### WHILE BULGARIANS HALT PORTE RENEWS EFFORTS TO BRING ABOUT PEACE

**Servians Called Upon to Back Up the Bulgars Before Making Assault on Tchatalja—Powers Unlikely to Make Move Unless Balkan States Join in Turkey's Request.**

LONDON, Nov. 5.—(Can. Press.)—The Bulgarian attack on Tchatalja has already begun, no details have yet been received. Doubtless the Turks may be fighting small engagements with a view to delaying the Bulgarian advance, but it is hardly likely that the Bulgarian army has sufficiently recovered after recent exertions to undertake a sustained battle. The Bulgarians are now a long distance from their base of supplies, and the four days' battle must have necessitated a renewal of the supplies of food and ammunition.

The fact that the Servian army has been called to the aid of the Bulgarians is held by some to indicate that the Bulgarians realize that it will be no easy task to reduce Constantinople. The report that the Constantinople water supply has been cut off is not confirmed. Derkas, where the cutting is alleged to have occurred, is within the Tchatalja lines.

### C.P.R. EMPLOYEES IN TORONTO TO STRIKE

**All Freight Men in West Toronto, Parkdale, North Toronto and Simcoe Street Will Quit Work at 10 o'Clock Today in Order to Get More Pay.**

Today at 10 o'clock practically all C. P. R. freight clerks employed at West Toronto, Parkdale, North Toronto and Simcoe street, all members of the Brotherhood of Railroad Employees, will go out on strike. This action was decided upon at the mass meeting held last night in Occident Hall.

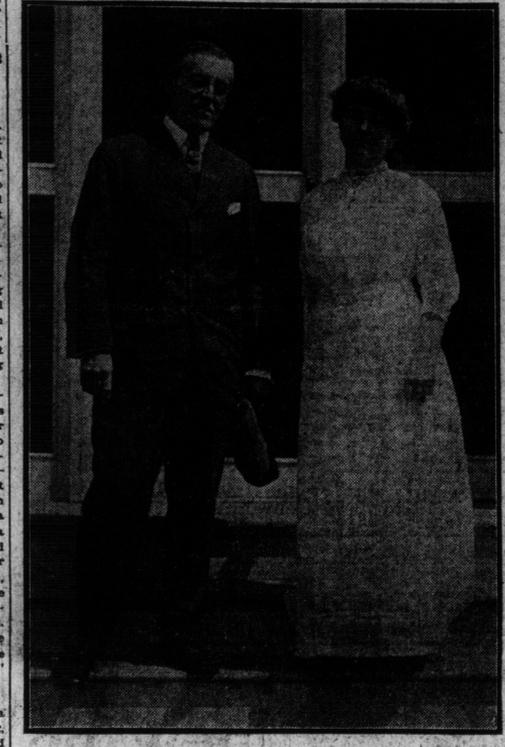

J. D. Sullivan, general organizer, addressed the meeting in plain and impressive words, dealing with the question of clerical and freight handling employees. "Other classes of railroad men have been receiving increases thru unionism. We, on the other hand, who up to the present time have not been organized, have been getting nothing," he said.

"A few months ago a schedule showing the demands of the employees was presented to the C. P. R. for their consideration. This they saw fit to ignore. The brotherhood then appealed to the minister of labor for a settlement of their grievances. At first he told them to leave the matter in his hands and that he would effect a settlement with the C. P. R. Until a few days ago the brotherhood was led to believe that the minister of labor was entirely in sympathy with them, but then for some unknown reason he took a directly opposite stand, and refused to grant a board of conciliation. The minister of labor has not done his duty to the public, much less to the Brotherhood of Railroad Employees," said Mr. Sullivan.

Like a Watchman.  
"The minister of labor is like unto a watchman, who sees a fire starting, and who, by reaching out his hand, could stop it, and thus avert serious damage, but for some reason or other, does not do so. Had Mr. Crothers

**Republican Party Met its Waterloo in United States Elections Yesterday and Progressive Party Will Become its Successor—Democratic Landslide Led to Ignominious Defeat of the Republicans Who Were Rent Asunder by Roosevelt's Withdrawal—Wilson Carried His Own State While Taft and Roosevelt Lost Theirs.**

NEW YORK, Nov. 5.—(Special.)—The greatest political upheaval in the history of the world has just taken place in the United States. From the northern border to the Gulf of Mexico, and from the Atlantic to the Pacific come returns of a Democratic landslide, and tho a few corrections may have to be made in the final accounting, no material difference will be shown in the final result. It was a Waterloo for the Republican party, and its ignominious defeat may forever blast its hope of dominating America. Woodrow Wilson, the schoolmaster of New Jersey, has been elected president of the United States by a united Democracy, and Thomas R. Marshall of Indiana has been elevated to the vice-presidency. Theodore Roosevelt, twice president of the United States, will run a poor second to Wilson, and William Howard Taft is a bad third.

The united Democracy must give Theodore Roosevelt credit for aiding in their overwhelming victory, for he rent asunder the rock-ribbed Republican party by withdrawing from its ranks and establishing the Progressive party, which now bids fair to establish itself upon foundations once occupied by the Republican party, and become its successor.

The story can best be told in the following table, which, according to the latest returns gives Wilson 432 electoral votes, Taft 23, and Roosevelt 76.

### NEW G.T.R. PASSENGER STATION AT HAMILTON

**Coming Competition Moves Railway Co. to Plan Important Changes Including Larger Freight Terminals and Yard Extensions.**

In order to compete with the improved service of the Canadian Pacific at Hamilton and the new Toronto-Hamilton line to be operated by the Canadian Northern, the Grand Trunk Railway is to make the City of Hamilton one of the most important terminals on the entire Grand Trunk System. With this object in view, they have just completed an additional ten tracks, but this is a mere start on what they intend doing.

The Grand Trunk Railway have now engineers at work at Hamilton prepar-

### MODEL SUBURB IS INSPECTED

**Sir John Gibson, Mayor Hooker and Others Motored Over Cedarvale, Beautiful Residential District.**

Chaperoned by Mr. Hubert Macrae, managing director of the British and Colonial Land and Securities Company, Limited, a party yesterday inspected Toronto's newest suburb, lying between St. Clair and Eglinton avenues, and immediately west of Bathurst street. The party, including Mayor Hooker and most of the other members of the city council, His Honor Sir John Gibson, Lieutenant-governor of Ontario, W. F. Maclean, M.P., Sir Henry Teitart, Lt. Col. Maclean, and others traveled by motor.

The subdivision, which consists of about 300 acres, was reached from the city hall in less than twenty minutes. A careful inspection of the various boulevards and drives was undertaken and the inherent beauty of the subdivision was unanimously recognized.

The owners of Cedarvale, the name by which this subdivision is known, are sparing no expense to place it in the forefront of residential layouts. Messrs. Dunnington-Grubb and Florries, landscape architects, are designers of the plan, which is both unique and artistic. Some \$40,000 has already been spent in street grading, sodding and tree planting and \$30,000 is being devoted to a fine concrete and steel bridge across a pretty ravine which interests the grounds.

Also the suburb has the necessary commercial real estate aspect, there is at the same time evidence of public-spirited enterprise which puts it outside the ordinary exploitation. The ravine is being laid out as a drive, which at no distant date will be in direct line with the Rosedale drive. Cedarvale is an attractive spot above the hill and will prove a fine annex to the fashionable Avenue road residential section.

### LARGE EDIFICE TO BE BUILT ON \$3,000,000 LEASED LAND ON KING

**Dominion Bond Company Takes 99 Year Leases on Large Properties Adjoining Bank of Toronto and Arranging Approach From Bay—Start Construction Next April.**

After negotiations that have been going on for over two months, involving four properties and eight stores, and the payment eventually of over four million dollars, the World is able to announce the most important leasehold deal in Toronto, probably the largest ever put thru in Canada.

The Dominion Bond Company have taken a 99 year lease on the land owned by J. H. Mitchell, president of the Imperial Trusts Company, at 89 and 71 West King street, and adjoining the Bank of Toronto's new building. They have also secured a 99 year lease on the next property west, at 71 1/2 to 75 West King street, which is jointly owned by Miss Margaret O'Brien and R. Dack & Son. This piece has 56 feet front, giving a plot totalling 96 by 212 feet.

The Bond Company is also understood to have bought the property at 90 Bay street, owned by Edward Cronyn & Co., a parcel 21 feet front and 119 feet depth. The price paid cannot be confirmed as Mr. Cronyn is out of town, but it is somewhere in the neighborhood of \$400,000 a foot.

**Start Next April.**  
Possession of all the properties on King street is to be given April 1, 1913, and the buildings will be torn down. A large modern structure is to be erected. The World hears it will be twenty stories and cost over a million dollars. No authentic statement as to this is

discontent in spite of its unparalleled material wealth and prosperity. This discontent is confined to no particular class or section. Rich and poor alike, children of fortune and children of poverty, have begun to lose faith in the efficacy of their government to establish justice and promote the general welfare. They are not sure why the fault lies; they are not united as to the remedy; but this they know—that their institutions have been seized by privileged interests and turned against them; that subtle, mysterious forces operating unseen have proved time after time that their power over public affairs was greater than the power of the people as a whole, and they demand that their government be emancipated from this partnership.

**A Great Work.**  
This is the great work that confronts Woodrow Wilson and the Democratic party—to restore popular confidence in the institutions of the republic and re-establish a government of the people, by the people and for the people.

**Control of Congress.**  
Not since 1872 has the country been swept by such an electoral plurality, nor does this apply alone to the head of the ticket, but to the control of Congress, which President-elect Wilson so much desired. That his wishes in this

The Philadelphia Press, in a despatch to The World at 12 o'clock, said that Taft had carried Philadelphia by 25,000; Roosevelt had won in Pittsburgh by 20,000. It announced that the state was in doubt. Senator Penrose announced that Wilson had carried the state.

**All For Wilson.**  
Wilson carried his own State of New Jersey. President Taft lost his own State of Ohio to Wilson, and Colonel Roosevelt lost his own State of New York, which Gov. Wilson carried by an indicated plurality of 130,000. President Taft carried New York four years ago by 202,402.

The first time since the organization of the Republican party a Democratic candidate will get the electoral vote of Maine, which was carried by the Republicans in the state election in September by 4,000. Wilson carried it today by more than 12,000.

Under the leadership of Woodrow Wilson the Democratic party has won its greatest victory since 1852.

But this victory is no twofold partisan triumph. It is no vote of confidence in the Democratic party as a party. It is a mandate from the people, and was bestowed upon the leaders of this democracy of their falter in obedience to that mandate.

**Political Discontent.**  
The country is seething with political

WARRANT ACTION ON NEW STATION TODAY

City Will Demand That Railway Commission Do Something With Viaduct and Terminal Not Appearing on Program—Important Fruit Growers' Application.

What will happen at the Dominion Railway Board's session in the city hall today is a question. But the city fathers are determined that some action must be taken in the matter of the much delayed Union Station and viaduct questions, which have been before the board so long.

The only matter on the agenda affecting Toronto is the George street crossing, which is to be left open, but will have no subway. The board may order the railways to employ day and night watchmen to look after the public safety.

Nothing could be ascertained from Corporation Counsel Geary and City Solicitor Johnson when asked as to what method they will resort to in bringing the matters before the board. It is understood that the legal representatives will endeavor to effect the efforts of Toronto's lawyers to bring about a speedy settlement which will be satisfactory to the city.

A question of great importance to Ontario fruit growers will be taken up at this sitting. It is an application from the Fruit Growers' Association for an order requiring the railway companies:

(a) To accept and forward part carloads of fruit at the carload rate, subject to the carload minimum weight, from the original shipping point to the final destination, to be stopped en route for completion of the carload at an additional charge of \$3 per car for each such stop.

(b) For the carriage of fruit, to furnish refrigerator cars equipped with rack or slatted floors so as to ensure free circulation of cold or warm air.

(c) To reimburse the cost of such rack or slatted floors when these have to be furnished by shippers themselves.

(d) To reimburse the cost of the slatted floors and paper linings necessary to adapt cars for this traffic, in case the railway companies should be unable to furnish refrigerator cars on reasonable notice.

Geary has instructions from the board of control has ordered corporation counsel to be ready to proceed with the case. This will be the last session held by the commission before it commences its extended tour thru the west, and by the elimination of the discussion from the agenda, the matter will be held over for at least 12 months.

G. R. Geary has also been instructed to make application to the railway commission for an order of the board making the telephone rates of the newly annexed portions of the city uniform with the older sections.

"The Electric Toaster."

Toast that's a treat

You can't imagine what a difference there can be in toast until you have tasted that made on the Electric Toaster.

Tender, golden-brown and sweet, it is as much like the ordinary hard, charred kind as chalk is like cheese.

And easy! Why, there's nothing to it but simply putting the bread slices in the toaster and turning

the button. In a moment you have toast—appetizingly hot and all ready to butter. Toast that makes you hungry. Made right on the table as you want it. No jumping up and down or standing over a hot stove or range. Think of it.

The Electric Toaster is easy on current and handy for other occasions besides breakfast and the odd-times "bite." Price \$4.

Toronto Vigilance Association Will Endeavor to Force Company to Live Up to One of Its Rules That No Service Be Supplied to Any House of Ill-Fame.

