WOMAN GIVES REASON FOR ASSASSINATION

Russian Monk, She Said, Had Shaken Christianity in That Country.

ST. PETERSBURG, July 15.—The Emperor of Russia's court physician, Professor Sergius Petrovitch Fedotoff, started to-day for Lyons, Siberia, according to the Couriers' correspondent Gregory Rasputin, who is suffering from a wound inflicted on him by a woman who tried to kill him.

She declared "he had shaken Christianity, was sowing temptation and was blasphemously mocking the most holy feelings of true believers" and she added that "he enjoyed absolute immunity and had openly and without conscience ruined the lives of young girls."

Gusieva concluded: "I as a simple Christian could not suffer his abuse of the church. I wanted to kill him last year. I went to Yalta, but could not approach him because he was so closely surrounded by aristocratic women followers."

Rasputin in an interview said "It is all that cursed Heliodorus, Abbot of Tsaritsyn. But to the confusion of himself and all my enemies I will live and they will have nooses put round their necks."

Heliodorus was a great rival of Rasputin in the Russian capital, whence he was recently banished owing to Rasputin's influence with the emperor. Rasputin is recovering from his wound.

Should Rain Fall Today It Might Rain Daily For Next Forty Days

If it should rain to-day it might rain every day for the next forty days if you believe Grandma. Of course, it might not but at the same time the fact that July is Saint Swithen's month must not be lost sight of and the almanacs will remind you that the fifteenth is St. Swithen's particular day which means according to tradition that you should annex somebody's umbrella, take down the rain-coat and have a pair of rubbers handy.

The St. Swithen superstition has a simple and devout air which entitles it to respect, particularly as a Bishop is bound up in it. The good Bishop Swithen of Winchester was a very humble man and his desire was that his remains might be put away in the common burial ground of his ministry in order that the rain could fall upon his grave and the wayfarer walk over it, should the wayfarer feel like doing so. He was so buried and no keep off the grass signs were put by the lot; but in order to canonize him the monks of that period were that he should be dug up and placed in a shrine inside the church. This was entirely antagonistic to the

wishes which had been repeatedly expressed by the good Bishop when he had discussed such things, but on one 13th of July some monks gathered for the purpose of transplanting him. They were about to start on the job when it commenced to rain, and it rained the next day and the next, making it a continuous performance for forty days. This kind of dampened the ardor of the busy monks so they left the Bishop's bones where they were, taking the constant rain as a sign of displeasure.

Ever since the idea has been prevalent in some circles that if it rains on St. Swithen's day there will be rain every day for the next forty days.

HURT BY CHISEL. CHATHAM, July 15.—While working on the new Richard block at the corner of King and Market streets, William Harding, a carpenter, living on Lorne Avenue, had the misfortune to let a chisel slip. The sharp instrument struck him on the knee, inflicting a deep cut.

Huerta's Family Is Now Reported In Flight

And Resignation of President is Expected Today —Huerta Likely to Follow With Minister of War.

WASHINGTON, July 15.—With Huerta's family and several close friends in flight to-day from Mexico City, the resignation of the dictator was expected to take place at any time by the State Department and members of the diplomatic corps in Washington. Dispatches from Mexico City stated that Huerta and his Minister of War, General Blanquet, might follow their families from the capital to Vera Cruz some time to-day. In some quarters, however, the view was expressed that Huerta might hold out longer, and that the departure of his relatives only meant that he was preparing to make a final desperate stand against the advancing Constitutionalists, commanding his troops in person. Some administration officials said they were not convinced Huerta was ready to quit, while Querido Moheno, former Minister of Commerce in the Federal Cabinet, was quoted as declaring: "Huerta will not leave Mexico so easily as is generally thought."

Nevertheless, diplomats in Washington directed their efforts at averting fighting in the Federal capital and arranging some means of transferring power to the Constitutionalists without further loss of life. The Constitutionalists, it was declared, would not recede from their stand against any parleys with their enemy that might imply recognition of Huerta or his successor. It was hoped some way might be found to bridge that objection.

Carranza's forces continued preparations to-day to press their campaign against Mexico City. Villa's army, gathered in Chihuahua, was ready for the movement southward, while General Obregon's forces, flushed with their recent victory at Guadaluajara, soon would be in shape, it was said, to resume their campaign. That the Constitutionalists would be in Mexico City within a few weeks, regardless of the action of the Huerta Government, was the belief expressed by some officials to-day.

ENGLISH PRECEDENT FOR DILLON'S CASE

Prisoners There Served Less Time For Similar Offences.

OTTAWA, July 15.—Facts have become known here bearing upon the circumstances leading up to the release from Kingston Penitentiary of Duke Dillon, the Welland Canal dynamiter. It is pointed out that Dillon's record in the prison was irreproachable, the officials reporting him as a model prisoner. Serving a life sentence he could not earn the usual remission for good conduct, which in his fourteen years would have amounted to four years. With good conduct allowance he had served in theory eighteen years. He had had a clean record so far as crime is concerned up to the time of the Welland outrage.

In Great Britain there have been some fifteen sentences since 1882 for similar offences, in some cases there having been treason and felony as well as destruction of property, and the sentences in these cases were commuted to less than the term served by Dillon. The latter was the oldest sane prisoner in Kingston at the time of his release, being 64 years of age, and is described as broken in health after his long confinement.

Will Be Big Strike. Engineers on Roads West of Chicago Decide to Walk Out.

CHICAGO, July 15.—Official written notice to the managers' committee of the western railroads that the 55,000 engineers on those roads would not arbitrate their wage differences with their employers was prepared to-day by union officials.

The position of the men was verbally outlined to the managers' committee yesterday when the result of the strike vote showing that nearly all of the engineers and firemen favored a strike was made public. The written notice was prepared in response to a request from the managers' committee. A formal reply to the message from the workmen was expected late to-day or to-morrow.

The managers' committee contended that the request of the employees for increased pay and more liberal overtime allowances would add \$33,000,000 to the railroads pay rolls.

CHICAGO, July 15.—Relations between the engineers of the railroads west of Chicago and the general managers' committee approached the breaking point to-day when the men's representatives prepared to present a final ultimatum on wages and working conditions. The managers' committee declared yesterday that the demands could not be agreed to. Several members of the engineers' committee predicted to-day that a general strike would be called unless the managers modified their attitude.

W. S. Stone, grand chief of the "brotherhood of Locomotive Engineers and W. S. Carter, president of the Locomotive Firemen and Engineers' committee, head the employees' committee, and the managers' committee is headed by A. W. Trenholm, general manager of the Chicago, St. Paul, Minneapolis and Omaha Railroad.

THE SERVANT TELLS STORY ON MISTRESS

Spells Indictment for Her Mistress, the Wife of Dr. Carman.

And Mrs. Carman Came Rushing in From the Rear Yard.

FREEPORT, L.I., July 15.—Celia Coleman, negro maid in the home of Dr. Edward Carman two weeks ago to-day when Mrs. Louie Bailey met her death there, has told her amplified story to the grand jury. In the opinion of those who have followed the case closely it spells indictment for Mrs. Florence Carman, the jealous wife of the physician, who is now locked up in the Mineola jail charged with the murder of Mrs. Bailey.

The essential part of the maid's testimony as related to the grand jury at Mineola yesterday is that she was in the kitchen of the Carman home at the time of the shooting; that she heard the fatal shot and the commotion in the doctor's office which followed immediately after, and that while she stood stock still in the kitchen, too frightened to move, Mrs. Carman came rushing in from the rear yard.

Mrs. Carman was breathless and excited. The maid said she did not see any revolver, but she not only saw Mrs. Carman, but spoke to her, and Mrs. Carman answered.

Defence Loses Bulwark. Until to-day the maid had been the strongest bulwark of the defence, but now that she has remembered, and related to the grand jury these important things which she had forgotten at the coroner's inquest, she has become the strongest witness of the district attorney. The theory of the prosecution has always been that Mrs. Carman slipped out the back way, went to the window of the doctor's office, broke it with the butt of a revolver and then shot Mrs. Bailey, that she then ran around to the kitchen door or the other rear door— an entrance into the house from the automobile drive about ten feet from the kitchen door—and got upstairs in time to lead her sister and mother to believe that the alibi she had presented as her defence was a true one.

Celia Coleman's inability to recall that Mrs. Carman had dashed through the kitchen was the weakest spot in this theory, and now that she has corrected her testimony, District Attorney Lewis J. Smith believes that he has taken the case against Mrs. Carman out of the realm of circumstantial evidence and is able to present to a jury direct, convincing testimony.

