TWELVE PEOPLE INJURED AND MANY PLACES DAMAGED BY SUNDAY'S TERRIFIC STORM

Numerous Narrow Escapes From Death by Lightning Are Chronicled in London Today—
Phone Wires Put Out of Business.

CUSTOM HOUSE CLOCK STRUCK NORMAL SCHOOL ALSO SUFFERED

Memorial Church in the Path of the Storm—A Graphic Story of the Electrical Disturbance in London.

PEOPLE INJURED.

Miss Burton, 14 Partridge street.
Jack Hawthorne, 14 Partridge street.
Mrs. Gibbank, at the postoffice.
Mrs. Bradley, Hyman street.
Mrs. Watson, of Hyman street.
Mr. George Watson, of Hyman street.
Mrs. Squire, Hyman street.
Mrs. Hawkins, 125 Inkerman street.
Mr. John Gurney, 125 Inkerman street.
Mr. Thomas T. Copeland, 745 Elias street.
Two little sons of Mr. Copeland.

PLACES STRUCK.

Mrs. Hawthorne's house at 14 Partridge street.
The big rooming house at the west end of Hyman street.
John Gurney's house at 125 Inkerman street.
James Lawrence's home on William street north.
The Customs House.
The Memorial Church.
The Normal School.
Mr. Thomas Alexander's home at 113 Bruce street.
Mr. T. J. Copeland's house at 745 Elias street.
Mr. Allan King's house on Elias street.
Nearly 300 telephones were put out of business.

Twelve people were slightly injured, and had close calls from death, many others were badly shocked, and ten homes and public buildings were damaged in a terrific electrical disturbance of which London was the centre for half an hour yesterday morning. The storm broke a few minutes before 7 o'clock, and while it lasted only a short time, was accompanied by an incessant display of vivid lightning flashes and deafening crashes of thunder. The rain fell in torrents.

Smashed the Clock.

A bolt hit the clock in the customs house tower and completely wrecked the mechanism, and then passed out the south window. The clock stopped at exactly 7 o'clock. The crash was a terrific one, and the effects of the lightning were felt for some distance around.

Dazed By Shock.

The three officers and an old man who was in the stable were dazed for a moment by the force of the crash, which shook the whole building so that the telephone bells rang. It was soon learned that the bolt had struck the customs house, and fears were entertained that the family of Mr. Greer, the caretaker, might have been injured. It was soon discovered, however, that while badly frightened, they had escaped entirely unharmed from the bolt which wrecked the clock.

Lady Was Overcome.

The bolt which damaged the customs house seriously affected Mrs. Gibbank, wife of Mrs. John M. Gibbank, caretaker of the postoffice. She was standing upstairs when the crash occurred, and her husband heard her call.

He rushed over just in time to catch her as she was falling and placed her in a chair.

Mrs. Gibbank suffered greatly from the shock and it was some time before she recovered.

Church Struck.

A few seconds after this there was another deafening peal of thunder. This time it was the tower of the Memorial Church which suffered.

The bolt struck the southeast end of the tower, and knocked out a

great many bricks and several large timbers. Shooting downward, it tore a piece out of a gaspipe, allowing the gas to escape, but, by some freak, not lighting it. Had the gas caught from the bolt a very serious fire would certainly have occurred. The shock in some way affected the organ, and at the services yesterday it was found impossible to make it play. It is thought that some part of the pumping apparatus which supplies the air was wrecked.

Struck the Chimney.

While Mr. Thomas Alexander, of the inland revenue department, was putting down a window at his home, 113 Bruce street, yesterday morning, lightning struck a chimney on the house and wrecked it.

A chimney on the house of Mr. T. Copeland, at the corner of English and Elias streets, was struck, and many bricks torn out, and in the house of Mr. A. King, across the street, the telephone was badly damaged.

A Determined Move.

"It looks to me as though the weather man was determined to get me one way or another," said Mr. Alexander to The Advertiser this afternoon. "When the bolt at the customs house didn't get me sent one over to the house. But joking apart, I had rather an unpleasant experience, and I don't want anything more of the kind. I had just closed one window, and was looking out of another, thinking I had better close it, when the bolt struck a chimney and came hissing and sizzling into the room where I was. It was a yard away from my feet, and I can see the little tongues of fire darting all over now. It seemed to splutter all about and then exploded with a crash that deafened me. What I cannot understand is why it didn't burn the carpet. When I came to look about I found that part of the telephone in another room had been ripped off and hurled across the room, and that the tin covering the stove-pipe hole of the chimney, that had been struck had been knocked out, and the soot spilled all about. Mrs. Alexander, who was in another room, was badly frightened, and I certainly was, too. It was the closest I have ever come to anything of that kind, and I don't want any more."

At the Normal.

