PARLIAMENT TO OPEN DEBATE ON ADDRESS MONDAY

CITY HOSPITAL NURSES' HOME IS TAKEN OVER

Splendid Quarters Formally Opened Yesterday by Mayor Fitzgerald... LADIES PRESENTED CAPITAL PROGRAMME... Building Will be Ready for Occupancy Inside of Very Few Days... Details Secured from Financial Interests in City of Montreal

That splendid new building, the Nurses' Home, was formally opened yesterday afternoon and evening, and throughout the entire day large numbers of interested citizens thronged the building, and inspected it from top to bottom. During the afternoon, the Ladies' Auxiliary of the Hospital served tea to a very large number of visitors. The social committee had charge of this service, and was under the sponsorship of Mrs. P. C. Campbell. The musical committee, under the chairmanship of Mrs. F. A. McInnis, provided a fine programme in the selections by the Sydney Academy orchestra, under the capable direction of Capt. Horeley, Mrs. Macdonnell, and Mrs. McConnell were in charge of the sale of postcards of the Home, and assisted by bands of children, did a thriving trade. In the evening a musical programme was rendered, and several short addresses were made by several persons who were interested in the erection of the new building. Mayor Fitzgerald presided at the gathering.

The opening ceremonies were scheduled for eight o'clock, but just as that hour arrived, the lights went out, a blowout fuse being the cause of plunging the building in darkness, causing a delay of about a half hour before the trouble was remedied. The Mayor's remarks were very brief, merely stating the object of the gatherings, and then called upon the City Solicitor, Mr. McDonald stated that every one realized that the time had arrived when a Nurses' Home was a great necessity, and the citizens were to be congratulated upon the possession of such a splendid building. The conditions under which the nursing staff had lived for the past several years would not have been tolerated by any other class, and he felt sure that they would appreciate all the more the splendid home which was now ready for their occupancy.

Of all the professions open to women, the speaker stated, none had higher ideals, or gave loftier service than those of the nursing profession, and he paid a warm tribute to the women who had with untiring zeal and with the greatest courage, performed services of need during the world war. He referred to the difficulties under which the local nurses had to live, which he stated was not good either for the nurse, or the patient, but he was happy to say that those difficulties were now of the past, and that in the future the staff of the City Hospital would be in a position to get the proper rest and recreation that they require.

Hospitals as a rule are not a paying proposition, and the carrying on of the present institution, and the new home is quite a burden to the citizens, but it is a great necessity, and it should be made to serve all classes, whether every one who needs its service was able to pay for it or not. He believed that the time was not far distant when hospitals, like the schools, would be free. In conclusion, Mr. McDonald stated that he hoped the nurses would consider the erection of the building a testimonial from the citizens, as an appreciation of the splendid service which they had rendered since the hospital was erected.

Dr. J. J. Roy, chairman of the medical staff, congratulated the city, and the nurses in the possession of such a fine edifice. Speaking generally, the Dr. referred to the absolute necessity of a nurses' home in order that the nurse might have a leisure to recuperate her nerves and strength, and an opportunity to study after a strenuous day in the hospital. Such an institution would

NOVA SCOTIA HOUSE CONFERS BIG FAVOR BY TAKING A REST

Reviews Public Expenditures, Receives Reports and Adjourns

HALIFAX, N. S., Feb. 29.—That the government appoint a committee to review public expenditures with a view to their reduction since there is a probability that certain subsidies advanced by the Federal Government may this year be discontinued is the substance of a resolution which was passed by the Nova Scotia House of Representatives this afternoon by Hon. J. J. Kinley, minister without portfolio.

Several reports were tabled in the House including that of the factory inspector. This showed that of 1422 accidents during the year ending September 30, 1923, nine were fatal. The total number was an increase of 36 over the preceding twelve months. Three hundred and ninety-two establishments and ninety-two employees were inspected during the year.

A second report was that of the Provincial Secretary. This showed that the number of companies incorporated during the year was 138, as compared with 153 for the preceding year. Increase in the capitalization of existing companies amounted to \$341,000. Revenue from corporations was \$549,090.

Following the notice of resolution by Hon. Mr. Kinley the House adjourned until 8 p. m. Monday next.

be in every way beneficial, and could be the means of creating a much more efficient staff.

Support Extended

Other speakers were, Arthur Bearse, President of the Trades and Labor Council; D. J. Buckley and Alderman M. A. McKenzie. Mr. Bearse was glad to see that the home had been erected under what would practically be called a labor council, as he stated that the greatest monuments in the world today were erected when the people were free from a state of bondage. Mr. Buckley spoke as a representative of the Board of Trade, and assured the business men of the city would continue to support them in the splendid work they were carrying on in aid of the afflicted. He also spoke warmly of the splendid work which the hospital staff had accomplished in the years since the opening of the hospital, much of which had been carried on under the greatest difficulty, and inconvenience to them. Alderman McKenzie referred briefly to the work of the council in bringing about the erection of the home, and he hoped the nurses would thoroughly enjoy their new quarters.

Interspersed between the speeches were a number of musical selections which were greatly enjoyed. The numbers included piano duets by Prof. and Mrs. McKinnon, solo by Mrs. A. D. Ingraham, reading by Mrs. Finlay McDonald, a vocal duet by the Misses Corridan and Curtin, a monologue with piano accompaniment by Mr. A. C. Fraser of Sydney Mines and a solo by Miss Corridan. The new building was erected at a cost of \$45,000 and reflects the greatest credit on the architect who designed it, Angus McCormick, and the contractor, J. W. Stephenson. CHALLENGE TO GOVERNMENT IS LOOKED FOR FROM OPPOSITION

After Listening to Speech From Throne Commons Adjourned over the Week-End. Following Re-Assembly it is Expected Conservatives will Move an Amendment—Lively Exchanges are Predicted from the Outset

OTTAWA, Feb. 29.—With preliminaries over, members are preparing for the opening of the debate on the address in the House on Monday. Indications are that sharp issues will be joined and lively fighting ensue from the onset. First will come the more or less formal speeches of the mover and seconder. Then Right Hon. Arthur Meighen will open for the official opposition. Premier King will reply for the government and he, in turn, will be succeeded by Robert Forke, leader of the Progressives.

A Conservative amendment to the address is expected. This, it is said, may take the form of charges against certain members of the government in connection with the Home Bank or of challenge of the indication of tariff reduction in the Speech from the Throne. In either case there is not much expectation in political circles that the amendment will carry. The government would, it is thought, be able to count on the support of the great majority, at any rate of progressives, and the amendment would, thus be defeated.

EUROPE SEEKING AMERICAN MONEY

Various Schemes for Floating European Loans in United States

QUEBEC, Feb. 29.—Hon. Jacob Nicola, provincial treasurer, today distributed his bills regarding gasoline, and revising and amending the Motor Vehicle Act. The tax on gasoline is two cents an imperial gallon and provision is made whereby these who sell gasoline in the province may not take on a license, and the vendor must remit the amount to the government. Provision is made whereby the government may indemnify the vendor for his trouble in collecting and remitting the duty. The penalty for violation of this law is a fine of at least \$10 and up to \$100 for the first offence, and for a second offence \$25 to \$200 or thirty days in jail.

The money received from this source is to be devoted to the upkeep of highways after cost of collecting has been deducted.

FIRE AFTER DEMPSEY

BUENOS AIRES, Feb. 29.—Luis Firpo said last night that henceforth he would ignore Harry Wills, the negro heavyweight fighter as regards a fight with him. He declared that his next great battle would be with Jack Dempsey, although nothing definite in this direction had been arranged.

EXPLOSION AT QUINCY

QUINCY, ILL., Feb. 29.—One man is dead, four fatally injured, and two are missing in an explosion here today at the North Star Egg Case Company's paper mill. The blast was caused by too heavy pressure in a steam boiler.

FIRE IN DETROIT

DETROIT, Feb. 29.—Fire of undetermined origin destroyed the four story brick warehouse of the commercial milling company early today, resulting in loss estimated by company's officials at \$250,000. Thirty thousand barrels of rye, corn and barley flour were destroyed.

BEER AS BAILED HAY

NEWPORT, Vt., Feb. 29.—Because a freight car billed hay from Canadian points to grain dealers in New York city was suspiciously heavy when run on the scales here today, United States government inspectors investigated. They found and seized 21,000 bottles of beer and ale stowed in 172 barrels, with only a thin veneer of baled hay in front of the car doors.

Defeat Wladek Zbyszko

PHILADELPHIA, Feb. 29.—Renato Gardin, challenger for the heavy weight wrestling title held by Strangler Lewis defeated Wladek Zbyszko, former title holder, in one hour and 55 minutes last night. The referee was about to call the match a draw when Gardin seized his opponent with a flying body hold and pinned his shoulders to the mat. Gardin weighed 198 pounds and Zbyszko 220.

LAWYER HELD ON PERJURY CHARGE

HALIFAX, N. S., Feb. 29.—W. S. Kennedy, a barrister of Antigonish, was arraigned in the Police Court this morning on a charge of perjury preferred as a result of evidence in a case heard before Mr. Justice Russell on February 19. The case was continued for a week. Kennedy was admitted to the bar in 1918 and practised for some years in Truro. Recently he removed to Antigonish.

CANADA'S REPRESENTATIVE

OTTAWA, Feb. 29.—Hon. Phillip Roy, Commissioner general for Canada in Paris, has been appointed to represent Canada on the governing body of the international labor conference which opens in Geneva on April 8. Owing to pressure of parliamentary duties, the minister of labor Hon. James Murdock will be unable to attend the conference.

CANADA'S FIRE LOSSES

TORONTO, ONT., Feb. 29.—Fire losses in Canada for the week ended February 27, are estimated by the Monetary Times at \$438,100 compared with \$1,122,100 for the previous week and with \$2,251,200 for the corresponding week last year.

BRITISH SHIP DESTROYED

HAVANA, Feb. 29.—The British auxiliary schooner Wyndolity, the letters in the name of which, according to members of her crew, stood for "Will you buy a drink if I tell you," was destroyed by fire in the harbour here late yesterday after an explosion on board that injured two members of the crew.

BANKER SEEKS DIVORCE

NEW YORK, Feb. 29.—Beverly D. Harris, banker, who is suing for annulment of his marriage to Eleanor Lane-Les Harris on the ground that she concealed the true story of her past and painted her picture of aristocratic family connection, passed yesterday in supreme court telling the story of his courtship, his love, married life and the ending of the romance. When he left the stand his counsel presented his case.

RICKARD ADVISES ON OFFER

NEW YORK, N. Y., Feb. 29.—Tex Rickard has called Quintin Rojas, Chilean heavyweight advising the latter not to accept a match in Buenos Aires for the South American heavyweight championship. Rickard said last night he believed Rojas needed further seasoning and suggested that he would better at himself to oppose Firpo by accepting the promoter's offer of three fights in the United States with a \$100,000 guarantee for a title bout with Dempsey if the Chilean won his test ing matches.

MINUDIE PROPERTY BID IN FOR \$10,500 AT SHERIFF'S SALE

River Hebert Coal Property Disposed of to Satisfy Claims Against it

AMHERST, N. S., Feb. 29.—The Minudie Coal Company property at River Hebert was bid in at Sheriff's Sale today by the Mines Department of the provincial government for \$10,500. The sale was to satisfy the claims of the miners who had liens against the property for more than \$9,000 for keeping in repair, and there are legal and other expenses in the vicinity of \$2,000. In addition to this preferred claim, the government has claim for royalty and workmen's compensation losses totalling about \$100,000. The mine was formerly owned by Montreal Investors, of whom the late James Robertson was chief. There was a bonded mortgage of \$75,000 on it.

WAR VETS WILL GET PREFERENCE

OTTAWA, Feb. 29.—Ex-service men and women will receive prior consideration for retention when reductions in civil service personnel are to be made. In a telegram to the Fort William branch of the G.W.V.A., the contents of which were made public today, T. A. Low, Minister of Trade and Commerce, states that unmarried civilians will be the first for retirement, followed by unmarried veterans, then married civilians, with married veterans in the fourth group. Disabled veterans and amputation cases will be retained until reductions in the four groups have been completed. Hon. Mr. Low further affirms that this principle will be followed by the government in making reductions throughout the service.

LONG DISTANCE RADIO

LONDON, Feb. 29.—A concert broadcast by station K L K A, Pittsburg, Pa., last Saturday night and relayed from London, was heard clearly for 32 miles in Calcutta, India. This information was contained in a cablegram from the Calcutta Statesmen, to its London office yesterday.

PRINCE FROM HONEYMOON

TOKIO, Feb. 29.—Prince Regent Hirohito and his bride were greeted by throngs today on their return from a week's wedding trip. While away from the capital they visited the national shrines and imperial tombs, where, in accordance with the ancient Japanese custom, they formally reported their wedding to the spirits of their ancestors.

