MARKETS NEEDED, SAYS TRADE BOARD HEAD

MARITIME NEEDS STRESSED IN PRESIDENT'S ADDRESS AT CHARLOTTETOWN MEETING

Higgins Urges Eastern Manufacturers to Brand Goods With Name of Province in Which Produced; Claims Fisheries Capable of Expansion.

CHARLOTTETOWN, P. E. I., Nov. 4.—With addresses of welcome from Premier Stewart, Mayor MacKenna and J. P. Gordon, president of the Charlottetown Board of Trade, and reply on behalf of the visitors by Angus McLean, president of Bathurst Lumber Company, the 27th annual convention of the Maritime Board of Trade opened here this morning with an attendance of about 30 at the first session, including 12 from Nova Scotia and New Brunswick.

The Premier in his address, said that, as he was actively engaged in politics, he did not care to take part in the deliberations. These are to be non-political. With the conclusions of the delegates reached, they should be presented to the federal and provincial governments, having the power of carrying them out, he said.

PRESIDENT'S REPORT

President Wallace Higgins, in his annual report, said the holding of the 27th annual meeting of the Maritime Board in the historic building where Confederation was cradled, should be an inspiration to the delegates as they seek to formulate a policy which will bring to fruition the ideals of the fathers of Confederation, which today are only partly realized. As the hands of the tariff were to be free, it was considered only just that the railway freight rate should be such as would encourage trade between Upper and Lower Canada, and allow the products of the Maritimes to be marketed in the Upper Provinces and the west. These promises had not been fulfilled.

CORNELL'S APPOINTMENT

The president then referred to the appointment with the financial assistance of the three Maritime governments, of F. C. Cornell, freight traffic expert, of Montreal, to prepare a brief in behalf of the Maritimes for presentation before the Board of Railway Commissioners for Canada, while the present readjustment of freight rates was being considered. Hope was expressed that the governments continue permanently the work so well begun by Cornell.

Reference was made by Mr. Higgins to the economic conference at Moncton, at which transportation, immigration, industrial developments and the economic status of the Maritimes were discussed and committees appointed to report at today's meeting, when it is hoped a Maritime policy will be formulated, preliminary to the Winnipeg conference.

ECONOMIC CONFERENCE

Mr. Higgins then spoke of the industrial economic conference which opened this year, by all the governments of the Empire, under the leadership of Sir Halford Mackinder, to consider the possibility of improving the methods of preparing for United Kingdom markets the food products of the overseas Dominions, with a view to increasing the consumption of such products in the Old Country. The growth of population in the overseas Dominions was dependent on the marketing of their product, said the president, adding: "This is what we want, markets which will show a profit to the producer. Give us these and we will obtain immigration of the class we desire and of our own nationality, direct from the British Isles."

INDUSTRIAL EXPANSION

With regard to industrial development, legislation should be enacted by the provincial governments causing all goods produced in the Maritimes, and destined for outside points, to be suitably marked with the name of the province and the quality of such products. The establishment of a fish station at Halifax has a good start in helping the fishing industries. There should be 10 such stations in Eastern Canada.

Our fisheries were capable of much greater expansion. The British market was as free as our own, and the cost of placing fish there should be no greater than shipping Maritime fish to Ontario, or the United States. After referring to the improved conditions in agriculture, Mr. Higgins stressed the importance of the beet sugar industry in the Maritimes. Extensive tests were being made this season in the grading of sugar beets here and the indications were that they could be produced so as to compare most favorably in yield and sugar content with any place in America.

LIVE STOCK

Live stock were in fine condition, and meeting with fair demand, hogs, poultry and foxes were in good demand at higher prices. Recently two carloads of foxes left Prince Edward Island for the European markets. The importance of such local industries as the canning of soups, meats and fish, canned fruits and vegetables, pickles and relishes, milk and other products was emphasized. The decrease in mineral production owing to the Nova Scotia coal strike, the unsatisfactory state of the lumber industry, the need of co-operation in advertising jointly the attractions of

DEMOCRATS SWEEP NEW JERSEY AND NEW YORK CITY

NEWARK, N. J., Nov. 4.—In a statement thanking the voters of New Jersey for his election, A. Harry Moore, Democratic candidate for Governor, announced that, immediately after his inauguration, he would start a movement to have Congress modify the Volstead Act. Mr. Moore made his race on a clean-cut wet platform.

BOSTON'S MAYOR

THE Democrats swept to victory in the New Jersey gubernatorial race and the New York City election. In less spectacular contests, the Republicans elected a Mayor of Boston for the first time since 1907; won hands down in Pennsylvania State and municipal elections; regained control of the municipal machinery in a number of Indiana cities, and apparently had elected a Mayor in Louisville, Ky.

RELIGION AN ISSUE

Virginia, the only state besides New Jersey to elect a governor voted a straight Democratic slate in office. John M. Purcell winning out for state treasurer over John B. Bassett, Republican in a contest that attracted much more than usual attention because Purcell's affiliation with the Catholic church was brought into the campaign.

WASHINGTON AIMS TO REDUCE TAXES

WASHINGTON, Nov. 4.—Public hearing of proposals for revision of the revenue law is ended by the House Ways and Means Committee, and it will start work today on a bill to reduce taxes. While asked by Secretary Mellon to keep the reductions within a total of \$300,000,000 a year, a number of committee members were prepared to go beyond this mark to accomplish the widespread rate reductions. In this connection, President Coolidge let it be known that he sees no harm in going above this limit, if necessary, and the belief prevails that the committee will recommend a reduction of at least \$350,000,000 of the annual Federal tax burden.

Great Quantities Being Received by Carload, Duty Paid—Quotations Jump \$1.75 a Hundred in Week—Ontario Department Explains Rise.

CHICAGO, Nov. 4.—Such a sensational price advance for potatoes has been scored that they are now arriving from Canada by the carload, duty paid. The United States Bureau of Agricultural Economics reported today that quotations here and in other chief centers are so high that Canadian shippers can well afford to pay the tariff of 50 cents a hundred pounds, and that car lot receipts from Canada already have become numerous.

N. Y. Society Woman Chosen Alderman

NEW YORK, Nov. 4.—Mrs. Ruth Pratt, prominent society leader, and welfare worker, was elected an alderman from the "Silk Stocking" district in Upper Manhattan. Running on the Republican ticket, she defeated her Democratic opponent, James O'Gorman, Jr., son of United States Senator O'Gorman, by 2,631 votes.

PROTEST AGAINST SYRIAN SLAUGHTER

BERLIN, Nov. 4.—The Syrian colony in Germany has filed a protest with the League of Nations against the barbarian and inhuman slaughter in Syria, for which France as well as the League is held responsible. The protest says that the League has conferred upon France "an unnecessary and unjust mandate." The protest continues: "Does the League of Nations intend to create the feeling among these oppressed peoples that it represents a robbers' league of European powers for dividing up the orient among themselves, and, according to the circumstances, ready to pardon each other's competition and despotic policies?"

SENTENCED TO DIE

NORWEGIAN SAILOR, CONVICTED OF MURDER OF SHIPMATE, TO HANG IN B. C.

VANCOUVER, Nov. 4.—Harold Berentzen, Norwegian sailor, last night was sentenced by Mr. Justice D. A. McDonald, in the Assize Court, to be hanged on January 18 next, for the murder of a shipmate, N. Evadoskoff, Russian sailor, aboard the steamer Crofton Hall, early on the morning of October 28. Evadoskoff was stabbed to death while he slept.

Seizes Horse To Satisfy \$30 Loan; Truro Woman Arrested

TRURO, N. S., Nov. 4.—When Mrs. Altery, of this town, failed to obtain repayment of a loan of \$30 she had advanced Calvin Harvey, of The Gore, Hants County, she proceeded to his home and picking out the most likely of his horses, started out afoot with it for Truro, 40 miles away. On her arrival she was charged with horse stealing. Matters were straightened out satisfactorily in court, yesterday, when upon Harvey handing over the \$30 and with the charge against the defendant dismissed, he regained possession of his horse.

Leader Is Silent on Deliberations of Recent Party Conference

MONTREAL, Nov. 4.—The Star publishes the following special from Winnipeg: "That is a question Premier King would give the world just now to know."

Thus answered Robert Forke, leader of the Progressives, when asked whether the Progressives would support Premier King's order to help him retain office.

Further than that the man on whose shoulders has descended the toga of Hon. T. A. Crerar, would not commit himself.

ATTENDS CONFERENCE

He said in conversation over the long distance telephone at his Pipestone Farm, that he had just returned from a conference with the Progressive executive, and would issue an official statement in a few days. He was silent when his intentions respecting a trip to Ottawa for a possible conference with Premier King were sought.

MRS. FANNY B. McLELLAN DIES ON BIRTHDAY

Widow of Hon. David McLellan Passes Away Aged 84

LEAVES RECORD IN COMMUNITY WORK

Prominent in Helping Orphans and in Other Activities

Mrs. Fanny B. McLellan, widow of Hon. David McLellan and mother of former Mayor Harry R. McLellan, J. Vermer McLellan, Registrar of Deeds and Records and Mrs. F. J. Harding, died at her home, Lorraine Apartments, 148 Gormer street, Sunday afternoon today. She would have been 84 years old tomorrow.

Mrs. McLellan was a daughter of the late Henry and Ann Richards and besides a sister, Mrs. Robt. LeB. Stevens of Boston, the other surviving immediate relatives are granddaughters—David W. McLellan of North Carolina, Harold McLellan of this city and Royden McLellan of San Paulo, Brazil. Jarvis O. McLellan, son of Mr. and Mrs. J. Vermer McLellan, gave his life in an aeroplane accident while on active service in the Great War.

ILL FOR SOME WEEKS Mrs. McLellan had been gradually sinking for several weeks. Since her partial incapacitation about two years ago through a stroke she failed to regain her accustomed vigour, but nevertheless participated somewhat in her lifetime activities in benevolent circles in which province-wide work she was ever happy and highly efficient.

Her Dr. S. S. Poole of Gormer street Baptist church was a constant and consistent attendant at Sunday and week-night services until infirmities absolutely prevented. In the work of the congregation Mrs. McLellan was a willing and valuable helper. While Mrs. McLellan's love for community service in the large sense was one of her outstanding characteristics. She was particularly active in the circle devoted to labor for the N. B. Protestant Orphans' Home. To the directorate of this institution almost from the orphanage was started, as well as to the generations of children who were nurtured and taught in the Home she was a kindly, self-sacrificing mother. As director of the women's branch of the directorate for a long period until increasing years demanded conservation of her vitality, Mrs. McLellan was a factor in the conduct of the orphanage not less important than the president himself.

When the scope of the N. B. Protestant Orphans' Home was greatly enlarged a few years ago by the addition of the branch institution in West Saint John and later by the merger with the Wright street orphanage, Mrs. McLellan, in spite of her advanced age, went into the big effort with the enthusiasm and consecration so familiar traits in her character. The new quarter-million dollar home on the Manawagonish road is today as much a monument to her fervent zeal as to any other who worked for it in New Brunswick.

OTHER ACTIVITIES With the work of the Children's Aid, Women's Baptist Missionary Union, Y. M. C. A. Auxiliary activities, and all public welfare movements for years Mrs. McLellan was prominently identified. During the political career of her late husband Mrs. McLellan was a charming hostess and helpful contact. Many un-remembered deeds of charity may now be recalled to the credit of the estimable lady, who to her last days was mindful of Saint John's less fortunate ones. The children were at their mother's bedside when the last summons came.

CO-WORKER'S TRIBUTE Dr. J. M. Manning, vice president of the N. B. Protestant Orphans' Home directorate, speaking for the executive in the absence of President D. D. Clark who is in British Columbia, said he felt he voiced the feelings of his workfellow in the orphanage when he said Mrs. McLellan's place on the board would be most difficult to fill. She appeared to have been one of the chief instruments in the hands of the deity in helping get the orphanage so solidly established and then for all these useful years in helping maintain it. Her heart and hand were in the work continually. Truly Mrs. McLellan was the orphan's friend.

DEMPSEY'S AGENT CHARGES FRAUD

Publicity Man Resigns From Employ of The Heavyweight Champion

LOS ANGELES, Nov. 4.—Rob Roy Benton, publicity director and counselor of Jack Dempsey, world's heavyweight champion, announced last night, that he was resigning from the championship fight between Dempsey and Willie the negro challenger, next week.

