#### POLITICAL SERVICE SYSTEM URGED

##### W. F. Maclean Calls for the Abolition of Present Party Patronage Methods.

#### HAZEN'S PROMISE APPEASES INSURGENT, WHO WANTS NEW FISHERIES DEPARTMENT.

Ottawa, June 5.—A strong plea for shortening the civil service of the country from politics and political patronage was made in the house of commons this afternoon by W. F. Maclean (South York) when the house was in committee upon the proposed amendment to the Civil Service Act brought down by Sir Thomas White, minister of finance. The amendments give an increase of salary to all civil servants now receiving \$1200 per annum or less and permit promotion from the third division to the second division without civil service examination. They do not affect members of the outside service, who will probably be taken care of to some extent by a vote in the supplementary estimates before the close of the session.

Mr. Maclean was supported in his contention by Mr. Burnham (West Waterloo) and Colonel Currie (North Simcoe), while Mr. Turritt (Assiniboia) advocated the disfranchisement of members of the inside civil service. There was also in this connection a proposal against the civil service being filed by residents of Ottawa and vicinity to the virtual exclusion of other parts of the country.

House Discusses Fish. Clarence Jameson, Conservative member for Digby, created a mild commotion by moving an amendment going into supply, which is tantamount to a want of confidence motion. The amendment called for the immediate creation of a new department to deal with fisheries exclusively. At present the minister of fisheries is also minister of marine and minister of naval affairs. The amendment precipitated a long debate on fish, in which nearly all members from the maritime provinces participated, and resulted in a similar debate precipitated by Mr. Jameson in February, 1913, which was abruptly terminated by the burning down of the parliament buildings.

Mr. Jameson professed himself satisfied with the discussion and the assurance of Hon. J. D. Hazen that after the war there would be a general recasting of cabinet portfolios, and the (Continued on Page 11, Column 1).

#### Forty-Eight Thousand HUNS HELD IN BRITAIN

Nearly Forty-Three Thousand British Prisoners in German Camps.

London, June 5.—(Via Reuters Ottawa Agency.)—In the house of commons today the postmaster-general stated that the number of British prisoners of war in Germany was 42,431, as compared with 30,710 last year. The number of German prisoners in the United Kingdom was 48,132, compared with 40,851 last year.

Since the beginning of the war the number of postoffice applications for war loan, exchequer bonds and war savings certificates totaled 191,000,000. This had not affected savings bank deposits, which were now \$186,400,000, as compared with \$140,000,000. This, he said, was a remarkable tribute to the financial strength of the country. The announcement was received with cheers.

#### LAURIER MAY ANSWER BORDEN AT NOON TODAY

##### Situation Baffles Politicians at Ottawa, and Conservatives, Exasperated Over Long Drawn-Out Negotiations, Are Showing Signs of Insurgency.

Ottawa, June 5.—Another day has been spent in "talking." Chiefly Mr. Laurier's answer to the question of the political situation, and there is less disposition than formerly to speculate on the final solution. Chiefly Mr. Laurier, who has been in Toronto, is expected back tomorrow, and other reports will probably come in to Sir Wilfrid Laurier by that time, and it is fair to surmise that some announcement may be forthcoming. It is reported on high authority that the Liberal leader has promised to give an answer to the prime minister at noon tomorrow. If that answer is general acquiescence in the idea of coalition, considerable time may be required to work out the details. If the answer is in the negative, it will then be up to the government either to go ahead with coalition under its own steam or endeavor to detach from Sir Wilfrid a certain number of his parliamentary followers from Ontario and the west.

Little Talk of Alberta. Little is heard about the Alberta election, which occurs on Thursday. The Dominion Government has put no money into the campaign and the general impression here seems to be that Premier Eiton will be returned to power. Should the Conservatives by any chance carry Alberta, however, it will make a radical change in the situation. It will be interpreted to mean that the English-speaking people are coalescing on their own account to support the government, and the vigorous prosecution of the war.

#### FOE DESTROYER SUNK BY BRITISH SQUADRON

##### Another Suffers Damage in Running Fight—Ostend Sustains Heavy Bombardment From Warships Based on Dover.

London, June 5.—A German destroyer has been sunk and another damaged in a running fight between six German destroyers and Commodore Tyrwhitt's squadron, the admiralty announced. The German naval base at Ostend, on the Belgian coast, has been bombarded by British warships, the admiralty announced. The British forces were undamaged. The enemy shore batteries returned our fire, but our bombarding forces suffered no damage.

The German destroyer S-20 was built in 1912, and was of 220 tons displacement. She was capable of 22 knots speed, carried 72 men, and was classified as a sloop. One of the enemy destroyers, the S-20, was sunk by our gunfire, and another severely damaged. Seven survivors from the S-20 have been picked up and made prisoners. There were no casualties on our side.

#### ELECTRIC LIGHT PLANT AGAIN HELD BY BRITISH

##### Sir Douglas Haig Announces Successful Issue of Fierce Fighting South of Souchez River—Big Raid Near Ypres.

London, June 5.—A British official communication issued tonight reports a fierce and bloody battle during Monday night, south of the Souchez River. It says also that the electric power station in this locality has been captured by the British. The statement says that the British troops captured the station during the night south of the Souchez River. The electric power station in that neighborhood for the possession of which fierce fighting took place Sunday, is now in our hands.

Tonight's statement by the French war office on military operations is as follows: "The artillery actions have been intermittent along most of the front. They have been more lively on the Belgian front, in the Hurbache sector and on the Valenciennes Plateau. The Belgian official communication reads: 'During the night there was light activity by the artillery in front of Ramscapelle, Dixmude, and Helles. During the day there were several destructive bombardments on the enemy batteries and organizations in the region of Bixchove. In front of Perwez and north of Dixmude the German batteries have been very active and have been responded to by our artillery.'

#### TEN THOUSAND FOR CIVIL SERVICE

##### Registration Day in United States Passes Off Quietly.

##### TURNOUT IS GENERAL

Washington, June 5.—More than ten million young Americans enrolled themselves today for war service. Registration day, with only a few weeks' preparation, saw the first military census ever taken in the United States completed without a single untoward event of consequence.

##### SIX HUNDRED THOUSAND NAMES ARE SIGNED IN NEW YORK CITY

New York, June 5.—Without a semblance of disorder and with every evidence of willingness to serve, approximately 600,000 of New York's sons to 2123 registration places today pledged their names to the nation's roll of honor. The entire city seemed to have sensed the significance and solemnity of the day. Fascists, anti-conscriptionists, "conscientious objectors" and plain "slackers" kept their sentiments well concealed and attempted no disturbance.

##### REGULAR WAGES ASKED FOR ENEMY ALIENS

Ottawa, June 5.—Strict instructions have been given that men of enemy nationality released from internment camps and working in the mines at Cobalt and Porcupine were to have, so long as they obeyed the law of the land, the same wages and conditions as Canadian citizens, and would, therefore, be entitled to the same scale of miners. Hon. C. J. Doherty, minister of justice, today a deputation representing the trades and labor congress and the miners' unions today. Some seven or eight hundred men who have either been released from the internment camps or are registered as aliens are now working in the mines. It was recently proposed to the government and the operators that these workers receive the same wages and conditions as the only the internment camp rate of pay, 25 cents a day, and that the difference between this amount and the regular wages of miners be paid to the patriotic or Red Cross funds. The delegation came to Ottawa to oppose the acceptance of this proposition, and its members expressed satisfaction with the reply of the minister of justice. The deputation included President J. C. Watters, Vice-President James Simpson, and R. A. Rigg, M.L.A., of Winnipeg, representing the trades and labor congress, and the German and William Dufre, of the miners' union; Thomas Moore, representing the carpenters' union; and J. W. Bruce, representing the plumbers' and steamfitters' organization.

Failure on the part of the civil authorities of Toronto to allow the right of peaceful assembly and free speech to anti-conscriptionists will precipitate a multitude of secret meetings upon this city after the manner in vogue in Russia prior to the deposition of the czar, according to the anti-conscriptionists themselves. Delegates at an anti-conscription conference held at 263 Spadina avenue last night drew up a statement outlining their course of action if they should be unable to express their views publicly. Harry Perkins presided. The following is the statement: "We, the delegates to the anti-conscription conference assembled in executive session, Tuesday evening, June 5, desire at this time to make the following statement: "It appears from all present indications that the Toronto civil authorities are either powerless or unwilling to protect citizens in their constitutional rights to peacefully assemble and discuss the question of conscription which Premier Borden had lately announced will be put in force in the near future. "We come to this conclusion after witnessing the indignities heaped upon an assembly of earnest and patriotic men, women and children assembled in the auditorium of the Labor Temple, June 3, by several hundred returned soldiers and their sympathizers who unlawfully and in disregard of every elementary principle of liberty, the right of peaceful assembly and of discussion, proceeded to break up the meeting by disgraceful boisterousness and mob physical force. "We will adopt other methods of deliberation, it is found impossible to (Continued on Page 5, Column 6).

#### PLAN FOR PARTITION OF BELGIUM DELAYED

Attitude of Belgian Officials is Obstacle to Chancellor's Designs.

London, June 5.—A despatch to the Exchange Telegraph from Amsterdam says: "According to the Tagelische Rundschau, the recent visit to Brussels of Dr. Vos Bekmann-Hollweg, the German Imperial Chancellor, to discuss with General Falkenhayn, the German Chief of Staff, the plan for the partition of Belgium, revealed the absolute refusal of the Belgians to have anything to do with it. The plan, therefore, will almost necessarily have to be postponed."

#### TURKS MAY UNDERTAKE DEFENCE OF JERUSALEM

##### German Pressure Said to Have Induced Them to Alter Decision.

Stockholm, via London, June 5.—The Turks have changed their mind concerning the defence of Jerusalem, according to information reaching the Associated Press from a most trustworthy source. Less than a fortnight ago the Turks had decided to evacuate Jerusalem without battle, providing the city was seriously menaced. It has been learned that this decision has been changed at the instance of the Germans, and that the city will be defended.

