### Montreal Stock Market.

EVERY KIND OF STOCK REPRESENTED—PRICES NOT BETTER.

Montreal, July 11.

Every class of stock was represented to-day on 'Change. Railways by Canadian Pacific and Toronto, Mining by War Eagle and Republic, Industrial by Royal Electric, Merchants Cotton, Montreal Telegraph, Bell Telephone, and Bank by Bank of Montreal, Merchants Bank and Bank of Commerce.

Prices of Rails followed rather the leading of lower London quotations than that of the immense increase of earnings recorded elsewhere in the "Exchange News." Mines advanced fractionally. Industrials were about the same mark, and for two of the Banks shares higher prices were secured, Bank of Commerce being a little below last quotation.

Can. Pacific—600 shares at prices from 97½ to 97¼, that is nearly one lower than yesterday. Final demand 97½, final offer 97¼. All this follows as a natural consequence from lower London quotations for this stock, but it is not on that account any more encouraging.

Toronto Railway—Very many shares, fewer than yesterday, were transferred and two of these sold at one lower than yesterday's price. Sellers and buyers differed only by ¼, the former wishing 116, the latter offering at 115½.

War Eagle—This security has vitality, 9000 shares selling to-day for prices 1 and 1½ over yesterday's. 368 wanted, 367 offered.

Republic—To-day's listed prices were neither so high by 1 as yesterday's, nor so low, being 1½ better than they were. Not nearly so many shares were handled, but like the preceding mining property, it keeps

up and even advances in market value. 1100 were sold, 600 at 124 and 500 at 123, wanted 123, offered 121½.

Royal Electric—This stock, conspicuous for some time by its absence from the Exchange, re-appeared to-day, 175 were sold at from 181 to 182. Sellers wanted 181½, while buyers offered 180½.

Merchants Cotton and Bell Telephone sold the one 50 shares at 147, the other 6 shares at 182½, and Montreal Telegraph 28 shares at 172, the same price as yesterday.

Bank of Montreal—Of this stock, 2 shares were sold at ½ better than yesterday. No stock was for sale at 253 the final offer.

Merchants Bank—The closing price to-day was 1 higher than previous close, and 25 shares of this stock brought 172 only 1 going a 171. 170 was offered but there were no sellers.

Bank of Commerce—Lower than last transaction by ¼. 15 shares were sold to-day at 149½, this price being offered at the close while 152 was wanted.

## DEWAR'S SPECIAL LIQUEUR

IS UNDOUBTEDLY THE GENTLEMAN'S WHISKY.

**MONTREAL MINING EXCHANGE.**

Though slow the session of the Exchange was not devoid of interest.

It was decided to adjourn the Board this afternoon. To-morrow a vote will be taken to suspend afternoon sessions till Sept. 1st.

Noble Five was sold at 22½, the next offer of 19 was accepted for 750 shares, 500 of which was placed the next moment at 20. It closed at 18 to 23.

California was for sale and brought 12½. There will be frequent fluctuations in this stock. It has many friends and there are also holders who have bought at lower prices than now current, who are tempted by their profits to sell.

Big Three is for sale at 15, 14 was sparingly bid. It should not be a bad purchase.

Knob Hill sold at 95. This looks high for a stock which has never paid a dividend but its future is so bright few sellers are in the market.

Brandon Golden Crown sold at 26.

In Golden Star 5000 shares sold at 39. Large blocks were offered at 40 with 39 bid. Opinions on this property vary, some contending it is good whilst others maintain the property is "played out." Nothing definite will be known regarding the property till the result of present enquiries is given.

# NEW YORK EXCHANGE.

**MANHATTAN SOARS A LITTLE,  
BUT REACTION HAS NOT YET  
COME.**

New York, July 11.

The situation in the Transvaal has given us a reason for lower prices in London market this a.m. Americans have joined in the decline and are all fractionally below our close. The maximum decline of  $\frac{1}{2}$  is scored by N.Y. Central while other active issues are  $\frac{1}{4}$  to  $\frac{1}{2}$  below close.