The publicity man declared that Fitzsimmons would be formally accused of failure to fulfill terms of the contract, verifying stories to that effect, already circulated by Ray Cannon, Milwaukee attorney. Benton charges that Cannon, although ostensibly Dempsey's attorney, is in the employ of Jack Kearns, Dempsey's former manager.

Benton avers that Kearns is in reality behind the move to nullify the contract as he desires to match Dempsey in the Dempsey-Wills fight and that as far as financial backing is concerned, citizens of South Ben, Ind., had underwritten him to the extent of a million dollars.

SYNOD TO MEET IN FREDERICTON

Diocesan Executive Today, Decides Location of 1926 Session

Will Open on April 20—Social Service Committee Says Prison Farm Needed

It was decided this morning at a meeting of the executive of the Fredericton Diocesan Synod to hold the next annual meeting of the Synod in Fredericton, beginning on April 20, 1926. The advisability of pooling the traveling expenses of the members of the Synod was discussed after the report of the committee had been submitted, but no action was taken.

His Lordship Bishop Richardson presided at the meeting of the executive. The Social Service committee of the Fredericton diocesan synod at its meeting yesterday morning declared strongly in favor of the establishment of a prison farm for prisoners sentenced to long terms, and the chairman of the committee, Rev. J. V. Young, was asked to appoint a sub-committee to bring this matter to the attention of Premier Baxter, urging action.

Conditions which prevail in the jails of the province were discussed, and the keeping of prisoners in idleness for long periods was specially deplored.

MARITIME WOMEN'S HOME.

The committee also discussed the matter of the Maritime Home for Women near Moncton, and decided to approach the Anglican women, asking them to assume responsibility for helping to provide furniture for the home.

In the afternoon at the meeting of the board of education a very satisfactory report of the Rothersey Collegiate School was submitted.

The committee on beneficiary funds and the committee on the routine matters of candidates dealt with routine matters.

The board of missions met in the evening for a short session and heard reports. Bishop Richardson reported the resignation of Rev. W. W. Waddington, of Richmond, and Rev. James Bennett, of Gagetown, and the appointment of Rev. John Unsworth to St. George's parish in Saint John.

MAGISTRATE PUTS OUT RENFORTH FIRE

H. W. Dalton Climbs to Station Roof and Does Effective Work

A slight fire was discovered in the roof of the station at Renforth this morning about 8 o'clock by Magistrate H. Wilson Dalton while he was waiting for a train to the city. Since nothing else was available he secured an old piece of a scythe and climbed to the roof and cut around the section which was burning. When the Sussex train arrived a hand chemical was taken off it and two C. N. R. carpenters who happened to be on the train stayed to see that the blaze did not break out again. It is thought that the fire started either from a spark from the suburban train or the 7.10 from this city.

STILL ALARM.

The firemen were called out about 9:25 o'clock this morning by a still alarm for 12:30 today by an alarm from Box 152, Mill street. When they arrived they found some papers burning in the C. N. R. yard. The fire was put out without having caused any damage. It is supposed the papers were set on fire by lads playing.

HOPE CHEST WON BY T. A. GLENNE

Prize Worth \$1,000 Is Captured With Ticket 10,671

Winner Junior Clerk in Provincial Bank—Keen Interest in Drawing at Imperial

T. A. Glennie, 17 Garden street, a junior clerk in the Provincial Bank of Canada branch, Charlotte street, romped away with the much-coveted hope-chest and its queenly trousseau, not to mention the household linens, fancywork, etc., at Imperial Theatre last night, when the public drawing took place. The youth bought the ticket at the last moment, in fact it was purchased so hurriedly from the bustling saleslady in the aisle of the house that no name was put on the stub. Therefore, when the number 10,671 was pulled out of the churn a most definite pause ensued, and it was almost decided to take the half ticket away and advertise for the lucky holder of the other half, when a phone call announced the surprised winner was excitedly on his way to claim his prize.

WIDESPREAD INTEREST
Probably no prize drawing in recent history of local benevolence caused so much interest. Men as well as the gentler sex held tickets, and many thousands were sold to people living throughout the province. Of course Saint John folks held the great majority of them. The easy price induced most people to buy generously. The chest, a beautifully carved mahogany piece of utility furniture in itself, was filled to overflowing with the tempting items of feminine apparel, but in addition there were rich linen furnishings, high-class bed coverings, table napery, bath towels, slippers, etc., etc., enough to fill the chest almost twice over again. The value of the complete outfit was estimated at about one thousand dollars.

CHILDREN'S ART WORK
The proceeds of the hope-chest drawing are to be devoted to the benevolent work of the North End

Branch of the Catholic Women's League, the members of which organization, with their combined needlework, created most of the lovely articles contained in the elaborate display. It will be a surprise to many to learn that the work done on some of the sets was the deft-fingered product of little girls eight, nine and ten years of age, executed during the St. Peter's playground season last summer, under the direction of Genevieve Dever, Douglas avenue, superintendent.

KIDDIES' PRIZE WORK
A luncheon set in crocheted work won first prize in the Saint John Exhibition open contest, a tea set won two first prizes, one for tatting, another for its hemstitching, and a sofa cushion won first prize for its exquisite embroidery. All these were the work of girls ten and under. In addition to the appended original list—the hope-chest outfit shown at the exhibition by the C. W. L.—bedspreads, towels, etc., had been added by the score, which, of course, made the prize exceedingly valuable and excited keener demand for tickets. Two of the bedspreads were valued at \$20 each.

SOME HOPE-CHEST
When young Mr. Glennie's treasure arrived home today he was the proud possessor of the following articles and the many overflow items indicated in the above paragraphs:
Three sets lingerie—silk and crepe de chene, two combing jackets, one silk kimono—slippers to match, one crepe kimono—slippers to match, two centrepieces, one table scarf, one a cushion, one card table cover, one dozen linen hand towels, one dozen linen guest towels, one dozen linen kitchen towels, seven bath towels, one handsome luncheon set—to serve six, one-half dozen serviettes to match, one handsome tea cloth, one-half dozen serviettes to match, one dozen damask supper napkins, one table pad, asbestos mats, one buffet set, one serving table cloth, two tray cloths, one dozen sheets, one-half dozen pairs pillow slips, two bureau scarfs, one vanity set, one bedspread, one bed puff, one pair blankets, one mattress cover.

A. O. H. CARD PARTY.
A well attended and very enjoyable card party was held last evening by the Ladies' Auxiliary of the A. O. H. in the Union street rooms of the society. The prize-winners were: Ladies, first, Mrs. Thomas Stonehouse; Miss Vera Tobo; consolation, Mrs. McCormick. Gentlemen, first, Fred McGrath; second, Victor Neilson; consolation, Mr. Giberson. The door prize was won by John Gallagher.

Girls! Try This
Gleamy, Thick, Wavy Hair in a Moment

Here is the easy, inexpensive way to keep your hair stylishly correct, youthful and simply beautiful. When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! Your hair will appear twice as thick and heavy—sparkling with life and possessing that incomparable softness, freshness and luxuriance, and just delicately perfumed.
While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, heavy and strong. Hair stops falling out and dandruff disappears. Get a 35-cent bottle of "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair appears after this delightful, refreshing dressing.

DOWN WEEKLY

South End Boys' Club To Be Opened Nov. 10
At a meeting of the South End Improvement League last evening in the South End Boys' Club, with the president, C. M. Lingley, in the chair. Reports from the treasurer and from the chairman of the grounds committee showed the affairs of the club to be prosperous. It was decided to open the boys' club on November 10.
Much regret was expressed that Mr. Lewis, former chairman, found it necessary to resign and a hearty vote of thanks was extended to him for the manner in which he conducted the affairs of the club.
The club will be open for the registration of the boys on Friday and Saturday evenings from 7 to 8 o'clock.

BOYS RE-CAPTURED.
The two boys who escaped from the Boys' Industrial Home on Nov. 2, were captured last evening by Policeman Gibbs in Paradise row. They were taken back to the institution this morning by Sergeant Dykeman.

SAINT JOHN, N. B., NOVEMBER 4, 1925.

COALITION TALK.

Whatever they may have voted for, the Canadian electors on October 29 did not vote for coalition government, and they would not vote for it tomorrow if they had it all to do over again.

Mr. Sealey knows exactly where and how Hon. Mr. King and Hon. Mr. McElghen fell short in the last campaign. They failed to take his advice. In a series of letters during October he preached in favor of "the conversion of our natural and agricultural resources into finished products before export, as well as the development and utilizing of our own waterpower for our own use within Canada, and the constant employment of our own people."

The Toronto Globe, which supported certain Liberal policies during the campaign, but which was sharply critical of the Prime Minister and his administration in many ways, makes no reference to Mr. Sealey, but on its own account advocates a non-partisan administration "till the air clears."

The Conservative Mail and Empire demands the immediate resignation of Mr. King. The Liberal Toronto Star says that Mr. King should stay on, meet the Commons and "challenge support in the coming Parliament."

The Globe argues that they are both wrong, but it gives no intimation as to how much time must elapse before the air will be cleared, and the over-looked obvious fact that unless Mr. King himself declines to meet the House, the course to be taken must be decided by Parliament itself, in other words by the representatives of the people elected on October 29.

Some of the Globe's arguments are interesting none the less, and they may be reviewed briefly without any intention of endorsing them. It doubts, for instance, whether another appeal to the people, now or within a month or two, would really clear the air. "The serious side of the situation," it says, "is the sharp sundering in main divisions of the Dominion. Is there any danger of intensifying the cleavage in a way which may easily do lasting injury to the cause of national unity?"

This is a question of far greater import to Canada at the present time than the adjustment of the party lines and the party Outlets at Ottawa. It reads the popular verdict as unmistakably a vote of confidence in the administration of Mr. King, but it says likewise the country "has failed to vote confidence in the policies and the party of Mr. McElghen. What change in the verdict could reasonably be expected by sending the case back to the jury forthwith? Could Mr. McElghen do better in Ontario, the Maritime Provinces and British Columbia? And what chance would he have, after the Fatsaude performance and with his high tariff proposals, to make further headway in Quebec, Saskatchewan and the grain-growing West?"

The pressing need for additional berthing accommodation and the fact that the question of additional facilities here is a national question are emphasized sharply by the letter from the Shipping Federation of Canada to which the Common Council gave attention yesterday. Whatever may happen during the coming winter, it is clear from the statement of the Federation that the traffic offering is in excess of present accommodation, and that the port is confronted by loss of business unless a definite building programme is decided upon at once so that construction may be pushed forward. Even if a decision be reached within a month it will be difficult to meet the requirements of the winter business of 1926-27.

The failure to equip this harbor properly is one reason why the diversion of Canadian traffic to alien harbors continues to increase. It has long been obvious that the requirements of national transportation demand a comprehensive plan of development here which would not be interrupted by any political changes but which would be carried out as a sound and necessary national investment.

Odds and Ends

Not What It Used To Be (Manitoba Free Press.) Politics of today have many points in common with the old grey mares of the past. Not one of the grey mares is what they used to be. A strange, unaccountable blight has fallen upon a vocation which in former times was one of the most colorful a man could select. Politics today lack vigor and vitality. Candidates make no use whatever of their opportunities. Political meetings, in contrast with those which were held a few decades ago, are flat and uninteresting.

The mistake which is being made, of course, is that politicians are misinformed as to what the public desires to hear. They think that the electorate is demanding to be educated and accordingly they are delivering long discourses on the issues of the day, on the tariff, the national railways, the state of trade, the freight rate problem, immigration and a score of other subjects equally dull.

In the good old days, the politicians were wiser. They knew very well that what the public wanted at election time was not a long discourse on the tariff, but a red hot speech full of personal references to opponents and screaming with invectives.

By the same token, all the newspapers in the country seem to have gone wrong in the way in which they handle election campaigns. From the Atlantic to the Pacific, the newspapers have stopped shouting abuse at opponents and have adopted a quiet policy of endeavoring to help him and to prove to him, as well as to the electors, that he is wrong.

What care we of idle missives? Of what the coal men care? Of when or where the Baron dines, While we have dough to burn? A neglected wound is an infected wound. The fear of failure is at the bottom of most failures. Wealth is not synonymous with health—just rhymes with it. For it's stimulating effect, better a cold bath than a cold bottle. To strain one's strength to the breaking point is to shorten one's life. Light underwear and a heavy overcoat beats a light overcoat and a heavy cold.

