KING WELCOMES TO CONFERENCE

Bitter Opponents Assemble For Home Rule Arrangement

NO RESULTS SO FAR

First Session Lasts Hour and Half and Adjournment Made Till Tomorrow—Some Criticism of King's Action

London, July 21.—So deep is the interest taken by the public in the crisis over the Irish Home Rule question that great crowds gathered today outside Buckingham Palace to witness the arrival of the party leaders to participate in the conference inaugurated by King George.

The Right Hon. James Lowther, speaker of the House of Commons, who was chosen to preside over the conference, was the first to arrive. He was quickly followed by the eight men who represent the various parties.

The meeting of the Conservative and Liberal leaders on such an intimate footing was apparently friendly, but could not have been cordial as Premier Asquith and Andrew Bonar Law have been bitterly opposed to the Home Rule bill.

Some Criticism For the first time in his reign, King George is criticised strongly, though respectfully, by some of the other conferees.

The Manchester Guardian says: "Any such transfer of the substance of responsibility and initiative, if it has actually taken place, is of course, to be deprecated."

The Daily News takes a stronger attitude, saying: "There are profound misgivings on the Liberal benches, where impatience at the obstacles put in the path of the government is reaching the breaking point."

Several Liberal members of the House of Commons opposed to the conference, called a caucus of their sympathizers, which probably will adopt resolutions of a similar character to those passed by the labor members last night, referring to undue interference of the crown with the labor movement.

Says He Sent \$1,500 To H. F. McLeod In Connection With Valley Railway Contract

John S. Scott Declares That McLeod Acknowledged That He Received It

The witness states his belief that it was necessary to pay to get the work, as a previous contract given them and for which they did not give on stand—McLeod says he will speak fearlessly when proper time comes

John Scott, a contractor on the Valley Railway, swore this morning that he had paid \$1,500 to Hon. H. F. McLeod, then a member of the provincial government, in order to secure a sub-contract.

The witness tells of the money through an express company and a bank because Mr. McLeod did not want his name mixed up in the transaction.

Mr. McLeod was in the court and took an active part in the proceedings. His chief activity was in protesting against the form of questions and the line of questioning until Mr. Carvell reminded him that an innocent man was rarely concerned with technical objections.

John Scott, of Scott & Kelly, Fredericton, was the first witness today. He said he had been a sub-contractor on the railway, first under the Quebec Construction Company and afterwards under the Hibbard Company.

Mr. Carvell asked for a ruling regarding inquiry into the affairs of sub-contractors, saying that the committee should not go farther than the Hibbard Company. He said that there was no excuse for going further except to make a personal attack on some person who may have been a member of the government.

In reply Mr. Carvell said that it gets back to the fact that serious charges threatened the department of the Hibbard Company. He said that the Hibbard Company decided to admit any matters which might be brought against it.

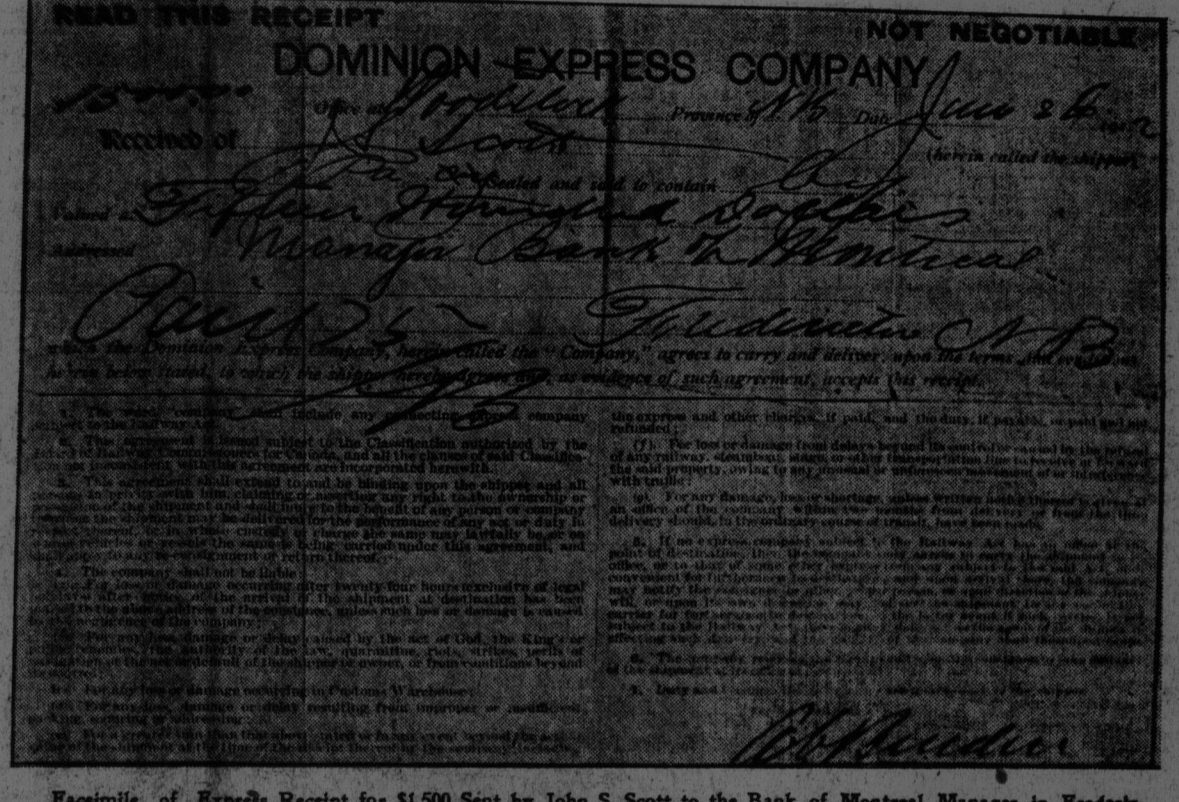

Mr. Carvell—Did you get the money? Mr. McLeod—That is not a pertinent question at this stage of the performance. I will tell everything fearlessly in good time. If you are going to go into private transactions between lawyer and client you will have to go down the line to every Italian ditch digger and investigate his private matters.

STRIKE SITUATION IS SERIOUS

Ottawa, July 21.—(Special)—At the office of the prime minister, the Hon. C. J. Doherty, minister of justice, and the superintendent of immigration, this morning there was much anxiety manifested over the Hindu situation, at Vancouver. The hope, of course, is expressed that the departure of the Hindus may be brought about without bloodshed, but the officials are apprehensive that the determination of the Hindus to resist Canadian authority may lead to serious consequences.

