all the contents, with the exception of one trunk which Mr. Murdock succeeded in saving from the burning building when the fire was at its height.

There was no one at home at the time the fire started, Mrs. Murdock and family being away camping on the Island while Mr. Murdock was patrolling Machleary street in his capacity of Pound Keeper, looking for stray horses or cattle. It is not known how the fire started, but it is supposed to have had its origin in the kitchen where Mr. Murdock had left a fire burning when he went home for supper shortly after eleven o'clock.

The whole building was a mass of flames when it was first discovered by parties returning home from a dance. They gave the alarm and attempted to save some of the furniture but were driven back by the flames. The department quickly responded to the alarm and succeeded in confining the fire to the Murdock home.

All the contents of the house were consumed and what remains of the residence will have to be pulled down, so that Mr. Murdock's loss is most complete with the exception of a little insurance amounting in all to about $1000.

FATAL SHOOTING AT LADNER

Vancouver, Aug. 21—Frank Harper, a Frazer River fisherman, is dead and Wm. Cole, a cannery worker, is under arrest as the result of a fatal shooting at Ladner this evening. Harper interferred between Cole and another cannery employee named G. Parker, and was allegedly shot by Cole.

The tragedy occurred on the Brackman-Ker Company's wharf at Ladner. Cole and Parker, it appears, had both a proprietory interest in a sein net. At six o'clock they met on the wharf, both, it is said, somewhat under the influence of liquor. There was some dispute over the net and hot words were exchanged. Cole went into a near-by shack occupied by some of the cannery employees, and, according to the story came out with a rifle in his hands. Harper tried to interfere and was allegedly shot by Cole. He died two hours later.

WHEREABOUTS OF THE BRITISH FORCE

London, Aug. 22—No indications yet appear in the English press as to the whereabouts of the British expeditionary force, and with the approach of critical operations in the vast campaign, the greatest curiosity and anxiety are expressed as to when the British troops will enter the fighting line.

It is announced, however, that the authorities will not allow the soldiers to write home to friends.

BELGIANS ARE CONCENTRATING

150,000 Belgians Are Gathered About Antwerp to Oppose Futher Advance of German Army.

London, Aug. 22—Very little has become known of the operations of the early week, which put the German army between the Belgian forces and their French allies and enabled the Germans to occupy Brussels. It is supposed the Germans must have brought up very strong forces behind their cavalry screens, and that a severe battle must have been fought to compel the Belgians to abandon Brussels and retire on Antwerp.

Whether or not the French forces are engaged with Belgians is not known. No information is available as to whether the Germans now intend to devote themselves to the task of reducing Antwerp or to an endeavor to force their way southward into French territory. It seems however, their determination is to attack the Belgian army of 150,000 men who are still in or about Antwerp. The Germans already are advancing in the vicinity of Ghent. They have occupied Alost, 15 miles northeast of Brussels and Wettern, 18 miles southeast of Ghent, and apparently intend to over-run all of northern Belgium.

If, however, that is their intention the invasion of France through Belgium must be still longer delayed.

HERALDGRAMS

London, Aug. 21—Dr. Hepburn and Dr. Upward, two young Canadian medicos who have been taking post graduate courses were today accepted for the Royal army medical corps. They leave for active service tomorrow.

London, Aug. 21—The embargo on tea to Canada has been removed and this trade will now proceed under normal conditions.

New York, Aug. 21—Gold bars amounting to $300,000 have been withdrawn from the assay office. The name of the shipper and destination were withheld, but it was believed the gold was destined for Ottawa, to form a part of the Bank of England credit recently established there.

Paris, Aug. 21—A despatch to the Havas Agency from Dunkirk, France, says a train bearing a thousand German prisoners guarded by Belgian soldiers arrived there today. The Belgians with their prisoners embarked on a French steamer, which sailed for an unnamed French port.

London, Aug. 21—St. Paul's cathedral, which is situated in the heart of London, was crowded all day and tonight by sorrowful worshipers because of the war.

Ottawa, Ont., Aug. 21—The Duke of Cornwalls Own Rifles and the Governor-General's Foot Guards, volunteers for the overseas contingent, received instructions to entrain tomorrow for Valcartier.

Washington, D. C., Aug. 21—Government war risk insurance for vessels of American registry during the European war, seemed assured tonight after the senate had passed the bill to create a bureau of risk insurance in the treasury department and appropriated $5,000,000 to cover losses.

Montreal, Aug. 21—Mr. John T.P. Knight, manager of the Montreal Clearing House and secretary of the Canadian Bankers' Association, died today. He was 64 years old and was born in Deal, England.

(Continued from Page 2)

GERMANY'S LAST CALL

London, Aug. 22—The Chronicle's correspondent nt Copenhagen reports that Germany is calling out her last reserves.

UHLANS AT WATERLOO.

London, Aug. 22 (4:05 a.m.—A despatch to the Daily Express from Ostend, Belgium, says that on Friday an encounter occurred between the allied troops and the Germans at a spot probably southwest of Brussels and that it was favorable to the allies.

Uhlans have been seen at Waterloo.

Residents of Berlin in a Terrible Plight

London, Aug. 21.—The Cologne Gazette paints a horrible picture of industrial workers conditions in Berlin. A conference has been held at the ministry of the interior to discuss the great unemployment problem in Berlin among women. The stores have dismissed most of their employees and will soon dismiss more. Most women clerks and assistants have been discharged because their employers are at the war or are ruined. The costume trade is at a standstill, and home workers are starving. The textile trade is suffering fearfully and dismissing its workers, mostly women by the hundreds. Other factories must shut up because mobilization has taken away their male workers.

Women who run boarding houses or let rooms are ruined. At the conference it was complained that the ruthlessness of the rich was reducing employed women unnecessarily. The town of Gelsden Girchen has bought $160,000 of foodstuffs to be sold at shops. It is estimated that there are 17,000 families, each with three, who need help, which will cost the town $50,000 a month. Each family receives 24 shillings a month from the Emperial treasury and the same amount from the municipal treasury.

London, Aug. 21.—All the German newspapers received here tonight make interesting reading although evidently under iron-censorship. They indicate for one thing that economic disturbances in the Fatherland are already having a disastrous effect. The pinch of food scarcity is being felt in Berlin and other large cities and the police have had to intervene in some places between provisioners and customers. Not only is Germany practically cut off by postal communication with the rest of the world, but various parts of the Empire are suffering from entirt disruption by the railways.

No goods can be forwarded from Berlin to Stettin for any western centre without a special permit, and in the Rhinish provinces various lines of business have been closed down owing to the lack of supplies.

Important Meeting of Board of Trade

A special meeting of the Nanaimo Board of Trade will be held at 4:30 this afternoon for the purpose of discussing matters in connection with the conference which is being held at Victoria on Tuesday next to discuss economic and other conditions affecting the province, arising out of the present war.

The conference at Victoria on Tuesday is being called by the Hon. Provincial Secretary and will be attended by representatives from all important organizations of the province. Both Mayor Planta and Mr. Jno. Shaw, president of the local Board of Trade have been invited to attend and have accepted the invitation.

Every member of the local Board of Trade is urgently requested to attend today's special meeting, as matters affecting every business man in the city will be discussed, and instructions given President Shaw as to what course to pursue at the conference.

GERMANY DEMANDS FORTY MILLIONS

Antwerp, Aug. 21—The Germans have demanded a war imposition of $40,000,000 from Brussels. The treasurer of the city, M. Hallet, informed them that "No possible coercive measures will give them even a fraction of that sum."

It is reported that exhorbitant demands have been made on other Belgian towns and cities in the hands of the Kaiser's army. The Kaiser's levy on Brussels means $55 per head for every woman, boy and girl in the place. That is an average of nearly $250 for every family in the place.

WORTHY OF THE ROBBER BARONS

London, Aug. 22 (4 a.m.)—All the morning papers in London denounce the German attempt to leavy $40,000,000 in Brussels, which would work out at about $55 per capita of population. The papers declare that such an assessment is opposed to all ideas of modern warfare and is worthy of the robber barons of the middle ages. It is supposed that the demand was accompanied by threats to destroy the beautiful public buildings of the town, the newspapers say.

PARLIAMENT WILL PROROGUE TODAY

Ottawa, Aug. 21—Parliament will prorogue on Saturday night. There will be a sitting on Saturday morning when the remaining bills now on the order paper will be sent to the Senate. The senate will also sit tomorrow and clear up its order paper at its afternoon session. This was agreed by the leaders late tonight when the house adjourned.

Before adjourning the bills amending the tariff act were given three readings. The bills left on the order papers are to incorporate the Patriotic funds association and a bill introduced by Mr. Doherty to amend the Naturalization Act. Rapid progress was made with the emergency war measures today. The measures included the bill "to conserve the commercial and financial interests of Canada" the bill granted His Majesty $50,000,000 aid for military and naval defences, and the naval and tariff changes. One bill passed through. One bill passed through all stages in seven minutes. There was no particular objections to any legislation except the changes in tariff. The Liberals protested against the duties on sugar and made a number of counter suggestions for raising war funds. One was an export duty on lumber, another a stamp duty, still a third, and income tax and a fourth proposed a duty on patent medicines.

COST OF WAR TO CANADA

Thirty Million Dollars is Required to Finance Canada's Expeditionary Force to Aid Britain.

Ottawa, Ont., Aug. 21—In the Commons tonight Sit Robert Borden presented an estimate of the probable cost of the overseas force to Canada during the current fiscal year. His figures were as follows:

Pay of 25,000 men for seven months $6,100.000.

Rations for 25,000 men for seven months at fifty cents, $2.100,000.

Five thousand horses at $200 each, $1,000.000.

Forage, seven months, at sixty cents, $60,000.

Subsistence of troops until arrival at Quebec, $275,000.

Transport of men, horses, guns and equipment to Quebec, $450,000.

Ocean transport, $1,000,000.

Transport abroad, $300,000.

Return transport to Canada, $1,450,000.

Engineering services at Halifax, Quebec and elsewhere, $500,000.

Equipment, $2,400,000.

Clothing $3,300,000.

Dominion arsenal, ammunition, $660,000.

Troops on guard in Canada, $2,000,000.

Movements of troops, ammunition, etc., increased $100,000.

For additional troops and unforeseen expenses, $7,615,000.

Totals $30,000,000.

WEEKLY WEATHER REPORT.

From 12th to 18th. August 1914

Victoria—Total amount of bright sunshine 7o hours and 36 minutes, rain 03 inches, highest temperature 78.6 on 12th, lowest 51 on 12th.

Vancouver—Total amount of bright unshine 54 hours and 36 minutes, rain 03 inches, highest temperature 79 on 12th, lowest 47 on 16th.

Nanaimo—Rain 03 inches, highest temperaturI 79.5 on 12th., lowest 49 on 17th.

Barclona, Spain. Aug. 21.—Via Paris—The Spanish steamer Infanta Isabel will leave Aug. 23 for the United States with several hundred Americans aboard.

NIGHT SCHOOLS TO REOPEN MONDAY

Principal Rigby announces that night school classes will reopen on Monday next, the morning sessions which will be held on the top flour of the Central School commencing at 10:30. The evening session will be conducted in the High School Building from 7:30 to 9:30, the subjects tought being elementary technical, and elementary school. Principal Rigby is prepared to start a tuition class for the civil service examinations should there be a sufficient number of applicants, and he urges that those who intend writing the Stationary Engineers Examinations to take the opportunity presented by these classes.

The Nanaimo Night School has since its inception earned an enviable reputation it being noteworthy that not a single one of its students in the Stationary Engineers classes failed to pass the examination.

RUSSIA ADVANCING.

London, Aug. 22 (6:20 a.m.—A despatch to the Exchange Telegraph Company from St. Petersburg says:

"It is officially announced that the Russian army is now advancing along the entire Austro-German frontier and successfully maintaining the offensive at every point of contact.

A WAR BUDGET.

Canada is having its first experience of a war budget. Finance Minister White announced to the House that he requires a million a month, or seven million dollars during the remainder of the fiscal year. The budget is to be non-contentious. For the most part the taxes will be levied on articles not regarded as necessaries of life. There are exceptions, but the government will have the support of the country in its proposals. It represents Canada's share in the cost of the Empire. The Herald has contended all along that the Dominion has been saved millions of dollars in times past by the protection afforded it by the British fleet. Now it is necessary for us to bear a part of the burden, and we are sure the new taxes will be paid ungrudgingly.

PLANS ARE OUT

A document has been published which purports to give the German plan of campaign prepared more than a year ago. It is impossible to vouch for the authenticity of the document, but in the light of what has happened since the war broke out, it is certainly interesting. Naturally the probable attitude of Great Britain was discussed, and here are the conclusions arrived at:

"Her chief force is her fleet, under whose cover she can put through an expeditionary force of about two army corps on the Continent, provided with fairly numerous cavalry. Haunted by the dread of a German invasion, England will not very likely resolve to risk her active army on the Continent except after long hesitation, and especially after attempting the destruction of our fleet. If so, she will be too late. The decision on the continent will have already been won provided that we have not lost time in crushing one or other of the two powers of the Entente."

The plan it will be seen has seriously miscarried. Great Britain did not hesitate about placing an expeditionary force on the continent and did not even attempt the destruction of the German fleet to accomplish this She simply bottled up the German fleet without fighting and landed her army force in France before Germany had crossed the Belgian frontier. Instead of the decision having been reached on the Continent, Germany has been held up by Belgium, a country which the campaign-makers never even considered, and will now have to attack the allies in positions of their own choosing.

ECOMOMIC CONFERENCE

Mayor Planta and Mr. John Shaw, President of the local Board of Trade have both received invitations to attend a conference which has been convened by Provincial Secretary Young to discuss the economic situation in the province. The conference will meet in Victoria on Tuesday, and will be attended by delegates from every part of British Columbia. In order to prepare for the discussion and place Nanaimo's views properly before the conference, a meeting of the Board of Trade will be held this afternoon from which the two delegates already named can take their instructions. Under the circumstances it is surely unnecessary to bespeak a full attendance. We are all agreed that for the time being we have no politics and no party differences. It is for us all, without regard to political color, to do the best we can in the grave Imperial crisis which has arisen. There are provincial conditions arising from the outbreak of war to be dealt with, and it can best be done by the united action of all parties. Something may be done to bolster up credit, to regulate prices of foodstuffs to provide employment for those out of work, and to devise means of taking advantage of any trade opportunities that may offer. It was a splendid idea to call such a conference and Nanaimo should spare no effort on its part to make it a success.

ANTWERP.

Antwerp, toward which the Belgian field forces are now retreating, is one of the chief cities and the leading seaport of Belgium. It is situated on the right bank of the Lower Scheldt, less than thirty miles north from Brussels by rail. It is one of the ancient trading cities of Europe. Its commercial prosperity dates back to the 11th century, and in the latter half of the sixteenth century, corresponding to the Elizabethan period in England, Antwerp was the largest seaport and the richest city in the north and northwest of Europe, and was the money market of European princes. The city suffered a great set-back in the following century, and its present prosperity goes back only to the middle of the last century. The government, within the last twenty years, has spent enormous sums in dredging the river and providing increased dock accommodation. The population of the city will now number between three and four hundred thousand, and its annual trade exceeds five hundred million dollars. Some attention has also been given to the fortifications of the city in view of just such an emergency as it has now to confront. Indeed Antwerp is the main military bulwark of Belgium. It is defended by a circle of strong modern detached forts, and, in addition a large portion of the country can be inundated if necessary. It is toward this base that the Belgian troops are now retiring. The opportunity has also been seized to add to the defences of the forts an extended and complete system of entrenchments and barricades. With a strong field force and such a line of forts and defences, Antwerp should prove impregnable against any force the Germans can spare for its assault.

The news was given out in Vancouver yesterday that the British cruiser Newcastle has been in local waters for almost a week. Information of the cruiser's arrival was suppressed for obvious reasons. However Seattle newspapers learned and published the fact and the secret is out. The Newcastle is both a bigger and faster ship than either the Leipzig or Nuernberg, carrying six-inch guns and having a speed of over twenty-six knots. It is just possible that the German commander of the Leipzig heard of the Newcastle's arrival, or had at least been given some information which led him to expect the appearance on the scene of a British warship of some kind. The cruise to Samoa may well provide some exciting incidents.

FAREWELL ADDRESS TO GERMAN ARMY

London, Aug. 20—9:45 p.m.—A Marconi wireless message from Berlin tells of the German Emperor's farewell address to the first regiment of the foot guards. They had assembled the Emperor said, to pray that the German arms might be blessed, so that they should be able to keep flying the flag of the fatherland over the envy of its enemies, even if this entailed the sacrificing of the last drop of German blood. The sword which he had wished to remain in its sheath decade after decade and which he now drew, must decide. He declared it could not be sheathed again without victory and honor. The commander of the regiment renewed the oath of loyalty and proclaimed the regiment's unquenchable thirst for victory.

LONG PROCESSION OF GERMAN WOUNDED

London, Aug. 21—Passengers who arrived in England today from the continent say that refugees from Brussels are camping on the beach at Ostend. Many of them had the greatest difficulty in leaving the Belgian capital as the trains were crowded with wounded.

One woman, who said she left Brussels on the last train out, declared that all the morning and afternoon before the occupation of the Germans, long processions of German wounded passed along the main road leading from the country to the railway station. She went to the station, she said, but could not find a place until an officer allowed her to board a car which was filled with wounded soldiers.

London, Aug. 20—The Suez Canal Company announces that its receipts have been larger during recent days than at the corresponding period of a year ago.

ROBERT SWORD GETS TWO YEARS SENTENCE

Victoria, Aug. 21—Two years in the penitentiary was the sentence pronounced on Robert Sword in the police court this morning after he had been found guilty of uttering a forged receipt of the Great West Fishing Co.

There was a painful scene in court, Mrs. Sword, the sentenced man's wife breaking down entirely, and the prisoner calling her name as he was led away to the cells.

In delivering sentence Magistrate Jay said: "This charge in which it is alleged that in February last the accused issued a forged receipt. He has pleaded guilty, but it appears from the evidence that the offence was merely a link in a long chain of dealings which were clearly forgeries and the result of which has been that the witness Wolfe has been victimized to the extent of $11,000.

"While one may sympathize with a married man in such a position, I must not allow my sympathy to stand in the way of my duty, which is not only to punish the offence, but to deter others who might be tempted to offend in a similar way. It is clear that the forgery which was the basis of this charge was only one detail in a long list of similar misdemeanors.

"The accused is sentenced to two years in the penitentiary."

Previous to the pronouncement of the sentence, Sword had asked for a lenient punishment on account of his wife and young family.

Heraldgrams

(Continued from Page 1)

Nelson, B. C., Aug. 21—Lord Aylmer, former inspector general of Canadian forces, suggests that Germans taken prisoners by the British army during the war should be sent to Canada, given tracts of land in sections where the large areas await development and be induced to settle as peaceful and productive citizens of the country.

Paris, Aug. 21—11 p.m.—An official statement issued tonight says:

"Namur is practically invested, heave artillery opened fire towards noon. The westward movement of the German columns continues on both banks of the Meuse outside the range of action of Namur."

London, Aug. 21—3'55 p.m.—Wm. J. Chalmers, of Chicago, arrived in London today after a sixteen day motor trip from Carlsbad to Buche. He was stopped and searched on the journey forty-nine times by the authorities.

Montreal, Aug. 21—Sugar took a jump in price in Montreal this morning as a result of the new war rates proposed yesterday in the House of Commons. Today the best granulated sugar is selling at seven cents a pound.

London, Aug. 21—A despatch to the Reuter Telegram Company from Bruges says that eighteen German officers and 432 men, prisoners of war have been sent away from that city via Dunkirk, for England. When they left Bruges they were escorted by a dozen Grendarmes with fixed bayonets.

Nome, Alaska, Aug. 21—Lord William Percy, son of the Duke of Northumberland, has cut short his hunting trip in the Arctic and is expected here today on his way to England to join the British Army. He expects to leave Nome on the next steamer for Seattle.

London, Aug. 21.—Financiers here express hearty approval of the governments reported intention to give the banks facilities for making advances upon high class securities at not less than five per cent.

GOING AFTER THE GERMAN TRADE

London, Aug. 20—While England's army and navy are fighting the Prussian military advance, and with German commerce swept from the sea those remaining behind are initiating a movement of great importance to capture the German and Austrian trade by invading the world markets to procure for Great Britain great permanent insurance of commerce. The list of German exports which fill the newspapers the opportunity that is at hand, and suggest the possibilities, that America too, may profit by the situation. It is obvious that German commerce will be paralized for many months probably for more than a year, during which time the requirements of the world, hitherto met by Grmany and Austria, must be filled.

The scheme to capture Germany's trade is being taken up with splendid vigor. The Board of Trade, which is a government department, is doing everything possible, while the colonial officials are gathering information from the Dominion as to the character of imports, and the former importers of German goods.

WON GOLF CHAMPIONSHIP.

Chicago, Aug. 21—Walter C. Hagen 22 years old, of Rochester, N.Y. won the open golf championship of America today with a medal score of 290 for the 72 holes final over the Midlothian Club course, just one stroke better than Charles Evans, jr. western amateur champion.

ROBBED DEAD ON THE BATTLEFIELD

Paris, Aug. 21—Eighty-three German prisoners, accused of robbing the dead on the field of battle, arrived today at Clermont Ferrand, capital of the department of Huy Dedome, where the police had great difficulty in restraining the people from attacking them. When arrested in the vicinity of Muhlhausen many jewels and a number of wedding rings and large sums of money were found on the Germans. It is alleged that these valuables were taken from the officers and soldiers.

The German prisoners will appear before a court martial to be held by the 13th Army Corps. It is charged that they wore Red Cross badges to facilitate the robberies on the battl fields.

AUSTRIA CALLS ALL MEN TO COLORS

London, Aug. 21—In a despatch from Amsterdam the correspondent of the Reuters Telegram company transmits an official communication from Vienna, saying a new mobilization order calling all the reserves of the first class now harvesting as well as the reserves of the second class and the men on the land to the colors for August 24.

The first and second class of the Hungarian Landwehr have been ordered to mobilize on the same date as also have the recruits of 1914 and all the men in Austrian and Hungarian Landstrum up to the age of 42 years.

NAMUR IS NOW BEING INVESTED

The German forces are partially investing the fortified city of Namur, with a large force which is operating against it with heavy artillery. The city, situated at the confluence of the Meuse and Sambre rivers, is noted for its tenacity in holding off an enemy.

Having taken Brussels the German cavalry and an army corps of infantry are reported moving westward on both banks of the Meuse. Whether it is the intention of the Germans to proceed to Antwerp or to cut their way through into France is not known. but it is believed Antwerp is their present objective. Alost, 15 miles northwest of Brussels, and Wetterein, 8 miles southeast of Ghent, have been occupied by the Prussians.

An official despatch issued in Berlin declares the Baltic free of hostile ships.

Austria has called another line of reservists to the colors.

GERMANS SUFFER HEAVY LOSSES

London, Aug. 21—In a despatch from Paris the Exchange Telegraph Company's correspondent sends the following summary of alleged German losses as printed in the Paris Matin:

"Twenty-four cannon taken by the Belgians from the third to the fifth of August at Liege.

"Three cannon taken by the French at Othain, department of Meuthe, near Spincourt, August 12.

"Twelve cannon taken by the French near Schirmeck, Alsace, Aug. 16.

"Twenty-four cannon taken by the Russians at Stallahopena, East Prussia, August 17.

"Twelve cannon taken by the Russians at Gumbinnen, East Prussia, August 17.

"This makes a total of 81 pieces of artillery, besides which were captured a number of pieces of heavy artillery, rapid fire guns, aeroplanes and 19 motor wagons.

"In addition the Germans lost two flags to the Belgians at Liege, a cavalry standard was taken at Diest and a flag was captured by the French at Stblaise, August 15."

BODY OF POPE AT ST. PETERS

Rome, Aug. 21—Borne by red uniformed members of Sedialie who, when he was alive carried him in the Sedan Gestatoria chair, the body of Pope Pius X, dressed in pontifical robes and mitre and with the other emblems of his sacred offices lying beside it, was taken today to the chapel of the blessed sacrament in St. Peters, where the solemn rites of absolution were performed.

Thousands of persons previously had visited the Throne room, where the body lay, to look upon the face of the dead Pontiff, and many of them wove themselves into the great procession from the Throne room to the chapel.

The procession was headed by the bearers of the massive silver Pontifical cross, and twenty cardinals and patriarchs, archbishops, priests and papal and court chamberlains and members of the Swiss noble and vatican guards in their multi-colored uniforms. The scene was an impressive one. Under the flare of the candles in the chapel could be seen the tear-dimmed eyes of prelate, priest, layman and papal guards. Especially affected were the bearers of the body of the Pope.

TO MERGE WITH BRITISH REGIMENTS

Ottawa, Aug. 21—The Evening Free Press says:

"It is understood that there is to be no command of the Canadian expeditionary forces but that the regiments which are now being assembled at Valcartier will be absorbed into the British army.

"The regiments are all brigaded with British regiments and it is reported that the executive of the army council has come to the conclusion that the most effective work can be done by associating the British line regiments and the overseas regiments in the campaign.

"While there has not yet been a final declaration this disposition of the Canadian forces is being most seriously considered."

ADVERTISE IN THE DAILY HERALD.—IT PAYS.

Opera House

For today only a splendid program of moving pictures will be shown at the Opera House, there being two shows, the first commencing at 7:30 and the second at 9:15 p.m.

The program will consist of a three reel feature entitled "War's Red Ruin" and a two-reel jungle picture entitled "In the Coils of the Python." In addition to the above the famous Universal Weekly will be shown, depicting the latest happenings of the world, and a rip roaring Nestor comedy entitled "Won a Skirt."

Minard's Liniment Co., Limited.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,
A. E. ROY,

Allies Now in Death Struggle in Belguim

Board of Trade in Special Session

A special meeting of the Nanaimo Board of Trade was held yesterday afternoon to discuss matters in connection with a conference to be held in Victoria on Tuesday next, called by the Hon. Provincial Secretary for the purpose of discussing economic and other conditions affecting the province by the reason of the war.

The Nanaimo Board of Trade will be represented at the conference by President Jno. Shaw and His Worship Mayor Planta will also attend on behalf of the city.

Yesterday's meeting of the Board of Trade passed several resolutions which will be presented to the conference by Mr. Shaw, and which if put into effect it is believed will materially assist in improving conditions.

Included in the resolutions which the local Board will submit to the conference are :

"That the government continue all public works as far as possible.'

"That legislation be enacted limiting or preventing the enforcing of all executory contracts, foreclosures, mortgages (provided interest is paid) cancellation of agreements for sale etc. The giving of wide power to judges to extend time for payment of all debts incurred prior to the outbreak of war, but not to apply to contracts of any kind entered into since that date."

"That the price of the necessities of life be kept down as low as possible to the normal level, and that ways and means be devised to carry this into effect."

British Summary of War Happenings

London, Aug. 23 (1.25 a.m.)—After nearly three weeks of mobilization the battle of the giants has begun. Roughly speaking the Germans are trying to work around the allies' flank in Belgium, while the French are attempting the same process to the Germans in Alsace.

Almost all the encounters which have gone before have been mere reconnoisances. The defeat of a reg iment here and there has been proclaimed as a great victory, but in this grapple of hundreds of thousands most of these affairs have had no significance, The official announcements from both sides have been extremely candid so far. From the standpoint of the Allies the important feature in Saturday's developments is a great battle which began in the morning on the Namur-Charleroi line. This is being fought on the position chosen by the Allies.

A German statement says that the troops under the command of the Crown Prince of Baravia, fighting between Metz and Vosges, took 10,000 prisoners and fifty guns. It adds that the French troops opposing the Germans comprised eight army corps. An official British statement explains calmly that nothing resembling a great battle has been fought as yet and warns the people against optimism.

Reports from the Austrian-Servian boundary says that the Servians have won a battle on the Drina, which military experts consider highly probable, as the Servians have a very small army but one which has passed through two years of actual warfare and therefore has the advantage of veterans fighting against amateurs.

From the Russian boundary conflicting reports come, both sides are claiming successes.

The English papers are warning the people that the war is only beginning, and that they must be prepared for a long struggle which will tax the resources and manhood of the nation to the utmost limit.

While appreciating all that the colonies have done they expect the colonies with the population of Canada and Australia to contribute much more in men and money to the Empire than they have yet done.

French Troops Win Throughout Alsace

Paris, Aug. 22.—An official announcement made tonight says:

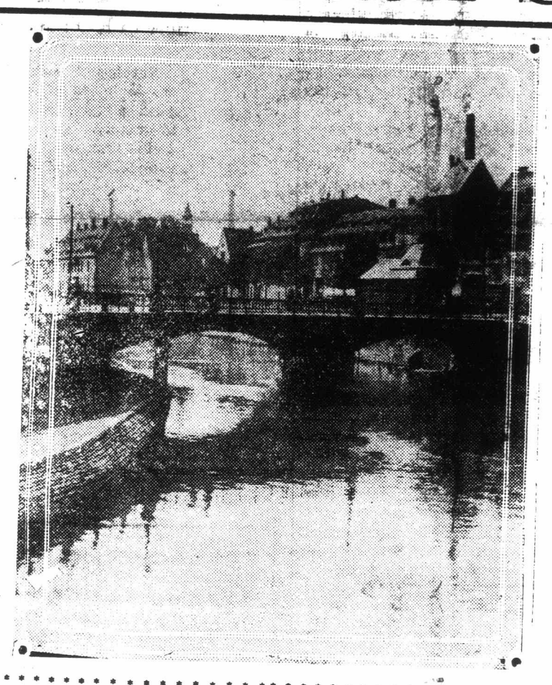
"The situation in Belgium is unchanged. The German forces are moving westward preceded by clouds of cavalry. There have been skirmishes in the direction of Ghent on the side of the French frontier, On the other side the Belgium army is already in an entrenched camp at Antwerp.

"In the Wavre region the positions are unmodified. The German offensive movement in Lorraine after continuing yesterday stopped today. There have been no German attacks against the position known as Grand Courronne De Nancy.

"There has been some fighting in the heights north of Luneville, department of Meurthe-et-Mosell. The German attack, however, has appeared weak.

"It is certain that our losses during the last 3 days have been serious, that of the Germans have been equally serious. Today, August 22, it was reported that our troops in upper Alsace were assumed of approaches to Colmar. It is superfluerous to insist upon the importance of the series of operations which established the allies strongly in the Vosges mountains from Ballon D' Alsace to Donon.

"It should be remarked that the conquest of the Vosges was accomplished with small forces, which were included later at Ballon D' Alsace. Our forces varied from a batallion of chasseurs to a regiment of infantry. The losses were of the lightest, twenty men for our side and a hundred for the Germans. Operations along the Vosges were necessitated by the French policy of keeping troops five miles from the frontier until the declaration of war. The Germans took advantage of this and established themselves strongly in the Vosges whence they had to be dislodged. In the southern section this was not difficult and was soon accomplished, the Ballon D' Alsace passes of Bussang, Hohneck and Schlucht being successively occupied.



"In the central section the operations were harder, the abrupt slopes and wooded peaks making it difficult for the artillery to support the infantry. The Germans, too, had taken every advantage of the ground and were strongly posted on every path. It was necessary for us to go around by Urbes and Saales passes. This enabled us to shell the German flank and take their fortified positions from the rear. This operation cost us somewhat heavyily. The Urbes pass is wide and was captured easily but Saales was more difficult. We began posting artillery on the plateau behind the commanding pass. This success paved the way for the occupation of the town of Saales."

WHITE STAR LINER ARRIVES.

New York, Aug. 22—The White Star liner Baltic arrived today from Liverpool and Queenstown with 2,-128 passengers and nearly 6,000 sacks of mail. The passengers included more than 1500 American refugees.

PRIZE IN SIGHT.

Deleware Breakwater, Deleware, Aug. 22—The German steamship Brandenburg from Philadelphia for Bergen, Norway, loaded with coal, passed out to sea at 8:20 o'clock tonight.

WILL THERE BE REPETION OF THE BATTLE OF STRASSBURG

Scene showing one of the bridges over the river Rhine in Strassburg, where one of the bloodiest battles of the Franco-Prussian war was fought forty years ago and the scene of the mobilization of German troops in the present crisis. The German troops intend on keeping the strategic point, while the French have planned an assault on it.

HEADED FOR FRANCE

London, Aug. 23.—(12:50 a.m.) —A despatch from the Reuter agency from Ghent says it is reported that the Germans are marching towards France by way of Oudenarde, a town fourteen miles southwest of Ghent.

HOLLAND IN A CONDITION OF WAR

London, Aug. 23 (3.30 a.m.)— The Daily Mail's Ostend correspondent, who has just returned from a tour of the Dutch frontier, says conditions in Holland are almost those of war.

"I had the interesting experience," he said, "of being taken blindfolded into a fortress in the dead of night under an armed guard to justify, if possible, my presence on the frontier."

The correspondent adds that an official statement issued at Antwerp says:

"The governor of Antwerp 'is determined not to remain on the defensive. He will harrass any German force attempting to mask the fortress."

COALING LEIPZIG FROM SAN FRANCISCO

Washington, Aug. 22.—The British government will consider it a direct violation of American neutrality if the tramp steamer Mazatlan, denied clearance at San Francisco, is permitted to sail with coal for the German steamer Leipzig.

The ship was held on request of the British consul at San Francisco and Colville Barclay, Charge d' Affairs of the British embassy here, took the matter up today with the state department officials. He was informed that the question was already under consideration by the department of justice for an opinion.

The British embassy believes the Leipzig is using San Francisco as a coaling station through the medium o. such ships as the Mazatlan and claims it is to be direct a violation of neutrality as though the Leipzig put into port herself for fuel.

On Monday evening the Social Committee of the Wallace St. Epworth League intend giving an "Orange" social. All members are requested to attend and bring their friends. Don't forget the time, 7:45 and the place, Wallace St. Church.

CLOSING HOUR OF THE COMMONS

Party Politics Cast aside when Canadian House of Commons Discussed The War Situation.

Ottawa, Aug. 22—The closing hour of the emergency session of Parliament was marked by the touching cenes ever witnessed by the House of Commons. Hon. G. P. Graham broke down completely while referring to the death of his brilliant son some two years ago. He added that if providence had been kinder to him he would have had a son in this conflict.

Sir Geo. Foster added that he had never felt so moved as on the present occasion and it was with difficulty that the veteran statesman could continue his remarks.

Dr. Clarke, of Red Deer, who has a son in the Princess Patricia regiment, and Sir Robert Borden spoke with equally deep emotion. The speeches were made during the hour the house met this afternoon waiting for the senate to wind up its business before prorogation.

The speeches made, touching as they were in the extreme, breathed the deepest patriotism, party politics as it were, were thrown to the winds. Dr. Clarke praised the action of the government throughout the present crisis. They had met the situation with energy wisdom and effectiveness. The fact that the Canadians, who were as volunteers, was at the bottom of the differences between the two great warring nations. In a brilliant peroration he declared in this great fight there can be no let up and the end, but one end, victory for what is right. Colonel Hughes minister of the militia, thanked Dr. Clarke for his kindly reference to himself. He was certain that the patriotic occurrences came from the heart.

Every member of the government during the trying past two weeks had recognized the seriousness of their responsibility and devoted to every action their best ability and energy. He paid a tribute to the heroic resistance of the people of Belgium and hoped the Canadian troops would prove as worthy as had the soldiers of Belgium.

Hon. Mr. Graham, speaking with the deepest emotion said that they were now one united whole, fighting for what they believed was right. He broke down completely and tears flowed down his cheeks as speaking of the departure of the Canadian troops he remarked that had providence dealt kinder with him he would have had a son at the front.

Sir George Foster closed with a magnificent speach in which he declared the last four days had dicated public and parliamentary life in Canada.

The House was prorogued without incident by the Duke of Cannought at four o'clock.

Big Battle is in Progress in Belguim

Antwerp, Aug 22, via London, Aug 22, 1:10 a.m.—A great battle between the Germans and the Allied Forces began Saturday morning according to official announcement. The battle line extends from Namur to Charleroi, which lies about twenty miles to the west,

Antwerp, Aug. 22—An English and a German cavalry brigade had a sharp fight Saturday on the battlefield of Waterloo.

Rotterdam, via London, Aug. 22—According to a despatch to the Courant here, a Belgian soldier from the front is quoted as saying that there was a large force of French troops in central Belgium at the beginning of this week. He said the Germans were forcing their way through Belgium through sheer strength of numbers.

London, Aug. 23 (1:20 a.m-)— An official despatch to the Reuter Telegram Company from Antwerp, timed 11:10 o'clock Saturday night tends to confirm the reports that a great battle began yesterday morning between the French and the Germans. The despatch says:

"It is believed that this morning a great battle commenced between the French and German armies between Namur and Charleroi. It is thought that it will last two or three days. Precise details are lacking."

London, Aug. 23 (1.30 a.m.)—A despatch to the Exchange Telegraph Company from Paris states that Minister of Interior Melvy upon leaving a council of ministers last night said to the waiting newspapermen:

"All I can tell you is that the battle is begun. I know nothing more."

LOOKING FOR VICTIMS.

Deleware Breakwater, Del. Aug. 22 —A vessel reported to be a British cruiser, has been laying off Cape Penton all day. The vessel was visible from Lewes, Del., and crowds which lined the board walk of a summer resort near the Deleware Breakwater saw her this afternoon stop the Norwegian steamer St. Andrews, for Norfolk. The St. Andrews was detained about fifteen minutes and then permitted to proceed.

ITALY WILL STILL REMAIN NEUTRAL

London, Aug. 23 (3.45 a.m.) — A despatch to the Stefani Agency from Rome says that a deputation of Socialists waited on Premier Salandra Saturday night and urged him to convoke parliament in order to strengthen the bands of the government against tendencies calculated to make a departure from its attitude of neutrality in the war.

The Premier replied that nothing had happened to justify the summoning of parliament. He declared that the government was firmly resolved to adhere to neutrality and denied the reports that mobilization was known.

BRITISH RESERVES IN UNITED STATES

New York, Aug. 22—From 10,000 to 12,800 men in this country will be affected by the instructions from England requiring that their reservists be gathered and returned home for army service, it was estimated by British consular officials today.

Richard L. Nosworthy, acting consul general, said he had received the instructions and was acting upon them. It was explained that every British reservist who has registered at a consulate announcing his readiness to return to England or who may do so in the immediate future, will have his return passage paid by the British government.

In this city, many men who hold responsible positions in Wall Street offices are subject to the call to the colors, as are not a few who are now appearing with theatrical productions here. It was said that some reservists would likely be sent back on the available ships from this port, but that the probability pointed to numbers of them being concentrated at Halifax, N. S., thence to be taken across in quick time by the swift Cunarder Mauretania.

CONSIGNEES SATURDAY.

Hotel Wilson; E. A. Cleveland, E. A. Hoskins, J. H. Bailey, W. Stine, W. E. Smith, S. Ueno, W.H. Morton Powers & Doyle, A. R. Johnston, W. W. Gray, S. Mottishaw, Nanaimo Builders' Supply Co., H. King, Jas. Hirst,, J. H. Malpass, Jung Feek, Sam Chung, Chow Lee, J. W. Cooper, D. Spencer, Imperial Laundry, L. Saville, Jepson Bros.

Japan Ready to Begin Operations

Washington, D. C., Aug. 22 — The time limit of the Japanese ultimatum to Germany demanding the surrender of Kiao Chow, expired at 10 o'clock tonight without any answer having been made by the German government through the State department here. No notification that a reply had been transmitted through any other channel had been received at the German embassy here at that hour.

London, Aug. 23 (2.10 a.m.)— — A Tien Tsin despatch to the Central News says it is reported that the Japanese fleet, accompanied by a large number of transports conveying troops is near Kiao Chow in readiness to begin operations immediately the ultimatum expires. The German warships and forts are prepared to offer the utmost resistance.

May Confiscate German Holdings

Vancouver, Aug. 22—That the government is considering the confiscation of valuable timber limits and other interests in the province owned by Lieut. Alvo von Alvensleben and wealthy German clients of the von Alvensleben firm was intimated today by a government official. Lieut. von Alvensleben, who was in Germany at the time war was declared between Germany and Russia, according to a New York despatch, is now on his way back to British Columbia at the urgent request of his clients who wish him to return to safeguard their interests.

Early this year before returning to Germany the von Alvensleben interests made efforts to sell to the Government of British Columbia fourteen valuable timber limits situated near Buttle Lake on Vancouver Island, at the entrance to Strathcona Park. These limits contain some of the finest yellow cedar in the province and were desired by the government to complete the Strathcona Park reserve. The price asked was so exorbitant, however, that Sir Richard McBride flatly refused to consider the proposition. Since the outbreak of the war and the confiscation of British interests by the German Government, the Government of British Columbia is understood to be considering the confiscation of all German interests held under the Crown. The action of the Germans in demanding a heavy war indemnity of $40,000,000 from the city of Brussels when the Belgians have been merely defending the integrity of their country is expected to have weight with the considerations of the government.

In addition to the timber limits on Vancouver Island, the Alvensleben interests also own fifteen valuable limits on the coast, and numerous mining and real estate interests, running into the millions of dollars.

Russians Report German Defeats

New York, Aug, 22—The military attache at the Russian embassy at Washington has issued the following statement through the consulate in New York:

"An engagement has taken place between the Russian and German troops near Bilderweitschen in Eastern Prussia. The Russian troops have captured eight field guns and twelve ammunition wagons, two machine guns and many prisoners.

"In the fight near Krasnik and Gorodok, on the Glacian border the Austrian advance was repulsed, the enemy suffering heavy losses and leaving in the hands of the Russians six officers and 250 men."

Another statement issued at the Russian consulate tonight says:

"In Belgium the German advance is developing slowly, being much hampered by difficulties in the construction of military bridges across the Meuse between Liege and Huy.

"The German advance guard of cavalry after the unsuccessful reconnoisiance in force toward Dinant, retired in complete disorder.

"On August 28, after a stubborn fight, the Baravian army corps were forced to abandon the line between Blamont-Cirey and retired, being followed by the French who advanced for a considerable distance toward Saareburg, the trophies taken by the French during that time were:

"The colors of the 134th German infantry regiment, ten field guns, many rifles and 19 motor trucks."

