## CANADIAN WHIST CONGRESS

Twenty-One Teams Compete in the Initial Round—Three Victories and Midland on Top.

The largest gathering of whist men in the history of the game in Canada was held at the Victoria Club yesterday on the occasion of the first Dominion Whist Congress. There were twenty-one teams, each represented and they played through seven rounds, finishing up shortly before midnight, the score standing thus as follows:

Section 1: Victoria 4, Canoe 4, West End 3, Canoe 3, Conservative 3, Collingwood 2, Wanderers 1.

Section 2: Midland 3, Victoria 4, Canoe 3, Conservative 3, T.A.C. 2, Collingwood 2, Wanderers 1.

Section 3: Victoria 4, Canoe 4, West End 3, Canoe 3, Conservative 3, Collingwood 2, Wanderers 1.

The highest scores in each of the three groups and the next highest in the lot will play off the semi-finals this morning, and the final will be decided this afternoon.

Thus Victoria's three teams and Midland are the quarter final in section 2, Midland and Victoria 4 tied in games, but as Midland had a majority of tricks they won the section. In section 3 Victoria 4 beat Midland in a similar manner.

The players in the semi-finals are as follows:

Victoria 4: Collins, Cameron, Cleaver, James.

Victoria B: V. Smyth, J. C. Biggar, A. H. Baines, H. Gault.

Victoria C: W. Read, S. May, V. B. Brown, S. H. Wood.

Midland: J. W. Herrington, E. J. W. Burton, A. Windsor, Dr. R. A. Leonard.

## THE BASEBALL CONCLAVE.

## NO MORE AMATEURS FOR THE CANADIAN ASSOCIATION.

Hamilton, London, Guelph and Galt form the League—Players Will Now Sign Contracts and Get Released—To Apply for Protection Under Class F—Best Score President.

Hamilton, April 2.—The Canadian Baseball Association was organized on a professional basis at the St. Nicholas Hotel in this city this afternoon, when the word "amateur" was struck out of the name of the association. The constitution was amended so as to allow for the altered condition of affairs in the association. Bert Sheere, London, second vice-president, was in the chair, President Galt not being able to be present. The delegates in attendance at the meeting were: Galt, T. A. McLean, W. A. Knowles, London; B. Sheere, A. Stupp, Hamilton; W. Stroud, George J. Smith, E. E. Moore, A. Marr, Brampton; Calvin Davis, the popular and enthusiastic secretary of the association, was in his place, and the business of the meeting was transacted without unnecessary delay.

A year class league. Hamilton, Galt, Guelph and London were admitted to membership in the association. The secretary's report stated that the receipts were \$88.50, and there was a balance of \$24.25 on hand. An application was read from Brampton for admission to the association, the following being the officers: C. Watt, president; T. Cornwell, secretary-treasurer. The team was organized March 28, 1896. T. Farnsworth being elected manager and G. Davidson captain. F. Farnsworth said the Brampton club was desirous of getting into this league, but there were objections to having five clubs in the league.

The suggestion was made that Toronto be induced to join the league. J. A. McLean of Guelph and George Graham of Galt said they thought it would be very little use trying to get Toronto in, as they did not think the Queen City club could get sufficient backing, and anyway matches with Toronto were poor drawing cards. The application of the Brampton club was finally referred to the Western district report at the district meeting next week.

The amendments to the constitution completed the greater portion of the time of the meeting.

**Eliminating the Amateur Idea.** All those sections where the word "amateur" was used were struck out and new ones added to suit the new professional action.

In article IV., section 3, referring to the violation of the amateur rule, was struck out. The second vice-president will hereafter have power to act in the absence of the president and first vice-president.

Section 1 of article V. was amended, leaving out the word "amateur," and changing the clause "ten" delegates shall constitute a quorum at the annual convention to "six."

In article VI., sections 1, 2 and 3 were amended, as they referred to both amateur and professional clubs. The last clause of section 6, as follows, was eliminated: No certificate shall be issued to any player after August 1.

**Players Under Contract.** Each club having membership in this association shall annually supply the secretary of this association with a complete list of its players under contract.

Any club wilfully forfeiting a game shall pay the sum of \$50 to the opposing club, in two weeks from date of game, failing which, it will forfeit its membership. The minimum number of games to be played shall be 12.

In case a club forfeits membership in the league the lowest number of games with any other club shall be counted.

