MILITARY REGIME IN MEXICO PENDING ADVENT OF ELECTIONS PUBLIC CONFIDENCE RETURNING

Assassinations Have Inspired Comparatively Little Apparent Feeling of Hostility Towards New Rulers and Government is Getting a Tighter Grip on Reins—Bodies Removed From Penitentiary.

MEXICO CITY, Feb. 24.—(Canadian Press.)—Confidence in the new administration is growing in the capital, conservative Mexicans and foreigners alike regarding what appears to be a probable military regime as the solution of the present difficulty.

It is likely that there are a few chapters of that tragedy still to be written. The bodies have been removed from the penitentiary, pending the transference of Madero's to the family home at San Pedro de Los Pinos, in the State of Coahuila, and that of Suarez to Yucatan, permission having already been granted.

One afternoon paper in Mexico City denies the stories of the attack on the Madero guard, alleging that the affair was carried out in accordance with prearranged plans. But the Mexican Government appears honest in its endeavor to place the facts before the world by means of a judicial investigation.

Already the political world is turning to the elections. It is said that Gen. Felix Diaz will have as his opponents in his candidacy for the presidency, Francisco de la Barra, the present minister of foreign affairs; Rodolfo Reyes, son of Gen. Bernardo Reyes, who was killed in the first attack on the palace; and Dr. Francisco Vasquez Gomez. Friends have begun a campaign in behalf of these various candidates.

The holding of the elections will depend upon the state of the country, but President Huerta insists upon a free choice of the people when peace is restored, which will make this possible.

Scattered Disorders. Reports are not altogether reassuring from the States of Coahuila, Nuevo Leon and San Luis Potosi, where rebels are committing depredations. The Zapatistas in the south are also giving trouble, and it is reported that one town in the State of Puebla has been sacked.

This, however, is characterized by the government as the work of a small and insignificant portion of the rebel army in the south, and is due, perhaps, to ignorance of the developments in the capital.

Canada's Dreadnoughts.

LONDON, Feb. 24.—(C.A.P.)—It now seems clear that the forthcoming naval estimates will provide for five large armored ships of combined battleship and cruiser type, mounting eight guns heavier than 13-inch pattern.

MRS. KINGSFORD DIED AT OTTAWA

Mother of Police Magistrate Was Daughter of Clerk of First Parliament of Canada.

Mrs. Mary Margaret Kingsford, mother of Police Magistrate R. E. Kingsford, of Toronto, died in Ottawa yesterday at the age of ninety-two years. She was the widow of the late Dr. W. Kingsford, historian, and author of Kingsford's History of Canada.

She was born in Quebec City. Her father was clerk in the first parliament of the United Provinces in 1841. Magistrate Kingsford left Toronto yesterday to attend the funeral.

JACK JOHNSON REPORTED DEAD

Negro Pugilist Has Been Ill With Pneumonia and Rumor is That it Proved Fatal.

CHICAGO, Ill., Tuesday, Feb. 25.—At 2.30 this morning it is rumored that Jack Johnson the negro pugilist, who has been ill with pneumonia for the past several weeks, is dead. The rumor at this hour cannot be confirmed.

SNOW DELAYS WARFARE. SOFIA, Feb. 24.—(Can. Press.)—A heavy snow which has fallen along the whole of the Bulgarian lines at the front will prevent military operations for some days.

War on Suffragettes.

LONDON, Feb. 24.—(Can. Press.)—John Burns, president of the local government board, who has just begun a speech-making campaign in behalf of the progressive candidates for the London County Council, has declared war against the militant suffragettes.

"In the course of the next ten days," he announced to-night, addressing a meeting from which several suffragette disturbers were summarily ejected, "I am going to do my best to break down this tyranny of organized black-guardism. It is in the interests of the people and democracy that this despotism that has desecrated the cause of women and put back their movement many years be terminated at once."

TO CLEAR AIR IN GIBRALTAR

Governor Hunter's Recent String of Accusations Will Be Dealt With by Home Authorities.

LONDON, Feb. 24.—(C.A.P.)—Lewis Harcourt, colonial secretary, has been informed that a deputation of leading merchants of Gibraltar will sail for England immediately, in order to acquaint him of the feeling of anxiety that prevails there over the statements of Governor Sir Archibald Hunter. Memorials also have been signed by the Gibraltar jurors, chambers of commerce, and stock exchange.

Among other things, the governor claimed in his recent speech that he knew Gibraltar far better than anyone else, that the chamber of commerce thought of nobody but themselves, that Gibraltar jurors were notoriously unjust, that he might soon have established a press censorship, that Gibraltarians speak English worse than Egyptian donkey boys, and that the town is like the Augean stables, adding: "I determined to exact order and decency here from everybody who comes into the fortress I command."

Colonial Secretary Sir Frederick Evans left unexpectedly today for England. It is believed he has been summoned to the colonial office at London.

Is it to Be a Cut-throat Game? An unconfirmed despatch says that W. J. Bryan has declined to enter the Wilson cabinet. Another one says that Theodore Roosevelt is to be in it. The first may be true; the second is not. Will it, then, be a three-man game of cut-throat eulchre: Wilson, Bryan, Roosevelt, all playing lone hands, or any two against the other for the next term, and each and every one of them asserting that he is the real Progressive? That may be it.

ARMY READY TO OBEY ORDERS OF WILSON

Taft Busy Redeeming Pledge to Have Ten Thousand Men Mobilized at Galveston, Tex.—New President Will Have to Decide Further Disposition of Forces.

WASHINGTON, Feb. 24.—(Can. Press.)—Military orders flew thick and fast today in redemption of President Taft's promise to have an army of 10,000 men assembled at Galveston, the most convenient port to Mexico, all equipped for foreign service and ready to execute any order that his successor might choose to issue upon the basis of the conditions that will exist after March 4.

These orders on the whole were supplementary to those which began to flow from the war department towards the end of last week, and calculated to insure the assembling of the second division of the reorganized army at or in the neighborhood of Galveston. The completion of the orders to move the entire second division is intended as further warning to Mexico that there will be no departure from the established policy of preparedness during the remaining week of President Taft's administration.

All the plans for the possible sending of troops into Mexico will continue with the same minuteness of detail which would characterize official orders had the present acute condition arisen in Mexico at any time earlier in the strife which has rent that republic since the first uprising against Porfirio Diaz, more than two years ago. This course is justified on the ground that any cessation in the closing days or even hours of the Taft administration might be seized hold of by Mexican malcontents as an opportunity for a strike at Americans, which could not be adequately overcome should officials here relax their vigilance.

CONTROLLERS RESPONSIBLE

Cabinet System of Civic Government Adopted at Two o'Clock Today After Long Debate.

At 2 o'clock this morning, by a vote of 13 to 6, the city council decided to make each controller responsible for one branch of the city government. The vote was as follows, and was taken on Controller Church's amendment back to the board of control, which was defeated, and the board's recommendation carried.

For the Church amendment: Controllers Church, Foster and O'Neill, Ald. McBrien, Meredith and Rowland. Against: Mayor Hooken, Controller McCarthy, Ald. Spence, McBride, Anderson, May, Wanless, Robbins, Hubbard, Burgess, Ryding, Walton and Wickett.

The original recommendation was then carried on the same vote. There was an hour's discussion. Controllers Church and Foster very strongly opposed the recommendation. Controller O'Neill said that it was true that the recommendation was being brought down. He was against the proposal, but wanted to get an opinion from council.

This means that the cabinet system will be adopted and the mayor and controllers will be responsible for the following departments: Mayor Hooken, department of public affairs, civil service commission, corporation council, board of education, libraries and city clerk; Controller Church, finance and accounts, treasurer, auditor, assessment department; McCarthy, public safety, social service commission, fire and health departments; Foster, department of public works, engineer, bridges, water, sewers, traffic commission; O'Neill, parks, public buildings, markets, hydro-electric commission.

MRS. MARTIN'S FUNERAL.