SMITH SIGNS BONUS BILL

ALBANY, N. Y., Feb. 29.—Governor Smith yesterday signed the soldier bonus bill providing for the distribution of the proceeds of the \$65,000,000 bond issue among New York state citizens who served in the world war.

Absorbing interest displayed by court habitués in personality of Abbe and indifferent manner in which he regards proceedings--Alert and watchful of everything that goes on at hearing--Believed prisoner will accept the jury's verdict without the slightest tremor

MONTREAL, Feb. 29.—A repetition of evidence by witnesses who figured at the first trial in the court of King's Bench, the trial on the "salty" plea, and at the coroner's inquest, was given in the hearing of the charge here today against Rev. Father Adelaire Delorme of having murdered his half-brother Raoul in January, 1922. Aside from this the only feature was the exhortation, by Police Lieutenant Turner, who keeps discipline in the court room, to the spectators, just before Mr. Justice Martineau came in for the afternoon session, warning them to keep quiet, observe decorum and not make a rush for the doors before His Lordship had left the bench.

The witnesses were Professor Albert J. Kelly, Superintendent of McGill observatory, who gave the temperature, weather conditions, etc., on January 6, 7 and 8, 1922, the time when the murder was committed, an employee of the civic roads department who described the state of the sidewalk on that date; Detective Puse who told of the discovery when the victim's body was conveyed to the morgue on Saturday morning, January 7; Rene Pilon, who swore he had sold twelve cross links for automobile chains to Father Delorme on January 7, about 8:30 in the morning; Edward Lyons, Church Warden of the Anglican Church near Snowdon, who testified that there was no sign of a body in the road past the "salty" when it was subsequently found when he arrived there at 11 o'clock on the night of Friday, January 6; Joseph Bonquet, jeweller, who said that on December 31, 1921 a gold watch which he identified as belonging to the victim, had been brought to his store for repairs, and Eugene Leonard who produced a bill signed by Father Delorme, showing that two dozen cross links for automobile chains had been bought by the priest on January 7.

Father Delorme sat in the dock with a large pad and has now abandoned his pencil for a fountain pen. He also has a red pencil with which he underlines some of his notes. It is not thought that the end of the present trial will be in sight before the middle of March. The court was adjourned today until Monday morning.

Evidence as to cars owned by persons living near the Delorme home on St. Hubert Street was heard at the morning session. Witness, Paul Beauchamp, who has not previously testified in the case, stated that only himself and a Mr. Cardinal in addition to the priest owned cars in that neighborhood and that his car was locked up during the winter. Joseph Cardinal testified to the same effect that his car was locked up all winter.

SWIFT JUSTICE IN JERSEY

ELIZABETH, N. J., Feb. 29.—Jersey justice moved with proverbial swiftness yesterday when Felix Salazar, was tried, convicted and sentenced to life imprisonment within a few hours for the slaying of 17 year old Allen Albers in a boarding house here in January. The jury which was elected in twenty minutes, took just a half hour to return a guilty verdict.

BESCO INCREASES COKE-COAL PRICE TO CITY BUYERS

25 Cents A Ton On Coal And \$1 On Coke.

Prices of coal and coke will be advanced by the British Empire Steel Corporation on March first. Coal is advanced 25 cents per ton, and coke one dollar per ton. The sales department of the corporation gave out the following statement at noon yesterday.

It is announced that the price of coal to the general public at the mines and yards of the Dominion Coal Company and the Nova Scotia Steel and Coal Company in Cape Breton, has been increased from \$5 per gross ton to \$6.25, and that the price of coke has been advanced from \$7 to \$8 per ton. The increases are effective March first, 1924.

Says He Is a New Man

That's Why Nova Scotia Man Praises Dodd's Kidney Pills.
Mr. J. J. Comeau who suffered from kidney trouble, found relief in Dodd's Kidney Pills.

LOWER SAULNIERVILLE, N. S., Feb. 29.—(Special) Mr. Comeau, a well known and respected resident here is a staunch friend of Dodd's Kidney Pills. He has tried them and found them good. This is what he says:

"I am over 60 years of age, and have suffered so much from kidney troubles. I took several boxes of Dodd's Kidney Pills, and now I am exactly a new man. I shall always remain a friend of Dodd's Kidney Pills."

It is wonderful how some people will go on suffering day after day, with aches and pains, backaches and rheumatism. They suffer because they are not aware of the fact that they can get relief. Strengthen the kidneys, which are the source of the trouble, and these pains vanish. Dodd's Kidney Pills stimulate and strengthen weak kidneys. They are used and recommended all over the world.

ENGLISH WOMEN, AGED 21, MAY BE GIVEN THE VOTE

Bill With That Objective Read In House.

(By Canadian Press.)

LONDON, Feb. 29.—If the bill to enfranchise all women at the age of 21, which is being discussed in the House of Commons today is enacted the number of male and female electors in Great Britain will virtually balance, according to the estimates of the bill's promoters. It is known the laborites favor the measure and likewise a great number of the Liberals, whose election manifestos declared in favor of treating the women on equality with the men. Ex-premier Asquith, liberal leader, who was formerly an unbending opponent of woman suffrage in any form, but who changed his views during the war, has pronounced in favor of the present proposal. The conservatives mostly oppose it.

The government is understood to have assured its supporters beforehand that it would not treat the bill as a ministerial measure but would give it its blessing and leave it to the free decision of the house. Some amusement is being extracted from the coincidence that the introduction of the bill comes on leap year day.

Chicago Strike Rioters Shoot Manufacturer

(By Canadian Press.)

CHICAGO, Feb. 29.—One man was shot and seriously wounded yesterday when rioting broke out as a result of the walkout Wednesday of several thousand members of the International Ladies' Garment Workers' Union.

Wm. Goldstone of Samuel Goldstone and Company, a woman's apparel firm, was shot after he had endeavored to get three men, who were arguing with workers in the shop in an alleged attempt to get them to leave their work, to leave the place.

Eleven men arrested Wednesday were arraigned in municipal court yesterday and demanded jury trials. Nine of them are charged with disorderly conduct and the other two are charged with assault and battery.

DOMINION STEEL PLANT OPERATES WITH BIG STAFF

The Steel Plant is now operating at the same capacity as it was before the shut down occurred as a result of the suspension of mining operations in the Cape Breton Coal fields. Three blast furnaces, twelve open hearths, blooming mill, rail mill, rod mill, wire mills, and the three batteries of coke ovens are all operating. The working force is approximately 3,600, and all departments are working on full time. Indications all point to a continuation of the present activities at the plant for some months to come. The steel trade is looking up in the United States and there is no doubt Besco will be able to procure a fair share of the increased business, which will enable the local plant to keep in continuous operation throughout the year.

LABOR MINISTER OF BRITAIN WINS BURNLEY BOROUGH

Arthur Henderson Victor In By-Election.

(By Canadian Press.)
LONDON, Feb. 29.—The triumphant return of Arthur Henderson, secretary of home affairs, in the parliamentary by-election at Burnley, is taken by his friends to show, among other things, how little concern was aroused among the public by his suggestion that the government aim at revision of the Treaty of Versailles.

Mr. Henderson received, 24,571 votes, against 17,534 for H. E. J. Camp, conservative. It is apparent that the bulk of the liberal votes polled were given to the laborite ministry, although doubtless many liberals supported his conservative opponent. In the last election there were three candidates and the liberals were at the bottom of the poll with approximately 13,000 votes. It is figured that about 7,000 of these were cast for Mr. Henderson yesterday, about 3,000 were for Mr. Camp but there were many who did not vote.

Mr. Henderson is now in the unusual position of sitting in a house of which two of his sons also are members. There is said to be only one precedent for this in parliamentary history.

French Physician And Surgeon Engage In Duel

(By Canadian Press.)

CHARENTAY, France, Feb. 28.—General Messimy, former minister of war, presided over a duel yesterday between two leading lights of the French medical world, Professors Bernard Cuneo, a surgeon, and Elie Broca, a physician. As soon as the general gave the signal the two eminent specialists fell upon each other with rare ferocity. They lunged, thrust and parried for a good half hour. Both were pretty well winded when in the seventh bout Professor Cuneo was run through the sword arm, and this ended the encounter.

The quarrel was not a scientific one but of a private character.

INTERNAL BATHING MEANT LIFE ITSELF TO 93-YEAR-OLD MAN.

All the physics of doctors couldn't give health to this 93-year-old man. Internal Bathing, the common-sense warm water method of cleansing the intestines, gave him vigor in place of the infirmities of old age.

The letter from Mr. Amos Gantner of 57 St. James Street, St. John, N.B. is only one of the thousands from men and women who have found the way back to health by Internal Bathing. He writes:

"Dear Dr. Tyrrell: I believe the J.B.L. Cascade is one of the greatest inventions for sound health in the world. For years I was troubled with constipation, which was poisoning my whole system, and I was losing flesh. Purgatives failed to have any effect upon me, but acted more like a poison! I would take a burning itch in my hands—a most distressing feeling—and purple spots would come out on the backs of my hands. Everyone thought I was hearing the end because of my old age. But I can thank Dr. Tyrrell and the J.B.L. Cascade for restoring me to health. I am now perfectly healthy and regular and never use drugs."

People who are losing flesh whose appetites are falling, and who are losing their health and sleep, due to constipation, headaches or biliousness, should stop using pills and laxatives and start Bathing Internally.

The J.B.L. Cascades are shown and explained at Harshman's Drug store.

Prince Of Wales Rides Through An Entire Hunt Without A Single Fall—Modern Turpin Has Established A Record—Twins Celebrate 91st Birthday—George Hobey Earns A Large Salary.

The Prince of Wales recently enjoyed a day stag hunting in the forest of Villers-Cotterets, about 50 miles north of Paris.

The setting of the meet was wonderfully pretty. The habits of the women followers of the Menier hunt are scarlet with lacings of silver and gold and they wear a most attractive three-cornered hat, which is a legacy from the earliest days of the sport. The men's coats are scarlet and their breeches blue. The Prince was a contrast in a coat of beige material and a bowler hat.

A stag was raised about noon, and a fine run resulted in a kill at 2.30. It was a hard run, led at a rapid pace, and the Prince enjoyed every moment of it, negotiating the country in fine style, although it was new to him.

The customary honors of the kill were accorded the Prince. This ceremony consists of offering one of the stag's feet, boned and trussed, to the guest or to a woman member of the hunt.

Expressing his appreciation of an excellent day's sport, the Prince remarked that he had found himself during the war in the region of Villers-Cotterets forest, but he little thought then that in happier times he was to have the pleasure of such a delightful outing.

George Bell, a New Zealander, riding a Yorkshire-bred cob, arrived at the Mansion House recently, having ridden from York, a distance of 200 miles in 84 hours. He thus beat the time of 104 hours set up by H. G. Tyrwhitt-Drake, of Cobtree Manor, Maidstone, for the distance, despite bad going. Mr. Tyrwhitt-Drake rode a seven year old Arab stallion, specially shod with rubber pads.

Mr. Bell, on his arrival at the Mansion House, was received by the Lady Mayoress (in the absence of the Lord Mayor), and handed to her for his Lordship a message which he had brought from the Lord Mayor of York. Few expected the cob, but a crowd soon gathered after the arrival of "Yorkshire Boy," as the animal is named.

"You won't find a scratch or bruise on him," said Mr. Bell to a press representative, "and he's done over 60 miles today. An English horse, and a Yorkshire one at that, beats an Arab. For three days we travelled on snow and ice, and it was a relief to get onto a real bit of road during the last stage of the journey."

What is believed to be a record of twin longevity will be established when Mr. Matthew Gunn and Mr. Mark Gunn celebrate their 91st birthdays in a few days.

The brothers, who all their lives have lived here together still enjoy robust health and they recall with a chuckle that when they were infants their wise friends shook their heads and said they would not make old bones. Yet they have outlived the other nine members of the family.

The twins are sons of a Brighton fish merchant well known in the days when Brighton was first discovered as a health resort and frequented by the Regent, afterwards George IV. Together they carried on this business in Pool Valley for 30 years.

They have not quarrelled all their lives. Only once in their lives has Mark had to take the initiative. This happened just over a year ago, when he fell down and broke his leg and was in bed for months in consequence. He would not get up until one day his partner went to his bedside and said, "If you don't get up you will spend the rest of your days on your back." Mark got up and is now as active as Matthew.

Does a salary of \$190,000 a year constitute a record for music hall artists? That is the figure at which Mr. George Robey's (the famous comedian) contract, just concluded with Moss Empires for \$3,750 a week, works out.

Special Notices

CARD

To the Electors of Ward Three: Ladies and Gentlemen—

Having been approached by a representative number of electors of Ward 3 asking me to offer myself as a candidate for alderman at the coming election, March 4th, I have seriously considered the matter and I will be a candidate.