GERMANS ANNIHILATED.

London, Aug. 23—1:50 p.m. A Central News despatch from Amsterdam says that a large detachment of German cavalry suffered virtual annihilation in the suburb of Malinese, Belgium, on Friday. They were met suddenly by a squadron of Belgians in motor cars which wers armed with machine guns. Most of the Germans were killed. A handful surrendered.

STEAMSHIP SERVICE RESUMED.

London, Aug. 22—A Reuter despatch from Rotterdam says that the steamship service has been restored with British and Irish ports and also with Havre, Christiana, Stockholm and other Scandinavian ports.

J. S. H. MATSON.

CONDITIONS.

The Herald has taken the view that there is no reason why the war in Europe should interfere with the normal conditions of trade in British Columbia. This is not to say that as a community we will not feel the effects of the war. We cannot avoid this. From all over the province men are going to the front to help the cause of the Empire, and there is scarcely a hamlet in British Columbia which has not contributed of its youth and manhood. All these volunteers have to be supported, and provision made for their families. The other measures taken in connection with the war crisis have also to be financed, and we may all expect to meet increased taxes. It is a time for common sacrifices, which, in view of the momentous issues at stake, will be willingly made. But when all allowances are made, there is as yet neither reason nor excuse for pessimism. There may be some dislocation of trade and industry, but surely there will be fresh openings in compensation. In discussing the question of unemployment particularly the point has been overlooked that large numbeers of men have left their work to take up arms. A force of twenty-five thousand men is to be despatched to England and a bigger number than this have gone on active militia service. This means that fifty thousand jobs have been left vacant, and it should have a material effect upon the labor market. There will be a gradual readjustment of conditions as the war goes on, and all the time the staple industries of Canada will go on as usual. Locally trade and business should be better than ever, and the future may be faced with the utmost confidence.

THE NEWCASTLE.

The Colonist yesterday gave official denial to the statement that the British cruiser, Newcastle, had arrived at Esquimalt, and was on the look-out for the Leipzig. The naval authorities have requested the Colonist to state that they have no information of the Newcastle's whereabouts and know nothing about her intended arrival here. Probably this announcement will answer a large number of queries which have been addressed to The Herald. For ourselves we were unable to say why, with the Newcastle in local waters, the Leipzig should still be cruising off the California coast. The Newcastle has both the range and the speed of the Leipzig, and could have lain off and sunk her at will. Why she did not do this is accounted for by the Colonist's statement that she has never been here. What should have given rise to such a report is another question which we are equally powerless to answer. It was currently reported on the streets of Victoria on Friday that the Rainbow was making for Victoria with a load of German prisoners taken from the Leipzig. If these kinds of rumors can be set going at our doors it will be the more readily realized how other stories of land and sea engagements have come over the cable from Europe and have subsequently been found to be utterly without foundation.

MORE ABOUT PRICES.

We have a letter from a big provincial wholesale house dealing with the increase in prices of certain household articles since the outbreak of the war. The explanation of the increase in the rates of exchange is both instructive and convincing so far as it goes. It refers, however, only to imported articles and in regard to such goods everybody looked for an increase in price. Indeed we are all prepared for a rise in the price of foodstuffs. Our point has been and is that the rise should be reasonable. This letter, for example, instructive as it is, does not explain why Canadian flour should have jumped as it did. There was no exchange rate to consider here. Yet the fact remains that flour which was stocked before there was ever a thought of war, was raised in price to the consumer directly war became a probability. We all expect the manufacturers and wholesalers to protect themselves, and nobody looks for them to conduct their business at a loss. They are entitled to their legitimate profit in times of war as in times of peace. They are not entitled to make extravagant profits out of the country's emergency. The people will willingly pay reasonable increases in price, and they ought to be protected against extortion. We are sure that the great majority of the producing firms and wholesale houses in Canada would not contemplate any departure from legitimate business but it is just as well for all parties that the people should have the assurance that the government will control prices.

AN AMERICAN VIEW

The American newspapers, in spite of the strict attitude of neutrality which the government has taken up, do not conceal the fact that their sympathy is on the side of Great Britain. Such an influential organ as the New York Globe asserts positively that Great Britain's attitude throughout the whole affair has been above reproach. A Spokane newspaper, the Spokane Review, takes an equally firm stand on the question, and, incidently, raises a very interesting comparison. "England," it says, "could not honorably or sagaciously do else than she has done. To have left helpless Belgium to its fate would have been cowardice, folly and shame. The Teutonic menace to the peace of Europe has to be met and must be confronted with some power. German professions of good faith and sincerity cannot be trusted. In the providence of God it has fallen to England to withstand William of Germany as she a century ago withstood and overthrew Napoleon the Great."

THE WAR

The most important developments in the theatre of war in Europe during the last twenty-four hours is the rapid advance of the German troops through Northwestern Belgium. It is reported that advance cavalry patrols have reached as far as the coast in a straight line with Burges and Ghent. The despatches announcing these movements must be taken with a certain amount of reservation. There are two chief points to be considered in the situation. The first is that the Germans have made no further movement against Antwerp and their march to the west towards Ghent and Burges has been unopposed. The Belgian army has retired on Antwerp, so that the Germans are practically operating with Antwerp and the Belgian army on their rear. The second point is that the German main force has yet to engage the allied forces. Belgium has done its part, and a good deal more than was even expected of it. It has held up the German advance long enough to allow the French and English forces to occupy chosen positions. The Germans have yet to attack these positions. An unopposed march through the west of Belgium has neither strategic importance nor significance. The main point of conflict is apparently slated to take place in the valley of the Meuse, and here, as has been stated, the Germans have to attack the selected positions of the allies. Germany got into Belgium easily enough, but it has yet to be seen how she will get out. The heroic defence of the Belgians has given unexpected advantage to the allies, and the advance through western Belgium does not in any way affect the situation. In the western theatre of operations reports state that Russia is making steady progress in its invasion of Germany. Here again the engagements which have so far taken place have been more oe less of the nature of skirmishes but such as they have been the Russians have been uniformly successful. There has been no clash between the fleets of the opposing powers, and the North Sea is still apparently patrolled by British cruisess. The Servians are reported to have won an important victory over the Austrians on the Divina river. If the reports are to be accepted as correct, the Servians have won the first decisive engagement of the war. The two armies met in force, and the Austrians were completely defeated. The Japanese ultimatum to Germany expires today, and as no reply has been received by the Kaiser, Japan may strike at once.

WORLD'S GREATEST KIDNEY REMEDY

"Fruit-a-tives" Have Proved Their Value In Thousands of Cases

WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts On All Three Of The Organs Responsible For The Formation Of Uric Acid In The Blood.

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin rids the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acrid Urine, it may not be the fault of the kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-a-tives" cures weak, sore, aching Kidneys, not only because it strengthens these organs but also because "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for $2.50, trial size, 25c. or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

FRANCE STRUGGLING TO HARVEST CROP

Paris, Aug. 22 —Rural France is making a valiant struggle to harvest its crops. Only old or crippled men and women are working in the harvest fields. The men have gone, the horses have disappeared, part of the cattle have been driven off and the inns are closed.

At Etrotat on the Norman coast, out of a population of 1,900 only 34 men are left and there is not a horse in the place excepting a few old animals.

Americans have a large number of villas there and instead of golfing and playing tennis, these wealthy people are working in the fields and orchards cheering up the peasants.

Already the question of the food supply, should Paris become beleaguered, which is regarded as most improbable, is occupying the attention of the Academy of Sciences. Objection to keeping and caring for large herds of cattle with the possibility of bovine disease, such as was experienced in 1870, is pointed out as against the advantages of a preserved food supply.

Donald Harper, of the American relief committee in Paris, is going to Washington to suggest to President Wilson that he recommend an interkeep up the parity of the money of the great nations.

"I have seen American dollars, said Mr. Harper, "selling in Paris for as low as seventy cents. For three days a dollar was not worth more than ninety cents. Money changers and tourist agencies were buying English sovereigns at 23 Francs each and selling them at 28. An American dollar is now at 3 and 4 per cent discount in Paris. It would be a service to all the countries to provide a means of keeping money at a relative value whatever may happen."

Eric Wood, attache of the American embassy, will visit on behalf of the embassy, twelve concentration camps in southern and central France where German and Austrians have been detained. He will distribute the remainder of the funds left with the Austrian and German ambassadors for this purpose. The prisoners are being cared for by the French government but lack many comforts. They can get no money owing to the impossibility to communication with friends.

CONDITION OF CROPS IN PRAIRIE PROVINCES

Winnipeg, Man., Aug. 22 — The weather map showed rains to have occurred in all three provinces and at few points along the border in both Manitoba and Saskatchewan they were heavy. The forecast is for local showers and thunderstorms, but partly fair today and on Sunday.

Harvesting and threshing operations have been delayed. Trading was quiet in options in the pit, while prices show another good gain for the day. Opening figures for wheat were ⅜ to 1⅞ higher and closed with a gain for the day of 2⅛.

ADVERTISE IN THE DAILY HERALD.—IT PAYS.

SWITZERLAND IS READY FOR WAR

Washington, D. C. Aug. 22—At the Swiss legation here the following statement was made public today:

"The Swiss federal council has mobilized from the beginning the whole military force of Switzerland, the Elite, the Landwehr and part of the Landstrum, numbering about 300,000 men all told. The mobilization is not the result of menace to Switzerland but merely a precautionary measure. The efficient training of the army and the careful war preparations enables Switzerland to maintain the inioliability of its territory.

"A commander-in-chief of the army was elected, Colonel Ulrich Wille rising to the rank of general.

"Colonel Sprecher Von Berneck is chief of staff. Both names are very popular in Switzerland and the neigh boring countries, and inspire the troops with highest confidence.

"The mobilization was completed quietly and speedily. The frontiers, the Alpine passes, as well as the Gotthard anh St. Maurice fortifications are strongly guarded. The German railway station at Basel is barred. Railroad traffic between Germany and Basel has ceased, as all trains are stopped in the German stations outside Basel. The Swiss-German boundary there is sharply guarded on both sides. Some German patrols which crossed the boundary line were immediately disarmed and interned."

FRANCE DENIES GERMAN VICTORY

LEAD—FRANCE DENIES @@ @@@

London, Aug. 23 (12.08 a.m.)—An official despatch from Paris says:

"An official German tefegram has announced that we have suffered a severe reverse in Lorraine on August 20, which was transferred on August 21 into a route in the course of which we are said to have lost 10,000 men who were taken prisoners and fifty guns.

"These are ridiculous exaggerations. The German success in Lorraine does not exceed that gained by us in Alsace and the total of our dead, wounded and prisoners and missing will certainly be far less than 10,000, the figure given as the number of prisoners alone.

"During our retreat none of our troops crossed the Meurthe river, all remaining in front of Nancy. This momentary withdrawal following the vigorous advance is the only episode in the conflict which will necessarily involve numerous alterations of flux and reflux.

"Our troops in Lorraine remain full of ardor and are inspired with the determination to conquer and to avenge their dead."

EARNINGS OF THE PANAMA CANAL

Panama, Aug. 22—During the first week of business the Panama Canal earned approximately $55,000, not including the amount collected for barge service and payments made in advance for ships on their way to use the canal. These amounts would bring the total receipts up to almost $150,000.

Thus far sixteen ships have used the canal; fourteen American, one British and one Peruvian. Traffic, while considered good, was not up to the expectations of the canal officers, who say that the war is keeping many ships from using the waterway,

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

Dated at Nanaimo, B. C. this 4th day of August, 1914.

Minard's Liniment Co., Limited.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,
A. E. ROY,
Carriage Maker
St. Antoine, P. Q.

NOTICE.

Take notice 30 days after date I, E. Brenton, occupation farmer, intend to apply to the Provincial Government for permission to lease the following described land situate in Oyster Harbour, Vancouver Island, B. C. in the district of Oyster. Commencing at the northwest corner of Oyster lease No. 21 situate at Oyster Harbor, thence north 8 chains, thence N. 81 deg. 30 min. E 11 chains and 66 links, thence south five chains, thence west eleven chains and ten links to place of commencement containing about 7¼ acres for the purpose of oyster culture.

TENNIS TOURNAMENT

Southampton, Ny.' Aug 22.—R. L. Murray won the single cup in the tennis tournament on the turf courts at the Meadow Club here today. M. E, McLoughlin and T, C, Bundy won the doubles, making a complete victory for the players of California.

In the finals of the singles Murray faced W. M. Washburn, of Harvard, and won 6-2, 7-5, 6-4.

McLoughlin and Bundy in the final match of the doubles defeated Norman E. Brookes, the captain of the Australian team, who was paired with William A. Larned. The scores were: 7-5, 7-6.

VANCOUVER WON MANN CUP GAME

Victoria, B. C. Aug. 22—Excellent team work gave Vancouver a slight margin of superiority in today's Mann Cup Lacrosse match at Oak Bay and the champions won the best game witnessed here this season by a score of 4-3. For three quarters the lacrosse played was of a high class, clean, fast and full of action. Only in the fourth period was there any roughness.

The Capitals made a sensational bid for the equalizing goal in the closing minutes. With nothing to lose and everything to win they crowded almost the full team on the attack, and, benefitting by the recklessness of their play, several times in many minutes penetrated to within shooting distance. The necessary score seemed imminent but the brilliant goal-tending by Davis withstood the cannonading until the final whistle blew.

Taken all in all the relative merits of the play of the two teams was well reflected by the score, although one of Vancouver's goals was of a lucky variety, being a grass-cutter which was scooped blindly into the net from the melee. The visitors showed greater speed in the field and their team work was more finished. When boring-in on the goal their passing was sharper and more accurate than that of the locals.

B. C. CHAMPIONSHIP SWIMMING MEET

Victoria, B. C., Aug. 22 — As was predicted Ray Castle, the young swimmer recently out from Winnipeg, gave Lou Godfrey a great race in the fifty yards championship of this afternoon's swimming meet held by the V. A. S. C. at the Gorge Beach.

Godfrey won by a quarter of a second his time being 29¾ seconds and Castle 30 seconds. J. Cameron was third. In the half mile J. McNeil successfully defended his title and also set a new B. C. record of 14:25 4-5, beating his own previous record by 21 1-5 seconds.

Godfrey challenged strongly for three-quarters of the distance but was beaten by ten yards. McAdam, a junior, swam a good third.

Miss Madge Griffin won the B. C. ladies' 50 yards championship. She had little difficulty in beating Miss May Armstrong and Mrs. L. Vandong, although they both performed very creditably.

Minard's Liniment Cures Diphtheria.

WISHART KILLED IN AUTO RACE

Elgin, Ill., Aug 22—The Elgin National Road Race today, which, like that of yesterday, was won by Ralph De Palma, developed into a tragedy. Spencer Wishart, the wealthy young Philadelphia driver and a bridegroom of only two months, meeting his death. His mechanican, John c. Jetener, was probably fatally injured.

Wishart was leading the race closely pressed by Burman. He was driving with his accustomed indifference to danger at an estimated rate of 80 miles an hour. Trying to pass the machine ahead of him on the tieth lap, Burman's machine collided with Wishart's. Wishart's machine crashed into a fence and turned over pinning him beneath it. His right leg was broken, his skull fractured and his chest crushed. He was hurried to a hospital where he died in the presence of his bride. Jetener was also taken to the hospital in a serious condition.

It was said at the hospital tonight that his chance of recovery was slight. Four spectators were slightly injured, mostly in the way of bruises when the car hit the fence.

FOLLOWING IS THE RESULT OF THE RACE.

Driver.	Time.	Average.
De Papma.	4:06:18	73.5.
Pullen.	4:07:28	73.0.
Oldfield	4:24:09	68.2.
Morris	4:31:09	66.7.
Hearne	4:35:47	65.6.

Refugees Fleeing Into Brussels

London, Aug. 22—A Reuter's correspondent sends the following despatch from Ghent under the date of August 20:

"The Belgian army which up to three days ago held the line roughly speaking from Aerschot to Tirlemont and Wavre, has fallen back on the line between Antwerp and Malines. It is not likely the Germans will trouble themselves with Antwerp which could resist indefinitely.

"The peasants and townsfolk from the Douvain country have been fleeing into Brussels with their children and valuables to find shelter where they could. These people constitute a burden added to the many which the town has to bear.

"Most of the fugitives were rather more interested that stricken by the calamity which has overtaken them and appeared to feel no particular need for sympathy. Occasionally there would be one with the tale of a husband or children killed and driven away and lost.

"Unfortunately, the peasants from the war scoured districts speak only Flemish and some of their set 'may have gained in translation into French. The news that the Germans were at the gates of the city took a great majority of the people of Brussels by surprise. There had been a great exodus of well-to-do residents the two previous days, but that only proved that there was a scare, not that it was well founded. The censorship allowed nothing positive to be published until the morning of the arrival of the Germans.

"Up to Wednesday the people were allowed to hear notning but Belgian successes.

"We were in the dark as to the German intentions until we learned of the attack on Tirlemont, when it became clear they meant to come to Brussels.

"Meanwhile the Germans are in Brussels and Brussels will have to pay not only a war tax, but for the broken windows of German traders, for incidents during the spy raid, for all the disconcerting things that have happenedto the Germans since they entered the country."

ENTOMBMENT OF LATE POPE PIUS

Rome, Aug. 22—The entombment of the late Pope Pius X took place this evening at sunset. The great basilica of St. Peters was in semi-darkness. A flickering light came from the tapers about the shrine of the apostles and the candles in the chapel where the catalfalque stood.

Those who witnessed the ceremony numbered about 1500, came by special invitation and included the diplomatic representatives accredited to the Holy See, the prelates and members of the Roman aristocracy.

The procession formed in the chapel of the Blessed Sacrament, where for hours the body of Pius X lay in state. The catalfalque was surmounted by the triple crown and the body of the Pope was clad in the pontifical robes and surrounded by the emblems of his sacred office. During the course of the day many thousands of persons passed by the bier.

This evening the bier was removed and laid on a low platform on wheels. At the gates of the chapel the archpriest of the basilica, in violet robes and surrounded by the chapter joined the procession. First came a jewelled cross held aloft, then the cardinals and high prelates, each carrying a candle. In the centre of the procession was the bier, the cortege passing amid the kneeling crowd, while through the vast and silent church was heard the Miserere sung by the Sistine Choir.

DESTROYED THREE AUSTRIAN STEAMERS

Nish, Servia, Aug. 22—The following announcement concerning the victory of the Servian troops over the Austrians was made here today:

"The Servians have won a great victory at Mount Pser and the Zadar river. The enemy retired along the whole front. Our troops pursued them vigorously. The enemy suffered enormous loss; the booty was great.

"Yesterday the Servians continued pursuing the Austrian left, along towards the Dwina and captured two more cannon. The Austrian attacks on the Servians' left wing were repulsed, the enemy retiring, pursued by a strong Servian artillery fire. On the northern frontier there is only a feeble bombardment of Belgrade.

"The Servian artillery has destroyed three Austrian steamers and three barges near Stra."

Rotterdam, via London, Aug. 22.—The United States cruiser Tennessee, which has aboard money for the relief of Americans stranded in Europe arrived near the Hook of Holland tonight and is at anchor three miles off shore.

BRIEF MENTION

Mayor Planta visited Vancouver yesterday on business.

Mr. Howard King returned last evening from a business trip to the Terminal City.

Miss Duffie, of Vancouver, is spending the week-end with her mother, Mrs. Joseph Neen, Nicol St.

Mrs. F. Shaw and Miss Andre of Armstrong & Chiswell's Drygoods Establishment, were passengers from Vancouver last evening on the SS. Princess Patricia.

The Daughters of St. Andrew's of the Presbyterian Church met as usual on Friday evening. Miss Whitehead, recent graduate of the Methodist Training Home, Toroneo, gave an interesting address on Deaconess work.

Mr. J. W. Crawford, of Vancouver, was in the city yesterday in the interests of the wholesale grocery firm of W. H. Malkin, Ltd.

Mr. Joseph Randolph, of New Westminster, is visiting friends in Nanaimo.

Mr. Ernest Miller Haynes, of Victoria, assistant post office inspector, according to a notice published in a recent issue of The Canada Gazette, has been appointed a commissioner to tender and administer to and take from all and every person or persons the oath of allegiance.

Mr. Alex. Fraser and son of West Nanaimo, returned from a holiday trip to the Mainland.

Mr. Charles Wardill's sister who has been visiting here for the past two years, left yesterday for her home at Ramsgate, Kent., Eng. She was accompanied as far as Seattle by Mrs. Chas. Wardill.

Mill and Kindling Wood
H. H. Weeks Phone 9-3

A Finlander named O. Hendrickson of Chase River was taken to the hospital last evening suffering with knife wounds which he says were inflicted by a Chinaman who attacked him near Chinatown. Hendrickson's wounds are not serious.

Miss Amy Adair, the well known Vancouver soprano will render a solo at St. Andrew's Church this morning. Miss Adair is the young lady who was heard to such good advantage here last winter in connection with the Arnold Orchestra concerts.

Miss Crystal Booth, Prideaux St. returned home last evening from a weeks visit to the Misses Ethel and Mabel McCourt, Vancouver.

Mr. H. B. Greaves of this city, has ejoined the Northwest Mounted police, having been a member of that force for a number of years. Mr. Greaves' son has also volunteered for service being a member of the company which left Nanaimo a week ago for Victoria, en route to Quebec.

The Juvenile Foresters will hold their regular meeting on Monday night in the Foresters' Hall at 7:30 o'clock. An initiation ceremony will be performed, followed by an ice cream social, and all members are requested to be present.

CHARGE GERMANS WITH BARBARITY

London, Aug. 22.—A despatch to the Reuter Telegram Company from Paris says that an official statement given out today says:

"Owing to strategical conditions it has been impossible to co-operate earlier with the Belgium army in the defence of their country, but the engagements which we have undertaken are only preliminary and our co-operation will be still closer and will be pucsued with extreme energy.

"In contrast to the considerate treatment accorded German prisoners it has been established that the enemy considers as non-existent to both international conventions and the most ancient traditions of right and military order. We are suffering a veritable invasion of barbarians.

"But it is impossible to preserve towards our present adversaries the chivalrous generosity which until recently has been the rule between soldiers. The time for war with gloves on has passed. The enemy with whom we engaged at Fontenoy used courteous words before opening fire. We have before us unbridled savages. We owe to them only the strict observation of the rules of humanity and the laws of war.

"The minister of war has issued strict instructions that German prisoners shall not be treated with other consideration and favor which should be reserved for our own men. Life is assured, naturally, and that is all we owe them."

STEAMERS BLOWN UP BY MINES

London, Aug. 23 (12:10 a.m.—The official news bureau announces that two steamers, the Maryland from Copenhagen and the Danish steam ship Broberg, have strick mines in the North Sea and founded. They were on the main trade route, 35 miles from shore.

The Maryland struck a mine on Friday night. The crew of the Broberg, seeing the accident, proceeded to the rescue in launches, but failed to save the crew. On resuming the search Saturday morning the Broberg also struck a mine and founded but her crew was rescued and brought to Lawesoft, England.

GHENT AND OSTEND ARE NOT OCCUPIED

London, Aug. 23 (2 a.m.) The Daily Chronicle's Ostend correspondent sends the following despatch:

"I left Folkestone this morning by ordinary mail steamer for Ostend and was almost the only passenger on the boat. Apparently the report that the Uhlans had occupied Ostend scared away everybody who had intended to cross.

"On Saturday hundreds of British subjects and other visitors left Ostend and the seaside resorts on the coast, because it was emphatically stated the previous night that Uhlan bicyclists were believed to have occupied Wetteren. It is understood that the German objective is through Courtari to Lille, and if this is the case it is probably that Ghent and Ostend will not be occupied by the enemy."

GERMANY COMPLAINS.

New York, Aug. 22—The Associated Press has received the following message through the German embassy:

"Berlin, August 22—Germany is completely cut off from the rest of the world and can neither send out news nor receive it. The Empire is therefore unable to defend itself against the falsehoods propagated by the press of the hostile countries. It can only defend itself by its deeds. The German people will be profoundly grateful for every effort to disseminate the real truth.

(Signed) Von BETHMANN-HOLLWEG. Imperial German Chancellor"

"PURITY FLOUR" PRIZES
To be Given at Forthcoming Show

Cash, $12.00—First prize for four best loaves made from Purity Flour.
Cash, $7.00—Second prize for four second best loaves made from Purity Flour.
Barrel Purity Flour—Third prize for four third best loaves made from Purity Blour.
Ask your grocer, or apply to Brackman-Ker Milling Co. warehouse, Selby street for Purity Flour.

NEGLECTED Making a Will!

What Happened?

The law stepped in, sold the property and divided the proceeds.

A spendthrift to whom he had meant to leave a small income got his share in a lump sum.

A wealthy relative to whom he had meant to leave nothing got a share he did not need

The real beneficiaries he had meant to provide for get sadly reduced shares and were left without the protection of a capable and experienced executor.

Have your will drawn after consulting the officers of this Company.

The War

THE shutting off of imports from Continental Europe into Canada, due to the War, gives many home industries an unexampled opportunity for immense and immediate development.

Canada will prosper at the expense of Continental Europe. This is not a time in Canada for repining on the part of the business man. We must be careful, even frugal, but we must also be bold.

Victory is to him who has courage.

The Allies Retire Before the German Advance

Charged With Dynamite Outrages at Ladysmith

Victoria, B. C. Aug. 24—After a search extending over a year, during which the provincial police have been constantly prosecuting their investigations, two arrests have been effected in connection with the dynamite outrages committed in Ladysmith on the 12th and 13th of Aug. 1913, in which the Temperance Hotel was wrecked and the home of Alexander McKinnon, one of the miners engaged at the Extension mine, wrecked, and McKinnon so seriously injured that for months his life was dispaired of. Last Friday at Ladysmith Mike Adams was arrested in connection with the attempt on the McKinnon home and was arrainged at Nanaimo on a charge of attempted murder. On Saturday William Jackson was arrested near Roslyn, Washington, and was brought to Victoria on Sunday by Superintendent of police Colin Campbell. As soon as he learned that Jackson ws in custody, the chief of police went over to Roslyn and brought the man back for trial. Jackson consented to return without fighting extradition proceedings, which the authorities were prepared to take if he refused to come voluntarily.

Jackson was arraigned this afternoon before Justice of Peace A. Dallain and was remanded to the provincial jail here. He will be taken to Nanaimo, where, in company with Adams he will be given his preliminary hearing. In addition to the charge of attempting to murder McKinnon, Jackson will face a charge of attempting to commit grievous bodily harm to a number of persons occupying the Temperance Hotel, Ladysmith, by causing the explosion of a quantity of dynamite.

Gen. Von Emmich

German officer in command of the force attacking Liege, who committed suicide when he learned that the Kaiser had replaced him.

Allied Armies Suffer Severe Loss in Belgium

London, Aug. 24—The French and British troops opposing the invasion of the German army in Belgium, have suffered a severe loss, according to an official statement issued by the French authorities.

In the battle line, which extends from Mons to the Luxemburg frontier, several army corps composed of both British and French, took the offensive on Saturday against the Germans, but their plan of attack failed owing to "unforeseen difficulties" as described by the official statement, and the troops retired on the covering positions.

The losses on both sides are reported as very heavy and the French officials describe the Germans as being obliged to establish themselves in fresh positions in Lorraine.

The French have abandoned those positions in Alsace and Lorraine which they formerly held, and now look for heavy fighting in French territory. Detachments of German cavalry operating on the extreme right have reached Roubaix, a few miles to the north of Lille. This territory is defended only by reservists.

At Tsing Tau, the capital of Kiao Chau, the German protectorate in China, the German forces have prepared for a bombardment by the Japanese fleet, by dynamiting all the tall structures there which might be of assistance to the attacking forces as sighting points. They have also have taken all possible measures to oppose the advance of a Japanese field army.

Emperor Nicholas of Russia is reported to have gone to the headquarters of the Russian army, which has taken the offensive in full strength and is said to be advancing rapidly in East Prussia.

A late despatch from Copenhagen gives further reports from Austria

(Continued on Page 2)

Britain Prepared For Long Struggle

London, Aug. 24—This day of waiting has brought home the realities of war to the British people. Never before has the whole nation been so deeply moved. Many thousands have relatives and friends in the army; they know that the casualities must be great and that the death roll will probably be heavier than in the case of any British force since the Crimean war.

The only information of events the country has had is contained in brief official bulletins of a vague character and these have not been cheering. Throughout London the people are to night in a much more serious mood than at any time since they faced the war. There are no scenes of gaiety in the streets and restaurants tonight and the crowded streets are very quiet.

This does not mean that there is any less determination on the part of the Britons—only that the people are beginning to realize what this war may cost them. On every side are heard declarations that the country must be prepared for a long and exhausting struggle.

While many reproaches come from the supporters of Lord Robert's crusade for a compulsory military service, not a few admit that they never realized how small a part the British army counted in a great European struggle.

Thus far England has felt the war far less than European nations 'engaged, probably less that Holland and Switzerland, but now waiting for the issue of the battle and for the list of the killed and wounded. the English public know all that it means.

Every boat from Belgium comes crowded with impoverished refugees who have fled before the German invasion. An organization is being formed to care for these people, and part of the Prince of Wales relief fund, which amounts to more than $7,500,000, will be sent to Antwerp for sufferers who have taken refuge there.

RUMORED HOLLAND WILL DECLARE WAR

Ottawa, Aug. 24—A cablegram has been received by the Trade and Commerce Department from J. T. Lithgow, Canadian Trade Commissioner at Rotte(dam, stating that the Dutch government had suized all the wheat in warehouses and on ships. It is understood there is probably a considerable quantity of Canadian wheat among this.

This means that Holland is considering a declaration of war on Germany and it is rumored she may take such action.

MAY ENACT A MORATORIUM ACT

Regina, Sask, August 24.—On Tuesday, September 15, an emergency session of the Saskatchewan legislature will open. The session has been called to enable the government to obtain certain powers which in view of the contingencies which may very easily arise while the country is in a state of war, should be in existence during the period of emergency. According to a member of the government it may be anticipated that the legislature will be asked to adopt a moratorium act. This would not mean that the government would exercise its power except in the most urgent cases. Temporary protection, however, may be given under the act for business or professional men who have gone to the front, leaving behind them unfulfilled contracts. No legislation of a partisan character will be placed before the house. It is not expected that the session will last more than a week or ten days.

CHARACTERISTIC GERMAN.

Antwerp, Aug. 24—A characteric bill illustrating German methods is that they have established German time instead of Greenwich time in Brussels. They also announce their intention of establishing a government and primarily a Minister of Finance.

VICTORY OR DEATH.

Paris, Aug. 24—The Figaro taday published a story quoting the words of a French general commanding a corps in the north to a friend when leaving for his post:

"I leave with the most sincere and reasonable hope of victory," the general said, "but if unforeseen and unfortunate circumstances oblige us to retreat, the enemy will be in such a state that they will be unable to pursue us."

WILL REMAIN NEUTRAL.

London, Aug. 25 (4:50 a. m.)—A despatch to The Times from Rome says the Italian Premier Signor Salandra, assured a committee of deputies that no mobilization was imminent in Italy and that if it did occur later it would not mean any abandonment of neutrality.

AUSTRIAN EMPEROR DYING

London, Aug. 25. -2:30 a. m.—A Copenhagen despatch to the Exchange Telegraph Company dated August 24 says:

"The condition of Emperor Francis Joseph of Austria, according to telegrams received today, is much worse. His death is a question of hours.

GERMANY AFTER ITALIAN ASSISTANCE

Rome, Aug. 24.—The German ambassador here has been trying to persuade the Italian press to advocate Italy's intervention on behalf of Germany against Great Britain and France. The bait which he held out consists of Tunisia and Algeria. So far he has completely failed. Not a single newspaper, even those which were Austrophile before the war have published a single article in favor of his views.

HERALDGRAMS

Paris, Aug. 24.—The French war office issued the following announcement today:

"The French and English plan of attack having failed owing to unforeseen difficulties, have retired on the covering positions."

Montreal, Aug. 24.—The United States Salvage Company, operating on the sunken Empress of Ireland off Father Point, have succeeded in recovering $25,000 from the wreck, in addition to the purser's safe.

Vancouver, Aug. 24.—The new High School of Point Grey on the McKee road was formally opened this afternoon by Hon. Dr. Young, minister of education. Following the ceremony the structure was inspected by those in attendance at the cermony and its handsome appearance was highly commented on by the visitors, many of whom were among the foremost educationalists of the mainland.

Paris, Aug. 25—The military situation was discussed at a special meeting of the cabinet at Elysee Palace last night, President Poincare presiding, The deliberations lasted for three hours.

Milan, Aug. 24—A despatch to the Corriere Dela Sera, says that a Montenegrin army 30,000 strong, achieved a notable success on the border of Herzegovina. There was a fierce bayonet fight in the Crazovo region and the Austrians retreated leaving 300 dead on the field, the number of wounded being still greater.

New York, Aug. 25—A Paris cable to the American says:

"A special telegram to La Prensa says that a British fleet consisting of two dreadnoughts, two cruisers, two submarines and six torpedo boat destroyers had arrived off Ostend."

TSING TAU IS UNDER BLOCKADE

Peking, Aug. 24—The blockade of Tsing Tau, the fortified seaport of Kiau Chau has begun.

British French and Russian vessels of war are taking part in the movement. Up to the present time only British regiments have received orders to co-operate with the Japanese in the operations against Kiao Chau on the land side. The French are expecting orders to assist the British. They will probably not be more than two or three regiments from each nation.

No reliable information has reached here yet as to any Japanese landing on the Kiao Chau territory.

GOVERNMENT AND EXHORBITANT PRICES

Ottawa, Aug. 24.—The following statement dealing with food prices was given out by the premier this evening:

"While the action of the majority of the dealers throughout the country during the present crisis have been characterized by a sense of fairness and justice, nevertheless several complaints have reached the government that arbitrary and burdensome increases in the cost of necessities of life.

Under the wide powers which have been conferred on it by parliament, the government has the right to investigate and deal promptly with any case or cases of unjustifiable increase of any oppression or combination. Under the grave circumstances which have met us, with the outbreak of the war, any course which would be oppressive or unfair towards the laboring and artisan classes and generally those possessed of small fixed incomes, is most strongly to be condemned and will demand the exercise by the government of all the power at its command."

MOVE 300 LOCOMOTIVES.

Paris, Aug. 24—Three hundred locomotives from the railroads of Belgium were brought to Paris today to prevent their being used by the Germans.

NAMUR CAPTURED.

New York, Aug. 24—A London cable to the American, dated August 24 says: "The official press bureau announced tonight that Namur has fallen."

CATTARO DESTROYED.

Milan, via Paris, Aug. 25 (2.25 a.m.)—A despatch from Cattaro says that all the fortifications there have been destroyed by the allied fleet. The Austrians did not have time before the attack to strew the Gulf of Cattaro with mines.

Tells of Serious Fighting at Namur

London, Aug. 25—2:50 a.m.—The Daily Telegraph's Paris correspondent telegraphing Sunday, sends a letter dated five o'clock Sunday afternoon in Jeumont, department of Nord, France, which says:

"I left Charleroi last night for Jeumont, on the French frontier, and not a moment too soon. This very morning the engineers of the northern railway line witnessed an attack on Charleroi. Germans from the outskirts of the upper town were sending shells on the railway station and on other parts of the town. They were trying to force a passage across the bridge over the river. A number of fugitives from all sides arrived here by the last train.

"After two o'clock this afternoon guns were distinctly heard first from the distance of Charleroi and Theuin. The Germans were being met by the English. This is the beginning of the great battle that has been expected,"

The same writer, in a letter sent Friday from Charleroi, says:

"The Germans are advancing over a line of nearly one hundred miles, spreading out in a formidable fan V shape preceded by swarms of scouts in all distances, which swept the country from Brussels to Arlon, fifteen miles northwest of Luxemburg.

"The German hordes are on the march over five different routes towards France. They will find men to meet them. Our troops, in conformity with the plans laid down, are harrassing the men on the right and left banks of the Meuse, keeping in constant contact and killing as many men of scouting parties as possible.

"I witnessed Friday a series of engagements outside Charleroi. I saw our outposts everywhere. I heard rifle fire here and there and observed now and then troopers coming in bringing prisoners. Our cavalry was in splendid form and ready for action. Two hundred yards from the bridge I saw seven Uhlans com-

(Continued on Page 2)

Western Troops Depart For Front

Winnipeg, Man., Aug. 24—The departure of western troops for the east continued today, units from the 100th Winnipeg Grenadiers and army service corps entraining in the afternoon at the Grand Trunk Pacific tracks and the 13th Field Battery under Major Ducharme embarked for Valcartier at the C. P. R. station. In the evening two trains carrying the 90th Rifles, better known as the "Little Black Devils" pulled out before the largest crowds that has yet assembled to bid good-bye to the western troops. This was also the largest of the units that has left Winnipeg.

At the drill hall speeches were made by Colonel Steele, Major Lipsett and Major Wood, the latter going with the 90th regiment as chaplain. Testaments, were distributed to all the men.

Col. Steele left on the afternoon C. P. R. train for Valcartier where he will take command of the western troops. It is considered certain that Col. Steele will be offered a command in the overseas force of the Canadian contingent but it is not certain whether he will accept. Major Lipsett, general staff officer for Western Canada, arrived here today from the Coast, where he was engaged on coast defence work. He is to go to Valcartier tomorrow to assume command of the 90th.

Losses Heavy in Big Engagement

New York, Aug. 24—A London cablegram to the American says:

"In its summary of the war situation the London Times stated Namur has fallen. This, in the words of official communications necessitates the withdrawal of a portion of the allied troops from the line of Sambre to their original defense positions on the French frontier.

"The government press bureau also announced yesterday that British forces were engaged all day Sunday and after darkness with the enemy in the neighborhood of Mons, and held their ground.

"Namur is a strongly fortified city at the junction of the Meuse and Sambre. It was confirmed they expected to present a formidable obstacle to the German advance. There is yet no explanation of its sudden fall.

"No doubt the Germans have attacked the allies in this part of Belgium with all their available forces. The French minister of war in an official statement reminds the nation that the huge extent of the front along which the armies are engaged and the enormous number of troops make it impossible to estimate the losses.

"The battle which is now raging from Meuse to Ciercy will last several days and it will be necessary to await a definite result before a sound conclusion can be reached as to the full effect of this great engagement."

Vast Russian Army Advancing

London, Aug. 24—A St. Petersburg despatch reviewing the operations says:

"Russia's two great armies are now advancing over a front extending seventy miles to a great pitched battle. the success in which even the Russian Commander-in-Chief, Grand Duke Nicholas probably will deign to call a victory, a word ihitherto scrupulously averted.

In the opinion of military experts this battle will develop within three or four days and will so nearly coincide with the conflict on the French front as to make it impossible for Germany to despatch assistance from anywhere."

Report Received From Arctic Party

Ottawa, Aug. 24—A report reached here today concerning the movement of Vilhjalmur Stefansson, head of the Arctic Exploring Expedition which is being financed by the Canadian government shows that five months ago he set out across the Arctic ice to join Dr. R. M. Anderson commanding one division of the explorers to the east of the Mackenzie river. The naval department here believes that Stefansson has reached the Anderson party safely. His plan was to help Dr. Anderson with the exploration work which had been arranged for the land party before the expedition left Vancouver for the north.

The despatch is from Inspector Moodie of the Mounted Police. It states that at Dawson on August 16, a half-breed trader from Fort McPherson reporting to Inspector Phillips there told him in July that Stefansson and Stalkerson left Herschell in March with eight men and about twenty-five dogs to go straight across the ice to Pet Point or Coronation Gulf. The eight men returned, reporting that Stefansson had gone on with the drifting ice. They thought he would make toward Coronation Gulf.

The despatch adds that two survivors from Dr. Anderson's ship at Collision Point arrived at Fort McPherson over the ice and left by boat to survey the delta down the river. They reported that Dr. Anderson would go along the coast toward Coronation Gulf looking for Stefansson.

There is no word as yet from Capt Bartlett, who set out in the United States steamer Bear from Nome in search of the men who were scattered by the crushing of the Stefansson steamer Karluk. Part of these men had found shelter on Wrangell Island. It is expected that the Bear may be heard from almost any day.

There was no meeting of the City Council last evening there not being a quorum present.

ALLIES RETIRE.

The fact that according to earlier despatches received last night the Allies between Charleroi and Namur who were advancing on the Germans had been forced to retire to their entrenchments again, does not signify any great defeat has been sustained. There will be much of this kind of thing on both sides before the war has run its course and the Allies will have their reverses as well as their victories. Of the ultimate result there can be no question. It is only a question of time, and against such a great fighting machine as the German army we must not be impatient at delays before driving crushing blows that must end the struggle.

THE RUSSIAN ARMY

Judging by despatches published in Monday morning's extra Herald, the Russian army is making inroads on Eastern Germany and fighting with a valor that must have surprised the enemy. Since the Russian war with Japan we have been accustomed to hold the Czar's army very cheaply. That we may be mistaken in our estimate the present war may demonstrate very forcibly. Military experts who have studied the Russian army claim there is a vast difference between the army of today and as it was in the Japanese war. Since that disastrous war the Russians have effected a great improvement in their organization. In the past eight years for instance 646 Russian generals have been retired in an endeavor to clean out the incompetents. Twenty-six out of thirty-one army corps and thirty-eight out of sixty-one army divisions have received new commanders. In nearly all cases younger men have taken the places of those placed on the retired list. In 1911 of general staff officers advanced to the rank of colonels, four were 34 years old, ten were 35 years old, and twenty-one were 36 years old. In other ways the army has been greatly improved.

Shortly before the outbreak of the European war a German officer who had observed the improvements in the Russian army, writing for Illustrirte Zeutung, pointed out that the present fighting machine of the Czar had been made completely over. He formd that not only had the strength of the army increased, but that it had been equipped with the most modern weapons. The military aeronants of Russia are second only to those of France. Moreover, in the present war the Russian peasants will fight with all their heart, in the Japanese war they fought because they were driven to it. In the olden days the Russians, especially the cavalry branches were great fighters. There is no reason why under competent officers the Russians should not acquit themselves brilliantly in the present struggle.

