

WORKED ON SUNDAY AGAINST CATARACT.

Hydro-Electric Supporters Were Trying to Engage Cataract Supporters to Work To-day.

Hamilton to-day is settling the power question, which has been a live issue since the Ontario Government first laid the Hydro project before the people...

at all, but are willing to leave it to those who have followed the question to decide what the city shall do.

Although there was some doubt last week as to whether the hotels would be permitted to remain open to-day, they were doing business this morning.

"If the people vote without prejudice and strictly with a view to economy, there can be no doubt about the result of the vote on the power question to-day."

LOOKING INTO BABY'S DEATH.

Inquest Ordered on Child of an Unfortunate Girl.

Neighbors Gossiped About Two Deaths in the House.

Foster Mother Says It Is a Case of Malice.

In the opinion of some, the death of Margaret Tuck, a 17-day-old baby, at the home of Mrs. Edward Blackmour, at Union Park, on Friday was surrounded by suspicious circumstances.

Mrs. Blackmour was called on by a Times reporter. She attributes the whole trouble to the spite of the neighbors.

"Had the child been ill?" enquired the reporter.

"Yes, and Dr. Clendinning has been attending it. For some time before its death it was troubled with indigestion."

Mrs. Blackmour took in a child last September, and as it died shortly after, the neighbors became suspicious at this second case, and asked to have the affair looked into.

DR. BURNS.

Grave of Former Ladies' College Principal Decorated Yesterday.

Following the custom of decorating the graves of their departed countrymen on the first Sunday in June, a deputation of about thirty members of the Ancient Order of Hibernians, of Toronto, visited Mount Pleasant Cemetery, and placed flowers on the grave of their honored countryman, the late Rev. Alexander Burns, D. D., LL.D., for many years principal of the Ladies' College here.

DICK GRANT.

World Famed Runner Married in Native Town To-day.

(Special Despatch to the Times.)

St. Mary's, June 7.—Dr. Dick Grant, the well-known runner and athlete, was married to-day at 12.30 noon to Miss Edith Hutchings, of Toronto, formerly of St. Mary's.

For the benefit of those of the rising generation who are unfamiliar with Dick Grant's athletic history, the following short sketch will be of interest:

Dr. Dick Grant is the son of the late Rev. Alexander Grant, who for over twenty years was pastor of Knox Church, St. Mary's. Dick early began to manifest his exceptional running abilities, for as a lad he, with his brother, Alex., who afterwards won the two-mile championship of America, sometimes ran to Hamilton, a distance of 70 miles.

Later, at Toronto University, he showed remarkable aptitude for athletics, and was captured by Harvard, under whose colors most of his races were run.

Dr. Grant is now physical director at the University of Minnesota, where he, like many other Canadians in the United States, is helping to develop a high national manhood.

Prior to going to Minneapolis Dr. Grant practised as an eye specialist in Boston, Mass.

Dick Grant is a fine example of a clean Canadian athlete, a credit to Canada, and one of the men whom Canada delighted to honor.

Happiness to you, Dick!

FOR THE WEST

Hamilton Young Men Volunteer for the Mission Field.

Rev. A. McLaren, of Medicine Hat, Alta., addressed the men's meeting at the Y. M. C. A. yesterday afternoon, and greatly interested his audience by a short Bible reading on consecration; and a brief review of the missionary work he is carrying on in Alberta, and an appeal to young Christian men to help in the work next winter.

The reverend gentleman's statement the harvest truly is plenteous and the laborers few. Students from various colleges are secured for the summer months, but the great need is for men to follow up the work the balance of the year.

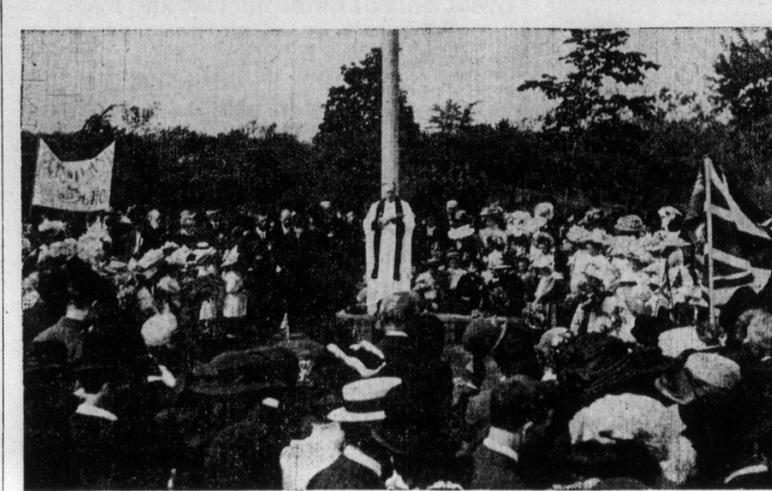

A short fellowship meeting was conducted by Secretary Best, at the conclusion of the speaker's appeal, and three young men present volunteered for mission work in the western field, and remained for consultation with Mr. McLaren after the audience was dismissed.

A very interesting letter was read from H. G. Doud, Calcutta, India, the young man who is being supported by the friends and members of the local association.

Marching Through Georgia. This would have been easy if the marchers had had British Army Foot Powder, because it relieves and cures tired, aching and sweaty feet.

SAFETY DEPOSIT BOXES To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

DECORATION DAY AT THE BATTLEFIELD

Rev. F. E. Howitt, in the centre officiating, with President Gardner, Barlow Cumberland and others on his right and school children on his left.

GIRL SCREAMS AT CLEMINSON'S CELL.

Miss Anna Kolb Has Hysterical Interview With Physician Accused of Wife Murder.

Chicago, June 7.—A dramatic scene occurred at the Sheffield avenue police station to-day, when Miss Anna Kolb was taken to the cell occupied by Dr. Haldane Cleminson, alleged by the police to have slain his wife.

Upon being taken to the physician's cell Miss Kolb screamed hysterically. She was left there for ten minutes, with a detective nearby. When the conversation between the two was about the police refuse to make public, but it was learned that their talk terminated with a second exhibition of hysteria by Miss Kolb, and she was led away.

Capt. Kane stated that Miss Kolb, while of value in the investigation of the case, was not the woman most wanted.

THE LATE MRS. HALDANE CLEMINSON.

Dr. Cleminson's father, Irish Cleminson, sat beside him during the few moments of the proceedings and accompanied him back to his cell. The deputy coroner stated that the continuance of the inquiry was necessitated by the work of the experts who are making a chemical analysis of Mrs. Cleminson's stomach.

ORDAINED.

Impressive Ceremony at Christ's Church Cathedral Yesterday.

In Christ's Church Cathedral yesterday morning a large number attended an ordination ceremony. Sub-dean Sutherland read the ordination service. Rev. Jerrald Potts was ordained priest, and will take Rev. Mr. Daw's place at St. John's Church during the rector's absence.

Three deacons were also ordained. W. W. Judd, B. A., will be at Bishop Ridley College, St. Catharines. Samuel Henry Prince, B. A., will be in Quebec for a time, after which he will join the staff of Bishop Ridley College, St. Catharines. Rev. Joseph F. Carson, B. A., will be licensed to the parish of Marshville, Ont. Dean Sutherland chose his text from II. Timothy, i. 6: "Wherefore I put thee in remembrance that thou stir up the gift of God, which is in thee by the putting on of hands."

DISCIPLES.

Annual Convention Going on at Smithville To-day.

(Special Despatch to the Times.) Smithville, June 7.—The annual June meetings of the Disciples of Christ here yesterday at Smithville, and are continuing to-day. Many thousands of people poured in to attend from a distance of fifteen and twenty miles around, bringing their lunch baskets along. These meetings are now being looked forward to as a great religious revival of the Province has in this denomination grown to such a power as in the centre of the peninsula. Not many years back their numbers were scant, but now they have a largely attended Bible school in connection with the church at Beamsville that has already in its six years of existence sent out dozens of students to organize and man new fields for the Church of Christ.

Saved Murderer

New York, June 7.—A Washington special to the World says: Through the intervention of Mrs. Taft, a Russian named Perovich convicted of murder at Fairbanks, Alaska, and sentenced to die, has been saved from the gallows. Actuated by his wife's pleas that mercy be shown the condemned man the President has commuted the sentence to life imprisonment, although it is said he was not inclined to interfere with the carrying out of the death penalty until Mrs. Taft intervened.

THE MAN IN OVERALLS

New story to-morrow. It's time that isolation hospital was built. Did you vote? I'm ashamed to look a dog in the face now. Judge Teetzel, the family friend and adviser. Are you doing anything at all to help along the Greater Hamilton movement? Don't miss reading the Times' reports of the Assembly's proceedings. They are bright, breezy and full of interest. My idea of Labor Day is a good long snooze on the grass with no 7 o'clock bell ringing. Is Jim Miller doing all that for nothing? Not on your life.

If the Public Library building is to be retained the money must be raised in some way to implement Carnegie's gift. How is it to be done? By taxation. And then there's the overdraft again staring us in the face. Take a run up to the Central Church and get a glimpse of the Assembly and its doings. You will be welcome. Now that Mr. Stewart has got so much to say he might tell us what he did for Hamilton while down at Ottawa. I can't find out that he did anything except draw his salary. I wonder if a corner of Dundrum Park could be made into a playground for the children up in that section. That's enough to make George Wild wild I suppose. Would it be better to hold the Grocers' picnic on Civic Holiday or the Civic Holiday on the grocers' picnic day? Has nobody any response to make to Mr. Morgan's patriotic fund letter? If it were I, I wouldn't be able to sleep until I had the thing straightened out somehow. There are so many public appeals just now for money that I admire the wisdom of Miss Lewis in her management of the Children's Hospital campaign. It is now well known who the husbandy is who is stirring up trouble among the City Hall clerks. Ask the Mayor. The Jolley Cut is getting worse and worse, and if something is not done to fix it up soon it should be closed to all traffic. It's dangerous in its present state, as well as a disgrace. Why don't the City Engineer and the Board of Works go up and take a look at it? Has Chairman Allan any idea of doing anything to it? Clever Ideas in Young Men's suits, \$13.50 to \$20 in the newest shades of olives, greens, tans, browns, greys, blues and blacks. You are welcome to come to learn. No obligation to buy. Special feature of suits at \$16 the best we have ever shown.—Fralick & Co., 13 and 15 James street north.

CHURCH UNION UP THIS AFTERNOON

General Assembly Reaches This Important Subject--Business of This Morning.

