19 20 21 22 23 24 trouble in circulating £100,000 of these every year, Resolved, as the opinion of this Committee that the construction of Railways for the pur-The Hon. Mr. Partelow made a very able pose of opening up a communication between some port or ports in the Bay of Fundy and Shediac line, and adduced the most powerful arguments in its favour. He said that ever of great importance to these Colonies; and arguments in its favour. He said that ever since he was a child, he had heard of the since he was a child, he had heard of the favourite project of connecting the Gulf of St.

Lawrence with the Bay of Fuudy by a Canali, that had been found impracticable, and now came up the project of a railroad, which was in every tespect superior. He called upon the House and the Country to sustain a measure, while the favourite project of a railroad, which was in every tespect superior. He called upon the Which would be fraught with such incalculable to which would be fraught with su House and the Country to sustain a measure, which would be fraught with such incalculable benefits to the Province.

The fourth day's debate was commenced by Mr. Jordan, who, at very considerable length, went into the merits of the Shediac line, and advocated it heartily, cheerfully, and to the uttermost. The first round of speeches was concluded on this day by the Honorable Attorney General, who in one of the most brilliant and most powerful speeches he ever uttered, advocated the Shediac line, and in the same proportion for every £5000 at the great advantage which would accrue to the country, by its being at once understanding to the summer of the country, by its being at once understanding to the summer of the country, by its being at once understanding to the summer of the same proportion for every £5000 and the Provincial Government, at the line from St. Andrews to Woodward, Ansley, S. Earl, Vail, Steves, Botsford, Montgomery, Barberie—14.

Woodward, Ansley, S. Earl, Vail, Steves, Botsford, Montgomery, Barberie—14.

LATTURE OF THE CITADEL OF AUULTAN.

AUULTAN.

AUULTAN.

AUULTAN.

The following are the particulars of the operations:—It having been found that the capture of the city of Moultan, on the 2-dd of January, in no way improved our prospects of obtaining possession of the citadal, arrangements were much to approach it by regular seige. Operations, therefore, required within 500 yards of the walts. Modera pited his articles years to make a married, been the water is about as 'match against possession, and the captainty of Moultan, on the 2-dd one more to be commenced, and parallels within 500 yards of the walts. Modera pited his articles years one of the walts is about as 'match against possession of the causation of statute laws as the work in the causation of statute laws as the work of the walts is about as 'match against possession where once more opened with as much vigour and as little success as ever, when it seemed as it the mud walls were incapable of being and was all the mud walls were incapable of being and was all the mud walls were incapable of being and the capturing the research season, in the following in the present season of the data and the search and the capturity to the season the week that the that the thanks tom of the duch being well migh 5J feet. Min. Was now detero ined to be attempted, and three shafts were accordingly begun to be run in the direction of the counterscrap, trunning from the bistion to near the Doyler gate of the town. It was believed that the comparatively easy. The first thing, how, set of the tide, was is much wanted as a lew ecomparatively easy. The first thing, how, set of the tide, was is much wanted as a lew which filled up, and the mines were exploited to the west nurse in the first-laten notion of the counterscrap was completely blown in. Of the 17th the order was published prohibiting all ingress and egees to or from the fort. Peserters began once more to Some into camp; they spoke of the determination of Molera to defend himself to the determination of Molera to be attempted, and the mount of damage to the sea, which he never does hearth to state to which he determination of the state to the sea, which he never does hearth to state to the sea attempted and the state of the state o into camp; they spoke of the determination of Molraj to defend himself to the last, and stated that the garrison was now reduced to about 1000 men Lieutenant Graham, of the Bruillery, was wounded on the 17th severely Bruillery, was wounded on the 18th severely Interest they must be even to properly in this single over until this hon, gentleman during the Session of Street, John Bruil Bruillery, was wounded on the 18th severely Interest they must be called the the sead structure and the bruillery Bruillery, was wounded on the 18th severely Interest they must be called the week.