The district attorney had felt long ago that if his theory of the murder was correct Celia would know a great many things which she had forgotten when she testified at the inquest. The morning after the murder, before the finding of the dictograph caused the direction of suspicion at Mrs. Carman, Mrs. Carman's lawyer had obtained an affidavit from

FAILED TO REMOVE THE COUNTERFOILS

Poll of Theford Village is Rejected in the East Lambton Recount.

SARNIA, Ont., July 15.—The neglect of the deputy returning officer at Theford to remove the counterfoils on the ballots resulted in a ruling by Judge MacWatt yesterday rejecting 122 ballots, the entire poll at Theford village. The ruling, if sustained, gives East Lambton to the Liberal candidate, R. J. McCormick. The recount commenced yesterday afternoon at 2 o'clock and proceeded without material change until only one subdivision remained to be examined, that of Theford village, which had given Dr. Martin, Conservative, a majority of 30. The ballots were found to have the counterfoil attached, and F. W. Wilson of Petrolia, counsel for Dr. Wilson, argued for their admission. Several Martin ballots on which cross-hairs had been imperfectly made had been ruled out, but a clear majority of Conservative votes would be the net result unless Theford is excluded.

The ruling of the judge thus gives McCormick a majority of 27. An appeal against the decision was entered by Dr. Martin's attorneys.

Dreaded Army Worms Appear In Millions In And Around Brant Co.

Have Already Cut Many Fine Fields Cleaner Than Any Mower—Experts From Guelph College to Help Fight Pests.

WOODSTOCK, July 15.—That the dreaded army worms is on the borders of Oxford County for the first time in its history, and has already destroyed fields worth hundreds of dollars, was the news brought to the city this morning by District Agricultural Representative Sutton.

He will at once communicate with the experts at Guelph with a view of securing every assistance to stop the ravages of this destructive pest.

He brought with him several hundred of the worms, which range in length from two to two-and-a-half inches, and are most voracious. Fields in the vicinity of Burford, on the borders of Brant and Oxford which a few days ago were knee high with luxuriant crops are, the Government officials state cut more clean than they could be by the finest lawn mower ever invented.

More than a dozen fine fields have been completely ruined, Mr. Sutton states, and the farmers are in terror. Some of the dairymen told him that there are literally millions of the worms, and that they seem to be working along the banks of a small creek, going in an opposite direction to that in which the water is flowing.

In many places the farmers are digging trenches to keep the worms from reaching adjoining fields. A strange feature so far is that they have not attacked the oats.

Many hope to be able to fight the pest, as the Leamington onion growers did recently, with paris green and there are literally millions of the worms, and that they seem to be working along the banks of a small creek, going in an opposite direction to that in which the water is flowing.

It appears that the C. P. R. is now in control of the partially constructed Lake Erie and Northern Railway between Galt and Port Dover, and if rumors which cannot be verified prove correct, this line will be used as a connecting link between the present Toronto-Galt main line and the Michigan Central, which it is understood, the C. P. R. are trying to acquire to lessen the mileage distance of their fast trains from Montreal and Toronto to Chicago. The junction with the Michigan Central would likely be made at Waterford.

South Oxford election recount has started. Negotiations to avert a strike of 55,000 trainmen on the western railroads have so far failed.

Greatest Fleet Ever Mobilized. MONTREAL, July 15.—A London cable to the Daily Mail says the test of mobilization of the British navy, which this year is taking the place of the usual annual manoeuvres, began to-day. At the end of February the Admiralty issued invitations to the men of the Royal Fleet Reserve to volunteer for eleven days' training, and the results were so satisfactory that no fewer than 483 warships of all classes are fully manned with efficient ratings for the next ten days. No fleet approaching these dimensions has ever before been sent to sea.

Colonel Denison Has An Experience. The colonel said he was not. "Are you a detective, plaintiff or defendant?" then asked the orderly, edging up to the magistrate. Colonel Denison answered in the negative and was then told to "Get out."

ST. JOHN'S, Nfld., July 15.—To-day was observed as a general holiday here in honor of the landing of the Duke of Connaught, governor-general of Canada, after his voyage on the Warship Essex along the coasts of Newfoundland. All vessels in port were decorated everywhere.

It was arranged that the Duke should be received by the governor of Newfoundland, Sir Walter Davidson, the Premier, Sir Edward Morris and members of the cabinet, pastors of the churches and foreign consuls. A visit to the King George V. Institute, devoted to the interests of seamen and fishermen was to be followed by a review of cadet brigades on St. field. The duke also planned to open Bowring Park, an eight acre tract given to the city by a large fishing firm and to lay the corner stone of a tuberculosis sanitarium.

MORE POWER, NEW CANAL FOR AMERICANS

United States Wants to Import Electric Energy From Niagara Falls.

Would Also Build a New Canal on the American Side, it is Said.

WASHINGTON, July 15.—The House Foreign Committee had before it to-day Secretary of War Garrison's letter urging removal of restrictions upon importation of electric power from Canada and retention of the present limit of 15,600 cubic feet per second upon the amount of water diverted for power purposes from the Niagara River above the Falls on the American side. The committee has called a meeting for a general discussion of the Niagara diversion problems to-day when representatives of the Seneca Indians were expected to appear in support of their claim to rights in the Niagara under the Pickering treaty.

Secretary Garrison accompanied his letter with a report by Brigadier-General Kingman, chief of engineers of the army, declaring that the enormous commerce on the great lakes probably would soon demand a ship canal between Lakes Erie and Ontario on American soil. Secretary Garrison stated that there was apparently no good reason for an express limitation on the water diverted below the falls.

The committee had before it the Cline and Smith bills, which Secretary Garrison endorsed in a general way, stating that they closely approach the legislation needed for the protection of the Niagara River and for the best and most economic use of its waters for power development not inconsistent with navigation interests.

In his report to Secretary Garrison, General Kingman advised "against permitting a daily diversion at a given rate," citing the Canadian treaty provision covering a daily diversion of 20,000 cubic feet per second. He explained that in view of the enormous American commerce on Lake Superior, Michigan, Huron and Erie, that Congress had provided St. Marys Falls canal, "which handles more commerce than the St. Lawrence and more probably than the Panama canal will handle in a generation." That the Canadians have a parallel canal there, that if this commerce should seek Lake Ontario it would, under existing conditions, be limited to the Welland canal which is too shallow and in Canadian territory, and that "it seems probable that American interests soon will require a ship canal from Lake Erie to Lake Ontario on American soil."

The chief of engineers added that to extend the present 15,600 cubic feet per second to 20,000 or to a daily average of 15,600 per second might materially increase the difficulty of adjusting the matter to the advantage of the nation, and interfere with the scenic grandeur of the falls.

Stating that while the Burton Niagara River diversion law was in operation, the average cost of administration was \$4000 a year. Secretary Garrison submitted an amendment to the proposed legislation so as to declare that the purpose is "to authorize such control and use of the waters of the Niagara River as shall be best adapted to conserve and utilize the water in the interests of navigation, full development of what power and other public purposes," and to appropriate \$50,000 for examinations and investigations to carry out this general purpose.

Nuptial Notes

A quiet but fashionable wedding took place in Zion church at 11 o'clock to-day when Mr. W. Hastings Webbing, manager here for the Travellers Insurance Company, was married to Miss Edith Gertrude Scarfe, third daughter of the late Sheriff Scarfe. Only the immediate relatives were guests at the wedding, although a number of intimate friends were in attendance at the church to show their love and regard for the contracting parties.

The ceremony was performed by the Rev. G. A. Woodside, M.A., pastor of Zion church. The bride who looked particularly charming in a travelling suit of blue cloth with hat to match and carrying a bouquet of white marguerites, was given away by her brother, Mr. Reginald Scarfe, president of the Board of Trade.

After the signing of the register, an impromptu reception was held in the church, where the happy couple were the recipients of most sincere and loving good wishes.

The many presents received from friends in the city and province were exceptionally beautiful and chaste. Mr. Webbing has for many years been the Secretary of the Brantford Golf and Country Club, and is immensely popular in golfing as well as business circles. He has also

quite an international record as a writer of golf poetry and stories. The fair bride is a member of one of Brantford's best known and most prominent families and the cordial wishes of hosts of friends will be extended them for many years of prosperity and happiness in their married life in which sentiment the Courier begs leave to join.

Mr. and Mrs. Webbing immediately after the ceremony motored to Hamilton leaving there this afternoon for Boston and other resorts on the Maine coast. On their return they will take up their residence at 211 Brant avenue.

ATTACKED SECRETARY
LONDON, July 15—Two militant suffragettes to-day made a violent attack on the Right Hon. Thomas McKinnon Wood, secretary of state for Scotland, as he was leaving his residence. The women were both armed with heavy horse whips with which they struck Mrs. Wood several times across the shoulders. They were both arrested.