After relocating at the success of the Toronto Vigilance Association, inasmuch as the fruits of their labors had shown in the past meeting at Massey Hall, Rev. R. B. St. Clair at a meeting of the association last night set to work to outline the business before the association in the forthcoming year. He declared that an effort will be made to persuade or force the telephone company to live up to what he declares to be one of its rules, that no telephone service shall be supplied to any house of ill-fame. This, he said, was not being adhered to, inasmuch as the telephone book showed the number of a place in Elm street well known to be a place of this nature. He cited other instances in Springhurst avenue, Beverly street, Adelaide street and other streets in residential sections, naming Rosedale, Parkdale, and the lanes leading from it bands of clubs of young men, scarcely more than boys, were engaging in nameless offences against morality. He said that the attention of the association must still be directed to the removal of the street masquerade, the parks,

REPLIES TO PAULISTS

J.G. Butland Says Teachings of Church Are at Variance With Bible.

The subject of Mr. J. G. Butland's address in the Y. W. C. A. Hall Sunday evening was a reply to the Paulist Fathers' lecture on the sacrifice of the mass. Mr. Butland read from the Roman Catholic "Mission Book and Missal," and also from the Roman Catholic Bible, in order to show that the traditional teachings of the church were at variance on this great question with the statements contained in their own Bible. In the teaching and practice of the church, he said Christ every time the sacrifice of the mass is administered, while in the ninth and tenth chapters of the Epistle to the Hebrews, it is clearly stated as follows: "Jesus has not entered into the holies with hands, but into heaven himself, nor yet that He should offer Himself often, but now once at the end of ages He has appeared for the destruction of sin by the sacrifice of Himself, and as it is appointed unto men once to die and after this the judgment, so also Christ was offered once to exhaust the sins of many, and that we are sanctified by the oblation of the body of Jesus Christ; for by one oblation He hath perfected forever them that are sanctified, and the Holy Ghost also doth testify this to us; and their sins and iniquities I will remember no more. Now where there is a remission of these there is no more oblation for sin. Having therefore brethren confidence in the entering into the holies by the blood of Christ, let us draw near."

THREE NEW MINISTERS

Presbyterians Secure Men For Vacated Toronto Pulpits—Cabled Sanction to Rev. McNeill of Liverpool.

When Toronto Presbytery holds its next meeting, it is likely that three new faces will be seen among the black garbed ministers. The three new men are Rev. John McNeill of Liverpool, Eng., Rev. R. M. Hamilton, late of Scotland, and Rev. J. W. H. Milne of Ottawa.

The presbytery held a well attended meeting in St. James' square church, when the three calls were sustained. Rev. McNeill of Liverpool is the choice of St. James' Presbyterian Church, in succession to Rev. Dr. Taylor. The call has not been formally accepted by Mr. McNeill, but it is understood that he has as much as accepted. The presbytery's sanction will be cabled immediately. The call from St. Enoch's to Rev. Mr. Hamilton was sustained by the presbytery and accepted by Mr. Hamilton, who was present. Rev. Dr. I. Duggan, Moderator, formally received him into the Canadian Church, and his induction will take place on Thursday, Nov. 28, at St. Enoch's Church. The third call sustained by the presbytery was from Westminster Church, Weston, to Rev. J. W. H. Milne of Ottawa. Mr. Milne has not yet accepted

Psoriasis All Over Body

Doctors Said Incurable, But Now There is No Sign of Disease, Thanks to Dr. Chase's Ointment.

Psoriasis is one of the most dreaded of itching skin diseases. It is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and doctors are accustomed to give it up as incurable. But here is a case that was given up and pronounced incurable. The result proves that Dr. Chase's Ointment almost works miracles in curing the worst form of itching skin disease imaginable. Mrs. Nettie Massey, Concession, Ont., writes: "For five years I suffered with what three doctors called psoriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 to keep my money, as it could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough." The soothing, healing influence of Dr. Chase's Ointment is truly wonderful. Eczema, salt rheum, barber's itch, ringworm and scores of such torturing ailments are relieved at once and as certainly cured if the Ointment is used persistently. Mothers find Dr. Chase's Ointment invaluable in preventing and curing the skin troubles of babies, such as chafing, irritations of the skin and baby eczema. Dr. Chase's Ointment, 60 cents a box. RULES GOVERNING THE CONTEST

The Toronto World Proverb Contest is a test of skill and diligence, designed to encourage thought and research on the part of the young and provide a stimulus mental diversion for everyone. Every day, for a period of seventy-five (75) days, there will appear in The Toronto Daily and Sunday World, an illustration, cartoon or other representation of a proverbially used and well-known English proverb.

The Toronto Daily World will award PRIZES AGGREGATING OVER \$5000 IN VALUE to winners of The Daily and Sunday World Proverb Contest. The first prize will be \$500.00 and the runner-up \$250.00. The correct answers to the entire series of illustrations. The first prize picture was published in The Daily World, Thursday, Oct. 3. The last will be published on Dec. 16.

The correct answers, to serve as a basis of awards, are being selected by the judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes. This list of correct answers will remain under seal until called for by the judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes.

The correct answers are included in The Toronto World's Book of English Proverbs, which is published as a guide and reference for contestants' use in the contest. To compete for the prizes, contestants need only supply the proverbs represented by the illustrations that will appear daily, and send in their answers, at the close of the contest, according to the rules. The person sending in the correct or nearest correct list of answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person sending in the second nearest correct list of answers will receive the second prize, etc. Entry may be made any time before the contest is entirely closed. Rules follow:

- 1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World in Canada, except employees of The Daily and Sunday World and members of their families. Anyone not accepted as above mentioned may enter the contest by simply becoming a regular subscriber to The Toronto Daily and Sunday World. 2. Contestants must write the proverbs represented by the illustrations upon the coupon provided therefor and which will appear on The Daily and Sunday World every day during the Contest. Answers may be written with pen, pencil or typewriter, and arranged in any manner to suit the contestant. 3. Each picture represents only one proverb. Where contestants are permitted to send five (5) answers (not more) to each picture, they must select the correct answer if given, in correct answers will not count against a contestant. 4. Only one answer may be written upon a single coupon. Extra answers must be used for additional answers, and all coupons of the same number must be kept together in making up the set. 5. Different members of a family may compete in the contest, but only one answer will be accepted to any one family or household, and all answers of the same number accepted from any individual contestant. 6. Answers must not be sent in until the last proverb illustration has been printed. After the last picture has been printed, contestants must arrange their coupons in numerical order and deliver them securely in a neat, flat package (not folded) to the office of The Toronto World, Contest Manager, The Toronto World, 350 Queen Street West, Toronto, Ontario, Canada, within the time specified in the following rule. 7. The time of receiving answers will have no effect upon the awarding of the prizes. All answers must be delivered at the office of The Toronto World, not later than midnight, December 23, Toronto Daily and Sunday World Proverb illustrations. 8. The prizes will be awarded to readers sending in the correct or nearest correct set of answers to the entire series of seventy-five (75) Toronto Daily and Sunday World Proverb illustrations. 9. In making the awards, the judging committee, whose names will be announced in due course, will take into account the similarity and exact wording of the proverb answers as selected by the Contest Manager and three representatives of The Daily and Sunday World, and as contained in The Toronto World's Book of English Proverbs: spelling, wording, punctuation, and the correct construction of the proverbs are the essentials that will be graded. 10. Where a set of answers is securely fastened together with the contest number (with rubber stamp) or abbreviated by his or her name on the space allotted for same, and omit the full address of the contestant, the contest number, and the name of the contestant, PROVIDED THAT THE FULL NAME AND FULL POST-OFFICE ADDRESS is plainly and distinctly written upon the FIRST SIX AND LAST SIX BLANKS of the set. 11. In sending in the answers at the close of the contest it is important that contestants seal all packages containing answers, and if mailed, that the postage is paid in great care to see that postage is paid, or fraction thereof, in Toronto, and two (2) cents per ounce, or fraction thereof, outside of Toronto, as the Toronto World is not bound to pay postage due on any set of answers. 12. All communications or letters of enquiry concerning the Proverb Contest, should be addressed to the Contest Manager, Toronto World, Toronto, Canada.

# RESULT WARNS UNITED STATES

## Taft Sees in Formidable Support Given Roosevelt and Debs Danger to Constitution.

CINCINNATI, O., Nov. 5.—(Can. Press.)—President Taft at eleven o'clock conceded the election of Governor Wilson. He issued the following statement from his brother's home here:

"I am returning to the question of Governor Wilson to the presidency. This means an early change in the economic policy of the government in reference to the tariff. If this change can be made without halting prosperity, I sincerely hope it may be.

"The vote for Mr. Roosevelt, the third party candidate, and for Mr. Debs, the socialist candidate, is a warning that their propaganda in favor of fundamental changes in our constitutional representative government has found a formidable support.

"While the change in the tariff is being carried out by the Democratic administration, it behooves Republicans to gather again to the party standard and pledge anew their faith in their party's principles, and to organize again to defend the constitutional government handed down to us by our fathers. We must make clear to the young men of the country who have been weaned away from sound principles of government by promises of reforms, impossible of accomplishment by mere legislation, that patriotism and common-sense require them to return to a support of our constitution. Without compromising our principles, we must convince and win back former Republicans, and we must reinforce our ranks with constitution-loving Democrats."

# NEW YORK STATE SOLD DEMOCRAT

## Wilson's Plurality Is 200,000 and Sulzer Is Governor by 175,000 Over the Republican Candidate.

NEW YORK, Nov. 5.—(Can. Press.)—Woodrow Wilson was the choice of the State of New York for president by a plurality, estimated at midnight, of about 200,000 from returns received from nearly every election district in the Greater City of New York, and from all but 500 of the 2000 districts outside of New York City.

President Taft led Col. Roosevelt in the same districts about 50,000 votes. Congressman Wm. Sulzer was elected governor with a plurality estimated, at midnight, at about 175,000 over Job E. Hedges, the Republican nominee, who, in turn, led Oscar Straus, candidate of the Progressive party, by about 18,000 votes. Shortly before 11 o'clock Job E. Hedges, the Republican candidate for governor, in acknowledgment of his defeat, following telegram to Congressman Sulzer:

"I trust your election will be for the moral uplift of the state, and you have my best wishes in your endeavor to purify political conditions. Governor-elect Sulzer was showered with telegrams of congratulations. Neither Oscar Straus nor Progressive State Chairman Hotchkiss made any statements up to midnight. Mr. Sulzer conceded the election of Mr. Sulzer. Leader Murphy of Tammany Hall said that the election was a demonstration of the power of the people, and demonstrated that the reforms and changes which the people demand must be made."

# WILSON WINS

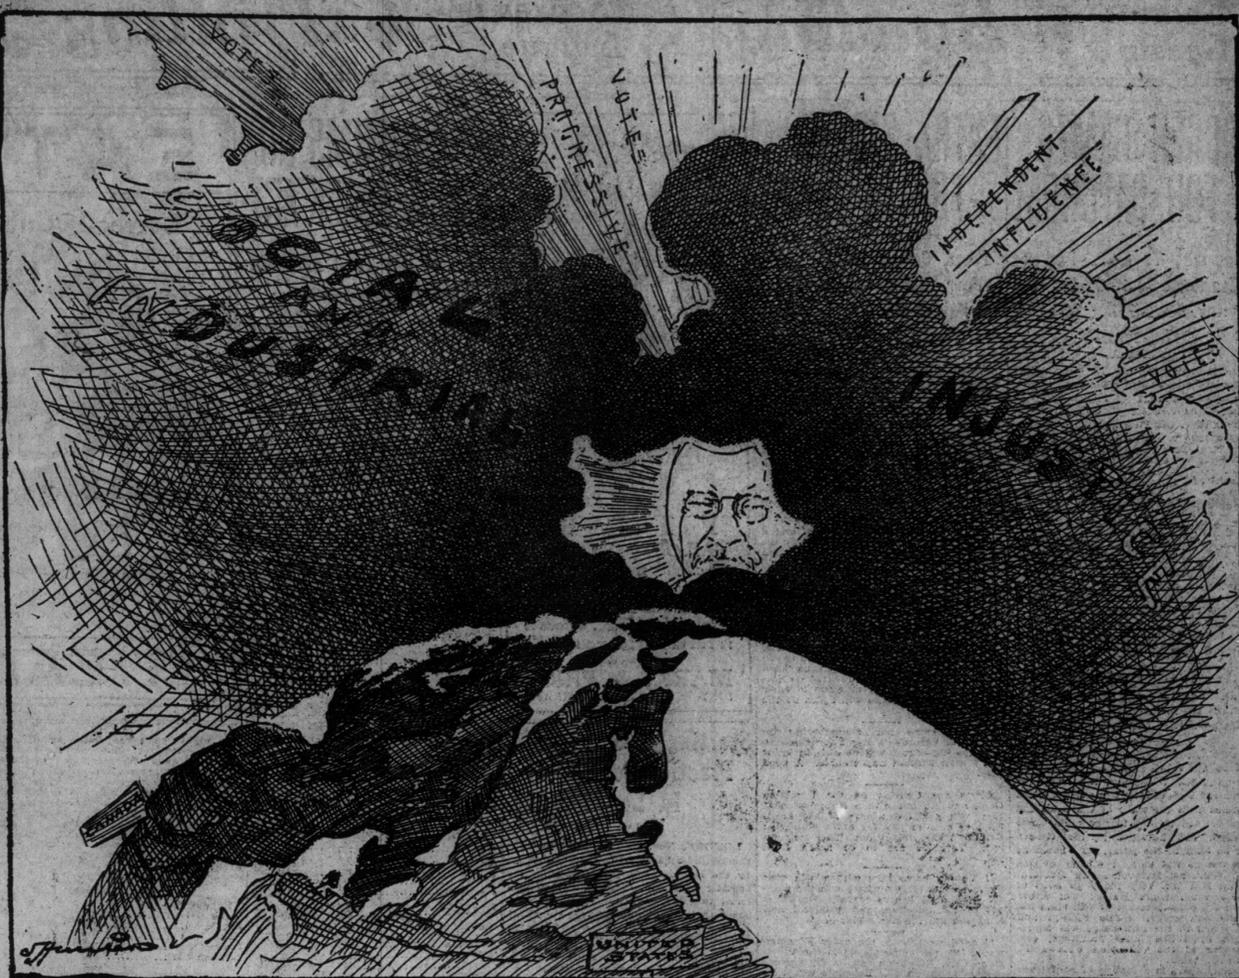

Continued From Page 1.

respect have been gratified is indicated by the returns which at midnight show that he will go to the White House with both a senate and house of representatives that will be in sympathy with progressive ideals. In the senate, which has been so evenly balanced between the Old Guard and the Progressives and Democrats that it has been impossible for months to elect a president pro tempore, the returns seem to show that enough legislative time has been returned in crucial states to throw the balance of power to the Democrats, thru the consequent election of Progressives where the Old Guard held sway.

