REVOLTING TALE TOLD BY A YOUNG GERMAN SAILOR

Captain and Mate of Bark Lying at Bonaventure Inflict Horrifying Cruelties Upon Him.
Bound for Days and Fed on Burnt Crusts.

BOTH ARRESTED AND TRIAL IS NOW ON.

From the little village of Bonaventure comes a tale of cruelty which savors of the dark ages and which would seem incredible but for the testimony of eye witnesses. The victim of the cruelty was a young, fair-faced German and his oppressors were, it is alleged, Captain K. S. Kristiansen of the Norwegian bark Agat and the first mate of the same vessel.

The Agat arrived at the port of Bonaventure on Sept. 1st to load lumber and finished loading on Sept. 18. The cruelties to which the German boy was subjected came under the observation of Stevedore Gallagher and his men a day or two after they began loading. One morning they found the boy tied to a ring-bolt on deck. Both his hands and feet were tied and he could scarcely move a half a foot. He was kept in this position for days. It is alleged, and the only food handed out to him consisted of burnt crusts and water. He told the Stevedore that the mate had thumped his head against the deck until it had driven him mad.

Mr. Gallagher asked the captain why he kept the boy in that position and the captain's reply was that the boy would work.

But if the spectacle of the boy tied to the deck was a revolting one, the men who were loading the vessel were unwilling witnesses of a still more revolting spectacle. The boy was taken, bound as he

was, a rope attached to him and lowered over the side of the vessel. Then he was dipped several times into the water and at length brought out more dead than alive.

On another occasion the long-shoremen saw the mate chase the boy up through the rigging with an iron bar, the boy all the while screaming in a terrified manner.

Baring his neck and shoulders the boy showed Oswald Smith of Campbellton and others, marks which he said had been inflicted by the mate with a red hot iron.

Mr. Smith remonstrated with the captain for treating the boy as he did, saying that the boy couldn't understand his orders. The captain replied that the boy could understand. But all that could be got out of the unfortunate young fellow was "no stand."

The second mate, it is said, was about the only member of the crew who sympathized with the boy. He told Stevedore Gallagher that if he was treated the way the boy was he would kill every man on board and then himself.

Stories of the cruelties inflicted on the boy were brought ashore by the men loading the vessel and they reached the local authorities with the result that officers went on board the vessel and took the boy ashore. They also wired some of the facts in the case to the German consul at Montreal. The consul wired

back to have the captain and mate arrested. On information laid by the boy warrants were issued for the arrest of the two officers.

Early Friday morning L. P. LeBel and a constable visited the ship to place the mate under arrest. With an axe over his shoulder and the crew behind him the mate stood and defied the officers to arrest him. The officers retreated. They went ashore and found the captain. They placed him under arrest and took him down to the ship. He talked for a few minutes to the mate from the wharf. He advised his subordinate to submit to arrest, saying that the officers would take him, if they had to take him under fire. The mate, who is said to be handsome and somewhat polished then went into his cabin and dressed himself after which he went with the officers. Both the captain and mate were taken to New Carlisle and locked up.

The captain came to Campbellton Saturday evening in the care of the sheriff. He had a long interview with W. Albert Mott, the Norwegian consul, with the result that Mr. Mott went down to New Carlisle on Monday to defend both him and the mate.

The preliminary examination was begun on Tuesday before Magistrate Tromley and is still in progress. J. Hall Kelly is looking after the interests of the German consul.

Another German boy who was also the victim of ill-treatment on

board the Agat ran away. He was located by the authorities and is one of the witnesses against the mate.

THE EXAMINATION

(From a regular correspondent)

New Carlisle, Sept. 26.—One of the most thrilling cases ever heard in the Court House here, took place this week, lasting four days. On the first of September the Norwegian bark Agat, arrived at the harbor of Bonaventure. While being loaded the parties do this work often heard a sailor, complaining and crying, and a few days afterwards he escaped from the ship on shore. He could not make himself understood, but his scars and bruises told the tale. J. H. Kelly took up the case for the sailor. The latter swore that while at Bonaventure, he had been tied to the deck by the captain from nine to three. That during that time he had been compelled to hold a cat in his arms, and if he moved he was beaten by the mate. He also stated that he had been beaten by the first mate every day with a heavy rope, several times a day, over the head, his hair pulled out by the captain, his teeth broken; that he had been stripped naked and a rope put around him on a cold, windy day and thrown overboard, where he had been left in the water with simply his head above the waves; that after passing half an hour in the water he had been pulled up, and left to hang by the body for

(Continued on page 4.)

SUMNER SELLS TO AMERICANS

Lumber Property in Gloucester County Now Owned by Syndicate

\$250,000 WAS PAID

One of the biggest lumber deals in the history of the North Shore counties of New Brunswick was consummated the other day, when Sumner and Company sold their entire property in Gloucester county to American capitalists.

The property sold includes large saw mill at Bathurst, general store at the same place and extensive timber areas throughout the county. The price paid is said to be in the neighborhood of \$250,000.

On August 1st the new company took over the timber lands, and they will take over the mill and store on December 1st.

The company will carry on the business on a larger scale than heretofore. At present they have three hundred and ten men in the woods. The machinery of the mill will be changed so as to cut American standards instead of British. The new company will find the market for its output in the United States. It is their intention to build a branch road from the I. C. R. to the mill. All shipments will be made by rail.

The property of Sumner and Co. is the fourth industry on the North Shore to be gobbled up by Americans within the past year or two. There is no doubt that the future holds a good deal in store for these Northern counties and American capitalists are recognizing it more and more every day.

OUTPUT TO BE CURTAILED OVER ONE HALF THIS YEAR

English Lumber Market Stagnant and Restigouche Operators Will Not Cut More Than One Half Usual Cut

SOME LUMBERMEN WILL NOT OPERATE AT ALL

A large amount of lumber will be held over the season. The operators on the Restigouche, with the exception of the Shives Company, will not cut more than half of the usual amount. The price of lumber is away down in both the English and American markets.

Such was the "cheerful" information conveyed to a reporter for "Events," yesterday, by a man prominent in the lumber industry of this county.

He went on to say that the market price has dropped off at least \$4 a thousand since Spring. The reason for this is that the market is overloaded. There is more lumber for sale in England today, than there has been for years and the English dealers are aware of the fact that large quantities are held here. The worst of it is that prices will not remain stationary, even at the present low prices.

Two or three cargoes that were sent from St. John and ports in Nova Scotia are now stored at the ports to which they were sent, the owners being unable to get a price for them.

There is no general depression in Great Britain, but the lumber trade is overdone. When Russia was at war with Japan she shipped no lumber, but since then she has been making up lost time. This is one reason why Great Britain is overstocked.

The Shives Company recently changed their market and are now

shipping to South America and Australia. The Richards Company, however, which ships exclusively to Great Britain will hold over from five to seven million feet. Several small operators who cut from two to three million feet will not operate at all this winter.

Notwithstanding the curtailment in the cut, men are very scarce. It is almost impossible to get them. Wages are very high ranging from \$28 to \$38, a month. A number of our men go to Ottawa where wages for cutting pine are still higher.

NEW RICHMOND

We are sorry to say we lost two of our New Richmond girls, viz.—Hilda McColl and Lizzie Fallow, who left today for Montreal.

Miss Bella McKay and her brother, Scott were visiting friends here last week.

Howard Woodman was the welcome guest of Arthur McWhirter, Sunday evening.

Miss Ruby McKay of Grand Caspédia was visiting her uncle, here for a couple of weeks.

Miss Grace Campbell is now very ill. We hope to see a speedy recovery.

Miss Cora Fallow was visiting her uncle in Grand Caspédia for a few days last week.

MANY MATTERS BEFORE BOARD

Town Council Disposes of a Lot of Business Tuesday Evening

COAL BILL CUT

The Town Council met on Tuesday evening, Mayor Murray in the chair. All councillors were in attendance.

An application from Tom LeBlanc for barber shop license was referred to the Police and License Committee.

A communication from August Stevens declining to act as Collector of Dog Taxes was placed on file.

S. W. Dimock made a request for exemption of license fee for matinee performance of Stoddard Stock Co., and also for exemption of license fee for a moving picture show which he proposes running. The request in regard to matinee performance was granted, but the other request was left with the Police and License Committee.

The supreme court writ in the suit of C. S. O. Crockett against the town which was served upon the Mayor on Friday, was read by the clerk.

It was moved by Coun. Andrew seconded by Coun. McLean, that the writ at the suit of Charles S. O. Crockett be referred to the Town solicitor, W. A. Trueman, with instructions to defend the case and that a special committee be appointed to confer and consult with the

General Booth, commander of the Salvation Army arrived in St. John, Friday evening.

The executive of the Asiatic Exclusion League, held a meeting at Vancouver, Friday to consider a scheme to place seven candidates for the Dominion election in ridings throughout the Province.

A party of four Presbyterian missionaries, Rev. and Mrs. J. S. Taylor, and Rev. W. A. Wilson, who are returning, and Miss Anna M. Nairn of Galt, who is going out for the first time, left Toronto Friday night on their way to Central India.

Five persons were drowned, Friday morning, from a canoe in the Skeena river at Beaver Dam, 40 miles below Hazelton, B. C. Three canoes left Hazelton for the mouth of the river and one was capsized. The names of the persons drowned are not yet obtained.

Reports from many sections of Maine record damage to unharvested crops to the extent of thousands of dollars, done by an unusually heavy frost early Friday. Everything in the way of garden truck in many places was killed. Fruit escaped with slight harm. Corn was badly damaged.

French public indignation at the appalling growth of crimes which manifested itself over the commutation of the death sentence passed upon Soleiland, for the atrocious murder of a little girl, has been aroused again by the revolting crime of a drunken gardener, who to avenge himself on his wife for refusing to live with him, drowned his two children in a most of the fortifications. The Matin publishes this story under the caption "The result of clemency."

Because Frank Merowka, aged 40 years, refused to obey his wife's order to leave her she poisoned him with arsenic, according to officials of the coroner's office in Philadelphia. The widow, together with her sister's husband, Jos. Durrock, were arrested Friday, charged with the crime. The widow, according to the coroner's officials, was in love with Durrock and wanted her husband out of the way in order that she might live with Durrock.