OTTAWA, Feb. 24.—(Can. Press.)—The remains of the late Mrs. Martin, wife of Hon. Joseph Martin, M.P. for St. Pancras division in the British Parliament, and former premier of British Columbia, will arrive in Ottawa tomorrow morning. The funeral will take place Wednesday afternoon from the residence of deceased's sister, Mrs. T. V. Lyon. Mr. Martin is accompanying the body.

Workmen's Compensation

There is a probability that the long-awaited Workmen's Compensation Act will not be introduced into the legislature this session. Sir William Meredith, who was appointed commissioner to collect information with a view to drafting an act, is still engaged. "I do not know," Sir William Meredith is still working on it. Even if it does not come until June, there will be no hurrying its consideration by the members.

SULZER URGES CLOSER TRADE

Premier Borden Hears Plea for Reciprocity at University Club Dinner in Albany.

ALBANY, N. Y., Feb. 24.—(Can. Press.)—The close ties of friendship existing between the U. S. and Canada were dwelt upon in addresses to-night by Premier Robert L. Borden of Canada and Gov. Sulzer, at the annual dinner of the University Club of Albany.

"Canada and the United States," said Premier Borden, "have a common heritage in the language, the literature, the laws, the institutions and the traditions which have come down to them from the men of bygone days. Perhaps no more instructive object lesson has ever been given to the world than the 4600 miles of undefended boundary line, from the Atlantic to the Pacific, which bears silent but eloquent testimony to the mutual confidence and respect of the two nations. Time will shortly place upon the brow of each nation the laurel of 100 years of peace."

Referring to the natural resources of the United States and Canada along the St. Lawrence River, the premier urged that they be "preserved and developed for the people."

Would Open Doors. Gov. Sulzer predicted that the "great Canadian Northwest is destined to become ere long the granary of North America. Many of our best citizens, I regret to say," said the governor, "are leaving our states of the west and going into the Canadian Northwest because of the fertility of its soil, the liberty of the Canadian Government and the ability of these people to better their conditions there."

"We should extend to them a helping hand in their onward march of progress. Instead of closing our doors by tariff barriers against these countries and their products, in my opinion, we should open them wider and do everything in our power to facilitate closer commercial relations. We want their products and they want our products, and all restrictions to prevent a fairer and freer exchange of goods, wares, and merchandise, should, insofar as possible, be eliminated."

SKYSCRAPERS GO AT KING-YONGE

City Council Decided at One o'Clock This Morning to Allow Two New Buildings.

The vote of the city council on the question of the limitation in the height of skyscrapers was taken at 1 o'clock this morning after an hour's discussion. The result of the vote is regarded as a victory for the high sky-line supporters. Ald. Anderson's amendment called for a limit of 120 feet, or ten stories. It was defeated by a vote of 12 to 7, the division being as follows:

Nays, 12—Controllers O'Neill and Church, Ald. Spence, Robbins, Hubbard, Burgess, Walton, McBride, Rowland, Meredith, McBrien, Ryding. Yeas, Mayor Hooken, Controllers Foster and Church, Ald. May, Wanless, Wickett, Burgess.

The report of the property committee, recommending that the application of the Guardian Realty Co. for permission to erect a new 20-story building, 235 feet in height, at the northeast corner of King and Yonge streets, be granted, was adopted by a vote of 11 to 7. The application of the Dominion Bank, asking for permission to erect new ten-story building, 120 feet in height, at the southwest corner of Yonge and King streets was also adopted with little comment being passed and no opposition being advanced.

GUILBAULT TO FORCE VOTE ON NAVAL PLEBISCITE PROPOSAL OPPOSED TO GENERAL ELECTION

More Immigrants. The Toronto Union Station was a busy place yesterday afternoon by reason of the presence of nearly five hundred new arrivals from the British Isles, who were waiting to be distributed to various points throughout the province and the west. Quite a number located here in Toronto. They arrived here by special trains of the Grand Trunk Railway from Halifax, N.S., and Portland, Me.

PROF. H. WILSON DIED ON SUNDAY

Widely Known Canadian Scholar Held an Important Position at Johns Hopkins University.

News has been received in Toronto of the death in Pittsburg, Pa., on Sunday, of the widely-known Canadian scholar, Professor Harry Langford Wilson, Ph.D., professor of Roman archeology at Johns Hopkins University, Baltimore.

Dr. Wilson was a Canadian, who, although only in his 46th year, had won very considerable distinction among classical scholars in America and Europe. Son of the late Rev. Robert Wilson, a pioneer Methodist minister in Canada, he graduated from Queen's University, Kingston, as medalist in classics, and after a few years spent teaching in Ontario high schools he entered postgraduate studies at Johns Hopkins University. He received from that university the degree of doctor of philosophy in 1896. His connection with this institution had been continuous up to the time of his death.

Prof. Wilson had been also professor of Latin in the American School of Classical Studies at Rome, Italy, and took a prominent part in the Archaeological Institute of America, of which he was elected president at a recent meeting, held at Washington, D.C. He also was prominent in connection with the establishment in Canada of the department of Canada of the Archaeological Institute of America, and has delivered lectures on the subject in Toronto on several occasions during the past few years.

He is survived by his widow, formerly Miss Clark of Smith's Falls, Ont., and a daughter, who has spent several years as an under-graduate at Queen's University, and a brother in Toronto.

The remains were sent to the family home, Roland Park, Baltimore, where the funeral will be held today.

FALL IN HOUSE MAY BE FATAL

Charles Dowling Was Making Repairs in Rosedale Residence When He Lost His Footing.

Losing his balance while working in the attic of a house at 8 Beaumont road, late yesterday afternoon, Charles Dowling fell thru the opening left for the staircase to the first floor. He was so badly injured that the doctors hold out little hope for his recovery.

Some time ago a fire partly destroyed the residence of Charles Wilson, and Dowling was engaged in making repairs. Owing to the darkened condition of the attic, he evidently failed to notice the aperture. He fell, sustaining fractures on both arms and injuries to his back and head. Dowling was taken to St. Michael's Hospital in the police ambulance. He lived at 31 Dupont street.

CITY DECIDES TO FIGHT ORDER

After a strong appeal by Controller Church, in the city council, yesterday, it was decided that the city should fight the decision of the Ontario Rail Board, regarding the Yonge street crossing at the C.P.R. crossing. An appeal will be made to the governor-in-council at Ottawa. Strong criticism was made against the action of Corporation Counsel Geary, in not recommending any particular course for the city to follow, and it was even suggested that other legal advice be secured.

Nationalist Member Announces Intention to Divide House on His Amendment on Turritt's Motion—Strong Opposition to Proposed Incorporation of Doctors and Accountants is Shown.

OTTAWA, Feb. 24.—(Special.)—The outstanding incident in the house today was the amendment to the Turritt amendment on the naval bill, which was moved by Mr. Guilbault, the Nationalist member from Joliette. This new amendment calls for a plebiscite on the naval question, while the Turritt amendment asks for redistribution and a general election. Mr. Guilbault declared that if a general election was held the naval question would become confused with other issues.

When the house opened this afternoon, contrary to general expectation, it took up the consideration of several private bills instead of at once continuing the debate on the navy. Only two of these bills, however, were discussed at any length.

Accountants' Bill Opposed. The first was the bill incorporating the Canadian Accountants' Association, and after some discussion it was allowed to stand for further consideration.

Hon. Mr. Emmerson strongly opposed the bill on the ground that it dealt with a purely provincial matter. He also thought that it might interfere with organizations of similar nature.

Hon. Mr. Lemieux also took exception to it. He claimed that the association should not be given the power to set examinations and pass upon the fitness and usefulness of candidates for the position of chartered accountants.

Hon. Mr. Doherty, minister of justice; Hon. Mr. Murphy, and Hon. Mr. Penley also took part in the discussion.

Medical Protective Association. The house then considered the bill incorporating the Canadian Medical Protective Association.

Dr. Chabot (Ottawa), who was sponsor for the bill, explained that the object of the society was to protect the medical profession from unjust prosecution for malpractice and the like. The society, he declared, had no intention of trying to oust the osteopaths, homeopaths or Christian Scientists from practicing.

Hon. Mr. Emmerson expressed himself as opposed to the bill. He considered it the most iniquitous legislation ever laid before the house.

