NOVA

SCOTIA

JOURNAL OF AGRICULTURE

Published under direction of the Board of Agriculture of Nova Scotia.

Omnium rerum, ex quibus aliquid acquiritur, nihil est agriculturâ melius, nihil uberius, nihil homine libero dignius.—Cicero : de Officiis, lib. I, cap. 42.

VOL. III.

HALIFAX, N. S., SEPTEMBER, 1877.

No. 7.

Halifax, 10th September, 1877.

The Annual Provincial Agricultural Exhibition will be held this year at Kentville, King's County. Permanent Exhibition Buildings of an extensive and convenient character are now in course of erection.

The Exhibition Grounds and Buildings will be opened on Monday, October 1st, 1877, at 9 o'clock, A. M., for the reception and arrangement of exhibition articles and animals. Exhibitors on arrival will immediately report themselves to the office of the Secretary, who, with the assistance of the Committee of Management, will allot appropriate pens or space for their exhibits. This day none but members of the General Committee, officials, exhibitors and necessary attendants will be admitted.

Live animals, cut flowers, and perishable articles will be received on Tuesday morning, from sunrise up to 9 o'clock. Inevitable delays to be dealt with at the discretion of the Committee.

The Exhibition will be open to the public on Tuesday, the 2nd, at 2 o'clock, P. M., when an opening address will be given. The grounds and buildings will be open each succeeding day from 9 A. M. to 5 P. M., and the buildings on Wednesday and Thursday evenings from 7 to 10 P. M. Admission 25 cents; children 10 cents. Bands of music will be in attendance.

The judges will meet at the Secretary's office on Tuesday the 2nd, at 9 A. M., to obtain entry books, and proceed to award premiums. On completing their work,

(which, if practicable should be finished by 5 P. M. of the same day,) they will hand over their books and reports to the Secretary, who will furnish the requisite prize tickets, which it will be their duty to place carefully, and as soon as possible, upon the various articles.

Exhibits may be removed from the ground on Friday afternoon, 5th October, immediately after the closing address has been delivered. The Treasurer will commence to pay premiums on the ground, at 9 A. M. on Friday. Prizes not claimed within three months from the close of the exhibition will be forfeited.

Horses, cattle, sheep, swine and poultry, must be entered on or before Saturday, September 15th, and the age of each should be stated in years and months at the date of the Exhibition—the precise date of birth to be given when necessary.

Plants, fruits, flowers, grain, roots, vegetables and other field and garden products, agricultural implements, manufactures of all kinds, and articles not elsewhere enumerated, may be entered up to Saturday, September 22nd—one week preceding the show.

A Public Auction of Stock will take place on Thursday, 4th, at 10 A. M. J. P. Lyons, Auctioneer. Commission 2½ per cent. Amount of sales guaranteed.

All articles for exhibition must be on the grounds on Monday, October 1st, after which day none will be received, except live stock, fruit, flowers, and other perishable articles, which will be received up to 9 A. M. on Tuesday 2nd.

THIRTEEN years ago there was not a single thorough-bred animal of the cattle kind with a pedigree in the Province of Nova Scotia. To-day we give a list of 337 registered pedigreed animals, all either imported or raised in the Province from imported stock since 1864. Many of these animals are of great pecuniary value; but, if we estimate them all at a low average price of \$150, we find that our farmers have invested in pure blood to the extent of \$50,550. The following is a statement of the different breeds:—

Short Horn bulls.....	63
“ cows and heifers... ..	57
	--120
Ayrshire bulls.....	52
“ cows and heifers.....	66
	--118
Devon bulls.....	30
“ cows and heifers.....	41
	-- 71
Jersey bulls.....	13
“ cows and heifers.....	13
	-- 26
Hereford bulls.....	2
	-- 2
Total.....	337

The system of Annual Agricultural Exhibitions in Ontario commenced in 1846. The amount of premiums offered on that occasion was one thousand dollars.

The Short Horn bull calf, whose pedigree is recorded by Mr. Chase in the present number, is, we believe, the first thorough bred bull calf got in Nova Scotia, by the famous sire Lord York. He is certainly a very fine calf and has made good headway since the second of March.

PROFESSOR LAWSON, Secretary of the Central Board of Agriculture, will lecture in Horton, this month for the King's County Agricultural Society, who will hold a Field Pic-nic in connection with the lecture, the subject of which is Cattle Feeding. He will likewise lecture for the Farmers' Grange in Colchester.