All the branches of the Salvation Army in the United States have started a systematic search for Harry C. Dickson, the representative of a prominent London engineering firm, who disappeared from New York on March 21 last. Dickson's friends and employers in London appealed to the Salvation Army headquarters there for assistance in the search, offering a substantial reward either for information concerning his whereabouts or for proof of his death. Dickson came from London on a business trip for his firm on March 20 and went to the Hotel Astor. The next day he packed his grip and said he was going to Wilmington, Del. He left his trunk at the hotel. Before he went he drew \$500 on his letter of credit from Cook's. Nothing was heard of him after he drew the money.

Father and son, the former a wealthy physician, the latter a prisoner in the night court on a charge of begging, have been reconciled as the result of the young man's examination by Magistrate Breen of New York. The father is Dr. Charles A. Whitney, a member of the Sons of the Revolution, the St. Nicholas Society, and the organizations. The son, who has lost a leg and who has been away from home for a year, owing to differences with his parent, is Lloyd Whitney, 23 years old. Magistrate Breen, who remanded him to the prison connected with the court and thither the father drove early Friday morning to obtain the son's release. When Dr. Whitney informed the magistrate that he was willing to take his son home, Magistrate Breen signed the discharge papers. The father and

son met. They were closeted for nearly an hour and when they opened the door they were arm in arm. Father and son left the court room, got into a cab and went home together.

Winnipeg coal dealers intimate that as soon as the cold weather sets in the price of coal will advance, although it is difficult to exact a statement of what the prices will be. The cause of the anticipated advance will be the demand for and alleged scarcity of the bituminous article. The present price of household coal is \$10.50, the same as last year.

The greatest month's business in the history of the Intercolonial was done in August. The gross returns for the month were \$89,000, which is \$54,000 more than collections in August of last year. Business activity in the territory served by the road and increase in capacity of the Intercolonial to handle the business offering are the reasons for the increase.

A shocking fatality occurred a few miles from Smith's Falls Friday morning, when Mr. Peter Shields, one of the most prominent and highly esteemed men of the district was trampled to death by a bull. Mr. Shields had sold the animal to a dealer and the latter had just left the field. Mr. Shields had just remained behind and ten minutes later his mangled body was found by a neighbor. He lived but a few moments after being picked up. He had been literally trampled to death by the bull and the marks of the hoofs were plainly visible all over his body.

John D. Rockefeller owned more than a one-fourth interest in the Old Standard Oil trust according to testimony of W. H. Tilford, in the federal proceedings against the Standard Oil Company of New Jersey at New York, Friday. Mr. Tilford testified that it was correct that Mr. Rockefeller owned 255,854 shares out of a total 972,500 shares of Standard Oil Trust certificates in 1892 and that later an assignment was made transferring to Mr. Rockefeller his proportionate interest in the stocks of the subsidiary companies.

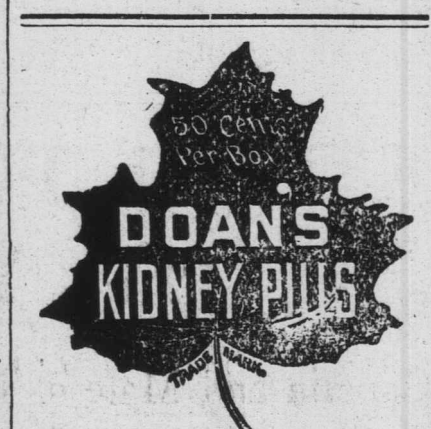

The crime committed at Montreaux, Wednesday by two Russians, who entered the local bank, killed the cashier and fled with a sum of money, and wounded four of their pursuers before they were captured is attracting public attention again to the question of advisability of extending asylum in Switzerland to Russian refugees, who according to the characterization of the newspapers exercise the profession of highway robbery under the cloak of politics. The two men arrested at Montreaux, Wednesday were brought to Lausanne, Friday. They were met by a hostile crowd at the railroad depot and an attempt to lynch them was made. Two other Russians have been taken into custody on suspicion of being accomplices in the bank robbery.

At a special meeting in New York, Friday, the American Newspaper Publishers' Association instructed its committee on paper to bring the attention of the President and Department of Justice to information concerning an alleged unlawful combine of newspaper paper makers, that has resulted, it was claimed, in an artificial stimulation of prices in newspaper stock. The association also went on record as in favor of immediate repeal of the tariff on printing paper and wood pulp imported from Canada. This sentiment was expressed in resolutions, which further provided for an assessment upon the members to defray the expenses incurred by the association in assisting the Government in any prosecution of a combine that may be undertaken.

An exciting fight with an octopus at Duncan Bay, B. C., in which the crew of the Kestral figured victoriously, was reported on the arrival of the federal cruiser in port. Government Naturalist Halkett, Fisheries Inspector Taylor and Captain Newcomb of the Kestral were the principal actors in what was the tragedy of the octopus' life. While making a landing at Duncan Bay they perceived an octopus in the water and immediately started to capture it. The monster fought desperately

ly and exhibited great strength. It would throw one tangle around a rock defying the united efforts of some five or six men in the boat to dislodge it. The struggle lasted for an hour or more, boat hooks, oars, clubs and knives being used on the octopus until finally it was landed in the boat.

Minard's Liniment Relieves Neuralgia

CURE ALL KIDNEY TROUBLES.
Mrs. Hiram Revoy, Marmora, Ont., writes: "I was troubled for five years with my back. I tried a great many remedies, but all failed until I was advised by a friend to use Doan's Kidney Pills. I did so, and two boxes made a complete cure. I can heartily recommend them to all troubled with their back. You may publish this if you wish."
Price 50 cents per box or 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

Notice

At a meeting of the Council of the Municipality of New Richmond, held on the seventeenth day of August, in the year 1907, there being present John Fallow, Esq., Mayor, Messrs. Alphons Bassinault, Edmund Gillet, August Campbell, and Thomas Fair-service, Councillors, under the presidency of the Mayor it was resolved as follows: WHEREAS it is in the interest of this Municipality that a certain encouragement should be offered to the Cascadepia Manufacturing and Trading Company, a body corporate and politic, having its principal office and place of business at New Richmond, in the County of Bonaventure, in the District of Gaspé, in order to have the said Cascadepia Manufacturing and Trading Company build, erect, maintain and operate its mills within the limits of this Municipality, it was therefore resolved by a by-law No. 137 upon the motion of Mr. August Campbell, seconded by Mr. Alphons Bassinault, that this Corporation by and in virtue of the powers on it conferred by Article 48 of the Municipal Code of the Province of Quebec, do give to the said Manufacturing and Trading Company, advance the sum of \$2000.00 in order to purchase and buy in the Taylor and Blanc properties, the said properties to be used by the said Company for a mill site.

That this by-law will have force and effect only on its having been approved by the electors being proprietors of practical real estate within the limits of this Municipality as the whole is by law provided;

That in order to provide for the said sum of \$2000.00 that this Municipal Council by this by-law be authorized to issue, sell and negotiate in the name of this Municipality debentures for a sum not exceeding \$2000.00; that the said debentures will bear interest at the rate of five per cent per annum; That the said debentures thus issued will be signed by the Mayor of this Municipality and countersigned by the Secretary Treasurer of the said Municipality and sealed with the seal of this Municipality; and the said debentures will be payable to the bearers thereof in ten fifteens, twenty and twenty years from date of their issue at the office of the Mayor of the Municipality of New Richmond; That each debenture will be for the sum of one hundred dollars;

That there will be attached to each debenture coupons for the amount of the yearly interest, which said coupons will be signed by the Mayor and countersigned by the Secretary Treasurer of this Municipality; and the said coupons will be payable to the bearer thereof when the interest will become due each year, and on payment of the said interest the said coupons will be handed over to the said Secretary Treasurer;

That each year a sum of \$4500.00 will be raised by direct taxation on the holders of real estate in this municipality, which said sum will be to pay the interest on the said debentures each year as they become due and revenues of this Municipality are by these presents effected and made liable to the said sum;

That there will also be established by this by-law for the buying back of the said debentures, a sinking fund, said sinking fund to be for the sum of three hundred dollars, and shall be collected yearly from the holders of real estate in this municipality by direct taxation, which said sum will be yearly paid to the Secretary Treasurer of this municipality;

That the issue of the said debentures, principal and interest fixed upon or by these presents, be also guaranteed and secured on the general funds of this Municipality;

That the aforesaid sum will be handed over to the said Cascadepia Manufacturing and Trading Company subject also to the following conditions: That the said Company will build, erect, maintain and operate yearly in this Municipality, their plant consisting of a pulp mill, shingle mill and long timber mill with an annual capacity of twenty-five million feet, the whole to cost about one million dollars; said 25 million feet to be cut yearly;

That the said Company will build within a year, and operate every year;

That this by-law will only have force and effect after having been sanctioned as provided by Article 48 and others of the Municipal Code of the Province of Quebec;

Given under the seal of this Municipality on the 17th day of the month of August, in the year and on the day first above written.

John Fallow, Mayor.

Jan. Campbell, Secretary Treasurer

A Helping Hand To Women

There is help for every woman who suffers from headache, faintness, depression, backache and other ailments during those times when Nature makes a heavy demand on her strength and vitality. Every woman should take

BEECHAM'S PILLS

to help her through these trying periods and to keep the system in a normal and healthy condition. The girl just entering womanhood, and those of maturer years, find equal benefit from Beecham's Pills. Taken at the first sign of derangement, they give prompt assistance. Read the special directions for women with every box.

Sold everywhere in Canada and U. S. America. In boxes 25 cents.

Weak Kidneys

Weak Kidneys surely point to weak kidneys. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak if the urine is dark or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative. It is a smooth-tasting liquid and see if it can and will do for you. Druggists recommended and sell.

Dr. Shoop's Restorative
A. MCG. McDONALD.

Driven to Drink

many a good man has been by home laundry work, with lumps of starch and waves of blueing, doing his shirt front, and saw signs on his collar to annoy him. WOMAN'S WORLD

WOMAN LOVES THE VICTOR

She was sitting on the steps when Pierre came, soon after 5. It was October, and the rich reds, browns and yellows of the Maine forest rolled away below them like some vast, gaudy, wrinkled carpet of the gods.

Pierre threw himself down upon the grass beside the door.

"Am't you home early?" asked Allie.

"I come early to talk wit' you," he said. She did not reply. "I'm goin' way tomorra. I love you vairy much, all I can. I want take care of you alwuz. I want take you 'way to see de worl', do beeg worl', wit' me. Won't you go?"

