Entirely Matter For The Justice Department

Canada's Militia Office Not Moving in Vancoboro Affair -- Extradition Requested--Warrant Sworn Out But Not Effective Till This is Arranged

Ottawa, Feb. 3--Whatever the motive behind the blowing up of the C. P. R. bridge at Vancoboro, the dominion government is insisting upon it being treated primarily as an offence under the criminal code, and demanding the extradition of Van Horn.

The department of justice, and not the militia department, is dealing with the matter. It is not treated here as evidence of a series of raids or as possession of any special military significance, as a matter of fact the militia department is taking no proceedings in the matter.

It is rather the minister of justice and the dominion police under his jurisdiction who are dealing with it.

Hon. J. B. M. Baxter, K. C., attorney-general, said today that locally there had been no change in regard to the holding of Van Horn at Vancoboro.

The dominion authorities at Ottawa were taking the matter up and negotiations with Washington were in progress.

WARRANT OUT BUT NOT EFFECTIVE YET

Vancoboro, Maine, Feb. 3--Under the auspices of Canadian officials, a court session was held last night at McAdam Junction, at which testimony was given before Police Magistrate Luke Lawson, who later issued a warrant against Van Horn.

No service was made on the prisoner, local authorities having decided that the warrant had no legal standing unless accompanied by an order for extradition.

CONTENTS HE CAN NOT BE EXTRADITED.

Vancoboro, Maine, Feb. 3--Werner Von Horn, who was arrested here yesterday after attempting to blow up the Canadian end of the railway bridge between this town and St. Croix, N. B., was carefully guarded at the immigration office throughout the night.

No formal charge had been preferred against Vanhorn. He said that he was an officer in the German army, and that he had exploded the dynamite as an act of war.

He made no objection to his detention in custody of Deputy Sheriff Ross of Washington County, but insisted that he had committed no offence for which he could be extradited to Canada.

"It was thought here that the next development would occur at Washington, where it was expected that the application for extradition forwarded by the Canadian government would be presented to the state department today."

WAR NOTES

The London Times expresses confidence that even if the ship purchase bill is adopted President Wilson will use the greatest discretion in carrying out its provisions.

Great Britain has notified the United States that all food stuffs destined for Germany, Austria or Turkey will be regarded as contraband of war.

The Germans lost more than 6,000 killed in the Carpathians last week, and the Russians captured seventy-eight of them, 4,063 men, ten rapid fire guns and ten cannon.

A cable to the New York World re-states its statement of January 13 that Roumania and Italy will join the Allies before the end of February.

The Canadian Red Cross Society has ordered 5,000 doses of anti-tetanus serum from the Ontario board of health, for Canadian hospitals at the front and for the French Red Cross Society.

A cable from Cairo says that many Turks in the Suez Canal district have surrendered and tells of suffering from hunger and from brutality on the part of German officers.

The Austrian government has reduced the proportion of wheat or rye flour in bread making from 90 to 70 per cent. Other very serious restrictions as to the use of food supplies have been adopted. The people are being compelled to use more and more coarse food.

FUNERALS

The funeral of Joseph Rogers took place this afternoon from the residence of William Murray, 183 St. James street, in St. John's the Baptist Church, where services were conducted by Rev. Walter Donahue. Interment took place in the new Catholic cemetery. Beautiful floral tributes were received.

The funeral of Mrs. William Bull took place this afternoon from her residence, 27 Brunswick street. Services were conducted by Rev. F. W. Thompson, and interment took place in Fernhill.

The body of Thomas Ryan was taken to Sussex this morning for interment tomorrow following requiem high mass in St. Francis Xavier Church.

MUST HAND HIM OVER, SAYS THE NEW YORK WORLD

United States "Will Naturally Grant Request" For Extradition

PRETENCE OF POLITICS NO CONCEALING OF WASHINGTON

If One German Subject in States Could Do as Von Horn Did and Lawfully Demand American Government Protection, 200,000 Could do the Same

New York, Feb. 3--The World says editorially--

International complications can possibly result from the attempt of a German to blow up the C. P. R. bridge which spans the St. Croix river. The man is a foreign subject, who went from the United States into Canada and committed a crime. Then he returned to the United States, where he was arrested.

The Canadian authorities demand his extradition, and the United States government will naturally grant the request.

He will be taken back to Canada, which has jurisdiction over his crime, and he will be tried for the offense that he has committed. The fact that he calls himself a German officer and pretends that his criminal exploit was a political act is no concern of the United States. He might have gone over to Canada and decided a bank or forged a check or killed a policeman and called it a political act, but the United States government would be unlikely to agree with him.

If one German subject in the United States, having crossed the Canadian border and committed a crime, lawfully demand the protection of the American government, 200,000 German subjects in the United States could cross the frontier, commit 200,000 crimes against Canada, and pretend that they interpreted in this country as a political act.

Canada is no refuge for aliens who commit crimes against the United States and the United States is no refuge for aliens who commit crimes against Canada.

COMMISSIONER IN DECIDED STAND ON AUTO SPEEDING MATTER

C. Warburton appeared in the police court this morning to answer a charge of driving his automobile around the corner of King and Germain streets yesterday at a fast rate of speed, and not sounding his horn. He was fined \$10 for speeding and a like fine was allowed to stand against him for not sounding his horn.

Commissioner McLellan said that he did not think the fact of being men for violating the law was sufficient to let them off. He thought the law should be enforced upon them, the seriousness of the offence. So far as the fine was concerned, he said if the laws were not observed he would have a by-law passed to have them fined \$100, and if they were reported a second time to have their license cancelled. He had been watching several automobiles lately and if any of them fell into any pedestrian he would make a case out against them on a charge of manslaughter.

He said several automobile drivers were simply flouting with it; laws, and he intended forcing them to respect them if he had to employ ten special men to do so. The safety of pedestrians should be the first consideration.

GERMAN CASUALTIES ARE ADMITTED NEARLY MILLION

London, Feb. 3--The Daily Mail's correspondent in Copenhagen telegraphs--

"The fifteenth German naval casualty list was issued today, giving the names of 1,373 casualties. Five more Prussian casualty lists have been issued, containing the names of 23,168 men killed, wounded or missing, bringing the total of 187 lists to 926,547."

TWO RUSSIAN POLES TO BE HANGED IN ONTARIO FOR MURDER

Toronto, Feb. 3--Found guilty of the murder of Bogino Trendo, a fellow countryman, in Moore Park on the evening of December 29, John Zolki and Tomas Chelicki, two Russian Poles, were sentenced by Chief Justice Sir William Lusk yesterday to be hanged on April 18.

FAIRVILLE NEWS

The Triangle Club met last evening at the home of Benjamin Godsoe, Harding street, with President H. P. Allingham in the chair. Rev. R. J. Haughton spoke on "The Message of the Kingdom." Rev. F. R. Hayward moved a hearty vote of thanks, seconded by J. Wesley Stevens.

A vote of sympathy was sent to Carey Black, of North End, whose wife died recently.

A sick committee was appointed to visit the membership. Harry Keirstead, Benjamin Godsoe and Wm. Arbo comprise it. Daily refreshments were served.

The Methodist Brotherhood attended the meeting in the Seaman's Mission last evening, where organization of a united body was forwarded. Stephen H. Shaw, president of the Fairville society, was named as representative on the executive body and two other members will be chosen to act with him.

FOR THE BELGIANS.

Mayor Frink has received contributions to the Belgian relief fund as follows: Centenary Church, Epworth League, \$17.80; Frank Northrup, Kingston, K. C., \$2; R. G. Gendall, Tobique River, \$1; Point de la Neve Baptist church, per Frank Trueman, \$21; Mrs. H. M. Coates, \$10; Andover concert, per Mrs. D. Reed Bedell, \$63; two sisters, Dait Vero, \$5.

Germans Send Blazing Rafts Down Stream But Allies Block Project

Floats Captured Before They Exploded--Further Successes in Fighting in West and Russians Also Are Victorious

Paris, Feb. 3--The French War Office this afternoon, reported as follows: "In the country north of the Lys there is nothing to report."

"Between the Lys and the Oise, in the sector of the Nouvelle, to the east of Lens, French batteries put an end to a spirited fusillade from the enemy."

"The Germans endeavored to float down the river Aisne some blazing rafts, starting from a point above Aveluy, which is north of Albert. We were successful, however, in stopping these rafts before they exploded."

"Our artillery has continued to secure excellent results in the valley of the Aisne. We have made slight progress and have taken prisoners and have repulsed a counter attack, to the west of Hill No. 200, near Perthes."

