Manufacturers of Ewart's and Meig's Patent Double and Single Carriage Shingle Mills,

THE BEST SHINGLE MILLS IN THE WORLD.

Lath Mills, double edgers, Butters and every description of Sawing Machinery.

Hydraulic Presses, Steam Winches and Dericks.

TO SAW MILL OWNERS AND LUMBER MEN,

Manufacturers of every description of Self Acting Machinery of Circular, Gate, Muley, and Cross Cut Saws.

The Double Carriage Self Feeding Mill is Capable of Sawing from thirty to forty thousand shingles per day. No Saw Mill should be without one. Great saving in working up waste lumber, ends of logs, &c., &c., which can be cut into first quality shingles at very little expense. Fifteen per cent of the lumber saved by the thinness of the saw. Shingles are sawed with the grain, nearly as smooth as if planed. The single carriage hand Feeding Mill is easily managed, does not get out of repair and makes from fifteen to twenty-five thousand shingles per day. Our Mills are built to secure the perfection of their work, not only when new, but for years to come; several of them are now in use in Ontario and Quebec and make smoother, better, and more shingles, and give greater satisfaction than any other machine in the United States or the Dominion.

To satisfy the public of the excellence of our Mills we take pleasure in referring to the following gentlemen who have them in use:—

F. W. WRIGHT, Hull.

J. ROCHESTER, Ottawa.

C. W. MCCREE, Arnprior.

A. SPERRY, Peterboro'.

OUTRAM & CO., Commission Merchants, 14 Bedford Row, Halifax.

PREFACE.

IN issuing the First Edition of the HALIFAX CITY DIRECTORY, the Publisher can confidently state, that he has spared no pains nor expense to make it thoroughly reliable and useful. With every wish to make it so, he determined on adding to his book that most useful appendage—a STREET DIRECTORY. Owing to the defective numbering of the Streets, &c., this was found to be a work of great trouble, but the present Directory will prove how ably he has overcome that difficulty. To those unacquainted with the getting up of a Directory, it would seem incredible the difficulties to be overcome. Not only is there the correct spelling of names, the calling repeatedly for those who are out, wrong Nos., and houses not numbered, but the quantity of people who persistently refuse to give their names owing to a foolish dread of taxes, the utter indifference of some, and the rudeness of others—all these and more, the intelligent canvasser has to guard against and overcome. So if an error has crept in, the public will believe he has done his very best. One very great trouble—the want of Nos. on streets—will, he has been assured, be rectified before the issue of the next Directory.

Considering DARTMOUTH an adjunct of Halifax, he has inserted a complete Alphabetical Directory of it, which will be found equally correct with its larger competitor.

In the sketch of the Gold Mines of Nova Scotia, the Publisher can only say that more correct and trustworthy information is not to be found.

In the Appendix will be found a mass of useful and general information, with full details of Churches, Societies, Institutions, &c.; also, full information as to the Customs and Post Office Departments, all corrected and revised up to date of going to press. He regrets exceedingly that he was unable to obtain the Masonic information in time.

His Advertising friends will find that he has looked after their interests to the best of his ability; and the copious Indexes will enable the general public to find out that it is almost useless to go out of the city for anything they require, as by referring to the various Advertisements they will be both astonished and gratified to find such evidences of material wealth. As a medium for Advertising, the Directory will be found second to none.

To his Subscribers and Advertisers, he can only return his best thanks for the hearty support accorded him, and trusts they will not be disappointed.

DAVID McALPINE.

 attempt sketching, how

NOVA SCOTIA

AND ITS

GOLD MINES.

By way of introduction to "McALPINE'S NOVA SCOTIA DIRECTORY FOR 1868-69," there appeared a "Historical Sketch of Halifax." In that brief sketch there is compressed a mass of historical information—an array of carefully selected, clearly defined, and important facts, chronologically arranged and tersely expressed, which to the student of history would, without a moment's doubt, be considered worth infinitely more than the price of the Directory as a whole. Many subscribers to that number of the Directory—which is now nearly out of date—still carefully preserve it, or at least the sketch referred to, as a valuable and unquestionable work of reference.

In the present issue, the Publisher purposes directing the attention of the public in general and his patrons in particular to some of the localities in Nova Scotia which, taking Halifax as the centre point, might be supposed to commend themselves to the interest of the pleasure-seeking tourist, or the shrewd man of business. It is true that very few of these pages can be afforded to so suggestive a topic. To the connoisseur in beautiful scenery, it may be safely said that Nova Scotia affords, in proportion to its area and facilities of access, a greater and more agreeable diversity than is to be found elsewhere on the continent of America, or perhaps in the world. It has no Niagara; but those who have seen the Bay of Fundy tide in its glory, will admit that it is not less grand than that world-renowned cataract, whilst it has the charm of *uniqueness*, and can be observed by the spectator without incurring any desperate adventures. Nova Scotia can boast of no such mountains as New Hampshire, Newfoundland, Scotland, Wales, Switzerland, and other similar resorts of the tourist; but it must be remembered that the charm of mountain, or hill scenery, does not depend upon the number of thousand feet which the spot under consideration may happen to be "above the level of the sea." Keeping this in view, the landscape painter, or the tourist in search of the picturesque, who turns his back upon the hills of Nova Scotia—especially of the Island of Cape Breton—may certainly "go farther and fare worse."

But in picturesque *coast* scenery, Nova Scotia may boldly challenge the world. Gaspé, Percé, and other localities about the lower St. Lawrence, and portions of the coast of the State of Maine, may vie with the Nova Scotian coast; but nothing else on this continent can equal, much less surpass it. But within the scope of this paper, it will be useless to attempt sketching, however briefly, the charming "bits" of scenery on the

shores of the Bay of Fundy—more especially of its Minas and Chiegnecto Arms; the garden-archipelago of Mahone Bay on the Atlantic coast; the still bolder and grander indentation of St. Margaret's Bay; the almost innumerable pictures painted by nature along the Islanded "inner passage," whereby one may "paddle his own canoe" nearly all the way from Halifax to the strait of Canso, regardless of the fuming of the Atlantic, a few thousand yards distant; the beautiful strait of Canso itself; or, possibly more charming than all, the views to be caught from almost every point of the shores of the magnificent Bras d'Or and its almost innumerable arms, inlets, and outlets. Little do the thousands of people who, from the decks of ocean steamers, every year look out—it may be for days in succession—upon the—to them—low, dim, and uninteresting coast of Nova Scotia, think that a nearer acquaintance with that shore would present them with a continuous picture for hundreds of miles in extent, every view of which would have its special charm!

Nor can the writer venture to do more than mention the embowered lakes—perfect gems of their class—which dot the Southern section of Nova Scotia, and which must be counted, not by units, but by hundreds, if not by thousands. The least attractive of them, with its environs, would be worth many thousands of pounds in an English park. There is probably no country in the world, with the exception of the Hudson's Bay Territory, which so abounds in lakes as that section of Nova Scotia fronting upon the Atlantic; but in Nova Scotia, they not only comprise a sort of Paradise to the enthusiastic angler, but they present countless charming pictures to the tourist in search of the picturesque.