I have very little time at my disposal in which to make a personal canvass of the entire ward, and would ask you to accept this card as a solicitation of your hearty and generous support, and confidence.

Yours faithfully,
M. R. CHAPPELL.
2-26-7

CARD

To the Electors of Ward Three: Ladies and Gentlemen:

In response to the invitation of many of the constituents of the ward, I have decided to again seek election as the alderman representing you in the city council. Having had ample experience in the affairs of the city from the point of view of a member of the board as well as a heavy ratepayer, I feel that I can be relied upon to serve the interests of the ward and city as a whole. I notice that the gentleman contesting my re-election states in his card that he cannot spare the time to make himself acquainted with you. I feel that I am well acquainted and that my services in the council have been such as to satisfy my constituents that I have given ungrudgingly and unsparringly of my time in attending councils, commissions, committees and conferences. This is necessary if your representative is going to do justice to the matters affecting the public interest in contrast to private considerations in such a matter as public representation.

Yours truly,
A. N. MACDONALD.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in minding a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, contained in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lambrago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia), 40c and 70c. at all druggists.

Business and professional men on their way downtown yesterday excitedly discussed the latest phase in the mayoralty election campaign, brought to light Thursday at a special meeting of the City Council at which another shortage of over \$1,000 was discovered in the accounts. A fervid supporter of Mr. McConnell declared in passing: "This latest exhibition sounds the death warrant of Mayor Fitzgerald and the aldermen seeking election with him. The outlook is McConnell will make a clean sweep and head the polls."

"Don't you believe it," shot back a worker for His Worship, "there may be guilt and inefficiency at City Hall, but the Mayor's skirts are clean. He may lose some votes by this latest exposure, but his gain in other directions will more than off-set deserters to his cause. We look on him to win."

A supporter of Mr. Muggah joined the party and contributed the opinion: "While these two fellows are talking and accusing each other of this and that our man is quietly working, and when the great day comes will have a majority over all that will confound his opponents." As the debate progressed it became more and more heated, but, unfortunately, even the gist of the closing remarks are not fit to print. This three-cornered battle is undoubtedly the most exciting that has been held in Sydney in a decade.

NO MORE WEAK and DIZZY SPELLS Since She Used MILBURN'S Heart and Nerve Pills

Miss Bertha Charette, Regina, Sask., writes:—"I have had a lot of trouble lately, with what I thought was heart-trouble, and after any unusual exertion I always felt sick."

"My doctor advised a complete rest and change, but this I was unable to take.

"I became interested in Milburn's Heart and Nerve Pills, so started taking them. I have now taken three boxes and am so much improved I can go about my daily work without feeling any after ill effects, and have not had any weak or dizzy spells for some time. Your medicine has done me more good than anything I have ever taken, and I will gladly recommend Milburn's Heart and Nerve Pills to any woman who is weak and run down."

Price 50c. per box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The more MORSE'S Tea you drink, the better you feel. There are people in this country who have been drinking it steadily three times a day for over fifty years, and are still going strong.

Found Unconscious.

Henry Boner an old man of 72 years of age was found unconscious beside a tree which he was felling for domestic fuel in the woods at Georges River, Monday. It is believed he suffered a slight paralysis of the brain. The aged man was chilled through when discovered but no part of his body had become frozen. There are slight hopes held for his recovery.

Applications Refused

Mr. Justice Mellish has refused to grant the application for a transfer of proceedings under the Bankruptcy Act from Sydney to Montreal, in the case of Fred Sherman of Whitney Pier, and A. Cossman and Co., of North Sydney. His Lordship finds that the interests of the various creditors can be dealt with as expeditiously in Nova Scotia as at Montreal, and for this reason he refuses the application.

Nova Scotia Publicity Experts Will Confer

(By Canadian Press)

HALIFAX, N.S., Feb. 28.—Detailed plans for an incorporated Nova Scotia publicity bureau were submitted at a conference of members of the Halifax Board of Trade and representative citizens gathered from many parts of the province in the Board of Trade rooms here this morning, and a decision was reached to proceed with the organization of such a bureau.

It was announced that Premier E. H. Armstrong had assured the organizing committee that the government would grant \$10,000 if a similar amount was raised by the efforts of the bureau. J. G. Farquhar, chairman of the Board of Trade committee having the preliminary work in hand, reported that \$5,000 had already been assured.

ELECTORS ENTHUSED OVER LATEST PHASE OF MAYORALTY CAMPAIGN

Suspended Sentence

Two Glace Bay youths, one white and the other black, appeared before Judge Finlayson in the county court this morning, on a charge of breaking and entering a store occupied by a Greek near Senator's Corner and stealing a small quantity of cigarettes. Owing to their youth, both being under sixteen, the Judge administered a severe reprimand, and gave them two years suspended sentence.

Cargo of Sugar.

Pickford and Black's steamer Andalusia, Captain Lorentzon, arrived at Halifax Tuesday morning from Cuba and Jamaica, after a fine run, and docked at Woodside to discharge 12,000 bags of sugar loaded at Cuba, and 2,708 bags loaded at Jamaica, which are consigned to the Acadia Sugar Refinery. After discharging this consignment—the Andalusia will move today to Pier 23, South Terminal, to discharge 400 bags of sugar, and 800 bags of coffee for interior points in Canada, and 171 packages of fruit, and other general cargo for Halifax. Then the steamer will load cargo at Pickford and Black's wharf, and at Deepwater for Havana and Cuba, for where she will sail shortly.

Rum Runners.

H. H. Acron, of Souris, P.E.I., who has recently returned from a trip to St. Pierre says that during his visit, twelve Lunenburg vessels loaded and sailed for the New York rum row with heavy cargoes. Four vessels were loading in port when he left and six more were expected this week. During his stay the steamer Caid arrived from Glasgow with 53,000 cases of whiskey valued at over a million dollars and this cargo was being loaded into the schooners when he left. Another steamer the Peveril arrived a few days later. She had landed 25,000 cases at St. John's, Nfld, and landed the remaining cargo, 27,000 cases at St. Pierre. Speaking of profits he says the vessel owners as a rule cannot resist the temptation to get into the business.

For the use of the vessels they receive from \$100 to \$120 a day, according to the number of cases they can carry. The sailors receive from \$100 to \$125 per month and the captains average about \$500 per month, besides which bonuses are paid for the successful landing of the cargoes.

Mr. Hunt pointed out that English immigrants coming here in the regular way experienced a great deal of difficulty in "catching on," which we do not

fully appreciate. Customs and manners of everyday life are so different old residents are often too ready to laugh at the new man's mistakes without quite realizing that they do so; and with his mistakes and his hard luck and the feeling that every man's hand is against him, it is no wonder that the newcomer gets discouraged.

Are We Extravagant?

Here are some costs on Studebaker cars—
Would you have us cut them down?

WE are lavish on Studebaker cars. For some features we pay three and four times what they need cost.

Here are some of those costs which affect you. Tell us—would you want any one reduced?

Our prices on high-grade Sixes run from \$1,375 to \$3,665. They stand at bottom in the fine-car field, despite these extra costs. All because the demand requires 150,000 cars per year.

But they could be lower if we cut these costs. Would you have us do it?

Engineering—\$500,000

Our engineering departments cost us \$500,000 yearly. Our Department of Research and Experiment employs 125 skilled men. It spends vast sums in analyses and tests.

Our Bureau of Methods and Standards fixes every formula, every requirement, every equipment. It makes 500,000 tests per year to maintain our high standards.

We make 30,000 inspections on every Studebaker car during manufacture before it goes out of the factory. We employ 1,200 men to do that.

Those are heavy costs. But remember how they are divided—by 150,000 cars per year. They form but a trifle per car.

\$50,000,000 in plants

We have invested \$50,000,000 in modern plants and equipment. \$8,000,000 in drop forge plants. \$10,000,000 in body plants—as the only way to do Studebaker coach work.

These plants are equipped with 12,500 up-to-date machines, many of them very expensive. But consider the alternative. Profits to other makers. We save up to \$200 on some bodies by building them ourselves.

15% extra on steel

On some steels we pay a bonus of 15% to the maker. Just to get our formulas exact. We could save that extra on "commercial runs." We machine the entire surface of crank shafts, as was done on Liberty Airplane Motors. The extra cost is \$600,000 per year. But the results are that perfect balance, that absence of vibration. Every Studebaker car is Timken-equipped. The

Special-Six and the Big-Six have more Timken bearings than any car selling under \$5,600 in the United States. The Light-Six more than any competitive car within \$1,000 of its price.

Other costly extras

Our bodies are finished with 18 operations, including 15 coats of paint and varnish. We use real leather upholstery. The cost is about \$25 per car over imitation leather.

That Chase Mohair upholstery in closed cars is made from the soft fleece of Angora goats. A velour or worsted upholstery would save us up to \$100 per car.

Extras to our men

We pay the highest labor scale. Then we add extras to it.

Men who are with us five years or over get 10% of their year's wages in an anniversary check. Those anniversary checks last year cost us \$1,300,000.

After two years all employees get a week of vacation with pay. This cost us last year \$225,000.

Old employees who retire get pensions. Our co-operative department costs us \$2,000,000 per year.

All this to keep men with us while they grow more and more efficient. To make them happy, so they do their best.

This is all paid by people who buy Studebaker cars. But we figure that each such dollar saves us five dollars. Don't you agree with us?

The utmost in car value

The object is to give you the utmost in car value. You will find we do that if you make comparisons. In any Studebaker model, you will find scores of ways in which it excels any rival car.

That is why, in the fine-car field, the Studebaker leads. The demand has almost tripled in the past three years. These cars have become the sensation of Motordom. On some of these models we have never yet been able to meet the demand.

We spend money lavishly. We build without regard to cost. But, in our quantity production, we still bring costs to bottom.

You should learn what these things mean to you before you buy a car.

"THE MAN FROM BRODNEYS" IS EXCEPTIONAL PHOTOPLAY SAYS HALIFAX HERALD

Romance glitters and lures in one of the finest motion pictures of adventure of the season, "The Man From Brodneys" which began its run at the Orpheus Theatre on Monday. This Vitagraph special production, based upon the famous novel of the same name by George Barr McCutcheon, realistically depicts the story as originally written. All the breath of adventure of the Southern Seas, of savage natives, of erring husbands, of faithful wives and of a great, sympathetic love are contained in this remarkable photoplay.

Lavishly done, "The Man From Brodneys" literally seized the spectators at the Orpheus Theatre and held them breathless with interest as the drama unfolded.

"The Man From Brodneys" opens with the meeting of Hollingsworth Chase, an American diplomatic representative, played by that sterling actor, J. Warren Kerrigan, meeting and falling in love with the beautiful Princess Geneva (Alice Calhoun). Chase sees Prince Karl force unwelcome attention upon the Princess. Not knowing that he is her fiancé, the diplomat interferes and inflicts a beating upon the Prince. For this indiscretion Chase loses his diplomatic post.

The law firm of Sir John Brodsey and Company engages Chase to go to the island of Japat in the South Seas. This isle, which is rich in precious stones, is the center of contention in a will contest. Under the wills of the two men who owned the island the land and its mines are to go to their grandchildren provided they live six months on the island and marry. Should this stipulation be disregarded then

the island is to revert to the natives. One heir, Browne, is already married. Chase is to protect the interests of the natives.

Rasula, native leader, plots to kill off the whites and stir the natives into revolt. Princess Geneva from the arduous life of the court comes to the island to recuperate in the Duchy of Rapp-Thorberg, as the guest of Lady Deppingham, English heir to the isle. Chase's life is threatened by the natives. He joins the other whites on the island. An attack upon the beautiful mansion of the island by the natives follows. In the last hour, when Chase discovers the Princess is in love with him and massacre by the natives is imminent, a warship arrives.

The photoplay is splendidly done. David Smith, who produced "The Ninety and Nine," "The Midnight Alarm" and "Pioneer Trails," is the man responsible for the excellence of this piece. Realism literally reeks throughout the film. Beautiful settings fitting appropriately with the film maintain the high standard set by the unusual collection of stars found in the piece.

J. Warren Kerrigan, the man who has charmed millions through his work in "The Covered Wagon," "The Girl of the Golden West" and "Thundering Dawn," is undoubtedly at his best in "The Man From Brodneys." There is an ease and naturalness about his acting that is convincing.

Alice Calhoun is gorgeous as the Princess Geneva. She wears innumerable beautiful gowns that are sure to set the feminine heart aflutter. She plays the part gracefully and

Coming To The Palace

Thrilling Melodrama Is "Sporting Earl"

Big English Movie Was Based on Drury Lane Melodrama.

The Palace will have the honor this week of initiating the new season of big pictures in Sydney when they will exhibit the big English production, "The Sporting Earl."

