GERMANS IN RETREAT ALONG THE LINE; RUSSIANS ADVANCE WITH A CRUSHING BLOW

Austrians Suffer Overwhelming Defeat in Second Battle in Galicia — Losses Estimated at 130,000 — Allies Pursuing Advantage of Past Week — Germans' Right Wing Retreating Beyond the Vesle River; Centre Army Falling Back North of Vitry Le Francois and Sumaize and Driven Across the Marne River — French on the Offensive All Along the Line, Have Retaken Several Towns Which the Enemy Occupied in the Lightning Advance Through France — Germans Give Up Amiens in Their Flight.

London, Sept. 12, 3.53 p. m.—A Central News despatch from Rome says: "A telegram received here by the Messagero from Petrograd states that the second battle in Galicia resulted even more satisfactorily to the Russians than the first. The losses of the Austrians are estimated at 130,000, of whom 90,000 are prisoners."

London, Sept. 13.—"Today a brilliant Russian victory is reported in which thirty thousand prisoners and several hundred guns were taken. This is probably the immediate result of the Tomaszow action."

A despatch to the Reuter Telegram Company from Paris says: "The Matin learns from Petrograd that the first Austrian army under Gen. Von Auffenberg, has lost 300 officers, 23,000 soldiers and 400 guns; and that the second Austrian army has lost as prisoners 500 officers and 70,000 men. The Russian victory is considered to be absolutely decisive."

The British war information bureau's version of the Austrian defeat in South Poland follows:

London, Sept. 13 (10.35 p. m.)—The sixth week of the war between Germany and France, Great Britain and Belgium has brought a vast transformation. The pursued are now the pursuers. The irresistible sweep of seven German armies through Belgium into France met an immovable force at the Marne River.

The army of Gen. Von Kluck, which so long battled to turn the Allies' western flank, was itself slowly and steadily outflanked.

TIDE OF BATTLE TURNED BY SMALL BUT HARDY BRITISH ARMY.

Its retirement before the small but hardy British army turned the tide of battle. Today, if the French official reports are correct, all the German armies, except that facing Verdun and a few miles southwest, are retreating. Gen. Von Kluck's army, which a week ago was a few miles to the southeast of Paris, has retired more than sixty miles to the northeast, while on the extreme right the army of the Bavarian crown prince, which was attacking the French eastern line from Nancy to Epinal, has fallen back to the frontiers of Lorraine, permitting the French to re-occupy Lunéville and several other towns.

Gen. Joffre, the French commander-in-chief, pictured the retreat as hurried, if not disorderly, with the Germans abandoning prisoners, wounded and supplies.

The last Sunday was the darkest day of the war for the allies. The French government emigrated from Paris to Bordeaux in a long, sad procession of motor cars. An attack upon the capital appeared imminent, and the main German force had hammered a huge wedge into France, between Paris and Verdun, with its centre some miles south of that line.

The French people trembled with the question whether their army was not a beaten army; whether the history of 1870 would repeat itself. The battle of Marne, which was decided in a week, is regarded by military experts as the most marvelous reversal of roles of two armies known. In their views it appears to have decided the first phase of the war, and to have made impossible the plan which the German staff is supposed to have had of smashing the French by one comprehensive stroke, and then turning the bulk of the German forces eastward to confront the Russians.

The military experts, however, are still cautious. While realizing the possibility that the German armies may yet rally and draw a strong defensive line, they recognize also the possibility of the almost complete evacuation of France and Belgium.

Paris announces that the Germans have evacuated Amiens. The whereabouts of German reinforcements of sixty thousand, reported to be marching south on three roads in that neighborhood is unknown.

BELGIANS DETERMINED TO REOCCUPY BRUSSELS

The Belgian army is credited with the determination to re-occupy Brussels, and claims to have cut out the railroad between Liege and Brussels.

Military authorities in France consider the position of the German armies critical. The army which was south of the Argonne forest, they argue, can hardly retreat eastward, owing to the danger from the strongly held French fortress of Verdun, while the mountainous, wooded character of the Sargonne district renders retreat due north impracticable. The left wing of the Germans they believe, must retreat in a northwesterly direction.

They also cherish the hope that the Belgians may succeed in clearing the Germans out of Brahan, when the entire German army would be obliged to retreat on Luxembourg, an operation which they liken to the passing of a large stream through a narrow bottle-neck. The German version of the battle of Marne is yet to be heard. The German official wireless tonight is silent regarding the operations of the past week. It records a local success by the army of the Crown Prince, which it reports, took a fortified position to the southwest of Verdun, and the beginning of an attack on the forts to the south Verdun, with heavy artillery. No date is given, and the operations may have occurred at an earlier stage of the battle.

RETREAT ALL ALONG THE LINE.

The position of the troops, as stated in the French reports, is that the German right army is retreating beyond the Vesle river, which runs between Rheims and Soissons; that the German forces in the centre, which had penetrated farthest south, are falling back north of Vitry Le Francois and Sumaize, and have crossed the River Marne, and in the hilly wooded country between Vitry and Verdun, the Germans have lost Revinny and Brahan Le Roi.

The French appear to have taken the offensive along almost the entire front, as indicated by successes in the east, between Lunéville and Saint Die, where they have re-taken several towns they evacuated a fortnight ago, while reports from Basel say hard fighting occurred yesterday in Guebwiller Valley in Southern Alsace.

Italian Troops in Albania.

Paris, Sept. 13 (10.20 a. m.)—Troops of the Italian army are being disembarked in Albania, especially at Valona, according to a despatch from Trieste to the Echo De Paris.

Recent advices from Valona stated that Kiamil Eibassan at the head of

four thousand men have threatened to sack the town.

London, Sept. 13 (2.02 p. m.)—Members of the Austrian Landsturm born in 1894, are to be called to the colors, according to unofficial news from Vienna, which is quoted in a despatch from Amsterdam to the Reuter's Telegram. Continued on page two.

MAY BE CRUCIAL TEST OF THE AUSTRIAN ARMY

London, Sept. 13.—12.10 a. m.—In Southern Alsace, ninety thousand men are reported to be engaged. Another despatch from Basel says the French artillery and cavalry have annihilated two squadrons of German cavalry in that neighborhood.

In the battles that are proceeding in Galicia and Russian Poland, success appears to cling to the Russians. They are reported to have won a decisive victory at Krasnik and Tomaszow, Thursday. The Austrian and German armies are estimated at forty divisions of infantry and eleven of cavalry, totalling more than a million men.

Vienna says the Austrians were successful during the first stages of the fighting in Galicia and took ten thousand prisoners, but that they were obliged to withdraw from Lemberg and concentrate into better position, because the northern wing of the Austrian army in Poland was threatened by greatly superior numbers.

The battle of Rawa Ruska, which is now proceeding, apparently will prove the crucial test of the Austrian army. Archduke Frederick of Austria is with the army there.

