MEETING OF TOWN COUNCIL

Assessments for the Current Year
Will be \$30,000.

The Council met on Tuesday evening, His Worship Mayor McDonald presiding. Members of Council present were, Councillors, Lunan, Pinaut, McKenzie, White, Alexander, Miller and Moore.

The minutes of the previous meeting were held over till next meeting. Communication from Isabel Fraser re employment in Town Clerk's office was referred to Town Clerk.

Communication from A. A. Wilson, regarding claim of A. D. Yerxa for wages was referred to Town Solicitors. Communication from Isabel Fraser re employment in Town Clerk's office was referred to Town Clerk.

Communication from the Building Inspector regarding Planing Mill on Landsdowne Street was referred to Town Solicitors to take action if necessary.

Letter from Board of School Trustees requesting the town to assess the sum of \$8200 for school purposes was placed on file.

Petition from Miss E. B. Underhill for a permit to conduct a restaurant on O'Leary Street was referred to Police and License Committee.

Coun. Lunan submitted report of the Police and License Com. recommending that a trucking license be granted to Mrs. Jellott in accordance with the by-laws. That a Junk dealer's license be granted to Wm. Ross on payment of \$25.00 and that rain capes be provided for the Police officers.

Report received and adopted. Coun. Alexander submitted report of the Water and Sewerage Com. recommending payment of accounts totalling \$195.82, and Coun. Pinaut from the Public Property and Streets Com., recommending payment of accounts totalling \$250.50, both of which were received and adopted.

Coun. Lunan from the Electric Light Com. introduced Mr. Wright, the superintendent for the erection of the new Electric Power Station, who gave his expert opinion regarding the site for the building. His opinion was that the original location should be retained, as to move the site further west would entail a larger expenditure than was at first estimated, and further the plans which were now on the way from the old country were drawn for the original site, viz. that abutting on Shives wharf.

After listening to the remarks of this gentleman it was felt that the spending of an extra \$3,500 on the proposed change could not be done under present circumstances, and it was moved, seconded and carried, "That the Power House be erected on the east side of Shives' wharf and abutting thereto."

The Council then went into Committee of the whole regarding assessments. The finding of the committee was as follows:
Public Property and Streets \$ 5750
Street Lighting 1250
Schools 6200
Fire Protection 4000
Relief of Poor 1000
Board of Health 500
Police Force 3800
Salaries and Contingencies 6200
Sinking Fund 1000

Total \$30,000
It was pointed out that this amount was really the lowest figure that could be taken, in fact, perhaps too low, and the assessment was really small, as the sum of \$10,000 was taken up at one day to pay back overdrafts in the bank, which makes the assessment for the current year only \$14,000. Council then adjourned.

Mr. W. L. McRae has come forward with the offer of a \$25 tailored suit to the ball player making the most runs in the league schedule. The public are certainly showing an interest in the game and the players have made up their minds they won't disappoint the fans.

SISTER'S THANKS FOR TAG-DAY OFFERING

The Sisters of the Hotel Dieu cordially thank all who by their generosity contributed to make "Tag-Day" a pleasant one, while realizing for the Hospital the handsome sum of \$545.

Special thanks are due to Miss Mary Ethel Malcolm assisted by a well organized band of willing workers whose activity and success are attested by the above happy result of the days work.

Much gratification is felt over the splendid result of last Saturday's Tag-day. The collectors had a busy time all day and being favored with lovely weather made the most of their opportunities. It was certainly very hard to refuse the fairy fingers of a dimpling damsel who offered to tag you, and many of our callow youths would gladly have bought all the tags some fair maid had, could they have had the privilege of such frank friendship always.

The hospital is greatly in need of funds, and an institution such as this deserves all the help and financial assistance possible, and Miss Malcolm and her willing assistants are to be congratulated on instituting this Tag-Day which we trust will become an annual one. The ladies who assisted Miss Malcolm, were the Misses B. E. H. and I Murray, Misses Mona and Maggie McLennan, Miss G. Levesque, Miss Kate McArthur, Miss A. Theberge, Miss L. Copland, Miss B. Downs, Miss M. Graham, Miss T. Lingley, Miss R. McRae, Miss M. Price, Misses L. and G. Verette, Miss Annette, Miss M. Henry, Miss L. Boudreau, Miss M. Roy.

FIELD CROPS IN CANADA

Ottawa, June 10.—A bulletin of the census and statistics office today states that the season this year has been favorable for field crops in all parts of Canada, and excellent reports have been received from all the provinces. The lowest percentage of condition is made for fall wheat, which suffered from inadequate protection in the winter months, and also to some extent from spring frosts. The areas of fall wheat are greater than last year by 4.50 per cent and of spring wheat by 13.70 per cent. The total area in wheat is 10,503,400 acres, as compared with 9,294,800 in 1910 and 7,750,400 acres in 1909. The per cent condition of fall wheat at the end of May was 80.63, and of spring wheat 96.69. The area in oats is 10,279,800 acres and its condition 94.76, as compared with 9,864,100 acres and 93.95 per cent condition last year. Barley and rye each show a small decrease in area, but the condition is higher than at the same period last year. Slight decreases are also reported for areas of peas, mixed grains, and hay and clover, with per cent condition of over 90. Hay and clover have a reported condition of 91.45 for the Dominion, being practically 100 in Manitoba, Saskatchewan and Alberta. The area of the field crops named is 32,051,500 acres for 1911, compared with 30,554,200 acres for 1910 and 28,194,900 acres for 1909. In the provinces of Manitoba, Saskatchewan and Alberta the area in wheat, oats and barley was 3,491,413 acres in 1900, 6,009,389 acres in 1905, 11,952,000 acres in 1909, and 13,809,800 acres in 1910, and it is 15,355,500 acres this year. The increase of these crops from 1900 to 1911 was 2,663,699 acres in Manitoba, 7,364,315 acres in Saskatchewan and 1,835,073 acres in Alberta. Archibald Blue, Chief Officer.

CORONATION DAY AT CAMPBELLTON

Big Church Function the Main Feature.—Baseball and Sports.

To take part in the Coronation festivities here next Thursday, a large number of visitors are expected to be in town. An excursion train will leave St. Leonard's at 7.30 a. m. on Thursday morning and it is expected that between 1200, and 1500 will take advantage of the ride over the International Railway. View our town arising from the ruins of last summer, and get a glimpse of the magnificent scenery of the Bay of Chaleur.

After the baseball game which takes place in the afternoon, a very interesting and impressive ceremony will take place on the Catholic church grounds, that of blessing their new bell. Bishop Barry of Chatham will perform the ceremony assisted by some 30 or 40 of the clergy from Madawaska Co. and neighbouring parishes and appropriate addresses will be delivered in both languages.

On the new Catholic church grounds (lately known as Patterson's property) meals will be served to the excursionists and other visitors from 11 a. m. Supper will be served at 4 p. m.

Meal tickets may be procured on the excursion train or at the grounds and the visitors will embark on their homeward journey somewhere near eight o'clock.

LYMENEAL

MILLICAN—COATES.