All postponed games must be played on dates arranged for by the secretary of the association, if same cannot be mutually arranged, and the games must be played within two weeks.

The district series shall be completed on or before September 30, the date of the opening being left an open question. It was decided that the National Baseball playing rules of the United States shall

be the playing rules of the Canadian Baseball Association.

It was agreed to apply for protection under class F in the national agreement.

The following officers were elected: Hon. President, George Sheehan, Guelph; President, B. Sheere, London; 1st Vice-President, George A. Graham, Galt; 2nd Vice-President, George J. Smith, Hamilton; Secretary-Treasurer, Calvin Davis, Hamilton. The clubs each voted Secretary Davis \$10 for his past services to the association.

Galt was named as the next annual meeting place of the Canadian Baseball Association.

After the business of the meeting had been disposed of the question of the Schedule Committee meeting at London to arrange the season's games was discussed, and the London delegation announced that London would not agree to any schedule unless home games were given to the Forster City on May 24 and July 1.

The other delegates kicked strongly against this, but "Doc" Stupp was obstinate in London's demands. He said London wanted to play an outside team on the holidays. No agreement in regard to the matter was arrived at, and Hamilton and Galt talked of calling another meeting to organize a new association, with Brampton as the fourth club in it.

Guelph delegates would not consent to go into a league with Brampton as the fourth team, thinking London would finally agree to the schedule arranged, and it was finally decided that the Schedule Committee would meet in London on April 10 to arrange a schedule, and possibly Galt and Hamilton will agree to divide up the holidays, allowing London and Guelph to do as they please about holiday games.

**FOOTBALL MEN AT BERLIN.**

Annual Meeting of the Western Association—Amateur Organizations. Berlin, April 2.—The Western Football Association held its annual meeting here today. Delegates were present from Galt, Toronto, Listowel, Brampton, Guelph and other places, and a most enthusiastic and harmonious meeting was held. The secretary's report was very satisfactory. The treasurer's report showed a healthy balance in favor of the association.

The Toronto League, the Inter-College Association and Southwestern Association affiliated with the Western Football Association.

With regard to the Caledonia Cup competition the association decided to play against a picked team from the Toronto League in the spring and a team from the Inter-College Association in the fall.

At Prof. Joe Popp's Olympic Gymnasium, No. 20 Adelaide-street west, to-night there will be a six-round contest between Jimmy Smith and Jimmy O'Leary. They are both good fighters, and they put up a good battle.

They have been training hard all week for to-night's go. They will be assisted by the best talent in the trade, including boxers and singers, dancers and club swinging. Come early and secure good seats.

# The Slater Shoes

## '96 Spring Styles

### The Standard of Shoe Fashion

### The Perfection of Shoe Wear

Wear better than handmade—cost half as much—made by the famous Goodyear Welt process—Slater method—and sold only by Guinane Brothers.

## HISTORY OF A SHOE

Slaters' had faith in The Slater Shoe.

They expected much from it.

They hoped for speedy recognition of a shoe of merit. Their hopes have been realized. Results beyond their most sanguine expectations have been theirs.

The gentlemen of Canada wear The Slater Shoe. They proudly announce their footwear. They recommend it to their friends.

The history of The Slater Shoe is a chronological tale of mercantile success following speedily upon mercantile merit. Not an incident in the story but incidents of growing popularity.

Of course there are reasons for this.

The Slater Shoe is the best that money, brains and skill can create.

The leather is the finest imported calfskin.

The process of make is the best on earth—Goodyear welt—(Slater method).

The system of sale is the most economical of modern days—Hence a good shoe at dollar-saving prices.

"If I was a man I'd wear them—you bet."

## The Styles for '96

Compare these with the latest Parisian, English and American creations. There is a greater variety. There is the broad and becoming style, the full French, the Gladstone, the neat and natty, the narrow and æsthetic style—and there are hundreds of other styles, widths—in all sizes. Shoes that will fit any feet.

If the law prohibited shoe extravagance we would have a monopoly of the honest shoe business.