This film should make a big hit in Canada as it did in England, based as it is on the lines of two big former successes, "Mickey" and "The Whip." In the vernacular of London, England, "The Sporting Earl" is a "wiz," can even be construed as an "egg," and, furthermore, has all the elements of a "full fledged pip." In other words, it is a round of laughs, action, fun and excitement. There is an Earl, there is a girl, there is a big fight, a big fire, and a corking story concerning the Baronet, Sir Horace Pilkington, who leaves an eccentric will by virtue of which one of his nephews becomes possessed of all his fortune and the other nephew inherits all his racing stables, and there we have "The Sporting Earl."

Not a farthing in his name, but still the owner of a racing stable, which includes the magic name of "Cheerio Arf a Mo." Known throughout English sporting circles as the fastest colt from Ascot to Timbuctoo, the last named place, however, being strictly outside the actual scene of "Cheerio" cyclonic performances. The steeplechases to be seen in "The Sporting Earl" are battle of footed thoroughbreds with hearts of steel; thrilling pulsating contests carrying us over the famous English water jumps, hazards and obstacles, and winding up in fighting, straining neck to neck, finishes on the turf, where the heart is of no more avail than the legs, and there is where you will see "Cheerio Arf a Mo" come in as the gamest horse that ever went over an Ascot water jump.

A big conflagration, fights, romance and sparkling comedy figure in this great motion picture. The stables hold "Cheerio Arf a Mo" and "Quicksilver," the two stars of the Sporting Earl's stable, are sent up in flames, and the Sporting Earl's broadwinners are saved only after a thrilling fight with half a dozen desperate bounders, during which the heroine and the ubiquitous dog came in for an enthusiastic and successful share in the pugilistic proceedings.

The part of the "Sporting Earl" is taken by Victor Herbert, and the part of the girl is taken by the famous English actress, Lillian Hall-Davis, who played the leading roles in "The Game of Life," "A Royal Divorce," and "The Faithful Heart," the big English superpictures, which have met with outstanding success both in England and in Canada. This engagement of "The Sporting Earl" marks the Canadian premiere for this big English production, and is evidence of the initiative of the management who have gone out and secured for the patrons one of the big pictures for the new season to start the new fall policy.

Monte Carlo Seen In "Enemies of Women"

Cosmopolitan Sent Entire Company There and "Shots" Include the Gaming Resort and the City

Whenever men and women love to flirt with the goddess of chance, the name Monte Carlo is one to conjure with. Famed the world over as the most fashionable gaming resort in existence, Monte Carlo it to most Americans, however, just a name. Few persons in this country, outside of the wealthy classes, have been privileged to come into actual contact with this famous old world playground. Not even in motion pictures during the last seven years have they been privileged to see Monte Carlo in anything but replica.

In "The Enemies of Women," Cosmopolitan Productions' new super-feature, which comes to the Palace Theatre next week, the public will have the opportunity to see on the screen what are said to be the most striking scenes ever made of this world-famous resort. In the popular romance by Vicente Blasco Ibanez, Monte Carlo and its renowned Casino play a prominent part. For this reason Cosmopolitan Productions sent the entire company making the picture to the resort to get the last touch in atmosphere. It was not until Ibanez himself had arranged matters with the authorities at the Casino, however, that "shots" of it could be made. The resultant scenes of Monte Carlo with its Casino and beautiful Terrace are said to be the most perfect in detail that have ever been photographed.

Monte Carlo, which is situated in Monaco, the smallest principality in the world, is believed by many to be the most picturesque spot along the beautiful Riviera. The scenery is incomparable for its beauty, including steep mountains heights, winding roads and a gorgeous view of the Mediterranean which Monte Carlo overlooks. Despite its natural beauty, however, Monte Carlo owes most of its fame to the fickle wheel of chance. The daily exchange of fortunes is the largest in any place in the world, and anyone may "try his luck" there except the natives.

The town of Monte Carlo itself was founded in 1156 and the Casino has been utilized as a gaming resort since its foundation in 1861, at which it was leased for fifty years to a Francois Blanc. Later its control passed to a joint stock company

McGrath's Famous Story "Ragged Edge"

COMING TO THE PALACE

"The Ragged Edge," second of Distinctive Pictures' great features of 1923, distributed by Goldwyn, is coming to the Palace Theatre soon. This picture is one of the most spectacular stories of the South Seas released this year, and promises to be at the top in beautiful and artistic photography of Southern Pacific and Chinese scenes.

"The Ragged Edge" is by Harold MacGrath, an author of international fame. The story is of "two young fools," one running away from injustice and the second from justice. They meet in the city of Canton, China. The boy collapses in the hotel lobby and is nursed back from the ragged edge of death and destruction by the girl. These two waifs of fate marry. They are befriended by a South Sea trader, who takes them to his faraway island. The husband, however, is kept from his wife by a sinister shadow that lies across his remorseless conscience—he is a fugitive and believes it unfair to mar her life. But in a series of breathless episodes they are finally brought together.

The hero's role is ably played by Alfred Lunt, known as one of the handsomest actors on the stage today. He is best known through his great success in the title role of Booth Tarkington's famous comedy, "Clarence," and his wonderful acting is distinctive first 1923 feature, "Backbone." Co-starred with Lunt is Mimi Palmeri, whose rise to fame has been one of the romances of the industry, and whose Cinderella-like story has been the talk of fans for months. She is a natural actress and one who, given her chance, rose sublimely to the occasion.

Supporting this sterling pair is one of the casts for which Distinctive is noted—George MacQuarrie, Christian Frank, Charles Slattery, and Charles Fahg, called the greatest Chinese actor in America. More than two hundred and fifty Chinese and scores of Southern natives were used. Sing-song girls were imported from China that the real oriental atmosphere might be preserved.

"Silent Command" Is Something New In "Movie" Plots

William Fox Production Involves Great Story of World Intrigue Handled With Powerful Method

One of the big feature pictures which will come to the Palace Theatre soon is "The Silent Command," a William Fox production founded on a story by Rufus King. It is a radical departure from the usual movie plot and introduces the American navy and scenes of the Atlantic fleet at sea and at the Panama Canal in a series of stirring incidents. The hero of the story is a captain in the United States Navy and his unflinching devotion to duty in the face of wellnigh overwhelming opposition, forms the inspiring theme.

The producer has taken advantage of the many incidents of naval life in the story to appeal to the patriotism of all good Americans. A strong heart interest and clever touches of wholesome humor have prominent places in the plot. One of the novel episodes is the reproduction of the graduation exercises at the Naval Academy at Annapolis. There is also a shipwreck scene that

Exceptional List of Photoplays Booked For Early Presentation At Palace Assure Sydney Theatre Patrons Of Exceptional Treat.

That Sydney Theatre patrons have an exceptional treat in store is assured when the Palace management announced last night to the Post some of the attractions to be presented in this popular theatre in the near future. In glancing over this list local theatre patrons must rest assured that these production truly represent the ultimate in motion picture. Included in the list will be seen:—

"THE SILENT COMMAND"
The screen's greatest sea story produced with the cooperation of the United States navy, and featuring an all star cast including Edmund Lowe, Betty Jewel, Martha Mansfield and Creighton Hale. The sensational episodes in this photoplay are many and include an attempt to blow up the Panama Canal. A fight in the wireless room of a destroyer and the most realistic wreck at sea ever shown on the screen.

"ENEMIES OF WOMEN"
Featuring Lionel Barrymore and Alma Rubens. The famous story of Vicente Ibanez brought to the screen in all its glory. The mad revels in the palace of Russia's richest Prince—the gambling halls of Monte Carlo—the red revolution in Petrograd—the attack of the Cosaks. You will see all this and more in Ibanez's greatest story, magnificently produced with an all star cast. Photographed in Paris, Nice and the Riviera.

"THE MAN FROM BRODNEYS."
Cast includes J. Warren Kerrigan, Alice Calhoun, Wanda Hawley, Miss DuPont, Pat O'Malley and Kathleen Lee—a rich young American tangled in court intrigue, put to the supreme test to save the girl he loves—a Princess of Royal Blood.

"THE GUN-FIGHTER."
Featuring William Farnum—A thrilling story of the Old West with Farnum in the greatest role of his career.

"DARLING OF NEW YORK."
Featuring BABY PEGGY and an all star cast. This is the first of Baby Peggy's three million dollar production and has been acclaimed by critics to be the outstanding production of the year.

"RAGGED EDGE"—Featuring Alfred Lunt and Mimi Palmeri. She was ready for the greatest sacrifice any woman can make for a man she loves. In the peril-darkened South Sea village the girl who fled from home found grim adventure and love. Harold MacGrath's most thrilling novel has been made into a great photoplay.

TO THE LADY ELECTORS

This is the first time in any election in Sydney, that a Food Profiteer had the nerve to offer for any office in the gift of the people. You have been waiting for years for this opportunity to show him that such cheap talk does not appeal to you.

I make no special appeal to you, that I do not make to the Male Electors. You can have only one purpose in common—An Honest, Economical and Painstaking Administration, every course and every step taken with sanity and caution.

I make no promises not backed by my record of six years. Promises by Civic Novices are only made to deceive and delude, purely vote catchers.

I only ask that you judge me by what I personally have done, and not by promises which are very easy to make but which are as insincere as they are misleading.

I think that my charitable attention to the poor of the City will compare more than favorably with the record of either of my opponents.

One of them lives in a Government Hospital and it seems as if he would spend his remaining days there rent, and fuel free.

The others only connection with the City Hospital was when he supplied the provisions at an exorbitant price through a middle-woman.

In the Record of yesterday the names of those who signed Mr. McConnell's nomination papers were published.

To me it appears to be a public disgrace, that some of the leading Ladies of Sydney, had their names published with those of professional bootleggers, and women of free and easy virtue. I do not blame the ladies for this as there was deception used to get their names, but the man who would forfeit your confidence and publish them to the world is beneath contempt.

However, after March 4th, he will be again free to go to the Health resorts of Sunny Florida, where he has spent the last several winters, to bask in the smile of his fellow millionaire Food Profitteers, when we the sons and daughters of Nova Scotia will have to toil on, and pay his high prices so that he may enjoy the benefits of our Labors, and the High Cost of Living.

WM. FITZGERALD.

Would Abolish Office Of Temperance Inspector

(By Canadian Press)

HALIFAX, N. S., Feb. 28.—Abolition of the position of chief inspector under the Nova Scotia Temperance Act, and the transfer of these duties to the attorney general is proposed in a bill introduced into the Nova Scotia legislature this afternoon by Hon. W. J. O'Hearn, Attorney General. The bill, which was given its first reading today, also placed the direct administration of the Act under the Attorney General's department. A further feature of the bill is the proposal to number prescriptions with a view to minimizing opportunities for abuse of the Act.

New Council to Deal With Alleged Shortage

With regard to the future action of the city in respect to the alleged shortage of \$1,000 in the city's cash accounts, Mayor Fitzgerald informed the Post yesterday that it would be a matter for the attention of the incoming city council. The present council had dealt with it to the extent of accepting the report and ratifying the suspension of the city clerk. The matter is therefore held in abeyance until after the election.

Connecticut Woman Is Killed By Boarder

(By Canadian Press)

NEW BRITAIN, Conn., Feb. 29.—Mrs. Ignatz Stesse was shot and killed in the apartment over her home on South Main Street at 7 o'clock last evening. The police are holding Frank Holtz, about 35 years of age, on a murder charge. There were two eye-witnesses to the shooting, it is said, Margaret Stesse, aged 5, second daughter of Mrs. Stesse and John Broda, an occupant of the front room upstairs.

According to the story told the police by Margaret, her mother had gone upstairs to take supper to Broda, who was ill. The little girl said Holtz, a former boarder in the Stesse household, who it is said had previously threatened to kill Mrs. Stesse, came from an adjoining room and fired two shots at close range. One bullet took effect in the woman's heart. Mrs. Stesse was 35 years of age and the mother of three children.

The City Turns To McConnell

Never in the history of civic campaigns in Sydney has there been such a swing to one candidate as the swing to McConnell within the past few days.

The discovery that Mayor Fitzgerald allowed more than a thousand dollars to be lost from the public funds after his warning by Robert Carter in January of last year, has caused a stampede from the ranks of his followers. Such carelessness cannot be excused. Mayor Fitzgerald is done.

Realization of the terrible mess which exists at City Hall has driven the fact home to the voters that only a real man with sound business training can lift the city out of the hole. Ex-Mayor Muggah's uselessness in the mayor's chair was what enabled Fitzgerald to be elected for six successive years. Ex-Mayor Muggah was done six years ago.

In every ward in the city the talk is "McConnell, McConnell." The demand of the electors is to put in a man who will wipe out all vestiges of the system fostered by Muggah's indifference and Fitzgerald's carelessness.