Church Union is the topic at the General Assembly meeting this afternoon. It was not discussed this morning but that it was the uppermost subject in many minds could be gleaned from the talk that was going on. The committee on this important subject laid before the Assembly this afternoon all the resolutions passed by the General Assembly on the subject during the past five years and the following resolution which is the outcome of the committee's work since the 1908 meeting:

The Assembly receive the report and learn with deep gratification that the joint committee on union have, after five years' enquiry and discussion, arrived at the conclusion that, in their judgment the organic union of the three negotiating churches is practicable. The Assembly desire to recognize the guidance of the Spirit of God in the proceedings that have taken place, as evidenced in the harmony of the deliberations of the joint committee, the increase of mutual confidence and the great unanimity of their conclusions as to the lines along which the negotiating churches, if they are disposed to do so, may come together in organic union. The Assembly are profoundly thankful for the measure of success achieved in dealing with a task of such magnitude and difficulty, and they recommend that on the second Lord's Day of the month of October next, or the nearest convenient day thereto,

ministers bring before their congregations the history of the negotiations, the chief proposals contained in the documents embodied in the report, the historic position of the Presbyterian Church regarding union, with other Christian Churches and the unique place occupied by the present movement in the history of Protestant Christianity. Inasmuch as the joint committee have expressed their conviction that the voting on the question of union should take place simultaneously in the three negotiating churches, and inasmuch as the General Conference of the Methodist Church will not meet till the month of September, 1910, the Assembly agree that the judgment of the church at large on this important subject be not sought until after date. They direct, however, that copies of the report be sent down to Presbyteries, Sessions and Congregations for their use, in order that they may be fully informed as to the whole question, and be prepared to deal with it when it comes before them for disposal. The Assembly suggest to the Executive of the joint committee the advisability of preparing a brief summary of the main contents of the report for popular use. The Assembly express the hope that members of the joint committee will hold themselves ready to accept the invitation from Presbyteries or Congregations desiring to receive information or explanations. (Continued on Page 10.)

WIDE OPEN.

Booze Is Said to Have Run Like Water Yesterday.

"There never was a time in the history of Hamilton when there was as much Sunday boozing around the centre of the city as was going on yesterday." This broad statement was made in the presence of two or three score of people last night by a prominent member of the Gospel Tabernacle, and when enquiries were made this morning many people could be found ready to corroborate the statement. "They were going in in droves, some sober, some in the first stages of intoxication, some drunk—it was a regular procession on Merrick street," was what the Times was told.

Pastor Philpott, of Gospel Tabernacle, when spoken to on the subject, said: "It was very bad yesterday and last night it was disgraceful." Rev. Mr. Philpott added that he had complained both at the City Hall and at the license office, but had received little satisfaction. "How was the law enforced yesterday?" the Times asked Inspector Sturdy. "First rate, fine," was the reply. "What about Merrick street?" "I was around there until 9.30 o'clock." "No complaints?" "Well, I heard some complaints this morning, but have not had time to look into them yet." Numerous complaints are also made about other parts of the city.

OVER A WILL.

C. H. Bagulay Brings Action For Decree of Probate.

An action has been brought against William Misener in the Surrogate Court by Charles H. Bagulay to decree probate of the will of the late Lemuel Misener. On Dec. 5th, 1908, Wm. Misener filed a caveat against the probate of the last will and testament of his brother, Lemuel Misener, who died at Jerseyville on Dec. 1st, 1908, leaving an estate valued at \$1,500. A writ was issued by Mr. Bagulay, executor of the will, and a statement of claim filed. The plaintiff asks that the court decree probate and such further relief as the nature of the will may require. The defendant, Wm. Misener, claims that the deceased Lemuel Misener was of unsound mind and incompetent to make any will, and that the plaintiff and his wife exercised undue influence and wrongfully induced deceased to make the will. The defendant further claims that the will does not correctly set forth the intentions of the deceased as to the disposition of his estate. Harley & Sweet, of Brantford, are for the plaintiff and W. M. McClelland for the defendant.

\$15,000 FIRE

Imperial Cocoa & Spice Company Lose Heavily.

On Saturday night about 11 o'clock, the fire department received a call to the premises of the Imperial Cocoa & Spice Company, on MacNab street north, where fire had broken out, and was blazing merrily when the fire fighters arrived. Several streams were soon turned on the devouring element, and it was not long before the fire was under control. It is thought the blaze originated in the boiler rooms as the result of an over-heated boiler. The fire had been going for some time before it was discovered, and the place was filled with smoke, making it much harder for the firemen to find the heart of the blaze, and it was only after two hours of hard work that the last hose wagon was able to leave. The firm estimates its losses at \$15,000.

SENT UP TO HIGHER COURT

Highland Sergeants' Caretaker is Committed For Trial.

Trouble Among Italians Over Awakening the Baby.

Sunday Drinking Got a Young Man Into Court.

Last evening about 10 o'clock Walter Stevens, 255 Cannon street east, was walking down Hughson street with two friends. When passing the Armory Stevens went into the yard and the other two continued walking on Hughson street until they arrived at the corner of Robert, where they stopped to wait for their friend. In about ten minutes Stevens turned up with a swollen eye and his face covered with blood. He said he had been assaulted, and the party, seeing the alleged assailant walking south on Hughson street, made after him to ask for an explanation. The man stopped when they came up behind him and, according to the story told by the defendant, offered to clean up the whole bunch of them. Stevens and his party hailed P. C. Clark and complained to him. The man was arrested and lodged in the cells, charged with assault. He gave his name as George Stevens, and said that he was caretaker of the Sergeants' mess in the new Armory. At the Police Court this morning the case was tried by Magistrate Jells and Stevens was sent up for trial. The complainant said that when he went into the Armory yard Stevens, who was standing in the doorway of the Armory, asked him what he was doing there, told him to get out, grabbed him by the collar, and shoved him onto the street, striking him a forcible blow in the eye during the process, said the witness. The witness was then turned over to W. A. Logie, counsel for the defence. "Didn't Mr. Stevens, who is caretaker there, tell you to get outside?" "No." "Were you drunk?" "No." "Had you had anything to drink?" "No." "Why, I can smell liquor on you from here." "Well, I had a glass of beer." "And you want this court to believe that this man has put you like a tiger, and used you up the way you say, and without any provocation whatever?" "That is what he did." Percy Oak, 182 Hughson street north, (Continued on Page 10.)

WAS UNIQUE.

Flowers in Cuspidors and Beer Bottles on West Avenue.

With a view to calling the attention of the civic officials and others to the disgraceful state of West avenue, between Main and King street, Mr. James Lankland, a landscape gardener in that block, had a unique exhibition yesterday. Flower beds were laid out in wheelbarrows and old boxes. Cut flowers were put in old hats, whiskey bottles and cuspidors. The exhibit attracted a lot of attention yesterday. Many thought it had been placed there by practical jokers, but the occupant of No. 2 says he did it for a purpose.

THEY STAYED LATE.

Early Sunday morning the police received a message by telephone from an anxious mother, who said her daughter had gone to a place of amusement on Saturday night with two other girls, and had not yet returned. Men were sent to investigate, but before they arrived the three girls were seen walking towards the city. The policemen stopped them and putting them in the patrol drove them to their different homes.

A Love Affair

Death of Distinguished I. elate at Casselman. Ottawa, June 6.—Archbishop Joseph T. Duhamel, Metropolitan of the Roman Catholic See of Ottawa, and Chancellor of the University of Ottawa, died suddenly last night of rheumatic affection of the heart, at Casselman, Russell county.

OTTAVILLE, June 5.—Arthur Tavannier, a young Englishman, working here, was drowned in the Otter River while bathing this evening about 8 o'clock.

FOUND BOY'S BODY. Ottawa, June 6.—The body of David Valiquette, aged nine years, one of two brothers who were carried into the river by a small landslide and drowned on May 10th, was found yesterday morning by a party with grappling irons seeking for the body of Arthur Martineau, a Hull boy, who was drowned in the river last week.

LET GO AND SANK. Toronto, June 7.—Reid W. Richardson, one of a happy party which went out sailing on the bay on Saturday, was drowned before the eyes of his companions. His body was recovered yesterday. With him were Mr. James Downey, of 441 Delaware avenue, his wife and Miss Edith Bruce, of 89 Homewood avenue. Richardson was sitting up against the sail, when a sudden gust of wind struck it. The jib threw the unfortunate young man into the water, and before the boat could be brought to

SULTAN'S INVESTURE GIRDING OF MOHAMMED V. WITH THE SWORD OF OTHMAN. The Ceremony Picturesque but Less Magnificent Than in the Case of Other Sultans—Symbolical Taking of Constantinople Again—Heroes in Khanti. Greeks—were men from the outlying provinces of the empire and of its wilder zones—Albanians, Kurds and Lazes, with here and there a swarthy Arab or a coal black African. Rough stands had been erected at short intervals, the ceremonies along the route being especially used for the accommodation of sightseers, among whom were thousands of Moslem women, whose colored charachis with the fez, uniforms and red flags of the soldiery made a scene one of the richest coloring. It seemed to be a woman's festival, for women were in the majority. They filled the streets, the verandas and the terraces. Those who crowded the window sills had raised their yashmaks, showing their pallid faces, with large pensive eyes blackened with kohl, and the ample folds of the feredje framing their cheeks gave them a curious resemblance to nuns.

ALL FOR PEACE. GERMANY'S FLEET IS NOT FOR AGGRESSION. This Declaration of Prince Henry of Prussia and of Naval Officers of High Rank—The Kaiser's Message to the Navy League. Kiel, June 5.—Prince Henry of Prussia, representing his brother, Emperor William, spoke as follows to-day at the annual meeting of the Navy League held here under the Presidency of Grand Admiral Von Koester: "Every one is glad that a good understanding of the aims of the Navy League once more has been established. This organization should devote itself to the furtherance and the carrying out of the legal naval programme. In addition to a powerful army, we need a fleet in order to assure peace." Admiral Von Koester said that Germany was not considering a fleet against any definite opponent, but as a means of self-defence. "We desire to live on the best terms with all civilized countries," he declared. Admiral Weber then made an address in which he referred to the "concentration of the strongest fleet in the world in the North Sea." He said he hoped war would never happen, but that Germany, after recent occurrences, was obliged to bear in mind the possibility of such a contingency. Admiral Weber rejected the idea of an agreement with Great Britain in the matter of naval construction. A telegram was received from Emperor William, saying: "Our principal task in the future, as in the past, is to open a way to make the fleet popular and to create German sea power for the assurance of peace." The chief business of the day was in relation to a speech by Admiral Weber, advising strongly against any understanding with Great Britain, which he said, wanted to possess only a fleet large enough to control all foreign trade. Such an understanding would be impossible and eventually would lead to war. A resolution in accordance with Admiral Weber's views was carried by a large majority.

NELSON ISOLATED. Great Damage Done on Railways and Ranches. Vancouver, B. C., June 6.—Nelson has been completely shut off from the rest of the world for the past two days as the result of floods to the north, east and south. It is hoped communication will be restored early this week. Reports of damage are coming in. Railways and fruit ranches suffered severely, the damage in almost every instance resulting from mountain creeks jumping their banks and sweeping earth and rock into the valleys. The C. P. R. and Great Northern Railways have had many sections of track swept away, and it will take considerable time to make repairs, even if no further damage is done. No loss of life so far is reported. Twenty-five years ago W. J. Costello, the first white child to be born in Calgary, was deced a 25-foot lot shortly after his birth by the then village authorities. The property was held in trust by his parents until Costello came of age. Yesterday the young man sold his lot for \$18,000. The property is on Eighth avenue, opposite the post office.

