CROWN PRINCE FERDINAND.

MURDERS CAUSED BIG SENSATION AT CAPITAL

When News Became Known Authorities Seized Telegraphs and Telephones—Sympathy for Aged Emperor Francis Joseph Expressed Everywhere.

Special to The Toronto World. LONDON, June 28.—News of the assassination of Franz Ferdinand and his wife reached London early today. Special editions of the Sunday papers were published, creating a painful sensation. The prince was personally known here, having visited London several times in the past few years. The last occasion was in the spring when he was entertained, with his wife, by the Duke and Duchess of Portland, who gave a magnificent ball in their honor.

The Duchess Hohenberg by her beauty and gracious manner made herself popular wherever seen, but Franz with his sullen, heavy aspect, created an unfavorable impression. He was devoid of animation or charm, his leading characteristics being intense pride and a highly insouciant conception of Austria's mission to Europe. He was concentrating all his personal influence in an effort to secure imperial rank for his wife to whom he was deeply devoted, and therefore ensured succession to the throne to their children.

Sink Into Obscurity. This ambition which consumed him and was never out of his thoughts was bound to provoke trouble in future and resulted in the emperor's nomination of the Archduke Carl Franz to succeed Franz Ferdinand. His three children, one daughter and two sons, the eldest thirteen and the youngest ten, not only are cruelly bereft of parentage, but their chance of inheriting the ancient throne of the Hapsburgs is utterly shattered. They will now sink into a position of insignificant obscurity. The aged emperor is the special object of sympathy, who has thus had the uniquely horrible experience of his wife and both heirs apparent dying tragically, untimely deaths. It was always understood that he never cared overmuch for Franz Ferdinand and in late years their estrangement was notorious. The emperor has shown high fortitude under even more terrible personal misfortune than this, but he's now feeble and older and less able to bear such a shock.

No Great Effect. The frightful malediction flung against him in his young days by the mother of a young officer to whom he had refused a reprieve from capital punishment, is once more recalled by this further tragedy in his family, the last of such accumulations of sorrow as few living men have had to bear. It is believed here that the murders will exercise any effect on internal affairs. In Austria-Hungary the critical time will be when the emperor dies. Archduke Carl Franz enjoys great popularity both in Austria and Hungary and his accession is considered less likely to produce a disrupting effect on the dual monarchy than that of Franz Ferdinand.

Men's Hats for the Holiday. Dinesen's, 140 Yonge Street, has prepared for the holiday (Dominion Day) with the largest selection of Straw, Panama and light-weight felt hats ever collected in the big store. The prices are as wide in range as the selection of hats. There are some very fine and novel lines of straw hats by Henry Heath of London, England, at \$3.00, and Christy London straw hats at \$2.00, Panamas at \$2.50 and \$3.00. If you are going out of town for a holiday, Dinesen has every kind of cutting headwear for men and women. Caps for yachting, golfing, tennis, sea-side and mountain wear in a variety of materials. The Dinesen Co. is a high-class hat store and caters for the finest and most exclusive trade. The public will find just what they want by coming direct to Dinesen's, 140 Yonge Street.

Canadian Press Despatch. LONDON, June 28.—The Anchor Line steamer California is on the rocks off Tory Island and calling for assistance. Gunboats have left Londonderry to assist the steamer. The California's bows are badly damaged and she is taking in water thru two holes. It is reported that the passengers destined for points in Ireland already have been transferred from the vessel and are expected to reach Londonderry at noon tomorrow.

The Anchor Line steamer California sailed from New York June 29, for Moville and Glasgow. On board the vessel were 121 cabin and over 300 second-class passengers. Tory Island lies off the north-west coast of the County Donegal, Ireland. It is a rocky reef two miles long and half a mile wide. On the northern end of the island is a lighthouse.

BUILDING FELL NO LIVES LOST

Large Section of St. Catharines Store Crashed to Ground During Business Hours Saturday Night.

Special to The Toronto World. ST. CATHARINES, June 28.—A sixty-foot side wall along the rear half of the newly-changed and enlarged semi-ready store on St. Paul street, four stories in height, fell to the bank of the hydraulic raceway Saturday night while the place was open for business, causing a section of the floors about twenty feet wide to go down, along with several tables of men's clothing. At that particular moment no customers or salesmen were upon the part of the floor which collapsed, no person was injured, but a loss that will reach at least \$10,000 was caused to the building and contents, rain falling shortly afterward. Sliding of the bank on which the building was constructed thirty-eight years ago is believed to have been the cause of the collapse. Recently the two stores were made into one, also the dividing brick wall from the three streets below was allowed to remain, and this prevented a more serious disaster. Building Inspector Barley states that he notified the owner some time ago that the building was not safe. The property is owned by Thomas Niham.

FELL THIRTY FEET WHEN ROPE BROKE

James MacFarland, age 10, of 32 Ryerson avenue, fell thirty feet from the third story of the new wing of the Lawrence bakery at 6.15 Sunday afternoon, and at the Sick Children's Hospital, where he was conveyed in the police ambulance, his recovery was despaired of last evening. The lad had mounted the building with two others, and the accident occurred when a rope to which he was clinging parted from its support on the next floor. He is internally injured.

BULLET HIT LABORER POLICE HOLD FRIENDS

Joseph Carboni, a railroad laborer, was mysteriously shot in one of the laborers' living cars near Claremont station early Sunday morning, and when Joseph Feri and Joseph Louth sought the wounded man to Toronto the police arrested both of them as material witnesses. Carboni is in the Western Hospital with a bullet in his back. The only clue so far is the finding of a .38-calibre bullet in Feri's trunk.

KAISER MOURNS DOUBLE TRAGEDY LOSS OF FRIEND SHOCKED LONDON

Fetes Canceled and Flags on the Ships of Fleet Are Half-Masted. Royal Court to Go in Mourning for Week—New Heir Apparent Popular. Canadian Press Despatch. BERLIN, June 28.—Emperor William at Kiel displayed the deepest grief when informed of the death of Archduke Francis Ferdinand and his wife, as he and the duchess had been on terms of the closest friendship and the emperor had shown many attentions to the duchess. All fetes connected with the regatta were canceled and authorization was given for the half-masting of the flags on the ships of the fleet, including the British warships now visiting there. Emperor William decided to leave Kiel tomorrow and go to Vienna to condole with Emperor Francis Joseph in his grief, and attend the funeral of the archduke and the duchess. Through Germany the assassination of the heir to the Austrian throne and his wife caused intense feeling, as both were popular in this country. According to a Sarajevo despatch to The Lokal Anzeiger, the Servian Government had urgently warned the archduke not to go to Bosnia without extraordinary police precautions in view of the danger of anti-Austrian feeling there.

ADJOURN INQUIRY TO DELIBERATE ON JUDGMENT

Empress of Ireland Wreck Commission Hears Finishing of Counsel Arguments—Dominion's Legal Representative Believes Both Vessels Were to Blame for Collision. Canadian Press Despatch. QUEBEC, June 28.—The Empress of Ireland wreck inquiry was yesterday afternoon adjourned sine die, to allow of the commission considering its findings. The last day was marked by an able address to the commission by C. S. Haight, who has conducted the case from the point of view of the owners of the Storstad, the collier which rammed the Empress, a reply by Butler Aspinall, K.C., who has acted for the C. P. R., and a general review of the evidence by Edward L. Newcombe, K.C., who has represented the Dominion Government. Mr. Haight's contention. Mr. Haight sought to lay the blame for the tragedy at the door of the Empress of Ireland, claiming that the vessel's steering gear broke down and that after this had happened and Capt. Kendall had been forced to stop his ship, he lost his head when he found that he had done so right in the path of the Storstad. Mr. Haight said it was not to be expected that Capt. Kendall would acknowledge this in the face of the world. Mr. Haight also emphasized the fact that the present heading of the hull of the vessel is (Continued on Page 2, Column 5.)

HOME RULE IS ASSURED ASSERTION OF BIRRELL

Canadian Associated Press Cable. LONDON, June 28.—"Home rule is inevitable," declared Irish Secretary Birrell, speaking in Yorkshire Saturday. If the present government disappeared tomorrow the first thing the Unionist government would have to do would be to promote the home rule bill. Whatever they might be to call it and what it was called, Ulster knew the present bill was secure. He deeply deplored that any portion of Ireland should be separated from another for six years, and did not believe any party in Ireland wanted it. Any other proposals would be carefully considered by the present government.

PULL LINER GOTHLAND FROM SCILLY ROCKS

Canadian Press Despatch. MONTREAL, June 28.—James Thom of the Canada Line received a telegram from Antwerp yesterday that the company's steamer Gothland, which ran on the rocks off the Scilly Islands a few days ago, had been loaded and was proceeding to St. Mary's, Scilly Islands, in tow of tug.

