CHARLES KNIGHT'S  
Popular History of England.

THE ONLY COMPLETE STANDARD HISTORY OF ENGLAND.

Eight volumes, 12mo, Cloth extra, black and gold, . . . \$10.00  
" " " Cloth extra, gilt top, laid paper, . . . 12.00*Each set put up in a neat paper box.*

This edition has been prepared at large expense expressly to meet the demand for a really good and cheap edition of this standard work. The type is new, clear and readable, the paper of a good quality, the size the now popular 12mo, and the binding neat and durable. The price has been made very low to ensure a large sale, and will commend the work to all those desirous of possessing the best History of England extant.

Attention is directed to the following opinions of the work, particularly to that of President Porter, of Yale College.

"The best History of England for the general reader is Knight's *Popular History*. For a single history which may serve for constant use and reference in the library, or for frequent reading, it is to be preferred to every other."—*Noah Porter*, D.D., J.L.D.

"We very cordially recommend these volumes to the readers whom they seek. We know of no History of England so free from prejudice; so thoroughly honest and impartial; so stored with facts and fancies; and therefore none so well adapted for school or college as this."—*London Athenæum*.

"Its literary merits are of a very high order; indeed, nothing has ever appeared superior, if anything has been published equal, to the account of

the state of commerce, government, and society at different periods."—*Lord Brougham*.

"Mr. Knight's book well deserves its name; it will be emphatically popular, and it will gain its popularity by genuine merit. It is as good a book of the kind as ever was written."—*Westminster Review*.

"The best history extant, not only for, but also of the people."—*All the Year Round*.

"A standard book on the shelves of all libraries."—*London Spectator*.

"The last and greatest literary work of his life. This history will remain, for many a long day, a standard work."—*London Times*.

"This work is the very best History of England that we possess."—*London Standard*.

JUST PUBLISHED:

# CHARLES KNIGHT'S Popular History of England.

*THE ONLY COMPLETE STANDARD HISTORY OF ENGLAND.*

Eight volumes, 12mo, Cloth extra, black and gold,	\$10.00
“ “ “ Cloth extra, gilt top, laid paper,	12.00

*Each set put up in a neat paper box.*

This edition has been prepared at large expense expressly to meet the demand for a really good and cheap edition of this standard work. The type is new, clear and readable, the paper of a good quality, the size the now popular 12mo, and the binding neat and durable. The price has been made very low to ensure a large sale, and will commend the work to all those desirous of possessing the best History of England extant.

Attention is directed to the following opinions of the work, particularly to that of President Porter, of Yale College.

“The best History of England for the general reader is Knight's *Popular History*. For a single history which may serve for constant use and reference in the library, or for frequent reading, it is to be preferred to every other.”—*Noah Porter, D.D., LL.D.*

“We very cordially recommend these volumes to the readers whom they seek. We know of no History of England so free from prejudice; so thoroughly honest and impartial; so stored with facts and fancies; and therefore none so well adapted for school or college as this.”—*London Athenæum*.

“Its literary merits are of a very high order; indeed, nothing has ever appeared superior, if anything has been published equal, to the account of

the state of commerce, government, and society at different periods.”—*Lord Brougham*.

“Mr. Knight's book well deserves its name; it will be emphatically popular, and it will gain its popularity by genuine merit. It is as good a book of the kind as ever was written.”—*Westminster Review*.

“The best history extant, not only for, but also of the people.”—*All the Year Round*.

“A standard book on the shelves of all libraries.”—*London Spectator*.

“The last and greatest literary work of his life. This history will remain, for many a long day, a standard work.”—*London Times*.

“This work is the very best History of England that we possess.”—*London Standard*.

**LACHINE,**

(Incorporated in 1872.)

A town on the River St Lawrence and Island  
of Montreal, parish of St Michel, seigniory  
of Montreal Island, county of Jacques Car-  
tier, district of Montreal. It is the sum-  
mer residence of many Montrealers, and  
has become famous by its annual regattas.  
In the winter months it is greatly  
frequented by pleasure parties, and at  
all times of the year a drive from Mont-  
real to Lachine by the Upper, and in by  
the Lower road, is considered a rich treat  
to the stranger, and even to the citizen  
of Montreal. Lachine possesses a large  
brewery; has a good local business and  
extensive lumber trade. The Montreal,  
Lachine and Province Line railway here  
connects with a steam ferry, at all seasons  
of the year, for Caughnawaga, an Indian  
village immediately opposite, and thence  
by the continuation of the same road to  
New York. A ship canal connects the  
navigable waters at Montreal with Lake  
St Louis at Lachine. Montreal Telegraph  
Co. has an office here. Distant from Mon-  
treal 9 miles, fare 37½c., 25c., and 12½c.  
Mail twice a-day. Population about 2,000.

The course of studies, in which religious instruction holds the first rank, is divided into two sections—the classical and the commercial.

The classical course, principally taught in French, is designed to impart a thorough knowledge of the Greek, Latin, French and English languages and literature, pure and mixed mathematics, history and geography, philosophy and natural sciences, and whatever is necessary as a preparation for a professional career.

It comprises eight classes—Latin Elements, Syntax, Method, Versification, Belle-lettres, Rhetoric, 1st and 2nd year of Philosophy.

The commercial course, principally taught in English, embraces the English and French languages and literature, mathematics and the other branches named above, moreover book-keeping, and whatever else may fit a young man for commercial and industrial pursuits.

It comprises four classes: Grammar, Literature, Rhetoric and Philosophy.

There are, moreover, elementary and preparatory classes for younger students.

The system of education is paternal. The teachers endeavour to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity.

To be admitted into the college, applicants must present a certificate of good character.

Monthly reports of behaviour, application and progress are sent to parents or guardians.

None but relatives, or those who represent them, are allowed to visit the boarders.