A wire which had been left hanging by some workmen who were putting in new wires at the Normal School seems to have attracted the lightning in some way, for a bolt ran along it and set fire to the canvas covering of some steam pipes. Gardener Casey of the school was passing soon afterwards, and on going inside to see if anything had been struck, he noticed the smoke. He notified the men in No. 3 fire hall, and a couple of them went over and put out the fire with pails of water.

HIT BY CAN OF SALMON?

Donald McCuaig Says He Was Assaulted in East London Saturday.

NOW IN THE HOSPITAL

Was With Another Man a Few Minutes Before He Was Seen Bleeding on the Sidewalk.

Donald McCuaig, claiming to reside in Toronto, was found lying on the sidewalk on Dame street on Saturday evening with a deep cut in the back of his head, which he claims was inflicted by a man who struck him with a can of salmon. When he was rushed to Victoria Hospital in the city ambulance, a large number of stitches were required to bring the wound together. Shortly after 9 o'clock McCuaig went into the grocery store of Mr. McKelvie, at the corner of Eglinton and Dame streets, and purchased a can of salmon, some bread and a paper. He was accompanied by another man, and while both, it is said, had apparently been drinking, they were not unable to walk. A few minutes after they went out some children came in and told Mr. McKelvie that a man was hurt, and on going out he found McCuaig lying in a pool of blood on the sidewalk. He claimed that he had been struck by the companion with the can of salmon. Mr. McKelvie notified the police station, and the ambulance was sent out and McCuaig was at once taken to the hospital. He suffered considerably yesterday, but no serious results are anticipated. First aid was rendered McCuaig by James Bailey, of St. John's Ambulance Corps.

FARMERS' BANK CASE COMES UP FRIDAY

W. J. Lindsay Will Make No Statement About Matter.

[Canadian Press.]
Toronto, June 12.—W. J. Lindsay did not appear in court today. He will not come up till Friday as arranged with the magistrate and attorney-general's department. Lindsay will say nothing about his case except that he would not have returned if he had done anything wrong. Inexplicably, he is on hand to look after the cases against Lindsay in Halton County.

REAL ESTATE MOVING FAIRLY BRISK NOW

Not So Many Transfers as in May of 1910, But Consideration Is Greater.

Real estate is moving fairly briskly, the returns for May being most satisfactory. According to the figures compiled at Assessment Commissioner Greer's office, there were 107 transfers during the past month, the assessed value of the property being \$129,161, and the consideration \$177,436. The assessment is consequently 73.6 per cent of the consideration. Last year there were more transfers, 119 being recorded, but the assessed value was less, being only \$101,230, and the consideration \$145,762, nearly \$30,000 less. The assessment was 68.4 per cent of the consideration.

DID HARD HOME WORK DRIVE GIRL TO DEATH?

Authorities Investigating Suicide of Thorold Child.

[Canadian Press.]
St. Catharines, Ont., June 12.—(Coroner Herod, of Thorold, today holds an inquest into the death of Gertrude Dale, the 18-year-old girl, whose body was found in the canal a week ago. It is understood the inquest will prove the truth or untruth of the many stories which have been circulated in Thorold as to the home life of the girl, who was one of eleven children. She had to work very hard and peddled milk early in the morning and late at night is generally known. She lived near the canal, and it is believed in desperation she suicided, as she threatened to do on several occasions.

THE WEATHER.

Tomorrow—Unsettled and Cool.
Toronto, June 12.—The area of low pressure which was west of the Great Lakes on Saturday has moved slowly eastward, and is now centred in Northern Ontario. Fluctuations of an unusually severe type have occurred very generally in Ontario and Quebec, while in the Western Provinces and the Maritime Provinces the weather has been fine.
FORECASTS.
Western Ontario—Westerly winds; partly fair and cool; with occasional showers.
Upper St. Lawrence and Ottawa Valley—South and southwest winds; unsettled today and Tuesday, with occasional showers.
Lower St. Lawrence—East and South winds; unsettled today and Tuesday, with occasional showers.
Gulf—Southeast winds; fair and cool; Tuesday—Showery.
Maritime Provinces, western districts—Fresh southeast winds; cool, with variable winds; fair and cool.
YESTERDAY'S WEATHER.
Minimum and maximum temperatures: London, 65-85; Dawson, 32-65; Atlin, 24-56; Prince Rupert, 30-45; Victoria, 52-72; Vancouver, 45-72; Kamloops, 52-72; Edmonton, 45-70; Battleford, 45-72; Prince Albert, 45-70; Regina, 45-72; Moose Jaw, 45-70; Qu'Appelle, 45-72; Winnipeg, 45-70; Port Arthur, 45-72; Southampton, 45-70; Toronto, 60-74; Ottawa, 54-72; Montreal, 50-70; Quebec, 54-74; Halifax, 45-65.