A very pleasant and interesting event took place at the home of Mr. and Mrs. J. Thomas Coates, Nappan, N. S., on Thursday afternoon, June 1st, when their daughter Nellie Beatrice, was united in marriage to Mr. Harold Millican of Campbellton, N. B. The bride who entered the parlor on the arm of her father, was becomingly attired in an elaborate gown of white liberty satin with pearl trimmings and bridal veil, and carried a shower bouquet of bride's roses and lilies of the valley. The ceremony was performed by the Rev. F. L. Jobb of Londonderry, in the presence of about fifty guests, the young couple standing under a floral bell, suspended from an arch of apple blossoms. After a sumptuous luncheon, the happy couple left on the C. P. R. for an extended trip through Nova Scotia and New Brunswick. The bride's travelling suit was of navy blue silk with hat to match. The presents were both numerous and costly, including cut glass, silver and several cheques. The groom's present to the bride was a diamond and sapphire ring, and to Miss Winnie Robertson who played the Wedding March, a pearl crescent. Among the guests from a distance was Miss Hattie Millican, sister of the groom, also friends from Amherst, River Hebert and Southampton.

The latest danger is an invasion of America by twenty-five millions or so of Chinese. That is nothing. We have had more than that many microbes in a bucket of water.

They're taking to stealing bronze statues from Montreal's squares now. What a horrible aftermath to the graft rampant there for sometime. The next thing will be red-hot stoves.

CAMPBELLTON BASEBALL LEAGUE

Interest Being Maintained in the Results of the Matches.

On match nights all roads lead to the ball field and the interest in the game is being well maintained. Much will be expected now from our hard hitting players as Ferguson Brothers will present a \$20 Panama hat to the player making the first home run.

W. L. McRae as already noted will give a \$25 suit to the player making the most runs in the schedule, and we may perhaps have the Chief of Police clipping in and giving a bottle of Mr. McRae's gin to the pitcher who gets most hits taken off his offerings.

Could the committee not see their way to change the position of the home plate down to where first base is? This would help the men in the field very much as at present they are starting into the sun, and it is wonderful that they are able to see the ball at all, on bright sunny evenings. It would help all round, we believe, and most of all would give "the sweet young things" who make such sweet melody on the Grand Stand an opportunity to see the end or third of many a valiant aspirant for that suit of clothes and Panama hat.

The results of the matches is as follows:—

I. N. R. vs. Town—Played on Friday evening—The town boys were hardly in form and received a heavy trouncing from Tom Malcolm's snipers.

Scores: I. N. R. 1 2 3 4 5 6 7 Total
Town 1 2 0 0 1 0 5 11

Teams I. N. R. Town

Boss 1 Run Casey 0 Run
O'Heron 2 " Love 1 "
Keith 1 " Mooney 0 "
Davis 2 " O. Mowat 1 "
McRae 1 " B. Mowat 0 "
Gallant 1 " Mooney 1 "
O'Connor 1 " Schumann 0 "
Hay 1 " Miller 1 "
Grant 1 " Johnson 0 "

11 4

Mechanics vs. I. N. R., played on Monday evening before a fair attendance. The evening was rather chilly for most of the fair sex, but they who braved the east wind enjoyed themselves. The Mechanics early struck their game and missed a long lead from Tom Malcolm's snipers, who did not support the pitcher in any way. Later on in the game when O'Keefe had retired they showed a little piracy in stealing bases, netting 3 runs in the last innings, but they came into the picture too late.

Scores: I. N. R. 1 2 3 4 5 6 7 Total
Mechanics 5 2 2 2 0 0 0 11
I. N. R. 1 0 0 2 0 0 3 6

Teams I. N. R. Mechanics

Boss 1 Run Mooney 1 Run
Ahearn 1 " McCallum 2 "
Keith 2 " O'Keefe 2 "
Davis 1 " I. Mooney 0 "
Grant 2 " Patterson 2 "
Dobson 1 " Nelson 0 "
McRae 2 " Lacy 1 "
Stevens 0 " S. Mooney 1 "
O'Connor 0 " J. Gallant 1 "
A. Delaney 1 "

6 11

"Pitched for O'Keefe in 5th, 6th and 7th.

The game for Wednesday night between the I. C. R. and Town was called off owing to the inclemency of the weather and was postponed till some time after August 4th.

The League table will be completed up to Wednesday evening of each week.

LONG STANDING SCIATICA

Completely Cured by One Box of
Father Morrisey's No. 7 Tablets.

Sciatica is hard enough to endure, and harder still to cure, in many cases, with ordinary remedies. Caused, like rheumatism, by impurities in the blood, which in this case set up an irritation of the sciatic nerve, it is so difficult to get at with external applications that many sufferers try in vain to get relief.

Mr. Charles McEachern, of Summersville, P.E.I., was in just that position until he started to take Father Morrisey's "No. 7." He writes:

"After trying several doctors and spending large sums of money without avail, I was completely cured of Sciatica of long standing after using one package of your Medicine (No. 7 for Rheumatism). No matter how long you have suffered from Sciatica or Rheumatism of joints or muscles—no matter how much medicine or liniment you have used without result—try Father Morrisey's No. 7 before you give up. It has restored health to many who were almost hopeless."

Get a box at your dealer's or from
Father Morrisey Medicine Co., Ltd.,

BELL-RINGER TO MILLIONAIRE

Quebec Man Left an Estate Valued
at Two Million Dollars.

Cranby, Que., June 10—From bell-ringer to millionaire might be a suitable title for a romance written around the career of S. H. C. Miner, who died here yesterday, for it is estimated that the estate of the man who started life as a church caretaker at a few pennies a week, is valued at \$2,000,000. He was founder of the Consolidated Rubber Company, interested in western mines, founder of the Granby Smelter Company, vice-president of the Eastern Townships Bank, director of the Brophy Parsons and Rodden Company, a pioneer in many fields of industry and a unique figure in the eastern townships. As an instance of many interests, while discussing with a Granby business man, he showed him a list of small things in which he was interested, from \$1,000 to \$7,000 or \$8,000. There must have been forty items on this list, which he alluded to as "hen feed."

MAKING SAWDUST VALUABLE

The processes for making use of sawdust that have been worked out in France and Norway in the past few years have proved of immense value to these countries. The making of money out of sawdust not only produces wealth from the material, but keeps it out of the streams and thus adds nearly one hundred per cent to the chances for fish doing well in the fresh waters and furnishing more economical food for the people.

The French have perfected a process that extracts 27 gallons of high grade alcohol from a ton of sawdust, 42 pounds of acetic acid and leaves enough wood to make briquets that are sold for about \$10 a ton because they are extra fine for making fires. All that pays a large profit for handling the sawdust, and there is no waste material to throw into streams.

In Norway they wood flour of the sawdust and sell it for \$12 a ton to be used in various industries, but not for mixing up bread. These are economies that work both ways for the benefit of the population, and they mean something besides theories to talk about.

The caisson for the Quebec bridge, which was damaged last year while being placed in position, and has been subsequently repaired in the graving dock, was floated on Saturday and taken to the bridge site to be again placed in position.

CHURCH SERVICES

St. Andrews' Church—Rev. T. P. Drumm, Sunday 11 a. m., and 7 p. m. Sabbath school and Bible Class at 2.30 p. m. Union Prayer meeting Wednesday at 7.30 p. m. in the Baptist Church. Choir practice on Friday at 8 p. m.

Methodist Church—Rev. Geo. Morris, Sunday 11 a. m. and 7 p. m. Sabbath School and Bible Class at 2.30 p. m. Prayer service on Wednesday evening at 7.30 p. m.