"In the Argonne, a second German attack took place yesterday near Bagelotte, at about six o'clock in the evening. This also was repulsed, as had been an attack previously reported and which took place at one o'clock in the afternoon."

"The front from Meuse to the Vosges has been quiet. In Alsace, we are organizing our forces on the ground won by us to the south of Ammentviller."

RUSSIAN SUCCESSES

Petrograd, Feb. 3--Successes for the Russian arms in the region of Warsaw and in the Carpathians are recounted in one official Russian statement today. Confirmation is given also to a report that German troops have been sent to the Carpathians to assist their Austrian allies.

"News relative to the transportation of German troops to the Carpathian front" says the statement "finds confirmation in the fact that on February 2, north-east of Bagelotte, we destroyed a battalion of the 224th German regiment, a remnant of which, notably company commanders and twenty soldiers were taken prisoners."

German Reports

Berlin, Feb. 3--A despatch from Lisbon says--"Reinforcements have been sent to Angola, as the Germans now occupy the greater part of that country."

Fighting between the British and Turks continues at Bagdad, according to a despatch from Bagdad, which describes a night attack by 300 Turks. The Turks were driven back at daybreak by the fire from two British gunboats.

An Indian expeditionary force is operating at the head of the Persian Gulf. It was announced early in December that the Turkish forces at Kurma had surrendered and that the town was occupied by the British who thus gained control of the gulf from the junction of the Tigris and Euphrates rivers, near which Kurma is situated.

KAISER TO LOOK OVER THE WARSHIPS

Berlin, Feb. 3--The Kaiser will leave today for Kiel, where he is expected to inspect the warships. He will have an opportunity to look over the vessels which participated in the North Sea battle, including the Seydlitz, which was severely damaged by the shells of the Kolberts, which was struck by two.

The Kaiser, who already has visited both the west and east coasts of Germany, is expected to inspect the armaments of the fleet, by visiting the units of the newly organized army still garrisoned in Germany.

CONDITION CRITICAL

Young Woman Who Was Severely Burned Last Night

Miss May Fraser, aged twenty-three years, was standing in front of an open boarding house in Mayburg early today, 297 Union street last night her gown caught fire and she was enveloped in flames. Her cries attracted others in the house and the flames were smothered, but only after the young woman had become unconscious as the result of severe burns. She was taken to the General Hospital. A report from the hospital this afternoon said that her condition was critical, and little hopes are held for her recovery.

NINE KILLED; SIX BADLY BURNED IN EXPLOSION AND FIRE

Kane, Pa., Feb. 3--Nine men were killed and six badly burned in a fire following an explosion which destroyed the boarding house in Mayburg early today. The injured are being brought to the hospital here.

TURNED BANK ROBBER; KILLS FRIEND AND SELF

Dewees, Neb., Feb. 3--Peter Hedrick, a farmer, and Joseph Pescek, a bank cashier, are dead as the result of a shooting in the state bank of Dewees yesterday. The men had been friends from boyhood. Pedestrians attracted by shots rushed into the bank and found Hedrick dead and Pescek lying on the floor with a bullet wound in his head. Pescek died several hours later.

Before he died, however, he said Hedrick had been talking with him when he suddenly drew a revolver and attempted to hold up the bank. Pescek said he took it as a joke and then Hedrick shot him and turned the revolver on himself.

DEATH IN HILLDALE

Mrs. H. G. Evans, of Peters street, received word this morning that her mother, Mrs. Jane A. Crawford, had passed away at her home in Hilldale, Kings County, about eleven o'clock. She was the widow of Thomas Crawford, who was in the 69th year of age. She is survived by two sons, John E. and William, of Hilldale, and three daughters, two at home, and Mrs. Evans of this city.

Hotels in Bathurst and Digby Are Prey of Flames

Leger's Burned Down, Also Lour Lodge--Second Time For Each--Babe Dropped From High Window in Bathurst Building

Bathurst, N. B., Feb. 3--The Leger Hotel, near the I. C. R. station here, was destroyed by fire, which broke out about five o'clock this morning. The fire started in the basement from an unknown cause and made such rapid headway that some people had difficulty in reaching safety.

James McIntosh was rescued from the third story window, Mr. Lavigne saved her four months old baby by dropping it from the third story to Chief of Police Chamberlain and Deputy Sheriff Irving of Newcastle who were in the street.

The servants and some of the male employees escaped with very little clothing and suffered slightly from exposure. Many of the patrons lost all their belongings. The damage done made it impossible to save anything, and only a piano and a few chairs of the hotel furniture were saved.

The hotel was a large 1 1/2 story brick structure, and was built about six years ago, replacing one destroyed by fire on the same site. It was fitted with every modern convenience, and was probably the most up-to-date on the north shore. John P. Leger was the owner. His loss is estimated at \$30,000, partly covered by insurance.

Digby Hotel Also

Digby, N. S., Feb. 3--Lour Lodge, Digby's newest summer hotel, owned by Aubrey Brown, was destroyed by fire last night. The loss is estimated at \$25,000 with very little insurance. Lour Lodge was destroyed by fire on August 2, and the building burned last night was erected on the same last autumn and was just about completed, with the exception of inside decorations and furnishings. The large staff of carpenters and workmen employed lost all their tools.

The origin of the fire is a mystery. Mr. Brown owns Lour Lodge annex and some summer cottages. These were saved, and are furnished ready for next season's business, but it will be difficult to place the main building in time. This loss will not only be felt by Mr. Brown, one of Digby's most enterprising hotel men, but to the town as well.

OPENING OF THE HOUSE TOMORROW

Parliament May Get Through Work by Easter

CHIEFLY WAR MATTER

Members Face an Unusual Situation in Canada's History--Budget Not Till End of Next Week as Hon. Mr. White is Indisposed--Debate on Monday

Ottawa, Ont., Feb. 3--Every train today brought members and special people for the opening of parliament tomorrow. Those here already are mostly from the more distant parts of the country, but many of the Ontario and Quebec members have come and tomorrow the number will be greatly increased.

The members reach Ottawa in anticipation of a session which will be brief, as sessions usually go. Some believe it will be possible to wind up the business by Easter, while others think it will run for at least three months. If the same spirit be preserved as in the emergency session last August, there seems little reason why the end should be reached in the shorter period. If, however, there is any display of partyism on the part of the government, it will be difficult to forecast the exact time that will be required.

Important Business

The business programme is brief, but what it lacks in length, is made up for by its exceeding importance. The session is a wholly unusual. In place of buoyant revenues, and expanding trade, the war has developed conditions which cause difficulty in making good next financially. On the other hand, very unusual outlays for military purposes are called for, while it is the policy of the government to make real big public works and undertakings throughout the country. It is this situation and the measures necessary to meet it that will make the budget of this year to be the most important tariff announcement since the reciprocity pact.

The Budget

The original plan was to have the budget on next Tuesday, but Hon. W. T. White is somewhat indisposed and the budget will not be delivered until the end of next week, at the earliest.

The changes promise to be quite extensive in their direct and consequential effects. It is generally believed that there will be a stamp tax on legal and banking papers, and adjustments of the tariff on a variety of commodities, but more the luxuries than the necessities of life.

The war estimates will be \$100,000,000. Apart from measures connected directly with the war, the government's programme is light. The private legislative programme is about sixty bills, mostly time extensions of a non-contentious character. What subjects private members may bring up is problematical. One of them is likely to be a discussion on the export of nickel.

The debate on the address will start on Monday, and in place of being disposed of in a day, may last several. The opposition, it appears, want to do some talking, rather than limiting the debate to one day. The general idea that the address will be a quiet one, without much display of partyism, in a house of 221 members, however, it is difficult to forecast developments.

M. E. STURGES' BURNING CHAMPION DIRECTOR L.

New York, Feb. 3--Director L. M. E. Sturges of this city, his former partner today. The price was kept secret, but it is said to be between \$45,000 and \$50,000.

NOTES FOR WOMEN BEFORE THE SYNOD

Resolution Would Give Them Voice in Choice of Delegate

THE MORNING SESSION

Discussions on Eligibility of Delegates From Parishes Which Have Not Paid Two Contributions to Contingent Fees and Upon Desirability of Reading Parish Reports

The morning session of the Church of England's synod was devoted almost entirely to discussions of the eligibility of delegates and the desirability of reading the parish reports. As the synod did not meet last year, a special committee of the synod reported that two years' contributions to the contingent fees were due, and that representatives of parishes which had not paid for two years, were not entitled to seats in the synod except by special dispensation for at least three months. If the same spirit be preserved as in the emergency session last August, there seems little reason why the end should be reached in the shorter period. If, however, there is any display of partyism on the part of the government, it will be difficult to forecast the exact time that will be required.