While there is deep satisfaction in England over the progress of events on the French battlefields, there are no signs of rejoicing or celebration. London today wore its usual Sunday calm. The newspapers continue to counsel the people against over-optimism and any belief that the war will be other than a long and costly one.

AUSTRIANS AND GERMANS NUMBERED MILLION IN GREAT BATTLE IN RUSSIAN POLAND

Petrograd via London, Sept. 13, 12.40 p. m.—The following statement issued by the Russian headquarters staff describes the Russian operations culminating in the victories of Krasnik and Tomaszow, Russian Poland.

"The total Austrian and German forces exceeded one million men, with 2,500 guns—last is, seventy divisions of infantry, eleven divisions of cavalry, reinforced by German divisions."

"The main body of the enemy, numbering six hundred thousand men, moved towards Zavluchart and Tomaszow, advancing on Lublin and Chela (Russian Poland). Its right wing was covering the Lemberg (capital of Galicia) army, numbering 300 battalions. Its left wing was covered by several Austro-German divisions around Radom (Russian Poland)."

"On August 25th the Austrian armies began a determined advance to counteract the blow which was threatening Eastern Prussia. The deployment of Russian troops over a front of several hundred versts (a verst is approximately two-thirds of a mile) had not yet been completed. We could, therefore, only face the Austrians in the north with a greatly inferior force. The first attacks of the enemy were directed against Krasnik, but the centre of the Austrian efforts very soon were removed to Tomaszow, a district into which their reinforcements began to pour."

"On September 3, when the fall of Lemberg was imminent, the Austrian advance reached a culminating point. On its frontal line the enemy extended from Opole (on the east bank of the Vistula, about midway between Radom and Lublin, in Russian Poland), to Bydgoszcz, approaching with its gunboats of the station at Travnik, and enveloping Krasnostav (thirty-four miles south of Lublin), Zamosc, Grabosow, near Jozow, on the east bank of the Vistula, a short distance south of Opole."

"Two bridges were thrown across the Vistula, over which troops from Radom crossed, on their way to the battlefield."

"While awaiting the result of Gen. Ruzky's operations, our plan was based on the rapid reinforcements of our right wing. The Russian rail-way carried out this task very successfully. Our troops in the Chelm district, which were insufficient, and too widely spread out, and against which the principal attack of the Austrians was directed, did not receive reinforcements—for the advance of the Austrians, even to Chelm itself, could eventually only increase the consequences of their defeat, in the event of the ultimate success of our wings."

Russians Took Offensive Against Great Superior Numbers.

"In spite of their inferior number our troops in the centre did not confine themselves to defence. They delivered a counter-attack, obtaining considerable success near Lache, where for six days they did nothing but repel continual attacks of the enemy. Only on September 4th were they moved a little to the rear, in accordance with orders received."

"The successes of Gen. Ruzky and Gen. Brusiloff enabled us to make a general offensive movement, and the enemy's centre was beaten at Sukhodolye. As a result of a rapid movement among the Austrian troops at Krasnik these were attacked by Gen. Ruzky from the southwest on September 6th, and were forced to accept battle on three fronts. We repelled counter attacks of the Krasnik troops, and we carried by impetuous assault the enemy's position on the front at Opole, Toubroine, and extended over a distance of sixty versts on September 9th. They fled abandoning their arms."

"They continued vigorously to attack our left wing in order to pin success in the direction of Lemberg. However, about September 12th we also resumed the offensive on this side, and now the battle of Galicia, which has lasted seventeen days, is drawing to an end. The pursuit of the enemy continues."

KARLUK PARTY ARE TAKEN OFF WRANGLE'S ISLAND

Washington, Sept. 13.—Eight white men and an Eskimo family, survivors of the wrecked Canadian exploring ship, Karluk, are safe aboard the revenue cutter Bear, after being rescued from frozen Wrangle's Island since last January. A relayed wireless despatch from the Bear, received here tonight, said the rescue was due at Nome, Alaska today.

The despatch told of the death of three of the explorers on the island, George S. Malloch, geologist; Byrnie Namum, assistant topographer, and Brady, seaman, believed to have been Geo. Brady.

Captain Cochran's report: "Bear is now returning to Nome, with the following members of Canadian Arctic expedition: McKimley, Hadley, Chaf. Templeman, Williams, Maurer, Eskimo family."

"All doing well under care of the surgeon. Will arrive at Nome Sunday."

"Party was rescued by schooner King and Wing on September 7. Transferred to Bear, September 8, latitude 69, degrees 55 minutes north; longitude 175 degrees, 30 minutes west."

"Malloch and Mamen died of nephritis. Brady accidentally shot. There

STORIES IN U. S. PAPERS ARE DENIED

Special to The Standard.

Ottawa, Sept. 13.—Officials of the militia department deny emphatically the stories appearing in New York and other American newspapers to the effect that thousands of Indian and Australian troops have been sent across Canada within the past week.

It is stated that for quite obvious reasons there has been no such movement of troops. Since the outbreak of the war Australia has not been able to organize her forces and send them across the Pacific before the Canadian troops are ready to leave for England.

The Indian troops have doubtless proceeded to France by the shortest and safest route through the Suez Canal and the Mediterranean to Marseilles and thence by rail to Paris.

Just how the Australian troops will be sent to France is not known, but it is supposed that they will go all the way by ocean transports accompanied by a strong convoy.

A slight missing persons who never reached Wrangle Island. The Bear reached within twelve miles of Herald Island. Clear weather and heavy ice. Unable to land on the island, but no signs of life."

"EVERYWHERE THE ENEMY IS IN RETREAT", IS WORD FROM GENERAL JOFFRE

Commander-in-Chief of French Army Says Allies Arms Have Won Glorious Victory in Battle Which Has Been in Progress for Over a Week — Three Great German Armies in Retreat Before French and English, and Fourth German Army is Beginning to Fall Back.

Bordeaux, Sept. 13, 4.30 p. m. The Minister of War, Alexandre Millerand, today communicated to the cabinet the following telegram which he had received from General Joffre, commander-in-chief of the French forces:

"Our victory is confirmed as more and more complete. Everywhere the enemy is in retreat. Everywhere the Germans are abandoning prisoners, wounded and munitions of war."

"After heroic efforts on the part of our troops during this formidable struggle, which lasted from the fifth to the twelfth of September, all our arms are flushed by success."

"On our left we have crossed the Aisne, below Soissons, thus gaining sixty-five miles in six days fighting."

"Our armies of the centre are already north of Marne, while those of Lorraine and the Vosges are arriving on the frontier. The morale, endurance and ardor of our troops and those of our allies, are admirable. The government of the Republic may well be proud of the army which it has equipped."

(Signed) JOFFRE.

Paris, Sept. 13, 3.16 a. m.—General Gallieni, military governor of Paris, today received the following message from General Joffre, commander-in-chief of the French army:

"The battle of the last five days has ended in an undeniable victory. The retreat of the first, second and third German armies is hastening before our left and at our centre, in turn; the fourth German army is commencing to fall back to the north from Vitry Le Francois and from the Sermize Les Bains (in the province of Marne, 17 miles east of Vitry Le Francois)."