Hon. Mr. Lemieux and Hon. Jacques Bureau moved the main amendments to the bill. These and a number of minor changes were agreed to and the bill was finally reported.

To Incorporate Accountants. In discussing the bill to incorporate the Canadian Accountants' Association, the minister of justice said that this association would not interfere with similar provincial organizations or with provincial legislation respecting chartered accountants. It was distinctly stated in the bill that it would not override any similar legislation. Becoming a member of the association would not give a man the right to call himself a chartered accountant, Mr. Doherty declared. The only advantage of belonging to it was the standing it would give to its members.

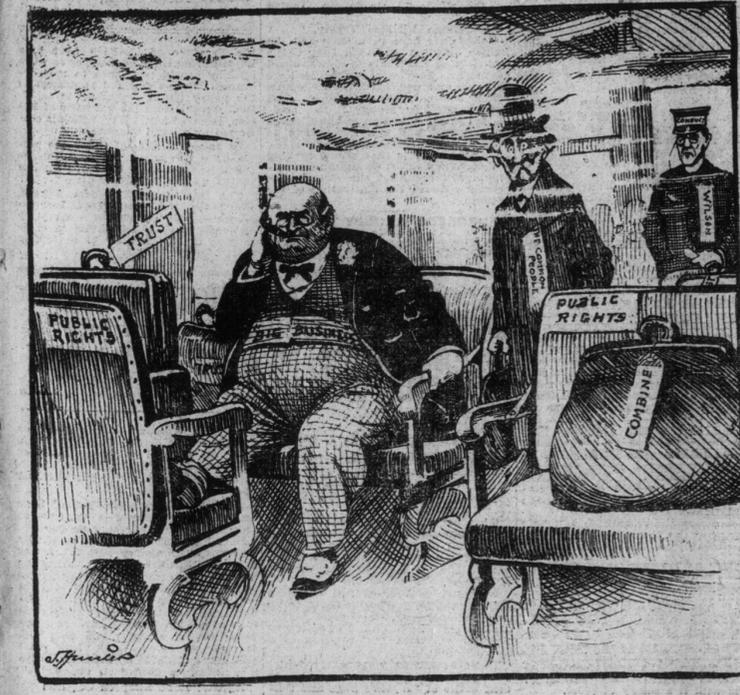

Mr. Emmerson pointed out that the association intended to hold examinations and pass upon the merits of men applying for the right to practice chartered accountancy. He doubted the statement that the association would not interfere with similar organizations. He thought that if it intended to hold examinations and decide upon the fitness of candidates for the title of chartered accountants, it would come under an educational head and therefore should seek provincial legislation rather than federal.

Not Provincial Matter. Hon. Mr. Doherty replied that, inasmuch as its members would not be

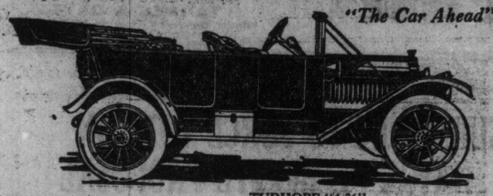

Continued on Page 3, Column 5. "Rebecca" has Improved Greatly. Good as "Rebecca of Sunnybrook Farm" was when the popular play was here last season, it is even better now. The reception given the little star, Edith Talleferro, and the excellent company at the opening performance last night at the Princess was most enthusiastic.

Ladies' Furs at Dineen's. The cold weather makes furs a necessity, still the price remains the same. Shortly after the holiday season was over, Dineen's reduced the price of all furs, and these remain at the same low figures that made Dineen's garments attractive to purchasers in the mild weather that set in after Christmas. Every fur garment, set and neckpiece is reduced. A wide variety to select from. W. and D. Dineen Company, Limited, 140 Yonge street, corner Temperance.

LIBERALS AGAIN ATTACKED ATTORNEY-GENERAL BECAUSE OF CROPPING COMBINE CASE

Declared That Hon. J. J. Foy Should Not Have Acted as "Judge and Jury" in the Stamped Ware Association Prosecution and Discontinued Proceedings—Mr. Foy Accepted Advice of Crown Counsel.

"Combines" was again the bill of fare in the legislature yesterday. Liberals joined hands with Labor in contending that Attorney-General Foy fell down on his job when he failed to prosecute the Stamped Ware Association, called a combine after the books had been seized by the crown. The association, which is no longer in existence, was composed of four big tin-ware factories—the McClary Company, London; A. E. Kemp Company, Toronto; E. T. Wright Company, Hamilton; and Thomas Davidson Company, Montreal.

J. C. Elliott, Liberal member for West Middlesex, led the Liberal forces in an attack on the government. He spoke on his motion for the return of all correspondence, documents, etc., between the government and the crown counsel with reference to prosecution of "the said combine and containing instructions from the government not to prosecute." In support of his argument that the association was in reality a combine under the criminal code, Mr. Elliott read an agreement which was entered into by the four manufacturers. The objects of the association were to regulate the prices of goods they manufactured and not to sell goods below the schedule fixed by the members.

"These four concerns entered the agreement and were bound to the amount of \$1000 to adhere to the rules, and to pay penalties for violation of the agreement," said Mr. Elliott. "The agreement sets forth that the companies should stick to the regulations, irrespective of any legal question or technicality. No member was permitted to sell goods at a lower price than that fixed by the association. Some members who sold at a lower price than the schedule paid the penalty for selling some of their goods suspended from the list. After having apologized to the association and promised that they would be good in the future, they were restored to the list and their rights and privileges of the association."

He said that the criminal code provided a large penalty for assisting or combining which restrained or injured trade or commerce, enhanced prices unreasonably or limited the production of goods. At one time a fine of \$1000 on the Thomas Davidson Company for violating the agreement, but this penalty was a times reduced to \$500, which was divided among several charitable institutions.

Accepted Counsel's Advice.
Reverting to the case of the Stamped Ware Association he said that it books were seized at the office of Hardy and Jenkins, which acted as secretary for the association. A number of the books supposed to be the combine were then being prosecuted and George Tate Blackburn, K.C., was handling the work for the crown. When the books were seized the counsel advised the attorney-general that it was not wise to proceed against the Stamped Ware Association, because of the risk of the books not being considered as strong as that against others which had been acquitted. "I acted upon the advice of Mr. Blackburn," he said. "I was not a lawyer, but I was a public official, and I was bound to follow the advice of counsel."

A Real Combine.
The effect of this agreement was directly opposed to the criminal code, said Mr. Elliott. "This combine did a carefully arranged and systematic business. It was not a mere association of the people out of the association. The government should have prosecuted the combine, and it should have done so in view of the present high cost of its articles. For instance a few years ago the price of a lantern was 50 cents, a former must pay 50 cents now." He referred to the operation of combines, mercers, monotonous and the price of a suit, which made particular reference to the Bath Tub Trust of Detroit, which was a quantity of tinware, which was sold at a price of 10 cents, but when the tinware was sold at a price of 15 cents, the tinware was sold at a price of 10 cents.

Much Misapprehension.
In reply to the Liberal member Hon. J. J. Foy stated that there was a great deal of misapprehension with reference to combines, especially with the press and people not familiar with them. "The law is not against combines," he pointed out. "The law permits some combines. He then referred to the wording in the criminal code which showed that there was no guilt unless the combine had passed the border line or had unduly or unreasonably enhanced their prices. "There is nothing wrong in making an agreement to increase the profits of the manufacturers providing they don't go by the limitations," he said. "The attorney-general had mentioned the case of the Grocers' Guild, about which the crown had sufficient evidence, so 'was thought, to convict, but which turned out the reverse."

Allan Stidholme, labor member for East Hamilton, then took up the attack on Mr. Foy. "It was not the first time that the attorney-general had failed to enforce the law respecting combines," he said. "I have mentioned the case of the Grocers' Guild, which had made a strong argument for a combine, but had gone no farther. The government had an opportunity to act upon a bill introduced to prevent or regulate combines, but it failed to do so. He then mentioned the case of the Grocers' Guild, which had made a strong argument for a combine, but had gone no farther. The government had an opportunity to act upon a bill introduced to prevent or regulate combines, but it failed to do so."