The return contains copies of correspondence and documents exchanged between Col. Henry R. Smith, sergeant-at-arms of the house of commons, and Mr. Sevigny, the sergeant-at-arms and the justice department and between the justice department and Mr. Sevigny, concerning furniture and ornaments belonging to the speaker's department, which were removed from Ottawa subsequent to the fire in February last year which destroyed the parliament buildings, and sent by him to Quebec. Mr. Sevigny was speaker of the commons at that time. After the matter had been placed in the hands of the justice department the articles were returned.

##### Bishop Sweeney Pleads for Superannuation Fund of One Million.

With an attendance of six hundred delegates, four hundred lay representatives and the remainder representing ministerial delegates, the sixty-fifth session of the Anglican Synod of the Diocese of Toronto opened for a three-days' meeting in St. James' Parish Hall, Church and Adelaide streets, yesterday morning. Much of the first day's business session was devoted to routine matters, organization, and adoption of reports. The observance of holy communion in St. James' Cathedral preceded the business session. The Very Rev. D. T. Owen, dean of Niagara, presided at the sermon at the cathedral last night.

In one of the most interesting charges ever made to the annual meeting of the Right Rev. James Sweeney, bishop of Toronto, who presided, pleaded for the establishment of a fund of \$1,000,000 to be set aside for superannuated and retired clergymen on the grounds that their salaries were inadequate in comparison with the increasing high cost of living and the diminishing purchasing power of the dollar. He emphasized the necessity to Canada of low-rates-interest and expressed the hope that after the war they would be forever abolished in the Dominion. He voiced the support of the synod in any measures passed by the government to further prosecute the war and reinforce Canadian troops at the front. The bishop said in part:

Another Year of War. "We may yet fear another year of devastating war in 1918. Since we met the interval has been eventful in European history, but there is our own country and even less our diocese is concerned. The historic, bloodless revolution in Russia involving the abdication of the czar was one of the most amazing happenings in all (Continued on page 11, column 3.)

##### It Has Dismantled Itself From Revolutionary and Pacifist Undertakings.

Paris, June 5.—The government of Premier Ribot has emerged from the campaign of rumor and criticism which has been going on for a fortnight, stronger than at any time since it came into power, according to the judgment of experienced parliamentary observers upon the decisive vote in the chamber of deputies last night on the peace conditions resolution. The Temps and many other newspapers consider the ministry as now having sufficient authority in the chamber of deputies to enable it to govern strongly, and can negotiate henceforth with the world, whether with allies, friends or neutrals, through official channels, which alone are the right channels.

**L**ATELY ARRIVED from Paris are delectable little neck-ties—lavallieres, made of silk, silver or gold cord, and ready to add a smart finishing touch to any blouse or dress which you feel to be somewhat lacking in character or color. They are hand-woven, and may be had in green, blue, red, gray, rose, flesh pink, sand color, petunia, black, also metallic effects—price, 50 cents each.

If you rejoice in the possession of a slight and youthful figure, and are on the outlook for a smart, inexpensive skirt to add to your holiday wardrobe, you'll vastly appreciate certain new models in the fashionable checked gingham. These are made up and contrived in a simple, full-gathered style, in yellow and blue, pink and blue, and many other combinations of colors. Moreover, despite the fact that they are obtainable at the small sums of \$1.15 and \$2.25, they are made of the famous Anderson's gingham, sure to wear well and wash well.

A small, sturdy spade to dig up flowers or ferns that grow along the wayside and pasture the daisy of Miss who drives in the country—this is one of the latest offerings designed for the convenience of the motorist. It is small in size, and will take up little room in the car, but is strong enough to extract a small-sized tree. The price is 65 cents.

Those who set up their summer camps in remote places where equipment must be light and compact, will be mightily pleased with the capital choice of comfortable chair procurable in various collapsible styles. They may be seen on the main floor in the furniture department. The chairs, reclining "deck" chairs and camp stools, the majority made of birch wood combined with canvas or duck.

The Scribe.

As far as sensible clothes go, there is no reason why this fair enthusiast should not beat the average gardener at his own game. It is an overall with which she may wear the coolest slip of a blouse in her wardrobe, assuring comfort on a warm day. The bloomer and bib-like top are well cut and strong-made, and may be had in khaki or cream drill, or in blue and white, or brown and white checked gaiters. The price is \$2.25.

**A.** "A perfect dear of a smock" is the general verdict regarding this "Betsy Ross" model, with which we begin our story. It is fashioned in white cotton crepe, striped with pink (a beautifully firm, fine quality), with collar and belt of white jean. The feather-stitching and French dots which add a charming touch to yoke and pockets are done by hand in Dutch blue and rose. The price is \$2.75.

**B.** Cool as the proverbial cucumber is this smock "B," for it is made of pongee silk, in natural tan shade, with collar striped with leafy green, blue or rose. It is fashioned in midday style at the neck, with eyelets and silk lace. The price is \$2.95.

**C.** From the Misses' Department come these two smart-looking skirts. "E" is made of the fashionable white cotton gabardine, which washes so beautifully, large patch pockets, and fastening the belt. The sizes in which it is featured are 22 to 26 waist measure, the skirt lengths being 21 to 31. Price, \$4.50.

**D.** Simplicity and good service at a small price are happily mixed in this smock at the extreme right of the scene. Made of strong white jean, smocked at either side with rose and green silks, it differs from its fellow-smocks in that it buttons in coat style from neck to hem. The price is \$2.00.

**H.** Here is an outfit that provides against a cool day, with a trim little Norfolk coat. The bloomers are topped by the usual overall "bib," constituting a complete costume when the coat is cast aside. It is made of khaki drill, and priced, including cap and coat, at \$5.00.

**E.** Such a charming melody of rose, blue and tan as this shirt presents in its ready of waist and color. The ground is tan break cloth—like a French line—the stripes blue and the coin spots that break the stripe at intervals are rose. It is beautifully tailored, being laid in box pleats. The price is \$5.00. At the same amount, too, are numerous other models in striped and checked gabardine, and Paisley patterned, the sizes ranging from 22 to 26 waist measure, and 31 to 33 length.

**F.** When the name of "Betsy Ross" appears on its label, then you may depend you have a smock full of style and individuality. The model above is of this well known New York make, and lives well up to its reputation. It is of cream "Wonder-Lin" cloth—like a butcher's linen, liberally smocked and feather-stitched by hand in vari-colored silks. The price is \$4.00.

**J.** When this interesting gardener goes for her holiday in the wilds she may take this costume along with her for a pair of cream or khaki duck, and the well-tailored blouse and bloomers are as much of a boon for camping as for gardening. The price is \$3.50.

## DEFENSE FORCES ARRIVE AT BORDEN

Men From Toronto and Hamilton Regiments Commence Training Under Canvas.

Camp Borden, June 5.—Without blare of trumpets or music of band, such as marked their departure from the cities from which they came, the C.E.F. men from the Toronto and Hamilton regiments debouched at the camp station this afternoon and marched to the areas allotted them, where, after straw hats had been taken to them, they were immediately set to work putting up tents and getting them into proper military order and neatness. Lowering skies and a hot, muggy atmosphere, with a thin drizzle of rain, which fell in the morning, threatened to make their advent to camp an unpleasant and uncomfortable one, but about 2 p.m. the sun peeped from the clouds and later in the afternoon a refreshing, cool breeze blew up, making work a pleasure. They set to work with a will, the men, many of them, having been in the trenches for some time, and their officer commanding expects to have a corps which will be a credit to any training.

The training will be most practical, and will be carried on as nearly as possible to approximate conditions of the front, as it is on the western front today. The first things to be undertaken will be the inoculation and vaccination of the men, not only for their immediate protection from infection, but also in order that there may be no interruption to the later and more important phases of training.

Lieut. Slater, the veteran bandmaster, will be brought to Borden with the object of forming a camp band, the lack of which is much felt, especially at church parades.

## CHINESE SECEDERS SEEK WAR AGAINST GERMANY

Discontented Provinces Present Five Demands Upon Peking Government.

Amoy, China, June 5.—Five demands are made upon the Peking Government by the seceding provinces of China. These are: The dismissal of the national assembly; the reconstruction of the constitution; the dismissal of the president's advisers; the reinstatement as premier of Tuan Ch'i-jui, and war against Germany.

Compliance with the first two demands is considered the most difficult, but both factions, according to indications here, are confident that a satisfactory compromise will be reached.

By a Staff Reporter.

Ottawa, June 5.—Sir Walter Cassels sat in the exchequer court today to hear a case arising out of a claim by Dr. G. T. Smith of Baltimore, U.S.A., who while employed by the government of the United States on a boundary survey, was asked by Canadian officials to take charge of a smallpox epidemic among the Indians in the Yukon district in 1911. He claims \$14,000 for his services in suppressing the epidemic, covering some nine months in duration.

Dr. G. F. Angus of Ottawa and Dr. Alfred Thompson, M.P., of the Yukon, were called as experts on the value of Dr. Smith's services. Judgment was reserved.

## ITALIANS BEAT FOE IN HARD FIGHTING

Austrian Attacks in Masses on Carso Plateau Break Down.

Rome, June 5.—The war office reports: "There was a brief artillery action and slight patrol activity on the Trentino and Carnia fronts. Fresh attempts by the enemy upon our lines east of Gorizia and on the Vodice Sunday night and during Tuesday were all repulsed. We took 35 prisoners, including one officer.

"On the Carso, after several days of violent artillery preparations the enemy attacked en masse on Sunday night from Dozso, Falli to the sea. Although the Dozso-Falli positions were completely destroyed they were strenuously defended by brigades of the 11th and 21st Regiments, who succeeded definitely in repulsing the enemy after severe fighting, notwithstanding a heavy barrage fire. Prisoners to the number of 62 were captured.

"Our troops gallantly resisted determined enemy attacks from Castagnavizza to the ridges north of Jamiano and by counter-attacks and heavy hand-to-hand fighting succeeded in maintaining their positions near Castagnavizza and Versio.

"South of Jamiano, while maintaining our wing positions, we were obliged to repulse somewhat the centre of our new line to avoid the enemy fire, at the same time carrying out frequent counter-attacks, which established almost completely our previous positions.

