The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The Safes I manufacture, justly considered at present as the best ever offered to the public, combine all the qualities required as to strength and safety. In order to avoid moisture in the interior of the Safe, and offer the greatest possible resistance in case of fire, an air space has been secured between the Iron sheets which form the envelope or frame of the Safe.

The hinges are not of Cast, but Wrought Iron, resting on a solid base of Steel with aperture, in order to remove the doors in case they should in time require any repairs. This improvement gives an undoubted superiority over all other Safes.

These Safes are all they are represented to be, and a visit to my Factory will convince every thinking man of the truth of what I affirm.

JUST PUBLISHED:

# CHARLES KNIGHT'S Popular History of England.

*THE ONLY COMPLETE STANDARD HISTORY OF ENGLAND.*

Eight volumes, 12mo, Cloth extra, black and gold,	\$10.00
“ “ “ Cloth extra, gilt top, laid paper,	12.00

*Each set put up in a neat paper box.*

This edition has been prepared at large expense expressly to meet the demand for a really good and cheap edition of this standard work. The type is new, clear and readable, the paper of a good quality, the size the now popular 12mo, and the binding neat and durable. The price has been made very low to ensure a large sale, and will commend the work to all those desirous of possessing the best History of England extant.

Attention is directed to the following opinions of the work, particularly to that of President Porter, of Yale College.

“The best History of England for the general reader is Knight's *Popular History*. For a single history which may serve for constant use and reference in the library, or for frequent reading, it is to be preferred to every other.”—*Noah Porter, D.D., LL.D.*

“We very cordially recommend these volumes to the readers whom they seek. We know of no History of England so free from prejudice; so thoroughly honest and impartial; so stored with facts and fancies; and therefore none so well adapted for school or college as this.”—*London Athenaeum*.

“Its literary merits are of a very high order; indeed, nothing has ever appeared superior, if anything has been published equal, to the account of

the state of commerce, government, and society at different periods.”—*Lord Brougham*.

“Mr. Knight's book well deserves its name; it will be emphatically popular, and it will gain its popularity by genuine merit. It is as good a book of the kind as ever was written.”—*Westminster Review*.

“The best history extant, not only for, but also of the people.”—*All the Year Round*.

“A standard book on the shelves of all libraries.”—*London Spectator*.

“The last and greatest literary work of his life. This history will remain, for many a long day, a standard work.”—*London Times*.

“This work is the very best History of England that we possess.”—*London Standard*.

## PREFACE.

---

THE PUBLISHERS have much pleasure in submitting herewith the MONTREAL DIRECTORY for 1878-79, and trust it will meet the approval of subscribers and advertisers. The difficulty of securing thoroughly reliable agents necessitates, in a large number of cases, the revision of their work. To some this repetition may have proved somewhat annoying, but by no other means could correctness be secured.

The Classification is, in the present issue, confined to Advertisers. A separate publication, entitled:

### LOVELL'S CLASSIFIED BUSINESS DIRECTORY

will contain a classification, under their respective profession, business or trade, of persons doing business in this city.

The Publishers have to thank subscribers and advertisers for their continued generous support, and beg also to acknowledge the courtesy of those to whom they are indebted for the large volume of Miscellaneous information contained in the Directory.

## MRS. LOVELL'S YOUNG LADIES' CLASS

*Will Re-open on 5th September next.*

THE plan adopted by MRS. LOVELL is that so successfully pursued by the late MISS LYMAN in this city, (previous to her appointment as Lady Principal of Vassar College), and aims to unite the advantages of sound literary training with the pleasures and safeguards of home. Only those are admitted who have already been thoroughly grounded in the elementary branches. The Class is limited to such number as will permit of personal supervision to each member.

MRS. LOVELL'S scheme of education is based upon the principle that the office of instructor is not simply to teach the pupil what to remember, but how to think; not so much to make the scholar, as to show her how to make herself. To this end her special aim is the development of the powers of acquiring and reasoning, and stimulating the desire to use them.

Critical discussions on literature, art, and current events, form an important feature of the course, serving to secure from the pupils intelligent and practical interest in their studies, and at the same time cultivating fluency in expression and the habit of correct speech.

The regular course of study embraces History, English Literature, Composition, Rhetoric, Mathematics, reading aloud from the British Classics and other standard works, and Vocal Music, (Singing at Sight). Extra course includes the French and German languages, and Instrumental Music.

An evening of each week is devoted to French Conversation exclusively, on a subject previously selected, and under the direction of the Master. The Class generally is expected to take part in the conversation.

Music receives special attention, supplemented by weekly rehearsals, at which the pupils are called upon to perform. These rehearsals secure the double object of arousing a spirit of emulation in the Class, and overcoming the nervousness to which many are subject when called upon to perform outside their immediate family circle.