"Moreover, the enemy has left upon the battlefield many wounded and quantities of munitions of war. Also in gaining ground we have made many prisoners. Our troops show evidences of the intensity of the struggle, and the extraordinary efforts made by the Germans in their attempt to resist our vehemence."

"Our vigorous retaking of the offensive has determined the success. Every officer, subaltern and soldier has responded to my call. All merit well from the fatherland."

(Signed) JOFFRE.

In making the above public Gen. Gallieni added this note:

"The military governor of Paris is happy to bring this telegram to the

knowledge of the troops under his command. He adds his own felicitations to the army of Paris for the part it had in the operations.

"His felicitations also the troops of the entrenched camps upon the efforts which they had made during this period, and which efforts should be continued without relaxation."

(Signed) GALLIENI.

Paris, Sept. 12, 3.04 p. m.—The Germans have evacuated the valley of the Saulx river. Attacked at Sermize and at Revinny, they abandoned a large quantity of war material.

"The German forces which have been occupying the Argonne region have begun to give way. They are retreating to the north, through the forest of Bellemeuse."

"In Lorraine we have made slight progress. We occupy the eastern boundary of the forest of Champenois, Rehalnvillers and Gerbenvillers."

"The Germans have evacuated Saint Die."

"In Belgium the Belgian army is acting vigorously against the German troops."

"In the Serbian field of operations, the Serbians have occupied Semlin, Austria."

Both Wings of Germans in Retreat.

Paris, Sept. 13, 3.15 p. m.—An official statement issued this afternoon says:

"First—On the left wing the enemy continues his retreating movement. He has evacuated Amiens, falling back to the eastward, between Soissons and Rheims. The Germans have retired northward from the Vesle. They have not defended the Marne to the southeast of Rheims."

"Second—At the centre the enemy, though it has lost Revinny and Brahan Le Roi, still holds the south end of the forest of Argonne."

"On our right wing the hostile forces which were along the Murthe are beating a retreat beyond Saint Die and Duneville. We have reoccupied Draon Le Tape, Baccarat, Remireville, Nomeny and Pontamousson."

"In the Belgian field of operations the Belgian army has vigorously taken the offensive to the South Lîre."

"In the Russian field the battle thus far has been in progress in Galicia for the last seventeen days has ended in a great victory for the Russians. The Austrians have retreated along the entire front, leaving in the hands of the Russians a great number of prisoners and important war materials."

German Communication Between Brussels and Liege Cut Off.

London, Sept. 12, 7.25 p. m.—The Belgian legation stated that Belgians had destroyed the railway between Louvain and Trielmont, thus cutting off the German communications between Brussels and Liege.

Flanders, as well as the provinces of Antwerp and Limbourg, are free from the enemy. The operations resumed by our army at Antwerp are progressing satisfactorily. The Germans are suffering important losses, principally from our heavy field artillery, which is doing remarkable service."

A despatch from Ostend says that since September 9, German reinforcements numbering sixty thousand, have been moving toward Lille by way of Renaix, Belgium. The despatch adds that German troops, who have been waiting at Briellem to receive the war impost levied on the City of Ghent, also have been ordered to the French frontier.

Germans have been laying mines under the Belgian roads which the Allies are likely to take while following the retreating German forces. Another despatch from Ostend says reports are current there that Crown Prince Frederick William and Prince Adalbert, sons of the German Emperor, and Prince Carl, of Wuertemberg, have died in a Brussels hospital.

BELGIANS RE-OCCUPY TORMONDE

Paris, Sept. 13.—4 p. m.—Reports from the different regions of North France continue to indicate a general withdrawal of the Germans. Lille and Amiens have been evacuated.

The disorder which accompanied the retreat of the Germans is shown by the capture of numerous groups of stragglers.

A despatch to the Havas Agency from Antwerp gives the following official communication:

"The Belgian army has re-occupied Tormonde, and nearly all of East.

BRAZIL AND ARGENTINE FOR CANADIAN TRADE

The War opens way for Dominion to take Germany's trade.

Special to The Standard.

Ottawa, Sept. 13.—For the purpose of showing opportunities which Canada has of capturing some of the trade which Germany has lost as a result of the war, the trade and commerce department has issued an analysis of the trade of Brazil and the Argentine Republic.

In 1912 Germany exported to Argentina goods to the value of nearly \$60,000,000 as compared with \$116,000,000 from Great Britain and about \$25,200,000 from Canada. Germany in the same year sent goods to the value of \$160,000,000 to Brazil, Great Britain \$238,000,000 and Canada \$3,400,000.

The opportunities for Canadians in Argentina and Brazil are in manufactured timber, canned goods, paper and wood pulp, manufactures of iron and steel, agricultural machinery, cement, furniture and preserved fish.

THOUSANDS OF VISITORS AT VALCARTIER

Valcartier Camp, Que., Sept. 13.—There were fully fifty thousand people in the camp today. It was estimated that at least about twenty thousand people viewed the camp.

Very few of the men were paraded for any duty after the early morning services and these were voluntary. In all eight sermons were heard, three Roman Catholic and five Protestant sermons being held.

Another death has occurred in the ranks. Bombardier Adolphe Gallant, of Sydney, N. S., a member of the Twenty-First Battery, passed away today in the military hospital at Quebec. Gallant caught cold during the heavy rains of early last week, and despite a splendid constitution succumbed to septic condition of the tonsils. The body will be taken to his home for interment.

The post office, which has done splendid work and is now housed in a permanent building, has had no little difficulty with mail insufficiently addressed. To ensure delivery the following particulars should be given on the envelope: Rank, name, company, regiment and brigade. Mail so addressed will be delivered promptly.

Col. the Hon. Sam Hughes, minister of militia, returned to camp on Saturday and in the afternoon called out some 14,000 of the infantry and reviewed them. The men made a splendid appearance as they marched past.

Another great review is to be held tomorrow by the Duke of Connaught who arrives in camp during the morning.

PACIFIC COAST SEEMS SAFE FROM ATTACK

Special to The Standard.

Ottawa, Sept. 13.—All danger of an attack by German warships on the Pacific coast seems to be over and the British Columbia militia regiments which were called out for defence duty have now been ordered to their homes. Only enough are still on duty to make small garrisons at Vancouver, Victoria and Prince Rupert and to guard public works, bridges, etc.

ADDRESS ON LIFE THAT IS WORTH WHILE

Rev. W. H. Barraclough points to great facts—The first of a series of sermons.