Vancouver, B. C., July 21.—Not since the anti-Asiatic riots of 1907 has Vancouver been so worked up as over the threatened battle of Burrard Inlet. Since the failure of the police attack during the midnight hours on Saturday, such a feeling has been aroused and the wharves and other vantage points have been crowded with spectators staring at the determination of the Hindus to resist Canadian authority.

"We are all wage slaves in this country anyhow, so the Hindus wouldn't care any difference," is the cry from this section of the public. Then another view is that the government has used unjust discrimination against the Hindus.

AWAITING ARRIVAL OF LABOR MINISTER

Everything seems to be quiet today in the street railway situation and no new developments were reported. It is expected that there will be no action until after the conference between the minister of labor and the representatives of the company.

WOMAN IS DROWNED WHILE BATHING IN THE RIVER AT MATAPEDIA

Campbell, N. B., July 21.—Mrs. Margaret Gallant of Balmora, a few miles from Campbellton, was drowned today while bathing in the Matapedia river. The body was brought to town last evening to the home of her sister, Mrs. John Boudreau.

MUST HAVE CARE FOR FOOT PASSENGERS

Thomas Morrissey charged with driving furiously around the corner of German and Britain streets and injuring James Mulheira was fined \$4 by Sittings Magistrate Henderson this morning. Morrissey said he could not hold the horses. Mr. Henderson pointed out that he was not supposed to drive faster than a walk going around a corner. It was also pointed out to Morrissey that there was a by-law forbidding a driver to pass a street car which had come to a stop for passengers to get on or off.

FORT HOWE PARK

The committee in charge of the Fort Howe Park project, after making enquiries of the department of the interior and also of Hon. J. D. Hagen, as to the progress being made have been informed that on July 15 the firm of Herries and Hall were instructed to take up the work of preparing plans for the park as quickly as possible.

MONCTON CHURCH

A concert in aid of the new St. John's church, Moncton, has been set for the local board of trade for the benefit of local builders who may care to examine it.

TEN CARDINALS AT GREAT CONGRESS

Two Hundred Archbishops and Bishops Also There

THIS YEAR AT LOURDES

Special Interest in Eucharistic Congress—Pontifical Mass at Famous Shrine by Cardinal Who Will Represent the Pope

Lourdes, France, July 21.—Ten cardinals, and 200 archbishops and bishops from all parts of the world are to attend the international Eucharistic Congress to be held here this year, starting tomorrow and lasting until July 29. The special importance is attached to the conference this year, because it is the first in France since the separation of church and state and because it is the twentieth anniversary of the foundation of this world-wide movement, the first conference having taken place in Lille in 1890.

The Pope will be represented by Cardinal Granata Di Belmonte, Genoa, who will preside over the sessions of the congress. Every day there will be meetings of the sections, the most important of which are the French, British, American, Italian, Czech, Austrian, German, Spanish, Flemish, Wallonian, Polish and Hungarian. A general assembly of all the delegations will be held on July 29 to consider the resolutions of the various committees.

On Sunday morning the presiding cardinal will celebrate pontifical high mass before a temporary altar erected in front of the historic grotto. He will be assisted by several cardinals and a picked choir of 200. The space between the grotto and the river will be reserved for the cardinals, archbishops, bishops and prelates. A general assembly of all the delegations will be held on July 29 to consider the resolutions of the various committees.

Advocates of the navy bill the incident as a convincing argument. "Just imagine," they say, "there is the Dominion of Canada laughed at and reviled by 302 Hindu men and no naval force handy to deal with the disturbance. If Canada had a naval squadron on the Pacific the matter would have been settled long ago."

People closely in touch with the situation here this morning did not believe that the Hindus would give in. "If they do not show the white feather at the last moment, and decide to fight, it will be no soft scrap they will put up," said one official. "If they elect to fight, in the trenches, half starved and with the disturbance, if they are likely to fight just as long as they can stand. Either there will be trouble at all, or they will resist to the last ditch," added the official, as he hurried away to join a party of Hindus who were ready to go out to the Rainbow.

Vancouver, B. C., July 21.—The Rainbow, owned by Vancouver Harbour and Pacific, has taken up an anchorage near the Komagata Maru.

PERSONALS

Henry Warner and William O'Keefe have returned home after a two weeks' vacation spent on the Belleisle. Mrs. W. J. Ritchie is resting comfortably today and expects to be out by the end of the week. Mrs. John J. Mullin, accompanied by her grandchildren, Josephine and Arthur Dorey, is visiting Mrs. Martin McGuire at Golden Grove. Mrs. Walter K. Whippley, of Fort St. John, is visiting Mrs. W. T. Lilley, 65 Middle street, St. John West. David J. McHale, who has been visiting Mrs. M. Matthews, who has been spending the last week with her.

DIED IN LYNN

Mrs. Elizabeth Brown Well Remembered by Older St. John People Many of the older citizens of St. John will learn with regret of the death of Mrs. Elizabeth Brown, which occurred on July 8 at the home of her daughter, Mrs. Leonard Cleaves, of Lynn, Mass. Mrs. Brown was a daughter of the late Captain Duncan McKellar, an old time St. John shipmaster, well and widely known in the palmy days of our golden ships. She was born in St. Andrews, but came to St. John when very young. She is survived by her husband, Philip Brown, one daughter, Nellie P., wife of Leonard Cleaves, of Lynn, Mass., and two grandchildren, Philip, and Jessie E. Cleaves. Mrs. Brown was a sister of Duncan McKellar of the St. John Customs, and Neil McKellar of West St. John. She last visited St. John about four years ago.

CLASH OF INTERESTS?

One of the matters which is said to be coming before the county council this afternoon, is an application from the New Brunswick Telephone Co. to restrain the street railway company from laying their rails on the right hand side of the Main road, where the telephone company's wires are strung.

ACCIDENT

Frederick Larcen was injured this morning while at work in Fleming's foundry. He was taken to the hospital where he was attended to by Doctor Malcolm.

**MILLION DOLLAR MYSTERY**

Unique to Begin Big Serial Story Next Monday, in Conjunction With Daily Standard—\$10,000 Prize—Prizes Raised For the Days Million Dollar Mystery is Shown

The Unique has taken a forward step in announcing to begin next Monday, in conjunction with the daily Standard, what is claimed to be the most engaging and extensive serial picture drama yet produced. The Boston Globe, New York Globe, Chicago Tribune and Montreal Star and other leading journals in the largest cities are collaborating with the leading picture houses in those cities in presenting the Million Dollar Mystery a serial from the pen of Harold McCarty, produced by the Thabonhouse company. This story which is creating a sensation wherever shown represents, it is said, an enormous cost to the Unique management who therefore announce that for Monday and Tuesday during the run of the Million Dollar Mystery the price will be ten cents at night, and ten and five in the afternoon. Arrangements have been completed for the Standard to publish the story weekly, the first episode appearing next Monday morning. The Million Dollar Mystery will be seen at the Unique every Monday and Tuesday. Each episode chapter requiring two reels, for twenty-two weeks.