"Will you promise always to be good to me, and nevva leave me, nevva?" she asked plaintively.

"By de good God, I promise!" exclaimed Pierre. "May 'e strike me dead, if I do! An' some day, we will be marry." Allie said nothing, but turned again to the window.

"You will go?" asked Pierre softly.

"Yes," she answered, almost with a sob. He would have seized her in his arms, but she held him away.

"No," she said, "no not now."

"Come queeck! We mus' be queeck, if we go to depot tonight!" At that moment the outside door opened, a step fell in the little entry, and Warren entered the room. He was breathing hard, but very cool.

"Where ye goin'?" he said.

"Down to de village," replied Pierre sharply, his nostrils dilating a little, and his eyes growing keen.

"Where you goin'?" Warren said to Allie.

LET US LEARN TO HAVE PITY.

People are sometimes different to the suffering of animals, more thoughtlessness than intended cruelty. "They don't feel pain and suffering as keenly as we do," is too common a belief, though it is a belief which is fast losing ground through the work of the societies for the prevention of cruelty to animals. These societies, so small in their beginnings, have made a steady growth and have brought much good to both man and beast. They have alleviated the sufferings of animals, and have helped to awaken the humanitarian instinct in men, which means also the awakening of his better nature.

In a little book of essays entitled Social and Religious Ideals, written by Artemas Jean Baynes and published by Charles Scribner's Sons, is this little article on the subject of kindness to animals, which is worth reading.

There is a verse in the Book of Jonah which strangely moves one who reads it understandingly. God is represented as saying to the prophet: "Should not I have

pity on Nineveh, that great city: wherein are more than six score thousand persons that cannot discern between their right and their left hand; and also much cattle?"

God cares—cares for the children, cares even for the cattle. The sob and dumb agony of a world that travails in pain is in that last clause. The cattle and the horses and all broken beasts of burden—God loves them! He knows when they are in pain. He knows when men abuse them.

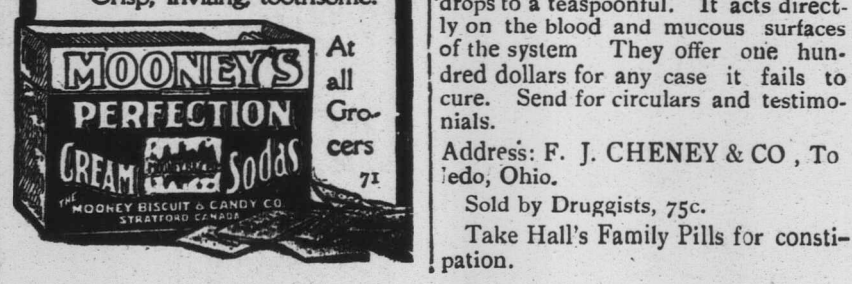

Here also the words of Jesus come to us with peculiar impressiveness: "Are not two sparrows sold for a farthing, and one of them shall not fall on the ground without your Father?"

To my mind the surest evidence of the divine worth of our christian religion is to be found in its attitude to the whole wide world of suffering creatures that cries out for pity. Rightly to relate ourselves to that great under-world of creation which can speak to us only through its patient suffering, it seems to me, is to offer acceptable worship unto God—

"He prayeth well who loveth well
Both man and bird and beast:
He prayeth best who loveth best
All things both great and small—
For the dear God who loveth us
He made and loveth all."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

LUMBER.

(Continued from page 6.)

had in advance from the Crown Lands Agencies or Department based on the reports of explorers and surveyors?

A.—Yes, but it is a mistake not to believe that each experienced lumberman has a very general independent knowledge of the value of the timber resources of Quebec. Take, for instance, our own case; we have explored from Labrador to Abitibi, and explored sufficiently to have a general knowledge of the limits throughout.

Q.—At the sale held of recent

years of the Quebec government, has there been any prevention of competition?

A.—No. I have attended all recent sales and I have considered that the sales were carried out on the most rigid conditions in the best interests of the province.

Q.—Were the natural buyers present at such sales?

A.—Most decidedly—buyers from Quebec and Ontario, from the lower provinces and from New York, Michigan and other States.

Q.—Have you known of any case since 1897 when the Quebec Government sold timber limits by private sale?

A.—No, I have not. They have always been by auction.

Q.—Does the Province of Quebec charge any less stumpage dues than Ontario on the logs cut?

A.—I do not think so. The

(Continued on page 7.)

Buy "Royal Gold" For Bread And Pastry

"Blended right" is the secret back of the phenomenal success of "Royal Gold"—the best household flour in the wide world.

The trouble with many pure Manitoba flours is that they are far too coarse and heavy in "gluten" and not rich enough in the mild, "starchy" substances to make good pastry.

By expertly blending the milder, more starchy Ontario wheat with Manitoba No. 1 hard, we reduce the

coarseness of the gluten elements, possessed so liberally by the latter, just retaining enough gluten to make the pastry or bread "rise" to the occasion.

"Royal Gold" embraces all the elements required for a reliable household flour. Try it next time and discover how much easier it will be to make the most beautiful white bread with a delightful flavor, and the tenderest, flakiest, lightest, most delicious pastry.

AT THE BETTER CLASS OF DEALERS

BRANT-WOOD FLOUR MILLS, Limited, Brantford, Canada.

"Royal Gold" Flour

The choicest blend of the finest Manitobas and Ontario wheats

JOHNSON'S ANODYNE LINIMENT

Lumbermen, Farmers and the General Public, Preserve and Restore Your Horses by the Use of

DR. J. WOODBURY'S HORSE LINIMENT

NO STABLE SHOULD BE WITHOUT IT.

For the removal of Splints, Curbs, Bog Spavins, enlargements of any and every description, IT HAS NO EQUAL. Given internally it will promptly relieve and remove any and every character of Cough, Enlargement of the Glands, Affections of the Kidneys. For Distemper, Strangles and Colic it is infallibly the remedy.

All horses that are stabled should have an application of DR. J. WOODBURY'S HORSE LINIMENT to the hoofs of the fore feet to prevent their becoming feverish, dry, brittle, hard, contracted or otherwise injured. BEWARE of many worthless nostrums offered to the public at the present time. Insist on having DR. J. WOODBURY'S HORSE LINIMENT. We warrant it to effect that for which it is recommended, when used according to directions.

Its beneficial effects are so prompt and decided that it has excited the admiration of the leading lumbermen of the Maritime Provinces and secured their highest confidence.

A FEW TESTIMONIALS FROM HE MANY WE HAVE RECEIVED

Fraser, Thornton & Co., Cookshire, Quebec.
Gentlemen,—We do not hesitate in recommending your Dr. J. Woodbury's Horse Liniment. We have used in the woods for Coughs, Strangles, Distemper and Cuts, and would say that no lumberman should be without it.

Yours truly,
Clark Bros

ANSLOW BROS., Publishers,

CAMBELLTON, N. B. Sept. 26, 1907

THE YOUNG MAN

Almost any employer of brains and brawn will tell you that good men are scarce. By good men, is meant, men who can be relied upon, day by day, to perform the work with which they are entrusted in a manner eminently satisfactory to the person to whom they are responsible. Unless the person for whom the work is performed is exceptionally easy to suit, the man who thus performs his work is the man who takes an unflagging interest in it and never loses sight of the fact that there is always room for improvement. Employers of any sort of labor, as a rule, are exacting. They want the best results, but in many cases they don't get them. Why? Because they can't find enough men who will take an interest in the work given them to do. Too many men perform their work, in a careless or indifferent sort of way. The one idea that takes possession of them is that they are working for some one else and that it makes little or no difference to themselves how the work is done, so long as it is done. That is where they make the greatest mistake in the world. A man never works for anybody but himself. You, young man, are not standing behind the counter of Blank's store for eight or nine hours each day for Blank's sake. You are standing there for your own sake. If you had a competent, the chances are you wouldn't be there; and you will find that your reward will be commensurate with the knowledge you acquire of your work and the manner in which you perform it. Drones, incompetents and the like may hold positions of trust for a time, but sooner or later their weaknesses and limitations are recognized and they are forced to step down and out. Equally true is it, that industrious, capable and trustworthy men may, for a time, occupy positions far inferior to positions to which they are entitled, but you may be sure, as you are of anything in this world, that they won't be kept down for any length of time and that eventually the scales will balance. If you are slaving day in and day out for a man who doesn't appreciate your industry, keep your eyes open and seize the first opportunity to place your services at the disposal of a man who will appreciate them. There is not much satisfaction in toiling for an ingrate. And it only too frequently happens that the employer does not treat the employee as he should. Many a man has no scruples about making a slave of another, provided that by so doing he may attain to a position of ease himself. But if we sometimes find the employer indisposed to treat the employee fairly, with what greater frequency do we find the employee indisposed to treat the employer fairly? The sole object of some men is to perform the smallest amount of labor for the largest amount of money. Such men are usually improvident. They earn money in order that they may spend it; they toil in order that they may have pleasure. They never look ahead. They are entirely oblivious to the fact that the less pleasure a man takes in early life, the more he will be able to take in after years. A large percentage of this class of young men have no ambition, and those among them who have, make no honest effort to reach it. How often do you hear a young man complaining that he has chosen a poor calling where there is no getting ahead? Such a man in nine cases out of ten is either indolent or has chosen an occupation which is uncongenial to him. Let it be said right here that when a young man undertakes a labor for which he has no inclination he is committing the most serious error of his

life. Of course there are times when a young man engages in a work which is not altogether agreeable to him simply until such time as he is permitted to engage in a work that is agreeable to him, but—that is another story. Look round the cold, toiling, money grubbing world and when you see the man of hoary head and wrinkled brow treading, for a paltry wage, the same paths he trod in youth, behold too often the cause of it all in a work for which he has had little aptitude and less inclination, but which he has striven to perform throughout all his years. If you do not care for the work you are performing move heaven and earth to obtain employment to your liking. There is scarcely a man who doesn't fancy work of some sort. Labor is a pleasure to many. If it wasn't there would be no successes worth recording. The man whose achievements in this world attract attention is the man who loves the work in which is engaged. Never say that your work is so paltry that it is scarcely worth your best efforts. A small thing well done becomes a big thing. Of course the world is full of men who won't take the trouble to do things as they should be done. With them the game isn't worth the candle. They are the men without ambition. They are not content with their present lot, but they refuse to make any attempt to better themselves, especially when such an attempt is fraught with difficulties. But happily these men are in the minority, the majority having an ambition and striving to reach it. The trouble with most young men in the world, today, however, is their failure to take advantage of their opportunities. There is not a day, not an hour, scarcely a minute in the life of the average young man that there is not an opportunity for him to boost himself. Boasting, however, is not the way to do it. Fact is the one thing which will enable a man to take advantage of his opportunities. The man who shows a quick mental discernment in saying or doing the proper thing at the proper time is the man who never loses sight of his opportunities. A tactful man need not necessarily be a dishonest one—not at all. Be tactful, but stick to the truth. Poise is another requisite of every man, who battles with success. The man who cannot keep his equilibrium may go so far, but no farther. Without poise there can be no tact. And as we have intimated tact is one essential to the man who would succeed in this life. Most young men, however, no matter how resourceful, talented and energetic will find the struggle a sharp one. It will tax their powers to the utmost. They will find men ready to run them down than to give them a boost. We are at a loss, however, to account for this disposition among men. It profits a man to praise another, but it does him absolutely no good to run another down. A word for another is a word for yourself. But after all what is the use in talking. You can't drive ambition into a man. You can't change his nature in any way by mere talk. After all a man has but one master—his nature. For what he is and for what he is going to be he owes to his nature.