There is a strong probability that there will be an actual working Democratic majority in the senate, altho, as that factor of the situation depends upon the actions of the legislatures just elected, and not yet altogether pledged, the accurate story cannot be told until the legislatures themselves set into action.

**Standing in House.**  
But the returns of representatives has added twenty to its majority on the Democratic side, the returns indicating the following composition of the house: Democrats 251, Republicans 143, Progressives 11. Sixteen before election there were: Democrats 223, Republicans 160, Progressives 1. The congressional successes have been apparently, general in character and not confined to any one section of the country.

**Senate in Balance.**  
In the senate the senate is Democratic fight was centered on carrying the legislatures of Delaware, West Virginia, New Jersey, Illinois, Kentucky, Montana, Nevada, Colorado, Wyoming and Iowa. All of these states except West Virginia lost a Republican. But thirty-three of the senators leave the first returns that a substantial gain is to be made by the Democrats. The senate is Democratic strong. As has been stated, the line of division is a half line on the present figure. But thirty-three of the senators leave the hall March 4, 1913. Twelve of these are Democrats from States where the Democratic is certain, and twenty-one are from Republican states where there is every chance on the face of the returns to day, to make inroads on the Republican force. It is certain that the legislative elections have made a vast inroad on the Republican states that are thus put in the balance.

# SCENTED VICTORY AT EARLY HOUR

## Chairman McCombs Was Eager to Despatch Good News to President-Elect.

NEW YORK, Nov. 5.—(Can. Press.)—Early returns from New York and the seaboard states were the cause of much exultation at Democratic National Headquarters. Chairman McCombs early after 7 o'clock sent word to Gov. Wilson that his election was indicated by an overwhelming vote. Later in the evening he made the following statement:

"Victory is now complete. The returns are coming in so fast that I cannot keep up with them. Gov. Wilson has carried Massachusetts, Maine, Connecticut, New York, Maryland, New Jersey and all of the south. National Committeeman W. R. King wires that Wilson will get 10,000 plurality in Oregon. I believe we will carry Pennsylvania for Wilson.

"I have heard enough to elect Gov. Wilson overwhelmingly without official returns from the western states, which are not in. With Chairman McCombs were Vice-Chairman Wm. J. McAdoo and U. S. Senator O'Gorman, who were plainly elated over the returns.

# AT OYSTER BAY.

OYSTER BAY, Nov. 5.—(Can. Press.)—Roosevelt carried Oyster Bay, his home town, by a plurality of 22 over Woodrow Wilson, the vote standing: Roosevelt, 119; Wilson, 97. Taft, 57. The colonel's own election district voted: Roosevelt, 231; Wilson, 85; Taft, 28.

# CARRIES NEB. PRESIDENT.

LINCOLN, Neb., Nov. 5.—(Can. Press.)—Normal president (Bryan's voting precinct), outside Lincoln, gives Wilson 77, Roosevelt 47, Taft 28.

# TEXAS BY 170,000.

DALLAS, Texas, Nov. 5.—(Can. Press.)—Returns indicate that Wilson has carried Texas by 170,000. The vote for Taft and Roosevelt is nearly evenly divided, the Socialist vote probably will reach 10,000, an increase of fifty per cent over 1908.

# ROOSEVELT SENDS WIRE TO WILSON

## "Like All Good Citizens I Accept the Result and Congratulate You," He Says.

OYSTER BAY, Nov. 5.—(Can. Press.)—Shortly before midnight tonight Col. Roosevelt made the following statement:

"The American people by a great plurality have decided in favor of Mr. Wilson and the Democratic party. Like all good citizens, I accept the result with entire good humor and contentment. As for the Progressive cause, I can only repeat what I have already said so many times: The fate of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well-being of the American people.

"Theodore Roosevelt." About the same time he issued his statement, Col. Roosevelt sent the following telegram to Gov. Wilson:

"The American people by a great plurality have decided in favor of Mr. Wilson and the Democratic party. Like all good citizens, I accept the result with entire good humor and contentment. As for the Progressive cause, I can only repeat what I have already said so many times: The fate of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well-being of the American people.

# LOOKED TO WEST TO TURN SCALE

## Bull Moosers Were Not Wholly Discouraged by Eastern Results, Altho Disappointed.

NEW YORK, Nov. 5.—(Can. Press.)—Senator Joseph M. Dixon, chairman of the National Progressive committee, with Gov. Hiram W. Johnson, the vice-presidential nominee of the Progressive party, and Mrs. Johnson, Mr. and Mrs. Theodore Roosevelt, Jr., Oliver Roosevelt, a nephew of Col. Roosevelt, and Geo. W. Perkins, heard the returns at the new party's headquarters tonight. Early returns from the eastern states were discouraging, and Senator Dixon remarked:

"We have got to go west for the Roosevelt vote." Senator Dixon was greatly pleased with the returns from Illinois. Gov. Johnson after looking over the returns from the east remarked: "The difference in time between here and the west makes it impossible to get an accurate gauge of the situation."

# BIG NEW YORK PLURALITY.

NEW YORK, Nov. 5.—(Can. Press.)—The City of New York, with 18 election districts missing, give Wilson 209,200, Taft 124,881, Roosevelt 128,425.

# Socialist Defeated

MILWAUKEE, Nov. 5.—(Can. Press.)—Congressman Victor L. Berger of Milwaukee, the only Socialist in congress, was defeated for re-election by former Congressman Wm. H. Stafford, who ran as a fusion candidate on the Democratic ticket.

# Election Echoes

Wilson is president, but by a minority-vote against Roosevelt and Taft. Roosevelt is already in the field for the next fight. He has cleared the ground. Taft's reign and influence is over.

Bryan is likely to be Wilson's secretary of state. There will be a big tariff fight from now on. But progressive questions will still command first place. The president and the lower house are likely Democratic.

The Progressives may have the balance of power in the senate. The New York papers and Wall street will have the time of their lives today.

# QUIET REIGNED AT OYSTER BAY

## Col. Roosevelt, Surrounded by Family Group, Received Returns Quietly—No Private Wire.

OYSTER BAY, Nov. 5.—(Can. Press.)—Col. Roosevelt spent election night with his family and a few relatives, apparently undisturbed by the news of Democratic victory. The returns came to him by telephone from Progressive headquarters in New York. Col. Roosevelt would not have a private telegraph wire, and when he found preparations under way today to put in telegraph instruments, he ordered them to stop work. "Somebody will call me up and tell me what is going on," he said.

Emilen Roosevelt, the colonel's cousin, his sons, George and Philip, Mr. and Mrs. E. P. Merritt, and Mrs. J. West Roosevelt spent the evening at Sagamore Hill.

To all appearances it was an evening such as the colonel often spends with his family and relatives, the only suggestion of election night being the occasional appearance of Jim Amos, the negro butler, with a bulletin from the telephone. The Village of Oyster Bay was in silence tonight. The returns were received at the theatre, but k.r.g. before midnight the people had gone home, and the streets were deserted.

# HAS 20,000 IN MARYLAND

ROOSEVELT RUNS SECOND, GETTING STRONG SUPPORT IN BALTIMORE.

BALTIMORE, Md., Nov. 5.—(Can. Press.)—Woodrow Wilson carried Maryland by 20,000 to 25,000 plurality, estimated from figures received tonight. Roosevelt ran second and Taft third. In southern Maryland and on the eastern shore Taft led Roosevelt, but the Progressive candidate vote in Baltimore City and western Maryland exceeded that of the president in the rest of the state.

The five Democratic congressmen from Maryland were re-elected and the indications favored the election of F. J. Smith in the fifth district over Representative Thomas Parran, Republican.

# ROCHESTER FOR WILSON.

ROCHESTER, Nov. 5.—(Can. Press.)—Complete returns from Rochester City give Wilson a majority of about 800 votes.

# TAFT GOES BACK TO LAW PRACTICE

## President Will Return to Cincinnati Next March—Smiled As He Heard Returns.

CINCINNATI, O., Nov. 5.—(Can. Press.)—In the same house where he heard the news of his victory over William J. Bryan four years ago, President Taft tonight read the bulletins that told the story of the election. Four years ago Mrs. Taft, Mrs. Della Torrey of Milbury, Mass., his favorite aunt, and Mrs. Alice Roosevelt Longworth, were present to hear the news. Tonight the president and C. P. Taft and Mrs. Charles Anderson, Mrs. Taft's sister, were the only members of the family present, but a few friends dropped in during the evening.

The president was cheerful and smiling, and apparently was under less strain than other members of the family dinner party at the home of his brother, C. P. Taft.

The president voted shortly before noon today, spent a few minutes at Prosperity League headquarters, and then returned to his home. The report that Mr. Taft might consent to become the nominee of his party four years from now, was supposed to be put aside by his friends as too far ahead for serious consideration.

Mr. Taft has many times declared his intention of returning to Cincinnati and resuming the practice of law if defeated, and that intention was said tonight not to have been altered.

# WILSON CALM AS NEWS CAME

## Early Indications of Sweep Did Not Disturb His Serenity at Banquet.

PRINCETON, N.J., Nov. 5.—(Can. Press.)—Governor Wilson sat tonight with a party of friends around a brilliantly illuminated dinner table, as the election returns began to come in, earlier than was anticipated. The first results the governor got were favorable, and his comment was:

"That's very encouraging." The returns that continued to come in from Massachusetts, Connecticut and New York all favored Governor Wilson, and the party about the dinner table showed its pleasure.

Captain Bill McDonald, the Texas rancher, who is the governor's bodyguard, read a stack of returns, and felt so happy that he exclaimed: "I wonder if I'd get arrested if I just shot off my gun. If it keeps up this way I'll have to just turn 'em loose."

Captain McDonald is a close friend of Col. Roosevelt, but differs with him politically. The governor was not over-confident. When shown the returns from New York City he smiled. "I'm supposed to win the city by three to one in order to win the state," he said, as he continued his dinner leisurely.

# MASSACHUSETTS TURNS

## First Time Democratic Presidential Candidate Received Majority.

BOSTON, Nov. 5.—(Can. Press.)—Massachusetts, nominally a Republican state, gave substantial majorities today to Gov. Woodrow Wilson of New Jersey and Gov. Eugene N. Boss, Democratic candidates for president and governor. It was the first time that Massachusetts had ever favored other than a Republican for president. President Taft and Col. Roosevelt, Republican and Progressive candidates respectively, ran about even.

Slight gains were made by the Democrats in the 15 congressional districts, but the legislative prospects of the face of early returns to be practically unchanged. This would indicate the election of a Republican U.S. senator at the next session, to succeed Senator W. Murray Crane.

Returned for president from 751 out of 1102 voting precincts in Massachusetts, give: Wilson 82,965, Taft 82,199; Wilson 114,219.

# So Declares Woodrow Wilson in Bespeaking Co-Operation of "Every True Progressive."

PRINCETON, N.J., Nov. 5.—(Can. Press.)—Responding to a telegram from the Democratic national chairman, asserting that Gov. Wilson unquestionably was elected, the Democratic candidate sent a despatch to Mr. McCombs as follows:

"I deeply appreciate your telegram and wish to extend to you and the members of the campaign committee my warm congratulations on the past you have played in the organization and conduct of a campaign fought out upon essential issues.

"A great cause has triumphed. Every Democrat, every true Progressive, of whatever station, must now lend his full force and enthusiasm to the fulfillment of the people's hope, the establishment of the people's right, so that justice and progress may go hand in hand."

This was Governor Wilson's first utterance of a public character following his reception of reports that he had been elected.

Students jubilant. The celebration of victory by Princeton students began at 11 o'clock tonight when the bell in Nassau Hall, where the continental congress met, began to toll as a signal of Wilson's victory. The tolling of the bell is an established Princeton custom when the college is successful in any contest.

Students began to gather with band instruments, pennants and torches, and formed a parade that passed down thru Bayard lane, past the Grover Cleveland house to Governor Wilson's residence.

