London, June 9.—Gen. Concha is mov-
ing against the Carlists in Navarre with
every available man. General Dorregaray,
commander of the Carlists, is already in a
good position, and an important action is
expected to take place soon.

The Duke of Connaught (Prince Arthur)
appeared in the House of Lords last night
for the first time since his return from
deliberations.

California, June 9.—The strike in the
lumber districts are more favorable.
Cases of actual starvation are now
rare. The number of persons employed
in the region is decreasing, in consequence
of rain prevailing everywhere.

New York, June 9th.—The jury this
afternoon brought in a verdict of guilty
against Messrs. Rowell, Ferguson &
Wells, Charity Commissioners of Brook-
lyn.

Paris, June 9.—In the Assembly to-
day, O'Ferd, Deputy from the Department
of Nièvre and member of the Left, read
a document which he stated had been
circulated during the recent election in
that department, upon retired officers who
are in favor of the election of M. Burgoing,
the Bonapartist candidate, and adds,
that the Minister of Finance, M. Magne,
has furnished lists of such officers to the
Government. M. Girard demanded an
honest enquiry into the affair. Roacher
disclaimed any knowledge of the docu-
ment, and insisted that it was fictitious;
he declared himself in favor of an
enquiry, and would discuss the subject
when the results of the investigation
should be presented to the Assembly.
Gambetta accused Ministers Magne and
Cissey of complicity in this discreditable
business. Bonapartist members of the
Assembly endorsed Roacher's offer to
discuss the matter when investigated.
Roacher then reminded the Chamber of
charges in relation to the improper and
fraudulent contracts and appointments
reported by the Committee on the acts
of the September Government against
Gambetta. A violent scene followed.
Gambetta replied that he had always
answered questions of the Committee,
but did not admit the right of wretches,
with which term he branded Bonapar-
tists, to question him. Tumult and
shouting which this reply provoked,
rendered Roacher's rejoinder inaudible.
Buffet threatened a vote of censure on
Gambetta for the words he had spoken.
After sitting, Gambetta and his friends
were followed as they were leaving the
Chamber and insulted by Bonapartists.
The occurrence is considered as of a se-
rious character, and causes great excite-
ment in Paris. The Left claim that 330
members are pledged to vote for the dis-
solution of the Assembly, and they only
require 30 more votes to carry the mo-
tion, which they intend to introduce at
the earliest day possible.

The Pacific Railway.

Mr. Sandford Fleming's report of the
Survey of the Canadian Pacific Railway
has just been issued, from which we ex-
tract some interesting information with
regard to this great national undertaking.
Mr. Fleming reports that—
I. Though the explorations in connection
with the Rocky Mountain Zone are not
yet completed, sufficient information has
been obtained to make it certain that
there are several routes on which the
obstacles met with, although formidable,
are not insuperable. The explo-
rations now in progress in British
Columbia, there are reasonable grounds
for believing, will result in the discovery
of a line through the Rocky Mountain
Region which will be more eligible than
any yet surveyed.

II. It is now "established beyond
doubt" that a favorable and compara-
tively easy route, considering the line as
a whole, has been found along the Eastern
Slopes, that is to say, from Ottawa
to Lake Superior.

III. It will be possible to locate the
line direct from the northern side of
Lake Superior to the Prairie Region
without unusually expensive works of
construction, at the same time with re-
markably light gradients in the direction
of the heavy traffic.

IV. The main line to Manitoba from
the eastern terminus can be located in
such a way as to render unnecessary the
construction of a branch to reach the
navigable waters of Lake Superior.

V. There will be no difficulty whatever
in finding a comparatively easy route
across the Prairie Region. The bridging
of the large rivers, with proper care in
location, will form no large proportion
of the cost of the entire railway.

VI. The lakes and rivers of the Prairie
Region, Mr. Fleming says, "may be ad-
vantageously used in the introduction of
supplies and in the construction of the
railway."

VII. As regards the working of the
railway in winter, the chief difficulties
would be found on the western slopes of
the Rocky Mountains; but except in these
localities, the Canadian Pacific Railway
will have on an average "considerably less
snow than existing railways have to contend
with."

VIII. "That the practicability of es-
tablishing railway communication across
the Dominion is no longer a matter of
doubt. It may indeed be now accepted
as a certainty that a route has been
found, generally possessing favourable
engineering features, with the exception
of a short section approaching the
Pacific coast; which route, taking its
entire length, including the exceptional
section alluded to, will, on the average,
show lighter work and will require less
costly structures than have been neces-
sary on many of the railways now in
operation in the Dominion."