AMONG the Ayrshires recently registered are some very fine calves. One of these is Colonel Starratt's young bull calf "Curiosity;" he is particularly marked about the head and ears, the latter being very much notched, taking this from the mother, Lady Millicent. He is sired by Thrift. The Colonel's beautiful cow Dew Drop is yielding stock as good as their mother.

MR. POWER, the active and zealous superintendent of the Public Gardens, has succeeded in raising a totally new style of Geranium, viz., a variegated leaved double sort. It occurred as a shoot of the well known double variety, *Sappier Pompier*, which has the ordinary green leaves of doubles and bright scarlet flowers. One branch or shoot on a plant of this sort produced lately well-marked variegated leaves, white or pale straw-color and green, whilst the flowers on the same shoot now appear of a pink or rose-colour, quite different from the scarlet of the original. We hope Mr. Power will succeed in increasing this new variety so as to establish it as a standard sort. It will form quite an addition to the list of varieties, being so distinctive in character.

ONE of our rarest ferns was recently found on the road to Liverpool, N. S., by P. Jack, Esq., and roots of it are now growing in the Fernry at Bella hill. The species is *Woodwardia virginica*. It has been hitherto known to exist in only one spot in Nova Scotia, at Summer Rest, North West Arm, where it was discovered by Miss Lawson of that place. There are a few stations known in Ontario, viz., Millgrove Marsh, near Hamilton; Pelham; sphagnous swamp, near Heck's Mills, ten miles from Prescott; Augusta; Belleville.

MR. MERRIMAN of Pictou, is soliciting orders of the most useful invention ever offered to the farmers of this country, and which will doubtless before long come into general use, viz., the Grain Cleaner. No farmer who has used one for a season would part with it for double its price if he was not certain of being able to get another from Mr. Merriman's establishment.

We hope to see Mr. Merriman's Grain Cleaner at the Kentville Exhibition, where all our live farmers can see it.

THE PROVINCIAL EXHIBITION.

THE EXHIBITION BUILDINGS AND GROUNDS AT KENTVILLE.

A "Traveller" sends us the following:—An hour's stay in Kentville enabled me to pay a visit to the Exhibition Grounds and buildings now in course of erection thereon, and I must confess I was very much pleased with what I saw, and could learn, respecting them.

The grounds consist of ten acres of land on a hill to the north of Cornwallis River, rising I should think over one hundred feet from the level of the river, and are within three minutes walk from the Railway station. The grounds are level where the sheds and main building are located, with a fall to the south, which is partially covered with a small growth of pines and oaks, through which the committee have constructed a drive-way, and have also made a "ring" for trying the speed and style of the carriage and trotting horses. The arrangements of the buildings, sheds, roads, &c., are well and tastefully made.

The ground is turfed over, and is composed below of coarse sand and gravel, which a week's rain would not make muddy. I think the committee who have the whole thing in charge have made a central and suitable location for the Exhibition.

The main building is one of the best I have seen in this Province, and is only excelled in Canada by the exhibition building at Fredericton, N. B. It is 115 feet long and 38 feet wide, with two wings of 16 feet each, in all 70 feet wide, and two additional wings on the main front of 14 feet each, for offices, committee room and flowers; with other conveniences. I did not learn the exact height, but think it must be 30 to 40 feet to the top of the roof, with a main tower some fifteen feet above all. There are three towers on the front and two on the rear, with small towers on the roof. There are about one hundred windows in the building, which will give ample light. The ground floor has an area of about 8000 feet, and the galleries of over 3500, besides the flower-room and offices which contain more than a thousand—in all some 12,500 feet, ample room for any Provincial Agricultural Exhibition.

The building will make a stylish appearance, and besides is well and conveniently arranged. The frame is one of the best I have ever seen for so large a building, and reflects great credit on the Berwick Steam Mill Co., by which it was manufactured, together with the boards for the walls, which are all planed to an even thickness. The entire building is to be floored. The workmanship

is very creditable to the contractor, Mr. R. Farnham, who also assisted in designing the building and preparing specifications.

The South end gallery for speakers and the band drops three feet below the side galleries. There is a balcony on the South end from which a band can be heard a long distance, as it is elevated so far above the level of the surrounding country. The main roof is covered with Bay Shore spruce shingles, and the leantoos with Philadelphia roofing. The building will be ready for tabling and internal fixtures in ten days.

