

COUNTY BATTALION APPEAL FOR GRANT

York Councillors Consider Aid in Compiling Regimental History.

The county council met yesterday morning in the county chambers, and the school question was discussed. The report of the committee showed that there are now 300 county pupils attending city high schools, and that recent legislation compelled them to pay full cost, i.e., \$150 per annum. The city had extended the time of payment.

As a solution of this problem, the council decided to open continuation schools covering the curriculum of the first two years of high school, and to pay the city for the senior pupils attending city schools. It was also decided that the salaries paid teachers in such continuation schools should not be less than \$1000 per year.

The council then adjourned until the afternoon. A deputation from the 12th York Rangers waited on the council in the afternoon session to ask for a grant toward the compiling of a record of the services of county boys who joined his majesty's forces during the late war. The council went into committee of the whole, Mr. Knowles in the chair, and the members of the deputation were requested to state their case.

Col. Hunter outlined the aims of the proposed record, and stated that over 5000 men had gone from the county regiment. The need of a record of every man's service was obvious, and the speaker thought that such a splendid exhibition of patriotism should be written. Ultimately the information necessary could be obtained from the records of headquarters, but that the delay of five years before the records were available defeated the end the compiler had in view. Many local men had enlisted in units other than the county ones, and it was only fair that a record of the services of such men should be included in the list. The only way the work could be satisfactorily done was by sending personal letters to all the men, asking for particulars of service. Concluding, the speaker said that about \$500 would be sufficient for the purpose, and he submitted a request to the council for a grant of that amount.

Difficulties. Captain Forshaw, the other member of the deputation, enumerated the difficulties coincident to the project, and added that, since the 12th York Rangers was the county regiment, every member of the council was vitally interested in the doing and the record. If they granted the required amount of money the record would be of course, and the speaker instead of the members of the regiment only. A committee of the officers of the regiment had estimated the cost of the necessary enquiries at 12 cents per man. The regiment had sent four battalions to the war zone.

The matter was referred to the finance committee, with instruction to report at the next session. A deputation from the Social Service League next approached the council regarding a grant. Mr. Kelso, on behalf of the society, thanked the council for past help. Dwellling on the work done by Mr. Coulson of the children's aid, the speaker said that, indelible as he was, the representative of the society had appeared before the council, and had a stenographer and assistant be procured. Mr. Coulson, an auto would also be of great help in the work.

YORK COUNTY AND SUBURBS

RICHMOND HILL VILLAGE GIVES BANQUET TO EX-REEVE PUGSLEY

A unique celebration took place at Richmond Hill on Thursday evening, when the people of the village gave a banquet in honor of ex-Reeve W. Pugsley. The large attendance showed the esteem in which Mr. Pugsley is held and was a tribute to his success as a leader in municipal affairs. The Hon. G. S. Henry, minister of agriculture, Mr. J. H. Phillips and a large number of the members of the city council attended to do honor to the ex-reeve. Reeve T. Finch of Richmond Hill occupied the chair. A splendid dinner was served at 8 o'clock, to which everyone did full justice.

The toast to the King was proposed by the chairman, Mr. William Pratt, and the toast to the ex-reeve was proposed by Mr. J. H. Phillips. The latter expressed his appreciation of the qualities of Mr. Pugsley's public life. The toast to the village of Richmond Hill was proposed by Mr. J. H. Phillips, and he expressed his confidence in the citizens of Richmond Hill for their future. Mr. Pugsley had been reeve of the village of Richmond Hill for four years and had worked continuously for the welfare of his constituents. Mr. Pugsley was presented with a magnificent address and a magnificent service.

The guest of honor was greeted with cheers, which left no doubt as to his popularity. He thanked the council members for the honor they had done him and outlined the progress made by the village since his first year in office. Since that time Thompson's bus had replaced by an electrically heated coal-oil lamp and primitive lighting replaced by electricity, and the town had become every modern convenience. He touched lightly on his own share of the work and mentioned which had resulted in the little town of today.

Our country and legislators was proposed by Mr. H. S. Henry. The toast to the village of Richmond Hill was proposed by Mr. J. H. Phillips, and he expressed his confidence in the citizens of Richmond Hill for their future. Mr. Pugsley had been reeve of the village of Richmond Hill for four years and had worked continuously for the welfare of his constituents. Mr. Pugsley was presented with a magnificent address and a magnificent service.

The last toast of the evening, "the ladies," was proposed by Mrs. M. J. E. Glass. The singing of "God Save the King" would give a pleasant function to a close.

Colds Cause Headaches and Pains. Feverish headaches and bed sickness caused from a cold are soon relieved by taking LAXATIVE BROMO QUININE Tablets. These are the only "Bromo Quinine" tablets with GROVE'S signature on the box. 30c.

TODMORDEN WAR AUXILIARY CONCERT. Under the auspices of the war auxiliary of school section No. 21, Todmorden, an excellent concert and lecture was given in Toronto avenue school last night. Pte. H. E. Easterbrook, C.E.F., occupied the chair, and Mrs. (Dr.) Fleming, president, outlined the aims and objects of the association, and the financial amount of patriotic work performed during the past year and appealed for more support from the residents of the section.

Alex. MacGregor gave an interesting talk on the history of the ship which left the port of Greenock took seven weeks to make the trip, and described the many incidents during the voyage. The musical part of the entertainment was contributed by six returned veterans, who gave a creditable instrumental performance. These men were instructed at the vocational establishment, and had only commenced their studies eight weeks ago. The following were the artists: Pte. W. J. Fuge, Pte. E. Grew, who lost both legs at the battle of Lens; Pte. H. E. Easterbrook, Pte. J. H. Sutherland, who lost one limb, and Pte. A. E. Powell.

The following pupils of Mrs. Fleming also contributed: Miss G. Billek, Mrs. F. Johnson, Miss D. Drew, and V. Smith. Pte. Easterbrook gave a brief talk on the work performed at the vocational training establishment. There was a large attendance, an annoying feature being the disturbance caused by a number of children during the proceedings. A fancy cushion was put up for raffie, and the winner was Mrs. W. W. Ward. Mrs. Crossley, secretary, read a number of letters from soldiers overseas in France, Belgium and Germany, acknowledging parcels of comforts received.

EARLS COURT REAL ESTATE SHOWS UNUSUAL ACTIVITY

The vacant land on the north and south side of West St. Clair avenue is being rapidly taken up and stores are to be erected shortly. The locations west of Oakwood on both sides of the avenue are also being purchased by builders for stores and residences. Woodworth, it is said, has finally decided to put up a big 10 and 16-cent building on the south side of St. Clair between Dundas and Lansdowne avenues, and a big building on the north side of the avenue. The C.P. tracks and the estate agents in this section report considerable activity in the present week, one agent having disposed of six houses. There is still a dearth in houses of the smaller kind, both for renting and for sale, no less than 70 applications having been made for one house that was for rent in North Eastcourt. There are quite a few houses in course of erection, but these have already been bespoken.

The Earls Court boy scouts will parade and march to the Earls Court Central Methodist Church on Sunday afternoon to hear an address from the Rev. Canon W. G. Hammond, who will give an account of the past and future development of the boy scout movement in Canada. The boys will be in charge of the local scoutmaster, B. Lindo, and the Men's Own Orchestra will give selections.

Several Earls Court men have returned home from the war this week and have been reunited to their families, including Pte. Jim Osborne of Teikmout avenue, who was wounded at Cambrai from shrapnel and was in hospital in England. Osborne has a wife and five children, and he was met at North Toronto by his wife and family.

Local politicians of Ward 6 have arranged to hold a meeting in Belmont Hall headquarters of the G.W.V.A. next Monday evening. When David Spence will pre side and the speaker will be W. F. Maclean, M.P. for South York; Col. J. A. Maclean, M.P.; Alex. Gordon and C. Cudmore.

Piles Cured in 4 to 14 Days. Druggists refund money if PAZO OINTMENT fails to cure itching, bleeding or protruding Piles. Stops Irritation, Swelling and Heals. You can get restful sleep after the first application. Price, 6c.

AURORA The townspeople of Aurora gave a reception to about 200 returned men in the Mechanics Hall last evening. Mayor W. J. Best welcomed the men back and praised them highly for their achievements in France. Sergt. Poillet made a suitable reply and expressed his thanks and gratitude of the soldiers for the assistance they had received from those who remained at home. He mentioned the ladies in particular, who, he said, with their knitting and overseas boxes, had upheld the morale of the men. Lieut.-Col. Brown of the 137th Battalion and Capt. Legge and Sergt. Burns of the 1st Battalion also spoke. Sympathy for Frank Allen was expressed, whose wife lived in Wellesley Hospital on Thursday.

PERFECT SERVICE AT THE Finest Victrola Parlors IN AMERICA. Ye Old Firm HEINTZMAN & CO., LIMITED Heintzman Hall 195 YONGE STREET. ALL THE LATEST VICTOR RECORDS AT Whaley, Royce & Co., Limited 237 YONGE STREET. Everything in Music and Musical Instruments OPEN EVENINGS.

