## FORTIETH ANNUAL REPORT.

---

*To the Members of the Hamilton and Gore Mechanics' Institute:—*

Whilst rendering their annual statements and accounts, the Board of Directors have much pleasure in reporting a steady progress towards an improved condition of matters, so far as the interests of the Institute are concerned, than existed at the date of the last report. Although this improvement is small, yet, when we consider the depressed state of trade in the Dominion, which has caused other Institutes to fall behind both in income and number of members, we have great reason for congratulation.

The Directors also notice with pleasure the increased use of the advantages offered both in the reading-room and library, now made by all classes of the public. The number of members has increased from 1006 to 1047, and we have reason to believe that as regards membership and attendance, it is one of the most popular Institutes in the Dominion.

### THE LIBRARY.

This important branch of the Institute has been a special object of care with the Board. During the present month the usual annual examination has been made, and we are pleased to be able to report that, although nearly 29,000 volumes have been issued during the year, but a very few volumes have been lost. The very complete system adopted two years ago for recording the issue and return of books has tended greatly towards this favorable result. During the year 340 volumes have been added, including some very valuable works in the different departments of literature. The Directors have also much pleasure in reporting that there has been an increased demand for books of a better class.

## THE HALL.

Your Board have to report that, although the Hall Committee have been able to bring to Hamilton during the past season a larger number of good combinations than ever visited the city in any previous season, yet from the continued depression of trade, and the universal system of playing combinations for a percentage of the receipts, we have to report a falling off in this important source of revenue. With an improved state of business in the county, we hope to be able to report an increased revenue from this source.

## EVENING CLASSES.

Your Board have much pleasure in reporting that the series of evening classes have been continued during the past winter with success. As many pupils were received as the rooms were able to accommodate. Classes were formed in book-keeping, writing and arithmetic. The attendance was good, and the improvement made by the pupils reflects great credit upon Messrs. Ballard and Sutherland, of the Collegiate Institute, to whose care they were entrusted.

## GENERAL REMARKS.

The Board have to lament the loss by death of our late worthy President, John R. Holden, Esq.; also one of the Directors, Kenny Fitzpatrick, Esq. Both gentlemen have for a number of years been zealous supporters of the Institute, and have devoted a large amount of time and ability to its interests.

J. KNEESHAW,  
*Secretary.*

GEORGE SHARP,  
*Vice-President.*

# ANNUAL MEETING.

*Friday Evening, May 31, 1879.*

In the absence of the Vice-President, Dr. BILLINGS was called upon to act as Chairman.

The Annual Report was read by the Secretary.

The CHAIRMAN moved, seconded by Mr. SUTHERLAND, the adoption of the report, which was carried, the Secretary being ordered to get the usual number of copies printed.

The election of Directors was then taken up, when the following gentlemen were elected, on motion of Mr. WRIGHT, seconded by Mr. LAVEN :—

*President*—George Sharp.

*Vice-President*—George Roach.

*Directors*—John A. Bruce, William Leith, Angus Sutherland, Isaac B. McQuesten, Andrew T. Wood, W. L. Billings, M. D., G. E. Tuckett, J. Moodie and G. Dickson.

Mr. ROACH moved, seconded by Mr. SUTHERLAND, that Messrs. John Bowes and J. G. Bowes be appointed Auditors for the ensuing year.—Carried.

Mr. MCQUESTEN moved, seconded by Mr. LEITH, that a vote of thanks be passed to the various publishers who have kindly supplied papers gratis during the year.—Carried.

On motion of Mr. LEITH, seconded by Mr. SUTHERLAND, a vote of thanks was returned to the auditors for the past year.

Mr. SUTHERLAND moved a vote of thanks to the Superintendent. He thought they had reason to congratulate the members on the good financial position of the Institute, the principal credit being due to Mr. Kneeshaw.

Mr. ROACH said he agreed with the previous speaker's remarks, and thought that the Institute was fortunate in having such a manager. Mr. Smith, the Government Inspector, had expressed himself as highly pleased with the state of the Institute and its management.

The resolution was then carried.

Mr. KNEESHAW returned his thanks, and said he had received great assistance from the members of the Board.

Mr. ROACH returned thanks for the election of himself and Mr. Sharp as President and Vice-President.

A vote of thanks was then tendered to Dr. Billings, and the meeting separated.
