CAYNOR AND FINANCIERS ARE AT WAR Wall Street Squirming Under Fire From Mayor

A CASE OF HOLD-UP Refusal of Street to List \$50,000,000 City Bonds Because Printing Job Goes to Concern Not Favored—And Troubles Pile Up

(Special to Times) New York, Feb. 22.—For the first time in many years, Wall Street, usually indifferent to assaults upon its methods of doing business, which have furnished "muckrakers" with rich material for a decade, is squaring under fire. In its defiant refusal to list on the Stock Exchange the \$50,000,000 worth of city bonds recently subscribed by voters, because the municipality, in order to save \$11,000,000 in its "entrap" plan, is going to the job to a bank-note company not approved by the exchange, the Street has stirred the fighting spirit of Mayor Gaynor.

(Special to Times) New York, Feb. 22.—The city's chief executive has given notice that he intends to take the matter to the courts if necessary. By its frank admission that its only reason for withholding its consent to the listing of the city's securities on the exchange is its animus to the favored bank-note company, its officers have inadvertently furnished to those who hold that the exchange is nothing more than a gambling institution, proof of their contention that the intrinsic value of a stock has nothing to do with its admission or rejection and that its listing by the exchange is no guarantee of its merit.

Another Setback Confronted with the development of this move, which it is expected will lead to legislative action for the state regulation of the exchange, the premature exercise of the effort of the financial interests of the Street to get control of the most widely circulated magazine of the country, and the acquisition of the Paper Trust and the largest periodical distributing agency of the United States, through which it hopes to exercise a censorship over some of the muckrakers, has added to its worries. This exposure is expected to turn the spotlight on the so-called "financial departments" inaugurated last year by a number of the magazines, in which its influence is now dominant, in which investors are advised to buy stocks that are well-known mediums for Wall Street exploitation and warned against others that do not lend themselves to wild speculation.

As if this were not enough, the Street has been balked in its plan to merge its independent telephone companies of the country with the Bell system, which it had looked to provide it with the financial basis for the next twelve months. This strategic plan, which would have brought under a single control all the lines of communication in the United States with the exception of the telegraph, has been nipped in the bud by Attorney General Wickham, reinforced by several of the strongest independent companies, which declined to surrender their independence. Forewarned, Wall Street feels that it is in a more than ordinary tight place. "Troubles never come singly."

DEAD IN THE WEST Moncton Man Gets Word That Brother is No More—Scott Cases

HUSBAND ILL, AS WIFE IS BORNE TO GRAVE. Just before the funeral of Mrs. Laura M. Snowden took place yesterday afternoon from her late home in Brussels street, some uncertainty was caused by the placarding of the house for diphtheria. Many of her friends had visited the house. It was learned today at the board of health that the placard was put on because her husband has been taken ill with diphtheria. A board of health officers said this morning that the doctor who had been attending Mrs. Snowden had reported her death caused by a rupture of a blood vessel, due to quincy. After he had made culture and another physician had done the same, he was positive that her illness was not diphtheria, although another doctor had thus termed it. Yesterday, at noon, a report was made to the board that Mrs. Snowden had contracted diphtheria, and a placard was placed on the door of the house, just a short time before his wife's funeral. Mrs. Snowden was last evening taken to the isolation hospital. PERSONALS. Miss Myrtle Holder arrived home yesterday from Vancouver. Mrs. Morton Smith, of St. John, is visiting in Sackville. Miss Elizabeth Powell, daughter of H. A. Powell, of St. John, is the guest of Mrs. Harvey at home of Senator Wood, Mrs. W. G. Smith, of St. John, and Miss Harriette, of Annapolis, are the guests of Mrs. Smith. Saturday afternoon Mrs. Hinton entertained in honor of the visitors. J. McFarlane, of Wall street, is in a very critical condition to the deep regret of his many friends and relatives. Judge M. N. Cookburn, of St. Andrews, is at the Royal. Edgar H. Fairweather returned to the city on the Montreal train today. James D. Seely was a passenger on the incoming Montreal train at noon. J. C. Belyea returned to the city this afternoon on the Atlantic express. Miss Hattie Chisholm, who was visiting friends in the city for a few weeks, left last evening for her home in St. Stephen.

FACTS VERSUS FICTION

A gentleman named Harry T. Devine, of Vancouver, recently permitted himself to be interviewed by the St. John Standard on the subject of the commission plan of government. Mr. Devine was represented as a man of standing in Vancouver, a former assessment commissioner, and the head of a real estate company. Mr. Devine said the commission scheme had been "rattled down the throats" of the people of Vancouver, and they voted for it before they really had any conception of what it meant. He was sure the people would realize their mistake before the new charter was ratified, and would "bury the commission idea forever."