RIVERDALE Under the auspices of the Riverdale Methodist Church Ladies' Aid Society an at home was held in the church parlors yesterday when over 150 guests were present. Mrs. J. W. Pateman gave an interesting talk on the aims and objects of the society, and the efforts for free patriotic and parochial purposes of the members, and pointed out that the mortgage on the building had been substantially reduced during the past year, and repairs and improvements made and paid for. The amount now remaining to be paid on the mortgage is \$225. Rev. Dr. Long, pastor, in a brief

speech, thanked the women for their work on behalf of the parish. A program of vocal and instrumental music was contributed, and refreshments served. An enjoyable time was spent. The present membership of the organization is 88. The regular bi-weekly euchre and dance in connection with the Riverdale branch G.W.V.A. was held in Playter's Hall, Danforth avenue, last night. President Roberts presided. There was a large attendance, and prizes were awarded to the successful contestants. The present membership of the branch is now 90, active members, and 120 new members will be initiated at next meeting, according to the statement of J. Stratton, secretary.

WELL SATISFIED WITH BABY'S OWN TABLETS. Mrs. Emilio Malette, Montpelier, Que. writes: "I have used Baby's Own Tablets for some time and am well satisfied with them. They are surely the best medicine I know of for little children. What Mrs. Malette says thousands of other mothers say. Once they have used the Tablets for their children they would use nothing else. The Tablets are a mild, but thorough laxative; are absolutely free from opiates, narcotics or other harmful drugs and may be given to the youngest baby with perfect safety and good results. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

TORONTO BROKERS HELD BY POLICE Charged With Receipt of Stolen Crown Money From Paymaster.

J. S. Tomenson, 9 Ariole Parkway, and Beverly Browne, 1289 West King street, were arrested yesterday afternoon by Detectives Taylor and Lovitt charged with receiving crown money, knowing it to have been stolen. Both men are stock brokers. Tomenson is a member of the firm of Tomenson, Forwood & Co., brokers, of 42 West King street. Within a short time after the brokers were taken to detective headquarters they left for Court street station, where their bondsmen furnished bail of \$50,000 for the release of both prisoners until the case is called for preliminary trial this morning in the police court. The arrest is a sequel to that of Capt. Fisher, a young military paymaster, now in custody awaiting trial on a charge of stealing over \$40,000 from the Canadian army, and which was charged with receiving crown money, knowing it to have been stolen. He claims to have purchased \$18,000 worth of stock during the years 1917 and 1918 from Tomenson and Browne. The bail bonds were made out in two stipulations of \$25,000 each, which was demanded by the crown attorney.

NEWMARKET J. W. Allen, who has been a successful hardware merchant of Newmarket for a number of years, has sold his business to R. B. Smith of the same place. Mr. Allen intends to move with his family to Toronto.

—Second Floor, James St.

### COUNSEL COULD NOT GET GABY'S "GOAT"

Hydro Engineer Baffles Ontario Power Lawyer with Terminological Exactitudes.

Tills between Robt. McKay, K.C., counsel for defence, and F. A. Gaby, chief engineer for the Hydro-Electric and witness for the plaintiffs, were the feature in yesterday's hearing of the suit of the Toronto Power Co. for payment of some \$150,000 which is now a ward of the court awaiting payment of the dispute with the Ontario Power Co. is settled.

Mr. McKay, seemed determined to get Mr. Gaby's "goats" but for all he accomplished he might just as well have never tried. After some roaring debate take off his glasses, compute a calculation on a pad in front of him, and then, with irritating persistency, would refuse to give a categorical answer to the question asked. In fact, so warmly did Mr. McKay become that he asked and claimed that he was directly evading the issue.

This hearing of the case, which has been dragging for some time, was one of the most technical of the series. Terms, such as kilowatt hours, k.v.a.'s, and other electrical names were frequently used by counsel and witness

to clear up the snarled terms of a contract under which the Toronto Power Co. agreed to furnish a certain amount of electrical energy to the Ontario Power Co.

In the stand yesterday, Mr. Gaby claimed that the system of computation of power by the Toronto Power Co. was the cause of the big difference. At this stage L. F. Hellmuth, K.C., counsel for the Ontario Power Co., introduced a pile of closely-figured sheets which illustrated the computation tables worked out by clients.

### COURT OF REVISION SITTING DATES FIXED

The dates for the return of the assessment rolls for each ward and the dates commencing the sittings of the court of revision in accordance with a by-law passed by the city council are announced by City Clerk Littlejohn. These dates are as follows:  
Ward One—Return of roll, May 31; court of revision commenced, June 27.  
Ward Two—Return of roll, July 15; court of revision commenced August 11.  
Ward Three—Return of roll, Sept. 16; court of revision commenced Sept. 30.  
Ward Four—Return of roll, Aug. 26; court of revision commenced Sept. 19.  
Ward Five—Return of roll, Aug. 19; court of revision commenced Sept. 11.  
Ward Six—Return of roll, June 28; court of revision commenced, July 23.  
Ward Seven—Return of roll, May 6; court of revision, June 2.  
Ward Eight—Return of roll, April 25; court of revision, May 21.

### TROOPS ALL HOME BY END OF AUGUST

Minister of Militia Hopes to Bring Men Back in Units.

General Newburn, minister of militia, with Col. H. C. Osborne, military secretary, was in Toronto yesterday conferring with Brig.-Gen. Gunn and Major Goodwin Gibson on demobilization matters. An important announcement was made by the minister in connection with the return of the men who have been with the army of occupation in Germany. "We hope to have all the troops back in Canada by the end of August," he said. The men will be landed at Halifax, St. John, Quebec and Montreal as soon as navigation opens up, and will arrive as fast as they can be transported in ships. The third division will be the first arrival. It is announced, and all the troops will, as far as it is possible, arrive in units.

### VICTORY BONDS INCOME IS NOT ASSESSABLE

Ontario Railway and Municipal Board Upholds Massey and Harris' Contentions.

The Ontario Railway and Municipal Board, in a judgment delivered yesterday, has upheld the appeal of the Massey-Harris Co. against the City of Toronto from the assessment for the year 1919 on income from Victory Bonds. The board pointed out that there was a discrepancy between figures compiled by the city and by the company, and added that if no adjustment could be reached the matter should be referred to the board. The Massey-Harris Company were the holders of Victory bonds valued at \$1,780,700, on which interest totaling \$49,593.47 had been paid. The city contended that the assessment should be on \$49,393.47 as income, but the company argued that it lost on the transaction of purchase and resale. It pointed out that the loss and outlay should be deducted from the gross receipts by way of interest in determining the amount of the assessment as income. The board upheld the company's contention. The net loss was estimated at \$16,634.73. The judgment went on to say: "If the income to be assessed is returned

### "DAY OF PRAYER"

According to an announcement contained in this week's issue of The Ontario Gazette, February 16 has been set apart to be, throughout the Province of Ontario, a day of humble prayer and intercession to Almighty God that His blessings may rest upon the peace conference, and that, under His direction and guidance, its deliberations and conclusions may result in the establishment of a world-wide peace on a just and permanent foundation.

### NEW TRUCK LICENSES HIT ALL OWNERS HARD

A new source of revenue that has been put in operation by the provincial government in the form of an unexpected increase in motor truck licenses, will hit the owners of these vehicles pretty hard. This includes the city and especially the street cleaning department which operates nine five ton trucks and one of a lighter make.

Last year the license fee was five dollars per ton carrying capacity or in other words \$25 each. This year the fee is ten dollars per ton carrying capacity and the weight of the truck. These five ton trucks each weigh 10,000 pounds, making a total of 20,000 pounds or 10.24 tons, which means \$130 per truck, or an increase of \$85 for the license fee of each of the nine trucks.

### Horrockses' White Flannelette, 36 Inches Wide, Special, at 50c Yard

This white flannelette of the famous "Horrockses' brand" is well known for its splendid wearing and laundering qualities. It is of soft warm quality, evenly napped, and splendid for the making of women's and children's underwear, etc.; 36 inches wide. Special, yard, 50c.

### MUST NOT BUILD FREE AIR PIPE

#### Consumers' Gasoline Supply Request Refused by Board of Works.

The application of the Consumers' Gasoline Supply Co. for permission to construct a free air pipe under the sidewalk from their premises, at the southeast corner of West Queen street and Close avenue, to the curb, was refused when they appeared before the board of works, at their meeting yesterday.

Controller McBride, after pointing out that it would be objectionable, moved that the application be refused. "We don't let the householders encroach on the streets, so why should these millionaire companies be allowed to?" Alderman Honeyford, of Ward One, introduced a deputation from the Riverside Ratepayers' Association, who requested that the roadway be raised, and a proper pavement be laid on the "Devil's Hole" on Gerrard street, between Leslie street and Hurst avenue. This section of Gerrard street has been the scene of many accidents. "The city raised the road some time ago, but it was not a success. It merely caused a lot of dust. What we want is a pavement."

A Necessity. Rev. Dr. Long of Riverside Methodist Church was one of the speakers. He pointed out the necessity for immediate improvement. The board promised to give the matter their best attention.

A representative of the Campbell Flour Mills Co., applied to the board for permission to use a cable on Junction road, for the purpose of shunting cars from a siding across the road to their new siding. The representative of the company stated that they were unable to get the cars moved, owing to the pressure of their business. They were willing to take all responsibility for any accidents that might occur.

Alderman Blackburn moved that the paving of Davenport road be gone on with. Controller McBride was of the opinion that it should not be gone on with, owing to the present railway situation on that street. Works Commissioner Harris was against the paving of the street owing to the above condition. A new report on the cost will be submitted, and a new petition will be circulated.