Baptist Church—Rev. Mr. Schurman, Sunday 11 a. m. and 7 p. m. Sabbath School and Bible class at usual hour. Union Prayer meeting Wednesday at 7.30 p. m.

Christ Church—Rector Rev. R. J. Coleman, Sabbath services at 11 a. m. and 7 p. m. Sabbath school at 2.30 p. m.

LOOK! We don't practise up-to-date business methods. We think carelessness the best policy. Our Motto: Dissatisfied customers at any cost.

Our clerks are untidy-looking

We sometimes charge you for goods you don't get. If you kick we simply apologize

Don't be in a hurry We like to take our time

We often make mistakes—but we don't care. If you do, trade elsewhere

We don't give receipts unless we have to Pay us your money and be glad we take it

NEEDMORE TRADE & CO

This Is BAD Advertising !

IS it the kind YOUR store is getting? This is a very serious question that every merchant should carefully consider. It seems ridiculous for any merchant to advertise that his methods are out-of-date, that his clerks are careless, slow and inefficient and constantly make mistakes, that he is indifferent about the service his customers get, and that he doesn't protect them by giving a receipt with every transaction—

YET thousands of merchants are doing this very thing every day. Not by sticking signs in the window—but by their methods, by their neglect to adopt modern store system. Actions speak louder than words, remember. You don't have to tell people how you do business. You are showing them, every day.

If unsatisfactory conditions exist in your store lose no time in remedying them. Prevent mistakes, avoid disputes, stop all losses and insure absolute accuracy in all money dealings—as a million other successful merchants have done—by getting a National Cash Register. Then "put a receipt in every parcel."

You cannot succeed without a good system—and the better your system the better you will succeed. No store system ever invented has done so much for so many merchants at so little cost, as the National Cash Register.

Customers like to deal in stores that have a National Cash Register. They know it guarantees absolute accuracy, promotes efficiency, and stands for up-to-date methods and good management. And they realize that good management means better values.

There's a National Cash Register built for you, and the money it will save you will pay for it.

Write for further information to

NATIONAL CASH REGISTER CO.

LAUNCH OF NEW STEAMER SAGUENAY ON THE CLYDE

Thirty years ago a little bit of a steamer built up at Chicoutimi was considered good enough for the traffic that then offered on the far-famed scenic Saguenay route, as it has come to be known. To-day, the best that the noted shipyards of the Clyde can turn out is none too good for the class of travel that has been attracted by the beauties of the scenery and historic interest that attaches to a trip in that direction.

Travellers from all parts of the world now flock during the summer season to view the beauties of the scenery down the Lower St. Lawrence and up the Saguenay, and it has been found necessary by the Richelieu and Ontario Navigation Company to put on that route the finest steamer obtainable. The new steamer, Saguenay, which was recently launched on the Clyde, and will cross the Atlantic in June under her own

steam, attracted considerable attention at Glasgow. It has been arranged that the new steamer will ply between Montreal and the Saguenay. Heretofore all the Saguenay boats ended their trips at Quebec, and passengers from up the river were required to transfer from the Montreal boat in order to continue the journey. This will be obviated by running the new boat through from Montreal, making two round trips a week.

THE FUN OF FISHING

Fishin' Instinct Born in a Man; Cannot be Acquired.

"What fun do you find in fishing?" The question is one which is frequently asked of the fisherman, says an exchange. No fisherman can answer it to the satisfaction of any person who asks it. The man who asks it places himself without the pale of those who fish. He cannot understand the promptings of the fisherman's heart, and he probably never will learn.

There is a question whether or not the fishing habit may be acquired—it seems more likely that every man who fishes with keen enjoyment has the fishing instinct born within him.

Those who do not belong to the great Brotherhood of Gentle Anglers cannot understand why a man should sit patiently along the shore with his line dangling in the water, cannot understand why he will tire himself out following the windings of a trout brook through the woods.

To the man who loves to fish there is nothing remarkable about this. To the man who loves to fish, every minute spent on lake or stream is golden. Possibly he may catch no fish—possibly he may not even get a nibble, yet the true fisherman will tell you that all the time his line is in the water joy sings in his heart.

The true fishermen will tell you that not all the fun in fishing is to catch fish. Your fisherman is an apostle of patience and perseverance. The breeze which ripples the water gives him pleasure, the swallows skimming over the surface please him, the blue sky, the white clouds, the evergreen and butterflies, and the eddies made by the canoe paddle, all contribute to his day of pleasure.

To the fisherman the question, What fun do you find in fishing? must be just as ridiculous as the

fisherman seems to be to the man who asks the question. Neither one understands the other, nor can either one explain. The man who loves to fish and the man who cares nothing about it belong to different breeds of cats—that's all.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

WANT I. R. C. TO RUN NEW ROAD

Andover, June 7.—Tonight's meeting at Selfridge's hall, called by Senator Baird, was an enthusiastic endorsement of the principle of I. R. C. operation of the St. John Valley Railway with connection with the Grand Trunk Pacific at Grand Falls. Senator Baird, who has always been a Conservative, was himself one of the speakers at the meeting and moved a resolution approving of the acceptance of the offer of the dominion government for operation of the new line as a part of the government road. This was carried. A delegation was appointed to urge upon the governor-in-council the desirability of accepting the offer of the dominion government to operate a road built from Andover to St. John and intercepting the G. T. P. at Grand Falls. Those chosen were Senator Baird, T. J. Carter, J. L. White, William Perry and the local representatives, Messrs. Tweeddale and Burgess.

MADE WELL AND STRONG

By Lydia E. Pinkham's Vegetable Compound

Toronto.—I gladly give you my testimonial in favor of your wonderful medicine. Last October I wrote to you for advice as I was completely run down, had bearing down sensation in the lower part of

the lower part of my back, and pain in the side. I also suffered terribly from gas. After receiving your directions, I followed them closely and am now entirely free from pain in back and bowels, and am stronger in every way.

I also took Lydia E. Pinkham's Vegetable Compound before my baby was born, and I recommend it highly to all pregnant women.—Miss E. WANDY, 92 Logan Ave., Toronto, Ont.

Another Woman Cured
Maple Creek, Sask.—I have used Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I am now in perfect health. I was troubled with pains every month. I know other women who suffer as I did and I will gladly recommend your medicine to them. You may publish this if you think it will help others.—Miss E. COOK, Maple Creek, Sask.

If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

CAMPBELLTON, N. B., JUNE 16, 1911.

THE CURRENT TAXES

The Council in dealing with this much discussed problem, have made a very fair assessment and one that should commend itself to all thoughtful people. It must be remembered that the last assessment made was only a stop gap, the sum assessed viz \$12,000 being only for immediate needs and did not attempt to take up the back debt of the town in any way. As a matter of fact at that time there was an overdraft of \$12,000 which was not taken into account in the slightest and which now stands at over \$16,000, so that we may say we have carried on the affairs of the town since last July on \$16,000. This seems very reasonable. Now as to the current assessment which is for \$30,000, when we remember this overdraft of \$16,000 it means that our city fathers are endeavouring to run the business of the town at the lowest possible cost, for after the overdraft is paid it means only \$14,000 are left to carry on the affairs for a whole year. There is no doubt whatever that the total should have been much larger, but looking to the condition of our pockets the council wisely kept their figures at the lowest possible. There is much therefore which should be done will not be thought of, and the ratepayers will have to remember that we must "cut our coat according to our cloth." The assessors will no doubt have grave difficulty in deciding the best means of dealing with the assessment, owing to the failure of our proposed legislation dealing with this subject, and we would suggest to them that the fairest way for all would be to tax the land at its full value and the buildings or improvements thereon at half value. On this basis therefore the estimated figures would work out as follows:

Full value of land	\$140,000
Half value of buildings	500,000
Assessable income	200,000
Personal property	100,000

Total assessable value \$2,200,000

Taking these figures the rate would come out somewhere near to \$1.40 per cent, which by the way was the exact figure for the assessment for 1910 which was not collected. On the other hand if the procedure of last summer is followed i. e. that of taxing half value of real estate the estimated figures would work out in this way.