EVACUATION.
On board U. S. S. California, Mazatlan, Mexico, July 14, via San Diego, July 15—Evacuation of Guaymas by the Mexican Federal forces was begun to-day with the arrival of the steamer Benito Juarez, according to reports made to Rear Admiral Howard. The first step preliminary to the general exodus of Federals began with the embarking of horses and cattle.

INDEMNITY TOO SMALL, HE SAYS

William Lancaster, M. P., Will Not Run For Office Again.

[By Special Wire to the Courier]
ST. CATHARINES, July 15—E. A. Lancaster, M. P. for Lincoln for the past 14 years, author of the celebrated marriage bill, and chairman of the railway commission of the Commons, who recently returned from a rest trip to a Nova Scotia sea resort will not again offer himself for re-election and his chief reason given out is that the sessional indemnity of the Dominion Commons is not sufficiently high. Last night Mr. Lancaster was presented with an illuminated address by the executive of the Lincoln Association expressive of the appreciation of his services to his constituency and the whole Dominion trusting that he would soon be restored to health which wishes were accompanied by a substantial purse of gold, the amount extending into four figures. It was in reply to this felicitation that Mr. Lancaster made the announcement of his decision and asked that a convention be called to name a successor. He will sit out his present term in the house.

THE TUESDAY NIGHT INCIDENT
With Reference to the Arrest of an Old Disturber.
With reference to the incident reported in the Courier, in which P.C. Pickett was concerned, it should be mentioned that after hearing the evidence Police Magistrate Livingston stated that he considered the officer had done a plain duty. Members of the force must be respected in their official capacity. The public should protect the police as well as the police protect the public. The delinquent in the case had previously received sentence for disorderly conduct. He would let him out on suspended sentence, on condition that he pledged himself to behave in the future.
In the opinion of the magistrate the complaint was simply performing a plain duty in accordance with the demands of the case.

Rich Lady Left Fortune To Her Lover's Son
One of the most remarkable love romances of the century is recalled by the death of Mr. C. Alston Smith Ryland in the Old Country.
Miss Ryland—Louisa Anne Ryland was her full name—belonged to an old and honorable Birmingham family. She was the only child of Mr. and Mrs. Samuel Ryland, and was born on the 14th of January, 1814. Her parents then lived at Edgbaston, Birmingham, and early in her youth Miss Louisa Ryland conceived an affection for Mr. Henry Smith, whose father had come in contact with Mr. Samuel Ryland through the exigencies of business. It was generally supposed that Mr. Ryland had become possessed of great wealth, and as the years passed by and so other child was born it became obvious that the attractive young daughter would in all probability be the only heiress to her parents' fortune.
Under such circumstances it was perhaps inevitable that these should be many suitors for the young lady's hand, but Miss Ryland never gave any indication that her heart had responded to the overtures of her many admirers until Mr. Henry Smith confessed his whole-hearted admiration for her.
The attraction was mutual, and Miss Ryland is declared to have confided to her youthful friends that she had lost her heart completely to her gallant wooer. There were all the materials for an interesting romance, and time only served to deepen the feeling of attachment the young heiress felt for Mr. Henry Smith.
The two young people were madly in love with each other, and Mr. Smith offered his hand and heart to the object of his sincere devotion. What actually transpired will probably never be known, but it is said that before giving her acceptance, Miss Ryland informed her ardent lover that her father would have to be consulted in the matter before their engagement could be publicly announced.
True Love Never Runs Smoothly.
Here the two young sweethearts were to learn the truth of the old adage that the course of true love never runs smoothly, and Mr. Samuel Ryland struck terror into the hearts of the youthful lovers by his decided refusal to sanction their courtship.
It was but natural, he argued, that the suitor should be ambitious for his daughter. She was young, well educated, attractive, and in his death would be fabulously wealthy. Who knew what ambitious alliance she might enter into? At any rate, Mr. Samuel Ryland had no intention of his only child marrying a comparatively moderately situated man like Mr. Henry Smith.
With words to this effect the angry father gave to his daughter and her sweetheart never countenance their marriage, and that it were better that they should each realize that fact, and understand that his views upon the question of their possible union could undergo no change. He had other plans of a more ambitious character for his only child, and the heiress to his wealth.
There was no brooking Mr. Ryland's word, and although some say that the crushed lover was for denying the stern parent and trusting to time to soften his views Miss Ryland had a dutiful daughter, and would have no part in openly defying her father's command or acting contrary to his expressed wishes.
Lived a Solitary Life
The broken hearted lovers had to part, and Miss Ryland—she was but a girl at the time—showed how much she had taken the decree to heart when she declared that if she could not marry the man of her choice she would never wed.
Although she reached a ripe old age, Miss Ryland never went back upon her word in this respect, and died a maiden lady. Her father purchased a large residence at Shrovebourne, near Barford, in Warwickshire, and here the lonely young lady forbidden her lover, lived a solitary life with her rich parents.
Two years after her father had passed away, Mr. Henry Smith was elected Mayor of Birmingham, and six years later a similar honor was accorded him. One can readily imagine the interest of Miss Ryland would take in the career of Mr. Smith, and when he was elected Mayor.
Eight years after his concluding term of office in the Mayoral chair Mr. Henry Smith had a son born to him, for he had married a Miss Phipson. Miss Ryland displayed a great interest in the boy of the man she had hoped would have been her husband.
Very few people knew of the great interest she felt for the lad, and she made many gifts to him, without either the son or the father being aware of the identity of the donor. When the boy, Charles, was ready to commence business he joined a Birmingham firm of auctioneers, Miss Ryland got to hear of this, and without giving any indication of her intentions for the future, she sent for her estate agent. The wealthy woman told him to go to any price to buy young Smith out of the auctioneering firm and to give him a partnership in his own firm.
On January 28, 1888, Miss Ryland died at her residence, Barford Hill, Mr. Charles Alston Smith, then a young man thirty years of age was amongst the company invited to the simple funeral, and he felt very sad and forlorn, for he reflected that he had lost the best and most generous of friends.
He did not know the full story of Miss Ryland's great love for his father, and was wholly unprepared for the surprise in store for him. Great curiosity was expressed as to the manner in which the late Miss Ryland had disposed of her wealth, for it was known that she was worth several millions of pounds at the time of her death.
Subject to numerous pecuniary legacies to relatives and to others and to charities, the residuary personal estate, estimated to be worth at least another \$1,500,000 was settled on the young man.
The furniture and effects at Barford Hill with the cash in bank were also left to him, and he was directed to take the names and arms of Ryland in conjunction with his own. The total value of Miss Ryland's property was estimated at the time as upwards of \$10,000,000, but since her death the rise in value of land in Birmingham and the growth of building in the suburbs must have increased the value of the property.
Upon coming into his prodigious inheritance, Mr. Smith took up the name of Ryland, and when he went to reside at Miss Ryland's beautiful residence, Barford Hill, he was formally acknowledged as Mr. C. A. Smith Ryland.
His first act on coming into the property was to return half a year's rent to the tenant, and he always proved himself a kind and considerate landlord, and in many ways completed the schemes Miss Ryland had in hand when death claimed her.

DOUBLE DROWNING.
DIGBY, N.S., July 15.—A double drowning accident occurred at Barton last evening. Three young men, Kenneth Perry of Barton and Reginald and Claude Miner, sons of the late Dr. Miner of Dorchester, Mass., were out motor boating. When returning from the boat in a small punt during a rough sea it capsized throwing its occupants into the water. Young Perry swam ashore, but returned to save his brother with the result that both were drowned. The bodies were recovered this morning and the inquest held resulted in a verdict of accidental death. Reginald Miner was aged 20 and Claude 16.

Villa Arrives
EL PASO, Tex., July 15.—General Francisco Villa, his staff and a small escort, arrived to-day at Juarez to spend a few days at the border. The northern divisional commander is expected to return south and have his entire army moving towards Mexico within eight days. The Villa troops are spread over southern Chihuahua, while at Juarez General Villa will arrange for supplies. While it is known that his supply of artillery ammunition is ample, he is short of rifle cartridges.

WINSTON RECEIVES.
LONDON, July 15.—Winston Spencer Churchill, First Lord of the British Admiralty, had a reception in the House of Commons to-day for a contingent of midshipmen from the United States battleship Missouri. He conversed with them for a long time, showing great interest in American methods of training and life aboard, and in return he told his young visitors all they wanted to know about British naval cadets.

Evidence Completed
The hearing of the evidence on the arbitration between the L. E. & N. and Mr. Clarke, was finished last night, and the board of arbitration will meet on Wednesday next to give their decision.