The sheds for horses, cattle, sheep and swine are in rapid progress towards completion, and are made of good substantial material and well put together. The contractor for the fence is getting along well, and the whole will be in readiness within the time named. A good supply of water will be had on the grounds for visitors, and adjoining the grounds is a splendid spring which is being utilized for the purpose of watering the cattle and horses.

I should think that some persons well acquainted with exhibitions must have had much to do with the plans and arrangements. And if the Exhibition is carried out in the same spirit with which the buildings, &c., have been commenced, it will reflect credit on the Committee having the matter in charge.—*Morning Chronicle, Sept 3.*

At the present time, Nova Scotia is the only potato country in the world that is not bothering itself with Colorado bugs. In America these spoilers are now marching eastwards through the New England States; in Canada they are deporting themselves, with the rest of the Ontarians, on the banks of the lower St. Lawrence, and, as the weather gets warmer they are gradually moving away down, it is confidently said, but we don't believe it, to the region of the cool Gulf breezes. The finding of a few in Belgium has paled the faces of all Europe with dismay. Here our farmers are growing their potatoes without fear. But it will be well for them to keep dry their Paris green.

Baddeck, August 21st, 1877.

DEAR SIR,—At a meeting of the Baddeck Agricultural Society held here today, it was decided to sell our Ayrshire bull, "Lord Raglan," at public auction, on Tuesday, the eleventh day of September, at ten o'clock, A.M. I will therefore advertise in the *Truro Sun* and in one of our Cape Breton papers. I write you in case persons may be enquiring of you for such an animal. If we get a suitable offer before the day mentioned above we would sell at private sale.

I am, yours truly,

W. F. McCurdy,
Sec'y Baddeck Ag. Soc.

In the lists of Jersey cattle we have included not only the animals registered by their owners, but also all Jersey stock known to have been brought into the Province and believed to be pure. It seemed to be necessary to do this not only for the purpose of obtaining a starting point for a Register, but in order to obtain, by publicity, a sifting of facts that may become important in the future. In cases where the pedigrees are fragmentary or imperfect, the probable degree of purity of the animal must be estimated from the information accessible. The animals that are entered without pedigrees are known to have been imported from Jersey as pure, or to have descended from imported parents, but the present owners should lose no time in supplying the information necessary to place them above suspicion. We shall feel obliged to anyone who will take the trouble to correct any errors in any of the lists of thorough-bred stock, or supply information necessary to complete the records.

g gr d Fanny by Don Juan.

CLXXVII.—Bull Calf. Calved Aug. 2nd, 1877.

Sire CXXVI.

Dam CXXXI. Colonel Laurie.

SEVERAL accidents with infuriated bulls have occurred this season. Mr. Con Heighton, of Cape John, was badly gored and trampled upon by a bull on the 15th August, and is reported by the *Eastern Chronicle* as being in a critical condition. —At Lochaber, on the 16th, Mr. Peter Stewart, coming out of his stable, was met by a neighbour's bull, and so mangled that he died on the 19th. —We hope exhibitors at Kentville will bear in mind the 25th regulation: "Exhibitors must supply themselves with proper fastenings for safely securing the animals in their stalls. All bulls (not under a year old) must have nose rings. It appears, however, that bulls horns are not the only instruments of death on the farm, an old gentleman was stung on the temple by a bee the other day, and, notwithstanding the speedy application of the proper remedies, died in a quarter of an hour. —Whilst recording these misadventures, we may apologise to our readers for the occupation of some of our space last month, by an obituary notice having no agricultural connection that we know of, the type of which our compositor had transferred by mistake to this JOURNAL from some other publication printed in the same office.

A BAG of very fine oats have been shown to the New Glasgow Editor, sown on 27th April, and reaped on the 11th August, by Mr. Daniel Cameron, Hardwood Hill, Pictou Co.

WE grieve to hear of a sudden and sad bereavement in the family circle at Oakfield, such as only mothers and fathers can fully realize.

FOR SALE.

Ayrshire Cow & Cotswold Sheep.

THE imported Ayrshire Cow, Park 4th, in calf to Young Royalty (imported). Also, a few Cotswold sheep and Lambs. Apply to
W. J. LEWIS,
sep 1 Gorsebrook, Halifax.

THOROUGH-BRED POULTRY FOR SALE.