Half value of land	700,000
Half value of building	500,000
Income	200,000
Personal property	100,000

Total value \$1,500,000

making the rate \$2.00 per cent.

In the face however of the fact that many of our large buildings were put up on the understanding that exemption of improvements from taxation would go through, we think it would be well to give them the benefit of the half rate and tax the full value of the land, thereby making the real holder of real estate pay the encumbrance upon such. Many have held off from building who were able to do so, and although only half value was assessed on the land last year, the provisions of the assessment act are very clear as to the assessing the full value of land.

Looking at the assessment broadly therefore, the council have done well in this, and the assessors should or ought to have no difficulty in raising the amount required which under present circumstances is very reasonable.

Constable McRae, of the provincial police, visited a lumber camp three miles from Charlton, Ont., and arrested a man named Walsh, a river driver from New Brunswick, charged with incendiarism in connection with the burning of Chas. Charlson's house. The prisoner is said to have threatened Charlson. The accused was held for trial.

The presumably overwhelming majority that gave President Diaz his last re-election does not seem to be in the field fighting for him.

THE CLOSING DAYS

A Toronto Daily last week contained a despatch from a neighbouring city that aged 101 years had gone to the County Industrial Home, there to end his days, and he is said to have gone at his own request. But how the report startled us, that a man after fighting the battle of life for over one hundred years should end his days in a poorhouse! The despatch further stated that the old gentleman had a son of seventy-five and two grandsons of over fifty living in the same County. Naturally, the reader would think it strange that so old a man could have been necessary. But if the inner history were revealed that the son and grandsons are in almost as bad a plight as the old man, and that he preferred to go to the poorhouse rather than add to their burdens. The case is a pathetic one, but it is not unique—you hear of such every day—and the whole story emphasizes how terrible is an old age of penury, and how important it is that we should regard youth as the springtime which soon departs, and wherein we ought to plant and sow all provision for a long and happy life. If the old gentleman had been in receipt of a Canadian Government Annuity of only \$200 his presence in the home of the son or grandson would have been a boon rather than a burden, and the cozy-corner would no doubt, have been kept for him. He may have been a sober and industrious youth, but he had no system of investment which was absolutely safe, and which would yield him a bountiful return for the amounts which he might from time to time save; and so his money was spent or lost as fast as it was earned. But there is no such excuse for the boys or girls, men or women, of Canada to-day, for by the Canadian Government Annuities Act they are provided with a system by which their savings will be taken care of and invested by the Government, and under which they will receive a return larger than it would be possible to secure from any other safe investment, because when the Annuity begins each payment absorbs a portion of the interest thereon, and if the Annuity lives the average number of years he may be expected to live he will get back all that he had paid in with accumulated interest at 4 per cent. If he lives beyond this period, the Annuity will not cease but will be continued to him every three months so long as he may live. The plan is available at any Money Order Office in Canada. The Postmaster will give you a booklet which will explain the system, and which for information as to what you need do is written by Superintendent of Annuities, Ottawa, postage free, giving him your age last birthday, and he will advise you by first mail what this will be. Remember that it is the only absolutely safe plan by which your old age may be made free from anxiety, and happy and comfortable, and that it is the only sure plan by which a wage-earner or person on small salary can provide for the rainy day.

Church union is approved by Toronto West district of the Methodist church by the overwhelming vote of fifty to eight. Toronto West is the largest district in Canadian Methodism, comprising some twenty-five churches many with large membership, so that its pronouncement is regarded as quite significant and representative.

After trying to cure the grip by fasting for fifteen days a Toronto man died of starvation. Another evil result of fast living.

UNWRITTEN LAW RECOGNIZED

On the 9th a London (Ont.) jury acquitted W. S. Heslop, who attacked and stabbed Jas. B. Fowler whom he found alone with his wife, Fowler was seriously hurt. The judge severely reprimanded the jurors for neglect of duty.

Captain Bunn

He Made a Change in the Name of N. B. Boat.

By CLARRISSA MACKIE. Copyright, 1910, by American Press Association.

Captain Benjamin Bunn scrubbed down the deck of the Lovely Eva, opened the cabin windows wide to the fresh breeze blowing across the bay, hustled the coffee pot on to the little stove in the spotless galley, planted the frying pan beside it and then went and sat on the bowsprit and waited for the baker's boy to bring the breakfast rolls.

The Lovely Eva lay in wooden cradles just above high water mark. Salt grass and the white sandy beach formed her garden plot. Beach plum trees, pungent bayberry bushes and, in season, the tall plant with yellow flowers clustered about her black hull.

Above deck all was shipshape. In summer comfortable chairs and a table under a sail awning made an open air lounging place for Captain Bunn and his associates. In winter they gathered about a glowing stove in the cozy cabin.

While the coffee frothed in the pot and the bacon sizzled crisply in the pan in the galley, wheels crunched down the beach road, and the baker's wagon rolled down on the sand, turned and went better skelter back again under the bow of the Lovely Eva.

Several hours passed in this congenial idleness, while the sun mounted higher and the beach became a blazing white stretch. A woman stepped slowly along the sand holding her lilac print skirts primly above her neat shoe tops. She wore a wide lilac sun-bonnet, and her bright brown hair and fresh, youthfully pretty face were framed in it like a pleasant picture. Her brown eyes changed expression as she came upon the busy captain in the lee of the sailboat.

"Lovely—lovely, Miss Willie," chirped the captain delightedly. "Tell me how she looks—fine as silk, eh?"

"It looks beautiful, captain," said Miss Willie Deems critically. "It shines like a frosty cake. What have you named her?"

"Nothing—as yet," returned the captain unthinkingly.

"What are you going to name her?" insisted Miss Willie.

"I haven't thought of a name. I've been trying to think of something pretty."

"I must say I'm interested in what you're going to call your new boat," said Miss Willie. The captain's blue eyes met hers in puzzled inquiry. "I dare say—I dare say," he murmured, looking away from the lilac sunbonnet. "I never was good at naming a boat, Miss Willie."

Miss Willie turned elegantly and surveyed the nautical home of Captain Bunn with a quizzical eye that lingered on the name painted in small gilt letters under the bow. "So long as you've named the ship after Eva Raymond, you ought to name the sailboat after somebody else." Her gaze came back to the captain's reddening face.

The color spread under the gray whiskers, mounted to his forehead and disappeared under the peak of his white duck cap. He removed his pipe and waved it fiercely in the air, his eyes blazing ominously.