Few more attractive views are to be met with than can be seen in the environs of Halifax itself—particularly where they embrace any portion of the waters of the magnificent Chebucto Bay, inclusive of Halifax harbor proper, Bedford Basin, the North West Arm, and the South East Passage; but these views have so often been described that they must be familiar to the most of our readers, even to those who have never seen them with their own eyes. One thing may here be mentioned, however, relative to Halifax. It seems to have been determined to make it the great British military, as well as naval, depot of America. For many years past, immense sums have been expended annually on the fortifications of this place, and, judging from present indications, this is likely still to continue for many years to come. If Halifax is not already, it certainly soon will be, the most strongly fortified place in the world. To enumerate the principal works completed, under construction, or designed: there is, first and most important of all, Fort George, the Citadel of Halifax, which commands, not only the town and all the ground within the city limits, but the harbor, its shores, and all the adjacent country within the utmost range of the heaviest of Armstrong guns. On Georges Island, nearly in the middle of the harbor, there is Fort Charlotte. For three years past, this work has been undergoing reconstruction in accordance with the requirements of more modern warfare, and is not yet finished. When completed, the whole island will be one fortress of redoubtable character, commanded only by the citadel. Nearly opposite Georges Island, on the Eastern shore of the harbor, is Fort Clarence,

more commonly known as Fort Mudge. For many years, it has been neglected, and can rake the whole of the Island. Returning to the harbor, that fronting upon the southern, part of the harbor, the War Department commenced. Farther north, the Point Pleasant peninsula, projecting towards the harbor, has been enlarged a few years. Directly opposite the harbor, about midway between the West Arm, is the Point Pleasant peninsula, improved of late. A slightly less elevation of the harbor, the entrance of the harbor, the Point Pleasant peninsula and city of Halifax, the entrance to the North West Arm, has been completed, on the farther down the harbor, the shore, York Redoubt, more heavy armaments, towers at Manger's Bay, from these numerous points upon any given point which attempts to enter the gauntlet" in a war world. On the landward side of Halifax.

In directing the attention of the reader to the fact that the writer purports to give information here offered from the products of the published letters in the journals in the United Kingdom and the Provinces of Canada thereto; and from the reports which he was accountable to the Chief Commissioner of the Geological Survey of Nova Scotia, and of this Province belonging to the rocks of the older whole Atlantic coast of

more commonly known as the "Eastern Battery." Within the past few years, it has been entirely and most substantially rebuilt; and its guns can rake the whole surface of the harbor, from the Narrows to McNab's Island. Returning to the Western, or city side of the harbor, we find that fronting upon it and just on the very outskirts of the lower, or southern, part of the town, a tract of land has been purchased by the War Department upon which to erect another battery; but it is not yet commenced. Farther down the shore, about half way between Steel's Pond and Point Pleasant, and upon a comparatively elevated spur of a hill projecting towards the harbor, is Fort Ogilvie. This, like Fort Clarence has been enlarged and entirely and substantially rebuilt within the last few years. Directly in the rear of Fort Ogilvie, but upon more elevated ground, about midway between the shores of the harbor and the North-West Arm, is the Prince of Wales Tower, which has also been materially improved of late. At a few yards distant south from the tower and at a slightly less elevation than its base, a new battery of a most formidable character has recently been completed, the guns of which will sweep the whole entrance of the harbor. Just below this and directly upon the shore are the Point Pleasant Battery, on the extreme southern point of the peninsula and city of Halifax; and the North West Battery, commanding the entrance to the North West Arm. Another large new battery has just been completed, on the extreme north western point of McNab's Island, farther down the harbor. Again, still farther down, but on the western shore, York Redoubt is now being entirely rebuilt and enlarged for a more heavy armament. Mention need only be made of the Martello towers at Mauger's Beach and Sambro Island. It will thus be seen that from these numerous fortifications, a most terrific fire can be concentrated upon any given point of Halifax harbor, or its entrance. The hostile ship which attempts to enter that harbor will have the privilege of "running the gauntlet" in a way which cannot be indulged in anywhere else in the world. On the landward side, nature has provided ample defences for Halifax.

In directing the attention of the reader to those points of interest which may be visited in Nova Scotia, from Halifax as a central point of departure, the writer purposes restricting himself for the present, to the Gold Mines of this fine Province. It may here be stated at the outset that the information here offered to the reader as to Gold Mines is mainly extracted from the products of the pen of P. S. Hamilton, Esq., as shown in the various published letters in the *London Times*, *Mining Journal*, and other periodicals in the United Kingdom, the continent of Europe, the United States, and the Provinces of Canada, which have appeared with his name appended thereto; and from the official reports published by authority, and for which he was accountable during the time that he was Gold Commissioner and Chief Commissioner of Mines for the Province of Nova Scotia.

Well, then, without pretending to offer to the reader a report of a geological survey of Nova Scotia, be it known that the whole Atlantic coast of this Province belongs to a gold-bearing formation. In Nova Scotia, the rocks of the older silurian and auriferous formation embrace the whole Atlantic coast of the Province. At its western extreme, in Shel-

burne, Yarmouth, and Digby counties, this formation is not less than fifty miles in width; but going eastward it gradually narrows, until, at Cape Canso, it comes almost to a point. In the interior of the Province, there is another and a newer geological formation, comprising the highest lands in the country, which is also gold-bearing; but it has not as yet proved so productive—although it has not been so much explored—as the already mentioned coast range. Nearly all the gold mines that have been written and talked about are in this same coast range. This auriferous range, on which mining operations have been carried on, is, it is true, not more than three hundred miles in length, by an average width of say thirty miles, and is therefore, as a whole, a small gold field compared with California, Columbia, Australia, or New Zealand, which have attracted so much of the world's attention of late years. But on the other hand, when we come to make comparisons of square miles with square miles, we shall find that, in no other country where gold-mining operations are now carried on, is there so large a proportion of auriferous surface as in the gold regions of Nova Scotia. And—which is still more important—we find that in no other such country do the auriferous quartz lodes yield so large a per centage of gold as they do in Nova Scotia. So long ago as in 1863, it was shown in the official Annual Report of the Chief Gold Commissioner (Mr. Hamilton) that by carefully comparing the gold mining statistics of the countries above named, and by comparing the amount of gold produced with the labor and expense required to produce it,—which is the only reliable way to exhibit the paying properties of a single mine, or of a mining country,—the gold mines of Nova Scotia were by far the most profitable of any in the world. The operations in 1863 were of a very crude character, and most of the men engaged in mining were mere tyros in the business. Since then, by more skilful manipulation and by deeper sinking, the productiveness of the Nova Scotian gold mines has, in comparison with the labor expended upon them, increased about three hundred per cent., thus placing them far before any other auriferous quartz mines in the world.