THE VERDICT
New Carlisle, Sept. 26th.—Both the captain and mate were found guilty this afternoon. The former was fined \$100 and the latter sentenced to three months in jail and also compelled to pay a fine of \$100.

SIDE LIGHTS

A WOMAN will often write a twelve page letter and leave the only interesting part for the postscript.

THE LEWISTON Sun calls grammar a "fetish" and advises taking it out of the schools. We seconds that idea.

THE MOST luxurious hotel in the world has just been opened in New York affording additional opportunities for millionaire husbands to be divorced from their wives.

NEW YORK Central trains are reported to be swarming with tramps. Our smart Yankee friend rises to remark that down on the I.C.R. the tramps walk ahead of the engine.

THE WATERBURY Conn. Republican says Senator Franklin L. Howan of New Haven has returned from Nova Scotia much improved in health. "He is looking fine," the paper adds. The Senator by some lucky chance must have missed those deleterious punches of the Studley Quoit club at Halifax.

Auction Sale

I am instructed by Miss Parker to sell by public auction at her residence, over the post office, on

Friday, 27th Sept.

at 2 o'clock p.m., the following household goods—Parlor Suite, Bedroom Set, Springs, Mattresses, Bed Lounge, Sofas, Dining Table and Chairs, carpets, oilcloths, antique mahogany table, pictures, glassware, tables, chairs, kitchen range in use but a short time, curtains, poles, etc.

L. T. JOUDRY, Auctioneer

REVOLTING TALE TOLD
BY A GERMAN SAILOR.

(Continued from page one)

ten minutes on the outside of the ship, then pulled aboard and sent aloft to dry himself, that being too weak to go aloft he had been beaten and made to go; that he had been compelled to sleep in a hole thirty inches square and about twenty feet long, without a cover-

ing, etc. The mate had beat him with a piece of iron rod, and had branded him on the legs with a hot iron. His story was corroborated in every detail by another sailor who had been ill treated, and who had also escaped from the ship. Albert Mott appeared on behalf of the ship, acting in his capacity of Norwegian vice consul, and also as attorney for accused, the captain and first mate. The captain and mate and two sailors denied the story told by their victim, where he had been treated, that he had not been thrown in the water, but had of his own free will gone overboard to take a bath; that if he had not slept with the other sailors it was because, he was not clean. Witnesses who were loading the ship, sworn said, however, that they had heard the man cry; that, he ran to them for assistance, that he had on one occasion shown the iron with which he had been beaten and burnt, that they saw his mouth bleeding, where he had been beaten, and his teeth broken, that they had seen the mate brutally assault him, and one of the stavedores had complained to the captain and latter replied "There is no law in this country". The case was pleaded last night at nine o'clock, the court house being packed to its capacity. Mr. Mott and Mr. Kelly both made very able speeches, but it was evident the sympathy of the public was with the sailor. On two occasions during Mr. Kelly's address, the court officials were obliged to call for order, when the sad tale of suffering was gone through; the crowd notwithstanding the intervention of the officials, burst into applause as Mr. Kelly resumed his seat. A verdict will be reached this afternoon.

C. F. CLARE,

CAMPBELLTON, N. B.

The Jeweller,

TOWN TOPICS

The Gloucester County Agricultural Society will hold an exhibition at the Bathurst trotting park, Oct. 9 and 10.

Miss Henderson's millinery opening will take place on Friday and Saturday, 27th and 28th. Very fine supply.

The W. C. T. U. superintendents of work for lumbermen, Mrs. J. Henderson and Mrs. Richard Parker will gladly receive suitable literature to be sent to the men in the lumber camps.

The writ in the suit of Mr. Chas. S. O. Crockett against the town of Campbellton for illegal shutting off of the supply of water to his motor was served upon Mayor Murray on Friday last. Sheriff Robinson served the writ.

The Band of Hope is called to meet on Friday at four o'clock in the W. C. T. U. Hall. The new new superintendents, Mrs. C. Clare and Mrs. W. A. Mott, are especially desirous of meeting all the old members, besides as many new ones as possible. All boys and girls will be welcome.

S. W. Dimock is buying an up-to-date moving picture machine which he will install in his new Opera House. Immediately after furnaces have been installed. Undoubtedly the public will welcome Mr. Dimock's latest move, as they are disposed to accord him every support in the venture in which he has risked so much money.

Premier Robinson who had appointed the first day of October next as the day for opening of the enquiry under commission of the complaints of certain riparian owners at Tide Head and elsewhere against the Restigouche Boom Co., has canceled the appointment as important government business intervenes, and the enquiry stands in abeyance until another appointment is made.

Inspector Duncan Noble of the I. C. R. was at Fredericton throughout the time the exhibition was in progress in that city. He returned to town on Tuesday. Speaking to "Events" Inspector Noble stated that he had never seen such an orderly crowd for its size as there was at Fredericton during the fair. There were no pickpockets and the only arrests were for drunkenness.

Rule 3, clause 1, of the Timber Loading Rules has been altered by the substitution of the words "3 feet" for "4 feet". When wood goods are carried in an uncovered space, there shall be fitted on each side of the ship temporary rails or bulwarks of a substantial character for the full length within which the deck cargo is stowed, extending to a height of not less than 4 feet above the line of the top of the deck cargo.

The local corps of the Salvation Army will conduct their Harvest Home services, Saturday, Sunday and Monday, Sept. 28th, 29th, and 30th. There will be a grand decoration for the occasion. On Monday evening, a musical service will be held. Capt. Pynn has secured the best local talent in town for the occasion. Among those who will take part are: Miss Redden, Campbellton's accomplished violinist and Mr. Arthur Watson, leader of the Campbellton band who will render a cornet solo. On Tuesday evening there will be a sale of fancy goods and products of the farm. No admission fee is charged. On any of these occasions, but silver collection will be taken at the door.

Allan Ryan, formerly an operator in the Great Northwestern office, Campbellton but for the last month night operator on the C. P. R. at Vanleek Hill, near Ottawa, on Wednesday night held the midnight train for half an hour over its time. He was badly the worse for liquor and later admitted the whole thing. Friday he was sentenced to six months in the county jail, to which place he was immediately conducted. Ryan refused the crew of the midnight train orders to leave. He persisted in this attitude and for half an hour the train was stalled. Before it could leave Mr. E. Appleby, the day agent, had to be hunted up at his home, a mile and a half away in the village. He hurried down to the station and straightened matters out in quick order but not before serious trouble had arisen. Magistrate Thistlewaite, who heard the case, dwelt on the seriousness of the offence. Ryan admitted the charge and said he did not know what he was doing or why he did it. Ryan left Campbellton about a year ago. He belongs to Newcastle. He operated in Montreal until the strike when he went to Vanleek Hill. A Vanleek Hill despatch says Ryan absolutely refused to disclose anything about himself or family. He is of most respectable appearance and those with whom he has been working are at a loss to account for his strange behaviour.

Millinery Opening

A cordial invitation is extended to the ladies of Campbellton and vicinity to visit the show rooms on Friday, Saturday, 27th and 28th inst. Parisian

The morning's maritime express was over three hours late on arrival here. The delay was due partially to a heavy train and also some difficulty with the locomotive above Campbellton.—Saturday's Moncton Transcript.

Madame Yulisse Harrison has arranged for a number of concerts while in the provinces. So far she has arranged the following: Moncton, Charlottetown, Richibucto, Dorchester, Sackville, Windsor, return engagement at Campbellton and St. John.

Lumbermen seem to be scarce this season but the prospects point to a better supply within a few days, says the Fredericton Gleaner. The wages will not be as high as last year, so the employment offices state, and fewer men will be hired. Agents are at present offering \$30 per month for good men.

Rev. A. J. Vibert intends visiting and holding divine services at the following places this week:—Monday, Salmon Lake, P. M.; Tuesday, Sayabec, 7 P. M.; Wednesday, St. Moine, 7 P. M.; Thursday, Price 7 P. M.; Friday, Rimouski and Father Point returning to Riviere du Loup for Sunday.

On Wednesday evening last Sept. 18 Rev. Mr. Bate rector of St. Mary's church, Dalhousie was the recipient of a purse of \$27. from his congregation for the purpose of providing himself with a new set of ecclesiastical robes. Miss McKay and Miss Kerr were the collectors and met a warm response from every member of the congregation.

E. A. LeGallais, agent here for the Canada Carriage Co., has been presented by that company with a handsome buggy in recognition of the splendid record he has made here as the company's representative. The buggy is the highest priced single seated carriage the firm turns out and is much appreciated by Mr. LeGallais.

Wesley Edwards of Fleurant Point, Que., met with a shocking accident Saturday morning by having one of his arms caught in a hay press which he was operating. He was taken to Dalhousie and to Dr. Ferguson's office, where the injured member was dressed. No bones were broken but the muscles were badly torn and a part was removed.

While conversing with a friend on the curb of one of the principal streets the other day, Rev. R. J. Coleman, rector of the Episcopal church met with a painful accident. A truck which was standing nearby started suddenly and the wheels of the heavily loaded truck passed over the Rev. gentleman's left foot. As a consequence he was confined to his residence for a day or two.