While sectarianism is studiously avoided—the Bible is made the standard and guide, and every effort is made to impress upon the pupils a full sense of their duties and responsibilities as Christian women.

MRS. LOVELL'S aim will be to supply to her pupils, as far as possible, the gentle restraints and influences of home.

A few young ladies will be received as boarders.

There will be four Sessions:—

1st. From September 5 to November 10. | 3rd. From February 2 to April 11.

2nd. " November 11 to February 1. | 4th. " April 12 to June 15.

Hours of Attendance from 9 a. m. to 1 p. m. The Class will re-open on Thursday, Sept. 5.

For terms, apply to

MONTREAL, 25th June, 1878.

## MRS. LOVELL'S YOUNG LADIES' CLASS

*Will Re-open on 5th September next.*

THE plan adopted by MRS. LOVELL is that so successfully pursued by the late Miss LYMAN in this city, (previous to her appointment as Lady Principal of Vassar College), and aims to unite the advantages of sound literary training with the pleasures and safeguards of home. Only those are admitted who have already been thoroughly grounded in the elementary branches. The Class is limited to such number as will permit of personal supervision to each member.

MRS. LOVELL'S scheme of education is based upon the principle that the office of instructor is not simply to teach the pupil what to remember, but how to think; not so much to make the scholar, as to show her how to make herself. To this end her special aim is the development of the power of acquiring and reasoning, and stimulating the desire to use them.

Critical discussions on literature, art, and current events, form an important feature of the course, serving to secure from the pupils intelligent and practical interest, in their studies, and at the same time cultivating fluency in expression and the habit of correct speech.

The regular course of study embraces History, English Literature, Composition, Rhetoric, Mathematics, reading aloud from the British Classics and other standard works, and Vocal Music, (Singing at Sight). Extra course includes the French and German languages, and Instrumental Music.

An evening of each week is devoted to French Conversation exclusively on a subject previously selected, and under the direction of the Master. The Class generally is expected to take part in the conversation.

Music receives special attention, supplemented by weekly rehearsals, at which the pupils are called upon to perform. These rehearsals secure the double object of arousing a spirit of emulation in the Class, and overcoming the nervousness to which many are subject when called upon to perform outside their immediate family circle.

While sectarianism is studiously avoided—the Bible is made the standard and guide, and every effort is made to impress upon the pupils a full sense of their duties and responsibilities as Christian women.

MRS. LOVELL'S aim will be to supply to her pupils, as far as possible, the gentle restraints and influences of home.

A few young ladies will be received as boarders.

There will be four Sessions:—

1st. From September 5 to November 10.	3rd. From February 2 to April 11.
2nd. " November 11 to February 1.	4th. " April 12 to June 15.

Hours of Attendance from 9 a. m. to 1 p. m. The Class will re-open on Thursday, Sept. 5.  
For terms, apply to

MONTREAL, 25th June, 1878. MRS. J. LOVELL,  
1283 St. Catherine st., facing Phillips sq.

# CHARLES KNIGHT'S Popular History of England.

THE ONLY COMPLETE STANDARD HISTORY OF ENGLAND.

Eight volumes, 12mo, Cloth extra, black and gold, . . . \$10.00  
 " " " Cloth extra, gilt top, laid paper, . . . 12.00

*Each set put up in a neat paper box.*

This edition has been prepared at large expense expressly to meet the demand for a really good and cheap edition of this standard work. The type is new, clear and readable, the paper of a good quality, the size the now popular 12mo, and the binding neat and durable. The price has been made very low to ensure a large sale, and will commend the work to all those desirous of possessing the best History of England extant.

Attention is directed to the following opinions of the work, particularly to that of President Porter, of Yale College.

"The best History of England for the general reader is Knight's *Popular History*. For a single history which may serve for constant use and reference in the library, or for frequent reading, it is to be preferred to every other."—*Noah Porter*, D.D., LL.D.

"We very cordially recommend these volumes to the readers whom they seek. We know of no History of England so free from prejudice; so thoroughly honest and impartial; so stored with facts and fancies; and therefore none so well adapted for school or college as this."—*London Athenaeum*.

"Its literary merits are of a very high order; indeed, nothing has ever appeared superior, if anything has been published equal, to the account of

the state of commerce, government, and society at different periods."—*Lord Brougham*.

"Mr. Knight's book well deserves its name; it will be emphatically popular, and it will gain its popularity by genuine merit. It is as good a book of the kind as ever was written."—*Westminster Review*.

"The best history extant, not only for, but also of the people."—*All the Year Round*.

"A standard book on the shelves of all libraries."—*London Spectator*.

"The last and greatest literary work of his life. This history will remain, for many a long day, a standard work."—*London Times*.

"This work is the very best History of England that we possess."—*London Standard*.