Vienna, June 4, via London, June 5.—Today's Austrian official report is as follows: "East of Gorizia, the enemy, on Saturday, repeatedly attempted to reconquer lost trenches. All attacks were in vain. Our captures were increased to 11 officers, 600 men, and nine ma-

hold anti-conscription meetings in the usual and lawful way, it may be necessary to adopt methods used in Russia prior to the resignation of the Czar Nicholas and his bureaucracy of grand dukes and capitalist magnates who ruled that country by soldiers and the organization known as the "Black Hundred." If the civil authorities permit the suppression of free speech and if the soldiers, over whom they do not appear to have any control, refuse to allow us to hold meetings, we will have no other alternative but the adoption of the Russian method used so effectively by all lovers of liberty before it dawned in that country. Secret societies and secret propaganda were quite successful in Russia where free speech and assemblies were impossible under the old regime. We have no doubt that if our constituent bodies are unable to act in unison thru public mass meetings we can accomplish the same purpose by holding scores of small secret meetings and the distribution of literature etc., if we are compelled to adopt those methods.

"We will report later as to whether in our best judgment it is advisable to attempt any more public meetings. In the meantime we urge all our members and those in sympathy with us to use every possible means to lawfully thwart the efforts of those who are attempting to send our young men to fight in Europe against their will and best judgment."

PROSPECTS BETTER FOR GOOD HARVEST

Crops Have Been Delayed One Week, But Are Now More Promising.

According to the weekly report of the Ontario Department of Agriculture issued yesterday the spring seeding has practically been completed, and the crops are delayed in their growth at least one week because of the wet and cold weather of this spring. They are looking more promising than a week ago and give assurance that if the weather is favorable now on Ontario will reap a fairly abundant harvest this fall. The report is as follows: Field Crops. The seeding of spring grains is completed, with the exception of some late sowing of wheat. The catch was never better, and the young fields are looking most promising, altho a week or more later in growth than usual. Full wheat is improving, but it has been thinned out nearly one half in places by adverse spring weather. Clover is also picking up, but it has not grown very high, altho quite stocky, waiting for really warm weather. Alfalfa is doing much better than red clover, but there is no first cutting yet as the season has been so late. A good deal of corn has been got in already, but the cold, wet weather of the week has greatly delayed planting, which is likely to be much greater than usual. Beans will also be extensively planted in some quarters where they have not been raised before as a field crop. Orchard prospects are looking better as blossoming unfolds. Apples and peaches are likely to be light in yield in most cases, but pears, plums and cherries will be more generous in bearing. Bush fruits and strawberries promise good yields. The rainy and otherwise backward weather of the week has arrested the growth of vegetables, but tomatoes are still busy with anad, ruke and beans, and are hopeful of great results. Large areas of early tomatoes have been planted during the week for field culture. Live Stock. The market for horses has been improving. Some heavy animals have been sold during the week at from \$175 to \$250. Nearly all cattle are out on pasture, but the grass is still too short for the best results. Prices for market animals range from 9c to 12 1/2c per pound, according to quality. Many calves are selling at from 7c to 8c per pound. The milk supply keeps well up to normal. The latest offering for cheese in Oxford County was 19c a pound, but little is being disposed of at that figure. Hogs are scarce, but have been slightly lowered in price, being bought at from \$15.75 to \$15.25 per cwt. Sheep are slightly on the increase, and are in good general condition. Wool is now selling at 42c a pound. Folders of all kinds except hay are

WILLS PROBATED

Mrs. Mary Ann Pooley, who died in Toronto on May 14 last, left an estate of \$9870. By her will, dated April 25, 1914, the following bequests are made: \$500 each to her children, Isaac, who is now on active service; Lillian Collins and Violet Williams, of Toronto; Violet Bailey, of Cobalt; and Gertrude Yont of Victoria; \$100 each to Francis Pooley, her grandson, on active service, and six granddaughters living in Toronto.

Suit Arises Over Box Order; Hearing Continued Thursday

Before Judge Coatsworth, in the non-jury county court, the Dominion Paper Box Company are suing the Crown Tailoring Company for \$1429 damages for breach of contract on an order for boxes, some \$689 worth of which had been delivered, and the balance not delivered. The suit is for the total amount of the order. The defence is that the boxes were not stand up to the work for which they were intended, and were not equal to the sample. The boxes were sent out by express to western points, and it is alleged that complaints were received regarding their condition upon arrival. The plaintiffs state that the boxes were according to sample, and any damage sustained in shipment was due to the handling that their product had met with from the express companies. The case will be continued on Thursday.

SUIT OVER INSURANCE

Livingstone and Scott Sues Company to Recover Fire Damages Justice Latchford, in the non-jury assize court yesterday, reserved judgment in the action of Livingstone and Scott, manufacturers of ladies' wear, to recover \$1,527 damages alleged to have been incurred thru fire to their premises from the British American Fire Assurance Company. The defendants claimed that the plaintiffs refused to proceed with an appraisal of damages and that in their opinion, \$400, an offer made but not accepted, was sufficient to cover all loss.

DRUGGIST IN COURT

The purchase of two bottles of port wine from a drug store kept by Joseph Springs led to Springs' appearance in the police court on a charge of selling liquor, and James O'Brien, the purchaser, appeared on a charge of drunkenness. Analysis of the wine showed it to contain 21 per cent alcohol. The case was adjourned till June 8.

CHARGED WITH WOUNDING

Charged with wounding Richard Thatcher with a rifle on Innes avenue recently, Charles Casey appeared in the police court yesterday and was remanded till today for sentence. The evidence submitted showed that the shooting was the result of carelessness on Casey's part, and that there was no malice.

HOTELKEEPER WARNED

W. J. Rosar, manager of the Tremont hotel, was brought before the Ontario License Board yesterday because of complaints that liquor was being sold around the hotel. The board was of the opinion that Mr. Rosar had not taken sufficient precaution to prevent this, but was allowed to go with a caution to watch more carefully in the future.

Grand Trunk Railway System, Camp Borden Train Service

Grand Trunk now operates trains to and from Camp Borden station, connection being made with trains leaving Toronto 8.05 a.m. and 5.00 p.m. into Camp Borden; returning trains will leave Camp Borden 6.50 a.m. and 4.25 p.m., arriving Toronto 10.50 a.m. and 8.00 p.m., respectively. Dining car service on trains leaving Toronto 8.05 a.m. and arriving Toronto 10.50 a.m. and 8.00 p.m. Full information at all Grand Trunk ticket offices, or C. E. Horning, D.P.A., Toronto, Ont.

WANT DIFFERENCE IN SALARY SQUARED

Teachers Who Went to Work on Farms Required Substitutes.

A deputation representing the Toronto Teachers' Association waited on the board of education yesterday regarding the payment of the occasional teachers who took the places of those who temporarily went to work on farms. Apparently there was some confusion as to whether the teachers were to pay for this help themselves. C. G. Fraser, of Manning Avenue School, stated that he appeared before the board and stated that certain teachers are allowed to serve on the same basis as the boys who are overseas, that is, they get their salary less the amount paid by the farmer, but it had not been suggested that the teachers were to pay for help out of their own pockets. One teacher pointed out that if he had to pay \$10 a week on the farm, he had to pay \$3 a day for an occasional teacher he would have been out of pocket. It was finally decided that each individual teacher put the case and the board would consider the matter.

RETURNING FROM JAPAN.

Rev. P. G. Price, formerly of Toronto, and since 1910 an active worker in the Methodist mission field in Japan, sailed from there on May 26, and is expected home in the course of a few days. Before sailing up mission-courier, he was connected with a law firm in this city. He is a brother of Lieut.-Col. Price of the 204th Battalion.

CHILD'S SEVERE STOMACH TROUBLE

Harrison (Ont.) Father Says Dr. Cassell's Tablets Saved His Child's Life.

Mr. Corby, Harrison, P.O., Ont., writes: "Our little girl was weak from birth, and the two best doctors' medicine and other things she got no better. She just lay in her cot and cried, and neighbors all said we could not save her. The doctor said she had stomach trouble, and that her chances were small, yet Dr. Cassell's Tablets cured her. They have been worth their weight in gold to us, for we were just giving up hope of saving our daughter. I don't think there is any other medicine for children like Dr. Cassell's Tablets. Publish this letter if you like. It may help others as the Tablets helped us."

HELD ON THEFT CHARGE.

Michael Fairhart, 182 West Queen street, was taken into custody yesterday afternoon by Detectives Murray and Guthrie on a charge of stealing a tarpaulin from the Shelden Forwarding Co., while Gattass Aziz, 15 St. Patrick street, was arrested on a charge of receiving the same. According to the police, after the tarpaulin was stolen the name of the Shelden Company was obliterated and the name Quick Service Carriage Co. was made under which the two men are said to trade, substituted.

CHRISTIAN WORKERS' MEETING.

The board of managers of the Methodist Training School of Christian Workers will meet in Victoria College library on Tuesday evening, June 12, to review the past year's successful work and to make plans for the coming year.

CHOIR OF TWO THOUSAND.

The school trustees have granted the request that Mr. Lew Rees, supervisor of music in the public schools, be allowed to train a choir of two thousand school children to sing at the great Canadian National Exhibition.

WILL BE LAWSUIT OVER STABLE PERMIT

Residents of Huron Street and Grange Avenue Appeal to Property Committee.

Many residents of Huron street and Grange avenue appeared before the property committee yesterday afternoon and protested against the granting of a permit for the erection of a stable at the rear of 39-41 Grange avenue. They contended that the erection of a stable was in violation of the residential bylaw. Joseph Singer, solicitor for the applicant, said the stable was to be used for private purposes, and that his client had the right to build under the city bylaw. T. E. Essey of the city solicitor's department told the committee that there was a case pending in court in connection with the matter and advised that it be left in abeyance. The committee agreed to the suggestion. Aid. Bell gave notice that he will move for the revision of the fire limit bylaw. The bylaw making Pape avenue, Withrow avenue and other cross streets residential thoroughfares was allowed to stand until Pape avenue residents are polled to ascertain if they want the street strictly residential.