And to be quite frank, the newspapers were by no means behind hand. Here is a character sketch clipped from the Toronto Globe of 1840. He remembered that the subject matter of this election was a politician whom the Globe had supported a few years previously. It is really not a fair sample, because no paper would do itself justice in criticizing a person whom it had recently held up for public admiration. "Dr. Rolph is a sleek-visaged man with cold grey eyes, treacherous mouth and lips fashioned to deceive. Dark, designing, cruel, malignant, traitorous are the depths revealed to a student. His manners are civil and insinuating. A cold distrustful sneer or grin plays frequently about his oily lips, while at times glances forth expressions indicative of polished ferocity of soul, revealing the hard and strong depths beneath. In short he is a kind of highly polished human tiger."

A Seal in the Thames. (Christian Science Monitor.) The unusual sight of a seal in the Thames, nearly 100 miles from the open sea, has been observed every day for the last ten days at various places near Richmond and Isleworth. The seal, which has been named Sammy by unanimous consent, seems unafraid of anything and amuses itself chasing swans and making graceful dashes through the water. When it sees human beings watching it from the nearest bridge or punt, it obligingly raises its head out of the water and stares back for five or six seconds at a time. Noticing that it used a raft as a resting place, a boatkeeper placed some fish on it, and Sammy has now contracted the habit of calling each afternoon for the expected meal. One afternoon the keeper was early, and Sammy was late, and sea gulls made a feast on the meal, much to the disgust of Sammy on its arrival a few minutes later. Still Champion. (Manitoba Free Press.) Mr. Dempsey is still the heavyweight motion picture champion of the world, including Russia and the United States of America, which are the only two nations not in—or almost in—the League of Nations.

STANDING THE GAFF. (J. A. S., in the Westminster Gazette.) The country has undoubtedly very serious problems to face, but it is not likely to face them wisely if it loses its head or imagines itself ruined because its trade is depressed. The years since the war have been years of difficulty and disillusion, but also of remarkable achievement. It is apparently forgotten that we are paying our debts, maintaining our credit, supporting our unemployed, and to that end bearing a load of taxation which 20 years ago we should have thought impossible and insupportable. Of course it galls, and we have probably in recent months sacrificed rather too much to economic virtue. By taking the condition of the people as a whole, it is less surprising that we have suffered than that we have not suffered more, and that the enormous destruction of wealth in the four years of the war has so little depressed the general well-being.

KNOWLEDGE, education, information—all are different. Knowledge is the most important. Knowledge must be acquired while the mind possesses a disciplined reason. Education is valuable because it disciplines our reason.

ARE you waiting for TOMORROW to improve your condition? Then consider that your life is daily wasting away and a smaller part of it is left. Every hour you delay means a smaller enjoyment of whatever fruits accrue from your higher state of being. And something even more important must be taken into account. If a man should live longer it is quite uncertain whether the understanding will continue sufficient for the comprehension of things, and retain the power of contemplation which strives to acquire the important knowledge of the divine and the human. When man falls into dotage, per-

**MORE CHAPTERS
OF I. O. O. F. MEET**

**November Sessions of Six
Held in City Last
Evening**

**Preparations For Various
Activities Made—Money Voted
For Good Causes**

Preparations for the bridge parties and teas and sales and other forthcoming events were made at meetings of some of the I. O. O. F. primary chapters last evening. Six chapters held their November meetings last night.

ROYAL STANDARD CHAPTER.

Royal Standard chapter met at the residence of Mrs. C. B. Allan, Sydney street, with Mrs. T. E. G. Armstrong, regent, presiding. It voted to give \$50 to the Health Centre and \$25 to the G. W. V. A. for Poppy Day. The Poppy Day contribution was made possible through the kindness of Mrs. George McAvilly, who presented the chapter with the proceeds of the sale of poppies which she had made herself, requesting that the money be given to the G. W. V. A. It was decided to supply five quarts of milk weekly to the Mabel Peters kindergarten.

VALCARTIER CHAPTER.

Valcartier chapter meeting was held at the residence of Mrs. Harold Clark, Orange street, with Mrs. F. R. Taylor, regent, presiding. Final plans were made for the bridge to be held in Pythian Castle this week.

It was decided to assist Loyalist chapter members in the sale of poppies for Poppy Day. The G. W. V. A. two new members were elected, Mrs. Andrew West Murray and Mrs. Daryl Fairweather. Miss Zela Lamereaux was elected ex officio secretary.

WINDSOR CHAPTER.

Windsor chapter heard most satisfactory reports of its recent tea and sale when it met last night at the home of Miss Florence Coster, in Guilford street with Miss Edna Shaw, regent, presiding. The chapter is preparing for the Health Centre, the Red Cross, the G. W. V. A. and the I. O. O. F. War Memorial.

FUNDY CHAPTER.

Fundy chapter meeting was held at the residence of Miss Beatrice Prink, Elliot Row, with Miss Edna Shaw, regent, presiding. One new member was elected. The chapter voted to give 10 per cent. of all its earnings to the I. O. O. F. E. War Memorial. The chapter is preparing for the Health Centre, the Red Cross, the G. W. V. A. and the I. O. O. F. War Memorial.

ALEXANDRA CHAPTER.

The meeting of Alexandra chapter was held at the residence of Mrs. J. A. Kennedy, Douglas avenue, with vice-regent Mrs. G. B. Taylor, presiding. An excellent report of the national convention in Ottawa was given by the chapter's delegate, Mrs. J. D. Seely. The chapter went on record as opposed to any change in the Canadian flag and to the substitution of other patriotic selections in the place of the National Anthem at public meetings.

LADY ROBERTS CHAPTER.

Lady Roberts chapter meeting was held at the home of Miss Isabella Walker, King street east, with a good attendance of members. Miss Florence Warwick, first vice-regent, presided in the absence of Miss Olivia Gregory. Plans were made for members to bridge at Valcartier chapter tea and night and for holding a rummage sale next week.

**SOME LIGHT SHED
ON QUEBEC CHANGE**

**Total Votes Cast Were Given as
Majorities in Bonaventure**

MONTREAL, Nov. 3.—A little light was cast on the turnover in Bonaventure county where a considerable majority previously reported for Hon. Charles MacNeil, Liberal, candidate in the federal elections, has been turned into a deficit which latest reports puts at 22 in favor of his Conservative opponent, Major Thomas Reames, by J. H. Kelly, of New Carlisle, a member of the Quebec legislative council, this evening.

"Since these reports were received," said Hon. Mr. Kelly, "it has been ascertained that in some cases that apply equally to both candidates errors were made in giving as majorities the total number of votes received by each candidate."

LIBERAL OVER 30 YEARS.

Mr. Kelly was of the opinion, however, that these mistakes were not sufficient to place the election on the doubtful list. With regard to the general attitude of the electors of Bonaventure towards political questions, Mr. Kelly said that Bonaventure had been a Liberal stronghold for over 30 years. "The main cause of the change in the Liberal majority on this occasion, however," he said, "was due to local causes."

81 STUDENTS FINED

TORONTO, Nov. 3.—Eighty-one University of Toronto students have each been fined five dollars by the university authorities for their participation in a raid on Trinity College residence, during which several clergymen visiting the college were driven from their beds by a stream of water from hose pipes in the hands of the students.

HURTS FATAL TO GIRL, 3.

OTTAWA, Nov. 3.—Louise Audrey Allen, three years old, daughter of Mr. and Mrs. Stanley Allen, of Loringford, Ont., and on train accident on a level crossing near Maxville, Ont., on Sunday, died in the hospital today. The child had suffered fracture of the skull and other injuries.

Weddings

Harper-Smith
A wedding of much interest to friends of the contracting parties will take place in Centenary United church at 6:30 o'clock this evening when Miss Helen Louise Smith, only daughter of Mr. and Mrs. Rupert Ernest Smith, will become the bride of Dr. Grant Errol Harper, of Waterloo, Ontario. The church has been beautifully decorated with palms and white chrysanthemums. Rev. Robert G. Fulton, minister of the church, will officiate. The bride will be attended by her sister-in-law, Miss Pauline Harper, of Waterloo, Ont., as maid of honor and Miss Audrey Rankine and Miss Dorothy Roach will be the bridesmaids. Dr. John P. Edgecombe will be the groomsmen and Donald Smith, Arnold F. McAlpin, Robert Paterson and John Mackenzie will act as ushers.

Sullivan-Hanson

A very quiet wedding was solemnized in St. Rose church this morning at 7 o'clock when Miss Catherine C. Hanson, daughter of Julia and the late John Hanson, became the bride of John Sullivan, of this city. The ceremony was performed with nuptial mass by Rev. Wilfred Maletta. The bride was attended in a dress of royal blue velvet with sand trimmings and hat to match. She was attended by her cousin, Miss Alice Geary, as bridesmaid, who wore a fawn colored velvet with fur trimmings and hat to match. Daniel Hanson, brother of the bride, supported the groom.

Webster-Olson

The Bangor Commercial of Nov. 2 has the following of interest to many in Saint John:
"Word was received in Bangor recently of the marriage of Miss Virginia Odorne, of this city, to Herman E. Webster, of Saint John, New Brunswick, No. 1, Union, N. S. church, New York City, October 8.

Webster-Olson

"Mrs. Webster is the daughter of Mrs. Rosanna E. Odorne, of this city. For the past two years Mrs. Webster has been following her chosen vocation, the spoken stage, having been a prominent member of the Carroll Players in Saint John, New Brunswick, in this and other cities. She was at one time a member of one of the "Cat and Canary" companies, taking the ingenue role.

Burgoynes-Wagner

The marriage of Miss Mabel Gladys Wagner of Weymouth, N. S. and George Ausborn Burgoynes of Saint John was solemnized on Saturday, Oct. 25, at 4 o'clock in the officiating minister, Rev. E. R. MacWilliam, 87 Golding street. The bride and groom were unattended.

Deaths

Mrs. H. Whitman
YARMOUTH, Nov. 3.—The death of Annie J., wife of C. Henry Whitman, occurred at her home, Yarmouth, Sunday after a lingering illness. She was the elder daughter of the late Deacon Albert and Sabra Cook, and was born at Knowltonville, N. B., 36 years ago. Her parents, when she was very young, moved to Yarmouth and Mrs. Whitman had lived in this town ever since. Besides her husband she leaves two sons, Mrs. (Capt.) Adeline L. MacKinnon, Yarmouth, and four brothers, Councilor Franklin C. Cook, Yarmouth; John A. Cook, St. John; Albert B. Cook, Boston, and Charles B. Cook, Oakland, Cal. The funeral took place this afternoon. Service was conducted by Rev. Dr. Edwin Crowell, United Baptist, assisted by Rev. J. W. O'Brien, pastor of the Central United church, of this town. Interment was at Mountain cemetery.

P. R. Sempie

EAST FLORENCEVILLE, Nov. 3.—Percy R. Sempie died at his home, East Florenceville on Monday, Oct. 26, at the age of 47. He had been in failing health for the last few months but passed away very suddenly. He had been the postmaster here for several years. He leaves his widow, one daughter, and one son, Arthur, both of Boston, three sisters, Mrs. C. Osgood, Houlton, Me., Mrs. D. Baird, River de Chute, and Miss Gladys, home, and two brothers, James, of Boston, and Roland, at home. The funeral services were held at his late residence Wednesday afternoon. The funeral was largely attended.

Mrs. L. McCloskey

FREDERICTON JUNCTION, Nov. 3.—The death of Mrs. Lisette McCloskey, occurred yesterday after a week's illness, which terminated in pneumonia. She was in her seventy-fifth year. She was a member of the United Baptist church and popular in social circles. She was twice married, first to the late Israel Nason, by whom one son, Hardy Nason, of this place, survives, and second to the late John McCloskey. Several step-children are also left. The deceased was the daughter of the late Mr. and Mrs. Charles Mott, and had spent her life in this parish. The following brothers and sisters also survive here: Daniel Mott and Mrs. James Gerow, of Fredericton Junction; John Mott, of Kings county, N. B.; William Mott, of Nova Scotia, and Abner Mott, of Maine.

**Hallowe'en Masquerade at
Home of Mr. and Mrs. Archie
Brown**

The Presbyterian Ladies' Club held a delightful Hallowe'en masquerade social at the home of Mr. and Mrs. Archie Brown, 86 Lancaster avenue, West Saint John on Monday evening. The house was artistically decorated with Hallowe'en colors. Yellow chrysanthemums and ivy were tastefully arranged in silver baskets and vases, and softly shaded lights gave an added charm. Mrs. Margaret Bailey assisted the hostess in receiving the guests. Mrs. Joseph Shanks, Mrs. Harold Stears and Miss Besse Shanks poured. Miss Beryl Brown, Miss Vivian Shanks, and Miss Dorothy Shanks assisted in serving dainty refreshments.