Oh, You Uncle Sam!—How You Do Change!

From New York American.

\$723,608.16 TO BE COLLECTED IN TAXES FROM THE CITIZENS

Rolls Have Been Completed a Week Earlier Than Usual and Are Now in the Hands of Major Hays.

The rolls have been completed by City Clerk Baker, and have been handed over to Tax Collector Maj. Hays, who will issue the tax notices at once. The work has been done a week earlier than last year, and there will be plenty of time for Maj. Hays and his efficient staff to gather in the money. This year he will have to collect altogether \$723,608.16 in taxes. This includes taxes for the general rate, school taxes, local improvement taxes and street watering and street cleaning. The separate school rates amount to \$18,815.28, divided as follows: Ward 1, \$4,804.55; Ward 2, \$3,177.93; Ward 3, \$2,505.24; Ward 4, \$4,124.53. The rates for local improvements are fixed at \$3,683.19, and the wards will have to pay their proportions: Ward 1, \$923.54; Ward 2, \$580.14; Ward 3, \$553.43; Ward 4, \$1,628.08. The citizens pay considerable for payments, the amount to be collected this year being \$265,929. The wards pay in the following proportions: (Continued on Page Nine.)

TWENTY G. T. FREIGHT CARS MAKE A MONTREAL BONFIRE

[Canadian Press.]
Montreal, June 12.—Another blaze was discovered early yesterday morning in a line of old Grand Trunk Railway freight cars on the guind pier, and two men who were caught coming away from the burning cars, but were taken into custody by William Rowman, a foreman in the employ of a lay-Grand Trunk. They were taken to the police station, where they were locked up on the charge of loitering. They gave their names as Alfred Wright and Walter Ballantyne. They are not charged with having started the blaze in the cars, but were unable to explain their presence in the vicinity. Before the fire was extinguished, between fifteen and twenty of the cars had been destroyed or badly damaged.

ANOTHER VOTE FOR CHURCH UNION

Toronto Methodist Conference Favors It by Big Majority.

OPPOSED TO DR. HINCKS

Hostile Reception for Principal Champion of the Anti-Unionists.

[Canadian Press.]
Toronto, June 12.—The Toronto Methodist Conference carried church union this morning after a vigorous debate lasting three days, by a vote of 241 to 46. A standing vote was taken and some sections voted almost solidly for union. The announcement of the result was received in deep silence. Rev. Dr. Hincks received a rather hostile reception when he rose to continue the debate against union this morning. He announced himself as "representing the minority." This was greeted with a prolonged "ha." Rev. Dr. Armstrong, of Metropolitan Church, said he was speaking as a Methodist, not as a minister or a layman, and that was the attitude all should assume. This church movement was born above. At the present time they sing, "Will There Be Any Stars In My Crown?" while across the street they are singing, "No Not One." "Rally around the great doctrines. Forget John Knox, Calvin, and John that. Let us forget the 'isms' but not the kingdom." Ald. Vaughan spoke against union. "A bad marriage was a bad thing. The time is not yet in union. I am not a union man. Let us forget the 'isms' but not the kingdom." Rev. C. O. Johnson and Rev. Dr. Hincks were two of the most notable ministers opposing the scheme. A resolution of the N. Y. Temperance will be presented to the conference this afternoon.

NAT. LABORATORY AT THE CAPITAL

Will Supply a Long-Felt Need in the Dominion.

SUPPLY CHEAP TOXINS

New Department to Establish and Enforce Standards of Purity.

[Special to The Advertiser.]
Ottawa, June 12.—The Government will take steps shortly to provide for the carrying out of the recommendations made by the National Commission last winter urging the establishment of a national laboratory in connection with the department of health. The matter has been under consideration for some months and has several times been strongly urged in parliament. The laboratory will supply a long-felt need in Canada in regard to securing a cheaper and more reliable supply of toxins and anti-toxins and sera for general use. It will establish and enforce standards of purity and provide means for experimenting with new medical discoveries. It will also cover a wide field of educational work in regard to municipal sanitation and other phases of health conservation.

OLIVER AT WINNIPEG

Winnipeg, June 12.—The Grand Old Law will occupy a local theatre tonight in a recitatory address.

BOLT HITS BARN.

Peterboro, June 12.—The barns of Hugh Hife, in Jersey, were destroyed during an electric storm Saturday. With 14 pigs, implements and one horse which his daughter had just put in the stable. A. C. Londerville, a painter working at a nearby house, had a close shave, lightning burning the hair from a brush he held in his hand.

KNOCKED DOWN BY LIGHTNING

John Gurney, of 125 Inkerman Street, Injured in Storm of Sunday.

ELIAS ST. HOME STRUCK

Family of Mr. T. J. Copeland Were in the Thick of the Danger.

