AN UP-RIVER ACCIDENT.

On Monday morning at Appleby's Quarry at the foot of Spoon Island, Ralph Jones was seriously hurt about the head and body during some blasting operations, and young Appleby also received some injury to his head. It appears that the blast refused to go off, and Jones, going forward, was about to remove the charge, when it exploded with disastrous results. Mr. Jones was brought down river on the Elaine yesterday morning and removed to the General Hospital. He is suffering more particularly from injuries to his eyes.

RUSSIA LOSES ANOTHER SHIP.

The Battleship Sebastopol Sunk by a Mine.

Believed That Russia Will Lose The Three Cruisers Now in Chinese Ports.

RUSSIAN BATTLESHIP SUNK.

TOKIO, Aug. 23. A m. Admiral Katsuragi reports that the Russian battleship Sebastopol was emerging from Port Arthur yesterday she struck a mine, after which she was seen to be listed to starboard. She was towed back into the harbor.

LONDON, Aug. 24.—A telegram from Tokyo to the Japanese legation says the Russian battleship Sebastopol was bombarding the Japanese land positions from outside the harbor at Port Arthur when she struck a mine. Beside a list to starboard, the battleship's bows were submerged.

WILL DISARM THE CRUISERS.

PARIS, Aug. 24.—There is reason to believe that a decision is about to be taken providing for the voluntary disarmament of the Russian cruiser Askold and torpedo boat destroyer Gromov, now at Shanghai, and the Russian cruiser Diana at Saigon. This will be done primarily to avoid international complications with the effect of reducing the Russian strength by three strong units, but the Russian authorities consider that this will be offset by the avoidance of the possible capture of the vessels named by the Japanese. Advice received from Saigon shows contrary to previous announcements that the Diana is in a very bad condition. She has one large hole in her hull below the water line. Her injuries will take weeks and weeks to repair. This would have permitted an extension of her sojourn in a neutral port beyond the twenty-four hours, which expired yesterday, but it is foreseen that the repairs would entail such a stay at Saigon that it is possible that questions affecting the neutrality of the port will be likely to arise, and therefore Russia is disposed to disarm the Diana, which thereafter will remain at Saigon during the repairs.

The final determination in the matter has not yet been indicated, but the tendencies are strongly as indicated. It is expected that the action to be taken at Shanghai and Saigon will relieve the cases of international significance and practically close the incidents.

TIME EXTENDED.

WASHINGTON, Aug. 24.—The state department has been advised that the Chinese foreign office has extended the time for repairs on the Russian ships in Shanghai to noon of August 28th.

CHINA'S NEUTRALITY.

ST. PETERSBURG, Aug. 24.—The Novosti today says: "The Chinese ports by the Japanese will compel Russia to regard the Chinese empire, at least a part thereof, as being within the sphere of active hostilities."

"China lacks either the power or the inclination to prevent Japanese incursions. The warships of neutral powers idly watch these violations. Therefore, the agreement as to China's neutrality made at the beginning of the war, became a dead letter and Russia must ignore it in self defense."

SILENCED RUSSIAN FORCES.

CHEFOO, Aug. 24, 2.30 p. m.—Information of undoubted authenticity states that the Japanese armored cruisers Nishin and Kasuga have boarded and silenced the Russian forces east of Golden Hill, at the entrance of Port Arthur. The forts referred to are probably the same as very close to forts Tsingpanze and Chao Chanku, mentioned in these despatches yesterday and today.

ST. PETERSBURG, Aug. 23.—Zemlin, a hairdresser, has been given out. It is alleged that he shot a Russian sailor who had been given out. It is alleged that he shot a Russian sailor who had been given out.

CARDINAL SATOLLI AT NAPLES.

NAPLES, Aug. 24.—Cardinal Satolli arrived here safely today accompanied by his suite. He celebrated mass on board ship during the voyage and all the passengers, including non-Catholics, attended. Cardinal Erice, archbishop of Naples, and several other distinguished clergymen and laymen received the cardinal on landing here.

