TIMOTHY EATON IS DEAD

FROM ATTACK OF PNEUMONIA

AFTER A NOTABLE CAREER

Foremost Merchant in Canada, Who Built Up One of the Greatest Retail Enterprises in the World—End Came Quietly After Few Days' Illness—Arrangements For Funeral Tomorrow.

Timothy Eaton, the merchant prince of Toronto, is dead.

People scarcely realized the extent to which the big departmental store entered into the life of the city, socially and commercially, until they came to the usually busy corner and noted the deserted sidewalks, the blank windows and the funeral drapings on the doors.

In this direct and intimate way the death of Timothy Eaton came home yesterday to every family in the city.

An unusual and special scene, his store was the scene, by arrangement of time and enterprise. Until Monday, the public generally will participate in the mourning of the bereaved family, and appreciate, perhaps for the first time, what they owe to the dead merchant.

Mr. Eaton continued his active interest in the business until ten days ago, when he was attacked with the prevalent grippe. No serious result was anticipated, however, until 2 o'clock yesterday morning, when it

heart of a problem with questions which compelled answers yea or nay, and left no room for evasion. He required his answers sharply, too, and left not a moment in settling the issue.

Believed in Short Hours.

The movement for early closing was one with which his name must ever be identified. Some years ago at a meeting of the Lord's Day Alliance, Mr. Eaton said:

"I don't expect to see it in my day, but I hope my children will see it, when on Saturdays all business houses will be closed and the day used for recreation, leaving Sunday for a day of rest and religion." This was no idle word with him, for as far as it was practicable he gave his employees short hours, closing at 5 o'clock every day and during the summer at 4 o'clock on Saturday. He was also liberal in regard to holidays, and his employees were said to average less than the 8-hour day.

A Severe Accident.

He lived and loved a simple life for one of his means. He was fond of a good horse, and met with the worst accident of his life thru this cause, when in 1890 (Sept. 9) he was thrown from a carriage when driving to his farm at Islington and sustained a fracture of the hip. He never recovered from this, and was accustomed to use a stick or crutches when not wheeled in a chair or conveyed in a motor car, which grew to be a favorite method of travel with him. Last summer he spent several months in Great

SIGN OR DESIGN AND GIRLS OUT

While Peace Parley Was in Progress, Company Sought to Force Operators as Individuals to Make Terms.

The "good offices" of W. L. Mackenzie King, deputy minister of labor, and John Armstrong, secretary of the provincial bureau of labor, apparently had the effect of bringing the Bell telephone strike situation to an acute stage nearly 24 hours ahead of time, since about 250 of the operators "went out" at 1 p.m. yesterday.

But the twin are not wholly discouraged by the Bell's treatment of their operators in preparing the draft of an eight-hour day agreement for the operators to sign while the conference between the company and the government representatives was in progress yesterday morning. The suggestion now made by Mr. King and concurred in by Mr. Armstrong is that the girls be allowed to return to work while further negotiations are carried on.

Manager Dunstan declined last night to discuss this proposition, but permitted the plain inference to be drawn that it will not be welcomed at the present stage.

Mr. Dunstan's statement is that two-thirds of the girls are still in the company's employ, but there are 80 outside skilled operators now in the city ready to begin work to-day, and that a contingent of 150 or more experienced girls will arrive this morning. He does not admit that the service suffered appreciably, if at all, yesterday, and gives it to be understood that the company are entirely masters of the situation.

The strikers held large and enthusiastic meetings at the Labor Temple yesterday afternoon and last night. They are in good spirits, believing themselves in the right, and have public opinion with them and the best wishes of the business community is theirs.

Board of Trade to Intervene.

The board of trade, whose intervention in the street railway strike some years ago was productive of good effect, has decided to take hold of the present issue. An emergency meeting of the council has been called for 3 p.m. to-day, and it is expected that should be taken. Intervention by the board is regarded as probable.

It does not know what more I can do, the I am still ready to do everything I can," said Mayor Coatsworth last night. "I have brought Mr. King and Mr. Armstrong to the city and have been trying all day to arrange a settlement. If anyone can suggest anything more to do I will be glad to act on that suggestion, but at present I can see nothing that I can do."

The mayor points out that neither the province nor the city has control over the company, which has a Dominion charter. Some years ago the agreement between the city and the company, whereby the latter paid \$1,000 annually in return for the guarantee of an exclusive franchise, terminated, and the city has since renewed the city not caring to commit itself to a policy of giving the Bell undisturbed sway. Mayor Coatsworth's personal opinion is, however, that a further contract should be signed.

"We have been waiting for years for some independent company to come in and the possibility appears to be further off than ever," he declared, in discussing phone matters.

An Ultimatum.

The strike was precipitated by an order, issued shortly before 1 o'clock, whereby the girls were to sign an agreement to work eight hours a day. The alternative was resignation, and practically all the operators chose the latter course. They gathered in groups before the offices, discussing the matter, and a crowd rapidly gathered.

At 1:10 p.m. Manager Dunstan called James Simpson, who has been direct in the organization work of the operators, into a conference of a few minutes' duration, Mr. Simpson arguing that the girls had acted as they had done to prevent a lockout, and Mr. Dunstan vigorously objecting to the course taken by the girls.

During the morning, Mr. Armstrong and Mr. King conferred in private with Mr. Dunstan. Just what was said is not exactly known, but the order plainly indicated that the company was not inclined to proceed along conciliatory lines.

Manager Dunstan declined last night to discuss in any way the suggestion made by Mr. King, that the girls should resume their work, pending arbitration proceedings.

"I do not feel at liberty in the matter," he explained, "to have any understanding with Mr. King that no statement is to be given the press on this subject at present."

The manager, who appeared to be well satisfied with the progress of affairs, went on:

The Manager's Version.

"The position is simply this: about 1 o'clock the staff that was then on duty on the local board left their positions, some evidently on strike, others, possibly, simply because it was their hour of departure. Their places were immediately taken, and within 5 minutes every position was filled."

The manager explained that these operators, who stopped at the breach, were employed in other departments of the central office, mostly in clerical work, but all had gone thru training as operators and were qualified to act. He was satisfied that the public had not noticed any particular shortcoming in the service.

As to the girls actually on strike, Mr. Dunstan professed inability to fix the number. He thought about sixty of the girls had gone out at noon, but as the shift ended then some might have had the intention of returning. As to the afternoon shift, the absence of a number of the girls did not imply that they had struck, as the crowded appearance of the girls at 1 p.m.

SEN. COX HAS TO TAKE INDEMNITY A RAFFLES, TOO

Cheque Was Sent Him and What Could He Do?—His Colleagues Therefore Hold Him Guiltless.

Ottawa, Jan. 31.—(Special.)—In the senate to-day Sir Mackenzie Bowell brought up the recent indemnity statute, commonly known as the salary grab.