Would Pull Booth Down To Protect Storekeepers

Chairman Aid. Gibbons told Aid. Fenwick at the meeting of the parks committee yesterday afternoon that his objection to the renting of a refreshment booth in Kew Gardens to Bulmers, Limited, was a matter of "vote catching." The recommendation to rent the booth had been referred back to the committee by council on the strength of Aid. Fenwick's statement that other prospective tenants but no one appeared before the committee with reference to a lease. Aid. Fenwick stated that the city was encouraging Bulmers to compete against other refreshment booths in the district and rather than allow such competition he would pull the booth down. The committee, however, favored renting it to Bulmers and again sent the recommendation to council. A deputation complained that the parks department was paying painters, some of them returned soldiers, only 40 cents per hour.

First Trip Boboaygon Week-end Train, Saturday, June 9.

Canadian Pacific Boboaygon week-end train will make first trip of the season, leaving Toronto 1.30 p.m. Saturday, June 9, due Lindsay 3.50 p.m. and Boboaygon 4.30 p.m. Returning, leave Boboaygon 8.00 p.m. Sunday, June 10, Lindsay 8.32 p.m., arrive Toronto 10.50 p.m. Train will stop at principal intermediate stations on Canadian Pacific ticket agents, or Mr. W. B. Howard, district passenger agent, Toronto.

AID RESOURCES COMMITTEE.

The Organization of Resources Committee of Ontario has secured the services of Prof. T. L. Walker and Prof. R. B. Thompson, who will work with the organization during the whole or part of the summer. Prof. Thompson will go to Ottawa, where he will assist the Ottawa committee in its work in the Ottawa Valley.

ADVANCE IN WAGES.

About 1500 employees will be affected by the granting of an increase of five per cent in the wages all round to the employees of the Massey-Harris Company in Toronto and Brantford. According to the officials of the company, this is an advance in wages of about 12 per cent, in three months.

MOTOR FIRE ENGINES FOR NORTHERN ONTARIO

Government Takes Steps to Prevent Repetition of Last Year's Disastrous Fires.

The Ontario Government has established four large motor vehicles equipped with fire fighting apparatus at four points in Northern Ontario—Cochrane, Matheson, New Liskeard and Englehart—for the purpose of preventing a repetition of the disastrous fires of last summer. According to the new regulations in certain districts the permission of the fire ranger must be secured before a fire may be started, and it is illegal at any time to burn slash without a permit. The spring in the north has been unusually dry, with the result that many small fires have already broken out, particularly along the lines of the Transcontinental Railway. One chief ranger stated that his staff alone put 110 fires this spring.

CITY HALL NOTES

The parks committee has set apart the athletic field at the island as a summer camp for returned convalescent soldiers. Controller O'Neill has a proposal to compel everybody to send a statement as to the amount of his income into the assessment department. The majority of the members of the city council have stated that they are not in favor of an investigation into the affairs of the building department of the board of education without some specific grounds. Aid. Singer stated that the council could not investigate the open air before a county judge.

EMPLOYING ALIENS.

Many complaints were lodged at the Labor Temple yesterday by a number of business agencies that foreign labor was displacing the citizens. It was stated that the employers in the printing and painting trades seem to be the chief offenders, and there is a movement on foot to have the building trades council deal with the matter. Welcomed home by a large crowd of relatives and friends, 160 returned soldiers arrived at North Toronto station. Rev. Major Dixon, Rev. Dr. A. Turnbull, Aid. Ramaden, Aid. Ryding, J. Warwick and W. Banks, Sr., were among those who were at the station. Brief addresses of welcome were given at the Spadina military hospital by Aid. Ramaden, W. Banks, Sr., and Rev. Major Dixon.

OVERSEAS DRAFT FOR CAMP BORDEN

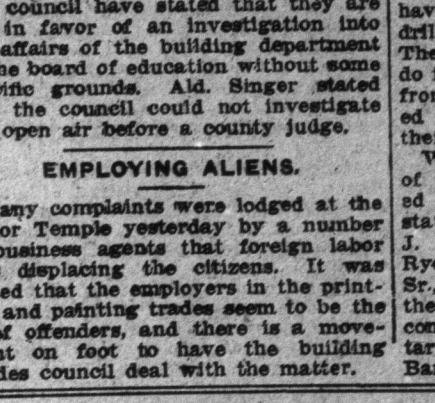

Cyclists Open New Headquarters to Recruit Men for Patrol Work.

Lieut.-Colonel Pote sent a draft of 50 men, of the 109th overseas unit, to Camp Borden yesterday morning. The men looked smart and are keen for early orders to go east. Every one of them enlisted in the first instance as O. S. men. They went north under Lieut. G. H. Catton and Lieut. W. H. Goodman. Sergt. Marshall began his duties as bayonet fighting and physical training instructor, at Toronto. He was one of the first members of the 109th regiment overseas unit recruiting class yesterday. Sergt. Marshall, in consequence of his new appointment, comes for the second time under command of Lieut.-Col. Pote. He was one of the first members of the 109th regiment to volunteer for active service overseas and went with the 95th battalion. Lieut. W. A. Pote, commanding officer of the Toronto divisional cyclists, opened new recruiting headquarters yesterday at 129 Bay street. The cyclists are recruiting a platoon of 40 men to go to Camp Borden. Half of that number have been enrolled. The cyclists have physical training and squad drill every morning at Bayside Park. They sent a draft a few weeks ago to intelligence and patrol work at the front and the platoon now being raised will go overseas promptly after their training at Camp Borden.

A Possible Miracle.

There appears to be little doubt that a new phase of the campaign in France is about to open. The Germans are as nervous about it as might be expected after the results of the Somme and Vimy Ridge. The latter has been celebrating its victories and the triumph of his Australian allies over the Italians. He evidently believes in celebrating while there is yet time. A few more such victories will put him past celebrating.

Mr. William Robertson's request for 600,000 more men before the first of July would indicate the ability of the British forces to continue up all that time according to schedule. We may suppose then that Sir Douglas Haig has one, if not two, more shots in his locker. We leave the assurance of Col. Maurice Gwynne after Vimy Ridge that the next smash would be on a vaster scale than any preceding one.

No doubt Hindenburg would like to know where the smash will come. The French are by no means all in, and they may undertake, as before, alternate blows with the British, or there may be a general attack along the whole front, with a special smash in an entirely new quarter. The bombing raids of the R. F. C., in the northern territory, are significant, but similar operations are carried on along the whole line. The activity of the fleet on the Belgian coast is of more weight, perhaps, as an indication of what is intended, but this also may only be strategic feinting.

Nothing short of a miracle could bring the war to an end with a military decision this year. Are there any miraculous elements present? The only thing that could be construed into one is the appointment of General Brusiloff to the chief command in Russia. It is unlikely that he would have accepted the position without guarantees of support, as he had already resigned with the policy of the amateur revolutionists.

Brusiloff has nothing but his reputation and his patriotism, which are enough for any man, and too much to throw away. It is possible that he has received such assurances as have convinced him that he is not throwing away his labor in accepting the chief command.

Should Brusiloff be able to rally the Russian armies sufficiently to attack the weakened eastern front, the miracle might be wrought. Once the German lines are broken, either east or west, it will be a matter of time before the German morse is gone. The Russian Cossacks or the British cavalry may be trusted to do the rest.

We have been speaking of a possible miracle. The ordinary miracle of the war is to raise sufficient troops in Canada to keep our divisions at the front up to strength. If we do this we may abide the issue.

Tell the People. It has been unaccountable to many people for a year or more that the government did not put the ordinary law of Canada in force and carry on the war as both parties had agreed to do in what are called the plating times of peace, presumably because pipes are then laid extensively by people who have nothing to do with sewerage or plumbing.

It appears to have been overlooked altogether that the Canadian nation in parliament assembled had agreed upon the means by which in emergencies military forces could be raised. The means are explicitly stated on the statute book. They are the law of the land. All Canadians alike are bound by these laws. Immigrants of whatever nationality were aware, or should have made themselves aware before entering into citizenship, that they were bound, under these laws, unless they were Doukhobors or Menonites, to render military service at the call of the government. There is no provision for voting or asking consent. All that was settled twenty years ago. Mr. Simpson and his friends are putting themselves outside the law if they resist the call of the government to service under the ordinary law of the land.

We have frequently for the last year or more, asked for the declaration, as provided by statute of the Militia Act. It is a pity that it was not proclaimed last fall. It may be that both parties will even at this 11.45 period agree to go to the simple and natural thing which they agreed to do more than twenty years ago. If some sudden wave of sanity and strength should strike down upon our political leaders, and inspire them to do the right and inevitable thing, we believe the people of Canada would come to their senses and forget all the piffle of the last few months.

There is very abundant evidence that the people do not understand the true situation in which humanity at this juncture finds itself. There has been little explaining done to the simple and nervous folk whose ideas of war are chiefly a shuddering horror of something afar off. They do not understand that under certain circumstances, far from inconceivable, all that shuddering horror might within two weeks be transferred from Belgium and France to the provinces along the St. Lawrence. The subjection of Belgium, Poland, Serbia, Rumania, Montenegro, Armenia, would be paralleled in Nova Scotia, New Brunswick, Quebec, and slowly spread westwards thru Ontario to the prairies. Had Britain not stood shoulder to shoulder with France this would not have been possible, but a certain surety being the infants of 1814 arrived at maturity. Not only would it be a certainty, but Germany still intends and plans that it shall be a certainty, and will attack at this time in order to make it so.

If these things were made clear to the people by the government and the opposition in their literature, instead of flooding the mails with partisan recitals of war scandals and "inside stories" of the enormities committed by party leaders, we believe the people would begin to understand the need of being loyal to the law of the statute, and of obeying the Militia Act in spirit and in truth.

The plain fact is that those who oppose its operation at the present time are rebels and traitors to the country, and the weakness of those who hesitate to state and enforce the law tends to create a lawless situation.

Coal or Sheepskin? Coal is still troubling the mind of the average provident citizen. The better-to-do class have their collars full, no doubt, but those who cannot sleep down \$70 to \$100 for winter luxury in the month of June have that uneasy feeling around the solar plexus which some people call conscience, and others, nervous prostration. It has affected Mayor Church so badly that he has gone to the United States with a passport photograph and Crown-Attorney Corley to see him thru and help him to bring home 600,000 tons of the black diamonds, or perish in the attempt. We trust he will succeed.