Friends who were with the governor while the returns were coming in during the evening found difficulty in greeting Governor Wilson to congratulate him on his victory. Dudley S. Malone, son-in-law of Senator O'Gorman of New York, came out of the room where the returns were being read, and said laughingly:

"The governor refuses to be elected."

by the partially complete returns at an early hour this morning (Wednesday). The returns from California were meager but left the state in doubt between Wilson and Roosevelt.

The uncertainty regarding Vermont was settled by the announcement of the complete vote which gave Mr. Taft a majority of 924 votes.

At 12.45 (Wednesday) The Providence Journal conceded that state to Wilson and with the close vote in New Hampshire, it seemed probable that New England smiled, with the exception of Vermont, had gone over to the Democratic column.

granted a conciliation board, he might have averted this strike and saved the public from much inconvenience," declared the speaker.

"The minister of labor has said that it is not possible to arrange such a schedule as the employees have submitted to the C.P.R., but," said Mr. Sullivan, "this was done in another department of the government, namely, the Intercolonial Railway, the employees of which submitted just such a schedule and had their grievances adjusted satisfactorily. If this could be done in one department of the government, why could it not be done by the department of labor, which is supposed to deal with such cases?" he asked.

"The officers of the brotherhood regret the necessity of this strike most sincerely," the president, Mr. Mosher, and inferior officers have done everything in their power to bring about an amicable settlement between the C.P.R. and their employees.

All eyes in Toronto.

"The eyes of the whole system," continued the speaker, "are upon Toronto in the west the movement is going ahead very quickly. Toronto holds the keynote to the whole situation. If Toronto and Montreal go out on strike, a grand victory for the brotherhood and better conditions for the employees will be the result." He referred to the statement of an evening paper to the effect that there were only fifty men out in Ontario as ridiculous. "Why, in Ottawa alone there are 125 men out, and in Port William practically one hundred per cent, or at least enough to tie up the traffic entirely, have quit work. In Windsor, Chatham, Guelph, Galt, Ingersoll, Kenna and other places the men have gone out."

The battle is won, Toronto has most to gain. Is Toronto going to take a back seat while the boys at other places are fighting for you? Surely, it will not be said, when the

WILSON CENTRE OF HAPPY GROUP

Wife Was First to Congratulate Him on Victory — Reluctant to Give Interview.

PRINCETON, N.J., Nov. 5.—(Special.)—As the big grandfather's clock in the library of the Wilson home in Cleveland Lane chimed out the hour of eleven, Mrs. Woodrow Wilson ploshed her hands upon the shoulders of her husband and kissed him.

"My dear, I want to be the first to congratulate you," she said.

The governor was standing with his hands clasped and his eyes to the log fire. It was the first definite word that he was the president-elect of the United States, and the news that he moved all doubts of the verdict were given to Mrs. Wilson by "Jack" Mendelson, the telegraph operator, who received the news off the leased wire.

Next to congratulate the governor were his three daughters, Misses Margaret, Bessie and Eleanor Wilson. Bubbling over with happiness, the president-elect fondly embraced each of his daughters.

The governor was at dinner with his family when the telegraph instrument which had ticked off the news of victory to Grover Cleveland twenty years ago first sounded. The first bulletins were from the state counties in New York and showed that the governor had a big lead over Roosevelt and Taft.

Refused to Comment. Throughout the entire evening the governor refused to make a statement for publication. He sat with his back to the fire and faced those who were scanning the bulletins as they came in. Only two or three minutes after the evening did the governor adjust his eyeglasses and read the bulletins for himself.

After the evening with the governor and his family not already mentioned were Prof. Stockton Axson, a brother-in-law, without Capt. Geo. H. Mcmasters, U.S.A.; Fitzwilliam Woodrow, and nine correspondents, who have been with the governor since the Baltimore convention.

strike is over, that the clerks in Toronto sat idly by while their fellow-workers in other cities won for them union conditions and the like. The whole union makes direct appeal to the Toronto members to rise up and stand firm in this crisis.

Why Not Clerks? H. S. Chase, the local organizer, reiterated the statements of Mr. Sullivan. "Our demands are not exorbitant," said Mr. Chase, "we simply ask for the same conditions as exist in the other branches of railroading, such as trainmen and telegraphers. Even those illiterate foreigners who do construction work on the railroads, have their union thru which to voice their just demands. Why, then, should not those men engaged in clerical work, and who must be well educated in order to fill their position, have a like organization?"

"After much discussion it was moved that one of the employees that the men go out on strike today at 10 a.m.

All in the Draw. A spade is a spade," agrees easy; But I've found, when it comes to a rub. When that one is needed to finish a flush. That a spade is more often a club. Wife: "I certainly make money go a long way." Husband: "Yes, so far that it never comes back."

"Do you know," said the fond parent anxious to show off the angel child, "that you have a guardian angel watching over every action you perform?" "How do I?" responded the cherub; "when I'll I'll catch him, I'll knock the dam spy down."—Sporting Times.

CAREER OF THE NEW PRESIDENT OF U. S.

Woodrow Wilson has been schooling himself, perhaps unconsciously, but nevertheless, carefully and studiously for forty years for the exalted office he will assume on March 4 next.

There has never been a closer student of American political affairs since Hamilton and Madison. There is nothing about congress or the White House that will take him greatly by surprise. At the age of twenty-nine he had written a college thesis that showed him to be even at that time one of the keenest analysts of the national legislature the States ever had. And in later years he turned his sharp scrutiny upon the White House, and was the most informing and illuminating treatise on the powers and limitations of the president that have ever been published.

Aside from these special investigations his whole life has been a long and exhaustive study of the American people in their social and political relations, as, indeed, were those of his forebears before him.

Woodrow Wilson was born in Staunton, Virginia, in 1856. It was during Christmas week, and the cheer of that occasion has never left him. He will be the eighth occupant of the White House from the old Dominion.

Made Himself Authority. At Princeton he showed all his energy and every faculty he possessed to the furnishing and the training of his mind to the end that he might be an authority on government and the history of government and be a leader in the affairs of his country.

In those days he was not remarkably ready in extempore speaking. Today he is without a peer in the American nation in the art. There have been very few men in public life who have dared to trust themselves to deliver important speeches without carefully writing them out in advance. Wilson to write a speech in advance is a hard matter.

In the autumn of 1888 he entered Johns Hopkins University and took up a course in history and political economy under the late Herbert B. Adams and Dr. Richard T. Ely.

Called to Professorship. After receiving his degree at Johns Hopkins, Dr. Wilson was called to a professorship in the new college for women at Bryn Mawr.

However, he took advantage of his vacation that summer to journey to Savannah, Georgia, and marry Miss Ellen Louise Axson, the daughter of a long line of Georgia clergymen. In the autumn the young professor and his bride started housekeeping in one of the prettiest towns along what is called the "main line" out of Philadelphia.

The trustees of Princeton, finding the chair of jurisprudence and politics vacant in the autumn of 1890, at once turned to the new college for women of old Nassau and offered him the chair. He accepted with pride and joy.

For the next twelve years, 1890 to 1902, Dr. Wilson lectured in his classes at Princeton, worked on his history,

"A History of the American People," and added daily to his reputation at home and abroad.

In 1902 Dr. Wilson was elected president of Princeton. A change was sadly needed in the administrative affairs of the university and the trustees recognized Dr. Wilson as the man to effect them.

His splendid stand for democracy and work at Princeton was not overlooked by the people of New Jersey and so they called him away from the duties of the university and the trustees recognized Dr. Wilson as the man to effect them.

Enacted Many Reforms. Then the New Jersey Legislature, masters by its government, proceeded to enact reform measure after reform measure.

Many of the attitudes of the country towards their favorite the admirer of Governor Wilson stood up and yelled, "What's the matter with Wilson for president?"

The echo of that query spread throughout the States and encouraging answers began to come back on the echo. And so his candidacy was launched. Mr. Wilson was essentially a young man's candidate.

Has Masterly Way. As the campaign progressed the Democratic candidate loomed larger and larger in the public eye. He won favor everywhere by his masterly way in presenting the issues of the campaign, his brilliant good temper, his exhibited through the hard fought canvass. His magnanimity towards his opponents won the admiration of everyone who received his message alike. He won golden opinions for himself at the time Theodore Roosevelt was founded by an assassin's bullet at Milwaukee and promptly cancelling his speaking dates and retiring from the stump so long as Mr. Roosevelt was unable to take an active part in the campaign.

Of both Roosevelt and President Taft he always spoke in kindness and consideration, thereby setting a high standard of conduct for political candidates.

The president-elect has three daughters, Miss Eleanor Randolph Wilson, Miss Jessie Woodrow Wilson and Miss Margaret Woodrow Wilson.

Porte Still Waits. CONSTANTINOPLE, Nov. 5.—Up to a late hour tonight no reply had been received from the powers with reference to mediation. The opinion is held here that the outcome of the powers' negotiations will be the assembling of a European conference in the near future.

Official reports say that the Turkish troops have been successful against the Greeks near Kavala, and that the Bulgarians have been driven from their positions at Demotica after sharp fighting.

MONTENEGRINS OCCUPY ALESSIO. RIEKA, Montenegro, Nov. 5.—(Can. Press.)—The Montenegrins today occupied the Town of Alessio, to the southeast of Scutari, and Port San Giovanni di Medua.

The Servians and Montenegrins have joined forces at back and are advancing against Diakova, to the northwest of Friend.

Turkish Ambassador Agrees With View of French Premier That Powers Should Not Exert Pressure on Belligerents — Austria's Attitude Is Not Unbending.

PARIS, Nov. 5.—(Can. Press.)—The Turkish ambassador, Rifkat Pasha, presented to M. Poincare, the premier and foreign minister, this evening the request of the Turkish Government for mediation, and the foreign office immediately took steps to acquaint the other powers with the new Ottoman proposal. The Turkish note says:

"The Ottoman Government requests the great powers to undertake collective mediation, with a view to the immediate cessation of hostilities and the determination of conditions of peace."

Before undertaking to act, M. Poincare emphasized the fact that it must be clearly understood that all ideas of exercising pressure was excluded and that the powers could not undertake the task unless all the belligerents were agreeable.

On Rifkat Pasha signifying his assent to this view, M. Poincare notified all the powers that France was ready to join with them in the action requested by Turkey.

AUSTRIA TO MAKE CONCESSIONS. BUDAPEST, Nov. 5.—(Can. Press.)—The Austro-Hungarian foreign minister, Count von Berchtold, in a statement today regarding the foreign committee of the Austrian delegation on the situation in the Balkans, after referring to the exchange of views by the powers and expressing the hope that this could result in extinguishing the conflagration as soon as possible, said:

"Whereas the Balkan states originally demanded administrative reforms for the improvement of the condition of their race brethren in Turkey, the successes they have gained in the war have considerably enlarged their aspirations, which no longer are consistent with the principle of the integrity of Turkey. While the policy of Austria is not influenced by the condition of their race brethren, our guiding aim must be to combine, according to the need, the maintenance of peace with the supreme duty imposed upon us of defending the integrity of the monarchy from any impairment."

"We do not doubt, and that we may be able to do so without coming into conflict with the rightful claim of others, we are prepared to make large allowances for the new situation created by the victories of the Balkan states, and thus lay the foundation of a lasting and friendly understanding between them."

"On the other hand, we have the right to demand that the legitimate claims of the monarchy suffer no harm from the new settlement of things."

MAJESTY EVANGELIST CONSTANTINOPLE

Turks Prepared to Pass Over to Asia Minor if Foes Pierce Their Defences.

LONDON, Nov. 5.—(Can. Press.)—"If the Bulgarians succeed in forcing the Thessalonian lines and advance on Constantinople," says a Constantinople dispatch to the Daily Telegraph, "the Ottoman Government will be prepared to adopt the most extreme resolutions in order to avoid signing a treaty with the Bulgarians at Constantinople. They will pass over to Asia Minor and organize resistance there, leaving the Bulgarians to settle matters at Constantinople directly with the powers."

"At the present time in Turkish circles, however, the hope of defending the Thessalonian lines has not been abandoned. It is now officially confirmed that Turkey agrees to place herself in the hands of the powers. A note, in which the Porte announces the agreement, contains the phrase: 'in view of the immediate cessation of hostilities Turkey leaves to the great powers the fixing of the terms of peace.'"

A Joint Council. "Turkey has proposed that the terms should be discussed at a joint council of the cabinet, with the ambassadors. The note also contains the phrase: 'in view of the possibility of mediation it will not have the least chance of success if it is to take the form of a simple invitation to the Bulgarians to interrupt their military operations, without making them any corresponding concrete offer.'"

The ambassadors advised the Porte to declare that it was left entirely to Europe to arrange any basis of mediation which Europe regarded as possible of acceptance. The Turkish Government decided to follow this advice, but learned that the Bulgarians had determined categorically to refuse any offer of mediation; that they were resolved to march into Constantinople and sign the treaty there, without permitting themselves to be restrained by the possibility of an ulterior revision of that treaty by Europe."

The military attaches and correspondents returned from the front today. The British and Russian cruisers are expected, and a French warship is expected here tomorrow.

ROYAL BAKING POWDER

Adds Healthful Qualities to the Food

Prof. Prescott, of the University of Michigan, explains why Royal Baking Powder adds healthful qualities to the food.

Testifying before the Pure Food Committee of Congress, the Professor stated that fruit acids were excellent articles of food and that of these cream of tartar, the acid of grapes, held rank with the highest both in itself and its effect in the process of leavening and baking. He regarded the results from cream of tartar baking powder as favorable to health. Scientists and hygienists are in accord with this opinion.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar.