BODY OF E. W. COX MAY BE SENT ON LUSITANIA

Canadian Associated Press Cable. LONDON, June 28.—The body of the late E. W. Cox, Toronto, who died at Hythe on Saturday, was conveyed to London the same night and will be taken to Toronto, probably by the Lusitania, this week. During the five weeks he was in England Mr. Cox sought the advice of several eminent specialists and also received the benefit of the most recent discoveries of radium. Improvement followed, but serious complications set in and proved rapidly fatal.

LAD WANTED IN BRANTFORD

Detective Croome arrested a 15-year-old lad on Queen street Saturday night who is wanted in Brantford for the theft of about \$200 worth of jewelry. The stolen articles consist of a diamond ring, the pin, and a gold watch and chain.

Four-Year-Old Pleads With Church-Goes to Abolish the Bar.

W. E. RANEY'S PROPHECY

Many Addresses Given at Political Meeting in Metropolitan Church on Sunday.

"Do just what you're told to do, and help us boys," was the advice of four-year-old Victor Dyer, speaking at an election-eve meeting of "abolish-the-bar" advocates yesterday afternoon in the Metropolitan Methodist Church...

Mr. Raney declared he had been a Conservative, but turned from his party on what he termed a "highly moral issue in the present campaign." He compared Mr. Rowell with David Lloyd George in the temperance cause...

Attractive Boat Trips Dominion Day. Among the many attractions for Dominion Day none have a stronger appeal than an outing by the commodious steamers of the Canada Steamship Lines, Limited.

GALT ORANGEMEN AT CHURCH. GALT, June 23.—The Galt Orange Lodge this evening attended divine service at the Baptist church in a body and besides a good turnout of the local Orangemen many visitors were present.

GOOPS

By GELETT BURGESS. The finger nails of Claude Lorraine are such a cause of his mother pain; He bites them morning, noon, and night; Until each finger-end's a Sight!

Don't Be A Goop! I'm glad that you Don't have such bitten fingers, too.

NURSERY

CONDUCTED BY Clinis Murray. PREVENTION. The physical welfare of the child is much more easily managed than the mental; for nature has given us the most easily moulded and most responsive material possible.

ORIENTAL POPPY Papaver Orientalis. The poppies are a gorgeous family, as everyone knows. Beautiful as a dream, are their silken blooms and as short lived.

SMALL GALT BOY RUN OVER BY AUTOMOBILE. GALT, June 23.—Cecil Chamberlain, the nine-year-old son of W. Chamberlain, Lansdowne avenue, on Saturday afternoon at the entrance to Dickinson Park was knocked off his bicycle by a baby buggy and run over by an automobile, owned by Hall Bros., Galt.

LADIES. Have your Panama, Straw, Tegal and Leghorn Hats cleaned, dyed, blocked and remodeled at NEW YORK HAT WORKS, 566 Yonge Street, Phone N. 3812.

This Week's Attractions at the Theatres

MARIE RUSSELL AT LOEW'S WINTER GARDEN ROOF.

BONSTELLE PLAYERS. This week admirers of Mrs. Frances Hodgson Burnett's works are going to see some of her best known characters portrayed upon the stage when the Bonstelle Players present "Little Lord Fauntleroy" at the Alexandra Theatre.

"SEVEN DAYS" AT PRINCESS. "Seven Days," funniest of the many farce comedies which have made New York laugh in the past two seasons, will present Percy Haswell in her fifth week at the Princess Theatre this evening in an unusually happy role.

LOEW'S WINTER GARDEN. Complete election returns will be read from the stage of Loew's Winter Garden Roof this evening during the performance of this week's bill, which is headlined by the convulsing sketch "When Women Rule," depicting conditions 50 years hence—after the suffragettes have conquered the men.

THE HIPPODROME. With her company of 10 clowns and 15 animals, Mmes. Mace and her burlesque circus, will head the bill at the Hippodrome this week. It is rather an unusual sight to witness a miniature circus on a vaudeville stage, and it requires all of a stage manager's ingenuity to make such an offering a success.

MADONNA OF THE LOUVRE. "Madonna of the Louvre," the play by M. Benjamin Osborne, which is to have its premiere at Shea's tonight, is a four-act modern problem drama. It will be the first time that a play by a Canadian dramatist ever had its premiere in this city.

COBourg WOMAN THROWN FROM RIG

Mrs. S. C. Smith Seriously Injured When Wheels Passed Over Her Body. COBourg, June 23.—Mrs. S. Smith, proprietress of the Arlington and Columbia Hotels, is in a critical condition as the result of being thrown out and run over by her rig on Albert street on Saturday.

Rev. R. Simpson Makes This Comparison in Carlton St. Church.

POLITICS IN PULPITS. Today's election furnished the subject for a number of sermons delivered in Toronto pulpits yesterday. Rev. R. D. J. Simpson, of Carlton Street Methodist Church, compared the voter against Mr. Rowell to Pontius Pilate, when he condemned our Lord to be crucified.

Rev. T. T. Shields Declares That Responsibility for Open Bars Rests on Voters.

INDUSTRY FOR CHATHAM. CHATHAM, June 23.—A special meeting of the city council will be held tomorrow night for the purpose of considering a proposition whereby Chatham will secure a new industry. There is a concern in communication with the city for the purchase of the old Defence Iron Works plant, and the deal will likely be closed tomorrow night.

Summer-Spoiled Skin Removed by Absorption. As undue summer exposure usually leaves an undesirable surface of skin, that is more or less greasy, or even cracked, it is better to remove such surface than to hide it with cosmetics.

Thomas Benton Carrihan, who will play "Little Lord Fauntleroy" at the Alexandra this week.

ROBERT H. BENTLEY WITH ADELE BLOOD AT SHEA'S. Singing comedienne scored quite a success. She will sing several of the latest song successes this week. Mack and Irwin have a bright, snappy offering, while the Roberts have an aerial act, possessing considerable merit.

SIXTY YEARS A QUEEN. If anyone entertains the idea that time is withering national affection for the memory of Queen Victoria, the idea will be dispelled by a visit to the pictorial history of her life and reign at the Grand Opera House.

MUSIC AT HANLAN'S. The Conway Band, headed by Patrick Conway, entered into the second week of their engagement at Hanlan's.

CHEESE MARKETS. BELLEVILLE, June 23.—About 2285 boxes white and 60 colored were offered, 700 selling at 12 1/2c and 800 at 12 1/2c; balance refused at 12 1/2c.

COVANSVILLE, June 23.—At the meeting of the Eastern Townships Dairy men's Exchange, held here this afternoon, 15 factories offered 1116 packages of butter. Six buyers present. Seven factories sold at 23 1/2c; four at 23 1/2c, and five not sold.

LONDON, June 23.—At today's cheese market 1515 boxes were offered; no sales; bidding from 12c to 12 1/2c.

Great strides are being made in the size of the diamonds made in the electric furnace, and a Frenchman hopes soon to produce commercial stones in this manner.

Peter's Adventures in Matrimony

By LEONA DALRYMPLE
Author of the new novel, "Dance of the Green Swan" awarded a prize of \$10,000 by Ida M. Tarbell and S. McClure as judges.

No. 108
What a Card Brought.
AN ironic episode of malice has gotten me into a peculiar mess.

My first inkling of the situation came one evening when I found Mary in tears. "What is the trouble?" I asked. When a woman cries it really is a great count-down to know what to do.

Accused of Flirting.
Mary's tears came considerably faster when I inquired the cause of them. "Peter," she said, "I never supposed I'd married a horrid flirt."

I Protest Innocence.
"I-I don't know," said Mary, wiping her eyes and looking for the first time as if she really did believe me.

Blushing on the Telephone.
Somehow I feel pretty positive that without her maternal purr over the telephone Mary would have had more faith in me.

Like Their Surroundings.
So, their attachment proved a rope of sand. "Yes," they did their courting on the beach.

THE SUMMER HERO

By Michelson

BROWNED by the sun, shining like a bronze god, he takes it all very complacently. Admiration does not bother him at all. He doesn't have to be introduced. He is the guardian and friend of all femininity.

Do you wonder that a perfectly dry fashion plate girl sometimes wonders whether a slight gurgle in the deeper place beyond the breakers might not be rewarded by a real thrill, one of those experiences you remember all your life?

Word Origins

Presently formerly meant instantly, immediately, and is used in this sense in scores of places by Shakespeare and other writers of his time.

The word prevailed is from the Latin, and originally meant a straddler with distorted or misshapen legs.

When ironing it is a very good plan to get a clean brick, a white one if possible, as a stand.

Like Their Surroundings. So, their attachment proved a rope of sand.

Suspended Gowns Now the Craze

By MADGE MARVEL

WITH the generous adaptation of the waistcoat by womanhood it is comparatively easy to take a step further in purloining masculine garments, and add suspenders to feminine costuming.

