REPLACING HIS SPINE

Delicate Operation Performed on Engineer Glover

About an Inch of the Spinal Cord Removed and That of a Dog Substituted in Its Place

(Special to The Daily News)
Medicine Hat, Alta., Sept. 7.—A very difficult operation was performed on engineer Glover yesterday afternoon, in the Medicine Hat general hospital, by Dr. C. P. Smith, assisted by Dr. C. E. Smyth and Dr. Woodlands.

In the head-on collision last Friday night, Glover's back was broken and the spinal cord mangled. No hope of his recovery could be entertained unless the cord could be replaced.

This operation was undertaken yesterday, the spinal cord of a dog being used to take the place of the original one for about an inch.

The case is being watched with extreme interest by medical practitioners.

CAPTURE THE VISITORS

CIVIL ENGINEERS SHOULD BE HERE AT TRAIL.

SLIGHT CHANGE OF PROGRAM CAN BE MADE.

City engineer McCulloch has received definite word of the itinerary of the Canadian society of civil engineers summer excursion, which is timed to arrive in this city on the evening of Friday, September 21, the third and closing day of the fair.

As the party will reach West Robson on the night of the 18th some effort should be made to bring them off the fair in full blast. A glance over the program and dates given shows that a change could be accomplished very easily by bringing the visitors here first in place of Rossland, allowing them to see the fair and the power plants at Bonington and then going on to Rossland and the Boundary. If this is to be done steps should be taken at once to arrange a change with the party. There are many matters which will undoubtedly interest the visitors at the exhibition such as the mineral display, the Hall Mines exhibit and the like, so that it is worth while to try and get them here a little earlier than the time now fixed.

According to the official time card the visiting engineers, about 150 in number, will arrive in Rossland on the night of September 18, visit Trail on the 19th, and arrive at Grand Forks on the same day. The 20th will be spent at Phoenix and Greenwood, the 21st at Grand Forks and on the evening of the 21st the party will arrive here at 6.30. They leave Nelson for Kootenay Landing on their way east at 7 a.m. on the 22nd visiting Moyle, Coleman and Frank on the 23rd and 24th.

It has been suggested that the 20,000 club take up the matter of looking after the visitors but the exhibition directors should act also and endeavor to bring the party here for the fair.

In writing Mr. McCulloch from Montreal, professor C. H. McLeod, secretary of the society, says in part:

"Members of the party will be very much obliged for anything you can do to make their stay in your city instructive, and if time permit, perhaps you would be good enough to write me, making any suggestions which may occur to you in connection with the local arrangements."

Arrangements are already under way for a visit to the power works at Bonington, a trip that cannot fail to be of interest to the visitors.

The party leave Montreal on their way west this morning at 10 o'clock and their stops on their trip across the continent are set out in the official program, so that there will be no difficulty in communicating with them at any time.

DIED FROM INJURIES

Creston C. P. R. Watchman Victim of Tuesday's Outrage

Lachlan Bruce Now in Provincial Jail Here May be Tried for Murder—Details of the Assault

(Special to The Daily News)
Creston, Sept. 7.—Hugh McGarvey died here at 9.30 this morning from injuries received in an assault made upon him by Lachlan Bruce last Monday night.

Bruce is now a prisoner in the provincial jail at Nelson and he may have to stand his trial for willful murder.

Coroner E. C. Arthur, of Nelson, is expected to arrive here tomorrow for the purpose of holding an inquest, postmortem and subsequently an inquest.

Last Monday night Lachlan Bruce, who worked at Lesak's sawmill above the Goat river canyon, called at Hugh McGarvey's house. McGarvey is the night watchman on the C. P. R. and lives right at the canyon. Bruce was cordially invited to come into the shack. He had been there shortly before and McGarvey, though he noticed the man had been drinking, thought he was all right.

On the second visit Bruce asked if he could stay all night and be up in the morning in time for work at the mill. McGarvey assented, and not being sleepy gave Bruce his own bed to sleep in. Some time about 4 o'clock Tuesday morning McGarvey waked Bruce up and told him it was time for him to start out for the sawmill.

Bruce got up in a thoroughly bad humor and began making a lot of senseless accusations against McGarvey, but afterwards withdrew them and shook hands with McGarvey in token of friendship. He started off for the mill but soon came back again and asked permission to stop for a while longer.

On coming in the shack the second time Bruce struck McGarvey on the side of the head and, although McGarvey is an old man of 65 years of age, and Bruce is only 25, he was able to do so violently that McGarvey fell down and was killed.

After he had assaulted the old man, Bruce left him lying on the ground, and went off to work at the sawmill.

When McGarvey recovered sufficiently to stand up, he started off to walk the five miles to Creston. He reached here with great difficulty and reported the outrage to provincial constable Joseph Wilson, who promptly proceeded to Lesak's sawmill and arrested Bruce. Later Bruce was taken to the provincial jail at Nelson for safe keeping.

Dr. Green of Cranbrook and Dr. Hope of Creston, were sent for and McGarvey placed under their care. His condition was found to be very critical as in addition to three broken ribs and many bruises, the poor old man was found to be suffering from pneumonia and it was thought that he had but a scant chance for life. He died this morning as above stated and an official enquiry will now be had into the whole matter.

Bruce has been in the provincial jail here for the last three days awaiting the outcome of his outrageous assault upon poor old Hugh McGarvey. It is understood here that the provincial authorities have obtained an ante-mortem statement from the victim, and Bruce will now probably have to stand his trial at the assizes which open here next month on a charge of willful murder. Coroner Arthur goes to Creston on the Kusanook this morning.

(Special to The Daily News)
Ottawa, Sept. 7.—An order in council appointing W. T. R. Preston, Canada's commissioner of immigration in England, to be trade commissioner in Japan, China and Korea, has been approved by the governor general. It is likely that he will assume his new duties at an early date. Mr. Preston will report direct to the minister of trade and commerce, sir Richard Cartwright.

The imperial dockyards at Halifax will in all probability be transferred to the Canadian authorities about the middle of October. The constable of Joseph Wilson in communication with the admiralty in regard to the transfer. Canada's offer was accepted some time ago by the home authorities.

A report comes from Kingston that minor Conger, a graduate of the Royal Military college, Kingston, and a South African veteran, is to be appointed paymaster of the eastern Ontario command. This is the position to which the minister of the interior, sir Charles Dummer, has appointed, but Kingston liberals opposed it because of Shannon's politics. The difficulty is going to be bridged over by making Shannon district staff sergeant. This it is said, will be satisfactory to all parties.