John Gurney, of 125 Inkerman street, was knocked down and badly injured when a bolt which knocked the top from the chimney of his house followed down through, and after loosening the bricks from the interior wall, shattered the doors and grates from the kitchen stove beside which he was standing. It was some time before he recovered from the terrible shock which he received. When the bolt came he was in the act of placing his foot on the hearth of the stove. Had he been in actual contact with the metal surface, he believes that he would have been killed outright. His housekeeper, Mrs. Hawkins, who was preparing breakfast with a gas stove in the outer kitchen, was also badly injured by the shock. A Dangerous Place. A large beam directly over her head was splintered into fragments. Right beside where Mr. Gurney was standing, the floor was torn up, and the wainscoting and woodwork was splintered to fragments, and torn from the walls. It did not take long, however, which was extremely fortunate, considering that Mr. Gurney was rendered quite helpless for a considerable length of time. The home of T. J. Copeland, of 745 Elias street, was also struck, the chimney being completely demolished. The bolt following down through the house, tore up the bathroom floor, shattered the windows, splintered the window-casings, and threw the entire dwelling into confusion. Mr. Copeland's two sons were sleeping in a bedroom near the line which the bolt followed down through the house, and they suffered severely from the intense shock. Mr. and Mrs. Copeland also were both badly shaken up. A Rough Visitor. Falling plaster, splinters of wood and dust littered the entire house from one end to the other, and bric-a-brac was shaken from the walls and tables.

SNEAK THIEF STOLE A KEPSAKE WATCH

Mr. Fred N. Allen Victim of Paltry Wretch at Cove Ranges.

A sneak thief stole a valuable watch from Mr. Fred N. Allen at the Cove ranges on Saturday afternoon. No trace of the miscreant can be found. The watch was his brother's. A South African veteran, presented to him by the citizens of Owen Sound on his return from the war. Some time later he was killed while working on the railway, and the watch was given to Mr. Allen, of this city. On Saturday he hung up his coat at the ranges, and took part in the competition. When he finished he saw his watch chain sticking out of his pocket, and on examination, he found the watch had been stolen. It was engraved, and can easily be detected. The police have been notified. FATALITY INJURED. Galt, June 12.—A tragedy occurred here last night when the horse driven by a young man by the name of Elton Brown, of 184 Benton street, Perth, jumped in front of the G. F. and H. street car on the Preston road, and the driver was so badly injured that he died an hour after.

LIGHTNING BOLT PLAYED AWFUL PRANKS IN A NORTH END HOME

Struck Chimney, Cut Hole in Roof and Then Dividing Went Out in Different Directions—A Terrible Experience for Hawthorne Family.

Mrs. George Hawthorne and her little 6-year-old son, Jack, and Miss Burton, sister of Mrs. Hawthorne, had a most terrifying experience at their home, 14 Partridge street, during the heavy storm of yesterday morning. A bolt hit the top of the chimney and immediately over the room in which Miss Burton and the little boy were sleeping, and after knocking the top half of it off, and hurling the debris in all directions for many yards, tore a triangular-shaped hole in the roof big enough for a man to crawl through, smashed the rafters to splinters, and then dividing, part of it passed through a large glass window, and the rest went in a westerly direction out through the dining-room in which Mrs. Hawthorne was sitting, and left the house by a window there. The bolt, which went out through the bedroom window, brought her sister, Miss Burton, and the boy unharmed. "It was a miraculous escape," said Mrs. Hawthorne to The Advertiser. "I can't understand how the bolt came to divide as it did, and part go out the bedroom window, and the rest go out another window quite a distance away. We were all terribly frightened. When we looked we found that the joists in the roof were all in little pieces." Splinters that were ripped from the roof and bricks lay all about the yard.

FIRES WERE BLOWN OUT BY BOLT

Lightning Worked New Stunts in Hyman Street Boarding House.

PIPES TOSSED ABOUT

Woman in the Room Who Lately Suffered From a Shock of Paralysis.

When the storm was at its height yesterday morning a bolt struck the big rooming house at the west end of Hyman street. Entering by the chimney on the west side, it split the north half of it in two, spilling the bricks all about the roof, and then descended, playing peculiar pranks in three stories. In the room in the upper story Mrs. Squire lives. The bolt knocked her stovepipes over and then, going on down to the room below, occupied by Miss Bradley, knocked the stovepipes over, put the fire out and blew all the lids off. Continuing its downward course to the ground floor it exploded with a deafening crash in the stove in a room where Mrs. Watson and her son, George, were. Mrs. Watson recently sustained a paralytic stroke, and was sitting in her chair. Her son was beside her, and behind the stove. "We both felt the heat from the bolt," said Mr. Watson to The Advertiser, "and I suffered greatly from the shock. My son was asleep at the time, and although I called to him, after he says he did not hear me. I guess he must have been deafened by the explosion, which was terrific. It blew the lids off our stove and knocked the pipes down and threw the ashes and soot all about. It did not hurt either of us, but we were terribly frightened."