THE AIRSHIP BOGEY.

For the last few years, since airships began to be a factor in the equipment of nations for war, we have heard a lot about what Germany would do to England via the airship route when she declared war on the United Kingdom. We have all seen the lurid illustrations in the Sunday editions of sensational Yankee papers of Germans dropping bombs in the heart of London. Mammoth Zepplins, in the popular fancy, have travelled unchecked over the length and breadth of the tight little Island, leaving ruin and devastation underneath their wake. Even many well known English writers have not escaped the favorite bogey and we have all more or less shuddered at the terrible possibilities that lay in the Zeppelin and aeroplane fleet. The war has been on now several weeks and to date we have yet to learn of any serious damage inflicted by these agencies by the enemy. Probably it is a good deal like the German military bubble—about to be pricked—for have we not read in the despatches where the Belgian aerial fleet proved to be every whit as good as the German Zeppelins and airships. As a matter of fact, according to all information obtainable on the subject, dirigibles and aeroplanes do not appear to be taking that important place in modern warfare that popular fancy so readily alloted to them. True, the war is as yet in its early stages, but it is reasonable to assume that if the air craft were to prove the terrible weapon universally believed, they would have won their spurs long before this.

NO CONFISCATION SAYS SIR RICHARD

Victoria, B. C., Aug. 24—The Provincial Government has not considered the question of the confiscation of the holdings of German residents in British Columbia, said Sir Richard McBride today. Continuing he said peacefully disposed non-combatants who may find themselves domiciled in this province are assured of being accorded that measure of British fair-play which is the keystone of British liberty throughout the world.

The government has no intention nor desire to place any embarrassment in the way of those Germans and Austro-Hungarians who have acquired interests in B. C. It is too much to expect that they should be at all sympathetic to Great Britain in her present struggle, but we do expect and shall insist upon receiving at their hands at this time that consideration for our own loyalty which their own good taste will, I am sure suggest.

WANT NEWS OF DEFEAT OR VICTORY

Paris, Aug. 24—Criticism of the official news bureau for suppressing intelligence of disaster to the French arms has already emanated from ex-Premier Clemenceau and the Temps.

Stephen Pichon now joins the chorus of disapproval with an editorial in the Petit Journal headed "Let the Public be Trusted." He says:

"There is one manifestation of public opinion which has been growing more marked for several days, to which the government ought to pay attention. It is generally that the official communications do not give sufficient idea of the events.

"No one suggests for a moment that information given likely to prejudice the action of the general staff, either of concerning the movement of the troops or the result of the fighting, but it is noticed in relation to facts that the communications are likely to test the people's strength of mind.

"The people realize that owing to the immense range of operations they cannot invariably be successful. It is therefore prepared to receive bad news as well as good news. So why wait before mentioning a withdrawal or even a check due our troops until the public is disturbed by often interesting rumors from independent or hostile services. Please tell the truth from the beginning."

Liverpool advices say that the steamship Comedian of the Harrison Direct line, arrived there in a disabled condition. No details were given, but it is probable her engines were damaged. She was completing a voyage from Brazil. Two powerful tugs were required to tow her.

The British turret steamer Claverly formerly in the Vancouver trade went ashore in the straits of Magellan a few months ago, as previously reported, while on passage from Portland to Limerick with grain. The arbitrators called in to settle the question of salvage have awarded $55,250 for salvage and $14,065 for temporary repairs.

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

GILLETT'S LYE EATS DIRT

ALLIED ARMIES SUFFER SEVERE LOSS.

(Continued from Page 1)

that Emperor Francis Joseph is in a grave condition.

Paris, Aug. 24—The plan of attack on the part of the British and the French troops has failed and the Allies have retired on their entrenched positions.

"West of the Meuse the English army on our left was attacked by the Germans, but behaved admirably holding its ground with traditional steadfastness.

"The French assumed the offensive with two army corps. An African brigade in the front line, carried away by their eagerness, were met by a murderous fire. They did not give an inch but counter-attacked by the Prussian guard, they were obliged to retire only, however, after inflicting enormous losses. The Prussian guard, especially suffered heavily.

"East of the Meuse our troops advanced across an extremely difficult country and made a courageous attack when they emerged from the woods, but were obliged to fall back after a stiff fight south of the river Semois.

"On order of General Joffre, our troops and the British troops withdrew to the covering positions. Our troops are intact, our cavalry has in a way suffered and our artillery has affirmed its superiority. Our officers and troops are in the best of condition, morally and physically.

"As a result of the orders which have been issued the aspect of the struggle will change for a few days. The French army will remain for a time on the defensive, but at the right moment, to be decided upon by the commander-in-chief, it will resume a vigorous offensive.

"Our losses are heavy; it will be premature to enumerate them. It would be equally so to enumerate those of the Germans, who suffered so heavily that they were obliged to abandon their counter-attack and establish themselves in fresh positions in Lorraine.

"We delivered four attacks yesterday morning, from our positions north of Nancy, inflicting very heavy losses on the enemy.

"In regard to the general situation we have the full use of our railroads and retain command of the seas. Our operations have enabled the Russians to come into action and penetrate the heart of West Prussia. It is to be regretted that the offensive operations failed to achieve their purpose as a result of difficulties impossible to foresee, it would have shortened the war, but our defences remain intact in the presence of an already weakened enemy.

"Every Frenchman will deplore the temporary abandonment of portions of Alsace and Lorraine which we had occupied, and certain parts of the national territory will suffer from events of which they will be the theatre.

"The ordeal is inevitable, but temporary. Thus detachments of German cavalry, belonging to an unattached division operating on the extreme right have penetrated to Roubaix (six miles north of Lille) and the Tourcoing district, which are defended only by territorial reservists.

"Our valiant people will know how to find courage to support this trial, with unfailing faith in final success, which is not to be doubted. In telling to the country the whole truth, the government and military authorities give it the strongest proof of their absolute confidence which depends only on our tenacity."

London, Aug. 25 (2.30 a.m.)—"Since yesterday morning the Germans have been attacking Charleroi which the French are holding," says the Daily Mail's Ostend correspondent telegraphing Monday. "The Germans invaded the town from the Montagny side and came out by the turning bridges in front of the railway station.

"There was a hot fight for the possession of the bridges as well as for the railway station and other buildings.

"German sheils are falling in the town. The house on the left of the Hotel Europe, as seen from the railway station, appeared to be seriously damaged. A mass of French artillery and troops in endless lines poured out, it is said, toward Chatelet and the Germans were driven back with a serious loss."

(Continued from Page 1)

ing out of a wood. Three of them were shot down at once and the remainder fled.

"At two o'clock this afternoon guns were heard in the north. The Germans, coming from Enghezee, had placed heavy batteries of siege guns in position before Namur. The Namur forts immediately sent in such a murderously acurate fire in reply that in less than half an hour the German batteries were silent and half of their guns demolished.

"Another line of attack chosen by the Germans was between Brayne L'Alleud and Genappe, southeast of Brussels, ovet a front 12 miles long. The German battery here met the same fate.

"Two men who have just come here from Namur state that at seven o'clock this morning they decided to take a train for Givet, but the service had been stopped. They started on foot and when half way to Charleroi saw a hamlet of fire. Suddenly a battery of four guns opened on a wood and in an instant swarms of German infantry fled from the wood in disorder. Right and left the rifle fire shot them down. At one place they came four abreast and the entire column was swept down."

HURRYING HOME.

Melbourne, Aug. 24—Members of the British Association are hurrying home on account of the war. The majority leave Melbourne by Wednesday's mail steamer. Officials are experiencing grave difficulty in financing German members back to their homes.

I bought a horse with a supposedly incurable ringbone for $30. Cured him with $1.00 worth of MINARDS LINIMENT and sold him for $85.00. Profit on Liniment $54.00.

MOISE DEROSCE,
Hotel Keeper, St. Phillippe, Que.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NANAIMO MARBLE WORKS

Monuments, Headstones, Tablets Copings, Rails, etc.

The largest stock of finished Monumental work in British Columbia to select from and the lowest price consistent with first-class workmanship and material.

ALEX. HENDERSON, Prop.

P. O. Box 73. Telephone 372

Minard's Liniment Co., Limited.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,
A. E. ROY,
Carriage Maker
St. Antoine, P. Q.

NOTICE.

NEWS OF SPORT

WERE EASY FOR NANAIMO FEDERALS

The Nanaimo Federal baseball team had no difficulty in defeating the pick of Cowichan valley on Sunday, the score at the end of nine innings of every kind of baseball being 13 to 0.

For four innings both teams played shut-out ball but in the fifth Nanaimo fell on Doney for 4 hits which netted 2 runs and he was yanked to make way for Cobb but the latter failed to stem the tide of terrific swatting and when the smoke had cleared away Nanaimo had secured six hits and 9 runs. Not content with this lead Nanaimo put 4 more over in the Eighth, Martin's two bagger in this inning being the best drive of the day.

Score by Innings.

Nanaimo—
Runs—0 0 0 0 9 0 0 4 x—13
Hits—3 0 1 1 6 1 1 3 x—16

Duncan—
Runs—0 0 0 0 0 0 0 0 0—0
Hits—0 1 0 1 0 1 0 0 0—3

Summary.

Earned runs Nanaimo 4;. Two Base hits, Little, Beattie, Martin, B. Doney; Left on bases, Nanaimo 8, Duncan 5; Innings pitched by K. Doney 4; Cobb 4; Shepherd 9; Hits of Doney 6, off Cobb 10; Shepherd 3; Runs off Doney 2, Cobb 11. Struck out by Doney 4, Cobb 2; Shepherd 11; Bases on balls, off Doney 2, Cobb 1, Shepherd 1.

NANAIMO WON FROM COWICHAN

Victoria, Aug. 24—The victory of Victoria over Seattle by one run furnished the dramatic hour of todays play. Seattle going in first had made 176 and to this Victoria could only reply by losing 8 wickets for 99 runs. Goward the Victoria champion lost his tenth man at 101 and A. Booth the last man joining him. Gradually the runs began to come. Lamb missed Goward off Fenwick in front of the screen and the bowlers had none too much luck but the batsmen took full advantage of everything stole many short runs and the last run necessary had been scored when Lamb took Booth at long on off Fenwick's bowling.

Summary

Victoria 177, Seattle 176 and 143 for 7 wickets.

Nanaimo 269, Cowichan 192.
Vancouver 133, Incognites 72.

Boston 5, Chicago 9.
Philadelphia 3, Pittsburg 2.
Brooklyn 0, Cincinnati 4.
New York-St. Louis (wet grounds)

Federal—
Brooklyn 6j1, Indianapolis 7-5.

SATURDAY MATCHES IN THE SCOTTISH LEAGUE.

Glasgow, Scotland, Aug. 22 — The following are the results of the Scottish league football games played yesterday.

Aberdeen 0, Glasgow Rangers 2.
Airdrieonians 2, Queen's Park 1.
Hamilton Academicals 2, Ayr U. 1.
Celtic 1, Motherwell 0.
Kilmarnock 0, Clyde 3.
Dumbarton 2, St. Mirren 4.
Partick Thistle 4, Dundee 1.
Hibernians 1, Falkirk 1.
Raith Rovers 1, Heart of M. 2.
Third Lanark 3, Morton 3.

FAVORIRES WON AT TENNIS

Newport, R.I., Aug. 24—Favorites won every match today in the opening rounds of the all-comers tournament for the national lawn tennis championship. Of the 138 players entered, more than half had been eliminated at sundown, 21 of the number defaulted.

All the ranking American players were left, but there was some disappointment when it was announced that A. F. Wilding, of New Zealand, one of the Davis Cup winners, would not play. His partner, Norman E. Brookes, of Australia, who fell before McLoughlin two weeks ago, was still on the official score card to night, but it was intimated that he also would default. As R. Howell, of Victoria, B. C. also failed to appear and Boris Yonine of the Russian legation was beaten, the tournament probably will lose its international flavor.

JOE TINKER INJURED, IS OUT FOR REST OF YEAR.

Joe. Tinker, manager of the Federal League club, probably will not be able to play ball any more this season, according to a physician who examined him today to ascertain the extent of injuries he suffered in a collision in yesterday's game. It was found that a rib was factured and a splinter of the bone had penetrated a lungf while in the same accident Tinker was spiked in the knee and ankle.

Jimmy Stanley probably will substitute at shortstop.

Montreal, Aug. 24—The following advances in prices went into effect in Montreal today in addition to the one cent advance in bread as previously announced.

Cocoa 10 per cent; coffee five cents per pound, biscuits sweetened (imported) 25 per cent; Jellies and jams (imported) 25 per cent. Jellies and jams (Canadian) 2½ cents per pound. Sugar 1 cent a point. Confectionery 1 cent per pound, Cigars, cigarettes and tobaccos not yet decided. Tea 10 cents per pound; Liquors $1 to $2 a case.

London, Aug. 25—A Rotterdam despatch to the Daily Telegraph quotes a letter written by a German officer to the Dussetdorfer, in which he says

"We are simply compelled to burn villages, because the civilians, especially women, shoot on our advancing troops. Yesterday civilians from a church tower killed several of my men. We took all of the occupants prisoners and shot them and burned several houses to teach the civilians a lesson.

"Whenever we are fortunate enough to capture French snipers we hang them upon the trees along the road."

Minard's Liniment Cures Diptheria.

DISCUSSING ELECTION OF THE NEW POPE

Rome, Aug. 24—Although Pope Pius X owed his election to the veto which Austria, through Cardinal Puzyna, put upon the election of Cardinal Rampola, nothing caused such great indignation to the late Pope as this interference of an element in a purely spiritual question. Therefore, his first act as Pontiff was to veto the power.

Many, however, are now asking whether the veto power will not be exercised, saying that such action will be more dangerous than ever since it will not be taken openly as before.

London, Aug. 24—The correspondent of the Exchange Telegraph Company at Rome says a message has been received there from Berne, Switzerland, saying that the Washington government has informed Switzerland that there is no reason why a Swiss loan should not be floated in the United States.

Washington, Aug. 24—Cecil Sprimg Rice, the British ambassador who has just returned from London conferred at length today with Secretary Bryan and Councillor Lansing on the general subject of American neutrality.

Ottawa, Ont., Aug. 24—A shot from what appears to have been either a strong automatic airgun or a pistol was fired upon Sir Wilfrid Laurier's automobile about five o'clock Sunday afternoon as it was passing along Laurier Avenue west at the corner of O'Connor Street.

COMMISSION AT WORK.

Prince Rupert, Aug. 24—Judges Morrison and Macdonald, redistribution committee, set out today. Wm. Manson, M.P.P. suggested the division of Skeena district into sections comprising Prince Rupert City and Digby Island, Queen Charlotte, Bella Coola, Omineca and Atlin for electoral purposes.

FRANCE HAS A DEADLY BOMB

London, Aug. 24—A remarkable tale comes from Paris of an invention by a French scientist of a gas bomb which kills every living thing within 300 yards from the point where it bursts. The story at least illustrates Paris war time gossip.

The story goes that the French are prepared to make use of this new invention if the Germans continue to use dum-dum bullets and saw-tooth bayonets, which it is alleged they use freely. It is declared that the bomb was tried on thirty sheep, all of which are now dead. The bomb burst 200 feet away, but all succumbed to the deadly gas.

BRITISH SOLDIERS INJURED IN BATTLE

London, Aug. 24—The list of casualties sustained by the British expeditionary army on the continent was published here today. It contains but three names. One of them is that of the Earl of Leven and Melville, a lieutenant in the Second Dragoons, Royal Scots Greys, who was dangerously wounded August 22, apparently in the cavalry fight at Waterloo. The other wounded men are a Sergt. of the Royal Flying Corps and a captain of Engineers.

The announcement of the wounding of Earl Leven of the Royal Scots Greys, shows that this famous British regiment to be in the fighting.

The Earl is the thirteenth of the name and comes of a military family of fame.

FRENCH ARTILLERY WROUGHT DESTRUCTION

Paris, Aug. 24—The Matin today quotes a German prisoner at Montpelier as follows:

"Your French artiliery is admirable. It destroyed in a few minutes entrenchments which we spent three days in making. The greater part of our men were killed, while others rushed to the rear with frightened cries as if some supernatural force had intervened against them.

"I am glad to be a prisoner; it is better than being under the yoke of German officers."

AQUITANIA DAMAGED

Toronto, Aug. 24—The Cunarder Aquitania, in the government service, anchored this evening at the Mersey Bar with her bows damaged, according to a Lloyd despatch from Liverpool.

Minard's Liniment Cures Garget in Cows.

Leipzig Did Not Get Nanaimo Coal

The reports appearing in several British Columbia newspapers and evidently published in good faith by those journals to the effect that the German cruiser Leipzig was supplied with Western Fuel coal while lying in San Francisco recently is being used by certain parties to carry reflection on the company and all connected with it, particularly the Nanaimo holdings.

It now turns out that there is no truth in the statement whatever. Immediately on publication of the despatches referred to, Mr. Stockett wrote to the office of the Western Fuel Company, at San Francisco, as a result of which he received advices last night that no British Columbia or for that matter any English coal had been supplied the Leipzig. As a matter of fact the controller of the port of San Francisco could have ordered any company selling coal there to supply the Leipzig with fuel and they could not have refused. Still it is some satisfaction to learn that it was not Nanaimo coal that supplied the enemy on this occasion.

BELGUIM LOSS IS 40,000 DEAD

London, Aug. 25—The Ostend correspondent of the Chronicle says that Belgium losses so far are estimated at 40,000 killed. No estimate of the appalling property loss has been hazarded by the officials.

"The situation throughout Belgium is disastrous, says the correspondent. Industry everywhere is at a standstill. Not a single factory or coal pit in the country has been operated in the last three weeks and not a single penny in wages has been received by the men engaged in the staple activities of the nation since August 1.

"There is nothing but dier poverty distress and stagnation even in the areas untouched by the fighting."

CHARGE AUSTRIANS WITH BRUTALITY

Paris, Aug. 2:—The Servian government in a protest to France declares that the Austrian army during its retreat along the Drina river committed cruelties upon old men, women and children in violation of the rules of warfare. The Drina forms the greater part of the boundary between Bosnia and Servia.

GERMAN TRYING TO AVOID CAPTURE

Deleware Breakwater, Del., Aug. 24—The North German Lloyd steamer Bradenburg, which sailed from Philadelphia on Saturday with all available space filled with coal and nearly a year's supply of provisions, has eluded hostile warships and is now weil out to sea. This was the opinion expressed by shipping men here today, who argued that if the steamer was still hugging the Atlantic coast within the three mile limit she would almost surely have been sighted by coasting vessels.

AMBASSADOR LEFT BERLIN

Berlin, Via London, Aug. 24—8:50 p.m.—The Japanese Charge, who was handed his passports by the German government yesterday, left Berlin today. His departure was accompanied by no outward incident. He is proceeding to the Dutch frontier.

The first mail from the United States since the outbreak of the war reached Berlin today. It included letters and papers dated up to August 10.

ROYAL CITY MERCHANT ARRESTED AT RUPERT

New Westminster, Aug. 24—J. F. West, proprietor of the five, ten and fifteen cent store at the corner of Columbia and Sixth streets, was arrested at Prince Rupert on instructions from Chief of Police Bradshaw of this city, on several charges of forgery and fraud. West is alleged to have mulcted the local branches of the Union Bank of Canada, the Canadian Bank of Commerce, and the Bank of Vancouver of sums said to aggregate in the neighborhood of seven thousand dollars.

Detective Burrows, of the local force, leaves on the first boat for the north armed with a warrant for the accused, who will be brought back to stand trial here.

Investigation of West's dealings with the different banks involved began some time ago and early in the week it was decided to lay information against him and have him taken into custody at Prince Rupert, in which city he was temporarily staying. Accordingly the warrants were prepared and on Tuesday morning Chief Bradshaw despatched a wire to the chief at the G.T.P. terminus asking that West be taken into custody and held for the warrant. The accused man, it is said, tried to explains things away to the iofficers in the northern port, but the instructions from here were explicit and he was taken into custody. Early yesterday it was known that the alleged forger and confidence man had been apprehended and he will be brought back as soon as Detective Burrows can get north by boat.

Naturally, the banks involved prefer to say nothing concerning the charges against West till he appears in court for trial, but it is understood that the accusations against him cover quite a period of time, during which he is said to have obtained accomodations at the banks on alleged falss statements made and documents now believed to have been forged.

West started in business in this city last year, first on Sixth street and later in his present stand at the corner of Sixth and Columbia.

POSTAL ORDER SERVICE

Ottawa, Ont., Aug. 24—"Not until rates of exchange are on a more permanent basis will the money order traffic between Canada and Britain be resumed by the postoffice department," said Dr. Coulter, deputy postmaster general today.

"I cannot name a date for the resumption of the service. I can only say that with the present rates of exchange we should lose money if we started the money order business."

BRIEF MENTION

Three companies of the 104th Regiment of New Westminster arrived by the Princess Patricia at noon yesterday to take up garrison duties in this city. The companies consisted of fifty-nine men each.

Mr. and Mrs. Thos. O'Connell were passengers on the Princess Patricia Sunday morning on a visit to friends on the Mainland.

Mill and Kindling Wood
H. H. Weeks Phone 9-3

THE Victoria Home of Nanaimoites.
THE DOMINION HOTEL.
Popular Prices tf. Free Bus.

Mrs. Hilyard Richardson of Vancouver is the guest of Mrs Angus McRae, Milton street.

Corporal Herdman, of the 50th. Gordon Highlanders, returned to Victoria yesterday morning after a leave of absence to take farewell of his brother William, of Geo. S. Pearson & Co.

Miss Margaret Hamilton, of David Spencer's local store, returned Sunday evening from a two weeks' vacation to the Mainland.

Mrs. D. J. Jenkins, accompanied by her sons Jack and Roy arrived home yesterday after a three weeks visit to Victoria, Vancouver and Seattle.

Mrs. M. L. Masters left Sunday morning on the SS. Patricia for Vancouver en route to American cities to get latest millinery styles.

BIRTH—On Friday, Aug. 21, to the wife of Mr. Alf. Hartje, Five Acres of a daughter.

Miss Edith Ferguson, of Cedar, returned home yesterday from a weeks visit with Mrs. Thomas Harrison, Irwin street.

Mrs. Oakes, Mrs. Geo. Pearson and Miss Pender were passengers from Vancouver last evening on the S. S. Princess Patricia.

Mr. Joseph Randle of West Nanaimo was in Vancouver yesterday on a business trip.

Miss Grace Isherwood returned home last evening from a weeks visit to friends in Vancouver.

The Nanaimo Agricultural Society has decided to cancel this year's show owing to the war and unsatisfactory local conditions.

A Chinese restaurant in Nanaimo's Chinatown was raided last evening and a large quantity of beer and Chinese whiskey seized. The proprietor of the restaurant will be prosecuted for selling liquor without a license.

Mr. Charles Haylor of the Sisters Rock Lighthouse, was in the city yesterday renewing old acquaintances.

Miss Edith Boyce left for Vancouver on Sunday morning to attend Normal School.

Miss Carrie Randle, of Vancouver, returned home yesterday after spending a few days holiday with her parents, Mr. and Mrs. Jos. Randle of West Nanaimo.

Mr. Ridge, of the Hudson Bay Fire Insurance Company, who are locally represented by the Nanaimo Development Company, was in the city yesterday with checks from the company in payment of losses recently sustained by residents at South Wellington as a result of the disastrous fire which wiped out that place recently.

1st. NANAIMO B. P. GIRL GUIDES Regular meeting this (Tuesday) afternoon in the Assembly Hall at 4 o'clock. This is the last date for receiving entrics for proficiency badges. Final instructions as to what to bring etc., to be given Guides who wish to enter and who have not yet passed the Second Class Tests must do so at this meeting.

Last week the Free Press published what purported to be a list of Nanaimo volunteers and among them was Robt. Brown. This is a mistake and should be Albert H. Brown, Lieutenant of the Nanaimo Rifles, who has volunteered for active service at the front, been accepted, and expects to leave Victoria at any moment. He is the eldest son of Jos. M. Brown, watchmaker, Nanaimo.

Mrs. A. Leighton and Miss L. Wright are visiting friends in Victoria for a week.

Mr. Eugene Arnold announces that he hopes to complete arrangements for opening his concert season early in September, to be continued on alternate Sunday evenings throughout the winter months. The proceeds of the opening concert will be devoted to the fund for maintaining the families of the men who have just gone to the front.

The city was filled with smoke yesterday from the bush fires which burned a considerable section of the country between East Wellington and old Wellington. Apart from the damage to timber no property damage resulted.

Mrs. James Watson of Kamloops, returned home yesterday after spending an extended vacation with her parents at West Nanaimo.

MORE AUSTRIAN SHIPS SUNK IN ADRIATIC

Rome, Aug. 23.—The Avanti says today that there has been another engagement in the Adriatic, in which some Austrian ships were sunk.

The same paper says that Greece has dispatched troops to the aid of Servia in her fight against Austria.

TO RESIST BOMBARDMENT

London, Aug. 25—A Paris despatch to the Standard says that the authorities at the Louvre have removed the Venus de Milo and other treasures, gems and state jewels to the vaults. They have also strengthened the roofs of all the picture galleries with sandbags and other protection against aeroplane bombardment.

PASSED THROUGH BRUSSELS

London, Aug. 24—11:55 a.m.—The correspondent of the Daily Telegraph at Rotterdam in a despatch printed this morning says that, according to the Rotterdam newspapers, no German soldiers have been in Brussels since Sunday morning. The total number of Germans who passed through Brussels is estimated at 300,000.

London, Aug. 25 (5 a.m.)—A despatch to the Times from Flushing says that $4,000,000 towards the war indemnity of $40.000,000 demanded of the city of Brussels by the Germans already has been paid. It is reported that the Germans in Brussels blew up a tramway station because the directors of a street railway refused to grant certain requirements.

NEGLECTED Making a Will!

What Happened?

The law stepped in, sold the property and divided the proceeds.

A spendthrift to whom he had meant to leave a small income got his share in a lump sum.

A wealthy relative to whom he had meant to leave nothing got a share he did not need

The real beneficiaries he had meant to provide for get sadly reduced shares and were left without the protection of a capable and experienced executor.

Have your will drawn after consulting the officers of this Company.

Will Canada Carry Her Burden?

Great Britain and Europe, where productive industry has been paralyzed, have mouths to feed, bodies to clothe, constructive operations to carry through, and a thousand-and-one wants and needs to be satisfied—and Great Britain and Europe look to Canada in confidence for much of the needed supplies.

It were folly for Canadian manufacturers and merchants to be down-hearted during these terrible times in Europe. A great burden—a great duty—a great responsibility—has been imposed on Canadian manufacturers, merchants, bankers and workers. Shall Canada and Canadians shirk this burden, this duty, this responsibility?

What's the Answer?

New Fall Cloakings Here!

Our Stripe Curl Cloths

For a heavy Warm Winter Coat try a length of the new Curl Cloth in the fancy stripe weave. Colors are navy blue, Copenhagen blue, purple, brown, tan, cardinal and tango, not more than two coat length in a piece. Choose your color now while the choosing is good.

Price Per Yard, $3.00

Corduroy Velveteens

Although the Corduroys were much worn last season, we look for a still stronger demand for the coming season. In this material you get a wonderfully rich effect at a very small price; colors now in stock are black, Copenhagen blue, seal brown, olive and cream, full 27 inches wide a particularly good value at

Per Yard, - 75c

Honeycomb Coatings

This new fabric promises to be very popular for the coming season, splendid shades in the following colors: Navy, royal blue Copenhagen, purple, brown, tan, cerse and tango. Comes full 58 inches wide and only two coat lengths of each color. Make your selection now.

Price Per Yard, $2.75

TRUE TO THE OLD TRADITIONS

British Troops Showed Wonderful Coolness and Daring During The Fight Around Mons—Fire Was Staggering

London, Aug. 26 (2 a.m.)—The correspondent of the Central News at Paris sends the following:

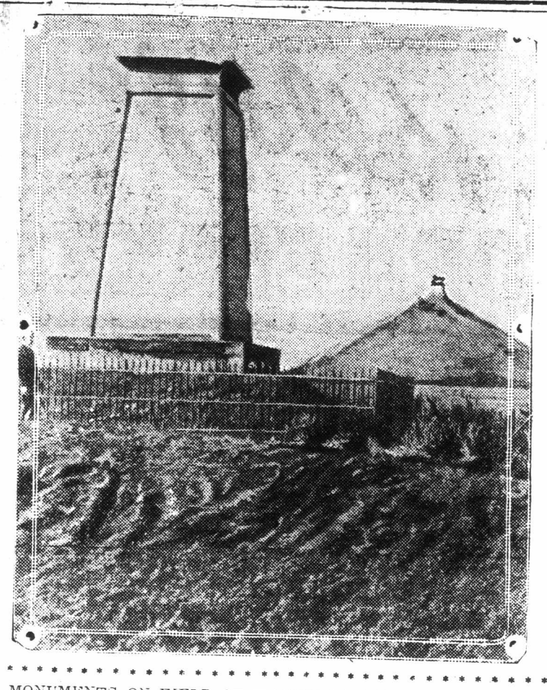
"I have been talking with British officers from the front who tell of the wonderful coolness and daring of the British soldiers during the fighting around Mons.

"The shooting of the infantry on the firing line was wonderful. Every time a German head showed above a trench and every time the Germaos infantry attempted to rush a position there came a steady withering fire from the Khaki-clad men lying in extended formation along the wide battle front.

"Their firing was not the usual firing of nervous men, shooting without aiming; rather it was the calm and careful marksmanship one sees on English rifle ranges where men fire with all the artifical aids permitted the match expert.

"When quick action was necessary the men showed no nervousness, no excitement: they showed cool, methodical efficiency for which the British army is noted.

"If the British lost heavily the Germans must have lost terribly. One German prisoner said: "We had never expected anything like it; it was staggering."



"The British troops went to their positions silently, but happily. There was no singing because it was forbidden, but as the men deployed to the trenches there were various sallies of humor in the dial of the various English, Irish and Scotch countries. The Cockney was there with quips about "Uncle Bill" and every Irishman who went into the firing line wished he had money to buy a little Irish horse so that he might take "tap at the Uhlans."

"As for the cavalry, the officers declare their charges against the Germans were superior. They charged as berserks might have done. They gave the Uhlans the suprise of their lives.

"With the close of the first series of combats between the British and Germans, the scene of interest shifted to the Paris army station where the injured British soldiers were being taken. The handling of the wounded was all that could be desired, as everything was perfectly organized and without theatrical display.

"The station at the time was crowded with Americans on their way to England from Switzerland. The Americans joined with the French in cheering the first arrivals of the British wounded from the scene of fighting. While the crowd waited, train after train rolled by, carrying fresh British troops to the front.

"I witnessed a notable scene on the road between Boulogne and Paris. Two English cardinals, Cardinal Bourne, archbishop of Westminster and Cardinal Gasquet, president of the English benedictines, were on their way from London to the conclave at Rome. Their train stopped on a siding and by a curious chance a regiment of British troops, which included in its ranks a large body of Irish Catholics, was drawn up alongside for a moment. The Cardinals leaned from the window and gave the soldiers their blessing when the Irish soldiers by spontaneous impulse knelt."

MONUMENTS ON FIELD OF WATERLOO WHERE ANOTHER MIGHTY CONFLICT MAY BE FOUGHT.

Here are pictured two of the monuments erected on the battlefield of Waterloo, where more than 100 years ago Napoleon was defeated by the combined armies of the Germans and English.

Another conflict may even now be in progress on this same field with the same nations participating, only this time the French and English are lined up against the Germans.

BELGIANS DROVE GERMANS BACK

London, Aug. 25—An Antwerp despatch to Reuter's Telegraph Company says that early this morning a force of 2000 Germans bombarded Malines, fourteen miles southeast of Antwerp, where 200 houses were partly destroyed and the church tower damaged. The Belgians made an energetic counter attack and drove the Germans back as far as Vilvoren to the south. The losses on both sides were considerable.

GERMANS LEAVE BRUSSELS.

London, Aug. 26.—A despatch to the Chronicle from Antwerp says that all the German troops are reported to have departed from Brussels and that the Belgians expect to re-occupy the city immediately.

BRITISH FORCES ARE IN GOOD SPIRITS

London, Aug. 25.—"We have heard this morning from Sir John French commander of the British forces on the continent," Premier Asquith informed the members of the House of Commons this afternoon, "that the withdrawal of his troops to a new position was successfully affected. It was not accomplished without considerable loss. They were pressed hard by the enemy, who, however, were shaken off.

"It is not desirable to say anything more at the present moment, except that the field marshal reports that in spite of hard marching and hard fighting the British forces are in the best of spirits. He estimates his casualties at something over 2,000 but we have not yet received any names."

FRENCH FALL BACK

Paris, Aug. 26—The war office has issued the following official statement:

"The commander-in-chief, requiring all available forces on the Meuse, has ordered the progressive abandonment of occupied territory. Muelhausen has again been evacuated."

IN CONFERENCE AT VICTORIA

Representative Business Men of Province Met in Victoria to Discusss Situation Arising Out of War.

Victoria, B. C. Aug. 25—The outstanding features of the important conference held in the executiveichamber this morning were the declaration of the premier that the provincial government would endeakor to carry out its origional program of public works for the year in its entirety, that he had reason to believe that the Dominion government would do the same, that he had the assurance of the presidents of the C.N.R., the P.G.E. and the Kettle Valley Railway that they would continue their work uninterruptedly as arranged.

Finally came the very important and specific statement of Mr. Campbell Sweeny, of Vancouver, president of the bankers' association that the same credits would be available for legitimate business as prevailed before the declaration of war, and that the only difference would be the refusal of money for purely speculative purposes and a little more conservatism in advancing money for new enterprises. iThe premiec was able to show that in spite of the unparalelled circumstances in which the country found itself at the present time, there was nothing in the general conditions of business in B. C. to justify pessimism on the other hand, there were many conditions of a hopeful character, and if corporations and capitalists and the employers of labor generally would make an effort to work along the same lines as the government in the carrying out as far as practicable of their intended plans, the difficulties of the situation would be greatly diminished and anything approaching a state of panic would be avoided.

The premier was supported by all his ministers and made it clear that he had endeavored to secure such a gathering of those within reach of the capital as would fairly represent all important provincial interests. He thought that the strongest ground which could be taken would be to show that the government intended and was in a position to take the lead in the fulfillment of its public pledges.

It was the intention of the government to carry out their programme of public works in its entirety, not only so, but he had every reason to believe that the Dominion government had decided upon and would carry out a similar policy.

With respect to the lumbering industry, it was a matter of common knowledge that for more than a year this the greatest of our coast industries had been under a cloud. There had been a strong desire on the part of some of those interested in the lumbering that the government come to their aid in a somewhat drastic manner, by suspending the payment of royalties, taxes, rentals, and any other statutory liabilities until the return of better times. With every disposition to aid the industry as far as was legitimate although this was asking too much.

With respect to fisheries and fruit growing, there were many reasons why it should be presently possible to secure larger markets for both classes of products and efforts would be made to that end.

Following the address of the premier, brief addresses were delivered by a number of other gentlemen, the speakers expressed approval of the government policy as outlined by the premier.

Mr. Campbell Sweeny, endorsed all that the premier had said. Speaking on behalf of the body which he represented, Mr. Sweeny said that did not consider there was any necessity for any such action as proclaiming a moratorium. Mr. Sweeny wished it to be clearly understood that for legitimate business there would be the same credits allowed by the banks as immediately preceding the outbreak of war. The money available for speculation would be restricted and new ventures would have to be scanned very critically. So long as the banks were able to remain sound and thus keep up the public confidence, they were probably doing a greater service at a time like this, than if they were to advance money with a free hand to all who asked.

In closing the conference the pre

(Continued on Page 4)

Russians Eager to Engage Germans

London, Aug. 25 — Telegraphing from St. Petersburg the correspondent of Reuter's Telegram Company says:

"The principal Russian losses in Prussia up to the present have resulted from the determination of the rank and file of the Russian army to get at the enemy. Although the mounted guards in the centre have suffered heavily, the infantry advances have been more than satisfactory. The enemy is virtually cornered in East Prussia.

"A number of officers arriving in St. Petersburg in relating their stories of the front, dwell on the fear displayed by the Germans of the Russian cavalry.

"Military experts say the equipment of the Germans is excellent and that their artillery is good, but that their rifle shooting is deficient as regards accuracy. They add that the Japanese were infinitely superior in this respect in the Russo-Japanese war and accomplished in an hour what the Germans would require a day to do. It is said that in one case a Russian squadron charged a battery and captured all its guns. The soldiers are said to have discarded their rifles and the officers to have thrown off their swords and even their helmets."

GERMANS LEAVE HOLLAND BORDER

Rotterdam, via London, Aug. 26—. Reports received here from the Hague say the Germans who have been massed in large numbers along the Dutch frontier have disappeared and that mobilization of the Dutch army has ceased. Whether the mobilization will be continued it has been impossible to ascertain.

On board the Holland-American line freight steamer Westerdyke which sailed tonight for New York, were 80 Americans.

AUSTRIA AND JAPAN IN STATE OF WAR

London, Aug. 26 (2.35 a.m.)—A despatch from Vienna to the Reuter Telegram Company via Amsterdam, gives the official announcement that the Austrian government on Tuesday handed to the Japanese ambassador his passports. The Austrian ambassador at Tokio, it is also announced, has received his passports.

GAVE FLAG TO REGIMENT.

Winnipeg, Aug. 25—C. F. Herbert, of Winnipeg, in presenting a flag to the 106th regiment of this city today made an offer of $500 to the man who brought it back after it had gone through active service.

BELGRADE BOMBARDED

London, Aug. 26—1:25 a.m.—A despatch to the Reuter Telegram Company from Nish says:

"The latest information received here is that the bombardment of Belgrade still is most severe. Shells of large calibre doing heavy damage. The palace has been partly burned down. Another large building in the city has been struck by 35 shells."

JAPANESE LAND AT TSING TAU

Pekin, Aug. 25—The main Japanese army is now landing near Tsing Tau while the Japanese and British fleets are co-operating outside the port.

British torpedo boats and gunboats mobilized yesterday before Tsing Tau the German port of Kiao Chau, for the purpose of unmasking the German batteries.

WAR ON JAPAN

Rome, via Paris, Aug. 26.—5:20 a.m.—A despatch from Vienna announces that Austria has declared war upon Japan.

THE FLOATING OF CANADA'S WAR LOAN

London, Aug. 25—Canada's war loan is discussed today by the financial editor of the Globe, who thinks that the bulk of it probably will be issued in the United States though a number of Canadian banks doubtless will take up a part of the issue. In view of the scarcity of liquid funds in Canada, however, it is not expected here that the Canadian subscriptions will absord more than a small proportion of the loan. An optimistic feeling prevails here among those interested in the financial results of the grain crop in the west especially as the safety of the Atlantic is now assured, has induced the tramp steamers to enter the trade again on this route. It is anticipated that the crop will now be shipped quickly until the close of navigation on the St. Lawrence.

BRITAIN'S POSITION.

London, Aug. 25—The British official news bureau issued the following announcement tonight

"There has been no further general engagement. The condition of the British troops is in every way satisfactory."

WAR MAY LAST THREE YEARS

Britain and France Will Hold Germans in Check While Russia's Millions March to Berlin.

London, Aug. 25—One of the generally admitted results of the battle of Charleroi (the engagements on Saturday and Sunday are being called from the fact that the mining town appears to have been the centre of the fiercest fighting) is that the chances of the war being brought to a speedy close are considerably reduced. The Germans failure at the first of the struggle might conceivably have brought about a situation which it would have been to the interests of the Allies to welcome the conclusion of peace before the Slav millions played a decisive part in the issues involved. Britain and France cannot but go on until Germany has spent herself and, as it is hoped, found it beyond her power to check the slow but overwhelming advance of the Russian army. Two or even three years of war are discussed as the probable period. High authorities are cited as supporting this view. Lord Kitchener in his appeal for 100,000 men pointed out that he might want many more and everything that is being done by the war office indicates that certain provision for several hundred of thousands will be required. All able bodied men under 30 have been called upon to enlist for the period of the war.

TURKEY MAY ENTER EUROPEAN WAR

Washington, D. C. Aug. 25 — An acute situation has arisen in the Balkan states over the possible entry of Turkey into the European war according to official advices to the American government from various sources.

Turkey has not yet given Great Britain, France and Russia a satisfactory explanation of the entry into the Dardanelles of the German cruisers Goeben and Breslau. When it was first reported that Turkey had purchased these vessels, Great Britain, France and Russia demanded that the crews of the two ships be repatriated immediately. Today's despatches revealed that the German crews were still aboard the cruisers.

Many Washington diplomats familiar with the situation consider it practically certain that should Turkey side with Germany and Austria Italy would abandon her position of neutrality and join Great Britain France, Russia and Servia, who could count also upon the assistance of Greece. Greece is under martial law with its army mobilized along the frontier watching Turkish movements. The troops of the Ottoman Empire are quietly mobilizing without a public order to that effect. Italy's order for mobilization on August 27, is believed here to be due to some extent to Turkey's military activity.

Britain Will Fight to The Bitter End

London, Aug. 25—Lord Kitchener today alluded to Premier Asquith's statement in the House of Commons that the British troops had greatly aided the French and had been able to maintain their positions in the face of fierce German attacks. He said that he had sent a telegram to Sir John French, the commander of the British expeditionary force reading as follows:

"Congratulations to the troops on their splendid work. We are proud of them."

Continuing, Lord Kitchener pointed out that the fighting in Europe would result in greater casualties than the campaign Great Britain usually was engaged in. He said he was sure that the public was fully prepared to meet whatever losses and sacrifices the country might have to face and he paid a tribute to the readiness of the expeditionary force and the invaluable aid of the forces and public preserving silence and accepting the novel situation.

