### Welcomes the Statement of President Elect Wilson With Reference to the Panama Canal Controversy

(Courier Leased Wire)  
LONDON, March 1.—The Daily Chronicle in an editorial on President Wilson's expressions concerning the repeal of the Panama canal tolls act says it looks confidently to an early and happy settlement of the controversy as a result of Mr. Wilson's declared opinion, which it says cannot fail to facilitate an adjustment of the controversy. Whether by arbitration or by the expedient method of Senator Root's amendment to the canal bill.

The Daily News in an editorial expresses a similar opinion and adds that the good friends of both countries will welcome the prospect.

The Daily Mail says Mr. Wilson's

pronouncement will gain him the respect of Englishmen. "Nothing could be more satisfactory that that Congress should voluntarily extricate itself from its false position and show its respect for the principles on which the British and American legal systems are alike founded," it concludes.

The Daily Telegraph declares that as the Democrats have the strongest motives for avoiding differences of opinion between the executive and the legislature at the outset of a promising career, there is every reason to hope that even if the simpler plan of repealing the toll exemption clause is not adopted the Panama question will certainly be submitted to arbitration.

### German Military Bill Provides for an Enormous Expenditure

(Courier Leased Wire)  
BERLIN, March 1.—According to The Lokal Anzeiger, the new German military bill involves an expenditure of nearly a million marks (\$500,000), spread over three or four years, and thereafter there will be an annual increase in the army budget of from 200,000,000 to 220,000,000 marks. The newspaper says a large part of the million marks will

be devoted to building forts on the eastern frontier and that 150,000,000 marks will be used for new barracks. The Bundesrath has not yet taken up the question of raising the necessary revenues.

The Verwaltz covers its front page this morning with a protest to the German and French Socialist parliamentarians against the heavy burdens of taxation proposed in Germany and France for military purposes.

### Customs Receipts Show a Very Buoyant Revenue

(Courier Leased Wire)  
OTTAWA, March 1.—The ever increasing volume of customs receipts which has been such a feature of the administration of the department by the Hon. J. D. Reid, is shown in the returns for the 11 months of the present fiscal year.

The revenue for the 11 months ending yesterday, was \$103,485,000, compared with \$77,716,000 for the corresponding 11 months of the last fiscal

year. This shows an increase of \$25,769,000, or in other words the increase for the 11 months of this fiscal year, is greater than the entire customs revenue for the fiscal years 1898-99, which was \$25,734,000.

The revenue for the month of February, which closed yesterday, was \$9,525,000, and for the corresponding month last year was \$8,447,000, it being an increase of \$1,078,000.

### British Suffragettes are Still Banging Away

(Courier Leased Wire)  
LONDON, March 1.—Numbers of suffragettes playing barrel organs, singing and drawing pictures on the pavements and still other selling papers on the street corners or singing women's suffrage songs, provided noisy street entertainment for the residents of London to-day. They shared a considerable amount of

money to add to the resources of their societies.

Next week the Women's Social and Political Union will copy the annual denial week adopted some years ago by the Salvation Army, and by this means hope to collect many thousands of dollars in support of the cause.

### Welsh Military Authorities the Victims of a Hoax

(Courier Leased Wire)  
CARDIFF, Wales, March 1.—The Welsh military authorities were the victims last night of a hoax similar

to that which recently caused the entire German garrison of Strassburg hurriedly to assemble for inspection by Emperor William, whose approach was announced by a practical joker.

Military and police officials received apparently authoritative instructions to begin the mobilization of the territorial troops who it was said were to be placed on a war footing. Walls, hedges and boardings were promptly placarded with the mobilization order and telegrams were sent to all territorial soldiers residing in outlying districts. The arrangements for billeting the men on the inhabitants of the towns were well under way before the hoax was discovered.

(Courier Leased Wire)  
NASHVILLE, Tenn., March 1.—Booker Washington, negro educator, in Nashville to-day en route to the State of Washington, where he will conduct a speaking tour, discussed the attitude of President-elect Woodrow Wilson, in regard to which he said:

"Mr. Wilson is in favor of things which tend towards the uplift, improvement and advancement of my people, and at his hands we have nothing to fear. My belief is that the next president of the United States is one of the best friends of negro education that has ever occupied the presidential chair."

**MANUEL CATERO WANTS IT.**  
(Courier Leased Wire)  
MEXICO CITY, March 1.—Manuel Catero, a former ambassador to the United States, who on the floor of the Senate the night of Feb. 3, confessed that he lied to the American Government for ten months in an effort to convince the Washington authorities that conditions in Mexico were not serious, will compete with Felix Diaz for the presidency, if he yields to the persuasion of a group of his friends. A meeting of Catero's partisans yesterday launched his candidacy for the presidency and began the initial work of organizing his campaign.