SYMPATHY AROUSED
ST. JOHN, N.B., July 15.—The extent of sympathy aroused over the death of Special Policeman Frank E. O'Leary, who was shot by John Braman, the boy burglar, was shown by the throngs which lined the route of the lengthy funeral procession this afternoon. Many floral pieces rested on the casket. In the funeral cortege was a squad of fellow policemen and all the fire companies of the city.

A NOTABLE INCIDENT.

At a meeting of the Imperial Defence Committee held yesterday in London, Canada was personally represented by Hon. Mr. Perley, Acting High Commissioner. This is the first time that a representative of the Overseas Dominions has been included in the deliberations of that important body, and it marks a new and most important departure with reference to the Empire.

To the late Hon. Mr. Chamberlain belongs the credit of having first recognized and emphasized the fact that the "Colonies," so-called, were not such, but really nations giving loyal allegiance to the British Crown.

Premier Borden, on his visit to the Old Land, not long ago, emphasized the same point in a most direct way, and stated in unreserved terms that the time had come for Canada and the rest to have a voice and recognition in connection with Imperial affairs.

This is as it should be. We are all proud of the grand Old Union Jack and the things that it typifies, and a part in Empire Councils is not only warranted, but also most desirable.

THE LAMBTON CASE.

Dr. Martyn, the Conservative candidate for East Lambton in the recent Ontario contest received a majority of the votes of the electors. That fact has been thoroughly established, but on a recount the seat has been awarded to his Liberal opponent.

Under the act Deputy Returning officers are obliged to tear off and destroy the counterfoil on which a number is printed. At the polling booth in the village of Theford this was not done and consequently 123 ballots have been disallowed by the Judge. Of these Dr. Martyn had 31 majority.

It may be strict law to thus cheat a man of a riding justly won by him but it is not common sense, and it is not justice. The intent of the voters was clearly demonstrated, and to deprive them of the right to have their ballots counted is little short of intolerable. It is stated that the matter will be taken to the Court of Appeal and this should certainly be done.

There is a similar situation in West Kent. There no fewer than some six hundred ballots were placed in the boxes with the counterfoils attached.

If they are counted the Conservative will win by a small majority. If thrown out that will mean the return by about fifty of Mr. Brackin (Liberal). The latter has already declared that he does not wish to secure the seat in any such manner and if declared to be the member he will at once resign in order to have a bye-election. Good for him.

One of the main troubles in connection with all elections is that in many instances men are appointed as Deputies who do not possess clear enough ideas of the duties to be performed. For such an important office the best available material should be employed.

THE PRICE THEY PAY

Hon. Mr. Foy, Ontario Attorney-General, is reported to be in a very serious condition. His illness was brought about by the strenuous work and responsibilities placed upon his shoulders as Acting Premier during the sickness of Sir James Whitney. The latter also, it will be remembered, collapsed as the result of too great and unremitting devotion to public affairs.

Case after case might be quoted of other Canadian public men who have thus spent themselves for their fellows.

After the stormy session of two years ago in the Dominion House, Premier Borden also had a partial breakdown, and it was only an exceptionally strong constitution which led to his recovery.

The late Hon. A. S. Hardy, when at the head of Ontario affairs, literally worked himself to death, the sudden demise of Sir John Thompson when Premier was attributed to over-taxed powers, and it is well known that the late Hon. Mr. Paterson went

into the Dominion fight in 1911 against the advice of his physicians. He did this because in characteristic manner he considered that having been one of the sponsors for "Reciprocity," he felt that in all honor he should help to see the issue through. Many other examples might be quoted. Such men pass away from devotion to national duty, just as much as those on the field of actual battle.

The Courier has more than once heard the comment that Ministers in the Old Land seem to keep up in remarkable style. The explanation is that a large portion of their work is carried on by under secretaries—members of the House who in that chamber and in other directions represent their chief. It would certainly seem that some such plan should be adopted in Canada.

NOTES AND COMMENTS

Beef has gone up in price, notwithstanding the fact that the crop of beefers constantly remains at the same high figure.

A paper of that city has an article on "Montreal's shortcomings." And as the outgoings are also outrageous, things would seem to be in pretty bad shape around those diggings.

There is quite a deal of pleased chatting around the village pump in Woodstock these evenings, because the population for the first time in many years has shown an excellent increase. Glad to hear of it.

The Calgary Herald congratulates a young lady there who has passed her finals as an architect and will start "to plan houses." Tut, tut, man. Women have been making homes for quite a while back.

In Ohio, since women have secured the vote, the law has been altered so that men are compelled to wear skirts on their bathing suits. First thing they know they will also be prevented from sporting slit pants.

Dr. Hill, at a sanitation convention, created somewhat of a sensation by asserting that too much cleanliness was not good, and that dirt had its advantages. The doctor should have lived at the period, told of in D'Israeli's "Curiosities of Literature," when the members of a certain religious order deemed it a crime to wash.

All anyone wishing to know if the Abbott was at home had to do was to step two miles to windward of the convent. Their noses did the rest.

GRAND TRUNK PACIFIC NEARLY COMPLETE.

OTTAWA, July 15.—Collingwood Schrieber, chief consulting engineer of the Government, returned from an inspection of the G. T. P. from Winnipeg to Prince Rupert, announces that all sections of the line are linked up and will be ready to operate this fall. As the Government has completed the eastern section, this means that the only gap now remaining from Halifax to Prince Rupert is the Quebec bridge.

BIG PLANT FOR HAMILTON

HAMILTON, Ont., July 15.—Herbert French, treasurer of the Procter-Gamble concern of Cincinnati, multi-millionaire soap and perfume manufacturers who have just decided to build a plant here at a cost of over a quarter of a million dollars, made the following statement in connection with the firm's decision: "Our concern moves to Canada as a result of the British policy of protecting its trade. This protective policy has forced us to give Canada equal representation in the manufacturing end of our trade. These conditions have been slowly forced upon American manufacturers and will result in many such moves in the near future. Our move will probably lead to several other large concerns looking towards Hamilton and other Canadian cities as headquarters for their Canadian production. Our company has a largely increasing Canadian trade and we propose to protect it by building a great plant at Hamilton."

RECEIVED INSTRUCTIONS

MONTREAL, July 15.—Umbrage has been taken by many French-Canadian Roman Catholics because the French vice-consul to Canada, D. R. L. Raymond, received instructions from his government not to attend mass in Notre Dame Church in connection with the celebration yesterday of the fall of the Bastille. The consul himself says that his government is anxious to preserve the strictest neutrality in regard to all religious denominations.

HAS BEEN SUSPENDED

ROCHESTER, N.Y., July 15.—Bill O'Hara, leftfielder for the Toronto Maple Leafs, has been fined, suspended and sent home because of his tilt with Manager Joe Kelly yesterday in the ninth inning of the game at Bay street park. After the game Kelly suspended the player, fined him and gave him a ticket to Toronto where to-morrow the matter will be taken up with President McCaffery of the club. It would not be surprising if O'Hara should wear a different uniform soon.

THE SERVANT TELLS STORY ON MISTRESS

(Continued from Page 1)

Celia to the effect that she had been in the kitchen until long after the shot was fired, but had not seen or heard anything; that no one had come through the kitchen; neither had she seen Mrs. Carman downstairs since supper time.

Celia had testified to the same effect at the inquest. She also testified under oath that she had signed the affidavit obtained by Levy without having read it, or without having had it read to her.

For these reasons the district attorney decided that it was best to get the girl away from the Carman home, where she was under the influence of anyone Dr. Carman might send in to her. So she was subpoenaed last Thursday to appear before the grand jury. She did not testify, but on her own request that she be kept away from Freepoint she was taken to some spot where no one could get to her.

The Story in Detail.

Guards stood at the top of the stairs leading to the grand jury room, and no one could pass except those who had business with the grand jury. Celia was smuggled into the building by a back way, after having been driven to the courthouse in a closed rig. Whereas at the inquest the girl was nervous and frequently broke into tears, she told her story yesterday without any hesitation.

She was on the stand about 25 or 30 minutes. She described breakfast in the Carman home, and told how Mrs. Carman, Mrs. Platt Conklin, her mother, and Elizabeth Carman, nine years old, daughter of Dr. and Mrs. Carman, had prepared to go to the city.

They returned for a late supper beginning at about 7 o'clock. Afterward Celia went into the kitchen, she said, to wash the dishes and have her own supper. She could not fix the time of the shot very accurately, but thought it was about 8 o'clock.

Then she heard the commotion in the doctor's office. There is a butler's pantry between the kitchen and the doctor's office, and Celia said that she ran into that, but held the door leading from the pantry into the kitchen open with her back placed against it.