"We know how deeply the French people appreciate and value the prompt assistance," Lord Kitchener continued, "that we have been able to afford them at the very outset of the war, not only in giving moral abd material support, but our troops must also prove a factor of high military signifinance in restricting the sphere and determining the duration of hostilities. But although the privileges, perforce has been denied us, France knows of our sympathy with her in her sufferings and our indignation at the blows which have been inflicted upon her, and also of our resolution to make sure that none of her sacrifices will have been unavailing.

"While other countries engaged in this war have under their systems of cumpulsory service brought their full resources into the field, we under our national system, have not been compelled. Therefore, we still have a vast reserve to draw from, the resources of both the mother country and the Dominions.

"The response which already has been made by the Dominions abundantly proves that we have not looked in vain to these sources of military strength, and while India, Canada, Australia and New Zealand are sending powerful contingents, the territotials of this country are replying loyally to the stern call of duty, which has come to them with such exceptional forces."

Continuing Lord Kitchener said:

"Over seventy battalions have with fine courage already volunteered for service abroad. When they are trained and organized in larger formation they will be able to take their places in the line.

"The hundred thousand men asked for in the first place have already been virtually secured. The Empire with which we are at war has called to the colors almost its entire male population. The principle, we, on our part, shall observe is this:

"That while the maximum forces undergo constant, the reinforcements we prepare will steadily and increasingly flow out until we have an army in the field, while in numbers small, will not be small in quality.

"I cannot say at this stage what will be the limits of the force required, or what may eventually become necessary to maintain. The scale of the field army which we are

(Continued on Page 4)

General Situation is Favorable to Allies

London, Aug. 25—The French embassy in London tonight issued the following statement:

"The movement which was begun yesterday by order of the commander-in-chief was continued today. It was confirmed that the Prussian corps of guards was roughly handled in the recent fighting. They were attacked by Algerian riflemen and in the hand to hand fighting which ensued the Germans suffered heavy losses.

"The attacks against Nancy have failed.

"The Russians are resolutely pushing forward their advance in Galacia and have routed two divisions of Austrian cavalry.

"We can add some details to the official news. We are assured that an officer of General Joffre's staff brought a report at the close of the day to the ministerial council.

"For a short time our troops, Tirailleurs and Zouaves were masters west of the Meuse, the Germans giving way. Then they hurled the guards brigade against our attack and despite the immense losses inflicted upon the enemy, our Africans (mostly Zenegalais, Algieran and Morsicans) were forced to retire under orders from headquarters. They met the full shock of the German army, which has thrown all its forces upon Belgium.

"Meuhlhausen has been again evacuated.

"A battle is in progress between Maurbuge (department of the Nord) and Donon (department of Doubs.) On it hangs the fate of France. Operations in Alsace along the Rhine would take away troops upon which might depend victory. It is neeessary that they all withdraw from Alsace temporarily to ensure its final delivery.

"It is a matter of hard necessity. West of the Meuse, on orders issued Sunday by the cammander-in-chief, the troops which are to remain on the covering line to take up the defensive, are massed as follows:

"The French and British troops occupy a front passing near Givet, which they gained by hardy fighting. They are holding their adversaries and sharply checking their attacks. East of the Meuse our troops have regained their original position, commanding the roads in the forest of Ardannes, to the right we assumed the offensivei driving back the enemy by a vigorous onslaught, but General Joffre stopped the pursuit so as to re-establish his front along the line decided upon on Sunday. In this attack our troops showed admirable dash, the Sixth Corps notably inflicting punishment on the enemy close to cover. In Lorraine the two enemies have begun a combined attack, one end starting from Grand Coürronne De Nancy and the other from South of Luneville. The engagement, which began yesterday, continues at the time of writing. The sound of cannonading is not heard at Nancy, as it was yesterday.

Paris, Aug. 26 (2.40 g.m.) — The Fifteenth Corps which suffered heavy in the last fight, had the gaps in its ranks filled and formed part of one of the two armies. It executed a brilliant counter attack in the val-

THE LOCAL MILITIA

Nanaimo young men, burning to show their patriotism for the Empire and anxious to serve at the front, cannot do better than join the local militia company for which the minister of militia recently granted authority. This is the company for which several enthusiastic young men of the city worked so diligently during the last few months. Now that equipment has actually arrived for it and the corps is well under way the company should soon be at full strength. As a matter of fact it would have been at full strength ere this if it had not been for the departure of many members for Victoria and Valcartier. The only soldier worth while to his country is the trained soldier and the local militia corps here offers exceptional opportunities at the present time for the best of military training. In a city of young men such as Nanaimo is, there should be material for not only one but several companies of militia.

THE COUNTRY'S DEFENDERS

Those amongst whom it has been the fashion prior to the Kaiser's declaration of war to sneer at the militia and heap insults of every mean kind upon them have perhaps had time by now to reconsider their views and to give the some seven thousand members of the B. C. militia before the war the proper recognition for their services to the country. They can all see now that it was very necessary that there should be a well organized militia and they will surely have the good grace to realize that those who associated themselves with the militia were actuated by higher principles of decency and manhood than those usually accredited them by a certain brand of loud mouthed spielers that have been more or less active in the province of late.

THE RECKONING

A commentator writes with reference to the ruthless method of the invaders. "The Belgians may not be able to defend their fields and homes successfully against the Kaiser's great army in the first rush of the campaign, but Heaven help the Uhlans if they have to ride home through Belgium after an abortive attempt to take Paris. A single week's campaigning has aroused among the Belgium people a passionate hatred of the invaders and made it certain that the maintenance of the German lines of communication will take the best efforts of a huge army."

The fighting between the Germans and the allies may be said to have only commenced. Where there is such an enormous number of men engaged it will take more than one great battle to decide the issue. In olden times the defeat of a great army would have gone a great way towards the hastening of the cessation of hostilities. The situation in the present war, however, is vastly different. There may be said to be a series of armies along a great stretch of country and it will likely be a matter of months before the tide turns one way or another. The fact that both the allies and the Germans in case of necessity may fall back upon their own fortifications is still further calculated to add to the length of the war. Of course it is possible that a brilliant general may arise on the allies side and by a series of well executed flanking movements cripple the German war line and quickly bring the enemy to terms.

WILL PREVENT EXHORBITANT PRICES

Ottawa, Ont., Aug. 25—A broad general survey of price changes in Canada since the outbreak of the war is to be made by the government, as was announced last night, to prevent exhorbitant ahvances in the price of food stuffs.

"The powers granted to the government," was the statement made today, "extend so far as taking possession of all food supplies no matter wher they are, and having them disposed of as seems best in the public interests."

Sir Geo. Foster, minister of trade and commerce said that reports of price advances had reached him from all parts of the Dominion.

"Many of these are probably trivial in so far as they effect the public interest," he said. "It is impossible to take them into consideration in detail. What will have to be done is to make a broad general survey. In cases where exhorbitant prices require action these cases would have to be taken up and dealt with."

It is understood as highly probable that the government will appoint commissioners to consider the course of prices in various districts, with power to deal with flagrant cases. Weekly instead of the usual monthly reports of price changes are now being obtained by the government through the labor department from all parts of Canada.

100,000 TO HELP THE MOTHERLAND

Ottawa, Aug. 25—The Canadian contingent will form part of an overseas force of over one hundred thousand men. Australia will send 30,000; from India 40,000 will be drawn from the army; New Zealand force will be over 8,000 and South Africa will add 10,000 veterans of the Boer war.

ANTWERP RAIDED BY ZEPPELIN

London, Aug. 25.—Reuters Antwerp correspondent telegraphing Tuesday concerning the attack on Antwerp by a German Zeppelin airship was later brought to earth and its crew captured, says:

"The sirship evidently took advantage of it being a dark night and therefore suitable for a sudden raid. One bomb fell in the Rue Des Havets and made a hole six inches in diameter and twenty-one inches deep It probably was filled with shot for all the houses in the neighborhood were struck by bullets and it appeared as though a battle had taken place.

"All doors and windows nearby were broken, ceilings fell in and the street was covered with dust half an inch thick. Three men were walking through the Rue Des Laicorne when the bomb fell. One of them was killed and the other two were mortally wounded. Another passerby had a leg blown off.

"Panic prevailed, the people rushed into the streets crying for assistance. A married couple who were sitting at a window in their home were killed. A woman's head was blown off. Several other persons in the house were injured."

BAPTIST MINISTER DROWNED.

Thepas, Man., Aug. 25—Rev. B. Morgan, a Baptist minister from Saskatoon was drowned Sunday in Big Stone Rapids between Cumberland Lake and the Saskatchewan river. There were four men in the canoe, which was swamped in the swift water, three of them being saved. Dr. Morgan, who was a good swimmer, attempted to reach the shore but the weight of his clothing proved too much. The party left Saskatoon two weeks ago on a pleasure trip.

BUYING 15,000 HORSES

Lafayette, Ind., Aug. 25—Members of the local stock buying firm began today buying horses, which are to be shipped to France for use in the allied armies. The local firm announced it had received an order for 15,000 animals from the French government.

THE ONLY CURE FOR CONSTIPATION

Is "Fruit-a-tives"—That Wonderful Remedy Made From Fruit Juices.

AVON, ONT., MAY 14th. 1913.

"I have used "Fruit-a-tives" for Indigestion and Constipation with most excellent results, and they continue to be my only medicine. When I first started about six years ago to use them, I took four at a dose but gradually reduced the dose to one tablet at night. Before taking "Fruit-a-tives", I took salts and other pills but the treatment was too harsh. I thought I might as well suffer from the illness as from these treatments. Finally, I saw "Fruit-a-tives" advertised with a letter in which some one recommended them very highly, so I tried them, and I have no hesitation in recommending them." ANNIE E. CORBETT.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

TO LOOK AFTER CANADIAN FORCES

London, Aug. 25—Richard Burbridge the Hudson Bar director is among the committee appointed by the Rt. Hon. Lewis Harcourt, colonial secretary to advise associations formed to look after the comfort of the overseas contingent.

The Canadian association which had a meeting today under Hon. G. H. Perleys presidency resolved to issue an appeal for subscriptions. Much will depend on the future workings as to the movements of the Canadian troops, the main idea being to keep in touch with the forces sent from the Dominion and assist them in several ways not specifically provided from official sources.

Every endeavor will be made to prevent overlapping, a precaution particularly necessary in regard to offers to help made on both sides of the ocean and of which it is hoped due notice is being taken all agencies in Canada.

NEWS OF THE WAR FROM BERLIN

London, Aug. 2 —The following despatches have been received from Berlin by Marconi wireless:

"It is officially announced that the German-Austro-Hungarian consuls in Tangier were ordered to leave by the French government August 19.

"The Italian steamer Aniona from New York for Italian ports was stopped near Gibralter. About seventy German reservists on board were taken at Gibralter as prisoners of war.

"Fourteen officers and 170 of the crew of the Austrian cruiser Zenta said to have been sunk Aug. 16 in an engagement with the French fleet, have sought refuge in Montenegrin territory."

Press commenting on this engagement, says that the men on the Zenta, inspired by the spirit of Tegettsoff (Austrian admiral) ventured into the open sea to engage in battle a force probably fifty times stronger, with the object of doing as much damage to the enemy as possible, even though they knew certain destruction awaited them.

Russian prisoners, including officers and 300 dragoons with many guns have been brought to Lemberg, Galacia. The Russian General Wannowsky has died from injuries received in fighting.

The German Emperor has sent the following telegram to the King of Wurtemberg: "With God's gracious assistance, the Duke of Albecht and his splendid army have gained a glorious victory. You will join me in thanking the Almighty. I have bestowed upon the Duke of Albecht the Iron Cross of the first and second class.

The Emperor has granted 500 marks towards the municipal fund for the relief of the unemployed in Berlin.

Twelve guns with their gun carriages and ammunition carts, captured by the Bavarian troops from the French have been brought to Karlsruhe and placed in the palace yard.

TWO BRITISH PRIZES.

London, Aug. 25—Two Hamburg-American line steamers which were taken into custody by the British authorities at Falmouth August 4, today arrived in London. They are the Kron Prinzessin Cecilie, which left New York July 25 for Hamburg and the Prince Adelbert, which sailed from Philadelphia July 28 for Hamburg.

GERMAN STEAMER SUNK

Hong Kong, Aug. 25—The German steamer Elizabeth has been captured and sunk in mid-ocean.

Minard's Liniment Cures Diptheria.

GERMANS CLAIM RUSSIAN DEFEAT

Berlin, Aug. 25—Via Copenhagen, Aug. 25—A war correspondent of the staff of the Anseiger has sent a telegram to his paper from the eastern theatre of war. His message is dated August 24, and says:

"While from the west comes notice of victorious advance, something similar has been prepared here. The Russians wers defeated at Stallupeoa, 16 miles east of Gumbinnen on Aug. 21 and 22. The returning wounded of the cavalry division say the Russians were greatly repulsed.

"They had at least two divisions of cavalry. The infantry shot badly. They sighted their rifles for 1200 metres when they were at close quarters, which occurred frequently, when the adversary was knocked down others seemed to spring from the soil. Our lancers did bloody work. One German cavalry regiment, whose flag carried the names of many great battles, distinguished itself.

"The Russian artillery took some part in the fighting but the wounds were due mostly to cold steel."

TRAMP STEAMER HELD.

New York, Aug. 25—A tramp steamer, believed to be an Austrian, was held up shortly after 11 o'clock today by a cruiser, supposed to be British, just outside the New York harbor, according to observers at Fire Island.

HOLLAND IS READY FOR WAR

Rotterdam, Aug. 24—The situation in Holland is not desperate but the question is how long will their savings last. Holland under normal conditions does a tremenduous business with Germany, whose export trade keeps much of the Dutch canals, river and overseas shipping employed. Now there is none of this and the burghors are discovering what the crippling of their neighbor means. In the meanwhile life in the Dutch cities is almost normal. There is a complaint of a lack of trade. At night one sees them in the cafes, sipping their beer and coffee, discussing the latest war news, studying a variety of maps, drawing from their slender fund of information and speculating on the outcome of it all. The Dutch may not consider the Germans the most agreeable of neighbors, still the general sentiment is that they would not care to see them wiped out. "After all, they are of the same blood as ourselves," remarked one citizen of Rotterdam who does business with them, "and we have a general aversion of Russia and France, and even Belgium gaining territory at our expense."

Generally speaking the burghors know it is best to be neutral and not to express opinions, has come to be looked upon as a duty toward Germany. The experiences of Hollanders in the matter of foreign domination have not been pleasant and the Duke of Alba still lives in memory. Therefore the people of Holland are waiting and hoping that the tempest will blow over without striking their country.

In the meantime the standing forces of the country have been mobilized. The militia and landwehr are under the call to arms. The breaking of the dykes and the rushing to arms of a small but heroic nation like the Dutch would indeed be a fitting climax, according to sentiment in Rotterdam, to the cataclism of Europe. But the Dutch are ready for the sacrifice and the first over act against the sovereignity of their country, or the security of their nation is bound to meet in this manner.

So the burghors go about their business and let others understand that the minding of one's own business is the policy of small nations these days.

When you've ordered Silk do you accept Sateen?

Almost a foolish question, but—not quite!

There are still some people who order Kellogg's Corn Flakes and are given a substitute "just as good"—and accept the imitation.

The difference between

Kellogg's CORN FLAKES

and the "just as good" kind is even greater than the difference between silk and sateen.

The great difference is in the flavor and the nutriment.

Be sure that you ask for and get Kellogg's. It is the original.

GERMAN DEFENCE OF TSING TAU

Tsing Tau, Aug. 24—The cipher message from Emperor William addressed to the Tsing Tau garrison in which they were called upon to defend the position to the utmost was read aloud at roll call last Friday evening. It was received stoically.

The Germans have dynamited all the tall buildings here which might be of any assistance to an attacking party in giving them sighting points. They have also destroyed the railroad bridge at the boundary of their leased territory and they have raised the Chinese villages within the territory. The inhabitants of these villages have been partially compensated.

NEUTRALITY PROCLAIMED

Washington, Aug. 25.—President Wilson today issued a proclamation declaring the United States nuetral in the war between Germany and Japan.

NIOBE TO PATROL EASTERN WATERS

Ottawa, Aug. 24—When the cruiser Niobe goes into commission September first she will probably patrol the gulf of St. Lawrence. She will be under the command of Captain Corbett of the British warship Algerine, who with 200 men from the Algerine and the Shearwater, crossed the continent from Esquimalt and are now in Halifax. She went into the drydock at Halifax today to have her hull scraped. A full completement of 720 men in all has been secured. They are all British navy men who are living in Canada. Captain Truesdale of the Shearwater was appointed to shore command at Esquimalt. Admiral Kingsmitt leaves for Esquimalt tonight to superintend naval affairs there, including the obtaining of supplies.

I bought a horse with a supposedly incurable ringbone for $30. Cured him with $1.00 worth of MINARDS LINIMENT and sold him for $85.00. Profit on Liniment $54.00.

MOISE DEROSCE,
Hotel Keeper, St. Phillippe, Que.

BELGIAN GENERAL TREATED CORTEOUSLY

London, Aug. 14—The correspondent at Amsterdam of Reuters Telegram Company sends a story taken from Aachner Post, telling of the courteous treatment General Leman, commander of the Liege forts received at the hands of General Von Emmich of the German forces.

The story runs: "General Leman was found by the Germans nearly suffocated under the ruins of a destroyed fort. The German officers treated him with the greatest friendlines and took him before General Von Emmich, to whom the Belgian leader handed over his sword."

In recognition of General Leman's brave conduct in a hopeless situation General Von Emmich returned his sword to him and after a short rest, he was taken with other captives to Cologne.

TRANSFER OF LICENSE.

Notice is hereby given that at the neat regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NOTICE.

Take notice 30 days after date I, E. Brenton, occupation farmer, intend to apply to the Provincial Government for permission to lease the following described land situate in Oyster Harbour, Vancouver Island, B. C. in the district of Oyster. Commencing at the northwest corner of Oyster lease No. 21 situate at Oyster Harbor, thence north 8 chains, thence N. 81 deg. 30 min. E 11 chains and 66 links, thence south five chains, thence west eleven chains and ten links to place of commencement containing about 7½ acres for the purpose of oyster culture.

RATES GO UP.

Seattle, Aug. 25—An advance of from 25 to 100 per cent in rates on grain and flour to ports in the Orient was announced today by the Pacific Coast-Oriental Tariff Bureau, representing all trans-Pacific lines operating out of north Pacific ports. The new rates, which are effective immediately are $5 a ton on wheat and flour to all ports in the Orient except Shanghai, for which the rate is $5.50.

TO LOAD TIES FOR INDIA

The British steamer Queen Helena has arrived at San Diego with a cargo of coal for the United States government and, after discharging, will proceed to Vancouver to load a cargo of creosoted railroad ties for India. The shipment is for the Bengal & Northwestern Railway company and amounts to 160,000 sleepers.

CANADA'S HOSPITAL SHIP.

Toronto, Aug. 24—The admiralty asks through the Duchess of Connaught that the gift of a hospital ship be used for a supplementary naval hospital at Portsmouth. The hospital to be called the Canadian Women's Hospital, will be installed at once. This is in accordance with the original resolution under which the fund was raised.

All orders for coal or wood are cash on delivery. Nanaimo Teamsters Association. tf.

NEWS OF SPORT

HARRY JEPSON MADE A CENTURY SCORE

The game between Cowichan and Nanaimo was played at the Albion grounds in Beacon Hill Park Monday and was won by the Nanaimo team by a score of 269 to their opponents' 192.

Cowichan batted first, and thanks chiefly to Orr and Bagnall, ran up 192. Orr's innings is described as delightful to watch, and as made with all his accustomed freedom, and only the failure of the rest of the team to stay with him prevented him making 100. Bagnall, going in at the fall of the sixth wicket, gave Orr valuable assistance, making 34 before being caught and bowled by "Johnson." Leighton who bowled exceedingly well through the innings obtained his six wickets for a loss of sixty runs, a good performance on a fast ground downhill in several directions to the boundary.

Cowichan had made enough runs apparently to bowl against, but Ward and Jepson proceeded for the first wicket to demonstrate the opposite. They set about the bowling in such shape that the first hundred went up before their partnership was dissolved, in spite of the efforts of six bowlers. Jepson, joined by Westwood, went on hitting away till he made his century and was then bowled by Estridge. Leighton, the next bat, played himself in and then hit very freely, making nice hits along the carpet on either side of the screen and also getting rid of a number of bumpy ones to long and square leg in clever fashion. His last hit was a beautiful six into the plantation over Estridge's head. The latter sent down a very steady fire balls and clean bowled Leighton with his third. It was not Bagnall's day, and the bowling honors fell to Estridge: who during the final hour, was bowling a good length, and had taken 5 wickets for 43 at the end.

NANAIMO LOST TO VANCOUVER

Victoria, B. C., Aug. 25—Pacific Northwest cricket tournament results today were as follows:

Victoria 317 (for 9 wickets) beat University Incogniti 129. For the losers Bennett carried his bat through the innings for 67, and Carstairs and Gillespie made centuries for Victoria, which had six wickets down for 18 until Goward and Carstairs stopped the rot.

Vancouver 213, beat Nanaimo 161. For Nanaimo, Leighton was top scorer with 66.

Cowichan 146 beat Seattle 109.

WON TENNIS DOUBLES

Newport, R. I.—Maurice E. McLoughlin of San Francisco and T. C. Bundy of Los Angeles won the lawn tennis doubles championship of the United States for the third time today. Two tall silver vases, which have been awaiting permanent claimants since 1910 become the personal property of the Californians after they had disposed of Dean Mathey of Cranford N.J., and Geo. M. Church, of New York in straight sets. The scores were 6-4' 6-2, 6-4.

HARD TIMES FOR VICTORIA BALL TEAM

Victoria, Aug. 25—According to the announcement given out today it is more than likely that the Victoria Northwestern League franchise will revert to the league before the present week is out. Mr. Joshua Kingham, holder of the franchise has already lost nearly $7000 in his short tenure of possession and he feels disinclined to go in any deeper, especially as, with the European war depression financial conditions on all sides there are cognent reasons for doubt that he would be able to recoup his losses in the 1915 season. Mr. Kingham figures that he would save about $1500 in salaries and rent of grounds by throwing up the franchise forthwith.

TUESDAY'S BASEBALL.

FIRST CANADIANS READY FOR WAR

Ottawa, Ont., Aug. 25—It is expected that by tomorrow night the Princess Patricia Light Infatry will be up to strength of over 1000 and will be ready to go to England at any time.

Hon. Sam Hughes stated this afternoon that the regiment would sail Saturday. The regiment will undergo short periods of training at Salsbury plains before proceeding to the continent.

The regiment was inspected by the Minister of Militia at 3 o'clock this afternoon. Among those coming from Toronto today was Charles W. Lees, a barrister of that city, who has been through three wars, the first and second Egyptian and the South African. He was for twenty-one years in military work.

"Army telegraphers are wanted for the Canadian engineers," said Captain Campbell. "There are a number in this list if we could only get in touch with them. The British army uses the continental code which is somewhat different to what the commercial telegraphers in Canada are accustomed to."

The engineers also need some farriers and a few more men. Practically all the horses which will be taken in the contingent of the engineers are being bought here.

NO WINE FOR SOLDIERS.

London, Aug. 25—Prince Arthur of Connaught is going into active service immediately. Owing to this his infant son was christened this evening, receiving the name Alastir Arthur.

War secretary Kitchener announces that no presents of wine or spirits can be accepted for the troops at the front. No consignments of this nature will be forwarded to them.

STOPPED BY ESSEX.

New York, Aug. 25—Almost at the mouth of New York harbor and within sight of observers on shore, the British cruiser Essex halted today the Austrian freight steamer Ida enroute to this port from Quebec. Officers and sailors from the Essex boarded the steamer and examined her papers, holding her an hour and then permitted her to proceed on her journey.

CONDITIONS FAVOR KARLUK RESCUE

Nome, Alaska, Aug. 25.—The crew of the gasoline schooner Hattie B. which arrived here today from the Arcyic coast of Siberia reported that ice conditions now are most favorable to the rescue of the men and one woman who have been marooned on Wrangel Island since the Staffanson exploring ship was wrecked in the Arctic last winter. The captain of the schooner endeavored to reach Wrangell Island, and would have done so if his gasoline supply had not become so depleted when his boat was 100 miles from the island that it was necessary to turn about and run for Nome.

VANCOUVER MILLING & GRAIN CO. LTD. VANCOUVER, CANADA

A wheat breeding farm is a feature of an Agricultural college in Kansas, which conducts a milling school.

Here in Vancouver the "acid test" is being daily applied to every grain of wheat that enters into ROYAL STANDARD FLOUR. The grain is tested, the flour it makes is tested and then comes the most practical test of all—bread making.

Ask your grocer for absolutely uniform, laboratory tested

ROYAL STANDARD FLOUR

Bugle Drowned Groans of Wounded

London, Aug. 24—In a despatch from Rotterdam, the correspondent of the Daily Telegraph says that after many days of quiet, sounds of the vigorous bombardment of Liege reached the frontier near Maastricht on Sunday. They were heard for hours and indicated that the Germans are making a tremenduous effort to clear this long-pending danger from their line of supply and that to this end they had brought their heaviest howitzers into action.

Fugitives report, the correspondent continues, that the Liege forts have caused great inconvenience to the Germans by destroying their pontoon bridges over the Meuse.

The Daily Mail publishes a dispatch from Antwerp saying that a Belgian who succeeded in getting to Liege and back reports that the Germans have built eight pontoon bridges across the Meuse between Liege and the Dutch frontier.

Paris, Aug. 24—The Petit Journal publishes the following details of the fighting around Liege, obtained by it from a Belgian officer: "The German troops rushed on the barbed wire defences before the forts of Liege in the darkness of night. A strong current of electricity was being maintained in these wires, and as a result the first ranks of the Germans were electrocuted.

"Unchecked, the assailants formed en masse, but they were blinded by the glare of powerful searchlights, a fire of rifles and artillery was concentrated on the mass of German troops and they were cut to pieces. The mass of bodies formed a mound in some places many feet high.

"To drown out the groans of the wounded, the bugles sounded martial airs and the troops still alive united in cheering.

"Near one fort two columns of Germans, blinded by the glare of Belgian searchlights, attacked each other. This incident was seen from the fort. When one side seemed to have the better of the struggle," the Belgian officer goes on to say, "our artillery fired on both sides alike, thus making the struggle more even."

"YANKEE TRICKERY."

Buenos Ayres, Aug. 24 — British and French local papers condemn what they understand as the project to put foreign vessels belonging to belligerents under the American flag temporarily and say that the United States is establishing a precedent likely to be imitated by the South American countries as a piece of Yankee trickery.

UNION BANK OF CANADA

With Cash in the Bank You Can Buy to Advantage

You know how everything costs more when you have to buy on credit. Why not practice self-denial a while if necessary, open a Savings Account in the Union Bank of Canada, and, with the money in hand, buy at Cash prices? The discounts will help to swell your bank balance, and you will have made a good start towards financial independence.

Special Announcement

BY

Sampson Motor Co.

The New Prices
Buyers to Share in The Profits

In harmony with Ford history and Ford policy, on August 1st announcement was made in the newspapers of the United States and Canada of a horizontal cut of $60 in the price of all Ford cars. There are no strings attached to this reduction,—no conditions whatever. In the Dominion of Canada the price of the Touring Car is $590 Runabout $540 and Town Car $840, F. O. B. Ford, Ont.

These prices are guaranteed against any reduction for one year, but they are not guaranteed against an advance. They may be advanced any time. All orders are being accepted for immediate delivery only.

In addition to the reduction of $60 now, retail buyers of Ford cars in the Dominion of Canada

Will Participate in Ford Profits

if by one year from August 1, 1914, 30,000 cars are sold at retail from the Canadian factory. Each buyer of one of these 30,000 cars will receive back, as his share of the profits, from $40 to $60.

Think what it all means; $60 reduction in price of cars and a share in the profits of $40 to $60 at the end of the period—sometime in August 1915—enough and likely more than enough to pay the operating expense of running the car for one year.

It means that the Ford Motor Company of Canada, Ltd. not only voluntarily reduces its own receipts by $1,800,000 but further agrees

To Divide Profits with Ford Buyers

to the extent of $1,200,000 to $1,800,000 on the sole condition that 30,000 cars are to be sold in one year.

"Our larger production enables us to reduce prices, and it's just good business to do so." That's all. No sentiment in that; just good business.

There will be no skimping of material nor lowering in quality of workmanship in this lower priced car; in fact it will be the identical Model T which has won the unqualified public approval that has enabled us to produce it in heretofore unheard-of quantities.

How is it possible to make such inroads into the price without lowering the quality? The answer is simple.—larger production and lower selling cost per car. An important step in "quantity production" is the purchase of materials. Material for 30,000 cars can be bought much more cheaply per foot or per pound than material for 17,000 cars,—our last twelve month's production.

How It is Done

In quantity production, savings are made in the process of manufacture. In the machine shop, for example, a workman can turn out more pieces per day if he makes the same kind of a piece day in and day out, then if he works on one piece for a few hours, then makes another kind of a piece for a few hours,—shifting from one kind of work to another several times a day,

The workman becomes more skilful and acquires the greatest manual dexterity in handling his material and machine making that one piece.

Every time a machine is changed over from one class of work to another, it must be adjusted and set for the work in hand and each adjustment takes time and money.

On long runs on one kind of a piece, the workman makes the same piece all day and every day and the man and the machine are therefore working at the highest economy.

COSTS LESS

It costs less per car to sell 30,000 cars than 17,000 cars, because certain fixed charges called "overhead" and comprising such items as interest on investment, taxes, advertising, insurance, salaries and so forth, go on in an establishment whether few or many cars are sold.

Company Takes the Risk

The Company takes the risk that it will be able to decrease its production and selling cost during the season of 1914-15 to a point which will warrant the first reduction of $60. The retail buyer takes no risk, but in order that he may secure the benefit of the second reduction of $40 to $60, 30,000 cars must be sold.

An increase in the production to 30,000 cars is not abnormal as compared with other years. From August 1st 1913, to August 1st, 1914, we built and sold 17,000 cars. The twelve months before we built and sold 10,500 cars. This year we expect to build 30,000 cars.

So that if you Ford buyers wish to share our profits to the extent of $40 to $60 it is up to you to do your share towards enabling us to reach that 30,000 mark. Every buyer can help to lower the price of his own car by talking about it to his neighbors, and by sending in to the branch, or his local agent, the names of acquaintances who may be interested in the purchase of a car.

BRIEF MENTION

Sprinkling Notice

Notice is hereby given that on and after this date, garden sprinkling is permitted from 7 o'clock to 8 o'clock in the evening of each day, only.

Any person violating this regulation will be charged fifty (50) cents for each violation.

The use of water with a hose for washing windows or sidewalks is strictly prohibited.

By Order,
W. A. OWEN,
City Engineer.

City Hall, Nanaimo, Aug. 25, 1914.

Elizabeth Laidlaw McMichael, wife of Robert Sloan, M.D-, of Shanghai, China, and mother of William Sloan ex-M. P. for Comox-Atlin, passed away at Victoria on Sunday. Deceased was born at Kirkconnell, Scotland, 73 years ago.

The death occurred yesterday morning of Frances Wilson, son of Mr. and Mrs. John Bewley, 64 Strickland street, aged 2 years and 8 months. The funeral will take place Saturday afternoon at 2:30 from the family residence, Rev. Dr. McLennan officiating. Funeral arrangements are in the hands of Mr. D. J. Jenkins.

The Nanaimo financial district meeting of the Methodist church will be held at the Haliburton street Methodist church on Thursday afternoon at 2:30 o'clock. In the evening a public meeting will be held to which the public are cordially invited. The Rev. Dr. White, superintendent of missions, will address the meeting.

Mill and Kindling Wood
H. H. Weeks Phone 9-3

Mr. William Quinn of Port Alberni was in the city yesterday on a business trip.

The Herald returns thanks to several correspondents who have written congratulating the paper on its excellent telegraph service in connection with the war. Without seeking to unduly pat ourselves on the back it may be said that The Herald has now one of the best telegraphic services in the province receiving over its own wires every word that goes to either Vancouver or Victoria morning papers. While this means considerable additional expense it also means an unexcelled service for Herald readers whom we are pleased to note appreciate the same.

B. & K. Rolled Oats and Canadian Wheat Flakes are the best and freshest in the market. Brackman Ker Milling Co. for quality. Phone 485.

Attention is directed to the advertisement of the Sampson Motor Company of this city, agents for the Ford Motor Company. In the midst of war and times of retrenchment on the part of timid manufacturers it is satisfactory to see one of the greatest factories launching out on a bigger plan than ever.

Nanaimo Lodge Companions of the Forest will hold a picnic on Newcastle Island Thursday of this week, boats leaving Shaw's Boat House at 1 o'clock.

In the City Police Court yesterday Jack Chong, a restaurant keeper in Chinatown was sentenced to six months' imprisonment for selling liquor without a license.

Mr. and Mrs. James Adam, Mr. Jos. McKinnon and Miss McKinnon, of Victoria, passed through Nanaimo yesterday in auto on their return from a trip to Campbell River.

Among the passengers from Vancouver last evening on the S. S. Princess Patricia were Mrs. A. F. Ashley, W. W. Lewis and W. Jancowski.

Conkey's Chicken Remedies, Fly Knocker and Disinfectants are the most reliable. Brackman-Ker Milling Co. Phone 485.

HERALDGRAMS

Toronto, Aug. 25—Seventy-five more men of the Grenadiers will leave for Valcartier tomorrow and sixty chauffeurs who have offered their services. Recruiting for the Toronto infantry regiments still continues. Two hundred reservists for the Queen's Own will, it is expected leave for the camp Thursday.

Toronto, Aug. 25—Twelve C. P. R. conductors and employees have been arrested throughout Ontario on charges of defrauding the C.P.R. by allowing passengers to ride free or at a reduced rate. Two Sudbury bartenders have also been arrested in connection with the case.

HEAVY FIRING IN THE BALTIC

Stockholm, Aug. 25—via London, Aug. 26—2:55 a.m.—Albert Engstroin the Swedish artist, who lives in Grisselhamm, on the Baltic, 156 miles north of Stockholm, reports miles north of Stockholm, reports the Finnish coast today. Starting at half past two in the afternoon, he says the firing lasted one hour.

VANCOUVER EXHIBITION.

The Vancouver Exhibition offices have been transferred from 424 Pacific Building to the Exhibition Grounds.

Mr. H. S. Rolston, the general manager of the Exhibition opened his offices Monday morning in the Grandstand.

Exhibitors and Exhibition visitors as well as everyone having any business with the Exhibition Association are now required to go out to the Exhibition Grounds. Previously it was the policy of the Exhibition Association to keep its offices in the Pacific Building open during the progress of the Fair, but it was found that two offices resulted in considerable confusion, hence the one office will be maintained on the Exhibition Grounds.

GENERAL SITUATION IN ALLIES' FAVOR.

(Continued from Page 1)

ley of the Vezouse; the attitude of the troops was splendid..

"Notwithstanding the fatigue of the three days' battle and the losses they have undergone, the morale of the troops is excellent and they are anxious to resume the fighting. The outstanding incident on Sunday was the fight between Algerian and Zenegalez riflemen and the Prussian guards. Our African soldiers hurled themselves with unbridled fury on this solid body, and the attack became a hand to hand combat, in which the guard suffered heavy. The German Emperor's uncle, General Prince Adalbert was killed and his body taken to Charleroi.

"All France follows the struggle calmly and with a strong heart. The sons of France are supported by the heroic Belgians, who have recaptured Malines, and the courageous English army. Meanwhile the Russians are marching along the roads of East Prussia, and the invasion of Germany is progressing.

"In the north detachments of German cavalry which appeared Sunday in the neighborhood of Lille, Roubaix and Tourcoit, were observed yesterday near Douz. This cavalry can not advance much further without the risk of falling into the Allies' lines, which have been reinforced by the French troops.

COOK-CARR.

A pretty wedding took place yesterday afternoon at the residence of Mr. and Mrs. George T. Carr, Victoria road, when their daughter, Miss Margaret Carr, was united in marriage to Mr. Wm. Henry Cook of the Five Acres, the Rev. Frank Hardy, M.A., officiating.

After the ceremony Mr. and Mrs. Cook left for Vancouver by the Princess Patricia to spend their honeymoon trip on the mainland. On their return they will take up their residence on Victoria Road.

IN CONFERENCE AT VICTORIA.

(Continued from Page 1)

mier said that on one thing there was absolute unanimity, namely that it would have to be fought out to a finish, and that those who could not go to the front had a duty to discharge at home not less sacred or less important than that which fell upon those who went to the front. It was to keep the wheels of commerce turning, to keep business going, to insure, as far as possible employment for the people and to minimize what, under the most favorable circumstances, must be regarded as the events of war.

BRITAIN WILL FIGHT TO THE BITTER END

(Continued from Page 1)

now calling in being large and may rise in the course of the next six or seven months to the proportion of a total of forty divisions to be continually maintained in the field. But if the war should be varied or adverse, exertions and sacrifices beyond any which have been demanded will be required from the whole nation and Empire. And where they required, we are sure they will not be denied to the extreme needs of the state by parliament or the people."

The Russian "Hammer" Striking---Will Allies' "Anvil" Hold?

Gathering For a Crushing Blow

London, Aug. 27 (1:50 a.m.)—"The Allies in their entrenched positions are as the anvil to the Muscovite hammer, declares the Daily Graphic's military correspondent. "It is good news," he adds, "that the concentration of the Allies on entrenched lines on the French frontier is complete and that the position thus held is little less than impregnable. The Germans will find that their next move against the allies will be much more difficult that that which confronted them a week ago.

"General Joffre's troops will now be devoting all their enegry to a stubborn defensive. They are the anvil. The Muscovite hammer is gathering all its immense force for a crushing blow in Pomerania. Hence it is most important that the Allied Forces should stand solid. The hammer is doing excellently, although the preliminary work is necessarily slow, owing to the Russian lack of facilities of mobilization. Nevertheless, the progress thus far made by Russia has exceeded the most optimistic expectations and the Germans are likely to pay dear for the undervaluation of Russian efforts.

"The outstanding fact is that the hammer is well poised for action. If the anvil only stands firm the enemy must be speedily crushed between them.

"Here is the situation of the three-sided Russian advance: At present East Prussia is in process of being cleared of German troops, while in Posen another Russian army is moving along almost unopposed and will soon be within 150 miles of Berlin. Meanwhile, in Galacia, the Austrian troops are not putting up an effective resistance."

Allied Armies Are Holding Germans

London, Aug. 27 (Midnight) — The following announcement has been issued at Antwerp, according to the Reuter's correspondent there:

"The Belgian operations have succeeded in the double object of diminishing the German entrenchments and drawing the German troops on the line between Malines and Brussels and thus reducing pressure on the French positions. They have compelled the fourth German division which was advancing southward to retrace its steps. The fourth Belgian division at Namur has fulfilled its task, arresting the German column and allowing the Belgians to retire on the French lines.

"The Namur forts are still holding out."

Amsterdam, via London, Aug. 26—The Telegraph's Antwerp correspondent wires that fighting was resumed this morning in the vicinity of Malines, where the Belgians have been engaged daily with the German advance troops.

"The road from Malines towards Vilvorden, six miles northeast of Brussels is littered with bodies of men and horses, while in the fields cattle have been killed by sharpnel. The Balgians captured a field gun.

Every thing in Brussels is going on the same as before the German occupation.

Paris, Aug. 26—The official statement issued by the war department says:

"In the north the Franco-British lines have been moved back a short distance.

"In a general way our offensive between Nancy and Vosges makes headway. Our right, however has been obliged to fall back slightly in the region of Stvie."

St. Petersburg, Aug. 26—The Germans in the Elbing district of West Prussia near the Vistula river are fleeing westward before the Russian advance.

Washington, D. C, Aug. 26 — The French embassy received today the following despatch from its foreign office dated yesterday:

"The movement began yesterday by the commander-in-chief has been followed all day with the greatest method and the enemy is unable to stop. The Prussian guard was attacked terrifically by the Algerians and suffered great loss. The Prussian attack against Nancy was unsuccessful. The Belgians coming from Emberse have been able, by an energetic offensive movement to recapture Malines and to push back the Germans to Vilverve.

The Russians are following with great energy their move in Galacia and routed a cavalry division. The Serbs have routed the Austrians from Chibets and surrounding territory."

Naval Engagement Off Oregon Coast

Myrtle Point, Ore Aug 26—A naval engagement is evidently in progress off the coast near Cape Blanco. At this moment (3:30 p.m.) the thunder of heavy guns can be heard distinctly

Marshfield, Ore., Aug. 26—Reports came from many places along the coast in the vicinity of Coos Bay today that heavy firing, apparently the cannonading of warships in a naval engagement, had been heard to the northwest of Cape Blanco, which is forty miles south of here. Up to a late hour, however, the opinion that it had been a naval battle received nothing more to verify than that heavy firing lasting from 10:30 a.m. until 3:30 p.m. had been heard at numerous points.

The steamer Quon, about 35 miles northwest of Coos Bay this afternoon reported nothing concerning the presence of warships although in wireless communication with the shore. The steamer Adelade Smith, off Cape Blanco, also failed to report any engagement. It is believed that blasting on land might have deceived those who heard the sound, but no blasting operations could be located anywhere between Cape Blanco and this port.

Ottawa, Aug. 26—The German cruiser is reported to have been sighted off the coast of Vancouver Island and the naval department attaches credence to the report. The Rainbow is on the watch for her and will engage her if found.

Ottawa, Aug. 26—The naval department here tonight confirmed a despatch from the Pacific that the German cruiser Leipzig was seen recently at the northern end of Vancouver Island. It is thought here that the cruiser either has an appointment to meet a collier in a quiet harbor somewhere along the coast or that the Germans had planned to intercept a British steamer of the Vancouver-Yokohama run and empty her bunkers.

Three cruisers are now after the Leipzig. They are the Canadian cruiser Rainbow, the British cruiser Newcastle and the Japanese cruiser Idzuma.

PIONEER PASSED AWAY

Wilmer, B. C., Aug. 26—Yesterday afternoon John McKay, of Victoria, passed suddenly away at the home of his daughter, Mrs. L. Peake, at Wilmer. He is survived by his wife, two years his junior. Not long since they celebrated their diamond wedding.