The pre-eminence feature of this great serial story is possibly the fact that \$10,000 is being offered to the man, woman or child who solves the best solution of the mystery, every patron having an equal chance to secure the prize. The Standard Monday morning, and the Unique afternoon and evening, and then Tuesday. More particulars during the week.

**MORE READY MONEY FOR ALBERTA FARMERS**

Edmonton, Alta., July 21—More ready money for the farmers of the Province of Alberta. That is the programme of the Alberta government, according to an announcement made by Hon. Charles R. Mitchell, provincial treasurer. He said—We shall use our best endeavors to secure this for the farmers. This does not mean cheap money. Money is not cheap at present in this or any other country, and it is likely to become dearer.

The government is preparing to take action along the lines recommended by the commission, headed by Dr. Henry Marshall, Toronto, president of the University of Alberta, which toured Europe last year in the interests of Alberta, studying the question of rural credit.

"This credit will be extended only for constructive and profitable purposes and may be so nominated in the bond. We believe that, besides improved and additional financial facilities, there will be better and more purposeful plans for farming and all branches of agriculture throughout the province in the future."

**WAR OF AUSTRIA AND SERBIA**

Berlin and Vienna Bourses Excited Over Matter—Grows Out of The Recent Assassinations

London, July 21—Despatches from Vienna and other capitals indicate a growing tension between Austria and Serbia. It is asserted by Austrian newspapers that an Austrian investigation into the recent assassination of Archduke Francis Ferdinand and his wife tends to establish at least the indirect complicity of Serbia and that the Austrian government will make strong representations at Belgrade.

A prominent Cragov newspaper declares that Austria is determined to use this opportunity to settle in her own favor both the Serbian and Albanian questions and that she is negotiating with Turkey and Bulgaria.

There was a semi-panic on the Berlin and Vienna sources yesterday dig to rumors of a possible war.

**HERE IS NEW GAME REPORTED BEING TRIED IN BOARDING HOUSES**

There are a few men in this world who make their living by their wits and it is one of this class that has been operating about the city.

He applies at a boarding house for lodging and meals and professes to be very particular, wanting the best room available all by himself. Then he offers to pay a month's board in advance but cannot do so at the moment as he has to cash a check. He invariably comes just before meal time and says that he will go right after the meal and get the check cashed.

Those who have taken the stranger in say that when he gets his meal he leaves and that is the last that is seen of him. In one case the man came just before supper and said that he was here as an electrician with the C. P. R. and would be in the city for four months. A room was prepared for him and he was asked to sit down to supper. He did so and immediately afterwards the proprietress proceeded to entertain him with music, etc. He was to get "this check" cashed in the morning. He spent the night in the most comfortable room in the house, but he has not yet returned.

**BORDER CELEBRATION OF HUNDRED YEARS OF PEACE**

Macquarie Island, Mich., July 21—The preparation of a programme for a celebration by border states and provinces in honor of 100 years of peace between Great Britain and the United States, was the principal object of a meeting of the American Peace Centenary Committee here today.

Among other things it was hoped to bring about the organization of an American-American-Newfoundland committee to co-operate in arrangements for the placing of international boundary monuments and for maritime pendants, including a marine parade from Buffalo to Duluth, touching both Canadian and American ports.

**RING BURNED INTO HER FINGER AS SHE TRIED TO FIX ELECTRIC IRON CORD**

Spokane, Wash., July 20—This year's diamond will withstand the intense heat of electricity sufficiently strong to melt the gold in a ring on which it is mounted was demonstrated in a peculiar accident that befell Miss May Udell, of Spokane. The cord of an electric iron had become detached and while trying to replace it Miss Udell brought both rings and the exposed metal wire in contact with the gold band of the ring. There was a flash and when Miss Udell had recovered from the shock she realized that the molten gold band was burning into the flesh of her finger. By the time she managed to get the band off the finger was cooled almost to the bone. The prongs of the gold setting were melted into a black lump.

The diamond, meanwhile, had disappeared. Miss Udell called the Washington Water Power Company, which sent an employe to investigate. The stone was found, blackened by smoke, but in perfect condition. A jeweler's examination revealed that the stone had not been in the least impaired. "A paste diamond would have been consumed immediately, but a good stone would stand the fall-out of the ordinary are light," said D. F. Henderson, an electrical expert. "A diamond is a nonconductor, but gold is a good conductor, and when both strands of the wire touched the gold band a circuit was caught that exposed the full current."

### NOT MR. FLEMING ALONE

The Moncton Times calls for the resignation of Premier Fleming. Apparently that journal would like to see the government reorganized, with Mr. Fleming left out, and would perhaps be satisfied to have affairs go on without an appeal to the people. If that is the view of the Moncton Times it does not agree with the view expressed by the St. John Globe, a former very strong supporter of Mr. Fleming, which calls for a general election as well as a reorganization. The childish attempt to make Mr. Fleming appear as the unfortunate victim of the designing Mr. Berry, and to absolve the rest of the government from all responsibility in this matter, must fail because it is childish to the point of absurdity. It would be an injustice to let Mr. Fleming go down alone, and probably has no intention of submitting to decapitation and leaving his colleagues to go on complacently wearing the mask of superior political virtue. The Royal Commission has not yet completed its investigation. The whole story has not yet been told. The revelations in connection with the Southampton Railway and the timber leases naturally lead the people to expect others of a startling character in connection with the Valley Railway. But, if the inquiry were completed, and the Fleming government were to be judged upon its record as already revealed, there is enough to condemn it utterly in the estimation of the people of this province, always of course excepting the grafters and the hide-bound partisans. The people will not forget that Premier Fleming was returned to power in 1912 with only two opponents, and with the finest opportunity any premier of this province ever had to reform the administration. The kind of reform and the extent to which it was pushed is now known and read of all men, and Mr. Fleming and his colleagues must go.

### SIR WILFRID LAURIER

The announcement that Sir Wilfrid Laurier will visit New Brunswick last week in August is hailed with the greatest pleasure by all members of the Liberal party, and with hardly less satisfaction by some who voted Conservative in the last Dominion elections and now regret that they did so. The Conservatives were confident when Sir Wilfrid's party was defeated in 1911 that the country was destined to have a long period of Conservative rule. Not only was the Tory-Nationalist alliance triumphant in the country at large, but most of the provinces were under Conservative government, and the outlook therefore presented a rosy aspect to the Tory partisans.