In Centenary Church yesterday morning, the pastor, Rev. W. H. Barraclough began a series of special sermons on things worth while. His topic at the morning service was "The Life Worth While." He took his text from the 90th Psalm, 16th verse: "With long life will I satisfy him." That, he said, is man's estimate of the life worth while, but it does not follow that a long life is the most worth while. Sometimes the man who only lives a short time has lived to the greatest advantage. As illustrating this view the preacher cited the case of the martyr Stephen, who was stoned to death at an early age, but his influence was great, touching Saul of Tarsus, and being mainly instrumental in converting him. He also cited the Latin proverb, "The shortest life is long indeed if it accomplishes life's great end." Achievement and success does not necessarily mark a life worth while, said the preacher. Some lives which seem to be failures are worth while, such a life for instance as that of Chinese Gordon whose last full day gave England an empire in the South. There were three characteristics of a life worth while. First, there should be surrender to God and His purposes. Second, it should be a busy life, for the busy man had no time for anxious care. Thirdly, life should be radiant—that is helpful, kindly and friendly. If a man really desired to be of service to humanity he could find plenty to do at the present time.

EXHIBITION HAS PROVED BIG SUCCESS

Benefit to City and Province, opinion of all—Merchants report increased business.

The Greater St. John Exhibition of 1914 closed its doors Saturday evening when the crowds headed by the pipe band, marched to St. Stephen's Presbyterian church where the service was held. The boys presented a splendid appearance as they marched through the streets and many complimentary remarks were passed by the spectators who lined the way. "The service at the church was conducted by Rev. Gordon Dickie, M. A., who preached from the text "Chosen to be a soldier," second Timothy, verses two and three. Rev. Mr. Dickie said in part: "Generally boys want to be soldiers. They play at the game and are interested in everything of a military nature. Sometimes people ask if we should train boys to be soldiers, we lead them to the glory of war. We teach them that the generals are great heroes and then when the desolation of war comes we reflect that the boys grown to manhood are simply putting these teachings into practice. "The present war has already taught us two things, one, that there may be too many soldiers. Germany has been a military nation, she would not enter proposals for disarmament and today the world is horrified with the result of her policy. The other fact is that a nation does not have to be military to defend itself. Great Britain never adopted the policy of conscription. She loves peace rather than war. Yet Great Britain's soldiers are just as efficient as those of any other country. "This suggests to all starting out life to put first things first. Peace is the basis of a nation's life. The world itself is a great battlefield and those virtues which fit us to be citizens will also fit us in the hour of emergency. "It has been said that when the war drum ceases to beat a race of heroes will be cut off. I do not believe it. There are heroes of peace as well as of war. Fellows who in quiet places play their part stand as ready to defend their honor as men have ever been. Let us not forget that it takes a good soldier to make a man. Every man may be a soldier and in some countries this is the case, but not every soldier is a man. The Kaiser tells us his soldiers are jolly good fellows—gentlemen in fact, but there are many who do not agree with this statement. "You have noticed that Kitchener, in a statement to his soldiers, tells them to be sober, courteous and respectful, that is the gentleman's ideal. It applies to every man whether he follows war or peace. Nothing makes a man a man like war: it is a refining fire and it either purifies or destroys. Be a good soldier of Jesus Christ and you are then prepared for whatever comes. "The struggle of life may be on the battlefield or in some obscure corner but if we have the spirit of the Master we shall prevail."

GREAT BRITAIN'S NEW WAR HERO.

GENERAL SIR H. L. L. SMITH-DORRIEN.

All England is to-day acclaiming this new war hero. That the present offensive movement of the allies is made possible is admittedly due to his efforts. With his small corps he for two days withstood an overwhelming force of Germans, making possible the saving of the entire left wing of the allied army. General Smith-Dorrien has distinguished himself in many other battles fought under the British flag. He is fifty-six years old and is the son of an army officer.

SCOTCH CADETS HOLD ANNUAL CHURCH PARADE

COLEMAN'S QUICK LUNCH.

The chief center of attraction for the crowd at the exhibition grounds was Coleman's Quick Lunch Wagon. Mr. Coleman has been providing lunches for all the hungry people in the grounds and there were many expressions of satisfaction by the customers. The wagon used at the exhibition is practically new and presents a pleasing appearance both inside and out. The lunches provided in the wagon have been eagerly sought by thousands of people. Mr. Coleman has attained an excellent degree of efficiency in providing lunches and the promptness of his service has been the cause of much favorable comment. Quick service and no waits has been the motto of Mr. Coleman's career as a caterer and the general public has come to look on this business as up to the minute in every detail.

WAR PARTY OF GERMANY IS RESPONSIBLE

Rev. J. A. MacKeigan tells of his experiences during recent trip through Kaiser's country.

Rev. J. A. MacKeigan, pastor of St. David's Presbyterian church, who recently returned from Europe, preached last evening concerning the events on the continent. Rev. Mr. MacKeigan divided his sermon into three parts. First he considered the cause of the war, then the issue at stake, and finally the duty of the people of the Empire at the present time. He did not consider either the Kaiser or the German people responsible for the war, but rested the blame upon the military party in Germany. The Kaiser, himself, was caught in the rush and was carried along by the military party. Mr. MacKeigan spoke from his own experience while in Germany, and pointed out that while in conversation with German army officers two days before war was declared they had all said they had no wish to fight and the German people themselves were urged along by the military. Nowhere had he found any popular enthusiasm but rather a reluctance on the part of the people to enter the conflict. The Kaiser, too, was the instrument and not the cause of the outbreak. The Allies were not fighting the people of Germany, but the same military despotism. The fight of Great Britain was the fight for freedom as against the despotism based upon the war machine of Germany. We were fighting for a civilization based on justice and honor, the three essentials to lasting peace. It was the duty of everyone at home to do business as usual, and no one should take advantage of the opportunity to increase the prices of goods just in order to make more money for themselves. The war had had a sobering influence and created a tendency for people to cut down needless expenses. In conclusion Mr. MacKeigan pointed out the fallacy of the idea that peace could be maintained by the size and equipment of a navy or a army. Peace had not been obtained by the maintenance of armament, but must be based on something different, and eventually this war would have the effect of establishing a peace that would be lasting.

OBITUARY.

Mrs. Ellen Good.
One of the oldest residents of the city passed away last evening in the person of Mrs. Ellen Good, widow of the late John Good. Mrs. Good was born in Ireland in 1819, the same year Queen Victoria was born, and was consequently 95 years of age. She lived under six British sovereigns and saw many changes during her life. She had a fair memory up to nearly the end and was fond of talking about events of the past. Her death took place at 7 Golding street. She leaves three sons and three daughters. The daughters are Mrs. Nathaniel B. Ward, Mrs. George McLaughlin, Mrs. Christie Warren, all of St. John. The sons are John and Robert of St. John and Joseph of Boston.

VOLUNTEERS LOST BATTLE TO REGULARS

Declared victors by Colonel McAvity after hot fight—Afternoon enjoyed by all.