No. 20—The Corps will parade on Saturday the 12th June, at 2 p. m., at the Drill Hall, and on arrival will turn over their Oliver equipment and great coats at the service wagons for transportation. No. 21—Each man will take in his kit bag, two pairs of socks, one towel, one change of underclothing, razor, soap, brushes and other cleaning material. No. 22—The Corps will bivouac on Saturday night at Stoney Creek Battlefield—permission having kindly been granted by the ladies of the Wentworth Historical Society. Members of this Corps who cannot parade at 2 p. m. will be permitted to join the Corps on Saturday night at the Battlefield. No. 23—The drivers with their horses and wagons will parade on Saturday the 12th of June at the Drill Hall at 9 a. m., for the purpose of leading the equipment. No. 24—All officers' baggage will be loaded at the baggage car on the Hushon street siding of the T. H. & B. R., at 10 a. m., Saturday, June 12th. Geo. S. Rennie, Lieut-Col. O. C. No. XII, F. A., A. M. C.

RECITAL IN CALEDONIA. The recital in the Methodist Church, Caledonia, by the pupils of Miss M. Moore, assisted by Miss G. B. Robinson, of this city, was well attended, and the numbers were heartily applauded. The programme was as follows: Duet—The Little Prince... Krognan Harry Marshall and Willie Meredith. March... Harold Dickenson. Cradle Song of the Brownies... Campiglio Maggie Meredith. Evening Song... Satorio Marguerite Parker. Duet—March Triumphant... Rummel Misses Ramsay. Heimkehr... Edith Beattie. Peasant Dance... Baumfelder Laura Pettigrew. Song—Some Day Again... Greens Miss Gladys B. Robinson. Rondo Mignon... Bohm Misses Campbell. Dialogue Recital—How We Formed Our Music Club... Five Pupils. Galette de Cour... Smith Miss Eva Campbell. Duet—Daisy... Watson Misses Campbell. Valse Brillante, op. 18... Chopin Miss M. Jones. Spring Song (organ accompaniment)... Mendelssohn Miss F. Hamm. Song—Needles and Pins... Lane Miss Gladys B. Robinson. Rhapsodie Hongroise, No. 2... Liszt Miss Alma Campbell. Duet—Pilgrim Chorus (Tannhauser)... Wagner Misses Brierly and M. Moore. Song—O Canada... Miss Gladys B. Robinson.

THE HAMILTON TIMES

MONDAY, JUNE 7, 1909.

LIBELLING CANADA.

It is probable that a fuller report of the speech of Sir Hugh Graham, of Montreal, at the banquet of the touring press delegates in Great Britain would enable us to place a more favorable construction on the remarks than is possible by the report given in the cable despatches. As it appears there, his speech savored strongly of the loafer and tuft-hunter, and is an utter misrepresentation of the situation as regards Canada.

EDITORIAL NOTES.

Hon. W. L. Mackenzie King was made a Ph. D. by Harvard. The degree was granted as the result of an examination recently completed by Mr. King, and is strictly one of merit.

The story of an Anglo-Russian treaty to secure the integrity and good government of Persia is a very circumstantial one, and, if true, would appear to give promise of promoting the peace of Europe.

Quebec's policy, just decided upon, of preventing the export of timber from Crown lands, is nine years behind Ontario's. Ross put that policy in force in this Province by order-in-Council on Jan. 13, 1900.

The statistics of 1908 show a decrease of 48,296 in the number of deaths during the year, and an increase of 18,067 births. That should be effective as a nerve-quieting potion to some of our alarmed birth-rate cranks.

The vote on the Toronto sea-wall by-law to raise \$700,000 was an exceedingly small one, and resulted in the defeat of the by-law. Toronto has so many schemes in view involving enormous expenditures that the taxpayer is becoming alarmed.

Mr. Deakin, Premier of Australia, is said to have cabled an offer of a Dreadnought to the home Government. Competition in evidencing "loyalty" by "offers" of Dreadnoughts appears to be quite keen among Australian statesmen. Thus far the "offers" have cost Australia very little.

WATCH THIS SALE.

Ontario Government officials have been laying out and dividing valuable silver lands of the Gillies line, 870 acres of which is shortly to be sold by tender. It would be strange, indeed, if some information as to the choice bits of this property should not leak out so as to reach the ears of the party friends who push the Whitney chariot along.

JOHN BULL'S HYSTERIA.

The absurd war scare that has rendered England ridiculous in the eyes of the world was not unnaturally the subject of discussion at the Lake Mohonk conference on International Arbitration, and President Butler, of Columbia University, aptly characterized it and the prevalent Germanophobia as striking instances of "present-day emotional insanity." The Philadelphia Record, commenting on the situation, remarks:

The Mail and Empire is using its every effort to encourage the Opposition to contest the election of Hon. W. L. Mackenzie King, in North Waterloo. Its natural dislike for the cause of labor makes this work congenial. We shall see to what extent the Opposition has taken leave of its common sense; its course in this matter will enable the public to judge.

The Cobalt Citizen's charges of a hold up of a mining company by the Ontario Government officials are a very serious matter. Coming on the heels of the vicious legislation of the Government, destructive of private rights, the statement that this company was held up for \$78,808 royalty plus \$51,000 of a rake-off for "friends," whose names are not mentioned is one to set people a-thinking. Explanations are due from the Government and should be forthcoming without delay.

The draft act of South African Union does not empower the provinces to exercise anything like the jurisdiction which our British North America Act gives to the Canadian provinces. There are, in many respects, striking resemblances in the classes of subjects relegated to the provinces; but it is to be noted that in the South African bill great care has been taken to secure the supremacy of the central Parliament. In all matters upon which the provinces have to deal they must secure the assent of the central government to their legislation thereupon. This is very far from providing for provincial autonomy as we know it in Canada.

Rev. Dr. W. S. Griffin, father of Dr. Griffin, of Hamilton, celebrated his 60th year of active work in the Methodist ministry by preaching his diamond jubilee sermon in Brantford yesterday. Rev. Dr. Griffin recalled the days of small things in Methodism 60 years ago, when the membership of the church in Canada was only 25,000 and contrasted conditions then with the great and increasing prosperity of the church today. These ministerial veterans have an interesting story of the growth and progress of Methodism to tell, and it would be of enduring historical interest to have their recollections of the last 50 or 60 years placed on record.

"A correspondent" is informed that there have been several measures adopted in Germany by way of requiring the working people to insure themselves against sickness, accident and poverty in old age. Prince Bismarck's bill to arrange for the working classes, in co-operation with and assisted by their employers and the State, to provide against sickness became law in 1883. A measure to make provision for accidents passed the Reichstag in the following year, and on May 24, 1884, an act providing for an old-age pension system toward the fund for which employees, employers and the State would contribute, became law. These acts are compulsory.

The Pioneer, the Toronto temperance organ, says Whitney, before going to the country, "had practically promised to abolish" the three-fifths vote required for local option. Many candidates also pledged themselves to vote for its repeal, and it adds, "It is probable that, in that election, many more candidates would have been pledged to vote for repeal had not temperance workers gen-

erally relied upon the Government's carrying out its repealing promise." It says that Whitney evidenced his recognition of its injustice by his evasion of the direct issue and his effort to stir up prejudice against the majority plan on the ground that it was "American." But Whitney probably feels that he can flout the temperance vote now that he has secured a majority of the Legislature.

Mr. Justice MacLaren has refused to give leave to appeal in the case of Smith vs. City of London (a Hydro-Electric suit), which was held by Mr. Justice Riddell to be stayed by Whitney's legislation closing the courts against all suits attacking the Hydro-Electric scheme. It will be remembered that Whitney's legislation declared all actions entered to be "forever stayed." The courts, of course, do not recognize Whitney's power to legislate "forever"; at any time the vicious act may be repealed or amended, or, it may, within two years of its passage, be disallowed; in such case, the issue might be brought to trial at any time. It is far from certain that the power of disallowance may not yet be exercised in the matter.

There are worse places for the man who makes his living by his labor than free trade Britain. A government report based on a careful study of conditions in forty British, French and German cities indicates the following conclusions: The French workman pays 2 per cent. less and the German workman 23 per cent. more than the English workman for lodgings. On the other hand, if the British workman should live in France on the same footing, buying the same supplies in the same quantities, his expenses would increase 18 per cent. The same increase would occur if he tried it in Germany. As regards wages, they are on the average 75 per cent. as high in France as in England and 83 per cent. as high in Germany as in England, while the hours of work are 17 per cent. longer in France and 10 per cent. longer in Germany.

A writer in the Contemporary Review for May goes into a study of the comparative power of the British and German fleets, resolving the earlier vessels into Dreadnought values. Under certain conditions the latest type of battleships has an undoubted superiority over earlier types, but not under all conditions. He estimates that a Dreadnought should be "a match for at least two British battleships of an earlier type," but, to be on the safe side, he calls 23 of Britain's earlier ships equal to 9 Dreadnoughts. The German fleet makes a very poor showing beside that. The 10 German vessels of the Deutschland type would be, he says, a doubtful match for 3 of the Dreadnoughts; while the "earlier German ships of the Mecklenburg and Kaiser classes carry main armaments so light that in our service they would not be rated as battleships at all." Some Britons are getting over their hysteria.

It would be hard to improve upon this statement of the London Eng. Economist, which points out that in the last ten years the actual expenditure of the British Admiralty has been about 300 millions, that of the German Admiralty about 108 millions, while our estimated expenditure for next year is 35 millions, that of Germany 18 or 19 millions, mostly borrowed; that our tonnage of warships actually built and ready for action was 1,833,000 tons, against a German tonnage of about 628,000 tons; that the trained personnel of our navy consists of some 128,000 men, while that of the German navy consists of about 48,000 men. In view of these dry but surely relevant facts and figures, we venture to remark: "Those who fear a German invasion really ought to be given a safe conduct out of the country. We think the scare has been worked up by interested parties."

In an address before the Cotton Manufacturers at Richmond D. A. Tompkins estimated that the British cotton manufacturers had an advantage of 30 per cent. over the American. His "estimate" is very thoroughly analyzed by the New York Journal of Commerce, which very strongly dissents from his conclusions. It closes an enlightening review of the subject by saying:

Cotton manufacturing has been going on in this country for three or four generations, and there would seem to be time enough to acquire and transmit all the knowledge and skill there is in it. In that respect there is no reason why Manchester should have any advantage over Lowell and Fall River. Capital is abundant and interest "cheap" in England only as the result of accumulation and large supply in proportion to demand, and this condition is the effect and not the cause of industrial and commercial development. The fact is that English cotton manufacturers have developed to their present state as the result of one single advantage—the absolute freedom of British trade with all the world for its materials and supplies.

OUR EXCHANGES

PLAYING IN THE STREETS. (Toronto News.) Toronto can well afford to spend a few thousand dollars annually on providing its children with room for play and recreation. In fact, the city cannot afford not to make such expenditures.