He submitted that the law must stand in need of amendment. How could it be that a senator could draw nearly his entire \$2500 and yet only attend a few days out of the session?

These remarks gave a little concern to Senator George A. Cox of Toronto. Mr. Bourassa had pointed out that the senator had drawn pay during one session at the rate of \$250 a day for the time actually spent in attendance.

But it appeared that the senator was not to blame. He admitted that he had been criticised, but appealed to his brethren to know what he could do. The accountant had sent him a cheque for the money.

Nobody apparently could suggest any way out of this cruel position, except the course that had been taken of turning the cheque into money, and here the discussion dropped.

FELL FROM HOSPITAL WINDOW

Nurse, While Ill, is Fatally Injured at Ottawa.

Ottawa, Jan. 31.—Margaret Cavan, aged 24, a nurse in Water-street hospital, fell from a window of that hospital at 5:30 this evening and was taken from the sidewalk dead. It was a French window thru which she descended. She had been ill with grip a day or two, but doctors had not attended her. The coroner has decided not to hold an inquest. Miss Cavan was a native of Thurso, Quebec.

Henry Rice, Who Says He Graduated From a Montreal College, Arrested for Robbery in Chicago.

Chicago, Jan. 31.—(Special.)—A genuine "Raffles," in the person of Henry E. Rice, graduate of a Montreal, Canada, college, who delivered "Up-Life" lectures in west side churches, is under arrest for a series of burglaries.

Rice came to Chicago three months ago. He is 32 and was popular. A. C. Loebick's shoe store was entered twice in a fortnight, and the safe robbed. Fifty dollars in marked bills was put in the safe, and the police watched for four nights. Their vigilance was rewarded just before day-light.

Rice was caught, and the marked bills found on him. He had entered the store thru a trapdoor from the basement.

"I'm here, and if prior to my arrest, I tried to better my fellow-man, does that make my crime any the more reprehensible?" demanded Rice, when seen in his cell. "I will only say that I did it. I am married, and my wife is in Canada."

IS RECIPROCIETY GOING IN GOAL?

Visit of Secretary Root May Be Explained—The Tariff Under Fire—Protection for Automobile Makers.

Ottawa, Jan. 31.—(Special.)—W. F. Maclean (South York) gave the financial minister a bad quarter of an hour during the tariff debate to-night when he called attention to the pending legislation in the United States congress looking towards reciprocity in coal.

Was this the real meaning of the inter-mediate tariff and could there be any connection between it and the recent visit from Secretary Root, followed by the appearance of our chief justice as the guest of President Roosevelt?

Mr. Foster this afternoon pointed out that a return just tabled in response to an order of the house for correspondence between the justice department and the insurance commission and Mr. Shepley seemed to be incomplete, since Mr. Fitzpatrick ceased to be minister of justice on May 29, 1906, there was not a scrap of correspondence and he could not believe that there had been none.

"The house is in possession of all the correspondence there is," was Mr. Aylesworth's curt reply.

"When the minister of justice says that," replied Mr. Foster, "I am bound, as a matter of courtesy, to accept his statement. But I know absolutely better."

The Tariff.

Tariff occupied the house so much that the schedules were virtually run thru with so far as non-contentious items are concerned. Cotton, wool, coal, automobiles and shipbuilding were among the subjects before the house. As usual only Ontario betrays much interest in the tariff. True, this afternoon, Mr. McCarthy of Calgary pleaded for the sheep industry and did it well, but the representatives from provinces other than Ontario, seem utterly indifferent.

Cotton is allied to wool, and W. F. Cockshutt, Pringle (Cornwall), Elson (Middlesex), Clements (West Kent), and other Ontario Conservatives urged a higher duty on both.

W. F. Maclean (South York) urged a bolder national policy re automobiles. This industry bids fair to become one of the great industries of the world. Why should not Canadians supply the markets of Canada? The present duty on automobiles was 25 per cent. This added enormously to the price charged the Canadian customer, but it did not accomplish the main purpose of protection.

MANY LAWYERS FOR COMPANIES

But Government Had No Counsel Before Railway Committee to Press for Most Important Amendment.

Ottawa, Jan. 31.—(Special.)—Everybody was up this morning to attend the meeting of the railway committee.

Indeed, so general was the interest, and so large the attendance upon this committee, that the session of the house this afternoon awakened but languid interest. The committee met promptly at 11 o'clock, and the room was filled with a noisy crowd, in which lawyers, lobbyists and "clean slaters" far outnumbered the members of the house in attendance.

The matter before the committee was the bill of W. F. Maclean (South York) to place under control of the railway commission sleeping car companies and telegraph companies. Another section contained the celebrated two-cent-a-mile regulation, and a third section dealt with compulsory interchange of local as well as long-distance business between telephone companies.

The only matter disposed of to-day was the first section, dealing with sleeping car companies and telegraph companies. On both propositions the government made a complete surrender, and Mr. Emmerson is pledged to bring in without delay, and as a government measure, such amendments to the Railway Act as will place both sleeping car and telegraph companies under control of the government.

Mr. Maclean, who appeared for the people, insisted upon the various attorneys being called upon to represent the sleeping car companies. Mr. H. Chrysler, K.C., entered his appearance for the G.T.R.; Col. Thompson, for the C.P.R.; T. Chas. Cagran, K.C., for the Pullman Car Company; W. B. Murrich, K.C.; C. E. Lafaur, K.C., and A. Geoffroy, for the Bell Telephone Company; Mr. Drinkwater for the C.P.R., and Mr. Wainwright for the G.T.R., were among those also present.

Less prominent, but more assiduous, were a number of parliamentary agents, and Mr. Maclean called attention to Clive Pringle and Norman Guthrie. They had no right to appear, except by permission from the speaker.

Mr. Maclean presented a strong argument in favor of section 1 of the act respecting the sleeping car and telegraph companies. He pointed out the present anomaly by which one part of a train may be under the control of the railway commission, and another part of the train may not be, under the railway commission. He dwelt upon the Pullman's unsanitary services, their excessive charges and unsatisfactory service. In the United States this company was under control of the government. Why should it be above the laws of Canada?

In respect to telegraph companies, Mr. Maclean called attention to the situation at North Bay respecting Toronto and Cobalt business.

It was evident that the committee favored both propositions, and Mr. Emmerson promised, on behalf of the government, to bring in a bill, and to draft regulations which would subject both sleeping car companies and telegraph companies to the railway commission.

There was some disorder, and once or twice Mr. Maclean was compelled to rebuke the disturbers.

When he started upon the two-cent-a-mile clause, Col. Fiesle became quite restive and said his mind was made up, and that he did not wish to hear any more about two cents a mile. "You are not compelled to remain," said Mr. Maclean. Subsequently the colony explained there was no offence and was only joking about it.