Teachers' Institute in Fergus.

(From a Correspondent.)
By the invitation of a number of Public
School Teachers belonging to the First
Inspectorial Division of this county, Dr.
J. H. Sangster, concerning whom the
public have recently read and heard so
much, was present in Fergus on Friday
and Saturday last, conducting what is
known as an "Institute." Both days
were chiefly occupied by Dr. Sangster's
explanations and illustrations of how the
various subjects in a public school course
ought, in his opinion, to be taught.
With a thorough understanding of the
subject, a fair command of language, and
a spice of humor, it would have been
strange indeed if the late head-master
of the Normal School had failed in fixing
the attention of the hundred teachers of
both sexes, from all parts of this large
county, who were present.

At the close of Friday's professional
lectures, Mr. Kilgour, Inspector, who
presided throughout the holding of the
Institute, left the chair, and withdrew
with Dr. Sangster, when a meeting was
organized for the purpose of nominating a
candidate to represent the public school
teachers in the Council of Public Instruc-
tion. Mr. Boyle, of Elora, was appointed
to the chair, and Mr. Chisholm, of Cara-
terax, to act as secretary. The chairman
having explained the peculiar circum-
stances which had led to the holding of
the meeting in Fergus, called for nomi-
nations. Mr. H.B. of Rockwood, se-
conded Mr. McCormack, of Orangeville,
nominated Dr. Sangster.

Mr. McCaig, of Galt, being present,
was requested by motion, to make cer-
tain explanations of the Sangster scandal,
which he did, and was proceeding to
plead for the Doctor as a candidate,
when he was called to order by the chair-
man, on the ground that Mr. McCaig
was not a teacher in the county, and had
only been asked for explanation.

Several other teachers supported the
nomination, declaring, at the same time,
that they did not believe the reports cir-
culated about Dr. Sangster to damage his
chances of election. The chairman asked
if no one else had a nomination to make,
at the same time expressing his own
opposition to Dr. Sangster. Time hav-
ing been allowed without any other can-
didate being brought forward, Dr. Sangster
was declared to be the unanimous
choice of the meeting.

In the evening of the same day Dr.
Sangster delivered his lecture on "Heroes
and Hero Worship," in the Drill Shed,
to a pretty fair audience.

At the close of Saturday's proceedings
a vote of thanks was tendered to Dr. S.,
and elicited a very eloquent reply. Votes
of thanks were also tendered to the
Chairman, the Trustees for the use of
the school, and the Village Council for
that of the Drill Shed.

Delegates were then appointed, one
from each inspectorial division, to attend
the Toronto Convention in July. These
were, for the first, or Southern division,
Mr. McPherson, of Puslinch, and for the
second or Northern, Mr. Nairn, of Er-
mosa.

In connection with the nomination, we
have good reason to believe that although
only one candidate was named, there
were many teachers present who will
not vote for Sangster, and some who will
not vote at all, at least under present
circumstances.

The Brigade Division Camp.

We believe it is as good as settled that the Second Brigade of the First Division of Volunteers will have their camp in Guelph. This Brigade comprises the Perth, Waterloo, Wellington, Huron and Bruce Battalions, and the Guelph Field Battery, the whole numbering over 1,500 men. The matter will be definitely settled as soon as a proper parade ground can be obtained. We understand that the Quartermaster, the Mayor, and some of our citizens intend to see Mr. Wm. Hood, and obtain his consent to use the racecourse as a suitable place for drill and Brigade evolutions. We have no doubt but that he will readily grant it. The Exhibition ground could be used as a camping ground, or perhaps the bush belonging to the Mitchell Estate, near the Race course, could be obtained. We believe the intention is to form the camp in the first week in July, but the exact time is not yet fixed. We hope to be able in a day or two to give more information on the subject; meantime we trust that our town officials will do all in their power to get suitable places for camping and for drill.

The Reciprocity Treaty.