Consols, both money and account, show a decline of 7-16. London selling in our market yesterday was very noticeable and they are said to have sold on balance of from 35,000 to 40,000 shares. This selling reflects the apprehension felt in London in regard to the Transvaal situation. Yesterday was the first day that London has been a seller of stocks to any amount for some weeks. Their sales were the largest in Atch. Pfd, L.N. and Un. Pacific.

Aside from the condition which prevailed in yesterday's London market, there was little or nothing in the situation of a bearish nature. The money market was somewhat closer than at the close of last week, and it seems quite likely that this condition will prevail for at least several days.

Traders saw little profit in carrying stocks on a 6 and 7 p. c. basis, and consequently threw over their stocks. In a good many quarters local stock was thrown on the market by the execution of stop orders, and there was also quite a little short selling.

A good deal of yesterday's selling was attributed to a prominent local operator who is said to be very bearish, and whose brokers are borrowing a good deal of stock.

The extra dividend of  $\frac{1}{2}$  in L. & N. was not unexpected. The road for last year made an excellent showing of something like 5 p.c. earned on the stock. Of the other railroads reporting, St. Paul for 1st week of July shows an increase of \$103,822. One of the directors of the Road is quoted as saying, however, that so far as he knows, the Board is not in favor of any increase in the dividend rate in September.

There were numerous rumors yesterday that the probability of strikes on the Brooklyn Rapid Transit and Metropolitan Systems were much greater than generally supposed and these rumors were used to depress the prices on these stocks.

It would appear, however, that they were of a stock-jobbing nature, for the employees of the two roads in question, state that they have no desire to cause a tie-up, and that the professional agitators will not be able to cause any considerable dissensions. It seems likely that for several days at least, the money market will be the all-absorbing topic, and that prices of the stocks will be more or less influenced by its fluctuations.

New York, Noon, July 11.

There were various influences at work this morning which produced a better feeling in market. The threatened strike on local transportation lines seems to have petered out, and there is a suspicion that the strike is the result of the imagination of those who have been bearing the properties. The St. Paul earnings made a phenomenal showing.

Reliable information has reached the Street to the effect that large sums of money have been received from the interior by the local banks, that the condition of the banks is very much better than on last Saturday, and that consequently all danger of stringency in the money market has practically been removed. Further the Government crop report was, on the whole, considered satisfactory. It is true that as yet the spring wheat crops are not out of danger, but with ordinary weather the yield will be a large one. London prices although below our parity at 9.30 a.m. came somewhat higher toward 10 o'clock.

The uneasiness over the Transvaal situation has had little or no effect on Americans. That the situation is serious, however, is shown by the fall 1-16 in the price of the market although over the closing prices. Market was more noticeable for dullness than anything else. There was some selling around the noon by a Brokerage House with very good connections, but the stocks were all absorbed by the shorts who are undoubtedly somewhat nervous because of the better aspect in the money market. Manhattan after being dull, became conspicuously strong on scattered buying a large portion of which was attributed to Mr. Connor. There was no disposition to renew the attack on P. O., although Chicago despatches continue to predict a gas war as soon as the Ogden Gas Co. have obtained the necessary money for the proposed extension. At the declaration of the C. & N. dividend was about what was expected, it has little or no effect on speculation.

Generally speaking, the market has a good undertone and the short interest is fairly large, but for the moment outside speculation is dull, the public being loath to go into the market till the future of money rates is better assured.

### MINING NEWS.

(Special to Exchange News.)

Vancouver, July 10, '99.

Steamer Rosalie came in from the North this morning with Klondikers who had between \$80,000 and \$100,000, all of which they took to Seattle.

Steamer Garonne is hourly expected to arrive from St. Michael's. Garonne was the first of the big boats to leave this season, and owners confidently expect she will be first to arrive with gold that went down Yukon on river steamers, Robert Kerr, Pilgrim, W. H. Evans, Lottie Talbot, Milwaukee and Sybil. It is said that passengers of Robert Kerr alone took down \$6,000,000.