Another way in which the thin, white blouse is made one with the linen frock is by having the underarm pieces of the material of the skirt, cut in square effect, which makes the sheer blouse seem like a deep gulf.

The gown shown is a recent Paris importation, and is applicable to all the linen and cotton weaves so much used this season.

There is the suggestion of the once favored jumper dress in the suspended frock, but in this costume the straps are carried down to the skirt.

Two or three black taffeta gowns which I have particularly noticed made for the summer vacation trips, to be worn for the informal dance or the semi-dress occasion where full evening dress is not permissible.

From this model, one of the noted modistes tells me, she has made several very smart costumes for the Newport season.

blouse of fine organdie. Another was, so deep that it suggested the old-time cardinal, the material, one of the new cottons and the blouse of voile, white with a stripe of the color of the gown.

With mock annoyance he told me how he happened to be there. The couple about to be married were not Catholic.

Dear Annie Laurie: Perhaps you could advise me what to do. I have been going with a young man for nearly six years.

I am a little lonesome. Please help me. DARK HAired LASSIE.

You say you are lonely and know no one in your church. Why don't you go and see the minister about it?

Secrets of Health

Why All Milk For Your Baby Must Be Boiled

By Dr. Leonard Keene Hirschberg

AND what is so rare as a day in June? Then, if ever, come perfect days; Then heaven tries the earth if it be in tune.

To Avoid Sunstroke. "Insulation," or sunstroke and heat stroke, may be a sword of Damocles, suspended for hotter days of the summer.

Boil Baby's Milk. It seems to be a lesson slowly learned by fond parents that because a bottle looks "clean," a milk is rich and tastes "sweet," that it still can cause a Caesar's legion of infantile deaths.

Whosoever is out of patience is out of possession of his soul. Man must not be ruled by his passions.

Words of Wise Men

Every man is exceptional.—Emerson. It is easy to see, hard to foresee.—Franklin. He had a face like a benediction.—Cervantes.

Long Tunics and Lace.

Two or three black taffeta gowns which I have particularly noticed made for the summer vacation trips, to be worn for the informal dance or the semi-dress occasion where full evening dress is not permissible.

Suspenders and Pannier Straps.

blouse of fine organdie. Another was, so deep that it suggested the old-time cardinal, the material, one of the new cottons and the blouse of voile, white with a stripe of the color of the gown.

Three Minute Journeys

By TEMPLE MANNING

OF all the people of the earth, I would give to the Maori the palm for hospitality. Never shall I forget the delightful marriage feast it was my good luck to attend one warm New Zealand day.

Advice to Girls

By ANNIE LAURIE

Dear Annie Laurie: Perhaps you could advise me what to do. I have been going with a young man for nearly six years.

I am a little lonesome. Please help me. DARK HAired LASSIE.

You say you are lonely and know no one in your church. Why don't you go and see the minister about it?

Useful Hints for the Housewife

By Ann Marie Lloyd

For grit in the eye apply a drop or two of castor oil; it relieves the irritation. Pickles may be kept from becoming mouldy by laying a little bag of mustard on the top of the pickle jar.

When ironing it is a very good plan to get a clean brick, a white one if possible, as a stand. The iron will retain heat much longer than if an open iron-stand be used.

Like Their Surroundings. So, their attachment proved a rope of sand.

MONDAY MORNING, JUNE 29.

THE FORWARD MOVEMENT.

It should not be overlooked in the heat of party strife that the opposition under our British political system has a highly valuable constitutional function. Among certain sections there is perhaps a lust for office, but only the very bigoted or the very inexperienced would suggest that Sir James Whitney or Mr. Rowell was running for office for either the pleasure or the profit of the position. And we may take it that for the better part of the leaders on both sides this is true without at all losing sight of the fact that this same desire for office is one of the strongest motives prompting the activities of a large section of the rank and file on both sides. Where this desire for office preponderates in the party, the leaders and the party as a whole suffer, coming under the shadow of baseness. And this is one of the dangers and weaknesses of party politics which especially beset a government which has been any length of time in office, and to correct which the tonic stimulus of the opposition is so important. After the long third of a century in which the Liberals held office in Ontario this corruption had come to a fatal issue. The memory of it still clings in the popular mind around the survivors of that period, and it is one of Mr. Rowell's chief handicaps that he was associated with that period of decadence. On the other hand, the nine years of the Whitney administration have been singularly free from any suggestions of corruption on the part of individuals, and it is one of the complaints of the Conservative following that there has not been a greater distribution of the spoils of office. Sir James Whitney set a high standard in this respect, and no Liberal office holders were removed from the civil service without good occasion. Should Mr. Rowell ever attain to power he must follow that record or submit to general execration.

But this lust for office, which is such a powerful factor among the party workers, does not affect the public to anything like the same degree. In fact the live man regards political or civil service employment as a sort of commercial suicide, and he fails to understand the fascination which some feel for a government job. It is almost inconceivable to such people that men will act as they have done in the past to create a claim for office. Ballot stuffing, ballot burning, personation, false registration, "plugging," votes and all the crimes that began to be too common ten or twelve years ago in the province are not present to the minds of the younger generation of voters as they are to their fathers. The Gamble charges, the "Minnie M." Captain Sullivan, and the Lott ballot boxes are almost incredible echoes from ancient history and fail to explain to younger men and strangers the fierce hostility which Mr. Rowell's aspirations arouse in older men. This is the greatest handicap under which Mr. Rowell labors. Two-thirds of the electorate at least still remember the old gang and the old machine, the corporation domination, the repeated throw-downs of the temperance party, the parsimonious handling of the public services. Mr. Rowell comes, like another Edryn, "nobly changed."

The world will not believe a man repeats. And this wise world of ours is mainly right. Full seldom doth a man repeat, or use Both grace and will to prick the vicious quill. Of blood and custom wholly out of him, And make all clean, and plant himself afresh. Edryn has done it, weeding all his heart.

Of course, we speak politically, for Mr. Rowell's personal and private life is exceptionally fine and pure. And yet "the world will not believe" in his political change of heart. His party twice before promised to clean up the bars, and they cheated the voters. Will he do what he says? In Toronto, for example, it is not generally believed that were Mr. Rowell returned with a majority, he would close all the Toronto hotel bars. This is his handicap.

Sir James Whitney, on the other hand, has carried out his promises. They may sometimes be meagre, they

may fall short of expectation, in one or two instances there has been delay, but the promises have been kept. He has promised a further restriction of the liquor traffic, and his record is with him. At the present rate of progress all the bars in the province would be closed under the Local Option Act in twelve years. Would it be worth it to give the Conservatives 21 years of power? The Liberals had 21.

And it is here that the value of the opposition is most striking. A strong opposition makes a strong government. Even should Mr. Rowell not attain a majority in the legislature his campaign and the manifestation of public sentiment in his favor means that the government will certainly give attention to the issue that Mr. Rowell has made paramount. There must be legislation dealing with the liquor shops. There must be stronger control and a fully effective administration of the liquor laws. There must be a change in the licensing system, giving fewer spirit licenses and substituting beer and wine licenses instead. Public opinion is setting in this direction, and the opposition has done well to give it point. The political outlook seems to indicate the return of Sir James Whitney to power, but with a strengthened opposition the country may expect a forward movement in many directions in which progress is being sought.

THE LATEST AUSTRIAN TRAGEDY.

Much was said and written in the earlier decades of last century about the crimes of the House of Hapsburg, and these have been neither few nor small. But that ill-fated family is today even better known by its sorrows. Blow after blow has fallen upon the venerable emperor, who after a stormy and unfortunate youth, for which he was not altogether personally to blame, has saved himself through his deep sense of duty and responsibility to his people. His life has formed one of the most romantic and tragic of histories with as its most pathetic moments the death of his son and the assassination of his wife, the Empress Elizabeth.

Again the hand of the assassin has passed and the heir-apparent Archduke Franz Ferdinand and his wife have become its victims. This latest of the tragedies which have struck the House of Hapsburg may have results of high importance in their influence on the European situation. The late archduke made no secret of his sympathy with the aggressive section of Austrian sentiment that aimed at the development of the empire as a Slav power. He is believed to have been largely responsible for the annexation of Bosnia and Herzegovina and for Austria's insistence on the erection of Albania into an independent kingdom. His death will give the aged emperor more cause for anxiety regarding the future of his heterogeneous realm.

READING CAMP ASSOCIATION.

Work of great value and indeed of national importance has been and continues to be done under the auspices of the Reading Camp Association, whose thirteenth annual report has just been issued. Altho the provincial department of education recognize to some extent the needs of the frontiersmen who are preparing the way for the extension of Canadian civilization into the remoter regions of the Dominion, they have not fully met these. Grants in aid of conveying instruction to the motley crowd of workers who toil in the mines, lumber and construction camps are made, but these are insufficient for that purpose, and the result would be ineffective, but for the fact that the Reading Camp Association has stepped into the breach and thru its voluntary and unselfish instructors covered much of the outlying territory.

