THEATRES

THE GIRL IN THE TAXI.

Miss Haswell and her company had so much success a few weeks ago with "Madame Sherry" that they decided to present another musical comedy next week, consequently their offering at the Alexandra Theatre will be "The Girl in the Taxi." It will be remembered this French farce was much in demand a few years ago. The adaptation into English was made by Stanislaus Stanger, who changed the locale from Paris to New York City.

THE LADY IN RED.

No lover of popular and melodious music can afford to miss hearing the score of "The Lady in Red," the new operetta, which will be the tenant of the Princess Theatre during the coming week. Robert Winterberg, the composer, has written languorous waltzes, appealing love duets, stirring ensemble and light, catchy numbers, due for a wide whistling vogue.

"HELP WANTED" AT THE GRAND

Business women and those feminine

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrh and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat the means of eradicating some poor sufferer perhaps from total deafness. The prescription can be easily prepared at home for about 75c and is made as follows:

From your druggist obtain 1 oz. of Parmitin (Double Strength), about the worth. Take this home, and add to it a tablespoonful four times a day. Parmitin is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tube, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the result gives an unusually remarkable quick and effective relief.

Every person who has catarrh in any form should give this recipe a trial and save themselves from this destructive disease.

ORVILLE HARROLD AT SHEA'S.

Orville Harrold, leading tenor of the Century Opera House, and one of the foremost singers on the American stage, will headline the bill at Shea's Theatre next week. "The Birthday Party," the famous Gauch Sisters perform feats of strength which few men are able to accomplish. Tom Mahoney, Alfred Mellor, Arleta De Paula, Clara Cover, Maestro and Kitney, Hayes and Montgomery complete the bill.

ROYAL HAWAIIAN SEXTET.

The headline attraction at the Hippodrome next week will be the first appearance in Toronto of the Royal Hawaiian Sextet. Donovan and Lee will be a feature of the bill. "A Honeyless Honeymoon" is the title of a one-act comedy playlet. Olivette, Sorretti and Antonette, Jack Polk, Adams and Bell and feature films complete the bill.

LOEW'S WINTER GARDEN THEATRE.

A big bill of all-star acts will be offered at Loew's Winter Garden Theatre, commencing next week. It will be topped by "The Birthday Party," the famous Gauch Sisters perform feats of strength which few men are able to accomplish. Tom Mahoney, Alfred Mellor, Arleta De Paula, Clara Cover, Maestro and Kitney, Hayes and Montgomery complete the bill.

BIG SENSATION.

No more novel or unique entertainment has ever visited our city than that promised by the "Big Sensation" for the coming week, commencing Monday matinee, at the Star Theatre. Circuit this season, containing the largest bevy of famous beauties ever seen in any similar aggregation.

THE "AMERICAN BEAUTIES."

On Monday matinee at the Gayety B. F. Forrester's bunch of "American Beauties" will appear for a week's engagement, presenting one of the liveliest entertainments of its kind on the road.

ALICE VERLET COMING.

Alice Verlet, who is making her first American concert tour, has been designated abroad as Belgium's Melba. The soprano hails from Brussels, where, at the Theatre de la Monnaie, she scored some of the most distinguished successes of her career. Verlet will sing in Massey Hall on May 1.

TRAIN KILLED SARNIA WOMAN

SARNIA, April 22.—The body of Mrs. Frank Goodwin, wife of a well known

SARNIA PLUMBER, WAS FOUND ON THE TRACKS IN THE LOCAL G.T.R. YARD THIS MORNING.

She had been suffering from mental trouble and had escaped from her nurse and had been struck by a freight train. Suicide is suspected. The body was terribly mangled.

LARGE GRAIN STOCK DESTROYED BY FIRE

Special to The Toronto World. CLINTON, April 22.—The large barns of D. Potheringham, on the London road, Tuckerham Township, were completely destroyed by fire this morning. The horses and cattle were saved, but a large quantity of grain and a number of implements were lost. The fire originated in the loft of the driving shed. The damage is partly covered by insurance.

FIVE HUNDRED LOST IN ROUMANIAN FLOOD

BUCHAREST, April 22.—The villages of Brla and Tulcea have been submerged by the flood waters of the Danube. Five hundred men, women and children are reported drowned. Distress is general in the stricken district. Thousands are without food, their cattle having been drowned.

ENJOYABLE SOCIAL IN EGLINTON CHURCH

A very enjoyable social event took place in Eglington Methodist Church last night, when nearly 250 members and their friends met under the auspices of the Ladies' Aid.

NO MORE DUST.

EARLSCOURT B. I. A. GIVE A MAN A JOB HAD BUSY SESSION CAMPAIGN SUCCEEDS

Batch of Resolutions Passed Dealing With Local Affairs. About Fifty Men Have Secured Work in East Toronto.

COAL WEIGHT QUESTION

Would Ask Legislature to Standardize All Coal Sacks.

The following resolutions and suggestions were adopted at the regular meeting of the B. I. A., Earls Court branch, in Earls Court School, last evening:

"That the B. I. A. write the patriotic fund committee, requesting them to continue the payment of the allowance granted to Mrs. Ball until the government pension is forthcoming."

"That the board of education be asked to put a right of way from Harvard avenue to the convenience of children attending Hughes' School."

"That a letter be forwarded to the city council, suggesting that they approach the legislature in the matter of the weighing of coal by the coal merchants, and request that a bylaw be passed to standardize the size of bags to hold 100 pounds each, and that same be stamped with the weight and that scales be carried on each wagon."

Weight of Coal.

A. Craig said that the action of the mayor in setting after the coal dealer, with reference to the weighing of coal, was a good one, but thought that an investigation was costly and would be inadequate. He suggested that the legislature asking that a bylaw be passed to make the coal bags a standard size, to hold 100 pounds, be adopted. The coal dealers should also be subject to the city weight inspectors, he said.

Mr. Jeffrey said he had been told that Mrs. Ball's allowance from the patriotic fund was discontinued, and that the officials stopped payment on hearsay evidence that the widow had received the \$1000 insurance, but he was glad to state that his informant was in error.

Mr. Shantz, the secretary of the patriotic fund, he said "gave an assurance, when speaking recently at a meeting of the B. I. A. in Earls Court, that Mrs. Ball would receive the allowance from the fund until the government pension was paid, and we should see that this promise is carried out."

A. Craig claimed that the pension bill had not passed the senate, hence the delay. Regarding the payment of the \$1000 insurance, he said: "I do not see why Mrs. Neale should receive the amount and not Mrs. Ball, nor why the Neale case would take precedence of Mrs. Ball's, as all the soldiers were covered by a blanket insurance previous to their departure for the front, and both families were residents in the township."

Will Do Their Duty.

As the feeling of the meeting was that the mayor and board of control were not doing their duty with regard to the payment of the insurance in Mrs. Ball's case, this matter was not further discussed.

The Earlscourt Park site was the subject of much discussion. Alex Craig was decidedly of opinion that the Allan Royce property was an ideal situation for a fire station. The Earlscourt Park site was a plateau upon which a bandstand could be placed, and in his opinion, was far superior to any other site available in the township.

W. Burlington: "If the city did their duty by the citizens, they would have secured the Earlscourt Park site for the fire station."

"The Royce property," said President Parfrey, "has the advantage over the Miller land, in that it is ready for use at any time."

Sure to Come In.