Mr. Devine aired his views at great length; and the Standard headed the article, "Graft and Politics Go with the Commission Plan." Now let us look at the other side. There is a St. John man in Vancouver, who went west some years ago, and is now a wealthy citizen of Vancouver. His name is A. M. Pound, and he is at least as well qualified as Mr. Devine to discuss Vancouver affairs. A copy of the Standard containing the interview with Mr. Devine was sent to Mr. Pound, and he was asked if it stated the case fairly. Mr. Pound replied: "The commission plan was thoroughly discussed here and adopted in preference to a board of control on the present system on a plebiscite. There is no reason to suppose that any regret is felt. It cannot come into operation till 1912. I have interviewed members of the board of trade and other prominent men, who heartily endorse the plan. The general feeling is undoubtedly in favor of commission."

So much for Vancouver. But the Standard also interviewed Mr. Bragg, who championed the board of control, which he said had worked well in some Canadian cities, Ottawa among the number. Let us put Mr. Bragg to the test. On Saturday last the Ottawa Citizen printed a column, yes or no, on this question: "Are you in favor of abolishing aldermanic representation in Ottawa, and substituting therefor a commission elected by the city at large?" A despatch from Ottawa last night stated that of the answers 98 per cent were in favor of the commission plan. Which proves that Mr. Bragg, like Mr. Devine, is not a reliable authority, and that Standard readers who believed either have been greatly deceived.

A FOOLISH ASSERTION

The following extraordinary assertion is made by the St. John Standard: "The proposed Reciprocity agreement is labelled in red letters 'ANNEXATION.' Whether it is passed through Washington by Clark or through Ottawa by Fielding it smells of treason to our Canadian Nationality and our British Connection." The utter silliness of this statement lies in the fact that if freer access to the United States market tended toward annexation it would only be necessary at any time for that country to grant free entry to our products and so gather us into the union. This point is made clear by a speech made by the Hon. J. A. Macdonald, Conservative Minister of the Colonies, which says: "We are now being told that freer trade with the United States will influence the political future of Canada in a direction opposed to imperial unification. This is grossly wrong and simple, and without a single basis in reason. We draw attention to the fact that it is not access to the United States that we want, but access to the markets of the United States. Those who advance this theory seem to forget that it implies ability on the part of the United States to draw Canada into the Union whenever the people of that country see fit. If by admitting certain products free of duty one neighbor can weaken our allegiance to the Mother Country, by receiving all duties from Canadian products they would presumably complete the work of severance. But is there any man who believes that, if the Congress of the United States should pass a law saying that hereafter all the products of Canada should be admitted into that country duty free, Canada would be seized with a desire for annexation? If any one does hold such a view, it would be interesting to know the process of reasoning by which he reaches it."

WE STAND TO GAIN

Premier Murray of Nova Scotia, in the course of his address on reciprocity, at the great banquet tendered him in Halifax last evening, put the case for the fishermen of Nova Scotia in the following striking sentences: "Probably one-third of the population of Nova Scotia live around the coast. Towns, villages and fishing hamlets by the score dot the shore line. I see no reason today why the fishing fleet of Nova Scotia should not increase tenfold. I see no reason why we should not become the principal fish producers of this continent. And yet there are men in this province who would expect the honest toiler of the deep to listen to some befuddled argument of which ignorant and irresponsible newspaper men and politicians impatient for office would do well to let severely alone."

A CONSTITUENCY'S DEMAND

We're strong for tariff don't down at. We want protection modified and modified right quick. We want a good big profit on the things we have to sell. And when we buy we want to save our money just as well. We want our products recognized and used as the whole world over. Public has rights, even though it's not as big as Baltimore. We're industrious and honest and we're not a bit afraid. That we won't produce the goods if we get a chance at trade. We ain't concerned 'bout what they do on coal or iron ore. And as for lumber, there's a load of wood at every door. But organic products should be made a heap more cheap. An' the price of a good motor car is too high. Of course, on butter, eggs, an' corn, an' cabbage an' hay we can't do much. There ought to be a good stiff charge to make the old farm pay. We want plain, simple business, free from all the complications of the tariff. With proper deference to the rights of Polk on the 'Cricket' (Washington Star).

The Evening Chit-Chat

By BUTH CAMERON

NO, I haven't any use for her. The way she fusses over those cats and cuddles them and calls them "baby" is the limit. Nothing makes me more disgusted than to see a woman who ought to have a baby in her arms fussing over a cat or a dog.

The critic was a man.