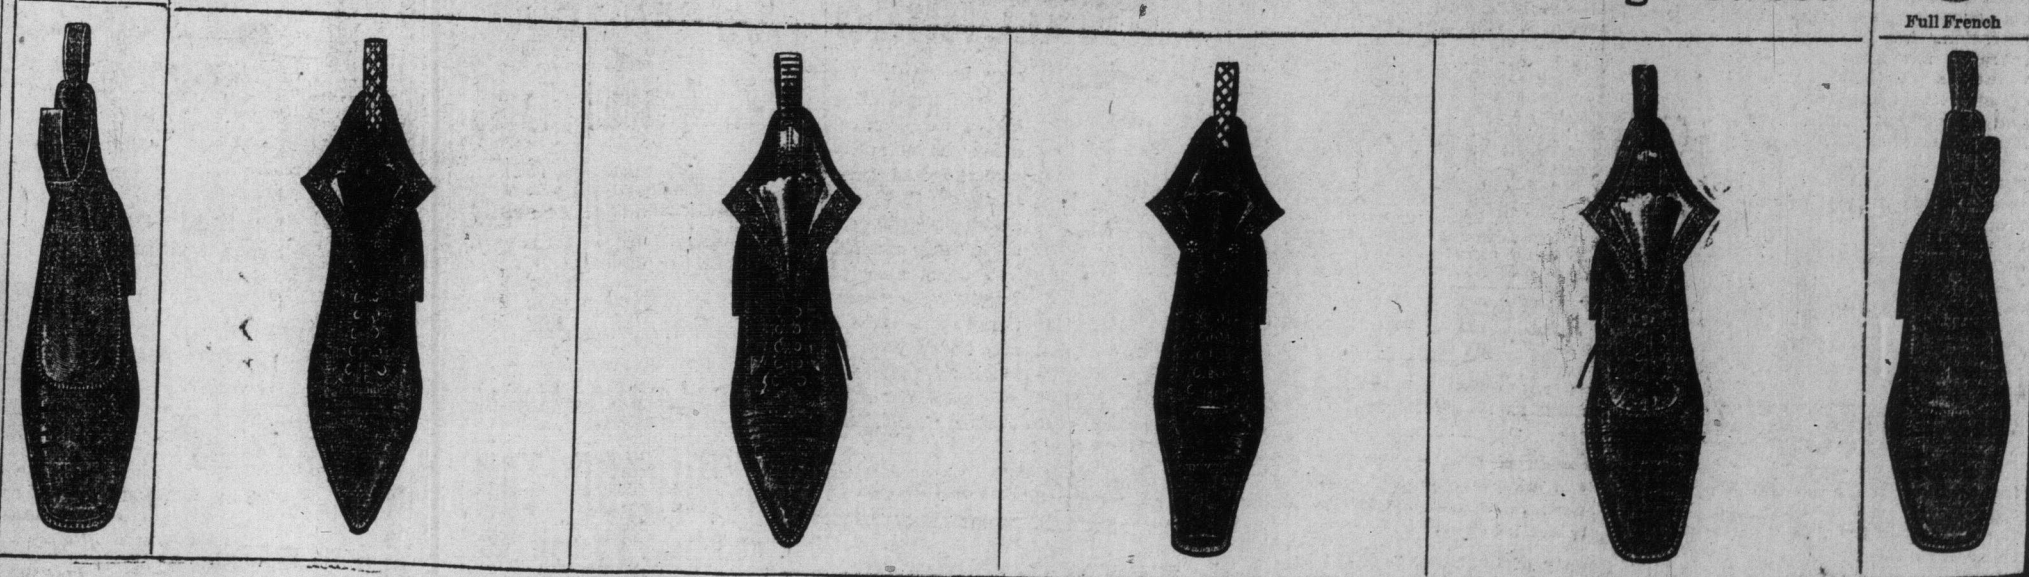

Every pair of The Slater Shoe has the price and trade mark stamped on the sole. The price a guarantee of shoe worth—the name a guarantee of shoe wear.

## HOW LACROSSE WILL BOOM

CLUBS IN THE EAST ARE ALL STRENGTHENING UP.

The Ottawa "Amateur" Athletic Association will have a professional team—Cornwall's factories open for good players—Toronto's departure was a popular move.

Ottawa, April 3.—The news that comes from Toronto that the Toronto Lacrosse Club have adopted a policy of securing positions for players to prevent the exodus east, in order that Toronto may put a first-class team in the field this year, and the news from Montreal that the Montreal Lacrosse Club have decided to "strengthen up" and put a winning team in the field this season, has caused a mild sensation here.