Mr. Maclean had only begun to present the people's case for two cents a mile when it was agreed that this important feature of the bill should go over for further discussion until next Tuesday.

FOUND GUILTY.

Jon. Savigneau Will Be Sentenced for Attempted Murder of His Wife.

Ottawa, Jan. 31.—Joseph Savigneau ("Doctor") in this evening found guilty by the jury in the assizes of injuring with attempt to murder his wife by shooting her. The jury added a recommendation for leniency. Medical men differed very largely as to the "Doctor's" mental condition. Mrs. Savigneau was at the time of the case too hysterical to give evidence against her husband. Sentence will be given later.

The grand jury at the assizes in its presentment endorsed Judge MacMahon's opinion in favor of indeterminate sentences. They also agreed to the feasibility of the probation system for petty offenders, and thought much of the Whitney government's prison farm scheme.

PASTOR BIGAMIST SENTENCED

Says He Married Every Time Spirit Moved Him.

Toledo, Ohio, Jan. 31.—Charged with bigamy, and credited with having 13 wives, Rev. Albert Holden, reported to have two sons also under indictment for bigamy, pleaded guilty yesterday and was sentenced to serve six years in the penitentiary. Holden says he married "every time the spirit moved" him. His courtships always took place during one of his revivals, and his victims were always of those whom he had taken into the church. Just before sentence was passed Holden said to the judge that he had been the victim of brain trouble, and blamed his many marriages on this affliction. He said that he had struggled all his life with the sin of bigamy, but that his prayers had availed him nothing.

In Society.

The monthly meeting of the Women's Art Association will be held in the gallery of the Confederation Life Building on Monday, Feb. 4, at 11 o'clock a. m. Mrs. Dinnick has kindly consented to give a short address on an exhibition.

Mrs. Charles H. Christie, 215 Cottingham-street, will receive to-day, and afterwards on the first Friday of each month.

Mrs. Mabes of Scarth-road is giving a tea on Saturday to introduce her daughter, Miss Mabel Mabes.

Invitations have been issued for the marriage of Miss Gretchen Edith Meyer, daughter of the late H. W. C. Meyer, K. C. of Calgary, and grand-daughter of the late Hon. A. M. Ross, to W. Cromwell Gurney of Toronto, at St. Alban's Cathedral, on Tuesday, Feb. 12.

Montreal, Jan. 31.—The wedding took place this morning at St. Martin's Church of A. G. W. Langtry of Toronto to Miss Minnie Paris, daughter of Mrs. S. Paris. Owing to the recent

death of the groom's father the ceremony was of a quiet nature, only the immediate relatives being present.

Mrs. Frank M. Piper will receive for the first time in her new home, 176 Spadina-road, on Wednesday, Feb. 8, and afterwards on the first and second Fridays of the month.

The following ladies will be the guests of Miss Brent of the Sick Children's Hospital, for the formal opening of the Nurses' Residence, on Tuesday; Miss Rykert, who is in charge of post-graduate work for nurses in New York; Miss Samuel, superintendent of the Roosevelt Hospital, New York; Miss Goodrich, superintendent of the city system of Hospitals, New York; Miss Smith, superintendent of the Babes' Hospital, New York; Miss Wilson, superintendent of St. Luke's Hospital, New York; Miss Henderson, superintendent of the Royal Victoria Hospital, Montreal; and Miss Melkiohn, superintendent of the Victorian Order of Nurses, Ottawa.

Mrs. G. W. Evans gave a large and pleasant tea in her handsome home at 100 Adelaide-st. on Wednesday afternoon. Mrs. Evans welcomed her guests, who numbered over three hundred, in the reception-room, which was beautifully decorated with roses, palms and ferns, and wore a beautiful Paris gown, with some splendid diamond ornaments. The tea was served by a attractive with handsome silver and glistening cut glass, and was in charge of Mrs. A. Edwin Gordon, Mrs. Olive, Miss Frances, Miss Edna, Miss M. Lawrence, Goldsmith, Copeland and Miss Ruby Aikin.

The residence of George Wilson, of Ontario-street, was the scene of a very pretty wedding on Wednesday evening, Jan. 30, when his third daughter, Ethel Robina, was married to Arthur Henry Kirby by Rev. Alex. Esler of Cooke's Church. The bride, looking charming in a cream silk voile, trimmed with point lace. The bridesmaid also looked very pretty in pale blue tulle and silk, trimmed with point lace. William R. Wilson was best man. The bride received many pretty and costly presents.

Thomas W. Holloway has elected trial judge, and the case will be heard next week.

Annual Booth of the Salvation Army will address the Canadian Club here on Thursday evening, March 14.

WANTED CIRCULAR TYPED

Stenographer's Evidence in the Case Against Brantford Mayor.

Brantford, Jan. 31.—(Special.)—The sensational case of defamatory libel charging Mayor Bowby with the publication of a scurrilous circular against his opponent in the civic election, A. G. Montgomery, was given preliminary hearing before Magistrate Woodcock this afternoon. L. F. Heyd appeared for the defendant, and Mr. Brewster for the complainant. Magistrate Woodcock reserved judgment for one week. The chief witness was John Buskard, local stenographer, who swore that Mayor Bowby visited his house on the Friday night before nomination day with a document which contained a circular against those in the printed circular subsequently distributed. He remembers parts of the contents, such as "libelous," and reference to a "deaf and dumb girl," also that Montgomery was said to have been in the police court 100 times. The document was signed "Fathers of Ruined Ones." Buskard refused to typewrite it, and returned it to Mayor Bowby next day. Other witnesses were Mrs. Buskard and her daughter, who corroborated the circumstances of Bowby's visit.

A BURGLAR ALARM.

Police Surround and Search the Rice Lewis Co. Premises.

The police think another attempt was made to rob the warehouse of Rice Lewis & Son, King and Victoria-street during Wednesday night. Shortly after midnight P. C. Johnstone found the ground torn off one of the back windows. A small hole was broken in the glass immediately over the catch on the window. Johnstone sent word to Serge Godes at No. 4 station, who sent a relief squad over in charge of Patrol Sergeants Irvine and Pogue. The building was surrounded and a dozen officers went inside and searched thoroughly without finding anyone.

Mr. Lee was telephoned for and another search was made of the premises. As a result, there is such a large quantity of goods in the warehouse, however, that a number of men could easily hide themselves away.

LOCAL OPTION RECOUNT.

Judgment Reserved on Two Ballots Which Affect Result.

Teeswater, Jan. 31.—A recount and scrutiny of the ballots for local option was held here to-day by Judge Malcolmson of Walkerton, with the result showing 134 for to 49 against, with judgment reserved on two ballots. One was marked for the by-law and had been counted by the returning officer, but it appeared that when the ballot was torn from the stub two blank ballots were torn off and folded, instead of one, and only one being initialed and that not the one marked by the voter. The other ballot reserved was marked on the line.