The hills and valleys around, in and near the Sand Point Road were the scene of a hotly contested battle last Saturday afternoon when the local company of regulars under command of Captain Dunfield and Lieut. Percy McAvity, pitted their strength against the volunteers from A company of the 62nd regiment. The volunteers were commanded by Lieuts. Fairweather and Morrissey with Captain Brown, formerly of the British regulars, but now with the Norton Griffiths Company, acting in the capacity of military adviser. Col. J. L. McAvity and Captain Malcolm McAvity were the judges, and after three hours of fighting awarded the decision to the regulars. This decision was a great disappointment to the volunteers, who thought they were victorious. The two companies left the armory at two o'clock Saturday afternoon and marched to the golf club where the volunteers pushed ahead, having half an hour in which to take up a position. This they did, the main body taking up a position on a side hill, while a section were posted across the valley to draw the regulars' fire. Shortly afterward the regulars were in sight, were fired on, and immediately entered the woods. They succeeded in driving the section back on the main body. After marching across the volunteers' front, in the face of a hot fire, they outflanked the defenders of the slopes and were forthwith declared the victors. Many funny incidents took place during the afternoon, especially when Private Rickwood of the volunteers, finding himself among the enemy passed himself off as a regular and succeeded in doing a would be capture of three cartridges. For this work he was afterward decorated with a medal by his admiring friends. The decoration took place after supper at Howe's Cove and was greeted per at Howe's Cove and was greeted by Private Laidlaw also distinguished himself when by a method all his own he captured a stray regular and took ten cartridges from him. After the fight the regulars returned to the armory, while the volunteers having their supper with them, marched to Howe's Cave for the evening meal. They returned to the city about eight o'clock. Colonel McAvity expressed himself as greatly pleased with the showing made by both sides. The regular company which has been doing duty here since H company, R. C. R., went to Halifax, has been drilling regularly and the volunteers are efficient soldiers. They are as hard as nails, and are enjoying military life immensely. The volunteers are also entering enthusiastically into the work and will prove themselves a good body of men.

23 THE PHARMACY

GIRLISH, WRINKLE-FREE SKIN EASY TO HAVE

Since its remarkable astringent and tonic properties became known, clever women all over the world have been using the axolite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin thickens evenly all over the face, thus reducing lines and sagging. The formula is: Powdered axolite, 1 oz., dissolved in witch hazel, 1/2 pint. Another wonderful facial beautifier and rejuvenator that has become quite a rage in the world has been using the mercolized wax. Druggists report a great demand. The wax literally absorbs a sallow, freckled, blotchy or withered complexion, giving the fresh, vigorous, healthy-looking young skin underneath a chance to "breathe" and to show itself. Applying the wax at night, like cold cream, washing it off mornings, will completely restore a poor complexion in a week or ten days. One ounce usually is sufficient.

FINANCIAL NEWS

PROSPECTS FOR WALL STREET REOPENING

Opinion freely expressed in some circles that trading may soon be resumed, under some restricted form.

New York, Sept. 11.—Financial interest continues most keen in the prospect of reopening the Stock Exchange, but those who have conferred about this matter state that no one with reason and a knowledge of conditions can attempt to discuss any special date on which the Exchange may be opened.

The British flag was hoisted without opposition. A naval landing party, under Commander J. A. Beresford, of the Australian navy, landed at 7 a. m. on September 11, of the town of Herber-shoene, in the Island of New Pom-pom (late New Britain).

There is a rule of the Stock Exchange in effect compelling attendance at their office, from ten to three each day, of at least one member of every firm connected with the Exchange.

The head of one banking firm expresses the opinion that it is safe to expect the resumption of business on the board of October 15.

FINANCIAL GOSSIP HEARD IN NEW YORK

Average commodity prices in August at highest level since early in 1912—Reduce their borrowings.

New York, Sept. 11.—Many stock exchange borrowers have materially reduced their borrowings within the past few days.

R. S. Lovett, chairman of the Union Pacific System has returned from the West. He proclaimed that crops were excellent, and then went on to talk pessimistically of the business outlook.

According to statements made by parties to the transactions, substantial amounts of Brooklyn Rapid Transit have been bought through the Clearing House at 78-1/8, the minimum price fixed by the Stock Exchange regulations.

Average commodity prices in August rose to the highest level since the early part of 1912, according to Dun's index number, published this week.

Some of the items contributing to the present index number show changes that were directly contrary to the trend of prices as a whole.

Between August 1 and September 1, there were recession embracing breadstuffs marked the greatest change in that direction.

For 1913 were over \$500,000, equivalent to about 45 per cent of the entire issue of Preferred Stock.

Price and full particulars will be supplied on application.

FINANCIAL GOSSIP HEARD IN NEW YORK

Average commodity prices in August at highest level since early in 1912—Reduce their borrowings.

New York, Sept. 11.—Many stock exchange borrowers have materially reduced their borrowings within the past few days.

R. S. Lovett, chairman of the Union Pacific System has returned from the West. He proclaimed that crops were excellent, and then went on to talk pessimistically of the business outlook.

According to statements made by parties to the transactions, substantial amounts of Brooklyn Rapid Transit have been bought through the Clearing House at 78-1/8, the minimum price fixed by the Stock Exchange regulations.

Average commodity prices in August rose to the highest level since the early part of 1912, according to Dun's index number, published this week.

Some of the items contributing to the present index number show changes that were directly contrary to the trend of prices as a whole.

Between August 1 and September 1, there were recession embracing breadstuffs marked the greatest change in that direction.

For 1913 were over \$500,000, equivalent to about 45 per cent of the entire issue of Preferred Stock.

Price and full particulars will be supplied on application.

TWO CUE PRODIGIES, THE NEW AND THE OLD

WELKER COCHRAN

For the first time since "Willie" Hoppe sued his way to the premier position in the billiard world it seems the defence his masterful play has proved will be pierced. His crown is in jeopardy. When the storm cloud gathering on the horizon is minutely studied it assumes the form of Welker Cochran, the sixteen-year-old youth of Mason, Iowa, who in his practice matches has shown such impressive form that critics are agreed he will ere long climb to a position among the professional players where he will be hailed as champion or the next thing to it. A match between Hoppe and Cochran would afford the best billiards that could be seen. Both are masters. Cochran's stroke is similar to that of Frank Ives' in every detail, and every billiardist knows what that means. The prevailing opinion is that Cochran will strip Hoppe of his laurels when they do get together. Cochran, like the present champion, is a consistent player, fortified with an ideal temperament. As a match player he is second to none with the possible exception of the champion himself.

GLENWOODS CHAMPIONS OF ST. JOHN

By defeating the Fairville Royals on Saturday afternoon, the Glenwoods of the East End League became champions of St. John.

In their series with the South End Victorias, the Glenwoods took the first three, but in the series with the Royals for the best out of seven, the Glenwoods took three straight, but lost the next three. Saturday's game gave the honors to the Glenwoods.

Although the score was 10-8, the game was anybody's up to the eighth inning, when the Glenwoods were still leading three to two. In the eighth, hit after hit of Pierie's delivery, netting six tallies. Harrington started for the Royals, but was soon replaced by Perry who was given very ragged support.

Thompson for the Glenwoods pitched winning ball up to the fifth, when the Royals tallied four times making the score tie.

In the following innings, Thompson worked better and allowed only three runs, while the Glenwoods were still pounding the pill. In the seventh, with the score 8-8, Gibbons stole home. In the eighth the Glenwoods got to Perry for five hits combined with errors by the Royals and landed six tallies.