The general feeling is that by the action of these clubs a death blow has been given to pure amateurism in lacrosse, and that the move is but a first step towards the professionalizing of the game. One of the directors said that while he could not speak for the other directors he felt confident that the O.A.A.C. will follow Toronto's lead and the result will be a first-class team here. In the past, he said, the O.A.A.C. directors have been unable to secure a first-class team because the association, owing to its amateur principles, were unable to offer any inducement to secure players or to keep the good ones here, or to get them to practice. But now that the precedent has been set, and that the O.A.A.C. directors will be bound to go in on the same principle as Toronto and use the club's influence in securing positions for players and eventually a first-class team in the field. If it is going to be a case of "buy" all round, the O.A.A.C. can buy as well as the best of them.

If this is done lacrosse will boom this year all over Canada, says the Journal. As far as the O.A.A.C. are concerned they will not need to go out of Ottawa to secure players. There are plenty of them here; all they need is a little inducement. It was by inducements that the Capitals won their splendid team and Toronto may now do the same. Cornwall will of course endeavor to follow suit, as there are enough factories in Cornwall to require to put in a first-class team.

**Sons of England Concert.**  
At the Auditorium last night a concert was given under the auspices of the Brighton Lodge of the Sons of England. A first-class collection of local talent had been procured for the evening, and a very enjoyable time was spent, judging from the frequent applause. Among the numbers much favored by the audience were the comic numbers by Harry Rich and Thomas Baker, and also the selections rendered by the Variety Band and Guitars. Miss Mary Thompson gave, in response to an encore, a graceful performance of a minuet of the olden days. The other artists of the evening were Miss Edith Scott, soprano; Miss Gertrude Black, contralto; and Mr. J. W. Baker, baritone. Mrs. B. Weir was the accompanist of the evening.

**Easter Trade Sale.**

They will also offer several tons of Suits, Linen Towels, all new goods, Prints, Cretones, Turkey Red, Cottons (grey and white), and Dress Stuffs. Flannel-ettes by the pound. This will be one of the very best chances offered to buyers in Canada, and should bring a crowd of buyers.

On Thursday afternoon they will sell boots and shoes. Catalogues of the dry goods now ready.

On Wednesday afternoon at 2 o'clock they will sell en bloc the stocks of Willie Collins, Queen street west, Toronto, dry goods, \$19,000; W. J. Mayhew & Co., Hamilton, dry goods, \$8,000; W. J. Woodard, Berlin, clothing and men's furnishings, \$4,000.

**The Fight for the Meet.**  
Woodstock and London withdrew from the contest for the Dominion Day function, leaving the field clear for the Quebec-Peterboro fight. D. M. Dumble of the latter town led in the debate. They wanted the meet, he said, for the prettiest, brightest and most progressive town in Canada. Peterboro would give the wheelmen a hundred thousand welcomes, and the city was within reach of everybody. It was a question of expense, and Peterboro should win.

"What about your police?" queried a delegate.

"I'm Police Magistrate," replied Mr. Dumble, "and I'll guarantee you but what his guarantee was could not be heard amid the applauding yells.

An eloquent plea for Quebec was made by Ald. A. H. Cook, pro Mayor of the Ancient Capital. He was sent, he said, by Mayor Robert to invite the association to Quebec and if they accepted the invitation they would be welcomed, not he was glad to say, the slightest trace of ill-feeling in the contest, and would be nothing but brotherly feeling on the part of Quebec's wheelmen.

For the corporation of Peterboro, J. R. Stratton, M.L.A., assured that they would have the freedom of that town, and that the police force would be muzzled during their stay.

Quebec's own Van Felson received of an ovation when he rose to speak for his city. His eloquent tongue was hampered by a cold, however, and his words, though warm, were few.

**Quebec's Meet by Many Voted.**  
There was anxious expectancy while the votes were being counted, although it was generally felt that the far east city had the best chance. When the figures were read by Fred Byers, chairman of the Credentials Committee, and the delegates heard that Quebec had won by 744 votes to 1385, there was increased enthusiasm, which was increased tenfold when Mr. Stratton, on behalf of the Quebec dele- gates, announced the vote to be made unanimous. He assured the Quebecers that his club would do everything in its power to make the meet a success, and Van Felson replied in felicitous terms, while the blue and white glories by the down-easters.

