General Fitzhugh Lee, United States Consul-General at Havana, Says the Cuban Will Get Independence Unaided.

Washington, D.C., Sept. 18.—General Fitzhugh Lee will return as Consul-General to Cuba. He had a long conference with the President at the White House to-day. The conference lasted almost two hours. General Lee gave his own views very freely to the President, but, after the interview, was very reticent about the nature of the report he had made. Secretary of War Alger was also present at the conference. General Lee said the President had not given him an outline of his policy. It is evident, however, that the President is deeply impressed with the critical character of the situation in Cuba, as described by General Lee, as it is understood that at the conference he strongly urged the Consul-General to retain his office at least for the present and to return to Havana at his earliest convenience. As it has been strongly intimated for several months that ex-Representative Aldrich would succeed General Lee at Havana and that the latter probably would not return, the President's action to-day is construed to mean that he thinks it inadvisable to make a change at this juncture.

General Lee left here this afternoon for Covington, Va., but before his departure admitted that he would return to Cuba as soon as he had arranged his private affairs, probably about the middle of October. In private conversation with close personal friends General Lee has expressed himself vigorously as to the situation in Cuba and has been very emphatic in his condemnation of some of General Veyler's methods.

No Opening Now for Interference.

He says there is no opening now for the active interference of the United States, as the Spanish have released nearly all the American prisoners, while Congress has relieved the wants of the suffering concentrated in the towns. American interests have already been destroyed, so that there is really no commercial reason for interference.

General Lee says to his friends and also to the President that the insurgents are now on top and will certainly achieve their own salvation without assistance. General Lee believes Spain has lost the island beyond recovery. Under the circumstances, he says, it is the insurgents who really need no money without hesitation, and they have already practically achieved their independence. He believes that the United States should not interfere, but that the insurgents have improved the rainy season to equip themselves better than ever before. He says that on the other hand, he would greatly prefer to see the United States supply the commissaries and through funds in the commissary, so that they would be able to purchase the necessities of life.

Lord Kelvin's Movements.

He returns to Canada on an important mission for the British Government.

New York, Sept. 19.—Lord Kelvin, the noted English scientist, who has been at the annual meeting of the British Association, held in Toronto a few weeks ago, passed through this city on his way to Southampton, Long Island, where he will spend a few days with John Borland, an old acquaintance. He is expected to visit to Southampton, Lord Kelvin will again proceed to Canada on an important mission for the British Government, which will detain him some time. He will sail for England after a short stay at Long Island.

Condumors for the Government.

Editor World: The following are some of the Whys for our Canadian Government to consider:

1. Why allow American citizens to own Canadian lands and do the work which our Canadian boys should do?
2. Why allow American tug boats the privilege of bonding coal while our Canadian boats have to pay duty?
3. Why allow American citizens to run Canadian tugs?
4. Why allow Canadian logs to be hauled over to Michigan, duty free, to supply the Michigan mills while the logs while the Georgian Bay mills have to be hauled to the sawmills?
5. Why allow American lumber to come in free while ours is taxed \$2 per M?
6. Why not have the export duty on logs the same amount as the Americans pay on theirs?
7. Why not have our timber, the natural resources of the country, all manufactured in Canada?

ADAM'S DOG WITH A TIN CAN

Can raise as much racket as a German band with its music, in the customs, and a man with something to sell that nobody wants can make as much noise as both.

We haven't anything that nobody wants, so there's no occasion for our getting excited.

But we have many things that people want, and can't spare the money to buy. Things to make the home more homely, little nick-nacks of such necessary things as a range, carpet or furniture—all these we keep at a reasonable cash price, on terms so easy that some of our customers declare that they never miss the money.

All worth mentioning and taking heed to.

THE YELLOW FEVER.

Eleven New Cases Reported at Mobile, Making Eighteen to Date and Two Deaths.

Washington, Sept. 18.—A message from Dr. Glennan to Surgeon-General Wynnman, received to-night, reports 11 new cases of yellow fever at Mobile, making a total to date of eighteen, with two deaths.