Before proceeding to refer to them more in detail, one or two further more general remarks may be made. Considering the great comparative productiveness of the Nova Scotian mines, the small aggregate results which they annually produce even yet, may surprise and be unexplainable to many a one. In fact, it would seem that the very propinquity of Nova Scotia to the great centres of the more civilized population of the world militates against the activity of mining enterprises here,—so true is it that “distance lends enchantment to the view.” Again, when a man from Europe, Canada, or the United States, goes to the Australian colonies, or the Pacific coast, with mining purposes, it often happens that his exhausted means will not permit of his return, and he must therefore *per force* contribute to the swollen gold returns of the country in which he finds himself. As to Nova Scotia, his entrance and his exit are always easy and inexpensive. One other fact may here be mentioned incidentally. Gold mining is an exciting business, and gold miners are an excitable people. For example, a thousand men may be mining, with well established facilities for doing so, and with good profits, in a certain dis-

trict. A rumor reaches the body, it may be in time. Upon this news, they are straightway, and without any difficulties in this matter, they find, that their first love, or go farth, there is an almost certain any given gold district from one such district mining countries; and ascertain the relative

We will now give the Province, *seriatim*, point at which gold has been found, and the eastern extreme of Nova Scotia, but little has ever been

Although gold has been found in the next place where mining was carried on, of Lunenburg harbor, so called from a series of cliffs, and it may be reached by steaming, or a day's sail, from the discoveries in Nova Scotia, people hurried to the place, and of no mean extent in the hotels, shops, and dwellings, quartz crusher. In fact, the Owens district consists of a number of mines, to be productive to the extent of the recently recommenced mining, unlike most other districts, extremely numerous, and

Waverley is situated nearly due north from the mouth, by a charming bay, little greater. This district, above, has had its fluctuations, there was a great rush, and abandonment; and another, the lead of all others; in which, the writer confesses. The mines of this district, the largest aggregate yield, in their midst a picturesque bosomed in green hills. Proceeding northward, for about ten miles, we reach, on the one hand, eastward about

tract. A rumor reaches them that a rich vein has been struck by somebody, it may be in some wilderness, in some remote part of the Province. Upon this mere rumor, our well-doing miners, or a great part of them, are straightway off "on the wings of the wind," to battle with new difficulties in this new *Dorado*. Many of them probably find, or *think* they find, that their imaginations have deluded them, and return to their first love, or go farther in search of newer and richer gold fields. Thus there is an almost constant fluctuation in the actual productiveness of any given gold district, and a perpetual surging of the mining population from one such district to another. This same fact is notorious in all gold-mining countries; and it often puzzles the uninitiated in their efforts to ascertain the relative value of gold districts.

We will now give some brief account of the several gold districts of the Province, *seriatim*, proceeding from west to east. The most western point at which gold has been found is at *Cranberry Head*, the very western extreme of Nova Scotia. Its show of gold was not discouraging; but little has ever been done there in the way of mining.

Although gold has been discovered at several intermediate points, the next place where mining has been carried on is *The Ovens*, at the mouth of Lunenburg harbor, and directly upon the sea shore. This district is so called from a series of oven-like caverns in the face of the seaward cliff; and it may be reached from Halifax, either by four or five hours' steaming, or a day's stage-coaching. This was among the earliest gold discoveries in Nova Scotia. So long ago as 1862, a great concourse of people hurried to the spot; and a compact and not unsubstantial village of no mean extent immediately sprang up there. It embraced numerous hotels, shops, and dwellings, but lacked the one essential edifice of a quartz crusher. In fact, it was at first supposed that the wealth of the Ovens district consisted in the sands of its shores; and when these ceased to be productive to the washer, the village collapsed. Mining has been recently recommenced here, with vigor and with fair prospects. Here, unlike most other districts, the auriferous veins are very narrow, although extremely numerous, and *ramified* throughout the enclosing rock.

Waverley is situate in and on both sides of the Shubenacadie valley, nearly due north from Halifax, whence it may be approached, *via* Dartmouth, by a charming drive of ten miles. The distance by railway is a little greater. This district, like all others in the Province, and as shown above, has had its fluctuations. On the first discovery of gold there, there was a great rush to the hills of Waverley, then an almost total abandonment; anon a reaction, after which this district for years took the lead of all others; now (in 1869), it is subject to another depression, which, the writer confidently predicts, will not be of long continuance. The mines of this district have, down to the present time, produced the largest aggregate yield of gold of any in Nova Scotia, and have built up in their midst a picturesque little village, bathed by two connecting lakes, embosomed in green hills and dotted with pretty islets.

Proceeding northwardly from Waverley, by the main line of railway, or about ten miles, we reach Enfield station, whence a road leads, on the one hand, eastward about three miles, to the heart of the *Oldham Gold*

District; and, on the other hand, north-westward six miles, into that of *Renfrew*. Coaches ply between each of them and the Station, on the arrival of every train. In Oldham, as in most other mining districts of this Province, the discovery of gold was, in the first instance, accidental, being made, in this case, by a party of men who were out sporting among the poplar hills, barrens, and wild meadows of that vicinity. Mining was immediately commenced and for some time prosecuted with vigor; during this early period a small quantity of quartz was crushed which produced no less than one hundred ounces of gold to the ton. Then attention was drawn away from Oldham by brilliant accounts from other parts of the Province, and, for a time, it remained under a cloud. There has since been a revival there, however, and during the last two years the returns from this district as a whole have been more satisfactory than during any former period. It now comprises all the facilities for mining and crushing at a cheap rate.

Ground was first broken, with mining intent, in *Renfrew* in the midst of a piece of heavily timbered forest which, however, is fast disappearing and exposing most literally the nakedness of the land. But beneath that rocky surface lies untold-of wealth; and the wealth of the district requires only to be dug for or sought after to be found. From the very first discovery made in this district, *Renfrew* has continued to prosper—not, however, without the customary fluctuations, although it has not suffered from them in a marked degree. Even in this case, the writer may, as an illustration of these “customary fluctuations,” mention this fact.—In 1865, *Renfrew*, one of the oldest districts in the Province, ranked as a gold producer the lowest among them all with one exception, which did not admit of a fair comparison. The *Renfrew* mines were by most persons declared to be “played out.” But the product of the district for 1867 was nearly twelve times that of 1865, and placed it at the very head of the list! whilst in 1868, the official returns show that only one other district has produced a larger yield of gold!

Still farther down the railway to Shubenacadie Station, and across country eastward about six miles on a good common road, we may reach *Guy's River* Gold District. Here mining operations have, as yet, been carried on only upon a limited scale. The auriferous deposit is chiefly remarkable from the fact that the gold is found, not in the sands as in a very few other localities, nor in a matrix of quartz and slate rock, as is the rule in Nova Scotia, but scattered through a bed of coarse conglomerite, resting upon the older and firmer rock.