MEXICO CITY, Mar. 1.—A request to the people of the United States to extend all possible aid and encouragement to the Mexican people in their efforts to establish good government with guarantees for the security of life and property was contained in resolutions adopted by a meeting of the residents of the American colony in Mexico City at a late hour last night. Those present deprecated the publication in the United States of articles misrepresenting the Mexican people. The statements alleged to have been published, declaring that during the bombardment and the street fighting which recently took place in the capital American citizens sought safety under the British flag, were denounced by the meeting as detestable falsehoods.

General Cheete Campos and his force of 1,200 men, who have been thoroughly seasoned by a year's service in General Pascual Orozco's army, will now join the government troops under the command of Gen. Trucy Aubert in their campaign against the rebels led by Governor Venustiano Carranza in the state of Coahuila, according to War Department advices from Torreon. With this additional force General Trucy Aubert will have approximately 30,000 in his column and it is anticipated that he will have little difficulty in suppressing the revolt, since he says that Governor Carranza has been unable to recruit more than 2,000 men.

Alberto Guarjardo, a commander of irregulars and a close friend of Venustiano Carranza has joined the Coahuila rebellion. He occupies with 600 men the mining camps at Las Esperanzas, Musquiz and Ahauquita. Francisco Villa, who has re-entered Mexico is thought to have joined former-Gov. Maytorena of the state of Sonora, who is in possession of Agua Prieta, Nacopari and Frontos on the international border.

Official reports state that 3,500 rebels have surrendered in the states of Uchela and Vera Cruz, 1,000 in the State of Mexico, and a number of small detachments in many of the other states.

Since the surrender of Alberto Fuentes D at Aguascalientes, the management of the national railways expects soon to open the central line to Juarez, but repairs will be necessary at Escalon and Rodriguez.

**STRIKE SETTLED.**  
NEW YORK, Mar. 1.—To-day being Saturday not all of the 50,000 garment workers affected by last night's settlement of the strike which began on Dec. 30, returned to their shops, but it is thought that by Monday practically all will have resumed their places. The terms of the agreement provide that there shall be "no discrimination in re-employment."

MEXICO CITY, Mar. 1.—A request to the people of the United States to extend all possible aid and encouragement to the Mexican people in their efforts to establish good government with guarantees for the security of life and property was contained in resolutions adopted by a meeting of the residents of the American colony in Mexico City at a late hour last night. Those present deprecated the publication in the United States of articles misrepresenting the Mexican people. The statements alleged to have been published, declaring that during the bombardment and the street fighting which recently took place in the capital American citizens sought safety under the British flag, were denounced by the meeting as detestable falsehoods.

BREAKS A COLD IN A FEW HOURS—PAPE'S... First Dose Pape's Cold Compound Relieves all Grippe Misery

TO A FINISH... The Toronto Globe, in a leading editorial, makes the announcement:—"Mr. Borden met Sir Wilfrid Laurier at the announcement of the Government's confident belief that in its policy it had the Canadian people behind it and would therefore press the proposals to a conclusion in Parliament. The issue is joined. The Borden Government will not consult the people unless it is forced to do so by the withholding of supply or the prolongation of debate on the naval bill with the object of preventing its passage. Sir Wilfrid's speech seems to indicate an intention to force the question to a decision at the polls. Canada may have a general election on the navy issue in May or June. In that election Liberalism will stand for 'Canadian control' of Canada's defensive forces on land and sea."

FOR HYDRO ELECTRIC... The residents of West Middlesex have decided to petition for a supply of Hydro Electric power. The proposal in this regard is to install a low tension wire carrying 13,500 volts to the municipalities in question with a 2,200 low tension wire to the farmers of the various districts.

SET FOR HEARING (Courier Leased Wire) NEW YORK, March 1.—A cable room London to The Tribune says: Mrs. George Cornwallis-West has had her petition for restitution of conjugal rights against her young husband set for hearing on Monday. Application was made in private chambers before a divorce judge today for the case to be expedited on Mrs. Cornwallis-West's behalf. The judge accepted the reasons offered for accelerating the hearing and instructed that the action be placed first on the list next week. The case is now entered in the official schedule as "West J vs West G.E.M.C. The suit is classed as an undefended action, and the procedure on Monday will be somewhat as follows:

PUPILS GO ON STRIKE (Courier Leased Wire) MONTREAL, March 1.—Pending an investigation into the insults which are alleged to have offended the Hebrew race by a teacher at the Aberdeen school, the two hundred pupils of that institution, who went out on strike yesterday will return to their desks on Monday morning. There were several conferences yesterday among the Hebrew leaders and as a result it is likely that the trouble will receive an airing before the school commission. Principal Cockfield of Aberdeen school it is said, will ask the expulsion of some of the strike leaders. The striking children lined the sidewalks near the school yesterday.