Surgeon Sawtelle, in a message from Atlanta received to-night, informs the Surgeon that Atlanta has practically become a distributing point for refugees from the infected districts. He thinks the climatic conditions are such there that the fever cannot get a foothold, but that all necessary precautions will be taken. About 250 refugees travelling north have been furnished with health certificates, leaving about 500 still in the city.

Yellow Fever—Edwards.

Edwards, Miss, Sept. 18.—A total of 39 cases of yellow fever is reported here. The rapid spread of the disease is remarkable. Five in the country. The disease is now well distributed throughout the town. Several new cases reported, but not yet passed upon by the physicians, will doubtless swell the total to fifty.

Montgomery, Ala., Sept. 18.—Montgomery to-night quarantined against Atlanta on the ground that the open doors to yellow fever refugees.

Cases at Edwards.

Vicksburg, Miss., Sept. 18.—The total number of cases at Edwards and vicinity of yellow fever is 47. The latest report to-night makes the total new cases of the day ten.

PEACE AND ORDER

Was the keynote at the Mass Meeting of Miners, But They Want to Abolish the Company System.

Hazleton, Pa., Sept. 18.—Between two and three thousand strikers assembled on Donegal Hill to-night in mass meeting.

P. J. Maguire, Vice-President American Federation of Labor, and George W. Brown, Secretary, were the principal speakers. A detachment of soldiers from brigade headquarters were on the scene, but they kept their rifles in their cases and their hands in their pockets.

Resolutions were adopted to stand by the miners and work for the abolition of the company system. They also voted to hold a delegate convention of the miners of the district Hazleton, Pa., on Thursday to thoroughly organize the miners of the entire anthracite region of the state.

Explosion of a Lantern Caused a Serious Blaze at Waterloo.

Waterloo, Ont., Sept. 19.—Fire last night totally destroyed the large barn and all its contents belonging to Henry E. Duerr, butcher of this town. The fire originated through the explosion of a lantern in the hands of an employe of an old man, who was very painfully but not severely burnt. A valuable horse and a dog were also totally consumed. Owing to a strong northwest wind, blowing fiercely at the time, the fire spread rapidly and was extinguished only after a few feet away were saved. Loss estimated at \$2,000.

The Argonaut Races.

The cool and invigorating autumn breeze was blowing from the west when the Toronto Argonauts held their annual regatta at the Toronto Yacht Club on Saturday afternoon. The weather was perfect, and the races were most interesting. The Argonauts' boat, the "Argonaut," was the favorite, and won the first prize. The race was most exciting, and the crowd was large.

Worship was looking at her best in black and white silk waist, with white skirt and hat.

The Misses Buchan wore pretty organdie waists over colored blouses.

Editor World: I have read Mr. Adam Hood's letter re a farmer being only paid 90 cents for wheat testing 53 lbs., while 90 the standard wheat was worth 95 cents. Now, while I have no interest, directly or indirectly, in the Toronto wheat market, it is well for the public to know that the matter is being ventilated in the newspapers that unfortunately Ontario farmers have had a wet harvest (Toronto being the centre where wheat was most sprouted by wet weather of any part of Ontario, and wheat sufficiently sprouted to test less than 50 lbs. and 37 lbs. to the bushel has lost its bread-making qualities, and is used for other purposes, and the farmer is not paid for it. The farmer is not paid for it. The farmer is not paid for it.

Scotch-Irish Tunnel.

The Work Can be Accomplished, But Its Commercial Success is Doubtful.

London, Sept. 19.—The project has been revived this week of the construction of a tunnel between Scotland and Ireland. PEACE TREATY SIGNED

Continued From Page 1.

In favor of a regular tariff war with the United States is more vigorous than ever.