Returning by railway to Halifax, or say to the Windsor junction only, we may take the Windsor Branch line and follow it northward to Mount Uniacke Station, twenty six miles from Halifax and nineteen from Windsor. Here an express is ready on the arrival of every train to take the passengers to the centre of the *Uniacke* Gold District, three miles distant to the westward. Gold was first discovered here in 1866; but it was late in the season before any productive workings were opened. Still the prospects were so exceedingly promising that within three months after the discovery, there was already more ground under lease and license at *Uniacke* than in any other district in the Province. The result has fully

justified the popular opinion in the Province, has some of the individuals. Somewhat within two miles in the midst of a beautiful village, with its five school, with the usual indeed, but tidy and

Return we now follow the shore road through the *Montague* mines. The situation; it offers ground so great as from some very beginning and a some cause, or another is occasionally a collapse.

A few miles further. The principal works in the district, like *Montague* after, has been very furnished good, nay done upon it in good or the detected effort value of their really to deceive those who fact of much of the means to work it—caused a suspension of their reputation.

Following the same continuous series of beautiful we find ourselves at the Province. The cheque referred to. Yet there have had personal evidence districts in the county about nine miles back discovered in Nova Scotia since been extracted from

To reach the more vicinity of the St. Mary's necessary to return again the second year of the plied twice a week, each Mary's; but they were now wishes to make them be content with a pack of the places last named; Take the railway train

justified the popular opinion. Uniacke, although the youngest *tried* field in the Province, has proved to be one of the richest of them all. In fact some of the individual mines there have excelled all others yet worked. Somewhat within two years from the time gold was first discovered there in the midst of a heavily timbered forest, the visitor might see a bustling village, with its five effective steam quartz mills, public hall, well filled school, with the usual proportion of shops, inns, and dwellings—all rough indeed, but tidy and comfortable.

Return we now again to Halifax and, by coach, take the eastern shore road through Dartmouth. At six miles distant from town, we have the *Montague* mines on our left. This district has great advantages of situation; it offers good facilities for mining; its returns, although not so great as from some other mines, have been singularly equable from the very beginning and always such as would pay the proprietor well; yet from some cause, or another, certainly not attributable to the place itself, there is occasionally a collapse at the *Montague* mines.

A few miles further brings us to the *Lawrencetown*, on our right. The principal works here, thus far, are near the head of tidewater. This district, like *Montague*, already mentioned, and *Tangier*, of which hereafter, has been very unfortunate. Although each of the three has furnished good, nay *handsome* returns whenever work really has been done upon it in good faith; yet disputes and litigation among proprietors, or the detected efforts of speculators, who have sought to inflate the value of their really good property to an almost fabulous extent in order to deceive those whom they have intended to make purchasers, or the fact of much of the ground falling into the hands of men who had not means to work it—or rather all these together, have too frequently caused a suspension of work in these districts, and temporarily blasted their reputation.

Following the same road, which, by the bye, affords an almost continuous series of beautiful sea-side views, for fifty-six miles from Halifax, we find ourselves at *Tangier*, the oldest proclaimed Gold District in the Province. The chequered history of this district has already been referred to. Yet there is not the shadow of a doubt of what thousands have had personal evidence, *i. e.*, that it is one of the richest gold districts in the country. In the northern part of this district, and about nine miles back from the shore, is the spot where gold was first discovered in Nova Scotia, in the Spring of 1860. Large quantities have since been extracted from the vicinity of the same spot.

To reach the more notable gold-bearing districts farther east, in the vicinity of the *St. Mary's River* and *Country Harbor*, it will be necessary to return again to Halifax. During the excitement of 1862, the second year of the history of these mining districts, two steamers plied twice a week, each between Halifax, *The Ovens*, *Tangier*, and *St. Mary's*; but they were not long in killing each other. If the passenger now wishes to make the water trip between any of these points, he must be content with a packet schooner. There are several land routes to the places last named; but the most generally approved just now is this: Take the railway train from Halifax to *New Glasgow*; thence a stage-

coach proceeds by the most direct route to Sherbrooke and Wine Harbor. The former lies on both sides of the St. Mary's, twelve miles from its mouth and at the head of Navigation. Wine Harbor is just eastwards of its mouth. This beautiful river, St. Mary's, is the largest in Nova Scotia, although, owing to its tides, the Shubenacadie is navigable to a greater distance. Stormont, can only be reached by private conveyance, striking off from the St. Mary's and Guysborough post road.

Sherbrooke mines lie around the beautiful village of the same name; but the principle works are upon the opposite, or western side of the river, and at about a mile and a half distant. The first discovery of gold, both here and at Wine Harbor, was made in the summer of 1861. During the remainder of that, and all of the following year, there used to be, about every month or two, a pretty general migration of miners back and forth between these two districts, according to the discouraging incidents, or brilliant prospects, which the superficial workings of each were supposed, from time to time, to exhibit. At length experience and deeper sinking taught these people that both were rich enough to make fortunes out of. Since about the close of 1863, *Sherbrooke* has continually improved as a gold producing district, until we find that at the close of the past year, 1868, it was the very top of the list. Works here too are carried on upon a more extensive scale than elsewhere, there being no less than ten quartz crushers in the district. There too are to be found the richest individual mines that have yet been discovered in Nova Scotia, except in *Uniacke* district.

Reference has already been made to *Wine Harbor*, bounding upon St. Mary's river on the east. For years there was a contest between this district and *Sherbrooke*, for the credit of producing the greatest quantity of gold, annually. Sometimes one, sometimes the other, was either the first or the second in the list. Of late *Wine Harbor* has been distanced. This may be owing in a great degree to the fact that, for some years past, a number of the proprietors have almost concentrated their efforts upon a large work which was not expected to be productive in itself; but which it is hoped will lead to important future results. That is, starting from near the water's edge, near highwater mark, they are driving a tunnel across the metals right into a lofty hill, thus providing for drainage, and cross-cutting all the quartz lodes previously sought for from the surface.

The shores of *Isaac's Harbor*, are the only part of *Stormont* district where much mining has ever been done. This place has never been so much the rage as some of the others named above, probably owing to its comparative inaccessibility; but a fair, profitable business in gold mining has been done there, from 1861, down to the present time.

The above named localities comprise all the best known and thoroughly tested Gold Districts of Nova Scotia. There are others which have not been so thoroughly tested and some of which are far from being easy of access as yet. Among the more notable of this class, mention may be made of *Gold River*, at the head of *Mahone Bay*, in *Lunenburg County*; *Ekum-Sekum* and *Salmon River*, on the Atlantic coast, eastward of *Tangier*; the rear of *Upper Musquodoboit*; the south Branch

of *Stewiacke*; *River*; *Harbor Rivers*; *St. Mary's County*; and *Wag* many others yet character of gold n simple fact alone when complete stat The gold product ninety six dollars- about the mines. in 1867, it had att \$765, per man. I to the number of teristic of them, le some of the many r

of Stewiacke; Killag and Fifteen Mile Stream, branches of the Sheet Harbor Rivers; Scraggy Lake; Canso; River Denys, in Inverness County; and Wagamatkook, in Victoria County. Doubtless there are many others yet to be discovered. Of the increasingly profitable character of gold mining in Nova Scotia, there cannot be a doubt. One simple fact alone will settle this beyond all question. The first year when complete statistical returns were made up and published was 1863. The gold product of that year was equivalent to two hundred and ninety six dollars—\$296, per annum for every man employed in and about the mines. This proportion has gone on steadily increasing until, in 1867, it had attained the sum of seven hundred and sixty-five dollars, \$765, per man. Last year shows some falling off in this respect owing to the number of miners, who, with that restlessness which is characteristic of them, left the older mines to make more rapid fortunes in some of the many new places discovered in 1868.