During the summer of 1913, seventy-five college men engaged in manual labor in the frontier camps of Canada, in order to serve their fellow toilers. After the day's labor was over, they taught English and the elements of education to men of many nationalities—Frenchmen, Italians, Swedes, Russians, Austrians, Galicians, Ruthenians and other foreigners who find employment in the wilds. The instructors find that when approached in a disinterested manner, these men appreciate any efforts that are made to teach them our language and improve their conditions. Nor is the opportunity lost, to bring before them the duties and responsibilities of Canadian citizenship. Until the state assumes the burden of this work, no organization is better worth the co-operation and support of the general public than the association that is looking after the frontiersmen.

MUNICIPAL OWNERSHIP IN SCOTLAND.

Scotland is usually regarded as a country whose people are peculiarly able to look after their own interests. Thrift has long been a national virtue, altho perhaps not so much in evidence today as it was when penury was the prevailing characteristic of the social order. Today the lowlands include important industrial centres, while the City of Glasgow ranks as the second city of the kingdom. If not of the empire. Education has been raised to a high level, and nowhere is a spirit of civic pride and patriotism more general or pronounced.

Scotsmen are convinced believers in municipal ownership and operation of public services and utilities, and this predilection is clearly shown in the annual return issued by the government department of the board of trade relating to gas undertakings in the

United Kingdom. From the figures dealing with Scotland it appears that there are now only six statutory company gas undertakings in the country as against fifty-seven statutory municipal enterprises. This is made all the more interesting and suggestive when it is found that there is less temptation in Scotland than in any other part of the United Kingdom to municipalize gas undertakings, since by statute the price charged has to be adjusted to cover expenditures, reserves and renewals and profits cannot be applied to rate relief.

LIGHTNING STRIKES AMUSEMENT HALL

Near-Panic in Chatham Theatre—Barns Hit and Crops Damaged.

Special to The Toronto World.
CHATHAM, June 28.—During a heavy electric storm last evening a moving picture hall was struck by lightning while a performance was on, and for a time it seemed as if a panic would happen. The lightning struck the transformer just outside the building, and the electric light service in the theatre was immediately cut off. The lightning traveled along the wires leading into the building and filled the theatre with a dull blue light.

Several women screamed and fainted and a number of them jumped up and tried to scramble for the door. A man in the gallery raised the cry of fire and proceeded to climb down from the gallery to the floor of the house. It was with the greatest difficulty that the attendants prevented a panic that the barns belonging to A. Jamieson, livestock man, were struck by the lightning, but they did not catch fire and no damage was done.

The rain fell in torrents and it is impossible at this time to estimate the damage which will be done to the crops. The rain was very hard on the young corn crops, for the plants are just coming to stand up in the fields. The roads have been badly affected by the rain and it is expected that it will have the effect of keeping many of the rural voters at home tomorrow.

A 1200-foot toboggan slide will be in operation all summer at the Panama-Pacific Exposition, operated by an artificial refrigerator company.

A system of valves in front of the automobile headlight has the effect of illuminating the road to the satisfaction of the person behind it, and at the same time shields the eyes of those approaching.

MORE POWER IN THE WEST.

From The Winnipeg Grain Growers' Guide.
The redistribution bill which was passed in the recent session of parliament will give the three prairie provinces an additional representation in the next election. At the same time, owing to the movement of population from east to west, the representation of the eastern provinces has been reduced. Thus the political power of the western farmers grows. It remains to be seen, however, how that power will be employed. The bill is a matter of which the western farmer is proud, and he will vote against each other in every division of the west which will be within its additional members. What Western Canada needs in order to support the group of farmers, independent members, tied to no party, but pledged to support the farmers' platform, is a common party in power. It is because the common people are divided on party lines that the special interests control the government in the interests of privilege.

CANADA'S WESTERN CITIES.

Henry Howard of The Investor's Guardian, London, England, is the author of a recent publication "Canadian Western Cities, Their Borrowings and Their Assets." The writer who has had two extended trips thru Canada, one in 1910 and the other in 1912, deals mainly with the larger cities in the Canadian West, and statistics are fully used to bear out the deductions arrived at.

Mr. Howard in summing up says: "The general conclusion is that the British capital invested in the securities of the Canadian western municipalities has a good and sure basis in the valuable assets owned by west cities, that interest on debentures will be promptly forthcoming, and at its due date that the capital will be repaid."

Altho Mr. Howard does not appear to be a public ownership advocate, he makes this admission: "The reader will not fail to realize that in many cases the fully used and operated by municipalities, including waterworks, lighting systems, power systems, street railways, would, if owned by private enterprise, be valued at a higher sum in company shares and debentures than the whole indebtedness of the municipalities. Altho the conclusions reached in regard to the corporation borrowings of the larger municipalities are favorable Mr. Howard sounds a note of warning as follows: "Here and there a third-rate municipality in its desire to become

Judges Chambers.
Before Latchford, J.
Re Standard Mutual Fire Insurance Co.—Fepeler McWhinney & Co., for liquidators, obtained order on consent appointing J. A. McAndrew referee in place of G. Kappel, K.C. deceased.

LIBERALS CAMPAIGN UP TO ELEVENTH HOUR

Special to The Toronto World.
GALT, June 28.—The Liberal party made its last stand in the present election here today. From several pulpits sermons on "What should be the Result of the Election Tomorrow?" were delivered. This evening following the church services a mass meeting was held in Queen's Square, attended by a few hundred. Dr. A. S. Grant, of the Presbyterian home missions, was the chief speaker. Addresses were also delivered by local clergymen.

E. A. Hall, Conservative standard bearer, will be elected by a big majority.

PASTOR FAVORS A REFERENDUM

Says Liquor Question Should Be Taken Out of Politics

At the Bloor Street Baptist Church last night the pastor, Rev. Mr. Cameron, referred to the issue of the election of today, and among other things complimented a Toronto newspaper that had brought forward a proposal to take the liquor question out of politics and have it submitted as a special referendum every four years to the electors, on a special ballot, asking: (1) whether they wanted the present law; (2) or the existing license reduced in number; or (3) whether they wanted total prohibition? He thought well of this proposition and without naming the paper, complimented it for making the suggestion. The speaker, while he came out strongly in favor of the Rowell platform, expressed the wish that it could have been brought forward to the electors in a different form, and implied that some such method as the New Zealand referendum should have been used had that been possible.

REV. JOHN McNEILL HAS NOT RESIGNED

Pastor of Cooke's Church Will Not Announce Decision Till August. EVANGELISTIC WORK

Presbyterian Divine Hints That Its Call May Draw Him From City.

Rev. John McNeill gave a personal statement at this time of last night's service at Cooke's Presbyterian Church respecting his probable resignation of the pastorate.

He said that he had two statements to make. In the first place he wished to emphatically deny the report that he had made a reelection on the character of the Orange Order at the Massey Hall meeting.

His reference to the order was in no wise disrespectful, and he had the highest possible respect for the Orange Order.

The other matter had been regarded as a bombshell when it brought it before the church officers. The fact was that the doctors had declared that a member of his family must leave Toronto on account of a throat trouble, and have every possible precaution taken for the next five years.

Almost at the same time certain Presbyterian trustees had invited him to take up evangelistic work in the United States and Canada for five years.

He had not come to a decision and would not do so until his return in August from his vacation. He decided to return to the evangelistic field the trustees wished him to begin in October.

He remembered that the late Mr. Moody had warned him that he would never be able to withstand the call to evangelistic work, and that it would be no use for him to try to settle down.

He had tried for the past few years. In concluding his statement Rev. Dr. McNeill read a rather incoherent and illiterate letter, apparently from some woman who took an interest in Cooke's Church, who warned him against deserting his post for the sake of salary.

He declared that the question of salary had never even been mentioned, also that his relations with Cooke's Church were in every respect ideal.

To Discuss Nova Scotia Forests at Big Halifax Forestry Convention. (Special Correspondent)

HALIFAX, N.S., June 27.—Many important problems in connection with the forests of Nova Scotia will be considered at the sixteenth annual convention of the Canadian Forestry Association, which meets in Halifax, September 1, 2 and 3.

The object of the C. F. A. is to secure a survey made of all the wild lands, so that lands which will never be fit for agriculture may be kept growing good timber crops perpetually.

There is a great deal of misconception as to the aim of the C. F. A. It is purely sentimental reasons. The association, however, is one of the most practical organizations in the country, which cares little for trees as trees, except in so far as they can be made to add to man's wealth and comfort.

The problems in connection with the forests of Nova Scotia are most urgent and some people fear that this resource may prove to have a limit. Experts, however, are of opinion that by proper handling of the products of the forests of Nova Scotia can be doubled in a comparatively few years, while at the same time increasing the supply of growing timber.