**The Meas in Robertson's Hands.**  
After the big question of the day had been disposed of, the president-elect called the members of the new board together. Mr. Robertson asked a speech, and the necessity of making a speech, and simply expressed his gratitude for the delegates who had been elected, and after contests, which were in some cases very close, the following were chosen:

**Membership Committee**—Dr. Balfour, London, chairman; F. Smith, Woodstock; C. W. Wells, Waterloo.

**Rights and Privileges Committee**—E. Ryckman, Toronto, chairman; Wm. Irvine, Toronto; G. A. Kingston, Toronto.

**Rules and Regulations Committee**—T. A. Beament, chairman; W. J. Darby, G. R. Lloyd.

**Racing Board**—George H. Orr, chairman; George Brown, J. G. Gauld, B. Corey, A. E. Walton.

**Transportation Committee**—Dr. Doolittle, Toronto, chairman; J. D. Lamont, Chatham.

An enthusiastic vote of thanks was given Chairman Webster of last year's Transportation Committee.

Chairman Pattullo of the Good Roads Committee sent in a report, in which he said the association and wheelmen in general should devote more time and attention to the improvement of roads and less to racing, and the committee's sentiments were well received by the board.

**Class B Wiped Out.**  
The division of the sheep from the goats among the racing classes was an important subject on the program of the board meeting. After some discussion, Mr. D. J. Watson of Montreal moved that membership in the C.W.A. be restricted to amateurs. This was carried, nem. con., with the understanding that the clause should debar those employees of bicycle companies who only received remuneration for riding. The division of racing men into amateur and professional classes was decided upon, and the various necessary alterations to the by-laws of the association were made.

Some of the details left to the Dominion Racing Board, which shall presiding the chief consuls and their representatives. The proposal to hold provincial championship races on Dominion Day, and a national meet on Labor Day, was given the go-ahead for a year.

**Clubs Represented at the Meeting.**  
Following were the clubs represented at the meeting, with the association membership of each:

Toronto—British America, 34; Royal Canadian, 40; Ramblers, 40; Tourists, 18; Globe, 22; Toronto Canoe Club, 31; Wanderers, 150; Toronto 217; St. Anthonis, 15; Atheneum, 63; Q.O.R., 22; Hamilton 10; Queen City, 50; Piquet, 15; Hamilton, 80; Grimsby, 22; Sherbrooke, 50; Guelph, 18; City, 29; Hespeler, 14; Petrolia, 15; Imperial, 12; Barrie, 15; Belleville, 104; Waterloo, 221; Paris, 20; Havelock, 13; St. Mary's, 53; Newmarket, 15; London, 165; Ottawa, 128; Peterboro, 250; Sarnia, 124; Brantford, 50; Brantford, 50; Campbellford, 50; Hamilton Ramblers, 58; St. Thomas, 117; Perth, 25; Elora, Irvine, 18; Woodstock, W.A.A.A., 52; Trenton, 27; Kingston, Frontenac, 24; Kingston 104;