The box score follows:

CHANCE RESIGNED AS MANAGER
New York, Sept. 13.—Frank Chance yesterday resigned as manager of the New York American League Club. Chance's resignation has been accepted by Frank Farrell, president of the club, but a wordy war, which at one time threatened to come to blows between Chance, Farrell, and former chief of police, William Devery, who owns a big block of stock in the club, left it uncertain as to when the manager will retire. He had requested to be relieved next Tuesday, but it now appears probable that he may stay out the season.

It is understood that Chance intends to stay the season out as manager, if the club declines to pay him his full year's salary, and relieve him on September 15. He was signed a year ago last winter at a salary said to be upwards of \$20,000 a year.

MACKMEN FAVORITES.
No matter which team wins the National league pennant the Athletics will go into the world's series top heavy favorites. Sporting men say that they will offer 3 to 1 on the Mackmen to beat the Giants or the Braves.

ENGLAND'S BILLIARD CHAMPION TO PLAY HOPPE FOR INTERNATIONAL CHAMPIONSHIP

MELBOURNE INMAN

Another international world's championship contest between Great Britain and the United States finally has been arranged, and Melbourne Inman, holder of the British billiard championship, is coming to America to play "Willie" Hoppe for the international billiard championship.

Chance hopes that the Yearlings will have some success in this direction. If not he will be compelled to stand pat with the talent now in hand, as no first class men were secured during the purchasing season. The big league managers in other cities have many new men who will be tried out this fall. Chance needs a hitter if he is expected to have a first division team next season. At present his team is sadly outclassed in batting, with no reason to believe that the players will improve.

SOME EATER.
Oldham, the southpaw pitcher of the Tigers, was a member of the Phillies' staff in 1912. "If he has curbed his appetite for food he will make good," commented a shrew. When asked to explain he declared that Oldham ate himself out of the league two years ago. On the training trip at Hot Springs the red-headed youth instantly won the honor of being the champion table finisher. Some time he ate so much that he was ashamed to ask his tired waiter to bring anything else in so he would beseech a teammate, who sought no gastronomic honors, to order for him and then slid it over to his plate. Probably Oldham took the advice of Pat Moran and others and put a bridle to his desire for eats, because he has developed into a fair looking feller. His showing with Providence stood so prominently that Jennings decided to give him a trial.

DESTROYING QUACK GRASS.
A subscriber writes: "We have about four or five acres of quack grass on our farm. Can you tell us of some practical way of getting rid of it? We are anxious to get it under control so as to prevent its spreading over the farm."

If your land is in pasture or meadow, allow the quack grass to grow until nearly ripe. Then cut it for hay and plow the land about three inches deep. Follow the plow with a sharp disc to cut the sod up. Disc and cross disc and harrow until the patch is quite mellow. Then go over it with a spring-tooth harrow or some other implement that will bring the quack roots to the surface. Fake the roots together with a horse rake, haul them off the ground, dry and burn them. Continue cultivating the field with a spring-tooth or a spike-tooth harrow once every week till late in the fall. Haul off as many of the roots as possible and destroy them. Late in the fall plow the field again and about a half inch deeper than the first time.

Early next spring again use the disc, spring-tooth harrow or other implement—anything to get more roots on top where they can be raked together and hauled away. Continue this cultivation at weekly intervals till the latter part of May. Then give the ground a good coat of manure and disc it in as well as possible and seed the land to millet, sorghum, or buckwheat—any good smothering crop that can be utilized to advantage for forage or grain and yet be gotten off the ground early in the fall. As soon as the crop is removed, plow again if necessary. Then start the disc and keep it going once a week till frost.

Early the second spring cultivate again and then plant to corn. If another coat of manure can be given, apply it. If you have a silo, put the corn into it so as to get it off the ground early in the season. If silage cannot be used, cut the corn as soon as it is well glazed and shock it. Then get busy with the disc and seed down to winter wheat. In the spring, sow clover and timothy. Leave the land in grass for two years, using it one year as meadow and the other as pasture. Plow the pasture in the fall and plant to corn. Cultivate the corn thoroughly during the growing season and Mr. Quack will be gone.

OUR SPECIAL OFFER

THE DAILY STANDARD FOR TWO DOLLARS

Reduced Rate for New Subscribers to The Daily Standard is Extended

READ THIS ANNOUNCEMENT

During the month of August, The Standard, having in mind the intense interest everywhere existing in news from the war and desiring to place this news before the people of New Brunswick at the least possible cost, offered to send The Daily Standard for one year to bona fide new subscribers, at the remarkably low rate of two dollars. This offer was promptly seized upon by hundreds of persons throughout the Maritime Provinces and since the end of August we have received many letters from persons who had indirectly heard of the offer but were unable at the time to take advantage of it.

The Standard, as is apparent to all, is publishing each day the fullest and most reliable war news available to papers in this territory. This news should be read by all, and in furtherance of our desire to have full information of the deeds of the Empire's Armies placed before the people, we will extend for a short time the offer previously made.

READ THESE INSTRUCTIONS
All who are interested in securing a high class newspaper at a greatly reduced rate should read every word appearing here. On this page a coupon is printed. Cut it out, enclose two dollars in express order, money order, postal note or cash. Fill in the name and address clearly. Mail at once to The Standard, 82 Prince William Street, St. John, N. B.
Only bona fide new subscriptions will be accepted at this low rate. But here is an opportunity for those who are already subscribers to this paper.
If you are now a regular subscriber to The Daily Standard, and if your subscription is paid in advance, you may enjoy the reduced rate on the following conditions:
Send us one new subscription at the two dollar rate, and we will accept \$2 in renewal of your own subscription when enclosed in the same envelope. If your own subscription is not paid in advance it will be necessary to pay up all arrears before this offer is paid to date. That is, no person who is now indebted for his or her paper may secure the renewal rate of two dollars until his or her subscription is paid to date.
No such new or renewal subscriptions at the rate of two dollars per year will be received for a shorter or longer period than one year.

THIS OFFER APPLIES ONLY TO THE DAILY STANDARD SENT BY MAIL TO ANY ADDRESS IN CANADA, OUTSIDE THE CITY OF SAINT JOHN.
On this offer, no reductions of any sort can be allowed in the form of agents' commissions, etc. The rate is two dollars and this amount must be enclosed.

CHANCE RESIGNED AS MANAGER
New York, Sept. 13.—Frank Chance yesterday resigned as manager of the New York American League Club. Chance's resignation has been accepted by Frank Farrell, president of the club, but a wordy war, which at one time threatened to come to blows between Chance, Farrell, and former chief of police, William Devery, who owns a big block of stock in the club, left it uncertain as to when the manager will retire. He had requested to be relieved next Tuesday, but it now appears probable that he may stay out the season.