It is knipposited thing the sead to properly in the severely Interest they must be called the this tribute over until this to properly in this tribute over until this to be sead the amo doing the work of mines. The sap, had, cent on the outlay, to provide the means for by the morning of the ditch and the shaft constructing a railway from Halifax to Quee gone into the lake. Several vessels have was commenced the same evening. The bec? was commenced the same evening. The wall and bastions now began to look sorely shattered everywhere; and no wonder, considering what they had undergone. Ambassadors from the fort had two or three times the North American Colonies, but Governors of the North American Colonies, but the Colonies Colonies of the North American Colonies of the Nor on-every occasion—they were told that no terms would be granted, and that nothing but an unconditional surrender would be accepted of. The 22m³ was the day named as that on which the fort would be stormed in case our demand was not compiled with the contract of the co as that on which the fort would be said with in case our demand was not complied with.

The battering guns were meanwhile kept in of an outbreak at St. Catherines.

Mr. Inspector General Binock of a Mr. Inspector General Binock of an outbreak at St. Catherines. The battering guns were meanwhile kept in full operation, and tremendous salvos of artillery were continued at intervals. Two breaths were reported practicable on the Debnites.—We have perused breaths were reported practicable on the 21 April, 1849, for the purpose of taking the plant of the same, one day list week. It is simple in consideration the refusal of the House of Assembly, (6 grant Scrip for the purpose of taking and on the morning of the 22 door troops were formed for the assault, when Maoiral would seem to have been at length terrified at the preparations made for his standing and able to maintain the credit of destruction and surrendered himself and the provinces.

MENTINGENTIAL — An ingentious friend of ours has invented a new paddle wheel for the 21 April, 1849, for the purpose of taking able to the 21 April, 1849, for the purpose of taking able to day list week. It is simple in consideration the refusal of the House day list week. It is simple in constitution of Assembly, (6 grant Scrip for the purpose of taking and able to maintain the credit of the principle of the 22 April, 1849, for the purpose of taking able to the propose of the annual model of the same, one day list week. It is simple in construction and purpose of the purpose of taking able to the propose of the consideration the refusal of the House of Assembly, (6 grant Scrip for the purpose of taking and able to develop the propose of the construction of the same, one day list week. It is simple in construction the refusal of the House of Assembly, (6 grant Scrip for the purpose of taking the propose of the construction and surface for his back water, which in all paddle the propose of taking the propose of the propose of the propose of the construction of the propose of the construction and surface of the back water, which in all paddle the construction is that it optimizes the construction of the construction of the propose of taking the construction of destruction and surrendered himself and the citadel, with us garrison of from 2000 to 4000 men, unconditionally into our hands.

have placed a motion on the paper, declaring the that taxation for national purposes falls mainly taxation for national purposes falls That this apportonment is agreed at this apportonment is agreed at the reversity of the whole revenue being derived from the excise on agricultural produce, now, exposed to the excise on agricultural produce, to the employed towards the produce of other countries, there is the unitary parent of the unitary the national expenditure. This is, in fact, a should now be made available for this purrevival of Mr. Cobden's motion in another pose, and additional grants could be adject
shape, and as no one will be disposed to deny
the expediency of retrenchment, wherever warrant them — Quebec Morning Chronicle.

Tracticable, the presumention is that the prosperity of the Province would be adject. practicable, the presumption is that the discussion will merely raise the question of agricultural burdens without leading to any legislatical burdens without leading to any legislatical burdens. Canada — A telegraphic despatch received via New York, states that a serious riot has occurred at Toronto, and that some of the

is no trouble or expense in transferring land in the United States, why should there be Mail Steam Propeller Osprayin Capt Samp-

any here?

Amongst the useful bills which are in progress in Parliame is one for facilitating the transfer of life policies of assurance.—By this bill the most timple assignment, with a registry, will suffice to make a legal transfer without a deed; so that this description of property will be rend-red easily available in many cases where collateral securities in mercantile transactions are required. The bill has been read twice, and is ordered to be committed.

Man Steam Property Capacity as a passage of little more than three days from Bernauda.

Accounts from the West Indies represent the weather as having been very favorable. The Markets in Jamaica had we are happy to say improved considerably, and some of our vessels, will sell their Fish tolerably well. The Jamaica House of Assembly have refused to vet the supplies, and refuse the £100.000 loan tendered by the Home Government Hopes are, however, still entertained that