Canadians In Comfort After Life on Salisbury Plain

The way in which the Canadian soldiers were received in the Wiltshire villages in which they were billeted at the first of the year is shown in an article in the Wiltshire Gazette, from which the following is taken. It is in this section that many of the St. John men who are with the artillery and ammunition column are located. The article, which is headed "The Canadians in the Wiltshire Gazette," is as follows:—

Devises is lively, distinctly lively. It is entirely aroused from the lethargic disposition of a characteristic Wiltshire market town, and bristles with the added life of a military centre. That life is welcome—as welcome as are the officers and men of the Canadian Divisional Artillery who are responsible for it. Without the presence of the men of the maple leaf in or near our headquarters the town would probably feel the mantle of almost monotonous quietude consequent on the war settling upon it since a three-fold welcome to the thousands men or so who have come for a time at any rate to share such hospitality as the town can offer.

Though surprisingly little is seen of the men as a body, they are ever passing and repassing about, afoot, on horse or in the pig-stick, all hurrying hither and thither to give orders or in the execution of them. They have been with us for about a week now, some for a few days longer, and from all one can see the civilian and military population in the town mix well, friendships are already formed, and there is no doubt that their presence will tend to cement that unbreakable bond of kinship between us of the mother country and our progressive brothers from over the spreading main.

The new condition of things seemed strange at first to the conservative residents in the naturally quiet little town; we are not unfamiliar with military and semi-military movements—we saw a great deal of them during the earlier months of the war, when the Service Battalions of the County Regiment were being organized, since when some 4,000 men have been mobilized at the Wiltshire Regimental Depot. We are not strangers with military men to military matters, but we have rarely been taken possession of in quite the complete manner we are now by a body of artillery men, with horses approaching 800 and the usual accompaniment of guns and ammunition column.

We are not altogether familiar with the steady grind of such trains of heavy transport and the collateral vehicular traffic as were driven through the streets last week end, or to the number of horses one sees at intervals when the faithful trumpeter blows his blast which represents the "stables." But everybody is happy amongst these strange sights and sounds, and the one hope is that all the "lads in the bunch"—to borrow a phrase from the Canadians themselves—are happy, too.

STORY OF IRISH ACCOMPLICE NOT BELIEVED

Late Reports From Scene Of Vancouver Outrage GERMAN HAD MONEY More Than \$100 in His Possession—Repairs to Bridge About Completed and C. P. R. Officials Return to City

After having been in Vancouver and McAdams' division of the C. P. R., returned to the city this afternoon. With him were G. L. Wetmore, divisional engineer, and F. R. Taylor, counsel for the company. The story told by Von Horn yesterday was that he had been in the city since his arrest. He has been severely frost-bitten, with his hands and cheeks particularly so. He is quite well supplied with funds, having more than \$100. It was said that when he returned to his hotel in Vancouver his clothing was frozen, possibly through his having slipped into the water. Guards were on duty on the bridge last night. The damage to the bridge was believed today to have amounted to more than \$700,000.

THE DELAY OF THE BUDGET An Ottawa despatch says that the budget was deferred from next Tuesday till later in the week because Messrs. White and Borden had arranged to tax tea, coffee, sugar and other necessities, and that when Hon. Geo. E. Foster heard about this he protested, favoring the tax falling on the rich rather than the poor.

WITH THE SOLDIERS. The 26th remained indoors this morning. With the return of Major General Sam Hughes to Ottawa it is expected that orders will immediately be issued for the mobilization of the 6th Mounted Rifles in the maritime provinces. The remount depot at the exhibition grounds is to be cleared of the remnants there, this week for on Friday some 200 or more will be taken over by the L. C. R. to Halifax.

WHEAT DROPS; THEN GOES HIGHER THAN IT WAS YESTERDAY Chicago, Feb. 3.—Peace rumors dealt a sudden blow today to high prices of wheat. At the outset as much as eight cents a bushel was knocked off the value of May delivery, in which transactions were relatively small. The July option in which business chiefly centred, was given a setback of two cents at the opening. May sold as low as \$1.57, whereas the close yesterday was \$1.65. The break in prices, however, was only temporary and soon May wheat touched a new high record, \$1.65 1/2.

RECENT DEATHS The death occurred yesterday at 120 Victoria street, of Thomas Ryan, in his eighty-third year. He had been a long resident of Sussex (N. B.). He leaves three sons, James, in Vancouver; Daniel F., of Malden (Mass.), and George M., at whose home he died. Interment will be at Sussex on Thursday, with requiem high mass at St. Francis Xavier church.

The death of Mrs. Stanley Waugh occurred on last Thursday at her home in Andover. She is survived by her husband and a newly born infant. Mrs. Waugh was twenty-seven years old and a native of Newfoundland.

Lawrence F. "Larry" Smith, a detective, died in his home in Boston recently. He was in St. John several years ago in connection with the Hattie LeBlanc case.

Miss Margaret Macaulay of New Waterford, N. S., died on Monday of heart trouble on a train in Ontario. She was twenty-three years old. She was en-route to Alberta.

DRUGGISTS RECOMMEND A REAL KIDNEY MEDICINE

I have sold a great many bottles of Dr. Kilmer's Swamp-Root during the past twenty years and it is a preparation that is very satisfactory to my customers who buy it. I have heard good many expressions of approval from those who have used it. I think it is a good remedy and if I were in need of a medicine I should certainly try Swamp-Root for any case of Kidney, Liver or Bladder trouble.

PROTECT YOUR CHILDREN

Their little hurts, cuts and bruises may have been caused by some germy infected object. There is always the possibility that blood poisoning may be the result of neglect—don't neglect—immediately apply Absorbine, Jr. It will thoroughly cleanse the affected parts, kill the germs, and promote rapid healing.

Absorbine, Jr., is a powerful germicidal liniment and yet absolutely harmless. It is made of herbs and is non-destructive of tissue. Can be used by the smallest member of the family with safety and without any danger.

Use Absorbine, Jr., wherever a liniment or a germicide is indicated. Pleasant to use and economical as only a few drops are necessary at each application. Keep a bottle handy at all times—it will prove indispensable.

LAST NIGHT'S DEVELOPMENTS AT VANCEBORO

Von Horn Talks of His Attempt at Bridge Wrecking

ORDERS FROM GERMANY

Had Loaded Gun Which he Said Was Ready to Use—Attorney-General Baxter Speaks of Extradition

Werner Horne, the German under arrest in Vanceboro in connection with the attempt to blow up the bridge across the St. Croix river here, is a native of Leipzig, Germany, but has been quite a rover. He was for a time in South America and then went to Mexico where he conducted a coffee house, and when war broke out he tried to reach Germany but was held at Staten Island. He is said to be a son of the Bavarian minister of war, and has been a "black sheep." He was interviewed last night by a Daily Telegraph reporter.

Only recently he had received a letter from Germany telling me to proceed to Vanceboro (Me.), to blow up the bridge there, was told in the letter that I would be met there on a certain time at a certain date by an Irishman. I would be met at a point near the American side of the bridge and giving the password—"Lo Tommie"—this man would give me a suit case with explosives in it.

I left New York last Friday and got in Vanceboro on Saturday night and went to the Teague Hotel. At the time of the appointment I went to the bridge and met a man there. I gave the password and went to a room he passed me a suitcase. He left immediately and walked over the bridge to the Canadian side. I returned to the Teague Hotel and on Monday at midnight went down to the bridge again with the suit case. I searched out a certain place near the Canadian side but it took me a long time to get the suit case fastened there with rope. There was a gale blowing from the west and the wind was blowing furnished many difficulties to me in accomplishing my task. I had both ears ached with the cold and the thumb of my right hand was frozen.

I set a three minute fuse to the eighty pounds of nitro-glycerine and returned to my hotel.

People say that in December last a German visited Vanceboro and the surroundings. It is now believed he was an engineer who went there to make a sketch of the bridge for the purpose of exploding it.

An inquiry was held last night at McAdams by Sup't. Groat, C. P. R., and evidence was given by A. Tague, F. Mills, James Rideout, P. Crandine, Mr. Kellog and John Harlowe, chief of police at McAdams. F. R. Taylor, C. C., acted for the company.