Old World Notes... Ingenious smuggling methods were described at a recent inquiry of the Dominion Local Government Board into charges against the administration of the South Dublin workhouse, brought by Andrew O'Brien, a one-legged inmate, against Mr. Patrick Hennessy, assistant master, who has visitors sometimes brought in things of female inmates, and some, especially the female visitors, were very ingenious in bringing in contraband. On one occasion a woman was searched and nothing could be found in her possession, but when she was settling her hat a pint of whisky fell out of her hair. He also related how on another occasion money and tobacco were found in the wooden leg of a man.

Mr. James Carruthers, the big Winnipeg and Montreal grain dealer who has become president of the Richelieu and Ontario Navigation Company.

and cheered lustily. A solitary foot policeman and one mounted officer padded up and down the road trying to disperse the crowd, but as soon as the youthful strikers were moved from one part of the square they gathered at another. The arrival of Dr. Abramovitch and Mr. E. W. Jacobs, K.C., who came to interview Mr. Cockfield was the signal of an outburst of cheering and when, after the interview these gentlemen drove away, cheers rang out throughout the square until the sleigh was out of sight. To investigate into the causes of the clash, the legislative committee of the Baron de Hirsch Institute met at the offices of Mr. Jacobs yesterday afternoon. They discussed the attitude taken by the boys, and thought it was justifiable if the alleged insults had really been offered.

It was decided, however, that the boys must return to school on Monday morning, and the matter will be taken up with the school commissioners.

A disastrous fire, which resulted in the complete destruction of two business establishments, and their contents and did serious damage to a third, took place the other day at Portadown, (Co. Armagh). The premises involved were situated in the centre of a large block of two story structures. The fire originated in the kitchen at the rear of the grocery establishment of a man named Thomas Preston. It was discovered shortly after midnight and when a policeman in charge of the sub-district arrived on the spot a few minutes afterwards it had not made much headway. About that time, however, an oil tank in the kitchen exploded, and the flames then spread with alarming rapidity. The alarm was given, and the members of the volunteer fire brigade promptly responded to the call, and lost no time in getting to work. In the meantime, however, the fire had taken hold on the buildings on either side—motor works and premises used as a victualler's shop. The firemen worked with a will, but in spite of their directed efforts the premises of Messrs. Preston and Gray (the motor works) were completely gutted, while serious damage was done to Messrs. Hoy Bros., victuallers.

"Officer 666" which will be seen here for the first time at the Grand, Tuesday, March 4th, is a jolly good farce, and the secret of its wonderful appeal may be attributed to the riddle that its plot presents, the solving of which is accomplished in a perfect maze of merit and is heightened by the unfolding of a chain of interesting story that threads the web of a detective story.

Miss Gracie Marks, whose remarkable ability has on other occasions been a matter of pleasure to patrons of the Grand, will again take the leading role in each of the four performances, a special matinee will be played Saturday afternoon at 2.30 p.m. The offering Thursday night will be the well and favorably known rural comedy drama "Virgie Sweetheart" taken from the book of "Percival Valley," the dramatization of the great writer So. The Marks Bros. which is composed of actors and actresses of recognized worth, will be assisted in Brantford by specialty artists of strong repute in the theatrical world. An accident insurance policy for \$100 has been issued for Snoozeloms, the five-inch high poodle which plays such an important part in Henry W. Savage's famous travel-farce, "Excuse Me." The dog has recently developed a propensity for getting lost. Should any disabling accident overtake him in his wanderings, the necessity for immediately replacing him would entail much trouble and no small expense. Determined to guard against the disadvantage to which he would be put in his financial negotiations for an able successor to Snoozeloms by the imperative need of providing such a successor without delay the manager of the company talked business with a Pittsburgh insurance man, who agreed to accept the poodle as a risk.