James Evans of the Richards Lumber Co., while lacing a belt on Saturday afternoon met with a very serious accident which may cost him the sight of both eyes. He was cutting the strings with a knife when the belt threw the knife, striking him upon the eye. The fluid of the eye made its escape. Dr. Lunan was called in and did all that was possible under the circumstances. If inflammation does not set in there is a possibility of saving the sight of one eye at least. Mr. Evans left on Tuesday morning for Montreal for treatment. He was accompanied by Frank Blair.

Fifty years in the ministry of the Methodist church is the unique record of Rev. Douglas Chapman, D. D., who supplied here this summer for Rev. Mr. Thompson and who is now a resident of Amherst. At the regular meeting of the last Methodist conference it was decided to fitly observe this very important event in Dr. Chapman's history, and a meeting was held Thursday evening in the Methodist Church, at Pt. de Bute with this object in view. Among those present were the president of the conference, Rev. James Crisp, the chairman of the Sackville district, Rev. Mr. Strothard, of Moncton, also Rev. Dr. Stewart, Rev. Dr. Borden, Rev. Mr. Dawson, Rev. Mr. Manson, Rev. Mr. Stebbins, and Rev. Mr. Gaetz, (Amherst). The church was crowded for Mr. Chapman is not only personally known to everyone in Pt. de Bute and vicinity, but he has been pastor of that church on three distinct occasions. The church was beautifully decorated for the occasion with flowers, potted plants and evergreens. Just behind the reading desk were the dates 1857-1907 in large evergreen letters. The chair was occupied by Rev. Mr. Strothard. After a selection by the choir and prayer by Rev. Dr. Stewart, the chairman briefly referred to the object of the gathering and embraced the opportunity of conveying to Dr. Chapman his heartiest congratulations upon this very happy event in his history. The chairman then called upon the secretary of the conference, Rev. Mr. R. Knight who read an address. Dr. Chapman replied in terms of high appreciation of the honor and esteem expressed by his ministerial brethren and the people generally and gave a most interesting review of his ministerial career. Highly complimentary addresses were delivered by Dr. D. Allison, who was a school fellow of Dr. Chapman and others.

Social And Personal

(For additional personals see page 8)

Mrs. Harris is visiting in Belleville, Ont.

H. B. Anslow of Newcastle was here yesterday.

Mr. and Mrs. Thomas Bedell were in St. John last week.

Dr. and Mrs. McNicol paid Fredericton a visit last week.

Miss Clara Robinson of Sussex is visiting Mrs. W. H. Wallace.

F. M. Murray has returned from a business trip to Montreal.

Keith J. Bulman of Quebec is visiting his father, J. A. P. Bulman.

Miss Winnie Barbaree is having an enjoyable sojourn at Fort Elgin.

Miss Bessie O'Keefe left on Tuesday on a two months visit to Boston.

Miss Clara Shannon of Keene, N. H. is on a visit to her old home here.

Miss Bessie Stewart of Dalhousie was the guest of Mrs. Scott Moffat this week.

Mrs. D. F. Graham is spending a few weeks with friends at Brookfield, N. S.

Mrs. David Collette of West End and her little son are on a visit to Carleton.

Miss Ethel Malcolm has resumed her studies at Trafalgar Institute, Montreal.

Miss Gertrude Harquail of Dalhousie is on a visit to Boston and New York.

Miss Kate K. Miller of Jacques River paid Campbellton a flying visit last week.

Dr. and Mrs. Pinault, and Mr. and Mrs. Arthur T. LeBlanc spent Sunday at Dalhousie.

Dr. Graham leaves in a few days for Gary, Ind., where he intends in future to practice his profession.

Mrs. W. A. Thompson has gone to Charlottetown to attend a convention of the Women's Missionary Society.

Chas. R. Scoles, of New Carlisle, manager of the Atlantic and Lake Superior Railway, was in Moncton, this week.

Mrs. R. Y. Blackhall left last week for a three weeks trip to Chicago, and will visit Mr. J. I. Blackhall of Joliet, Illinois, before returning.

Mrs. Herdman and children, after a pleasant visit of some two months with friends in town left yesterday for their home in Kelowna, B. C.

Mrs. Wm. Downey, who has been spending the summer with her sister, Mrs. W. H. Wallace, returned to her home in Joggins Mines Tuesday morning.

Thos. S. Roy went to Campbellton on Monday, whence in a few days he will return to Wolfville to enter Acadia University—Newcastle Advocate.

Mr. and Mrs. Sheehan and family of Dalhousie, accompanied by their niece, Miss Maher, of North Bay, Winnipeg, spent Sunday with Mr. and Mrs. Sheehan at Dee Side.

The marriage will take place of Miss Eliza Bell, daughter of D. Richards, of Richards Lumber Co., to Malcolm P. Moores, of Moores Bros., on October 1st at the residence of David Richards, Frogmore, Campbellton.

Lady Laurier left Ottawa Friday for a short stay in Quebec. A writer of "The Evening Post" remarks that Lady Laurier's visit to the old land has instead of wearing her, given her a new supply of la joie de vivre.

Gordon Firth, of Campbellton, who has been supplying at the Presbyterian church in Digby, passed through the city yesterday on his way to Fredericton. Mr. Firth will not resume his studies at the U. N. B. this fall, but will spend the winter in ministerial work.—St. John Telegraph.

Mrs. T. Wran, of Campbellton, who spent the summer months with her parents, Mr. and Mrs. John Johnston, left for Moncton today, where she will visit her husband's parents before returning to Campbellton. Mrs. Wran is accompanied by her two children.—St. John Globe.

Capt. Pynn went to St. John, Saturday morning, to be present at the meetings held there by General Booth. Accompanying Capt. Pynn were eight local members of the Salvation Army. They were:—Alexander Smith, Neil Smith, Patrick Smith, and Mrs. Smith, Mrs. Albert Thompson and Mr. and Mrs. Wm. Young. The party returned on Tuesday.

Lady Ruby Elliott, second daughter of Lord Minto, Viceroy of India, whose engagement to Viscount Errington, son and heir of Lord Cromer, is announced from London, is twenty-one and immensely popular, personally and socially, while Lord Errington is thirty. For some time he was attached to the British embassy at Teheran. He also spent many years in Egypt, the country which his father brought from poverty to affluence and for which Lord Cromer was recently awarded with a gift of \$250,000 by the British Parliament.

Sick Headache.

This disease is caused by a derangement of the stomach. Take a dose of Chamberlain's Stomach and Liver Tablets to correct this disorder and the sick headache will disappear. For sale by all druggists.

WILSON'S FLY PADS

Kill them all. No dead flies lying about when used as directed.

SOLD BY DRUGGISTS, GROCERS AND GENERAL STORES 10c. per packet, or 3 packets for 25c. will last a whole season.

LUMBER

The interview which a representative of the Montreal La Presse had with Senator Edwards, of Ottawa, of which the following is a translation, will no doubt prove interesting to many of our readers:—

The Senator said that, while he did not desire to take part in any controversy that was in progress, he did not mind giving his views as a practical lumberman, on the general situation. "It should be kept in mind that the lumberman who buys a Quebec limit from the Government pays the latter the highest bonus per mile that can be got from the competitors at the auction; then there is an annual ground rent to be paid and stumpage dues on every log cut. The Government also reserves the right to sell the land at any time to settlers. Altogether the lumberman's position is not as favorable as many people think. But I prefer to answer questions, so ask anything you like."

Q.—It is been said, Senator, that the fact that the Quebec limits were sold so much lower than the Ontario limits was proof of the bad administration of the Quebec Government. What are your views on this matter?

A.—I know of nothing that would support that contention.

Q.—How do you account for

the difference in bonus price per square mile of limits so far as the bonus is concerned received at auction by the Ontario and Quebec Governments?

A.—The difference lies almost entirely in the fact that the limits that have been sold in Ontario have been enormously rich pine limits, whereas the Province of Quebec has had no such limits for many years.

Q.—It has been said that the spruce of Quebec is just as valuable as the pine of Ontario?

A.—By no manner of means.

Q.—Have our limits been sold by Government without the full knowledge of available purchasers?

A.—No. There have always been present at the auction sales representative lumbermen from both Ontario and Quebec, and those portions of the United States which naturally would have buyers of our timber. The buyers of timber are not specially interested as to which province they may buy in. For instance, mostly all of the Ottawa River lumbermen are owners of limits in the two provinces, and, if they pay higher prices for Ontario limits, it is simply because of their greater value and as a consequence of the keener competition for their purchase.

Q.—What are the reasons for the better price of Ontario limits?

A.—The reasons are that the Ontario pine limits are much more available, much nearer the market, and it is much easier to send supplies, men and horses to the camps; there is a shorter distance generally to drive the timber, and because the pine is of such superior quality as compared with the present existing pine in the Province of Quebec. The comparison of pine and spruce would be simply ridiculous and no one having any intimate or practical knowledge of the trade would ever for a moment compare the small spruce of the Province of Quebec to the very superior quality of pine that exists in the Province of Ontario. It is simply too absurd.

The Province of Ontario is really a peninsula, with waters bordering for the most part on the neighboring States of the American Republic as well as on Canadian territory. The rivers flowing into Lake Superior, the Georgian Bay, Lake Huron, Lake Ontario, and the Ottawa River, make lumbering exceedingly easy, so far as getting the product to market is concerned and also for the sending in of supplies to the camps. On the other hand, the difficulties of transportation as regards the limits sold in recent years by the Government of Quebec are enormous both for getting the supplies in and the timber to market. In almost all cases in the Province of Quebec, supplies for both men and horses have to be put into the woods one year before the cutting of the timber. For instance, in our own case, all supplies for the operations of 1908, are now in the woods and our next purchases for the Quebec shanties begin in December next for the year 1909. The Quebec limits easy of access were sold years ago.

My firm own limits in both Provinces, we are as free to buy in one Province as the other, and, in our buying we base values on exactly the conditions that we have illustrated.

Q.—Is it true, Senator, that the Province of Ontario advertises its timber limits sales a year in advance.

A.—I have never known that to be the case. I do not believe it is the case.

Q.—Have the Quebec advertisements of timber sales been sufficiently long?

A.—In my judgment, yes.