PROUD OF BELGIUM

Paris, Aug. 26.—The Prince of Monaco has sent the following telegram to King Albert of Belgium'

"At the time when our iEast is darkly menaced by brute force, I wish to say to you how proud I am that Belgium blood is in my veins." King Albert replied to this message in cordial tones.

SUNK BY S. S. PRINCESS VICTORIA

Fifteen Lives Lost When Admiral Sampson Was Sunk by C. P. R. Steamer Near Seattle Yesterday Morning.

Seattle, Aug. 26—The official list of dead furnished by the Pacific Alaska Navigation Company, whose steel steamship Admiral Sampson was rammed and sunk by the C. P. R. liner Princess Victoria this morning twenty miles north of Seattle, contains eleven names, eight members of the crew, two passengers and an alleged stowaway, but four other passengers are missing and are believed to have perished. The members of the crew lost were:

Captain Z. M. Moore; Chief Engineer Allen J. Noon, wireless operator W. E. Recker; stewardess Miss M. Campbell; watchman A. Sater; third cook L. Cabanas; quartermaster O. M. Marquist; mess boy J. C. Williams. The passengers lost were:

Mrs. Ruby Banbury, wife of George Banbury, Pacific Alaska Navigation Co, at Skagway, Geo. Bryant of Seattle; A. Painter, bound for Seward.

Ezra Bryne, of Seattle, a waiter who was burned so badly that he died soon after being taken to a hospital here, is alleged to have been a stowaway. The four missing passengers were:

John McLoughlin, of San Francisco; W. Hoffman, J. H. Cline, William K. Lovetch.

The Admiral Sampson, bound for Alaska, was just creeping along in the smoke and fog, blowing her horns. The Princess Victoria, also whistling and travelling prudently, struck the Sampson at a quarter angle just aft of beam, and slid almost three-fourths of the way across the Sampson. The oil tank in the Sapmson was cut in two by the Princess and the oil was set on fire. Immediately in middle of the Sampson and the interlocking bow of the Princess were enveloped in flames. The officers of both ships had good control of their crews. The lifeboats of the Victoria and some of those of the Sampson were lowered immediately, the latter containing passengers. The people on the Sampson began to leap into the water and were speedily picked up by the Victoria's boats and taken on the Canadian ship. The captain of the Princess held his boat in the gap of the Sampson until the latter began to settle in the water and then withdrew. The Sampson sank a few seconds later.

Captain Moore, Quartermaster Marquist and Wireless Operator Recker stayed on the Sampson until they had seen all the others leave. Then they tried to lower a lifeboat, but they were too late and they were engulfed with the ship.

As a result of the collision the Pacific Alaska Navigation Company filed a libel of $670,000 against the Princess Victoria today.

CANADIAN TROOPS LEAVE ON FRIBAY

Ottawa, Ont., Aug. 26.— Definite announcement has been received by the officers of the Princess Patricia Canadian Light Infantry that these troops are to leave Ottawa for the front Friday afternoon. Two trains will be required to move the battalion. The first will leave the central station at 3 o'clock and the second one hour later. Each train will carry more than 500 men.

The regiment is practically up to strength, attachment of about fifty men arriving from Western Ontario this morning. About 1,015 men will entrain Friday, all outfitted for service. The regiment will sail on the Megantic on Saturday. It is understood that the Megantic will be convoyed by a couple of British cruisers.

It is thought likeffy, although nothing official has been announced, that ths Niobe, which is now almost ready for service, may accompany the Megantic for the first part of the voyage.

Mr. R. Balmer of Vancouver, Grand Chief Templar for B. C. of the I.O. G.T. was in the city yesterday on an official visit to Onward Lodge No 2. I.O.G.T.

The members of the local lodge took advantage of the occasion to have a special session of the District Lodge to confer the Degree of Charity. Mr. Balmer performed this ceremony last evening, there being about twenty candidates.

After the business and ceremonials were over the Grand Chief Templar was called on to address the meeting. In the course of a stirring address Mr. Balmer called upon the members to be more aggressive and work more to forward the Good Templars' Order. The address was listened to attentively and much appreciated. Mr. Balmer has been a Good Templar for over forty years. He has had experience in the Grand Lodges of England, Ontario and the United States. Previous to being elected as Grand Chief Templar he filled the offices of Grand Electoral Superintendent and Grand Counsellor for B. C.

During Mr. Balmer's term as G.C.T. he has organized nine new lodges of the order throughout different parts of the province.

TO ORGANIZE HOME GUARD

Vancouver Turns Out in Force in Support of Movement to Organize Force For Home Defence.

Vancouver, Aug. 26—At a meeting in the Dominion Hall this evening, called for the purpose of organizing a Home Guard over fifteen hundred enthusiastic citizens crowded into the auditorium and fully as many more packed the stairs and entrance and formed an overflow. The formal organization was proceeded with and in twenty-five minutes actual time the preliminaries had been arranged and approved of and the meeting adjourned, making, as Mayor Baxter remarked, a record in the dispatch of business in Vancouver.

Mayor Baxter presided and there was also present on the platform Sir Charles Hibbert Tupper, Mr. Jas. Findlay, Mr. L. D. Taylor, Lieut. Col. C. A. Worsnop; Lieut. Col. A. D. McRae, Major Snyder, Mr. Alex. Henderson, K.C., Mr. J. L.O, Abbott, Mr. A. E. Tulk and others.

Mayor Baxter declared it was for the purpose of allowing those who had for one reason or another to stay at home, to take their part in the crisis of war. The proposed home guard would form a body of men who could be trained and if the necessity arose step into the breech.

Sir Chas. Hibbert Tupper moved a resolution approving of the formation of the organization of corps of reservists to co-operate with the regular militia to be called the Vancouver volunteer reserves. This was seconded by Mr. Jas. Findlay. Sir Charles in speaking to his motion spoke of the corps as one which would not only be available for the home defence but which would also fit its members for duty at the front if the call should come.

Lieut. Col. Worsnop, seconded by Major Snyder moved a resolution providing for the appointment of a committee to control the organization of the proposed corps. Numbers were present ready to enlist but no rolls were opened, this being left until the organization of the committee is perfected.

MAY EXTEND THEATRE OF WAR

Tension Acute at Constantinople and Turkey May Declare War Upon France and Russia

Washington, Aug. 26—Tension is so acute in Constantinople that diplomats there fear Turkey may at any moment be drawn into the general European war on the side of Germany and Austria. A strict censorship has been placed on the newspapers in Turkey, which are now controlled by the militia and are being used, according to diplomatic despatches here, to create a strong pro-German feeling.

The Turkish cabinet is wavering between a declaration of war and the preservation of neutrality. The diplomatic representatives of the various nations are in constant conference with the government officials, Great Britain and Russia endeavoring to keep Turkey neutral. The German ambassador, it is said, has intimated that while Germany wishes Turkey to remain neutral, he believed the Turkish Empire should mobilize to prevent an invasion by Russia.

Feeling is most acute over the entry into the Dardanelles of the German cruisers Goeben and Breslau. Great Britain, Russia and France were requested ten days ago that if these ships were purchased by Turkey, the crews be sent to either Germany or Austria, but promised safe conduct. Today many of the German sailors are still on board and 150 sailors are said to have been distributed Turkist torpedo boats.

The British government is observing these incidents with much disfavor and the situation has been aggravated by the inability of several English merchant ships to pass through the Dardanelles, even after the grand vieser had given the requisite instructions. Subordinate officials disobeyed the instructions in a way as yet explained.

Great Britain has let it be known that if the Goeben and Breslau enter the Mediteranean with German sailors aboard they will be fired on by the British fleet.

Neither Great Britain or Russia, however have assumed a threatening attitude diplomatically, hoping to persuade Turkey to remain neutral. A few days ago the Russian ambassador was requested to cease using the wireless on Russian vessels in the harbor. He acquiesed rather than bring on an issue with his government.

GERMANS FEARS ITALY.

Copenhagen, Aug. 26—Travelers returning from Berlin state that the Germans are very nervous on account of Italy's attitude. They have abandoned all hope of Italy's help and will be very well satisfied if Italy continues to remain neutral.

AUSTRIANS SUFFERED DECISIVE DISASTER

Rome, Aug. 26—The Seiolcala, in a special despatch from Nish says that reports from the camps at Losnitza and Chabatza confirm earlier brief messages that the battle waged in that district from Aug. 17 to 21, was a decisive disaster for the Austrian army. The Austrian prisoners of whom there were 8000, said that the Servian re-conquest of the towns mentioned was wholly unexpected. The Servian losses during the two days' battle were considerable, but as soon as the Servians gained the upperhand the Bosnian troops turned and fled in the wildest disorder. General Siborsky, commanding an Austrian reserve regiment, who also commanded the 28th regiment, was among the killed. The last named regiment was one of four which were nearly wiped out. No fewer than 20,000 Austrians were wounded. When the Servians re-occupied Chabatza, big war booty awaited them in the abandoned forts.

British Troops Were Unbeaten

London, Aug. 26—The reports in regard to the battle in Belgium where the falling back of the French forces also compelled the retirement of the British, show from all accounts that the English behaved with the utmost gallantry. They were unbeaten when the general situation necessitated General Joffre's order for a retirement all along the line. England has received the news of the loss of 2,000 men calmly, although it is her greatest loss in one battle since the Crimea. The list of casualties has still not been published, leaving many thousands of relatives and friends worrying.

When the lists are published they are likely to have the effect of fully arousing the British lion. Earl Kitchener's army of 100,000 is now practically recruited, but thousands of more men are needed and a vigorous campaign to obtain recruits is being instituted. The latest effort is the posting of flaming posters on the taxicabs. They are: "A call to arms, enlist for the war only."

The taxicabs prove a splendid advertising medium. The British press is vehement in its protest as a result of the Belgian official report of the German atrocities. Some papers call America's attention to this phase of the war. The exploit of the Zeppelin at Antwerp arouses tremendous indignation.

Russian Army Continues Advance

Rome, Aug. 26—Via London, (Midnight)—A despatch from Bucharest says that the Russian columns invading Galicia have occupied Tarnchol, an important city 80 miles southeast of Lemberg, capital of Galicia. Three Austrian army corps are said to be opposing them.

London, Aug. 26.—11:55 p.m.—A St. Petersburg despatch to the Reuters Telegram Company says that the Russian troops in Eastern Prussia have occupied the towns of Nordenburg, Sensburg and Bischofsburg and the railway stations at Rothfliess and adds that the Russian advance continues.

In Eastern Galicia the Russians have driven back the Austrian rear guard beyond the river Zlotalipa, which runs north and south about 30 miles west of Tarnohol.

New York, Aug. 26.—The military attache of the Russian embassy through the Russian consulate, tonight issued the following statement:

"In Eastern Prussia on August 24, the line of the river Angerap, although fortified for defence, was abandoned by the enemy without an attempt to offer resistance. Insterberg and Augerburg are occupied by the Russian troops. The enemy has retired in great disorder partly toretired in great disorder partly towards Rostenburg. From the front, Ortellsburg-Soledau, the Russians are gradually advancing, the enemy retiring to Osterode and leaving several guns, machine guns, ammunition wagons and prisoners.

"On the left bank of the river Vistull the enemy retired from the line Plock-Lentchitza, but further to the south his detachment, yet undisturbed by the Russian advance retained in their hands Lodz, Petrokoff, Konsk, Random and Opatoff.

"In Galicia the enemy on August 23 advanced his left to the line of Annapol-Zamosrie-Kamorow, while on their right, the Austrians are falling back before our advance. On the evening of August 23 the Russian advance took Tarnopol and strengthened their position on the river Sered affluent of the river Dnieister.

"Our August 24, the commander-in-chief reported to His Majesty an account of a brilliant encounter of a squadron of the Nijegorodski dragoons regiment, which attacked a detachment of German scouts of seventy picked men under the command of an officer. Six Germans were taken prisoners, the rest were killed. The Russian dragoons had four men slightly wounded by the enemies bullets, but none of our men were even touched by the enemies sabres.

"The Servian army continues to be invariably successful. From the beginning of the war Servians have captured 43 guns, 6 howitzers, 86 ammunition wagons, four field pieces, a field bakery and a large quantity of clothing, shoes and horses.

"There is no definite news from the western front of the Germans."

French Troops Repel All German Attacks

London, Aug. 27 (2:10 a.m.)A closer veil than ever seems to be drawn over the progress of the war. Very little news has come to hand on the operations at the front.

The Russians, however, appear to be continuing their advance in Prussia towards Posen with the Germans in retreat. The only news from the French side is that the French troops were attacked along the Alsace-Lorraine line, but repulsed all the attacks successfully. There is no indication that the German attack was in great force, but if it was the French success shows they are now in a strong position along this frontier, from which they will be driven only by great sacrifices on the part of the Germans. A more hopeful feeling prevails in England as to the strength of the French defensive position. The repulse the French suffered at Charleroi has been partly due to the desire of the French army to achieve a brilliant incursion into Alsace and Lorraine, which led them to weaken their forces on the Belgian frontier. Having recognized the danger of this course, they have now reverted to what appears to experts to be more legitimate, abandoning their invasion of the lost provinces and concentrating their strength in the defense of the northern frontier.

While it cannot be said that the British people regard the absence of news and withholding of the list of British casualties with complacense, they display a large store of patience and confidence in Kitchener and the war officers, and the feeling of depression evident on the first news of the reverse suffered by the Allies has to some extent disappeared now that it is known that the Germans must make tremendous sacrifices.

Much also is hoped from the unexpectedly victorious progress of the Russians, and the fact that the Austrians have been compelled to abandon their campaign against Servia and the belief is held here that if the Germans succeed in reaching Paris, the Russians will almost as certain reach Berlin.

GERMAN ATROCITIES

Antwerp, Aug. 24.—The London Chronicle correspondent says:

"I am informed of high authority that the Belgium government has sent a special diplomatic representative to London for the purpose of laying before the British government full documentary evidence of German atrocities in Belgium."

AEROPLANE ATTACK

Paris, Aug. 26.—A despatch from Antwerp says it is officially announced that a Zeppelin balloon made another attempt last night to drop bombs on the city but that if failed on account of the precautions taken by the Belgians.

THE WATER SHORTAGE.

The city is now faced by the possibility of a water shortage if the greatest care is not exercised in husbanding the present supply. The use of city water has therefore been forbidden for anything but domestic purposes which means that lanws and garden sprinkling will have to be discontinued. This is admittedly a hardship and none regret it probably more than the authorities but it is necessary that the order should be put into effect or otherwise a big fire or a series of fires might find us short of water. There is no question but that sprinkling privileges have been sadly abused by scores of citizens, to say nothing of the scores of defective taps that have been wasting water all summer. It now comes to the point where those who have obeyed the regulations have to suffer for those who have taken advantage of the city. Another season it might be a good thing when the city passes sprinkling regulations to see that they are enforced even if harsh methods have to be adopted. Such a course would doubtless save more drastic measures later and work for the benefit of those who are prepared to assist the authorities in the economical use of water.

TUESDAY'S CONFERENCE

While the conference of business men called by the government at Victoria on Tuesday took no definite action by resolution, still the gathering will not be without its beneficial effect. From the general tenor of the remarks of the representatives of the several big interests present it is gathered that they are looking with confidence to the future. Railways will continue their operations, the provincial and Dominion governments will carry along their public works and the banks state that the same credits will be available for legitimate business as prevailed before the declaration of war, the only difference being for purely speculative purposes and more conservatism in advancing money for new enterprises. If the conference did nothing more than stimulate confidence among corporations and the other employers of labor it has accomplished a good purpose. Mere talk, of course, will not give employment or put bread into people's months but an interchange of opinions in which all are agreed that it will be best for all concerned to carry along all lines af work as formerly as much as this is possible, will help to accomplish these ends. It is pleasing to note that there was no political bias entered into the conference and the only fault the government's most severe critic in the province finds with it is that a full report of the speakers would have been of greater value than limited comment on what took place.

TRUE TO TRADITION.

Few could have read the despatch published in yesterday's Herald from London telling of the fine courage of the British around Mons without a thrill of pride. We British are not a boastful race but we are very proud of what we hold and when we again read that the British army, small though it may be, has once again been true to the old traditions, fighting as its fathers fought with dogged courage and coolness, we may be pardoned for a feeling of national pride. It is this feeling that makes for a mighty nation, a great national spirit and self-reliant citizenship. War is all that Sherman has said of it but it is also not without its compensations. The price paid is terrible and the emoluments are all the more treasured for that reason.

CENTS VERSUS NICKELS.

While money was more or less plentiful in the province and times were good there was a general disposition on the part of nearly everyone to discourage the use of a smaller medium of change than nickels. Now that war is here there has been a rise in price of many commodities in order to cover increased duties and on account of the scarcity of some article. It is found that this rise in many cases amounts to odd cents and that owing to the general small medium of change being five cents the extra two or three cents are always paid. Thus a housewife several times a day may be compelled to pay an extra three or four cents. In the course of a month or a week this amounts to a considerable sum, a sum which would be saved if cents and pennies were generally used. The natural prejudice of British Columbians is against the general introduction of coppers into the province. To many Westerners this would appear to be the sweeping away of the earmark of Western superiority over the East. In times like these when money is tight and there is such exceptional good use for the smaller change, its adoption is well worth most serious consideration.

GERMANY PLANS CRUSHING BLOW

The Hague, Via London, Aug. 26 – The military correspondent of the Nieuw Courant is able to state on trustworthy authority that the Germans plan to abandon temporarily East and West Prussia and Pomerania to the Russians and withdraw slowly to the river Oder, where the main defences of Berlin lie.

Germany, according to the correspondent, appears to have undertaken this measure to give time to her campaign against France and to try to deal the British and French armies their death blow and then to march on to Paris, the distance between Mons and Paris being four times less than the distance between St. Petersburg and Berlin.

HERALDGRAMS

Montreal, Aug. 26—The Fifth Royal Highlanders of this city, the only local unit to send a complete regiment to Valcartier, is about to offer another draft for overseas service and expects it will be accepted. Recruiting is now going on.

Ottawa, Ont., Aug. 26—There is every likelihood that the Canadian contingent will be sent overseas earlier than was originally expected. The schedule date of departure will be adhered to, but in view of the situation in Europe, every endeavor will be made to avoid delay.

Ottawa, Aug. 26—The bank statement for the month of July, just issued is too early of course to show any of the effects of the war. The notice deposits increased by $8,000,000, while demand deposits decreased by an equal amount and deposits outside of Canada were also less.

Montreal, Aug. 26—Ten local Franciscan priests, including one who occupies one of the highest positions in Montreal, have signified their readiness to leave for the war and to fight under the French colors against the government of the order in the Germans. All are French reservists and have seen service in their native country. About 200 French reservists will leave for Europe on Friday or Saturday.

Sarnia, Aug. 26—The Indians on the Sarnia reserve today adopted a resolution asking the Canadian government to appropriate $1000 of the Indian fund this year for the European war.

Paris, Aug. 26—The ministry of Premier Viviani has resigned. Another will be formed immediately.

Paris, Aug. 26—One hundred Belgian refugees reached Paris Monday, 1,000 yesterday and 2,500 today. Ten thousand others have crossed the French frontier. The French people in both northern France and Paris are giving the refugees a warm welcome and supplying them with food and clothing and lodging them in schools and other public buildings.

Regina, Sask., Aug. 26—The minister of interior has advised the commissioner of the Royal Northwest Mounted Police that all homesteaders who desire to engage for service in the R. N. W. M. P. for one year will have their homesteads protected.

Regina, Aug. 26—Employment for more than 2500 men in the areas in the west and southeast of Saskatchewan affected by drought will be found during the fall by the provincial highways commission, who are spending $500,000 on road and bridge construction.

London, Aug. 26—The Paris correspondent of the Daily Express says that it is estimated that in the three days' battle the Germans lost in the proportion of three to one of those of the allied troops.

ROYAL YEAST
MAKES PERFECT BREAD

EXAMIMATIONS FOR THE GIRL GUIDES

1st. Nanaimo B.P. Girl Guides examinations for Proficience Badges.

On Friday August 28 at 4 o'clock in the Assembly Hall.

LAUNDRESS BADGE

Examiner Miss Fenton of Nanaimo Technical School

Guides please Bring— Marks.

1.—Blouse washed and ironed by self. 30

2.—Stiff shirt front, or stiff collar and cuffs, or stiff cookery sleeves laundered by self. 5

3.—Laundry soap, small bowl, bath towel, iron, ironing blanket (one or two guides may arrange to share ironing materials), small article to be laundered will be provided for each guide by the examiner. 25

4.—Be prepared to answer questions. 60

Pass 80 per cent.

Total 100

On Saturday, August 29, at 3 o'clock in the Assembly Hall.

COOK BADGE

Examiner Miss Fenton of Nanaimo Technical School

Guides please bring:— Marks

1.—Certificate of ability to cook meat stew, vegetables, milk pudding, omelette or equivalent 5

2.—Certificate of ability to skin and cook a rabbit, or pluck a bird or scale and clean a fish 5

3.—Loaf of bread, or plate of biscuits made by self. State cost of making 20

3.—Materials and utensils for making cup of tea, coffee or cocoa 20

5.—Materials and utensils for small boiling of potatoes, or boiling cupfull of rice, or making an omelette (two eggs) 2

6.—Be prepared to answer questions under heading of "Cook's Badge" in handbook 30

Pass 80 per cent.

Total 100

NEEDLEWOMAN BADGE

Examiner, Miss Stockett.

Guides please bring:—

1.—Two garments for person or doll cut out and made entirely by self (machine may be used).

2.—Examples of patch, darn, button hole, sewn-on button, hook and eye done by self.

3.—Needle, black and white cotton, thimble and scissors.

Pass 80 per cent.

CHILD NURSE BADGE

Bring certificate that Guide has taken complete care of child by herself for at least three days; one day in the case of a sick child. Certificate from parent of child if possible.

MATRON BADGE

Bring certificate that Guide has kept house, done the cooking, and kept the accounts by herself for at least a week, satisfactorily.

Other tests will be:—

Interpeter—Examiners Mrs. Skinner and Miss. C. Caldwell.

Musician—Examiner, Mrs. Skinner.

Clerk—Examiner to be supplied

Signaller—Examiner to be supplied

First Class—Examiners Miss Fenton and Dr. O'Brien.

Guides are requested to bring 10c for each badge for which they enter, this will be returned if she fails to win the badge. As the badges are issued from headquarters in Toronto, paying in advance will enable the officers to order them at once.

Should Bostons win the National league pennant, it will be hard for their three pitchers, who have been worked to death, to face the slugging Athletics.

London, Aug. 26—The Times correspondent at St. Petersburg in a message dated August 26 says that according to private advices, Tilsit has been occupied by the Russians.

Medicine Hat, Aug. 26—Information brought here tonight from the surrounding district is to the effect that all the arms and ammunition have been bought up by the neighboring German population and that there is a good deal of German feeling in the district. The mounted police have the matter in hand.

Minard's Liniment Cures Diptheria.

I. O. O. F.

Black Diamond Lodge No. 5 meet every Wednesday at 7:30 o'clock in the Lodge Room, Commercial street, Nanaimo. Visiting members are cordially invited to attend. E. G. Cavalsky, Secretary.

Minard's Liniment Cures Diptheria.

DESPERATE FIGHTING AT CHARLEROI

Paris, Aug. 25.—Charleroi was taken and retaken five times in the fighting between the French and Germans Saturday, Sunday and Monday, according to one of the railway station staff at Feignies on the frontier between France and Belgium, who saw some of the fighting until he was ordered away.

"We at Felgnies," said the man, "began to hear the artillery fire Saturday evening. All night we listened to the guns and on Sunday morning the wounded began to arrive bound to Muabuge, 13 miles south of Mons. Shots commenced to fall near the railway station near noon and wt began to see the English artillery taking positions and serving their pieces with great precision.

"As our train was about to leave the station seven Uhlans clattered into the town. The population thinking they were English began to welcome them until a patrol of French chausseurs galloped up and captured the Prussians."

JAPAN HAS NO ULTERIOR MOTIVE

New York Aug 26—The Independent will print in its forthcoming issue the following cable message from Count Okuma, the premier of Japan:

"I gladly seize the opportunity to send through the medium of the Independent, a message to the people of the United States, who have always been helpful and loyal friends of Japan.

"It is my desire to convince your people of the sincerity of my government and of my people in all their utterances and assurances connected with the present regretable situation in Europe and the Far East.

"Every sense of loyalty and honor olliged Japan to co-operate with Great Britain to clear from these waters the enemy, who, in the present and future a menace to her interests, her trade, her shipping and her people's lives.

"This far eastern situation was not our seeking. It was even my desire to maintain peace as will be amply proved. As president of the peace society of Japan, I have consistently so endeavored.

"I have read with admiration the loyal message of President Wilson to his people on the subject of neutrality. We, in Japan, are appreciative of the spirit and motives that prompted the head of your great nation, and we feel confident that his message will meet with a national response.

"As premier of Japan, I have stated and I now again state to the people of America and of the world, that Japan has no ulterior motive, no desire to secure more territory, no thought of depriving China oir Chinese people of anything which they now possess. My government and my people have given their word and their pledges, which will be as honorably kept as Japan always keeps promises. (Signed) "Okuma"

ON A WAR FOOTING

CANADA is going to find out, within the next few months, what it means to be "on a war footing."

Just what it means depends largely on how we meet the situation. It might mean continued dulness, depression, "hard times"—if we were to persist in thinking and talking "hard times."

It may, just as reasonably, mean prosperity—if we keep our heads and go after business in the right spirit of aggressiveness.

We might well follow the lead set us by some of our large industrial concerns.

An excellent example is furnished by our three leading automobile manufacturers.

One—making a high-priced car—has given instructions for the most aggressive selling campaign the company has ever undertaken; backed up by a big campaign of advertising in the newspapers.

Another, who makes various-priced cars of high quality, had a large announcement of 1915 models in a long list of papers the very week after war was declared.

A third—a Canadian branch factory of a United States concern making a popular-price car, is announcing an important price change—and taking larger space than ever before in Canadian newspapers to tell the story.

And this, be it noted, is the attitude of the three big men in an industry that the pessimists have been predicting would be seriously affected by the war. Their unshaken confidence, their greater-than-ever determination to market successfully a class of product that is always hard to sell, should be an inspiration to the rest of our industries. These three manufacturers have tested advertising, and have confidence in its efficiency in stimulating business in times of war as well as in times of peace.

Instead of retrenching, the business men of Canada may well emulate the action of the motor car manufacturers, and go out after business in the most aggressive way possible.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NOTICE.

Take notice 30 days after date I, E. Brenton, occupation farmer, intend to apply to the Provincial Government for permission to lease the following described land situate in Oyster Harbour, Vancouver Island, B. C. in the district of Oyster. Commencing at the northwest corner of Oyster lease No. 21 situate at Oyster Harbor, thence north 8 chains, thence N. 81 deg. 30 min. E 11 chains and 66 links, thence south five chains, thence west eleven chains and ten links to place of commencement containing about 7¼ acres for the purpose of oyster culture.

BURNS HAS FINER ASPIRATIONS NOW.

Tommy Burns may soon be a member of the Australian house of representatives if his present plans carry. The former heavyweight champion of the world passed through Victoria yesterday on the R. M. S. Marame on his way home to Calgary, and while he had nothing to say for publication, it is understood that he is making plans for an early return to the Antipodes.

Burns went over to Australia this spring in charge of a string of fighters, of whom Arthur Pelkey was the headliner. Pelkey's failure to sidestep numerous wallops on the jaw led to his being defeated 'steen times in a row with the result that Burns cut adrift from his entire stable of boxers. The Canadian pugilist then went on the stage, doing a vaudeville turn.

He was accompanied on the voyage from the Antipodes by Mrs. Burns and their two children, the entire party going right through to Calgary.

RUSSIA GIN FIELD 20,000,000 MEN

London, Aug. 27 (4:45 a.m.)—A despatch to the Post from St. Petersburg comments on the excellence of the Russian army and the inexhausting supply of men to draw upon. It says further:

"Russia will have no difficulty in finding twenty million men to complete the work begun by its trained fighting forces. Moreover, this is the first time in the memory of the men that the Russian army has taken the field with adequate equipment and a sufficiency of supplies, under officers trained in the hard lesson so thoroughly learned in the Japanese campaign.

"The history of that campaign shows what Russian soldiers accomplished when badly fed and equipped but under the circumstances and the fighting in a country they know, there is little wonder that the Russian soldier has proved himself a match for the German.

"The German opposition to the Russian advance is broken and demoralized."

RAILWAY WORK WILL CONTINUE

Victoria, Aug. 26.—Asked about the outlook of his company's large undertakings in this province, Sir. Donald Mann said:

"We shall make every effort to complete the entire main line of the Canadian Northern Pacific in British Columbia before the end of the year and we are very hopeful of accomplishing it. We have all the rails on hand ready for tracklaying and the delay which has occurred in the completion of the big bridge at Cisco has now been overcome."

It was learned that two days prior to the declaration of war Sir Donald proceeded to Ottawa and all the facilities of the Canadian Northern system to the government in the event of emergencies.

On learning that the situation was so serious, Sir Donald at once made up special trains with ten miles of steel rails on board and proceeded to Valcartier, Que. This place has rail connection only from the Canadian Northern.

Here in all haste, big gangs of men were set to work and within a couple of days no less than nine miles of sidetrack was placed in position with "ramps" for the unloading of heavy guns. This, even before the formal declaration of war, in cooperation with the militia department, every preparation was being made for the establishment of a great military camp.

THREW BOMBS ON GERMAN WOUNDED

London, August 26.—A bomb dropping exploit of the Zeppelin airship at Antwerp promises to become a matter of widest international consideration. The Belgian authorities assert the attack was a clear violation of article 26 of the fourth Hague convention, and they are preparing to protest officially to all the powers against this manner of warfare. Accounts vary as to the amount of damage done by the aerial fighter. One account says 26 lives were lost, although from more conservative sources it was reported that only 12 bodies have been recovered from the ruins of the wrecked houses.

A despatch which is regarded as semi-official states that 900 houses were slightly damaged and 60 were nearly destroyed. This despatch was sent to London, it is said, after a committee which included the Belgian secretary of state, the Russian ambassador, the papal nuncio and King Albert's secretary had examined the entire city with a view of appraising the results of the aerial bombardment. This despatch, published by the Chronicle, says: "For the first time in history a great civilized community has been bombarded from the sky in the middle of the night. Count Zeppelin, whom the German emperor calls the greatest genius of the century, has performed the greatest exploit of his life. He has thrown bombs on hospitals where Belgians were attending German wounded. He has staggered humanity. On August 15 the German commander warned General Leman at Liege that if the forts did not surrender the Zeppelin fleet would move against Belgium.

"The Germans have been as good as their word. They have explored every one of the devasted streets and have found portions of ten bombs. Their number of victims is unknown. The population is in gloom."

London, Aug. 26.—The Daily News published a dispatch from its Antwerp correspondent saying it is reported there that the American minister to Belgium, Brand Whitlock, has sent an energetic protest to the German government against the hurling of bombs into Antwerp from a Zeppelin airship.

BERLIN FEARS RUSSIAN APPROACH

London, Aug. 27 (2:40 a.m.)—Despite the German efforts to minimize the extent and importance of the Russian victories, says the Standard's Copenhagen correspondent, the German public apparently is by no means satisfied of their security. A panic seems apparent in Berlin. Wealthy residents are already leaving the city and hastening towards Scandinava by way of Copenhagen. A number of these already have passed through this city.

COL. HUGHES MAY LEAD CANADIANS

Ottawa, Aug. 26—It is still very possible that Colonel Sam Hughes will go to the front with the Canadian troops. The Colonel's natural inclination is to get into the fighting and officers and men are urging him to accompany them. However, it is felt that owing to his organization ability and his knowledge of the details of the militia department with the likelihood of many Canadian soldiers to go yet, he should remain at his post. However, the Hughes family will be well represented at the front. His son, Major Garnet Hughes of Victoria is going to the front. Two brothers have enlisted, while there are four nephews in the first contingent.

A generous offer has been received from Mr H. Stevens, M.P. of Vancouver and other citizens having offered their riding horses for the use of the officers of the Vancouver corps, which are going to the front. The offer has been accepted and the horses will be sent to Valcartier with the B. C. corps.

Special Announcement

BY

Sampson Motor Co.

The New Prices
Buyers to Share in The Profits

In harmony with Ford history and Ford policy, on August 1st announcement was made in the newspapers of the United States and Canada of a horizontal cut of $60 in the price of all Ford cars. There are no strings attached to this reduction,—no conditions whatever. In the Dominion of Canada the price of the Touring Car is $590 Runabout $540 and Town Car $840, F. O. B. Ford, Ont.

These prices are guaranteed against any reduction for one year, but they are not guaranteed against an advance. They may be advanced any time. All orders are being accepted for immediate delivery only.

In addition to the reduction of $60 now, retail buyers of Ford cars in the Dominion of Canada

Will Participate in Ford Profits

if by one year from August 1, 1914, 30.000 cars are sold at retail from the Canadian factory. Each buyer of one of these 30,000 cars will receive back, as his share of the profits, from $40 to $60.

Think what it all means; $60 reduction in price of cars and a share in the profits of $40 to $60 at the end of the period—sometime in August 1915—enough and likely more than enough to pay the operating expense of running the car for one year.

It means that the Ford Motor Company of Canada, Ltd. not only voluntarily reduces its own receipts by $1,800,000 but further agrees

To Divide Profits with Ford Buyers

to the extent of $1,200,000 to $1,800,000 on the sole condition that 30,000 cars are to be sold in one year.

"Our larger production enables us to reduce prices, and it's just good business to do so." That's all. No sentiment in that; just good business.

There will be no skimping of material nor lowering in quality of workmanship in this lower priced car; in fact it will be the identical Model T which has won the unqualified public approval that has enabled us to produce it in heretofore unheard-of quantities.

How is it possible to make such inroads into the price without lowering the quality? The answer is simple.—larger production and lower selling cost per car. An important step in "quantity production" is the purchase of materials. Material for 30,000 cars can be bought much more cheaply per foot or per pound than material for 17,000 cars,—our last twelve month's production.

How It is Done

In quantity production, savings are made in the process of manufacture. In the machine shop, for example, a workman can turn out more pieces per day if he makes the same kind of a piece day in and day out, then if he works on one piece for a few hours, then makes another kind of a piece for a few hours,—shifting from one kind of work to another several times a day,

The workman becomes more skilful and acquires the greatest manual dexterity in handling his material and machine making that one piece.

Every time a machine is changed over from one class of work to another, it must be adjusted and set for the work in hand and each adjustment takes time and money.

On long runs on one kind of a piece, the workman makes the same piece all day and every day and the man and the machine are therefore working at the highest economy.

COSTS LESS

It costs less per car to sell 30,000 cars than 17,000 cars, because certain fixed charges called "overhead" and comprising such items as interest on investment, taxes, advertising, insurance, salaries and so forth, go on in an establishment whether few or many cars are sold.

Company Takes the Risk

The Company takes the risk that it will be able to decrease its production and selling cost during the season of 1914-15 to a point which will warrant the first reduction of $60. The retail buyer takes no risk, but in order that he may secure the benefit of the second reduction of $40 to $60, 30,000 cars must be sold.

An increase in the production to 30,000 cars is not abnormal as compared with other years. From August 1st 1913, to August 1st, 1914, we built and sold 17,000 cars. The twelve months before we built and sold 10,500 cars. This year we expect to build 30,000 cars.

So that if you Ford buyers wish to share our profits to the extent of $40 to $60 it is up to you to do your share towards enabling us to reach that 30,000 mark. Every buyer can help to lower the price of his own car by talking about it to his neighbors, and by sending in to the branch, or his local agent, the names of acquaintances who may be interested in the purchase of a car.

BRIEF MENTION

WATER NOTICE!!

On and after this date the Use of City Water for Garden Sprinkling or for other than Domestic Purposes is Strictly Prohibited.

By Order,

W. A. OWEN,
City Engineer.

City Hall, Nanaimo, Aug. 26, 1914

Mr. Albert Meakin returned to Vancouver yesterday from a visit to relatives in Nanaimo.

Mr. Hinton, of Messrs. Hinton, Bailes and Co., is in the city from Victoria on a several days' pleasure trip.

The SS. Strathleven arrived in port yesterday afternoon for bunker coal. The captain of the Strathleven reports having spoken the Japanese cruiser Idzumo off Cape Flattery on Tuesday morning.

Mrs. Peter McGill, daughter Miss Jeannie and son Peter of Victoria are visiting Mrs. Robert Adam, Victoria Road.

Messrs. Dr. Dier, D. M. Carley and A. Matheson of Ladysmith were visitors in Nanaimo last evening.

Mill and Kindling Wood
H. H. Weeks Phone 9-3

Mr. T. D. Jones was over to the Mainland yesterday on a business trip.

Mr. John Williamson was a passenger to Vancouver yesterday morning. Mr. Williamson who is still under the doctor's care is improving nicely.

The regular meeting of Nanaimo Temple of Pythian Sisters will be held this evening at 7:30. All members are requested to attend.

Mr. J. Walter Cunningham returned to Nanaimo yesterday from an extenhed visit to his old home in New Zealand.

Mr. W. J. Brown returned yesterday from a business trip to the Mainland.

Mrs. D. G. Dailey returned home last evening from visiting relatives in the Terminal City.

Messrs. Sam and Jack Weeks of San Francisco are visiting their parents, Mr. and Mrs. John Weeks, Milton street.

Mrs. A. H. Andrews, of 205 Irwin street, has received a telegram announcing the sudden death of her mother, Mrs Lee, at Omaha, Nebraska, which took place at the home of Mrs. W. A. Ellis, daughter of the deceased. Mrs. Lee had resided in Nanaimo with Mrs. Andrews for about six years and left for Omaha last June.

Sam Guthrie and J. J. Taylor two Ladysmith men sentenced to two years imprisonment for participating in strike disturbances in August of last year were released from custody Monday. They arrived home Monday night and were given a good reception.

CONSIGNEES WEDNESDAY

Nanaimo Electric Light Co., W. H. Ganner, Sampson Motor Co., B. C. Fish Market, B. Parker, J. Hirst, A. R. Johnston, Yick Chung, Nanaimo-Vancouver Coal Co., S. Ueno, J. H. Malpass, J. Dorricot, M. A. Rowe, W. Brown, D. Spencer, W. Jarvie, Rawlinson & Glaholm, S. W. Willoughby, F. S. Clark, R. Laird, Dick Kee, W. E. Smith, Welch and Welch, C. Hodgkinson, M. McArdle, E. Devlin, Workman's Co.-Op., Hayward & Dods, J. W. Cooper, J. H. Good, H. E. Dendoff, M. S. Parsons, A. Tait, Elmer Moody Co.

AFTER ARMY REMOUNTS

Montreal, Aug. 26—Nine British officers landed in Montreal this morning from the Allan liner Grampian from Liverpool. They are the members of the remount commission with which General Sir William Benson is in charge, the British war office having established the commission in Canada for the purpose of buying horses for the English army.

The funeral of Edith May, infant daughter of Mr. and Mrs. Thomas Moffatt, will take place this (Thursday) afternoon, leaving the family residence in Five Acres at 2 o'clock p.m. The Rev. Frank W. Hardy will officiate. Messrs. McAdie are in charge of the funeral arrangements.

Miss Ivy Share, of Vancouver, is the guest of the Misses Jones, Nicol street.

Auctioneer Good has two sales scheduled. The first will be held on Saturday at the residence of Mr. Wm Heighway, Finlayson street, and the second sale on Monday next at the residence of Mrs. Emma Jones, Front street.

DEFRAUDED THE C. P. R.

Toronto, Ont, Aug. 26—Sixteen men are in jail charged with conspiracy to defraud the C.P.R., and against some there are several charges.

SHORT OF GASOLINE.

Nome, Alaska, Aug. 26—After having been within fifteen miles of Wrangell Island where the wrecked Stefansson exploring ship Karluk's crew has been marooned since last winter, the power schooner P. J. Abler found her gasoline supply running low and was compelled to turn about and head for Nome. This was the report made here today by Captain Aanevik of the Abler, upon his return from a walrus hunting expedition into the Arctic.

NANAIMO NEEDS ALL ITS WATER

The city has now forbidden the use of city water for other than domestic purposes. This means that sprinkling privileges are now absolutely prohibited.

The city finds this neeessary to prevent a water shortage. Several causes contribute to this menace. First there is the exceptionally dry spell since May, the longest dry season probably experienced in Nanaimo in the last twenty years, as a consequence of which No. 2 dam has been shut off, with No. 6 almost exhausted. The daily consumption of water in the city and suburbs now exceeds seven hundred thousand gallons per diem and the South Forks line yields only approximately a little over five hundred thousand gallons per diem.

Secondly, considerable water has been used up in fighting the many fires during the summer and thirdly the dry spell has caused an extraordinary amount of water to be used on city lawns and gardens. In many cases this privilege has been abused and even recent restrictions imposed were not observed. In order to avoid the danger of a shortage of water in case of a serious fire the city has therefore decided to stop the sprinkling at once. Infractions of the order will entail prosecution.

BRITONS RESISTED GERMAN ATTACKS

London, Aug. 27—3:35 a.m.—The Daily Mail's Paris correspondent says the Germans, it is now believed, are attacking the allies from the southern Belgium frontier. Cavalry raids are frequent around Lille.

Wounded Germans say their officers' orders are to advance at any cost, even to forfeit, if necessary, 50 per cent of the army to gain a victory.

The Germans made six successive attempts on the British troops in an effort to cut their lines of communication, but were unsuccessful.

SERVIAN ARMY CONTINUES VICTORIOUS

London, Aug. 26—With the re-occupation of Shabats by the Servians, says a despatch to the Exchange Telegraph Company from Cettinje, the 4,000 Austrian prisoners have been disabled; 4000 additional men have been captured between Lausazo and Shabats during the Servian march to occupy the latter town.