"Eva Raymond!" he snorted. "Who said I'd named the ship after her?" "She said so," returned Miss Willie complacently, "and Evangeline Cook says it was named after her, and Eva-Ann Taylor says it was named for her; they all three fit it out five years ago at the missionary society, and they're not through talking about the mean things that was passed to and fro to this very day. They hate each other like poison, all on account of the naming of that sloop!"

"That sloop's been named Lovely Eva for the last ten years."

"But what you going to name the new boat?" asked Miss Willie sweetly.

Captain Bunn crunched through the sand until he stood beside Miss Willie. "I've been wanting to tell you something for a long time, Miss Willie. I thought maybe I could say it better out on the bay with a good stiff breeze filling the sails and the water running under the keel of the new boat. I've thought of a name for the boat, but I wanted you to suggest it." He was looking very red and uncomfortable. Indeed, but his square shoulders were set youthfully erect, and his handsome face was deadly in earnest.

Miss Willie saw all this through her long eyelashes, and her voice was a little shaky as she replied: "Being as the big boat is called Lovely Eva, why don't you name the new one Beautiful Eva? And the skip you can call Little Eva. Then the whole three would be satisfied. That's my suggestion."

The captain stared directly. "Then you believe I named the big boat after one of them women?" he demanded.

"I haven't thought much about it," lied Miss Willie carelessly. "They're your boats. Name 'em to suit your self."

"All right, Miss Willie. Then I shall call the new boat Wilhelmina after you, because, you know, Miss Willie, I was going to ask you to change us and come and live here with the Rev. Mr. Bunn. The captain's bold head wobbled on Miss Willie's slender shoulder with a croaking touch.

Her face grew pink with shame and indignity. What a change the captain

home on the beach would be to her, the village dressmaker, whose days were spent in going from house to house and whose ears were wearied with much gossip and whose eyes were tired of flashing needles and the whir of the sewing-machine! What a blissfully happy existence would be hers in the snug shelter of the sloop, with its perfect arrangements for housekeeping, the indulgent captain for a husband! And—here Miss Willie's head dropped—there was nobody quite so lovable as Captain Benjamin Bunn! That was Miss Willie's carefully guarded secret, that and her jealousy of the three Evas of Little River village. Her face grew quite pale again as she shook off Captain Bunn's hand.

"I couldn't live in a house or a boat that was named after another woman. You can see how they'd all talk, especially if they didn't marry you themselves," she said resolutely.

"Marry me themselves!" roared the captain. "You don't mean them three women wanted to marry me?"

Miss Willie nodded proudly. "Every one of 'em has laid claim to you ever since you sailed into harbor with 'Lovely Eva' painted on the sloop."

"She had that name when I bought her down to Rockport. What can I do? It's bad luck to change a boat's name," said the captain helplessly.

"Perhaps you'll think it good luck not to change it," retorted Miss Willie stiffly, once more turning away. And this time Captain Bunn did not detain her.

He watched her with grave blue eyes from which all the happiness had fled until her lilac skirts had fluttered around a pile of great boulders, and then, with a long sigh, he picked up his painting materials and trudged up to the sloop.

The result of a long meditation was visible the next morning when Captain Bunn rigged a small scaffolding and swung himself to a seat under the bow of the Lovely Eva. Cheerfully he worked, and he sang lustily the choruses of "Eva Bowditch." It was a short job, but one requiring delicacy and skill. When it was finished he performed a similar operation on the port bow and then hurried to the stern, where he stood on a barrel and carefully repainted the words "Lovely Eva" which announced the name of "Lovely Eva, Little River."

Then he flew down to the sailboat and with loving care lettered the name of "Wilhelmina B." on stem and stern.

He had finished his work and was fresh and clean in a suit of white drill when a man came along the beach from Little Village. He was the editor of the weekly newspaper.

"Good morning, captain," he hailed cheerfully. "I received your message about the new boat, so I've come down to have a look at her. A beauty, isn't she?" He stood still and examined the boat with a critical eye.

"I think she's pretty fine, Mr. Brown. I'll take you out tomorrow. Perhaps we can get a few lines outside, eh?" The captain beamed happily. Everything would be well now, and in the distance he could see Miss Willie Deems picking her way down the beach toward him.

"Makes the old sloop look some shabby," he remarked, calling attention to the boat on the sand above them.

Mr. Brown turned and looked at the sloop. He squinted long at her and then went up closer. "What's the matter with her name, captain? I thought—"

He turned a puzzled look on the captain, who was watching him with twinkling eyes.

"What is the matter with her name?" repeated Captain Bunn innocently.

"Why, I thought her name was Lovely Eva, but, by George, it's Lonely Eva!"

The captain laughed. "It's always been Lonely Eva—quiet name, isn't it?—but somehow the first stroke of the 'l' wore off and left a 'y.' It's never been painted back again till awhile ago. You see, that's her real name."

"Now that's quite a joke," mused Mr. Brown with eyes minutely reminiscent of two spinsters and an ambitious widow who laid claim to the name of Eva. "I wonder if you'd object to my writing that up for the paper. I never heard the sloop called anything except Lonely, although I guess it's been mighty lonely sometimes."

"Write her up, write her up!" agreed the captain heartily, with a wave of his hand to the departing editor.

He saw Mr. Brown greet Miss Willie with great deference, and then he stood quietly waiting until she reached his side.

"I expect I'm acting like a fool over the name of that boat," she began hurriedly, when Captain Bunn's pointing finger brought her to an abrupt pause.

"Do you think any woman'll ever lay claim to having that sloop named after her, Willie? Any woman in Little River going to acknowledge her name to be Lonely Eva? Not on your life!"

Miss Willie saw and blushed and then laughed merrily. Then her face sobered. "I suppose it might seem an awful mean thing if you had ever been—had ever shown them any attention," she hesitated.

"I never did," asserted the captain stoutly. "Why, Willie, I never even called to see one of 'em. It's every-body out of it very neatly, I think. And now how do you like the name of the new boat?" He turned her about, and she looked at it in silence for a few moments.

Then happy tears filled her eyes. "Why—why have you named her Wilhelmina B., captain?" she asked, although she knew the answer.

"It means Wilhelmina Bunn. That's to be your name after this, eh, dear?"

In the shadow of the Lovely Eva Captain Bunn leaned over and kissed Miss Willie on the lips.

The Council is this much discuss made a very fair one that should be all thoughtful people remembered that ment made was on the sum assessed only for immediate not attempt to take debt of the town a matter of fact it was an overdraft which was not in the slightest stands at over \$16 may say we have affairs of the town on \$16,000. The reasonable. Now a assessment which when we remember of \$16,000 it means fathers are endeavor the business of the lowest possible cost, overdraft is paid in \$14,000 are left to affairs for a while no doubt whatever should have been looking to the council pockets the council their figures at the There is much that should be done will of, and the ratepayers remember that we in coat according to our assessors will no doubt difficulty in deciding means of dealing with ment, owing to the proposed legislation this subject, and we to them that the fair all would be to tax the full value and the improvements there value. On this basis estimated figures would as follows:
Full value of land
Half value of building
Assessable income
Personal property

Total assessable value
Taking these figures would come out some \$1.40 per cent, which was the exact figure for assessment for 1910 which collected. On the other the procedure of last followed i. e. that of the value of real estate the figures would work out way.
Half value of land
Half value of building
Income
Personal property

Total value \$ making the rate \$2.00 per cent. In the face however of that many of our large were put up on the under that exemption of imp from taxation would go we think it would be well them the benefit of the and tax the full value of thereby making the real estate pay the entire upon such. Many have from building who were do so, and although only it was assessed on the land the provisions of the act are very clear as to the full value of land. Looking at the as broadly therefore, the court done well in this, and the should or ought to have n culty in raising the amount which under present circumstances is very reasonable.