Tire Protection—Without Tire Destruction

Chains do not force grease, etc., from the point of contact with the road. The road forces the chains against or into the tire, which causes the resisting friction. But at what a price! Slip your ring over your right finger knuckle, let somebody shake you by the hand, and you get the "chain" effect exactly. You feel it, too. So does the tire. Chain-cutting is a common occurrence in tires, simply because chain protection from skidding is drastic protection. You can always prevent a house from falling down by burning it down.

MRS. PANKHURST IS NOW UNDER ARREST

Is Liable to Fourteen Year Term in Jail for Malicious Injury.

LONDON, Feb. 24.—(Can. Press.)—The definite charge against Mrs. Emmeline Pankhurst, arrested today, is that of having "counselled and secured certain persons, whose names are unknown, to place feloniously and maliciously certain gunpowder and other explosive substances with intent thereby to damage" David Lloyd George's house.

Under the Malicious Damage Act, the offence is punishable with penal servitude for a maximum term of fourteen years.

Lillian Lenton, who was detained for trial on Thursday last, on the charge of setting fire to the refreshment pavilion in Kew Botanical Gardens, was released today on the ground of ill-health. She started a hunger strike on entering the house of detention and has not eaten anything since that day.

Parliament to Discuss It.
So strong is public feeling against the surrender on the part of the authorities every time a suffragette goes on a hunger strike that unless the government announces in the King's speech its determination to introduce legislation to cope with the subject, the opposition will officially move an amendment to the address in reply to the speech from the throne, which will receive undoubtedly considerable radical support.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GILROY'S signature on each box. 25c.

POLICE CAPTAIN CONFESSES GUILT

Walsh Does Not Deny Levying Tribute on Disorderly Houses.

NEW YORK, Feb. 24.—(Can. Press.)—Police Captain Thomas W. Walsh, implicated by Policeman Eugene Fox, self-confessed collector of "protection" money, and who later confessed to having received graft-money from Fox, this afternoon pleaded guilty to the indictment against him charging bribery. Bail was fixed at \$1000 and Fox, who was arrested at the request of District Attorney Whitman, to whom Walsh confessed his part in the alleged system of levying tribute from disorderly houses, Inspector Sweeney, who, since his indictment on charges of bribery, has been reduced in rank by his attorney charging that perjury had been committed in obtaining the indictments.

Ashley Shea, who is alleged to have paid \$50 a week for protection for his poolroom today was indicted for bribery by the extraordinary grand jury. When taken before Justice Goff his counsel entered a plea of not guilty, and Shea was remanded to the Tombs prison and his arraignment set for Wednesday, he being unable to furnish the \$10,000 bail demanded by the district attorney.

Kingston Engineer for Toronto
KINGSTON, Feb. 24.—(Special.)—Some changes in the staff of Kingston Railway, were announced today. The resident engineer, James Irvine, goes to Toronto, to work under district No. 4, which takes in Toronto and Hamilton terminals. L. S. Rudder, Toronto, will take charge of the work in this subdivision.

BRITAIN WORRIED BY OPIUM DISPUTE

Government is in Serious Dilemma Because of China's Obstinance.

LONDON, Feb. 24.—(Can. Press.)—The British government is in a quandary over the opium dispute with China. Should the foreign office do as it is being urged by Indian opium merchants and bankers, and insist on China's strictly complying with the Anglo-Chinese treaty, which regulates the importation of Indian opium into China, the government would be condemned by a very strong body of public opinion, which objects to the government encouraging the trade in any way. On the other hand unless some action is taken to make China observe the treaty the bankers and traders are threatened with a loss aggregating \$50,000,000 which they might justly call upon the Indian government to refund them.

The Anglo-Chinese treaty, which provided for a ten per cent reduction annually in the importation of Indian opium into China, and the complete extinction of the trade in seven years, stipulated that Indian opium should be debarrated from provinces in which the cultivation of the domestic plant had ceased. In return China was to remove certain restrictions that the provincial authorities had placed on the wholesale trade in Indian opium.

China Violates Treaty.
Complaints have been lodged at the British legation at Peking that China has violated the treaty in almost every particular. Provincial authorities have held up and destroyed Indian opium which had paid the high duty. The British minister brought the complaints to the attention of the Chinese government, but this far efforts to secure satisfaction have failed.

China's reply is that she is making a determined effort to stamp out the opium evil and that she already has greatly reduced the cultivation of the product.

The International Reform Bureau, which meets in conference here on March 4, will inaugurate a campaign of drastic and united action in order to give the death blow to the opium traffic.

THAW TO EXPLAIN DEAL FOR LIBERTY

"Prison Ring" Which Specialized in Securing Pardons is Alleged.

NEW YORK, Feb. 24.—(Can. Press.)—Henry K. Thaw will be asked to tell Governor Sulzer's commission of inquiry what he knows concerning the most recent attempt to secure his release from Matteawan State Hospital for the criminal insane, where he has been confined for five years for the killing of Stanford White. This announcement by the committee today followed a bitter attack by William F. Clegg, former secretary of the committee, upon what he termed "the so-called prison ring."

Clark, who, at his own request, has been relieved from duty as secretary and pending investigation of charges that he had used Governor Sulzer's name without the executive's authority in an attempt to bring about the release of Thaw, was permitted to take the stand. Immediately he launched into an attack upon the prison authorities, including Colonel Joseph G. Scott, superintendent of state prisons, and Dr. J. W. Russell, superintendent of the institution at Matteawan. Dr. James V. May, chairman of the state hospital commission, was also connected with Clark's insinuations.

Brokers in Pardons.
Clark declared that in the early part of January information came to him that "the so-called prison ring," which was made up of Superintendents Scott and his immediate underlings, were engaged in a conspiracy to involve the governor of the state, so that they might be retained in their profitable business in brokerage pardons, which had been conducted under Governor Dix. He declined to divulge from whom he had received his information, but requested that Thaw himself be questioned.

Accordingly, the committee will hold a hearing at the Matteawan State Hospital, probably on Thursday.

THE UNIVERSAL CAR

Husk the automobile question of all prejudices—get down to the kernel of the matter—and you'll order a Ford today. A bigger part of our bigger output goes into farm service this year.

Every third car is a Ford. Over 180,000 have been sold and delivered. New prices—Runabout \$675—Touring Car \$750—Delivery Car \$775—Town Car \$1000—with all equipment f.o.b. Walkerville, Ont. Get particulars from Ford Motor Company of Canada, Limited, Walkerville, Ontario, or 106 Richmond Street West, Toronto.

A Racking Cough And Sore Throat Cured in Five Hours

Use the Proper Remedy and Colds and Sore Throat Disappear.

"When I came home last evening," writes Mr. Thomas E. Jarvis, "I was all used up with a racking cough. I felt sick all over. My wife rubbed my throat and chest every minute and I was soon warmed with line and water, I was soon warmed and made comfortable with the Nervine, and the chilly sensation was relieved. I was practically well. I therefore write you at once in a light heart, to let you know that Nervine will knock out a bad cold over night."

It is a fact that Nervine will ease up a tight chest, will relieve that sore, wheezy feeling, will knock out a cold in just a few hours. It penetrates deeply, works its way into the congestion, cures promptly. Get a large family size bottle, 50c; small size, 25c; at all storekeepers and druggists, or The Catarthosene Co., Buffalo, N.Y.

GARDEN SAGE DARKENS GRAY HAIR SO NATURALLY NOBODY CAN TELL

Restores Its Lustre, Prevents Scalp Itching, Dandruff and Falling Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. While it is a messy, tedious task it will repay those whose hair is turning gray, faded and streaked.

Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly just an application of our two Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" ready to use. This can always be depended upon to bring back the natural color and lustre of your hair and is the best thing known to remove dandruff, stop scalp itching and falling hair.

Everybody chooses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply repay those whose hair is turning gray, faded and streaked.