FOX HUNTING BANNED.

LONDON, Nov. 3.—The whole of Leicestershire, has been placed under the ban for fox hunting on account of the foot and mouth disease. The Prince of Wales consequently is having his hunting boxes at Melton-Mowbray, removed to the hunting fields in the southern counties.

COSTUME PRIZES

The prize for the most original costume was won by Mrs. Elizabeth Shanks for the prettiest costume, Miss Wills McCallum. The judges for the prize contest were Mrs. A. W. Fraser, president of the club and Mrs. Percy Cruikshank, vice president. The invited guests were Rev. Dr. Morrison, Mrs. Morrison, Miss Josephine Morrison, James Scott, Harold Stears, C. Brown, and Master George Stears. The club members present were Mrs. A. W. Fraser, Mrs. Percy Cruikshank, Mrs. Margaret Bailey, Mrs. Albert Moore, Mrs. Charles Smith, Mrs. William McCallum, Mrs. Elizabeth Shanks, Mrs. Harold Stears, Mrs. Gordon Warnock, Mrs. Joseph Shanks, and the Misses Carrie Bailey, Annie Smith, Edna Smith, Violet Moore, Marguerite Baird, Ida Shanks, Blanche Rose, Edith Fraser, Dorothy Shanks, Muriel Bell, Besse Shanks, Wills McCallum, Annie McLennan, Ella McLennan and Hattie Lambert.

PLEASANT EVENT**

The Westinghouse Company's broadcasting station at Pittsburgh will carry transmissions addressed to the Royal Canadian Mounted Police at 10 p.m., Eastern Standard time, November 21, December 31, January 16, and February 20.

The wave lengths to be used will be 300 metres, and 44 metres, both transmissions being made simultaneously on these wave lengths. With the exception of Inspector Wilcox, who is at Pond's Inlet, and will have 64 metres, all posts will be on 800 metres. Official business and special messages will be conveyed at these times.

**Fifty or More
On Berengaria
Hurt In Storm**

CHERBOURG, France, Nov. 3.—Fifty or more passengers landed from the steamship Berengaria today with bandaged heads, arms in splints or sprained legs. They had received these injuries on the voyage from New York in the most terrific storm, in the captain's estimation, the ship had ever encountered in her ocean career. The tempest struck the Berengaria last Saturday and lasted twenty-four hours.

**Northern Maine Talks Nothing

**\$10 A BARREL FOR
SPUDS EXPECTED**

YANCOUVER, B. C., Nov. 3.—The strike of seamen in British ports has had the effect of diverting orders for approximately 20,000 tons of newsprint to British Columbia mills. This would not have been possible but for the Canadian-Australian treaty, which went into effect on October 1, giving Canadian newsprint access to the Australian market duty free, the same as the British product.

Why Do Men Pass Up the Domestic Girl and Marry the Giddy Flapper?—The Young Husband Who Is Torn Between Jealousies of His Wife and Mother—Advice to Young Girl Who Can't Make Conversation.

DEAR DOROTHY DIX—Why is it that men will always pass up the domestic girl, who is a good cook and housekeeper, and would know how to make a man a comfortable home, for the wild flapper who is just crazy? And the more quiet a man is, the harder, he falls for the wild woman.

DOROTHY DIX

ANSWER: "The serpent on a rock, and the way of a man with a maid" are set down in Holy Writ as two inscrutable mysteries that no one can solve. All bets are off when you try to fathom the theory on which a man picks out a wife. Probably he hasn't any. He just takes something that looks good and spends the balance of his life wondering what made him do it.

DOUBTLESS the reason why men pass over the quiet domestic girl, and marry the giddy and gaudy flapper, is for the same reason that we all prefer the luxuries to the necessities of life. It is what makes us order for lunch. It is what makes us buy patent leather shoes when we need brogans, and put our money in a car when we ought to be investing in a home.

That is why you will find in every community that a lot of the women who are best fitted to be model wives are old maids, and that a lot of fine, splendid men are working themselves to death to support silly little parasites, who neglect their homes and their children, and are a curse on the husbands who wished their bad luck on themselves.

The way that men pick out wives is awfully unfair all the way round. It is unfair to the worthwhile woman because there isn't much encouragement to a girl in improving her mind, and in keeping herself sweet and womanly, and fitting herself to be a real helpmeet to some man, when she sees her type of woman being passed over for the little, foolish, half-picked goose, who hasn't two ideas to rub together in her head, and who is as shy on morals as she is on clothes. And it isn't fair to the little painted doll-baby vamps who get the men, because the minute the men are married to them they want them to go a lightning-change act, and become exactly the opposite sort of women from the kind of women they are. The men may have thought it great sport to have chased a wild woman down and captured her, but no man wants a wild wife.

BEFORE marriage, a man may have been intrigued by a girl's gorgeous dressing. He may have liked to trot around with her night after night at restaurants. He may have wanted a fashion plate, or a dancing partner. He wants a wife who can make over her old clothes so that her worst enemy won't know them; who is willing to stay at home and make pies like mother used to make.

If men ever get intelligence enough to marry the sort of woman they want for a wife, instead of picking out the kind they don't and imagining they can change her into their ideal, the domestic girl will get her innings. And I am afraid that day is a long time off. DOROTHY DIX

DEAR MISS DIX—I am a young lawyer, with a wife and three small children whom I love dearly. My trouble is that my mother and my wife cannot get along together. Both are high-tempered and sensitive, especially toward each other. They are always getting their feelings hurt, and coming to me with their tales against each other, and wanting me to take sides. This makes me perfectly miserable. What shall I do? Shall I give up the good practice I have and go to some other town? Can you offer any suggestion to a MAN IN TROUBLE.

ANSWER: The strangest thing in the world is that the two women who love a man most in the world are willing to make every sacrifice on earth for him except to sacrifice their jealousy of each other. When a man's wife and his mother fight over him like dogs over a bone, they never seem to realize that he is the sufferer, and that they are literally tearing him to pieces between them and devouring his happiness. There is no other such exhibition of feminine selfishness.

YET the very mother who is willing to wreck her son's home, divorce him from his wife and rear his child out of his arms, talks about her love for him; and the wife who would separate him from the mother who bore him, prates of her devotion to him. Both of them know that when they go to him with their tales and complaints, and criticisms of each other, that they drive him to desperation and make him utterly wretched, yet neither one is willing to forego the pleasure of indulging her own spleen to secure his peace and happiness. Self-centred, hide-bound egotism can go no further.

When a mother-in-law and a daughter-in-law who dislike each other are compelled to live in the same house, it is understandable that they should get on each other's nerves. But any town or city is big enough to hold even enemies, and any two women, no matter how discordant, should certainly be ladies enough and have enough knowledge of the world to be able to preserve an outward appearance of harmony when they are occasionally thrown together. Therefore, I should certainly advise you not to sacrifice your good practice by moving away from your home town.

FURTHERMORE, have one grand row with your mother and your wife separately and lay down the law to each. Tell each one how miserable she is making you, and that you are not going to have your peace of mind shattered by their petty quarrels. And forbid either one to mention the other's name to you again.

And the next time either one starts talebearing, shut her up by puffing all the cave-man stuff that you can. DOROTHY DIX

DEAR MISS DIX—What advice would you give to a young girl who has absolutely no conversational ability? A READER.

ANSWER: Learn to ask questions, and then listen to answers. You cannot be with any one five minutes without finding out what he or she is interested in. Then if you will say, "Oh, please, Mr. Jones, tell me about your radio," or "about your new car," or "about your grocery store," and if you will assume an absorbed expression and really lend your ears while he discourses on his favorite topic, you will soon get the reputation of being a brilliant conversationalist. What the world pines for is somebody who will listen. We are oversupplied with conversationalists already.

Hollywood A Celluloid City of Uncertainties

Priest-Mediator Is Busy

FATHER J. J. CURRAN

By GEORGE BRITT. Whenever there has been a strike in the hard coal region during the last half century, there has been present a blue-eyed Irishman, J. J. Curran.

At first he was just a 10-year-old mule driver in the mines who walked out with the men in 1869. For two score years his role has been that of a priest, dwelling in a house by the side of the road and going about to tell men that they are brothers. He has been called in to talk peace and sense not only in coal strikes but in the silk mills, the lace factories and shops of all kinds.

The way to solve strikes, and prevent them is simply for each side to be willing to work together without trying to live at the cost of the other, says Curran.

ROMAN MEAL Relieves Constipation

THE EVENING TIMES-STAR, SAINT JOHN, N. B., WEDNESDAY, NOVEMBER 4, 1925

DEMAND FOR TWO OR MORE BERTHS GOES TO OTTAWA

Common Council Sends Shipping Federation Letter to Government Men

MATTER STATED TO BE NATIONAL ONE

Council Places Carleton City Hall Restoration in Committee's Care

Copies of the letter of the Shipping Federation of Canada to the Common Council of Saint John, requesting the provision of two or more additional steamship berths at West Saint John, will be sent to Hon. W. L. Mackenzie King, the Minister of Public Works and Hon. W. E. Foster, it was decided at a meeting of the City Council yesterday afternoon.

The letter from the shipping men follows:

Montreal, October 30, 1925.
His Worship the Mayor and Commissioners of the City of Saint John, N. B.

Gentlemen:—
In view of the largely increased scheduled sailings amounting this year to some 1,283,531 tons, against 1,159,928 tons of last year, a meeting of the undersigned steamship lines was held to discuss the berthing conditions for the coming winter season at your port. It was pointed out that no extension of the harbor facilities has been made since last season, excepting a grain conveyor at No. 16 Berth, and from former experience, the sailings proposed will greatly overtax the present capacity of the port.

CO-OPERATION NECESSARY.

The closest co-operation possible of the port authorities and the lines will be necessary to minimize the delay in berthing, consequent expense and delay in sailings, not to speak of the moral damage that will be done to the port of Saint John, as a winter port if ships are detained, and that berths should be provided for the regular lines at all times.

Under the existing conditions it is felt the present system of allocating berths for regular liners as they arrive, is the only practical method, but some relief in the matter of increased facilities must be given without further delay.

ROTATIVE DOCKING.

It was further felt that all lines should participate in the rotative docking of steamers at the Canadian National Railway Long Wharf, if it can be arranged and provided they should wish to call themselves of this privilege.

We fully appreciate the difficulties under which you labor with your limited facilities, and it is our purpose to

co-operate with you to the fullest extent, so that additional transient tonnage may also secure berthing accommodation.

With all these facts in mind, it is absolutely necessary to increase your port facilities at the earliest possible date, and since all indications point to a further increase in tonnage for the season 1926 and 1927, immediate steps must be taken for the construction of two or more additional berths at West Saint John. It is our intention to confer with you regarding same at an early date.

Respectfully submitted,
Canadian Pacific Steamships, Ltd., representing London Service, Southampton, Antwerp, Liverpool and Glasgow.

The Robert Reford Co., Ltd., representing the Anchor-Donaldson, Glasgow, Anchor-Donaldson, Glasgow, Cunard, London, and Canada Cuba Line.

Furness Withy & Co., Ltd., representing the Manchester Liners, Manchester, Purcell Line, London and Hull.

COMMISSIONER FRINK.
Commissioner Frink said he thought the council should take some action whether it would bear fruit or not and try and impress on the Government the need for additional facilities here. There was, he said, a contract between

the city, the C. P. R. and the Government of Canada, calling for the provision of facilities as they were needed. Under that agreement there had been spent about \$8,000,000 but nothing had been done since 1916 except the extension of a grain conveyor to No. 16 berth. He felt the widest publicity should be given to the communication.

NATIONAL ISSUE, HE SAYS.

Commissioner Wigmore said this was the first time in the history of the city that a communication of this kind, set-

ting forth so definitely what was needed, had come to the council. It showed that the movement of the port of Saint John was not a local but a national issue and what the steamship men asked for should be provided.

He moved that copies of the communication be sent to the Prime Minister, Minister of Public Works and Secretary of State. This was seconded by Commissioner Harding.

GLAD OF CO-OPERATION.

Commissioner Bullock said he was glad that, judging from the communication the shipping men were satisfied with the allotting of berths in this port and of the assurance of co-operation contained in the letter. The increase for this year, spread over a five-month period, meant eight ships of 5,000 tons each a month.

CARLETON CITY HALL.

A committee, composed of Commissioners Bullock, Harding and Wigmore, was appointed at the meeting of the City Council yesterday afternoon to determine the matter of restoration of the Carleton city hall and given power to engage the services of an architect, if that was considered necessary.