Q.—Was the information as to the character of the limits to be

(Continued on page 3.)

MILBURN'S HEART and NERVE PILLS SAVED HER LIFE

Mrs. John C. Yensen, Little Rocher, N.B., writes: "I was troubled with a stab-like pain through my heart. I tried many remedies, but they seemed to do me more harm than good. I was then advised by a friend to try Milburn's Heart and Nerve Pills and after using two boxes I was completely cured. I cannot praise them enough for the world of good they did for me, for I believe they saved my life."

Price 50 cents per box or 3 boxes for \$1.25, at all dealers, or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

\$100.00 Invested in California is now worth \$76,500.00.
\$100.00 Invested in Consolidated Virginia is now worth 65,000.00.
\$200.00 Invested in Le Roi in 1890 is now worth . . . 500,000.00.
\$200.00 Invested in Crow's Nest Pass Coal Co., of B. C. in 1896 is now worth . . . \$70,000.00 or \$85.00 per share.
Stock of the Home Mining Co. advanced from 25 cents a share to \$25.00 a share in seven months.
Granite Mountain Stock advanced from 10 cents a share to \$75.00 in two years, and paid \$14,000,000.00 in dividends.
These are only a few examples; there are thousands of others.
While success cannot rightfully be judged by money standards, the fact remains that in the eyes of the world the extent of a man's success is the extent of his capital.
The worth has no use for a poor man or a loser.
The person who has reached middle age, wholly dependent upon

his individual efforts for his livelihood, is accounted a failure. He no longer commands the respect of the multitude but receives instead their scorn or pity.
Have you ever thought of these things?
What are you doing to make yourself independent?
Your hand or brain devoted to another man's cause can never make you wealthy.
Nor can your dollars.
The man who only saves is at best a plodder.
He should invest his dollars.
Look about you.
There are successful people on every side.
Have you ever wondered how they made money while others have not?
Excluding those rich by inheritance, and those rich by fraud, there remains countless thousands of men and women who, starting practically without a dollar, have built up for themselves wealth or a handsome competence, and are no longer dependent on their hands for support.
These people have made money first by working for and earning dollars, and then by putting their dollars to work.
You are cheating yourself and your family when you do not save from your earnings and put your earnings to work.
Suppose you put your savings in a bank. The bank pays 3 per cent. How can it? Because it invests your money so that it will bring much more than 3 per cent—

enough more so that most bankers become very wealthy on the difference between your interest and theirs.
And what if they invest unwisely and lose all, as they sometimes do? Why, it's your money and your loss—not theirs.
You have not the control of your own capital—do not even know they are doing with your money.
You are making your dollars work for others. Why don't you make them work for you?
The banker invests your dollars; pockets their earning power, and gives you 3 per cent.
Why don't you do your own investing and make the profit for yourself?
You may think you have no opportunity.
But you have.
Opportunities are at every hand. No man or woman exists that has not had some opportunity for financial advancement.
The trouble is: most opportunities wear rubber shoes, and the public sleepily refuse to hear them.
One of the world's most successful financiers, when asked how he made money so fast, replied: "I have an agent at the elbow of every opportunity and never let one pass without paying me tribute."
Don't you realize that every great fortune had its humble beginning. That just a few dollars have grown to millions?
Look at Andrew Carnegie. He saved up \$500.00 and made his

first investment in Adams Express Company stock. It paid him big interest almost from the start.
You know what it can be and he is worth today.
There are hundreds of similar examples.
"No one ever succeeds except by doing things."—John D. Rockefeller.
To become wealthy—successful—you must save and invest your savings.
Where were you in the year 1896, and what were you doing? Couldn't you have saved \$100.00 without inconveniencing yourself?
Suppose you did save \$100.00 and invested it in CROW'S NEST PASS COAL MINE STOCK. This stock was sold in 1896 to small investors at 10 cents a share—six years thereafter it was worth \$100.00 a share, and to day is selling for \$285.00 a share, or your \$100.00 invested then would pay you a dividend of over \$10,000.00 a year and be worth \$285,000.00.
Opportunity is always knocking at the door.
Jay Gould once said to a friend, "When you invest in the stock of a company, don't look for the 'best' for you will never find it. Look for a good one; then invest, and do it quickly. Don't wait to see if it pans out all right, for that is where you lose your opportunity. When you have waited to see if it pans out, you will have to pay a premium on the stock, and you will have lost the biggest advance in value. You must make

money on your judgment and foresight, and not on demonstrated facts."
Pittsburg, Pennsylvania, has over 400 millionaires who have made their fortunes out of coal and oil. Coal is the basis of all industrial and commercial wealth. Coal mining in British Columbia has always been a success. It is like diamond mining in South Africa—a bonanza of the first magnitude.
Dunsmuir made millions and millions in coal mining in British Columbia, and died the richest man in Canada.
The BRITISH COLUMBIA AMALGAMATED COAL COMPANY of Portland, Oregon, controls 17,500 acres of coal land near Vancouver, B. C., estimated by coal experts to be underlaid with 1,400,000,000 tons of the best quality of steam, domestic, and cooking coal in America.
Our mine is better than the Crow's Nest, the quality of our coal is pronounced by coal experts to be as good, if not better, we are 500 miles nearer tide water, and 300 miles nearer the big smelters in the boundary district, where coke is used.
We are offering a limited amount of the treasury stock for sale at 25c a share, par value \$1.00, full paid and non-assessable.
The officers of this company are men of high standing. Look at commercial reference will be of use. Call or write for prosperous or information.

Burdock
Blood
Bitters
Is the FOREMOST MEDICINE of the DAY.
It is a purely vegetable compound pos-
sessing perfect regulating powers over all
the organs of the system and control-
ling their secretions.
It so purifies the blood that it cures all
blood humors and diseases, and this
combined with its unrivaled regulating,
cleansing and purifying influence, renders
it unequalled for all diseases of the skin.
Mr. Robert Parton, Millbrook, Ont.,
writes: "Some time ago I was troubled
with boils and pimples, which kept break-
ing out constantly. After taking two
bottles of Burdock Blood Bitters I am
completely cured."

For Diarrhoea,
Dysentery
AND ALL
Summer Complaints
DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY
IS AN INSTANTANEOUS CURE.

It has been used in thousands of homes
during the past sixty-two years and has
always given satisfaction.
Every home should have a bottle so as
to be ready in case of emergency.

Price 35 cents at all druggists and
dealers. Do not let some unprincipled
druggist humbug you into taking so-
called Strawberry Compound. The or-
iginal is Dr. Fowler's. The rest are sub-
stitutes.

Mrs. G. Bode, Lethbridge, Alta.,
writes: "We have used Dr. Fowler's
EXTRACT OF WILD STRAWBERRY and
found it a great remedy for Diarrhoea,
Summer Complaint and Cramps. We
would not like to be without it in the
house."

ON THE FUNNY BONE

They were walking along one of
Hartford's avenues, and the autos
were hook hooking and cho-choing
and hissing.

"What's that on the doc of that
pretty car," she asked, pointing to a
noble four-cylinder, 70 that ran as easy
as a bird sails the air.

"That," replied George, with the air
of one who has just been honored with
a degree at Oxford, "is the family coat
of arms."

"Coat of arms, nonsense," returned
the fair one. "You mean coat and vest,
for I know the owner of that car. He
is a tailor."—Hartford Times.

Chamberlain's Cough Remedy
one of the Best on the Mar-
ket

For many years Chamberlain's
Cough Remedy has constantly gained
in popularity until it is now one of
the most staple medicines in use and
has an enormous sale. It is intended
especially for acute throat and lung
diseases, such as coughs, colds and
croup, and can always be depended
on. It is pleasant and safe to take and
is undoubtedly the best in the market
for the purposes for which it is intend-
ed. Sold by all druggists.

NOT A SPENDTHRIFT.

Anxious mother.—I hope you are
not thinking of marrying that young
Clarkson. He spends every cent he
earns.

Pretty daughter.—Oh, well, he don't
earn very much.—Chicago News.

This Tonic Builds up.

Many medicines stimulate, break
down, leave you worse than ever.
Ferrozone is different—it's a blood-
former, a nerve-strengthening, a body-
builder. Pale anemic girls are given
color and vigor. The tired and sleep-
less are strengthened and restored.
"Better than all tonics I found Ferro-
zone," writes Mrs. E. F. Castleton, of
Woodstock. "I was completely run
down, cheeks were blanched, lips were
white and had every sign of anæmia.
Ferrozone added to my weight, gave
me strength, ambition and good health.
Nothing better, try Ferrozone yourself,
50c per box at all dealers.

SUCH FRIEDLINESS.

Mabel.—Guess what Jack has prom-
ised to bring me to wear on the third
finger of my left hand.

Stella.—Oh, a thimble, I suppose.—
Chicago News.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty
years and have tried almost countless
remedies with little, if any, relief.
Three boxes of Chamberlain's Salve
cured me. It was a torture. It
breaks out a little sometimes, but noth-
ing to what it used to do.—D. H.
Beach, Midland City, Ala. Chamber-
lain's Salve is for sale by all druggists

Here's to the girls whom we loved long
ago.

When love of our love was begotten.
Their kisses, their smiles, Aye! their
tears we recall,
But their names we have really forgot-
ten.
It doesn't much matter what names
they were called,

Endorsed

Their love sprang from love: all un-
boughten;
So here's to the girls whom we loved
years ago
And whose names we have long since
forgotten.

Lame Back.

This is an ailment for which Cham-
berlain's Pain Balm has proven espe-
cially valuable. In almost every in-
stance it affords prompt and perma-
nent relief. Mr. Luke LaGrange of
Orange, Michigan, says of it: "After
using a plaster and other remedies for
three weeks for a bad lame back, I
purchased a bottle of Chamberlain's
Pain Balm, and two applications effec-
ted a cure." For sale by all druggists.

Jack Spratt would eat no fat—
His wife would eat no lean,
Unless the label on the can
Could be distinctly seen.
—St. Joseph (Mo.) Star.

Carterhall, Nfld.

MINARD'S LINIMENT CO., LIMITED,
DEAR SIR:—While in the country
last summer I was badly bitten by
mosquitoes, so badly that I thought I
would be disabled for a couple of
weeks. I was advised to try your Lin-
iment to allay the irritation and did so.
The effect was more than I expected,
a few applications completely curing
the irritation and preventing the bites
from becoming sore. MINARD'S
LINIMENT is also a good article to
keep off the mosquitoes.