Big Sale of Horses at Maher's Exchange.
The dullness which has characterized the horse market for the past couple of weeks disappeared entirely at Maher's auction sale yesterday. Two hundred horses passed under the hammer and nearly three-quarters of these were disposed of, either by auction or by private sale before the end of the day. The class of horses offered was of the very best, but the prices were rather low in comparison with the buyers' present look full advantage of this and bid briskly. The local and out-of-town buyers and dealers figured in the day's transactions. Some of the buyers were: Victor Williams, Ont. (full carload); T. J. Sproule, Listowel, Ont.; Conner & Kerr, Tread, Ont. (full car of best heavy draughts); W. Blake, Pickering, Ont.; A. Davidson, Teeswater.

Hon. Mr. Sifton Donates Cup.
O.T.A. members will be glad to know that Sifton today announced that he will give a cup and \$1000 in stakes to be competed for at the Comnaught Park Jockey Club races here in June.

Central Ontario Curling.
BROCKVILLE, Ont.—Eastern Hospital defeated Prescott this afternoon in the group of the Central Ontario Curling League by five shots. The winning rinks were skipped by Dr. Mitchell and W. Ferguson, and against them were pitted F. S. Evonson and George Rook.

MONDAY IS DATE SET FOR GAME

O. H. A. Orders Second Game of Finals for Next Week—Hockey Gossip.

At a meeting yesterday afternoon of the executive of the Ontario Hockey Association, Woodstock and Oshawa tossed as to which team would have the bye in the play-off for the semi-final in the Junior series. Woodstock won. Oshawa will therefore play at Oshawa on Wednesday night, and Oshawa will be on Oshawa ice on Friday night.

The final senior game between St. Michaels and Toronto will be played on Monday night at the Arena, the only other open time being Saturday afternoon, which was not desired.

Quinh's complaint against Timms of Woodstock and residence was dismissed. Ernie Fryer of Collingwood was warned that any more misbehavior on his part would result in expulsion.

Wellesley was awarded \$6.00 mileage against Ayr.

The executive of the Frontenac Hockey Club is indignant over the action of a mixed team of hockey players, including a couple of Queens intermediates, who played at Syracuse, N.Y., on Friday and Saturday in the latest from Kingston.

In Syracuse papers appear the names of Reid, Nicholson and Purcell of Frontenac as having played with the so-called all-star Kingston team, which was defeated on Friday by four goals to two. These three players, J. P. Sutherland says, were not in Syracuse at all, and therefore, their names are wrongfully used. The Syracuse rink is under O. H. A. ban, and O.H.A. players who participate against teams there are liable to expulsion. Mr. Sutherland says the matter will be fully inquired into.

The following games in the Weston hockey tourney have been arranged: Wednesday night—Guns v. Harris, and Swifts v. N. Parkdale. Friday night—Toke Oicks v. Agra Lee, and Victoria v. Parkville.

The Ottawa Hockey Club will drop about \$2000 on this season, according to the executive.

The game between the Beaches and the Coxwells in the Junior play-off will not be played tonight, as already announced, but will possibly be played on Thursday.

White Motor Cars

Electrically started and lighted
Left side drive—right hand control

ECONOMICAL to a degree that has never been attained by other cars of proportionate size and power. White Cars are to-day the logical choice of the careful and discriminating purchaser.

The cost of operation is becoming more and more important all the time. By reason of their superior design and construction, White Cars effect a distinct saving in operating expense—and White owners everywhere will substantiate this fact.

And, aside from its economical features, the White alone offers all of the advantages which are essential to the purchaser who understands and demands the most advanced ideas in motor car construction.

Monobloc engine, four-speed transmission, the logical left-side drive, with equally logical right-hand control, the simplest and most efficient electrical starting and lighting system, are some of the reasons of White superiority.

White Cars and Trucks are on exhibition during the Show in the south-eastern corner of the Transportation Building

Mut', the Guy That Put "He-He" in Hero : : : By "Bud" Fisher

DOG GONE! JUST MY LUCK. I CAME ALL THE WAY OVER HERE TO TURKEY TO GET IN A WAR AND THEY HAVEN'T HAD A FIGHT SINCE. AND NOW THEY'RE HAVING A LOVELY WAR IN MEXICO AND HERE I AM WAY OVER HERE.

I THIRST FOR BLOOD I DO! I LONG TO SEE BULLETS FLYING ABOUT ME. THE CRIES OF THE WOUNDED IS MUSIC TO MY EAR.

IF I WERE IN MEXICO I'D GRAB MY SWORD AND DASH TO BATTLE LEADING MY MEN INTO THE TEETH OF DEATH. THAT'S ME!

HEY! MUTT! THE BULGARIANS ARE JUST ABOUT TO ATTACK THE CITY.

The Toronto World

FOUNDED 1826. A Morning Newspaper Published Every Day in the Year by The World Newspaper Company of Toronto, Limited, 11, Maclean, Managing Director.

WORLD BUILDING, TORONTO, NO. 40 WEST RICHMOND STREET. Telephone Calls: MAIN 5185—Private Exchange connecting all departments.

will pay for The Daily World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

ENLARGED MUNICIPAL POWERS. If the Whitney government does not give us one thing it gives something else, and the bill to permit the consolidation of public services, the consolidation of public services, the consolidation of public services, the consolidation of public services.

MONOPOLIES AND REGULATION. With the continual efforts to eliminate competition in various departments of trade and industry, and the consequent establishment of monopolies that practically control prices, have come increasing demands for the regulation of these combinations.

MEXICO'S TROUBLES. However plausible may be the official explanation of the murder of the deposed President and Vice-President of Mexico, the impression that the new administration was privy to the crime will not be downed.

and Madero doubtless had little hope of proving an exception. The circumstances attending the death of Madero and Suarez are fraught with suspicion. Their removal at midnight from the palace to the penitentiary, if without public announcement, does not account for the appearance of a party of rescuers, while, if announced, it invited attack either by supposed friends of the prisoners or real friends of the provisional government.

Mexico presents a perplexing problem. Its people are evidently unfit for self-government, indeed, can hardly be expected to be otherwise. The rule of Porfirio Diaz was that of a despot, and while he gave the country tranquility for a generation he prevented the mass of the people from sharing in its advantages.

MR. WILSON AND NEW JERSEY. Governor Wilson's strength in New Jersey was distinctly shown by the passage of the "seven little sisters" as his seven bills for the regulation and proper conduct of trusts and corporations were nicknamed.

THE GLOBE SAYS IT "WOULD RATHER BE A DANIEL ANY DAY THAN A DEN OF LIONS." Nobody ever imagined there were any but stuffed lions in The Globe's den.

STILL ON STRIKE AT DOON. There are 175 employees of the Doon Twine and Cordage Works still on strike. They held a well-attended meeting at which were present six officers of the union, and a large number of laborers.

EMPIRE CLUB. The speaker at the luncheon of the Empire Club on Thursday next will be the Rev. Dr. Knowles of Galt. He will speak on the subject, "The Revolutions of National Progress."

LIBERALS FAVOR HYDRO RADIALS

Member for Monck Will Move That System Be Extended. POWER AND LIGHT Should Be Extended Through Rural Sections of Province.

It is the belief of the Ontario Liberal party that the hydro-electric system is deserving of much praise. But it is also the belief of the Liberal party that the government does not extend the system as much or as quickly as it should.

TORONTO CLUBS SHARE IN PRIZE. Local Organizations Will Get Money From Everybody's Magazine.

THE JEANNETTE AFFAIR. Editor World: You report Mr. Duff's denial in the legislature that his department endorsed the scheme for the Jeannette expedition.

THE SOURCE OF MANY ILLS. So many of the pains and aches we suffer, and so much of the serious disease, are directly traceable to the condition of the bowels and sluggishness of the liver and kidneys.

At Osgoode Hall ANNOUNCEMENTS

Judge's Chambers will be held on Tuesday, 25th inst. at 11 a.m. Peremptory list for appellate division for Tuesday, 25th inst. at 11 a.m.

You may know of many cures
brought about by this great ointment,
which he used, and it is the history of
medicine. This letter is a
very example of many received.

Mr. Wm. Angus, Preston, Tex.,
writes: "My father was
almost covered with salt rheum on
his face, and though his doctor and
other remedies failed, he could
hear about it, only got worse. Some-
times he used Dr. Chase's Ointment,
and after using three boxes, he was
cured, and has never had it since. My
wife was also cured of salt rheum on
her hands by the use of Dr. Chase's
Ointment, after other treatments had
failed."