Steps have been taken to extradite Horne. Hon. C. J. Doherty, minister of Justice, yesterday said he thought the crime was extraditable. The application for the extradition of Horne reached the British embassy at Washington last night. The probability of Horne being extradited is immaterial because of the offence being political in being discussed in Washington, Ottawa, and elsewhere, but at least on the Canadian side the view is held that he can be brought across for trial.

Attorney-General J. B. M. Baxter was interviewed on the matter last night.

Baxter stated, "It is the intention to prove that this act of his was not an act of war, but a mere act of terrorism against another—a corporation. It is my opinion," he added, "that this man was not moved by any authoritative hand or by any force, but that he committed the deed merely to make a bravado of himself in the eyes of Germany."

Mr. Baxter was shown the despatch from Washington which stated that Horne's extradition depends largely on the interpretation of the word "Political" in the extradition treaty of 1880, which declares "a fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded be one of political character."

He merely stated that it was the purpose to show that the act was not an act of war. Later he referred to an extension of the extradition treaty, added in 1900, so as to include the offence of "willful and unlawful destruction or obstruction of railroads which endangers human life."

Machinery to Act.

Regarding the machinery which has to be set in motion to secure the extradition, Mr. Baxter said that the justice department at Ottawa will be asked to issue a warrant of process, which is a warrant directed to an officer authorizing him to receive the body and bring him to Canada. A request is also made to the department of state at Washington for the surrender of the accused and a hearing is had before officials of the state in which the accused is found for the purpose of identifying him with the person charged with the proceedings and of showing that the offence is an indictable one.

"Should there be success in having him indicted—and to tell the truth I don't really believe that the head officials in the United States will support this man—he will be brought to Canada and tried in Charlotte county."

Mr. Baxter said that he had wired Attorney-General Pattangall and had assurance that the German would be held and he said he had also instructed H. C. Groat, general superintendent of the Atlantic Division of the C. P. R., to lay information on this side in order that the proceedings so far might be complete.

When asked if he knew this had been done, he replied that Mr. Groat and F. R. Taylor, solicitor for the C. P. R., were in McAdams and had laid the proper information there.

Asked if he knew what information had been laid, he said that he had under section 232 of the criminal code, which upon looking up, he read as follows:

"Everyone is guilty of an indictable offence and liable to imprisonment for life who unlawfully with intent to injure or endanger the safety of any persons traveling or being on any railway or other means of transport or destroys any train, bridge or fence of said railway or any portion thereof."

EVERY NEURALGIC HEADACHE CURED!
USE "NERVILINE"—IT WON'T FAIL

The Miraculous Healing Power of This Liniment is Unfailing

RUB ON NERVILINE

There may be a thousand pains, yet, excepting sciatica, neuralgia is the worst. Most remedies are not strong enough or penetrating enough to relieve neuralgia. You know everything you have tried has failed to give even momentary relief, and you have decided that neuralgia must be borne forever.

Do not make this mistake—try NERVILINE. Apply it to the sore spot. Notice the glow that spreads deeper and wider as Nerviline's curative power is carried further and further into the tissue. How quickly the pain is soothed! How rapidly it lessens! In a little while you have forgotten the pain—it has actually gone.

Neuralgia gives Nerviline an opportunity of demonstrating its superiority over all other pain remedies. Not magic, as you might imagine after you have used it—simply the application of scientific knowledge to the relief of pain.

Nerviline is a great outcome of modern medical ideas. You cannot afford to be without it, because pain comes quickly and comes to us all. Guaranteed to cure the aches and pains of the whole family. Large bottles, 50 cents, trial size, 25 cents, at druggists, or the Cathartine Co., Kingston, Canada.

A Remedy For All Pain

"The efficiency of any drug" says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to compare the efficiency of the various remedies of all diseases in pain, and this is what the patient most often desires to do, it is something to relieve his pain. If we can arrest this momentary suffering, we have already done for us for his other remedies which will affect a permanent cure. One remedy which I have used largely in my practice is Anti-kamnia Tablets. Many and varied are their uses. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headaches of cerebral origin, where ordinary remedies were being taken. They appear to prevent the headache from recurring, and I have used them for a neuralgic origin, and especially for women's headaches, which are so common. Two Anti-kamnia Tablets give prompt relief and its absorption is so rapid that it is able to go about as usual." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for headaches, neuralgia and all pains.

Is Your Baby Delicate?

What a marked difference there is between the fretful, puffy, ailing infant, and the child whose face always bears the smile and look of perfect health and contentment. Mothers should early realize that much depends on Baby's Food. The right food given at the proper age means rest and comfort for the mother and a sound healthy constitution for her little one in after years. If, for any reason, Baby cannot be given the natural food, do not select a substitute merely because it is cheap in price. Adopt what experience has proved to be the Simplest and Most Successful Method of Infant Feeding, i.e., The 'Allenburys' Foods. These foods provide a Pure, Complete and Progressive Dietary specially adapted to each stage of a child's development. They are not expensive to buy, when judged by the uniform good results which follow their use; this is the true standard of comparison. The 'Allenburys' Foods are used and recommended by members of Medical and Nursing Professions throughout the world.

THE VANCEBORO OUTRAGE

It is not surprising that a German should attempt to blow up an unguarded bridge over which large quantities of supplies are carried on their way to meet the wants of the enemies of Germany in the field. The surprising thing is that the German who attempted this outrage was able to do his work without interruption. Most people have been taking it for granted that there was a fairly thorough system for the protection of bridges and everything else that should be guarded in the interests of the Empire at this time.

THE WAR NEWS

Today's reports from Russia are to the effect that their armies are still meeting with success both in Poland and the Carpathians. The German attempt to break through to Warsaw has not been successful, while the Russian flank movements appear to be progressing satisfactorily. The Germans have continued their desperate efforts to break through the British lines toward the French coast ports but without success.

CHURCH BROTHERHOODS

The movement to bring about a federation of the men's organizations of the different churches, which was given a strong impetus last evening, is one that ought to be of very great benefit to the city of St. John. It should eventually be made broad enough to include representatives of every church in the city.

BELGIUM

O! land of sunshine, faithful, tried and true, Lift up your head, bow'd down by bitter grief, Catch not for threats of this great tyrant thief, Who cares for naught save power-as to you, Shall we forget you and your great relief?

Oh sunny land, your fields will once more bloom, Where now the grass is dyed and stained with red, Where now there hangs the silence of the tomb;

When these dark times have passed, and strife has fled, The sun shall shine again, to scatter relief;

And joy shall reign—when this great tyrant's dead. A. G. CAMPBELL.

LIGHTER VEIN.

The firing was hot in the lines at the Aisne, but the German soldiers did not appear to relish the peppering they were getting from the Britishers, and so kept cover. One of our men, getting tired of this excessive caution, was struck by a brilliant idea.

"Walter" he shouted. Instantly half a score of Germans sprang up involuntarily, only to receive a volley that laid many of them low.—London Times.

Not Immortal. It was during the American Civil War and a raw troop of volunteers was under fire for the first time. The experience must have unnerved the recruits, for when the command came to charge they did not budge. A second command likewise failed. A third captain shouted reproachfully "What the dickens ails you fellows, anyhow! D'ye want to live forever?"

The Price We Pay. Old Lady—What do you sell sepe for, young man? New Assistant—Cause I can't get nothin' else to do, mum.

A Comparative Value of Diamonds

We are often asked how Diamonds compare in price in Canada with those offering them in the United States. We are often quoted the fact that some American houses advertise Diamonds at around \$9000 a carat.

Diamonds may be had at any price you wish to pay. On a recent visit to the American markets, I was shown Diamonds as high as \$85000 a carat. The average price in the best stores for good stones is around \$35000 per carat. This is just about right, as it leaves us with preference of the duty.

Diamonds enter Canada duty free.

The Supreme Test of a Healing Agent

Psoriasis or Chronic Eczema Defied All Treatment Until Dr. Chase's Ointment Was Used.

After suffering with the terrible itching of Psoriasis for five years, and being told by physicians that she could not be cured, Mrs. Massey turned to Dr. Chase's Ointment and was entirely cured. Mrs. Massey writes:— "I suffered with what three doctors called Psoriasis for five years, and one of them told me if anyone offered to cure me for \$5000 I would not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

Can you imagine a more severe test for Dr. Chase's Ointment? This should convince you that as a cure for eczema and all forms of itching skin disease, Dr. Chase's Ointment stands supreme. Put it to the test. Get a box, all dealers or Edman-Halse & Co., Limited, Toronto.

LIPTON'S "ERIN" IS ON RED CROSS MISSION

Sir Thomas Will Sail His Yacht With Doctors and Help For Montenegrins

New York, Feb. 2.—Sir Thomas Lipton is now making humane use of his big and luxuriously equipped steam yacht Erin, which conveyed the challenging yacht Shamrock IV, from Southampton to New York last August.