She stood there a moment, and then into the kitchen from the rear yard came Mrs. Carman. She was out of breath; she was excited, and was hurrying. Celia stepped into the kitchen from the pantry, and Mrs. Carman spoke to her. "What is the matter?" she said. "The doctor is dead," Celia said. "The girl said that she did not see TWO Doctor's wife, zzzep tdi, a revolver in Mrs. Carman's hand. Mrs. Carman then went upstairs, and Celia remained in the kitchen to finish the dishes and her supper. Then she went upstairs to bed.

Also Saw Mrs. Carman.

The importance of this testimony cannot be exaggerated. With Elwood T. Barden to testify, as he already has before the coroner that he saw a woman of Mrs. Carman's description standing outside of the window from which the shot was fired, as he turned his head at the noise of the shot, and with Celia testifying that immediately after that Mrs. Carman ran upstairs, there is little doubt in the mind of anyone that Mrs. Carman was in the house at the time of the shooting.

The Husband's Story.

Dr. Edwin Carman, who the district attorney believes could clear up all the mystery of the shooting if he would, also testified. He forgot many things. He seldom made a definite statement but usually "thought" he was correct. He narrated the same story that he did not know Mrs. Baidley that after he had advised her medically and that she stood at the door of his office and she was ready to go there, came a crash of glass.

Carman looked at the window and saw the revolver in the hand he said. He thought it was a left hand and he thought it was a man's hand. He dived behind the operating table, leaving Mrs. Baidley to her fate. Then came the shot, and he jumped up in time to catch Mrs. Baidley before she fell.

Then came Celia Coleman, who was followed by Mrs. Jennie Duryea, the white-haired mother of the dead woman, and one of the most tragic figures in the whole case. She told the grand jury that she had never heard of Dr. Carman and did not know that her daughter knew him. Before Mrs. Baidley left home at 3 o'clock that Tuesday afternoon to call upon Mrs. John C. Grabau, of Rockville Centre, Mrs. Duryea had noticed a slight puffiness under her eyes, and had advised medical attention, but Mrs. Baidley had laughed it off. The next Mrs. Duryea knew of her daughter was at 9.40 that night when some

man notified them over the telephone of Mrs. Baidley's murder. The daughter and husband of the dead woman testified to the same general effect that they did not know Dr. Carman, and had never heard Mrs. Baidley speak of him.

Hearing resumed

MINEOLA, N.Y., July 15.—At the resumption to-day of the grand jury investigation into the murder of Mrs. Louise Bailey on the night of June 20, in the office of Dr. Edward Carman at Freepoint, District Attorney Smith proceeded to call the three physicians—Dr. Roy D. Grimmer, Dr. Howard Phipps and Dr. W. M. Runcie—who performed the autopsy on Mrs. Bailey's body.

Of the three physicians, Dr. Runcie who has been a close friend of the Carman family and lives across the street from them, in Freepoint, was the first person called by Dr. Carman after the murder. He is expected to tell the grand jury the conversation he held with Mrs. Carman, who, it is said told him about the telephonic device by means of which she was enabled to hear conversations between Dr. Carman and his women patients. Other witnesses under subpoena for to-day include Gaston Boissonault and P. C. Burne who the company that installed the telephonic wires and instruments for Mrs. Carman; Coroner Norton said Mrs. Ida Powell, sister of Mrs. Carman. The coroner is expected to produce the bullet, the medicine that Dr. Carman gave Mrs. Bailey and the hand bag and purse she carried when she was killed.

The district attorney announced that he had learned the names of the two women patients who were in Dr. Carman's office at the time of the murder, and who fled. They live near Freepoint, it is said, and probably will be called before the grand jury to-morrow or Friday.

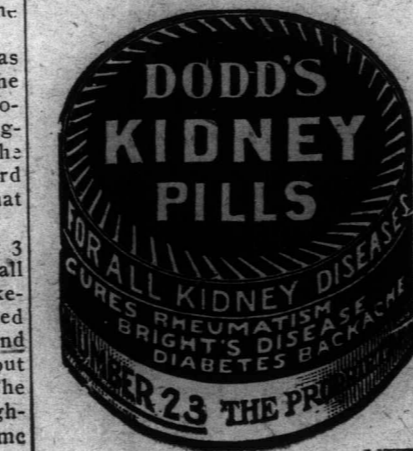

The testimony of Elwood T. Barden, whose statement at the coroner's inquest that he saw a woman walk from the office window to the back of the Carman house just after the murder shot, resulted in Mrs. Carman being charged with the murder, remains to be repeated before the grand jury. District Attorney Smith expected to-day to close his case before the grand jury by Friday.

Uncle Walt The Poet Philosopher

OLD AND YOUNG. "If I could be that little boy," the weary grown-up sighed, "my jaded heart would swell with joy, and I'd be satisfied. For when all things are said and done, youth has the right of way; it has monopoly of fun, of gladness, mirth and play. Boys have no problems dark and deep, to make the spirit sore, to rouse them from the midnight sleep, and make them walk on the floor. The world's a play ground for the kid, grief threatens him in vain; he does not bear beneath his lid the cares that gnaw the brain. Oh, youth, the grown-up sighed, "could I but have it back again—Could I but say a long good-bye to woes of toiling men!" The lad whose lot is envied thus, is not swelled up with cause he is a boy. "They grind me with the iron heel," he says, "against my wish, and turn me like to fish. I feel, when I would like to sleep, I have to hoe the beans and spuds a long and weary while, when I would like to shed my duds and swim about a mile. My dad, he tells me he will tan my jacket if I shirk; oh, chee, I wish I was a man—then none could make me work!" Alas, no perfect bliss on earth has ever yet been sprung; but let's pretend we're full of mirth, though we be old—or young! WALT MASON.

GATOR STILL AT LARGE IN OLD WELLAND CANAL

ST. CATHARINES, July 15.—The four foot alligator which a short time ago escaped and found congenial quarters in the Welland Canal, putting a stop to bathing, is still at large. BY-LAW NO. 1303

Of the Corporation of the City of Brantford—To Provide for the Early Closing of Certain Shops.

WHEREAS, under the provisions of the Factory Shop and Office Building Act, Chapter 229 of the Revised Statutes of Ontario, 1914, a petition has been presented to the Council of the Corporation of the City of Brantford praying for the passing of a By-Law to provide for closing shops conducting business in the sale by retail of boots and shoes between the hours of seven o'clock in the afternoon of each day of the week and five o'clock in the forenoon of the following day of the week (except Saturday and the several days throughout the year which precede a holiday), and between the hours of ten o'clock in the afternoon of each Saturday and five o'clock in the forenoon of the following Monday throughout the year and between the hours of ten o'clock in the afternoon of each day of the week which precedes a public holiday and five o'clock in the forenoon of the day following such public holiday, provided always that each day during ten days before Christmas the hours of closing shall be from ten o'clock in the afternoon of each day until five o'clock in the forenoon of the following day;

AND, WHEREAS, this Council is satisfied that such application is signed by not less than three-fourths in number of the occupiers of shops within the Municipality carrying on the sale by retail of boots and shoes including occupiers of shops who carry on such business solely as well as those who carry on said business in conjunction with the sale of other goods;

THEREFORE the Council of the Corporation of the City of Brantford hereby enacts:

1. From and after the twentieth day of July, 1914, all shops within the City of Brantford in which the sale by retail of boots and shoes is conducted shall be closed for the sale of boots and shoes, and remain closed on each and every day of each week throughout the year, (except on Saturdays and on the day next preceding a statutory holiday and except during the ten days preceding Christmas), from the hour of seven o'clock in the afternoon of each day until the hour of five o'clock in the forenoon of the next following lawful day.

2. From and after the twentieth day of July, 1914, all shops within the City of Brantford in which the sale by retail of boots and shoes is conducted shall be closed for the sale of boots and shoes only, and remain closed on each Saturday and on each day next preceding a Statutory holiday and on each day during ten days before Christmas from the hour of ten o'clock in the afternoon until the hour of five o'clock in the forenoon of the next following lawful day.

3. This By-Law shall take effect on and after the twentieth day of July, 1914.

This By-Law shall be published in the Brantford Courier and the Brantford Express newspapers on Saturday, July 11th and on Wednesday July 15th, 1914.

5. Any person convicted of a breach of the provisions of this by-law shall forfeit and pay at the discretion of the convicting magistrate a penalty not exceeding fifty dollars (exclusive of costs), for each offence, and in default of payment of the said penalty and costs forthwith, the said penalty and costs or costs may be levied by distress and sale of goods and chattels of the offender, and in case of their being no distress found out of which such penalty and costs or costs only can be levied, the convicting magistrate may commit the offender to the common goal of the County of Brant for any period not exceeding twenty-one days unless the said penalty and costs (if any) including the costs of distress and of the committal and conveyance of the offender to the said goal are sooner paid.