DESTROYING QUACK GRASS.
A subscriber writes: "We have about four or five acres of quack grass on our farm. Can you tell us of some practical way of getting rid of it? We are anxious to get it under control so as to prevent its spreading over the farm."

SHOOTING ON RANGE SATURDAY

The 62nd Rifle Club held their weekly spoon match on the range on Saturday afternoon. The weather was fine for shooting and some good scores were made. Following were the winners:

A Class—	800	900	Tl.
Col. Sergt. J. Smith	29	26	55
B Class—			
Sergt. H. Boyer	30	33	63
C Class—

D Class—No competition			

of some practical way of getting rid of it? We are anxious to get it under control so as to prevent its spreading over the farm."

If your land is in pasture or meadow, allow the quack grass to grow until nearly ripe. Then cut it for hay and plow the land about three inches deep. Follow the plow with a sharp disc to cut the sod up. Disc and cross disc and harrow until the patch is quite mellow. Then go over it with a spring-tooth harrow or some other implement that will bring the quack roots to the surface. Fake the roots together with a horse rake, haul them off the ground, dry and burn them. Continue cultivating the field with a spring-tooth or a spike-tooth harrow once every week till late in the fall. Haul off as many of the roots as possible and destroy them. Late in the fall plow the field again and about a half inch deeper than the first time.

AROUND THE CITY

Cow at Large.

Lewis Gatzman has been reported by Special Officer Rickwood for allowing his cow to wander at large on the golf links.

Hole in Road.

The police report that there is a dangerous hole in the Spout Cove Road which needs immediate attention from the proper officials.

Horse Wandering.

Police Officer Jurich on Saturday evening found a horse wandering about Erin street and he placed the animal in M. M. Baxter's stable for safety.

Without Light.

A. R. C. Clark and Son have been reported by the police for leaving a concrete mixer on Sydney street without a light Saturday evening.

Man Ejected.

Police Officer Dykeman and Leighton were called into the Atlantic Sugar Refinery yesterday afternoon for ejecting a man who was not wanted there.

Cargo for London.

The Furness liner Kanawa, which has been discharging at the Pettigill wharf will shift to No. 3 berth, Sand Point, today to take in cargo for London.

Found by Police.

The police report finding a key on Sydney street and an umbrella on Main street. The owners can procure the same on application to the Chief of Police.

Reported by Police.

James Stevens has been reported by Sgt. Finley of the Western Division, for using profane and abusive language to Ernest Cameron on Watson street, tending to cause Cameron to commit a breach of the peace.

Violated Motor Law.

William J. Cotter has been reported by the police for violating section 8 of the New Brunswick motor vehicle law by operating an automobile through the city streets without a chauffeur's license.

Another Convention Cancelled.

A special meeting of the King's Daughters was held Saturday evening for the purpose of discussing the matter of holding a Maritime Provincial convention. It was decided that owing to the present state of affairs the convention be cancelled for the present. The members decided to take hold and assist in the Red Cross work.

Sunday School Opening.

After having been closed during July and August, the Sunday school of St. John (Stone) church was opened yesterday. There were no special features marked and the attendance of scholars was large. The prospects for a successful winter are bright. Rev. G. A. Kubring is acting superintendent of the school.

The Shenandoah.

The steamer Shenandoah, which is aground on the Navy Island Bar, has had all of her undamaged cargo taken away in lighters. Work will be commenced today to remove the 250 barrels of cement which is in the forward hold. It is said that the cement will be lightered to Sand Point and dumped in the rear of the new wharves.

Was Probably Stolen.

A small brown satchel was found in a yard off Leinster street yesterday by Fred Kelley who handed the same to Detective Killen. The satchel was cut through the top with a knife and looked as if it had been stolen and opened in this manner. All that had been in the satchel was some bones and it appears that the thief after finding the contents of no value to him threw it into the yard.

Small Boy Badly Hurt.

Saturday evening, Charles Breen, a small boy, was quite badly injured on a Sydney street. With others he was playing about a concrete mixer when the heavy iron chute fell and pinned him to the ground. Willing hands lifted the chute off the boy and the young fellow was placed in J. Fraser Gregory's automobile and rushed to the General Public Hospital. His back was somewhat injured but he was resting well last night and will be able to get around again shortly.

PIE SOCIAL IN AID OF PATRIOTIC FUND.

A pie social will be held at Agricultural Hall, Leech Lomond, on Tuesday, the 15th inst., in aid of the Patriotic Fund.

It will be opened by an address by Com. Wilmore, and Com. Potts will assist of the pies. Dancing will begin at 9 p. m. with a grand march. The committee hopes that many friends of the cause in the city and county will favor the occasion with their presence. The ladies of Lakewood and Ben Lomond are actively interested in the arrangements.

TRADES AND LABOR CONGRESS WILL HAVE MUCH TO DISCUSS

Old Age Pensions, Immigration and other important Questions will be dealt with at Convention opening here next week—President Watters in city.

MINISTER OF MARINE AND FISHERIES HOME AFTER INSPECTION TRIP TO NORTH SHORE AND ALBERT COUNTY.

Hon. J. D. Hazen, Minister of Marine and Fisheries, arrived in St. John late Friday night by automobile after visiting the different parishes of Albert County and Bathurst, and Newcastle on the North Shore.

Hon. Mr. Hazen, who was accompanied by George W. Fowler, M.P., at Bathurst Thursday morning, where they were met by representative citizens, and shown the different points of interest about the town. The harbor was carefully inspected and the improvements being made there, came in for much favorable comment.

A visit was made to the site of the new pulp mill being erected by the Bathurst Lumber Co. Good progress has been made on this plant, and the construction of this enormous pulp mill has already had a stimulating influence on the business of that section of the North Shore. The influx of men, who have found employment at the mill, has caused a general boom and several new sub divisions have been opened on the outskirts of the town. Conditions generally have improved and much increased activity along business lines has been assured.

From Bathurst Hon. Mr. Hazen and Mr. Fowler went to Newcastle, where they were met by a delegation of citizens, and an opportunity was given them of seeing the different features of the town. A trip was made to the big wireless station, where Colonel McKenzie and his men were stationed. The transmitting and receiving station was inspected. Col. McKenzie had his men drawn up and the visitors "inspected" them. Extensive progress was noted in all parts of the North Shore, and the people at that vicinity are convinced that a prosperous future is in store for them.

The Minister and Mr. Fowler, then proceeded to Moncton where they were met by Mr. Fowler's automobile and, in this, every parish of Albert County was visited. The people everywhere were enthusiastic over the prospects for the future and there was a general feeling that this section of the country was entering an era of greater development and prosperity.

Hon. Mr. Hazen and Mr. Fowler were both well pleased with the conditions met with on their journey and convinced that the people of New Brunswick have started on a period of development unsurpassed in this part of Canada.

PERSONAL.

Mrs. James Keys of Leech Lomond, accompanied by Mrs. Herbert Keys, will leave this morning on the Governor Dingley to visit friends in Boston and Hampton, New Hampshire.

Mr. and Mrs. A. McN. Shaw, who have been spending the summer at Ramdenac, will leave for Montreal this week.