A communication from the chairman of the Board of Assessors that Edward Bates, valuator chosen by the city, and W. E. Lawton, valuator chosen by E. P. Watson, had been unable to agree on the valuation of Mr. Watson's property, corner of the city, King Square, and that Mr. Bates suggested the appointment of S. C. Drury as the third valuator, was read. It was pointed out that the city mayor, Commissioner Frink, that it was the duty of the two valuers to appoint a third man and the communication was filed.

MONTH'S FINANCES.

The Commissioner of Finance and Public Affairs recommended payment of the following departments' accounts for the month of October last, namely: Public safety department, \$1,946.24; public works department, \$5,289.04; water and sewerage department, \$3,206.92; harbors, ferries and public lands department, \$3,487.40; treasury department, \$263.47; and reported payments for the month of October last amounting to \$363,814.38. The report was adopted.

RENEWAL LEASES GIVEN.

The committee of the whole recommended the issuing of the following renewal leases for seven years, from November 1, 1925:

- Guy's Ward: South half of lot No. 2, block X, to Woodworth & Silliphant, at a rental of \$8.25; north half of lot No. 2, block X, to Charles W. Smith, at a rental of \$6.85; lots Nos. 1, 2 and 3, block D, to Union Foundry and Machine Works, Ltd., at a rental of \$90.
- Brooks Ward: Lot No. 366, to estate William H. Perry, for \$8; lot No. 499, to Donovan, for \$24; lot No. 1083, to Samuel Jones, for \$16.
- Sydney Ward: On Charlotte street extension, to Saint John Iron Works, for \$50.
- Queens Ward: Lot No. 552, to Charles William K. Curran, for \$20.
- Lancaster—Parts of lots Nos. 8 and 9, block 6, to Charles B. Humphrey, for \$20.

The foregoing recommendations were adopted.

VISITOR SPEAKS TO GROUPS AT Y. M. C. A.

Native Secretary Here From Bangalore, India—Several Meetings Are Held

A very interesting visitor in the city, Mr. E. Isaac, native Y. M. C. A. secretary from Bangalore, India, who arrived in Saint John yesterday. He had a fairly busy day at the Association Building where he addressed four different groups.

In the afternoon the Ladies' Auxiliary of the Y. M. C. A. tendered a reception to the new members and served afternoon tea in the reading room. Mr. Isaac spoke to the ladies and told them of the lives of the women in India. He afterwards addressed the junior boys of the association.

In the evening he spoke to the Business Boys' group and afterwards addressed a young men's group.

Mr. Isaac's father, a minister in charge of a large parish in India, was converted to Christianity when he was 14 years of age and Mr. Isaac grew up in a Christian home. The Y. M. C. A., of which he is general secretary, is really five small branch associations, which are affiliated.

STRONG ORGANIZATION.

He tells of the very strong organization which the Y. M. C. A. has established in India and of the great favor in which the work is held throughout that vast country even non-Christians paying tribute to its worth.

At the afternoon reception yesterday Mrs. D. R. Willet, president, and Mrs. G. B. Taylor, vice-president, of the Auxiliary, received the guests, while the members of the executive were in charge of the refreshments. Mrs. T. H. Somerville presided at the tea table. Those serving were Mrs. W. I. Gregg, Mrs. Ralph Fowler, Mrs. Fred Gilvan and Mrs. J. A. Kennedy.

HOLD DEBATE.

"Resolved, that the use of cosmetics should be abolished" was the subject of a debate at the meeting of the St. Luke's A. Y. P. A. last evening and the affirmative, upheld by Burton Flewelling and Miss Muriel Seely, was defeated by the judges to have the more potent arguments. Walter Belyea and

Helpful Advice to Overworked Women

Mrs. C. E. CHAPMAN
1820 Elm St., New Albany, Ind.

DAY in and day out, week in and week out the tired, over-worked housewife and mother toils on, sweeping, dusting, cooking, cleaning and mending. Is it any wonder that after a time a weakness, such as Mrs. Chapman had, develops and the wife and mother pays a toll in physical weakness and pain for her efforts of love, the natural result of overwork?

Women who find themselves afflicted with weakness, pain, headaches, backache, nervousness, irritability and melancholia will be interested in Mrs. Chapman's letter, and should realize that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is especially adapted to overcome such conditions.

Mrs. Chapman's Letter Reads as Follows:
New Albany, Ind.—"I took Lydia E. Pinkham's Vegetable Compound for a weakness which many women have from over work, and from which I suffered for quite a while. I wasn't fit to do my work and my sister advised me to take this medicine. After the first few days the pains were not so severe as they had been and after taking a few bottles I am not bothered any more. I am doing my housework every day and highly recommend the Vegetable Compound to any woman suffering from female trouble. Only yesterday a friend called me on the phone and knowing what it did for me wanted to know what to take for as the drug store, as she meant to give it a trial."—Mrs. C. E. CHAPMAN, 1820 Elm Street, New Albany, Indiana.

Another Case of Nervous Breakdown
Maisonneuve, Montreal.—"I was always feeling tired and heavy, with a weakness of the back and pains in my right side, and I had a nervous breakdown. A friend was taking Lydia E. Pinkham's Vegetable Compound and she gave me half a bottle to try. It did me so much good that I have been taking it ever since whenever I feel the need. I often go a month or so without taking it, but when I feel the least headache, or any other bad feeling, I just make for that bottle. I recommend it for any female trouble, and very few of my friends are without it in their homes."—Mrs. J. CARLETON, 331 Third Avenue, Maisonneuve, Montreal, Quebec.

Launching of Forward Movement Under Discussion At Meeting of Diocesan W. A.

Ven. Archdeacon Crowfoot Says That the Undertaking is Bound to Bring Greater Enthusiasm Among Auxiliary Members

THE LAUNCHING of the W. A. Forward Movement this month was the chief subject of discussion at the meeting of the Fredericton Diocesan W. A. yesterday afternoon in St. Paul's school room.

Ven. Archdeacon A. H. Crowfoot, rector of St. Paul's, in his address spoke of the W. A. Forward Movement now being undertaken which he felt would have an indirect blessing in bringing still greater enthusiasm among W. A. members.

The speaker referred to the time as the Festival of All Saints, and said the W. A. members were surrounded by a great crowd of witnesses and among them were those devoted W. A. leaders who were in the minds of all present, and had earnestly striven for the launching of the movement.

MANY PAY TRIBUTE TO SIR J. LOUGHEED

Funeral Service is Held at Ottawa; Burial Will be at Calgary

OTTAWA, Nov. 3—Impressive in its simplicity was the funeral service of Sir James Lougheed in All Saints' Anglican Church this afternoon.

Attended by statesmen prominent in the past and present political life of Canada, by a large number of Sir James' colleagues in the Senate of Canada and by many others closely identified with the former knight's numerous business and political activities, the funeral was a worthy tribute to the high position which Sir James had held in the public life of Canada.

The body was removed from the funeral home to the church at 2 o'clock and the church was filled by the time the service commenced. The beautiful funeral service was read by Rev. C. G. Hepburn, rector of All Saints, with whom was associated Rev. Canon J. F. Gorman, rector of St. John's.

CANADA ADDS TO PRESTIGE IN LEAGUE CIRCLES

Tom Moore, on Return From Geneva, Gives Observations on Europe

OTTAWA, Nov. 3.—Canada's prestige is not only being maintained, but it is being improved both in League of Nations circles and the international labor office, Geneva, in connection with the League, said Tom Moore, president of the Trades and Labor Congress of Canada, today on his return from a hurried trip to Geneva to attend the quarterly meeting of the governing body of the International Labor office.

OFFICES NEAR COMPLETION

Mr. Moore said the new offices of the International Labor office are now nearing completion. The new main floor doors, which were a gift from Canada, had arrived and were highly commented upon both as to material and workmanship.

Mr. Moore ridiculed talk of palatial quarters for Dr. W. A. Riddell, Canada's advisory officer to the League of Nations and International Labor office. "Contrary to all reports," said Mr. Moore, "I found Dr. Riddell unostentatiously housed in a very convenient location." Dr. Riddell's office is being largely used by many Canadian visitors to Geneva, he said.

Besides Dr. Riddell, Canada now has three other officers attached to the International Labor office, one in the legal department, one in the research department and one in the publicity department.

The next meeting of the governing

body will be held in Warsaw at the invitation of the Polish Government. This will be the first time this body has met out of Geneva.

VISITS HOTEL SCRIBE

Mr. Moore, who is a Canadian National director, said while in Paris, France, he called at the much-discussed Hotel Scribe building. He said the new Canadian National Railway offices will be among the finest and most convenient in Paris. The hotel portion is nearing completion and will be a great acquisition, said Mr. Moore.

Asked as to conditions in France, Mr. Moore said the impression of those who are in a position to judge, and with whom he conversed, was that France is moving distinctly towards the Left. This does not mean Communism, he said, but Radical-Socialism. The same is quite apparent in Great Britain, added Mr. Moore.

British labor leaders do not take Communism very seriously, said Mr. Moore, as a factor in British life. They seem quite confident as to their ability to handle the Communistic element and any attempts on the part of the latter to put their theories into practice.

Apart from the considerable activity in housing and railroad work there does not seem to be any relief in the general unemployment situation in Britain, said the labor leader.

INTEREST IN ELECTIONS

Mr. Moore said he found an active interest among Canadians abroad in the prospects of the general election here. His comment on Canadian news or lack of it in British newspapers, however, was that one might almost have been in a foreign country so far as Canada was concerned. The only items he saw were quite inconsequential and conveyed little information.

In Britain there was general talk of another general election as not being very far away and labor leaders are pretty confident as to this meaning their return to power, said Mr. Moore.

The recent arrest of some Communists was not causing any excitement. Labor men were simply waiting to see what any evidence in the courts may actually reveal as to such activities beyond mere talk.

Hunter Pilots His Car Through Snow

FREDERICTON, Nov. 3.—Two American sportsmen arrived here by motor last evening after a three-day trip from a country in which there is three feet of snow. They are Dr. D. C. Broga and his nephew, Dr. A. S. Broga, of Rome, N. Y., who have been hunting caribou in the Gaspé section of Quebec. The elder doctor, who drove the car, said he never had operated a motor under such difficulties and intended to remain here a few days to recover. Dr. Broga drove his car through snow until within 15 miles of Fredericton. Weather conditions everywhere were unseasonable.

APPLES FEATURE OF MONCTON DINNER

J. G. Willett of Saint John Tells Rotary Gathering of Maritime's Grades

MONCTON, Nov. 3.—J. G. Willett, of Saint John, addressed the Moncton Rotary Club today, speaking of the various grades of apples produced in Canada, particularly in New Brunswick and Nova Scotia. Mr. Willett said that an apple grown up the Saint John River, a Mackintosh Red, took first prize at the exhibition in England for the finest specimen of dessert apple in the world. Efforts would be made next year to help the cultivation of the apple in New Brunswick and particularly in the vicinity of Moncton, where the climate was well adapted to the raising of the finest grades of apples, he said.

APPLES IN MANY STYLES

At the luncheon today various grades of apples were on display, an especially fine group being supplied by H. B. Steves, of Shediac. Apple sauce and baked apples with cream were provided for dessert and special containers holding New Brunswick apples were on every table.

Dr. J. A. L. Henderson, of London; R. E. Healy, of Moncton; Rotarian W. D. Gunter, of Fredericton, and Mr. Hopper, of New York, were the guests today. Mayor Edgett was chairman.

SHEDIAC, Nov. 3.—The potato market continues firm with prices tending upward. Prices paid to producers in the Shediac district have advanced until \$2.75 a barrel is being paid by several shippers for unassorted stock. One dealer is offering \$3 for choice potatoes.

There is considerable dry rot still reported in several sections and this blight is causing considerable concern among buyers. It is thought that, despite the heavy duty, more potatoes will be shipped from New Brunswick to the United States this year than for many years, a considerable shortage being reported in that country.

a fox for an hour and the hounds were in full cry. Coming to a fence with a big ditch in front of it, his horse failed to take the jump and both the Prince and his mount disappeared into the watery chasm. The Prince scrambled out unhurt, but his horse was mired and was released only with difficulty. The royal huntsman then gave up the chase and returned to London. Several other hunters in the party had had bad falls on account of the wet grounds.