1. *White faced Black Spanish*. 1 trio fine birds, \$6. Cockerels \$2 to \$1 each.
2. *Light Brahmas*. One fine large Cock, \$4. Cockerels \$1 to \$2 each.
3. *Buff Cochins*. One trio. Cockerel and two hens, \$6.
4. *Partridge Cochins*. One Cockerel, \$2.
5. *Silver Pencilled Hamburgs*. 2 pairs. Best \$4. Second pair \$3.
6. *Brown Leghorns*. 2 Cocks at \$2 each, 1 year old. 2 Cockerels \$1 each. Pure Bonney strain.

The Spanish hens are imported stock purchased from Professor Lawson. My Light Brahmas took 1st and 2nd at Truro, 1877. S. P. Hamburgs are from the stock which took 1st at Truro, 1877. The above are all surplus stock, and I will exchange for common fowls, pullets, or for any fair offer. Will sell from this date, August 16th, 1877. Cash in advance. Address,

CHARLES D. MACDONALD,
sep 1-2m P. O. Box 45. Pictou, N. S.

THOROUGH-BRED AYRSHIRE Cows and Heifer Calves.

FOR IMMEDIATE SALE.

Lucyfield Farm, 1st Sept., 1877.

IN order to make way for an addition to the Short Horn Herd, the following thorough bred AYRSHIRE Cows and HEIFER CALVES are offered for immediate sale at the very lowest reasonable prices. All the animals have full pedigrees, are registered in the Nova Scotia Stock Register, and their certificates will accompany them. They are all in excellent condition, and several of them are entered for the Kentville Exhibition:

1. **LADY FLORA CXIX.**—A large brown and white Cow. Calved Dec., 1869; bred by Guy, Oshawa. First prize at Canada Provincial Exhibition at Hamilton in class of 2 year old heifers against 15 competitors; third at Truro, 8 entries. Siro Jock [02], dam Effie [50]. Has had 6 calves. Being nearly 8 years old will be sold cheap. She is now in milk, and a good milker.
2. **LADY PANUCKE CCVIII.**—White, ears tipped red. Calved March 3, 1876. Has had one calf, and is now in milk. Siro Lord Raglan CC. Dam Lady Flora CXIX.
3. **LADY AVON CCIX.**—Dark red and some white flecks. Calved March 11th, 1876. Siro Lord Raglan CC. Dam Lady Flora CXIX. A very promising heifer.
4. **LADY FAIRIE.**—White with several red patches on head, neck and side. Calved April 5, 1876. Siro Mianac CIX., out of Josephine, the first prize Ayrshire Cow at Truro Provincial Exhibition. Dam Lady Flora CXIX.
5. **LADY HALIFAX.**—White with red spots on head and ears. Calved 26th July, 1877. Siro Young Royalty CXXXVII. (imported from Scotland last year). Dam Flora CXIX.

—ALSO—

6. **A WHITE YORKSHIRE BOAR**, four months old, by imported Royal Ellesmere, out of Luna, a half-bred sow (Chester x Ellesmere). Is now fit for service, and will be sold low to any society requiring a useful animal.

The animals may be seen at the Farm at any time by enquiring for the Herdsman. Prices and further particulars on application to DR. GEORGE LAWSON, Bedford or Halifax.

THOROUGH-BRED SHORT HORN BULLS FOR SALE.

I WILL sell during the Exhibition at Kentville:

- 1 BULL 18 MONTHS OLD,
1 BULL 8 MONTHS OLD,
1 BULL 4 MONTHS OLD.

All Certified Pedigree.

J. B. FRASER.

Shubenacadie Sept. 7th, 1877.

W. E. STARRATT, MAPLE GROVE, Paradise, Annapolis County.

BREEDER of Thorough-bred AYRSHIRE CATTLE from Imported Stock. Some extra young Bulls for sale.

TERMS MADE TO SUIT PURCHASERS.

AYRSHIRE BULL FOR SALE.

THE full-bred Ayrshire bull, SENATOR, five years old, purchased from Colonel Laurie, Oakfield, and the property of the Milford Haven Agricultural Society. SENATOR is a long, heavy bull of handsome proportions, and as a stock getter is unsurpassed. The only reason for Society wishing to part with him is, that having had him three seasons they wish to exchange him, to prevent breeding in.

Possession given the 1st of September. Terms moderate.

Apply to
C. F. MARSHALL,
Sec. Milford Haven Agri. Soc., Guysboro'.

Thorough Bred Devon Herd.

Oakfield Station on Intercolonial Railway,
close to House.

SURPLUS STOCK FOR SALE.