COLLEGES REPORT TO THE ASSEMBLY

Several Appointments to the Alberta School Approved.

LADIES' COLLEGE PRAISED

Number of the Foreign Mission Committee Increased to 36.

[Canadian Press.]
Ottawa, June 12.—Reports of the various Presbyterian colleges were presented at the Presbyterian General Assembly this morning. Rev. Dr. D. McQueen, Edmonton, reported for Alberta College. The assembly approved the appointment of Professor Dyde, formerly of Queens, as principal, and Rev. J. B. Munro, of Nainville, B. C., as professor of pastoral theology and homiletics. Alberta is the only college of the Presbyterian Church in Canada. Professor C. C. Pidgeon, Vancouver, presented a good report for Westminster College. For the Ottawa Ladies' College, Rev. Dr. W. B. Armstrong presented an excellent report. He pointed out what a valuable asset the Ottawa Ladies' College was to the city, and how it was controlled entirely by the Presbyterian Church. Judge Forbes, of St. John, N. B., also presented a report on the college, and he congratulated the assembly on having such a splendidly equipped institution. If the ministers impressed on their people the value of this institution he was sure that fewer young women would be sent to nunneries and similar institutions. The report of the Leicesters Training School, Toronto, was represented by C. S. MacDonald, Rev. Dr. Duval, Winnipeg, who recounted the adoption of the report, said there should be a deaconess connected with every church. A trained deaconess was as essential to a minister as an expert nurse to a physician. Rev. Dr. MacKay, moderator, said the deaconess movement was designed to be one of the greatest institutions of the church. Rev. Dr. John Neil, Toronto, reported for St. Andrew's College, Toronto. It was not a Presbyterian college in the strict sense of the word, but the head of it was a Presbyterian, and the college was doing a fine religious and educational work. He commends the institution to the assembly. In adopting the report on missions, the assembly agreed to increase the number of the members of the foreign mission committee from 21 to 36.

Condensed Advertisements.

No Advertisement Accepted Less Than Five Cents per line each insertion, or two cents per word if sold.

Amusements—Ten cents per line each insertion, or two cents per word if sold.

HOT WEATHER COMFORT

The Electric Iron plays one of the most important parts in the preparation of the above, there but also in the most important part of the day in every respect. In addition to these most important qualities it has three great points of superiority over the ordinary electric iron.

1. Double point.
2. The cord is attached to the side of the iron opposite to the operator, thus keeping it always out of the way.
3. The suspension rest is new and unique. On it the iron may be inverted and used for light cooking.

The "MILLAR" Electric Toaster, fitted with removable tray and bread rest, will toast two pieces of bread to a golden brown in one minute.

If your dealer does not carry the "MILLAR" lines we will ship them FREIGHT and DUTY PAID to any address in Canada at the following prices:

"MILLAR" Standard Electric Six-Plate Iron..... \$5.00

"MILLAR" Electric Toaster, complete with tray, etc..... \$4.50

LIBERAL DISCOUNTS TO THE TRADE.

YOUTH LOSES LIFE

AFTER SAVING OTHERS

Pathetic Boating Tragedy in

Toronto Bay Yesterday

Afternoon.

Toronto, June 12.—In the brave attempt to save the life of his two young companions, Arthur Hewitt, eldest son of Mr. Arthur Hewitt, general manager of the Consumers Gas Company, was drowned off Lorne Park, at 4 o'clock yesterday afternoon, following the capsizing of his dinghy by a violent and sudden squall.

The young man had been out sailing on the lake in a dinghy, accompanied by his brother, Gordon, ten years old, and Edward, the 13-year-old son of Mr. Charles Booth, of the T. Eaton Company. When almost opposite his father's cottage, Arthur, who was at the tiller, observed a small approaching boat and attempted to put in to shore. The squall came up so suddenly and with such violence that the small craft overturned. Arthur pluckily went to the assistance of his young companions and succeeded in placing them safely on the top of the overturned dinghy. In the case of his brother, Gordon, he found it necessary to put him in a place of safety a second time as the little fellow was washed from his position on the first occasion. The dinghy was only about 200 yards from the wharf, and Arthur undertook to swim ashore in order to obtain a row boat in which to go to the rescue of his companions. The gale was off shore, and after struggling ineffectually for a few minutes, he turned and endeavored to regain the dinghy, but sank exhausted in full sight of the boys before reaching it.

CHINA AND MEXICO

Pekin Demands Huge Sum for Slaughter at Torreon.