Henry W. Savage has never been an ardent advocate of the "star" system, but his plans for next season indicate at least a less rigid opposition to it than has been the case. He has announced an intention of elevating Willie Sweatnam, ostellar honoree and it is believed Tim Murphy will also be placed at the head of a company whose fortunes will be directed by him. Any plan on foot for making Mr. Murphy a stage star, however, must of necessity be the "Morning" the comedy by Anne Caldwell, in which the actor and Miss Gertrude Quinlan are now being featured, and the success of that piece indicates that it will be as full of vitality several years from now as it is to-day.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes... Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desire; yet thousands of noble women through some derangement have been denied this blessing. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. This is evidenced by the following letters which are genuine and truthful: London, Ont.—"I wish to thank you for the benefit I received by taking your famous medicine, Lydia E. Pinkham's Vegetable Compound. Before my baby was born I was so ill I could not stand long or walk any distance. I had to lie down nearly all the time. After I took your medicine from morning till night and was happy and well. I certainly think it relieves pain at childbirth and recommend it to every woman who is pregnant. You may use this testimonial if you like. It may help some other woman."—Mrs. FRANK CORRY, 182 Adelaide St., London, Ont.

Brooklyn, N.Y.—"I was ailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. STEWART, 256 Humboldt St., Brooklyn, N.Y.

The political speech made by Jess Dandy as Alderman Hans Wagner of "Zinnati" in the second act of "The Prince of Pilsen" has always been considered one of the chief laughter-provoking bits of a wholly unprovoking performance. It is of course a humorous and a brilliant thing, but its excellence is due to the fact that Dandy's face has many a serious campaign address. Therefore becoming a professional comedian Dandy has a recognized reputation as a "cart-tail" orator and earlier performance.

than that day had enjoyed a wide experience as a travelling salesman—a vocation in which prospective possessors of persuasive vocal powers. In every performance of "The Merry Widow" Charles Meakin, as Prince Danilo, and Mabel Wilber, as Sonia, dance more than a half-mile. As both have appeared in more than 1,000 performances of the famous Lehar opera, it is a matter of simple arithmetic to reckon that if, instead of dancing within a circle on a stage, they had walked in an approximately straight-line, by this time they would have covered the distance from New York to Cincinnati.

That they may see themselves as others see them, Henry W. Savage is trying to arrange for a trip from St. Louis to Chicago for the seventy-old members of the "Western Everywoman" company, and a visit in the latter city of sufficient length to permit them to witness a special performance of "Everywoman" by the Eastern company without in any way interfering with the schedule of performances of either organization. Neither of these companies, however, had the opportunity of seeing the famous modern morality play enacted by the other and their itineraries for the future promise no other such advantageous chance as is provided by their appearance in St. Louis and Chicago simultaneously. From St. Louis the route of the Western company is in an almost direct line to the Pacific Coast, while the Eastern Company will move Eastward from Chicago. From St. Louis to Chicago, however, is simply an over-night jump, and the town next after St. Louis on the Western company's schedule can be reached almost as quickly from Chicago as from the Mississippi River metropolis. By the utilization of a special train leaving Chicago after a special Sunday morning departure the plan probably can be carried out.

Willis P. Sweatnam has been in the public eye for fifty years, appearing night after night before audiences of hundreds of persons. During the last two seasons, since he has been a member of Henry W. Savage's "Excuse Me" company, he has excited every important city in the country, but when he mingles with the crowds on any main street, from New York to San Francisco, he is so rarely recognized by anyone who is not a personal acquaintance that such recognition is memorable. Sweatnam is pre-eminent among the negro delineators of the stage and every one of his performances has been that of a "black-face" character. Such an effective disguise is the smear of lamp-black which covers his features when he appears in the limelight, that very few of the thousands who have applauded him could surely identify him upon encountering him on the street minus the "make-up."

The Critical Time With Colds... The germs which cause colds first attack the nose and throat, and while there they should be fought and killed. It is a critical time when the germs are making their way into the bronchial tubes, and thence to the lungs. Then action must be prompt if you are to halt the disease and effect cure. This is the time when Dr. Chase's Syrup of Linseed and Turpentine proves its value as a germ destroyer. Turpentine is well known as one of the greatest of germicides, and is so combined in this great medicine as to be agreeable to the taste, and at the same time 100 per cent. efficient in the killing of the germs of disease. So splendid is the record of cures made by this medicine that many imitations have been put on the market. The genuine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author. 25 cents a bottle, family size, 60 cents, all dealers or Edmondson, Bates & Co., Limited, Toronto. Dr. Chase's Syrup of Linseed and Turpentine

## A Sumptuous Bill of Fare When Cost of Living Was Not so High

Dr. W. T. James, Marlborough St. city, has in his possession a most interesting memento of the visit of Albert Edward, Prince of Wales, afterwards the late lamented King Edward, the Peacemaker, to Brantford, in 1860, in the shape of an elaborate bill of fare of the luncheon given to His Royal Highness, in the Kerby House.

The inhabitants of the town entertained him to a lunch that was a real sort of affair, but a genuine all-round solid meal with some wholesome nourishment attached thereto.