In a letter to a friend of his in New York, written at his home in Southampton, England, and dated January 7, Sir Thomas says:

"I am expecting to leave here at the latest on the 20th of this month, in connection with the trip the Erin is making under the British Red Cross Society. The Erin will leave next week and will go direct to Marselles where the personnel will join her. Besides the large party of doctors, nurses and orderlies, she will carry from twenty five to thirty tons of medical stores and a large quantity of hospital comforts, also warm clothing for the soldiers of Montenegro and Serbia."

"From Marselles the Erin will proceed to Anivari in Montenegro, with doctors and nurses for Cetinje, afterward coming down the Albanian coast, through the Corinth Canal, to Piraeus, and from thence to Salonica, where a special train will convey the rest of the doctors, nurses and stores to Nish and Belgrade in Serbia. I will accompany the party and see that everything is carried out in the best way possible. The expedition will be in charge of Captain Bennett, of the British Red Cross Society.

"There are a good many mines floating about the Adriatic, but I understand they will be all cleared away before the Erin arrives. The Serbians and Montenegrins have done very well, and I feel it a great pleasure that I am able to do my little bit to help my country at this time."

TAX EXEMPTION AND FAIR RENTS

Proposals Before the Common Council

FULL RATES FOR STANLEY

Consideration of Changes Deferred Until Friday — \$25,000 For North End Water and Sewerage Extension

The common council spent more than two hours yesterday afternoon discussing Commissioner Potts' resolution for the exemption from taxation of incomes up to \$1,000, the exemption of \$800 on incomes from that figure up to \$2,000 and the exemption of household furniture not exceeding \$600 in value with a full tax of 80c for those totally exempted.

At the end of the discussion the matter was laid over for further consideration at a special meeting on Friday afternoon.

The discussion proved lively at times and covered many phases of the assessment problem. The majority of the commissioners seemed to favor the idea of the resolution and Mayor Frink was the only one who definitely questioned its wisdom.

An interesting development in connection with the consideration of the resolution was the suggestion made by Commissioner McLellan that legislation should be sought for the formation of a commission to act as a fair-rent court to fix the maximum income which a landlord might exact from his property. The commissioner announced that he intended to prepare a resolution calling for the preparation of a bill to cover this and wished it to go before the legislature at the same time as the tax exemption bill. His chief object would be to prevent landlords using readjustment of the taxes as an excuse for undue increases in rents.

Commissioner Potts introduced another resolution providing for legislation to allow the assessment of land and incomes in Stanley ward at their full value, erections and improvements to be assessed at half their value as at present.

This notice also was laid over until Friday for consideration.

The issue of bonds to the value of \$20,000 to cover the cost of the extension of the water and sewerage system in Adelaide and Spar Cove roads, was authorized by the common council at the weekly meeting yesterday afternoon. The extensions were urged not only for the purpose of supplying the water, but also to provide employment for the permanent workmen of the department.

The council decided that no delegates would be sent to the convention of the Union of Canadian Municipalities in February. A communication was received announcing that copies of the Municipalities Act would be sent to each commissioner.

The request of the Canada Iron & Steel Company for exemption from taxation was refused.

A request of the residents of Beaconsfield for permission to place a lunch wagon on the corner of Mill and Smythe streets, was referred to the commissioner of public works and the recorder for an opinion on the legality of such permission.

Commissioner Potts presented a bill from Dr. S. H. Nave, \$90.65, for repairs to his automobile, for hire of substitute car, and injury to his practice, \$160. The damage was caused by a collision when the car was backed out on the street and collided with the city auto truck. Commissioner Potts also submitted an opinion on the recorder on the matter, and his recommendation that the bill be not paid was adopted.

A request was received from the pilots that Captain Kennelly be appointed to the Board of Pilot Commissioners in place of the late James Knox, and on motion of Commissioner McLellan, the appointment was made.

A communication from various rate-payers objecting to an increase in the assessment was filed.

John A. Barry submitted an application for the appointment as recorder or city solicitor. The application was referred to the Board of Commissioners.

On motion of Commissioner McLellan, the salary of James Dever, spare engineer of the fire department, was increased from \$750 to \$800.

Watson's Drug Store, Main street, was given permission to erect an electric sign.

MARITIME HOME FOR GIRLS ALREADY IS OVERGROWN

(Halifax Chronicle).

The Maritime Home for Girls at Truro which opened last September, is already overcrowded. Twenty-seven girls have been received, some from each of the three maritime provinces. The board of directors are facing the problem of providing increased accommodation. They feel that, during the present financial depression, it is unwise to attempt to erect the comparatively costly permanent buildings. Two houses on the property have been repaired and fitted and are in use.

It is possible that another inexpensive building may serve to tide the institution over the present crisis, and that, with the experience gained in the meantime, and the impetus which will be given to the generosity of the public by the sight of the good work already done in straightened conditions, the permanent cottages may be more satisfactorily built.

The home is in charge of the superintendent, Miss Day, who for the present acts also as teacher of the school. The domestic matron is Mrs. Lewis. The sewing matron is Miss Macdonnell. The farm manager is Mr. Sutton, late of the agricultural college. In spite of the hard times the subscriptions which have been already made are being paid in to a large extent, so that for the present the capital fund is sufficient. A number of friends have provided a temporary maintenance fund, by means of which it is expected that the work will be continued till the institution gets on its feet.

What's in a Name? "What's the child's name?" asked the priest of the grandfather at the christening. "I dunno," grandfather replied. And he turned to the father and whispered hoarsely: "What's the name?" "What?" replied the father. "What?" asked the grandfather. "Hazel," repeated the father. The grandfather threw up his hands in disgust.

"What d'ye think of that?" he asked the priest. "With the calendar as the saints fall as gur-r names—'n' him namin' his after a nut!" "Talk is cheap," she said. "Not in the language of flowers," he replied.

AFTER EFFECTS OF DREADED LA GRIPPE

Overcome by the Use of Dr. Williams' Pink Pills

Throughout Canada la grippe (influenza) prostrates thousands of busy men and women every winter, wrecking their health and leaving behind numerous serious ailments. It is the after effects of la grippe that cause such widespread misery. Here is the reason. La grippe leaves behind it weakened vital powers, a shattered nervous system, impure and impoverished blood, and a low state of health that renders the sufferer extremely liable to rheumatism, indigestion, neuralgia and nervous disorders. You can avoid la grippe and its after effects by keeping the blood rich and pure through the occasional use of Dr. Williams' Pink Pills. Or if, because you have not recognized your blood weakness, la grippe fastens its fangs upon you, its disastrous after-effects can be driven out by the same medicine. Dr. Williams' Pink Pills increase and enrich the blood supply, feed the starving nerves, and thus impart new health and new strength to enfeebled men and women. Mr. G. St. Clair, connected with the Sun Life Assurance Co., Halifax, N. S., says: "I was taken down with a heavy cold and la grippe and was confined to the house for some weeks. I had the best of medical attention, and although the doctor said I was cured I was still far from well, and did not have the vim necessary for a strenuous business life, and did not attend to either office or field work. Talking with a friend he said why not try Dr. Williams' Pink Pills? I decided to do so, and before I had used a box felt an improvement, and before long the Pills made me feel like a new man. I can't therefore say too much in favor of this valuable medicine, and hope that any who may read this journal and be in need of medical attention will be persuaded to try this truly wonderful medicine."

You can get these health-renewing Pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

A SIMPLE WAY TO REMOVE DANDRUFF

Prevent Falling Hair and End Itching Scalp

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluff, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing else destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

AERIAL TORPEDOES USED BY THE ENEMY

Their New Mine Thrower Described by British Official Eye-witness

London, Feb. 2.—A recital of recent developments in the war by the official observer attached to British military headquarters includes a description of new projectiles employed by the Germans.

"In some parts of our front the Germans are firing a new type of high explosive shell, detonating with a cloud of thick white smoke," the report says.

"Their mine thrower also occasionally throws a very large grey bomb, or aerial torpedo, three feet nine inches long and nearly ten inches wide. It weighs more than 300 pounds."

The anticipation of the enemy as to the possible duration of the war, the observer continues, "are shown by the measures they are taking to prepare for any shortage in certain classes of food. In some towns orders have been issued that all kitchens refuse not required by the inhabitants to feed to their own animals shall be saved, and handed over to the authorities. Efforts have been made also to gauge the public taste in the matter of preserved meats by selling salted beef, mutton and pork at cost price."