But many things have happened since 1911. Not only has the government failed to give expression to the feelings of the people of Canada in the very important matter of naval defence, but it has refused to take any action to lessen the burden of taxation and reduce the cost of living. Its very slight revision of the tariff has been of more benefit to the manufacturers than the consumers. Even its own followers, who had been impressed by the repeated assertions that the Laurier government was hopelessly corrupt, have been greatly disappointed to find that in spite of numerous Royal Commissions nothing has been discovered to reflect seriously upon the Laurier administration; while, as in New Brunswick, some inquiries into the conduct of Tory administrators have produced results of a character to make thoughtful people turn toward the Liberals for redress.

Since 1911 the cause of the Liberals has steadily gained ground in Ontario, Quebec, Manitoba and New Brunswick, and indeed Mr. Borden has been losing ground all over Canada. Sir Wilfrid Laurier, who gracefully accepted defeat in 1911, very quickly proved that if defeated he was not dismayed. He recognized the character of the forces which had been combined against him, and knew that they could not for a long period retain the respect and confidence of the Canadian people. His opponents had fondly hoped that the Liberal chieftain would retire, but at the very first opportunity he told his party that he was prepared to lead them as cheerfully in adversity as in the days of their prosperity. No one then dreamed that the Borden government would be guilty of so many blunders and lose ground so rapidly in the country as has been the case since 1911, and it would not then have been believed that the people would today be so weary of Tory administration.

Sir Wilfrid Laurier will receive a royal welcome in New Brunswick.

### A PERTINENT QUESTION

"In view of all the evidence given here and of your own evidence do you think that Mr. L. A. Dugal was justified in laying his charges in the legislature?" The above question was asked Mr. Fleming by Mr. Carvell yesterday and was ruled out. It is a question, however, that is being asked by the people all over the province. It was discussed by a group of Conservatives the other day, and beside it were placed questions

### AMALGAMATION OF FOX INTERESTS MEANS LARGER DIVIDENDS

Fur Producers Limited, One of the Largest in World, Handle Production on Novel Lines—Create Reserve Fund

It is very apparent that the silver black fox industry of Prince Edward Island is undergoing a process of amalgamation. All authorities agree that it is in the best interests of the industry as a whole that fox companies should be larger and that they should create a reserve fund and conservation of foxes from year to year, thus increasing the value of the stock to the investor. By doing this it insures the stock being negotiable at all times, even at a premium.

Perhaps one of the strongest articles on the subject of large companies was written by Mr. Anderson in the Charlottetown Guardian, an extract from which is reprinted herewith: "In certain parts of Prince Edward Island there are as many as thirty small

foxes in a single tract of land. The size of the demand is around a half carat. To get a fine blue white, perfect stone of this size to sell around \$100.00 is some thing that most stones have given up as impossible.

### WE HAVE THEM

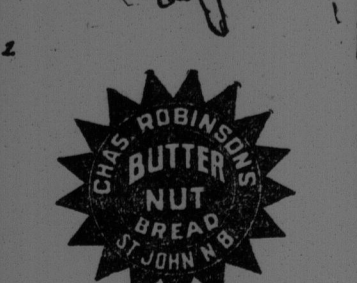

WE HAVE JUST RECEIVED A PAPER OF THIS SIZE THAT ARE PARTICULARLY FINE

It's our opinion that you will not find as fine a lot of 1/2 carat stones in any other store in the city at any price.

These stones may be mounted as Solitaires, Twins or Hoops.

ranches with "Class A" foxes within a radius of a few miles. These ranches have thirty keepers living in thirty houses, thirty night watchmen, thirty boards of directors and so on. This is an extravagant waste when one keeper, one night watchman, and one board of directors could do the work equally well at a fifth of the cost. Just imagine a keeper, night watchman and board of directors for three pairs of foxes when they could just as well look after fifty. The cost of food purchased in wholesale quantities and administration expenses would be much lessened. It is high time for ranchers to realize what this means and to get together.

Few will argue the soundness of the writers and contentions, few will dispute the fact that efficient organization and extensive operations mean lower expenses and greater possibilities for good profits.

Fur Producers Limited, is the only ranch in Prince Edward Island with one hundred foxes. It is also claimed that it is the only ranch with a five foot "dead line" between each of the pens, making the spread of contagious disease practically impossible. The "dead line" was adopted upon being recommended by Dr. Higgins, chief pathologist of the Dominion government at Ottawa.

Fur Producers Limited, which is located within four miles of Charlottetown, and is up-to-date in every respect, embodying the most improved features for protection. Frank Dupin, one of the most successful pioneer ranchers in Prince Edward Island, is supervisor of the ranch. Still the directors are determined that the success of the company shall not depend upon any one man, and the services of another successful rancher, with an excellent record, has been secured to give the feeding and care of the foxes his personal attention. His assistant is also a man, who has been under the tutelage of experts for more than a year.

It is an admitted fact that a company the size of Fur Producers Limited can employ the services of the most successful men, and the services of such men will cost proportionally less than inexperienced men. The directors are unquestionably operations mean lower administration expenses, and the efficient management. This applies just as forcibly in fox production as in any other business.

The foxes in Fur Producers Limited are the highest quality in the province. The direct progeny of the stock which has brought the world's highest prices. They are guaranteed to be such by the Fur Farmers' Bureau, Charlottetown, and this organization has the unique distinction of positively refusing to handle any other type of fox. On this basis the permanency of the industry is unquestioned.

D. J. Bennett, director of the Fur Farmers' Bureau, Charlottetown, is in the city and is stopping at the Dufferin Hotel. Any enquiries addressed to him will be answered promptly. He will also be pleased to make appointments with any parties in the city wishing to secure full information regarding Fur Producers Limited, and the fox industry in general.

The Metropolitan Fox Exchange, Canada Life Building, and J. S. Currie, Box 50, City, are also in a position to supply information on the same proposition.

### Where Shall I Invest My Money?

This is a question that often bothers us when we have any surplus money. Some people are born rich and do not have to provide for independence, others are looking for investments that will bring them in good dividends. The Silver Black Fox Industry in P. E. Island has made thousands of investors wealthy. In 1913 alone, 30 companies paid to their shareholders an average cash dividend of 105 p. c. Is there any other industry that would do this? 1914 dividends will be even greater than before. Now is the time to invest. Send in your application today to the

### St. Lawrence Silver Black Fox Co., Ltd.

Head Office—Charlottetown, P. E. Island

Foxes Capitalized at \$17,000 PER PAIR

This capitalization included all expenses for the first year up to September 1, 1914. In other words, the breeding stock will be ranches, cared for, fed and all expenses paid for the first year without any cost whatever to the shareholders. Instead of paying the 10 per cent to 85 1-8 per cent. increase charge paid to most ranches this money will go directly into the pocket of the investor.

Your investment is Protected

Each director is placing practically all his fox investments in this enterprise and the directors have their interests so involved in this ranch that they cannot afford to let their interest and watchful care lapse for a moment. The best breeding stock has been secured and one of the strongest, safest and most convenient ranches yet established is being erected and equipped.