A Washington correspondent of the N. Y. Tribune sends to that journal an outline of the proposed reciprocity treaty between the United States and Canada. He states that it has been for some days before the Senate, not as a perfect document for ratification, but rather a suggestion of what is proposed for preliminary advice. It was drawn by Secretary Fish on the part of the United States, and Sir Edward Thornton and Hon. Geo. Brown, on the part of Canada. The following are the propositions contained in this rough draft of a treaty: 1. Abandonment on the part of Great Britain and of Canada of all claim for compensation on account of the concession of the United States by the Treaty of Washington of the privilege of the "inshore fisheries." 2. The free admission and interchange of all natural products of the United States and the British Provinces. 3. The reciprocal free admission of manufactured products of the two countries, specifically enumerated. 4. Welland and St. Lawrence Canals to be built by the Dominion. 5. Caughnawaga Canal to be built by the Dominion. 6. American and Canadian built vessels may carry cargo and passengers from any port on the great lakes and river St. Lawrence to any other such port. 7. All canals on either side of the boundary to be open, under the same conditions, to the citizens of the two countries. 8. Lake Michigan to be open to Canadians as the St. Lawrence has been to the Americans. 9. Canadians may purchase American vessels and register them as Canadian, and Americans may purchase and register Canadian built vessels in like manner. 10. Joint Commission to regulate the navigation of the St. Clair Lake and River. 11. Joint Commission for propagation of fish. 12. Joint Commission for the regulation and maintenance of light-houses. 13. Joint Commission for regulating interchange of traffic at Custom-houses on the line. 14. The Treaty to continue in force for 21 years. The Treaty has been laid before the Senate by the President for advice and consideration; and the correspondent says that according to the advice which it may give will depend further action in the way of negotiation and settlement of details. If the Senate reports favorably the Treaty will be at once perfected and sent back for ratification. A despatch from Ottawa says it is understood in well informed circles that the only question that stands in the way of the completion of the Treaty is the unwillingness of the Washington Government to admit Canadians to their coasting trade. Our Government, however, are not without hopes of procuring a modification in this respect.

Union of the Presbyterian Churches.

The tears of many, who thought there would be insuperable objections to a union between the Canada Presbyterian Church and the Presbyterian Church in connection with the Church of Scotland, have been happily removed. The resolution of Dr. Cooke in favour of the union was carried by an overwhelming majority in the Synod—89 voting for, and only 10 against it. It now only remains for the necessary steps to be taken in legislation to consummate the union. A spirit of conciliation and fraternal feeling have been manifested on both sides, some of those in the Canada Presbyterian Church who were most strongly opposed at one time to union have gracefully given in their assent, and it will now be accomplished with a unanimity and good feeling which at one time was not hoped for. Every friend of Presbyterianism will rejoice at the auspicious result. A despatch from Ottawa says it may be considered settled that the new Military College will be located at Kingston, and that Col. Fletcher will likely be appointed Governor of the Institution. In Port Hope the other day a large quantity of batter in the market was seized and distributed to the poor. Rolls supposed to weigh a full pound lacked from a half ounce to an ounce and a half. The Sabbath School Association of Canada have accepted the invitation of the Surrey School Teachers of Bradford to hold their annual meeting in that town in the coming autumn.

Synod of the Presbyterian Church.

June 5. The debate on the Union question was resumed by Rev. Mr. Lang, who strongly opposed it. Rev. Mr. Macdonnell, of Toronto, spoke as strongly in its favour. After these speeches for and against it, Principal Goodgrass moved in effect that the Union be deterred till the nature and extent of the disapproval or opposition to it be ascertained; also the practicability of removing or conciliating such disapproval or opposition. After a good deal of discussion, the Synod agreed to the Conference with the Assembly.

June 6. The debate on the Union question was resumed and after some time was adjourned, in order to receive the General Assembly of the Canada Presbyterian Church. At a quarter past eleven the members of the General Assembly of the sister Church entered the Church, headed by the Moderator, Ex-Moderator, and Clerk. The Moderator was conducted to the platform by the Rev. D. M. Gordon, who introduced him to the Synod and the Synod's Moderator, and he took a seat on the right of the Moderator of the Synod, amid loud applause. Mr. Croil, Elder, of Montreal, was called on to preside, and after devotional exercises, Dr. Topp addressed the Conference on the terms agreed to by the Assembly for Union.

Rev. Dr. Cook then suggested that the object of the Conference having been gained, and the propositions and explanations of the General Assembly having been fully laid before the Synod, the communication be respectfully received, and the deliberations of the Synod thereupon should take place afterwards. He thanked his God that he had lived to see this day; that he had lived to see his beloved brethren come back in a body and take their seats in this Court from which they went out thirty years ago. He then, from the Moderator's chair, parted with them in sorrow and tribulation of spirit, and he hoped the day was not distant when they should return. Let the Lord of Hosts be praised that prayer was now answered. (Loud and prolonged applause.)

After remarks from other ministers, a motion that the Conference appoint a joint Committee to consider all matters with respect to Union was carried, and it was adjourned. On Sabbath afternoon an impressive Union Communion Service was held in St. Andrew's Church.