A LIGHTNING WRITER.

NEW YORK, Aug. 13.—The World today has the following from Chicago in reference to the late Col. Prentiss Ingraham, of Chicago who died recently and who was considered the most prolific producer of fiction in the world:

Six hundred novels, averaging 70,000 words each, 42,000,000 words. Four hundred novelettes, averaging 10,000 words each, 4,000,000 words. Annual output, 1,352,944. Daily output, 3,708. Hourly output, 154.7.

Capacity per minute, every hour of the day for twenty-four hours, 218. The foregoing does not include verses, magazine articles, newspaper sketches and miscellaneous matter that might easily be counted up. Colonel Ingraham's daily average to 4,000 words.

For years he wrote a novel every two or three weeks. There were those who speculated that he was a "potboiler." The "Land of Legendary Love," "Montezuma," and others had large sales among intelligent persons.

THREE AUGUST WEDDINGS.

Events In Which Society is Greatly Interested

Took Place Today at Lakeside Sussex and in This City—All Popular Young People.

ANGUS-MAVITY.

A very happy event is transpiring today in the beautiful Kings county hamlet of Lakeside and marks an important epoch in the lives of two young people well known in St. John. This afternoon at St. Paul's Parish Church, Lakeside, Miss Eleanor Louise, eldest daughter of John A. Mavity, of the firm of T. Mavity & Sons, was married to William McLaren Angus, formerly of Montreal, but now resident manager of the Ames-Holden establishment in this city.

Extensive preparations had been made for the approaching nuptials, and Mr. Mavity's summer residence, Idylle-wylde, was tastefully decorated; the church also had been decked with flowers, the prevailing colors being green and white. Over two hundred invitations to the ceremony had been issued and more than a hundred guests left this city on the afternoon suburban train. Special cars were provided for their accommodation.

At 2.45 the marriage service took place in the parish church, a short distance from the house. Rev. C. D. Schofield performed the ceremony. The bride looked very charming in a wedding dress of crepe de chene, trimmed with Venetian lace. Her bridal veil was of Brussels lace. The bridesmaids, Miss Amy Smith and Miss Mabel Mavity, sister of the bride, wore cream silk crepe and white picture hats. They carried bouquets of white sweet peas. The groom was supported by Leonard Peters. The ushers were Allan Mavity, R. J. Humphrey, John Walker and William Lockhart.

After the service in the church, the wedding party returned to Idylle-wylde, where a reception was held and luncheon served on the lawn. Mr. and Mrs. Angus leave on the 4.15 train for Montreal and Upper Canadian cities, where a two-weeks' honeymoon will be spent. On their return they will reside at 161 Leinster street.

Many beautiful presents testified to the universal esteem in which the bride was held.

The Ames-Holden and the Mavity buildings were gallantly decorated with flags in honor of the occasion.

PATERSON-ALLISON.

A fashionable and brilliant wedding took place this afternoon in St. John's (Stone) Church at 3.30 o'clock, when Miss Ethel Kaye Allison, daughter of the late Mr. C. A. Allison, was married to Robert Downing Paterson, of the late Mr. Rev. John de Boyres performed the ceremony. Only immediate relatives of the contracting parties were invited. The bride wore a dress of white lace over white silk and carried a bouquet of orange blossoms, and carried a shower bouquet of cream roses. Miss Mignon Langstroth, cousin of the bride, was maid of honor; Miss Florence Kaye and Miss Muriel Lively were bridesmaids. They wore white voile over white silk, and each carried a bouquet of roses. Roy Carrivette supported the groom. The bride's train was carried by her brother, Harold Allison. Messrs. Frank D. Allison and Chester Gandy were ushers. After the wedding ceremony a reception was held at Mrs. J. J. Kaye's, Peel street.