SPRINKLERS IN SHEDS FAVORED

West Side Progressive Association Urges Protection at Sand Point

Carleton City Hall and Fire Equipment Discussed—Two Commissioners Attend

The West Saint John Progressive Association at its meeting last night went on record as recommending the immediate installation of sprinkler systems in the city and government sheds at Sand Point as a means of securing better fire protection. The matter of the rebuilding of old city hall in West Saint John was before the meeting and it was said the City Council had voted to repair the building and desired the Association to state what accommodations it wanted provided in the building.

COMMISSIONERS PRESENT.

The meeting was held in the Carleton Curling Rink with Lieut.-Colonel Norman P. McLeod, president, in the chair. Commissioners Harding and Wignore were present and were asked to state what had been done with reference to the rebuilding of the city hall. Commissioner Harding said the ruins had all been cleared up and the rubbish removed and everything was ready for a start at rebuilding. The foundations were in good condition and there were enough bricks on the premises to make a two-storey wall complete. He stated that the building had been paying its way at the time of the fire. The insurance which amounted to \$20,500 was only for rebuilding purposes and the question was how much more it would be necessary for the city to grant to make the building meet the West Saint John requirements.

FAVORS RESTORATION.

Commissioner Wignore spoke in favor of the restoration and suggested that the association should present its views as to what rooms, etc., would be required in the new building. He felt that the Common Council would be only too willing to carry out the suggestions of the association and advised the meeting that a committee had been appointed by the Council to take charge of the rebuilding.

FIRE APPARATUS.

Fire-fighting apparatus was next discussed. The feeling of the meeting was that the fire-fighting apparatus in West Saint John was inadequate and that more should be provided. The Commissioner of Public Safety was asked if he knew when the last piece of new apparatus had been sent to Carleton and he said he believed no new piece had been sent to Carleton at any time, but that all the equipment had been used first on the other

side of the harbor. He was asked to compile a statement of the whole equipment in Carleton with the date of purchase. The Commissioners were requested to press the Council to comply with the request of the association for an independent inquiry into the West Saint John fire apparatus and fire-fighting equipment.

SEVEN ARE ADDED TO COUNCIL OF N. H. S.

Many Donations to Museum Reported—Lecture Given by Dr. A. O. Hayes

The first regular meeting of the Natural History Society for this season was held last evening with Judge George A. Henderson presiding, in the absence of F. B. Ellis. It was announced the following additional members of the council of the society had been elected since the annual meeting: Dr. Murray MacLaren, F. E. Holman, Allan Wetmore, W. Shives Fisher, R. T. Hayes, John Mackay and Rev. H. A. Cody. Miss Gladys Frink was elected a new member. Dr. William Macintosh, curator, announced that since the last meeting in April 990 donations had been received for the museum collections.

SPEAKER OF EVENING.

The speaker of the evening was Dr. A. O. Hayes of the federal department of mines, who gave a vivid description of his experiences in prospecting for oil in South America and illustrated his address with a fine series of lantern slides made from his own photographs. His address was of exceptional interest and a hearty vote of thanks was extended to Dr. Hayes on the motion of Dr. J. Roy Campbell, seconded by Timothy O'Brien.

THIRD OF AN APPLE A DAY EATEN HERE

Canadian Consumption Should be Greater, Says Dominion Horticulturist

OTTAWA, Nov. 3.—Despite the old adage, "An Apple a Day Keeps the Doctor Away," Canada's per capita consumption of one of its most prolific products is only one-third of an apple a day. This, and other interesting things about the apple, its growth, cultivation and marketing were told the Ottawa Rotarians here by W. T. Macoun, Dominion horticulturist, who is also the official apple tester for the Dominion. Statistics for 1921, he said, show that in Canada, 1,775,866 apple trees were under cultivation, which counting 60 trees to an acre, would cover an area of 195,600 acres. In 1925 the apple production was 12,200,000 bushels of apples of all varieties, which is equal to 2,500,000 barrels, valued on the farm at \$7,000,000.

URGES EATING MORE.

To handle this immense crop, 17,000 railway freight cars and 11,000 hands would be required. With the large cost to the apple grower to market his crop, it meant to growers throughout the country an investment of \$3,000,000. Mr. Macoun remarked that owing to the exceedingly low consumption of apples in the Dominion upwards of five million bushels were exported annually, and that the growers had their fat and lean

years and the average for profit was not high. He queried the reason for the low apple consumption, pointing out that the fruit was one of the most nutritious and wholesome to eat, especially for children, and urged that more people should eat apples and eat them often.

Women's Canadian Club Makes Plans—Lecture Program is Discussed

The newly elected executive of the Women's Canadian Club held its first meeting yesterday afternoon at the residence of Mrs. H. A. Powell, Queen square, with almost all members present. Mrs. Allan Fitz-Randolph, the new president, was welcomed on behalf of the executive by Miss Grace W. Clavitt.

Plans were made for the observance of Armistice Day anniversary of Nov. 11 by the decoration of the Women's Canadian Club memorial tablet in the post office. The decoration ceremonies will commence at 10.30 and it was decided to ask the Mayor, Col. W. B. Anderson, O. C. of M. D. No. 7, and Rev. C. J. Markham to take part in the short program. Committees were appointed for the

GRAIN THROUGH B. C. PORTS LESS IN YEAR

VICTORIA, B. C., Nov. 3.—"Owing to partial crop failure in Alberta and Saskatchewan, in the season of 1924, the exports of grain from British Columbia ports were considerably less than in the preceding year," said the Speech from the Throne, read at the opening of the fall session of the British Columbia legislature here yesterday. "The improved crops of the present year," continued the document, "indicate a very large increase in the amount of exportable grain for the present shipping season, and with the application of Crow's Nest Pass agreement rates, it is confidently hoped that this expected increase will be of such considerable volume as to create material stimulation in the business life of the province."

BOTH EXPORTERS AND IMPORTERS FAVOR HOME PORTS

Only Use U. S. Harbors When Service to Canadian Ones is Lacking

LOWER SEA RATES ALSO PROVE FACTOR

Incoming Foods Brought in "Cost and Freight", Routing on Other Side

By A. M. BELDING.

TORONTO - I have not yet found an exporter or importer who does not express the desire to use Canadian rather than American ports. It is explained that when American ports are used it is because there is no adequate Canadian service, or none at all; or because at times lower rates can be got in American ports; or, in the case of imports, goods are bought "cost and freight", and the routing is done on the other side.

Everywhere I am assured that Canadian ports will get the preference every time where adequate service is available. If those I have interviewed fairly represent the importers and exporters generally, it would appear that, as British and previous letters, the need of Canada is improved steamship service. If the extent of the trade available does not warrant such services, we must go on using American ports until the services are provided. It is doubtless true that some trade we are losing could be diverted without loss to the merchants, and the question whether it should be made worth while to use our own ports is worthy of consideration by those in authority.

That \$268,000,000 last year almost wholly in exports, and chiefly in grain, packing house products and motor cars, looms large as a contribution to the upbuilding of foreign ports and railways.

Speaking for the Lind Brokerage Co., Ltd., wholesale grocery brokers, R. Pettipiece assures me that they use Canadian ports exclusively, except in the case of imports from Turkey, or when urgency calls for a shipment via New York. He asked me what the prospects were for getting bananas by way of our own ports, and recalled that their house had been the first to have the fish imported via Saint John. Unfortunately that consignment was injured by frost, but he would like to see that trade diverted to our own ports and railways.

"I wish you all success," he said at parting.

R. S. McIndoe, Ltd., were glad to hear of the possibility of a Mediterranean service out of Saint John this winter, and made a note of it, to write to the merchants, and the question having the fish, which he kept them advised. Mr. McIndoe explained that when they used the port of New York it was because they could not get a Canadian service, and this was in the winter season. Mr. McIndoe asked about blueberries canners in the Maritimes, and said there was a good demand for this fruit up here, when it is well canned. He also asked why more of our apples, tastefully packed, are not sent this way, to compete with those of British Columbia and the United States. As one who handles fish from the Bay of Fundy, he is interested in that trade, and especially in having the fish, which is fresh or canned, delivered in prime condition.

"You may be sure," he said, "we will do all we can to boost your Maritime ports."

A winter service to the Mediterranean also interested Watt & Scott, Ltd., who only use New York when there is no Canadian service. They would be glad to see a winter service to the Spanish and Mediterranean ports. The same testimony was given by W. G. Patrick & Co., Ltd. They, too, have found it necessary to use New York at times for imports from the Mediterranean.

The T. Eaton Co., Ltd., who are importers of goods from the Mediterranean, also interested Watt & Scott, Ltd., who only use New York when there is no Canadian service. How To Get The Best Results From Your Want Ad.

The small cost of a "Want Ad." is a secondary consideration. The object is results.

Therefore, never cheapen here and there to save an odd cent or two. By doing so the value of the entire ad. may be destroyed.

When writing your "Want Ad." put yourself in the place of the reader, and answer the questions you yourself would naturally ask.

If you have a flat to rent, the home seeker wants to know more than a plain statement of the fact. He wants to know how many rooms there are; if there is hot water; bath; electric lights; garage, etc., and the amount of the rent.

Your flat may be a \$60 a month home, but if you don't say so in your ad, the \$60 a month tenant may not reply, thinking perhaps it is a \$15 a month flat.

To get the right tenant quickly, give full information.

To rent a room quickly to the right kind of a roomer, give all particulars. Show that you are anxious to make the roomer comfortable for a reasonable rental.

If you wish to sell anything, do not omit the good selling points. It is far more economical to spend an extra few cents and make the sale, rather than to save a few cents in the cost of the ad. and make no sale.

To Make Doubly Sure of Results

To make doubly sure of the right party seeing your "Want Ad." it is a good plan to use both "The Telegraph-Journal" and "The Times-Star."

A special rate covers both morning and evening papers. The rate for your "Want Ad." in the "Times-Star" is two cents per word per day, but you can have your advertisement appear in both papers for the combined rate of three cents per word per day.

Asbestos, Preferred and National
Breweries, Show Some Activity

NEW YORK, Nov. 4.—Stock prices displayed a strong tone at the opening of today's market, with the volume again changing hands in large volume. New 1925 high records were established on opening transactions by Seaboard Air Line, American Smelting, Loose Wives Biscuit, U. S. Rubber and Montgomery Ward, the gains ranging from one to nearly four points. Initial gains of a point or more also were registered.

General Motors, American Sugar Refining, Pan-American, Western Marine, and Ludlum Steel.

IN MONTREAL.
MONTREAL, Nov. 4.—Brazilian and Consolidated Smelters were the most active issues in the early trading on the local stock market this morning, selling at 78 3/4, up to 5 1/2 and at 162 1/2, unchanged, respectively. Asbestos preferred was also fairly active at 118 1/2, off 3/8, while National Breweries, the only other leader to display any activity, was unchanged at 49 1/2. Ogilvie, in light trading, was up two to 170. The only other changes worth mentioning were a decline of 5-8 to 31 7/8 in Atlantic Sugar, and a gain of 1-3 to 8 in Detroit Railway.

Current Events

NEW YORK, Nov. 4.—Dodge Bros. net sales nine months ended Oct. 30 were \$17,000,000, against \$16,000,000 for the corresponding period last year. The company reported a net profit of \$1,000,000 for the nine months period.

Morning Stock Letter

NEW YORK, Nov. 4.—The tremendous fluctuations in stock prices Monday brought some general profit-taking into the market, but the disturbance was not heavy. The market was still in a state of uncertainty at this time. In the past this market has displayed movements in important stocks and has gone on its way undisturbed. The point will be reached, however, when the reckoning will be paid and the market will be in a state of uncertainty. Money is still plentiful at reasonable rates, business is good and improving, and there are still many increased dividends coming. A good many stocks are likely to advance in price, and, of course, to very substantial reactions. We are still bullish on the steel share, the industrial tract rails might be brought forward. Still think Anacosta will sell around the 16 level, bringing higher prices for the rest of the company.

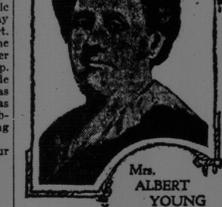

their churches, and it is just now stated to me that Mr. Golding's own church suffered considerably in that respect.

All our hearts are deeply moved by the appeal of the orphans. God pity the hearts not so moved. The object is a very worthy one and commends itself to all; but we cannot recede from our position re the Sunday evening concert for that purpose. There are other methods and times more desirable, we believe.

Thanking you, Mr. Editor, for your kind courtesy, sincerely,
A. LAWRENCE TEDFORD.

DISTRESSING
KIDNEY TROUBLE

Terrible affliction quickly relieved
by "Fruit-a-tives".