#### CITY HALL DRIVE ORANGE ST. BLOCK

But Council Won't Provide Permanent Sidewalks

TENDERS ACCEPTED

North End Work and Street Railway Plans—City Will Pay Hospital and Funeral Expenses of Policeman O'Leary

The common council met yesterday afternoon with the mayor and all the commissioners present. Tenders were ordered called for the paving of Orange street between Jersey and Wentworth streets to be covered by bond issue, abutters to pay half the cost. No provision was made for sidewalks.

A tender for cast iron pipe from W. H. Thorne & Co. for renewing the water service in the sheds on the west side was accepted. The amount is \$722.77. The laying of a six-inch main from Kennedy street to the head of Rowan's wharf was authorized.

The St. John Railway Co. was granted permission to place a permanent turnout at the corner of Main and Mill streets, connecting their Paradise row and Main street lines direct. An offer of free light will be made by the city. The railway company was also given permission to remove some of the granite blocks in Main street which they brought their rails up to the street level.

Renewal leases were granted as follows: To Catherine Thompson, part of lots G and H Brooks ward, to W. J. S. Thompson, part of lot H, Brooks ward. The council decided to purchase 2,000 books descriptive of St. John now in course of preparation.

The council authorized the building of a retaining wall and laying of a sidewalk in front of A. B. Clark's property, Lower street west. Mr. Clark to pay half the cost of the sidewalk.

Com. Wigmore recommended that a six-inch main be laid in conjunction with the marble cove sewer, extending from Kennedy street to the head of Rowan's wharf, at an estimated cost of \$1,100. The commission on this section without fire protection. Com. Russell recommended that the tender of James H. Pullen of \$870 for painting an exhibition building be accepted and so carried.

Com. McLellan moved a resolution that the sickness and funeral expenses of Special Officer Frank O'Leary be paid by the city from general revenue. The motion carried.

Commissioner Potts said that he thought the city had been generous in what they had done for O'Leary's mother. The conditions that led up to the sad affair, he said, were a result of the system under which the city was working. He thought that the city had already fulfilled its duty.

Com. Russell recommended that the tender of W. H. Thorne & Co. for 1,830 feet galvanized iron pipe ranging in size from two to eight inches and twelve flanges, of the same dimensions, for renewing the water pipes at the Sand Point warehouses, for the sum of \$722.77 be accepted, this being the lowest tender. Carried.

 The annual summer clearance sale at F. W. Daniel & Company's, begins Thursday morning, July 23. Prices and clearance costs will be sacrificed where a clearance of summer goods is necessary. Every department head has orders to clear decks and make room for goods coming in. Do not forget the sale begins on Thursday. See advertisements page 5.  
**SUMMER ADVERTISING PAYS**  
 Too many business men have allowed the quitting habit to interfere with summer advertising. There never was a reason for it. If a cold cure—Laxative Bromo Quinine—can be successfully advertised in summer, surely your goods should be featured all the time. The Laxative Bromo Quinine people quadrupled the space used in summer, and as a result increased their sales to seven million boxes, requiring ten tons of quinine alone—one-third of all the quinine produced. Dull seasons come because you quit and invite dullness. Regularly your space, advertise regularly and escape the dull season.

 THE Gurney-Oxford nears perfection this year. It has many splendid points, of which these are the most important—  
 The Gurney-Oxford Economizer (not to be had on any other stove) is such a convenient method of regulating the fire and saving fuel that it certainly should be on the stove you buy.  
 The fire is supported on grates that supply lots of air; coal doesn't smoulder, it burns, leaving clean, clear ashes—not clinkers. Clinkers mean waste.  
 The heat goes directly to the oven where it should—over and under and around the oven, heating it evenly in every corner. It can't get up the chimney; it must do its work. These, briefly, are the devices that make the Gurney-Oxford the most perfect piece of stove mechanism ever devised.

**The Best Quality at a Reasonable Price**  
**You Can Afford To Wear Diamonds**  
 Diamond prices are based on actual intrinsic worth. Stones purchased of a reliable dealer possess real value that neither time nor wear can depreciate. This fact makes Diamonds the most economical gems you can buy. Then, too, the Diamond is perpetually fashionable.  
 Size is a factor in Diamond value—but for the one time when a large stone is appropriate, there are a hundred times when the medium size or small Diamond is preferable.  
 Genuine Diamonds are on sale at Sharpe's for as little as \$10.  
 Exquisite Diamond Rings can be had for \$25, \$50, \$75 and \$100.  
 Combination Diamond Rings—Diamonds with Emeralds, Rubies, Pearls, Sapphires and other jewels—are priced at \$12 to \$80.  
 Will you let us show you Diamond jewelry?

# Your Chance to Become a Partner In FUR PRODUCERS LIMITED

## Biggest Fox Ranch in The World

The biggest Company in the world with the best foxes and the lowest ranching cost. Fur Producers Limited has an expert rancher, competent assistants, a qualified veterinary and a modernly equipped ranch.

What is more, the Company will be the most influential of its kind, with world-wide connections. You will have better chances to secure a good average dividend in a Company with one hundred foxes, as a better average can be secured.

Then, again, administration expenses will be proportionately less in a Company the size of FUR PRODUCERS LIMITED. And any person will appreciate the fact that the stronger the organization the better the protection, and the greater are the possibilities for profits.

The greatest feature of all is the fact that the Fur Farmers' Bureau and Exchange, Ltd. (with its organization of nearly one hundred men, located in Canada, Europe and the United States) stands back of this proposition, and have given it their seal and sanction.

The Fur Farmers' Bureau has never in its history handled anything but strictly "Class A" propositions of the highest type—pure Prince Edward Island Silver Black Foxes.

The Fur Farmers' Bureau employs a board of experts to investigate every proposition they become identified with it, and this certainly protects the investor.

The Fur Farmers' Bureau also markets the product of the different ranches they are connected with, and this means protection—safeguard—dividends.

Perhaps no person in the Black Fox Industry has made a greater success of fox raising than has Mr. Frank F. Tuplin.

There will be no experimenting in FUR PRODUCERS LIMITED—every man who has anything whatever to do with the foxes is experienced and practical. What does this mean? It means that FUR PRODUCERS LIMITED is a safe and sound investment proposition, with the absence of risk, and has the possibilities for big profits.

Isn't it reasonable to conclude that your investment is safest on a ranch that does not have to experiment—in a ranch that is managed and managed by competent, efficient men, who have "made good" in every sense of the term.

If you wish to eliminate every speculative element and make your fox investment a permanent thing, then you'll acknowledge the advantages of FUR PRODUCERS LIMITED by a signed application for shares.