He criticised a maiden lady of about forty-five who supports herself by doing plain sewing and lives alone except for three cats.

Did it ever occur to you that it might not be the lady's fault that she was saddling a kitten instead of a baby?

Did it ever occur to you that she might long for babies to cuddle for more rationally than you in your satisfied life can even vaguely imagine?

Did it ever occur to you that it was very likely that she desired your sympathy infinitely more than your disapproval?

Maybe instead of a cat it's a case that the childless one embroils a woman's suffrage or the oppression of unnecessary noise or foreign missions.

And again you divide or disapprove and harangue of "Woman's highest duty" and all the rest.

But again let me ask if you have a right to do that?

Have you any reason to believe that if it had been possible for this woman to have a home and babies she would not have infinitely preferred it?

Have you any reason to think that she isn't loving and feeling and caring for a cold, bloodless case instead of a warm little blooded baby merely because she's got to have something to love and circumstances deprived her of the natural thing?

Of course you may say that if she feels all this she might adopt a child.

That is a very big responsibility and a big expense, my friend. A responsibility before which two often draw back, and doubly heavy of course for one.

I know the woman I speak of cannot afford to incur such an expense and that those who can are very few compared with the vast number of childless mother hearts who cannot.

No, call the woman who riddles her cause or her cat instead of a child, unfortunate, and all the synonyms your vocabulary supplies, but unless you are sure you have very good grounds for doing so, for justice' sake don't call her blame-worthy.

CHANGE IN VIEWS IN BRITISH COLUMBIA

Reciprocity Now Favored by Lumbermen, Fishermen and Fruit Growers

Ottawa, Feb. 21.—The reciprocity agreement going out of the chief reciprocity commission which the reciprocity agreement produced. When the terms were first announced the province of British Columbia declared that it had been sacrificed for the benefit of the rest of Canada.

The Pacific coast lumbermen passed a resolution condemning free lumber and the fruit interests declared that their market, which is chiefly in the western prairie towns, would be invaded and taken from them by the fruit producers of Washington and Oregon.

Information has reached the government that sentiment in British Columbia has entirely changed since the people of that province have had time to contemplate the advantages of the broad market which will be opened to them south of the line. The lumbermen have rescinded their resolution of condemnation and have replaced it with another endorsing the reciprocity agreement.

The dairy interests of Pacific approve of the enlarged market which free trade to the United States will give. This change of sentiment will in a measure strengthen the hands of the government in getting the bill through parliament and is therefore received with much satisfaction by the Canadian administration.

The reciprocity agreement was discussed this afternoon by G. W. Kyte, Liberal, of Nova Scotia, who approved the agreement, and Thos. Spry, Conservative, Ontario, who opposed it. Hon. Rodolph Lemieux, postmaster-general, followed. Dr. Spry and showed in a masterly way how the new agreement would benefit Canada.

MR. POWELL ARGUES IN TELEPHONE CASE

The Public Utilities commission, after hearing the arguments of the lawyers on both sides in a complaint against the New Brunswick Telephone Company, adjourned yesterday afternoon until this afternoon when they will probably give judgment on the question of jurisdiction.

Mr. Baxter concluded his arguments in the afternoon and Mr. Powell, who is in charge of the case, submitted an amendment to the allegations, to the effect that the company had declared or paid a dividend of 8 per cent since the passing of the act of 1910.

The declarations were in charge of Mr. M. B. Edwards and Miss Pearl Clark, and they reflected great credit on their artistic and original ability. Tea was dispensed from a large table in the centre of the room, presided over by Mrs. Alex. Jardine and Miss D. D. Robertson.

The table was suspended an immense Japanese sunshade, entwined with evergreens and flowers. The decorations were of Japanese design and brass candle sticks, and chrysanthemums made a pretty setting for the table arrangement.

The convenor of the committee in charge of the table was Mrs. R. T. Leavitt, and she was assisted by Miss Parks, Miss Truman, Mrs. Leith Wilson, Mrs. Douglas McRobbie, Mrs. Gilchrist, Mrs. Garrett, Mrs. Lovingson, Mrs. Henry Page, Mrs. George Fleming, and Mrs. George Robertson. Each of the dinner tables was prettily arranged with candle sticks and chrysanthemums, and several young ladies, given in Japanese costume, acted as waitresses.

The candy booth was especially attractive. It was composed of a laticed work and decorated with roses and Japanese lanterns and was in charge of Mrs. Ralph Bonnell, Mrs. Franklin G. McNeil, and Mrs. Barton.

The ice cream booth was in the form of a reception room, very attractively decorated and fitted up for the comfort of its patrons. It was in charge of Mrs. Joseph Morrison and Mrs. A. W. MacRae. Two service tables were also very daintily arranged.