On the 60 per cent. basis of the ballot as already allowed, local option barely carried.

PRINTER ENDS HIS LIFE.

George Peard of St. Catharines, Ont. of Work, Drinks Acid.

St. Catharines, Jan. 31.—(Special.)—Discouraged by repeated failure to secure employment, George Peard, printer of this city, committed suicide this morning by taking carbolic acid, which he secured several days ago from Scofield's drugstore, saying he wished it for domestic purposes.

He was one of the oldest printers in this district, but being crippled in both his hands and legs, he was unable to get steady employment. He had done very little work during the last two years.

STOLYPIN TO CO-OPERATE AMICABLY WITH ASSEMBLY

Promises Full Freedom in Elections and Adherence to Existing Laws.

St. Petersburg, Jan. 31.—Premier Stolypin to-day issued an important circular to the governor-general, governors and prefects of Russia and the Caucasus, emphasizing the government's desire to cooperate amicably with parliament.

The premier points out that the representatives of the crown are forbidden to take part in party politics, and urges the local authorities to assure full freedom in the elections. However, ever, they must always, interpose against the revolutionary propaganda. Continuing, the premier assures the country that the imperial parliament, "which is the main factor in the regeneration of law and order in the state, and of state principles, will find in the government a sincere collaborator in its fruitful, creative and conciliatory work."

The circular asserts that the government will adhere to existing laws, and desires to develop the zemstvo system and to improve the condition of the peasants, "making it possible for every energetic and diligent laborer to cultivate his own land without impairing the rights of others."

OBITUARY.

E. L. Stevens, grand master of the Masonic Order for the State of Michigan, is dead, at Detroit.

Mrs. Costello.

The death occurred on Thursday of Mrs. Johanna Costello (nee O'Halloran), widow of Patrick Costello, pioneer at her home, 428 Church-street. Deceased, who was 68 years of age, was born in this city, and lived here all her life. She leaves four daughters—Mrs. Thomas Donlon, Toronto; Mrs. Joseph Lalonde, Toronto; Mrs. William Warren, Detroit; and Miss Lillian at home, and two sons—P. S. of Chicago, and D. L. of Oshawa. The funeral will take place on Saturday morning, at St. Michael's Cathedral, where high mass will be celebrated, thence to Mt. Hope cemetery. Mrs. Costello was born in a residence on the site of the present McKinnon Building, on Melinda-street. At that time it was the waterfront. The house had been built there by her father, her mother, who died 16 years ago, was 19 years of age when she was born. Friends in Toronto will mourn her death.

Rev. Canon Burke.

Belleville, Jan. 31.—Rev. Canon Burke, for 28 years rector of St. Thomas' Church, his city, died in Carleton Place on Wednesday night, of jaundice. He was 83 years of age and retired in 1902. He had lived with his son-in-law, Rev. Archibald Elliott, in Carleton Place. The remains will be brought here for interment Saturday afternoon.

RAILWAY BOARD SUGGESTS EXTENSION OF ITS POWERS

Detailed Report of the Operations of Tribunal Since Its Creation a Year Ago.

Yesterday afternoon, in the legislature, the provincial secretary laid on the table the first report of the Ontario Railway and Municipal Board. It is a voluminous document. The powers of the tribunal under the act are described, and much space is given to a review of the serious cases that have come before it since its creation last spring. The board was called upon to intervene between the London Street Railway and its employees, and also to mediate the recent street railway strike at Hamilton. In each case the settlement effected, "according to newspaper reports," was satisfactory to both company and employees, and no further trouble has arisen.

The board dealt with 56 applications, arbitrating many disputes with regard to the annexation of territory, money by-laws and railway matters. Many recommendations are made. To summarize, the board wants more powers as arbitrator, the law should be made clear that a municipality has power to take over a street railway on the expiration of its franchise, the board should be clothed with sufficient authority now possessed by the cabinet to approve of the locations of railways and their stations.

Powers of the Board.

As to the powers of the board, it may act on its own motion or on the request of the lieutenant-governor-in-council. The board has acted on its own initiative in several cases, and will do so in a case of sufficient gravity, or when apparently it is necessary for the protection and safeguarding of the public. The board, however, shall only reasonable to assume that citizens and mayors of municipalities have their own business and are competent to protect their own interests by invoking the intervention of the board. The board, therefore, prefers that some interested parties shall set the law in motion. If the board undertakes to respond to calls which involve matters at pleasure, and without responsibility, it might find itself paralyzed and incapable of effectively working in the public interest. If the board initiated proceedings, it would place itself in the position of public prosecutor, counsel and judge. In many cases complaints were made in reference to matters over which the board had no jurisdiction.

Regarding the question of railway fares, the board gave attention to clause 171 of the Ontario Railway Act, and sent circulars to companies under the jurisdiction of the board, requiring them to submit their tariff of fares. This duty was unaccomplished by reason of the conflict of jurisdiction over electric railways. Railways declared to be for the general advantage of Canada, and sent circulars to companies under the jurisdiction of the board, and are entitled to charge the maximum fare of three cents a mile. The board spent some time in discovering just what railways are under the jurisdiction of the board, and the board modified those railways of the province which are under the jurisdiction of the board, and sent circulars to companies under the jurisdiction of the board, and are entitled to charge the maximum fare of three cents a mile. The board spent some time in discovering just what railways are under the jurisdiction of the board, and the board modified those railways of the province which are under the jurisdiction of the board, and sent circulars to companies under the jurisdiction of the board, and are entitled to charge the maximum fare of three cents a mile.

Municipal Appeals.

Two appeals were heard by the board regarding municipal assessments, and seven appeals were heard regarding the section 53, giving power to deal with the annexation of territory to municipalities. The board also heard some appeals regarding the history of each charter.

Reference is made to the London and Hamilton street railway strikes. In consequence of the board's mediation at London, the men returned to work and submitted their grievances for investigation. Thus, the board has since satisfied, and no trouble has since arisen.

There was the same result, according to the report, from the mediation of the board in the Hamilton strike. The report of the board's mediation at London and Hamilton street railway strikes. In consequence of the board's mediation at London, the men returned to work and submitted their grievances for investigation. Thus, the board has since satisfied, and no trouble has since arisen.

Several amendments to the existing law are recommended. It is suggested that it should be made clear that, at the expiration of a street railway franchise, a corporation has the right to take over a street railway franchise. The report of the board's mediation at London and Hamilton street railway strikes. In consequence of the board's mediation at London, the men returned to work and submitted their grievances for investigation. Thus, the board has since satisfied, and no trouble has since arisen.