The success of the coal campaign depends, however, on the railway situation, and this, rather than conscription, may be the disturbing factor in the Ottawa situation. If the people of Canada do not get the railway situation cleared up and in their own hands before next winter, the coal crisis will be far more acute than the conscription issue. Without coal in Ontario a sheepskin in France will look like a happy home to the sorriest shirker in the province.

Slavonians and Conscription. Editor World: The writer begs to express his entire approval of your editorial of today, entitled "Loud Words and Empty Hands."

As far as those aliens known under the name "Slavonians" are concerned, the writer entertains no doubt in the least that all those men are willing to support any government measure and ready to stand with all their heart by the Canadian flag.

As I have explained in one of my previous letters, published in your paper (April 23), all those peoples, known under different names as Czechs, Poles, Ruthenians and Slovaks, are of Slavonic origin, same as Russians and Serbians, and have never been regarded as pro-Tiensins, also some of them, as for instance Poles, were a bit suspicious of Russia. But, since the Russian revolution, this people lost no time in expressing their wholehearted pro-Allies, as it was announced the other day in all the newspapers that Poles are organizing a strong movement in Paris to support the allies in every possible way in the present war.

As for Serbians, Croats and Slavonians, I hope there is nobody in Canada doubting their loyalty to this country. Moreover, ever since our national hero, Colonel Milan Pribichevich, of the Serbian army, started a volunteer campaign in this country, thousands of these people left the shores of this country for the allies' legions on the battlefield. Only yesterday I saw a Serbian soldier in the Chas. Proctor, of the Grand Trunk Railway system, that about 70 of these volunteers left Winnipeg directly for the front, to be stationed in the camp in Lewis, and on the next 23th, on the Serbian memorial day, "Vidor Dan," according to preparations already on foot, thousands of these men are ready to follow.

And all these men are no Serbians, for there are but very few Serbians from Serbia proper in this country, but "Slavonians," as you call them, and, moreover, Austro-Hungarian or German subjects.

And all these men are only too proud to fight for the allies and this country, as the writer is firmly convinced that many other immigrants of alien races would do the same, if the attention was paid to them; for this gigantic battle is not only fought for the nationalities and races, but for the protection and attainment of those sacred principles of humanity and justice which every true man is always ready to sacrifice his own life.

THREE WOMEN ATTACKED. Vancouver, June 5.—Asserting freedom of thought and liberty of action on which three speakers had dwelt with utmost feeling for some two hours, members of a rabid anti-conscription element at last night's "anti" meeting assaulted three women while the latter were standing at the close of affairs singing the National Anthem. The women were relatives of men at the front.

Opportunities. To the man with a little available capital there are constantly being presented opportunities for profitable investment, for increasing, and sometimes multiplying, that capital. How many such opportunities there have been since this Corporation was established into eight years ago! How many there have been in the experience of every man, young or old! And in this "growing time" there are, and will be for several years, many more opportunities than there have been in the past. Are you prepared to avail yourself of them? If not, prepare yourself. The saving of the small sums is the creation of capital. We receive the small deposits as readily as you can make them. The compound interest on every dollar at three and one-half per cent. One dollar earns an account. Begin today.

MacMillan Party Discovers Non-Existence of Crocker Land.

GREAT GAME COUNTRY

Expedition Reports Abundance of Arctic Animals—Food Till August.

New York, June 5.—The first detailed news from Donald B. MacMillan, head of the so-called Crocker Land expedition, announcing that he and his companions had only enough supplies to last them until August: of this year, and urging that another relief ship be sent to them, was received here today by Dr. Henry Fairfield Osborn, president of the American Museum of Natural History. It was announced that the steam sealing vessel Neptune, chartered recently by the committee, probably would sail about July 1 from Nova Scotia under command of Capt. Robert A. Bartlett for Etah.

MacMillan Heard From. The message from MacMillan, which was written about the middle of February, was transmitted thru the American minister at Copenhagen by Dr. Harrison J. Hunt of Bangor, Maine, surgeon of the expedition, who left the MacMillan party and reached Godhavn in the Faroe islands. The message said:

"All well at Etah headquarters, Crocker expedition. Relief ships of 1915 and 1916 failed to reach us. Dr. E. O. Hovey and Capt. George Comer arrived by power boat from North Star Bay in September. Will spend year with us. Hunt and Ekblaw proceeding to Copenhagen. Have good warm house, plenty of fuel and adequate supply of food until August 1917. A third insufficient attempt at relief will compel us to resort to Eskimo mode of living—an igloo for shelter, skins for clothing and meat for food."

"Plans for 1917 trip carried out successfully. Left Etah March 22 with seven Eskimos, eight sledges, eighty dogs for exploration of Finlay Land, the kind Christian island of Svardrup. This land was seen about a year ago by Franklin search expedition, but as far as I am able to learn has never been visited by white man. Plan to get back before Smith-Sound broke out in spring. Crossed Ellesmere glacier by old Eskimo path to height of glacier to altitude of 4000 feet, descending into the head of Bay Fiord."

"Passed thru wonderful game country—wolf, caribou, musk-ox, seal, hare, arctic hare, lemming, fox and polar bear. Sledding surfaces thruout trip excellent. Secured sights for longitudes and altitudes of all important points. Also line of azimuths of bears and magnetic meridian to 103rd. Much coal all thru this region. Evidence of recent uprisals on all shores. Large numbers of bears and musk-ox kept dogs in good condition. Two sledges sent back to headquarters with specimens of skins for American Museum from Eureka Sound, and two from cape southwest of Axel Heiberg Land. Game failed, however, from lack of food on shore."

"Reached Finlay Land April 19. 29 days from Etah. Slopes very low, with drift prevented us from hunting or making extended observations on survey of coastline. On 23rd, weather cleared sufficiently for us to obtain good sights for latitude, longitude and

Real Estate Notes

In the Oakwood district building operations still continue brisk. Miller and Son have under construction six small dwellings on Dufferin street, and a like number will soon be under way on Renhold and Lauder avenues. Jeffery and Seckett, who operate exclusively in the Oakwood district, state that the buying of house property is keeping up and reports the sale of several houses during the past week. Enquiries for vacant land are becoming more numerous. Mr. Jeffery looks for continued activity in house buying. Mr. Bowman, of the City Realty Co., states that there is a good demand for houses for rent, and the houses buying proposition is still brisk. He says he sees no reason why the present condition should not continue. J. Moon, real estate agent, St. Clair avenue, states that there is still a good demand for house property and reports the sale of five houses in the Earlscourt district for Mr. Cowell, as well as three others on Westmount avenue north, McKay avenue and St. Clair Gardens, averaging \$3,000. Mr. Moon also states that there is a growing demand for the six and seven room house.

Recently a number of enquiries have come in for vacant land from builders for building purposes. The apartment house being built by W. P. Levack on the corner of St. Clair and Renhold avenues is being rushed to completion and will be ready for occupancy by September 1.

Building permits yesterday: United Warehouse Co., alteration to warehouse, corner Trinity and Mill streets, \$1,000; Rosary Hall Association, two storey brick addition to hall, John street, \$1,000; Roberts Bros., three storey brick apartment house, Arthur street, \$4,000; A. J. Hoydon, alteration to store front, Dundas street, \$400; Canada Pipe and Steel Company, office and storage building, Church street, \$800.

HONOR DEAD STATESMAN.

Special to The Toronto World. At ten o'clock tomorrow the executive officers of the Liberal-Conservative Association, and a number of members will go to Catholic cemetery to decorate the grave of the late Sir John A. Macdonald.

CANADIANS REGAIN ELECTRIC STATION

Germans Also Find Position Untenable on Contested Ground.

(By Stewart Lyon) Canadian Army Headquarters, June 5.—The electric light station south-west of Lens for the possession of which two fiercely-contested engagements have taken place and where many hundreds of German, British and Canadian soldiers have been killed and wounded, appears to be safely within the Canadian lines this morning.

The German guns turned on it on Monday afternoon in fairly conclusive evidence that the enemy had found it untenable upon his return on Sunday night. Early this morning the Canadian troops holding the trench in the vicinity of the station pushed out to the east of it.

The situation is not quite clear on the front, but generally it was a very lively night. The enemy dropped bombs behind the lines, and also sent out a raiding party, which was discovered before it reached our trenches. It was driven off, leaving five dead or prisoners. They were able to carry off the wounded.

azimuths. Compass needle at last camp pointed almost due south. Lack of dog food compelled retreat. "We then swung south for exploration of North Cornwall, which was seen about 1850. Tracks here of musk-ox, wolves and caribou. Mapped northern, eastern and southeastern shores of Finlay island; much larger than recorded and very different in shape. Discovered five islands off its shores, also good-sized island off eastern coast of Amund Ringnes island in latitude 78 deg. 14. Built cairns and trigonometric points on the ice on the trip. Many seals on the ice on the return furnished plenty of meat. Reached Etah May 15, crossing from Victoria Head to Amurlok. Time, 66 days, 1,850 statute miles. "Members of expedition have done good work in botany, geology, glaciology, ornithology, ethnology, archaeology, photography and meteorology. Very fortunate in securing two sets of eggs of the knot, which were found by Dr. Hunt at Umanak. Captain Comer has obtained some very favorable results in archaeology at Umanak. He will continue his work at Etah and vicinity until the arrival of the ship in 1917. "Dr. Hovey has begun work in geology, stratigraphy and glaciology. Extensive plans for future exploration in spring. Work to begin about March 1. I can have large number of dogs, walrus meat for food, whole wheat biscuit permit for trail. Sun now well on way south, having left us on October 24 for 118 days. Men all happy and confident of good health."

URGENT DEMANDS BY WAR VETERANS

"Combing" of Civil Service for Military Eligibles Strongly Urged.

PREFERENCE REQUIRED

Confiscation of Incomes and Wealth Over Reasonable Needs Also Demanded.