Yours truly,

W. A. V. R.

Rich Aunt.—You only visit me when
you want money.

Spendthrift.—Well, I couldn't come
much oftener, could I?—Harper's
Weekly.

Attack of Diarrhoea cured by one

**Dose of Chamberlain's colic, chol-
era and diarrhoea Remedy.**

I was so weak from an attack of dia-
rrhoea that I could scarcely attend to
my duties, when I took a dose of
Chamberlain's Colic, Cholera and
Diarrhoea Remedy. It cured me en-
tirely and I had been taking other
medicines for nine days without re-
sult. I heartily recommend this rem-
edy as being the best to my knowledge
for bowel complaints.—R. G. Stewart,
of the firm of Stewart & Bro., Green-
ville, Ala. For sale by all druggists.

Oh, For a Clear Complexion!

A clear complexion is the outward
evidence of inward cleanliness. In
bad health the face becomes a sign-
board, telling of disease within. If
yellow, bile is not properly secreted; if
pallid, the kidneys are faulty. If skin is
murky and dark circles beneath the
eyes, look for constipation. Whatever
the cause, no remedy compares with
Dr. Hamilton's Pills which are mild
and purifying and vitalizing in their
action. They give a marvelous rosy
tint to the cheeks, brighten the eyes
and establish the health that defies age
and disease. Sold everywhere in 25c
boxes.

LUMBER.

Continued from page 3.

conditions in Ontario, as a rule,
are much more favorable to the
lumbermen than they are in Que-
bec. For instance, the general
stumpage on pine timber, in On-
tario is 30c per 1,000 feet less than
the stumpage in Quebec. The
quality of the lumber is eminently
superior. Not only is this the case,
but the scale used in the measur-
ment is much more favorable to the
lumberman in Ontario than it is
in Quebec. In other words,
the scale under which the logs are
measured in Ontario, the Scribner-
Doyle rule, is largely more favor-
able to the lumberman than is the
rule of measurement used in the
province of Quebec.

Q.—Is there any difference in
the annual ground rent used in the
different provinces?

A.—I think it is less in Quebec
than in Ontario, and the timber
got out per mile is less in the
Province of Quebec than in Ontario
except, perhaps, in the case of
pulpwood, which is higher in Que-
bec.

Q.—Coming down to a com-
mercial question, Senator, do you
think that the bonus per square
collected at each auction sale by
the Government, together with the
stumpage dues charged the lumber-
men on every tree cut by them in
Quebec and the annual ground
rent per mile also collected, give
evidence of good administration,

or, should the amount collected be
greater?

A.—Considering all the items
that I have already given, the dif-
ference in value of timber in the
two provinces, the measurement in
the one and the measurement in the
other, the locality in the one
and the locality in the other, my
firm impression is that the Pro-
vince of Quebec receives for its
timber annually sold a greater
revenue than the province of On-
tario.

Q.—Do the privileges accorded
to new settlers affect the value of
the timber limits at the sales in
either Province?

A.—The colonists in the Pro-
vince of Quebec have much more
liberty of settlement on wooded
lands than they have in the Pro-
vince of Ontario, and this man has
a depreciating effect on the value
of timber limits in the province as
compared with the Province of
Ontario.

Q.—What about the future of
our timber limits?

A.—The great value to Quebec
of her timber resources if properly

(Continued on page eight)

An Absolute Cure for
Rheumatism

If the skin or bowels are un-
healthy, they won't throw off
enough uric acid. This uric acid—
carried by the blood to the
nerves—and causes Rheu-
matism.

Fruit-a-lives surely cure

Rheumatism and Sciatica

because they act directly on
bowels, kidneys and skin—
and so strengthen and invig-
orate these organs that
there is no uric acid retained in the system to
irritate the nerves and bring
Rheumatism, Sciatica and
Neuralgia.

"Fruit-a-lives" are intensified
fruit juices with tonics and
intestinal antiseptics added.

Fruit-a-lives

30 (FRUIT LIVER TABLETS.)

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—
Interesting Experiences of Misses Borman and Mills.

Every mother possesses information
which is of vital interest to her young
daughter.

Too often this is never imparted or is
withheld until serious harm has resulted
to the growing girl through her ignorance
of nature's mysterious and wonderful
laws and penalties.

Girls' over-sensitiveness and modesty
often puzzle their mothers and lead
physicians, as they so often withhold
their confidence from their mothers and
conceal the symptoms which ought to be
brought to their physician at this critical
period.

When a girl's thoughts become slugh-
ish, with headache, dizziness or a dis-
position to sleep, pains in the back or
lower limbs, eyes dim, desire for solitude,
when she is a mystery to herself and
friends, her mother should come to her
aid, and remember that Lydia E. Pink-
ham's Vegetable Compound will at this
time prepare the system for the coming
change, and start this trying period in
a young girl's life without pain or irregu-
larities.

Hundreds of letters from young girls
and from mothers, expressing their
gratitude for what Lydia E. Pinkham's
Vegetable Compound has accomplished
for them, have been received by the
Lydia E. Pinkham Medicine Co., at
Lynn, Mass.

Miss Mills has written the two follow-
ing letters to Mrs. Pinkham, which will
be read with interest:

Dear Mrs. Pinkham:— (First Letter.)
"I am but fifteen years of age, am de-
pressed, have dizzy spells, chills, headache
and backache, and as I have heard that you
can give helpful advice in my condition, I
wonder if you don't you try it?"

Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

Moir's
Chocolates

Are an added charm to the pleasure of attending the
opera.

Their delightful deliciousness keeps one in rare good humor, so
that the clever dialogue and catchy songs are heartily appreciated
and the parts that drag, if any, are readily overlooked.

When you buy Moir's Chocolates, note the fitness and smooth-
ness of the pure, rich chocolate coating and the rare delicacy of
the widely varied centers.

Taste them once and you'll always specify Moir's.

MOIRS, Limited
HALIFAX, N. S.

TOWN TOPICS

The body of Josephine Mahoney who was drowned at New Mills has not yet been recovered. Her father's vessel sails Saturday.

Hay is going up rapidly in price in this neighborhood. It is now selling for about \$16 and it is predicted it will go to \$20 this winter.

There have been no further developments in the prosecution of Campbellton parties by the Quebec government, since the last issue of "Events".

The private car, "Plymouth Rock," occupied by Alfred G. Vandenberg and party and the private car, "Minolia," occupied by August Belmont, the New York traction king and party arrived at Amqui a few days ago. The New Yorkers are after big game.

Notwithstanding the vast amount of rain which has fallen this summer, crops in many sections of this county, particularly in the up-lands have turned out very well indeed. Some farmers say they never had better grain crops.

The medal awarded by the Provincial Rifle Association was competed for on Tuesday on the range here and was won by Dr. W. L. Cates. He was closely pressed, however, by Dr. Pinault. A dense fog and high east wind prevailed, making shooting very difficult.

Mr. Angus Firth was ordained as a foreign missionary last evening, in St. Andrew's church in the presence of a large congregation. The sermon was preached by Rev. Mr. MacArthur and Dr. Grant addressed the missionary. Rev. Mr. McLeod who represented the Foreign Mission Committee presented Mr. Firth with a bible. Rev. James Ross also delivered an address.

A pretty wedding took place Tuesday morning, September 24th in St. Patrick's church, Montreal, when Miss Judith Maude Kennedy was married to Harry M. Devereaux. The ceremony was performed by Rev. M. Gallagher. The bride wore a travelling suit of blue Milton cloth, with hat to match. She was attended by Miss Hectorine Beck. Frank Beck was best man. The happy couple left on an extended trip to several American cities. Mr. and Mrs. Devereaux will reside in Montreal.

A very pretty wedding was solemnized in New Carlisle, on Tuesday, the 17th inst., at St. Andrew's church, of England, when Miss Ella Jane Smith, eldest daughter of the late Richard Smith, was united in marriage to Walter Flowers, of New Carlisle, son of Henry Flowers. The ceremony was performed by Rev. E. A. Dunn. The bride wore a gown of white crepe de chene with duchess lace, her veil was arranged with orange blossoms, and carried a bouquet of white roses. Miss Gertrude Smith, sister of the bride, was maid of honor, and the bridesmaid was Miss Alice Thompson. James Thompson was groomsmen. After the ceremony a reception was held at the home of the bridegroom, where Mr. and Mrs. Flowers will reside. The bride received many useful presents.

DALHOUSIE Branch
W. A. R. CRAGG, Man.
BATHURST Branch
J. M. AITKEN, Man.

Dr. Mann will be at Royal Hotel, Dalhousie, on October 9th and 10th, instead of 1st and 2nd.

The store of Moores Bros. was broken into last night and a quantity of goods taken as well as about \$10 in cash.

It is reported that Mrs. Stewart recently visited Dalhousie and took her daughter away. Rev. Mr. Bate declines to furnish "Events" with any information on the subject.

One of the most popular events of the season took place at 9.15 last evening when Dr. Harry E. Mann was united in marriage to Miss Elizabeth McBeath, daughter of the late Wm. McBeath. The ceremony which was performed by Rev. P. J. Stackhouse, at the residence of the bride's brother, John McBeath, Tide Head was witnessed by about fifty invited guests. The house was handsomely decorated for the occasion. Little Miss Champion acted as maid of honor. There were no bridesmaids. The bride who was prettily attired in white was given away by her brother. The happy couple left on the Marquette for a trip to Montreal and Boston after which they will return to Campbellton to reside. Both are very popular in social circles in Campbellton and have the best wishes of hosts of friends. The number of handsome presents received was very large.

MILLINERY OPENINGS.

The millinery opening at The Parisian to-morrow and Saturday promises to be one of the most successful ever held in town. It is a season of gorgeous colorings and exquisite offerings, both in flowers and feathers. It would almost seem that ingenuity had been exhausted in the production of the fancy feathers, such charming designs and wonderful combinations are seen on every hand.

Ribbons, of course, one of the styles of the millinery market. It always finds a place in a hat and you will find it here in all shades and colors. Some beautiful effects in Persians and Dresden.

The new models may be regarded as extreme in several respects. The predominating shapes are very large, many being tilted off the face or at the side. The mushroom or bowl shapes are still in vogue, as is also the sailor. A few small medium sized shapes are in evidence and more may be seen later in the season.