Musical Events

CONSERVATORY CONCERT WAS A GREAT SUCCESS

Just where an amateur leaves off and a professional begins to exist would have been a difficult question to decide in some cases last night in Massey Hall, on the occasion of the annual concert of the Toronto College of Music. The only encore granted during the evening was to Miss Olive Casey for her rendering of the mad scene from "Lucia," with flute obbligato by Arthur E. Semple. The purity and sweetness of her voice, and her remarkable singing of the coloratura passages, forested a highly successful career for this young musician.

The self-possession with which she repeated the difficult selection under most trying conditions, less remarkable than the other vocalists were Miss Dorothy McGinn, who sang with sweetness and expression the cavatina from "Robert the Devil"; Miss Evelyn Hall, whose clear, warbled mezzo-soprano was heard to advantage in another Donizetti cavatina, and Miss Bernice Cummings, whose sweet voice rendered and attractively expressive vocal expression in a third cavatina from the same composer.

Miss Grace Porter gave a splendid performance of Weber's "Concertino"; Miss Agnes Langworthy's excellent rendering of the "Allegro Con Trio" from Beethoven's concerto in C minor, was cordially received; Miss Grace McNeill and Miss Dora Stutchbury divided the Mendelssohn concerto, Op. 25, between them, the former taking the "Molto Allegro" in quick tempo with brilliant clarity, and the latter the remaining movements with poetic feeling; Miss Marion Porter, with light sympathetic touch, gave a charming performance of the Hiller concerto, F sharp minor, and Miss Gladys Andrus, with tone and brilliancy of execution for which he is noted.

Friedheim Recital. Following is the program for Massey Hall tonight: (Pictures of Oriental Life).....Balakireff (6) Sonata, Op. 119.....Beethoven (Moderato) Cantata: Allegro, Molto: Adagio ma non Troppo: Fuga..... "Eljah" at Matinee. Owing to the heavy popular sale of seats for the performance of "Eljah" in grand opera form at Massey Hall on Friday and Saturday evenings, the management of the Massey Grand Opera Company has decided to withdraw the concert performance with "Stabat Mater," announced for the matinee, and substitute the regular performance of the opera, exactly as given in the evenings.

BATTERED HAT AND CLUB FOUND

Detectives Have New Clues in Case of Death of John Grindall, Who Was Found Saturday.

The discovery of a battered hat and a club at the foot of Leslie street by Wm. and Sylvester Grindall, brothers of John Grindall, whose body was found floating in Ashbridge's Bay a Saturday last, has changed the aspect of the case from suicide or accident, to one of murder. The detectives are now investigating in an attempt to run to earth the person or persons responsible for the death of Grindall.

Not satisfied with the evidence so far appeared on the surface, the two brothers went to Ashbridge's Bay yesterday morning. They noticed their brother's hat floating in the water with a large dent in it. A club was next found and the largest end of this club fitted exactly into the impression on the hat. The stick had been torn from a tree nearby, marks being plainly seen

## SOLENTY

The commandant and officers of the Queen's Own Rifles have issued invitations to the annual inspection at the armories this evening.

The Marchioness of Donegal and Mme. Emma Calve were among those arriving at the King Edward yesterday.

Miss Kathleen Jones, a pretty young debutante of the season, was the raison d'être of a very nice dance, given at the Metropolitan last night by her parents, Dr. and Mrs. Owen Jones. The beautiful rooms were decorated with roses, palms and mums, and supper was served at midnight at small tables decorated with roses. Mrs. Owen Jones wore a gown of amber satin opening over a petticoat of real lace, diamond ornaments and bouquets of roses; the debutante was in white satin and nines trimmed with white fox and carried a nosegay of American beauties, her other flowers being arranged about the reception rooms; Miss Nicholson, London, Ont., who is staying with Miss Jones, was in pink satin with a bouquet of Canadian queen roses.

Mr. and Mrs. George Sherwood Crawford have issued invitations to the wedding reception of their daughter, Halide, to Mr. Ernest H. Watt, on Wednesday afternoon, Nov. 27, at 4:30, at 89 Rowanwood avenue.

Mrs. J. Patterson Fraser (nee Macdonald) was a pretty little bride receiving yesterday afternoon with her sister, Miss Edna Macdonald, at the residence of her father, Mr. Peter Macdonald, Roxboro street. The drawing room was beautifully decorated with roses and mums, and the polished tea table was centred with flat lace and a basket of melody roses, mingled with orchids and lily of the valley, bouquets of the same flowers being presented to the assistants, Mrs. James Wirtz, Mrs. Wallace Barrett, Miss Willie Gage and Miss Mollie Maclean. The bride looked charming in her wedding gown with diamond ornaments, and carried an armful of beauty roses, while Miss Macdonald wore a becoming gown of white satin and real lace, and carried a posse of pink roses and lily of the valley.

Mrs. W. Napier Keeler of St. George street introduced two attractive young daughters, Patricia and Lily, at a large and successful tea yesterday afternoon, when the large rooms were decorated with roses and mums, and the debutantes' bouquets. It was a black gown of lace over satin embroidery, and a bouquet of red and white roses; the debutantes, looking equally well in their white frocks and lily of the valley. Mrs. G. R. Sweeney and Miss Delmer were in charge of the tea table.

Mrs. John Cavithra sailed on Saturday for England.

Mrs. Carveth, Huron street, has given out invitations to a tea on Wednesday, Nov. 29, and to one for young girls on Thursday, 30, in honor of her debutante daughter, Miss Alicia Carveth.

The president, officers and members of St. Andrew's Society issued invitations to a ball on the 7th and 8th inst., on the evening of Friday, 23, in Columbus Hall, Sherbourne street.

Among those entertaining for Miss Halide Crawford, the bride being, are: Mrs. J. Lewis Birnie, Miss Gladys Foy, Miss Kathleen Cosgrave and Miss Marguerite Bigwood.

Rehearsals are being arranged for the debutants' sets of dances to be danced at the Miesseaux, Horse Ball on Tuesday evening next.

Arthur Friedman will give a piano recital at Miesse Hall this evening at 8.15.

Miss King, Grange road, is spending a month with her sister, Mrs. Levy, in Walkerton.

The Messrs. McCutcheon were the hosts of a dinner at the King Edward last night, when the decorations were white, lilac, pink and maiden hair ferns.

Mrs. Arthur Van Nostrand and Miss Nora Van Nostrand were a tea at the Metropolitan this afternoon from 4 to 6.30.

Mrs. T. B. Clarke, Rushmore road, is giving a small tea on Friday.

Mrs. J. Orr Hastings and Miss Gratton are giving a tea at McCorky's this afternoon.

Miss Vaux is giving a tea on Saturday in honor of Miss Phyllis Sanford.

Mrs. H. H. Strathy is giving a buffet luncheon today for her niece, Miss Jean George.

The engagement is announced of Miss A. B. Warnock, daughter of Mrs. James Warnock, formerly of Galt, to

**To Remove Sallowness, Blotches or Wrinkles**  
(From Family Physician).  
Do you realize that just beneath that coarse, muddy or discolored complexion there is an exquisitely beautiful skin of which you are robbing yourself? If you could only bring this complexion to the surface, discarding the old one! You can in the easiest, simplest, most natural manner imaginable. Just get an ounce of our famous "Old Dutch" skin cream, removing it morning and evening, and you will find that the particles of dead and half-dead surface skin, causing the blotches and wrinkles, are being removed. Ordinarily it takes from a week to ten days to complete the transformation. Cutaneous defects like pimples, blotches, liver spots, moth patches, freckles, or oily skin, disappear with the old skin. Nothing else that I know of will accomplish such wonderful results in so short a time.  
Fine lines and even the deeper wrinkles often appear at an early age. In such cases nothing is better than a face bath made by dissolving 1 oz. powdered saxolite in 1/2 pint witch hazel. This is remarkably effective.

### The Daily Hint From Paris

### THE BOLERO AGAIN.

This dress has a plain crew foundation with a gathered overskirt of grey chiffon. The bolero makes no attempt to match these colors, it being of king blue satin with white facings and silver buttons with heavy blue silk tassels at the corners.

The white lace scarf is topped by a collar made of the ecru, covered with the grey chiffon.

Mr. John W. Garvin of Toronto, the wedding to take place very quietly on Nov. 5.

Mrs. A. E. Kemp is sailing on the 20th by the Mauretania for New York. Mrs. Chastan Stephens is staying with Mr. Stephen's sister in England, and will be back in Canada before Christmas.

The marriage takes place this afternoon at 2.30 in the Church of the Holy Trinity, of Edna Caroline, daughter of Mr. and Mrs. George P. Reid, to Mr. Roy Boulton Nordheimer, with a reception afterwards at 577 Jarvis street.

St. Simon's Church bazaar and afternoon tea will take place in the parish house this afternoon and tomorrow.

Mrs. Mae Dik-Sanderson, 475 Brunel avenue, will hold open studio, Friday and Saturday of this week.

St. Paul's Church Bloor street, was the scene of a pretty wedding yesterday afternoon, when the marriage was solemnized of Constance Marie, second daughter of Mr. and Mrs. Robert W. Benson, eldest son of the late Mr. Christopher C. Robinson and Mrs. Robinson.

The chancel was decorated with palms and tall standards of white chrysanthemums. The service was taken by the Ven. Archbishop Cody, and Mr. Palmer presided at the organ. The bridal procession was led by the ushers, Mr. Victor Warren Dyas, Mr. Forayth Ritchie, Mr. Stuart Heath, and Dr. Reginald Pentecost, brother of the bride, followed by the bridesmaids, Miss Ethelwyn Gibson and Miss Wenonah Carroll, cousin of the bride, gowned alike in rose pink brocade satin, trimmed with chamois lace, French blue plush hats with shaded pink plumes and bows.

They carried sheaves of pale pink chrysanthemums. Next came the maid of honor, the bride's sister, Miss Roberta Pentecost, wearing a gown of azure blue chamois trimmed with shadow lace. Her hat was also of French blue plush with pink roses, and she carried a sheaf of pink chrysanthemums. Lastly, with her father, came the bride, looking lovely in her beautiful wedding robe of ivory satin opening over a petticoat of ivory brocade velvet, and caught with pearl ornaments. The bodice was trimmed with duchess and rose point lace, the gift of her mother. Her veil, which was of Brussels net, with a border of

## BAPTIST MISSIONS REPORT PROGRESS

Three Boards Met Yesterday—Death of Workers in Rapidly Widening Fields.

Three Baptist mission boards met here yesterday.

J. N. Shenstone presided at the Baptist Foreign Mission Board meeting at McMaster University, Secretary Rev. J. G. Brown reported encouraging progress of the Canadian Baptist missions in India.

The Western Mission Board met at the Confederation Life Building. The reports showed a lack of sufficient men to keep pace with the growth of the mission fields.

The Baptist Women's Home Mission Board met last night at College Street Baptist Church. Mrs. John Firstbrook presided. The Baptist Women's Foreign Mission Board also met at College Street Church. Mrs. Chas. J. Holman presided.

## HOME MISSION WORK GOING ON

Meeting of Women Yesterday Heard Encouraging Reports of Spread of Presbyterial Activities.

The seventh annual meeting of the Toronto Presbyterial W. H. M. S. held yesterday in Buor at Church, was largely attended, representatives being present from various churches, as well as from the surrounding towns. The president, Mrs. Jas. Logie, occupied the chair. The reports showed progress in all branches of the work, with a total of 82 auxiliaries and mission bands—an increase of 15 over last year. The treasurer reported \$104.55 receipts, an increase over last year of \$51.65; also 31 new life memberships. At the morning meeting Mrs. J. A. Macdonald gave a most interesting and instructive address, reviewing briefly the history of the W. H. M. S. in Canada. As auxiliary to the church's home mission committee it has always cheerfully undertaken any work the committee gave it to do, and now had mission stations in the city and in the suburbs to be increased to nine, which would claim the proud record of only one death for every 250 patients; there were 15 home mission hospitals at present, and two for boys, who are being educated in the Teulon School.

At the afternoon meeting the officers for the coming year were elected, after which Rev. Mr. Macbeth of Paris gave an address, the keynote of which was the necessity for women to take an interest in public welfare, and an expression of his conviction that the world would be a better place if women were more interested in the work of home missions, which may mean the salvation of the world.

Mr. Edman, home mission secretary, followed. He showed the interdependence of home and foreign missions, then gave a birdseye view of the work of the W. H. M. S. in Canada, showing how its scope was broadening each year and would soon include work among the French and the Jews, as well as among the Chinese and the Japanese. He spoke of the great necessity for work here in Toronto, where he has between forty and fifty foreign-born people, and the need of the new plan of appointing a "strangers' secretary" in each organization thru Canada, by which means the work would be done in touch with people from the old country as well as with Canadians moving from one church town to another.

The Child's Vocabulary.

Children are wonderful learners of words. It is amazing to see how their vocabulary develops, and how they attempt to use every new word they hear. Reasonable care should be taken in the home circle to have the family vocabulary beneficial to the child in words and tone. Of course the vocabulary cannot always be regulated to suit the child; but when the child's ears are wide open, let the words heard be helpful rather than harmful. Disputes of any kind are not good things for a child to hear. And to give an exhibition of temper is a quicker way to lose influence over a child.

Children pick up words and use them often before they are able to explain. The word may be a good one to use or not; but in either case let the mother explain the meaning to help the child decide whether the word should become part of his vocabulary.