### DEMobilIZATION H.Q. TO ESTABLISH BUREAU

A labor bureau will be established next week by demobilization headquarters for this military district, on Queen street near McCaul, and the returned soldiers' employment bureau at 45 West King street, will be moved to the new quarters. The district labor bureau will be administered from this office, and branches will be opened in the neighboring cities. Daily demands for help from these districts will be received, and demobilized men will be put in touch with the employers. Capt. Cleverly will be in charge.

Works Commissioner Harris reported.

### REAL PLUMBERS

It is well to remember that when you call Shannon Plumbing Service you get REAL PLUMBERS. Not an apprentice—not a novice—not a blacksmith. Every man on the Shannon staff is a trained man. A capable, experienced craftsman, who knows his business. He will not waste your time, or his own time. Shannon plumbers are all salaried men. Paid to do their work as promptly as possible—they have nothing to gain by loitering or gossiping.

NO EXTRA CHARGE FOR DISTANCE. WE COME DAY-TIME OR NIGHT-TIME.

Just Phone

### SHANNON THE PLUMBER

Park, 135-739. Oakville Branch, Phone 334.

### M.S.A. DEFAULTERS BEING PUNISHED

#### Government Has Long Memory, as Evaders of Draft Now Know.

That the armistice did not mitigate the offence of defaulters under the M.S.A. is shown by the continued efforts of the military branch of the Dominion Police in rounding up the defaulters and the justice meted out to them by judges throughout the Dominion.

At a trial of five defaulters by Magistrate D. M. Sudbury starting revelations were made of the lengths some went to evade military service. "Telephore Poulin and Allege Poulin, living near Sudbury, took to the woods in 1917 and for over a year lived in deserted lumber camps on squirrels and rabbits they killed. In the summer they suffered from black flies and it was impossible to secure oil as they thought if they showed themselves they would be shot by the police. A cousin of the Poulins, Alphonse Lourin, also a deserter, admitted, when questioned by W. R. Smythe, public representative, that "he had been afraid to go to war."

Wilfred Leclair and Valmore Ferras, also charged with the same offence were tried. The former said he was not afraid but lived with his aged mother who had lost a limb and during the summer they harvested 600 bushels of oats, 500 bags of potatoes and 40 tons of hay.

The two Poulins, Lourin, Ferras and Leclair were each sentenced for one year to Burwash Prison and \$200 with the alternative of an additional six months.

In yesterday's routine orders from Ottawa sentences for a number of deserters all over Canada were announced. The original sentences were from two years to life imprisonment but the longer terms have been reduced by order of the governor-general.

### PATRIOTIC SCHOOL TEACHERS.

Toronto teachers are continuing the patriotic work which they carried on during the war, and are presenting "Evening With Famous Actors." Annette, Davenport, Essex, Eastcourt, Fern avenue and Huron street were represented in the first program given at the technical school, in which the board of education, resolving that there should be one flag was besieged, a number of different nationalities appearing to demand representation for the flag which they carry. Other schools will take part on Saturday evening, when judges will decide as to the best players.

The proceeds are to go to provide special chairs for the maimed men at Whitby Military Hospital.

Willis Johnson was fined \$300 and costs for a breach of the Ontario Temperance Act when he appeared yesterday morning in police court.

Trustee Douglas of the board of education sustained severe bruises by falling from a street car while on the way to the property committee meeting.

## STOCK-TAKING OVER

# Sweeping Clearance of Men's Winter Coats

Without hesitation we are letting our entire stocks of stylish Men's Coats go at tremendous price inducements. These coats are made of the finest materials and made by expert workers who have had years of training in their respective lines. Don't fail to inspect these wonderful values. All the severe weather is still ahead of us.

### Handsome Fur-Lined Coats

There are coats with Natural Muskrat linings, Natural Otter or Persian Lamb collars, imported Beaver shells; coats of choicest Canadian Muskrat linings, Canadian Otter or selected Persian Lamb collars, shawl or notched; coats in Natural Black, Russian Rat, Persian or Otter collars, finest imported shells. Former prices were \$60.00, \$80.00, \$100.00, \$125.00, \$150.00 to \$300.00.

### Clearing at 25 Per Cent. Off

### Price Concessions on Coon Coats

These coats are Natural Canadian Coon, western collars, roll or notch shape, choice, full-furred, dark skins. We carry a complete range in all sizes at the following extravagant reductions:

\$175.00 Coats for.....	\$145.00	\$140.00 Coats for.....	\$128.00
\$160.00 Coats for.....	\$125.00	\$125.00 Coats for.....	\$105.00

These values are most unusual at this season. Decide to get one now.

### A. L. GOODWIN ADDRESSES ELECTRICAL ENGINEERS

A. L. Goodwin of the General Electric Company of New York gave an address on "The Goodwin Plan" before the Association of Municipal Electrical Engineers at the Friday morning session of the convention, held in the mining building on Thursday and Friday. His address was in connection with the work of his company.

### FOR FRENCH SUFFERERS.

With regard to moneys from the Daughters of the Empire French Relief Fund a resolution was passed by the executive to hand over to the national treasurer, from time to time, all undesignated moneys received for French relief, to be forwarded by her to the London War Committee of the Canadian Red Cross Society, thru the chairman of that society, to be used as the London War Committee may think best.

The sum of \$18638 has been received, and will be forwarded at once by the national treasurer.

### Martindale, Sudbury; Georgian Bay District, E. J. Stapleton, Owen Sound, E. I. Sifton was appointed chairman of convention committees.

The association reports good progress, and it has now a total enrollment of 194 members, coming from every rural district in the province. The next convention will be held at Niagara Falls some time during July.

### WARD EIGHT WOMEN FORM ORGANIZATION

A women's auxiliary to Ward Eight Liberal-Conservative Association was formed on Wednesday evening, Jan. 29, at the home of Mrs. J. Benness, 21 Kingswood road. Officers for the year were elected: Honorary presidents, Mrs. Thomas Foster, Mrs. George Henry, Mrs. Joseph Russell and Mrs. Coyne Rudge; president, Mrs. John Fox; first vice-president, Mrs. J. Benness; second vice-president, Mrs. W. J. Farmer; third vice-president, Mrs. L. Marsh; secretary, Mrs. E. Murray; treasurer, Mrs. H. J. Whelan.

With a strong executive plans were adopted for an interesting and educational year for the women voters of the ward.

### ARCHITECTS TO COMPETE IN NEW SCHOOL PLANS

Superintendent Bishop of the board of education building department is preparing a list of conditions for an architects' competition of plans for the new public schools on Glen Grove and Glenholme avenues. The new schools are to be not more than two stories high, with lavatories in an adjoining building. The basements are to be too low for adaptation at any future time for class room purposes. The community centre idea is also to feature the plans. The list of conditions is to be presented to the board next Thursday night, as it is expected that the competition will take over a month, and the earliest possible start with the two much-needed schools is desired.

Three years imprisonment in Kingston Penitentiary, was the sentence of Magistrate Denison on John Marks in police court yesterday morning on a charge of highway robbery. Marks was arrested while holding up two men in the county with a revolver.

**VENEREAL DISEASES ARE ON INCREASE**

Provincial Returns Show More Cases Have Been Reported.

During the month of January there were seven deaths in this province from syphilis, four of the victims being males under one year, who were infected with the disease at birth. For the entire month there was an increase in the number of cases of venereal diseases reported to the provincial board of health, the total number of cases of syphilis, gonorrhoea and chancroid for January being 284, as compared with 178 for the month of December. The deaths from influenza since Oct. 1, as reported by the undertakers, totaled 575. The disease does not prevail to the same extent as during the earlier months, as the returns indicate. The deaths by months are: October, 2015; November, 2608; December, 1858, and January, 1858.

There were 37 cases of smallpox for the month of January reported from the following municipalities: Ottawa, 1; Hamilton, 1; Port Stanley, 9; Belleville, 1; London, 1; Port Dover, 1; Renfrew, 1; Westmeath, 1; St. Catharines, 1; Coleman Township, 2; Scott Township, 2; Hope Township, 1, and Ernestown Township, 1.

There has been a noticeable reduction in all other diseases, with the exception of tuberculosis, during January, 1919, as compared with the same month a year ago. The following is a comparative table of communicable diseases for two months:

Diseases	Cases, D'His, Cases, D'His	1918	1919
Smallpox	27	0	0
Scarlet fever	208	227	0
Diphtheria	234	25	32
Measles	5	0	1013
Whooping cough	5	0	267
Typhoid fever	11	2	7
Tuberculosis	186	156	187
Infantile paralysis	1	0	4
Cerebro spinal meningitis	4	1	2
Totals	1804	197	2409

**NEW BUILDING PERMITS**

The city architect's department have issued the following building and alteration permits:

Simmons Brothers, 89 Wroxeter avenue, one detached, and one pair of semi-detached brick and roughcast dwelling houses to be erected on the east side of Westlake avenue, at a cost of \$6,500.

B. J. Case, 105 Westmount avenue, permit for the erection of two detached brick dwellings on the east side of Durie street, near Bloor street, at cost \$8,000.

W. H. Hart Company, 784 Yonge street, have also been granted a permit to erect an additional storey on their factory at 79 Alcorn avenue at cost \$4,500.

**"TIZ" FOR SORE, TIRED FEET--AH!**

"Tiz" is Grand for Aching, Swollen, Tender, Calloused Feet or Corns

Ah! what relief. No more tired feet, no more burning feet, no more swollen, aching, tender, sweaty feet. No more soreness in corns, calluses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it! No more foot misery, no more agony from corns, calluses or bunions.

Get a 2-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.