"I would much prefer to see the park site near Eglington avenue, as this city will not doubt promise in the section in the near future," said Mr. George. "I would also recommend the B.I.A. to steer clear of the other associations in the Earlscourt district, who are only working in their own interests and not for the interests of the people of the district."

Regarding the Morton avenue extension thru Prospect Cemetery and the approach to same on the Earlscourt side thru a back lane filled with garbage and other filth, it was decided to ask the M.O.H. to examine the lane at his earliest opportunity.

WESTON RED CROSS STARTS CAMPAIGN

Will Make Strenuous Efforts to Increase the Membership.

SUPPLY ASSOCIATION

Men of St. John's Anglican Church Form Co-Operative Society.

At a meeting of the executive of the Weston branch of the Canadian Red Cross Society, held last night at the residence of the secretary, M. Pearson, the first vice-chairman, Thomas Williams, was authorized to nominate a committee to make arrangements for the contemplated strenuous membership campaign.

It is proposed to elect two prominent citizens as captains of teams which will conduct the campaign. It will take perhaps two weeks to complete the arrangements for a campaign, which the executive intends shall be effective.

Horticultural Society.

The membership of the Weston Horticultural Society new stands at 134, and that number of options have been ordered, delivery being expected in a few days.

While members joining now or afterwards will not share in the distribution of options in the fall, in the shape of bulbs and late plants, to those members not now provided, will be taken up at the next meeting of the society, to be held on the third Thursday of May.

Supply Club.

A society to be called the "Weston Supply Club" has just been formed in the schoolroom of St. John's Anglican Church by a coterie of men anxious to advance the principles of mutual help in the community, and it has already been decided to purchase and distribute coal on a co-operative basis. It is proposed that members provide during the coming summer by payment of weekly contributions, to enable the executive to purchase the coal in carloads at reduced prices, of which the members will get the benefit. A meeting will be held in the schoolroom tomorrow (Saturday) evening at 8 o'clock, when final arrangements will be made. All interested are desired to attend and prospective members are asked to communicate with the secretary, W. J. Forrester, Meyer avenue.

AWAITING DECISION OF RAILWAY BOARD

Ward Seven Ratepayers Postpone Transportation Meeting.

The meeting of the Ward Seven Ratepayers' Association, scheduled for tonight, has been postponed until next evening, April 30, when the decision of the Railway Board will have been given regarding the franchise of the Toronto Suburban Railway Co. in west Toronto. The decision will be awaited with much interest by west end citizens as the streets on which transportation is most needed are those on which the franchise of the company is being contested. The ratepayers' association will have the decision for discussion on Friday evening next, and if favorable will lose no time in mapping out their ideal of the future street railway service for West Toronto.

Small Fire.

The Keele street fireman were called out yesterday morning shortly after 11 o'clock to a fire which had broken out in a barn at 77 Chelsea avenue occupied by E. D. Coultter and owned by W. W. Jardine of 54 Hogarth avenue. The blaze was caused by paper in the cellar catching fire from the furnace. The resultant damage was slight.

MIMICO IN SEARCH OF WATER SUPPLY

May Make Contract With New Toronto if Rate is Reasonable.

In accordance with the request of the councils of Mimico and New Toronto, details and information regarding the Toronto and Hamilton road scheme thru these municipalities are being prepared by the commission, and as soon as these details are ready, a joint conference of the municipalities affected by the commission will be called by Geo. H. Gooderham, M.L.A., the chairman, for the purpose of laying a double track of the road, its widening from 66 to 88 feet, and the moving of the track to the centre of the road, together with the question of laying a double track.

Water Question.

Mimico Council will meet on Monday evening next, when, among other important matters, the water question will be discussed. The requirements of the village, which include the provision of an average for the next three years of about 10,000 gallons of water per day, have been submitted to the Council of New Toronto, and an answer embodying the price per 1000 gallons is expected by the providers.

It is expected that the provision of water will produce a large demand, not only from residences already erected, but from those which would spring up rapidly under the new conditions, and there is no doubt that this will induce many more industrial concerns than already exist to locate in the village.

STOFFVILLE

While "Happy" Wideman, the 12-year-old son of Mr. Wideman, who lives at Almiria, was about to enter the school he slipped and fell, breaking his thigh bone a short distance above the knee. Young Wideman was removed to his home where Dr. Sangster of Stoffville set the limb.

F. L. Button is building a fine residence on the old Douglass property on the Main street, and Mr. Fred Vetz, who recently erected a new house and shortly after disposed of it, is putting down the foundations of another.

THORNHILL

The Thornhill Agricultural Society will hold a special meeting for children in Victoria Hall on Saturday, George Baldwin of Toronto will give a talk on "Children's Gardens." Illustrated by a number of beautiful lantern slides. All children in the vicinity of Thornhill are invited. Come and hear about the vegetable and flower show to be held in August. Admission free.

ANNUAL MEETING CANADIAN CLUB

Dr. R. A. Falconer will be the speaker at luncheon of the Canadian Club at Dunlop on Tuesday, at 1 o'clock. His subject will be "Blasphemy's Police." Following the luncheon, the annual meeting of the club will be held.

UNDERWRITERS TEST NEWMARKET BRIGADE

Representatives, from the Underwriters' Association slipped into Newmarket yesterday and subjected the local brigade to a sharp test to prove that the municipality's fire fighting facilities were satisfactory. Within an hour and a half the brigade was twice and one-half minutes from the time the alarm was sounded the volunteer brigade was fully manned and ready for any emergency. The test was regarded as eminently satisfactory.

Robert Bartlett, employed at Eves' planning mill, met with a painful accident yesterday. His hand being caught in a jointer machine, mangle the fingers and necessitating the amputation of two of them.

ROOSEVELT ASSAILS PEACE CONFERENCE

'Base and Silly' is His Description of Women's Propaganda.

A SCORCHING LETTER

Former President Likens Delegates to 'Copperheads' of Years Ago.

Special to The Toronto World.

NEW YORK, April 22.—Canadians probably will not share the indignation reported to have been inspired in the ranks of United States delegates to the coming Hague peace conference...

I assume from your letter that you have not read my recent little book called America and the World War...

'Fifty years ago the Copperheads of the north held exactly the views about peace which are set forth in the platform you enclosed, and to a man they voted against Abraham Lincoln...

I speak with scientific accuracy when I speak of this movement as both base and silly. It is silly because it is absolutely futile.

Let the people who advocate the platform and principle you enclosed hold a meeting specially to denounce the invasion of Belgium by Germany...

Let them denounce the Wilson and Bryan for trying to force thru the ship purchase bill, which was in the interests of the power that wronged Belgium...

Let them do anything that shows that they mean what they say and that they are really striving for righteousness.

Until they do this let every wise and upright man and woman refuse to have anything more to do with a foolish and noxious movement...

Let them do anything that shows that they mean what they say and that they are really striving for righteousness.

Wily Muscovites Lured Enemy on by Holding Back Fire.

MANY CAPTIVES TAKEN

Whole Austrian Battalion Had to Surrender to Russians.

PETROGRAD, April 22.—Thrown back from the principal summits of the Carpathians to the Plains of Hungary, the forces of Austria are now attempting to relieve the weakness of their position along the centre of the Carpathian front...