KEEP ON COURT NG AFTER MARRIAGE

"Continue courting after marriage" Rev. A. W. Main said in Point St. Charles Congregational Church last evening in a sermon on Jund Bride-grooms.

"Have you never noticed the change in a woman's face after she is engaged. It is because she has received that for which he hungered, but after marriage, have you never noticed that she loses that happy expression? Have you never seen the joy go out of her face. It is because she received affection from her lover which she does not receive from her husband.

"A bride-groom must be a Christian man, and he must show reverence for everything that is written in the word of God. The husbands who love their wives must honor God, his law, his day and his church. Then a man will also honor his wife.

"I congratulate bride-grooms: I congratulate every marriageable young man. The love of woman is the greatest benediction and blessing out side of the grace of our Lord Jesus Christ that can be bestowed. Don't be afraid to marry. And lovers, continue your courting. The cause of so many unhappy homes is that the men neglect to do this, they neglect their wives."

Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by dealers.

MEXICO CITY SHAKEN

Mexico City, June 7—51 men, mostly soldiers and including one Chinese, and 12 women were killed, 75 persons wounded and property worth \$100,000 destroyed today by an earthquake here.

Two of the capital's old churches and the national palace snow effects of the shock. Long cracks appeared in all of them. In the palace a keystone in one of the arches was thrown almost out. The two churches are Santo Domingo and La Profesa, the latter in San Francisco street. This church had been cracked by other earthquakes. This morning the cracks were widened and the building was ordered closed.

The disturbance was vacillating and almost free from trepidatory motion. More than half the dead accounted for were soldiers. They were caught beneath the falling walls of the artillery barracks in San Cosma, near the Mexican central station.

Mexico City, June 9—Greatly alarmed over the reports filtering into the city from various sources that more than a thousand persons were killed, twice that number injured and scores of villages destroyed by Wednesday's earthquake, the government officials today took steps to investigate and aid the sufferers.

The centre of the disturbance is said to be the volcano Colima, near the Pacific coast. Extinct for years it is now reported in violent eruption. In Zapotlan, a large portion of the city was destroyed and many reported killed and injured. Tonila, Platanar, San Andres and the surrounding country are reported practically wiped out, with many deaths.

The area of destruction, according to the best advices available is rectangular, with the northern boundary less than fifty miles from this city and the southern part taking in the lower part of Guerrero.

A strange feature of the activity of the earthquake was that its greatest severity seemed to be felt in rings around the Colima volcano between which were belts that that were almost immune from damage. The immediate vicinity of the volcano suffered heavily after which there was a zone fifty miles wide which was unharmed. Then came another damaged section.

TW J GOVERNMENTS TO CONFER

In Regard to Buildin' of St. John Val Ra road.

Ottawa June 9—Dr. Pugsley writes today to acting Premier Fleming a N. E. that as Mr. Fleming expresses the willingness of his government to conform to the plan, which has been approved by parliament, of building the line from St. John to Grand Falls, to be operated as part of the Intercolonial system, he should be glad to arrange for a conference between a committee of the provincial government, the minister of railways and himself at as early a date as possible.

Alf. Shrub is in the hospital at Dorchester, Mass., suffering from a troublesome leg which has broken down a number of times. The injury is painful but not serious, and the attending surgeon says that an operation is the only relief.

NOTICE OF ASSIGNMENT

Take notice that Andrew Harry Nolan of the Town of Dalhousie, in the County of Restigouche, in the Province of New Brunswick, Grocer, pursuant to the provisions of Chapter 141 of the Consolidated Statutes of New Brunswick 1903, intituled "An Act Respecting Assignments and Preferences by Insolvent Persons" and Amending Act, by assignment dated the second day of June, A. D. 1911, did make a general assignment for the benefit of his creditors, without preference, to the undersigned James E. Stewart, of the Town of Dalhousie in the County of Restigouche in the Province of New Brunswick, High Sheriff, and also that a meeting of the creditors of the said Andrew Harry Nolan will be held at the said Sheriff's Office in the Town of Dalhousie aforesaid on MONDAY, the NINETEENTH DAY OF JUNE, A. D. 1911, at the hour of 2.30 o'clock in the afternoon, for the appointment of inspectors and giving of directions with reference to the disposal of the estate and for the transaction of such other business as shall legally come before the meeting.

And notice is further given that all creditors are requested to file their claims duly proven with the Assignee within three months from the date of this notice unless further time be allowed by a Judge of the Supreme or County Court, and that all claims not filed within the time limited or such further time as may be allowed by any such Judge shall be wholly barred of any right to share in the proceeds of such estate, and the said Assignee shall be at liberty to distribute the proceeds of said estate as if any claim not filed as aforesaid did not exist, but without prejudice to the liability of the debtor therefor.

Dated at Town of Dalhousie this 5th day of June, A. D. 1911.
JAMES E. STEWART, Assignee.

Citation.

NEW BRUNSWICK
County of Restigouche, S. S.
In the matter of the Estate of James H. Harquail (Deceased)
To the Sheriff of the County of Restigouche or any Constable within the said County, GREETING:—

WHEREAS David A. Harquail sole Executor of the Last Will and Testament of James S. Harquail (Deceased) has filed in this Court a partial account of his Administration of the said Estate and has prayed that the same may be passed and allowed in due form of law.

You are therefor required to cite the heirs of the said James S. Harquail next of kin creditors and all other persons interested in the said estate to appear before me at a Court of Probate to be held within and for the said County of Restigouche at my office in the Town of Campbellton in said County on MONDAY, the TENTH DAY OF JULY, next at TWO o'clock in the afternoon, then and there to attend at the passing and allowing of the said accounts as prayed for and as by law directed.

Given under my hand and seal of the said Court, this sixth day of June, A. D. 1911.

WILLIAM MURRAY,
Judge of Probate
County of Restigouche.
(Signed) JOHN BARBERIE,
Registrar of Probate
for said County.

Amatite ROOFING
Needs No Painting.

A MATITE roofing is so-called. It doesn't need to be watched over and fussed with and cared for.

It takes care of itself from the start. As soon as it is laid on your roof, you can go away and forget about it.

You don't have to paint Amatite every two years as you do the "rubber" kinds. Amatite has a mineral surface which needs no painting.

The mineral surface is better and more durable than many coats of paint.

Back of the mineral surface is a layer of pitch, the greatest waterproofing compound known. Back of the pitch is a layer of felt (a whole ready roofing in itself), and behind this is another layer of pitch and another layer of felt. The result is a strong, durable roof which can take care of itself in any climate without painting.

We will be glad to send you free a sample of Amatite Roofing so that you can see for yourself just what it looks like. Address our nearest office.

Everjet Elastic Paint
Low in price. Great in durability. Irresistible for protecting the life of ready roofing, fences, iron work, etc.

Creonoid Like Distemper and Coe Speng
It will keep flies away from the cows. It will keep lice and ticks away from the poultry, make everything sanitary and increase their output.

PRESBYTERIAN GENERAL ASSEMBLY

The General Assembly of the Presbyterian church opened at Ottawa on the 7th inst.