## TO AGENTS.

The rapid and increasing demand among all classes, who are better prepared now than ever, for first class and reliable Sewing Machines, is a noticeable feature, and an opportunity has now offered to secure Agencies for the most perfect Machines in the market. This, as has been fully and practically demonstrated, is a pleasant and profitable business, attended with but little trouble to the Agent, and showing the most satisfactory results. I shall be pleased to receive applications from responsible parties throughout the country where we are not as yet represented, to which we will give prompt attention, together with terms and all necessary information. Address to any of the following Establishments:

**J. D. LAWLOR, 82 King Street, St. John, N. B.**

**Do. 103 Barrington St., Halifax, N. S.**

**Do. 22 St. John St., Quebec.**

257 Hollis Street, Halifax, N. S.

This Company was established in 1821, by Deed of Settlement, and Empowered by Special Acts of Parliament in 1850 and 1866.

The Capital of Two Million Pounds fully subscribed by a numerous and respectable Proprietary throughout the Empire, affords security for prompt and certain Indemnity, without the responsibility attaching to Societies for Mutual Assurance. The number of Proprietors exceeds 900.

The Capital paid up on the 24th December, 1867, and invested in first-class securities, amounted to One Million; but the Company stipulate, in accordance with their Acts of Parliament, that they shall not be bound to keep up a larger paid up Capital than £250,000.

The Company are bound, by the Deed of Settlement, to refer all disputed claims (where no fraud is suspected) to the decision of Arbitrators, if required by the assured; and in all minor articles the utmost liberality will be afforded to the Public, consistently with the security of the Company.

N.B.—At the last Quinquennial valuation at Christmas, 1864, the Life Assurances in force, exclusive of Bonuses, amounted to upwards of £4,500,000, the Annual Income of the Life Branch to £212,000, and the Life Assurance Fund (before the division of Profits) to £1,656,000.

| Cash Assets, June 1st, 1869, - - - - - | 10,000,000   |
| Annual Cash Income, - - - - -          | 6,000,000    |

The EQUITABLE conducts its business on the purely mutual all cash plan, all profits annually divided among the Policy Holders on contribution plan.

Its new business in 1868 exceeded that of any "Stock" "Note" or "Mixed" Company by upwards of Twelve Millions.

All Policies in this Company are non-forfeitable after two and three years. All the most popular kinds of Policies are issued by this Company.

A new feature in Life Insurance has recently been introduced by this Society called "TONTINE DIVIDEND" Insurance. As an Investment as well as Life Insurance, the "Tontine" has already become quite popular.

For further information, Books, Pamphlets, &c., apply to

# JOHN LOVELL, BOOK AND JOB PRINTER

AND

*Blank Book Manufacturer,*  
ST. NICHOLAS STREET,  
MONTREAL.

THE undersigned has greatly enlarged and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing Business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The establishment is furnished with twelve Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. Over 150 persons are employed in this Establishment.

A very large assortment of WOOD TYPE enables the undersigned to print the very largest description of

## POSTING BILLS,

PHOENIX

FIRE ASSURANCE COMPANY OF LONDON.

ESTABLISHED 1782.

This Company established its Agency in Nova Scotia in the year 1849, and continues to insure Property of every description against loss or damage by Fire, at reasonable rates.

Losses settled in this country without reference to the Board of Directors in London.

The Company is composed of a numerous body of wealthy proprietors who are individually liable to the full extent of their private fortunes, in addition to the

Invested Capital of the Company.

MANUFACTURERS' & ADVERTISERS' AGENCY.

DAVID McALPINE,
Office, 100 Granville Street,
HALIFAX, N. S.

The Subscriber informs MANUFACTURERS that he is prepared

To receive on consignment

ALL KINDS OF MANUFACTURED ARTICLES,

To be sold by him from sample;

And from his large experience as a Canvasser, trusts he will be able to sell equal to any traveller that could be sent, and thus save a large item of expence to the Manufacturer.

All articles consigned to him will be advertised,

FREE OF COST,

IN THE

DIRECTORIES OF NOVA SCOTIA AND NEW BRUNSWICK,

THE

RAILWAY CARS AND STATIONS,

BARNES' ALMANAC

Of St. John, and

BELCHER'S ALMANAC

of Nova Scotia, thus ensuring a circulation of about 40,000.

Orders left at the above Office will be punctually attended to and returns promptly made.

DAVID McALPINE,

Publisher and Proprietor of McAlpine's Nova Scotia and New Brunswick Directories; and joint proprietor of Belcher's Almanac with James Barnes, Esq., Halifax, N. S. Also—Exclusive right of advertising in Railway Cars and Stations.

 w

Montreal,

**JOHN LOVELL,
BOOK AND JOB PRINTER**

AND

Blank Book Manufacturer,

ST. NICHOLAS STREET,

MONTREAL.

THE undersigned has greatly enlarged and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing Business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The establishment is furnished with twelve Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Holsting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. Over 150 persons are employed in this Establishment.

A very large assortment of WOOD TYPE enables the undersigned to print the very largest description of

POSTING BILLS,

In various colors, at short notice, and at moderate charges.

Country Orders for PRINTING and BLANK BOOKS carefully attended to, and work dispatched by the safest and cheapest modes of conveyance.

JOHN LOVELL,

BOOK AND JOB PRINTER, AND BLANK BOOK MANUFACTURER.

Montreal, October, 1869.

GEN

ÆTNA
LIFE INSURANCE COMPANY.

HARTFORD, CONN.

PURELY MUTUAL.

ENTIRE PROFITS DIVIDED AMONG THE POLICY-HOLDERS.

Taking into consideration the Ratio per cent. of Losses and Expenses, Care in the Selection of Lives, Economy in Management, Amount of Business, the Ratio of Assets to Liabilities, and ability to make and pay Future Dividends to the Insured, the ÆTNA is surpassed by no Company.

Assets Securely Invested, over.....	\$12,000,000
Income for 1868.....	6,000,227
Losses and Dividends paid in 1868.....	1,281,504
Surplus above all Liabilities, over.....	3,000,000
Deposited with the Dominion Government.....	100,000
Already paid to Widows and Orphans in Canada.....	100,000

1008 Policies issued in the Dominion in 1868, more than Double the number issued by any other Company.

All Policies issued are strictly Non-Forfeitable. Policies are granted on all approved Plans.

Street, Halifax.

ALBION HOTEL,

McGill & St. Paul Streets, Montreal, Canada.

The "NEW ALBION HOTEL," the largest Hotel in Montreal, has just been opened under the most favorable auspices.