THE BISHOP AND PLAYGROUNDS. (Toronto Star.) The Bishop of Toronto has written a letter strongly approving of public playgrounds—for children. He is doing

Men's Suits \$3.85 Yes, it's a low price for a Sanford-made Suit and some of the lines in this lot are really all wool Halifax tweeds, while others are good substantial union tweeds. The colors are light grey, mid grey and Oxford grey, also grey and black mixtures and plain brownish shades. The sizes here yet run from 34 to 42. Single and double breasted styles. Some two and some three garment suits. Regular values \$6.50 and \$7.50, for \$3.85

About These "Overmakes"

To be classed as a mere "bargain store" does not lie within the range of our ambition. Three or four times a year we are called upon to emphasize some big lots of clothing for men and boys at very low prices; but during the whole 12 months of the year we try to give our patrons the correct models, correct materials and colors at the most reasonable prices when all details are considered. This sale of the Sanford Co's. overmakes has now been on for two days—long enough to test the public on responding to our announcements. Scores of men and boys have been fitted out and we have scores of suits here yet, and would emphasize the following lots:

Men's Suits \$11.75 Many of these Suits would be on the \$18.00 and \$20.00 tables in some stores, but in Oak Hall, the real value store, the prices would be \$14 to \$16; all sizes, 33 to 44, for \$11.75

Men's Suits \$9.75 Some very fine lines in this big lot, including blue serges and black English worsteds, also English fancy colored worsted and chevots and good domestic tweeds. Two-garment and three-garment suits; some cut in the latest two-button long roll "dip front" style with deep cuffs on trousers; sizes 33 to 44; regular values \$12.00 and \$13.50, for \$9.75

Men's Suits \$14.75 Here's the price that we expect to do big selling with to-morrow. Fine grey worsteds and chevots and some of the latest tints in brown and tan shades; two and three-piece suits in the newest two and three-button models; all sizes from 33 to 46 chests; regular values \$16.00, \$17.50, \$18.00 and some \$20.00 lines; all at \$14.75

OAK HALL 10 and 12 James Street North

a service to the children, and also to the church he represents by keeping it in touch with an important social movement.

WHAT GUFF! (Toronto Mail and Empire.) The proper policy for the working men to pursue is to defeat Sir Wilfrid Laurier's kid-gloved Labor Ministers, one by one, until at last the Premier is forced to admit that a man who toils with his hands is not incompetent as the William Lyon Mackenzie King faction represents.

SUPERVISED CIVIC PLAYGROUNDS. (Toronto Globe.) The feeling is becoming very general that it is inhuman to deprive children, and especially very small children, of their natural right to play on the ground in the open air. Any civic community that persistently ignores that right will pay the penalty sooner or later. It is putting it mildly to say that nothing else is so potent a preventive of crime as such play; in point of fact it is almost the only effective preventive to which the community can resort. The highly artificial and hothouse life of a school is no proper substitute for the education given by nature in the primitive society of which children so situated are the constituent individuals.

OUR FAME ABROAD. (Toronto Pioneer.) According to our Hamilton exchanges, the Chief of the Fire Department in the Ambitious City is considering the adoption of a regulation prohibiting any of his men from going into hotels while in uniform. This action has been proposed because of some conduct not creditable to the department, and caused by indulgence in strong drink.

Of course the Chief is right. No public servant ought to be seen in a bar-room, either with or without his uniform. A city has a right to expect good service from every man it employs, and no man can do his best if he indulges in strong drink. It might be well worth while, however, for the sovereign electors of Hamilton and every other city to consider the advisability of closing up the bar-rooms as a simpler and more effective method of dealing with the evil, than that of trying to keep people from going into bar-rooms that are established and licensed.

CASTORIA. Bears the Signature of Dr. J. C. Hutchins. James Duggan, a prominent and prosperous farmer, living four miles north-west of Lapeer, Mich., was shot and probably fatally wounded on Saturday night at his home by J. E. Parker, a farm hand formerly in Duggan's employ.

AT BENNETT'S. Billie Burke's Big Show Here For Three Days.

To bring the biggest vaudeville organization travelling, and probably the most expensive show on the road, to Hamilton, and at this time of the year, is enterprise that is worthy of being encouraged, and the Bennett management should be rewarded with capacity business to-night when Billie Burke's big star bill is presented. Mr. Burke is a manager of wide experience, and he successfully with several Broadway productions, and his ten funny folks in a comedy sketch, "The New Scholar," an act that is said to be a whirl of merriment; the great Potter-Hartwell troupe, the European sensation about which there has been so much talk; Frank Meade, who has \$5,000 on deposit to prove at any time that he is the world's champion rifle shot; Maurice Wood, Broadway's favorite comedienne in clever impersonations of Harry Lauder, Eva Tangay and others; Tom Dempsey, "The Man in Grey," one of the best of the monologue artists; the six O'Connor sisters, clever Canadian girls, who have made a big hit in vaudeville; "Uncle Tom's Cabin," a condensed version of Harriet Beecher Stowe's great novel, presented by twenty-five people, with beautiful scenic and electrical effects; the fifteen Alabama serenaders, clever dancers, comedians and singers, and Carney and Wagner, cyclonic dancers, in a new novelty. New pictures will be shown by the Bennett-ograph. There has been a large advance sale, and as the show is only here for three days patrons will realize the necessity of reserving seats early to avoid disappointment.

S. O. E. Annual Church Service in James Street Baptist.

A large number of the members of the S. O. E. attended the James Street Baptist Church yesterday afternoon at 4 o'clock, to hear the annual sermon preached by Rev. J. C. Sycamore. The members lined up two abreast on John street, between King and Main, and marched to the church in a body, under the command of Marshals H. J. Ham-

mond and G. Pierce. The parade was about 120 strong, and among those attending were Mayor McLaren, Allan Studholme, M. P., and Ald. Milne. The gathering of members and friends all most filled the church, which was decorated by Union Jacks hanging over the choir and pulpit.

Mr. Sycamore expressed himself pleased to see such a large number present. He said the S. O. E. had been organized 35 years ago in Toronto and had spread rapidly until now it has branches in all parts of Canada. The more Canada is opened for settlement the larger the immigration from the motherland, and very often those coming in need some assistance. The Society helps in that respect, and by helping the immigrant, help the nation. Mr. Sycamore selected his text from Matthew xii, 12, "How much, then, is a man better than a sheep." He said all knew something of the parable. The Pharisees pulled their sheep out of the pit on the Sabbath day, but rebuked Jesus for healing the withered hand and thus caused the Master to answer as He did. Next to God comes man, divine and human, so intimately it found that one can't glory without the other. Christ was the same as the people He was among in some respects. He labored at the carpenter's bench, but He was a true specimen of manhood. The weariness of man made Him sleep in the boat on Galilee, but His Godliness quailed the waves after He had commanded them to be still. It was Christ's manliness that caused Him to weep at Bethany when He saw Mary and her sister weeping for Lazarus. On the cross it was His manliness that made Him say "I thirst," but His Godliness made Him say to the thief, "To-day shalt thou be with Me in Paradise." God shows both godliness and manliness. If the world were to be balanced with a man's soul, "what shall it profit a man if he gain the whole world and lose his own soul." Although a sheep is inferior to man many men judge a sheep as more valuable than their fellowmen. No wise man would put Jesus away as He is too good an example. In closing, he said every man should place a high value on himself. Special music was given at the service.

YOUR SUMMER OUTING.

If you are fond of fishing, canoeing, camping or the study of wild animals, look up the Algonquin National Park of Ontario for your summer outing. A fish and game preserve of 2,000,000 acres, interspersed with 1,200 lakes and rivers, is awaiting you, offering all the attractions that nature can bestow. Magnificent canoe trips. Altitude 2,000 feet above sea level. Pure and exhilarating atmosphere. Just the place for a young man to put in his summer holidays. Hotel accommodation. An interesting and profusely illustrated descriptive publication telling you all about it sent free on application to J. D. McDonald, D. P. A., Toronto.

Save Your Vanity Wear the "Kryptok" If you require the two vision. Distant objects are seen clearly, near ones with perfect ease and no perceptible line in your glasses. Have fitted a great many of these lenses, all of which are giving the best of satisfaction to clergymen. Special discount to clergy. Prop. Globe Optical Co. 111 King East.

HAISTE AHEAD In Traveller Contest at the Maple Leaf Park.

The commercial travellers' contest at Maple Leaf Park caused a great deal of excitement on Saturday and the friends of the leading candidates had a great time canvassing for their men. The vote is to decide who is the most popular traveller residing in the city of Hamilton and the winner will be presented with a handsome diamond ring. Another man became prominent after Saturday's ballots were counted and he is now in the lead. C. M. Haiste is the lucky chap and he will make the other fellows work some to beat 'im out. The leaders when the ballots were counted on Saturday night were: C. M. Haiste, 308; George Nicholson, 303; Eddie Dore, 290; Bay Hill, 291; J. M. Zimmerman, 274; J. R. Studer, 269; W. Jackson, 267.

There are many other travellers who are by no means out of the running. The chariot race on Saturday was the cause of a great deal of fun. The company to prevent people from riding free, and their Grievance Committee is now waiting on the report of Vice-President Whyte, who is at Montreal interviewing the Executive in regard to the matter.

The trial of the election petition against L. E. Prouse, M. P., has been adjourned until September 14. C. P. R. conductors in the west object to recent regulations adopted by the company to prevent people from riding free, and their Grievance Committee is now waiting on the report of Vice-President Whyte, who is at Montreal interviewing the Executive in regard to the matter.

ASSEMBLY DAY SERMONS.

Presbyterian Preachers in Many of the City Churches

And Large Congregations Out to Hear Them.

Principals Patrick, Scrimger, Jordan and Other Strong Speakers.

Assembly Sunday gave the people of a majority of the churches of the city an opportunity to hear some of the strongest men of the Presbyterian Church in Canada in their home churches yesterday.

CENTENARY CHURCH.

Rev. Dr. Patrick, of Manitoba College, Winnipeg, preached in Centenary Church yesterday morning.

He chose for his text Romans xv., 1. "We then of the strong ought to bear the infirmities of the weak and not to please ourselves."

As we advance in years and as the nations advance in civilization we know that the body is intended to be ruled by the mind.

Those who are weak are defective in spiritual insight and know not what is morally right.

Organization comes right out to the front that we may know what the church is to do; all that is Christian centres on one point, that which these four men organized to do—bring men to Christ.

ST. PAUL'S CHURCH.

Rev. C. W. Gordon, D. D., (Ralph Connor), occupied the pulpit at St. Paul's Presbyterian Church last evening.

He chose his text from Mark ii., 10 and 11. "But that ye may know that the Son of Man hath power on earth to forgive sin."

This man perhaps was once well and strong, but like many men, wasted his strength in sin and his suffering was the result of his folly.

Organization comes right out to the front that we may know what the church is to do; all that is Christian centres on one point, that which these four men organized to do—bring men to Christ.

TOO YOUNG.

Young Man Charged With Perjury, When Getting Married.

London, Ont., June 7.—Robt. Campbell, of this city, arrested in Brantford on Saturday on a charge of perjury, appeared before Magistrate Love this morning and was bailed in the sum of \$600 to appear for trial in a week.

incident and address of Paul before Zeik.

The services of the day were a benediction to the people, the pastor pro tem, being present at both services, taking charge and introducing the special speakers for the day.

MACNAB STREET CHURCH.

MacNab Street Presbyterian Church was filled to capacity last evening, when Rev. Robert E. Knowles, of Galt, delivered a beautiful sermon, the dominant note of which was that a man need not necessarily be a Christian to be a follower of God.

ERSKINE CHURCH.

"Glimpses From Scenes on the Trail" was the subject of an interesting and instructive sermon by Rev. John Pringle, D. D., formerly of the Yukon, in Erskine Church yesterday morning.

FIRST CONGREGATIONAL.

In First Congregational Church yesterday morning Professor Jordan, D. D., of Queen's University, delegate to the General Assembly, delivered an inspiring sermon before a large congregation.