The Deutscher Zeitung, the leading organ of the Agrarians in an article inspired by high Government officials, says:

In spite of the desire to retaliate against the United States, the hands of the Government are unfortunately tied to a large extent. The Government has clearly demonstrated, Germany cannot do without many American staples, such as cotton and petroleum, and to a smaller degree, cereals. But in answer to the chicanery with which German sugar is being treated by the United States, the German Government will henceforth treat American meats and other preserves with similar stringency. Laws will be passed making meat inspection much more rigid, and these laws will be extended to every kind of food preserve.

MR. SNEEGROVE HONORED.

The New High Chief Ranger of the Ancient Order of Foresters Feasted and Toasted at 60 Years.

Cobourg, Ont., Sept. 19.—An exceedingly successful and pleasant event took place at the Dunham House last evening, when a complimentary dinner was given in celebration of Major H. W. Sneegrove's recent election as Hon. Chief Ranger of the High Chief Rangship of the Ancient Order of Foresters in Canada. The dinner was highly appreciated here by his brother Foresters, particularly, and fellow-citizens generally. The dinner was crowded to excess, many of "Robin Hood's" merry men being present from Port Hope and neighboring courts of Ancient Forestry to take part in the celebration.

Prof. Milne's Earthquake-Recording Apparatus Proved Wonderfully Correct.

London, Sept. 19.—Prof. John Milne furnished wonderful proof of the exact reliability of the earthquake-recording apparatus even when the earthquake of the globe from the scene of disturbance. He writes: "While at the International Association meeting at Toronto I exhibited a seismogram which had been forwarded from my station on the night of the earthquake. The record of the earthquake, the duration of which had been three hours. From the preliminary reports of the Italian and American stations it was not correct. The duration of the disturbance was in or near Japan, and it occurred on August 5, 26, about 9:06 A.M.

ROWED IN ROUGH WATER

Argonauts could only pull off their Semi-Finals, as the theme was complete success.

The annual fall "At Home" and regatta of the Argonaut Rowing Club was held on Saturday afternoon at their club house, and although it was too rough to make a social party of it was an unprecedented success, and attended by many of Toronto's fairest society belles and enthusiastic oarsmen. All present throughout enjoyed themselves. The balloons, gymnastics and large reading room were particularly decorated with colored bunting and Union Jacks, while in the reading room the club during its career.

The centre of attraction was a large glass case on a table holding all the gold, silver and bronze medals won by the sturdy oarsmen in the regatta, while from the corner of the reading room Gillman's orchestra supplied music for the occasion. Only a few boats of the winds and in the history in front of the club to watch the regatta.

At the close of the afternoon's enjoyment Mrs. Galt presented Captain Thompson with the club with the banner donated by the Toronto Ferry Company for the club during the most successful of races at the Jubilee regatta, this banner being captured by the Argonauts.

After accepting the banner Toronto Rowing Club President and Captain Thompson were given for the president and the Argonauts.

During the high southeast wind the course was too rough to row on for nearly three hours it was decided to row off the first semi-finals over four crews in it.

TORONTO B.B. SEAS ENDS

They Wound Up With a Double Victory.

PROVIDENCE BEATEN TWICE

Silver Braun and Rudderham Batted All Over the Lot.

Home Runs, Triples, Two-Baggers and Singles Galore—Syracuse Lost on Saturday, Won on Sunday and Still Have a Long Lead—Arrangements Made for the Stinehart Cup Series—A Remarkable Pitching Feat.

Saturday saw the close of Toronto's most successful baseball season with a double victory for the home players. They have won three games to play in Montreal, and the result cannot alter Toronto's position in the race. No one regrets the missing of the championship more than the men who so miraculously worked their way up through the bench and one time losing winners. They played a conscientious game all the way and their conduct on and off the field was a credit to the city they represented as it was a compliment to Manager Irwin, who guided before a crowd of 2,000.

At Springfield, a game which was not only a matter of pride but also a matter of honor, and with considerable regret, for McGinn, Wagner, Snyder, McAlie, White, Blaine and Johnson, who were the regulars, and it is only to be hoped they will be able to return to the city in time to help the team to win the championship in '38.