Lured Them On. The results of these attempts have been officially announced in Petrograd. The tactics of the Russian forces were to invite the enemy to advance by non-resistance. Not a shot was fired until the range was very close. The Russians then suddenly charged with the bayonet, with the result that the Austrians were completely routed...

Loss Was Temporary. A stubborn battle near Koszulowka, April 19 and April 20, served to give an idea of the intensity of the Carpathian fighting. After a sustained assault the Austrians succeeded in taking an elevated position in face of strong Russian defenses...

Other Austrian efforts along the River Stry, which form part of this same movement, are continuing to develop, but so far without decisive results.

MONTREAL, April 22.—A plot to release 400 convicts at St. Vincent de Paul Penitentiary was unearthed in the course of the enquiry in the east-end of the city of Lucien Leclair, who attacked and injured two warders, Leclair, Ismael Bourret, serving a life term in connection with the murder of a policeman, and two other long-term men, will appear in the police court tomorrow, charged with aiding in the revolt at the penitentiary.

Spring Fishing Season Opens May 1. The bursting of the springtime sun, under whose powerful influence the icebound rivers and lakes return to their normal condition, is also the time for the angler to be looking after the rest from business he will enjoy, and the pleasure he will experience with a few days with rod and line. The open season for speckled trout commences May 1, and good fishing can be found along the line of the Grand Trunk Railway. Those contemplating such a trip should call at the Grand Trunk city ticket office, northwest corner of King and Yonge streets, for full particulars and illustrated literature on the numerous fishing grounds.

NEWS OF SPECIAL INTEREST TO WOMEN

NEW SUNSHADES IN ODD DESIGNS

Parasols for This Season Will Be Particularly Attractive.

STRIPES ARE FAVORED

Popularity of Ornamental Handles Seen in Very Latest Models.

Sunshades will more than ever be numbered among the important accessories of the wardrobe.

And the styles are as varied as the colors of the rainbow—all of which are represented in the wide range of exclusive and elegant models.

No Limit to Variety. There is no limit to the variety, which ranges from the simple white linen hemstitched shade to the elaborate model of real lace, brocaded chiffons and rhinestone studded flowers.

A novel handle in yellow wood, studded with black jet ornaments, was an attractive feature. The plain white models are a delight to the feminine heart, some of the most alluring being ornate deep shades, consisting of tulle, net and lace.

There is a decided tendency for odd-shaped and side-shirred designs. A very pretty "fussy" shade in soft yellow and the popular black and white stripes has double sections set in between the ribs, the striped material being arranged to swirl towards the outer rim.

NURSE RICHARDSON ALIVE. OTTAWA, April 22.—The report that Nursing Sister Richardson had died at the front from over fatigue is incorrect. A cable has been received stating that she is convalescent.

CLINTON, April 22.—George Jerrard Potts, M.D., M.R.C.S., late of Belleville and Toronto, passed away here today in his 80th year, at the residence of his son, Rev. Jerrard Potts. He was at one time editor of The Leader, the organ of the Conservative party in Sandfield Macdonald's time.

He saw considerable active service during the Anglo-French operations against China, and held the rank of surgeon-major in the American Civil War.

He is survived by three sons and two daughters: Macdonald Potts, Portland, Ore.; Murray Potts, Victoria, B.C.; Rev. Jerrard Potts, St. Paul's Rectory, Clinton; Mrs. Charles Clarke, Victoria, B.C., and Miss Jessie Potts.

The interment will take place at St. James' Cemetery, Toronto, on Monday.

PRIZE DAY FOR CATHOLIC HIGH SCHOOL. His Grace Archbishop Nell McNeill will preside at Massey Hall this afternoon at 3 o'clock when the pupils from the Catholic High School will receive the results of their recent examinations, feature of the program will be the deciding debate of the season for the school trophy. The boys' orchestra will be in attendance. Parents and friends of the boys are invited.

FOR A BAD COUGH. Here is a fine old-fashioned recipe for coughs, colds or catarrh trouble that is absolutely unequalled. Get from your druggist 1 oz. of Eucalypti Double Strength and add to it 1/2 pint of hot water and 4 oz. of granulated sugar. Take one tablespoonful 4 times a day.

No more racking your whole body with a cough. Clogged nostrils will open, air passages of your head will clear and you can breathe freely. It is easy to prevent a cold. Anyone who has a stubborn cough, hard cold or catarrh in any form should give this prescription a trial.

FRIDAY MORNING, APRIL 23.

Canada Denied Democratic Rule.

The Hamilton Times, commenting upon our recent editorial entitled, "Why the Government Must Go to the Country," is pleased to observe that "The World has fallen into line with Hon. Robert Rogers in the demand for an early election."

The World wants the senate to be Tory, and won't be satisfied until it becomes so. We are led to infer from this line of argument that when parliament is Tory, the senate should be the same.

And The World, too, would like to see the senate abolished, but it is truly "nonsensical" to stop at this time to discuss its abolition. It is not in our power to abolish it. This country is subject to a rigid written constitution which cannot be changed except by an act of the British Parliament.

Neither is there any present way in which to "reform" the senate except by giving each section of the country its proportional representation therein, and by having a majority of the members in sympathy with the will of the people.

We have not responsible government in Canada today. The cabinet is responsible to the house of commons, and the house of commons to the people, but the senate is responsible to no one.

In England, after three centuries of struggle, the irresponsible lords had their claws drawn by the Parliament Act. The representatives of the people, with the consent of the King, may enact legislation, the house of lords to the contrary notwithstanding.

This is not a desirable state of affairs, no matter which party is in power. The country has been ruled for the past four years not by Sir Robert Borden, but by Sir Robert Borden within certain limits prescribed and allowed by Sir Wilfrid Laurier.

If it be a desirable amendment, the sooner it comes into force the better. With a senate in sympathy with the house of commons the government

WILLIE WOKE UP A DUTCH UNCLE

will have a free hand and Canada will again enjoy responsible government. The house of commons elected by the people should be supreme, no matter which party happens to win the election.

Another of the self-convicting reports of the city assessment department has been made by the assessment commissioner. We have pointed out over and over again the effect, of the violation of the assessment law by those who have sworn faithfully to carry it out.

The present instance is like many others of its kind, and shows clearly that the assessment department does not assess property at what it believes the actual value of property to be.

If the property be only worth the amount at which it is assessed, then why does the commissioner recommend the city to pay over three times as much for the property?

In the burning of the Lakeside Hospital for Sick Children, the whole community has suffered a most untimely loss. Very few who are not in constant contact with the work of the hospital for sick children, appreciate the place it takes in the life of the province.

Mr. John Ross Robertson has been instant in season and out of season in carrying on this great work, and it is a pleasure to see that his pet enterprise at this time will touch him keenly.

A fire while all the patients were in the hospital might have had terrible

results, and it is well that such a disaster was not precipitated. This is one thing to be devoutly thankful for, but the best expression of gratitude will take the form of assistance in restoring the Lakeside home to its former usefulness.

The Spring of the War

During the long, weary months of winter much was written about the great spring drive that would turn the Germans out of Belgium in quick order. Now that spring has come we are told by experts that the strategy of the allies in the west will be one of attrition.

Which of the earlier or later theories is correct must be left to time to determine. But of this the British peoples must be sure, that the allied commanders are not acting without a plan.

It is well within the truth to say that in no previous war—and none has exceeded it in magnitude—have there ever been more and clearer evidences of close co-operation and mutual confidence than this conflict of opposing ideals has already provided.