And more than that, the demand of the citizens is for a man who will give real street improvement, better city services, rights at the City Hospital to ALL the citizens, wrest fair treatment at the coal yards from the corporation build up and beautify the city and produce returns from the tax money which has hitherto been lost or wasted at City Hall.

That is why a wave of swinging votes unprecedented in the history of any civic election has been turning to McConnell in the last few days and now, on the eve of election, is still turning.

The campaign promises are all out. Here are the things you are going to get from the three candidates. Here is the reason why the big swing to McConnell is swamping both ex-mayors all through the city:

When McConnell is Elected

- (1) THE LID LIFTED AT CITY HALL. A 20 year audit by specialists at the business, who have no connection with anybody in the city. An audit conducted by a Mayor who has no interest in it except to discover how many thousands or hundreds of thousands of dollars of public money have been lost in those twenty years, during more than half of which Gunn, Muggah and Fitzgerald ruled the city in turn.
- (2) A bookkeeping system at City Hall which will not allow "tricked" Blue Books. A bookkeeping system at City Hall which will get a ruthless audit every year. A bookkeeping system at City Hall which will be able to produce both duplicate receipts and THE MONEY for every tax payment.
- (3) The vendorship placed on a business basis.
- (4) No city employee, great or small, allowed to sell anything to the city, directly or indirectly. No "commissions" for sales of this description will come out of the taxpayers' money to be placed in employees' pockets.
- (5) City supplies, tools and implements, will be looked after. No expensive paving plants will be purchased and left outdoors all winter to be ruined. No sewer pipe and paving materials will be left lying around. No picks and will be stolen and have to be replaced out of tax money. Hundreds and thousands of dollars under this one item, can be saved to pay for hospital patients and city improvements.
- (6) The law will be enforced, as much at the coal yard scales as where dives have been allowed to flourish by the present administration, and still flourish.
- (7) No city employee, great or little, will be allowed to purchase or arrange for the purchase of anything, without open tender. No "commissions" for ensuring the acceptance of certain tenders will be taken out of the taxpayers' money to go into private pockets. There will be no favorites.
- (8) No breach of trust or evasion of duty on the part of any employee will be tolerated. There will be no hush money going into private pockets that should be going into the city treasury in fines. There will be no losses of public funds through failure of the mayor to act. Crookedness on the part of public employees must stop.
- (9) Two miles of permanent paved street by the end of 1924.
- (10) Maintenance of patrol trucks keeping all streets in passable condition, as the permanent paving advances.
- (11) Curb, gutter and sidewalk construction carried on to the limit of public funds available now, and that will be available when the shortage and leaks are stopped.
- (12) Coal yards covered so you will get coal, and not snow and ice, in winter. Coal yard loading chutes constructed, so you will get proper mixture and not all dust or all lumps.
- (13) City checkweighmen at the coal yards, so there will be no short weight deliveries.
- (14) Patients who cannot guarantee expenses at time of sickness, admitted to the full service of the City Hospital.
- (15) Provide for the care and protection of trees along street lines; make our city streets avenues in fact as well as in name, instead of mud paths which they must always be while the money that would do the work is being lost and wasted at City Hall.
- (16) Provide for adequate street lighting another service that can be vastly improved under a business administration which uses its funds properly for public service.
- (17) Clean and beautify public grounds, including City Hospital, parks and school grounds. How many times have your children come home with feet wet from wading through the "mud lanes" on school grounds—to mention only one instance.
- (18) NO INCREASE IN TAXATION. It is not necessary, if all public monies are properly collected and the leaks are stopped.

Mayor Fitzgerald "stands on his record"—including the latest shortage, and promises the same administration we have now.

Ex-Mayor Muggah, in the face of a desperate need for action, sees nothing, hears nothing, knows nothing, promises nothing—forgetting that such pitiful muddling got him fired as no Mayor ever was fired before, after his one term of office.

Mayor Fitzgerald is done.

Ex-Mayor Muggah was done six years ago.

Join the triumphant swing to the man who will go on the job of cleaning up the civic administration and stay on the job 365 days in the year and as many years as are necessary, subject to the will of the people, until THE JOB IS DONE.

If Muggah Went Back

- (1) The audit "should be instantly taken in hand" by the man whose business irresponsibility resulted in his spending \$20,000 during his term of office on a single item for which the Council had authorized \$5,000. The audit should be "instantly taken in hand" by one of the men whose administrations have made an audit necessary.
- (2) There is no mention of bookkeeping from a man who could not see anything wrong with the old system while he was in office. Ex-Muggah does not know what should be done.
- (3) There is no promise of change in the vendor's office from a man who says the vendor should comply with the law "if he is not doing so." Ex-Mayor Muggah, does not know what should be done.
- (4) Ex-Mayor Muggah does not know what should be done.
- (5) Ex-Mayor Muggah does not know what should be done.

If Fitzgerald Went Back

- (1) More holding back of auditor's report and side-stepping the issue. The total shortage revealed under this man's administration so far is \$15,638.55. He asks you to judge him by his record. Do it!
- (2) With his tricked Blue Book before you, he declares there will be no change of city hall bookkeeping methods.
- (3) Two thousand dollars, he says, is all the profit that has been made at the vendor's office this year and is all the city will get in any year. "In the absence of the vendor's inventory figures for the beginning of the year" says Auditor Joseph Wood's report, "the actual profits for the year cannot be ascertained." Proper management at the vendor's office will never be carried on under Fitzgerald.

INTERESTING EVENTS

The Ladies of the Catholic Women's League intend holding on Friday evening in their club rooms, their Pre-Lenten At Home when the members with their friends will be entertained. A splendid programme has been arranged and it will be followed by cards in various forms. Refreshments will be served and a general good time is expected. The committee in charge expect that the members will keep this well in mind and be sure to be in attendance for the last social evening till after Lent.

Mr. J. B. Nield had to postpone his recital of his pupils and the presentation of their diplomas which was to have taken place Thursday evening, because of the disagreeable weather. The date is not definitely fixed yet when it will be held, but will be published in the near future. Mr. Nield has planned a splendid programme and a very pleasant entertainment to present to the public. His pupils have made rapid strides the past year and great improvement is noticeable in their performances. The presentation of McGill diplomas to several of his students will also be an interesting feature of the evening.

Mr. L. H. Publicover returned on Thursday morning from Halifax where he has been for several days on business.

Mrs. (Dr.) Beckwith, Mrs. (Dr.) Green and Mrs. W. Blackwood of Glace Bay spent Thursday in the city the guests of Mrs. N. M. Browne.

Mrs. Neary entertained very pleasantly on Thursday evening at a bridge of two tables when Mrs. Hicks and Mrs. J. K. McLeod were the prize winners. The rooms were prettily decorated with daffodils and Mrs. Neary made a very charming hostess in a gown of wistaria silk. She was assisted in serving her guests by her daughter Miss Mary Neary who looked very attractive in a navy blue dress.

Mrs. D. W. Nicol, Whitney Ave., underwent an operation in the city hospital a few days ago and is doing splendidly.

Mr. Jerry Jones is confined to the hospital following a slight accident. He hopes to be out soon again however.

Mr. Avery D' Aubin left on Wednesday night, called suddenly away on account of the death of his brother-in-law.

Miss Marjorie Murphy returned to the city on Friday morning after having spent the past month visiting relatives in Halifax.

On Thursday evening the Kiwanis Club held a dinner and business meeting when finances were discussed at length and plans were made for the future. The programme was entirely composed of business, the meeting having been called especially for that purpose.

Mrs. J. W. McLeod of Chicago is visiting in the city the guest of her mother Mrs. Dan McInnis. She will be here about two months.

Mrs. H. F. S. Paisley has been called to Ottawa where her mother, Mrs. A. J. Magurn, is critically ill. Mrs. Paisley left Sydney Wednesday night accompanied by her little son.

After an absence in the United States of almost two months, F. A. DeYoung has returned to Sydney. Mr. DeYoung was in Florida for a number of weeks.

F. W. Bishop of the Bishop Shoe Store has gone to Montreal on a business trip. Mr. Bishop will visit

Boston and other New England cities before his return.

A large number of members of the Orange order and kindred societies assembled in Coronation Lodge rooms, Victoria Road, last evening and listened to a lengthy and interesting address by Rev. E. Morris, Grand Organizer of the Orange order for Nova Scotia and P. E. Island. This was the first meeting of a series of fraternal visits between the Orange, True Blue and Ladies Benevolent lodges and it is hoped and expected that much interest and benefit will be the result.

Refreshments were served during the evening by the ladies of the True Blue Association, and several readings, etc were rendered by Miss Irene Thompson, Miss Martha Perry, Wm. Parks and James Thompson while an original poem composed by George Duguid (sr) created roars of laughter.

Mr. Morris dealt particularly on the word "Orangeism" in his address showing what each letter stood for and elaborating thereon.

He said:
O Stands for
Organized Protestant Christianity,
One Sacrament from Sin,
One Mediator, Jesus Christ,
One Church, one School,
One King, one flag,
One Open Bible.

R Religious liberty and equality.
A Abolition of institutions not open to government or public inspection
N Non-partisanship in party politics.
G God the triune being.

E Equal rights to all and special privileges to none.
Education—Non-Sectarian and non-segregational.

I Imperial Unity.
M Immigration of the proper kind—British subjects.

S Separation of Church and State.
M Marriages according to the civil law and the rights of recognized churches.

He claimed an order pledged to these high ideals would surely continue to grow and prosper as the Orange order is doing, and with a strong pull and a long pull and a pull all together the order is destined to be the greatest influence for good in Canada outside the Christian Church.

U.S. PASTOR AIMS TO BRING BIBLE DOWN TO DATE

Modernists to Broadcast Teachings By Radio.

(By Canadian Press)

NEW YORK, Feb. 28.—Rev. Charles Francis Potter, pastor of the west side Unitarian church, has announced the formation of a modernist bible class, sessions of which are to be broadcast by radio. At the class's first meeting Sunday night he will outline the principles of a "new all American bible" to replace the inspirational Hebrew teachings.

Mr. Potter cites Abraham Lincoln as having fully as great a spiritual appeal as Jesus of Nazareth to the average citizen of the United States; Jane Adams in the new American bible would replace Deborah as a leader in the warfare against social wrongs; the writings of Washington, Adams and Jefferson, he declares could be preserved as "the American Pentateuch" or first five books of the American old testament; Woodrow Wilson is the modern "prince of peace" he says, and sacrificed his life in an attempt to induce the United States to enter the League of Nations.

After an absence in the United States of almost two months, F. A. DeYoung has returned to Sydney. Mr. DeYoung was in Florida for a number of weeks.

Recommends Vicks For Pleurisy

Now Get Vicks in Canada.

Mrs. J. A. Leblond, of 114 Rue Galt, Sherbrooke, Quebec, writes: "Vicks VapoRub is not a new remedy for us, because we have used it in our family for four or five years. We got it from the United States. This shows you how much we think of it. We are glad to get it here now, for there is nothing better for pleurisy, chest colds, etc."

Here is the last word in treating cold troubles—rub Vicks well in over throat and chest, get into bed and have the coverings loose about the neck. All night long you breathe in the healing vapors of Camphor, Menthol, Eucalyptus, Turpentine, etc. The application also acts like a heating liniment or plaster. Usually colds go in one night and croup is commonly relieved in 15 minutes.

Vicks comes as a salve—the external direct treatment for all cold troubles—absorbed like a liniment and inhaled as a vapor.

Vicks is the ideal treatment for children's cold troubles, it avoids so much internal dosing.

At all drug stores, 50c. a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

NEW WATERFORD

NEW WATERFORD, Feb. 28—The Ladies Aid of the Hospital at their 25 cent tea on opening day realized \$120. They served over 500 lunches. These ladies who are very few in numbers worked very hard to prepare for the event and very hard in cooking and serving same. Too much praise cannot be given them.

The school teachers of the several schools worked hard all day in selling pictures of the New Hospital. They realized \$167.00. The following girls were very active workers: Miss Urquhart, Miss Brewer, Miss Maher and Miss Tiffin of Central school, Miss Mary McIntosh and Mary S. McDonald, Miss Catherine McLean and Miss Margaret Johnson of the St. Agnes Schools, Miss Irene Connors and Miss Katie McNeil of Mount Carmel Schools, Miss Mary L. McDonald and Miss Mary S. McDonald were the winners of boxes of chocolates each for having sold the most pictures. Miss Mary McIntosh and Miss Catherine McLean were a close second.

Mrs. Jack McDonald, Mrs. James Moffat and Mrs. Theodora Cribb of Glace Bay were visiting here at the hospital opening.

Mr. John Manning representing the Tyler Company of Dayton, Ohio was in town yesterday. He was visiting the new hospital yesterday morning where he interviewed several members of the Hospital Board and gave demonstrations with his patent Fire Kings. He appears to have a good line of goods. He will appear before the full Board at their first meeting.