FIRST METHODIST.

First Methodist Church was favored with sermons by two of the able men of the Presbyterian Church, Dr. McVicar, of New Glasgow, and Rev. Principal Patrick, of Winnipeg, and large congregations heard two magnificent sermons.

ST. GILES' CHURCH.

At St. Giles' Presbyterian Church last evening Rev. Dr. Scrimger, Principal of Montreal College, preached a sermon which commanded the attention of the large audience from the start to the finish.

CHALMERS' CHURCH.

In Chalmers' Presbyterian Church, Mount Hamilton, yesterday, the pulpit was occupied in the morning by Rev. David Thomson, of Hastings, who preached a somewhat unique sermon on the "Wells of the Bible," in the course of which he made feeling reference to the late William Smith, a former elder and pillar of Chalmers', who had left his family in a better than rich estate.

In the evening Rev. Dr. Duncan, of Toronto, editor of the Presbyterian, preached in Chalmers. He spoke of "Jesus So Loved the World." His sermon was intensely interesting and calculated to create a deep impression on his hearers.

On Tuesday, the 15th, Barton Church will tender the new pastor a reception, and on Thursday, the 25th, Chalmers Church will hold a reception in his honor at the home of Mr. and Mrs. McVitie.

RYERSON METHODIST CHURCH.

There were good congregations at Ryerson yesterday, the people being favored with the presence of noted ministers from the Presbyterian assembly. In the morning Rev. Mr. Hodges, from Oshawa, preached a strong and faithful sermon on the subject, "The Marching Forward of the Redeemer's Kingdom."

ST. LAWRENCE CONSECRATION.

Impressive Services at Father Brady's Church Yesterday

In Which Many Dignitaries From Other Places Took Part.

Magnificent Altar the Gift of R. O. and A. B. MacKay.

Pomp and ceremony of an unusually impressive character marked the solemn consecration of St. Lawrence's Church yesterday by His Grace Archbishop Weber, of Berlin, assisted by other ecclesiastical dignitaries of exalted rank, and local clergy.

ERSKINE CHURCH.

"Glimpses From Scenes on the Trail" was the subject of an interesting and instructive sermon by Rev. John Pringle, D. D., formerly of the Yukon, in Erskine Church yesterday morning.

part in the work of beautifying the church and freeing it from the disgrace closed with a tribute to the memory of the late Archbishop of York.

Father Brady at the conclusion of the mass expressed his appreciation of the honor conferred by the ecclesiastical dignitaries in coming here to officiate at the consecration services, and he also warmly thanked the people and kind benefactors, especially the gentlemen who donated the magnificent altar.

His Lordship Bishop Dowling spoke briefly. There were special reasons, he said, why he should be specially attached to St. Lawrence's, because that was the first church he built after his consecration as bishop.

ERSKINE CHURCH.

"Glimpses From Scenes on the Trail" was the subject of an interesting and instructive sermon by Rev. John Pringle, D. D., formerly of the Yukon, in Erskine Church yesterday morning.

FIRST CONGREGATIONAL.

In First Congregational Church yesterday morning Professor Jordan, D. D., of Queen's University, delegate to the General Assembly, delivered an inspiring sermon before a large congregation.

Madonna of the Veil), St. Thomas, Doc, St. John, Ev., St. Luke, Ev.

Right—St. Paul, Ap. St. Patrick, St. Cecilia, V. M., St. Anthony of Padua, St. Matthew, Ev., St. Mark, Ev.

Large paintings of our Lord's life; Birth Announced to Shepherds, by Plochker; Our Lord Blessing the Children, by Voegel; Our Lord Commending Mary for Choosing the Better Part or Bethany, by Donan; Raising Jairus' Daughter, by Donan; Our Lord Weeping Over Jerusalem, by Eastlake; Our Lord Taking Leave of His Blessed Mother; Our Lord's Crucifixion, by Collin; Our Lord's Resurrection, by Plochker; Our Lord Blessing and Commissioning His Apostles. At church entrance is The Widow Commended for her Generous Mite, Muller.

Over the side altars are two of Murillo's paintings, The Assumption or Immaculate Conception, and the Holy Family. All is ecclesiastical, even the inscriptions over the three arches.

BLYTHE DOOMED.

Agincourt Wife Murderer to Hang June 17.

Toronto, June 7.—Walter Blythe will be hanged on June 17.

Sheriff Mowat this morning received this official message from the Council at Ottawa:

"To the Sheriff of the City of Toronto: In the case of Walter Blythe I am commanded to inform you by His Excellency the Governor-General does not see fit to interfere further with the sentence of the court."

"P. Pelletier, Assistant Under Secretary of State, Walter Blythe is the Agincourt railwayman who murdered his wife by beating her with a poker. He was sentenced by Judge Riddell to hang on the 13th of May, but the day before the execution a reprieve was granted until June 17.

But now Blythe's last hope of reprieve is passed.

A short time after the news was broken to Blythe, he said without bitterness:

"It was no kindness to me to grant the reprieve on May 13; if I was to die it was better that I should have died then. I had prepared my mind for death, and now I must go through this agony of preparing for death a second time."

JUVENILE TEMPLARS.

The weekly meeting of International Juvenile Templars, at the C. O. D. F. Hall, on Saturday afternoon, was well attended.

SONG SERVICE.

The song service at the East Hamilton branch, Y. M. C. A., last night was well attended.

BARGE BURNED.

Detroit, Mich., June 7.—Hugh R. Haver, of Detroit, the owner, has been notified of the destruction by fire of the barge Gebhardt at Drummond Island, Georgian Bay.

FINCH BROS., 29 and 31 King St. W.

WHARF GOES IN

Seventy-Five Persons Thrown Together Into Lake Ponchartrain.

Too Many People Crowded on to the Wharf.

New Orleans, La., June 6.—Four women and two children, and probably many others, were drowned to-night when the excursion steamer Margaret made a fastening at Mandeville, La., on the north coast of Lake Ponchartrain, 25 miles from New Orleans.

The wharf gave way and about 75 persons were thrown into the lake. Many heroic rescues were made.

NEW ORLEANS, La., June 7.—No more bodies have been found in Lake Ponchartrain, at Mandeville, La., where the wharf gave way while the steamer Margaret was making a landing last night, and it is believed that the deaths will not exceed six.

For some reason the boat landing has been changed to a wharf, which had not been used for several months. Scores of people crowded upon the landing upon the approach of the Margaret, and it was only when the vessel drew a few feet alongside that the crash came. Men, women and children went into the water, and it looked for a time that scores would be drowned.

The United States imported 670,000 cords of spruce pulpwood from Canada last year.

ROSEBERY AND JOURNALISTS.

Responsibility For Imperial Defence Rests on Whole Empire.

Pressure on Britain Great—The Colonies Must Help.

Loyal Response of Sir Hugh Graham to the Speech.

London, June 6.—All the leading journalists of Great Britain, with few exceptions, were present at the banquet which was held in the Palace of Music in the White City at Shepherd's Bush, last night, to welcome the delegates to the Imperial press conference.

LORD ROSEBERY. Lord Rosebery, the orator of the empire and master of eloquence, humor, satire and impassioned invective, was greeted most enthusiastically on rising to propose the toast, "Our Guests."

But he would not use to tell of the political and physical sport which the legislators might indulge in in Canada, New Zealand, Australia, India and South Africa should also be visited.

Then they came to the question of a close union between the parts of the Empire. That was the most vital of all. (Cheers.) It was perfectly certain that if they were to build up as long as we could only do so by the freest knowledge of each other's wants and ideas.

Speaking on the duty of national defence, Lord Rosebery said: "We can and will build Dreadnoughts, or whatever new type of ship may be long as we have a shilling to spend on them, or a man to put in them."

"Take this message also back with you: that the old country is right at heart; that there is no failing or weakness in her, and that she rejoices in renewing her youth in her giant dominions beyond the seas." (Cheers.)

SIR HUGH GRAHAM. Sir Hugh Graham, responding, thanked the gathering for the warmth of their welcome, and spoke of the necessity of journalists joining forces for the good of their country in this great national crisis.

Referring to the defence of the Empire, Sir Hugh Graham said that for long years Canada under both political parties has been sponging on the motherland for protection.

Dominions, the colonies and the dependencies have offered hearty co-operation in this movement, which originated with the press, was supported by the people, and is now espoused by political parties.

The overseas delegates to the conference have sent the following telegram to the King: "The overseas delegates to the Imperial Press Conference desire to express their fervent loyalty to your Majesty, and trust you may only be spared to the people of the Empire."

HUSBAND'S DARING.

He Plunged Into Niagara to Save His Wife.

Niagara Falls, N. Y., June 6.—Louis Cohen, of Buffalo, saw his young wife leap into the swirling river between Second and Third Sister Islands at 5 o'clock this afternoon, only 150 feet above the brink of the cataract.

Influenza Coming From Europe If a Wave of This Disease Sweeps Over Canada, Thousands Will Die.

Be prepared—now is the time—to say you should commence to protect yourself.

Influenza or La Grippe invariably seizes upon those who have coughs, colds and sore throats.

An important Montreal physician states that the epidemic can be minimized if the people will only guard their colds—stop them before they grow large.

This is but one instance of thousands of cures from Nerviline which has no equal in curing all winter ills such as croup, quinsy, hoarseness, bronchitis, lumbago, sciatica, or rheumatism.

A LONG TRIP.

Two Prairie Schooners Are Coming From Dakota.

Windsor, June 6.—With his wife and two young daughters, James Watson, formerly of Thornhill, Ont., arrived here yesterday afternoon after a trip of over a thousand miles in two wagons fitted out in the style of two prairie "schooners."

St. John's, Nfld., June 6.—To the great anxiety felt here by shipowners and the relatives of the 300 men comprising the crews of fishing schooners a week overdue, at this port, from Bona Vista Bay, because of ice menacing proportions, has been added the fear of disaster from ice floes and storms.

Ottawa, June 5.—Liesle Stanley, the seven-year-old son of Thomas Stanley, St. Catharines street, Ottawa, was run over by a street car at the Bank street subway last evening and instantly killed.

GAMBLING AT RACE TRACK.

Has Toronto the Power to Stop Gambling at Woodbine?

Important Pronouncement by Sessions Grand Jury.

Judge Winchester on the Law and Evils of Betting.

Toronto, June 7.—In connection with the suppression of race-track betting when it is made a business, his Honor Judge Winchester, in reply to the presentment of the Grand Jury of the Criminal Sessions on Saturday, made an important pronouncement which throws the responsibility upon the City Council for taking steps to stop the evil.

TIMES PATTERNS.

No. 8403.—A simple, comfortable dressing frock, that is yet dainty enough to wear all through the morning hours, is always appreciated by the women of good taste.

"When we learn of dishonesty which is born of race-track gambling, the hardship which comes upon many a home through the folly of the father or the mother, the disgrace which follows many a young person's 'get rich quick' efforts, when, worst of all, we awaken to the tolerance of public opinion to institutions which have so outraged public sentiment in other countries, that they have completely prohibited them, we fear not only for the good name of our fair country, but for the moral honesty without which no nation can maintain her prosperity or her safety."