ASSAULTED FOUR WOMEN BLOODHOUNDS ON TRAIL

Norfolk, Va., Jan. 31.—A detective started to-day with bloodhounds for Gordonville to run down burglars, who are reported to have entered two residences there last night and assaulted, after chloroforming, two women in each house.

One of the women has revived sufficiently to tell of the assault made upon her while the three others are still unconscious and in a serious condition.

Sues for \$4000.

On Sept. 12, 1905, Albert Hopkins, employed by Fleet, Lowndes & Co., as a cutter, was riding on the bicycle at Bay and Queen-streets he collided with an auto, in which were W. M. Tuckett and Larry Barp Thomas. The man and the bike got the worst of it. He is now asking Justice Clute and a jury to award him \$4000 and costs. H. L. Drayton is appearing for the plaintiff, and E. F. B. Johnston for the defendant.

Hotelmen to Organize.

Windsor, Jan. 31.—A new association, similar to the Ontario Licensed Hotel and Protective Association, but embracing only the western part of the province, is being talked of by hotelmen who believe the present association covers too wide a territory.

TO PREVENT BRONCHITIS or CONSUMPTION

Do not neglect a cold or cough no matter how slight as the irritation spreading throughout the delicate lining of the sensitive air passages sooner or later will lead to fatal results.

If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering.

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other powerful remedies.

It stimulates the weakened bronchial organs, allays irritation and induces inflammation, soothes and heals the irritated parts, loosens the phlegm and mucus, and aids nature to easily dislodge the morbid accumulations.

Miss Belle Campbell, Long River, P. E. I., writes: "For some time I was troubled with bronchitis. A friend advised me to try Dr. Wood's Norway Pine Syrup. So I procured three bottles but it only took two to cure me."

Be careful when purchasing to see that you get the genuine Dr. Wood's Norway Pine Syrup.

It is put up in a yellow wrapper, three pins trees on the label and the price 25 cents at all dealers.

OFF TO WINNIPEG BONSPIEL
Toronto, Lindsay and Brampton Hinks Start Saturday-Games.

Three hinks will leave this part tomorrow night en route to Winnipeg to take part in the great annual curling bonspiel that begins next week. J. D. Fivelle is coming up from Lindsay to-day with his men, Little, O'Connor and Burke. They will play the original Bonspiel rink to-night, starting at 8 o'clock on Queen City Ice.

Owing to illness among their employees the Hinkles were obliged to postpone their trip. They had accommodation all secured and this they turned over to another great family of curling brothers, the Hinks. The Queen's tourists will consist of R. B. Rice skip; M. A. Rice, H. Hanks and J. Fivelle.

Dr. Burns, president of the Ontario Curling Association, sometimes called the sporting person, has not abandoned the Brampton idea of going west, and an excellent rink will also make the trip. They will get a final practice against Flavell on Queen City Ice Saturday morning.

The Tankard finals (weather permitting) will start on Tuesday, Feb. 12, at 8 o'clock in the evening at the Granitic Club at 815 Monday night.

The governor-general's competition will also be held on Tuesday, Feb. 12, in Toronto, the draw being made at 8 o'clock on the morning of that date. The runners-up in the Tankard curling, and such as fall by the wayside in the provincial series are eligible for the governor-general's.

WEST END BASKETBALL TEAMS
Win Games From All Saints' A and B's Teams—Teams and Scores.

Last night the West End Y. M. C. A. Victors also succeeded in handing out a defeat to All Saints (A) team, after a keenly contested match, which at half time stood four points to the victors.

In the second half West End went in to show that they have good staying powers and know where they are going to get and give a good exhibition of how to get it there as often as possible and also keep the other team from getting any of the score would indicate. The stars on each team were:

All Saints—Lewry, Macklen; Centre, Spencer; defence, Fullerton and Edwards.
West End—Forwards, Harris, Dale; Centre, Zetter; defence, Thompson and Ewart. Referee—Catt and Reddock.

City Junior League.

The West End boys and All Saints' boys on Tuesday evening played a City Junior League basketball game on West End ice rink. The game was a very attractive affair, the players would have done for best of senior teams credit could they have made them with a much greater success.

Proceedings started promptly at 8 o'clock, with great success. At the main entrance were the words, "Welcome, U.S.O.F." and over the head of the alleys was the inscription, "The City Junior League, Toronto, Ontario." The club presented a very attractive appearance. Proceedings started promptly at 8 o'clock, with great success.

The following are the corrected scores:
Jennings 126 107 160—448
Anderson 127 109 95—331
McKay 101 125 119—345
Anderson 143 110 253
Green 117 135 115—367
Pember 86—86

Terry McGovern was wonderfully popular with everybody. Terry was a pure strain fighter.
Looking over the list it seems that the quality of the fighting is high, and true fighting aggressiveness, then the qualities developed outside of the ring. No fighter was ever liked by all the people. No fighter ever became famous. And it is hard for a fighter who takes a tug-of-war grip on his bank roll to make people regard him as a fellow to John L. Al Delmont of Medford, Mass., received the Queen's decision over Dankey Hall, on Monday night. The boys weighed in at 112 pounds and went 12 rounds. Up to the eleventh round matters were even, or perhaps a shade in favor of Delmont, but he was knocked out by a right cross to the head, and repeated in a moment later, but thereafter the fighting was over.

A letter from an Australian matchmaker has been received by a Chicago sporting man stating that when Jack Johnson, the champion, is to fight, he will be watched to fight Peter Feltz, also a negro, who has beaten some fairly good men. In the event of a victory over both Squires and Feltz, Johnson would be able to return here in the fall with sufficient prestige to demand a battle with James J. Jeffries, Jack O'Brien or Tommy Burns.

Globe Won From Asylum.
The Globe and the Asylum teams played a friendly game on the T.B.C. alleys yesterday afternoon. The Globe winning two games, considering that they are unaccustomed to the American regulation alleys. W. Beer, with 380, was high for the winners, and Willis with 307, for the Asylum.

Officers' Baseball League.

THREE MORE JURORS GO TO PLACES QUICKLY FILLED

Day of Mild Sensations in the Thaw Case—Attorneys at Odds.

New York, Jan. 31.—Sensations were frequent in the Thaw murder trial today. Before the two sessions of court had ended three jurors had been released from further service in the case, making five in all who have been summarily excused from the trial panel within the last three days. In the case of two of the released jurors no explanation was made in court.

FIREBUG STILL BUSY
TWO OFFICES SCORCHED

Not Much Damage, But Considerable Excitement—Detectives Take Up the Case.

Mysterious small fires are still worrying police and firemen.
Yesterday about 2.30 fire was started in three places on the desk of Lawyer C. E. Macdonald, and in the waste-paper basket in Morgan & Company's office. The damage was slight, and the incipient blazes were easily extinguished with little water.