Mexico City, June 11.—An ultimatum of \$500,000 gold will be demanded of Mexico by the Chinese Government for the slaughter of 303 Chinese subjects and the destruction of their property in Torreon, it is asserted today. The demand will be backed up by a cruiser, which is already on the way to Mexican coast ports.

Three investigators returned from Torreon and placed in the hands of Shung Hui Sun, of the Chinese legation, a detailed report of the carnage. This report shows that many of the Chinese were slain in a most inhuman manner and that besides a Chinese bank and clubhouse, eighty-nine places of business were sacked.

HOME MISSION

SECRETARY RESIGNS

Rev. Dr. McLaren Leaves Office Because of Ill-Health.

Ottawa, Ont., June 11.—The Rev. Dr. E. D. McLaren, convenor and secretary of the Presbyterian home mission commission, resigned his position Saturday.

Dr. McLaren's resignation was accepted by the board of trustees of the commission, which was held in session at the home of Mr. McLaren's wife, Mrs. McLaren, at 1111 St. James street, Ottawa.

OFF FOR SERVICE

IN CASTRO'S ARMY

Soldiers of Fortune Gathered in

New Orleans by Zelaya

Have New Prospects.

New Orleans, June 12.—The steamer Hermanos sailed from Guaymas, Mex., this morning for destination announced indirectly as "South American ports."

Yesterday the steam yacht Santa, captained by the United States Government, sailed for Mexico for six months, and under six months' charter. Her destination also was unannounced.

A score of soldiers of fortune who have been gathering in New Orleans for the past few weeks, after quitting Col. Garibaldi, of Mexico's army, are not to be found tonight. Rumor, 1000 Springfield and Remington, left New Orleans by express.

From men who have seen the inception of many filibustering expeditions to South and Central America comes the information that Cipriano Castro is planning to re-establish himself at the head of the Venezuelan Government by force of arms, and that the Hermanos, and other ships, are being shipped to Cuba.

He will board the Hermanos, it is said, off Cuba, and next will be heard from near Caracas, where the expedition is to land. Castro's agents have been in New Orleans for a month. This is not their first visit. Last September they were here to re-establish themselves. At that time, they were here for a short time, but later relinquished their charter.

The recent movements of Castro have occupied the attention of these interested parties, especially to those who came out on the 10th. He has been reported in several places, but the truth of the matter, according to information received here, is that he is in Cuba.

The subterranean and hardy American adventurers from the tropics who have been haunting New Orleans' cafes of late, have been taken in the United States. They have been promised their money, under a different flag. Today they are missing.

It seems certain that they were caught in the act of deserting. Castro's agents have been in New Orleans for a month. This is not their first visit. Last September they were here to re-establish themselves. At that time, they were here for a short time, but later relinquished their charter.

The recent movements of Castro have occupied the attention of these interested parties, especially to those who came out on the 10th. He has been reported in several places, but the truth of the matter, according to information received here, is that he is in Cuba.

The subterranean and hardy American adventurers from the tropics who have been haunting New Orleans' cafes of late, have been taken in the United States. They have been promised their money, under a different flag. Today they are missing.

It seems certain that they were caught in the act of deserting. Castro's agents have been in New Orleans for a month. This is not their first visit. Last September they were here to re-establish themselves. At that time, they were here for a short time, but later relinquished their charter.

SIX MEN STRUCK BY LIGHTNING

Terrific Electrical Storm and
Tornado Hit Owen
Sound.

GREAT HAVOC BY WIND
Trees Uprooted, Panes Smashed and
Craft in Harbor in Grave
Peril.

Owen Sound, Ont., June 11.—With scarcely a house between Fourth and Eighteenth street clear across the town undamaged, Owen Sound came through its worst hailstorm and its first tornado between 6 and 7 o'clock last night. The damage was variously estimated at \$100,000 to buildings and crops, but the extent of the damage will never be arrived at with any degree of accuracy.

Yesterday's atmospheric disturbances began in early morning. Between 7 and 8 o'clock a terrific electric storm swept over the town, resulting in the death of one citizen and the injury of half a dozen others. Chimneys were struck and buildings damaged by lightning, though in no instance was the financial loss heavy.

When the storm broke, John Murphy, a lumber handler, residing on the east hill, was working in the sawmill yards of John Murphy & Sons Company. When Charles Hutton, who was busy on a pile of lumber adjoining an elevated tramway, and when the storm came he started for the sawmill, he had just reached the tramway from the pile when he put his foot on the steel rail just as a bolt of lightning struck it, killing him instantly.

The lightning struck the tramway, and a way was thrown down and knocked unconscious by the shock. The electric shock followed the rail into the mill, and John Murphy, who was working in the sawmill, was struck and killed. The lightning struck the tramway, and a way was thrown down and knocked unconscious by the shock.

Season Has Been Favorable in

FINANCIAL AND COMMERCIAL

LIVE HOG PRICES GO UP TO \$6.50 CWT.