Ottawa, June 5.—Important resolutions were adopted by the Great War Veterans' Association today to the parliamentary committee on returned soldiers. Among the recommendations of the veterans were:

Combining of civil service for eligible single men and married men with children, 18 to 45 years, who have been avoiding service and their immediate relatives over seas.

All fit officers and men on home service who have had reasonable training to be sent overseas at once in drafts to fill gaps in the Canadian ranks.

All eligible men in non-essential industries to be replaced by returned soldiers, insensible men and women, if need be, and put into training for overseas.

Conscription of all aliens for the best service they can afford the state.

Take Over Factories, etc. All factories, public utilities, etc., necessary to the carrying on of the war to be taken over by the state on fair compensation.

All incomes and wealth over reasonable needs to be placed at the government's disposal for prosecution of the war, equitable contribution to be made after the war.

Ample provision under any compulsory service scheme for the maintenance of those disabled and their dependents, as well as the dependents of those killed in the war.

Resolutions affecting the question of pensions, recommending the substitution of a department of demobilization to be run on business and non-partisan lines in place of the various commissions now in existence to deal with all phases of the returned soldier problem, the settlement of soldiers on the conscription plan, urging the adoption of means to expedite the work of paying the troops and their dependents, favoring the government absorption of the Last Post Fund, and the action on behalf of the orphans of soldiers killed in battle, were presented and favorably received by the members of the committee.

CANADIAN GUNFIRE DAZES GERMANS

Effects of Gas Also Create Alarm in Hunnish Breasts.

FIGHT FOR DUGOUTS

Dominion Troops Have Exciting Experience South of Souchez River.

Canadian Associated Press Cable. London, June 5.—Beach Thomas, describing in The Daily Mail the encounter between the Canadians and the 5th Bavarian division says that seldom have advance and repulse trod so quickly on each other's heels but left so little turmoil in their wake. The Canadians charged thru La Coulotte, still populous with machine guns. They penetrated the ruins of the brewery, made firm in what was once their electric power station, almost on the banks of the Souchez River.

Much of it was hard fighting, but it was quick, fighting for the enemy had been terribly punished by shell (fire and gas. Some of the 100 prisoners taken were quite dazed, and they told alarmist stories of the effects of our gas before the attack opened.

The Canadians worked with furious energy to make the position firm. One of their businesses was to erect wire in the trenches, for in some places we were occupying an extension of lines occupied in force by the enemy. One of these stops, or earthen or sandbag barriers, was built just beyond the second trench of a German dugout. Unfortunately it had not occurred to the holders that dugout may have three mouths, and thru the third mouth of this some Germans wormed their way past. A furious hand-to-hand fight followed with the men holding their vital point Sunday morning. All Sunday the enemy, who has much multiplied his artillery, and has perfect cover for it in the thousands groups of works and buildings, and the mines of Lens, was shelling on the thinned garrison of the electricity works. After some ten hours of shelling he attacked the place in force from the trenches on the right and from the groups across the Souchez River in front. The place had become untenable, and the gallant garrison, after taking toll of the attacking force, withdrew 7 o'clock on Sunday evening.

CAPTAIN AND CREW ARRIVE AT GALVESTON

Norwegian Steamship Crowsholm Was Torpedoed and Sunk Without Warning off Ireland.

Galveston, Tex., June 5.—Captain Haugland and his crew of 20 men of the Norwegian steamship Crowsholm have arrived here and report the sinking of their ship on May 15, by a German submarine, 200 miles west of the Irish coast, bound for an American port in ballast. The attacking submarine opened fire without warning. Captain Haugland hoisted his signals, including the Norwegian flag, and lay to. The shell fire continued and the ship's boats were lowered. The crew was finally torpedoed and the ship was picked up at 11 a.m., May 16.

TO FIX RATES FOR FEDERAL RAILWAYS

Cochrane Announces Important Extension of Railway Commission's Powers.

BENEFIT TO TORONTO

Committee Votes to End Discrimination in Regard to Commutation Rates.

By a Staff Reporter. Ottawa, June 5.—A far-reaching announcement of public policy was made today by Hon. Craig Cochrane, minister of railways and canals, at the meeting of the special committee of the house which is engaged in revising and codifying the railway act.

Mr. Cochrane only announced that it was the intention of the government to bring the government railway system under the jurisdiction of the Intercolonial Railway Commission, but that such intention must be explicitly set forth in the new railway act about to be reported to the house.

When the late Hon. A. G. Blair drafted the railway act in 1903 and established the board of railway commissioners, he exempted the Intercolonial and the government railways from the provisions of the act and kept in his own hands as minister the right to fix rates and operate the act as he thought best.

It was suggested by Chairman Armstrong of the committee that the railway act be left as it is, and that necessary amendments be made in the government railway act, but Mr. Cochrane did not take kindly to the suggestion. "This is a matter of government policy," he announced, "and it must be incorporated in this act."

Mr. Johnston, legal adviser of the committee, was thereupon directed to revise and rewrite the bill as to make the new railway act apply to government-owned as well as corporation-owned railways, except in the matter of expropriation.

Commutation Rates.

Only less important was the announcement of the minister and the decision of the committee that railways must hereafter give commutation rates and service to cities like Toronto without discrimination, either as between cities or as between suburban communities of the same city.

Mr. Johnston, legal adviser of the committee, was thereupon directed to revise and rewrite the bill as to make the new railway act apply to government-owned as well as corporation-owned railways, except in the matter of expropriation.

NEEDS IRON  
AT TIMES**

To put strength into her nerves and color into her cheeks.

There is a beautiful, healthy, rosy-checked woman without iron. The trouble in the past has been that when women needed iron they generally took ordinary metallic iron, which often irritated the stomach and did far more harm than good. Today doctors prescribe organic iron—Nuxated Iron. This particular iron is easily assimilated, does not irritate the stomach, and increases the strength and endurance of weak, nervous, irritable, careworn, haggard-looking women 100 per cent. in two weeks' time in many instances. I have used it in my own practice with most surprising results. Ferdinand King, M.D.

NOTE: NUXATED IRON, recommended above by Dr. Ferdinand King, can be obtained from any good druggist with an absolute guarantee of success or money refunded. It is dispensed in this city by G. Tamblin, Ltd., and all good druggists.

# PLAYS, PICTURES AND MUSIC

## "THE SUBMARINE EYE"

The Williamson Brothers will present their sub-drama, "The Submarine Eye," at the Grand Opera House next week. Aside from the producers' claim that "The Submarine Eye" is a dramatic story of intense interest, the particular appeal of greater interest than mere entertainment, seems to lie in the revelation of an inverted perspective that points the way to effects preparedness against skulking submarines.

## THE ROBINS PLAYERS.

Musical comedy will reign supreme at the Strand Theatre for the next eight hours. The Robins Players will present their first musical play, "The Robins," which has been called upon to supply the vehicle for this company, and in "The Man Who Owns Broadway" his most successful musical comedy will give its first stock presentation.

## STAR THEATRE.

In order to stage an extra bout each evening in addition to the four-round fight in which Helen Hildreth, 105 lbs. champion, fights Joe Atkinson, the management have staged bouts between chorus girls. The first bout between the members of the chorus will be staged tonight, and the winner will go three rounds with Miss Hildreth. This act will be given as well as the regular show of the big burlesque organization, the "Smile Girls."

## "MISTER 44" AT STRAND.

The feature photoplay which is being shown at the Strand Theatre for the first half of this week is "Mister 44," with Harold Lockwood and May Allyn in the two leading roles. It is a photoplay with a very unusual and intensely interesting plot, full of action, and pretty nearly perfect as an example of photography, the scenes in the camp in the backwoods being particularly effective.

## DEAN OWEN PREACHES TO SYNOD GATHERING

Service is Held at St. Alban's Cathedral in Connection With Annual Anglican Assembly.

That the primary purpose of the church is to spread the message of Christ's redemption and that the object of the work of the clergy or laymen is to make Christ known to the world, was the statement of the Rev. Dr. Owen, dean of Niagara, in a sermon before a large congregation at St. Alban's Cathedral, Howland and Barton avenues, last night. The service was held in connection with the annual meeting of the Anglican Synod of the Diocese of Toronto now in session. Among those who took part in the service were Rev. James Stewart, bishop of Toronto; Rev. Dean Hockley, Rev. Provost Macdonald, Bishop Reeve, Archdeacon Inglis and Warren, Canon Plummer and Plumpré.

Taking "The Unsearchable Riches of Christ" as his text, Rev. Dr. Owen said: "The world is in a state of confusion, not to encourage and stimulate the world, important as that duty may be, but to unfold a unique message of Christ's redemption and grace. We are in little danger of being ensnared by the world at its worst, but we are in danger of being ensnared by the world at its best. The world can never save itself.

"The cure for all pessimism is surely reconciliation and recollection of Christ. As soon as we make Him supreme in our individual lives the sooner will He have the unquestioning confidence which characterized St. Paul. Often we are inclined to blame ourselves for failure, although sometimes we cannot be too severe. But we are inclined to overlook the fact that our message is a hard one for the world to receive. He said it would be so.

"We sometimes think that sin has inexhaustible sources and forget that God has many sources. Let us come to the realization of St. Paul that the strongest thing in our lives is the grace of God, and that we have the unsearchable riches of grace. The object of the work of the clergy, as well as the laymen must be to make Christ known in the world and lift Him up in the hearts of men. If any age needed it this is that age.

"Remember that the church is the only institution which cannot be destroyed by the storms of time and space themselves in vain," said the preacher.

The automobile on Sunday, which was having a bad effect on church services. There was some discussion on Sunday farm work but no stand was taken in this matter. Rev. F. M. Mathers, of Waterloo, complained of Sunday work in a brewery there, which, despite the entry of prohibition, was working continually.

Ministers making a change of parishes must be prepared to take over the new charges the first Sunday in July.

# MISSION BUILDINGS UNDER BOMBARDMENT

Methodist Missionary in West China Writes Interesting Letter About Revolution.