The strangest part of what caused a small sensation at the time is that Mr. Macdonald's office is on the fourth floor in the west wing, and Morgan & Company's on the third floor in the east wing of the Confederation Life Building, Yonge and Richmond-streets.

J. K. Macdonald called on Chief Grasset, and Detectives Mackie and Kennedy are investigating the case. The fire started by someone who is in the habit of visiting these large offices on business of some kind. It seems to be done for pure mischief, to cause excitement. The fires are started in such a crude manner that indicates it is not the intention to do much harm.

Yesterday morning there was a \$2000 blaze at 7 and 9 Bolton-avenue, occupied by the Canadian Camera Company.

TOBACCO GROWERS' REQUESTS
Deputation, Along With Manufacturers' Prefer Desired Concessions

Ottawa, Jan. 31.—(Special).—A deputation of 200 tobacco growers of Montcalm County, accompanied by a number of manufacturers and members of parliament, waited on Hon. L. P. Brodeur, Hon. Wm. Paterson and Hon. Wm. Templeman to-day in connection with matters pertaining to the tobacco growing industry of the Province of Quebec. The main object of the deputation was to assure the government that the tobacco growers are willing to accept a manufacturer's arrangement of the excise duties. Under the present arrangement an excise duty is paid when the raw tobacco is sold to a manufacturer, but if sold to any other person than a manufacturer there is no duty. The manufacturers claim that this is unfair to them, and the growers are willing to consent to a change. The deputation also asked for the abolition of the green stamp, which is now regarded as a badge of inferiority and an increase of five cents a pound on imported tobacco, making a total of 15 cents a pound.

M. Martin, M.P., Montreal, a manufacturer, was not in favor of a higher duty on imported tobacco to be used in the manufacture of cigars. He said that it was impossible to make a good quality of cigars from such tobacco. Mr. Payne of Granby, another manufacturer, was in favor of the demands of the deputation.

Mr. Labelle, excise officer for Joliette, expressed the belief that a higher duty on imported tobacco is necessary to properly protect the Canadian industry.
The suggestion was advanced that the raw leaf should be sold in future to the holder of a license, and this was objected to on the ground that it would put things too much in the hands of the manufacturers, and was withdrawn.

Hon. L. P. Brodeur promised that his suggestions would receive the serious consideration of the government.

HIGH ROLLING IN CENTRAL
Strollers Make New Alley Record—City and Princes' Scores.

High rolling was the order last night in the Central Bowling Alley, when a new league record was made for a game of 20-10 by the Strollers. Priest and Smith were high individuals in the game, with 223 and 225 respectively. Strollers and Royal Arcanum each won their game.

Princes' Scores.
Smith 154 210 158—521
Bacon 146 162 158—466
Kieley 127 168 156—451

Public School Basketball.
Wellesley school senior basketball boys defeated Dufferin school in the Public School Central Y.M.C.A. League by a score of 28-16. Half time score 21-11. For Wellesley, McEachern scored 9 baskets and Hunter 3. Teams:
Dufferin (16): J. Warrall, C. Cook, P. Leiper, C. Arat, E. Mulholland.
Wellesley (28): B. Byrnton, L. Roddin, M. McEachern, H. Hunter, J. Wightman, A. Blackford.

Class in Steeplechases.
New York, Jan. 31.—The nominations to the Beacon Steeplechase, one of the Sheep Head Bay cross-country fixtures, which closed early this month, show that Thos. Hitchcock, Jr., enters as favorite. He is also his stable mate, Hyla. Good and Plenty has been on the verge of a complete breakdown for nearly two years, but he has been patched up enough at times to enable him to run and win. Few, if any, better jumpers than Good and Plenty.

Scientists Claim Consumption Is Spread By Spitting in Public.

The bacillus of tuberculosis starts tuberculosis in the lungs. These cases, softer and are ejected from the lungs in coughing. A dry cough will spray the air full of these germs, a loose cough will deposit the spurtum on the sidewalks, where it will dry, be trodden to powder, whirled about in the wind for healthy people to breathe, and so start up new plantations of these bacilli. Dr. Knopf says that an advanced case of consumption will eject about seven billions of these germs every twenty-four hours.

It is a murderous practice to spit where others may bring the infection into the houses on shoes or skirts, where it may dry and become a powder, to be sent into the air and breathed into the lungs. If the lungs are sore from colds or any other cause, these germs settle on the sore spot and set up what is called a "mixed infection." This is the starting point of consumption, and prompt treatment is required.

An eminent authority on lung trouble advises the use of the following simple formula, which can be secured from any good prescription druggist at small cost: Half ounce Virgin Oil of Pine (Pure), two ounces of Glycerine, and a half pint of good Whisky. Mix and use in teaspoonful doses every four hours.

It is said that the mixture will break up a cold in twenty-four hours, and cure any cough that is curable. The ingredients should be pure, and to avoid substitutes, they should be purchased separately and mixed in the home of the patient. The Virgin Oil of Pine (Pure) should be purchased in the original half-ounce vials, put up for druggists to dispense. Each vial is securely sealed in a round wooden case, with the name "Virgin Oil of Pine (Pure)" plainly printed thereon. There are many rank imitations of Virgin Oil of Pine (Pure), which are put out under various names, such as Concentrated Oil of Pine, Pine Balsam, etc. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nausea and never effect the desired result.

GOVERNOR WORKED HARD FOR RESCUE OF VICTIMS

Black With Dirt and Soot, Laboring Incessantly—Lady Swettenham a Heroine.

"Jamaican-Canadian" writes The World as follows from St. Ann, Jamaica, under date of Jan. 22: "By this time the news of the terrible earthquake in Jamaica, on the afternoon of Jan. 14, must have reached Toronto, Kingston, our capital, is a thing of the past; the city lies in ruins."

"Hundreds are injured; a Kingston doctor said since the catastrophe that he had seen battlefields, but never such ghastly wounded." Lady Swettenham is working, as nobly as her husband, in the hospital, where she is doing anything from cooking upwards.

"Help will no doubt be sent from the mother country, but she is far off, and so I write this appeal to the great Canadian people, whom I know them to be, to help poor Jamaica in this her crying need."

COBALT --- Estimated Worth of January Shipments Over \$1,500,000 --- COBALT

BROTHER SILVER CAMP... BEING PROMISED... In the Sutton Bay District, Where Two Mines Are Now Operating.

Cobalt, Jan. 31. (Special.)—A new mining district in Northern Ontario, which threatens to rival the far-famed Cobalt camp, is opening up in the Sutton Bay country, situated in Harris Township, lying eight miles east of one mile north of the Town of New Liskeard.