"Eight years ago I was laid up with inflammatory rheumatism, scarcely able to move hand or foot. There was kidney trouble, miserable indigestion and liver difficulties. As soon as I began to use 'Fruit-a-tives', I could see an improvement. I was relieved of my Constipation and liver trouble, and have been 100% better of Rheumatism and Kidney Disease." —Mrs. Albert Young, 39 N. Aspland St., Worcester, Mass.

City Policeman Is
Thrice Bereaved

Sympathy is being extended to Police Constable Howard Hatt owing to three deaths that have occurred in his family within the last 10 days. His nephew recently lost his life while trying to save the life of a fellow seaman who was washed from the schooner J. O. Webster during a storm off the coast of Massachusetts. Following this Constable Hatt's brother, Clarence, died and was buried in the family lot at Fenfield on Saturday, last, and on Monday his mother died in St. Stephen.

SUNSHINE CLASS MEETING.

Mr. T. E. Owens was the hostess at a meeting of the Sunshine Class in the vestry of the Tabernacle church last evening. After a short business session, games and music were enjoyed and delicious refreshments were served. The meeting closed with prayer by Rev. A. L. Tedford.

Letters to The Editor

REV. MR. TEDFORD REPLIES. To the Editor of the Times-Star. Sir,—The letter appearing in Nov. 3rd issue of the Times-Star from Mr. W. Golding referring to myself calls for an answer, and I would thank you for an opportunity to reply. It is not my wish to enter any controversy, but the explanation of the protest referred to passed at the meeting of the Evangelical Alliance on Monday, was an expression unanimously favored by all the thousands present, for the purpose of safeguarding our Christian Sabbath. Mr. Golding must be well aware of what the Sunday sacred concert has done for New England, in all kinds of plays, and play-house entertainment until Sunday and the Sunday evening religious worship is largely demoralized. Those of us who have worked years there know of the Godless Sundays and the heart-breaking situation created when God and His worship is so much neglected. We are anxious to prevent such a New Brunswick.

At least four times in recent years the Evangelical Alliance has pronounced against these concerts, even for patriotic purposes in war time, as the violation of the wages of his fellow sinners. We would also inform Mr. Golding and the public that any minister or church holding a Sunday evening musical or concert in the church after worship, is violating an emphatic resolution passed by the Alliance against such service, and is also betraying the confidence of his fellow sinners. This step was taken to foster a quiet, worshipful spirit in the home church, and react against the host of church tramps who are drifting about wherever they can find a little excitement. Last Sunday, 4 am told, the doors were opened at the Imperial to West Saint John told me at ten p.m. that their audience was materially lessened by the musical service; others report the same results from

How Athletes Treat Strains and Sprains. Gymnasium director advises simple, easy treatment. Hard exercise brings lame muscles—and often brings sprains and strains as well. An athletic director in a gymnasium at Utica, N. Y., writes that he has found a simple and always effective way of treating them. "Just put on a little Sloan's Liniment, as the bottle says, without rubbing. It takes out stiffness and pain as nothing else will. We have it always on hand and we think it is the best ever."

Sloan's gives real help because it doesn't just deaden the pain; it gets at the cause. Right to the place that hurts it brings a healing tide of fresh new blood—builds up the injured tissues—clears out the fatigue poisons. Almost at once you feel relief. Stiffness, swelling, inflammation go down. The pain stops. Get a bottle today and have it on hand. All druggists—35 cents.

THAT CONCERT

To the Editor of the Times-Star: Sir,—Re Elks Sacred Concert, November 1st, at Imperial Theatre. Last night's "Times" reporting a meeting of the Evangelical Alliance claims that the Rev. E. E. Styles informed John Burgoyne that the concert was illegal. Upon reading this in his "phone conversation on Saturday the 31st ultimo, he had simply stated that whilst in favor of support for the orphans he could not conscientiously support any concert given outside the church. I had been informed of my remembrance of our conversation and that my reply was to courteously thank him for his frank expression of views. No mention of legality, or otherwise, was made. Mr. Styles agreed that I was correct, but replied that he had not stated that he had informed me that such a concert would be illegal. Such being the case your reporter must be somewhat at fault.

The effort on the part of the Elks brought response from thousands of people, and it is no exaggeration to say that it would have been possible to have filled two other auditoriums as large as the Imperial with the crowds who presented themselves. It is a wonder they turned out when they had an opportunity to hear such artists—people whose devotion to religious worship is exemplified Sunday by Sunday by their attendance at church and their services in the choirs of this city? MOVE TO ORGANIZE N. B. BASKETBALL ASSOCIATION ENDORSED

LOCAL LEAGUE TO HAVE THREE SENIOR OUTFITS

Considerable Enthusiasm Marks Annual Meeting Last Night

ENDORSEMENT of the movement to form a New Brunswick Basketball Association, which would in time link up with the Dominion Basketball Association, the Saint John Senior and Intermediate Basketball League organizations for the coming year at a remarkably enthusiastic meeting last night with representatives present from 12 different organizations. Judging from last night's meeting, the senior and intermediate sections will comprise the following teams:

- SENIOR. Trojans, 1925 champions of the Maritime. Nationals A. C. Y. M. C. I. INTERMEDIATE. Harriers of the Y. M. C. A. Y-Nite. Central Baptist. St. Peter's High School. Victorias. Y. M. C. I. East End. OPEN NOVEMBER 13. There is a possibility, also, that a fourth senior team may be entered and that there will be other teams for the intermediate section. All clubs who are desirous of entering will have until November 14 in which to make application for admittance. The next meeting of the league will be held on Nov. 16, when these applications will be dealt with and a schedule committee appointed. It was decided to open the league on Wednesday night, Nov. 18, in the Y. M. C. A., with the senior game between the Nationals and the Y. M. C. I. It is probable two intermediate games also will be played on Wednesday nights, and the Y. M. C. I. floor on Saturday nights.

RONALD SHAW, PRESIDENT. Officers were elected as follows: Honorary president, Frank White; president, Ronald Shaw; vice-president, Frank Thorne; secretary-treasurer, William Stewart. The executive committee is composed of the officers and two representatives of the senior teams and one representative from the intermediates. Under a clause in the constitution, voting power for officers was confined to team members. The league last year, which would affect Trojans, Harriers and Knox church. W. E. Stirling, vice-president of the Y. M. C. I., expressed the opinion that there was no bona fide league last year and said he thought it would be unfair to have these clubs elect the officers this year. The Y. M. C. A. representatives, the Trojans, said that the Trojans had no desire whatever to dictate matters in this line and would leave this entire matter in the hands of the meeting. The constitution affecting this point was suspended on a vote of the three teams affected, and officers then were elected, Trojans talking no part in the nominations. Mr. Stirling read over the constitution of the proposed New Brunswick Association to control the sport and a resolution was adopted heartily favoring the formation of such a body. The meeting was marked by considerable enthusiasm, particularly on the part of the intermediate teams, and all agreed that basketball was due for a great revival this winter.

MacTier Cup Prospects For U. N. B. Are Doubtful Just Now

Along The Sport Trail

By JOHN J. DUNLOP.

THAT was a rather significant paragraph with which J. G. Quigley, secretary-treasurer of the M. P. B., concluded his very excellent report of the year's work at the annual meeting recently in Halifax of the M. P. B. He said: "Your executive have made mistakes but they have been mistakes made in our enthusiastic desire to build up the Union, ever remembering that first, last and all the time, the athlete is our paramount consideration. Our duties, as I conceive them, are to help the clubs, advise the athletes, keep them on the road called 'sport for sport's sake' and when he errs slightly not to censure and gloat over him because of a false step in the exuberance of youth but try and lead him back so he may be a help in building up a proper spirit in the field of athletic endeavor which will make him tolerant throughout life and when the moonday of his life has departed he may look back on the thorny pathway he has trod and see the roses that may be strewn there and remember that some of them were placed there by officials of this union in aiding him to take his proper place in the field of athletics." We have seldom heard a more statesmanlike utterance on this subject and Secretary Quigley is deserving of commendation. He enjoys a splendid reputation among local clubs as an efficient and broad-minded official and his advocacy of more open-handed treatment to athletes is along the right lines.

TO SET UP a new record for U. N. B. teams along the scoring lines, the present team needs to score 10 more points against Dalhousie on Saturday to give them the lead. The 1924 team holds the record with 106 points.

AN INTERESTING visitor in the person of Dr. E. J. Gadbou, of Montreal, manager of Jack Ward, dropped in on us yesterday prior to his departure for Montreal. The genial Gadbou, who became famous by his discovery of Elzear Rioux, a giant French-Canadian, now in the game, expressed regret that the Mitchell bout ended so abruptly. He gives Mitchell every credit for gameness and says his man's foul blow was absolutely unintentional, arguing that if Ward wanted to foul his time was when Mitchell nearly had him out in the sixth round and not at a time when he was coming back strongly and beating Mitchell's face to pulp. The young Halifax boy was badly cut with several teeth missing after the bout but he has the satisfaction of knowing he almost had the tough Montreal boy stretched out on the canvas listening to the bristles. Dr. Gadbou says that his man, Rioux boxed Wolf Larsen just prior to the Mitchell-Larsen bout and that Rioux broke two of the Wolf's ribs. It was in this condition that he fought Mitchell, who was able to win inside the limit. This is the doctor's story. The Mitchell-Ward bout here will go down as a rather tame affair but while it was all that, it plainly showed that Mitchell bears all the earmarks of a comer. Experience is what he needs now—and plenty of that.

BASKETBALL seems to be in quite a mess hereabouts. Members of the champion Rovers outfit wish to play under Trojan colors but that is meeting with opposition. Next Tuesday night, the meeting should go a long way toward solving the problems.

ARTIFICIAL light was used for the first time in the history of covered-court tennis for championship play at Queen's Club recently. The London covered courts championships were being held there, and play was continued during the late afternoon with the aid of artificial light. Lawn tennis in the open air has been played by night in London for three or four years. Special lamps are used for lighting up the courts, and the lights are so arranged as to remove all shadows. The light is thrown on a white reflector which cuts out all glare. The actual lamps are hidden from the players, but a soft white light illuminates the court. The ball stands out snow-white against the surrounding darkness, and is distinguished even more clearly than in daylight.

SUSSEX HOCKEY TEAM BEING DISBANDED

Western Section Wants Meeting in Moncton At Once

SUSSEX hockey team, considered one of the greatest ever developed in Maritime province hockey circles, faces a break-up this winter through difficulties with the rink management at Sussex and unless this can be straightened out before the schedule committee of the western section of the M. A. H. A. goes to work, this great team will be disbanded. This was the word received at the annual meeting of the western section in the Victoria Hotel yesterday afternoon with Earl Hyslop, St. Stephen, presiding. Due to the prevailing uncertainty caused by telegrams from the Sussex team and Fredericton that they would not enter teams this year, the meeting made very little progress with plans for the winter hockey season. It was necessary to call a meeting in Moncton at once for a re-alignment of the sections. Should Sussex finally disband, there is a strong possibility that several of the stars of the team would be eligible to play for Saint John, this being the nearest town to Sussex represented in a senior league. There is hope, however, that the Maritime champions of 1924 and runners-up last year, will again carry the colors of the Sussex hockey team and the team will depend on the Moncton meeting.

Those present at the meeting were: President, Earl Hyslop, St. Stephen; Secretary, J. B. McLaughlin, St. Stephen; St. Stephen team represented by F. Waterson; Saint John by H. B. Gilbert; Marysville by Clarence Wade and J. Lyons; and Fredericton and Sussex were not represented.

A telegram received from the Sussex Amateur Athletic Association was received stating that the Association would not be entering a team in the Western League. Another telegram from Fredericton was to the effect that the capital team had made application for admission into the Northern New Brunswick League, and in view of this fact would not be represented at the meeting. After the minutes of the previous meeting had been read and the reports of the secretary-treasurer had been accepted, the Marysville club applied for admission into the league and was accepted.

In view of the fact that there was no definite decision as to what action the Fredericton and Sussex teams are going to take it was impossible for the delegates present to get together with the drawing up of a schedule for the coming season, and as in regard to the present unsettled situation of the Maritime Hockey Association to call a semi-annual meeting immediately, to be held in Moncton, for the purpose of reorganizing the clubs in New Brunswick. It was also decided that last night's meeting be adjourned until a later date for the purpose of electing officers and drawing up a schedule for the season's play. It is expected that the Maritime body will assemble within a few days at Moncton and the New Brunswick Western League will meet at the same place on the same date, when officers will be chosen and a schedule decided on.