These are the kind of questions that will be discussed at the Halifax convention, which will be attended by leading lumbermen from different parts of Canada and forest administrators from the great timber-producing provinces as well as many from the United States.

The president of the Canadian Forestry Association is Mr. William Peiser, M.P., one of the leading lumbermen of Quebec, and the vice-president is Mr. F. C. Whitman, of Antigonish, N.S., also known as a progressive lumberman and merchant.

The board of directors includes prominent business men and administrators from all parts of Canada.

PASSENGER BOAT AND FREIGHTER COLLIDE. KINGSTON, Ont., June 27.—The passenger steamer Alexandria, on her way from Kingston to Charlottetown, collided with the lake boat 2 o'clock this morning with the steamer Quebec last night with the result of a collision.

Neither boat suffered much damage, as both were able to proceed on their way. The Quebec was on her way from Antigonish to Toronto.

BETTER PROTECTION FOR KING AND QUEEN. MONTREAL, June 27.—When the King and Queen visit Montreal, they will be protected at Buckingham Palace, will be overhauled.

There is no need for no need for the palace is by no means as secure as it is, but the militants have smashed a window, and others got across the court yard before they were captured.

The removal of the court with profound relief.

MOURNERS GOT REWARD. PARIS, June 27.—A very curious funeral took place recently in the parish of Iles-sur-Borgue...

That every person attending her funeral should receive fifty centimes on leaving the cemetery. For every fifty-centime piece for this purpose, she had also collected hundreds of dollars.

So great was the crowd when she was buried that the local police had to maintain order while the people were receiving their rewards.

AUTO TRUCK DAMAGED BY FIRE. The auto truck owned by the Gerhard Hejnyk Company was slightly damaged by fire yesterday at 4 p.m. in the garage on Victoria street.

The alarm was sent in by the watchman at Loew's Theatre.

REV. JOHN McNEILL HAS NOT RESIGNED

Pastor of Cooke's Church Will Not Announce Decision Till August. EVANGELISTIC WORK

Presbyterian Divine Hints That Its Call May Draw Him From City.

Rev. John McNeill gave a personal statement at this time of last night's service at Cooke's Presbyterian Church respecting his probable resignation of the pastorate.

He said that he had two statements to make. In the first place he wished to emphatically deny the report that he had made a reelection on the character of the Orange Order at the Massey Hall meeting.

His reference to the order was in no wise disrespectful, and he had the highest possible respect for the Orange Order.

The other matter had been regarded as a bombshell when it brought it before the church officers. The fact was that the doctors had declared that a member of his family must leave Toronto on account of a throat trouble, and have every possible precaution taken for the next five years.

Almost at the same time certain Presbyterian trustees had invited him to take up evangelistic work in the United States and Canada for five years.

He had not come to a decision and would not do so until his return in August from his vacation. He decided to return to the evangelistic field the trustees wished him to begin in October.

He remembered that the late Mr. Moody had warned him that he would never be able to withstand the call to evangelistic work, and that it would be no use for him to try to settle down.

He had tried for the past few years. In concluding his statement Rev. Dr. McNeill read a rather incoherent and illiterate letter, apparently from some woman who took an interest in Cooke's Church, who warned him against deserting his post for the sake of salary.

He declared that the question of salary had never even been mentioned, also that his relations with Cooke's Church were in every respect ideal.

To Discuss Nova Scotia Forests at Big Halifax Forestry Convention. (Special Correspondent)

HALIFAX, N.S., June 27.—Many important problems in connection with the forests of Nova Scotia will be considered at the sixteenth annual convention of the Canadian Forestry Association, which meets in Halifax, September 1, 2 and 3.

The object of the C. F. A. is to secure a survey made of all the wild lands, so that lands which will never be fit for agriculture may be kept growing good timber crops perpetually.

There is a great deal of misconception as to the aim of the C. F. A. It is purely sentimental reasons. The association, however, is one of the most practical organizations in the country, which cares little for trees as trees, except in so far as they can be made to add to man's wealth and comfort.

The problems in connection with the forests of Nova Scotia are most urgent and some people fear that this resource may prove to have a limit. Experts, however, are of opinion that by proper handling of the products of the forests of Nova Scotia can be doubled in a comparatively few years, while at the same time increasing the supply of growing timber.

These are the kind of questions that will be discussed at the Halifax convention, which will be attended by leading lumbermen from different parts of Canada and forest administrators from the great timber-producing provinces as well as many from the United States.

The president of the Canadian Forestry Association is Mr. William Peiser, M.P., one of the leading lumbermen of Quebec, and the vice-president is Mr. F. C. Whitman, of Antigonish, N.S., also known as a progressive lumberman and merchant.

The board of directors includes prominent business men and administrators from all parts of Canada.

PASSENGER BOAT AND FREIGHTER COLLIDE. KINGSTON, Ont., June 27.—The passenger steamer Alexandria, on her way from Kingston to Charlottetown, collided with the lake boat 2 o'clock this morning with the steamer Quebec last night with the result of a collision.

Neither boat suffered much damage, as both were able to proceed on their way. The Quebec was on her way from Antigonish to Toronto.

BETTER PROTECTION FOR KING AND QUEEN. MONTREAL, June 27.—When the King and Queen visit Montreal, they will be protected at Buckingham Palace, will be overhauled.

There is no need for no need for the palace is by no means as secure as it is, but the militants have smashed a window, and others got across the court yard before they were captured.

The removal of the court with profound relief.

MOURNERS GOT REWARD. PARIS, June 27.—A very curious funeral took place recently in the parish of Iles-sur-Borgue...

That every person attending her funeral should receive fifty centimes on leaving the cemetery. For every fifty-centime piece for this purpose, she had also collected hundreds of dollars.

So great was the crowd when she was buried that the local police had to maintain order while the people were receiving their rewards.

AUTO TRUCK DAMAGED BY FIRE. The auto truck owned by the Gerhard Hejnyk Company was slightly damaged by fire yesterday at 4 p.m. in the garage on Victoria street.

The alarm was sent in by the watchman at Loew's Theatre.

MAIL CARRIER'S HORSE FAITHFUL When Sick Animal Heard the 7.14 Mail Whistle He Got Up and Went to Station

HILLSDALE, June 27.—Quite a remarkable incident is reported from the village of Oseco.

Thurston Pulver, a rural carrier, has used one horse on his route, with which he has covered nearly 16,000 miles.

After the faithful animal was led back to the stall it refused to lie down, apparently realizing that it ought to be delivering mail, and so it continued to stagger around in the barnyard until it dropped dead in the afternoon.

WANTS RECOMPENSE FOR VACCINATION. WATERLOO, Ont., June 27.—The town of Waterloo is likely to become the defendant in an action for damages, the result of a general vaccination order of 1913.

A man named Emil Egebel, who was vaccinated and has been in ill-health for seven months, will make a request for a settlement. It is also understood that he has been advised by medical experts that the cause of the illness with which he has suffered has been due to vaccination. He has employed a prominent lawyer of Toronto to handle his case.

The council at its next meeting may effect a settlement. Should this not be brought about suit for not less than \$25,000 damages will be entered against the corporation. Such a case would be the first of its kind in the Dominion, and it will be watched with interest throughout the country. It is possible that the provincial board of health may be involved, as the general vaccination order was issued by their command.

CANADIAN RECEIVED DEGREE AT HOLLAND. AMSTERDAM, Holland, June 27.—On the occasion of the celebration of the twenty-fifth anniversary of the foundation of the University of Groningen University, a large number of degrees were conferred today.

These included a doctorate of letters on Professor William Peterson, professor of classical physiology at McGill University, Montreal, Canada.

NOMINATIONS IN MANITOBA. WINNIPEG, June 27.—Hon. Joseph Bernier, provincial secretary, has been nominated by the Conservative convention in St. Boniface to contest the seat in the forthcoming provincial elections.

TEDDY CANCELS HIS CALIFORNIA TRIP Progressive Leader Under Doctor's Care—Must Keep Quiet Three Months

OYSTER BAY, N.Y., June 27.—Col. Roosevelt has had to give up his proposed trip to California because of impaired health. His physicians strongly advised against it, and he wired the Progressive leaders of that state. This morning he received word in reply that the California leaders would try to make their fight without his aid.

Furthermore, the colonel has been told that he will have to take the best care of himself for the next three or four months. Dr. Alexander Lambert of New York motored to Sagamore Hill last night and gave Mr. Roosevelt a thorough physical examination. Dr. Lambert is the Roosevelt family physician.

He told the colonel that his system was not only pretty well filled up with malaria, subjecting him to attack any time, but that he has as well an enlarged spleen, an ailment which almost always results from malaria.

Dr. Lambert did his best to persuade Mr. Roosevelt to give up the Pittsburg speech on Tuesday, but this he flatly refused to do, saying that arrangements had already gone too far. He has, however, telegraphed the committee in charge of the meeting Tuesday night that he will not be able to address an overflow meeting, as has been planned, and will make but one address in Exposition Hall.