A letter has just been received by Rev. J. Endicott, D.D., general secretary of the foreign missions of the Methodist church, from the secretary-treasurer of the Methodist missions in Chenchtu, Szechwan, West China, in which he tells of a repetition of the outbreak that occurred last year. The outbreak started on the evening of April 18, when a large area in close proximity to the Imperial city was bombarded. Many bullets struck the mission buildings at the university, and within the first forty-eight hours 147 wounded were admitted into the hospital. The Yunnan soldiers have been guilty of many acts of barbarism, and the burning of the city was also due to the Yunnanese.

The British and French consuls have attempted to bring about an understanding between the two parties, Governor Lo and General Liu and their respective armies, and at the time of the outbreak, April 24, their efforts had been marked by the withdrawal of Liu Tsen How and his troops, and the promise of General Lo to withdraw his troops from the city.

The danger was so threatening that it was found necessary to close the university.

Speaking to a reporter from the World, Rev. J. H. Arup, assistant secretary of the foreign missions, stated that there is no cause for anxiety regarding the situation in West China.

"The situation is satisfactory," he said, "and the attitude of the people is that they will protect their property, but because they are missionaries."

THIRTY-FIRST ANNUAL MEETING OF W.C.T.U. Membership Now Over Twenty-Five Hundred and There Are Forty Branches.

Toronto District W.C.T.U. held their first sessions of their 31st annual meeting yesterday, with Mrs. F. C. Ward presiding. After routine opening of the report of the evangelist, Mrs. J. H. Kerr, told of 40 unions and "Y" unions, 30 meetings had been held and 5000 Bible lesson sheets and other literature distributed.

Miss Harris reported the membership to be 2547, receipts \$5587.65 and disbursements \$5229.15. Reports from the travelers' aid showed that 19,379 had been assisted at various railway stations.

In her presidential address, Mrs. Ward referred to the progress which temperance had made in the United States and England and the stamping out of absinthe in France and reforms in Italy and Russia. She also dwelt on the responsibility of the ballot, and said it was up to the women to do everything possible for the uplift of child life, home life and social standards.

The address also referred to an increase of membership and advised the continuance of training schools for officers and L.T.L. teachers. The house report showed that there were 53 girls in residence and that considerable funds had been spent on refreshments.

During the elections Mrs. Rutherford presided. The results were: President, Mrs. E. C. Ward; vice-president, Mrs. O. Hezewood; recording secretary, Mrs. George B. Toy; corresponding secretary, Mrs. J. M. Redmond; treasurer, Miss Lottie Harris. Mrs. Ward was presented with a beautiful bouquet of roses. The sessions continue today and tomorrow with headquarters at Willard Hall.

Don't Spoil Your Hair By Washing it

When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, not only to the scalp and makes the hair brittle.

The best thing to use is just plain mulberry cocconut oil, for this is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

# FOR BELGIAN RELIEF

The Belgian Relief Committee of the Toronto Women's Patriotic League, 50 West King street, report for the week ending June 3, making a total to date of \$201,483.36.

The Easter school appeal was increased by \$383.07. The total amount received in response to this appeal is now \$166,908, which, with \$4000 from other sources, has, this week, been remitted to the central executive office, Montreal. Other contributions were:

Orilla Packet, \$100, making total of \$1400; Medora and Wood Townships, \$140.00; Jesse Ketchum School from sale of paper, \$25; S.S. primary department, Willard, \$5; New Durham Auxiliary Congregational Church, W. B. M., \$5; teacher and pupils S.S. No. 4, Caledon, \$4; S.S. Children of Good Shepherd, Mount Dennis, \$15; four mite boxes per Mrs. Campbell Reaves, \$12.25; Duke of Argyle Chapter, L.O. D.E., Warkworth, \$13.95; Ladies' Aid, Methodist Church, Roebuck, \$10; collected in Wesley, \$22; employees of Toronto Structural Steel Works, \$20 (monthly). Special mention should be made of the contribution (\$57.25) sent by "Seven Little Maids" of West Toronto, who, also under thirteen years of age, raised this amount by means of a sale of a large quantity of unused, new clothing, quilts and so on, which was received. One contribution, the result of a shower held by the Markham Patriotic Club, will bring wartham and comfort to many wretched refugees.

The Women's Patriotic League reports that the week's shipment sent to the field comforts commission, Canadian war contingent, and supplies to Queen Mary's Needlework Guild, consisted of: 1162 pairs of 110 shirts, 187 suits pyjamas, 324 suits gause underwear, 91 towels, 2 pairs pillow cases, 85 personal property bags, 2 quilts, 1 pair puttees, 14 handkerchiefs, 21 rubber hot water bags, 47 hot water bottle covers, a quantity of cigars, playing cards, box bachelor buttons, puzzles, bound books, magazines, and in money \$37.

The Knitting room reports 43 pairs socks for U.E. Loydists, 47 pairs amputee socks, 94 pairs Red Cross socks.

BOOKBINDERS DISCUSS WAGES. A mass meeting of the Bookbinders' Union was held last evening in the Labor Temple to discuss the new wage schedule. The meeting was held by

tees, for besides many articles of clothing it contained 16 blankets and 16 quilts. Two other consignments, one from the Central School, Stratford, and the other from the W.P.'s, were also particularly valuable. Other contributions were: Ladies' Sealing Club, Ketchum School, and Miss Dale, Toronto. The monthly shipment to Mrs. Adamson was one of the most valuable ever sent.

ADVERTISE IN THE WORLD

# Extract from a letter received by The Toronto World

Enclosed herewith please find a coupon cut from a recent issue of your paper. Also enclosed is my cheque for \$1.10 to cover cost of flag and postage. As a Canadian, and an ex-member of the Q. O. R. (1893-1896), I am particularly interested in Canadian affairs, and especially Toronto, as the city of my birth, and read and enjoy your paper every week, and in view of the recent conscription law passed in the United States, I am anxious to see a similar law passed in Canada, as I believe it to be the most logical way to raise a democratic army.

I am delighted at the idea of securing your flag, especially as I have the Stars and Stripes of the same dimensions, which my seven-year-old son, who was born in New Orleans, hoists every morning and brings in every night, and now that both countries are fighting for a common cause, I feel it my duty and privilege to fly them side by side.

Trusting to receive your flag in a very few days, and thanking you in advance for the courtesy, I am,

Sincerely yours,

Little Rock, Ark.

### FOR THE EMPIRE

Major Ed. Blake has been killed in action. He would have been 21 years of age this week. He went overseas two years ago. His mother lives at 689 Ontario street.

G. Macdonald Dick, 419 Sherbourne street, who was reported to be missing from his squadron since May 1916, was killed in action on that date. Further details have been received. Dick took out a commission shortly after the outbreak of war in the 19th Regiment. Before going overseas he was with the Bank of Montreal.

G. B. Kipp, Woodstock avenue, was reported as having been killed in action. He enlisted with a Q. O. R. and was reported missing on November 9. Pte. Kipp was a Canadian, born in Oxford County, 21 years ago, and was unmarried.

Pte. Andrew Atkinson was killed in action, May 9, at the same time as his brother, Pte. B. Ball, 27 Foley avenue. Atkinson went to France toward the end of February. He was 21 years of age and came from England 14 years ago.

R. Canfor, 188 Lamb avenue, who was previously reported missing, is now named in the list of killed. He was an English lad, only 18 years when he enlisted in the 26th Peel, and had been in Toronto three years, employed at the wholesale fruit business. He had no relatives here. His mother is in England.

Asst. Bombardier Arthur L. Jeffery, who was reported dangerously wounded a week ago, is now reported as having died of wounds. Prior to enlisting he worked for the Cement Works on St. Clair avenue. He was in England 26 years ago, coming to Canada seven years ago. His widow and child reside at 19 Delaney street.

#### PTE. WILL O'KEEFE

30 West Gerrard street, killed in action May 5, 1917.

Just received by his relatives. His casualty occurred on May 24, and he is at present at No. 2 Ambulance Station, Wimeroux.

Pte. William J. Gordon, who left Toronto six weeks ago, is reported wounded, but remaining on duty. He is 18 years old and was a printer at the Ontario Press. The family came out from Aberdeen, Scotland, 11 years ago.

Pte. Alvin Daly, who was admitted to the 7th Canadian General Hospital at Le Treport May 3 with a severe gunshot wound in the head, and Pte. Mark Daily admitted shortly afterward to the 2nd Southern General Hospital wounded slightly in the face, formerly lived at 81 Allen avenue. Alvin enlisted at North Bay and has been overseas since the autumn of 1915. He married since reaching England and his wife is still there. Mark enlisted in Toronto and has been overseas since May of last year. The family originally came from Bancroft.

Pte. Thomas Drew is reported wounded. He enlisted with the Canadian Mounted Rifles, and after being transferred to the C.A.S.C. was wounded Nov. 19 last. He is 21 years of age, unmarried and previously served in a Suffolk Regiment.

Pte. S. I. Terry of Brampton enlisted and went overseas last August with the unit commanded by Lieut.-Col. Hamilton. He is now reported among the wounded.

Pte. Alfred William Jones, wounded, was born in England, and joined a Toronto infantry unit at Niagara Falls in January, 1916, reaching England the battalion was broken up, and Pte. Jones went with a reinforcement draft to a unit in the first division. He lived at 143 Tyrrell avenue.

Pte. George Johnson, 113 McCaul street, is now in King George's Hospital, London, suffering from painful wounds in the hand. He went overseas with a Toronto battalion last October. Pte. Johnson is 38 years of age, a native of Liverpool, England, had lived in Toronto twelve years, and prior to enlistment was employed at the Toronto Club.

Pte. Roy Pepper was admitted to No. 5 field hospital, May 12, suffering from the effects of chlorine gas. He went overseas with the Sportsmen's Battalion and was in the trenches only about two months. He is 22 years of age.

Pte. J. J. Daley, who formerly lived at 813 Dundas street, was gassed on May 12. He is 28 years of age, a native of Clinton, Ont., and had lived in Toronto since childhood. He formerly was in charge of the amusements at Hanlan's Point and went overseas with a Toronto unit in October last.

Lieut.-Colonel C. M. McGregor, whose sister lives at 209 Margueretta street, was reported wounded and missing about three weeks ago. Now he is officially reported a prisoner. He left Toronto on April 25, 1916.