The menu is printed in royal blue on glazed white paper with a very beautiful cut of the Prince of Wales' feather ornamented on the top thereof. The printing—Imperialists of today don't shudder—was according to the imprint done by J Sage and Sons of Buffalo. Evidently there was no print shop half a century ago in Brantford or Toronto, that quite came up to the needs of the Royal, geographical. So the printer picked his particular dishes from a yankee type set and yankee printed menu.

The following was the right royal bill of fare provided.

### KERBY HOUSE LUNCHEON

And then ye Gods, when it came to the game course, what does the epicurean modern Brantfordite, who surreptitiously and with fear and trembling once in a rare while indulges in the stealthy luxury of a skinny brace of prohibited partridge, smuggled into the city from the Reserve, think of roast grouse, larded—oh, you larded again—broiled woodcock, roast partridge, roast red head duck and broiled plover on toast, and all cavorting on one luncheon program, and at one time! Why its nothing short of a gastronomic crime, viewed in the light of these degenerate chilled beef and frozen mutton days.

We may be experts in this twentieth century in the art of giving a luncheon "ornamented" with cut glass and flowers and frills, and consisting of a lettuce leaf, a heart shaped bit of bread or if preferred a triangular ditto, it really doesn't matter, but the generally about the same diminutive size, with a modicum of caviare or some such nasty stuff, plus an olive, but when it comes down to good substantial "cut and come again," don't be afraid boys to ask for another helping go the whole gamut from soup to coffee and liqueurs. The old inhabitants of Brantford had us "larded" for fair.

They asked the Prince to lunch with them. And a lunch it was—not a "Mrs Rorer" Ladies Home Journal fair, but a substantial generous home like lunch and lots of it. And we ought to be proud of those "old inhabitants." And we are. They fairly shine in comparison with the paper bag cookery and fluffy, ruffery devotees of the culinary art of to-day. They were "lunchers" alright and they nailed the lunch counter flag to the top of the mast when the Prince of Wales came to Brantford.

## MR. WALSH

Will in Future be a Member of the Courier Staff--Is the Recipient of a Presentation From Old Associates.

The Courier announces to-day that Mr. Harris Walsh will on Monday assume the duties of news editor on this journal. Mr. Walsh is well known to Brantfordites in newspaper work. He has for seven years been a valuable member of the staff of the Expositor, during the last two of which he has at times filled the editorial chair with acceptance, both to his employer, Mr. T. H. Preston, and the interests which he was called upon to serve. Mr. Walsh is a Brantford boy and a graduate in Arts of Toronto University, 1905.

It is interesting to note that his departure from the Expositor was not only a matter of regret, but an occasion upon which an expression of excellent good-will was shown. Mr. Walsh received a magnificent chair, leather upholstered, from his employer and members of the staff. Mr. Preston made the presentation speech, pointing out that he considered the recipient had occupied perhaps the most important position in the office, and had discharged his every duty faithfully and loyally. It was a matter of regret to lose the services of such an employee, but as it was a matter of opportunity he would only hope for the same good feelings personally to exist as had always been the case. Mr. W. B. Preston, business manager, and foreman R. G. Scott and W. Reeves also said kind words.

The ex-city editor, in his reply, remarked that the staff had been endeavoring for a long time to "put one over on him," and they had surely succeeded on this occasion. He expressed his sincere regret that pleasant associations had to be severed, but it was pleasant to know that it was under such circumstances. In the presence of all assembled he thanked his employer, Mr. Preston, for the good counsel and training he had received from him, stating that he was leaving with the utmost feeling of gratitude and personal admiration of the interests he had served.

Whereupon the retiring member of the staff was told to seat himself, in his new chair, and the proceedings ended very happily with handshaking.

Mr. Kirkpatrick, formerly of the Spectator, Hamilton, succeeds Mr. Walsh at the Expositor.

A series of rescues occurred a few days ago, as the White Star liner Oceanic was about to leave Southampton for New York. A fireman named Joyce jumped overboard and was rescued from the quayside with a life-line. A moment later a man belonging to the shore staff who had stayed on board too long, jumped overboard and was rescued in the same manner. A third man who had been leaning on a hawser watching the rescues fell over the side of the ship into the water owing to the sudden slackening of the rope. He also was rescued.

## BOARDS OF TRADE

### Have a Most Successful Meeting---Want Agricultural Residents to Become Members.

LONDON, Ont., March 1.—The second annual meeting of the Ontario Associated Boards of Trade elected officers yesterday, recommended Toronto as the next place of meeting, and passed opinions on another series of important public questions.