New words are very real affairs to the child. He is not content with the old words he knows. Next he opens up the right way to use these words are making the ideas clear in the childish mind and helping along his education. Then, too, the child's confidence in his parents is strengthened. He looks up to them as wonderfully wise people who can help solve all his difficulties.

A simple explanation that the new word is foolish slang, or a useless expression, and that people who really know good words would not think of using it, will be much more effective than the sharp reprimand to "never let me hear that again."

By sensible management a child can be made ashamed to use certain words, or can be made to see that it is ridiculous for him to use them. When this treatment is used, the child likes to use correct words; and will never get the idea into his mind to use certain expressions at home-away from it he can talk as he pleases. The home standard is the natural one for him to follow, and father and mother are his supreme examples.

### JAMES T. POWERS COMING NEXT WEEK

"Two Little Brides" is Considered to Be His Best Play—Miss Lloyd's Song Hits.

James T. Powers' first professional engagement was in vaudeville. Previous to this he was a well-known amateur, giving up as much time as he could to acting and putting on pieces which he wrote himself. After his first experience in vaudeville he spent a season in stock at Aberley's Theatre, New York, after which

Alice Lloyd's Song Hits. Every one of Toronto's theatregoers who could whistle or hum has been repeating the swinging song hits that the little English comedienne, Alice Lloyd, has brought to the city in "Little Miss Fix-It," now at the Princess Theatre. Miss Lloyd was well known before. She has sung many of the songs that she is now singing here before, particularly "Who Are You Getting On?" and "Ship, Ahoy!" but it has been particularly noticeable that the enthusiastic audiences have called again and again for the old song favorites among the lively new melodies. In "Little Miss Fix-It," Alice Lloyd plays just the mischievous kind of character that seems made to order for her. The comedy is made up of a series of scenes of unusual effective balance for a light comedy. Lionel Walsh, who plays an eccentric comedy character, is a delight to James C. Lane, Pauline de Lorme (a French dancer who can also act), Almyra Sessions, Alice MacNaughton, Grace Brown and Beanie Hyams, give brilliant support to the dainty star.

## TWO MORE HUMANE OFFICERS NEEDED

S. P. C. A. Passes Resolution Urging Addition to Police Force—Want Help for Shelter.

"One hundred police officers is not sufficient for a city of nearly half a million population, and two additional humane officers should be placed on the Toronto police force."

"That a deputation from this society wait on the board of control with the object of securing a substantial annual grant of money for the shelter."

The above resolutions were passed at yesterday's meeting of the Society for the Prevention of Cruelty to Animals.

Lella Hughes, with James T. Powers, in "Two Little Brides," Alexandra next week.

he joined Willie Edouin and Alice Atherton in "Evangeline," "Fun in a Photograph Gallery," and "A Bunch of Keys." He went to England with Edouin, and while there became a member of the Vokes family, taking the place of Farndon in "Little Red Riding Hood," and in the provinces he did "In Camp," "Fun in a Fog," and "Belles of the Kitchen." When he left the Vokes family, Mr. Powers opened at the Empress Theatre, London, in an opera called "Chilperic." Next he appeared at the Drury Lane Theatre in the pantomime of "Wistling and His Cat." After starring in "Walker, London," he succeeded Francis Wilson at the New York Casino, in the company then headed at this playhouse by Adolph Aronson. Here under this management he appeared in "The Marquis," "Maddalon," "Nady," "The Yeoman of the Guard," "Erminie," and "The Drum-Major." Next he starred under the management of Rich and Harris in "A Straight Tip" and "Mad Bargain." While with the latter company he married Rachel Booth.

After starring in "Walker, London," by J. M. Barrie, he went with "Gentleman Joe," then with Oscar Hammerstein in "Santa Maria." He was with Augustin Daly five years, in "The Circus Girl."

Extensive Alterations Being Made to Horticultural Building at Exhibition for Show to Be Held Next Week.

For the first time in its history the horticultural building at Exhibition Park is a hive of activity at this time, of the year, the cause being the extensive preparations and changes that have to be made for the flower show to be held next week.

The carpenters, steam-fitters, etc., are working hard. Proper heating has to be provided to protect the thousands of delicate plants and flowers that will be exhibited, a special heating system being installed throughout the building just for this purpose. The framework for the various exhibits of fruit is being built.

A very interesting feature will be a large map, the full height of the building, composed entirely of apples. There will be numerous other special features, making this year's exhibition particularly attractive and entertaining.

The flower show will make a delightful rendezvous to meet your friends.

PLANNING NORTH TORONTO ON CITY LINES

Town Council Granted Interim Order Permitting Securing of Options on Land so That New Streets May Be Opened and Old Ones Widened—A Comprehensive Scheme.

A comprehensive scheme for the proper laying out of North Toronto was brought to light at the board of control yesterday morning.

The necessary permission was granted, and the town council proceeded to report to the board of control at North Toronto, on Friday afternoon.

The matter is very important, declared Controller Maslake, "and the town should proceed as if annexation was not contemplated."

Councillor Reid: "There is one block there that must be acted on immediately, and unless quick action is taken, three buildings will be erected, which would cost the authorities an extra \$10,000."

Councillor Reid: "I would like the city to widen Yonge street from Beaton avenue to the business section. We could do it at a cheaper price, because when annexation is consummated, prices will be much higher."

Controller Maslake: "Let them go ahead and obtain options on the property. It will be infinitely cheaper."

CARTAGE RATES WILL NOT RISE

Dominion Railway Commission Sets Aside Proposed New Schedule—Large Subsidies Paid By Railways.

OTTAWA, Nov. 5.—(Can. Press)—Railroad cartage companies in Eastern Canada will not be allowed to raise their rates from five to ten cents per ton on November 11 as they intended.

The railway commission this afternoon ordered that the new schedule of tariffs be set aside until judgment has been passed upon them. The case will come up again for hearing on December 17.

Subsidies to Companies. Chairman Drayton declared some interesting facts about the cartage business. The proposal by the cartage companies, it was learned, was to increase the charges in Montreal, Toronto, Hamilton, Ottawa, London, and other cities in Eastern Canada, 10 cents a ton, that in from 40 to 50 cents and from 15 to 20 cents on small parcels, classified as "mail."

# THE CANADIAN NORTHERN'S NEW HIGH LEVEL ENTRANCE TO NORTH TORONTO

The biggest coup yet played by the new transcontinental line to get into Toronto at the high level. The system centres out at Donlands, and is connected by five miles of new short lines and one big new bridge over the Don. A joint section of twelve miles with the Canadian Pacific across the north of the city. The transcontinental trains ought to start up town.

The above map, drawn from the plans filed last week with the department of railways at Ottawa, and with the Township of York Monday, shows the Canadian Northern's latest system of cut-offs (total less than five miles) to bring its Winnipeg (Perry Sound) line and its Montreal line into the new high-level union station up Yonge street. At present these two lines only come into Toronto down the Don valley to the Union Station on the Esplanade. With the cut-offs they can go to either.

These cut-offs unite in what is called the Donlands triangle on the Don.

Miles.	Upper Level.	Feet above Lake.	Miles.	Low Level.	Feet above Lake.
0.	North Toronto	155	0.	Union Station	8
2.3	Leaside (joint)	184	5.3	Leaside (joint)	184
3.4	Viaduct No. 3	172	6.4	Viaduct No. 3	172
4.1	Donlands (Don road)	190	7.4	Donlands	190
4.	Donlands (C. N.)	165			
4.7	Donlands Triangle (C. N. new)	163			
5.	Viaduct No. 4 (C. P.)	224	8.0	Viaduct No. 4	224
4.9	New crossing, Don (C. N.)	150	9.2	Viaduct No. 4	144
7.7	Duncan (C. N.)	195	11.15	Duncan	195

The uptown station saves 148 feet climb in every train east on both lines. The paramount idea of this change from the Esplanade to North Toronto is the ever-lasting saving in elevations and distances, and especially in regard to the great transcontinental passenger traffic between Toronto and Winnipeg, and between Toronto and Montreal.

A C. P. Winnipeg express leaving North Toronto (new union station) drops five feet and goes 3.2 miles to get to West Toronto, and will do it in ten minutes. From Union Station (Esplanade) the train climbs 141 feet and goes 4.7 miles in 20 minutes.

A C. N. Winnipeg express leaving North Toronto, climbs only 46 feet and goes 1.7 miles to get to Duncan, and will do it in twenty-five minutes. From Union Station (Esplanade) it climbs 187

feet, goes 11.15 miles in forty-five minutes. That's the difference in the two grades; 147 feet climb, 4 miles, 20 minutes. And North Toronto will be convenient for more passengers than Union Station (downtown).

By what applies to Winnipeg traffic applies equally to east and west traffic and to all freight.

The move up-town is in the interests of the public, railway and freight. It gives Toronto a new front and a new entrance up-town.

It will give—if the new bridges over the Don are made with a lower deck for vehicles—a great northeast diagonal road from Yonge street (upper) and Rosedale to Leaside, Donlands, town-line, Scarborough, Agincourt, Markham, etc., and even to Kingsway road. This will be the greatest highway east of

Toronto and will go thru the most beautiful country around Toronto, and the best adapted for homes, for villas, for country homes, for farms.

The new joint line will not only let in the railways, but it will let in the Toronto and Eastern, the trolley line running from Bowmanville thru Oshawa, Whitby, Pickering on the Kingston road. This trolley will come on alongside the C. N. R. tracks some where east of the junction on the map on W. W. Thomson's farm in Scarborough, and these radial cars will land at North Toronto.

The map also shows the C. N. R. subdivisions of 1200 acres at Leaside, and the main boulevard or parkway running thru it. The city is planning a diagonal road to the northeast via this new parkway. The map also shows the C. N. R.'s new yards. The shops and home settlements for the employees will be north and east of the yards. There will be three business streets and a lot of residential streets, crescents, etc., in the subdivision. These plans are now receiving final approval. Rosedale (now built up) will go up the hill over the Belt Line ravine by Bayview avenue. It will be the greatest residential subdivision ever made in Toronto.

The C. N. R. and the C. P. R. are 1 1/2 miles apart as to their respective crossings of the York-Scarboro town line, and only half a mile apart at the bridges over the main Don.

The new line of the C. N. R. is twenty feet below the C. P. R. level where it goes under it north of the Donlands triangle, and eighty feet below it 200 yards east on the present line in the Don Valley.

The quick way of appreciating the difference between the high and low level lines of the C. N. R. is to look at the two junctions of the old and new lines, first at Watson's farm, south of Duncan, and at Thomson's farm in Scarborough. At each point coming towards the city, the new line begins to climb up and the old line to drop down.

So much for the Canadian Northern end of the proposition, but there is a big end of it in connection with the Canadian Pacific, and that may develop later on.

The plan, as filed, shows the right of way of the Canadian Pacific, widened from Yonge street, and a considerable section on either side of the right of way, all the way to Leaside, of the property on the north side of the road,

taken for the enlarged joint system. An acre and a half is taken from the Toronto Dwellings, Limited, half an acre from the J. F. W. Ross estate, seven acres from Robert Y. Eaton immediately east of Bayview, 24 acres from the York Land Co. at Leaside, and some other small amounts from local owners. A triangle of three acres is also taken from Mr. Robert Davies on the north side of the tracks and at the corner of Leslie street. Besides this, the Canadian Pacific has probably purchased a very considerable amount. The largest expropriations in York Township east of the West-Don River, the largest block being on the Maclean farm at Donlands.

The Canadian Northern yard is over a mile long and extends on the north side of the tracks at Leaside from a quarter of a mile west of Bayview considerably over a mile.

The new station is to be at Yonge street on the east side, and south of the joint tracks. The plans for this station have been in Toronto for some weeks now, but have not been made public, and are probably awaiting final approval.

Summerhill avenue in Rosedale is not interfered with, but it is believed that a block of lots on the west side of the Belt-Line ravine and south of the tracks, has been purchased by someone for railway purposes. It is also supposed that the negotiations in connection with St. Andrew's College and nearby property, and including perhaps 50 acres, are also under way and more or less affecting this big new railway development.

No details whatever are forthcoming as regards the bridging propositions of the joint section, also there are three bridges in the joint section east of Yonge street, namely, the Reservoir

viaduct, the Belt Line viaduct and the viaduct over the West Don, which is at the end of the joint section. These bridges will, in all likelihood, be one and double-tracked, and probably four-tracked, and will be much heavier than the present ones.

The Canadian Northern will have a big new bridge of its own over the main Don, and nearly as long as the Canadian Pacific's bridge over the same stream half a mile to the north. This new bridge leaves the Donlands property on the west side of the river and lands on the east side on the farm of George Armstrong.

No stations are yet in sight in connection with the Canadian Northern, although it is likely there will be one at Donlands on the Don road and another on the town line between York and Scarborough.

It is believed that notices for purchasing the right of way, or expropriation of it, are now being served on the owners.

The grade from Yonge street to the West Don is very low; the stiff part of the Canadian Pacific grade being after the crossing of the main Don, and it is believed by railway men that the Canadian Pacific have plans for greatly improving it, and there are even hints of a further joint section being established for three or four miles beyond the one already agreed to.

The Canadian Pacific have their plans already made for moving their Don valley line near Leaside, further to the east and improving the grade, and moving Leaside station 300 yards further away from the city.