Finest Alberta Bread Flour, $1.80 per Sack

Having contracted ahead on the finest Alberta flour, we have decided to give the public the immediate benefit, instead of following the market as is our usual course, and will sell a car (800 sacks) as above for cash only.

RETURNS HOME FROM LONG VISIT

Mr. Walter Cunningham who left for a visit to New Zealand last April returned to the city last night. He leaves for Duncans this morning and after visiting Victoria, Vancouver and other coast points will return to the city for a short visit. Mr Cunningham has made arrangements to act for a well known New Zealand house and will return to New Zealand for a short visit in February.

He had a pleasant visit to New Zealand, which country he describes as enjoying the most prosperous times in her history. He returned to Canada by the steamer Marama and it was not until after the steamer had left Suva that the passengers were notified that Germany was at war with England. After that lights were put out and the steamer proceeded at full speed without lights and fog signals. The boat had many interesting experiences during the trip to Vancouver but arrived in Vancouver without accident.

Mr. Harry Bryant left for Vancouver yesterday on a business trip.

NAVAL CLASH IN THE CHINA SEA

Pekin, Aug. 26.—Up to noon today the only engagement reported to have occurred near Tsing Tau, capital of the German territory of Kiao Chau, was an encounter between a German torpedo boat and a British torpedo boat on Sunday or Monday last. The British vessel returned to Wei-Hai-Wei with a loss of 11 men killed and wounded. The German casualties are not known.

PROTEST AGAINST USE OF BOMBS

Antwerp, Aug. 26—The ministers of the foreign powers at Antwerp have protested against the bomabrdment of Antwerp by a Zeppelin dirigible balloon.

All lights in Antwerp are out at eight o'clock at night. The people of the city are behaving with remarkable courage and patriotism although life is becoming highly ennovating owing to tht uncertainty. Antwerp is cut off from the entire country except Malines, Ghent, Bruges and the seacoasts. The only communication with the outside world is through these channels.

NEGLECTED Making a Will!

What Happened?

The law stepped in, sold the property and divided the proceeds.

A spendthrift to whom he had meant to leave a small income got his share in a lump sum.

A wealthy relative to whom he had meant to leave nothing got a share he did not need

The real beneficiaries he had meant to provide for get sadly reduced shares and were left without the protection of a capable and experienced executor.

Have your will drawn after consulting the officers of this Company.

ASQUITH MAKES STIRRING SPEECH

Belgiums Can Count to The End on The Wholehearted and Unfailing Support of Great Britain.

London, Aug. 27—In the House of Commons this afternoon the Right Hon. Herbert Asquith, the Prime Minister, arose amid cheers and moved the following resolution which was adopted by the Canadian House of Commons, and submitted to the Imperial House for presentation to His Majesty.

"That an humble address be presented to His Majesty praying him to convey to His Majesty the King of the Belgians, the sympathy and admiration with which the House regards the heroic resistance offered by his army and people to the invasion of his territory, and an assurance of the determination of this country to support in every way the efforts of Belgium to vindicate her own independence and the public law of Europe."

Continuing Mr. Asquith said:

"Very few words are needed to comment on the terms of this address. The war which is now shaking to its foundations the whole European system originated in a quarrel in which this country had no direct concern. We strove with all our might, as everyone now knows (cheers) to prevent its outbreak, and when that was no longer possible, to limit its area. It is of importance that it should be clearly understood when it was and why it was we in-

(Continued on Page 2)

NEW FRENCH MINISTRY

Paris, Aug. 27Press opinion of the new ministry has been summed up by the Matin as follows:

"It is the ministry of national defence in which our most eminent statesmen take part. All sections of republican opinion, including the socialist party, one of whose members, Jules Guesde, has received the post unprecedented save for a premier, of minister without portfolio, are represented.

FRANCIS JOSEPH GREETS KAISER

London, Aug. 27—A German wireless despatch was receiaed tonight by the Marconi Wireless Company. It reads as follows:

"Emperor William has received the following telegram from the Emperor of Austria:

"Victory after victory, God is with you. He will be with us also. I most sincerely congratulate you dear friend, also the young heroes, your dear son the Crown Prince, and the Crown Prince Dubrecht as well as the incomparable brave German army. Words fail to express what moves me, and with me my army in these days of worlds history."

(Signed) "Francis Joseph."

PLACED IN CHARGE OF CIVIL AFFAIRS

London, Aug. 27 — The Marconi Wireless Telegraph Company tonight received the following official despatch.

Field Marshal Von Der Goltz, who has been trusted with the adminstration of that part of Belgium in the possession of Germany, has left for Belgium to enter upon his duties as governor general. A civil adminstration has been entrusted the president of the government board at Aix La Chapelle, Baron Von Sandt, on whom the title of excellency has been conferred.

The King of Bavaria has left for the western theatre of war. The former consul general at Tangier reports that the bulk of the German residents in that city have fled to Cadiz, Spain.

German aeroplanes today passed over the frontier forts at Antwerp. Attacks upon them were without result."

Miss Barnes returned home yesterday from a visit to her brother, William Barnes, Vancouver.

HOW THE GERMANS FOUGHT AT LIEGE

After many futile assaults on the Liege fortifications the Germans now dig trenches for the protection of their infantry. This method of fighting has somewhat retarded their advance.

BRITISH WOUNDED REACH FOLKESTONE

London, Aug. 27—The first batch of British wounded from the continent, numbering thirty, arrived this afternoon by steamer at Folkestone, from Boulogne. They were driven in motor cars to the Shorncliffe hospital and were loudly cheered by the large crowd assembled outside the harbor gates.

London, Aug. 27—A despatch to Reuters from Paris says a number of French wounded have arrived there. Many of them are maimed, but few have really serious wounds. The spirits of the men are excellent and many of them expect a speedy recovery and return to the firing line.

DROWNED AT RUPERT

Prince Rupert, B. C., Aug. 27—The body of George Davies, a cannery employee, was found in the harbor this afternoon. It has not yet been determined if his death was due to accident or suicide.

CHARLEROI IS FINED.

London, Aug. 27—The Germans have imposed a fine of $300,000 on the Belgian town of Charleroi.

DEATH OF MRS. MARGARET VATER

Many Nanaimo friends will regret to learn of the death of Mrs. Margaret Vater, wife of Mr. Austin Vater which occurred Tuesday at St. Joseph's hospital, Victoria. Mrs. Vater was an old resident of Nanaimo but had been at Victoria for nearly all of the past two years. The remains were brought to the city yesterday and the funeral takes place to-day (Friday) at 2 p.m. from the residence of Mr. William Stewart, Fitzwilliam street, the Rev. Dr. McLennan officiating.

The deceased leaves to mourn her loss besides her husband, her mother, Mrs Campbell of Ladysmith; brothers William and Aaron Stewart, of Nanaimo, Adam, of Brechin, John Stewart of Vancouver, Robert Stewart, of Illinois and sisters, Mrs. Graffney, of Ladysmith, Mrs. McMillan, of Brechin, and Mrs. W. J. Orr, of Vancouver

D. J. Jenkins will have charge of funeral arrangements.

St. Petersburg, Aug. 27—The Russian chambers will be summoned in November to ratify acts of high state importance. This is interpreted to mean a realization in proper form of the promise to unite all Polanders under the Russian flag.

Oklahoma City, Okla., Aug. 27—Nine hundred thousand barrels of oil were reported burning tonight in the Heldton and Cushing oil fields of Oklahoma.

London, Aug. 28.—2:15 a.m.—The attack on Antwerp by a Zeppelin dirigible balloon has aroused some anxiety regarding the possibility of a similar attack on London.

ALLIES OCCUPY A STRONG LINE

London, August 28—12:40 a.m.—The British Press Bureau at 12:30 o'clock this morning gave out the following statement:

"The French operations of war over a distance of some 250 miles have necessitated certain changes in the position of our troops, which are now occupying a strong line to meet the German advance, supported by the French army on both flanks.

The morale of both armies appears to be excellent and there is little doubt that they will give good accounts of themselves in the new positions they now occupy.

GERMANY TRIES TO HIDE FACTS

Copenhagen, Aug. 27 (By Adolf Hanson)—I have interviewed a Danish merchantman who arrived this morning from Berlin, where he had been for the last few days. He gave me the following account:

"The railways and other state concerns are again working with comparative smoothness, but a change has taken place among the people. The more intelligent of the German people are beginning to have feelings of suspicion owing to the fact that the authorities have so far admitted no reverses."

The merchantman added that a German newspaper, giving an account of the loss of an Austrian cruiser was forbidden to be circulated in Germany for three days. In Berlin, he said, the population were all in fairly high spirits, but the fact that trains from the direction of the Russian frontier are bringing in many wounded men has caused much alarm and has deeply depressed them. Trains from Koenigsburg are arriving crowded with fugitives who state that all civilians have been recommended to leave the country. The conditions are almost normal everywhere and the police, with Prussian strictness, are seeing that nobody takes selfish advantages of circumstances. Elsewhere, I have learned that a banker of Berlin has been arrested for usury. Trade has experienced a worse shock than has been expected and commercial circles seem to have the view of a German victory.

Several big German firms, for example, Stollwerks, the chocolate makers, are now sending through their Scandinavian connections daily telegraphic reports of German victories.

BRITISH IN OSTEND.

London, Aug. 27—It is stated that British marines have occupied Ostend to prevent the Germans getting a foothold on the English Channel.

TWO KILLED IN LOCAL MINE

Richard Munro And James McIntosh Were Victims of Fatal Accident in Protection Mine Yesterday Morning.

A double fatality occurred in the Protection Mine of the Western Fuel Company yesterday morning, the victims being James McIntosh and Richard Munro, two miners who met their death as the result, it is believed, of a shot which "hung fire" sufficiently long to enable the men to walk into the place after they had expected the shots had gone off.

There were no eye witnesses to the tragedy but from the circumstances it is thought McIntosh and Munro had lighted two or more shots and had gone out from the face while the shots went off. It was at the end of the night shift and after lighting the shots they had put on their clothes preparatory to leaving for home. Hearing the report of the shots and under the impression they had all exploded, the two men went into the place to see what the shots had done and upon nearing the "face" were met by one of their shots which had evidently "hung fire." McIntosh, who was evidently in the lead, received the full force of the shot and was burned and mangled beyond recognition. In his case death must have been instantaneous. Munro was injured about the head and died upon being brought to the surface without having regained consciousness. The bodies were removed to Jenkins' Undertaking Parlors, where they were viewed last evening by a coroners jury and an inquiry into the accident will be held today.

Richard Munro was a native of Auchindy, near Edinburgh, aged 41 years, and is survived by his widow and two children, the eldest one year of age and the youngest ten days old. He had been in Canada four years and had lived in Nanaimo for the past seven months.

James McIntosh was thirty years of age, and had several relatives in this district. His brother Stephen resides at Departure Bay, while another brother, William, is employed in the C,P,R. shops at Victoria. His sister, Miss Agnes McIntosh is a nurse at the General Hospital in Cumberland.

Funeral arrangements are not yet completed.

MEET NEXT YEAR IN THIS CITY

The British Columbia District of Ancient Foresters which has been holding its annual convention at Alberni during this week concluded its sessions yesterday. The principal matter taken up by the delegates was a request from the Victoria and some of the Island courts for to establish themselves as an Island District. After considerable debate it was decided that the present District should not be divided.

The action of many of the Courts in deciding to pay the dues of members going into active service for the Empire was endorsed.

Some important alterations to the District Bylaws were adopted. The following officers were elected for the ensuing year:

District Chief Ranger, R. Wilson, Vancouver; District Sub-Chief Ranger E. M. Whyte, Alberni; District Secretary, W. G. Gray, Vancouver; District Treasurer, A. Manson, Victoria; District Auditor, Lamont Ross, Nanaimo.

Nanaimo was selected at the meeting place for the next annual convention.

HERALDGRAMS

London, Aug. 27—The Norwegian steamer Gottfried has been blown up in the North Sea by a floating mine. Eight members of the crew lost their lives.

London, Aug. 27—The Kaiser Wilhelm Der Grosse has been sunk off the west coast of Africa by the British cruiser Highflier. This is the vessel which the war office supposed was being used by the Germans to relay wireless messages across the Atlantic. She stopped the British

(Continued on Page 3)

British Attack German Forces

Paris, Aug. 27—The following official bulletin was issued by the war office tonight:

"In the Vosges district our troops today resumed the offensive and drove back the Germans, who yesterday had forced them to retire on the St. Die side.

"The Germans yesterday bombarded St. Die, which is an unfortified town.

"In the region between the Vosges and Nancy our offensive movement has continued uninterruptedly for five days. The German losses have been considerable, 2500 bodies were found on a front of three kilometers southeast of Nancy and 4500 bodies on a front of four kilometers in the region of Vitrimont.

"Longwy, a very old fortress, the garrison of which consisted of one battery, which had been bombarded August 3, capitulated today after holding out for over 24 days. More than half the garrison was killed or wounded. Lieut. Colonel Darche, governor of Longwy has been nominated an officer of the Legion of Honor for "heroic conduct in the defence of Longwy."

"On the Meuse our troops have repulsed with vigor several German attacks. A German flag was taken.

"The Belgian field artillery attached to Namur and a French regiment which supported it have joined our lines.

"In the north the British have attacked forces greatly superior in number and were obliged, after brilliant resistance, to withdraw a little in the rear on their right.

Our armies maintained their position in Belgium."

Paid Tribute to British Bravery

London, Aug. 27—General Joseph Joffre, commander-in-chief of the French forces, in a telegram to Field Marshal Sir John French, commander of the British forces, says:

The British army did not hesitate but threw its whole strength against forces which had great numerical superiority. In so doing it contributed in a most effective manner to securing the left wing of the French army. It exhibited in this task devotion, energy and perseverence to which I must pay my tribute—qualities which will be shown again tomorrow and make certain the triumph of our common cause. The French army will never forget the services rendered it. Our army is inspired with the same spirit of sacrifice and determination to conquer which animates the British forces and will make good to them its debt of gratitude in the battles of the near future."

Earl Kitchener's speech has made a great impression on the French press which is full of articles rivaling one another with enthusiasm. The Journal strikes the key note with the words:

"If the Russian steam roller had started more rapidly than was expected, we must admit that the assistance furnished by the British army also surpasses all our expectations."

PRICE OF DRINKS TAKE A JUMP

Those who are fond of a glass of spiritous drinks will now have to pay their toll to the war in the way of increased prices. The local liquor men held a meeting yesterday afternoon to discuss a raise caused by the extra price of goods, owing to the increase in duties. The committee to whom the matter was finally referred have not settled the exact schedule of prices yet but tentatively the new list will mean that all liquors will be 12½ cents a drink straight, cutting out the old familiar five for a half. When the man doing the honors calls up four others to the bar hereafter it will cost him 65 cents, instead of fifty cents. It is likely that the price of imported ale, stout, etc., will be raised to 30 cents a bottle straight, instead of 25 cents and local bottled beer 25 cents straight. Draft beer will remain the same.

The new schedule will likely be ready this afternoon.

NELSON CAMPBELL PASSED AWAY

The death occurred at Chemainus yesterday of Nelson William Campbell, a well known and old time farmer of that district.

The deceased was a native of Hamilton, Ont., aged 80 years and came to British Columbia in 1862. He is survived by his widow, two daughters, Mrs. George Graham of Chemainus and Mrs. Carto of Comox and one son, Charles Campbell, of Chemainus.

The funeral will take place on Saturday afternoon at 2 o'clock, the interment taking place in the Chemainus River cemetery, Rev. Ryal officiating. Funeral arrangements are in the hands of Mr. A. E. Hilbert of this city.

PRINCE ALBERT ILL.

London, Aug. 28 (4 a.m.)—Prince Albert, King George's second son, who has been with the North Sea fleet, was recently taken ill with appendicitis. As rest and quiet were necessary, the Prince was landed at a port in Scotland. His condition causes no anxiety.

Prince Albert became a seaman last year and was attached to the battleship Collingwood.

PROTEST ENTERED AGAINST CENSOR

London, Aug. 27—The protests by British newspapers against the censorship which keeps the country in utter darkness regarding the military operations, received attention at Premier Asquith's hands tonigut.

Replying to a suggestion by James Hogge, M.P. for Edinburgh, in the House of Commons that a trained journalist could be put in charge of these censorships, the Premier said:

"The government and military authorities recognize to the fullest extent the strain in which the public but more particularly the relatives of those in active service, by scarcity of information from the front, and they will do all in their power to relieve the strain. The principle upon which information is given the public is that all information which can be given without prejudice to the public interests shall be given fully and at once. This has and will be done."

RUSSIAN ARMY PRESSES FORWARD

St. Petersburg, Aug. 27— After breaking down the first line of German defence on the Majurian Lakes, the Russian army is steadily advancing. The German defeat bears the aspect of panic. All non-combatants have been ordered to leave Koenigsburg. The population of East Prussia is taking refuge in large numbers in East Berlin. Several German detachments which have been occupying a few frontier towns in Polland are now rapidly vanishing. In Eastern Galicia, the Russian forces are driving the Austrians swiftly before them, forcing the enemies' rear guard beyond the river Glatalita. The Russian army is now passing through the country inhabited by Ruthenians who are closely bound to Russia by ties of blood and language.

SIFTON GIVES GUN

Ottawa, Aug. 27—To fill positions on the auto machine gun brigade No. 1, given to the government by Hon. Clifford Sifton, 47 chauffeurs and expert mechanics arrived from Toronto yesterday afternoon and are quartered at Lansdowne Park.

GO DIRECT TO BATTLE FIELD

Canadian Army Will go as Fighting Unit to Uphold the Honor of Britain on Foreign Soil.

Ottawa, Aug. 27—There is no doubt now that the Canadian army will go to the battlefield and also that its unity as a division will be preserved. Up to the present nothing has been known at Ottawa as to where the Canadian division would go. It was thought that possibly many regiments would be detailed for garrison duty in England and Egypt. It was also thought likely if they went to Europe they would be placed with various brigades and not to go to the battlefront as an army division. These questions have been practically settled now as the British war office has asked the Canadian government to provide a complete line of communication as well as an army division. This was taken to mean that it is the intention to send the Canadians direct to France and that the expedition will be kept intact. The additional forces will consist of 1678 men, 86 nurses, 378 horses, 155 motor transports and 155 wagons.

Ottawa, Aug. 27—There will be plenty of men to pick from at Valcartier. Colonel Hughes stated tonight he expected there would be over thirty thousand men on the mobilization ground. The last of the infantry are on their way and the artillery will start moving tomorrow.

"We can't keep the men away," said Colonel Hughes in commenting upon the numbers who want to go to the front. "There are far more officers than needed. The men who do not go on the first contingent will be formed into a second reserve force. Some of these men will be sent to relieve the volunteers doing duty at Halifax, Sydney and along the Canal. This will give them time to train so that if there is a call, as there undoubtedly will be for a second contingent they will be well trained and ready to start."

St. Catherines, Aug. 24—The 7th field artillery has received definite orders to entrain tomorrow for Valcartier.

ALLIED ARMIES MUST HOLD FAST

Paris, Aug. 27 — General De La Croix, the eminent literary critic of the Temps, writes as follows on the situation:

"In judging the situation one must before all not separate the events which are unveiling on the Franco-Belgian frontier and the conflict which is now going on between Germany and Russia. The Russians are advancing in Eastern Prussia and Galicia and they are far from holding all their forces in the movement because of the immensity of their country.

"Germany, which is showing the majority of her forces against us and attacking with extreme violence because of the urgency of her situation is in great danger. She must transfer part of her army now engaged against France and send it against Russia. We must hold fast, no matter what the sacrifice, and prevent the realization of the German plan to withdraw part of her troops.

"Our army in the north must not be content to defend, but when the moment arrives, it must again take the offensive. By our offensive we will be able to know that Germany is stripping our front and as resistance before us becomes less, we will push forward."

THE LEIPZIG OFF VANCOUVER ISLAND

Ottawa, Aug. 27—The German cruiser Leipzig it is reported to the naval department, has been observed in the waters to the northwest of Vancouver Island and the department has ordered the Canadian cruiser Rainbow to engage her if possible. The Rainbow is not as fast as the Leipzig but has heavier guns and in an encounter would be expected to have the advantage. It is presumed that the Leipzig has been told off to harass the merchant shipping between Japan and Canada and the coast trade of British Columbia.

BUY AT HOME

One great result of the war, if we mistake not, will be the increased trade within the Empire. For some inexplicable reason there are people who prefer to buy goods with a foreign stamp rather than goods of their own country. The more we buy within the Empire the more prosperous will become the Empire. The great lesson to Canadians should be to buy Canadian made goods wherever possible. We make many things in Canada now and the more we buy of them the more encouragement we give to Canadian industry and the cheaper these goods will become in time. It is just the same thing on the smaller scale as buying in ones own community. If we all purchased whatever we could in Vancouver and Victoria, Nanaimo would not be as pleasant a place to live in. In fact a great many of us could not live here. The moral, therefore is to buy Canadian made goods where possible not forgetting to buy at home, which means Nanaimo.

TO CORRESPONDENTS

We have received an anonymous letter, presumably from a lady correspondent, dealing with certain features of the late industrial trouble here. The letter, of course, will not be published. In the first place the Herald, or no other self respecting newspaper, pays the least attention to anonymous letter writers. We are safe in saying that during the past twelve months hundreds of letters on a multitude of questions and written from all view points on them have found their way into the Herald waste paper basket.

Secondly, the least said about the recent strike the better. It is over and the quicker it is forgotten by all parties the better it will be for everyone, especially in these times. It is no longer an issue in the public life of Nanaimo and district and nothing is to be gained by reopening the old sores. We hope that correspondents who insist on writing on one side or the other will bear this in mind.

AN AMERICAN TRIBUTE.

The Baltimore Sun recently published the following splendid editorial tribute to Great Britain, which our readers will appreciate:

"For forty-eight hours the uppermost question in the mind of the world has been, What will England do? And again in that question we pay willing or unwilling homage to the majesty and greatness which that little island represents. The fate of Europe and of civilization has depended frequently before now on England; and the course of empire and of history has been turned hither or thither according to the attitude which she has assumed in great international crises. Selfish she may be, domineering, and even occasionally 'perfidious,' as the French formerly delighted to call her, but whatever her motives, there can be no question that almost invariably the cause which she has espoused has triumphed, and that the map of the continent has been drawn and redrawn a dozen times through her influence or at her command.

"But for her there might have been today no German Empire and no Austrian Empire. When the German States and the Austrian monarchy were both prostrate at the feet of Napoleon, she raised them up, she inspired them with fresh courage, she urged them on to resistance and led them to victory. Her constructive statesmanship, her tireless energy, her business genius, her splendid and unfailing courage, her indomitable constancy, overthrew the greatest military commander and the most formidable military empire of modern times. She has been potent in the work of humbling Russia both in the East and in the West, and through her combinations and her money she has set bounds to that mighty power when it seemed about to become a menace in Europe or the Orient. Her influence and her friendship have done much to protect her ancient enemy France at various periods since the Franco-German war and they have stood like a shield before other smaller countries which might have fallen before the ambition or more powerful neighbors.

"No wonder mankind has been waiting almost breathless to know what this empire-builder, this maker of world-history, would do in such a startling and momentous crisis, for we all feel that if England is the England of old the results of this struggle will be materially affected, if not finally determined, by her action or her non-action. . . She has no easy task before her in going up against Germany. In contending with her she will be battling with a kindred race, possessing the same moral qualities as herself, superb in intellect, in organization, in science, aflame with splendid patriotism, animated with unquenchable enthusiasm for the fatherland.

"It would be a contest of the gods. And Germany does not shrink from it. The Kaiser has counted the cost whether accurately or not remains to be seen. But though Germany does not fear, she would be greatly relieved if she did not have to reckon with England.

"Whether we love her or whether we hate her, we must admit England's greatness and the immense power she has wielded and still wields on this little planet."

THE WAR SUMMARY.

The conflict of millions appears at last to be in progress. Even such news as the sinking of the Kaiser Wilhelm Der Grosse pales beside the titanic battle evidenced by the tribute of General Joffre, French commander-in-chief to the British arms. The allies are all fighting to clock the road to Paris, with the Germans hardly further away than New York is from Philadelphia. Meanwhile the Russian post is drawing nearer to Berlin. Only the vaguest generalities are given to the people of Great Britain and France by their governments. The German people probably know little more of what their arms are accomplishing. All the information the British public obtained yesterday was the report from the French, announced by Premier Asquith in the House of Commons that the army was engaged again and fought valiantly and that he considered its prospects splendid in impending battles. Further information that French operations extend over a distance of 250 miles, necessitated changes in the position of the British troops, which are occupying a strong line supported by the French on both flanks to meet the German advance. The impending battle will undoubtedly be an attempt by the Germans with the largest army ever employed for a swift attack, to sledge-hammer its way through the allies' defensive barrier, while trying to outflank them between the left and seaboard.

The Pall Mall's Gazette's critic says that the fighting has been on a front of 20 miles along the line of Cambria and Lecatou and between the rivers Scheldt and Sambre, while the Germans have been steadily attempting an evident flanking movement by forced marches. The Allies have had the advantages by working on interior lines and have been falling back in the interests of concentration.

The Russians appear to be steadily advancing in East Prussia. They are approaching the great fortress of Koenigsberg and have crossed the river Alle at several points. While they continue their advance with Posen as their objective, they are confronting the Austrians between the Dniester and the Vistula and claim a number of victories along that line. The Austrians assert that they have defeated the Russians in a six-days' battle near Kaisnik, Russian Poland, repulsing them decisively over the entire front of about forty-five miles. A dozen battles are being fought around the great wall of German and Austrian bayonets, all of which will be considered milestones in history in less overwhelming days.

The sinking of the Kaiser Wilhelm Der Grosse by a British cruiser and the loss of the German cruiser Magdeburg are small in the chronicles of the day.

The public is becoming restless under the suspense. The newspapers are beginning to demand a loosening of the censorship, while the women throng the war offices for news of their husbands and sons.

NEW CABINET MET.

Paris, Aug. 27—The new cabinet for national defense met today and decided to make a declaration to the people of France, parliament not being in session. Premier Viviani was writing the declaration this afternoon and it was expected that he would submit it to his colleagues this evening.

TORTURED BY CONSTIPATION

"Fruit-a-tives" Cured Paralyzed Bowels and Digestion

ST. BONIFACE DE SHAWINIGAN, QUE. Feb. 3rd. 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2½ years, I have been cured by "Fruit-a-tives". While I was a student at Berthier College, I became so ill I was forced to leave the the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take "Fruit-a-tives" and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take "Fruit-a-tives" for they are the medicine that cures".

MAGLOIRE PAQUIN

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for $2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

TRAINING HARD AT VALCARTIER

Valcartier, Aug. 27—There was a general tightening up on both discipline and drilling in the huge mobilization camp today. The battallions are now fairly well organized and drilling is being conducted with greater regularity and smoothness. Every soldier on ground was given a stiff lecture by the senior officers, following instructions issued by the camp commander, Colonel Williams, yesterday on the necessity of keeping the camp in an absolutely sanitary condition, on paying closer attention to duty, and on the penalty that would be imposed whould any man touch liquor. Drilling began at 7:30 in the morning, continuing throughout the day. While six thousand soldiers were given instructions in skirmishing and rifle practice at butts, several more thousands were being drilled in company and battallion formation. It was strenuous work under the hot sun but the men are gradually being hardened: it and there is comparatively little falling in the ranks. Camp strength was increased to about 22,000 today all the arrivals being westerners, Winnipeg, Regina and Moose Jaw units arrived on five special trains and although tired from the journey, they marched almost like regular troops down the centre of the camp to their lines. , About 3,000 men detrained among them being 1,436 from Winnipeg, 575 from Moose Jaw and 493 from Regina.

WILL RUN THE BRITISH BLOCKADE

New York, Aug. 27—The Gracia of the Hamburg-American line, obtained her clearance papers early this afternoon, making a cargo manifest satisfactory to the federal customs authorities. The rest of the day and part of this evening she was at her Brooklyn berth and the hour of her departure was not made public.

Early this evening it was denied at the pier that the Gracia would sail tonight, but it was recalled that information of almost similar character was given out before the Kron Prinz Wilhelm, a North German Lloyd liner, steamed out past Sandy Hook under cover of darkness about three weeks ago, and there was little surprise when at about 8 o'clock the Gracia slipped her moorings and steamed down the bay.

Arriving at the mouth of the upper harbor off Tompkinsville about 9:15 o'clock the Gracia encountered the battleship Florida, which is preserving the port's neutrality. The German lay to at the Florida's orders, remaining at anchor more than half an hour while the warship's captain satisfied that she had her clearance papers, The Gracia was then released and started to sea at full speed.

The nature of the Gracia's cargo was not made known but it was learned that the German had taken on 3000 tons of coal and a large supply of stores. She is one of the smallest of the foreign ships in port, having accommodations for about 50 passengers and makes about 15 knots an hour. Her owners have given her a new captain, Theodore Metzenchin, on whom now rests the responsibility of running the British blockade.

ASQUITH MAKES STIRRING SPEECH

(Continued from Page 1)

tervened. It was only when we were confronted with the choice between keeping and breaking solemn obligations, in the discharge of a binding trust and a shameless subservience to force that we threw away the scabbard. We do not repent our decision (loud cheers). The issue was one which a great and self respecting nation, certainly none bred and nurtured like ourselves in this ancient home of liberty, could without undying shame have declined. We were bound by obligations to assert and maintain the threatened independence of a small and useful state. Belgium had no interests of her own to serve (cheers) save and except the one supreme and over-riding interest of every state, great or little, which is the name—the preservation of her integrity and her national life (cheers). History tells us that the duty of asserting and maintaining that great principle which is after all, the well spring of civilization, has again and again at most critical times in the past fallen upon states relatively small in area and in population, but great in courage and resource (cheers).—on Athens, Sparta, the Swiss cantons and no less gloriously three centuries ago, on the Netherlands (cheers). Never, I venture to say, has the duty been more clearly and bravely acknowledged and never has it been more corageously and herocially discharged than during the last two weeks by the Belgian king and the Belgian people. They have stubbornly withstood and resisted the rush of wave after wave of gigantic and overwhelming forces in the defence of Liege. In the annals of liberty the Belgians have won for themselves the immortal glory which belongs to a people who prefer freedom to ease and security, even to life itself. We are all proud of their alliance and of their friendship. We salute them with respect and honor (cheers). We are with them heart and soul, because by their side and their company, we are defending at the same time two great causes, the independence of small states and the sanctity of international obligations. We assure them today in the name of this United Kingdom and of the whole Empire that they can count to the end on our whole hearted and unfailing support (loud cheers)."

ON A WAR FOOTING

CANADA is going to find out, within the next few months, what it means to be "on a war footing."

Just what it means depends largely on how we meet the situation. It might mean continued dulness, depression, "hard times"—if we were to persist in thinking and talking "hard times."

It may, just as reasonably, mean prosperity—if we keep our heads and go after business in the right spirit of aggressiveness.

We might well follow the lead set us by some of our large industrial concerns.

An excellent example is furnished by our three leading automobile manufacturers.

One—making a high-priced car—has given instructions for the most aggressive selling campaign the company has ever undertaken: backed up by a big campaign of advertising in the newspapers.

Another, who makes various-priced cars of high quality, had a large announcement of 1915 models in a long list of papers the very week after war was declared.

A third—a Canadian branch factory of a United States concern making a popular-price car, is announcing an important price change—and taking larger space than ever before in Canadian newspapers to tell the story.

And this, be it noted, is the attitude of the three big men in an industry that the pessimists have been predicting would be seriously affected by the war. Their unshaken confidence, their greater-than-ever determination to market successfully a class of product that is always hard to sell, should be an inspiration to the rest of our industries. These three manufacturers have tested advertising, and have confidence in its efficiency in stimulating business in times of war as well as in times of peace.

Instead of retrenching, the business men of Canada may well emulate the action of the motor car manufacturers, and go out after business in the most aggressive way possible.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-agent in the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid.

NOTICE.

Take notice 30 days after date I, E, Brenton, occupation farmer, intend to apply to the Provincial Government for permission to lease the following described land situate in Oyster Harbour, Vancouver Island, B. C. in the district of Oyster. Commencing at the northwest corner of Oyster lease No. 21 situate at Oyster Harbor, thence north 8 chains, thence N. 81 deg. 30 min. E 11 chains and 66 links, thence south five chains, thence west eleven chains and ten links to place of commencement containing about 7½ acres for the purpose of oyster culture.

NANAIMO WON FROM SEATTLE

Victoria, B. C., Aug. 27—As a result of today's matches in the Pacific Coast Cricket Tournament, three teams, Victoria, Vancouver and Cowichan, are tied in first place with three wins and one defeat each. Today Victoria defeated Vancouver, Cowichan defeated the University Incogs and Nanaimo defeated Seattle.

In tomorrow's round Victoria is pitted against Nanaimo, Cowichan against Vancouver, and the University Incogs against Seattle. It is possible the championship will be decided tomorrow as, in the event of Victoria being beaten, the winner of the Cowichan-Vancouver match will remain alone at the top of the list of competitors. Should this happen the champions will play a selected side from all the other teams tomorrow. If, on the other hand, the Victoria club wins tomorrow then Victoria will play off for the championship on Saturday with either Vancouver or Cowichan.

The scores in today's games were:
Cowichan 200, University 143.
Victoria 206, Vancouver 195.
Nanaimo 190, Seattle 105.

BARRY AND PADDON PREPARING FOR RACE

London, Aug. 27.—One of the sporting fixtures which has not yet been cancelled by the war is the match for the world's professional sculling championship between Barry and Paddon. It has been set for September 7. Both men are in strict training and doing well, but it is thought that Barry, who rows so well on the Thames, will win.

So far there has been very little betting of any description, and possibly nothing in that direction will occur until the final deposit is made by the contestants.

GERMAN CRUISER IS TOTAL LOSS

Berlin, Aug. 27—The German admiralty has issued the following statement:

"The light cruiser Madgeburg ran ashore in a fog on the Island of Odensburg in the Gulf of Finland. Owing to thick weather other German warships in the vicinity were unable to render assistance and all efforts to float the vessel having failed, the captain decided to sacrifice his ship, as a superior Russian naval force was preparing to attack.

"Under a heavy fire from the Russian fleet, a majority of the cruisers crew was saved by the German torpedo boat V-26. Seventeen men were killed, 25 wounded and 85, including the captain are missing.

"The Madgeburg was blown up."

The Madgeburg is almost a brand new German third class cruiser, having been completed in the Wezry Yards at Bremen two years ago. She had a displacement of 4,590 tons and was armed with twelve 4.10 guns, and had a speed of nearly 27 knots and carried 373 officers and men.

RUSSIA'S CROPS GOOD

London, Aug. Aug. 27—Half of the money required for the British Hospital for Russians wounded, was subscribed in a few minutes at a meeting held at the British embassy in St. Petersburg, says a correspondent of Reuters.

The correspondent says that the Russian capital is well provided with cereals, eggs, butter and fruit and arrangements are being made to bring from 80 to 100 cars of live cattle daily from Petropavolvsk, Orenburg and Moscow. The crops, though only of average supply this year, are more than sufficient.

Heraldgrams

(Continued from Page 1)

steamer Galicia a few days ago off the Canary Islands and took off several Britishers who were aboard.

Paris, Aug. 27—A despatch to Havas Agency from Rome says that the will of the late Pope Pius X, written clearly in his own handwriting on white paper, covers three pages. His Holiness began recommending his soul to God by an invocation to the Virgin.

Toronto, Aug. 27—"We are at war with Germany and by the law, so long as the state of war exists no German firm has any status in a Canadian court," said Judge Morrison today, in refusing to give judgment in a case where a German firm sued a Canadian firm for payment for dressgoods. This is the first law action by a German firm in Canada since the war broke out.

Rome, Aug. 27—The cardinals who met today in the seventh congregation preparatory to the conclave which will elect a successor to Pope Pius X, were perturbed over a report that prelates in Liege were being held by the Germans as hostages against acts of hostilities on the part of the population of the Belgian city.

Montreal, Aug. 27—The Cunard liner Andania arrived here today from London with 1,019 Canadian and American refugees from the European war zone.

London, Aug. 27—The legislature of Barbadoes having voted $100,000 as a contribution to the "expenses of the righteous war being engaged in by the Mother Country," the Colonial office has suggested that the gift would be most acceptable in the form of sugar.

Montreal, Aug. 27—No arrangements have yet been made for a second Montreal contingent to go to Valcartier.

Montreal, Aug. 27—Calixte Aime Dugas, former chief justice of the territorial court in the Yukon, died yesterday at St. Donant, county of Montcalm, where he was spending a holiday.

New York, Aug. 27.—The Graecia, of the fleet of German steamships idle in this port since war began in Europe, left tonight at the risk of becoming the prize of the British cruisers known to be off this port. She was loaded with coal and stores but carried no passengers. She cleared ostensibly for Spain.

Montreal, Qu. Aug. 27—The directors of the Canadian Pacific Railway this morning voted $100,000 to the Canadian National Patriotic Fund. It is expected that the employees of the road will give a full days pay, aggregating another $100,000, as Sir Thomas Shaughnessy, president of the C.P.R. has requested this.

CANADIAN NAVAL SERVICE IN WAR

Ottawa, Aug. 27—The Canadian naval service, although the force as a national auxiliary has only been in existence a few months, have already proved their capacity for supplying material assistance to Canada and the Empire in the time of war. The naval volunteers on the Pacific coast who have been in training for some years have been doing splendid work and the naval service department speaks in complimentary terms of what they have done. Fifty of the coast volunteers are now on the cruiser Rainbow, while others are being used for shore defence at Esquimalt, where they have a battery of naval guns. There are also a number on duty in the Esquimalt yards.

A number of the volunteers on the Rainbow are well known in Victoria and Vancouver, who are cheerfully shovelling coal and doing other duties and "having the time of their lives," they say.

The Quebec naval volunteers are being utilized for examination purposes and for the patrol work around the docks. A few are also being utilized at Halifax.

At the outbreak of the war some of the volunteers were sent to Glace Bay with guns to protect the government wireless station there. They have now been brought back to Halifax, where they have been discharged others taking their places.

MILLS CLOSED DOWN.

Ottawa, Ont., Aug. 27—Owing to low water in the Ottawa river the huge saw mill and pulp mill of the J. R. Booth Company was closed down today, throwing one thousand men out of work.

Minard's Liniment Cures Diptheria.

SUPPLYING ENEMY WITH INFORMATION

London, Aug. 27—Great Britain has decided to stop the return of German and Austrian women and children to their native lands.

Until now the government has been detaining men, but permitted women and children to leave the country under special permit. This has been done through the American embassy which is in charge of Austrian and German affairs. Now the war officers have informed the home offices that at present it is not advisable to permit any Austrians or Germans to return home. The reason for this is not published but it is doubtless due to the possibility that the women might carry information.

MINERAL ACT.

(Form F.)

Certificate of Improvements.

NOTICE

Gillis, Dolphin and Iron Pirate mineral claims, situated in the Nanaimo Mining Division of the Coast (Range two) district.

Where located—On the south side of Seymour Inlet, about four miles from its head.

PREPARING FOR THE VANCOUVER EXHIBITION

Vancouver, B. C., Aug. 27—His Royal Highness, the Duke of Connaught has advised the Vancouver Exhibition Association that he will be very pleased to open the fair on the night of September 3, by pressing a button at Rideau Hall at Ottawa and thereby sending the electric spark all the way across the continent to open the gates of the exhibition grounds, and flash on thousands of electric lights.

The opening ceremonies of the Vancouver Exhibition, like everything else appertaining to that exhibition, will be more elaborate than any yet held in Vancouver. Some of British Columbia's best speakers will take part in that ceremony, and a feature will be the singing of the mass chorus of school children.

The big pavilion, which stands just opposite to the grandstand, will be used for the opening ceremony.

Sharp at 8 o'clock Vancouver time, and 11 o'clock Ottawa time, His Royal Highness will press the button which will release dozens of electric switches on the exhibition grounds, thus throwing the Fair open to the public. The opening ceremonies of the Vancouver Exhibition will be informal and the public will be admitted free of charge on the opening night.

Wanted Cream

Starting September 1 the Nanaimo Dairy Supply Company are prepared to purchase good cream.

42 Cents

a pound butter fat will be paid and farmers can deliver their cream anytime during the week. No quantity refused.

SUGAR MAY DROP.

Ottawa, Ont., Aug. 27—The price of sugar may come down within the next few days. Two things caused the rise. One was the increase in the Canadian duties. The other was an order made by the British government forbidding the exportation of raw sugar from the British West Indies which have been the chief source of supply of the Canadian refineries.

Sir George Foster announces that the embargo has been lifted and that Canadian refiners are now at liberty to bring in raw sugar from the southern islands.

OFFICERS FOR THE CANADIAN ARTILLERY

Ottawa, Aug. 27—A number of further appointments to the artillery unit of the campaign contingent for Europe have been announced. To command the sixty-pound battery of the artillery, the following have been provisionally appointed:

Major Gesall, Montreal, commanding; Captain C. A. Irving, Esquimalt Lieut. J. A. Ryan, Montreal; G. H. Reid, Peterboro and J. L. Apedaile, Montreal; Lieut. Ross Webb, Montreal have been provisionally appointed to the heavy battery ammunition column.

The division ammunition column will have the following officers:

Lieut. J. J. Henhale, Sherbrooke, commanding; Major C. E. Long, Ottawa; Adjutant; No. 1 section, Major E. W. Leonard, London; Lieut, C.H. Garland, Ottawa and Lieut H. S. Mathews, Peterboro; No. 2 section, Captain E. C. Sarrett, Kingston; Lieut. J. S. B. Macpherson, Ottawa; and Lieut. S. G. Dowsley, Ottawa. No. 3 section, Captain R. S. Hayes, St. John; Lieut. Parker, Ottawa and Lieut. D. H. Storms, Hamilton. No. 4 section, Major C. G. Magee, St. John and Lieut. C. F. Inches, St. John. To the ammunition part at base: Captain J. T. McGowan, St. John and Lieut, J. V. Young, Hamilton, have been appointed.