The officers elected were: President, Colonel W. N. Ponton, Belleville; first vice-president, Mr. A. J. Young, North Bay; second vice-president, Mr. R. Home Smith, Toronto; third vice-president, Mr. H. L. Frost, Hamilton; secretary-treasurer, Mr. F. G. Morley, Toronto. Executive Committee—Dr. H. P. Reason, London; W. Taylor, Owen Sound; P. S. Goate, Chatham; B. Burgoyne, St. Catharines; Colonel H. Brock, Toronto; W. H. Alderson, Toronto; R. Meek, Kingston; H. L. Janzen, Berlin; Geo. Taylor, New Liskeard; J. F. Black, Sudbury; G. T. McMaster, Guelph; D. E. Wood, Hamilton.

The nominating committee's recommendation reversed the Ontario Board and Mr. Young, but an amendment was made, and Mr. Young moved that the amended report be unanimous, and it was so declared.

Prison Farm Wanted

Next to the subject of tax reform, interest largely centered in New Ontario yesterday, Sudbury Board of Trade submitting three important resolutions. One set forth the increase of crime in Northern Ontario and the overcrowding of jails.

Wants Prison Farm and Railway

Messrs. L. O'Connor and J. F. Black of Sudbury and other Northern Ontario representatives emphasized the need of a prison farm in that district, and the resolution was adopted unanimously.

Sudbury's second proposal was for the construction of a railroad north of Sudbury, and the great possibility of the undeveloped country as well as its needs were ably set forth by the men of the north. Mr. Cyril T. Young of Halleybury incidentally mentioned that the \$5,000,000 grant for good roads in the north had been secured through the efforts of this association.

Mr. A. J. Young of North Bay suggested an alteration in the resolution so as not to define the route as specifically as Sudbury had suggested. He held that the main thing was to have a road to open up the territory north of Sudbury, and referred to the Government's promise of a line from Cochrane to Sudbury having figured prominently in the last election. His suggestions were accepted, and the resolution was adopted unanimously.

Also Trunk Roads

The third resolution from Northern Ontario directed the attention of the Ontario Government to the importance of laying down trunk roads throughout the settled portions of New Ontario, connecting the farming communities with railroad transportation and markets; that permanent trunk roads and more railways were essential, and that the Government should lay down same without delay to facilitate the development of latent resources.

A resolution that brought out some good discussion was moved by Mr. W. MacLachlan of Belleville, seconded by Mr. E. R. Heyland of Toronto: That the Ontario Associated Boards of Trade suggest to local Boards of Trade that they make an effort to have members of the farming community to become members of their Boards of Trade. That a committee of this association be appointed to communicate with the various organizations representing the farming industry in Ontario and report to the next annual meeting of the Association on what improvements can be made to make life on the farm more attractive to the younger members, and also to report with regard to what assistance can be given to the farming community in the way of advertising their farming produce in the Ontario foreign markets; and that the Ontario Associated Boards of Trade petition and recommend the Federal government to take immediate steps to establish a Department of Immigration presided over by its own Minister.

Rural Education at Fault.

That the farmers were depleted because of the poor system of education was the claim of Mr. W. N. Anderson of Belleville. He was a Conservative, he said, and praised the department for what it had done in the large centres, but what was needed was educational improvement in rural districts. There were sixteen schools in his district and only two qualified teachers. The resolution was adopted unanimously.

High Cost of Necessaries

The following resolution was submitted by Belleville and was adopted without debate: "That a commission be appointed to investigate the cause and to recommend means for remedying the effect of the present high cost of living in Canada, more especially with regard to two essentials, food and fuel."

Abolition of Appeals

A resolution was urged by members of the Toronto Board of Trade that all appeals under the railway act to the Governor-General in Council be abolished. Mr. Home Smith dissenting. His view was that the Railway Commission was more competent than the Privy Council, and the only appeals were made by railway companies to the great cost of private litigation. The resolution was defeated by a large majority.

The suggestion that a sub-committee be formed to meet often, watch legislation, and secure for Ontario a fair share of Dominion publicity, was referred to the executive with power.

That the Grand Trunk Pacific Railway heads the list of permanent improvements and construction work at Wainwright, Alta., is shown by a review of the past month or so. These include a \$15,000 coal chute; a \$5,000 freight shed, and other buildings, making a total expenditure in all of \$45,000.