Mr. and Mrs. Paterson will leave on this evening's train for Boston. The honeymoon of three or four weeks will be spent in visiting the principal American cities. The bride's trousseau consisted of grey hosiery, cut hat to match.

Numerous beautiful presents in cut glass, gold and silver testified to the bride's popularity and to the good wishes of a large circle of friends. The bride's gift was a pearl brooch set with emeralds and diamonds in the shape of a lizard. His gift to each of the bridesmaids was a pearl brooch; to the ushers gold pins, and Roy Carrivette, as best man, was the recipient of a set of gold cuff links.

LANGSTROTH-McPHEE.

(Special to the Star.)

SUSSEX, N. B., Aug. 24.—A quiet wedding took place this afternoon at 2.30 at the residence of Robert McPhee, when his daughter, Vera, Mabel was united in marriage to Leigh A. Langstroth, D. S., of St. John, by Rev. J. B. Gough. The bride was tastefully attired in white organdie main, with ribbon and lace trimmings over white silk, carried a bouquet of white flowers, and wore a beautiful pearl pendant brooch, the gift of the groom. The bride and groom were unattended. The guests included the immediate relatives of the couple. The house was prettily decorated with potted plants and cut flowers. Miss Eunice Langstroth of Moncton played the wedding march after the ceremony. Lunch was served and Dr. and Mrs. Langstroth left on 2 p. m. train for a brief trip to Fredericton.

THE BLACK HAND BAND.

An Eighteen Year Old Italian Murdered

Wild Scene in New York When the Murderer Was Arrested—Came From Toronto.

NEW YORK, Aug. 24.—Salvatore Bosso, 18 years old, was shot to death in his father's restaurant on Park street by Carlo Rosati, 35 years old, early today because he had disclosed to the police secrets of the alleged "Black Hand." The father was knocked down and choked into insensibility by the slayer, who then ran down the street followed by a great mob. Italians to the number of one thousand later attacked Elizabeth street police station, hurled missiles at the police and prisoner, injuring two detectives and one policeman. They would have killed Rosati had not the reserve police from two station houses arrived and used clubs and bats on the members and threatened to shoot. According to the police the murder was deliberately planned by an organized gang, and this gang is alleged to have sent to Toronto for Rosati, who arrived here last night. After his arrival he was seen about Mulberry Bend with Italians and because of his immense stature attracted attention.

Bosso is an enemy of these organized gangs and his son inherited the enmity. When not studying music young Bosso helped about the restaurant. Several weeks ago he learned that the murderous gang about Mulberry Bend had planned to rob a number of miners who were coming through New York and who had engaged board in the lodging house over the Bosso restaurant. Young Bosso went to the police and asked protection for the men and soon an Italian detective had arrested twelve suspicious characters, who were held until the miners had taken a ship for their homes. Once out of jail it is said the gang determined upon Bosso's death. Early today Rosati entered the restaurant and when approached by the elder Bosso said he wanted nothing. As Bosso was about to close the place he asked Rosati to leave. The latter became insolent and refused. Young Bosso, who was in the kitchen, heard his father and the man in an argument. He came out and up to this time the man made no demonstration of violence.

But the instant he saw young Bosso, Rosati drew a pistol from his pocket and shot the young man. The bullet struck the boy between the eyes and he fell dying instantly.

Rosati then, according to the police, struck the elder Bosso with his fist, knocking him down and started to run, but was captured before he had gone two blocks. On Sunday the Bossoes found on their door the "Bridge of Death," a cabalistic sign of the Sicilians which is said to be a threat of death. The elder Bosso looked upon this as a joke at the time. At the police station Rosati said little beyond declaring he shot in self defence.

THE MEAN THIEF STILL UN-KNOWN.

The Brussels street Baptist church authorities have not yet been able to trace the person who stole the coppers from the infant class birthday penny box last week, nor have the police run across a clue. A vigilant watch is being kept, however, and if the culprit is discovered an example will be made of him, as it is not the first time the edifice has been broken into and petty thieving perpetrated.