It is good omen if for nothing else than that it shows the first judgment of the men in high responsibility and command has been exhibited. France, Russia, the British Isles have all pinned their faith to the statesmen and soldiers who accepted and met the German challenge.

During Recent Months

If your savings have been deposited with this old established, time-tried institution, which since 1855 has been the safe depository for the savings of many thousands of our citizens, or if they have been invested in its Debentures, you have been free from the anxiety which has been experienced by those who have used their money in the purchase of bonds and stocks which promised a greater return, but which are subject to the fluctuations of the market.

ANOTHER CHARGED WITH BURGLARY

Christopher Tanis Arrested for Breaking into Elizabeth Street Cigar Store.

BOULDER FELL ON MAN

Tony Sygolski Nearly Lost Leg While Working in Excavation.

Christopher Tanis, 32 Berkeley street, was arrested by Acting Detective Koester last evening, charged with breaking into 113 Elizabeth street...

Tony Sygolski, 145 Dundas street, was nearly killed by a boulder falling from the hoist 20 feet above him. The heavy weight all but took the man's leg. He was removed to the General Hospital.

Man and Wife Charged... John McCarthy faced a charge of stealing a cap and a pair of shoes, and also a charge of obtaining money by the eating house of Margaret Johnson...

Remand Was Given... On a charge of keeping a common gambling house, James Callaghan was remanded in the police court yesterday.

No Evidence Taken... A charge of criminal libel, Leonard Liscol was remanded by Magistrate Denison until April 29.

Believe Jane in General... The police are pretty well satisfied that Charles Jane, who made a sensational escape from the police when they were raiding the office of Yonge Street Arcade Wednesday night, has by this time crossed the border into the United States.

Boy Had Foot Caught... While playing in company with chums opposite 15 Hazelton avenue at 2:30 p.m. yesterday, four-year-old Thomas Wilkinson, 112 Scollard street, had his foot caught in a breather in the sidewalk and was held fast until he was rescued.

Smashed His Auto... In an effort to miss striking a horse and wagon driven by Joe Potestini, a rag collector, living at 127 East Queen street, Thomas Warren, 359 Spadina avenue, ran his motor car against a post on the south side of Broad street, just east of Dovercourt road, and badly smashed it Wednesday afternoon.

UNPAID TORONTO TAXES... Toronto ratepayers are reminded that further statutory penalties will be added to all taxes remaining unpaid after May 1st.

SOCIETY

Conducted by Mrs. Edmund Phillips.

PROGRAM PLEASSED

LOVERS OF MUSIC

Adanac Vocal and Academy String Quartets Heard to Advantage.

ENJOYED BY MANY

Large Audience Listened for Two Hours to Talented Musicians.

Expectations were fully realized from the combination of the Adanac Vocal and the Academy String quartets last night in Odeffellows' Temple, where a large audience listened to a two-hour program with marked approval and precision, combined with a lovely andante which followed the string numbers were rendered, elicited the keenest appreciation from lovers of chamber music.

A Ditterdorf quartet, in E flat major, was the first offering. The opening allegro illustrated all the ability of the performers, but in the lovely andante which followed the flowing and graceful interpretation attained a climax of charm. The music was given with an artistic feeling for interpretative color in the rendering of such movements. An exquisite andante of Haydn was followed by a waltz in G major, an excellent smoothness, and modern composition was represented by Wolf's Italian Serenade, in which the chromatic color was blended into an iridescent unity. The strings also took part in the fine rendering of Grieg's cantata, "Oaf Trygvason," one of the features of the program, in which the resonant voices of the vocal soloists were equal to a whole choir.

Vocal Duet Fine. Perhaps the finest vocal number on the program was given by P. Redfern Hollinshead and Arthur Blight. Michael Balfie's magnificent setting of "Excelsior," whose only flaw is a conventional ending. The singing was an inspiration, constituting a little vocal drama, and tremendous applause followed, an encore being accorded.

George Dixon gave a spirited rendering of Hammond's "Pipes of Gordon's Men," which was insistently endorsed by the audience. The program was a most successful one, and the success of the program.

WOMAN FREED ON KIDNAPPING CHARGE

Kingston Magistrate Discharged Eliza Richardson, Who Stole Her Own Baby.

FORM NEW BATTALION

Major-General Hughes Inspected Overseas Forces—Camp Opens in May.

Special to The Toronto World. KINGSTON, April 22.—Eliza Richardson, the young woman arrested on a charge of kidnapping her own child, appeared before Magistrate Farrell, when the charge was dismissed, and the child handed over into the care of the mother.

"I have looked into this matter," said the magistrate, "and satisfied myself that there is no criminal liability for the taking away of the child, and I therefore dismiss the charge." The mother says undue influence was brought to bear in the matter, and that she has never been happy since she gave the child over to the care of another.

Gen. Hughes Inspected Troops. Major-General Hughes inspected the 21st Battalion today and confirmed the report that Barrfield camp will open May 15. The 28th Battalion, Ottawa; the 29th Battalion, Belleville; University Company, Montreal, and the 8th Regiment, C.M.R., will be stationed here. This means over 2500 men at the lowest estimate. When made about the arrangements had been made about the artillery, Gen. Hughes said that none had been made yet.

May Form New Regiment. Queen's University has an opportunity of sending a complete company overseas under the command of their own officers. There are at present in the divisional area 800 men who have volunteered for overseas service. It is understood the order to form a battalion will be given as soon as the full number of men has been secured. The 300 men who have volunteered are being drilled at the regimental headquarters, are under pay and are being supplied with uniforms.

Corpl. Burton Hurt. Corpl. W. M. Burton of the 14th Co. of the first Canadian contingent at the front fell into a deep excavation, suffering a fracture of his ankle. He is now in the Astor Hospital, England. Mr. Burton is a son of the late Rev. W. W. Burton, Kingston.

IRISH FUSILIERS PARADE

Over 100 members of the Irish Fusiliers paraded at the armories, St. Lawrence market last night, and went thru platoon drill. Maj. Boyd McGee left for Ottawa last night to interview the minister of militia in regard to uniforms and other equipment and the regiment expects that he will have some good news for them next Thursday evening.

MYSTERIOUS ORDER TO SHIPPING MEN

Hamburg-American Line Employees Notified That Furloughs Cease.

SOMETHING EXPECTED

Claimed That Company Anticipates Great Activity in June.

Special to The Toronto World. WASHINGTON, April 22.—Great surprise was expressed among administration officials and diplomats in Washington at the report received here to-day to the effect that the employees of the Hamburg-American Line in Hoboken had been notified to seek no more furloughs or vacations after June 1. Two theories were advanced as to the reasons for the order. The first reason was that the heads of the great transportation corporation on the other side were convinced that by the date specified the end of the war would be in sight, whether victory was to rest with the Teutonic alliance or the members of the entente group, and that it was time to begin furnishing up the Hamburg-American Line for the real business of peace.

The second theory advanced was that the German Government was preparing for the eventuality of an expected triumph on the seas of the great German battle fleet, which ever since the outbreak of the war last August, has been lying low in the two great German naval bases of Cuxhaven and Kiel waiting for an opportunity to meet the fleets of Britain and France on the high seas, with the expectation of the merchant fleet now at Hoboken inaugurating a commercial or auxiliary naval movement on the high seas.