Passed this 8th day of July, 1914. H. F. Leonard, John H. Spence, Clerk, Mayor.

FURTHER EVIDENCE IS GIVEN TODAY

In Connection With the New Brunswick Graft Charge.

[By Special Wire to the Courier]
ST. JOHN, N.B., July 15.—When the royal commission enquiring into the Dugal charges of alleged \$100,000 timber limit extortions by Hon. James Kid Fleming, Premier of New Brunswick, through William H. Berry, chief of state of crown lands, was resumed here this morning, John E. Moore, lumberman, of St. John, was called. He said he paid \$75 a square mile for his timber license renewals. He paid nothing else and was asked for nothing else. In July, 1913, he received a draft for \$4,500 from the Dominion Pulp Company, Chatham, cashed it and handed it to W. H. Berry, N. M. Jones and Berry called at his office. Jones gave witness a cheque for \$3,255, payable to his order. He endorsed it and handed it back. He received a Bank of Montreal draft for \$5,000 in his favor sent by the bank manager at Bathurst. He endorsed it, had it cashed, and handed Berry the money. Berry did not tell him what the money was for or anything about an election fund. No explanation was given him. A letter from the Bathurst bank manager had been mislaid, but he hoped to find it. As he remembered it, it read: "Enclosed find draft for \$5,000, receipt of which please acknowledge." He believed the money was for Berry, as he and Mr. McLean of the Bathurst Company had been together at his office, and he understood it was for Mr. McLean. He did not know \$15 a mile was being collected, but knew from Mr. McLean that contributions were being made. Berry told him something was coming from him and the next day the draft arrived. Berry had not asked his permission to use his name.

In reply to questions Mr. Moore said he did not know what became of these amounts, but Berry told him the \$20,000 collected from C. C. Cutler was paid to Mr. Teed. Berry did not name any amount, but mentioned it as Stetson, Cutler & Company's payment.

James A. Rundel of New Castle testified to paying \$832.50 to Mr. Brankley. Berry asked him for it. He said he had to pay it, that he had orders from the Surveyor-General to collect it, and that he had to pay it to Brankley. He regarded it as a condition for securing the renewals. He did not know that it was for an election, or would not have paid. He asked him (Berry) what this \$15 a mile was for. Berry said: "I cannot tell you. All I can say is that the Government sent me over here to get it." By Surveyor-General, witness said he meant the present Minister of Lands and Mines, Mr. Flemming.

ALL IN READINESS FOR DEPARTURE

Lipton's Challenger, Shamrock IV Sails For America on July 18.

[By Special Wire to the Courier]
GOSPORT, End., July 15—Everything is ready for the departure on July 18 for the United States of Shamrock IV, Sir Thomas Lipton's challenger for the America's cup. Her compasses have been adjusted, her ketch rig fitted and the steam yacht Erin also belonging to Sir Thomas Lipton is waiting to convey her across Atlantic.

Shamrock IV has done all that has been asked of her, is the final word of Charles F. Nicholson, the designer. He admits however, that the trial boat was in no way satisfactory as the type of opponent which would enable yachtsmen accurately to gauge Shamrock IV's chances of lifting the America's Cup.

Under-writers at Lloyd are not so optimistic as Mr. Nicholson, concerning Shamrock IV's chances. Their estimate to-day was roughly 3 to 1 against the challenger. In other words they are issuing policies at a premium of 35 per cent. to pay the total loss if Shamrock IV should prove successful. A similar risk in connection with the aeroplane flight across the Atlantic during the present year is being covered at 8 per cent.

The crew of Shamrock IV numbering more than 20 men is to be divided during the voyage across, half of the sailors luxuriating on board the Erin as far as the Azores and then relieving their shipmates for the remainder of the journey.

EXCURSIONS TO-DAY

Grocers and Butchers Carried Less Number Than Usual.

Despite the threatening appearance of the sky this morning 750 people left on the T. H. & B. special trains at 7.20 this morning on the Grocers and Butchers picnic, to Niagara Falls. The crowd was not as large as other years but the threatening weather no doubt kept the number down to smaller appearance. There were 12 coaches and one baggage car making up the train and excellent time was made, reaching Hamilton in 45 minutes and Welland in less than an hour's run from Hamilton. The returning train will leave Niagara Falls to-night at 7.30, arriving here about 9.15.

SANCTUARY BOYS HOLD PICNIC

Had Great Trip to Toronto, Where They Enjoyed a Pleasant Day's Outing.

A jolly and most successful outing indeed was the picnic and excursion of the Sanctuary Boys of St. Basil's Church held yesterday to Centre Island, Toronto. Four crowded cars left the radial station early in the morning to Hamilton when the Toronto boat was boarded. The lake ride itself was a very pleasant feature of the day but the young people more than enjoyed the day at Centre Island, where games, races and all kinds of fun were indulged in. Rev. Dean Brady and Rev. Father Doyle accompanied the young people, a goodly number of the congregation attending as well. The committee in charge of the sporting events was

LONDON OUTSCORES RED SOX WHEN HAMMOND IS IN FORM

Gero Gets Off to Poor Start, Tecumseh's Scoring 3 Runs in Opening Inning, Winning 3-1.

LONDON, July 15.—Doc Reisinger's pennant chasers drew away a few more points yesterday, when they again beat Brantford, who were supplemented by two new infielders, and Manager Deneau took in harness by the score of 3 to 1. Judging from the performance of the Brants and the result of the contest upon their last series here this season it looks every bit as though Brantford would have to be satisfied with winning but one game from London all season, it being a victory by Gero in extra innings on June 10. This however, can be made two should they take to-day's game from the locals, but the hope is forlorn, since "Wild Bill" Baker will work his first game for London, it being his first game for London, it being his first in a month.

Hammond Bests Brants

The contest was a grand hurlers' battle—after the first inning—when London crammed across three runs in quick succession between right-handers Gero and Hammond in grand form, working one of the best games in his career here, striking out 10 of the visitors and only allowing two bases on balls and five scattered hits. He should have been credited with a shut-out as an error helped in working across the only tally the Brants gathered.

Gero was good after the opening inning, when the locals bunched two hits, and coupled with an error and a wild pitch, secured their early jump and the contest. He kept five hits distributed to one in every inning except two.

Outfielders Krentler and Wilson introduced to Canadian League ball by Manager Deneau, and their showing was anything but encouraging, as today will in all probability see Linnborn and Deneau back in the lineup.

Formality of Winning
The game was one of the kind of ball games in which the locals went through the formality of winning a game, and after annexing the three-run lead in the first inning they hustled along, as rain threatened, to get past the fifth inning sufficient to register the contest as a victory.

Lacroix was the only man to reach first base during the first six innings, when he singled in the third inning, but in the seventh Nelson sizzled one hit by when Reisinger let the grounder get away from him, and Nelson went to third. Roth singled and Nelson scored. Thraikill and Wilson were

CARPENTIER ARRIVES IN LONDON FOR HIS BOUT WITH SMITH

French Heavyweight Champion is Greeted by Grand Reception.

LONDON, July 15.—Georges Carpentier, the French champion, who is to meet Gunboat Smith, the American heavyweight, in a 20-round fight, at Olympia, on Thursday, came to London yesterday. Arriving at Charing Cross he was the recipient of a tumultuous demonstration that for size and enthusiasm would not have been accorded a popular foreign monarch. Englishmen and Frenchmen literally by thousands jostled each other in the sweltering heat to catch a glimpse of the champion of France or shake him by the hand.

Hero worship ran riot to such an extent that traffic in the Strand was completely blocked. Horses were unharnessed and perspiring French admirers dragged their hero's carriage to a hotel, followed by an immense crowd that cheered most of the way. Carpentier was compelled to show himself on the balcony of the hotel, where he received another vociferous ovation. When seen later Carpentier said:

Will Be Hard Fight.
"It is a wonderful magnificent reception, I shall never forget it. I believe it will be a hard fight. I have heard and been warned of Gunboat Smith's terrible punch, but I can take punishment. My hands are in better condition than when I met Wells; so I can hit harder and I am going to beat him. I know how to win."

It is expected that 20,000 persons will witness the fight, which arouses just as much attention here as though an Englishman were engaged. Extravagant prices are being offered for seats.

Smith has been splendidly trained and looks to be in perfect condition and as hard as nails. He ridicules the idea that the Frenchman has a punch heavy enough to bring the fight to a summary conclusion. On all sides a fine contest is looked for.