A despatch from Brandon, Man., states definitely that all arrangements have now been made with the contractors for the Assiniboine Pacific bridge across the Assiniboine river near that city and that instructions have been issued to resume operations and to rush the work to completion in as quick a

## SEARCHING RUINS

(Courier Leased Wire.) OMAHA, Neb., March 1.—An all-night search by police and firemen, watched by a thousand morbid curiosity seekers, brought to light but one additional victim of yesterday's fire in the Dewey hotel. Although the fire had a score lost their lives in the flames, only four thus far are accounted for.

The one body thus far uncovered was believed to be that of Miss Alice Benneville, sister of the wife of the hotel proprietor. An carrying with a ruby setting was the only identifying mark.

Mr. and Mrs. George H. Wilkes who have been spending a few weeks in Bermuda, are expected back in Brantford about the 15th of March. Mr. and Mrs. A. J. Wilkes intend visiting Atlantic City before their return.

A most delightful but very informal tea was given by Mrs. T. H. Preston, Dufferin avenue in honor of Mrs. W. B. Wood of Montreal, who this week has been a popular visitor in town, but who to-day returns to the Royal City.

Amongst the events scheduled for next week is the Talent Tea and Banquet of the Girls' Branch of the W. A. of Grace Church, which takes place on Tuesday, 4th March, from 5 until 6 p.m., and I hear that all kinds of lovely things will be on sale.

The regular monthly meeting of the Woman's Auxiliary of the Y.W.C.A. was held Friday, Mrs. Yeitch, the president, presiding. Report of secretary-treasurer was read and found satisfactory. Arrangements were completed for a banquet to be given to fathers and sons on March 6.

The marriage is announced of Mr. George P. Marquis, well known to many Brantfordites, to Miss Ethel Clarke, daughter of Mr. and Mrs. Peter Clarke of St. Thomas, which took place in Knox Church of that city on Saturday, Feb. 15. After the honeymoon the young couple will make their home in Mt. Pleasant, hosts of good wishes following them.

At the annual meeting of the ladies of the Brantford Golf and Country Club, held in the board room of the Public Library on Friday afternoon, the following officers were elected for the ensuing year:

President, Mrs. Herbert R. Yates; first vice-president, Mrs. R. H. Reville; second vice-president, Mrs. W. R. Turnbull; secretary-treasurer, Mrs. B. Forsyth.

From present indications a whole lot of amusement will be derived from the funny situations in the comedy being put on by the Literary Club on the night of the 11th, some of our most prominent people taking the leading roles.

Mrs. James Harley's pretty home on Victoria street, was thrown open to her many friends on Tuesday and Wednesday afternoons of this week, when she was the hostess of two most enjoyable "thimble teas," which were very largely attended, this sociable way of entertaining being very popular these Lenten days.

Mrs. John F. Schultz was the hostess of a most enjoyable "Thimble Tea" at her pretty new home, Dufferin avenue, on Tuesday afternoon when she entertained in honor of her guest, Mrs. Beasley of Toronto. A musical and social evening was also given by Mrs. Schultz on Wednesday evening when a most enjoyable time was spent.

Mr. and Mrs. G. W. Broomfield, 217, Sheridan street, were most happily surprised by the members of the Kaskin club on Wednesday evening, when they were the guests of the club for their 7th anniversary of their marriage. A very pleasant time was spent in progressive euchre. A dainty luncheon was served with toasts and congratulations. Mr. and Mrs. Broomfield was presented with a handsome brass vase filled with daffodils. Although completely taken by surprise, Mr. Broomfield made a snail-like reply for himself and wife. The happy gathering broke up at an early hour, all wishing the host and hostess many years of continued happiness.

On Thursday evening Col. and Mrs. Nelles gave a farewell dinner to Col. and Mrs. Hemming, whose departure from Toronto is greatly regretted by many warm friends. Covers were laid for ten in the private dining room at the Prince George and the table was a sunburst of daffodils and spring blossoms. Major and Mrs. Kaye were among the guests. On Friday Colonel and Mrs. Chadwick gave one of their cosy little dinner of eight covers in their artistic home in Poplar Plains Road, at which Coote and Mrs. Nelles were guests of honor. General Lessard was also a guest. The shift in military circles bringing back a group of old friends to Toronto, has been the raison d'être of a round of entertaining of much cordiality. The less welcome task of speeding the departing heroes, has also occasioned

many farewell dinners and suppers. —Toronto Saturday Night.

On Friday March the 7th Brantfordites are to have the pleasure of hearing a programme put on by the Women's Musical Club of Galt, who will be the guests of the Public Library for that day, arriving in the morning, being billeted for lunch, and providing the programme at Smith's music hall, at three o'clock, and later adjoining with the Brantford executive to the home of Mrs. C. W. Aird, Dufferin Avenue, where they will be entertained to afternoon tea before taking the return car to Galt.