POLICE COURT

A Sailor Sent to Jail for Six Months for Stealing.

In the police court this morning Thos. Phillips, aged thirty-one years, a sailor on the steamship Mimac, lying on the Carleton side of the harbor, appeared charged with a very serious offence. He was placed under arrest yesterday at the instance of J. D. Mackenzie, chief officer of the steamship, for pilfering the berth of a fellow sailor, John Thomas.

The sailor John Thomas, the mate and two other sailors were in court and gave evidence. It appears that Phillips, the prisoner, has been carrying on a career of systematic pilfering from his fellow sailors for sometime. At moments when he thought he was un-perceived he would exchange old stock-ings and other worn clothes belonging to himself for the better clothes of his mate. He was, however, seen by a colored hand on board.

Thomas accused Phillips of stealing his clothes and told him if he would return them he would say nothing fur-ther about it. Phillips, however, hav-ing possession of the clothes was loath to part with them. On the ferry boats last Sunday when Thomas again asked for the restoration of his clothes Phillips gave him a blow in the face.

Magistrate Ritchie pointed out to the prisoner that the offence of which he had been proved guilty would render him liable to two years' imprisonment, a much heavier penalty than he would get in England. The magistrate, how-ever, did not go to that extent, and sent the sailor to jail for six months with hard labor.

Three ordinary drunkers were disposed of.

BASEBALL NOTES.

"Tip" O'Neill Doing Good Work for Washington-McFarlane Goes to Moncton.

Further word has been received here from the All Eastern League team, who are at present touring Maine, to the effect that they would like to visit the province on Labor Day and would guarantee to bring to this city a team composed of first class players, be- lieved to be the best in the league. Brown and Wesleyan Universities.

So far this season they have defeat-ed everything that came their way and proposed to continue winning all along the line if at all possible. Providing a trip to the White Mountains and coast in Portland, Me., can be post-poned, they are open to come here. If the games are arranged they will take place the Victoria grounds.

Tip O'Neill has been having quite a time at Washington, D. C., where he is playing with the American League team. Tip first of all played in the outfield and then he was playing in left field. He was placed in fifth place on the batting list and came right in front of Manager Patsy Donovan, who really ought to be a 300 hitter.

Then he was shifted to centre field where he has been playing the best kind of a game and doing much bet-ter hitting than he has done off the bat. He is a real player and has been a great help to the Senators. On Saturday in a double header with Detroit, Tip got four hits and two runs in the ninth in-ning.

Bruce McFarlane has gone to Moncton, where he has secured a position in the American House. The Tartar will greatly miss the big fellow, but what is his loss will be Moncton's gain.

ELECTIONS NEAR AT HAND.

Hon. George E. Foster is of That Opinion.

Hon. George E. Foster was in the city last night. For the past two years he has been residing at Aposha.

Speaking of the political situation in Canada, he expressed the belief that the elections were not far distant. When they do come the Conservatives will enter the contest with more strength than they have possessed for years. In the maritime provinces, he thought, the Conservatives would gain half, if not more, of the seats.

Mr. Foster said that many things have combined to hurt the government in the eyes of the electorate. He in-stanced the Dundonald affair.

Speaking of politics in England, Mr. Foster thought that the Chamberlain policy was daily gaining ground. It must in the natural course of events be adopted by the British public.

Percy, lying off Castle Island flats, resulted tonight in Edward Murray (colored) being in the Rotherway Hospital with his head nearly severed from his body by a hatchet in the hands of Win. Phillips, nineteen years old, colored. Phillips, the arrest of the latter on the charge of assault with intent to kill. The other members of the crew are held as wit-nesses.

Phillips claims that two of the men imposed upon him and broke a bottle over his shoulders. When the dispute arose witnesses say that Phillips jump-ed from his bunk, seized a hatchet and struck Murray in the neck. He then chased the rest of the crew on deck, but was subdued by the second mate at the point of a revolver and placed in irons.