Mrs. H. H. Scovil will receive her friends at the home of her parents, Mr. and Mrs. G. M. Wilson on Friday afternoon, September 18th.

AMERICAN BROKERS TAKING OPTIONS ON FOX STOCKS.

J. S. Currie, accompanied by a member of a well known firm of California brokers, spent the past month in P. E. Island probing the financial foundations of the fox industry. The stocks of three companies were selected and others are under consideration. The companies selected are The Eureka Fox Co., with an average record of over 100 p. c. in annual dividends, for the past three years; The Willow Hill Silver Black Fox Co., which has paid over \$100,000 in dividends and has a record of pure silver black fox of 257,000. The foregoing concerns own the most prolific, class A, silver black foxes (of the exclusive type) on the island. Along with these two blocks of stock an option was taken on the Banner Fox Co. stock, undoubtedly the most alluring and solid cross-fur proposition. This company owns six pairs of cross-foxes, comprising one pair, the male of which is a beautiful specimen of pure silver black fox and the female is very dark, showing 90 to 95 p. c. silver. Two other pairs show an unusually large percentage of very dark silver, almost equal to the distinct type. The other three pairs show fox fur estimated at 50 to 70 p. c. silver black. When one considers that the female, of the highest type pair, produced a litter of seven pups last spring, the immense possibilities for profit in the Banner Company can readily be understood. It would not be a surprise to see this company pay over 500 p. c. in dividends, for 1915, as the company's stock issue is only \$24,000 for the six pairs. The best pair is liable to produce 100 p. c. on this capital, alone, leaving the production of the other five pairs to be conjured with at the usual ratio of profits.

Here are presented three of the most solid fox propositions on the island. Prospective buyers should communicate with J. S. Currie, Box 50, St. John, N. B., at once as this stock is bound to be rapidly taken up by the clients of the American brokers referred to.

Social Service.

At the service in Stone church yesterday morning the Rev. G. A. Kubring, preached an interesting sermon on social service work, and pointed out the progress being made in some of the features of this work in St. John. Owing to the Bishop's request that intercessory services be held the previous Sunday, the special service asked for by the local committee on social service had to be postponed for a week.

MONCTON WHERE IN COMPANY WITH CONTROLLER JAMES SIMPSON OF TORONTO AND P. M. DRAPER OF QUINCY, HE WILL ADDRESS A PUBLIC MEETING. THIS PARTY WILL RETURN TO ST. JOHN SATURDAY MORNING.

It is expected that at this convention an attempt will be made to adopt an old age pension scheme. This matter has been discussed at previous conventions in a desultory way, but it is understood that at this convention an interesting report on the question will be submitted, urging action along the lines of the old age pension systems adopted in other countries.

The questions of immigration will also probably cause an interesting discussion and measures looking to a restriction of the activities of immigration agents will be advocated.

Some of the Delegates.

Among some of the prominent labor men who are expected at the congress are A. Verville, M. P., Controller Joseph Almy of Montreal, Controller Simpson of Toronto, and Allan Studholme, M. P., of Hamilton. It was expected that there would be a fraternal delegation from Great Britain at the congress, but in view of the war it is understood his trip was cancelled.

Mouthpiece of Workers.

The Trades and Labor Congress which is the legislative mouthpiece of the organized workers of Canada is concerned mainly with the promotion of federal and provincial legislation in the interests of the workers and blocking legislation which it is felt would be inimical to the workers. It usually keeps a representative at Ottawa during the session of parliament to watch the course of legislation and assist the passage of labor bills. At the last session of the provincial legislature it paid the expenses of a representative at Fredericton who was the mouthpiece of the interests of labor. The expenses of the executive work of the congress are borne by a small per capita tax paid by the international unions upon their Canadian membership.

Executive Here Saturday.

On Saturday the members of the executive committee will reach here, and will prepare for the opening of the congress on Monday morning. On Friday Mr. Watters will go to

LOCAL PRIEST OF SOLDIER HONORED BY THE POPE

Very Rev. W. F. Chapman, now a Domestic Prelate of the Pope's House—Invested with robe.

His Lordship Bishop LeBlanc visited St. John the Baptist church last evening for the special purpose of investing the Very Rev. W. F. Chapman with the purple robe of Domestic Prelate of the Pope's House.

At seven o'clock the Very Rev. W. F. Chapman celebrated solemn vespers in the presence of a large congregation. The celebrant was assisted by Rev. Father McCormack, C.S.S.R., and Rev. Wm. Duke, while Rev. A. J. O'Sullivan and Rev. W. M. Donohue assisted the Bishop.

Immediately after vespers His Lordship delivered an eulogy, extolling the virtue of Mons. Chapman, who has upon two occasions acted an administrator of the diocese, and for several years was Vicar General. During his forty years in the priesthood he has done excellent work. His Lordship gave a brief talk on his own recent trip to Europe, Rome, and the Holy Land.

Very Rev. Father Chapman was then invested with the purple robe of a Domestic Prelate, which is an honorary title conferred by the Holy See.

Final benediction followed. The Bishop was assisted by Mons. Chapman as high priest and Father Duke as deacon and Father McCormack as sub-deacon.

PERSONAL SERVICE IN CAUSE OF RELIGION

Rev. Walter P. Dunham appeals to congregation—Points out needs of Church and Sunday School.

In the Church of the Good Shepherd, Fairville, last evening, Rev. Walter P. Dunham preached to a large congregation on the need of more personal service in the cause of religion. During his address, which was given in a forcible manner, Rev. Mr. Dunham appealed strongly for more energy on the part of his own congregation, and pointed out that there was a chance for more personal work. He urged the needs of his Sabbath school and pointed out that more men were needed by all churches in the furtherance of religious life. He asked the parents to be more diligent in the teaching of their children and besides having them attend Sabbath school and church services, there should be personal instruction at home. One hour a week, he thought, was little enough for a child to spend on religious instruction at home.

Don't Read This.

Come to Centenary Church Tuesday and Wednesday evenings, September 15 and 16, at 8 o'clock and hear Deborah Knox Livingstone, the eloquent temperance advocate. These meetings will be held under the auspices of the Provincial W. C. T. U., which is holding sessions in this city this week. The public are cordially invited to be present. Silver collection.

Many Fall Cloths.

Many people remark about the immense stock of cloths for fall cloths that they see as they enter F. A. Dykeman & Co.'s store. The goods were all imported before the war started, and are from the European mills. They consist of fancy tweeds, chinchilla, Astrakhan curl cloth, blanket cloth and in fact every description of cloth that is in vogue. They are selling one particularly attractive line of blanket cloth, every thread of which is pure wool, at \$1.10, fifty-four inches wide and comes in thirteen different colorings. This is an excellent cloth for ballmaccos coats and also for children's garments.

G. Company.

Members of "G" Company 62nd Regiment will meet at the armoury on Monday evening the 14th inst., at 8 p. m. to hand in their uniforms and receive their pay.