**OFFICERS OF C.E.F. MAY JOIN RESERVE**

If They Do So They Will Be Allowed to Retain Their Rank.

Officers of the Canadian Expeditionary Force, on discharge, will, if they so desire, be placed in a reserve of officers, with the rank which they held in the C.E.F. Notice to the above effect was contained in routine orders issued yesterday.

Some time ago it was announced from Ottawa that C.E.F. officers would, when discharged, have the alternatives of enlisting in the militia or severing their connection with the army altogether. If they re-enlisted in the militia, they would, however, be required to revert to their former rank. The formation of a reserve of officers will thus obviate the necessity of their reverting if they still desire to continue with the army. If an officer elects to return to the militia, he will be required to take the rank for which he is selected.

Officers who have been or may be discharged from service may retire with their C.E.F. rank, provided they have the following qualifications:

(a) Have the necessary qualifications for transfer to the reserve of officers, C.E.F., and in addition a total of three years' service in the Canadian Expeditionary Force, inclusive of any periods carried on in the reserve.

(b) Have the necessary qualifications for transfer to the reserve of officers, C.E.F., and in addition have served one year in the field or two years' active employment outside the theatre of war.

(c) Have the necessary qualifications for transfer to the reserve of officers, C.E.F., and in addition a total of three years' service in the Canadian Expeditionary Force, inclusive of any periods carried on in the reserve.

(d) Have passed the age limit for their rank.

The reserve of officers is formed to provide a reserve for militia officers who may be recalled for active duty. It shall be composed of:

Officers who have served with the C.E.F. overseas, and the statement made by them of their active strength.

Officers struck off the active list, C.E.F., at their own request.

To be eligible, officers must be in medical categories A, B, C, and within the age limit of their rank.

On transfer from the active list to the reserve, officers will keep the rank he held permanently in the C.E.F. He will receive no pay or allowances, but if reappointed to the active list within 91 days after his transfer to the reserve, his original date of seniority will hold; but if reappointed after this time, his seniority will date from the time of reappointment only.

**ALL MEN ARE COWARDS, SAYS PAUL RADER**

That men by nature are cowards, and that cowardice is induced by sin or the devil, was the statement made by Rev. Paul Rader, the eminent evangelist, to a large audience in Massey Hall last night. Most men were not ready for the thought, because of this unreasoning. He vigorously attacked the new theories which were now generally accepted. These theories were the "eternal life." But, he said, he declared would not be bluffed even the many others were, but the applicant who came to him had to come clean.

The old-time belief in the washing away of sin was the only theory, he said, the many of the sinners wanted to do away with the slaughter-house idea. "It was a curious fact that the man lived many years on earth yet very few ever fled to commune with God for an hour, for the fact that they were cowards. The fundamental of sin was cowardice.

The speaker drew the comparison between Peter and Judas. "The devil," he said, "has got you buffeted, he's leading you around with a ring in your nose." There were some people who tried to say that the death of Christ was a misfortune, but they lied. Christ's death had been planned.

Man was no better than the animals of the field, inasmuch as he did not know his own Master. Taking this Master, meant taking the score and weavers which were at one time hurled at Christ, for in seeking Him, there was humiliation, and in humiliating one's self, man triumphed over his besetting sin, cowardice.

**CITY DEMURRAGE CHARGES**

A table showing the demurrage charges paid to the railways by the city during the years 1914 to 1918, was submitted to the committee on works at the request of Alderman Cowan, yesterday as follows:

1914, 2,350 cars, \$77 demurrage; 1915, 4,230 cars, \$5 demurrage; 1916, 2,992 cars, \$106 demurrage; 1917, 2,209 cars, \$88 demurrage; 1918, 2,301 cars, \$106 demurrage.

During the years 1916 to 1918, the main cause for demurrage was the bunching of cars by the railway companies, due to inadequate facilities, the precedence given to war business and the general shortage of labor.

**BE PRETTY! TURN GRAY HAIR DARK**

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you have turned your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, from the smallest strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

**Osgoode Hall News**

**Marriage Not Annulled.**

Reginald Muir Barlow fails to have his marriage set aside. Barlow v. Sawyer-Barlow, Mr. Justice Sutherland.

A motion by the plaintiff for an order declaring that no marriage between the parties in a real sense ever took place and that the form of marriage or contract thereof should be annulled and declared of no effect, and for an order setting aside the agreement in writing for a separation and \$25 monthly allowance from plaintiff to defendant. The defendant did not within the time limited therefore file a statement of defence and therefore no order of this motion was duly served on her solicitor, she was not represented thereon. Upon the authorities I am of opinion that I have no power to make an order annulling the marriage and since it must be considered void until it has been found otherwise by competent authority the agreement of separation made between the plaintiff and the defendant as husband and wife cannot, in my opinion, be disturbed on the grounds put forward.

The attorney-general for Ontario should have been notified of the motion. The motion is refused. No orders as to costs.

**The Central Contracting Co., Ltd. v. James Horrigan and Co., Limited.**

The plaintiff's action was to recover \$5500 damages for pulpwood wrongfully cut and taken by the defendants, and damages for the trespass to their mining location, T. B. 2107, situated at Point Magnet, Black Bay Peninsula, in the District of Thunder Bay.

Mr. Justice Rose, judgment: Leave the plaintiffs to mend statement of claim as they may be advised, so as to warrant a judgment for the value, on the shore of Lake Superior, of the logs cut by the defendants upon the plaintiff's mining location.

judgment for the plaintiff for \$1300 damages with costs down to the time of the payment into court of the sum paid in with the statement of defence; the plaintiffs to pay to the defendants their subsequent costs.

The money in court to be dealt with accordingly. Fifteen days stay.

**Second Appellate Court.**

List of cases for Monday, February 3, at 11 a.m.

Danforth Glebe v. Harris, Oshawa v. Ontario Asphalt, Bessborough v. Shearer, French v. Blanchard Township, French v. Lambertus.

**DEMobilIZATION RUNS ON WELL-OILED WHEELS**

Statistics of the demobilization centre for M.D. No. 2 show a steady increase of discharged for each month since the armistice was signed. In November, 602 men were discharged, December shows 1,385, and January has over twice as many as the other two months together, 4,485. Altogether 40,000 men have been returned to Canada since November 11, and of this number 6,450 have been demobilized in this district, and at present 3,250 are awaiting their discharge.

At present, the men have passed the medical boards, 500 can be let out in a day, and if a large enough staff can be secured, Major Goodwin Gibson, the officer in charge of demobilization, states that he could handle any number of men which may arrive from England.

It is announced that the men may be medically examined in England in order to do away with so much work in Canada, but even that they would have to be given a slight examination here to see if they were suffering from any indisposition. When they report for discharge, their documents, since their attestation are examined, and if everything is in order they get their medical examination and pass on to the pay department, where they receive cheques for the amount due them, finally parading before the officer in charge, who hands them their discharge certificates.

The smoothness with which the system works speaks highly of the fine administrative ability of Brig-General Gunn and Major Gibson, who have developed it.

**CANADIAN ENSIGN I. O. D. E.**

The largest bridge and eucure given at the King Edward since the coming of victory was that held yesterday afternoon by the Canadian Ensign Chapter, I. O. D. E. when between seventy and a hundred players sat at the tables in the Pompeian room and overflowed into the big banquet hall opposite. The forty prizes, which were all donated, were handsome. Much enjoyment was added to the occasion by the musical numbers given by W. J. Hook. The proceeds will be devoted to blind welfare and other patriotic work of the chapter. Those in charge were Mrs. W. R. Jackson, regent, and Mesdames Hugh Martin, John Patterson, J. M. Prentiss, J. P. Richards, W. Moore, D. McKinnon, J. Alward, D. Colville, T. Haddie, F. Pearson, H. Cliff, A. H. Caldwell, J. Pallings.

**APPOINT MAJOR E. SNIDER.**

Cobourg, Jan. 22.—At the present session of the County Council of Northumberland and Durham, Major E. Snider, principal of Port Hope High School, and late of the 123rd Battalion, was appointed public school inspector for division one of the county, vice Dr. W. E. Tilley, who resigned after 33 years' service, and Lieut. Col. J. V. Odell, who resigned owing to ill-health, after service of over 23 years.

**Will Labor's Mighty Forces Form a New Party?**

"Third Parties" in the United States have generally come to grief, but the scope of the new movement to organize "hand and brain" workers into a political unit and its appearance in a winter of unrest and discontent convince observers that history is likely to repeat herself in this instance. Samuel Gompers, a consistent opponent of the Labor-party idea, pleaded with New York leaders on the eve of his departure for Europe not to join the new movement, but within a week, as The Evening Post (New York) notes, a New York Central Federated Union, the Brooklyn Central Labor Union, and the Woman's Trade Union League had met in convention and created the most formidable of the local party organizations.

In an enlightening article in this week's LITERARY DIGEST—February 1st—all the particulars of this new political movement are shown. The platform adopted in New York is also presented. A new political labor party directly affects millions of men and women in this country. Don't fail to read this latest development in our industrial life.

**World Opinion On the Peace Conference Yours in "The Digest"**

In Paris today an international conference without precedent in history is engaged upon the momentous task of reshaping the destinies of the world. The news of what is accomplished from week to week by this assemblage of liberal statesmen is perhaps the most important that has ever been given to the public. It will be fully covered in THE LITERARY DIGEST, as the conference progresses, and completely summarized for you, as will the viewpoints of the leading periodicals of all countries, from which quotations illustrative of every shade of opinion will be made for your benefit. If you wish, therefore, to be accurately informed as to what is being done in France and also as to what the press of the world thinks of it, your one sure way to knowledge is to read THE DIGEST.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited...