"We have no serious quarrel with the horse race as a sport, which we next to the Province of Ontario, have all adopted radical and stringent laws for the prevention of race-track gambling in every form. We regret to note that the absence of equality effective laws in Ontario seems to be attracting the race-track gamblers of these States to Ontario tracks, especially at Erie and Windsor. There is danger of the Province becoming known throughout the United States as the race-track gamblers' Paradise."

"We sincerely hope that an awakened public opinion will compel such legislation as will make it impossible for any race-track to continue its existence if betting be at all permitted in connection therewith. And may we not look for some legitimate prevention of such disgraceful gambling advertisements as are being offered to the public in one of our daily papers?"

"We regret very much that necessity also compels us to ask that some representations be made to our Gracious Sovereign King Edward, and his Canadian representative, our much-esteemed Governor-General, asking that they withhold their patronage and presence from all such institutions."

"Gambling is the greatest evil in England to-day," said Judge Winchester in expressing his concurrence with the views of the Grand Jury with regard to race-track betting, which is made a business, and he added: "I am afraid that in this country are fast following in the footsteps of the mother country."

evidence of tipsters showing their wares to the gambling public. "It must be understood, however, that betting, as carried on at the Woodbine, which is an incorporated race track under the laws of this country is legal, and that therefore the advertising of betting cannot be illegal."

"Certain papers condemn betting, editorially and decri it as an evil, but in those very papers on other pages are published, in large type, giving the entries, weights, and all the rest upon which money is paid over every day on the odds displayed. If those papers were really serious in their efforts to put down the evil they should stop publishing these form charts, and thus the odds on the horses."

The Judge expressed the hope that the necessary legislation would be passed to enable the authorities to deal with handbook-making. Gambling hardened a person's conscience and it was a fact that the man who at the session received the heaviest sentence, he believed, had spent his ill-gotten gains in betting.

EARLY DAYS OF METHODISM.

Jubilee Sermon by Rev. Dr. W. S. Griffin.

Church is Wonderfully Prosperous and Influential.

A Plea For the Old-Fashioned Class Meeting.

Brantford, June 6.—In his diamond jubilee sermon, celebrating his sixtieth year of active work in the Methodist ministry, Rev. Dr. W. S. Griffin, treasurer of the Superannuation Board of the Church, to-night turned back a page in the history of Methodism, and held up for comparison the methods of preaching then and now.

FIGHT IN PRISON.

Eight Prisoners and Two Wardens Killed at Tiflis.

Tiflis, June 5.—A desperate battle was fought in the prison here to-day, which ended in the killing of eight prisoners and two wardens, and the mortally wounding of four wardens and two soldiers.

ALL VACCINATED.

Passengers on Virginian Will be Quarantined Three Weeks.

Quebec, June 6.—The Allan Line steamer Virginian, which arrived at the Grosse Isle Quarantine Station on Friday at midnight, and was detained there until 8 o'clock on Saturday evening, only arrived at Quebec at 7.

CHAUFFEUR CHARGED.

Drove D. D. Mann's Auto Into Street Car and Skipped.

Toronto, June 7.—Detective Guthrie returned Saturday from Niagara Falls with George Seagar, of 160 McGill street, who, until he ran the magnate's automobile into a street car on College street some days ago, was employed by Mr. D. D. Mann as chauffeur.

SHOUTED AT KING.

Suffragettes Yelled in His Ear at Epcom—Now They're Banned.

London, June 6.—For the King's garden party at Buckingham Palace it usually is not difficult for anyone with decent social credentials to get cards. But this year the King has given stringent orders for the careful supervision of invitations. Card bearers will be rigidly scrutinized, and anyone transferring an invitation will be visited with the King's extreme displeasure.

WORK IN CHINA.

EARLY DAYS OF METHODISM.

Jubilee Sermon by Rev. Dr. W. S. Griffin.

Church is Wonderfully Prosperous and Influential.

A Plea For the Old-Fashioned Class Meeting.

Brantford, June 6.—In his diamond jubilee sermon, celebrating his sixtieth year of active work in the Methodist ministry, Rev. Dr. W. S. Griffin, treasurer of the Superannuation Board of the Church, to-night turned back a page in the history of Methodism, and held up for comparison the methods of preaching then and now.

To-day in contrast to the barns and schoolhouses of sixty years ago the Methodist Church has churches to the value of \$13,000,000, parsonages worth \$2,500,000, and colleges and public buildings valued at \$3,000,000 more. The Lord has been with them and helped them. They were not recognized as powerful. Once they were despised and their claims held up to ridicule. They could not hold titles to the land on which their churches were built nor to the plots where their sacred dead were buried.

THE CLASS MEETING.

The old-fashioned Methodist class meeting and report at its passing, was the subject which occupied the attention of the Conference on Saturday morning. Rev. A. Andrews, of Burlington, presented the report of the committee on class leaders, local preachers and other lay agencies, which showed that since 1899 there had been a decrease of 38 per cent. in the class leaders, and during the past year the falling off had been 92. Rev. Mr. Andrews deplored this state of affairs, and asked in his report that some special provision should be made to bring about a revival.

ADRESS ON TEMPERANCE.

In Victoria Hall this afternoon Mr. Joseph Gibson, of Ingersoll, President of the Ontario Branch of the Dominion Alliance, delivered a stirring address on the question of temperance. Probably 500 people comprised the audience. Mr. Gibson made a strong appeal to Bramptonites to work hard in the coming local option campaign, as he felt that the influence of success would have a great effect in many other contests throughout the country. Mr. E. A. Brown, of Woodstock, presided.

NO ALIMONY.

JUST A SEPARATION.

Peaceful, quiet separation, on danger down, everybody happy again—that's the situation when you divorce your corns with Putnam's Corn Extractor.

SABBATH IN ASSEMBLY.

Impressive Services in the Assembly Church Yesterday.

Rev. Dr. Morton the Preacher in the Morning.

Moderator Lyle Dispensed Sacrament at Afternoon Service.

"The Sabbath is to be sanctified by a holy resting all that day, even from such worldly employments and recreations as are lawful on other days, and in spending the whole time in the public and private exercises of God's Word except so much as is to be taken up in the works of necessity and mercy."

So runneth the shorter catechism, which in Presbyterian history bears the reverent eulogy a Pope once gave of the articles of Thomas Aquinas—"they are so many miracles!"

"Sweet is the breath of morn!" The churchgoers were walking through the quiet yet lovely streets which lead to the Assembly church, thinking that Hamilton has not forgotten her Sabbath keeping. The breath of God had again been creating all things new and good, in the new light and life of another day—even the Lord's Day! Then from the steeples bells began to ring, led by the chimes in St. Paul's Presbyterian church, intoning that majestic Christian anthem, "St. Philip's."

"For all the saints who from their labors rest, Who Thee by faith before the world confessed, Thy name, O Jesus, be forever blest, Hallelujah!"

Central Church had been swept and garnished after the week's toil. Everything inside was sweet and still. What a place to come and rest awhile in prayer and meditation! There beyond the chancel, divine art is speaking. It is the painting of the interior. He who was born in a manger, is now attended by the same angels. "I ascend unto my Father and your Father, to my God and your God." The Saviour's arms are raised in triumph, where angels and archangels become silent, while His friends, who needed the Comforter, look dismayed.

On the south side, one window draws thought back to the days of His ministry, when He who was so childlike took them in His arms and blessed them. Next to this we are carried away into the dawn of history. Man is, however, still the same as Jacob was. He has his dream of inspiration, "I will be with thee and will keep thee in all places, whither thou goest, and will bring thee again unto God." Across from these are two impressive windows. Jesus is in the temple in the midst of the scribes. The interview is just over, for we can see His mother gently reminding Him of duty, but evidently "all that heareth Him were astonished at His understanding and answers." Lastly is one, which to all women who seek for rest and instruction, will be a blessing. It is in the home at Bethany. The tireless house-keeper is there, with dishes and viands, but there is also the absorbed disciple and her Lord—"Mary hath chosen that good part, which shall not be taken away from her." Keep the doors of the House of God open, for "Once more when eventide, and we, Oppressed with various ills, draw near;

What if Thy form we cannot see, We know and feel that Thou art here."

The church is only thinly filled. Evidently the commissioners are "rinning about," not ten per cent. of them are present. The clergy for the day arrive, greeted in the midst of the service.

Public Schools Man Who Can Tell You How to Measure Them.

SOME FACTS ABOUT PUPILS WHO DO NOT PASS GRADES.

In 55 American cities there are 1,907,000 school children. Of these 312,500 didn't pass, either 1907 or 1908, and are taking their grade over again. It costs \$13,719,000 to keep these repeaters in school. Can these children who don't pass be blamed? It looks as if the blame rested on the school systems. It costs \$88,968,717 to run these 55 school systems. Yet they spend 15 per cent. of this money to do over again work which they ought to have done in the first place. Any business enterprise, run on this basis, would be wrong and a failure.

About the hardest thing to measure is the efficiency of the public schools. Are our public schools any good? is a question that is hard to answer, in a convincing way. Can they be made any better? is another serious question. When is a school good? When is it bad? Leonard P. Ayres, expert of the Russell Sage foundation, is at last find-

This means that the average American school is not doing all that it is assumed to do. The number of pupils who drop out before they finish the eighth grade, is a fair test of any school system. But how high do they go before they begin to drop out, is another important question. In the southern cities many colored children drop out in the fourth grade. In Baltimore, Camden, N.J., and Newark, N.J., many drop out in the fifth grade. The Ohio cities lost most in the sixth grade. Minneapolis, Boston and Grand Rapids keep most of their pupils until they are through with the seventh grade.

In Quincy and Haverhill, Mass., the children drop out until they are in the eighth grade. Another test of school efficiency is: "How many children have to repeat their grades?" In Somerville, Mass., only 6.5 per cent. of the children have to go through a grade more than once. Camden, N.J., sends 30 per cent. of her children through her grades twice. This means that her schools cost her 30 per cent. more than they ought to.

In the average city only 15 per cent. of the children are repeaters. Attendance at school is another test. There are very few cities in which as many as three-fourths of the children go to school three-fourths of the time. In fifty American cities, Mr. Ayres says, it was found that the schools of 35 cities were improving and of 15 cities were going backward.

Many schools were found that were crowded in the low grades and contained few pupils in the upper grades. In these schools many repeaters were found in the lower grades, which choked admission to the school. Mr. Ayres says it is wrong to blame school inefficiency to foreigners. He says that his figures show that the presence of a large foreign element always goes with a high efficiency.

ing a measure for public schools. He has studied the schools of 63 American cities, and a report will shortly be made to educators all over the country. One of Ayres' tests is: How strongly do the schools draw the children and how long do they hold them? The average American city carries all its children to the sixth grade, half of them through the eighth grade, and one-tenth through the high school.

STONEY CREEK ANNIVERSARY.

Veterans Decorated the Graves of Soldiers of 1813.

School Children Took Part in Impassioned Procession.

Addresses by President Gardner and Barlow Cumberland.