Not Given Credence. The latter suggestion is regarded here as the less tenable of the two, for the reason that even in the event of a single German victory even of vast proportions the safety of German merchant vessels would be by no means guaranteed, for no one is foolish enough to believe that the entire British fleet could be wiped out in a single engagement. The use of such monuments of expense as the great ocean greyhounds of the Hamburg-American fleet as auxiliaries to so uncertain a movement is regarded as bad economy, to say the least, and as taking too many chances with the possibility of the destruction of three vessels, whose commercial value following the declaration of peace will be immeasurably with the German nation in restoring in large part the position of that nation in the maritime world.

HEBREW CONSERVATIVES MEETING. On Monday night a concert and smoker at which Hon. P. W. Crothers, minister of labor, Premier Hearst, and Provincial Secretary McGarry, will speak, will be held at Broadway Hall, under the auspices of the Toronto Hebrew Conservative Association.

MAJ.-GEN. HUGHES INSPECTS TROOPS

Five Thousand Soldiers to March Past at Camp Today.

MOTOR TOUR ENDED

Men Displayed Especial Skill in Driving and Trip Was Successful.

All the active service troops in Toronto will pass in review today before Major-General Hughes, minister of militia. Over 5000 soldiers will be in line in addition to those at Exhibition Park Camp, the 35th Battalion (third contingent), quartered at the armories, will go to the exhibition grounds, and so will No. 4 General Hospital, commanded by Col. J. A. Roberts, which drills at the university.

The review will be held at 10 a.m., on the lakefront parade grounds, to the south of the horticultural building. The general public will not be admitted. Prominent citizens have been invited, including Hon. J. S. Hendrie, Sir Henry Pellatt, Hon. W. H. Hearst and members of the cabinet, Mayor T. L. Church, the city council members and President R. A. Falconer of Toronto University.

The troops will parade in marching order. All ranks will be dismounted. In the afternoon Gen. Hughes will probably inspect the cars of the Eaton Motor Machine Gun Battery, at the Russell, Co., Limited, motor works, West Toronto.

Motor Tour Completed. A 250-mile tour of Ontario, lasting three days, was concluded yesterday at 1 o'clock, yesterday afternoon. Col. Poussette, C.A.S.C., accompanied the soldiers on the tour, and the arrangements and training were directed by Capt. William Mayall of the C.A.S.C. training depot. The eight lorries left the camp at 8 a.m. Tuesday, returning at 1 o'clock, yesterday afternoon. The 100 men on tour displayed fine driving ability, and their conduct was exemplary. A striking feature of the trip was the knowledge displayed by them in building fires, cooking meals, etc., when they bivouacked at night. The tour was to Rice Lake and Back via Port Hope and Cobourg.

Manoeuvres Cancelled. The night manoeuvres announced to be held last evening and in which 8000 men expected to take part were canceled owing to the wet weather making conditions unfavorable. Major R. K. Barker, inspector and organizer of the manoeuvres, started yesterday to inspect 75 men and 200 women of the university schools who are qualifying for grade B certificates. Next week he commences the annual inspection of cadets, numbering 11,000.

Fourteen doctors from Toronto and 21 from other Ontario points have been accepted by the militia to be sent to England for service with the Royal Army Medical Corps. This is in response to the war office's request of three weeks ago. Details of leaving will be announced soon. About 125 doctors responded from Ontario, but only 35 were asked for.

Lance-Corpl. J. Walden, formerly a patrolman in the Toronto police, writes telling of the death of W. E. Arnold, also of the Toronto police. Mr. Arnold was with No. 6 Station of the Toronto police.

John Thompson has received notice by telegram of the wounding of his son, Lieut. A. T. Thompson. This is the second wound. He was hit in the arm on March 12. The string line is described by Pte. R. J. Clapton of Toronto, now with the Canadians in France. While groping in the dark, the Germans turned the searchlight on him, but he flopped on to the ground and afterwards discovered he had walked into the Canadians' trench.

The Canadians spent Easter Sunday out of the trenches, but their billets were a 14-mile march to the rear.

Lord Kitchener Says Recruiting Results Are Satisfactory.

TROOPS' HEALTH GOOD

Not One Case of Dysentery Among Soldiers at the Front.

LONDON, April 22.—"The recruiting results of the last few months have been most satisfactory and gratifying," was the statement delivered in the house of commons this afternoon from War Secretary Kitchener by Harold Tennant, parliamentary secretary of the war office.

"Month by month the stream of new men has been maintained with amazing regularity," Mr. Tennant said, "and when the time comes to call for more men, I am confident the nation will respond with the same readiness, decision and promptness as it has responded in the past."

Health of Troops Good. Mr. Tennant made these remarks while speaking on the army estimates. He referred in glowing terms to the supply services of the army and the health of the troops at the front, mentioning incidentally that there was not one single case of dysentery among the men.

Large additions had been made to the aerial service since the armistice of the war, Mr. Tennant continued. He believed the danger threatening from the air had been overcome, and that the Lord Kitchener attached to a limitless supply of artillery ammunition.

DELIVERY TRUCKS

Made in Canada

"Keeping Ahead in Your Delivery"

Delivery is the one business department that is very apt to fall behind. Only topnotch efficiency will keep expenses down to the lowest ebb.

Speed, reliability, durability and economy are the absolute requisites of efficient delivery. A McLaughlin Buick Truck will give you all of them. Its staunch 4-Cylinder, 37 H.P. VALVE-IN-HEAD Motor is guaranteed to give more Power and Speed from less fuel than any other motor on any road, rough or smooth.

The latest and best engineering principles—sturdy, honest material—careful accurate workmanship—give the C.4 her ability for steady, hard and continuous service; night and day if necessary.

This strength of design and construction is a great source of economy. Fewer repairs and less time wasted—both big savings. Even oil and fuel expenses are kept down to the lowest point by the use of the "VALVE-IN-HEAD" Motor, the guaranteed producer of maximum power from fuel.

If you are interested in "Keeping Ahead," facts and figures on the McLaughlin, the last word in delivery trucks, will interest you.

STANDARDIZED

A Promise Fulfilled—With Interest

THE COLE MOTOR CAR COMPANY promised that prices would come down and quality go up thru Standardization. In this Cole Standard Eight, that promise has been fulfilled with interest. Actually performing in a manner which the most optimistic motorist had scarcely dared dream, this car places motoring on a new plane, and reconstructs the public's idea of motor car value.

The motor has a 3 1/2-inch bore by 4 1/2-inch stroke, all moving parts enclosed and absolutely accessible. Timken's latest type axle with extra large helical bevel gears and Timken oversize bearings throughout, one-man top of pleasing design, long grain genuine hand-buffed leather Turkish upholstery, retiring auxiliary seats and divided front seats, Delco separate unit starting, lighting and ignition—every part the standard of its kind. This is what you get in the Cole Standard Eight.

SHARES IN ESTATE OF CHICAGO BROKER

Miss Charlotte Leavitt of Brockville Left Legacy by Late Chas. Mair.

Special to The Toronto World. BROCKVILLE, April 22.—By the will of the late Charles A. Mair, a Chicago broker, Miss Charlotte Leavitt of Brockville is bequeathed the sum of \$6000. Mr. Mair's estate was valued at half a million dollars.

The Sunday school of the First Presbyterian Church has just celebrated its 104th anniversary. This is the oldest organized school in America. Its centenary was marked by the installation of a new organ and other improvements, costing upwards of \$15,000.