NOVA SCOTIA PREMIER STRONG FOR RECIPROcity

Hon. George H. Murray, premier of Nova Scotia was tendered a banquet by the Hotel Halifax last night in the Halifax Hotel with 250 present. G. E. Faulkner, speaker of the house, presided. Telegrams regarding inability to be present from Hon. W. S. Fielding and Sir Frederick Borden.

Mr. Murray, reciprocity, Mr. Murray dwelt almost solely to its effect on the fishing industry. He said:

"Probably one-third of the population of Nova Scotia live around the coast. Towns, villages and fishing hamlets by the score dot the shore line.

"And yet there are men in this province who would expect the honest toiler of the deep to listen to some befuddled arguments about endangering the British flag, or injuring the railroads that run east and west. They would even ask him to be banished his sacred badge by condemning a policy that means so much to him and to the generations to follow him. Does anybody say that because the Nova Scotia fisherman sells his fish to an American at better prices, that his loyalty is being impaired?"

Replies to Judge Baron

In the senate in Ottawa yesterday Senator McSweeney called attention to what he regarded as an "extraordinary" interview he had read in the Toronto papers with Judge Baron, chairman of the conciliation board, appointed to hear the dispute between the J. C. B. management and the telegraphers and station agents.

Judge Baron had stated that the J. C. B. should be sold to the Canadian Northern and that it would then yield a revenue of \$5,000,000 in the year. The senator declared that a public servant had no right to boom a railway company and make appropriations on the government road.

ZION CHURCH NOTES

By reason of exchange of pulpits with Rev. W. R. Robinson of wide, Rev. W. Lawson will not give his usual monthly sermon young men's meeting on Sunday March 5 on "Go to While You are Young."

By general request the concert given by Zion Methodist Sunday school last Thursday will be repeated tomorrow evening at 8 o'clock in the church. There will be several new features and the crowd which filled the church will be again large numbers which were so well rendered by the capable little performers. The proceeds are for the "Orphan Home."

Rev. W. Lawson and Mrs. Lawson will go to speak at a missionary meeting in Wood Grove Methodist church this evening. Rev. J. B. Champion is pastor.

Your Danger From Kidney Troubles

BEGINS WHEN YOUR BACK ACHES.

Backache is the first and the sure sign of kidney disease. It is a warning that the kidneys are affected in some way. The kidneys are perhaps the most important organs in the body. It is no wonder then that if the kidneys are affected the whole system must be.

On the first sign of backache Doan's Kidney Pills should be taken. They go right to the seat of the trouble, heal the delicate membrane of the kidneys and make their action regular and natural.

Mr. E. J. Saulnier, Lake Umbagog, N.S., writes: "I take a great deal of pleasure in telling you the benefit I have received from the use of Doan's Kidney Pills. I was troubled with my kidneys for several years; my back was weak, I had terrible headaches and was so restless I could not sleep at night. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again."

Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. M. Curn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

MORNING NEWS OVER THE WIRES

Smallpox at Havelock, Albert county, has been entirely stamped out. The Twelfth Night, in the Opera House in Fredericton last night.

A large barn owned by Jeremiah Murphy, at Lower Norton, was destroyed by fire on Monday night, with a rook of oxen, three head of cattle, fifteen tons of hay and a lot of harness.

Rev. Arthur McComb, who has been in the Albert mission field, has accepted the appointment of the position of curate of the church in Windsor, Eng., and will leave for there on March 3.

Robert Kerr, retiring passenger traffic manager of the C. P. R., was yesterday made the recipient of a silver tea and coffee service from the executive and general officers of the company. Sir Thos. Shaughnessy made the presentation.

In the case of Russell vs. Greenhalgh, the defendant has been given leave to appeal from the decision of Charnley Boyd who directed the case to proceed to trial.

The Canadian government has given notice that hereafter government business will have precedence on Mondays and that the public will be largely attended.

The Irish parliamentary party has decided to take no part in the coronation ceremonies.

The high tea in St. John the Baptist church last night was largely attended, and proved very enjoyable. The games and sports were all well patronized. The City Corset Band will be present and play several selections this evening.

ST. JOHN FISH DEALER, IN MONTREAL, SPEAKS FOR TRADE COMPACT

(Montreal Witness)

W. F. Leonard, of Leonard Bros., wholesale fish dealers in Montreal today from St. John, N. B.

Mr. Leonard said that the majority of the fishing interests on the eastern Canadian coast were in favor of reciprocity with the United States. "Taking a broad view of it," said Mr. Leonard, "I think myself, that the advantages would considerably outweigh the disadvantages, although in special cases and at certain periods we would lose somewhat."