**THE BIGGEST COMPANY**  
 WITH THE SMALLEST EXPENSES

Can you conceive of a stronger combination than the biggest company in the world with the smallest expenses. One means the other, and both mean the same thing—business economy.

Any one and everyone will admit that the expenses in a company with one hundred foxes will be proportionately less than a smaller one; inasmuch as only one night watchman will be necessary in FUR PRODUCERS LIMITED in place of ten night watchmen in ten five-pair companies. It also saves the cost of buildings to house the watchmen and caretakers. One man can just as well look after twenty-five pair of foxes as five pair, and the cost of food in large quantities will be proportionately less to the shareholders of FUR PRODUCERS LIMITED.

**THE BEST FOXES**  
 THAT MONEY CAN BUY

The foxes in FUR PRODUCERS LIMITED are very best that money can buy—there will be nothing better to be had anywhere, at any price. In fact the Fur Farmers' Bureau and Exchange Ltd., would not place their seal on the proposition unless the foxes contracted for were POSITIVELY the best on the market. They are all to be selected from strains with prolific propensities, and are all the progeny of the stock which brought the world's highest prices on the London market.

**EXPERT FOX RAISER**  
 WILL HAVE SUPERVISION OVER RANCH

Perhaps no person in the Black Fox Industry has made a greater success of fox raising than has Mr. Frank F. Tuplin.

There will be no experimenting in FUR PRODUCERS LIMITED—every man who has anything whatever to do with the foxes is experienced and practical. What does this mean? It means that FUR PRODUCERS LIMITED is a safe and sound investment proposition, with the absence of risk, and has the possibilities for big profits.

Isn't it reasonable to conclude that your investment is safest on a ranch that does not have to experiment—in a ranch that is managed and managed by competent, efficient men, who have "made good" in every sense of the term.

If you wish to eliminate every speculative element and make your fox investment a permanent thing, then you'll acknowledge the advantages of FUR PRODUCERS LIMITED by a signed application for shares.

**BARE COST**  
 RANCHING ARRANGEMENT

This is often the dividing point between a good and not-so-good fox proposition.

While some ranches charge on the basis of from ten to 33 1-3 per cent. of the production of young foxes for keep, the foxes in FUR PRODUCERS LIMITED will be ranched at actual cost—and this means even less than actual cost in a small proposition, as food purchased in wholesale quantities will be purchased at a saving.

And, mind you, amateurs will not be employed to care for these foxes. The ranch supervisor will be Mr. Frank F. Tuplin (the most successful pioneer rancher in Prince Edward Island)—and even his assistants are experienced men, who are eminently qualified.

Think of what this means to the investor in the way of security and protection.

**8 PER CENT. INTEREST ALLOWED**

TERRIBLE PERIL OF SLEEP THREATENS TRANS-ATLANTIC FLYER!

Motors' Deadly Drumming and Hypnotic Glare of Boundless Water Will Make Birdman Porte's Flight Continual Fight To Ward Off Sleep

The siren sleep presages most peril to daring birdman skimming over Atlantic ocean. Latest is new picture of Lieutenant Porte, who will have to battle with his worst enemy, sleep, on flight to Europe.

Porte, sailor of the Atlantic skies, has no such pleasant praise for "bird" sleep. It is to be his worst enemy, more like an evil steed, luring him to destruction, than like a gift from heaven.

ANXIOUS TO HEAR BERRY

Com. Fisher Urges Government to Try to Get Him

North End Work and Street Railway Plans—City Will Pay Hospital and Funeral Expenses of Politician O'Leary.

With the exception of the evidence of W. H. Berry the investigation of the Dugal charges against Premier Fleming in connection with the crown limber limits grant fund was completed yesterday. Commissioner Fisher strongly urged the government to make some effort to secure the attendance of Mr. Berry and it was decided to hold the case open until the evidence in the Valley railway case is completed.

Premier Fleming was the only witness yesterday and, although he remained receiving a letter from W. H. Berry after the latter had left for Boston, he failed to recall many other things regarding which he was asked.

Commissioner Fisher—in connection with Mr. Berry, I think the government should make an effort to bring him here. I would be averse to seeing the case closed up without an effort to bring him here. I have said that he was no longer an employee of the government.

But he was an employee of the government when these acts were done and the government would be thoroughly justified in asking him to come before the commission and testify.

Mr. Fowler said that the attorney-general was before the commission the other day and said that he knew of no way by which Berry could be brought back.

Com. Fisher—The attorney general could make a request to him to come.

Mr. Fowler—I will communicate with the attorney general.

The chairman then announced that so long as the evidence was being taken in the Valley railway case, they would hold the matter open so that Mr. Berry, if he were forthcoming, might be able to give evidence.

LITTLE FELLOW TOOK SICK WITH DIARRHOEA

Was 30 Miles From a Doctor

Dr. Fowler's Extract of Wild Strawberry Cured Him

Mrs. Fred Schoffp, Pennant, Sask. writes: "I used Dr. Fowler's Extract of Wild Strawberry when my boy was not expected to live. We were 30 miles from a doctor when the little fellow took sick with diarrhoea. He at first would sleep all day, and at night would be in pain, and would have a passage every five or ten minutes. This went on day and night until he began to pass blood. I gave him the 'Dr. Fowler's Extract' and after he had taken it for a short time he was relieved and up and playing with his toys, and is now as well as ever."

There are a number of preparations on the market, today, claiming the same curative powers as "Dr. Fowler's," and also called similar names, so as to fool the public into thinking they are getting the genuine.

There is nothing that can take the place of "Dr. Fowler's."

There is nothing "Just as Good."

Price, 35 cents. The genuine bears the name of The T. Milburn Co., Limited, Toronto, Ont.

To Properly Treat Obstinate Wrinkles

Particularly where wrinkles are long and deep, the massage devotee is apt to rub too hard and too long. This loosens the skin, causes muscles to sag, aggravates the wrinkled condition—just the opposite result from that sought.

Better than massage, or any other plan, for the most obstinate wrinkles, as well as the finest lines, is a formula well known in England, "hich you may readily avail yourself of, as you will have no difficulty procuring the inexpensive constituents from druggists in this country. It is this: One ounce powdered saccolite, dissolved in one-half pint water, heated. Rub the face, neck or hands in this.

The effect is really marvelous, not only as to wrinkles, but also in the case of dry cheeks and chin. Marked improvement is noticed after the very first application. The lotion is cooling and soothing, tending to relieve fatigue and remove "that third look."

Glenwoods lost the first game of the double-header at McAdam on Saturday by six scores to nine, and won the second event, 6 to 5.

In the St. Peter's church league the Thistles won from the Roses by 8 to 1 in a fast six-inning fixture last evening. Batteries—Hansen and Dever; Harrington and Harrington.