It is understood, however, that Sussex will be able to make arrangements with the new controllers of the rink at Fredericton and the rink will be opened and the Sussex team will again be represented with a strong team and be able to join the league.

The general meeting passed regarding the Maritime Hockey Association will be obliged to form themselves into a group which will permit operating in a small rink in the city and to cut down the traveling expenses.

The announcement of the date for the Maritime and B. League meetings was made by the Dukes management and it was for the course of a few days.

MR. FARREN REPLIES

Sports Editor, Times-Star: Dear Sir—Referring to your note on my statement re the Arena card on Monday night, I wish to get these facts before the boxing public of the city. In the first place, I never was officially notified by the Dukes management, K. J. MacRae, respecting the application to hold these bouts. Therefore, I took no official notice of the card. But had I been notified, apparently I would have been over-ruled as both Mr. MacRae and W. A. Lockhart favored the bout. I do not feel the fans were properly protected respecting this card and it was for this reason that I made my statement to you yesterday. Thanking you, I am yours truly, EDWARD A. FARREN, Chairman, Boxing Commission, Nov. 4, 1925.

Pittsburg Amateurs Will Now Disband

Pittsburg, Pa., Nov. 3.—Disbanding of the Pittsburgh "Yellow Jacket" amateur hockey club because of failure to agree with the Dukes management for rental of the rink, was announced today by the President of the club. A number of the players of last year's Yellow Jacket have been signed by the newly organized club, which is expected to operate this season in the N. H. L. and the subsequent death of playing material is thought to have been another factor in the abandonment of the amateur club. The "Simon-pure" organization was recently granted a franchise in the central group of the United States Amateur Hockey Association.

Indoor Track Meeting Set For Tonight at 8

IT IS A FAR CRY to the 1928 Olympiad, but a start to have as big a representation from the Maritime Provinces on the 1928 Canadian team as in 1924 will be made here when the Maritime indoor track and field championship meet is held here. Plans in connection with the meet will be discussed at a meeting of representatives from all the various affiliated amateur bodies in the city in the Y. M. C. I. this evening at 8 o'clock. W. E. Stirling will preside. The date for the meet has been set as well as the place where it will be held.

PRINTERS' LEAGUE TO OPEN TONIGHT

Times-Star Quintette, Last Year's Champions, Meet Globe on Victoria Alleys. The Printers' Bowling League will get away on the Victoria Alleys tonight, when the Times-Star quintette, champions of 1924-25, will meet the Globe. The league has been divided into two series, the first one ending Jan. 20 and the second one on April 24. The handsome trophy presented by the International Typographical Union, No. 85, which was in competition for the first time last year, will be up again this year. To secure permanent possession it will be necessary to win this cup three years in succession. In the roll-off for places on this year's Times-Star team, the following were successful: Clarence Mahony, captain; Henry McEachern, Ernie Ellison, Roy Thomson, James Gaulton, F. W. Emms and Ken Fairweather. Fred Emms captured the team last year.

NEW BRITISH CUE STAR IS A WINNER

Davis Beats Inman 16,000 to 10,369 in Recent Match in London. The remarkably easy victory gained by Davis, the young Chesterfield billiard player of England, over Melbourne Inman by 16,000 to 10,369 points, in their match which was concluded recently at Thurston's in London, gave further proof of the great qualities possessed by this newest aspirant to high-class cue honors in Great Britain. Davis received 1,000 points from Inman, but in their next match they will very likely play on even terms. So rapid has been the progress made by Davis that, in spite of the fact that he is the contemporary of such brilliant exponents of the game as Tom Newman, the champion, and Willie Smith, former titleholder, his achievements already have attracted wide attention.

DELANEY IN FORM

French-Canadian Battler Ready For Paul Berlenbach on Dec. 11. NEW YORK, Nov. 3.—Jack Delaney, Bridgeport, Conn., light-heavyweight, who is scheduled to meet Paul Berlenbach in the New Madison Square Garden here Dec. 11 for the world's title, was examined at Tex Rickard's office today and pronounced fit for the resumption of boxing. Delaney has been out of condition for some time due to an operation, but three weeks of hunting in New Hampshire has given him back his ordinary weight of 175 pounds.

High School Seconds Play Rothesay Today

The Saint John High School second football team will play its first game of the season here today, meeting the Rothesay Collegiate school second fifteen on the Allison grounds at 3:45 o'clock. Tomorrow the local second team will go to Sussex to meet the High School fifteen of that town, the champions of the Kings County League. This will be the first time a Saint John High team has played Rugby in Sussex.

Danish Woman Champion

The Hudson river isn't exactly warm at this time of year. Even the fellow who goes in for red-blooded outdoor sports and prides himself in being a he-man might be pardoned for not desiring to plunge in. That sort of thing should be left to polar bears—or maybe to some woman. Women, they say, have a certain nerve about such things. Mille Gade's swimming stunts here are simply preparations for a proposed try at the English Channel, at which Gertrude Ederle and others failed last year ago. Mille Gade is called the Danish woman champion, and King Christian of Denmark three times has given her decorations for her swimming.

Protested Game To Stand As Tie

The protest of the Nationals Football Club of the game which they played last Saturday with the Canucks was discussed last evening at a meeting of the executive of the Intermediate Football League and it was decided about a play-off. The impression exists that the section will let the tie go to U. N. B. by default.

STATEMENT IN COURT DENIED BY POLICEMAN

Fraser Johnston's Allegation Brings Reply From Patrolman Killen

CHIEF SMITH HAS INQUIRY UNDER WAY

Reference to Liquor in Auto Modified When Formal Statement Taken

"Officer Killen was glad to get me to haul a carload of liquor for him some time ago," was the statement made by Fraser Johnston in the police court this morning during hearing of a case in which Johnston was charged with overloading his team of horses and ill-treating them on Long wharf on Tuesday afternoon. Later he made a signed statement to Chief of Police Smith regarding this matter, but the statement differed considerably as in it he declared, it was said, that he did not know what was in the automobile he hauled. The officer's explanation of the incident agreed with the later one made by the man except that he reported that the automobile hauled was empty. Chief of Police Smith is investigating. The officer is Frank P. Killen.

It was during his evidence that Johnston made his statement. When Killen was telling about seeing the defendant his name and not receiving a satisfactory reply yesterday, Johnston broke in angrily. "You knew my name well enough when you came to my house at 1:30 o'clock in the morning to get me to haul the car load of liquor."

DEMANDS CHARGE MADE.

Policeman Killen demanded that the man go downstairs if he had any charges to make and lay them before the Chief of Police. This Johnston did not seem inclined to do at the time.

Mrs. Adams, police matron, testified that she saw Johnston beating the horse and considered the team overloaded. One witness is bleeding, she said. The defendant here said that this was caused by the chafing of a trace.

Lewis Munro told of watching the defendant endeavor to get the horses to drag a load of railway ties from the water of the slip at Long wharf. He said there was apparently a fire in the water between the front and rear wheels and this made it too difficult for the horses.

George Hoyne, corroborating this evidence added that he did not think the team overloaded for ordinary work, but it was for the position from which the horses had to draw the load.

Policeman Killen then said there were between 12 and 15 ties on the load. He thought some had been removed before he arrived. He had seen the defendant endeavor to start the horses twice while he was there. He also told of trouble involved before the defendant would give his name. It was at this point the interruptions commenced.

The magistrate remanded the accused until tomorrow afternoon under \$20 bail.

Johnston in the meantime was sent downstairs to await the arrival of his bail. Johnston was interviewed by the chief who demanded to know if he had any charge to lay against the officer. He said that he had no charge to make.

When asked by reporters as to whether he was taking back his statement, he declared that he was not as he had six witnesses. Chief Smith then informed him he either should make a signed statement against the policeman or withdraw it. He then went to the chief's office and made the statement.

STORY IS TOLD.

According to the information given out by the police and corroborated by Johnston, Policeman Killen went to his house about 1:30 o'clock one morning last May and requested him to haul an automobile which was broken down in Harrison street. Johnston said he got his team and sloven and the front wheels of the machine were hoisted on the sloven. He then hauled it to the Marsh Bridge.

There were three civilians around the car and two of them accompanied it, he declared. The car was heavily loaded but he could not, according to this statement, tell what was in it. One of these men paid him. The policeman did not accompany them.

POLICEMAN'S STATEMENT.

Policeman Killen when interviewed on the matter said that the statement made by Johnston to the chief was apparently correct, except that the automobile he said, had been in collision with another car in Douglas avenue and had been towed to Harrison street. There they were unable to get it away and had asked him if they could get a man to haul the automobile. He had volunteered and had gone to Johnston's house in Hillyard street. He said that he had several witnesses to prove this, including a provincial liquor inspector.

Chief Smith said that he intended to investigate and would secure a statement from Policeman Killen this afternoon. He said Johnston's statement differed entirely from the remarks he made in court. He said he intended to clear the matter up as he did not wish to have any stigma resting against any of the men under his charge.

As Hiram Sees It

Well, sir, I was in one of them mail order houses when I was away 'n' I 'posse they was over two hundred young people at desks in the offices that took up a hull floor. Most of 'em was gals—an' the clerk's 'n' type-writers an' the bum o' voices—everybody workin' full speed—made me wish I was pullin' turnips out in the back field—with the crows watchin' me. They must do an awful bizness in that place—an' they must hev' it right down fine. Stuff is comin' in from all parts of the world—an' it's goin' out all over the country. I calculate what they handle must run away up into the millions—an' it's just like clock-work. Well, every man to his trade—but farmin' is good enough fer me—yes, sir.

CITY ANXIOUS TO CO-OPERATE TO GET BERTHS

Acting Mayor Frink Writes Secretary Robb of Shipping Federation

SITE QUESTION IS NOT DETERMINED

North of Ferry Suggested—Tripartite Agreement Applies South of "Point"

Willingness of the city to co-operate in any move to extend the present port facilities is expressed in a letter sent by Acting Mayor Frink to Thomas Robb, secretary of the Shipping Federation of Canada, Montreal, in reply to their communication read yesterday at the Common Council meeting. The Acting Mayor said the city commissioners would be glad to meet a delegation from the Shipping Federation at any time convenient and arrangements would be made for a conference as soon as the date of the coming of the delegation was set.

MATTER OF SITE

In the communication read yesterday there was no site for the new berths mentioned except West Saint John. This morning D. W. Ledingham, city agent for the Furness, Withy Co., expressed the opinion that the place for the new berths was to the north of the present ferry slip. Another shipping man said that the federation had not specified the location of the berth because a difference of opinion had been expressed as to the best site.

It was set forth that the tripartite agreement, under which the Government were expected to make the needed expansions to care for the trade of the port, dealt only with the area to the south of Sand Point.

Last year the city and Canadian Pacific Railway, the two signatories to the tripartite agreement with the Government, sent a communication under date of February 18, calling on the Government to carry out its part of the agreement and build one new berth and extend the grain conveyors. The Government did extend the grain conveyors to No. 16 berth, but no new berth was built.

LETTER OF LAST YEAR.

A copy of the letter sent to the Minister of Public Works at that time was this morning sent to the secretary of the Shipping Federation by H. C. Schofield.

That letter was as follows: To the Honorable the Minister of Public Works, Ottawa, Ontario. Sir—Whereas by agreement dated the twelfth day of September, 1911, between His Majesty the King, the City of Saint John and the Canadian Pacific Railway, it was then agreed by His Majesty with the City of Saint John as follows:

"That His Majesty will build upon the lands herebefore conveyed to him such and so many docks or piers as may be necessary for the handling of trade through the Port of Saint John (always subject to the provision of funds therefore by vote of parliament), and will by means of such docks or piers or by some other suitable structure, and by filling in between such docks, piers or other structure, and the outer or eastern and southeastern limits of the lands hereby leased to the company, provide protection so that material which may be filled upon the land herebefore leased to the company, will not be washed away by the action of the sea thereon."

Now therefore, the City of Saint John, believing that a necessity has arisen for further construction of the equipment of those already constructed with grain conveyor galleries, hereby respectfully request His Majesty to proceed with the construction of grain conveyors to berths 7, 14, 14 extension, and 16, and in addition to construct another pier south of Pier 16, this season.

16. Signed on behalf of the City of Saint John, and the Canadian Pacific Railway Company, signatories to the tripartite agreement, this the 13th day of February, 1924.

City of Saint John.
(Signed) G. Frederick Fisher, Mayor.
Canadian Pacific Railway.
(Signed) A. D. MacTier, Vice-President Eastern Line.