"During the first three months of the year, when our operations are severely hampered by severe weather and storms, and our production of fish is consequently small, the United States dealers would get the start of us. But on the other hand we would secure cheaply certain fancy varieties from Boston and New York, which are now an expensive luxury of the best hotels. The removal of the ten cent per gallon duty on bulk oysters coming into this country would undoubtedly give us cheaper oysters."

"I might mention," he continued, "that the consumption of fish is increasing very rapidly, not merely in pace with the growing population of the country. Whereas thirty years ago a fish item would appear on a hotel menu about once a week, it is now seen two or three times a day. The capital reason for this is that prices of fish have not increased exorbitantly, as has been the case with so many other commodities of daily consumption."

"Stocks have been exceedingly high this year," he concluded, "both above and below the water line, and the demand like been heavy. But methods are improving all the time in our case—our boats, and will undoubtedly improve as time goes on."

Makes the Hair Beautiful

At last a remedy has been discovered that will positively destroy this pest. That Dandruff is a germ is accepted by every sane physician. Dandruff is the root of the hair loss. SALVIA will kill the dandruff germ and remove the itching, redness, and money back. 50c. a bottle at Ricker's Drug Store.

MORNING LOCALS

A petition will be presented to the local government, asking for the appointment of four stenographers for work in the county courts of Westmorland, Carleton, St. John and York. The bill will be dealt with at the coming session.

In Robbsey last evening, Mrs. E. A. Smith, delivered her lecture on Historic London, before a large audience. Rev. G. Farquhar presided. A hearty vote of thanks, moved by W. S. Shannon, and seconded by J. R. Robertson, was tendered the speaker.

At a meeting of the marine engineers last night, held at the residence of Mrs. E. A. Smith, delivered her lecture on Historic London, before a large audience. Rev. G. Farquhar presided. A hearty vote of thanks, moved by W. S. Shannon, and seconded by J. R. Robertson, was tendered the speaker.

A Jubilee Social held last night in Main street Baptist church was well attended. Rev. D. Hutchinson presided, and those taking part were: Mrs. D. Hutchinson, address on the Women's Missionary Society; Mrs. Fred Flewelling, a paper on the life of Dr. Clara Swain; Mrs. Olin Steel, solo; and Mrs. Audrey Mullin and Eva Gallop, duet. Refrainments were given by Mrs. Barton.

The Great-West Life Assurance Company

TWELVE POINTS SUGGESTED BY ITS REPORT FOR 1910.

POINT No. 1. A large new business means that a great many people have decided that The Great-West Life is the Best Company. The Great-West Life issued insurances of over \$14,000,000 in Canada in 1910, a new Canadian record.	POINT No. 2. This was not the result of a spasmodic effort. The Great-West Life has been a leader in Canadian business in four successive years: 1907 \$ 9,491,372 1908 9,698,706 1909 9,861,922 1910 14,369,955	POINT No. 3. A large increase in business in force means that the policyholders are pleased with the policy they have purchased and are glad to renew them. The Canadian business in force of The Great-West Life increased during 1910 by nearly \$11,000,000—another record.	POINT No. 4. The most important factor in producing profits in the interest rate. An increase of two points in this respect will enable any Company to double its profits. The Great-West Life's interest rate is higher than that of any other Company in the world. It is 7 per cent.	POINT No. 5. The investments of The Great-West Life are the safest obtainable. They are practically confined to mortgages on real estate yielding 7 p.c. to 8 p.c. and are secured by property worth more than double the amounts advanced.	POINT No. 6. Next in importance is economy of management. No other Canadian Company has lower expense rates than The Great-West Life.	POINT No. 7. It requires less effort and consequently less cost to sell Great-West Life policies, because the premium rates are the lowest and the profits are the highest. Nothing succeeds like success.	POINT No. 8. The following is an ILLUSTRATION of the unimpaired profits being paid in 1911 on the 20 Payment Life Plan, age at entry 35. Policy issued in 1900 \$ 67,828.25 1901 85 30.83 1902 100 52.00 1903 110 52.00 1904 120 52.00 1905 130 52.00 1906 140 52.00 1907 150 52.00 1908 160 52.00 1909 170 52.00 1910 180 52.00 1911 190 52.00 1912 200 52.00	POINT No. 9. The policies of The Great-West Life are clear, business-like documents, containing all possible privileges—A liberal Disability Cause insuring against disability from accident or disease is contained in all 1911 without extra cost.	POINT No. 10. The following table illustrates some features of the Company business: Business issued in 1910, Increase. and received \$11,914,548 \$1,229,540 Gains in Res. in 1910 4,809,241 Force 10,944,411 4,809,241 New Bus. paid for 1910 3,240,802 Assets 8,400,811 1,284,086 Surplus for protection of policyholders \$1,801,777.	POINT No. 11. The Directors of The Great-West Life are all experienced business men particularly well qualified to manage a Company IN THE W. T. E. M. E. A. Macdonald, J. H. Brock, Geo. F. Gall, P. C. McIntyre, E. T. Riley, Geo. B. Crowe, A. M. Norton, A. Kelly, Geo. W. Allan, A. C. Finnerfeth, F. Nation, Sir Daniel H. McMillan.	POINT No. 12. Detailed figures establishing the above statements are contained in the Government Blue Book on Insurance, and in the Company's reports. WRITE TO THE COMPANY for the 1910 Annual Report, complete information showing full report, and if you state date of cost and benefits will be sent.