The Bank Merger—Not Quite!

The Winnipeg Free Press is out against the recent bank merger. First it said a day or two ago, that parliament should forbid it, and with this many agreed...

But we agree with The Free Press that the west wants a big bank in Winnipeg; the greatest bank in Canada could well be located there...

The World believes that there should not only be a big western bank but many local offit banks all over the prairies...

A New Leader.

Dr. Bruce Taylor's appearance at the Empire Club on Thursday was distinctly the rising of a new force in the intellectual world of Canada...

Dr. Taylor spoke of the empire and of education. The specific moral of his speech might be interpreted to mean that we should be taught to live in an empire and not in a village or a university...

"Expansion of England," which he styled a seminal book, and more than any other responsible for the change of attitude towards the colonies...

Editor World: Thanks again, for yours on "Class-Consciousness." "Germany," you say truly, "became class-conscious on a national scale, and decided to put the rest of the world under her feet..."

You ask what will be got out of "catastrophe," but the survival of the strongest. Even in that terrible event the strongest would be right...

NORTH AMERICAN LIFE ASSURANCE CO.

THE business for 1918 was the largest in the Company's history. To-day the financial position of the Company is stronger than ever.

EVIDENCE of this is found in the following outstanding figures which are substantially in excess of those for any previous year.

Table with 2 columns: Financial Metric and Amount. Metrics include Policies Issued and Revived, Total Assurance in Force, Cash Income, Assets, Net Surplus, Profits Paid Policyholders, and Total Payments to Policyholders.

THE amount of death losses incurred was over \$300,000 in excess of the previous year, due to the influenza epidemic and war claims.

THE sum of \$2,043,035.26 has been paid to Policyholders as dividends or surplus during the past ten years.

W. KEER GEORGE, D. McCRAE, LL. Col., Vice-President. "Solid as the Continent" E. W. PRATT, City Manager 112-118 KING ST. WEST

VETERINARY CORPS' WORK IN FRANCE

Sergeant-Major Bethell Gives Details to Humane Society.

Right Rev. J. F. Sweeney presided at the annual meeting of the humane society held in St. George's Hall last night. The meeting was well attended and the reports showed that excellent work had been done during the year.

An interesting feature of the evening was an address on the work of the veterinary corps in England and France, by Sergt.-Major Bethell.

The Canadian soldiers at Fourty Plains had not more than a dozen horses with sometimes had to stay under wet blankets for ten days but they were well looked after by the men.

When wounded, the horse got first aid, then sent to the base hospital, the ambulance meeting the train in case any could not walk.

The Canadian hospital ranked No. 1. This had formerly been the position of the imperial service, but Canada received this grading and kept it.

Another feature of the meeting were poems of Drummond given by Mr. Giles who had been an associate of the late poet.

The treasurer's report showed that receipts for the year were \$19,226.32. The balance on hand \$4,588.72.

Lieut. Stewart Pepler, 600 Spadina avenue, who served two years on the western front, reached Toronto yesterday crossing on the Megantic.

Guelph Board of Health Favors Victorian Order Nurses. Guelph, Jan. 31.—At the organization meeting of the 1919 Guelph Board of Health this morning, at the city hall, attended by J. A. Hewitt, J. Kelly, O. M. Yates, Mayor Carter, Dr. H. O. Hewitt and Inspector Meredith, Mr. Hewitt was elected chairman of the board.

Forty thousand veterans have returned to Canada since the armistice was signed, 4,450 having already been discharged in Toronto and 3,350 awaiting discharge.

An exquisite Maltese shawl, at present the property of a Toronto family, may be bought by the veterans of the P.P.C.L.I. in the city and presented as a going gift to the popular patroness of this famous regiment on the occasion of her marriage to Commander Ramsay.

The Grand Army of Canada central executive at last night's session unanimously decided to get a petition signed by 50 names of householders, present, it to Mayor Church and draw upon him for a requisition granting permission to hold a public meeting, preferably at Massey Hall, to discuss the unemployment situation in Toronto.

Comrade Thompson, president of the central branch of the G.W.V.A., has had a recrudescence of his ailment induced thru service in the trenches, and has had to once again get into the hospital. He was one of the most indefatigable workers for the branch, and the sympathy of every comrade is with him.

**LIBERALS SHOULD  
STAY BY UNION**

Col. H. Brock Condemns Party Politics on Old Lines.

Condemnation of the prohibition policy of the provincial government was expressed in no uncertain terms by President J. R. Code of Ward Four Conservative Association at the monthly smoker held in McBean's Hall, Brunswick avenue and College street, last night.

Mr. Code gave vent to his personal opinion in the interval between addresses, and his sentiments met with the entire approval of the meeting and were warmly applauded. Members of the audience were given permission among some members of the association, but whether through necessity or settled opinions on public affairs a very small number took advantage of the privilege.

**Patriotism.**  
Col. H. Brock, president of Ward Four Liberal-Conservative Association, expressed his efficiency of the Union Government. He was glad that so many Liberals had the courage and patriotism to come out and join the conservative party in the last general election, and work together for the good of the country.

His experience had been that when Liberals joined the conservative party in the last general election, and worked together for the good of the country, the Liberal vote was not as large as it should have been. He said that "we should revert to the old style of party politics. That would be a mistake, the history of this country shows that there are more Liberals than Conservatives, and if we were to go back to the old lines, my opinion is that we would lose the next general election. We must work together so that the Liberals who voted for us at the last election will vote with us at the next."

**Riot at Lindsay;  
Laundry Wrecked**

Batons and Revolver, Figure in Clash With Mob After Hockey Game.

Lindsay, Feb. 1.—This town had a riot on its hands last night and this morning is expected to be followed by a riot on its hands. A mob of about 200 wrecked Chinese laundries and a Chinese restaurant, a returned soldier laid out by club in the hands of Chief Short and the chief being laid out by a brickbat. Minor results were some bruises on batons in the hands of Chief Short's six or seven policemen, and a small fire in the laundry that was wrecked. The name of the injured soldier was not made public.

The trouble started about 11 o'clock, shortly after the Lindsay-Peterborough hockey game had been concluded. Their rally upon the Chinese restaurant, on William street, was anticipated by the owner of the building, J. M. Koylson, and it was in response to a request from him to the mayor that Chief Short and his men were on hand, thus preventing possible serious consequences.

As it was the police force had a strenuous struggle with the mob, numbering about 200, and during the contest between them and the rioters a brickbat was thrown in one hand and a revolver in the other. The mob was badly smothered and an incident broke out. The fire was easily extinguished. The mob was done while the chief of police and some of his men were conversing with Chinese and two children in the Chinese restaurant as a place of safety.

After midnight they wrecked the restaurant and another Chinese laundry, thus putting out of commission every Chinese place of business in the town, and then dispersed. Before the crowd dispersed however, Chief Short was hit by a brickbat on the head and had to be taken home in a car. Charles, proprietor of the restaurant, was in a critical condition from nervous shock.

The start of the trouble occurred this morning, when a Chinese woman, said to be the slave of an Italian, was taken in the damaged laundry, and demoted, escaped from the laundry by jumping from a window, breaking the glass as she went through. Indignation at her supposed slavery and cruel treatment in the laundry had been working up for a month or two, and it culminated as stated. The assault on the laundry was in retaliation for the alleged persecution of the woman. She has a little baby girl.

**DISCOVER TWO AUSTRIANS  
NEARLY ASPHYXIATED**

Harry Karcok and Harry Katretz, Austrians, age about 35, were found unconscious about two o'clock this morning at 31 Barker street, from inhaling escaping gas.

They were discovered by a policeman who entered the building and found them lying on the floor. They had both removed to the General Hospital. Their condition is not serious. The police found that the gas-tap attachment in the room was defective.

**FLIGHT-LT. P. HEATHERS HURT.**

Windsor, Jan. 31.—Word was received here today by his parents, Mr. and Mrs. W. A. Heathers, of Windsor, that the serious aviator first and flight-Lieut. Percy Heathers, 19 years old, while giving exhibition flights at King's Lynn, Norfolk, England.

Lieut. Heathers was trained in Texas, being attached to the late Captain Vernon Castle's squad.

**SETTLING DETAILS  
OF NATIONS' LEAGUE**

(Continued From Page 1)

The subject, The hearing given to the Serbs today is expected to be followed by the early presentation of the Jugoslav claims to the eastern Adriatic, which involve delicate questions and which probably a formal issue will be raised over the Adriatic coast.

**Tension Increasing.**  
In anticipation of this question, Prince Regent Alexander of Serbia has returned to Belgrade, and will arrive here tomorrow for the special case before President Wilson. Meanwhile reports from the region in question shows increasing tension there.

One despatch from Laibach says the Italian troops have withdrawn from Trieste, the central point in the controversy, and that an inter-allied commission has taken charge of the city.

Another despatch from Agrum announces that the Serbian authorities have entered Trieste and that the Italians have retired to a point near Volosca. These despatches are unofficial, but they are taken as indications of the growing acuteness of this issue on the Adriatic coast.

The commissions charged with settling the labor problem, compensation and damages, shortly will begin their work.