Construction work on the new short line of the Canadian Northern is more or less heavy, and involves a number of cuts and fills, but all this is done to keep the grade at the best and most modern percentages.

GALT'S LOCAL OPTION FIGHT.

GALT, Nov. 5.—(Special.)—A petition asking the council to re-submit a local option bylaw, contains 84 names out of a population of 11,000. The town clerk and solicitor are engaged in scrutiny of the signatures. A large proportion are old country men, more or less recent arrivals.

Clergyman Shot Mischievous Boy.

WADENA, Sask., Nov. 5.—(Can. Press.)—Rev. Mr. Lang, Presbyterian minister here, is out on bail in the sum of \$300, the result of an alleged shooting of a boy, Wm. Hodge, who was out with a crowd of young men playing pranks in the early-morning hours on Halloween night. The case was adjourned till tomorrow.

WOMEN ON HORTICULTURAL BOARD.

GALT, Nov. 5.—(Special.)—A new departure has been made by the Galt Horticultural Society in electing on the board of directors three ladies known for their interest in the progress of the society and spread of horticultural knowledge in the community.

MONTREAL, Nov. 5.—There will be no contest in Hochelaga unless the Nationalists make a fight. Sir Wilfrid Laurier wrote to the local executive today, strongly urging them not to make a fight in this division on the novel policy of the government until that policy has been announced, and his advice will, of course, be acted upon. The letter Sir Wilfrid sent is in part as follows:

"Before his departure for London, and since his return to Canada, the prime minister has declared that, after consultation with the admiralty, he would make known his naval policy to the people of Canada.

"We do not know as yet in what this policy consists, and notwithstanding the resignation of one of his colleagues, we do not know more than imperfectly the real cause of this disagreement. The session will open in a few days, and the government will then have to acquaint us with the negotiations that have been had with the imperial authorities, the program agreed upon and the divergence of opinion between the minister who has resigned and his colleagues.

"I recognize the desire of the Liberals of Hochelaga to oppose the candidature of the new minister, and to show once more their allegiance to the Liberal cause. Our naval policy is known. It has not changed since March 29, 1907, but would it be opportune to take up the fight before knowing what is the new policy of the government? I have said many times since the last conference at London that I would await the explanations of the government before discussing their naval policy.

"It is before parliament that the naval policy may be announced, and in my opinion it is there that it must be judged on its merits and combated if there is need."

## OUR BARS DELAY RAILWAY WORK

### Construction of C. N. R. Montreal Tunnel May Have to Be Stopped—Exodus From Hamilton.

The splendid victories of the Bulgarians and their allies against the Turks have stirred the enthusiasm of the remaining Bulgarians in Hamilton and vicinity to the highest point and nothing will now stop them from joining their fellow-countrymen at the front. The first contingent of the Bulgarian reservists will leave Hamilton this morning and they are to go to the front by the quickest route, regardless of expense. More than a hundred of them are to leave this morning and they have chartered a Grand Trunk Railway special to Montreal, from where they will leave on the first outgoing steamer.

The return of the Bulgarians is causing the gravest concern among the railwaymen, as it is having most serious results on construction work. Three thousand have already left work on the construction of the National Transcontinental and it is predicted that this will delay the completion of this line by a year or more. The latest company officials in Canada are predicting that about a quarter of the entire force working on the C.N.R. tunnel, Montreal, will leave to return to their country on Saturday alone and more quit work yesterday. They will be followed by more today. This will mean a great delay to the C.N.R. Montreal plans and may result in the cessation of work on the tunnel until the spring.

## GIVE TENANTS BY LAWS NOTES

### Mayor Hocken Submits Motion—Arranging for Special Lighting on Level Railway Crossings.

That leaseholders and tenants should have the right to vote on bylaws creating debts which will eventually bring about revenue-producing schemes, is the contention of Mayor Hocken, who submitted the following motion to the board of control yesterday, and which was forwarded to the legislative committee.

"That the Municipal Act be amended so as to provide, in case of bylaws for the creation of debts requiring the assent of the electors for any object that will become revenue-producing, that leaseholders and tenants be entitled to vote thereon."

Other difficulties existing in Earlscourt, according to Controller McCarthy, are that Clarence, Lansdowne and other streets are crossed by the railway for vehicular traffic, and that St. Clair avenue is impassable, but the pavement on the north side will be completed within three weeks which will in a measure facilitate matters.

A scheme of special lighting facilities for railway crossings is being formed by the board of control, at a conference between the board, Messrs. Gowan and Sweeney, which will be held on Thursday morning, it will be finally decided upon.

Ald. Ryding appeared before the board of control, asking that something be done with Royce avenue crossing. This crossing will receive the attention of the lighting committee forthwith. The board of control has decided that all railway crossings within the city limits.

## ASSESSMENT REVISION

Special Committee of the Legislature Meets on Nov. 19.

The special committee of the legislature, organized last session to make a revision of the assessment act, consider new taxation proposals, has been called by the government to meet at the parliament buildings on Tuesday, Nov. 19.

The single tax measure of J. A. Ellis, ex-M.L.A. for West Ottawa, as well as the single tax bill of N. W. Rowell, opposition leader, will be considered by the committee. Hon. W. J. Hanna, who will probably be chairman, spent some time last summer in studying the forms of single tax in vogue in Edmonton, Vancouver and other western centres.

The committee is composed of the following members: Sir James Whitney and Messrs. Hanna, Foy, Matheson, Brower, Charters, Elber, Ellis, Ferguson (Simcoe), Dunlop, Hearst, Jamieson, Lucas, Morel, Musgrove, McNaught, Norman, Atkinson, Preston (Lanark), Ross, Sulman, Thompson (Simcoe), Torrance, Mahaffy, Rowell, Elliott, Mayberry, Racina, Atkinson, Ferguson (Kent) and Marshall.

Persons desiring to be heard should communicate with W. B. Wilkinson, law clerk, parliament buildings.

## GALT'S SUCCESS WITH HYDRO.

GALT, Nov. 5.—(Special.)—During last month the hydro-electric department put in 48 lighting services and three power services. Since the town took over the hydro-electric system and became a partner in the hydro-electric department, the number of services has been increased from 60 to 100.

## Berlin's Sub-Postoffice.

BERLIN, Nov. 5.—(Special.)—Berlin is to receive a sub-postoffice, and it will be located at the Grand Trunk depot in the factory street. The cost of the building and fittings will amount to about \$5000. The branch postoffice will relieve the present congestion at the main office.

# OSHAWA NEEDS 500 HOMES

### BUY YOUR LOT NOW IN THE FACTORY TOWN—30 FOOT LOTS COST \$200 AND UP. EASY TERMS.

YOU cannot find a better place to put your money than Oshawa. Five hundred homes are required, and builders should get in now. By the spring \$500 will not be enough. Be sure, however to buy land right alongside of the town or you will wait longer for returns and improvements on your land. These lots are right alongside of the homes now erected.

THE railroad development alone is sufficient guarantee of prosperity, while the factory output is immense. Up to now the C. T. R. has handled Oshawa freight exclusively—but the C. P. R. and the Canadian Northern are building in now, and the Toronto Eastern Electric are constructing their road. Oshawa is only 34 miles from Toronto. See this property Saturday. It's a genuine good investment.

## Join Special Parties Going Saturday Afternoon OR TELEPHONE US WHEN YOU CAN INSPECT

OSHAWA is the Manchester of Canada. OSHAWA is the home of some of Canada's biggest industries. OSHAWA has electric street car service, paved streets, electric power plant, sewer system and water service.

OSHAWA is progressive, aggressive and prosperous. OSHAWA is the best town between Toronto and Montreal. OSHAWA land is the best buy today at these prices, but do not confuse outlying property with Industrial Park, the close-in land.

## BIG BUILDING FOR KING ST. \$3,000,000 SITE

Continued From Page 1.

O'Brien, Limited, will move out of number 72 into a fine new white terra cotta building they are completing further west on King, opposite the Princess Theatre. With them to take space the new building will be Frank Burton, tailor, who enjoys a sub-tenancy of part of the O'Brien store, Beauchamp and How, occupant of 72, have a monthly lease. What they will do is not known. S. Tidy and Son, at 74, will move into the store they occupy at 75 King street, now occupied by Elliott and Son Company, who are building a place up Yonge street, near Dundonald street.

Profits Gave Quickly.

J. H. Mitchell, six months ago, bought his property at \$100,000 from Dr. Richardson estate. He is to receive \$15,000 a year for 99 years for the forty-foot frontage, and the O'Brien estate, owners of the building, have relinquished all their rights for \$30,000. Bilson Brothers have a short lease of number 81 in this building, and George A. Stitt and Company have a short lease of number 71. The rights of both have been secured. R. Deck and Son have a lease on the building at the rear of the Mitchell plot, and they got \$1500 for it, also retaining possession until April, when a new factory is to be built on West King street, near John street, will be ready.

Altogether the deal had been one of the most intricate of the kind in the downtown district, also in number of properties involved hardly comparable with some block purchases.

Three Million Liability.

The taking of the World's Lease in the bond company in a liability of three million dollars, spread in its payments, of course, over many years. At the end of the new building, other local financial concerns being interested.

Yesterday a well-informed financial man told The World's Lease in the bond company disposed two months ago of their King and Yonge corner at the Grand Trunk Railway for \$500,000 for the plot, the northwest corner.

Altho the bond company has expended resources, they are said to be not alone in the new building, other local financial concerns being interested.

## Builders' Opportunity

Kingston Road acreage, in blocks of one to six acres, in district where population in two or three years will be 50 Americans come in, and it has a population now of nearly 200, with \$500,000 of American money invested in the district. This property will cost from four to six dollars, with builders' terms.

## JOHN FISHER

## NO SUCCESSOR TO MR. LITCH

### Appointment May Not Be Made Till Next Week—Sam Price's Name Not Considered.

At the regular meeting of the Ontario Cabinet yesterday, the matter of appointing a successor to James H. Litch, K.C., as chairman of the Ontario Railway and Municipal Board, was considered, but no decision arrived at. After the meeting, Sir James Whitely told The World's Lease in the bond company disposed two months ago of their King and Yonge corner at the Grand Trunk Railway for \$500,000 for the plot, the northwest corner.

Altho the bond company has expended resources, they are said to be not alone in the new building, other local financial concerns being interested.

## WILLIAM MILLS PAYS \$20 AND COSTS

Against Advice of Crown Attorney Thurston Magistrate Warns Changes Case to Common Assault.

Altho William Mills' face was bruised and a witness hearing mute evidence that Edward Lennan had beaten him badly, and Acting Crown Attorney Thurston urged County Magistrate Enoch to send the accused to jail, the charge of aggravated assault was changed to common assault. A fine of \$20 and costs was imposed. Some of those men who live between the city and Oakville seem to have an idea that because police protection is scant they can do as they like.

FARMERS' BANK ENQUIRY OVER

Judge Hodgins Cannot Act for Crown

Any longer—Sir William Meredith to Decide Upon Continuation of Case.

Frank Hodgins, K.C., who was recently given a judgeship, stated yesterday that it was not likely another session of the royal commission, investigating the Farmers' Bank failure, would be held. It remained for Chief Justice Sir William Meredith to decide, however. The latter is expected from England during the latter part of November. Should the enquiry be again opened and Mr. Hodgins' appointment Ottawa, who so ably assisted Mr. Hodgins during the investigation, will represent the crown.

# MARKET WELL SUPPLIED

## Good Cattle Stronger—Common Weak, and Slow Sale—Hogs \$8.00

Receipts of live stock at the Union Yards were 105 calves, comprising 200 cattle, 143 hogs, 283 sheep and lambs, and 232 calves.

There were only a few good to choice loads of cattle, but an abundance of the medium, common and inferior classes.

Trade was active for good to choice butchers' cattle, but very slow for medium, common and inferior light eastern classes.

Prices were firm for all good butcher steers and cows, but slow for medium to heavy feeding steers and cows. Dressed steers were slow sale, in comparison with last week's market for this class.

The market for sheep and lambs was fairly strong, especially lambs, and a few hundred sold at last week's quotations.

Hogs were lower, selling from \$7.00 to \$8.00 for select to medium, \$5.75 being the ruling figure.

Choice butchers' cows, \$4 to \$5.00; medium, \$3.50 to \$4.50; good, \$3.75 to \$4.25; inferior, \$3.25 to \$4.00; 200 lbs. to \$3.50; 250 lbs. to \$4.00; 300 lbs. to \$4.50; 350 lbs. to \$5.00; 400 lbs. to \$5.50; 450 lbs. to \$6.00; 500 lbs. to \$6.50; 550 lbs. to \$7.00; 600 lbs. to \$7.50; 650 lbs. to \$8.00; 700 lbs. to \$8.50; 750 lbs. to \$9.00; 800 lbs. to \$9.50; 850 lbs. to \$10.00; 900 lbs. to \$10.50; 950 lbs. to \$11.00; 1000 lbs. to \$11.50.

Butchers' cows, \$4 to \$5.00; medium, \$3.50 to \$4.50; good, \$3.75 to \$4.25; inferior, \$3.25 to \$4.00; 200 lbs. to \$3.50; 250 lbs. to \$4.00; 300 lbs. to \$4.50; 350 lbs. to \$5.00; 400 lbs. to \$5.50; 450 lbs. to \$6.00; 500 lbs. to \$6.50; 550 lbs. to \$7.00; 600 lbs. to \$7.50; 650 lbs. to \$8.00; 700 lbs. to \$8.50; 750 lbs. to \$9.00; 800 lbs. to \$9.50; 850 lbs. to \$10.00; 900 lbs. to \$10.50; 950 lbs. to \$11.00; 1000 lbs. to \$11.50.