"Lost" Ads. of The War

What is the war news that the women of Europe are reading? Not the official bulletins; not special despatches from the front. No. Wives, mothers, sisters in Europe today are turning sadly to the other side of the official bulletins. They find this "other" of the war news on the back page among the want ads. It might be headed "Lost and Found," except that few of these pitiful "Lost" are ever found. The following items are taken at random from the columns of this women's war news, as published in recent numbers of the famous Paris Matin. They bring startlingly close to you the human, heart-breaking, personal side of war. You'll find it hard to follow these terse, awkwardly written paragraphs, yet, if you read between the lines, you'll meet here far greater thrills of adventure, heroism, romance — and bitter tragedy — than in any literary triumph of the front-page war correspondent. The Matin averages about 100 new items every day, exactly like the following in their tragic sorrow, and differing only in the want ad Section of the (from the Paris Matin). Mme. Fieve, Rue Gassendi, Paris, will be deeply thankful to any soldier who can tell her the place of burial of her son Louis, who fell in the fight at Aromant, and of her husband, Marcel, sergeant in the 15th Infantry, supposed to have died in a field hospital near Rheims. Mme. Duffaud of Bruye desires word of her husband Maurice, of the 5th Hussars, who fell wounded on field of battle near Courbesseaux late August and was never found. Mme. Manceron, Avenue Bosquet, Paris, without news of her son, Lieutenant 4th cuirassiers, since he disappeared on reconnoitering duty, to north of Vic-sur-Aisne, Sept. 12. Paul Bouillon disappeared Sept. 5, following fight in woods of Haraucourt. Reward for information. Mme. Bouniol, Fernand Baval, Belgian soldier, 7th line, asks information concerning his wife and three babies lost at Termonde. Address: Hôpital Tour-d'Auvergne, Paris. Charles Debergue, wounded at Namur, desires news of her husband, Jacques, and probably taken prisoner at Dieuze, August 19; also of her sons, Yvère, fallen at Lironville, 31 Sept. and Charles, wounded and unheard from since the combat at Fricourt Oct. 4. Mme. Jaques Guery of Blois wishes news of her husband, Jacques, wounded and probably taken prisoner at Dieuze, August 19; also of her sons, Yvère, fallen at Lironville, 31 Sept. and Charles, wounded and unheard from since the combat at Fricourt Oct. 4. Mme. Melet, 25 Rue de Paris, Vincennes, desires news of her husband, André, of the 120th Infantry, sent to participate in the bayonet charge at the Heights of the Meuse, 22 Sept. and lost since that date. Mlle. Rousselot of Neuilly asks aid from the family of her fiancé, Sergeant of the 80th, in her search for the latter and for her brother, Raoul Rousselot, both of whom disappeared same day, battle of Meuse. She Was In Bed For Seven Weeks

Then Dodd's Kidney Pills Cured Madame Berube

Montreal Lady Tells How, After Four Years' Illness, She Found a Complete Cure For All Her Troubles

Montreal, Que., Feb. 2.—(Special)—Madame J. Baptiste Berube, residing at 1888 Logan Avenue, this city, asserts that after four years' suffering from kidney disease she has been completely restored to health by Dodd's Kidney Pills.

"I had a pain in my left side around the heart," Madame Berube says in her statement. "I suffered constantly with headache and backache, and for seven weeks I was in bed with kidney disease and feebleness. The doctor could not help me, so I decided to try Dodd's Kidney Pills. After the first box I was some better. I continued to use Dodd's Kidney Pills till now the palpitation has left me, and I am a well woman, able to do my work. Dodd's Kidney Pills cured me and I recommend them to all persons who suffer as I did."

Notice how many women are rising to tell their suffering sisters they can find relief in Dodd's Kidney Pills. The reason is that nine-tenths of women's ill spring from disease of disordered kidneys. Every woman whose kidneys show signs of weakness should use Dodd's Kidney Pills.

CANADA IN THE WAR

A thorough investigation has been ordered by Major Gen. Sam Hughes at Ottawa into the supply of boots to the Canadian militia.

Colonel Seely, former minister of war in England, will command a Canadian mounted brigade, to include the Strathcona Horse and Royal Canadian Dragoons at the front in France, where he has already seen some service.

Vice Admiral Sir Frederick Sturdee reached England yesterday, a passenger on the liner "India."

The Canadian base hospital being established on the Thames side at Chilren, England, will probably be opened about the middle of this month.

Canadian munitions have orders for shrapnel shells totalling about \$80,000,000.

PIMPLES APPEARED ON HIS FACE AND HANDS.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble, they make you appear unsightly both to your friends and yourself. What you need, when these pimples break out, is to get a real good blood purifying medicine such as Burdock Blood Bitters. One that will build up the system, cleanse the blood of all the impurities and poisons which cause the skin to break out in these eruptions.

Mr. J. A. McKen, Portage La Prairie, Man., writes: "Last summer I was all run down and felt for work of any kind. I got a real good second distasteful to me. Pimples appeared on my face and hands, and I seemed to grow more every day. I tried many a friend advised me to try Burdock Blood Bitters. Half-heartedly I did so, and the result was obtained in a marvelous manner. I regained my health, I took on flesh, and in a short time the pimples and skin eruptions disappeared entirely. Thanks to the healing powers of B.B.B. I freely recommend it to all sufferers."

B.B.B. is manufactured only by The T. Millers Co., Limited, Toronto, Ont.

WHENCE CAME THE U-21?

Has She a Base in Isolated Cove on British Coast?

London, Feb. 2.—The Daily Chronicle's naval correspondent says:—"The German submarine U-21 is believed to have sunk the Pathfinder on September 6, and she it was that sank the Malchite off Havre on November 23, and the Primo seen destroyed by gun-fire, but more probable it was by portable mines, with the fuses so planned as to blow holes below the water line. This is reported to have been the procedure in the sinking of the Linda Blanche. The Durward, which was sunk by a submarine near the Mass Lightship on January 22, is believed to have been torpedoed, and this, of course, was the case in the loss of the battleship Formidable. The captain of the submarine will be sparing in his use of these costly missiles, for he will probably not carry more than five or six of them."

"We are left to speculate as to the route by which the U-21 reached the scene of her latest exploit. We cannot suppose that she has been in western waters ever since she destroyed the two ships off Havre. She must have returned to her base, otherwise we should have to imagine her establishing a base of her own in some remote and seldom visited cove somewhere on our own coast. German submarines, as we know, have recently gone as far west as the Straits, and they have from time to time been heard of in the north coast of Scotland, where one was sunk in November."

"German submarines lately have been reported in Norwegian waters and it is possible that they have, unknown to the Norwegian government, found resources there. They could then pass down the west coast of Scotland, hoping to do damage off the Clyde, and then through the north Channel to reach the Irish sea. There are great shipyards on the Clyde and at Barrow, where warships are built and perhaps the very enterprising captain of the U-21 may hope to do damage among them."

Not a Popular Suggestion. "I tell you, comrades," cried the socialist orator, "if you will only give socialism a chance, you will find it works." "Aw, go on!" replied the clerical leader in the audience. "What we want is authority that abolishes work."

MURDER OF A GIRL NEAR LAKE MEGANTIC

Body Found Lying Near Railway Track Badly Bruised, With Fractured Skull

The body of Ethel Vintiner, a young woman who is believed to have been murdered near Lake Megantic, has been taken to her home at Bury, Que. The body was found by the engineer of a C. P. R. train about two and a half miles from Lake Megantic. She was lying near the track, her arms covering her head as though she had made an effort to shield herself. Her shoes, fur coat and hat were found nearby. An examination of the body revealed a fractured skull and bruises on leg and hip. It is evident that the victim was not hit by a train, as the body was found on the bank of the lake. On last Thursday night Miss Vintiner took the evening train for Megantic en route to Hobe, Maine, where she intended visiting an aunt who was ill and who has since died. Why she should have taken the evening train instead of the Halifax or morning train, knowing that she would have to wait over at Megantic until early morning, is a mystery which her father cannot understand.