The inter-allied commission on Poland met this morning and decided to adopt a draft report, which will be submitted to the conference committee. The conclusions will be formulated by M. Noulens.

There will be no plenary session of the peace conference tomorrow, according to announcement made today. The full text of the official communication issued this evening, dealing with the session of the supreme council, follows:

"The president of the United States of America, the prime ministers and foreign ministers of the allied and associated powers and the representatives of Japan met this afternoon at 3 o'clock.

"The delegates of the great powers, composing the inter-allied commission, which will shortly proceed to Poland, were introduced to state the conclusions which they had reached after hearing the representatives of Poland and of the Czechoslovak republic regarding the provisional exploitation of the industrial district of Teschen.

"After listening to the reports made by M. Noulens and by Gen. Gothe, in the name of their colleagues, the allied ministers decided to send to Teschen allied delegates for the purpose of assuring a peaceful exploitation in agreement with the Czechs and the Poles.

"A statement of the views of the respective interests and rights of Rumania and Serbia in the Banat of Temesvar was then heard. M. Briatano and M. Mshu represented the Rumanian Government, and the Serbian delegation was composed of M. Paenitch, M. Venitch and M. Trumbitch.

"The next meeting was fixed for tomorrow, Saturday, at 3 o'clock."

**HAMILTON NEWS**

Hamilton, Jan. 31.—It is now confidently expected that the Hamilton Electric Radial Company will shortly resume service to the Beach and Burlington.

Two mass meetings called by the labor men to discuss the employment situation and the alien labor question were held here tonight. A statement made was moderate in tone, but workers in the Homeside district for annexation to Hamilton report that 95 per cent. of those approached to sign the petition for amalgamation favor the movement.

A mass meeting is being called under the auspices of Feb. 9, to discuss the matter of deporting alien enemies. At the request into the death of Kenneth Service who fell down an elevator shaft at the Pure Milk plant, the coroner's jury advised that all elevator entrances should have protecting doors.

George H. Graham, 167 Withrow street, died today.

The action of the cabinet council in referring back to the railway board the matter of the expropriation by the T. H. & B. of the mountain face property is well received here.

Representatives of South Shore Towns Call on Dominion for Action.

Whitby, Jan. 31.—The Music Hall was filled at a mass meeting tonight, representing every municipality from Pickering to Cobourg when unanimous action by strongly worded resolutions was taken in regard to the Dominion Government directing the Canadian Northern Railway board to immediately complete and operate the Toronto Eastern Railway. Arrangements were announced for deputations from all townships, villages and towns from Pickering to Cobourg to interview President D. B. Hanna of the Canadian National Railways in Toronto next Friday.

**ACID IN STOMACH  
SOURS THE FOOD**

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast, while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

**700,000 Textile Workers Ordered to Establish 8-Hour Day**

New York, Jan. 31.—Orders directing 700,000 members of the United Textile Workers of America to establish an eight-hour day Monday, regardless of objections of employers, were issued today by the union's executive committee, according to an announcement here tonight.

MASTERPIECE OF SCREEN 'GREATEST THING IN LIFE'

One of Most Remarkable Pictures Ever Shown, at Allen Again Next Week.

Tremendous crowds attended the showing of D. W. Griffith's current masterpiece of the screen, "The Greatest Thing in Life," at the Allen this week. And for the convenience of the thousands of patrons who were unable to see the production, the management has held this superb drama over for next week.

The cast is made up of regular Griffith players, for the most part identical with those who have been featured in all the recent Griffith productions. Lillian Gish star of "The Birth of a Nation," "Intolerance," "Hearts of the World," and "The Great Love," has the leading feminine role, with Robert Harron opposite as the young American.

"The Greatest Thing in Life" is a heart-breaking story of the war, and brings to us the story of a young man of our gallant troops who pushed on despite many obstacles. On account of the large crowds that are in attendance every evening, the management of the Allen suggests that patrons attend the early evening performance whenever possible, to avoid the crowds.

FUNERAL OF THE LATE E. F. B. JOHNSTON, K.C. The remains of the late E. F. B. Johnston, K.C., were conveyed to the simple dignity from the residence, 64 Bernard avenue, to Forest Lawn cemetery, yesterday afternoon.

### SECRET HISTORY OF KAISER'S FALL

Sunday World Presents Hidden Details of Human Interest.

#### THE FORGED LETTER

Royal Charlatan Defames Emperor to Safeguard Himself.

What did the kaiser say when he saw that his career as war lord and emperor was ending? He was panicky and profane, reluctant to resign his crown and trembling with fear when he awoke to the realization of defeat. Even in Germany's darkest hour the war lord forged a letter purporting to come from Empress Zita of Austria and alleging reasons for Austria's surrender other than the terms of the armistice.

### OIL INTERESTS SEND DELEGATES

Bring Mexican Question Before Peace Conference—Bad Faith, Says Polk.

Halifax, N.S., Jan. 31.—"British and American mining and petroleum interests will present a united front at the peace conference, demanding peace and justice in Mexico," said Edward L. Doherty, of Los Angeles, executive head of the Mexican Petroleum Company, and chief spokesman of a delegation representing foreign interests in the Central American republic which arrived here today en route for Paris.

Mr. Doherty stated that the various mining and petroleum interests in Mexico had formed a protective association for the safeguarding of their property, threatened with confiscation by the Carranza government, and that the delegation of which he was the head was being sent out by this association to emphasize its claims at the peace table.

#### WASHINGTON'S VIEW

Washington, Jan. 31.—Acting Secretary of State Polk said today that he did not believe the peace conference would take up "the question of Mexico and the oil interests there."

#### WILL REOPEN PROBE ON NEWSPRINT PRICE

Washington, Jan. 31.—At the request of the attorney-general, the federal trade commission has agreed to reopen the newspaper price agreement, rescinded last spring, and has set Feb. 11 as the date for a preliminary hearing.

#### BOMBS HIDDEN BY GERMANS Kill Two British Soldiers

Mons, Belgium, Jan. 31.—Two British soldiers were killed and several injured today by the explosion of bombs hidden under coal abandoned by the Germans. The soldiers were engaged in removing the coal when the explosion occurred.

#### PERSHING GETS HIS WAY

Washington, Jan. 31.—General Pershing today has forced the hand of the war department as to promotions overseas. Because he believed many promotions ought to be made, Pershing recommended that Secretary Baker modify his rule, made directly after the armistice, against further promotions.

#### THE PENETANG CARRIAGE CO., LTD.

Toronto Office, 740-742 Yonge St. Phone N. 578. We specialize in the manufacture of cabs and bodies for the Ford One-Ton Truck. We can equip your truck with a motor cab and body complete, in one hour after it reaches our warehouse here.

### CANADIAN CAR STOCKS ADVANCE IN MONTREAL

Some Selling Pressure in Steel of Canada—Bonds Less Active.

Montreal, Jan. 31.—Some selling pressure in Steel Company of Canada and a good demand for Canadian Car stocks were the contrasting features in another quiet and irregular stock market today.

Steel Company sold off to 5 and finished at 5 3/4, a net decline of 1/8. Trans-Canada stock was up at 100, while the preferred closed higher at 8 3/4.

#### WHOLESALE DRYGOODS BUSINESS IMPROVING

Few Cancellations in Boot and Shoe Orders in Toronto.

Toronto reports to Bradstreet's that business in a wholesale drygoods way is improving, and reports from large houses this week show an increase in the volume of trading. Indications are, however, that returns for the current month will not show any marked gain over the corresponding period in 1918.

#### NORTH AMERICAN LIFE MAKES FINE SHOWING

Assets Increased By Nearly \$1,000,000 in Past Year.

In spite of the heavy demands which the increased mortality due to the influenza epidemic and the war made upon the North American Life, during the year 1918, they are able to present in their 26th annual report figures which give added solidity to the company's financial position.

The assets were increased during the year by nearly \$1,000,000, and now stand at \$18,550,715, while the net surplus and the policyholders' account amounts to the splendid sum of \$2,751,000.00.

#### HURON AND ERIE PLANS DISTRIBUTION OF STOCK

The financial statement of the Huron & Erie Mortgage Corporation for the year ended December 31, shows profits of \$474,069 against \$450,191 in previous year. After dividends and ordinary expenses there was transferred to reserve fund \$200,000 against \$100,000 in previous year.

#### MONEY AND EXCHANGE

London, Jan. 30.—Money, 3 1/4 per cent. Discount rates: Short and three months' bills, 3 1/2-3 3/4 per cent.

#### V. N. T. REMAINS INACTIVE

Porcupine, Jan. 31.—Current reports declaring the Porcupine V. N. T. was to be opened very shortly have been officially denied. It is stated that following the curtailment of operations last year, the lower workings of the mine were permitted to flood, and that any action with a view toward again getting under way will perhaps not take place until spring is in sight.

#### WASAPIKA'S DEVELOPMENT

An attractive folder dealing with the Wasapika Gold Mines Limited has been issued by Isbell, Plant and Company.

#### TECK-HUGHES ORE

While the Teck-Hughes mill heads in December ran an average of only \$10.12 to the ton, it is stated officially that the grade of ore to be treated in the future will probably be higher.

#### WINNIEPEG ELECTRIC EARNINGS

Winnipeg, Jan. 31.—The Winnipeg Electric Railway earnings last year showed an increase of \$174,632, according to the report submitted to the city finance committee today.