In response to a communication from the chief of police of Amprion, the local police arrested two Austrians, Decro-pol Bolinski and Anna Cushia, at a boarding house here. They were taken into custody on the nominal charge of theft, but the real offence is an elope-ment. Bolinski was a boarder and became very friendly with Mrs. Cushia, whose relations with her husband became strained, resulting in Bolinski leaving for Brockville on one train, the woman following on the next train with her baby of three months. Here the couple went to live together at a boarding house.

TO DISCUSS PLANS FOR NEW BUILDING

Reconstruction of Lakeside Home for Little Tots Will Be Taken Up.

John Ross Robertson, donor of the burned Lakeside Home, will arrive from New York this morning, and will meet the directors of the institution to discuss plans for rebuilding and as to the continuing, as much as possible, of the work of the institution during this summer. The reconstruction of the main building will probably commence as soon as the directors can make arrangements.

Two of the three buildings saved are of open construction, and will be closed in. The pavilion of the boys' surgical building will also be closed. The combined accommodation of the three buildings, when alterations are completed, will amount to about 200 patients. They will not, however, be

NEW YORK DOCTOR WILL BE DEPORTED

German-American Under Suspicion in London—Did Not Register.

LONDON, April 22, 5:05 p.m.—Herr Biegel of New York, known also as "Doc" Biegel, will be deported to the United States next Saturday as an undesirable alien under the Defense of the Realm Act.

Biegel was arrested early in the war for failure to register as an alien enemy. It was then believed that Biegel was German, but he pleaded American citizenship. American officials investigated and found that while born in Germany, Biegel had subsequently naturalized at Baltimore. He was also described as a deserter from the German army.

When Biegel was released in September he disappeared, and for several months nothing was seen of him. Upon his reappearance he was arrested by the British authorities and ordered to leave the country.

.22 Cartridges for Target Shooting

It was Lord Roberts who said: "Teach every schoolboy to shoot." Sound logic that. Not only will it equip our coming men for emergencies, but it is a pleasant and beneficial pastime for men, women and boys—develops steady nerves, keen sight and healthy bodies.

Dominion Ammunition

Makes possible the greatest shooting satisfaction. This is due to its positive operation in every make of rifle and is the result of the extreme care exercised in every detail of manufacture. Insist on having Dominion .22 Cartridges—they mean more "bull's-eyes."

DEALER TRADING IN NEW YORK—FRESH EUROPEAN WHEAT BUYING

TRADING FELL OFF ON WALL STREET

Lowest Prices for Day Scored in Last Moments of Dealing.

METAL SHARES ROSE

Minor Railways Still Under Rock Island Cloud.

NEW YORK, April 22.—Trading in the stock market today fell away in marked manner, total transactions falling far short of the recent daily average of a million or more shares. Various theories and deductions were advanced in explanation of the diminished and irregular movement, these ranging from political to industrial and technical conditions.

As a matter of fact, to the dispassionate observer, events of the past few days, including heavy foreign and domestic selling, with an admixture of professional operations for the decline, seemed to make today's outcome a matter of logical sequence. Lowest prices were scored in the last hour, when the list recovered from its torpor of the mid-session, with declines of 1 to 3 points in numerous important stocks.

Prices moved contrarily from the outset, standard stocks and the lower grades of railways tending downward, while copper moved to higher quotations. Dealings in the metal shares were the largest of any particular group, far exceeding those in such leaders as U. S. Steel, Reading and the Pacific.

The minor railways were again under the cloud arising from the Rock Island receivership, Missouri Pacific and M. K. & T. denoting special weakness, probably as a result of their approaching financial reorganization. Tobacco issues and a score of secondary industrial and equipment stocks made more or less substantial advances, some of which were retained at the close.

DULL TRADING ON MONTREAL MARKET

Only Three Hundred Standard Shares Sold Yesterday.

MONTREAL, April 22.—Only a few stocks showed life in the Montreal Exchange today, and the business became more pronounced. Business to value of 200 shares, exclusive of mining stocks, was transacted.

Despatches from Schumacher yesterday stated that the Jupiter mines had signed a contract for power. This is taken as an indication that the Ormound interests intend going ahead with the work this summer if the companies dickering for the property do not come to a decision.

LONDON ACTIVE. LONDON, April 22.—Money and discount rates were steady today. About the best sections on the stock exchange were Kaffirs and copper, in which business broadened at firmer prices.

A wire from Chicago quotes Sir Donald Mann as saying Canadian farmers would diversify more this year than before. He expects the C.N.R. to move 66,750,000 bushels of wheat this year.

Money invested with us under our Guaranteed Trust Investment plan is placed in first mortgages on improved real estate.

Our mortgages are granted only after careful examination of the security by inspectors who are salaried officers of the Company, and not paid by commission.

Funds so invested yield 5 per cent. per annum to the investor. Booklet on request.

ENORMOUS WAR ORDER FOR U. S.

NEW YORK, April 22.—A banker in close touch with the situation estimates that ammunition orders to the value of \$200,000,000 have been placed in this country by Europe so far this month.

Most of the orders were for shrapnel. The total promises to be much larger before the close of the month.

M'INTYRE HAD ANOTHER GAIN

Buying Orders Made Appearance on Standard Yesterday.

PETERSON LAKE STRONG

Jumped Two Points in Few Minutes Following Bullish Reports.

Yesterday's mining market on the Standard Exchange was much steadier and broader than recent sessions. Several issues showed a tendency to higher figures but as a rule prices remained little changed from previous trading.

M'Intyre was again the most active stock and was in demand most of the day. Opening at 48 it soon reached 51, but in the afternoon relapsed to 50 1/2.

In the late hours of the day Peterson Lake jumped quite a flurry and jumped two points in a few minutes. Large buying orders made their appearance, and these were taken by brokers to indicate that the company's find of the Worth vein has turned out better than has been announced.

BETTER FOREIGN WHEAT INQUIRY

Oats Fell Off at Montreal Following Winnipeg's Prices.

MONTREAL, April 22.—There was a better demand for foreign wheat and a few loads of No. 2 and No. 4 were made for nearby shipment, and some new crop American wheat for August-September.

LONDON. April 22.—Money and discount rates were steady today.

Consols steady. In London yesterday consols closed unchanged at 69 3/4.

Marriage is Boundless Love, Love More Steadfast Than Life

By WINIFRED BLACK

THE Rev. Percy Stickney Grant of the Church of the Ascension, New York, believes that no man and woman in the world should go on living together for one hour after they have stopped loving each other. Dr. Grant preached a sermon about it at his church a Sunday or so ago. "Since the only basis for marriage is love," said Dr. Grant, "why, in the event of love changing, should the marriage continue?" "Woman has attained an economic independence, and she is no longer forced to remain married to a man merely with the idea of being supported. Divorce is not so selfishly individualistic as it seems to the ultra-conservative. There could be no greater obstacle to the proper development of children than distrust and discord on this matter of divorce," said Dr. Grant, "and do not let yourself be put down by sneers and shrugs. The present law of the Episcopal church is not Protestant, not English and not modern. No doubt Dr. Grant meant every word, and believed it when he said it. I wonder how many of the men and women who heard him went home thinking what a shame it was that they had to live together when they were so utterly unattached to each other. "Since the only basis for marriage is love," why shouldn't a woman leave her husband the minute she stops loving him? Why, indeed, Dr. Grant, why, indeed?