On her arrival at Megantic she walked from the station to a nearby hotel and went to the parlor. About ten o'clock the proprietor entered and asked her if she required a room. She replied that she was waiting for a friend. So far as can be learned, Miss Vintiner was not seen from that time until her body was found on the following morning. Although nothing has been given out by her relatives, it is rumored

A LESSON FROM THE VANCEBORO AFFAIR

Editor Times: Sir—The alleged work of the national money at the boundary line this morning, a horde of prisoners in the Halifax citadel, the flitting of a number of saucy foreigners from this city at the outbreak of hostilities with Germany, should put our people on their guard in circles of social, household and business life. St. John is the main Canadian outlet for Britain's food supply during the next few months and naturally a point of great military importance. It is here, therefore, with our mixed winter-time population, we may expect outcroppings of a sinister nature. These secret tactics are a well-defined plan of German aggression, not a romance or a moving-picture myth as our complacent people seem to imagine. We are not half vigilant enough. Many of us know now that some of the well-educated acquaintances of pre-war times were nothing more than secret agents of the Kaiser. The I. C. R. elevator fire, has that really been dismissed as accidental? It was as effective a blow at a transportation centre as an enemy could strike, I consider. Here we are with all sorts of foreigners in our city and suburbs; men to whom a \$1,000 bribe would be a fortune; indeed less money would be a fortune; indeed less money would

SOLDIERS ENTERTAINED

After their route march 100 members of the 26th were entertained last evening in the schoolroom of Queen Square Methodist church. A hearty supper was served and was followed by a lecture on the South African campaign by Rev. W. G. Lane, vocal solo by Miss Williams and instrumental solos by Mrs. T. J. Gunn and Harry Dunlop. About forty of the soldiers were the guests of the F. M. A. last evening. A programme was contributed by Messrs. Rankine, Rankine, Joseph McManus, Ja.

STOMACH SOUR? STOP INDIGESTION, GAS, HEARTBURN—PAPE'S DIAPEPSIN

Don't Suffer! Regulate Your Upset Stomach in Five Minutes

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. and Mrs. Diapepsin, get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. No difference how badly your stomach is disordered, you get happy relief in five minutes, but what pieces you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear. Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Pape's Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no bleaching, no eruptions of undigested food, your head clears and you feel fine. Put an end to stomach trouble by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

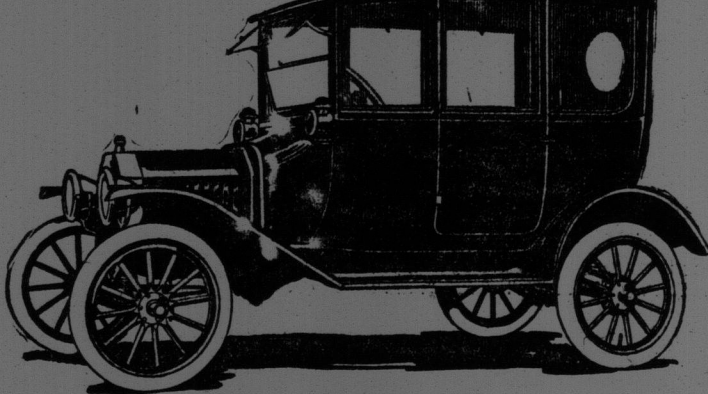

Don't Send Your Boy Into Professional Baseball, Hugh Fullerton's Advice To Fathers

By Hugh S. Fullerton. "My boy is now nineteen, and will graduate in June. He has played on his high school and prep school baseball and football teams, is a good hitter, the best player on any team he ever has been with and has played ball with strong vacation teams. He wants to go into professional ball. I want him to enter college. We had a long talk on the subject. He will listen to my advice and I believe will accept my decision."

"Even the high-priced players complain of the difficulty of saving. The constant drain of expenses is much higher than one would think. A semi-professional man must spend more than a private individual. A \$3,000-a-year man has a hard time saving \$200 a year. I know men who have had salaries of from \$3,500 to \$7,500 for seven or eight years who have only a few thousands laid by."

HOCKEY. U. N. B. Defeat St. John. In Frederickton last night the St. John hockey team were defeated by the U. N. B. boys by a score of 4 to 2. Seven men hockey was played. Barney Money was the star player for the winners.

CURLING. St. Andrews Defeated. In Moncton last night in a four rink match the St. Andrews players from St. John were defeated by a total of 84 points to 44.

North Shore Curling. Bathurst still holds the fort so far as the McLellan Cup is concerned. Chatham has selected S. D. Heckbert, H. McKendry, C. D. Rutledge, and R. S. Snowball and Hon. John Morrissey, W. A. Park, J. R. Lawlor and John Russell have been chosen by the Newcastle club as skips for the North Shore bonspiel to be played in Campbellton this month. It is expected that Bathurst and Dalhousie also will send four rink each.

BASEBALL. Giants Go South on Feb. 28. New York, Feb. 2—All the young players of the New York Nationals have been ordered to report for spring training practice at Manilla, Texas, on Feb. 28. The regulars will start on Feb. 23. Emilio Palermo, a young Cuban, left handed pitcher, has signed a contract for a year with the Giants. The Brooklyn National league club has received the signed contract of Sherrill Smith, pitcher, with the Newark Internationals last year.

Sale Completed. Col. Jacob Hupston and Captain Tillinghust L. Rouston have turned over to Frank J. Farrell, former president of the National League, something like \$90,000. This represented the final payment on the sale of the New York club that began early in last November. The first payment of \$50,000 was made on Jan. 7. On next Monday the new owners and Harry Sparrow, business manager, will invade the headquarters of the Highlanders in the 42nd street building and proceed to arrange a spring training trip for the team, besides attending to other business. Manager Donovan is now south looking for a suitable place for the Highlanders to get the kinks out of their arms.

Diamond Sparkles. Ed Walsh has been mentioned as one of eleven players to be let out by the White Sox, but the suspicion is that that Big Ed will be with the Comiskey clan this year.

Harry Hellman, substitute first baseman and outfielder of the Detroit American League Baseball Club has been released to the San Francisco Club of the Pacific Coast League.

French Boxer Killed. A recent despatch received from Paris confirms a previous report that Max Ludo, a well known French heavyweight and at one time trullier of Georges Carpentier, has been killed in action. Adrien Hogan, a French middleweight, who so badly defeated Pat O'Keefe, English champion at that weight, as well as the hard hitting Private Bradock, also was reported killed, but happily the soldier boxer was only wounded, and has now recovered sufficiently to take another turn in the trenches.

ICE RACING. Eel Direct Won. Although zero weather prevailed, a large crowd attended the Ottawa races on last Saturday. Eel Direct, prohibitive choice, won the stake for 214 paces in hollow fashion. The Man In The Street

Who said Vanceboro wasn't on the map?
 You're lucky to get on at all in St. John without hoping for a seat.
 There is a certain city constable who finds it hard to believe the printed reports of the scarcity of copper. He has a reason to know that coppers were at least plentiful with him this week. For nearly two years he had been seeking payment of a tax bill from a certain citizen who began, after a time, to take his appearance merely as a matter of course. But then more exacting measures were threatened, and rash suggestions made, and finally payment was forced, or "squeezed" might be better, from the delinquent who resented the process considerably, and paid the bill, which amounted to \$1487 entirely in coppers, counting them individually with gleeful satisfaction, and in such a way that it was necessary for the constable who stood looking on, to make a record to see that the payment was correct.
 GIFTS TO SOLDIER
 Sergt. Major Holly Petchell was honored last evening at the home of his father, R. R. Petchell in Stanley street when a large gathering of friends assembled to tender him a farewell prior to his departure overseas with the 20th field battery now in training at Fredericton. In behalf of those assembled Charles Thompson presented him a military sleeping outfit, and a handsome wrist watch, suitably engraved. A pleasant time was had in music, cards, and dancing, with refreshments served about midnight.
 TRAINS LATE
 The storm interfered somewhat with the passage of the trains today. The Montreal was reported two hours late, the Boston two hours and a half, and the Maritime two hours and ten minutes.
 ANOTHER ADVANCE
 An increase of thirty cents was quoted in Ontario flour yesterday afternoon. There was no change in Manitoba following the advance of twenty cents the day previous. Oatmeal and cornmeal are also advanced in price, while there has been a decrease in barrelled beef and pork.
 Public Service Commission in Bangor this week is discussing "comfortable standing room" on a street car. Gosh!

Why February 11? Would not the fourteenth have been a more appropriate date for the Conservative love feast?
 If You Can't Run—Stay Cold.
 Some ingenious persons are suggesting means to get warm in those new cars—you know the kind, with the half-back seats and the wide-open doors—and one way mentioned is to run along the street trying to keep pace with the car until you've gone about a block, jump on and you'll be warm for a few minutes. Then jump out and repeat the performance, and after you've done this a few times you may not notice the near-zero weather inside.
 Vanceboro bridge nearly went out of commission yesterday. Feb. 17 will temporarily settle suction and straight bridge.
 Now that the chief of police has knocked the fort from fortune telling how is a girl to know whether she's to meet her "tall, dark-haired, wealthy gentleman" this year or not?