To-morrow the team go on their last shift, to Springfield, Buffalo and Syracuse. At Springfield, Buffalo and Syracuse will play the first game of the season. Pos. Club. Won. Lost. P.C. 1. Syracuse..... 59 40 .564

CAPITALS ARE CHAMPIONS.

Shamrocks Beaten in the Deciding Game.

THE SCORE WAS 4 TO 2.

Swift and Clean Lacrosse and the Best Team Won.

Irishmen Looked Like Winners Until the Last Five Minutes When the Capitals' Offensively Assumed the Aggressive Stance of the Shamrocks.

Montreal, Sept. 19.—Once more the lacrosse championship goes to Ottawa. The Capitals, by defeating the Shamrocks yesterday afternoon, undoubtedly won the championship for there very little likelihood that the Shamrocks will win next Saturday. If by chance they did, it would make a tie between the Shamrocks and the Capitals, and a deciding game would have to be played. There is no doubt that the best team yesterday, for the match was one of swift and clean lacrosse. There were no fouls or facts to detract from the enjoyment of the spectators. With the exception of the Shamrocks' defence, which was a little better than that of the Capitals, the Capitals were the better team. Then it was only because Tucker ran into the net and knocked the Shamrocks' defence off their feet that the Shamrocks were able to score. The Capitals' defence was the best seen in the city for some time. The Capitals' defence was the best seen in the city for some time. BOYCOTT AT THE JUNCTION
Great Conservative Picnic in the Town Park.

LIBERALISM WAS ARRANGED
A Demonstration Which Doubtless Heralds Victory

In the next Provincial Election—Enthusiastic Reception of the Leader of the Opposition—Great Ovation for N. Clarke Wallace—Local Members Make Clinching Speeches—Many Telling Points Against the Hardy Government and Sir Wilfrid Laurier—Successful Banquet at the Hudson House.

The Town Park at Toronto Junction on Saturday afternoon was the scene of a Conservative picnic. Mr. J. P. Whitney, leader of the Ontario Opposition, and Hon. N. Clarke Wallace were the chief attractions of the day, and quite a large gathering assembled to hear them talk.

On the Platforms. Arrived at the temporary rostrum erected in the midst of the park, Mr. W. J. Wadsworth, president of the Conservative Club of West York, which organization took the chair.

Mr. J. P. Whitney, leader of the Ontario Opposition; Hon. N. Clarke Wallace, leader of the Conservative Party; Mr. J. P. Whitney, leader of the Ontario Opposition; Hon. N. Clarke Wallace, leader of the Conservative Party.

Mr. Reed, member for West Durham, who was first called upon, spoke briefly, as he had to hurry away to catch a train.

Mr. J. P. Whitney, leader of the Ontario Opposition, then spoke at length, and he could not but carry conviction to the minds of the audience.

sent. If Premier Hardy had done right he would have invited the Conservative Club of West York to the picnic.

The speaker accused the Government of organized hypocrisy, of systematic occupation of office. He condemned the employment of their army of officials in their behalf, and warned these officials that if they participated in the picnic they would be treated as certain Dominion officials were now being treated at Ottawa.

Mr. Maclean urged the young men to start together and help to compel the Government to force in Ontario. He proposed that Mr. Whitney would capture the Province, and that the picnic was a time for a change.

Dr. Sproule Talks Well. Dr. Sproule, M.P. for East Grey, said he did not intend to speak at this picnic.

TWO STEAMERS LOST.

Caught in a Thick Fog Near Cape Race, Newfoundland—The Crews Were Rescued.

New York, Sept. 18.—A special to The World from St. John's, Nfld., says: Two steamers became total wrecks last night on a collision shore between Cape Race and St. John's.

The British S.S. Khodora, Captain Flaws, left Boston, Lincolnshire, Sept. 3, bound for Philadelphia, ballast laden. She met severe weather, followed by five days of dense fog, as she neared Cape Race.