Marriage is an Obligation.

One thing is, how is she going to know when she has stopped loving him? When she has fallen in love with the other man? Women are a good deal more like men than you seem to think, Dr. Grant. Whenever I hear a man hinting that his wife does not understand him, I view the landscape over to see where the woman is who is making him believe that she does understand him. Whenever a woman begins to talk about how revolting it is to live with a man when you find that you do not love him, I cast my weather eye about to get some idea of the man who is making her husband "revolting" to her. No, a woman is no longer forced to remain married to a man, even if she hates him, just to be supported by him.

The modern woman knows very well that she can make her husband support her as long as she lives, and if he is too worthless to do that she can go to work and support herself. But there are thousands of women who are staying married, not because they want to be supported and not because they are dead in love with their husbands, but because they love their children and want to do what is best for them, and because they believe that there is such a thing as keeping a promise and keeping it sacredly, even to the very end of time.

When a woman marries she gives up everything in the world for the man she marries—her home, her friends, her family, even her own name. Is this such a light thing that it is to be reconsidered the first time she finds out that the man she married is not a saint, but a human being? Marriage is something besides a whim. It is an obligation, a promise, a responsibility.

Is any woman the better, or even the happier, for breaking such a promise so lightly? Is any man? You talk, Dr. Grant, as if love were a coat to be taken off and put on at will. She loves today, she loathes tomorrow. What sort of women are these you tell about?

Love Not a Whim.

Love is something besides passion, something besides fancy, something besides a whim. Do you give up an old friend, one who has stood by you in sickness and in health, just because he doesn't agree with you on the tariff question? Do you break with a business partner because he eats frankfurters for luncheon and you prefer chicken salad? Do you cast your child out of your house because the child looks like its grandmother on the mother's side, and not like you?

Is there no such thing as obligation, as faith to keep, as a promise to hold sacred? The children—oh, the children! What will they amount to? Mrs. Go-Lightly is bored with Mr. Go-Lightly. She was madly in love with him once, but now he's a nuisance, and young Step-and-Fetch-It, the poet, is so fascinating. Why bother about the children? Somebody will take care of them, somehow.

What do they matter, anyway? It's love that counts. Love is the only thing—common and rose, moonlight and poetry—all somebody else comes along and turns that paradise into a purgatory again. These divorced people who marry again, are they always so happy, the second time? I have met them all, poor male-believers that they are! I wish a few of them could be persuaded to tell us the plain, honest truth if they didn't wish they had kept at least one promise and one illusion.

Love! What is it, this thing that Dr. Grant speaks of so lightly? A breath, a flame, dancing in the wind, a dream, an illusion, a bit of chivalry, to be puffed away by every wind that blows? What a foundation for a life of self-respect and honest service. Is love a rose to wear till it fades, or is it something deeper and holier and more steadfast than life itself? What is it all worth, this whim, this fancy?

Your mother didn't think your father a god come to earth, after she'd married to him a year or so. Perhaps she even wondered at him now and then, and wished he were different in some ways, but she loved him faithfully, and when he died her tears were from her heart.

Was your father such an amazing man of strength and endurance, or just a common, ordinary mortal? And yet he managed to be so faithful to your mother that his heart broke when she died.

Love is as much a result of fidelity as a cause for faithfulness. Love, Dr. Grant, love! What do you, who speak so lightly of it, know of the deepest, the strongest, the most enduring and the most glorious thing that ever illumined a human life?

Love is something besides passion, something besides fancy, something besides a whim. Do you break with a business partner because he eats frankfurters for luncheon and you prefer chicken salad? What do they matter, anyway? It's love that counts. Love is the only thing—common and rose, moonlight and poetry—all somebody else comes along and turns that paradise into a purgatory again. These divorced people who marry again, are they always so happy, the second time? I have met them all, poor male-believers that they are! I wish a few of them could be persuaded to tell us the plain, honest truth if they didn't wish they had kept at least one promise and one illusion.

Love! What is it, this thing that Dr. Grant speaks of so lightly? A breath, a flame, dancing in the wind, a dream, an illusion, a bit of chivalry, to be puffed away by every wind that blows? What a foundation for a life of self-respect and honest service. Is love a rose to wear till it fades, or is it something deeper and holier and more steadfast than life itself? What is it all worth, this whim, this fancy?

Your mother didn't think your father a god come to earth, after she'd married to him a year or so. Perhaps she even wondered at him now and then, and wished he were different in some ways, but she loved him faithfully, and when he died her tears were from her heart.

Was your father such an amazing man of strength and endurance, or just a common, ordinary mortal? And yet he managed to be so faithful to your mother that his heart broke when she died.

Love is as much a result of fidelity as a cause for faithfulness. Love, Dr. Grant, love! What do you, who speak so lightly of it, know of the deepest, the strongest, the most enduring and the most glorious thing that ever illumined a human life?

APRIL SHOWERS

By Michelson

WHEN dear old April weeps that doesn't mean that any one else should check her laughter or take the matter solemnly. April's smiles and tears are very near together, often blended, in fact. Sometimes one of those quick showers is a huge adventure for somebody, perhaps even romantic. Oh, it makes a lot of difference how you TAKE it all! It makes a lot of difference WHO is with you, what yesterday said, and what tomorrow promises. When everything else is right the jeweled water is so much splendor, the murmur of a million million drops a fantastic symphony, and two tiny birds in the SAME plight a delightfully whimsical happening.

WALKED over and inspected Ginger with interest. He seemed well but very tired. "He fell down and wouldn't get up!" said the old lady, "and of all days on a picnic day and me with a pie for the minister's lunch. I ate it myself," she added. "I had to do something and there was nothing to do but eat."

Aunt Mary Explains.

"Heart-trouble, fiddlasticks," said the old lady tartly. "It's something wrong with his leg, that's all. I always knew that Ginger would give out when I least wanted him to. I've been sitting here for hours. It was too far to walk back and too far to walk ahead, and I have been in a state."

THE PICNIC

The picnic was a success. The weather was perfect and the food was delicious. Everyone had a wonderful time and the day was spent in the most enjoyable way.

THE MINISTER'S LUNCH

The minister's lunch was a simple but delicious meal. It consisted of a pie, some bread, and a drink. It was just what was needed for the occasion.

Secrets of Health and Happiness

Your Liver Discloses Ills Suffered by Distant Glands

By DR. LEONARD KEENE HIRSHBERG
A. B., M. A., M. D. (Johns Hopkins)

A DOZEN years and more ago Dr. Sarjous of Philadelphia said there was a definite and clearly ascertainable linkage between the pancreas, suprarenal, thyroid, parathyroid, pituitary, pineal and other bunches of tissue—called glands for convenience—in the living body. Some professors who did not wholly scoff at him ignored him. The medical profession was, as usual, unanimous upon the point that he was amusingly wrong, and divided as to whether he was more knave or more fool.

These dogmatists, after many years, have at last been compelled to adopt Dr. Sarjous's correct but ostracized views. Indeed, his most bitter, violent, grudging and malicious opponents, were, perforce, required to make public experiments which confuted themselves and confirm Dr. Sarjous.

There is a harmless drug with a most formidable, terror-striking name—phenol-tetrachlorophthalin—which is administered to man and animals as a test of liver activity. In other words, when a treatment of phenol-tetrachlorophthalin is given hypodermically or otherwise, the liver tissue takes hold of it and passes it out in toto and unchanged in the bile.