The Casey mountain range, and at the present time, the most wonderful things for the future of the Casey mines. The Casey mountain range is identical with Cobalt in formation. The same lower Huronian conglomerate with diabase contact is found to permeate the district, which lies on the edge of a swamp or the former level of Lake Temiskaming in pre-historic times.

The companies operating are the Cobalt Silver Crescent Mining Company and the Bucknell Mining Company. The Silver Crescent Company is in charge of Herbert Murray, a mining engineer of large and varied experience, which has been gathered in California and at Nome, Alaska.

The Bucknell Mining Company, next to the above claim, is working twenty-five feet. They are erecting a boiler-house, engine and boiler-house, preparatory to establishing an up-to-date plant. The shaft has been sunk to the level of the property, and drifting from this point 60 feet has responded. The vein followed has a good showing of small, cobalt, ore and native silver.

Chas. A. O'Connell, manager of the Green Meehan Company at Cobalt, predicts big things for the Casey Mountain country. O'Connell, with the endorsement of Mr. O'Connell's experience, the Sutton Bay district should before long make a name for itself.

EARL'S DAUGHTER SHOT... HUSBAND HELD THE GUN... FATALITY DURING PHEASANT SHOOT IN NORTHERMBERLAND—LADY DOROTHY CUTHBERT THE VICTIM.

London, Jan. 31.—Lady Dorothy Cuthbert met with a tragic death at the hands of her husband during a pheasant shoot at Beaufort Castle, Northumberland, to-day. The victim was only two yards from her husband, Captain James Harold Cuthbert, when his gun went off by accident. The charge entered her head, and she fell dead on the spot. Lady Dorothy was a daughter of the present Earl of Stratford.

Denatured Alcohol. Agricultural Editor: The home manufacture of alcohol will provide a market for inferior, smutty or rusted wheat. Unfortunately in the good yields of our western provinces there is always a percentage of each class. These unmerchantable grades can be put to the best use when turned into alcohol.

Potatoes throughout Ontario in the past few years have been more or less diseased—a source of loss to both farmer and consumer. It has been demonstrated that pure alcohol is extracted from good, bad, small or overgrown potatoes. The most reliable method of raising to advantage sugar-beets, the by-products of the sugar-beets producing a good yield of alcohol.

The home manufacture of ethyl will enable the Canadian manufacturers of paints, varnishes, shellacs, lithographic glazes, papers, pianos, furniture, and other dyes, straw and felt hats, etc., to produce goods equal to imported goods. The inventions and experience of the past year have shown that denatured alcohol is the cheapest, cleanest, least dangerous and most powerful illuminant for household and public use. As a motor-power for general use on farms, it is gaining favor.

WON'T DISCUSS DISARMAMENT

Washington, Jan. 31.—It is stated authoritatively that neither the question of international disarmament (including kindred subjects of restriction of armaments) nor the Drago doctrine will be placed upon the program of subjects for the Hague conference next June or July.

Increasing Cuban Rural Guard. Washington, Jan. 31.—As a result of a conference at the White House to-day between President Roosevelt, Secretary Taft and Gen. Bell, chief of staff, an order has been issued directing an increase of the rural guard of Cuba from 6000 to 10,000 men. The purpose is to avoid increasing the number of American troops in the island, as originally intended, the native guards being more acceptable to the people.

But the Recoveries in Prices Are Small—Liquidation in Canadians is Heavier.

World's Economic Situation.
Thursday Evening, Jan. 31.
Liquidation broke through the rest of the week, but it has been checked, and Canadian securities today were much more active than they have been for some time. The city was filled with the cry of liquidation, and the selling was much more ardent than it has been for some time. The market was necessarily liquidated at a price which was much lower than the price at which the securities were sold. THE THREE-FIFTHS CLAUSE
EFFICIENT, SAYS PREMIER

Intimates in Legislature That Clause Will Not Be Repealed.

At a brief session of the legislature yesterday afternoon the new opposition leader, Hon. George P. Graham, drew from the premier an intimation that the three-fifths clause of the Local Option Act was "quite satisfactory" and would not be repealed. The first report of the Railroad and Municipal Board created last session was presented. The board outlines what has been done and makes several recommendations of amendments to make more clear the intentions of the government in respect to the powers of municipalities to take over electric railways, street car lines, and other franchises, and to give power to approve of locations of lines and stations.

Three-Fifths Clause.
The leader of the opposition, G. P. Graham, asked the premier if the government was considering the question of repealing the Local Option Act by repealing the three-fifths clause. The premier replied that he had been waiting the results of the voting as recorded in the press, and was satisfied that this condition had proved successful and efficient in the working of the law as now amended. Mr. Graham then wanted to know when the public accounts would be laid on the table.

Mr. Jamieson will ask: Is the government aware that the minister of justice for Canada has introduced to the house of commons of Canada a bill to regulate the exportation of electrical power and certain liquids and gases? If so, is it the intention of the government to oppose the legislation on this point, or do they propose to take in the matter? Mr. Cameron: Bill to amend the Municipal Act.

Mr. McColl: Bill to amend the act to make provisions for the plugging of holes in the walls of buildings. Mr. Clapp: Bill to amend the High School Act. Bill to amend the Municipal Act.

Meat Inspection.
Agricultural Editor: As in the case of human beings, all animals are more or less subject to disease. Science has demonstrated and proved beyond doubt that many of those maladies which afflict the animal kingdom are contagious and that the consumer of diseased meat is easily infected by the same.

Inspection of Packing Houses.
Qualified inspectors should always be present and make a scientific examination of the flesh, blood, and testicles of every animal slaughtered. The good should be the official stamp of the inspector, and the diseased meat promptly cremated.

SPLIT IN FRENCH CABINET OVER BISHOPS' PROPOSAL

Premier Rejects Overtures, While Briand Favors Conciliatory Measures.

Paris, Jan. 31.—The existence of the cabinet is believed to be in danger as a result of the clash in the chamber of deputies last night between Premier Clemenceau and Education Minister Briand, resulting from a radical divergence of views regarding the French bishops' proposition of the modus vivendi.

M. Clemenceau flatly rejects even the discussion of the bishops' proposition, which the parliament is authorized to propose as unacceptable. He will brook no opposition, and at tonight's cabinet meeting apparently carried his point, M. Briand and Finance Minister Caillaux being authorized to determine to whom the gifts and legacies in possession of the church shall ultimately go, in default of the formation of cultural associations.

Chicago Markets. Marshall, Spader & Co. (J. O. Beatty), Chicago, reported the following fluctuations on the Chicago Board of Trade:

Table with columns: Open, High, Low, Close. Rows for Wheat, Corn, Oats, Pork, Lard.

Chicago Cattle Market. Receipts of farm produce were 600 bushels of grain, 40 loads of hay, 4 loads of straw and several lots of dressed hogs.