Yesterday being the 95th anniversary of the Battle of Stoney Creek, the Army and Navy Veterans' Association of 1866, Wentworth Historical Society and Stoney Creek Branch, County of Wentworth Veterans and Collegiate Cadets assembled on the Battlefield, where the British soldiers are interred who fell there. The school children of Stoney Creek and Fruitland marched from the village to the plot, marshalled by Secretary Devine, of the British Veterans' Association of America. The Union Jack was flying at half mast and around the plot were placed small Union Jacks. Rev. F. E. Howitt, rural dean, conducted the religious service. The opening hymn, "O God, Our Help in Ages Past," was heartily sung by 500 people, large numbers coming from Dundas, Stoney Creek and Fruitland, as well as the city. "President John Gardner, in his address, said:

"We are met here to-day to perform a most solemn and impressive duty, which devolves upon us to decorate the final resting place of those departed heroes, who here gave up their lives, that this nation might live. It is altogether fitting and proper that we should do this to keep alive our feelings of the deepest respect for them and their services. Those brave men who struggled here, have consecrated this spot far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. If it had not been for the services rendered in this place 96 years ago to-day (one of the darkest periods in Canada's history, from the frontier to this village being entirely in the hands of the invader) we would not have been a Dominion to-day, and part and parcel of the greatest Empire in the world, under the shadow of the grand old Union Jack, where the white and colored brother can clasp each other's hand, and say, without fear of contradiction,

WISE MEN OF WENTWORTH

June Session of County Council Opened This Morning.

The regular June sessions of the County Council opened this morning at 10 o'clock. It looked at first as if there would be a tiff between the members of West and East Flamboro, and the county over a matter of a town line.

The county had paid out money for the improvement of roads in 1907, and the Councilors thought that interest should be paid on the money expended; after some discussion the Council decided not to charge interest, provided the money was paid back by the township this year, without litigation.

Complaints made about the crossings at Bartonville over the electric railway were discussed. It was suggested that should any accident occur by reason of these defective crossings the county would be liable, Councillor Binkley, of West Flamboro, asked who would be responsible for damage, the county or the township of Barton.

The opinion of the Warden was that Barton Township should be liable. He said the sidewalks and approaches to private property were in a bad condition. The Council decided to go down and view these crossings with a view to decide what should be done to remedy the evil.

Mr. Burgess, of Dundas, asked if any privilege had been granted to the Hamilton, Waterloo & Guelph Electric Railway to cross the roads in Beverly. The Warden replied that no such privilege had ever been granted. It was a township matter and the county had nothing to do with it.

Mr. Pim, of Glanville, brought a petition to the Council to do some improvement on ditches, sidewalks and approaches to property on the Calverton road. Some culverts, he said, were in an impassable condition for teams. As this was one of the important roads into the city, he considered that this matter should be attended to as soon as possible.

Superintendent Taylor replied that all culverts which the county had to deal with were in good condition. He thought Mr. Pim wanted the county to do something for the people on that road, with which the county had nothing to do.

The Warden called on Councillor Hills for a suggestion on the matter; who replied that he didn't see what could be done. The Council decided to leave the matter in the hands of the commissioners of that road.

The question of equalization of the county comes up on Wednesday. The following communications were presented:

The trustees of the village of Linden appointing Edward Dayman inspecting trustee.

A request from the County of Kent to petition the Ontario Legislature not to assess farm buildings.

A letter from the Minister of Education saying that the Government grant to the county for the accommodation and equipment of rural schools is now \$1,026.

The Horticultural exhibition to be held in November, asking for a grant of \$25.

Salvation Army asking for a grant. Request that the Council, along with other Councils, give prizes for the Provincial winter fair.

Sick Children's Hospital for a grant.

ON HER HEAD.

Effie Hartwell Did a Stunt at Great Height.

Effie Hartwell, a vaudeville performer appearing at Bennett's Theatre this week, thrilled a large crowd that lined the north side of King street in front of the Waldorf Hotel shortly after noon to-day, when she appeared on the roof, five storeys above the ground, and stood on her head on an ordinary table in front of the big pole. There was a stiff breeze from the east, and the crowd doubted if she would attempt it. The wind did not seem to bother the daring little lady, however, for she appeared to be as much at home as on the ground. She was liberally applauded.

CABLE RATES

Between Colonies and Britain Discussed by Press Men.

London, June 7.—The question of cheaper cable rates between the colonies and the mother country was debated with enthusiasm at the meeting to-day of the Imperial Press Congress. The delegates were welcomed by Lord Crewe, who declared that the empire would not really be united until the average citizen of the western provinces of Canada, for instance, could understand quickly the problems of India. T. D. Ross, of Ottawa, urged that there should be Government cable lines between England and Canada and beyond Canada under the Pacific. He expressed the conviction that state-owned cables would mean that the rates on commercial messages could be reduced without loss to five cents a word.

Sir Hugh Graham, proprietor of the Montreal Star, was the next speaker. He said he believed in the agitation for state-owned cables and proposed the organization of a permanent commission to inquire into the subject.

Postmaster General Burton assured the delegates of the sympathy of the government, which he said would try to co-operate. He thought the cable companies would reduce their rates if assured of a larger volume of business. Discussion of this subject will be resumed on June 8 at a special session.

High Grade Pipe Tobacco.

Nothing but the Rose Leaf smoking mixture is good enough for particular smokers. It is a pipe tobacco with genuine merit, and costs 75 cents a tin at peace's cigar store, 107 King street east.

COMMISSIONERS.

(Special Despatch to the Times.) Ottawa, June 7.—The Government has appointed the members of the Royal Commission provided for at the last session of Parliament to go to Great Britain and Denmark to investigate packing and wine levying methods there. The commissioners are W. W. Ballantyne, Stratford; W. Jones, Zenda; G. Garceau, Three Rivers; J. E. Sinclair, Springfield, P. E. I., and Joseph Rye, Duagib, Alta.

Our New Story

Begins To-morrow

"Love Finds the Way"

One of the Best

TEA TABLE GOSSIP.

—The entries for the Montreal races appear on page 8.

—C. Squadron, Second Dragons, will parade for instruction to-night. A lecture will also be given.

—In the wages case of Grant vs. Jenkins on Saturday the judgment was for \$6.00, and not \$20 as stated.

—Mrs. E. Gurnett, Toronto, is the guest of Mrs. J. Gartsshore, James street south.

—On the 25th the new Masonic Hall in Eglington will be dedicated by Grand Master Freed, of this city, with appropriate ceremonies.

—Miss Ruth Philpott, of this city, is attending the Christian Workers' convention in Toronto, and is on the programme for an address.

—About 250 took in the Assembly excursion to Niagara Falls on Saturday afternoon via the T. H. & B. It was a glorious day and all had a delightful time.

—The employees of the W. E. Sanford Co. held a meeting of their annual picnic and decided to hold their annual picnic to Niagara Falls and Buffalo on Saturday, June 26, via G. T. R.

—Grimby Public School Board has accepted plans by Mr. Charles N. Bortor, architect, Niagara Falls, for a four-room schoolhouse, costing thirty thousand dollars.

—A bicycle, the property of F. Smith, 73 Catherine street north, was stolen from in front of Grafton's clothing firm this morning, while the owner was inside. The police have been notified.

—The strike on the construction work of the Street Railway Company on Barton street has been settled, and the men are at work again. They will receive 18 cents an hour, an advance of 3 cents.

—The bugler of the Collegiate Cadets was highly complimented by Mr. Barlow Cumberland, of Toronto, for his sounding of the "General Salute," "Last Post" and "Lights Out" at the Stoney Creek Battlefield yesterday afternoon.

—Professor John Duxbury, teacher of elocution at the Victoria University, Manchester, Eng., will speak at both services in Wesley Church on Sunday next. On Monday he will give an evening of recitals.

—John Fagan, died in this city yesterday, aged 65 years. Deceased was born in Ireland, but has resided in this country for a number of years. The funeral will take place to-morrow afternoon to Holy Sepulchre Cemetery.

—Mrs. J. Pringle, 97 Peter street, will leave the end of this week to visit her brother, Rev. Walter Rushbrook, Port Effington, B. C. Mrs. Pringle expects to stay about two months, and will visit Prince Rupert, Port Simpson, Calgary, Vancouver and other places.

—The members of the Centenary choir had a picnic at Winona Park on Saturday. A special car took them down, and dinner was served at the hotel. A presentation was made to Rev. Mr. and Mrs. Whiting of a large framed picture of the choir.

—Hamilton Art School will give its twenty-third annual exhibition of students' work this week, opening on Wednesday, and lasting until Saturday night. The formal opening and presentation of prizes, scholarships and diplomas will take place at 8.30 on Wednesday. The exhibition will be open day and evening.

—The many friends of Allister V. Parkhill will regret his death, which occurred this morning at his late residence, 115 Hughson street south. Deceased was born in G. Company, 13th Regiment, and a member of the Royal Templars. He leaves a widow and three children. The funeral will take place on Thursday afternoon to Hamilton Cemetery.

FATHER DONOVAN.

Rev. Cornelius Donovan, son of the late Cornelius Donovan, Separate School Inspector, was ordained at the Holy Name Cathedral, Chicago, by Archbishop Quigley, D. D., on Saturday morning.

Rev. Father P. J. Donovan, of Danville, his brother, assisted at the ordination. Father C. Donovan will sing his first solemn high mass at St. Patrick's Church, this city, on Thursday morning, June 10, at 9.30. He will be stationed in Chicago.

The Sanford Co.'s "Overmake."

The Oak Hall clothing store announces the sale of several hundred suits for men and boys, consisting of the "overmake" of the Sanford Co. for the season.

The prices for men's suits start at \$3.81 for suits worth twice that figure, and at such prices at \$9.75, and \$14.75 the smartest dressers in the city may select garments to suit them.

THREW STONE.

When the union moulders were receiving their strike pay at their headquarters, corner of King and Walnut streets, Saturday night, a stone was thrown through one of the windows and one of the moulders narrowly escaped being hit. It was thrown by one of two men who were standing in an alley opposite. They were seen to run round the corner on to King street, and a fair description has been obtained of them. They will be prosecuted if caught.

Coffee Specials.

We carry a complete stock of coffee, including B. & A. blend at 45 cents a pound, Private Estate blend, Lipton's, Chase & Sanborn's, Aroma, Tartan, McLaren's Invincible, Sunday at 40c a pound; all freshly roasted and ground. If you like good coffee here is the place to find it. Daily Beach service; extra wagons provided for city delivery.—Bain & Adams, 89, 91 King street east.

DUNDAS COURT CASE.

By Magistrates Moss and Lawson, at Dundas, this morning, "Fatty" McGraith was fined \$5 for stealing a pair of ducks belonging to N. H. Boden; and \$3 more to pay for the ducks and costs, or one month in jail.

John Haines was fined \$5 for vagrancy or three months in jail, but was given one month to pay the fine.

CHURCH UNION UP THIS AFTERNOON.

(Continued from Page 1.)

Finally, the Assembly commit the whole question to the intelligent, sympathetic and prayerful consideration of the church.

OPINIONS OF UNION.

The Times has been favored with the following list of short interviews, with the privilege of using names. They are from representative laymen from every part of Canada:

"I believe honestly that the old Presbyterians are kind union. It is carried to-morrow it would not be anything like a close one for at least a generation; then it would not be for the better, but for the worse."—Mr. J. A. Lawson, of Charlottetown, P. E. I.

"There are a great many in favor of union for the sake, but there is a large number of people who speak with great reserve regarding the wisdom of eating the Presbyterian identity into such a wider sphere."—Mr. S. R. Jack, St. John, N. B.