Crushed Coffee— what it is

By a process of crushing between steel rollers, instead of grinding, the skin, which remains in the eye of the bean after roasting, is separated from the kernel and removed by air suction, while the kernel is broken into small even grains. These grains when steeped, being free of the skin or chaff, soften quickly leaving the liquid clear and bright, and give the true coffee flavor.

Estabrook's Red Rose crushed Coffee is as easy to make as Red Rose Tea. Directions are in each tin.

Estabrook's Coffee for Breakfast and Red Rose Tea for other meals.

TECHNICAL COMMISSION SOON OFF TO ENGLAND

Ottawa, Feb. 22.—The members of the Royal Commission on Technical Education and Industrial Training are here holding their final session before leaving for England to begin their European tour about March 11. So far the Commission which began its Canadian tour at Halifax on July 18, visited 100 places, held 109 sessions and examined 1,500 witnesses. They have never missed an appointment throughout the trip, and in some places the going was rough, as at Shawinigan Falls recently when the Commission had to drive nearly two miles through a howling blizzard.

The commission will go from here to Halifax and then cross to London, where they will spend two weeks before proceeding to Liverpool, Manchester, Sheffield, and other industrial centres in the Old Land.

Hon. J. N. Armstrong, of Nova Scotia, is at present ill at home, but it is expected that he will join the commission on its journey eastward after it leaves Ottawa.

BEARING DOWN PAINS

What woman at sometime or other does not experience these dreadful bearing down pains. Mrs. E. Griffith, of Main street, Newport, Ont., says—"A heavy bearing down pain had settled across my back and sides. I was often unable to stoop or straighten myself up. Many times each night I would have to leave my bed with the irregular and frequent secretions of the kidneys and just as done out in the morning as on retiring. I was languid, and would have to let my house work stand. Nothing I had tried would benefit me. I learned of Booth's Kidney Pills and I concluded I would try them, which I did, and soon found the long sought relief. My back strengthened and I began to feel better and stronger. I now enjoy my sleep and I am free from the bearing down pains and feel very strong. Booth's Kidney Pills have blown to me morning as on retiring. I was languid, and would have to let my house work stand. Nothing I had tried would benefit me. PAINTERS

NOW IS THE TIME to have your house cleaned and painted down by R. Magee, 43 Brunswell street. 1370-2-27.

SEALED TENDERS (in duplicate) for the supply of Coal and Fuel Wood required to heat the Military Buildings at St. John, Fredericton, Woodstock and Sussex, N. B., for the year ending March 31, 1912, will be received up to Saturday, March 11, next, at the office of the Director of Contracts, Military Headquarters, Ottawa.

Printed forms of tender containing full particulars may be obtained from the Director of Contracts, Military Headquarters, Ottawa, or at the office of the District Officer Commanding, St. John, who will furnish all information required.

Each tender must be accompanied by an accepted cheque on a Canadian chartered bank, payable to the order of the Honourable the Minister of Militia and Defence, for five per cent. of the amount of the tender, which will be forfeited if the party making the tender declines to sign a contract when called upon to do so. If the tender is not accepted the cheque will be returned.

THE DEPARTMENT does not bind itself to accept the lowest or any tender.

FIGUENE PRIEST, Colonel, Ottawa, February 9, 1911.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department. 1359-2-23.

From a commercial standpoint, advertising has been in existence but a hundred years. Try and imagine, if you can, how much your grandfather lost, because he could not reap the benefits of the Times-Star Want Ads, which today are at your service.

When the blind led the blind they fall into a ditch, but when a Times-Star ad directs you, it's to success.