Wheat Also Goes Up a Notch
—A Slight Drop in Wool.

There was another rise in live hogs today, the price going up to \$6.50 cwt. Wheat also has climbed up to 5c per bushel, and the chances are that it will keep climbing until it is 10c higher per bushel. It is remarkably steady at 8c.

Oats are steady at \$1.19 to \$1.14 per bushel. Hay still stands at \$11 per ton, but five loads of hay have appeared on the local square this morning. Wool shows a slight drop in price, ungraded wool now selling at 12c per lb. and graded at 10c.

Grain, Per Cwt.
Barley, per cwt., 1.10 to 1.11
Oats, per cwt., 1.19 to 1.14
Wheat, per cwt., 1.15 to 1.17

Grain, Per Bushel.

EAST LONDON NEWS EALING PEOPLE FOR ANNEXATION

It Is Claimed That a Majority
of Them Would Like to
Join the City.

CITY IS NOT VERY EAGER

A Deputation Will Interview Mayor
Beattie on the Subject Within
the Next Few Days.

A movement is on foot among the residents of Ealing for annexation to the City of London. The village, or rather the hamlet, is divided into two factions, and one is working for incorporation while the other is opposed to it.

The opinion of the residents of Ealing is divided into two factions, and one is working for incorporation while the other is opposed to it. The opinion of the residents of Ealing is divided into two factions, and one is working for incorporation while the other is opposed to it.

EDMONTON NEXT FOR ASSEMBLY

If Rates Not Good Will Meet
at Toronto.

THE RECORD "ROASTED"

Dr. Forrest Says Presbyterian Organ
Needs a Shaking Up.

[Canadian Press.]
Ottawa, June 12.—Edmonton has been decided on as the place for the meeting of the Presbyterian General Assembly in June of next year.

The choice, however, is made conditional on the opinion of the moderator and the clerks of the assembly, the railways do not give favorable rates, the assembly will meet in Toronto.

The invitation from the prairie city was presented in strong form by Rev. Dr. D. G. McQueen, who next June will celebrate the completion of his 25th year as pastor of the First Presbyterian Church, Toronto.

After a short discussion a motion was made by Rev. Dr. C. Clark, Westmont, that the assembly meet in Edmonton conditionally on the favorable rates, with Toronto as alternative. This carried by 138 to 77.

Good progress was made in the business today, but the assembly will not conclude before Thursday at the earliest. The record of the church union, which is now the biggest issue before the conference, has been called to meet tonight.

Rev. Dr. Campbell presented the report on the Presbyterian Record for 1909.

The report brought a trenchant criticism from Rev. Dr. Forrest, who said that the Record had not even met it. It was time for the Record to get such a shaking up as would make it worthy of the Presbyterian Church, which it was not now.

It was impossible to get people to read it. "Cries of 'No' and 'Shame!'" in his church, and in the churches of the West, the Record was being burned. "It costs the church \$17,000, and it is a night paper affair."

More cries of dissent.

The papers of the assembly showed a balance of \$10,000. All of this should be used to improve the Record. Dr. Forrest still occupied the floor when the hour of noon adjournment was reached.

Two Months in Jail
FOR PAIR OF THIEVES

Albert Hale and George Phillips
Sentenced by Judge
Elliott.

Albert Hale and George Phillips, the two youths who were arrested some days ago on a charge of stealing from John Mott, of Missouri, and were held in the Kingston House, where both Dr. Robinson, of the asylum, and Dr. McArthur, of the jail, examined Lowance this morning and gave it as their opinion that they would not like to say that the man is insane.

More Street Watering
ON SATURDAY NIGHTS

Richmond St. People North of
Fullarton St. Register a
Complaint.

Complaints are being received at the city hall over the fact that certain sections of the downtown district are not being watered on Saturday nights.

Businessmen outside the particular zone, particularly on Richmond street, north of Fullarton, are complaining. They say that they pay as much water rates as others, and if there is to be street watering on Saturday nights they are entitled to it as much as those in the very heart of the city.

The street watering rates are fixed at \$1.25 per 100 ft. of street. The street watering on Saturday nights they are entitled to it as much as those in the very heart of the city.

Certain portions in addition are swept every Saturday night, particularly about the market square. It is probable that the question will be brought up at the next meeting of the city committee.

Taxes for 1911

(Continued from Page One.)
Ward 1, \$2,607.72; Ward 2, \$8,907.49; Ward 3, \$4,009.97; Ward 4, \$6,011.42.

Local Improvements.
The sewer taxes are figured to amount to \$2,297.49, of which the wards are taxed as follows: Ward 1, \$5,028.40; Ward 2, \$1,884.33; Ward 3, \$5,064.74; Ward 4, \$10,210.33.