Sheep and lambs, \$3.00 to \$4.00; good, \$3.50 to \$4.50; medium, \$3.00 to \$3.50; inferior, \$2.50 to \$3.00; 200 lbs. to \$3.00; 250 lbs. to \$3.50; 300 lbs. to \$4.00; 350 lbs. to \$4.50; 400 lbs. to \$5.00; 450 lbs. to \$5.50; 500 lbs. to \$6.00; 550 lbs. to \$6.50; 600 lbs. to \$7.00; 650 lbs. to \$7.50; 700 lbs. to \$8.00; 750 lbs. to \$8.50; 800 lbs. to \$9.00; 850 lbs. to \$9.50; 900 lbs. to \$10.00; 950 lbs. to \$10.50; 1000 lbs. to \$11.00.

### WANT GOVERNMENT GRANT

West Elgin Corn Growers Plan an Extension of Work.

A deputation from West Elgin waited upon Hon. James Duff, minister of agriculture, in the office at the parliament buildings yesterday asking for a grant in support of a movement lately commenced to establish that country as a famous seed bed for ensilage corn. The deputation, which included P. G. McDermid, M.L.A., Peter Stekler, O. D. McGuckan, and J. A. McKellop, represented the newly-organized Elgin Corn Growers Association, which has been organized and is now in the process of being incorporated.

The argument was advanced that the Ontario Corn Growers Association, which has been organized and is now in the process of being incorporated, has been receiving a grant of \$1000 from the department, has gained a wide and profitable reputation for the counties of Essex and Kent, and as an indirect result farm lands have risen in value from \$10 to \$20 per acre. West Elgin has lost its identity in the bigger organization, and for that reason elected to have an independent association, which has been organized and is now in the process of being incorporated. The grant of \$1000 from the department, which was made in January, and the deputation asked in support of a movement lately commenced to establish that country as a famous seed bed for ensilage corn. The deputation, which included P. G. McDermid, M.L.A., Peter Stekler, O. D. McGuckan, and J. A. McKellop, represented the newly-organized Elgin Corn Growers Association, which has been organized and is now in the process of being incorporated.

## DOWNTURN IN WHEAT IN WINNEPEG MARKET

### Chicago Exchange Was Closed, But Easier Tone Abroad Induced a Reaction--World Statistics Not Favorable to Holders of Grain.

WINNEPEG, Nov. 5.—The grain market was quiet today, prices ranging down to 1/4c. While this was not such a very heavy individual drop, the weakness of tone made it more significant, especially in view of the very conservative estimate of the crop just issued by the Northwest Grain Dealers' Association.

Cash demand was good and offerings were considered adequate. Oats and flax were in fair demand, but prices went to pieces.

Inspections were 187 cars on Monday and in sight for Tuesday 500, showing an extraordinarily heavy movement.

## GOOD ORE AT DOME EXTENSION

### President Edwards Says Work Is Going On Speedily--Dome Make Take Over New Property.

PORCUPINE, Nov. 5.—W. S. Edwards, president of the Dome Extension, Ltd., is in the camp on a visit to the properties. Regarding the extension, Mr. Edwards states that the work is being carried on speedily and good ore is being taken out, but that the best values will undoubtedly be found at the 600-foot level.

Mr. Edwards states that likely the Night Hawk Lake property, belonging to Hyde and Mackay, is being taken over and now being sampled by the Dome Extension. It will be worked as an immense mill.

While the proposition is taken over, while some of the samples taken out were the most spectacular gold specimens seen in the north, the property as a whole is a big low-grade proposition.

The apite dyke running thru Amivier early island, on which the original find was made, is very wide and carries even values. There are occasional spots of high-grade.

Mr. Edwards first got hold of the samples and interested the Dome in the property, which is likely will be taken over. He states that the Dome Extension has taken over the property and is now being sampled by the Dome Extension.

It was reported in unofficial circles yesterday that there was a strong possibility of the Hollinger taking over the property, probably in the near future. It is thought probable that the Dome Extension will not allow the surplus to accumulate at this rapid rate, but will apportion part of the profits toward the acquisition of other properties.

Meanwhile there may be a bonus declaration to the shareholders.

### DIAMOND OUTPUT IS BELOW THAT OF 1911

Official mining statistics show that the total diamond production of the Union of South Africa for the first six months of 1915 was 2,392,255 carats, a decrease from 2,810,370, a decrease from the previous half-year of 651,125 carats and in value of \$30,940.

### BAILEY COBALT WILL SHIP ANOTHER CAR

It was announced yesterday that the Bailey Cobalt Mines would ship another car of ore about the middle of this month. The company sent out a car some time ago, and only recently shipped bulk ore valued at \$85,000.

## MINING MARKET SHOWS MUCH ENTHUSIASM

### Late Reaction in Hollinger Bid Not Wipe Out Gain—Other Porcupines on Up-Grade—Peterson Lake at New Record for Movement.

Continued strength in some of the mining stocks which have come into favor of late was the feature of the stock markets yesterday. Early in the day prices showed a market buoyancy under the lead of Hollinger, which soared to a new high level for the movement, and while profit-taking carried this issue back late in the session, the close still showed a substantial improvement for the day.

Cobalts came in for a good deal of liquidation, representative of profit-taking on the recent rise and quotations were carried lower in particular instances. Cobalt Lake being prominent in this respect. Certain other issues came in for further appreciation, however, so that on the whole the market demonstrated a remarkably good tone.

Hollinger Soars Again. The rise in Hollinger amounted to 60 points, the shares at one period selling as high as \$15.70, the highest level since July of last year. The stock was in active demand early in the day, and the manner in which bids were raised in the endeavor to attract selling of the "arapian stunts" of the shares of the company. The late reaction carried the price back to \$13.35, where they were on offer at the close, having a net gain of 50 cents for the day.

Comment on the report submitted at the close of last week continues highly favorable, and hardly a word of justifiable criticism is to be heard. In fact, "the street" was accorded a very gratifying surprise in the excellence of the showing made by the company, and speculation is already rife as to how soon an increase in the dividend may be expected. It is, of course, quite possible to have too high a bid even in the face of so promising a record, and in view of the fact that the stock is quoted at moving three times the par value, a good deal of profit seems to have been discounted.

Lesser Lights Up Also. The Cobalt market generally, generally given over to comparative quietness, and did not come in for any particular activity. Crown Chartered was the leading issue in the list, the shares scoring another rise on the report that the financing had been practically arranged, and that the development of the property was well advanced. The shares were up a full two points to 14 1/2.

In the Cobalts the continued strength of Peterson Lake was the feature. The shares were up a full two points to 14 1/2. The company is expected that the company will benefit considerably from the recent sensational strike on that portion of its property leased to the Superior. Cobalt Lake was off to 65 early in the day, a loss of three points from the previous day's close, but made up nearly of its recession during the afternoon, and closed with none on offer under 65 1/2.

### FOUR REINHARDT COMPANIES COME TO LIFE AGAIN

REAR MINE WILL BE REOPENED IN FEW WEEKS

The Rea Consolidated Gold Mines, Ltd., has made arrangements for the refinancing of its treasury and the reopening of its mine. The mine is to be reopened within a few weeks, according to the Porcupine and has made definite announcement to that effect.

It has been practically decided to put the foundations for a ten-stamp mill and to install five stamps immediately. The ore blocked out in the mine is to be taken out and stored. The Rea property comprises 300 acres in the Township of Tisdale. A good deal of the results that only 90 per cent of the claims have been prospecting.

The closing of the Rea was almost a knockout blow for Porcupine. The reopening of the mine should prove a decidedly favorable factor.

### PLAN GOOD ROADS TO SERVE THE GOWGANDA CAMP

COBALT, Nov. 5.—The Gowganda Board of Trade are taking up the question of building a government road of a permanent nature from the town to the Hudson Bay mines, thence east to Trent River and south to the southern boundary of Charters Township. This road will be approximately 22 miles in length and will serve a vast amount of country, some of which is now loom-up as an excellent mining camp.

### BIG BLOCK OF PETE LAKE HAS CHANGED HANDS

A large block of Peterson Lake was taken up at 12 1/2 cents a share on the Standard Stock Exchange yesterday.

SOME OLD STORY IN THE MARKETS

Tight Money, Quiet Speculation and Small Price Changes in Toronto Exchange.

Speculation At Low Ebb In Montreal

MONTREAL, Nov. 5.—Trading on the local stock exchange was practically at a standstill today. Price fluctuations for the most part were confined to small fractions and net changes were insignificant. The undercurrent at the close, as on Monday, was moderately firm and there was some expectation that a strong market in New York today might infuse some life into the local list.

It was the same old story over again in the Toronto Stock Market yesterday. Tight money, quiet speculation and small price changes. The list at no time developed any specific trend, and while at the close several issues wound up with some appreciation in value, declines were shown elsewhere, and these served to offset the improvement.

UPS AND DOWNS IN WALL STREET

New York Stock List Now Averages 8 Points Below High Level of the Year.

The action of the New York Stock Market of late affords material for some very interesting comparisons. The list reached the highest level of the year in the early autumn, but since that time has undergone a considerable reaction, brought about by the war crisis in Europe. Investigation reveals the fact that this recession has wiped out less than half of the previous appreciation in values.

STANDARD OIL OF INDIANA PAYS BIG DIVIDENDS

With the payment of the extra dividend of \$1 per share in connection with the regular quarterly dividend of \$3, payable Nov. 30, the Standard Oil Co. of Indiana will have distributed nearly \$4,000,000 to its stockholders.

SAY C. P. R. IS CHEAP AT PRESENT LEVELS

It is argued that C. P. R. after delivering rights, worth nearly twenty dollars a share, and with its tremendous possibilities and assets, is comparatively cheap. There have been many rumors of a distribution of 3 per cent. extra next year from land sales, making a total of 13 per cent. and after the unfavorable manner in which the recent issue of stock to shareholders was received, the directors are not likely to give away more melons.

TORONTO CARPET COMPANY HAD GOOD YEAR.

At the annual general meeting of the Toronto Carpet Manufacturing Co., Ltd., held on Monday, Nov. 4, the chair being occupied by the president and general manager, F. B. Hayes, it was decided to increase the capital stock from \$500,000 to \$1,000,000 by the issue of \$500,000 preferred stock and \$500,000 common stock.

RAILROADS HAD RECORD PROFIT DURING AUGUST

WASHINGTON, Nov. 5.—The monthly summary of the revenues and expenses of the railroads made by the bureau of railway economics from the reports filed by the railroads with the interstate commerce commission shows that net earnings for August of this year were larger than for any preceding August and larger than for any preceding month with the exception of October, 1909.

INCREASING ITS CAPITAL.

The Ottawa Electric Co. is applying for power to increase its capital stock from \$1,500,000 to \$3,000,000. The Ottawa Gas Co. is also applying for power to increase its capital stock from \$500,000 to \$2,000,000.

MARKET OUTLOOK MUST REMAIN UNCERTAIN

Prices are at a level which look most attractive, but buyers hesitate because of the complicated situation abroad. Decidedly, there would give buoyancy to the whole market. The bear party is strong and makes the most of conditions. The strong interests have no desire to advance prices in this uncertain atmosphere with money high. The market must for a time remain uncertain and controlled by professionals.

Preferred Stocks

The preferred stocks of well-established, efficiently managed and prosperous industrial and manufacturing enterprises offer the most attractive opportunity for investment, both in regard to dividends and the appreciation of value. Our monthly circular deals in detail with the preferred issues of the following companies: Pacific-Burt Co., Russell Motor Car Co., E. Burt Co. and Kenworth Knitting Co. MEX. TRAMWAYS MAKES ANOTHER STOCK ISSUE

The Mexico Tramways Co. is offering \$2,500,000 new stock at par to its shareholders, payment to be made for same \$100,000 before Nov. 25, and the balance on Jan. 10 next. Shareholders of record on Nov. 16 may take on new stock in the proportion of 7-23 of a new share for every old one held. The authorized capital of the company is \$25,000,000, of which \$15,487,400 has been issued. The new stock will consequently take practically all of the balance. From Feb. 1, 1912, the new stock will rank for dividends. No allotment of a fractional part of a share will be made, but transferable fractional certificates will be issued and stock will be issued for these when sufficient to constitute a whole share is presented.

LONDON MARKET WATCHES BALKAN CRISIS CLOSELY

LONDON, Nov. 5.—Money was plentiful and discount rates were a shade easier today. The uncertainty of the near eastern situation and continental selling caused a drooping tendency on the stock exchange, but the market developed a better contrast in the afternoon, and a fair recovery followed on rumors that the powers are likely to reach an agreement soon on the Balkan question. Consols recovered an eighth. Shipping shares were weak on realising.

Some action will be taken at the city council tomorrow afternoon.

WORDLESS PLAY BARRED

LONDON, Nov. 5.—(Can. Press).—The examiner of plays, Charles H. E. Brookfield, has prohibited the production in England of Max Reinhardt's wordless play "Venetian Night." A large company was brought from Berlin with elaborate stage settings and was to have appeared in the Palace Theatre tonight. After witnessing the rehearsal, the censor forbade the production on the ground that the whole tone of the performance rendered it unsuitable for the English stage. A censorship of moving pictures is about to be instituted.