CHARMING STORY
OF SUNNYBROOK

Edith Taliaferro at Princess
Repeats Success of First
Appearance.

STRONG PLAY AT GRAND
Popular Paper-Hanging Skit
is at Shea's This
Week.

"Rebecca of Sunnybrook Farm" is a
story of village life which will never
lose its charm. It has been a contest
of strength and endurance in defence of
"Sammy." Then there is the uncanny
young "Pete," who wanders like a
lost sheep across the mountains and
is the means finally of bringing
peace and happiness to the shepherd
and restoring the good name of the
mountaineer's family.

Miss Margaret Langhorne as
"Sammy" gave a splendid interpreta-
tion of the character, while Lawrence
Williams as the shepherd was a liv-
ing type of the man so picturesquely
presented in the story.

"The Shepherd of the Hills" is es-
pecially interesting to all who have
read the book and will no doubt at-
tract large audiences all week.

Welcome Act at Shea's.

Nine years of Plinder's Plats have
not cooled the ardor that Sheagors
show in their welcome to that ever
blooming, paperhanging burlesque, nor
have they dimmed the lustre of its
bright humor. The play which has sent
much "as ever" when Willard Simms,
with his arms full of wallpaper and
ladder and shingles, stepped up the
stage and sang the "Welcome Act" and
to slide down the runway again—and
then again. It costs \$3.50 in wall-
paper alone to produce this act. If
they bought ten more rolls they
couldn't possibly get any more laughs.

"Florence Tempest and Company in
"Coffin Billed" is the big thing
of the week, very pretty good and
a deal of applause. Miss Tempest has
a bright, sparkling voice, and some-
times lacks fullness, but she is pretty
and makes a stunning boy.
Her company of ten young men dis-
play considerable nerve and some
very bright red blazers with white
pant, but their singing doesn't shine
in harmonics.

Maud Lambert and Ernest Ball pro-
duced some fine music, and singing;
this was really clever. Mr. Ball is a
"Coffin Billed" in Los Angeles, where
he has a voice, Miss Lambert
is a "Coffin Billed" in Los Angeles,
and she is a "Coffin Billed" in Los
Angeles, where she has a voice, Miss
Lambert is a "Coffin Billed" in Los
Angeles, and she is a "Coffin Billed"
in Los Angeles, where she has a voice.

Lawson Purdy, president of the de-
partment of taxes and assessment in
New York City, one of the greatest
taxation experts on the continent, told
the Canadian Club at a luncheon yester-
day that in order to lift the burden
of taxation on the poorer classes to the
hitherto privileged classes, the tax co-
llections must be reduced and
vacant land must be taxed its full
value. The tendency of legislation to-
day was in that direction, he believed,
that there would be changes in Onta-
rio taxation within the next few
years, changes in the direction of leg-
islation now enforced by British Col-
umbia, Alberta, Saskatchewan and (in
part) Manitoba. Following this state-
ment the members of the Canadian
Club, numbering 400, cheered.

He strongly advised the city against
allowing the erection of skyscrapers,
which, he said, did not pay. He urged
Toronto to benefit by the City of New
York, which today was a heavy loser

REAL ESTATE NEWS

FIFTY ACRES ON TOWNE LINE BOUGHT FOR SUBDIVISION

A. G. C. Dinick Secures Property Above Massey Farm Held by Young Syndicate.

Fifty acres on the east side of the townline, and directly north of the Massey farm, were bought yesterday afternoon by A. G. C. Dinick at a figure in the neighborhood of \$150,000. The vendors were a syndicate headed by George A. Young.

The property is described as the northwest corner of lot 15, con. B, Township of Scarborough, and is long and narrow, running up to St. Clair avenue and being bisected at the top by Daves road.

BOEHM PROPERTY ON BELT LINE GOES WELL

M. S. Boehm and Company are meeting with a very heavy demand for their Fairbank Heights property. On Saturday and Monday \$60,000 in sales were registered, a lot of it workmen's sites, but most of it old belt line property, some of it being bought by firms and one manufacturer have bought the Boehm belt line frontage, and options on two big plots are out for other manufacturers.

BIG BISCUIT WORKS ON STERLING ROAD

Chadwick and Beckett, acting in trust for a manufacturer, were yesterday granted a permit for the erection of a four-story brick biscuit factory on the east side of Sterling road, the cost to be \$65,000.

BUYS ON DUNDAS ST. FOR FACTORY SITE

A. R. Hewitson has purchased the northwest corner of Golden avenue and Dundas street, 55 feet by 110, from the Leadley estate at \$100 a foot, and the deal was put thru by A. R. Morton and Co., 400 Dundas street, for \$48,500. The purchaser will build a factory on the site.

SHERBOURNE APARTMENT.

The city council yesterday approved the erection of an apartment house at the southeast corner of Sherbourne and Wellesley streets, Sherbourne being one of the restricted streets.

GLENCRAIG AND OUGE.

The northwest corner of Glencraig and Ouge, 100 feet by 265, sold by Water Green of Port Hope to a Toronto woman for \$82,000, was bought thru Parsons-Booth Co.

Low Colonist Rates to Pacific Coast via Chicago and Northwestern Railway. On sale daily, March 15 to April 15 inclusive, from all points in Canada to Los Angeles, San Francisco, Portland, Salt Lake City, Seattle, Victoria, Vancouver, Nelson, Roseland, and many other points. Three tourist sleepers and free reclining chair cars from Chicago.

West Hill Progressive Association. A large number of the residents of West Hill held a meeting on Saturday last at West Hill Hotel, and formed an association to be known as the West Hill Progressive Association.

Off to St. Thomas. St. Thomas will, on March 27, be the Mecca for the supporters of the laymen's missionary movement in Elgin.

An Address on Advertising. The Toronto Ad Club are bringing to Toronto Mr. Julius Schneider, to talk at their monthly dinner tonight.

Now It's Elmwood That's In The Limelight

During every season there appears what might be called a property champion—a property whose popularity with investors is so pronounced that it becomes the leader for the season.

ELMWOOD appears to be the coming champion for this season. It is off to a good start. Sales have been large. The demand is steadily increasing.

Situated right in the path of Toronto's rapid expansion up Bathurst Street, with frontage on Bathurst Street, and selling at less per foot than other properties farther out, it is the logical choice for this season's property champion.

Buy a lot or two in ELMWOOD and back the coming champion. You'll make money by doing so. Phone or call.

Stocks Broke to Lowest Record in Years in Wall Street

TORONTO MARKET HELD ITS OWN WELL

Canadian Securities Practically Ignored the Severe Slump in Wall Street.

SPECIALTIES HEAVY No Bids for Many Issues at the Close—Brazilian Scores Again.

Considering the fact that the Wall Street security list went thru another spasm of acute depression and that prices in the New York Exchange dropped to a new low record level since 1911, the Toronto market gave a very good account of itself yesterday. There was none of the nervous selling, apparent such as characterized the movement of last week. On the other hand it could not be said that there was any material demand for stocks in evidence, this being borne out by the paucity of the speculative movement.

Early cables from London reported that a more hopeful feeling prevailed in Capel Court, and this served to inspire a more cheerful sentiment here. When the Wall Street list began another of its demoralizing slumps, considerable apprehension was engendered here for Canadian securities should follow suit. The list was maintained on a fairly even keel, however, and expressed satisfaction was expressed after the close that the market had done so well. It was evident that holders were not disposed to accept the present low ratio of values, and the paucity of selling orders was explained on that ground.

Brazilian opened higher on the improved cables from London, the shares rising to 92 1/2, a gain of a full point over last week's close. Half of this advance was lost later on, and the final sale left the shares at 91. Winnipeg falls sold at 215 1/8, up a full 1 1/2 points for the session, and a full 17 1/2 above last Tuesday's low record. This stock has recovered the major portion of its recent depreciation. Spanish River was also higher, with a half point gain at 67 1/2.