Martin Sweeney proprietor of the Belmont Hotel Sydney was in town today visiting his former home, and taking in the hospital celebrations.

Mrs. William Wilson who has been visiting friends in Dominion returned to her home last night.

The Rev. Charles McDonald of Bridgeport and the Rev. J. W. Kiley of Louisburg were interested visitors at the celebration here yesterday.

Mr. Stewart McAulay was a visitor from Glace Bay here yesterday.

Mr. and Mrs. William Wilson of Dominion were visiting in town yesterday.

Mr. A. B. McGillivray one of Glace Bay's finest gentlemen was in town yesterday taking in the hospital celebration.

Mr. D. W. Hisey and Mr. Angus McAskille of Glace Bay were visitors in town yesterday.

Mr. P. G. Petri and Mr. Herman Connors of Sydney were visiting in town yesterday.

Dr. H. A. Chisholm Provincial Health Officer was in town yesterday inspecting at taking part in the opening of hospital.

Mr. George Cockburn who has been chairman of the Hospital Board since its formation, and whom more credit is due for its completion than any other layman is one of our most public spirited citizens. An Englishman by birth with all the canny business instincts of the Novascotian, he has been a tower of strength in all the bargaining and buying in connection with the hospital. He was a thoroughly capable chairman all through and excelled himself on the big opening day, when he was among some of the smartest and ablest men in the province.

CANSO NOTES

CANSO, Feb. 28—On Wednesday evening a splendid audience gathered in Ideal Theatre to hear a lecture by Rev. E. E. Graham on Egypt. The lecture was illustrated by views taken by Mr. Graham, personally and was most informing and interesting. Proceeding the lecture there was a splendid program of music by Canso's orchestra and songs by Mrs. Ricketts, Miss Bursell and Mr. Harlow, and an address by Mr. E. F. Moore.

The proceeds of the lecture were in aid of the Boy Scouts of which there are three groups in the town. A meeting of the Council of the Board of Trade held at the Board's rooms on Thursday to take up some matters in connection with contemplated activities of the summer months ahead. Among these are Transportation Problems, Improved Aids to Navigation, the Second Guysborough County Conference under the auspices of the Guysborough County Development Association and Judicial advertising.

Mayor Rice was elected delegate to the Tourist Association to be held at Halifax on 28th inst.

Melancholy-Gloom-Despondency Tell Of Exhausted Nerves

It is unfortunate that one of the most common symptoms of nervous exhaustion is the tendency to melancholy, gloom and despondency.

You get looking on the dark side of things. You begin to worry and cannot see that the future holds anything better for you.

The supply of nerve force is running low and you lack the energy necessary to throw off these blighting, depressing feelings.

The depleted nerve cells must have nourishment. They must be fed back to health and strength.

In Dr. Chase's Nerve Food you find in condensed and easily assimilated form the ideal treatment for an exhausted condition of the nervous system.

You will not be using this treatment long before you find yourself sleeping and resting better.

It will take a little time to build up the system, but you will soon find yourself more

cheerful, more confident and more energetic and will be encouraged to keep up the treatment until fully restored.

Such symptoms as headaches, irritability and indigestion disappear as the nerves are strengthened and resume their functions in controlling the activities of the vital organs of the body.

No treatment for the nerves has ever met with such unqualified success as Dr. Chase's Nerve Food. This is proven in many hundreds of thousands of cases, many of which are reported in the newspapers from day to day.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c. a box of 35 pills, instead of 25c. for 25 pills. Edmanson, Bates & Co., Ltd., Toronto.

Advice from One Woman to Another on a very important hygienic subject

Immaculacy, charm, exquisiteness under circumstances which most women find exceedingly trying

By ELLEN J. BUCKLAND
Graduate Nurse

Charm, Exquisiteness, Immaculacy, under all and every condition EVERY day! Yet, under old methods the average woman spent at least 1-6th of her time in a state of discomfort, uncertainty and frequently embarrassment.

THIS is a subject which only a woman can understand, and on which only an expert can advise with authority. I speak as both.

I, too, experienced the handicap which confronts women in social, business or professional life. As a practicing nurse I know how to lighten it.

For science has now perfected a product which helps women live an active life without interruption. Its convenience and efficiency are amazing, for it solves a special problem in a very simple way.

THIS NEW PRODUCT IS CALLED "KOTEX" It was perfected during the war to provide a softer, more absorbent surgical dressing. Kotex is five times more absorbent than cotton.

After the war its makers felt that Kotex would be of infinite value to women—that it would effectually solve their greatest problem. And it has.

Women have only to hear of Kotex to appreciate what it means in comfort, convenience and relief from embarrassment. It is being adopted everywhere.

A SAMPLE—FREE

You can secure Kotex at practically all drug and department stores, but I want to send you a sample. It will come wrapped in a perfectly plain package. All you have to do is to fill out and mail the coupon.

Don't do yourself the injustice of overlooking this offer, which is so easy to accept. All you have to do is to tear out coupon, fill it out and mail it to me.

Kotex is on sale at all drug and department stores. Two sizes: Kotex regular and Kotex Super.

The Art of Good Cooking

Ice-Cream and Sherbert

Ice Cream is an inexpensive and easily prepared winter dessert, now that we have snow and ice waiting for us outside the door. Snow may be used instead of ice in freezing ices and parfaits. If it is not readily acted upon by the salt, pour in a cup of warm water.

When a substance melts, heat is absorbed from the surrounding medium. The ice melting in the freezer absorbs heat from the mixture within the container, thereby freezing it. Melting snow then will answer the same purpose as melting ice. The movement of the dasher will give a smooth grain-

Maple Parfait

4 eggs.
1 cup maple syrup.
1 pint thick cream.
Beat eggs slightly and pour on slowly hot maple syrup. Cook until the mixture thickens, cool and add cream beaten until stiff. Mold, pack in salt and snow or ice and let stand three hours. One pound baking tins make very good moulds.

XXXV (Continued)
There certainly was neither despair nor doubt in that vital voice of hers as she looked at him, and she was smiling. He twitched his shoulders under those understanding eyes and turned his own to the fire with a frown.
"I don't believe you had a moment of misgiving. You were to make sure of me."
"Oh, no I was not! I know life too well to be sure of anything, mon ami. Unlike that nice Vane boy, you have imagination and I poor boy I'm afraid you've been choking ever since—"
"Don't 'poor boy' me. I won't have it." He glared at her once more. "You are sure of me now—and quite right. . . . but I don't feel in the least like kissing you. . . . I've barely slept, and I feel like the devil."
For the first time in many days she felt an inclination to throw back her head and give vent to a joyous laugh—joyous but amused, for she would always be Mary Zattiany. But she merely said: "My dear Lee, I could not stand being made love to at four in the afternoon. It is not aesthetic. Suppose we sit down. Tell me all about it."
"I'll not tell you a thing." But he took the chair and lit a cigarette. "I'm more in love with you than ever, if you want to know. When will you marry me?"
"Shall we say two months from today?"
"Two months! Why not tomorrow?"
"Oh, hardly. In the first place I'd like it all to be quite perfect, and I'd dreamed of spending our honeymoon in the Dolomites. I've a shooting box there on the shore of a wonderful lake. I used to stay there quite alone after my guests had left. . . . And then—well, it would hardly be fair to give New York two shocks in succession. They all take for granted I'll marry someone—I am already engaged to Mr. Osborne, although I have heard you alluded to meaningfully—but better let them talk the first sensation to rags. . . . They will be angry enough with me for marrying a young man, perhaps too relieved that I have not carried off one of their own sons. . . . Polly Vane is in agonies at the present moment. . . . we'll have to live in New York more or less—I suppose?"
"More or less? Altogether, my work is here."
"I believe there is more work for both of us in Europe."
"And do you imagine I'd live on your money? I've nothing but what I make."
"I could pull wires and get you into one of the embassies."
"I'm no diplomat, and don't want to be. Rotten lazy job."
"Couldn't you be foreign correspondent for your newspaper?"
"We've good men in every European capital now. They've no use for more, and no excuse for displacing any of them. Besides I've every intention of being a playwright."
"But playwrighting isn't—not really—quite as important as poor Europe. And I know of several ways in which we could be of the greatest possible use. Not only Austria—"
"Perhaps. But you'll have to wait until I've made money on, at least one play. I'll be only too glad to spend the honeymoon in the Dolomites, but then I return and go to work. You'll have to make up your mind to live here for at least a year. And the sooner you marry me, the sooner we can go to Europe to live—for a time. I've no intention of—"
"I'm only too willing to help you. But—better marry me tomorrow."
"I can't get away for at least two months—possibly not then. Ask Judge Trent. And a honeymoon in New York would be too flat—"
"Better than nothing. . . . however—here's an idea. I'll get to work on my play at once and maybe I can finish it before I leave. If it went over big, I could stay longer. Besides, it'll be something to boil

over into: I don't I shall see any to touch you. What's your idea? To set all the young men off their heads and imagine you are Mary Ogden once more? It would be a triumph. I've an idea that's what you are up to."
"Certainly not," she said angrily. "How trivial you must think me. I've not the least intention of going to dance parties. I should be bored to death. I hardly knew what young Vane was talking about today. He seems to speak a different language from the men of my time. But it is only decent that I bore myself at luncheons and dinners, and for my old friends behaved with the utmost loyalty and generosity. Jane Oglethorpe would have been quite justified in never speaking to me again, and I have violated the most sacred traditions of the others. But it has not made the least difference. Besides I must keep them up to the mark. I have their promise to form a committee for the children of Austria."
"Well, that's that. We'll marry two months from today. I can finish my play in that time, and I won't wait a day longer."
"Very well. . . . I met Maria Lawrence the other day. I'm told you were expected to marry her at one time. She is very beautiful and has more subtlety than most American women. Why didn't you?"
"Because she wasn't you I suppose. Did she stick a little jewelled gold pin into you?"
"Only with her eyes. She made me feel quite the age I had felt behind me in Vienna." And then she asked irresistibly: "Do you think you would have fallen in love with me, after a much longer and better opportunity to know me, if you—if we had met in Vienna before that time?"
"No, I should not. What a great test I should have laid you in one way as I do now—with that part of me that worships you. But men are men, and never will be demigods."
"This time she did laugh and until tears were in her eyes. "Oh Lee! No wonder I fell in love with you. Any other man—well, I couldn't have loved you. My soul was too old." And then her eyes widened as she stared before her. "Perhaps—"
He sprang to his feet and pulled her from the chair. "None of that. None of that. And I do want to kiss you."
And as Mary never did anything by halves she was completely happy, and completely young.

XXXVI
He left her at ten o'clock and the next morning rose at seven and went to work at once on his play. He chose the one that had the greatest emotional possibilities. Gora Dwight had told him that he must learn to "externalize his emotions," and he felt that here was the supreme opportunity. Never would he give more turgid, pent-up, tearing emotions to get rid of them now. He wrote until one o'clock then after lunch and two hours on his column, went out and took a long walk; but lighter of heart since he had met Mark Zattiany. He was reflecting with no little satisfaction that when writing on the play he had barely through its very abnormality, prodded down to his head and transported him to another plane; he wondered if any woman, save in brief moments, could rival the ecstasy of mental creation. That rotten spot in the brain, dislocating particles, whatever it was that enabled a few men to do what the countless millions never dreamed of attempting, or attempt only to fail, was, through its very abnormality, productive of a higher and more sustained delight, a more complete assimilation of prosaic life, than any mere function bestowed on all men alike. It might bring suffering, disappointment, mortification, even despair in its train, but the agitation of that uncharted tract in the brain compensated for any revenge that nature, though her by-products human nature, might visit on those

LITTLE JACK RABBIT

DAVID CORY

"Oh, let me use your roller skates," Cried the little rabbit bunny. "I'd love to roll along and hear the wheels sing something funny." "Ha, ha," laughed the little bear, "your feet are too small." "Maybe they are," answered the bunny boy looking down at his neat ers. "Dear, dear me. I did so want to skate." Just then, who should come along but Daddy Long Legs on his Pushmobile. Goodness. How that long-legged insect could make it go. It

HOUSEHOLD SUGGESTIONS

Heat Them First
Put the lemons on the radiator for 20 minutes before squeezing and the juice will bring out almost double the juice ordinarily obtained.

Leftover Croquettes
Wrap the left-over croquettes in waxed paper and they will be good next day, either cold, as the filling for a sandwich, or heated for just a few minutes in the oven.

Temporary Treatment
If you cut the end of your finger while busy in the kitchen cover the cut with a piece of clean linen and put on your thumb until you have time to give it proper attention.

Warm's Baby's Hands
On one of these cold mornings, when baby's hands are chilly, give him a half-filled water bottle, containing warm, but not hot water, to play with. Be sure, however that you have the top screwed in securely.