Report on Church Union showed that the result by presbyteries had been 793 for 476 against.

The clerk reported that sixty-seven out of seventy Presbyteries had sent in answers to the remit on church union. Of these forty-nine were for approval of the basis suggested, twelve disapproved, two a tie vote and four approval of the principle, but qualified their report as to the basis.

Strong ground was taken on matters of Social and Moral Reform.

Scarcity of ministers was reported, 35 vacancies in the Maritime provinces.

Ottawa, June 9.—Capt. R. J. Birdwhistle, secretary of the D. R. A., announces the retirement of Major W. L. Roff, 2nd Dragoons, Charlottetown, P. E. I., from the Biscuit team. His place will be taken by Corp. Geo. Mortimer 8th R R Quebec, waiting man.

\$400 BATHURST FIRE.

Fire broke out in the old convent building, Bathurst, Thursday evening, occupied by Mr. McVittie. Considerable damage was done to the inside of the building. The loss is about \$400 and is insured.

The firemen were promptly on hand and did excellent work. Plankmen working during the day in the bath room are supposed to have caused the fire.

Phosphorus restores a nerve in the body and vitality. Premature decay and all sexual weakness are cured. Phosphorus will make you a new man. Price \$1.00 a box, or two for \$1.95. The Resistor Drug Co., St. Catharines, Ont.

IN THE PROBATE COURT OF RESTIGOUCHE COUNTY

To the Sheriff in the County of Restigouche, or any constable within the said county, greeting:

Whereas Alexander Cook, Administrator of the estate and effects of John Cook, late of the Parish of Dalhousie, in the said county, deceased, hath filed in this Court an account of his administration of the said deceased's estate, and has prayed that the same may be passed and allowed in due form of law.

You are therefore required to cite the heirs, next of kin of the deceased, and all of the creditors and other persons interested in his said estate, to appear before me at a Court of Probate to be held in and for the County of Restigouche, at my office, in the town of Campbellton, in said County, on Monday, the 14th day of July, next, at 11 o'clock in the forenoon, then and there to attend the passing and a lowering of the said account.

Given under my hand and the seal of the said Probate Court, this twenty-eighth day of March, A. D. 1911.

(Signed) William Murray, Judge of Probate for the County of Restigouche.

Signed John Barre, Registrar of Probate for the County of Restigouche.

Trueman & McKenzie, Dalhousie, N. B., Printers, Mar. 28-July 8.

NEW I. R. C. STATION AT FREDERICTON

Fredericton is to have a new Intercolonial Railway station. On the 6th instant Evan Price, Superintendent of the I. C. R., was in the city with the plans, which is to be a modern structure, along the same lines of architecture as other stations recently erected along the Intercolonial. Tenders are being called and will close on June 17th. The contract provisions call for the new station to be completed not later than December next. The site is to be between Brunswick and George streets, practically the present site.

CONDUCTOR J. A. DAVIDSON INJURED

Conductor J. A. Davidson, while on his run to Campbellton a few days ago had the misfortune to fall from the "look out" tower, while shunting at Jacques River. He fell heavily on the floor of the car and was very badly hurt, but he managed to continue his run to Campbellton and return to Moncton. On arrival in Moncton, however, he was rendered almost helpless by the severe pain, so that a hack was phoned for and Mr. Davidson was taken from the train at the North crossing and driven to his home on Lutz street, where the doctor attended to his injuries. It will be some time before Conductor Davidson can return to his work.

Lavoie, Rogersville; Juddue Robichaud, Hardwicke, Restigouche; Arthur J. Arsenault, town of Dalhousie; John Vigne, town of Campbellton; Robert McNaie, parish of Durham; Alexander McNichol, Colborne; J. P. Golding, Dalhousie; Joseph LePage, Jr., Balmoral; Joseph Pichette, Addington; Murdoch Murray, Eldon.

G. T. P. WILL SOON BE READY

The National Transcontinental Commission are about to hand over to the Grand Trunk Pacific for operation a 320 mile stretch from the Quebec bridge to Mount Au Chen. This stretch will have a lumber pulpwood and pulp traffic to handle from the St. Maurice. Negotiations are going on for the transfer of the section between Moncton and Plaster Rock to the Grand Trunk Pacific for operations, but it looks as if it would not be done until next autumn. Good progress has been made with construction all the way between Levis and Moncton, but there are a couple of big bridges to be put in which will hold back the transfer of the Maritime section for some little time. However, the commission are averaging for the transfer and the spanning of the St. Lawrence by car ferries, until the Quebec bridge has been completed.

SHIP BUILDING FOR SYDNEY

300 Acres Purchased by Company Capitalized at \$10,000,000.

London, June 9.—New York and Toronto capitalists have organized a company with capital of \$10,000,000 to build ships at Sydney, N. S. The biggest class of vessels will be built. President Sir Henry Platts plans to have a fast line of ships between Sydney and first guard (England), 2,000 miles apart. The company expert government subsidies of \$170,000 a year for 25 years and a \$15,000,000 mail contract.

The shipyard will have eleven building ships, eight of which will be able to take in the biggest dreadnoughts. The dry dock will be 1040 feet long by 110 feet wide, the plant as planned will be one of the largest in the world. It is estimated that the plant will cost \$5,000,000.

Public Auction

The Directors of the Restigouche Log Driving & Boom Co. offer for sale by Public Auction in front of the Post Office of the town of Campbellton, at two o'clock in the afternoon of Thursday, the first day of June, next, all the "no-mark" logs rafted, to be rafted by the Company during the season of 1911. By order Restigouche Log Driving & Boom Co.

M. A. Kelly, Secy. Treasurer.

May 17—tf.

MAIL CONTRACT

Sealed Tenders addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, 30th June, 1911, for the contract of the Post Office of the Restigouche Log Driving & Boom Co. at the Office of the Postmaster General's pleasure.

G. C. ANDERSON, Superintendent.

Post Office Department, Mail Service Branch, Ottawa, May 13th, 1911, May 23-3.

GREATLY INCREASED PATRONAGE

Has compelled us to seek greater accommodation. Our new quarters, just across Hazen Avenue from our present premises, will give us nearly double our present space, and greatly increased facilities.

We are grateful for the patronage which has compelled this forward movement, and will endeavor to maintain our reputation.

S. KERR
Principal.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Breakwater at Dalhousie, N. B.," will be received at this office until 1:00 P. M. on Wednesday, July 5th, 1911, for the construction of a Breakwater at Dalhousie, Restigouche County, N. B.

Plans, specification and form of contract can be seen and forms of tender obtained at the offices of E. T. P. Sheverson, Esq., District Engineer, St. John, N. B.; George Stead, Esq., District Engineer, Chatham, N. B.; and on application to the Postmaster, at Dalhousie, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, for two thousand six hundred dollars (\$2,600.00), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS, Secretary.

Department of Public Works, Ottawa, June 8, 1911.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

THE CURSE OF THE NATION IS CONSTRICTION

"Fruit-a-tives" Alone Cures This Disease

A famous scientist states that Constipation, or constriction of the bowels, causes more deaths than all other diseases combined. Constipation influences the kidneys, ruins digestion, is the foundation of Rheumatism, psoriasis, the blood, causes Headaches, Neuralgia, Nervousness and Insomnia.