NEW YORK BANKS TURN DOWN THE BROKERS

Erickson Perkins & Co. (J. G. Beatty) wired: The stock market was distinguished by more or less selling brought about by bank discrimination against securities of many of the newer industrial firms as collateral. Current talk about this disturbed the market as a whole, and led to selling of other shares. There were two hours of considerable messiness, but midway of the afternoon the market quieted down and showed a steadier tendency.

STEEL SHOULD BE A BARGAIN, AND YET—

Stock followers with a fancy for figuring will find room for thought in the fact that United States Steel common on its present price basis and dividends returns approximately 8 3/4 per cent on its purchase, and the preferred nearly 6 1/2 per cent. The pessimistic state of mind into which Wall Street has been forced needs no further elaboration.

MEX. NORTHERN DOWN

Mexican Northern Power sold on the curb yesterday at 20 1/4, thus evidencing the pessimistic feeling in financial circles here regarding the outlook in Mexico. At the first of the month the shares were quoted at 22 1/4, and last July they sold at 30 5/8. The low for last year was in February, when the stock dropped down to 17. The shares are held widely by speculators in Toronto and Montreal.

Riverdale Brotherhood Meeting.

The meeting of the Brotherhood of St. Andrew and St. Philip will be held on Wednesday evening in the Pape Avenue Presbyterian schoolroom. Prof. R. Davidson, Ph.D. of Knox College, will address the men on "A Holiday in Palestine." At the last meeting there was an open discussion of "The Drink Evil." Mr. John S. Lowther is president for this session. Last night Mr. H. A. Linnard of Riverdale Methodist Sunday School gave a short address.

We Offer You an Investment Guaranteed by \$1,600,000. Absolutely Guaranteed - 4% In Interest. The Toronto General Trusts Corporation.

BANK CLEARINGS OF THE CONTINENT

Montreal and Toronto Dropped Back in Scale—Winnipeg Improved Position.

Table with columns: City, Last wk., Last yr., Inc. Rows include New York, Chicago, Boston, Philadelphia, St. Louis, Pittsburgh, St. Paul, Kansas City, Montreal, Baltimore, Toronto, Winnipeg, Minneapolis, Cleveland.

LONDON MARKET IS AWAITING PEACE

Cheerful Tone Gives Way to Heaviness in Late Dealings—Mexicans Lower.

LONDON, Feb. 24.—The mining settlement occupied the attention of dealers on the stock exchange today, but expectations of an early arrangement of peace in the near east gave the market a cheerful tone, and Paris buying in the mining section was in keeping with the more confident feeling. Late in the session, however, prices turned easier, and most of the gains were lost. Mexican securities were weak.

LESS PRESSURE AT MONTREAL

Market Shows Mixture of Gains and Losses—Rally at Close.

MONTREAL, Feb. 24.—Prices moved irregularly in the local stock market today and set changes at the close showed a mixture of gains and losses, most of them fractional. London offered encouragement early in the day, prices advancing in that market, with C.P.R.'s rise of more than two points a feature. C.P.R., however, eased off later. With tight money still dominating the local situation, the most satisfactory feature here was the comparative absence of selling pressure. Liquidation and possibly short selling declined in the afternoon to 221 3/4, nearly two points below Saturday's close. Just before the close, however, there was a sharp rally, with the close strong at 221 1/4 bid, 225 asked.

Died After Attending Funeral.

KINGSTON, Feb. 24.—(Special.)—Michael Gratton, Chicago, died suddenly. He came to Kingston to attend the funeral of a sister. He was forty-five years of age.

PRICES WEAKENED UNDER BEAR RAID

Many Leading Stocks Dropped Rapidly to New Low Points.

AMERICAN CAN DOWN Common and Preferred Stocks Lost About Six Points—Various Rumors.

NEW YORK, Feb. 24.—The action of the stock market today could not be explained as the result of alteration in conditions which determine speculative opinion. These conditions were little changed, in fact, some improvement might have been discerned had Wall Street been in a more cheerful frame of mind. But stocks again broke sharply, many important issues dropping to new low points. For a time during the morning quotations fell back at such a rapid rate that the market was badly upset. In the last half of the day trading was quieter and some recovery was made, but fluctuations in a nervous manner. American Can. gave way from a rapid fire of bear traders. Both common and preferred stocks dropped about six points. Reading and Union Pacific also were sold heavily, the former losing 3 3/4. It is necessary to go back several years to duplicate low prices made by some stocks in the general decline which followed the slump in Can. Northwestern sold at 124, the lowest since 1907; Southern Pacific at 98 3/4, the low point since 1908; Erie at 35 1/2, the first preferred at 46 3/4, and Louisville at 130 and 128, about the bottom figures since 1910.

EVIDENCE IN LONDON WILL NOT BE SOUGHT

Attorneys for E. J. Chamberlin Withdraw Request That Commission Be Sent.

NEW YORK, Feb. 24.—(Can. Press.)—Frank L. Crawford and John D. Lindsay, attorneys for Edson P. Chamberlin, president of the Grand Trunk Railway, today sent word to the U. S. district attorney that they would withdraw their motion to send a commission to England to take testimony of the English directors of the Grand Trunk and the New York. New Haven and Hartford Railway, who are charged with conspiracy in violation of the Sherman anti-trust law. Although Mr. Lindsay would not explain why he and his associates had refused to use the judicial sanction for which they had fought, it is learned today that the government was prepared to request the appointment of a commission to examine all documents and books of the Grand Trunk Railway which could find in London, and if the commission could not get all the books and other documents it asked all the testimony of the English directors was to be stricken out of the case. Chamberlin and Melton, it is thought, will be expected by abandonment of the defendants plan to send a commission abroad.

Home-seekers' Excursions to Western Canada.

The Grand Trunk Railway System will operate through coaches and Pullman tourist sleeping cars to Winnipeg via Chicago and St. Paul each Tuesday, March 4 to Oct. 25 inclusive. No change of cars. Tourist cars will be equipped with bedding and have porter in charge. Berths in the coaches are secured at a low rate. This is an exceptional opportunity for those wishing to take advantage of the remarkably low round trip home-seekers' excursion. The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg and Edmonton, with smooth roadbed, electric lighting, sleeping cars and superb dining-car service, through the newest, most picturesque and most rapidly developing section of Western Canada. Through tickets sold and reservations made by all Grand Trunk agents. Costs no more than by other routes. Trains now in winter operation to Regina, Yorkton and Camora, Sask., also to Camrose, M'ror and Edson, Alta.

Died After Attending Funeral.

KINGSTON, Feb. 24.—(Special.)—Michael Gratton, Chicago, died suddenly. He came to Kingston to attend the funeral of a sister. He was forty-five years of age.

ONE WEEK'S RECORD IN COBALT CAMP

Heavy Shipments From Cobalt Townsite Last Week.—Mills at Full Capacity.

COBALT, Feb. 24.—Over \$23,000 in bullion, nine cars of high-grade ore and concentrates and one car of low, composed last week's output from the Cobalt camp. The Chambers-Ferland still continue to dispatch ore that will run very close to the margin of 500 ounces to the ton, but apart from that, every mine in camp is now concentrating its low grade. The Cobalt Townsite was by far the largest shipper, despatching a hundred tons of high-grade and concentrates and 4000 ounces of bullion. The Drummond output mainly concentrates from the Northern Customs old days, when it was one of the most prominent properties in the camp. It was mining ore that would have been thrown on the waste dump two years ago and making a profit. In addition there have been some nice pockets of high-grade encountered. The discovery in the database at the 575-foot level of the Teniskaming is holding out better than any previous ore body picked up in this formation at the mine. The Silver Cliff Mill was the only reduction plant to be idle in the camp last month, and now that it is working it may be said that the concentrating capacity of the camp has been reached. The low-grade mill at the Nipissing is treating its full complement of ore per day, but the management are saying anything until they have ample data upon which to base conclusions.

STOCK, NOT CASH FOR CHAMBERS-FERLAND

Announcement has been made by Harry Chambers and John Ferland, whereby the controlling interest in the Chambers-Ferland Mining Company will pass to the Cobalt-Aladdin, that the minority shareholders today will receive a dividend of \$1.00 per share. The Chambers-Ferland will be enabled to secure the same terms as those granted the big holders, except that payment of the dividend at \$2.00 per share will be made in the form of Cobalt-Aladdin stock. The minority holders of Chambers-Ferland will have their shares valued at 35 1/2 cents each.