Extra officers from Montreal who will go to Valcartier will be O. C.T. Hayes, W. G. Hanson, J. E. Eakins. J. K. M. Green, J. D. Armous and F. F. Inches.

The Canadian Sugar Refinery has voted $10,000 to the fund. Other contributions to the fund today were $20,000 from the Imperial Tobacco Company and $10,000 from the Montreal Light, Heat and Power Company.

City Hall, Nanaimo, Aug. 26, 1914

Auctioneer Good has two sales scheduled. The first will be held on Saturday at the residence of Mr. Wm Heighway, Finlayson street, and the second sale on Monday next at the residence of Mrs. Emma Jones, Front street.

London, Aug. 27—That the German Emperor renounced his British titles when the rupture of the nations occurred is confirmed in the official account of the final dealings of the British ambassador, Sir. Wm. Goschen which the German government published tonight. High tribute is paid to the American ambassador at Berlin, Jas. Gerard.

Ottawa, Aug. 27—The first detachment of Princess Patricia Light Infantry consisting of 25 men and an officer left for Montreal tonight. The remainder of the troops, aggregating nearly 1,000 men, will leave for Montreal tomorrow afternoon at three o'clock. The regiment is now complete and in the opinion of experts is one of the finest which has ever left Canada for active service abroad.

Winnipeg, Aug. 27.—At a crowded "war meeting" tonight, at which Mayor Deacon presided, two resolutions were unanimously adopted. The first requests the government to undertake the organization of an additional force of active militia of 100, 000 men, in order to send successive divisions to support or augment the army in the field, this to be in addition to the regular militia; the other requesting the government increase the Northwest Mounted Police at least 3,000 men for service on the Great Lakes and Pacific.

Edmonton, Alta, Aug. 27—With the departure tonight of 400 more recruits of the 101 Street Regiment for Valcartier camp, Edmonton has sent 2,000 men in all from this city to do service for the Empire at the front. This does not include several hundred French and Belgium reservists. The men who were enlisted since last Saturday are a fine bunch and as they marched to the G.T.P. station, were heartily cheered by immense crowds. Edmonton's contributions up to the present include the 101 Alberta Regiment, 1,300 men; The Alberta Dragoons, 200; Patricia Regiment 350; Frontiermen and British reserves, 150.

To Herald Readers:

The Daily Herald has made special arrangements for keeping its readers informed of the war news. A special wire now enters The Herald office, giving the most up-to-date telegraph service possible to obtain on Vancouver Island. The Herald now receives exactly the same news service as do the morning papers of Vancouver and Victoria.

If you want to keep informed on the news of the day subscribe to The Daily Herald.

NEGLECTED Making a Will!

What Happened?

The law stepped in, sold the property and divided the proceeds.

A spendthrift to whom he had meant to leave a small income got his share in a lump sum.

A wealthy relative to whom he had meant to leave nothing got a share he did not need

The real beneficiaries he had meant to provide for get sadly reduced shares and were left without the protection of a capable and experienced executor.

Have your will drawn after consulting the officers of this Company.

BOTH ARMIES ARE EXHAUSTED

Losses of Allies and Germans Are Appalling Particularly Those of Germans—Allies Hold Positions.

Paris, Aug. 28—An official communication issued by the war department tonight says:

"The situation on our front from the department of Somme (North west France) to Vosges remains the same today as yesterday.

"The German forces appear to have slackened their march. The apparent inaction of the armies as indicated in the official statement is explained by the frightful exhaustion on both sides who for days have been fighting furiously. The losses of both armies are appalling, particularly those of the Germans. As an illustration of the losses sustained by the Germans, a prisoner relates that two German regiments, the 112 th and the 142nd were so cut down that they were made into one, and that only sixty men now remain.

London, Aug. 28—An official statement issued by the French embassy last night says:

"Yesterday our troops took the offensive in Vosges, in the region between the Vosges mountains and Nancy, where fighting has been going on for a fortnight. The German forces were considerable.

"Longwy, which was garrisoned by only one battallion has surrendered after holding out for twenty-four days."

London, Aug. 28—The Antwerp correspondent of the exchange Telegraph Company today says that the burgomaster of Brussels has not handed over the levy of $40,000,000 demanded by Germany. He declares he has not the money.

The German military governor, continues the correspondent, has designated as hostages Ernest Solvay, who has been described as the Belgian Carnegie on whom it has imposed a tax of 30,000,000 francs ($6,000,000) and Baron Lambert Rothschild, who has been taxed 10,000,000 francs.

WAR OFFICE HAS LITTLE TO SAY

Paris, Aug. 28—Forty newspapermen who gathered at the war office at 3 o'clock this afternoon for the first afternoon announcement concerning the war, were informed by Captain Duvil, who was in charge of the press bureau, that there was nothing to communicate concerning the operations of the British and French armies. Captain Duvil, however, informed the correspondents that the German troops were retreating in Eastern Prussia.

LEFT LOUVAIN HEAPS OF ASHES

London, Aug. 28—The war information bureau announces the following:

"The Belgian minister of foreign affairs reports that on Tuesday a German army corps, after receiving a check, withdrew in disorder to the city of Louvain. The Germans on guard at the entrance to the city, mistaking the nature of this incursion, fired upon their countrymen whom they mistook for Belgians.

"In spite of all the denials from the authorities, the Germans, in order to cover up their mistake pretended that it was the inhabitants who fired on them, whereas the inhabitants, including the officials all had been disarmed more than a week.

"Without inquiry and without listening to any protest, the German commander announced that the town would be destroyed immediately. The inhabitants were ordered to leave their dwellings and some were made prisoners. The women and children were placed on trains, the destination of which is not known. The splendid church of St. Peter, the University buildings, the library and scientific establishments were delivered to the flames.

"Several notable citizens were shot and the city, which has a population of 45,000 and was the intellectual metropolis of the low countries, is now nothing more than a heap of ashes."

Allies Stubbornly Contest Steady German Advance

London, Aug. 28 (Midnight)—Friday has been a day of momentous news. News of the gravest character came from France, where in a single week the aspects of the operations have changed entirely.

Last week the Allied Armies were pursuing an offensive campaign on all the frontiers. Now, according to official news received from Berlin, Emperor William is congratulating his people on the success of the German arms in the task of putting the "iron ring" around the Allied 'Armies from Cambrai, department of Du Nord, France, to the Vosges, while Lord Kitchener, the British war minister, came into parliament with the announcement that troops from India are being called to help the British arms in France, and that the British army is to be reinforced immediately.

The only consolation offered the British was the testimony from Field Marshal Sir John French that in the heavy fighting against tremendous odds, in which the British suffered severely, they bore themselves with conspicuous bravery.

It is already realized that the terrible struggle is only at its beginning and that the German plan of campaign, openly revealed to Sir William Edward Goeschen, then British ambassador to Germany by Gottlieb Von Jagow, the German foreign secretary, as shown by the official paper published yesterday, namely to strike the swiftest and strongest blow at France, regardless of Belgian neutrality or any other hindrance, and then when France is at Germany's feet, for Germany to turn her attention to the Russian attack, is being carried through ruthlessly.

The offensive strategy of the Allies is abandoned. The German army in vastly superior numbers, has imposed on the Allies a purely defensive strategy, which is devoted to delaying as much as possible what now seems to be an inevitable advance on Paris.

Little can be gathered from either British or French accounts of the great battles of the last week. In fact more is learned from what is omitted than from what is stated. The only thing that is clear is that the Allies are fighting on the defensive on ever-receding lines, while it is becoming increasingly clear that the desire to make a brilliant coup in Alsace Lorraine was a weak spot in French strategy.

On the side of the Allies whose efforts are devoted to gaining time while the Russian hosts over-ran Prussia, however, is the fact that their armies are still in being and that Germany may run some danger from their ever-lengthening lines of communication.

That this danger is not negligible is shown by the news that Emperor William has ordered the mobilization of the last reserves to occupy Belgium, so that the troops now engaged in this work may be released to go to the front where they are badly needed to replace Germany's heavy losses in killed and wounded.

The work of provisioning and supplying the German armies is greatly facilitated by the Germans being able to draw on Belgium for supplies.

The British public is facing the disappointing news with a patient determination. The Spectator says today in an editorial: "There is cause for anxiety and there is cause for unflagging energy in military preparation, but there is no cause for despair or even despondency. Time is with us and against our enemies."

On the eastern battlefield the war news continues favorable to the Allies. The Russians continue to advance in East Prussia and Poland, neither the German nor the Austrian forces apparently being able to withstand them.

ENGLISH AND FRENCH CENSORS BUSY

Paris, Aug. 28—The English and French censors appear to be as busy on news passed by one or the other of the allies official news bureaus as on the despatches of the newspaper correspondents. The British censors stop parts of the official communications issued by the war office in Paris and the French censors appear to have delayed, on two or three occasions, announcements made in the House of Commons regarding the situation of the armies. The French censorship however, seems less severe that than in England on news originating in France.

GLORIOUS VICTORY FOR THE FLEET

British Cruiser Squadron Destroys 3 German Cruisers and Two Torpedo Boat Destroyers Off Heligoland.

London, Aug. 28—The Chronicle says:

"A glorious victory has fallen to the British fleet. With all the courage and fearless enterprise that distinguished our old officers who many times went into the jaws of the enemy, Vice-Admiral Beatty and Rear-Admirals Christian and Moore have conducted the combined operations in the Bight of Heligoland, where the enemy had all its strength at its command. The triumph was complete. The German light cruisers Mainz and another of the Koeln class and a third whose name is unknown, have been destroyed this week as well as two destroyers. Evidently a concerted attack had been planned just as our old seamen would have planned it, to begin in the dark and reach its decisive point at dawn. The attacking force was the organized battle cruiser squadron. The light cruiser squadrons and destroyers and submarine flotillas were engaged. To Vice-Admiral Beatty, the flag officer of the largest fleet afloat, commanding the first battle cruiser squadron comprising the Lion, (flagship), Queen Mary, Princess Royal and New Zealand, fell the opportunity and honor which will make him and his officers the envy of the whole fleet. The conduct of the operations was under the direction of Sir John Jellicoe, commander-in-chief. Sir David Beatty is one of the most brilliant of our officers and with him were Rear-Admiral Moore and Rear-Admiral Christian, also Commodore Keys, Commodore Tyrwritt, Commodore Goodnough. Complete was the victory, we have suffered little. All our ships and vessels are afloat and in good order. We must officially note the efficiency of our gunnery. Not a German cruiser escaped and their destroyers wildly fled to shelter, having had two of their number sunk."

The importance of this daring raid is the fact that the British fleet passed behind Germany's heavily armed outpost of Heligoland Island

(Continued on Page 2)

CANADA REACHING OUT FOR TRADE

Ottawa, Aug. 28—A steady stream of letters, telegrams and inquiries to the department of trade and commerce indicate that Canadian manufacturers are awakening to the opportunity of trade development resulting from the war, and particularly to extend their activities to those lines heretofore imported from Germany. No fewer than a dozen firms had representatives at the department today securing information along these lines and they are very hopeful of being able to keep their factories going at full capacity.

This would be not only to supply the Canadian trade but to capture trade to countries such as those in South America, which are extensive patrons of German industry. Statements are now being prepared by the department and will be sent out immediately on being finished. They will show the extent and character of all German imports to Canada and to other countries where the trade with Germany may possibly be secured by Canada. It is confidently believed here that a decided stimulus to Canadian industry will result from this campaign which is regarded as truly patriotic and in the fullest interests of the country.

The government is keeping a close watch on food prices throughout Canada and is in receipt of regular reports showing the fluctuations. Since the government vested itself with wide authority to deal with any attempts at exorbitant prices in certain lines and places, prices have declined somewhat.

FIRST CANADIAN TROOPS SAIL TODAY

Montreal, Aug. 28.—The Princess Patricia Light Regiment arrived in Montreal from Ottawa at 6:15 this evening and paraded through some of the principal streets before going on board the White Star liner Megantic to sail at dawn tomorrow. Local interest in this body of soldiers is very keen and it is regarded in a sense as a Montreal regiment. Cheering all along the line of march was spontaneous.

The third battery, Canadian Field Artillery, the field battery including the headquarters staff and ammunition column, C.F.A. and 40 recruits of the Fifth Royal Highlanders left for Valcartier tonight.

BOMBARDING TSING TAU

Allied Forces in the Orient are Drawing Their Forces All Around Germany's Stronghold in Far East.

Tsingtau, Aug. 28—Two small Japanese cruisers yesterday drew the first shots from the Tsingtau fortifications. Several shots dropped around one of the cruisers, whereupon the vessel fired one shot in reply and withdrew. It is reported that one German shell found its mark.

The Japanese vessels approached evidently with the purpose of reconnoitering. They were within seven miles and plainly visible. Several shots from the forts dropped around the leading cruiser, raising columns of water, whereupon the vessel veered east and departed at full speed after firing one shot. During the engagement a German aeroplane flew over the sea.

It is estimated here that the forts will be able to last eight months. They are atill receiving fresh food supplies. The Shan Tung trains are arriving and departing.

Kiao Chau, Aug, 27—(Delayed)—German reservists from distant parts of China are still entering Tsing Tau. Many of them, Khaki clad, are along the railway between Wei Hsien, province of Shantung and Tsing Tau. The first German outposts are at a village twelve miles from Tsing Tau. It is there that the bridge has been destroyed.

The outer line of defence runs from the small river Ditsun through the mountains about eight miles from Tsing Tau. The line is not strongly fortified and the real defence probably will be made across a narrow neck of land only three quarters of a mile long, three miles from Tsing Tau. Powerful guns are in position on the mountain slopes. The defences are strengthened by barbed wire entanglements on the plain between the mountains, while trees have been felled and villages burned.

The Germans expect the Japanese will easily take the outer range of defences, after which an artillery duel will follow between the attackers and forts on the mountains.

Pekin, Aug. 28—Military men here say that the warships of the allies including the Australian dreadnought which is expected in Chinese waters soon, will be able to bombard Tsing Tau with safety, owing to the range of their large guns, which are greater than that of the guns within the German fortifications.

Pekin, Aug. 28—The steamer Hanametal, which has been captured by the British and taken to Wei-Hai-Wei flies the American flag. She has been in the coasting trade between Vladivostok and Tsing Tau. She is owned by a naturalized American, whose citizenship has been forfeited by long absence from the United States.

FRENCH AEROPLANES DO GOOD WORK

Paris, Aug. 28—The value of aeroplanes in scouting work is a subject of discussion among the observers.

"Our military aviators are rendering invaluable service," says the Temps, quoting an authority on aviation, whose name is omitted for military reasons. The paper continues:

"Our aireal forces are infinitely superior to those of Germany and our best civil airmen are in the service: Brindejono, Des Moulinias, Roland Garros, Eugene Gilbert, and Jules Vedrines are all at the front. Vedrines has just completed a raid with an apparatus of extraordinary power.

"Aeroplanes are safe from bullets at a thousand yards high and at 2,000 yards an aviator still can observe accurately with the naked eye. As our fliers can guide a machine with one hand and use glasses with the other, the masses of the enemy cannot observe observation.

"The most difficult thing is to determine commands by discriminating among the uniforms. One danger to the French airmen is from our own soldiers who have not learned to distinguish our aeroplanes from those of the enemy. I would suggest that we do not fire upon aircraft at all until absolutely sure that we know their identity."

The Journal De Marn Et Loire at Angiers published a letter from one of the French frontier forces in which the writer complains of loneliness of the life there. It would seem that the only sport for the garrison is to watch for German aeroplanes and fire upon them. Three German airships have been brought down while the aviators are throwing bombs.

RUSSIA IS UNITED

London, Aug. 28—Antoine De Zwain the Polish author has sent the following telegram to the Spectator:

"The mobilization was carried on in Warsaw with indescrible enthusiasm. For the first time since the partition of Poland the peasants took an active part in a national movement. There are more than 400,000 Poles in the Russian army."

THREE STEAMERS CAPTURED

Chee Foo, China, Aug. 28 — Three German merchant ships, the steamers Friesia, Hanametal and Paklat, have been captured by the British fleet and taken to Wei Hai Wei. A number of refugee women and children from Tsing Tau on board the Paklat were transferred to another vessel and taken to Tsientsin.

FIGHT AT CHEE FOO

Chee Foo, Aug. 29—The British torpedo boat destroyer Welland was engaged with and sunk the German torpedo boat destroyer S-90.

MALINES SUBJECTED TO BOMBARDMENT

London, Aug. 28—The Germans continued to bombard Malines today, destroying or damaging most of the monuments, according to a despatch from the Ostend correspondent of the Reuter Telegram Company. They have not yet entered the town.

Thursday's bombardment continued for forty minutes, the population taking refuge in cellars. When the bombardment had ceased the authorities ordered the population to evacuate the town, which they did in good order, many seeking refuge in Bufile, where they spent the night in a church. The bombardment was resumed at 8 o'clock, says the despatch and continued until noon when the remainder of the population fled.

The damaged buildings include the hotel De Ville, the church of St. Pierre, which was destroyed, the cousts of justice, the cathedral of St. Rombold. The tower of the cathedral remains intact, but the famous chimes were destroyed.

SUICIDE IN CAMP.

Valcartier Camp, Que., Aug. 28—There was a suicide in camp today. The victim was Private Eachus of the Calgary regiment. He was found in the field with his throat cut, having used his own razor. His comrades said that while on the way to Valcartier he appeared to be dejected. He was in such a nervous condition on arriving here that he was sent to the hospital.

200 BRITISH INJURED.

Southampton, Eng., Aug. 29—The first hospital ship from France arrived here last night with 200 British wounded from the first battle at Mons. Nearly all the men were wounded by shell fire.

Every Briton Called On to do His Duty

London, Aug. 28—Premier Asquith has decided to address meetings in the principal cities in the United Kingdom to make plain the cause of the war and set forth that it is the duty of every man to do his part to make the issue a successful one for the British arms. The premier has directed letters to the lord mayors of the various cities with regard to these meetings in which he says:

"The time has come for a combined effort to stimulate and organize public opinion and public effort in the greatest conflict in which our people ever have been engaged. No one who can contribute anything to the accomplishment of this supremely urgent task is justified in standing aside.

"I propose, as a first step, that meetings should be held without delay not only in our great cities of population and industry, but in every district, urban and rural, throughout the United Kingdom at which the justice of our cause should be made plain and the duty of every man to do his part set forth.

"I venture to suggest to your Lordships that the four principal cities over which you respectively preside should lead the way. I myself am ready, as far as the exigencies of public duty permit, to give such help as I can and I should be glad, with that object to address my fellow subjects in your cities.

"I have reason to know that I can count upon the co-operation of the leaders of every section of organized political opinion."

Russian Army is Pressing Onward

London, Aug. 29—"The Russians are advancing rapidly on Lemburg, Austria, their cavalry overcoming all Austrian opposition." says a despatch from the St. Petersburg correspondent of the Exchange Telegraph Company. The message continues:

"The Russian troops are marching on Konigsburg and already have repulsed the advance guard of the garrison, The Russians now occupy important positions on the river Alle.

"Between the rivers Vistula and Dneister, the Russians are in close touch with the Austrians, whom they have already defeated at Monsteryzk

London, Aug. 29—A despatch from St. Petersburg to the Daily Mail says the western districts of Poland as far east as Lodz were for some time held by smaller German detachments but these are falling back. The advance of the Russian cavalry has reached Kolfuschs near Lodz.

Copenhagen, Aug. 28—German fugitives who have arrived here from East Frussia describe the position there as hopeless. These reports have caused great uneasiness in Berlin and the general staff therefore have summoned press reporters and impressed upon them the necessity of calming the people.

Britain is Calling On Indian Troops

London, Augf 28—Native troops from India are now on their way to increase the British forces in France. This was made known today through announcements in the House of Lords by the Marquis of Crewe secretary of state for India and Lord Kitchener, secretary of war.

Lord Kitchener said that in addition to reinforcements which would be received from this country, the government has decided that the British army in France should be increased. The Indian troops were chosen to increase the forces. Lord Kitchener said that all the gaps in the army were being filled.

The Marquis of Crewe said that in spite of heavy drafts on the Indian army, the Indian frontier would be fully secure.

In the House of Commons today, when the announcement was made that troops were to be brought from India, the Marquis of Crewe in a stirring speech said:

"It has been deeply impressed on the government that the wonderful wave of enthusiasm and loyalty at the present time passing over India is largely due to the desire of the Indian people that Indian soldiers should stand side by side with their comrades in the British army. India is aware of the employment of Af-

(Continued on Page 4)

Forcing Germans Back On Brussels

Ostend, Aug. 29—(By T. E. Elias)—The situation in Belgium is changing gradually. The Belgium army is forcing the Germans back on Brussels and have recaptured Malines. The train service there was resumed today. This morning they reached Vilvordo, which is within ten miles of Brussels and well known to tourists as the terminus of Brussels' trams.

Fighting has commenced at Hemixena, outside the city, and the Germans are entrenching themselves for defence to the north of Brussels. One German army corps has withdrawn from the south through Alost to check the Belgium advance. A great battle is impending and every day the Belgians are regaining lost ground.

The change that is being made will be most gratifying to the allies and the Belgians in particular. It means that the two theatres of war

(Continued on page 2)

HEAVY GERMAN LOSSES

Paris, Aug. 28—Two hundred thousand Germans have been killed and wounded in Belgium alone, according to a Belgian lieutenant by the name of Bougard, who has just arrived in Paris from Namur where only two forts have been silenced. On one of these two hundred and ninety two shells fell in one night.

ITALY MAKES MOVE

London, Aug. 28—The Daily Express says: "Paris, Friday, 1 a. m.—Informed Italy will present an ultimatum to Austria requesting an explanation of Austrian mobilization on Italian frontiers. This ultimatum will give only a brief period for answer and within a short time Italian troops are expected in Trieste.

NANAIMO BOYS TO THE FRONT

Several more Nanaimo boys have left for the front to fight the good fight for Canada and the Empire. These are the boys who enlisted at the outbreak of the war with the 88th Fusiliers of Victoria and who left Victoria yesterday for Valcartier. All are able, clean bodied young men still in the early twenties and sons of well known citizens of Nanaimo. They represent the best there is in young manhood and count themselves as fortunate in the present circumstance. When the call for volunteers came they were among the first and when the bugle sounds for action they will be found among the first to respond. The twenty odd thousand young men who are going with the first contingent from Canada to European battle fields are made up of just such young men. They are of the same calibre as the brave lads who went with the Canadian contingents to South Africa and made such a creditable showing and no one doubts but that they will give just as good an account of themselves. Every citizen of Nanaimo will join with us in wishing their young citizens good health and a speedy return. That the boys will acquit themselves with honor to themselves and the city they represent no one for a moment doubts. There are other Nanaimo boys at Victoria in camp who have been just as eager to go to the front as those who left yesterday. That they had not the opportunity yesterday is not their fault and the very fact that they have enlisted for active service shows that their hearts are in the right place. Their turn and the turn of many other Nanaimoites may come later and if it does they will be found anxious to answer the call.

GERMAN-CANADIANS' POSITION.

The Wainwright, Alberta, Star tells of natives of Germany in that town who have shown unhesitatingly their desire for the success of the British arms. Among the contributors to the Daughters of the Empire fund are Adolph Kampher and Jacob Goehring, From all over the country come similar bits of information. In Berlin, Ontario, fifty-seven young Germans have volunteered for service with the first Canadian contingent.

Among the teachers at Woodstock College, Ontario, is Mr. F. V. Reithdorf, who served in the German army. In the course of a letter to the Woodstock Sentinel-Review he says:

"We must deeply sympathize with the German people in the sufferings and dangers brought upon them by their ruling classes, by their oligarchic, insane, military government. It is the Germany of the clenched fist and drawn sword, of the shining armor and the sabre rattling in the scabbard that calls for no sympathy on our part. It is the Germany that has precipitated the monstrous world struggle of the day that fills us with horror and indignation. I am a native German and former German soldier. My own position in this struggle is perfectly clear. My loyalty to the British flag makes me stand against any and all enemies of Britain. If need be I should fight against Germany, though with a bleeding heart. Furthermore, I desire disaster to the German army in this war for the reason that it will mean restoration of fellowship again in the western nations for one of the greatest peoples of Europe. A liberated, free, democratic Germany will start on a new and lasting era of prosperity, of peace, arm in arm with England and France."

BRITISH NAVAL SUPREMACY

According to this morning's despatches the British fleet is nobly upholding its traditions. We read that with all the courage and fearless enterprise that distinguished our old officers who many times went into the very jaws of the enemy. Vice-Admiral Beatty and Rear-Admirals Christian and Moore have conducted combined operations in the Bight of Heligoland right in the spot where the Germans had all their strength at their command. It appears that a few of the British ships under cover of night made a dash within the enemyjs lines and succeeded in sinking German cruisers and destroyers. The conduct of the operations was under directions of Sir John Jellicoe and the success of the attack or series of attacks show that British seamanship and generalship is still as daring, courageous and effective as it was in the days of Nelson, Drake, and the other heroes of British naval history. The Empire, of course, never doubted any decline in her naval efficiency, but still it is pleasing to have such a practical illustration of it at such a time and under such conditions.

GLORIOUS VICTORY FOR THE FLEET

(Continued from Page 1)

and engaged the German fleet guarding the mouth of the Elbe and the entrance to the Kiel canal. The speedy protected cruiser Mainz was one of four of her class. Her completement was 380 officers and men. In her armament she carried twelve 4-inch guns.

The British fleet had evidently tired of waiting for the German navy to come out into the open and fight, and planned the daring raid into the heart of the German squadron clustering under the shelter of the guns of the fortress of Heligoland. There would be but little glory in such a victory by the first battle cruiser squadron against the German ships of the Mainz and Koeln class if fought in the open, the battle cruisers of the first squadron being infinitely more powerful and speedier. It was in the sudden rush in the dark into the Bight of Heligoland; the swift unerring stroke under the very muzzles of the shore guns and the smashing of the panic stricken cruisers and destroyers, that the glory of the victory lays.

The enterprise carried out by Vice-Admiral Beatty is characteristic of this youthful, dashing seafighter. Beatty's career is marked with such enterprises, though by the nature of conditions, of smaller importance, and in carrying out this plan the Vice-Admiral fully justified the confidence of his superiors shown in his recent promotion. The battle cruisers engaged are the finest of their type in the world. The Queen Mary the Lion and the Princess Royal are ships of the same class, the last word in modern battle cruisers of 27,000 tons displacement, a speed of 28 knots and an armament of eight 13.5 guns, sixteen 4-inch and four 3-pounders and a complement of 889 men. The New Zealand, the gift of that Dominion to the Imperial navy, is a somewhat smaller cruiser of 18,800 tons with a speed of 25 knots, a completement of 760 men, and an armament of eight 12-inch guns, and sixteen 4-inch guns. Her part in the first big naval encounter is the first actual aid from the Dominions overseas to the Empire.

There was the usual smaller craft with the squadron and the details of the encounter will be awaited with interest. The Mainz and the other German cruisers damaged and sunk were not very powerful vessels but the fact that the British navy overreached the guns of Heligoland will have a far-reaching effect and has already disturbed the belief of the German fleet in the protection afforded it by shore guns. The moral effect will also be great and will relieve the monotony of the "watchful waiting" around the doors of the German navy's retreat.

London, Aug. 28—A wireless despatch received tonight from one of the cruisers said she was making for port with men wounded in the engagement.

CLOSE SEASON EXTENDED.

Ottawa, Aug. 28—An order-in-council has been passed extending the closed season for salmon fishing in the Fraser river, British Columbia, from August 25 to September 15th each year, provided the fisheries and regulations for the province are rescinded for this year only.

Tokio, Aug. 29—The second Japanese squadron reports that there are no German ships outside of Kiao Chow. The squadron drew the fire of the forts, but was not damaged. The men, it is reported, are in the highest spirits.

Rotterdam, Aug. 28—The Nieuw Courant says that the people of Antwerp fear another visit, not merely by one, but by many Zeppelin dirigibles. The inhabitants of houses in the vicinity of the royal palace have left their homes and that locality is closely guarded.

London, Aug. 29—A despatch from Paris to the Reuter Telegram Company says the French war office is beginning to publish lists of casualties among the officers engaged in fighting and that already one general has been killed.

Melbourne, Aug. 28—Not satisfied with what she has already done for the Empire, the Commonwealth has decided to dispatch a further contingent to the front, and yet another if such be required by the home government.

FORCING GERMANS BACK ON BRUSSELS

(Continued from Page 1)

the first in the south and the other at Malines and Antwerp, now regarded as two distinct fields of action, will be merged into one. Since the fall of Brussels, a wedge has been driven through Brussels by German forces, but it is a wedge that has not much substance in it. This fact the generals of the allied armies will turn to their advantage. I may not numerate many of the developments contemplated and will only describe the state of affairs in mid-Belgium.

Every day this week I have gone over this area, twice going as far as Alost. I was at first under the impression that dense masses of German troops held the country around Ghent and Bruges and their outlaying villages. I was mistaken. I found people all along the line in a state of panic because they had been visited by parties of Uhlans who helped themselves to their food and provisions.

To the Uhlans, mid-Belgium has been a picnic ground. Many of them have been caught because they lost themselves, but they were caught more by accident than by design. They met with no opposition and were allowed to approach within three miles of Ostend. Now that Belgians realize that the wandering cavalrymen have been more daring than dangerous. They have not been supported by the cavalry and artillery which were to the south. The country between Ostend and Alost has always been free of them. The Belgian army is now advancing from Antwerp and over 8,000 Belgian troops are reported at Vilvardo. If I could report what everyone in Ostend knows the nature of the impending operations which contemplate the recapture of Brussels would be plain.

Attention is called to the regulations now in force for Nanaimo and Newcastle Electoral Districts, which give the open season for shooting as follows:

Ducks and Snipe—September 1 to January 31.
Grouse—October 1 to December 15.
Cock Pheasants and Quail—October 1 to October 21.
Deer—October 1 to December 15.

VANCOUVER TEAM IS HERE SUNDAY

The Nanaimo baseball team will have as opponents Sunday the strong Godfrey aggregation of Vancouver. manager Benedict has had his team out for practice daily this week with the intention of having it in the best possible form when they take the field against the visitors. The geme will be played on the Caledonian Grounds, commencing at 2:30, and it is hoped the fans will turn out in large numbers to witness the game as the club is in urgent need of finances to pay the ordinary running expenses.

In Sunday's game the local team will field the following: Piper, 3rd b; Little, s.s.; Killeen, 2nd. b; Boyce, c; Beattie, c.f.; E. Martin, 1st. b; W. Shepherd, r.f.; Ramsay l.f.; H. Shepherd, p.; spares, Thompson Weeks, and Drake.

Little Current, Ont., Aug. 28—The Manitoba Indians today voted to grant the Canadian war fund $500.

Seattle, Aug. 28—Importation of Chinese eggs will cease during the continuance of the European war, according to E. Block of Shanghai, a large importer of Chinese eggs. He says that Russia and England have placed orders and will take all the Chinese eggs on the market.

Hong Kong, Aug. 28—The German steamer Cferd Laeiz, which sailed from Yokohama on July 26 for N York arrived here tonight, a British prize. It is reported that the German steamers Yorck and Prinz Waldemar also have been captured and are being brought here.

NANAIMO LOST TO VICTORIA C. C.

Victoria, B. C, Aug. 28—Victoria and Cowichan Cricket Clubs will meet tomorrow in the final for the championship of the Pacific Coast Association. Cowichan won the championship last season, defeating the Oak Bays in the final.

Only two matches were played today. Victoria won rather easily from Nanaimo, while Cowichan overcame Vancouver in a well played match. The results were not unexpected for, although the Vancouver Nomads, by virtue of three straight victories in the first part of the week had loomed up as a very formidable side, they were not considered to have the well-balanced strength of last year's champions. In view of the fact that the Terminal City players were scratched together at the last moment, after it had been announced that the city would be unable to be represented, they attained a remarkable measure of success.

The scores in today's matches were Cowichan 121, Vancouver Nomads 74.

Victoria 188, Nanaimo 125.

FUNERAL OF LATE MRS. M. VATER

The funeral of the late Mrs. Margaret Vater took place yesterday afternoon from the residence of Mr. William Stewart, services being conducted at the home and graveside by Rev. Dr. McLennan, the pall-bearers being Messrs, J. Beck, J. Quennell, M. Wilkinson, J. Aitken, D. Roberts and W. Graham.

The following floral tributes were acknowledged:

Sprays—Mrs. McDermott (Victoria) Miss. R. Cullman (Victoria), Mr. and Mrs. W. J. Orr, (Vancouver), Mrs Ellen Davis and son (Northfield) Mr. and Mrs. T. Pearson (Nanaimo), Mr. A. Stewart (Nanaimo).

Gates Ajar—Mrs. F. Gouge.

Wreaths—Family, Mrs. Clarke (Victoria), Mrs. David (Victoria.)

Mrs. H. Cooper (Nanaimo) Cross; Mrs. S. Jones (Nanaimo) Spray.

CIVIL WAR VETERAN DEAD.

VANCOUVER EXHIBITION.

Mr. Leon Kai Tip, a wealthy Chinese merchant has donated to the Vancouver Exhibition Association for display at the forthcoming Exhibition, a pair of young Chinese eagles.

Both the Chinese and the Japanese in Vancouver are taking a very great interest in the Vancouver Exhibition. The Chinese have already announced their intention of displaying samples of Chinese art.

Some of the Japanese are putting in some cases of Japanese and local insects.

The Vancouver Exhibition is very attractice and interesting by reason of the fact that it shows to a very large extent something of the resources and industries of British Columbia. It is for this reason particularly interesting to the Orientals.

Washington, Aug. 28—France has submitted to the United States and other neutral governments a sworn statement that after an engagement at Moncel, a German officer fired on three Red Cross Nurses, killing two and wounding the third.

London, Aug. 28—Every medical man in London has agreed to give his services free of charge to the families of local volunteers off to the front, and a committee was appointed today to draft regulations.

BRITAIN IS CALLING ON INDIAN TROOPS.

(Continued from Page 1)

rican troops to assist the French army and it would have been a disappointment to India if they had been debarred from taking part in the war in Europe.

"Our army will thus be re-inforced by soldiers—high souled men—first rate trained and I am certain that they will give the best possible account of themselves. I venture to think that this keen desire of our Indian fellow subjects to co-operate with us is not less gratifying than the same desire shown by the self-governing Dominions, some of whose soldiers in due course will no doubt also be found fighting side by side with their troops and Indian troops in the war.

"Of course we all know that India does not possess an inexhaustable reserve of troops and the defence of India must in itself be a primary condition, not only to India itself but to us. But I am able to state that so far as external aggression is concerned—of which I hope and believe there is no prospect and I should like to say there is scarcely a possibility—in spite of these heavy drafts on the Indian army, the Indian frontiers will be fully and adequately secured. As regards the risk of internal troubles, I believe that the enthusiasm which prevades all classes and races in India will make anything of the sort altogether impossible.

"That enthusiasm has found vent in many ways—in some classes by gifts of great liberalty for the service of the troops in the field. I was told only yesterday that some of the principal Indian princes had sent a gift of 50 lac rupees (about $2,500,000r foz the use of the troops in the field and there has been on varying scales a number of offers of this kind.

"I feel confident therefore that the action we take will meet with a most enthusiastic reception in India and I believe it will be approved by your Lordships and by subsequent and public opinion here generally."

KING AS PATRON

Ottawa, Aug. 28—It is announced that His Majesty The King has graciously consented to become patron of the Canadian Patriotic Fund.

FINE SOLDIERS FROM WEST

Ottawa, Aug. 28—"The finest soldiers at Valcartier are those coming from the West," said Captain Shaw, who arrived in the capital today on official business from the camp at Valcartier.

"The type of men that go to form some of the West regiment cannot be beaten anywhere. All stand over five feet seven inches and are the best men built."

The captain also stated that everything was in fine condition at the camp and that the men were settling down to their daily drills and manoeuvres.

VOLUME XIV. NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, SUNDAY MORNING, AUGUST 30, 1914 NUMBER 150

NANAIMO MEMBER RETURNS HOME

Mr. Shepherd Returns From Memorable Five Day Session at Ottawa— Remarkable Unanimity of Purpose.

Mr. F. H. Shepherd M.P. returned home yesterday from Ottawa where he has been attending the special session of Parliament, having been absent a little over two weeks. Interviewed, Mr. Shepherd said:

"The special session lasted five days and fifty million dollars were voted for war purposes and ample authority given to the government to meet any emergency.

The session was noted for the fact that the unanimity of purpose was complete, there was no dissenstion, but a very marked fixidness of purpose to stand by the Empire with both men and money to the end of the issue. There was no flag flying or ostentatious display, and the House was fully cognizant of the fact that the Empire was confronted with the most serious condition in its history.

The bright and high coloured habiliments in evidence at State functions were absent and the House was opened and prorogued in field service Kaki. The usual salutes from the battery at Nepean Point were omitted and Ottawa realized that the country was confronted with war—more gigantic and appalling than any war in the world's history. Beneath this atmosphere of sombreness there was an apparent determination to accept the issue to the end and to maintain the best traditions of the Empire.

Troop laden trains are arriving at Ottawa and Valcartier for a short final training and the assembling of equipment. The minister of Militia and defence has the situation well in hand and the details of final organization are being effected with machine like precision.

The House of Commons will be represented at the front by Lt. Col. J. A. Currie M. P. from North Simcoe who will command a full regiment. He has left for the front. Dr. H. S. Béland M. P. for Beauce, Quebec, is now with the Belgium field hospital corps. Dr. Clark M.P. for Red Deer has sent a noble son with the Princess Patricia regiment. Dr. Chabot

(Continued on Page 2)

NANAIMOITES WHO WENT TO THE FRONT

During the past two weeks British Columbia has contributed upwards of 2000 of its sons to the cause of the Empire. Nanaimo has responded in no uncertain manner, among the local boys who have already left for the front being Messrs. A. D. Corker, H. D. S. Keighley, G. A. Davidson, I. Potts, H. Greaves, C. G. Stevens, A. H. Brown, A. H. Waddington, H. P. Hickling and T. Herdman, A number of British Army Reserves who have made their homes in Nanaimo for the past few years have also gone to the front, including Fred. Banks, Frank Barker, A. H. Hobbs. J. Corcoran, Roger Darwell, E. G. Hutton and B. R. Bell.

EVERY AVAILABLE MAN IS NEEDED

Winnipeg, Man., Aug. 29—It was announced here that orders were received today to maintain under arms all available troops from the Great Lakes to the Pacific Ocean for immediate call for active service. The London war offices, it is stated, had notified the Dominion government that every available man would be needed.

Messrs. Douglas Bate and Jack Hindmarsh leave this morning on a trip to Seattle.

On Tuesday, Sept. 1st at 9 o'clock Mrs. Martindale's class for children from 4 to 6 for Fall Term. Terms $1.50 a month. 1t

The contract for erecting the new Herewood School has been let to F. T. Shirborne of Vancouver.

British Caught The Germans Unawares

London, Aug. 29—British cruisers and destroyers, some of them showing signs of the battle in which they were engaged off Heligoland, have arrived at Harwich, Chatham and Sheerness. They had British and German wounded on board. The Germans were picked out of the sea after the ships went down. A number of men died before the warships reached port and were buried at sea; others died on the way to the hospital and their bodies were taken to the naval mortuary.

Most of the wounded are suffering from head injuries caused by shell fire, but others had arms and legs shattered. White clad bearers carried most of the wounded on stretchers to the hospitals but some of them were accommodated on yachts which had been lent for Red Cross service. No one was allowed to board the damaged vessels but from shore it could be seen that some of them bore shell holes. One destroyer had no less than fourteen holes, which had been plugged up with cloth.

London, Aug. 29 — The Evening News quotes from a non-commissioned officer, who was in the thick of the naval fight off Heligoland and whose destroyer picked up many German wounded, as follaws:

"We came upon the German ships unawares. The action was very hot while it lasted and we must have done a lot of damage. Many of the Germans were badly wounded, twelve of them died on the way and were buried at sea."

London, Aug. 29—British sailors who boarded the German cruiser Mainz after she was put out of action, say the effect of the British gun fire was terrible. The masts were shot away and turrets were battered in. The decks were a mass of wreckage and dead and dying sailors were lying all over the ship.

A Harwich message which has been heavily censored, describing the landing of the wounded in Heligoland, after the fight, says there were plenty of eye witnesses where the batch were landed shortly before six o'clock this morning. Among the dead was a lieutenant commander.

The German wounded from the Mainz were roughly attired, none had a full uniform. Many had suffered frightfully from wounds. The Mainz quartermaster was badly wounded.

Ninety German prisoners from the Mainz have been landed at Leith. Eight of them are officers and one is said to be the son of Admiral Von Tirpitz, the German minister of the navy. Sixteen of the prisoners are suffering from wounds.

The British light cruiser Fearless took a prominent part in the fighting. She approached within ten miles of the German coast and drew out the German cruisers which attempted to surround her. At one moment she was engaged single-handed against four of them. One had come within 7000 yards when she was struck and burst into flames.

After they had found the range the German marksmanship was good. The Fearless had her wireless carried away and was hit nineteen times. Afterwards the Fearless stood by the disabled German although she herself was in great danger of being sunk. The arrival of the other British cruisers quickly decided the engagement.

The British casualties so far reported are one killed and twenty wounded.

Paris Has Long and Anxious Day

Paris, Aug. 29 (8:40 p.m.) — This has been a long and anxious day in Paris. When the war office has nothing to issue the pessimists show themselves and everybody asks what is going on in the north.

As far as can be learned the French troops appear to be intact, except for those losses which were inevitable in a week's heavy fighting over a vast front.

If the British and French retire on the western flank, it is explained that they do so in order to choose their ground for resistance. Every day has seen reinforcements moving up to aid the French troops engaged on the Belgian frontier.

The French operations along the entire lines are able to shift an army corps from one part to another swiftly, and it is stated that the Allies probably are in stronger positions to day than last Sunday.

The Germans, apparently owing to the increasing pressure of the Russians, seem to be throwing themselves against entrenched positions, and are suffering very severely. They are gaining ground and seemingly are hopeful of being able to break through before Berlin is invested.