She struck a rock, and the ship was thrown out of her rudders. No observer by the ship was seen. The ship was seen from the shore at 10 o'clock last evening, the ship going at full speed, with her sails also set, drove on Horn Head.

THE LUETGERT TRIAL.

Many Witnesses Called and the Prosecution Closed its Case.

Chicago, Sept. 18.—Witnesses called by the prosecution in the trial of Adolph L. Luetgert this morning with unusual rapidity. They were called to straighten out the tangled ends of former testimony preliminary to the prosecution's announcement that its case was closed.

Abraham Seale a butcher at 750 West Monroe-street, caused a mild sensation when he announced that at the public sale at Luetgert's factory some weeks ago he purchased thirty-nine bottles of mineral water. It has been the contention of the defense that on the night of May 1, when Mrs. Luetgert is said to have been murdered, Luetgert not feeling well, sent Frank Blank to a drug store for medicine. Blank himself confesses this and declares Luetgert told him to get a bottle of mineral water.

Several members of the Excelsior Club were called to testify that they were in the room at the time of the murder. They were well entertained by Mr. William McClellan.

N. Y. C. EMPIRE STATE EXPRESS.

Fast Train Record in New York—Empire State Express covers 149 Miles in 145 Minutes.

Buffalo, N. Y., July 16.—When the westbound Empire State Express left Syracuse at 2:24 this afternoon it was 25 minutes late, due to delays on the Albany division. Conductor Johnson said to Engineer Edgerton: "Make up all you can between here and Buffalo."

It is said that the train was 21 minutes late at Buffalo. It had made up 21 minutes on its schedule, making it a regular train. The 149 miles were covered in 145 minutes, which includes a two-minute stop at Rochester and two slow-ups for water and at crossings.

This run beats all records of the Albany division. Conductor Johnson said to Engineer Edgerton: "Make up all you can between here and Buffalo."

TORONTO'S GREATEST TAILORING STORE.

Fall Overcoatings.

Our Great Specialty at \$20 is Wonderful popular for various reasons:

- 1. We have all the aesthetic shades so fashionable in London, England—they are the acme of taste and beauty.
2. It would be impossible to buy a Fall Overcoat to eclipse ours for giving good serviceable wear. We make this coat from Genuine English Covert Cloth, and it is cut in the most approved style, tailored by thorough artists and trimmed in keeping with our reputation for high-class garments.
3. We bought the material for cash—and sell for cash—no middle-man eats up a big percentage—therefore it is not charged to you. We go direct to Europe—and can thus place this handsome garment before you at \$20. Did we not adopt such progressive methods it would cost at least \$26.

FINANCIAL.

The local stock market was dull to-day, with Dominion Bank, C.P.R. and Toronto Electric lower. Cable firmer at 182, 2d, bid.

The Toronto Railway Company's earnings for the first half of September were \$74,488.86, and for the corresponding period of 1896, \$68,577.38. Increase \$5,911.48.

American securities in London were irregular to-day. St. Paul closed at 10 1/2, N.Y. at 118, Ill. Central at 11 1/2, Erie at 100, Reading at 10 1/2, and Pullman Central at 60 1/2.

The earnings of the Grand Trunk for the second week of September were \$507,705, an increase of \$36,215.

The amount of bullion withdrawn from the Bank of England on balance to-day was £18,000.

The imports of dry goods at Toronto during August are valued at \$364,251, a decrease of \$22,000 as compared with the same month of last year.

A London cable to Messrs. A. E. Ames & Co. to-day quotes Grand Trunk guaranteed 4 per cent. stock at 68 1/2, and Hudson Bay at 25 1/2.

Western freight rates generally are said to be in bad shape. This is especially true of the grain trade, which is said to be in a bad shape. It is claimed some of the roads to cut rates, and a freight war is said to be in the air.

It is now reported that the Pullman Central is to be sold to the Pullman Company, and that the Pullman Company is to be sold to the Pullman Company.