TAKEN TO ASYLUM

Toronto, Feb. 21.—(Canadian Press)—Appoline Belland, the handsome woman of mystery who threatened to assassinate Alderman Norman G. Heyd, of Ward 3, was this morning placed in the Toronto Asylum for the insane. Her week's stay in the hospital ward of the jail, was a source of trouble there, and many of the female nurses were afraid of the woman. Miss Belland was exceptionally strong. She was during her week's incarceration subjected to numerous seizures of melancholia and imagined that she was being slowly killed, and often the entire staff of nurses would be called to assist in quieting her.

PAY TRIBUTE TO THE LATE DR. MOWATT
The following tribute to the worth of the late Dr. Mowatt, formerly of Fredericton will be read with appreciation here--

It is seldom vouchsafed to a man to die as he would himself choose; but surely we may say this last blessing was vouchsafed to Rev. Dr. Mowatt.

MAN FROM ALBANY PLEASES BIG AUDIENCE
Production in Opera House Under Auspices of Fusiliers is Very Successful

With a profusion of bunting and with the usual military music, the Opera House presented a decidedly martial appearance last night at the opening performance of "The Man from Albany."

When Rev. Dr. Scott came to read the congregation of the evening the sermon which Rev. Dr. Mowatt would have delivered in the morning, if death had not sealed his lips, it was found that his last words had a pathetic and fitting reference to the circumstances which prevented his utterance by the living voice.

The quarterly meeting of the Kings county United Baptist churches will meet with the lower church, Penobscot on March 6 and 7.

MEET TONIGHT
A meeting of the plumbers of the city has been called for this evening at 8 o'clock in their rooms in the Opera House building. Important matters concerning their connection with the Trades and Labor Council are to be dealt with.

COMMISSION EXECUTIVE
A meeting of the executive of the citizens' committee which is working in the interests of the adoption of the commission form of government for St. John, will be held this afternoon at 3 o'clock in the board of trade rooms, Prince William street.

SAND POINT ACCIDENT
Victor Bennett, a trucker employed in No. 1 shed, Sand Point, sustained a head fall while working this morning and injured his hip quite severely. He was taken to the emergency hospital and afterwards removed to the General Public Hospital in the ambulance. He boards with a family in Randolph.

JONES CUP WINNERS
The winners in the Jones cup competition for 1910 and 1911 were decided in the St. Andrews rink yesterday afternoon. C. B. Allan was the winner of last year's competition and Kenneth J. Haley came out ahead for this season's play. Last year the competition was not finished owing to poor ice at the latter part of the season and it was decided that the final would be played this year.

ENJOYED IT GREATLY
There was a very large attendance of seamen and citizens at an excellent concert in the Seaman's Institute last evening. T. Moore, of the Grampan, took the chair at 8 o'clock. The programme included singing by Mr. Edwards, piano-forte solo, Little Miss Melin; readings, Mr. Macdonald and other numbers. O. L. Bern of the Grampan was the accompanist. The audience were delighted with the entertainment.

THE EXHIBITION
The question of the advisability of holding an exhibition this year will be discussed at a meeting of the shareholders of the association on Friday afternoon, in the office, Prince William street. Previous to the shareholders' meeting, the executive will hold a short session. The officers are not very enthusiastic over the idea of holding a show here this year, as they claim they are not getting the support they should.

GAGNON-BARTON
A pretty wedding was solemnized at 10 o'clock this morning in the Cathedral when Rev. A. W. Meslan united in marriage, Mary E. Barton and Nori J. Gagnon. The bride was attended by Miss Agnes O'Brien, while Joseph Smith supported the groom. The bride wore grey with hat to match, and the bridegroom, navy blue with light blue hat. After the ceremony, the wedding party drove to the residence of T. J. O'Brien in Barker street, where a tempting wedding breakfast was served.

MRS. JOHN REID DEAD

Daughter of Mr. and Mrs. Geo. Blewett of St. John Passes Away in Lynn

Friends of Mr. and Mrs. George Blewett of this city will sympathize very deeply with them in the loss of their only daughter, Mrs. John Reid, whose death occurred at her home in Lynn, Mass., this morning. Mrs. Reid spent part of last summer with her parents here, and her mother has been with her in Lynn for some time. Mr. Blewett also visited her recently, as her condition had been critical for months.

The late Mrs. Reid was born in Chatham almost twenty-five years ago, but came to St. John with her parents some twenty-two years ago. Her childhood was spent here, and she went to Lynn immediately after her marriage, nearly two years ago. Besides her parents she is survived by two brothers, Edward, in Vancouver, and William in Montreal, where he is bookkeeper for the Fisher-Morrissey Medicine Company.