#### C. P. R. WESTERN PLANS

Winnipeg, Jan. 31.—D. C. Coleman, western vice-president of the C.P.R.,

# Genuine Ford Parts

## cost less than the imitation

Genuine Ford parts are sold everywhere at prices fixed by the Ford Company.

The same prices are usually charged for imitation or "spurious" repair parts.

Yet "spurious" parts are, as a rule, made from low grade steel. They are not produced under rigid Ford inspection. They are inferior in quality and workmanship.

Then, when you buy "spurious" parts, you do not get the same value for your money.

But that is not the only loss to the Ford Owner.

It costs more to repair with the imitation parts. They are not made to fit with the fine accuracy of the genuine parts made in the Ford plant. It takes more hours of labor at a high rate per hour to fit "spurious" parts into the car.

Repairs with the imitation parts must, in most cases, cost more than authorized Ford Service with genuine Ford parts.

You pay more for the imitation without getting the satisfaction that you know you will get from the genuine. You incur the risk of damage to other parts of your car from the inferior repairs. You weaken your Ford. You invite repeated trouble and expense.

There is no need now to accept anything but the genuine Ford parts.

## Genuine Ford Parts For Sale Here

### Look for this new Service Sign

You can now demand genuine Ford parts from any reliable garage rendering Ford service

Authorized Ford Service will be obtainable everywhere---not only from our 800 Ford Dealers---but from over 2000 other good garages in Canada. Wherever you see the new Ford Service sign you can obtain genuine Ford parts.

Remember that the Ford Company cannot be held responsible for the performance of a Ford Car repaired with "spurious" parts. To keep in force the Ford Warranty behind your car, it is essential that you do not allow "spurious" parts to be used in repairing it.

*Demand the genuine. Look for the Ford Service Sign.*

# The United Farmer

## 1 1/2% Farming Versus 5 1/2% War Bonds

A PRACTICAL, good sound and successful farmer at Newmarket, Ont., sold one of his farms this past fall at \$10,000, and invested the proceeds in War Bonds at 5 1/2 per cent, a tax-free security.

The rent of this farm has been \$350. It cost this farmer approximately \$200 per year to keep this farm in repair and covering depreciation. It returned him net \$150, or 1 1/2 per cent on his money!

In this concrete case we have an introduction to what is wrong with farming and it explains why so many of our good farmers are selling out and moving into town.

Show us the manufacturer who will work at all, which less be content on this percentage, which is common in Ontario agriculture today!

### Is It Fair? Is It Right?

ARE we farmers never going to get a square deal from our Government, or from the powers that be?

Cable despatches published during the past few days report an easing off and a dropping down of the prices of live stock and live stock products in the Old Country.

All of which is one pretty big argument for every one of us farmers to join up in the cause of the United Farmers of Ontario, and of Canada.

### Criticising the 7% Dividend

EVERY good friend of the United Farmers of Ontario and their co-operative company should be aware of the 7 per cent. dividend as recently declared.

This little dividend (little in the sun it brings even to the largest stockholder with the limit of \$250, and it, say, half paid up) should be left with the company to be used in promoting and further consolidating the best interests of this grand good thing for us Ontario farmers.

### An 8-Hour Day For Farmers

ONE of the leaders of the United Farm Women of Ontario says we are going to have the 8-hour day on our farms, too, and in our farm homes, just like they are getting in the city. We are going to have the 8-hour day, she says, when we all get organized.

### Surely Our Farmers Shall Not Be Peasants

WITH so many of our better farmers in Ontario selling out and moving into town, leaving behind the debt-burdened and poorer classes of farmers, what is the ultimate end to which we are so rapidly coming?

### LIVE STOCK MARKET

The week just closed on the Union Stock Yards has been on the whole a memorable one in the history of the exchange, the prices for nearly all classes of cattle showing a sharp decline, but there were two or three exceptions, one of these being the extra choice heavy steers which were strong in price.

## EDITORIALS

Chas. C. Nixon, Editor

lag conditions of the Old Country to escape this very thing. Terrible it will be if their grandchildren, and their great-grandchildren, must come to this condition again through no fault of their own, and because of conditions which can be remedied now before it is too late.

### Think! Think! Think!!!

THINK, Think, Think for yourself! Your thought is probably quite a bit better than someone else's.

### A Big Result Already Accomplished

Note: The editorial, "Is It Right, Is It Fair?" as published herewith in the first column to the left, appeared in our Toronto Globe announcement for Monday, Jan. 13. Already it has done its work, as we announced in the following editorial, which we published in our Globe advertisement, Tuesday, Jan. 23.

### The Power of Truth is Overwhelming!

THE POWER of truth is overwhelming! We have builded greater than we realized!

Already, since the publication of our editorial in the Globe announcement, Monday, Jan. 13 (within a week), the Government at Ottawa has gotten busy and put a big man on the job to look after our Canadian live stock and dead meat industry in the old country.

It but shows what we farmers can accomplish if we will but make known our case and speak the truth and seek simple justice. Most people (and Governments, too!) are pretty fair, after all.

### NO FREE SAMPLE COPIES!

Here is a clear saving of \$1.00 for you, and no canvasser to annoy or deceive you.

### 30,000 Ontario Farmers Want It

At least 30,000 farmers out of the 225,000 in Ontario will be taking THE UNITED FARMER.

You must be one of these, so send in your dollar at once (write your letter today or tonight!) and save \$1.00 and keep up to date.

The Canadian mails are safe. You can send a dollar bill securely sealed in an envelope at our risk. Send it to:

CANADA FARMERS' PUBLISHING SYNDICATE,  
1038 Crown Office Building, Toronto, Ontario.

### What's Wrong With The Dominion Department of Agriculture?

HERE is something "awfully rotten in Denmark." We believe we have all the essential facts on what is wrong with the Dominion Department of Agriculture, and we plan to give you all of these facts—the real truth—"to shame the devil!"—in an early issue of The United Farmer.

Meanwhile we will be glad of any additional information supplementing and verifying our own, and we would be glad to hear from you if you have any facts which you will send us, and to which you will sign your name, even as we sign our names to and take full responsibility for everything we publish for your benefit in "The United Farmer," and in our great farm home publication, "Rural Canada," which has come to be known as "the magazine that gives you a thrill because it's true." In writing us, do it now! Your good intentions will never do you nor anybody else any good. It's what you do that counts.

### Prominent Toronto Men Spreading Bolshevism

TWO prominent Toronto men, unknowingly, unwittingly, have done, and are doing, more to arouse and spread Bolshevism in Canada than anybody else. You know these men, but probably you will never think of them in such a connection until you see their pictures and read the facts in the next issue of The United Farmer.

### What Chance Has Agriculture Got?

WHEN will the "sleepers" wake up and realize that we are on the verge of a great and tremendous crisis in Canadian agriculture and in Canadian rural life?

You have the facts. If not, write us, and we will put the case plain and simple before you in a way that you can understand.

In every issue of The United Farmer these facts are being presented to the United Farmers of Ontario and to the people throughout the old country.

All of our facts must pass the acid test of truth. We present them in terse, pithy style, with all the "water" squeezed out, no padding, no space-filling writing, and these facts are written up for you all presented to you as you will have noticed by editors who understand your special needs and desires because they are farmer-people, rural-minded sons and daughters of the soil, who love agriculture, especially Canadian farming, and who would farm, and work for farmers, for less rather than carry on their work for more.

We invite bright minds to write us and contribute to the columns of The United Farmer to help in serving this great and most worthy cause, which touches the very bread of all of the people, and which is sacred almost beyond compare save in one great Particular.

### THE STORY OF THE WORLD'S GREATEST GOLD MINE

There are mines in the Rand with a greater annual output than the New Modderfontein, but they are nearing exhaustion and their ratio of profit to production is low.

Therefore, they are not given first place in Mr. Rickard's appraisal of the gold mines of the world.

We have not the production of the N. M., from the date of Mr. Rickard's estimate to the 30th of June, 1916, but after a liberal allowance for this interval we find \$115,000,000 as the total ore in sight and gold produced up to that date.

There are as yet no official figures giving the net increase in ore reserves at the Hollinger Consolidated during 1918, but after allowing \$8,790,182 in respect of such increase, we get \$75,000,000 for ore removed and in sight on January 1, 1919.

This means ore development per year for the H. C., \$8,333,333, and for the N. M., \$3,833,333, the latter working 30 and the former only 9 years.

Mr. Rickard estimates that the ultimate output of the N. M. will be \$125,000,000. With that postulate we are not finding fault. Rather are we looking for a fair basis of comparison between the two mines, in view of the differences in development, ore removal and periods of operation.

The equation appears to be, will the output and ore reserves of the Hollinger Con. exceed \$115,000,000 in 30 years; that is, by January 1, 1940? If for the next 21 years (1919-1940) the mine maintains its past rate of progress the additional ore brought into sight will be \$174,999,993.

But the past productive period of the H. C. is only 6 1/2 years, July 1, 1912, to January 1, 1919, and during nearly half of this time there was a serious shortage of labor and a suspension of all plans for expansion owing to the war. We are fully justified in assuming that the extensive program now under way will at least double the past progress of the mine. This will mean \$424,999,986.

But the mine cannot be exhausted in 28 years (1912-1940), nor can we see any probability of exhaustion in less than sixty years from the dropping of the first stamp. Therefore, we are convinced that \$500,000,000 is a very moderate estimate for the total output of the Hollinger Consolidated. This makes heavy allowances and largely discounts the evident probabilities, because a half-billion dollars is a very long way in advance of the output of any gold mine ever known.