One beautiful advance model is a broad shape turned from the left and faced with white satin; top crowned plain with black mirror velvet, two large plumes falling to the left finished with an exquisite bow and jet ornament.

Another seen is a tan flop, narrow front, with facing of brown velvet. The high crown is trimmed with tan pleated ribbon, a large bow of same at right, with tan and green roses bunched at left side.

MANY MATTERS BEFORE BOARD.

(Continued from page one)

solicitor with power to act. Motion carried.

The committee was appointed as follows:—Couns Jardine, Andrew, Mowat and Taylor.

The petition of the Bank of Nova Scotia, Dr. W. L. Cates, Robt. St. Onge and Geo. St. Onge, for an inlet to town sewer on corner of Dr. Cates property was referred to Water and Sewerage committee.

Accounts were passed as follows: Fire—Gutta Percha Rubber Co., \$3.00.

Police and License—Wm. Taylor board of prisoners, \$29.25.

Water and Sewerage—J. & D. A. Harquail, \$2.00; Intercolonial Ry., \$3.21; Duncan & McLennan, \$137.22; James Robertson Co., \$10.00.

Electric Light—Intercolonial Ry. \$1.34; Thos. N. Dickie, \$53.13; J. & D. A. Harquail, \$1.25; John Forman, \$6.00.

Finance N. B. Telephone Co., \$11.25.

Public Property and Street—J. F. Andrew, \$2.40; W. H. Marquis

Social and Personal

(For additional person als see page 5)

James Harrison of New Richmond is in town.

D. G. H. Cameron is now on the road for Events.

Elie Jonas of Caplin, is at the Campbellton Hotel.

Robt. Steeves of Moncton is in town on a short vacation.

Mrs. Milton Doherty returned from Bathurst, Monday.

Mr. and Mrs. Alex. Arsenault of Bonaventure, spent Sunday at the Campbellton Hotel.

Evan Price, district superintendent of the I. C. R. is on a vacation trip to Montreal.

Miss May Murray returned on Saturday morning from a visit to friends in Newcastle and Fredericton.

George Miles, who was confined to his residence by illness for several days came out for the first time today.

Walter Davidson and Mrs. Davidson of Moncton were in town this week. Mr. Davidson is proprietor of Dreamland in the railway town.

A. B. Gochan, who has charge of a steam shovel on the I. C. R., near Sussex, spent Friday at his home here, returning to King Co. on Saturday morning.

Misses Margaret Scott and Graw Shaw have both graduated from the Boston Floating Hospital. They were taking post graduate courses.

Chief of police Gray, Dr. Everett Gray and Master Austin Murray, who were hunting at Twenty-one mile Lake, returned to town yesterday. The party saw scarcely any moose, but managed to bring down one good-sized deer.

Miss Bella Weldon, who has been visiting the Misses Patterson left on Monday for her home in Penobscot. She was accompanied by Miss Lida Patterson, who will spend a few weeks visiting her friends at Penobscot and Moncton.

& Co., \$1.50; Sumner Co., \$7.30; Intercolonial Ry. \$2.52; W. H. Wallace, \$25.00.

The account of Jas. Salter's Sons, for coal, \$692.00, was passed at \$315.00. It was explained that this coal was not up to standard having been reloaded at Arichat from the cargo of a wrecked vessel. The firm offered a reduction of 25 cents per ton, but this was not thought sufficient by the Council and the committee were instructed to get a reduction of 65 cents per ton.

Town Solicitor Trueman read agreements between the town and Patrick and Neil Smith respectively in the matter of the purchase of Smith Lake and on motion the agreements were approved and the Mayor and Town Clerk authorized to execute the same.

IT IS difficult to tell which gives Albert County its greatest claims to distinction, Collins or George W. Fowler.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Alterations, &c. Military Stores Building, St. John, N. B." will be received at this office until Tuesday October 8th, 1907, inclusively, for alterations and additions to the Military Stores Building at St. John, N. B., according to plans and specifications to be seen at the office of D. H. Waterbury, Esq., Custom House, St. John, N. B., and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the printed form supplied, and signed with the actual signatures of tenderers.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10%) of the amount of the tender must accompany each tender. The cheque will be forfeited if the person tendering declines the contract or fails to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED G. LINAS,
Secretary.

Department of Public Works,
Ottawa, September 18, 1907.

New Carlisle News

SATURDAY

Mr. and Mrs. Sheppard have left for Bathurst where they will visit Mrs. Sheppard's old home.

Miss Minnie LeBel is visiting friends in Matane.

Dr. McNichol was in town a few days last week on professional services.

Mr. Munsey has been in town for a couple of weeks in the interest of W. H. Moore & Co. stationers and book-sellers, Quebec.

Mr. and Mrs. E. W. Cooke who arrived in town on a short visit to Mr. Cooke's parents have returned to their home in North Dakota.

Many of our young men left here for the West, among them were: Robt. Craig, John Jacobson, Arthur Beebe and L. Assels.

Matthew Stewart of Campbellton is in town.

The LeBoutillier Bros. have been making repairs on their store which adds greatly to its appearance.

Mr. T. J. Caldwell is building a fine house which will look nice when completed.

Mr. J. C. Fair was in town last week.

MONDAY

J. E. Jaundron of Toronto was in town last week.

Miss Lydia Grenier of St. Godfrey is teaching in the Roman Catholic school.

Miss A. M. LeBel has returned from a visit to relatives in Matane.

M. E. Bender of Quebec and Montmagny was in town for a day last week.

Mr. and Mrs. Wm. Sheppard have returned from a happy family gathering at Mrs. Sheppard's former home in Bathurst, N. B.

Quite a number of our young men have left for the winter. Among them Sidney Smith, Claude Cooke, James Flowers, Austin Kempfner and Everett Beebe.

Mrs. Sinclair of Bonaventure River is spending a few days at her old home here, accompanied by a friend.

Ernest Delaney is now in Broodlands.

DALHOUSIE DOINGS

Miss Florence Anslow of Windsor, N. S. is in town, the guest of Mrs. A. Chisholm.

Rev. A. A. Boucher spent a few days in Rimouski, where he was assisting at the jubilee of Rev. Fr. Saucier of that town.

Mrs. R. Y. Blackhall left last Wednesday for Chicago where she will spend a month visiting friends.

Mr. Green of Newcastle is the guest of E. L. Watts.

Maurice Frigan, representative of Nerlich Co., of Toronto is spending a few days here.

The Model school opened, Monday. Mr. Walsh of Valleyfield, Que. has taken charge.

Mr. Pritchard, of the Goldie Milling Co., spent a day of last week in town.

Rev. E. A. Dunn has started a Bible Class in connection with the Sunday school which ought to be very much appreciated by the young people.

Mr. F. C. Bouvier, of the Atlantic, Quebec and Western Railway has, at present, an assistant, Mr. George Ellis of Montreal.

We understand that Children's Day Service will be held Sunday morning by Rev. G. P. Tattler.

A. M. Caldwell is improving one of his houses by raising it and adding a kitchen. We are always pleased to see improvements going on in the place.

WEDNESDAY

Mrs. Blois and daughter Winnie have returned from a visit to friends in Campbellton and New Richmond.

Mr. and Mrs. Percy Baker of Matapedia were in town last week, the guests of Mr. and Mrs. Scoles.

Frank Donnelly has returned from the United States where he has been for the last two years. Since his arrival he has purchased a fine horse.

Mr. Crouch, of the Northern Electric & Manufacturing Co., Montreal, was in town a few days last week.

Mrs. Sheppard, who has been visiting in Bathurst and Point La Garde, has returned home.

Messrs. Browne and Beaulieu left on the Lady Eileen Saturday for points down the coast.

J. A. Dorais, notary and crown land agent, has returned from Montreal.

Mrs. Richard Flowers and little daughter, who have been spending the summer with Mr. Flowers' parents, have returned to their homes in Montreal.

Miss Eugenie LeBel and Joseph LeBel arrived home on the Lady Eileen, Saturday.

The cause of Sore Feet.

Examine them carefully and you'll probably find corns. Whether hard, soft or bleeding, apply Putnam's Corn Extractor. It's painless, it's sure, and above all quick to act. Insist on only "Putnam's."

NANE THE NEW PAPER

The publishers of "Events" will give \$10 in gold to the person first sending in the most suitable name for the new daily paper to be established here. We want a name suitable for a paper published for a field which embraces two provinces and would prefer something new, but this is not a

stipulation. Any reader may compete in this contest by filling out the coupon as directed, and mailing to this office at once. Each reader can send as many names as they wish. The contest will close on Oct. 19th, as it is likely the new paper will come out, Saturday, November 2nd.

The Fall is becoming more and more a painting season. House cleaning and house brightening up come together. We can help you wonderfully with our complete line of **SHERWIN-WILLIAMS PAINTS AND VARNISHES.** With them you can "brighten up" many of the dingy, worn things about the house at a moderate cost and improve appearances 100 per cent.

S-W. Floorlac, stains and varnishes floors and furniture at one operation.
S-W. Family Paint, a handy paint for general household use.
S-W. Bracing Liquid, for decorating picture frames, chairs, etc.
S-W. Aluminum Paint, bright as silver, for pipes, radiators, boilers, etc.
S-W. Porch Floor Paint, for finishing porch floors.
S-W. Inside Floor Paint, for finishing inside floors.
S-W. Buggy Paint, a varnish gloss paint for outside use.
S-W. Enamel, for decorative purposes.

Come in and see us. A useful Household Memorandum for the housewife free, if you ask for it.

W. H. Marquis & Co.

It Should Be There — Look For It!

THE LABEL THAT PROTECTS is in every genuine "PROGRESS BRAND" Coat and Overcoat. Whenever you buy—do just what this man did—LOOK FOR THE LABEL—and don't buy 'til you find it.

Sold by FRASER, FRASER & CO.

Ho! for Campbell's

WE ARE STILL GIVING A

BIG DISCOUNT ON OUR

Ready-made Clothing

Large numbers have been in to see our goods and have gone away thoroughly satisfied. Won't you give us a chance? Our clothing is without doubt the best made and it will pay you to see them before going elsewhere.

Every suit means good style and perfect fit. The coat hangs so comfortably you don't realize you are wearing it. No unnecessary padding is used. Button holes are hand sewn with durable silk thread. No fraying, no worn, shabby look about them. Call and be convinced.