June 8. Rev. Dr. Cook, when the subject of the Union came up, moved an amendment to Mr. McLean's motion—which is opposed to the Union—that the Synod is justified in going into it, and laying down certain specified rules for the Administration of the Temporaries and other funds. Only 10 voted for Mr. McLean's motion, and 80 for Dr. Cook's amendment. The amendment was made amid great applause.

Rev. Mr. Burnett of Hamilton lodged his written dissent against the decision of the Synod.

June 9. The Synod proceeded in a body headed by the Moderator and Clerk, to Knox Church, to hold a Conference with the Canada Presbyterian General Assembly. In the afternoon the question of forming a Central Home Mission Board was referred to Presbyteries.

Rev. Mr. Lang submitted an overture on the evils of intemperance, and submitted a scheme for a temperance union, which was adopted. Some matters in connection with the Foreign and French Missions were discussed.

The Czar has a new Bible. GENERAL Assembly Canada Presby- terian Church.

The Assembly again went into Com- mittee on the Union question. Principal Cavan made an able speech in favour of Union, and was followed by others who spoke for and against it.

The Rev. Mr. King moved that a confer- ence be held with the Synod of the Presbyterian Church, with a view to securing if possible its consent to the removal of the four articles from the basis, so as to secure Union with the negotiating Churches; it being believed that the object contemplated in this article could be secured in a way more generally acceptable.

Rev. T. Wardrop seconded the motion. He remarked that they could not obtain Union upon the terms they wished, and he believed that this resolution would commend itself to their brethren of the Synod in connection with the Church of Scotland.

Principal Cavan moved in amendment that the three first articles of the basis be adopted, and that a conference be held on the fourth. Carried.

A motion was also passed for the with- drawal of the resolution referring to the disposal of the Temporalities Fund of the Presbyterian Church.

In the evening the Home Mission Committee was appointed, with Rev. Mr. Cochrane as Convener.

The Rev. Mr. Vannest of the Reformed church of America then addressed the Assembly.

The following resolution was agreed to:— "The Committee expresses general approval of the resolutions, with the exception of those which have already been dealt with."

The following ministers recorded their dissent from the resolutions:—Mr. J. Middleton, J. McTavish, J. Ross, J. Scott, J. Ferguson, and Cameron.

Rev. Wm. Reid read the report of Knox College. The contributions to the ordinary fund had amounted to \$7,800, leaving a deficit of \$1,802. The endowment fund now amounted to \$6,012.

The amount subscribed for the new College building was \$86,169, of which \$22,871 had been already paid. The contracts let amounted to \$73,690, not including several items. It had been found necessary to meet engagements with contractors, to borrow \$10,000 from the Western Assurance Company on a mortgage on the old building and site.

It was expected that the new building would be completed early next year.

Rev. W. Reid then read the report of the Board of Management of the Montreal College. They reported the completion of the new College, of which they gave a description. The receipts on account of the building fund had been \$45,522, of which \$33,304 had been paid.

The day was mainly occupied in re- ceiving reports on the Kankakee Mission, on French evangelization, on the Aged and Infirm Ministers Fund, and on Foreign Missions. The Committee on the first mission recommended that the congregation at St. Anne, Kankakee, be placed under the care of the Presbytery of Chatham, and that Mr. Chiriquy's connection with that mission cease.

At eleven o'clock the members of the Presbyterian Synod were introduced by Rev. Dr. Topp and Rev. Mr. Wardrop. Hon. John McMurrich was chosen to preside at the Conference.

The Clerk of the Synod read the resolu- tions agreeing to the Union, and con- gratulatory speeches were made by min- isters of both bodies on the gratifying result, and on the unanimity with which the basis of Union was agreed to. The Rev. Mr. McTavish, who was one of the strongest opponents of Union, also spoke and gave his assent to it. In the evening the Rev. J. H. Wilson and Rev. J. C. Burns, delegates from the Free Church of Scotland, addressed the Assembly.

DR. WHEELER'S ELIXIR OF PHOS- PHATES and Glycerine—After having used your Compound Elixir of Phosphates and Glycerine for over two years in my daily practice, I must give it my unqualified approbation. During a practice of over twenty years, I have used many scientifically prepared compounds, made to fulfil the same therapeutical indications as your Elixir, but none of them proved to me as valuable as yours. To the medical profession and the public, I would especially recom- mend it as the best remedy with which I am acquainted for the successful treat- ment of the large and constantly increasing class of cases of over-worked and nerve- exhausted women. Yours truly, N. WATKINS BURN, M.D.