# A Store That Appeals to Men!

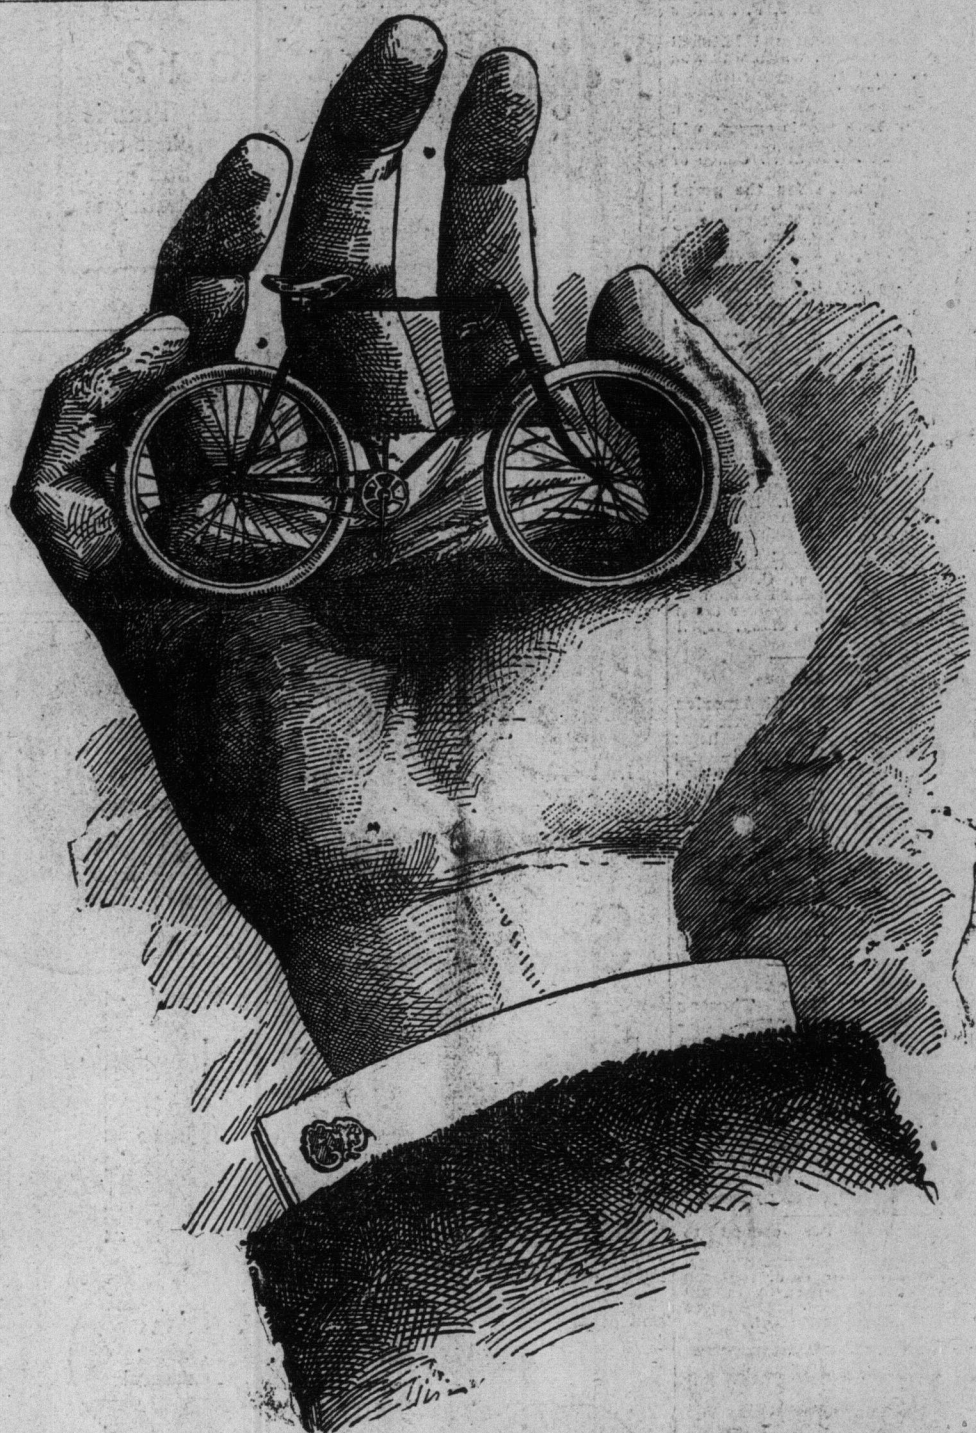

We want to catch the right tone of emphasis with which to state an emphatic fact. We have now and have had for a long time the largest and most complete stocks of Clothing, Hats and Furnishings, together with other things that men and boys need. The business has developed to such proportions that we've got to have more room, and with the new Queen-street extension well under way it's safe to plan for larger usefulness. The outside wall will soon have to come down and the builders will monopolize more room than we can spare. That means good, genuine hustling to get Spring goods properly distributed this month. You've got to have stylish things for Easter and lighter things for comfort, and there's nothing to gain by waiting. Everything is in readiness for the biggest Clothing trade we've ever had, and styles are responsible for the greatest enthusiasm we've ever known.

The enlarged Queen-street store will be for Clothing, and we can afford to put up with considerable inconvenience to get the extra room. It answers our purpose to sell quick, and supremely good values in all the stocks make it worth your while to come here past all the other stores. You'll find things exactly as advertised. This page isn't a circus poster and there's nothing here to suggest circus methods.

Turn where you will and buy what you may the simple fact is that you'll pay less here than anywhere—quality considered. Above everything else, this is a drygoods store, and beyond everything else we're in business to save you money. This is the way values run in tailor-made clothing:

## Bicycles at \$49 and \$70.

The enthusiasm of quick sales is half the glory of this business. We're not always so anxious to make money as we are to make friends, and by discounting all Canada on Bicycles we're sure to tie your trade to us. That's why we're so determined and aggressive in regard to wheels. The success of one season here is never high enough mark for the next, and the EATONIA we sold last year at \$60 is discounted by the wheel we're selling now at \$49. New and first-class in every respect, which means new this year and not new two years ago.