Will the mine last? There is nothing now to cast any doubt on such an assumption. The Keewatin era are very widespread in New Ontario, and it is absurd to suppose that there can be breadth so great without depth and volume. A change in the formation in less than 1 1/2 miles from the surface is very improvable.

Comparison forsooth, the New Modderfontein is a very big mine, but there is little ground for comparison between it and the Hollinger Consolidated. And in justice to Mr. Rickard it must be said that he had not heard of the latter when he made his pronouncement on the world's greatest gold mine.

Though it is probable that in depth there will be no difference in gold-bearing qualities between the coarse-grained lava on the Sovereign Porcupine and that on the Hollinger Con., still the fact is that on the surface the former shows the best values. The latter got their splendid results at 425 feet. Their highest assay on the surface was only \$5.60. As work proceeds and depth is gained on the Sovereign we expect that stock to rise in value. This will justify the company in asking a higher price for each succeeding issue of 100,000 shares. When all are sold the property should be fully developed by the proceeds, and the men contributing this money will own 70 per cent. of the stock, as against only 30 per cent. by the former owners of the property. And though the Hollinger Con. has to pay dividends on \$24,600,000, we will have only \$1,000,000. You do not need to be a financial wizard to see the merits of this deal. It is a ground-floor proposition. There are no "insiders," so-called, and as the public are realizing the full facts the stock is selling rapidly. A word to the wise is sufficient.

### THE STORY OF THE WORLD'S GREATEST GOLD MINE

There are mines in the Rand with a greater annual output than the New Modderfontein, but they are nearing exhaustion and their ratio of profit to production is low.

Therefore, they are not given first place in Mr. Rickard's appraisal of the gold mines of the world.

We have not the production of the N. M., from the date of Mr. Rickard's estimate to the 30th of June, 1916, but after a liberal allowance for this interval we find \$115,000,000 as the total ore in sight and gold produced up to that date.

There are as yet no official figures giving the net increase in ore reserves at the Hollinger Consolidated during 1918, but after allowing \$8,790,182 in respect of such increase, we get \$75,000,000 for ore removed and in sight on January 1, 1919.

This means ore development per year for the H. C., \$8,333,333, and for the N. M., \$3,833,333, the latter working 30 and the former only 9 years.

Mr. Rickard estimates that the ultimate output of the N. M. will be \$125,000,000. With that postulate we are not finding fault. Rather are we looking for a fair basis of comparison between the two mines, in view of the differences in development, ore removal and periods of operation.

The equation appears to be, will the output and ore reserves of the Hollinger Con. exceed \$115,000,000 in 30 years; that

### BIG TRANSACTION IN VICTORY BONDS

Maple Leaf Makes Sharp Recovery—More Liquidation in Steel of Canada.

Transactions in the war loans attained record-breaking proportions on the Toronto Exchange yesterday as a result of a half-billion dollars' purchase of the Victory Loan of 1923, the sales going thru in five blocks of \$100,000 each. The aggregate in the total for the war loans of \$715,000, but the price movement was comparatively narrow, the high point being 100 1/8, and the closing at 100 1/8. The price was unchanged from 100 1/8. The other loans were completely overshadowed by the sale of the Victory Loan.

### TRUSTS AND GUARANTEE HAS SPLENDID OUTLOOK

President J. J. Warren and General Manager E. B. Stockdale Are Optimistic.

Optimism regarding the future of Canada and the Dominion's operations in the post-war period, was the keynote of the address of J. J. Warren, president of the Dominion Trusts and Guarantees Company, at the annual meeting of the Trusts and Guarantees Company held at the headquarters yesterday.

### ADANAC IS AGAIN MARKET FEATURE

Ophir, Beaver, Timiskaming, Hollinger and Schumacher Also Prominent.

The mining market continues to exhibit quite a satisfactory degree of animation, and yesterday's trading, in which transactions ran to practically 250,000 shares, presented the characteristics of earlier days of the week. Adanac is still the reigning favorite, but it is by no means enjoying a monopoly of public attention, and a number of issues in both the Cobalt and Porcupine groups have been lifted to prices which permit patient holders of many months' standing to reach out and take gains that have accrued. Some of them find the bait alluring, but the great majority seem content to follow the old adage about letting profits run. The general talk of the "street" is up higher prices for the property of stocks, although the world's purchaser is required to use discrimination in making his commitments.

### "Men's Affairs Should Live After Them"

Your estate will be continued unimpaired, possibly improved, by competent executorship. An individual executor may or may not be capable of managing an estate, but there is no question of the ability of this corporation, as attested by its growth through 37 years of successful operation. Booklets explaining our executorship and trusteeship mailed upon request.

### A Gold Mine in the Making

Special Report on WASAPIKA GOLD MINES LTD.

We have prepared a statement of facts concerning Wasapika Gold Mines, Ltd., in a concise form, but giving full details of the property and its developments.

The document includes excerpts from the technical reports of uninterested engineers and geologists, who have examined the property, and also a sketch plan of the great Ribble vein with the assay chart.

Wasapika, we believe, is one of the coming big gold mines of Northern Ontario. This report should be in the hands of every investor. We'll be pleased to mail it upon request.

Drop us a line, or phone. We'll do the rest.

### JANUARY CLEARANCES

Local bank clearances in January, total, in the history of the clearing house, being only once exceeded, and that was in December, when the total cleared \$2,347,133.33 last year. They were nearly approached last July, when they totaled \$2,135,345.80; Comparisons:
January, 1919.....\$318,656.977
December, 1918.....355,232.346
January, 1918.....370,929.191
January, 1917.....246,464.674
Montreal, Jan. 31.—Bank clearings for the month of January, 1919, total \$429,848.208, as compared with \$255,558 last year, and \$204,446.690 in 1917.
Windsor, Jan. 31.—Bank clearings for the month, \$4,567,278.
Kitchener, Jan. 31.—Bank clearings for the month of January, 1919, total \$1,127,133.33 last year.
Ottawa, Jan. 31.—Bank clearances, \$39,000.
Winnipeg, Jan. 31.—Bank clearings for the month ending today are \$180,092.18.

### KIRKLAND LAKE STOCK FOR BEAVER HOLDERS?

Hamilton B. Wills, in his weekly market letter, says: "With earnings piling up at the Beaver mine, in the Cobalt and its subsidiary, Kirkland Lake Gold, now about ready to start production, it is clearly evident that the stock is working into a position wherein dividends will likely soon again be distributed. Whether or not the next distribution will be in the form of cash or stock is not known, but the fact of Beaver Consolidated owning about 80 per cent. of this stock, it is an opinion the anticipated permit-cutting will take the form of permitting shareholders to purchase an amount of K. L. stock pro rata to their holdings in the parent company."

### FORCUPINE PROPERTIES TO BE AMALGAMATED?

Hamilton B. Wills, in his weekly market letter, says: "Upon the best of authority I learn this afternoon that a meeting has been arranged between the head offices of Porcupine Crown, Victoria Loan, and Thompson-Krist, at which definite plans will likely be arranged whereby these companies will be amalgamated. Such a move would quickly benefit Thompson-Krist inasmuch as underground work could easily be pushed ahead with great speed from the main workings of the other mines. The excellent location of Thompson-Krist, lying immediately south of Porcupine Crown, tied onto Hollinger Consolidated, and directly south and west of N.T., makes the property most attractive and gives good foundation for this amalgamation plan."

### CUT COPPER PRICES.

New York, Jan. 31.—Reports today were to the effect that some of the smaller copper companies were quoting 18.3-cents a pound for the metal. This is a reduction of 1.4-cents from the price which the smaller producers were reported as quoting some time ago.

### AT HUNTON-KIRKLAND.

Kirkland Lake, Jan. 31.—Arrangements have been about completed for the commencement of work on the Hunton-Kirkland property during the early part of February. It is understood interests closely identified with the McKinley-Darragh mine of Cobalt are interested in the purchase and development of the property. It is planned to install a steam plant preparatory to the aggressive exploration and development of the Hunton.

### ON NEW YORK CURB.

Hamilton B. Wills received the following cable from the New York market today, and important advances were scored in practically all divisions. Keystone Tire sold at new record high prices. Intercontinental Rubber was also in good demand at advancing prices. Federal Oil, awake from its lethargy and advanced to around the \$3 mark. International Petroleum and Island Oil were in demand at advancing prices. There was a splendid demand for Topopah Extension, Topopah Belmont, Topopah Mining and West End Consolidated. The former sold at new high prices for this year, while the latter was strong after selling ex-dividend 5 cents a share today.

## The Great February Hosiery Sale

### Starts Today With Wonder Values For Men, Women and Children

Several hosiery makers of international fame have co-operated with us to make this our greatest Hosiery Sale. If values count for anything, the sale will eclipse all previous Hosiery Sales.

Represented are such well-known brands as: "Penman," "Gordon," "Mercury," "Radium," "Onyx," "Luxite."

The offerings for the first day comprise over-makes and "seconds" of the best qualities. Where seconds occur, the defects are so trivial that only the keen eye of an expert could detect them, and will not impair the wearing quality in the least.

Our advice to you is to stock up, as it may be months before we may be able to offer such advantages. 15 big lots open the sale.

NO. 10---Girls' 75c Stockings at 59c---Seconds of Buster Brown Sisters, mercerized lisle thread. Fine one-and-one ribbed leg and seamless. Black. Sizes 5 to 10. Usual 75c value. February Sale at 59c.