WALTER L. JONES, GOING TO THE WAR, IS DINED BY FRIENDS AT BOND'S

Member of Army Service Corps—Toast List and Good Literary and Musical Programme
 A complimentary dinner tendered Walter L. Jones in Bond's restaurant, King street, last evening, by some twenty-five friends proved of distinct enjoyment. It was accompanied by a fine musical and literary programme, in addition to several brilliant and pleasing addresses in an attractive toast list. The chair was taken by J. Starr Tait and after hearty justice had been done to the good things provided he proposed the toast of "The King" to which a musical response was made. There followed a pleasing solo by Ralph Nobles, after which "Our Country", proposed by L. T. Roberts, was replied to by Mr. Tait.
 A quartette composed of Messrs. Wilson and Irvine, and Messrs. Nobles, gave several delightful vocal selections, after which "Our City" was proposed by C. E. Cameron, and responded to by H. S. Brennan, a musical selection in trio, by A. C. Burk, Thomas Roberts, and G. I. Higgins, cornet, piano and violin, was heartily enjoyed, after which the health of "Our Soldier Guest" was proposed by R. W. Hawker, and brought forth a reply from Mr. Jones, who is a member of No. 5 Company, C. A. S. C. for overseas service, and who, prior to joining the corps, was a popular member of the travelling staff of the Hart's Boot & Shoe Company, Fredericton. Previous to that he was a valued member of the office staff of T. H. Estabrooks Company, Limited. He was given a hearty reception last night and best wishes were extended for his success in the service.
 A reading entitled "By the Sea" was given by G. K. Forsythe, and solo by Walter Pidgeon were greatly enjoyed. L. C. Holder proposed "The Press" to which reply was made by J. B. Dever. A vocal solo by Fred Irvine, gave pleasure, as did a piano solo by Thomas Roberts, who with Ray Nobles, acted as accompanist during the evening. The toast to "The Ladies" was proposed by the chairman, Mr. Tait, and although many more were eager to respond in their behalf, the honor was accorded to H. H. Hamilton, Frank McMillan and Alan Beatty. At the close "God Save the King" and "Auld Lang Syne" were sung, and hearty cheers given for the guest of the evening. The gathering dispersed about one o'clock after a most enjoyable banquet.

KEARNS' PLEA THAT MONEY GIVEN HIM TO GET LIQUOR FOR HIMSELF

Both Men on Stand in Police Court Case—Campbell Says Kearns Knew What the Dollar Was For
 A case against Charles Kearns for supplying liquor to a soldier while on duty in the army was resumed this morning. James Campbell of the North Shore a soldier who, it is alleged, gave the defendant \$1 to procure gin, said that he met Kearns at the corner of Carmarthen and Sheffield streets on Monday afternoon and gave him the money. He held out for some time that he gave him the dollar and did not ask him to procure anything with it. Later he acknowledged that he gave him the money to procure a bottle of liquor. He maintained that no conversation passed between them. When cross-examined by Magistrate Ritchie he said that Kearns knew well what he wanted.
 Major McKenzie testified regarding examination of the defendant after his arrest. Kearns then gave his version. He said that he met Campbell and received \$1 from him. He said Campbell gave him the money to procure liquor for himself. When he purchased the bottle of gin he started up the street and was met, he said, by Lieutenant Johnson who told him he didn't want him to be getting rum for the soldiers. This he said he denied, saying that he bought the liquor for himself. Later he said he was seized by soldiers and taken to the armory, where he was cross-questioned by Major McKenzie. He acknowledged that Campbell told him to say he gave him only ten cents.
 He was questioned by Major McKenzie and Magistrate Ritchie and was then remanded until Monday morning at 11 o'clock.

MRS. W. R. SMALL OF SUSSEX DIES AFTER FEW DAYS' ILLNES

Sussex, N. B., Feb. 8.—Death came suddenly this morning to Mrs. Small, wife of W. R. Small, manager of the New Brunswick Telephone Company here. She had been ill only for a few days. Mrs. Small was twenty-nine years old and was the daughter of Mr. and Mrs. Joseph Joyes of Scotch Settlement. She leaves her husband and two little daughters. Mr. and Mrs. Small moved here from Chatham Head about two months ago. Much sympathy is felt for the bereaved family. The funeral will be held in Sussex.
 SOLDIER SURPRISED
 A pleasant surprise was last evening given Walter Sears at his home in Bellevue avenue, when friends assembled and presented to him a handsome signet ring. The presentation was made by Edward Carlin. Mr. Sears is a member of the 26th Battalion.
 ST. BLAZIUS' DAY
 The feast of St. Blasius was observed in the Catholic churches of the city today with the blessing of throats. Large numbers of people went to the churches to receive the blessing.

WOLFVILLE IS HARD HIT TODAY BY SERIOUS FIRE

Horton Academy and Young Hall Destroyed
 ALL OVER IN AN HOUR
 Fire Overcame All Efforts to Extinguish it and it Burned Itself Out—Loss About \$35,000 With \$20,000 Insurance
 Wolfville, N. S., Feb. 8.—Horton Academy building and Edward W. Young Hall were destroyed by fire this morning. The blaze raged for an hour and overcame every effort of the local fire department to extinguish it.
 A little after nine o'clock, when all the academy boys were attending morning chapel, the fire broke out in the cellar of the academy building and the flames spread rapidly through the wooden structure. Five minutes after the first outbreak was seen the entire academy was enveloped in flames and smoke. From the academy building the flames swept into Young Hall, adjoining on the northwest corner and used as a dining hall and quarters for the servants. Young Hall was also a wooden building and the fire soon took complete possession. The Wolfville fire department worked hard in zero weather but were forced back inch by inch in face of the tremendous odds.
 The fire burned itself out. The smoke and blaze could be seen for miles and many spectators gathered on the university campus.
 It is believed the fire originated in the furnace room, but just how will probably never be known. A rough estimate of the value of the Horton Academy buildings and Young Hall is \$35,000. It is said the insurance will amount to \$20,000.

ST. JOHN MEN AT OPENING OF CALGARY KNIGHTS OF COLUMBUS' NEW QUARTERS

The Calgary News-Telegram of Jan. 25 gives an account of the formal opening of the handsome new quarters of the Knights of Columbus in that city. Several St. John men were present, including Dr. T. H. Lunney who is on his way to California. Others mentioned in the article are H. W. Lunney, formerly of this city, now chairman of Calgary city council, C. J. D. L. Howard, a former North End boy, past grand knight of Medicine Hat council, and Thomas J. Fitzgerald of Swift Current. The new quarters of Calgary council are on the corner of Eighth avenue and Center street. The opening was accompanied by a reception of 100 members into the honors of the first degree. Some might attend solemn high mass in the cathedral, celebrated by one of their members, Bishop McNally. In the evening a banquet was held, at which reference was made by that of the state deputy, J. J. Smith, that in 1908 there had been 800 knights in the western provinces—today there were 3,000. The News-Telegram says that Harry W. Lunney replied to the toast of the ladies was a masterpiece of wit, logic and brevity.

WARNS AGAINST A PEACE PARTY

London, Feb. 8.—Warning against allowing the endurance of the soldiers to be worn down in case of a prolonged war was uttered by Sir Owen Seaman, editor of Punch, while addressing a Methodist Brotherhood meeting. He foresaw the danger that fever might slacken, affording a chance for the peace at any price party to start stop-the-war meetings. Neutral nations, who must share the harvest of the allies' victory, would probably begin protesting against the war as inhuman, and the President of the United States, who wanted to preside at a conference during the first week of the war, would be likely so to act, but the speaker besought his hearers in such a case to insist on the fact that sacrifices should not be wasted by a futile and weak peace. In an address on war and liberty, the editor of Punch argued that the British love of liberty was not incompatible with universal military service for defensive purposes, but that the British history, he said, was one aggressive militarism. Germany had two aims, a craving for territorial extension, and a desire to spread her own kultur, but the first had failed, as shown by her attempts at colonizing, while the result of the second was seen in the present condition of Belgium.
 TO HELP CANADIAN SOLDIERS WHO HAVE NO RELATIVES IN OLD LAND
 Montreal, Feb. 8.—A London cable to the Gazette says that E. T. Scammell, late of the Military and Naval Immigration League, is busy here on a hospital scheme in relation to the second contingent. The idea is to do something to help along Canadians who have no relatives on this side, and therefore no helpful influences when they are on leave.