ST. F. X. WINS MARITIME INTERCOLLEGIATE HOCKEY TITLE BY DEFEATING ACADIA 6-2: SAINTS HAVE RATHER AN EASY VICTORY

First Period Ends 2-1, Second 5-1—"Chook" McDonald Puts up Great Game for New Champions. in Title Battle.

TRURO, Feb. 29.—St. Francis Xavier won from Acadia here tonight 6-2 in the game for the Maritime Intercollegiate hockey championship. Acadia opened the scoring three minutes after the game started when Clarke, after spectacular stick handling, drove the rubber through the St. Francis Xavier defence. Four minutes later, Sullivan slipped the rubber past Wright, evening the score. This goal was followed four minutes later by another for St. F. X., made by "Chook" McDonald on a wing shot. Thirty seconds later McDonald repeated on a pass from centre.

At the opening of the second period the Wolfville defence men stuck closer to their net and during this session the forwards put up an improved game. St. F. X. hammered the Wolfville goal and in four minutes McKenna stick handled through and scored from the wing. Eight minutes later Sullivan tallied another for Antigonish by taking the rubber around the net and poking it past Wright. Acadia took many shots at the St. F. X. goal but failed to score. The territory was evenly divided. The final period opened with the figures standing 5-1. Six minutes after the final period opened, "Chook" McDonald scored from left wing. Play went into St. Francis territory and four minutes later McLathey netted the disc for the Wolfville boys. This was the final score although the Antigonish squad continued to hammer Wright hard.

Scores Twenty-Fifth Consecutive Knockout

NEW YORK, N. Y., Feb. 29.—Paul Berlinbach, New York middleweight sensation, scored his twenty fifth consecutive knock out last night, over young Fisher, Syracuse veteran, in the sixth round of a twelve round match. The bell saved Fisher from a knock team in the fifth round and he took the count of ten after 24 seconds of the sixth, a left upper cut sending him to the floor. Berlinbach weighed 165 and Fisher 158 1-2.

AMHERST SHUTS OUT STELLARTON 5-0 IN RAGGED EXHIBITION

Moncton and Amherst Now Tied for Second Place in League.

AMHERST, Feb. 29.—Amherst shut out Stellarton independents league leaders here tonight 5-0. It was a mediocre game with two fistic encounters, one between Cooke and MacCarroll, the other involving Nolan and Grimley. Stellarton gave the poorest exhibition witnessed in this town for many years. MacCarroll, Brooks and Kirby were the only three attempting to play hockey. The Amherst sextette worked well although forced to play through the final period with only six men, when Fraser retired with an injured hip.

Amherst and Moncton are now tied for second place in league standing with Stellarton out in front. Two protested games may alter the league positions of the teams. The protests will be decided by a meeting of the independent executive to be held in the morning.

WHEAT MARKET

WINNIPEG, Feb. 29.—The wheat market continued quiet and listless again today with very little feature. After opening fractionally higher on firmer Liverpool cables some buying came out which looked like export business worked over night in wheat stored across the lakes, the amount being estimated at 300,000 bushels, but when this demand was satisfied, prices fell away, the closing record in a loss of 3-4c for May, 7-8c for July and 5-8 for October.

baseball, should exercise undisputed authority over the sale of tickets by boxing clubs, big and little.

The Commission, for that matter, could be empowered to actually conduct the disposal of reserved seats and admission tickets. There are deputies and inspectors of sufficient number to keep such transactions under close surveillance. Then, if the speculators obtained blocks of the best seats, the Commission, not the promoter, would be held strictly to account. The life of boxing in the Empire State depends almost entirely on the activity and vigilance of the members of the Commission—Messrs. Brown, Farley and Muldoon. These officials are both honest and competent.

LAWYERS - MEDICOS HOCKEY MATCH WILL BE EVENT OF SEASON

Expected That Game as it will be Played will Set up New Hockey Standards

The final arrangements for the Law-Medico hockey match, which is being hailed as the greatest event in the "professional" athletic history of Eastern Canada, have been completed, and the game which, in the opinion of many, will establish new standards in the conduct of Canada's favorite winter sport, from a legal and medical view, will be played at the Arena Monday night.

Both sides to the forthcoming ice riot have given their parole to keep the peace until eight o'clock on that evening, after which the law of the survival of the fittest will prevail, "no holds barred." Two engagements will be fought, that is two games will be played. The senior members of the bar and the medical profession will meet in the first clash, following which the second-profession members of the respective professions will engage. The second game ought to be a hummer, for no doubt the younger members, will avail themselves of the opportunity advanced them of studying the wicked work of their elders. The proceeds of the double headed affair will go towards the furnishing of the new Nurses' Home, and it is hoped that a large attendance will be on hand, not only to hearten the opposing forces with their presence, but as a member of the Hospital Commission remarked to the Post this morning, "the object is a most worthy one, and is entitled to the whole hearted support of the public."

BABE RUTH, KING OF SWAT, IS AGAIN DOWN WITH 'FLU'

HOT SPRINGS, Ark., Feb. 29.—Babe Ruth, home run king, fell victim to influenza again today and was ordered by physicians to remain confined to his hotel room for several days.

His physician, stated this afternoon that unless complications set in, Ruth's condition could not be regarded as serious.

His present condition was described by Dr. Woolman as "very satisfactory."

Rhodesland Wants Firpo-Wills Fight

CUMBEDLAND, RI., Feb. 29.—Rhodesland promoters are behind the proposal to stage a world's championship bout between Jack Dempsey and Harry Wills in Cumberland on July fourth or July 12.

A license to hold the contest was voted yesterday by the Cumberland town council. The veterans of foreign wars of Rhode Island and John J. Griffin, assert that they have guaranteed sufficient financial backing. Griffin said today that he did not represent Tex Rickard, the New York promoter, as reported last night.

SUSSEX WILL MEET ABBIES FOR TITLE ON NEXT TUESDAY

New Glasgow or Kentville May Play Off With Winner for Maritime Title.

SUSSEX, N.B., Feb. 29.—Sussex, winners of the play-off between the Western and Northern Sections of the Maritime Amateur Hockey Association, will meet the Charlottetown Abegweits, winners of the play off between the Prince Edward Island and the Central Sections of the League, in the first of a two-game series for the championship of the league here on Tuesday night, next. On the following Friday Sussex will play the Abbies in Charlottetown, the total score in both games to decide the winner.

New Glasgow had won B section of the Antigonish-Pictou-Colchester league and Trenton has won the A section. Kentville has won the Valley section and Lunenburg the south shore section of the Western League, and Kentville has one win to her credit in the play off for the Western honors.

Winners in the Nova Scotia play-off will be entitled to meet the Sussex Abegweit victors for the Maritime title.

DARTMOUTH REMAIN IN RUNNING BY WIN OVER CRESCENTS 4-1

DARTMOUTH, N. S., Feb. 29.—Dartmouth remained in the running for the championship of the Halifax senior hockey league and the Morton and Thompson Trophy, by handing a 4-1 defeat to the Crescents tonight in the Marks Cross Arena in the presence of about one thousand spectators. The game turned out to be a disappointing contest poor shooting and slow skating spoiling the game. The Darts outplayed and outskated their opponents but threw away dozens of chances to score by terrible shooting. About one quarter of the shots directed at the Crescents' nets came any where near the goals but the remaining three quarters went wild by yards. The team left the ice at the conclusion of the first period with the score tied but the Darts tallied twice in the second frame and added another in the final session.

REICH SAILS FOR BUENOS AIRES TO MEET LUIS FIRPO

RIO JANEIRO, Feb. 29.—Al Reich, the United States heavy weight, is not going to Buenos Aires with any idea of being an easy victim of Luis Firpo's powerful right.

"This chance at Firpo means everything to me," said Reich, on board the steamer American Legion today, enroute to Buenos Aires where he has contracted to fight fifteen rounds with the Argentinian star at a charity boxing festival March 15.

"I saw Firpo fight twice, including his fight with Dempsey," added Reich, "I recognize his power and aggressiveness, but I do not believe Dempsey is the only one able to defeat him."

NEGRO BUYS APARTMENT

NEW YORK, Feb. 29.—James C. Thomas, a negro assistant United States Attorney, was unable to rent an apartment in a part of the city where he desired to live with his wife and infant son, so he purchased a \$200,000 seven storey modern apartment house, he announced today.

MONTREAL, Feb. 29.—Two armed Grace branch of the Montreal Light men entered the Notre Dame Des Heat and Power Company here today held up the manager and his lady assistant and escaped with \$720 in cash, after having locked the two people in a cellar.

Commission Should Control Ticket Sale

NEW YORK, Feb. 28.—Baseball fans paid nearly \$1,000,000 to see the last world series between the rival New York pennant winners at the Polo Grounds and the Yankee Stadium. A comparatively small number of tickets found their way into the hands of speculators. The sale of reserved seats was carried on by the business offices of the New York clubs, which were under the direct supervision of the Advisory Council, headed by Commissioner Kenehan Mountain Landis.

Charges by Thomas O'Rourke, veteran boxing promoter, that Tex Rickard, manager of Madison Square Garden, has sold tickets in collusion with one or more speculators probably will be investigated by the New York State Athletic Commission. Rickard vigorously denies O'Rourke's accusations, which specify the handling of certain tickets for the Dempsey-Firpo fight at the Polo Grounds last September, and says that he courts an official probing of his business methods.

According to Rickard he is prepared to show a complete record of all tickets sold from the ringside as far back as 1910 for the Polo Grounds affairs. He admits that some tickets were disposed of by speculators, but he states positively that he didn't profit thereby to the extent of one cent. Action by the so-called Boxing Commission, as a result of this rumpus, may clear the atmosphere and put a stop to the speaking evil.

If \$1,000,000 worth of world series tickets can be held in this city without reserve of any kind, why should reserved seats for big boxing contests be pursued by the public without the obligations of sharp practice, whether founded or not? The State Athletic Commission, like the Advisory Council of organized

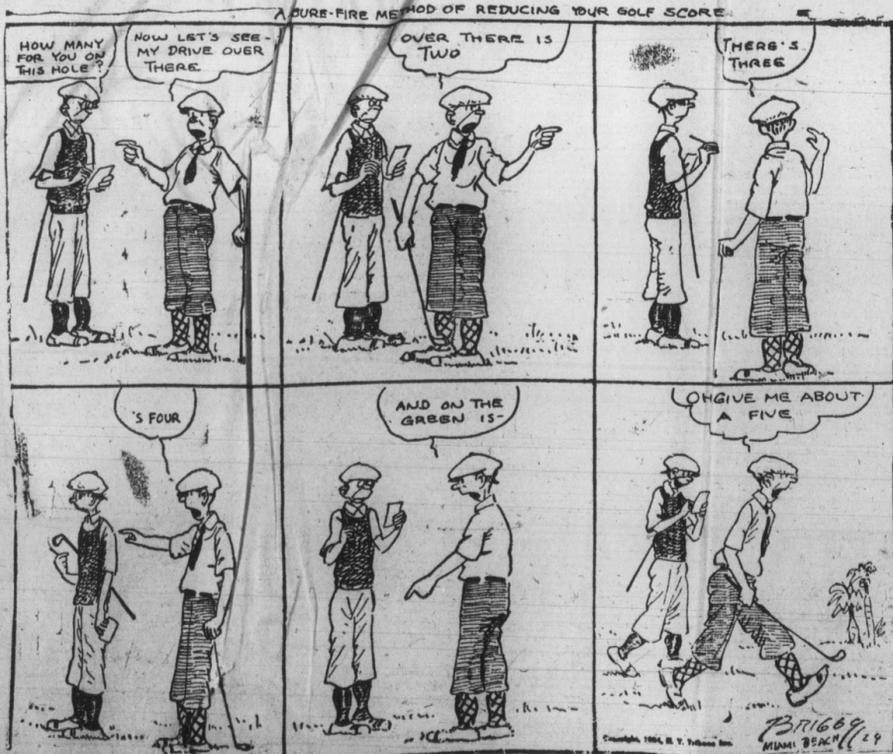

baseball, should exercise undisputed authority over the sale of tickets by boxing clubs, big and little.

The Commission, for that matter, could be empowered to actually conduct the disposal of reserved seats and admission tickets. There are deputies and inspectors of sufficient number to keep such transactions under close surveillance. Then, if the speculators obtained blocks of the best seats, the Commission, not the promoter, would be held strictly to account. The life of boxing in the Empire State depends almost entirely on the activity and vigilance of the members of the Commission—Messrs. Brown, Farley and Muldoon. These officials are both honest and competent.

