Christ is All.

BY H. MURPHY.

My tongue speaks out in sore complaint

My hands, my feet, my eyes, my heart;

My heart is sick, my spirit faint,

Uncoundness dwells in every part.

I rack my brain about some plan

To save the world, and rescue man;

I see the plan! Christ is my head.

Compassion calls, no tears can start ;

Ah. now they flow: Christ is my heart!

For Christ is strong; his work, complete.

I hear the groans, I see the wound

Of suffering mortals all around;

Relentless poverty demands

The constant labor of my hands

New sorrows still my plans defeat,

A doubtful path I tread; I groan,

To feel the snares around me thrown

My eyes are dim, O sweet surprise!

My path is plain: Christ is my eyes.

Which leads beyond the flow of tears;

Christ gives me feet; I'll climb the hill.

My head, my heart, my feet, my hands,

My tongue, once dumb to love and praise

PAIN KILLER .- To PERRY DAVIS & SON :- Dear Sirs—I feel happy to add one more testimonial of the value of your Pain Killer to the thousands sent

you from nearly all parts of the world. On the 8th of this month I fell from a second story doorway to the pavements, striking on my feet, and bruising them severely; also straining the liga-ment of the ankles. When carried home my feet were black and swollen, and the pain so intense as to cause fainting. I immediately applied your Pain Killer, and continued to do so at intervals of about ten minutes. The second day the appearance was a greenish yellow, with little or no pair and to-day I can walk with ease to my store Yours Respectfully, I. Sucourt, High st. Providence, May 12th, 1857.

The stain on linen from the use of the Pain Killer is easily removed by washing it in alcohol.

He has shown that one pound of rape cake will procircumstances, still more; and its effect was better than that of an equal weight of grain. It appears, also, that in feeding it is equivalent to more than twice its own weight of hay. The great difficulty which is encountered in the use of rape-cake is that cattle dialike its taste; and if they are supplied with a full quantity of turnins or straw, they will consume just a sufficient quantity of these foods to maintain an average weight, and reject the rape-cake offered them. the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements,

Prom a Forwarding Merchant of St. Louis, Feb. 4, 1856

Da. Aven: Your Pills are the paragon of all that is great in medicine. They have curred my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE. As a Family Physic.

As a Family Flysic.

From Dr. E. W. Orderight, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily Headache, Sick Headache, Foul Stomach.

I have cured with your Pills better than to say all that we eyer treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly. PITTSBURG, Pa., May 1, 1855.

DR. J. C. ATER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two fyour Pills. It seems to arise from a foul stomach, which they cleanse at once.

Bilious Disorders - Liver Complaints. Billious Disorders — Liver Complaints.

From Dr. Theodore Bell, of New York Ody.

Not only are your Pills admirably adapted to their purpose as an aperiont, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincersly regiote that we have at length a purgative which is worthy the confidence of the profession and the people.

Sir: I have used your Fills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of billous disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Physician of the Marne Hopsial.

Dysentery, Diarrhea, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients. I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small done for bilious dysentery and diarrhaa. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood. Prom Rev. J. V Himes, Pustor of Advent Church, Boston.
Dr. Ater: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very bost remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

DEAR Six: I am using your Cathartic Fills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the Blood.

From Mrt. E. Stuart, Physician and Mutwelf, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural scare ion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel vorans. They are so much the best physic we have that I recommend Prom the Rec. Dr. Hausicz, of the Methodist Epit. Church.

PULARI HOURS. Savannah, Ga., Jan. 6, 1856.

HONORD Sin: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excutating neurolyte paors, which ended in chronic rhaumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackensis, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely weil.

In the use of them, I am now entirely well.

Senate Channes, Baton Rouge, La. 5 Dec. 1856.

Dr. Attr. I have been entirely cured, by your Pills, of Rhenmotic Good—a painful disease that had afflicted use for years.