The \$70 grade is extra fine, and meets the demand of those who insist on having the very best. It is well-nigh impossible to make a wheel finer or finish it better; but because of that there's no occasion to pay \$110. Stripped of all extravagance, our price is \$70, and they're selling away at a lively rate.

Come and see the wheels, and bring your expert friend along. Make comparisons! That's all we ask—make comparisons!

### ASSESSMENT SYSTEM.

**BECAUSE** the L.O.F. has already given you a **Half Dollars** of Surplus to tack up on its **Benefit Certificate** and a **Half** because a membership in the L.O.F. is practically non-forfeitable **BECAUSE** you own your act.

**BECAUSE** a membership in the L.O.F. will secure from \$20 to \$2,000 on Total and Permanent Disability resulting from accident or disease, and if you die before you are 65 years of age, due to old age, then the benefit shall be \$2,000 on Total and Permanent Disability be it from accident or disease, and if you die after you are 65 years of age, due to old age, then no one shall be entitled to make a claim on the benefit of the certificate until you are 70 years of age, but if you die from old age till after he is seventy years old; all this without additional cost.

**BECAUSE** the Independent Order of Foresters is the only Order that gives, besides the Fraternal and Social Benefits, Free Insurance, and a **Half Dollars** of Surplus to tack up on its Total and Permanent Disability Benefits and Mortuary Benefits.

**BECAUSE** in this Order there are no assessments on death; and no assessments on initiation, and no assessments on the payments you are to pay. Members pay each month a stipulated amount, and this amount is paid to you at age at initiation. These payments may be made monthly, quarterly, semi-annually, or annually, at your own advance, at the convenience of the member himself.

**BECAUSE** the L.O.F. has a **Life Insurance** plan, which will pay \$20, \$30, \$50, \$100, \$200, \$500 or \$1,000 on Total and Permanent Disability, and \$20, \$30, \$50, \$100, \$200, \$500 or \$1,000 on Mortuary Benefit; if you die before you are 65 years of age, due to old age, then the benefit shall be \$1,000 on Total and Permanent Disability, and if you die after you are 65 years of age, due to old age, then no one shall be entitled to make a claim on the benefit of the certificate until you are 70 years of age, but if you die from old age till after he is seventy years old; all this without additional cost.

**BECAUSE** every Forester, when he reaches the age of seventy is freed from any further charges, and his Benefits Certificate is made **PERPETUAL**, and he is entitled to the same benefits as provided in the Certificate and in the Constitutions and Laws.

**BECAUSE** the Independent Order of Foresters, by its reserved powers for calling on its members for the payment of the cost of insurance may require, can never fail to fulfill all its obligations. By its system of **Life Insurance**, it is able to pay the cost of the insurance benefits are assured to Foresters at a figure not less than the actual cost.

**BECAUSE**, in a word, the L.O.F. looks after the **Physical** and **Mental** health; it provides for you in sickness; it contributes to your old age; it provides for you in death; it provides for you in **Life Insurance** resulting from accident or disease, and if you die before you are 65 years of age, due to old age, then the benefit shall be \$1,000 on Total and Permanent Disability, and if you die after you are 65 years of age, due to old age, then no one shall be entitled to make a claim on the benefit of the certificate until you are 70 years of age, but if you die from old age till after he is seventy years old; all this without additional cost.

**BECAUSE** you die the L.O.F. will pay the amount of your Mortuary Benefit.

Because of the Three Million Three Hundred  
and Eighty Thousand Dollars paid by The Su-  
preme Court in benefits, over two-thirds  
of the amount has been paid to the  
WIVES, MOTHERS, SISTERS  
and DAUGHTERS of  
DECEASED  
FORESTERS.

The cause the unexampled prosperity and growth of the I. O. F., is due to the fact that its foundations have been laid on a **Solid Financial Basis**, and every department of the Order has been managed on business principles, thereby securing for all Foresters large and beneficial results. Though the I. O. F. has already received over three million two hundred and fifty-five thousand dollars in benefits, as well as a large sum for the support of its, yet it will be noted that the accumulated funds of the stood, on March 1st, at over one million six hundred forty thousand dollars. Another remarkable circumstance is that the death rate of the Order for 1935, be the testimony of the Grand Secretary, was only 5.67 per cent, showing the great excellence of the I. O. F. system of medical selections.