Johnson was a visitor to Harrow yesterday to see Smith on his last day of training. Johnson expressed confidence that Smith would prove the winner and said he was fit enough to fight anybody in the world.

Both Carpentier and Smith will rest today. Americans are putting their money on Smith.

Notify All Last Year's Players That They Must Return if They Care to Play in 1915.

Berlin, July 15.—The Berlin hockey club is making preparations for next season, and will be represented in the O. H. A. intermediate series by practically the same team as captured the championship last season.

TWENTY-FOUR MORE ENTRIES

Bowlers from All Over Ontario Will Play in Big W.O.B.A. Tournament

LONDON, July 15.—Twenty-four more rinks have entered in the W. O. B. A. tournament which opens on Monday.

Secretary Tony Tillmann is a busy man these days opening letters and acknowledging telegrams from all parts of Ontario from the country's best trundlers. Many local bowlers have entered, but rinks from the outside are still in the lead. The entries are:

- Brantford, skip John Miller.
- Brantford, skip, T. L. Wood.
- London Rowing Club, skip J. A. Cameron.
- Galt, skip Dr. Deans.
- London Thistles, skip J. S. Ashplant.
- Paris, skip J. Smiley.
- London Rowing Club, skip J. Lochead.
- Brantford Dufferins, skip N. W. Crouch.
- London Thistles, skip A. J. Smith.
- Toronto, skip Godforth.
- Hamilton Asylum, skip Dr. English.
- Elmwood Club, skip Dr. R. D. Jarvis.
- Aylmer, skip Chalmers.
- Aylmer, skip Monteith.
- Aylmer, skip Dr. C. Sinclair.
- Aylmer, skip N. Booker.
- Aylmer, skip J. A. Gillett.
- London Rowing Club, skip Phill. Powell.
- London Thistles, skip Sid Swift.
- London Thistles, skip John Menhenick.
- London Thistles, skip F. A. Brown.
- London Thistles, skip A. A. Langford.
- London Elmwood, skip J. J. Dyer.

Softball

The splendid pitching of Hetherington, backed up by good support from Stewart, won another game for the Dufferins from the Clerks' last night by the score of 10-1. Harris and Ritchie were the battery for the Clerks. Hanley and MacLachlan pitched strong games. Jim Croucher refereed the game and acted in his usual good style. Umpire Croucher has officiated at practically all the league games, and has done good work, being considered one of the fairest umpires that has officiated in the league.

All ised players of the Duffs F.C., are requested to turn out for practice on Thursday night at 7 p.m.

Football

Some kind and apparently solicitous friend of Jimmy Mporok, asks where he accumulated all the corks wherewith to explain the science of football to the Scots United team. They would also like to know how long it took to collect the said corks.

The P. S. A. Football Club will practice in Recreation Park on Thursday night at 6 o'clock and will hold a meeting in the basement of the Congregational church at 8.30.

GREAT CRICKET SEEN ON WINNIPEG CREASE
WINNIPEG, July 15.—With 323 runs to go to-day, the Regina cricketers enter into the last few hours in the Ross Robertson cup game, which has extended into another day due to the excellent exhibition of batting given by the Wanderers all day yesterday.

It was an exhibition of all-round cricket such as never before been seen in the West of Canada. Not only was the batting of the Wanderers a revelation, but the fielding of the visitors was such as to earn the applause of everyone at the grounds at very short and frequent intervals.

OTTAWA DROPS GAME TO PETES AND GO INTO THIRD PLACE

Blountmen Hammer Senator Pitchers—Beavers Beat Hamilton—Rain at St. Thomas.

OTTAWA, July 15.—Peterboro hit three local pitchers to all parts of the field yesterday afternoon, winning the third game of the series by the score of 9 to 5. Schaeffer went six pieces in the fifth when he was touched for four singles, and was removed. Lill, who relieved him, gave Byrne a single that he scored on, making five in that period. Walks and singles gave them two more in the next two rounds, and Rogers went to the mound and gave them one each in the eighth and ninth. Sterling was hit hard but worked well in the pinches. The score, Peterboro 9, Ottawa 5.

Base Hits Win Games
TORONTO, July 15.—The Beavers pounded Donohue to all corners of the lot yesterday, counting 11 runs on 19 hits. Trout got five hits in five times at bat and Killhea three in three times up. Schaeffer was touched up for minor sinneties, but they were scattered and Hamilton scored but three runs. Ort and Gilhooley had a good day in the field, the former accepting to chances and the latter 8 without a nerror. The score, Toronto 11, Hamilton 3.

GUELPH NOSES OUT GALT IN WOBBLY

Home Run by King in Eleventh Inning Wins for Leafs at Home

GUELPH, July 15.—In one of the most hotly contested and interesting games played in Guelph this season the Maple Leafs again beat the Galt aggregation by a score of 3 to 2 after a battle of 11 innings.

It was the first defeat of the season for Galt's crack pitcher, Bromfield, known as the "Philadelphia Kid." He pitched fine ball at that, and was only beaten when King smashed one fair in the nose in the 11th inning for a clear home run. Schneck, who pitched for the Leafs twirled magnificent ball. The score—

Galt 00110000100—2 7 3
Guelph 00110000001—3 9 3
Bromfield and Danford; Schneck and Burns.

TWENTY-THREE INNINGS BEFORE HARTFORD WON
Great Battle in Eastern Association at New Haven Ends in 2-1 Score.

NEW HAVEN, Conn., July 15.—After the greatest pitching duel ever seen in the Eastern Association, Hartford won from New Haven in the 23rd inning. The previous record in this association, which is the old Connecticut league, was that in a game between Holyoke and New Haven a few years ago, which went 13 innings.

Hartford scored only first run in the second inning, when Kennedy tripled, sending Barney home. In the ninth inning with two men out, New Haven tied the score, when an error by Curry let a local man in.

JACK HINES HAD A CLOSE CALL

Former Brantford Man Was Adrift for 30 Hours on Lake.

(Calgary News-Telegram July 8.)
J. J. Millidge, manager of the Union Bank, of Brantford, and J. Hines, manager of Hanbury Hardware Co., of the same place, were found this morning, about 8 o'clock, in a small shack in the marsh, about eight miles north of Oak Point, by William Hardisty and Fred Hackland.

The two men drifted from Delta, Man., in a rowboat about 11 o'clock Sunday morning with nothing on but bathing suits. With only one oar they were carried out into the lake by a strong southwest wind, and drifted until Monday afternoon, when the wind veered and drove them to shore, landing them after thirty hours of drifting. When found they were exhausted from their long exposure and lack of food. Their first meal was of minnows gathered off the beach when they landed.

Mr. Hardisty took the two men first to his cottage at Marshy Point, and afterwards brought them to Oak Point, hotel, where the god news was sent to their friends. Canon Matheson, who is summing up, has taken the survivors in charge and will have them sent to Portage La Prairie as soon as they are sufficiently rested to make the journey. Mr. Martin of Scotch Bay, and Mr. Hackland of Oak Point, in a launch, and J. G. Watson of the Bank of Montreal, in the lake not knowing that the men have been rescued.

Joy in Brandon Over News.
BRANDON, Man.—The news of the safe arrival at Oak Point of Messrs. Millidge and Hines created a most agreeable surprise, as they had been given up as lost. At the Hanbury Hardware company, where the message was first received, there was great rejoicing, and soon the news spread throughout the city to the relief and great joy of the countless friends which the two men possess. The newspaper offices are being besieged by inquiries, and the joy of some of the friends of the two men is unbounded.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR
Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell Brush It Through Hair

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hairs, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Agent T. Geo. Bowles.

MANY CLERGYMEN TO ATTEND FIGHT Carpentier-Smith Go is Very Popular and Crowd is Expected.

[By Special Wire to the Courier] LONDON, July 15.—Boxing experts here display a remarkably even division of opinion as to the chances of "Gumbo" Smith, the American heavy-weight champion, in their twenty-eight match to be fought at Olympia tomorrow night. The betting odds to-day were perhaps a shade in favor of the Frenchman, but this was probably due to the enthusiasm of his countrymen of which a huge contingent have crossed the English channel to support their hero. They brought with them a great deal of money to back their compatriot whom they ascribe as a "fighting boxer," while they call Smith a "boxing fighter," and they contend that science is bound to defeat the trans-Atlantic punch.

Interest in the contest is enormous and the attendance promises to create a record for this country. Fired by the example of the Rev. John Hervey Boudier, who acted as master-of-ceremonies at the Welsh-Ritchie and by that of Rev. Everard Digby, who occupied a similar position at the Wells-Bell match, many clergymen have secured seats round the arena and are said to intend to bring their wives with them.