Constipation is caused by a weak or sluggish liver. Bile, the only purgative of the body, is secreted by the liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active, there cannot be enough bile to move the bowels regularly, and Constipation is the result.

"Fruit-a-tives", the famous fruit medicine, will always cure Constipation because it acts directly on the liver—relieves the congestion—increases the quantity of bile—and strengthens the bowels muscles.

See a box, 6 for \$5.00, or trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

wards food crops although rain is much needed.

Master Dan Shearer son of J. Shearer has been confined to the house for a few days with a slight attack of rheumatism but is improving and we trust will soon be about again.

Mr. Joseph Gail is erecting quite a nice new house. We wish him every success in his undertaking.

We are glad to have Mrs. R. B. Smith again with us, after spending the winter months with her son Capt. Clifford Smith of Brooklyn N. Y. She is looking now, every day for several of her daughters returning for the summer vacation. Two of them are teaching and two are nursing. She also expects her daughter-in-law Mrs. Clifton for the summer months. Mrs. John L. Smith is now visiting her son in Winnipeg B. C. every one is looking forward to the 22nd to honor the 1st Eng.

OUTDOOR SPORTS AND ZAMBUK.

Every athlete, every ball-player, every swimmer, every canoeist, every man or woman who loves outdoor life and exercise should keep a box of Zambuk handy.

Zambuk is a purely herbal preparation, which, as soon as applied to cuts, bruises, burns, sprains, blisters, etc., sets up highly beneficial operations. First, its antiseptic properties render the wound free from all danger from blood poisoning. Next, its soothing properties relieve and ease the pain. Then its rich, herbal balms penetrate the tissue, and set up the wonderful process of healing. Barbed wire scratches, insect stings, skin diseases, such as eczema, heat rashes, ringworm, babies' heat sores, chafed places, sore feet—are all quickly cured by Zambuk. It also eases and cures piles. All druggists and stores. Use Zambuk Soap, 25c. per-tablet.

Ahearn 3 Boss 2
Davis 3 Paterson 2
McCallum 3 Mersereau 2
Grant 3 Delaney 2
O'Keefe 2

The probable line up of the all Campbellton team against Van Burin on Coronation day will be: F. McKee, R. F. Shives, L. F. Jas. Gallant, C. F. Mersereau, S. S. Hay, I. B. Lavioie, 2B; McCallum, 3B; O'Keefe and O'Hearn, P; Boss, C. The reserves will be Mooney and Miller. This will be a game worth seeing and the team on paper looks about the strongest we could have on the field.

Six
minutes is all the time required for brewing Red Rose Tea; and the result is a beverage of matchless flavor and satisfying strength. The verdict of your family will be that
RED ROSE TEA is good tea.

Dalhousie has an excellent harbor for vessels up to 25 feet draught. Large quantities of lumber and pulpwood are shipped from the port. River navigation in the fall. Special Site for NEW industries requiring shipping facilities.

SUNNY SIDE AND ARCHIBALD SETTLEMENT

The weather has been quite dry and very warm for the past week or so and the crops were beginning to suffer for want of rain, but today the rain has been falling all day and everything is looking fresh and green again. The river drivers also will be glad to see the rain falling as it will help them out some. They were almost beginning to give up trying to get the drive out on the Jacques River, the water is so very low.

We are glad to see that Mr. Duncan Carmichael is able to be around and at work again after being ill for a week.

Miss Sadie Archibald is spending a week at Black Point.

Mr. C. Bernard, Cook for Mr. A. Archibald returned home from the drive Saturday evening, his many friends were glad to see him home again.

Miss Lena Furlotte who has had charge of Sunny Side school for the last two terms as teacher has decided to resign her position. We are all sorry to see her go. We hear she is taking charge of a smaller school and fewer scholars for the new term.

Mr. Clark was the guest of Mr. F. Furlotte Friday evening.

Mrs. Duncan Carmichael and Mrs. Alex Archibald and children two little girls, Beatrice and Rosella spent a most enjoyable day at Black Point Wednesday, returning home late in the evening.

Miss Ina and Gerrie Lanchin were the guests of Mrs. A. Archibald Friday evening, also Mr. and Mrs. Sandy Winton.

We are glad to hear Mr. Frank Carmichael is getting around again as he has been laid up with a very sore hand for the last two weeks.

Mr. W. Hogan has returned home from the drive where he had been employed all spring.

Wedding Bells will ring in the near future.

NO REASON FOR DOUBT

A Statement of Facts Backed by a Strong Guarantee.

We guarantee complete relief to all sufferers from constipation. In every case where we fail we will supply the medicine free.

Resall's Remedies are a gentle, effective, dependable and safe bowel regulator, strengtheners and tonic. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so easily that they may be taken by anyone at any time. They thoroughly tone up the whole system to healthy activity.

Resall's Remedies are unsurpassable and ideal for the use of children, old folks and delicate persons. We can not too highly recommend them to all sufferers from any form of constipation and its attendant evils. Two sizes, 10c. and 25c. Remember, you can obtain Resall's Remedies in this community only at our store. The Resall Store, Thos. Wran.

NEW CARLISLE
New Carlisle, June 16th—The friends of Mrs. Digby Smalllett is sorry to hear that her health is not improving.

We are glad that Mr. Percy Caldwell does not gain any strength. There is quite a lot of sickness in this vicinity and it is rumored that Fort Daniel has a case of Diphtheria.

There has been quite a few strangers in town of late attending the courts and quite a few cases were on this term. We have a young man in jail at present, by the name of McDonald for having been drunk and was fined \$10 and allowed 14 days, but word came from Campbellton to rearrest him, he came here, where about Mata-pella.

THE CURI

The Council of this much discuss made a very fair one that should be all thoughtful people remembered that the sum assessed only for immediate not attempt to take debt of the town a matter of fact at was an overdraw which was not in the slightest at stands at over \$16 may say we have affairs of the town on \$16,000. The reasonable. Now a assessment which when we remember of \$16,000 it means fathers are endeavor the business of the lowest possible cost, overdraft is paid \$14,000 are left to affairs for a whole no doubt whatever should have been looking to the council their figures at the There is much the should be done with of, and the ratepayer remember that we in coat according to our assessors will no doubt difficulty in deciding means of dealing with this subject, and we to them that the faire all would be to tax the full value and the improvements there value. On this basis estimated figures would as follows:
Full value of land
Half value of building
Assessable income
Personal property

Total assessable value
Taking those figures would come out some \$1.40 per cent, which was the exact figure for assessment for 1910 which collected. On the other the procedure of last followed i. e. that of the value of real estate the figures would work out way.
Half value of land
Half value of building
Income
Personal property

Total value \$
making the rate \$2.00 per cent.
In the face however of that many of our large were put up on the under that exemption of imp from taxation would go we think it would be well them the benefit of the and tax the full value of thereby making the real real estate pay the cost upon such. Many have from building who were do so, and although only was assessed on the land the provisions of the act are very clear as to thing the full value of land.
Looking at the as broadly therefore, the done well in this, and should or ought to have in culty in raising the amount quired which under present circumstances is very reasonable

Constable McRae, of the police, visited a lumber can mill from Charlton, Ont., and a man named Walsh, a charge from New Brunswick, charged in connection with burning of Chas. Charleson's The prisoner is said to have thr Charleson. The accused was h trial.

The presumably overwh majority that gave President his last re-election does not to be in the field. Fighting fe