The Young Giants last night defeated the young Red Sox by the score of 4 to 2.

The Young Roses defeated the Young Alerts by two runs to one in a closely contested nine-inning event last evening.

One of the most exciting games of ball on the diamond of the Firemen's Park, Fairville, this season was played last evening before about 100 ardent fans, between the Cubs and the Athletics, in which the former won by the score of 14 to 7. Although the score was high, there were several good plays made, the most noticeable being the home run made by Cannary.

The batteries for the teams were: Athletics, Joyce, O'Brien and Comens; and for the losers, Downey, McLeod, Murphy and Cannary.

Fairville League

The Athletics again administered defeat to the Cubs last evening to the tune of 12 to 7 though after the first two innings the game was fast and generally good. For the Cubs Mayner Downing pitched and eleven runners made off his delivery. This slaughter was partly excusable as the team was not all assembled at the opening of the game and the manager had to take the box. This gave the Athletics a tremendous lead, but Cannon faced them in the second inning and put up a different proposition.

O'Brien worked behind the bat. Joyce pitched two innings for the Athletics and in that period allowed seven runs. He was replaced by Comens who delivered nice ball and five men fanned the air in a vain endeavor to connect with his batters. Dick McLeod caught.

The game went five innings and the crowd was appreciative. Comens' playing first base for the Athletics made another home run and now heads the league having two self made scores to his credit. Counsellor Golden's 30 gold pieces is certainly attractive.

The feature of the game was the hard hitting of the Athletics and the stiffening up of both teams after a disastrous start.

Following is the league standing to date:

Rock Sand Dead

New York, July 1.—From Paris comes news that Rock Sand, a famous stallion bred in England and for which August Belmont paid \$125,000, in 1908, died yesterday. He was fourteen years old. Mr. Belmont sold Rock Sand to a syndicate of Frenchmen and Americans two years ago, for \$150,000.

Cleveland Races

Cleveland, Ohio, July 26.—Peter Stevens won the \$8,000 pacing purse The Edwards, today, at the opening of the Grand Circuit meet at North Randall.

Peter Stevens won in straight heats, the only close contest being in the first heat, when Little Bernice got out in front and led nearly all the way. Just before the wire, however, Little Bernice broke badly and the favorite won easily in 2:03.

Omaha won the first heat of the 2:07 trot in 2:08 1/2, outracing Grand Marshall and Newzel the latter the favorite.

MR. COSMAN WILL CONTINUE. Gilbert S. Cosman and A. Ernest Whelpley, carrying on business under the name of Cosman and Whelpley, have dissolved partnership and the business will be continued under the same name by Mr. Cosman.

THEY WIN ANOTHER. The Young Cubs of Orange street defeated the Haas street Stars this morning, by a score of 7 to 5. The batteries were, for Cubs, Thompson and McLean; for the Stars, Ryder and Burns. Greyvry umpired satisfactorily.

DARRAH-CUNNINGHAM. A very quiet wedding took place yesterday afternoon at the home of Rev. J. McCaskill, when Miss Mary Elizabeth Cunningham, daughter of Joseph Cunningham of 44 Millidge Avenue, was united in marriage to Wilton S. Darrah.

eldest son of Mr. and Mrs. Thomas Darrah of Baywater, Kings County, N. B. Among many handsome presents was a very pretty cut glass water set from the F. W. Woolworth Co. department store, where the bride was a member of the staff.

NICE SUM REALIZED. The ladies of St. Andrew's Presbyterian church, Hammond River, held a very successful tea, sale and entertainment in Nauwigewank Hall on Friday evening, July 17. The sum of \$128 was realized. It will be used in making repairs to the church.

WELL OUT OF TROUBLE. A young lad named Fred McFris of Marsh road narrowly escaped injury last evening when a horse he was driving ran away. The animal belonged to Thomas Hayes and young McFris was driving to his own home. Part of the bridge broke at Haymarket Square and the lad dropped from the horse's mouth. It immediately started to run at a fast clip and the youngster decided to get out. He jumped over the back of the seat and into the street without hurting himself. The horse and vehicle escaped damage.

HAD GOOD TIME. The children of Barnouth street church enjoyed yesterday at Rotheray, Rev. W. G. Lane met many of his congregation for the first time and made himself very popular. Most of the arrangements were made under the direction of James Myles and were successfully carried out. A baseball game was played by the members of the Sunday school and members of Glad Tidings branch. William Case was umpire. The party returned home in the evening after a pleasant day spent by all.

When you've ordered Silk do you accept Sateen? Almost a foolish question, but—not quite!

There are still some people who order Kellogg's Corn Flakes and are given a substitute "just as good"—and accept the imitation.

The difference between Kellogg's CORN FLAKES and the "just as good" kind is even greater than the difference between silk and sateen.

The great difference is in the flavor and the nutrient. Be sure that you ask for and get Kellogg's. It is the original.

POLITICAL POT IS SET BOILING

Looks Like Plan To Put Premier Flemming Aside

BAXTER FOR GOVERNMENT

Some Activity is Noticed—Meanwhile Comes Story of Mysterious Mr. Smith in Conference With W. H. Berry

There have been many and anxious conferences among leaders and would-be leaders of the Conservative party in this city during the last few days. All hope of going on with Mr. Flemming as leader has been abandoned. The fact that such stout champions of Mr. Flemming as the Moncton Times and St. John Globe have openly declared that he must go has convinced the sorely worried partisans that a new deal must be arranged. It is feared that if the party itself does not take action the lieutenant-governor may intervene.

So far as can be learned the general disposition in the party is to drop Mr. Flemming, reorganize with Hon. Mr. Clarke as premier, and try to hold on to power. J. B. M. Baxter is mentioned as the new attorney-general under re-organization, and his friends are said to have been very busy in the county preparing for a campaign. There is a disposition to avoid, if possible, an appeal to the people, although inasmuch as all of Mr. Flemming's supporters in the house backed up the two million dollar bond guarantee in the face of the Dupar charges, there is some doubt whether it will be possible to go on without the judgment of the people upon the conduct of all of them.

The leaders of the party recognize that they are in son straits and that no amount of abuse of the government which was in power prior to 1908 can divert public attention from the administration which went into power with such fervent and sanctimonious professions of a determination to give the province honest government and put an end to all political wrong-doing. There is a troubled look on the faces not only of members of the legislature, but of their leading supporters.

The fall of Mr. Flemming and the rise of Mr. Baxter appear to be two things determined upon, if only an appeal to the people is avoided. The large can by any exercise of political ingenuity be avoided.