Very lately, Prof. G. H. Whipple and Dr. P. W. Christman, pathologists of the Johns Hopkins medical school, have conducted a series of experiments which finally and definitely show that the liver is a gland, which is indubitably influenced by various other glands, such as the suprarenal, the pancreas and parathyroid glands.

If the drug with the long name and 25 letters—phenol-tetrachlorophthalin—is in-culcated into a vein, the liver tissue will ordinarily excrete all of it, however, there is anything wrong with this huge human sponge of sugar and blood, the phenol-tetrachlorophthalin will soon indicate the kind and degree of trouble. It will come away again only in part.

When dropsy from heart or kidney maladies causes the liver to be congested there are intervals or periodic rhythms in the power and strength of the liver, shown by a decreased or irregular outflow of the "test" medicine. The intensity of the congestion in the liver and the corresponding irregularity in the heart action is thus, with difficulty to be sure, ascertained.

Chloroform or phosphorus poisoning, injuries and accidents to the liver, alcoholic livers, gin drinkers' livers, drinking livers and fatty degeneration of the liver, all exhibit a proportionate extent of liver inactivity. This is emphasized with the test mentioned.

Messrs. Whipple and Christman, it is plain, seized upon this new method to clarify the views about the interaction and mutual or co-ordinate influences of other glands upon the liver. One experiment was the removal of the pancreas.

"Bones" of the Liver. Immediately the power of the liver to do its usual duty fell off. Its efficiency deteriorated rapidly. Indeed, the Johns Hopkins pathologists do not hesitate to be sure, ascertained.

"Ben," she said, "Ginger's down a piece up the road and you'd better get Doc Peats and look him over. I've got to get the minister's jam to him, for I've eaten his pie and he's depending on me for part of the supper."

Ben seemed frozen into dumbness by the news. He had nothing like the snap of his old mother.

"I've been sitting under a tree for a good sight longer than I like to think, and if you'd hauled hay as you promised Ben, you'd have passed me. You never do do what you say you'll do. You can just get new and attend to Ginger."

Ben seemed appalled by the singular circumstances that had led to his betrayal. I secretly smiled at Aunt Mary's air of rebuke. Ben was surely 45, but an unmarried son is a child to his mother always. Aunt Mary's air was the responsible one of the mother hen with a refractory chick. Ben was usually over a silver brook and obedient.

"I can ride home tonight with the minister."

"We drove her on to the end of the road, where an old farmhouse leaned crazily over a silver brook. She hailed her son with the parol.

Answers to Health Questions

Q.—I am troubled with rheumatic pains in arms, shoulders and back. What will relieve it?
A.—It is nonsense to say you have acid in the blood. Every one has acid. It will not hurt to eat the foods you mention.

Q.—I have hot baths, massage, electricity, Swedish movements, massage, electricity, an excellent aid. Take 15 drops of a saturated solution of iodine of potassium in water after meals, increasing one drop at a time until you are taking 30 drops. Then go down again to 15 and up several times. Drink three quarts of distilled water daily, also lots of fresh milk, not solid foods, but fruits, vegetables, cereals, milk, eggs and everything fresh.

Q.—It is nonsense to say you have acid in the blood. Every one has acid. It will not hurt to eat the foods you mention.

Q.—Mrs. H. H. Q.—I retire about 9:30 each night, but do not sleep more than three hours, then lie awake the rest of the night. I am not sick, and do not have any pains. What will make me sleepy?

A.—Avoid excitement during the day, and do not overexert yourself. Take more rest in the afternoon, but do not sleep. Do not eat any solid food on your evening meal, but just before going to bed drink a glassful of hot milk and eat a few crackers. Take a hot bath and have your room well ventilated. If you are not asleep in an hour take a triple effervescent bromide tablet in a glassful of water. Be in the fresh air and sunlight as much as possible and take active exercise in the open.

Q.—Mrs. M. M. H. Q.—What shall I do for a stiff and very painful knee? I have been taking medicine with a good deal of salicylic acid in it to dissolve the "uric acid" in my blood, but it has done me no good. In fact, I had to stop it for a day as it seemed to be hurting my stomach to pieces. Can you give me any suggestions?

A.—Since "uric acid" nonsense has been exploded in this column over and over again, and every one must have uric acid or die, since salicylic acid is more of an antiseptic and would have no effect, both your diagnosis and treatment are absurd. If you will describe your symptoms in more detail I shall try to help you. Baking the knee will relieve the pain. When the pain has left begin to exercise and move the knee.

Three Minute Journeys

By Temple Manning

WHERE THE ST. BERNARD IS TRAINED TO SAVE LIFE.

EIGHT thousand feet above the level of the sea, close to the region of eternal snow, amid the desolate scenery of the Alps, stands the world-famous Great St. Bernard Hospice. The mountain pass on which the monastery is situated is one of the principal highways between Switzerland and Italy. Over 20,000 persons traverse this road, and nearly two-thirds of this number make the journey in winter.

The reason why they cross that way, despite the hardships and perils of the trail, is because they are nearly all poor laborers going to or from work beyond the mountain. Every one who kneels at the door of the monastery is welcome to its hospitality. And the monks make it their particular duty to succor those who are in distress in the deep snows.

That is why the famous St. Bernard dog is raised in the Hospice and trained to go out along the trails during storms and avalanche with a little keg of provisions slung around his neck to rouse the weary traveler from the first sleep of death and guide him safe to shelter.

Countless are the records of rescue. Truly wonderful is the work done by the dog.

Near the hospice there is a monument to Barry, a dog who saved the lives of 40 persons, and was shot by some one, probably by mistake. His epitaph reads: "Barry, the heroic. Saved the lives of 40 persons, and was killed by the 41st."

ADVICE TO GIRLS

By ANNIE LAURIE

DEAR ANNIE LAURIE. I am 15 years old and for a while I went with a young man and then we quarrelled because he got too familiar. After that, however, he told some girls I knew that he respected me highly and liked me very much. Now I like him very much and would like to be friends with him again. Of course I cannot write to him, as it would not be proper and I have nothing to apologize for. My home is not nice enough to have a party or anything of that sort. What can I do?
BLUE EYES.

WELL, little Blue Eyes, I think that the best thing for you to do is to wait and if the young man likes and respects you as he says he does he will find some way to get back your old friendship. You were perfectly right in not allowing him to become too familiar, and that is what makes you respect him. Also it is what will bring him back to you.

A BRIDE'S OWN STORY of Her Household Adventures

By ISOBEL BRANDS

Solving the Problem of Cleaning the Rugs.

MRS. BROOKS, my neighbor, came over this morning for a recipe, ostensibly, for vacuum cleaners. I wanted some one to talk to, because she seemed just bubbling over with gossip and news.

"How do you clean your rugs?" I asked.

"I don't know how ever we'll get everything done," she assured me, "and they look wonderfully new afterward."

"When she had left, the thought occurred to me, why couldn't I begin my spring cleaning at once? All our things are light, and there's no need for me to call in outside help if only I do the job gradually and not try to crowd in two weeks' thorough cleaning in three days."

So I'm going to begin at once on our few rugs, and give them the thorough cleaning that Mrs. Brooks spoke about. Then I'll roll them up and keep them