The finance committee of old home week held a meeting at the headquarters in the Temple Building, when every member was in his place. Mr. Roy Brown was added as a member of the committee. It was thought that the parade day should not be held on Monday, the opening day, and the secretary was instructed to advise Captain Colquhoun to that effect. It is expected that the work of canvassing for subscriptions will be completed at the end of this week.

The home rule amending bill passed its third reading in the House of Lords without a vote.

TOOK THE DOLLAR SHOOK HANDS AND CALLED IT OFF

The Brant Theatre Mule Riding Case in Police Court This Morning.

The hatchet which was unearthed at the Brant Theatre, when Thomas Harbour tried to ride the obstreperous mule of the Stainer show, was buried this morning at the police court.

Harbour thought he did not get fair play from the proprietor, when he took up the challenge put out. He claimed that he could easily ride the animal as he had tried it before and had succeeded. On this occasion he no sooner got into the ring than men of the company jostled him and pulled him away in order that he should be prevented from riding the mule, and thereby getting the cash.

Not getting a fair trial Harbour states he rushed upon the stage and declared the whole thing was a plant and a fraud, and that the colored man who came from the gallery was one of the company.

Mr. Stainer who appeared as defendant stated that Harbour had not waited for his turn in rotation to attempt the mule ride and that he tried it when the ring was not clear. This was dangerous and against the conditions of the challenge. Defendant denied assaulting complainant and said when Harbour said the show was a fraud he just pushed him off the stage. He was never struck.

The magistrate thought that there had been a misunderstanding and that by the payment of a dollar to Harbour the case would be settled.

Harbour, however, stood up and said it was not the dollar but fair play that he wanted, and with a look at the American bill and a glance at the defendant was going to pass to his mates in the court room. He soon changed his mind, however, and turning round took the proffered dollar and offered a grumpy hand to Mr. Stainer, who shook heartily, both wishing each other the best of good luck. Such is the power of the almighty dollar.

Paric Aturk alias Parovick Grynck, the man who snatched his wife's purse and bolted yesterday, later in the day got drunk and became abusive smashing up the furniture in his home on Usher street. Once again he was arrested and again he hailed out to answer charge of being drunk and he will be summoned to-morrow.

A number of foreigners had scrap among themselves in the foreign section yesterday and a case was entered in the police list, but they settled up among themselves amicably, and to-day they were allowed to go when they settled the costs which amounted to \$19.40.

R. W. BROOKS TENDERS HIS RESIGNATION

The Brantford Floral and Horticultural Society met at the city hall last night, when the principal item of interest was the resignation of Mr. R. W. Brooks, who has for many years been secretary to the society. Although his resignation has not yet been officially accepted, it is probable that it will be. Mr. Brooks, in giving up his position, stated that he felt that he must make room for a younger man, who must perhaps be able to take over the reins of office more capably than he had done. He thanked them for their courtesy of the past and formally handed in his resignation.

To this a suitable reply was given, stating the regret with which the society heard of the action of their esteemed secretary. Time would be necessary to consider their action in the matter. Besides, it would be some time before they could find anyone able to fill Mr. Brooks' position.

It was announced that Mr. Weight of Hamilton, a landscape gardener of note, was coming to the city to judge and compare the lawns here. He was assured of a hearty welcome.

Apart from this and the passing of accounts, nothing of note occurred at the meeting last night.

New Civic Works. Street Grading Contract

Sealed tenders, clearly endorsed on the outside "Tender for Grading," will be received by the Township Clerk, County Buildings, up to 6 p.m. on Monday, 20th July, 1914, for street formation on Wellington, Nelson, Chatham, Sheridan, Marlborough and Grey Streets and on Fourth Avenue. The work will include 17,728 cubic yards of cut and a corresponding amount of fill. Tenders will be deemed informal unless on the prescribed tender forms, and must be accompanied by a marked cheque payable to the Township Treasurer, for 5% of the amount of the tender.

Work must be commenced within ten days of the acceptance of tender and completed on or before the 15th day of September, 1914.

The Council does not bind itself to accept the lowest or any tender.

ALAN MAIR JACKSON, Township Engineer.

Local News THE PROBS

TORONTO, July 15.—The disturbance is still centered just south of Lake Erie and is gradually dispersing. Showers occurred yesterday in parts of Southern Ontario and during the night in Manitoba and eastern Quebec, but the weather has been for the most part fine and warm in all the provinces.

Forecast. Moderate easterly winds, fine and warm. Thursday—Moderate southerly winds, fine and very warm.

Over 900 Unemployed. The list of applications for work by unemployed at the city engineer's office now total 963.

Is Known Here. Gladstone Ray, who is in Guelph jail on a murder charge is well known in Brantford, having worked for two or three different firms during his stay here.

Real Estate Transfers. The real estate transfers in the city for the past month of June according to the figures issued by the city assessors' department total \$5 in number, a drop of 75 from the returns for June, 1913.

Bowls This Afternoon. An interesting match of bowls will be played this afternoon on the Dufferin greens when the Brantford club oppose the Duffs in a set-to. The green is in excellent condition and keen competition will result. The results will be published to-morrow.

Cockshutt Trophy. The competition for the Cockshutt trophy among some exciting finishes are yet to be seen. Last night three rinks played off and Messrs. Watson, G. Broad and J. J. Hurley proved successful against A. A. Lister, W. H. Johnson and G. G. Scott.

More Hydro Lights Gone. The hydro-electric system lights still continue to be broken on the outskirts of the city, and last week four more were broken on Park Avenue, Wellington street, Cyril street and Dundas street. These lights were broken intentionally, it was claimed, in spite of the police vigilance and the reward of \$25 which is offered for information leading to a conviction. The breakages entail considerable cost to the department, and this in turn is debited to the cost of the city. It will be therefore seen that it is desirable to have the nuisance stopped as early as possible.

First Aid Specialists. Motorman Tooley was this morning progressing towards complete recovery, and the doctors affirm that but for the prompt action of P. C. Stanley, Tooley might not have lived to tell the tale. This occurrence brings to light the fact that the local police have been taking a course of life-saving instruction at the Y.M.C.A., which has already borne fruit. This idea of first aid to the injured originated with the Chief when he discovered that Old Country men were proficient in the art. He saw the practical utility of the instruction and proceeded at once with it.

Tenders for Painting. Tenders will be received by the undersigned up to 12 o'clock noon, Friday, July 17th for the painting of the City Hall, Brantford. The main building to be painted with one-coat of lead and oil. The lowest or any tender not necessarily accepted. All tenders to be addressed to City Clerk.

Farmers Buy Freely and Seem to Give Glowing Account of the following appears in the Globe today:

In a county like Brant where mixed farming prevails, there is no uniform set of conditions by which the crop situation can be estimated. Each section sets its own standard. This year's crop is measured by last year's results and one is unable to determine in any accurate way whether that which is being made of the farms which will yield the maximum returns.

Farmers on all sides recognize the backwardness of the season. Spring weather conditions operated directly against a substantial early growth. One does not require to consult the agricultural experts to learn this through the windows of the passing train, from the sides of the radiator, here and there along the high ways, the fields of stunted grain to that of a retarded early development.

Generally Good Conditions. But in spite of this, crop condition in Brant county are generally good. Close to the city much of the land given over to the growing of garden truck. These farms are looking well. There has been ample moisture far this season, and the ultimate return to the farms should yield good profits.

Coming to the field crops, hay not as good as last year. Last year's crop of hay in Brant county was decidedly good, so the farmers this season are reaping what they call "average crop." But the prevailing prices are satisfactory, and one does not hear many complaints.

Fall wheat is not an average crop. The severe winter has had general a harmful effect. This does not mean

LAST EDITION FORTY-FOURTH YEAR

Plan General For Entire Of Briti

[By Special Wire to the Courier] VANCOUVER, B. C., July 16.—Though the consensus of opinion at the labor convention yesterday was in favor of having a general strike to bring more clearly before the people of British Columbia, the conditions under which the coal miners are working and also if possible to bring about the end of the struggle, many local labor leaders think the step is an ill-advised one and it is within the bounds of probability that when the question is put squarely up to the members of the different trades there will be nothing like the vote in favor of it that is anticipated.

This strike, if put in effect would affect practically all the organized labor associations. There would be

GOVERNMENT WILL CONTINUE ITS FIGHTING

The Home Rule Bill Causes a Unique Situation in Parliamentary Annals

[By Special Wire to the Courier] NEW YORK, July 1.—A cable to The Tribune from London says: The policy of the government with regard to the home rule amending bill will be settled at an important meeting of the cabinet, which has been convened for this morning. Yesterday in answer to a