#### PERMANENT HOME FOR WAR VETERANS

Would Acquire Present Club-house to Celebrate Confederation Jubilee.

A movement which its originators hope will meet with unqualified success was launched yesterday afternoon when Miss Church took the chair at a meeting of women called by her at the Great War Veterans' Club and attended by a good-sized gathering.

Miss Church explained the object of the call, which was to celebrate the golden jubilee of confederation by giving a permanent home to the war veterans who had played the part of heroes in duty to their country. The idea is to buy the club house and to add to it a hall and recreation room to add to the medium of which concerts, dances and other paying concerns may be held and in this way moneys be secured to add to the finances of the club, the objective in view to be \$100,000. The plan proposed was a week's campaign, beginning June 25, during which a house to house canvass would be undertaken.

The meeting was unanimous that the work should be undertaken, and after some discussion it was decided to ask the advice and assistance of Lieut.-Col. Dinick, so favorably known for his success in campaigns. A committee, consisting of Miss Church, Mrs. H. D. Warren and Mrs. Graham Thompson, was appointed to wait upon this gentleman.

It was reported that Mr. Mulqueen of the Sportsmen's Battalion had been to help on the work and Mrs. Fitzgerald and Mrs. Sloan were named to confer with him upon the details. Every woman in Toronto is invited to co-operate.

### MAY GET MANY RECRUITS FROM U. S.

All Eligible British Subjects Will Be Included in Military Census.

WILL HAVE TO CHOOSE Must Join British and Canadian Units or U. S. Overseas Force.

Toronto is likely to be directly affected by the military census taken in the United States yesterday. It was stated in local military circles that the American census would probably result in ten thousand British recruits from the States coming to Toronto en route for Camp Borden this summer, and in one of the biggest winter camps of the war being established at Exhibition Park next November for Canadians and British subjects who will be enrolled in the United States during the next three or four months.

It is known that plans for the reception of recruits sent from the States are being made by the City authorities. Transfer from the Toronto military district of Lieut.-Col. Chas. A. Warren of the medical services to New York to organize a board of medical officers there for the British recruiting mission is incidental to the general plan.

#### May Join Local Units.

It is expected that Canadians from Ontario will be given the privilege of coming to Toronto, and of joining the overseas units of one or other of the local regiments for recruit class training. This will fit in conveniently with the local conditions, as the city regiments have such a staff of overseas officers in Toronto ready to train companies, whether of men recruited in the States or enrolled in Toronto.

Mobilizing British subjects from Europe or other parts of the British Empire in the United States is expected to become lively in a few weeks, as men of eligible age for the United States draft will then be faced with the alternative of British enlistment or the American draft.

### SYND VOTES FOR CONSCRIPTION

(Continued from Page 1).

history. It is to be hoped that out of this will evolve some "constituent assembly" with its newly appointed leaders which will hold the 180 millions of Russians to their word and bring the people to the firm ground of a liberty-loving prosperity-enjoying nation.

The entering into the war of the United States means the last vestige of misunderstanding between the two great branches of the Anglo-Saxon family, strengthening the solidarity of the race stock and stimulating the determination of free peoples to fight to a finish on behalf of the ideals of liberty, justice and international honor. May God bless our ally and may he best mighty contribute toward His cause for hastening the end of the most unprovoked and savagely ruthless onslaught of the ages.

#### Agreeable Truths.

There are agreeable truths in the statistics given in the report of the temperance and social service committee regarding the temperance act. One wonders how in view of such figures any province or country is content to go on in the old ways so destructive of home and health, of soul and body when the drink evil was rife and rampant in the past.

"One cannot emphasize too strongly the menace which a continuous series of racing meets in Canada constitutes to the morals of the young men of the country, a menace not now tolerated in the United States and existing only in Canada and in Mexico. It is a menace not only to the individual but by reason of the contagion of evil, spreading social danger of gambling habit in the community. It is a matter for much gratification that this subject is being dealt with in a strong-handed fashion by the Dominion Government. I trust the whole influence of the church and Christian public will be brought to bear against a return after the war of these evils and their attendant evils so justly complained of."

#### Have Surplus Now.

The synod will refer to know that the Church Bible and Prayer Book Society has changed its deficit of last year to surplus. The society, in addition to prayer books presented by the bishop to the troops, has made grants to camps and hospitals, making a total since the war began of approximately \$100,000. This means that 16,382 prayer books have been presented to overseas troops.

"I am constrained to plead again for stipends for the clergy in city, town and country that shall bear a better relation to the increasing high cost of living and to the diminishing purchasing power of the dollar. We see abounding evidence of prosperity and the lavish expenditures and luxuries of life and it is not too much to ask nor to expect that they who have and are enjoying such abundance of this world's goods shall honor their Lord with their substance and place beyond want and fear of want His servants who show unto them the way of salvation."

Grant All to Small.

#### Considering the case of the superannuated and retired clergy, who, by reason of the inadequacy of stipend, have been unable to put by enough to bring in even an insignificant interest sum per annum to supplement the all too small grant of the superannuated clergy, it is suggested that the church started out with an objective of \$5,000,000 in its propaganda to pension its clergymen, and the ratio of number of clergymen is 5 to 1. Clergy should be \$100,000. Let the whole church take this up in the general synod when the time is opportune to do so. Let it call to its aid financial experts, as the American church has done, and the results will be proportionately satisfactory.

The pension fund shall be for the clergy of the Church of England in Canada, and pensions shall be paid as an annuity upon the retirement from active service at a specified age (in the American church it is 68 years).

# STARTING AT TWELVE A.M.

Today and every day this week, under the auspices of THE TORONTO WORLD, Jule and Jay J. Allen will present the latest and most comprehensive moving pictures of the war on the western front, being the united production of six military moving picture operators combined and condensed to show the recent historic events leading up to the Fall of Bapaume, the Capture of Peronne and the German Retreat to the Hindenburg Line, entitled

# THE FALL OF BAPAUME

THE LATEST OFFICIAL WAR FILM OF THE BRITISH GOVERNMENT

To give greater convenience to those who lunch down town between twelve and one o'clock the Regent Theatre has arranged to start the picture sharp at 12 noon each day. The film will run continuously from noon until 11 p.m.

There are no scenes of gruesomeness or horror. The picture is a thrilling and a faithful record of events momentous in the history of the world.

Six reels condense the progress of the war during six months. And a seventh reel shows a magnificent series of the grand fleet, taken just after the Battle of Jutland, the only picture the admiralty has permitted since the "Britain Prepared" pictures in 1915.

The pension is to be regarded not as charity, but as a gift, but as the debt of the church to its aged servants, as something due the toiler who gave his best to the church.

**Pledge Support.**

"I am sure I voice the opinion of synod when I say that we are one in assuring the government of our support of all measures in the interests of Canada's cause in the war. We shall stand with satisfaction a proclamation setting apart Sunday, July 1 (Dominion Day) as a special day of prayer in relation to the war. We shall endeavor to observe it in a spirit fully conscious that 'righteousness exalteth a nation.'"

"Titanic destructive forces have been at work during the 1066 days our empire has been at war. The inventive genius of man has been put to the severest test to meet and defeat the hell-born devices of savagery and cruelty of a materialistic, super-

scientific dechristianized nation, and slowly but surely the arch-enemy of our empire is learning that he can never realize his dream to be a second William the Conqueror by a German conquest of England, much less an overlord of earth's wide bounds. God overrules how long the war will last, and yet we know it must be long enough and strenuous enough to vindicate the deliberate action of our empire in defence of right and justice, in the cause of the weak and for the maintenance of her own unshaken honor."

**Endorsed Conscription.**

A resolution embodying renewed assurances of the synod to the government-in-council to all measures, including conscription of man power, wealth and resources of the Dominion tending to prosecute the war, was referred to the committee on the state of the church. The resolution was

proposed by N. P. Davidson, a lay delegate. The resolution approved the announcement of the premier that selective conscription would be adopted. It suggested that the country be organized for national service so that provision of essential and necessary reinforcements might be obtained with the least possible interference with maximum production of food, munitions and other necessities. It said further that the government should not hesitate to requisition or restrict public utilities, factory and other business in recognition of the principle of compulsory service in everything. Necessary legislation, it argued, should be passed to regulate the importation and manufacture of luxuries during the war, and the appointment of a food controller or a food commission with wide powers should be made.

**Sink Party Politics.**

The resolution closed with a call to

all church members to use their personal influence in eliminating party political considerations to permit of greater confidence in the government. Provost T.C.S. Macklem read the report of the diocesan representatives on the board of management of the M.S.C.C. and proposed its adoption. He read that the contributions asked for in 1916 amounted to \$175,637, as compared with \$164,824 the previous year, plus \$12,999 for Jewish work, making a total of \$188,836.

The total contribution by the diocese for all purposes in 1916 was \$28,804, being less by \$1561 than the amount for the year. The grand total contributed by all dioceses in Canada in 1916 was less by \$118,741 than in the year before, being \$170,103.89. He was congratulated upon his report, and there followed a discussion concerning the need of missionary work among the Indians and Eskimos.

AT SIMPSON'S

Moderate priced clothing for men who know good materials, good tailoring and good value. Even at these modest prices the clothing you'll buy at Simpson's will satisfy your ideas of style and wear.

Summer Two-Piece Suits for Men and Young Men

One way to cheaper clothes is in the materials. It is an easy thing to do, because the average buyer doesn't think much about the cloth—just trusts to the honesty of the clothier. Hundreds of men today are wearing clothes that are away below the standard they have set for themselves in former years because of a "pretty near" general increased clothing cost. Sounded "from the lowest note to the top of the compass," Simpson's clothing is up to the same "top notch" standard of former years, priced to impress men with the advantage of dealing here. Sterling Silver Fancy Table Pieces in a Great Sale

at Prices That Are Wonderful and in a Variety of Patterns That Can Seldom Be Seen in One Display. The number of patterns we can show you will be almost as interesting as the extraordinary character of the values offered. We bought a manufacturer's entire stock of small odd lots—that is how we got so many patterns—and also that is why the prices are so low, for he sold us the made-up articles at the cost of the silver bullion. The result is this amazing sale, which should be of special interest to those who wish to buy.