Brampton Defeated Vancouver in Mann Cup Series

ROSEDALES DOWNED SHAMROCKS AGAIN

Green Shirts Failed to Show Form of Week Ago—Locals Doubled Score.

Rosedales are away out in front now in the race for the N.L.U. title, and the double blue look to be the one best in that field. On Saturday at Rosedale field the Blue Shirts put the screws under the fast-traveling Shamrocks to the tune of a 10 to 5 score. The Green Shirts were never much in the limelight altho they tried hard. The local boys displayed greatly superior work in every department with the result that they were forced to let up to save the game becoming a runaway.

Owing to the cover being under the crowd was very poor, only about three hundred fans eventually finding their way to the grounds. The game was very uninteresting owing to the one-sidedness, and especially after the first quarter the play lacked the necessary pep and ginger. It was clean, however, but the crowd failed to anticipate. In spite of the defenses checked hard, but usually the goalkeepers were made the target of all kinds of shots, with the result that they were under the heaviest fire on the field.

Holmes had a finger broken in the third quarter and retired in favor of Gordon, who put up a very good game in the nets. Every one of the Rosedale squad was in the limelight at some time or other and their spasmodic endeavors to make the game brighter up were the only feature. For the Green Shirts McMullen and Doran worked hard while the Quinn brothers, Langlois and Egan did the brunt of the work on the firing line.

Line-up:
 Rosedale—Vallieres, goal; Holmes, McMullen, point; Harshaw, Doran, centre; Westman, Mahoney, defence; Powers, Hughes, defence; E. Green, Ellard, defence; Braden, J. Quinn, centre; Fitzgerald, McCarthy, home; W. Fitzgerald, Egan, home; J. Green, Langlois, home; Murton, M. Quinn, outside; Bennett, C. O'Brien, inside; Kallis, Referee—Hugh Labe. Judge of play—George Wheeler.

Summary:
 —First Quarter.
 1. Shamrocks... Ellard 4-50
 2. Rosedale... J. Green 5-10
 3. Rosedale... Kallis 10-20
 4. Rosedale... Murton 9-45

—Second Quarter.
 5. Rosedale... Kallis 2-10
 6. Rosedale... W. Fitzgerald 2-00
 7. Shamrocks... W. Ellard 4-5
 8. Rosedale... J. Green 3-02

—Third Quarter.
 9. Rosedale... Barnett 5-25
 10. Rosedale... Murton 5-25
 11. Shamrocks... Egan 5-25
 12. Shamrocks... O'Brien 6-40

—Fourth Quarter.
 13. Rosedale... Kallis 2-00
 14. Shamrocks... Quinn 10-20
 15. Rosedale... Barnett 10-20

OLD RIVALS MEET ON THE HOLIDAY

Those who saw the memorable game of lacrosse between the Tecumehs and the Toronto at Hanlan's Point a week ago will want to see the second meeting between the two strong city teams at Scarborough Beach on Dominion Day. The Indians lead the Toronto in the league standing, but a victory for the blue shirts on Wednesday would alter the complexion of events, and both teams are yet in the running for the D.L.A. championship. But, no matter what their standing is, these two teams can be relied on to fight each other to the limit, and there ought to be a memorable game on the holiday. The Toronto are angling for another defence man from the east, and he may be found on the field. If he is, the chances are that Toronto will win. If not, the odds are even. Torpey, the Tecumehs goalkeeper, has proved that he can have his off-days as well as any other net guardian, and if Wednesday is one of them the Toronto ought to pull off a victory. Whoever wins, it will be a great game.

Brampton Wins First

(Special)—Local lacrosse circles received a severe jolt today by the defeat of the Mann Cup holders by the Brampton Excelsiors, last year's winners of the Senior C.A.A. Cup. Brampton won by 5 to 4 in a pretty exhibition of lacrosse. Prior to the game Vancouver supporters put up wagers when they got the chance, but chances were few because of the scarcity of Brampton followers. By today's win it looks as the Brampton will take home the Mann Cup. One more game is to be played, on Wednesday, Brampton outclassed Vancouver, altho this is not indicated by the score. They were speedier on the home and more effective on the defence, and the stick-handling of every man was a revelation to the spectators. Vancouver did some pretty playing during the last few minutes, but they were not strong enough to overcome the lead.

THE WORLD'S FORM CHART

HAMILTON RACE TRACK, June 27.—Third day Hamilton Jockey Club mid-summer meet. Weather clear. Track fast.

15 FIRST RACE—Six furlongs, purse \$500, for 3-year-olds and up.

Ind. Horse	Wt.	St.	1/4	1/2	3/4	Str.	Fin.	Jockeys	1st	2nd	3rd
Back Bay	112	2	1-1/2	2-1/2	3-1/2	1-1/2	1-1/2	Clayton	1:15-2 1/4	1:30	1:45
Pan Zareta	109	4	2-1/4	2-4	2-5	2-1/4	Callahan	2-5	1-6
Dorothy Dean	115	5	4-1/2	5-2	5-3	3-3	Ford	4-1	7-10	1-4
Tippacane	108	6	1-1/4	4-1/2	5-1	2-2	Gould	20-1	4-1	3-2
B. Cunardor	107	2	6	6	6	5-4	Taplin	20-1	4-1	6-5
Slaker	111	1	3-1	3-1	4-1/4	0	Goose	100-1	30-1	10-1
Time 24.48	1:12	2-1/4	3-1/2	4-1/2	5-1/2	6-1/2	7-1/2	W. Eastly	Place driving	Winner, b.e. 5, by Rubicon—Gena. Trained by T. J. Harmon. Value to winner, \$405.	

Back Bay outbroke his field and sprinted into an easy lead first furlong; was in hand at finish. Pan Zareta moved up stoutly at furlons end, where Callahan lost his whip and shied. Dorothy Dean closed a big gap and finished going strong. Tippacane on outside all the way.

16 SECOND RACE—Seven furlongs, Oakville Handicap, purse \$600, for 3-year-olds and up, limited field.

Ind. Horse	Wt.	St.	1/4	1/2	3/4	Str.	Fin.	Jockeys	1st	2nd	3rd
Irish Heart	100	3	1-1/2	1-3/4	1-2	1-2	Ambrose	60-1	10-1	4-1
Hearts of Oak	123	2	2-1/4	2-2	2-2	2-3	Gray	4-1	1-3	1-10
Mausolus	101	6	4-1/2	4-2	3-3	3-4	Gould	13-1	2-1/2	6-6
Rustling	106	5	5-2	4-1/2	4-5	4-1/2	Clayton	11-10	3-5
Cobourg Belle	99	8	1-1/2	1-1/2	1-1/2	1-1/2	Callahan	20-1	6-1	3-2
Caper Sauce	109	1	2-1/2	2-1/2	2-1/2	2-1/2	Goldstein	20-1	5-1	8-5
Time 24.48	2:05	4-5	5-1/2	6-1/2	7-1/2	8-1/2	9-1/2	W. Eastly	Place same.		
Winner, b.e. 4, by Boubin—Sara Court. Trained by A. Bulergraf. Value to winner, \$510.											

Irish Heart, showing good turn of speed from the start, sprinted into an easy lead first furlong and had plenty in hand when winner was challenged. Hearts of Oak moved up entering home stretch, but Gray was but little help to him in final drive. Mousolus, who was only salloping at finish, scratched. Rustling, Marion Galey, Overweights: Cobourg Belle 1, Mausolus 1, Caper Sauce 3.

17 THIRD RACE—Five furlongs, purse \$500, for 2-year-old maidens.

Ind. Horse	Wt.	St.	1/4	1/2	3/4	Str.	Fin.	Jockeys	1st	2nd	3rd
Bagie	110	4	1-1/2	1-3/4	1-3/4	1-3/4	Goldstein	11-5	8-5	2-5
Blackthorn	105	3	2-1/2	2-1	2-1	2-2	Nathan	25-1	10-1	5-1
Relliance	105	5	5-2	5-2	5-2	5-2	Hanover	5-1	2-1	4-5
Argent	105	8	1-1/2	1-2	1-2	1-2	Moore	90-1	30-1	10-1
Doll Girl	105	2	1-1/2	1-1/2	1-1/2	1-1/2	Johnson	100-1	40-1	20-1
Star Bird	105	6	2-1/2	2-1/2	2-1/2	2-1/2	Smyth	4-1	8-1	3-1
Prize	105	7	1-1/2	1-1/2	1-1/2	1-1/2	Horne	12-5	6-5	3-5
Ed. Wales	108	2	11-6	11-6	11-6	11-6	Callahan	5-1	10-1	3-1
Royal Interest	112	10	10-1/2	10-1/2	10-1/2	10-1/2	Taylor	20-1	8-1	4-1
Time 24.48	1:12	10-1/2	11-1/2	12-1/2	13-1/2	14-1/2	15-1/2	W. Eastly	Place same.		
Winner, b.e. 5, by Yankee—Miss Kearney. Trained by G. A. West. Value to winner, \$485.											