Mysterious Mr. Smith. Another man has sat "check by jowl" with W. H. Berry in Cabinet. He is E. B. Carvell, but a very active supporter of Mr. Flemming in the legislature. Perhaps he would not now say that he is a supporter of Mr. Flemming, but he supports the party. He went down to the border and was met, we are told, by a game warden, who was able to bring him into the presence of the fugitive witness in the timber inquiry. His arrival was not heralded, nor did there seem to be a desire to have it known that he was in conference with Mr. Berry, for when some of the friends of the latter appeared on the scene the member of the legislature was introduced as "Mr. Smith." Whether he was a reincarnation of the mysterious "Henry More Smith" was not stated, but for the purposes of the occasion he was just plain "Smith."

There is no record of what "Mr. Smith" and Mr. Berry talked about, but both are jovial souls, with a wide knowledge of the "resources of civilization," and an exchange of confidences between them would doubtless be a delightful diversion.

Mr. Berry did not accompany "Mr. Smith" to this side of the line, and we are as much in the dark as ever as to the possible date of Mr. Berry's compliance with the wishes of the royal commission, and the people of New Brunswick.

POLICE COURT

Seven prisoners were in the police court this morning charged with drunkenness. Three were fined \$4 ten days in jail as they were not old offenders. One man had not been seen in court since Coronation day. Others were fined \$8 or thirty days.

Two brothers were before the court, one charged with drunkenness and the other with using profane language. Police-man Ward said he found one of them lying drunk on the East Side ferry float and that when he arrested him the other man swore at him. The prisoner said he was on his way to see his sister, who was sick at Musquash and that he was taking some brandy to her, as had been prescribed by a doctor. He was fined \$4 or ten days. His brother was fined \$8 or twenty days for profanity. The fines were paid and a suit case which had been "taken off" one of them was returned.

The case against Alexander Gerge, charged with cutting and wounding Robert Crawford will come up in the police court this afternoon. Crawford was in court this morning and said he had been twice to see Doctor Fleming.

LOCAL GOLF

L. S. Kelly won the Weldon Cup yesterday from F. A. Peters. This is a handicap match, and Mr. Peters gave his opponent five strokes in the eighteen holes. The winner played an excellent game and is one of the most promising of the younger players in the local club. The qualifying round for the championship was completed on Saturday, the first sixteen qualifying. H. N. Stelson turned in the best card. The first round of the championship match is being played this week.

Senator Thorne's Day is set down for tomorrow. There will be men's singles in the afternoon, and in the evening Senator Thorne will give the players dinner at the club house. This event will be one of the most pleasant of the season.

Matches with Woodstock and Halifax are expected in the near future, both to be played on the local course.

A. O. H. EVENT. A successful picnic social was held by the Ladies' Auxiliary of the A. O. H. in their rooms in Union street last evening. The married ladies assisted by some of the younger members of the division acted as chaperones. A delightful programme of vocal solos and instrumental music was carried out.

GOLD WATCH TAKEN

West Side House Entered While Family Are Away—In North Street, Mantel Ripped Off, Wall and Stolen

The house of Frederick Hebert, corner of Tower street and Lancaster Heights was entered yesterday afternoon and a gold watch stolen. Mr. Hebert who is connected with the ordinance store department, was at work, while his wife and children were at the seashore. The back door of the house was closed but unlocked. Mr. Hebert returned before his family and when he arrived he found that the grocery boy had left some goods on the veranda, not being able to get a response to his knocking, but the back door was wide open.

Mr. Hebert ate his supper, which had been left out for him and proceeded to change from his uniform into civilian clothes, when he was putting on his vest he noticed that the watch was gone and the snap on the end of the chain was pulled straight out, as though the watch had been removed with a pull.

The vest was hanging a few feet from a window on the ground floor and it is thought that somebody saw the chain and, entering the house made off with the watch, leaving the door open in his hurry to escape.

Only two or three weeks ago somebody entered the store of Mrs. Baker, almost directly across the street from the scene of yesterday's theft and got away with some money. Mrs. Baker was up stairs at the time, and, hearing a noise in the store, came down. There was nobody in the shop, but a bowl which had contained several dollars in change was lying on the shelf empty.

Nothing smaller or less cumbersome than a slate mantle was the spoil taken by robbers from a house in North street, a Catholic church property, either yesterday morning or the night before last. Entries were made to the house through the back door and the entire mantle was removed and other damage done.

T. M. Burns, agent for the property, was notified and, accompanied by a policeman, visited the place yesterday. They found that the entire mantle had been torn from the wall and taken away and also that part of the ceiling in the bathroom and part of the lead pipe removed.

Some people in that district are complaining of lack of police protection. Only a dog or two ago a portion of a wall was broken down and carried away.

SAYS HUSBAND DRAGGED HER FROM ROOM TO ROOM

Threatened Her With Knife, Says Young Wife

Louis Walsh, twenty-one years of age, was arrested last night for drunkenness and fined \$8 or two months in jail. His wife was in court and laid another charge against him, that of assaulting her on Saturday night. She gave evidence that he was drunk and had another charge against her, that of assaulting her on Saturday night. She gave evidence that he was drunk and had another charge against her, that of assaulting her on Saturday night.

Mr. Walsh said that his husband was drunk on Saturday night and told her to get out of the house. She did not go and she said he chased her with a butcher knife and dragged her from one room to another threatening to cut her throat if she didn't go. She said she then took her two children and went to her brother's, where she has since been living.

Asked by Sitting Magistrate Henderson how she would support her children if her husband went to jail she said she would go to work.

Asked if he had any questions to ask, the prisoner said no, he didn't want to talk with her at all.

CHURCH OF GOOD SHEPHERD PICNIC A GREAT SUCCESS

A very successful picnic was held yesterday at Westfield by the Church of the Good Shepherd, Fairville. The weather man yesterday gave them of his best and a good number of people availed themselves of a day in the country. Races were competed for and fun and excitement, outsiders as well as the church folks participating and credit is due the grounds committee, Charles Hill, Wm. Byers, George Hill and Wm. Gorie, for the excellent arrangements.

Dinner and tea were served in the pavilion by the seniors of the W. A., while the young ladies of the W. A. acted as waitresses. Misses Grace Armstrong and Oga McGuire were in charge of the candy table. Mrs. Nelson and Mrs. Gorie the ice cream, with Chas. Hill and Frank Miller presiding over the refreshment booth.

The sports were well patronized. The winners were: First prize rifle, Andrew Campbell. Second prize, rifle, William Russell. First prize, loop the loop, Mrs. Scott. Second prize, loop the loop, William Small.

First prize ladies' bean toss, Mrs. Wm. Miller. Second prize, ladies' bean toss, Miss Stevens. First prize, gentlemen's bean board, Charles Hill. Second prize, gentlemen's bean board, Charles Compton.

It was said last evening that \$212 were the receipts of the day turned into E. V. Hanna, treasurer, so from a financial point of view the picnic was also a great success.