CITY HOS PITAL

(Continued from Page One)

The erection of the home was first mooted in 1922, but the citizens turned the proposition down. The matter was placed before them again in 1922, and on that occasion they voted in favor of it. The construction was commenced early in the summer of 1923, and was completed a few days ago. The furnishings will be installed within a few days, and in a very short time the start will be able to enjoy the new quarters. The building has accommodation for 40 nurses and student nurses, but the room will not be required at present, but the city has provided for the future.

THE LATEST FINANCIAL AND COMMERCIAL NEWS

Market Maintained Fairly Firm Tone

NEW YORK, Feb. 29.—The market has maintained a fairly firm tone throughout the afternoon while the railroad shares the best of the list. Industrials in most cases have not held their rallies. Weakness cropped out during the day in Westinghouse. The railroad shares appear to have been leading the market in the last two or three sessions and definitely turned the market yesterday. Tomorrow's railroad car loadings will show all records broken for the second week in February. This means nothing less than wide and active distribution of commodities.

Canada's Trade With America is on Increase

WASHINGTON, Feb. 29.—Canada sold more goods to Uncle Sam during January of this year than the old country did. Figures for the month, published by the department of commerce today, showed that imports from the Dominion amounted to \$31,948,493, while imports from the United Kingdom were \$30,834,514. These figures compare with imports for January, 1923, of \$30,597,122 from Canada and \$33,379,401 from the United Kingdom.

United States exports to Canada during January of this year were approximately eight million dollars under those of the previous year. The figures were \$40,749,610 for January, 1924 against \$48,832,010 for January, 1923. Exports to the United Kingdom were \$34,862,719 for January, 1924 against \$33,588,821.

The department's statement shows a total foreign trade balance for January of \$101,381,556 favorable to the United States.

(Private Wire to Johnston & Ward) NEW YORK, Feb. 28.—Railroad shares particularly Norfolk and Western, turned the market upward this afternoon and closing prices were the highest of the day from one to two points above the morning's low. The story on Norfolk and Western is that it will be leased to the Pennsylvania on a guaranteed 8 per cent basis and that a 20 per cent dividend will be paid in cash out of the surplus. This story has not been confirmed. The non-dividend paying railroad shares were very active in the late trading and not much stock was found for sale. Studebaker report at noon tomorrow.

New York Letter

NEW YORK, Feb. 29.—After an early show of strength and activity in practically all sections of the list, stock market and there was a perceptible lessening in the volume of trading in the afternoon. Overnight buying orders gave the market an upward slant at the outset and influenced numerous professional bears to cover, but the activity subsided toward noon and considerable short selling appeared particularly in the North Western Railroad issues.

Reports of a favorable nature regarding Norfolk and Western pushed that stock up sharply but it reacted on profit-taking closing well below the previous day's final price. Southern Railway advanced to a new high record price of 50 1/2 and moderate strength was displayed by Chesapeake and Ohio, New York Central and other dividend paying roads.

Total stock sales 872,000 shares.

Montreal Letter

MONTREAL, Feb. 29.—Trading in listed shares on the local stock market today was less active than usual and was marked by a rather softer tone, of the fifty five issues that came out, ten gained ground, sixteen suffered losses, twelve were unchanged, and seventeen came out in odd lots only.

Spanish Common led in activity and closed at 108 1/2 for a net gain of a point.

Canadian Industrial Alcohol was second and was unchanged at 28. Abitibi came third and gained 1/4 at the close of 66 1/2.

Howard Smith was the strong feature of the trading recording a net gain of three points at the close of 70. Illinois tractions was the weak feature with a net decline of five points to 77.

Total sales, listed 8,112, Crown Reserve 300; bonds \$67,000.

UPWARD TENDENCY OF AUTOMOBILE PRICES ON THE OPEN MODELS

BOSTON—Not since 1920, when Henry Ford started the automobile world by cutting prices to the bone in a successful effort to stimulate business, has the price question assumed such proportions in minds of automobile manufacturers. It is generally admitted that prices are tending decidedly upward, and many makers are expected to follow the lead of those who have already announced increases. But there seems to be no inclination to raise prices except for the sole purpose of conserving reasonable profits, particularly on open models.

Low Prices Brought Sales

In spring of 1923, with record business in eight and factory operations close to capacity, there was a distinct tendency to again start prices upward, not without justification. Materials were advancing sharply, and manufacturers were scrambling for supplies and labor, bidding up prices against one another and increasing their own costs. The wiser heads in the industry counselled conservatism, and no important price advantages took place. Again the outcome of low prices was reflected in large sales during latter half of 1923.

But Now Rising Manufacturing Costs, Reflected to Some Extent in the Sharp Drop in Earnings in the Last Six Months

Important price changes unannounced the past few weeks show a tendency to restrict the advance in open models for which the selling season is commencing. This is true of Dodge, a leader in the four-cylinder class, and Studebaker in the six-cylinder class, both of which advanced prices only on open models. Studebaker several weeks ago reduced prices on several closed models. The trade looks for further advances, to be restricted to the open car class except in a few cases, it being pointed out that demand for this type has not been as large as expected when former prices were made. Margins of profit on open models, because of inability to meet necessary production schedules have declined almost to the vanishing point. On the other hand, the strong demand for closed models has brought down costs and prices in this group. There has been a narrowing margin between selling prices of closed and open models which some prominent executives freely predict may disappear entirely if the public continues to show such pronounced preference for the closed type.

That Hang-on Cough Must Go

Home Made Cough Mixture Best of all for the Cough That Sticks

Make It Yourself In Two Minutes

The coughing season is on and every home should have a supply of the best cough remedy to be had and as you can make this supremely excellent cough mixture yourself, why pay high prices for the common kind?

Get from any druggist one ounce of Parmit (double strength)—to this add a little granulated sugar and enough water to make one half pint—that's all there is to it.

Then when any member of the family starts coughing or catches cold in chest or head, or has acute catarrh, you are prepared as you should be. The children love to take it.

With speed almost beyond belief this home-made cough mixture stops the toughest hang on cough, and still because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing, healing poultice, and blessed relief comes at once.

And you should also bear in mind that any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and ear-trial deafness.

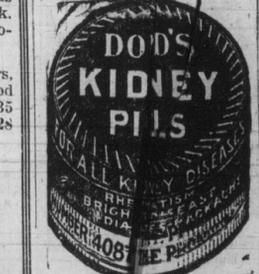

Get Parmit and get better.

Fire Rages In Deeps Of An American Coal Pit

HAYNES, N.D., Feb. 29.—State officials are directing forces fighting a fire of mysterious origin raging in the mine of the Yanes Coal Mining Company here. Attempts are being made to keep the blaze from spreading to adjoining lignite coal mines owned by the states of North Dakota and South Dakota. Huge clouds of smoke and gas from Haynes mine make the work of fighting difficult.

The two states have been asked to advance \$50,000 each to assist in fighting the flames, and the Haynes and Yanes have agreed to put up a \$25,000 fund.

Mother Carried Infant Son To Safety, But Curtain Of Fire Prevented Her Return To Save Her Other Three Children—Exploding Lamp Cause Of Disaster.

(By Canadian Press)

ST. JOHN, N. B., Feb. 28.—Fire exacted a terrible toll last night at the little farmhouse of Adelard Savoie at Maltempeque, a village eight miles from Caraquet, Gloucester County. Four children and a maid lost their lives when flames broke out in the little home. It was said the dead children were all boys. The name of the maid is Aosalie Godin, of Waugh, N. B. She was 23 years old. Mrs. Savoie and her infant son four months old were saved.

The father was spending the evening at the home of a neighbor. Looking out of the window about ten o'clock he noticed the sky was red in the direction of his home. He and two other men hastened to the Savoie farm. On their arrival they found the house and barn in flames.

Every effort possible was made to save the children and the maid. These proved futile. At midnight the remains, burned and scarred, were found in the ruins of the home.

According to meagre details available, the fire started in the room of the eldest boy, who slept on the second floor. The flames, it was said, spread rapidly and it was impossible for the children and the maid who slept in rooms on the upper floor to escape. The mother who was sleeping in a room on the second floor was awakened by the flames of the burning wood. Hastily she grabbed her infant and rushed to the barn. Placing the baby in what she thought was a safe place, she ran back to the house to try to rescue the other children. She heard their cries for help, but was unable to break through the flames to rescue them.

On the arrival of the father and neighbors another attempt was made to rescue the trapped inmates. Other neighbors hurried to the scene, but the ruins were smouldering before the bodies of the five victims were recovered.

It is not known now what caused the fire. It is supposed, however, that one of the boys was reading and in some way the lamp was upset or exploded.

Mrs. Savoie was taken to the home of a neighbor where she is being nursed for. The parents are nearly crazed with grief. The boys, it is said, ranged in ages from four to twelve years.

THE NEW STAR CAR.

Star Car Models for 1924, ready for delivery now, are the outstanding achievement of the motor car industry this year. The New Star Car is as great an advance in the progress of motor transportation as the original Star Car introduced last year. W. C. Durant, master builder of motor cars, has expressed his great purpose to improve the service of the automotive industry to the public, to advance the ideals of motor car design, construction, appointments and satisfaction in every price class in which he enters a product.

You find in the new Star Car, therefore, not merely a variation of the original Star Car which was the lowest priced standard automobile in the world. You find in the new Star Car a new creation which makes for itself a new place in the

progress of motor transportation, immediate impression. This is due not to any one feature but to the mastery combination of design and quality of finish. Its lines are as modern and fine in their proportions as any car whatever, regardless of price.

Here is a car which costs little more to purchase and no more to operate than the cheapest car on the market, which gives far more than other cars of equal price, which offers you as much as cars which cost far more. Here is a new Durant product establishing a new precedent in value for your money, typically Durant in its advanced chassis and body features. It reveals the masters touch, seen only in motor cars built by Durant.

The New Star Car affords the choice of six models. There are the touring car and sedan, both five passenger; the roadster and coupe,

100,000 PEOPLE PRAISE TANLAC FOR ITS MERIT

World's Greatest Tonic Is Endorsed By People Grateful For The Relief It Has Given Them.

Actuated by a deep sense of gratitude and desire to help their suffering neighbors, more than 100,000 well known men and women have offered their personal experiences as proof of the wonderful health giving powers of TANLAC, the World's Greatest Tonic.

Throughout each and everyone of this long list of testimonials rings the spirit of earnest sincerity which characterizes the following excerpts:

Mrs. D. J. Pritchard, Cleveland, Ohio: "People wanting to know what TANLAC will do may communicate with me. It increased my weight 32 lbs. and brought me the very help I longed for."

J. H. Taylor—Memphis, Tenn.: "To me TANLAC was just like a good friend—gave me help when I needed help most."

Mrs. Mary Schumaker, Racine, Wis.: "Every year at the change of seasons a course of TANLAC makes me eat with a relish, restores my strength and leaves me in splendid health."

Judge George P. Wagner, Police Magistrate, Belleville, Ill.: "That I am enjoying such fine health now I can attribute only to the help I received from TANLAC."

Mrs. C. K. Sellers, Springfield, Mo.: "Since taking TANLAC I enjoy the blessing of perfect health and have the complexion of a school girl."

V. E. Ferry, age 73, Seattle, Wash.: "TANLAC built my weight up 21 lbs., rid me of fifteen years stomach trouble and left me feeling many years younger."

TANLAC IS FOR SALE BY ALL GOOD DRUGGISTS. ACCEPT NO SUBSTITUTE. OVER 40 MILLION BOTTLES SOLD.

both two passenger. Then there are the special touring car and sedan, finished in attractive colors. All of these models are mounted on the improved Star Car chassis with its Durant Tubular Backbone, famous motor and other mechanical features of advanced design and accessibility.

The new Star Car has all the advantages of the old. There is ample proof of performance ability. Although introduced only last year, the original Star Car has demonstrated its merits in the service of 120,000 owners. And the new Star Car has greater claim to popularity than the old.

who departed from her beloved Toronto.

Nevertheless, and before his walk was finished and he had returned home to dress for dinner with her, the day was on the plane and he on another, visioning himself alone with her in the Austrian agapemone. And cursing the interminable weeks between. He anathematized himself for consenting to the delay, and vowed she'd had her own way for the last time. He foresaw many not agreeable tussles of will. She was far too accustomed to having her own way. Well, so was he.

For two weeks he left his rooms only to walk, or dine or spend an hour with her in the afternoon when she was alone. He rebelled less than he had expected. If he could not have her wholly, the less he saw her the better.

Dinners, luncheons, theatre parties, receptions, were being given for her not only by her old friends—who seemed to her to grow more

numerous daily—but by their daughters and by many others who made up for lack of tradition by that admirable sense of rightness which makes fashionable society in America such a waste of efficiency and force. And whether the younger women privately had fallen victims to that famous charm was of little public consequence. It was if she had appeared in their midst, waved a sceptre and announced: "I am the fashion. Always have I been the fashion. That is my meter. Bow down."