Whilst the "Old Albion" has been long noted for the strict attention paid to its numerous guests, the "New Albion" takes its position as a first-class Hotel.

Being situated on the Widest and Healthiest Street in Montreal, commanding a magnificent view of the River St. Lawrence and the Victoria Bridge on the left, and a full view of the Victoria Square, with its numerous *Jets d'Eau*, and Mount Royal on the right, it cannot fail to commend itself to the travelling public.

From its situation on McGill Street, the great thoroughfare and commercial centre of the City, it cannot fail to be, as the "Old Albion" has always been, a strong favorite with the Merchants of Canada.

Notwithstanding the very large outlay in building and furnishing the House, the old price of \$1.50 per day will not be departed from.

THE INTERNATIONAL PHOTOGRAPH ESTABLISHMENT

BY

BRENNAN & CO.

124 HOLLIS STREET,
HALIFAX, N. S.,

Still maintains its pre-eminence, and in all its arrangements, as well as its works, stands first in the Province.

No expense has been spared to render every department complete in itself, and for the better accommodation of its customers, at great cost, the lower floor of the building has been fitted as a reception room, thus enabling all arrangements for Pictures, as well as the delivery of them, to be effected without the ascent of any stairs.

Every style of Picture can be obtained here, from the tiny portrait for the locket or pin, to the enlarged life size Crayon or Oil Painting.

In another very important particular it has an advantage over all other establishments, in the possession of the only direct Solar Camera, by which the smallest likeness of any kind may be enlarged to any size.

And having the best German Artist in the Province always in the establishment to finish them in Ink, Water Color, Pastile, or Oil.

And at much less prices than any other establishment.

This is the only establishment that has saved all negatives, they are numbered and registered in such a way as to be always accessible. Duplicates can be obtained at any time, free of Postage, by sending full name and address. Postage Stamps or orders taken in payment.

Pictures Framed to order, Photographic Stock for sale.

Photographs of all distinguished persons for sale, Views, Stereoscopic Slides, &c.,

MANUFACTURERS' & ADVERTISERS' AGENCY.

DAVID McALPINE,
Office, 100 Granville Street,
HALIFAX, N. S.

The Subscriber informs MANUFACTURERS that he is prepared

TO RECEIVE ON CONSIGNMENT

ALL KINDS OF MANUFACTURED ARTICLES,

To be sold by him from sample ;

And from his large experience as a Canvasser, trusts he will be able to sell equal to any traveller that could be sent, and thus save a large item of expense to the Manufacturer.

All articles consigned to him will be

ADVERTISED FREE OF COST,

IN THE

DIRECTORIES OF NOVA SCOTIA AND NEW BRUNSWICK,

THE

RAILWAY CARS AND STATIONS,

BARNES' ALMANAC

Of St. John, and

BELCHER'S ALMANAC

of Nova Scotia, thus ensuring a circulation of about 40,000.

Orders left at the above Office will be punctually attended to and returns promptly made.

DAVID McALPINE,

Publisher and Proprietor of McAlpine's Nova Scotia and New Brunswick Directories; and joint proprietor of Belcher's Almanac with James Barnes, Esq., Halifax, N. S. Also—Exclusive right of advertising in Railway Cars and Stations.

APPENDIX.

THE QUEEN AND ROYAL FAMILY.

Her Majesty ALEXANDRINA VICTORIA, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, born 24th May, 1819; succeeded to the throne 20th June, 1837, on the death of her uncle, King William IV.; crowned 28th June, 1838; and married, 10th Feby., 1840, to his late Royal Highness Francis Albert Augustus Charles Emmanuel, PRINCE CONSORT, DUKE OF SAXONY, PRINCE OF COBURG AND GOTHA, who was born 26th August, 1819; died 14th December, 1861. Her Majesty is the only child of his late Royal Highness, Edward Duke of Kent, fourth son of King George III., and has issue—

1. Her Royal Highness VICTORIA Adelaide Mary Louisa, PRINCESS ROYAL, born 21st November, 1840; married 25th January, 1858, to his Royal Highness the Crown Prince (only son of the King of Prussia), and has had issue his Royal Highness Prince Frederick William Victor Albert, born 27th January, 1859; her Royal Highness Princess Victoria Elizabeth Augusta Charlotte, born 24th July, 1860; his Royal Highness Prince Albert William Henry, born 14th August, 1862; his Royal Highness Prince Francis Frederick, born 15th September, 1864; died 18th June, 1866; and her Royal Highness Princess Fredericka Wilhelmina Amelia Victoria, born 12th April, 1866.

2. Malta.....	23	36	46
India.....	30	30	60
Spain.....	23	36	46
S. or W. Australia.....	23	23	46

Mails for the United Kingdom via the United States are made up to meet Steamers leaving New York for Liverpool. Letters to be especially addressed "via New York," Letters 15 cents; Newspapers 2 cents. *Must be prepaid.*

Mail for NEWFOUNDLAND are made up once a month in December, January, February, and March; and fortnightly in the other months, closing finally on the Friday 10 a.m. of the week the Steamer is due from New York. Letters 12½ cents; Newspapers 2 cents. *Must be prepaid.* Mails for ST PIERRE and MIQUELON are forwarded via Sydney in Summer, in Winter are dispatched from Halifax by French Sailing packet fortnightly. Letters 12½ cents; Newspapers 2 cents. *Must be prepaid.*

Mails for BERMUDA and the BRITISH AND FOREIGN WEST INDIA ISLANDS are closed monthly, upon the arrival of every Mail Steamer from New York. Letters 12½ cts; Newspapers 2 cts. *Must be prepaid.*

Mails for the UNITED STATES by Inman Steamers are made up every alternate week, upon the arrival of the Steamers from England, closing half an hour previous to sailing for New York. Letters 6 cts. Letters weighing more than 1 oz., but under 1½ oz., will be charged three rates of postage instead of 4 as formerly—but if exceeding 2 oz., but under 2½ oz., five rates instead of six, and so on, adding one rate for every additional ½ oz. Newspapers 2 cents. *Must be prepaid.*

Mails for UNITED STATES are made up Daily via Amherst per Steamers "Carlotta" for Portland once a week, and via Windsor and St. John per "Empress" twice a week during summer months, and by Boston and colonial Steamers direct to Boston once a week. Mails for Ontario and Quebec are also sent by each of these routes except the latter.

Official letters addressed to the Provincial and military Departments, are exempt from prepayment.

Registered letters for the Provincial Public Departments and the Military Departments, addressed to Halifax, can be sent without prepayment of postage or registry fee.

REGISTRATION.—Letters for registry must be posted half an hour previous to the closing of the Mail by which they are to be sent. The postage as well as the Registration fee *must be prepaid.* The registration of a letter addressed to any place in Nova Scotia or the Dominion, is 2 cts., to the United States is 5 cents; to the United Kingdom, 8 cents; to Australia and all other places, when passing through the United Kingdom, 25 cents. No registered letters forwarded between two Way offices.