"I am for union. Down with us a good many of the best Presbyterians are favorable. There would be no fractiousness among us, and I have been 73 years in the community."—Mr. Wm. Taylor, Whitby, Ont.

"I am in favor of the union, but I am not quite ready. The old people are holding back a little, but when we look at a little while ago and the fact that 100 population to have five denominations, it is ridiculous. I have been 40 years a Magistrate in the district."—Mr. J. Farrer, Parry Sound.

"I am inclined towards union. It all depends now on the argument. My mind is open to pass judgment, according to the facts, but on principle I am in favor of the union of the Christian church."—Mr. James Law, Dutton, Ont.

"I think that it would be a very desirable thing. We have large farms and scattered congregations. It would be a boon to us."—Mr. Hector Reid, Kenton, Man.

"I am afraid we are not yet ready. I have worked with R. C.'s and Anglican Bishops, but to unite our people into corporate union, with those who have such different tastes, would only end in a split, or indifference to the church. It would not be a step in advance. I have been 43 years in British Columbia."—Mr. A. L. Fortune, Enderby, B. C.

MORNING SESSION.

This morning Dr. Armstrong was nominated by the Board of the Ottawa Ladies' College to be Principal. He will resign his charge as pastor of St. Paul's, Ottawa. The report was presented by Rev. Mr. Milne, of Ottawa, and seconded by Dr. R. Campbell, of Ottawa.

The Ewart Training School, of Toronto, was reported on by Dr. R. D. Fraser. Mr. John Lowden moved its adoption, seconded by Dr. R. P. McKay. This is the twelfth year of the existence of this school. This year Miss Ethel Glendenning and Miss MacMillan saw India about Christmas. A new home is required, and it is hoped that friends will rally to this good cause. As regards a constitution, it was agreed to wait a little.

Rev. J. S. Sutherland, of Halifax, at last got a chance to give in the Home Mission report. It was supported by Rev. Mr. Forbes, of Nova Scotia.

Dr. Somerville announced that the "Robertson memorial" had not been so successful as to warrant the establishment of the proposed lectureship in his honor. The report was carried.

Mr. W. Drysdale, of Montreal, said that Dr. Robertson erected his own memorial, which was the Western Church itself, and it is a shame that the fund is so small. Mr. W. Paul, of Montreal, said that the name of Dr. James Robertson has been created in the name of the mission at the mention of his name at the last meeting of the Laymen's Missionary Convention in Toronto. A committee was appointed to take up the case.

Rev. S. Childerhouse, the Superintendent of Missions in New Ontario, was given the word in advance. He welcomed men who do the same work. His remuneration will be \$2,250 a year.

Dr. Duval, of Winnipeg, was introduced this morning. The Assembly stood out of sympathy for him. He spoke with great earnestness and said: "If ever I cherish a desire, it was to welcome to this chair the distinguished friend and brother whom you have elected."

Mayor McLaren, of this city, will attend and give the greetings of the city this afternoon. A deputation from the Methodist conference will appear at the same time.

Rev. J. A. MacFarlane, P. Lewis, and Dr. Mowat moves to have a Superintendent of Home Missions appointed. Dr. Ratcliffe and Dr. McTavish supported an amendment. Mr. W. Drysdale said that these waterpower in Quebec are no myth; we must have some one looking after the Scotch and English mechanics going there. We have made mistakes in delay before; for pity's sake don't do it any longer.

It has been decided to hold the next Assembly meeting in Halifax.

STOCK BROKERS DISSOLVE.

Notice is given of the dissolution of the firm of J. R. Heintz & Co., stock brokers, doing business at No. 323 White building, Buffalo, N. Y. The business of the late firm will hereafter be conducted at the same offices by the firm of R. B. Lyman & Co.

PETITION DISMISSED.

Ottawa, Ont., June 7.—The petition against the election of Mr. G. F. Hodgins, M. P. for Pontiac, on the grounds of bribery and corruption, was dismissed by J. G. Champagne in the Bryson superior court on Saturday. Motion and counter motion here kept the case before the court for several months. A petition entered against Mr. Brabazon, who contested the seat in the Conservative interests, also was dismissed.

CUSTOMS SALE.

The sale of unclaimed goods at the customs examining warehouse, Main street, this morning drew a good number of buyers, and although the sales were quick the articles went at very low prices. About 170 parcels were offered, and consisted of goods of every description. Thomas Burrows was the auctioneer.

AUTOMOBILE DAY.

Beamville, June 7.—As many as sixty automobiles passed on the Queenston and Grimsby stone road yesterday. They were of all kinds, from the big touring cars to the light runabouts and they ran in the majority of cases for all the speed that was available in them, making dense clouds of dust, that obscured the highway for miles.

THE DOMINION BANK

The main office of this Bank in Hamilton are now occupying their new premises at the corner of King and MacNab streets, where a general banking business will be transacted.

The ladies' room in connection with this branch has been equipped with all modern requirements and accounts of ladies and children will be given special attention.

Branches in Hamilton: MAIN OFFICE—Corner King and MacNab Sts. EAST END BRANCH—Corner King and Wentworth Streets. W. K. PEARCE, Manager.

THE WEATHER.

FORECASTS—To-day and on Tuesday northerly to easterly winds, moderate to fresh; a few scattered showers, but mostly fair, not much change in temperature.

Pressure is low in the southwestern portion of the continent and high throughout the northern portion. Since Saturday a few light scattered showers have occurred in the lake region and in Quebec and rain has fallen over a large portion of the western Provinces attended in the latter by very cool weather, northern Saskatchewan recording frost.

Washington, June 7.—Eastern States and Northern New York—Partly cloudy in south, showers in north portion to-night or Tuesday; light to moderate northeast winds.

Western New York—Unsettled weather, showers to-night and Tuesday. Lakes Erie and Ontario—Moderate northeast and east winds, showers to-night and Tuesday.

The following is the temperature registered at Parke & Parke's drug store: 9 a. m., 50; 11 a. m., 50; 1 p. m., 63; lowest in 24 hours, 50; highest in 24 hours, 63.

LOCAL OPTION.

Provincial Prohibition Recommended by Methodist Committee.

Denounces Race Track Betting and Marathon Races.

(Special Despatch to the Times.)

Brantford Ont., June 7.—Local option county prohibition and then Provincial prohibition with the federal Government shutting out importation of manufactured liquors were the features of the Temperance Committee's report, presented by Rev. J. Woolley, Port Elgin, at the Hamilton conference this morning. The policy, the speaker stated, was practically forced up the temperance people by the action of the Whitney Government in refusing to withdraw the three-fifths clause. The report had a good word for law enforcement under Provincial Secretary Hamlin. It dealt with other features and favored making betting at race tracks a crime. Adultery should be made a crime. The placing of all pool room licenses under entire municipal control was also recommended. The report strongly condemned logn distance contests.

CITY HALL JOTTINGS.

Radial Company Watching Railway Matters in North East.

The Toronto, Hamilton & Buffalo Railway, it is understood, is planning to build a new switch through the far southeastern portion of the annex, exceeding the Stipe property and proceeding a considerable distance easterly. The city officials have been told that the switch will be built with a view to catering to the big manufacturing industries that are expected to locate in that district in future years, but the Radial people, who are anxiously watching the movements of Mackenzie & Mann, have a notion that that company may use this as a right-of-way into the city.

It looks as if, in view of City Engineer Macallum's recommendation, the T. H. & B. switch across Gibson avenue will be built as ordered by the Dominion Railway Commission, to the north, adjoining the Grand Trunk tracks, if it is to be constructed at all.

The city has delayed opening up the base line, which is practically a continuation of Gilkinson street easterly, but the city officials are of the opinion that the matter will have to be dealt with shortly, if the city is to save money. It will necessitate the purchasing of a Harvey property, which includes a house, directly on the base line, and some property to the south. Things are getting into a bad shape in this spot, and the need of a new outlet to Lotridge street is felt. The difficulty is to get funds to purchase the property.

Dr. Roberts, Medical Health Officer, Chairman Crooks, of the Board of Health, ex-Chairman Quinn and Dr. Parry are in Rochester to-day, getting pointers on pure milk. The central station to supply pure milk for babies will probably be in operation here by the first of July.

The dog catchers have ceased work for the time being. Secretary Barr, of the Markets Committee, refuses to say what has become of the dogs bagged last week. He does not believe in the news of executions being made public.

Ald. Juttin is in Buffalo to-day, attending the funeral of his niece.

Regal Lager 75c Per Dozen.

Red Lager, 75c the dozen; Walker's Imperial Whisky, 75c; John De Kuyper gin, \$1; Juniper Tree gin, quart bottle, 60c; lime juice, 25c; lime juice, cordial, 25c; raspberry vinegar, 25c; lemon squash, 25c; ginger ale, 35c. No extra charge for delivery to Beach or Burlington.—Peebles, Hobson & Co., King and MacNab.

Women, Attention!

Women as a rule are better savers than men—they have a knack of making a dollar go just twice as far as a man can.

Many men who cannot save anything themselves, very wisely make their wives the family treasurer, and upon them devolves the responsibility of putting by something for the inevitable rainy day.

The Traders Bank welcomes the accounts of women, and its officials and clerks are always ready to give them any advice or assistance they may require. Every woman, whether married or single, should have a savings account.

A few dollars will start an account. When you are down town call at our Bank and start an account. Open Saturday evenings.

SENT UP TO HIGHER COURT.

(Continued from Page 1.)

was with the complainant, and told of the Stives coming out complaining that he had been assaulted. His face was covered with blood and his eye had begun to swell. "He wanted to lick us all," said Oak, referring to Stives.

"Anything to say?" asked the Magistrate, turning to the prisoner.

Stives wanted to testify and was put in the box. He said he was a South African veteran and had served for some time in the South African constabulary, and when he left was given a good service—charge. He was caretaker of the mess rooms of the 91st Sergeants, and was leaving there Sunday night when the plaintiff entered the yard, he told him to get out. But Stevens refused. He then went up and put his hand on his shoulder and told him if he did not go quietly he would put him out. "With that he struck at me, but missed, and the impetus of the blow carried him off his feet, and he fell to the ground. I picked him up and he struck at me again. I lost my temper then and struck him," said the witness.

Though the Magistrate was doubtful if it was a proper case for the high court he did not feel justified in finding the man innocent, and Stives was sent up for trial.

He was allowed out on \$100 bail. Two separate charges of assault were laid against David Shapiro, 318 King street east. The complainants were Hinman and Mrs. H. Shapiro. The Magistrate had great difficulty in understanding what they were talking about. They rent part of a house from the defendant, and the trouble was caused by David making so much noise in his part of the house that the baby could not sleep in the other part.

"I guess a man can make a little noise in his own house if he wants to," said the Magistrate, as he dismissed the case. He advised the plaintiffs to get out if they could not stand the racket.

For being drunk and acting in a disorderly manner on Sunday Charles Stewart, 155 King William street, was fined \$10. Thomas Best, Bethel Mission, was fined \$3 for doing the same thing on Saturday.

James McGraw was a little tight. Lewis Kennedy had taken a nip, Kate Austin had imbibed, Charles Boyd did not remember what he had done, and William Sheley might have been a little bit drunk, anyway they were all assessed \$2 and told to avoid the flowing bowl in the future.