The annual dance given by the officers of Dorset Lodge at the Masonic Temple, Dalhousie street on Tuesday evening and attended by about three hundred guests was a very brilliant affair. The various rooms were ablaze with roses and carnations, the dancing hall bright with decorations of flags and colored hunting. Dr. Wiley, as Worshipful Master, assisted by Dr. Chapin and Dr. Reg. Secord, received the guests. Later the strains of Loomis' orchestra lured the lovers of Topsy-turvy to the ball room; those more staid preferring "bridge," which was played at seven tables, or the ever-popular euchre which was played at twenty-eight tables. Mr. Tom Logan, under whose splendid management the card rooms were arranged had forgotten no little detail—everything was most complete—and eventually Mrs. Frank Leeming, Miss Torrey, Mr. D. Adams and Dr. James carried off the bridge trophies, while for euchre, Mrs. Wiley, Mrs. Chrysler, Mr. Ellsworth and Mr. Rowe were the fortunate prize winners. Between eleven and twelve o'clock a most delicious supper was served after which dancing was resumed until about two a.m., when "God Save the King" played by the orchestra brought this very enjoyable evening to a close.

The announcement made in this week's paper that Mrs. W. F. Paterson and Mrs. Morton Paterson would receive on Thursday afternoon was gladly received by the many friends who were delighted at the opportunity of paying a formal call on the bride at their home, the corner of Charlotte and Chatham streets. It was a popular rendezvous between the hours of four and six. Mrs. Paterson in a handsome white embroidered voile gown and wearing a corsage bouquet of violets, and Mrs. Morton Paterson in a gown of pale pink satin with net overdress, corsage bouquet of pale pink roses and carrying a bunch of the valley, greeted one on their arrival in the drawing room—an attractive pair. Mrs. F. D. Reville, in black meteor satin, corsage bouquet of roses and violets, and Mrs. Walter A. Wilkes in handsome tailored costume of black velvet and wearing orchids, ushered the callers to the dining room before leaving, where Mrs. A. D. Hardy (who has now quite recovered from her recent indisposition, graciously presided over the prettily appointed refreshment tables with its decorations of yellow daffodils, the assistants being Miss Marjorie Wilkes, Miss Nora Wallace, Miss Adelaide Montzambert and Miss Ada Burt.

The Courier is indebted to Mrs. Louis P. Hleyd for papers of recent date containing items of interest regarding Toronto ladies who run their own cars with great skill. To quote from the Toronto Star Weekly:

"Dr. Helen Macmurchy who believes that a woman is as competent to drive a car as she is convinced

that she is to exercise the franchise, is one of the best known lady drivers in Toronto.

Mrs. G. N. Southwell is another thoroughly expert driver. Almost any day Mrs. Norman Heyd may be seen driving around the busy parts of the city with the most absolute nonchalance, as may Mrs. Oiler Wade in her own small car.

Mrs. R. J. Copeland drives both a small car and a large touring car. Many ladies favor electric cars. One of these, Mrs. Plunkett Magann steers with admirable ease. Some of many other well known lady drivers are the following: Mr. Harton Walker, Mrs. Norman Gooderham, Mrs. Wm. Beardmore, Miss Kammerer, who drives a large touring car; Miss Jessie Peet, Miss Grace Mackenzie, Miss Betty Green, Miss Annie and Miss Doris Sniff, Mrs. C. Shiles, who favors a large touring car, is one of the keenest motorists in Toronto.

On the 27th of last month she attended a meeting of the Ontario Motor League, having—the only lady present—the smoke from innumerable cigars and cigarettes. On that occasion, the question of the desirability of an examination to test the skill of a driver cropping up, she expressed surprise at men's distrustfulness of themselves, remarking that she never met with any mishap. The truth is, the woman motorists of Toronto have come to stay. Motoring is a sport especially suitable for women. Young, old and middle-aged alike for the woman of fifty, according to the instructors, is as keen and quick to learn as the girl of eighteen—all enjoy the pastime. The woman automobile driver is already an accomplished fact in Toronto.

RESTRICTION PUT ON STOCK IMPORTATION  
To be Allowed Free Only to British Subjects Furnishing Import Certificate.

OTTAWA, March 1.—An order in Council has been passed amending the regulation in regard to the free importation of animals for the improvement of live stock, by declaring that free importation shall be allowed only in case the owner is a British subject, and furnishes an import certificate stating that the animal imported is recorded in a Canadian National Record or in a foreign record recognized as reliable by the National Record Committee. This will stop the practice of free importations by American cattlemen, who have sometimes entered as pure-bred stock animals really intended for ordinary sale.