Registration is applicable to all descriptions of letters and parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when one unregistered cannot; and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may effect an unregistered letter. "Moreover the safety of an unregistered letter

is dependent on remains in his letter will amounting into an office him individually ed to the mere risk, they should question, and the part of the evil as remarks by those letters is strongly ing money should by mutilage, or se Letters prepaid a.m., will be forw Semi-daily Mail All letters are c of postage of 3 cen Canada. is dependent on the integrity of a post office clerk during the whole time it remains in his custody, frequently for hours, and even days, whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money so sent, the senders of money in unregistered letters might reasonably urge, that if they choose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended, and it is further suggested that letters containing money should invariably be secured with wax, and not by the usual method, by mullage, or self sealing envelope.

Letters prepaid by stamp dropped into the box during the night and up to 4 a.m., will be forwarded by the mails despatched the same morning.

Semi-daily Mail to and from Dartmouth, postage 3 cents. If unpaid 5 cents.

All letters are charged by weight, irrespective of distance, and a uniform rate of postage of 3 cents per 1/4 oz., has been established throughout the Dominion of Canada. The rates of postage mentioned all refer to a single letter. If it exceeds 1/4 oz. it is charged double, and so on, according to weight. Ship letters 5 cents. Letters for Consignees free.

PRINCIPAL RATES OF POSTAGE.

Letters.

On letters passing between any two places within the Dominion of Canada, a uniform rate (irrespective of distance) of 3 cents per 1/4 oz., if prepaid; and 5 cents per 1/4 oz. if posted unpaid.

On letters between any place in the Dominion and any place in the United States—

- 6 cents per 1/4 oz., if prepaid;
- 10 cents do., if posted unpaid.

On letters to or from the United Kingdom, in Mails by Canada Packets, to or from Quebec in summer, or Portland in winter; or by mail Packet to or from Halifax—12 1/2 cents per 1/4 oz.

On do. in Mails via New York Packets. 15 cents do.

On Letters to Prince Edward Island, if prepaid, 3 cents per 1/4 oz.; if posted unpaid, 5 cents per 1/4 oz.

On Letters to Bermuda and Newfoundland, 12 1/2 cents per 1/4 oz.; to be in all cases prepaid.

On Letters to British Columbia and Vancouver }
 Island. 10 cents per 1/4 oz. } to be in all cases prepaid,
 On Letters to Red River. . . . 6 cents per 1/4 oz. }

Newspaper Rates.

Newspapers printed and published in Canada may be sent by Post from the office of publication to any place in Canada at the following rates, if paid quarterly in advance, either by the Publisher, at the Post Office where the papers are posted, or by the Subscriber, at the Post Office where the papers are delivered:—

For a Paper published once a week	5 cents per quarter of a year.
Do. twice " 10 " " "	
Do. three times " 15 " " "	
Do. six times " 30 " " "	

Latest and most elegant patterns of Gold Jewellery at M. S. BROWN'S, 108 Granville St.

BALDWIN & CO., 191 Hollis St., Meerschaum and Briar Root Pipes in every variety.

If the above rates are prepaid by the publisher, the Postmaster receiving payment must be careful to have the papers so prepaid separately put up, and marked, distinctly, as prepaid.

When the above rates are not paid in advance, by either the Publisher at the Office of posting or by the Subscriber at the Office of delivery, the papers are to be charged one cent each on delivery.

Canadian Newspapers, addressed from the office of publication to Subscribers in the United Kingdom, the United States, Prince Edward Island, Bermuda or Newfoundland, may be forwarded, on prepayment at the office in Canada where posted, at the above commuted rates, applicable to such papers within the Dominion.

Publishers of Newspapers in Canada may post such numbers of their papers addressed to parties within the Dominion who are not subscribers at a rate of one half cent prepaid by stamp.

Exchange Papers passing between publishers in Canada, and between publishers in Canada and publishers in the United States, Prince Edward Island, Bermuda and Newfoundland, are to pass free—one copy of each paper to each Publisher.

Transient Newspapers include all Newspapers posted in Canada, other than Canada Newspapers sent from the office of publication, and when addressed to any place within the Dominion, to the United Kingdom, to the United States, Prince Edward Island, Bermuda or Newfoundland, must be prepaid two cents each by Postage Stamp.

Newspapers coming into Canada will be subject to the following charges on delivery.

If from the United Kingdom, by mail Paeket to Quebec, Halifax or Portland..... Free on delivery.

By Mails via the United States (New York)..... Two cents each.

If from the United States, and posted by a publisher, 1 cent each—Transient papers two cents each, to be rated at the Canada Frontier or Exchange Office receiving Mails from the United States.

If from Prince Edward Island, Bermuda or Newfoundland, when received by regular Subscribers in Canada from the office of publication, the ordinary commuted rates applicable to Canada Newspapers.

Transient Papers—two cents each.

The Canada postage rates on Newspapers coming from or going to the United Kingdom and United States, will thus be the same as those charged in the United Kingdom and the United States on Newspapers there received from or sent to Canada.

Canada News agents may post to regular subscribers in Canada, British Newspapers free, and the United States newspapers unpaid; such papers in the latter case, must be duly rated two cents each for collection on delivery.

Books.

Book-Packets can be forwarded by Post from Canada to the United Kingdom, Bermuda and British West Indies, and vice versa, at the following rates:

By Mail Steam Packets sailing from Halifax and Portland.

For each packet weighing not more than 4 oz... 1 Rate 7 cents.

Above 4 oz. and not exceeding 8 oz..... 2 Rate 12½ "

" 8 " " 12 oz..... 3 Rate 19 "

" 12 " " 1 lb..... 4 Rate 25 "

And so on adding one Rate of Postage for every 4 oz.

Every Book Packet must be without a cover or in a cover open at both ends.

It must not contain any writing whatever.

SMITHERS & SONS, Ornamental Painting, 40 and 42 Granville St., Halifax.

WM. L. DO

It must not exceed four: in width or depth. Must be prepaid.

Printed Papers,

The rate on Printed to any place in Canada will be one cent per page payable on delivery to any place in Canada or Newfoundland.

When posted in Canada or United Kingdom by stamp.

A like rate will be charged in the United States, Prince Edward Island, Bermuda or Newfoundland.

Periodicals weighing for any place within the United States, may, be prepaid by postage.

As the Postage rate in advance, and as Canada, and sent from time past been exempted of youth, to ten has been ordered that

The Rate on Parcels that is to say:—

On a Parcel

Over 8 oz.,

Over 1 lb.,

And so

Book and News

On Book and News insertion in a Newspaper thereof, for insertion Prints, Drawings, Engravings, Seeds, Cuttings, Root be one cent per page in the United States, and prepaid by

To enable the Publishers to be able to pay the rates, the following Dominion, have been

Jewellery, Watches,

Any thing from a Cradle to a Coffin may be had at HILLS & BRUSH'S, 82 Barrington Street, Halifax.

WM. L. DODGE & CO., Blinds, Moulding, &c., Fresh Water, Halifax.