Bagie outran his field from the start, and was easily salloping at finish. Blackthorn, a keen factor all the way, was easily best of others. Kagan, in a snafu at far drive, closed with a rush. Scratched: Okemus.

18 FOURTH RACE—Dundas Steeple Chase, two miles, purse \$600, for four-year-olds and up, handicap.

Ind. Horse	Wt.	St.	1/4	1/2	3/4	Str.	Fin.	Jockeys	1st	2nd	3rd
Promoter	140	5	1-3	2-15	2-15	4-2	Dayton	16-5	6-5	1-2
Yeloni	120	4	1-3	2-15	2-15	4-2	Dayton	8-1	3-1	7-5
Gun Cotton	153	6	5-5	4-3	4-3	3-10	Kohler	8-1	3-1	7-5
Temp Rogley	133	7	3-2	3-2	3-2	3-2	H. Taney	10-1	4-1	2-1
Malaga	120	3	2-3	2-3	2-3	2-3	Bayard	7-1	2-1	6-1
Lily Parton	130	2	4-2	4-2	4-2	4-2	Dupe	10-1	4-1	2-1
Joe Galey	110	1	1-1	1-1	1-1	1-1	Wilson	20-1	8-1	4-1
Time 41:14	2:00	3-1/2	4-1/2	5-1/2	6-1/2	7-1/2	8-1/2	W. Eastly	Place same.		
Winner, b.e. 4, by Stalwart—Torril. Trained by J. W. Dayton. Value to winner, \$605.											

Promoter was in hand until Cayton took back when Williams made his run with Yeloni, but easily assumed the lead at furlons end, and was in hand at end. Yeloni fenced well, and ran a game race. Gun Cotton tired after closing a big gap. Joe Galey fell at fifth jump.

19 FIFTH RACE—1-1/2 miles, Connaught Stakes, purse \$1600, for 3-year-olds and up, selling.

Ind. Horse	Wt.	St.	1/4	1/2	3/4	Str.	Fin.	Jockeys	1st	2nd	3rd	
Forest Petal	112	2	1-1/2	1-1/2	1-1/2	1-1/2	1-1/2	Clayton	11-5	8-5	2-5

MONTREAL MADE STRONG FINISH

Defeated Cornwall by Eight to Seven in Dying Minutes of Fast Game.

MONTREAL, June 28.—Montreal defeated Cornwall in a spectacular finish in the N.L.U. game, played at the Westmount ground yesterday afternoon, by a score of 8 to 7. The home team was outplayed two-thirds of the game, but they came strong towards the finish and put a crimp in the hopes of Cornwall. A flaccid encounter between McIntyre of Montreal and Damphney of Cornwall, resulted in both being banished by Referee Murphy. With this exception the game was free from roughness.

The teams:
 M.A.A.A. (8): Goal, Fyon; point, Thompson; cover, Kennel; defence, Rafferty, Brady, Blake; centre, Colligan; home, Layden, McDonald; J. Walsh; outside, McIntyre; inside, W. Walsh.
 Cornwall (7): Goal, Slinner; point, B. Degan; cover, A. Thompson; defence, A. Moore, C. Degan, J. Denny; centre, L. Degan; home, J. Penny; Phelan, G. Anderson; outside, E. Nicholson; inside, G. Penny.
 Referee: P. Murphy. Judge of play: E. Robinson.

Summary:
 —First Quarter..... 3-0
 1. M.A.A.A.....McDonald.....5-20
 2. Cornwall.....G. Anderson.....2-10

—Second Quarter..... 2-10
 3. Cornwall.....Walsh.....2-10
 4. M.A.A.A.....Layden.....2-10
 5. M.A.A.A.....Layden.....2-10
 6. Cornwall.....Harrison.....2-10
 7. Cornwall.....Anderson.....2-10
 8. Cornwall.....J. Penny.....8-00

—Third Quarter..... 19-45
 1. Cornwall.....L. Degan.....19-45
 2. M.A.A.A.....Wal

The Royal Muskoka Hotel, now open, marking the commencement of the season in Muskoka's social life.

Miles on miles of craggy, pine-clad islands, vistas after vistas of limpid, sparkling lakes—a steamer trip through the lakes Rosseau, Muskoka, Joseph is an exhilarating delight never to be forgotten.

FARMING, LIVE STOCK, HORTICULTURE AND EVERYTHING OF FARM INTEREST

PROSPECTS FOR APPLE CROP REPORTED AS SATISFACTORY

Tent Caterpillars Have Damaged Yield in Some Parts of Ontario, But Thorough Spraying Has Kept Down Pest Generally — Reports on Other Fruit.

The season for apples, according to present indications will be a very satisfactory one. There are certain sections of course where on account of local conditions the crop has been reduced; but these are in the main very small areas. In Ontario there are certain areas where the tent caterpillar has caused enough damage to very seriously affect the crop, but in all orchards where thorough spraying has been done the pest has been kept down. The reports on other fruit are generally satisfactory. The bloom was very heavy and the set has been a very satisfactory one. The bloom was very heavy and the set has been a very satisfactory one. The bloom was very heavy and the set has been a very satisfactory one.

PRODUCING MILK ECONOMICALLY

Each Cow Should Be Made to Show a Good Profit—Two Dollars for One.

The manufacturer perhaps more than the retailer looks closely after the matter of cost, knowing that his principal hope of making a good profit lies in obtaining economy in the actual production of the article, for no profit can be expected if the selling price is below the cost price.

STALLION ENROLMENT GIVES GOOD RESULTS IN PROVINCE

More Complete Records Obtained in Second Year Than in First—Practice Serves as Protection to Farmers and Breeders—Furnishes Proofs.

The second year of stallion enrolment in this province, is drawing to a close, and it is to be expected, the enrolment is much more complete than in 1913.

SEEK TO DISCOVER FLAX HARVESTER

Necessity of Hand-Pulling Crop Limits Amount Grown in Province.

The amount of flax grown in the province at the present time is very limited, one reason being that the crop must be hand pulled. There are a number of companies who are endeavoring to obtain a machine which will do this work, and if their efforts are crowned with success, the cost of harvesting the crop will be very greatly reduced.

HINTS ON GROWING IT

Best Soil is Deep, Moist, Medium Loam, Well Drained.

Flax should be sown as early as possible, as it is very seldom that it is injured in the spring. When the crop is late sown it has a tendency to ripen unevenly and to weigh lighter. The quantity of seed to sow is about 30 or 40 pounds to the acre. The seed should be sown broadcast and not drilled. This can be done with a broadcast sower or with the ordinary drill, by removing the boots at the bottoms of the spouts and fastening a board on a slant below, so that the seed falls on this, will slide off and scatter broadcast. When sowing a roller should be attached to the sower or drill as both operations can be done by once going over the land.

The pear crop in Ontario will be a light one. In the southern counties the crop is reported fair, with Kieffer particularly abundant, but in eastern Ontario trees were badly winter-killed and the crop, except in a few instances, will be an entire failure.

Plum trees blossom well in southern Ontario, but the set will be below average. In the county of Lincoln, Japanese varieties appear to be almost an entire failure and even the European sorts are reported light. Further east in Ontario the plum crop is a total failure on account of winter-killing of buds, and in many cases the trees themselves have been seriously injured. In the province of Quebec the prospects for the native American varieties are good. Nova Scotia reports a very heavy blossom, but up to date no information has been received regarding the set. In British Columbia the conditions are generally favorable and a crop considerably greater than last year is expected.

Strawberries. As a general rule the strawberry crop will be below average, and prices will run high. The cause of this shortage varies with the particular district from which these reports originate. In eastern Ontario there has been a great deal of winter injury to the plants, and in some cases the drought of 1913 so weakened the mother plants that the stand this year was not a good one. In other parts of Ontario the wet spring interfered very seriously with the proper fertilization of the blossoms.

Tomatoes. In Western Ontario, the acreage under tomatoes is unquestionably the largest for many years, as a direct consequence of the peach crop failure, a number of growers planted tomatoes, presuming that the profits to be derived from them would offset the loss sustained through the failure of the peach crop. There is consequently a grave danger that the supply of tomatoes this year will be much greater than the demand and that prices will be very low. The heaviest plantings appear to be in the counties of Lincoln and Wentworth. There has also been a heavy planting of tomatoes in the Okanagan Valley in British Columbia.