NO DIVIDEND YET ON WETTLAUER

NEW YORK, Feb. 24.—The directors of the Wettlaufer-Lorrain silver mines met today, but took no action on the dividend. After the meeting President Lochart said that the dividend was not considered at this morning's meeting, but that it would probably be considered at an adjourned meeting of the board next Friday.

SPLENDID COBALT MAP.

Charles A. Stoneham and Co. of New York stock brokers, have just issued a new map of the producing area of Cobalt. It is 18 in. by 22 in. in size, and is a splendid example of perfection of the art of map-making. The lines of the map are drawn in a color that is readily located by a distinguisher mark, so that none may mistake between the producing and non-producing properties of the district. The map is engraved and printed, and will be an invaluable work of reference. In addition to the map itself there is given the most exhaustive data on the subject of Cobalt, that has ever been compiled in the form of tables, giving the record of the camp from its inception to date.

TRAIN DISPATCHING BY PHONE.

BROOKVILLE, Feb. 24.—(Special.)—The system of dispatching trains by telephone on the Grand Trunk Railway between Brookville and Montreal is now in operation. The line from Brookville to Toronto is almost ready for use, the only stretch uncompleted being that between Yonge Mills and Lansdowns.

SHEARING THE LAMBS

The New York stock market developed another of its seemingly chronic fits of despair yesterday, and the resultant reaction in prices of the average of stocks dropped to a new low record since the fall of 1911, when the government suit against the United States Steel Corporation, and once again the same pretty skinny fellows by this time—were shocked. Since the first of the month Wall Street has had many a tremor of fear over the outlook and the market values of its favorite securities. Table shows how extensive has been the downturn. It will be noted that the market price of 233 concerns has depreciated nearly eighty-five million since Feb. 1.

THE ROYAL BANK OF CANADA WITH WHICH IS UNITED THE TRADERS BANK OF CANADA INCORPORATED 1869. Capital Authorized \$25,000,000. Capital Paid Up 11,500,000. Reserve 12,500,000. Total Assets 180,000,000. 290 Branches throughout Canada.

INVESTMENT BUYING OF MINING STOCKS

Hollinger at New Record for Month—Talk of Bonus for Near Future.

CROWN RESERVE HIGH

Rose to Highest Level in Years—General List Given Over to Dulness.

With Hollinger at a new high record for the month, and Crown Reserve at its highest price since 1910, the status of the mining market was plainly evidenced yesterday. There was an excellent demand for various of the high-priced issues, presumably representative of investment buying. The cheaper stocks did not show up quite so prominently, though in certain instances it was apparent that traders were willing to bid up quotations if offerings could be obtained. A sharp turn in Little Nipissing, which sold up to 2 5/8, a gain of about one cent, was the only notable exception to the general list given over to dulness. The latter was off to a new low in its level since 1911, was the result of rumors current concerning the company's affairs. It is believed that the Peilatt interests are endeavoring to obtain an interest in the corporation, and that the debts will be paid off, the mortgage taken up, and the property reopened if satisfactory terms can be agreed upon. Late last year the shares were ruling below the one cent mark. Few Features Showed. The general list showed few features, and trading on the whole was slightly more apathetic than usual. Peterson Lake gained a small fraction at 24, but Great Northern, City of Cobalt, and Wettlaufer all showed weakness. The latter was off to a new low in its history at 14 1/2 on the failure of its directors to declare a dividend at their meeting during the day. Great Northern sold at 8 3/4, a new low for the present month. The buying of Hollinger was in response to the talk of a bonus declaration by the company in the near future. It is expected that the financial statement which will go out with the dividend check today will show largely increased profits. The shares sold up to \$15.50, and closed even higher at \$15.65 bid. Crown Reserve changed hands at \$2.70. The report has it that there will be a very agreeable surprise for the shareholders of this company when the results of operation of the mill at the McManney property in Porcupine are made public.

TERMS OF DEAL FOR CITY OF COBALT

Options Shares Will Be Taken Up From Time to Time, According to Report.

It was reported in mining circles that under the terms of the deal whereby an English syndicate will secure control of the City of Cobalt Mining Company, the minority shareholders will receive an average of 54 cents a share for their stock. The proposal is understood to be akin to that offered Cobalt Lake stockholders last year, and the first payment will be made 30 days after the acceptance of the offer. The big interests have already agreed to the proposal, and it remains optional with the minority shareholders whether they will sell their stock or not. It is presumed they will be asked to grant an option on their holdings, and that portions of the option will be taken up from time to time. A special meeting has been called for March 3 to consider the proposal.

SHIPPING ORE FROM KIRKLAND LAKE

SWASTIKA, Feb. 24.—About 600 bags of high-grade ore are ready for shipping from the No. 2 vein of the Foster-Tough-Oakes property at Kirkland Lake. Over 500 bags are already at the Swastika station, and it is expected that a shipment of about 20 tons will be made this week.

SCOTT PARTY WERE VICTIMS OF SCURVY

So Asserts Captain Amundsen—Explorers Could Not Have Starved.

MONTREAL, Feb. 24.—(Can. Press.)—That the disaster to the Scott expedition on its return from the South Pole was due to scurvy, brought on by the result of improper provisions, was the emphatic statement of Captain Amundsen, the Norwegian explorer and discoverer of the South Pole, who lectured here tonight. His statement was made in the course of an interview to local newspaper men. It was only one way to look at the disaster, and that is, they were taken by scurvy. "All this talk of the party having starved to death is tommy-rot," declared Amundsen, "and there is not the least doubt, but that they died as the result of ptomaine poisoning, which was the result of their food having not been properly prepared."

Unique Motor Trip.

KINGSTON, Feb. 24.—(Special.)—S. K. Ainsworth and Ray Stanley, of Toronto, arrived here today, after making a unique trip, in that they came all the way from the Cape by automobile, over the ice. This is the first automobile to cross over in the history of the two places.

The Spring Rains Will Soon Call for Waterproof Coats

In fact, a coat that will shed water is a very present need about twice a week in these late Winter days. Our lines of Rainproof Coats are in good shape now, and many men are already availing themselves of our unusually low prices.

In the buying of our Waterproof Coats for men, great care has been taken to avoid merely showerproof garments. Our imported waterproofs are the best we have ever had, and we emphasize quality and value by a guarantee of satisfaction.

At \$7.00—Seven dollars must seem a very low price for a Waterproof Coat; yet these are of English double texture paramatta cloth, in fawn shade, cut single-breasted style, to button to the chin, with close-fitting collar, full length and beautifully made, and are thoroughly practical. Price 7.00

At \$10.50—Raglan Style Waterproofs are in as great demand as ever. These coats are made from fawn English paramatta cloth, double texture, single-breasted style, to button to the chin, with close-fitting collar, Raglan shoulders, lapped and double-stitched seams, and are guaranteed to be absolutely waterproof. Price 10.50

At \$12.00—For men who prefer something besides fawns and greenish-fawn colors there is a coat made from dark plain gray English paramatta, double texture cloth, single-breasted, to button to the chin, with close-fitting collar, beautifully tailored and guaranteed waterproof. Price 12.00

At \$15.00—Men's Tweed Waterproof Coats, made from light fawn English tweed, with fancy check, back cut Raglan style; intended for any kind of wear, and absolutely waterproof. Price 15.00

(Basement)

The Custom Tailoring Department Announce

A One-Day's Sale, including 150 Suit Lengths—ends of our best English and Scotch Tweeds and Worsteds.

A suit for Spring, made to your measure, tailored in our own shop, will be sold Wednesday for 22.00

The values are all much higher, some up to \$35.00 in original price. The sale is to introduce the department to your notice, and its work is the best recommendation we can give.

(Main Floor)

Boys' Clothing for Hard Wear

The youngster can't be blamed for destroying some kinds of clothes, for the wearing qualities are not always there. Our Boys' Department aims to supply both stylish designs and qualities that will satisfy you in the wearing.