French wounded are arriving at the provincial towns. The Temps Versalis correspondent reports that wounded were passing through today.

DISTRESS IN ROTTERDAM

The Hague, Aug. 29—Queen Whilhelmina left for Rotterdam at noon today to consult with the burgomaster of that city as to measures to be taken for the relief of the unemployed whose condition in many cases is desperate.

Much good work has been done by private charity but the money thus raised has been insufficient.

CONTINGENT PASSED THROUGH NANAIMO

A large detachment of soldiers, men of the 104th regiment, passed through the city yesterday en route to Union Bay where it is likely soldiers will be kept until after the war.

Nanaimo is the centre of the troops stationed north of Victoria with Major Coote stationed here in chief command. Captain Caskey, of Chilliwack, the editor of the Chilliwack Progress, is in charge of the Nanaimo garrison. His staff consists of Lieuts. Carmichael, Jackson, Rose and Menzies. Dr. McIntyre is the chief medical officer. There are about 140 men in the detachment here.

At Ladysmith there are sixty men with Captain Corbould in charge. Lt. Smith is also stationed at Ladysmith. Captain Sangster is in charge at Union Bay and associated with him are Lieuts. Knight, Lord and O'Brien.

These forces will be kept on the Island until after the war and from them it is likely that many men will be drafted for the front. Apart from the fact that all three points have to be protected on account of the coal mines, the Nanaimo station is a particularly valuable one affording such excellent opportunities for training, both on account of the excellent quarters at the Agricultural Hall and the ample room afforded by the Five Acre Lots for field operations.

ICELAND TRAWLER DESTROYED BY MINE

London, Aug. 30.—(4:10 a.m.)—The official news bureau has issued the following statement:

"The government has learned that on or about October 26, an Iceland Trawler is reported to have struck a mine 2 miles off the mouth of the Tyne and sunk, and at least one foreign newspaper has stated that the mine was English.

"The mines off the Tyne were paid out 30 miles to seaward, not as part of a defence of military operations nor by German ships of war, but by German trawlers, of which a considerable number appeared to have been engaged in this work. One such trawler actually seen doing this work was the A-20 of Emden."

Among the passengers from Vancouver last evening on the SS. Princess Patricia were D. P. Johnson, Rd. Fiddick, Mrs. Fiddick and John Piper.

Mr. Arthur W. Bradfield of this city received word on Friday of the death of his father, William Bradfield recently in Wiltshire, England.

Prince Joachim.

One of Emperor William's six sons. All are reported to be on active service, but it is understood that they are not actually on the firing line.

GERMANS FEAR RUSSIAN ADVANCE

Troops Being Taken From Belguim to Defend Prussia Against the Ever Victorious March of Russians.

London, Aug. 29.—One hundred and sixty railway trains loaded with German troops have passed through Belgium from the southwest towards the northeast, according to an Antwerp despatch to the Reuter Telegram Company. This, it is added, indicates that the Germans are sending troops back on account of the advance of the Russians, The German force at Brussels has been reduced to a minimum.

These 160 trains which passed through last night, the despatch continues, are transporting one army corps with full equipment and "it would appear that the rapid advance of the Russians is compelling the Germans to withdraw troops from the line of the Meuse."

London, Aug. 30—An official announcement it is understood at Antwerp, is sent from that city by the Reuter correspondent. It says:

"It is confirmed that numerous trains on Friday last transported German troops from the Courtrai region in an easterly direction. The retirement of the German troops is strongly in evidence. The enemy has abandoned the country north of the line including Merchten, Vilvorde, Huyst-Op-Den-Berg, Tremmelom and Hueght. The province of Antwerp and part of Limburg are free of the enemy. The general positions is regarded with confidence.

AUSTRIAN EMPEROR CONGRATULATES KAISER

London, Aug. 29.c—According to Berlin official despatches received by Marconi Wireless, the Austrian Emperor in a telegram to the Emperor of Germany says:

"The splendid victories gained by the German armies under your command over your powerful enemies are due to your iron will. You have sharpened and swung the mighty sword. To the laurels which adorn you as victor, I shoufd add the highest military honor which is in my power to confer by asking you to accept the Grand Cross of Maria Theresa. Knowing how highly you and your army value the achievements of General Von Moltke, I bestow upon him the Commanders Cross of the Maria Theresa Order.

The German Emperor has bestowed on the Austrian Emperor the order "Pour Lemerite" and upon Baron Conrad Hotsendorf, the iron cross of the first and second class.

The leaders of the German army protest against the news circulated abroad regarding the cruelty practiced on the field, says another official Berlin despatch.

Fail to Check Russian Advance

New York, Aug. 29—Colonel Nick-pecially heavy losses in Muhelna, belai Golejewski, Russian embassy to tween Austrode and Medenburg, Washington, made public here to-where they are in full retreat. In night cable message from the Russian foreign office in St. Petersburg regarding the Russian war operations. The message was as follows:

"The Russian troops are approaching the fortress of Koenigsberg, driving in the advance post garrison. Despatches have come to headquarters that the Russian troops have taken possession of the bridges on the river Alle.

"On the Galician border a battle near Tomashef and Monahtyrskaia has been successfully begun. Further to the eastward our troops are energetically closing in on Iwow (Lemberg) of which town our advance troops are already in reach. Our cavalry is actively closing up the country in front of the advance of our columns.

"On August 23 our cavalry, having overtaken an Austrian cavalry division to the west of Tchertkoff, forced the latter to fight, dispersed it and took a battery of horse artillery.

"On the eastern Prussian front on August 25, 26 and 27 a battle was continued near Saldau-Allenstein-Bischofsburg, where the enemy has concentrated the army corps which retreated from Gumbinen, reinforced by fresh troops.

"Allenstein has been taken by our troops. The Germans suffered, es-

the vicinity of Petrokoff our cavalry defeated three German squadrons reinforced by a company of cyclists. Of the latter 117 were taken prisoners.

"In Galicia on August 26 a series of separate engagements assumed the character of a great battle which was developing in the southern districts of the province of Lubin and Holm and in Eastern Galicia.

"At first the battle had the character of a battle du recontre but later on many parts of the Austrian line were forced to take a defensive position. One of our infantry regiments, in a hand-to-hand fight took the colors of and almost completely annihilated the Gonwed (Hungarian) regiment. An energetic advance is being continued.

"During the night of August 25 the German light cruiser Magdeburg ran ashore near the entrance to the Gulf of Finland. On the morning of August 26, the Russian cruisers Pallada and Bogatyr with torpedo boats drew near and opened fire. An explosion followed on the German cruiser which was torn amidships. The Russian warships took off the captain, two officers and 154 sailors. The rest of the crew apparently made their escape during the night on the torpedo boats which accompanied the cruiser."

Canada to Fight Till Germany Surrenders

Ottawa, Aug. 29—That Canada will not be content with sending one army division but inside of the next few months will have two more mobilized, is the statement of Colonel Hughes, minister of militia. So sooner is the present army division despatched then a second will be mobilized and reinforcements continually will be sent to the front so that a fresh Canadian army division will be kept fighting all the time.

Speaking today Colonel Hughes said:

"Canada will not be content until Germany is beaten. I shall do my duty and get our soldiers trained as quickly as they enlist. With the targets at Valcartier the boys will improve their shooting and will give the enemy a surprise. Canada must be up and doing and we shall avail ourselves of the service of every Canadian willing to go to the defense of the Empire. Valcartier camp will thus be a scene of life and military vigor until the war is over. Troops will come and troops will leave until Germany is conquered," concluded the Colonel.

Colonel Hughes will go to Valcartier next week and remain there until the troops leave, supervising the departure of the first contingent leaving and laying plans for mobilizing two more. All the city and rural regiments will start work immediately, drilling and target practice.

CANADA'S TRADE FOR THE YEAR

Ottawa, Aug. 29—Trade figures for the twelve months ending June 30 were issued today. The most interesting figures are the statistics relating to countries which are at war. That there is a big German commerce in this country which Canadian manufacturers can capture is shown by the fact that for the twelve months ending June 30, our imports from Germany were $14,203,651. Our exports to Germany during the same period were $4,675,723. Our imports from France for twelve months were $13,970,547. Our exports to France were $3,793,173. Our Belgian trade must be completely demoralized and it has been considerable. For the twelve months the imports from Belgium were $4,380,166 and our exports to Belgium were $4,087,537. The total figures of trade show that during the last year our imports have shown a remarkable decrease, dropping off a hundred million. Our exports on the other hand have shown a most extraordinary increase. These figures were published before the war broke out so that its effect on commerce are not yet apparent. The business depression of the past year has not seriously affected Canadian trade as the total commerce of the twelve months ending June 20 was $1,067,545,384 compared with $1,006,542,350 the year previous. The total imports were $593,783,252 as against $690,000,035. The total exports were $473,762,096 as against $399,522,256.

It is understood that the preliminary hearing of Mike Adam and William Jackson, the alleged dynamiters will take place early in the week. While the evidence has not been disclosed, it is believed that a large number of witnesses will give testimony.

FRENCH COLONY ENTHUSED

Sydney, Australia, Aug. 30 (5:15 a.m.)—A copy of a newspaper published in Noumea, capital of the French colony of New Caledonia, was circulated here today says:

"Enthusiasm prevailed here on the arrival of French and British cruisers. The enthusiasm was doubled when the New Zealand expedition arrived. We do not know where they are going."

GERMANS RETREAT BEFORE FRENCH

Paris, Aug. 30 (1 a.m.)—Further announcements made by the war offices say:

"In Lorraine our forces have advanced. We occupy a line along Mortagne, and our right wing is pushing farward.

"There is no news from the Meuse.

"A violent battle occurred yesterday (Saturday) in the region of Lannoy, near Lille, Signy L'Abbaye and Chateau Proecen, but the result has not been decisive and the attack will be resumed tomorrow.

"Four French corps are engaged in a violent battle on the left wing. The right wing of these four corps, taking the offensive, drove back on Guise the 10th German army corps and the guard, both suffering considerable losses.

"Our left was less fortunate. The German forces are advancing in the direction of Lafere."

Lafore is a town in Aisne, 14 miles northwest of Laon. It is a fortress of the second class.

BLOW UP BRIDGES.

Amsterdam, Aug. 29—A despatch to the Algemeine Handelsblad from Turnbout, Belgium, says that the Germans have blown up the railway bridges on the line between Moll, a village 31 miles west of Antwerp and Munichen-Gladbach, Rheinish Prussia.

FRENCH ARMS WILL STRIKE

Commander of French Forces Will Hurl a Strong Army Against the German Right —Desperate Fighting Continues.

London, Aug. 29—The French and British are gathering every man and gun available in northwestern France in an attempt to stop the German advance on the road to Paris.

It is also said that General Joffre, commander-in-chief of the French army, will endeavor to strike at the German right and bring relief to the British and Franch forces which have been placed in such a critical situation by the German outflanking movement.

How far the Allies have succeeded in getting across the German path is not disclosed, for the outside world is ignorant tonight of what is happening on the battlefield.

A report comes from Antwerp and Copenhagen that the Germans have commenced a movement back from the west to meet the Russians who have been advancing so quickly through East Prussia. But it is hardly likely that they will make any great demands upon the western army until the big battle in which there seems to have been a lull has been definitely decided.

Field Marshal Sir John French, the British commander, whose army has been so hard pressed, was in communication with the British war office late this afternoon, thus disproving the German official report that the British had been encircled by the Germans.

Today's reports from the German general staff are not more illuminating than merely to say that the Crown Prince's army, which occupied Longwy, is now advancing toward the Meuse; that a French advance from Nancy had been repulsed and that a third army is advancing through the Vosges. This is probably the army which was said to be making Belfort their objective.

The Russians continue their march through East Prussia and confirmation comes tonight of the statement that they had succeeded in investing Koeignsberg and had taken Allenstein.

It will be a long time, however, be-

(Continued on Page 2)

LONGWY PUT UP HEROIC DEFENCE

Rome, Aug. 30—Via Paris—A despatch from Berlin says the defence of Longway, department of Meurthe-Et-Mosell, France, was the most heroic since the beginning of the war. The town surrendered only after an extraordinary display of valor, 36 of the siege guns all except one had been dismantled. The Germans so admired the brilliant resistance that Crown Prince Frederick William begged the French commander at the moment of surrender to keep his sword.

BUTTE HAS A DYNAMITE SCARE

Butte, Mont., Aug. 30 (1:30 a. m.)—A heavy blast of dynamite has been set off in Main street. All the buildings were jarred in the heart of the city. An investigation is being held.

One of the mine whistles is blowing for help.

A large force of police and scores of citizens are endeavoring to locate the explosion on the hill but thus far have been unsuccessful. The blast was terrific, shattering windows and practically everybody in the city has been awakened, the streets filling with people.

The blast is believed to have been placed under the "Rustling" card or employment offices at the Parrot mine of the Anaconda Copper Company. It is said that the building was badly wrecked. The "Rustling" card system found considerable objection among the old members of the Western Federation of Miners, it is stated.

THE GERMAN MILITARY BUBBLE

"The German Military Bubble" is the title of an article appearing in London's magazine a month before war was declared, written by one who signs himself "En Avant." It has caused a wide spread comment.

The writer says that on paper the German army is the greatest and most perfectly organized, but battles are not won on paper. "There are a hundred and one qualities supposed theoretically to make for an efficiency in an army such as numbers, "materiell" discipline, leading, physique, training, organization and so forth, but the great deciding factor—and those who have as much battlefield experience as myself will doubtless agree with me—is the capacity of the individual soldier to endure hardship, and his individual determination to win through."

He claims that the German system is not designed to encourage individual effort, but rather to stultify it and reduce the individual man or unit to the state of a disciplined automaton. "What men do in manoeuvres is no criterion whatever of what they will do in war. . . . Now the more nicely adjusted the machine the more fatal will be the catastrophe when anything unforseen occurs—take the Titanic as an example—and it is common knowledge that it is the unexpected does occur in war time. Wherefore an army army should be as elastic as possible in its organization and its training.

"This is precisely what the German army is NOT."

"En Avant" claims, and he speaks from long acquaintance with the German army, having attended many manoeuvres, that officers and men are obedient to rule of thumb. Knowing what they ought to do under a hundred different conditions, but are at sea when other conditions arise that are not provided for in the books. "The whole training of the German soldier is designed to eradicate individualism and to reduce soldiers, battalions and regiments and brigades to a state of iron-bound automatism. At manoeuvres the German soldier or officer is taught to do things which he could not possibly perform if the enemy were using ball cartridges. The German cavalry, "En Avant" says, look simply splendid when delivering an impossible charge, but the German is neither a horseman nor a horsemaster and as a scout is beneath contempt. The infantry, he further says, carries too much weight on their backs and for this reason cannot travel far or march fast. The infantryman, according to this writer lacks the doggedness of the Russian, the fatalism of the Turk, the dash of the French or the practical adaptability of the British soldier. He has no higher opinion of their engineers and mentions seeing German engineers bridging by pontoons the Rhine when a pleasure steamer crashed into the structure causing a delay of 18 hours before the engineers had the bridge in shape again. This is contrasted with Greek engineers who flung "crazy" bridges over the Struma under heavy fire in thirty minutes over which troops could pass without geeting their feet wet. And the Greeks are the worst trained soldiers in Europe.

The menace of Socialism, the danger of bankruptcy at home are other points mentioned as mitigating against the success of German arms, while for the navy "En Avant" has a very poor opinion as the Germans are not a seafaring race and it is a constant struggle to keep the navy manned. In case of war, he says, the navy will be manned by little more than amateur soldiers.

The best way to help conditions in British Columbia during these slack times is to insist on having as far as possible goods made in British Columbia. The best way to help Nanaimo is to buy in Nanaimo as much as possible.

FRENCH ARMS WILL STRIKE

(Continued from Page 1)

fore they can directly threaten Berlin, or indeed, before their millions of men can reach the scene of the Austrian frontier where troops of the Russian Emperor are engaged in a general battle on a front of 156 miles between the Vistula and Lemberg, capital of Galicia.

There is considerable uneasiness over the attitude of Turkey. Athens tonight repeats the report that German naval officers and sailors are on the way to Constantinople.

There has been strong denunciation of the continuance of football, cricket and other games while the British army is fighting and more men are required to reinforce them, and particularly of young men watching matches while Secretary for War Kitchener is calling for recruits.

Field Marshal Lord Roberts referred to this in a speech he made today to a new battalion of Royal Fusiliers recruited from the business and professional men of the city of London. He expressed intense admiration for these men, saying:

"How very different is your action to that of the men who can still go on with their cricket and football as if the very existence of the country were not at stake. This is not the time to play games, wholesome as they are in times of peace. We are engaged in a life and death struggle."

Lord Roberts declared that the country was in great danger. There was no use in mincing words, he said defeat would mean ruin, shame and slavery.

"Our troops are fighting bravely" said Lord Roberts, "but they are lamentably few and it is the duty of every able-bodied man to see that the army is maintained at its fullest strength. The women must not stand in the light of their son or husband's duty."

MUST PAY UP.

London, Aug. 28—A despatch to the Reuter Telegram Company from Ostend says that of the German war levy of $40,000,000 on the cty of Brussels, only $200,000 has been paid thus far, and the Germans say that if the remainder is not made good they will seize the pictures and work of art in the museums.

SEASON CURTAILED

Seattle, Wash., Aug. 29—The playing season of the Northwestern League for this season will be curtailed two weeks, according to the announcement made today by President Hughes of the league.

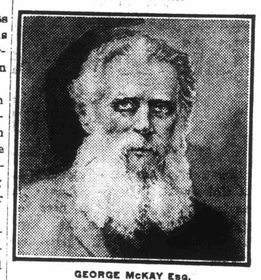
NANAIMO MEMBER RETURNS HOME

(Continued from Page 1)

M.P. for Ottawa has requested to be sent to the front, while Major Hughes son of the minister of militia is also going as well as the two brothers of the minister.

The closing hours of the session on Saturday afternoon will be memorable. Strong parliamentary veterans like Sir. George Foster and late minister of railways Hon. George Graham were moved to visible emotion when they touched upon thre enormous undertaking and its consequent loss of life and attendant suffering which confronts the Empire.

The mover of the reply to the address from the throne, Mr. Donald Sutherland M.P. for South Oxford, in concluding his able address said: "There is no sacrifice the occasion demands that the people of Canada are not prepared to make. Let our response to the Empire be immediate and sufficient."



Sir. Wilfrid Laurier concluded his masterly speech upon the situation with: "Yea, even in South Africa, rent by war less than twenty years ago, but now united under the blessing of British institutions, with all British and Dutch together, standing ready to shed their blood for the common cause. Sir, there is in this the inspiration and the hope that from this painful war the British Empire will emerge with a new bond of union, the pride of all its citizens, and a living light to all other nations."

Then Sir Robert Borden concluding: "In the awful dawn of the greatest war the world has ever known, in the hour when peril confronts us such as this Empire has not faced for a hundred years, every vain and unnecessary word seems a discord. As to our duty, all are agreed, we stand shoulder to shoulder with Britain and the other British Dominions in this quarrel, and that duty we shall not fail to fulfill as the honor of Canada demands.

"Not for the love of battle, nor for the lust of conquest, nor for greed of possessions, but for the cause of honour, to maintain solemn pledges, to uphold principles of liberty—yea, in the very name of the peace that we sought, at any cost save that of dishonor we have entered into this war, and while gravely conscious of the tremendous issues involved, and of all the sacrifices that they may entail we do not shrink from them, but with firm hearts we abide the event."

A FAMILY REMEDY FOR MANY YEARS

Used "Fruit-a-tives" With The Best of Results.

GEORGE McKAY Esq.

KIPPEN, ONT., June 17th. 1913.

"I have been using "Fruit-a-tives" as a family remedy for many years. They are the best medicine I have ever tried. "Fruit-a-tives" do me the most good—they never gripe and their action is pleasant.

"I have used them for Indigestion and Constipation with the best results, and I heartily recommend them to anyone similarly afflicted.

These troubles have left me completely and I give "Fruit-a-tives" full credit for all this. A nicer pill a man cannot take."

GEORGE McKAY.

The enormous demand for "Fruit-a-tives" is steadily increasing, due to the fact that this wonderful fruit medicine gives prompt relief in all cases of Indigestion, Constipation, Sour Stomach, Rheumatism, Chronic, Headaches, and Neuralgia, and all Kidney and Bladder Troubles.

50c a box, 6 for $2.50, trial size 25c. Sold by all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

RARE TALENT IN LOCAL CONCERT

Mr. Harry Harvey, who with a number of other Nanaimo musicians, are giving concerts in various parts of the Island, will give a concert tonight in the Opera House. The program is a splendid one. Two very fine trios for violin, piano and flute are down on the program and Miss Chiswell will include Sobeski's "I Love You" in her numbers, Miss Chiswell will also with Mr. Harvey sing two vocal duets. The concert will begin at 8:30.

The program is as follows:

Piano Solo—"Autumn" (Chaminade)
Miss Grace Morgan

Trio for Violin, Flute and Piano, Serenade. (Tilt.)
Miss Morgan, Mr. Young, Mr. Harvey

Song—(a) "I Love You." (Sobeski)
(b) "Calm as The Night"
Miss Lillian Chiswell

Piccolo Solo—"The Deep Blue Sea"
Mr. William Young.

Vocal Duet—(a) "My Heart's Delight
(b) The Keys of Heaven
Miss Chiswell and Mr. Harvey.

Violin Solo—(Selected)
Mr. Harry Harvey.

Song—(a) For All Eternity
(b) The Little Chimney Sweep
Miss Lillian Chiswell

Trio—"The Herd Girl's Dream."
Miss Morgan, Mr. Young, Mr. Harvey

God Save The King.

NANAIMO MAN WEDS IN VANCOUVER

Mr. Richard Isherwood and bride (nee Miss Agnes Ramsay Colquhoun) will return this evening from a honeymoon trip to Seattle and other Sound cities.

The marriage took place in the Mount Pleasant Presbyterian Church, Vancouver, on Wednesday last, the ceremony being performed by the Rev. Mr. Thompson. The bride was attended by her sister, Miss Christina Colquhoun, the groom being supported by Mr. Robert K. Smart, of Nanaimo.

At Vancouver yesterday the home team defeated Victoria at lacrosse by a score of 14 to 4.

MORE PEOPLE AT WAR THAN LIVE IN PEACE

The world has fifty-three independent governments or nations ruling themselves. Of these nine are at war. Their population is 904,559,000. The forty-four nations at peace have a population of 615,591,000. Thus the world contains today 288,968,000 more people involved in war than living in peace. The countries at war and their population follows:

British Empire	435,000,000
Russian Empire	166,250,000
France and colonies	93,850,000
Germany and colonies	79,945,000
Japan	67,142,000
Austria-Hungary	51,840,000
Belgium	7,432,000
Servia	4,000,000
Montenegro	500,000
Total	904,559,000

CITY CHURCHES

HERALDGRAMS

London, Aug. 28—The French embassy has receiked a telegram describing the situation on the French frontier from the Somme to the Vosges as "the same today as was yesterday. The telegram adds that the Germans seem to have slackened their march and from the evidence of German prisoners the gravity of their losses is confirmed.

London, Aug. 29—The correspondent of the Reuter Telegram Company at Athens says:

"According to semi-official statements, news has been received from a trustworthy source in Constantinople that 800 German officers and sailors as well as a quantity of ammunition passed through Bulgaria on Friday on a special train on their way to Constantinople."

Paris, Aug. 29—It is officially announced that the French left, composed of four army corps drove back on Guise, the tenth German corps and guards. The Germans suffered a considerable loss.

London, Aug. 29—A Central News despatch from Antwerp says that during the latest fighting there King Albert of Belgium himself was under fire for two hours.

Paris, Aug. 28—Many more French and Belgium refugess arrived here today and were immediately forwarded to the central and southern departments of France. They will be employed there in factories or in harvesting the crops.

Paris, Aug. 29—Adolphe Messir the former French minister of war, will assume his post tomorrow as a member of the general staff of the army.

Hong Kong, Aug. 28—The German steamer Senegambia, with a cargo of cattle and coal was made a prize by the British cruiser Hampshire and the French cruiser Dupliex.

London, Aug. 28—A Central News Despatch from Brindisi, Italy, says that a British destroyer sank an Austrian destroyer off Corfu, after a ten-minute fight.

London, Aug, 28—A despatch to the Exchange Telegraph Company from Rome says that a despatch received here from Vienna states that Austria has declared war on Belgium.

London, Aug. 28—A despatch received here from Amsterdam says that the Telegraaf, a local newspaper, declares that the German exchequer has taken steps to siezo all Japanese balances in German banks.

ROYAL STANDARD FLOUR

Detective Walter Burrows arrived in the city last evening from Prince Rupert, says the New Westminster News, having in charge F. J. West, proprietor of the five, ten and fifteen cent store, who was arrested in the northern city last week upon the request of Chief Bradshaw. West will appear before Magistrate Edmonds in the police court this morning charged with making false statements to the banks by which means he obtained cash and loans and an extension of obligations. It is likely a remand will be granted. He has retained Adam S. Johnson to represent him in the case.

NO TIME FOR TEARS.

Berlin, Aug. 29—The Bavarian Crown Prince Rupprecht, who is in command of one of the German armies, in announcing the death of his son, Prince Luitpold, concludes his telegram with the following words:

"Duty commands action, not tears at the present time."

Prince Luitpold, who was born in 1901, died recently of inflammation of the throat, according to an Amsterdam despatch.

I bought a horse with a supposedly incurable ringbone for $30. Cured him with $1.00 worth of MINARDS LINIMENT and sold him for $85.00. Profit on Liniment $54.00.

FEDERALS TO PLAY VANCOUVER TODAY

Godfrey's Baseball team of Vancouver will be over today for an exhibition game with the Nanaimo Federals and as the visitors are bringing over a strong team the game should be well worth watching. The match is timed for 2:30 on tht Caledonian grounds and it is hoped there will be a big attendance of fans, also that they will contribute to the collection for the funds of the club are in need of replenishment. The local team has put up a fairly good article of ball this season and is worthy of all the support that can be accorded it. The Godfrey's team which comes over today is one of Vancouver's best teams and as it is out for revenge in today's encounter there should be something doing every minute of the game.

In today's encounter manager Benedict will pin his faith for victory on the following team:

Piper, 3rd. b; Little s.s.; Killeen, 2nd. b.; Boyce, c.; Beattie c.f.; E. Martin 1st. b.; W. Shepherd, r.f.; R. Ramsay, l.f.; H. Shepherd, p; spares Thompson, Weeks and Drake.

BELGUIM FOUGHT IN EARLY DAYS

Special war despatch to Nanaimo Herald (Delayed in transmission)
Brussels, Aug. 28, 57 B. C.—Horum omnium fortissimi sunt Belgae proximique sunt Germanis, qui trans Rhenum incolunt, quibuscum continentes belium gerunt.

(Signed) JULIUS CAESAR.

For the benefit of our readers who are rusty in their schoolboy Latin we apend a literal translation of the above despatch:

Of all the nations the Belgians are the bravest. They are living close to the Germans who dwell beyond the Rhine and with whom they carry on a continual warfare.

(Signed) JULIUS CAESAR.

GERMAN TREACHERY WAS AMPLY REPAID

Paris, Aug. 27—Among the prisoners who have just died in a hospital at Troyes, department of Aube, says the Petit Troyes, was a lieutenant of the 135th German infantry whose company had sustained severe losses at the hands of the French troops and had been ordered to surrender.

When the French soldiers approached to disarm the Germans the latter separated to let through their ranks a machine gun which had been hidden behind and which poured a murderous fire into the ranks of the advancing Frenchmen.

Exasperated by this treachery, says the paper, the French troops charged furiously with fixed bayonets and exterminated the Germans with the exception of the lieutenant, who survived for a few days with his jaw fractured and his tongue cut off.

FUNERAL OF LATE NELSON CAMPBELL

The funeral of the late Nelson Campbell took place yesterday afternoon from the family residence, Chemainus, to the Church of England, services being conducted at the church and graveside by Rev. Ryall. There was a large attendance at the funeral, the pall-bearers being Messrs J. Cathcart, S. McBride, H. Bonsall, R Smith, J. Monk and W. Blair.

Funeral arrangements were in the hands of Mr. D. J. Jenkins of Nanaimo, there being a large number of floral offerings, included in the list being the following:

Wreaths—Members of train crew, The Ladies Orange Lily Lodge 109 Nanaimo, Mr. Slinger, Mr. and Mrs. A. Horne, Capt. and Mrs. Bond, The Family, Mr. and Mrs. S. Calder (Victoria), Mr. and Mrs. Monk, Mr. and Mrs. Newhouse, Mr. and Mrs. Rook.

Bouquets—Mr. and Mrs. McInnes, Mr and Mrs. Geo. Graham, H. Rouch, Miss E. White, Mr. and Mrs. Blair, Mr. and Mrs. R. Smith.

Cross—Mr. and Mrs. Work, Mr. and Mrs. Saaman.

RIVAL TO KRAMER.

Frank L. Kramer, for thirteen consecutive years the American cycle racing champion, is now in greater danger of being shorn of his title than at any time in his career. And it looks as though Kramer's old throne is to be occupied by a foreigner—Alfred Timothy Goullet, of Australia.

Goullet is a youngster in the game. He is not yet twenty-three years old but this season he has shown the speed, the endurance and the cunning of a champion. Today he stands tied with Kramer for first place in the American championship points table, each having scored 21 points for this season. Walter Rutt world's champion, is third with 9 points, and it is evident that the championship lies between Goullet and Kramer.

CANADA'S CHANCE NOW

Ottawa, Ont., Aug. 29—Mr. Harris Wilson, the Canadian trade commissioner in London, points out in a report to the department of trade and commerce that there are many lines which Canadian manufacturers ought to be able to obtain a share of the rich German business in England if they can fill orders promptly and regularly. Hardware men, he says, have already begun making inquiries as to the possibility of buying in Canada.

Manager O'Day, of the Chicago Cubs, states that he has never seen such great pitching as James, Tyler and Rudolph have been doing.

Minard's Liniment Cures Diphtheria.

MEINSELF UND GOTT.

Der Kaiser fon das Faterland,
Und Gott und I all tings command.
We two, ach, don,t you understand?
Meinself und Gott.

There's France, she swaggers all around;
She's augespoilt, she's no aggound—
To much, we dinks, she don't amound—
Meinself—und Gott.

She will not dare to fight again,
But if she should, I'll show her plain,
Dat Elsass (und in French) Lorraine
Are Mein—by Gott.

Dere's England tinks some ships she's got,
Und soldiers mit their scarlet goats.
Ach! We could knock 'em—poof—like dot—
MEINSELF—und Gott.

In dimes of peace brebare for wars.
I hear der helm and sphear of Mars.
Und care not for dan thousand Czars
MEINSELF—und Gott.

In fact I humor every whim,
Mit aspect dark and visage grim—
Gott pulls mit me—und I mit him—
Meinself—und Gott.

"KAISER UND GOTT NO MORE"

(A Pendant to "Hoch der Kaiser)

I like nor batnerships ad all,
Meinself und Gott between,
Mistakes most efery day are made;
I vish it nefer been.

I vant some dings vich He don'd like
Und He also de same,
He helup me somedimes nod at all,
Und den I get de bfame.

To fix dose pig-tail fellows east
I sent our Heinricht oudt,
Mein best bras knuckles on his fist,
To show vat I'm aboudt.

Dose English-Yankees, dey vas dere.
Dey laugh dot voolish laugh,
Mein ships, dey say, dey vas no goot
But strong, dey say, like chaff.

Now vy did Gott dose English make
Und Yankees und such dings?
De English on me blayed von drick
Vich sorrow to me brings.

Dot fool my mutter dey send here,
I vas not dere to vatch,
Und Gott at my grandmutter vinked
Ven she vas made dat match.

I qvit dot bartnership schust qvick,
Mit Gott I vork no more,
I do things better mit meinself
As nefer vas before.

—A. M. Sutherland in Toronto Globe

GOD SPEED THE RIGHT.

Each soldier stood and bowed his head
And listened to the prayer—
He heard each word the Chaplain said,
And stood in reverence there—
And he knew no fear of the hardships near
Nor the trials he soon must share.

Each harkened how the war arose—
How England fought for right—
How all the world opposed her foes
And looked to her for right.
Then a quiver ran through every man—
Each longing to join the fight!
The Chaplain spoke of treaties broke.
And pointed out the light—
How God alone could soften stone—
And Right could conquer Might.

And each man sang "God Save the King."
And proudly held his head,
For Britons fear no living thing
Nor fear they bits of lead—
For there is no shame if they call one's name
In the army of the dead.

But we who have not gone to war
Must live our share aright,
And do each task that lies before
As our part in the fight—
And work each day, and ever pray
That God may speed the right!

PAUL PAGE.

LAID AT REST.

The funeral of Francis Wilson Bewley, son of Mr. and Mrs. John Bewley, took place yesterday afternoon from the family residence, Strickland street, services being conducted at the home and graveside by Rev. Dr. McLennan. The following floral tributes were sent in respect to the memory of the deceased:

Father and Mother; Brothers and Sister; Mr. and Mrs. F. Buxton, Mr. and Mrs. R. J. Dobinson, Mrs. W. Grieve, Mrs. Bennett, Mr. and Mrs. T. Merner, Mr. and Mrs. J. F. Waggett, Mr. and Mrs. J. West, A. Friend; Mr. and Mrs. Mitchell; Robt and Jean McArthur; Willie and M. A. Stobbart, Mr. and Mrs. D. Lewis; Mr. and Mrs. J. Langham; Mr. and Mrs. W. Thomas; Wilfred Polkinhorne Florance and Ernest Bradshaw; Grace and Stanley Bell; H. and B. B. Haile, Jean Moore, Maggie Simm Mr. and Mrs. J. Green; Mr. and Mrs. Vater; Mr. and Mrs. Murray; Harry Squires; Ethel Thorpe; Mr. and Mrs. I. Rothery.

Payable at any branch of any Chartered Bank in Canada, Yukon excepted, and in the principal cities of the United States.

Thomas S. Fulton, Manager Nanaimo Branch

JONES ASSUMED CHARGE OF ST. LOUIS FEDERALS.

Fielder Jones, former manager of the Chicago Americans and later president of the Northwestern League, arrived in St. Louis to take charge of the St. Louis Federal League team.

Jones did not sign a contract with the St. Louis Federals last week, as he did not care to sign a contract so long as he was identified with organized baseball. Having since resigned the presidency of the Northwestern League, he will now sign a contract in accordance with an agreement signed last week.

MUST SACRIFICE HOMES

Paris, Aug. 30 (12:57)—It is officially announced that the military governor has ordered all residents of the zone within action of the cities defending forts to evacuate and destroy their houses within four days from today, August 30.

ZEPPELIN DESTROYED

London, Aug. 29—A Reuter despatch from St. Petersburg says a Zeppelin dirigible which bombarded the railway station at Malawa, just over the border of Russian Poland, was brought down by Russian fire. There were eight soldiers in the car with quick firers and explosives.

The Nanaimo Baseball Team are holding a big dance in the Assembly Hall on the night of Labor Day. Harvey's Orchestra will provide the music.

TRANSFER OF LICENSE.

Notice is hereby given that at the next regular meeting of the Board of Licensing Commissioners for the City of Nanaimo, I intend to apply for a transfer of the license held by me for the sale of spirituous and fermented liquors by retail, held by me for the premises known as the Vendome Hotel, situate on lot 10 in Block 54, in the City of Nanaimo, from myself to John Aitken.

Dated at Nanaimo, B. C. this 4th day of August, 1914.

A5 1m. A. J. GARRETSON

NOTICE

Take notice that E. E. Brown, of Nanaimo, occupation, school teacher, intends to apply for permission to purchase the following described land Commencing at a post planted on the west shore of Southy Island, about 1-3 mile north of Wallis Point, Nanoose Bay, and following the sinuosities of the shore line around the whole island to point of commencement, containing six acres more or less.

BRIEF MENTION

The Rev. S. J. Green will address the Wallace street Epworth League, Monday evening.

Mrs. Lowther, Nicol street, left for Vancouver yesterday on a visit to her daughter, Mrs. Dan Beaton, Vancouver.

Mr. H. N. Freeman left for Vancouver yesterday on a business trip.

The remains of the late Ritchie Munro were removed to Vancouver yesterday for burial, and were accompanied by Mrs. Munro, widow of the deceased, and Mr. Robert P. Munro, a brother of the deceased. The funeral will take place Monday afternoon at 2 o'clock from the Mount Pleasant Undertaking parlors.

Mrs. William Rowan of Seattle, returned home yesterday after visiting Mr. and Mrs. John Rowan, Victoria Road.

Mr. and Mrs. Alex. Rowan left for Vancouver yesterday to attend the funeral of the late Ritchie Munro.

As will be seen by a notice published elsewhere in this issue, hunting, shooting or trespassing is prohibited upon the lands of the Western Fuel Company.

Miss Corlett, Nicol street, left yesterday on a visit to Miss Machin, Vancouver.

Miss Agnes Walker, Milton street, left for Vancouver yesterday to meet her parents, Mr. and Mrs. George Walker, who are expected to arrive at Vancouver today on their return from a three months visit to Scotland.

Mr. W. E. Rose, of Calgary, returned home yesterday from a business trip to the island.

As will be seen by an advertisement elsewhere in this issue, Messrs Goodman and Goodman have purchased the confectionery business formerly conducted by Mr. A. Brown, in the Newcastle Block, Comox Road. The new owners will keep a large and assorted stock and expect by attending to business to receive a full share of the public patronage.

An examination for stationary engineers has been held by Inspectors Duckitt and Clark in Nanaimo and the following were the successful candidates:

3rd. Class—W. W. McLean, Louis Vozza and W. Taylor.

4th. Class—R. A. Ruffle and J. Harper.

The Victoria Home of Nanaimoites.

THE DOMINION HOTEL.

Popular Prices Free Bus

Commencing September 1 the Nanaimo Dairy Supply Company will pay 42 cents a pound for butter fat. Cream will be received any day during the week, excepting Sundays, and no quantity will be refused.

Miss E. Brown left on the Patricia yesterday afternoon for her home in Vancouver after spending a month with Mrs. Gunner Jacobson, Chemainus. Mrs. Jacobson accompanied Miss Brown to Nanaimo.

The funeral of the late James McIntosh, who was killed Thursday morning by a premature blast in Protection Mine, was held at one o'clock yesterday from the chapel of D. J. Jenkins, Rev. Dr. McLennan conducting the service. A large number of friends of the deceased were in attendance. The pall-bearers were J. Rutherford, P. F. Reid, J. Carr, J Flynn, R. Capstock and R. Carr.

Although the Agricultural Exhibition has been cancelled, the Dog Show which would have been held in connection with the Exhibition, has not been cancelled, but instead of being held in the Agricultutal Buildings as first proposed it is intended holding the shows either in the Athletic rooms, or the Assembly Hall Sept. 16 and 17. The premium lists and entry forms are out now. The same can be had from the Secretary. All entries must be in by the 10th of Sept. Full notice will be given through the local press.

The regular meeting of the Woman's Auxiliary Nanaimo Hospital, will be held on Monday evening. Aug 31st at 8 o'clock in the smaller lodge room in the Oddfellows' Block, and all members are respectfully invited to attend and discuss matters of importance concerning the Hospital with the Auxiliary. Members of the Hospital Board are also asked to be present.

CONSIGNEES SATURDAY

Nanaimo Electric Light Co., National Biscuit and Confectionery Co., Dan Vinecguna, Mahrer & Co., W.J. Pollard- Jepson Bros., Wing Wah, Western Fuel Co., Ideal Plumbing & Heating Co., W. E. Smith, S. Ueno, C. F. Bryant, S. Madill, Senior and Russell, Thompson, Cowie & Stockwell, Paul Bennett, F. J. Ellison, J. Bevan, Army Service Corps, F. Burns, E. Graham, Mr. Brambridge.

The night school classes are now starting, and those intending to join the stationary engineering examinations should join at once. Another stationary engineering examination will be held in a month's time and no time should be lost by prospective candidates. The civil service examinations will prbably be held in November and those wishing to write would be well advised to give in their names now. Classes are held in the High School at 7:30 each evening and in the top floor of the Central School at 10:30 a.m.

CARD

Having purchased the confectionery business in the Newcastle Block, Comox Road, recently owned by Mr. A. Brown, we respectfully solicit a share of the public patronage.

Messrs Goodman and Goodman.

Mr. Harry Harvey who is giving concerts in different island centres will, with his party, give a concert in the Opera House Sunday evening commencing at 8:30. A fine program orchestral, instrumental and vocal music will be given. Miss Lillian Chiswell and Mr. W. Little in character impersonations will appear.

Wanted Cream

Starting September 1 the Nanaimo Dairy Supply Company are prepared to purchase good cream.

Whether you want a Tailored Suit or Ready-to-Wear it will be to your advantage to make an immediate choice. Our Special Importations from England are now on our tables; also many new Ready-to-Wears have arrived including Blue Serges

CALDWELL

CARD

The widow and family of the late Nelson Campbell, Chemainus, wish to thank the kind friends who sent floral tributes, and in other ways sympathized with them in their hour of bereavement.

Owing to the war which is now waging in Europe, and the unsettled state of affairs generally, the Executive Committee of Alberta and Eastern B. C. Section of the Canadian Press Association have decided to postpone the convention which was to have been held in Vernon, B. C., September 2, 3, and 4.

Finest Alberta Bread Flour, $1.80 per Sack

Having contracted ahead on the finest Alberta flour, we have decided to give the public the immediate benefit, instead of following the market as is our usual course, and will sell a car (800 sacks) as above for cash only.

PIANOS

Just Received a New and Complete stock of

Gerhard Heintzman,
Kohler & Campbell, Weber,
Morris and Wright Pianos

REMEMBER....

that only with a piano of established reputation are you assured of permanence of tone. Many pianos may sound well at first, but deteriorate rapidly when put into service.

Each of the above pianos has built an enviable reputation for ability to retain through its lifetime that wonderful tone which charms all who hear it.

Nothing ensures quality but quality itself. We have pianos as low as $288 and will take your present instrument as part payment at a fair valuation and arrange convenient terms.