The walks cost \$15,945.05 this year, divided by wards: No. 1, \$4,199.07; No. 2, \$5,666.46; No. 3, \$4,238.29; No. 4, \$4,841.23.

The street cleaning tax is figured out as follows: Ward 1, \$1,266.52; Ward 2, \$1,277.58; Ward 3, \$1,277.58; Ward 4, \$1,277.58.

The first installment of the taxes will amount to \$247,744.16, the wards contributing as follows: Ward 1, \$58,510; Ward 2, \$115,814; Ward 3, \$88,362; Ward 4, \$112,844.

The second installment is larger, amounting to \$415,000. The following portions: Ward 1, \$105,510; Ward 2, \$115,814; Ward 3, \$88,362; Ward 4, \$112,844.

Personal Mention

Mr. and Mrs. R. H. Shaw, London, formerly of Lunenburg, left on Tuesday for their new home at Calgary.

PLAQUE AT AMOV.

Amor, June 12.—The Dutch consul here has advised his government that the plague situation in this vicinity is such as to warrant the quarantining of the Dutch East India against Amoy.

DOCTORS WILL NOT SAY
THE PRISONER IS INSANE

Thorndale People Ask Why
Halts Ferris Wheel and Throws
Passengers Into a Panic.

Richard Lowance Was
Committed.

A number of people in the vicinity of Thorndale are, it is stated, greatly incensed over the case of Richard Lowance of that place, a laborer who was recently sent to the county jail on a charge of insanity. This morning a lengthy petition was received by Governor Carter and Jail Surgeon McArthur in regard to the matter, and it has been arranged that a hearing will take place on Thursday to determine whether Lowance was sane when he was committed.

Both Dr. Robinson, of the asylum, and Dr. McArthur, of the jail, examined Lowance this morning and gave it as their opinion that they would not like to say that the man is insane.

HUDSONS BAY FACTORY
CHARGED WITH THEFT

Officer for Many Years at Elk
Lake Arrested at Toronto.

[Canadian Press.]
Toronto, June 12.—Charged with the theft of over \$2,000 from the Hudson Bay Company, John W. Heigh, company's factor at Elk Lake for fifteen years, was arrested this morning by Detective William A. Boyd, of the Toronto Police.

Heigh disappeared from Elk Lake on May 2nd, and his absence was noted by the company's factor at that place, who reported that he was over \$2,000 short. No trace of him could be found till this morning, when one of the Third men brought him at the King Edward Hotel.

The local police were quickly notified and the result was that Detective William A. Boyd, of the Toronto Police, was sent down to arrest him. They caught him walking on King street east and took him to police headquarters.

He was taken into the police court and was remanded till tomorrow for trial. Heigh is a native of Ontario, and has been in the service of the Hudson Bay Company for fifteen years.

STRANGE PRANKS OF THE STORM BOLTS

Halts Ferris Wheel and Throws
Passengers Into a Panic.

New York, June 12.—Five dead, five persons missing and a property loss of nearly \$1,000,000 is the result of a two days' storm which has raged intermittently in New York and environs.

Weather predictions indicate that the storm may continue today. The electrical downpour has been a boon to the depleted reservoirs, ten days' supply having been accumulated in the Croton watershed.

The lightning played a strange prank at Clason Point on the Sound last night, striking a revolving ferris wheel. The wheel, which carried several passengers, was thrown from its axis and struck fast.

The lightning blinded the passengers and threw them from the wheel. Several women attempted to jump from the wheel, but were restrained. The passengers were taken down on ladders.

Several silk mills in Paterson, N. J., were unroofed. Streets were flooded in several New Jersey towns, trees uprooted and cellars filled with water.

William St. Lady
WAS BADLY SCHOCKED

Lightning Entered Home of Mr.
Robt. Allan on Sunday
Morning.

Mrs. Robert Allan, 433 William street, was so badly overcome by lightning on Sunday morning that it took four hours to revive her. Mr. Allan was also considerably affected by the fluid, and is today quite sore and numb as a result of his experience.

Mrs. Allan returned from the hospital a few days ago, and it was thought that the accident would prove serious. She is some better today, although still suffering considerably from shock.

When the storm broke Mrs. Allan got out of bed to let down the window blind. As she was in the act of doing so a blinding flash of lightning struck close to her, and she was thrown to the floor. The current seemed to enter her body and form about the head, where Mr. Allan was sitting. It did not strike him, but every bone and muscle in his body tingled with the electricity.

He got up, and calling a nurse who was in the house, they worked over Mrs. Allan for four hours before she was brought to her senses. She revived, but Mrs. Allan will be confined to bed for a few days.

It is thought that the bolt that struck Mrs. Allan was the same bolt that struck the Memorial Church. They live close to it, and the opinion prevails that the same bolt was the cause of the two accidents.