Speculation is being aroused as to which of big steamers now on way down will be first to reach telegraphic communication. Roanoke, belonging to the North American Transportation & Trading Co., is Garonne's most dangerous rival. She left Seattle for the North two days after the bigger steamer, but is faster. Should the Roanoke win, Seattle will be the first point visited by a gold-laden steamer from the mouth of the Yukon. If Garonne out-foots her rival, then the first reliable news of Cape Nome and Golovin Bay will be given out from this city, as Vancouver is the home port.

Victoria, B.C., July 10, '98.

The steamer Rosalie from the North today brought word that the first train on the White Pass and Yukon Railway into Bennett and Skagway, arrived at Bennett on the sixth.

Wm. Beaven, of the Bank of Montreal, who left Adlin on the 2nd, says that Judge Irving is giving the greatest satisfaction there, and all the fair-minded miners express themselves as well-pleased with his decisions.

The creeks are turning out splendidly, and he believes that \$250,000 will be taken out this summer. One man took out \$1,000 in two days on Wright Creek shortly before he left.

There was quite a rush on the Gladys Lake, a miner having come in with 31 ounces of gold, said to have been taken from there. A man named Fleming, from Philadelphia, is returning, a physical wreck, after a year spent in crossing overland from Edmonton to Glenora. He says that in January, 1898, with fourteen others, he set out from Edmonton, deluded into the belief that in a few months they would reach Dawson. They had eighty horses to carry their equipment. The hopelessness of the journey began to break upon the

members of the party before they were many hundred miles away from Edmonton, but they pressed on doggedly. Scant herbage began to tell on the horses, and one by one the animals dropped by the trail. Finally the higher hills were reached, and the task of crossing these well-high appalled the travellers, but it was the first of September when they entered the mountains, and there they struggled until late in December. By this time all the horses had died. Captain Mason, the leader of the little party, was drowned in the Nelson, another was accidentally shot by a Frenchman at Hell Gate, on the Liard, while the third succumbed to his troubles at Dorse Lake. In all, five of the fourteen died, and the remainder, after terrible hardships, reached Glenora and came down to Wrangol.

Vancouver, B.C., July 11.

The London and Vancouver Finance and Development Co. has, after hearing the report of A. H. Bromley, the advisory engineer, decided to make over the Blue Bell claim, Frederick's Arm. The Nelson Branch of the Bank of Montreal, on Saturday exported to the U. S. assay office at Helena, gold brick valued at \$11,500. It is generally believed that the brick in question represented the last clean-up at the Ymir, its having, of course, the values saved in the concentrates.

# CHICAGO MARKET.

## CHICAGO MARKET—July 11, 1899.

FROM OUR SPECIAL CORRESPONDENT.

GRAIN CURRENT DOWNWARDS—  
PROVISIONS KEEP ADVANCING.

Chicago, July 11.

This morning's sales opened in such a way as to augur for the market, another day of decline in grain and advance in provisions. For days now these opposite currents have continued, the upward tendency of provisions, however, being a stronger movement than the downward one in grain. Wheat being the great staple produce gives, by its prices, tone to the whole transactions. Thus it is that a declining wheat market has a depressing effect on market frequenters, even when as to-day and the last two or three days, provisions have been on the rise. Wheat it is conjectured must go lower yet and the fact at Toledo that Ohio shippers who sold wheat are buying it back again this morning corroborates these conjectures. At Paris and Liverpool, wheat cabled as unchanged. Unsteadiness due to Government reports is being counteracted by continued good weather reports. The liveliest deals in the early part of the day, were in September wheat at which time an upward turn took place, prices registering 73½ as against 72½ this morning and yesterday close 73. In pork there was some important selling, and it was thought that pork was a sale for a turn. Character of to-day's market thus resembles yesterday's pretty closely.