It must not exceed 4 lbs. in Weight, nor the size exceed 2 feet in length, or one foot in width or depth.

Must be prepaid by stamps.

Printed Papers, Circulars, Prices Current, Hand Bills, Books, Pamphlets.

The rate on Printed Matter of this description posted in Canada, and addressed to any place in Canada, Prince Edward Island, Newfoundland or United States, will be one cent per ounce, to be prepaid by Postage Stamp; and a like rate will be payable on delivery, when received from the United States, Prince Edward Island or Newfoundland.

Periodical Publications.

When posted in Canada for any place in Canada, Prince Edward Island, Newfoundland or United States, the rate will be one cent per four ounces, to be prepaid by stamp.

A like rate will be payable on delivery in Canada, when received from the United States, Prince Edward Island or Newfoundland.

Periodicals weighing less than one ounce per number, when posted in Canada for any place within the Dominion, Prince Edward Island, Newfoundland or the United States, may, when put up singly, pass for one-half cent per number, to be prepaid by postage stamp.

As the Postage rates on Periodicals, other than Newspapers, will be payable in advance, and as certain classes of such Periodicals, printed and published in Canada, and sent from the office of publication to regular subscribers, have for some time past been exempted from postage, when exclusively devoted to the education of youth, to temperance, agriculture and science, or for other reasons;—it has been ordered that all such special exemptions and privileges shall cease.

Parcel Post.

The Rate on Parcels, by Parcel Post, will be twelve and a half cents per 8 oz., that is to say:—

On a Parcel not exceeding 8 oz.....	12½ cents
Over 8 oz., and not exceeding 1 lb.....	25 "
Over 1 lb., and not exceeding 24 oz.....	37½ "
And so on, to the limit of three pounds.	

Book and Newspaper Manuscript, and other Miscellaneous Matter.

On Book and Newspaper Manuscript (meaning written articles intended for insertion in a Newspaper or Periodical, and addressed to the Editor or Publisher thereof, for insertion,) Printer's Proof-sheets, whether corrected or not, Maps, Prints, Drawings, Engravings, Music, whether printed or written, packages of Seeds, Cuttings, Roots, Scions or Grafts, and Botanical Specimens, the rate will be one cent per ounce, when posted for any place in Canada or the United States, and prepaid by Postage stamp.

Postage Stamps.

To enable the Public to prepay conveniently by Postage Stamps the foregoing rates, the following denominations of Postage Stamps for use throughout the Dominion, have been prepared, and will be supplied to Postmasters for sale:—

Half cent Stamps,	} All bearing as a device, the effigy of Her Majesty.
One cent do	
Two cent do	
Three cent do	
Sixth cent do	
Twelve and a-half cent do	
Fifteen cent do	

Jewellery, Watches, Plate and Plated Ware at M. S. BROWN'S, 108 Granville St.

At WOODBILL'S Drug Store no percentage of profit is allowed Physicians for their prescriptions, 141 Hollis Street, Halifax.

BALDWIN & CO., 191 Hollis St., a beautiful variety of Engagement Rings.

Franking and Free Matter.

The following matter is exempt from *Canadian Postage*.
All letters and other mailable matter addressed to or sent by the Governor-General of Canada.

All letters or other mailable matter addressed to or sent by any Department of the Government, at the seat of Government at Ottawa, under such regulations as may from time to time be made by the Governor in Council.

All letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Senate or of the House of Commons, or to or by any Member of either House, at the Seat of Government, during any Session of Parliament,—or addressed to any of the Members or Officers in this section mentioned at the Seat of Government as aforesaid, during the ten days next before the meeting of Parliament.

All public documents and printed papers sent by the Speaker or Chief Clerk of the Senate or of the House of Commons to any Member of either House during the recess of Parliament.

All papers printed by order of either House sent by Members of either House during the recess of Parliament.

Petitions and Addresses to either of the Provincial Legislatures of Ontario, Quebec, New Brunswick and Nova Scotia, or to any branch thereof; and votes, proceedings and other papers, printed by order of any such Legislature, or any branch thereof, during any Session thereof,—provided such petitions and addresses, votes, proceedings and other papers, are sent without covers, or in covers open at the ends or sides, and contain no Letter or written communication to serve the purpose of a Letter.

Letters and other mailable matter (except that provided for as above) addressed to or sent by the Provincial Governments or Legislatures of Ontario, Quebec, New Brunswick and Nova Scotia, will be liable to the ordinary rates of Postage.

Public documents and printed papers sent under the foregoing clauses should bear, as part of the address, the *bond fide* superscription of the Speaker, Chief Clerk, or officer specially deputed for this purpose to act for those functionaries, or of the Member sending the same.

The privilege of free transmission, as above described, has effect only as respects Canada Postage rates.

All letters and other mailable matter to and from the Postmaster General and the Deputy Postmaster General, and all Official communications to and from the Post Office Department, and to and from the Post Office Inspectors, are to pass free of Canadian Postage.

All letters and communications on the business of the Post Office Department, intended for the Post Office Department at Ottawa, should be invariably addressed to "*The Postmaster General*." The branch of the Department for which the letter or communication is intended should be written on the left hand upper corner of the Letter, thus:

- "For Accountant."
- "For Secretary."
- "For Money Order Office."
- "For Savings' Bank Office."
- "For Dead Letter Office"; or
- "For Cashier,"

as the case may be, but the main direction must be to the Postmaster General, or Deputy Postmaster General.

All letters containing a remittance on account of the Public Revenue sent by any Postmaster in Canada to a Bank or Bank agency; and all remittances or acknowledgments sent by a Bank or Bank agency, on account of Public Revenue to any Postmaster in Canada, pass free through the post, as respects both postage and registration charge.

SMITHERS & SONS, Professional & Business Signs, 40 & 42 Granville St., Halifax.

No printed paper, whether newspaper, book, pamphlet, or other paper, shall be transmitted either free or at a reduced rate of postage, unless it is sent, 1, without a cover or in a cover open at the ends. 2. There shall be no words or communication printed on the paper after its publication, or upon the cover, nor any writing or marks upon it, or upon the cover, except the name and address of the sender and of the person to whom sent. 3. There shall be no paper or thing enclosed with it. Where these conditions are not fulfilled the whole will be charged letter postage.

The word "Newspaper" means any publication issued not less frequently than once a week, and containing notices of passing events—and the word "Periodical" means any publication issued at regular intervals, but less frequently than once a week.

Masters of vessels are entitled to receive for each letter they may deliver when inward bound, 2 cents.

PATTERN POST.—Patterns of merchandize can be sent by post between Nova Scotia and Great Britain at the following rates:—for a packet not exceeding oz. 7 cents; under ½ lb., 12½ cents; not exceeding 1 lb., 25 cents; above 1 and not 1½ lbs., 37½ cents; above 1½ and not 2 lbs., 50 cents; every additional ½ lb. 12½ cents; no parcel to exceed 2 feet in length, breadth or depth. *Must be prepaid.*