Cherries. An abundant crop of all varieties of cherries is reported from the Niagara district and from the southern and western parts of Ontario. In the counties of Norfolk, Peel and Wentworth, the reports indicate that the sweet varieties will yield only a light crop, but the report is extremely good for all other varieties. The same injury which reduced the crop of pears and plums in eastern Ontario, has seriously affected the crop of cherries, and the result will be a very light yield and in many orchards a complete failure. Practically a full crop is reported from Nova Scotia. There have been some reports from British Columbia stating that in the Okanagan district the set was not a particularly good one; in the Kootenay Valley the prospects are excellent.

The grape crop is one upon which growers are generally safe in relying for it is only in very unusual cases that there is any shortage in commercial orchards. This season is no exception and reports from the Niagara District indicate a crop between medium and large, and in many cases fully 25 per cent larger than was harvested last year. In other sections of Ontario, where vineyards are few in number, there has been considerable injury by frost.

It is quite possible to have one dollar's worth of feed return two dollars' worth of milk through good cows—that is cows selected by the test. This is both economical and profitable milk production. The average cow is not an economical producer, because she has not been selected, but like Topsy, "just grew." A dairy farmer will prove his business ability as a manufacturer when the herd is composed of economical producers. Make each cow pay a good profit.

What is needed at the time, more than anything else, it is said, is an appreciation of the benefits of the act by the owners of mares reported in the province. In the past, many stallions have been represented as pure bred by owners and groomers, when it was in fact the product of a cross.

COATCOOK FARMER TO RAISE HORSES

Eugene Baldwin of Coatcook is making a short visit to this province on the outlook for some Clydesdale horses. Last week he purchased two Clydesdale mares from G. A. Brodie of Newmarket. These mares are three years old and weigh about fifteen hundred each and should easily reach the thirty-two hundred mark when fully grown. They were both imported by Mr. Brodie from the old country, and are daughters of Radium, who are one

MEANS TO PREVENT POWDERY POTATO SCAB

J. W. Eastham, chief assistant botanist of the Central Experimental Farm, has recently prepared a circular entitled "Powdery Scab of Potatoes." This disease has been found in the outcrop provinces of Canada, but has not until recently been distinguished from the common scab. The United States authorities have a regulation stating that all potatoes which are imported have to undergo a rigid examination on entry, and powdery scab is one of the diseases for which they are on the lookout. Thus far in Canada it has not proved as serious as scab, but if the growers are warned now of the chances that they will be able to keep it from spreading.

VARIEGATED ALFALFA SEED BEST FOR ONTARIO CLIMATE

Every year in Ontario a considerable part of the area in alfalfa has been winter-killed and many farmers have become discouraged and have gone in for other crops. The reason for winter-killing is soon apparent when the source of the seed is taken into consideration. Ontario imports her seed from the southwestern states, largely from Utah. The rigorous elimination of hardy plants has not taken place, and as a consequence this seed produces plants easily winter-killed in our more northerly climate.

FREE PUBLICATIONS ON AGRICULTURE

The department of agriculture at Ottawa has available for free distribution upwards of two hundred publications including reports, bulletins, and circulars. These have been issued, from time to time, by the several branches and deal with almost every phase of agricultural science and practice. A list of these has been printed in pamphlet form giving the title, author, and date of each. This list is for free distribution and may be procured on application to the publications branch of the department of agriculture at Ottawa.

PERMANENT LAYING HOUSE FOR POULTRY

A plan of a permanent laying house for poultry, with brief description and an estimate of material required for the house planned, is contained in pamphlet No. 5 of the poultry division of the live stock branch of the Dominion department of agriculture. This plan has been especially prepared for use in the Province of Prince Edward Island by W. A. Brown and T. A. Benson; however, it includes a number of features, which in the opinion of the writers, could be advantageously adopted throughout the greater part of the Dominion of Canada. Copies of this pamphlet may be obtained free upon application to the publication branch, department of agriculture, Ottawa.

THE WORLD WAITS FOR ALBERTA OIL

BUY OIL SHARES IN A SOLID, WELL CONDUCTED COMPANY

YOU, no doubt, are interested in the Alberta oil situation. Crude oil has been struck in the Monarch, and the Discovery Well made the phenomenal test of 2,000 gallons of oil in eighteen minutes. Other wells are rapidly nearing the oil-bearing sands. Prospects grow brighter each day for an immense strike of oil—and fortunes to follow. However, before investing you may have decided—and wisely, too—that you would like to see Alberta oil development reduced to as solid and substantial a business basis as possible. This is the very purpose of London Union Oils, Limited. There is much in oil development that is uncertain, but London Union Oils, Limited, has been incorporated to reduce the uncertainty to a minimum by this approved plan of doing business:

- (1) Oil lands have been secured near the Monarch, which has produced crude oil.
- (2) Development will be under supervision of geologist who selected the site of the Monarch Well.
- (3) Directors are prominent men of principle and reputation.
- (4) Company not over-capitalized.
- (5) Funds from stock sold to shareholders will be used for development (less commissions and running expenses).
- (6) Directors' stock remains in trust until oil is struck. We don't profit until you profit—when oil is struck.

This plan of operation is the fairest, squarest we can devise for oil development; and with this understanding we offer and recommend to you shares in London Union Oils, Limited—because we believe in the proposition and the ultimate discovery of great quantities of oil on our holdings. Oil means big profits; early buying means biggest profits. Buy early.

REASONABLE CAPITALIZATION

Holdings

B. W. Dunn, B.Sc., M.E., the company's geologist, made an early inspection of the Alberta oil fields and selected the now famous Monarch section after a personal inspection extending over a period of two years. When he had practically the entire Alberta oil fields for choice; consequently there is great value attached to the fact that the lands of the London Union Oils, Limited, adjoin the Monarch holdings:

- Sections 1, 2, 3, Township 30, Range 5, West 5th Meridian.
- Section 6, Township 30, Range 4, East 5th Meridian.
- Sections 28, 29, Township 30, Range 5, West 5th Meridian.
- Sections 34, Township 30, Range 5, West 5th Meridian.
- Section 2, Township 31, Range 5, West 5th Meridian.

LONDON UNION OILS LIMITED

\$1 SHARES PAR VALUE **LIMITED** **\$1 SHARES PAR VALUE**

FIRST STOCK ISSUE
\$200,000

Incorporation

Authorized capital of London Union Oils, Limited, is \$500,000, divided into 500,000 shares at a par value of \$1.00 each. Of this stock \$290,000 is treasury stock, of which \$200,000 is offered for public subscription, \$90,000 to remain in the treasury. The total amount received from the initial offerings of stock, less commissions and running expenses, is to be used exclusively for development purposes. When the development fund shall have been secured the Company will at once proceed to drill oil wells in different portions of the property on sites selected by the company's geologist.

PLAN OF OPERATION

Funds received from preliminary offerings of stock are to be used exclusively for development purposes. The Company proposes to drill oil wells in different portions of the property. It is estimated that in the drilling operations oil should be struck at a depth of about 1,500 to 1,880 feet, which shorter depth will require less money and less waiting to get it. 210,000 shares of stock have been issued as fully paid up, the consideration being the sale to London Union Oils, Limited, by the London Canadian Petroleum Company, Limited, of Calgary, of the petroleum and natural gas leases enumerated under "Holdings." This \$210,000 of stock is to be allotted the vendors of the leases and will be held in trust until oil is struck, the discovery of oil to be testified to by the Company's geologist before this stock can be released.

YOU are protected by particular clauses of the company's charter, to wit: Funds from preliminary sale of stock, less selling commissions and running expenses, are to be used for development purposes only. Also note: Directors' stock is held in trust until oil is struck. What could be fairer? This is a rare opportunity to place yourself in a position to make money, when Alberta has been proven to be one of the world's great oil fields—which we expect since the striking of crude oil in the Monarch.

OIL is the absorbing object of the company—our profits must come from the oil-bearing sands—not from shareholders' pockets. The charter of operation covers gas and all the associated activities of oil and gas development. The company is empowered to own, hold and develop Alberta petroleum and gas leases, and engage in all the commercial ramifications of these enterprises. We invite you to co-operate with us in our endeavor to secure oil by putting your faith and a few dollars into the project of London Union Oils, Limited. Act today by mailing the coupon.

MAIL the coupon today with deposit for reservation of stock. If you desire more information write for our prospectus. If you would like to make money selling our stock in your district, write us concerning an agency for your territory, commission, terms, etc. Promptness pays in oil discovery. Be prompt. Call, write or wire us today.

STATEMENT

While we want all stock subscriptions it is possible to obtain, yet we don't want one to buy our stock with the idea that he is investing in a certainty. Oil in any new field is not a certainty. The strike of crude oil in the Monarch strengthens our confidence in our holdings. We have a good solid company to develop the holdings, and an eminent geologist to select the sites for drilling. We have confidence in our proposition, and furthermore our Directors do not make money until you do—when oil is discovered. It is only on this fair and distinct understanding that we offer our stock for sale; we want the money of nobody who cannot afford a venture—but all indications lead us to believe that it is a venture with excellent prospects of success. D. S. McCUTCHEON.