Chicago Hogs. The bulk of the dressed hogs sold at \$12 per cwt. for 100 lbs. and \$10 to \$12 per cwt. for 100 lbs.

MEGRANTS OF THE RIGHT SORT

London Times Correspondent on the Needs of the Dominion.

Special Correspondence London Times. The subject of emigration was dealt with in these columns lately by another hand; but as it is most closely connected with that of racial and imperial unity, I am compelled to emphasize, in closing, the desirability, in the interest of this country and the entire world, of encouraging emigrants of the right sort.

The man who emigrates need not be either brilliant in mind or over the average in body, but he must be a sturdy Canadian who would like the pick of our home population in both respects.

Canadian men of letters, with their work and their wit, their energy and their courage, are the men who should be encouraged to emigrate.

MEN HIGHER UP, NOT HAYS

Plea of Counsel in Appeal Against Conviction—The Law and the Regulations.

Railway travel at two cents a mile is a question that has been much in evidence before the public and parliament since W. N. Robertson secured a conviction against General Manager Hays of the G. T. R., last November in the Toronto police court for refusing him transportation at the above rate and for running daily trains having third class carriages through the whole length of the line. The Hon. Justice Cummer, in the case, granted a conviction to remain in abeyance, and yesterday it came before five judges at Osgoode Hall. Wallace Nesbitt, K. C., who appeared for the defendant, contended the case was out of the jurisdiction of the police court. In the first place, it was erroneous to prosecute or convict Mr. Hays, inasmuch as the conviction was in the case of the former it would have been equally as reasonable to have prosecuted any of the company's officials, the despatchers, the conductors and station agents, who were the individuals who were actually carrying out the regulations. He considered the case, from a criminal point of view, as a matter of fact, to be in violation of section 138 of the code, and the information based on the interpretation of section 135 of the code, which was a matter of fact to his mind, was repeated by 46 Victoria, chapter 24, section 12, which provided the expediency of railways varying their tolls consistent with equity, and so far as not being done so favors persons or creates monopoly, and so be affected by the passing of bylaws and limitations with the provisions and limitations notified by a necessary order from the government-in-council. The power given to a railway corporation would not extend to a rate of two cents a mile, or otherwise power would be given to vary, especially when, in section 2 of the same act, instructions are laid down as to the methods to be employed in effecting any alteration of tariff. Therefore, this section 13, 16 Victoria, was repealed by the act of 1883, 46 Victoria, chapter 24, section 12, which vested in the directors of the company the power to vary tolls, and which was afterwards carried into the revised statutes of Canada.

The present statutes dealing with questions of rates come into force within the Special Railway Act of 1903, which repeals the acts of 1883 and 1884, and contains no reference to any of them, thus tacitly expressing that all laws referring to railway corporations are contained in the special act of 1903, and that the act of 1883 is now a dead letter. The power given to the government to vary rates is provided for in two clauses provided for—first and second—and it may be interpreted that in this latter case the government can charge more or less per mile than when the act was enacted.

In reply to the bench, that the government taken up the question of having rates reduced on the railways, which certainly indicated that the power did so, Mr. Nesbitt asked the bench to consider the government, if they saw fit, fix rates on all railways at two cents per mile, and having the water right was largely owing to excessive rates being charged in some parts of the province as high as five and six cents per mile. The government had a view of bringing down to the average existing fares charged on the railways in the west. The effect of the act of 1903 was to take everything within itself and embody in one statute information relating to Canadian railways within a single meaning. All previous acts were thereby repealed and rendered ineffective.

Never Repealed. J. W. Curry, K. C., appeared for the plaintiff and submitted that section 13, 16 Victoria, repeals the act of 1883, and that the directors of the G. T. R. were the persons who were actually carrying out the regulations of the G. T. R. How could Mr. Hays compel the company to get third class travel at two cents per mile, if he himself has provided them? He had not the money, he was so inclined, and would require the authority from his board of directors.

County Council. At yesterday's session of the county council, the matter of the appointment of a police magistrate was considered, and the legislature will be asked to appoint one for the town of East Toronto at a \$2,000 salary. School section No. 14, Woodbridge, want an increased grant for continuation classes. A sum of \$800 was granted to the several agricultural, horticultural and farmers' societies. Dr. Irwin, who represented the societies, urged that more attention be given to the younger societies, rather than those longer established. Councilor Pugsley moved the introduction of a bylaw looking to a readjustment of the amounts paid by the city and county toward the maintenance of court-houses. The afternoon meeting of the county council was held at the city hall, and was attended by the following officers: W. A. P. Wood, chairman; W. W. Ellis, secretary; B. Sinclair, treasurer. Mr. Sinclair is entering on his twenty-seventh year of office as treasurer.

The quarterly services in connection with the Methodist Church will be held in the Widdowdale school room, instead of at Newtonbrook, as announced.

North Toronto. A petition was received from ratepayers on Glenwood-avenue at Wednesday night's council meeting, for the laying of a six-inch watermain, referred to the proper officials. Councilor Brown-

At the time she on the occasion the G. T. R. refused to grant transportation at the rate of two cents per mile, and under those circumstances it would be difficult to show he had sustained injury that would represent and require monetary compensation, but, at the same time it was clear she was in a practical way seeking to enforce a public right.

In this particular he would like to invoke section 5, and really considered section 234 was intended to be overridden by the original statute when non-performance of duties was imposed. The legislature surely never intended that the disregard of public rights and the neglect of duty to the public should be reckoned with in such a paltry manner—if he might so express it—by a question of damages.

Altho their lordships might take the view that perhaps the company should have been better advised to insist on the public should be reckoned with in such a paltry manner—if he might so express it—by a question of damages. The legislature surely never intended that the disregard of public rights and the neglect of duty to the public should be reckoned with in such a paltry manner—if he might so express it—by a question of damages.

But when it comes to matters of this kind it is quite different. Here the original statute comes into effect, which the special act had no necessity to provide for. The power given to the government of the Dominion and paid by the Canadian people. The country having carried out its part of the bargain, it was only reasonable to assume the G. T. R. should do the same concerning equity and giving service for the value of the Dominion and paid by the Canadian people. THE ROBERT SIMPSON COMPANY, LIMITED

H. H. FUDGER, Pres.; J. WOOD, Manager. Friday, Feb. 1.

The Sympathy of This Store Goes Out to its Great Neighbor in the Heavy Loss It Has Sustained in the Death Yesterday Morning of Mr. Timothy Eaton.

Men's Day in the Men's Store

Many a man struggles thus far through the winter and hopes he's not LOOKING as shabby as he knows he IS. He hates to buy a new overcoat or a winter outfit of any kind so late in the season and yet postponing the matter is very false economy. He grows shabbier every day and no man can afford that.

We are selling underpriced and therefore cheap, in the true sense, to-morrow.