Her body will be buried in Lynn, her husband's home.

HUSBAND OF ST. JOHN WOMAN KILLED IN MAINE

John Kinch, a native of Prince Edward Island, was accidentally killed at Livermore Falls, Maine, last Thursday. While adjusting a belt in the Otis pulp mill, where he had been employed for the last thirteen years, he was violently thrown to the floor, and instantly killed. Mr. Kinch was a prominent member of the A. O. U. E. N. E. O. P., and the Knights of Columbus. He is survived by four children, and his wife, who was Miss Gertrude McKinnon of St. John, a daughter of Mrs. Zylpha McKinnon, who was spending the winter with Mrs. Kinch at her home in Maine. Their many friends in St. John will greatly regret to hear of their sad bereavement.

HAYMARKET SQUARE LOT FOR A BANK

Purchase Made By Bank of New Brunswick—Location is Next to Haymarket Square Hall—School Trustees Get Bell Building

The Bank of New Brunswick has purchased from the St. John Real Estate Company a lot in Haymarket square, and it is understood they will erect a new bank building there in the near future. The lot secured is alongside the Haymarket square hall, where John Cogger conducts a grocery business. It is just west of the I. C. B. extension and is considered one of the best available sites in that vicinity.

E. B. Keenan, general manager of the bank, said that there were no settled plans yet as to what the bank would do, but an announcement may be expected soon. With the establishment of a bank there, St. John will have seventeen banking institutions—eight main offices and nine branches.

HOCKEY EXECUTIVE IN SESSION HERE TODAY

Views of Some Interested—Saint John Team Home From Yarmouth

The executive of the New Brunswick hockey league is meeting this afternoon at the Park Hotel. The meeting was called to deal with the protest of Fredericton in the matter of their last game with St. John, Fredericton. The capital people assert that the game should be replayed on the ground that the M. P. A. A. were in error in suspending Titus, their goal tender. The locals take the stand that the latter is one of the best players in the M. P. A. A. and Fredericton and they are in no way interested.

Captain Clawson and Manager Howard are also present. In any event, they announced finally that they will not replay the game. President Leonard Inch of Maryville, would express an opinion this morning. The outcome of the meeting would, however, he said, have nothing whatever to do with tonight's game, and any view that the result of the meeting was in error. "They are the best crowd of sports that we ever played against," said Captain H. L. Clawson of the St. John N. B. H. L. team, who was one of those opposing the late last to Yarmouth on Monday night. The St. John team was not a strong one, and they could not hope to win, but they are unit in declaring that the Yarmouth people are all right. The setpiece from this city and a party of rooters were met at the station and driven to the Grand Hotel and everything possible was done to give them comfort. The boys hope that they will have an opportunity of giving the Nova Scotians a good time here. The St. John team was made up of a number of intermediates and some members of the senior team, as follows—Sears, goal; Dally, Parker, right wing; Sweeney, left wing; Clawson, center; McCreary, rover; Fred Parker, W. E. Titus and Harold Wilson went along with the team.

Y. M. C. A. NEEDS \$2,000

Effort to Secure it by End of April to Close Year Clear of Debt—The Good Work Being Done

The local Y. M. C. A. has had a prosperous and busy season up to the present, and the fact that the membership has reached double what it was in the old building is ample evidence that the opportunities presented to the young men of the city through affiliation with the Y. M. C. A. are being taken advantage of, and are appreciated. The cozy, homelike rooms lend themselves to social good fellowship, and the open fire-place with its burning logs is most attractive in winter evenings.

The membership of the association is open to any young man of good, moral character, and provides an opportunity for social fellowship free from questionable influences. Its well stocked reading room, and evening educational classes are an incentive to ambitious young men to improve themselves mentally. Its physical department, which includes chess work under the direction of a thoroughly qualified physical director, physical, and medical examination, shower bath, swimming pool, indoor and outdoor athletics provide an opportunity for that physical development and training, without which the highest mental, and moral efficiency are impossible. Its religious department provides an opportunity for spiritual development for those who desire it. Meetings and Bible class help to meet this need. The boys' department of the association is under the direction of a special secretary, and is doing work in directing the boys from thirteen to eighteen years of age. During the last two years the association has been able to meet all its obligations on current account, and although the fees must be kept low to be within reach of the young men who need it most, and do not nearly meet the expenditures, the business men realize that the association meets a real need in the life of the city by developing a type of Christian citizen, and by their generous contributions have made it possible for the directors to meet and pay all current expenses of the association. To close the present year clear of debt about \$2,000 will be needed contributions before end of April, and the finance committee of the association are now making an effort to secure this amount.
